PEDIATRICS (PEDIAT)

PEDIAT 646 — CANCER GENETICS RISK ASSESSMENT AND COUNSELING
2 credits.

The purpose of this course is to equip students with the background knowledge needed to provide cancer genetics counseling services. The information gained from the course will be put into practice during the second year cancer rotation, collectively preparing students for clinical practice. Students are provided with a background in cancer genetics from a medical, biological, and clinical perspective. The course includes: general principles and topics in oncology; familial cancers and cancer syndromes; and management, counseling, social, ethical, and legal issues. Enroll Info: None

Requisites: Declared in Master of Genetic Counselor Studies program
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: No
Last Taught: Spring 2018

PEDIAT 699 — INDEPENDENT STUDY
0-9 credits.

Enroll Info: None
Requisites: Consent of instructor
Course Designation: Level - Advanced
L&S Credit - Counts as Liberal Arts and Science credit in L&S
Repeatable for Credit: Yes, unlimited number of completions
Last Taught: Fall 2018

PEDIAT 713 — PRACTICUM IN GENETICS COUNSELING
3 credits.

Introductory practicum in genetics counseling, designed to acquaint the student with the basic practice skills required, protocols used, and professional issues in genetics counseling. Clinical experiences in a variety of specialty clinics provide opportunities for initial development of interviewing, data collection, and counseling skills. Enroll Info: None

Requisites: Declared in Master of Genetic Counselor Studies program
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: No
Last Taught: Fall 2018

PEDIAT 714 — PRACTICUM IN GENETICS COUNSELING
3 credits.

Second semester of the practicum in genetics counseling. Builds upon the first semester course (713) and provides additional opportunities to develop and improve skills in interviewing, data collection, case management and counseling. Enroll Info: None

Requisites: PEDIAT 713
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: No
Last Taught: Spring 2018

PEDIAT 721 — INTRODUCTION TO CLINICAL GENETICS
2 credits.

Study and integrate the mechanisms of clinical genetic disease at the microscopic, individual and macroscopic level. Provides foundational knowledge needed for future genetic counseling coursework and introduces and encourages discussion regarding the psychosocial and ethical concepts related to clinical genetics in a genetic counseling context. Enroll Info: None

Requisites: Declared in Master of Genetic Counselor Studies program
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: No

PEDIAT 731 — ADVANCED CLINICAL GENETICS CONCEPTS
3 credits.

An advanced course covering clinical genetic concepts including phenotype, genetic mechanisms, approach to diagnosis (medical, clinical and genetic testing protocols), and natural history (including management approaches). While specific for Genetic Counselor Studies students other healthcare providers are allowed if they have sufficient genetic background knowledge. Enroll Info: None

Requisites: Declared in Master of Genetic Counselor Studies program
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: No
Last Taught: Fall 2018

PEDIAT 737 — CONTEMPORARY PROFESSIONAL ISSUES IN GENETICS COUNSELING
1 credit.

A series of selected basic issues and topics that are core curricular requirements specific to genetics counseling. Relevant, non-redundant topics will be scheduled over four consecutive semesters. Enroll Info: None

Requisites: Declared in Master of Genetic Counselor Studies program
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: Yes, unlimited number of completions
Last Taught: Fall 2018

PEDIAT 739 — LITERATURE SEARCH STRATEGIES AND ANALYSIS IN CLINICAL GENETICS
2 credits.

Approaches to literature searching including computerized databases and information retrieval are covered. Methods are provided for the students to learn to read clinical literature critically, to recognize and assess biases and to understand the limits of currently available clinical genetics studies. Enroll Info: None

Requisites: Declared in Master of Genetic Counselor Studies program
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: No
Last Taught: Fall 2018
**PEDIAT 741 — INTERVIEWING AND COUNSELING FOR THE GENETIC COUNSELING I**
1 credit.

This is the basic counseling and interviewing practice course for the Genetic Counselor Training Program. Course activities include role play, standardized patients, research/opinion paper, readings, and discussion. 
*Enroll Info: Enrollment in the genetic counselor training program*
*Course Designation: Graduate/professional standing*
*Repeatable for Credit: No*
*Last Taught: Fall 2018*

**PEDIAT 742 — CLINICAL EMBRYOLOGY AND PRENATAL GENETICS**
1 credit.

Review human development (normal and abnormal) and the influence of genetic disorders and teratogens, common indications for prenatal genetic counseling as well as available prenatal diagnosis and screening techniques. This course prepares the genetic counseling student for the prenatal clinical practicum. 
*Enroll Info: None*
*Course Designation: Graduate/professional standing*
*Repeatable for Credit: No*
*Last Taught: Spring 2018*

**PEDIAT 744 — APPLICATIONS OF BIOCHEMICAL GENETICS FOR GENETIC COUNSELORS**
2 credits.

This course will introduce to the genetics counseling trainee applications of biochemical and molecular diagnostic tests in clinical practice and will review the major classes of inborn errors of metabolism. 
*Enroll Info: None*
*Course Designation: Declared in Master of Genetic Counselor Studies program*
*Repeatable for Credit: No*
*Last Taught: Fall 2018*

**PEDIAT 745 — SEMINAR IN MEDICAL GENETIC COUNSELING RESEARCH**
1 credit.

Course includes invited speakers and journal club participation. Speakers are campus investigators whose research is relevant to medical genetics and genetic counseling. Participation in the Clinical Genetics Center journal club is required. 
*Enroll Info: Student in the MS in Medical Genetics graduate program (Genetic Counselor Training Program) or consent of the instructor*
*Course Designation: Graduate/professional standing*
*Repeatable for Credit: Yes, unlimited number of completions*
*Last Taught: Spring 2018*

**PEDIAT/NURSING/PHM PRAC/SOC WORK 746 — INTERDISCIPLINARY CARE OF CHILDREN WITH SPECIAL HEALTH CARE NEEDS**
3 credits.

Interdisciplinary team care of children with special health care needs across the trajectory of illness presented within the context of family, culture, social determinants of health, community, and healthcare policy. Students introduced to interdisciplinary, collaborative, family-centered team care. 
*Enroll Info: None*
*Course Designation: Graduate/professional standing*
*Repeatable for Credit: Yes, unlimited number of completions*
*Last Taught: Fall 2018*

**PEDIAT 812 — THIRD YEAR PEDIATRICS**
1-6 credits.

*Enroll Info: 3rd yr Med st*
*Course Designation: Graduate/professional standing*
*Repeatable for Credit: No*
*Last Taught: Fall 2018*

**PEDIAT 813 — ADVANCED PRACTICUM IN GENETICS COUNSELING**
4 credits.

A two semester program of clinical experiences which explores some of the pertinent professional issues in genetics counseling. The clinical experiences consist of four eight-week rotations which provide many opportunities for trainees to work toward perfecting skills in counseling, interviewing, data collection, case coordination and ongoing follow-along of genetics families. 
*Enroll Info: None*
*Course Designation: PEDIAT 714*
*Repeatable for Credit: No*
*Last Taught: Fall 2018*

**PEDIAT 814 — ADVANCED PRACTICUM IN GENETICS COUNSELING**
4-5 credits.

The second of a two semester sequence of clinical experiences and didactics which provides opportunities for trainees to obtain professional competency in counseling, interviewing, and case coordination; to explore professional boundaries and limits; and learn strategies to develop a self-reflective practice. 
*Enroll Info: None*
*Course Designation: PEDIAT 813*
*Repeatable for Credit: No*
*Last Taught: Spring 2018*
The Pediatric Inpatient Elective is an inpatient clinical experience where students will have primary responsibility for patients, performing similarly to an acting intern. This experience does not replace an acting internship, and is meant as a secondary opportunity for students to expand their clinical experiences and knowledge base. Students participating in this course will perform clinical responsibilities including: 1. Demonstrate a comprehensive approach to the care of acutely ill patients beginning with admission to the hospital and culminating with the successful transfer of the patient to next level of care. 2. Function with the level of supervision provided to a new intern. 3. Take ownership for assigned patients and thus be identified as the primary inpatient provider by team and family. Enroll Info: 4th yr Med student

Requisites: Graduate/professional standing
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: No
Last Taught: Fall 2018

PEDIAT 910 — INDEPENDENT READING AND RESEARCH FOR FOURTH YEAR MEDICAL STUDENTS
1-12 credits.

Enroll Info: 4th yr Med st
Requisites: Graduate/professional standing
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: Yes, unlimited number of completions
Last Taught: Fall 2018

PEDIAT 919 — INDIVIDUALIZED FOURTH YEAR CLINICAL CLERKSHIP
1-12 credits.

Individually arranged fourth year clinical clerkships. (Student must have Fourth Year Committee approval to count for fourth year credit.) Enroll Info: 4th yr Med st
Requisites: Graduate/professional standing
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: Yes, unlimited number of completions
Last Taught: Fall 2018

PEDIAT 920 — PEDIATRIC INPATIENT ELECTIVE
2-12 credits.

The Pediatric Inpatient Elective is an inpatient clinical experience where students will have primary responsibility for patients, performing similarly to an acting intern. This experience does not replace an acting internship, and is meant as a secondary opportunity for students to expand their clinical experiences and knowledge base. Students participating in this course will perform clinical responsibilities including: 1. Demonstrate a comprehensive approach to the care of acutely ill patients beginning with admission to the hospital and culminating with the successful transfer of the patient to next level of care. 2. Function with the level of supervision provided to a new intern. 3. Take ownership for assigned patients and thus be identified as the primary inpatient provider by team and family. Enroll Info: 4th yr Med student

Requisites: Graduate/professional standing
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: Yes, unlimited number of completions
Last Taught: Fall 2018

PEDIAT 930 — PEDIATRICS SUB-INTERNSHIP IN NEWBORN MEDICINE (MILWAUKEE)
1-12 credits.

Clinical elective for fourth year medical students. Enroll Info: 4th yr Med st
Requisites: Graduate/professional standing
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: Yes, unlimited number of completions
Last Taught: Fall 2018

PEDIAT 935 — SURGICAL, NEUROLOGIC, & COMPLEX CARE OF THE NEONATE
2-4 credits.

The elective at AFCH’s level IV Neonatal ICU hopes to familiarize students with common topics addressed during the surgical or chronic care of neonates with complex medical issues. Enroll Info: None
Requisites: Declared in the Medical program with 4th year standing
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: No

PEDIAT 938 — ACTING INPATIENT INTERNSHIP - PEDIATRICS
4 credits.

As an inpatient pediatric acting intern (AI), you will have primary responsibility for pediatric inpatients, actionable in four domains: 1. Management: As an AI, you will develop actionable management and treatment plans based on your history, physical exam and targeted data. 2. Communications: AIs will communicate with colleagues, primary care providers and consultants. AIs will demonstrate thorough patient hand-offs and communicate concise transfer and/or discharge summaries that will be integral to patient care. 3. Learning: Patient care issues will be the central guide for learning, directing reading, consultation and research. AIs will formulate questions based upon clinical dilemmas, research the appropriate literature and databases to find the answers, and apply findings to the care of individual patients. 4. Organization: As the primary inpatient provider for patients, AIs will develop efficiency in accomplishing the day to day tasks necessary for the coordination and management of patient care. Enroll Info: 4th year medical student standing
Requisites: Graduate/professional standing
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: No
Last Taught: Fall 2018

PEDIAT 940 — ADOLESCENT MEDICINE CLERKSHIP-CSC
2-12 credits.

Enroll Info: 4th yr Med st
Requisites: Graduate/professional standing
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: Yes, unlimited number of completions
Last Taught: Fall 2018
PEDIAT 943 — PEDIATRIC CARDIOLOGY CLERKSHIP-CSC
2-12 credits.
Enroll Info: 4th yr Med st
Requisites: Graduate/professional standing
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: Yes, unlimited number of completions
Last Taught: Fall 2018

PEDIAT/PSYCHIAT 946 — CHILD PSYCHIATRY CLERKSHIP-CSC
2-12 credits.
Enroll Info: 4th yr Med st
Requisites: Graduate/professional standing
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: Yes, unlimited number of completions
Last Taught: Fall 2018

PEDIAT 950 — PEDIATRIC ENDOCRINOLOGY/DIABETES CLERKSHIP-CSC
2-12 credits.
Enroll Info: 4th yr Med st
Requisites: Graduate/professional standing
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: Yes, unlimited number of completions
Last Taught: Fall 2018

PEDIAT 953 — CLINICAL GENETICS CLERKSHIP-CSC
2-12 credits.
Enroll Info: 4th yr Med st
Requisites: Graduate/professional standing
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: Yes, unlimited number of completions
Last Taught: Fall 2018

PEDIAT 956 — HEMATOLOGY-ONCOLOGY CLERKSHIP-CSC
2-12 credits.
Enroll Info: 4th yr Med st
Requisites: Graduate/professional standing
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: Yes, unlimited number of completions
Last Taught: Fall 2018

PEDIAT 963 — PEDIATRIC NEPHROLOGY
2-4 credits.
Provides an in-depth introduction to a variety of kidney diseases, allowing students to build upon their ability to diagnose and treat complex pediatric and adolescent patients. Students will rotate through the American Family Children’s Hospital inpatient nephrology service, outpatient nephrology clinic, and the inpatient dialysis unit. Two and four week rotations are available. Enroll Info: None
Requisites: PEDIAT 812 or MED SC-M 810
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: No
Last Taught: Fall 2018

PEDIAT 965 — PEDIATRIC NEUROLOGY CLERKSHIP-CSC
2-12 credits.
Enroll Info: 4th yr Med st
Requisites: Graduate/professional standing
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: Yes, unlimited number of completions
Last Taught: Fall 2018

PEDIAT 966 — PEDIATRIC SPORTS MEDICINE-CSC
2-12 credits.
Clinical elective for fourth year medical students. Enroll Info: 4th yr Med st
Requisites: Graduate/professional standing
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: Yes, unlimited number of completions
Last Taught: Fall 2018

PEDIAT 967 — PEDIATRIC PULMONOLOGY CLERKSHIP (CSC)
4-12 credits.
Third and fourth year clinical elective that focuses on diagnosis and management of a variety of lung diseases in children in outpatient and inpatient settings. Enroll Info: 3rd or 4th yr Med st
Requisites: Graduate/professional standing
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: Yes, unlimited number of completions
Last Taught: Fall 2018

PEDIAT 968 — COMMUNITY PEDIATRICS & ADVOCACY EXPERIENCE
2-4 credits.
Medical students will learn about the aspects of the health care of children which lie outside of the traditional hospital/clinic systems. Gaining a strong appreciation of the social determinants of health, public health measures, and systems-based approaches is a key aspect of this elective. An advocacy project will be formulated and completed as part of this rotation. Enroll Info: Fourth-year Medical Student status
Requisites: Graduate/professional standing
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: No

PEDIAT 970 — PEDIATRIC RHEUMATOLOGY
2-4 credits.
Students will see patients in outpatient clinics, round with inpatient attendings, five times a week, attend pediatric rheumatology conferences, attend weekly pediatric grand rounds, observe procedures and attend one-on-one tutorials. Enroll Info: Pediatrics 812
Requisites: Graduate/professional standing
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: No
Last Taught: Fall 2018
PEDIAT 971 — PEDIATRIC INFECTIOUS DISEASES
2-4 credits.

Students will round as members of the inpatient Pediatric Infectious Disease consult team. They will perform infectious disease focused history and physical examinations and participate in the development and communication of management recommendations. Students will also attend outpatient infectious disease clinics, case conferences, microbiology rounds and daily pediatric conferences including morning report, problem conference and grand rounds. Enroll Info: None
Requisites: PEDIAT 812 or (MED SC-M 810, 811, 812, and 813)
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: No
Last Taught: Fall 2018

PEDIAT 973 — PEDIATRIC GASTROENTEROLOGY
2-4 credits.

Students will participate in pediatric gastroenterology outpatient clinics, round with inpatient faculty, attend pediatric gastroenterology conferences, attend daily pediatric conferences including morning report, case conferences, and grand rounds. Students will also be able to observe procedures in the operating room. Students will be responsible for a 20 minute case-based presentation at the end of the rotation. Enroll Info: None
Requisites: PEDIAT 812 or MED SC-M 810
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: No
Last Taught: Fall 2018

PEDIAT 975 — DEVELOPMENTAL PEDIATRICS
2-4 credits.

An introduction to developmental pediatrics and the care of children with developmental disabilities. Students will rotate through a variety of clinics which will be tailored based on interest. Enroll Info: MED SCI-M 810
Requisites: MED SC-M 810
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: No
Last Taught: Spring 2018

PEDIAT 990 — RESEARCH
1-12 credits.

Enroll Info: None
Requisites: Consent of instructor
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: Yes, unlimited number of completions
Last Taught: Fall 2018
