This is a named option with the Computer Sciences M.S. (http://
guide.wisc.edu/graduate/computer-sciences/computer-sciences-ms/)

The program is designed such that working professionals can complete
the program and earn an M.S. degree within two years. Professional
Master’s students can take coursework in many areas: artificial
intelligence, computational biology, computer architecture, computer
graphics, computer networks, computer security, database systems,
human–computer interaction, numerical analysis, optimization,
performance analysis, programming languages and compilers,
systems research, and theoretical computer sciences. The Professional
Program’s committee advises all computer sciences M.S. students in
the Professional Master’s Program. See the department website (https://
www.cs.wisc.edu/) for faculty interests, research activities, courses,
facilities, and degree requirements.
