Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW-Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

REQUIRED COURSES

All graduate students (including PhD dissertation students) must register for GEO 900 Seminar once per academic year. M.S. degree candidates may choose from two options for their program of study:

Thesis Pathway

This option requires at least 16 credits of graduate-level coursework (numbered 300 and higher) and at least 6 credits of GEO 790 Master’s Research or Thesis.

Independent Study Pathway

This option requires at least 21 credits of graduate-level coursework (numbered 300 and higher) and 3 credits of GEO 999 Independent Work. A written report must be prepared based on the independent study project.

1 These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.
