

CLINICAL AND HEALTH INFORMATICS, M.S.

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	August 1
Spring Deadline	December 15
Summer Deadline	April 15
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements (https://grad.wisc.edu/apply/requirements/#english-proficiency).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	2

PROGRAM ADMISSION

Applicants to our Master of Science degree program must meet the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) of the UW-Madison Graduate School, as well as those of our CHI program:

- Personal Statement - Tell us more about you, your interest in this profession, and why you wish to earn a graduate degree in CHI. You may also note any (or none) of the following information:
 - What will make you successful in CHI graduate program coursework?
 - What challenges do you anticipate facing while being a graduate student? What support might you need?
 - What unusual circumstances would you like considered when faculty review your application? This may include reasons for past academic performance, career changes, life challenges, etc.
- CV/Resume
- 2 letters of recommendation
- Successful completion of a college level statistics course, analytical/computational course, or equivalent work experience

While not required, you will benefit from having:

- work experience in information technology, statistics, computer science, health care, or similar field(s) – or are highly motivated to pursue a career change
- a focused area of interest in informatics, data analytics, clinical care or research, health information technology or similar fields

Contact learn@ictr.wisc.edu if you have any questions, check out the Graduate School's Admissions FAQ (<https://grad.wisc.edu/apply/>) page, or complete the online application (<https://grad.wisc.edu/apply/>).
