

# BUSINESS, ENVIRONMENT, AND SOCIAL RESPONSIBILITY, GRADUATE/ PROFESSIONAL CERTIFICATE

## REQUIREMENTS

The required foundation course, advanced business sustainability coursework, and electives from across the campus need to tally a **minimum of 12 credits**. The slate of coursework options available for fulfilling the certificate program is shown in the table below. Students are strongly encouraged to participate in related non-credit sustainability experiences via competitions, conferences, and speaker events.

The foundation course has no prerequisites and is open to all graduate students on campus. Students will: (1) take one required foundation course: M H R 710 Challenges & Solutions in Business Sustainability (2) choose at least 3 additional credits from a list of School of Business advanced business sustainability coursework, and (3) select up to 6 credits of additional courses from other elective coursework. Coursework needs to be completed with a B or better to count towards the certificate.

CIV ENGR 729	Environmental Sustainability Tools	3		
E P D 660	Core Competencies of Sustainability	3		

The list of electives is dynamic and will be adjusted as new courses are being offered and others dropped. Students may request to substitute listed electives with courses that are currently not listed. Such a request requires that the student explains how the substitute class meets the learning outcomes of the certificate and assists the student in reaching their individual goals for taking the certificate. The request requires approval by the certificate director.

For courses with access restricted to School of Business students, non-business school students may select equivalent open-access lower-level
