HUMAN ECOLOGY: DESIGN STUDIES, M.S.

This is a named option within the Human Ecology, M.S. (http://guide.wisc.edu/graduate/human-ecology-school-wide/human-ecology-ms/)

The M.S. Human Ecology program in the Design Studies department is geared toward generating new knowledge and/or insights into design, broadly conceived as both a process and product. The program is geared for students wanting to conduct limited scholarly research in an area of interest. The M.S. culminates in the production of an M.S. thesis that contributes to the knowledge base in the discipline of design (See the program website for more information on the non-thesis option in textile science). Some graduates of the program may continue their journey into Ph.D. programs while others may find themselves well positioned for jobs in industry. Students who aim to become or continue their design practice may be better suited in the Human Ecology. Design Studies, MFA (http://guide.wisc.edu/graduate/human-ecology-school-wide/human-ecology-mfa/) program.

The Design Studies graduate program provides opportunities for students to pursue topics in depth in design and design's relationship with human, their environments, textiles, and other material objects. The program is highly flexible, as each student works closely with his/her advisor and graduate committee to design a custom-fit curriculum that strives to support each student’s goals after graduation. Due to the centrality of the student/advisor relationship, students will only be accepted if there is a close fit between the student’s area of interest and a graduate faculty member who is willing to commit to serve in this mentorship relationship. In this regard, it is important for each applicant to identify a potential faculty member whom they would intend to work with at the time of the applicant's submission. At the same time, students are encouraged to collaborate with faculty from a broad range of departments across the university, including, but not limited to, Art, Art History, Civil Society and Community Studies, Computer Science, Consumer Science, Engineering, Folklore, Human Development and Family Studies, Geography, and Planning and Landscape Architecture.

AREAS OF CONCENTRATION

M.S. students can choose areas of inquiry from a variety of choices. Within each area, students are expected to build a self-directed and highly coherent curriculum in close consultation with a major faculty advisor. Topics for inquiry typically fall within the following broad areas:

### Design History and/or Material Culture Studies

Material Culture Studies and Design History (DH) examines the relationships between culture, objects, and individuals. Students develop expertise and insights into the study of objects and environments, not as isolated entities, but as embedded in social, cultural, aesthetic, anthropological, geographical, and temporal contexts. Knowledge gained may result in understanding of the past, or insights into contemporary design. Students may focus on particular designers and makers, design from a particular geographical area or time period, design of textiles, design of environments or analysis of meaning and value.

### Environment Design research (Environment Design, Environment-Behavior Studies)

Environmental Design Research (EDR) addresses diverse aspects of design inquiry, focusing on the complex inter-relationship between people and the built environment with an ultimate goal to create environments that are sustainable and responsive to human needs. Previous graduate topics in this area have included environment behavior, evidence-based design, building evaluation, sustainability, aging and environment, environments for special populations and children, participatory action research, and emerging technologies and applications of virtual reality.

### Textile Science (Thesis and non-thesis option)

Textile Science provides in-depth understanding of the physical and chemical properties of natural and synthetic fibers and their interaction with dyes, finishes, and plasma. Students become familiar with a variety of analytical tools such as Atomic Force Microscopy (AFM), Electron Spectroscopy for Chemical Analysis (ESCA), Scanning Electron Microscopy (SEM), and Attenuated Total Reflectance, Fourier Transform Infrared Spectroscopy (ATR-FTIR).

These tracks are internal to the program and represent different pathways a student can follow to earn this degree. Track names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

### ADMISSIONS

Please consult the table below for key information about this degree program’s admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program’s website. Graduate admissions is a two-step process between academic programs and the Graduate School. Applicants must meet the minimum requirements (https://grad.wisc.edu/apply/requirements/) of the Graduate School as well as the program(s). Once you have researched the graduate program(s) you are interested in, apply online (https://grad.wisc.edu/apply/).

To be considered for admission to the Design Studies (DS) M.S. option in Human Ecology, the department requires the following materials:

- Online application (https://grad.wisc.edu/apply/) indicating “Human Ecology MS—Design Studies” as your program selection
- $75 application fee
- CV/resume

The program does not admit in the summer. The program does not admit in the spring.
• Unofficial transcripts or academic records from each institution attended (official transcripts will be required for students who receive an admission offer)
• Official TOEFL or Melab score (International students only)
• Three letters of recommendation (submitted electronically through your Graduate School application)
• Uploaded Statement of Purpose/Reasons for Graduate Study
• Upload a writing sample
  • Examples of writing samples include prior scholarly work such as term papers, theses, or published articles. All writing samples must be written in English and uploaded to the online application system as a PDF.

Additional information is available here (https://sohe.wisc.edu/graduate-students/research-and-creative-scholarship/design-studies/).

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Funding opportunities for Human Ecology graduate students are available and made possible, in large part, by generous donations to SoHE. Every year, these funds are used to fund teaching or project assistantships, award academic excellence scholarships, and provide students doing their masters or doctoral research or final MFA project with conference travel scholarships and graduate research scholarships. See the School of Human Ecology Enrollment Policy on Funding Eligibility (https://sohe.wisc.edu/graduate-students/academic-policies-forms-deadlines/full-time-enrollment-policy-for-funding-eligibility/) and view current funding opportunities on our program website (https://sohe.wisc.edu/graduate-students/funding/) for more information.

GRADUATE SCHOOL POLICIES

The Graduate School’s Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy/) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

NAMED OPTION-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Work from Other Institutions
With program approval, students are allowed to count up to 9 credits of graduate coursework taken at other institutions or taken as a UW–Madison Special student. Prior coursework taken at other institutions may not be used to satisfy the minimum graduate residence credit requirement. Credits earned five or more years prior to admission to a master’s degree are not allowed to satisfy requirements.

UW–Madison Undergraduate
With program approval, up to 7 credits numbered 300 or above from a UW–Madison undergraduate degree are allowed to count toward degree credit; undergraduate courses must be numbered 700 or above to count toward the minimum graduate coursework requirement. No undergraduate coursework may count toward the graduate residence requirement.

UW–Madison University Special
With program approval, students are allowed to count up to 9 credits of graduate coursework taken at other institutions or taken as a UW–Madison Special student. coursework must be numbered 300 or above for residence and degree credit requirement and 700 or above for minimum graduate coursework (50%) requirement. Credits earned five or more years prior to admission to a master’s degree are not allowed to satisfy requirements. Use of Special student credit may require payment of tuition difference.

PROBATION

The Graduate School regularly reviews the record of any student who earned grades of BC, C, D, F, or Incomplete in a graduate course (300 or above), or grade of U in research credits. This review could result in academic probation with a hold on future enrollment or in being suspended from the Graduate School.

ADVISOR / COMMITTEE

Every graduate student is required to have an advisor. To ensure that students are making satisfactory progress toward a degree, the Graduate School expects them to meet with their advisor on a regular basis.

An advisor generally serves as the thesis advisor. In many cases, an advisor is assigned to incoming students. Students can be suspended from the Graduate School if they do not have an advisor. An advisor is a faculty member, or sometimes a committee, from the major department responsible for providing advice regarding graduate studies.

A committee often accomplishes advising for the students in the early stages of their studies.

CREDITS PER TERM ALLOWED
12 credits

TIME CONSTRAINTS

Master’s degree students who have been absent for five or more consecutive years lose all credits that they have earned before their absence. Individual programs may count the coursework students completed prior to their absence for meeting program requirements; that coursework may not count toward Graduate School credit requirements.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (https://doso.students.wisc.edu/bias-or-hate-reporting/)
- Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/#grievance-procedure)
- Hostile and Intimidating Behavior Policies and Procedures (https://hr.wisc.edu/hib/)
  - Office of the Provost for Faculty and Staff Affairs (https://facstaffprovost.wisc.edu/)
- Dean of Students Office (https://doso.students.wisc.edu/) (for all students to seek grievance assistance and support)
- Employee Assistance (http://www.eao.wisc.edu/) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (https://employeedisabilities.wisc.edu/) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (https://grad.wisc.edu/) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (https://compliance.wisc.edu/) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (https://conduct.students.wisc.edu/) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (http://www.ombuds.wisc.edu/) (for all employed graduate students and post-docs, as well as faculty and staff)
- Title IX (https://compliance.wisc.edu/titleix/) (for concerns about discrimination)

Any student who feels that he or she has been treated unfairly by a Human Ecology faculty or staff member has the right to complain about the treatment and to receive a prompt hearing of the grievance, following the grievance procedures outlined below. To ensure a prompt and fair hearing of any complaint, and to protect both the rights of the student and the person at whom the complaint is addressed, the procedures below are used in the School of Human Ecology.

The person whom the complaint is directed against must be an employee of the School of Human Ecology. Any graduate student or graduate applicant may use these procedures unless the complaint is covered by other campus rules or contracts.

Note: These procedures do not cover appeals of admissions decisions or other decisions made by departmental or Human Ecology committees. For information on appeals of decisions, students should contact the
chair of the committee or the chair of the department that made the decision.

Contacts

Civil Society and Community Studies: Brian McInnes (https://sohe.wisc.edu/staff/brian-mcinnes/) (Graduate Program Chair), Cynthia Jasper (http://sohe.wisc.edu/staff/cynthia-jasper/) (Department Chair)

Consumer Science: J. Michael Collins (https://sohe.wisc.edu/staff/j-michael-collins/) (Graduate Program Chair), Nancy Wong (http://sohe.wisc.edu/staff/nancy-wong/) (Department Chair)

Design Studies: Jung-hye Shin (https://sohe.wisc.edu/staff/jung-hye-shin/) (Graduate Program Chair), Roberto Rengel (http://sohe.wisc.edu/staff/roberto-rengel/) (Department Chair)

Human Development and Family Studies: Kristin Litzelman (https://sohe.wisc.edu/staff/kristin-litzelman/) (Graduate Program Chair), Janean Dilworth-Bart (https://sohe.wisc.edu/staff/janean-dilworth-bart-2/) (Department Chair)

Master of Science in Human Ecology: Sarah Halpern-Meekin (https://sohe.wisc.edu/staff/sarah-halpern-meekin/) (Graduate Program Chair)

Students are encouraged to keep written documentation of their experience of unfair treatment both before and during the grievance proceedings.

Graduate Student Grievance Procedures

STEP 1. The student should first consider talking directly with the person(s) against whom the grievance is directed.

Some issues can be settled at this level, and some cannot be. Although students are encouraged to talk directly with the person(s) involved, we recognize that this may not always be possible. If the complaint cannot be resolved satisfactorily by talking with the person(s) involved, the student may continue to Step 2.

NOTE: In cases of sexual harassment, sexual misconduct, or racial discrimination, students may choose to bypass these procedures and report the conduct directly to either of the following offices:

- SoHE Human Resources Manager: Nancy Andrews (https://sohe.wisc.edu/staff/nancy-andrews/)
- The Office for Equity and Diversity (http://oed.wisc.edu/) (179-A Bascom Hall, 608-263-2378, Wisconsin Telecommunications Relay Service: 7-1-1)

STEP 2. Does the complaint involve someone in a Human Ecology academic department (Civil Society and Community Studies, Consumer Science, Design Studies, and Human Development & Family Studies)?

- Yes: The student should contact the chair of the department. The student will submit the grievance to the chair in writing. This must be done within 60 calendar days of the alleged unfair treatment. The department chair will refer the matter to the department’s Graduate Program Committee or to another appropriate departmental committee (standing or ad hoc) for review. The committee will share the student’s written complaint with the person at whom the complaint is directed, and will obtain a written response from this person. This response will be shared with the student filing the grievance. The committee chair will provide a timely written decision to the student on the action taken by the committee (the departmental decision). If either party is unwilling to accept the departmental decision, the department chair will refer the matter to the Associate Dean for Graduate Studies (see contact information below). The Associate Dean will bring the grievance to the Human Ecology Graduate Program Council for review. (NOTE: if the grievance is against the department chair, the written complaint should be referred to the chair of the department’s graduate program committee; contact information given below.)
- No: The student should contact the Associate Dean for Graduate Studies. (https://sohe.wisc.edu/staff/connie-flanagan/) The student will submit the grievance to the Associate Dean in writing. This must be done within 60 calendar days of the alleged unfair treatment. The Associate Dean will refer the grievance to the Human Ecology Graduate Program Council for review.

STEP 3. Human Ecology Graduate Program Council review.

To ensure fairness, the Graduate Program Council chair may appoint a subcommittee to review the complaint (e.g., excluding faculty from the student’s department). The Graduate Program Council may ask for additional information from the parties involved and may hold a hearing at which both parties will be asked to speak separately in closed session. The Graduate Program Council will then make a written recommendation to the Associate Dean who will render a decision and submit it to the Dean of the School for final approval. The Associate Dean will provide the Dean’s final decision in writing to the student and to the person against whom the grievance was filed. Unless a longer time is mutually agreed upon by the individuals involved, this written decision shall be made within 30 working days from the date when the written grievance was filed with the Associate Dean’s Office.

Students not willing to accept the final decision of the Dean may appeal to the Graduate School (https://grad.wisc.edu/documents/grievances-and-appeals/).

Questions about these procedures can be directed to Connie Flanagan, Associate Dean for Graduate Studies (https://sohe.wisc.edu/staff/connie-flanagan/).

State law contains provisions regarding discrimination and harassment. Wisconsin Statutes 36.12 reads, in part: “No student may be denied admission to, participation in or the benefits of, or be discriminated against in any service, program, course or facility of the system or its institutions or centers because of the student’s race, color, creed, religion, sex, national origin, disability, ancestry, age, sexual orientation, pregnancy, marital status or parental status.”

In addition, the UW-System prohibits discrimination based on gender identity or gender expression.

Students have the right to file discrimination and harassment complaints with the Office for Equity and Diversity (https://employeedisabilities.wisc.edu/), 179-A Bascom Hall, 263-2378, Wisconsin Telecommunications Relay Service: 7-1-1

OTHER
n/a
PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES
Take advantage of the Graduate School’s professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

PROGRAM RESOURCES
The School of Human Ecology Graduate Program values the professional development of graduate students and provides financial awards to those who are invited to present at professional conferences/exhibits. The purpose of the support is to encourage participation in professional development, scholarly research, and/or creative endeavor and to help cover expenses not covered by other sources. Students may receive a maximum award of $650 for travel ($750 for international travel) to support conference participation in a single academic year. Students are encouraged to seek conference and travel funding from the Graduate School as a first step and apply for supplemental funds through SoHE as needed.

In addition, each academic department within the School of Human Ecology may offer additional professional development grant opportunities. See the program Events Calendar (https://sohe.wisc.edu/calendar-of-events/) for the most up-to-date information on professional development opportunities.

PEOPLE

Faculty:

CIVIL SOCIETY AND COMMUNITY STUDIES
Professors: Cynthia Jasper (chair), Lori Bakken, Constance Flanagan
Associate Professors: Brian McInnes
Assistant Professors: Kasey Keeler, Jennifer Gaddis, Leah Horowitz, Carolina Sarmiento, Mariaelena Huambachano

CONSUMER SCIENCE (CONSUMER BEHAVIOR & FAMILY ECONOMICS)
Professors: Nancy Wong (chair), Judith Bartfeld, J. Michael Collins
Associate Professors: Clifford Robb
Assistant Professors: Fenaba Addo, Lydia Ashton, Megan Bea, C. Yiwei Zhang

DESIGN STUDIES
Professors: Roberto Rengel (chair), Jennifer Angus, Wei Dong, Majid Sarmadi, Mary Hark
Associate Professors: Carolyn Kallenborn, Marina Moskowitz, Kevin Ponto, Jung-hye Shin
Assistant Professors: Marianne Fairbanks, Kristin Thorleifsdottir

HUMAN DEVELOPMENT AND FAMILY STUDIES
Professors: Janean DiWorth-Bart (chair), Charles Raison, Julie Poehlmann-Tynan

Associate Professors: Larissa Duncan, Sarah Halpern-Meekin, Sigan Hartley, Heather Kirkorian, Robert Nix, Lauren Papp
Assistant Professors: Kristin Litzelman, Margaret Kerr, Alvin Thomas
