DISTRIBUTED, DOCTORAL MINOR

(via Graduate School Academic Policies & Procedures (https://grad.wisc.edu/documents/minors))

Breadth is a required component of doctoral training at UW–Madison. Given there are multiple paths to breadth, the Graduate School leaves the choice of whether students achieve breadth through a minor or other means up to the specific graduate program.

There are two options for the doctoral minor.

Option A is called an external minor. Any of the named minors here (http://guide.wisc.edu/graduate/#doctoralminorstext) are considered Option A minors.

Option B is called a distributed minor. Distributed minors require a minimum of 9 credits in one or more programs forming a coherent topic, and can include coursework in the program. Fulfillment of this option requires the approval of the major program.

REQUIREMENTS

The Graduate School's minimum course requirements for the minor include:

- An average GPA of 3.00 on all minor coursework;
- Coursework must be graded courses numbered 300 or above; no audits or pass/fail;
- Coursework may not be double counted for major requirements;
- Maximum 3 credits of independent study (e.g., 699, 799, 899, 999);
- Research and thesis cannot be used to satisfy the minor (e.g., 790, 890, 990);
- No more than 5 credits of coursework completed more than 5 years prior to admission to the doctoral program; coursework taken 10 years ago or more may not be used.

A student cannot earn a doctoral minor and a graduate/professional certificate of the same name. Credits earned towards the minor may count towards the minimum graduate residence requirement, minimum graduate degree requirement, and the minimum graduate coursework (50%) requirement.
