

ENGINEERING: ENGINE SYSTEMS, M.ENG.

Admissions to the Engineering: Engine Systems, M.Eng have been suspended as of spring 2024 and will be discontinued as of fall 2026. If you have any questions, please contact the department.

This is a named option within the Engineering M.Eng (<http://guide.wisc.edu/graduate/engineering-college-wide/engineering-meng/>).

The named option Engine Systems (<https://interpro.wisc.edu/online-degrees/master-of-engineering-engine-systems/>) is the only online engineering master's degree focused on internal combustion engine development. This interactive, web-based program provides internal combustion engine engineers with a broad base of skills in:

- Combustion
- Controls and vibrations
- Engine design and performance
- Thermodynamics, fluid mechanics, and heat transfer

The program is tailored for working engineers, offering:

- An online platform accessible to you from anywhere in the world
- Courses and projects that apply immediately to real-world work

More information about this graduate degree can be found here (<https://epd.wisc.edu/online-degrees/master-of-engineering-engine-systems/>).
