ADMISSIONS

PREREQUISITES
1. Accepted into a graduate or professional degree program
2. Full- or part-time graduate student status
3. One of the following three:
   4. A degree in a health-care-related field (that is, nursing, medicine,
      pharmacy, population health, public health, health care
      administration, health systems management, health care
      management), or
   5. Work experience in health care delivery, or
   6. Have taken a course in health care delivery such as I SY E 417
      Health Systems Engineering, NURSING/S&A PHM/SOC WORK 105
      Health Care Systems: Interdisciplinary Approach, LAW 940 Law
      and Contemporary Problems, POP HLTH 796 Introduction to Health
      Services Research.

The reason for the three options for prerequisites is to allow people with
and without health care backgrounds to obtain the certificate.

IMPORTANT: students must choose one of the core faculty members listed
below as an advisor. The advisor will determine if a student has met the pre-
requisite requirement. Advisors must sign the section of the curriculum form
titled “Patient Safety Certificate Application and Completion” in order for
students to enroll.
