Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. Applicants must meet the minimum requirements (https://grad.wisc.edu/apply/requirements/) of the Graduate School as well as the program(s). Once you have researched the graduate program(s) you are interested in, apply online (https://grad.wisc.edu/apply/).

PREREQUISITES

Students are expected to enter the program having taken a majority of the following coursework, but deficient courses may be taken while in the program in consultation with the student’s Graduate Committee.

- one course in ecology, with population ecology/dynamics strongly recommended
- one course in conservation biology, wildlife management, natural resources policy, or human dimensions of natural resources
- one course in animal organismal biology (e.g., physiology, terrestrial vertebrates, ornithology)
- one course in genetics or evolution

Coursework used to fulfill the prerequisite courses listed above do not need to adhere to the prior coursework rules (https://grad.wisc.edu/documents/prior-coursework/).
