REQUIRED COURSEWORK

Code	Title	Credits
	Introduction to the Field	6
These introductory courses lay the foundational framework for work in the department. The Doctoral Inquiry class, ELPA 810, is taken during the first semester of course work, and is required for all incoming Ph.D. students regardless of their area of interest. Students are strongly encouraged to take the second introductory course at the beginning of their studies as well.

Core Knowledge **12**

The department believes that students in educational administration should be familiar with four program areas of knowledge: (1) Organizations and Planning; (2) Program and Instructional Leadership and Management; (3) Politics, Policy and Finance; and (4) Learning and Diversity.

Knowledge in each of these areas is focused on providing a theoretical and empirical research knowledge base to facilitate improvements in teaching and learning in educational organizations. Students should take one course from each program area. Students who have taken similar courses at other institutions and are transferring credits for those courses should take an advanced or related ELPA course in each area identified through consultation with their advisor.

Program Depth

9

The department believes that students should have depth in at least one of the four program areas: (1) Organizations and Planning; (2) Program and Instructional Leadership and Management; (3) Politics, Policy and Finance; OR (4) Learning and Diversity. Therefore, the department requires that students in Educational Leadership & Policy Analysis select 1 of the 4 domains and take at least 3 ADDITIONAL courses in that program area.

If courses from other departments are permitted in one of the depth areas, at least one of the three additional courses must be an ELPA course.

Electives 15

Students may take any five courses inside or outside of the Department, to provide depth or breadth to program focus. Students are reminded that their programs must include at least 39 credits taken from ELPA. Note that electives are separate from minor/supporting coursework.

Minor/Supporting Coursework 12

The minor is a rational, unified set of courses taken outside of the department which have a clearly articulated theme or focus which allows the student to develop knowledge in a related area of study. Students may either pursue an option A (departmental minor in a SINGLE department outside of Educational Leadership & Policy Analysis) or an option B-distributed (courses in two or more departments outside of Educational Leadership & Policy Analysis) minor. The Option A minor requires a minimum of 9 credits; the Option B, 12 credits. Students interested in an Option A minor should initiate contact and seek approval from the minor department. Students electing the Option A minor must complete an additional 3 credits of course work outside of the department in order to satisfy the supporting coursework requirement for the department. At least two courses (6 credits) must be completed during or after the semester in which the student is admitted to the Ph.D. program.

Research Methods and Design 12

Students must complete a sequence of courses in research methods and design, focusing on either quantitative or qualitative methods. Students choosing to focus on quantitative methods should take two statistical methods courses and one qualitative methods course. Students choosing to focus on qualitative methods should take two qualitative methods courses and one statistical methods course. After the methods requirement has been met, all students should take the research design course (ELPA 825). Substitutions for ELPA 825 are not allowed.
