

NURSING PRACTICE, DNP

The School of Nursing Doctor of Nursing Practice (DNP) program prepares nurses for leadership roles as advanced practice nurses (clinical nurse specialists or nurse practitioners) who provide direct care and lead practice development and evaluation. Students in the DNP program choose from three population foci: adult/gerontology (acute care or primary care), pediatrics, or psychiatric mental health. Those interested in dual preparation as an advanced practice nurse and nurse educator may add a nursing education focus.

The program is available for nurses with a baccalaureate degree in nursing (post-BS option) and nurses with a master's degree in nursing practice (post-MS option). Students admitted to either option follow the course sequence designated in the program plan and progress as a group.

The program of study features a combination of formal coursework, clinical practice, and scholarly inquiry. Most coursework is delivered in a hybrid format, utilizing both required in-person class sessions and distance learning technologies.

PROFESSIONAL CERTIFICATION/LICENSURE DISCLOSURE (NC-SARA)

The United States Department of Education (via 34 CFR Part 668 (<https://www.ecfr.gov/current/title-34/subtitle-B/chapter-VI/part-668/?toc=1>)) requires institutions that provide distance education to disclose information for programs leading to professional certification or licensure. The expectation is that institutions will determine whether each applicable academic program meets state professional licensure requirements and provide a general disclosure of such on an official university website.

Professional licensure requirements vary from state-to-state and can change year-to-year; they are established in a variety of state statutes, regulations, rules, and policies; and they center on a range of educational requirements, including degree type, specialized accreditation, total credits, specific courses, and examinations.

UW-Madison has taken reasonable efforts to determine whether this program satisfies the educational requirements for certification/licensure

in states where prospective and enrolled students are located and is disclosing that information as follows.

Disclaimer: This information is based on the most recent annual review of state agency certification/licensure data and is subject to change. All students are strongly encouraged to consult with the individual/office listed in the Contact Information box on this page and with the applicable state agency for specific information.

The requirements of this program meet certification/licensure in the following states:

Alabama, Alaska, Arizona, Arkansas, California, Colorado, Connecticut, Delaware, Florida, Georgia, Hawaii, Idaho, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Michigan, Minnesota, Mississippi, Missouri, Montana, Nebraska, Nevada, Ohio, Oregon, Pennsylvania, Washington, Wisconsin, District of Columbia, Guam, Northern Mariana Islands, U.S. Virgin Islands

The requirements of this program do not meet certification/licensure in the following states:
