Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW–Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

Graduate School Breadth Requirements | All doctoral students are required to complete a doctoral minor or graduate/professional certificate.

REQUIRED COURSES
The Forestry Ph.D. prescribes no specific graduate coursework due to the diversity of research areas available, and students select appropriate graduate-level coursework in consultation with their advisor and a graduate advisory committee.

However, there are still some minimum requirements that need to be met by all Forestry Ph.D. students. Students must meet all UW Graduate School minimum credit and coursework requirements. All credits and coursework are selected in consultation with the student’s major faculty advisor and committee. Student may use F&W ECOL 990 Research and Thesis credits towards these requirements.

Additional information and forms related to program-specific courses is available in the program handbook.
