POLITICAL SCIENCE, B.A.

THREE-YEAR PLAN

SAMPLE THREE-YEAR PLAN

This Sample Three-Year Plan is a tool to assist students and their advisor(s). Students should use it —along with their DARS report, the Degree Planner, and Course Search & Enroll tools — to make their own three-year plan based on their placement scores, credit for transferred courses and approved examinations, and individual interests.

Three-year plans may vary considerably from student to student, depending on their individual preparation and circumstances. Students interested in graduating in three years should meet with an advisor as early as possible to discuss feasibility, appropriate course sequencing, post-graduation plans (careers, graduate school, etc.), and opportunities they might forgo in pursuit of a three-year graduation plan.

DEPARTMENTAL EXPECTATIONS

Students planning to graduate within three years with a Political Science major should enter the University with a minimum of 18 advanced standing credits, and have satisfied the following requirements with course credit or via placement examination:

- · Communication Part A
- · Quantitative Reasoning Part A
- 18 credits of any elective coursework
- 3-4 units of foreign language

Students missing one or more of these requirements upon entering the University should talk to their advisor about completing coursework over Summer terms to stay on track for a three year timeline.
