## BUSINESS: OPERATIONS AND TECHNOLOGY MANAGEMENT, MBA

Founded in 1900, the School of Business established one of the first five business programs in the nation. That entrepreneurial spirit remains strong.

As a student in the School of Business, you will find yourself inspired by peers, staff, alumni, business leaders, and world-renowned faculty who are focused, collaborative, and engaged in every aspect of the student experience. You will join a highly ranked program that equips you to meet both academic and career challenges. Employers value School of Business graduates because of the comprehensive preparation this learning environment provides. Graduates possess highly sought-after general management and specialized expertise in business.

Joining collaborative, inspiring, trustworthy, and progressive School of Business alumni, Business Badgers graduate prepared to lead their organizations to success and transform the world of business. Together Forward!

Developing leaders who create business value, the MBA in Business: Operations and Technology Management (OTM) is suited for those seeking advanced positions as consultants, analysts, product or service managers, project leaders, business developers, or operations, information technology and supply chain managers—while priming themselves for senior leadership roles. OTM students gain critical business skills applicable to both service organizations and manufacturing firms. The MBA in Business: OTM is supported by the Erdman Center for Operations and Technology Management. See the program website (https://business.wisc.edu/graduate/mba/full-time/specializations/tech-product-management/) for more information.

 Technology Strategy and Product Management (https:// guide.wisc.edu/graduate/operations-information-management/ business-operations-technology-management-mba/businessoperations-technology-management-technology-strategy-productmanagement-mba/)

## **FUNDING**

# FUNDING GRADUATE SCHOOL RESOURCES

The Bursar's Office provides information about tuition and fees associated with being a graduate student. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial

<u>aid</u>. Further funding information is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

#### PROGRAM RESOURCES

Learn about costs and financial assistance on the program website (https://business.wisc.edu/graduate/mba/full-time/tuition/).

### REQUIREMENTS

## MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum degree requirements (https://guide.wisc.edu/graduate/#requirementstext) and policies (https://guide.wisc.edu/graduate/#policiestext), in addition to the program requirements listed below.

## MAJOR REQUIREMENTS MODE OF INSTRUCTION

Face to Fac	e Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

#### **Mode of Instruction Definitions**

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face–to–face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

#### **CURRICULAR REQUIREMENTS**

#### **Requirement Detail**

Minimum 53 credits Credit

Requirement

## PROFESSIONAL DEVELOPMENT

## PROFESSIONAL DEVELOPMENT **GRADUATE SCHOOL RESOURCES**

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

## LEARNING OUTCOMES

### LEARNING OUTCOMES

- 1. Apply foundational theories and knowledge from core management and engineering disciplines to make effective business decisions based on cross-functional thinking whether in general operations and technology management or in a chosen specialty area (such as healthcare operations, technology product management, or consulting).
- 2. Apply core operations principles about processes and technologies to the design, justification, operation, assessment, and improvement of organizational and system performance from both financial and nonfinancial perspectives.
- 3. Effectively lead and manage organizational and technological change that supports and improves business processes and creates value for customers.
- 4. Develop enduring networks and relationships with industry partners.
