NAMED OPTION IN STRATEGIC HUMAN RESOURCES MANAGEMENT

The Wisconsin program in strategic human resource management (SHRM) produces leaders who are equipped with the necessary skills to change tomorrow. The curriculum combines expertise in human resources with the knowledge required to be a strategic business partner. Many of the functional areas of HR and core competencies are covered through academic courses and program activities outside the classroom. The combination of core MBA learning, specialized courses, applied learning opportunities, and human resources internships sets the Wisconsin SHRM program apart from its competitors. See the program website (https://wsb.wisc.edu/programs-degrees/mba/full-time/career-specializations/strategic-human-resource-management) for more information.

ADMISSIONS

Admission consideration for the MBA Program requires a four-year undergraduate degree or the equivalent, in any discipline, from an accredited institution. The School of Business seeks a minimum of two years of full-time work experience along with a strong undergraduate performance. In addition to academic credentials, GMAT scores and work experience, personal achievements, motivation, communication skills (written and oral), international exposure and recommendation letters are considered in the admission process at both the master’s and doctoral levels.

Note: The Graduate Management Admission Test (GMAT), taken within five years of the starting term, is required of all applicants to the School of Business; the Graduate Record Exam (GRE) may be an acceptable alternative on a case by case basis. All applicants whose native language is not English must submit scores from the Test of English as a Foreign Language (TOEFL), the Pearson Test of English (PTE), Intensive English as a Second Language (IELTS), or show the completion of an Interlink program. A minimum iBT TOEFL score of 100 or equivalent, obtained within two years of the intended start term, is required. International applicants who have completed a degree at an institution whose primary language of instruction was English may request a waiver of this requirement on the application.

### POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School’s Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

### MAJOR-SPECIFIC POLICIES

#### GRADUATE PROGRAM HANDBOOK

A Graduate Program Handbook containing all of the program’s policies and requirements is forthcoming from the program.

#### PRIOR COURSEWORK

**Graduate Work from Other Institutions**

No credits of prior coursework are allowed to satisfy requirements.

**UW–Madison Undergraduate**

No credits from a UW–Madison undergraduate degree are allowed to count toward the degree.

**UW–Madison University Special**

No credits of prior coursework are allowed to satisfy requirements.

### PROBATION

The Graduate School regularly reviews the record of any student who earned grades of BC, C, D, F, or Incomplete in a graduate course (300 or above), or grade of U in research credits. This review could result in academic probation with a hold on future enrollment or in being suspended from the Graduate School.

### ADVISOR / COMMITTEE

Every graduate student is required to have an advisor. To ensure that students are making satisfactory progress toward a degree, the Graduate School expects them to meet with their advisor on a regular basis.

An advisor generally serves as the thesis advisor. In many cases, an advisor is assigned to incoming students. Students can be suspended from the Graduate School if they do not have an advisor. An advisor is a faculty member, or sometimes a committee, from the major department responsible for providing advice regarding graduate studies.

A committee often accomplishes advising for the students in the early stages of their studies.

### CREDITS PER TERM ALLOWED

15 credits

### TIME CONSTRAINTS

Master’s degree students who have been absent for five or more consecutive years lose all credits that they have earned before their absence. Individual programs may count the coursework students completed prior to their absence for meeting program requirements; that coursework may not count toward Graduate School credit requirements.

### OTHER

Students must be enrolled full-time.
