Admissions to the International Politics and Practice Capstone Certificate have been suspended as of spring 2018 and will be discontinued as of fall 2021. If you have any questions, please contact the department (info@polisci.wisc.edu).

The Department of Political Science designed the International Politics and Practice Capstone Certificate (https://ippcc.polisci.wisc.edu/?_ga=1.56129003.1391686154.1484336426) (IPPCC) to educate learners who lead and serve professionally in the international arena. The program appeals especially to experienced, mid-career professionals in the fields of education, business, government, military, and non-governmental organizations. The IPPCC curriculum is entirely online and completed during the summer terms only.

The IPPCC curriculum builds advanced mastery in the core competencies of international relations: foreign policy, international political economy, international law and organizations, and international security. In each course, students take part in discussions with UW–Madison’s international relations faculty and participate in assignments designed to hone their analytical skills.

Key strengths of the capstone program are its moderate time demands and relatively short time to completion. The IPPCC is a five-course, 13-credit hour program, delivered entirely online each summer term. The sequence can be completed in two to three summers.

Further detail, including tuition and costs, is available at the IPPCC website (https://ippcc.polisci.wisc.edu/?_ga=1.56129003.1391686154.1484336426) or by contacting the program coordinator:

LEARNING OUTCOMES

1. Acquire foundational knowledge of domestic and international policies that affect both national economic policymaking and developments in the world economy.
2. Identify the role of international financial institutions, trade and development, financial crisis, and the relationship between globalization and inequality.
3. Recognize and distinguish patterns of global governance and their impact over time.
4. Develop an understanding of the relationship between national and international security.
5. Apply important connections to real-world experiences.
