EDUCATIONAL PSYCHOLOGY (ED PSYCH)

ED PSYCH 215 — PROBABLY CORRECT: HOW TO THINK WITH STATISTICS AND DATA
3 credits.
Introduces how concepts and tools of statistical thinking and analysis are coordinated with activities designed to develop statistical literacy and decision-making skills in real-world problem contexts. The course assumes no prior statistics knowledge. Enroll Info: None
Requisites: Satisfied Quantitative Reasoning (QR) A requirement
Course Designation: Gen Ed - Quantitative Reasoning Part B
Breadth: Social Science
Level: Intermediate
L&S Credit: Counts as Liberal Arts and Science credit in L&S
Repeatable for Credit: No

ED PSYCH 301 — HOW PEOPLE LEARN
3 credits.
Introduction to theories of learning in formal and informal settings, including theories related to memory, learning, and intelligence; cognitive, social, and affective aspects of learning; the influence of context on learning, including learning with psychological tools, such as language and technological resources; individual differences that may affect learning; and practical applications of learning theory. Enroll Info: None
Requisites: Sophomore standing
Course Designation: Breadth - Social Science
Level: Intermediate
L&S Credit: Counts as Liberal Arts and Science credit in L&S
Repeatable for Credit: No
Last Taught: Spring 2020

ED PSYCH 320 — HUMAN DEVELOPMENT IN INFANCY AND CHILDHOOD
2-3 credits.
Normative processes and individual differences in physical, mental, social and emotional development and behavior from infancy through late childhood. Enroll Info: None
Requisites: None

Course Designation: Breadth - Social Science
Level: Intermediate
L&S Credit: Counts as Liberal Arts and Science credit in L&S
Repeatable for Credit: No
Last Taught: Spring 2020

ED PSYCH 321 — HUMAN DEVELOPMENT IN ADOLESCENCE
2-3 credits.
Physiological, social, and cognitive changes which characterize the transition from childhood to adult life. Enroll Info: None
Requisites: None
Course Designation: Breadth - Social Science
Level: Intermediate
L&S Credit: Counts as Liberal Arts and Science credit in L&S
Repeatable for Credit: No
Last Taught: Spring 2020

ED PSYCH 326 — MIND, BRAIN AND EDUCATION
3 credits.
This course will provide an overview of methods and findings at the interface between education and neuroscience. Readings and lectures will present findings on brain development from birth to adolescence, brain changes in response to learning and how individual differences in brains relate to individual differences in learning. Educationally relevant domains including language acquisition and bilingualism, the brain basis of reading and mathematics and executive functions like memory, attention and emotion will be highlighted. Enroll Info: Sophomore standing
Requisites: None
Course Designation: Breadth - Social Science
Level: Intermediate
L&S Credit: Counts as Liberal Arts and Science credit in L&S
Repeatable for Credit: No
Last Taught: Spring 2020

ED PSYCH 331 — HUMAN DEVELOPMENT FROM CHILDHOOD THROUGH ADOLESCENCE
3 credits.
Social and psychological aspects of human development from early childhood through adolescence; implications for education. Enroll Info: Enrl in, or Sophomore standing w/pre-certificat in, one of these teacher certificate programs: art for preschl/kindgrtn-grade 12; music for p/k-12; phy ed for p/k- 12; spec ed p/k-12, grades 1-9
Requisites: None
Repeatable for Credit: No
Last Taught: Spring 2020

ED PSYCH 470 — RESEARCH EXPERIENCE IN EDUCATIONAL PSYCHOLOGY
1-6 credits.
Research experience under the supervision of a faculty member in Educational Psychology. Students will develop an understanding of research in a topic area and will participate in team-based research. Course reading will include published research studies relevant to the selected topic, and evaluation will include presentations in group meetings or a paper based on the research conducted. Enroll Info: None
Requisites: Consent of instructor
Course Designation: Level: Intermediate
L&S Credit: Counts as Liberal Arts and Science credit in L&S
Repeatable for Credit: Yes, unlimited number of completions
Last Taught: Spring 2020

ED PSYCH 506 — CONTEMPORARY ISSUES IN EDUCATIONAL PSYCHOLOGY
3 credits.
Influence of educational psychology upon issues and innovations in education. See Timetable for current topic. Enroll Info: None
Requisites: None
Course Designation: Level: Advanced
L&S Credit: Counts as Liberal Arts and Science credit in L&S
Repeatable for Credit: Yes, unlimited number of completions
Last Taught: Spring 2020
ED PSYCH 509 — EMBODIED COGNITION & EDUCATION
3 credits.

Theories of embodied cognition, and related theories of enacted, extended, and embedded cognition, have had increasing influence on general theories of cognition and philosophy of mind, and therefore have importance for education. Featuring interdisciplinary work, with readings and topics drawn from scholarly literature from several fields, including: neuroscience, psychology, philosophy, robotics and artificial intelligence, phenomenology, linguistics, and anthropology. Develop familiarity with the prevailing theories, empirical findings, and methodologies used to investigate ways that the body and body-based processes (such as perception) influence and constitute cognition, and the implications and applications of embodied cognition for education, including learning, assessment, and teaching practices. Apply these theories to research and design projects. Enroll Info: None

Requisites: Junior standing

Course Designation: Level - Advanced

L&S Credit - Counts as Liberal Arts and Science credit in L&S
Grad 50% - Counts toward 50% graduate coursework requirement

Repeatable for Credit: No

ED PSYCH 521 — ADOLESCENT DEVELOPMENT IN EDUCATIONAL CONTEXTS
3 credits.

Normative patterns of physical, mental, social, moral, and psychological development during adolescence, with special emphasis on influences of educational settings and implications for schooling. Individual differences in adolescent development resulting from family and cultural background, personal characteristics, and historical events. Enroll Info: Admission to secondary educ cert progm

Requisites: None

Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement

Repeatable for Credit: No

Last Taught: Fall 2013

ED PSYCH 533 — THINKING, FEELING, & LEARNING
3 credits.

Covers the cognitive and emotional foundations of behavior with special reference to processes of learning and change. How does the science of thinking and feeling inform interventions such as teaching, counseling, or parenting? Topics covered include: dual-systems theories, neural and behavioral aspects of emotion and cognitive control, intuition, and expertise. We focus on the relation between unconscious, automatic processes and deliberate, effortful processes guiding behavior. Enroll Info: None

Requisites: None

Repeatable for Credit: No

Last Taught: Fall 2019

ED PSYCH 540 — INTRODUCTION TO PROFESSIONAL SCHOOL PSYCHOLOGY
2 credits.

Introduction to the professional roles and functions of school psychologists; historical development; legal and ethical issues; overview of assessment, intervention, and consultation for children and adolescents at risk for, or with, academic, behavioral, emotional, and social difficulties; applied research in school psychology. Enroll Info: Graduate or professional standing

Requisites: None

Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement

Repeatable for Credit: No

Last Taught: Fall 2019

ED PSYCH 541 — APPLIED BEHAVIOR ANALYSIS IN CLASSROOMS
3 credits.

Application of behavioral analysis to educational situations for both exceptional and normal children and adolescents. Enroll Info: None

Requisites: None

Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement

Repeatable for Credit: No

Last Taught: Fall 2019

ED PSYCH 542 — THE BIOLOGICAL BASIS OF BEHAVIOR
3 credits.

Content will focus on: neuroscience foundational concepts relevant to clinical mental health practice, neuroanatomy, neurophysiology, psychopharmacology, disease states; ontological and phylogenic neurodevelopment. Course will also provide overview of ethical/cultural implications of these scientific advances. Ethical/Cultural/Economic Applications. Enroll Info: Grad st at least 8 credits of undergraduate biology (or the equivalent). Students must have a basic understanding of biology and human anatomy and physiology. This prerequisite would normally be met by two or three undergraduate level courses in biology

Requisites: None

Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement

Repeatable for Credit: No

Last Taught: Fall 2019

ED PSYCH 551 — QUANTITATIVE ETHNOGRAPHY
3 credits.

Explores the theoretical foundations and practical use of quantitative ethnography, focusing on new insights in the field of cognitive modeling and automated coding and their use in applied fields such as anthropology, education, market research, product development, assessment, and training. Enroll Info: ED PSYCH 301, graduate standing, or consent of instructor

Requisites: None

Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement

Repeatable for Credit: No

Last Taught: Spring 2020
ED PSYCH 563 — DESIGN OF EDUCATIONAL GAMES AND SIMULATIONS
3 credits.

Examines the design of learning games and simulations. Topics include intelligent tutoring systems, serious games, and epistemic games, with particular emphasis on design for 21st century learning environments and learning 21st century skills. Enroll Info: None

Requisites: Graduate standing or ED PSYCH 301
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: No

ED PSYCH 570 — FOUNDATIONS OF EDUCATIONAL MEASUREMENT
3 credits.

Theory of mental measurement, types of scales, reliability, validity, psychometric evaluation of published tests. Enroll Info: None

Requisites: None
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement.
Repeatable for Credit: No
Last Taught: Fall 2019

ED PSYCH 621 — ADOLESCENT DEVELOPMENT IN EDUCATIONAL CONTEXTS
2 credits.

Overview of physical, cognitive, emotional, and social development during adolescence as these factors influence and are influenced by young people’s experiences in educational institutions. Enroll Info: Enrollment in Secondary Teacher Education Masters degree and certification program

Requisites: None
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement.
Repeatable for Credit: No
Last Taught: Fall 2019

ED PSYCH 622 — STRUCTURING SECONDARY SCHOOLS FOR ADOLESCENT DEVELOPMENT
1 credit.

Designing instructional environments and learning activities to foster healthy adolescent development. Enroll Info: ED PSYCH 621 and enrollment in Secondary Teacher Education Masters degree and certification program

Requisites: None
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: No
Last Taught: Summer 2017

ED PSYCH/COM ARTS 626 — YOUTH DEVELOPMENT AND SOCIAL MEDIA: INTERDISCIPLINARY TRAINING SEMINAR
1 credit.

Advanced level seminar that involves critical analysis of conceptual and methodological issues underlying empirical research on how social media affect and are affected by adolescent development, provides a venue for feedback on design of research studies involving youth and social media, and fosters interdisciplinary approaches to studying connections between youth development and social media use. Enroll Info: None

Requisites: Graduate/professional standing
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: Yes, unlimited number of completions
Last Taught: Spring 2020

ED PSYCH 631 — SUPERVISION OF SCHOOL PERSONNEL
1 credit.

An introduction to principles and techniques used in the supervision of school personnel, including pre-service candidates and professional school staff. A range of supervisory strategies aimed at enhancing teaching and learning in the classroom will be examined. Students will gain knowledge in clinical supervision, adult learning theory, and evaluation systems used to improve teaching and learning. Enroll Info: None

Requisites: Declared in the MS Educational Psychology: Professional Educator (MSPE)
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: No
Last Taught: Fall 2019

ED PSYCH 632 — PRACTICUM IN SUPERVISION OF SCHOOL PERSONNEL
1 credit.

Designed to enhance the practical application of principles and techniques used in the supervision of school personnel covered in Supervision of School Personnel. A variety of interactive exercises and activities are incorporated into the course to assist in the development of practical skills. Students will apply principles covered in the course in school settings and with supervisees. Enroll Info: None

Requisites: ED PSYCH 631
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: No
Last Taught: Spring 2020
ED PSYCH 633 — PROACTIVELY ADDRESSING STUDENTS’ EMOTIONAL AND BEHAVIORAL NEEDS
3 credits.

Examines promotion, prevention, and intervention approaches and strategies relating to how to best address students’ social, emotional, and behavioral needs within the school setting. (a) examine ways to promote positive development within students, (b) evaluate prevention programs and approaches and how to implement these in school settings, and (c) explore systematic approaches for addressing social, emotional, and behavioral needs once they are present. These strategies will be explored at each level of K-12 education (i.e., elementary, middle, and high). Enroll Info: None

Requisites: Declared in MS Educational Psychology: Professional Educator (MSPE)
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: No
Last Taught: Spring 2020

ED PSYCH 699 — INDEPENDENT READING UNDERGRAD
1-6 credits.

Enroll Info: None
Requisites: Consent of instructor
Course Designation: Level - Advanced
L&S Credit - Counts as Liberal Arts and Science credit in L&S
Repeatable for Credit: Yes, unlimited number of completions
Last Taught: Spring 2020

ED PSYCH 709 — SEMINAR IN RESEARCH IN EDUCATIONAL PSYCHOLOGY I
3 credits.

Areas of research in field, emphasis on logic of inquiry and development of strategies for investigating particular problems. Enroll Info: None
Requisites: Graduate/professional standing
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: No
Last Taught: Fall 2019

ED PSYCH 710 — SEMINAR IN RESEARCH IN EDUCATIONAL PSYCHOLOGY II
3 credits.

Planning and conducting empirical research project, with assistance from faculty advisor and course faculty. Enroll Info: ED PSYCH 709
Requisites: Graduate/professional standing
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: No
Last Taught: Spring 2020

ED PSYCH 711 — CURRENT TOPICS IN EDUCATIONAL PSYCHOLOGY
1-3 credits.

Enroll Info: None
Requisites: Graduate/professional standing
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: Yes, unlimited number of completions
Last Taught: Spring 2020

ED PSYCH 712 — EDUCATIONAL PSYCHOLOGY DIVERSITY SEMINAR
1 credit.

Applies principles of educational psychology to the study of various aspects of diversity in human learning and development. Course readings and participation in diversity events sponsored by the department or other university organizations form the basis for class discussions of how diversity impacts the study of educational psychology. Enroll Info: None
Requisites: Declared in Educational Psychology graduate program
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: No

ED PSYCH 715 — PRACTICUM FOR TEACHERS OF THE GIFTED AND TALENTED
3 credits.

Planning and conducting learning experiences for gifted students. Enroll Info: Ed Psych 501 and Grad st
Requisites: Graduate/professional standing
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: Yes, unlimited number of completions
Last Taught: Summer 2013

ED PSYCH/COUN PSY/CURRIC/ED POL/ELPA/RP & SE 719 — INTRODUCTION TO QUALITATIVE RESEARCH
3 credits.

Provides an overview of qualitative inquiry, examining assumptions, standards, and methods for generating and communicating interpretations. Methodological and theoretical works illustrate case study, ethnography, narrative, and action research. This course does not include a field method component. Enroll Info: None
Requisites: Graduate/professional standing
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: No
Last Taught: Spring 2020

ED PSYCH 720 — CHILD DEVELOPMENT
3 credits.

Individual development in infancy and childhood. Individual differences in and contextual influences on physical, cognitive, social, and personality development. Enroll Info: None
Requisites: Graduate/professional standing
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: No
Last Taught: Fall 2019

ED PSYCH 721 — ADOLESCENT DEVELOPMENT
3 credits.

Individual differences in and contextual influences on physical, cognitive, social, and personality development. Enroll Info: None
Requisites: Graduate/professional standing
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: No
Last Taught: Spring 2020
ED PSYCH/COUN PSY 723 — DEVELOPMENTAL PROCESSES ACROSS THE LIFE SPAN
3 credits.
Life-span perspective on studying individual development from conception to death. Emphasis on multidisciplinary, multidirectional, and contextual approaches to physical, psychological, social, and intellectual developmental processes. Enroll Info: None
Requisites: Graduate/professional standing
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: No
Last Taught: Fall 2019

ED PSYCH/HDFS 725 — THEORY AND ISSUES IN HUMAN DEVELOPMENT
3 credits.
This course covers both classic and contemporary theories, providing students with a firm grounding in the theoretical perspectives that have shaped and are shaping understandings of human development across the life-span. The course explores the historical roots of contemporary perspectives and examines the development of theoretical conceptualizations both within and across theoretical perspectives. Enroll Info: None
Requisites: Graduate/professional standing
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: No
Last Taught: Spring 2020

ED PSYCH/COUN PSY/HDFS 726 — ETHNIC AND RACIAL DIVERSITY IN SOCIAL DEVELOPMENT
3 credits.
Review of empirical and theoretical research on ethnic/racial diversity in social development across childhood, adolescence and early adulthood with emphasis on implications for counseling and school psychology. Enroll Info: None
Requisites: Graduate/professional standing
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: No
Last Taught: Spring 2020

ED PSYCH 731 — LABORATORY IN DEVELOPMENTAL RESEARCH
3 credits.
Emphasis on developing skills necessary for researchers in human development, observational techniques, experimental methods in infant and child research, design of lab equipments, research design for developmental problems. Enroll Info: None
Requisites: Graduate/professional standing
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: Yes, unlimited number of completions
Last Taught: Fall 2013

ED PSYCH/COUN PSY/RP & SE 736 — SEMINAR IN PSYCHOLOGY OF INDIVIDUAL DIFFERENCES
3 credits.
Graduate-level seminar in the psychology of individual differences, providing broad and general coverage of theory and research related to individual and cultural differences. Enroll Info: None
Requisites: Graduate/professional standing
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: No
Last Taught: Spring 2020

ED PSYCH/COUN PSY/RP & SE 737 — SEMINAR IN HISTORY AND SYSTEMS OF PSYCHOLOGY
3 credits.
Graduate-level seminar in the history of psychology, providing broad and general coverage of the development of psychology as a scientific discipline. Includes coverage of philosophy of science and systems of psychological inquiry, with applications to current research in psychology. Enroll Info: None
Requisites: Graduate/professional standing
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: No
Last Taught: Summer 2019

ED PSYCH 740 — COGNITIVE ASSESSMENT OF CHILDREN IN THE SCHOOLS
3 credits.
Theories of intelligence and intelligence testing, construction and validation of the Binet and Wechsler tests, administration of tests, interpretation of test results and report writing, recent research in intelligence testing. Enroll Info: ED PSYCH 570 760 or PSYCH 210 370 or cons inst
Requisites: Graduate/professional standing
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: No
Last Taught: Spring 2020

ED PSYCH 741 — SOCIAL, EMOTIONAL, AND BEHAVIORAL ASSESSMENT
3 credits.
Knowledge and skills necessary to conduct comprehensive assessments of social, emotional, and behavioral difficulties in children and adolescents; theoretical foundations; assessment procedures and instruments; diagnostic and eligibility criteria; early identification and intervention. Enroll Info: ED PSYCH 740 or cons inst
Requisites: Graduate/professional standing
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: No
Last Taught: Fall 2019
ED PSYCH 742 — ASSESSMENT AND INTERVENTION FOR ACADEMIC SKILL PROBLEMS
3 credits.
Assessment methods and intervention strategies for children with academic skill problems in educational settings; practice in application of assessment and intervention approaches to case studies. Enroll Info: None
Requisites: Graduate/professional standing
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: No
Last Taught: Fall 2019

ED PSYCH 743 — DESIGN AND ANALYSIS OF SINGLE-CASE RESEARCH
3 credits.
Course designed to increase the capacity of graduate students to conduct high-quality single-case intervention research, by improving the scientific credibility of both the methodology; and the visual and statistical analysis of their studies. Although designed as an initial course in single-case research design, this course will equip students with the skills and knowledge to critically analyze published intervention research and to implement quality intervention research studies. Enroll Info: None
Requisites: Consent of instructor
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: No
Last Taught: Spring 2020

ED PSYCH 745 — DESIGNING AND MANAGING THE LEARNING ENVIRONMENT
3 credits.
This course provides students with knowledge and skills necessary to effectively and efficiently engage with students and manage the classroom environment. Students’ ability to support the academic and social-emotional growth of children will be enhanced through knowledge gained regarding children’s self-regulation, motivation, school climate, multi-tiered behavioral interventions, and schoolwide positive behavior support. Enroll Info: Students must be enrolled in the Master of Science for Professional Educators program or have consent of instructor
Requisites: Graduate/professional standing
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: No
Last Taught: Summer 2019

ED PSYCH 752 — ENGAGING WITH EDUCATION RESEARCH
1 credit.
This course introduces students to issues in consuming and conducting education research. The focus of the course is on research paradigms and methods frequently used in education research. Enroll Info: Enrollment in the Master of Science for Professional Educators program or consent of instructor
Requisites: Graduate/professional standing
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: No
Last Taught: Summer 2019

ED PSYCH 760 — STATISTICAL METHODS APPLIED TO EDUCATION I
3 credits.
Introductory descriptive statistics and statistical inference; measures of central tendency and variability, confidence intervals, theory of hypothesis testing, correlation techniques. Enroll Info: None
Requisites: Graduate/professional standing
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: No
Last Taught: Fall 2019

ED PSYCH 761 — STATISTICAL METHODS APPLIED TO EDUCATION II
3 credits.
Analysis of variance and covariance, multiple linear regression; chi-square and various nonparametric techniques. Enroll Info: ED PSYCH 760 or PSYCH 210
Requisites: Graduate/professional standing
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: No
Last Taught: Spring 2020

ED PSYCH 762 — INTRODUCTION TO THE DESIGN OF EDUCATIONAL EXPERIMENTS
3 credits.
Classical experimental designs and their application to educational research, factorial treatment arrangements, confounding, repeated measures design, and related topics. Enroll Info: ED PSYCH 760, 761
Requisites: Graduate/professional standing
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: No
Last Taught: Fall 2019

ED PSYCH 763 — REGRESSION MODELS IN EDUCATION
3 credits.
An applied introduction to regression techniques is given, covering nonparametric regression, multiple linear regression and logistic regression. All applied analyses are done in the statistical programming language R. Enroll Info: ED PSYCH 760 and 761, or equivalent introductory statistics courses (with consent of instructor)
Requisites: Graduate/professional standing
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: No
Last Taught: Spring 2020
ED PSYCH/COMP SCI/PSYCH 770 — HUMAN-COMPUTER INTERACTION
3 credits.

Principles of human-computer interaction (HCI); human subjects research methods and procedures, qualitative and quantitative data analysis; and semester-long research project situated in critical domains of HCI, including applications in ubiquitous, affective, assistive, social, and embodied computing. Enroll Info: None
Requisites: Graduate/professional standing
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: No
Last Taught: Spring 2020

ED PSYCH 771 — TEST CONSTRUCTION
3 credits.

Procedures for development and analysis of educational tests and questionnaires; strategies for measurement of achievement, attitude, and interests; procedures for item analysis and assessment of reliability and validity. Enroll Info: ED PSYCH 760 and 570
Requisites: Graduate/professional standing
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: No
Last Taught: Fall 2019

ED PSYCH 773 — FACTOR ANALYSIS, MULTIDIMENSIONAL SCALING AND CLUSTER ANALYSIS
3 credits.

Major types of factor models, nonmetric multidimensional scaling methods and clustering procedures. Methods of data collection, mathematical algorithms, estimating the number of factors, transformation and identification of factors. Enroll Info: ED PSYCH 761
Requisites: Graduate/professional standing
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: No
Last Taught: Fall 2019

ED PSYCH/ELPA 780 — TEACHER LEADERSHIP AND LEARNING COMMUNITIES
3-4 credits.

Focuses on knowledge and skills teachers need to be leaders in their schools in facilitating the development of strong learning communities that include students, teachers, families, administrators, and other educators. Main objectives are to help students understand key concepts, theories, and models used in building and sustaining effective learning communities; develop skills in creating practices that contribute to effective teacher leadership; and identify and strengthen skills needed to lead schools to build learning communities that promote student learning. Enroll Info: Enrollment in the Master of Science for Professional Educators program or consent of instructor
Requisites: Graduate/professional standing
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: No
Last Taught: Fall 2019

ED PSYCH/ELPA 781 — TOOLS FOR THOUGHT
3 credits.

Cognitive analysis of educational technologies, exploring relationships among tools, thinking, and learning. Studies of Froebel's gifts and occupations, typewriters, film and video, the Internet, and other tools for analyzing technology and education. Enroll Info: None
Requisites: Graduate/professional standing
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: No
Last Taught: Fall 2014

ED PSYCH/ELPA 788 — QUALITATIVE RESEARCH METHODS IN EDUCATION: FIELD METHODS I
3 credits.

Introductory field methods experience in qualitative research. Students will learn to define good research questions, determine which methods of data collection and analysis are useful for addressing those questions, engage in these methods, reflect on their utility in education research. Enroll Info: None
Requisites: RP & ED PSYCH/ELPA/RP & SE 719
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: No
Last Taught: Spring 2020

ED PSYCH/ELPA 789 — QUALITATIVE RESEARCH METHODS IN EDUCATION: FIELD METHODS II
3 credits.

Focus on data analysis and translation of findings and implications. Students will gain theoretical and practical knowledge and skills regarding coding and analysis techniques, use of qualitative analytic tools, strategies for sharing findings with audiences beyond research team. Enroll Info: None
Requisites: Students must have taken Coun ED PSYCH/COUN PSY/CURRIC/ED POL/ELPA/ELPA/RP & SE 788.
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: No
Last Taught: Spring 2019

ED PSYCH 791 — MASTER OF SCIENCE FOR PROFESSIONAL EDUCATORS CAPSTONE
1-4 credits.

The MSPE Capstone course is a class in which students complete an investigation of a policy or practice in their classroom, school, or school district. Students' capstone investigations are individualized to their interests and practice and reflect research and content knowledge gained from preceding MSPE courses. Enroll Info: Students must be enrolled in the Master of Science for Professional Educators
Requisites: Consent of instructor
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: Yes, for 3 number of completions
Last Taught: Spring 2018

ED PSYCH 792 — TOOLS FOR THOUGHT
3 credits.

Cognitive analysis of educational technologies, exploring relationships among tools, thinking, and learning. Studies of Froebel's gifts and occupations, typewriters, film and video, the Internet, and other tools for analyzing technology and education. Enroll Info: None
Requisites: Graduate/professional standing
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: No
Last Taught: Fall 2014
ED PSYCH 795 — INTRODUCTION TO LEARNING SCIENCES I  
3 credits.
Survey of major theories and elementary cognitive and social processes in learning. Enroll Info: None  
Requisites: Graduate/professional standing  
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement  
Repeatable for Credit: No  
Last Taught: Fall 2019

ED PSYCH 796 — INTRODUCTION TO THE LEARNING SCIENCES II  
3 credits.
Principles of learning emphasizing higher order cognitive and social processes. Enroll Info: ED PSYCH 795 or cons inst  
Requisites: Graduate/professional standing  
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement  
Repeatable for Credit: No  
Last Taught: Spring 2020

ED PSYCH/CURRIC/L IS 803 — COMPUTATIONAL RESEARCH METHODS  
3 credits.
Provides a broad overview of ways of formulating and investigating novel questions with tools from educational data mining and learning analytics including social network analysis, natural language processing, Markov modeling, Bayesian inference, and agent-based modeling. Enroll Info: None  
Requisites: Graduate/professional standing  
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement  
Repeatable for Credit: No  
Last Taught: Fall 2018

ED PSYCH/CURRIC 821 — CONSTRUCTIONISM  
3 credits.
This course is a survey of constructionist theory, research, and tools. Course content and activities will help students develop a deeper understanding of the history, theories, philosophies, tools, research, and technologies of constructionism and its children. Enroll Info: None  
Requisites: Graduate/professional standing  
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement  
Repeatable for Credit: No  
Last Taught: Spring 2019

ED PSYCH/ELPA 822 — INTRODUCTION TO QUANTITATIVE INQUIRY IN EDUCATION  
3 credits.
Prepares doctoral students to use the concepts and methods of quantitative social science research to conduct research on education issues. Topics include hypothesis testing, statistical inference, point estimates, graphic and numerical data displays, correlation and regression. Enroll Info: None  
Requisites: Graduate/professional standing  
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement  
Repeatable for Credit: No  
Last Taught: Spring 2020

ED PSYCH/ELPA 827 — SURVEYS AND OTHER QUANTITATIVE DATA COLLECTION STRATEGIES  
3 credits.
This course examines the methods and concepts of survey research methods as they are commonly used in education research. Strategies include surveys (phone, mail, electronic, in person), logs/diaries, and experience sampling instruments. Emphasis is given to self-administered surveys, including periodic surveys, since these strategies are the most common in education research. Enroll Info: None  
Requisites: Graduate/professional standing  
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement  
Repeatable for Credit: No  
Last Taught: Spring 2018

ED PSYCH 840 — CLINICAL PRACTICUM IN SCHOOL PSYCHOLOGY  
1-6 credits.
Applied experience in comprehensive psychological and educational evaluation procedures with children, parent interviewing, school consultation; remedial therapeutic, and counseling techniques with children and parents; practicum experience individually determined by student’s prior training and course work. Enroll Info: ED PSYCH 740, 741 cons inst  
Requisites: Graduate/professional standing  
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement  
Repeatable for Credit: Yes, unlimited number of completions  
Last Taught: Spring 2020

ED PSYCH/ED POL/ELPA/RP & SE 842 — LEGAL FOUNDATIONS OF SPECIAL EDUCATION AND PUPIL SERVICES  
3 credits.
Legal requirements and issues relative to special education and pupil services programs; special education, juvenile justice, programs for English language learners, programs for children who are homeless; examination of applicable federal and state statutes and case law. Enroll Info: None  
Requisites: Graduate/professional standing  
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement  
Repeatable for Credit: No  
Last Taught: Fall 2019

ED PSYCH 844 — CHILDHOOD AND ADOLESCENT PSYCHOPATHOLOGY IN SCHOOLS  
3 credits.
Reviews major psychological disorders of childhood and adolescence as relevant to schools; examines etiology and developmental course, documenting major characteristics and behavior correlates of disorders; provides a comparison of major diagnostic and classification systems for childhood psychopathology. Enroll Info: None  
Requisites: Graduate/professional standing  
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement  
Repeatable for Credit: No  
Last Taught: Fall 2019
ED PSYCH 845 — PSYCHOPHARMACOLOGICAL TREATMENTS FOR CHILDREN AND ADOLESCENTS
3 credits.
Provides an overview of psychopharmacological treatments of childhood and adolescent disorders in educational settings. Topics covered include basic biological principles of drugs and drug treatment, specific drug classifications and their biological actions, drug treatments for childhood disorders, and professional issues. Enroll Info: None
Requisites: Graduate/professional standing
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: No
Last Taught: Spring 2020

ED PSYCH 861 — STATISTICAL ANALYSIS AND DESIGN IN EDUCATIONAL RESEARCH
3 credits.
A non-parametric perspective of classical experimental designs and their application to educational research, factorial treatment arrangements, repeated measures designs, and related topics. Enroll Info: ED PSYCH 760 or equiv
Requisites: Graduate/professional standing
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: No
Last Taught: Fall 2013

ED PSYCH 871 — TEST THEORY II
3 credits.
Continuation of 870. Theory underlying validity, scoring procedures, prediction and classification, normal, binomial, Poisson and logistic models. Enroll Info: Differential calculus and an intermed crse in stat required
Requisites: Graduate/professional standing
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: No
Last Taught: Spring 2020

ED PSYCH/HDFS/NURSING/SOC WORK 880 — PREVENTION SCIENCE
3 credits.
This course provides a theoretical, empirical and practical foundation for prevention science as it relates to the prevention of human social problems. Research and evaluation methods, program design strategies, best practices and policy as they relate to the field of prevention are also examined. Intended for 2nd year graduate students. Enroll Info: None
Requisites: Graduate/professional standing
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: No
Last Taught: Fall 2019

ED PSYCH/HDFS/NURSING/SOC WORK 881 — CAPSTONE SEMINAR IN PREVENTION SCIENCE
1 credit.
This course provides an opportunity for students to meet with prevention professionals and scholars from across campus and the community to explore current and emerging issues of prevention research and professional practice. Students must complete HDFS/ED PSYCH/HDFS/NURSING/SOC WORK 880 before taking this course. Enroll Info: None
Requisites: Consent of instructor
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: No
Last Taught: Spring 2020

ED PSYCH 920 — SEMINAR IN CHILD DEVELOPMENT
2-3 credits.
Specialized seminar focusing on topics in the social, emotional, and cognitive development of children. Investigations of the relations between development, learning, and behavior in educational contexts. See timetable for current topics. Enroll Info: None
Requisites: Graduate/professional standing
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: Yes, unlimited number of completions
Last Taught: Spring 2014

ED PSYCH 921 — SEMINAR IN ADOLESCENT DEVELOPMENT
2-3 credits.
Selected aspects of intellectual, emotional, physiological, personality and social development in adolescence. Understanding adolescent behavior in educational settings. Enroll Info: None
Requisites: Graduate/professional standing
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: Yes, unlimited number of completions
Last Taught: Spring 2020

ED PSYCH 925 — ADVANCED SEMINAR IN HUMAN DEVELOPMENT
2-3 credits.
This course is designed to provide an in-depth review and analysis of specific areas of human development, such as cognitive, moral, language, neurological, social, and personality development. Enroll Info: None
Requisites: Graduate/professional standing
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: Yes, unlimited number of completions
Last Taught: Spring 2020
ED PSYCH 942 — SYSTEMS OF CONSULTATION IN SCHOOL PSYCHOLOGY
2-3 credits.

Mental health, behavioral and organization development models of consultation in school psychology. Overview of evidence-based prevention and intervention programs as implemented in a consultation problem-solving process. Enroll Info: None
Requisites: Graduate/professional standing
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: No
Last Taught: Spring 2020

ED PSYCH 943 — INTERNSHIP IN SCHOOL PSYCHOLOGY
1-12 credits.

Supervised individualized placements in appropriate schools, institutions, and community agencies; controlled exposure to job demands of school psychologists; experience in dealing with problem children, adolescents, and their families. Enroll Info: None
Requisites: Graduate/professional standing
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: Yes, unlimited number of completions
Last Taught: Spring 2020

ED PSYCH/COUN PSY/RP & SE 944 — INTERNSHIP PREPARATION
1 credit.

Primary goal of this course is to help students in Counseling Psychology, Rehabilitation Psychology Special Education, and the School Psychology Program prepare for their internship by providing resources, guidelines, and support in selecting and applying to internship sites. Enroll Info: Dissertator status in the department
Requisites: Graduate/professional standing
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: No
Last Taught: Spring 2012

ED PSYCH/SOC WORK 945 — EVALUATION RESEARCH
3 credits.

A comprehensive introduction to practice of program evaluation research in social welfare and human development. Developments in descriptive, experimental, quasi-experimental, theory-driven, and naturalistic evaluations detailed. Topics include assessment, evaluation design, monitoring, outcome evaluation, selection bias, program theory, meta-analysis and utilization. Enroll Info: None
Requisites: Graduate/professional standing
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: No
Last Taught: Fall 2019

ED PSYCH 946 — ADVANCED ASSESSMENT AND INTERVENTION TECHNIQUES
3 credits.

Advanced assessment practices and the corresponding link to intervention; intervention strategies and programs designed to improve the academic, emotional, behavioral and social functioning of children and adolescents. Enroll Info: None
Requisites: Graduate/professional standing
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: Yes, unlimited number of completions
Last Taught: Spring 2020

ED PSYCH 947 — EVIDENCED-BASED CHILD AND ADOLESCENT PSYCHOTHERAPY
3 credits.

Critical review of various psychotherapeutic approaches (cognitive, behavioral, psychodynamic) with special emphasis on identifying and implementing evidence-based assessment and interventions for a variety of behavioral and emotional problems experienced by children and adolescents. Enroll Info: None
Requisites: Graduate/professional standing
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: No
Last Taught: Spring 2020

ED PSYCH 948 — RESEARCH AND MEASUREMENT SEMINAR IN SCHOOL PSYCHOLOGY
3 credits.

Focus on research and measurement methods, special topics, technical writing, and ethical principles in conducting research in school psychology. Emphasis on skills needed to design and complete individual research projects. Enroll Info: None
Requisites: Graduate/professional standing
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: Yes, unlimited number of completions
Last Taught: Fall 2019

ED PSYCH 960 — STRUCTURAL EQUATION MODELING
3 credits.

Introduction to the theory and practice of structural equation modeling in the educational and social sciences, including path analysis, confirmatory factor analysis and hybrid models. Enroll Info: ED PSYCH 760 761, or equiv
Requisites: Graduate/professional standing
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement
Repeatable for Credit: No
Last Taught: Spring 2020
ED PSYCH 961 — SEMINAR-STATISTICS AND RESEARCH DESIGN  
3 credits.  

Enroll Info: None  
Requisites: Graduate/professional standing  
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement  
Repeatable for Credit: Yes, unlimited number of completions  
Last Taught: Spring 2016

ED PSYCH 963 — DESIGN & ANALYSIS OF QUASI-EXPERIMENTS FOR CAUSAL INFERENCE  
3 credits.  

An applied introduction to causal inference with regression discontinuity designs, interrupted time series designs, non-equivalent control group designs (matching designs), and instrumental variable designs is given.  
Enroll Info: ED PSYCH 763 or equivalent regression courses (with consent of instructor)  
Requisites: Graduate/professional standing  
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement  
Repeatable for Credit: No  
Last Taught: Spring 2019

ED PSYCH/ELPA 964 — HIERARCHICAL LINEAR MODELING  
3 credits.  

Introduction to the statistical methodology of hierarchical linear modeling, including random intercept and random slope and intercept models; models for longitudinal data; and multilevel generalized linear models. Enroll Info: ED PSYCH 760 761, or equiv  
Requisites: Graduate/professional standing  
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement  
Repeatable for Credit: No  
Last Taught: Spring 2020

ED PSYCH 965 — APPLIED BAYESIAN STATISTICS FOR EDUCATION RESEARCH  
3 credits.  

Covers the basic elements of Bayesian statistics through lecture, discussion and practice. Focuses on why the Bayesian perspective provides a powerful alternative to the frequentist perspective. Topics to be covered include; Bayes’ theorem, Markov chain Monte Carlo sampling and the “rjags” program, Bayesian hypothesis testing, Bayesian model building and evaluation, Bayesian approaches to missing data, Bayesian model averaging, Bayesian multilevel models and latent variable models, and philosophical debates within the Bayesian paradigm of statistics.  
Enroll Info: None  
Requisites: ED PSYCH 763  
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement  
Repeatable for Credit: No

ED PSYCH 971 — ADVANCED SEMINAR IN EDUCATIONAL MEASUREMENT AND STATISTICS  
1-2 credits.  

Each week, students will read and discuss a different current article from the educational statistics and measurement literature. The purpose of this course is to explore a variety of subjects in which students might like to eventually conduct research. Enroll Info: ED PSYCH 871 or cons inst  
Requisites: Graduate/professional standing  
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement  
Repeatable for Credit: Yes, unlimited number of completions  
Last Taught: Fall 2018

ED PSYCH 990 — RESEARCH OR THESIS  
1-12 credits.  

Enroll Info: None  
Requisites: Consent of instructor  
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement  
Repeatable for Credit: Yes, unlimited number of completions  
Last Taught: Spring 2020

ED PSYCH/COUN PSY/PSYCH/RP & SE 995 — PREDOCTORAL INTERNSHIP  
0 credits.  

Registration for Ph.D. students who have successfully defended the dissertation and are in the process of completing the required predoctoral internship. Enroll Info: Successful dissertation defense  
Requisites: Graduate/professional standing  
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement  
Repeatable for Credit: Yes, unlimited number of completions  
Last Taught: Spring 2020

ED PSYCH 999 — INDEPENDENT READING  
1-3 credits.  

Enroll Info: None  
Requisites: Consent of instructor  
Course Designation: Grad 50% - Counts toward 50% graduate coursework requirement  
Repeatable for Credit: Yes, unlimited number of completions  
Last Taught: Spring 2020
