Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students are able to complete a program with minimal disruptions to careers and other commitments.

Evening/Weekend: Courses meet on the UW-Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirements Detail

- Minimum Credit Requirement: 30 credits
- Minimum Residence Credit Requirement: 16 credits
- Minimum Graduate Coursework Requirement: Half of degree coursework (15 credits out of 30 total credits) must be completed graduate-level coursework; courses with the Graduate Level Coursework attribute are identified and searchable in the university's Course Guide (https://registrar.wisc.edu/course-guide/).
- Overall Graduate GPA Requirement: 3.00 GPA required.

Other Grade Requirements: No more than 6 credits of C, D, or F grades are allowed during a given graduate program.

Assessments and Examinations

Students are required to have a graduate program advisory committee (GPAC) meeting once each year to monitor progress toward their degree.

The presentation for the graded FOOD SCI 900 Seminar Advanced must be given a semester before or in the semester of the defense.

Master's students are required to defend their thesis after they have cleared their record of all Incomplete and Progress grades (other than research and thesis) and deposit the final thesis to the Memorial Library.

Language Requirements

Food Science does not have a foreign language requirements.

REQUIRED COURSES

Degree Requirements 9

Students are required to have completed a minimum of 9 credits 300+ level courses. These courses must be approved by the student’s committee. Courses outside of Food Science may apply. Seminar credits (FOOD SCI 900) and research (FOOD SCI 990) graded on a satisfactory/unsatisfactory basis do not count. These credits include, in consultation with the graduate program committee:

- At least 4 of the 9 credits must be Food Science courses numbered 600, 610 - 679, 700-899 or closely related courses (any graduate level).

Graduate Seminar

Upon entry in the program, students must enroll every semester in this course. The student only receives a letter grade when they present their research.

FOOD SCI 900 Seminar Advanced

Food Science Core Courses

If students have taken similar "Food Science Core" courses prior to entering the program, these courses may be waived.

- FOOD SCI 410 Food Chemistry
- FOOD SCI 432 Principles of Food Preservation
- FOOD SCI/MICROBIO 325 Food Microbiology

Statistics

Students must take a course in statistics if they have not done so prior to entering the program. Typically students will take one of the following:

- STAT/M E 424 Statistical Experimental Design
- STAT/F&W ECOL/HORT 571 Statistical Methods for Bioscience I
- STAT/F&W ECOL/HORT 572 Statistical Methods for Bioscience II

Electives 21

1
Students take additional credits to reach the 30 credit minimum in consultation with their graduate program committee. These credits may include Research.

| Total Credits | 30 |

1 The semester students present their research, this course is graded. Otherwise, students take it as Satisfactory/Unsatisfactory.
