**OCCUPATIONAL THERAPY, M.S.**

The MS–OT (https://kinesiology.education.wisc.edu/ot/academics/msot) program is a two-year professional program designed to prepare students for practice. It is accredited by the Accreditation Council on Occupational Therapy Education (ACOTE (http://www.aota.org/education-careers/accreditation.aspx)—4720 Montgomery Lane, Suite 200, Bethesda, MD 20814). At the master's level, two years of didactic classroom learning is followed by 24 weeks of supervised fieldwork experiences in a variety of settings. This program meets the requirements for OTR certification set by the National Board for Certification of Occupational Therapy (NBCOT (http://www.nbco.org)).

The occupational therapy program resides in the Department of Kinesiology (https://kinesiology.education.wisc.edu) and offers two graduate professional programs, an entry-level master of science (MS–OT) and a post-professional doctor of occupational therapy (OTD (http://guide.wisc.edu/graduate/kinesiology/occupational-therapy-otd)) for therapists with earned Masters degrees. Occupational therapists interested in pursuing advanced research training may also apply to the M.S. (http://guide.wisc.edu/graduate/kinesiology/kinesiology-ms)/Ph.D. (http://guide.wisc.edu/graduate/kinesiology/kinesiology-phd) in Kinesiology–Occupational Science Track (https://kinesiology.education.wisc.edu/academics/grad-program/occupational-sci). The purpose of the graduate programs is to prepare clinicians, researchers, and teachers who possess a solid foundation in both the theoretical and applied aspects of the disciplines of occupational therapy and science.

**ADMISSIONS**

Applicants for all graduate programs must complete a UW–Madison Graduate School application (http://grad.wisc.edu/admissions/process).

**M.S. IN OCCUPATIONAL THERAPY (PROFESSIONAL)**

Admission to the entry-level professional program in occupational therapy requires:

- Bachelor’s degree (or equivalent) from a regionally accredited school of higher education by the start of the program
- Transcripts from each college, university, or technical college attended showing work completed and in progress
- Graduate Record Exam (GRE) scores
- Documentation of paid or volunteer experience in at least two different settings serving persons across the lifespan with physical, behavioral or mental health disabilities
- Direct observation of Registered Occupational Therapists, or Certified Occupational Therapy Assistants, providing services is highly recommended
- Minimum of three letters of recommendation
- Personal statement responding to prompts provided on the graduate application

**FUNDING**

**GRADUATE SCHOOL RESOURCES**

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding) is available from the Graduate School. Be sure to check with your program for individual policies and processes related to funding.

**PROGRAM RESOURCES**

Financial assistance, sometimes available to graduate students in occupational therapy, consists of scholarships, fellowships, and teaching, project or research assistant positions. Financial assistance is limited; opportunities vary by program and from year to year. Students who are considering applying for financial support should see the OT Program Tuition, Scholarship & Financial Aid webpage (https://kinesiology.education.wisc.edu/ot/academics/msot/tuition) for further information.

Mode of Instruction Definitions

- **Evening/Weekend**: These programs are offered in an evening and/or weekend format to accommodate working schedules. Enjoy the advantages of on-campus courses and personal connections, while keeping your day job. For more information about the meeting schedule of a specific program, contact the program.
- **Online**: These programs are offered primarily online. Many available online programs can be completed almost entirely online with all online programs offering at least 50 percent or more of the program work online. Some online programs have an on-campus component that is often designed to accommodate working schedules. Take advantage of the convenience of online learning while participating in a rich, interactive learning environment. For more information about the online nature of a specific program, contact the program.
- **Hybrid**: These programs have innovative curricula that combine on-campus and online formats. Most hybrid programs are completed on-campus with a partial or completely online semester. For more information about the hybrid schedule of a specific program, contact the program.
- **Accelerated**: These on-campus programs are offered in an accelerated format that allows you to complete your program in a condensed time-frame. Enjoy the advantages of on-campus courses with minimal disruption to your career. For more information about the accelerated nature of a specific program, contact the program.

Other Grade Requirements: The Graduate School requires students maintain a graduate grade point average (GPA) of 3.00 (on a 4.00 scale) for courses numbered 300 and above (excluding research) to receive a degree. Conditions for probationary status may require higher grades. Grades of Incomplete are considered to be unsatisfactory if they are not removed during the next enrolled semester.

Assessments and Examinations: No formal examination specific to the M.S. is required. Curricular requirements (all didactic courses) must be passed, in conformity with GPA and grad requirements.

Language Requirements: No language requirements.
The MS–OT has a prescribed curriculum of 61 credits, with potential for electives. See Curriculum (https://kinesiology.education.wisc.edu/ot/academics/msot/curric) on the OT website.

MAJOR-SPECIFIC POLICIES

GRADUATE PROGRAM HANDBOOK

PRIOR COURSEWORK

Graduate Work from Other Institutions

With program approval, students are allowed to count no more than 15 credits of graduate course work from other institutions. Coursework earned five or more years prior to admission to a master’s degree is not allowed to satisfy requirements.

UW–Madison Undergraduate

No credits from a UW–Madison undergraduate degree are allowed to count toward the degree.

UW–Madison University Special

With program approval and payment of the difference in tuition (between special and graduate tuition), students are allowed to count no more than 15 credits of course work numbered 300 or above taken in UW–Madison University Special student status. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

PROBATION

The Graduate School regularly reviews the record of any student who earned grades of BC, C, D, F, or Incomplete in a graduate course (300 or above), or grade of U in research credits. This review could result in academic probation with a hold on future enrollment or in being suspended from the Graduate School. See Probation (http://grad.wisc.edu/acadpolicy/#probation) on the Graduate School website.

ADVISOR / COMMITTEE

All students must have an assigned advisor to meet UW information management needs, and accordingly, and of its own volition, the department assigns an advisor to each student. Assigned advisors in the M. S. in Occupational Therapy (MS–OT) program are graduate research or clinical faculty. To ensure that students are making satisfactory progress toward a degree, the Graduate School expects them to meet with their advisor on a regular basis.

CREDITS PER TERM ALLOWED

15 credits

TIME CONSTRAINTS

Master’s degree students who have been absent for five or more consecutive years lose all credits that they have earned before their absence. Individual programs may count the coursework students completed prior to their absence for meeting program requirements; that coursework may not count toward Graduate School credit requirements.

Level II fieldwork must be completed within 24 months of completion of coursework.

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School’s professional development resources (https://grad.wisc.edu/pd) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

1. (Foundational Knowledge) Demonstrate an understanding of the physical, psychological and contextual substrates of human occupation in typical and nonypical development.
2. (Foundational Knowledge) Discuss the role of personal and environmental factors on involvement in daily activities and community participation.
3. (Foundational Knowledge) Critically examine and apply theories associated with the science of human occupation and models of interprofessional practice to service delivery.
4. (Foundational Knowledge) Articulate current knowledge, theories and evidence to inform practice.
5. (Scientific Inquiry and Theory Development) Identify and critique current knowledge, theories and evidence to inform practice.
6. (Scientific Inquiry and Theory Development) Discuss the role of personal and environmental factors on involvement in daily activities and community participation.
7. (Scientific Inquiry and Theory Development) Discuss the role of personal and environmental factors on involvement in daily activities and community participation.
8. (Scientific Inquiry and Theory Development) Articulate current knowledge, theories and evidence to inform practice.
9. (Practice Reasoning and Decision Making) Appropriately assess clients’ participation in daily life activities and employ an interprofessional approach to determining clients’ needs within the context of family and society.
10. (Practice Reasoning and Decision Making) Identify factors within the environment that influence participation in home and community life.

11. (Practice Reasoning and Decision Making) Plan for discharge in collaboration with the client and family and terminate occupational therapy when appropriate.

12. (Professional Conduct) Articulate the values of the occupational therapy profession.

13. (Professional Conduct) Work with individuals of other professions to maintain a climate of mutual respect and shared values.

14. (Professional Conduct) Describe the varied roles of the occupational therapist as practitioner, educator, researcher, and entrepreneur.

15. (Professional Conduct) Establish appropriate therapeutic relationships with individuals, groups, organizations and systems.

16. (Professional Conduct) Use effective interpersonal communication and demonstrate effective and culturally sensitive group communication.

17. (Professional Conduct) Demonstrate use of safety precautions with the client during the process of practice.

18. (Professional Conduct) Demonstrate knowledge of legal and ethical issues related to care in health, education, and community settings.

PEOPLE

Graduate Faculty: Professors Benedict (OT Program Coordinator), Edwards; Associate Professor Larson; Assistant Professors Ausderau, Pickett, Travers. Links to faculty webpages, instructors and program staff are listed here (https://kinesiology.education.wisc.edu/ot/people).

ACCREDITATION

Accreditation Council for Occupational Therapy Education (https://www.aota.org/Education-Careers/Accreditation.aspx)

Accreditation status: Accreditation. Next accreditation review: 2017–2018

CERTIFICATION/LICENSURE

National Board for Certification in Occupational Therapy (https://www.nbcot.org/en)
