The Department of Geography offers a thesis-based master of science in cartography and geographic information systems. In addition, it offers an online, non-thesis, professional named option titled GIS Development in the cartography and geographic information systems M.S.

The department also offers a master of science in geography, a Ph.D. in geography, and a capstone certificate in geographic information systems. Information about facilities, supporting faculty and staff, and program requirements for all graduate programs in the department can be found in the Geography (http://guide.wisc.edu/graduate/geography) listing in this catalog.

The M.S. in cartography and geographic information systems provides a broad foundation in the theory and application of mapping and geographic information sciences. Students who earn the M.S. degree are prepared to continue on for the Ph.D. in geography, or for positions as GIS analysts in government agencies, planning organizations, environmental agencies, nongovernmental organizations, and private industry.

**REQUIREMENTS**

**MINIMUM DEGREE REQUIREMENTS AND SATISFACTORY PROGRESS**
To make progress toward a graduate degree, students must meet the Graduate School Minimum Degree Requirements and Satisfactory Progress (http://guide.wisc.edu/graduate/#policiesandrequirementstext) in addition to the requirements of the program.

**MASTER’S DEGREES**
M.S., with available named option in GIS Development

**MINIMUM GRADUATE DEGREE CREDIT REQUIREMENT**
M.S.: 30 credits
M.S. named option in GIS Development: 32 credits

**MINIMUM GRADUATE RESIDENCE CREDIT REQUIREMENT**
M.S.: 16 credits
M.S. named option in GIS Development: 24 credits

**MINIMUM GRADUATE COURSEWORK (50%) REQUIREMENT**
M.S.: Half of degree coursework (15 credits out of 30 total credits) must be completed in graduate-level coursework; courses with the Graduate Level Coursework attribute are identified and searchable in the university’s Course Guide (http://my.wisc.edu/CourseGuideRedirect/BrowseByTitle).

M.S. named option in GIS Development: 24 credits must be completed in graduate-level coursework; courses with the Graduate Level Coursework attribute are identified and searchable in the university’s Course Guide (http://my.wisc.edu/CourseGuideRedirect/BrowseByTitle).

**PRIOR COURSEWORK REQUIREMENTS: GRADUATE WORK FROM OTHER INSTITUTIONS**
M.S.: With program approval, students are allowed to count no more than 6 credits of graduate coursework from other institutions. Coursework earned five or more years prior to admission to a master’s degree or earned ten years or more prior to admission to a doctoral degree is not allowed to satisfy requirements.

M.S. named option in GIS Development: No graduate work from other institutions may be used to satisfy requirements.

**PRIOR COURSEWORK REQUIREMENTS: UW–MADISON UNDERGRADUATE**
No credits from a UW–Madison undergraduate degree are allowed to count toward the degree.

**PRIOR COURSEWORK REQUIREMENTS: UW–MADISON UNIVERSITY SPECIAL**
M.S.: With program approval, students are allowed to count no more than 6 credits of graduate coursework as defined above taken as a UW–Madison Special student. coursework earned five or more years prior to admission to a master’s degree is not allowed to satisfy requirements.

M.S. named option in GIS Development: With program approval, students may count 8 credits taken as a UW–Madison University Special student. Coursework earned five or more years prior to admission to the option may not be used to satisfy requirements.

**CREDITS PER TERM ALLOWED**
M.S.: 15 credits
M.S. named option in GIS Development: 12 credits

**PROGRAM-SPECIFIC COURSES REQUIRED**

Select two of the following: 6-8
- GEOG 572: Graphic Design in Cartography
- GEOG 575: Interactive Cartography & Geovisualization
- GEOG 577: Environmental Modeling with GIS
- GEOG 578: GIS Applications
- GEOG 579: GIS and Spatial Analysis

M.S. named option in GIS Development:
LEARNING OUTCOMES

KNOWLEDGE AND SKILLS

• Articulates, critiques, or elaborates the theories, research methods, and approaches to inquiry or schools of practice in cartography and GIScience.
• Identifies sources and assembles evidence pertaining to questions or challenges in cartography/GIScience.
• Demonstrates understanding of cartography/GIScience in a historical, social, or global context.
• Selects and/or utilizes the most appropriate methodologies and practices.
• Evaluates or synthesizes information pertaining to questions or challenges in cartography/GIScience.
• Communicates clearly in ways appropriate to cartography/GIScience.

PROFESSIONAL CONDUCT

• Recognizes and applies principles of ethical and professional conduct.

PEOPLE

Faculty: Professors Naughton (chair), Cadwallader, Cronon, Kaiser, Mason, Naughton, Olds, Turner, Williams, Zhu; Associate Professors Marin-Spiotta Robertson, Woodward; Assistant Professors Baird, Gibbs, Huang, Moore, Roth, Young

ADMISSIONS

The Graduate School sets minimum requirements for admissions (https://grad.wisc.edu/admissions/requirements). Academic program admission requirements are often more rigorous than those set by the Graduate School. Please check the program's website (http://www.geography.wisc.edu/graduate/application.php) for details.
