

# ART HISTORY, CERTIFICATE

The art history certificate requires four courses and is open to any undergraduate major.

The certificate is designed to meet twenty-first-century needs by promoting visual literacy in an increasingly visual world. Our classes teach critical and creative approaches to analysis, problem-solving, writing, and visual communication using a variety of artistic media, including painting, sculpture, architecture, photography, prints, ephemera, and the decorative arts.

Students earning the certificate will hone skills in visual analysis and interpretation that make them more competitive in a variety of today's fields of employment, including (but not limited to) professions in the arts, in social sciences, and in physical sciences – all of which require the skills taught in our courses.

## IMPORTANT NOTES

- Students who are thinking about declaring the Art History Certificate as well as the Material Culture Certificate: Undergraduate students may request permission to complete both the Art History Certificate and the Material Culture Certificate but **only one course** may overlap between the two certificates. Please consult with the undergraduate advisor, Teddy Kaul (ejkaul@wisc.edu), with any questions.
- Only one transfer course from another institution may be counted toward the Art History Certificate. (This does not include UW–Madison study abroad programs for which courses taken in these programs are considered "in residence.")
- AP credits may count toward the "Electives" course requirement for the Art History Certificate.

Each fall, the department hosts an Art History Majors and Career Fair for majors and certificate students as well as anyone interested in the field. We discuss course opportunities and internships on campus and in the community. We also invite alumni to speak about their career paths. Our director of undergraduate studies also hosts a workshop on "How to Apply to Graduate School" each fall. We also work with SuccessWorks (<https://careers.ls.wisc.edu/>) to organize events for our students.

## L&S CAREER RESOURCES

Every L&S major opens a world of possibilities. SuccessWorks (<https://successworks.wisc.edu/>) at the College of Letters & Science helps students turn the academic skills learned in their major, certificates, and other coursework into fulfilling lives after graduation, whether that means jobs, public service, graduate school or other career pursuits.

In addition to providing basic support like resume reviews and interview practice, SuccessWorks offers ways to explore interests and build career skills from their very first semester/term at UW all the way through graduation and beyond.

Students can explore careers in one-on-one advising, try out different career paths, complete internships, prepare for the job search and/or graduate school applications, and connect with supportive alumni and even employers in the fields that inspire them.
