CURRICULAR REQUIREMENTS

Requirements Detail

| Minimum Credit Requirement | 34 credits |
| Minimum Residence Credit Requirement | 16 credits |

Minimum Graduate Coursework Requirement

- 23 out of 34 total credits must be completed in graduate-level coursework; courses with the Graduate Level Coursework attribute are identified and searchable in the university’s Course Guide (https://public.my.wisc.edu/web/expanded). Please refer to Agroecology Learning Plans.

Overall Graduate GPA Requirement

- 3.00 GPA required.

Other Grade Requirements coursework.

Assessments and Examinations

The research track requires a formal thesis and public defense; the public practice track requires a comprehensive report and public presentation.

Language Requirements

No language requirements.

Cross Training Electives

Students will select courses to fulfill their cross-training electives in the categories below. Per Graduate School requirements, at least 5 of the 12 cross training electives must be from UW-Madison at the 700 level or above OR from UW-Madison courses in the 300-699 range that have the “graduate attribute.” By time of graduation, the student will have taken courses in:

Ecology

The following are examples of courses in this category:

- BOTANY/F&W ECOL/ZOOLOGY 460: General Ecology
- ENVIR ST 506: Modeling and Analysis of Environmental Systems
- AGRONOMY/BOTANY/SOIL SCI 370: Grassland Ecology

Social Science

The following are examples of courses in this category:

- C&E SOC or A A E courses on food systems, agricultural technology, the agricultural environment, or agricultural policy

Data Analysis

The following are examples of courses in this category:

- Graduate-level GIS, statistics, or qualitative methods course

Agricultural Science

The following are examples of courses in this category:

- AGRONOMY 300: Cropping Systems
- SOIL SCI 301: General Soil Science

Research and Thesis

AGROECOL 990: Research

Total Credits 34

1 These tracks are internal to the program and represent different pathways a student can follow to earn this degree. Track names do not appear in the Graduate School admissions application, and they will not appear on the transcript.
The AGROECOL 710 Agroecology Seminar is offered both fall and spring semester for 1 credit. Students are encouraged to enroll every semester, but must complete at least 3 credits.

### Public Practice Track

Students will select courses to fulfill their cross-training electives in each of the four categories below. Per Graduate School requirements, at least 11 of the 18 cross-training electives must be UW–Madison courses at the 700 level or above OR from UW–Madison courses in the 300–699 range that have the “graduate attribute.” By time of graduation, the student will have taken courses in:

#### Ecology

The following are examples of courses in this category:

- BOTANY/ F&W ECOL/ ZOOLOGY 460  General Ecology
- ENVIR ST 506  Modeling and Analysis of Environmental Systems
- AGRONOMY/ BOTANY/ SOIL SCI 370  Grassland Ecology

#### Social Science

The following are examples of courses in this category:

- C&E SOC or A A E courses on food systems, agricultural technology, the agricultural environment, or agricultural policy

#### Community Process

The following are examples of courses in this category:

- PUB AFFR/ POLI SCI/ URB R PL 874  Policy-Making Process
- URB R PL/A A E/ REAL EST 520  Community Economic Analysis
- URB R PL 814  Environmental and Alternative Dispute Resolution in Planning

#### Agricultural Science

The following are examples of courses in this category:

- AGRONOMY 300  Cropping Systems
- SOIL SCI 301  General Soil Science

#### Project

AGROECOL 990  Research 6

**Total Credits** 34
