

MECHANICAL ENGINEERING: ACCELERATED PROGRAM, MS

This is a named option within the Mechanical Engineering MS (<http://guide.wisc.edu/graduate/mechanical-engineering/mechanical-engineering-ms/#text>).

The Department of Mechanical Engineering offers a Master of Science (MS) degree in Mechanical Engineering with a named option in Accelerated Program. Graduate students may take coursework in the six Department of Mechanical Engineering emphasis areas: Advanced Manufacturing, Biomechanics, Computational Engineering and Design, Energy Systems, Fluid and Solid Mechanics, and Robotics, Controls and Sensing. The Accelerated Program takes approximately three terms (one calendar year) to complete. The Accelerated Program only includes coursework. Each student will be assigned an academic advisor, based on emphasis area, from the Department of Mechanical Engineering.
