ART HISTORY, PH.D.

The Department of Art History offers programs leading to the master of arts and the doctor of philosophy in art history. Our faculty includes specialists in: African and African Diaspora art; American art and architecture; American material culture; contemporary art and theory; Chinese art; curatorial studies; early modern European art; Islamic art and architecture; Japanese art; Medieval European and Byzantine art; print culture; photography, film, and video; vernacular architecture; Victorian art and material culture; and visual studies and critical theory. To name a few, the department encourages the study of the global history of art, and material and visual culture while investigating works in all media from a wide range of periods and a variety of world cultures.

Students enjoy close interaction with their mentors and profit from superb resources for interdisciplinary research. Faculty members have international reputations in their specialties, regularly receive prestigious awards, lecture widely, and serve on major professional boards. Graduates of the department teach at the postsecondary level or pursue careers in museum and curatorial professions, private galleries and auction houses, library or archival work, architecture and historical preservation, and conservation.

The department is housed in the Conrad A. Elvehjem Building with the Chazen Museum of Art (http://www.chazen.wisc.edu/), which has a broad historical collection with several areas of particular strength, an active acquisitions program, and facilities to host major traveling exhibitions and exhibition courses. Graduate students use these collections for research and publishing projects. They may also have the opportunity to work on exhibitions in special classes or as project assistants. The building is also home to the Kohler Art Library, which contains an excellent collection of published materials and full range of periodicals. The department possesses a large image collection.

While students may pursue a stand-alone M.A., those who wish to pursue a Ph.D. should apply directly to that program. Admission to either program is offered to applicants who have an outstanding undergraduate record of academic achievement. The successful applicant typically presents both a compelling statement of purpose for graduate studies and an advanced research paper. To be competitive in some subfields, applicants should have training in at least one foreign language. Applicants are encouraged to contact prospective faculty advisors for more details. Non-native English speakers must present TOEFL or IELTS scores.
