Wisconsin’s M.S. in Supply Chain Management, supported by the Grainger Center for Supply Chain Management, is a one-year program that provides students with an interdisciplinary education combining fundamental knowledge and applied learning experiences. The strategic, cross-functional curriculum takes an integrated business process view of supply chains, including marketing, sourcing, logistics, operations, and customer service. Students connect with and learn from real-world supply chain leaders and are part of a strong, close-knit community. See the program website (https://wsb.wisc.edu/programs-degrees/masters/supply-chain) for more information.

**ADMISSIONS**

The following will be required for admission to the MS-Business: Supply Chain Management program:

- Undergraduate university degree, or expected completion of such a degree prior to starting the MS-Business: Supply Chain Management program
- Demonstrated knowledge of business fundamentals (or specific plan for acquiring prior to the start of the program); some possible ways of satisfying this include:
  - Undergraduate degree with business major or minor
  - Completion of Certificate in Business at UW-Madison
  - Earning GPA >= 3.0 in intermediate college course work covering at least two core business disciplines (marketing, operations, finance, accounting, management); completion of GEN BUS 310 or GEN BUS 311 satisfies this requirement, and can be taken online during the summer prior to the start of the program
- Undergraduate transcript, GPA >= 3.0
- One letter of recommendation, preferably addressing the applicant’s professional skills
- Resume
- Response to essay question
- GMAT or GRE score

An interview may be requested by the Program Office or Grainger Center staff.

Additional international student requirements:

- TOEFL score of at least 100

The TOEFL will not be required for international applicants whose four-year undergraduate degree and/or master’s degree (minimum of eight semesters total) instruction was in English or who will complete such a degree prior to matriculation in the MS-Business: Supply Chain Management program.

**Mode of Instruction Definitions**

- **Evening/Weekend**: These programs are offered in an evening and/or weekend format to accommodate working schedules. Enjoy the advantages of on-campus courses and personal connections, while keeping your day job. For more information about the meeting schedule of a specific program, contact the program.
- **Online**: These programs are offered primarily online. Many available online programs can be completed almost entirely online with all online programs offering at least 50 percent or more of the program work online. Some online programs have an on-campus component that is often designed to accommodate working schedules. Take advantage of the convenience of online learning while participating in a rich, interactive learning environment. For more information about the online nature of a specific program, contact the program.
- **Hybrid**: These programs have innovative curricula that combine on-campus and online formats. Most hybrid programs are completed on-campus with a partial or completely online semester. For more information about the hybrid schedule of a specific program, contact the program.
- **Accelerated**: These on-campus programs are offered in an accelerated format that allows you to complete your program in a condensed time-frame. Enjoy the advantages of on-campus courses with minimal disruption to your career. For more information about the accelerated nature of a specific program, contact the program.

Minimum Graduate Coursework Requirement

Half of degree coursework (15 credits out of 30 total credits) must be completed graduate-level coursework; courses with the Graduate Level Coursework attribute are identified and searchable in the university’s Course Guide (https://registrar.wisc.edu/course-guide/).

Overall Graduate GPA Requirement

3.00 GPA required.

Other Grade Requirements

The Graduate School requires an average grade of B or better in all coursework (300 or above, not including research credits) taken as a graduate student unless conditions for probationary status require higher grades. Grades of Incomplete are considered to be unsatisfactory if they are not removed during the next enrolled semester.

Assessments and Examinations

Contact the program for information on required assessments and examinations.

Due to the interdisciplinary nature of supply chain management, any course with the graduate course attribute offered by the School of Business (including departments: ACCT, ACT SCI, FINANCE, GEN BUS, INFO SYS, INTL BUS, M H R, MARKETNG, OTM, REAL EST, or R M I) can be used to complete the required elective credits. Courses outside of the School of Business will be considered on a case-by-case basis.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

CREDITS PER TERM ALLOWED

15 credits

TIME CONSTRAINTS

Master's degree students who have been absent for five or more consecutive years lose all credits that they have earned before their absence. Individual programs may count the coursework students completed prior to their absence for meeting program requirements; that coursework may not count toward Graduate School credit requirements.

OTHER

Students must be enrolled full-time.
PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES
Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd) to build skills, thrive academically, and launch your career.

PROGRAM RESOURCES
This program provides significant opportunities for professional development through the applied learning curriculum.

LEARNING OUTCOMES
1. Apply knowledge in operations, finance, marketing and information systems to support decision making within and across the fundamental dimensions of supply chain management – planning, sourcing, making and delivering physical and non-physical products.
2. Make supply chain decisions in real-world settings through significant exposure to leading supply chain practitioners.
3. Identify relevant sources of data, know how to access that data, and be able to analyze it to support supply chain decision making.
4. Identify and assess the opportunities and risks associated with global sources of supply and global markets for goods.
5. Communicate ideas and recommendations to individuals in all functional areas within an organization.

PEOPLE
