AUDIOLGY, AU.D.

The Au.D. program is a four-year professional doctorate program offered jointly by the UW–Madison Department of Communication Sciences and Disorders and the UW–Stevens Point School of Communicative Disorders.

The program was designed to train professional audiologists through a firm foundation in science and technology. Clerkships and onsite mentoring assure that students graduate with superior clinical skills.

In this unique program, lecture classes are taught simultaneously at both campuses; videoconferencing allows for interaction with students and faculty at the remote campus. Laboratory experiences are taught separately, using the same curriculum, on each campus. Summer academic course work is entirely online, and clinical experiences take place both on and off campus.

The Au.D. program is accredited by the Council on Academic Accreditation in Audiology and Speech-Language Pathology (CAA) of the American Speech-Language-Hearing Association.

The academic objectives of the program are:

- To prepare students to enter the profession of audiology fully able to function as independent audiologists in private practice, medical clinics, and school settings.
- To provide a strong theoretical, technical, and scientific base for the clinical practice of audiology.
- To prepare students to meet certification and licensure requirements for the practice of clinical audiology.
- To prepare students to be lifelong learners.

ADMISIONS

Students apply to either the named option (sub-major) in "Audiology: Collaborative Program at Stevens Point" or "Audiology: Collaborative Program at UW-Madison".

FUNDING

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information is available from the Graduate School. Be sure to check with your program for individual policies and processes related to funding.

PROGRAM RESOURCES

Financial assistance, sometimes available to graduate students in communication sciences and disorders, consists of scholarships, fellowships, traineeships, and project and research assistant positions. Financial assistance is very limited and varies from year to year.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements, in addition to the program requirements listed below.

MAJOR REQUIREMENTS

MODE OF INSTRUCTION

<table>
<thead>
<tr>
<th>Mode of Instruction Definitions</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Evening/Weekend:</strong> These programs are offered in an evening and/or weekend format to accommodate working schedules. Enjoy the advantages of on-campus courses and personal connections, while keeping your day job. For more information about the meeting schedule of a specific program, contact the program.</td>
</tr>
<tr>
<td><strong>Online:</strong> These programs are offered primarily online. Many available online programs can be completed almost entirely online with all online programs offering at least 50 percent or more of the program work online. Some online programs have an on-campus component that is often designed to accommodate working schedules. Take advantage of the convenience of online learning while participating in a rich, interactive learning environment. For more information about the online nature of a specific program, contact the program.</td>
</tr>
<tr>
<td><strong>Hybrid:</strong> These programs have innovative curricula that combine on-campus and online formats. Most hybrid programs are completed on-campus with a partial or completely online semester. For more information about the hybrid schedule of a specific program, contact the program.</td>
</tr>
<tr>
<td><strong>Accelerated:</strong> These on-campus programs are offered in an accelerated format that allows you to complete your program in a condensed time-frame. Enjoy the advantages of on-campus courses with minimal disruption to your career. For more information about the accelerated nature of a specific program, contact the program.</td>
</tr>
</tbody>
</table>

CURRICULAR REQUIREMENTS

Minimum Credit Requirement

- 75 credits

Minimum Residence Credit Requirement

- 75 credits

Minimum Graduate Coursework Requirement

All (100%) of the minimum number of credits (75) must be taken in graduate-level coursework; courses taken for the Graduate Level Coursework attribute are identified and searchable in the university's Course Guide.

Overall Graduate GPA Requirement

- 3.00 GPA required.
Other Grade Requirements
The Graduate School requires an average grade of B or better in all coursework (300 or above, not including research credits) taken as a graduate student unless conditions for probationary status require higher grades. Grades of Incomplete are considered to be unsatisfactory if they are not removed during the next enrolled semester.

Assessments and Examinations
Consult the program for specific requirements.

Language Requirements
Contact the program for information on any language requirements.

Doctoral Minor / Breadth Requirements
Audiology doctoral students are not required to complete a doctoral minor; they may pursue a minor if they wish.

NAMED OPTIONS (SUB-MAJORS)
A named option is a formally documented sub-major within an academic major program. Named options appear on the transcript with degree conferral. Students pursuing the Audiology Au.D. must select one of the following named options:

- Audiology: Collaborative Program at Stevens Point, Au.D. (http://guide.wisc.edu/graduate/communication-sciences-disorders/audiology-aud/audiology-collaborative-program-stevens-point-aud)

POLICIES

GRADUATE SCHOOL POLICIES
The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the
degree program faculty. Policies set by the academic degree program can be found below.

**MAJOR-SPECIFIC POLICIES**

**GRADUATE PROGRAM HANDBOOK**

The Graduate Program Handbook ([https://csd.wisc.edu/2017-2018-aud-student-handbook](https://csd.wisc.edu/2017-2018-aud-student-handbook)) is the repository for all of the program’s policies and requirements.

**PRIOR COURSEWORK**

**Graduate Work from Other Institutions**

No prior coursework from other institutions is allowed.

**UW–Madison Undergraduate**

Up to 6 credits from a UW–Madison undergraduate degree are allowed to count toward the degree. If the courses are numbered 500 and above, the credits may be counted toward the overall graduate credit requirement; if the courses are numbered 700 or above, they may count toward both the minimum graduate degree requirements and minimum graduate coursework (50%) requirement.

**UW–Madison University Special**

No prior coursework from UW–Madison University Special career is allowed.

**PROBATION**

A student failing to maintain a minimum GPA of 3.0 will be placed on academic probation and will be required to raise his/her GPA to 3.0 or above in the following semester. If the GPA is not raised to 3.0 or above in the following semester, the student will be dismissed from the program. A student receiving a course grade less than “B” shall receive a written warning reminding the student of the “no more than two grades below a “B” rule and shall be placed on academic probation.

Students who are having difficulty with essential abilities and/or meeting competencies in coursework will receive a written improvement plan. An improvement plan specifies the ASHA standards and competencies that the student has met, as well as a statement explaining what the student must do to meet competency level and a statement explaining what the faculty will do to provide opportunities for improved performance. An improvement plan may require the student to retake an examination or even repeat an entire course if deemed necessary by the academic instructor. If a student has an improvement plan, he/she should communicate regularly with each academic instructor to discuss the plan each semester the plan is in place. The student is responsible for scheduling these communications.

In addition to the department’s probation policy, the Graduate School regularly reviews the record of any student who earned grades of BC, C, D, F, or Incomplete in a graduate course (300 or above), or grade of U in research credits. This review could result in academic probation with a hold on future enrollment or in being suspended from the Graduate School.

**ADVISOR / COMMITTEE**

When students are admitted to the Au.D. program, they are provided with a course sequence for the entire program. It is strongly recommended that students adhere to this sequence, although modifications to the plan may be made in consultation with the Au.D. program advisor and the director of clinical education. Every graduate student is required to have an advisor. The Au.D. program advisor is the assigned advisor for students in the Au.D. program. Students can be suspended from the Graduate School if they do not have an advisor.

**CREDITS PER TERM ALLOWED**

14 credits

**TIME CONSTRAINTS**

Doctoral degree students who have been absent for ten or more consecutive years lose all credits that they have earned before their absence. Individual programs may count the coursework students completed prior to their absence for meeting program requirements; that coursework may not count toward Graduate School credit requirements.

Consult the program for additional program-specific time constraints.

**OTHER**

n/a

**PROFESSIONAL DEVELOPMENT**

**GRADUATE SCHOOL RESOURCES**

Take advantage of the Graduate School’s professional development resources ([https://grad.wisc.edu/pd](https://grad.wisc.edu/pd)) to build skills, thrive academically, and launch your career.

**LEARNING OUTCOMES**

1. (Foundations of Practice) Possess knowledge of normal aspects of auditory physiology and behavior over the life span and normal development of speech and language.

2. (Foundations of Practice) Demonstrate an understanding of the effects of hearing loss on communication and educational, vocational, social, and psychological functioning.

3. (Foundations of Practice) Possess knowledge of pathologies related to hearing and balance and their medical diagnosis and treatment.

4. (Foundations of Practice) Demonstrate clinically appropriate oral and written communication skills.

5. (Foundations of Practice) Recognize principles and practices of research, including experimental design, statistical methods, and application to clinical populations.

6. (Prevention, Identification, and Assessment) Screen individuals for hearing impairment and disability/handicap using clinically appropriate, culturally sensitive, and age- and site-specific screening measures.

7. (Prevention, Identification, and Assessment) Demonstrate abilities to assess individuals with suspected disorders of hearing, communication, balance, and related systems.

8. (Prevention, Identification, and Assessment) Evaluate information from appropriate sources and obtaining a case history to facilitate assessment planning.
9. (Prevention, Identification, and Assessment) Conduct and interpret behavioral and/or electrophysiologic methods to assess hearing thresholds, auditory neural function, balance and related systems.

10. (Prevention, Identification, and Assessment) Prepare reports, including interpreting data, summarizing findings, generating recommendations, and developing an audiologic treatment/management plan.

11. (Intervention) Provide intervention services (treatment) to individuals with hearing loss, balance disorders, and other auditory dysfunction that compromises receptive and expressive communication.

12. (Intervention) Develop culturally appropriate, audiologic rehabilitative management plans.

13. (Intervention) Evaluate the efficacy of intervention (treatment) services.

14. (Professional Conduct) Recognize and apply principles of ethical and professional conduct.

15. (Professional Conduct) Apply skills for life-long learning.

17. (Professional Conduct) Possess knowledge of contemporary professional issues and advocacy.

18. (Professional Conduct) Communicate effectively, recognizing the needs, values, preferred mode of communication, and cultural/linguistic background of the patient, family, caregiver, and relevant others.

19. (Professional Conduct) Provide counseling and supportive guidance regarding hearing and balance disorders to patients, family, caregivers, and relevant others.

**PEOPLE**

Information about faculty and staff can be found on the program's website (https://csd.wisc.edu/directory).

**ACCREDITATION**

**ACCREDITATION**

Council on Academic Accreditation in Audiology and Speech–Language–Pathology (https://caa.asha.org)

**CERTIFICATION/LICENSURE**

American Speech–Language–Hearing Association (https://www.asha.org)
