

# POPULATION HEALTH, DOCTORAL MINOR

## REQUIREMENTS

A minimum of 10 credits of coursework consisting of three required 3-credit courses and 1–3 credits of a Population Health elective must be completed. The minor will consist of the following Population Health Sciences courses:

Code	Title	Credits
<b>Required courses:</b>		
POP HLTH/SOC 797	Introduction to Epidemiology	3
POP HLTH 795	Principles of Population Health Sciences (Preferred full semester option only)	3
POP HLTH 796	Introduction to Health Services Research	3
or POP HLTH 798	Epidemiologic Methods	

*Students are strongly encouraged to take one of the following as an elective. However, other POP HLTH courses can be considered:*

POP HLTH/B M I 552	Regression Methods for Population Health	3
POP HLTH/B M I 651	Advanced Regression Methods for Population Health	3

A likely course sequence for the doctoral minor in population health would be as follows:

Fall	Credits	Spring	Credits
POP HLTH 795		3 POP HLTH 796 or 798	3
POP HLTH/SOC 797		3 POP HLTH Elective	3
	<b>6</b>		<b>6</b>

### Total Credits 12

Students who request exemptions and/or substitutions for required minor courses must appeal to the director of the graduate program through the graduate program coordinator. In this case, the appeal must include a Proposed Minor Program Plan, which must be approved and signed by the graduate program director.
