At least a 3.0 GPA required; see program website for more details.

OTHER GRADE REQUIREMENTS
3.0 GPA required.

PROBATION POLICY
The Graduate School regularly reviews the record of any student who earned grades of BC, C, D, F, or Incomplete in a graduate course (300 or above), or grade of U in research credits. This review could result in academic probation with a hold on future enrollment or in being suspended from the Graduate School.

See program webpage for any program-specific additional probation policies.

ADVISOR / COMMITTEE
Every graduate student is required to have an advisor. An advisor is a faculty member, or sometimes a committee, from the major department responsible for providing advice regarding graduate studies. An advisor generally serves as the thesis advisor. In many cases, an advisor is assigned to incoming students. Students can be suspended from the Graduate School if they do not have an advisor.

To ensure that students are making satisfactory progress toward a degree, the Graduate School expects them to meet with their advisor on a regular basis.

A committee often accomplishes advising for the students in the early stages of their studies.

See program webpage for any program-specific additional details.

ASSESSMENTS AND EXAMINATIONS
The candidate is required to prepare and publicly defend a major project/paper in addition to completing credit hour requirements.

TIME CONSTRAINTS
Students who have been absent for five or more consecutive years lose all credits that they have earned before their absence. Individual programs may count the coursework students completed prior to their absence for meeting program requirements; that coursework may not count toward Graduate School credit requirements.

See program website for any program-specific time constraints.

LANGUAGE REQUIREMENTS
No language requirements unless assigned by program.
