

GENDER AND WOMEN'S STUDIES, PH.D.

LEARNING OUTCOMES

1. Demonstrate a broad understanding of major theories, methods, and scholarship in gender and women's studies.
2. Develop significant research questions that will advance the contributions of GWS scholarship to society; create individualized research programs that match their specific interests and goals, and that harness the tools from their concentration.
3. Acquire the analytical tools to apply gender and women's studies in a range of academic and non-academic careers.
4. Demonstrate ethical and professional conduct in research and teaching and with colleagues.
