This is a named option within the Engineering Mechanics, M.S. (http://
guide.wisc.edu/graduate/engineering-physics/engineering-mechanics-
ms/)

The Aerospace Engineering named option of the Master of Science
degree in Engineering Mechanics is an accelerated coursework-only
program, where students will learn advanced mechanics topics pertaining
to the aerospace field. The curriculum is structured around the areas of
fluid mechanics, rigid-body dynamics, structural dynamics, aerospace
mechanics and materials, and computation. The 2-3 semester program is
intended to be minimally interruptive to a professional engineering career
while providing a rigorous masters-level education and increased earning
potential.
