To ensure that students are making satisfactory progress toward a degree, the Graduate School expects them to meet with their advisor on a regular basis.

A committee often accomplishes advising for the students in the early stages of their studies.

CREDITS PER TERM ALLOWED
15 credits

TIME CONSTRAINTS
Doctoral degree students who have been absent for ten or more consecutive years lose all credits that they have earned before their absence. Individual programs may count the coursework students completed prior to their absence for meeting program requirements; that coursework may not count toward Graduate School credit requirements.

A candidate for a doctoral degree who fails to take the final oral examination and deposit the dissertation within five years after passing the preliminary examination may be required to take another preliminary examination and to be admitted to candidacy a second time.

Plant Pathology Grievance and Appeals Procedures
If a student feels unfairly treated or aggrieved by faculty, staff, or another student, the University offers several avenues to resolve academic and non-academic grievances. Students’ concerns about unfair treatment are best handled directly with the person responsible for the objectionable
action. If the student is uncomfortable making direct contact with
the individual(s) involved, they should contact the Plant Pathology
Department Chair, the Student Services Coordinator, or the Russell Labs
Department Administrator.

Students are encouraged to also use campus resources (above) if the
issue involves sexual harassment or assault, violence, discrimination,
bias or hate, hostile or intimidating behavior, employment concerns, or
disability accommodations.

Procedures for proper accounting of student grievances:

1. The student is encouraged to speak first with the person toward
whom the grievance is directed to see if a situation can be resolved at
this level.

2. Should a satisfactory resolution not be achieved, the student should
contact the Plant Pathology Department Chair, the Student Services
Coordinator, or the Russell Labs Department Administrator to discuss
the grievance. Students can also contact any of the Russell Labs
Department Chairs to discuss the grievance. Any of the above people
will facilitate problem resolution through informal channels and
facilitate any complaints or issues of students. The first attempt is
to help students informally address the grievance prior to any formal
complaint. Students are also encouraged to talk with their faculty
advisors regarding concerns or difficulties if necessary.

3. If the issue is not resolved to the student's satisfaction the student
can submit the grievance to the Department Chair and Student
Services Coordinator in writing, within 120 calendar days of the
alleged unfair treatment.

4. On receipt of a written complaint, a faculty committee will be
convened to manage the grievance. The program faculty committee
will obtain a written response from the person toward whom the
complaint is directed. This response will be shared with the person
filing the grievance.

5. The faculty committee will determine a decision regarding the
grievance, and will report on the action taken by the committee in
writing to both the student and the party toward whom the complaint
was directed within 15 working days from the date the complaint was
received.

6. At this point, if either party (the student or the person toward
whom the grievance is directed) is unsatisfied with the decision of
the faculty committee, the party may file a written appeal. Either
party has 15 working days to file a written appeal to the College of
Agricultural and Life Sciences Academic Affairs Office.

7. Documentation of the grievance will be stored for at least 7 years.
Significant grievances that set a precedent will be stored indefinitely.

The Graduate School has procedures for students wishing to appeal a
grievance decision made at the school/college level. These policies are
described in the Graduate School's Academic Policies and Procedures:

OTHER

Applications to graduate studies act as the application for financial
support. Offers of financial support accompany most offers of admission
for students admitted to Plant Pathology. Most students hold research
assistantships (RAs). The availability of RAs is limited.
