**AGRICULTURAL BUSINESS MANAGEMENT, B.S.**

Today’s businesses and industries in the agricultural and food sectors of the economy are growing rapidly. Agribusiness industries, such as those that supply farm inputs or process and market agricultural products, need staff who are educated in both business and agriculture. Students in agricultural business management also find employment in companies specializing in biological systems engineering, landscape architecture, biotechnology, food technology, food science, food marketing, and large-scale farm enterprises.

The bachelor of science degree program in agricultural business management enables students to obtain a strong foundation in economics to learn how businesses make decisions and minimize risk and how to use applied mathematics and statistics to analyze prices and markets. Agricultural and applied economics (AAE) courses constitute a substantial segment of the curriculum for the B.S. degree in agricultural business management. In addition to general college requirements, a major in ABM includes courses in economics, math, and statistics. ABM students will also take a minimum of 12 credits from the School of Business. (See Requirements tab for more information.)

Agricultural business management emphasizes coursework in the functional areas of the business school: accounting, finance, marketing, management, and human resources.

A degree in agricultural business management prepares students for a career in agribusiness or other fields of business. The Department of Agricultural and Applied Economics may be consulted for specific career information for the major.

Students completing the agricultural business management major are awarded the Bachelor of Science–Agricultural Business Management degree.

**HOW TO GET IN**

To declare this major, students must be admitted to UW–Madison and the College of Agricultural and Life Sciences (CALS). For information about becoming a CALS first-year or transfer student, see Entering the College (http://guide.wisc.edu/undergraduate/agricultural-life-sciences/#enteringthecollege). Students who attend Student Orientation, Advising, and Registration (SOAR) with the College of Agricultural and Life Sciences have the option to declare this major at SOAR. Students may otherwise declare after they have begun their undergraduate studies. For more information, contact the advisor listed under the Advising and Careers tab.

**REQUIREMENTS**

**UNIVERSITY GENERAL EDUCATION REQUIREMENTS**

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (http://guide.wisc.edu/undergraduate/#requirementsforundergraduatetestudytext) section of the Guide.

**Requirements Detail**

**General Education**

- Breadth—Humanities/Literature/Arts: 6 credits
- Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits
- Breadth—Social Studies: 3 credits
- Communication Part A & Part B *
- Ethnic Studies *
- Quantitative Reasoning Part A & Part B *

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

**COLLEGE OF AGRICULTURAL AND LIFE SCIENCES REQUIREMENTS**

In addition to the University General Education Requirements, all undergraduate students in CALS must satisfy a set of college and major requirements. Specific requirements for all majors in the college and other information on academic matters can be obtained from the Office of Academic Affairs (http://www.cals.wisc.edu/academics), College of Agricultural and Life Sciences, 116 Agricultural Hall, 1450 Linden Drive, Madison, WI 53706; 608-262-3003. Academic departments and advisors also have information on requirements. Courses may not double count within university requirements (General Education and Breadth) or within college requirements (First-Year Seminar, International Studies and Science), but courses counted toward university requirements may also be used to satisfy a college and/or a major requirement; similarly, courses counted toward college requirements may also be used to satisfy a university and/or a major requirement.

</tr>
</tbody>
</table>

This major requires calculus. Prerequisites may need to be taken before enrollment in calculus.

Select one of the following: 5

MATH 211 Calculus
MATH 217 Calculus with Algebra and Trigonometry II
MATH 221 Calculus and Analytic Geometry I

Select one of the following: 3-4

ECON 310 Statistics: Measurement in Economics
STAT 301 Introduction to Statistical Methods
STAT 324 Introductory Applied Statistics for Engineers
STAT 371 Introductory Applied Statistics for the Life Sciences

GEN BUS 306 Business Analytics I & GEN BUS 307 and Business Analytics II 6
SOC/C&E SOC 360 Statistics for Sociologists I 4
PSYCH 210 Basic Statistics for Psychology 3

Core

A A E 322 Commodity Markets 3
A A E 419 Agricultural Finance 3
A A E/ECON 421 Economic Decision Analysis 4
ACCT I S 100 Introductory Financial Accounting 2 or ACCT I S 300 Accounting Principles 3

Select three of the following: 9

ECON/FINANCE 300 Introduction to Finance
GEN BUS 301 Business Law
GEN BUS 310 Fundamentals of Accounting and Finance for Non-Business Majors
GEN BUS 311 Fundamentals of Management and Marketing for Non-Business Majors
MARKETING 300 Marketing Management
M H R 300 Managing Organizations
M H R 305 Human Resource Management
ACCT I S 211 Introductory Managerial Accounting 1

Capstone

A A E 500 Senior Capstone Experience 3

Total Credits 63-65

1 ACCT I S 100 is a prerequisite for ACCT I S 211.

UNIVERSITY DEGREE REQUIREMENTS

Requirements Detail

Total Degree To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements.

Residency Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. "In residence" credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs.

Quality of Work Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation.

LEARNING OUTCOMES

1. Use economic concepts to better understand real-world problems.
2. Use appropriate quantitative techniques to analyze economic problems.
3. Use computer systems to effectively analyze economic problems.
4. Communicate results effectively in writing.
5. Communicate results effectively orally.
6. Think critically about economic issues.
7. Contribute to public policy debates.

**Total Credits 31**

1. Students must complete MATH 211 Calculus or MATH 217 or MATH 221. Students may satisfy the required level of math proficiency through the math placement exam. On the other hand, this level of competence may require as many as three semesters of coursework in mathematics.

2. The communications requirement includes Communication Parts A & B. Completing this requirement early will help the students with written and oral assignments in future courses.

3. Students should complete the basic courses in economics early in their programs so that they can have greater choice in courses in the major.

4. Students should choose electives that satisfy one of the UW requirements (ethnic studies or social sciences or humanities) or the college requirements. See Requirements tab for details.

5. ABM students are required to take 9 credits from FINANCE/ECON 300, GEN BUS 301, GEN BUS 310, GEN BUS 311, MARKETING 300, MHR 300 (Organizational Behavior), MHR 305 (Human Resources), and ACCT I S 211.
