SCANDINAVIAN STUDIES, B.S.

The Scandinavian studies program provides the opportunity to learn a Scandinavian language or Finnish (modern Icelandic only occasionally). The literature, folklore, and culture of the Nordic countries are taught both in the original languages and in English translation. Partly in cooperation with other departments, courses in Scandinavian area studies are offered (history, social institutions, geography, art, archaeology). Students who major in the field may continue graduate studies toward an M.A. in Scandinavian philology, literature, or area studies, and toward a Ph.D. in Scandinavian literature, philology, or folklore.

The program strongly encourages a junior-year abroad in a Nordic country; several exchange programs are available. Students who transfer to this university after a year abroad should contact the undergraduate advisor as early as possible to schedule a placement test.

Note: SCAND ST 301 Intensive Finnish I and SCAND ST 302 Intensive Finnish II each count as 2 units of foreign language for the purpose of meeting the College of Letters & Science foreign language requirement.

Majors should see the advisor during the semester before their last semester. Prospective majors are urged to consult the undergraduate advisor about their program at the first possible opportunity.

HOW TO GET IN

Student interested in pursuing an undergraduate major in Scandinavian studies should contact the advisor about declaring the major.
