PHARMACEUTICAL SCIENCES, M.S.

The School of Pharmacy offers professional Master of Science degrees in Pharmaceutical Sciences under the “named option” designation. These named-option master’s degrees provide students with knowledge and skills that are directly applicable to the pharmaceutical and biopharmaceutical industries.

- The Applied Drug Development (http://guide.wisc.edu/graduate/pharmacy-school-wide/pharmaceutical-sciences-ms/pharmaceutical-sciences-applied-drug-development-ms/) named option allows students to earn their Master of Science degree in Pharmaceutical Sciences through coursework that explores various facets of the drug development process.
- The Psychoactive Pharmaceutical Investigation (http://guide.wisc.edu/graduate/pharmacy-school-wide/pharmaceutical-sciences-ms/pharmaceutical-sciences-psychoactive-pharmaceutical-investigation-ms/) named option allows students to earn their Master of Science degree in Pharmaceutical Sciences through interdisciplinary coursework covering the discovery, development, and clinical application of psychoactive drugs as therapeutic agents.

The Division of Pharmaceutical Sciences (https://pharmacy.wisc.edu/psd/) does not currently accept applications for a terminal research-based master’s in pharmaceutical sciences. Prospective students may not apply for a research master’s degree program, and should instead see information about the Ph.D (http://guide.wisc.edu/graduate/pharmacy-school-wide/pharmaceutical-sciences-phd/).

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

The Master of Science Pharmaceutical Sciences named option programs do not offer financial support in the form of graduate assistantships. Graduate students enrolled in the Master of Science named option programs are not permitted to accept any research, project, or teaching assistantship positions that would waive tuition or provide tuition remission. However, students may contact the Office of Student Financial Aid (https://financialaid.wisc.edu/) to discuss federal loan programs and other lending opportunities.

Students seeking the PhD in Pharmaceutical Sciences should see this Guide page (http://guide.wisc.edu/graduate/pharmacy-school-wide/pharmaceutical-sciences-phd/#fundingtext).
