COMMUNITY AND NONPROFIT LEADERSHIP, B.S.

Through academic study, community engagement, and applied research, Community and Nonprofit Leadership (CNPL) undergraduate students develop into competent, caring professionals interested in community-based change and the expanding nonprofit sector. In smaller, inclusive, project-based courses, CNPL students collaborate with each other and community partners, gaining practical experience and making a difference through their coursework. The CNPL bachelor of science degree prepares its graduates for careers in community and nonprofit settings, graduate school (in law, policy, community health, etc.), and post-baccalaureate service-oriented programs (such as Peace Corps, AmeriCorps, City Year, etc.), enabling them to create, lead, and support innovative community-based initiatives that change lives and make the world a better place. Their work and advanced study address human, family, and civil society issues such as: food and environmental justice, homelessness and rights to housing, health equity, gender equality, racial justice, community and leadership development, community organizing, advocacy, and more.

CNPL majors complete a required internship before graduating, allowing them to pursue their own personal interests and to develop a strong portfolio of skills and references that will propel them to launch successful careers.

HOW TO GET IN

PROSPECTIVE UW-MADISON STUDENTS

All prospective UW–Madison students must apply through the central Office of Admissions and Recruitment (https://www.admissions.wisc.edu).

Students who indicate interest in the community and nonprofit leadership (CNPL) major on their UW–Madison application will be admitted to the CNPL major upon admittance to the university. In addition, students may indicate interest in CNPL when registering for Student Orientation, Advising, and Registration (SOAR).

CURRENT UW–MADISON STUDENTS

First-year students in good academic standing and first-semester transfer students may declare the CNPL major upon request. All other students must apply through a competitive application process.

The best way for interested students to receive advising or additional information is by attending a Becoming a SoHE Student Workshop (https://sohe.wisc.edu/prospective-students/prospective-students/becoming-sohe-student-workshops).

Visit On-campus Student Application (https://sohe.wisc.edu/prospective-students/prospective-students/applying-human-ecology) for application information and the October and February deadlines.

UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (http://guide.wisc.edu/undergraduate/#requirementsforundergraduatestudentstext) section of the Guide.

UNIVERSITY DEGREE REQUIREMENTS

**Total Degree**

To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements.

**Residency**

Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. "In residence" credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs.

**Quality of Work**

Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation.

LEARNING OUTCOMES

1. (Ecological perspectives on community and society) Articulate and apply an ecological perspective at discrete levels of analysis (individual, group, community, and society).

2. (Civic literacy and the public sphere) Assess the major trends in civil society recognizing the influence and interconnectedness across the major sectors of society and exhibit strong capacity for sustained, high impact participation in civic life.

3. (Identity, diversity, and social justice) Recognize well-being and social justice as relational and position, applying these principles in community organizing and empowerment.

4. (Organizational management and professional development) Demonstrate entry-level knowledge and skills relevant to nonprofit and community organizations and exhibit the practices of a lifelong learner.

5. (Research, analysis, and communication) Vet and/or generate high quality data, perform relevant analyses, and share results with target audiences using oral, written, and visual communication techniques.

6. (Leadership, ethics, and well-being) Recognize the value of being a reflective, ethical leader who cultivates others’ strengths and leadership capabilities, while exhibiting self-care and care for others.

ADVISING AND CAREERS

STUDENT ACADEMIC AFFAIRS & CAREER DEVELOPMENT

The Student Academic Affairs & Career Development Office (SAA) fosters undergraduate students’ personal, academic, and professional development. Through advising, academic planning, and career education we support students as they navigate the college experience—from exploring our majors as prospective students to becoming SoHE alumni.

ACADEMIC ADVISING

Each SoHE student is assigned to an academic advisor in the Student Academic Affairs & Career Development Office. SoHE academic advisors support academic and personal success by partnering with current and prospective SoHE students as they identify and clarify their educational goals, develop meaningful academic plans, and pursue their own Wisconsin Experience.

To explore academic advising resources or schedule an appointment with a SoHE academic advisor, visit Advising in SoHE ([https://sohe.wisc.edu/prospective-students/advising](https://sohe.wisc.edu/prospective-students/advising)).

CAREER DEVELOPMENT

Active engagement in the career development process is a vital component of a student’s personal growth in college and future success.
as a life-long learner, professional, and global citizen. SoHE career advisors help prepare students for life post-graduation through individual and group advising and integration of career readiness throughout our curriculum.

To explore career development resources or schedule an appointment with a SoHE career advisor, visit Internship and Career Preparation (https://sohe.wisc.edu/prospective-students/career-preparation).

PEOPLE

Professors Bakken, Flanagan, Jasper; Assistant Professors Alexander, Gaddis, Horowitz, Sarmiento, Sparks; Faculty Associate Maguire

For more information, visit the School of Human Ecology faculty and staff directory (https://sohe.wisc.edu/connect/faculty-staff).

WISCONSIN EXPERIENCE

INTERNSHIPS

Internships are a vital part of student career development and a highly valued component of the undergraduate curriculum in the School of Human Ecology. High-quality internships foster student development by bringing theories and classroom-based learning to life in real-world settings. In addition, internships give students the opportunity to explore careers related to their major, gain relevant experience in their field(s) of interest, and develop a better understanding of what is expected in a workplace by performing the tasks of a professional in that field.

For SoHE majors, internships are a requirement of our undergraduate curriculum. Students must have at least a junior standing (54+ credits) in order to pursue a 3-credit internship and must complete a minimum of 150 hours at the internship site. To be eligible, an internship must be educational in nature, directly relate to a student's major and career goals, and be approved by the Student Academic Affairs & Career Development Office (https://sohe.wisc.edu/prospective-students/contact-us).

For more information, visit SoHE Internships (https://sohe.wisc.edu/prospective-students/career-preparation/internships).

STUDENT ORGANIZATIONS

School of Human Ecology student organizations include:

- American Society of Interior Designers—Student Chapter (IDO)
- Apparel and Textile Association (ATA)
- Association of Fundraising Professionals—UW–Madison Chapter
- Community and Nonprofit Leaders (CNLUW)
- Financial Occupations Club for University Students (FOCUS)
- Phi Upsilon Omicron (National Honor Society in Family and Consumer Sciences)
- Students for Families and Children (SFC)
- Student Retail Association (SRA)

RESOURCES AND SCHOLARSHIPS

STUDENT ACADEMIC AFFAIRS & CAREER DEVELOPMENT

The Student Academic Affairs & Career Development Office (SAA) fosters undergraduate students' personal, academic, and professional development. Through advising, academic planning, and career education we support students as they navigate the college experience - from exploring our majors as prospective students to becoming SoHE alumni.

ACADEMIC ADVISING

Each SoHE student is assigned to an academic advisor in the Student Academic Affairs & Career Development Office. SoHE academic advisors support academic and personal success by partnering with current and prospective SoHE students as they identify and clarify their educational goals, develop meaningful academic plans, and pursue their own Wisconsin Experience.

To explore academic advising resources or schedule an appointment with a SoHE academic advisor, visit Advising in SoHE (https://sohe.wisc.edu/prospective-students/advising).

CAREER DEVELOPMENT

Active engagement in the career development process is a vital component of a student's personal growth in college and future success as a life-long learner, professional, and global citizen. SoHE career advisors help prepare students for life post-graduation through individual and group advising and integration of career readiness throughout our curriculum.

To explore career development resources or schedule an appointment with a SoHE career advisor, visit Internship and Career Preparation (https://sohe.wisc.edu/prospective-students/career-preparation).

SCHOLARSHIPS AND OTHER FINANCIAL RESOURCES

The School of Human Ecology awards many merit and need-based scholarships each year. The deadline to apply for scholarships is typically late in the fall semester. To be eligible for these awards, scholarship recipients must be registered as full-time SoHE students.

Students who experience emergency financial situations may inquire about the availability of short-term loans through the SoHE Student Academic Affairs & Career Development Office. In addition, university scholarships, loans, and employment are available through the Office of Student Financial Aid (https://financialaid.wisc.edu) (333 East Campus Mall; 608-262-3060).
