ARCHIVE

The documents listed below are online for archive purposes only. Current academic information for UW–Madison departments and programs appears in the Guide (http://guide.wisc.edu).

The Undergraduate Catalog was first published in 1995 to bring together in one volume the undergraduate bulletins of the schools and colleges. The Graduate School Catalog, first published in 1994, combined the two graduate bulletins (Social Sciences and Humanities; Natural Sciences and Engineering).

Hard copies of catalogs are not available. For more information about UW–Madison catalogs or this archive, please contact catalogs@uc.wisc.edu.
