Mode of Instruction Definitions
Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

</tr>
<tr>
<td>Minimum Graduate Coursework Requirement</td>
<td>Half of degree coursework (15 credits out of 30 total credits) must be completed graduate-level coursework; courses with the Graduate Level Coursework attribute are identified and searchable in the university's Course Guide (<a href="https://registrar.wisc.edu/course-guide">https://registrar.wisc.edu/course-guide</a>). No 300-level courses will be counted toward the 30 credit minimum.</td>

</tr>
</tbody>
</table>

Other Grade Requirements
The Graduate School requires an average grade of B or better in all coursework (300 or above, not including research credits) taken as a graduate student unless conditions for probationary status require higher grades. Grades of Incomplete are considered to be unsatisfactory if they are not removed during the next enrolled semester.

Assessments and Examinations
All master of arts degree candidates must pass the qualifying examination at the master’s level.

Language Requirements
Contact the program for information on any language requirements.

REQUIRED COURSES
All graduate degree candidates are required to take five core courses:

- PHYSICS 711 Theoretical Physics-Dynamics 3
- PHYSICS 715 Statistical Mechanics 3
- PHYSICS 721 Theoretical Physics-Electrodynamics 3
- PHYSICS 731 Quantum Mechanics 3
- PHYSICS 732 Quantum Mechanics 3

The remaining 15 credits may be earned through a combination of coursework, directed study, and research, to be determined by the advisor in consultation with the student.
