**Admissions to the Genetics Doctoral Minor have been suspended as of fall 2022 and will be discontinued as of fall 2025. If you have any questions, please contact the department.**

The doctoral minor in genetics provides graduate students with solid course training in the area of genetics. The field of genetics seeks to understand how information is encoded in an organism's genome, how that information is read, replicated, and maintained by the cell, and how it evolves over time to impact organismal phenotypes. Courses offered through the Laboratory of Genetics span a wide variety of genetic topics, concepts, and experimental approaches. These include genetics related to human biology and disease, agriculture, conservation biology, and specialties such as neurogenetics, epigenetics, computational and statistical genetics, quantitative and population genetics, and basic, discovery-based genetic applications. Students who complete the doctoral minor in genetics will gain a strong foundation in genetic research and its application. In addition, through many of the courses

offered in the Laboratory of Genetics, students gain experience in critical experimental thinking, oral and written presentation, and grant writing.

## ADMISSIONS

**Admissions to the Genetics Doctoral Minor have been suspended as of fall 2022 and will be discontinued as of fall 2025. If you have any questions, please contact the department.**

Interested students should contact the director of the genetics Ph.D. program to discuss their interest in the genetics doctoral minor and their course plans.

## REQUIREMENTS

Ph.D. students must complete 9 credits of coursework offered through the Laboratory of Genetics (<http://guide.wisc.edu/courses/genetics/>). Coursework must be graded courses numbered 300 or above and does not include audits or pass/fail courses. Students should consult with their home department to verify that they are meeting the minimum graduate coursework (50%) rule, as some courses offered in the low-numbered range may not meet the Graduate School requirements for graduate students.

## PEOPLE

### PROFESSORS

Pelegri, Francisco (Chair); Chang, Qiang; Gasch, Audrey; Ikeda, Aki; Masson, Patrick; Payseur, Bret; Perna, Nicole; Prolla, Tom; Schwartz, David; Skop, Ahna; Wassarman, David; Yin, Jerry

### ASSOCIATE PROFESSORS

Hittinger, Chris; Pool, John

### ASSISTANT PROFESSORS

Brunkard, Jake; Richardson, Claire; Schrodi, Steven; Sharp, Nathaniel; Werling, Donna

## GENETICS, M.S.

Graduate training in genetics emphasizes study and research leading to a Ph.D. degree in genetics. A master's degree in medical genetics with specialized training in genetic counseling is also available. For more information on a master's degree in genetic counseling, see Genetic Counseling (<http://www.med.wisc.edu/education/graduate-programs/genetic-counseling/main/26910/>).

## LABORATORY OF GENETICS

The Laboratory of Genetics is the oldest and one of the finest centers of genetics in the nation. It is highly regarded for its research contributions in the areas of disease genetics (<https://genetics.wisc.edu/disease-biology/>), cell biology (<https://genetics.wisc.edu/cell-biology/>), neurogenetics (<https://genetics.wisc.edu/neuro-and-behavioral-genetics/>), developmental genetics (<https://genetics.wisc.edu/development/>), gene expression (<https://genetics.wisc.edu/gene-expression/>), genomics (<https://genetics.wisc.edu/genomics-and-proteomics/>), evolutionary and population genetics (<https://genetics.wisc.edu/evolutionary->

and-population-genetics/), and computational biology (<https://genetics.wisc.edu/computational-systems-and-synthetic-biology/>). The laboratory consists of two departments: Genetics, in the College of Agricultural and Life Sciences; and Medical Genetics, in the School of Medicine and Public Health. Although administratively distinct, these two departments function as one at both the faculty and student levels.

## ADMISSIONS

This M.S. is offered for work leading to the Ph.D. Students may not apply directly for the master's, and should instead see the admissions information for the Ph.D (p. 805).

A master's degree in medical genetics with specialized training in genetic counseling are also available. For more information on M.S. degrees in genetic counseling, see Genetic Counseling (<http://www.med.wisc.edu/education/graduate-programs/genetic-counseling/main/26910/>).

## FUNDING

### GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### MAJOR REQUIREMENTS

#### MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students are able to complete a program with minimal disruptions to careers and other commitments.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW–Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

Requirements Detail	
Minimum Credit Requirement	32 credits
Minimum Residence Credit Requirement	32 credits
Minimum Graduate Coursework Requirement	Half of degree coursework must be completed graduate-level coursework; courses with the Graduate Level Coursework attribute are identified and searchable in the university's Course Guide ( <a href="https://registrar.wisc.edu/course-guide">https://registrar.wisc.edu/course-guide</a> ( <a href="https://registrar.wisc.edu/course-guide/">https://registrar.wisc.edu/course-guide/</a> )).
Overall Graduate GPA Requirement	3.00 GPA required.
Other Grade Requirements	The Graduate School requires an average grade of B or better in all coursework (300 or above, not including research credits) taken as a graduate student unless conditions for probationary status require higher grades. Grades of Incomplete are considered to be unsatisfactory if they are not removed during the next enrolled semester.
Assessments and Examinations	Contact the program for information on required assessments and examinations.
Language Requirements	No language requirement.

### REQUIRED COURSES

Students may earn an M.S. in Genetics on the way to the Ph.D. in Genetics (p. 805) under certain circumstances. Contact the Genetics graduate coordinator for more information.

Code	Title	Credits
GENETICS 701	Advanced Genetics	3
GENETICS 702	Advanced Genetics II	3
GENETICS/ MD GENET 707	Genetics of Development	3
GENETICS/ MD GENET 708	Methods and Logic in Genetic Analysis <sup>1</sup>	3
ONCOLOGY 715	Ethics in Science <sup>2</sup>	1
Elective: Any graduate level Genetics course (including special topics) <sup>3</sup>		
Four seminars		
Specialized elective coursework at the discretion of your thesis committee		

1

GENETICS/MD GENET 707 Genetics of Development and GENETICS/MD GENET 708 Methods and Logic in Genetic Analysis are taken by the first and second years together; GENETICS/MD GENET 707 is offered one year and GENETICS/MD GENET 708 the next.

2

Permission must be obtained to register from the cancer biology department.

3

Students wishing to take a course outside of Genetics course offerings may petition the Graduate Program Committee.

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

### MAJOR-SPECIFIC POLICIES

#### PRIOR COURSEWORK

##### Graduate Work from Other Institutions

For well-prepared advanced students, the program may accept prior graduate coursework from other institutions toward the minimum graduate degree credit and minimum graduate coursework (50%) requirement. The minimum graduate residence credit requirement can be satisfied only with courses taken as a graduate student at UW–Madison. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

##### UW–Madison Undergraduate

For well-prepared advanced students, the program may decide to accept up to 7 credits numbered 300 or above completed at UW–Madison toward fulfillment of minimum degree and minor credit requirements. This work would not be allowed to count toward the 50% graduate coursework minimum unless taken at the 700 level or above. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

##### UW–Madison University Special

The program may decide to accept up to 15 University Special student credits as fulfillment of the minimum graduate residence, graduate degree, or minor credit requirements on occasion as an exception (on a case-by-case basis). UW–Madison coursework taken as a University Special student would not be allowed to count toward the 50% graduate coursework minimum unless taken at the 700 level or above. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

#### PROBATION

The Graduate School regularly reviews the record of any student who earned grades of BC, C, D, F, or Incomplete in a graduate course (300 or above), or grade of U in research credits. This review could result in academic probation with a hold on future enrollment or in being suspended from the Graduate School.

#### ADVISOR / COMMITTEE

Every graduate student is required to have an advisor. To ensure that students are making satisfactory progress toward a degree, the Graduate School expects them to meet with their advisor on a regular basis.

An advisor generally serves as the thesis advisor. In many cases, an advisor is assigned to incoming students. Students can be suspended from the Graduate School if they do not have an advisor. An advisor is a faculty member, or sometimes a committee, from the major department responsible for providing advice regarding graduate studies.

A committee often accomplishes advising for the students in the early stages of their studies.

#### CREDITS PER TERM ALLOWED

15 credits

#### TIME CONSTRAINTS

Master's degree students who have been absent for five or more consecutive years lose all credits that they have earned before their absence. Individual programs may count the coursework students completed prior to their absence for meeting program requirements; that coursework may not count toward Graduate School credit requirements.

#### GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
  - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departamental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

#### College of Agricultural and Life Sciences: Grievance Policy

In the College of Agricultural and Life Sciences (CALs), any student who feels unfairly treated by a member of the CALs faculty or staff has the right to complain about the treatment and to receive a prompt hearing. Some complaints may arise from misunderstandings or communication

breakdowns and be easily resolved; others may require formal action. Complaints may concern any matter of perceived unfairness.

To ensure a prompt and fair hearing of any complaint, and to protect the rights of both the person complaining and the person at whom the complaint is directed, the following procedures are used in the College of Agricultural and Life Sciences. Any student, undergraduate or graduate, may use these procedures, except employees whose complaints are covered under other campus policies.

1. The student should first talk with the person at whom the complaint is directed. Most issues can be settled at this level. Others may be resolved by established departmental procedures.
2. If the student is unsatisfied, and the complaint involves any unit outside CALS, the student should seek the advice of the dean or director of that unit to determine how to proceed.
  - a. If the complaint involves an academic department in CALS the student should proceed in accordance with item 3 below.
  - b. If the grievance involves a unit in CALS that is not an academic department, the student should proceed in accordance with item 4 below.
3. The student should contact the department's grievance advisor within 120 calendar days of the alleged unfair treatment. The departmental administrator can provide this person's name. The grievance advisor will attempt to resolve the problem informally within 10 working days of receiving the complaint, in discussions with the student and the person at whom the complaint is directed.
  - a. If informal mediation fails, the student can submit the grievance in writing to the grievance advisor within 10 working days of the date the student is informed of the failure of the mediation attempt by the grievance advisor. The grievance advisor will provide a copy to the person at whom the grievance is directed.
  - b. The grievance advisor will refer the complaint to a department committee that will obtain a written response from the person at whom the complaint is directed, providing a copy to the student. Either party may request a hearing before the committee. The grievance advisor will provide both parties a written decision within 20 working days from the date of receipt of the written complaint.
  - c. If the grievance involves the department chairperson, the grievance advisor or a member of the grievance committee, these persons may not participate in the review.
  - d. If not satisfied with departmental action, either party has 10 working days from the date of notification of the departmental committee action to file a written appeal to the CALS Equity and Diversity Committee. A subcommittee of this committee will make a preliminary judgement as to whether the case merits further investigation and review. If the subcommittee unanimously determines that the case does not merit further investigation and review, its decision is final. If one or more members of the subcommittee determine that the case does merit further investigation and review, the subcommittee will investigate and seek to resolve the dispute through mediation. If this mediation attempt fails, the subcommittee will bring the case to the full committee. The committee may seek additional information from the parties or hold a hearing. The committee will present a written recommendation to the dean who will provide a final decision within 20 working days of receipt of the committee recommendation.
4. If the alleged unfair treatment occurs in a CALS unit that is not an academic department, the student should, within 120 calendar

days of the alleged incident, take his/her grievance directly to the Associate Dean of Academic Affairs. The dean will attempt to resolve the problem informally within 10 working days of receiving the complaint. If this mediation attempt does not succeed the student may file a written complaint with the dean who will refer it to the CALS Equity and Diversity Committee. The committee will seek a written response from the person at whom the complaint is directed, subsequently following other steps delineated in item 3d above.

## OTHER

n/a

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

## LEARNING OUTCOMES

1. Demonstrate a broad understanding in the principles of genetics and heredity in all organisms. They will develop particular expertise in at least one of the broad subject areas of the doctoral program.
2. Demonstrate a broad understanding of major current and past theories, research findings and methodologies and techniques in genetics, with particular expertise in their area of concentration, both orally and in writing.
3. Develop critical thinking skills. They will retrieve and examine scientific literature, evaluate evidence for and against hypotheses, identify knowledge gaps, strengths and weaknesses in existing literature, synthesize knowledge, develop conclusions, and formulate plans for moving the current state of knowledge forward.
4. Demonstrate research expertise in genetics by presenting to their supervisory committee a research report based on their own experimental work or based on critical review of original peer-reviewed literature on a topic of current interest in genetics.
5. Retrieve and interpret professional peer-reviewed literature and use this information to evaluate theoretical frameworks, testable hypotheses, and predictions.
6. Demonstrate the ability to critically evaluate research based on design, feasibility, and internal controls, and to explain how such research addresses important unsolved problems in genetic or biomedical research.
7. Communicate effectively to diverse audiences in writing, through oral presentations, and during formal and informal discussions.
8. Master methods of communicating and interacting effectively with professional colleagues.
9. Articulate their research and its significance both formally and informally to diverse audiences.
10. Give and receive feedback on communication skills both orally and in writing.
11. Be provided with opportunities to engage in public outreach and education.
12. Effectively teach the principles of genetics and the methods used in contemporary genetic research.

13. Receive in-class educational training by serving as teaching assistants for at least one semester of an undergraduate genetics course.
14. Be provided with opportunities to mentor other students (for example, undergraduate students) in a laboratory research setting.
15. Opportunities to perform outreach activities in which they educate school-age students or individuals from other fields on the principles of modern genetics.
16. Be provided with diverse training that will prepare them for a range of flexible and sustainable careers in, for example, academia, industry, government, science policy, administration, commerce, journalism, law, education and community outreach.
17. Develop broadly applicable skills in critical thinking and problem solving.
18. Be provided with opportunities for teamwork, written and oral communication skills and collaborations.
19. Receive training in professional ethics and the responsible conduct of science.
20. Be trained to use scientific rigor when designing experiments, collecting and analyzing data, and interpreting and reporting results.
21. Discuss and formulate opinions on the many situations that working scientists encounter involving professional ethics and conflicts of interest.
22. Receive training in laws, regulation, permits and licenses, occupational health, safety standards and best practices, will demonstrate understanding of such and adhere to compliance.

The genetics graduate program is supported by the oldest and one of the largest NIH-funded genetics training grants in the country.

The strength of genetics research at Wisconsin derives in large part from the Laboratory of Genetics, but state-of-the-art genetics research is conducted in many campus departments and centers. Mentoring faculty of the genetics Ph.D. program includes over 80 mentors selected from 22 campus departments and schools based on the strength of their scholarly genetics research. A key feature of the mentors is that they conduct genetic research, using any number of tools, and can therefore provide students with a solid foundation of genetic knowledge and experiences. The genetics research pursued on campus provides an exceptional community.

Genetics Ph.D. students choose one of the mentoring faculty as the graduate thesis advisor and mentor. Genetics graduate students spend time during the first semester of graduate school rotating in the laboratories of three or four faculty mentors, selected by the student. Following rotations, a graduate thesis advisor is chosen by mutual consent of both student and mentor. Students are expected to acquire a broad and fundamental knowledge of genetics during their coursework, after which they conduct independent scholarly research based on individual interests and under the guidance and mentoring of the thesis advisor. Formal coursework requirements are modest, and independent study that includes original research is of paramount importance in the program. Students choose an individualized thesis advisory committee that approves formal coursework and provides scientific and career development advice throughout a student's graduate career.

## PEOPLE

Brunkard, Jake; Richardson, Claire; Schrodi, Steven; Sharp, Nathaniel; Werling, Donna

## GENETICS, PH.D.

Graduate training in genetics emphasizes study and research leading to a Ph.D. degree in genetics.

The goal of the genetics graduate training program is to train the next generation of professional geneticists. This includes selecting the most promising university graduates for admission to the program and training those students in the methods and logic of genetic analysis. Such analyses are increasingly important in contemporary biological and biomedical research. The curriculum includes:

1. coursework on the principles of genetics and on the methods of genetic and genomic analyses, and
2. original research in a specialized area, which culminates in the writing and defense of a doctoral thesis.

## LABORATORY OF GENETICS

The Laboratory of Genetics is the oldest and one of the finest centers of genetics in the nation. It is highly regarded for its research contributions in the areas of disease genetics (<https://genetics.wisc.edu/disease-biology/>), cell biology (<https://genetics.wisc.edu/cell-biology/>), neurogenetics (<https://genetics.wisc.edu/neuro-and-behavioral-genetics/>), developmental genetics (<https://genetics.wisc.edu/development/>), gene expression (<https://genetics.wisc.edu/gene-expression/>), genomics (<https://genetics.wisc.edu/genomics-and-proteomics/>), evolutionary and population genetics (<https://genetics.wisc.edu/evolutionary-and-population-genetics/>), and computational biology (<https://genetics.wisc.edu/computational-systems-and-synthetic-biology/>). The laboratory consists of two departments: Genetics, in the College of Agricultural and Life Sciences; and Medical Genetics, in the School of Medicine and Public Health. Although administratively distinct, these two departments function as one at both the faculty and student levels.

## ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 1
Spring Deadline	The program does not admit in the spring.
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required but may be considered if available.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements ( <a href="https://grad.wisc.edu/apply/requirements/#english-proficiency">https://grad.wisc.edu/apply/requirements/#english-proficiency</a> ).
Other Test(s) (e.g., GMAT, MCAT)	The GRE Biology or related subject test is not required, but applicants may provide scores if available.
Letters of Recommendation Required	3

Ph.D. students in genetics choose to attend Wisconsin because of their commitment to the discipline of genetics and because of Wisconsin's strength in that area. For admission to graduate study in genetics, the student should have earned a grade average of B or better and completed a B.S. or B.A. degree in a recognized college or university. There are no specific requirements in supporting fields, but students are encouraged to acquire adequate background in mathematics, physics, and biology. There is no formal language requirement for the Ph.D. in genetics. Undergraduate research experience is also strongly recommended in order to be competitive.

Admission to the genetics Ph.D. program is highly competitive. A committee of the Laboratory of Genetics reviews applications each fall, invites meritorious applicants for personal interviews each January and February, and accepts approximately 15 percent of total applications received. An application for admission consists of:

1. a resume,
2. a personal statement that discusses the reasons for pursuing a genetics Ph.D.,
3. an transcript of undergraduate college or university coursework,
4. three or more letters of recommendation,
5. a report, if appropriate, of scores received on either the TOEFL or IELTS exams of English language proficiency, and
6. any other information or documentation that would help the admissions committee evaluate an applicant's potential for success in graduate study.

The application deadline is **December 1**.

## FUNDING

### GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## PROGRAM RESOURCES

The Genetics Training Program is supported by an NIH Training Grant. Domestic students receive 1–2 years of funding, typically their first year and second or third year. We encourage students to apply for fellowships. Other funding sources include professors research grants and university fellowships. The Genetics Training Program nominates competitive applicants for fellowships including the Advanced Opportunity Fellowships (<https://scimedgrs.wisc.edu/>) and Wisconsin Distinguished Graduate Fellowships (<https://cals.wisc.edu/academics/graduate-students/scholarships-fellowships/>). Funding includes a stipend, health care benefits, and tuition costs. Students must be making satisfactory progress towards their degree.

Prospective students should see the program website (<https://genetics.wisc.edu/prospective-ph-d-students/>) for funding information.

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### MAJOR REQUIREMENTS

#### MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students are able to complete a program with minimal disruptions to careers and other commitments.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW–Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

### CURRICULAR REQUIREMENTS

Requirements	Detail
Minimum Credit Requirement	51 credits

Minimum Residence Credit Requirement	32 credits
Minimum Graduate Coursework Requirement	Half of degree coursework (26 credits out of 51 total credits) must be completed graduate-level coursework; courses with the Graduate Level Coursework attribute are identified and searchable in the university's Course Guide.
Overall Graduate GPA Requirement	3.00 GPA required.
Other Grade Requirements	The Graduate School requires an average grade of B or better in all coursework (300 or above, not including research credits) taken as a graduate student unless conditions for probationary status require higher grades. Grades of Incomplete are considered to be unsatisfactory if they are not removed during the next enrolled semester.
Assessments and Examinations	At the end of their coursework, student's complete Preliminary A, a written examination. The purpose of the Preliminary A Examination is to evaluate the student's general knowledge in genetics, their competency in critically analyzing original genetic literature and their ability to formulate experimental solutions to genetic problems. Doctoral students are required to take a comprehensive preliminary/oral examination after they have cleared their record of all Incomplete and Progress grades (other than research and thesis). This Preliminary B Examination should be completed by December 15 of the student's 3rd year.  Deposit of the doctoral dissertation in the Graduate School is required.
Language Requirements	No language requirement.
Doctoral Minor/Breadth Requirements	All doctoral students are required to complete a minor.

## REQUIRED COURSES

Code	Title	Credits
GENETICS 701	Advanced Genetics	3
GENETICS 702	Advanced Genetics II	3
GENETICS/MD GENET 707	Genetics of Development <sup>1</sup>	3
GENETICS/MD GENET 708	Methods and Logic in Genetic Analysis <sup>1</sup>	3
ONCOLOGY 715	Ethics in Science <sup>2</sup>	1
Elective: Any graduate level Genetics course (including special topics) <sup>3</sup>		
Four seminars		
Specialized elective coursework at the discretion of your thesis committee		

1

GENETICS/MD GENET 707 Genetics of Development and GENETICS/MD GENET 708 Methods and Logic in Genetic Analysis are taken by the first and second years together; GENETICS/MD GENET 707 is offered one year and GENETICS/MD GENET 708 the next.

2

Permission must be obtained to register from the cancer biology department.

3

Students wishing to take a course outside of Genetics course offerings may petition the Graduate Program Committee.

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

### MAJOR-SPECIFIC POLICIES

#### PRIOR COURSEWORK

##### Graduate Work from Other Institutions

For well-prepared advanced students, the program may accept prior graduate coursework from other institutions toward the minimum graduate degree credit and minimum graduate coursework (50%) requirement. The minimum graduate residence credit requirement can be satisfied only with courses taken as a graduate student at UW–Madison. Coursework earned ten or more years prior to admission to a doctoral degree is not allowed to satisfy requirements.

##### UW–Madison Undergraduate

For well-prepared advanced students, the program may decide to accept up to 7 credits numbered 300 or above completed at UW–Madison toward fulfillment of minimum degree and minor credit requirements. This work would not be allowed to count toward the 50% graduate coursework minimum unless taken at the 700 level or above. Coursework earned ten or more years prior to admission to a doctoral degree is not allowed to satisfy requirements.

##### UW–Madison University Special

The program may decide to accept up to 15 University Special student credits as fulfillment of the minimum graduate residence, graduate degree, or minor credit requirements on occasion as an exception (on a case-by-case basis).

UW–Madison coursework taken as a University Special student would not be allowed to count toward the 50% graduate coursework minimum unless taken at the 700 level or above. Coursework earned ten or more years prior to admission to a doctoral degree is not allowed to satisfy requirements.

#### PROBATION

The Graduate School regularly reviews the record of any student who earned grades of BC, C, D, F, or Incomplete in a graduate course (300 or above), or grade of U in research credits. This review could result in academic probation with a hold on future enrollment or in being suspended from the Graduate School.

#### ADVISOR / COMMITTEE

When students have identified a major professor and joined their lab, that professor will assume the duties of their advisor. At that time students

will form a Ph.D. Advisory Committee consisting of three to five faculty members (ultimately it must be five) three of whom must be Genetics trainers, including two members of the Laboratory of Genetics faculty, and one minor advisor, if needed. One member must also be from a different department (all 5 cannot be Genetics faculty members). The Ph.D. Advisory Committee should be established no later than the end of the second semester. Under normal circumstances, the committee membership will remain in effect for the entire tenure of the student's graduate career.

The Ph.D. Advisory Committee will advise the student with regard to major and minor requirements. It will also act as their Prelim B Examination Committee and as the Final Oral Ph.D. Examination Committee. After the advisor, this committee is the primary monitoring instrument to assure satisfactory progress toward degree. The Ph.D. Advisory Committee will meet with the student at least once per year. During these annual meetings anticipated timelines for progress of the thesis project will be discussed and concrete guidance will be given about completing the thesis. The student will complete an annual committee meeting form each year during the meeting. The annual meeting will address the assessment of the student's progress and outline any suggestions or recommendations, in addition to verifying the discussion of the student's Individualized Development Plan (<https://grad.wisc.edu/pd/idp/>).

## CREDITS PER TERM ALLOWED

15 credits

## TIME CONSTRAINTS

Doctoral degree students who have been absent for ten or more consecutive years lose all credits that they have earned before their absence. Individual programs may count the coursework students completed prior to their absence for meeting program requirements; that coursework may not count toward Graduate School credit requirements.

A candidate for a doctoral degree who fails to take the final oral examination and deposit the dissertation within five years after passing the preliminary examination may be required to take another preliminary examination and to be admitted to candidacy a second time.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)

## College of Agricultural and Life Sciences: Grievance Policy

In the College of Agricultural and Life Sciences (CALs), any student who feels unfairly treated by a member of the CALs faculty or staff has the right to complain about the treatment and to receive a prompt hearing. Some complaints may arise from misunderstandings or communication breakdowns and be easily resolved; others may require formal action. Complaints may concern any matter of perceived unfairness.

To ensure a prompt and fair hearing of any complaint, and to protect the rights of both the person complaining and the person at whom the complaint is directed, the following procedures are used in the College of Agricultural and Life Sciences. Any student, undergraduate or graduate, may use these procedures, except employees whose complaints are covered under other campus policies.

1. The student should first talk with the person at whom the complaint is directed. Most issues can be settled at this level. Others may be resolved by established departmental procedures.
2. If the student is unsatisfied, and the complaint involves any unit outside CALs, the student should seek the advice of the dean or director of that unit to determine how to proceed.
  - a. If the complaint involves an academic department in CALs the student should proceed in accordance with item 3 below.
  - b. If the grievance involves a unit in CALs that is not an academic department, the student should proceed in accordance with item 4 below.
3. The student should contact the department's grievance advisor within 120 calendar days of the alleged unfair treatment. The departmental administrator can provide this person's name. The grievance advisor will attempt to resolve the problem informally within 10 working days of receiving the complaint, in discussions with the student and the person at whom the complaint is directed.
  - a. If informal mediation fails, the student can submit the grievance in writing to the grievance advisor within 10 working days of the date the student is informed of the failure of the mediation attempt by the grievance advisor. The grievance advisor will provide a copy to the person at whom the grievance is directed.
  - b. The grievance advisor will refer the complaint to a department committee that will obtain a written response from the person at whom the complaint is directed, providing a copy to the student. Either party may request a hearing before the committee. The grievance advisor will provide both parties a written decision within 20 working days from the date of receipt of the written complaint.

- c. If the grievance involves the department chairperson, the grievance advisor or a member of the grievance committee, these persons may not participate in the review.
  - d. If not satisfied with departmental action, either party has 10 working days from the date of notification of the departmental committee action to file a written appeal to the CALS Equity and Diversity Committee. A subcommittee of this committee will make a preliminary judgement as to whether the case merits further investigation and review. If the subcommittee unanimously determines that the case does not merit further investigation and review, its decision is final. If one or more members of the subcommittee determine that the case does merit further investigation and review, the subcommittee will investigate and seek to resolve the dispute through mediation. If this mediation attempt fails, the subcommittee will bring the case to the full committee. The committee may seek additional information from the parties or hold a hearing. The committee will present a written recommendation to the dean who will provide a final decision within 20 working days of receipt of the committee recommendation.
4. If the alleged unfair treatment occurs in a CALS unit that is not an academic department, the student should, within 120 calendar days of the alleged incident, take his/her grievance directly to the Associate Dean of Academic Affairs. The dean will attempt to resolve the problem informally within 10 working days of receiving the complaint. If this mediation attempt does not succeed the student may file a written complaint with the dean who will refer it to the CALS Equity and Diversity Committee. The committee will seek a written response from the person at whom the complaint is directed, subsequently following other steps delineated in item 3d above.

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

## LEARNING OUTCOMES

1. Demonstrate a broad understanding in the principles of genetics and heredity in all organisms. They will develop particular expertise in at least one of the broad subject areas of the doctoral program.
2. Demonstrate a broad understanding of major current and past theories, research findings and methodologies and techniques in genetics, with particular expertise in their area of concentration, both orally and in writing.
3. Develop critical thinking skills. They will retrieve and examine scientific literature, evaluate evidence for and against hypotheses, identify knowledge gaps, strengths and weaknesses in existing literature, synthesize knowledge, develop conclusions, and formulate plans for moving the current state of knowledge forward.
4. Develop and complete original research that advances a specific field of study within one of the broad areas subject areas in genetics.
5. Retrieve, evaluate and interpret professional peer-reviewed literature and use this information to develop theoretical frameworks, testable hypotheses, and predictions for their own research projects.
6. Design research projects that are feasible, based on well-designed and internally controlled experiments, and address important unsolved problems in genetic or biomedical research.
7. Conduct independent research, critically evaluate and interpret the resulting data, and, based on that analysis, design future experiments that advance the state of the field.
8. Write, edit, and assemble manuscripts resulting from their independent research and submit these for publication in peer-reviewed professional journals.
9. Communicate effectively to diverse audiences in writing, through oral presentations, and during formal and informal discussions.
10. Write clear and concise research articles for publication in professional journals.
11. Present at scientific conferences and in both formal and informal seminars.
12. Master methods of communicating and interacting effectively with professional colleagues, and will prepare successful applications for research grant support.
13. Articulate their research and its significance both formally and informally to diverse audiences.
14. Give and receive feedback on communication skills both orally and in writing.
15. Be provided with opportunities to engage in public outreach and education.
16. Effectively teach the principles of genetics and the methods used in contemporary genetic research.
17. Receive in-class educational training by serving as teaching assistants for at least one semester of an undergraduate genetics course.
18. Be provided with opportunities to mentor other students (for example, undergraduate students) in a laboratory research setting. Interested students will have opportunities to perform outreach activities in which they educate school-age students or individuals from other fields on the principles of modern genetics.
19. Be provided with diverse training that will prepare them for a range of flexible and sustainable careers in, for example, academia, industry, government, science policy, administration, commerce, journalism, law, education and community outreach.
20. Develop broadly applicable skills in critical thinking and problem solving.
21. Be provided with opportunities for teamwork, written and oral communication skills and collaborations.
22. Receive training in professional ethics and the responsible conduct of science.
23. Be trained to use scientific rigor when designing experiments, collecting and analyzing data, and interpreting and reporting results.
24. Discuss and formulate opinions on the many situations that working scientists encounter involving professional ethics and conflicts of interest.
25. Receive training in laws, regulation, permits and licenses, occupational health, safety standards and best practices, will demonstrate understanding of such and adhere to compliance.

Assistant Professors: Christian Andresen, Song Gao, Ken Keefover-Ring, Almita Miranda, Jen Rose Smith

## CARTOGRAPHY AND GEOGRAPHIC INFORMATION SYSTEMS, DOCTORAL MINOR

Geographic information science (GIScience) addresses the fundamental issues surrounding the use of computer technology to help people work with geographic information. GIScience is a field devoted to the acquisition, representation, management, analysis, and visualization of geospatial data. It is a relatively new discipline that incorporates geography, cartography, spatial analysis, computer science and other related fields, including geodesy, cognition, statistics, and mathematics.

As an academic discipline, GIScience is concerned with both theoretical and applied issues relating to the creation, analysis, and visualization of spatiotemporal information. It is inherently interdisciplinary in both its methods and applications. Here at UW–Madison, we are committed to the integration of GIScience with substantive geographic questions.

## ADMISSIONS

For more information, contact: Marguerite Roulet, Graduate Program Director ([maroulet@wisc.edu](mailto:maroulet@wisc.edu)).

## REQUIREMENTS

All students pursuing a concentrated minor in Cart/GIS are required to connect with a faculty member with whom they can work to establish a reasonable course list to complete 9 credits in the department. That faculty member will, ultimately, be responsible for signing off on completion of the minor. Students interested in the geography minor are encouraged to explore the department's faculty pages (<http://www.geography.wisc.edu/faculty/>) and contact one or more faculty with shared research interests.

## CARTOGRAPHY AND GEOGRAPHIC INFORMATION SYSTEMS, M.S.

The Department of Geography offers a thesis-based master of science in Cartography and Geographic Information Systems, titled Thesis (p. 817). In addition, it offers two professional non-thesis options in the Cartography and Geographic Information Systems M.S. titled: GIS Development (p. 814) (online program) and Accelerated/ Non-Thesis (p. 812) (in-residence program).

Information about facilities, supporting faculty and staff, and program requirements for all graduate programs in the department can be found in the Geography (p. 810) listing in this catalog.

The M.S. (Thesis) in Cartography and Geographic Information Systems provides a broad foundation in the theory and application of mapping and geographic information sciences. Students who earn the M.S. (Thesis) degree are prepared to continue on for the Ph.D. in geography or for positions in government agencies, planning organizations, environmental agencies, nongovernmental organizations, and private industry.

## ADMISSIONS

Students apply to the Master of Science in Cartography and Geographic Information Systems through one of the named options:

- Accelerated/Non-Thesis, M.S. (p. 812)
- GIS Development, M.S. (p. 814)
- Thesis (p. 817)

## FUNDING

### GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

### PROGRAM RESOURCES

See "How Does Funding Work?" at the Geography Master's FAQ (<https://policy.wisc.edu/graduate/graduate-programs-faq/>).

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### MAJOR REQUIREMENTS CURRICULAR REQUIREMENTS

Requirements Detail	
Minimum Credit Requirement	30 credits
Minimum Residence Credit Requirement	16 credits
Minimum Graduate Coursework Requirement	15 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy ( <a href="https://policy.wisc.edu/library/UW-1244/">https://policy.wisc.edu/library/UW-1244/</a> ).
Overall Graduate GPA Requirement	3.00 GPA required. This program follows the Graduate School's policy: <a href="https://policy.wisc.edu/library/UW-1203/">https://policy.wisc.edu/library/UW-1203/</a> ( <a href="https://policy.wisc.edu/library/UW-1203/">https://policy.wisc.edu/library/UW-1203/</a> ).
Other Grade Requirements	n/a
Assessments and Examinations	See Named Options for information.

Language Requirements No language requirement.

### REQUIRED COURSES

Select a Named Option (<https://guide.wisc.edu/graduate/geography/cartography-geographic-information-systems-ms/#NamedOptions>) for courses required.

### NAMED OPTIONS

A named option is a formally documented sub-major within an academic major program. Named options appear on the transcript with degree conferral. Students pursuing the Master of Science in Cartography and Geographic Information Systems must select one of the following named options:

View as listView as grid

- **CARTOGRAPHY AND GEOGRAPHIC INFORMATION SYSTEMS: ACCELERATED/NON-THESIS, M.S. (P. 812)**
- **CARTOGRAPHY AND GEOGRAPHIC INFORMATION SYSTEMS: GIS DEVELOPMENT, M.S. (P. 814)**
- **CARTOGRAPHY AND GEOGRAPHIC INFORMATION SYSTEMS: THESIS, M.S. (P. 817)**

## POLICIES

Students should refer to one of the named options for policy information:

- Accelerated/Non-Thesis, M.S. (p. 812)
- GIS Development, M.S. (p. 814)
- Thesis (p. 817)

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

## LEARNING OUTCOMES

1. Articulates, critiques, or elaborates the theories, research methods, and approaches to inquiry or schools of practice in cartography and GIScience.
2. Identifies sources and assembles evidence pertaining to questions or challenges in cartography/GIScience.
3. Demonstrates understanding of cartography/GIScience in a historical, social, or global context.
4. Selects and/or utilizes the most appropriate methodologies and practices.
5. Evaluates or synthesizes information pertaining to questions or challenges in cartography/GIScience.
6. Communicates clearly in ways appropriate to cartography/GIScience.

7. Recognizes and applies principles of ethical and professional conduct.

## PEOPLE

### Faculty:

Department Chair: John (Jack) Williams

Professors: Ian Baird, Holly Gibbs, Robert Kaiser, Erika Marin-Spiotta, Joseph Mason, Lisa Naughton, Kristopher Olds, Morgan Robertson, Robert Roth, Matthew Turner, John (Jack) Williams, Keith Woodward, A-Xing Zhu

Associate Professors: Asligül Göçmen, Qunying Huang, Jenna Loyd, Sarah Moore, Stephen Young

Assistant Professors: Christian Andresen, Song Gao, Ken Keefover-Ring, Almita Miranda, Jen Rose Smith

## CARTOGRAPHY AND GEOGRAPHIC INFORMATION SYSTEMS: ACCELERATED/NON-THESIS, M.S.

This is a named option within the Cartography/GIS M.S (p. 810).

This accelerated master's program provides a broad foundation in the theory and application of mapping and geographic information sciences. Graduates of this program will be well prepared for positions as GIS analysts in government agencies, planning organizations, environmental agencies, nongovernmental organizations, and private industry. Completion of this accelerated program does not include a thesis. Learn more. (<https://geography.wisc.edu/gis/accelerated-non-thesis-masters-in-cartography-gis/>)

## ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	April 1 for international applicants; June 1 for domestic applicants
Spring Deadline	August 1 for international applicants; October 1 for domestic applicants
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.

**English Proficiency Test** Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements (<https://grad.wisc.edu/apply/requirements/#english-proficiency>).

**Other Test(s) (e.g., GMAT, MCAT)** n/a

**Letters of Recommendation Required** 2

The Graduate School sets minimum requirements for admissions (<https://grad.wisc.edu/admissions/requirements/>). Academic program admission requirements are often more rigorous than those set by the Graduate School. Please check the program's website (<https://geography.wisc.edu/gis/accelerated-non-thesis-masters-in-cartography-gis-application-information/>) for details on how to apply.

This program accepts applications for the FALL and SPRING semesters. Please visit the program website for more information on deadlines. (<https://geography.wisc.edu/gis/accelerated-non-thesis-masters-in-cartography-gis-application-information/>).

## FUNDING

### GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

### PROGRAM INFORMATION

Students enrolled in this program are not eligible to receive tuition remission from graduate assistantship appointments at this institution.

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### NAMED OPTION REQUIREMENTS

#### MODE OF INSTRUCTION

Face to Face	Evening/Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	Yes

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students are able to complete a program with minimal disruptions to careers and other commitments.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW–Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

### Requirements Detail

Minimum Credit Requirement	30 credits
Minimum Residence Credit Requirement	16 credits
Minimum Graduate Coursework Requirement	Half of degree coursework (15 credits out of 30 total credits) must be completed in graduate-level coursework; courses with the Graduate Level Coursework attribute are identified and searchable in the university's Course Guide.
Overall Graduate GPA Requirement	3.00 GPA required.
Other Grade Requirements	The Graduate School requires an average grade of B or better in all coursework (300 or above, not including research credits) taken as a graduate student unless conditions for probationary status require higher grades. Grades of Incomplete are considered to be unsatisfactory if they are not removed during the next enrolled semester.
Assessments and Examinations	No formal examination is required.
Language Requirements	No language requirement.

## REQUIRED COURSES

Code	Title	Credits
<b>Core Courses</b>		
GEOG 370	Introduction to Cartography (Core course)	4
GEOG/CIV ENGR/ ENVR ST 377	An Introduction to Geographic Information Systems (Core course)	4
GEOG 378	Introduction to Geocomputing (Core course)	4
GEOG 778	Practicum in GIS Development (Core course)	4
<b>Electives</b>		
Choose four of the following:		14-16
GEOG 560	Advanced Quantitative Methods (Elective)	

GEOG 572	Graphic Design in Cartography (Elective)
GEOG 573	Advanced Geocomputing and Geospatial Big Data Analytics (Elective)
GEOG 574	Geospatial Database Design and Development (Elective)
GEOG 575	Interactive Cartography & Geovisualization (Elective)
GEOG 576	Geospatial Web and Mobile Programming (Elective)
GEOG 578	GIS Applications (Elective)
GEOG 579	GIS and Spatial Analysis (Elective)
GEOG 675	Special Topics in Geography (Elective)
<b>Total Credits</b>	<b>30-32</b>

Students in this program may not take courses outside the prescribed curriculum without faculty advisor and program director approval. Students in this program cannot enroll concurrently in other undergraduate, graduate or certificate programs.

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

### NAMED OPTION-SPECIFIC POLICIES

#### PRIOR COURSEWORK

##### Graduate Work from Other Institutions

With program approval, students are allowed to count no more than 7 credits of graduate coursework from other institutions. Coursework earned five or more years prior to admission to a master's degree or earned ten years is not allowed to satisfy requirements.

##### UW–Madison Undergraduate

With program approval, students are allowed to count no more than 7 credits of undergraduate graduate coursework from other institutions. Coursework earned five or more years prior to admission to a master's degree or earned ten years is not allowed to satisfy requirements.

##### UW–Madison University Special

With program approval, students are allowed to count no more than 15 credits of graduate coursework as defined above taken as a UW–Madison Special student. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

#### PROBATION

The Department of Geography expects graduate students to progress through a sequence of benchmarks within prescribed time periods. These benchmarks constitute a reasonable rate of accomplishment for full-time students holding teaching or research appointments. The department recognizes that individual circumstances vary, and not all students

progressing toward their academic goals will hit the benchmarks exactly. Thus a student's progress is considered unsatisfactory only after a period of time elapses following an unmet benchmark. A student not making satisfactory progress is placed on probation. For detailed information about these benchmarks and triggers for probationary status, please see the department's Criteria for Satisfactory Progress.

## ADVISOR / COMMITTEE

All students are required to conduct a progress report each semester with the program director or manager. Failure to do so will result in a hold being placed on the student's registration.

## CREDITS PER TERM ALLOWED

15 credits

## TIME CONSTRAINTS

For program-specific time constraints, please see Probation Policy above.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
  - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeedisabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

GEOG 574	Geospatial Database Design and Development	4
GEOG 575	Interactive Cartography & Geovisualization	4
GEOG 576	Geospatial Web and Mobile Programming	4
GEOG 579	GIS and Spatial Analysis	4

GEOG 777	Capstone in GIS Development	4
GEOG 778	Practicum in GIS Development	4
<b>Total Credits</b>		<b>32</b>

Students in this program may not take courses outside the prescribed curriculum without faculty advisor and program director approval.

Students in this program cannot enroll concurrently in other undergraduate, graduate or certificate programs.

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

### NAMED OPTION-SPECIFIC POLICIES

#### PRIOR COURSEWORK

##### Graduate Work from Other Institutions

With program approval, students are allowed to count no more than 7 credits of graduate coursework from other institutions. Coursework earned five or more years prior to admission to a master's degree or earned ten years is not allowed to satisfy requirements.

##### UW–Madison Undergraduate

With program approval, students are allowed to count no more than 7 credits of undergraduate graduate coursework from other institutions. Coursework earned five or more years prior to admission to a master's degree or earned ten years is not allowed to satisfy requirements.

##### UW–Madison University Special

With program approval, students may count 15 credits taken as a UW–Madison University Special student. Coursework earned five or more years prior to admission to the option may not be used to satisfy requirements.

#### PROBATION

The Department of Geography expects graduate students to progress through a sequence of benchmarks within prescribed time periods. These benchmarks constitute a reasonable rate of accomplishment for full-time students holding teaching or research appointments. The department recognizes that individual circumstances vary, and not all students progressing toward their academic goals will hit the benchmarks exactly. Thus a student's progress is considered unsatisfactory only after a period of time elapses following an unmet benchmark. A student not making satisfactory progress is placed on probation. For detailed information about these benchmarks and triggers for probationary status, please see the department's Criteria for Satisfactory Progress (<http://www.geography.wisc.edu/graduate/Criteria%20for%20Satisfactory%20Progress.pdf>).

#### ADVISOR / COMMITTEE

All students are required to conduct a progress report each semester with the program director or manager. Failure to do so will result in a hold being placed on the student's registration.

### CREDITS PER TERM ALLOWED

12 credits

### TIME LIMITS

This program follows the Graduate School's Time Limits policy (<https://policy.wisc.edu/library/UW-1221/>).

### GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
  - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

## PEOPLE

Faculty Director: Robert Roth  
 Graduate Program Manager: Brittney Krauss  
 Academic Advisor: Joel Gruley  
 Associated Faculty: A-Xing Zhu, Robert Roth, Qunying Huang, and Song Gao.  
 Associated Instructors: Justin Cole and Anwar Sounny-Slitine  
 Department Chair: Jack Williams

## CARTOGRAPHY AND GEOGRAPHIC INFORMATION SYSTEMS: THESIS, M.S.

This is a named option within the Cartographic and Geographic Information Systems M.S. (p. 810)

The Department of Geography offers a thesis-based master of science in Cartography and Geographic Information Systems, titled Thesis (p. 817). In addition, it offers two professional non-thesis options in the Cartography and Geographic Information Systems M.S. titled: GIS Development (p. 814) (online program) and Accelerated/ Non-Thesis (p. 812) (in-residence program).

Information about facilities, supporting faculty and staff, and program requirements for all graduate programs in the department can be found in the Geography (p. 810) listing in this catalog.

The M.S. (Thesis) in Cartography and Geographic Information Systems provides a broad foundation in the theory and application of mapping and geographic information sciences. Students who earn the M.S. (Thesis) degree are prepared to continue on for the Ph.D. in geography or for positions in government agencies, planning organizations, environmental agencies, nongovernmental organizations, and private industry.

## ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 15
Spring Deadline	The program does not admit in the spring.
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.

**English Proficiency Test** Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements (<https://grad.wisc.edu/apply/requirements/#english-proficiency>).

**Other Test(s) (e.g., GMAT, MCAT)** n/a

**Letters of Recommendation Required** 3

## FUNDING

### GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

### PROGRAM RESOURCES

See "How Does Funding Work?" at the Geography Master's FAQ (<https://geography.wisc.edu/graduate/graduate-programs-faq/>).

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### NAMED OPTION REQUIREMENTS

#### MODE OF INSTRUCTION

Face to Face	Evening/Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students are able to complete a program with minimal disruptions to careers and other commitments.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW–Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

Requirements Detail	
Minimum Credit Requirement	30 credits
Minimum Residence Credit Requirement	16 credits
Minimum Graduate Coursework Requirement	15 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy ( <a href="https://policy.wisc.edu/library/UW-1244">https://policy.wisc.edu/library/UW-1244</a> ) ( <a href="https://policy.wisc.edu/library/UW-1244/">https://policy.wisc.edu/library/UW-1244/</a> ).
Overall Graduate GPA Requirement	3.00 GPA required. This program follows the Graduate School's policy: <a href="https://policy.wisc.edu/library/UW-1203">https://policy.wisc.edu/library/UW-1203</a> ( <a href="https://policy.wisc.edu/library/UW-1203/">https://policy.wisc.edu/library/UW-1203/</a> ).
Other Grade Requirements	n/a
Assessments and Examinations	A formal thesis is required.
Language Requirements	No language requirement.

## REQUIRED COURSES

### Program Breadth Requirements

Most students complete the coursework for breadth requirements prior to entering the program. Students who begin the program lacking one or more of the breadth courses are expected to complete such coursework during the master's program. One course taken for breadth can also be used to fulfill degree requirements. Typically, these courses are not seminars. Students must complete the equivalent of one undergraduate-level course in quantitative methods, two courses in mathematics, and two intermediate or advanced geographic courses.

### Coursework

Code	Title	Credits
<b>Required</b>		
GEOG 765 & GEOG 766	Geographical Inquiry and Analysis: An Introduction and Geographical Inquiry and Analysis: Techniques	4
GEOG 370	Introduction to Cartography	4
GEOG/CIV ENGR/ ENVIR ST 377	An Introduction to Geographic Information Systems	4
GEOG 378	Introduction to Geocomputing	4
GEOG 970	Seminar in Geographic Information Science <sup>1</sup>	3
Select two of the following:		6-8
GEOG 572	Graphic Design in Cartography	
GEOG 573	Advanced Geocomputing and Geospatial Big Data Analytics	

GEOG 574	Geospatial Database Design and Development
GEOG 575	Interactive Cartography & Geovisualization
GEOG 576	Geospatial Web and Mobile Programming
GEOG 578	GIS Applications
GEOG 579	GIS and Spatial Analysis
<i>Remaining Credits</i>	<i>3-5</i>
Students take courses numbered 300 and up in consultation with their advisor to meet the 30 credit minimum.	
<b>Total Credits</b>	<b>30</b>

1

GEOG 970 must be taken for 3 credits.

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

### NAMED OPTION-SPECIFIC POLICIES

#### PRIOR COURSEWORK

##### Graduate Work from Other Institutions

With program approval, students are allowed to count no more than 6 credits of graduate coursework from other institutions. Coursework earned five or more years prior to admission to a master's degree or earned ten years or more prior to admission to a doctoral degree is not allowed to satisfy requirements.

##### UW–Madison Undergraduate

No credits from a UW–Madison undergraduate degree are allowed to count toward the degree.

##### UW–Madison University Special

With program approval, students are allowed to count no more than 6 credits of graduate coursework as defined above taken as a UW–Madison Special student. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

#### PROBATION

The Department of Geography expects graduate students to progress through a sequence of benchmarks within prescribed time periods. These benchmarks constitute a reasonable rate of accomplishment for full-time students holding teaching or research appointments. The department recognizes that individual circumstances vary, and not all students progressing toward their academic goals will hit the benchmarks exactly. Thus a student's progress is considered unsatisfactory only after a period of time elapses following an unmet benchmark. A student not making satisfactory progress is placed on probation. For detailed information about these benchmarks and triggers for probationary status, please see the department's Criteria for Satisfactory Progress (<https://>

geography.wisc.edu/wp-content/uploads/2018/09/Graduate-Student-Handbook-Version-18-19-August-2018.pdf).

## ADVISOR / COMMITTEE

The chair (or co-chair) of a Master's student's committee is the student's advisor. This individual must be graduate faculty in Geography or affiliated with Geography. The committee must have at least three members, two of whom must be graduate faculty (or former graduate faculty up to one year after resignation/retirement). Two of the three members must be affiliated with the Geography Department. The third member may be a qualified individual from within or outside UW-Madison. Inclusion of committee members who are not UW-Madison graduate faculty must be approved by the student's advisor.

## CREDITS PER TERM ALLOWED

15 credits

## TIME LIMITS

This program follows the Graduate School's Time Limits policy (<https://policy.wisc.edu/library/UW-1221/>).

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
  - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeeabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

## OTHER

## PROFESSIONAL DEVELOPMENT

## GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

## PEOPLE

### Faculty:

Department Chair: John (Jack) Williams

Professors: Ian Baird, Holly Gibbs, Robert Kaiser, Erika Marin-Spiotta, Joseph Mason, Lisa Naughton, Kristopher Olds, Morgan Robertson, Robert Roth, Matthew Turner, John (Jack) Williams, Keith Woodward, A-Xing Zhu

Associate Professors: Asligül Göçmen, Qunying Huang, Jenna Loyd, Sarah Moore, Stephen Young

Assistant Professors: Christian Andresen, Song Gao, Ken Keefover-Ring, Almita Miranda, Jen Rose Smith

## GEOGRAPHY, DOCTORAL MINOR

Geography studies the interaction between people and their environments including the ways in which the people, the environments, and the interactions all vary from place to place over the earth. Because it is concerned with the character of people and their cultures on the one hand, and with the character of the earth's surface and its resources on the other, geography is both a social and a natural science. The UW-Madison geography program is organized into four major thematic areas: physical geography and earth system science, people-environmental studies, cartography and GIS, and human geography. There is intentional overlap among the thematic areas and many of our faculty work across subfields (e.g., teach courses in both human and people-environment).

## ADMISSIONS

For more information, contact: Marguerite Roulet, Graduate Program Director ([maroulet@wisc.edu](mailto:maroulet@wisc.edu)).

## REQUIREMENTS

All students pursuing a concentrated minor in geography are required to connect with a faculty member with whom they can work to establish a reasonable course list to complete 9 credits in the department. That faculty member will, ultimately, be responsible for signing off on completion of the minor. Students interested in the geography minor are encouraged to explore the department's faculty pages (<http://www.geography.wisc.edu/faculty/>) and contact faculty members with shared research interests.

## PEOPLE

### Faculty:

Department Chair: John (Jack) Williams

## GEOGRAPHY, M.S.

The Department of Geography is a leader in the field of geography and offers exceptional opportunities for graduate education. The department has been consistently rated as one of the best in the country and, for over 100 years, has been the training ground for generations of geographers. The department's strength is reflected in its ability to attract top-caliber students, compete for significant research funding, and publish foundational scholarly work. The department maintains strength across the full spectrum of subfields within the discipline, and is organized into four major thematic areas: physical geography and earth system science, people and environment, human geography, and cartography/GIS.

Department faculty and graduate students represent a diverse community within which a wide range of perspectives, approaches and research strategies is accommodated. The faculty has long been recognized nationally and internationally for outstanding contributions to geography and beyond. Many graduate students have gone on to prominence within government, industry, and academia, and some of the most influential names in geography received their training in Madison.

The department offers two masters of science in geography (thesis option): a master of science in geography and a master of science in cartography and geographic information systems.

Graduate students at the M.S. level are expected to acquire a broad foundation in geography in addition to specializing in one or more areas of concentration. Students who earn the M.S. (Thesis) degree are prepared to continue on for the Ph.D., or for positions in government agencies, planning organizations, environmental agencies, nongovernmental organizations, and private industry.

The department takes in roughly 10–15 new graduate students each year. In recent years, about half of all incoming graduate students have completed an undergraduate major in a subject other than geography.

## FACILITIES

Housed in historic Science Hall, the Department of Geography offers exceptional facilities for advanced study in geography, cartography, and GIS. The department maintains the University Cartographic Laboratory, the Arthur Robinson Map and Air Photo Library, a computer lab, several computer classrooms, and laboratory facilities specializing in biogeography, biogeochemistry, paleoecology, geomorphology, and soil research. In addition, the building houses the Wisconsin State

Cartographer's Office, the History of Cartography Project, and the Gaylord Nelson Institute for Environmental Studies.

Graduate students may supplement their work in the geography department with study in other departments of the university, and there are frequent opportunities for advanced work in interdepartmental seminars. The location of the state capital at Madison makes possible easy contact with state agencies and some federal agencies.

## ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

### MAJOR-SPECIFIC POLICIES

#### PRIOR COURSEWORK

##### Graduate Work from Other Institutions

With program approval, students are allowed to count no more than 6 credits of graduate coursework from other institutions. Coursework earned five or more years prior to admission to a master's degree or

earned ten years or more prior to admission to a doctoral degree is not allowed to satisfy requirements.

### **UW–Madison Undergraduate**

No credits from a UW–Madison undergraduate degree are allowed to count toward the degree.

### **UW–Madison University Special**

With program approval, students are allowed to count no more than 6 credits of graduate coursework as defined above taken as a UW–Madison Special student. Coursework earned five or more years prior to admission to a master's degree or earned ten years or more prior to admission to a doctoral degree is not allowed to satisfy requirements.

## **PROBATION**

The Department of Geography expects graduate students to progress through a sequence of benchmarks within prescribed time periods. These benchmarks constitute a reasonable rate of accomplishment for full-time students holding teaching or research appointments. The department recognizes that individual circumstances vary, and not all students progressing toward their academic goals will hit the benchmarks exactly. Thus a student's progress is considered unsatisfactory only after a period of time elapses following an unmet benchmark. A student not making satisfactory progress is placed on probation. For detailed information about these benchmarks and triggers for probationary status, see the department's Criteria for Satisfactory Progress (<https://geography.wisc.edu/wp-content/uploads/2017/05/Criteria-for-Satisfactory-Progress.pdf>).

## **ADVISOR / COMMITTEE**

The chair (or co-chair) of a Masters student's committee is the student's advisor. This individuals must be graduate faculty in Geography or affiliated with Geography. The committee must have at least three members, two of whom must be graduate faculty (or former graduate faculty up to one year after resignation/retirement). Two of the three members must be affiliated with the Geography Department. The third member may be a qualified individual from within or outside UW-Madison. Inclusion of committee members who are not UW-Madison graduate faculty must be approved by the student's advisor.

## **CREDITS PER TERM ALLOWED**

15 credits

## **TIME LIMITS**

For program-specific time constraints, please see Probation Policy above.

This program follows the Graduate School's Time Limits policy (<https://policy.wisc.edu/library/UW-1221/>).

## **GRIEVANCES AND APPEALS**

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
  - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)

- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

## **PROFESSIONAL DEVELOPMENT**

## **GRADUATE SCHOOL RESOURCES**

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

## **LEARNING OUTCOMES**

1. Articulates, critiques, or elaborates the theories, research methods, and approaches to inquiry or schools of practice in geography.
2. Identifies sources and assembles evidence pertaining to questions or challenges in geography.
3. Demonstrates understanding of geography in a historical, social, or global context.
4. Selects and/or utilizes the most appropriate methodologies and practices.
5. Evaluates or synthesizes information pertaining to questions or challenges in geography.
6. Communicates clearly in ways appropriate to geography.
7. Recognizes and applies principles of ethical and professional conduct.

## **PEOPLE**

## GEOGRAPHY, PH.D.

The Department of Geography is a leader in the field of geography and offers exceptional opportunities for graduate education. The department has been consistently rated as one of the best in the country and, for more than 100 years, has been the training ground for generations of geographers. The department's strength is reflected in its ability to attract top-caliber students, compete for significant research funding, and publish foundational scholarly work. The department maintains strength across the full spectrum of subfields within the discipline, and is organized into four major thematic areas: physical geography and earth system science, people and environment, human geography, and cartography/GIS.

Department faculty and graduate students represent a diverse community within which a wide range of perspectives, approaches and research strategies is accommodated. The faculty has long been recognized nationally and internationally for outstanding contributions to geography and beyond. Many graduate students have gone on to prominence within government, industry, and academia and some of the most influential names in geography received their training in Madison.

The Ph.D. degree is founded primarily upon specialized advanced training and research. Students may specialize in a single subdisciplinary area or a combination of areas and are expected to engage in research leading to a dissertation that makes an original and significant contribution to geographic knowledge and ideas.

The department takes in roughly 10–15 new graduate students each year. In recent years, about half of all incoming graduate students have completed an undergraduate major in a subject other than geography.

## FACILITIES

Housed in historic Science Hall, the Department of Geography offers exceptional facilities for advanced study in geography, cartography, and GIS. The department maintains the University Cartographic Laboratory, the Arthur Robinson Map and Air Photo Library, a computer lab, several computer classrooms, and laboratory facilities specializing in biogeography, biogeochemistry, paleoecology, geomorphology, and soil research. In addition, the building houses the Wisconsin State Cartographer's Office, the History of Cartography Project, and the Gaylord Nelson Institute for Environmental Studies.

Graduate students may supplement their work in the geography department with study in other departments of the university, and there are frequent opportunities for advanced work in interdepartmental seminars. The location of the state capital at Madison makes possible easy contact with state agencies, and some federal agencies.

## ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 15
Spring Deadline	This program does not admit in the spring.
Summer Deadline	This program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements ( <a href="https://grad.wisc.edu/apply/requirements/#english-proficiency">https://grad.wisc.edu/apply/requirements/#english-proficiency</a> ).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

## FUNDING

### GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

### PROGRAM RESOURCES

See "How Does Funding Work?" at the Geography Master's FAQ (<https://geography.wisc.edu/graduate/graduate-programs-faq/>).

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

## MAJOR REQUIREMENTS

### MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students are able to complete a program with minimal disruptions to careers and other commitments.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW–Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

### Requirements Detail

Minimum Credit Requirement	51 credits
Minimum Residence Credit Requirement	32 credits
Minimum Graduate Coursework Requirement	26 credits must be graduate-level coursework. Details can be found in the Graduate School's policy: <a href="https://policy.wisc.edu/library/UW-1244">https://policy.wisc.edu/library/UW-1244</a> ( <a href="https://policy.wisc.edu/library/UW-1244/">https://policy.wisc.edu/library/UW-1244/</a> )
Overall Graduate GPA Requirement	3.00 GPA required. This program follows the Graduate School's policy: <a href="https://policy.wisc.edu/library/UW-1203">https://policy.wisc.edu/library/UW-1203</a> ( <a href="https://policy.wisc.edu/library/UW-1203/">https://policy.wisc.edu/library/UW-1203/</a> ).
Other Grade Requirements	No other grade requirements.
Assessments and Examinations	Students must pass a general and specific qualifying exam. Student must orally defend dissertation proposal before a dissertation committee.
Language Requirements	Competence in a non-English language can be used to fulfill skills requirement.
Breadth Requirement	All doctoral students are required to complete a minor or a Graduate/Professional certificate per the Graduate School breadth requirement in doctoral training policy. Students who choose to complete the Culture, History and Environment doctoral minor can use no more than one Geography course for the minor and that course must be outside of the student's primary subarea of study.

## REQUIRED COURSES

### Breadth Requirements

Students must complete the equivalent of one undergraduate-level course in each subarea (Physical Geography, Human Geography, People-Environment Geography, Cartography/GIS). One course taken for breadth can also be used to fulfill degree requirements. Typically, these courses are not seminars. Most students complete this coursework for breadth requirements prior to entering the program. Students who begin the program lacking one or more of the breadth courses are expected to complete such coursework by the end of the 2nd semester in the Ph.D. program.

### Coursework

GEOG 765 Geographical Inquiry and Analysis: An Introduction (1 cr); two (3 cr) 900-level geography seminars with two different core or affiliate Geography faculty members (cannot use seminars completed as M.S. student); skills coursework (6 credits of intermediate or advanced courses)—any coursework completed as a graduate student can be used. Competence in non-English language OR quantitative and/or qualitative skills.

### Geography Seminars

Code	Title	Credits
GEOG 900	Seminar in Geography	1-3
GEOG 901	Seminar in Cultural Geography	2-3
GEOG 918	Seminar in Political Geography	2-3
GEOG 920	Seminar in Physical Geography	1-3
GEOG 930	Seminar in People-Environment Geography	2-3
GEOG 970	Seminar in Geographic Information Science	1-3
GEOG/A A E/ ANTHRO/C&E SOC/ HISTORY/LACIS/ POLI SCI/PORTUG/ SOC/SPANISH 982	Interdepartmental Seminar in the Latin-American Area	1-3
GEOG/AFRICAN/ ANTHRO/ECON/ HISTORY/ POLI SCI 983	Interdepartmental Seminar in African Studies Topics	3

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

### MAJOR-SPECIFIC POLICIES

#### PRIOR COURSEWORK

##### Graduate Work from Other Institutions

With program approval, students are allowed to count no more than 9 credits of graduate coursework from other institutions. Coursework earned five or more years prior to admission to a master's degree or

earned ten years or more prior to admission to a doctoral degree is not allowed to satisfy requirements.

### **UW–Madison Undergraduate**

No credits from a UW–Madison undergraduate degree are allowed to count toward the degree.

### **UW–Madison University Special**

With program approval, students are allowed to count no more than 9 credits of graduate coursework as defined above taken as a UW–Madison Special student. Coursework earned five or more years prior to admission to a master's degree or earned ten year or more prior to admission to a doctoral degree is not allowed to satisfy requirements.

## **PROBATION**

The Department of Geography expects graduate students to progress through a sequence of benchmarks within prescribed time periods. These benchmarks constitute a reasonable rate of accomplishment for full-time students holding teaching or research appointments. The department recognizes that individual circumstances vary, and not all students progressing toward their academic goals will hit the benchmarks exactly. Thus a student's progress is considered unsatisfactory only after a period of time elapses following an unmet benchmark. A student not making satisfactory progress is placed on probation. For detailed information about these benchmarks and triggers for probationary status, see the department's Criteria for Satisfactory Progress (<https://geography.wisc.edu/wp-content/uploads/2017/05/Criteria-for-Satisfactory-Progress.pdf>).

## **ADVISOR / COMMITTEE**

The chair (or co-chair) of a doctoral student's Dissertation Committee is the student's Advisor. This individual must be UW-Madison graduate faculty in Geography or affiliated with Geography. The committee must have at least 4 members, all designated as "readers" (responsible for reading the entire dissertation). The committee must have members from at least 2 University of Wisconsin-Madison graduate programs. Three members must be UW-Madison graduate faculty (or former graduate faculty up to one year after resignation/retirement). At least 2 members must be from UW-Madison Geography or affiliated with UW-Madison Geography. At least one committee member must be from outside the major field of study. The fourth member and any additional members can be UW-Madison graduate faculty (or former graduate faculty up to one year after resignation/retirement) or qualified individuals from within or outside UW-Madison. Inclusion of committee members who are not UW-Madison graduate faculty must be approved by the student's Advisor. Students can add a 5th committee member, who can serve as "non-reader" (not responsible for reading the entire dissertation, able to provide input on specific areas of expertise).

## **CREDITS PER TERM ALLOWED**

15 credits

## **TIME LIMITS**

This program follows the Graduate School's Time Limits policy (<https://policy.wisc.edu/library/UW-1221/>).

## **GRIEVANCES AND APPEALS**

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)

- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
  - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

## **OTHER**

n/a

## **PROFESSIONAL DEVELOPMENT**

### **GRADUATE SCHOOL RESOURCES**

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

## **LEARNING OUTCOMES**

1. Articulates research problems, potentials, and limits with respect to theory, knowledge, or practice within geography.
2. Formulates ideas, concepts, designs, and/or techniques beyond the current boundaries of knowledge within geography.
3. Creates research, scholarship, or performance that makes a substantive contribution.
4. Demonstrates breadth within their learning experiences.
5. Advances contributions of geography to society.
6. Communicates complex ideas in a clear and understandable manner.
7. Fosters ethical and professional conduct.

## PEOPLE

### Faculty:

Department Chair: John (Jack) Williams

Professors: Ian Baird, Holly Gibbs, Robert Kaiser, Erika Marin-Spiotta, Joseph Mason, Lisa Naughton, Kristopher Olds, Morgan Robertson, Robert Roth, Matthew Turner, John (Jack) Williams, Keith Woodward, A-Xing Zhu

Associate Professors: Asligül Göçmen, Qunying Huang, Jenna Loyd, Sarah Moore, Stephen Young

Assistant Professors: Christian Andresen, Song Gao, Ken Keefover-Ring, Almita Miranda, Jen Rose Smith

## GEOSCIENCE

### DEGREES/MAJORS, DOCTORAL MINORS, GRADUATE/PROFESSIONAL CERTIFICATES

- Geoscience, Doctoral Minor (p. 826)
- Geoscience, M.S. (p. 826)
- Geoscience, Ph.D. (p. 829)

## PEOPLE

**Faculty:** Professors Carroll, DeMets, Feigl, Goodwin, Johnson, Kelly, Meyers, Peters, Roden, Singer, Thurber, Tikoff, Xu; Associate Professors Cardiff, Dutton; Assistant Professors Bauer, Bonamici, Ferrier, Marcott, Zahasky, Zoet

## GEOSCIENCE, DOCTORAL MINOR

The Geoscience minor provides students in the natural sciences with an opportunity to broaden and deepen their understanding of traditional areas of geoscience such as sedimentary geology, hydrogeology, geophysics, mineralogy, petrology, geochemistry, structural geology, and surface processes. The minor offers coursework that connects to other earth and environmental science programs on campus including, for example, participation in the Nelson Institute for Environmental Studies and close collaboration with the College of Engineering to jointly train future geological engineers. We also offer courses that deal with societal problems including climate change, geohazards, the environment, and natural resources; and courses that deal with big questions such as the origin of life in the solar system, geologic triggers for global biotic changes, and the deep-seated processes that drive earthquakes and volcanic eruptions. Regardless of the focus of the minor, the key learning outcome is for the student to understand how geoscientists approach problems, including development and evaluation of scientific hypotheses, ideas, and concepts within Geoscience. Our graduate courses require students to communicate complex ideas in a clear and understandable manner, an ability that will allow them to engage with and communicate with research professionals in Geoscience.

## ADMISSIONS

Contact Professor Eric Roden, eroden@geology.wisc.edu.

## REQUIREMENTS

Our minor requires a minimum of 9 credits in courses involving one or more faculty from Geoscience. The coursework may focus on a single geoscience discipline (e.g., one of the traditional areas listed in the Overview), or may be multidisciplinary across our various coursework options. Fulfillment of this option requires the approval of the graduate studies program coordinator.

## PEOPLE

**Faculty:** Professors Carroll, DeMets, Feigl, Goodwin, Johnson, Kelly, Meyers, Peters, Roden, Singer, Thurber, Tikoff, Xu; Associate Professors Cardiff, Dutton; Assistant Professors Bauer, Bonamici, Ferrier, Marcott, Zahasky, Zoet

## GEOSCIENCE, M.S.

The Department of Geoscience provides opportunity for advanced study leading to the master of science and the doctor of philosophy degrees. Broad research interests and numerous fields of specialization among the members of the faculty provide research opportunities in all major fields of earth science including geochemistry, geophysics, hydrogeology, microbial geoscience, mineralogy, nano-geoscience, paleontology, paleoclimatology/paleoceanography, petrology, quaternary geology, sedimentology, structural geology, and tectonics.

The graduate student is expected to acquire a broad foundation in geoscience and in the supporting sciences before specializing. Courses are selected by the student in consultation with a three-member guidance and evaluation committee. Individual research and scholarship is required in all graduate work. It is expected that the candidate for an advanced degree will make original contributions, develop new ideas, and complete a dissertation suitable for publication in a peer-reviewed journal, book, or report. Students may also obtain a joint master's degree in geoscience and water resources management if approved by both programs and the Graduate School.

The department maintains a variety of cutting-edge laboratories in Lewis G. Weeks Hall for the Geological Sciences. Strong connections also exist between the geoscience and geological engineering programs. Library and research facilities are available for advanced work in all important branches of the science. Geological survey offices in the Madison area, both state and federal, provide opportunities for cooperation with Survey geologists and the use of Survey facilities.

The program prepares students for teaching and research in academic positions, research work in state and federal organizations, and research and development in industry. The department coordinates interviews with potential employers several times during the year and maintains information on career placement. Students are actively involved in teaching and research programs and other scholarly activities of the department.

## ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	January 4
Spring Deadline	November 1
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements ( <a href="https://grad.wisc.edu/apply/requirements/#english-proficiency">https://grad.wisc.edu/apply/requirements/#english-proficiency</a> ).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

Graduate students may enter the degree program with a bachelor's degree in geology or a related earth science, or some other field relevant to the intended field of specialization. In addition to meeting the minimum admission requirements of the Graduate School, candidates must have had one year each of college chemistry, physics, and calculus. Graduate students in paleobiology are allowed to substitute statistics courses for the calculus requirement. A student entering the program with an undergraduate degree in geology is expected to have completed a 6–8 credit course in geologic field mapping.

Applicants will not normally be admitted with deficiencies in more than two one-semester courses in the required cognate subjects (for example, a prospective student could be missing one semester of physics and one semester of calculus). Such deficiencies should be removed within the first year of graduate study. A deficiency in field geology normally must be removed before commencing graduate study. Promising students with excessive deficiencies may be advised to take courses as a Special student before becoming eligible to enter graduate studies. They cannot, however, receive financial aid while a Special student.

## FUNDING

### GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further

funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## PROGRAM RESOURCES

Financial assistance sufficient to meet the ordinary expenses of graduate school is available to qualified students in the form of fellowships and teaching or research assistantships. Prospective students should contact the department for information on available financial aid.

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### MAJOR REQUIREMENTS

#### MODE OF INSTRUCTION

Face to Face	Evening/Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students are able to complete a program with minimal disruptions to careers and other commitments.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW–Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

### CURRICULAR REQUIREMENTS

Requirements Detail	
Minimum Credit Requirement	30 credits
Minimum Residence Credit Requirement	16 credits
Minimum Graduate Coursework Requirement	Half of degree coursework (15 credits out of 30 total credits) must be completed graduate-level coursework; courses with the Graduate Level Coursework attribute are identified and searchable in the university's Course Guide ( <a href="https://registrar.wisc.edu/course-guide">https://registrar.wisc.edu/course-guide</a> ( <a href="https://registrar.wisc.edu/course-guide/">https://registrar.wisc.edu/course-guide/</a> )).

Overall Graduate GPA Requirement	3.00 GPA required.
Other Grade Requirements	The Graduate School requires an average grade of B or better in all coursework (300 or above, not including research credits) taken as a graduate student unless conditions for probationary status require higher grades. Grades of Incomplete are considered to be unsatisfactory if they are not removed during the next enrolled semester.
Assessments and Examinations	Contact the program for information on required assessments and examinations.
Language Requirements	No language requirements.

## REQUIRED COURSES

Courses are selected by the student in consultation with a three-member Guidance and Evaluation Committee.

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

### MAJOR-SPECIFIC POLICIES

#### PRIOR COURSEWORK

##### Graduate Work from Other Institutions

With program approval, students are allowed to count no more than 15 credits of graduate coursework from other institutions. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

##### UW–Madison Undergraduate

7 credits from a UW–Madison undergraduate degree are allowed to count toward the degree. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

##### UW–Madison University Special

With program approval, students are allowed to count no more than 15 credits of coursework numbered 300 or above taken as a UW–Madison Special student. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

#### PROBATION

The Graduate School regularly reviews the record of any student who earned grades of BC, C, D, F, or Incomplete in a graduate course (300 or above), or grade of U in research credits. This review could result in academic probation with a hold on future enrollment or in being suspended from the Graduate School.

### ADVISOR / COMMITTEE

Every graduate student is required to have an advisor. To ensure that students are making satisfactory progress toward a degree, the Graduate School expects them to meet with their advisor on a regular basis.

An advisor generally serves as the thesis advisor. In many cases, an advisor is assigned to incoming students. Students can be suspended from the Graduate School if they do not have an advisor. An advisor is a faculty member, or sometimes a committee, from the major department responsible for providing advice regarding graduate studies.

A committee often accomplishes advising for the students in the early stages of their studies.

### CREDITS PER TERM ALLOWED

15 credits

### TIME CONSTRAINTS

Master's degree students who have been absent for five or more consecutive years lose all credits that they have earned before their absence. Individual programs may count the coursework students completed prior to their absence for meeting program requirements; that coursework may not count toward Graduate School credit requirements.

### GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
  - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic

Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

## OTHER

Qualified prospective students are considered for financial support in the form of graduate assistantships or fellowships at the same time they are considered for admission.

## PROFESSIONAL DEVELOPMENT

## GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

## LEARNING OUTCOMES

1. Articulates, critiques, or elaborates the scientific theories, scientific hypotheses, research methods, and approaches to inquiry or schools of practice in geoscience.
2. Identifies sources and assembles evidence pertaining to questions or challenges in geoscience.
3. Demonstrates understanding of geoscience in historical, social, or global context.
4. Selects and/or utilizes the most appropriate methodologies and practices.
5. Evaluates or synthesizes information pertaining to questions or challenges in geoscience.
6. Communicates clearly in ways appropriate to the geological sciences.
7. Recognizes and applies principles of ethical and professional conduct.

## PEOPLE

**Faculty:** Professors Carroll, DeMets, Feigl, Goodwin, Johnson, Kelly, Meyers, Peters, Roden, Singer, Thurber, Tikoff, Xu; Associate Professors Cardiff, Dutton; Assistant Professors Bauer, Bonamici, Ferrier, Marcott, Zahasky, Zoet

## GEOSCIENCE, PH.D.

The Department of Geoscience provides opportunity for advanced study leading to the master of science and the doctor of philosophy degrees. Broad research interests and numerous fields of specialization among the members of the faculty provide research opportunities in all major fields of earth science including geochemistry, geophysics, hydrogeology, microbial geoscience, mineralogy, nano-geoscience, paleontology, paleoclimatology/paleoceanography, petrology, quaternary geology, sedimentology, structural geology, and tectonics.

The graduate student is expected to acquire a broad foundation in geoscience and in the supporting sciences before specializing. Minimum 32 credits

Residence Credit Requirement

Minimum Half of degree coursework (26 credits out of 51 total credits) must be completed graduate-level coursework; Graduate Coursework Requirement courses with the Graduate Level Coursework attribute are identified and searchable in the university's Course Guide.

Overall 3.00 GPA required.

Graduate GPA Requirement

Other Grade Requirements The Graduate School requires an average grade of B or better in all coursework (300 or above, not including research credits) taken as a graduate student unless conditions for probationary status require higher grades. Grades of Incomplete are considered to be unsatisfactory if they are not removed during the next enrolled semester.

Assessments and Examinations Doctoral students are required to take a comprehensive preliminary/oral examination after they have cleared their record of all Incomplete and Progress grades (other than research and thesis). Deposit of the doctoral dissertation in the Graduate School is required.

Language Requirements No language requirements.

Doctoral Minor/Breadth Requirements All doctoral students are required to complete a minor.

### REQUIRED COURSES

Courses are selected by the student in consultation with a three-member Guidance and Evaluation Committee.

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

### MAJOR-SPECIFIC POLICIES

#### PRIOR COURSEWORK

##### Graduate Work from Other Institutions

With program approval, students are allowed to count no more than 15 credits of graduate coursework from other institutions. Coursework

earned ten or more years prior to admission to a doctoral degree is not allowed to satisfy requirements.

### **UW–Madison Undergraduate**

7 credits from a UW–Madison undergraduate degree are allowed to count toward the degree. Coursework earned ten or more years prior to admission to a doctoral degree is not allowed to satisfy requirements.

### **UW–Madison University Special**

With program approval, students are allowed to count no more than 15 credits of coursework numbered 300 or above taken as a UW–Madison Special student. Coursework earned ten or more years prior to admission to a doctoral degree is not allowed to satisfy requirements.

## **PROBATION**

The Graduate School regularly reviews the record of any student who earned grades of BC, C, D, F, or Incomplete in a graduate course (300 or above), or grade of U in research credits. This review could result in academic probation with a hold on future enrollment or in being suspended from the Graduate School.

## **ADVISOR / COMMITTEE**

Every graduate student is required to have an advisor. An advisor is a faculty member, or sometimes a committee, from the major department responsible for providing advice regarding graduate studies. An advisor generally serves as the thesis advisor. In many cases, an advisor is assigned to incoming students. Students can be suspended from the Graduate School if they do not have an advisor.

To ensure that students are making satisfactory progress toward a degree, the Graduate School expects them to meet with their advisor on a regular basis.

A committee often accomplishes advising for the students in the early stages of their studies.

## **CREDITS PER TERM ALLOWED**

15 credits

## **TIME CONSTRAINTS**

Doctoral degree students who have been absent for ten or more consecutive years lose all credits that they have earned before their absence. Individual programs may count the coursework students completed prior to their absence for meeting program requirements; that coursework may not count toward Graduate School credit requirements.

A candidate for a doctoral degree who fails to take the final oral examination and deposit the dissertation within five years after passing the preliminary examination may be required to take another preliminary examination and to be admitted to candidacy a second time.

## **GRIEVANCES AND APPEALS**

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
  - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)

- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

## **OTHER**

Qualified prospective students are considered for financial support in the form of graduate assistantships or fellowships at the same time they are considered for admission.

## **PROFESSIONAL DEVELOPMENT**

## **GRADUATE SCHOOL RESOURCES**

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

## **LEARNING OUTCOMES**

1. Formulates and plans original research.
2. Formulates scientific hypotheses, ideas, concepts, designs, and/or techniques beyond the current boundaries of knowledge within geoscience.
3. Creates research and scholarship that makes a substantive contribution.
4. Demonstrates breadth within their learning experiences, gaining a broad awareness of the status of contemporary research beyond the student's area of specialization.
5. Advances contributions of geoscience to society.
6. Communicates complex ideas in a clear and understandable manner, including the ability to engage and communicate with research professionals in geoscience.
7. Fosters ethical and professional conduct.

## PEOPLE

**Faculty:** Professors Carroll, DeMets, Feigl, Goodwin, Johnson, Kelly, Meyers, Peters, Roden, Singer, Thurber, Tikoff, Xu; Associate Professors Cardiff, Dutton; Assistant Professors Bauer, Bonamici, Ferrier, Marcott, Zahasky, Zoet

## FOLKLORE, DOCTORAL MINOR

## REQUIREMENTS

Doctoral students can obtain a minor in Folklore studies by taking three advanced-level (numbered 300 or above) folklore courses for a total of 9 credits. Interested students should consult with the graduate coordinator [mkmears@wisc.edu](mailto:mkmears@wisc.edu), and have the minor plan approved by the the Program Leader of Folklore.

## PEOPLE

**Faculty:** Professor Livorni (chair, also French and Italian); Associate Professor Livanos; Assistant Professor Fielder; Lecturer Botero.

**Affiliate Faculty:** Professors Adler (German, Nordic, and Slavic), Casid (Art History), Dharwadker (English), Garlough (Gender and Women's Studies), Gilmore (Landscape Architecture), Goodkin (French and Italian), Guyer (English), Kern (Asian Languages and Cultures), Longinovic (German, Nordic, and Slavic), Rosenblum (Jewish Studies), Valentine (Linguistics) Wells (English); Associate Professors Kapust (Political Science), Neyrat (English); Assistant Professor Grunewald (English),

**International Affiliate Faculty:** Ramalho de Sousa Santos (University of Coimbra, Portugal).

See also Faculty (<http://clfs.wisc.edu/people/faculty/>) on the department website.

## GERMAN, DOCTORAL MINOR

## REQUIREMENTS

The department offers an external doctoral minor. Doctoral students outside the department may obtain a minor in German by taking three graduate-level courses, at least two of them at the 600 level or above, for a total of 9 credits.

Interested students should consult with the graduate coordinator [mkmears@wisc.edu](mailto:mkmears@wisc.edu), and have the minor plan approved by the chair.

## PEOPLE

**Faculty:** Professors Chavez, Gross, Loudon, Mani, Potter, and Vanderwal Taylor; Associate Professors Calomino, Eldridge, Klocke, and Moedersheim; Assistant Professors Li, Somers, Stern and Yudkoff; Faculty Associates Larson-Guenette and Schueller

## GERMAN, M.A.

The graduate program in German is recognized internationally for its comprehensive coverage of German studies and the thorough preparation of candidates for its graduate degrees. The German program is consistently among the most highly rated in the country and is near the top of the list of North American institutions in number of total graduate degrees granted in German. Graduates teach in colleges and universities across the country and around the world, affirming the department's reputation and significance.

The department is the home of the quarterly Monatshefte (<http://monatshefte.org/>), founded in 1899 and one of the leading peer-reviewed international scholarly journals in the field of German literature and culture. The Journal of Germanic Linguistics, journal of the Society for Germanic Linguistics, is also produced in the department. In addition, the department provides an editorial home for Diachronica (<http://benjamins.com/catalog/journals/dia/main/>), an international journal covering all aspects of historical and comparative linguistics. The Max Kade Institute (<http://mki.wisc.edu/>) for German-American Studies,

founded in 1983, is an international center for research on German-American history, language, and culture. Its research and outreach missions aim to provide better understanding of how German-speaking immigrants to this country helped shape their new environment and how they have been shaped by it. The Center for German and European Studies (<http://daadcenter.wisc.edu/>) (CGES), one of a handful of DAAD-sponsored centers in the US, is helping educate a new generation of experts on Germany and the new Europe across a wide variety of disciplines. It supports collaborative research and teaching of interdisciplinary and graduate seminars, and provides fellowships for graduate students interested in German and European studies.

The department offers a broadly inclusive and flexible curriculum in the entire range of medieval through contemporary literature and culture, a full spectrum of linguistics and philology, and a program in Dutch language, literature, and culture. The program is unsurpassed in comprehensive representation of the entire field of the study of German through individual faculty members' specializations and research publications, including: early modern and medieval studies; film and media studies; multicultural literature and cosmopolitanism; Gegenwartsliteratur; literary and cultural theory; Holocaust studies; poetics, stylistics, and narratology; 18th-century studies; literature in its sociocultural context; literary and cultural theory; Dutch literature and linguistics; historical and synchronic linguistics; applied linguistics, second language acquisition, and foreign language education. Offerings include interdisciplinary areas such as literature and other arts (especially image/text, visual culture, and literature/music), German-Americana, literature and philosophy, and German–Jewish relations.

Graduate students are encouraged to pursue inter- and multidisciplinary work beyond the Department of German in such areas as art history, communication arts/cinema, comparative literature, history, linguistics, musicology, Scandinavian studies, visual studies, and women and gender studies. The department cooperates closely with the interdepartmental programs in European studies, Medieval studies, Jewish studies, and Second Language Acquisition.

## ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	January 2
Spring Deadline	December 20
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Required.

**English Proficiency Test** Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements (<https://grad.wisc.edu/apply/requirements/#english-proficiency>).

Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

Applicants are expected to demonstrate a strong record of prior and potential academic achievement in addition to excellent German language skills. Applicants with a B.A. in German must have a cumulative undergraduate GPA of at least 3.0 (on a 4.0 scale) on the equivalent of the last 60 semester credits and a GPA of at least 3.50 in German courses beyond the second-year level. Students with an M.A. in German must have a GPA in graduate work of at least 3.7 on a 4.0 scale. In special cases, applicants who do not fulfill the above expectations may be admitted on probation.

All applicants must submit official transcripts of all university course work (or equivalents, including study abroad), list of courses in progress, Graduate Record Exam (GRE) scores, a personal statement explaining the reasons for graduate study, a current c.v. or resume, a writing sample in German (5–15 pages), and three letters of recommendation that evaluate previous study and potential for graduate study. International applicants must also provide TOEFL, MELAB, or IELTS scores, a financial statement form included with the application materials, and, if applying for a teaching assistantship, a ten-minute recording with a sample of the applicant's spoken English.

Application to the UW–Madison Graduate School is an online procedure, with supporting documentation mailed to the Department of German. Applicants should contact the department early in the fall if they wish additional information. Visits to the UW–Madison campus are welcomed by faculty and graduate students.

## FUNDING

### GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

### PROGRAM RESOURCES

Find information about funding on the program website (<https://gns.wisc.edu/german-graduate-program/#financial-support>).

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### MAJOR REQUIREMENTS

#### MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students are able to complete a program with minimal disruptions to careers and other commitments.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW–Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

### CURRICULAR REQUIREMENTS

#### Requirements Detail

Minimum Credit Requirement	30 credits
Minimum Residence Credit Requirement	16 credits
Minimum Graduate Coursework Requirement	15 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy ( <a href="https://policy.wisc.edu/library/UW-1244">https://policy.wisc.edu/library/UW-1244</a> ( <a href="https://policy.wisc.edu/library/UW-1244/">https://policy.wisc.edu/library/UW-1244/</a> )).
Overall Graduate GPA Requirement	3.5 GPA required.

**Other Grade Requirements** If a student's GPA falls below 3.50 in any given semester, the cumulative average by the end of the following full-time semester must be 3.50.

The grade of C is considered unsatisfactory in the Department of German: it is not counted in fulfilling the course requirements and may not be offset by a grade of A or AB in another course.

An incomplete received in the Fall Semester must be removed by the end of the following summer session. An incomplete received in the Spring Semester must be removed by the end of the following Fall Semester. An incomplete received in the summer session must be removed within six months. Failure to meet these deadlines constitutes unsatisfactory progress.

**Assessments and Examinations** Students entering the program at the M.A. level are required to take the Goethe Certificate C1 (German-language proficiency) during the first year of their studies unless they are a native German speaker.

At least one substantial course contribution written in German is required each year during the entire period of a student's graduate coursework. This might be a paper or a lengthy take-home examination. If a student is taking only courses outside the department in a given year, the requirement will be waived for that year.

An M.A. examination with a written and oral component.

Language Requirements n/a

### REQUIRED COURSES

Code	Title	Credits
<b>Required Courses</b>		
GERMAN 650	History of the German Language	3
GERMAN 720	College Teaching of German	1
GERMAN 722	Theory of Teaching German	2
Select one of the following:		3
GERMAN 612	German Literary Movements Since 1750	
Or, select other surveys of German literature as approved by the advisor.		
<i>German Electives</i>		15
Select GERMAN 500+ courses in consultation with advisor. GNS 700 also counts.		
<i>Outside Electives</i>		6
Two courses taken outside the department may count toward MA coursework.		
<b>Total Credits</b>		<b>30</b>

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the

degree program faculty. Policies set by the academic degree program can be found below.

## MAJOR-SPECIFIC POLICIES

### PRIOR COURSEWORK

#### Graduate Work from Other Institutions

Students are generally not allowed to count graduate coursework from other institutions. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

#### UW–Madison Undergraduate

With program approval students are allowed no more than 7 credits of coursework numbered 600 or above taken as a UW undergraduate. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

#### UW–Madison University Special

With program approval, students are allowed to count no more than 15 credits of coursework numbered 600 or above taken as a UW–Madison University Special student. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

### PROBATION

Students admitted on probation must maintain a GPA of at least 3.50 in graduate work done during each of their first two full-time semesters or the equivalent at this university, otherwise they will be dropped from the program. After performing satisfactorily during the probation period, students are expected to perform as well as students granted admission in full standing.

Current students should refer to the Graduate School's Probation policy. (<https://policy.wisc.edu/library/UW-1217/>)

### ADVISOR / COMMITTEE

All incoming M.A. candidates are advised by the department graduate advisor (DGA) during the first year of study. M.A. candidates are expected to select (by mutual consent) their individual graduate advisor during the third semester of coursework. The individual graduate advisor is likely to be chair of the M.A. examination committee, the Ph.D. preliminary examination committee, and the dissertation committee.

### CREDITS PER TERM ALLOWED

15 credits

### TIME LIMITS

The M.A. examination must be completed by the end of the fourth semester in the German program.

### GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
  - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)

- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

This might be a paper or a lengthy take-home examination. If a student is taking only courses outside the department in a given year, the requirement will be waived for that year.

An oral preliminary examination and a dissertation proposal must be completed after all required Ph.D. coursework.

**Language Requirements** In addition to German students must demonstrate reading knowledge in a second foreign language, equivalent to at least four semesters of college work in that language, before proceeding to the preliminary examination.

**Breadth Requirement** All doctoral students are required to complete a minor or Graduate/Professional certificate.

### REQUIRED COURSES

#### Students who completed the M.A. in German at UW–Madison

Students who completed the M.A. in German (p. 832) at the UW–Madison must complete 8 additional GERMAN (<http://guide.wisc.edu/courses/german/>) courses at the 500 level and above for a total of 24 credits, 6 dissertator credits (GERMAN 990 or GERMAN 991), and a minimum 9 credits of a doctoral minor or graduate/professional certificate. For the Minimum Credit Requirement, some credits from the M.A. count toward the Ph.D. to total to at least 51. For the Minimum Residence Credit Requirement, students may count courses taken while in the M.A. program, but must complete at least 19 more credits in residence as a PhD student.

Code	Title	Credits
<i>German M.A. Requirements</i>		30
<b>Additional German 500+ courses</b>		<b>24</b>
GNS 700 may also count toward this requirement.		
<b>Dissertator credits</b>		<b>6</b>
GERMAN 990	Individual Research in Literature	
GERMAN 991	Individual Research Linguistics and Germanic Philology	
<b>Doctoral Minor or Graduate/Professional Certificate</b>		<b>9</b>

### Students with an outside M.A.

Students who completed the M.A. in German (p. 832) at the UW–Madison must complete 12 GERMAN (<http://guide.wisc.edu/courses/german/>) courses at the 500 level and above for a total of 36 credits, 6 dissertator credits (GERMAN 990 or GERMAN 991), and a minimum 9 credits of a doctoral minor or graduate/professional certificate.

Of the 12 GERMAN courses, two (6 cr) may be transferred from previous work, if suitable, including the teaching assistant training program and its academic component (GERMAN 720 College Teaching of German/GERMAN 722 Theory of Teaching German).

Code	Title	Credits
<b>German 500+ courses</b>		<b>36</b>
GNS 700 may also count toward this requirement.		
<b>Dissertator credits</b>		<b>6</b>
GERMAN 990	Individual Research in Literature

<b>Doctoral Minor or Graduate/Professional Certificate</b>		<b>9</b>

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

### MAJOR-SPECIFIC POLICIES

#### PRIOR COURSEWORK

##### Graduate Work from Other Institutions

Students are generally not allowed to count graduate coursework from other institutions. Coursework earned ten years or more prior to admission to a doctoral degree is not allowed to satisfy requirements.

##### UW–Madison Undergraduate

No credits from a UW–Madison undergraduate degree are allowed to count toward the Ph.D. degree.

##### UW–Madison University Special

With program approval, students are allowed to count no more than 15 credits of coursework numbered 600 or above taken as a UW–Madison University Special student. Coursework earned ten years or more prior to admission to a doctoral degree is not allowed to satisfy requirements.

### PROBATION

Students admitted on probation must maintain a GPA of at least 3.50 in graduate work done during each of their first two full-time semesters or the equivalent at this university, otherwise they will be dropped from the program. After performing satisfactorily during the probation period, students are expected to perform as well as students granted admission in full standing.

Current students should refer to the Graduate School's Probation policy.

### ADVISOR / COMMITTEE

Students joining the program with an M.A. degree will either be advised by the department graduate advisor (DGA) and choose their individual advisor before the end of their second semester of coursework in consultation with the DGA, or be assigned an individual advisor when they enter the program. The individual advisor will be the chair of the Ph.D. preliminary examination committee and the dissertation committee.

### CREDITS PER TERM ALLOWED

15 credits

### TIME LIMITS

Ph.D. candidates should take the two-hour oral preliminary examination no sooner than upon completion of the second semester of the Ph.D. coursework and may take it no later than three weeks after the beginning of the fifth full-time semester (or its equivalent) after the M.A.

A candidate for a doctoral degree who fails to take the final oral examination and deposit the dissertation within five years after passing the preliminary examination may be required to take another preliminary examination and to be admitted to candidacy a second time.

### GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
  - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeeedisabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)

- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

## OTHER

## PROFESSIONAL DEVELOPMENT

## GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

## LEARNING OUTCOMES

1. Articulates research problems, potentials, and limits with respect to theory, knowledge, or practice within the field of study.
2. Formulates ideas, concepts, designs, and/or techniques beyond the current boundaries of knowledge within the field of study.
3. Creates research and scholarship that makes a substantive contribution.
4. Communicates complex ideas in a clear and understandable manner.
5. Recognizes and practices principles of effective foreign language teaching and program coordination.
6. Has adequate German language skills to function effectively in a professional capacity consistent with a Ph.D. in the field.
7. Fosters ethical and professional conduct.
8. Functions well at professional conferences: presents research, engages in professional dialogue.

## PEOPLE

**Faculty:** Professors Chavez, Gross, Loudon, Mani, Potter, and Vanderwal Taylor; Associate Professors Calomino, Eldridge, Klocke, and Moedersheim; Assistant Professors Li, Somers, Stern, and Yudkoff; Faculty Associates Larson-Guenette and Schueller

## RUSSIAN, DOCTORAL MINOR

### REQUIREMENTS

Contact: Professor Irina Shevelenko (<http://gns.wisc.edu/person/irina-shevelenko/>)

Code	Title	Credits
<b>Required</b>		
At least 6 credits in 700- or 900-level Slavic courses in Russian literature.		6
<b>Remaining Credits</b>		
400-level Slavic courses in Russian literature and up to one of the following:		6
SLAVIC 321	Fourth Year Russian I	
SLAVIC 322	Fourth Year Russian II	
SLAVIC 802	The Structure of Russian	
<b>Total Credits</b>		<b>12</b>

## PEOPLE

**Faculty:** Professors Danaher, Evans-Romaine, Filipowicz, Longinovic, Shevelenko, van de Water; Associate Professors Reynolds; Assistant Professor Zilbergerts; Faculty Associate Tumarkin

## SCANDINAVIAN STUDIES, DOCTORAL MINOR

### REQUIREMENTS

A prospective minor in Scandinavian studies must have a program approved in advance by the graduate advisor, and is urged to discuss the entire doctoral program with this advisor at the earliest possible opportunity. In general, the requirements for the minor are a minimum of 12 credits in Scandinavian studies ([http://guide.wisc.edu/courses/scand\\_st/](http://guide.wisc.edu/courses/scand_st/)) at the graduate level, and reading proficiency in one Scandinavian language (including Old or modern Icelandic) or in Finnish or Sámi.

## PEOPLE

**Faculty:** Professors Brantly, DuBois, and Wolf; Associate Professor Krouk; Assistant Professors Andersen, Roos, and Mier-Cruz; Faculty Associate Mellor

## SCANDINAVIAN STUDIES, M.A.

Candidates for the master of arts in Scandinavian studies will specialize in one and only one of the following three fields: literary and cultural studies, philology, or area studies.

Scandinavian studies is in the oldest such department in the Americas, tracing its roots to 1875. Department faculty have received numerous awards and other marks of recognition for their teaching and scholarship. The department offers the master of arts and the doctor of philosophy in Scandinavian studies. A doctoral minor is also available. The program offers the possibility to attain a broad education in Scandinavian culture that has proven to be extremely useful in students' professional careers. Students will become well-versed in theory and methodology as well as in cultural history. The department possesses particular strengths in Scandinavian literature and film, Old Norse philology, and Nordic folklore. Within these broader categories, students may pursue interests in such

topics as mythology, Sámi studies, saints' lives, modernism, sagas, gender studies, immigration studies, national identity—to name only a few. Languages offered in the department include Danish, Finnish, Icelandic, Norwegian, Sámi, and Swedish. The department has an excellent record of placing its Ph.D. graduates in good positions in the field.

## ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	January 2
Spring Deadline	November 15
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements ( <a href="https://grad.wisc.edu/apply/requirements/#english-proficiency">https://grad.wisc.edu/apply/requirements/#english-proficiency</a> ).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

Applicants should have a B.A. degree from an approved institution, a major in a field of humanities or social studies, and an outstanding record. Applicants are expected to have preparation equivalent to an undergraduate major in Scandinavian Studies at UW–Madison and should preferably either have taken three years of a Scandinavian language or must demonstrate (by examination) equivalent competence in one Scandinavian language or Finnish. A GPA of 3.25 (on a 4.0 scale) is required for admission; students with a GPA below 3.25 but above 3.00 may be considered for admission on probation. A writing sample (in English or a Scandinavian language) is required.

## FUNDING

### GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from

the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## PROGRAM RESOURCES

The department has a number of scholarships, fellowships, teaching assistantships, and readerships at its disposal and makes a serious effort to provide qualified students with adequate financial assistance and teaching experience throughout their graduate careers.

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### MAJOR REQUIREMENTS

#### MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students are able to complete a program with minimal disruptions to careers and other commitments.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW–Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

### CURRICULAR REQUIREMENTS

Requirements	Detail
Minimum Credit Requirement	30 credits
Minimum Residence Credit Requirement	16 credits
Minimum Graduate Coursework Requirement	15 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy ( <a href="https://policy.wisc.edu/library/UW-1244">https://policy.wisc.edu/library/UW-1244</a> ).

Overall Graduate GPA Requirement	3.25 GPA required.
Other Grade Requirements	n/a
Assessments and Examinations	All M.A. pathways require a comprehensive written and oral examination and offer a thesis option.
Language Requirements	All pathways require an advanced competency in a modern Scandinavian language. If the modern Scandinavian Language is Finnish or Icelandic, a working knowledge of Norwegian, Swedish, or Danish is required.  For all pathways a minimal competency in German or another research language approved by the department is required.  The philology pathway requires two semesters of Old Norse. For the literature pathway a competency in Old Norse is encouraged.

## REQUIRED COURSES

Each pathway has specific course requirements to be met.

### Literary and Cultural Studies Pathway <sup>1</sup>

Code	Title	Credits
<i>Required Course:</i>		
SCAND ST 401	Contemporary Scandinavian Languages	3
<i>Select one of the following:</i>		3-4
SCAND ST/MEDIEVAL 407	Introductory Old Norse	
SCAND ST/MEDIEVAL 430	The Vikings	
SCAND ST/LITTRANS 435	The Sagas of Icelanders in English Translation	
<i>Select one of the following:</i>		3
SCAND ST/HISTORY 431	History of Scandinavia to 1815	
SCAND ST/HISTORY 432	History of Scandinavia Since 1815	
SCAND ST/HISTORY 577	Contemporary Scandinavia: Politics and History <sup>2</sup>	
<i>Select one of the following, depending on individual circumstances and determined in consultation with the graduate advisor:</i>		3
SCAND ST 901	Seminar in Special Topics <sup>2</sup>	
SCAND ST 634	Survey of Scandinavian Literature: 1500-1800	
SCAND ST 635	Survey of Scandinavian Literature: 1800-1890	
<i>Professional development:</i>		3
GNS 700	Graduate Seminar in Professional Development	
<i>Electives</i>		14-15
Students consult with their advisor to select courses 300+. Recommended courses may be found below.		
<b>Total Credits</b>		<b>30</b>

Recommended courses:	
SCAND ST 419	Scandinavian Children's Literature
SCAND ST 422	The Drama of Henrik Ibsen
SCAND ST 423	The Drama of August Strindberg
SCAND ST 424	Nineteenth-Century Scandinavian Fiction
SCAND ST 426	Kierkegaard and Scandinavian Literature
SCAND ST 427	Contemporary Scandinavian Literature
SCAND ST/LITTRANS 428	Memory and Literature from Proust to Knausgard
SCAND ST 434	The Art of Isak Dinesen/Karen Blixen
SCAND ST/FOLKLORE/MEDIEVAL 446	Celtic-Scandinavian Cultural Interrelations
SCAND ST 450	Scandinavian Decadence in its European Context

<sup>1</sup>

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

<sup>2</sup>

Students must take SCAND ST/HISTORY 577 and SCAND ST 901 for 3 credits to count toward these requirements.

### Philology Pathway <sup>1</sup>

Code	Title	Credits
The following are departmental guidelines for a philology specialization, though ultimately everything must be approved by the graduate advisor.		
<i>Required courses:</i>		
SCAND ST 401	Contemporary Scandinavian Languages	3
SCAND ST/MEDIEVAL 407 & SCAND ST/MEDIEVAL 408	Introductory Old Norse and Intermediate Old Norse	6
SCAND ST 410	Introduction to Scandinavian Linguistics	3
<i>Select one of the following:</i>		3
SCAND ST 415	History of the Scandinavian Languages II: Standard Languages	
SCAND ST 510	Topics in Scandinavian Linguistics	
<i>Select one of the following:</i>		3
SCAND ST 496	The Scandinavian Heritage in America	
SCAND ST/MEDIEVAL 409	Survey of Old Norse-Icelandic Literature	
<i>Professional development:</i>		3
GNS 700	Graduate Seminar in Professional Development	
<i>Electives</i>		9

Students consult with their advisor to select courses 300+. Recommended courses may be found below.

**Total Credits** **30**

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

### MAJOR-SPECIFIC POLICIES

#### PRIOR COURSEWORK

##### Graduate Work from Other Institutions

With program approval, students are allowed to count no more than 9 credits of graduate coursework from other institutions. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

##### UW–Madison Undergraduate

This program follows the Graduate School's policy for Satisfying Requirements with Coursework from Undergraduate Career at UW–Madison. (<https://policy.wisc.edu/library/UW-1216/>)

##### UW–Madison University Special

With program approval, students are allowed to count no more than 9 credits of coursework numbered 300 or above taken as a UW–Madison University Special student. Coursework earned five or more years prior to admission to a Master's degree is not allowed to satisfy requirements.

#### PROBATION

This program follows the Graduate School's Probation policy. (<https://policy.wisc.edu/library/UW-1217/>)

#### ADVISOR / COMMITTEE

In order to encourage progress toward the degree and to determine the status of a student's program, the department requests an annual activities report from all continuing students to be submitted by the end of January. In the case of first-year students, this report will, of course, only cover work done during the fall semester. A copy of this report will be placed in the student's permanent file. Students are expected to consult regularly on their progress with their advisor.

#### CREDITS PER TERM ALLOWED

15 credits

#### TIME LIMITS

This program follows the Graduate School's Time Limits policy. (<https://policy.wisc.edu/library/UW-1221/>)

#### GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)

- Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

## LEARNING OUTCOMES

1. Articulates, critiques, or elaborates the theories, research methods, and approaches to inquiry or schools of practice in the field of study.
2. Identifies sources and assembles evidence pertaining to questions or challenges in the field of study.
3. Demonstrates understanding of the primary field of study in a historical, social, or global context.
4. Selects and/or utilizes the most appropriate methodologies and practices.
5. Evaluates or synthesizes information pertaining to questions or challenges in the field of study.
6. Communicates clearly in ways appropriate to the field of study.
7. Possesses an advanced competency in a Nordic language and a serviceable master of an additional research language.

8. Recognizes and applies principles of ethical and professional conduct.

## PEOPLE

**Faculty:** Professors Brantly, DuBois, and Wolf; Associate Professor Krouk; Assistant Professors Andersen, Roos, and Mier-Cruz; Faculty Associate Mellor

## SCANDINAVIAN STUDIES, PH.D.

The Ph.D. degree is offered in the fields of literature, folklore, and philology. The basic requirements for all students entering the Ph.D. program correspond to the requirements for the M.A. degree in Scandinavian Studies with concentration in literature, area studies, or philology, as appropriate. Every incoming graduate student should consult with the general graduate advisor upon arrival at UW–Madison. They will discuss the student’s academic and career plans, and between them will decide which faculty member will most appropriately act as a committee chair.

Scandinavian Studies is the oldest such department in the Americas, tracing its roots to 1875. Department faculty have received numerous awards and other marks of recognition for their teaching and scholarship. The department offers the master of arts and the doctor of philosophy in Scandinavian Studies. A doctoral minor is also available. The program offers the possibility to attain a broad education in Scandinavian culture that has proven to be extremely useful in students’ professional careers. Students will become well-versed in theory and methodology as well as in cultural history. The department possesses particular strengths in Scandinavian literature, Old Norse philology, and Nordic folklore. Within these broader categories, students may pursue interests in such topics as mythology, Sámi studies, saints’ lives, modernism, sagas, gender criticism, immigration studies, national identity—to name only a few. Languages offered in the department include Danish, Finnish, Icelandic, Norwegian, Sámi, and Swedish. The department has an excellent record of placing its Ph.D. graduates in good positions in the field.

## ADMISSIONS

Please consult the table below for key information about this degree program’s admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program’s website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	January 2
Spring Deadline	November 15
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.

**English Proficiency Test** Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements (<https://grad.wisc.edu/apply/requirements/#english-proficiency>).

**Other Test(s) (e.g., GMAT, MCAT)** n/a

**Letters of Recommendation** 3

**Required**

Students applying directly for the Ph.D. program should have an M.A. in a related field. New Ph.D. students will be expected to acquire competencies equivalent to the M.A. in Scandinavian Studies, and this will be assessed at the time of the preliminary exam.

As in the case of admissions to the M.A. program, applicants should have a B.A. degree from an approved institution, a major in a field of humanities or social studies, and an outstanding record. In ordinary circumstances, graduate students entering the program with a B.A. will be required to take the M.A. before they can proceed to the Ph.D. Applicants are expected to have preparation equivalent to an undergraduate major in Scandinavian Studies at UW–Madison and should preferably either have taken three years of a Scandinavian language or must demonstrate (by examination) equivalent competence in one Scandinavian language or Finnish. A GPA of 3.25 (on a 4.0 scale) is required for admission; students with a GPA below 3.25 but above 3.00 may be considered for admission on probation. A writing sample (in English or a Scandinavian language) is required.

## FUNDING

### GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

### PROGRAM RESOURCES

The department has a number of scholarships, fellowships, teaching assistantships, and readerships at its disposal and makes a serious effort to provide qualified students with adequate financial assistance and teaching experience throughout their graduate careers.

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

## MAJOR REQUIREMENTS

### MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students are able to complete a program with minimal disruptions to careers and other commitments.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

### CURRICULAR REQUIREMENTS

Requirements Detail	
Minimum Credit Requirement	51 credits
Minimum Residence Credit Requirement	32 credits
Minimum Graduate Coursework Requirement	26 credits credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy ( <a href="https://policy.wisc.edu/library/UW-1244">https://policy.wisc.edu/library/UW-1244</a> ( <a href="https://policy.wisc.edu/library/UW-1244/">https://policy.wisc.edu/library/UW-1244/</a> )).
Overall Graduate GPA Requirement	3.5 GPA required.
Other Grade Requirements	Ph.D. candidates should maintain a 3.5 GPA in all courses. If a student's grades drop below the average indicated, the GPA must be brought up to the minimum by the end of the following semester.  The grade C is regarded as unsatisfactory.  Incompletes must be removed within the following semester or summer session of residence.
Assessments and Examinations	All Ph.D. tracks require a comprehensive written and oral examination.  All tracks require a dissertation.

**Language Requirements** Unless already completed for the UW-Madison Scandinavian Studies MA requirements, all tracks require an advanced competency in a modern Scandinavian language. If the modern Scandinavian Language is Finnish or Icelandic, a working knowledge of Norwegian, Swedish, or Danish is required.

For all tracks a minimal competency in German and another research language approved by the department is required in German or another research language.

The philology track requires two semesters of Old Norse. For the literature track a competency in Old Norse is encouraged.

Graduate School Breadth Requirement	All doctoral students are required to complete a doctoral minor or Graduate/Professional certificate of at least 9 credits in another field. These courses should be selected in consultation with the candidate's advisor.
-------------------------------------	---

### REQUIRED COURSES

Each track has specific course requirements to be met.

#### Literary and Cultural Studies Pathway <sup>1</sup>

Code	Title	Credits
<i>Required courses (if not already taken as part of the MA degree):</i>		
SCAND ST 401	Contemporary Scandinavian Languages	3
<i>Select one of the following:</i>		3-4
SCAND ST/MEDIEVAL 407	Introductory Old Norse	
SCAND ST/MEDIEVAL 430	The Vikings	
SCAND ST/LITTRANS 435	The Sagas of Icelanders in English Translation	
<i>Select one of the following:</i>		3
SCAND ST/HISTORY 431	History of Scandinavia to 1815	
SCAND ST/HISTORY 432	History of Scandinavia Since 1815	
SCAND ST/HISTORY 577	Contemporary Scandinavia: Politics and History <sup>2</sup>	
<i>Select one of the following, depending on individual circumstances and determined in consultation with the graduate advisor:</i>		3
SCAND ST 901	Seminar in Special Topics <sup>2</sup>	
SCAND ST 634	Survey of Scandinavian Literature: 1500-1800	
SCAND ST 635	Survey of Scandinavian Literature: 1800-1890	
<i>Professional development:</i>		3
GNS 700	Graduate Seminar in Professional Development	
<i>Breadth Requirement</i>		9
<i>Electives beyond the M.A.</i>		12

Students consult with their advisor to select courses 300+. Recommended courses may be found below. If a student enters the PhD program with an MA from another program, then additional classes may be required in order for the candidate to attain a sufficiently broad background in Scandinavian Studies. 990 does not count toward elective credits.

<i>Remaining credits to meet minimum credit requirement</i>	14-15
May include 990 research credits.	
<b>Total Credits</b>	<b>51</b>

Recommended courses:

SCAND ST 419	Scandinavian Children's Literature
SCAND ST 422	The Drama of Henrik Ibsen
SCAND ST 423	The Drama of August Strindberg
SCAND ST 424	Nineteenth-Century Scandinavian Fiction
SCAND ST 426	Kierkegaard and Scandinavian Literature
SCAND ST 427	Contemporary Scandinavian Literature
SCAND ST/ LITTRANS 428	Memory and Literature from Proust to Knausgard
SCAND ST 434	The Art of Isak Dinesen/Karen Blixen
SCAND ST/ FOLKLORE/ MEDIEVAL 446	Celtic-Scandinavian Cultural Interrelations
SCAND ST 450	Scandinavian Decadence in its European Context

1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

Students must take SCAND ST/HISTORY 577 and SCAND ST 901 for 3 credits to count toward these requirements.

### Philology Pathway <sup>1</sup>

Code	Title	Credits
<i>Required courses (if not already taken as part of the MA degree):</i>		
SCAND ST/ MEDIEVAL 407	Introductory Old Norse	3
SCAND ST/ MEDIEVAL 408	Intermediate Old Norse	3
SCAND ST 511	Paleography and Philology - Old Norse	3
<i>Select one of the following:</i>		
SCAND ST 415	History of the Scandinavian Languages II: Standard Languages	3
SCAND ST 510	Topics in Scandinavian Linguistics	
SCAND ST/ MEDIEVAL 409	Survey of Old Norse-Icelandic Literature	3
<i>Professional development:</i>		

GNS 700	Graduate Seminar in Professional Development	
<i>Breadth Requirement</i>		9
<i>Electives beyond the M.A.</i>		12
Students consult with their advisor to select courses 300+. In ordinary circumstances, graduate students entering the program with a B.A. will be required to take the M.A. before they can proceed to the Ph.D.		
<i>Remaining credits to meet minimum credit requirement</i>		15
May include 990 research credits.		
<b>Total Credits</b>		<b>51</b>

1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

### Folklore Pathway <sup>1</sup>

Code	Title	Credits
In consultation with their advisors, graduate students should select a suite of courses that provide a detailed knowledge of the folklore of one Nordic culture and a general knowledge of Nordic folklore more generally, as well as a firm command of the folklore of Nordic Americans. Familiarity with the history, institutions and cultural history of the Nordic countries is fundamental to the degree. Students consult with their advisor to select courses 300+. Recommended courses may be found below. 990 may count toward total minimum credit requirements.		39
<i>Professional development:</i>		3
GNS 700	Graduate Seminar in Professional Development	
<i>Option B doctoral minor focusing on folklore, which must include FOLKLORE/L I S 490</i>		9
<b>Total Credits</b>		<b>51</b>

Other Recommended Courses:

SCAND ST/ HISTORY 431	History of Scandinavia to 1815
SCAND ST/ HISTORY 432	History of Scandinavia Since 1815
SCAND ST/ LITTRANS 435	The Sagas of Icelanders in English Translation
SCAND ST/ FOLKLORE 440	Scandinavian American Folklore
SCAND ST/ FOLKLORE 443	Sami Culture, Yesterday and Today
SCAND ST/ MEDIEVAL 444	Kalevala and Finnish Folk-Lore
SCAND ST/ FOLKLORE/ MEDIEVAL 446	Celtic-Scandinavian Cultural Interrelations
SCAND ST 496	The Scandinavian Heritage in America
<i>Possible Courses of Interest:</i>	
FOLKLORE 320	Folklore of Wisconsin

FOLKLORE/ RELIG ST 359	Myth
FOLKLORE 451	The Supernatural in the Modern World
FOLKLORE 460	Folk Epics
FOLKLORE/ GEN&WS 467	Women and Politics in Popular Culture and Folklore
FOLKLORE/ ANTHRO 520	Ethnic Representations in Wisconsin
FOLKLORE/ COM ARTS 522	Digitally Documenting Everyday Communication
FOLKLORE/ ANTHRO/MUSIC/ THEATRE 539	The Folklore of Festivals and Celebrations
FOLKLORE 540	Local Culture and Identity in the Upper Midwest
ART HIST 364	History of American Art: Art, Material Culture, and Constructions of Identity, 1607-present
ART HIST 601	Introduction to Museum Studies I
ENGL/HISTORY/ RELIG ST 360	The Anglo-Saxons
ENGL/ MEDIEVAL 427	Chaucer's Canterbury Tales
GEOG 342	Geography of Wisconsin
GERMAN 650	History of the German Language
GERMAN/ MEDIEVAL 651	Introduction to Middle High German
GERMAN/ MEDIEVAL 755	Old Germanic Languages
HISTORY 359	History of Europe Since 1945
HISTORY/ SCAND ST 577	Contemporary Scandinavia: Politics and History
LAND ARC 677	Cultural Resource Preservation and Landscape History
LAND ARC/ ANTHRO/ ART HIST/DS/ HISTORY 764	Dimensions of Material Culture
RELIG ST/ FOLKLORE 352	Shamanism

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the

degree program faculty. Policies set by the academic degree program can be found below.

## MAJOR-SPECIFIC POLICIES

### PRIOR COURSEWORK

#### Graduate Work from Other Institutions

With program approval, students are allowed to count no more than 9 credits of graduate coursework from other institutions. Coursework earned ten years or more prior to admission to a doctoral degree is not allowed to satisfy requirements.

#### UW–Madison Undergraduate

This program follows the Graduate School's policy for Satisfying Requirements with Coursework from Undergraduate Career at UW–Madison. (<https://policy.wisc.edu/library/UW-1216/>)

#### UW–Madison University Special

With program approval, students are allowed to count no more than 9 credits of coursework numbered 300 or above taken as a UW–Madison University Special student. Coursework earned ten or more years prior to admission to a doctoral degree is not allowed to satisfy requirements.

### PROBATION

If a student at any time fails to meet the criteria for satisfactory progress in the Graduate Program Handbook, they are placed on probation. If, by the end of the following semester, progress has not been brought to a satisfactory level, a committee of three faculty members will be established to determine whether any circumstance exists that prevent the dropping of the student from the program.

### ADVISOR / COMMITTEE

In order to encourage progress toward the degree and to determine the status of a student's program, the department requests an annual activities report from all continuing students to be submitted at the end of January. In the case of first-year students, this report will, of course, only cover work done during the fall semester. A copy of this report will be placed in the student's permanent file. Students are expected to consult regularly on their progress with their advisor.

### CREDITS PER TERM ALLOWED

15 credits

### TIME LIMITS

This program follows the Graduate School's Time Limits policy. (<https://policy.wisc.edu/library/UW-1221/>)

### GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
  - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)

- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeeabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

## PROFESSIONAL DEVELOPMENT

## GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

## LEARNING OUTCOMES

1. Articulates research problems, potentials, and limits with respect to theory, knowledge, or practice within the field of study.
2. Formulates ideas, concepts, and techniques beyond the current boundaries of knowledge within the field of study.
3. Creates research and scholarship that makes a substantive contribution.
4. Demonstrates breadth within their learning experiences.
5. Advances contributions of the field of study to society.
6. Communicates complex ideas in a clear and understandable manner.
7. Possesses an advanced competency in a Nordic language and a serviceable mastery of one or more research languages.
8. Fosters ethical and professional conduct.

## PEOPLE

**Faculty:** Professors Brantly, DuBois, and Wolf; Associate Professor Krouk; Assistant Professors Andersen, Roos, and Mier-Cruz; Faculty Associate Mellor

# SLAVIC LANGUAGES AND LITERATURES, DOCTORAL MINOR

## REQUIREMENTS

Graduate students in other departments are invited to minor in the Slavic program, selecting from one of the following tracks.

### MINOR TRACK IN POLISH <sup>1</sup>

Contact: Professor Halina Filipowicz (<http://gns.wisc.edu/person/halina-filipowicz/>)

12 credits as follows:

Code	Title	Credits
<b>Required</b>		
SLAVIC 302	A Historical Survey of Polish Literature <sup>2</sup>	3
SLAVIC 470	History of Polish Literature until 1863	3
SLAVIC 472	History of Polish Literature after 1863	3
SLAVIC 799	Independent Study	1-6
SLAVIC 331 or SLAVIC 332	Fourth Year Polish I Fourth Year Polish II	3

**Total Credits** **13-18**

1

These tracks are internal to the program and represent different pathways a student can follow to earn this degree. Track names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

Must be taken before any other courses

### MINOR TRACK IN SERBO-CROATIAN <sup>1</sup>

Contact: Tomislav Longinovic (<http://gns.wisc.edu/person/tomislav-z-longinovic/>)

12 credits as follows:

Code	Title	Credits
SLAVIC 341	First Semester Intensive Serbo-Croatian	3
SLAVIC 342	Introduction to Serbian and Croatian Literature	3
SLAVIC 449	History of Serbo-Croatian Literature	3
SLAVIC 454	Modern Serbo-Croatian Literature	3

1

These tracks are internal to the program and represent different pathways a student can follow to earn this degree. Track names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

## PEOPLE

**Faculty:** Professors Danaher, Evans-Romaine, Filipowicz, Longinovic, Shevelenko, van de Water; Associate Professors Reynolds; Assistant Professor Zilbergerts; Faculty Associate Tumarkin

## SLAVIC LANGUAGES AND LITERATURES, M.A.

Slavic languages and literature at the University of Wisconsin–Madison is a national leader of doctoral programs in the field, and welcomes students with a B.A./B.S. or M.A. who are interested in all areas of Russian and comparative Slavic prose, poetry, drama, and philosophy. The curriculum offers breadth and depth in a variety of areas of Slavic philology, literature, and culture, and is known for offering a balanced approach to training in teaching, writing, and research.

The program is fortunate to count among its faculty, specialists in Czech, Polish, Russian, and Serbo-Croatian languages, literature, and culture, award-winning authors and teachers, and members of editorial boards of leading journals and publication series. Information regarding faculty biographical sketches are available on the program website. In addition to their excellence in teaching and research, professors are unparalleled mentors to graduate students. Students work closely with faculty members on writing, teaching, and publishing. Graduate students are expected to produce publishable articles during their graduate careers, and are provided the guidance and feedback to do so.

The department places high expectations on graduate students to achieve and maintain professional-level proficiency in the Russian language in all four modalities: speaking, writing, listening, and reading. All students who are not native speakers of Russian will be tested in those modalities—plus Russian grammar—when they enter the program, and periodically throughout their tenure. Appropriate competency must be demonstrated before receiving a teaching assistantship and before passing from M.A. to Ph.D. candidacy.

Graduate students in the program receive exceptional training in teaching both language and literature. The department has a thriving undergraduate program in Slavic languages with strong enrollments in language, literature and culture, providing many opportunities for teaching experience, working closely with master teachers among the faculty and academic staff. In addition to teaching assignments in first- through fourth-semester Russian language (and occasionally in other Slavic languages), as well as in the two-semester undergraduate survey of Russian literature course, the department has also instituted an apprenticeship program for adequately prepared graduate students in the teaching of advanced literature and language classes. The program's graduate teaching assistants regularly win prestigious campus awards for their excellence in the classroom.

Please note that the Slavic department does not typically award a terminal M.A. degree. Rather, the M.A. is earned as part of studies toward the Ph.D (p. 851). Students who are admitted already holding an M.A. in Slavic from another institution are required to complete a qualifying exam no later than the first semester in residence, or to fulfill all UW–Madison M.A. requirements as well.

## ADMISSIONS

This master's program is offered for work leading to the Ph.D. Students may not apply directly for the master's, and should instead see the admissions information for the Ph.D. (p. 851)

## FUNDING

### GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

### PROGRAM RESOURCES

Most students receive funding for multiple years in the form of fellowships, teaching assistantships or project assistantships. These positions include a stipend as well as tuition remission and a generous health plan. Additional hourly employment is also often available.

Students are typically admitted with four- to five-year funding guarantees contingent on satisfactory progress and ability to perform assigned responsibilities well. Funding packages combine fellowships, teaching assistantships and project assistantships at the level of at least 33.3%. All such positions include a stipend as well as tuition remission and a generous health plan. Funding beyond the initial guarantee period is often available for one or two years.

See the program website (<https://gns.wisc.edu/>) and the Graduate School's funding information page (<http://grad.wisc.edu/studentfunding/>) for more information.

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### MAJOR REQUIREMENTS

#### MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students are able to complete a program with minimal disruptions to careers and other commitments.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

### Requirements Detail

Minimum 30 credits

Credit Requirement

Minimum 30 credits

Residence

Credit Requirement

Minimum 20 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework Coursework (50%) policy (<https://policy.wisc.edu/library/UW-1244> (<https://policy.wisc.edu/library/UW-1244/>)).

Overall 3.6 GPA required.

Graduate GPA Requirement

Other Grade n/a

Requirements

**Assessments and Examinations** Passing grades (no lower than B) on three of the program's six written Foundation examinations in the history of Russian literature (linked to courses SLAVIC 701 Survey of Old Russian Literature, SLAVIC 702 Eighteenth-Century Russian Literature, SLAVIC 703 Foundations in Russian Romanticism, SLAVIC 707 Foundations in Russian Realism (~1840-1890s), SLAVIC 708 Foundation in Russian Modernism (~1890s-1930s), SLAVIC 709 Foundation in Soviet, Emigre, and Post-Soviet Literature (~1930-present)); exams may be taken irrespective of enrollment in the courses.

Passing at least three out of five Russian language proficiency examinations in reading, writing, speaking, listening, and grammar. Passing level for the first four exams: Advanced Low on ACTFL scale; passing score for grammar test: 80%.

A Gateway exercise: the full faculty review of student's progress to date and assessment of potential to succeed in the Ph.D. track is conducted upon the award of the M.A. At least one senior faculty member must express willingness ultimately to serve as dissertation advisor. Students who do not pass the Gateway exercise may not continue for Ph.D.

**Language Requirements** For Russian language proficiency requirements see "Assessments and Examinations."

## REQUIRED COURSES

Code	Title	Credits
SLAVIC 800	Proseminar-Slavic Literature and Culture	1

Select at least two of the following:

4-5

SLAVIC 801 Slavic Critical Theory and Practice

SLAVIC 802 The Structure of Russian

SLAVIC 804 Methods of Teaching Slavic Languages

### Seminar requirement

SLAVIC 900 Seminar: Slavic Literature and Culture 3

SLAVIC 900 Seminar: Slavic Literature and Culture 3

Electives 18-19

Additional credits to reach 30 taken in consultation with advisor. Additional enrollments in SLAVIC 900 above the 6-credit requirement may count toward electives.

**Total Credits 30**

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

### MAJOR-SPECIFIC POLICIES

#### PRIOR COURSEWORK

##### Graduate Work from Other Institutions

Students are not allowed to count graduate coursework from other institutions to fulfill degree requirements.

##### UW-Madison Undergraduate

With program approval, up to 7 credits numbered 700 and above taken in the Slavic program while pursuing a UW-Madison undergraduate degree are allowed to count toward the degree. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

##### UW-Madison University Special

With program approval, students are allowed to count no more than 9 credits of coursework numbered 300 or above taken as a UW-Madison special student. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

#### PROBATION

A semester GPA below 3.25 will result in the student being placed on academic probation. If a semester GPA of 3.25 is not attained during the subsequent semester of full time enrollment the student may be dismissed from the program.

#### ADVISOR / COMMITTEE

All students meet with graduate advisor once a semester (in November and April) to discuss their progress and to plan their coursework for the subsequent semester.

#### CREDITS PER TERM ALLOWED

15 credits

## TIME LIMITS

This program follows the Graduate School's Time Limits policy. (<https://policy.wisc.edu/library/UW-1221/>)

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
  - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeedisabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

## OTHER

n/a

## PROFESSIONAL DEVELOPMENT

## GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

## LEARNING OUTCOMES

1. (Critical Thinking and Writing Skills) Demonstrate: analytic, interpretive, and critical thinking skills; knowledge of research

protocols; and understanding of the specificity of the literary object as well as its historical and cultural context.

2. Develop broad knowledge of Russian literary history, the major writers and movements, from the origins to the present day. Demonstrate this knowledge in relation to periods and movements, courses in which are offered during their time in the program. These include: Old Russian Literature; 18th-Century Russian Literature; Romanticism (ca. 1790s to 1840s); Realism (ca. 1840s to 1890s); Modernism (ca. 1890s to 1920s); Soviet, Emigre, and Post-Soviet Periods (ca. 1930s to the present).
3. (Language proficiency) Demonstrate Advanced Russian language proficiency on the ACTFL (American Council on the Teaching of Foreign Languages) scale across three modalities (speaking, listening, reading, or writing). Demonstrate advanced knowledge of the structure of contemporary Russian.
4. Recognize and apply principles of ethical and professional conduct in the context of Slavic studies.

## PEOPLE

## SLAVIC LANGUAGES AND LITERATURES, PH.D.

Slavic languages and literature at the University of Wisconsin–Madison is a national leader of doctoral programs in the field, and welcomes students with a B.A./B.S. or M.A. who are interested in all areas of Russian and comparative Slavic prose, poetry, drama, and philosophy. The curriculum offers breadth and depth in a variety of areas of Slavic philology, literature, and culture, and is known for offering a balanced approach to training in teaching, writing, and research.

The program is fortunate to count among its faculty, specialists in Czech, Polish, Russian, and Serbo-Croatian languages, literature, and culture, award-winning authors and teachers, and members of editorial boards of leading journals and publication series. Information regarding faculty biographical sketches are available on the program website. In addition to their excellence in teaching and research, professors are unparalleled mentors to graduate students. Students work closely with faculty members on writing, teaching, and publishing. Graduate students are expected to produce publishable articles during their graduate careers, and are provided the guidance and feedback to do so.

The department places high expectations on graduate students to achieve and maintain professional-level proficiency in the Russian language in all four modalities: speaking, writing, listening, and reading. All students who are not native speakers of Russian will be tested in those modalities—plus Russian grammar—when they enter the program, and periodically throughout their tenure. Appropriate competency must be demonstrated before receiving a teaching assistantship and before passing from M.A. to Ph.D. candidacy.

Graduate students in the program receive exceptional training in teaching both language and literature. The department has a thriving undergraduate program in Slavic languages with strong enrollments

in language, literature and culture, providing many opportunities for teaching experience, working closely with master teachers among the faculty and academic staff. In addition to teaching assignments in first- through fourth-semester Russian language (and occasionally in other Slavic languages), as well as in the two-semester undergraduate survey of Russian literature course, the department has also instituted an apprenticeship program for adequately prepared graduate students in the teaching of advanced literature and language classes. The program's graduate teaching assistants regularly win prestigious campus awards for their excellence in the classroom.

## ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	January 2
Spring Deadline	January 2*
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required but may be considered if available.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements ( <a href="https://grad.wisc.edu/apply/requirements/#english-proficiency">https://grad.wisc.edu/apply/requirements/#english-proficiency</a> ).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

\*

Spring start admissions is only open for re-admission of continuing students. New applicants should only apply for the Fall semester start.

For admission to the graduate program, the Slavic department requires the equivalent of a B.A. degree in Russian and a GPA of at least 3.0 on a 4.0 scale. Students who have carried out graduate work at another institution must have a graduate GPA of 3.25. Official TOEFL (where applicable) scores are required.

Experience has shown that students who have spent at least a semester studying in Russia are best prepared to carry on graduate-level study in Russian. Students who are admitted with deficiencies, especially in Russian, are required to make up such deficiencies.

Note that we do not admit students seeking a terminal M.A. Prospective students who are interested in a terminal master's degree are encouraged

to consider the interdisciplinary master's degree in Russian, East European, and Central Asian Studies (p. 1020) (REECAS) through the Center for Russia, Eastern Europe and Central Asia (CREECA).

Applications for admission to the graduate program in Russian literature are accepted at any time, but only complete applications received by January 2 will be considered for fellowships and other forms of funding for the following fall semester. More information regarding graduate program admission may be found on the program website (<https://gns.wisc.edu/slavic-graduate-program/#degrees>).

## FUNDING

### GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

### PROGRAM RESOURCES

Most students receive funding for multiple years in the form of fellowships, teaching assistantships or project assistantships. These positions include a stipend as well as tuition remission and a generous health plan. Additional hourly employment is also often available.

Students are typically admitted with four- to five-year funding guarantees contingent on satisfactory progress and ability to perform assigned responsibilities well. Funding packages combine fellowships, teaching assistantships and project assistantships at the level of at least 33.3%. All such positions include a stipend as well as tuition remission and a generous health plan. Funding beyond the initial guarantee period is often available for one or two years.

See the program website (<https://gns.wisc.edu/>) and the Graduate School's funding information page (<http://grad.wisc.edu/studentfunding/>) for more information.

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### MAJOR REQUIREMENTS

#### MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students are able to complete a program with minimal disruptions to careers and other commitments.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW–Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

### Requirements Detail

Minimum Credit Requirement	51 credit (including Master's credits, but excluding dissertator credits)
Minimum Residence Credit Requirement	51 credit (including master's credits, but excluding dissertator credits)
Requirement	For students who completed their M.A. degree at another institution and who confirmed their M.A. degree in the department by passing a qualifying examination during their first semester of study: 36 credits (excluding dissertator credits).
Minimum Graduate Coursework Requirement	34 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy ( <a href="https://policy.wisc.edu/library/UW-1244">https://policy.wisc.edu/library/UW-1244</a> ( <a href="https://policy.wisc.edu/library/UW-1244/">https://policy.wisc.edu/library/UW-1244/</a> )).
Overall Graduate GPA Requirement	3.6 GPA required
Other Grade Requirements	n/a
Assessments and Examinations	<p>Passing grades (no lower than B) on all six written Foundation examinations in the history of Russian literature by the end of the sixth semester of coursework (including those passed as an M.A. student). For students admitted with M.A. degree same requirements need to be fulfilled by the end of their fourth semester.</p> <p>Passing all five Russian language proficiency examinations (including those passed as an M.A. student) by the end of the sixth semester (end of the fourth semester for students admitted with M.A. degree).</p> <p>Review of a capstone dossier (all six Foundation examinations and two major seminar papers) by the graduate faculty in the beginning of the seventh semester in the program (fifth semester for students admitted with M.A. degree).</p> <p>Passing oral examination (defense of a dissertation proposal) by the end of the seventh semester in the program (fifth semester for students admitted with M.A. degree).</p> <p>Defense of Ph.D. dissertation.</p>

**Language Requirements** For Russian language proficiency requirements see "Assessments and Examinations."

Knowledge equivalent to two years of college-level study of either 1) French or German OR 2) a second Slavic language. Must be demonstrated through coursework or placement test/examination.

In well-grounded cases, when a different language is necessary for student's research, it may be counted towards fulfillment of language requirement. A student will submit a respective petition to DGS, which will be discussed and decided upon by all Slavic graduate faculty.

**Breadth Requirement** All doctoral students are required to complete a doctoral minor or a Graduate/Professional certificate.

## REQUIRED COURSES

Students entering without a master's must complete the courses required for the M.A. (p. 849) Students entering with a master's may have some course requirements waived; please consult the program.

Code	Title	Credits
<i>MA Required Courses</i>		30

<i>Electives as needed to reach 51 credits</i>		5-6
<b>Total Credits</b>		<b>51</b>

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

### MAJOR-SPECIFIC POLICIES

#### PRIOR COURSEWORK

##### Graduate Work from Other Institutions

Students are generally not allowed to count graduate coursework from other institutions to fulfill degree requirements. Exceptions are students who are admitted to pursue a Ph.D. degree after completing their M.A. degree at another institution, and who confirmed their M.A. degree in the

department by passing a qualifying examination. For such students, up to 15 credits of M.A. coursework counts toward Ph.D. degree requirements. Up to 9 credits of prior graduate coursework may be counted toward the Doctoral Minor requirement (Option B – Distributed Minor). Coursework earned ten or more years prior to admission to a doctoral degree is not allowed to satisfy requirements.

### **UW–Madison Undergraduate**

With program approval, up to 7 credits numbered 700 and above taken in the Slavic department while pursuing a UW–Madison undergraduate degree are allowed to count toward the degree. Coursework earned ten or more years prior to admission to a doctoral degree is not allowed to satisfy requirements.

### **UW–Madison University Special**

With program approval, students are allowed to count no more than 9 credits of coursework numbered 300 or above taken as a UW–Madison special student. Coursework earned ten or more years prior to admission to a doctoral degree is not allowed to satisfy requirements.

## **PROBATION**

A semester GPA below 3.25 will result in the student being placed on academic probation. If a semester GPA of 3.25 is not attained during the subsequent semester of full time enrollment the student may be dismissed from the program.

## **ADVISOR / COMMITTEE**

Prior to being admitted to candidacy, all students meet with graduate advisor once a semester (in November and April) to discuss their progress and to plan their coursework for the subsequent semester.

No later than by the end of their sixth semester students choose their dissertation advisor.

After being admitted to candidacy, all students are required to submit brief written yearly progress reports to their thesis committee by the end of January.

## **CREDITS PER TERM ALLOWED**

15 credits

## **TIME LIMITS**

Students must fulfill all coursework requirements and pass oral examination by the end of the seventh semester in the program (fifth semester for students admitted with M.A. degree).

A candidate for a doctoral degree who fails to take the final oral examination and deposit the dissertation within five years after passing the preliminary examination may be required to take another preliminary examination and to be admitted to candidacy a second time.

Doctoral degree students who have been absent for ten or more consecutive years lose all credits that they have earned before their absence. Individual programs may count the coursework students completed prior to their absence for meeting program requirements; that coursework may not count toward Graduate School credit requirements.

## **GRIEVANCES AND APPEALS**

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)

- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
  - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeeedisabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

## **OTHER**

n/a

## **PROFESSIONAL DEVELOPMENT**

## **GRADUATE SCHOOL RESOURCES**

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

## **LEARNING OUTCOMES**

1. (Critical Thinking and Writing Skills) Demonstrate: analytic, interpretative, and critical thinking skills; knowledge of research protocols; and understanding of the specificity of the literary object as well as its historical and cultural context.
2. (Literature) Develop comprehensive knowledge of Russian literary history, the major writers and movements, from the origins to the present day. Demonstrate this knowledge in relation to the following periods and movements: Old Russian Literature; 18th-Century Russian Literature; Romanticism (ca. 1790s to 1840s); Realism (ca. 1840s to 1890s); Modernism (ca. 1890s to 1920s); Soviet, Emigre, and Post-Soviet Periods (ca. 1930s to the present).

- (Language proficiency) Demonstrate Advanced Russian language proficiency on the ACTFL (American Council on the Teaching of Foreign Languages) scale across all modalities (speaking, listening, reading, writing). Demonstrate advanced knowledge of the structure of contemporary Russian. Develop, at minimum, reading proficiency in languages essential for research in the field, including a second Slavic language and either French or German.
- (Ph.D. Minor) Demonstrate intellectual breadth and the ability to synthesize cross-cultural and interdisciplinary perspectives through the completion of a doctoral minor.
- (Ph.D. Dissertation) A successful Ph.D. candidate will have written a dissertation that synthesizes knowledge of relevant disciplines and develops it to create an original contribution to scholarship. The candidate will be able to present the results of her or his research both to experts in the field as well as to a wider public.
- (Teacher-Trainer) Demonstrate, both in theory and through instructional practice, foundational knowledge of second-language teaching, including the concepts of proficiency-oriented instruction and communicative language teaching; principles behind the design, integration, and delivery of classroom instruction and appropriate assessment instruments for all four modalities (speaking, listening, reading, writing), structure, and culture.
- Recognize, apply, and foster principles of ethical and professional conduct in the context of Slavic studies.

provide pedagogical instruction to biophysics students serve as the basis for the biophysics minor.

## BIOPHYSICS, DOCTORAL MINOR

Students enrolled in a UW–Madison doctoral program can pursue a doctoral minor in biophysics. The doctoral minor offers substantial training in biophysics. A doctoral minor in biophysics can serve as supplement to training in a broad range of disciplines in which physics, physical chemistry, biology, and medicine intersect. The biophysics minor will give students a rigorous understanding of quantitative approaches to physical and chemical problems in the life sciences. Course offerings that

## BIOPHYSICS, M.S.

**Students are not admitted into the Biophysics Program for a terminal master's degree.** However, a master's degree is officially offered. For more information, see the Biophysics Handbook (<http://www.biophysics.wisc.edu/handbook/>).

The doctor of philosophy degree with a major in biophysics is an interdepartmental offering under the supervision of the biophysics program committee. The biophysics degree is intended for those who wish to emphasize physical principles and methods in solving biological problems. By necessity, the interdisciplinary nature of biophysics generates interaction among, and expands the boundaries of, traditional

areas of science. Persons with strong training in biophysics can be expected to be major innovators and contributors in research and applied technology. Biophysics graduates pursue careers in academic, industrial, and government research, and in teaching and administration.

The biophysics program consists of 44 faculty members from 14 departments that span four colleges within the university. State-of-the-art facilities are available within the biophysics program for research in x-ray crystallography, nuclear magnetic-resonance spectroscopy, electron resonance spectroscopy, fluorescence spectroscopy, microscopy and imaging, and computational chemistry. Graduate students in biophysics can choose from an expansive range of research topics including, but not limited to, biomolecular structure and function interactions, protein engineering and biotechnology, virus structure and function, enzyme catalysis and kinetics, membranes, neurochemistry, and electrophysiology.

The program is flexible in its formal course requirements and emphasizes excellence in research. The candidate is encouraged to begin research as quickly as possible, since it is research experience that brings focus and meaning to classroom studies, and research progress that empowers critical judgment and self-confidence for independent work. To enhance self-confidence, students are expected to participate in weekly seminars and to present a seminar.

Financial assistance is available to support qualified graduate students throughout their graduate studies. Types of graduate appointments that may be awarded include research assistantships, fellowships, and traineeships. The stipends awarded provide financial support to students during their graduate work, permitting them to devote their efforts to coursework and research. In recognition of the leadership provided by scientists and researchers at University of Wisconsin–Madison, the National Institutes of Health (NIH) have funded a predoctoral training grant in molecular biophysics for the past consecutive 20 years.

## ADMISSIONS

This master's program is offered for work leading to the Ph.D. Students may not apply directly for the master's, and should instead see the admissions information for the Ph.D (p. 860).

## FUNDING

## GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## REQUIREMENTS

## MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

## MAJOR REQUIREMENTS

### MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students are able to complete a program with minimal disruptions to careers and other commitments.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW–Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

Requirements Detail	
Minimum Credit Requirement	30 credits
Minimum Residence Credit Requirement	16 credits
Minimum Graduate Coursework Requirement	15 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy ( <a href="https://policy.wisc.edu/library/UW-1244">https://policy.wisc.edu/library/UW-1244</a> ( <a href="https://policy.wisc.edu/library/UW-1244/">https://policy.wisc.edu/library/UW-1244/</a> )).
Overall Graduate GPA Requirement	3.00 GPA required. This program follows the Graduate School's GPA Requirement policy ( <a href="https://policy.wisc.edu/library/UW-1203">https://policy.wisc.edu/library/UW-1203</a> ( <a href="https://policy.wisc.edu/library/UW-1203/">https://policy.wisc.edu/library/UW-1203/</a> )).
Other Grade Requirements	Credits are not counted from courses in which a grade of BC or below is obtained for the Biophysics core courses. In the event of an unsatisfactory grade, the student must repeat the course and obtain a grade of B or better if they want to count the class towards their Biophysics GPA and course requirements.
Assessments and Examinations	Students take two rounds of exams in order to achieve dissertator status. At the end of students' second year, they are required to take their written preliminary exam. Once this exam is passed, students must take their preliminary exam by the end of their third year.
Language Requirements	No language requirements.

## REQUIRED COURSES

The following coursework is completed on the way to earning the Biophysics Ph.D. and is the minimum required for the master's:

Code	Title	Credits
<b>Required by the time oral prelim is taken:</b>		
BIOCHEM/ CHEM 665	Biophysical Chemistry	4
CHEM 668	Biophysical Spectroscopy <sup>1</sup>	3
<b>Biophysics Additional Courses <sup>2</sup></b>		
<b>6</b>		
<b>Students must take at least 2 additional classes from different categories from the following list of classes (alternative classes may be substituted with approval from the Biophysics Program Steering Committee):</b>		
<i>Structure</i>		
BIOCHEM 601	Protein and Enzyme Structure and Function	
BIOCHEM 625	Mechanisms of Action of Vitamins and Minerals	
CHEM 622	Organic Analysis	
CHEM 675	Introductory Quantum Chemistry	
ONCOLOGY 673	Purification and Characterization of Protein and Protein Complexes	
<i>Modeling</i>		
CHEM 661	Chemical and Statistical Thermodynamics	
MATH/B M I/ BIOCHEM/ BMOLCHEM 609	Mathematical Methods for Systems Biology	
<i>Molecular Biology</i>		
BIOCHEM/ GENETICS/ MICROBIO 612	Prokaryotic Molecular Biology	
BIOCHEM/ GENETICS/ MD GENET 620	Eukaryotic Molecular Biology	
<i>Neuroscience</i>		
NTP/ NEURODPT 610	Cellular and Molecular Neuroscience	
<i>Spectroscopy/Microscopy</i>		
B M E/MED PHYS/ PHMCOL-M/ PHYSICS/ RADIOL 619	Microscopy of Life	
B M E 751	Biomedical Optics and Biophotonics	
CHEM 860	Selected Topics in Physical Chemistry (Topic: Spectroscopy of Individual Molecules and Particles)	
BIOCHEM 729	Advanced Topics (Topic: Advanced Topics in NMR)	
<i>Computational Courses</i>		
ONCOLOGY 778	Bioinformatics for Biologists	
B M I/ COMP SCI 776	Advanced Bioinformatics	
<b>Specialty Courses</b>		

To fulfill the remainder of required credits, students can take specialty courses. It is recommended to take courses in areas such as biotechnology, computer science, electrical and computer engineering, molecular biology, or physics. Students should consult with their Thesis Advisor and thesis committee members about appropriate specialty courses to take pertaining to individual training goals.

<b>Total Credits</b>	<b>30</b>
----------------------	-----------

1

Because CHEM 668 Biophysical Spectroscopy is only offered every other year, students will be advised upon joining the program in which semester they must complete the course. This course must be taken for 3 credits.

2

To meet the 6 credit minimum, all elective courses must be at least 2 credits. That means that students can, for example, take two 3-credit courses, three 2-credit courses, or one 2-credit and one 4-credit course to satisfy this requirement. The above list of courses have all been approved as elective courses by the Biophysics Steering Committee. If you are interested in a different course, in order for it to count as an elective course towards your Biophysics graduate degree, the course needs to be approved by the Steering Committee. Please email the coordinator at [biophysics@bocklabs.wisc.edu](mailto:biophysics@bocklabs.wisc.edu) a syllabus from the course and a short paragraph detailing why the class is relevant to your research.

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

### MAJOR-SPECIFIC POLICIES

#### PRIOR COURSEWORK

##### Graduate Work from Other Institutions

With program approval, students are allowed to count no more than 9 credits of graduate coursework from other institutions. Coursework earned more than two years prior to admission to the doctoral degree is not allowed to satisfy requirements. No admissions are made into the master's program.

##### UW–Madison Undergraduate

No credits from a UW–Madison undergraduate degree are allowed to count toward the degree.

##### UW–Madison University Special

With program approval, students are allowed to count no more than 9 credits of coursework numbered 300 or above taken as a UW–Madison Special student. Coursework earned more than two years prior to admission to the doctoral degree is not allowed to satisfy requirements. No admissions are made into the master's program.

#### PROBATION

This program follows the Graduate School's Probation policy. (<https://policy.wisc.edu/library/UW-1217/>)

## ADVISOR / COMMITTEE

All students are required to have an advisor by the end of their first semester in the program. Thesis committees must be formed prior to their preliminary exam. The committee consists of at least four other faculty members and the student's advisor. After gaining dissertator status, students are required to hold yearly progress report meetings with their committee until graduation.

## CREDITS PER TERM ALLOWED

15 credits

## TIME LIMITS

This program follows the Graduate School's Time Limits policy. (<https://policy.wisc.edu/library/UW-1221/>)

- Employee Disability Resource Office (<https://employeedisabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances.

## OTHER

Fall semester enrollment only. First semester, program-sponsored lab rotations lead to thesis lab selection and research assistantship through the thesis advisor.

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

## LEARNING OUTCOMES

1. Articulates, critiques, or elaborates the theories, research methods, and approaches to inquiry or schools of practice in the field of study.
2. Identifies sources and assembles evidence pertaining to questions or challenges in the field of study.
3. Understands the primary field of study in a historical, social or global context.
4. Selects and/or utilizes the most appropriate methodologies and practices.
5. Evaluates or synthesizes information pertaining to questions or challenges in the field of study.
6. Communicates clearly in ways appropriate to the field of study.
7. Recognizes and applies principles of ethical conduct.

## BIOPHYSICS, PH.D.

The doctor of philosophy degree with a major in biophysics is an interdepartmental offering under the supervision of the Biophysics Graduate Degree Program. The biophysics degree is intended for those who wish to emphasize physical principles and methods in solving biological problems. By necessity, the interdisciplinary nature of biophysics generates interaction among, and expands the boundaries of, traditional areas of science. Persons with strong training in biophysics can be expected to be major innovators and contributors in research and applied technology. Biophysics graduates pursue careers in academic, industrial, and government research, and in teaching and administration.

The Biophysics Program consists of approximately 56 faculty members from 14 departments that span four colleges within the university.

State-of-the-art facilities are available within the Biophysics Program for research in x-ray crystallography, nuclear magnetic-resonance spectroscopy, electron resonance spectroscopy, fluorescence spectroscopy, microscopy and imaging, and computational chemistry. Graduate students in biophysics can choose from an expansive range of research topics including, but not limited to, biomolecular structure and function interactions, protein engineering and biotechnology, virus structure and function, enzyme catalysis and kinetics, membranes, neurochemistry, and electrophysiology.

The program is flexible in its formal course requirements and emphasizes excellence in research. The candidate is encouraged to begin research as quickly as possible, since it is research experience that brings focus and meaning to classroom studies, and research progress that empowers critical judgment and self-confidence for independent work. To enhance self-confidence, students are expected to participate in weekly seminars and to present a seminar.

Financial assistance is available to support qualified graduate students throughout their graduate studies. Types of graduate appointments that may be awarded include research assistantships, fellowships, and traineeships. The stipends awarded provide financial support to students during their graduate work, permitting them to devote their efforts to coursework and research. In recognition of the leadership provided by scientists and researchers at University of Wisconsin–Madison, the National Institutes of Health (NIH) have funded a predoctoral training grant in molecular biophysics for the past consecutive 20 years.

For more information, see the Biophysics Handbook (<https://biophysics.wisc.edu/resources/>).

## ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 1
Spring Deadline	The program does not admit in the spring.
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required but may be considered if available.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements ( <a href="https://grad.wisc.edu/apply/requirements/#english-proficiency">https://grad.wisc.edu/apply/requirements/#english-proficiency</a> ).
Other Test(s) (e.g., GMAT, MCAT)	n/a

Letters of Recommendation Required 3

Undergraduate preparation for the Biophysics Program can vary widely and will be evaluated by the admissions committee on an individual basis. Most applicants have taken courses in general, organic, and physical chemistry; introductory physics; cell and/or molecular biology; calculus through differential equations; and computer sciences. Students can generally make up any deficiencies in their undergraduate background within the first year of graduate study through a broad and flexible course curriculum. The normal undergraduate course prerequisites are:

- two semesters of physics with calculus
- two semesters of calculus
- two semesters of organic chemistry
- one semester of physical chemistry
- one semester of computer sciences
- one semester of statistics
- introduction to biology

Exceptions to these requirements may be granted for incoming biophysics graduate students who otherwise have strong undergraduate training in physics, mathematics, computer sciences, biology, chemistry, or other fields related to biophysics. In such cases, each missing required course will be counted as a deficiency that the student must correct by obtaining a passing grade in an equivalent undergraduate or graduate course taken within the first two years of graduate study.

In addition, it is recommended for entering graduate students to have taken undergraduate courses in general biochemistry; general genetics and/or molecular biology; and biophysical chemistry. Students who have not taken courses in these subjects will be expected to do so as part of their formal graduate coursework.

Admission to the biophysics Ph.D. program is highly competitive. A committee of biophysics faculty trainers reviews each application and invites selected students for personal interviews in February. Outstanding international students will be offered video-conferencing interviews with members of the admissions committee. Final admissions decisions are made after all interviews are completed. An application for admission consists of:

1. A resume or CV
2. A personal statement that discusses a candidate's reasoning for pursuing a biophysics Ph.D. What initially drew you to the field? How will earning a Ph.D. help you accomplish your goals?
3. An official transcript of coursework from all undergraduate institutions attended
4. Three or more letters of recommendation
5. A report, if submitting, from the Educational Testing Service of scores received on the GRE General Test
6. A report, if appropriate, of scores received on the TOEFL English language proficiency exam or an appropriate alternative (IELTS, MELAB)

The admissions committee highly weighs the personal statement and letters of recommendation when reviewing applicants. GPA values are

evaluated to ensure they meet minimum graduate school requirements (<https://grad.wisc.edu/apply/requirements/>).

## FUNDING

## GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## PROGRAM RESOURCES

The Biophysics Graduate Degree Program offers stipends in the form of traineeships or research assistantships to all Ph.D. candidates, and assists those with outstanding records in competing for University and national awards (fellowships). The program guarantees a full stipend (\$30,000 for 2021–22) for all its Ph.D. candidates who remain in good standing in the program. In addition to the stipend, all students receive tuition remission and are eligible for comprehensive health insurance.

## REQUIREMENTS

## MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

## MAJOR REQUIREMENTS

### MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students are able to complete a program with minimal disruptions to careers and other commitments.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW–Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

### Requirements Detail

Minimum Credit Requirement	51 credits
Minimum Residence Credit Requirement	32 credits
Minimum Graduate Coursework Requirement	26 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy ( <a href="https://policy.wisc.edu/library/UW-1244">https://policy.wisc.edu/library/UW-1244</a> ( <a href="https://policy.wisc.edu/library/UW-1244/">https://policy.wisc.edu/library/UW-1244/</a> )).
Overall Graduate GPA Requirement	3.00 GPA required. This program follows the Graduate School's GPA Requirement policy ( <a href="https://policy.wisc.edu/library/UW-1203">https://policy.wisc.edu/library/UW-1203</a> ( <a href="https://policy.wisc.edu/library/UW-1203/">https://policy.wisc.edu/library/UW-1203/</a> )).
Other Grade Requirements	Credits are not counted from courses in which a grade of BC or below is obtained for the Biophysics core courses. In the event of an unsatisfactory grade, the student must repeat the course and obtain a grade of B or better if they want to count the class towards their Biophysics GPA and course requirements.
Assessments and Examinations	Students are required to complete an oral preliminary exam. The oral exam should be completed no later than the end of the student's third fall semester in the program. This exam consists of an oral defense of a written research proposal. The format of the research proposal is based on the format for an NIH F31 predoctoral grant application. If the student feels they need more time to complete the oral exam, they must request an extension from the Biophysics Office.
Language Requirements	No language requirements.
Breadth Requirement	No doctoral minor or Graduate/Professional certificate required.

### Required Courses

Code	Title	Credits
<b>Required by the time oral prelim is taken:</b>		
BIOCHEM/ CHEM 665	Biophysical Chemistry	4
CHEM 668	Biophysical Spectroscopy <sup>1</sup>	3
<b>Biophysics Additional Courses <sup>2</sup></b>		<b>6</b>

**Students must take at least 2 additional classes from different categories from the following list of classes (alternative classes may be substituted with approval from the Biophysics Program Steering Committee):**

<i>Structure</i>		
BIOCHEM 601	Protein and Enzyme Structure and Function	
BIOCHEM 625	Mechanisms of Action of Vitamins and Minerals	
CHEM 622	Organic Analysis	
CHEM 675	Introductory Quantum Chemistry	
ONCOLOGY 673	Purification and Characterization of Protein and Protein Complexes	

<i>Modeling</i>	
CHEM 661	Chemical and Statistical Thermodynamics
MATH/B M I/ BIOCHEM/ BMOLCHEM 609	Mathematical Methods for Systems Biology
<i>Molecular Biology</i>	
BIOCHEM/ GENETICS/ MICROBIO 612	Prokaryotic Molecular Biology
BIOCHEM/ GENETICS/ MD GENET 620	Eukaryotic Molecular Biology
<i>Neuroscience</i>	
NTP/ NEURODPT 610	Cellular and Molecular Neuroscience
<i>Spectroscopy/Microscopy</i>	
B M E/MED PHYS/ PHMCOL-M/ PHYSICS/ RADIOL 619	Microscopy of Life
B M E 751	Biomedical Optics and Biophotonics
CHEM 860	Selected Topics in Physical Chemistry (Topic: Spectroscopy of Individual Molecules and Particles)
BIOCHEM 729	Advanced Topics (Topic: Advanced Topics in NMR)
<i>Computational Courses</i>	
ONCOLOGY 778	Bioinformatics for Biologists
B M I/ COMP SCI 776	Advanced Bioinformatics
<b>Ethics Course</b>	<b>1-3</b>
BIOCHEM 729	Advanced Topics (Ethics) <sup>3</sup>
<b>Seminar Courses</b>	
CHEM/ BIOCHEM 872	Selected Topics in Macromolecular and Biophysical Chemistry
Students are required to participate in seminar courses for the duration of their studies. Initially, all students are required to enroll in CHEM/BIOCHEM 872 (Topic: Macromolecular and Biophysical Chemistry) for both fall and spring semesters. Once a student has successfully achieved dissertator status, they are eligible to enroll in alternative seminars with permission from the program.	
<b>Specialty Courses</b>	
To fulfill the remainder of required credits, students can take specialty courses. It is recommended to take courses in areas such as biotechnology, computer science, electrical and computer engineering, molecular biology, or physics. Students should consult with their Thesis Advisor and thesis committee members about appropriate specialty courses to take pertaining to individual training goals.	
<b>Research Credits</b>	

Finally, all students are expected to register for 990 research credits every semester. These are the courses in which students will be conducting their independent research. First semester students will register for 990 research credits in the department of the Biophysics Program Chair. Once a thesis lab is chosen, these credits will be conducted in the thesis advisor's home department.

**Total Credits** **51**

1

Because CHEM 668 Biophysical Spectroscopy is only offered every other year, students will be advised upon joining the program in which semester they must complete the course. This course must be taken for 3 credits.

2

To meet the 6 credit minimum, all elective courses must be at least 2 credits. That means that students can, for example, take two 3-credit courses, three 2-credit courses, or one 2-credit and one 4-credit course to satisfy this requirement. The above list of courses have all been approved as elective courses by the Biophysics Steering Committee. If you are interested in a different course, in order for it to count as an elective course towards your Biophysics graduate degree, the course needs to be approved by the Steering Committee. Please email the coordinator at [biophysics@bocklabs.wisc.edu](mailto:biophysics@bocklabs.wisc.edu) a syllabus from the course and a short paragraph detailing why the class is relevant to your research.

3

Students are also required to take an ethics course that covers all of the items considered necessary by the NIH for ethical and professional scientific training. It is strongly recommended that students take the ethics course during their first year. The recommended ethics course is: BIOCHEM 729 Advanced Topics. The Biophysics Program also conducts a mandatory ethics refresher seminar for all students that is held at the end of every spring semester.

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

### MAJOR-SPECIFIC POLICIES

#### PRIOR COURSEWORK

##### Graduate Work from Other Institutions

This program follows the Graduate School's policy for Satisfying Requirements with Prior Graduate Coursework from Other Institutions. (<https://policy.wisc.edu/library/UW-1216/>)

##### UW–Madison Undergraduate

This program follows the Graduate School's policy for Satisfying Requirements with Coursework from Undergraduate Career at UW–Madison. (<https://policy.wisc.edu/library/UW-1216/>)

**UW–Madison University Special**

This program follows the Graduate School's policy for Transfer from UW–Madison University Special Student Career at UW–Madison. (<https://policy.wisc.edu/library/UW-1216/>)

**PROBATION**

This program follows the Graduate School's Probation policy. (<https://policy.wisc.edu/library/UW-1217/>)

**ADVISOR / COMMITTEE**

All students are required to have an advisor by the end of their first semester in the program. Thesis committees must be formed at the end of a student's first year in the program. The committee consists of at least four other faculty members and the student's advisor and faculty must represent at least two different departments on campus. After gaining dissertator status, students are required to hold yearly progress report meetings with their committee until graduation.

**CREDITS PER TERM ALLOWED**

15 credits

**TIME LIMITS**

This program follows the Graduate School's Time Limits policy. (<https://policy.wisc.edu/library/UW-1221/>)

**GRIEVANCES AND APPEALS**

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
  - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeedisabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances.

**OTHER**

Fall semester enrollment only. First semester, program-sponsored lab rotations lead to thesis lab selection and research assistantship through the thesis advisor.

**PROFESSIONAL DEVELOPMENT****GRADUATE SCHOOL RESOURCES**

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

**LEARNING OUTCOMES**

1. Articulates challenges, frontiers and limits with respect to theory, knowledge or practice within the field of study.
2. Formulates ideas, concepts, designs, and/or techniques beyond the current boundaries of knowledge within the field of study.
3. Creates research, scholarship or performance that makes a substantive contribution.
4. Demonstrates breadth within their learning experiences.
5. Communicates complex or ambiguous ideas in a clear and understandable manner.
6. Evaluates the implications of the discipline to broader social concerns.
7. Fosters ethical conduct and professional guidelines.

## CELLULAR AND MOLECULAR BIOLOGY, M.S.

**Students are not admitted into the Cellular and Molecular Biology (CMB) Program for a terminal master's degree.** However, a master's degree is

officially offered. For more information, see the Cellular and Molecular Biology Handbook (link in Contact Information).

Graduate study in cellular and molecular biology at the University of Wisconsin–Madison is a research-oriented interdisciplinary program leading to the Ph.D. degree. The university has one of the largest and most prestigious biology facilities in the world, well-noted for its cooperation and collaboration across department boundaries. The Cellular and Molecular Biology Program is an important part of that interdepartmental strength, providing students with the opportunity to work with more than 190 faculty members in 40 departments.

A major strength of the program is that it provides the opportunity for groups of investigators to work together on research topics of common interest. Research topic areas, identified as focus groups, are composed of faculty and students studying common research areas. Each group is held together by participation of both students and faculty at regular research presentations and by the participation of faculty on thesis committees of many students in the group. Because of the diverse nature of most research areas and the cross-fertilization among focus groups, many faculty and students participate in the activities of multiple focus groups.

The focus groups are: cancer biology; cell adhesion and cytoskeleton; cellular and molecular metabolism; developmental biology and regenerative medicine; immunology; membrane biology and protein trafficking; molecular and genome biology of microbes; physiology; plant biology; RNA biology; systems biology; transcriptional mechanisms; and virology.

## ADMISSIONS

This master's program is offered for work leading to the Ph.D. Students may not apply directly for the master's, and should instead see the admissions information for the Ph.D. (p. 870)

## FUNDING

## GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## REQUIREMENTS

## MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

## MAJOR REQUIREMENTS

### MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students are able to complete a program with minimal disruptions to careers and other commitments.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW–Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

Requirements Detail	
Minimum Credit Requirement	30 credits
Minimum Residence Credit Requirement	16 credits
Minimum Graduate Coursework Requirement	15 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy ( <a href="https://policy.wisc.edu/library/UW-1244">https://policy.wisc.edu/library/UW-1244</a> ( <a href="https://policy.wisc.edu/library/UW-1244/">https://policy.wisc.edu/library/UW-1244/</a> )).
Overall Graduate GPA Requirement	3.00 GPA required. This program follows the Graduate School's GPA Requirement policy ( <a href="https://policy.wisc.edu/library/UW-1203">https://policy.wisc.edu/library/UW-1203</a> ( <a href="https://policy.wisc.edu/library/UW-1203/">https://policy.wisc.edu/library/UW-1203/</a> )).
Other Grade Requirements	n/a
Assessments and Examinations	See PhD requirements.
Language Requirements	No language requirements.

## REQUIRED COURSES

Eleven credits of coursework, not including 990 research credits, are required to complete the CMB course requirements. One course must be taken from the "core" list of molecular biology courses and one course must be taken from the "core" list of cell biology courses. The remaining credits can come from either the "core" or "elective" list of classes to bring the total number of credits to ten. In addition, one credit must be

fulfilled through the required ethics course. All CMB course requirements must be completed by the end of the student's second year, before completing the preliminary exam and obtaining dissertator status.

Code	Title	Credits
<b>Course Requirements<sup>1</sup></b>		
<i>Molecular Biology Core</i>		3
Choose one of the following:		
BIOCHEM/ GENETICS/ MD GENET 620	Eukaryotic Molecular Biology	
BIOCHEM/ GENETICS/ MICROBIO 612	Prokaryotic Molecular Biology	
ONCOLOGY/ PL PATH 640	General Virology-Multiplication of Viruses	
<i>Cell Biology Core</i>		2-3
Choose one of the following:		
BOTANY 860	Plant Cell Biology	
ZOOLOGY/ NEURODPT/ NTP 765	Developmental Neuroscience	
PATH 750	Cellular and Molecular Biology/ Pathology	
ONCOLOGY 703	Carcinogenesis and Tumor Cell Biology	
GENETICS/ CRB 710	Developmental Genetics	
GENETICS/ BOTANY/M M & I/ PL PATH 655	Biology and Genetics of Fungi	
<i>Ethics Core</i>		1
BIOCHEM 729	Advanced Topics	
ONCOLOGY 715	Ethics in Science	
SURG SCI 812	Research Ethics and Career Development	
Remaining credits can come from either the core or elective list of classes to bring the total number of credits to eleven.		
<i>Elective Courses</i>		4-5
B M E 510	Introduction to Tissue Engineering	
B M E 520	Stem Cell Bioengineering	
B M E/CBE 783	Design of Biological Molecules	
B M E/CRB 670	Biology of Heart Disease and Regeneration	
B M E 545	Engineering Extracellular Matrices	
B M E 556	Systems Biology: Mammalian Signaling Networks	
B M I/ COMP SCI 576	Introduction to Bioinformatics	
B M I/STAT 541	Introduction to Biostatistics	
B M I/STAT 877	Statistical Methods for Molecular Biology	
B M I 826	Special Topics in Biostatistics and Biomedical Informatics	

BIOCHEM/B M I/ BMOLCHEM/ MATH 609	Mathematical Methods for Systems Biology
BOTANY/ BIOCHEM/ GENETICS 840	Regulatory Mechanisms in Plant Development
BIOCHEM/ BOTANY 621	Plant Biochemistry
BIOCHEM/ CHEM 665	Biophysical Chemistry
BIOCHEM/ NUTR SCI 619	Advanced Nutrition: Intermediary Metabolism of Macronutrients
BIOCHEM/ PHMCOL-M/ ZOOLOGY 630	Cellular Signal Transduction Mechanisms
BIOCHEM 570	Computational Modeling of Biological Systems
BIOCHEM 601	Protein and Enzyme Structure and Function

BOTANY/ENTOM/ PL PATH 505	Plant-Microbe Interactions: Molecular and Ecological Aspects
BOTANY 563	Phylogenetic Analysis of Molecular Data
CRB/ MEDICINE 701	Cell Signaling and Human Disease
CRB 640	Fundamentals of Stem Cell and Regenerative Biology
CRB 650	Molecular and Cellular Organogenesis
F&W ECOL/HORT/ STAT 571	Statistical Methods for Bioscience I
GENETICS/ HORT 550	Molecular Approaches for Potential Crop Improvement
GENETICS/ MD GENET 677	Advanced Topics in Genetics
GENETICS/ BIOCHEM 631	Plant Genetics and Development
GENETICS 633	Population Genetics
GENETICS 885	Advanced Genomic and Proteomic Analysis
M M & I/PATH- BIO 528	Immunology
M M & I 740	Mechanisms of Microbial Pathogenesis
MICROBIO 657	Bioinformatics for Microbiologists
NEURODPT/NTP/ PSYCH 611	Systems Neuroscience
NTP 670	Stem Cells and the Central Nervous System
M M & I/PATH- BIO 750	Host-Parasite Relationships in Vertebrate Viral Disease
MED PHYS 671	Selected Topics in Medical Physics
MICROBIO/ BMOLCHEM 668	Microbiology at Atomic Resolution

MICROBIO 607	Advanced Microbial Genetics
ONCOLOGY 675	Advanced or Special Topics in Cancer Research
ONCOLOGY 778	Bioinformatics for Biologists
OPHTHALM 750	Ocular Diseases of the Mammalian Vision System
PATH 751	Biology of Aging
PATH 803	Pathogenesis of Major Human Diseases
PATH 807	Immunopathology: The Immune System in Health and Disease
PATH-BIO 675	Special Topics
ZOOLOGY 604	Computer-based Gene and Disease/ Disorder Research Lab

**Research Credits**

A minimum of 51 credits taken in graduate level courses are required: the 11 above, and the remaining credits can be 990 research credits. 41

**Total Credits** 51-53

1

EXCEPTION: M.D./Ph.D. students are only required to take 3 credits from the Core Curriculum or the Elective Courses list.

2

EXCEPTION: M.D./Ph.D. students are not required to take an ethics course because they received this training in their M.D. courses.

**POLICIES****GRADUATE SCHOOL POLICIES**

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

**MAJOR-SPECIFIC POLICIES****PRIOR COURSEWORK****Graduate Work from Other Institutions**

On a case by case basis, this program follows the Graduate School's policy for Satisfying Requirements with Prior Graduate Coursework from Other Institutions. (<https://policy.wisc.edu/library/UW-1216/>)

**UW-Madison Undergraduate**

On a case by case basis, this program follows the Graduate School's policy for Satisfying Requirements with Coursework from Undergraduate Career at UW-Madison. (<https://policy.wisc.edu/library/UW-1216/>)

**UW-Madison University Special**

On a case by case basis, this program follows the Graduate School's policy for Transfer from UW-Madison University Special Student Career at UW-Madison. (<https://policy.wisc.edu/library/UW-1216/>)

**PROBATION**

This program follows the Graduate School's Probation policy. (<https://policy.wisc.edu/library/UW-1217/>)

**ADVISOR / COMMITTEE**

The thesis advisor will assist the graduate student throughout the duration of their studies. Upon choosing a thesis advisor, the student should formulate goals and expectations when starting in a permanent lab home. The student and thesis advisor should work together to ensure that mutual goals and expectations are met. The thesis advisor will monitor and guide the student's progress toward their degree, provide the student with advice about how and when to meet the degree requirements of the program, and help the student decide on appropriate coursework during their studies.

After joining a thesis lab, students are required to form a thesis committee. The purpose of the thesis committee is to: guide the student through the process of earning their degree and meeting all CMB program requirements; assist the student in developing as an independent scientist in the student's area of research; provide the student with an array of ideas and opportunities regarding the direction of their research and thesis project; and evaluate the student's research proposal, attend curriculum certification, preliminary exam, annual progress report, and thesis defense.

The thesis committee consists of five faculty members, including the thesis advisor. All committee members must be readers when the student defends their dissertation. Three committee members, including the thesis advisor, must be faculty trainers in the CMB program. Two committee members must be outside the student's direct area of expertise.

**CREDITS PER TERM ALLOWED**

15 credits

**TIME LIMITS**

This program follows the Graduate School's Time Limits policy. (<https://policy.wisc.edu/library/UW-1221/>)

**GRIEVANCES AND APPEALS**

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
  - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)

- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

### Overview

If a student feels unfairly treated or aggrieved by faculty, staff, or another student, the University offers several avenues to resolve the grievance.

Students' concerns about unfair treatment are best handled directly with the person responsible for the objectionable action. If the student is uncomfortable making direct contact with the individual(s) involved, they should contact the advisor or the person in charge of the unit where the action occurred (CMB Program Administration or Chair, Lab Department Administration or Chair, Lab Manager, etc.). Many departments and schools/colleges have established specific procedures for handling such situations; check their web pages for more information. If such procedures exist at the local level, these should be investigated first. For more information, see the Graduate School Academic Policies and Procedures. (<http://grad.wisc.edu/acadpolicy/#grievancesandappeals>)

### Procedure

Procedures for proper accounting of student grievances within the CMB Program:

- The student is encouraged to speak first with the person toward whom the grievance is directed to see if a situation can be resolved interpersonally at this level.
- Should satisfactory resolution not be achieved, the student should contact the CMB Office and the CMB Program Chair to discuss the grievance. The program will facilitate problem resolution through informal channels and facilitate any complaints or issues of students. The first attempt is to help the student informally address the grievance prior to any formal complaint. Students are also encouraged to talk with their faculty advisor or thesis committee members if appropriate.
- If the issue is not resolved to the student's satisfaction, the student can submit a formal grievance in writing to the CMB Office and CMB Program Chair. The written formal grievance must be submitted within 60 days of the alleged unfair treatment.
- On receipt of a written complaint, a faculty committee will be convened within 10 working days by the CMB Program to manage the grievance. The program faculty committee will obtain a written response from the person toward whom the complaint is directed. This response will be shared with the person filing the grievance.
- Within 10 working days of being convened, the faculty committee will make a decision regarding the grievance. The CMB Program will report on the committee's decision and any action taken by the committee in writing to both the student and the party toward whom the complaint was directed.
- At this point, if either party (the student or the person toward whom the grievance is directed) is unsatisfied with the decision of the faculty committee, the party may file a written appeal within 10 working days of the committee's decision. The appeal will go to the tenure home School/College of the grieving student's primary advisor.

The Graduate School has procedures for students wishing to further appeal a grievance decision made at the school/college level. These policies are described in the Graduate School's Academic Policies and Procedures. (<https://grad.wisc.edu/documents/grievances-and-appeals/>)

### OTHER

CMB students all earn a stipend that is set by the program each year, and tuition is covered. First year rotating students are funded through the CMB program during the first semester. After the first semester, students are typically funded by their thesis advisor. In some cases, students earn individual fellowships or training grant slots and are funded through these mechanisms. Please contact the CMB program for specific questions about stipend level, etc.

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

## LEARNING OUTCOMES

1. Gain a broad understanding of the cellular and molecular principles that underlie biological processes.
2. Develop proficiency in a chosen area of cellular and molecular biology.
3. Learn to think critically and problem solve to address research challenges using a broad range of theories, research methods, and approaches to scientific inquiry.
4. Create research and scholarship that makes a substantive contribution to the field of cellular and molecular biology.
5. Experience collaboration with scientists within the lab, the department, the program, the university, and beyond.
6. Clearly and effectively communicate scientific ideas and research to both scientists and non-scientists in written and oral forms.
7. Exhibit and foster ethical and professional conduct.
8. Gain exposure to potential career paths and develop leadership and professional skills that will prepare them for a successful and rewarding career.

## PEOPLE

**Faculty Chairs:** David Wassarman (program chair), Andy Mehle (admissions chair), Caroline Alexander (awards chair), Donna Peters (curriculum chair), Colleen McDowell (diversity chair)

**Focus Group Chairs:** Caroline Alexander (Cancer Biology), Wilmara Salgado-Pabon (Cell Adhesion and Cytoskeleton), Dudley Lamming (Cellular and Molecular Metabolism), Anne Griep (Developmental Biology and Regenerative Medicine), Lisa Arendt (Immunology), Guy Groblewski (Membrane Biology and Protein Trafficking), Robert Landick (Molecular and Genome Biology of Microbes), Raunak Sinha (Physiology), Jean-Michel Ane (Plant Biology), David Brow (RNA Biology), Megan McClean (Systems Biology), Melissa Harrison (Transcriptional Mechanisms), Paul Ahlquist (Virology).

For a list of all participating faculty, see the program website (<http://www.cmb.wisc.edu>).

## CELLULAR AND MOLECULAR BIOLOGY, PH.D.

Since 1961, the Graduate Program in Cellular and Molecular Biology (CMB) has been pioneering graduate education in the fields of cell biology and molecular biology at the University of Wisconsin–Madison. CMB is a research-oriented, interdisciplinary program leading to the Ph.D. degree. UW–Madison has one of the largest and most prestigious biology facilities in the world, well-noted for its cooperation and collaboration across department boundaries. CMB is an important part of that interdepartmental strength, providing students with the opportunity to work with more than 180 faculty members in 40 departments.

Research and coursework experience allow CMB students to obtain a solid foundation in cell biology and molecular biology that is tailored to their professional objectives. Research focus groups are composed of students and faculty studying a common research area. The focus groups are: cancer biology, cell adhesion and cytoskeleton, cellular and molecular metabolism, developmental biology and regenerative medicine, immunology, membrane biology and protein trafficking, molecular and genome biology of microbes, physiology, plant biology, RNA biology, systems biology, transcriptional mechanisms, and virology.

### ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 1
Spring Deadline	The program does not admit in the spring.
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements ( <a href="https://grad.wisc.edu/apply/requirements/#english-proficiency">https://grad.wisc.edu/apply/requirements/#english-proficiency</a> ).
Other Test(s) (e.g., GMAT, MCAT)	n/a

Letters of Recommendation Required 3

Admission to the program is highly competitive. Admission is based on demonstrated ability and interest in biology, chemistry, and the physical sciences; three letters of recommendation; and the personal statement. Previous research experience is required. The application deadline for fall admission is December 1. All application materials must be received by this date in order to be reviewed by the CMB Admissions Committee. We do not offer spring or summer admission. More information about CMB Admissions can be found on the CMB website (<https://cmb.wisc.edu/admissions/>).

### FUNDING

## GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## PROGRAM RESOURCES

All students accepted into the Ph.D. degree program receive financial support from Graduate School fellowships, interdepartmental training grants, and/or research assistantships. The program strives to maintain a nationally competitive stipend. Students are guaranteed a stipend each year in addition to tuition remission. The current stipend rate can be found on the Financial (<https://cmb.wisc.edu/financial-health-insurance/>) page of the CMB handbook. Graduate students are also eligible for comprehensive health insurance; individual or family coverage is available at a minimal cost. Students are strongly encouraged to apply for a National Science Foundation Graduate Fellowship at the time of application to graduate school and/or during the first or second year on campus.

### REQUIREMENTS

## MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

## MAJOR REQUIREMENTS

### MODE OF INSTRUCTION

Face to Face	Evening/Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students are able to complete a program with minimal disruptions to careers and other commitments.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW–Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

### Requirements Detail

Minimum Credit Requirement	51 credits
Minimum Residence Credit Requirement	32 credits
Minimum Graduate Coursework Requirement	26 credits credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy ( <a href="https://policy.wisc.edu/library/UW-1244">https://policy.wisc.edu/library/UW-1244</a> ( <a href="https://policy.wisc.edu/library/UW-1244/">https://policy.wisc.edu/library/UW-1244/</a> )).
Overall Graduate GPA Requirement	3.00 GPA required. This program follows the Graduate School's GPA Requirement policy ( <a href="https://policy.wisc.edu/library/UW-1203">https://policy.wisc.edu/library/UW-1203</a> ( <a href="https://policy.wisc.edu/library/UW-1203/">https://policy.wisc.edu/library/UW-1203/</a> )).
Other Grade Requirements	n/a
Assessments and Examinations	Doctoral students are required to take a comprehensive preliminary/oral examination at the end of their second year. In order to complete their preliminary exam, students must have cleared their record of all Incomplete and Progress grades (other than research and thesis). Deposit of the doctoral dissertation in the Graduate School is required.
Language Requirements	No language requirements.
Breadth Requirement	Doctoral students in the CMB program are not required to complete a doctoral minor or Graduate/Professional certificate, but may choose to.

## REQUIRED COURSES

Eleven credits of coursework, not including 990 research credits, are required to complete the CMB course requirements. One course must be taken from the "core" list of molecular biology courses and one course must be taken from the "core" list of cell biology courses. The remaining credits can come from either the "core" or "elective" list of classes to bring the total number of credits to ten. In addition, one credit must be fulfilled through the required ethics course. All CMB course requirements must be completed by the end of the student's second year, before completing the preliminary exam and obtaining dissertator status.

Code	Title	Credits

### Research Credits

A minimum of 51 credits taken in graduate level courses are required: the 11 above, and the remaining credits can be 990 research credits. 41

**Total Credits** **51-53**

1

EXCEPTION: M.D./Ph.D. students are only required to take 3 credits from the Core Curriculum or the Elective Courses list.

2

EXCEPTION: M.D./Ph.D. students are not required to take an ethics course because they received this training in their M.D. courses.

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

### MAJOR-SPECIFIC POLICIES

#### PRIOR COURSEWORK

##### Graduate Work from Other Institutions

On a case by case basis, this program follows the Graduate School's policy for Satisfying Requirements with Prior Graduate Coursework from Other Institutions. (<https://policy.wisc.edu/library/UW-1216/>)

##### UW–Madison Undergraduate

On a case by case basis, this program follows the Graduate School's policy for Satisfying Requirements with Coursework from Undergraduate Career at UW–Madison. (<https://policy.wisc.edu/library/UW-1216/>)

##### UW–Madison University Special

On a case by case basis, this program follows the Graduate School's policy for Transfer from UW–Madison University Special Student Career at UW–Madison. (<https://policy.wisc.edu/library/UW-1216/>)

#### PROBATION

This program follows the Graduate School's Probation policy. (<https://policy.wisc.edu/library/UW-1217/>)

#### ADVISOR / COMMITTEE

The thesis advisor will assist the graduate student throughout the duration of their Ph.D. studies. Upon choosing a thesis advisor, the

student should formulate goals and expectations when starting in a permanent lab home. The student and thesis advisor should work together to ensure that mutual goals and expectations are met. The thesis advisor will monitor and guide the student's progress toward the Ph.D. degree, provide the student with advice about how and when to meet the degree requirements of the program, and help the student decide on appropriate coursework during Ph.D. studies.

After joining a thesis lab, students are required to form a thesis committee. The purpose of the thesis committee is to: guide the student through the process of earning the Ph.D. degree and meeting all CMB program requirements; assist the student in developing as an independent scientist in the student's area of research; provide the student with an array of ideas and opportunities regarding the direction of the research and thesis project; and evaluate the student's research proposal, attend curriculum certification, preliminary exam, annual progress report, and thesis defense.

The thesis committee consists of five faculty members, including the thesis advisor. All committee members must be readers when the student defends their dissertation. Three committee members, including the thesis advisor, must be faculty trainers in the CMB program. Two committee members must be outside the student's direct area of expertise.

## CREDITS PER TERM ALLOWED

15 credits

## TIME LIMITS

This program follows the Graduate School's Time Limits policy. (<https://policy.wisc.edu/library/UW-1221/>)

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
  - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeedisabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)

- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

## Overview

If a student feels unfairly treated or aggrieved by faculty, staff, or another student, the University offers several avenues to resolve the grievance.

Students' concerns about unfair treatment are best handled directly with the person responsible for the objectionable action. If the student is uncomfortable making direct contact with the individual(s) involved, they should contact the advisor or the person in charge of the unit where the action occurred (CMB Program Administration or Chair, Lab Department Administration or Chair, Lab Manager, etc.). Many departments and schools/colleges have established specific procedures for handling such situations; check their web pages for more information. If such procedures exist at the local level, these should be investigated first. For more information, see the Graduate School Academic Policies and Procedures. (<http://grad.wisc.edu/acadpolicy/#grievancesandappeals>)

## Procedure

Procedures for proper accounting of student grievances within the CMB Program:

- The student is encouraged to speak first with the person toward whom the grievance is directed to see if a situation can be resolved interpersonally at this level.
- Should satisfactory resolution not be achieved, the student should contact the CMB Office and the CMB Program Chair to discuss the grievance. The program will facilitate problem resolution through informal channels and facilitate any complaints or issues of students. The first attempt is to help the student informally address the grievance prior to any formal complaint. Students are also encouraged to talk with their faculty advisor or thesis committee members if appropriate.
- If the issue is not resolved to the student's satisfaction, the student can submit a formal grievance in writing to the CMB Office and CMB Program Chair. The written formal grievance must be submitted within 60 days of the alleged unfair treatment.
- On receipt of a written complaint, a faculty committee will be convened within 10 working days by the CMB Program to manage the grievance. The program faculty committee will obtain a written response from the person toward whom the complaint is directed. This response will be shared with the person filing the grievance.
- Within 10 working days of being convened, the faculty committee will make a decision regarding the grievance. The CMB Program will report on the committee's decision and any action taken by the committee in writing to both the student and the party toward whom the complaint was directed.
- At this point, if either party (the student or the person toward whom the grievance is directed) is unsatisfied with the decision of the faculty committee, the party may file a written appeal within 10 working days of the committee's decision. The appeal will go to the tenure home School/College of the grieving student's primary advisor.

The Graduate School has procedures for students wishing to further appeal a grievance decision made at the school/college level. These policies are described in the Graduate School's Academic Policies and Procedures. (<https://grad.wisc.edu/documents/grievances-and-appeals/>)

## OTHER

CMB students all earn a stipend that is set by the program each year, and tuition is covered. First year rotating students are funded through the CMB Program during the first semester. After the first semester, students are typically funded by their thesis advisor. In some cases, students earn individual fellowships or training grant slots and are funded through these mechanisms. Please contact the CMB Program for specific questions about stipend level, etc.

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

### PROGRAM RESOURCES

The CMB program offers and encourages participation in many professional development opportunities. The student-led Professional Development Committee plans events such as visiting speakers, panelists, and an annual mock interview event. The program shares information about alumni and their current employment with CMB students and encourages collaboration between the two groups. At the annual student retreat, students hear a panel featuring CMB alumni working in academic and non-academic positions. Program requirements such as an annual oral presentation and an annual thesis committee meeting foster professional development skills. Students also have opportunities to participate in program governance and leadership roles in other program activities such as advising and orientation, recruiting, admissions, the Diversity, Equity & Inclusion Committee, and the Coordinating Committee. A weekly email newsletter publicizes other relevant upcoming professional development opportunities. More information can be found on the CMB Professional Development page (<https://cmb.wisc.edu/professional-development/>).

## LEARNING OUTCOMES

1. Gain a broad understanding of the cellular and molecular principles that underlie biological processes.
2. Develop proficiency in a chosen area of cellular and molecular biology.
3. Learn to think critically and problem solve to address research challenges using a broad range of theories, research methods, and approaches to scientific inquiry.
4. Create research and scholarship that makes a substantive contribution to the field of cellular and molecular biology.
5. Experience collaboration with scientists within the lab, the department, the program, the university, and beyond.
6. Clearly and effectively communicate scientific ideas and research to both scientists and non-scientists in written and oral forms.
7. Exhibit and foster ethical and professional conduct.
8. Gain exposure to potential career paths and develop leadership and professional skills that will prepare them for a successful and rewarding career.

## PEOPLE

**Faculty Chairs:** David Wassarman (program chair), Andy Mehle (admissions chair), Caroline Alexander (awards chair), Donna Peters (curriculum chair), Colleen McDowell (diversity chair)

**Focus Group Chairs:** Caroline Alexander (Cancer Biology), Wilmara Salgado-Pabon (Cell Adhesion and Cytoskeleton), Dudley Lamming (Cellular and Molecular Metabolism), Anne Griep (Developmental Biology and Regenerative Medicine), Lisa Arendt (Immunology), Guy Groblewski (Membrane Biology and Protein Trafficking), Robert Landick (Molecular and Genome Biology of Microbes), Raunak Sinha (Physiology), Jean-Michel Ane (Plant Biology), David Brow (RNA Biology), Megan McClean (Systems Biology), Melissa Harrison (Transcriptional Mechanisms), Paul Ahlquist (Virology).

For a list of all participating faculty, see the program website (<http://www.cmb.wisc.edu>).

## DISTRIBUTED, DOCTORAL MINOR

### REQUIREMENTS

The Graduate School's minimum course requirements for the minor include:

- An average GPA of 3.00 on all minor coursework;
- Coursework must be graded courses numbered 300 or above; no audits or pass/fail;
- Coursework may not be double counted for major requirements;
- Maximum 3 credits of independent study (e.g., 699, 799, 899, 999);
- Research and thesis cannot be used to satisfy the minor (e.g., 790, 890, 990);
- No more than 5 credits of coursework completed more than 5 years prior to admission to the doctoral program; coursework taken 10 years ago or more may not be used.

A student cannot earn a doctoral minor and a graduate/professional certificate of the same name. Credits earned towards the minor may count towards the minimum graduate residence requirement, minimum graduate degree requirement, and the minimum graduate coursework (50%) requirement.

## SPECIAL GRADUATE COMMITTEE, M.A.

(via Graduate School Academic Policies & Procedures (<https://grad.wisc.edu/acadpolicy/#specialgraduatecommitteedegrees>))

The Graduate School can authorize special committees to supervise master's or doctoral programs for students whose needs cannot be met within an established program. Students must first be accepted into a graduate-degree-granting program and establish one semester of full-time graduate work at UW–Madison, and then the faculty advisor should submit a proposal for a special committee degree. Students should check

with the Graduate School and the individual faculty member with whom they are interested in working.

Special graduate committee degrees are one-of-a-kind degrees built around unique needs of individual students that cannot be satisfied by approved programs (e.g., by existing major program/minor combinations, joint degrees, distributed minors, etc.) and may permit individual degrees in new and emerging fields or combinations of disciplines. A higher degree of independence is required on the part of the student, since easily available guidance provided by programs is often more difficult to obtain, and there is not the usual collegial group of students in closely related research and coursework.

## ADMISSIONS

(via Graduate School Academic Policies & Procedures (<https://grad.wisc.edu/acadpolicy/#specialgraduatecommitteedegrees>))

The master's and doctoral special graduate committee guidelines are:

1. Prospective students who may have an interest in a special graduate committee degree should apply to the degree program that is closest to their program interest.
2. Upon receipt of an application on which a prospective student has expressed interest in a special graduate committee degree, the program will follow all relevant program admission requirements.
3. Students may not be admitted directly to a special graduate committee degree program. They must be accepted for admission by an established department or program and be attending classes at UW–Madison before a proposal for a special graduate committee degree will be considered by the Graduate School.
4. The department or program admitting the student must be prepared to see the student through an established degree program. No commitments are made to provide a special graduate committee degree until after the student is enrolled and the proposal for the special degree and the student's ability at the graduate level have been evaluated and approved.
5. The student's advisor authors and submits the special graduate committee degree proposal on behalf of the student as early in the student's program as possible. Proposals submitted after a substantial portion of the program has been completed will not be accepted. Doctoral proposals must be submitted by the end of the first year of graduate work. Master's proposals must be submitted after the equivalent of the first full-time semester of graduate work.

The proposal should consist of the following elements:

- The reasons the special graduate committee program is needed and an explanation of why the student's needs cannot be met within existing programs.
- The exact title of the proposed degree program (which should be brief and descriptive).
- The proposed course and seminar program of graduate work on this campus. Include the course title, program, course number, credits, grade, and semester taken/to be taken.
- Any specific requirements of the dissertation or thesis (language, equipment, etc.).
- The nature and scope of preliminary examinations for the doctoral degree, or the examination procedure for the master's degree.
- The nature of the dissertation or thesis (general subject area).

- The names of the faculty members who, in addition to the advisor, are willing to share the responsibility of supervising the student's program. Including the advisor, the doctoral degree requires five members (including four UW–Madison graduate faculty members), and the master's degree requires three members (including two UW–Madison graduate faculty members). Approval signatures of the committee members are required on the proposal.

6. The Graduate School will carefully review proposals to determine whether or not the program can be carried out within an established department or program, joint degrees, appropriate use of minors, or other available mechanisms. The suitability and degree of commitment of the committee for the proposed program will be examined.
7. The chairperson of the committee (usually the advisor) should be a member of the program to which the student originally had been admitted. That program should remain the keeper of the student's records and should make all appropriate nominations for financial aid.
8. The Graduate School is concerned about maintaining active participation by all members of special degree committees in the ongoing program of the student and asks the individual members of the committee to assume program responsibilities provided institutionally in a conventional program. Faculty members who are willing to serve on these committees should be prepared to participate fully in all aspects of the student's program from the beginning, especially where they must provide the necessary expertise in their particular areas of interest.

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### MAJOR REQUIREMENTS

Since the curriculum of the special graduate committee degree will vary, students must work closely with their faculty advisor and committee to make sure they are completing all necessary coursework and other requirements.

## SPECIAL GRADUATE COMMITTEE, M.S.

(via Graduate School Academic Policies & Procedures (<https://grad.wisc.edu/acadpolicy/#specialgraduatecommitteedegrees>))

The Graduate School can authorize special committees to supervise master's or doctoral programs for students whose needs cannot be met within an established program. Students must first be accepted into a graduate-degree-granting program and establish one semester of full-time graduate work at UW–Madison, and then the faculty advisor should submit a proposal for a special committee degree. Students should check

with the Graduate School and the individual faculty member with whom they are interested in working.

Special graduate committee degrees are one-of-a-kind degrees built around unique needs of individual students that cannot be satisfied by approved programs (e.g., by existing major program/minor combinations, joint degrees, distributed minors, and so on) and may permit individual degrees in new and emerging fields or combinations of disciplines. A higher degree of independence is required on the part of the student, since easily available guidance provided by programs is often more difficult to obtain, and there is not the usual collegial group of students in closely related research and coursework.

## ADMISSIONS

(via Graduate School Academic Policies & Procedures (<https://grad.wisc.edu/acadpolicy/#specialgraduatecommitteedegrees>))

The master's and doctoral special graduate committee guidelines are:

1. Prospective students who may have an interest in a special graduate committee degree should apply to the degree program that is closest to their program interest.
2. Upon receipt of an application on which a prospective student has expressed interest in a special graduate committee degree, the program will follow all relevant program admission requirements.
3. Students may not be admitted directly to a special graduate committee degree program. They must be accepted for admission by an established department or program and be attending classes at UW–Madison before a proposal for a special graduate committee degree will be considered by the Graduate School.
4. The department or program admitting the student must be prepared to see the student through an established degree program. No commitments are made to provide a special graduate committee degree until after the student is enrolled and the proposal for the special degree and the student's ability at the graduate level have been evaluated and approved.
5. The student's advisor authors and submits the special graduate committee degree proposal on behalf of the student as early in the student's program as possible. Proposals submitted after a substantial portion of the program has been completed will not be accepted. Doctoral proposals must be submitted by the end of the first year of graduate work. Master's proposals must be submitted after the equivalent of the first full-time semester of graduate work.

The proposal should consist of the following elements:

- The reasons the special graduate committee program is needed and an explanation of why the student's needs cannot be met within existing programs.
- The exact title of the proposed degree program (which should be brief and descriptive).
- The proposed course and seminar program of graduate work on this campus. Include the course title, program, course number, credits, grade, and semester taken/to be taken.
- Any specific requirements of the dissertation or thesis (language, equipment, etc.).
- The nature and scope of preliminary examinations for the doctoral degree, or the examination procedure for the master's degree.
- The nature of the dissertation or thesis (general subject area).

- The names of the faculty members who, in addition to the advisor, are willing to share the responsibility of supervising the student's program. Including the advisor, the doctoral degree requires five members (including four UW–Madison graduate faculty members), and the master's degree requires three members (including two UW–Madison graduate faculty members).

Approval signatures of the committee members are required on the proposal.

6. The Graduate School will carefully review proposals to determine whether or not the program can be carried out within an established department or program, joint degrees, appropriate use of minors, or other available mechanisms. The suitability and degree of commitment of the committee for the proposed program will be examined.
7. The chairperson of the committee (usually the advisor) should be a member of the program to which the student originally had been admitted. That program should remain the keeper of the student's records and should make all appropriate nominations for financial aid.
8. The Graduate School is concerned about maintaining active participation by all members of special degree committees in the ongoing program of the student and asks the individual members of the committee to assume program responsibilities provided institutionally in a conventional program. Faculty members who are willing to serve on these committees should be prepared to participate fully in all aspects of the student's program from the beginning, especially where they must provide the necessary expertise in their particular areas of interest.

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### MAJOR REQUIREMENTS

Since the curriculum of the special graduate committee degree will vary, students must work closely with their faculty advisor and committee to make sure they are completing all necessary coursework and other requirements.

## SPECIAL GRADUATE COMMITTEE, PH.D.

(via Graduate School Academic Policies & Procedures (<https://grad.wisc.edu/acadpolicy/#specialgraduatecommitteedegrees>))

The Graduate School can authorize special committees to supervise master's or doctoral programs for students whose needs cannot be met within an established program. Students must first be accepted into a graduate-degree-granting program and establish one semester of full-time graduate work at UW–Madison, and then the faculty advisor should submit a proposal for a special committee degree. Students should check

with the Graduate School and the individual faculty member with whom they are interested in working.

Special graduate committee degrees are one-of-a-kind degrees built around unique needs of individual students that cannot be satisfied by approved programs (e.g., by existing major program/minor combinations, joint degrees, distributed minors, and so on) and may permit individual degrees in new and emerging fields or combinations of disciplines. A higher degree of independence is required on the part of the student, since easily available guidance provided by programs is often more difficult to obtain, and there is not the usual collegial group of students in closely related research and coursework.

## ADMISSIONS

(via Graduate School Academic Policies & Procedures (<https://grad.wisc.edu/acadpolicy/#specialgraduatecommitteedegrees>))

The master's and doctoral special graduate committee guidelines are:

1. Prospective students who may have an interest in a special graduate committee degree should apply to the degree program that is closest to their program interest.
2. Upon receipt of an application on which a prospective student has expressed interest in a special graduate committee degree, the program will follow all relevant program admission requirements.
3. Students may not be admitted directly to a special graduate committee degree program. They must be accepted for admission by an established department or program and be attending classes at UW–Madison before a proposal for a special graduate committee degree will be considered by the Graduate School.
4. The department or program admitting the student must be prepared to see the student through an established degree program. No commitments are made to provide a special graduate committee degree until after the student is enrolled and the proposal for the special degree and the student's ability at the graduate level have been evaluated and approved.
5. The student's advisor authors and submits the special graduate committee degree proposal on behalf of the student as early in the student's program as possible. Proposals submitted after a substantial portion of the program has been completed will not be accepted. Doctoral proposals must be submitted by the end of the first year of graduate work. Master's proposals must be submitted after the equivalent of the first full-time semester of graduate work. The proposal should consist of the following elements:

- The reasons the special graduate committee program is needed and an explanation of why the student's needs cannot be met within existing programs.
- The exact title of the proposed degree program (which should be brief and descriptive).
- The proposed course and seminar program of graduate work on this campus. Include the course title, program, course number, credits, grade, and semester taken/to be taken.
- Any specific requirements of the dissertation or thesis (language, equipment, etc.).
- The nature and scope of preliminary examinations for the doctoral degree, or the examination procedure for the master's degree.
- The nature of the dissertation or thesis (general subject area).

- The names of the faculty members who, in addition to the advisor, are willing to share the responsibility of supervising the student's program. Including the advisor, the doctoral degree requires five members (including four UW–Madison graduate faculty members), and the master's degree requires three members (including two UW–Madison graduate faculty members). Approval signatures of the committee members are required on the proposal.

6. The Graduate School will carefully review proposals to determine whether or not the program can be carried out within an established department or program, joint degrees, appropriate use of minors, or other available mechanisms. The suitability and degree of commitment of the committee for the proposed program will be examined.
7. The chairperson of the committee (usually the advisor) should be a member of the program to which the student originally had been admitted. That program should remain the keeper of the student's records and should make all appropriate nominations for financial aid.
8. The Graduate School is concerned about maintaining active participation by all members of special degree committees in the ongoing program of the student and asks the individual members of the committee to assume program responsibilities provided institutionally in a conventional program. Faculty members who are willing to serve on these committees should be prepared to participate fully in all aspects of the student's program from the beginning, especially where they must provide the necessary expertise in their particular areas of interest.

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### MAJOR REQUIREMENTS

Since the curriculum of the special graduate committee degree will vary, students must work closely with their faculty advisor and committee to make sure they are completing all necessary coursework and other requirements.

## HISTORY

### DEGREES/MAJORS, DOCTORAL MINORS, GRADUATE/PROFESSIONAL CERTIFICATES

- History of Science, Medicine and Technology, Doctoral Minor (p. 878)
- History of Science, Medicine and Technology, M.A. (p. 878)
- History of Science, Medicine and Technology, Ph.D. (p. 883)
- History, Doctoral Minor (p. 888)
- History, M.A. (p. 888)

- History, Ph.D. (p. 894)
- Medieval Studies, Doctoral Minor (p. 899)

## PEOPLE

See the History department webpage for a full directory of faculty (<https://history.wisc.edu/people-main/faculty-listed-alphabetically/>).

Also see our faculty affiliate (<https://history.wisc.edu/people-main/faculty-affiliates/>) and teaching associate (<https://history.wisc.edu/people-main/teaching-associates/>) profiles.

## HISTORY OF SCIENCE, MEDICINE AND TECHNOLOGY, DOCTORAL MINOR

Students in other degree programs who wish to pursue a minor in the History of Science, Medicine, and Technology (HSMT) degree program must reach an agreement on an appropriate plan of study with an HSMT faculty member, who serves as the minor advisor. The "Minor Agreement for Non-History Majors" form can be found on the Department of History's website (<https://history.wisc.edu/wp-content/uploads/sites/202/2018/07/graduate-minoragreement-nonhistorymajors.pdf>), and must be approved by the graduate program coordinator and the director of graduate studies prior to the beginning of coursework.

## REQUIREMENTS

### CREDITS REQUIRED: 9

Any History of Science ([http://guide.wisc.edu/courses/hist\\_sci/](http://guide.wisc.edu/courses/hist_sci/)) courses that fit within the following criteria may be used to fulfill the nine-credit requirement:

- At least 6 credits in graduate seminars, and no more than 3 credits in undergraduate courses.
- HIST SCI 990 Research and Thesis may not be used to fulfill the minor requirement.
- The minor field may include up to 3 credits of HIST SCI 999 Independent Work, provided that the student produces at least 15 pages of written work.

## PEOPLE

See the History department webpage for a full directory of faculty (<https://history.wisc.edu/people-main/faculty-listed-alphabetically/>).

Also see our faculty affiliate (<https://history.wisc.edu/people-main/faculty-affiliates/>) and teaching associate (<https://history.wisc.edu/people-main/teaching-associates/>) profiles.

## HISTORY OF SCIENCE, MEDICINE AND TECHNOLOGY, M.A.

One of the oldest, most prestigious academic programs of its kind in the United States, History of Science, Medicine, and Technology (HSMT)

draws together faculty members in History and in Medical History and Bioethics (<http://medhist.wisc.edu/>). Collectively, we offer broad coverage of the field, with expertise that spans Europe, the United States, Africa, and the Caribbean, stretches from the Middle Ages to the recent past, and ranges across the physical, biological, and social sciences to medicine and technology.

Our degree program in the History of Science, Medicine, and Technology is designed to meet the needs of the Ph.D. candidate, and we offer funding (<https://history.wisc.edu/our-graduate-program/prospective-students/funding/>) only to students who intend to pursue the Ph.D. However, we also welcome applications from students who wish to earn only the M.A. if they have external funding or are self-funded. Students with doctoral training in one of the health professions may earn an M.A. in History of Medicine. It is also possible to earn a combined M.D./Ph.D. degree through the School of Medicine and Public Health's Medical Scientist Training Program (<https://www.med.wisc.edu/education/md-phd/>) and the HSMT degree program.

History of Science, Medicine, and Technology at UW–Madison is known for the strength and diversity of its areas of study and its warm, collegial environment. All historical aspects of science, medicine, and technology receive attention—from their internal development to their broader institutional, philosophical, religious, and literary contexts, as well as their relationships with print culture, visual culture, and material culture. Students and faculty regularly participate in the program's weekly Brown Bag and monthly colloquium series, both of which provide opportunities to present work, discuss professional issues, and engage with a wide range of on-campus and outside speakers.

Graduate students come to the History of Science, Medicine, and Technology degree program from a variety of backgrounds in the sciences and humanities and with diverse professional goals. The program maintains a policy of maximum flexibility and, insofar as possible, tailors the work required for the degree to fit the individual. Students are encouraged to undertake work in related programs such as history, philosophy, science, and technology studies and the various sciences.

## ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 1
Spring Deadline	This program does not admit in the spring.
Summer Deadline	This program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.

English Proficiency Test Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements (<https://grad.wisc.edu/apply/requirements/#english-proficiency>).

Other Test(s) (e.g., GMAT, MCAT) n/a

Letters of Recommendation Required 3

All applicants must meet UW–Madison Graduate School's minimum applicant requirements (<https://grad.wisc.edu/admissions/requirements/>), in addition to the History Graduate Program requirements.

## APPLICATION DEADLINE: DECEMBER 1ST

To apply, applicants must submit or declare the following in the online application (<https://grad.wisc.edu/apply/>):

### History Supplemental Application

This section of the application asks you to provide information about your research interests, declare your preferred faculty advisors, and outline your prior language preparation (if any).

### Writing Sample

Provide a sample that best illustrates the quality of your written work (optimally no more than 50 pages, double-spaced; maximum file size 6 MB).

### Transcripts

Upload an unofficial copy of your transcript from all institutions attended, showing any undergraduate and graduate degrees awarded. If accepted, you will be required to send two official transcripts from each institution.

### CV or Resumé

This should highlight your accomplishments and qualifications including academic honors or distinctions; professional, research, and/or teaching experience; and any publications.

### Letters of recommendation

Provide contact information for the three individuals who will furnish recommendations on your behalf. (They will receive an upload link by email.) Your letter writers need not be historians, but they should be able to speak to your academic preparation to pursue historical studies at the graduate level.

### Statement of purpose

The statement of purpose (2–3 pages, double-spaced) explains your reasons for graduate study. It may be the hardest part of the application to write, but it is also the most important. While you will likely include some autobiographical information, its primary purpose is to acquaint us with how your mind works. We want to know, for example, what kinds of intellectual problems and issues interest you, whose stories intrigue you, what sorts of analytical or narrative approaches you like to pursue, which historical writings you admire—and your reasons for these various preferences. Please help us understand your decision to enter the historical profession, especially at a time when the academic job market is in decline, and how you see your own role in it. There is no single right way to approach this part of the application, but we suggest that you bear

in mind the usual cautions for personal writing: speak straightforwardly, in your own voice, and write as well as you know how.

## INTERNATIONAL APPLICANTS

All international applicants must also meet the **English Proficiency** requirements (<https://grad.wisc.edu/admissions/requirements/>) set forth by the Graduate School.

For additional detail about the admissions process, please visit the Prospective Student (<https://history.wisc.edu/our-graduate-program/prospective-students/>) pages on our website.

## FUNDING

## GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## PROGRAM RESOURCES

We offer funding only to students who intend to pursue the Ph.D.—an application for admission to our Ph.D. program, therefore, is an application for funding. We also welcome applications from students who have external funding or are self-funded, including those pursuing the M.A. only.\*

## MULTI-YEAR FUNDING PACKAGE

If you apply to the History of Science, Medicine, and Technology (HSMT) Ph.D. degree program without external or self-funding and are accepted, you will be offered a multiyear support package, which begins in your first year. The details of our support guarantees may vary by funding source, field of study, and other circumstances, and the guarantee is, of course, contingent on satisfactory progress and performance. Most of our support packages offer five years of support and begin with a fellowship year from the UW–Madison Graduate School, generously funded by the Wisconsin Alumni Research Foundation (<http://www.warf.org/stewardship/grants-support/current/current-grant.cmsx>). Our most distinguished packages include two years of fellowships:

- Graduate Research Scholar fellowships (<http://ls.wisc.edu/current-students/graduate-students/cgrs/>) for underrepresented students or first-generation college students—offered annually
- John A. Neu Fellowship in the History of Science, Medicine, and Technology—offered as endowment income permits

Additional years of guaranteed funding will come from employment as teaching assistants or project assistants or additional fellowships.

## COMPETING FOR ADDITIONAL SUPPORT

All students in good standing can apply for writing prizes, conference travel awards, and supplements to external awards. Once graduate students have passed their preliminary examination and advanced to candidacy, they may apply for various departmental fellowships and research travel funding.

Further funding opportunities are available to students who have reached the advanced stages of dissertation writing. Our advanced dissertators may apply for teaching fellowships that give them the opportunity to design and teach an undergraduate course—the Merle

Curti Teaching Fellowship (<https://history.wisc.edu/our-graduate-program/current-students/funding-opportunities/merle-curti-teaching-fellowship/>) (open field), the George L. Mosse Teaching Fellowship in European History (<https://mosseprogram.wisc.edu/>), and the William J. Courtenay Teaching Fellowship in ancient, medieval, or early modern European history. The William Coleman Dissertation Fellowship in the History of Science (<https://history.wisc.edu/our-graduate-program/current-students/funding-opportunities/>) supports one semester of advanced dissertation writing, as does the David and Greta Lindberg Distinguished Graduate Fellowship. (These fellowships are offered as often as endowment income permits.) Thanks to funding provided by the Doris G. Quinn Foundation (<https://dorisquinnfoundation.org/>), we are also pleased to offer a dissertator fellowship, which supports the final year of dissertation writing in any field.

In addition, UW–Madison offers a wealth of other opportunities to compete for funding offered, for example, by the International Division (<http://international.wisc.edu/funding-your-international-experiences/>), the Institute for Research in the Humanities (<https://irh.wisc.edu/>), and the UW Graduate School (research and conference travel awards (<https://grad.wisc.edu/studentfunding/grantscomp/>)).

More details on our funding for current/continuing students are available here (<https://history.wisc.edu/our-graduate-program/current-students/funding-opportunities/>).

\* If you wish to apply only for the HSMT MA (also known as the terminal MA) or for the MA in History of Medicine for Health Professionals, please describe your sources of support on the History Supplemental Application. For information on the cost of graduate study at UW–Madison, see this link (<https://grad.wisc.edu/admissions/cost/>).

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### MAJOR REQUIREMENTS

#### MODE OF INSTRUCTION

Face to Face	Evening/Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students are able to complete a program with minimal disruptions to careers and other commitments.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW–Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

### CURRICULAR REQUIREMENTS

Requirements Detail	
Minimum Credit Requirement	30 credits
Minimum Residence Credit Requirement	M.A.: 18 credits
Minimum Graduate Coursework Requirement	M.A. with history of medicine specialization: 24 credits
Overall Graduate GPA Requirement	3.00 (3.25 after 4th semester of full-time study).
Other Grade Requirements	n/a
Assessments and Examinations	In order to receive the master’s degree, students must pass the Second-Year Review (SYR). A passing review requires that students: complete a article-length research paper, fulfill one language requirement, clear all incompletes, fulfill any additional requirements for their specific field of study, submit a list of prelim fields along with a timeline for completing prelims, and receive a positive endorsement from the three faculty members on the review committee.
Language Requirements	M.A.: Demonstrate, at a minimum, reading knowledge of at least one language other than English.  M.A. with history of medicine specialization: No foreign language requirement.

### REQUIRED COURSES

#### M.A. Course Requirements

Code	Title	Credits
<b>Required Courses</b>		
HIST SCI 720	Proseminar: Historiography and Methods	3
HISTORY 701	History in a Global Perspective	1
HISTORY 800	Research Seminar in History (or an equivalent research seminar)	3

**One course in at least three of the following distribution areas (see course options in Distribution Area Courses table below):** **12**

Science: Ancient through the Enlightenment
Modern Science and Technology
Medicine and Public Health
Race, Gender, Class, and Religion in Science, Medicine, and Technology

All HSMT Courses ( <a href="http://guide.wisc.edu/courses/hist_sci/">http://guide.wisc.edu/courses/hist_sci/</a> )	
<b>Electives</b>	<b>11</b>
Work with advisor to complete 11 additional credits in courses greater than 700	
<b>Total Credits</b>	<b>30</b>

### Distribution Area Courses

Code	Title	Credits
<b>Distribution Area 1: Science: Ancient through the Enlightenment</b>		
HIST SCI/ MEDIEVAL 322	Ancient and Medieval Science	3
HIST SCI/ HISTORY 323	The Scientific Revolution: From Copernicus to Newton	3
HIST SCI/ HISTORY 324	Science in the Enlightenment	3
HIST SCI/HISTORY/ MED HIST 507	Health, Disease and Healing I	3-4
HIST SCI 903	Seminar: Medieval, Renaissance, and 17th Century Science	3
HIST SCI 911	Seminar-Eighteenth Century Science	3

### Distribution Area 2: Modern Science and Technology

HIST SCI/ MED HIST 333	History of Modern Biology	3
HIST SCI/HISTORY/ MED HIST 394	Science in America	3
HIST SCI 907	Seminar: History of Technology	3
HIST SCI 909	History of Biology and Medicine	3

### Distribution Area 3: Medicine and Public Health

HIST SCI 404	A History of Disease	3-4
HIST SCI/HISTORY/ MED HIST 508	Health, Disease and Healing II	3-4
HIST SCI/ MED HIST 509	The Development of Public Health in America	3
HIST SCI/MED HIST/ POP HLTH 553	International Health and Global Society	3
HIST SCI/HISTORY/ MED HIST 564	Disease, Medicine and Public Health in the History of Latin America and the Caribbean	3
HIST SCI/ MED HIST 919	Graduate Studies in Medical History	3

### Distribution Area 4: Race, Gender, Class, and Religion in Science, Medicine, and Technology

HIST SCI/MED HIST/ RELIG ST 331	Science, Medicine and Religion	3
HIST SCI 343	The Darwinian Revolution	3
HIST SCI/ AFROAMER/ MED HIST 523	Race, American Medicine and Public Health	3
HIST SCI/GEN&WS/ MED HIST 531	Women and Health in American History	3

HIST SCI/GEN&WS/ MED HIST 532	The History of the (American) Body	3
HIST SCI 615	The History of Evolutionary Thought	3

### History of Medicine Specialization<sup>1</sup>

This specialization within the M.A. is intended for students with doctoral training in one of the health professions who wish to pursue a master's degree in the history of medicine.

Code	Title	Credits
<b>Required Courses</b>		
HIST SCI 720	Proseminar: Historiography and Methods	3
HIST SCI/HISTORY/ MED HIST 507	Health, Disease and Healing I	3-4
HIST SCI/HISTORY/ MED HIST 508	Health, Disease and Healing II	3-4
HIST SCI/ MED HIST 509	The Development of Public Health in America	3
STS 901	Science, Technology and Medicine in Society	3

### Additional History of Medicine course

All Medical History Courses ([http://guide.wisc.edu/courses/med\\_hist/](http://guide.wisc.edu/courses/med_hist/))

### Additional History of Science course (300-600 level or above)

All History of Science Courses ([http://guide.wisc.edu/courses/hist\\_sci/](http://guide.wisc.edu/courses/hist_sci/))

<b>Electives</b>	<b>9</b>
<b>Total Credits</b>	<b>30-32</b>

1

These tracks are internal to the program and represent different pathways a student can follow to earn this degree. Track names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

### MAJOR-SPECIFIC POLICIES

#### PRIOR COURSEWORK

##### Graduate Work from Other Institutions

M.A.: Total credits transferred for the M.A. degree may not exceed 12 credits. No credits earned more than five years before admission to the M.A. program may be used. No credits carrying a grade below B may be applied toward graduate credit requirements.

M.A. with history of medicine specialization<sup>1</sup>: Students can apply up to 6 credits from previous professional advanced degree work in one of the health professions toward the M.A. degree. No credits earned more than

five years before admission to the M.A. program may be used. No credits carrying a grade below B are transferable.

### **UW–Madison Undergraduate**

No credits from a previous undergraduate degree are allowed to count toward our graduate degree.

### **UW–Madison University Special**

M.A.: With program approval, students are allowed to count up to 9 credits of coursework numbered 300 or above taken as a UW–Madison University Special student. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements. No credits carrying a grade below B are transferable.

M.A. with history of medicine specialization<sup>1</sup>: No credits taken as a UW–Madison University Special student are allowed to count toward the degree.

1

These tracks are internal to the program and represent different pathways a student can follow to earn this degree. Track names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

### **PROBATION**

This program follows the Graduate School's Probation policy. (<https://policy.wisc.edu/library/UW-1217/>)

### **ADVISOR / COMMITTEE**

This program follows the Graduate School's Advisor policy (<https://policy.wisc.edu/library/UW-1232/>) and the Graduate School's Committees policy (<https://policy.wisc.edu/library/UW-1201/>).

### **CREDITS PER TERM ALLOWED**

15 credits

### **TIME LIMITS**

This program follows the Graduate School's Time Limits policy. (<https://policy.wisc.edu/library/UW-1221/>)

### **GRIEVANCES AND APPEALS**

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
  - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeeabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)

- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

### **OTHER**

Part time enrollment is permitted, full time preferred.

## **PROFESSIONAL DEVELOPMENT**

### **GRADUATE SCHOOL RESOURCES**

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

### **PROGRAM RESOURCES**

The Department of History is committed to training our students to develop skills required for a variety of careers both in and outside the academy. Although a large network of our alumni teach at colleges and universities in the U.S. and across the world, a number of our Ph.D.s have enjoyed considerable success outside the academy. They include recent graduates who are currently a museum curator, teachers at prestigious preparatory academies, a historian with the U.S. Secretary of Defense's POW/Missing Persons Agency, a CEO of an investment firm, an analyst for a defense contractor, an editor at a small press, and consultants working with non-profits in the human services, education, and public policy fields. In recent years we have undertaken a number of initiatives, detailed below, to broaden the training of our students for a wide array of careers.

Much of the preparation for the job market occurs informally and over the course of the student's graduate career—in the mentoring relationship between faculty advisor and student, in the presentation of student research in department venues, in the student's participation in professional conferences, and in early forms of professional publication. Coursework, such as for the minor requirement or certificates, can be an avenue to expanded competencies. The Center for Humanities, for example, offers a Public Humanities certificate (<http://humanities.wisc.edu/public-humanities/graduate-certificate/>). Be sure to explore the Graduate School's resources such as "The Versatile PhD (<https://grad.wisc.edu/pd/versatilephd/>)" and its Professional Development pages (<http://grad.wisc.edu/pd/>).

Whatever career paths interest you, we encourage you to plan ahead and discuss your options—early and often—with your faculty advisor(s), with the Director of Graduate Studies, or with the Graduate Coordinator.

## PROFESSIONAL DEVELOPMENT SEMINARS

The Professional Development topics seminar is offered every semester (see Requirements (p. 886) for course number). It emphasizes building skills that are valuable both inside and outside the academy, such as managing the writing process, teaching college history, or communicating historical research to a broad, nonspecialist audience. Since it is a topics course, more than one may be offered in a given semester. Recent topics include “Writing for Academy and Beyond,” “Digital History,” and “On the Job Market.”

## PROFESSIONAL DEVELOPMENT EVENTS

Throughout the year, the Graduate Program sponsors various workshops intended to help students negotiate specific milestones of graduate study and to assist them in preparing for and going on the job market as they near completion of the Ph.D. Our programming currently includes:

### Preliminary Examination Workshop

This offers a discussion of the various requirements for preliminary examinations: how to assemble committees, compiling reading lists, Graduate School requirements, and more.

### Curriculum Vitae Workshops

These workshops are designed for students at all levels, ranging from first-year students writing CVs for campus positions to advanced dissertators on the job market.

### Mock Interviews

The Graduate Program offers a series of opportunities to practice with a committee of our faculty for AHA interviews and on-campus job talks. They are open to a limited number of students who expect to be actively on the job market in the fall.

### Careers in History Workshops

Our program is committed to helping its graduates seek and secure employment following the completion of their Ph.D. Since the financial crisis in 2008, the academic job market has softened markedly. While the Graduate Program continues to provide outstanding preparation for academic jobs, we also encourage our students to think more broadly about their career prospects and the transferability of their skills. As funds permit, we occasionally bring to campus History graduates who are working in the non-profit, private, or public-sector to meet with current graduate students and share their experience. We also offer opportunities to learn best practices for post-doctoral fellowship applications.

## LEARNING OUTCOMES

1. Articulates, critiques, or elaborates the theories, research methods, and approaches to inquiry in HSMT.
2. Identifies sources and assembles evidence pertaining to questions or problems in HSMT.
3. Demonstrates understanding of science, medicine, and technology in a range of historical, social, cultural, and global contexts.
4. Chooses the most appropriate methodologies and practices for a chosen research project.
5. Demonstrates the ability to situate a historical question in relation to the existing literature, and to evaluate and synthesize information pertaining to questions or problems in HSMT.

6. Is able to construct a persuasive historical argument that makes an original contribution to historical knowledge.
7. Communicates clearly, in both written and oral form.
8. Recognizes and applies established principles of ethical and professional conduct.

## PEOPLE

See the History department webpage for a full directory of faculty (<https://history.wisc.edu/people-main/faculty-listed-alphabetically/>).

Also see our faculty affiliate (<https://history.wisc.edu/people-main/faculty-affiliates/>) and teaching associate (<https://history.wisc.edu/people-main/teaching-associates/>) profiles.

## HISTORY OF SCIENCE, MEDICINE AND TECHNOLOGY, PH.D.

One of the oldest, most prestigious academic programs of its kind in the United States, History of Science, Medicine, and Technology (HSMT) draws together faculty members in History and in Medical History & Bioethics (<http://medhist.wisc.edu/>). Collectively, we offer broad coverage of the field, with expertise that spans Europe, the United States, Africa, and the Caribbean, stretches from the Middle Ages to the recent past, and ranges across the physical, biological, and social sciences to medicine and technology.

Our degree program in the History of Science, Medicine, and Technology is designed to meet the needs of the Ph.D. candidate, and we offer funding (<https://history.wiscweb.wisc.edu/graduate/prospective-students/funding/>) only to students who intend to pursue the Ph.D. However, we also welcome applications from students who wish to earn only the M.A. if they have external funding or are self-funded. Students with doctoral training in one of the health professions may earn an M.A. in History of Medicine. It is also possible to earn a combined M.D./Ph.D. degree through the School of Medicine & Public Health’s Medical Scientist Training Program (<https://www.med.wisc.edu/education/md-phd/>) and the HSMT degree program.

History of Science, Medicine, and Technology at UW–Madison is known for the strength and diversity of its areas of study and its warm, collegial environment. All historical aspects of science, medicine, and technology receive attention—from their internal development to their broader institutional, philosophical, religious, and literary contexts, as well as their relationships with print culture, visual culture, and material culture. Students and faculty regularly participate in the program’s weekly Brown Bag and monthly colloquium series, both of which provide opportunities to present work, discuss professional issues, and engage with a wide range of on-campus and outside speakers.

Graduate students come to the HSMT degree program from a variety of backgrounds in the sciences and humanities and with diverse professional goals. The program maintains a policy of maximum flexibility and, insofar as possible, tailors the work required for the degree to fit the individual. Students are encouraged to undertake work in related programs such as history, philosophy, science and technology studies, and the various sciences. Joint degrees in HSMT and another degree program are also possible (see below). Our graduates pursue research and teaching careers in the history of science, medical history, history of

technology, intellectual and cultural history, science in general education programs, science writing, and museum work.

## JOINT PH.D. IN HISTORY AND HISTORY OF SCIENCE

Students who wish to obtain a joint Ph.D. in History and the History of Science, Medicine, and Technology are initially admitted to one of the degree programs, and should indicate interest in the joint Ph.D. program at that time. After completion of a master's degree in History or History of Science, Medicine, and Technology, the student applies for admission to the other degree program and, at the same time, to a standing committee of the two programs for admission to the joint program.

Having been admitted to the other degree program and to the joint Ph.D. program, the student then applies to the Graduate School for approval of the joint Ph.D. (See the Graduate School's academic policy regarding joint degrees (<http://grad.wisc.edu/acadpolicy/>) for more information and deadlines.) The student's application to the standing committee should take the same form as required by the Graduate School and should be prepared in close consultation with department faculty/staff.

Students in the joint Ph.D. program are assigned a home degree program and follow the regulations of that degree program with regard to seminar requirements, language requirements, financial aid, and regulations for satisfactory progress. Since the joint Ph.D. meets the doctoral minor requirement of the Graduate School, no formal minor is required of students receiving a joint Ph.D. However, students who wish to have a minor field recorded on the transcript may complete a regular Option A or Option B minor, or the internal minor of the department.

The joint Ph.D. student's work is supervised by a committee consisting of three faculty members (two from the home degree program). The preliminary examinations test the student's competence in both history and history of science, medicine, and technology, balancing the material and fields between the two departments (e.g. two in each, or three in one and two in the other). The number of prelim fields must equal the number required of students majoring exclusively in history or in history of science, medicine, and technology, plus one. Preparation of the Ph.D. dissertation is guided by the student's supervising committee. Satisfactory completion and defense of the dissertation constitute the final requirements for the joint Ph.D. degree.

## JOINT PH.D. WITH OTHER DEGREE PROGRAMS

Students in the History of Science, Medicine, and Technology degree program who wish to pursue a joint Ph.D. (one degree, two majors) with another degree program must first be admitted to the other degree program. The proposal for the degree must be approved by the Department of History's Graduate Council before it is submitted to the Graduate School. Students admitted to a joint Ph.D. will satisfy all the normal requirements of their field in History except the minor requirement.

In past years, HSMT students have successfully completed a joint Ph.D. with the Philosophy, Classics, Psychology, History, Chemistry, Mathematics, and Physics degree programs.

For more information on joint Ph.D. options, please contact the graduate program coordinator.

## PROGRAM IN GENDER AND WOMEN'S HISTORY (PGWH)

Working under the supervision of a PGWH faculty member, History of Science, Medicine, and Technology students may organize their studies to emphasize gender, women's history, or sexuality. They meet all their HSMT requirements, take the PGWH core seminar on transnational

gender history, and take at least two additional History or HSMT graduate seminars that are gender-specific.

Applicants to the HSMT degree program who wish to be considered for the concentration in gender and women's history should indicate this on their Graduate School application.

For more details, see Program in Gender and Women's History (<https://history.wisc.edu/fields-programs-and-working-groups/program-in-gender-and-womens-history/>) or contact the graduate program coordinator.

## ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 1
Spring Deadline	This program does not admit in the spring.
Summer Deadline	This program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements ( <a href="https://grad.wisc.edu/apply/requirements/#english-proficiency">https://grad.wisc.edu/apply/requirements/#english-proficiency</a> ).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

All applicants must meet UW-Madison Graduate School's minimum applicant requirements (<https://grad.wisc.edu/admissions/requirements/>), in addition to the below History Graduate Program requirements described below.

## APPLICATION DEADLINE: DECEMBER 1ST

To apply, applicants must submit or declare the following in the online application (<https://grad.wisc.edu/apply/>):

### History Supplemental Application

This section of the application asks you to provide information about your research interests, declare your preferred faculty advisors, and outline your prior language preparation (if any).

## Writing Sample

Provide a sample that best illustrates the quality of your written work (optimally no more than 50 pages, double-spaced; maximum file size 6 MB).

## Transcripts

Upload an unofficial copy of your transcript from all institutions attended, showing any undergraduate and graduate degrees awarded. If accepted, you will be required to send two official transcripts from each institution.

## CV or Resumé

This should highlight your accomplishments and qualifications including academic honors or distinctions; professional, research, and/or teaching experience; and any publications.

## Letters of recommendation

Provide contact information for the three individuals who will furnish recommendations on your behalf. (They will receive an upload link by email.) Your letter writers need not be historians, but they should be able to speak to your academic preparation to pursue historical studies at the graduate level.

## Statement of purpose

The statement of purpose (2–3 pages, double-spaced) explains your reasons for graduate study. It may be the hardest part of the application to write, but it is also the most important. While you will likely include some autobiographical information, its primary purpose is to acquaint us with how your mind works. We want to know, for example, what kinds of intellectual problems and issues interest you, whose stories intrigue you, what sorts of analytical or narrative approaches you like to pursue, which historical writings you admire—and your reasons for these various preferences. Please help us understand your decision to enter the historical profession, especially at a time when the academic job market is in decline, and how you see your own role in it. There is no single right way to approach this part of the application, but we suggest that you bear in mind the usual cautions for personal writing: speak straightforwardly, in your own voice, and write as well as you know how.

## INTERNATIONAL APPLICANTS

All international applicants must also meet the **English Proficiency** requirements (<https://grad.wisc.edu/admissions/requirements/>) set forth by the Graduate School.

For additional detail about the admissions process, please visit the Prospective Student (<https://history.wisc.edu/our-graduate-program/prospective-students/>) pages on our website.

## FUNDING

## GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## PROGRAM RESOURCES

We offer funding only to students who intend to pursue the Ph.D.—an application for admission to our Ph.D. program, therefore, is an application for funding. We also welcome applications from students who

have external funding or are self-funded, including those pursuing the M.A. only.\*

## MULTI-YEAR FUNDING PACKAGE

If you apply to the History of Science, Medicine, and Technology (HSMT) Ph.D. degree program without external or self-funding and are accepted, you will be offered a multi-year support package, which begins in your first year. The details of our support guarantees may vary by funding source, field of study, and other circumstances, and the guarantee is, of course, contingent on satisfactory progress and performance. Most of our support packages offer 5 years of support and begin with a fellowship year from the UW–Madison Graduate School, generously funded by the Wisconsin Alumni Research Foundation (<http://www.warf.org/stewardship/grants-support/current/current-grant.cmsx>). Our most distinguished packages include two years of fellowships:

- Graduate Research Scholar fellowships (<http://ls.wisc.edu/current-students/graduate-students/cgrs/>) for underrepresented students or first-generation college students—offered annually
- John A. Neu Fellowship in the History of Science, Medicine, and Technology—offered as endowment income permits

Additional years of guaranteed funding will come from employment as teaching assistants or project assistants or additional fellowships.

## COMPETING FOR ADDITIONAL SUPPORT

All students in good standing can apply for writing prizes, conference travel awards, and supplements to external awards. Once graduate students have passed their preliminary examination and advanced to candidacy, they may apply for various departmental fellowships and research travel funding.

Further funding opportunities are available to students who have reached the advanced stages of dissertation writing. Our advanced dissertators may apply for teaching fellowships that give them the opportunity to design and teach an undergraduate course—the Merle Curti Teaching Fellowship (<https://history.wisc.edu/graduate/prospective-students/funding/merle-curti-teaching-fellowship/>) (open field), the George L. Mosse Teaching Fellowship in European History (<https://mosseprogram.wisc.edu/exchange/>), and the William J. Courtenay Teaching Fellowship in ancient, medieval, or early modern European history. The William Coleman Dissertation Fellowship in the History of Science (<https://history.wisc.edu/our-graduate-program/current-students/funding-opportunities/>) supports one semester of advanced dissertation writing, as does the David and Greta Lindberg Distinguished Graduate Fellowship. (These fellowships are offered as often as endowment income permits.) Thanks to funding provided by the Doris G. Quinn Foundation (<https://dorisquinnfoundation.org/>), we are also pleased to offer a dissertator Fellowship, which supports the final year of dissertation writing in any field.

In addition, UW–Madison offers a wealth of other opportunities to compete for funding offered, for example, by the International Division (<http://international.wisc.edu/funding-your-international-experiences/>), the Institute for Research in the Humanities (<http://irh.wisc.edu>), and the UW Graduate School (research and conference travel awards (<https://grad.wisc.edu/studentfunding/grantscomp/>)).

More details on our funding for current/continuing students are available here (<https://history.wisc.edu/our-graduate-program/current-students/funding-opportunities/>).

\* If you wish to apply only for the HSMT M.A. (also known as the terminal M.A.) or for the M.A. in History of Medicine for Health Professionals, please describe your sources of support on the History Supplemental Application. For information on the cost of graduate study at UW–Madison, see this link (<https://grad.wisc.edu/admissions/cost/>).

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### MAJOR REQUIREMENTS

#### MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students are able to complete a program with minimal disruptions to careers and other commitments.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW–Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

### CURRICULAR REQUIREMENTS

#### Requirements Detail

Minimum Credit Requirement 51 credits

Minimum Residence Credit Requirement 32 credits

Minimum Graduate Coursework Requirement 26 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy (<https://policy.wisc.edu/library/Requirement> UW-1244 (<https://policy.wisc.edu/library/UW-1244/>)).

Overall Graduate GPA Requirement 3.25 GPA required.

Other Grade Requirements n/a

**Assessments and Examinations** In order to receive the History Ph.D., all students must pass the preliminary exam and the Ph.D. dissertation defense.

Preliminary Examination: Each field of study has its own exact requirements for prelims, but all include written exams and an oral defense of the student's research proposal and knowledge of the field.

Ph.D. Dissertation Defense: Two-hour oral exam focusing on the student's written dissertation.

**Language Requirements** The HSMT Ph.D. requires proficiency in a foreign language and either a second foreign language or the use of an analytical tool as described below. Students who are working toward a degree as part of a combined M.D./Ph.D. program only need to demonstrate proficiency in one foreign language.

Students must demonstrate proficiency in a language other than English in order to pass the Second-Year Review. Students must also demonstrate proficiency in either a second language other than English or the use of an analytical tool (e.g. statistical methods, visual culture methods, ethnography) before achieving dissertator (ABD) status. If a student chooses the option of an analytical tool, the student must submit a proposal to be approved by the HSMT faculty. Once approved, the student must complete 9 credits appropriate to gaining competency in the use of this set of tools. Students must make at least a 3.0 (B grade or better) in these courses. Credits taken towards a graduate minor may not be used towards the completion of the analytical tool option.

ABD status, with its attendant reduction in tuition, is contingent upon satisfying these two requirements.

**Doctoral Minor** All doctoral students are required to complete a minor or Graduate/Professional certificate (9 credits minimum).

### REQUIRED COURSES

Students must first complete the requirements for the History of Science, Medicine and Technology M.A. (<https://guide.wisc.edu/graduate/history/history-science-medicine-technology-ma/#requirementstext>)

In addition to completing the M.A. course requirements, Ph.D. students must complete two seminars at the 700 level or higher, their doctoral minor or graduate/professional certificate (9 credits), and they must gain proficiency in a second foreign language prior to taking the preliminary examination. After passing the preliminary examination, students register for HISTORY 990 Research and Thesis credits every semester until they deposit their dissertation. Students are also recommended to take HISTORY 999 Independent Work and HISTORY 710 Professional Development Seminar.

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

## PROGRAM RESOURCES

The Department of History is committed to training our students to develop skills required for a variety of careers both in and outside the academy. Although a large network of our alumni teach at colleges and universities in the U.S. and across the world, a number of our Ph.D.s have enjoyed considerable success outside the academy. They include recent graduates who are currently a museum curator, teachers at prestigious preparatory academies, a historian with the U.S. Secretary of Defense's POW/Missing Persons Agency, a CEO of an investment firm, an analyst for a defense contractor, an editor at a small press, and consultants working with non-profits in the human services, education, and public policy fields. In recent years we have undertaken a number of initiatives, detailed below, to broaden the training of our students for a wide array of careers.

Much of the preparation for the job market occurs informally and over the course of the student's graduate career—in the mentoring relationship between faculty advisor and student, in the presentation of student research in department venues, in the student's participation in professional conferences, and in early forms of professional publication. Coursework, such as for the minor requirement or certificates, can be an avenue to expanded competencies. The Center for Humanities, for example, offers a Public Humanities certificate (<http://humanities.wisc.edu/public-humanities/graduate-certificate/>). Be sure to explore the Graduate School's resources such as "The Versatile PhD (<https://grad.wisc.edu/pd/versatilephd/>)" and its Professional Development pages (<http://grad.wisc.edu/pd/>).

Whatever career paths interest you, we encourage you to plan ahead and discuss your options—early and often—with your faculty advisor(s), with the Director of Graduate Studies, or with the Graduate Coordinator.

## PROFESSIONAL DEVELOPMENT SEMINARS

The Professional Development topics seminar is offered every semester (see Requirements (p. 886) for course number). It emphasizes building skills that are valuable both inside and outside the academy, such as managing the writing process, teaching college history, or communicating historical research to a broad, nonspecialist audience. Since it is a topics course, more than one may be offered in a given semester. Recent topics include "Writing for Academy and Beyond," "Digital History," and "On the Job Market."

## PROFESSIONAL DEVELOPMENT EVENTS

Throughout the year, the Graduate Program sponsors various workshops intended to help students negotiate specific milestones of graduate study and to assist them in preparing for and going on the job market as they near completion of the Ph.D. Our programming currently includes:

### Preliminary Examination Workshop

This offers a discussion of the various requirements for preliminary examinations: how to assemble committees, compiling reading lists, Graduate School requirements, and more.

### Curriculum Vitae Workshops

These workshops are designed for students at all levels, ranging from first-year students writing CVs for campus positions to advanced dissertators on the job market.

### Mock Interviews

The Graduate Program offers a series of opportunities to practice with a committee of our faculty for AHA interviews and on-campus job talks.

They are open to a limited number of students who expect to be actively on the job market in the fall.

## Careers in History Workshops

Our program is committed to helping its graduates seek and secure employment following the completion of their Ph.D. Since the financial crisis in 2008, the academic job market has softened markedly. While the Graduate Program continues to provide outstanding preparation for academic jobs, we also encourage our students to think more broadly about their career prospects and the transferability of their skills. As funds permit, we occasionally bring to campus History graduates who are working in the non-profit, private, or public-sector to meet with current graduate students and share their experience. We also offer opportunities to learn best practices for post-doctoral fellowship applications.

## LEARNING OUTCOMES

1. Articulates research problems clearly and understands the limits of current theories, knowledge, or practices within HSMT.
2. Pushes the boundaries of current knowledge in HSMT in formulating research questions, in the selection or use of primary sources, or in interpreting evidence.
3. Demonstrates breadth within their learning experiences.
4. Communicates complex ideas in a clear and understandable manner.
5. Gains appropriate experience relating to designing and teaching university-level courses.
6. Is able to articulate the broader significance of their work and the discipline of HSMT to scholars in other fields or disciplines and to the wider public.
7. Fosters ethical and professional conduct.

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

### MAJOR-SPECIFIC POLICIES

#### PRIOR COURSEWORK

##### Graduate Work from Other Institutions

Total credits transferred for the Ph.D. requirements, including those approved for the M.A., may not exceed 19 credits. No credits earned more than ten years before admission to the Ph.D. program may be used. A maximum of 5 credits earned between five and ten years before admission to the Ph.D. program may be used. No credits carrying a grade below B may be applied toward graduate credit requirements.

##### UW–Madison Undergraduate

No credits from a previous undergraduate degree are allowed to count toward our graduate degree.

##### UW–Madison University Special

With program approval, students are allowed to count no more than 9 credits of coursework numbered 300 or above taken as a UW–Madison University Special student. Coursework earned ten or more years prior to

admission to a doctoral degree is not allowed to satisfy requirements. No credits carrying a grade below B are transferable.

## PROBATION

This program follows the Graduate School's Probation policy. (<https://policy.wisc.edu/library/UW-1217/>)

## ADVISOR / COMMITTEE

This program follows the Graduate School's Advisor policy (<https://policy.wisc.edu/library/UW-1232/>) and the Graduate School's Committees policy (<https://policy.wisc.edu/library/UW-1201/>).

## CREDITS PER TERM ALLOWED

15 credits

## TIME LIMITS

This program follows the Graduate School's Time Limits policy. (<https://policy.wisc.edu/library/UW-1221/>)

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
  - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

## OTHER

n/a

## PEOPLE

See the History department webpage for a full directory of faculty (<https://history.wisc.edu/people-main/faculty-listed-alphabetically/>).

Also see our faculty affiliate (<https://history.wisc.edu/people-main/faculty-affiliates/>) and teaching associate (<https://history.wisc.edu/people-main/teaching-associates/>) profiles.

## HISTORY, DOCTORAL MINOR

Students in other degree programs who wish to pursue a minor in the History degree program must reach an agreement on an appropriate plan of study with a History faculty member, who serves as the minor advisor. The "Minor Agreement for Non-History Majors" form can be found on the Department of History's website (<https://history.wisc.edu/wp-content/uploads/sites/202/2018/07/graduate-minoragreement-nonhistorymajors.pdf>), and must be approved by the Graduate Program Coordinator and the Director of Graduate Studies prior to the beginning of coursework.

## REQUIREMENTS

### CREDITS REQUIRED: 9

Any History (<http://guide.wisc.edu/courses/history/>) courses that fit within the following criteria may be used to fulfill the 9-credit requirement:

- At least 6 credits in graduate seminars, and no more than 3 credits in undergraduate courses.
- HISTORY 990 Research and Thesis may not be used to fulfill the minor requirement
- The minor field may include up to 3 credits of HISTORY 999 Independent Work, provided that the student produces at least 15 pages of written work

## PEOPLE

See the History department webpage for a full directory of faculty (<https://history.wisc.edu/people-main/faculty-listed-alphabetically/>).

Also see our faculty affiliate (<https://history.wisc.edu/people-main/faculty-affiliates/>) and teaching associate (<https://history.wisc.edu/people-main/teaching-associates/>) profiles.

## HISTORY, M.A.

With some 130 graduate students and nearly 60 faculty members, the Department of History is home to one of the oldest, most distinguished, and most comprehensive graduate programs in the US, renowned for its long and valued tradition of collegiality and openness. We offer separate graduate degrees in History and in the History of Science, Medicine, and Technology. All told, our internationally recognized faculty (<https://history.wisc.edu/people-main/faculty-listed-alphabetically/>) has been

mentoring distinguished historians since 1893 (<https://history.wisc.edu/our-graduate-program/doctorates-awarded/>).

Our degree program in History is designed to meet the needs of the Ph.D. candidate, and we offer funding (<https://history.wisc.edu/graduate/prospective-students/funding/>) only to students who intend to pursue the Ph.D. However, we also welcome applications from students who wish to earn only the M.A. if they have external funding or are self-funded.

Graduate training in the History degree program is organized by primary fields of study. Although most of our students are trained in a single field of study, students whose research interests span more than one field have the option to craft an individual plan of study (<https://history.wisc.edu/graduate/individual-plan-of-study/>).

We offer the following primary fields of study (<https://history.wisc.edu/fields-programs/>) in the History degree program:

- African History
- East Asian History
- European History—Ancient, Medieval, Early Modern, and Modern
- Latin American and Caribbean History
- Middle East and North African History
- South Asian History
- Southeast Asian History
- US/North American History

Within their primary field of study, students also have the opportunity to organize their studies thematically. Our faculty's special thematic strengths (<https://history.wiscweb.wisc.edu/people-main/faculty-by-area-of-specialty/>) are in:

- Borderlands and diasporas
- Environmental history
- Gender and Women's History, Program in (<https://history.wisc.edu/fields-programs-and-working-groups/program-in-gender-and-womens-history/>)
- History of Science, Medicine, and Technology (<https://history.wisc.edu/fields-programs-and-working-groups/history-of-science-medicine-and-technology/faculty-associates-affiliates/>)
- Intellectual and cultural history
- Jewish History, Program in (<https://history.wisc.edu/fields-programs-and-working-groups/program-in-jewish-history/>)
- Labor and political economy
- Race, ethnicity, and indigeneity
- Religion and ritual
- War in Society and Culture Program (<https://history.wisc.edu/fields-programs-and-working-groups/war-in-society-and-culture-program/>)

Our faculty train resourceful researchers, committed teachers, and engaged public intellectuals. We offer a rigorous course of study that combines independent and collaborative work and that emphasizes scholarly and intellectual connectedness. The department strongly supports the Wisconsin Idea (<https://www.wisc.edu/wisconsin-idea/>), the principle that education should influence and improve people's lives beyond the university classroom. For more than 100 years, this idea has guided the university's work. Students pursue a variety of careers, both inside and outside the academy.

## OTHER DEGREE OPTIONS INCLUDE: BRIDGE PROGRAM WITH UW–MADISON'S DEPARTMENT OF AFRO-AMERICAN STUDIES

This academic partnership is designed to allow students to complete the M.A. in the Department of Afro-American Studies and the Ph.D. in History. It enables the Afro-American Studies student who specializes in the History area to meet the basic requirements of the History M.A. while completing a degree in Afro-American Studies. Students may apply simultaneously to the two departments or may apply to the Department of History after they begin their program in the Department of Afro-American Studies, usually in the fall of the first or second M.A. year.

For details, see The Bridge Program (<https://history.wiscweb.wisc.edu/our-graduate-program/bridge-program/>) or contact the graduate program coordinator.

## ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 1
Spring Deadline	This program does not admit in the spring.
Summer Deadline	This program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements ( <a href="https://grad.wisc.edu/apply/requirements/#english-proficiency">https://grad.wisc.edu/apply/requirements/#english-proficiency</a> ).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

All applicants must meet UW–Madison Graduate School's minimum applicant requirements (<https://grad.wisc.edu/admissions/requirements/>), in addition to the below History Graduate Program requirements described below.

## APPLICATION DEADLINE: DECEMBER 1

To apply, applicants must submit or declare the following in the online application (<https://grad.wisc.edu/apply/>):

## History Supplemental Application

This section of the application asks you to provide information about your research interests, declare your preferred faculty advisors, and outline your prior language preparation (if any).

### Writing Sample

Provide a sample that best illustrates the quality of your written work (optimally no more than 50 pages, double-spaced; maximum file size 6 MB).

### Transcripts

Upload an unofficial copy of your transcript from all institutions attended, showing any undergraduate and graduate degrees awarded. If accepted, you will be required to send two official transcripts from each institution.

### CV or Resumé

This should highlight your accomplishments and qualifications including academic honors or distinctions; professional, research, and/or teaching experience; and any publications.

### Letters of recommendation

Provide contact information for the three individuals who will furnish recommendations on your behalf. (They will receive an upload link by email.) Your letter writers need not be historians, but they should be able to speak to your academic preparation to pursue historical studies at the graduate level.

### Statement of purpose

The statement of purpose (2–3 pages, double-spaced) explains your reasons for graduate study. It may be the hardest part of the application to write, but it is also the most important. While you will likely include some autobiographical information, its primary purpose is to acquaint us with how your mind works. We want to know, for example, what kinds of intellectual problems and issues interest you, whose stories intrigue you, what sorts of analytical or narrative approaches you like to pursue, which historical writings you admire—and your reasons for these various preferences. Please help us understand your decision to enter the historical profession, especially at a time when the academic job market is in decline, and how you see your own role in it. There is no single right way to approach this part of the application, but we suggest that you bear in mind the usual cautions for personal writing: speak straightforwardly, in your own voice, and write as well as you know how.

## INTERNATIONAL APPLICANTS

All international applicants must also meet the **English Proficiency** requirements (<https://grad.wisc.edu/admissions/requirements/>) set forth by the Graduate School.

For additional detail about the admissions process, please visit the Prospective Student (<https://history.wisc.edu/our-graduate-program/prospective-students/>) pages on our website.

## FUNDING

## GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## PROGRAM RESOURCES

We offer funding only to students who intend to pursue the Ph.D.—an application for admission to our Ph.D. program, therefore, is an application for funding. We also welcome applications from students who have external funding or are self-funded, including those pursuing the M.A. only.\*

## MULTI-YEAR FUNDING PACKAGE

If you apply to the History Ph.D. degree program without external or self-funding and are accepted, you will be offered a multiyear support package, which begins in your first year. The details of our support guarantees may vary by funding source, field of study, and other circumstances, and the guarantee is, of course, contingent on satisfactory progress and performance. Most of our support packages offer 5 years of support and begin with a fellowship year from the UW–Madison Graduate School, generously funded by the Wisconsin Alumni Research Foundation (<http://www.warf.org/stewardship/grants-support/current/current-grant.cmsx>). Our most distinguished packages include two years of fellowships and may also include summer support:

- Graduate Research Scholar fellowships (<http://ls.wisc.edu/current-students/graduate-students/cgrs/>) for underrepresented students or first-generation college students—offered annually
- George L. Mosse fellowships in modern Jewish history, European cultural history, or LGBTQ history—offered annually or as endowment income permits
- Julie A. and Peter M. Weil Fellowship (<https://history.wisc.edu/our-graduate-program/prospective-students/julie-a-and-peter-m-weil-distinguished-graduate-fellowship/>) in American Jewish history and select U.S. history fields—offered annually or as endowment income permits
- William J. Courtenay Fellowship in Medieval history—offered as funds permit
- Gerda Lerner Fellowship (<https://history.wisc.edu/our-graduate-program/prospective-students/funding/>) in women's history—offered as funds permit

Additional years of guaranteed funding will come from employment as teaching assistants or project assistants or additional fellowships.

## COMPETING FOR ADDITIONAL SUPPORT

All students in good standing can apply for writing prizes, conference travel awards, and supplements to external awards. Once graduate students have passed their preliminary examination and advanced to candidacy, they may apply for various departmental fellowships and research travel funding.

For students who have reached the advanced stages of dissertation writing, further funding opportunities are available. Our advanced dissertators may apply for teaching fellowships that give them the opportunity to design and teach an undergraduate course—the Merle Curti Teaching Fellowship (<https://history.wisc.edu/our-graduate-program/current-students/funding-opportunities/merle-curti-teaching-fellowship/>) (any field of study), the George L. Mosse Teaching Fellowship in European History, and the William J. Courtenay Teaching Fellowship in ancient, medieval, or early modern European history. (These fellowships are offered as often as endowment income permits.) Thanks to funding provided by the Doris G. Quinn Foundation (<https://dorisquinnfoundation.org/>), we are also pleased to offer a

dissertator fellowship, which provides financial support for the final year of dissertation writing in any field.

In addition, UW–Madison offers a wealth of other opportunities to compete for funding offered, for example, by the International Division (<http://international.wisc.edu/funding-your-international-experiences/>), the Institute for Research in the Humanities (<http://irh.wisc.edu>), and the UW Graduate School (research and conference travel awards (<https://grad.wisc.edu/studentfunding/grantscomp/>)).

More details on our funding for current/continuing students are available here (<https://history.wisc.edu/our-graduate-program/current-students/funding-opportunities/>).

\* If you wish to apply only for the History M.A. (also known as the terminal M.A.), please describe your sources of support on the History Supplemental Application. For information on the cost of graduate study at UW–Madison, see this link (<https://grad.wisc.edu/admissions/cost/>).

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### MAJOR REQUIREMENTS

#### MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students are able to complete a program with minimal disruptions to careers and other commitments.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW–Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

### CURRICULAR REQUIREMENTS

#### Requirements Detail

Minimum	30 credits
Credit	
Requirement	

Minimum	24 credits
Residence	
Credit	
Requirement	
Minimum	15 credits must be graduate-level coursework. Details
Graduate	can be found in the Graduate School's Minimum Graduate
Coursework	Coursework (50%) policy ( <a href="https://policy.wisc.edu/library/">https://policy.wisc.edu/library/</a>
Requirement	UW-1244 ( <a href="https://policy.wisc.edu/library/UW-1244/">https://policy.wisc.edu/library/UW-1244/</a> ).
Overall	3.00 (3.25 after 4th semester of full-time study)
Graduate GPA	
Requirement	
Other Grade	n/a
Requirements	

**Assessments and Examinations** In order to receive the Master's Degree in History, students must pass the Second-Year Review (SYR). A passing review requires that students: complete an article-length research paper, fulfill one language requirement, clear all incompletes, fulfill any additional requirements for their specific field of study, submit a list of prelim fields along with a timeline for completing prelims, and receive a positive endorsement from the three faculty members on the review committee.

**Language Requirements** All students must demonstrate, at a minimum, reading knowledge of at least one language other than English. Each field of study determines which languages may be used to satisfy the language requirement; see below for details.

### REQUIRED COURSES

Code	Title	Credits
<b>Required Courses</b>		
HISTORY 701	History in a Global Perspective	1
HISTORY 800	Research Seminar in History (or an equivalent research seminar in the student's field of study) <sup>1</sup>	3
<b>Electives</b>		
Work with advisor to complete 26 credits of graduate-level courses		26
All History Courses ( <a href="http://guide.wisc.edu/courses/history/">http://guide.wisc.edu/courses/history/</a> )		
<b>Total Credits</b>		<b>30</b>

<sup>1</sup>

Alternative course options: HISTORY 855 Seminar in Japanese History for students studying East Asian History, HISTORY 861 Seminar-The History of Africa for students studying African History.

#### • Additional M.A. Requirements by fields of study <sup>1</sup>

<sup>1</sup>

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

#### African History

**Course Requirements:** Each student must enroll in a seminar or proseminar (if available) every semester of residence. In their first year, they may enroll in History lecture courses in their area of specialization. Undergraduate lecture courses may not be taken for credit after the

first year of graduate study. With approval, students can take AFRICAN (<https://guide.wisc.edu/courses/african/>) courses.

*Language Requirements:* Students must fulfill their M.A. language requirement with an African language.

### Central Asian History

No special field requirements. Students should choose courses in consultation with their advisor in History numbered 300 or above. The language requirement varies according to the student's research interest.

### East Asian History

*Course Requirements:* Students must complete four graduate courses in East Asian history. These can be upper-division lecture courses or graduate seminars/colloquia (taken for a minimum of 12 credits). At least two of these courses should be in the major field, and at least one should be outside the major field. NOTE: Students should also begin fulfilling the course requirements that must be completed prior to taking preliminary examination. They are required to take one semester each of Chinese, Japanese, and Korean history. They may fulfill this requirement by taking a graduate seminar or an upper-division lecture course. They may also fulfill the requirement by serving as a TA in either an introductory or upper-division course. Students are also required to take HISTORY 703 History and Theory.

*Language Requirements:* Students must complete the eighth semester in their main language (Chinese, Japanese, or Korean) by the time they either undergo the Second-Year Review or complete their fourth semester of coursework.

### European History

*Language Requirements:* Students in Medieval History must demonstrate proficiency in two foreign languages, usually one medieval and one modern.

### Latin American and Caribbean History

*Course Requirements:* Each student must enroll in a seminar or proseminar (if available) every semester of residence. Other courses will include History graduate seminars or similar courses in the culture area of specialization. Undergraduate lecture courses may not be taken for credit unless a faculty advisor or co-advisor approves.

### Middle East and North African History

Proficiency in two languages, at least one of which must be a language of the Middle East or North Africa, is required. There are no other specific special field requirements; students choose courses in consultation with their advisor.

### South Asian History

*Course Requirements:* Each student must enroll in a seminar or proseminar (if available) every semester of residence. In lieu of a History graduate course, they may substitute an independent study in History or a graduate seminar in another department. In their first year, they may enroll in History lecture courses in their area of specialization. Undergraduate lecture courses may not be taken for credit after the first year of graduate study.

*Language Requirements:* Students must complete two years of study in one South Asian language (or demonstrate equivalent proficiency by examination).

### Southeast Asian History

*Course Requirements:* M.A. students shall take six credits of graduate seminar in Southeast Asian history each academic year or, if not

available, substitute credits of independent study with a faculty specialist in Southeast Asian history.

*Language Requirements:* Students must complete two years of study (or demonstrate equivalent proficiency by examination) in a Southeast Asian language or, with the approval of the Southeast Asian faculty, in a relevant colonial/imperial language.

### United States History

*Course Requirements:* Students must take:

- The core seminar, HISTORY 900 Introduction to History for U.S. Historians, in the fall semester of their first year. This seminar introduces students to the U.S. History faculty and their fields of research and teaches students the core skills of professional historians.
- Three three-credit seminars that cover a significant portion of the seventeenth and/or eighteenth centuries, the nineteenth century, and the twentieth century, respectively. If a seminar falls into more than one category, the student may choose the single category for which they will receive credit.

In exceptional circumstances, student may, with the consent of their advisor, take up to six credits in upper-level undergraduate courses. The instructors of such courses have the prerogative to refuse admission to graduate students. NOTE: Prior to completing their preliminary examination, students may use no more than six credits of HISTORY 999 Independent Work to meet the requirements of the major field. Students will probably find it useful to preserve most, if not all, of their six credits of HISTORY 999 for preliminary examination preparation.

### Program in Gender and Women's History Concentration

*Course Requirements:* Students must meet the requirements of their primary field of study; take HISTORY 752 Seminar in Transnational Gender History; and take at least two additional History graduate seminars that are gender-specific, i.e., that have at least a 50% focus on issues and analyses of gender, women, or sexuality.

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

### MAJOR-SPECIFIC POLICIES

#### PRIOR COURSEWORK

##### Graduate Work from Other Institutions

With program approval, students are allowed to count up to 6 credits of graduate coursework from other institutions.

##### UW–Madison Undergraduate

This program follows the Graduate School's policy for Satisfying Requirements with Coursework from Undergraduate Career at UW–Madison. (<https://policy.wisc.edu/library/UW-1216/>)

### **UW–Madison University Special**

This program follows the Graduate School's policy for Transfer from UW–Madison University Special Student Career at UW–Madison. (<https://policy.wisc.edu/library/UW-1216/>)

### **PROBATION**

This program follows the Graduate School's Probation policy. (<https://policy.wisc.edu/library/UW-1217/>)

### **ADVISOR / COMMITTEE**

This program follows the Graduate School's Advisor policy (<https://policy.wisc.edu/library/UW-1232/>) and the Graduate School's Committees policy (<https://policy.wisc.edu/library/UW-1201/>).

### **CREDITS PER TERM ALLOWED**

15 credits

### **TIME LIMITS**

This program follows the Graduate School's Time Limits policy. (<https://policy.wisc.edu/library/UW-1221/>)

### **GRIEVANCES AND APPEALS**

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
  - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeeabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

### **OTHER**

n/a

## **PROFESSIONAL DEVELOPMENT**

### **GRADUATE SCHOOL RESOURCES**

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

### **PROGRAM RESOURCES**

The Department of History is committed to training our students to develop skills required for a variety of careers both in and outside the academy. Although a large network of our alumni teach at colleges and universities in the U.S. and across the world, a number of our Ph.D.s have enjoyed considerable success outside the academy. They include recent graduates who are currently a museum curator, teachers at prestigious preparatory academies, a historian with the U.S. Secretary of Defense's POW/Missing Persons Agency, a CEO of an investment firm, an analyst for a defense contractor, an editor at a small press, and consultants working with non-profits in the human services, education, and public policy fields. In recent years we have undertaken a number of initiatives, detailed below, to broaden the training of our students for a wide array of careers.

Much of the preparation for the job market occurs informally and over the course of the student's graduate career—in the mentoring relationship between faculty advisor and student, in the presentation of student research in department venues, in the student's participation in professional conferences, and in early forms of professional publication. Coursework, such as for the minor requirement or certificates, can be an avenue to expanded competencies. The Center for Humanities, for example, offers a Public Humanities certificate (<http://humanities.wisc.edu/public-humanities/graduate-certificate/>). Be sure to explore the Graduate School's resources such as "The Versatile PhD (<https://grad.wisc.edu/pd/versatilephd/>)" and its Professional Development pages (<http://grad.wisc.edu/pd/>).

Whatever career paths interest you, we encourage you to plan ahead and discuss your options—early and often—with your faculty advisor(s), with the Director of Graduate Studies, or with the Graduate Coordinator.

### **PROFESSIONAL DEVELOPMENT SEMINARS (HISTORY 710)**

This topics seminar is offered every semester. It emphasizes building skills that are valuable both inside and outside the academy, such as managing the writing process, teaching college history, or communicating historical research to a broad, nonspecialist audience. Since it is a topics course, more than one may be offered in a given semester. Recent topics include "Writing for Academy and Beyond," "Digital History," and "On the Job Market."

### **PROFESSIONAL DEVELOPMENT EVENTS**

Throughout the year, the Graduate Program sponsors various workshops intended to help students negotiate specific milestones of graduate study and to assist them in preparing for and going on the job market as they near completion of the Ph.D. Our programming currently includes:

### Preliminary Examination Workshop

This offers a discussion of the various requirements for preliminary examinations: how to assemble committees, compiling reading lists, Graduate School requirements, and more.

### Curriculum Vitae Workshops

These workshops are designed for students at all levels, ranging from first-year students writing CVs for campus positions to advanced dissertators on the job market.

### Mock Interviews

The Graduate Program offers a series of opportunities to practice with a committee of our faculty for AHA interviews and on-campus job talks. They are open to a limited number of students who expect to be actively on the job market in the fall.

### Careers in History Workshops

Our program is committed to helping its graduates seek and secure employment following the completion of their Ph.D. Since the financial crisis in 2008, the academic job market has softened markedly. While the Graduate Program continues to provide outstanding preparation for academic jobs, we also encourage our students to think more broadly about their career prospects and the transferability of their skills. As funds permit, we occasionally bring to campus History graduates who are working in the non-profit, private, or public-sector to meet with current graduate students and share their experience. We also offer opportunities to learn best practices for post-doctoral fellowship applications.

## LEARNING OUTCOMES

1. Articulates and critiques the theories, research methods, and approaches to historical inquiry in the student's primary field of study.
2. Demonstrates understanding of the primary field of study in a historical and global context.
3. Is able to identify and make appropriate use of relevant historical sources.
4. Demonstrates the ability to evaluate and synthesize large bodies of scholarship or evidence.
5. Is able to construct a significant and persuasive historical argument that makes an original contribution to historical knowledge.
6. Communicates complex ideas in a clear and understandable manner.
7. Recognizes and applies established principles of ethical and professional conduct.

## PEOPLE

See the History department webpage for a full directory of faculty (<https://history.wisc.edu/people-main/faculty-listed-alphabetically/>).

Also see our faculty affiliate (<https://history.wisc.edu/people-main/faculty-affiliates/>) and teaching associate (<https://history.wisc.edu/people-main/teaching-associates/>) profiles.

## HISTORY, PH.D.

With some 130 graduate students and nearly 60 faculty members, the Department of History is home to one of the oldest, most distinguished, and most comprehensive graduate programs in the U.S., renowned for its long and valued tradition of collegiality and openness. We offer separate

graduate degrees in History and in the History of Science, Medicine, and Technology. All told, our internationally recognized faculty (<https://history.wisc.edu/people-main/faculty-listed-alphabetically/>) has been mentoring distinguished historians since 1893 (<https://history.wisc.edu/our-graduate-program/doctorates-awarded/>).

Our degree program in History is designed to meet the needs of the Ph.D. candidate, and we offer funding (<https://history.wisc.edu/graduate/prospective-students/funding/>) only to students who intend to pursue the Ph.D. However, we also welcome applications from students who wish to earn only the M.A. if they have external funding or are self-funded.

Graduate training in the History degree program is organized by primary fields of study. Although most of our students are trained in a single field of study, students whose research interests span more than one field have the option to craft an individual plan of study (<https://history.wisc.edu/graduate/individual-plan-of-study/>).

We offer the following primary fields of study (<https://history.wisc.edu/fields-programs/>) in the History degree program:

- African History
- East Asian History
- European History—Ancient, Medieval, Early Modern, and Modern
- Latin American and Caribbean History
- Middle East and North African History
- South Asian History
- Southeast Asian History
- U.S./North American History

Within their primary field of study, students also have the opportunity to organize their studies thematically. Our faculty's special thematic strengths (<https://history.wisc.edu/people-main/faculty-by-area-of-specialty/>) are in:

- Borderlands and diasporas
- Environmental history
- Gender and Women's History, Program in (<https://history.wisc.edu/fields-programs-and-working-groups/program-in-gender-and-womens-history/>)
- History of Science, Medicine, and Technology (<https://history.wisc.edu/fields-programs-and-working-groups/history-of-science-medicine-and-technology/faculty-associates-affiliates/>)
- Intellectual and cultural history
- Jewish History, Program in (<https://history.wisc.edu/fields-programs-and-working-groups/program-in-jewish-history/>)
- Labor and political economy
- Race, ethnicity, and indigeneity
- Religion and ritual
- War in Society and Culture Program (<https://history.wisc.edu/fields-programs-and-working-groups/war-in-society-and-culture-program/>)

Our faculty train resourceful researchers, committed teachers, and engaged public intellectuals. We offer a rigorous course of study that combines independent and collaborative work and that emphasizes scholarly and intellectual connectedness. The department strongly supports the Wisconsin Idea (<https://www.wisc.edu/wisconsin-idea/>), the principle that education should influence and improve people's lives beyond the university classroom. For more than 100 years, this idea has

guided the university's work. Students pursue a variety of careers, both inside and outside the academy.

## OTHER DEGREE OPTIONS INCLUDE: BRIDGE PROGRAM WITH UW–MADISON'S AFRO-AMERICAN STUDIES

This academic partnership designed is to allow students to complete the M.A. in Afro-American Studies and the Ph.D. in History. It enables the Afro-American Studies student who specializes in the History area to meet the basic requirements of the History M.A. while completing a degree in Afro-American Studies. Students may apply simultaneously to the two departments or may apply to the Department of History after they begin their program in the Department of Afro-American Studies, usually in the fall of the first or second M.A. year.

For details, see The Bridge Program (<https://history.wisc.edu/our-graduate-program/bridge-program/>) or contact the graduate program coordinator.

## JOINT PH.D. IN HISTORY AND HISTORY OF SCIENCE

Students who wish to obtain a joint Ph.D. in History and the History of Science, Medicine, and Technology are initially admitted to one of the degree programs, and should indicate interest in the joint Ph.D. program at that time. After completion of a master's degree in History or History of Science, Medicine, and Technology, the student applies for admission to the other degree program and, at the same time, to a standing committee of the two programs for admission to the joint program.

Having been admitted to the other degree program and to the joint Ph.D. program, the student then applies to the Graduate School for approval of the joint Ph.D. (See the Graduate School's academic policy regarding joint degrees (<http://grad.wisc.edu/acadpolicy/>) for more information and deadlines.) The student's application to the standing committee should take the same form as required by the Graduate School and should be prepared in close consultation with department faculty/staff.

Students in the joint Ph.D. program are assigned a home degree program and follow the regulations of that degree program with regard to seminar requirements, language requirements, financial aid, and regulations for satisfactory progress. Since the joint Ph.D. meets the doctoral minor requirement of the Graduate School, no formal minor is required of students receiving a joint Ph.D. However, students who wish to have a minor field recorded on the transcript may complete a regular Option A or Option B minor, or the internal minor of the department.

The joint Ph.D. student's work is supervised by a committee consisting of three faculty members (two from the home degree program). The preliminary examinations test the student's competence in both history and history of science, medicine, and technology, balancing the material and fields between the two departments (e.g. two in each, or three in one and two in the other). The number of prelim fields must equal the number required of students majoring exclusively in history or in history of science, medicine, and technology, plus one. Preparation of the Ph.D. dissertation is guided by the student's supervising committee. Satisfactory completion and defense of the dissertation constitute the final requirements for the joint Ph.D. degree.

## JOINT PH.D. WITH OTHER DEGREE PROGRAMS

History degree program students who wish to pursue a joint Ph.D. (one degree, two majors) with another degree program must first be admitted to the other degree program. The proposal for the degree must be approved by the Department of History's Graduate Council before it

is submitted to the Graduate School. Students admitted to a joint Ph.D. will satisfy all the normal requirements of their field in History except the minor requirement.

For more information on joint Ph.D. options, please contact the graduate program coordinator.

## ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 1
Spring Deadline	This program does not admit in the spring.
Summer Deadline	This program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements ( <a href="https://grad.wisc.edu/apply/requirements/#english-proficiency">https://grad.wisc.edu/apply/requirements/#english-proficiency</a> ).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

All applicants must meet UW–Madison Graduate School's minimum applicant requirements (<https://grad.wisc.edu/admissions/requirements/>), in addition to the below History Graduate Program requirements described below.

## APPLICATION DEADLINE: DECEMBER 1ST

To apply, applicants must submit or declare the following in the online application (<https://grad.wisc.edu/apply/>):

### History Supplemental Application

This section of the application asks you to provide information about your research interests, declare your preferred faculty advisors, and outline your prior language preparation (if any).

### Writing Sample

Provide a sample that best illustrates the quality of your written work (optimally no more than 50 pages, double-spaced; maximum file size 6 MB).

## Transcripts

Upload an unofficial copy of your transcript from all institutions attended, showing any undergraduate and graduate degrees awarded. If accepted, you will be required to send two official transcripts from each institution.

## CV or Resumé

This should highlight your accomplishments and qualifications including academic honors or distinctions; professional, research, and/or teaching experience; and any publications.

## Letters of recommendation

Provide contact information for the three individuals who will furnish recommendations on your behalf. (They will receive an upload link by email.) Your letter writers need not be historians, but they should be able to speak to your academic preparation to pursue historical studies at the graduate level.

## Statement of purpose

The statement of purpose (2–3 pages, double-spaced) explains your reasons for graduate study. It may be the hardest part of the application to write, but it is also the most important. While you will likely include some autobiographical information, its primary purpose is to acquaint us with how your mind works. We want to know, for example, what kinds of intellectual problems and issues interest you, whose stories intrigue you, what sorts of analytical or narrative approaches you like to pursue, which historical writings you admire—and your reasons for these various preferences. Please help us understand your decision to enter the historical profession, especially at a time when the academic job market is in decline, and how you see your own role in it. There is no single right way to approach this part of the application, but we suggest that you bear in mind the usual cautions for personal writing: speak straightforwardly, in your own voice, and write as well as you know how.

## INTERNATIONAL APPLICANTS

All international applicants must also meet the **English Proficiency** requirements (<https://grad.wisc.edu/admissions/requirements/>) set forth by the Graduate School.

For additional detail about the admissions process, please visit the Prospective Student (<https://history.wisc.edu/our-graduate-program/prospective-students/>) pages on our website.

## FUNDING

## GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## PROGRAM RESOURCES

We offer funding only to students who intend to pursue the Ph.D.—an application for admission to our Ph.D. program, therefore, is an application for funding. We also welcome applications from students who have external funding or are self-funded, including those pursuing the M.A. only.\*

## MULTI-YEAR FUNDING PACKAGE

If you apply to the History Ph.D. degree program without external or self-funding and are accepted, you will be offered a multi-year

support package, which begins in your first year. The details of our support guarantees may vary by funding source, field of study, and other circumstances, and the guarantee is, of course, contingent on satisfactory progress and performance. Most of our support packages offer 5 years of support and begin with a fellowship year from the UW–Madison Graduate School, generously funded by the Wisconsin Alumni Research Foundation (<http://www.warf.org/stewardship/grants-support/current/current-grant.cmsx>). Our most distinguished packages include two years of fellowships and may also include summer support:

- Graduate Research Scholar fellowships (<http://ls.wisc.edu/current-students/graduate-students/cgrs/>) for underrepresented students or first-generation college students—offered annually
- George L. Mosse fellowships (<https://history.wisc.edu/our-graduate-program/prospective-students/funding/>) in modern Jewish history, European cultural history, or LGBTQ history—offered annually or as endowment income permits
- Julie A. and Peter M. Weil Fellowship (<https://history.wisc.edu/our-graduate-program/prospective-students/julie-a-and-peter-m-weil-distinguished-graduate-fellowship/>) in American Jewish history and select U.S. history fields—offered annually or as endowment income permits
- William J. Courtenay Fellowship in Medieval history—offered as funds permit
- Gerda Lerner Fellowship (<https://history.wisc.edu/our-graduate-program/prospective-students/funding/>) in women's history—offered as funds permit

Additional years of guaranteed funding will come from employment as teaching assistants or project assistants or additional fellowships.

## COMPETING FOR ADDITIONAL SUPPORT

All students in good standing can apply for writing prizes, conference travel awards, and supplements to external awards. Once graduate students have passed their preliminary examination and advanced to candidacy, they may apply for various departmental fellowships and research travel funding.

For students who have reached the advanced stages of dissertation writing, further funding opportunities are available. Our advanced dissertators may apply for teaching fellowships that give them the opportunity to design and teach an undergraduate course – the Merle Curti Teaching Fellowship (<https://history.wisc.edu/our-graduate-program/current-students/funding-opportunities/merle-curti-teaching-fellowship/>) (any field of study), the George L. Mosse Teaching Fellowship in European History, and the William J. Courtenay Teaching Fellowship in ancient, medieval, or early modern European history. (These fellowships are offered as often as endowment income permits.) Thanks to funding provided by the Doris G. Quinn Foundation (<https://dorisquinnfoundation.org/>), we are also pleased to offer a dissertator fellowship, which provides financial support for the final year of dissertation writing in any field.

In addition, UW–Madison offers a wealth of other opportunities to compete for funding offered, for example, by the International Division (<http://international.wisc.edu/funding-your-international-experiences/>), the Institute for Research in the Humanities (<http://irh.wisc.edu>), and the UW Graduate School (research and conference travel awards (<https://grad.wisc.edu/studentfunding/grantscomp/>)).

More details on our funding for current/continuing students are available here (<https://history.wisc.edu/our-graduate-program/current-students/funding-opportunities/>).

\* If you wish to apply only for the History M.A. (also known as the terminal M.A.), please describe your sources of support on the History Supplemental Application. For information on the cost of graduate study at UW–Madison, click here (<https://grad.wisc.edu/admissions/cost/>).

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### MAJOR REQUIREMENTS MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students are able to complete a program with minimal disruptions to careers and other commitments.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW–Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

### CURRICULAR REQUIREMENTS

#### Requirements Detail

Minimum Credit Requirement 51 credits

Minimum Residence Credit Requirement 32 credits

Minimum Graduate Coursework Requirement 26 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy (<https://policy.wisc.edu/library/UW-1244/>).

Overall Graduate GPA Requirement 3.25 GPA required.

Other Grade Requirements n/a

Assessments and Examinations In order to receive the History Ph.D., all students must pass the preliminary exam and the Ph.D. dissertation defense.

Preliminary Examination: Each field of study has its own exact requirements for prelims, but all include written exams and an oral defense of the student's research proposal and knowledge of the field.

Ph.D. Dissertation Defense: Two-hour oral exam focusing on the student's written dissertation.

Language Requirements The history department requires all students to demonstrate, at a minimum, reading knowledge of at least one language other than English. The fields of study may set additional requirements, and each field determines which languages may be used to satisfy its requirement

Breadth Requirement All doctoral students are required to complete a minor or Graduate/Professional certificate (minimum of 9 credits).

### REQUIRED COURSES

Students must first complete the requirements for the History M.A. (<https://guide.wisc.edu/graduate/history/history-ma/#requirementstext>)

In addition to completing any M.A. course requirements for their field of study, Ph.D. students must complete their doctoral minor or graduate/professional certificate (9 credits) and any additional language requirements specific to their field of study prior to taking the preliminary examination. After passing the preliminary examination, students register for HISTORY 990 Research and Thesis credits every semester until they deposit their dissertation. Students are also recommended to take HISTORY 999 Independent Work and HISTORY 710 Professional Development Seminar.

#### Recommendations for doctoral minor study:

**African History:** The minor field requirement is normally met by interdisciplinary training in African Studies, comprising three courses (9 credits) in two fields other than History. Students already grounded in African studies may, in close consultation with their major professor, choose an alternative minor.

**Gender & Women's History:** Students must follow the minor requirements of their primary field of study and are encouraged to include courses emphasizing women, gender, or sexuality, bearing in mind that no course in the students' major area of study may be used to meet the minor requirement.

**Latin American and Caribbean History:** The minor field requirement consists of at least nine credits of interdisciplinary training in Latin American and Iberian Studies divided between two fields other than History.

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the

degree program faculty. Policies set by the academic degree program can be found below.

## MAJOR-SPECIFIC POLICIES

### PRIOR COURSEWORK

#### Graduate Work from Other Institutions

With program approval, students are allowed to count up to 12 credits of graduate coursework from other institutions.

#### UW–Madison Undergraduate

On a case by case basis, this program follows the Graduate School's policy for Satisfying Requirements with Coursework from Undergraduate Career at UW–Madison. (<https://policy.wisc.edu/library/UW-1216/>)

#### UW–Madison University Special

On a case by case basis, this program follows the Graduate School's policy for Transfer from UW–Madison University Special Student Career at UW–Madison. (<https://policy.wisc.edu/library/UW-1216/>)

### PROBATION

This program follows the Graduate School's Probation policy. (<https://policy.wisc.edu/library/UW-1217/>)

### ADVISOR / COMMITTEE

This program follows the Graduate School's Advisor policy (<https://policy.wisc.edu/library/UW-1232/>) and the Graduate School's Committees policy (<https://policy.wisc.edu/library/UW-1201/>).

### CREDITS PER TERM ALLOWED

15 credits

### TIME LIMITS

This program follows the Graduate School's Time Limits policy. (<https://policy.wisc.edu/library/UW-1221/>)

### GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
  - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeedisabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

### PROGRAM RESOURCES

The Department of History is committed to training our students to develop skills required for a variety of careers both in and outside the academy. Although a large network of our alumni teach at colleges and universities in the U.S. and across the world, a number of our Ph.D.s have enjoyed considerable success outside the academy. They include recent graduates who are currently a museum curator, teachers at prestigious preparatory academies, a historian with the U.S. Secretary of Defense's POW/Missing Persons Agency, a CEO of an investment firm, an analyst for a defense contractor, an editor at a small press, and consultants working with non-profits in the human services, education, and public policy fields. In recent years we have undertaken a number of initiatives, detailed below, to broaden the training of our students for a wide array of careers.

Much of the preparation for the job market occurs informally and over the course of the student's graduate career—in the mentoring relationship between faculty advisor and student, in the presentation of student research in department venues, in the student's participation in professional conferences, and in early forms of professional publication. Coursework, such as for the minor requirement or certificates, can be an avenue to expanded competencies. The Center for Humanities, for example, offers a Public Humanities certificate (<http://humanities.wisc.edu/public-humanities/graduate-certificate/>). Be sure to explore the Graduate School's resources such as "The Versatile PhD (<https://grad.wisc.edu/pd/versatilephd/>)" and its Professional Development pages (<http://grad.wisc.edu/pd/>).

Whatever career paths interest you, we encourage you to plan ahead and discuss your options—early and often—with your faculty advisor(s), with the Director of Graduate Studies, or with the Graduate Coordinator.

## PROFESSIONAL DEVELOPMENT SEMINARS (HISTORY 710)

This topics seminar is offered every semester. It emphasizes building skills that are valuable both inside and outside the academy, such as managing the writing process, teaching college history, or communicating historical research to a broad, nonspecialist audience. Since it is a topics course, more than one may be offered in a given semester. Recent topics include "Writing for Academy and Beyond," "Digital History," and "On the Job Market."

## PROFESSIONAL DEVELOPMENT EVENTS

Throughout the year, the Graduate Program sponsors various workshops intended to help students negotiate specific milestones of graduate study and to assist them in preparing for and going on the job market as they near completion of the Ph.D. Our programming currently includes:

### Preliminary Examination Workshop

This offers a discussion of the various requirements for preliminary examinations: how to assemble committees, compiling reading lists, Graduate School requirements, and more.

### Curriculum Vitae Workshops

These workshops are designed for students at all levels, ranging from first-year students writing CVs for campus positions to advanced dissertators on the job market.

### Mock Interviews

The Graduate Program offers a series of opportunities to practice with a committee of our faculty for AHA interviews and on-campus job talks. They are open to a limited number of students who expect to be actively on the job market in the fall.

### Careers in History Workshops

Our program is committed to helping its graduates seek and secure employment following the completion of their Ph.D. Since the financial crisis in 2008, the academic job market has softened markedly. While the Graduate Program continues to provide outstanding preparation for academic jobs, we also encourage our students to think more broadly about their career prospects and the transferability of their skills. As funds permit, we occasionally bring to campus History graduates who are working in the non-profit, private, or public-sector to meet with current graduate students and share their experience. We also offer opportunities to learn best practices for post-doctoral fellowship applications.

## LEARNING OUTCOMES

1. Articulates research problems clearly and understands the limits of current theories, knowledge, or practices in the discipline of history.
2. Pushes the boundaries of current historical knowledge in formulating research questions, in the selection or use of primary sources, or in interpreting evidence.
3. Demonstrates breadth of historical and cultural knowledge.
4. Is able to articulate the broader significance of their work to scholars in other fields or disciplines and to the broader public.
5. Is able to design and teach courses at the undergraduate or graduate level.
6. Fosters ethical and professional conduct.

## PEOPLE

See the History department webpage for a full directory of faculty (<https://history.wisc.edu/people-main/faculty-listed-alphabetically/>).

Also see our faculty affiliate (<https://history.wisc.edu/people-main/faculty-affiliates/>) and teaching associate (<https://history.wisc.edu/people-main/teaching-associates/>) profiles.

## MEDIEVAL STUDIES, DOCTORAL MINOR

The Minor in Medieval Studies is of interest and use to graduate students seeking to study the Middle Ages in a way that would complement and deepen their study of history, language, literature, art, etc. The program will allow these students to gather the broadly interdisciplinary coursework outside the student's home department or program into a meaningful credential that appears on their transcript.

## ADMISSIONS

A student should declare their interest to the Director of the Medieval Studies Program before beginning coursework required for the minor. See Contact Box for Director information.

## REQUIREMENTS

Graduate students interested in completing the Doctoral Minor in Medieval Studies must complete a minimum of 9 credits of courses from the list that appears below.

Code	Title	Credits
SCAND ST/ MEDIEVAL 409	Survey of Old Norse-Icelandic Literature	3
SCAND ST/ MEDIEVAL 430	The Vikings	4

LATIN/ MIEVEAL 563	Mediaeval Latin	3
MUSIC 411	Survey of Music in the Middle Ages	3
MUSIC 412	Survey of Music in the Renaissance	3

The following constraints should be taken into consideration when selecting courses:

- Only courses that carry the "Graduate 50%" attribute may be used to meet program requirements.
- To ensure that students achieve interdisciplinarity in their studies, courses must be selected from at least two different subject listings.
- To ensure breadth of study beyond a student's focused doctoral research, courses must be selected from subject listings offered outside the student's home department or program.

## PEOPLE

See a full list of faculty here: Faculty - Medieval Studies - UW-Madison (<https://medievalstudies.wisc.edu/faculty/>).

## HORTICULTURE

### DEGREES/MAJORS, DOCTORAL MINORS, GRADUATE/PROFESSIONAL CERTIFICATES

- Horticulture, M.S. (p. 900)
- Horticulture, Ph.D. (p. 904)

## PEOPLE

**Faculty:** Professors Bamberg, Colquhoun, Goldman, Krysan (chair), Simon, Weng, Zalapa; Associate Professors Atucha, Bethke, Dawson, Endelman, Jull; Assistant Professors Ellison, Kovaleski, Wang; USDA Scientist Mura

## HORTICULTURE, M.S.

The department provides graduate training leading to the master of science in horticulture. Each M.S. student will have a major advisor who will supervise their program of study and their thesis research. Specializations are available in several aspects of crop science: organic and sustainable horticulture, diversified crop production for urban and

regional food systems, environmental impact of horticultural practices, environmental regulation of plant growth and development, plant breeding, biochemistry and molecular biology of horticultural plants, microculture and biotechnology, weed control and herbicide physiology, and biostatistics. Students have the opportunity to develop their research projects using vegetables, fruits, trees, ornamentals, specialty crops, or model species such as *Arabidopsis thaliana*.

The M.S. student's thesis project will involve an in-depth mentored exploration of a research question and the development of a written thesis in conjunction with a graduate committee of three faculty members.

The department houses research labs, controlled environment chambers, and greenhouse facilities. Field-plot areas with associated storage and laboratory facilities are available at the UW-Madison Arboretum (<https://arboretum.wisc.edu/>), Horticulture Research Farm at Arlington (<https://arlington.ars.wisc.edu/>), and the Agriculture Research Stations (<https://ars.wisc.edu/>) managed by the College of Agricultural and Life Sciences at selected locations throughout the state. In conjunction with the farm at Sturgeon Bay, the world's largest collection of tuber-bearing Solanums is maintained by the Inter-Regional Potato Introduction Project and is available for research use.

## ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 1
Spring Deadline	September 1
Summer Deadline	December 1
GRE (Graduate Record Examinations)	May be required in certain cases; consult program.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements ( <a href="https://grad.wisc.edu/apply/requirements/#english-proficiency">https://grad.wisc.edu/apply/requirements/#english-proficiency</a> ).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

The department accepts applications for fall, spring, and summer entry. The applicant's academic preparation should include fundamental courses in the plant sciences such as botany, bacteriology, genetics, and physiology, as well as courses in chemistry (general, organic,

quantitative), physics, mathematics, and biochemistry. The academic average should be at least 3.0 (on a 4.0 scale) with evidence of proficiency in subjects related to agriculture and plant sciences.

## APPLICATION DEADLINES

Spring entry: September 1  
 Summer entry: December 1  
 Fall entry: December 1

## APPLICATION CHECKLIST

A complete application should include the following items:

1. Graduate School Application and Application Fee
2. Supplementary Application: The supplementary application will appear as a part of the Graduate School's electronic application once the applicant selects Horticulture.
3. Statement of Purpose: Your essay should be a concise description of your reasons for choosing to study horticulture at the University of Wisconsin. Please include your research interests and career goals as well as a description of your preparation for graduate study including relevant coursework, related employment, research experience, publications, presentations, awards, and honors.
4. Transcripts: We require all applicants to submit an unofficial transcript in PDF format to their online application. If an applicant is recommended for admission, then they will be required to submit their official transcript to the Graduate School. International academic records must be submitted in the original language and accompanied by an official English translation. Documents must be issued by the institution with an official seal/stamp and an official signature.
5. Three Letters of Recommendation
6. GRE Scores: GRE scores are not required for admission but are highly recommended. GRE scores are required for applicants who are interested in fellowships and other forms of financial support
7. Proof of English Proficiency: Applicants whose native language is not English or whose undergraduate instruction was not in English must follow the Graduate School's guidelines for proof of English proficiency.

## FACULTY ADVISORS

The Horticulture M.S. and Ph.D. programs do not support lab rotations. All students are admitted directly into a faculty member's lab. Thus, we strongly encourage applicants to contact faculty members who work in their areas of interest before and during the application and admissions process.

## FUNDING

### GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

### PROGRAM RESOURCES

All applicants to the graduate program in Horticulture are automatically considered for financial support. There is no need to submit a separate application. Most of our students are supported through research

assistantships, but additional sources of internal financial support include teaching assistantships, project assistantships, scholarships, and fellowships.

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### MAJOR REQUIREMENTS

#### MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students are able to complete a program with minimal disruptions to careers and other commitments.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

### CURRICULAR REQUIREMENTS

Requirements Detail	
Minimum Credit Requirement	30 credits
Minimum Residence Credit Requirement	18 credits
Minimum Graduate Coursework Requirement	15 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy ( <a href="https://policy.wisc.edu/library/UW-1244">https://policy.wisc.edu/library/UW-1244</a> ) ( <a href="https://policy.wisc.edu/library/UW-1244/">https://policy.wisc.edu/library/UW-1244/</a> ).
Overall Graduate GPA Requirement	3.00 GPA required. This program follows the Graduate School's policy: <a href="https://policy.wisc.edu/library/UW-1203">https://policy.wisc.edu/library/UW-1203</a> ( <a href="https://policy.wisc.edu/library/UW-1203/">https://policy.wisc.edu/library/UW-1203/</a> ).
Other Grade Requirements	n/a

**Assessments and Examinations** Contact the program for information on required assessments and examinations.

**Language Requirements** Contact the program for information on any language requirements.

## REQUIRED COURSES

### Departmental Requirements

The specific program of study towards a master's degree is developed by the student and the major professor. Considerable flexibility in the selection of courses is permitted to meet the needs and interests of the candidate. Students often complete the requirements for a master's degree in one and a half years, and three years is usually considered the maximum time necessary.

- All students must have successfully completed 14 credits of Horticulture (<http://guide.wisc.edu/courses/hort/>) courses and 11 credits of Botany (<http://guide.wisc.edu/courses/botany/>) courses during their enrollment in the undergraduate and/or graduate program(s). It is possible to fulfill these horticulture and botany course credits from coursework at another institution, provided the student's graduate committee approves the courses. No more than 3 credits of HORT 699 Special Problems may be counted towards this requirement.

Students must complete a minimum of 30 credits and 15 of these credits must be graduate level (up to 3 credits of 990 may be used to satisfy this 15 credit requirement, but HORT 699 Special Problems may not be used to satisfy this requirement). This requirement for 15 graduate-level credits can only be satisfied by classes taken while the student is enrolled in the master's program.

- Students must complete at least 30 credits while enrolled in Graduate School and write a master's thesis that is acceptable to the student's final examining committee. Under special circumstances, a student's graduate committee may, with the written approval of the department chair, allow a student to complete their M.S. degree with an approved report instead of a thesis or with coursework only.
- Students in the Master's Degree in Horticulture with Emphasis in Organic Sustainable Production must satisfy the specific course requirements outlined below. The student must also complete at least 30 credits while enrolled in Graduate School and write a master's thesis that is acceptable to the student's final examining committee.

### Organic Sustainable Production Emphasis <sup>1</sup>

Code	Title	Credits
<b>Ecology (one course required)</b>		
F&W ECOL/BOTANY/ ZOOLOGY 460	General Ecology	4
AGROECOL 701	The Farm as Socio-Environmental Endeavor	3
AGROECOL 702	The Multifunctionality of Agriculture	3
<b>Horticulture (one course required)</b>

<b>Seminar (one course required) <sup>2</sup></b>		
AGROECOL 710	Agroecology Seminar	1
HORT 910	Seminar	1
<b>Research (Total of 6 credits required)</b>		
HORT 990	Research	1-12

1

These tracks are internal to the program and represent different pathways a student can follow to earn this degree. Track names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

Students may speak with their committee regarding alternative courses to complete the seminar requirement.

### Additional Coursework

At the discretion of the student's major professor or master's committee, additional remedial or advanced coursework may be required.

### Seminar Requirement

Master's degree students must enroll in a graduate level seminar class (1 credit) for at least one semester and obtain a passing grade for that class. Seminars offered by departments other than Horticulture may be used to satisfy this requirement

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

### MAJOR-SPECIFIC POLICIES

#### PRIOR COURSEWORK

##### Graduate Work from Other Institutions

This program follows the Graduate School's policy for Satisfying Requirements with Prior Graduate Coursework from Other Institutions. (<https://policy.wisc.edu/library/UW-1216/>)

## UW–Madison Undergraduate

This program follows the Graduate School's policy for Satisfying Requirements with Coursework from Undergraduate Career at UW–Madison (<https://policy.wisc.edu/library/UW-1216/>).

## UW–Madison University Special

This program follows the Graduate School's policy for Transfer from UW–Madison University Special Student Career at UW–Madison. (<https://policy.wisc.edu/library/UW-1216/>)

## PROBATION

This program follows the Graduate School's Probation policy. (<https://policy.wisc.edu/library/UW-1217/>)

## ADVISOR / COMMITTEE

Every graduate student must have a faculty advisor (major professor) who is on the Horticulture faculty. The major professor advises the student about course work and supervises the student's research if they are writing a master's thesis. The major professor must approve the student's coursework and research direction. A student may have more than one major professor, in which case at least one of the professors must be a member of the Horticulture faculty.

A master's committee is composed of at least three current UW–Madison faculty members, including the major professor. The master's committee is empowered by the program to advise the student regarding coursework and thesis content, and conduct the final master's oral examination. Prior to the end of the first year of graduate study the student, in consultation with their major professor, should select two members of the UW–Madison faculty to serve on their master's committee. It is the student's responsibility to seek and obtain (verbal) approval from the faculty selected to serve on this committee.

## CREDITS PER TERM ALLOWED

15 credits

## TIME LIMITS

This program follows the Graduate School's Time Limits policy (<https://policy.wisc.edu/library/UW-1221/>).

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
  - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeeabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

## College of Agricultural and Life Sciences: Grievance Policy

In the College of Agricultural and Life Sciences (CALs), any student who feels unfairly treated by a member of the CALs faculty or staff has the right to complain about the treatment and to receive a prompt hearing. Some complaints may arise from misunderstandings or communication breakdowns and be easily resolved; others may require formal action. Complaints may concern any matter of perceived unfairness.

To ensure a prompt and fair hearing of any complaint, and to protect the rights of both the person complaining and the person at whom the complaint is directed, the following procedures are used in the College of Agricultural and Life Sciences. Any student, undergraduate or graduate, may use these procedures, except employees whose complaints are covered under other campus policies.

1. The student should first talk with the person at whom the complaint is directed. Most issues can be settled at this level. Others may be resolved by established departmental procedures.
2. If the student is unsatisfied, and the complaint involves any unit outside CALs, the student should seek the advice of the dean or director of that unit to determine how to proceed.
  - a. If the complaint involves an academic department in CALs the student should proceed in accordance with item 3 below.
  - b. If the grievance involves a unit in CALs that is not an academic department, the student should proceed in accordance with item 4 below.
3. The student should contact the department's grievance advisor within 120 calendar days of the alleged unfair treatment. The departmental administrator can provide this person's name. The grievance advisor will attempt to resolve the problem informally within 10 working days of receiving the complaint, in discussions with the student and the person at whom the complaint is directed.
  - a. If informal mediation fails, the student can submit the grievance in writing to the grievance advisor within 10 working days of the date the student is informed of the failure of the mediation attempt by the grievance advisor. The grievance advisor will provide a copy to the person at whom the grievance is directed.
  - b. The grievance advisor will refer the complaint to a department committee that will obtain a written response from the person at whom the complaint is directed, providing a copy to the student. Either party may request a hearing before the committee. The grievance advisor will provide both parties a written decision within 20 working days from the date of receipt of the written complaint.

- c. If the grievance involves the department chairperson, the grievance advisor or a member of the grievance committee, these persons may not participate in the review.
  - d. If not satisfied with departmental action, either party has 10 working days from the date of notification of the departmental committee action to file a written appeal to the CALS Equity and Diversity Committee. A subcommittee of this committee will make a preliminary judgement as to whether the case merits further investigation and review. If the subcommittee unanimously determines that the case does not merit further investigation and review, its decision is final. If one or more members of the subcommittee determine that the case does merit further investigation and review, the subcommittee will investigate and seek to resolve the dispute through mediation. If this mediation attempt fails, the subcommittee will bring the case to the full committee. The committee may seek additional information from the parties or hold a hearing. The committee will present a written recommendation to the dean who will provide a final decision within 20 working days of receipt of the committee recommendation.
4. If the alleged unfair treatment occurs in a CALS unit that is not an academic department, the student should, within 120 calendar days of the alleged incident, take his/her grievance directly to the Associate Dean of Academic Affairs. The dean will attempt to resolve the problem informally within 10 working days of receiving the complaint. If this mediation attempt does not succeed the student may file a written complaint with the dean who will refer it to the CALS Equity and Diversity Committee. The committee will seek a written response from the person at whom the complaint is directed, subsequently following other steps delineated in item 3d above.

## OTHER

n/a

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

### PROGRAM RESOURCES

The Horticulture Graduate programs encourage students to develop Individual Development Plans (<https://grad.wisc.edu/pd/idp/>) in collaboration with their major advisor to facilitate professional development. Besides the extensive opportunities offered across the campus at large, students in the Horticulture programs also benefit from activities and programs provided by the Plant Sciences Graduate Council (<http://psgsc.wisc.edu/>), a student-led organization for graduate students at UW–Madison interested in plant science.

## LEARNING OUTCOMES

1. Articulates the theories, research methods, and approaches to inquiry used in the field of horticulture.
2. Identifies sources and assembles evidence pertaining to questions in the field of horticulture.
3. Understands the primary field of horticulture in a global context.

4. Selects and utilizes the most appropriate methodologies and practices.
5. Synthesizes information pertaining to questions or challenges in the field of horticulture.
6. Communicates clearly in ways appropriate to the field of horticulture.
7. Recognizes and applies principles of ethical conduct.

## PEOPLE

**Faculty:** Professors Bamberg, Colquhoun, Goldman, Krysan (chair), Simon, Weng, Zalapa; Associate Professors Atucha, Bethke, Dawson, Endelman, Jull; Assistant Professors Ellison, Kovaleski, Wang; USDA Scientist Mura

## HORTICULTURE, PH.D.

The department provides graduate training leading to the doctor of philosophy in horticulture. Each doctoral student will have a major advisor who will supervise their program of study and their thesis research. Specializations are available in several aspects of crop science: organic and sustainable horticulture, diversified crop production for urban and regional food systems, environmental impact of horticultural practices, environmental regulation of plant growth and development, plant breeding, biochemistry and molecular biology of horticultural plants, microculture and biotechnology, weed control and herbicide physiology, and biostatistics. Students have the opportunity to develop their research projects using vegetables, fruits, trees, ornamentals, specialty crops, or model species such as *Arabidopsis thaliana*.

The Ph.D. student's dissertation project will involve an in-depth mentored exploration of a research question and the development of a dissertation in conjunction with a graduate committee of at least four faculty members. A public presentation and defense of the dissertation is required.

The department houses research labs, controlled environment chambers, and greenhouse facilities. Field-plot areas with associated storage and laboratory facilities are available at the UW–Madison Arboretum (<https://arboretum.wisc.edu/>), Horticulture Research Farm at Arlington (<https://arlington.ars.wisc.edu/>), and the Agriculture Research Stations (<https://ars.wisc.edu/>) managed by the College of Agricultural and Life Sciences at selected locations throughout the state. In conjunction with the farm at Sturgeon Bay, the world's largest collection of tuber-bearing Solanums is maintained by the Inter-Regional Potato Introduction Project and is available for research use.

## ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 1
Spring Deadline	September 1
Summer Deadline	December 1
GRE (Graduate Record Examinations)	May be required in certain cases; consult program.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements ( <a href="https://grad.wisc.edu/apply/requirements/#english-proficiency">https://grad.wisc.edu/apply/requirements/#english-proficiency</a> ).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

The department accepts applications for fall, spring, and summer entry.

The applicant's academic preparation should include fundamental courses in the plant sciences such as botany, bacteriology, genetics, and physiology, as well as courses in chemistry (general, organic, quantitative), physics, mathematics, and biochemistry. The academic average should be at least 3.0 (on a 4.0 scale) with evidence of proficiency in subjects related to agriculture and plant sciences.

## APPLICATION DEADLINES

Spring entry: September 1  
 Summer entry: December 1  
 Fall entry: December 1

## APPLICATION CHECKLIST

A complete application should include the following items:

1. Graduate School Application and Application Fee
2. Supplementary Application: The supplementary application will appear as a part of the Graduate School's electronic application once the applicant selects Horticulture.
3. Statement of Purpose: Your essay should be a concise description of your reasons for choosing to study horticulture at the University of Wisconsin. Please include your research interests and career goals as well as a description of your preparation for graduate study including relevant coursework, related employment, research experience, publications, presentations, awards, and honors.
4. Transcripts: We require all applicants to submit an unofficial transcript in PDF format to their online application. If an applicant is recommended for admission, then they will be required to submit their official transcript to the Graduate School. International academic records must be submitted in the original language and accompanied by an official English translation. Documents must be issued by the institution with an official seal/stamp and an official signature.
5. Three Letters of Recommendation
6. GRE Scores: GRE scores are not required for admission but are highly recommended. GRE scores are required for applicants who are interested in fellowships and other forms of financial support
7. Proof of English Proficiency: Applicants, whose native language is not English, or whose undergraduate instruction was not in English,

must follow the Graduate School's guidelines for proof of English proficiency.

## FACULTY ADVISORS

The Horticulture M.S. and Ph.D. programs do not support lab rotations. All students are admitted directly into a faculty member's lab. Thus, we strongly encourage applicants to contact faculty members who work in their areas of interest before and during the application and admissions process.

## FUNDING

## GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## PROGRAM RESOURCES

All applicants to the graduate program in Horticulture are automatically considered for financial support. There is no need to submit a separate application. Most of our students are supported through research assistantships, but additional sources of internal financial support include teaching assistantships, project assistantships, scholarships, and fellowships.

## REQUIREMENTS

## MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

## MAJOR REQUIREMENTS

### MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students are able to complete a program with minimal disruptions to careers and other commitments.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW–Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

### Requirements Detail

Minimum Credit Requirement	51 credits
Minimum Residence Credit Requirement	32 credits
Minimum Graduate Coursework Requirement	26 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy ( <a href="https://policy.wisc.edu/library/UW-1244">https://policy.wisc.edu/library/UW-1244</a> ).
Overall Graduate GPA Requirement	3.00 GPA required. This program follows the Graduate School's policy: <a href="https://policy.wisc.edu/library/UW-1203">https://policy.wisc.edu/library/UW-1203</a> ( <a href="https://policy.wisc.edu/library/UW-1203/">https://policy.wisc.edu/library/UW-1203/</a> ).
Other Grade Requirements	n/a
Assessments and Examinations	Doctoral students are required to take a comprehensive preliminary/oral examination after they have cleared their record of all Incomplete and Progress grades (other than research and thesis). Deposit of the doctoral dissertation in the Graduate School is required.
Language Requirements	Contact the program for information on any language requirements.
Breadth Requirement	All doctoral students are required to complete a doctoral minor or Graduate/Professional certificate.

## REQUIRED COURSES

### Departmental Requirements

All Horticulture Ph.D. students must satisfy the following general course requirements. These requirements can be satisfied by coursework completed while the student was an undergraduate or enrolled in another graduate program.

- Physical Sciences—one course in each of the following:
  - Physics, including electricity, heat, and light
  - Calculus
  - Organic Chemistry lecture
  - Organic Chemistry lab or Biochemistry lab
- Biological Sciences—one course in each of the following:
  - Crop Production
  - Plant Breeding or Genetics
  - Plant Structure, Plant Taxonomy, or Plant Physiology
  - Plant Pathology or Entomology
- A Statistics Course
- A Soil Science Course

### Specific course requirements

The only specific course requirements for the Ph.D. in Horticulture are HORT 799 Practicum in Horticulture Teaching and the seminar requirement, listed below. Apart from these, each student is required to work with the major professor and the Ph.D. committee to design a

program of coursework that best meets the individual student's needs and interests. The resulting program of coursework must satisfy the departmental requirements as well as the requirements specified by the Graduate School. The final determination of a student's required coursework is made by the student's Ph.D. committee as part of the certification process.

### Seminar requirement

During their graduate careers, students are required to present a minimum of three seminars in advanced seminar courses and receive a passing grade in each seminar. Advanced seminar courses offered by the departments other than Horticulture may be used to satisfy this requirement.

### Required Teaching/Outreach

All students in the Horticulture PhD program are required to enroll in HORT 799 Practicum in Horticulture Teaching for one semester and obtain a passing grade. Students may enroll in HORT 799 Practicum in Horticulture Teaching for 1 to 3 credits. Each student is expected to work with their PhD advisor to identify an opportunity within the department for the student to engage in teaching or outreach work. This requirement is broadly defined, and could include assisting a Horticulture faculty member with their classroom teaching or working with a Horticulture Faculty member on an extension or outreach project.

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

### MAJOR-SPECIFIC POLICIES

#### PRIOR COURSEWORK

##### Graduate Work from Other Institutions

This program follows the Graduate School's policy for Satisfying Requirements with Prior Graduate Coursework from Other Institutions. (<https://policy.wisc.edu/library/UW-1216/>)

##### UW–Madison Undergraduate

This program follows the Graduate School's policy for Satisfying Requirements with Coursework from Undergraduate Career at UW–Madison (<https://policy.wisc.edu/library/UW-1216/>).

##### UW–Madison University Special

This program follows the Graduate School's policy for Transfer from UW–Madison University Special Student Career at UW–Madison. (<https://policy.wisc.edu/library/UW-1216/>)

#### PROBATION

This program follows the Graduate School's Probation policy (<https://policy.wisc.edu/library/UW-1217/>).

### ADVISOR / COMMITTEE

Every graduate student must have a faculty advisor (major professor) who is on the Horticulture faculty. The major professor advises the student about course work and supervises the student's research. The

major professor must approve the student's coursework and research direction. A student may have more than one major professor, in which case at least one of the professors must be a member of the Horticulture faculty.

A Ph.D. committee is composed of at least four members, the major professor, and four more whom must be UW–Madison graduate faculty or former UW–Madison graduate faculty up to one year after resignation or retirement. The Graduate School requires that at least three committee members are designated as readers. Readers are committee members who commit themselves to closely reading and reviewing the entire dissertation. The committee is empowered by the program to advise and evaluate the student with regards to certification, administer the preliminary examination, oversee progress meetings, approve thesis composition, and conduct the final Ph.D. examination.

The student, in consultation with their major professor(s), should select the members of their Ph.D. committee prior to the end of the second semester of graduate study in order to convene a meeting to discuss the student's coursework and plan for certification. Certification is the process by which the Ph.D. committee certifies that the student has completed the formal coursework requirements of the Ph.D. certification is particularly important in the horticulture department because each student has a custom-designed program of coursework. This coursework plan must be approved by the student's Ph.D. committee, and for this reason it is important for the student to convene a meeting of their Ph.D. committee prior to the end of their second semester so that additional courses suggested by the committee may be taken during the student's second year of graduate study. The Graduate School requires at least one member of the Ph.D. committee to be from outside the horticulture department. The horticulture department requires that at least half of the committee members have an appointment in the horticulture department. Students choosing Minor Option A typically include their minor professor as a member of their Ph.D. committee. It is the student's responsibility to seek and obtain (verbal) approval from the faculty members selected to serve on this committee.

## CREDITS PER TERM ALLOWED

15 credits

## TIME LIMITS

This program follows the Graduate School's Time Limits policy (<https://policy.wisc.edu/library/UW-1221/>).

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
  - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeeabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

## College of Agricultural and Life Sciences: Grievance Policy

In the College of Agricultural and Life Sciences (CALs), any student who feels unfairly treated by a member of the CALs faculty or staff has the right to complain about the treatment and to receive a prompt hearing. Some complaints may arise from misunderstandings or communication breakdowns and be easily resolved; others may require formal action. Complaints may concern any matter of perceived unfairness.

To ensure a prompt and fair hearing of any complaint, and to protect the rights of both the person complaining and the person at whom the complaint is directed, the following procedures are used in the College of Agricultural and Life Sciences. Any student, undergraduate or graduate, may use these procedures, except employees whose complaints are covered under other campus policies.

1. The student should first talk with the person at whom the complaint is directed. Most issues can be settled at this level. Others may be resolved by established departmental procedures.
2. If the student is unsatisfied, and the complaint involves any unit outside CALs, the student should seek the advice of the dean or director of that unit to determine how to proceed.
  - a. If the complaint involves an academic department in CALs the student should proceed in accordance with item 3 below.
  - b. If the grievance involves a unit in CALs that is not an academic department, the student should proceed in accordance with item 4 below.
3. The student should contact the department's grievance advisor within 120 calendar days of the alleged unfair treatment. The departmental administrator can provide this person's name. The grievance advisor will attempt to resolve the problem informally within 10 working days of receiving the complaint, in discussions with the student and the person at whom the complaint is directed.
  - a. If informal mediation fails, the student can submit the grievance in writing to the grievance advisor within 10 working days of the date the student is informed of the failure of the mediation attempt by the grievance advisor. The grievance advisor will provide a copy to the person at whom the grievance is directed.
  - b. The grievance advisor will refer the complaint to a department committee that will obtain a written response from the person at whom the complaint is directed, providing a copy to the student. Either party may request a hearing before the committee. The grievance advisor will provide both parties a written decision.

within 20 working days from the date of receipt of the written complaint.

- c. If the grievance involves the department chairperson, the grievance advisor or a member of the grievance committee, these persons may not participate in the review.
  - d. If not satisfied with departmental action, either party has 10 working days from the date of notification of the departmental committee action to file a written appeal to the CALS Equity and Diversity Committee. A subcommittee of this committee will make a preliminary judgement as to whether the case merits further investigation and review. If the subcommittee unanimously determines that the case does not merit further investigation and review, its decision is final. If one or more members of the subcommittee determine that the case does merit further investigation and review, the subcommittee will investigate and seek to resolve the dispute through mediation. If this mediation attempt fails, the subcommittee will bring the case to the full committee. The committee may seek additional information from the parties or hold a hearing. The committee will present a written recommendation to the dean who will provide a final decision within 20 working days of receipt of the committee recommendation.
4. If the alleged unfair treatment occurs in a CALS unit that is not an academic department, the student should, within 120 calendar days of the alleged incident, take his/her grievance directly to the Associate Dean of Academic Affairs. The dean will attempt to resolve the problem informally within 10 working days of receiving the complaint. If this mediation attempt does not succeed the student may file a written complaint with the dean who will refer it to the CALS Equity and Diversity Committee. The committee will seek a written response from the person at whom the complaint is directed, subsequently following other steps delineated in item 3d above.

## OTHER

n/a

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

### PROGRAM RESOURCES

The Horticulture Graduate programs encourage students to develop Individual Development Plans (<https://grad.wisc.edu/pd/idp/>) in collaboration with their major advisor to facilitate professional development. Besides the extensive opportunities offered across the campus at large, students in the Horticulture programs also benefit from activities and programs provided by the Plant Sciences Graduate Council (<http://psgsc.wisc.edu/>), a student-led organization for graduate students at UW–Madison interested in plant science.

## LEARNING OUTCOMES

1. Articulates challenges, frontiers and limits with respect to knowledge within the field of horticulture.

2. Formulates ideas, concepts, designs, and/or techniques beyond the current boundaries of knowledge within the field of horticulture.
3. Creates research that makes a substantive contribution to the field of horticulture.
4. Demonstrates breadth within their learning experiences.
5. Communicates complex or ambiguous ideas in a clear and understandable manner.
6. Fosters ethical conduct and professional guidelines.

## PEOPLE

**Faculty:** Professors Bamberg, Colquhoun, Goldman, Krysan (chair), Simon, Weng, Zalapa; Associate Professors Atucha, Bethke, Dawson, Endelman, Jull; Assistant Professors Ellison, Kovaleski, Wang; USDA Scientist Mura

## HUMAN DEVELOPMENT AND FAMILY STUDIES

### DEGREES/MAJORS, DOCTORAL MINORS, GRADUATE/PROFESSIONAL

- Human Development and Family Studies, Doctoral Minor (p. 908)

## HUMAN DEVELOPMENT AND FAMILY STUDIES, DOCTORAL MINOR

**Admissions to the Human Development and Family Studies doctoral minor have been suspended as of fall 2022 and will be discontinued as of fall 2023. If you have any questions, please contact the department.**

Any student enrolled in a UW–Madison doctoral program can pursue a doctoral minor in Human Development and Family Studies (HDFS). The graduate program in HDFS, located within the School of Human Ecology, offers courses on individual and family development throughout the lifespan and across ecological settings. These courses focus on a range of topics, including risk and resilience throughout the life span, competent child rearing, positive development, poverty and the family, mindfulness and contemplative practices for child and family well-being, development in multicultural contexts, policy, adult development and relationships, adolescence, and aging and the family. Courses that address the applications of research to practice are also part of the curriculum. Recent offerings include courses in prevention science, family policy, evidence-based intervention, and bridging the gap between research and practice. Reflecting the multidisciplinary orientation of the program, faculty and students employ a wide array of methods in their work. Faculty possess expertise in areas as diverse as longitudinal modeling, community-based research, interpretive interviewing, program evaluation, observational methods, survey methodology, action research, and ethnography. The program explicitly values both qualitative and quantitative methods. For more information, see this link (<https://sohe.wisc.edu/graduate-students/research-and-creative-scholarship/hdfs-graduate-program/>).

## ADMISSIONS

Admissions to the Human Development and Family Studies doctoral minor have been suspended as of fall 2022 and will be discontinued as of fall 2023. If you have any questions, please contact the department.

Graduate students interested in pursuing an Option A doctoral minor should complete the minor agreement form available on the HDFS website and consult with the graduate program chair, who will help them identify an HDFS faculty member to serve as their faculty advisor.

## REQUIREMENTS

All students pursuing the Human Development and Family Studies (HDFS) Doctoral Minor must comply with Graduate School Policy for Option A Minors. The HDFS Doctoral Minor requires at least 9 credits of HDFS coursework, with no more than 3 credits numbered below 700. HDFS courses that are cross-listed with another department should be taken as an HDFS course. Students must receive a grade of B or better in each course.

## PEOPLE

**Professors:** Janean Dilworth-Bart (chair), Charles Raison, Julie Poehlmann-Tynan, Linda Roberts, Stephen Small

**Associate Professors:** Larissa Duncan, Sarah Halpern-Meekin, Sigan Hartley, Heather Kirkorian, Robert Nix, Lauren Papp

**Assistant Professors:** Kristin Litzelman, Margaret Kerr

## HUMAN ECOLOGY - SCHOOL-WIDE

## HUMAN ECOLOGY, DOCTORAL MINOR

Any student enrolled in a UW–Madison doctoral program can pursue a doctoral minor in Human Ecology. The graduate program within the School of Human Ecology (SoHE) provides rich interdisciplinary training and scholarship focused on exploring the human condition and well-being in relation to ecological settings—physical, social, community, and built surroundings. The school's philosophy is that individual development and well-being are promoted through interactions with ecological settings. Research, creativity, teaching, and outreach are directed toward a positive impact on these settings and the patterns of human behavior within them. Faculty members possess expertise in areas as diverse as longitudinal modeling, community-based research, interpretive interviewing, program evaluation, observational methods, survey methodology, action research, and ethnography.

## ADMISSIONS

Graduate students interested in pursuing an Option A doctoral minor should complete the Minor Agreement Form (<https://sohe.wisc.edu/wordpress/wp-content/uploads/2017/10/Human-Ecology-Minor-Agreement-Form.docx>) and consult with the graduate program coordinator in Human Ecology who will help them identify a SoHE faculty member to serve as their faculty advisor.

## REQUIREMENTS

The Human Ecology Doctoral Minor requires at least 9 credits taken through a combination of coursework in at least two different School of Human Ecology departments: Civil Society and Community Studies (CSCS) (<http://guide.wisc.edu/courses/cscs/>); Consumer Science (CNSR SCI) ([http://guide.wisc.edu/courses/cnsr\\_sci/](http://guide.wisc.edu/courses/cnsr_sci/)), Design Studies (DS) (<http://guide.wisc.edu/courses/ds/>), Human Development and Family Studies (HDFS) (<http://guide.wisc.edu/courses/hdfs/>), and Interdisciplinary–Human Ecology (INTER-HE) ([http://guide.wisc.edu/courses/inter\\_he/](http://guide.wisc.edu/courses/inter_he/)). No more than 3 credits can be taken below the 700 level. Human Ecology courses that are cross-listed with another department should be enrolled in through the respective Human Ecology department. Students must receive a grade of B or better in each course.

## PEOPLE

**Faculty:**

# **HUMAN ECOLOGY, M.S.**

## **SCHOOL OF HUMAN ECOLOGY**

The School of Human Ecology has a strong tradition of outreach and counts several faculty members with budgeted extension appointments among its ranks. But all faculty members devote time and resources to ensuring their work benefits others beyond the campus. These efforts reflect the Wisconsin Idea, (<http://wisconsinidea.wisc.edu/>) the notion that the university's boundaries are those of the state, nation, and beyond. Graduate education at SoHE encompasses this mission by stressing the integration of research with program design and implementation, administration, policy development, and evaluation.

Human ecology is the study of the complex relationships between human beings and their environments. SoHE offers the Human Ecology M.S. degree with two named options. The Human Ecology named option is the admitting terminal master's degrees. Students enrolled in one of the Human Ecology Ph.D. program named options have the opportunity to earn the Human Ecology MS: Human Ecology Research (<http://guide.wisc.edu/graduate/human-ecology-school-wide/human-ecology-ms/human-ecology-human-ecology-research-ms/>) degree along the way to the Ph.D. upon successful completion of coursework and research.

### **ADMITTING HUMAN ECOLOGY M.S. OPTION:**

- Master of Science in Human Ecology Program (p. 911)

### **NON-ADMITTING HUMAN ECOLOGY M.S. OPTION (EARNED ON THE WAY TO THE PH.D.)**

- Master of Science in Human Ecology: Human Ecology Research (<http://guide.wisc.edu/graduate/human-ecology-school-wide/human-ecology-ms/human-ecology-human-ecology-research-ms/>)

## **ADMISSIONS**

Students apply to the Master of Science in Human Ecology through one of the named options:

- Human Ecology (p. 911)
- Human Ecology Research (<http://guide.wisc.edu/graduate/human-ecology-school-wide/human-ecology-ms/human-ecology-human-ecology-research-ms/>)

## **FUNDING**

### **GRADUATE SCHOOL RESOURCES**

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

### **PROGRAM RESOURCES**

Funding opportunities for Human Ecology graduate students are available and made possible, in large part, by generous donations to SoHE. Every year, these funds are used to fund teaching or project assistantships, award academic excellence scholarships, and provide students doing their masters or doctoral research or final MFA project with conference travel scholarships and graduate research scholarships. See the School of Human Ecology Enrollment Policy on Funding Eligibility (<https://sohe.wisc.edu/graduate-students/academic-policies-forms-deadlines/full-time-enrollment-policy-for-funding-eligibility/>) and view current funding opportunities on our program website (<https://sohe.wisc.edu/graduate-students/funding/>) for more information.

## **REQUIREMENTS**

### **MINIMUM GRADUATE SCHOOL REQUIREMENTS**

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### **MAJOR REQUIREMENTS CURRICULAR REQUIREMENTS**

#### **Requirements Detail**

Minimum Credit Requirement	32 credits
----------------------------	------------

Minimum Residence Credit Requirement	16 credits
--------------------------------------	------------

Minimum Graduate Coursework Requirement	16 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy ( <a href="https://policy.wisc.edu/library/UW-1244">https://policy.wisc.edu/library/UW-1244</a> ).
---	---

Overall	3.00 GPA required.

## REQUIRED COURSES

Select a Named Option (p. 911) for courses required.

## NAMED OPTIONS

A named option is a formally documented sub-major within an academic major program. Named options appear on the transcript with degree conferral. Students pursuing the Master of Science in Human Ecology must select one of the following named options:

View as list View as grid

- HUMAN ECOLOGY: HUMAN ECOLOGY RESEARCH, M.S. ([HTTP://GUIDE.WISC.EDU/GRADUATE/HUMAN-ECOLOGY-SCHOOL-WIDE/HUMAN-ECOLOGY-MS/HUMAN-ECOLOGY-HUMAN-ECOLOGY-RESEARCH-MS/](http://guide.wisc.edu/graduate/human-ecology-school-wide/human-ecology-ms/human-ecology-human-ecology-research-ms/))
- HUMAN ECOLOGY: HUMAN ECOLOGY, M.S. (P. 911)

## POLICIES

Students should refer to one of the named options for policy information:

- Human Ecology (p. 911)
- Human Ecology Research (<http://guide.wisc.edu/graduate/human-ecology-school-wide/human-ecology-ms/human-ecology-human-ecology-research-ms/>)

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

### PROGRAM RESOURCES

The School of Human Ecology Graduate Program values the professional development of graduate students and provides financial awards to those who are invited to present at professional conferences/exhibits. The purpose of the support is to encourage participation in professional development, scholarly research, and/or creative endeavor and to help cover expenses not covered by other sources. Students may receive a maximum award of \$650 for travel (\$750 for international travel) to support conference participation in a single academic year. Students are encouraged to seek conference and travel funding from the Graduate School as a first step and apply for supplemental funds through SoHE as needed.

In addition, each academic department within the School of Human Ecology may offer additional professional development grant opportunities. See the program Events Calendar (<https://sohe.wisc.edu/>

[calendar-of-events/](#)) for the most up-to-date information on professional development opportunities.

## LEARNING OUTCOMES

1. Articulate, critique, or elaborate the theories, research methods, and approaches to inquiry or schools of practice in one's area of study.
2. Identify sources and assemble evidence pertaining to questions or challenges in the area of study.
3. Understand the social, political, ethical, and economic contexts of research and creative scholarship.
4. Compare and contrast multiple paradigms for describing reality (e.g., personal history, world view, philosophic tradition, discipline).
5. Understand the Human Ecology perspective by examining and explaining the relations among humans and their natural, social, and build environments using an interdisciplinary and transdisciplinary lens.
6. Select and/or utilize the most appropriate methodologies and practices.
7. Recognize the nature and significance of diversity as related to one's area of study.
8. Communicate clearly in ways appropriate to a variety of audiences.
9. Recognize and apply principles of ethical conduct.

## PEOPLE

Faculty:

## HUMAN ECOLOGY: HUMAN ECOLOGY, M.S.

This is a named option in the Human Ecology M.S. (p. 910)

The Master of Science in Human Ecology offers multi-disciplinary course work that focuses on current theories and strategies for creating, managing and evaluating settings that promote human and community development. Students are exposed to current research and practice

that integrates: (a) the promotion of human and family development with (b) perspectives on building effective organizations and sustainable communities. Students create their own “master’s specialization” through elective courses and the completion of a real-world capstone project. Specializations are designed so that students can name their expertise to prospective employers.

This program is intended as a terminal, applied degree. Students interested in a PhD, MFA or other graduate degrees in the School of Human Ecology (<https://sohe.wisc.edu/graduate-students/>) may apply separately to these programs.

The master’s program is geared toward students who are both new to the field and those who have had some direct practice, applied research, educational or advocacy experience. This M.S. degree can be completed in three semesters of full-time study or four or more semesters if students are part-time. The program prepares students for careers working in a wide range of settings including:

- Community-based organizations (family support, youth work, community organizing, social justice, intervention and prevention programs, consumer and financial coaching)
- Intermediary and “backbone” organizations (technical assistance providers, philanthropic foundations, applied research and evaluation organizations, capacity building providers, community-based economic development)
- Government agencies (child and family services, public health, legislative support)
- University outreach (Cooperative Extension, community partnerships and coalitions, public service, multicultural offices, academic support and education)

## ADMISSIONS

Please consult the table below for key information about this degree program’s admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program’s website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 1
Spring Deadline	The program does not admit in the spring.
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements ( <a href="https://grad.wisc.edu/apply/requirements/#english-proficiency">https://grad.wisc.edu/apply/requirements/#english-proficiency</a> ).
Other Test(s) (e.g., GMAT, MCAT)	n/a

Letters of Recommendation Required 3

## MASTER OF SCIENCE IN HUMAN ECOLOGY (HUMAN ECOLOGY NAMED OPTION)

To be considered for admission to the Master of Science in Human Ecology master’s program the department requires the following materials:

- Online application (<https://grad.wisc.edu/apply/>) indicating “Human Ecology MS” as your program selection
- \$75 application fee
- CV/Resume
- Unofficial transcripts or academic records from each institution attended (official transcripts will be required for students who receive an admission offer)
- Official TOEFL or Melab scores (International students only)
- Three letters of recommendation (Submitted electronically through your Graduate School application)
- Upload your Reasons for Graduate Study/Statement of Purpose. In your statement, please address:
  - Your reasons for studying or seeking a Master of Science in Human Ecology degree
  - Your relevant current or past work and volunteer experience
  - Your professional goals and plans after completing this program

Optional: Upload any other supporting documents that you believe enhance your application (e.g., honors, awards, GRE scores, writing sample, etc.)

Additional information is available here (<http://sohe.wisc.edu/ms/>).

## FUNDING

### GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

### PROGRAM RESOURCES

Funding opportunities for Human Ecology graduate students are available and made possible, in large part, by generous donations to SoHE. Every year, these funds are used to fund teaching or project assistantships, award academic excellence scholarships, and provide students doing their masters or doctoral research or final MFA project with conference travel scholarships and graduate research scholarships. See the School of Human Ecology Enrollment Policy on Funding Eligibility (<https://sohe.wisc.edu/graduate-students/academic-policies-forms-deadlines/full-time-enrollment-policy-for-funding-eligibility/>) and view current funding opportunities on our program website (<https://sohe.wisc.edu/graduate-students/funding/>) for more information.

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### NAMED OPTION REQUIREMENTS

#### MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students are able to complete a program with minimal disruptions to careers and other commitments.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW–Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

### CURRICULAR REQUIREMENTS

Requirements Detail	
Minimum Credit Requirement	32 credits
Minimum Residence Credit Requirement	16 credits
Minimum Graduate Coursework Requirement	16 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy ( <a href="https://policy.wisc.edu/library/UW-1244">https://policy.wisc.edu/library/UW-1244</a> ( <a href="https://policy.wisc.edu/library/UW-1244/">https://policy.wisc.edu/library/UW-1244/</a> )).
Overall Graduate GPA Requirement	3.00 GPA required. This program follows the Graduate School's GPA Requirement policy ( <a href="https://policy.wisc.edu/library/UW-1203">https://policy.wisc.edu/library/UW-1203</a> ( <a href="https://policy.wisc.edu/library/UW-1203/">https://policy.wisc.edu/library/UW-1203/</a> )).
Other Grade Requirements	n/a
Assessments and Examinations	No additional assessments and examinations.

Language Requirements No language requirements.

### REQUIRED COURSES

Code	Title	Credits
<b>Understanding and Translating Research</b>		<b>3</b>
<b>Content and Theory</b>		<b>8</b>
<i>Select courses from any SoHE department (CNSR SCI, CSCS, DS, HDFS, or INTER-HE); must include INTER-HE 801</i>		
<b>Area of Specialization</b>		<b>9</b>
<i>Based on one's professional interests and specific career goals, students develop their own specialization by taking three courses of their own choosing</i>		
<b>Professional Skills</b>		<b>9</b>
<i>Choose from among the INTER-HE 815 Professional Skills for Community Leaders and Practitioners courses and other courses as approved by Faculty Program Director</i>		
<b>Capstone Project</b>		<b>3</b>
INTER-HE 980	Capstone Seminar <sup>1</sup>	
<b>Total Credits</b>		<b>32</b>

1

Students typically take 1 capstone seminar credit in their second-to-last semester and 2 capstone seminar credits in their final semester; alternative approaches can be made with the approval of the Faculty Program Director.

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

### NAMED OPTION-SPECIFIC POLICIES

#### PRIOR COURSEWORK

##### Graduate Work from Other Institutions

With program approval, students are allowed to count up to 9 credits of graduate coursework taken at other institutions. Prior coursework taken at other institutions may not be used to satisfy the minimum graduate residence credit requirement. Credits earned five or more years prior to admission to a master's degree are not allowed to satisfy requirements.

##### UW–Madison Undergraduate

With program approval, up to 7 credits numbered 300 or above from a UW–Madison undergraduate degree are allowed to count toward degree credit; undergraduate courses must be numbered 700 or above to count toward the minimum graduate coursework requirement. No undergraduate coursework may count toward the graduate residence requirement.

##### UW–Madison University Special

With program approval, students are allowed to count up to 9 credits of graduate coursework taken as a UW–Madison Special student. Coursework must be numbered 300 or above for residence and degree

credit requirement and 700 or above for minimum graduate coursework (50%) requirement. Credits earned five or more years prior to admission to a master's degree are not allowed to satisfy requirements. Use of Special student credit may require payment of tuition difference.

## PROBATION

This program follows the Graduate School's Probation policy. (<https://policy.wisc.edu/library/UW-1217/>)

## ADVISOR / COMMITTEE

This program follows the Graduate School's Advisor policy (<https://policy.wisc.edu/library/UW-1232/>) and the Graduate School's Committees policy (<https://policy.wisc.edu/library/UW-1201/>).

## CREDITS PER TERM ALLOWED

12 credits

## TIME LIMITS

This program follows the Graduate School's Time Limits policy. (<https://policy.wisc.edu/library/UW-1221/>)

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
  - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeeabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Any student who feels that he or she has been treated unfairly by a Human Ecology faculty or staff member has the right to complain about the treatment and to receive a prompt hearing of the grievance, following the grievance procedures outlined below. To ensure a prompt and fair hearing of any complaint, and to protect both the rights of the student

and the person at whom the complaint is addressed, the procedures below are used in the School of Human Ecology.

The person whom the complaint is directed against must be an employee of the School of Human Ecology. Any graduate student or graduate applicant may use these procedures unless the complaint is covered by other campus rules or contracts.

Note: These procedures do not cover appeals of admissions decisions or other decisions made by departmental or Human Ecology committees. For information on appeals of decisions, students should contact the chair of the committee or the chair of the department that made the decision.

## Contacts

**Civil Society and Community Studies:** Brian McInnes (<https://sohe.wisc.edu/staff/brian-mcinnis/>) (Graduate Program Chair), Cynthia Jasper (<http://sohe.wisc.edu/staff/cynthia-jasper/>) (Department Chair)

**Consumer Science:** J. Michael Collins (<https://sohe.wisc.edu/staff/j-michael-collins/>) (Graduate Program Chair), Nancy Wong (<http://sohe.wisc.edu/staff/nancy-wong/>) (Department Chair)

**Design Studies:** Jung-hye Shin (<https://sohe.wisc.edu/staff/jung-hye-shin/>) (Graduate Program Chair), Roberto Rengel (<http://sohe.wisc.edu/staff/roberto-rengel/>) (Department Chair)

**Human Development and Family Studies:** Kristin Litzelman (<https://sohe.wisc.edu/staff/kristin-litzelman/>) (Graduate Program Chair), Janean Dilworth-Bart (<https://sohe.wisc.edu/staff/janean-dilworth-bart-2/>) (Department Chair)

**Master of Science in Human Ecology:** Sarah Halpern-Meekin (<https://sohe.wisc.edu/staff/sarah-halpern-meekin/>) (Graduate Program Chair)

Students are encouraged to keep written documentation of their experience of unfair treatment both before and during the grievance proceedings.

## Graduate Student Grievance Procedures

**STEP 1.** The student should first consider talking directly with the person(s) against whom the grievance is directed.

Some issues can be settled at this level, and some cannot be. Although students are encouraged to talk directly with the person(s) involved, we recognize that this may not always be possible. If the complaint cannot be resolved satisfactorily by talking with the person(s) involved, the student may continue to **Step 2**.

NOTE: In cases of sexual harassment, sexual misconduct, or racial discrimination, students may choose to bypass these procedures and report the conduct directly to either of the following offices:

- SoHE Human Resources Manager: Nancy Andrews (<https://sohe.wisc.edu/staff/nancy-andrews/>)
- The Office for Equity and Diversity (<http://oed.wisc.edu/>) (179-A Bascom Hall, 608-263-2378, Wisconsin Telecommunications Relay Service: 7-1-1)

**STEP 2.** Does the complaint involve someone in a Human Ecology academic department (Civil Society and Community Studies, Consumer Science, Design Studies, and Human Development & Family Studies)?

- **Yes:** The student should contact the chair of the department. The student will submit the grievance to the chair in writing. This must be done within 60 calendar days of the alleged unfair treatment. The department chair will refer the matter to the department's Graduate Program Committee or to another appropriate departmental committee (standing or ad hoc) for review. The committee will share the student's written complaint with the person at whom the complaint is directed, and will obtain a written response from this person. This response will be shared with the student filing the grievance. The committee chair will provide a timely written decision to the student on the action taken by the committee (the departmental decision). If either party is unwilling to accept the departmental decision, the department chair will refer the matter to the Associate Dean for Graduate Studies (see contact information below). The Associate Dean will bring the grievance to the Human Ecology Graduate Program Council for review. (NOTE: if the grievance is against the department chair, the written complaint should be referred to the chair of the department's graduate program committee; contact information given below.)
- **No:** The student should contact the Associate Dean for Graduate Studies. (<https://sohe.wisc.edu/staff/connie-flanagan/>) The student will submit the grievance to the Associate Dean in writing. This must be done within 60 calendar days of the alleged unfair treatment. The Associate Dean will refer the grievance to the Human Ecology Graduate Program Council for review.

### STEP 3. Human Ecology Graduate Program Council review.

To ensure fairness, the Graduate Program Council chair may appoint a subcommittee to review the complaint (e.g., excluding faculty from the student's department). The Graduate Program Council may ask for additional information from the parties involved and may hold a hearing at which both parties will be asked to speak separately in closed session. The Graduate Program Council will then make a written recommendation to the Associate Dean who will render a decision and submit it to the Dean of the School for final approval. The Associate Dean will provide the Dean's final decision in writing to the student and to the person against whom the grievance was filed. Unless a longer time is mutually agreed upon by the individuals involved, this written decision shall be made within 30 working days from the date when the written grievance was filed with the Associate Dean's Office.

Students not willing to accept the final decision of the Dean may appeal to the Graduate School (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

Questions about these procedures can be directed to Connie Flanagan, Associate Dean for Graduate Studies (<https://sohe.wisc.edu/staff/connie-flanagan/>).

State law contains provisions regarding discrimination and harassment. Wisconsin Statutes 36.12 reads, in part:

"No student may be denied admission to, participation in or the benefits of, or be discriminated against in any service, program, course or facility of the system or its institutions or centers because of the student's race, color, creed, religion, sex, national origin, disability, ancestry, age, sexual orientation, pregnancy, marital status or parental status."

In addition, the UW-System prohibits discrimination based on gender identity or gender expression.

Students have the right to file discrimination and harassment complaints with the Office for Equity and Diversity (<https://>

[employee.disabilities.wisc.edu/](https://employee.disabilities.wisc.edu/)), 179-A Bascom Hall, 263-2378, Wisconsin Telecommunications Relay Service: 7-1-1

## OTHER

Additional school-wide policies are available here (<https://sohe.wisc.edu/graduate-students/academic-policies-forms-deadlines/>).

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

### PROGRAM RESOURCES

The School of Human Ecology Graduate Program values the professional development of graduate students and provides financial awards to those who are invited to present at professional conferences/exhibits. The purpose of the support is to encourage participation in professional development, scholarly research, and/or creative endeavor and to help cover expenses not covered by other sources. Students may receive a maximum award of \$650 for travel (\$750 for international travel) to support conference participation in a single academic year. Students are encouraged to seek conference and travel funding from the Graduate School as a first step and apply for supplemental funds through SoHE as needed.

In addition, each academic department within the School of Human Ecology may offer additional professional development grant opportunities. See the program Events Calendar (<https://sohe.wisc.edu/calendar-of-events/>) for the most up-to-date information on professional development opportunities.

## PEOPLE

### Faculty:

#### **CIVIL SOCIETY AND COMMUNITY STUDIES (CIVIL SOCIETY AND COMMUNITY RESEARCH)**

Carolee Dodge Francis, Jennifer Gaddis, Leah Horowitz, Cynthia Jasper, Kasey Keeler, Brian McInnes, Carolina Sarmiento

#### **CONSUMER SCIENCE (CONSUMER BEHAVIOR & FAMILY ECONOMICS)**

Lydia Ashton, Judi Bartfeld, Megan Doherty Bea, J. Michael Collins, Melody Harvey, Cynthia Jasper, Cliff Robb, Nancy Wong, Yiwei Zhang

#### **DESIGN STUDIES**

Jennifer Angus, Sarah Anne Carter, Wei Dong, Marianne Fairbanks, Mary Hark, Carolyn Kallenborn, Marina Moskowitz, Kevin Ponto, Jung-hye Shin, Uchita Vaid

#### **HUMAN DEVELOPMENT AND FAMILY STUDIES**

Janean Dilworth-Bart, Larissa Duncan, Sarah Halpern-Meeke, Sigan Hartley, Margaret Kerr, Heather Kirkorian, Robert Nix, Lauren Papp, Julie Poehlmann-Tynan, Charles Raison, Alvin Thomas

# HUMAN ECOLOGY, MFA

The focus of the MFA degree is on creative performance in design. Its goals are to promote strong and creative conceptual thinking, exploration, interpretation, innovation, and overall excellence in design execution.

Students interested in the MFA should refer to the named option in Design Studies (p. 917).

## ADMISSIONS

Students apply to the MFA in Human Ecology through its named option:

- Design Studies (p. 918)

## FUNDING

### GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

### PROGRAM RESOURCES

Funding opportunities for Human Ecology graduate students are available and made possible, in large part, by generous donations to SoHE. Every year, these funds are used to fund teaching or project assistantships, award academic excellence scholarships, and provide students doing their masters or doctoral research or final MFA project with conference travel scholarships and graduate research scholarships. See the School of Human Ecology Enrollment Policy on Funding Eligibility (<https://sohe.wisc.edu/graduate-students/academic-policies-forms-deadlines/full-time-enrollment-policy-for-funding-eligibility/>) and view current funding opportunities on our program website (<https://sohe.wisc.edu/graduate-students/funding/>) for more information.

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### MAJOR REQUIREMENTS CURRICULAR REQUIREMENTS

#### Requirements Detail

Minimum Credit Requirement 60 credits

Minimum Residence Credit Requirement 24 credits

Minimum Graduate Coursework Requirement Half of degree coursework (30 credits out of 60 total credits) must be completed graduate-level coursework; courses with the Graduate Level Coursework attribute are identified and searchable in the university's Course Guide.

Overall Graduate GPA Requirement 3.00 GPA required.

Other Grade Requirements The Graduate School requires an average grade of B or better in all coursework (300 or above, not including research credits) taken as a graduate student unless conditions for probationary status require higher grades. Grades of Incomplete are considered to be unsatisfactory if they are not removed during the next enrolled semester.

Assessments and Examinations Before beginning substantial work on their thesis, all MFA students must receive approval of their thesis proposal from their MFA committee after satisfactorily completing at least three full-time semesters of coursework and passing the MFA Interim Qualifier. The thesis proposal is intended to describe the creative work or project that will be at the core of the thesis, to demonstrate the student's broad knowledge in areas that relate to their thesis, to explain how their work or project relates to the work of other designers and artists, to demonstrate their awareness of relevant theories and methods as reflected in their literature review, to explain their methods and materials, and to outline a detailed schedule for the completion of the thesis.

Upon approval of their thesis proposal, students are expected to register for 9 credits that will represent thesis writing and production. These credits are generally research and thesis credits, independent studies, or required seminars; they must be at the 500 level or above.

All MFA students are required to present their work at least once per academic year in a Group Review Session attended by faculty and the other MFA students. First year students can present their work that they submitted for their application, or work from a course that they have taken. Second year students should present work from their Focus Area student work, or their advanced General Studio work. Third-year students should present their thesis work in progress.

The Group Review Sessions have several goals.

- \*Enable MFA students to see what other MFA students are working on.
- \*Enable the MFA faculty as a whole to see what all of the MFA students are working on.
- \*Enable MFA students to receive constructive review of their work.
- \*Enable MFA students to gain experience critiquing and receiving critique.
- \*Enable MFA students to gain experience presenting their work.

All MFA students are required to successfully prepare and present a thesis that includes a studio component, a written component, and an oral defense. These are Research and Thesis credits with the student's advisor.

Language Requirements	n/a
Doctoral Minor/Breadth Requirements	All doctoral students are required to complete a minor.

## REQUIRED COURSES

Select a Named Option (p. 917) for courses required.

## NAMED OPTIONS

A named option is a formally documented sub-major within an academic major program. Named options appear on the transcript with degree conferral. Students pursuing the Master of Fine Arts in Human Ecology must select the following named option:

View as listView as grid

- HUMAN ECOLOGY: DESIGN STUDIES, MFA (P. 917)

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

### PROGRAM RESOURCES

The School of Human Ecology Graduate Program values the professional development of graduate students and provides financial awards to those who are invited to present at professional conferences/exhibits. The purpose of the support is to encourage participation in professional development, scholarly research, and/or creative endeavor and to help cover expenses not covered by other sources. Students may receive a maximum award of \$650 for travel (\$750 for international travel) to support conference participation in a single academic year. Students are encouraged to seek conference and travel funding from the Graduate School as a first step and apply for supplemental funds through SoHE as needed.

In addition, each academic department within the School of Human Ecology may offer additional professional development grant opportunities. See the program Events Calendar (<https://sohe.wisc.edu/calendar-of-events/>) for the most up-to-date information on professional development opportunities.

## LEARNING OUTCOMES

1. Articulate challenges, frontiers and limits with respect to theory, knowledge or practice within the area of study.
2. Formulate ideas, concepts, designs, and/or techniques beyond the current boundaries of knowledge within one's area of study.
3. Create research, scholarship or performance that makes a substantive contribution to one's field.
4. Foster ethical conduct and professional guidelines.

## POLICIES

Students should refer to the named option for policy information:

- Design Studies (p. 918)

## PEOPLE

Faculty:

### **CIVIL SOCIETY AND COMMUNITY STUDIES (CIVIL SOCIETY AND COMMUNITY RESEARCH)**

Carolee Dodge Francis, Jennifer Gaddis, Leah Horowitz, Cynthia Jasper, Kasey Keeler, Brian McInnes, Carolina Sarmiento

### **CONSUMER SCIENCE (CONSUMER BEHAVIOR & FAMILY ECONOMICS)**

Lydia Ashton, Judi Bartfeld, Megan Doherty Bea, J. Michael Collins, Melody Harvey, Cynthia Jasper, Cliff Robb, Nancy Wong, Yiwei Zhang

### **DESIGN STUDIES**

Jennifer Angus, Sarah Anne Carter, Wei Dong, Marianne Fairbanks, Mary Hark, Carolyn Kallenborn, Marina Moskowitz, Kevin Ponto, Jung-hye Shin, Uchita Vaid

### **HUMAN DEVELOPMENT AND FAMILY STUDIES**

Janean Dilworth-Bart, Larissa Duncan, Sarah Halpern-Meeke, Sigan Hartley, Margaret Kerr, Heather Kirkorian, Robert Nix, Lauren Papp, Julie Pohlmann-Tynan, Charles Raison, Alvin Thomas

## HUMAN ECOLOGY: DESIGN STUDIES, MFA

This is the only named option within the Human Ecology, MFA (p. 916). Students interested in the Human Ecology, MFA should apply directly to this Human Ecology: Design Studies, MFA named option.

The focus of the MFA degree is on creative performance in design. Its goals are to promote strong and creative conceptual thinking, exploration, interpretation, innovation, and overall excellence in design execution.

### SPECIALIZATIONS

Students typically focus their work in one of two general areas:

- *Textile and Fashion Design (TFD)*: TFD students focus on the conceptual, technical, and aesthetic possibilities of textiles and clothing.
- *Interior Architecture (IA)*: IA students typically concentrate on the innovative application of aesthetic, conceptual, and expressive design strategies in interior environments.

There are many students who may work across these areas or have an even more idiosyncratic integrative focus. In every case, students formulate a plan of study to suit their individual needs.

The course of study requires the completion of a minimum of 60 credits and includes a substantial studio work component. The curriculum seeks

to create a foundation with flexibility to fit student needs. Interested students can view course requirements on this page. (p. 918)

## ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	January 1
Spring Deadline	The program does not admit in the spring.
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements ( <a href="https://grad.wisc.edu/apply/requirements/#english-proficiency">https://grad.wisc.edu/apply/requirements/#english-proficiency</a> ).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

Applications are accepted once per year for fall admission and are due by the first Monday in January of the same calendar year for which the student is applying.

Applicants must apply online and pay the required application fee to the Graduate School. Applicants must meet all Graduate School requirements including a bachelor's degree from an accredited institution and an undergraduate GPA of 3.0 or higher (on a 4.0 scale).

### REQUIRED ADMISSION MATERIALS

- Online application (<https://grad.wisc.edu/apply/>) indicating "Human Ecology MFA–Design Studies" as your program selection
- \$75 application fee
- CV/resume
- Unofficial transcripts or academic records from each institution attended (official transcripts will be required for students who receive an admission offer)
- Official TOEFL or Melab score (International students only)
- Three letters of recommendation (submitted electronically through your Graduate School application)
- Uploaded Statement of Purpose/Reasons for Graduate Study

Submit to the School of Human Ecology:

- Portfolio
  - All MFA applicants must submit a digital portfolio for review. The portfolio should contain no more than 20 images/pages and there is a 5 MB file size limit for each image or page. Applicants will be able to upload portfolios to the University of Wisconsin's Box cloud storage system. Digital folders will be created for applicants within 48–72 hours after their electronic application has been received by UW–Madison's Graduate School. Please contact the SoHE Graduate Program Coordinator for more information.

Additional information is available here (<http://sohe.wisc.edu/mfa/>).

## FUNDING

### GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

### PROGRAM RESOURCES

Funding opportunities for Human Ecology graduate students are available and made possible, in large part, by generous donations to SoHE. Every year, these funds are used to fund teaching or project assistantships, award academic excellence scholarships, and provide students doing their masters or doctoral research or final MFA project with conference travel scholarships and graduate research scholarships. See the School of Human Ecology Enrollment Policy on Funding Eligibility (<https://sohe.wisc.edu/graduate-students/academic-policies-forms-deadlines/full-time-enrollment-policy-for-funding-eligibility/>) and view current funding opportunities on our program website (<https://sohe.wisc.edu/graduate-students/funding/>) for more information.

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### NAMED OPTION REQUIREMENTS

#### MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students are able to complete a program with minimal disruptions to careers and other commitments.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business

schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

### Requirements Detail

Minimum Credit Requirement 60 credits

Minimum Residence Credit Requirement 24 credits

Minimum Graduate Coursework Requirement Half of degree coursework (30 credits out of 60 total credits) must be completed graduate-level coursework; courses with the Graduate Level Coursework attribute are identified and searchable in the university's Course Guide.

Overall Graduate GPA Requirement 3.00 GPA required.

Other Grade Requirements The Graduate School requires an average grade of B or better in all coursework (300 or above, not including research credits) taken as a graduate student unless conditions for probationary status require higher grades. Grades of Incomplete are considered to be unsatisfactory if they are not removed during the next enrolled semester.

**Assessments and Examinations** Before beginning substantial work on their thesis, all MFA students must receive approval of their thesis proposal from their MFA committee after satisfactorily completing at least three full-time semesters of coursework and passing the MFA Interim Qualifier. The thesis proposal is intended to describe the creative work or project that will be at the core of the thesis, to demonstrate the student's broad knowledge in areas that relate to their thesis, to explain how their work or project relates to the work of other designers and artists, to demonstrate their awareness of relevant theories and methods as reflected in their literature review, to explain their methods and materials, and to outline a detailed schedule for the completion of the thesis.

Upon approval of their thesis proposal, students are expected to register for 9 credits that will represent thesis writing and production. These credits are generally research and thesis credits, independent studies, or required seminars; they must be at the 500 level or above.

All MFA students are required to present their work at least once per academic year in a Group Review Session attended by faculty and the other MFA students. First year students can present their work that they submitted for their application, or work from a course that they have taken. Second year students should present work from their Focus Area student work, or their advanced General Studio work. Third-year students should present their thesis work in progress.

The Group Review Sessions have several goals.

- \*Enable MFA students to see what other MFA students are working on.
- \*Enable the MFA faculty as a whole to see what all of the MFA students are working on.
- \*Enable MFA students to receive constructive review of their work.
- \*Enable MFA students to gain experience critiquing and receiving critique.
- \*Enable MFA students to gain experience presenting their work.

All MFA students are required to successfully prepare and present a thesis that includes a studio component, a written component, and an oral defense. These are Research and Thesis credits with the student's advisor.

**Language Requirements** Contact the program for information on any language requirements.

**Doctoral Minor/Breadth Requirements** All doctoral students are required to complete a minor.

## REQUIRED COURSES

Code	Title	Credits
------	-------	---------

### Pre-MFA Preparation Courses <sup>1</sup>

Pre-MFA preparation courses vary by area of study and may include, but are not limited to, the following courses:

*Textile and Fashion Design*

Textile and/or Fashion History

*Interior Architecture*

DS 241	Visual Communication I
DS 451	Color Theory and Technology
DS 222	Interior Design I
DS 322	Interior Design II

**Core Courses**<sup>2</sup> **18**

As much as possible within their first two years, all MFA students will be expected to enroll in 18-21 credits distributed among the following Core Courses:

INTER-HE 801	Special Topics in Human Ecology (Select topic: Theories and Perspectives in Human Ecology)
--------------	--

*Methods and Theory in Design and Culture*

DS/ANTHRO/ ART HIST/ HISTORY/ LAND ARC 764	Dimensions of Material Culture
---	--------------------------------

Choose at least one additional course. Suggestions include:

DS 642	Taste (Recommended)
ART 700	Introduction to Graduate Studies in Art
ART HIST 703	Curatorial Studies Colloquium

*Seminar Courses*

DS 920	Seminar in Design Studies
--------	---------------------------

At least one additional seminar course

*History and Criticism*

ART 508	Colloquium in Art
---------	-------------------

Choose from among the following courses:

Any Art History or Design Studies course focusing on history, 500 level or above	
ART HIST/ AFROAMER 801	Historiography, Theory and Methods in Visual Culture
ART HIST/ AFROAMER 802	Visual Cultures: Topics in Visual Cultures
Non-Studio Academic Coursework-Graduate Student Instructor Course <sup>3</sup>	

**General Studio Work**<sup>4</sup> **9**

*Required Courses (Interior Architecture concentration only. May be waived for students with substantial portfolios.)*

DS 623	Interior Design IV
DS 626	Interior Design V

Recommended courses include:

ART 409	Digital Fabrication Studio
ART 511	Art Performance
ART 521	Installations and Environments
ART 570	Advanced Topics in 4D Art
ART 660	Art and Technology
HISTORY 301	History at Work: History Internship Seminar

Other courses at the 500 level or above in Art or Landscape Architecture

**Focus Area Studio Work**<sup>5</sup> **15****Interim MFA Qualifier**<sup>6</sup> **3****Preparation of Final Thesis** **9****Final Thesis** **6****Total Credits** **60**

1

Particularly in the Interior Architecture track, students may have graduated from an undergraduate program that did not comprehensively prepare them for the level of studio work in the MFA program. However, promising applicants who do not have sufficient educational background may be admitted, under the condition that he or she take pre-MFA preparation courses; if the student satisfactorily completes a pre-MFA series of courses with a 3.3 GPA or above, the student may subsequently advance to full MFA student status. Students will work closely with their major faculty advisor to determine appropriate pre-MFA preparation courses.

2

The MFA Core Course curriculum offers an opportunity for all Design Studies students to establish a body of knowledge in theories, creative practices, and seminars relevant to studio based inquiry. The core curriculum also includes specialized training in instruction and pedagogy; this is requisite for graduate teaching assistant duties (often a source of MFA student funding), and useful for students who wish to pursue academic careers. A student who is assigned to a teaching assistantship at the time of admission may take the course(s) during their first semester while fulfilling teaching assistant duties.

3

Choose from: [delta.wisc.edu/Courses\\_and\\_Programs/courses\\_and\\_programs\\_overview.html](http://delta.wisc.edu/Courses_and_Programs/courses_and_programs_overview.html) ([http://www.delta.wisc.edu/Courses\\_and\\_Programs/courses\\_and\\_programs\\_overview.html](http://www.delta.wisc.edu/Courses_and_Programs/courses_and_programs_overview.html))

4

The general studio work provides students with an overview of studio practices that will be the foundation for their Focus Area Studio work, the Qualifier and the Thesis. Students are encouraged to take courses that are offered both inside and outside the Design Studies Department to develop an interdisciplinary framework for their MFA work.

The core curriculum also includes an independent study that will facilitate the production of the Interim MFA Qualifier. MFA students are expected to develop a strong foundation in studio-based inquiry. Students in the Interior Architecture track are strongly encouraged to take both DS 623 Interior Design IV and DS 626 Interior Design V, with the addition of project components tailored to each student's Focus Area. All students are encouraged to take DS 570 Design and Fashion Event Management.

5

All MFA students, in consultation with their advisor, define a focus area that will help prepare them for their Interim MFA Qualifier and Thesis Proposal. This focus builds on their General Studio Work. Students often do studio work in their focus area as independent studies (DS 699 Independent Study) with appropriate faculty members.

6

The Interim MFA Qualifier (Qualifier) is part of the Core Course requirements for every MFA student, and must be successfully completed prior to receiving final approval of the thesis proposal. The Qualifier provides students with an opportunity to create and present a studio-based project in their area of specialization in preparation for their final thesis. While limited in scope, the project should be comparable to the final thesis in terms of its creative and intellectual tone and quality. The project could be an exhibition that includes some elements that are integrated into a final thesis exhibition (most common for students in the Textile and Fashion Design track), or it could be a presentation and formal dissemination of a pilot design project that serves as a case study for the final thesis (most common for students in the Interior Architecture track). Students are encouraged to disseminate the project broadly, seeking out visibly prominent public venues, incorporating online versions, or presenting at conferences or in design competitions.

The Interim MFA Qualifier may be based on work completed as part of any UW graduate studio course, as well as from independent studies. Students typically enroll in an independent study (DS 699 Independent Study) with their major advisor to complete the Qualifier. The Qualifier must be reviewed and approved by the student's major advisor, in consultation with the student's thesis committee. The project must receive a passing grade in order for the student to receive final approval of their thesis proposal.

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

### NAMED OPTION-SPECIFIC POLICIES

#### PRIOR COURSEWORK

##### Graduate Work from Other Institutions

With program approval, students are allowed to count up to 20 credits of graduate coursework taken at other institutions or as a UW–Madison Special student (with a maximum of 9 special student credits as part of the 20). Prior coursework taken at other institutions may not be used to satisfy the minimum graduate residence credit requirement. Credits earned five or more years prior to admission to an MFA degree are not allowed to satisfy requirements.

##### UW–Madison Undergraduate

With program approval, up to 7 credits numbered 300 or above from a UW–Madison undergraduate degree are allowed to count toward degree credit; undergraduate courses must be numbered 700 or above to count toward the minimum graduate coursework requirement. No undergraduate coursework may count toward graduate residence requirement.

##### UW–Madison University Special

With program approval, students are allowed to count up to 20 credits of graduate coursework taken at other institutions or as a UW–Madison Special student (with a maximum of 9 special student credits as part of the 20). Special student coursework must be numbered 300 or above

for residence and degree credit and 700 or above for minimum graduate coursework (50%) credit.

Credits earned five or more years prior to admission to an MFA degree are not allowed to satisfy requirements. Use of Special student credit may require payment of tuition difference.

### PROBATION

The Graduate School regularly reviews the record of any student who earned grades of BC, C, D, F, or Incomplete in a graduate course (300 or above), or grade of U in research credits. This review could result in academic probation with a hold on future enrollment or in being suspended from the Graduate School.

### ADVISOR / COMMITTEE

Every graduate student is required to have an advisor. An advisor is a faculty member, or sometimes a committee, from the major department responsible for providing advice regarding graduate studies. An advisor generally serves as the thesis advisor. In many cases, an advisor is assigned to incoming students. Students can be suspended from the Graduate School if they do not have an advisor.

To ensure that students are making satisfactory progress toward a degree, the Graduate School expects them to meet with their advisor on a regular basis.

A committee often accomplishes advising for the students in the early stages of their studies.

### CREDITS PER TERM ALLOWED

12 credits

### TIME CONSTRAINTS

Master's degree students who have been absent for five or more consecutive years lose all credits that they have earned before their absence. Individual programs may count the coursework students completed prior to their absence for meeting program requirements; that coursework may not count toward Graduate School credit requirements.

### GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
  - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)

- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Any student who feels that he or she has been treated unfairly by a Human Ecology faculty or staff member has the right to complain about the treatment and to receive a prompt hearing of the grievance, following the grievance procedures outlined below. To ensure a prompt and fair hearing of any complaint, and to protect both the rights of the student and the person at whom the complaint is addressed, the procedures below are used in the School of Human Ecology.

The person whom the complaint is directed against must be an employee of the School of Human Ecology. Any graduate student or graduate applicant may use these procedures unless the complaint is covered by other campus rules or contracts.

Note: These procedures do not cover appeals of admissions decisions or other decisions made by departmental or Human Ecology committees. For information on appeals of decisions, students should contact the chair of the committee or the chair of the department that made the decision.

## Contacts

**Civil Society and Community Studies:** Brian McInnes (<https://sohe.wisc.edu/staff/brian-mcinnis/>) (Graduate Program Chair), Cynthia Jasper (<http://sohe.wisc.edu/staff/cynthia-jasper/>) (Department Chair)

**Consumer Science:** J. Michael Collins (<https://sohe.wisc.edu/staff/j-michael-collins/>) (Graduate Program Chair), Nancy Wong (<http://sohe.wisc.edu/staff/nancy-wong/>) (Department Chair)

**Design Studies:** Jung-hye Shin (<https://sohe.wisc.edu/staff/jung-hye-shin/>) (Graduate Program Chair), Roberto Rengel (<http://sohe.wisc.edu/staff/roberto-rengel/>) (Department Chair)

**Human Development and Family Studies:** Kristin Litzelman (<https://sohe.wisc.edu/staff/kristin-litzelman/>) (Graduate Program Chair), Janean Dilworth-Bart (<https://sohe.wisc.edu/staff/janean-dilworth-bart-2/>) (Department Chair)

**Master of Science in Human Ecology:** Sarah Halpern-Meeke (<https://sohe.wisc.edu/staff/sarah-halpern-meeke/>) (Graduate Program Chair)

Students are encouraged to keep written documentation of their experience of unfair treatment both before and during the grievance proceedings.

## Graduate Student Grievance Procedures

**STEP 1.** The student should first consider talking directly with the person(s) against whom the grievance is directed.

Some issues can be settled at this level, and some cannot be. Although students are encouraged to talk directly with the person(s) involved, we recognize that this may not always be possible. If the complaint cannot be resolved satisfactorily by talking with the person(s) involved, the student may continue to **Step 2**.

NOTE: In cases of sexual harassment, sexual misconduct, or racial discrimination, students may choose to bypass these procedures and report the conduct directly to either of the following offices:

- SoHE Human Resources Manager: Nancy Andrews (<https://sohe.wisc.edu/staff/nancy-andrews/>)
- The Office for Equity and Diversity (<http://oed.wisc.edu/>) (179-A Bascom Hall, 608-263-2378, Wisconsin Telecommunications Relay Service: 7-1-1)

**STEP 2.** Does the complaint involve someone in a Human Ecology academic department (Civil Society and Community Studies, Consumer Science, Design Studies, and Human Development & Family Studies)?

- **Yes:** The student should contact the chair of the department. The student will submit the grievance to the chair in writing. This must be done within 60 calendar days of the alleged unfair treatment. The department chair will refer the matter to the department's Graduate Program Committee or to another appropriate departmental committee (standing or ad hoc) for review. The committee will share the student's written complaint with the person at whom the complaint is directed, and will obtain a written response from this person. This response will be shared with the student filing the grievance. The committee chair will provide a timely written decision to the student on the action taken by the committee (the departmental decision). If either party is unwilling to accept the departmental decision, the department chair will refer the matter to the Associate Dean for Graduate Studies (see contact information below). The Associate Dean will bring the grievance to the Human Ecology Graduate Program Council for review. (NOTE: if the grievance is against the department chair, the written complaint should be referred to the chair of the department's graduate program committee; contact information given below.)
- **No:** The student should contact the Associate Dean for Graduate Studies. (<https://sohe.wisc.edu/staff/connie-flanagan/>) The student will submit the grievance to the Associate Dean in writing. This must be done within 60 calendar days of the alleged unfair treatment. The Associate Dean will refer the grievance to the Human Ecology Graduate Program Council for review.

**STEP 3.** Human Ecology Graduate Program Council review.

To ensure fairness, the Graduate Program Council chair may appoint a subcommittee to review the complaint (e.g., excluding faculty from the student's department). The Graduate Program Council may ask for additional information from the parties involved and may hold a hearing at which both parties will be asked to speak separately in closed session. The Graduate Program Council will then make a written recommendation to the Associate Dean who will render a decision and submit it to the Dean of the School for final approval. The Associate Dean will provide the Dean's final decision in writing to the student and to the person against whom the grievance was filed. Unless a longer time is mutually agreed upon by the individuals involved, this written decision shall be made within 30 working days from the date when the written grievance was filed with the Associate Dean's Office.

Students not willing to accept the final decision of the Dean may appeal to the Graduate School (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

Questions about these procedures can be directed to Connie Flanagan, Associate Dean for Graduate Studies (<https://sohe.wisc.edu/staff/connie-flanagan/>).

State law contains provisions regarding discrimination and harassment. Wisconsin Statutes 36.12 reads, in part:

“No student may be denied admission to, participation in or the benefits of, or be discriminated against in any service, program, course or facility of the system or its institutions or centers because of the student’s race, color, creed, religion, sex, national origin, disability, ancestry, age, sexual orientation, pregnancy, marital status or parental status.”

In addition, the UW-System prohibits discrimination based on gender identity or gender expression.

Students have the right to file discrimination and harassment complaints with the Office for Equity and Diversity (<https://employee disabilities.wisc.edu/>), 179-A Bascom Hall, 263-2378, Wisconsin Telecommunications Relay Service: 7-1-1

## PROFESSIONAL DEVELOPMENT

## GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School’s professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

## PROGRAM RESOURCES

The School of Human Ecology Graduate Program values the professional development of graduate students and provides financial awards to those who are invited to present at professional conferences/exhibits. The purpose of the support is to encourage participation in professional development, scholarly research, and/or creative endeavor and to help cover expenses not covered by other sources. Students may receive a maximum award of \$650 for travel (\$750 for international travel) to support conference participation in a single academic year. Students are encouraged to seek conference and travel funding from the Graduate School as a first step and apply for supplemental funds through SoHE as needed.

In addition, each academic department within the School of Human Ecology may offer additional professional development grant opportunities. See the program Events Calendar (<https://sohe.wisc.edu/calendar-of-events/>) for the most up-to-date information on professional development opportunities.

## PEOPLE

### Faculty:

## **CIVIL SOCIETY AND COMMUNITY STUDIES (CIVIL SOCIETY AND COMMUNITY RESEARCH)**

Carolee Dodge Francis, Jennifer Gaddis, Leah Horowitz, Cynthia Jasper, Kasey Keeler, Brian McInnes, Carolina Sarmiento

## **CONSUMER SCIENCE (CONSUMER BEHAVIOR & FAMILY ECONOMICS)**

Lydia Ashton, Judi Bartfeld, Megan Doherty Bea, J. Michael Collins, Melody Harvey, Cynthia Jasper, Cliff Robb, Nancy Wong, Yiwei Zhang

## **DESIGN STUDIES**

Jennifer Angus, Sarah Anne Carter, Wei Dong, Marianne Fairbanks, Mary Hark, Carolyn Kallenborn, Marina Moskowitz, Kevin Ponto, Jung-hye Shin, Uchita Vaid

## **HUMAN DEVELOPMENT AND FAMILY STUDIES**

Janean Dilworth-Bart, Larissa Duncan, Sarah Halpern-Meekin, Sigan Hartley, Margaret Kerr, Heather Kirkorian, Robert Nix, Lauren Papp, Julie Poehlmann-Tynan, Charles Raison, Alvin Thomas

## **HUMAN ECOLOGY, PH.D.**

Human ecology is the study of the complex relationships between human beings and their environments. The school offers a doctorate of philosophy within four named options/specializations:

- Civil Society and Community Research (p. 925) (CSCR)
- Consumer Behavior and Family Economics (p. 930) (CBFE)
- Design Studies (p. 935) (DS)
- Human Development and Family Studies (p. 942) (HDFS)

Each named option has its own faculty, curriculum, requirements and includes a challenging array of coursework along with exciting opportunities for research, outreach, and service consistent with each student’s scholarly interests and career aspirations.

Students enrolled in one of the Human Ecology Ph.D. program named options have the opportunity to earn the Human Ecology MS: Human Ecology Research (<http://guide.wisc.edu/graduate/human-ecology-school-wide/human-ecology-ms/human-ecology-human-ecology-research-ms/>) degree along the way to the Ph.D. upon successful completion of coursework and research.

As part of a Research I institution, SoHE faculty members have national reputations in their fields of study and are highly committed to nurturing future scholars and practitioners. They conduct research and mentor students to address issues that cross disciplinary lines. They work closely with graduate students to create courses of study that match each student’s personal and professional goals.

The School of Human Ecology has a strong tradition of outreach and counts several faculty members with budgeted extension appointments among its ranks. But all faculty members devote time and resources to ensuring their work benefits others beyond the campus. These efforts reflect the Wisconsin Idea, (<http://wisconsinidea.wisc.edu/>) the notion that the university’s boundaries are those of the state, nation, and beyond. Graduate education at SoHE encompasses this mission by stressing the integration of research with program design and implementation, administration, policy development, and evaluation.

## ADMISSIONS

Students interested in the Human Ecology Ph.D. should apply directly to one of the named options:

- Civil Society and Community Research (p. 926) (CSCR)
- Consumer Behavior and Family Economics (p. 930) (CBFE)
- Design Studies (p. 936) (DS)
- Human Development and Family Studies (p. 942) (HDFS)

## FUNDING

### GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

### PROGRAM RESOURCES

Funding opportunities for Human Ecology graduate students are available and made possible, in large part, by generous donations to SoHE. Every year, these funds are used to fund teaching or project assistantships, award academic excellence scholarships, and provide students doing their masters or doctoral research or final MFA project with conference travel scholarships and graduate research scholarships. See the School of Human Ecology Enrollment Policy on Funding Eligibility (<https://sohe.wisc.edu/graduate-students/academic-policies-forms-deadlines/full-time-enrollment-policy-for-funding-eligibility/>) and view current funding opportunities on our program website (<https://sohe.wisc.edu/graduate-students/funding/>) for more information.

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### MAJOR REQUIREMENTS CURRICULAR REQUIREMENTS

#### Requirements Detail

Minimum Credit Requirement

Minimum Residence Credit Requirement

Minimum Graduate Coursework Requirement Half of degree coursework (26 credits out of 51 total credits) must be completed in graduate-level coursework; courses with the Graduate Level Coursework attribute are identified and searchable in the university's Course Guide (<http://my.wisc.edu/CourseGuideRedirect/BrowseByTitle> (<http://my.wisc.edu/CourseGuideRedirect/BrowseByTitle/>)).

Overall Graduate GPA Requirement See one of the named options for specific policy information.

Other Grade Requirements The Graduate School requires an average grade of B or better in all coursework (300 or above, not including research credits) taken as a graduate student unless conditions for probationary status require higher grades. Grades of Incomplete are considered to be unsatisfactory if they are not removed during the next enrolled semester.

Assessments and Examinations See Named Options for policy information.

Language Requirements n/a

### REQUIRED COURSES

Select a Named Option (p. 924) for courses required.

### NAMED OPTIONS

A named option is a formally documented sub-major within an academic major program. Named options appear on the transcript with degree conferral. Students pursuing the Ph.D. in Human Ecology should select one of the following named options:

View as listView as grid

- HUMAN ECOLOGY: CIVIL SOCIETY AND COMMUNITY RESEARCH, PH.D. (P. 925)
- HUMAN ECOLOGY: CONSUMER BEHAVIOR AND FAMILY ECONOMICS, PH.D. (P. 930)
- HUMAN ECOLOGY: DESIGN STUDIES, PH.D. (P. 935)
- HUMAN ECOLOGY: HUMAN DEVELOPMENT AND FAMILY STUDIES, PH.D. (P. 942)

## POLICIES

Students should refer to one of the named options for policy information:

- Civil Society and Community Research (p. 926) (CSCR)
- Consumer Behavior and Family Economics (p. 930) (CBFE)
- Design Studies (p. 936) (DS)
- Human Development and Family Studies (p. 942) (HDFS)

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

## PROGRAM RESOURCES

The School of Human Ecology Graduate Program values the professional development of graduate students and provides financial awards to those who are invited to present at professional conferences/exhibits. The purpose of the support is to encourage participation in professional development, scholarly research, and/or creative endeavor and to help cover expenses not covered by other sources. Students may receive a maximum award of \$650 for travel (\$750 for international travel) to support conference participation in a single academic year. Students are encouraged to seek conference and travel funding from the Graduate School as a first step and apply for supplemental funds through SoHE as needed.

In addition, each academic department within the School of Human Ecology may offer additional professional development grant opportunities. See the program Events Calendar (<https://sohe.wisc.edu/calendar-of-events/>) for the most up-to-date information on professional development opportunities.

## LEARNING OUTCOMES

1. Articulate challenges, frontiers and limits with respect to theory, knowledge or practice within the area of study.
2. Formulate ideas, concepts, designs, and/or techniques beyond the current boundaries of knowledge within one's area of study.
3. Consider the role of social, political, ethical, and economic contexts of research and creative scholarship in one's area of study.
4. Consider the role of multiple paradigms for describing reality in one's area of study.
5. Contribute to advancing the Human Ecology perspective by reflecting the relations among humans and their natural, social, and built environments and applying an interdisciplinary and/or transdisciplinary lens in one's area of professional practice.
6. Create research, scholarship or performance that makes a substantive contribution to one's field.
7. Reflect the nature and significance of diversity in one's area of professional practice.
8. Communicate complex or ambiguous ideas in a compelling manner to a variety of audiences.
9. Foster ethical conduct and professional guidelines.

## PEOPLE

## HUMAN ECOLOGY: CIVIL SOCIETY AND COMMUNITY RESEARCH, PH.D.

This is a named option within the Human Ecology, Ph.D. (p. 923)

The Human Ecology Ph.D. named option in Civil Society and Community Research (CSCR) focuses on theoretical foundations of grassroots institutions, nonprofit organizations, voluntary associations, and social networks that strive to benefit the common good. The program emphasizes mixed method inquiries that integrate participatory approaches with advanced quantitative and qualitative analysis. The program prepares students to use the processes of research and outreach to strengthen civil society.

Students enrolled in one of the Human Ecology Ph.D. program named options have the opportunity to earn the Human Ecology MS: Human Ecology Research (<http://guide.wisc.edu/graduate/human-ecology-school-wide/human-ecology-ms/human-ecology-human-ecology-research-ms/>) degree along the way to the Ph.D. upon successful completion of coursework and research.

The civil society and community research faculty areas of research include: civil society, the nonprofit sector, civic engagement, developmental psychology, community and organizational development, youth civic engagement, community psychology, applied medical anthropology, sustainability, education, inter-generational partnerships, program evaluation and learning assessment, community–university partnerships, and philanthropy and giving.

The CSCR program is served by a multidisciplinary faculty who are professionally active and have strong records of national and international scholarship. They bring perspectives of many disciplines to their work, including community psychology, developmental psychology, sociology, education, medical and cultural anthropology, transformative evaluation and community action. Reflecting the multidisciplinary orientation of the program, faculty possess expertise in areas as diverse as longitudinal modeling, interpretive interviewing, mixed methods study designs, various mapping techniques, observational methods, survey methodology, community-based research, and ethnography.

The CSCR program is committed to collaborations between faculty and graduate students in the arenas of research, teaching, and outreach. Current areas of scholarly activity include youth civic engagement, community organizing, inter-generational partnerships, social trust, program evaluation, coalition building, voluntary associations, adult learning, community development, place-based education and stewardship, and social change. Faculty and students not only conduct research in these areas, they affirmatively support policies and programs. The department maintains strong affiliations with the University of

Wisconsin–Madison Division of Extension’s Department of Youth, Family & Community Development.

Graduates of CSCR are prepared for careers as professors in academic departments of human ecology, community development, community research and action, nonprofit management, community sociology, applied developmental science, and program support services. Students will also be prepared for careers as senior staff in technical assistance organizations, foundations, public agencies and advocacy/public education units. Others will choose to use their research and consultation skills to support grassroots organizations.

## ADMISSIONS

Please consult the table below for key information about this degree program’s admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program’s website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 1
Spring Deadline	This program does not admit in the spring.
Summer Deadline	This program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements ( <a href="https://grad.wisc.edu/apply/requirements/#english-proficiency">https://grad.wisc.edu/apply/requirements/#english-proficiency</a> ).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

Applications are accepted once per year for Fall admission and are due by December 1st of the preceding year. To be considered for admission to the Civil Society and Community Research (CSCR) Ph.D. option in Human Ecology, the department requires the following materials:

- Online application (<https://grad.wisc.edu/apply/>) indicating “Human Ecology PHD–Civil Society & Comm Research” as your program selection
- \$75 application fee
- Curriculum vitae/resume
- Unofficial transcripts (official transcripts will be required for students who receive an admission offer)
- International students only:
  - Official Test of English as a Foreign Language (TOEFL) or Melab scores

- International students who hold degrees from U.S. institutions do not need to submit language test scores
- Three letters of recommendation (submitted electronically through your Graduate School application)
- Uploaded Statement of Purpose/Reasons for Graduate Study
  - Statement should also include your reasons for studying or seeking a specialization in Civil Society and Community Research. Please indicate these reasons in a separate section of your statement titled, “Reasons for Specializing in Civil Society and Community Research”
- Upload a writing sample
  - Examples of writing samples include prior scholarly work such as term papers, theses, or published articles. All writing samples must be written in English and uploaded to the online application system as a PDF.

## FUNDING

### GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

### PROGRAM RESOURCES

Funding opportunities for Human Ecology graduate students are available and made possible, in large part, by generous donations to SoHE. Every year, these funds are used to fund teaching or project assistantships, award academic excellence scholarships, and provide students doing their masters or doctoral research or final MFA project with conference travel scholarships and graduate research scholarships. See the School of Human Ecology Enrollment Policy on Funding Eligibility (<https://sohe.wisc.edu/graduate-students/academic-policies-forms-deadlines/full-time-enrollment-policy-for-funding-eligibility/>) and view current funding opportunities on our program website (<https://sohe.wisc.edu/graduate-students/funding/>) for more information.

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### NAMED OPTION REQUIREMENTS

#### MODE OF INSTRUCTION

Face to Face	Evening/Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students are able to complete a program with minimal disruptions to careers and other commitments.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW–Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

### Requirements Detail

Minimum Credit Requirement	51 credits
Minimum Residence Credit Requirement	32 credits
Minimum Graduate Coursework Requirement	Half of degree coursework (26 credits out of 51 total credits) must be completed graduate-level coursework; courses with the Graduate Level Coursework attribute are identified and searchable in the university's Course Guide.
Overall Graduate GPA Requirement	3.00 GPA required.
Other Grade Requirements	The Graduate School requires an average grade of B or better in all coursework (300 or above, not including research credits) taken as a graduate student unless conditions for probationary status require higher grades. Grades of Incomplete are considered to be unsatisfactory if they are not removed during the next enrolled semester.
Assessments and Examinations	Doctoral students are required to take a comprehensive preliminary/oral examination after they have cleared their record of all Incomplete and Progress grades (other than research and thesis). Deposit of the doctoral dissertation in the Graduate School is required.
Language Requirements	Contact the program for information on any language requirements.
Doctoral Minor/Breadth Requirements	All doctoral students are required to complete a minor.

## REQUIRED COURSES

Code	Title	Credits
<b>Introductory Courses</b>		<b>6</b>
INTER-HE 801	Special Topics in Human Ecology (Introductory Professional Development—1 credit)	
INTER-HE 801	Special Topics in Human Ecology (Theory and Perspectives of Human Ecology—2 credits)	
INTER-HE 793	Research Methods (3 credits)	
<b>Theoretical Foundations</b>		<b>9</b>

CSCS 775	Building Civil Society	
CSCS 785	Civic Development Across the Lifespan	
CSCS 795	Community Power and Collective Action	
<b>Methods and Applications of Community-Based Research</b>		
<i>Applications of Community-based research</i>		<b>9</b>
CSCS 811	Community-Based Research: Theory and Practice

<b>Total Credits</b>		<b>51</b>

1

Recommended: ED PSYCH 711 Current Topics in Educational Psychology

2

Recommended: ED PSYCH 762, ED PSYCH 763, ED PSYCH 964, or SOC/C&E SOC 977

3

Courses to be selected in consultation with your advisor. Any of these courses not taken to fulfill the qualitative or quantitative methods requirement: ED PSYCH/ELPA 827, SOC 751, SOC 752, or ED PSYCH 570.

4

Topics rotate during Fall semester.

5

Suggested elective courses for the minor: SOC/C&E SOC/URB R PL 617, CURRIC 975, HDFS 664, HDFS 872, NURSING 761, SOC/C&E SOC 573, SOC WORK 741, or PUB AFFR/POLI SCI 885.

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

### NAMED OPTION-SPECIFIC POLICIES

#### PRIOR COURSEWORK

##### Graduate Work from Other Institutions

With program approval, students are allowed to count up to 18 credits of graduate coursework taken at other institutions or as a UW–Madison

Special student (with a maximum of 9 special student credits as part of the 18). Prior coursework taken at other institutions may not be used to satisfy the minimum graduate residence credit requirement. Credits earned ten or more years prior to admission to a doctoral degree are not allowed to satisfy requirements.

### **UW–Madison Undergraduate**

With program approval, up to 7 credits numbered 300 or above from a UW–Madison undergraduate degree are allowed to count toward degree credit; undergraduate courses must be numbered 700 or above to count toward the minimum graduate coursework requirement. No undergraduate coursework may count toward the graduate residence requirement.

### **UW–Madison University Special**

With program approval, students are allowed to count up to 18 credits of graduate coursework taken at other institutions or as a UW–Madison Special student (with a maximum of 9 special student credits as part of the 18). Coursework must be numbered 300 or above for residence and degree credit and 700 or above to satisfy the minimum graduate coursework (50%) requirement. Credits earned ten or more years prior to admission to a doctoral degree are not allowed to satisfy requirements. Use of Special student credit may require payment of tuition difference.

### **PROBATION**

The Graduate School regularly reviews the record of any student who earned grades of BC, C, D, F, or Incomplete in a graduate course (300 or above), or grade of U in research credits. This review could result in academic probation with a hold on future enrollment or in being suspended from the Graduate School.

### **ADVISOR / COMMITTEE**

Every graduate student is required to have an advisor. An advisor is a faculty member, or sometimes a committee, from the major department responsible for providing advice regarding graduate studies. An advisor generally serves as the thesis advisor. In many cases, an advisor is assigned to incoming students. Students can be suspended from the Graduate School if they do not have an advisor.

To ensure that students are making satisfactory progress toward a degree, the Graduate School expects them to meet with their advisor on a regular basis.

A committee often accomplishes advising for the students in the early stages of their studies.

### **CREDITS PER TERM ALLOWED**

12 credits

### **TIME CONSTRAINTS**

Doctoral degree students who have been absent for ten or more consecutive years lose all credits that they have earned before their absence. Individual programs may count the coursework students completed prior to their absence for meeting program requirements; that coursework may not count toward Graduate School credit requirements.

A candidate for a doctoral degree who fails to take the final oral examination and deposit the dissertation within five years after passing the preliminary examination may be required to take another preliminary examination and to be admitted to candidacy a second time.

## **GRIEVANCES AND APPEALS**

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
  - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Any student who feels that he or she has been treated unfairly by a Human Ecology faculty or staff member has the right to complain about the treatment and to receive a prompt hearing of the grievance, following the grievance procedures outlined below. To ensure a prompt and fair hearing of any complaint, and to protect both the rights of the student and the person at whom the complaint is addressed, the procedures below are used in the School of Human Ecology.

The person whom the complaint is directed against must be an employee of the School of Human Ecology. Any graduate student or graduate applicant may use these procedures unless the complaint is covered by other campus rules or contracts.

Note: These procedures do not cover appeals of admissions decisions or other decisions made by departmental or Human Ecology committees. For information on appeals of decisions, students should contact the chair of the committee or the chair of the department that made the decision.

### **Contacts**

**Civil Society and Community Studies:** Brian McInnes (<https://sohe.wisc.edu/staff/brian-mcinnis/>) (Graduate Program Chair), Cynthia Jasper (<http://sohe.wisc.edu/staff/cynthia-jasper/>) (Department Chair)

**Consumer Science:** J. Michael Collins (<https://sohe.wisc.edu/staff/j-michael-collins/>) (Graduate Program Chair), Nancy Wong (<http://sohe.wisc.edu/staff/nancy-wong/>) (Department Chair)

**Design Studies:** Jung-hye Shin (<https://sohe.wisc.edu/staff/jung-hye-shin/>) (Graduate Program Chair), Roberto Rengel (<http://sohe.wisc.edu/staff/roberto-rengel/>) (Department Chair)

**Human Development and Family Studies:** Kristin Litzelman (<https://sohe.wisc.edu/staff/kristin-litzelman/>) (Graduate Program Chair), Janean Dilworth-Bart (<https://sohe.wisc.edu/staff/janean-dilworth-bart-2/>) (Department Chair)

**Master of Science in Human Ecology:** Sarah Halpern-Meekin (<https://sohe.wisc.edu/staff/sarah-halpern-meekin/>) (Graduate Program Chair)

Students are encouraged to keep written documentation of their experience of unfair treatment both before and during the grievance proceedings.

## Graduate Student Grievance Procedures

**STEP 1.** The student should first consider talking directly with the person(s) against whom the grievance is directed.

Some issues can be settled at this level, and some cannot be. Although students are encouraged to talk directly with the person(s) involved, we recognize that this may not always be possible. If the complaint cannot be resolved satisfactorily by talking with the person(s) involved, the student may continue to **Step 2**.

NOTE: In cases of sexual harassment, sexual misconduct, or racial discrimination, students may choose to bypass these procedures and report the conduct directly to either of the following offices:

- SoHE Human Resources Manager: Nancy Andrews (<https://sohe.wisc.edu/staff/nancy-andrews/>)
- The Office for Equity and Diversity (<http://oed.wisc.edu/>) (179-A Bascom Hall, 608-263-2378, Wisconsin Telecommunications Relay Service: 7-1-1)

**STEP 2.** Does the complaint involve someone in a Human Ecology academic department (Civil Society and Community Studies, Consumer Science, Design Studies, and Human Development & Family Studies)?

- **Yes:** The student should contact the chair of the department. The student will submit the grievance to the chair in writing. This must be done within 60 calendar days of the alleged unfair treatment. The department chair will refer the matter to the department's Graduate Program Committee or to another appropriate departmental committee (standing or ad hoc) for review. The committee will share the student's written complaint with the person at whom the complaint is directed, and will obtain a written response from this person. This response will be shared with the student filing the grievance. The committee chair will provide a timely written decision to the student on the action taken by the committee (the departmental decision). If either party is unwilling to accept the departmental decision, the department chair will refer the matter to the Associate Dean for Graduate Studies (see contact information below). The Associate Dean will bring the grievance to the Human Ecology Graduate Program Council for review. (NOTE: if the grievance is against the department chair, the written complaint should be referred to the chair of the department's graduate program committee; contact information given below.)

- **No:** The student should contact the Associate Dean for Graduate Studies. (<https://sohe.wisc.edu/staff/connie-flanagan/>) The student will submit the grievance to the Associate Dean in writing. This must be done within 60 calendar days of the alleged unfair treatment. The Associate Dean will refer the grievance to the Human Ecology Graduate Program Council for review.

### STEP 3. Human Ecology Graduate Program Council review.

To ensure fairness, the Graduate Program Council chair may appoint a subcommittee to review the complaint (e.g., excluding faculty from the student's department). The Graduate Program Council may ask for additional information from the parties involved and may hold a hearing at which both parties will be asked to speak separately in closed session. The Graduate Program Council will then make a written recommendation to the Associate Dean who will render a decision and submit it to the Dean of the School for final approval. The Associate Dean will provide the Dean's final decision in writing to the student and to the person against whom the grievance was filed. Unless a longer time is mutually agreed upon by the individuals involved, this written decision shall be made within 30 working days from the date when the written grievance was filed with the Associate Dean's Office.

Students not willing to accept the final decision of the Dean may appeal to the Graduate School (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

Questions about these procedures can be directed to Connie Flanagan, Associate Dean for Graduate Studies (<https://sohe.wisc.edu/staff/connie-flanagan/>).

State law contains provisions regarding discrimination and harassment. Wisconsin Statutes 36.12 reads, in part:

"No student may be denied admission to, participation in or the benefits of, or be discriminated against in any service, program, course or facility of the system or its institutions or centers because of the student's race, color, creed, religion, sex, national origin, disability, ancestry, age, sexual orientation, pregnancy, marital status or parental status."

In addition, the UW-System prohibits discrimination based on gender identity or gender expression.

Students have the right to file discrimination and harassment complaints with the Office for Equity and Diversity (<https://employee disabilities.wisc.edu/>), 179-A Bascom Hall, 263-2378, Wisconsin Telecommunications Relay Service: 7-1-1

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

### PROGRAM RESOURCES

The School of Human Ecology Graduate Program values the professional development of graduate students and provides financial awards to those who are invited to present at professional conferences/exhibits. The purpose of the support is to encourage participation in professional

development, scholarly research, and/or creative endeavor and to help cover expenses not covered by other sources. Students may receive a maximum award of \$650 for travel (\$750 for international travel) to support conference participation in a single academic year. Students are encouraged to seek conference and travel funding from the Graduate School as a first step and apply for supplemental funds through SoHE as needed.

In addition, each academic department within the School of Human Ecology may offer additional professional development grant opportunities. See the program Events Calendar (<https://sohe.wisc.edu/calendar-of-events/>) for the most up-to-date information on professional development opportunities.

## PEOPLE

### Faculty:

Carolee Dodge Francis, Jennifer Gaddis, Leah Horowitz, Cynthia Jasper, Kasey Keeler, Brian McInnes, Carolina Sarmiento

#### **CONSUMER SCIENCE (CONSUMER BEHAVIOR & FAMILY ECONOMICS)**

Lydia Ashton, Judi Bartfeld, Megan Doherty Bea, J. Michael Collins, Melody Harvey, Cynthia Jasper, Cliff Robb, Nancy Wong, Yiwei Zhang

#### **DESIGN STUDIES**

Jennifer Angus, Sarah Anne Carter, Wei Dong, Marianne Fairbanks, Mary Hark, Carolyn Kallenborn, Marina Moskowitz, Kevin Ponto, Jung-hye Shin, Uchita Vaid

#### **HUMAN DEVELOPMENT AND FAMILY STUDIES**

Janean Dilworth-Bart, Larissa Duncan, Sarah Halpern-Meehin, Sigan Hartley, Margaret Kerr, Heather Kirkorian, Robert Nix, Lauren Papp, Julie Poehlmann-Tynan, Charles Raison, Alvin Thomas

## HUMAN ECOLOGY: CONSUMER BEHAVIOR AND FAMILY ECONOMICS, PH.D.

This is a named option within the Human Ecology, Ph.D. (p. 923)

The Department of Consumer Science develops and disseminates information on the ways in which the interactions among consumers, business, and government can enhance the interests and well-being of consumers, families, and communities. The program focuses on various dimensions of well-being including economic/financial security, consumer empowerment, health, food security, housing security, sustainability, and the public policy that affects those dimensions of well-being. The program is interdisciplinary; current faculty have degrees in diverse fields including economics, marketing, sociology, retailing, social work, and consumer science. Some faculty have joint appointments with Cooperative Extension, providing students with opportunities for training in outreach and applied research. Ph.D. students work closely with faculty members, often collaborating on research and outreach programs. All

Ph.D. students must complete core courses in consumer behavior, family economics, and research methods.

Students enrolled in one of the Human Ecology Ph.D. program named options have the opportunity to earn the Human Ecology MS: Human Ecology Research (<http://guide.wisc.edu/graduate/human-ecology-school-wide/human-ecology-ms/human-ecology-human-ecology-research-ms/>) degree along the way to the Ph.D. upon successful completion of coursework and research.

This is a multi-disciplinary degree program. Students will undertake research on consumer decision-making affecting the social and economic well-being of individuals and families. The goal of this program is to prepare students for the following types of job placements:

1. Tenure-track academic faculty positions, primarily in other schools of human ecology, consumer science or related units;
2. Research administration positions in government, non-tenure academic units, nonprofit organizations, think tanks and related entities; and,
3. Applied consumer research in the public and private sector, including market research, policy research and consulting.

## ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 1
Spring Deadline	The program does not admit in the spring.
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements ( <a href="https://grad.wisc.edu/apply/requirements/#english-proficiency">https://grad.wisc.edu/apply/requirements/#english-proficiency</a> ).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

Applications are accepted once per year for Fall admission and are due by December 1st of the preceding year. Admission to the Consumer Behavior & Family Economics (CBFE) Ph.D. option in Human Ecology is based on academic merit and fit with the research strengths of the Consumer Science faculty. As such, the student's Statement of Purpose should

clearly indicate how their research interests correspond to the Ph.D. program and faculty strengths.

Applicants with a background in consumer science or related social science disciplines such as economics, political science, and sociology and in research methods and statistics will have the greatest chance of success. Students are eligible to be directly admitted to the Ph.D. program following successful completion of a bachelor's degree.

Applicants should have successfully completed college-level courses covering subjects including introductory and intermediate microeconomics, consumer behavior, research methods, statistics and regression analysis, and calculus. Students who fail to meet the minimum course requirements for admission may still be admitted to the program but be required to take additional courses. An interview by phone or in person may be required.

To be considered for admission to the Consumer Behavior & Family Economics (CBFE) Ph.D. option in Human Ecology, the department requires the following materials:

- Online application (<https://grad.wisc.edu/apply/>) indicating "Human Ecology PHD–Consumr Behav & Family Econ" as your program selection
- \$75 application fee
- Curriculum vitae/resume
- Unofficial transcripts or academic records from each institution attended (official transcripts will be required for students who receive an admission offer)
- International students only:
  - Official Test of English as a Foreign Language (TOEFL) or Melab scores
  - International students who hold degrees from U.S. institutions do not need to submit language test scores
- Three letters of recommendation (Submitted electronically through your Graduate School application)
- Uploaded Statement of Purpose/Reasons for Graduate Study

Additional information is available on the program website (<https://sohe.wisc.edu/graduate-students/research-and-creative-scholarship/consumer-behavior-family-economics/>).

## FUNDING

### GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

### PROGRAM RESOURCES

Funding opportunities for Human Ecology graduate students are available and made possible, in large part, by generous donations to SoHE. Every year, these funds are used to fund teaching or project assistantships, award academic excellence scholarships, and provide students doing their masters or doctoral research or final MFA project with conference travel scholarships and graduate research scholarships. See the School of Human Ecology Enrollment Policy on Funding Eligibility (<https://sohe.wisc.edu/graduate-students/academic-policies-forms->

[deadlines/full-time-enrollment-policy-for-funding-eligibility/](#)) and view current funding opportunities on our program website (<https://sohe.wisc.edu/graduate-students/funding/>) for more information.

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### NAMED OPTION REQUIREMENTS MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students are able to complete a program with minimal disruptions to careers and other commitments.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW–Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

### CURRICULAR REQUIREMENTS

Requirements Detail	
Minimum Credit Requirement	51 credits
Minimum Residence Credit Requirement	32 credits
Minimum Graduate Coursework Requirement	Half of degree coursework (26 credits out of 51 total credits) must be completed graduate-level coursework; courses with the Graduate Level Coursework attribute are identified and searchable in the university's Course Guide.
Overall Graduate GPA Requirement	3.00 GPA required.

**Other Grade Requirements** The Graduate School requires an average grade of B or better in all coursework (300 or above, not including research credits) taken as a graduate student unless conditions for probationary status require higher grades. Grades of Incomplete are considered to be unsatisfactory if they are not removed during the next enrolled semester.

**Assessments and Examinations** Doctoral students are required to take a comprehensive preliminary/oral examination after they have cleared their record of all Incomplete and Progress grades (other than research and thesis). Deposit of the doctoral dissertation in the Graduate School is required.

**Language Requirements** Contact the program for information on any language requirements.

**Doctoral Minor/Breadth Requirements** All doctoral students are required to complete a minor.

## REQUIRED COURSES

Code	Title	Credits
<b>Consumer Science Theory Courses</b>		<b>9</b>
CNSR SCI 748	The Economic Organization of the Household (Required)	
CNSR SCI 888	Advanced Consumer Behavior (Required)	
CNSR SCI 901	Graduate Special Topics in Consumer Science	
CNSR SCI 930	Seminar in Family Economic Policy	
<b>Consumer Science Methods Course</b>		<b>3</b>
CNSR SCI 901	Graduate Special Topics in Consumer Science	
<b>Human Ecology Core Courses</b>		<b>6</b>
INTER-HE 801	Special Topics in Human Ecology (Professional Development Seminar)	
INTER-HE 792	Theories and Perspectives in Human Ecology	
INTER-HE 793	Research Methods	
<b>Statistics</b>		<b>9</b>
<i>Courses should include computer and data analysis components. Students who have completed one of these or equivalent courses must, in consultation with their advisor, select a more advanced statistics course appropriate to their background and expected research.</i>		
A A E 636	Applied Econometric Analysis I (Required)	
A A E 637	Applied Econometric Analysis II	
ED PSYCH 960	Structural Equation Modeling	
SOC 756	Demographic Techniques II	
<b>Research Methods</b>		<b>6</b>
<i>Students may select courses that are consistent with intended thesis methodologies, in consultation with advisor. Some options include:</i>		
SOC 751	Survey Methods for Social Research	
SOC 752	Measurement and Questionnaires for Survey Research	
A A E 875	Special Topics	

ED PSYCH 773 Factor Analysis, Multidimensional Scaling and Cluster Analysis

ED PSYCH 762 Introduction to the Design of Educational Experiments

<b>Doctoral Minor</b>	<b>9</b>
<b>Graduate Electives</b>	<b>6</b>
<b>Research &amp; Thesis</b>	<b>3</b>
<b>Total Credits</b>	<b>51</b>

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

### NAMED OPTION-SPECIFIC POLICIES

#### PRIOR COURSEWORK

##### Graduate Work from Other Institutions

With program approval, students are allowed to count up to 18 credits of graduate coursework taken at other institutions or as a UW–Madison Special student (with a maximum of 9 special student credits as part of the 18). Prior coursework taken at other institutions may not be used to satisfy the minimum graduate residence credit requirement. Credits earned ten or more years prior to admission to a doctoral degree are not allowed to satisfy requirements.

##### UW–Madison Undergraduate

With program approval, up to 7 credits numbered 300 or above from a UW–Madison undergraduate degree are allowed to count toward degree credit; undergraduate courses must be numbered 700 or above to count toward the minimum graduate coursework requirement. No undergraduate coursework may count toward the graduate residence requirement.

##### UW–Madison University Special

With program approval, students are allowed to count up to 18 credits of graduate coursework taken at other institutions or as a UW–Madison Special student (with a maximum of 9 special student credits as part of the 18). coursework must be numbered 300 or above for residence and degree credit and 700 or above to satisfy the minimum graduate coursework (50%) requirement. Credits earned ten or more years prior to admission to a doctoral degree are not allowed to satisfy requirements. Use of Special student credit may require payment of tuition difference.

### PROBATION

The Graduate School regularly reviews the record of any student who earned grades of BC, C, D, F, or Incomplete in a graduate course (300 or above), or grade of U in research credits. This review could result in academic probation with a hold on future enrollment or in being suspended from the Graduate School.

### ADVISOR / COMMITTEE

Every graduate student is required to have an advisor. An advisor is a faculty member, or sometimes a committee, from the major department responsible for providing advice regarding graduate studies. An advisor

generally serves as the thesis advisor. In many cases, an advisor is assigned to incoming students. Students can be suspended from the Graduate School if they do not have an advisor.

To ensure that students are making satisfactory progress toward a degree, the Graduate School expects them to meet with their advisor on a regular basis.

A committee often accomplishes advising for the students in the early stages of their studies.

## CREDITS PER TERM ALLOWED

12 credits

## TIME CONSTRAINTS

Doctoral degree students who have been absent for ten or more consecutive years lose all credits that they have earned before their absence. Individual programs may count the coursework students completed prior to their absence for meeting program requirements; that coursework may not count toward Graduate School credit requirements.

A candidate for a doctoral degree who fails to take the final oral examination and deposit the dissertation within five years after passing the preliminary examination may be required to take another preliminary examination and to be admitted to candidacy a second time.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
  - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeedisabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Any student who feels that he or she has been treated unfairly by a Human Ecology faculty or staff member has the right to complain about the treatment and to receive a prompt hearing of the grievance, following the grievance procedures outlined below. To ensure a prompt and fair hearing of any complaint, and to protect both the rights of the student and the person at whom the complaint is addressed, the procedures below are used in the School of Human Ecology.

The person whom the complaint is directed against must be an employee of the School of Human Ecology. Any graduate student or graduate applicant may use these procedures unless the complaint is covered by other campus rules or contracts.

Note: These procedures do not cover appeals of admissions decisions or other decisions made by departmental or Human Ecology committees. For information on appeals of decisions, students should contact the chair of the committee or the chair of the department that made the decision.

## Contacts

**Civil Society and Community Studies:** Brian McInnes (<https://sohe.wisc.edu/staff/brian-mcinnes/>) (Graduate Program Chair), Cynthia Jasper (<http://sohe.wisc.edu/staff/cynthia-jasper/>) (Department Chair)

**Consumer Science:** J. Michael Collins (<https://sohe.wisc.edu/staff/j-michael-collins/>) (Graduate Program Chair), Nancy Wong (<http://sohe.wisc.edu/staff/nancy-wong/>) (Department Chair)

**Design Studies:** Jung-hye Shin (<https://sohe.wisc.edu/staff/jung-hye-shin/>) (Graduate Program Chair), Roberto Rengel (<http://sohe.wisc.edu/staff/roberto-rengel/>) (Department Chair)

**Human Development and Family Studies:** Kristin Litzelman (<https://sohe.wisc.edu/staff/kristin-litzelman/>) (Graduate Program Chair), Janean Dilworth-Bart (<https://sohe.wisc.edu/staff/janean-dilworth-bart-2/>) (Department Chair)

**Master of Science in Human Ecology:** Sarah Halpern-MeeKin (<https://sohe.wisc.edu/staff/sarah-halpern-meeKin/>) (Graduate Program Chair)

Students are encouraged to keep written documentation of their experience of unfair treatment both before and during the grievance proceedings.

## Graduate Student Grievance Procedures

**STEP 1.** The student should first consider talking directly with the person(s) against whom the grievance is directed.

Some issues can be settled at this level, and some cannot be. Although students are encouraged to talk directly with the person(s) involved, we recognize that this may not always be possible. If the complaint cannot be resolved satisfactorily by talking with the person(s) involved, the student may continue to **Step 2**.

NOTE: In cases of sexual harassment, sexual misconduct, or racial discrimination, students may choose to bypass these procedures and report the conduct directly to either of the following offices:

- SoHE Human Resources Manager: Nancy Andrews (<https://sohe.wisc.edu/staff/nancy-andrews/>)

- The Office for Equity and Diversity (<http://oed.wisc.edu/>) (179-A Bascom Hall, 608-263-2378, Wisconsin Telecommunications Relay Service: 7-1-1)

**STEP 2.** Does the complaint involve someone in a Human Ecology academic department (Civil Society and Community Studies, Consumer Science, Design Studies, and Human Development & Family Studies)?

- **Yes:** The student should contact the chair of the department. The student will submit the grievance to the chair in writing. This must be done within 60 calendar days of the alleged unfair treatment. The department chair will refer the matter to the department's Graduate Program Committee or to another appropriate departmental committee (standing or ad hoc) for review. The committee will share the student's written complaint with the person at whom the complaint is directed, and will obtain a written response from this person. This response will be shared with the student filing the grievance. The committee chair will provide a timely written decision to the student on the action taken by the committee (the departmental decision). If either party is unwilling to accept the departmental decision, the department chair will refer the matter to the Associate Dean for Graduate Studies (see contact information below). The Associate Dean will bring the grievance to the Human Ecology Graduate Program Council for review. (NOTE: if the grievance is against the department chair, the written complaint should be referred to the chair of the department's graduate program committee; contact information given below.)
- **No:** The student should contact the Associate Dean for Graduate Studies. (<https://sohe.wisc.edu/staff/connie-flanagan/>) The student will submit the grievance to the Associate Dean in writing. This must be done within 60 calendar days of the alleged unfair treatment. The Associate Dean will refer the grievance to the Human Ecology Graduate Program Council for review.

**STEP 3.** Human Ecology Graduate Program Council review.

To ensure fairness, the Graduate Program Council chair may appoint a subcommittee to review the complaint (e.g., excluding faculty from the student's department). The Graduate Program Council may ask for additional information from the parties involved and may hold a hearing at which both parties will be asked to speak separately in closed session. The Graduate Program Council will then make a written recommendation to the Associate Dean who will render a decision and submit it to the Dean of the School for final approval. The Associate Dean will provide the Dean's final decision in writing to the student and to the person against whom the grievance was filed. Unless a longer time is mutually agreed upon by the individuals involved, this written decision shall be made within 30 working days from the date when the written grievance was filed with the Associate Dean's Office.

Students not willing to accept the final decision of the Dean may appeal to the Graduate School (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

Questions about these procedures can be directed to Connie Flanagan, Associate Dean for Graduate Studies (<https://sohe.wisc.edu/staff/connie-flanagan/>).

State law contains provisions regarding discrimination and harassment. Wisconsin Statutes 36.12 reads, in part:

"No student may be denied admission to, participation in or the benefits of, or be discriminated against in any service, program, course or facility of the system or its institutions or centers because of the student's race,

color, creed, religion, sex, national origin, disability, ancestry, age, sexual orientation, pregnancy, marital status or parental status."

In addition, the UW-System prohibits discrimination based on gender identity or gender expression.

Students have the right to file discrimination and harassment complaints with the Office for Equity and Diversity (<https://employee disabilities.wisc.edu/>), 179-A Bascom Hall, 263-2378, Wisconsin Telecommunications Relay Service: 7-1-1

## HUMAN ECOLOGY: DESIGN STUDIES, PH.D.

This is a named option within the Human Ecology Ph.D. (p. 923)

Within the Design Studies Graduate Program, faculty and students investigate a wide range of subject matter and apply a variety of methods, with the common goal of understanding how design (broadly conceived) relates to, responds to, and affects our lives. The program's graduate faculty is comprised of interdisciplinary scholars, designers, scientists, and artists who mentor and assist graduate students as they build individual programs of study. The Design Studies department offers a doctoral program with the aim of preparing students for professional design careers, specialized research, college teaching, museum or archival work, community engagement, and entrepreneurial endeavors.

Students enrolled in one of the Human Ecology Ph.D. program named options have the opportunity to earn the Human Ecology MS: Human Ecology Research (<http://guide.wisc.edu/graduate/human-ecology-school-wide/human-ecology-ms/human-ecology-human-ecology-research-ms/>) degree along the way to the Ph.D. upon successful completion of coursework and research.

The graduate program in Design Studies is housed within the School of Human Ecology. The Ph.D. program capitalizes on the many rich resources offered at the University of Wisconsin–Madison. As a public research university, UW–Madison is known for its high quality of research activity (ranked third in the nation) and comprehensive academic programs at both the undergraduate and graduate levels. The university environment provides fertile ground for interdisciplinary research necessary for twenty-first-century students to prepare for work in a fast evolving discipline with shifting boundaries and growing global connections. UW–Madison's world-class faculty and staff offer innovative approaches to curriculum and research. The UW–Madison campus is home to 40 libraries, nearly 100 research centers, a state-of-art virtual reality facility, and the Chazen Museum of Art (one of the nation's leading university art museums).

The Doctor of Philosophy (Ph.D.) in Design Studies is the highest degree in the field of design research and scholarship. The program is grounded in the production of original and rigorous research. Students are encouraged to shape their own approaches as they develop mastery of the research and communication skills necessary to complete their research agendas. Through a combination of core courses, concentrations, major specializations, and minor specializations, students acquire content knowledge, theoretical foundations, and methodological approaches needed for their work. The Ph.D. culminates in the production of a doctoral dissertation that contributes to the knowledge base in the discipline of design. Graduates of the program have demonstrated their leadership in the field of design practice and education in the US and internationally.

The Ph.D. program currently offers three areas of concentration. Within each area, students are expected to build a self-directed but highly

coherent curriculum in close consultation with a major faculty advisor. The tracks are:

### Design History (DH Track)<sup>1</sup>

Design History seeks to understand design in its historical context, as both a process and a product. Our program defines design broadly to include architecture, interior design, industrial design, decorative arts, and other areas of material culture. The Design Studies department offers many opportunities for interdisciplinary study on the UW–Madison campus and has strong ties to other disciplines including art history and landscape architecture. Design History Ph.D. students also have access to coursework and faculty members from allied programs, including the Material Culture Studies Certificate and the Buildings–Landscapes–Cultures Program (a collaborative research degree offered through UW–Madison and UW–Milwaukee).

1

These tracks are internal to the program and represent different pathways a student can follow to earn this degree. Track names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

### Environmental Design Research (EDR Track)<sup>1</sup>

Environmental Design Research addresses the interaction between people and their built, natural, and/or virtual environments with a clear goal to create environments that are sustainable and responsive to human needs. The faculty and graduates of the program have pioneered studies in environment-behavior, evidence-based design, building evaluation, sustainability, aging and environment, children's environment, environments for special population, and emerging technologies and applications of virtual reality.

While drawing from campus-wide resources, the faculty and students in EDR closely work with its allies within the School of Human Ecology, which include community psychologists, developmental psychologists, and scholars from consumer science. EDR students also have the opportunity to work with the Department of Planning and Landscape Architecture, and with the UW–Milwaukee School of Architecture and Urban Planning.

1

These tracks are internal to the program and represent different pathways a student can follow to earn this degree. Track names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

### Textile Science (TS)<sup>1</sup>

Textile Science investigates the interaction of dyes and finishes with fibers, yarns, and fabrics. Faculty and students in this program focus on sustainability and work to develop chemicals and processes that are safer for the end-user, textile workers, and the environment. Students achieve this by developing and using chemicals, dyes, and finishes, and by reducing the amount of chemicals, water, and energy used in these processes. The DS Textile Lab offers equipment for textile quality control, dyeing, finishing, and plasma. The Materials Science Lab offers analytical equipment such as ESCA, an Atomic Force Microscope, an Electron Microscope, and FTIR. Depending on their research interests, students will have the opportunity to work with other UW–Madison departments including Chemistry, Material Science, Forestry, or Electrical and Computer Engineering.

1

These tracks are internal to the program and represent different pathways a student can follow to earn this degree. Track names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

## ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 1
Spring Deadline	The program does not admit in the spring.
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements ( <a href="https://grad.wisc.edu/apply/requirements/#english-proficiency">https://grad.wisc.edu/apply/requirements/#english-proficiency</a> ).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

Admission to the Ph.D. program is highly competitive. The Ph.D. builds on knowledge acquired typically through a master's degree and provides students with further training to teach and conduct research at the highest level. Competitive candidates will hold a master's degree (M.S. preferred) in design, architectural history, environmental design, or other related fields. Promising applicants who do not have sufficient educational background may be admitted, under the condition that he or she take pre-doctoral preparation courses.

To be considered for admission to the Design Studies (DS) Ph.D. option in Human Ecology, the department requires the following materials:

- Online application (<https://grad.wisc.edu/apply/>) indicating "Human Ecology PHD-Design Studies" as your program selection
- \$75 application fee
- Curriculum vitae/resume
- Unofficial transcripts or academic records from each institution attended (official transcripts will be required for students who receive an admission offer)
- Official Graduate Record Exam scores (GRE Institution code #1846)

- International students only:
  - Official Test of English as a Foreign Language (TOEFL) or Melab scores
  - International students who hold degrees from U.S. institutions do not need to submit language test scores
- Three letters of recommendation (submitted electronically through your Graduate School application)
- Uploaded Statement of Purpose/Reasons for Graduate Study
- Upload a writing sample
  - Examples of writing samples include prior scholarly work such as term papers, theses, or published articles. All writing samples must be written in English and uploaded to the online application system as a PDF.
- Personal bio statement
  - Describe concisely how your personal background and life experiences motivated you to further pursue graduate education. The personal biographical statement is not a statement of purpose that describes your academic plan. This statement should be no more than 500 words and should be uploaded to the online application system as a PDF.

Additional information is available on the program website (<https://sohe.wisc.edu/graduate-students/research-and-creative-scholarship/design-studies/>).

## FUNDING

### GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

### PROGRAM RESOURCES

Funding opportunities for Human Ecology graduate students are available and made possible, in large part, by generous donations to SoHE. Every year, these funds are used to fund teaching or project assistantships, award academic excellence scholarships, and provide students doing their masters or doctoral research or final MFA project with conference travel scholarships and graduate research scholarships. See the School of Human Ecology Enrollment Policy on Funding Eligibility (<https://sohe.wisc.edu/graduate-students/academic-policies-forms-deadlines/full-time-enrollment-policy-for-funding-eligibility/>) and view current funding opportunities on our program website (<https://sohe.wisc.edu/graduate-students/funding/>) for more information.

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

## NAMED OPTION REQUIREMENTS

### MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students are able to complete a program with minimal disruptions to careers and other commitments.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

### CURRICULAR REQUIREMENTS

Requirements Detail	
Minimum Credit Requirement	51 credits
Minimum Residence Credit Requirement	32 credits
Minimum Graduate Coursework Requirement	26 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy ( <a href="https://policy.wisc.edu/library/UW-1244">https://policy.wisc.edu/library/UW-1244</a> )
Overall Graduate GPA Requirement	3.30 GPA required.
Other Grade Requirements	n/a

**Assessments and Examinations** Qualifying Research Project: The Qualifying Research Project (3 credits) is part of the Core Course requirements for every Ph.D. student, and must be completed prior to preliminary exams. The Qualifying Research Project provides students with an opportunity to conduct independent research in their area of specialization in preparation for their dissertation. While limited in scope, the project should be comparable to the final dissertation in terms of its intellectual tone and quality. The project could be a self-contained research paper that could later be incorporated into one of chapters in the final dissertation, building theoretical model for the dissertation, or proposal and conduct of pilot study for their final dissertation. Students are encouraged to disseminate the project broadly, in the format of conference papers or published journal articles in their respective fields.

The Qualifying Research Project may be based on work completed as part of any UW graduate seminar. Students often enroll in an independent study with their major advisor to complete this project. The project must be submitted to and approved by student's major advisor; the project must receive a passing grade in order for the student to sit for the preliminary examination.

**Preliminary Examination:** All Ph.D. students sit for a preliminary examination after satisfactorily completing coursework and the Qualifying Research Project. The exam is intended to demonstrate the students' broad knowledge in the field of design, and specialized expertise in both a major and a minor area. Students must pass the preliminary examination before submitting a dissertation proposal, and before advancing to dissertator status.

**Research and Thesis:** Students with dissertator status are expected to enroll for 3 credits directly related to dissertation research or production. These credits are generally research and thesis credits, independent studies, or required seminars; they must be at the 300 level or above. Three credits is the minimum credit load per semester for dissertators during each of the fall and spring semesters; this is considered a full time load. Dissertators must register for 3 credits each semester until the Ph.D. thesis is filed.

**Language Requirements** Foreign language proficiency may be required for students in the Design History track; if their major or minor areas or dissertation requires work in a language other than English. Students in EDR Track may be required to fulfill the foreign language requirement if the student's research involves the use of a language other than English. Competency may be acquired independently or through structured coursework and is assessed through examination. Exams must be taken before students advance to dissertator status.

**Graduate School Breadth Requirement** All doctoral students are required to complete a doctoral minor or Graduate/Professional certificate.

## REQUIRED COURSES

Ph.D. students must complete a minimum of 51 credits. Of these, 42 credits will include Core Courses, courses in a Major Area of Specialization (Design History or "DH track"; Environmental Research Design or "EDR track"; or Textile Science or "TS track")<sup>1</sup>, courses in a Minor Area of Specialization, and a Qualifying Research Project. The remaining 13 credits may be fulfilled through foreign language competencies, independent studies (i.e. to prepare for qualifying examinations), or Dissertator credits. At least 50% of credits (26 of 51 total credits) applied toward the doctorate degree must be from courses designed for graduate work; courses numbered 700 and above or courses numbered 300–699 that assess graduate students separately from undergraduate students generally satisfy this requirement. Students must maintain a 3.3-grade point average to remain in good standing.

1

These tracks are internal to the program and represent different pathways a student can follow to earn this degree. Track names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

Code	Title	Credits
<b>Pre-Doctoral Preparation Courses</b> <sup>1</sup>		
<i>Design History</i>		
	Art / Architecture / Design History Survey (2 courses)	
	Design History or Art History Research Methods (1 course)	
	Design History Research Seminar (1 course)	
<i>Environmental Design Research</i>		
Introductory research methods (2 courses):		
INTER-HE 793	Research Methods	
HDFS 425	Research Methods in Human Development and Family Studies	
SOC/ C&E SOC 357	Methods of Sociological Inquiry	
Introductory statistics course (2 courses):		
STAT 301	Introduction to Statistical Methods	
STAT 302	Accelerated Introduction to Statistical Methods	
STAT 371	Introductory Applied Statistics for the Life Sciences	
Classical Sociological Theory:		
SOC/ C&E SOC 475	Classical Sociological Theory	
<i>Textile Science</i>		
STAT 312	Introduction to Theory and Methods of Mathematical Statistics II	
STAT 333	Applied Regression Analysis	
STAT/M E 424	Statistical Experimental Design	
STAT/MATH 431	Introduction to the Theory of Probability	
<b>Human Ecology Core</b>		<b>3</b>
INTER-HE 801	Special Topics in Human Ecology (Professional Development Seminar)	
INTER-HE 792	Theories and Perspectives in Human Ecology	

## Core Courses<sup>2</sup> 15

Prior to doctoral candidacy, all Ph.D. students will be expected to enroll in 15 credits distributed among the following Core Courses:

DS 920	Seminar in Design Studies	
<i>Design Studies Seminar (select one as appropriate):</i>		
DS 221	Person and Environment Interactions (EDR track only)	
DS 920	Seminar in Design Studies (Topic: Seminar in Design History; DH track only) <sup>3</sup>	
DS 920	Seminar in Design Studies (Topic: Seminar in New Developments in Textiles; TS track only) <sup>3</sup>	
<i>Research Design and Methods (select one as appropriate):</i>		
Methods for Design History (select from Dimensions in Material Culture, Architectural History Methods, or Art History Methods) (DH track only)		
DS/F&W ECOL/ URB R PL 955	Practical Research Design and Methods of Empirical Inquiry (EDR track only)	
DS 920	Seminar in Design Studies (Topic: Textile Science Research Methods; TS track only)	
<i>Graduate Student Instructor Course</i>		
<i>Qualifying Research Project</i>		
<b>Major Area of Specialization</b> <sup>4</sup>		<b>15</b>
<b>Minor Area of Specialization (Doctoral Minor)</b> <sup>5</sup>		<b>9</b>
<b>Qualifying Research Project</b>		<b>3</b>
<b>Qualifying Exam/Preliminary Exam (Non credit)</b>		<b>3</b>
<b>Elective Credits</b>		<b>3</b>
<b>Research and Thesis</b>		<b>3</b>
<b>Total Credits</b>		<b>51</b>

1

Promising applicants who do not have sufficient educational background may be admitted, under the condition that he or she take pre-doctoral preparation courses; if the student satisfactorily completes a pre-doctoral course with a 3.3 GPA or above, the student may subsequently advance to full doctoral student status. Students will work closely with their major faculty advisor to determine appropriate pre-doctoral preparation courses.

2

The Ph.D. Core Course curriculum offers an opportunity for all Design Studies students to establish a foundational knowledge of theories, research methods, and seminars relevant to design research. The core curriculum also includes specialized training in instruction and pedagogy; this is requisite for graduate teaching assistant duties (often a source of doctoral funding), and useful for students who wish to pursue academic careers. The core curriculum also includes an independent study that will facilitate the production of the Qualifying Research Project.

3

Or independent study; topics may vary.

4

The major area of specialization provides students with an overview of the knowledgebase and seminal research in their concentration field; coursework in the major area will serve as a foundation for the preliminary exam and dissertation. Students are encouraged to take course that are offered both inside and outside the Design Studies department to develop an interdisciplinary framework for their doctoral research. Students may also benefit from courses offered through CIC (Committee on Institutional Cooperation) traveling scholar program, the academic consortium of twelve major teaching and research universities in the Midwest designed to share specialized courses and resources. Ph.D. students are expected to develop a strong foundation in research methods. Students in the DH track must take at least one advanced methods courses in applicable areas, such as art history or material culture. Students in the EDR track are encouraged to take advanced research methods courses (e.g., advanced qualitative/quantitative, ethnography, GIS) and advanced statistics courses as their dissertation topic requires. Students in the TS track are expected to develop a strong foundation in chemistry, the fundamentals of plasma chemistry, and plasma processing. Technology and chemistry are an important part of textile science track.

5

All Ph.D. students select a minor area of specialization outside their major area of specialization. The minor area should be distinctive but complementary to student's major area. The UW–Madison Graduate School policy outlines two possible options regarding minor area of specialization:

- Option A: requires a minimum of 10 credits in a single disciplinary program (e.g., Art History, Landscape Architecture). Fulfillment of this option requires the approval of the minor program.
- Option B: requires a minimum of 9 credits in one or more programs forming a coherent topic, and can include course work in the program (e.g., technology-focused virtual reality). Fulfillment of this option requires the approval of the Design Studies program. The distribution of other credits will be approved by the individual student's Ph.D. committee.

### VR Technology Focused Minor

The Design Studies program offers a unique minor area of specialization in Virtual Reality<sup>1</sup>. Students in both the DH and EDR tracks may minor in this field. The minor provides a technology-focused approach for students looking to develop new Virtual Reality technologies or to utilize Virtual Reality technologies in their research. The School of Human Ecology houses a newly developed Virtual Reality system to which students undertaking this minor will have full access. Additionally, students will have the opportunity to work with other Virtual Reality and simulation environments around the UW–Madison campus. Students looking to undertake the VR technology minor should be familiar with concepts of computer programming and programming languages.

Students in the TS Track should develop expertise in both technology and chemistry. Students have the opportunity to develop a minor in the emerging field of technical textiles. If a distributed minor is desired, students must take a minimum of 6 credits in technology and 6 credits in chemistry (12 credits total).

1

*Note: This is taken by the student as a distributed doctoral minor (Option B). The name "Virtual Reality" does not appear on the transcript or anywhere in the student record.*

Code	Title	Credits
<b>Required during the first semester:</b>		
DS/COMP SCI 579	Virtual Reality	3
<b>Electives:</b>		
PSYCH/COMP SCI/ ED PSYCH 770	Human-Computer Interaction	3
DS/COMP SCI/ I SY E 518	Wearable Technology	3
COMP SCI 559	Computer Graphics	3
COMP SCI 838	Topics in Computing (Topic: Advanced Modeling and Simulation)	1-3
COMP SCI 838	Topics in Computing (Topic: Advanced Graphics)	1-3
COMP SCI 838	Topics in Computing (Topic: Visualization)	1-3

Read more about the minor here (<https://blogs.discovery.wisc.edu/kponto/dscvr/>).

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

### NAMED OPTION-SPECIFIC POLICIES

#### PRIOR COURSEWORK

##### Graduate Work from Other Institutions

With program approval, students are allowed to count up to 18 credits of graduate coursework taken at other institutions or as a UW–Madison Special student (with a maximum of 9 special student credits as part of the 18). Prior coursework taken at other institutions may not be used to satisfy the minimum graduate residence credit requirement. Credits earned ten or more years prior to admission to a doctoral degree are not allowed to satisfy requirements.

##### UW–Madison Undergraduate

This program follows the Graduate School's policy for Satisfying Requirements with Coursework from Undergraduate Career at UW–Madison. (<https://policy.wisc.edu/library/UW-1216/>)

##### UW–Madison University Special

With program approval, students are allowed to count up to 18 credits of graduate coursework taken at other institutions or as a UW–Madison Special student (with a maximum of 9 special student credits as part of the 18). coursework must be numbered 300 or above for residence and degree credit and 700 or above to satisfy the minimum graduate coursework (50%) requirement. Credits earned ten or more years prior to admission to a doctoral degree are not allowed to satisfy requirements. Use of Special student credit may require payment of tuition difference.

#### PROBATION

This program follows the Graduate School's Probation policy. (<https://policy.wisc.edu/library/UW-1217/>)

## ADVISOR / COMMITTEE

This program follows the Graduate School's Advisor policy (<https://policy.wisc.edu/library/UW-1232/>) and the Graduate School's Committees policy (<https://policy.wisc.edu/library/UW-1201/>).

## CREDITS PER TERM ALLOWED

12 credits

## TIME LIMITS

This program follows the Graduate School's Time Limits policy. (<https://policy.wisc.edu/library/UW-1221/>)

A candidate for a doctoral degree who fails to take the final oral examination and deposit the dissertation within five years after passing the preliminary examination may be required to take another preliminary examination and to be admitted to candidacy a second time.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
  - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Any student who feels that he or she has been treated unfairly by a Human Ecology faculty or staff member has the right to complain about the treatment and to receive a prompt hearing of the grievance, following the grievance procedures outlined below. To ensure a prompt and fair hearing of any complaint, and to protect both the rights of the student and the person at whom the complaint is addressed, the procedures below are used in the School of Human Ecology.

The person whom the complaint is directed against must be an employee of the School of Human Ecology. Any graduate student or graduate applicant may use these procedures unless the complaint is covered by other campus rules or contracts.

Note: These procedures do not cover appeals of admissions decisions or other decisions made by departmental or Human Ecology committees. For information on appeals of decisions, students should contact the chair of the committee or the chair of the department that made the decision.

## Contacts

**Civil Society and Community Studies:** Brian McInnes (<https://sohe.wisc.edu/staff/brian-mcinnis/>) (Graduate Program Chair), Cynthia Jasper (<http://sohe.wisc.edu/staff/cynthia-jasper/>) (Department Chair)

**Consumer Science:** J. Michael Collins (<https://sohe.wisc.edu/staff/j-michael-collins/>) (Graduate Program Chair), Nancy Wong (<http://sohe.wisc.edu/staff/nancy-wong/>) (Department Chair)

**Design Studies:** Jung-hye Shin (<https://sohe.wisc.edu/staff/jung-hye-shin/>) (Graduate Program Chair), Roberto Rengel (<http://sohe.wisc.edu/staff/roberto-rengel/>) (Department Chair)

**Human Development and Family Studies:** Kristin Litzelman (<https://sohe.wisc.edu/staff/kristin-litzelman/>) (Graduate Program Chair), Janean Dilworth-Bart (<https://sohe.wisc.edu/staff/janean-dilworth-bart-2/>) (Department Chair)

**Master of Science in Human Ecology:** Sarah Halpern-Meekin (<https://sohe.wisc.edu/staff/sarah-halpern-meekin/>) (Graduate Program Chair)

Students are encouraged to keep written documentation of their experience of unfair treatment both before and during the grievance proceedings.

## Graduate Student Grievance Procedures

**STEP 1.** The student should first consider talking directly with the person(s) against whom the grievance is directed.

Some issues can be settled at this level, and some cannot be. Although students are encouraged to talk directly with the person(s) involved, we recognize that this may not always be possible. If the complaint cannot be resolved satisfactorily by talking with the person(s) involved, the student may continue to **Step 2**.

NOTE: In cases of sexual harassment, sexual misconduct, or racial discrimination, students may choose to bypass these procedures and report the conduct directly to either of the following offices:

- SoHE Human Resources Manager: Nancy Andrews (<https://sohe.wisc.edu/staff/nancy-andrews/>)
- The Office for Equity and Diversity (<http://oed.wisc.edu/>) (179-A Bascom Hall, 608-263-2378, Wisconsin Telecommunications Relay Service: 7-1-1)

**STEP 2.** Does the complaint involve someone in a Human Ecology academic department (Civil Society and Community Studies, Consumer Science, Design Studies, and Human Development & Family Studies)?

- **Yes:** The student should contact the chair of the department. The student will submit the grievance to the chair in writing. This must be done within 60 calendar days of the alleged unfair treatment.

The department chair will refer the matter to the department's Graduate Program Committee or to another appropriate departmental committee (standing or ad hoc) for review. The committee will share the student's written complaint with the person at whom the complaint is directed, and will obtain a written response from this person. This response will be shared with the student filing the grievance. The committee chair will provide a timely written decision to the student on the action taken by the committee (the departmental decision). If either party is unwilling to accept the departmental decision, the department chair will refer the matter to the Associate Dean for Graduate Studies (see contact information below). The Associate Dean will bring the grievance to the Human Ecology Graduate Program Council for review. (NOTE: if the grievance is against the department chair, the written complaint should be referred to the chair of the department's graduate program committee; contact information given below.)

- **No:** The student should contact the Associate Dean for Graduate Studies. (<https://sohe.wisc.edu/staff/connie-flanagan/>) The student will submit the grievance to the Associate Dean in writing. This must be done within 60 calendar days of the alleged unfair treatment. The Associate Dean will refer the grievance to the Human Ecology Graduate Program Council for review.

### STEP 3. Human Ecology Graduate Program Council review.

To ensure fairness, the Graduate Program Council chair may appoint a subcommittee to review the complaint (e.g., excluding faculty from the student's department). The Graduate Program Council may ask for additional information from the parties involved and may hold a hearing at which both parties will be asked to speak separately in closed session. The Graduate Program Council will then make a written recommendation to the Associate Dean who will render a decision and submit it to the Dean of the School for final approval. The Associate Dean will provide the Dean's final decision in writing to the student and to the person against whom the grievance was filed. Unless a longer time is mutually agreed upon by the individuals involved, this written decision shall be made within 30 working days from the date when the written grievance was filed with the Associate Dean's Office.

Students not willing to accept the final decision of the Dean may appeal to the Graduate School (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

Questions about these procedures can be directed to Connie Flanagan, Associate Dean for Graduate Studies (<https://sohe.wisc.edu/staff/connie-flanagan/>).

State law contains provisions regarding discrimination and harassment. Wisconsin Statutes 36.12 reads, in part:

"No student may be denied admission to, participation in or the benefits of, or be discriminated against in any service, program, course or facility of the system or its institutions or centers because of the student's race, color, creed, religion, sex, national origin, disability, ancestry, age, sexual orientation, pregnancy, marital status or parental status."

In addition, the UW-System prohibits discrimination based on gender identity or gender expression.

Students have the right to file discrimination and harassment complaints with the Office for Equity and Diversity (<https://employeeabilities.wisc.edu/>), 179-A Bascom Hall, 263-2378, Wisconsin Telecommunications Relay Service: 7-1-1

## OTHER

n/a

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

### PROGRAM RESOURCES

The School of Human Ecology Graduate Program values the professional development of graduate students and provides financial awards to those who are invited to present at professional conferences/exhibits. The purpose of the support is to encourage participation in professional development, scholarly research, and/or creative endeavor and to help cover expenses not covered by other sources. Students may receive a maximum award of \$650 for travel (\$750 for international travel) to support conference participation in a single academic year. Students are encouraged to seek conference and travel funding from the Graduate School as a first step and apply for supplemental funds through SoHE as needed.

In addition, each academic department within the School of Human Ecology may offer additional professional development grant opportunities. See the program Events Calendar (<https://sohe.wisc.edu/calendar-of-events/>) for the most up-to-date information on professional development opportunities.

## PEOPLE

### Faculty:

#### **CIVIL SOCIETY AND COMMUNITY STUDIES (CIVIL SOCIETY AND COMMUNITY RESEARCH)**

Carolee Dodge Francis, Jennifer Gaddis, Leah Horowitz, Cynthia Jasper, Kasey Keeler, Brian McInnes, Carolina Sarmiento

#### **CONSUMER SCIENCE (CONSUMER BEHAVIOR & FAMILY ECONOMICS)**

# HUMAN ECOLOGY: HUMAN DEVELOPMENT AND FAMILY STUDIES, PH.D.

This is a named option within the Human Ecology, Ph.D. (p. 923)

Human Development and Family Studies (HDFS) offers an interdisciplinary approach to the study of families and individuals across the lifespan with an emphasis on research and its application to practice, programs, and policy.

Students enrolled in one of the Human Ecology Ph.D. program named options have the opportunity to earn the Human Ecology MS: Human Ecology Research (<http://guide.wisc.edu/graduate/human-ecology-school-wide/human-ecology-ms/human-ecology-human-ecology-research-ms/>) degree along the way to the Ph.D. upon successful completion of coursework and research.

The HDFS graduate program option is served by 11 full-time faculty members plus affiliated faculty members. Faculty members are professionally active with strong records of national and international scholarship. The faculty bring the perspectives of many different disciplines to their work, including psychology, human development and family studies, sociology, education, and psychiatry. Faculty members conduct basic research to understand families and their members and applied research and outreach to promote positive outcomes in human development and family life.

Faculty and graduate students in HDFS collaborate on research and outreach-engagement projects in a wide variety of substantive areas focusing on the well-being of individuals, couples, and families. Current areas of scholarly activity focus on early childhood, couple relationships, contemplative practices, mind-body well-being, parenting, family caregiving, and vulnerable populations (e.g., incarcerated parents, children with autism, and historically under-represented groups).

Reflecting the multidisciplinary orientation of the program, faculty and students employ a wide array of methods in their work. Faculty possess expertise in areas as diverse as multilevel, longitudinal, nonlinear, and dyadic modeling; physiological measurement; program evaluation; observational methods; experimental methods; survey methodology; and community-based research. The program explicitly values both qualitative and quantitative approaches to inquiry.

Central to the mission of the program is the creation, dissemination, and application of scientific knowledge to address real-world problems and issues. Applied work of current faculty and students includes public policy education, community building, outreach education, and prevention programs. This applied work is conducted throughout the state.

There is a demand for professionals trained in research, teaching, and outreach in the areas of human development and family studies in higher education, government, and human and family service programs. Regardless of whether HDFS graduates pursue careers in academic or applied settings, they are prepared for a life of scholarship and service.

## ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more

detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 1
Spring Deadline	The program does not admit in the spring.
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Required.*
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements ( <a href="https://grad.wisc.edu/apply/requirements/#english-proficiency">https://grad.wisc.edu/apply/requirements/#english-proficiency</a> ).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

\* Due to COVID-19, there have been challenges for students attempting to take the GRE. For students applying for Fall 2022, the GRE requirement is optional. Regardless of whether GRE scores are submitted, all applications will be held in equal regard.

Applications are accepted once per year for fall admission and are due by December 1 of the preceding year. To be considered for admission to the Human Development and Family Studies (HDFS) Ph.D. option in Human Ecology, the department requires the following materials:

- Online application (<https://grad.wisc.edu/apply/>) indicating "Human Ecology PHD–Human Dev & Family Studies" as your program selection
- \$75 application fee
- Curriculum vitae/resume
- Unofficial transcripts or academic records from each institution attended (official transcripts will be required for students who receive an admission offer)
- Official Graduate Record Exam scores (GRE Institution code #1846)
- International students only:
  - Official Test of English as a Foreign Language (TOEFL) or Melab scores
  - International students who hold degrees from U.S. institutions do not need to submit language test scores
- Three letters of recommendation (submitted electronically through your Graduate School application)
- Uploaded Statement of Purpose/Reasons for Graduate Study
- Upload a writing sample
  - Examples of writing samples include prior scholarly work such as term papers, theses, or published articles. All writing samples

must be written in English and uploaded to the online application system as a PDF.

- Complete the Supplemental Application portion of the online application

Additional information is available on the program website (<https://sohe.wisc.edu/graduate-students/research-and-creative-scholarship/hdfs-graduate-program/>).

## FUNDING

## GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## PROGRAM RESOURCES

Funding opportunities for Human Ecology graduate students are available and made possible, in large part, by generous donations to SoHE. Every year, these funds are used to fund teaching or project assistantships, award academic excellence scholarships, and provide students doing their masters or doctoral research or final MFA project with conference travel scholarships and graduate research scholarships. See the School of Human Ecology Enrollment Policy on Funding Eligibility (<https://sohe.wisc.edu/graduate-students/academic-policies-forms-deadlines/full-time-enrollment-policy-for-funding-eligibility/>) and view current funding opportunities on our program website (<https://sohe.wisc.edu/graduate-students/funding/>) for more information.

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### NAMED OPTION REQUIREMENTS

#### MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students are able to complete a program with minimal disruptions to careers and other commitments.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW–Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

Requirements Detail	
Minimum Credit Requirement	51 credits
Minimum Residence Credit Requirement	32 credits
Minimum Graduate Coursework Requirement	Half of degree coursework (26 credits out of 51 total credits) must be completed graduate-level coursework; courses with the Graduate Level Coursework attribute are identified and searchable in the university's Course Guide.
Overall Graduate GPA Requirement	3.00 GPA required.
Other Grade Requirements	The Graduate School requires an average grade of B or better in all coursework (300 or above, not including research credits) taken as a graduate student unless conditions for probationary status require higher grades. Grades of Incomplete are considered to be unsatisfactory if they are not removed during the next enrolled semester.
Assessments and Examinations	Doctoral students are required to take a comprehensive preliminary/oral examination after they have cleared their record of all Incomplete and Progress grades (other than research and thesis). Deposit of the doctoral dissertation in the Graduate School is required.
Language Requirements	Contact the program for information on any language requirements.
Doctoral Minor/Breadth Requirements	All doctoral students are required to complete a minor.

## REQUIRED COURSES

Code	Title	Credits
<b>Introductory Courses</b>		<b>3</b>
INTER-HE 801	Special Topics in Human Ecology (Professional Development Seminar)	
INTER-HE 792	Theories and Perspectives in Human Ecology	
<b>Basic Theory Courses</b>		<b>9</b>
HDFS 766	Current Topics in Human Development and Family Studies (Prenatal to Adolescence)	
HDFS 766	Current Topics in Human Development and Family Studies (Late Adolescence to Old Age)	
HDFS 865	Family Theory I (Survey)	
<b>Content Courses</b>		<b>9</b>

*A minimum of 6 HDFS credits in content courses (not to include methods or statistics courses) at 700 level or above. Independent Study credits do not count towards content course credits*

<b>Research Methods and Design</b>	<b>6</b>
INTER-HE 793      Research Methods	
<i>Choose an advanced research methods course (minimum 3 credits) in consultation with your advisor</i>	
<b>Statistics</b>	<b>3</b>
<i>As part of the Ph.D. program, students must also complete a minimum of one 3-credit, advanced level statistics course. Please consult with your advisor to identify a statistics course that fits with your area of study</i>	
<b>Research &amp; Thesis</b>	<b>9</b>
HDFS 990      Research and Thesis	
<b>Elective</b>	<b>3</b>
<b>Minor Area Requirement</b>	<b>9</b>
<b>Total Credits</b>	<b>51</b>

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

### NAMED OPTION-SPECIFIC POLICIES

#### PRIOR COURSEWORK

##### Graduate Work from Other Institutions

With program approval, students are allowed to count up to 18 credits of graduate coursework taken at other institutions or as a UW–Madison Special student (with a maximum of 9 special student credits as part of the 18). Prior coursework taken at other institutions may not be used to satisfy the minimum graduate residence credit requirement. Credits earned ten or more years prior to admission to a doctoral degree are not allowed to satisfy requirements.

##### UW–Madison Undergraduate

With program approval, up to 7 credits numbered 300 or above from a UW–Madison undergraduate degree are allowed to count toward degree credit; undergraduate courses must be numbered 700 or above to count toward the minimum graduate coursework requirement. No undergraduate coursework may count toward the graduate residence requirement.

##### UW–Madison University Special

With program approval, students are allowed to count up to 18 credits of graduate coursework taken at other institutions or as a UW–Madison Special student (with a maximum of 9 special student credits as part of the 18). coursework must be numbered 300 or above for residence and degree credit and 700 or above to satisfy the minimum graduate coursework (50%) requirement. Credits earned ten or more years prior to admission to a doctoral degree are not allowed to satisfy requirements. Use of Special student credit may require payment of tuition difference.

### PROBATION

The Graduate School regularly reviews the record of any student who earned grades of BC, C, D, F, or Incomplete in a graduate course (300 or above), or grade of U in research credits. This review could result in academic probation with a hold on future enrollment or in being suspended from the Graduate School.

### ADVISOR / COMMITTEE

Every graduate student is required to have an advisor. An advisor is a faculty member, or sometimes a committee, from the major department responsible for providing advice regarding graduate studies. An advisor generally serves as the thesis advisor. In many cases, an advisor is assigned to incoming students. Students can be suspended from the Graduate School if they do not have an advisor.

To ensure that students are making satisfactory progress toward a degree, the Graduate School expects them to meet with their advisor on a regular basis.

A committee often accomplishes advising for the students in the early stages of their studies.

### CREDITS PER TERM ALLOWED

12 credits

### TIME CONSTRAINTS

Doctoral degree students who have been absent for ten or more consecutive years lose all credits that they have earned before their absence. Individual programs may count the coursework students completed prior to their absence for meeting program requirements; that coursework may not count toward Graduate School credit requirements.

A candidate for a doctoral degree who fails to take the final oral examination and deposit the dissertation within five years after passing the preliminary examination may be required to take another preliminary examination and to be admitted to candidacy a second time.

### GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
  - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeeabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)

- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Any student who feels that he or she has been treated unfairly by a Human Ecology faculty or staff member has the right to complain about the treatment and to receive a prompt hearing of the grievance, following the grievance procedures outlined below. To ensure a prompt and fair hearing of any complaint, and to protect both the rights of the student and the person at whom the complaint is addressed, the procedures below are used in the School of Human Ecology.

The person whom the complaint is directed against must be an employee of the School of Human Ecology. Any graduate student or graduate applicant may use these procedures unless the complaint is covered by other campus rules or contracts.

Note: These procedures do not cover appeals of admissions decisions or other decisions made by departmental or Human Ecology committees. For information on appeals of decisions, students should contact the chair of the committee or the chair of the department that made the decision.

## Contacts

**Civil Society and Community Studies:** Brian McInnes (<https://sohe.wisc.edu/staff/brian-mcinnis/>) (Graduate Program Chair), Cynthia Jasper (<http://sohe.wisc.edu/staff/cynthia-jasper/>) (Department Chair)

**Consumer Science:** J. Michael Collins (<https://sohe.wisc.edu/staff/j-michael-collins/>) (Graduate Program Chair), Nancy Wong (<http://sohe.wisc.edu/staff/nancy-wong/>) (Department Chair)

**Design Studies:** Jung-hye Shin (<https://sohe.wisc.edu/staff/jung-hye-shin/>) (Graduate Program Chair), Roberto Rengel (<http://sohe.wisc.edu/staff/roberto-rengel/>) (Department Chair)

**Human Development and Family Studies:** Kristin Litzelman (<https://sohe.wisc.edu/staff/kristin-litzelman/>) (Graduate Program Chair), Janean Dilworth-Bart (<https://sohe.wisc.edu/staff/janean-dilworth-bart-2/>) (Department Chair)

**Master of Science in Human Ecology:** Sarah Halpern-Meekin (<https://sohe.wisc.edu/staff/sarah-halpern-meekin/>) (Graduate Program Chair)

Students are encouraged to keep written documentation of their experience of unfair treatment both before and during the grievance proceedings.

## Graduate Student Grievance Procedures

**STEP 1.** The student should first consider talking directly with the person(s) against whom the grievance is directed.

Some issues can be settled at this level, and some cannot be. Although students are encouraged to talk directly with the person(s) involved, we recognize that this may not always be possible. If the complaint cannot

be resolved satisfactorily by talking with the person(s) involved, the student may continue to **Step 2**.

NOTE: In cases of sexual harassment, sexual misconduct, or racial discrimination, students may choose to bypass these procedures and report the conduct directly to either of the following offices:

- SoHE Human Resources Manager: Nancy Andrews (<https://sohe.wisc.edu/staff/nancy-andrews/>)
- The Office for Equity and Diversity (<http://oed.wisc.edu/>) (179-A Bascom Hall, 608-263-2378, Wisconsin Telecommunications Relay Service: 7-1-1)

**STEP 2.** Does the complaint involve someone in a Human Ecology academic department (Civil Society and Community Studies, Consumer Science, Design Studies, and Human Development & Family Studies)?

- **Yes:** The student should contact the chair of the department. The student will submit the grievance to the chair in writing. This must be done within 60 calendar days of the alleged unfair treatment. The department chair will refer the matter to the department's Graduate Program Committee or to another appropriate departmental committee (standing or ad hoc) for review. The committee will share the student's written complaint with the person at whom the complaint is directed, and will obtain a written response from this person. This response will be shared with the student filing the grievance. The committee chair will provide a timely written decision to the student on the action taken by the committee (the departmental decision). If either party is unwilling to accept the departmental decision, the department chair will refer the matter to the Associate Dean for Graduate Studies (see contact information below). The Associate Dean will bring the grievance to the Human Ecology Graduate Program Council for review. (NOTE: if the grievance is against the department chair, the written complaint should be referred to the chair of the department's graduate program committee; contact information given below.)
- **No:** The student should contact the Associate Dean for Graduate Studies. (<https://sohe.wisc.edu/staff/connie-flanagan/>) The student will submit the grievance to the Associate Dean in writing. This must be done within 60 calendar days of the alleged unfair treatment. The Associate Dean will refer the grievance to the Human Ecology Graduate Program Council for review.

**STEP 3.** Human Ecology Graduate Program Council review.

To ensure fairness, the Graduate Program Council chair may appoint a subcommittee to review the complaint (e.g., excluding faculty from the student's department). The Graduate Program Council may ask for additional information from the parties involved and may hold a hearing at which both parties will be asked to speak separately in closed session. The Graduate Program Council will then make a written recommendation to the Associate Dean who will render a decision and submit it to the Dean of the School for final approval. The Associate Dean will provide the Dean's final decision in writing to the student and to the person against whom the grievance was filed. Unless a longer time is mutually agreed upon by the individuals involved, this written decision shall be made within 30 working days from the date when the written grievance was filed with the Associate Dean's Office.

Students not willing to accept the final decision of the Dean may appeal to the Graduate School (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

Questions about these procedures can be directed to Connie Flanagan, Associate Dean for Graduate Studies (<https://sohe.wisc.edu/staff/connie-flanagan/>).

State law contains provisions regarding discrimination and harassment. Wisconsin Statutes 36.12 reads, in part:

“No student may be denied admission to, participation in or the benefits of, or be discriminated against in any service, program, course or facility of the system or its institutions or centers because of the student’s race, color, creed, religion, sex, national origin, disability, ancestry, age, sexual orientation, pregnancy, marital status or parental status.”

In addition, the UW-System prohibits discrimination based on gender identity or gender expression.

Students have the right to file discrimination and harassment complaints with the Office for Equity and Diversity (<https://employeeabilities.wisc.edu/>), 179-A Bascom Hall, 263-2378, Wisconsin Telecommunications Relay Service: 7-1-1

## OTHER

## PROFESSIONAL DEVELOPMENT

## GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School’s professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

## PROGRAM RESOURCES

The School of Human Ecology Graduate Program values the professional development of graduate students and provides financial awards to those who are invited to present at professional conferences/exhibits.

The purpose of the support is to encourage participation in professional development, scholarly research, and/or creative endeavor and to help cover expenses not covered by other sources. Students may receive a maximum award of \$650 for travel (\$750 for international travel) to support conference participation in a single academic year. Students are encouraged to seek conference and travel funding from the Graduate School as a first step and apply for supplemental funds through SoHE as needed.

In addition, each academic department within the School of Human Ecology may offer additional professional development grant opportunities. See the program Events Calendar (<https://sohe.wisc.edu/calendar-of-events/>) for the most up-to-date information on professional development opportunities.

## INDUSTRIAL ENGINEERING, DOCTORAL MINOR

Industrial and systems engineering is an engineering discipline focusing on the design, analysis, improvement and implementation of complex systems that include humans, materials, equipment and other resources. The learning outcome of the doctoral minor is to gain general proficiency and distinctive attainment in one or more concentration areas in industrial and systems engineering, including: decision science and operations research, manufacturing production systems, health systems engineering, and human factors and ergonomics.

## ADMISSIONS

For admissions, please contact the ISyE coordinator at [iegradadmission@engr.wisc.edu](mailto:iegradadmission@engr.wisc.edu).

## REQUIREMENTS

A Ph.D. candidate from another department taking an Option A doctoral minor in industrial engineering must complete a minimum of 9 credits of I SY E ([http://guide.wisc.edu/courses/i\\_sy\\_e/](http://guide.wisc.edu/courses/i_sy_e/)) courses numbered 300 or above. A minimum GPA of 3.20 is required for this set of courses. A course with a grade of C or lower cannot be used to satisfy the minor requirement. Students may transfer up to 3 credits from another university to satisfy the minor requirement, subject to the approval of the Academic Affairs Cluster.

## INDUSTRIAL ENGINEERING, M.S.

The Department of Industrial and Systems Engineering offers opportunities for graduate study leading to the master of science and the doctor of philosophy degrees in industrial and systems engineering.

The Department offers three distinct master of science programs. The Master of Science in Industrial Engineering research program is designed for students wishing to conduct research during their program. More information about the research program can be found here (p. 955).

The two course-based named option programs in the MS-IE, Human Factors and Health Systems Engineering M.S. (p. 949) and Systems Engineering and Analytics M.S. (p. 962), are accelerated programs that can be completed in one full year of study and are designed for students wishing to pursue a career in industry or government.

## ADMISSIONS

Students apply to the Master of Science in Industrial Engineering through one of the named options:

- Human Factors and Health Systems Engineering (p. 949)
- Research (p. 955)
- Systems Engineering and Analytics (p. 962)

## FUNDING

### GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

### PROGRAM RESOURCES

Tuition and funding opportunities vary according to the specific MS program. See information about the research research M.S. (p. 955), Human Factors and Health Systems Engineering M.S. (p. 949) and Systems Engineering and Analytics M.S. (p. 962) programs separately.

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### MAJOR REQUIREMENTS CURRICULAR REQUIREMENTS

#### Requirements Detail

Minimum 30 credits

Credit Requirement

Minimum 16 credits

Residence Credit Requirement

Minimum Graduate Coursework Requirement 15 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy (<https://policy.wisc.edu/library/UW-1244>).

Overall 3.00 GPA required.

Graduate GPA Requirement This program follows the Graduate School's GPA Requirement policy (<https://policy.wisc.edu/library/UW-1203> (<https://policy.wisc.edu/library/UW-1203/>)).

Other Grade Requirements Grades of C and D received by a candidate in any graduate course will not be counted as credit toward the degree. These grades will be counted in the graduate GPA.

Assessments and Examinations None.

Language Requirements No language requirements.

### REQUIRED COURSES

Select a Named Option (p. 948) for courses required.

## NAMED OPTIONS

A named option is a formally documented sub-major within an academic major program. Named options appear on the transcript with degree conferral. Students pursuing the Master of Science in Industrial Engineering must select one of the following named options:

View as listView as grid

- **INDUSTRIAL ENGINEERING: HUMAN FACTORS AND HEALTH SYSTEMS ENGINEERING, M.S. (P. 949)**
- **INDUSTRIAL ENGINEERING: RESEARCH, M.S. (P. 955)**
- **INDUSTRIAL ENGINEERING: SYSTEMS ENGINEERING AND ANALYTICS, M.S. (P. 962)**

## POLICIES

Students should refer to one of the named options for policy information:

- Human Factors and Health Systems Engineering (p. 949)
- Research (p. 955)
- Systems Engineering and Analytics (p. 962)

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

### PROGRAM RESOURCES

#### THE INDIVIDUAL DEVELOPMENT PLAN ([HTTPS://GRAD.WISC.EDU/PD/IDP/](https://grad.wisc.edu/pd/idp/))

An Individual Development Plan helps with self-assessment, planning, and communication:

- An IDP can help you communicate your professional development and career planning needs and intentions to others including your mentor, which can lead to helpful advice and resources.
- You can use the IDP to make sure you and your mentor's expectations are clearly outlined and in agreement so that there are no big surprises, particularly at the end of your training.
- The current job market is challenging and research has shown that individuals who perform structured career planning achieve greater career success and satisfaction.

The onus to engage in the IDP process is on you – although your mentor, PI, or others may encourage and support you in doing so. The IDP itself remains private to you, and you choose which parts to share with which mentors. Through the IDP process, you may decide to identify various mentors to whom you can go for expertise and advice.

### ENGINEERING CAREER SERVICES ([HTTPS://ECS.WISC.EDU/](https://ecs.wisc.edu/))

**Julie Rae, Assistant Director for Graduate Student Career Services**

GRADUATE students in all Engineering programs

## UW WRITING CENTER (HTTP://WRITING.WISC.EDU/)

**Location:** 6171 Helen C. White Hall

**Tel:** (608) 263-1992

The UW Writing Center provides free of charge face-to-face and online consultations that focus on a number of different writing scenarios (i.e. drafts of course papers, resumes, reports, application essays, cover letters, theses, etc). Writing Center instructors will not edit or proofread papers. Instead, their goal is to teach students to edit and proofread on their own in order to become a better, more confident writer.

## LEARNING OUTCOMES

1. Articulates, critiques, or elaborates the theories, research methods, and approaches to inquiry or schools of practice in industrial and systems engineering including areas such as decision science and operations research, quality engineering, manufacturing and health systems, and/or human factors.
2. Identifies sources and assembles evidence pertaining to questions or challenges in industrial and systems engineering.
3. Demonstrates understanding of the industrial and systems engineering field of study in a historical, social, or global context.
4. Selects and/or utilizes the most appropriate industrial and systems engineering methodologies and practices.
5. Evaluates or synthesizes information pertaining to questions or challenges in industrial and systems engineering.
6. Communicates clearly in ways appropriate to industrial and systems engineering.
7. Recognizes and applies principles of ethical and professional conduct.

## INDUSTRIAL ENGINEERING: HUMAN FACTORS AND HEALTH SYSTEMS ENGINEERING, M.S.

This is a named option course-based program within the Industrial and Systems Engineering M.S. (p. 947)

By examining, designing, testing and evaluating products, environments and how people interact in it, Human Factors and Health Systems Engineering (<https://pdc.wisc.edu/degrees/human-factors-health-systems-engineering/>) professionals can create productive, safe and satisfying environments for humans, and apply industrial and systems engineering tools and approaches to specific health care problems.

### IS THIS PROGRAM RIGHT FOR YOU?

The demand for engineers who can combine a concern for the human component with traditional engineering principles is great. The Human Factors and Health Systems Engineering program provides students content from physical ergonomics, cognitive ergonomics, macroergonomics and broad issues in health care, including long-term care, prevention, quality improvement, health care financing, and system evaluation.

This program considers human reliability, psychomotor capabilities and human characteristics in equipment, as an important aspect of equipment design is human-computer interaction. Engineers are concerned with the complex physical relationships between people, machines, job demands and work methods, design, work quality and assessment of skill. Also important are organizational issues such as management approaches, job design, participative problem solving, psychological stress, job satisfaction, performance effectiveness, product/service quality, and quality of work life.

Effective model building requires strong systems analysis skills. While skill in manipulating statistical and mathematical models is essential to an industrial engineer's success, the health systems engineer must also be able to initiate resolutions to strategic problems using knowledge of how organizational decisions are made.

See the Learning Outcomes (p. 949) for this program.

If you have questions, please contact COE Grad Admissions at [iegradadmission@engr.wisc.edu](mailto:iegradadmission@engr.wisc.edu); Subject Line: IE Grad Admissions and I Sy E Seniors please contact Pam Peterson, [prpeterson@wisc.edu](mailto:prpeterson@wisc.edu). ([prpeterson@wisc.edu](mailto:prpeterson@wisc.edu))

## ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 15
Spring Deadline	October 1
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Required.*
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements ( <a href="https://grad.wisc.edu/apply/requirements/#english-proficiency">https://grad.wisc.edu/apply/requirements/#english-proficiency</a> ).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

\*

- UW-Madison Industrial Engineering undergrads and applicants with prior institutional approval are waived from the GRE requirement.
- GRE scores will not be required for admission through Fall 2023 due to challenges taking the exam during the COVID-19 pandemic.

## APPLICATION DEADLINES

- Fall:** Dec. 15th
- Spring:** Oct. 1st

## ADMISSION

Applicants must first meet all of the requirements of the Graduate School (<https://grad.wisc.edu/admissions/requirements/>).

- Applicants must also meet department specific requirements as outlined below:
  - BS degree in engineering or related area or equivalent
  - Mathematical Statistics Course (for example, STAT 312 Introduction to Theory and Methods of Mathematical Statistics II or I SY E 210 Introduction to Industrial Statistics)
  - Non-native English speakers must have a Test of English as a Foreign Language (TOEFL) score of 580 (written), 243 (computer-based test), or 92 (Internet version).
  - The Graduate Record Examination (GRE) is \*required for this masters programs in I Sy E. Information on taking the GRE exam can be found here (<https://www.ets.org/gre/>). **Please note:** Applicants should plan to take their exam by December 1 to allow scores to be sent and processed.

*\*UW-Madison ISyE undergrads and applicants with prior institutional approval are waived from the GRE requirement.*

## FOR UW-MADISON STUDENTS ONLY

- UW-Madison undergraduate students applying to this program must submit a UW transcript, but it may be an unofficial transcript.

## FOR UW-MADISON ISYE STUDENTS ONLY

- Three letters of recommendation are NOT required for students completing their Industrial Engineering bachelor's degree at UW. Please note that the application system will still require you to list three individuals as recommenders. You are welcome to list Jim Luedtke, Pam Peterson, and Amanda Smith to bypass this requirement.
- ISyE undergrads and applicants with prior institutional approval are waived from the GRE requirement.
- UW-Madison students completing their bachelor's degree in the Industrial and Systems Engineering department may count up to 6 credits of coursework numbered 300 or above toward the degree with prior program approval. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

## HOW TO APPLY

- Fill out an online application (<https://grad.wisc.edu/apply/>) through the Graduate School website. (<https://grad.wisc.edu/admissions/faq/>)
- List three recommenders and their contact information as part of the online application. An email will be sent to the recommender,

asking that they submit their letter online using the Graduate School's recommendation form. Applicants can log back into their online application to re-send the email request if the recommender loses the email. Letters of recommendation must be submitted electronically.

3. **Submit a Statement of Purpose** (<https://grad.wisc.edu/prospective/prepare/statement/>) **with your online application.** In this document, applicants should explain why they want to pursue further education in ISyE and discuss which UW faculty members they would be interested in doing research with during their graduate study.
4. **TOEFL Exam Information: Ask ETS** (<https://www.ets.org/>) **to submit your GRE and/or TOEFL scores to the UW–Madison Graduate School (Institution Number 1846).** If you have your scores sent to UW–Madison, they will be available online to all departments to which you have applied. The institution code, therefore, is the only number needed. For more information please visit the Graduate School Requirements (<https://grad.wisc.edu/admissions/requirements/>) page. Please note: Exam information must be valid at start date of the semester that you are applying for (nonexpired).
5. **GRE Exam Information:** (<https://www.ets.org/gre/>) The IE graduate program requires the GRE exam be taken by prospective students as part of the application. **Note there are no specific scoring guidelines for the exam** as the GRE is only one part of consideration for admission into the program. Please note: Exam information must be valid at start date of the semester that you are applying for (nonexpired).
6. **Electronically submit one copy of your official transcript with your application.** Official transcripts of all undergraduate and previous graduate work are required. Unofficial copies of transcripts will be accepted for review, but official copies are required for admitted students. Please do not send transcripts or any other application materials to the Graduate School or [gradadmission@engr.wisc.edu](mailto:gradadmission@engr.wisc.edu).
7. **Upload your resume in your application.**
8. **Pay the Application Fee:** Submission must be accompanied by the one-time application fee. It is non-refundable and can be paid by credit card (Master Card or VISA) or debit/ATM. By state law, this fee can only be waived or deferred through the conditions outlined here by the Graduate School. (<https://grad.wisc.edu/apply/fee-grant/>)

**NOTE: PLEASE DO NOT SEND MATERIALS/DOCUMENTS TO THE ISyE DEPARTMENT OR GRADUATE SCHOOL UNTIL YOU ARE RECOMMENDED FOR ADMISSIONS. ALL DOCUMENTS SHOULD BE UPLOADED WITH YOUR APPLICATION.**

## QUESTIONS?

Check out the Admissions FAQ (<https://grad.wisc.edu/apply/>) or contact us at [iegradadmission@engr.wisc.edu](mailto:iegradadmission@engr.wisc.edu).

**NOTE: PLEASE DO NOT SEND MATERIALS/DOCUMENTS TO THE I SY E DEPARTMENT OR GRADUATE SCHOOL UNTIL YOU ARE RECOMMENDED FOR ADMISSIONS. ALL DOCUMENTS SHOULD BE UPLOADED WITH YOUR APPLICATION.**

## FUNDING

### GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## PROGRAM RESOURCES

Tuition information for this program is available here (<https://pdc.wisc.edu/degrees/human-factors-health-systems-engineering/>). Beginning in the fall semester of 2021, resident and resident reciprocity students are eligible for a tuition scholarship. Details here (<https://engineering.wisc.edu/wp-content/uploads/2022/05/Masters-Program-Tuition-CreditFall2021.pdf>).

Students enrolled in this program are not eligible to receive tuition remission from graduate assistantship appointments at this institution.

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### NAMED OPTION REQUIREMENTS

#### MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	Yes

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students are able to complete a program with minimal disruptions to careers and other commitments.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW–Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

### CURRICULAR REQUIREMENTS

#### Requirements Detail

Minimum 30 credits  
Credit Requirement

Minimum 16 credits  
Residence Credit Requirement

Minimum Graduate Coursework Requirement 15 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy (<https://policy.wisc.edu/library/UW-1244>).

Overall	3.00 GPA required.
Graduate GPA Requirement	This program follows the Graduate School's GPA Requirement policy ( <a href="https://policy.wisc.edu/library/UW-1203">https://policy.wisc.edu/library/UW-1203</a> ( <a href="https://policy.wisc.edu/library/UW-1203/">https://policy.wisc.edu/library/UW-1203/</a> )).
Other Grade Requirements	Grades of C and D received by a candidate in any graduate course will not be counted as credit toward the degree. These grades will be counted in the graduate GPA.
Assessments and Examinations	None.
Language Requirements	No language requirements.

## REQUIRED COURSES

Of the required credits, all must be at the 300 level or higher, at most 6 credits may be at the 300 level, at least 15 must be at the graduate level, at least 18 credits must be in the Industrial and Systems Engineering Department, and at least 16 credits must be taken as a graduate student in residence at UW-Madison. A total of at most 6 credits from independent study (e.g., I SY E 699), research (e.g., I SY E 790), and internship/co-op (I SY E 702) courses may be applied toward this degree.

Below is a typical curriculum for those pursuing an M.S. in Industrial Engineering with the course options in Human Factors and Health Systems Engineering. Please note the Human Factors and Health Systems Engineering program is a customizable program and students should work out other course options with their faculty advisor.

### Fall Potential Courses:

Code	Title	Credits
I SY E 313	Engineering Economic Analysis	3
I SY E/PSYCH 349	Introduction to Human Factors	3
I SY E 417	Health Systems Engineering	3
I SY E/M E 512	Inspection, Quality Control and Reliability	3
I SY E 515	Engineering Management of Continuous Process Improvement	3
I SY E/PSYCH 549	Human Factors Engineering	3
I SY E 601	Special Topics in Industrial Engineering	1-3
I SY E 602	Special Topics in Human Factors	3
I SY E 606	Special Topics in Healthcare Systems Engineering	1-3
I SY E/PHARMACY 608	Safety and Quality in the Medication Use System	3
I SY E/PSYCH 653	Organization and Job Design	3
I SY E 699	Advanced Independent Study	1-5

### Spring Potential Courses:

Code	Title	Credits
I SY E 313	Engineering Economic Analysis	3
I SY E/PSYCH 349	Introduction to Human Factors	3
I SY E 417	Health Systems Engineering	3
I SY E/M E 512	Inspection, Quality Control and Reliability	3
I SY E 555	Human Performance and Accident Causation	3

I SY E/MED PHYS 559	Patient Safety and Error Reduction in Healthcare	2
I SY E 562	Human Factors of Data Science and Machine Learning	3
I SY E/B M E 564	Occupational Ergonomics and Biomechanics	3
I SY E 575	Introduction to Quality Engineering	3
I SY E 601	Special Topics in Industrial Engineering	1-3
I SY E 602	Special Topics in Human Factors	3
I SY E 606	Special Topics in Healthcare Systems Engineering	1-3
I SY E/PHARMACY 608	Safety and Quality in the Medication Use System	3
I SY E/B M I 617	Health Information Systems	3
I SY E/B M E 662	Design and Human Disability and Aging	3

### Summer Potential Courses:

Code	Title	Credits
I SY E 313	Engineering Economic Analysis	3
I SY E/PSYCH 349	Introduction to Human Factors	3
I SY E 516	Introduction to Decision Analysis	3
I SY E 575	Introduction to Quality Engineering	3
I SY E 601	Special Topics in Industrial Engineering	1-3
I SY E 602	Special Topics in Human Factors	3
I SY E 606	Special Topics in Healthcare Systems Engineering	1-3
I SY E 699	Advanced Independent Study	1-5
I SY E 702	Graduate Cooperative Education Program	1-2

### Other Department Course Suggestions:

Code	Title	Credits
NURSING 761	Health Program Planning, Evaluation, and Quality Improvement	3
POP HLTH/SOC 797	Introduction to Epidemiology	3
POP HLTH/I SY E 875	Cost Effectiveness Analysis in Health and Healthcare	3
POP HLTH 876	Measuring Health Outcomes	3
OTM 451	Service Operations Management	3
OTM 753	Healthcare Operations Management	3
OTM 770	Sustainable Approaches to System Improvement	4
B M I 773	Clinical Research Informatics	3
B M I/COMP SCI 576	Introduction to Bioinformatics	3
B M I/COMP SCI 776	Advanced Bioinformatics	3
COMP SCI/ED PSYCH/PSYCH 770	Human-Computer Interaction	3
E M A 601	Special Topics in Engineering Mechanics	1-3
M H R 412	Management Consulting	3

Students in this program may not take courses outside the prescribed curriculum without faculty advisor and program director approval. Students in this program cannot enroll concurrently in other undergraduate, graduate or certificate programs.

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

### NAMED OPTION-SPECIFIC POLICIES

#### PRIOR COURSEWORK

##### Graduate Work from Other Institutions

With program approval, students are allowed to count no more than 9 credits of graduate course work from other institutions. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

##### UW–Madison Undergraduate

UW–Madison students completing their bachelor's degree in the Industrial and Systems Engineering department may count up to 6 credits of coursework numbered 300 or above toward the degree with prior program approval. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

##### UW–Madison University Special

This program follows the Graduate School's policy for Transfer from UW–Madison University Special Student Career at UW–Madison. (<https://policy.wisc.edu/library/UW-1216/>)

#### PROBATION

This program follows the Graduate School's Probation policy. (<https://policy.wisc.edu/library/UW-1217/>)

#### ADVISOR / COMMITTEE

Per Graduate School policy, every graduate student MUST have a faculty advisor. A faculty advisor provides the graduate student with academic guidance regarding their course selection and research oversight in their thesis or project. Graduate students should always seek advice from their advisor and other faculty in their interest area prior to enrolling for courses.

#### CREDITS PER TERM ALLOWED

Enrollment of 12 credits is highly recommended.

#### TIME LIMITS

This program is designed to be completed in 16 months. Students who have an undergraduate degree from UW–Madison can typically complete the program in 12 months. Internship and co-operative (co-op) work experiences are an optional component to this degree. The program must be completed within 24 months for students who plan to include internship or co-op work experiences during their program. The ISyE department does not guarantee availability of internship or co-op positions.

To ensure timely progress, the students in this program will be provided a list of courses they can select from at the beginning of each regular semester. The student is required to meet their academic advisor during their first semester to discuss and obtain approval of the course plan for the remainder of their program. In situations where the student cannot finish the program in 24 months due to exceptional circumstances, the exception must be requested by the student and approved by the student's academic advisor and the academic affairs committee.

### GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
  - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

#### Grievance Procedures: Industrial and Systems Engineering

If a graduate student feels unfairly treated or aggrieved by faculty, staff, or another student, the University offers several avenues to resolve the grievance. Student's concerns about unfair treatment are best handled directly with the person responsible for the objectionable action. If the student is uncomfortable making direct contact with the individual(s) involved, they should contact the advisor or the person in charge of the unit where the action occurred (program or department chair, section chair, lab manager, etc). Many departments and schools/colleges have established specific procedures for handling such situations; check their web pages and published handbooks for information. If such procedures exist at the local level, these should be investigated first. For more information, see the College of Engineering Policies and Procedures (<https://engineering.wisc.edu/report-an-incident/academic-grievances-and-complaints/>). The Assistant Dean for Graduate Affairs ([enr-dean-graduateaffairs@enr.wisc.edu](mailto:enr-dean-graduateaffairs@enr.wisc.edu)) provides overall leadership for graduate education in the College of Engineering (CoE), and is a point of contact

for graduate students who have concerns about education, mentoring, research, or other difficulties.

Procedures for handling graduate student grievances against ISyE faculty, staff, or students:

1. The student is encouraged to speak first with the person toward whom the grievance is directed to see if a situation can be resolved at this level.
2. Should a satisfactory resolution not be achieved, the student should contact the Associate Chair for Graduate Affairs, to discuss the grievance. The Associate Chair will facilitate problem resolution through informal channels and facilitate any complaints or issues of students. The first attempt is to help students informally address the grievance prior to any formal complaint. Students are also encouraged to talk with their faculty advisors regarding concerns or difficulties, if necessary. University resources for sexual harassment, discrimination, disability accommodations, and other related concerns can be found on the UW Office of Compliance website (<https://compliance.wisc.edu/>).
3. If the issue is not resolved to the student's satisfaction, the student can submit the grievance to the Grievance Advisor, which may be either the Associate Chair for Graduate Affairs or the Department Chair, as chosen by the student. The grievance should be submitted in writing, within 60 calendar days of the alleged unfair treatment.
4. On receipt of a written complaint, the Grievance Advisor will form a faculty committee that will review the complaint and gather further information as necessary from the filer of the complaint and other parties involved (including the party toward whom the complaint is directed).
5. The faculty committee will determine a decision regarding the grievance. The Grievance Advisor will report on the action taken by the committee in writing to both the student and the party toward whom the complaint was directed within 15 working days from the date the complaint was received.
6. At this point, if either party (the student or the person toward whom the grievance is directed) is unsatisfied with the decision of the faculty committee, the party may file a written appeal to the College of Engineering Assistant Dean for Graduate Affairs ([enr-dean-graduateaffairs@enr.wisc.edu](mailto:enr-dean-graduateaffairs@enr.wisc.edu)). Either party has 10 working days to file a written appeal to the School/College.
7. Documentation of the grievance will be stored for at least 7 years. Significant grievances that set a precedent will be stored indefinitely.
8. The Graduate School has procedures for students wishing to appeal a grievance decision made at the school/college level. These policies are described in the Graduate School Academic Policies and Procedures - Grievances & Appeals (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

## OTHER

### Graduate Assistant Positions

Students are strongly discouraged to pursue positions as Project Assistants, Teaching Assistants or Research Assistants during their time in this program, as the rigor and accelerated nature of this program may not accommodate those work time commitments. Students in this program will

not receive the tuition remission that is typically part of the compensation package for a graduate assistantship.

### Policies on Program Transfer

- It is not allowed to transfer between the HFHSE and MSIE research-option programs.
- Students in this MSIE program can apply to the PhD program in ISyE. Students should follow the general application requirements of the ISyE PhD along with submitting an Add/Change of Program, Plan or Named Option Request online through the Graduate School.
- If a student currently in another graduate program wants to transfer to the course option MSIE they should follow the general application procedure for the course option MSIE program along with submitting an Add/Change of Program, Plan or Named Option Request online through the Graduate School.

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

### PROGRAM RESOURCES

#### THE INDIVIDUAL DEVELOPMENT PLAN ([HTTPS://GRAD.WISC.EDU/PD/IDP/](https://grad.wisc.edu/pd/idp/))

An Individual Development Plan helps with self-assessment, planning, and communication:

- An IDP can help you communicate your professional development and career planning needs and intentions to others including your mentor, which can lead to helpful advice and resources.
- You can use the IDP to make sure you and your mentor's expectations are clearly outlined and in agreement so that there are no big surprises, particularly at the end of your training.
- The current job market is challenging and research has shown that individuals who perform structured career planning achieve greater career success and satisfaction.

The onus to engage in the IDP process is on you – although your mentor, PI, or others may encourage and support you in doing so. The IDP itself remains private to you, and you choose which parts to share with which mentors. Through the IDP process, you may decide to identify various mentors to whom you can go for expertise and advice.

#### ENGINEERING CAREER SERVICES ([HTTPS://ECS.WISC.EDU/](https://ecs.wisc.edu/))

**Julie Rae, Assistant Director for Graduate Student Career Services**

GRADUATE students in all Engineering programs

- Resumes & Cover Letters <https://ecs.wisc.edu/students/resumes-and-cover-letters/>
- Job Search Strategies
- Job Offers & Negotiation <https://ecs.wisc.edu/students/offers-and-negotiation/>

- CPT for Graduate Students <https://ecs.wisc.edu/students/co-op-and-internship/>
- **Student appointments:** Click here (<http://go.wisc.edu/ecs-grad-appt/>) to schedule an appointment with ECS.

Employer Recruitment List for Industrial Engineering Students: <https://ecs.wiscweb.wisc.edu/wp-content/uploads/sites/86/2017/03/IE-Employer-Recruitment-List-17-18.pdf>.

## UW WRITING CENTER (HTTP://WRITING.WISC.EDU/)

**Location:** 6171 Helen C. White Hall

**Tel:** (608) 263-1992

The UW Writing Center provides free of charge face-to-face and online consultations that focus on a number of different writing scenarios (i.e. drafts of course papers, resumes, reports, application essays, cover letters, theses, etc). Writing Center instructors will not edit or proofread papers. Instead, their goal is to teach students to edit and proofread on their own in order to become a better, more confident writer.

Pam Peterson

See also Industrial and Systems Engineering Faculty Directory (<http://directory.engr.wisc.edu/ie/faculty/>).

## INDUSTRIAL ENGINEERING: RESEARCH, M.S.

This is a named option within the Industrial Engineering M.S. (p. 947)

The Master of Science in Industrial Engineering research program is designed for students wishing to conduct research during their program.

## ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 15
Spring Deadline	This program does not admit in the spring.
Summer Deadline	December 15
GRE (Graduate Record Examinations)	Required.*
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements ( <a href="https://grad.wisc.edu/apply/requirements/#english-proficiency">https://grad.wisc.edu/apply/requirements/#english-proficiency</a> ).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

\*

GRE scores will not be required for admission through Fall 2023 due to challenges taking the exam during the COVID-19 pandemic

**NOTE: These admissions requirements are only relevant for the M.S. research program.** You can find the admissions requirements for the Human Factors and Health Systems (p. 950) and the Systems Engineering and Analytics (p. 962) programs on their respective pages.

The UW–Madison graduate program in industrial and systems engineering offers students extraordinary opportunities to pursue a course of study that is customized to the student's interests and

ambitions, under the auspices of the foremost experts in their field, in one of the top-ranked industrial and systems engineering departments.

The flexible graduate curricula enables students to tailor their degree program to suit their particular needs and career objectives. Concentration areas in industrial and systems engineering includes: Decision Sciences and Operations Research, Health Systems Engineering, Human Factors and Ergonomics, Manufacturing, and Product Systems and Quality Engineering. Students also have opportunities to take graduate courses in any other departments at UW–Madison, which has a comprehensive set of top-ranked graduate and professional programs.

## APPLICATION DEADLINES:

- **Fall:** Dec. 15th
- **Reentry applicants:** July 15 (fall); must consult with I SY E faculty advisor prior to reapplying
- Additional reentry information (<https://grad.wisc.edu/admissions/previouslyenrolled/>)

## APPLICATION REQUIREMENTS

Application deadlines are strictly enforced and ALL application materials including transcripts, GRE and TOEFL scores MUST be included and submitted by the application deadline.

*\*Please note our office does not provide feedback to applications as to their potential for admission—please review both the I SY E department and Graduate School requirements for admission, and if you feel you meet the necessary criteria for applying, please do so.*

1. Applicants must first meet all of the requirements of the Graduate School (<https://grad.wisc.edu/acadpolicy/?policy=enrollmentrequirements>).
2. Applicants must also meet department specific requirements as outlined below:
  - Bachelor's degree or equivalent
  - Mathematical Statistics course (for example STAT 312)
  - Computer Programming course
  - Three introductory courses in Industrial Engineering, such as: I SY E 313, I SY E 315, I SY E 320, I SY E 323, I SY E/PSYCH 349, I SY E 415, I SY E 417
  - The Graduate Record Examination (GRE) is required for this master's program in I SY E. Please visit here (<https://www.ets.org/gre/>) for more information on taking the GRE exam. **Please note:** Applicants should plan to take their exam by **December 1** to allow scores to be sent and processed.

**Note:** Depending on applicant background, applicants may be deficient in up to two prerequisite courses.

## APPLICATION STEPS

1. **Fill out an online application** (<https://grad.wisc.edu/apply/>) **through the Graduate School website.** (<https://grad.wisc.edu/admissions/faq/>)
2. **List three recommenders and their contact information as part of the online application.** An email will be sent to the recommender, asking that they submit their letter online using the Graduate School's recommendation form. Applicants can log back into their online application to re-send the email request if the recommender loses the email. Letters of recommendation must be submitted electronically.

3. **Submit a Statement of Purpose** (<https://grad.wisc.edu/prospective/prepare/statement/>) **with your online application.** In this document, applicants should explain why they want to pursue further education in ISyE and discuss which UW faculty members they would be interested in doing research with during their graduate study.
4. **TOEFL Exam Information: Ask ETS** (<https://www.ets.org/>) **to submit your GRE and/or TOEFL scores to the UW–Madison Graduate School (Institution Number 1846).** If you have your scores sent to UW–Madison, they will be available online to all departments to which you have applied. The institution code, therefore, is the only number needed. For more information please visit the Graduate School Requirements (<https://grad.wisc.edu/admissions/requirements/>) page. Please note: Exam information must be valid at start date of the semester that you are applying for (nonexpired).
5. **GRE Exam Information:** (<https://www.ets.org/gre/>) The IE graduate program requires the GRE exam be taken by prospective students as part of the application. **Note there are no specific scoring guidelines for the exam** as the GRE is only one part of consideration for admission into the program. Please note: Exam information must be valid at start date of the semester that you are applying for (nonexpired).
6. **Electronically submit one copy of your official transcript with your application.** Official transcripts of all undergraduate and previous graduate work are required. Unofficial copies of transcripts will be accepted for review, but official copies are required for admitted students. Please do not send transcripts or any other application materials to the Graduate School or [gradadmission@engr.wisc.edu](mailto:gradadmission@engr.wisc.edu).
7. **Upload your resume in your application.**
8. **Pay the Application Fee:** Submission must be accompanied by the one-time application fee. It is non-refundable and can be paid by credit card (Master Card or VISA) or debit/ATM. By state law, this fee can only be waived or deferred through the conditions outlined here by the Graduate School. (<https://grad.wisc.edu/apply/fee-grant/>)

**NOTE: PLEASE DO NOT SEND MATERIALS/DOCUMENTS TO THE ISyE DEPARTMENT OR GRADUATE SCHOOL UNTIL YOU ARE RECOMMENDED FOR ADMISSIONS. ALL DOCUMENTS SHOULD BE UPLOADED WITH YOUR APPLICATION.**

## QUESTIONS?

Check out the Admissions FAQ (<https://grad.wisc.edu/apply/>) or contact us at [iegradadmission@engr.wisc.edu](mailto:iegradadmission@engr.wisc.edu).

**NOTE: PLEASE DO NOT SEND MATERIALS/DOCUMENTS TO THE I SY E DEPARTMENT OR GRADUATE SCHOOL UNTIL YOU ARE RECOMMENDED FOR ADMISSIONS. ALL DOCUMENTS SHOULD BE UPLOADED WITH YOUR APPLICATION.**

Check out the Admissions FAQ or contact us at [iegradadmission@engr.wisc.edu](mailto:iegradadmission@engr.wisc.edu).

## FUNDING

## GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## PROGRAM RESOURCES

### FINANCIAL ASSISTANCE

If you choose to attend UW–Madison and plan to pursue funding on your own, the following sites could be very helpful:

- Graduate School Funding Resources (<https://grad.wisc.edu/studentfunding/prospective/>)
- Graduate School Costs and Funding (<https://grad.wisc.edu/studentfunding/currentstudents/>)

### TO APPLY FOR TA OR GRADER POSITION

- Teaching Assistant ([https://docs.google.com/forms/d/e/1FAIpQLSeT-Q1ISnemo4RBjJMNqrohsFHpT7DoWivVK8\\_ot-iYce16Q/viewform?usp=sf\\_link](https://docs.google.com/forms/d/e/1FAIpQLSeT-Q1ISnemo4RBjJMNqrohsFHpT7DoWivVK8_ot-iYce16Q/viewform?usp=sf_link))
- Grader ([https://docs.google.com/a/wisc.edu/forms/d/e/1FAIpQLSeh-wQWWXqp\\_y\\_GF\\_utRk9Tv-8Lmy9-0LKU83xWRcsjJiAGA/viewform/](https://docs.google.com/a/wisc.edu/forms/d/e/1FAIpQLSeh-wQWWXqp_y_GF_utRk9Tv-8Lmy9-0LKU83xWRcsjJiAGA/viewform/))

#### Application Process:

Teaching assistant and grader positions are appointed each semester. New TAs must submit an application each semester in order to be considered. If you currently are a TA in Industrial and Systems Engineering, you do not need to complete an application each semester.

The number of positions is limited, and the application process is highly competitive. Priority is given to those with current positions who are in good standing and would like to continue teaching. Only after these positions are filled do we look at other applicants. The number of new positions available each semester is generally low, especially in the spring. While this should not deter you from applying, please keep it in mind when planning for the semester.

The department will consider graduate students from other departments only when there are no qualified applicants from the Department of Industrial and Systems Engineering.

#### Expected timing for appointments:

Appointments for teaching assistants are generally made in August for the fall semester and in early December for the spring semester. Grader appointments are appointed along a similar timeline, but often a few weeks later.

#### Once hired:

Students hired into a TA position are required to attend the New Educator Orientation (NAO) training in late August. For more details, please see this website (<http://ceete.engr.wisc.edu/ta-training/>).

#### Speaking requirements for international students:

All international students applying for teaching assistant positions must meet the UW–Madison Graduate School's requirement (<https://www.google.com/url?q=https%3A%2F%2Fkb.wisc.edu%2Fpage.php%3Fid%3D25268&sa=D&sntz=1&usq=AFQjCNGc8qLuqvUy99uLQF5zTnKMZmhBvA>) spoken English BEFORE they can be considered as a TA. This requirement can be fulfilled in two ways:

1. Pass the SPEAK (<https://esl.wisc.edu/ita-training/speak/>)—you can register for the SPEAK test through ISyE Dept. Human Resources.

2. Receive a 26 or higher on the speaking portion of the TOEFL test (or equivalent). Provide a copy of your score to ISyE Dept. Human Resources.

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### NAMED OPTION REQUIREMENTS

#### MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students are able to complete a program with minimal disruptions to careers and other commitments.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW–Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

### CURRICULAR REQUIREMENTS

Requirements Detail	
Minimum Credit Requirement	30 credits
Minimum Residence Credit Requirement	16 credits
Minimum Graduate Coursework Requirement	15 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy ( <a href="https://policy.wisc.edu/library/UW-1244">https://policy.wisc.edu/library/UW-1244</a> ) ( <a href="https://policy.wisc.edu/library/UW-1244/">https://policy.wisc.edu/library/UW-1244/</a> ).
Overall Graduate GPA Requirement	3.00 GPA required. This program follows the Graduate School's GPA Requirement policy ( <a href="https://policy.wisc.edu/library/UW-1203">https://policy.wisc.edu/library/UW-1203</a> ) ( <a href="https://policy.wisc.edu/library/UW-1203/">https://policy.wisc.edu/library/UW-1203/</a> ).
Other Grade Requirements	Grades of C and D received by a candidate in any graduate course will not be counted as credit toward the degree. These grades will be counted in the graduate GPA.

Assessments None.  
and  
Examinations

Language Requirements No language requirements.

## REQUIRED COURSES

Code	Title	Credits
I SY E courses <sup>1</sup>		18
I SY E 790	Master's Research and Thesis	3-6
or I SY E 890	Pre-Dissertator's Research	
Electives with advisor approval		6-9
Total Credits		30

1

I SY E 699 Advanced Independent Study may not be used to meet degree credit requirements. Students may count up to 3 credits of I SY E 702 Graduate Cooperative Education Program

2

At most 3 credits of I SY E 702 Graduate Cooperative Education Program, may be applied to meet the credit requirements.

Students may choose to specialize in one of the below research areas. The program recommends working with your faculty advisors to answer any questions and to form a plan of study.

### Operations Research, Optimization, and Analytics <sup>1</sup>

#### Highly Recommended Courses:

Code	Title	Credits
I SY E 516	Introduction to Decision Analysis	3
I SY E/COMP SCI/ E C E 524	Introduction to Optimization	3
I SY E/COMP SCI/ MATH/STAT 525	Linear Optimization	3
I SY E 620	Simulation Modeling and Analysis	3
I SY E 624	Stochastic Modeling Techniques	3

#### Other Suggested Courses:

Code	Title	Credits
I SY E 412	Fundamentals of Industrial Data Analytics	3
I SY E/COMP SCI/ MATH 425	Introduction to Combinatorial Optimization	3
I SY E/M E 512	Inspection, Quality Control and Reliability	3
I SY E 517	Decision Making in Health Care	3
I SY E 575	Introduction to Quality Engineering	3
I SY E 603	Special Topics in Engineering Analytics and Operations Research	1-3
I SY E 612	Information Sensing and Analysis for Manufacturing Processes	3
I SY E 604	Special Topics in Manufacturing and Supply Chain Management	1-3
I SY E/MATH/OTM/ STAT 632	Introduction to Stochastic Processes	3

I SY E 645	Engineering Models for Supply Chains	3
------------	--------------------------------------	---

1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

### Health Systems Engineering <sup>1</sup>

#### Highly Recommended Courses:

Code	Title	Credits
I SY E 417	Health Systems Engineering	3
I SY E 517	Decision Making in Health Care	3
I SY E/ MED PHYS 559	Patient Safety and Error Reduction in Healthcare	2
I SY E 606	Special Topics in Healthcare Systems Engineering	1-3
I SY E/ POP HLTH 703	Quality of Health Care: Evaluation and Assurance	1-3

#### Other Suggested Courses:

Code	Title	Credits
I SY E 412	Fundamentals of Industrial Data Analytics	3
I SY E 515	Engineering Management of Continuous Process Improvement	3
I SY E 516	Introduction to Decision Analysis	3
I SY E 575	Introduction to Quality Engineering	3
I SY E/ PHARMACY 608	Safety and Quality in the Medication Use System	3
I SY E 601	Special Topics in Industrial Engineering	1-3
I SY E 602	Special Topics in Human Factors <sup>2</sup>	3
I SY E 603	Special Topics in Engineering Analytics and Operations Research	1-3
I SY E 615	Production Systems Control	3
I SY E/B M I 617	Health Information Systems	3
I SY E 620	Simulation Modeling and Analysis	3
I SY E 624	Stochastic Modeling Techniques	3
I SY E/M E 643	Performance Analysis of Manufacturing Systems	3
I SY E/PSYCH 653	Organization and Job Design	3
I SY E/M H R 729	Behavioral Analysis of Management Decision Making	3
I SY E 555	Human Performance and Accident Causation	3
I SY E/ POP HLTH 875	Cost Effectiveness Analysis in Health and Healthcare	3
B M I/COMP SCI 576	Introduction to Bioinformatics	3
B M I 773	Clinical Research Informatics	3
B M I/COMP SCI 776	Advanced Bioinformatics	3
OTM 753	Healthcare Operations Management	3
ED PSYCH 711	Current Topics in Educational Psychology	1-3

NURSING 761	Health Program Planning, Evaluation, and Quality Improvement	3
POP HLTH/SOC 797	Introduction to Epidemiology	3
POP HLTH 876	Measuring Health Outcomes	3
PSYCH 610	Design and Analysis of Psychological Experiments I	4
PSYCH 710	Design and Analysis of Psychological Experiments II	4
STAT/F&W ECOL/HORT 571	Statistical Methods for Bioscience I	4
STAT/B M I 641	Statistical Methods for Clinical Trials	3

1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

Topics vary for this course. Obtain advance approval from your faculty advisor.

**Human Factors and Ergonomics <sup>1</sup>**

**Highly Recommended Courses:**

Code	Title	Credits
ISY E/COMP SCI/DS 518	Wearable Technology	3
ISY E/PSYCH 549	Human Factors Engineering	3
ISY E 552	Human Factors Engineering Design and Evaluation	3
ISY E 555	Human Performance and Accident Causation	3
ISY E 562	Human Factors of Data Science and Machine Learning	3
ISY E/MED PHYS 559	Patient Safety and Error Reduction in Healthcare	2
ISY E/B M E 564	Occupational Ergonomics and Biomechanics	3
ISY E 601	Special Topics in Industrial Engineering <sup>2</sup>	1-3
ISY E 602	Special Topics in Human Factors	3
ISY E/PSYCH 653	Organization and Job Design	3
ISY E/B M E 662	Design and Human Disability and Aging	3
ISY E 699	Advanced Independent Study	1-5
ISY E/PSYCH 854	Special Topics in Organization Design	1-3
ISY E/PSYCH 859	Special Topics in Human Factors Engineering	1-3
ISY E 961	Graduate Seminar in Industrial Engineering	1-3
CIV ENGR 679	Special Topics in Transportation and City Planning	3

Various courses count as "Tools and Methods." The HFE faculty group updates the list of "Tools and Methods" courses and advisors decide

which set of courses are appropriate for each student. The following are categories of "Tools and Methods": Research Methods, Statistics, Qualitative Research, Biomechanics Methods, and Psychology. Students can work with their faculty advisor for non-I SY E course work.

1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

Topics vary for this course. Obtain advance approval from your faculty advisor.

**Advanced Manufacturing and Industrial AI <sup>1</sup>**

**Highly Recommended Courses:**

Code	Title	Credits
ISY E 412	Fundamentals of Industrial Data Analytics	3
ISY E 415	Introduction to Manufacturing Systems, Design and Analysis	3
ISY E/M E 510	Facilities Planning	3
ISY E/M E 512	Inspection, Quality Control and Reliability	3
ISY E 515	Engineering Management of Continuous Process Improvement	3
ISY E 575	Introduction to Quality Engineering	3
ISY E 601	Special Topics in Industrial Engineering <sup>2</sup>	1-3
ISY E 603	Special Topics in Engineering Analytics and Operations Research	1-3
ISY E 604	Special Topics in Manufacturing and Supply Chain Management	1-3
ISY E 605	Computer Integrated Manufacturing	3

Topics vary for this course. Obtain advance approval from your faculty advisor.

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

### NAMED OPTION-SPECIFIC POLICIES

#### PRIOR COURSEWORK

##### Graduate Work from Other Institutions

This program follows the Graduate School's policy for Satisfying Requirements with Prior Graduate Coursework from Other Institutions. (<https://policy.wisc.edu/library/UW-1216/>)

##### UW–Madison Undergraduate

Not allowed for graduate residence credit requirement for master's thesis option or the Ph.D. track but allowed up to 6 credits numbered 300 level or above toward the graduate degree credit requirement for master's course option tracks but not toward the 50% graduate coursework except for 700 level or above courses. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

##### UW–Madison University Special

This program follows the Graduate School's policy for Transfer from UW–Madison University Special Student Career at UW–Madison. (<https://policy.wisc.edu/library/UW-1216/>)

#### PROBATION

This program follows the Graduate School's Probation policy. (<https://policy.wisc.edu/library/UW-1217/>)

#### ADVISOR / COMMITTEE

This program follows the Graduate School's Advisor policy (<https://policy.wisc.edu/library/UW-1232/>). Graduate students should always seek advice from their advisor and other faculty in their interest area prior to enrolling for courses.

#### CREDITS PER TERM ALLOWED

Enrollment of 12 credits or less recommended. (Full time status considered 8-12 credits).

#### TIME LIMITS

This program follows the Graduate School's Time Limits policy. (<https://policy.wisc.edu/library/UW-1221/>)

#### GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)

- Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

#### Grievance Procedures: Industrial and Systems Engineering

If a graduate student feels unfairly treated or aggrieved by faculty, staff, or another student, the University offers several avenues to resolve the grievance. Student's concerns about unfair treatment are best handled directly with the person responsible for the objectionable action. If the student is uncomfortable making direct contact with the individual(s) involved, they should contact the advisor or the person in charge of the unit where the action occurred (program or department chair, section chair, lab manager, etc). Many departments and schools/colleges have established specific procedures for handling such situations; check their web pages and published handbooks for information. If such procedures exist at the local level, these should be investigated first. For more information, see the College of Engineering Policies and Procedures (<https://www.engr.wisc.edu/academics/student-services/academic-advising/policies-and-procedures/>). The Assistant Dean for Graduate Affairs ([engr-dean-graduateaffairs@engr.wisc.edu](mailto:engr-dean-graduateaffairs@engr.wisc.edu)) provides overall leadership for graduate education in the College of Engineering (CoE), and is a point of contact for graduate students who have concerns about education, mentoring, research, or other difficulties.

Procedures for handling graduate student grievances against ISyE faculty, staff, or students:

1. The student is encouraged to speak first with the person toward whom the grievance is directed to see if a situation can be resolved at this level.
2. Should a satisfactory resolution not be achieved, the student should contact the Associate Chair for Graduate Affairs, to discuss the grievance. The Associate Chair will facilitate problem resolution through informal channels and facilitate any complaints or issues of students. The first attempt is to help students informally address the grievance prior to any formal complaint. Students are also encouraged to talk with their faculty advisors regarding concerns or difficulties, if necessary. University resources for sexual harassment, discrimination, disability accommodations, and other related

concerns can be found on the UW Office of Compliance website (<https://compliance.wisc.edu/>).

3. If the issue is not resolved to the student's satisfaction, the student can submit the grievance to the Grievance Advisor, which may be either the Associate Chair for Graduate Affairs or the Department Chair, as chosen by the student. The grievance should be submitted in writing, within 60 calendar days of the alleged unfair treatment.
4. On receipt of a written complaint, the Grievance Advisor will form a faculty committee that will review the complaint and gather further information as necessary from the filer of the complaint and other parties involved (including the party toward whom the complaint is directed).
5. The faculty committee will determine a decision regarding the grievance. The Grievance Advisor will report on the action taken by the committee in writing to both the student and the party toward whom the complaint was directed within 15 working days from the date the complaint was received.
6. At this point, if either party (the student or the person toward whom the grievance is directed) is unsatisfied with the decision of the faculty committee, the party may file a written appeal to the College of Engineering Assistant Dean for Graduate Affairs ([enr-dean-graduateaffairs@enr.wisc.edu](mailto:enr-dean-graduateaffairs@enr.wisc.edu)). Either party has 10 working days to file a written appeal to the School/College.
7. Documentation of the grievance will be stored for at least 7 years. Significant grievances that set a precedent will be stored indefinitely.

The Graduate School has procedures for students wishing to appeal a grievance decision made at the school/college level. These policies are described in the Graduate School Academic Policies and Procedures - Grievances & Appeals (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

## CONTINUING TO PHD PROGRAM

- Admission and successful completion of the M.S. program does not imply admittance to the ISyE PhD program. Students wishing to take the PhD qualifying exam must first be admitted to the PhD program.
- ISyE research-option M.S. students wishing to continue to the PhD program must have their admission to the PhD program recommended by an ISyE faculty member with tenure home in ISyE who is willing to serve as the student's PhD advisor. The admission of such students will then be evaluated by the associate chair for graduate affairs or admissions committee using the same evaluation process as for all PhD program applicants.

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

## PROGRAM RESOURCES

### THE INDIVIDUAL DEVELOPMENT PLAN ([HTTPS://GRAD.WISC.EDU/PD/IDP/](https://grad.wisc.edu/pd/idp/))

An Individual Development Plan helps with self-assessment, planning, and communication:

- An IDP can help you communicate your professional development and career planning needs and intentions to others including your mentor, which can lead to helpful advice and resources.
- You can use the IDP to make sure you and your mentor's expectations are clearly outlined and in agreement so that there are no big surprises, particularly at the end of your training.
- The current job market is challenging and research has shown that individuals who perform structured career planning achieve greater career success and satisfaction.

The onus to engage in the IDP process is on you – although your mentor, PI, or others may encourage and support you in doing so. The IDP itself remains private to you, and you choose which parts to share with which mentors. Through the IDP process, you may decide to identify various mentors to whom you can go for expertise and advice.

### ENGINEERING CAREER SERVICES ([HTTPS://ECS.WISC.EDU/](https://ecs.wisc.edu/))

**Julie Rae, Assistant Director for Graduate Student Career Services**

GRADUATE students in all Engineering programs

- Resumes & Cover Letters <https://ecs.wisc.edu/students/resumes-and-cover-letters/>
- Job Search Strategies
- Job Offers & Negotiation <https://ecs.wisc.edu/students/offers-and-negotiation/>
- CPT for Graduate Students <https://ecs.wisc.edu/students/co-op-and-internship/>
- Student appointments: Click Here (<http://go.wisc.edu/ecs-grad-appt/>) to schedule an appointment with ECS.

Employer Recruitment List for Industrial Engineering Students: <https://ecs.wiscweb.wisc.edu/wp-content/uploads/sites/86/2017/03/IE-Employer-Recruitment-List-17-18.pdf>

### UW WRITING CENTER ([HTTP://WRITING.WISC.EDU/](http://writing.wisc.edu/))

**Location:** 6171 Helen C. White Hall

**Tel:** (608) 263-1992

The UW Writing Center provides free of charge face-to-face and online consultations that focus on a number of different writing scenarios (i.e. drafts of course papers, resumes, reports, application essays, cover letters, theses, etc). Writing Center instructors will not edit or proofread papers. Instead, their goal is to teach students to edit and proofread on their own in order to become a better, more confident writer.

## PEOPLE

# INDUSTRIAL ENGINEERING: SYSTEMS ENGINEERING AND ANALYTICS, M.S.

This is a named option course-based program within the Industrial and Systems Engineering M.S. (p. 947)

The program in Systems Engineering and Analytics (<https://pdc.wisc.edu/degrees/systems-engineering-analytics/>) will train students to recognize, identify, analyze, and solve decision problems arising in the efficient operations of engineering systems. The program focuses on methods and models for data analytics and data-driven decision-making.

## IS THIS PROGRAM RIGHT FOR YOU?

Analytics, and the ability to effectively utilize data, is quickly becoming an important component in engineering decision making. There is a strong need in the marketplace for people who use analytical tools to transform data into insights for making better decisions. The Systems Engineering

and Analytics option within the UW–Madison graduate program in Industrial and Systems Engineering offers students the opportunity to pursue graduate training in this important and emerging area, under the auspices of the foremost experts in their field, in one of the world's top-ranked departments of industrial and systems engineering. (We were ranked 8th in the latest *US News and World Report* rankings). The flexible curricula in Systems Engineering and Analytics enable students to tailor their degree program to suit their particular needs and career objectives.

After completing your degree, you will be able to analyze, process, and build conclusions based on the data you collect in the design, testing, and operations phases of engineering and design processes.

The program includes training in optimization models and methods, applied industrial analytics, simulation modeling and analysis, and courses wherein these analytical and computational tools are applied in an engineering systems setting. These learned skills are now highly sought after in manufacturing, transportation, finance, healthcare, and other industrial sectors.

See the Learning Outcomes (p. 949) for this program.

If you have questions, please contact COE Grad Admissions at [iegradadmission@engr.wisc.edu](mailto:iegradadmission@engr.wisc.edu); Subject Line: IE Grad Admissions and I Sy E Seniors please contact Pam Peterson, [prpeterson@wisc.edu](mailto:prpeterson@wisc.edu).

## ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 15
Spring Deadline	October 1
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Required.*
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements ( <a href="https://grad.wisc.edu/apply/requirements/#english-proficiency">https://grad.wisc.edu/apply/requirements/#english-proficiency</a> ).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

\*

- a) UW-Madison Industrial Engineering undergrads and applicants with prior institutional approval are waived from the GRE requirement.
- b) GRE scores will not be required for admission through Fall 2023 due to challenges taking the exam during the COVID-19 pandemic.

## APPLICATION DEADLINES

- **Fall:** Dec. 15th
- **Spring Admission:** Oct. 1st

## ADMISSIONS

Applicants must first meet all of the requirements of the Graduate School.

- Applicants must also meet department specific requirements as outlined below:
  - BS degree in engineering or related area or equivalent
  - Mathematical Statistics Course (for example, STAT 312 Introduction to Theory and Methods of Mathematical Statistics II or I SY E 210 Introduction to Industrial Statistics)
  - Introduction to Programming Course (for example, COMP SCI 220 Data Science Programming I)
  - Non-native English speakers must have a Test of English as a Foreign Language (TOEFL) score of 580 (written), 243 (computer-based test), or 92 (Internet version).
  - The Graduate Record Examination (GRE) is \*required for this masters programs in I Sy E. Information on taking the GRE exam can be found here (<https://www.ets.org/gre/>). **Please note:** Applicants should plan to take their exam by December 1 to allow scores to be sent and processed.

*\*UW-Madison ISyE undergrads and applicants with prior institutional approval are waived from the GRE requirement.*

## FOR UW-MADISON STUDENTS ONLY:

1. **UW-Madison undergraduate students applying to this program must submit a UW transcript, but it may be an unofficial transcript.**

## FOR UW-MADISON ISYE STUDENTS ONLY:

1. **Three letters of recommendation are NOT required for students completing their Industrial Engineering bachelor's degree at UW.** Please note that the application system will still require you to list three individuals as recommenders. You are welcome to list Jim Luedtke, Pam Peterson, and Amanda Smith to bypass this requirement.
2. **ISyE undergrads and applicants with prior institutional approval are waived from the GRE requirement.**
3. UW-Madison students completing their bachelor's degree in the Industrial and Systems Engineering department may count up to 6 credits of coursework numbered 300 or above toward the degree with prior program approval. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

## HOW TO APPLY

1. **Fill out an online application** (<https://grad.wisc.edu/apply/>) **through the Graduate School website.** (<https://grad.wisc.edu/admissions/faq/>)

2. **List three recommenders and their contact information as part of the online application.** An email will be sent to the recommender, asking that they submit their letter online using the Graduate School's recommendation form. Applicants can log back into their online application to re-send the email request if the recommender loses the email. Letters of recommendation must be submitted electronically.
3. **Submit a Statement of Purpose** (<https://grad.wisc.edu/prospective/prepare/statement/>) **with your online application.** In this document, applicants should explain why they want to pursue further education in ISyE and discuss which UW faculty members they would be interested in doing research with during their graduate study.
4. **TOEFL Exam Information: Ask ETS** (<https://www.ets.org/>) **to submit your GRE and/or TOEFL scores to the UW-Madison Graduate School (Institution Number 1846).** If you have your scores sent to UW-Madison, they will be available online to all departments to which you have applied. The institution code, therefore, is the only number needed. For more information please visit the Graduate School Requirements (<https://grad.wisc.edu/admissions/requirements/>) page. Please note: Exam information must be valid at start date of the semester that you are applying for (nonexpired).
5. **GRE Exam Information:** (<https://www.ets.org/gre/>) The IE graduate program requires the GRE exam be taken by prospective students as part of the application. **Note there are no specific scoring guidelines for the exam** as the GRE is only one part of consideration for admission into the program. Please note: Exam information must be valid at start date of the semester that you are applying for (nonexpired).
6. **Electronically submit one copy of your official transcript with your application.** Official transcripts of all undergraduate and previous graduate work are required. Unofficial copies of transcripts will be accepted for review, but official copies are required for admitted students. Please do not send transcripts or any other application materials to the Graduate School or [gradadmission@engr.wisc.edu](mailto:gradadmission@engr.wisc.edu).
7. **Upload your resume in your application.**
8. **Pay the Application Fee:** Submission must be accompanied by the one-time application fee. It is non-refundable and can be paid by credit card (Master Card or VISA) or debit/ATM. By state law, this fee can only be waived or deferred through the conditions outlined here by the Graduate School. (<https://grad.wisc.edu/apply/fee-grant/>)

**NOTE: PLEASE DO NOT SEND MATERIALS/DOCUMENTS TO THE ISyE DEPARTMENT OR GRADUATE SCHOOL UNTIL YOU ARE RECOMMENDED FOR ADMISSIONS. ALL DOCUMENTS SHOULD BE UPLOADED WITH YOUR APPLICATION.**

## QUESTIONS?

**Check out the Admissions FAQ** (<https://grad.wisc.edu/apply/>) **or contact us at** [iegradadmission@engr.wisc.edu](mailto:iegradadmission@engr.wisc.edu).

**NOTE: PLEASE DO NOT SEND MATERIALS/DOCUMENTS TO THE ISyE DEPARTMENT OR GRADUATE SCHOOL UNTIL YOU ARE RECOMMENDED FOR ADMISSIONS. ALL DOCUMENTS SHOULD BE UPLOADED WITH YOUR APPLICATION.**

## FUNDING

## GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from

the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## PROGRAM RESOURCES

Tuition information for this program is available here (<https://pdc.wisc.edu/degrees/systems-engineering-analytics/>). Beginning in the fall semester of 2021, resident and resident reciprocity students are eligible for a tuition scholarship. Details here (<https://engineering.wisc.edu/wp-content/uploads/2022/05/Masters-Program-Tuition-CreditFall2021.pdf>).

Students enrolled in this program are not eligible to receive tuition remission from graduate assistantship appointments at this institution.

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### NAMED OPTION REQUIREMENTS

#### MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	Yes

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students are able to complete a program with minimal disruptions to careers and other commitments.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW–Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

### CURRICULAR REQUIREMENTS

#### Requirements Detail

Minimum Credit Requirement 30 credits

Minimum Residence Credit Requirement 16 credits

Minimum Graduate Coursework Requirement 15 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy (<https://policy.wisc.edu/library/UW-1244> (<https://policy.wisc.edu/library/UW-1244/>)).

Overall Graduate GPA Requirement 3.00 GPA required. This program follows the Graduate School's GPA Requirement policy (<https://policy.wisc.edu/library/UW-1203> (<https://policy.wisc.edu/library/UW-1203/>)).

Other Grade Requirements Grades of C and D received by a candidate in any graduate course will not be counted as credit toward the degree. These grades will be counted in the graduate GPA.

Assessments and Examinations None.

Language Requirements No language requirements.

### REQUIRED COURSES

Of the required credits, all must be at the 300 level or higher, at most 6 credits may be at the 300 level, at least 15 must be at the graduate level, at least 18 credits must be in the Industrial and Systems Engineering Department, and at least 16 credits must be taken as a graduate student in residence at UW–Madison. A total of at most 6 credits from independent study (e.g., I SY E 699), research (e.g., I SY E 790), and internship/co-op (I SY E 702) courses may be applied toward this degree.

Below is a typical curriculum for those pursuing an M.S. in Industrial Engineering with a course option in Systems Engineering and Analytics. Please note the Systems Engineering and Analytics program is a customizable program and students should work out other course options with their faculty advisor.

#### Fall Potential Courses:

Code	Title	Credits
I SY E 313	Engineering Economic Analysis	3
I SY E 412	Fundamentals of Industrial Data Analytics	3
I SY E/COMP SCI/ MATH 425	Introduction to Combinatorial Optimization	3
I SY E/M E 510	Facilities Planning	3
I SY E/M E 512	Inspection, Quality Control and Reliability	3
I SY E 515	Engineering Management of Continuous Process Improvement	3
I SY E/COMP SCI/ E C E 524	Introduction to Optimization	3
I SY E/COMP SCI/ MATH/STAT 525	Linear Optimization	3
I SY E 601	Special Topics in Industrial Engineering	1-3
I SY E 603	Special Topics in Engineering Analytics and Operations Research	1-3
I SY E 604	Special Topics in Manufacturing and Supply Chain Management	1-3
I SY E 605	Computer Integrated Manufacturing	3
I SY E 624	Stochastic Modeling Techniques	3
I SY E/MATH/OTM/ STAT 632	Introduction to Stochastic Processes	3

I SY E 645	Engineering Models for Supply Chains	3
I SY E/PSYCH 653	Organization and Job Design	3
I SY E 699	Advanced Independent Study	1-5
I SY E/INFO SYS 722	Computer-Based Data Management	3

### Spring Potential Courses:

Code	Title	Credits
I SY E 313	Engineering Economic Analysis	3
I SY E 412	Fundamentals of Industrial Data Analytics	3
I SY E/M E 512	Inspection, Quality Control and Reliability	3
I SY E 516	Introduction to Decision Analysis	3
I SY E 517	Decision Making in Health Care	3
I SY E/COMP SCI/ E C E 524	Introduction to Optimization	3
I SY E/COMP SCI/ MATH/STAT 525	Linear Optimization	3
I SY E 562	Human Factors of Data Science and Machine Learning	3
I SY E 575	Introduction to Quality Engineering	3
I SY E 601	Special Topics in Industrial Engineering	1-3
I SY E 603	Special Topics in Engineering Analytics and Operations Research	1-3
I SY E 604	Special Topics in Manufacturing and Supply Chain Management	1-3
I SY E 612	Information Sensing and Analysis for Manufacturing Processes	3
I SY E 615	Production Systems Control	3
I SY E 620	Simulation Modeling and Analysis	3
I SY E/M E 641	Design and Analysis of Manufacturing Systems	3
I SY E/M E 643	Performance Analysis of Manufacturing Systems	3
I SY E 699	Advanced Independent Study	1-5

### Summer Potential Courses:

Code	Title	Credits
I SY E 313	Engineering Economic Analysis	3
I SY E 516	Introduction to Decision Analysis	3
I SY E/COMP SCI/ E C E 524	Introduction to Optimization	3
I SY E 575	Introduction to Quality Engineering	3
I SY E 601	Special Topics in Industrial Engineering	1-3
I SY E 603	Special Topics in Engineering Analytics and Operations Research	1-3
I SY E 604	Special Topics in Manufacturing and Supply Chain Management	1-3
I SY E/MATH/OTM/ STAT 632	Introduction to Stochastic Processes	3
I SY E 699	Advanced Independent Study	1-5

I SY E 702	Graduate Cooperative Education Program	1-2
------------	--	-----

Students in this program may not take courses outside the prescribed curriculum without faculty advisor and program director approval. Students in this program cannot enroll concurrently in other undergraduate, graduate or certificate programs.

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

### NAMED OPTION-SPECIFIC POLICIES

#### PRIOR COURSEWORK

##### Graduate Work from Other Institutions

With program approval, students are allowed to count no more than 9 credits of graduate course work from other institutions. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

##### UW–Madison Undergraduate

UW–Madison students completing their bachelor's degree in the Industrial and Systems Engineering department may count up to 6 credits of coursework numbered 300 or above toward the degree with prior program approval. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

##### UW–Madison University Special

This program follows the Graduate School's policy for Transfer from UW–Madison University Special Student Career at UW–Madison. (<https://policy.wisc.edu/library/UW-1216/>)

#### PROBATION

This program follows the Graduate School's Probation policy. (<https://policy.wisc.edu/library/UW-1217/>)

#### ADVISOR / COMMITTEE

Per Graduate School policy, every graduate student MUST have a faculty advisor. A faculty advisor provides the graduate student with academic guidance regarding their course selection and research oversight in their thesis or project. Graduate students should always seek advice from their advisor and other faculty in their interest area prior to enrolling for courses.

#### CREDITS PER TERM ALLOWED

Enrollment of 12 credits is highly recommended.

#### TIME LIMITS

This program is designed to be completed in 16 months. Students who have an undergraduate degree from UW–Madison can typically complete the program in 12 months. Internship and co-operative (co-op) work experiences are an optional component to this degree. The program must be completed within 24 months for students who plan to include

internship or co-op work. The ISyE department does not guarantee availability of internship or co-op positions.

To ensure timely progress, the students in this program will be provided a list of courses they can select from at the beginning of each regular semester. The student is required to meet their academic advisor during their first semester to discuss and obtain approval of the course plan for the remainder of their program. In situations that the student cannot finish the program in 24 months due to exceptional circumstances, the exception must be requested by the student and approved by the student's academic advisor and the academic affairs committee.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
  - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeeabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

### Grievance Procedures: Industrial and Systems Engineering

If a graduate student feels unfairly treated or aggrieved by faculty, staff, or another student, the University offers several avenues to resolve the grievance. Student's concerns about unfair treatment are best handled directly with the person responsible for the objectionable action. If the student is uncomfortable making direct contact with the individual(s) involved, they should contact the advisor or the person in charge of the unit where the action occurred (program or department chair, section chair, lab manager, etc). Many departments and schools/colleges have established specific procedures for handling such situations; check their web pages and published handbooks for information. If such procedures exist at the local level, these should be investigated first. For more information, see the College of Engineering Policies and Procedures (<https://engineering.wisc.edu/report-an-incident/academic-grievances-and-complaints/>). The Assistant Dean for Graduate Affairs (engr-dean-

graduateaffairs@engr.wisc.edu) provides overall leadership for graduate education in the College of Engineering (CoE), and is a point of contact for graduate students who have concerns about education, mentoring, research, or other difficulties.

Procedures for handling graduate student grievances against ISyE faculty, staff, or students:

1. The student is encouraged to speak first with the person toward whom the grievance is directed to see if a situation can be resolved at this level.
2. Should a satisfactory resolution not be achieved, the student should contact the Associate Chair for Graduate Affairs, to discuss the grievance. The Associate Chair will facilitate problem resolution through informal channels and facilitate any complaints or issues of students. The first attempt is to help students informally address the grievance prior to any formal complaint. Students are also encouraged to talk with their faculty advisors regarding concerns or difficulties, if necessary. University resources for sexual harassment, discrimination, disability accommodations, and other related concerns can be found on the UW Office of Compliance website (<https://compliance.wisc.edu/>).
3. If the issue is not resolved to the student's satisfaction, the student can submit the grievance to the Grievance Advisor, which may be either the Associate Chair for Graduate Affairs or the Department Chair, as chosen by the student. The grievance should be submitted in writing, within 60 calendar days of the alleged unfair treatment.
4. On receipt of a written complaint, the Grievance Advisor will form a faculty committee that will review the complaint and gather further information as necessary from the filer of the complaint and other parties involved (including the party toward whom the complaint is directed).
5. The faculty committee will determine a decision regarding the grievance. The Grievance Advisor will report on the action taken by the committee in writing to both the student and the party toward whom the complaint was directed within 15 working days from the date the complaint was received.
6. At this point, if either party (the student or the person toward whom the grievance is directed) is unsatisfied with the decision of the faculty committee, the party may file a written appeal to the College of Engineering Assistant Dean for Graduate Affairs (engr-dean-graduateaffairs@engr.wisc.edu). Either party has 10 working days to file a written appeal to the School/College.
7. Documentation of the grievance will be stored for at least 7 years. Significant grievances that set a precedent will be stored indefinitely.
8. The Graduate School has procedures for students wishing to appeal a grievance decision made at the school/college level. These policies are described in the Graduate School Academic Policies and Procedures - Grievances & Appeals (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

## OTHER

### Graduate Assistant Positions

Students are strongly discouraged to pursue positions as Project Assistants, Teaching Assistants or Research Assistants during their time in this program, as the rigor and accelerated nature of this program may not accommodate those work time commitments.

Students in this program will not receive the tuition remission that is typically part of the compensation package for a graduate assistantship.

### Policies on Program Transfer

- It is not allowed to transfer between the SEA and MSIE research-option programs.
- Students in this MSIE program can apply to the PhD program in ISyE. Students should follow the general application requirements of the ISyE PhD along with submitting an Add/Change of Program, Plan or Named Option Request online through the Graduate School.
- If a student currently in another graduate program wants to transfer to the course option MSIE they should follow the general application procedure for the course option MSIE program along with submitting an Add/Change of Program, Plan or Named Option Request online through the Graduate School.

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

### PROGRAM RESOURCES

#### THE INDIVIDUAL DEVELOPMENT PLAN ([HTTPS://GRAD.WISC.EDU/PD/IDP/](https://grad.wisc.edu/pd/idp/))

An Individual Development Plan helps with self-assessment, planning, and communication:

- An IDP can help you communicate your professional development and career planning needs and intentions to others including your mentor, which can lead to helpful advice and resources.
- You can use the IDP to make sure you and your mentor's expectations are clearly outlined and in agreement so that there are no big surprises, particularly at the end of your training.
- The current job market is challenging and research has shown that individuals who perform structured career planning achieve greater career success and satisfaction.

The onus to engage in the IDP process is on you – although your mentor, PI, or others may encourage and support you in doing so. The IDP itself remains private to you, and you choose which parts to share with which mentors. Through the IDP process, you may decide to identify various mentors to whom you can go for expertise and advice.

### ENGINEERING CAREER SERVICES ([HTTPS://ECS.WISC.EDU/](https://ecs.wisc.edu/))

**Julie Rae, Assistant Director for Graduate Student Career Services**

GRADUATE students in all Engineering programs

- Resumes & Cover Letters <https://ecs.wisc.edu/students/resumes-and-cover-letters/>
- Job Search Strategies
- Job Offers & Negotiation <https://ecs.wisc.edu/students/offers-and-negotiation/>

- CPT for Graduate Students <https://ecs.wisc.edu/students/co-op-and-internship/>
- Student appointments: Click Here (<http://go.wisc.edu/ecs-grad-appt/>) to schedule an appointment with ECS.

Employer Recruitment List for Industrial Engineering Students: <https://ecs.wiscweb.wisc.edu/wp-content/uploads/sites/86/2017/03/IE-Employer-Recruitment-List-17-18.pdf>

### UW WRITING CENTER ([HTTP://WRITING.WISC.EDU/](http://writing.wisc.edu/))

**Location:** 6171 Helen C. White Hall

**Tel:** (608) 263-1992

The UW Writing Center provides free of charge face-to-face and online consultations that focus on a number of different writing scenarios (i.e. drafts of course papers, resumes, reports, application essays, cover letters, theses, etc). Writing Center instructors will not edit or proofread papers. Instead, their goal is to teach students to edit and proofread on their own in order to become a better, more confident writer.

## PEOPLE

## GRADUATE PROGRAM COORDINATOR

Pam Peterson

See also Industrial and Systems Engineering Faculty Directory (<http://directory.engr.wisc.edu/ie/faculty/>).

## INDUSTRIAL ENGINEERING, PH.D.

The Department of Industrial and Systems Engineering offers opportunities for graduate study leading to the master of science and the doctor of philosophy degrees in industrial and systems engineering.

In the Ph.D. program, four areas of specialization are available, each designed to produce graduates capable of leading new and developing areas within industrial and systems engineering. The four areas are: decision science/operations research, health systems, human factors and ergonomics, and manufacturing and production systems.

The specialization in *operations research, optimization, and analytics* trains students in analytical methodologies useful for solving decision problems, especially problems that involve the allocation of scarce resources, and the design, planning and operation of complex systems. Graduate study focuses on optimization modeling and algorithms, applied probability and stochastic modeling, and decision analysis.

The *health systems* specialization seeks to train students to look at broad issues in health care, including long-term care, prevention, quality improvement, health care financing, and system evaluation. Understanding how people solve problems is a basic requirement for health systems engineers, who must apply scientific methods in a value-laden setting.

The specialization in *human factors and ergonomics* is concerned with the quality of work lives, ergonomics, and occupational safety and health for both workers and management. By examining, designing, testing, and evaluating the workplace and how people interact within it, human systems engineers can create productive, safe, and satisfying work environments.

The specialization in *advanced manufacturing and industrial AI* is intended to provide the skills and knowledge necessary to compete successfully in a manufacturing environment. These skills include knowledge of the theory of manufacturing materials and processes and their control; knowledge of the essentials of manufacturing systems design and analysis; and knowledge of and hands-on experience with modern manufacturing technology.

## ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 15
Spring Deadline	October 1
Summer Deadline	December 15
GRE (Graduate Record Examinations)	Required.*
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements ( <a href="https://grad.wisc.edu/apply/requirements/#english-proficiency">https://grad.wisc.edu/apply/requirements/#english-proficiency</a> ).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

Students from any discipline that provides foundations for research in ISyE topics are encouraged to apply. For example, applicants may come from industrial, electrical, or mechanical engineering, or mathematics, statistics, computer science, psychology, or economics. Applicants are strongly advised to review the prerequisites for each area of specialization at the department website (<https://engineering.wisc.edu/programs/degrees/industrial-engineering-phd/>).

Each application is judged on the basis of previous academic record, Graduate Record Exam (GRE) scores for the general test, three letters of recommendation, and the statement of purpose. Admission is very competitive and application deadlines are extremely important.

\*

GRE scores will not be required for admission through Fall 2023 due to challenges taking the exam during the COVID-19 pandemic.

## APPLICATION DEADLINES:

- **Fall:** Dec. 15th
- **Spring:** Oct. 1st
- **Summer:** Dec. 15th

**Reentry applicants:** July 15 (fall), December 1 (spring), and must notify an academic advisor.

Additional reentry information (<https://grad.wisc.edu/admissions/previouslyenrolled/>)

**Note:** Although we accept summer applications we recommend applying for fall or spring as there are not many courses offered in the summer.

## APPLICATION REQUIREMENTS

**Application deadlines are strictly enforced and ALL application materials including transcripts, GRE and TOEFL scores MUST be included and submitted by the application deadline.**

**\*Please note our office does not provide feedback to applicants as to their potential for admission - please review both the ISyE department and Graduate School requirements for admission and if you feel you meet the necessary criteria for applying, please do so.**

1. Applicants must first meet all of the requirements of the Graduate School. Click here for more information about these requirements (<http://grad.wisc.edu/admissions/requirements/>).
2. Applicants must also meet department specific requirements as outlined below:
  - B.S. degree or equivalent

## APPLICATION STEPS

1. **Fill out an online application** (<https://grad.wisc.edu/apply/>) **through the Graduate School website.** (<https://grad.wisc.edu/admissions/faq/>)
2. **List three recommenders and their contact information as part of the online application.** An email will be sent to the recommender, asking that they submit their letter online using the Graduate School's recommendation form. Applicants can log back into their online application to re-send the email request if the recommender loses the email. Letters of recommendation must be submitted electronically.
3. **Submit a Statement of Purpose** (<https://grad.wisc.edu/prospective/prepare/statement/>) **with your online application.** In this document, applicants should explain why they want to pursue further education in ISyE and discuss which UW faculty members they would be interested in doing research with during their graduate study.
4. **TOEFL Exam Information: Ask ETS** (<https://www.ets.org/>) **to submit your GRE and/or TOEFL scores to the UW–Madison Graduate School (Institution Number 1846).** If you have your scores sent to UW–Madison, they will be available online to all departments to which you have applied. The institution code, therefore, is the only number needed. For more information please visit the Graduate School Requirements (<https://grad.wisc.edu/admissions/requirements/>) page. Please note: Exam information must be valid at start date of the semester that you are applying for (nonexpired).
5. **GRE Exam Information:** (<https://www.ets.org/gre/>) The IE graduate program requires the GRE exam be taken by prospective students as part of the application. **Note there are no specific scoring guidelines for the exam** as the GRE is only one part of consideration for admission into the program. Please note: Exam information must be valid at start date of the semester that you are applying for (nonexpired).
6. **Electronically submit one copy of your official transcript with your application.** Official transcripts of all undergraduate and previous graduate work are required. Unofficial copies of transcripts will be accepted for review, but official copies are required for admitted students. Please do not send transcripts or any other application materials to the Graduate School or [gradadmission@engr.wisc.edu](mailto:gradadmission@engr.wisc.edu).
7. **Upload your resume in your application.**
8. **Pay the Application Fee:** Submission must be accompanied by the one-time application fee. It is non-refundable and can be paid by credit card (Master Card or VISA) or debit/ATM. By state law, this fee can only be waived or deferred through the conditions outlined here by the Graduate School. (<https://grad.wisc.edu/apply/fee-grant/>)

**NOTE: PLEASE DO NOT SEND MATERIALS/DOCUMENTS TO THE ISyE DEPARTMENT OR GRADUATE SCHOOL UNTIL YOU ARE RECOMMENDED FOR ADMISSIONS. ALL DOCUMENTS SHOULD BE UPLOADED WITH YOUR APPLICATION.**

## QUESTIONS?

Check out the Admissions FAQ (<https://grad.wisc.edu/apply/>) or contact us at [iegradadmission@engr.wisc.edu](mailto:iegradadmission@engr.wisc.edu).

## FUNDING

### GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

### PROGRAM RESOURCES

All ISyE PhD students are provided funding and tuition remission, provided they are making satisfactory academic progress. This funding may be in the form of a teaching assistant, research assistant, or project assistant position, or as an external fellowship. The type position providing the funding support may change from semester to semester and is determined based on a combination of factors including the availability of research funds by the student's faculty advisor and the need for teaching assistants in ISyE courses.

### REQUIREMENTS FOR STUDENTS ASSIGNED TEACHING ASSISTANT POSITIONS

Students hired into a TA position are required to attend the New Educator Orientation (NEO) training in late August. For more details, please see this website.

All international students assigned to a teaching assistant position must meet the UW–Madison Graduate School's requirement for spoken English. This requirement can be fulfilled in two ways:

- Pass the SPEAK—you can register for the SPEAK test through ISyE Dept. Human Resources
- Receive a 26 or higher on the speaking portion of the TOEFL test (or equivalent). Provide a copy of your score to ISyE Dept. Human Resources

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### MAJOR REQUIREMENTS

#### MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students are able to complete a program with minimal disruptions to careers and other commitments.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business

schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

### Requirements Detail

Minimum Credit Requirement	51 credits
Minimum Residence Credit Requirement	32 credits
Minimum Graduate Coursework Requirement	26 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy ( <a href="https://policy.wisc.edu/library/UW-1244">https://policy.wisc.edu/library/UW-1244</a> ( <a href="https://policy.wisc.edu/library/UW-1244/">https://policy.wisc.edu/library/UW-1244/</a> )).
Overall Graduate GPA Requirement	3.00 GPA required. This program follows the Graduate School's GPA Requirement policy ( <a href="https://policy.wisc.edu/library/UW-1203">https://policy.wisc.edu/library/UW-1203</a> ( <a href="https://policy.wisc.edu/library/UW-1203/">https://policy.wisc.edu/library/UW-1203/</a> )).
Other Grade Requirements	Grades of C and D received by a candidate in any graduate course will not be counted as credit toward the degree. These grades will be counted in the graduate GPA.  See additional grade requirement for HFE Ph.D. students below.
Assessments and Examinations	Qualifying exams, preliminary exams, and a final dissertation defense are required of all students. Details may be found in the program handbook.
Language Requirements	No language requirements.
Breadth Requirement	All doctoral students are required to complete a doctoral minor or Graduate/Professional certificate. The program also has additional breadth requirements. See details below.

## REQUIRED COURSES

Students choose one of the following research areas (<https://engineering.wisc.edu/departments/industrial-systems-engineering/research/>). Work with your faculty advisors to answer any questions and to form a plan of study.

### Operations Research, Optimization, and Analytics <sup>1</sup>

Code	Title	Credits
<b>Courses Recommended for DS/OR Qualifying Exam:</b>		
I SY E/COMP SCI/ E C E 524	Introduction to Optimization	3
I SY E/COMP SCI/ MATH/STAT 525	Linear Optimization	3

I SY E 620	Simulation Modeling and Analysis	3
I SY E 624	Stochastic Modeling Techniques	3
I SY E/MATH/OTM/ STAT 632	Introduction to Stochastic Processes	3
I SY E/COMP SCI/ MATH 728	Integer Optimization	3

### Courses Recommended for Optimization Qualifying Exam:

I SY E/COMP SCI/ E C E 524	Introduction to Optimization	3
I SY E/COMP SCI/ MATH/STAT 525	Linear Optimization	3
I SY E/COMP SCI/ MATH/STAT 726	Nonlinear Optimization I	3
I SY E/COMP SCI/ MATH 728	Integer Optimization	3
I SY E/COMP SCI/ MATH 730	Nonlinear Optimization II	3

### Other Suggested Courses:

I SY E 412	Fundamentals of Industrial Data Analytics	3
I SY E/COMP SCI/ MATH 425	Introduction to Combinatorial Optimization	3
I SY E/M E 512	Inspection, Quality Control and Reliability	3
I SY E 516	Introduction to Decision Analysis	3
I SY E 517	Decision Making in Health Care	3
I SY E 575	Introduction to Quality Engineering	3
I SY E 603	Special Topics in Engineering Analytics and Operations Research	1-3
I SY E 604	Special Topics in Manufacturing and Supply Chain Management	1-3
I SY E 612	Information Sensing and Analysis for Manufacturing Processes	3
I SY E/MATH/OTM/ STAT 632	Introduction to Stochastic Processes	3
I SY E 645	Engineering Models for Supply Chains	3
I SY E/COMP SCI 719	Stochastic Programming	3
I SY E/COMP SCI 723	Dynamic Programming and Associated Topics	3
I SY E/COMP SCI 727	Convex Analysis	3

1

These tracks are internal to the program and represent different pathways a student can follow to earn this degree. Track names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

### Health Systems Engineering <sup>1</sup>

Code	Title	Credits
<b>Highly Recommended Courses:</b>		
I SY E 417	Health Systems Engineering	3
I SY E 517	Decision Making in Health Care	3
I SY E/ MED PHYS 559	Patient Safety and Error Reduction in Healthcare	2

ISY E 606	Special Topics in Healthcare Systems Engineering	1-3
ISY E/B M I 617	Health Information Systems	3
ISY E/POP HLTH 703	Quality of Health Care: Evaluation and Assurance	1-3
<b>Other Suggested Courses:</b>		
ISY E 412	Fundamentals of Industrial Data Analytics	3
ISY E 415	Introduction to Manufacturing Systems, Design and Analysis	3
ISY E 555	Human Performance and Accident Causation	3
ISY E 575	Introduction to Quality Engineering	3
ISY E 601	Special Topics in Industrial Engineering <sup>2</sup>	1-3
ISY E/PHARMACY 608	Safety and Quality in the Medication Use System	3
ISY E 615	Production Systems Control	3
ISY E 620	Simulation Modeling and Analysis	3
ISY E 624	Stochastic Modeling Techniques	3
ISY E/M E 643	Performance Analysis of Manufacturing Systems	3
ISY E/PSYCH 653	Organization and Job Design	3
ISY E/M H R 729	Behavioral Analysis of Management Decision Making	3
ISY E/POP HLTH 875	Cost Effectiveness Analysis in Health and Healthcare	3
B M I/COMP SCI 576	Introduction to Bioinformatics	3
B M I 773	Clinical Research Informatics	3
B M I/COMP SCI 776	Advanced Bioinformatics	3

1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

Topics vary for this course. Obtain advance approval from your faculty advisor.

### Advanced Manufacturing and Industrial AI <sup>1</sup>

Code	Title	Credits
<b>Possible Courses:</b>		
ISY E 412	Fundamentals of Industrial Data Analytics	3
ISY E 415	Introduction to Manufacturing Systems, Design and Analysis	3
ISY E/M E 510	Facilities Planning	3
ISY E/M E 512	Inspection, Quality Control and Reliability	3
ISY E 515	Engineering Management of Continuous Process Improvement	3
ISY E 575	Introduction to Quality Engineering	3
ISY E 601	Special Topics in Industrial Engineering <sup>2</sup>	1-3

ISY E 603	Special Topics in Engineering Analytics and Operations Research	1-3
ISY E 604	Special Topics in Manufacturing and Supply Chain Management	1-3
ISY E 605	Computer Integrated Manufacturing	3
ISY E 612	Information Sensing and Analysis for Manufacturing Processes	3
ISY E 615	Production Systems Control	3
ISY E/M E 641	Design and Analysis of Manufacturing Systems	3
ISY E/M E 643	Performance Analysis of Manufacturing Systems	3
ISY E 645	Engineering Models for Supply Chains	3
STAT/M E 424	Statistical Experimental Design	3
ISY E 816	Special Topics in Systems Design	1-3
ISY E 823	Special Topics in Operations Research	1-3

1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

Topics vary for this course. Obtain advance approval from your faculty advisor.

### Human Factors and Ergonomics <sup>1</sup>

Code	Title	Credits
<b>Possible Courses:</b>		
ISY E/COMP SCI/DS 518	Wearable Technology	3
ISY E 552	Human Factors Engineering Design and Evaluation	3
ISY E 555	Human Performance and Accident Causation	3
ISY E/MED PHYS 559	Patient Safety and Error Reduction in Healthcare	2
ISY E 562	Human Factors of Data Science and Machine Learning	3
ISY E/B M E 564	Occupational Ergonomics and Biomechanics	3
ISY E 601	Special Topics in Industrial Engineering <sup>2</sup>	1-3
ISY E 602	Special Topics in Human Factors	3
ISY E/PSYCH 653	Organization and Job Design	3
ISY E/B M E 662	Design and Human Disability and Aging	3
ISY E 699	Advanced Independent Study <sup>2</sup>	1-5
ISY E/PSYCH 854	Special Topics in Organization Design <sup>2</sup>	1-3
ISY E/PSYCH 859	Special Topics in Human Factors Engineering	1-3
ISY E 961	Graduate Seminar in Industrial Engineering <sup>2</sup>	1-3

CIV ENGR 679	Special Topics in Transportation and City Planning	3
Tools and Methods Courses <sup>3</sup>		
HFE Ph.D. students must complete an additional coursework and exam component.		

### HFE Course Requirement

Code	Title	Credits
To take the qualifying exam, a student will have to have received a grade of AB or better in at least 3 credits in each of the three areas below. Courses taken during undergraduate studies can be used to satisfy this requirement:		

#### Cognitive Ergonomics:

ISY E 555	Human Performance and Accident Causation	3
ISY E/ MED PHYS 559	Patient Safety and Error Reduction in Healthcare	2
ISY E 601	Special Topics in Industrial Engineering <sup>2</sup>	1-3
ISY E 602	Special Topics in Human Factors <sup>2</sup>	3
ISY E 699	Advanced Independent Study <sup>2</sup>	1-5
ISY E/PSYCH 859	Special Topics in Human Factors Engineering <sup>2</sup>	1-3

#### Sociotechnical Systems / Macroergonomics:

ISY E 555	Human Performance and Accident Causation	3
ISY E/ MED PHYS 559	Patient Safety and Error Reduction in Healthcare	2
ISY E/PSYCH 653	Organization and Job Design <sup>2</sup>	3
ISY E 601	Special Topics in Industrial Engineering <sup>2</sup>	1-3
ISY E 602	Special Topics in Human Factors <sup>2</sup>	3
ISY E 699	Advanced Independent Study <sup>2</sup>	1-5
ISY E/PSYCH 854	Special Topics in Organization Design <sup>2</sup>	1-3

#### Physical Ergonomics:

ISY E 555	Human Performance and Accident Causation	3
ISY E/B M E 564	Occupational Ergonomics and Biomechanics	3
ISY E/B M E 662	Design and Human Disability and Aging	3
ISY E 601	Special Topics in Industrial Engineering <sup>2</sup>	1-3
ISY E 602	Special Topics in Human Factors <sup>2</sup>	3
ISY E 699	Advanced Independent Study <sup>2</sup>	1-5
ISY E/PSYCH 854	Special Topics in Organization Design <sup>2</sup>	1-3

1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

Topics vary for this course. Obtain advance approval from your faculty advisor.

3

Various courses in the categories of Research Methods, Statistics, Qualitative Research, Biomechanics Methods, and Psychology count as "Tools and Methods." The Human Factors and Ergonomics faculty group updates the list of "Tools and Methods" courses, and advisors decide which set of courses are appropriate for each student. Work with your faculty advisor regarding non-I SY E course work.

Prior to defending their dissertation, HFE Ph.D. students must complete at least six seminar/special topics courses at the 700 level or above totaling a minimum of 12 credits; at least 6 credits of these must be in the Human Factors and Ergonomics area. Seminar credits outside the Industrial Engineering Breadth requirement. Other courses may qualify. Students may submit courses to the HFE Area group for consideration. Transfer students should submit a course syllabus or description and transcript for any courses from other institutions that they would like to have considered for satisfaction of this requirement. The HFE Area group will make this decision.

### Additional Requirements for all ISyE PhD Students

- Colloquium/Lecture Series: For at least two semesters, students must regularly attend a colloquium series. The appropriate colloquium series must be approved by the student's faculty adviser. It is not required to meet this requirement by registering for a course (indeed some colloquium series have no associate course). Instead, attendance at the approved colloquium series must be confirmed by the student's faculty adviser when the student submits their PhD Plan of Study prior to their preliminary examination. Example of colloquium series that can be used to meet this requirement include the ISyE Colloquia and the Systems, Information, Learning and Optimization (SILO) seminars.
- Industrial Engineering Breadth Requirement: The breadth requirement is to make sure the Ph.D. student achieves minimum competence in multiple areas of industrial and systems engineering. It consists of taking at least two courses (6 credits) in two different areas outside of the student's focus area. Students can choose from a select set of courses and must attain a grade of B or above in both courses. The courses selected by the student must be approved by the student's adviser. These courses must be completed before a Ph.D. student can request their Preliminary Warrant. Courses the student has taken before entering the Ph.D. program can be counted toward this breadth requirement, including courses taken as an undergraduate. Students should submit the course title and syllabus to the student services coordinator who will then seek approval from the chair of graduate affairs.
- Recognizing the importance of instructional training to our PhD students, each student in the PhD program is required to serve as a teaching assistant for at least one semester during their program. Requests for a partial or full waiver of this requirement should be submitted in writing to the Associate Chair for Graduate Studies and will be reviewed by the Academic Affairs Cluster.

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

### MAJOR-SPECIFIC POLICIES

#### PRIOR COURSEWORK

##### Graduate Work from Other Institutions

This program follows the Graduate School's policy for Satisfying Requirements with Prior Graduate Coursework from Other Institutions. (<https://policy.wisc.edu/library/UW-1216/>)

##### UW–Madison Undergraduate

Not allowed for graduate residence credit requirement for master's thesis option or the Ph.D. track but allowed up to 6 credits numbered 300 level or above toward the graduate degree credit requirement for master's course option tracks but not toward the 50% graduate coursework except for 700 level or above courses. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

##### UW–Madison University Special

This program follows the Graduate School's policy for Transfer from UW–Madison University Special Student Career at UW–Madison. (<https://policy.wisc.edu/library/UW-1216/>)

#### PROBATION

##### Criteria for Satisfactory Progress

- Cumulative and semester GPA of at least 3.0 are required. Thesis research grades must be P or S to be making satisfactory academic progress. The following courses are excluded from GPA calculations for this purpose: English for international students, courses lower than the 300 level in any department, 300 level courses in the ISyE department.
- All students are admitted as full-time students unless otherwise noted in writing prior to the start of their program. Full-time students are expected to satisfy the Graduate School requirements for full-time status during all regular semesters in residence unless they have already passed the PhD preliminary examination. Students must have prior written approval from the academic affairs cluster to become part-time students. No special credit load requirements are imposed on approved part-time students.
- PhD students must complete qualifying exam, preliminary exam and final defense within the time constraints specified in the section above.
- PhD students are expected to make consistent progress toward their dissertation, appropriate for their year of study. Satisfactory research progress is determined by the PhD student's faculty advisor. Unsatisfactory progress will be communicated to the student by their faculty advisor, and can be done via the annual assessment of student progress, by giving the student a grade of "U" in a research course, or by a written letter.

- Graduate students are expected to meet academic and professional conduct standards, as described in the ISyE Graduate Handbook. This includes, but is not limited to, behaving in a professionally ethical manner, contributing to a positive work culture, and conducting research ethically.
- Graduate students with assistantship positions (RA, TA, or PA) must adequately perform the responsibilities associated with their position, as determined by the supervisor of the position.

##### Procedures in the case a student is not making satisfactory progress

- If a graduate student fails to meet satisfactory progress as defined by any of the criteria outlined above, a review committee will be formed to review the circumstances and the student's record, taking input from the student. The review committee will consist of the student's faculty advisor and two other ISyE faculty members appointed by the Associate Chair for Graduate Affairs.
- The review committee will review the student's record and determine if the student is making satisfactory progress. If the student is determined to not be making satisfactory progress, the committee will also decide whether the student should be placed on probation, or in exceptional cases (such as severe professional misconduct or academic misconduct as determined in accordance with UWS 14.04) be immediately removed from the ISyE graduate program and have their funding guarantee removed. In case that a student is put on probation, the committee will provide the student with a written explanation of what is required in order for the probation to be lifted, and in what time frame the requirements must be met.
- Failure to qualify for removal from probation after being on probation for a semester will lead to the removal of a PhD student's funding guarantee.
- A request to appeal the review committee decision must be made by the student to the department chair within 10 days of receiving the decision. The appeal will be reviewed by the academic affairs cluster.

##### Probation

- The probationary status of each student will be reviewed at the end of each regular semester. A student placed on Probation who fails to qualify for removal of probation at the next review of his or her probationary status will not be permitted to continue graduate studies in the IE Department, and any funding guarantee made to the student by the department is removed.
- At the end of a semester when a student is on probation a committee will determine if the student is qualified for removal of probationary status. The committee will include the Associate Chair for Graduate Affairs and two other faculty members appointed by the Associate Chair.

##### ADVISOR / COMMITTEE

This program follows the Graduate School's Advisor policy (<https://policy.wisc.edu/library/UW-1232/>) and the Graduate School's Committees policy (<https://policy.wisc.edu/library/UW-1201/>).

Graduate students should always seek advice from their advisor prior to enrolling for courses.

Many PhD students are assigned a faculty advisor when they are admitted to the program, based on a match between their research interests and those of the assigned advisor. Some PhD students are not initially matched to a faculty advisor for their research when admitted. Such students are advised by the associate chair for graduate studies in their first year. During their first year, these students explore research

possibilities with different faculty in the department and choose a faculty advisor by the end of the first year.

Changing advisors during the graduate program may be necessary due to changes in a student's interests or changes in the funding sources for their support. Students should discuss an advisor change with the faculty in their interest area and request a change of advisor with the ISyE Student Services in Room 3182 in Mechanical Engineering Building.

#### Ph.D. Committee

Attainment of a Ph.D. degree requires the preparation of a thesis on a research topic selected by the student and their advisor. Once a research project is selected, the student must choose his or her thesis committee\*. The ISyE Graduate Program requires the thesis committee shall **consist of at least four members for the Preliminary Exam Committee and at least five members for the Final Ph.D. Defense Committee** including:

- The Committee Chair (the student's primary advisor). The Committee Chair must be an ISyE faculty. Emeritus faculty cannot serve as the Committee Chair.
  - Three other graduate faculty members or former UW-Madison graduate faculty up to one year after resignation or retirement with two faculty members having their tenure home in ISyE.
  - All Committee members are required to be readers.
  - The dissertation committee must consist of at least 5 members (4 members for prelim exam) and meet the requirements set forth by the Graduate School, including for example, at least one of the members of the committee must be from a UW-Madison program outside the Industrial and Systems Engineering Department.
  - The fifth member of the committee, as well as any additional members, may be from any of the following categories: graduate faculty, faculty from a department without a graduate program, academic staff (including emeritus faculty), visiting faculty, faculty from other institutions, scientists, research associates, and other individuals deemed qualified by the executive committee (or its equivalent).
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
  - Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
    - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
  - Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
  - Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
  - Employee Disability Resource Office (<https://employeeedisabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
  - Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
  - Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
  - Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
  - Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
  - Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

#### CREDITS PER TERM ALLOWED

Enrollment of 12 credits or less recommended. (Full time status considered 8-12 credits).

#### TIME LIMITS

The qualifying examination requirement must be satisfied by the end of the fifth semester of enrollment after entering the ISyE graduate program.

The preliminary exam must be completed within 4 years of joining the ISyE graduate program, and within 3 years of passing the qualifying exam.

The dissertation defense must be completed either within two years after passing the preliminary exam or by the end of the 6th year in the graduate program, whichever is later.

Exceptions to these time limits may be granted by the Academic Affairs Cluster through a petition process.

#### GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)

#### Grievance Procedures: Industrial and Systems Engineering

If a graduate student feels unfairly treated or aggrieved by faculty, staff, or another student, the University offers several avenues to resolve the grievance. Student's concerns about unfair treatment are best handled directly with the person responsible for the objectionable action. If the student is uncomfortable making direct contact with the individual(s) involved, they should contact the advisor or the person in charge of the unit where the action occurred (program or department chair, section chair, lab manager, etc). Many departments and schools/colleges have established specific procedures for handling such situations; check their web pages and published handbooks for information. If such procedures exist at the local level, these should be investigated first. For more information, see the College of Engineering Policies and Procedures (<https://engineering.wisc.edu/report-an-incident/academic-grievances-and-complaints/>). The Assistant Dean for Graduate Affairs ([enr-dean-graduateaffairs@enr.wisc.edu](mailto:enr-dean-graduateaffairs@enr.wisc.edu)) provides overall leadership for graduate education in the College of Engineering (CoE), and is a point of contact for graduate students who have concerns about education, mentoring, research, or other difficulties.

Procedures for handling graduate student grievances against ISyE faculty, staff, or students:

1. The student is encouraged to speak first with the person toward whom the grievance is directed to see if a situation can be resolved at this level.
2. Should a satisfactory resolution not be achieved, the student should contact the Associate Chair for Graduate Affairs, to discuss the grievance. The Associate Chair will facilitate problem resolution through informal channels and facilitate any complaints or issues of students. The first attempt is to help students informally address

the grievance prior to any formal complaint. Students are also encouraged to talk with their faculty advisors regarding concerns or difficulties, if necessary. University resources for sexual harassment, discrimination, disability accommodations, and other related concerns can be found on the UW Office of Compliance website (<https://compliance.wisc.edu/>).

3. If the issue is not resolved to the student's satisfaction, the student can submit the grievance to the Grievance Advisor, which may be either the Associate Chair for Graduate Affairs or the Department Chair, as chosen by the student. The grievance should be submitted in writing, within 60 calendar days of the alleged unfair treatment.
4. On receipt of a written complaint, the Grievance Advisor will form a faculty committee that will review the complaint and gather further information as necessary from the filer of the complaint and other parties involved (including the party toward whom the complaint is directed).
5. The faculty committee will determine a decision regarding the grievance. The Grievance Advisor will report on the action taken by the committee in writing to both the student and the party toward whom the complaint was directed within 15 working days from the date the complaint was received.
6. At this point, if either party (the student or the person toward whom the grievance is directed) is unsatisfied with the decision of the faculty committee, the party may file a written appeal to the College of Engineering Assistant Dean for Graduate Affairs ([enr-dean-graduateaffairs@engr.wisc.edu](mailto:enr-dean-graduateaffairs@engr.wisc.edu)). Either party has 10 working days to file a written appeal to the School/College.
7. Documentation of the grievance will be stored for at least 7 years. Significant grievances that set a precedent will be stored indefinitely.
8. The Graduate School has procedures for students wishing to appeal a grievance decision made at the school/college level. These policies are described in the Graduate School Academic Policies and Procedures - Grievances & Appeals (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

## OTHER

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

### PROGRAM RESOURCES

#### THE INDIVIDUAL DEVELOPMENT PLAN ([HTTPS://GRAD.WISC.EDU/PD/IDP/](https://grad.wisc.edu/pd/idp/))

An Individual Development Plan helps with self-assessment, planning, and communication:

- An IDP can help you communicate your professional development and career planning needs and intentions to others including your mentor, which can lead to helpful advice and resources.

- You can use the IDP to make sure you and your mentor's expectations are clearly outlined and in agreement so that there are no big surprises, particularly at the end of your training.
- The current job market is challenging and research has shown that individuals who perform structured career planning achieve greater career success and satisfaction.

The onus to engage in the IDP process is on you – although your mentor, PI, or others may encourage and support you in doing so. The IDP itself remains private to you, and you choose which parts to share with which mentors. Through the IDP process, you may decide to identify various mentors to whom you can go for expertise and advice.

### ENGINEERING CAREER SERVICES ([HTTPS://ECS.WISC.EDU/](https://ecs.wisc.edu/))

**Julie Rae, Assistant Director for Graduate Student Career Services**

Employer Recruitment List for Industrial Engineering Students: <https://ecs.wiscweb.wisc.edu/wp-content/uploads/sites/86/2017/03/IE-Employer-Recruitment-List-17-18.pdf>

### UW WRITING CENTER ([HTTP://WRITING.WISC.EDU/](http://writing.wisc.edu/))

**Location:** 6171 Helen C. White Hall

**Tel:** (608) 263-1992

The UW Writing Center provides free of charge face-to-face and online consultations that focus on a number of different writing scenarios (i.e. drafts of course papers, resumes, reports, application essays, cover letters, theses, etc). Writing Center instructors will not edit or proofread papers. Instead, their goal is to teach students to edit and proofread on their own in order to become a better, more confident writer.

## LEARNING OUTCOMES

1. Articulates research problems, potentials, and limits with respect to theory, knowledge, or practice within industrial and systems engineering.
2. Formulates ideas, concepts, designs, and/or techniques beyond the current boundaries of knowledge within the industrial and systems engineering.
3. Creates research, scholarship, or performance that makes a substantive contribution to the industrial and systems engineering field.
4. Demonstrates breadth within their learning experiences.
5. Advances contributions of the field of industrial and systems engineering to society.

6. Communicates complex ideas in a clear and understandable manner to variety of audience.
7. Fosters ethical and professional conduct.

## PEOPLE

### PROFESSORS

Laura Albert (Chair)  
Oguzhan Alagoz  
John D. Lee  
Jeffrey Linderth  
James Luedtke  
Robert Radwin  
Leyuan Shi  
Raj Veeramani  
Shiyu Zhou

### ASSOCIATE PROFESSORS

Alberto Del Pia  
Kaibo Liu  
Douglas A. Wiegmann

### ASSISTANT PROFESSORS

Justin J. Boutilier  
Tony McDonald

## PATIENT SAFETY, GRADUATE/ PROFESSIONAL CERTIFICATE

It has been estimated that at least 98,000 US adults die each year from medical errors; fewer people die from breast cancer, AIDS, or auto accidents. The costs associated with preventable medical errors exceed \$17 billion. To help train scientists and practitioners to effectively reduce the likelihood of preventable patient harm, the University of

Wisconsin–Madison (<http://www.wisc.edu/>) offers the Graduate Certificate in Patient Safety. The certificate is supported by the School of Medicine and Public Health (<http://www.med.wisc.edu/>), School of Nursing (<https://nursing.wisc.edu/>), School of Pharmacy (<http://www.pharmacy.wisc.edu/>), and College of Engineering (<https://engineering.wisc.edu/>).

The graduate/professional certificate in patient safety is an interdisciplinary effort between the Department of Industrial and Systems Engineering, School of Nursing, School of Pharmacy, Department of Medical Physics, and Department of Population Health Sciences. Patient safety is of national and international importance and there is a shortage of people with expertise in the design of safe health care systems and technologies that can improve patient safety. Such expertise is important to physicians, nurses, pharmacists, and other health care professionals, and engineers. The certificate in patient safety provides students with knowledge and skills in an array of topics necessary for the identification, analysis, and control of patient safety programs.

## ADMISSIONS

### PREREQUISITES

1. Accepted into a graduate or professional degree program
2. Full- or part-time graduate student status
3. One of the following three:
4. A degree in a health-care-related field (that is, nursing, medicine, pharmacy, population health, public health, health care administration, health systems management, health care management), or
5. Work experience in health care delivery, or
6. Have taken a course in health care delivery such as I SY E 417 Health Systems Engineering, NURSING/S&A PHM/SOC WORK 105 Health Care Systems: Interdisciplinary Approach, LAW 940 Law and Contemporary Problems, POP HLTH 796 Introduction to Health Services Research.

The reason for the three options for prerequisites is to allow people with and without health care backgrounds to obtain the certificate.

*IMPORTANT: students must choose one of the core faculty members listed below as an advisor. The advisor will determine if a student has met the prerequisite requirement. Advisors must sign the section of the curriculum form titled "Patient Safety Certificate Application and Completion" in order for students to enroll.*

### HOW TO OBTAIN THE PATIENT SAFETY CERTIFICATE

- To complete the Patient Safety Certificate application, please complete a Patient Safety Declaration Form ([https://docs.google.com/forms/d/e/1FAIpQLSfsbOcd8o02yhcuBqfXMB6GR6GdRXImuUqkrbUcHFNF0Gf\\_Q/viewform/](https://docs.google.com/forms/d/e/1FAIpQLSfsbOcd8o02yhcuBqfXMB6GR6GdRXImuUqkrbUcHFNF0Gf_Q/viewform/)) prior to enrollment of I SY E 699 Advanced Independent Study.
- The **semester of your graduation**, please complete the Patient Safety Certificate Completion Form (<https://docs.google.com/forms/d/e/1FAIpQLScv7S18JNGXwXE6gvSwA22cQRr9VpHN5fjpKjKvfkK8LbmrOg/viewform/>) and obtain your advisor's signature and upload to online

system; Send email of confirmation of completion of certificate requirements to prpeterson@wisc.edu.

Any questions about this process can be directed to prpeterson@wisc.edu. (prpeterson@wisc.edu)

## EXIT REQUIREMENTS

- GPA of 3.2 or above for the Patient Safety Certificate Curriculum courses (mandatory and elective combined).
- Completion of all mandatory and elective courses.

## REQUIREMENTS

Code	Title	Credits
PHARMACY/ I SY E 608	Safety and Quality in the Medication Use System	3
I SY E 557	Human Factors Engineering for Healthcare Systems	3
I SY E/ POP HLTH 703	Quality of Health Care: Evaluation and Assurance	3
One of the following options:		3
I SY E 555	Human Performance and Accident Causation	
I SY E/ MED PHYS 559 & I SY E 699	Patient Safety and Error Reduction in Healthcare and Advanced Independent Study <sup>1</sup>	
I SY E/PSYCH 653	Organization and Job Design	
<i>Elective</i>		3
<b>Total Credits</b>		<b>15</b>

1

Students take 1 credit of I SY E 699 when paired with I SY E/ MED PHYS 559, a 2-credit course.

## LEARNING OUTCOMES

1. Describe specific problems associated with patient safety.
2. Compare and contrast traditional approaches to safety with a systems engineering approach.
3. Explain how systems engineering and systems design can be used to identify, analyze and solve patient safety research and applied problems.
4. Demonstrate the ability to apply system engineering principles to a real-world problem in healthcare through the completion of a research project.

## PEOPLE

### ADVISORS

Students must choose one of the core faculty members listed below as an advisor.

- Michelle Chui (<https://pharmacy.wisc.edu/chui-research-group/dr-michelle-chui/>)  
Pharmacy
- Linsey Steege (<https://nursing.wisc.edu/staff/steege-linsey/>)

School of Nursing

- Funmi Abraham ([https://apps.pharmacy.wisc.edu/sopdir/olufunmilola\\_abraham/](https://apps.pharmacy.wisc.edu/sopdir/olufunmilola_abraham/))  
Pharmacy
- Maureen Smith (<https://pophealth.wisc.edu/staff/smith-maureen/>)  
Population Health Sciences
- Doug Wiegmann ([https://directory.engr.wisc.edu/ie/Faculty/Wiegmann\\_Douglas/](https://directory.engr.wisc.edu/ie/Faculty/Wiegmann_Douglas/))  
Industrial & Systems Engineering
- Edmond Ramly (<https://ictr.wisc.edu/staff/ramly-edmond/>)  
Family Medicine & Community Health

## INFORMATION SCHOOL

### DEGREES/MAJORS, DOCTORAL MINORS, GRADUATE/PROFESSIONAL CERTIFICATES

- Information, M.S. (p. 977)
- Information, Ph.D. (p. 985)
- Library and Information Studies, Doctoral Minor (p. 989)
- Library and Information Studies, M.A. (p. 990)
- Library and Information Studies, Specialist Certificate (p. 993)
- Print Culture History, Doctoral Minor (p. 994)

## PEOPLE

For a complete faculty/staff directory see this website (<https://ischool.wisc.edu/faculty-staff-directory/>).

## INFORMATION, M.S.

The master's degree at the Information School (iSchool) prepares graduates to develop, provide, and assess information and data services that create, collect, organize, store, analyze, find, distribute, and use information and data in a diverse, technological, and global society. The program prepares information professionals to work in three broad, overlapping areas of the information professions.

**User Experience Design:** Graduates obtain employment in user experience design, interaction design, usability testing, systems analysis and project management, IT training, educational technology support, digital asset management and curation, and content management.

**Data Analytics:** Graduates obtain employment as data analysts in a variety of fields with expertise in analyzing data to support organizational decision-making, planning and managing data-driven projects, visualization and communication of analysis and results, data policy issues, and ensuring that organizational data practices support analysis activities.

**Data and Information Management:** Graduates obtain employment specializing in management of data and information in a variety of organizations with expertise in knowledge management, digital asset management, data and information governance, prospect research, systems analysis, records management and compliance, research data

management and project management, and database development and management.

Full-time students generally complete the program in two academic years with summer work; part-time students complete it in three to four years. Students gain hands-on experience as part of their degree through the school's required internship. Students may choose internship settings based on their career goals.

Students interested in the Master of Science in Information should refer to one of the named options:

- Campus Delivered Program (p. 979)
- Distance Delivered Program (p. 982)

## ADMISSIONS

Students apply to the Master of Science in Information through one of the named options:

- Campus Program (p. 979)
- Online Program (p. 982)

## FUNDING

### GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### MAJOR REQUIREMENTS

#### CURRICULAR REQUIREMENTS

##### Requirements Detail

Minimum  
Credit  
Requirement 30 credits

Minimum  
Residence  
Credit  
Requirement 16 credits

Minimum  
Graduate  
Coursework  
Requirement Half of degree coursework (15 credits out of 30 total credits) must be completed graduate-level coursework; courses with the Graduate Level Coursework attribute are identified and searchable in the university's Course Guide (<https://registrar.wisc.edu/course-guide> (<https://registrar.wisc.edu/course-guide/>)).

Overall 3.00 GPA required.  
Graduate GPA  
Requirement

Other Grade Requirements Within the student's total program, one grade of BC or C is allowable in either a required or elective course if it is balanced by a grade of A or AB earned either prior to or concurrently with the unsatisfactory grade. Students receiving a BC or C move into probationary status. A second grade of BC or C or any grade of D or F will normally result in the student being dropped from the program. In addition, a student's graduate-program cumulative grade point average must be maintained at 3.00 or above.

Assessments and Examinations No formal examination is required.

Language Requirements None.

## REQUIRED COURSES

Select a Named Option (p. 978) for courses required.

## NAMED OPTIONS

A named option is a formally documented sub-major within an academic major program. Named options appear on the transcript with degree conferral. Students pursuing the Master of Science in Information must select one of the following named options:

View as listView as grid

- **INFORMATION: CAMPUS PROGRAM, M.S. (P. 979)**
- **INFORMATION: ONLINE PROGRAM, M.S. (P. 982)**

## POLICIES

Students should refer to one of the named options for policy information:

- Campus Program (p. 979)
- Online Program (p. 982)

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

## LEARNING OUTCOMES

1. Integrate concepts from information/data management, digital technologies and human behavioral and cultural practices to help solve organizational, community or social challenges
2. Use legal or ethical principles to critique data and information management practices
3. Apply principles of information science to organizational data and information management endeavors

4. Use quantitative analysis methodologies and tools to inform decision making
5. Demonstrate professional communications, teamwork, and awareness of culture competencies

## PEOPLE

For a complete faculty/staff directory see <https://ischool.wisc.edu>

## INFORMATION: CAMPUS PROGRAM, M.S.

This is a named option within the Master of Science Information (p. 977).

The master's degree at the Information School (iSchool) prepares graduates to develop, provide, and assess information and data services that create, collect, organize, store, analyze, find, distribute, and use information and data in a diverse, technological, and global society. The program prepares information professionals to work in three broad, overlapping areas of the information professions.

**User Experience Design:** Graduates obtain employment in user experience design, interaction design, usability testing, systems analysis and project management, IT training, educational technology support, digital asset management and curation, and content management.

**Data Analytics:** Graduates obtain employment as data analysts in a variety of fields with expertise in analyzing data to support organizational decision-making, planning and managing data-driven projects, visualization and communication of analysis and results, data policy issues, and ensuring that organizational data practices support analysis activities.

**Data and Information Management:** Graduates obtain employment specializing in management of data and information in a variety of organizations with expertise in knowledge management, digital asset management, data and information governance, prospect research, systems analysis, records management and compliance, research data management and project management, and database development and management.

Full-time students generally complete the program in two academic years with summer work; part-time students complete it in three to four years. Students gain hands-on experience as part of their degree through the school's required internship. Students may choose internship settings based on their career goals.

## ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate

program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	June 1
Spring Deadline	The program does not admit in the spring.
Summer Deadline	This program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements ( <a href="https://grad.wisc.edu/apply/requirements/#english-proficiency">https://grad.wisc.edu/apply/requirements/#english-proficiency</a> ).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	2

The MS Information admits students to its on campus and online master's programs once a year for a start in the fall semester. Fall admissions deadlines are as follows:

- The deadline for full consideration for iSchool MS Information scholarships is February 15.
- The deadline for full consideration for admission is March 1.
- Applications submitted after March 1 are considered on a space available basis.

The UW Madison Graduate School requires a bachelor's degree from a regionally accredited U.S. institution, or a comparable degree from an international institution. A minimum undergraduate grade-point average (GPA) of 3.00 (on a 4.00 scale) in the last 60 earned credit hours is required.

Application evaluation criteria include academic abilities, professional promise, leadership and community engagement. An undergraduate program that includes breadth in liberal arts and sciences is required. Any major is acceptable. Prior work experience related to information and computing professions is useful, but is not required. The GRE is not required.

International students: TOEFL or equivalent scores are required if English is not the native language, or if the undergraduate instruction was not in English. The Information School follows UW Graduate School rules regarding English proficiency exams. See the Graduate School website (<http://grad.wisc.edu/>) for updated information.

## FUNDING

### GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## PROGRAM INFORMATION

Students enrolled in this program are not eligible to receive tuition remission from graduate assistantship appointments at this institution.

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### NAMED OPTION REQUIREMENTS

#### MODE OF INSTRUCTION

Face to Face	Evening/Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

### CURRICULAR REQUIREMENTS

Requirements Detail	
Minimum Credit Requirement	30 credits
Minimum Residence Credit Requirement	16 credits
Minimum Graduate Coursework Requirement	15 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy ( <a href="https://policy.wisc.edu/library/UW-1244">https://policy.wisc.edu/library/UW-1244</a> ( <a href="https://policy.wisc.edu/library/UW-1244/">https://policy.wisc.edu/library/UW-1244/</a> )).
Overall Graduate GPA Requirement	3.00 GPA required. This program follows the Graduate School's GPA Requirement policy ( <a href="https://policy.wisc.edu/library/UW-1203">https://policy.wisc.edu/library/UW-1203</a> ( <a href="https://policy.wisc.edu/library/UW-1203/">https://policy.wisc.edu/library/UW-1203/</a> )).
Other Grade Requirements	Within the student's total program, one grade of BC or C is allowable in either a required or elective course if it is balanced by a grade of A or AB earned either prior to or concurrently with the unsatisfactory grade. Students receiving a BC or C move into probationary status. A second grade of BC or C or any grade of D or F will normally result in the student being dropped from the program. In addition, a student's graduate-program cumulative grade point average must be maintained at 3.00 or above.
Assessments and Examinations	No formal examination is required.
Language Requirements	None.

## REQUIRED COURSES

Code	Title	Credits
<b>Core Required Courses (take all)</b>		
L I S 615	Systems Analysis and Project Management for Information Professionals	3
L I S 751	Database Design for Information Professionals	3
L I S/COM ARTS 705	Introductory Analytics for Decision Making	3
L I S/CURRIC 620	Field Project in Library and Information Agencies	3
L I S 732	Strategic Information Services	3
<b>Breadth Requirement in Ethics</b>		
All students must complete at least three credits in ethics from the list below.		3
L I S 461	Data and Algorithms: Ethics and Policy (recommended)	
L I S 661	Information Ethics and Policy	
<b>Concentrations</b>		
At least 9 credits must be taken from among the following approved courses organized by concentration area. Students may mix and match approved courses from across the two different areas.		9+
<i>Concentration Area: User Experience/Interaction Design <sup>1</sup></i>		
L I S/COMP SCI 611	User Experience Design 1	
L I S/COMP SCI 612	User Experience Design 2	
L I S/COMP SCI 613	User Experience Design 3	
L I S/COMP SCI 614	User Experience Design Capstone	
<b>Concentration Area: Analytics and Data Management <sup>1</sup></b>		
L I S 706	Data Mining Planning and Management	
L I S 707	Data Visualization and Communication for Decision Making	
L I S 711	Data Management for Information Professionals	
<b>Electives</b>		
Up to 3 credits of electives may be taken from the below approved list.		0-3
COMP SCI 319	Data Science Programming I for Research	
COMP SCI 570	Introduction to Human-Computer Interaction	
L I S/AFRICAN/COM ARTS 444	Technology and Development in Africa and Beyond	
L I S/LEGAL ST 460	Surveillance, Privacy, and Police Powers	
L I S 500	Code and Power	
L I S 510	Human Factors in Information Security	

L I S/NURSING/ OCC THER 517	Digital Health: Information and Technologies Supporting Consumers and Patients
L I S 616	Records Management
L I S 632	Metadata Standards and XML
L I S/ LEGAL ST 645	Intellectual Freedom
L I S 646	Introduction to Info Architecture and Interaction Design for the Web
L I S 658	Publishing, Knowledge Institutions and Society: E-Revolutions?
L I S/ LEGAL ST 663	Introduction to Cyberlaw
I SY E/PSYCH 349	Introduction to Human Factors
I SY E 552	Human Factors Engineering Design and Evaluation
DS 341	Design Thinking for Transformation
<b>Total Credits</b>	<b>30</b>

1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

Contingent on advisor approval, up to 3 credits of coursework from outside the MS Information approved course list can be taken from other UW-Madison departments while the student is matriculated in the MS Information program.

### MA Library and Information Studies Transfers

The program would accept up to 10 credits (1 semester) from students who begin the MA program but then seek to change to the MS Information program. Courses from outside the MS Information approved course list are subject to approval by the advisor and must not exceed the 9 elective credits allowed within the program.

Students switching between the MS Information degree and the MA Library and Information Studies degree must switch by the end of their first semester (for part time students = 10 credits). **Students moving from a lower cost program to the MS program will be required to pay the difference in tuition in order to have the courses count toward the MS degree.** In the case of a move from a higher to a lower cost program, the difference in tuition will not be refunded.

Students in this program may not take courses outside the prescribed curriculum without faculty advisor and program director approval. Students in this program cannot enroll concurrently in other undergraduate, graduate or certificate programs.

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the

degree program faculty. Policies set by the academic degree program can be found below.

## NAMED OPTION-SPECIFIC POLICIES

### PRIOR COURSEWORK

#### Graduate Work from Other Institutions

The program will not accept credits taken outside of UW-Madison to be used toward the degree.

#### UW-Madison Undergraduate

The program will allow up to 3 credits of approved MS Information or computer science coursework taken as an undergraduate to be counted toward the degree. The coursework must be from the approved MS curriculum, or approved by an Information School advisor.

#### UW-Madison University Special

The program will accept up to 10 credits from the iSchool capstone certificate in Digital User Experience Design (UX) or Analytics for Decision Making Capstone Certificate programs, if those credits were earned within 5 years of admission to the MS degree. All credits must be part of the UX or Analytics certificates.

In cases where students move from a lower cost program to the MS program, students will be required to pay the difference in tuition in order to have the lower cost earned credits count toward the MS degree.

The program will allow a maximum of 3 LIS credits from the approved MS Information course list, to be completed as a non-matriculated special student before entry into the program. Special students entering the MS Information must pay the tuition differential on the 3 credits in order for the course to count toward their MS Information degree requirements.

### PROBATION

Registration is not a guarantee of enrollment under conditions of unsatisfactory progress. Students who fall into unsatisfactory progress will have an academic hold placed on their record; they should discuss clearing the hold with their advisor.

1. Good standing: progressing according to standards.
2. Probation: not progressing according to standards but permitted to enroll; potential loss of scholarships.
3. Unsatisfactory progress: not progressing according to standards; not permitted to enroll, dismissal, leave of absence.

A student may be placed on probation or suspended from the Graduate School for low grades or for failing to resolve incompletes in a timely fashion. In special cases the Graduate School permits students who do not meet these minimum standards to continue on probation upon recommendation and support of their advisor. See iSchool Student Handbook. (<https://ischool.wisc.edu/current-students/ma-requirements-overview/ma-program-planning-guides/>)

### ADVISOR / COMMITTEE

All continuing students are required to meet with the staff advisor prior to registering for each semester in order to remove registration holds and ensure timely progress towards degree completion. Students may switch advisors at any time by completing a change of advisor form.

### CREDITS PER TERM ALLOWED

15 credits (however, 12 credits are highly encouraged)

## TIME LIMITS

The maximum period for completion of the M.S. (under special circumstances) is seven calendar years. Contact the department for more information.

This program follows the Graduate School's Time Limits policy. (<https://policy.wisc.edu/library/UW-1221/>)

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
  - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

## FUNDING

### GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

### PROGRAM INFORMATION

Students enrolled in this program are not eligible to receive tuition remission from graduate assistantship appointments at this institution.

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### NAMED OPTION REQUIREMENTS MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
No	No	Yes	No	No

### CURRICULAR REQUIREMENTS

Requirements Detail	
Minimum Credit Requirement	30 credits
Minimum Residence Credit Requirement	16 credits
Minimum Graduate Coursework Requirement	Half of degree coursework (15 credits out of 30 total credits) must be completed graduate-level coursework; courses with the Graduate Level Coursework attribute are identified and searchable in the university's Course Guide ( <a href="https://registrar.wisc.edu/course-guide">https://registrar.wisc.edu/course-guide</a> ( <a href="https://registrar.wisc.edu/course-guide/">https://registrar.wisc.edu/course-guide/</a> )).
Overall Graduate GPA Requirement	3.00 GPA required.
Other Grade Requirements	Within the student's total program, one grade of BC or C is allowable in either a required or elective course if it is balanced by a grade of A or AB earned either prior to or concurrently with the unsatisfactory grade. Students receiving a BC or C move into probationary status. A second grade of BC or C or any grade of D or F will normally result in the student being dropped from the program. In addition, a student's graduate-program cumulative grade point average must be maintained at 3.00 or above.

Assessments and Examinations	No formal examination is required.	
Language Requirements	None.	

### REQUIRED COURSES

#### Core Required Courses (take all)

Code	Title	Credits
<b>Core Required Courses (take all)</b>		
L I S 615	Systems Analysis and Project Management for Information Professionals	3

L I S 751	Database Design for Information Professionals	3
L I S/COM ARTS 705	Introductory Analytics for Decision Making	3
L I S/CURRIC 620	Field Project in Library and Information Agencies	3
L I S 732	Strategic Information Services	3
<b>Breadth Requirement in Ethics</b>		
All students must complete at least three credits in ethics from the list below.		3
L I S 461	Data and Algorithms: Ethics and Policy (recommended)	
L I S 661	Information Ethics and Policy	
<b>Concentrations</b>		
At least 9 credits must be taken from among the following approved courses organized by concentration area. Students may mix and match approved courses from across the two different areas.		9+
<i>Concentration Area: User Experience/Interaction Design <sup>1</sup></i>		
L I S/COMP SCI 611	User Experience Design 1	
L I S/COMP SCI 612	User Experience Design 2	
L I S/COMP SCI 613	User Experience Design 3	
L I S/COMP SCI 614	User Experience Design Capstone	
<i>Concentration Area: Analytics and Data Management <sup>1</sup></i>		
L I S 706	Data Mining Planning and Management	
L I S 707	Data Visualization and Communication for Decision Making	
L I S 711	Data Management for Information Professionals	
<b>Electives</b>		
Up to 3 credits of electives may be taken from the below approved online course list.		0-3
L I S 500	Code and Power	
L I S/NURSING/OCC THER 517	Digital Health: Information and Technologies Supporting Consumers and Patients	
L I S 616	Records Management	
L I S 632	Metadata Standards and XML	
L I S/LEGAL ST 645	Intellectual Freedom	
L I S 646	Introduction to Info Architecture and Interaction Design for the Web	
L I S 658	Publishing, Knowledge Institutions and Society: E-Revolutions?	
<b>Total Credits</b>		<b>30</b>

1  
These tracks are internal to the program and represent different pathways a student can follow to earn this degree. Track names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

Contingent on advisor approval, up to 6 credits of coursework from outside the MS Information approved course list can be taken from other UW-Madison departments while the student is matriculated in the MS Information program.

**MA Library and Information Studies Transfers**

The program would accept up to 10 credits (1 semester) from students who begin the MA program but then seek to change to the MS Information program. Courses from outside the MS Information approved course list are subject to approval by the advisor and must not exceed the 9 elective credits allowed within the program.

Students switching between the MS Information degree and the MA Library and Information Studies degree must switch by the end of their first semester (for part time students = 10 credits). **Students moving from a lower cost program to the MS program will be required to pay the difference in tuition in order to have the courses count toward the MS degree.** In the case of a move from a higher to a lower cost program, the difference in tuition will not be refunded.

**POLICIES**

**GRADUATE SCHOOL POLICIES**

The Graduate School’s Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

**NAMED OPTION-SPECIFIC POLICIES**

**PRIOR COURSEWORK**

**Graduate Work from Other Institutions**

The program will not accept credits taken outside of UW-Madison to be used toward the degree.

**UW–Madison Undergraduate**

The program will allow up to 3 credits of approved MS Information or computer science coursework taken as an undergraduate to be counted toward the degree. The coursework must be from the approved MS curriculum, or approved by an Information School advisor.

**UW-Madison University Special**

The program will accept up to 10 credits from the iSchool capstone certificate in Digital User Experience Design (UX) or Analytics for Decision Making Capstone Certificate programs, if those credits were earned within 5 years of admission to the MS degree. All credits must be part of the UX or Analytics certificates.

In cases where students move from a lower cost program to the MS program, students will be required to pay the difference in tuition in order to have the lower cost earned credits count toward the MS degree.

The program will allow a maximum of 3 LIS credits from the approved MS Information course list, to be completed as a non-matriculated special student before entry into the program. Special students entering the MS Information must pay the tuition differential on the 3 credits in order for the course to count toward their MS Information degree requirements.

## PROBATION

Registration is not a guarantee of enrollment under conditions of unsatisfactory progress. Students who fall into unsatisfactory progress will have an academic hold placed on their record; they should discuss clearing the hold with their adviser.

1. Good standing: progressing according to standards.
2. Probation: not progressing according to standards but permitted to enroll; potential loss of scholarships.
3. Unsatisfactory progress: not progressing according to standards; not permitted to enroll, dismissal, leave of absence.

A student may be placed on probation or suspended from the Graduate School for low grades or for failing to resolve incompletes in a timely fashion. In special cases the Graduate School permits students who do not meet these minimum standards to continue on probation upon recommendation and support of their advisor. See iSchool Student Handbook. (<https://ischool.wisc.edu/current-students/ma-requirements-overview/ma-program-planning-guides/>)

## ADVISOR / COMMITTEE

All continuing students are required to meet with the staff advisor prior to registering for each semester in order to remove registration holds and ensure timely progress towards degree completion. Students may switch advisors at any time by completing a change of advisor form.

## CREDITS PER TERM ALLOWED

15 credits (however, 12 credits are highly encouraged)

## TIME CONSTRAINTS

The maximum period for completion of the M.S. (under special circumstances) is seven calendar years. Contact the department for more information.

Master's degree students who have been absent for five or more consecutive years lose all credits that they have earned before their absence. Individual programs may count the coursework students completed prior to their absence for meeting program requirements; that coursework may not count toward Graduate School credit requirements.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
  - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and

conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)

- Employee Disability Resource Office (<https://employeeabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

## OTHER

MS Information program students are not permitted to accept appointments that would result in a tuition waiver (TA, RA, PA). Also, students in this program cannot enroll in other graduate programs, nor take courses outside the prescribed curriculum without permission of the advisor.

## PROFESSIONAL DEVELOPMENT

## GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

## PEOPLE

For a complete faculty/staff directory see <https://ischool.wisc.edu>

## INFORMATION, PH.D.

The Ph.D. in Information at the UW–Madison Information School (iSchool) cultivates a cooperative, supportive intellectual environment through which highly qualified students pursue doctoral studies. With a breath of faculty expertise, and a flexible curriculum, the iSchool supports computational, social science and humanities-oriented PhD studies.

PhD students develop close working relationships with faculty members, receive strong and consistent advising, and meet regularly together as a cohort throughout their coursework. The program and its faculty provide structure through which students conduct original research and prepare results for presentation and publication in scholarly conferences and journals. iSchool faculty members work closely with Ph.D. students on joint projects as well as supporting students' independent projects.

As part of an internationally top-ranked research university, the iSchool offers students the opportunity to engage in the rich variety of educational experiences both within the school and in the broader University of Wisconsin–Madison campus.

Admitted students receive financial support including tuition remission, a stipend, and funds for research support including travel. The program encourages students to explore both academic and industry career opportunities.

For more information, including instructions on admissions, please see the iSchool PhD program webpage. (<https://ischool.wisc.edu/programs/phd-program/>)

To see the research interests and expertise of iSchool faculty members, please refer to the iSchool Faculty Research Page (<https://ischool.wisc.edu/faculty-staff-directory/research/>).

## RESIDENCE AND COMMUNITY

The iSchool Ph.D. program is a residential program. Students must be able to attend classes in person at UW–Madison for at least three years. Most students continue to live near Madison as they research and write their dissertations. Four to five years of full-time study is typical for students to complete the degree. The school strongly prefers full-time Ph.D. students.

## ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 31
Spring Deadline	The program does not admit in the spring.
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements ( <a href="https://grad.wisc.edu/apply/requirements/#english-proficiency">https://grad.wisc.edu/apply/requirements/#english-proficiency</a> ).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

## APPLICATION REQUIREMENTS

Ph.D. admissions at the Information School require GRE scores, a GPA of 3.0 (on a 4.0 scale) or better in the last 60 hours of academic credit earned; a detailed written statement of the area of research interest, fit with current faculty and the purpose for pursuing doctoral study; and an interview (usually a phone interview) with the school's Ph.D. committee or other faculty members serving on the committee's behalf. International students must meet the Graduate School's language and degree requirements.

For more information, including detailed instructions for submitting an application, see this link (<https://ischool.wisc.edu/programs/phd-program/>).

## OTHER INFORMATION

Applicants whose GPA falls below the required level must provide other evidence of academic ability. (Advice on the type of evidence appropriate to the applicant should be requested from the administrator of the doctoral program.) Applicant qualifications for admission will be reviewed by the school's Ph.D. committee, which will make an admissions recommendation to the director who, in turn, makes a recommendation to the Graduate School. The criteria used in this review include academic promise, the probability that the school's doctoral program will meet the goals and research interests of the applicant, and that the applicant will be able to complete the program successfully. Under certain circumstances, admission may be approved on a probationary basis or with deficiencies. Students will not normally be permitted to continue longer than the first year on probation. For more information see the Ph.D. program admissions page.

## FUNDING

## GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## PROGRAM RESOURCES

Admitted students receive financial support including tuition remission, a stipend, and funds for research support including travel.

## REQUIREMENTS

## MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

## MAJOR REQUIREMENTS

### MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students are able to complete a program with minimal disruptions to careers and other commitments.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW–Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

### Requirements Detail

Minimum Credit Requirement	51 credits including dissertator credits
Minimum Residence Credit Requirement	32 credits
Minimum Graduate Coursework Requirement	At least 50% of the 51 credits must be taken in graduate-level coursework. Courses at the 300–600 level should be taken sparingly and must be approved by the student's advisor. Courses with the Graduate Level Coursework attribute are identified and searchable in the university's Course Guide ( <a href="http://my.wisc.edu/CourseGuideRedirect/BrowseByTitle">http://my.wisc.edu/CourseGuideRedirect/BrowseByTitle</a> ( <a href="http://my.wisc.edu/CourseGuideRedirect/BrowseByTitle/">http://my.wisc.edu/CourseGuideRedirect/BrowseByTitle/</a> )).
Overall Graduate GPA Requirement	3.50 GPA required.
Other Grade Requirements	To remain in good academic standing within the iSchool Ph.D. program, a student must maintain a 3.5 overall GPA, not carry any incomplete grades in courses (other than 999s) for more than 1 semester, and pass all mastery demonstration paper deadlines by appointed deadlines.
Assessments and Examinations	Each student is required to fulfill at least two different research practica. Students will demonstrate mastery of subject areas and research skills through two mastery demonstration papers and a program portfolio. Presentation and successful defense of a program portfolio and statement of intent constitutes the preliminary examination. Successful defense of the program portfolio and statement of intent constitutes formal acceptance into candidacy for the Ph.D. degree.

Language Requirements No; however, coursework in a foreign language may be required if necessary for completing research activities.

Doctoral Minor/Breadth Requirements All doctoral students are required to complete a minor.

## REQUIRED COURSES

Code	Title	Credits
<b>Core Required Courses</b>		
L I S 910	Smr-Research Design & Methodology for Library & Information Studies	3
L I S 925	Professional Writing and Reading (PWR) Seminar <sup>1</sup>	6
<i>Seminars</i>		6
Students must take a minimum of 6 credits from the list below:		
L I S 931	Seminar in Information Policy, Management and Institutions	
L I S 940	Seminar in Information Use and Users in Context	
L I S 950	Seminar in LIS Foundations: Histories, Philosophies and Debates	
L I S 975	Seminar in Information Organization and Access	

### Breadth Requirements

Students must complete 12 credits of breadth requirements, with a minimum of 3 credits in each of 4 breadth areas.

<i>Breadth Area 1: Introductory Research Design, Thinking, Methods</i>		3
L I S 603	Research and Assessment for Information Professionals	
COM ARTS 762	Communication Research Methods	
JOURN 658	Communication Research Methods	
<i>Breadth Area 2: Statistics/Numerical Literacy</i>		3
L I S/ COM ARTS 705	Introductory Analytics for Decision Making	
STAT 371	Introductory Applied Statistics for the Life Sciences	
SOC/ C&E SOC 360	Statistics for Sociologists I	
SOC 362	Statistics for Sociologists III	
ED PSYCH 760	Statistical Methods Applied to Education I	
ED PSYCH 761	Statistical Methods Applied to Education II	
<i>Breadth Area 3: Working with Digital Data</i>		3
COMP SCI 319	Data Science Programming I for Research	
SOC/ C&E SOC 365	Data Management for Social Science Research	
L I S 768	Digital Humanities Analytics	
ELPA 823	Data Management for Education Policy Analysis	

ED PSYCH 551	Quantitative Ethnography	
STAT 303	R for Statistics I	
STAT 304	R for Statistics II	
STAT 305	R for Statistics III	
<i>Breadth Area 4: Pedagogy and Teaching</i>		<b>3</b>
L I S 639	Pedagogical Theory and Practice for Information Professionals	
CURRIC 818	Teaching Controversial Issues	
CURRIC 844	Culturally Relevant Pedagogy	

#### Specialization **12**

Students must complete a minimum of 12 credits in their area of specialization. Courses must be relevant to the student's program of study but may be internal or external to the iSchool. Courses should be chosen in consultation with their advisor or the PhD program chair and must meet all Graduate School requirements.

#### Minor **12**

The minor requires that students take a minimum of 12 credits outside of the iSchool. Courses must meet Graduate School minor requirements. The Option A minor requires a minimum of 9 credits; the Option B, 12 credits. Students interested in an Option A minor should initiate contact and seek approval from the minor department. Students electing the Option A minor must complete an additional 3 credits of course work outside of the department in order to satisfy the minor requirement.

#### Total Credits **51**

1

Students must take this 1 credit seminar six times before becoming a dissertator. The seminar provides foundational knowledge for becoming a researcher.

#### Students who have previously completed the iSchool MA or MS

Students should work with the PhD program advisor to determine which courses taken as a masters student fulfill requirements for the iSchool PhD or would be appropriate electives for the PhD. Not all coursework will be approved. iSchool masters degree graduates who are accepted into the Information School Ph.D. program may apply to count up to 10 qualified credits from their iSchool masters degree toward their Ph.D. Qualified courses include iSchool Ph.D. seminars (900 level), other courses that fulfill Ph.D. program requirements, or approved electives.

#### Students who have previously completed another UW-Madison graduate program

Students should work with the PhD program advisor to determine which courses taken as a masters student fulfill requirements for the iSchool PhD or would be appropriate electives for the PhD. Not all coursework will be approved.

#### Concurrent pursuit of an iSchool PhD and an iSchool masters degree

Students admitted to the PhD program who wish to obtain both an iSchool masters degree and an iSchool PhD should be assigned both a masters advisor as well as consulting with the PhD program chair.

Depending on the student's individual program of study and careful planning, it is expected that students will use some approved credits to fulfill both degree requirements. Students should expect to complete more than the minimum 51 credits in order to fulfill the requirements of both degrees.

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

### MAJOR-SPECIFIC POLICIES

#### PRIOR COURSEWORK

##### Graduate Work from Other Institutions

Students may count up to 9 credits of approved graduate coursework from other institutions. Coursework earned ten years or more prior to admission to a doctoral degree is not allowed to satisfy requirements.

##### UW–Madison Undergraduate

A student may request that the Information School PhD program consider up to seven credits numbered 300 or above of undergraduate work completed at UW–Madison towards fulfillment of minimum degree and minor credit requirements. Undergraduate coursework from other schools is not permitted

##### UW–Madison University Special

Students are allowed to count up to 9 approved credits of coursework numbered 300 or above taken as a UW–Madison Special student. Coursework earned ten years or more prior to admission to a doctoral degree is not allowed to satisfy requirements.

#### PROBATION

Students who fail to meet any of the assessment criteria as described in the Doctoral Program Student Handbook will receive a letter of warning from the Ph.D. program director placing them on probationary status. They will have one additional semester (not including summer) to change their status. If they do not successfully change their status, they will be asked to leave the program. If students do not expect to successfully change their status within the probationary semester, they can request that the Ph.D. committee grant a probation extension; however, an extension will be granted only if the student can prove likelihood of success in the upcoming semester. The student should send a letter asking for an extension and providing evidence of likelihood of success to the Ph.D. program director.

#### ADVISOR

The Information School Ph.D. Committee serves as the Progress Evaluation Committee for doctoral students. Upon admission, the Ph.D. committee chair serves as the default advisor for all students. At any point, the student may switch to a major professor/advisor based on similarities in research interests.

#### CREDITS PER TERM ALLOWED

8 to 12 credits in a regular semester is considered full time at the graduate level. Course load maximums are 12 credits in a regular semester, 8 credits in the summer term and 3 credits in the intersession.

## TIME CONSTRAINTS

Completion of the degree should be within a three- to four-year period beyond earning the master's degree.

A candidate for a doctoral degree who fails to take the final oral examination and deposit the dissertation within five years after passing their program portfolio and statement of intent may be required to take additional coursework, redefend their program portfolio and statement of intent, and to be admitted to candidacy a second time.

Doctoral degree students who have been absent for ten or more consecutive years lose all credits that they have earned before their absence. Individual programs may count the coursework students completed prior to their absence for meeting program requirements; that coursework may not count toward Graduate School credit requirements.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
  - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

## OTHER

A complete set of Information School Ph.D. program policies can be found in the PhD program planning guide on the iSchool PhD program website. (<https://ischool.wisc.edu/programs/phd-program/>)

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

## LEARNING OUTCOMES

1. Add to existing bodies of theory, scholarship, or scientific knowledge through critique, testing or extension in scholarly output.
2. Demonstrate mastery of statistical, computational, and digital data collection and analysis methodologies.
3. Employ scholarly methodologies and tools appropriate to areas of study to inform research.
4. Demonstrate scholarly communication skills both orally and in writing.
5. Engage in service contributions as appropriate to profession and field of study.
6. Demonstrate teaching skills and experience including cultural competency training.

## PEOPLE

For a complete faculty/staff directory see this website (<https://ischool.wisc.edu/faculty-staff-directory/>).

## LIBRARY AND INFORMATION STUDIES, DOCTORAL MINOR

**Admissions to the Library and Information Studies Doctoral Minor have been suspended as of fall 2022 and will be discontinued as of fall 2024. If you have any questions, please contact the department.**

## REQUIREMENTS

The doctoral minor in Library and Information Studies is a flexible and interdisciplinary program functioning under the University of Wisconsin–Madison Graduate School's Option A rules (<https://grad.wisc.edu/acadpolicy/?policy=minors>) (minimum 9 credits). Students will need to fill out a Ph.D. minor registration form and a PhD Minor Completion form. Both are available from the Information School website. As part of the process of completing the forms, they will need to identify, and obtain the signature of, a minor advisor from the iSchool faculty who will serve to assist with course selection and other issues. To begin the process of enrolling in the Library and Information Studies Option A minor, please contact an iSchool faculty member via email. Only Option A minors are given preferred enrollment status. Students may select courses from both the master's and Ph.D. level from within iSchool for their doctoral minor.

### POPULAR ISCHOOL PHD MINOR CONCENTRATIONS <sup>1</sup> INCLUDE:

- information/data policy and ethics
- user experience/interaction design and information technologies

- digital youth
- digital archiving
- data/information management and analytics

1

These tracks are internal to the program and represent different pathways a student can follow to earn this degree. Track names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

## PEOPLE

For a complete faculty/staff directory see this website (<https://ischool.wisc.edu/faculty-staff-directory/>).

## LIBRARY AND INFORMATION STUDIES, M.A.

The master's degree at the Information School (iSchool) prepares graduates to develop, provide, and assess information services that create, collect, organize, store, analyze, find, distribute, and use information in a diverse, technological, and global society. The program prepares information professionals to work in five broad, overlapping areas of the information professions.

**Librarianship:** Graduates obtain employment in college and university librarianship, public librarianship, youth and young adult librarianship, electronic collections management, science and health librarianship, research data management, and school library media centers.

**Archives in a Digital Age** (on-campus program only): Graduates obtain employment in digital asset management, digital preservation and curation, digital archives, corporate archives, government archives, special collections, and tribal libraries archives and museums.

**Data/Information Management and Analytics:** Graduates obtain employment in information analysis and visualization, knowledge management, prospect research, systems analysis, digital asset management, data and information governance, records management and compliance, research data management and project management.

**Organization of Information:** Graduates obtain employment in metadata management, taxonomy and ontology development and implementation, digital asset management, cataloging, XML and linked data, and database management.

**User Experience Design and Information Technologies:** Graduates obtain employment in user experience design, interaction design, systems analysis and project management, IT training, educational technology support, digital asset management and curation, content management, and database development and management.

Full-time students generally complete the master's program in two academic years with summer work; part-time students complete it in three to four years. Students gain hands-on experience as part of their degree through the school's required field practicum. Students may choose practicum settings based on their career goals.

## NAMED OPTIONS

Students interested in the Master of Arts in Library and Information Studies should refer to one of the named options:

- Campus Program (<http://guide.wisc.edu/graduate/information/library-information-studies-ma/library-information-studies-campus-program-ma/>)
- Online Program (<http://guide.wisc.edu/graduate/information/library-information-studies-ma/library-information-studies-online-program-ma/>)

## OPTIONAL SPECIALIZATIONS

The Information School hosts several specializations that require specific coursework from other departments or other requirements.

**Business School Graduate/Professional Certificate in Strategic Innovation:** The Information School offers a specialization in information innovation and organizational change in conjunction with the School of Business graduate/professional certificate (p. 1117) which can be completed as part of the school's M.A. degree (on-campus program only).

**Certificate in Leadership:** iSchool students can earn the UW–Madison Certificate in Leadership (<https://cfli.wisc.edu/leadership-certificate/>) as part of their Information School M.A. degree (on-campus and online programs).

**Double degrees:** The iSchool offers double degrees with the UW Law School, the School of Music, and the Department of Art History. These require separate admissions and additional coursework. (on-campus program only)

**School Library Media Specialist License:** The School Library Media Specialist License in the State of Wisconsin is a stand-alone teaching license. The iSchool M.A. program can be modified to provide candidates with the educational requirements for the license taken in addition to the M.A. courses. Candidates already holding a valid Wisconsin teaching license can be endorsed for the School Library Media Specialist through the iSchool MA program. UW–Madison is part of the UW System School Library Education Consortium (UWSSLEC), which is a certification-only program. Because each state has its own regulations for teacher licenses, this specialization is available to Wisconsin residents or those who will be working in Wisconsin schools only.

Online students (distance degree option) should note: Specialized courses in art, music, law and school library media specialist as well as courses offered outside the Information School that may be part of concentrations, specializations or double degrees, are generally not available online. For a distance student with academic background in one of these areas, combining the general Information School degree with the specialized background may be the best preparation.

The Information School master's program is accredited by the American Library Association, recognized by the Wisconsin Division for Libraries, Technology, and Community Learning for certification of public librarians, and recognized by the state's Department of Public Instruction for preparation of school library media specialists.

## ABOUT THE INFORMATION SCHOOL PROGRAMS

The UW–Madison Information School, "the iSchool," is a professional school offering several degrees and non-credit education that prepare students for careers in the information professions:

- The iSchool M.A. degree (<https://ischool.wisc.edu/current-students/masters-degree-program/>) is a professional master's that offers five concentration areas: Librarianship, Archives in a Digital Age, Data/Information Management and Analytics, User Experience Design and Information Technologies, Organization of Information.
- The Capstone Certificate in User Experience Design (<http://hci.wisc.edu/madux/>) is an educational credential aimed at working adults who seek further education to advance their careers or move into new fields without the commitment of a full masters degree. See the Capstone Certificate Guide page here (<http://guide.wisc.edu/nondegree/capstone/user-experience-design-capstone-certificate/>).
- The Capstone Certificate in Data Analytics for Decision-Making (<https://dataanalytics.ischool.wisc.edu/>) is an educational credential aimed at working adults who seek further education to advance their careers or move into new fields without the commitment of a full masters degree. See the Capstone Certificate Guide page here. (<http://guide.wisc.edu/nondegree/capstone/data-analytics-decision-making-capstone-certificate/>)
- The Ph.D. degree (<https://ischool.wisc.edu/programs/phd-program/>) provides advanced academic preparation for those wishing to pursue careers in academia, industrial research or policy making. See the Ph.D. Guide page here (p. ).
- Undergraduate Digital Studies Certificate (<https://ischool.wisc.edu/programs/undergraduatedigital-studies/>) provides undergraduate coursework in information technologies and society and information management. See the Undergraduate Certificate Guide page here (<http://guide.wisc.edu/undergraduate/letters-science/communication-arts/digital-studies-certificate/>).
- The iSchool offers non-credit continuing education short courses (<https://ischool.wisc.edu/continuing-education/>) that help information professionals stay up to date.

## COMMUNITY

The Information School at UW–Madison is well known for its public-good, community-engagement orientation (<https://ischool.wisc.edu/slis/community-engagement/>). It is home to student organizations that shepherd information-justice projects including the Jail Library Group, the Tribal Library Archives and Museums Group, and the Allied Drive Literacy Project. Student groups at the iSchool (<https://ischool.wisc.edu/current-students/slis-student-organizations/>) are very active and organize and sponsor events.

The iSchool Library, (<https://www.library.wisc.edu/ischool/>) whose windows overlook the shores of Lake Mendota and the oak trees of Muir Knoll, is a very popular campus space for study, group work, social events and relaxation. The Information School Library is also home to:

- RADD (<http://radd.dsalo.info/>) "Recovering Analog and Digital Data" equipment for audio/video digitization and digital-data rescue that provides fee-for-service recovery of data from a wide variety of media types.
- The Text Technologies Press: (<http://www.wiscprintdigital.org/projects/text-technologies/>) typography and letterpress printing

equipment for teaching book history, book arts, design, art, and making.

## RESEARCH & SCHOLARSHIP

The Information School faculty are known for scholarly work in the areas of:

- data and information policy and ethics
- user behaviors and literacies
- print culture
- library and information technology history
- electronic publishing
- information and communications technologies (ICT) and development, and transnational diaspora use of ICT
- the social aspects of ICT
- medical information and medical information technologies
- youth and new media

For more information see the iSchool Research Overview Page. (<https://ischool.wisc.edu/faculty-staff-directory/research/>)

## RESEARCH COLLABORATIONS

Faculty and staff are widely involved in different research groups on campus. For example, the iSchool is home to the Center for the History of Print and Digital Culture (<http://www.wiscprintdigital.org/>), a research center focused on authorship, reading, publication, and distribution of print and digital materials. The Information School faculty members are involved with the Holtz Center for Science and Technology Studies, the Digital Humanities Research Network, the HCI+Design Group, the Wisconsin Institute for Discovery, and the Center for Financial Security.

## ADMISSIONS

Students apply to the Master of Arts in Library and Information Studies through one of the named options:

- Campus Program (p. 993)
- Online Program (p. 993)

## FUNDING

## GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## REQUIREMENTS

## MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

## MAJOR REQUIREMENTS

### CURRICULAR REQUIREMENTS

Requirements Detail	
Minimum Credit Requirement	36 credits
Minimum Residence Credit Requirement	30 credits
Minimum Graduate Coursework Requirement	A minimum of 30 credits must be taken from graduate-level Information School M.A. coursework; courses with the Graduate Level Coursework attribute.
Other Requirements	The remaining 6 credits of coursework must be 300 level or above and may not include iSchool undergraduate coursework.
Overall Graduate GPA Requirement	3.00 GPA required. This program follows the Graduate School's policy: <a href="https://policy.wisc.edu/library/UW-1203">https://policy.wisc.edu/library/UW-1203</a> ( <a href="https://policy.wisc.edu/library/UW-1203/">https://policy.wisc.edu/library/UW-1203/</a> ).
Other Grade Requirements	Within the student's total program, one grade of BC or C is allowable in either a required or elective course if it is balanced by a grade of A or AB earned prior to or concurrently with the unsatisfactory grade. A second grade of BC or C or any grade of D or F will normally result in the student being dropped from the program.
Assessments and Examinations	Candidates must complete a minimum of a 120-hour practicum, and must complete an e-portfolio.
Language Requirements	No language requirements.

### REQUIRED COURSES

Select a Named Option (p. 992) for courses required.

### NAMED OPTIONS

A named option is a formally documented sub-major within an academic major program. Named options appear on the transcript with degree conferral. Students pursuing the Master of Arts in Library and Information Studies must select one of the following named options:

View as listView as grid

- LIBRARY AND INFORMATION STUDIES: CAMPUS PROGRAM, M.A. ([HTTP://GUIDE.WISC.EDU/GRADUATE/INFORMATION/LIBRARY-INFORMATION-STUDIES-MA/LIBRARY-INFORMATION-STUDIES-CAMPUS-PROGRAM-MA/](http://guide.wisc.edu/graduate/information/library-information-studies-ma/library-information-studies-campus-program-ma/))
- LIBRARY AND INFORMATION STUDIES: ONLINE PROGRAM, M.A. ([HTTP://GUIDE.WISC.EDU/GRADUATE/INFORMATION/LIBRARY-INFORMATION-STUDIES-MA/LIBRARY-INFORMATION-STUDIES-ONLINE-PROGRAM-MA/](http://guide.wisc.edu/graduate/information/library-information-studies-ma/library-information-studies-online-program-ma/))

## POLICIES

Students should refer to one of the named options for policy information:

- Campus Program (p. 993)
- Online Program (p. 993)

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

## LEARNING OUTCOMES

1. Demonstrate understanding of societal, legal, policy or ethical information issues.
2. Employ appropriate tools, standards, or best practices to organize information or information carriers for usability and access.
3. Design appropriate research methodologies to assess programs, services, or systems for inquiry or decision-making.
4. Demonstrate understanding of professional competencies important for management of information organizations.
5. Demonstrate competency with information technologies important to the information professions.
6. Apply concepts, principles, or theories learned in courses to field practice, broadly defined via a practicum, applied work experience, or practical course assignments.
7. Demonstrate an understanding of systemic inequalities surrounding information organization, use, services, or professions specifically in relation to privilege and marginalization.

## PEOPLE

For a complete faculty/staff directory see this website (<https://ischool.wisc.edu/faculty-staff-directory/>).

## ACCREDITATION

### ACCREDITATION

American Library Association Committee on Accreditation (<http://www.ala.org/aboutala/offices/accreditation/>)

Accreditation Status: Accredited. Next Accreditation Review: 2022.

## LIBRARY AND INFORMATION STUDIES, SPECIALIST CERTIFICATE

The Specialist Certificate is only available to students who have been admitted to, and are registered for courses in, the iSchool Ph.D. program (p. 993). It is an alternative degree for iSchool Ph.D. students who choose not to complete the full requirements for the Ph.D. program. Current Ph.D. students interested in the Specialist Certificate option should discuss it with their major advisor or the Ph.D. program advisor.

## ADMISSIONS

It is not possible to apply directly to the Specialist Certificate. The Specialist Certificate is only available to students who have been admitted to, and who are making progress toward, the iSchool Ph.D. program.

## FUNDING

### GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### MAJOR REQUIREMENTS

#### MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students are able to complete a program with minimal disruptions to careers and other commitments.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW–Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

### CURRICULAR REQUIREMENTS

Requirements Detail	
Minimum Credit Requirement	42 credits
Minimum Residence Credit Requirement	24 credits
Minimum Graduate Coursework Requirement	Half of degree coursework must be completed graduate-level coursework; courses with the Graduate Level Coursework attribute are identified and searchable in the university's Course Guide ( <a href="http://my.wisc.edu/CourseGuideRedirect/BrowseByTitle/">http://my.wisc.edu/CourseGuideRedirect/BrowseByTitle/</a> ). All coursework must be above 300 level and may not include iSchool undergraduate coursework.
Overall Graduate GPA Requirement	3.00 GPA required.
Other Grade Requirements	n/a
Assessments and Examinations	The candidate is required to prepare and publicly defend a major project/paper in addition to completing credit hour requirements.
Language Requirements	No language requirements unless assigned by program.

### REQUIRED COURSES

- For a Ph.D. student to move to the Specialist Certificate, they must have completed 42 credits toward their Ph.D. degree; 24 of those must be graduate credits completed after admission to the Information School Ph.D. program. All coursework must comply with Graduate School minimum requirements.
- Up to half of the credits should be from academic units related to the student's specialization (including but not limited to the iSchool).
- The candidate is required to prepare and publicly defend a major project/paper in addition to completing credit hour requirements.
- Students may count up to 10 credits of graduate coursework from an iSchool M.A. degree.

## POLICIES

## PROFESSIONAL DEVELOPMENT

## GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

## PEOPLE

For a complete faculty/staff directory see this website (<https://ischool.wisc.edu/faculty-staff-directory/>).

## PRINT CULTURE HISTORY, DOCTORAL MINOR

Since 1980 the field has generated a sizable literature, and with the establishment of this doctoral minor in 1998, the study of print culture history has found an institutional home within the University of Wisconsin–Madison's curricular structure. The Doctoral Minor in Print Culture History gives graduate students opportunities to design a curriculum around the historical study and sociology of books and print culture within their general doctoral studies. The program particularly encourages students to do original archival and special collections work in the extensive relevant holdings of the library systems of the University of Wisconsin–Madison and the Wisconsin Historical Society (<http://www.wisconsinhistory.org/>).

See the full description of the Doctoral Minor in Print Culture History (<http://www.wisprintdigital.org/ph-d-minor/>) on the Center for the History of Print and Digital Culture website for more information.

## ADMISSIONS

The Minor in Print Culture History is an interdisciplinary program functioning under the University of Wisconsin–Madison Graduate School's Option A rules (see the Graduate School Catalog, Minors) (<http://guide.wisc.edu/graduate/#doctoralminorstext>). To qualify, students will need written approval from their major advisor and from the director of the Doctoral Minor in Print Culture History.

## REQUIREMENTS

Like the study of print culture itself, the minor is intentionally flexible and interdisciplinary. Students are required to take a **minimum of 12 credits** in courses whose subjects in some way address print culture, book history, or related topics. Related topics may range from the history of mass communications, cartography, literature, education, consumer movements, and library and information studies, to subjects dealing with gender, race, age, social class, and sexual orientation. Within the 12-credit minor, students are required to take at least **3 credits of seminar studies**. L I S/ART HIST/HISTORY/JOURN 650 History of Books and Print Culture

in Europe and North America is *highly recommended* for 3 of the 12 credits toward the minor.

## PEOPLE

For a complete faculty/staff directory see this website (<https://ischool.wisc.edu/faculty-staff-directory/>).

## INSTITUTE FOR CLINICAL AND TRANSLATIONAL RESEARCH

### DEGREES/MAJORS, DOCTORAL MINORS, GRADUATE/PROFESSIONAL CERTIFICATES

- Clinical and Health Informatics, M.S. (p. 994)
- Clinical Investigation, Doctoral Minor (p. 999)
- Clinical Investigation, M.S. (p. 1000)
- Clinical Investigation, Ph.D. (p. 1004)
- Fundamentals of Clinical Research, Graduate/Professional Certificate (p. 1009)
- Implementation Science and Community Health Outcomes, Graduate/Professional Certificate (<http://guide.wisc.edu/graduate/institute-clinical-translational-research/implementation-science-community-health-outcomes-graduate-professional-certificate/>)

## CLINICAL AND HEALTH INFORMATICS, M.S.

The online Master of Science degree in Clinical and Health Informatics gives students a solid foundation in healthcare decision-making using methods developed from study of biomedical informatics, healthcare operations management, industrial systems engineering, nursing, pharmacy, and population health.

Based in UW–Madison's Institute for Clinical and Translation Research, this online graduate degree program provides students with an interdisciplinary approach to develop innovative solutions and improve current practices in health policy, clinical practice, data security, and biomedical and health information systems.

The program is designed to serve professionals for clinical or information technology-related work in the healthcare industry. Graduates will be ready to meet the growing workforce demand for informaticists.

Further detail, including tuition and costs, is provided here (<https://pdc.wisc.edu/degrees/clinical-health-informatics/>).

## ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	July 15
Spring Deadline	December 15
Summer Deadline	April 15
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements ( <a href="https://grad.wisc.edu/apply/requirements/#english-proficiency">https://grad.wisc.edu/apply/requirements/#english-proficiency</a> ).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	2

## PROGRAM ADMISSION

Applicants to our Master of Science degree program must meet the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) of the UW-Madison Graduate School, as well as those of our CHI program:

- Personal Statement - Tell us more about you, your interest in this profession, and why you wish to earn a graduate degree in CHI. You may also note any (or none) of the following information:
  - What will make you successful in CHI graduate program coursework?
  - What challenges do you anticipate facing while being a graduate student? What support might you need?
  - What unusual circumstances would you like considered when faculty review your application? This may include reasons for past academic performance, career changes, life challenges, etc.
- CV/Resume
- 2 letters of recommendation
- Successful completion of a college level statistics course, analytical/computational course, or equivalent work experience

While not required, you will benefit from having:

- work experience in information technology, statistics, computer science, health care, or similar field(s) – or are highly motivated to pursue a career change
- a focused area of interest in informatics, data analytics, clinical care or research, health information technology or similar fields

Contact [learn@ictr.wisc.edu](mailto:learn@ictr.wisc.edu) if you have any questions, check out the Graduate School's Admissions FAQ (<https://grad.wisc.edu/apply/>) page, or complete the online application (<https://grad.wisc.edu/apply/>).

## FUNDING

### GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

### PROGRAM INFORMATION

Students enrolled in this program are not eligible to receive tuition remission from graduate assistantship appointments at this institution.

You may, however, qualify for a fee grant for the application fee. <https://grad.wisc.edu/apply/fee-grant/>

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### MAJOR REQUIREMENTS

#### MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
No	No	Yes	No	No

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students are able to complete a program with minimal disruptions to careers and other commitments.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

### CURRICULAR REQUIREMENTS

Requirements	Detail
Minimum Credit Requirement	30 credits
Minimum Residence Credit Requirement	18 credits

**Minimum Graduate Coursework Requirement** 15 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy (<https://policy.wisc.edu/library/UW-1244> (<https://policy.wisc.edu/library/UW-1244/>)).

**Overall Graduate GPA Requirement** 3.00 GPA required. This program follows the Graduate School's policy: <https://policy.wisc.edu/library/UW-1203> (<https://policy.wisc.edu/library/UW-1203/>).

**Other Grade Requirements** Students must earn a B or above in all core curriculum coursework.

**Language Requirements** None.

**Assessments and Examinations** The program assessments are in the form of case study presentations and strategic planning for data analysis and feedback. During the final semester, students complete a final project in the capstone course. The summative project is assessed for meeting required competencies.

## REQUIRED COURSES

Code	Title	Credits
B M I 573	Foundations of Data-Driven Healthcare	3
E P D 706	Change Management	1
I SY E 557	Human Factors Engineering for Healthcare Systems	3
NURSING 702	Health Promotion and Disease Prevention in Diverse Communities	3
NURSING 715	Evaluation of Health Informatics Solutions	3
NURSING 772	Leadership and Organizational Decision-Making in Health Care	3
OTM 753	Healthcare Operations Management	3
PHM PRAC 617	Health System Pharmacy Data Analysis and Informatics	2
POP HLTH 709	Translational and Outcomes Research in Health and Health Care	3
POP HLTH 795	Principles of Population Health Sciences	3
MEDICINE 750	Capstone Project in Clinical and Health Informatics	3
<b>Total Credits</b>		<b>30</b>

Students in this program may not take courses outside the prescribed curriculum without faculty advisor and program director approval. Students in this program cannot enroll concurrently in other undergraduate, graduate or certificate programs.

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the

degree program faculty. Policies set by the academic degree program can be found below.

## MAJOR-SPECIFIC POLICIES

### PRIOR COURSEWORK

#### Graduate Work from Other Institutions

If applicable to the program completing, and with program approval, students are allowed to count no more than 12 credits of graduate coursework from other institutions. Coursework earned five or more years prior to admission to the master's degree is not allowed to satisfy requirements.

#### UW–Madison Undergraduate

If applicable to the program completing and with program approval, 6 credits of coursework numbered 300 or above from a UW–Madison undergraduate degree are allowed to count toward the degree. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

#### UW–Madison University Special

With program approval, students are allowed to count no more than 12 credits of coursework numbered 300 or above taken as a UW–Madison special student. If necessary to meet the Graduate School minimum graduate credit requirements for the degree, special student coursework may need to be converted to graduate credits. Once converted, students are assessed the difference in tuition between special and graduate tuition. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

### PROBATION

This program follows the Graduate School's Probation policy (<https://policy.wisc.edu/library/UW-1217/>).

### ADVISOR / COMMITTEE

An advisor is assigned to incoming students and will work with students individually to ensure they are making satisfactory progress toward a degree.

### CREDITS PER TERM ALLOWED

12 credits

### TIME LIMITS

This program follows the Graduate School's Time Limits policy (<https://policy.wisc.edu/library/UW-1221/>).

### GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
  - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and

conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)

- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

### **Grievance Policy for Graduate Programs in the School of Medicine and Public Health**

Any student in a School of Medicine and Public Health graduate program who feels that they have been treated unfairly in regards to educational decisions and/or outcomes or issues specific to the graduate program, including academic standing, progress to degree, professional activities, appropriate advising, and a program's community standards by a faculty member, staff member, postdoc, or student has the right to complain about the treatment and to receive a prompt hearing of the grievance following these grievance procedures. Any student who discusses, inquiries about, or participates in the grievance procedure may do so openly and shall not be subject to intimidation, discipline, or retaliation because of such activity. Each program's grievance advisor is listed on the "Research" tab of the SMPH intranet (<https://intranet.med.wisc.edu/>).

#### **Exclusions**

This policy does not apply to employment-related issues for Graduate Assistants in TA, PA and/or RA appointments. Graduate Assistants will utilize the Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/>) (GAPP) grievance process to resolve employment-related issues.

This policy does not apply to instances when a graduate student wishes to report research misconduct. For such reports refer to the UW-Madison Policy for Reporting Research Misconduct for Graduate Students and Postdoctoral Research Associates (<https://research.wisc.edu/kb-article/?id=84924>).

#### **Requirements for Programs**

The School of Medicine and Public Health Office of Basic Research, Biotechnology and Graduate Studies requires that each graduate program designate a grievance advisor, who should be a tenured faculty member, and will request the name of the grievance advisor annually. The program director will serve as the alternate grievance advisor in the event that the grievance advisor is named in the grievance. The program must notify students of the grievance advisor, including posting the grievance advisor's name on the program's Guide page and handbook.

The grievance advisor or program director may be approached for possible grievances of all types. They will spearhead the grievance response process described below for issues specific to the graduate program, including but not limited to academic standing, progress to

degree, professional activities, appropriate advising, and a program's community standards. They will ensure students are advised on reporting procedures for other types of possible grievances and are supported throughout the reporting process. Resources (<https://grad.wisc.edu/current-students/#reporting-incident>) on identifying and reporting other issues have been compiled by the Graduate School.

#### **Procedures**

1. The student is advised to initiate a written record containing dates, times, persons, and description of activities, and to update this record while completing the procedures described below.
2. If the student is comfortable doing so, efforts should be made to resolve complaints informally between individuals before pursuing a formal grievance.
3. Should a satisfactory resolution not be achieved, the student should contact the program's grievance advisor or program director to discuss the complaint. The student may approach the grievance advisor or program director alone or with a UW-Madison faculty or staff member. The grievance advisor or program director should keep a record of contacts with regards to possible grievances. The first attempt is to help the student informally address the complaint prior to pursuing a formal grievance. The student is also encouraged to talk with their faculty advisor regarding concerns or difficulties.
4. If the issue is not resolved to the student's satisfaction, the student may submit a formal grievance to the grievance advisor or program director in writing, within 60 calendar days from the date the grievant first became aware of, or should have become aware of with the exercise of reasonable diligence, the cause of the grievance. To the fullest extent possible, a grievance shall contain a clear and concise statement of the grievance and indicate the issue(s) involved, the relief sought, the date(s) the incident or violation took place, and any specific policy involved.
5. On receipt of a written grievance, the following steps will occur. The final step must be completed within 30 business days from the date the grievance was received. The program must store documentation of the grievance for seven years. Significant grievances that set a precedent may be stored indefinitely.
  - a. The grievance advisor or program director will convene a faculty committee composed of at least three members to manage the grievance. Any faculty member involved in the grievance or who feels that they cannot be impartial may not participate in the committee. Committee composition should reflect diverse viewpoints within the program.
  - b. The faculty committee, through the grievance advisor or program director, will obtain a written response from the person or persons toward whom the grievance is directed. The grievance advisor or program director will inform this person that their response will be shared with the student filing the grievance.
  - c. The grievance advisor or program director will share the response with the student filing the grievance.
  - d. The faculty committee will make a decision regarding the grievance. The committee's review shall be fair, impartial, and timely. The grievance advisor or program director will report on the action taken by the committee in writing to both the student and the person toward whom the grievance was directed.

6. If either party (the student or the person or persons toward whom the grievance is directed) is unsatisfied with the decision of the program's faculty committee, the party may file a written appeal to the SMPH senior associate dean for basic research, biotechnology and graduate studies within 10 business days from the date of notification of the program's faculty committee. The following steps will occur:
  - a. The grievant will be notified in writing, within 5 business days of the written appeal, acknowledging receipt of the formal appeal and establishing a timeline for the review to be completed.
  - b. The senior associate dean or their designee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the senior associate dean or their designee will meet with both the grievant and the person or persons toward whom the grievance is directed.
  - c. The senior associate dean or their designee will assemble an ad hoc committee of faculty from outside of the student's graduate program and ask them to prepare a written recommendation on whether to uphold or reverse the decision of the program on the student's initial grievance. The committee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the committee will meet with both the grievant and the person or persons toward whom the grievance is directed.
  - d. The senior associate dean or their designee will make a final decision within 20 business days of receipt of the committee's recommendation.
  - e. The SMPH Office of Basic Research, Biotechnology, and Graduate Studies must store documentation of the grievance for seven years. Grievances that set a precedent may be stored indefinitely.
7. The student may file an appeal of the School of Medicine and Public Health decision with the Graduate School. See the Grievances and Appeals section of the Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

#### Time Limits

Steps in the grievance procedures must be initiated and completed within the designated time periods except when modified by mutual consent. If the student fails to initiate the next step in the grievance procedure within the designated time period, the grievance will be considered resolved by the decision at the last completed step.

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

## LEARNING OUTCOMES

1. Health: Describe and explain background knowledge of the history, goals, methods and challenges of the major health sciences, including human biology, genomics, clinical and translational science, healthcare delivery, personal health and population health.
2. Information Science and Technology: Demonstrate background knowledge of concepts, terminology, methods and tools of information science and technology for managing and analyzing data, information and knowledge.
3. Social and Behavioral Science: Evaluate the effects of social, behavioral, legal, psychological, management, cognitive, and economic theories, methods, and models applicable to health informatics from multiple levels including individual, social group, and society.
4. Health Information Science and Technology: Determine concepts and recognize tools for managing and analyzing biomedical and health data, information, and knowledge. Key foci include systems design and development, standards, integration, interoperability, and protection of biomedical and health information.
5. Human Factors and Socio-technical Systems: Apply social behavioral theories and human factors engineering to better understand the interaction between users and information technologies within the organizational, social, and physical contexts of their lives, and apply this understanding in information system design.
6. Social and Behavioral Aspects of Health: Evaluate and apply social determinants of health and patient-generated data to analyze problems arising from health or disease, to recognize the implications of these problems on daily activities, and to recognize and/or develop practical solutions to managing these problems.
7. Social, Behavioral, and Information Science and Technology Applied to Health: Appraise the diverse foundation concepts and facets in order to develop integrative approaches to the design, implementation, and evaluation of health informatics solutions.
8. Professionalism: Demonstrate conduct that reflects the aims or qualities that characterize a professional person encompassing especially a defined body of knowledge and skills and their lifelong maintenance as well as adherence to an ethical code.
9. Interprofessional Collaborative Practice: Exhibit behavior that reflects the foundations of values/ethics, roles/responsibilities, interprofessional communication practices, and interprofessional teamwork for team-based practice.
10. Leadership: Demonstrate the following characteristics: credibility, honest, competence, ability to inspire, and ability to formulate and communicate a vision.

## PEOPLE

#### PROGRAM STAFF:

- Jack Champeau, MSM, Professional Programs Director, Clinical and Health Informatics
- Rachel Sauer, MS, Student Services and Program Coordinator, Clinical and Health Informatics

#### FACULTY MENTORS:

- Elizabeth S Burnside, MD, MPH, MS, Professor, Radiology, Associate Dean of Team Science and Interdisciplinary Research, Deputy

Executive Director for the Institute for Clinical and Translational Research

- Jomol Mathew, PhD, Chief of Biomedical Informatics, Director of the UW Clinical & Health Informatics Institute, Visiting Associate Professor of Population Health Sciences
- Heidi Twedt, MD, Clinical Professor, Department of Medicine, Academic Director of Clinical & Health Informatics

## FACULTY CONTRIBUTORS:

- Barbara J Pinekenstein, DNP, RN-BC, FAAN, Clinical Professor, Richard E. Sinaiko Professor in Health Care Leadership
- Chris Sorkness, RPh, PharmD, Distinguished Professor of Pharmacy and Medicine, Senior Associate Executive Director, Workforce Development
- Jack Temple, PharmD, MS, Director, Pharmacy Business Services and Informatics
- Mark W Craven, PhD, Professor, Departments of Biostatistics and Medical Informatics and Computer Science
- Nicole E Werner, PhD, Harvey D. Spangler Assistant Professor, Industrial and Systems Engineering
- Pamela A Mcgranahan, DNP, RN, Clinical Assistant Professor, DNP Program Director
- Robert Batt, MBA, PhD, Associate Professor, Operations and Information Management, Johnson School of Business
- Linsey Steege, PhD, Associate Dean for Research, Associate Professor, and Gulbrandsen Chair in Health Informatics & Systems Innovation
- Ying (Jessica) Cao, PhD, Assistant Professor, Department of Population Health Sciences

the minor requires additional training as described on the TL1 website (<https://ictr.wisc.edu/career-development-awards-2/>).

Code	Title	Credits
<b>Required Courses</b>		
A graduate entry level biostatistics course. Possible course selections include: <sup>1</sup>		1-6
B M I/STAT 541	Introduction to Biostatistics	
B M I 699	Independent Study	
B M I/ POP HLTH 551	Introduction to Biostatistics for Population Health	
& B M I/ POP HLTH 552	and Regression Methods for Population Health	
B M I/STAT 542	Introduction to Clinical Trials I	
One lecture course in ethical conduct of research selected from the following list or an equivalent course approved by the executive committee:		1-2
MED PHYS 701	Ethics and the responsible conduct of research and practice of Medical Physics	
ONCOLOGY 715	Ethics in Science	
BIOCHEM 729	Advanced Topics (Topic: Responsible Conduct of Research)	
PHARMACY 800	Research Ethics: Scientific Integrity and the Responsible Conduct of Research	
NURSING 802	Ethics and the Responsible Conduct of Research	
SURG SCI 812	Research Ethics and Career Development	
OBS&GYN 955	Responsible Conduct of Research for Biomedical Graduate Students	
OBS&GYN 956	Advanced Responsible Conduct of Research for Biomedical Students	

## Elective Courses

Select from the following to reach 10 credits (or 13 credits for students who choose the 6-credit POP HLTH/ B M I 551/552 sequence):

NURSING/ MEDICINE/ POP HLTH 705	Seminar in Interdisciplinary Clinical Research Evidence	2
POP HLTH/SOC 797	Introduction to Epidemiology	3
B M I 544	Introduction to Clinical Trials II	3

<sup>1</sup>

The 1-credit B M I 699 is for students with instructor consent who have prior statistics (no biostatistics coursework). Students who take this option must also complete 2 credits of POP HLTH/MEDICINE/ NURSING 705 Seminar in Interdisciplinary Clinical Research Evidence or another biostatistics course chosen in consultation with the program faculty director.

## CLINICAL INVESTIGATION, DOCTORAL MINOR

Doctoral students in engineering, nursing, veterinary medicine, and other disciplines can declare a focus in Clinical and Translational Science (<https://ictr.wisc.edu/documents/gpci-minor-declaration-form/>) by earning the doctoral minor in Clinical Investigation to learn about applications of research to clinical disciplines. The minor provides students with foundational training in interdisciplinary clinical research, while emphasizing a scientific area of graduate study.

Students should be aware that:

- No course that counts for the major can also count for the minor. Frequently this means that students have to take two ethics courses—one for the major and one for the minor. The point of the minor focus is to add breadth to the student's coursework.

**Important Note:** For students who are funded by the TL1 Predoctoral Training Program, the minor requires additional training as described on the TL1 website (<https://ictr.wisc.edu/career-development-awards-2/>).

## REQUIREMENTS

The minor requires 10 credits (or 13 credits for students who choose the 6-credit B M I/POP HLTH 551/B M I/POP HLTH 552 sequence), including three required courses and a fourth elective required course. Note: For students who are funded by the TL1 Predoctoral Training Program,

## PEOPLE

Students earning a doctoral degree in related science, with a focus on Clinical and Translational Science (PhD<sup>CTS</sup>) have several faculty mentors to choose from, including but not limited to faculty in the Graduate Program in Clinical Investigation. Please peruse the faculty and

their research here (<https://ictr.wisc.edu/graduate-program-in-clinical-investigation/>).

## CLINICAL INVESTIGATION, M.S.

Clinical investigation is a field in which teams of health care professionals, biostatisticians and others imagine, design, and conduct clinical research, and then take discoveries to human or animal patient populations in the health care system or in communities.

The graduate program in clinical investigation (GPCI) offers a M.S. degree. The focus of GPCI is to provide physicians, clinical scientists, and other health care professionals with the knowledge and skills needed to conduct and translate basic science discoveries into clinical applications through patient (human or animal)–oriented research. The M.S. program trains students to help move research toward solutions for patient populations more quickly.

Applicants ideally have a health professional degree (M.D., DVM, Pharm.D., Ph.D., BSN, BSE, MPT, DPT). Clinical Investigation students are unique among UW–Madison graduate students because they enter the program with a terminal degree (with exceptions) and they are seeking training to directly apply their work with patients.

Full-time and part-time enrollment is available. Most courses meet at 4 p.m. or later, to accommodate the schedules of working health professionals.

The curriculum draws from existing courses in the partner schools, and includes new courses developed exclusively for the GPCI. Coursework provides a solid foundation in research methods and analysis, including biostatistics, study design, and ethical conduct. Through electives and a research requirement, students pursue their own areas of specialization in patient-oriented clinical research.

Representatives from the Schools of Medicine and Public Health, Nursing, Pharmacy and Veterinary Medicine, and the College of Engineering gathered in 2006 and designed the program. They are joined by partner Marshfield Clinic as members of the faculty executive committee that guides the program.

GPCI is housed in the UW Institute for Clinical and Translational Research (ICTR) and is designed in response to a need for clinical research training programs. The ICTR Clinical and Translational Science Award (CTSA) facilitates UW–Madison's ability to offer a spectrum of graduate programs in clinical research. This applied, clinical, and translational graduate program complements the areas of clinical research training by the population health sciences, nursing, and other graduate programs.

The knowledge and skills acquired while earning a degree in clinical investigation can be applied to jobs in academic institutions; private industry, including pharmaceutical companies, insurers and managed care organizations; government agencies; non-profit organizations; and a range of local to international organizations.

## ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	February 1
Spring Deadline	October 1
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements ( <a href="https://grad.wisc.edu/apply/requirements/#english-proficiency">https://grad.wisc.edu/apply/requirements/#english-proficiency</a> ).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

The program accepts applications each February 1 for the M.S. for the fall term only. Admissions outside of this deadline are rarely made and only with approval of the Director of Graduate Studies.

The faculty executive committee for the program considers all aspects of each application. The applicant must meet the minimum requirements of the Graduate School plus those of the program, listed here:

- Have a focused area of interest in patient-oriented clinical research and a passion for continuing in a career in patient-oriented translational and/or clinical research.
- Ideally have a health professional degree (M.D., DVM, Pharm.D., Ph.D., BSN, BSE, MPT, DPT).
- Identify a primary advisor to mentor and support the applicant throughout graduate study.

Acceptance into the program will depend in part on identification of a research program that aligns with a student's research interests and career goals, a student's fit with the program and likelihood of successfully completing a graduate degree. Identification of a faculty advisor and research area of study is a key consideration in the admissions process but does not guarantee admission.

Acceptance into the program does not assure funding.

## FUNDING

## GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### MAJOR REQUIREMENTS

#### MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	Yes	No	Yes	No

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students are able to complete a program with minimal disruptions to careers and other commitments.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW–Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

### CURRICULAR REQUIREMENTS

#### Requirements Detail

Minimum Credit Requirement	30 credits
Minimum Residence Credit Requirement	16 credits
Minimum Graduate Coursework Requirement	15 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy ( <a href="https://policy.wisc.edu/library/UW-1244">https://policy.wisc.edu/library/UW-1244</a> ( <a href="https://policy.wisc.edu/library/UW-1244/">https://policy.wisc.edu/library/UW-1244/</a> )).
Overall Graduate GPA Requirement	3.00 GPA required. This program follows the Graduate School's GPA Requirement policy ( <a href="https://policy.wisc.edu/library/UW-1203">https://policy.wisc.edu/library/UW-1203</a> ( <a href="https://policy.wisc.edu/library/UW-1203/">https://policy.wisc.edu/library/UW-1203/</a> )).
Other Grade Requirements	Students must earn a B or above in all core curriculum coursework.
Assessments and Examinations	Defense of M.S. thesis required. The thesis is submitted in writing to the degree committee two weeks prior to the defense date; the thesis is defended verbally during the defense meeting.

Language Requirements No language requirements.

### REQUIRED COURSES

Code	Title	Credits
B M I/STAT 542	Introduction to Clinical Trials I	3
B M I 544	Introduction to Clinical Trials II	3
H ONCOL 750	Multi-disciplinary Patient-Oriented Research Presentation Skills Seminar	1
NURSING/ MEDICINE/ POP HLTH 705	Seminar in Interdisciplinary Clinical Research Evidence	2
POP HLTH/SOC 797	Introduction to Epidemiology	3
A graduate entry level biostatistics course. Students select one of the following:		1-6
B M I/STAT 541	Introduction to Biostatistics	
B M I 699	Independent Study (Topic: Introduction to Biostatistics) <sup>1</sup>	
B M I/ POP HLTH 551 & B M I/ POP HLTH 552	Introduction to Biostatistics for Population Health and Regression Methods for Population Health <sup>2</sup>	
An intermediate statistics/research methods course. Possible course selections are listed below. For additional options, request approval from the program administrator.		3
COUN PSY/ CURRIC/ED POL/ ED PSYCH/ELPA/ RP & SE 719	Introduction to Qualitative Research	
SOC WORK/ URB R PL 721	Methods of Planning Analysis	
ED PSYCH 760	Statistical Methods Applied to Education I	
NURSING 804	Advanced Qualitative Design and Methods	
SOC/ C&E SOC 360	Statistics for Sociologists I	
POP HLTH/ B M I 552	Regression Methods for Population Health	
B M I 773	Clinical Research Informatics	
One lecture course in ethical conduct of research selected from the following list or an equivalent course approved by the executive committee:		1-2
MED PHYS 701	Ethics and the responsible conduct of research and practice of Medical Physics	
ONCOLOGY 715	Ethics in Science	
BIOCHEM 729	Advanced Topics (Topic: Responsible Conduct of Research)	
PHARMACY 800	Research Ethics: Scientific Integrity and the Responsible Conduct of Research	
NURSING 802	Ethics and the Responsible Conduct of Research	
SURG SCI 812	Research Ethics and Career Development	

OBS&GYN 955 Responsible Conduct of Research for Biomedical Graduate Students

OBS&GYN 956 Advanced Responsible Conduct of Research for Biomedical Students

Research or Electives - additional courses or research credits

**Total Credits** 30

1

The 1-credit B M I 699 is for students with instructor consent who have prior statistics (no biostatistics coursework). Students who take this option must also complete 2 credits of POP HLTH/MEDICINE/ NURSING 705 or another biostatistics course chosen in consultation with the program faculty director.

2

Students who complete this 6-credit sequence are required to take fewer research credits to compensate.

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

### MAJOR-SPECIFIC POLICIES

#### PRIOR COURSEWORK

##### Graduate Work from Other Institutions

This program follows the Graduate School's policy for Satisfying Requirements with Prior Graduate Coursework from Other Institutions. (<https://policy.wisc.edu/library/UW-1216/>)

##### UW–Madison Undergraduate

No credits from a UW–Madison undergraduate degree are allowed to count toward the degree.

##### UW–Madison University Special

Because the program provides flexibility to clinical professionals who frequently begin their graduate careers part time as Special students, this program follows the Graduate School's policy for Transfer from UW–Madison University Special Student Career at UW–Madison. (<https://policy.wisc.edu/library/UW-1216/>)

#### PROBATION

This program follows the Graduate School's Probation policy. (<https://policy.wisc.edu/library/UW-1217/>)

#### ADVISOR / COMMITTEE

M.S. students select their faculty advising (degree) committees by the end of the first year in the program. Students and the advisors who sign the form are asked to meet annually or more.

#### CREDITS PER TERM ALLOWED

12 credits

### TIME LIMITS

This program follows the Graduate School's Time Limits policy. (<https://policy.wisc.edu/library/UW-1221/>)

### GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
  - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

### Grievance Policy for Graduate Programs in the School of Medicine and Public Health

Any student in a School of Medicine and Public Health graduate program who feels that they have been treated unfairly in regards to educational decisions and/or outcomes or issues specific to the graduate program, including academic standing, progress to degree, professional activities, appropriate advising, and a program's community standards by a faculty member, staff member, postdoc, or student has the right to complain about the treatment and to receive a prompt hearing of the grievance following these grievance procedures. Any student who discusses, inquiries about, or participates in the grievance procedure may do so openly and shall not be subject to intimidation, discipline, or retaliation because of such activity. Each program's grievance advisor is listed on the "Research" tab of the SMPH intranet (<https://intranet.med.wisc.edu/>).

#### Exclusions

This policy does not apply to employment-related issues for Graduate Assistants in TA, PA and/or RA appointments. Graduate Assistants will utilize the Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/>) (GAPP) grievance process to resolve employment-related issues.

This policy does not apply to instances when a graduate student wishes to report research misconduct. For such reports refer to the UW-Madison Policy for Reporting Research Misconduct for Graduate Students and Postdoctoral Research Associates (<https://research.wisc.edu/kb-article/?id=84924>).

### Requirements for Programs

The School of Medicine and Public Health Office of Basic Research, Biotechnology and Graduate Studies requires that each graduate program designate a grievance advisor, who should be a tenured faculty member, and will request the name of the grievance advisor annually. The program director will serve as the alternate grievance advisor in the event that the grievance advisor is named in the grievance. The program must notify students of the grievance advisor, including posting the grievance advisor's name on the program's Guide page and handbook.

The grievance advisor or program director may be approached for possible grievances of all types. They will spearhead the grievance response process described below for issues specific to the graduate program, including but not limited to academic standing, progress to degree, professional activities, appropriate advising, and a program's community standards. They will ensure students are advised on reporting procedures for other types of possible grievances and are supported throughout the reporting process. Resources (<https://grad.wisc.edu/current-students/#reporting-incidents>) on identifying and reporting other issues have been compiled by the Graduate School.

### Procedures

1. The student is advised to initiate a written record containing dates, times, persons, and description of activities, and to update this record while completing the procedures described below.
2. If the student is comfortable doing so, efforts should be made to resolve complaints informally between individuals before pursuing a formal grievance.
3. Should a satisfactory resolution not be achieved, the student should contact the program's grievance advisor or program director to discuss the complaint. The student may approach the grievance advisor or program director alone or with a UW-Madison faculty or staff member. The grievance advisor or program director should keep a record of contacts with regards to possible grievances. The first attempt is to help the student informally address the complaint prior to pursuing a formal grievance. The student is also encouraged to talk with their faculty advisor regarding concerns or difficulties.
4. If the issue is not resolved to the student's satisfaction, the student may submit a formal grievance to the grievance advisor or program director in writing, within 60 calendar days from the date the grievant first became aware of, or should have become aware of with the exercise of reasonable diligence, the cause of the grievance. To the fullest extent possible, a grievance shall contain a clear and concise statement of the grievance and indicate the issue(s) involved, the relief sought, the date(s) the incident or violation took place, and any specific policy involved.
5. On receipt of a written grievance, the following steps will occur. The final step must be completed within 30 business days from the date the grievance was received. The program must store documentation of the grievance for seven years. Significant grievances that set a precedent may be stored indefinitely.
  - a. The grievance advisor or program director will convene a faculty committee composed of at least three members to manage the grievance. Any faculty member involved in the grievance or who feels that they cannot be impartial may not participate in the committee. Committee composition should reflect diverse viewpoints within the program.
  - b. The faculty committee, through the grievance advisor or program director, will obtain a written response from the person or persons toward whom the grievance is directed. The grievance advisor or program director will inform this person that their response will be shared with the student filing the grievance.
  - c. The grievance advisor or program director will share the response with the student filing the grievance.
  - d. The faculty committee will make a decision regarding the grievance. The committee's review shall be fair, impartial, and timely. The grievance advisor or program director will report on the action taken by the committee in writing to both the student and the person toward whom the grievance was directed.
6. If either party (the student or the person or persons toward whom the grievance is directed) is unsatisfied with the decision of the program's faculty committee, the party may file a written appeal to the SMPH senior associate dean for basic research, biotechnology and graduate studies within 10 business days from the date of notification of the program's faculty committee. The following steps will occur:
  - a. The grievant will be notified in writing, within 5 business days of the written appeal, acknowledging receipt of the formal appeal and establishing a timeline for the review to be completed.
  - b. The senior associate dean or their designee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the senior associate dean or their designee will meet with both the grievant and the person or persons toward whom the grievance is directed.
  - c. The senior associate dean or their designee will assemble an ad hoc committee of faculty from outside of the student's graduate program and ask them to prepare a written recommendation on whether to uphold or reverse the decision of the program on the student's initial grievance. The committee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the committee will meet with both the grievant and the person or persons toward whom the grievance is directed.
  - d. The senior associate dean or their designee will make a final decision within 20 business days of receipt of the committee's recommendation.
  - e. The SMPH Office of Basic Research, Biotechnology, and Graduate Studies must store documentation of the grievance for seven years. Grievances that set a precedent may be stored indefinitely.
7. The student may file an appeal of the School of Medicine and Public Health decision with the Graduate School. See the Grievances and Appeals section of the Graduate School's

Academic Policies and Procedures (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

### Time Limits

Steps in the grievance procedures must be initiated and completed within the designated time periods except when modified by mutual consent. If the student fails to initiate the next step in the grievance procedure within the designated time period, the grievance will be considered resolved by the decision at the last completed step.

### OTHER

Full time Ph.D. students and dual degree students are eligible for NIH funding. Students must obtain a faculty adviser, and write a detailed personal statement that demonstrates working knowledge of clinical and/or translational research. No rotations are offered.

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

### PROGRAM RESOURCES

See the ICTR website (<https://ictr.wisc.edu/>) for more information.

## LEARNING OUTCOMES

1. Lead to translation of research among the laboratory, clinic and population through technological or systems innovations, including but not limited to drug therapies, medical devices, biological materials, clinical processes, and/or behavioral interventions.
2. Are appropriately patient-oriented.
3. Draw on the expertise of collaborators in multiple disciplines.
4. Integrate clinical and translational science across multiple departments, schools and colleges, clinical and research institutes, and healthcare delivery organizations.
5. Determine when it is appropriate to use a patient-oriented research design to investigate a translational clinical problem.
6. Understand the principles of multidisciplinary patient-oriented clinical research protocols.
7. Analyze, interpret and report research findings of clinical studies through peer-reviewed scientific channels and to a lay audience.
8. Apply and foster professional, ethical and responsible conduct of clinical research.

## PEOPLE

### Faculty

## CLINICAL INVESTIGATION, PH.D.

Clinical investigation is a field in which teams of health care professionals, biostatisticians and others imagine, design, and conduct

clinical research, and then take discoveries to human or animal patient populations in the health care system or in communities.

The focus of the Ph.D. in Clinical Investigation is to enable translational competency among team leaders. In other words, the graduate program trains students to help move research toward solutions for patient populations more quickly. The Ph.D. is one of fewer than 10 offered in the country with this focus.

Applicants ideally will have a health professional degree (M.D., DVM, Pharm.D., Ph.D., BSN, BSE, MPT, DPT). Clinical Investigation students are unique among UW–Madison graduate students because they enter the program with a terminal degree (with exceptions) and they are seeking training to directly apply their work with patients.

Full-time and part-time enrollment is available. Most core courses meet at 4 p.m. or later, to accommodate the schedules of working health professionals.

The graduate program in clinical investigation (GPCI) that offers the Ph.D. is housed in the UW Institute for Clinical and Translational Research (ICTR) and is designed in response to a need for clinical research training programs. The ICTR Clinical and Translational Science Award (CTSA) facilitates UW–Madison's ability to offer a spectrum of graduate programs in clinical research. This applied, clinical and translational graduate program complements the areas of clinical research training by the population health sciences, nursing, and other graduate programs.

Representatives from the schools of Medicine and Public Health, Nursing, Pharmacy, and Veterinary Medicine, and the College of Engineering met as a task force in 2006 to design the program. All ICTR academic partners are represented in the curriculum. They are joined by partner Marshfield Clinic as members of the faculty executive committee that guides the program.

The curriculum draws from existing courses in the partner schools, and includes new courses developed exclusively for the GPCI. Coursework provides a solid foundation in research methods and analysis, including biostatistics, study design, and ethical conduct. Through electives and a research requirement, students pursue their own areas of specialization in patient-oriented clinical research.

The knowledge and skills acquired while earning a degree in clinical investigation can be applied to jobs in academic institutions; private industry, including pharmaceutical companies, insurers and managed care organizations; government agencies; non-profit organizations; and a range of local to international organizations.

## ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	February 1
Spring Deadline	October 1
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements ( <a href="https://grad.wisc.edu/apply/requirements/#english-proficiency">https://grad.wisc.edu/apply/requirements/#english-proficiency</a> ).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

The program accepts applications each February 1 for the Ph.D. for the fall term only. Admissions outside of this deadline are rarely made and only with approval of the Director of Graduate Studies.

The faculty executive committee for the program considers all aspects of each application. The applicant must meet the minimum requirements of the Graduate School plus those of the program, listed here:

- Have a focused area of interest in patient-oriented clinical research and a passion for continuing in a career in patient-oriented translational and/or clinical research.
- Ideally have a health professional degree (M.D., DVM, Pharm.D., Ph.D., BSN, BSE, MPT, DPT).
- Identify a primary advisor to mentor and support the applicant throughout graduate study.

Acceptance into the program will depend in part on identification of a research program that aligns with a student's research interests and career goals, a student's fit with the program and likelihood of successfully completing a graduate degree. Identification of a faculty advisor and research area of study is a key consideration in the admissions process but does not guarantee admission.

Acceptance into the program does not assure funding.

## FUNDING

### GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

### PROGRAM RESOURCES

Prospective Ph.D. students should see the program website (<https://ictr.wisc.edu/graduate-program-in-clinical-investigation/>) for funding information.

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### MAJOR REQUIREMENTS

#### MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	Yes	No	Yes	No

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students are able to complete a program with minimal disruptions to careers and other commitments.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW–Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

### CURRICULAR REQUIREMENTS

Requirements	Detail
Minimum Credit Requirement	51 credits
Minimum Residence Credit Requirement	32 credits
Minimum Graduate Coursework Requirement	26 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy ( <a href="https://policy.wisc.edu/library/UW-1244">https://policy.wisc.edu/library/UW-1244</a> ).
Overall Graduate GPA Requirement	3.00 GPA required. This program follows the Graduate School's policy: <a href="https://policy.wisc.edu/library/UW-1203">https://policy.wisc.edu/library/UW-1203</a> ( <a href="https://policy.wisc.edu/library/UW-1203/">https://policy.wisc.edu/library/UW-1203/</a> ).
Other Grade Requirements	Students must earn a B or above in all core curriculum coursework.

Assessments and Examinations	Oral preliminary exam required. Defense of Ph.D. dissertation required. The dissertation is submitted in writing to the degree committee two weeks prior to the defense date, and then defended verbally during the defense meeting.
Language Requirements	No language requirements.
Breadth Requirement	Doctoral students in Clinical Investigation are not required to complete a doctoral minor or Graduate/Professional certificate. Breadth is achieved in other areas of the curriculum.

## REQUIRED COURSES

Code	Title	Credits
B M I/STAT 542	Introduction to Clinical Trials I	3
B M I 544	Introduction to Clinical Trials II	3
H ONCOL 750	Multi-disciplinary Patient-Oriented Research Presentation Skills Seminar	1
NURSING/MEDICINE/POP HLTH 705	Seminar in Interdisciplinary Clinical Research Evidence	2
POP HLTH/SOC 797	Introduction to Epidemiology	3
B M I 773	Clinical Research Informatics	3
CS&D 900	Seminar-Speech Science (Topic: Research Career Development Seminar on Grant Writing)	2-3
A graduate entry level biostatistics course. Students select one of the following:		1-6
B M I/STAT 541	Introduction to Biostatistics	
B M I 699	Independent Study (Topic: Introduction to Biostatistics) <sup>1</sup>	
B M I/POP HLTH 551 & B M I/POP HLTH 552	Introduction to Biostatistics for Population Health and Regression Methods for Population Health <sup>2</sup>	
An intermediate statistics/research methods course. Possible course selections are listed below. For additional options request approval from the program administrator.		3
COUN PSY/CURRIC/ED POL/ED PSYCH/ELPA/RP & SE 719	Introduction to Qualitative Research	
SOC WORK/URB R PL 721	Methods of Planning Analysis	
ED PSYCH 760	Statistical Methods Applied to Education I	
NURSING 804	Advanced Qualitative Design and Methods	
SOC/C&E SOC 360	Statistics for Sociologists I	
POP HLTH/B M I 552	Regression Methods for Population Health	
Advanced statistics or analytical methods courses. Possible course selections are listed below. For additional options, request approval from the program administrator.		6

SOC/C&E SOC 361	Statistics for Sociologists II	
STAT/F&W ECOL/HORT 572	Statistical Methods for Bioscience II	
One lecture course in ethical conduct of research selected from the following list or an equivalent course approved by the executive committee:		1-2
MED PHYS 701	Ethics and the responsible conduct of research and practice of Medical Physics	
ONCOLOGY 715	Ethics in Science	
BIOCHEM 729	Advanced Topics (Topic: Responsible Conduct of Research)	
PHARMACY 800	Research Ethics: Scientific Integrity and the Responsible Conduct of Research	
NURSING 802	Ethics and the Responsible Conduct of Research	
SURG SCI 812	Research Ethics and Career Development	
OBS&GYN 955	Responsible Conduct of Research for Biomedical Graduate Students	
OBS&GYN 956	Advanced Responsible Conduct of Research for Biomedical Students	

A noncredit regulatory experience activity: Students sign a confidentiality agreement, review a protocol submitted to an Institutional Review Board, and attend an IRB meeting (supervised). This activity is also known as the RCR Laboratory.

Research credits (and possible electives)

**Total Credits** **51**

1

The 1-credit B M I 699 is for students with instructor consent who have prior statistics (no biostatistics coursework). Students who take this option must also complete 2 credits of POP HLTH/MEDICINE/NURSING 705 or another biostatistics course chosen in consultation with the program faculty director.

2

Students who complete this 6-credit sequence are required to take fewer research credits to compensate.

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

## MAJOR-SPECIFIC POLICIES

### PRIOR COURSEWORK

#### Graduate Work from Other Institutions

This program follows the Graduate School's policy for Satisfying Requirements with Prior Graduate Coursework from Other Institutions (<https://policy.wisc.edu/library/UW-1216/>).

#### UW–Madison Undergraduate

No credits from a UW–Madison undergraduate degree are allowed to count toward the degree.

#### UW–Madison University Special

Because the program provides flexibility to clinical professionals who frequently begin their graduate careers part time as Special students, this program follows the Graduate School's policy for Transfer from UW–Madison University Special Student Career at UW–Madison. (<https://policy.wisc.edu/library/UW-1216/>)

### PROBATION

This program follows the Graduate School's Probation policy. (<https://policy.wisc.edu/library/UW-1217/>)

### ADVISOR / COMMITTEE

Ph.D. students select their faculty advising (degree) committees by the end of the first year in the program. Students and the advisors who sign the Proposed Degree Committee form are asked to meet annually or more; dissertators (post–preliminary exam) twice a year or more.

### CREDITS PER TERM ALLOWED

12 credits

### TIME LIMITS

Doctoral students are expected to pass the final oral examination and deposit the dissertation no later than five years from the date of passing the preliminary examination. The oral examination is the oral defense of the completed dissertation. Full-time students generally complete the dissertation within two years of the preliminary examination. Part-time students may take longer.

Doctoral degree students who have been absent for ten or more consecutive years lose all credits that they have earned before their absence. Individual programs may count the coursework students completed prior to their absence for meeting program requirements; that coursework may not count toward Graduate School credit requirements.

### GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
  - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and

conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)

- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

### Grievance Policy for Graduate Programs in the School of Medicine and Public Health

Any student in a School of Medicine and Public Health graduate program who feels that they have been treated unfairly in regards to educational decisions and/or outcomes or issues specific to the graduate program, including academic standing, progress to degree, professional activities, appropriate advising, and a program's community standards by a faculty member, staff member, postdoc, or student has the right to complain about the treatment and to receive a prompt hearing of the grievance following these grievance procedures. Any student who discusses, inquiries about, or participates in the grievance procedure may do so openly and shall not be subject to intimidation, discipline, or retaliation because of such activity. Each program's grievance advisor is listed on the "Research" tab of the SMPH intranet (<https://intranet.med.wisc.edu/>).

#### Exclusions

This policy does not apply to employment-related issues for Graduate Assistants in TA, PA and/or RA appointments. Graduate Assistants will utilize the Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/>) (GAPP) grievance process to resolve employment-related issues.

This policy does not apply to instances when a graduate student wishes to report research misconduct. For such reports refer to the UW-Madison Policy for Reporting Research Misconduct for Graduate Students and Postdoctoral Research Associates (<https://research.wisc.edu/kb-article/?id=84924>).

#### Requirements for Programs

The School of Medicine and Public Health Office of Basic Research, Biotechnology and Graduate Studies requires that each graduate program designate a grievance advisor, who should be a tenured faculty member, and will request the name of the grievance advisor annually. The program director will serve as the alternate grievance advisor in the event that the grievance advisor is named in the grievance. The program must notify students of the grievance advisor, including posting the grievance advisor's name on the program's Guide page and handbook.

The grievance advisor or program director may be approached for possible grievances of all types. They will spearhead the grievance response process described below for issues specific to the graduate program, including but not limited to academic standing, progress to

degree, professional activities, appropriate advising, and a program's community standards. They will ensure students are advised on reporting procedures for other types of possible grievances and are supported throughout the reporting process. Resources (<https://grad.wisc.edu/current-students/#reporting-incidents>) on identifying and reporting other issues have been compiled by the Graduate School.

### Procedures

1. The student is advised to initiate a written record containing dates, times, persons, and description of activities, and to update this record while completing the procedures described below.
2. If the student is comfortable doing so, efforts should be made to resolve complaints informally between individuals before pursuing a formal grievance.
3. Should a satisfactory resolution not be achieved, the student should contact the program's grievance advisor or program director to discuss the complaint. The student may approach the grievance advisor or program director alone or with a UW-Madison faculty or staff member. The grievance advisor or program director should keep a record of contacts with regards to possible grievances. The first attempt is to help the student informally address the complaint prior to pursuing a formal grievance. The student is also encouraged to talk with their faculty advisor regarding concerns or difficulties.
4. If the issue is not resolved to the student's satisfaction, the student may submit a formal grievance to the grievance advisor or program director in writing, within 60 calendar days from the date the grievant first became aware of, or should have become aware of with the exercise of reasonable diligence, the cause of the grievance. To the fullest extent possible, a grievance shall contain a clear and concise statement of the grievance and indicate the issue(s) involved, the relief sought, the date(s) the incident or violation took place, and any specific policy involved.
5. On receipt of a written grievance, the following steps will occur. The final step must be completed within 30 business days from the date the grievance was received. The program must store documentation of the grievance for seven years. Significant grievances that set a precedent may be stored indefinitely.
  - a. The grievance advisor or program director will convene a faculty committee composed of at least three members to manage the grievance. Any faculty member involved in the grievance or who feels that they cannot be impartial may not participate in the committee. Committee composition should reflect diverse viewpoints within the program.
  - b. The faculty committee, through the grievance advisor or program director, will obtain a written response from the person or persons toward whom the grievance is directed. The grievance advisor or program director will inform this person that their response will be shared with the student filing the grievance.
  - c. The grievance advisor or program director will share the response with the student filing the grievance.
  - d. The faculty committee will make a decision regarding the grievance. The committee's review shall be fair, impartial, and timely. The grievance advisor or program director will report on the action taken by the committee in writing to both the student and the person toward whom the grievance was directed.
6. If either party (the student or the person or persons toward whom the grievance is directed) is unsatisfied with the decision of the program's faculty committee, the party may file a written appeal to the SMPH senior associate dean for basic research, biotechnology and graduate studies within 10 business days from the date of notification of the program's faculty committee. The following steps will occur.
  - a. The grievant will be notified in writing, within 5 business days of the written appeal, acknowledging receipt of the formal appeal and establishing a timeline for the review to be completed.
  - b. The senior associate dean or their designee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the senior associate dean or their designee will meet with both the grievant and the person or persons toward whom the grievance is directed.
  - c. The senior associate dean or their designee will assemble an ad hoc committee of faculty from outside of the student's graduate program and ask them to prepare a written recommendation on whether to uphold or reverse the decision of the program on the student's initial grievance. The committee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the committee will meet with both the grievant and the person or persons toward whom the grievance is directed.
  - d. The senior associate dean or their designee will make a final decision within 20 business days of receipt of the committee's recommendation.
  - e. The SMPH Office of Basic Research, Biotechnology, and Graduate Studies must store documentation of the grievance for seven years. Grievances that set a precedent may be stored indefinitely.
7. The student may file an appeal of the School of Medicine and Public Health decision with the Graduate School. See the Grievances and Appeals section of the Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

### Time Limits

Steps in the grievance procedures must be initiated and completed within the designated time periods except when modified by mutual consent. If the student fails to initiate the next step in the grievance procedure within the designated time period, the grievance will be considered resolved by the decision at the last completed step.

### OTHER

Full-time Ph.D. students and dual degree students are eligible for NIH funding. Students must obtain a faculty adviser, and write a detailed personal statement that demonstrates working knowledge of clinical and/or translational research. No rotations are offered.

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

### PROGRAM RESOURCES

See the ICTR website (<https://ictr.wisc.edu/>) for more information.

## LEARNING OUTCOMES

1. Lead to translation of research among the laboratory, clinic and population through technological or systems innovations, including but not limited to drug therapies, medical devices, biological materials, clinical processes, and/or behavioral interventions.
2. Are appropriately patient-oriented.
3. Draw on the expertise of collaborators in multiple disciplines.
4. Integrate clinical and translational science across multiple departments, schools and colleges, clinical and research institutes, and healthcare delivery organizations.
5. Determine when it is appropriate to use a patient-oriented research design to investigate a translational clinical problem.
6. Analyze, interpret and report research findings of clinical studies through peer-reviewed scientific channels and to a lay audience.
7. Disseminate knowledge through teaching and mentoring students/trainees.
8. Apply and foster professional, ethical and responsible conduct of clinical research.

## PEOPLE

Faculty (<https://ictr.wisc.edu/graduate-program-in-clinical-investigation/>)

## FUNDAMENTALS OF CLINICAL RESEARCH, GRADUATE/ PROFESSIONAL CERTIFICATE

To conduct patient-oriented clinical studies adequately, it is necessary to understand the principles of research design and statistical analysis. With increasing complexities in clinical research, it is imperative that clinical researchers receive a minimum training in clinical research methods. The objective of the certificate in the fundamentals of clinical research is to provide formalized training in clinical research methodology and a practicum in research design and statistical analysis in patient-oriented clinical research. Areas of study include: biostatistics, epidemiology, research ethics and the responsible conduct of research, and clinical trials design and implementation.

## ADMISSIONS

Applications to the certificate program are considered on a rolling basis. Students in graduate or professional school at the UW–Madison simply

apply in time to register for the semester in which they want to start the certificate courses.

Submit the Graduate or Professional Certificate application (<https://ictr.wisc.edu/documents/professional-certificate-in-the-fundamentals-of-clinical-research-application/>).

All forms and materials can be emailed in PDF form (preferred), delivered, or mailed to:

Deidre Vincevneus, Student Services Coordinator  
 studentinquiry@ictr.wisc.edu  
 2112 Health Sciences Learning Center  
 750 Highland Avenue  
 Madison, WI 53705

## REQUIREMENTS

The Certificate Program in the Fundamentals of Clinical Research consists of five courses for a total of 13-17 credits.

Code	Title	Credits
<b>Required Courses</b>		
<i>Graduate Entry-Level Biostatistics</i>		3-6
Students select one of the following:		
B M I/STAT 541	Introduction to Biostatistics	
B M I/ POP HLTH 551 & B M I/ POP HLTH 552	Introduction to Biostatistics for Population Health and Regression Methods for Population Health	
B M I 699	Independent Study <sup>1</sup>	
<i>Other Required Courses</i>		
B M I/STAT 542	Introduction to Clinical Trials I	3
B M I 544	Introduction to Clinical Trials II	3
POP HLTH/SOC 797	Introduction to Epidemiology	3
<b>One lecture course in ethical conduct of research selected from the following list or an equivalent course approved by the executive committee:</b>		1-2
MED PHYS 701	Ethics and the responsible conduct of research and practice of Medical Physics	
ONCOLOGY 715	Ethics in Science <sup>2</sup>	
BIOCHEM 729	Advanced Topics (Topic: Responsible Conduct of Research)	
PHARMACY 800	Research Ethics: Scientific Integrity and the Responsible Conduct of Research	
NURSING 802	Ethics and the Responsible Conduct of Research	
SURG SCI 812	Research Ethics and Career Development	
OBS&GYN 955	Responsible Conduct of Research for Biomedical Graduate Students <sup>3</sup>	
OBS&GYN 956	Advanced Responsible Conduct of Research for Biomedical Students <sup>4</sup>	

**Total Credits** 13-17

1

The 1-credit B M I 699 is for students with instructor consent who have prior statistics (not biostatistics) coursework. Students who take this option must also complete an additional 2 credits. Consult with certificate program for course options.

2

While ONCOLOGY 715 Ethics in Science is graded on the Satisfactory/Unsatisfactory grading basis, it may be counted toward completion of the certificate curriculum.

3

Although students have the option to choose a grading basis for OBS&GYN 955 Responsible Conduct of Research for Biomedical Graduate Students, the course will only count toward completion of the certificate if it is taken on the A-F grading basis.

4

While OBS&GYN 956 Advanced Responsible Conduct of Research for Biomedical Students is graded on the Satisfactory/Unsatisfactory grading basis, it may be counted toward completion of the certificate curriculum. If the student has an equivalent requisite for this course that doesn't appear on their UW-Madison transcript (e.g., course taken at a different institution), they should obtain consent of instructor.

Questions can be directed to Deidre Vincevines, Student Services Coordinator, at [studentinquiry@ictr.wisc.edu](mailto:studentinquiry@ictr.wisc.edu). ([studentinquiry@ictr.wisc.edu](mailto:studentinquiry@ictr.wisc.edu))

- Southeast Asian Studies, Doctoral Minor (p. 1026)
- Southeast Asian Studies, M.A. (p. 1026)

## PEOPLE

### AFRICAN STUDIES

**Faculty:** Professors Hutchinson (chair) (African Studies/Anthropology), Adell (Afro-American Studies), Anderson (Music), Barrows (Agricultural and Applied Economics), Baumann (Nursing), Bernault (History), Bershady (Astronomy), Bloch (Curriculum and Instruction), Bosu (Veterinary Medicine), Bunn (Anthropology), Carter (Agricultural and Applied Economics), Chavas (Agricultural and Applied Economics), Christensen (Animal Health and Biomedical Sciences), Cowell (African Languages and Literature), Drewal (Art History/Afro-American Studies), Fair (Journalism and Mass Communication), Gallagher (Astronomy), Gjerde (Medicine and Public Health), Graziano (Medicine and Public Health), Haq (Medicine and Public Health), Hauner (African Languages and Literature), Hewson (Curriculum and Instruction), Johnson-Powell (Medicine and Public Health), Klug (Law), Ladson-Billings (Medicine and Public Health), Langston (Forest and Wildlife Ecology), McClintock (English), Memon (Languages and Cultures of Asia), Naughton (Geography), Nixon (English), Ntambi (Biochemistry), Olaniyan (African Languages and Literature/English), Payne (Political Science), Popkewitz (Curriculum and Instruction), Posner (Agronomy), Reed (Animal Sciences), Reschovsky (Agricultural and Applied Economics), Schatzberg (Political Science), Scheub (African Languages and Literature), Schleicher (African Languages and Literature), Seidman (Sociology), Shapiro (Agricultural and Applied Economics), Songolo (African Languages and Literature/French and Italian), Tesfagiorgis (Afro-American Studies), Thompson (Law), Tripp (Political Science/Gender and Women's Studies), Turner (Geography), Verna (Art), Wilcots (Astronomy), Zeichner (Curriculum and Instruction); Associate Professors Al-Ghadeer (African Languages and Literature), Anstett (Family Medicine), Chamberlain (History), Conway (Communication Arts), Conway (Pediatrics), Foltz (Agricultural and Applied Economics), Jenson (French and Italian), Lambert (Anthropology), Madureira (Comparative Literature), Nesper (Anthropology), Pickering (Anthropology), Sapega (Spanish and Portuguese), Stambach (Educational Policy Studies), Sweet (History); Assistant Professors Hark (Design), Keller (History of Science), Kendall (Educational Policy Studies), Kodesh (History), Sellers (Social Work), Straus (Political Science), Wendland (Medicine and Public Health/Anthropology)

## LEARNING OUTCOMES

1. Determine when it is appropriate to use a patient-oriented research design to investigate a translational clinical problem.
2. Understand the principles of clinical research design and statistical analysis.
3. Understand the principles of multidisciplinary patient-oriented clinical research protocols.
4. Apply and foster professional, ethical and responsible conduct of clinical research.

## INSTITUTE FOR REGIONAL AND INTERNATIONAL STUDIES

### DEGREES/MAJORS, DOCTORAL MINORS, GRADUATE/PROFESSIONAL CERTIFICATES

- African Studies, Doctoral Minor (p. 1011)
- African Studies, Graduate/Professional Certificate (p. 1012)
- East Asian Studies, Doctoral Minor (p. 1013)
- Global Studies, Doctoral Minor (p. 1015)
- Latin American, Caribbean, and Iberian Studies, Doctoral Minor (p. 1016)
- Latin American, Caribbean, and Iberian Studies, M.A. (p. 1016)
- Russian, East European and Central Asian Studies, Doctoral Minor (p. 1019)
- Russian, East European and Central Asian Studies, Graduate/Professional Certificate (p. 1020)

### EAST ASIAN STUDIES

**Faculty:** Professors Davis (Engineering Professional Development), Dong (Design Studies/SOHE), Dunne (Asian Languages and Cultures), Furumoto (Theater and Drama), Kern (Asian Languages and Cultures), Li (Linguistics), McGloin (Asian Languages and Cultures), Mori (Asian Languages and Cultures), Nienhauser (Asian Languages and Cultures), Ohnesorge (Law), Ohnuki-Tierney (Anthropology), Pan (Communication Arts), Phillips (Art History), Sidel (Law), Ridgely (director) (Asian Languages and Cultures), Young (History), Zhou (Anthropology); Associate Professors Cheng (History), Dennis (History), D'Etcheverry (Asian Languages and Cultures), Geyer (Asian Languages and Cultures), Huang (Asian Languages and Cultures), Huntington (Asian Languages and Cultures), Meulenbeld (Asian Languages and Cultures), Miyamoto (Psychology), Raymo (Sociology), Shi (Agricultural and Applied Economics), Thal (History), Zhang (Asian Languages and Cultures); Assistant Professors Chan (History), Choy (Dance/Education), Fan

(Theater and Drama), Kim (History), Kinzley (History), Li (Art History), Lim (Asian Languages and Cultures), Murthy (History), Yang (Asian Languages and Cultures), Zhu (Asian Languages and Cultures)

## EUROPEAN STUDIES

**Faculty:** Chair: Professor Ringe (Political Science); Faculty Steering Committee: Professors Allen (Scandinavian Studies), Brossard (Life Sciences Communication), Covington (European Studies), Ferree (Sociology), Klug (Law), Livorni (French and Italian), Olds (Geography), Potter (German), Silberman (German), Wolf (Scandinavian Studies)

## LATIN AMERICAN, CARIBBEAN, AND IBERIAN STUDIES

**Faculty:** Professors Rojas (LACIS director) (Journalism and Mass Communication), Allen (Plant Pathology), Albuquerque (Spanish and Portuguese), Apple (Curriculum and Instruction), Barham (Agricultural and Applied Economics), Beilin (Spanish and Portuguese), Bilbija (Spanish and Portuguese), Calderon (Music), Collins (Sociology), Corfis (Spanish and Portuguese), De Ferrari (Spanish and Portuguese), Drewal (Art History), Egea (Spanish and Portuguese), Escalante (Art), Ewig (Gender and Women's Studies), Frantzen (Spanish and Portuguese), Hildner (Spanish and Portuguese), Hill (English/American Indian Studies), Hutchinson (Spanish and Portuguese), Madeira (Spanish and Portuguese), Mallon (History), Marquez (Nelson Institute for Environmental Studies/Political Science), Medina (Spanish and Portuguese), Mello (Business), Naughton (Geography), Neinhuis (Horticulture), Olaniyan (African Languages and Literature), Patz (Nelson Institute for Environmental Studies), Pevehouse (Political Science), Podesta, (Spanish and Portuguese), Popkewitz (Education), Radano (Ethnomusicology), Sanchez (Spanish and Portuguese), Strier (Anthropology), Sweet (History), Sytsma (Botany), Tochon (Curriculum and Instruction), Tripp (Political Science), Waller (Botany and Environmental Studies), Wattieux (Animal Science), Zamora (Spanish and Portuguese), Zepeda (Consumer Science); Associate Professors Alix-Garcia (Agricultural and Applied Economics), Cabrera (Dairy Science), Close (Spanish and Portuguese), Emshwiller (Botany) Gaus (Medicine), Hernandez (Spanish and Portuguese), Huneeus (Law), Kallenborn (Design Studies), Marin-Spiotta (Geography), Pellegrini (Spanish and Portuguese), Schechter (Agricultural and Applied Economics), Stafford (Spanish and Portuguese, Walker (Dance) ; Assistant Professor Clayton (Anthropology), Associate Faculty Barrett (Sociology), DiPrete Brown (Global Health), Egon (Spanish and Portuguese), Gemrich (Spanish and Portuguese), Kaaikiola Strohbusch (Spanish and Portuguese), Vargas, (LACIS associate director); Lecturers Druc (Anthropology), Muniagurria (Economics), Muyolema (Anthropology), Woodward (Botany)

## RUSSIAN, EAST EUROPEAN AND CENTRAL ASIAN STUDIES

**Faculty:** Professors Gerber (chair) (Sociology), Belodubrovskaya (Communication Arts), Bethea (Slavic Languages), Brenner (Jewish Studies), Buenger (Art History), Chamberlain (History), Ciancia (History), Dale (Art History), Danaher (Slavic Languages), Derin (Languages and Cultures of Asia), Dolinin (Slavic Languages), DuBois (Scandinavian Studies), Evans-Romaine (Slavic Languages), Filipowicz (Slavic Languages), Gehlbach (Political Science), Hendley (Law, Political Science), Herrera (Political Science), Hirsch (History), Hollander (Jewish Studies), Johnson (Educational Leadership and Policy Analysis), Kaiser (Geography), Kepley (Communication Arts), Kydd (Political Science), Lapina (Slavic Languages), Livanos (Comparative Literature), Longinovic (Slavic Languages), McDonald (History), Michels (History), Miernowska (Slavic Languages), Neville (History), Radeloff (Forest and Wildlife Ecology), Reynolds (Slavic Languages), Schamiloglu

(Languages and Cultures of Asia), Shevelenko (Slavic), Tishler (CREECA, Slavic Languages), Tumarkin (Slavic Languages), van de Water (Slavic Languages), Wink (History)

## SOUTHEAST ASIAN STUDIES

**Faculty:** Professors Bowie (Anthropology), Cowell (African Languages & Literature), Coxhead (Agricultural & Applied Economics), Gade (Nelson Institute for Environmental Studies), Gunther (Journalism & Mass Communications), Hansen (center director) (History), Macken (Linguistics), A. McCoy (History), Olds (Geography), Rafferty (Asian Languages & Cultures), Sidel (Law), Winichakul (History), Zhou (Anthropology); Associate Professors Nobles (Sociology); Assistant Professors Baird (Geography), Choy (Dance/Asian American Studies), Ho (Curriculum and Instruction/Education), Kim (Anthropology); Faculty Associates Barnard (Asian Languages & Cultures), Cullinane (History/Southeast Asian Studies), M. McCoy (Communication Arts/Southeast Asian Studies); Lecturers Chanprasert-Elbow (Asian Languages & Cultures), Dinh (Asian Languages & Cultures), Lee (Asian Languages & Cultures, Zamar (Asian Languages & Cultures); Librarian Ashmun (Southeast Asia Collection, Memorial Library)Journa

## AFRICAN STUDIES, DOCTORAL MINOR

The Doctoral Minor in African Studies is for students completing a Ph.D. at the University of Wisconsin–Madison who wish to focus their study on Africa. It requires four courses or seminars in two departments outside the student's major department. The African studies minor is completed under "Minor Option A" of the Graduate School regulations.

### SUGGESTIONS FOR STUDENTS PURSUING THE DOCTORAL MINOR IN AFRICAN STUDIES

- **Early Approval of Minor Program:** It is the student's responsibility as a graduate student to determine that all courses/seminars being completed are eligible for inclusion in the doctoral minor. Students are encouraged to consult with the African Studies Program advisor before taking courses intended to be included in the minor.
- **Language Training:** In planning the program, students should bear in mind the strong desirability of attaining competence in an African language. For many kinds of research, ability to use a language as a research tool is indispensable.
- **Auditing Courses:** In addition to courses and seminars formally taken for credit, students are encouraged to audit additional offerings to develop a broad competence in African studies.

## ADMISSIONS

- Meet with the African Studies Program advisor. To make an appointment, send an email to Aleia McCord, aleia.mccord@wisc.edu.
- Submit the Ph.D. Minor in African Studies application form and obtain the approval and signature of major professor. After you have completed the preliminary Ph.D. examinations, the African Studies Program director or designate will sign the warrant indicating completion of the minor.

## REQUIREMENTS

- Complete a minimum of 12 graduate credits from the African Studies Program core curriculum ([http://africa.wisc.edu/?page\\_id=26](http://africa.wisc.edu/?page_id=26)) in four courses or seminars outside the major field, and from at least two different departments. (Agricultural and applied economics, and economics courses/seminars are considered to be of one discipline for purposes of the minor.)
- Graduate credit is available only for courses with numbers of 300 or higher.
- At least one of these four units must be a course or seminar at the 700 to 900 level. No thesis or dissertation credits (990) may be used.
- Introductory first-year language courses may not be used for the doctoral minor in African studies even if they are numbered 300 or higher. Language courses may count for the minor only in so far as they do not overlap with departmental language requirements. When a department requires an African language for the Ph.D., language courses may count toward the minor only above and beyond four semesters of study in one language.
- Include no more than one independent reading and research course in the four courses or seminars submitted.

## SPECIAL CIRCUMSTANCES AND CONDITIONS IN COMPLYING WITH THE DOCTORAL MINOR

- Grade Point Average: A 3.0 grade point average is required for all courses submitted for the minor.
- Credits from Other Universities: Courses from other universities that were taken for graduate credit may count toward the minor with approval of the African Studies Program. Normally, only two of the required four courses or seminars may come from outside the University of Wisconsin–Madison. Exceptions may be proposed by petition.
- Courses Taken as an Undergraduate: Courses taken while the candidate was an undergraduate student are not eligible for credit toward the doctoral minor, including courses with graduate-level numbers.

## LEARNING OUTCOMES

1. Regional expertise: advanced knowledge of the societies and cultures of the region through in-depth understanding of the principal historical, social, political, cultural, and scientific forces and conditions that have given rise to the unity and diversity in the region today.
2. Multi-disciplinarity: analyzing contemporary political, economic, and cultural realities in the region from at least two disciplinary perspectives, ideally including humanities, social sciences, and sometimes natural science approaches.
3. Depth of knowledge: advanced knowledge of particular facets of life in the region by taking courses on particular sub-regions or countries, by studying a regional language, or by taking at least two courses on the region in one discipline.
4. Research and methods: Students must demonstrate the ability to conduct interdisciplinary research that shows knowledge of research methodologies, demonstrates analytical skills, and the ability to articulate and elaborate research findings.

## AFRICAN STUDIES, GRADUATE/ PROFESSIONAL CERTIFICATE

The Graduate Certificate in African Studies is awarded to students at the graduate level at the University of Wisconsin–Madison to certify advanced training in African studies. It is awarded by the African Studies Program and the Graduate School.

## ADMISSIONS

### APPLICATION FOR GRADUATE CERTIFICATE IN AFRICAN STUDIES

- Contact Aleia McCord, assistant director and advisor, at [aleia.mccord@wisc.edu](mailto:aleia.mccord@wisc.edu).
- Submit the application form for the Graduate Certificate in African Studies and obtain the approval and signature of the major professor. After the student has completed the requirements for the graduate certificate in African studies, the African Studies Program director or designate will inform the major department that the student has earned the certificate.

## FUNDING

Information about funding through the African Studies Program is available from our website ([http://africa.wisc.edu/?page\\_id=28](http://africa.wisc.edu/?page_id=28)). We also encourage our students to explore funding options available through the Institute for Regional and International Studies (IRIS) Awards Office (<https://iris.wisc.edu/funding/>).

## REQUIREMENTS

- Complete at least 12 credits of African Studies Program core courses or extended core courses taught by an African Studies Program faculty member.
- Graduate credit is available only for courses numbered 300 or higher.
- Maintain a grade point average of 3.0 (on a 4.0 scale).
- Fulfill the requirements for a master's or doctoral degree at the University of Wisconsin–Madison.
- Include 9 credits outside the major department. No more than 3 credits will count from the major department.
- Complete at least one graduate-level seminar in African studies with a grade of AB or better. It may be in the major field.

## ADDITIONAL TERMS

- Include no more than 3 credits of directed reading and research or independent reading (AFRICAN 699 Directed Study, AFRICAN 999 Independent Reading and Research). No thesis/dissertation credits (AFRICAN 990 Thesis) may be included.
- Only one course in a single language may count toward the certificate, but two languages courses count if they are in different African languages.
- **Note:** All African Cultural Studies courses (<http://guide.wisc.edu/courses/african/>) may count toward the graduate certificate within the limits set by the distribution requirements described above.

## LEARNING OUTCOMES

1. Regional expertise: advanced knowledge of the societies and cultures of the region through in-depth understanding of the principal historical, social, political, cultural and scientific forces and conditions that have given rise to the unity and diversity in the region today.
2. Multi-disciplinarity: analyzing contemporary political, economic, and cultural realities in the region from at least two disciplinary perspectives, ideally including humanities, social sciences and sometimes natural science approaches.
3. Depth of knowledge: advanced knowledge of particular facets of life in the region by taking courses on particular sub-regions or countries, by studying a regional language, or by taking at least two courses on the region in one discipline
4. Research and methods: Students must demonstrate the ability to conduct interdisciplinary research that shows knowledge of research methodologies, demonstrates analytical skills, and the ability to articulate and elaborate research findings.

## PEOPLE

**Faculty:** Professors Adell (Afro-American Studies), Alonso (Gender and Women's Studies and the School of Medicine and Public Health), Anderson (Global Health), Bartlett (Educational Policy Studies), Block (Civil and Environmental Engineering), Brown (African Cultural Studies), Bunn (Anthropology), Burchell-Sajani (African Cultural Studies), Callaci (History), Chavas (Agricultural and Applied Economics), Christensen (Animal Health and Biomedical Sciences), Conway (Pediatrics), Conway (Communication Arts), Dima (French and Italian), Diop (Real Estate and Urban Land Economics), DiPrete Brown (Human Ecology, Global

Health Institute), Drewal (Art History/Afro-American Studies), El Nossery (French and Italian), England (African Cultural Studies), Ferrick (International Agriculture Programs), Foltz (Agricultural and Applied Economics), Garoon (Community and Environmental Sociology), Goldberg (Pathobiological Sciences), Gomez (Medical History and Bioethics), Grant (Sociology), Gray (Communication Arts), Gunasekaran (Food Engineering), Haq (Medicine and Public Health), Hark (Design Studies), Hawkins (Curriculum and Instruction), Ipsen (Gender and Women's Studies and History), Jacobs (Environmental Studies), Jasper (Consumer Science), Kawaoka (Global Health Institute), Keller (Medical History and Bioethics), Kendall (Director, Educational Policy Studies), Klug (Law), Kodesh (History), Ladson-Billings (Curriculum and Instruction), LaGro (Urban and Regional Planning), Larson (Biological Systems Engineering), Lindsay (Gender and Women's Studies and Political Science), Madureira (Spanish and Portuguese), McCord (African Studies), McFarland (Anthropology), Mitman (History of Science), Mustafa (African Cultural Studies), Naughton (Geography), Nesper (Anthropology), Nimis (African Cultural Studies), Ntambi (Biochemistry), Okwumabua (Pathobiological Sciences), Olaniyan (African Cultural Studies and English), Ozdogan (Afro-American Studies), Palmer (Journalism and Mass Communication), Patz (Global Health Institute), Pickering (Anthropology), Popkewitz (Curriculum and Instruction), Radano (African Cultural Studies and Music), Reed (Animal Science), Rosin (Integrative Biology), Royston (African Cultural Studies), Ruark (Environmental Studies), Sager (Interior Architecture), Sapega (Spanish and Portuguese), Schauer (Global Health Institute), Seidman (Sociology), Sethi (Population Health Sciences), Siraj (Infectious Disease), Songolo (Library), Straus (Political Science), Sweet (History), Tanoukhi (English), Tanumihardjo (Global Health Institute, Nutritional Sciences), Tefera (Surgery), Thompson (African Cultural Studies), Treves (Environmental Studies), Tripp (Political Science/Gender and Women's Studies), Tupesis (Global Health Institute), Turner (Geography), Ventura (Environmental Studies), Wilcots (Astronomy).

## EAST ASIAN STUDIES, DOCTORAL MINOR

The Center for East Asian Studies (<https://eastasia.wisc.edu/>) (CEAS) is the focal point connecting East Asia to the UW-Madison. One of the UW-Madison's eight federally funded National Resource Centers, CEAS is dedicated to all aspects of research, education and outreach related to China, Japan, and Korea.

CEAS began in 1962 as the East Asian Studies program, building on more than sixty years of research and teaching on China, Japan, and Korea at the UW-Madison. Over the years it has grown from fewer than a dozen faculty members teaching thirty graduate-level courses to more than seventy faculty members teaching nearly three hundred courses at both undergraduate and graduate levels.

The doctoral minor in East Asian Studies is offered to students who are enrolled in a doctoral program at the UW-Madison and are interested in focusing their studies on East Asia. Students interested in obtaining this minor should consult with the Center's Associate Director, who serves as the advisor for the minor in East Asian studies.

## ADMISSIONS

To declare the Doctoral Minor in East Asian Studies, please contact the Associate Director, Center for East Asian Studies (See Contact Information (<https://guide.wisc.edu/graduate/institute-regional->

international-studies/east-asian-studies-doctoral-minor/#peopletext) for the Center.)

## REQUIREMENTS

### COURSES

Students earning an interdisciplinary PhD Minor in East Asian Studies must take a minimum of 12 credits in East Asian area studies. The credits must be earned in at least three departments other than the major department, and courses must contain a minimum of 25 percent East Asian content. UW–Madison Graduate School regulations concerning the use of courses required for the student's major as part of the minor are to be observed when selecting courses. For more information about courses that can count for the Minor, please contact East Asian Studies. Because the instructor and content of a course may change over time, please consult the Center for East Asian Studies for confirmation on whether a course may count for a doctoral minor.

**PEOPLE**

Please visit the department website (<https://eastasia.wisc.edu/ceas-faculty/>) for a complete listing of CEAS faculty by department and geographic area.

**GLOBAL STUDIES, DOCTORAL MINOR**

A doctoral minor in global studies will be of interest to doctoral students who plan for careers in public policy, research, and academia, as well as those interested in careers in government, media, and the private and nonprofit sectors. The minor emphasizes systemic approaches to globalization in an interdisciplinary context, thereby distinguishing itself from existing graduate course work in international studies that emphasize specialization in particular areas of the world (e.g., East Asian studies or African studies) or specific aspects of globalization (e.g., global health or global legal studies). The minor is intended to provide doctoral students with an institutional setting to pursue the study of globalization as a complement to their major degree program.

**FUNDING****GRADUATE SCHOOL RESOURCES**

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

**PROGRAM RESOURCES**

The IRIS Awards Office manages its own funding opportunities (Scott Kloeck-Jenson Fellowships, IRIS Graduate Fieldwork Awards, Incubator Grants), coordinates the campus component of a number of external programs (Boren Fellowships, Fulbright US Student Program, Fulbright-Hays DDRA, Luce Scholars Program), coordinates IRIS regional center awards such as the Foreign Language and Area Studies (FLAS) Fellowships, assists students, faculty, and staff in exploring funding options, and much more.

Follow us on Twitter ([https://twitter.com/uwiris\\_awards/](https://twitter.com/uwiris_awards/)), and contact Mark Lilleleht, Assistant Director for Awards, with questions at [awards@iris.wisc.edu](mailto:awards@iris.wisc.edu), 608-265-6070.

**REQUIREMENTS**

The minor in Global Studies is 12 credits total. Students who minor in global studies will be required to take the core Global Studies Graduate Seminar (INTL ST 720 Global Studies Seminar) and related course work. In addition to the 3-credit Global Studies Graduate Seminar, students must take 9 credits from a list of approved courses. Students must take one course from three of the four categories:

1. Global Culture and Humanity
2. Global Commons
3. World Affairs and the Global Economy
4. Human Security and Global Citizenship

Students should consult with an IRIS advisor (<https://iris.wisc.edu/advising/>) for course listings within these categories.

## LATIN AMERICAN, CARIBBEAN, AND IBERIAN STUDIES, DOCTORAL MINOR

Candidates for a Ph.D. degree in other departments may obtain this Option A doctoral minor in Latin American, Caribbean, and Iberian Studies. All Ph.D. minor candidates must consult with the program director or associate director at the time they begin their work for the Ph.D. minor. Certification of proficiency in Spanish or Portuguese is required.

### REQUIREMENTS

Students take a minimum of 12 credits in graduate courses related to Latin America, the Caribbean, Spain, or Portugal. A list of courses available for LACIS credit is prepared each semester by the program staff. This work is to be done outside the major field of the candidate's doctoral specialization. One course cross-listed with the major may be used for the minor so long as it is not taught by a faculty member from the major department and is not a required course for the major. The LACIS M.A. may be used as a Ph.D. minor, as long as the degree program meets the minor requirements.

### PEOPLE

The Latin American, Caribbean, and Iberian Studies (LACIS) teaching staff consists of over 100 faculty (<https://lacis.wisc.edu/people/affiliated-faculty/>) who teach LACIS language and area content courses. LACIS Steering Committee. (<https://lacis.wisc.edu/people/lacis-steering-committee/>)

## LATIN AMERICAN, CARIBBEAN, AND IBERIAN STUDIES, M.A.

The Latin American, Caribbean, and Iberian Studies (LACIS) Program offers three graduate programs: Master of Arts, a Doctoral Minor, and a Dual Degree in Law and Latin American, Caribbean, and Iberian Studies.

The mission of the graduate program is to provide an interdisciplinary foundation for the study of Latin America, the Caribbean, Spain, and Portugal. The University of Wisconsin–Madison is nationally recognized for excellence in research and teaching on these regions. The LACIS program includes a core faculty of over 100 members and course offerings in close to 40 disciplines and professional schools, including anthropology, business, community and environmental sociology, comparative literature, environmental studies, gender and women's studies, geography, history, law, music, political science, sociology, and population health. Languages taught include Quechua, Yucatec Maya, Spanish, and Portuguese.

Many faculty members have received extensive national and international recognition. Detailed faculty research interests and publications can be accessed through Mapping LACIS Research. (<https://lacis.wisc.edu/mapping-lacis-research/>) UW–Madison also publishes the journal *Luso-Brazilian Review*, and holds an annual graduate student conference, *Kaleidoscope*.

While the majority of candidates in the program are from the United States, a significant number are from Latin America, the Caribbean, and Iberia. Funding assistance for candidates specializing in Latin America, the Caribbean, and Iberia includes: Title VI Foreign Language and Area Studies (FLAS) fellowships, the Helen Firstbrook Franklin Fellowship, Advanced Opportunity Fellowship (AOF), teaching assistantships (Intro to Latin American Studies), and the Tinker-Nave Field Grant Program, commonly used for summer research travel. Please contact the program office for more information on funding opportunities (<https://lacis.wisc.edu/funding/for-graduates/>).

Originally established in the 1930s, the program has a long history of university and federal support. Since 1961, LACIS has been recognized as a National Resource Center (NRC) by the US Department of Education, which provides Title VI support for program activities and for FLAS fellowships. The program has a faculty of extraordinary diversity and across-the-board strength. These strengths encompass not only the classic social science and humanities fields, but also the natural and ecological sciences and the agricultural and professional schools. Not many other universities can compete with the overall range of UW–Madison's faculty expertise in Latin American, Caribbean, and Iberian studies. The UW–Madison's general excellence is reflected by its consistent ranking among the top ten graduate universities in the United States.

### Dual Degree Program

Candidates interested in earning a dual degree in law and Latin American, Caribbean, and Iberian Studies must apply to both programs and must meet the degree requirements for both programs. The dual degree program can be completed in seven semesters. Typically, the student begins the LACIS portion of the program in the second year of law school. More information can be found on the website (<https://lacis.wisc.edu/programs/dual-degree-in-law-and-lacis/>).

### ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	January 5
Spring Deadline	October 15
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements ( <a href="https://grad.wisc.edu/apply/requirements/#english-proficiency">https://grad.wisc.edu/apply/requirements/#english-proficiency</a> ).

Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

Admission to the master's program is competitive and requires a strong undergraduate academic background, a clear demonstration of interdisciplinary interests, and a strong statement of purpose illustrating the applicant's goals. In addition to the online application, applicants must submit to the program: transcript(s) of all undergraduate work, three letters of recommendation, a statement of reasons for graduate study, and a current CV. Applications must be received by January 5 for the fall semester.

## FUNDING

### GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

### PROGRAM RESOURCES

#### TINKER NAVE SHORT TERM FIELD RESEARCH GRANTS

Application Deadline: Applications for summer fieldwork are typically due the first Friday in March.

See website (<https://laxis.wisc.edu/funding/for-graduates/>) for more details.

#### FOREIGN LANGUAGE AND AREA STUDIES GRADUATE FELLOWSHIPS (FLAS), (HEA TITLE VI)

See website (<https://flas.wisc.edu/>) for more details.

For further information and assistance about financial aid please visit the Office of Student Financial Aid (<https://financialaid.wisc.edu/>).

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### MAJOR REQUIREMENTS

#### MODE OF INSTRUCTION

Face to Face	Evening/Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students are able to complete a program with minimal disruptions to careers and other commitments.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW–Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

### CURRICULAR REQUIREMENTS

#### Requirements Detail

Minimum Credit Requirement 30 credits

Minimum Residence Credit Requirement 18 credits

Minimum Graduate Coursework Requirement 15 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy (<https://policy.wisc.edu/library/UW-1244>) (<https://policy.wisc.edu/library/UW-1244/>).

Overall Graduate GPA Requirement 3.00 GPA required.

Graduate GPA Requirement This program follows the Graduate School's policy: <https://policy.wisc.edu/library/UW-1203> (<https://policy.wisc.edu/library/UW-1203/>).

Other Grade Requirements n/a

Assessments and Examinations Candidates are expected to finish the degree in four semesters of full-time study; after four semesters, the student must petition for extension. Time to degree will be customized for students in dual or articulated degree programs. Students must also petition for part-time (fewer than 6 credits per semester) status.

Language Requirements Candidates must obtain certification of basic proficiency in Spanish or Portuguese or offer proof of proficiency.

### REQUIRED COURSES

Completion of the degree requires 30 credits of courses with Latin American, Caribbean and Iberian language and area content, consisting of 12 credits in a student's core area, 12 credits in complimentary program core areas and research methods, and 6 thesis credits (senior honors thesis courses do not count). At least 50% of course credit must be in courses numbered 700 or above, or that have a graduate attribute. Students choose among LACIS' core areas in consultation with the Program Associate Director and their faculty advisor.

#### Core Courses

12 credits in a student's core area at the 300 level or above, as decided upon in consultation with the Program Associate Director and their faculty advisor.

#### Complementary Area Coursework

12 credits of courses at the 300 level or above, or Foreign Language and Area studies approved language courses, as decided upon in consultation with the Program Associate Director and their faculty advisor.

#### Pertinent Research Methods

At least 3 credits of complementary coursework in a pertinent research methods course are required.

#### Graduate Seminars

At least two seminars (6 credits total) must be included in the complementary coursework, and at least one of these seminars must be LACIS/A A E/ANTHRO/C&E SOC/GEOG/HISTORY/POLI SCI/PORTUG/SOC/SPANISH 982 Interdepartmental Seminar in the Latin-American Area (or equivalent seminar).

#### Additional Coursework

The remaining 6 credits will be completed through additional coursework. In order to earn an MA degree, students must write and defend a paper or optional master's thesis to a three-person committee consisting of the faculty advisor, LACIS director or associate director and one more relevant faculty member. Thesis credits may count towards additional coursework. **A limit of 6 credits of LACIS 698 Directed Study or LACIS 699 Directed Study can count towards LACIS coursework.**

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

### MAJOR-SPECIFIC POLICIES

#### PRIOR COURSEWORK

##### Graduate Work from Other Institutions

With program approval, students are allowed to count no more than 6 credits of graduate coursework from other institutions.

##### UW–Madison Undergraduate

No credits from a UW–Madison undergraduate degree are allowed to count toward the degree.

##### UW–Madison University Special

Students are allowed to count no more than 6 credits of coursework numbered 300 or above taken as a UW–Madison University Special student. The student would not be allowed to count courses toward the 50% graduate coursework minimum unless taken at the 700 level or above.

#### PROBATION

This program follows the Graduate School's Probation policy (<https://policy.wisc.edu/library/UW-1217/>).

1. Good standing (progressing according to standards; any funding guarantee remains in place).
2. Probation (not progressing according to standards but permitted to enroll; loss of funding guarantee; specific plan with dates and deadlines in place in regard to removal of probationary status).
3. Unsatisfactory progress (not progressing according to standards; not permitted to enroll, dismissal, leave of absence or change of advisor or program).

#### ADVISOR / COMMITTEE

The program director or associate director will be the formal advisor for all students in the program. In addition, students are expected to work with a faculty advisor to complete a final paper or an optional thesis to be defended to a three member committee.

#### CREDITS PER TERM ALLOWED

15 credits

#### TIME LIMITS

This program follows the Graduate School's Time Limits policy (<https://policy.wisc.edu/library/UW-1221/>).

#### GRIEVANCES AND APPEALS

- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic

Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

## OTHER

LACIS has a J.D./M.A. dual degree. Contact the program for more information.

## PROFESSIONAL DEVELOPMENT

## GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

## LEARNING OUTCOMES

1. Demonstrate an understanding of the principal historical, societal, scientific and humanist concerns that are rooted in the realities of the broader Latin American, Caribbean and Iberian regions. These include but are not limited to: knowledge of pre-colonial indigenous societal organizations; the experience of colonialism; the biodiversity of the region; and the regions tumultuous social, economic and political trajectory and the specific challenges these have posed for the peoples of the regions. In particular, students should demonstrate an understanding of the unique historical trajectory of these regions as the product of the global confluence of various cultural, social, political and economic influences beginning in the late 15th century. This includes not only the especially profound mutual impact of Iberian colonization of the Americas, but also the larger context of European imperial conflict in the Western Hemisphere, the central place of African slavery in the development of the Atlantic economy, and the significant and multifaceted role that the United States has played in shaping Latin America and the Caribbean. Students should recognize how these histories and contemporary realities impact more specific questions, contemporary or historical, and humanist, social scientific or scientific in nature.
2. Within students' more specific area of interest, they should be able to articulate key theoretical and empirical concerns and identify appropriate theoretical approaches to the problem of interest and identify empirical sources that can help to answer that question or problem.
3. Students should demonstrate proficiency, and preferably advanced language ability, in either Spanish or Portuguese. Additional indigenous language learning, such as Kichwa, Quechua, Quichua and Nahuatl, are also encouraged.
4. Demonstrate the ability to conduct interdisciplinary research that: includes a critical literature review; selects appropriate research methodologies; proposes an appropriate research design to collect, analyze, interpret, and present findings; successfully carries out this research plan.
5. Demonstrate the ability to articulate and elaborate their research findings.
6. Recognize and apply principles of ethical and professional conduct. This includes, in particular, an understanding of the ethics of research and professional activities in cross-cultural contexts.

## PEOPLE

The Latin American, Caribbean, and Iberian Studies (LACIS) teaching staff consists of more than 100 faculty (<https://lacis.wisc.edu/people/affiliated-faculty/>) who teach LACIS language and area content courses.

LACIS Steering Committee (<https://lacis.wisc.edu/people/lacis-steering-committee/>)

## RUSSIAN, EAST EUROPEAN AND CENTRAL ASIAN STUDIES, DOCTORAL MINOR

## REQUIREMENTS

Recognition of interdisciplinary training at the graduate level can be acquired with a REECAS certificate. Doctoral minor requirements in specific fields can also be fulfilled under the REECAS program. The requirements for a doctoral minor under Option A (external minor) may be satisfied by completing 9 credits of graduate courses in Russian, East European and Central Asian studies. These 9 credits must be distributed over at least two departments outside the student's major department. Students should contact the program office for specific information regarding these requirements. Doctoral students may not earn both the REECAS graduate/professional certificate and the REECAS doctoral minor.

## LEARNING OUTCOMES

1. Regional expertise: advanced knowledge of the societies and cultures of the region through in-depth understanding of the principal historical, social, political, cultural and scientific forces and conditions that have given rise to the unity and diversity in the region today.
2. Multi-disciplinarity: analyzing contemporary political, economic, and cultural realities in the region from at least two disciplinary perspectives, ideally including humanities, social sciences and sometimes natural science approaches.
3. Depth of knowledge: advanced knowledge of particular facets of life in the region by taking courses on particular sub-regions or countries, by studying a regional language, or by taking at least two courses on the region in one discipline
4. Research and methods: Students must demonstrate the ability to conduct interdisciplinary research that shows knowledge of research methodologies, demonstrates analytical skills, and the ability to articulate and elaborate research findings.

## PEOPLE

**Faculty:** Borowski, Castañeda Dower, Ciancia, Dale, Danaher, DuBois, Erbil, Evans-Romaine, Gerber, Glowacki, Hanukai, Hendley, Herrera, Hirsch, Karpukhin, Kinzley, Kydd, Livanos, McDonald, Michels, Miernowska, Neville, Ospovat, Radeloff, Reynolds, Shevelenko (director), Stoychuk, Tishler, Tumarkin, Walter, Wodzyński, Yudkoff.

## RUSSIAN, EAST EUROPEAN AND CENTRAL ASIAN STUDIES, GRADUATE/PROFESSIONAL CERTIFICATE

The graduate/professional certificate in REECAS provides graduate students with a general background in the areas of anthropology, economics, foreign policy, geography, government and politics, history, language and literature, law, and sociology. It also provides specific knowledge about one of these areas. With its emphasis on interdisciplinary study, a REECAS certificate enhances the training of Ph.D. candidates who wish to teach and do research at the college level, and serves the needs of M.A. and Ph.D. students who wish to make a career in broadcasting, government service, journalism, library work, or other professions requiring a well-rounded acquaintance with this diverse and highly important area.

### REQUIREMENTS

To receive the certificate, a student must take 12 credits of required courses distributed over three programs. Of these required courses, one must be a seminar in which a research paper is written on a topic approved by the major professor. The student must demonstrate a working knowledge of one language of Eastern Europe or the former Soviet Union before beginning the second year of REECAS and will be expected to write the seminar paper utilizing original source material in the target language(s). Students should contact the program office for specific information regarding these requirements.

Candidates for the Graduate/Professional Certificate in REECAS must take at least two years of language study (or the equivalent) in one of the region's languages. At UW-Madison, Czech, Finnish, Kazakh, Persian, Polish, Russian, and Turkish/Azeri are offered regularly during the academic year. Other regional languages may be available during the summer session (e.g. languages of Central Eurasia through CESSI (<https://cessi.wisc.edu/>)).

### LEARNING OUTCOMES

1. Regional expertise: advanced knowledge of the societies and cultures of the region through in-depth understanding of the principal historical, social, political, cultural and scientific forces and conditions that have given rise to the unity and diversity in the region today.
2. Multi-disciplinarity: analyzing contemporary political, economic, and cultural realities in the region from at least two disciplinary perspectives, ideally including humanities, social sciences and sometimes natural science approaches.
3. Depth of knowledge: advanced knowledge of particular facets of life in the region by taking courses on particular sub-regions or countries, by studying a regional language, or by taking at least two courses on the region in one discipline
4. Research and methods: Students must demonstrate the ability to conduct interdisciplinary research that shows knowledge of research methodologies, demonstrates analytical skills, and the ability to articulate and elaborate research findings.

### PEOPLE

**Faculty:** Borowski, Castañeda Dower, Ciancia, Dale, Danaher, DuBois, Erbil, Evans-Romaine, Gerber, Glowacki, Hanukai, Hendley, Herrera, Hirsch, Karpukhin, Kinzley, Kydd, Livanos, McDonald, Michels, Miernowska, Neville, Ospovat, Radeloff, Reynolds, Shevelenko (director), Stoychuk, Tishler, Tumarkin, Walter, Wodzyński, Yudkoff.

## RUSSIAN, EAST EUROPEAN AND CENTRAL ASIAN STUDIES, M.A.

The master of arts degree program in Russian, East European and Central Asian studies provides interdisciplinary area studies training for emerging professionals and future leaders in business, development, government, journalism, law, publishing, and the military. The curriculum is designed to promote a broad understanding of the cultural, political, economic, social, and historical factors that have shaped the development of societies in Eurasia, Russia, and Central and Eastern Europe; mastery in Russian, East European, or Central Asian languages at a level necessary for doing advanced research on and professional work in the region; and knowledge of methodological and analytical approaches of different disciplines that will contribute to a better understanding of the region and will prepare students for conducting advanced research. The program requires both area studies and language training.

The M.A. program is designed to be completed in three semesters, but motivated students who enter with prior language study and commit to intensive summer coursework have the option of completing the course of study within 12 calendar months. Students will work closely with the M.A. advisor, who serves as their primary graduate studies advisor, to ensure that their course of study is both coherent and sufficiently interdisciplinary.

### ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	January 2
Spring Deadline	The program does not admit in the spring.
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Required.

English Proficiency Test Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements (<https://grad.wisc.edu/apply/requirements/#english-proficiency>).

Other Test(s) (e.g., GMAT, MCAT) n/a

Letters of Recommendation Required 3

Students entering the master's program must have a bachelor's degree from an accredited institution and provide evidence of academic achievement and intellectual ability, including a minimum total grade point average of 3.0 (on a 4.0 scale) and a 3.4 in related area courses, letters of recommendation, and strong scores on the Graduate Record Exam (GRE). There is no minimum admission requirement for language, but students are strongly advised to complete two years of area language study before entering the program.

Applicants for admission to the M.A. degree program in Russian, East European and Central Asian studies should submit an online application. The following materials are required: statement of purpose, official transcripts from all postsecondary institutions attended, three letters of recommendation, Graduate Record Exam (GRE) scores, language questionnaire, and application for university fellowships for incoming students. Speakers of English as a second language must submit Test of English as a Foreign Language (TOEFL), or International English Language Testing System (IELTS) scores as well.

## FUNDING

### GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

### PROGRAM RESOURCES

Each year a faculty committee selects a limited number of deserving graduate students (in any field of study) for Foreign Language and Area Studies (FLAS) Fellowships. Applicants must be citizens or permanent residents of the United States and must demonstrate their commitment to the study of a language of Russia, Eastern Europe, or Central Asia, and to related area studies topics. Applications and supporting materials for the FLAS fellowship competition must be submitted by approximately February 15 each year. For more information and an application, see Foreign Language & Area Studies (FLAS) Fellowships (<http://flas.wisc.edu/>).

Students interested in studying Polish may be eligible to apply for a Michael and Emily Lapinski fellowship (<https://gns.wisc.edu/lapinski-scholarship/>). The annual deadline is March 1. Please contact the Slavic program for more information.

CREECA also nominates eligible incoming graduate students in its M.A. program for the Advanced Opportunity Fellowship (for targeted students). To be considered for university funding, all application materials must

be received by the early January deadline indicated on the CREECA M.A. application form.

A limited number of teaching assistantships and project assistantships may be available in CREECA and in specific departments that offer high-enrollment courses on REECAS. Information about these assistantships can be obtained by writing or calling CREECA and the respective departments. In addition to these opportunities, other fellowships and financial assistance are available outside CREECA. For further information, incoming graduate students should write directly to the appropriate department or organization.

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### MAJOR REQUIREMENTS

#### MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	Yes

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students are able to complete a program with minimal disruptions to careers and other commitments.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW–Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

### CURRICULAR REQUIREMENTS

#### Requirements Detail

Minimum Credit Requirement 30 credits

Minimum Residence Credit Requirement 16 credits

Minimum Graduate Coursework Requirement 15 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy (<https://policy.wisc.edu/library/UW-1244>).

Overall	3.00 GPA required.
Graduate GPA Requirement	This program follows the Graduate School's GPA Requirement policy ( <a href="https://policy.wisc.edu/library/UW-1203">https://policy.wisc.edu/library/UW-1203</a> ) ( <a href="https://policy.wisc.edu/library/UW-1203/">https://policy.wisc.edu/library/UW-1203/</a> ).
Other Grade Requirements	n/a
Assessments and Examinations	Students have the option to complete a thesis. Contact the program for more information.
Language Requirements	Language learning is an integral part of the program, and students will be required to enroll in language courses each term. Students already proficient in their main language will be expected to choose another Slavic or Central Eurasian language for the duration of their program. For degree completion, students must have a minimum of two years of university-level study (or the equivalent) of a regional language with at least three years of study strongly recommended. During the academic year, the program offers Czech, Finnish, Kazak, Persian, Polish, Russian, Bosnian/Croatian/Serbian, and Turkish (Turkish–Azeri).  Students entering with prior experience in Russian are required to take a pre-program assessment. Students are also required to take a language course each term. See below for more details.

## REQUIRED COURSES

In addition to language classes each term, students will be required to complete a minimum of 22 non-language (area studies) credits from the course list to be distributed as follows:

- Seven courses in Russian, East European and Central Asian studies at or above the 300 level (21 credits). These courses must be distributed over at least three departments. At least 50% of credits applied toward the graduate degree credit requirement must be with courses designed for graduate work. Courses with the graduate level coursework attribute are identified and searchable in the University's Course Guide ([http://public.my.wisc.edu/portal/f/u12411s4/p/CourseGuide-Browse-Courses.u12411n31/detached/render.uP?pCm=view&pP\\_action=advancedSearch&pP\\_form-submit=true](http://public.my.wisc.edu/portal/f/u12411s4/p/CourseGuide-Browse-Courses.u12411n31/detached/render.uP?pCm=view&pP_action=advancedSearch&pP_form-submit=true)).
- At least 6 of these credits (two courses) must be graduate-level **seminars** (700 through 900 level). REECAS M.A. students are expected to use original language source material in their graduate seminar papers. See table below.
- A 1-credit "Introduction to REECAS" module (SLAVIC 755 Topics in Slavic Literature). The course number of this module varies, depending on the home department of the faculty director of CREECA. Students are required to attend the weekly CREECA lecture series and to write four short essays based on the content of those lectures. Papers are read and evaluated by the CREECA director and associate director.
- Students may elect to write a master's thesis, but this is not required. This 3-credit, faculty-supervised, independent research course could count toward the required 22 non-language credits, but could not take the place of a required graduate-level seminar. The master's thesis will demonstrate the student's ability to engage in original research in his or her chosen field, including the ability to use original-language material.

## General Courses

Code	Title	Credits
<b>Agricultural and Applied Economics</b>		
A A E/ECON/ REAL EST/ URB R PL 306	The Real Estate Process	3

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

### MAJOR-SPECIFIC POLICIES

#### PRIOR COURSEWORK

##### Graduate Work from Other Institutions

With program approval, students are allowed to count no more than 9 credits of graduate coursework from other institutions. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

##### UW–Madison Undergraduate

This program follows the Graduate School's policy for Satisfying Requirements with Coursework from Undergraduate Career at UW–Madison. (<https://policy.wisc.edu/library/UW-1216/>)

##### UW–Madison University Special

With program approval, students are allowed to count no more than 9 credits of coursework numbered 300 or above taken as a UW–Madison University Special student. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

#### PROBATION

This program follows the Graduate School's Probation policy. (<https://policy.wisc.edu/library/UW-1217/>)

#### ADVISOR / COMMITTEE

Every graduate student is required to have an advisor. To ensure that students are making satisfactory progress toward a degree, the Graduate School expects them to meet with their advisor on a regular basis.

#### CREDITS PER TERM ALLOWED

15 credits

#### TIME LIMITS

This program follows the Graduate School's Time Limits policy. (<https://policy.wisc.edu/library/UW-1221/>)

### GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
  - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeeabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

#### OTHER

Accelerated language study available during summer. We encourage qualified US citizens and permanent residents to apply for the Foreign Language and Area Studies (FLAS) fellowship through CREECA. FLAS applications are due on or near February 15 of each year; please check [flas.wisc.edu](https://flas.wisc.edu) for updates. The application form for FLAS is separate from the application for admission. We regret that other sources of funding, such as teaching assistantships and project assistantships, are limited.

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

## LEARNING OUTCOMES

1. Demonstrate an understanding of the cultural, political, economic, social, and historical factors that have shaped the development of societies in Eurasia, Russia, and East and Central Europe.
2. Articulate, critique, and/or elaborate the theories, research methods, and approaches to inquiry in one or more of the disciplines represented in the interdisciplinary field of Russian, East European, and Central Asian studies (REECAS).
3. Identify sources and assemble evidence pertaining to questions or challenges in REECAS.
4. Demonstrate an understanding of Russian, East European, and Central Asian studies in a historical, social, or global context.
5. Select and utilize appropriate methodologies and practices in one or more of the disciplines represented in the interdisciplinary field of REECAS.
6. Evaluate and synthesize information pertaining to questions or challenges in REECAS and should communicate clearly in written and spoken work in ways appropriate to REECAS.
7. Recognizes and apply principles of ethical and professional conduct in the context of Russian, East European, and Central Asian studies.
8. (Language proficiency) Develop speaking, listening, writing, and reading skills in one or more of the languages of Russia, East and Central Europe, and Central Eurasia, and integrate these skills to communicate in a variety of social and academic situations.

## PEOPLE

**Faculty:** Borowski, Castañeda Dower, Ciancia, Dale, Danaher, DuBois, Erbil, Evans-Romaine, Gerber, Glowacki, Hanukai, Hendley, Herrera, Hirsch, Karpukhin, Kinzley, Kydd, Livanos, McDonald, Michels, Miernowska, Neville, Ospovat, Radeloff, Reynolds, Shevelenko (director), Stoychuk, Tishler, Tumarkin, Walter, Wodzyński, Yudkoff.

## SOUTHEAST ASIAN STUDIES, DOCTORAL MINOR

### ADMISSIONS

The doctoral minor in Southeast Asian studies is offered to students who are enrolled in a doctoral program at the university and are interested in focusing their disciplinary program on Southeast Asia. Students interested in obtaining this minor should first consult with their disciplinary adviser to clarify the type of minor required and then consult with the center's associate director, who serves as the advisor for the minor in Southeast Asian studies.

### REQUIREMENTS

The minor requires a minimum of 12 credits in departments outside the student's major and must be approved in advance by the center director in consultation with a faculty associate of the center.

## PEOPLE

**Faculty:** Professors Bowie (Anthropology), Gade (Nelson Institute for Environmental Studies), Hansen (History), A. McCoy (History), Olds (Geography), Sidel (Law); Associate Professors Baird (Geography, Director), Choy (Dance/Asian American Studies), Haberkorn (Asian Languages and Cultures), Ho (Curriculum and Instruction/Education), Kim (Anthropology), Nobles (Sociology); Assistant Professor Kusumaryati (Anthropology/International Studies); Faculty Associates Barnard (Asian Languages & Cultures), Cullinane (History/Southeast Asian Studies), M. McCoy (Communication Arts/Southeast Asian Studies); Lecturers Dinh (Asian Languages & Cultures), Lee (Asian Languages & Cultures), Nicolas (Asian Languages and Cultures), Surasin (Asian Languages and Cultures), Suryani (Asian Languages and Cultures); Librarian Ashmun (Southeast Asia Collection, Memorial Library)

## SOUTHEAST ASIAN STUDIES, M.A.

The M.A. degree in Southeast Asian Studies is an interdisciplinary program designed to meet the unique needs of two broad groups of students: those seeking certification of area expertise en route to a disciplinary doctoral degree and those seeking a terminal M.A. en route to a wide range of careers in Southeast Asia, including employment in business, journalism, and various government and international organizations.

The Center for Southeast Asian Studies administers a formal graduate program in Southeast Asian studies and facilitates interdisciplinary study on Southeast Asia in intercollege, professional, and other degree programs throughout the university. The Southeast Asian studies program provides students with the opportunity to concentrate their study of this dynamic region in several disciplines and professional areas: anthropology, communications (journalism), development, education, economics, environmental studies, geography, history, linguistics, literature, music and dance (performing arts), political science, public health, religion, sociology, and urban and regional planning, as well as natural resources, business, and law, and public policy. Faculty expertise and library holdings are particularly strong for in-depth study of Cambodia, Indonesia, Laos, Philippines, Thailand, and Vietnam. The goal of the program is to provide students with a strong area and language background on Southeast Asia and to prepare them for a range of academic and professional careers.

Language study is a critical component in area studies, and the center encourages students to develop proficiency in at least one Southeast Asian language. During the academic year, instruction is offered through the Department of Asian Languages and Cultures in five Southeast Asian languages: Filipino (Tagalog), Hmong, Indonesian, Thai, and Vietnamese. Each language is offered at two or more levels of instruction, with advanced readings and literature courses available in Indonesian. The center also facilitates participation in the Southeast Asian Studies Summer Institute (SEASSI), which provides instruction during the summers at multiple levels in eight languages of the region: Burmese, Filipino, Hmong, Indonesian/Malaysian, Javanese, Khmer, Lao, Thai, and Vietnamese, and depending on enrollments, Javanese. Though SEASSI is hosted by the center and based in Madison, it is open to students from anywhere. More information is available on the SEASSI website (<http://seassi.wisc.edu/>).

## ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	July 15
Spring Deadline	November 15
Summer Deadline	April 15
GRE (Graduate Record Examinations)	Not required
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements ( <a href="https://grad.wisc.edu/apply/requirements/#english-proficiency">https://grad.wisc.edu/apply/requirements/#english-proficiency</a> ).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

Applicants for admission to the M.A. degree program in Southeast Asian Studies should submit the online application on the Graduate School website. The following materials are required and should be submitted to the center: statement of purpose, official transcripts of all undergraduate and graduate study, three references, and Graduate Record Exam (GRE) scores for U.S. citizens; most international students are also required to submit Test of English as a Foreign Language (TOEFL) or International English Language Testing System (IELTS) scores (for recommended test scores, see the Graduate School website).

## FUNDING

### GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

### PROGRAM RESOURCES

The center offers two graduate-level fellowships each year: Foreign Language and Area Studies (FLAS) fellowships, funded by the U.S. Department of Education (Title VI); and Center Fellowships, funded by the center's Mellon endowment. Both fellowships provide full tuition and a monthly stipend and are awarded to deserving graduate students (in

any discipline) with a strong commitment to the study of Southeast Asia. The center also provides Field Research Grants to be used to support doctoral dissertation and pre-dissertation research on Southeast Asia. Applicants for FLAS fellowships must be citizens or permanent residents of the U.S. and must apply to study one of the languages offered during the academic year: Filipino, Hmong, Indonesian, Thai, or Vietnamese. Center fellowships are generally awarded by semester and are open to all graduate students committed to the study of Southeast Asia. Field Research Grants can be awarded to graduate students in any field of study. Applications for FLAS, Center Fellowships, and Field Research Grants can be obtained directly from the center's office (or downloaded from the website) and must be submitted, along with all supporting materials, by the first week of February each year.

The center also nominates eligible incoming graduate students in its M.A. program for two university-wide competitions: Advanced Opportunity Fellowships (for minority students) and University Fellowships (for students with outstanding academic records). In addition to these opportunities, other fellowships and financial assistance are available outside the center.

For further information, incoming graduate students should write directly to the appropriate department and to the Office of Student Financial Aid. For additional information on the fellowships offered by the center, consult the center's website (<https://seasia.wisc.edu>).

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### MAJOR REQUIREMENTS

#### MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students are able to complete a program with minimal disruptions to careers and other commitments.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW–Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

### Requirements Detail

Minimum Credit Requirement	30 credits
Minimum Residence Credit Requirement	16 credits
Minimum Graduate Coursework Requirement	All 30 credits must be taken in graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy ( <a href="https://policy.wisc.edu/library/UW-1244">https://policy.wisc.edu/library/UW-1244</a> ( <a href="https://policy.wisc.edu/library/UW-1244/">https://policy.wisc.edu/library/UW-1244/</a> )).
Overall Graduate GPA Requirement	3.00 GPA required. This program follows the Graduate School's policy: <a href="https://policy.wisc.edu/library/UW-1203">https://policy.wisc.edu/library/UW-1203</a> ( <a href="https://policy.wisc.edu/library/UW-1203/">https://policy.wisc.edu/library/UW-1203/</a> ).
Other Grade Requirements	n/a
Assessments and Examinations	To complete the MA program, students must write a research paper on Southeast Asia under the supervision of their faculty advisor; this paper must then be defended before three faculty members affiliated with the Center (their advisor and two others selected in consultation with their advisor).
Language Requirements	Students must demonstrate a level of proficiency in a Southeast Asian language equivalent to having successfully completed four semesters of the language; these credits do not count toward the 30 credits required for the program. Up to nine credits of advanced language courses can be counted toward the 30 credit degree requirement.

## REQUIRED COURSES

Graduate students will receive the M.A. by

1. demonstrating a level of proficiency in a Southeast Asian language equivalent to having successfully completed four semesters of that language.
2. completing thirty credits of area-content coursework (<http://seasia.wisc.edu/home-page/for-students/courses/>) (with six of these being graduate seminars)— twelve in one field of concentration (that is in one department, in two or more related departments, or in an interdisciplinary field approved by the faculty advisor) and eighteen in one or more other fields.
3. perform satisfactorily in an oral examination focused on the candidate's knowledge of Southeast Asia as demonstrated by a research paper approved by the faculty advisor.

### Courses

Interdisciplinary courses may be taken from many departments. To complete the MA Program in Southeast Asian Studies, the student must complete 30 credits of coursework (generally 10 courses); 6 of these credits (or two courses) must be graduate seminars. The 30 required courses should be taken in two broad areas: 12 credits (generally four courses) must focus on a single discipline or be connected by a specific theme; the remaining 18 credits (generally six courses), as electives, can be taken in any discipline. Up to 6 credits of Advanced Language (ASIALANG courses) may count towards the 30 credits. All courses

counted for the degree program must have at least 30% Southeast Asian content, demonstrated by lectures and readings, and/or by relevant writing assignments or a research paper. For a more complete and up-to-date listing of currently available courses, contact the Center for Southeast Asian Studies. Because the instructors and content of many courses may change over time (especially for graduate-level topics courses and seminars), students should consult the Center for Southeast Asian Studies for confirmation on whether a course may count for the M.A. degree, the graduate certificate, or the doctoral minor.

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

### MAJOR-SPECIFIC POLICIES

#### PRIOR COURSEWORK

##### Graduate Work from Other Institutions

With program approval, students are allowed to count no more than 9 credits of graduate coursework from other institutions.

##### UW–Madison Undergraduate

No credits from a UW–Madison undergraduate degree are allowed to count toward the degree.

##### UW–Madison University Special

With program approval, student are allowed to count no more than 9 credits of coursework numbered 300 or above taken as a UW–Madison University Special student.

#### PROBATION

This program follows the Graduate School's Probation policy. (<https://policy.wisc.edu/library/UW-1217/>)

#### ADVISOR / COMMITTEE

Every graduate student is required to have an advisor. To ensure that students are making satisfactory progress toward a degree, the Graduate School expects them to meet with their advisor on a regular basis.

An advisor generally serves as the thesis advisor. In many cases, an advisor is assigned to incoming students. Students can be suspended from the Graduate School if they do not have an advisor. An advisor is a faculty member, or sometimes a committee, from the major department responsible for providing advice regarding graduate studies.

A committee often accomplishes advising for the students in the early stages of their studies.

As a multidisciplinary program, the student will not be assigned a faculty advisor until they have decided on the disciplinary approach for their research paper. Until that time, the Graduate Program Advisor (Michael Cullinane) will serve as the student's advisor in completing the program requirements and will assist in the selection of a faculty advisor.

## CREDITS PER TERM ALLOWED

15 credits

## TIME LIMITS

This program follows the Graduate School's Time Limits policy (<https://policy.wisc.edu/library/UW-1221/>).

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
  - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

## OTHER

## PROFESSIONAL DEVELOPMENT

## GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

## LEARNING OUTCOMES

1. Demonstrate knowledge of one or more regions of Southeast Asia, focusing on a research question(s), problem or case study situated within a broader analytic framework and knowledge of the cultures, religions, history, anthropology, geography, economics, literature, and/or languages within scholarship on Southeast Asia.
2. Demonstrate proficiency in reading, speaking, and listening in one or more Southeast Asian languages, at least at the proficiency level of four semesters.
3. Analyze and synthesize information and ideas within the context of interdisciplinary Southeast Asian studies.
4. Understand, respond to, and construct arguments across disciplines relating to the study of Southeast Asia.
5. Apply their knowledge to solutions of intellectual as well as practical problems.
6. Recognize and apply principles of professional and ethical conduct.
7. Conduct academic research using an appropriate range of social scientific and/or humanistic sources, methodologies, and critical theories.
8. Communicate effectively in writing and orally.

## PEOPLE

**Faculty:** Professors Bowie (Anthropology), Gade (Nelson Institute for Environmental Studies), Hansen (History), A. Assistant Professor Sharp

## FRESHWATER AND MARINE SCIENCE, M.S.

The Freshwater and Marine Sciences (FMS) Graduate Program offers curricula leading to the master of science and doctor of philosophy degrees in freshwater and marine sciences. Interdisciplinary in nature, each individualized program of study provides graduate training in aquatic sciences and integrates related sciences. Students enrolled in the program are advised by faculty in several departments in the College of Letters & Science, the College of Engineering, the College of Agricultural and Life Sciences, and the School of Veterinary Medicine.

UW–Madison is recognized worldwide as a leader in the field of limnology and aquatic ecology. The FMS Program began in 1962 as the oceanography and limnology program. The program combines research and teaching from several fields and departments to develop a greater understanding of aquatic systems—their origins, inhabitants, phenomena, and impact on human life.

The FMS Program emphasizes limnological studies and is based on the premise that limnology and marine sciences are integrated fields requiring a broad base in the fundamental disciplines. Students may specialize in limnology or in marine sciences, or they may focus on processes common to both environments.

Study plans are individually tailored for each student by a guidance and evaluation committee composed of at least three faculty members including the major professor, another professor from the major field of interest, and a third from another discipline. At least two must be from the freshwater and marine sciences faculty, one from the biological sciences, and one from the physical sciences. The committee guides the student in developing study plans, research, and career goals.

### FACILITIES

Facilities for freshwater and marine research and instruction in the biological, chemical, and physical areas of limnology and marine sciences are available at UW–Madison through the Center for Limnology, the

Water Science & Engineering Laboratory, and the departments of faculty participating in the program. The Center for Limnology also maintains a year-round laboratory at Trout Lake. This facility is a well-equipped biological field station in the Northern Highlands lake district of Wisconsin. Several research vessels are available for research on the Great Lakes. Ships belonging to other institutions are used for oceanographic field research.

## ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	January 1

GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements ( <a href="https://grad.wisc.edu/apply/requirements/#english-proficiency">https://grad.wisc.edu/apply/requirements/#english-proficiency</a> ).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

## ADMISSIONS

Applicants to the program typically have at least one year of college-level biology, chemistry, physics, and calculus. In addition, applicants should highlight their substantive experiences and career goals in freshwater and marine sciences. Prospective students make direct contact with potential faculty advisors. Admission depends upon finding a match between the skills and interests of the applicant and the needs of a suitable faculty mentor.

## FUNDING

### GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## PROGRAM RESOURCES

Various types of financial-assistance programs are available to qualified students in the form of research assistantships, teaching assistantships, fellowships, and special grants. Decisions regarding financial support are based on letters of recommendation, grades, and the matching of interests or experience of the applicant to the research program. For research assistantships, the applicant's interests and experience must match the needs of the funding project. Students are encouraged to seek outside funding.

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### MAJOR REQUIREMENTS MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated

### CURRICULAR REQUIREMENTS

#### Requirements Detail

Minimum  
Credit  
Requirement 30 credits

Minimum  
Residence  
Credit  
Requirement 16 credits

Minimum Graduate Coursework Requirement Half of degree coursework (15 credits out of 30 total credits) must be completed graduate-level coursework; courses with the Graduate Level Coursework attribute are identified and searchable in the university's Course Guide (<https://registrar.wisc.edu/course-guide> (<https://registrar.wisc.edu/course-guide/>)).

Overall Graduate GPA Requirement	3.00 GPA required.
Other Grade Requirements	Students must earn a B or above in all courses counting toward degree requirements.
Assessments and Examinations	A formal thesis is required.
Language Requirements	No language requirements.

### REQUIRED COURSES

The degree has a flexible curriculum. Students are required to develop a plan of courses with their advisor. Most students take ATM OCN/BOTANY/CIV ENGR/ENVIR ST/GEOSCI/ZOOLOGY 911 Limnology and Marine Science Seminar and ATM OCN/ENVIR ST/GEOSCI/ZOOLOGY 750 Problems in Oceanography.

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

### MAJOR-SPECIFIC POLICIES PRIOR COURSEWORK

#### Graduate Work from Other Institutions

With program approval, students may be allowed to count credits of graduate coursework from other institutions. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

#### UW–Madison Undergraduate

With program approval, 7 credits from a UW–Madison undergraduate degree are allowed to count toward the degree. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

#### UW–Madison University Special

With program approval, 15 credits taken as a UW–Madison Special Student are allowed toward minimum coursework requirements. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

### PROBATION

The Graduate School regularly reviews the record of any student who earned grades of BC, C, D, F, or Incomplete in a graduate course (300 or above), or grade of U in research credits. This review could result

in academic probation with a hold on future enrollment or in being suspended from the Graduate School.

1. Good standing (progressing according to standards; any funding guarantee remains in place).
2. Probation (not progressing according to standards but permitted to enroll; loss of funding guarantee; specific plan with dates and deadlines in place in regard to removal of probationary status).
3. Unsatisfactory progress (not progressing according to standards; not permitted to enroll, dismissal, leave of absence or change of advisor or program).

## ADVISOR / COMMITTEE

All incoming students are assigned an advisor. Students are expected to meet with their advisor on a regular basis.

## CREDITS PER TERM ALLOWED

15 credits

## TIME CONSTRAINTS

Master's degree students who have been absent for five or more consecutive years lose all credits that they have earned before their absence. Individual programs may count the coursework students completed prior to their absence for meeting program requirements; that coursework may not count toward Graduate School credit requirements.

- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

## OTHER

Graduate students in the FMS Program are typically supported through research assistantships, teaching assistantships, fellowships, and special grants. Students are encouraged to seek outside funding and should talk with prospective faculty members regarding funding options.

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

## LEARNING OUTCOMES

1. Articulate, critique, or elaborate the theories, research methods, and approaches to inquiry or practice in the relevant area of freshwater and/or marine sciences.
2. Identify sources and assembles evidence pertaining to questions or challenges in the relevant research field(s).
3. Understand the historical or global context of freshwater and/or marine sciences.
4. Select and/or use appropriate methodologies and practices.
5. Evaluate or synthesize information pertaining to questions or challenges in the students' area of specialization within the freshwater and marine sciences.
6. Communicate clearly in ways appropriate to the field of study.
7. Recognize and applies principles of ethical conduct.

## PEOPLE

### FACULTY

McMahon (chair, [trina.mcmahon@wisc.edu](mailto:trina.mcmahon@wisc.edu)) (Civil and Environmental Engineering), Anantharaman (Bacteriology), Block (Civil and Environmental Engineering), Booth (Agronomy), Cardiff (Geoscience), Desai (Atmospheric and Oceanic Sciences), Dugan (Integrative Biology), Ginder-Vogel (Civil and Environmental Engineering), Goldberg (Pathobiological Sciences), Gottschalk Druschke (English), Graham (Botany), Hanson (Integrative Biology), Hicks (Civil and Environmental Engineering), Hotchkiss (Botany), Hurley (Civil and Environmental Engineering), Jensen (Integrative Biology), Krysan (Horticulture), Lee (Integrative Biology), Loheide (Civil and Environmental Engineering), Maroon (Atmospheric and Oceanic Sciences), Pujara (Civil and Environmental Engineering), Remucal (Civil and Environmental Engineering), Stanley (Integrative Biology) Vander Zanden (Integrative Biology), Wilkinson (Integrative Biology), Wright (Civil and Environmental Engineering), Wu (Civil and Environmental Engineering)

## FRESHWATER AND MARINE SCIENCE, PH.D.

The Freshwater and Marine Sciences (FMS) Graduate Program offers curricula leading to the master of science and doctor of philosophy degrees in freshwater and marine sciences. Interdisciplinary in nature, each individualized program of study provides graduate training in aquatic sciences and integrates related sciences. Students enrolled in the program are advised by faculty in several departments in the College of Letters & Science, the College of Engineering, the College of Agricultural and Life Sciences, and the School of Veterinary Medicine.

UW–Madison is recognized worldwide as a leader in the field of limnology and aquatic ecology. The FMS Program began in 1962 as the oceanography and limnology program. The program combines research and teaching from several fields and departments to develop a greater understanding of aquatic systems—their origins, inhabitants, phenomena, and impact on human life.

The FMS Program emphasizes limnological studies and is based on the premise that limnology and marine sciences are integrated fields requiring a broad base in the fundamental disciplines. Students may specialize in limnology or in marine sciences, or they may focus on processes common to both environments.

Study plans are individually tailored for each student by a guidance and evaluation committee composed of at least five faculty members including the major professor. The committee guides the student in developing study plans, research, and career goals.

All Ph.D. candidates are expected to obtain a broad background in aquatic sciences and depth in their research area. The background may include biology, chemistry, data science, geology, physics, or other related fields. The major, by nature of the program, includes advanced courses in several subdisciplines in freshwater and marine sciences.

### FACILITIES

Facilities for freshwater and marine research and instruction in the biological, chemical, and physical areas of limnology and marine sciences are available at UW–Madison through the Center for Limnology, the Water Science & Engineering Laboratory, and the departments of faculty participating in the program. The Center for Limnology also maintains a year-round laboratory at Trout Lake. This facility is a well-equipped biological field station in the Northern Highlands lake district of Wisconsin. Several research vessels are available for research on the Great Lakes. Ships belonging to other institutions are used for oceanographic field research.

### ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate

program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	January 1
Spring Deadline	October 1
Summer Deadline	May 1
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements ( <a href="https://grad.wisc.edu/apply/requirements/#english-proficiency">https://grad.wisc.edu/apply/requirements/#english-proficiency</a> ).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

### ADMISSIONS

Applicants to the program typically have at least one year of college-level biology, chemistry, physics, and calculus. In addition, applicants should highlight their substantive experiences and career goals in freshwater and marine sciences. Prospective students make direct contact with potential faculty advisors. Admission depends upon finding a match between the skills and interests of the applicant and the needs of a suitable faculty mentor.

### FUNDING

### GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

### PROGRAM RESOURCES

Various types of financial-assistance programs are available to qualified students in the form of research assistantships, teaching assistantships, fellowships, and special grants. Decisions regarding financial support are based on letters of recommendation, grades, and the matching of interests or experience of the applicant to the research program. For research assistantships, the applicant's interests and experience must match the needs of the funding project. Students are encouraged to seek outside funding.

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### MAJOR REQUIREMENTS

#### MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students are able to complete a program with minimal disruptions to careers and other commitments.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW–Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

### CURRICULAR REQUIREMENTS

Requirements Detail	
Minimum Credit Requirement	51 credits
Minimum Residence Credit Requirement	32 credits
Minimum Graduate Coursework Requirement	Half of degree coursework (26 credits out of 51 total credits) must be completed graduate-level coursework; courses with the Graduate Level Coursework attribute are identified and searchable in the university's Course Guide.
Overall Graduate GPA Requirement	3.00 GPA required.
Other Grade Requirements	Students must earn a B or above in all courses counting toward degree requirements.
Assessments and Examinations	Doctoral students are required to take a comprehensive preliminary exam by the end of their fifth semester of study in the Ph.D. program. A final oral exam of the doctoral dissertation is required. Deposit of the doctoral dissertation in the Graduate School is required.

Language Requirements No language requirements.

Doctoral Minor/Breadth Requirements All doctoral students are required to complete a minor.

### REQUIRED COURSES

The degree has a flexible curriculum. Students are required to develop a plan of courses with their advisor. Most students take ATM OCN/BOTANY/CIV ENGR/ENVIR ST/GEOSCI/ZOOLOGY 911 Limnology and Marine Science Seminar and ATM OCN/ENVIR ST/GEOSCI/ZOOLOGY 750 Problems in Oceanography.

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

### MAJOR-SPECIFIC POLICIES

#### PRIOR COURSEWORK

##### Graduate Work from Other Institutions

With program approval, students may be to count credits of graduate coursework from other institutions. Coursework earned ten years or more prior to admission to a doctoral degree is not allowed to satisfy requirements.

##### UW–Madison Undergraduate

With program approval, 7 credits from a UW–Madison undergraduate degree are allowed to count toward the degree. Coursework earned ten years or more prior to admission to a doctoral degree is not allowed to satisfy requirements.

##### UW–Madison University Special

With program approval, 15 credits taken as a UW–Madison Special Student are allowed toward minimum coursework requirements. Coursework earned ten years or more prior to admission to a doctoral degree is not allowed to satisfy requirements.

#### PROBATION

A semester GPA below 3.000 will result in the student being placed on academic probation. If a semester GPA of 3.000 is not attained during the subsequent semester of enrollment the student may be dismissed from the program or allowed to continue for one additional semester based on advisor appeal to the Graduate School.

#### ADVISOR / COMMITTEE

All incoming students are assigned an advisor. Students are expected to meet with their advisor on a regular basis.

#### CREDITS PER TERM ALLOWED

15 credits

## TIME CONSTRAINTS

A candidate for a doctoral degree who fails to take the final oral examination and deposit the dissertation within five years after passing the preliminary examination may be required to take another preliminary examination and to be admitted to candidacy a second time.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
  - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

## OTHER

Graduate students in the FMS Program are typically supported through research assistantships, teaching assistantships, fellowships, and special grants. Students are encouraged to seek outside funding and should talk with prospective faculty members regarding funding options.

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

## LEARNING OUTCOMES

1. Articulate challenges, frontiers, and limits with respect to theory, knowledge or practice within relevant areas of freshwater and marine sciences.
2. Formulate ideas, concepts, designs, and/or techniques beyond the current boundaries of knowledge within the students' relevant research field(s).
3. Conduct research that makes a substantive contribution.
4. Demonstrate breadth within freshwater and marine sciences.
5. Communicate complex or ambiguous ideas in a clear and understandable manner.
6. Consider the implications of the discipline to broader societal concerns.
7. Foster ethical conduct and professional guidelines.

## PEOPLE

### FACULTY

McMahon (chair, [trina.mcmahon@wisc.edu](mailto:trina.mcmahon@wisc.edu)) (Civil and Environmental Engineering), Anantharaman (Bacteriology), Block (Civil and Environmental Engineering), Booth (Agronomy), Cardiff (Geoscience), Desai (Atmospheric and Oceanic Sciences), Dugan (Integrative Biology), Ginder-Vogel (Civil and Environmental Engineering), Goldberg (Pathobiological Sciences), Gottschalk Druschke (English), Graham (Botany), Hanson (Integrative Biology), Hicks (Civil and Environmental Engineering), Hotchkiss (Botany), Hurley (Civil and Environmental Engineering), Jensen (Integrative Biology), Krysan (Horticulture), Lee (Integrative Biology), Loheide (Civil and Environmental Engineering), Maroon (Atmospheric and Oceanic Sciences), Pujara (Civil and Environmental Engineering), Remucal (Civil and Environmental Engineering), Stanley (Integrative Biology) Vander Zanden (Integrative Biology), Wilkinson (Integrative Biology), Wright (Civil and Environmental Engineering), Wu (Civil and Environmental Engineering)

## INTEGRATIVE BIOLOGY, DOCTORAL MINOR

### REQUIREMENTS

Graduate students who wish to pursue an Option A external minor in integrative biology should consult a faculty member within the Department of Integrative Biology (their potential minor professor) or the chair of the integrative biology graduate committee. Courses are selected in conjunction with the chosen faculty member who serves as the minor advisor, and the student's departmental advisor. A student may earn a doctoral minor in integrative biology with 9 credits minimum in integrative biology or zoology, including a seminar course, while in residence at UW–Madison. All 9 credits are either exclusively graduate-level integrative biology or zoology courses numbered 700 and above or courses numbered 300 and above and identified as designed for graduate work. Directed study courses do not count toward the minor.

## PEOPLE

### FACULTY

Professors Ritters (chair, [Ivriters@wisc.edu](mailto:Ivriters@wisc.edu)), Bement, Blair, Damschen, Gammie, Halloran, Hardin, Ives, Lee, Newmark, Orrock, Stanley, Turner, and Vander Zanden

Associate Professors Amann, Grinblat, and Jensen

Assistant Professors Drerup, Dugan, Ehrlich, Ragsdale, Sharma, Wang, Weber, and Wilkinson

Adjunct Professor Peckarsky

### AFFILIATED FACULTY

Professors Auger, Currie, Fernandez, Gratton, Hawks, Karasov, Lindroth, Marler, Payseur, and Strier

Associate Professors Hittinger, Pool, and Schoville

Assistant Professor Sharp and Richardson

## INTEGRATIVE BIOLOGY, M.S.

The Integrative Biology Graduate Program provides training in the following broad subject areas: cellular and molecular biology, developmental biology, neuroscience, physiology, ecology, evolution, and animal behavior. There is great flexibility in our graduate program to serve the diverse scholarly interests and cultures in the Department of Integrative Biology. Each student's course of study is tailored to his or her individual interests, career goals, and needs, and we admit students with diverse academic backgrounds. The path taken by a student results from a deliberative process that involves discussions between the student and the student's advisor and advisory committee.

The Department of Integrative Biology faculty strongly believes that graduate education should be distinguished from undergraduate education in recognition of individuality and emphasis on responsibility in graduate students. This philosophy requires flexibility and is not well served by the imposition of many formal requirements to be met by all students. Rather, more emphasis is placed on the role of advisory committees in devising programs of breadth and depth appropriate for individual students with due regard to areas outside of biology which are important for the student's effectiveness in their chosen field.

The faculty, students and staff in the Integrative Biology Graduate Program are committed to supporting a diverse, equitable, and inclusive workplace. We believe that each person's identity, background, ethnicity, race, sexual orientation, beliefs, and other experiences fuel the creativity and innovation that are central to scientific discovery. In our program we also require a diversity statement in your application.

### FACILITIES

Facilities and staff are available for advanced study in a wide variety of biological fields including aquatic and terrestrial ecology, conservation biology, cell/molecular/developmental and neurobiology, endocrinology, ethology, genetics, evolution and systematics, comparative physiology, and physiological ecology.

In addition to a broad range of well-equipped laboratories, research facilities include advanced microscopy facilities (<http://www.microscopy.wisc.edu/>), limnological laboratories on campus (Lake Mendota) and in northern Wisconsin (Trout Lake), the University Arboretum, the Zoological Museum, and a Molecular Systematics Laboratory.

## ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 1
Spring Deadline	September 1
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements ( <a href="https://grad.wisc.edu/apply/requirements/#english-proficiency">https://grad.wisc.edu/apply/requirements/#english-proficiency</a> ).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

Given the broad nature of the program, there are no strict prerequisites for admission. Interested applicants should identify and contact potential faculty advisors. Admission to the graduate program is contingent upon being accepted by an individual faculty advisor. Applicants should contact potential faculty advisors by email early in the application process to discuss mutual interests and to determine if the faculty member is actively recruiting graduate students. For a list of all faculty members and their research interests, please see People (<https://integrativebiology.wisc.edu/people/>) on the department website.

In addition to the Graduate School application, all applicants must electronically submit at least three letters of recommendation, a diversity statement, a personal statement including areas of research interest and the names of prospective faculty advisors, a CV/resume, and unofficial transcripts from all undergraduate and graduate schools attended (official transcripts will be requested upon admission to the program). For more specific instructions regarding application requirements, please see Prospective Students (<https://integrativebiology.wisc.edu/prospective-graduate-students/>) on the department website. The annual admission

application deadline is December 1. Most admission decisions will be made, and applicants will be notified, by the end of March.

## FUNDING

### GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

### PROGRAM RESOURCES

Application fee waivers are available to qualified students through the graduate school and can often be made available by the professors in the department. Financial support is available to qualified graduate students in the form of **teaching assistantships, research assistantships, and fellowships**.

Graduate students who have a teaching or research assistantship of at least a 33.3% appointment (approximately 13.3 hours per week) during the fall or spring semester are eligible to receive **remission of full tuition**. Fellowships that are payrolled through the university and that carry stipends equivalent to at least a 33.3% research assistantship also qualify for remission of non-resident tuition. Tuition remission is conditionally awarded at the start of the semester based on the expectation that actual earnings during the semester will be at least 33.3% of the full-time rate.

All students pay segregated fees. The only exception is that fellowships paid through the Graduate School have segregated fees waived in addition to tuition. Segregated fees are approximately \$724/semester and are used for campus overhead to help pay for the exercise facilities, student unions, student organization funding, etc.

Assistantships and fellowships also provide **eligibility for an excellent health insurance program**, an extremely valuable benefit that provides single or family coverage that is more comprehensive than individuals can usually purchase on their own. Additionally, assistantships and fellowships provide a **stipend** for living expenses.

### TEACHING ASSISTANTSHIPS

The most common source of support is a teaching assistantship. To receive a teaching assistantship, candidates for admission must meet the following requirements:

- evidence (usually from the undergraduate transcript) of an appropriate background in the relevant subject matter of the course(s) to which appointment is being considered;
- evidence (usually from letters of recommendation or verbal communication) of the candidate's potential as a teaching assistant;
- an undergraduate GPA of 3.0 or above (on a 4.0 scale); and
- for students whose native language is not English, evidence of competence in spoken English through the SPEAK test that is administered by UW–Madison. International applicants should note that a TA appointment is not normally possible during the first year of graduate study.

Current students who apply for their first teaching assistantship are also subject to the above criteria, as well as their performance as a graduate student. Reappointment as a teaching assistant depends upon

satisfactory progress as a graduate student, satisfactory performance as a teaching assistant, and completing the Equity/Diversity TA Training.

Teaching assistants may be eligible for UW–Madison teaching awards (<https://grad.wisc.edu/taawards/>), including the Early Excellence in Teaching Award, Exceptional Service Award, Innovation in Teaching Award, Capstone Ph.D. Teaching Award, and the College of Letters & Science Teaching Fellow Award.

### RESEARCH ASSISTANTSHIPS

Research assistantships are made possible by grants awarded to faculty for particular research programs. Recipients are selected by the individual professor concerned, and the student's interests and experience must match the needs of the funding project. Availability of research assistantships varies.

### ADVANCED OPPORTUNITY FELLOWSHIPS

Advanced Opportunity Fellowships (AOF) are granted to the UW–Madison Graduate School by the State of Wisconsin and are combined with other graduate education funds to support the recruitment and retention of highly qualified underrepresented students in UW–Madison graduate programs. Fellowships are competitive and merit-based. AOF funding is intended to increase the racial and ethnic diversity of the graduate student population, as well as to support economically disadvantaged and first generation college students. AOF fellowships are paid through the Graduate School by the College of Letters & Science's Community of Graduate Research Scholars (<http://ls.wisc.edu/current-students/graduate-students/cgrs/>) (CGRS) program.

### EXTERNAL FELLOWSHIPS

Fellowships from professional societies and outside agencies provide another important source of aid for which students may apply either before or after commencing graduate work at UW–Madison. If necessary, external fellowships can often be supplemented with university funds up to prevailing university fellowship rates.

All qualified students who are US citizens or permanent residents are urged to apply to the National Science Foundation (NSF) Graduate Research Fellowship Program (GRFP). Students apply directly to NSF; the closing date is usually in early November. Please check the NSF (<http://www.nsf.gov/>) website for the application instructions and deadline.

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### MAJOR REQUIREMENTS

#### MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

## Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students are able to complete a program with minimal disruptions to careers and other commitments.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW–Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

### Requirements Detail

Minimum  
Credit  
Requirement 30 credits

Minimum  
Residence  
Credit  
Requirement 16 credits

Minimum  
Graduate  
Coursework  
Requirement Half of degree coursework (15 credits out of 30 total credits) must be completed graduate-level coursework; courses with the Graduate Level Coursework attribute are identified and searchable in the university's Course Guide (<https://registrar.wisc.edu/course-search-enroll> (<https://registrar.wisc.edu/course-search-enroll/>)).

Overall  
Graduate GPA  
Requirement 3.00 GPA required.

Other Grade  
Requirements An average record of B or better in all work taken as a graduate student is required by the Department of Integrative Biology (grades of P and S are for this purpose considered to be satisfactory at the B level; grades of Incomplete are considered for this purpose to be unsatisfactory if they are not removed during the following semester of residence).

Assessments  
and  
Examinations In the second semester of the first year, students must complete the Certification of Candidate for a Master's Degree.

Typically the defense of the master's degree occurs no later than the end of the student's sixth semester. A master's degree warrant must be requested from the department prior to the defense.

Language  
Requirements To be determined by the advisory committee.

## REQUIRED COURSES

In addition to completing a research project, M.S. students must take courses and seminars to fulfill required research credits. Specific Zoology courses (<http://guide.wisc.edu/courses/zoology/>) are approved by the student's advisor or advisory committee and depend on the student's

research area, interests, and goals. In keeping with the diverse areas of research and training for students in Integrative Biology, students may additionally take any courses outside of Zoology that have been identified as graduate-level to meet this requirement.

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

### MAJOR-SPECIFIC POLICIES

#### PRIOR COURSEWORK

##### Graduate Work from Other Institutions

With committee approval, students are allowed to count no more than 14 credits of graduate coursework from other institutions. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements. Typically committees will choose to cap coursework from another institution at a lower level than 14 credits, but this is a committee decision to be made on a case-by-case basis.

##### UW–Madison Undergraduate

With committee approval, students are allowed up to 7 credits numbered 300 or above from their UW–Madison undergraduate career to fulfill graduate requirements. Typically committees will choose to cap coursework allowed from undergraduate careers at a lower level than the 7 allowed, but this is a committee decision to be made on a case-by-case basis.

##### UW–Madison University Special

With committee approval, students are allowed to count no more than 15 credits of coursework numbered 300 or above taken as a UW–Madison Special student. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements. Typically committee members will choose to cap the number of coursework taken as a University Special student at a lower level, but this is a committee decision to be made on a case-by-case basis.

#### PROBATION

The Graduate School regularly reviews the record of any student who earned grades of BC, C, D, F, or Incomplete in a graduate course (300 or above), or grade of U in research credits. This review could result in academic probation with a hold on future enrollment or in being suspended from the Graduate School.

#### ADVISOR / COMMITTEE

Every graduate student is required to have an advisor and a committee. To ensure that students are making satisfactory progress toward a degree, every student is required to meet with the advisor and committee annually to review progress. If a progress report has not been filed by April 1, a hold will be placed on student course registration.

#### CREDITS PER TERM ALLOWED

15 credits

## TIME CONSTRAINTS

It is expected that a master's student will complete the thesis or research report by the end of the third academic year. If this is not accomplished by the end of the summer following the third academic year, the major professor must present a written statement to the Director of Graduate Studies that explains why the master's degree has not been completed and describes plans that the student and the student's advisory committee have agreed upon to ensure completion, including specific expectations, dates for completion, and consequences should expectations not be met. Continuation in the program beyond four years will be at the discretion of the mentor and advisory committee. Five years is the outside limit by which a student must complete the master's degree.

It is up to the student's committee to determine whether or not a student who has been absent for five or more consecutive years will lose the credits earned before the absence; that coursework may not count toward Graduate School credit requirements.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
  - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeeabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

## OTHER

There is great flexibility in our graduate program to serve the diverse scholarly interests and cultures in the Department of Integrative Biology. The path taken by a student results from a deliberative process that involves discussions between the student and the student's advisor and advisory committee. The department's policy is to only accept students that can be financially supported by teaching assistantships, research assistantships, and/or fellowships.

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

### DEPARTMENT RESOURCES

A goal for our graduate program is to provide students in Integrative Biology with diverse training that will prepare them for a range of flexible and sustainable careers (e.g., academia, industry, government, science policy and administration, science commerce, science writing, law, and science education and outreach at all levels). In consultation with the student's advisor and advisory committee, students can engage in professional development, teaching training (e.g., through the Delta program), internships in industry, science writing, and/or policy, and some earn master's degrees in areas that complement their studies in Integrative Biology (e.g., biostatistics, biotechnology).

## LEARNING OUTCOMES

1. Knowledge: Master fundamental skills in at least one of the broad subject areas represented in the Department of Integrative Biology.
2. Research: Students will complete an original research project in one of the broad subject areas represented in the Department of Integrative Biology.
3. Communication: Effectively communicate in writing and orally.
4. Ethical Conduct: Students will have an understanding of professional and ethical responsibility.
5. Career Preparation: Students will be provided with diverse training that will prepare them for a range of flexible and sustainable careers (e.g., academia, industry, government, science policy and administration, science commerce, science writing, law, and science education and outreach at all levels).

## PEOPLE

### FACULTY

Professors Ritors (chair, [lwriters@wisc.edu](mailto:lwriters@wisc.edu)), Bement, Blair, Damschen, Gammie, Halloran, Hardin, Ives, Lee, Newmark, Orrock, Stanley, Turner, and Vander Zanden

Associate Professors Amann, Grinblat, and Jensen

Assistant Professors Drerup, Dugan, Ehrlich, Ragsdale, Sharma, Wang, Weber, and Wilkinson

Adjunct Professor Peckarsky

## AFFILIATED FACULTY

Professors Auger, Currie, Fernandez, Gratton, Hawks, Karasov, Lindroth, Marler, Payseur, and Strier

Associate Professors Hittinger, Pool, and Schoville

Assistant Professor Sharp and Richardson

## INTEGRATIVE BIOLOGY, PH.D.

The Integrative Biology Graduate Program provides training in the following broad subject areas: cellular and molecular biology, developmental biology, neuroscience, physiology, ecology, evolution, and animal behavior. There is great flexibility in our graduate program to serve the diverse scholarly interests and cultures in the Department of Integrative Biology. Each student's course of study is tailored to his or her individual interests, career goals, and needs, and we admit students with diverse academic backgrounds. The path taken by a student results from a deliberative process that involves discussions between the student and the student's advisor and advisory committee.

The Department of Integrative Biology faculty strongly believes that graduate education should be distinguished from undergraduate education in recognition of individuality and emphasis on responsibility in graduate students. This philosophy requires flexibility and is not well served by the imposition of many formal requirements to be met by all students. Rather, more emphasis is placed on the role of advisory committees in devising programs of breadth and depth appropriate for individual students with due regard to areas outside of biology which are important for the student's effectiveness in their chosen field.

The faculty, students and staff in the Integrative Biology Graduate Program are committed to supporting a diverse, equitable, and inclusive workplace. We believe that each person's identity, background, ethnicity, race, sexual orientation, beliefs, and other experiences fuel the creativity and innovation that are central to scientific discovery. In our program we also require a diversity statement in your application.

## JOINT DEGREE

Doctoral students may elect a joint degree (two programs) which combines integrative biology with another biological program. The requirements for such candidates will be determined by the certification committee (which includes members of both programs) in accordance with regulations established by the Graduate School.

## FACILITIES

Facilities and staff are available for advanced study in a wide variety of biological fields including aquatic and terrestrial ecology, conservation biology, cell/molecular/developmental and neurobiology, endocrinology, ethology, genetics, evolution and systematics, comparative physiology, and physiological ecology.

In addition to a broad range of well-equipped laboratories, research facilities include advanced microscopy facilities (<http://www.microscopy.wisc.edu/>), limnological laboratories on campus (Lake Mendota) and in northern Wisconsin (Trout Lake), the University Arboretum, the Zoological Museum, and a Molecular Systematics Laboratory.

## ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 1
Spring Deadline	September 1
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements ( <a href="https://grad.wisc.edu/apply/requirements/#english-proficiency">https://grad.wisc.edu/apply/requirements/#english-proficiency</a> ).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

Given the broad nature of the program, there are no strict prerequisites for admission. Interested applicants should identify and contact potential faculty advisors. Admission to the graduate program is contingent upon being accepted by an individual faculty advisor. Applicants should contact potential faculty advisors by email early in the application process to discuss mutual interests and to determine if the faculty member is actively recruiting graduate students. For a list of all faculty members and their research interests, please see People (<https://integrativebiology.wisc.edu/people/>) on the department website.

In addition to the Graduate School application, all applicants must electronically submit at least three letters of recommendation, a diversity statement, a personal statement including areas of research interest and the names of prospective faculty advisors, a CV/resume, and unofficial transcripts from all undergraduate and graduate schools attended (official transcripts will be requested upon admission to the program). For more specific instructions regarding application requirements, please see Prospective Students (<https://integrativebiology.wisc.edu/prospective-graduate-students/>) on the department website. The annual admission application deadline is December 1. Most admission decisions will be made, and applicants will be notified, by the end of March.

## FUNDING

### GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

### PROGRAM RESOURCES

Application fee waivers are available to qualified students through the graduate school and can often be made available by the professors in the department. Financial support is available to qualified graduate students in the form of **teaching assistantships**, **research assistantships**, and **fellowships**.

Graduate students who have a teaching or research assistantship of at least a 33.3% appointment (approximately 13.3 hours per week) during the fall or spring semester are eligible to receive **remission of full tuition**. Fellowships that are payrolled through the university and that carry stipends equivalent to at least a 33.3% research assistantship also qualify for remission of non-resident tuition. Tuition remission is conditionally awarded at the start of the semester based on the expectation that actual earnings during the semester will be at least 33.3% of the full-time rate.

All students pay segregated fees. The only exception is that fellowships paid through the Graduate School have segregated fees waived in addition to tuition. Segregated fees are approximately \$724/semester and are used for campus overhead to help pay for the exercise facilities, student unions, student organization funding, etc.

Assistantships and fellowships also provide **eligibility for an excellent health insurance program**, an extremely valuable benefit that provides single or family coverage that is more comprehensive than individuals can usually purchase on their own. Additionally, assistantships and fellowships provide a **stipend** for living expenses.

### TEACHING ASSISTANTSHIPS

The most common source of support is a teaching assistantship. To receive a teaching assistantship, candidates for admission must meet the following requirements:

- evidence (usually from the undergraduate transcript) of an appropriate background in the relevant subject matter of the course(s) to which appointment is being considered;
- evidence (usually from letters of recommendation or verbal communication) of the candidate's potential as a teaching assistant;
- an undergraduate GPA of 3.0 or above (on a 4.0 scale); and
- for students whose native language is not English, evidence of competence in spoken English through the SPEAK test that is administered by UW–Madison. International applicants should note that a TA appointment is not normally possible during the first year of graduate study.

Current students who apply for their first teaching assistantship are also subject to the above criteria, as well as their performance as a graduate student. Reappointment as a teaching assistant depends upon

satisfactory progress as a graduate student, satisfactory performance as a teaching assistant, and completing the Equity/Diversity TA Training.

Teaching assistants may be eligible for UW–Madison teaching awards (<https://grad.wisc.edu/taawards/>), including the Early Excellence in Teaching Award, Exceptional Service Award, Innovation in Teaching Award, Capstone Ph.D. Teaching Award, and the College of Letters & Science Teaching Fellow Award.

### RESEARCH ASSISTANTSHIPS

Research assistantships are made possible by grants awarded to faculty for particular research programs. Recipients are selected by the individual professor concerned, and the student's interests and experience must match the needs of the funding project. Availability of research assistantships varies.

### ADVANCED OPPORTUNITY FELLOWSHIPS

Advanced Opportunity Fellowships (AOF) are granted to the UW–Madison Graduate School by the State of Wisconsin and are combined with other graduate education funds to support the recruitment and retention of highly qualified underrepresented students in UW–Madison graduate programs. Fellowships are competitive and merit-based. AOF funding is intended to increase the racial and ethnic diversity of the graduate student population, as well as to support economically disadvantaged and first generation college students. AOF fellowships are paid through the Graduate School by the College of Letters & Science's Community of Graduate Research Scholars (<http://ls.wisc.edu/current-students/graduate-students/cgrs/>) (CGRS) program.

### EXTERNAL FELLOWSHIPS

Fellowships from professional societies and outside agencies provide another important source of aid for which students may apply either before or after commencing graduate work at UW–Madison. If necessary, external fellowships can often be supplemented with university funds up to prevailing university fellowship rates.

All qualified students who are US citizens or permanent residents are urged to apply to the National Science Foundation (NSF) Graduate Research Fellowship Program (GRFP). Students apply directly to NSF; the closing date is usually in early November. Please check the NSF (<http://www.nsf.gov/>) website for the application instructions and deadline.

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### MAJOR REQUIREMENTS

#### MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students are able to complete a program with minimal disruptions to careers and other commitments.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW–Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

### Requirements Detail

Minimum Credit Requirement 51 credits

Minimum Residence Credit Requirement 32 credits

Minimum Graduate Coursework Requirement Half of degree coursework (26 credits out of 51 total credits) must be completed graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy (<https://policy.wisc.edu/library/UW-1244> (<https://policy.wisc.edu/library/UW-1244/>)).

Overall Graduate GPA Requirement 3.00 GPA required.

Other Grade Requirements An average record of B or better in all work taken as a graduate student is required by the Department of Integrative Biology (grades of P and S are for this purpose considered to be satisfactory at the B level; grades of Incomplete are considered for this purpose to be unsatisfactory if they are not removed during the following semester of residence).

Assessments and Examinations In the second semester of the first year, students must complete the Certification of Candidate for a Ph.D. Degree.

By the end of the fourth semester, students must complete the qualifying examination and return the signed qualifying examination form to the department.

The preliminary examination (defense of research project) should be completed and the prelim warrant submitted by the end of the sixth semester. Note that in addition to passing the prelim exam, students must have completed 32 credits, clear all Incomplete or Progress grades in nonresearch courses, complete all minor requirements and earn at least a cumulative 3.000 GPA in order to be granted dissertator status. The preliminary defense warrant must be requested from the department.

Defense of the Ph.D. usually occurs after the tenth semester. A final defense warrant must be requested from the department.

Language Requirements To be determined by the advisory committee.

Doctoral Minor/Breadth Requirements All doctoral students are required to complete a minor.

## REQUIRED COURSES

Ph.D. students must take courses and seminars to fulfill required research credits. Specific Zoology courses (<http://guide.wisc.edu/courses/zoology/>) are approved by the student's advisor or advisory committee and depend on the student's research area, interests, and goals. In keeping with the diverse areas of research and training for students in Integrative Biology, students may additionally take any courses outside of Zoology that have been identified as graduate-level to meet this requirement.

All students are required to serve as a teaching assistant for a minimum of one semester. All students must hold a departmental seminar in which they present their graduate research.

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

### MAJOR-SPECIFIC POLICIES

#### PRIOR COURSEWORK

##### Graduate Work from Other Institutions

With committee approval, students are allowed to count no more than 19 credits of graduate coursework from other institutions. Coursework earned ten years or more prior to admission to a doctoral degree is not allowed to satisfy requirements. Typically committees will choose to cap

coursework from another institution at a lower level than 19 credits, but this is a committee decision to be made on a case-by-case basis.

### **UW–Madison Undergraduate**

With committee approval, students are allowed up to 7 credits numbered 300 or above from their UW–Madison undergraduate career to fulfill graduate requirements. Typically committees will choose to cap coursework allowed from undergraduate careers at a lower level than the 7 allowed, but this is a committee decision to be made on a case-by-case basis.

### **UW–Madison University Special**

With committee approval, students are allowed to count no more than 15 credits of coursework numbered 300 or above taken as a UW–Madison Special student. Coursework earned ten years or more prior to admission to a doctoral degree is not allowed to satisfy requirements. Typically committee members will choose to cap the number of coursework taken as a University Special student at a lower level, but this is a committee decision to be made on a case-by-case basis.

### **PROBATION**

The Graduate School regularly reviews the record of any student who earned grades of BC, C, D, F, or Incomplete in a graduate course (300 or above), or grade of U in research credits. This review could result in academic probation with a hold on future enrollment or in being suspended from the Graduate School.

### **ADVISOR / COMMITTEE**

Every graduate student is required to have an advisor and a committee. To ensure that students are making satisfactory progress toward a degree, every student is required to meet with the advisor and committee annually to review progress. If a progress report has not been filed by April 1, a hold will be placed on student course registration.

### **CREDITS PER TERM ALLOWED**

15 credits

### **TIME CONSTRAINTS**

It is expected that a Ph.D. student will defend the dissertation by the end of the fifth academic year. If this is not accomplished by the end of the summer following the sixth academic year, the student's mentor must present a written statement to the Director of Graduate Studies that explains why the Ph.D. has not been completed and describes plans that the student and the student's advisory committee have agreed upon to ensure completion, including specific expectations, dates for completion, and consequences should expectations not be met. Continuation in the program beyond eight years will be at the discretion of the mentor and advisory committee. Ten years is the outside limit by which a student must complete the Ph.D. degree.

It is up to the student's committee to determine whether or not a student who has been absent for five or more consecutive years will lose the credit earned before the absence; that coursework may not count toward Graduate School credit requirements.

### **GRIEVANCES AND APPEALS**

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)

- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
  - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

### **OTHER**

There is great flexibility in our graduate program to serve the diverse scholarly interests and cultures in the Department of Integrative Biology. The path taken by a student results from a deliberative process that involves discussions between the student and the student's advisor and advisory committee. The department's policy is to only accept students that can be financially supported by teaching assistantships, research assistantships, and/or fellowships.

## **PROFESSIONAL DEVELOPMENT**

### **GRADUATE SCHOOL RESOURCES**

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

### **DEPARTMENT RESOURCES**

A goal for our graduate program is to provide students in Integrative Biology with diverse training that will prepare them for a range of flexible and sustainable careers (e.g., academia, industry, government, science policy and administration, science commerce, science writing, law, and science education and outreach at all levels). In consultation with the student's advisor and advisory committee, students can engage in professional development, teaching training (e.g., through the Delta program), internships in industry, science writing, and/or policy, and

some earn master's degrees in areas that complement their studies in Integrative Biology (e.g., biostatistics, biotechnology).

## LEARNING OUTCOMES

1. Knowledge: Demonstrate academic mastery in at least one of the broad subject areas represented in the Department of Integrative Biology.
2. Research: Students will develop and complete original research that advances a specific field of study within one of the broad subject areas represented in the Department of Integrative Biology.
3. Communication: Effectively communicate to diverse audiences in writing, through oral presentations, and discussions.
4. Teaching: Effectively teach topics or research methods in Cellular and Molecular Biology; Developmental Biology; Neuroscience; Physiology; Ecology; Evolution; or Animal Behavior.
5. Ethical Conduct: Students will have an understanding of professional and ethical responsibility.
6. Career Preparation: Students will be provided with diverse training that will prepare them for a range of flexible and sustainable careers (e.g., academia, industry, government, science policy and administration, science commerce, science writing, law, and science education and outreach at all levels).

## JOURNALISM AND MASS COMMUNICATION

### DEGREES/MAJORS, DOCTORAL MINORS, GRADUATE/PROFESSIONAL CERTIFICATES

- Journalism and Mass Communication, M.A. (p. 1044)
- Mass Communications, Doctoral Minor (p. 1046)
- Mass Communications, Ph.D. (p. 1046)

## JOURNALISM AND MASS COMMUNICATION, M.A.

Graduate programs in journalism and mass communication are designed for advanced academic preparation in the various fields of mass communication and journalism, and for training in research and teaching.

Students interested in the M.A. in Journalism and Mass Communication should refer to one of the two named options:

1. Professional M.A. (<http://guide.wisc.edu/graduate/journalism-mass-communication/journalism-mass-communication-ma/journalism-mass-communication-professional-ma/>) prepares students for careers in news and information production. The program provides a mix of practical communication skills, conceptual knowledge of journalism and mass communication, and an area of specialization (credits in multi-media communication and topic specialization).
2. Research M.A. (<http://guide.wisc.edu/graduate/journalism-mass-communication/journalism-mass-communication-ma/journalism-mass-communication-research-ma/>) focuses on developing skills in mass communication research and typically leads to enrollment in a doctoral program, including our own PhD in Mass Communications (credits in theory and methods).

Both programs offer flexibility. Students, in consultation with their faculty advisors, select coursework based upon their interests and career goals.

### FACILITIES

The Center for Journalism Ethics (<https://ethics.journalism.wisc.edu/>) advances the ethical standards and practices of democratic journalism through discussion, research, teaching, professional outreach, and newsroom partnerships. Students, faculty, leading journalists and members of the public participate in conferences, workshops, and publications. The center tracks and analyzes ethical issues for all media platforms on its website. The center contributes to the teaching of ethics in the school's curriculum. Students have the opportunity to write for the center's website, cover conferences, and contribute to research.

Founded in 2006, Madison Commons (<https://madisoncommons.org/>) provides news and information from all of Madison's neighborhoods. It is a collaboration between Madison citizens from every part of the city and faculty and students at SJMC, focusing on coverage of education, food, transportation and neighborhood news. It provides a lab for research on community, civic and public journalism.

The Mass Communication Research Center (<https://mcrjournalism.wisc.edu/>) is an interdisciplinary research facility that conducts research into all phases of communication and provides a common meeting ground for scholars with an interest in communication behavior. It also provides an opportunity for graduate students to participate in research programs and to initiate and conduct their own thesis projects.

The Center for Communication and Democracy (<https://ccdjournalism.wisc.edu/>) is a research and action project at UW–Madison. The goals of the center are to study how citizens can use new communications technologies to advance democratic discussion and civic participation; to explore the relationships between geographic communities and the emerging world of cyberspace; to explore the structural relations among communications and information markets, the civic sector, and government to find relationships necessary to build and sustain a public sphere in communication that is not dominated by the market, while sustaining economic growth and technological innovation; and to ask what government policies are most appropriate for combining the vibrancy of the market with the common needs of citizens in the sphere of communication.

Qualitative Inquiry and Research Group (<https://journalism.wisc.edu/graduate/research-centers/>) meetings are devoted to providing feedback on pre-circulated graduate student papers, completed or in-progress. Call for paper proposals are sent out at least twice per year.

The Mass Communication History Center (<https://journalism.wisc.edu/graduate/research-centers/>), a part of the Wisconsin Historical Society, provides scholars access to private collections, papers, and various types of unpublished materials relating to the growth of mass communication in the United States and other parts of the world. The Wisconsin Historical Society also has a large collection of bound and microfilm files of American and foreign newspapers.

## ADMISSIONS

Students apply to the MA in Journalism and Mass Communication through one of the named options:

- Professional (<http://guide.wisc.edu/graduate/journalism-mass-communication/journalism-mass-communication-ma/journalism-mass-communication-professional-ma/>)
- Research (<http://guide.wisc.edu/graduate/journalism-mass-communication/journalism-mass-communication-ma/journalism-mass-communication-research-ma/>)

## FUNDING

### GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

### PROGRAM RESOURCES

Graduate students are eligible for a range of financial support, including teaching assistantships, project assistantships, research assistantships and dissertator scholarships. All applicants (both domestic and

international) who are admitted for graduate studies are automatically considered for support. No separate application is required. However, because resources are limited and the number of qualified applicants exceeds the amount of available funds, only a subset of admitted students is guaranteed financial support.

The most common form of financial support for graduate students is teaching assistantships, which are allocated on a long-term guaranteed basis or a short-term yearly basis with no presumption of support the following academic year. Professional track students are considered for scholarships that cover the costs of tuition and most fees. For more information, visit our website (<https://journalism.wisc.edu/graduate/financial-aid/>).

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### MAJOR REQUIREMENTS CURRICULAR REQUIREMENTS

Requirements Detail	
Minimum Credit Requirement	30 credits
Minimum Residence Credit Requirement	16 credits
Minimum Graduate Coursework Requirement	15 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy ( <a href="https://policy.wisc.edu/library/UW-1244">https://policy.wisc.edu/library/UW-1244</a> ).
Overall Graduate GPA Requirement	3.25 GPA required for degree conferral. For academic probation and other grading policies, this program follows the Graduate School's policy: <a href="https://policy.wisc.edu/library/UW-1203">https://policy.wisc.edu/library/UW-1203</a> .
Other Grade Requirements	Students must earn a B or above in all core curriculum coursework.
Assessments and Examinations	See Named Option for policy information.
Language Requirements	No language requirements.

### REQUIRED COURSES

Select a Named Option (p. 1045) for courses required.

### NAMED OPTIONS

A named option is a formally documented sub-major within an academic major program. Named options appear on the transcript with

degree conferral. Students pursuing the MA in Journalism and Mass Communication must select one of the following named options:

View as list View as grid

- **JOURNALISM AND MASS COMMUNICATION: PROFESSIONAL, M.A.** ([HTTP://GUIDE.WISC.EDU/GRADUATE/JOURNALISM-MASS-COMMUNICATION/JOURNALISM-MASS-COMMUNICATION-MA/JOURNALISM-MASS-COMMUNICATION-PROFESSIONAL-MA/](http://guide.wisc.edu/graduate/journalism-mass-communication/journalism-mass-communication-professional-ma/))
- **JOURNALISM AND MASS COMMUNICATION: RESEARCH, M.A.** ([HTTP://GUIDE.WISC.EDU/GRADUATE/JOURNALISM-MASS-COMMUNICATION/JOURNALISM-MASS-COMMUNICATION-MA/JOURNALISM-MASS-COMMUNICATION-RESEARCH-MA/](http://guide.wisc.edu/graduate/journalism-mass-communication/journalism-mass-communication-research-ma/))

## POLICIES

Students should refer to one of the named options for policy information:

- Professional (<http://guide.wisc.edu/graduate/journalism-mass-communication/journalism-mass-communication-ma/journalism-mass-communication-professional-ma/>)
- Research (<http://guide.wisc.edu/graduate/journalism-mass-communication/journalism-mass-communication-ma/journalism-mass-communication-research-ma/>)

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

### PROGRAM RESOURCES

#### Research Track

We offer two research colloquia (JOURN/LSC 901 and LSC 700) during the academic year where faculty share their research findings and methods and engage students in lively conversations about how to conduct research. We offer a teaching colloquium (JOURN 902) that explores pedagogical principles and applications that prepares students for teaching careers. Teaching assistantships provide hands-on training.

Within our research groups and centers, graduate students work side by side with faculty and with each other, allowing the senior students to mentor younger students and for faculty to mentor students who are not their advisees. Our graduate students organize and host an annual day-long conference where they present their research in a series of panels, and they present their research at conferences around the world.

We offer a series of professional development workshops for graduate students with faculty and alumni panelists. The topics include: navigating the academic job market, exploring the non-academic job market, turning a paper into a presentation and how to find funding for research.

#### Professional Track

Professional track students attend quarterly meetings with industry professionals to learn about a variety of jobs and build their networks. Required internships allow students to gain real-world experience while in the program and to build their portfolio. Students work with the career advisor and attend the employer presentations and mock interview sessions. Students attend at least one professional conference during their time in the program.

## LEARNING OUTCOMES

1. Attain mastery in an area of the mass communication field.
2. Demonstrate understanding of the primary field of study in a historical, social, psychological, cultural or global context.
3. Develop professional communication skills related to gathering, assessing, compiling and disseminating information, by selecting and/or utilizing the most appropriate methodologies and practices and the evaluation and synthesis of information.
4. Develop in-depth and specialized expertise in a topic of interest. In doing so students will be able to identify sources of information and assemble evidence pertaining to questions in that area.
5. Select and/or utilize the most appropriate professional practices.

## PEOPLE

For a complete faculty/staff directory see this website (<https://journalism.wisc.edu/people/faculty-staff/>).

## MASS COMMUNICATIONS, DOCTORAL MINOR

A candidate for a doctoral degree in another area may earn a doctoral minor in Mass Communications in the School of Journalism and Mass Communication. Typically, the student will write a dissertation combining research in the major and minor fields. This minor is open to any doctoral students who seek to complement their main area of research with a thorough understanding of communication dynamics and how these dynamics affect society.

## ADMISSIONS

Contact Lisa Aarli, graduate advisor, [aarli@wisc.edu](mailto:aarli@wisc.edu).

## REQUIREMENTS

A minor in mass communications consists of at least 10 graduate credits in the School of Journalism and Mass Communication seminars and colloquia.

## MASS COMMUNICATIONS, PH.D.

The Ph.D. degree in mass communications is an interdisciplinary program offered jointly by the Department of Life Sciences Communication and the School of Journalism and Mass Communication.

The program offers several internationally recognized areas of research and teaching excellence:

- civic and political communication
- health and environmental communications
- history of media institutions
- information technologies
- social networking and digital media
- processes and effects of mediated communication
- law and ethics of media
- international and inter-cultural communication
- public opinion
- science and risk communication
- social marketing
- journalism studies
- media ecologies
- race and media

Working closely with their major professor and committee, students draw from courses offered in departments across the campus to develop a plan of study in preparation for independent and original research in their areas of interest.

## ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 15
Spring Deadline	The program does not admit in the spring.
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements ( <a href="https://grad.wisc.edu/apply/requirements/#english-proficiency">https://grad.wisc.edu/apply/requirements/#english-proficiency</a> ).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

Applicants for this program are expected to have demonstrated an interest and background in communication research by having earned

a thesis-based M.A. or M.S. degree in communication or other relevant disciplines. The admissions committee, however, may accept other evidence of suitable preparation.

Students must meet the minimum requirements for admission set by the Graduate School. Applicants must submit an online application, GRE scores, a statement of purpose, official transcripts from all previously attended institutions, a CV, and three letters of recommendation. Letters of recommendation should come from people who can speak to the scholarly abilities of the applicant. International applicants are required to take and attain a satisfactory score on the Test of English as a Foreign Language (TOEFL), or the International English Language Testing System (IELTS) exam. Test scores must be furnished to the school before the application is considered complete.

For more information, visit the Mass Communications Joint Ph.D. website (<https://masscommphd.wisc.edu/>).

## FUNDING

### GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

### PROGRAM RESOURCES

Prospective students should see the program website (<https://masscommphd.wisc.edu/funding/>) for funding information.

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### MAJOR REQUIREMENTS

#### MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students are able to complete a program with minimal disruptions to careers and other commitments.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW–Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

### Requirements Detail

Minimum Credit Requirement	65 credits
Minimum Residence Credit Requirement	32 credits
Minimum Graduate Coursework Requirement	At least 50% of the required coursework (33 of 65 credits) must be in graduate-level coursework; courses with the Graduate Level Coursework attribute are identified and searchable in the university's Course Guide ( <a href="http://my.wisc.edu/CourseGuideRedirect/BrowseByTitle">http://my.wisc.edu/CourseGuideRedirect/BrowseByTitle</a> ( <a href="http://my.wisc.edu/CourseGuideRedirect/BrowseByTitle/">http://my.wisc.edu/CourseGuideRedirect/BrowseByTitle/</a> )).
Overall Graduate GPA Requirement	3.50 GPA required.
Other Grade Requirements	Courses in which the student earns a grade below B do not count toward the 65 credit minimum, but they do count in the cumulative GPA.
Assessments and Examinations	Doctoral students must pass preliminary exams once coursework is completed.
Language Requirements	No language requirements.
Doctoral Minor/Breadth Requirements	Breadth is provided via interdisciplinary training (minor requirement waived).

## REQUIRED COURSES

65 credits minimum in theory and methods/statistics courses, selected in consultation with the faculty advisor and approved by the Graduate Committee of the student's home department. Attendance of both seminars in the joint seminar sequence (JOURN/LSC 901 Colloquium in Mass Communication and LSC 700 Colloquium in Life Sciences Communication ) is strongly recommended for new graduate students.

Additional requirements are detailed in the Academic Policies and Procedures Handbook for Graduate Work (<https://journalism.wisc.edu/wp-content/blogs.dir/41/files/2017/11/JOINT-Handbook-updated-10-17.pdf>) in the joint Ph.D. program in mass communications.

## POLICIES

## GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the

degree program faculty. Policies set by the academic degree program can be found below.

## MAJOR-SPECIFIC POLICIES

### PRIOR COURSEWORK

#### Graduate Work from Other Institutions

In consultation with the student's advisor, and with program approval, students are allowed to count no more than 33 credits of graduate coursework from other institutions. Coursework earned ten years or more prior to admission to a doctoral degree is not allowed to satisfy requirements.

#### UW–Madison Undergraduate

With program approval, up to 7 credits numbered 600 and above from a UW–Madison undergraduate degree are allowed to count toward the degree. Coursework earned ten years or more prior to admission to a doctoral degree is not allowed to satisfy requirements.

#### UW–Madison University Special

In consultation with the student's advisor and with program approval, students are allowed to count no more than 12 credits of coursework numbered 600 and above taken as a UW–Madison Special student. Coursework taken ten years prior to admission to the doctoral program is not allowed to satisfy requirements.

### PROBATION

Doctoral students must do the following to maintain satisfactory progress:

1. Earn a minimum 3.5 cumulative GPA by the end of the second semester in residence and maintain that GPA for the duration of the degree program.
2. Remove grades of Incomplete in the semester following their occurrence. A course proposal cannot be approved until all incompletes are removed.
3. Complete preliminary exams within three to six months of completing coursework.
4. Maintain steady progress toward completion of degree, including final oral exam and deposit of dissertation. Fulltime students can expect four to five years; completion will vary for part-time students.

### ADVISOR / COMMITTEE

Doctoral committees must include at least two members from outside the Department of Life Sciences Communication and the School of Journalism and Mass Communication.

### CREDITS PER TERM ALLOWED

15 credits

### TIME CONSTRAINTS

A candidate for a doctoral degree who fails to take the final oral examination and deposit the dissertation within five years after passing the preliminary examination may be required to take another preliminary examination and to be admitted to candidacy a second time.

### GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
  - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

### **For students in the College of Agricultural & Life Sciences: College of Agricultural and Life Sciences: Grievance Policy**

In the College of Agricultural and Life Sciences (CALs), any student who feels unfairly treated by a member of the CALs faculty or staff has the right to complain about the treatment and to receive a prompt hearing. Some complaints may arise from misunderstandings or communication breakdowns and be easily resolved; others may require formal action. Complaints may concern any matter of perceived unfairness.

To ensure a prompt and fair hearing of any complaint, and to protect the rights of both the person complaining and the person at whom the complaint is directed, the following procedures are used in the College of Agricultural and Life Sciences. Any student, undergraduate or graduate, may use these procedures, except employees whose complaints are covered under other campus policies.

1. The student should first talk with the person at whom the complaint is directed. Most issues can be settled at this level. Others may be resolved by established departmental procedures.
2. If the student is unsatisfied, and the complaint involves any unit outside CALs, the student should seek the advice of the dean or director of that unit to determine how to proceed.
  - a. If the complaint involves an academic department in CALs the student should proceed in accordance with item 3 below.
  - b. If the grievance involves a unit in CALs that is not an academic department, the student should proceed in accordance with item 4 below.

3. The student should contact the department's grievance advisor within 120 calendar days of the alleged unfair treatment. The departmental administrator can provide this person's name. The grievance advisor will attempt to resolve the problem informally within 10 working days of receiving the complaint, in discussions with the student and the person at whom the complaint is directed.
  - a. If informal mediation fails, the student can submit the grievance in writing to the grievance advisor within 10 working days of the date the student is informed of the failure of the mediation attempt by the grievance advisor. The grievance advisor will provide a copy to the person at whom the grievance is directed.
  - b. The grievance advisor will refer the complaint to a department committee that will obtain a written response from the person at whom the complaint is directed, providing a copy to the student. Either party may request a hearing before the committee. The grievance advisor will provide both parties a written decision within 20 working days from the date of receipt of the written complaint.
  - c. If the grievance involves the department chairperson, the grievance advisor or a member of the grievance committee, these persons may not participate in the review.
  - d. If not satisfied with departmental action, either party has 10 working days from the date of notification of the departmental committee action to file a written appeal to the CALs Equity and Diversity Committee. A subcommittee of this committee will make a preliminary judgement as to whether the case merits further investigation and review. If the subcommittee unanimously determines that the case does not merit further investigation and review, its decision is final. If one or more members of the subcommittee determine that the case does merit further investigation and review, the subcommittee will investigate and seek to resolve the dispute through mediation. If this mediation attempt fails, the subcommittee will bring the case to the full committee. The committee may seek additional information from the parties or hold a hearing. The committee will present a written recommendation to the dean who will provide a final decision within 20 working days of receipt of the committee recommendation.
4. If the alleged unfair treatment occurs in a CALs unit that is not an academic department, the student should, within 120 calendar days of the alleged incident, take his/her grievance directly to the Associate Dean of Academic Affairs. The dean will attempt to resolve the problem informally within 10 working days of receiving the complaint. If this mediation attempt does not succeed the student may file a written complaint with the dean who will refer it to the CALs Equity and Diversity Committee. The committee will seek a written response from the person at whom the complaint is directed, subsequently following other steps delineated in item 3d above.

### **For students in the College of Letters & Science:**

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

### **OTHER**

Applicants are considered for funding as part of the admissions process. We offer a range of funding, including graduate assistantships, fellowships and research scholarship awards.

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

### PROGRAM RESOURCES

We offer two research colloquia (JOURN/LSC 901 and LSC 700) during the academic year where faculty share their research findings and methods and engage students in lively conversations about how to conduct research. We offer a teaching colloquium (JOURN 902) that explores pedagogical principles and applications that prepares students for teaching careers. Teaching assistantships provide hands-on training.

Within our research groups and centers, graduate students work side by side with faculty and with each other, allowing the senior students to mentor younger students and for faculty to mentor students who are not their advisees. Our graduate students organize and host an annual day-long conference where they present their research in a series of panels, and they present their research at conferences around the world.

We offer a series of professional development workshops for graduate students with faculty and alumni panelists. The topics include: navigating the academic job market, exploring the non-academic job market, turning a paper into a presentation and how to find funding for research.

## LEARNING OUTCOMES

1. Articulate research problems, potentials, and limits with respect to theory, knowledge, and practice within the field of study.  
Demonstrating comprehensive and intensive knowledge of the theories, concepts, frameworks, empirical findings, and controversies in the field.
2. Formulate ideas, concepts, designs, and/or techniques beyond the current boundaries of knowledge within the field of study.  
Demonstrating a comprehensive and intensive knowledge of appropriate and relevant research methods and analytical techniques.
3. Create research or scholarship that makes a substantive contribution to knowledge.
4. Demonstrate breadth within their learning experiences.
5. Advance contributions of the field of study to society.
6. Communicate complex ideas effectively.
7. Foster ethical and professional conduct.

## PEOPLE

**Faculty:** Professors Brossard (LSC Chair), Downey, Friedland, Kim, McLeod, Riddle (SJMC Director of Graduate Studies), Robinson, Rojas (SJMC Chair), Scheufele (LSC Director of Academic Programs), D Shah, H Shah, Wagner, Xenos. Associate Professors: Culver, Graves, Palmer, Shaw. Assistant Professors: Cascio, Chen, Chinn, Christy, Li, McGarr, Newman, Yang.

## KINESIOLOGY

### DEGREES/MAJORS, DOCTORAL MINORS, GRADUATE/PROFESSIONAL CERTIFICATES

- Athletic Training, M.S. (p. 1050)
- Kinesiology, Doctoral Minor (p. 1055)
- Kinesiology, M.S. (p. 1055)
- Kinesiology, Ph.D. (p. 1057)
- Occupational Therapy, M.S. (p. 1059)

## PEOPLE

For a full list of our faculty members, please visit our website. (<https://kinesiology.education.wisc.edu/people/>)

## ATHLETIC TRAINING, M.S.

The Master's degree in Athletic Training is a professional program that provides rigorous and comprehensive preparation for students seeking a health care career in athletic training. Athletic trainers (ATs) are multi-skilled health care professionals who collaborate with physicians as part of the health care team to provide preventative services, emergency care, clinical diagnosis, therapeutic intervention and rehabilitation of injuries and medical condition. Athletic trainers provide health care in a variety of practice settings for people involved in all levels of physical activity. Practice environments include youth to professional sports, military and public service personnel, secondary schools, colleges, universities, performing arts, workers with physically demanding jobs, physician practice settings, and much more.

Prospective students should visit the program website (<https://kinesiology.education.wisc.edu/AT/>) for additional information on program outcomes and opportunities.

The program is accredited by the Commission on Accreditation of Athletic Training Education (<https://caate.net/>) and students are eligible to sit for the national Board of Certification exam (<https://bocatac.org/>) after successful completion of the MSAT program.

## ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	The program does not admit in the fall.
Spring Deadline	The program does not admit in the spring.
Summer Deadline	April 1*
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements ( <a href="https://grad.wisc.edu/apply/requirements/#english-proficiency">https://grad.wisc.edu/apply/requirements/#english-proficiency</a> ).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

\*

Early application consideration deadline is December 1.

## MASTER OF SCIENCE IN ATHLETIC TRAINING (MSAT)

- Applicants for all graduate programs must complete a UW-Madison Graduate school application: <https://grad.wisc.edu/apply/>
- Applicants for the professional program in athletic training must complete the Athletic Training Central Application Service (ATCAS) application: <https://atcas.liaisoncas.com/applicant-ux/#/login>

## ADMISSION CRITERIA AND PREREQUISITE COURSES

Admission to the MSAT (professional program in athletic training) requires:

- Bachelor's degree (or equivalent) from a regionally accredited school of higher education by the start of the program
- Transcripts from each college, university, or technical college attended showing work completed and in progress
- Observation of two Certified Athletic Trainers in different clinical practice settings. Refer to the MSAT Program website for forms and guidelines for required observation experiences. (<https://kinesiology.education.wisc.edu/at/apply-msat/>)
- Minimum of three letters of recommendation
- Personal statement responding to prompts provided on the graduate application
- A grade of "C" or better in the following prerequisite courses or their equivalent:

### Required Prerequisite Courses / UW-Madison or comparable coursework

#### UW-Madison Course(s) / Comparable / Description

Code	Title	Credits
ZOOLOGY/ BIOLOGY 101	Animal Biology	3-5
or ZOOLOGY/ BIOLOGY/ BOTANY 151	Introductory Biology	
CHEM 103	General Chemistry I	4

PHYSICS 103	General Physics	4
PSYCH 210 or STAT 301 or STAT 371	Basic Statistics for Psychology Introduction to Statistical Methods Introductory Applied Statistics for the Life Sciences	3

NUTR SCI 132 or NUTR SCI 332	Nutrition Today Human Nutritional Needs	3

## FUNDING

## GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## PROGRAM RESOURCES

Financial assistance may be available through School of Education fellowships. The Athletic Training Program also has scholarships available to both incoming and returning students. For more information, please contact the MSAT Program Director.

**Total Credits** **58**

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

### MAJOR-SPECIFIC POLICIES

#### PRIOR COURSEWORK

##### Graduate Work from Other Institutions

With program approval, students are allowed to count no more than 15 credits of graduate course work from other institutions. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

##### UW–Madison Undergraduate

No credits from a UW–Madison undergraduate degree are allowed to count toward the MSAT degree.

##### UW–Madison University Special

With program approval and payment of the difference in tuition (between special and graduate tuition), students are allowed to count no more than 15 credits of course work numbered 300 or above taken in UW–Madison University Special student status. Coursework earned five or

more years prior to admission to a master's degree is not allowed to satisfy requirements.

## PROBATION

The Graduate School regularly reviews the record of any student who earned grades of BC, C, D, F, or Incomplete in a graduate course (300 or above), or grade of U in research credits. This review could result in academic probation with a hold on future enrollment or in being suspended from the Graduate School.

1. Good standing (progressing according to standards; any funding guarantee remains in place).
2. Probation (not progressing according to standards but permitted to enroll; loss of funding guarantee; specific plan with dates and deadlines in place in regard to removal of probationary status).
3. Unsatisfactory progress (not progressing according to standards; not permitted to enroll, dismissal, leave of absence or change of advisor or program).

An overall GPA below 3.0 will place the student on academic probation. If a 3.0 GPA is not regained in the subsequent semester the student may be dismissed from the program or allowed to continue provisionally for 1 semester based on advisor appeal to the Graduate School.

## ADVISOR / COMMITTEE

The MSAT assigns an advisor to each student. MSAT students must complete one mandatory group advising meeting each semester. In addition, students must meet individually once per semester with an advisor to insure satisfactory progress toward their MSAT degree and to monitor clinical placement progress needs.

## CREDITS PER TERM ALLOWED

15 credits

## TIME CONSTRAINTS

Master's degree students who have been absent for five or more consecutive years lose all credits that they have earned before their absence. Students may count the coursework completed before their absence for meeting graduate degree credit requirements; the Graduate School will not count that work toward the Graduate School's minimum residence credit minimum.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
  - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Any student who feels that they have been treated unfairly by a faculty or staff member has the right to complain about the treatment and to receive a prompt hearing of the grievance, following these grievance procedures. The complaint may concern course grades, classroom treatment, program admission, or other issues. To insure a prompt and fair hearing of any complaint, and to protect both the rights of the student and the person at whom the complaint is addressed, the procedures below are used in the School of Education.

The person whom the complaint is directed against must be an employee of the School of Education. Any student or potential student may use these procedures unless the complaint is covered by other campus rules or contracts. The following steps are available within the School of Education when a student has a grievance:

1. The student should first talk with the person against whom the grievance is directed. Most issues can be settled at this level. If the complaint is directed against a teaching assistant, and the student is not satisfied, the next step would be to talk to the TA's supervisor, who is usually the course professor. If the complaint is not resolved satisfactorily, the student may continue to step 2.
2. If the complaint does not involve an academic department, the procedure outlined in Step 4 below should be followed. If the complaint involves an academic department, the student should contact the chair of the department. The chair will attempt to resolve the problem informally. If this cannot be done to the student's satisfaction, the student may submit the grievance to the chair in writing. This must be done within 60 calendar days of the alleged unfair treatment.
3. On receipt of a written complaint, the chair will refer the matter to a departmental committee, which will obtain a written response from the person at whom the complaint is directed. This response shall be shared with the person filing the grievance. The chair will provide a timely written decision to the student on the action taken by the committee.
4. If either party is not satisfied with the decision of the department, they have five working days from receipt of the decision to contact the dean's office (at the number below), indicating the intention to appeal. If the complaint does not involve an academic department in the school, the student must contact the dean's office within 60 calendar days of the alleged unfair treatment.
5. In either case, there will be an attempt to resolve the issue informally by the associate dean. If this cannot be done, the complaint can be filed in writing with the dean's office. This must be done within

10 working days of the time the appealing party was notified that informal resolution was unsuccessful.

- On receipt of such a written complaint, the associate dean will convene a subcommittee of the school's Equity & Diversity Committee. This subcommittee may ask for additional information from the parties involved and may hold a hearing at which both parties will be asked to speak separately. The subcommittee will then make a written recommendation to the dean of the School of Education who will render a decision. Unless a longer time is negotiated, this written decision shall be made within 20 working days from the date when the grievance was filed with the dean's office.

Questions about these procedures can be directed to the School of Education Dean's Office, 377 Education Building, 1000 Bascom Mall, 608-262-1763.

State law contains additional provisions regarding discrimination and harassment. Wisconsin Statutes 36.12 reads, in part: "No student may be denied admission to, participation in or the benefits of, or be discriminated against in any service, program, course or facility of the system or its institutions or center because of the student's race, color, creed, religion, sex, national origin, disability, ancestry, age, sexual orientation, pregnancy, marital status or parental status." In addition, UW–System prohibits discrimination based on gender identity or gender expression. Students have the right to file discrimination and harassment complaints with the Office of Compliance (<https://compliance.wisc.edu/>), 361 Bascom Hall, 608-265-6018, [uwcomplianceoffice@wisc.edu](mailto:uwcomplianceoffice@wisc.edu).

## OTHER

n/a

## PROFESSIONAL DEVELOPMENT

## GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

## LEARNING OUTCOMES

- Understand the role of the athletic trainer within the broader health care system.
- Demonstrate appropriate oral and written communication skills.
- Develop and apply strategies to prevent the incidence and/or severity of injury and illnesses.
- Demonstrate the clinical skills needed to appropriately diagnose patients for treatment and referral.
- Apply clinical and decision-making skills to respond to acute injury and illness, including emergencies.
- Assess patient status and develop treatment and rehabilitation that are consistent with contemporary disablement models.
- Demonstrate clinical scholarship in the form of evidence appraisal and application to influence athletic training practice.
- Maintain the highest standards of clinical practice by examining the quality of patient care through the use of patient outcomes.

- Apply research methods to develop and evaluate clinical questions applicable to practice-based research environments while demonstrating an understanding of ethical research practice.

Shari Clark, MS, ATC  
Faculty Associate  
[svclark1@wisc.edu](mailto:svclark1@wisc.edu)

## ACCREDITATION

### ACCREDITATION

Commission on Accreditation of Athletic Training Education (<https://caate.net/>)

Accreditation status: Active—in good standing. Next accreditation review: 2025–2026.

## CERTIFICATION/LICENSURE

The program is accredited by the Commission on Accreditation of Athletic Training Education (<https://caate.net/>) and students are eligible to sit for the national Board of Certification exam (<https://bocac.org/>) after successful completion of the MSAT program.

Currently, 49 states and the District of Columbia regulate the practice of athletic training. Individuals must be legally recognized by the appropriate state regulatory agency prior to practicing athletic training. The Board of Certification (BOC) exam is recognized by all athletic trainer state regulatory agencies to meet their exam requirement. Compliance with state regulatory requirements is mandatory and the only avenue to legal athletic training practice.

### PROFESSIONAL CERTIFICATION/LICENSURE DISCLOSURE (NC-SARA)

The United States Department of Education requires institutions that provide distance education to disclose information for programs leading to professional certification or licensure about whether each program meets state educational requirements for initial licensure or certification. Following is this disclosure information for this program:

#### The requirements of this program meet Certification/Licensure in the following states:

Alabama, Alaska, Arizona, Arkansas, Colorado, Connecticut, Delaware, Florida, Georgia, Hawaii, Idaho, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Michigan, Minnesota, Mississippi, Missouri, Montana, Montana, Nebraska, Nevada, New Hampshire, New Jersey, New Mexico, New York, North Carolina, North Dakota, Ohio, Oklahoma, Oregon, Pennsylvania, Rhode Island, South

Carolina, South Dakota, Tennessee, Texas, Utah, Vermont, Virginia, Washington, West Virginia, Wisconsin, Wyoming, District of Columbia

### The requirements of this program do not meet Certification/Licensure in the following states:

Not applicable

### The requirements of this program have not been determined if they meet Certification/Licensure in the following states:

California\*, American Samoa, Guam, Northern Mariana Islands, Puerto Rico, U.S. Virgin Islands

\*California does not regulate athletic training at this time

## KINESIOLOGY, DOCTORAL MINOR

The Department of Kinesiology's mission is to research, teach and apply knowledge related to movement, exercise and human occupation, with the ultimate goal of enhancing human health, productivity and quality of life. The Department of Kinesiology offers graduate courses that reflect the breadth of the discipline, including biomechanics, exercise psychology, exercise physiology, motor control and behavior, physical activity epidemiology and occupational science. A minor from the Department of Kinesiology is tailored to each student's individual interests, career goals, needs and background. The learning goals for the doctoral minor are to demonstrate an understanding of the major current and past theories, research findings, methodologies and techniques in one or more of the broad areas of inquiry represented within the Department of Kinesiology.

## ADMISSIONS

Graduate students in other programs at UW–Madison who plan to minor in kinesiology should contact the Department of Kinesiology graduate studies chair early in their graduate program to ensure acceptance into and adequate mentoring in the minor program (see Information for Prospective Students (<http://kinesiology.education.wisc.edu/kinesiology/academics/graduate-programs/prospective-students/>)). When students meet with the graduate studies chair, they will fill out a course plan. The department's graduate studies chair, the student's doctoral committee mentor, and the student must sign the course plan.

## REQUIREMENTS

The student must complete 9 credits in kinesiology courses such that all of the following conditions are satisfied:

- All credits must be in courses numbered 300 and above
- At least 3 credits are taken in courses numbered 700 and above
- The student receives a satisfactory grade (C or above) for all credits
- The GPA of the credits counted is at least 3.00
- All credits are taken as a graduate student

## PEOPLE

For a full list of our faculty members, please visit our website. (<https://kinesiology.education.wisc.edu/people/>)

## KINESIOLOGY, M.S.

The Department of Kinesiology's mission is to create, interpret, transmit, and apply knowledge related to movement, exercise, and human occupation with the ultimate goal of enhancing human health, productivity, and quality of life.

The M.S. degree in Kinesiology can be pursued through one of its named options. These named options are formal sub-majors documented on the transcript.

- Applied Exercise Science (<http://guide.wisc.edu/graduate/kinesiology/kinesiology-ms/kinesiology-applied-exercise-science-ms/>)
- Biomechanics (<http://guide.wisc.edu/graduate/kinesiology/kinesiology-ms/kinesiology-biomechanics-ms/>)
- Exercise Physiology (<http://guide.wisc.edu/graduate/kinesiology/kinesiology-ms/kinesiology-exercise-physiology-ms/>)
- Exercise Psychology (<http://guide.wisc.edu/graduate/kinesiology/kinesiology-ms/kinesiology-exercise-psychology-ms/>)
- Motor Control and Behavior (<http://guide.wisc.edu/graduate/kinesiology/kinesiology-ms/kinesiology-motor-control-behavior-ms/>)
- Occupational Science (<http://guide.wisc.edu/graduate/kinesiology/kinesiology-ms/kinesiology-occupational-science-ms/>)
- Physical Activity Epidemiology (<http://guide.wisc.edu/graduate/kinesiology/kinesiology-ms/kinesiology-physical-activity-epidemiology-ms/>)

## ADMISSIONS

Students apply to the Master of Science in Kinesiology through one of the named options:

- Kinesiology: Applied Exercise Science, M.S. (<http://guide.wisc.edu/graduate/kinesiology/kinesiology-ms/kinesiology-applied-exercise-science-ms/>)
- Kinesiology: Motor Control and Behavior, M.S. (<http://guide.wisc.edu/graduate/kinesiology/kinesiology-ms/kinesiology-motor-control-behavior-ms/>)
- Kinesiology: Biomechanics, M.S. (<http://guide.wisc.edu/graduate/kinesiology/kinesiology-ms/kinesiology-biomechanics-ms/>)
- Kinesiology: Exercise Psychology, M.S. (<http://guide.wisc.edu/graduate/kinesiology/kinesiology-ms/kinesiology-exercise-psychology-ms/>)
- Kinesiology: Physical Activity Epidemiology, M.S. (<http://guide.wisc.edu/graduate/kinesiology/kinesiology-ms/kinesiology-physical-activity-epidemiology-ms/>)
- Kinesiology: Exercise Physiology, M.S. (<http://guide.wisc.edu/graduate/kinesiology/kinesiology-ms/kinesiology-exercise-physiology-ms/>)
- Kinesiology: Occupational Science, M.S. (<http://guide.wisc.edu/graduate/kinesiology/kinesiology-ms/kinesiology-occupational-science-ms/>)

## FUNDING

### GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

### PROGRAM RESOURCES

Prospective students should see the program website (<https://kinesiology.education.wisc.edu/academics/grad-program/tuition/>) for funding information.

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### MAJOR REQUIREMENTS CURRICULAR REQUIREMENTS

#### Requirements Detail

Minimum Credit Requirement 30 credits

Minimum Residence Credit Requirement See Named Options for policy information.

Minimum Graduate Coursework Requirement See Named Options for policy information.

Minimum Overall Graduate GPA Requirement See Named Options for policy information.

Other Grade Requirements See Named Options for policy information.

Assessments and Examinations See Named Options for policy information.

Language Requirements No language requirements.

Assessments and Examinations See Named Options for policy information.

Assessments and Examinations See Named Options for policy information.

Language Requirements No language requirements.

### REQUIRED COURSES

Select a Named Option for courses required.

### NAMED OPTIONS

A named option is a formally documented sub-major within an academic major program. Named options appear on the transcript with degree

conferral. Students pursuing the M.S. in Kinesiology must select one of the following named options:

View as listView as grid

- KINESIOLOGY: APPLIED EXERCISE SCIENCE, M.S. ([HTTP://GUIDE.WISC.EDU/GRADUATE/KINESIOLOGY/KINESIOLOGY-MS/KINESIOLOGY-APPLIED-EXERCISE-SCIENCE-MS/](http://GUIDE.WISC.EDU/GRADUATE/KINESIOLOGY/KINESIOLOGY-MS/KINESIOLOGY-APPLIED-EXERCISE-SCIENCE-MS/))
- KINESIOLOGY: BIOMECHANICS, M.S. ([HTTP://GUIDE.WISC.EDU/GRADUATE/KINESIOLOGY/KINESIOLOGY-MS/KINESIOLOGY-BIOMECHANICS-MS/](http://GUIDE.WISC.EDU/GRADUATE/KINESIOLOGY/KINESIOLOGY-MS/KINESIOLOGY-BIOMECHANICS-MS/))
- KINESIOLOGY: EXERCISE PHYSIOLOGY, M.S. ([HTTP://GUIDE.WISC.EDU/GRADUATE/KINESIOLOGY/KINESIOLOGY-MS/KINESIOLOGY-EXERCISE-PHYSIOLOGY-MS/](http://GUIDE.WISC.EDU/GRADUATE/KINESIOLOGY/KINESIOLOGY-MS/KINESIOLOGY-EXERCISE-PHYSIOLOGY-MS/))
- KINESIOLOGY: EXERCISE PSYCHOLOGY, M.S. ([HTTP://GUIDE.WISC.EDU/GRADUATE/KINESIOLOGY/KINESIOLOGY-MS/KINESIOLOGY-EXERCISE-PSYCHOLOGY-MS/](http://GUIDE.WISC.EDU/GRADUATE/KINESIOLOGY/KINESIOLOGY-MS/KINESIOLOGY-EXERCISE-PSYCHOLOGY-MS/))
- KINESIOLOGY: MOTOR CONTROL AND BEHAVIOR, M.S. ([HTTP://GUIDE.WISC.EDU/GRADUATE/KINESIOLOGY/KINESIOLOGY-MS/KINESIOLOGY-MOTOR-CONTROL-BEHAVIOR-MS/](http://GUIDE.WISC.EDU/GRADUATE/KINESIOLOGY/KINESIOLOGY-MS/KINESIOLOGY-MOTOR-CONTROL-BEHAVIOR-MS/))
- KINESIOLOGY: OCCUPATIONAL SCIENCE, M.S. ([HTTP://GUIDE.WISC.EDU/GRADUATE/KINESIOLOGY/KINESIOLOGY-MS/KINESIOLOGY-OCCUPATIONAL-SCIENCE-MS/](http://GUIDE.WISC.EDU/GRADUATE/KINESIOLOGY/KINESIOLOGY-MS/KINESIOLOGY-OCCUPATIONAL-SCIENCE-MS/))
- KINESIOLOGY: PHYSICAL ACTIVITY EPIDEMIOLOGY, M.S. ([HTTP://GUIDE.WISC.EDU/GRADUATE/KINESIOLOGY/KINESIOLOGY-MS/KINESIOLOGY-PHYSICAL-ACTIVITY-EPIDEMIOLOGY-MS/](http://GUIDE.WISC.EDU/GRADUATE/KINESIOLOGY/KINESIOLOGY-MS/KINESIOLOGY-PHYSICAL-ACTIVITY-EPIDEMIOLOGY-MS/))

## POLICIES

Students should refer to one of the named options for policy information:

- Kinesiology: Applied Exercise Science, M.S. (<http://guide.wisc.edu/graduate/kinesiology/kinesiology-ms/kinesiology-applied-exercise-science-ms/>)
- Kinesiology: Motor Control and Behavior, M.S. (<http://guide.wisc.edu/graduate/kinesiology/kinesiology-ms/kinesiology-motor-control-behavior-ms/>)
- Kinesiology: Biomechanics, M.S. (<http://guide.wisc.edu/graduate/kinesiology/kinesiology-ms/kinesiology-biomechanics-ms/>)
- Kinesiology: Exercise Psychology, M.S. (<http://guide.wisc.edu/graduate/kinesiology/kinesiology-ms/kinesiology-exercise-psychology-ms/>)
- Kinesiology: Physical Activity Epidemiology, M.S. (<http://guide.wisc.edu/graduate/kinesiology/kinesiology-ms/kinesiology-physical-activity-epidemiology-ms/>)

- Kinesiology: Exercise Physiology, M.S. (<http://guide.wisc.edu/graduate/kinesiology/kinesiology-ms/kinesiology-exercise-physiology-ms/>)
- Kinesiology: Occupational Science, M.S. (<http://guide.wisc.edu/graduate/kinesiology/kinesiology-ms/kinesiology-occupational-science-ms/>)

- Motor Control and Behavior (<http://guide.wisc.edu/graduate/kinesiology/kinesiology-phd/kinesiology-motor-control-behavior-phd/>)
- Occupational Science (<http://guide.wisc.edu/graduate/kinesiology/kinesiology-phd/kinesiology-occupational-science-phd/>)
- Physical Activity Epidemiology (<http://guide.wisc.edu/graduate/kinesiology/kinesiology-phd/kinesiology-physical-activity-epidemiology-phd/>)

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

## LEARNING OUTCOMES

1. Master fundamental knowledge in at least one of the broad areas of specialization represented in the Department of Kinesiology.
2. Demonstrate understanding of major current and past theories, research findings, methodologies, and techniques in their areas of specialization.
3. Identify sources and assemble evidence pertaining to questions or challenges in their area of specialization.
4. Select appropriate methodologies to conduct research, analyze, and interpret resulting data.
5. Communicate clearly in ways appropriate to their area of specialization.
6. Retrieve and examine scientific literature, evaluate evidence for and against hypotheses, and be able to discuss strengths and weaknesses in existing literature.
7. Recognize and apply principles of professional and ethical conduct.

## PEOPLE

For a full list of our faculty members, please visit our website. (<https://kinesiology.education.wisc.edu/people/>)

## KINESIOLOGY, PH.D.

The Department of Kinesiology's mission is to create, interpret, transmit, and apply knowledge related to movement, exercise, and human occupation with the ultimate goal of enhancing human health, productivity, and quality of life.

The Ph.D. degree in Kinesiology can be pursued through one of its named options. These named options are formal sub-majors documented on the transcript.

- Biomechanics (<http://guide.wisc.edu/graduate/kinesiology/kinesiology-phd/kinesiology-biomechanics-phd/>)
- Exercise Physiology (<http://guide.wisc.edu/graduate/kinesiology/kinesiology-phd/kinesiology-exercise-physiology-phd/>)
- Exercise Psychology (<http://guide.wisc.edu/graduate/kinesiology/kinesiology-phd/kinesiology-exercise-psychology-phd/>)

## ADMISSIONS

Students apply to the Ph.D. in Kinesiology through one of the named options:

- Kinesiology: Physical Activity Epidemiology, Ph.D. (<http://guide.wisc.edu/graduate/kinesiology/kinesiology-phd/kinesiology-physical-activity-epidemiology-phd/>)
- Kinesiology: Exercise Physiology, Ph.D. (<http://guide.wisc.edu/graduate/kinesiology/kinesiology-phd/kinesiology-exercise-physiology-phd/>)
- Kinesiology: Exercise Psychology, Ph.D. (<http://guide.wisc.edu/graduate/kinesiology/kinesiology-phd/kinesiology-exercise-psychology-phd/>)
- Kinesiology: Occupational Science, Ph.D. (<http://guide.wisc.edu/graduate/kinesiology/kinesiology-phd/kinesiology-occupational-science-phd/>)
- Kinesiology: Biomechanics, Ph.D. (<http://guide.wisc.edu/graduate/kinesiology/kinesiology-phd/kinesiology-biomechanics-phd/>)
- Kinesiology: Motor Control and Behavior, Ph.D. (<http://guide.wisc.edu/graduate/kinesiology/kinesiology-phd/kinesiology-motor-control-behavior-phd/>)

## FUNDING

### GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

### PROGRAM RESOURCES

Prospective students should see the program website (<https://kinesiology.education.wisc.edu/academics/grad-program/tuition/>) for funding information.

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

## MAJOR REQUIREMENTS

### CURRICULAR REQUIREMENTS

Requirements	Detail
Minimum Credit Requirement	51 credits
Minimum Residence Credit Requirement	See Named Options for policy information.
Minimum Graduate Coursework Requirement	See Named Options for policy information.
Overall Graduate GPA Requirement	See Named Options for policy information.
Other Grade Requirements	See Named Options for policy information.
Assessments and Examinations	See Named Options for policy information.
Language Requirements	No language requirements.

## NAMED OPTIONS

A named option is a formally documented sub-major within an academic major program. Named options appear on the transcript with degree conferral. Students pursuing the Ph.D. in Kinesiology must select one of the following named options:

View as listView as grid

- KINESIOLOGY: BIOMECHANICS, PH.D. ([HTTP://GUIDE.WISC.EDU/GRADUATE/KINESIOLOGY/KINESIOLOGY-PHD/KINESIOLOGY-BIOMECHANICS-PHD/](http://GUIDE.WISC.EDU/GRADUATE/KINESIOLOGY/KINESIOLOGY-PHD/KINESIOLOGY-BIOMECHANICS-PHD/))
- KINESIOLOGY: EXERCISE PHYSIOLOGY, PH.D. ([HTTP://GUIDE.WISC.EDU/GRADUATE/KINESIOLOGY/KINESIOLOGY-PHD/KINESIOLOGY-EXERCISE-PHYSIOLOGY-PHD/](http://GUIDE.WISC.EDU/GRADUATE/KINESIOLOGY/KINESIOLOGY-PHD/KINESIOLOGY-EXERCISE-PHYSIOLOGY-PHD/))
- KINESIOLOGY: EXERCISE PSYCHOLOGY, PH.D. ([HTTP://GUIDE.WISC.EDU/GRADUATE/KINESIOLOGY/KINESIOLOGY-PHD/KINESIOLOGY-EXERCISE-PSYCHOLOGY-PHD/](http://GUIDE.WISC.EDU/GRADUATE/KINESIOLOGY/KINESIOLOGY-PHD/KINESIOLOGY-EXERCISE-PSYCHOLOGY-PHD/))
- KINESIOLOGY: MOTOR CONTROL AND BEHAVIOR, PH.D. ([HTTP://GUIDE.WISC.EDU/GRADUATE/KINESIOLOGY/KINESIOLOGY-PHD/KINESIOLOGY-MOTOR-CONTROL-BEHAVIOR-PHD/](http://GUIDE.WISC.EDU/GRADUATE/KINESIOLOGY/KINESIOLOGY-PHD/KINESIOLOGY-MOTOR-CONTROL-BEHAVIOR-PHD/))
- KINESIOLOGY: OCCUPATIONAL SCIENCE, PH.D. ([HTTP://GUIDE.WISC.EDU/GRADUATE/KINESIOLOGY/KINESIOLOGY-PHD/KINESIOLOGY-OCCUPATIONAL-SCIENCE-PHD/](http://GUIDE.WISC.EDU/GRADUATE/KINESIOLOGY/KINESIOLOGY-PHD/KINESIOLOGY-OCCUPATIONAL-SCIENCE-PHD/))
- KINESIOLOGY: PHYSICAL ACTIVITY EPIDEMIOLOGY, PH.D. ([HTTP://GUIDE.WISC.EDU/GRADUATE/KINESIOLOGY/KINESIOLOGY-PHD/KINESIOLOGY-PHYSICAL-ACTIVITY-EPIDEMIOLOGY-PHD/](http://GUIDE.WISC.EDU/GRADUATE/KINESIOLOGY/KINESIOLOGY-PHD/KINESIOLOGY-PHYSICAL-ACTIVITY-EPIDEMIOLOGY-PHD/))

## POLICIES

Students should refer to one of the named options for policy information:

- Kinesiology: Physical Activity Epidemiology, Ph.D. (<http://guide.wisc.edu/graduate/kinesiology/kinesiology-phd/kinesiology-physical-activity-epidemiology-phd/>)
- Kinesiology: Exercise Physiology, Ph.D. (<http://guide.wisc.edu/graduate/kinesiology/kinesiology-phd/kinesiology-exercise-physiology-phd/>)
- Kinesiology: Exercise Psychology, Ph.D. (<http://guide.wisc.edu/graduate/kinesiology/kinesiology-phd/kinesiology-exercise-psychology-phd/>)
- Kinesiology: Occupational Science, Ph.D. (<http://guide.wisc.edu/graduate/kinesiology/kinesiology-phd/kinesiology-occupational-science-phd/>)
- Kinesiology: Biomechanics, Ph.D. (<http://guide.wisc.edu/graduate/kinesiology/kinesiology-phd/kinesiology-biomechanics-phd/>)
- Kinesiology: Motor Control and Behavior, Ph.D. (<http://guide.wisc.edu/graduate/kinesiology/kinesiology-phd/kinesiology-motor-control-behavior-phd/>)

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

## LEARNING OUTCOMES

1. Demonstrate academic mastery in at least one of the broad areas of specialization represented in the Department of Kinesiology.
2. Demonstrate a broad understanding of major current and past theories, research findings, methodologies, and techniques in their area of specialization both orally and in writing.
3. Retrieve and examine scientific literature, evaluate evidence for and against hypotheses, identify knowledge gaps, strengths and weaknesses in existing literature, synthesize knowledge, and develop conclusions.
4. Formulate ideas, concepts, designs and/or techniques beyond the current boundaries of knowledge with their area of specialization.
5. Demonstrate a broad knowledge of the field of kinesiology extending beyond their area of specialization.
6. Develop and complete original research that makes a substantive contribution in advancing their area of specialization.
7. Develop testable hypotheses and predictions for their own realistic and feasible research projects.
8. Conduct independent research and analyze and interpret resulting data.
9. Clearly communicate their ideas in both oral and written form through the preparation and defense of a dissertation.
10. Foster ethical and professional conduct.
11. Use scientific rigor when designing experiments, collecting and analyzing data, interpreting and reporting results.

## PEOPLE

For a full list of our faculty members, please visit our website. (<https://kinesiology.education.wisc.edu/people/>)

## OCCUPATIONAL THERAPY, M.S.

**Admissions to the Occupational Therapy, M.S. was suspended as of summer 2020 and will be discontinued as of fall 2023. If you have any questions, please contact the department** ([otadmissions@education.wisc.edu](mailto:otadmissions@education.wisc.edu)).

The MS–OT (<https://kinesiology.education.wisc.edu/ot/academics/msot/>) program is a two-year professional program designed to prepare students for practice. It is accredited by the Accreditation Council on Occupational Therapy Education (ACOTE (<http://www.aota.org/education-careers/accreditation.aspx>))—6116 Executive Blvd, Suite 200, North Bethesda, MD 20852). At the master’s level, two years of didactic classroom learning is followed by 24 weeks of supervised fieldwork experiences in a variety of settings. This program meets the requirements for OTR certification set by the National Board for Certification of Occupational Therapy (NBCOT (<http://www.nbcot.org/>)).

The occupational therapy program resides in the Department of Kinesiology (<https://kinesiology.education.wisc.edu/>) and now offers two graduate professional programs, an entry-level doctorate (entry-level OTD) and a post-professional doctor of occupational therapy (post-professional (OTD (p. 1063))) for therapists with earned Masters degrees. Occupational therapists interested in pursuing advanced research training may also apply to the M.S. (p. 1055)/Ph.D.

(p. 1057) in Kinesiology–Occupational Science Track (<https://kinesiology.education.wisc.edu/academics/grad-program/occupational-sci/>). The purpose of the graduate programs is to prepare clinicians, researchers, and teachers who possess a solid foundation in both the theoretical and applied aspects of the disciplines of occupational therapy and science.

## ADMISSIONS

**Admissions to the Occupational Therapy, M.S. will be suspended as of summer 2020 and will be discontinued as of fall 2023. If you have any questions, please contact the department** ([otadmissions@education.wisc.edu](mailto:otadmissions@education.wisc.edu)).

This program is no longer admitting and is not accepting applications.

For students interested in Occupational Therapy, see the admitting program of Occupational Therapy: Entry Level, OTD (p. 1065).

## FUNDING

### GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

### PROGRAM RESOURCES

Financial assistance, sometimes available to graduate students in occupational therapy, consists of scholarships, fellowships, and teaching, project or research assistant positions. Financial assistance is limited; opportunities vary by program and from year to year. Students who are considering applying for financial support should see the OT Program Tuition, Scholarship & Financial Aid webpage (<https://kinesiology.education.wisc.edu/ot/academics/msot/tuition/>) for further information.

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### MAJOR REQUIREMENTS MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students are able to complete a program with minimal disruptions to careers and other commitments.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW–Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

### Requirements Detail

Minimum Credit Requirement 61 credits

Minimum Residence Credit Requirement 16 credits

Minimum Graduate Coursework Requirement Half of degree coursework (31 credits out of 61 total credits) must be completed graduate-level coursework; courses with the Graduate Level Coursework attribute are identified and searchable in the university's Course Guide (<https://registrar.wisc.edu/course-guide> (<https://registrar.wisc.edu/course-guide/>)).

Overall Graduate GPA Requirement 3.00 GPA required.

Other Grade Requirements The Graduate School requires students maintain a graduate grade point average (GPA) of 3.00 (on a 4.00 scale) for courses numbered 300 and above (excluding research) to receive a degree. Conditions for probationary status may require higher grades. Grades of Incomplete are considered to be unsatisfactory if they are not removed during the next enrolled semester.

Assessments and Examinations No formal examination specific to the M.S. is required. Curricular requirements (all didactic courses) must be passed, in conformity with GPA and grad requirements.

Language Requirements No language requirements.

## REQUIRED COURSES

Code	Title	Credits
ANATOMY 622	Human Anatomy for Physical and Occupational Therapy Students	6
OCC THER 610	Professional Skills I: Professional Practice in Occupational Therapy	2
OCC THER 611	Professional Skills II: Communication & Interpersonal Skills in OT	2
OCC THER 612	Professional Skills III: Organization and Management in OT Practice	3
OCC THER 613	Professional Skills IV: Community-based OT Practice	2

OCC THER 620	Occupational-based Theory and Practice	2
OCC THER 621	Assessment of Occupational Participation	3
OCC THER 622	Infant and Childhood Occupations and Therapeutic Interventions	4
OCC THER 623	Adolescent and Young Adult Occupations and Therapeutic Interventions	4
OCC THER 624	Middle and Late Adulthood Occupations and Therapeutic Interventions	4
OCC THER 625	Level-I Fieldwork: Infants and Children	1
OCC THER 626	Level-I Fieldwork: Adolescents and Young Adults	1
OCC THER 627	Level-I Fieldwork: Middle and Late Adulthood	1
OCC THER 629	Medical Lectures for Occupational Therapy	2
OCC THER 640	Applied Neuroanatomy for Allied Health Professionals	3
OCC THER 662	Level II Fieldwork A	6
OCC THER 664	Level II Fieldwork B	6
OCC THER 671	Scientific Inquiry in OT I: Evidence-Based Practice.	2
OCC THER 672	Scientific Inquiry in Occupational Therapy II: Research Design and Methods	2
OCC THER 673	Scientific Inquiry in OT III: Data Collection and Analysis.	3
OCC THER 674	Scientific Inquiry in OT IV: Scientific Writing for Publication	2

**Total Credits** 61

The MS–OT has a prescribed curriculum of 61 credits, with potential for electives.

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

### MAJOR-SPECIFIC POLICIES

#### PRIOR COURSEWORK

##### Graduate Work from Other Institutions

With program approval, students are allowed to count no more than 15 credits of graduate course work from other institutions. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

## UW–Madison Undergraduate

No credits from a UW–Madison undergraduate degree are allowed to count toward the degree.

## UW–Madison University Special

With program approval and payment of the difference in tuition (between special and graduate tuition), students are allowed to count no more than 15 credits of course work numbered 300 or above taken in UW–Madison University Special student status. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

## PROBATION

The Graduate School regularly reviews the record of any student who earned grades of BC, C, D, F, or Incomplete in a graduate course (300 or above), or grade of U in research credits. This review could result in academic probation with a hold on future enrollment or in being suspended from the Graduate School. See Probation (<http://grad.wisc.edu/acadpolicy/#probation>) on the Graduate School website.

## ADVISOR / COMMITTEE

All students must have an assigned advisor to meet UW information management needs, and accordingly, and of its own volition, the department assigns an advisor to each student. Assigned advisors in the M. S. in Occupational Therapy (MS–OT) program are graduate research or clinical faculty. To ensure that students are making satisfactory progress toward a degree, the Graduate School expects them to meet with their advisor on a regular basis.

## CREDITS PER TERM ALLOWED

15 credits

## TIME CONSTRAINTS

Master's degree students who have been absent for five or more consecutive years lose all credits that they have earned before their absence. Individual programs may count the coursework students completed prior to their absence for meeting program requirements; that coursework may not count toward Graduate School credit requirements.

Level II fieldwork must be completed within 24 months of completion of coursework.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
  - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Any student who feels that they have been treated unfairly by a faculty or staff member has the right to complain about the treatment and to receive a prompt hearing of the grievance, following these grievance procedures. The complaint may concern course grades, classroom treatment, program admission, or other issues. To insure a prompt and fair hearing of any complaint, and to protect both the rights of the student and the person at whom the complaint is addressed, the procedures below are used in the School of Education.

The person whom the complaint is directed against must be an employee of the School of Education. Any student or potential student may use these procedures unless the complaint is covered by other campus rules or contracts. The following steps are available within the School of Education when a student has a grievance:

1. The student should first talk with the person against whom the grievance is directed. Most issues can be settled at this level. If the complaint is directed against a teaching assistant, and the student is not satisfied, the next step would be to talk to the TA's supervisor, who is usually the course professor. If the complaint is not resolved satisfactorily, the student may continue to step 2.
2. If the complaint does not involve an academic department, the procedure outlined in Step 4 below should be followed. If the complaint involves an academic department, the student should contact the chair of the department. The chair will attempt to resolve the problem informally. If this cannot be done to the student's satisfaction, the student may submit the grievance to the chair in writing. This must be done within 60 calendar days of the alleged unfair treatment.
3. On receipt of a written complaint, the chair will refer the matter to a departmental committee, which will obtain a written response from the person at whom the complaint is directed. This response shall be shared with the person filing the grievance. The chair will provide a timely written decision to the student on the action taken by the committee.
4. If either party is not satisfied with the decision of the department, they have five working days from receipt of the decision to contact the dean's office (at the number below), indicating the intention to appeal. If the complaint does not involve an academic department in the school, the student must contact the dean's office within 60 calendar days of the alleged unfair treatment.
5. In either case, there will be an attempt to resolve the issue informally by the associate dean. If this cannot be done, the complaint can be filed in writing with the dean's office. This must be done within

10 working days of the time the appealing party was notified that informal resolution was unsuccessful.

6. On receipt of such a written complaint, the associate dean will convene a subcommittee of the school's Equity & Diversity Committee. This subcommittee may ask for additional information from the parties involved and may hold a hearing at which both parties will be asked to speak separately. The subcommittee will then make a written recommendation to the dean of the School of Education who will render a decision. Unless a longer time is negotiated, this written decision shall be made within 20 working days from the date when the grievance was filed with the dean's office.

Questions about these procedures can be directed to the School of Education Dean's Office, 377 Education Building, 1000 Bascom Mall, 608-262-1763.

State law contains additional provisions regarding discrimination and harassment. Wisconsin Statutes 36.12 reads, in part: "No student may be denied admission to, participation in or the benefits of, or be discriminated against in any service, program, course or facility of the system or its institutions or center because of the student's race, color, creed, religion, sex, national origin, disability, ancestry, age, sexual orientation, pregnancy, marital status or parental status." In addition, UW–System prohibits discrimination based on gender identity or gender expression. Students have the right to file discrimination and harassment complaints with the Office of Compliance (<https://compliance.wisc.edu/>), 361 Bascom Hall, 608-265-6018, [uwcomplianceoffice@wisc.edu](mailto:uwcomplianceoffice@wisc.edu).

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

## LEARNING OUTCOMES

1. (Foundational Knowledge) Demonstrate an understanding of the physical, psychological and contextual substrates of human occupation in typical and nontypical development.
2. (Foundational Knowledge) Discuss the role of personal and environmental factors on involvement in daily activities and community participation.
3. (Foundational Knowledge) Critically examine and apply theories associated with the science of human occupation and models of interprofessional practice to service delivery.
4. (Foundational Knowledge) Demonstrate knowledge of one's own role and those of other professions to appropriately assess and address the needs of clients and populations served.
5. (Scientific Inquiry and Theory Development) Articulate current problems facing the profession of occupational therapy in an interprofessional context with respect to theory, knowledge and practice.
6. (Scientific Inquiry and Theory Development) Identify and critique current knowledge, theories and evidence to inform practice.

7. (Scientific Inquiry and Theory Development) Demonstrate necessary skills for designing a scholarly proposal that includes a research question, relevant literature, samples, design, measurement and data analysis.
8. (Scientific Inquiry and Theory Development) Participate in scholarly activities that evaluate professional practice, service delivery, and/or professional issues.
9. (Practice Reasoning and Decision Making) Appropriately assess clients' participation in daily life activities and employ an interprofessional approach to determining clients' needs within the context of family and society.
10. (Practice Reasoning and Decision Making) Identify factors within the environment that influence participation in home and community life.
11. (Practice Reasoning and Decision Making) Plan for discharge in collaboration with the client and family and terminate occupational therapy when appropriate.
12. (Professional Conduct) Articulate the values of the occupational therapy profession.
13. (Professional Conduct) Work with individuals of other professions to maintain a climate of mutual respect and shared values.
14. (Professional Conduct) Describe the varied roles of the occupational therapist as practitioner, educator, researcher, and entrepreneur.
15. (Professional Conduct) Establish appropriate therapeutic relationships with individuals, groups, organizations and systems.
16. (Professional Conduct) Use effective interpersonal communication and demonstrate effective and culturally sensitive group communication.
17. (Professional Conduct) Demonstrate use of safety precautions with the client during the process of practice.
18. (Professional Conduct) Demonstrate knowledge of legal and ethical issues related to care in health, education, and community settings.

### ACCREDITATION

#### ACCREDITATION

Accreditation Council for Occupational Therapy Education (<https://www.aota.org/Education-Careers/Accreditation.aspx>)

Accreditation status: Accreditation. Next accreditation review: 2028

### CERTIFICATION/LICENSURE

#### CERTIFICATION/LICENSURE

National Board for Certification in Occupational Therapy (<https://www.nbcot.org/en/>)

Year of Exam	UW-Madison Graduates: First Attempt	National First Attempt
2020	100%	84%
2019	100%	82%
2018	100%	81%

Note: The table shows pass rates on the national certification exam. Licenses are awarded at the state level.

#### PROFESSIONAL CERTIFICATION/LICENSURE DISCLOSURE (NC-SARA)

The United States Department of Education requires institutions that provide distance education to disclose information for programs leading to professional certification or licensure about whether each program meets state educational requirements for initial licensure or certification. Following is this disclosure information for this program:

#### The requirements of this program meet Certification/Licensure in the following states:

Wisconsin

#### The requirements of this program do not meet Certification/Licensure in the following states:

#### The requirements of this program have not been determined if they meet Certification/Licensure in the following states:

Alabama, Alaska, Arizona, Arkansas, California, Colorado, Connecticut, Delaware, Florida, Georgia, Hawaii, Idaho, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Michigan, Minnesota, Mississippi, Missouri, Montana, Nebraska, Nevada, New Hampshire, New Jersey, New Mexico, New York, North Carolina, North Dakota, Ohio, Oklahoma, Oregon, Pennsylvania, Rhode Island, South Carolina, South Dakota, Tennessee, Texas, Utah, Vermont, Virginia, Washington, West Virginia, Wyoming; District of Columbia; American Samoa, Guam, Northern Mariana Islands, Puerto Rico, U.S. Virgin Islands

### OCCUPATIONAL THERAPY, OTD

The occupational therapy program resides in the Department of Kinesiology (<https://kinesiology.education.wisc.edu/>) and offers two graduate programs options in the OTD: an entry-level doctor of

occupational therapy (Entry-Level (p. 1065)) and a post-professional doctor of occupational therapy (Post-Professional (p. 1068)). Occupational therapists interested in pursuing advanced research training may also apply to the M.S. (p. 1055)/Ph.D. (p. 1057) in Kinesiology with a specialization in Occupational Science. The purpose of the graduate program is to prepare clinicians, researchers, and teachers who possess a solid foundation in both the theoretical and applied aspects of the disciplines of occupational therapy and science.

### ADMISSIONS

Students apply to the Occupational Therapy Doctorate through the Entry-Level named option:

- Entry-Level (p. 1065)

### FUNDING

#### GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

#### PROGRAM INFORMATION

Students enrolled in this program are not eligible to receive tuition remission from graduate assistantship appointments at this institution.

### REQUIREMENTS

#### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

#### MAJOR REQUIREMENTS

##### MODE OF INSTRUCTION

Face to Face	Evening/Weekend	Online	Hybrid	Accelerated
No	No	Yes	No	No

##### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students are able to complete a program with minimal disruptions to careers and other commitments.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW–Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

### Requirements Detail

Minimum Credit Requirement	See Named Option for policy information
Minimum Residence Credit Requirement	32 credits
Minimum Graduate Coursework Requirement	Half of degree coursework must be completed graduate-level coursework. Details can be found in the Graduate School's policy: <a href="https://policy.wisc.edu/library/UW-1244">https://policy.wisc.edu/library/UW-1244</a> ( <a href="https://policy.wisc.edu/library/UW-1244/">https://policy.wisc.edu/library/UW-1244/</a> )
Overall Graduate GPA Requirement	3.00 GPA required. This program follows the Graduate School's policy: <a href="https://policy.wisc.edu/library/UW-1203">https://policy.wisc.edu/library/UW-1203</a> ( <a href="https://policy.wisc.edu/library/UW-1203/">https://policy.wisc.edu/library/UW-1203/</a> ).
Other Grade Requirements	n/a
Assessments and Examinations	Capstone project proposal and final product must be reviewed and approved by a dissertation committee of graduate faculty per Graduate School policy.
Language Requirements	No language requirements.
Doctoral Minor/Breadth Requirements	Breadth is provided via interdisciplinary training (minor requirement waived).

## REQUIRED COURSES

Select a Named Option for courses required.

## NAMED OPTIONS

A named option is a formally documented sub-major within an academic major program. Named options appear on the transcript with degree conferral. Students pursuing the Occupational Therapy Doctorate must select the following named option:

View as listView as grid

- OCCUPATIONAL THERAPY: ENTRY LEVEL, OTD (P. 1065)
- OCCUPATIONAL THERAPY: POST-PROFESSIONAL, OTD (P. 1068)

## POLICIES

Students should refer to the Entry-Level named option for policy information:

- Entry-Level (p. 1065)

## PROFESSIONAL DEVELOPMENT

## GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

## LEARNING OUTCOMES

1. Articulate and apply underlying occupation-based theories, concepts and techniques of occupational therapy intervention for a variety of contexts.
2. Formulate systems to gather, analyze and interpret data and present to a professional audience.
3. Demonstrate active involvement in professional development, leadership, and advocacy for the benefit of constituents and the profession.
4. Synthesize current knowledge, available evidence and responses to interventions to inform new approaches to practice problems.
5. Demonstrate commitment to healthy long-term professional growth through the creation, implementation, and monitoring of a career development plan including application of wellness and prevention strategies.

## ACCREDITATION

In March 2020, the Occupational Therapy Doctoral (OTD) program was granted Candidacy Status with the Accreditation Council for Occupational Therapy Education (ACOTE) (<https://www.aota.org/Education-Careers/Accreditation.aspx>) and advanced to the Preaccreditation Review step with the self-study due in 2022. With Candidacy Status, the program is eligible to admit students.

### Doctoral-Degree-Level Occupational Therapy Program (Program with Candidacy Status)

The UW-Madison entry-level occupational therapy doctoral degree program has applied for accreditation and has been granted Candidacy Status by the Accreditation Council for Occupational Therapy Education (ACOTE) of the American Occupational Therapy Association (AOTA), located at 6116 Executive Boulevard, Suite 200, North Bethesda, MD 20852-4929. ACOTE's telephone number c/o AOTA is (301) 652-AOTA and its Web address is [www.acoteonline.org](http://www.acoteonline.org) (<http://www.acoteonline.org>). The program must have a preaccreditation review, complete an on-site evaluation, and be granted Accreditation Status before its graduates will be eligible to sit for the national certification examination for the occupational therapist administered by the National Board for Certification in Occupational Therapy (NBCOT). After successful completion of this exam, the individual will be an Occupational Therapist, Registered (OTR). In addition, all states require licensure in order to practice; however, state licenses are usually based on the results of the NBCOT Certification Examination. Note that a felony conviction may affect a graduate's ability to sit for the NBCOT certification examination or attain state licensure.

## OCCUPATIONAL THERAPY: ENTRY LEVEL, OTD

This is a named option within the Occupational Therapy, OTD (p. 1063).

The Entry-Level Occupational Therapy Doctorate (OTD) is a three-year, full time program. Our cohort is an intimate 32 students who receive the individualized advising and support they need to develop into successful clinicians and leaders. The program includes the fundamentals of occupational therapy best practice with values emphasizing the importance of occupation, cultural responsiveness, ethical practice, interprofessional collaboration, and social justice. Our courses are organized into four main threads:

- Practice - Occupation-centered and evidence-based
- Research - Critical application and participation in clinically relevant research
- Leadership - Respectful advocacy, influence and transformation
- Wellness - Promoting health in self and others

## ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	The program does not admit in the fall.
Spring Deadline	The program does not admit in the spring.
Summer Deadline	November 15

GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements ( <a href="https://grad.wisc.edu/apply/requirements/#english-proficiency">https://grad.wisc.edu/apply/requirements/#english-proficiency</a> ).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

Admission to the entry-level professional program in occupational therapy requires:

- Bachelor's degree (or equivalent) from a regionally accredited school of higher education by the start of the program
- Transcripts from each college, university, or technical college attended showing work completed and in progress
- Documentation of paid or volunteer experience in at least two different settings serving persons across the lifespan with physical, behavioral or mental health disabilities
- Direct observation of Registered Occupational Therapists, or Certified Occupational Therapy Assistants, providing services is highly recommended
- Personal statement responding to prompts provided on the graduate application
- At least a "C" or better in the following prerequisite courses or their equivalent:
  - Lifespan Development (6 credits)
  - Abnormal Psychology (3 credits)
  - Statistics (3 credits)
  - Human Physiology (3-5 credits WITH LAB)
  - Human Anatomy (3-5 credits)
  - Human Anatomy Lab (1-3 credits)

## FUNDING

### GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

### PROGRAM INFORMATION

Students enrolled in this program are not eligible to receive tuition remission from graduate assistantship appointments at this institution.

Our 75 years of generous alumni have provided a number of private scholarships for our students which support tuition, research, travel and other opportunities. Please explore our website for the most current scholarship options available. <https://kinesiology.education.wisc.edu/elotd/>

### CURRICULAR REQUIREMENTS

#### Requirements Detail

Minimum Credit Requirement	97 credits
Minimum Residence Credit Requirement	85 credits
Minimum Graduate Coursework Requirement	All credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy ( <a href="https://policy.wisc.edu/library/UW-1244">https://policy.wisc.edu/library/UW-1244</a> ( <a href="https://policy.wisc.edu/library/UW-1244/">https://policy.wisc.edu/library/UW-1244/</a> )).
Overall Graduate GPA Requirement	3.00 GPA required. This program follows the Graduate School's policy: <a href="https://policy.wisc.edu/library/UW-1203">https://policy.wisc.edu/library/UW-1203</a> ( <a href="https://policy.wisc.edu/library/UW-1203/">https://policy.wisc.edu/library/UW-1203/</a> ).
Other Grade Requirements	Students must earn a grade of C or better in ANATOMY 622 to continue in the program.
Assessments and Examinations	Capstone project proposal and final product must be reviewed and approved by a capstone committee per Graduate School policy.
Language Requirements	No language requirements.

**Breadth Requirement** Breadth is provided via interprofessional training (doctoral minor or graduate/professional certificate waived).

### REQUIRED COURSES

The Entry Level OTD has a prescribed curriculum of 97 credits total.

Code	Title	Credits
<b>Summer 1 (9 credits)</b>		
ANATOMY 622	Human Anatomy for Physical and Occupational Therapy Students	6
OCC THER 650	Enabling Occupations: Introduction	2
OCC THER 731	Living Well: Wellness Promotion for Graduate Students	1
<b>Fall 1 (15 credits)</b>		
OCC THER 640	Applied Neuroanatomy for Allied Health Professionals	3
OCC THER 651	Clinical Conditions I	1
OCC THER 710	Professional and Leadership Skills 1: Foundations	2
OCC THER 722	Enabling Occupations 1: Adult Focus	4
OCC THER 770	Evidence Based Practice Lab Practicum	2
OCC THER 771	Evidence Based Practice 1: Basics	3
<b>Spring 1 (14 credits)</b>		
OCC THER 711	Professional and Leadership Skills 2: Effective Interprofessional Relationships	2
OCC THER 723	Enabling Occupations 2: Adult Focus	4
OCC THER 726	Level 1 Fieldwork A: Adult Physical Disabilities	1
OCC THER 732	Living Well: Designing Occupation-based Wellness Promotion	2
OCC THER 770	Evidence Based Practice Lab Practicum	2
OCC THER 772	Evidence Based Practice 2: Research Design, Methods, and Analysis	3
<b>Summer 2 (10 credits)</b>		
OCC THER 652	Clinical Conditions II	1

OCC THER 728	Level 1 Fieldwork C: Pediatrics	1
OCC THER 770	Evidence Based Practice Lab Practicum	2
OCC THER 773	Evidence Based Practice 3: Research Translation	3

OCC THER 811	Applied Leadership and Management in OT	3
OCC THER 821	Case Synthesis 1	1
<b>Spring 2 (7 credits + 2 optional elective credits)</b>		
OCC THER 662	Level II Fieldwork A	6
OCC THER 880	Introduction to Capstone	1
<b>Summer 3 (9 credits)</b>		
OCC THER 664	Level II Fieldwork B	6
OCC THER 812	Current Trends Shaping Occupational Therapy Practice	3
<b>Fall 3 (9 credits)</b>		
OCC THER 712	Professional and Leadership Skills 3: Management	2
KINES 785	Human Occupation and Health	2
OCC THER 822	Case Synthesis 2	2
OCC THER 881	Capstone Project 1	3
<b>Spring 3 (9 credits)</b>		
OCC THER 882	Capstone Project II	3
OCC THER 883	Doctoral Experiential Component	6
<b>Total Credits</b>		<b>97</b>

Students in this program may not take courses outside the prescribed curriculum without faculty advisor and program director approval. Students in this program cannot enroll concurrently in other undergraduate, graduate or certificate programs.

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

### NAMED OPTION-SPECIFIC POLICIES

#### PRIOR COURSEWORK

##### Graduate Work from Other Institutions

With program approval, students are allowed to count up to 12 credits of graduate coursework from other institutions. Coursework should be less than five years old to be considered, additional justification and/or documentation are needed for work taken between five and ten years. Work more than ten years old will not be considered.

##### UW–Madison Undergraduate

No undergraduate coursework will be allowed to count toward OTD requirements.

##### UW–Madison University Special

With program approval, students are allowed to count no more than 9 credits of coursework numbered 300 or above taken as a UW–Madison University Special student. These credits are considered part of the total allowable credits available for a student to transfer. Coursework should be less than five years old to be considered; additional justification and/

or documentation is needed for work taken between five and ten years. Work more than ten years old will not be considered.

### PROBATION

This program follows the Graduate School's Probation policy (<https://policy.wisc.edu/library/UW-1217/>).

### ADVISOR / COMMITTEE

Every graduate student is required to have an advisor to meet UW information management needs, and accordingly, and of its own volition, the department assigns an advisor to each student. The advisor is a graduate or clinical faculty member.

To ensure that students are making satisfactory progress toward a degree, the Graduate School expects them to meet with their advisor on a regular basis. The OTD Program Coordinator will advise students in the early stages of their studies until a permanent advisor is assigned. The advisor may also serve on the student's capstone project committee.

### CREDITS PER TERM ALLOWED

15 credits

### TIME LIMITS

This program follows the Graduate School's Time Limits policy (<https://policy.wisc.edu/library/UW-1221/>).

### GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
  - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Any student who feels that they have been treated unfairly by a faculty or staff member has the right to complain about the treatment and to receive a prompt hearing of the grievance, following these grievance procedures. The complaint may concern course grades, classroom treatment, program admission, or other issues. To insure a prompt and fair hearing of any complaint, and to protect both the rights of the student and the person at whom the complaint is addressed, the procedures below are used in the School of Education.

The person whom the complaint is directed against must be an employee of the School of Education. Any student or potential student may use these procedures unless the complaint is covered by other campus rules or contracts. The following steps are available within the School of Education when a student has a grievance:

1. The student should first talk with the person against whom the grievance is directed. Most issues can be settled at this level. If the complaint is directed against a teaching assistant, and the student is not satisfied, the next step would be to talk to the TA's supervisor, who is usually the course professor. If the complaint is not resolved satisfactorily, the student may continue to step 2.
2. If the complaint does not involve an academic department, the procedure outlined in Step 4 below should be followed. If the complaint involves an academic department, the student should contact the chair of the department. The chair will attempt to resolve the problem informally. If this cannot be done to the student's satisfaction, the student may submit the grievance to the chair in writing. This must be done within 60 calendar days of the alleged unfair treatment.
3. On receipt of a written complaint, the chair will refer the matter to a departmental committee, which will obtain a written response from the person at whom the complaint is directed. This response shall be shared with the person filing the grievance. The chair will provide a timely written decision to the student on the action taken by the committee.
4. If either party is not satisfied with the decision of the department, they have five working days from receipt of the decision to contact the dean's office (at the number below), indicating the intention to appeal. If the complaint does not involve an academic department in the school, the student must contact the dean's office within 60 calendar days of the alleged unfair treatment.
5. In either case, there will be an attempt to resolve the issue informally by the associate dean. If this cannot be done, the complaint can be filed in writing with the dean's office. This must be done within 10 working days of the time the appealing party was notified that informal resolution was unsuccessful.
6. On receipt of such a written complaint, the associate dean will convene a subcommittee of the school's Equity & Diversity Committee. This subcommittee may ask for additional information from the parties involved and may hold a hearing at which both parties will be asked to speak separately. The subcommittee will then make a written recommendation to the dean of the School of Education who will render a decision. Unless a longer time is negotiated, this written decision shall be made within 20 working days from the date when the grievance was filed with the dean's office.

Questions about these procedures can be directed to the School of Education Dean's Office, 377 Education Building, 1000 Bascom Mall, 608-262-1763.

State law contains additional provisions regarding discrimination and harassment. Wisconsin Statutes 36.12 reads, in part: "No student may be denied admission to, participation in or the benefits of, or be discriminated against in any service, program, course or facility of the system or its institutions or center because of the student's race, color, creed, religion, sex, national origin, disability, ancestry, age, sexual orientation, pregnancy, marital status or parental status." In addition, UW-System prohibits discrimination based on gender identity or gender expression. Students have the right to file discrimination and harassment complaints with the Office of Compliance (<https://compliance.wisc.edu/>), 361 Bascom Hall, 608-265-6018, [uwcomplianceoffice@wisc.edu](mailto:uwcomplianceoffice@wisc.edu).

### INSTRUCTORS, PROGRAM STAFF, AND FACULTY WEBSITES ([HTTPS:// KINESIOLOGY.EDUCATION.WISC.EDU/OT/PEOPLE/](https://kinesiology.education.wisc.edu/ot/people/))

## OCCUPATIONAL THERAPY: POST- PROFESSIONAL, OTD

**Admissions to the Post-Professional, OTD named option will be suspended as of fall 2022, and the program will be discontinued as of fall 2024. If you have any questions, please contact the department.**

This is a named option within the Occupational Therapy, OTD (p. 1063).

The post-professional OTD program is a part-time, structured online curriculum serving occupational therapists' need for distance access and flexibility to acquire advanced practice and leadership skills. The OTD program trains occupational therapists to become visionary leaders, engage in inter-professional education and practice, and facilitate research translation. Students enter as a cohort in the fall semester and

complete the program over three years of part-time study. There is an option to complete within two years as well.

The Post-Professional OTD cultivates and grows practitioners interested in pursuit of careers in health care management, education and public service. Students enrolled in the program will already have the professional clinical training necessary for certification and licensure as occupational therapists. Through this curriculum and completion of a capstone project, occupational therapists will expand their knowledge of the health and education delivery systems, the policies influencing transformation of care in these environments and will gain the tools needed to be visionary leaders in interprofessional contexts.

## ADMISSIONS

**Admissions to the Post-Professional, OTD named option will be suspended as of Fall 2022, and the program will be discontinued as of Fall 2024. If you have any questions, please contact the department.**

This program is no longer admitting and is not accepting applications.

For students interested in Occupational Therapy, see the admitting program of Occupational Therapy: Entry Level, OTD (p. 1065).

## FUNDING

## GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### NAMED OPTION REQUIREMENTS

#### MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
No	No	Yes	No	No

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students are able to complete a program with minimal disruptions to careers and other commitments.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW–Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

Requirements	Detail
Minimum Credit Requirement	64 credits (34 beyond the M.S.)
Minimum Residence Credit Requirement	32 credits
Minimum Graduate Coursework Requirement	32 credits (50% of 64 credits) must be graduate-level coursework. Details can be found in the Graduate School's policy: <a href="https://policy.wisc.edu/library/UW-1244">https://policy.wisc.edu/library/UW-1244</a> ( <a href="https://policy.wisc.edu/library/UW-1244/">https://policy.wisc.edu/library/UW-1244/</a> )
Overall Graduate GPA Requirement	3.00 GPA required. This program follows the Graduate School's policy: <a href="https://policy.wisc.edu/library/UW-1203">https://policy.wisc.edu/library/UW-1203</a> ( <a href="https://policy.wisc.edu/library/UW-1203/">https://policy.wisc.edu/library/UW-1203/</a> ).
Other Grade Requirements	n/a
Assessments and Examinations	Capstone project proposal and final product must be reviewed and approved by a dissertation committee of graduate faculty per Graduate School policy.
Language Requirements	No language requirements.
Doctoral Minor/Breadth Requirements	Breadth is provided via interdisciplinary training (minor requirement waived).

## REQUIRED COURSES

Code	Title	Credits
<b>Fall 1</b>		
OCC THER 811	Applied Leadership and Management in OT	3
OCC THER 871	Application of Occupational Therapy Evidence in the Practice Environment	2
Elective course <sup>1</sup>		1-3
<b>Spring 1</b>		
OCC THER 872	Using Information to Optimize Practice	3
KINES 785	Human Occupation and Health	2
OCC THER 880	Introduction to Capstone	1
Elective course <sup>1</sup>		1-3
<b>Summer</b>		
OCC THER 812	Current Trends Shaping Occupational Therapy Practice	3
OCC THER 873	Advanced Outcome Measurement in Occupational Therapy	3

OCC THER 814	Communicating OT to Interprofessional Audiences	3
<b>Fall 2</b>		
OCC THER 881	Capstone Project I	3
OCC THER 813	Advanced Practice in Interprofessional Contexts	3
Elective course <sup>1</sup>		1-3
<b>Spring 2</b>		
OCC THER 882	Capstone Project II	3
Elective course <sup>1</sup>		2-3
<b>Total Credits</b>		<b>34-41</b>

1

Five total elective credits must be taken. Options include OCC THER 890 Inter-Professional Development for Leadership, KINES 699 Independent Study, or E P D courses, including: E P D 701 Writing for Professionals, E P D 702 Professional Presentations, or E P D 704 Organizational Communication and Problem Solving.

Students in this program may not take courses outside the prescribed curriculum without faculty advisor and program director approval. Students in this program cannot enroll concurrently in other undergraduate, graduate or certificate programs.

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

### NAMED OPTION-SPECIFIC POLICIES

#### PRIOR COURSEWORK

##### Graduate Work from Other Institutions

With program approval, students are allowed to count up to 30 credits of graduate coursework from other institutions. Coursework should be less than five years old to be considered, additional justification and/or documentation are needed for work taken between five and ten years. Work more than ten years old will not be considered.

##### UW-Madison Undergraduate

No undergraduate coursework will be allowed to count toward OTD requirements.

##### UW-Madison University Special

With program approval and payment of the difference in tuition (between University Special and Graduate tuition), students are allowed to count no more than 9 credits of coursework numbered 300 or above taken as a UW-Madison University Special student. These credits are considered part of the total allowable credits available for a student to transfer. Coursework should be less than five years old to be considered; additional justification and/or documentation is needed for work taken between five and ten years. Work more than ten years old will not be considered.

### PROBATION

This program follows the Graduate School's Probation policy (<https://policy.wisc.edu/library/UW-1217/>).

### ADVISOR / COMMITTEE

Every graduate student is required to have an advisor to meet UW information management needs, and accordingly, and of its own volition, the department assigns an advisor to each student. The advisor is a graduate or clinical faculty member.

This program follows the Graduate School's Advisor policy (<https://policy.wisc.edu/library/UW-1232/>) and Committees policy. (<https://policy.wisc.edu/library/UW-1201/>)

To ensure that students are making satisfactory progress toward a degree, the Graduate School expects them to meet with their advisor on a regular basis. The OTD Program Coordinator will advise students in the early stages of their studies until a permanent advisor is assigned. The advisor may also serve on the student's capstone project committee.

### CREDITS PER TERM ALLOWED

15 credits

### TIME LIMITS

This program follows the Graduate School's Time Limits policy. (<https://policy.wisc.edu/library/UW-1221/>)

### GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
  - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)

- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Any student who feels that they have been treated unfairly by a faculty or staff member has the right to complain about the treatment and to receive a prompt hearing of the grievance, following these grievance procedures. The complaint may concern course grades, classroom treatment, program admission, or other issues. To insure a prompt and fair hearing of any complaint, and to protect both the rights of the student and the person at whom the complaint is addressed, the procedures below are used in the School of Education.

The person whom the complaint is directed against must be an employee of the School of Education. Any student or potential student may use these procedures unless the complaint is covered by other campus rules or contracts. The following steps are available within the School of Education when a student has a grievance:

1. The student should first talk with the person against whom the grievance is directed. Most issues can be settled at this level. If the complaint is directed against a teaching assistant, and the student is not satisfied, the next step would be to talk to the TA's supervisor, who is usually the course professor. If the complaint is not resolved satisfactorily, the student may continue to step 2.
2. If the complaint does not involve an academic department, the procedure outlined in Step 4 below should be followed. If the complaint involves an academic department, the student should contact the chair of the department. The chair will attempt to resolve the problem informally. If this cannot be done to the student's satisfaction, the student may submit the grievance to the chair in writing. This must be done within 60 calendar days of the alleged unfair treatment.
3. On receipt of a written complaint, the chair will refer the matter to a departmental committee, which will obtain a written response from the person at whom the complaint is directed. This response shall be shared with the person filing the grievance. The chair will provide a timely written decision to the student on the action taken by the committee.
4. If either party is not satisfied with the decision of the department, they have five working days from receipt of the decision to contact the dean's office (at the number below), indicating the intention to appeal. If the complaint does not involve an academic department in the school, the student must contact the dean's office within 60 calendar days of the alleged unfair treatment.
5. In either case, there will be an attempt to resolve the issue informally by the associate dean. If this cannot be done, the complaint can be filed in writing with the dean's office. This must be done within 10 working days of the time the appealing party was notified that informal resolution was unsuccessful.
6. On receipt of such a written complaint, the associate dean will convene a subcommittee of the school's Equity & Diversity Committee. This subcommittee may ask for additional information from the parties involved and may hold a hearing at which both parties will be asked to speak separately. The subcommittee will then make a written recommendation to the dean of the School of Education who will render a decision. Unless a longer time is negotiated, this written decision shall be made within 20 working days from the date when the grievance was filed with the dean's office.

Questions about these procedures can be directed to the School of Education Dean's Office, 377 Education Building, 1000 Bascom Mall, 608-262-1763.

State law contains additional provisions regarding discrimination and harassment. Wisconsin Statutes 36.12 reads, in part: "No student may be denied admission to, participation in or the benefits of, or be discriminated against in any service, program, course or facility of the system or its institutions or center because of the student's race, color, creed, religion, sex, national origin, disability, ancestry, age, sexual orientation, pregnancy, marital status or parental status." In addition, UW-System prohibits discrimination based on gender identity or gender expression. Students have the right to file discrimination and harassment complaints with the Office of Compliance (<https://compliance.wisc.edu/>), 361 Bascom Hall, 608-265-6018, [uwcomplianceoffice@wisc.edu](mailto:uwcomplianceoffice@wisc.edu).

## LA FOLLETTE SCHOOL OF PUBLIC AFFAIRS

### DEGREES/MAJORS, DOCTORAL MINORS, GRADUATE/PROFESSIONAL CERTIFICATES

- International Public Affairs, MIPA (p. 1072)
- Public Affairs, Doctoral Minor (p. 1076)
- Public Affairs, MPA (p. 1077)

### PEOPLE

Faculty (<http://lafollette.wisc.edu/faculty-staff/>): Barnes, Blank, Chinn, Collins, Copelovitch, Durrance, Edwards, Fletcher, Garcia, Halpern-Meekin, Jacobs, Johnson, Koellinger, Lei, Milton, Nemet, Pevehouse, Schmitz, Smeeding, Teodoro, Wallace, Wang, Weimer, Wolfe, Yackee (director).

## INTERNATIONAL PUBLIC AFFAIRS, MIPA

The Master of International Public Affairs (MIPA) Program provides education in public policy and global governance that prepares students from the United States and around the world to work in government, in businesses engaged with the global economy, for non-governmental organizations, or with consulting firms analyzing international policies.

The award-winning La Follette School faculty includes economists, political scientists, sociologists, and public affairs scholars who teach the skills and tools needed for a career in public affairs. They are experts in social policy, health policy and management, public administration, public policy analysis, environmental policy, poverty, and tax policy and government finance.

Beyond campus, the city of Madison, as the state capital, provides a wealth of opportunities for La Follette School students to participate in outreach and acquire practical experience as professional project assistants or interns with public and private entities. Students benefit from the strong relationships that La Follette School faculty have with these organizations, in keeping with the Wisconsin Idea of public service. This includes the Wisconsin Family Impact Seminar and Campus Connect —opportunities that use evidence-based research to inform policymakers and improve public policy.

### INTERNATIONAL PUBLIC AFFAIRS DOUBLE DEGREES, DUAL DEGREES, AND CERTIFICATE PROGRAMS

Some students earn additional credentials while they work toward their public affairs degrees. Students must follow double degree (<https://grad.wisc.edu/acadpolicy/?policy=doubleddegrees>) and dual degree (<https://grad.wisc.edu/acadpolicy/?policy=dualdegreesgradprof>) policies. The following combined degree and certificate programs are available, though students choose to embark on double degrees and graduate certificates beyond those listed below:

- Law (Juris Doctorate)
- Master of Public Health
- Master of Science in Urban and Regional Planning
- Doctorate in Neuroscience
- Energy Analysis and Policy Certificate through the Nelson Institute in Environmental Studies
- Business, Environment, & Social Responsibility; Entrepreneurship; or Strategic Innovation offered through the Wisconsin School of Business.
- Certificates from area studies programs

### Law and International Public Affairs (MIPA/J.D.)

Increasingly, careers in the federal, state and local governments, as well as nonprofit organizations and private sector businesses require an understanding of public administration, policy analysis, and public affairs, as well as law. Many students choose to pursue the dual law and public affairs degree because of their interest in employment in government agencies, government relations law practice, or in other policy-oriented firms and organizations.

For most students the dual degree program will add about a year of study to the three years it takes to complete law school, but will save approximately one year of study compared to doing the two programs separately.

### Public Health and International Public Affairs (MIPA/MPH)

The Master of International Public Affairs (MIPA) and Master of Public Health (MPH) dual degree program prepares health policy professionals as policy analysts and public managers in the increasingly important area of health care. Dual degree MIPA/MPH students develop a solid foundation in policy analysis and global governance offered by La Follette faculty and substantive knowledge in public health offered through the School of Medicine and Public Health.

The dual degree program generally takes three years to complete, including summers.

### Neuroscience and International Public Affairs (MIPA/PH.D.)

Advances in neuroscience have important policy implications for child welfare and education, community development, mental health and health care, bioethics and aging, environmental risks and national security. The Neuroscience and Public Policy Program (NPP) courses prepare students to work in the growing array of domestic or international policy jobs involved in the management of science and its integration into policy analysis and design. Students become good scientists and effective communicators, managers, and advocates of good public policy.

The double degree program typically takes five years to complete, including summers. Degree requirements are completed in the first three years. The focus of the fourth year is on research and thesis development, as well as completion of the Ph.D. Preliminary Exam. Students continue doing research and defend their thesis in the fifth year.

### Urban and Regional Planning and International Public Affairs (MIPA/M.S. in URPL)

The La Follette School and the Department of Planning and Landscape Architecture offer a three-year double degree program in urban and regional planning and public affairs that culminates in two degrees: a Master of International Public Affairs degree and a Master of Science in Urban and Regional Planning

## ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	January 1
Spring Deadline	This program does not admit in the spring.
Summer Deadline	This program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required but may be considered if available.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements ( <a href="https://grad.wisc.edu/apply/requirements/#english-proficiency">https://grad.wisc.edu/apply/requirements/#english-proficiency</a> ).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

Applicants for the MIPA program should submit transcripts showing undergraduate performance with at least the equivalent of a 3.0 G.P.A. (on a 4.0 scale), three references, a statement of purpose, and a resume. Prerequisites include: ECON 101 Principles of Microeconomics and ECON 102 Principles of Macroeconomics, A A E 215 Introduction to Agricultural and Applied Economics, PSYCH 210 Basic Statistics for Psychology or MATH 221 Calculus and Analytic Geometry 1 or MATH 222 Calculus and Analytic Geometry 2 or STAT 301 Introduction to Statistical Methods SOC/C&E SOC 360 Statistics for Sociologists I, and POLI SCI 120 Introduction to Comparative Politics or POLI SCI 140 Introduction to International Relations, and three semesters of language study. Applicants without this background may be admitted with the understanding that these courses will be completed before beginning the program.

Every applicant whose first language is not English and whose complete four-year undergraduate instruction was not in English, must provide official scores from the Test of English as a Foreign Language (TOEFL), International English Language Testing System (IELTS) or the Michigan English Language Assessment Battery (MELAB). The applicant must provide at least one of these minimum standardized test scores: TOEFL computer-based test score 237, TOEFL internet-based test score 92, IELTS score 7, or MELAB 82. Even if a student has the minimum score, the program can require the admitted applicant to take the on-campus ESL exam and register for any recommended English-as-a-second-language course(s) in the first semester of graduate study.

**The La Follette School of Public Affairs only admits for the fall semester.** The priority deadline for admission is listed above in the table. Applications are accepted after this date on a rolling admission basis, but there is no guarantee that space in the incoming class will be available.

## FUNDING

### GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

### PROGRAM RESOURCES

La Follette School fellowships and assistantships are offered on a merit basis to select public affairs and international public affairs applicants who submit all application materials by **January 1**. Need is considered for some scholarships, so submitting a FAFSA by December 1 is also recommended.

Please refer to the Funding and Financial Information (<https://www.lafollette.wisc.edu/admissions/funding-financial-information/>) section of the La Follette School website for more information ([www.lafollette.wisc.edu](http://www.lafollette.wisc.edu)).

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### MAJOR REQUIREMENTS

#### MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	Yes

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students are able to complete a program with minimal disruptions to careers and other commitments.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW–Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

### Requirements Detail

Minimum Credit Requirement	MIPA: 42 credits
Minimum Residence Credit Requirement	MIPA accelerated track: 36 credits
Minimum Graduate Coursework Requirement	MIPA: 16 credits
Minimum Graduate Coursework Requirement	MIPA accelerated track: 36 credits
Overall Graduate GPA Requirement	3.00 GPA required.
Other Grade Requirements	This program follows the Graduate School's policy: <a href="https://policy.wisc.edu/library/UW-1203">https://policy.wisc.edu/library/UW-1203</a> ( <a href="https://policy.wisc.edu/library/UW-1203/">https://policy.wisc.edu/library/UW-1203/</a> ).
Assessments and Examinations	Students must earn a BC or above in all core curriculum coursework. A grade of C is the minimum grade permitted in elective courses that count toward a La Follette School degree.
Language Requirements	n/a
Language Requirements	No language requirement.

## REQUIRED COURSES

Students must complete 42 credits, including six core courses, a one-credit professional development seminar, plus eight elective courses. An internship can count for up to three elective credits. The program generally takes two years.

Code	Title	Credits
<b>Required Courses</b>		
PUB AFFR 800	Public Affairs Professional Development Workshop	1
PUB AFFR 818	Introduction to Statistical Methods for Public Policy Analysis	3
PUB AFFR 880	Microeconomic Policy Analysis	3
PUB AFFR 850	International Governance	3
PUB AFFR 854	Macroeconomic Policy and International Financial Regulation	3
or PUB AFFR 856	Trade, Competition, and Governance in a Global Economy	
PUB AFFR 873	Introduction to Policy Analysis	3
PUB AFFR 860	Workshop in International Public Affairs	3

### Recommended Electives in International Public Affairs

Students build proficiency beyond the core requirements through elective courses, including:

PUB AFFR 520	Inequality, Race and Public Policy
PUB AFFR 819	Advanced Statistical Methods for Public Policy Analysis
PUB AFFR 827	Administrative Internship
PUB AFFR/ POLI SCI 871	Public Program Evaluation
PUB AFFR/ A A E/ENVIR ST/ POP HLTH 881	Benefit-Cost Analysis
PUB AFFR 974	Topics in Public Affairs

### Regional Focus Fields <sup>1</sup>

1

Regional focus fields develop broad expertise in a geographic region by clustering courses, including language courses, across several disciplines, typically emphasizing courses in the social sciences. In building regional focus fields, MIPA students take advantage of the university's strong area studies centers, which include:

- African Studies (<http://africa.wisc.edu>)
- East Asian Studies (<http://eastasia.wisc.edu/>)
- European Studies (<http://uw-madison-ces.org/>)
- Latin American, Caribbean, and Iberian Studies (<http://lakis.wisc.edu/>)
- Middle East Studies (<https://mideast.wisc.edu/>)
- Russian, East European, and Central Asian Studies (<http://creeca.wisc.edu/>)
- South Asian Studies (<http://southasia.wisc.edu/>)
- Southeast Asian Studies (<http://seasia.wisc.edu/>)

### Recommended Two-Year Plan of Study

Code	Title	Credits
<b>Recommended progression</b>		
<i>Fall Year One</i>		
PUB AFFR 800	Public Affairs Professional Development Workshop	1
PUB AFFR 818	Introduction to Statistical Methods for Public Policy Analysis	3
PUB AFFR 880	Microeconomic Policy Analysis	3
<i>Spring Year One</i>		
PUB AFFR 850	International Governance	3
PUB AFFR 854	Macroeconomic Policy and International Financial Regulation <sup>1</sup>	3
or PUB AFFR 856	Trade, Competition, and Governance in a Global Economy	
PUB AFFR 873	Introduction to Policy Analysis	3
<i>Fall Year Two</i>		
<i>Spring Year Two</i>		
PUB AFFR 860	Workshop in International Public Affairs	3

1

PUB AFFR 854 Macroeconomic Policy and International Financial Regulation or PUB AFFR 856 Trade, Competition, and Governance in a Global Economy are taught in alternating years in the spring of Spring Year One.

## International Public Affairs and Urban and Regional Planning (MIPA/M.S. URPL)

The La Follette School of Public Affairs and the Department of Planning and Landscape Architecture offer a double degree Master of Science in Urban and Regional Planning and a Master of International Public Affairs. Students completing the double degree must follow the double degree plan. The Department of Planning and Landscape Architecture requires 45 credits for the Master of Science in Urban and Regional Planning. The La Follette School requires 36 credits for the Master of International Public Affairs. Per UW-Madison Graduate School policy, an overlap of 25% of credits is permitted (9 credits can count toward both degrees). Students can graduate with both degrees by completing 72 credits in three years.

Graduate coordinators for both programs have sample curricular plans that they will share with prospective or current students to assist with successful completion of all degree requirements.

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

### MAJOR-SPECIFIC POLICIES

#### PRIOR COURSEWORK

##### Graduate Work from Other Institutions

With program approval, students are allowed to count no more than 12 credits of graduate coursework from other institutions. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements. This work does not appear on UW-Madison transcript nor count toward graduate career GPA.

##### UW-Madison Undergraduate

This program follows the Graduate School's policy for Satisfying Requirements with Coursework from Undergraduate Career at UW-Madison. (<https://policy.wisc.edu/library/UW-1216/>)

##### UW-Madison University Special

With program approval, students are allowed to count no more than 9 credits of coursework numbered 300 or above taken as a UW-Madison University Special student. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

#### PROBATION

This program follows the Graduate School's Probation policy (<https://policy.wisc.edu/library/UW-1217/>).

#### ADVISOR / COMMITTEE

Every graduate student will have one faculty advisor in addition to the Admissions and Advising Coordinator to support their academic progress.

#### CREDITS PER TERM ALLOWED

MIPA: Credit load by term varies. Students typically take 10 credits in their first semester in the program, increasing to 12 credits for the next

two semesters so that they can plan a lighter load of 9 credits when in their final spring semester due to demands from their workshop course. Students need advisor approval to take 15 credits.

MIPA accelerated track: 12 credits

#### TIME LIMITS

This program follows the Graduate School's Time Limits policy (<https://policy.wisc.edu/library/UW-1221/>).

#### GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
  - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

## PROGRAM RESOURCES

### INTERNATIONAL PUBLIC AFFAIRS CAREERS

Career development is an integral part of the La Follette School experience, and data show extremely high percentages of employment three to six months post-graduation. The La Follette School offers:

- Visits with local employers, as well as trips focused on local, regional, and federal careers
- Networking opportunities
- Career development seminars with public affairs professionals
- Connections with alumni mentors

The career services coordinator works with students one-on-one to develop essential skills, such as interviewing, writing strong cover letters and resumes, and researching internships and permanent employment. During the first semester course Professional Development Workshop (<https://www.lafollette.wisc.edu/degree-programs/courses/pa-800-professional-development-workshop/>), students also create an individual plan and portfolio that help them proactively move toward their academic and career goals.

La Follette School alumni work in all levels of government, nonprofit organizations, and the private sector. Popular positions include policy analyst, consultant, executive director, research analyst, project manager, and government liaison. MIPA alumni have held positions with these agencies, organizations, and businesses:

- American Red Cross
- Aspen Institute
- CARE in Afghanistan
- Congressional-Executive Commission on China
- Deloitte
- Governments of Chile, Japan, and Korea
- Peace Corps
- United Nations Development Programme
- U.S. Agency for International Development
- U.S. Central Intelligence Agency
- U.S. Department of Homeland Security
- U.S. Department of State

Please refer to the Career Development (<https://www.lafollette.wisc.edu/career-development/>) section of the La Follette School website for more information ([www.lafollette.wisc.edu](http://www.lafollette.wisc.edu)).

### LEARNING OUTCOMES

1. (Knowledge) Students will demonstrate understanding of major current and past policy debates, research findings, and analytical methodologies in each of the following core areas: microeconomic policy analysis, macroeconomic policy analysis, quantitative tools for policy analysis, policy analysis, and international governance.
2. (Knowledge) Students will demonstrate critical thinking skills. They will retrieve and examine the policy literature and evaluate evidence for and against hypotheses, identify knowledge gaps, strengths and weaknesses in existing literature, synthesize knowledge, and develop conclusions.

3. (Applied research skills) Students will read, comprehend, and effectively summarize policy research and policy-relevant academic research.
4. (Applied research skills) Students will effectively summarize data for a general (nonacademic) or policy audience.
5. (Applied research skills) Students will demonstrate competency in methods of inferential statistics including those associated with multivariate regression models.
6. (Professional and ethical conduct) Students will identify and appropriately respond to scenarios involving the ethical and professional responsibilities of public administration.
7. (Professional and ethical conduct) Students will demonstrate the ability to maintain human subjects protections when designing studies, collecting data and reporting results.
8. (Professional and ethical conduct) Students will know and adhere to high levels of professional conduct, ethical decision-making and legal and regulatory compliance.
9. (Professional and ethical conduct) Students will demonstrate the ability to maintain fidelity to objective social science-based research methods.
10. (Communication) Students will communicate in clear written language: a real-world policy problem, relevant scholarly studies and practical applications, a policy-analytic method to investigate the problem, and client-oriented advice to mitigate the problem.
11. (Communication) Students will communicate substance of point 1 highly concisely and in language understandable to a non-specialist.
12. (Communication) Students will communicate substance of point 2 orally.
13. (Professional skills and career preparation) Students will develop effective job-seeking tools and utilize job-seeking techniques.
14. (Professional skills and career preparation) Students will complete high quality group projects, including demonstration of effective project management and teamwork.

### PEOPLE

Faculty (<http://lafollette.wisc.edu/faculty-staff/>): Barnes, Blank, Chinn, Collins, Copelovitch, Durrance, Edwards, Fletcher, Garcia, Halpern-Meekin, Jacobs, Johnson, Koellinger, Lei, Milton, Nemet, Pevehouse, Schmitz, Smeeding, Teodoro, Wallace, Wang, Weimer, Wolfe, Yackee (director).

### PUBLIC AFFAIRS, DOCTORAL MINOR

**Admissions to the Public Affairs Doctoral Minor have been suspended as of fall 2022 and will be discontinued as of fall 2025. If you have any questions, please contact the department.**

Any student enrolled in a UW–Madison doctoral program can pursue a doctoral minor in Public Affairs. The doctoral minor offers training in the field of public affairs and can be tailored to a student's specific interests. A doctoral minor in Public Affairs provides breadth and skills in public policy analysis, program evaluation, and public management.

## ADMISSIONS

**Admissions to the Public Affairs Doctoral Minor have been suspended as of fall 2022 and will be discontinued as of fall 2025. If you have any questions, please contact the department.**

To be approved for the minor in Public Affairs, the candidate must complete the Minor Agreement Form and submit it to the Student Services Coordinator at the La Follette School prior to completion of six credits of minor coursework at UW-Madison. The student must have had at least one college level course in either calculus or statistics and at least one introductory college level course in microeconomics or macroeconomics and received B's or above in these courses. At UW-Madison, STAT 301, ECON 101 and ECON 102 meet these prerequisite requirements.

The student must have a program of study approved by the Associate Director of the La Follette School of Public Affairs and the student's major PhD advisor, early in the student's graduate work.

The student must achieve a 3.0 GPA in courses used to satisfy the minor requirements.

The student may request that one relevant policy course from another UW-Madison graduate department be counted toward the minor with prior approval.

The student is advised to check in with the La Follette Student Services Coordinator; call 608-262-3582 with questions.

Approval of one transfer course is possible. A transcript, syllabus, and course description is required for evaluation.

## REQUIREMENTS

The La Follette School of Public Affairs doctoral minor requires 12 credits or four 3-credit courses.

Two courses, or six credits must be chosen from the following upper level La Follette School policy analysis or management courses, and at least one of the two courses must be a policy analysis course. PUB AFFR 818 should be taken before PUB AFFR 819 and PUB AFFR/POLI SCI 871 unless the student has already taken a graduate level statistical analysis course.

Code	Title	Credits
PUB AFFR 818	Introduction to Statistical Methods for Public Policy Analysis	3
PUB AFFR 819	Advanced Statistical Methods for Public Policy Analysis	3
PUB AFFR/ POLI SCI 871	Public Program Evaluation	3
PUB AFFR 873	Introduction to Policy Analysis	3
PUB AFFR/POLI SCI/ URB R PL 874	Policy-Making Process	3
PUB AFFR/ POLI SCI 875	Public Personnel Administration	3
PUB AFFR/POLI SCI/ URB R PL 878	Public Management	3
PUB AFFR 880	Microeconomic Policy Analysis	3

PUB AFFR/ A A E/ENVIR ST/ POP HLTH 881	Benefit-Cost Analysis	3
PUB AFFR/ POLI SCI 885	Advanced Public Management: Craft, Constraints and Accountability	3

The other two courses, or six credits may come either from other courses listed in (2) or from the following elective courses offered by the La Follette school of Public Affairs:

Code	Title	Credits
PUB AFFR/ ENVIR ST/ URB R PL 809	Introduction to Energy Analysis and Policy	3
PUB AFFR 864	Health Policy and Policy Design	3
PUB AFFR/ ENVIR ST/ POLI SCI 866	Global Environmental Governance	3
PUB AFFR/ POLI SCI 875	Public Personnel Administration	3
PUB AFFR/ SOC WORK 887	Nonprofit Leadership	3
PUB AFFR 888	Comparative and National Social Policy	3
PUB AFFR 974	Topics in Public Affairs	3

## PEOPLE

Faculty (<http://lafollette.wisc.edu/faculty-staff/>): Barnes, Blank, Chinn, Collins, Copelovitch, Durrance, Edwards, Fletcher, Garcia, Halpern-Meekin, Jacobs, Johnson, Koellinger, Lei, Milton, Nemet, Pevehouse, Schmitz, Smeeding, Teodoro, Wallace, Wang, Weimer, Wolfe, Yackee (director).

## PUBLIC AFFAIRS, MPA

The Master of Public Affairs (MPA) Program provides education in public management and policy analysis that prepares students for careers in public policy and administration within the public, private, and nonprofit sectors.

The award-winning La Follette School faculty includes economists, political scientists, sociologists, and public affairs scholars who teach the skills and tools needed for a career in public affairs. They are experts in social policy, health policy and management, public administration, public policy analysis, environmental policy, poverty, and tax policy and government finance.

Beyond campus, the city of Madison, as the state capital, provides a wealth of opportunities for La Follette School students to participate in outreach and acquire practical experience as professional project assistants or interns with public and private entities. Students benefit from the strong relationships that La Follette School faculty have with these organizations, in keeping with the Wisconsin Idea of public service. This includes the Wisconsin Family Impact Seminar and Campus Connect —opportunities that use evidence-based research to inform policymakers and improve public policy.

## PUBLIC AFFAIRS DOUBLE DEGREES, DUAL DEGREES, AND CERTIFICATE PROGRAMS

Some students earn additional credentials while they work toward their public affairs degrees. Students must follow double degree (<https://grad.wisc.edu/acadpolicy/?policy=doubleddegrees>) and dual degree (<https://grad.wisc.edu/acadpolicy/?policy=dualdegreesgradprof>) policies. The following combined degree and certificate programs have been established, though students choose to embark on double degrees and graduate certificates beyond those listed below:

- Law (Juris Doctorate)
- Master of Public Health
- Master of Science in Urban and Regional Planning
- Doctorate in Neuroscience
- Energy Analysis and Policy Certificate through the Nelson Institute in Environmental Studies
- Business, Environment, & Social Responsibility; Entrepreneurship; or Strategic Innovation offered through the Wisconsin School of Business.

### Law and Public Affairs (MPA/J.D.)

Increasingly, careers in the federal, state and local governments, as well as nonprofit organizations and private sector businesses require an understanding of public administration, policy analysis, and public affairs, as well as law. Many students choose to pursue the dual law and public affairs degree because of their interest in employment in government agencies, government relations law practice, or in other policy-oriented firms and organizations.

For most students the dual degree program will add about a year of study to the three years it takes to complete law school, but will save approximately one year of study compared to doing the two programs separately.

### Public Health and Public Affairs (MPA/MPH)

The Master of Public Affairs (MPA) and Master of Public Health (MPH) dual degree program prepares health policy professionals as policy analysts and public managers in the increasingly important area of health care. Dual degree MPA/MPH students develop a solid foundation in policy analysis and public management offered by La Follette faculty and substantive knowledge in public health offered through the School of Medicine and Public Health.

The dual degree program generally takes three years to complete, including summers.

### Neuroscience and Public Affairs (MPA/Ph.D.)

Advances in neuroscience have important policy implications for child welfare and education, community development, mental health and health care, bioethics and aging, environmental risks and national security. The Neuroscience and Public Policy Program (NPP) courses prepare students to work in the growing array of domestic or international policy jobs involved in the management of science and its integration into policy analysis and design. Students become good scientists and effective communicators, managers, and advocates of good public policy.

The double degree program typically takes five years to complete, including summers. Degree requirements are completed in the first three years. The focus of the fourth year is on research and thesis development, as well as completion of the Ph.D. Preliminary Exam. Students continue doing research and defend their thesis in the fifth year.

## Urban and Regional Planning and Public Affairs (MPA/M.S. in URPL)

The La Follette School and the Department of Planning and Landscape Architecture offer a three-year double degree program in Urban and Regional Planning and Public Affairs that culminates in two degrees: a Master of Public Affairs degree and a Master of Science in Urban and Regional Planning.

## ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	January 1
Spring Deadline	This program does not admit in the spring.
Summer Deadline	This program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required but may be considered if available.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements ( <a href="https://grad.wisc.edu/apply/requirements/#english-proficiency">https://grad.wisc.edu/apply/requirements/#english-proficiency</a> ).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

Applicants for the MPA program should submit official transcripts showing undergraduate performance with at least the equivalent of a 3.0 G.P.A. (on a 4.0 scale), three references, a statement of purpose, and a resume. Prerequisite courses include: ECON 101 Principles of Microeconomics, A A E 215 Introduction to Agricultural and Applied Economics, PSYCH 210 Basic Statistics for Psychology or MATH 221 Calculus and Analytic Geometry 1 or MATH 222 Calculus and Analytic Geometry 2 or STAT 301 Introduction to Statistical Methods or SOC/C&E SOC 360 Statistics for Sociologists I, and POLI SCI 104 Introduction to American Politics and Government. Applicants without this background may be admitted with the understanding that these courses will be completed before beginning the program.

Every applicant whose first language is not English and whose complete four-year undergraduate instruction was not in English, must provide official scores from the Test of English as a Foreign Language (TOEFL), International English Language Testing System (IELTS) or the Michigan English Language Assessment Battery (MELAB). The applicant must provide at least one of these minimum standardized test scores: TOEFL computer-based test score 237, TOEFL internet-based test score 92,

IELTS score 7, or MELAB 82. Even if a student has the minimum score, the program can require the admitted applicant to take the on-campus ESL exam and register for any recommended English-as-a-second-language course(s) in the first semester of graduate study.

**The La Follette School of Public Affairs only admits for the fall semester.** The priority deadline for admission is listed above in the table. Applications are accepted after this date on a rolling admission basis, but there is no guarantee that space in the incoming class will be available.

## FUNDING

## GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## PROGRAM RESOURCES

La Follette School fellowships and assistantships are offered on a merit basis to select public affairs and international public affairs applicants who submit all application materials by **January 1**. Need is considered for some scholarships, so submitting a FAFSA by December 1 is also recommended.

Please refer to the Funding and Financial Information (<https://www.lafollette.wisc.edu/admissions/funding-financial-information/>) section of the La Follette School website for more information ([www.lafollette.wisc.edu](http://www.lafollette.wisc.edu)).

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### MAJOR REQUIREMENTS

#### MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	Yes

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students are able to complete a program with minimal disruptions to careers and other commitments.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW–Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

Requirements Detail	
Minimum Credit Requirement	MPA: 42 credits MPA with accelerated track: 36 credits
Minimum Residence Credit Requirement	MPA: 16 credits MPA with accelerated track: 36 credits
Minimum Graduate Coursework Requirement	Half of degree coursework (21 out of 42 total credits) must be completed in graduate-level coursework. For MPA accelerated track, 19 of 36 must be completed in graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy ( <a href="https://policy.wisc.edu/library/UW-1244">https://policy.wisc.edu/library/UW-1244</a> ( <a href="https://policy.wisc.edu/library/UW-1244/">https://policy.wisc.edu/library/UW-1244/</a> )).
Overall Graduate GPA Requirement	3.00 GPA required. This program follows the Graduate School's policy: <a href="https://policy.wisc.edu/library/UW-1203">https://policy.wisc.edu/library/UW-1203</a> ( <a href="https://policy.wisc.edu/library/UW-1203/">https://policy.wisc.edu/library/UW-1203/</a> ).
Other Grade Requirements	Students must earn a BC or above in all core curriculum coursework. A grade of C is the minimum grade permitted in elective courses that count toward a La Follette School degree.
Assessments and Examinations	n/a
Language Requirements	No language requirement.

## REQUIRED COURSES

Students must complete 42 credits, including six core courses, a one-credit professional development seminar, plus eight elective courses. An internship can count for up to three elective credits. The program generally takes two years.

### Six required courses are the foundation of the MPA degree program:

Code	Title	Credits
PUB AFFR 800	Public Affairs Professional Development Workshop	1
PUB AFFR 818	Introduction to Statistical Methods for Public Policy Analysis	3
PUB AFFR/POLI SCI/URB R PL 874	Policy-Making Process	3
PUB AFFR 880	Microeconomic Policy Analysis	3
PUB AFFR 873	Introduction to Policy Analysis	3
PUB AFFR/POLI SCI/URB R PL 878	Public Management	3
PUB AFFR 869	Workshop in Public Affairs	3

### Recommended Electives in Public Affairs

Students build proficiency beyond the core requirements through elective courses, including:

PUB AFFR 520	Inequality, Race and Public Policy	3
PUB AFFR 819	Advanced Statistical Methods for Public Policy Analysis	3
PUB AFFR 827	Administrative Internship	1-3
PUB AFFR/ POLI SCI 871	Public Program Evaluation	3
PUB AFFR/ A A E/ENVIR ST/ POP HLTH 881	Benefit-Cost Analysis	3
PUB AFFR 974	Topics in Public Affairs	3

### Recommended Two-Year Plan of Study

Code	Title	Credits
<b>Recommended progression</b>		
<i>Fall Year One</i>		
PUB AFFR 800	Public Affairs Professional Development Workshop	1
PUB AFFR 818	Introduction to Statistical Methods for Public Policy Analysis	3
PUB AFFR/POLI SCI/ URB R PL 874	Policy-Making Process	3
PUB AFFR 880	Microeconomic Policy Analysis	3
<i>Spring Year One</i>		
PUB AFFR 873	Introduction to Policy Analysis	3
PUB AFFR/POLI SCI/ URB R PL 878	Public Management	3
<i>Spring Year Two</i>		
PUB AFFR 869	Workshop in Public Affairs	3

### Public Affairs And Urban and Regional Planning (MPA/M.S. URPL)

The La Follette School of Public Affairs and the Department of Planning and Landscape Architecture offer a double degree Master of Science in Urban and Regional Planning and a Master of Public Affairs. Students completing the double degree must follow the double degree plan. The Department of Planning and Landscape Architecture requires 45 credits for the Master of Science in Urban and Regional Planning. The La Follette School requires 36 credits for the Master of Public Affairs. Per UW-Madison Graduate School policy, an overlap of 25% of credits is permitted (9 credits can count toward both degrees). Students can graduate with both degrees by completing 72 credits in three years.

Graduate coordinators for both programs have sample curricular plans that they will share with prospective or current students to assist with successful completion of all degree requirements.

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

## MAJOR-SPECIFIC POLICIES

### PRIOR COURSEWORK

#### Graduate Work from Other Institutions

With program approval, students are allowed to count no more than 12 credits of graduate coursework from other institutions. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements. This work does not appear on UW-Madison transcript nor count toward graduate career GPA.

#### UW-Madison Undergraduate

This program follows the Graduate School's policy for Satisfying Requirements with Coursework from Undergraduate Career at UW-Madison. (<https://policy.wisc.edu/library/UW-1216/>)

#### UW-Madison University Special

With program approval, students are allowed to count no more than 9 credits of coursework numbered 300 or above taken as a UW-Madison University Special student. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

### PROBATION

This program follows the Graduate School's Probation policy. (<https://policy.wisc.edu/library/UW-1217/>)

### ADVISOR / COMMITTEE

Every graduate student will have one faculty advisor in addition to the Admissions and Advising Coordinator to support their academic progress.

### CREDITS PER TERM ALLOWED

MPA: Credit load by term varies. Students typically take 10 credits in their first semester in the program, increasing to 12 credits for the next two semesters so that they can plan a lighter load of 9 credits when in their final spring semester due to demands from their workshop course. Students need advisor approval to take 15 credits.

MPA with accelerated track: 12 credits

### TIME LIMITS

This program follows the Graduate School's Time Limits policy (<https://policy.wisc.edu/library/UW-1221/>).

### GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
  - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)

- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

- Second Language Acquisition, Ph.D. (p. 1083)

## PEOPLE

SLA Steering Committee - The interdisciplinary SLA Steering Committee (<https://sla.wisc.edu/steering-committee-members/>) is comprised of members from the units listed below.

African Cultural Studies: Professor Katrina Thompson

Asian Languages and Cultures: Associate Professor Naomi Geyer, Associate Professor Byung-Jin Lim and Professor Junko Mori

Curriculum and Instruction: Professor Margaret Hawkins, Associate Professor Mariana Pacheco, Assistant Professor Diego Roman, Professor Francois Tochon and Professor Kate Vieira

English: Assistant Professor Jacee Cho

French and Italian: Associate Professor Heather Allen

German, Nordic, and Slavic: Professor Monika Chavez and Professor Karen Evans-Romaine

Language Institute: Director Dianna Murphy

Spanish and Portuguese: Associate Professor Cathy Stafford

Staff: Kristin Dalby (Graduate Coordinator) and Skender Jahiu (Financial and Payroll Specialist)

## SECOND LANGUAGE ACQUISITION, DOCTORAL MINOR

The Option A minor in Second Language Acquisition (SLA) offers graduate students both a theoretical and a practical background in the increasingly important area of SLA. After completing the minor, students will be prepared to understand research in SLA and to develop teaching curricula based on principles of second language learning and teaching.

## ADMISSIONS

Students wishing to minor in SLA should first contact the relevant SLA committee member (<http://sla.wisc.edu/people/faculty/>) in their department who will refer them to the SLA minor advisor. Students declaring the minor are required to meet with Professor Naomi Geyer ([nfgeyer@wisc.edu](mailto:nfgeyer@wisc.edu)), SLA minor advisor, before registering for SLA minor courses.

## REQUIREMENTS

The SLA minor consists of 9 credits: a required course and two elective courses. Students without a background in linguistics and language pedagogy are encouraged to take introductory linguistics and teaching methodology courses before starting the SLA minor. Students may transfer up to 3 credits from prior graduate work, upon approval.

All students are required to take ENGL 318 Second Language Acquisition *or* CURRIC 673 Learning Second Language and Literacies. Students also choose two courses from the approved SLA list. With approval of the SLA minor advisor, students may count up to 3 credits (one course) of prior graduate study toward the minor.

### Approved SLA course list

Code	Title	Credits
<b>African Cultural Studies</b>		
AFRICAN 701	Advanced Topics in African Linguistics <sup>1</sup>	3
<b>Curriculum and Instruction</b>		
CURRIC 673	Learning Second Language and Literacies	1-6
CURRIC 674	Advanced Methods in Teaching English as a Second Language	3-6
CURRIC 675	General Seminar <sup>1</sup>	1-3
CURRIC 743	Educational Technology for Deep Language Learning <sup>2</sup>	1-3
CURRIC 964	Seminar in World Language Education	1-3
CURRIC 975	General Seminar <sup>2</sup>	2-3
<b>English</b>		
ENGL 414	Global Spread of English <sup>3</sup>	3
ENGL 420	Topics in English Language and Linguistics	3
ENGL 703	Research Methods in Composition Studies	3
ENGL/SOC 710	Interaction Analysis: Talk as Social Organization	3
ENGL 711	Research Methods in Applied Linguistics	3
ENGL 713	Topics in Contemporary English Linguistics <sup>1</sup>	3
ENGL 715	Advanced Second Language Acquisition	3
ENGL 905	Seminar-Topics in Applied English Linguistics <sup>1</sup>	3

### French and Italian

------------------------	--	-----

**German**

GERMAN 727	Topics in Applied Linguistics <sup>1</sup>	3
------------	--	---

**Sociology**

SOC 735	Ethnomethodology & Conversation Analysis	3
---------	---	---

**Spanish**

Note: Spanish courses are generally offered in Spanish;  
contact instructor

SPANISH 544	Contemporary Issues in Applied Spanish Linguistics <sup>2</sup>	3
-------------	--	---

SPANISH 630	Topics in Hispanic Linguistics <sup>2</sup>	3
-------------	---	---

SPANISH 815	Seminar in Language: Modern Spanish <sup>2</sup>	3
-------------	---	---

1

Topics courses. Students should see the SLA Minor Advisor for approval of topics appropriate for the minor.

2

Courses must be taken for a total of 3 credits, in one or multiple enrollments.

3

Instructor and SLA advisor consent required.

**PEOPLE**

SLA Steering Committee - The interdisciplinary SLA Steering Committee (<https://sla.wisc.edu/steering-committee-members/>) is comprised of members from the units listed below.

African Cultural Studies: Professor Katrina Thompson

Asian Languages and Cultures: Associate Professor Naomi Geyer, Associate Professor Byung-Jin Lim and Professor Junko Mori

Curriculum and Instruction: Professor Margaret Hawkins, Associate Professor Mariana Pacheco, Assistant Professor Diego Roman, Professor Francois Tochon and Professor Kate Vieira

English: Assistant Professor Jacee Cho

French and Italian: Associate Professor Heather Allen

German, Nordic, and Slavic: Professor Monika Chavez and Professor Karen Evans-Romaine

Language Institute: Director Dianna Murphy

Spanish and Portuguese: Associate Professor Cathy Stafford

Staff: Kristin Dalby (Graduate Coordinator) and Skender Jahiu (Financial and Payroll Specialist)

**SECOND LANGUAGE ACQUISITION,  
PH.D.**

Second language acquisition (SLA) is the systematic study of learning, using, and sometimes losing any form of language beyond the mother

tongue. SLA is a burgeoning research field because today there are more people on the planet who use at least two languages than there are monolinguals. For individual learners and for every community in diaspora, second language acquisition is an experience that challenges their knowledge of language, their understanding of different cultures, and their personal identities. The experiences and challenges surrounding SLA are studied by scholars whose training is in a variety of fields—linguistics, psychology, sociology, education, anthropology, and communication arts—a variety that makes the study of SLA richly interdisciplinary.

The Ph.D. Program in Second Language Acquisition at the University of Wisconsin–Madison is a rigorous interdisciplinary academic program that embodies the university's mission to foster the study of globally important issues. In their coursework, students in the program learn from and collaborate with experienced and distinguished faculty in many departments and, through their original dissertation research, students generate and contribute new knowledge to the field. Students develop a thorough understanding of the scope of SLA as a field of inquiry, and develop and refine research skills that will serve them as they define and pursue their own research agenda. A Ph.D. in SLA opens the door to scholarly and professional careers as university faculty, directors of foreign language programs, educational policy makers, and multilingual specialists.

**ADMISSIONS**

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 15
Spring Deadline	The program does not admit in the spring.
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements ( <a href="https://grad.wisc.edu/apply/requirements/#english-proficiency">https://grad.wisc.edu/apply/requirements/#english-proficiency</a> ).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

The Ph.D. Program in SLA requires a master's degree in a foreign language, English, applied linguistics, linguistics, or education. Please refer to the SLA website (<https://sla.wisc.edu/admissions/>) for

application deadlines, required application materials, and required modes of submitting these materials. In addition, general requirements for admission stipulated by the graduate school (e.g., evidence of English proficiency for certain international students) apply.

## FUNDING

### GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

### PROGRAM RESOURCES

Students in the SLA program, depending on their qualifications, may receive financial support through several departments, programs, and institutes. Students with a background in foreign language or English teaching may work as graduate teaching assistants (TAs) in departments in which those languages are taught. Other students work as graduate project assistants (PA) for the Language Institute or other units on campus. In addition to these TA and PA positions, select SLA students receive university fellowships (including the Advanced Opportunity Fellowships) upon entry into the program or when working on their dissertations. If they meet the specific eligibility criteria, students may also compete, with the program's support, in other grant and fellowship competitions, such as Foreign Language and Area Studies (FLAS) Fellowships. Additional funding opportunities are included in the information for current students on the SLA website (<https://sla.wisc.edu/content/funding-resources/>).

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### MAJOR REQUIREMENTS

#### MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students are able to complete a program with minimal disruptions to careers and other commitments.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

### CURRICULAR REQUIREMENTS

#### Requirements Detail

Minimum Credit Requirement	51 credits
Minimum Residence Credit Requirement	36 coursework credits plus 9 dissertation credits, for a total of 45 credits.
Minimum Graduate Coursework Requirement	26 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy ( <a href="https://policy.wisc.edu/library/UW-1244">https://policy.wisc.edu/library/UW-1244</a> ) ( <a href="https://policy.wisc.edu/library/UW-1244/">https://policy.wisc.edu/library/UW-1244/</a> ).
Overall Graduate GPA Requirement	3.00 GPA required. This program follows the Graduate School's GPA Requirement policy ( <a href="https://policy.wisc.edu/library/UW-1203">https://policy.wisc.edu/library/UW-1203</a> ) ( <a href="https://policy.wisc.edu/library/UW-1203/">https://policy.wisc.edu/library/UW-1203/</a> ).
Other Grade Requirements	Incompletes must be resolved by the end of the next fall or spring term in which the student is enrolled. In addition, all incompletes must be resolved before students may take any portion of the preliminary examination.
Assessments and Examinations	Students must take preliminary exams within one semester of completing coursework.  The dissertation proposal must be approved by the student's dissertation proposal committee no later than one calendar year after the student becomes a dissertator.  The last step in completing the Ph.D. in Second Language Acquisition is the successful defense of a doctoral thesis or dissertation, followed by its deposit with the Graduate School.
Language Requirements	Typically, the student must demonstrate an advanced level of academic oral and reading proficiency in two languages prior to taking preliminary exams. A plan for meeting this requirement is developed by the student and advisor during the student's first semester in the Program. The plan must be approved by the advisor and the SLA steering committee by the end of the first academic year.
Breadth Requirements	Because of the broad, interdisciplinary nature of the SLA program course requirements, a minor or graduate/professional certificate is not required. A minor or graduate/professional certificate is optional, and, in some cases, may be strongly suggested. Students must submit a short statement (2-3 pages) at the end of their third semester, discussing how the courses that they have taken so far, as well as those that they plan to take in the future semester(s), inform their dissertation research and their envisioned career path.

## REQUIRED COURSES

Code	Title	Credits
<b>Required Courses</b>		
ENGL 318	Second Language Acquisition	3
ENGL 711	Research Methods in Applied Linguistics	3
<i>Pre-approved quantitative research methods courses (please choose one 3-credit option):</i>		
ED PSYCH 760	Statistical Methods Applied to Education I	3
or ED PSYCH 761	Statistical Methods Applied to Education II	
or SOC/	Statistics for Sociologists I	
C&E SOC 360		
<i>Pre-approved qualitative research methods courses (please choose one 3-credit option):</i>		
AFRICAN 926	Seminar in Research Methods in African Cultural Studies	3
or CURRIC 714	Research and Evaluation Paradigms in Curriculum and Instruction	
or CURRIC 715	Design of Research in Curriculum and Instruction	
or CURRIC/	Introduction to Qualitative Research	
COUN PSY/		
ED POL/		
ED PSYCH/		
ELPA/		
RP & SE 719		
or CURRIC 916	Smr. Special Topics in Research & Evaluation in Curriculum & Instruction	
or ENGL 703	Research Methods in Composition Studies	
<b>Electives</b>		<b>30</b>
Chosen in consultation with advisor.		
Dissertation Credits <sup>1</sup>		9
<b>Total Credits</b>		<b>51</b>

1

Students take a minimum of 9 dissertation credits (three semesters); in most cases four or more semesters of enrollment in dissertator credits is likely. Students enroll in dissertator credits in their advisor's department and will likely need to obtain authorization from the department to register. An advisor, under certain circumstances, may permit the student to replace the 3 dissertation credits with another 3-credit graduate course that directly supports the dissertation.

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

## MAJOR-SPECIFIC POLICIES

### PRIOR COURSEWORK

#### Graduate Work from Other Institutions

With program approval, students are allowed to count up to 6 credits of graduate coursework from other institutions. Coursework earned ten years or more prior to admission to the SLA Program is not allowed to satisfy requirements.

In addition, typically, students with prior graduate coursework at UW-Madison may only count up to 6 credits toward the SLA Program.

#### UW-Madison Undergraduate

Prior coursework from the UW-Madison undergraduate career may not be applied toward the program.

#### UW-Madison University Special

Prior coursework from the UW-Madison University Special student career may not be applied toward the program.

### PROBATION

Those students not meeting satisfactory progress requirements (found in the Graduate Program Handbook) may be put on probation for a semester.

### ADVISOR / COMMITTEE

Students are required to meet with their advisor at least once each semester to review their progress, select courses, and to discuss any outstanding issues or questions.

### CREDITS PER TERM ALLOWED

15 credits

### TIME LIMITS

Students must submit plans for completing the emphasis requirement and the language requirement for approval by the steering committee within their first year of the program.

Students typically complete all of the coursework requirements within two years of enrolling in the Program. Students are required to complete all coursework and fulfill the language requirement before taking the preliminary examinations.

Students must take the preliminary examination within one semester of completing coursework.

Graduate School regulations require Ph.D. candidates to defend their dissertation five years from the date of passing their preliminary examinations.

### GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
  - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)

- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

## OTHER

Students in the SLA program are typically funded through campus teaching assistantships, project assistantships or through fellowships. Contact the program for more details.

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

### PROGRAM RESOURCES

Students in the SLA program benefit from a variety of professional development opportunities organized by students, faculty, and staff. A speaker series offers students the chance to interact with top scholars in the field. In addition, the program organizes workshops in such topics as designing research, publishing, and preparing to go on the job market. An annual graduate student symposium, organized in partnership with students in related programs on campus and other institutions, allows students to gain professional experience organizing a conference and presenting their research before audiences of peers and faculty members from the three institutions and across the country. In addition, Summer Research Partnerships provide opportunities for core faculty and students to work collaboratively on research projects. These collaborations have led to conference presentations and/or co-authored journal publications.

## LEARNING OUTCOMES

1. Demonstrate a strong overall understanding of the scope of the discipline of SLA (e.g., the theories on which research in the field is based; the types of questions that researchers in SLA address; and the variety of techniques used to answer these questions). Demonstrate an in-depth understanding of theories and research findings related to their focal areas of interest.
2. Develop an original research plan that advances a specific area of SLA. Retrieve, evaluate, and interpret academic publications, and use this information to identify a gap in the extant research and to develop theoretical frameworks and research designs for their own research projects. Learn to design realistic and feasible research projects and to prepare necessary protocols.
3. Collect data following relevant protocols and analyze/interpret the resulting data. Reflect on the procedures and results of their own projects to identify strengths, limitations, and implications.
4. Develop skills for disseminating their research in a variety of professional venues and domains through both presentations and manuscript preparation.
5. Participate in and communicate effectively as members of a professional community. Seek opportunities to engage in service to the program, the university and/or the wider community.

## PEOPLE

SLA Steering Committee - The interdisciplinary SLA Steering Committee (<https://sla.wisc.edu/steering-committee-members/>) is comprised of members from the units listed below.

African Cultural Studies: Professor Katrina Thompson

Asian Languages and Cultures: Associate Professor Naomi Geyer, Associate Professor Byung-Jin Lim and Professor Junko Mori

Curriculum and Instruction: Professor Margaret Hawkins, Associate Professor Mariana Pacheco, Assistant Professor Diego Roman, Professor Francois Tochon and Professor Kate Vieira

English: Assistant Professor Jacee Cho

French and Italian: Associate Professor Heather Allen

German, Nordic, and Slavic: Professor Monika Chavez and Professor Karen Evans-Romaine

Language Institute: Director Dianna Murphy

Spanish and Portuguese: Associate Professor Cathy Stafford

Staff: Kristin Dalby (Graduate Coordinator) and Skender Jahiu (Financial and Payroll Specialist)

## LANGUAGE SCIENCES

### DEGREES/MAJORS, DOCTORAL MINORS, GRADUATE/PROFESSIONAL CERTIFICATES

- Linguistics, Doctoral Minor (p. 1087)
- Linguistics, M.A. (p. 1087)
- Linguistics, Ph.D. (p. 1089)

### PEOPLE

Professors Ellis Weismer, Hutton, Kaushanskaya, Li, Loudon, Lupyan, Macaulay, Macdonald, Purnell, Raimy, Saffron, Salmons, Seidenberg, Tejedo-Herrero, Wanner; Associate Professors Armstrong, Rao, Vieira; Assistant Professors Cho, Henke, Horton, Niziolek; Instructional Administrator Shields

## LINGUISTICS, DOCTORAL MINOR

The doctoral minor in Linguistics is open to Ph.D. students in other departments who wish to broaden their studies with exposure to formal training in linguistics.

Students wishing to complete a doctoral minor in Linguistics must consult with the Director of Language Sciences before any coursework commences. Courses completed before consultation with the Director may be deemed ineligible to count toward the doctoral minor. See the People page for current Director contact information.

### REQUIREMENTS

The doctoral minor consists of 12 credits in Linguistics chosen in consultation with the Language Sciences Director, who is the minor advisor.

A doctoral minor program must be approved by the minor advisor before it commences. Students should make sure to consult with the minor advisor before taking any courses.

### PEOPLE

Professors Ellis Weismer, Hutton, Kaushanskaya, Li, Loudon, Lupyan, Macaulay, Macdonald, Purnell, Raimy, Saffron, Salmons, Seidenberg, Tejedo-Herrero, Wanner; Associate Professors Armstrong, Rao, Vieira; Assistant Professors Cho, Henke, Horton, Niziolek; Instructional Administrator Shields

## LINGUISTICS, M.A.

The M.A. in linguistics is a non-admitting degree. Language Sciences admits students for the Ph.D. degree in linguistics (p. 1089), and awards a master of arts degree to students in a UW–Madison Ph.D. program upon the completion of the M.A. requirements. See the Linguistics Ph.D. program entry for details on admission to the Ph.D. program.

## ADMISSIONS

This master's program is offered for work leading to the Ph.D. Students may not apply directly for the master's, and should instead see the admissions information for the Ph.D. (<http://guide.wisc.edu/graduate/language-sciences/linguistics-phd/>).

## FUNDING

### GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

### PROGRAM RESOURCES

All students admitted to the Ph.D. program are offered funding in the form of fellowships and teaching, research, or project assistantships. See the Linguistics Ph.D. funding page for additional details.

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### MAJOR REQUIREMENTS

#### MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students are able to complete a program with minimal disruptions to careers and other commitments.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW–Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

### Requirements Detail

Minimum Credit Requirement	30 credits
Minimum Residence Credit Requirement	16 credits
Minimum Graduate Coursework Requirement	All linguistics courses must be completed in graduate-level coursework; courses with the Graduate Level Coursework attribute are identified and searchable in the university's Course Guide ( <a href="https://registrar.wisc.edu/course-guide">https://registrar.wisc.edu/course-guide</a> )). This will be a total of at least 24 credits out of 30.
Overall Graduate GPA Requirement	3.00 GPA required.
Other Grade Requirements	n/a
Assessments and Examinations	Submit and defend one prelim paper by the end of the fourth semester. Contact the program for further details.
Language Requirements	Knowledge of two languages is required. One must be English. The language requirements can be satisfied in multiple ways and the program should be contacted directly for further details.

## REQUIRED COURSES

All required courses are to be chosen from courses offered by the Department of Language Sciences (<http://guide.wisc.edu/courses/linguis/>).

- four 300-level courses
- two 500-level courses
- LINGUIS 800 Research Methods and Materials
- one additional course at the 500 level or higher (except 800)
- two additional approved courses

Contact the department for a list of specific courses.

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

### MAJOR-SPECIFIC POLICIES

#### PRIOR COURSEWORK

##### Graduate Work from Other Institutions

With program approval, students are allowed to count no more than 9 credits of graduate coursework from other institutions. Coursework earned five or more years prior to admission to a master's degree or

earned ten years or more prior to admission to a doctoral degree is not allowed to satisfy requirements.

#### UW–Madison Undergraduate

No credits from a UW–Madison undergraduate degree are allowed to count toward the degree.

#### UW–Madison University Special

With program approval, students are allowed to count no more than 9 credits of coursework numbered 300 or above taken as a UW–Madison Special student. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

### PROBATION

Probation is a warning to a student who is not making satisfactory progress in the Linguistics graduate program. Departmental probation for grades or failure to make satisfactory progress lasts for one academic year (two consecutive semesters), while probation for an unsatisfactory prelim paper or unfinished Incompletes lasts for one semester.

If a student on probation clears up the problem that led to probation within the time period allotted, nothing else happens, and the student can continue with the program.

If the student does not resolve the problem (e.g. raise the GPA or successfully complete a prelim), the student is dropped from the program at the end of the probationary period.

### ADVISOR / COMMITTEE

Every graduate student must have an official faculty advisor. New students are assigned to the program director by default. By the end of the first year, students must decide whom they would like to work with, and must ask that person if they are willing to serve as advisor. If the faculty member agrees, the student is responsible for having the faculty member sign the advisor agreement form, and for making sure that it is placed in the student's file. All permanent faculty members in the Language Sciences program (including affiliated faculty but excluding visiting faculty) may serve as advisors. Faculty from outside Language Sciences may not serve as official advisors, although they may co-chair committees.

Every faculty member has the right to refuse to become a student's advisor. Every graduate student has the right to choose any faculty member as advisor, so long as the faculty member agrees. Students should also feel free to change advisors at any time, without fear of offending a faculty member. If a student changes advisors, a new advisor agreement form must be signed and filed, and the previous advisor must be notified by the student in writing.

The advisor guides the student in the choice of appropriate courses, in the planning of prelims and the dissertation, in choosing prelim committees and the dissertation committee, and in other professional matters. Students are reminded, however, that the fulfillment of departmental requirements is ultimately the student's responsibility.

Each semester, the student must consult in person with the advisor about courses for the following semester. Registration is blocked until this is done, and is only unblocked when the student turns in the relevant form to the department, signed by the advisor.

### CREDITS PER TERM ALLOWED

15 credits

## TIME CONSTRAINTS

The prelim paper must be completed by the end of the fourth semester.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
  - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

## OTHER

Fulltime enrollment is assumed in order to satisfy requirements on satisfactory progress as defined in the graduate student handbook.

## PROFESSIONAL DEVELOPMENT

## GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

## LEARNING OUTCOMES

1. Articulates, critiques, or elaborates the theories, research methods, and approaches to inquiry or schools of practice in the field of linguistics.

2. Identifies sources of data and assembles evidence pertaining to questions or challenges in the field of linguistics.
3. Demonstrates understanding of linguistics in a historical, social, or global context.
4. Selects and/or utilizes the most appropriate methodologies and practices.
5. Evaluates or synthesizes information pertaining to questions or challenges in the field of linguistics.
6. Communicates clearly in ways appropriate to the field of linguistics.
7. Recognizes and applies principles of ethical and professional conduct.

## PEOPLE

Professors Ellis Weismer, Hutton, Kaushanskaya, Li, Loudon, Lupyan, Macaulay, Macdonald, Purnell, Raimy, Saffron, Salmons, Seidenberg, Tejedo-Herrero, Wanner; Associate Professors Armstrong, Rao, Vieira; Assistant Professors Cho, Henke, Horton, Niziolek; Instructional Administrator Shields

## LINGUISTICS, PH.D.

Language Sciences at UW–Madison is an interdisciplinary hub that houses the Ph.D. program in Linguistics. Students in this program earn a master of arts degree along the way to the Ph.D.—no stand-alone M.A. program is offered.

The Linguistics Ph.D. program focuses on research in formal theories of language (encompassing cross-linguistic studies in syntax, phonology, and morphology) and the documentation and revitalization of American Indian languages. Our program combines strong theoretical groundwork with opportunities in a diverse range of experimental and innovative research methodologies. Participating faculty come from Language Sciences itself as well as from related cognitive science and language departments across campus. In addition to core areas of linguistic theory, our faculty have expertise in first and second language acquisition, psycholinguistics, historical linguistics, dialect studies, and the linguistics of particular languages or cultural areas, such as Spanish and Latin American, East Asian, and Germanic. Students have access to courses, faculty advising, and research opportunities in all of these areas. Students work closely with their graduate advisors in establishing their own areas of specialization and in working out a coherent program within this larger framework.

The ideal candidate will have a Bachelor's degree in Linguistics, a foreign language, or a related cognitive science, and a strong desire to use scientific methods of inquiry to push the boundaries of our understanding of how human language works.

Visit the Language Sciences Research page (<https://langsci.wisc.edu/research/>) for more information about the diverse linguistics research labs at UW–Madison. Language Sciences also maintains a phonetics laboratory for teaching and research in experimental and acoustic phonetics.

## ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more

detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 23
Spring Deadline	The program does not admit in the spring.
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements ( <a href="https://grad.wisc.edu/apply/requirements/#english-proficiency">https://grad.wisc.edu/apply/requirements/#english-proficiency</a> ).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

The department admits only students whose goal is the Ph.D. degree in linguistics. Admission to the Ph.D. program does not require an undergraduate degree in linguistics. Admission is based on the applicant's personal statement, three letters of recommendation, English proficiency scores if applicable, and transcripts of prior academic work. The personal statement is considered carefully to ensure that the applicant's goals are compatible with the program offered by the department.

The department admits new Ph.D. students for fall term only. The deadline for receipt of all materials is December 23.

## FUNDING

## GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## PROGRAM RESOURCES

All students admitted to the Linguistics Ph.D. program are offered a full funding package, which typically consists a fellowship for the first year, and some combination of teaching, project, or research assistantships in subsequent years. Students who enter the program with a Master's degree and relevant teaching experience may be eligible for teaching assistantships in the first year of graduate study. Fellowships and assistantships include tuition remission as well as a stipend, and access to benefits including health insurance.

**Fellowships:** Fellowships are administered through the Graduate School, and all new applicants to the Linguistics Ph.D. program are automatically considered, including both domestic and international applicants. Advanced Opportunity Fellowships are also available for students from underrepresented populations who are U.S. citizens or permanent residents.

**Teaching Assistantships:** Language Sciences currently supports teaching assistantships for LINGUIS 101 Human Language, usually awarded to graduate students after their first year of study. Our students frequently serve as teaching assistants in other departments as well, such as English or foreign language departments, depending on the student's academic experience and particular skill set.

**Project and Research Assistantships:** Students awarded a project or research assistantship work closely with a particular professor to aid in their research. The availability of these positions varies from year to year, and will typically be most appropriate for students who are more advanced in the program.

**Outside Grants and Scholarships:** Graduate students may apply for their own funding directly as well, such as Foreign Languages & Areas Studies (FLAS) Fellowships (<https://flas.wisc.edu/Languages.html>) and National Science Foundation Grants ([https://www.nsf.gov/funding/pgm\\_summ.jsp?pims\\_id=5408&org=SBE&sel\\_org=SBE&from=fund](https://www.nsf.gov/funding/pgm_summ.jsp?pims_id=5408&org=SBE&sel_org=SBE&from=fund)). These programs are most appropriate for students who are advanced in the program. The student's faculty advisor will work with the student to determine whether an outside grant is available that matches the student's research program.

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### MAJOR REQUIREMENTS

#### MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students are able to complete a program with minimal disruptions to careers and other commitments.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW–Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

Requirements Detail	
Minimum Credit Requirement	54 credits
Minimum Residence Credit Requirement	32 credits
Minimum Graduate Coursework Requirement	All linguistics courses must be completed in graduate-level coursework; courses with the Graduate Level Coursework attribute are identified and searchable in the university's Course Guide ( <a href="http://my.wisc.edu/CourseGuideRedirect/BrowseByTitle">http://my.wisc.edu/CourseGuideRedirect/BrowseByTitle</a> ( <a href="http://my.wisc.edu/CourseGuideRedirect/BrowseByTitle/">http://my.wisc.edu/CourseGuideRedirect/BrowseByTitle/</a> )). This will be a total of at least 42 credits out of 54.
Overall Graduate GPA Requirement	3.00 GPA required.
Other Grade Requirements	Students must maintain a GPA of 3.67 in required Linguistics courses after the third semester.
Assessments and Examinations	Submit and defend on two prelim papers. One by the end of the fourth semester and the other by the end of the eighth semester. Contact the program for further details.
Language Requirements	Knowledge of three languages is required. One must be English. The second must be a non-Indo-European language or a modern Indic language. The third is determined in consultation with the advisor according to the student's research goals. Students must complete their language requirements before their second prelim exam. The language requirements can be satisfied in multiple ways and the program should be contacted directly for further details.
Doctoral Minor/Breadth Requirements	A 12-credit minor that is approved by the student's advisor is required.

## REQUIRED COURSES

Code	Title	Credits
LINGUIS 310	Phonology	3
LINGUIS 322	Morphology	3
LINGUIS 330	Syntax	3
LINGUIS 340	Semantics	3
LINGUIS 510	Phonological Theories	3
LINGUIS 522	Advanced Morphology	3
LINGUIS 530	Syntactic Theories	3
LINGUIS 800	Research Methods and Materials	3

### Seminars

Take 3 seminars (must be 3 credits each) from the following (may repeat the same course number for credit):	9
LINGUIS 977	Seminar
LINGUIS 979	

### Thesis

Take at least 3 semesters of Thesis (must be 3 credits each) as a dissertator.	9
LINGUIS 990	Thesis
<b>Minor</b>	<b>12</b>
<b>Total Credits</b>	<b>54</b>

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

### MAJOR-SPECIFIC POLICIES

#### PRIOR COURSEWORK

##### Graduate Work from Other Institutions

With program approval, students are allowed to count no more than 9 credits of graduate coursework from other institutions. Coursework earned five or more years prior to admission to a master's degree or earned ten years or more prior to admission to a doctoral degree is not allowed to satisfy requirements.

##### UW–Madison Undergraduate

No credits from a UW–Madison undergraduate degree are allowed to count toward the degree.

##### UW–Madison University Special

With program approval, students are allowed to count no more than 9 credits of coursework numbered 300 or above taken as a UW–Madison Special student. Coursework earned ten years or more prior to admission to a doctoral degree is not allowed to satisfy requirements.

#### PROBATION

Probation is a warning to a student who is not making satisfactory progress in the Linguistics graduate program. Departmental probation for grades or failure to make satisfactory progress lasts for one academic year (two consecutive semesters), while probation for an unsatisfactory prelim paper or unfinished Incompletes lasts for one semester.

If a student on probation clears up the problem that led to probation within the time period allotted, nothing else happens, and the student can continue with the program.

If the student does not resolve the problem (e.g., raise the GPA or successfully complete a prelim), the student is dropped from the program at the end of the probationary period.

#### ADVISOR / COMMITTEE

Every graduate student must have an official faculty advisor. New students are assigned to the program director by default. By the end of the first year, students must decide whom they would like to work with, and must ask that person if they are willing to serve as advisor. If the faculty member agrees, the student is responsible for having the faculty member sign the advisor agreement form, and for making sure that it is placed in the student's file. All permanent faculty members in the

Language Sciences program (including affiliated faculty but excluding visiting faculty) may serve as advisors. Faculty from outside Language Sciences may not serve as official advisors, although they may co-chair committees.

Every faculty member has the right to refuse to become a student's advisor. Every graduate student has the right to choose any faculty member as advisor, so long as the faculty member agrees. Students should also feel free to change advisors at any time, without fear of offending a faculty member. If a student changes advisors, a new advisor agreement form must be signed and filed, and the previous advisor must be notified by the student in writing.

The advisor guides the student in the choice of appropriate courses, in the planning of prelims and the dissertation, in choosing prelim committees and the dissertation committee, and in other professional matters. Students are reminded, however, that the fulfillment of departmental requirements is ultimately the student's responsibility.

Each semester, the student must consult in person with the advisor about courses for the following semester. Registration is blocked until this is done, and is only unblocked when the student turns in the relevant form to the department, signed by the advisor.

## CREDITS PER TERM ALLOWED

15 credits

## TIME CONSTRAINTS

The first prelim paper must be completed by the fourth semester, the second prelim paper must be completed by the eighth semester, all language and course requirements must be completed by the end of the semester in which the second prelim paper is defended, and a dissertation proposal must be submitted and defended within two weeks of the defense of the second prelim paper.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
  - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeeabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)

- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

## OTHER

Full-time enrollment is assumed in order to satisfy requirements on satisfactory progress as defined in the graduate student handbook.

## PROFESSIONAL DEVELOPMENT

## GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

## LEARNING OUTCOMES

1. Articulates research problems, potentials, and limits with respect to theory, knowledge, or practice within the field of linguistics.
2. Formulates ideas, concepts, designs, and/or techniques beyond the current boundaries of knowledge within linguistics.
3. Creates research that makes a substantive contribution to the understanding of human language.
4. Demonstrates breadth within their learning experiences.
5. Advances contributions of the field of linguistics to society.
6. Communicates complex ideas in a clear and understandable manner.
7. Fosters ethical and professional conduct.

## PEOPLE

Professors Ellis Weismer, Hutton, Kaushanskaya, Li, Loudon, Lupyan, Macaulay, Macdonald, Purnell, Raimy, Saffron, Salmons, Seidenberg, Tejedo-Herrero, Wanner; Associate Professors Armstrong, Rao, Vieira; Assistant Professors Cho, Henke, Horton, Niziolek; Instructional Administrator Shields

## LAW - SCHOOL-WIDE

## DEGREES/MAJORS, DOCTORAL MINORS, GRADUATE/PROFESSIONAL CERTIFICATES

- Consumer Health Advocacy, Graduate/Professional Certificate (p. 1093)
- Law, Doctoral Minor (p. 1094)

## CONSUMER HEALTH ADVOCACY, GRADUATE/PROFESSIONAL CERTIFICATE

The Consumer Health Advocacy certificate program at the Center for Patient Partnerships educates a diversity of learners interested in health advocacy. Students around the country come to this interdisciplinary health advocacy center to learn critical health advocacy skills while helping patients navigate the complex health care system.

The Center for Patient Partnerships is a national resource for strengthening the consumer perspective in health care. We have graduate students from Law, Medicine, Pharmacy, Physician Assistant, Physical Therapy, Public Health, Social Work, Gender and Women's Studies, Engineering, and others participating in our certificate program.

Additional opportunities are available in patient experience research and organizational and legislative policy advocacy through student-led "case to cause" projects.

Click on the Requirements tab on the right side navigation bar for general program requirements.

**\*The certificate requirements differ based on your discipline.** Please email [learning@patientpartnerships.org](mailto:learning@patientpartnerships.org) to talk to an advisor.

### ADMISSIONS

All currently enrolled graduate students at UW–Madison are eligible to pursue this certificate program. We do not require any health care knowledge/background.

Please email [learning@patientpartnerships.org](mailto:learning@patientpartnerships.org) or call 608-263-7736 to schedule an advising session to get started.

### REQUIREMENTS

Code	Title	Credits
<b>Required Courses</b>		
LAW/MED SC-M/ NURSING 768	Consumer Health Advocacy and Patient-Centered Care Clinical (Topic: Applied Advocacy Experience Introduction)	1-7
LAW/MED SC-M/ NURSING 768	Consumer Health Advocacy and Patient-Centered Care Clinical (Topic: Applied Advocacy Experience Advanced)	1-7

PUBLHLTH 780	Evidence-Based Decision-Making	3
SOC WORK 875	Health, Aging, and Disability Policy and Services	2

1

Courses in this elective area address fundamental substantive knowledge and critical thinking relevant to complex legal, regulatory, or ethical matters health advocates will face.

2

Courses in this elective area address fundamental substantive knowledge and critical thinking regarding health care financing and economics. *Students who choose this elective are required to discuss their course selection with a Certificate Advisor and the chosen course faculty; standard pre-requisites apply.*

3

Courses in this elective area address fundamental substantive knowledge and critical thinking regarding health policy, management, or public health issues.

## LEARNING OUTCOMES

1. Develop advocacy capacity that emphasizes patient empowerment.
2. Develop critical health advocacy competencies including communication, collaborative decision making, cultural humility, and ethics.
3. Experience the discipline of advocacy from a case-based perspective, and explore how various key advocacy roles can be useful in specific situations.
4. Gain familiarity with the U. S. health care delivery system and the systemic problems that give rise to the need for advocacy at the individual organizational and policy levels.

## LAW, DOCTORAL MINOR

Coursework in the Law School may be offered as a minor toward the doctoral degree. Only enrolled non-dissertator Ph.D. students can pursue a doctoral minor in Law. There is no process for applying for a law minor; the minor is not officially recorded on the student's transcript until the minor is completed and the doctoral degree is conferred.

See Courses & Schedules (<http://www.law.wisc.edu/academics/courses/>) for information on Law School courses.

## ADMISSIONS

There is no process for applying for a law minor; the minor is not officially recorded on the student's transcript until the minor is completed and the doctoral degree is conferred.

To enroll in Law classes, review the Law School Course Schedule (<http://law.wisc.edu/academics/courses/>) and select the desired course(s). Contact the instructor directly explaining the interest in the class and then forward the instructor's permission to [registrar@law.wisc.edu](mailto:registrar@law.wisc.edu). Authorization will be entered for enrollment in the course and the student will be notified when s/he is able to enroll.

When 10 law credits for the law minor are complete, contact the Law Registrar at [registrar@law.wisc.edu](mailto:registrar@law.wisc.edu) or 608-262-0050. The Law Registrar will verify your courses, credits, and grades, and sign off on the minor.

## REQUIREMENTS

For a minor in law, doctoral candidates must complete 10 credits. The minimum grade requirement is a weighted average of B (on the university, not Law School, grade scale).

Only enrolled non-dissertator Ph.D. students can pursue a doctoral minor in Law. There is no process for applying for a law minor; the minor is not officially recorded on the student's transcript until the minor is completed and the doctoral degree is conferred.

See Courses & Schedules (<http://www.law.wisc.edu/academics/courses/>) for information on Law School courses. To enroll in Law

classes, select the desired course(s) and contact the instructor directly explaining the interest in the class. Then forward the instructor's permission to [registrar@law.wisc.edu](mailto:registrar@law.wisc.edu). Authorization will be entered for enrollment in the course.

When 10 law credits for the law minor are complete, contact the Law Registrar at [registrar@law.wisc.edu](mailto:registrar@law.wisc.edu) or 608-262-0050. The Law Registrar will verify your courses, credits and grades and sign off on the minor.

## PEOPLE

 Xenos, Michael

## LIFE SCIENCES COMMUNICATION, DOCTORAL MINOR

The Department of Life Sciences Communication is a world leader in science communication research, education, and practice. The doctoral minor in Life Sciences Communication allows students enrolled in doctoral programs from the biological and physical sciences, as well as interested students from other social science and humanities departments, to supplement their existing doctoral coursework with a transcriptable minor in Life Sciences Communication.

A doctoral minor in Life Sciences Communication is particularly valuable for graduate students in the natural and physical sciences who are interested in the ethical, legal, and social implications of emerging technologies, or who want to build an intellectual foundation for a future career in policy or various mission agencies (e.g., AAAS policy fellowships) dealing with public understanding and communication of

science. Many students from these fields routinely take classes in our department, and a doctoral minor allows them to get formal recognition for their doctoral-level work in this area.

More information may be found on the department website (<https://lsc.wisc.edu/>).

## ADMISSIONS

Students do not need to apply for the minor prior to taking coursework. However, students interested in pursuing the LSC doctoral minor are strongly encouraged to contact the department academic advising manager to discuss course planning.

## REQUIREMENTS

The doctoral minor in Life Sciences Communication is a course-based minor (10 credits) for students enrolled in other Ph.D. programs who would like to supplement their existing Ph.D. coursework with a minor in science communication.

Courses must be at the 300 level or above and should have the graduate attribute to count toward the minimum graduate coursework (50%) rule.

A minimum cumulative GPA of a 3.5 in LSC Doctoral Minor coursework is required.

Contact the academic advising manager to discuss course selection for the minor.

Code	Title	Credits

## LIFE SCIENCES COMMUNICATION, M.S.

The Department of Life Sciences Communication is a world leader in science communication research, education and practice. We offer a master's degree with the opportunity to pursue either a research/thesis pathway or professional course-based pathway.

The professional pathway is a course-based program that is designed to prepare students for professional careers in life sciences communication and related fields. Students in this pathway will not usually pursue a Ph.D. program in the future. In fact, many doctoral programs (including Life Sciences Communication) do not accept a non-thesis master's as a criterion for admission to their Ph.D. program.

Teaching and research in the department focus on science communication in the areas of emerging technologies, bioenergy, environment, agriculture, health, and food.

The M.S. in Life Sciences Communication graduate program provides advanced professional training in communication and preparation for communication research and teaching. Students in the professional pathway M.S. program are studying for careers in fields such as consulting, policy, journalism, strategic communication, marketing and market research, particularly in science-related fields.

For more information on the types of research our faculty and students are doing, where our M.S. alumni are now, and additional details about the

program, please visit the Life Sciences Communication website (<http://lsc.wisc.edu/>).

## ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	May 15
Spring Deadline	October 15
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements ( <a href="https://grad.wisc.edu/apply/requirements/#english-proficiency">https://grad.wisc.edu/apply/requirements/#english-proficiency</a> ).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

### Admissions deadlines:

For spring admission: October 15

For fall admission: May 15

*In order to be eligible for various fellowships and teaching assistantships, early application is recommended.*

Students must meet the minimum requirements for admission (<https://grad.wisc.edu/admissions/requirements/>) set by the Graduate School.

Applicants must submit:

- An online application
- Official GRE scores
- A statement of purpose
- Official transcripts from all previously attended institutions
- A CV/resume
- Three letters of recommendation. Letters of recommendation should come from people who can speak to the scholarly abilities of the applicant.
- International applicants are required to take and attain a satisfactory score on the Test of English as a Foreign Language (TOEFL), or the International English Language Testing System (IELTS) exam.

## FUNDING

### GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

### PROGRAM RESOURCES

Financial support is available for graduate students in LSC. Historically, nearly all of our graduate students have been funded through assistantships—either in our department, working under the direction of one of our faculty members, or in one of numerous other departments and programs that regularly look to LSC to provide them with students with strong communication skills.

#### Assistantships

Most graduate students who receive support serve as teaching, research, or project assistants. Assistantships are typically part-time positions that pay a monthly stipend. Additionally, positions that are 33.33% or more (based on a 40-hour work week) provide tuition remission for the student and make the student eligible for comprehensive health insurance coverage.

Graduate students in the Department of Life Sciences Communication will be eligible for full consideration for LSC teaching assistant positions if they are in good academic standing (two years for M.S. students, three years for Ph.D. students). Preference is given to students who have not exceeded those limits, but all students in good standing are welcome to apply. Students pursuing double degrees will be evaluated on a case-by-case basis.

#### Fellowships

The department nominates its most competitive graduate applicants for fellowship awards including the Advanced Opportunity Fellowships (AOFs) (<http://www.cals.wisc.edu/gradstudies/scholarships/>) and Wisconsin Distinguished Graduate Fellowships (WDGF) (<http://uwmadisonoffr.wordpress.com/funding-overview/fellowships/wisconsin-distinguished-graduate-fellowships/>), among others.

#### Financial Aid

Students who are US citizens or Permanent Residents can apply for Federal Stafford Loans (subsidized and unsubsidized) and for Federal Work-Study through the Office of Student Financial Aid (OSFA (<https://financialaid.wisc.edu/>)). Eligibility is based on financial need. OSFA also offers information on the cost of attendance.

Short-term loans (<http://finaid.wisc.edu/159.htm>) are available on a limited basis. They are given only to assist in unanticipated emergency situations and must be repaid within the semester in which they are borrowed.

#### Hourly Employment

Other employment opportunities are available both on campus and in the community. Student job opportunities can be found on the Student Job Center website (<http://jobcenter.wisc.edu/>).

## Travel and Professional Development Grants

Every student is encouraged to apply for the Graduate School's Student Research Grants Competition (<https://grad.wisc.edu/diversity/summer-research-opportunity-program/>) each year. These grants are intended to support both Conference Presentation Funds and Research Travel Awards. It is critical that students plan to apply early and follow campus travel policies for transportation and travel.

Also, graduate students in LSC can apply for financial support from the department for travel to academic conferences. Students can apply for up to \$1,000 for international travel and up to \$500 for domestic travel. More information is provided to students via e-mail during the application cycles.

## Scholarships

LSC also encourages students to apply annually for college and departmental scholarships through the Wisconsin Scholarship Hub (WiSH) ([https://wisc.academicworks.com/users/sign\\_in/](https://wisc.academicworks.com/users/sign_in/)).

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### MAJOR REQUIREMENTS

#### MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students are able to complete a program with minimal disruptions to careers and other commitments.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

### CURRICULAR REQUIREMENTS

#### Requirements Detail

Minimum Credit Requirement	30 credits
----------------------------------	------------

Minimum Residence Credit Requirement	30 credits
Minimum Graduate Coursework Requirement	15 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy ( <a href="https://policy.wisc.edu/library/UW-1244">https://policy.wisc.edu/library/UW-1244</a> ).
Overall Graduate GPA Requirement	3.50 GPA required.
Other Grade Requirements	Students must earn a B or above in all coursework to count it toward the 30-credit total.
Assessments and Examinations	The research/thesis track requires a formal thesis and oral defense; the professional track requires a comprehensive report or course narrative, and presentation at the culmination of coursework.
Language Requirements	No language requirements.

### REQUIRED COURSES

The M.S. has two pathways students can follow: a thesis-pathway master's degree and a professional-pathway master's degree<sup>1</sup>. The thesis-based master's degree requires 30 credits (six of which can be LSC 990 (<https://guide.wisc.edu/search/?P=LSC%20990>) Research credits) and a thesis based on original research. The professional pathway is a course-based master's degree that requires 30 credits and culminates in a course narrative report and presentation. Students in the professional pathway will usually not pursue a Ph.D. program in the future. In fact, many doctoral programs (including LSC) do not accept a non-thesis master's as a criterion for admission to their Ph.D. program. Students choose their pathway during the program application process.

Coursework includes a required colloquium in LSC, a science communication theory course, a research methods course, and a graduate-level statistics course. The remaining credits can include classes in science communication and other areas based on a student's academic and career goals. For example, a student wishing to become an environmental reporter might take courses in environmental studies. A student interested in health communication might take a nutrition or preventive medicine course. However, the complete program must have coherence and focus, and students should discuss all courses with their advisor prior to enrollment.

Code	Title	Credits
LSC 700	Colloquium in Life Sciences Communication	1
Science Communication Theory		3
LSC 720	Introduction to Communication Theory and Research	
or LSC 902	Public Opinion of Life Science Issues	
Research Methods <sup>2</sup>		3-4
Graduate Level Statistics <sup>3</sup>		3-4
Electives Based on Academic & Career Goals <sup>4</sup>		20
<b>Total Credits</b>		<b>30-32</b>

1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

Course to be selected in consultation with your advisor. Examples of courses that may fulfill this requirement include: COM ARTS 762, ED PSYCH/COUN PSY/CURRIC/ED POL/ELPA/RP & SE 719, JOURN 658, JOURN/LSC 811, JOURN 812, SOC/C&E SOC 750, SOC 751, or SOC 752.

3

Course to be selected in consultation with your advisor. Examples of courses that may fulfill this requirement include: ED PSYCH 760, ED PSYCH 761, LSC 660, SOC/C&E SOC 360, or SOC/C&E SOC 361.

4

Courses selected in consultation with your advisor to create a cohesive program of study. Thesis-pathway students may count up to 6 credits of LSC 990 Research toward their electives to reach the 30 credits required for the program. Students may count up to two colloquia (including LSC 700) toward the 30 credit requirement for the program.

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

### MAJOR-SPECIFIC POLICIES

#### PRIOR COURSEWORK

##### Graduate Work from Other Institutions

No credits from graduate work from other institutions are allowed to count toward the degree.

##### UW–Madison Undergraduate

No credits from a UW–Madison undergraduate degree are allowed to count toward the degree.

##### UW–Madison University Special

A student's program may decide to transfer up to six University Special student credits numbered 300 or above. However, these credits would not be allowed to count toward the 50% graduate coursework minimum or toward courses required by the program. The credits will be noted on the transcript in the graduate career as transfer credits, but the courses will remain in the University Special student career.

#### PROBATION

This program follows the Graduate School's Probation policy. (<https://policy.wisc.edu/library/UW-1217/>)

#### ADVISOR / COMMITTEE

All students are required to meet with their advisor a minimum of once per semester.

### CREDITS PER TERM ALLOWED

15 credits

### TIME LIMITS

Students who pursue a thesis-pathway master's degree will have a limit of four semesters (including summers) during which they can enroll in LSC 990 Research credits. Students who have not defended their thesis at the end of the fourth semester in which they are enrolled in LSC 990 will be awarded a professional pathway master's degree, assuming they have completed all the requirements for the degree.

This program follows the Graduate School's Time Limits policy. (<https://policy.wisc.edu/library/UW-1221/>)

### GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
  - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

#### Grievance Procedures

Students who feel that they have been treated unfairly have the right to a prompt hearing of their grievance. Such complaints may involve course grades, classroom treatment, various forms of harassment, or other issues. Any student or potential student may use these procedures except those graduate assistants whose complaint is covered by campus policies for teaching assistants.

Procedures for student grievances:

- The student should speak first with the person toward whom the grievance is directed. In most cases, grievances can be resolved at this level.
- If this conversation does not yield satisfactory results, the student should consult with the Director of Graduate Studies in the student's home department.
- Should a satisfactory resolution not be achieved at that level, the student should contact their program's Grievance Advisor to discuss the grievance. The Graduate Program Coordinator can provide students with the name of this faculty member, who facilitates problem resolution through informal channels. The Grievance Advisor is responsible for facilitating any complaints or issues of students. The Grievance Advisor first attempts to help students informally address the grievance prior to any formal complaint. Students are also encouraged to talk with their faculty advisors regarding concerns or difficulties if necessary. University resources for sexual harassment concerns can be found on the Office of Compliance website.
- If the issue is not resolved to the student's satisfaction the student can submit the grievance to the Grievance Advisor in writing, within 60 calendar days of the alleged unfair treatment.
- On receipt of a written complaint, a faculty committee will be convened by the Grievance Advisor to manage the grievance. The program faculty committee will obtain a written response from the person toward whom the complaint is directed. This response will be shared with the person filing the grievance.
- The faculty committee will determine a decision regarding the grievance. The Grievance Advisor will report on the action taken by the committee in writing to both the student and the party toward whom the complaint was directed within 15 working days from the date the complaint was received.
- At this point, if either party (the student or the person toward whom the grievance is directed) is unsatisfied with the decision of the faculty committee, the party may file a written appeal. Either party has 10 working days to file a written appeal to the College.
- Documentation of the grievance will be stored for at least 7 years. Significant grievances that set a precedent will be stored indefinitely.

The Graduate School has established policies governing student conduct, academic dishonesty, and sexual and racial harassment. The Graduate School also has procedures for students wishing to appeal a grievance decision made at the college level. These policies are described in the Academic Guidelines.

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

## LEARNING OUTCOMES

1. Articulate research problems, potentials, and limits with respect to theory, knowledge, and practice within the field of study. Demonstrating knowledge of the theories, concepts, frameworks, empirical findings, and controversies in the field.
2. Identifies sources and assembles evidence pertaining to questions or challenges in the field of study.
3. Demonstrates understanding of the primary field of study in a historical, social, or global context.
4. Selects and/or utilizes the most appropriate methodologies, tools, and practices.
5. Evaluates or synthesizes information pertaining to questions or challenges in the field of study.
6. Communicates complex ideas effectively across different audiences.
7. Recognizes, fosters, and applies principles of ethical and professional conduct.

## PEOPLE

## SCIENCE COMMUNICATION, GRADUATE/PROFESSIONAL CERTIFICATE

The Department of Life Sciences Communication (LSC) is a world leader in science communication research, education, and practice. The Certificate in Science Communication allows students enrolled in any graduate or professional program at UW-Madison to supplement their existing graduate coursework with a transcriptable certificate in science communication. The certificate is appropriate not only for students in the physical sciences, biological sciences, and engineering fields, but also for students in professional degree programs (law, veterinary medicine, etc.).

Graduate students interested in the ethical, legal, and social implications of emerging technologies, or who want to build an intellectual foundation for a future career in policy or various mission agencies (e.g., AAAS policy fellowships) dealing with public understanding and communication of science will find this certificate particularly valuable.

More information may be found on the department website (<https://lsc.wisc.edu/>).

## ADMISSIONS

This certificate is open to any UW-Madison student enrolled in a graduate level program outside of LSC (GRAD, LAW, MED, PHARM, VMED). Before applying to the certificate, students are encouraged to consult with their advisor and/or graduate program coordinator from their major department. As part of the declaration form, students will be required to confirm that they have received consent from their advisor/degree program to pursue the certificate.

For students to declare their intent to pursue the Graduate Certificate in Science Communication, they must complete the Certificate Declaration Form. This form must be completed prior to graduation.

Students should contact the Director of Academic Programs or Academic Advising Manager with questions about the certificate, declaration process, or course selection.

Students are not allowed to earn both the science communication graduate certificate and Ph.D. minor in life sciences communication.

## FUNDING

### GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## REQUIREMENTS

- Total credits required: 10
- Minimum cumulative GPA of 3.5 or higher in all LSC courses
- Courses must be at the 300 level or above and must have the graduate attribute to count toward the minimum graduate coursework (50%) rule.
- Previous coursework from other institutions and undergraduate coursework at UW-Madison cannot be counted toward the certificate.

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

## LEARNING OUTCOMES

1. Communicate complex ideas effectively across different audiences, including underrepresented or particularly vulnerable audiences.
2. Select and utilize the most appropriate theories, methodologies, tools, and practices to communicate about science.
3. Collect relevant evidence designed to answer questions related to scientific challenges faced by industry, universities, and non-profits.
4. Discuss some of the ethical, legal, and social implications of science.

## BUSINESS: ARTS ADMINISTRATION, MBA

**Admissions to the Business: Arts Administration MBA will be suspended as of fall 2022 and will be discontinued as of fall 2024. If you have any questions, please contact the department.**

Founded in 1900, the School of Business established one of the first five business programs in the nation. That entrepreneurial spirit remains strong.

As a student in the School of Business, you will find yourself inspired by peers, staff, alumni, business leaders, and world-renowned faculty who are focused, collaborative, and engaged in every aspect of the student experience. You will join a highly ranked program that equips you to meet both academic and career challenges. Employers value School of Business graduates because of the comprehensive preparation this learning environment provides. Graduates possess highly sought-after general management and specialized expertise in business.

Joining collaborative, inspiring, trustworthy, and progressive Wisconsin School of Business alumni, Business Badgers graduate prepared to lead their organizations to success and transform the world of business. Together Forward!

For more than four decades, the MBA in Business: Arts Administration has been the graduate degree program of choice for high-potential arts and cultural managers seeking intensive training in business, an immersion in strategic and innovative thinking, and a broad and dynamic knowledge of nonprofit cultural management. The degree has delivered on that promise through its world-class business curriculum, continual interaction with leading practitioners, and hands-on work experiences for every student. See the program website (<https://business.wisc.edu/centers/bolz/>) for more information.

## ADMISSIONS

Admission consideration for the MBA program requires a four-year undergraduate degree or the equivalent, in any discipline, from an accredited institution. The School of Business seeks a minimum of two years of full-time work experience along with a strong undergraduate performance. In addition to academic credentials, GMAT scores, and work experience, personal achievements, motivation, communication skills (written and oral), international exposure, and recommendation letters are considered in the admission process at both the master's and doctoral levels.

*Note:* The Graduate Management Admission Test (GMAT), taken within five years of the starting term, is required of all applicants to the School

of Business; the Graduate Record Exam (GRE) may be an acceptable alternative on a case-by-case basis. All applicants whose native language is not English must submit scores from the Test of English as a Foreign Language (TOEFL), the Pearson Test of English (PTE), Intensive English as a Second Language (IELTS) or show the completion of an Interlink program. A minimum iBT TOEFL score of 100 or equivalent, obtained within two years of the intended start term, is required. International applicants who have completed a degree at an institution whose primary language of instruction was English may request a waiver of this requirement on the application.

## HOW TO APPLY

Students interested in Business degrees do not apply through the Graduate School application system and should instead refer to the School of Business Admissions page. (<https://business.wisc.edu/graduate/mba/full-time/admissions/>)

## FUNDING

## GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## PROGRAM RESOURCES

Learn about costs and financial assistance on the program website (<https://business.wisc.edu/graduate/mba/full-time/tuition/>).

## REQUIREMENTS

## MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

## MAJOR REQUIREMENTS

### MODE OF INSTRUCTION

This program follows the Graduate School's Advisor policy (<https://policy.wisc.edu/library/UW-1232/>) and the Graduate School's Committees policy (<https://policy.wisc.edu/library/UW-1201/>).

#### CREDITS PER TERM ALLOWED

15 credits

#### TIME LIMITS

This program follows the Graduate School's Time Limits policy (<https://policy.wisc.edu/library/UW-1221/>).

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
  - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeeabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

**Any student who feels that they have been mistreated by a faculty or staff member has the right to lodge a complaint. Complaints may concern course grades, classroom treatment, program admission, or other issues. To ensure a prompt and fair hearing of any complaint and to protect both the student's rights and the person at whom the complaint is addressed, the grievance procedures below are used in the Wisconsin School of Business.**

The person whom the complaint is directed against must be an employee of the School of Business. Any student or potential student may use these procedures unless other campus rules or contracts cover the complaint:

1. If the student feels comfortable/safe doing so, the student should first talk with the person against whom the grievance is directed. Most issues can be settled at this level. If the complaint is directed against a teaching assistant (TA) and the student is not satisfied after discussion of the grievance with the TA, the next step would be to talk to the TA's supervisor, who is usually the course professor. If the complaint is still not resolved satisfactorily, the student may continue to step 2.
2. If the complaint involves an academic department, the student should contact the chair of the department. The chair will attempt to resolve the problem informally. If this cannot be done to the student's satisfaction, the student may submit the grievance to the chair in writing. This must be done within 60 calendar days of the alleged unfair treatment.
  - a. If the complaint does not involve an academic department, the procedure outlined in Step 4 below should be followed.
3. On receipt of a written complaint, the chair will refer the matter to a departmental committee, which will obtain a written response from the person at whom the complaint is directed. This response shall be shared with the person filing the grievance. The chair will provide a written decision within 30 days to the student on the action taken by the committee.
4. If either party is not satisfied with the decision, they have five working days from receipt of the decision to contact the dean's office (at the number below), indicating the intention to appeal. If the complaint does not involve an academic department in the school, the student must contact the dean's office within 60 calendar days of the alleged unfair treatment.
5. In either case, there will be an attempt to resolve the issue informally by the appropriate associate dean. If this cannot be done, the complaint can be filed in writing with the Office of the Dean. This must be done within 10 working days of the time the appealing party was notified that informal resolution was unsuccessful.
6. On receipt of such a written complaint, the Chief Diversity and Inclusion Officer will convene a subcommittee of relevant stakeholders pending the nature of the issue. This subcommittee may ask for additional information from the parties involved and may hold a hearing at which both parties will be asked to speak separately. The subcommittee will then make a written recommendation to the dean of the School of Business who will render a decision. Unless a longer time is negotiated, this written decision shall be made within 20 working days from when the grievance was filed with the Office of the Dean.

*Questions about these procedures can be directed to the School of Business, Office of the Dean, 4339 Grainger, 975 University Avenue, 608-262-7867.*

*State law contains additional provisions regarding discrimination and harassment. Wisconsin Statutes 36.12 reads, in part: "No student may be denied admission to, participation in or the benefits of, or be discriminated against in any service, program, course or facility of the system or its institutions or center because of the student's race, color, creed, religion, sex, national origin, disability, ancestry, age, sexual orientation, pregnancy, marital status or parental status." In addition, UW-System prohibits discrimination based on gender identity or gender expression. Students have the right to file discrimination and harassment complaints with the Office of Compliance, 361 Bascom Hall, 608-265-6018, [uwcomplianceoffice@wisc.edu](mailto:uwcomplianceoffice@wisc.edu).*

The Graduate School has procedures for students wishing to appeal a grievance decision at the school/college level. These policies are described in the Graduate School's Academic Policies and Procedures: <https://grad.wisc.edu/documents/grievances-and-appeals/>

## OTHER

Students must be enrolled full-time.

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

## LEARNING OUTCOMES

1. Apply foundational knowledge in arts and core business topics to arts and/or nonprofit contexts that include evidence-based analysis, cultural sensitivity, artistic integrity, and appreciation for the research foundations of their work.
2. Create, communicate, and execute a strategic plan with mission-based outcomes that relies on research-based evidence, a historical context to forecast future trends, and stakeholder engagement.
3. Adaptively develop and manage the necessary resources in a mission-based organizational context to create sustainable systems that meet the needs of diverse stakeholders and honors the culture of the communities served.
4. Successfully articulate their ideas to a diverse set of constituents and stakeholders via multiple methods so as to be informative, persuasive and inspiring.
5. Make significant contributions to the thought leadership, and industry insight that strengthens and provides service to the field, lifelong learning, and career development.
6. Develop self-awareness and leadership skills necessary to: a. utilize creativity and art to articulate a clear vision; b. engage/inspire a diverse group of colleagues; c. evaluate the immediate and long-term ethical impacts of one's actions on stakeholders; d. and influence and promote progress in a variety of professional roles and contexts.
7. Engage and sustain a strong cross-functional network of professionals.

Accreditation status: Accredited. Next accreditation review: 2026-2027.

## BUSINESS: ARTS AND CREATIVE ENTERPRISE LEADERSHIP, M.A.

The Master of Arts–Business: Arts and Creative Enterprise Leadership at the University of Wisconsin–Madison is a one-year program where students gain the knowledge, skills, and expertise to be an innovative arts administrator, nonprofit executive, or social entrepreneur. The business-focused curriculum utilizes hands-on learning and project work in the classroom, as well as applied field experiences in local arts organizations. Throughout the yearlong experience, students connect with and learn from real-world arts leaders and are part of a strong, close-knit community of alumni and arts practitioners.

The Arts and Creative Enterprise Leadership master's program is part of the Bolz Center for Arts Administration (<https://business.wisc.edu/centers/bolz/>)—one of the only arts-focused programs within a US business school, giving students an edge as strategic leaders.

Please see the program website (<https://business.wisc.edu/graduate/masters/arts-leadership/>) for more information and application instructions.

## ADMISSIONS

The following will be required for admission to the Business: Arts and Creative Enterprise Leadership master's program:

- Undergraduate university degree, or expected completion of such a degree prior to starting the MA-Business program.
- Demonstrated knowledge of business fundamentals (or specific plan for acquiring prior to the start of the program); some possible ways of satisfying this include:
  - Undergraduate degree with business major or minor
  - Completion of Certificate in Business or Certificate of Entrepreneurship at UW-Madison
  - Earning GPA  $\geq$  3.0 in intermediate college course work covering at least two core business disciplines (marketing, operations, finance, accounting, management); completion of GEN BUS 310 or GEN BUS 311 satisfies this requirement, and can be taken online during the summer prior to the start of the program
- Undergraduate transcript, GPA  $\geq$  3.0.
- One letter of recommendation, preferably addressing the applicant's professional skills.
- Resume.
- Response to essay question.
- An interview may be requested.

Additional international student requirements:

- TOEFL score of at least 100 (or TOEFL paper-based test score of 600 or IELTS score of 7.0). Applicants are exempt from this requirement if:
  - English is the exclusive language of instruction at the undergraduate institution; or
  - You have earned a degree from a regionally accredited U.S. college or university not more than 5 years prior to the anticipated semester of enrollment; or
  - You have completed at least two full-time semesters of graded course work, exclusive of ESL courses, in a U.S. college or

university, or at an institution outside the U.S. where English is the exclusive language of instruction. Completion of graded course work cannot be more than five years prior to the anticipated semester of enrollment.

## FUNDING

### GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

### BOLZ CENTER RESOURCES

The Master of Arts-Business: Arts and Creative Enterprise Leadership Program gives you the opportunity to earn a master's degree fusing business and cultural practice and receive paid work and/or project development seed funding. Please contact the Bolz Center ([bolz@wsb.wisc.edu?subject=Financial%20Assistance%20for%20MAB:%20Arts%20and%20Creative%20Enterprise%20Leadership](mailto:bolz@wsb.wisc.edu?subject=Financial%20Assistance%20for%20MAB:%20Arts%20and%20Creative%20Enterprise%20Leadership)) for specific information regarding merit aid and other financial support.

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### MAJOR REQUIREMENTS

#### MODE OF INSTRUCTION

Face to Face	Evening/Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students are able to complete a program with minimal disruptions to careers and other commitments.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW–Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

Requirements Detail	
Minimum Credit Requirement	30 credits
Minimum Residence Credit Requirement	16 credits
Minimum Graduate Coursework Requirement	Half of degree coursework (15 credits out of 30 total credits) must be completed graduate-level coursework; courses with the Graduate Level Coursework attribute are identified and searchable in the university's Course Guide ( <a href="https://registrar.wisc.edu/course-search-enroll">https://registrar.wisc.edu/course-search-enroll</a> ( <a href="https://registrar.wisc.edu/course-search-enroll/">https://registrar.wisc.edu/course-search-enroll/</a> )).
Overall Graduate GPA Requirement	3.00 GPA required.
Other Grade Requirements	The Graduate School requires an average grade of B or better in all coursework (300 or above, not including research credits) taken as a graduate student unless conditions for probationary status require higher grades. Grades of Incomplete are considered to be unsatisfactory if they are not removed during the next enrolled semester. Students may be required to retake a course for which they receive a grade lower than a C.
Assessments and Examinations	All students must pass the impact consulting courses, M H R 746 and 747.
Language Requirements	No language requirements.

### REQUIRED COURSES

Code	Title	Credits
Select one of these options: 6		
Foundation Course Option 1:		
M H R/INTEGART 632	Introduction to Arts Entrepreneurship and Entrepreneurship in Arts & Cultural Organizations	
M H R/INTEGART 636	Cultural Organizations	
Foundation Course Option 2:		
M H R 773 & M H R 774	Seminar-Arts Administration and Seminar-Arts Administration	
All courses below are required:		
M H R 723	Business Strategy	3
M H R/CSCS 742	Nonprofit Board Leadership Development I	2
M H R/CSCS 743	Nonprofit Board Leadership Development II	1
M H R 746	Impact Consulting for Arts-Based Organizations and Communities I	3
M H R 747	Impact Consulting for Arts-Based Organizations and Communities II	2
M H R 799	Reading and Research-Management	1

<b>Elective Courses (see below)</b>	<b>12</b>
<b>Total Credits</b>	<b>30</b>

### Elective Courses

Please consult with your advisor for course approval. Due to the interdisciplinary nature of arts management, any course offered by the School of Business (including departments: ACCT I S, ACT SCI, FINANCE, GEN BUS, INFO SYS, INTL BUS, M H R, MARKETING, OTM, REAL EST, or R M I) can be used to complete the required elective credits. Courses outside of the School of Business will be considered on a case-by-case basis. Students in this program may find these elective courses particularly relevant:

Code	Title	Credits
DS 641	Advanced Design Thinking for Transformation	3
OTM 760	Managing by Design	3

**Total Credits 30**

## POLICIES

### MAJOR-SPECIFIC POLICIES

#### PRIOR COURSEWORK

##### Graduate Work from Other Institutions

With program approval, students are allowed to count no more than 9 credits of graduate coursework from other institutions. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

##### UW–Madison Undergraduate

Up to 7 credits numbered 300 or above of required or elective courses from the undergraduate work completed at UW–Madison towards fulfillment of minimum degree and minor credit requirements. However, this work would not be allowed to count toward the 50% graduate coursework minimum unless taken at the 700 level or above.

##### UW–Madison University Special

With program approval and payment of the difference in tuition (between special and graduate tuition), students are allowed to count no more than 9 credits of coursework numbered 700 or above taken as a UW–Madison University Special student. Coursework earned five or more years prior to the master's degree is not allowed to satisfy requirements.

#### PROBATION

The Graduate School regularly reviews the record of any student who earned grades of BC, C, D, F, or Incomplete in a graduate course (300 or above), or grade of U in research credits. This review could result in academic probation with a hold on future enrollment or in being suspended from the Graduate School.

#### ADVISOR / COMMITTEE

Every graduate student is required to have an advisor. To ensure that students are making satisfactory progress toward a degree, the Graduate School expects them to meet with their advisor on a regular basis.

#### CREDITS PER TERM ALLOWED

15 credits

#### TIME CONSTRAINTS

Master's degree students who have been absent for five or more consecutive years lose all credits that they have earned before their absence. Individual programs may count the coursework students completed prior to their absence for meeting program requirements; that coursework may not count toward Graduate School credit requirements.

#### GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
  - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)

- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeeabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

**Any student who feels that they have been mistreated by a faculty or staff member has the right to lodge a complaint. Complaints may concern course grades, classroom treatment, program admission, or other issues. To ensure a prompt and fair hearing of any complaint and to protect both the student's rights and the person at whom the complaint is addressed, the grievance procedures below are used in the Wisconsin School of Business.**

The person whom the complaint is directed against must be an employee of the School of Business. Any student or potential student may use these procedures unless other campus rules or contracts cover the complaint:

1. If the student feels comfortable/safe doing so, the student should first talk with the person against whom the grievance is directed. Most issues can be settled at this level. If the complaint is directed against a teaching assistant (TA) and the student is not satisfied after discussion of the grievance with the TA, the next step would be to talk to the TA's supervisor, who is usually the course professor. If the complaint is still not resolved satisfactorily, the student may continue to step 2.
2. If the complaint involves an academic department, the student should contact the chair of the department. The chair will attempt to resolve the problem informally. If this cannot be done to the student's satisfaction, the student may submit the grievance to the chair in writing. This must be done within 60 calendar days of the alleged unfair treatment.
  - a. If the complaint does not involve an academic department, the procedure outlined in Step 4 below should be followed.
3. On receipt of a written complaint, the chair will refer the matter to a departmental committee, which will obtain a written response from the person at whom the complaint is directed. This response shall be shared with the person filing the grievance. The chair will provide a written decision within 30 days to the student on the action taken by the committee.
4. If either party is not satisfied with the decision, they have five working days from receipt of the decision to contact the dean's office (at the number below), indicating the intention to appeal. If the complaint does not involve an academic department in the school, the student must contact the dean's office within 60 calendar days of the alleged unfair treatment.

5. In either case, there will be an attempt to resolve the issue informally by the appropriate associate dean. If this cannot be done, the complaint can be filed in writing with the Office of the Dean. This must be done within 10 working days of the time the appealing party was notified that informal resolution was unsuccessful.
6. On receipt of such a written complaint, the Chief Diversity and Inclusion Officer will convene a subcommittee of relevant stakeholders pending the nature of the issue. This subcommittee may ask for additional information from the parties involved and may hold a hearing at which both parties will be asked to speak separately. The subcommittee will then make a written recommendation to the dean of the School of Business who will render a decision. Unless a longer time is negotiated, this written decision shall be made within 20 working days from when the grievance was filed with the Office of the Dean.

*Questions about these procedures can be directed to the School of Business, Office of the Dean, 4339 Grainger, 975 University Avenue, 608-262-7867.*

*State law contains additional provisions regarding discrimination and harassment. Wisconsin Statutes 36.12 reads, in part: "No student may be denied admission to, participation in or the benefits of, or be discriminated against in any service, program, course or facility of the system or its institutions or center because of the student's race, color, creed, religion, sex, national origin, disability, ancestry, age, sexual orientation, pregnancy, marital status or parental status." In addition, UW–System prohibits discrimination based on gender identity or gender expression. Students have the right to file discrimination and harassment complaints with the Office of Compliance, 361 Bascom Hall, 608-265-6018, [uwcomplianceoffice@wisc.edu](mailto:uwcomplianceoffice@wisc.edu).*

The Graduate School has procedures for students wishing to appeal a grievance decision at the school/college level. These policies are described in the Graduate School's Academic Policies and Procedures: <https://grad.wisc.edu/documents/grievances-and-appeals/>

## OTHER

Students must be enrolled full-time.

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

### BOLZ CENTER RESOURCES

Students have a multitude of opportunities to pursue professional development, both within the programs, as well as across campus. In the Bolz Center, students will be part of the biennial Bolz Center Collegium, a professional development and alumni event, which boasts national/international field and industry speakers and workshops. We also provide opportunities for our students to participate in events including Madison Nonprofit Day, WI Arts Advocacy Day, and the UW Fundraising and Development Workshop each year. Additional speakers and guests visit the center for one-day convenings and seminars, and we host site visits where we visit these industry leaders in their home cities and organizations.

## LEARNING OUTCOMES

1. Explore and apply foundational knowledge in arts and business topics in non-profit and entrepreneurial contexts that include evidence-based decision-making, cultural sensitivity and artistic integrity.
2. Demonstrate knowledge of strategic frameworks and their use in mission-based organizations and agencies to interpret data and executive on evidence-based plans.
3. Lead and manage teams effectively in a variety of cross-sector cultural settings, using the tools of organizational analysis, community development and placemaking and program evaluation.
4. Engage in ethical decision-making that is sensitive to and informed by a diverse group of stakeholders, when developing and advancing plans of strategy, fund development, entrepreneurial action and evaluation.
5. Successfully share their ideas with a diverse set of constituents and stakeholders through group facilitation methodologies, as well as employing frameworks for informative, persuasive and inspired communications.
6. Build cross-sector professional networks by providing volunteer service to the field and working within and across arts/creative enterprises and/or relevant communities.

## PEOPLE

The Wisconsin School of Business at UW–Madison has been building artful leaders for over 50 years. The Bolz Center for Arts Administration supports the oldest and longest running graduate program in arts administration in the world.

The Bolz Center is committed to training leaders who are curious, life-long learners. Through focused curriculum, discussion, research, and analysis of arts and cultural nonprofit management, the Bolz Center refines our collective understanding of what it means to manage and lead in this challenging, rewarding, and ever-changing field.

The Center also serves as a model for exploration through consulting projects, national initiatives, and experiences that engage our alumni and colleagues around the world.

Please see the Bolz Center's website (<https://business.wisc.edu/centers/bolz/contact/>) for a list of program leaders.

## ACCREDITATION

### ACCREDITATION

AACSB International—The Association to Advance Collegiate Schools of Business (<http://www.aacsb.edu/>)

Accreditation status: Accredited. Next accreditation review: 2026–2027.

## BUSINESS: MANAGEMENT AND HUMAN RESOURCES, M.S.

Founded in 1900, the School of Business established one of the first five business programs in the nation. That entrepreneurial spirit remains strong.

As a student in the School of Business, you will find yourself inspired by peers, staff, alumni, business leaders, and world-renowned faculty who are focused, collaborative, and engaged in every aspect of the student experience. You will join a highly ranked program that equips you to meet both academic and career challenges. Employers value School of Business graduates because of the comprehensive preparation this learning environment provides. Graduates possess highly sought-after general management and specialized expertise in business.

Joining collaborative, inspiring, trustworthy, and progressive WSB alumni, Business Badgers graduate prepared to lead their organizations to success and transform the world of business. Together Forward!

## ADMISSIONS

This master's program is offered for work leading to the Ph.D. Students may not apply directly for the master's, and should instead see the admissions information for the Ph.D. (p. 272)

## FUNDING

## GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

Grades of Incomplete are considered to be unsatisfactory if they are not removed during the next enrolled semester.

Assessments and Examinations Contact the program for information on required assessments and examinations.

Language Requirements Contact the program for information on any language requirements.

## REQUIRED COURSES

This master's degree is earned by students on the way to earning the Ph.D. in Business. Refer to the curricular requirements for specific tracks within the Business Ph.D. (p. 273) for required courses.

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

## MAJOR-SPECIFIC POLICIES

### PRIOR COURSEWORK

#### Graduate Work from Other Institutions

With program approval, students are allowed to count no more than 9 credits of graduate coursework from other institutions. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

#### UW-Madison Undergraduate

No credits from a UW-Madison undergraduate degree are allowed to count toward the degree.

#### UW-Madison University Special

With program approval and payment of the difference in tuition (between special and graduate tuition), students are allowed to count no more than 9 credits of coursework numbered 700 or above taken as a UW-Madison University Special student. Coursework earned five or more years prior to the master's degree is not allowed to satisfy requirements.

### PROBATION

The Graduate School regularly reviews the record of any student who earned grades of BC, C, D, F, or Incomplete in a graduate course (300 or above), or grade of U in research credits. This review could result in academic probation with a hold on future enrollment or in being suspended from the Graduate School.

### ADVISOR / COMMITTEE

Every graduate student is required to have an advisor. To ensure that students are making satisfactory progress toward a degree, the Graduate School expects them to meet with their advisor on a regular basis.

An advisor generally serves as the thesis advisor. In many cases, an advisor is assigned to incoming students. Students can be suspended from the Graduate School if they do not have an advisor. An advisor is a faculty member, or sometimes a committee, from the major department responsible for providing advice regarding graduate studies.

A committee often accomplishes advising for the students in the early stages of their studies.

### CREDITS PER TERM ALLOWED

15 credits

### TIME CONSTRAINTS

Master's degree students who have been absent for five or more consecutive years lose all credits that they have earned before their absence. Individual programs may count the coursework students completed prior to their absence for meeting program requirements; that coursework may not count toward Graduate School credit requirements.

### GRIEVANCES AND APPEALS

- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

**Any student who feels that they have been mistreated by a faculty or staff member has the right to lodge a complaint. Complaints may concern course grades, classroom treatment, program admission, or other issues. To ensure a prompt and fair hearing of any complaint and to protect both the student's rights and the person at whom the complaint is addressed, the grievance procedures below are used in the Wisconsin School of Business.**

The person whom the complaint is directed against must be an employee of the School of Business. Any student or potential student may use these procedures unless other campus rules or contracts cover the complaint:

1. If the student feels comfortable/safe doing so, the student should first talk with the person against whom the grievance is directed. Most issues can be settled at this level. If the complaint is directed against a teaching assistant (TA) and the student is not satisfied after discussion of the grievance with the TA, the next step would be to talk to the TA's supervisor, who is usually the course professor. If the complaint is still not resolved satisfactorily, the student may continue to step 2.
2. If the complaint involves an academic department, the student should contact the chair of the department. The chair will attempt to resolve the problem informally. If this cannot be done to the student's satisfaction, the student may submit the grievance to the chair in writing. This must be done within 60 calendar days of the alleged unfair treatment.
  - a. If the complaint does not involve an academic department, the procedure outlined in Step 4 below should be followed.
3. On receipt of a written complaint, the chair will refer the matter to a departmental committee, which will obtain a written response from the person at whom the complaint is directed. This response shall be shared with the person filing the grievance. The chair will provide a written decision within 30 days to the student on the action taken by the committee.
4. If either party is not satisfied with the decision, they have five working days from receipt of the decision to contact the dean's

office (at the number below), indicating the intention to appeal. If the complaint does not involve an academic department in the school, the student must contact the dean's office within 60 calendar days of the alleged unfair treatment.

5. In either case, there will be an attempt to resolve the issue informally by the appropriate associate dean. If this cannot be done, the complaint can be filed in writing with the Office of the Dean. This must be done within 10 working days of the time the appealing party was notified that informal resolution was unsuccessful.
6. On receipt of such a written complaint, the Chief Diversity and Inclusion Officer will convene a subcommittee of relevant stakeholders pending the nature of the issue. This subcommittee may ask for additional information from the parties involved and may hold a hearing at which both parties will be asked to speak separately. The subcommittee will then make a written recommendation to the dean of the School of Business who will render a decision. Unless a longer time is negotiated, this written decision shall be made within 20 working days from when the grievance was filed with the Office of the Dean.

*Questions about these procedures can be directed to the School of Business, Office of the Dean, 4339 Grainger, 975 University Avenue, 608-262-7867.*

*State law contains additional provisions regarding discrimination and harassment. Wisconsin Statutes 36.12 reads, in part: "No student may be denied admission to, participation in or the benefits of, or be discriminated against in any service, program, course or facility of the system or its institutions or center because of the student's race, color, creed, religion, sex, national origin, disability, ancestry, age, sexual orientation, pregnancy, marital status or parental status." In addition, UW-System prohibits discrimination based on gender identity or gender expression. Students have the right to file discrimination and harassment complaints with the Office of Compliance, 361 Bascom Hall, 608-265-6018, [uwcomplianceoffice@wisc.edu](mailto:uwcomplianceoffice@wisc.edu).*

The Graduate School has procedures for students wishing to appeal a grievance decision at the school/college level. These policies are described in the Graduate School's Academic Policies and Procedures: <https://grad.wisc.edu/documents/grievances-and-appeals/>

## OTHER

Students must be enrolled full-time.

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

## LEARNING OUTCOMES

1. Understand the connection between human resource management and overall business strategy.
2. Analyze organization compensation strategy to identify problems and develop solutions that support the organization's strategy.
3. Discern which staffing techniques are poor, fair, and good predictors of employees' future job performance.

4. Comprehend the various challenges currently facing the labor and employment relations system to be able to address these challenges.
5. Apply appropriate tactics in competitive and cooperative negotiations individually and as part of a negotiation team.
6. Design work systems and roles that allow employees to contribute to organization performance.

## ACCREDITATION

### Accreditation

AACSB International—The Association to Advance Collegiate Schools of Business (<http://www.aacsb.edu/>)

Accreditation status: Accredited. Next accreditation review: 2026-2027.

## BUSINESS: MANAGEMENT AND HUMAN RESOURCES, MBA

Founded in 1900, the School of Business established one of the first five business programs in the nation. That entrepreneurial spirit remains strong.

As a student in the School of Business, you will find yourself inspired by peers, staff, alumni, business leaders, and world-renowned faculty who are focused, collaborative, and engaged in every aspect of the student experience. You will join a highly ranked program that equips you to meet both academic and career challenges. Employers value School of Business graduates because of the comprehensive preparation this learning environment provides. Graduates possess highly sought-after general management and specialized expertise in business.

Joining collaborative, inspiring, trustworthy, and progressive Wisconsin School of Business alumni, Business Badgers graduate prepared to lead their organizations to success and transform the world of business. Together Forward!

## NAMED OPTION IN STRATEGIC HUMAN RESOURCES MANAGEMENT

The Wisconsin MBA in Business: Management and Human Resources named option in Strategic Human Resource Management (SHRM) produces leaders who are equipped with the necessary skills to change tomorrow. The curriculum combines expertise in human resources with the knowledge required to be a strategic business partner. Many of the functional areas of HR and core competencies are covered through academic courses and program activities outside the classroom. The combination of core MBA learning, specialized courses, applied learning opportunities, and human resources internships sets the Wisconsin SHRM program apart from its competitors. See the program website (<https://business.wisc.edu/graduate/mba/full-time/specializations/human-resources/>) for more information.

## ADMISSIONS

Students apply to the MBA in Business: Management and Human Resources through its named option:

- Business: Management and Human Resources: Strategic Human Resource Management, MBA (p. 1114)

## FUNDING

### GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

### PROGRAM RESOURCES

Learn about costs and financial assistance on the program website (<https://business.wisc.edu/graduate/mba/full-time/tuition/>).

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### MAJOR REQUIREMENTS CURRICULAR REQUIREMENTS

#### Requirements Detail

Minimum Credit Requirement 54 credits

Minimum Residence Credit Requirement 48 credits

Minimum Graduate Coursework Requirement Half of degree coursework (27 credits out of 54 total credits) must be completed graduate-level coursework; courses with the Graduate Level Coursework attribute are identified and searchable in the university's Course Guide (<https://registrar.wisc.edu/course-search-enroll> (<https://registrar.wisc.edu/course-search-enroll/>)).

Overall Graduate GPA Requirement 3.00 GPA required.

Other Grade Requirements The Graduate School requires an average grade of B or better in all coursework (300 or above, not including research credits) taken as a graduate student unless conditions for probationary status require higher grades. Grades of Incomplete are considered to be unsatisfactory if they are not removed during the first four weeks of the following semester. Students may be required to retake a course in which they receive a grade lower than a C.

Assessments and Examinations No required assessments or examinations beyond course requirements.

Language Requirements No language requirements.

## REQUIRED COURSES

Select a Named Option (p. 1113) for courses required.

## NAMED OPTIONS

A named option is a formally documented sub-major within an academic major program. Named options appear on the transcript with degree conferral. Students pursuing the MBA in Business: Management and Human Resources must select one of the following named options:

View as listView as grid

- **BUSINESS: MANAGEMENT AND HUMAN RESOURCES: STRATEGIC HUMAN RESOURCE MANAGEMENT, MBA (P. 1114)**

## POLICIES

Students should refer to the named options for policy information:

- Business: Management and Human Resources: Strategic Human Resource Management, MBA (p. 1114)

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

## LEARNING OUTCOMES

1. Understand the connection between human resource management and overall business strategy.
2. Analyze organization compensation strategy to identify problems and develop solutions that support the organization's strategy.
3. Discern which staffing techniques are poor, fair, and good predictors of employees' future job performance.
4. Comprehend the various challenges currently facing the labor and employment relations system to be able to address these challenges.
5. Apply appropriate tactics in competitive and cooperative negotiations individually and as part of a negotiation team.
6. Design work systems and roles that allow employees to contribute to organization performance.

## PEOPLE

For information about the faculty and their research interests, please visit the directory (<https://business.wisc.edu/directory/>).

## ACCREDITATION

### Accreditation

AACSB International—The Association to Advance Collegiate Schools of Business (<http://www.aacsb.edu/>)

Accreditation status: Accredited. Next accreditation review: 2026-2027.

## BUSINESS: MANAGEMENT AND HUMAN RESOURCES: STRATEGIC HUMAN RESOURCE MANAGEMENT, MBA

This is a named option in the Business: Management and Human Resources MBA. (p. 1112)

### ADMISSIONS

Admission consideration for the MBA program requires a four-year undergraduate degree or the equivalent, in any discipline, from an accredited institution. The Wisconsin School of Business prefers a minimum of two years of professional work experience along with a strong undergraduate performance. In addition to academic credentials, a GMAT or GRE score, and work experience, personal achievements, motivation, communication skills (written and oral), and recommendation letters are all considered in the admission process at the Master's and doctoral levels.

*Note:* The Graduate Management Admission Test (GMAT) or Graduate Record Examination (GRE) must have been taken within five years prior to receiving an offer of admission. All applicants whose native language is not English must submit scores from the Test of English as a Foreign Language (TOEFL), the Pearson Test of English (PTE), Intensive English as a Second Language (IELTS), or show the completion of an Interlink program. A minimum iBT TOEFL score of 100 or equivalent, obtained within two years of the intended start term, is required. International applicants who have completed a degree at an institution whose primary language of instruction was English may request a waiver of this requirement on the application.

### HOW TO APPLY

Students interested in Business degrees do not apply through the Graduate School application system and should instead refer to the School of Business Admissions page. (<https://business.wisc.edu/graduate/mba/full-time/admissions/>)

### FUNDING

### GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

### PROGRAM RESOURCES

Learn about costs and financial assistance on the program website (<https://business.wisc.edu/graduate/mba/full-time/tuition/>).

### REQUIREMENTS

#### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

#### NAMED OPTION REQUIREMENTS MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

##### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students are able to complete a program with minimal disruptions to careers and other commitments.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW–Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

#### CURRICULAR REQUIREMENTS

Requirements Detail	
Minimum Credit Requirement	54 credits
Minimum Residence Credit Requirement	48 credits
Minimum Graduate Coursework Requirement	27 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy ( <a href="https://policy.wisc.edu/library/UW-1244">https://policy.wisc.edu/library/UW-1244</a> ).
Overall Graduate GPA Requirement	3.00 GPA required. This program follows the Graduate School's policy: <a href="https://policy.wisc.edu/library/UW-1203">https://policy.wisc.edu/library/UW-1203</a> ( <a href="https://policy.wisc.edu/library/UW-1203/">https://policy.wisc.edu/library/UW-1203/</a> ).
Other Grade Requirements	Students may be required to retake a course in which they receive a grade lower than a C.
Assessments and Examinations	No required assessments or examinations beyond course requirements.

Language Requirements No language requirements.

## REQUIRED COURSES

Code	Title	Credits
<b>Required Core Courses</b>		
ACCT I S 700	Financial Accounting	2
FINANCE 700	Introduction to Financial Management	2
GEN BUS 704	Data to Decisions	2
GEN BUS 710	Ethics, Integrity and Society	1
GEN BUS 725	Consulting Practicum	1
GEN BUS 750	Professional Experience in Business <sup>1</sup>	1
M H R 706	Leading and Working in Teams	1
M H R 723	Business Strategy	2
MARKETNG 700	Marketing Management	2
OTM 700	Operations Management	2
OTM 732	Economics for Managers	2
<b>Required Specialization Courses</b>		
M H R 610	Compensation: Theory and Administration	3
M H R 611	Personnel Staffing and Evaluation	3
M H R 612	Labor-Management Relations	3
M H R 628	Negotiations	3
or M H R 728	Bargaining, Negotiating and Dispute Settlement for Managers	
M H R 705	Human Resource Management	3
M H R 765	Contemporary Topics (Topic: People Analytics)	3
M H R 765	Contemporary Topics (Topic: MHR HR Capstone) <sup>2</sup>	6
OTM 758	Managing Technological and Organizational Change	3
<b>Electives<sup>3</sup></b>		<b>9</b>
<b>Total Credits</b>		<b>54</b>

Electives must be approved by advisor.

1

Waivers for this requirement and the associated credit will be offered if students have one year or more of United States work experience, or are not seeking an internship for approved reasons, such as company-sponsored status, active military, starting their own business as a founder/owner, or have a medical or family hardship. There may be other approvals on a case by case basis.

2

Students will take this specific 3 credit topics course twice.

3

Any course with the graduate course attribute offered by the School of Business (including departments: ACCT I S, ACT SCI, FINANCE, GEN BUS, INFO SYS, INTL BUS, M H R, MARKETNG, OTM, REAL EST, or R M I) can be used to complete the required elective credits. Courses outside of the School of Business will be considered on a case-by-case basis.

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

### NAMED OPTION-SPECIFIC POLICIES

#### PRIOR COURSEWORK

##### Graduate Work from Other Institutions

With program and department approval, up to 6 credits of graduate coursework completed two years prior to admission at an AACSB accredited institution, in which a grade of B or better was earned, may count toward the degree.

##### UW–Madison Undergraduate

No credits from a UW–Madison undergraduate degree are allowed to count toward the degree.

##### UW–Madison University Special

With program and department approval and payment of the difference in tuition (between special and graduate tuition), students are allowed to count no more than 15 credits of coursework numbered 600 or above taken as a UW–Madison University Special student. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

#### PROBATION

This program follows the Graduate School's Probation policy (<https://policy.wisc.edu/library/UW-1217/>).

#### ADVISOR / COMMITTEE

This program follows the Graduate School's Advisor policy (<https://policy.wisc.edu/library/UW-1232/>).

#### CREDITS PER TERM ALLOWED

15 credits

#### TIME LIMITS

This program follows the Graduate School's Time Limits policy (<https://policy.wisc.edu/library/UW-1221/>).

#### GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
  - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)

- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
  - Employee Disability Resource Office (<https://employeeabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
  - Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
  - Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
  - Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
  - Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
  - Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)
5. In either case, there will be an attempt to resolve the issue informally by the appropriate associate dean. If this cannot be done, the complaint can be filed in writing with the Office of the Dean. This must be done within 10 working days of the time the appealing party was notified that informal resolution was unsuccessful.
  6. On receipt of such a written complaint, the Chief Diversity and Inclusion Officer will convene a subcommittee of relevant stakeholders pending the nature of the issue. This subcommittee may ask for additional information from the parties involved and may hold a hearing at which both parties will be asked to speak separately. The subcommittee will then make a written recommendation to the dean of the School of Business who will render a decision. Unless a longer time is negotiated, this written decision shall be made within 20 working days from when the grievance was filed with the Office of the Dean.

*Questions about these procedures can be directed to the School of Business, Office of the Dean, 4339 Grainger, 975 University Avenue, 608-262-7867.*

*State law contains additional provisions regarding discrimination and harassment. Wisconsin Statutes 36.12 reads, in part: "No student may be denied admission to, participation in or the benefits of, or be discriminated against in any service, program, course or facility of the system or its institutions or center because of the student's race, color, creed, religion, sex, national origin, disability, ancestry, age, sexual orientation, pregnancy, marital status or parental status." In addition, UW–System prohibits discrimination based on gender identity or gender expression. Students have the right to file discrimination and harassment complaints with the Office of Compliance, 361 Bascom Hall, 608-265-6018, [uwcomplianceoffice@wisc.edu](mailto:uwcomplianceoffice@wisc.edu).*

The Graduate School has procedures for students wishing to appeal a grievance decision at the school/college level. These policies are described in the Graduate School's Academic Policies and Procedures: <https://grad.wisc.edu/documents/grievances-and-appeals/>

## OTHER

Students are expected to be enrolled full-time for all semesters. Exceptions may be granted in the final semester.

## PROFESSIONAL DEVELOPMENT

## GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

## PEOPLE

## ENTREPRENEURSHIP, GRADUATE/ PROFESSIONAL CERTIFICATE

The graduate/professional certificate in entrepreneurship seeks to provide entrepreneurial knowledge and skills to students who desire to launch a new organization, work more effectively in startup situations, or explore and better understand the regulatory policies that affect company formation and performance. The certificate is available to all UW–Madison graduate degree-seeking students (excluding University Special students).

A student who has completed this certificate will have good foundational skills in recognizing promising opportunities and building a new organization or venture to create social/economic value.

Students who successfully complete the requirements for the certificate and submit the required certificate declaration and certificate completion forms to the Department of Management and Human Resources office will have the certificate noted on their official university transcripts by the Office of the Registrar.

### ADMISSIONS

Before beginning any coursework, we suggest you consult with your faculty advisor (or, where appropriate, graduate program coordinator).

Note: The application for declaring your certificate must be completed prior to graduation. Your application automatically serves as a declaration of your intent to pursue the certificate. This declaration will become part of your academic record.

Application information is available on the program website (<https://bus.wisc.edu/mba/current-students/certificate-programs/entrepreneurship/#application-information>).

### REQUIREMENTS

The 12-credit program draws upon entrepreneurship courses in the School of Business, but students may select approved, elective courses from a variety of schools and colleges across the university that address the ability to launch and lead new ventures. Approved courses develop and deepen students' capacity to: assess opportunities, analyze the structure of markets, develop new products, perform financial analysis, understand the consequences of entity types, use intellectual property strategically in dynamic markets, form effective teams, and formulate strategies for organizational growth. Other courses help students better understand the role of entrepreneurial activity in economic growth and the achievement of societal goals.

### LEARNING OUTCOMES

1. Students will understand the different career paths in entrepreneurship.

2. Students will understand what makes an effective founding team for a new venture.
3. Students will understand critical legal issues in the management of an entrepreneurial firm.
4. Students will be able to write the central components of business plans including being able to apply critical financial and management accounting issues specific to the growing venture.
5. Students will understand key opportunities for minimizing risk and maximizing reward in new ventures.

## STRATEGIC INNOVATION: TECHNOLOGY, ORGANIZATIONS, AND SOCIETY, GRADUATE/ PROFESSIONAL CERTIFICATE

The graduate/professional certificate in strategic innovation seeks to provide knowledge and skills to students around the development of innovative products, services, and processes within an existing organization. The certificate is available to all UW–Madison graduate-degree-seeking students (excluding University Special students).

### ADMISSIONS

Before beginning any coursework, we suggest you consult with your faculty advisor (or, where appropriate, graduate program coordinator).

Note: The application for declaring your certificate must be completed prior to graduation. Your application automatically serves as a declaration of your intent to pursue the certificate. This declaration will become part of your academic record.

Application information is available on the program website (<https://bus.wisc.edu/mba/current-students/certificate-programs/strategic-innovation/#application-information>).

### REQUIREMENTS

The 12-credit program draws upon strategy and related courses in the School of Business, but students may select approved, elective courses from a variety of schools and colleges across the university that deepen students' capacity for:

- Analyzing new markets
- Managing research and product development processes in existing organizations
- Supporting organizational creativity
- Articulating innovative business models
- Identifying and appropriating the value of intellectual property
- Assessing society-level innovation systems

The certificate program offers foundational skills and knowledge appropriate for graduate students who anticipate working in dynamic organizations that depend on innovation to compete in the marketplace and/or use innovation to create value for society more broadly.

A student who has completed the certificate will be prepared to execute in-depth new product development plans for an existing organization or identify and evaluate innovation challenges in society.

Students who successfully complete the requirements for the certificate and submit the required certificate declaration and certificate completion forms to the Department of Management and Human Resources office will have the certificate noted on their official university transcripts by the Office of the Registrar.

## LEARNING OUTCOMES

1. Students will be able to recognize, evaluate, select and implement business opportunities emerging from technological solutions.
2. Students will be able to manage technological and innovative processes based on the understanding of industry and market trends.
3. Students will be able to make business decisions in an emerging technology industry context.
4. Students will be able to evaluate competitive advantage (or lack thereof) stemming from technology.
5. Students will be able to develop understanding of strategies that firms use to appropriate value from technology.

## BUSINESS: MARKETING, M.S.

Founded in 1900, the School of Business established one of the first five business programs in the nation. That entrepreneurial spirit remains strong.

As a student in the School of Business, you will find yourself inspired by peers, staff, alumni, business leaders, and world-renowned faculty who are focused, collaborative, and engaged in every aspect of the student experience. You will join a highly ranked program that equips you to meet both academic and career challenges. Employers value School of Business graduates because of the comprehensive preparation this learning environment provides. Graduates possess highly sought-after general management and specialized expertise in business.

Joining collaborative, inspiring, trustworthy, and progressive WSB alumni, Business Badgers graduate prepared to lead their organizations to success and transform the world of business. Together Forward!

## ADMISSIONS

This master's program is offered for work leading to the Ph.D. Students may not apply directly for the master's, and should instead see the admissions information for the Ph.D. (p. 272)

## FUNDING

## GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### MAJOR REQUIREMENTS

#### MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students are able to complete a program with minimal disruptions to careers and other commitments.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW–Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

### CURRICULAR REQUIREMENTS

#### Requirements Detail

Minimum Credit Requirement	30 credits
Minimum Residence Credit Requirement	16 credits
Minimum Graduate Coursework Requirement	Half of degree coursework (15 credits out of 30 total credits) must be completed graduate-level coursework; courses with the Graduate Level Coursework attribute are identified and searchable in the university's Course Guide ( <a href="https://registrar.wisc.edu/course-search-enroll">https://registrar.wisc.edu/course-search-enroll</a> ( <a href="https://registrar.wisc.edu/course-search-enroll/">https://registrar.wisc.edu/course-search-enroll/</a> )).
Overall Graduate GPA Requirement	3.00 GPA required.
Other Grade Requirements	The Graduate School requires an average grade of B or better in all coursework (300 or above, not including research credits) taken as a graduate student unless conditions for probationary status require higher grades. Grades of Incomplete are considered to be unsatisfactory if they are not removed during the next enrolled semester.

**Assessments and Examinations** Contact the program for information on required and assessments and examinations.

**Language Requirements** Contact the program for information on any language requirements.

## REQUIRED COURSES

This master's degree is earned by students on the way to earning the Ph.D. in Business. Refer to the curricular requirements for specific tracks within the Business Ph.D. (p. 273) for required courses.

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

### MAJOR-SPECIFIC POLICIES

#### PRIOR COURSEWORK

##### Graduate Work from Other Institutions

With program approval, students are allowed to count no more than 9 credits of graduate coursework from other institutions. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

##### UW–Madison Undergraduate

No credits from a UW–Madison undergraduate degree are allowed to count toward the degree.

##### UW–Madison University Special

With program approval and payment of the difference in tuition (between special and graduate tuition), students are allowed to count no more than 9 credits of coursework numbered 700 or above taken as a UW–Madison University Special student. Coursework earned five or more years prior to the Master's degree is not allowed to satisfy requirements.

#### PROBATION

The Graduate School regularly reviews the record of any student who earned grades of BC, C, D, F, or Incomplete in a graduate course (300 or above), or grade of U in research credits. This review could result in academic probation with a hold on future enrollment or in being suspended from the Graduate School.

#### ADVISOR / COMMITTEE

Every graduate student is required to have an advisor. To ensure that students are making satisfactory progress toward a degree, the Graduate School expects them to meet with their advisor on a regular basis.

An advisor generally serves as the thesis advisor. In many cases, an advisor is assigned to incoming students. Students can be suspended from the Graduate School if they do not have an advisor. An advisor is a faculty member, or sometimes a committee, from the major department responsible for providing advice regarding graduate studies.

A committee often accomplishes advising for the students in the early stages of their studies.

### CREDITS PER TERM ALLOWED

15 credits

### TIME CONSTRAINTS

Master's degree students who have been absent for five or more consecutive years lose all credits that they have earned before their absence. Individual programs may count the coursework students completed prior to their absence for meeting program requirements; that coursework may not count toward Graduate School credit requirements.

### GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
  - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeeabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

***Any student who feels that they have been mistreated by a faculty or staff member has the right to lodge a complaint. Complaints may concern course grades, classroom treatment, program admission, or other issues. To ensure a prompt and fair hearing of any complaint and to protect both the student's rights and the person at whom the complaint is addressed, the grievance procedures below are used in the Wisconsin School of Business.***

The person whom the complaint is directed against must be an employee of the School of Business. Any student or potential student may use these procedures unless other campus rules or contracts cover the complaint:

1. If the student feels comfortable/safe doing so, the student should first talk with the person against whom the grievance

is directed. Most issues can be settled at this level. If the complaint is directed against a teaching assistant (TA) and the student is not satisfied after discussion of the grievance with the TA, the next step would be to talk to the TA's supervisor, who is usually the course professor. If the complaint is still not resolved satisfactorily, the student may continue to step 2.

2. If the complaint involves an academic department, the student should contact the chair of the department. The chair will attempt to resolve the problem informally. If this cannot be done to the student's satisfaction, the student may submit the grievance to the chair in writing. This must be done within 60 calendar days of the alleged unfair treatment.
  - a. If the complaint does not involve an academic department, the procedure outlined in Step 4 below should be followed.
3. On receipt of a written complaint, the chair will refer the matter to a departmental committee, which will obtain a written response from the person at whom the complaint is directed. This response shall be shared with the person filing the grievance. The chair will provide a written decision within 30 days to the student on the action taken by the committee.
4. If either party is not satisfied with the decision, they have five working days from receipt of the decision to contact the dean's office (at the number below), indicating the intention to appeal. If the complaint does not involve an academic department in the school, the student must contact the dean's office within 60 calendar days of the alleged unfair treatment.
5. In either case, there will be an attempt to resolve the issue informally by the appropriate associate dean. If this cannot be done, the complaint can be filed in writing with the Office of the Dean. This must be done within 10 working days of the time the appealing party was notified that informal resolution was unsuccessful.
6. On receipt of such a written complaint, the Chief Diversity and Inclusion Officer will convene a subcommittee of relevant stakeholders pending the nature of the issue. This subcommittee may ask for additional information from the parties involved and may hold a hearing at which both parties will be asked to speak separately. The subcommittee will then make a written recommendation to the dean of the School of Business who will render a decision. Unless a longer time is negotiated, this written decision shall be made within 20 working days from when the grievance was filed with the Office of the Dean.

Questions about these procedures can be directed to the School of Business, Office of the Dean, 4339 Grainger, 975 University Avenue, 608-262-7867.

State law contains additional provisions regarding discrimination and harassment. Wisconsin Statutes 36.12 reads, in part: "No student may be denied admission to, participation in or the benefits of, or be discriminated against in any service, program, course or facility of the system or its institutions or center because of the student's race, color, creed, religion, sex, national origin, disability, ancestry, age, sexual orientation, pregnancy, marital status or parental status." In addition, UW-System prohibits discrimination based on gender identity or gender expression. Students have the right to file discrimination and harassment complaints with the Office of Compliance, 361 Bascom Hall, 608-265-6018, uwcomplianceoffice@wisc.edu.

The Graduate School has procedures for students wishing to appeal a grievance decision at the school/college level. These policies are

described in the Graduate School's Academic Policies and Procedures: <https://grad.wisc.edu/documents/grievances-and-appeals/>

## OTHER

Students must be enrolled full time.

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

## LEARNING OUTCOMES

1. Clearly articulate a business recommendation based on a discovered consumer insight. (A.C. Nielsen Specialization)
2. Demonstrate a knowledge of or ability to grow business profitably through marketing research efforts. (A.C. Nielsen Specialization)
3. Articulate a business problem and translate it into a marketing research question. (A.C. Nielsen Specialization)
4. Evaluate a business problem and apply an appropriate marketing research technique to address the problem. (A.C. Nielsen Specialization)
5. Develop key elements of a brand's business plan that drive growth. (Brand Specialization)
6. Perform business analytics used to improve a brand's business results. (Brand Specialization)
7. Articulate a plan for achieving their industry professional aspirations. (A.C. Nielsen Specialization)
8. Demonstrate professional protocols for succeeding in the corporate environment. (Brand Specialization)
9. Summarize current challenges faced by the marketing research industry and know potential solutions or how the industry is approaching the challenge. (A.C. Nielsen Specialization)
10. Effectively communicate in order to drive growth for their brand's business. (Brand Specialization)
11. Understand how to lead a cross-functional brand and product team to achieve a goal or an objective. (Brand Specialization)

## ACCREDITATION

### ACCREDITATION

AACSB International—The Association to Advance Collegiate Schools of Business (<http://www.aacsb.edu/>)

Accreditation status: Accredited. Next accreditation review: 2026–2027.

## BUSINESS: MARKETING, MBA

Founded in 1900, the School of Business established one of the first five business programs in the nation. That entrepreneurial spirit remains strong.

As a student in the School of Business, you will find yourself inspired by peers, staff, alumni, business leaders, and world-renowned faculty who are focused, collaborative, and engaged in every aspect of the student experience. You will join a highly ranked program that equips you to meet both academic and career challenges. Employers value School of Business graduates because of the comprehensive preparation this learning environment provides. Graduates possess highly sought-after general management and specialized expertise in business.

Joining collaborative, inspiring, trustworthy, and progressive Wisconsin School of Business alumni, Business Badgers graduate prepared to lead their organizations to success and transform the world of business. See the program website (<https://business.wisc.edu/graduate/mba/full-time/specializations/marketing/>) for more information. Together Forward!

## ADMISSIONS

Admission consideration for the MBA program requires a four-year undergraduate degree or the equivalent, in any discipline, from an accredited institution. The School of Business prefers a minimum of two years of professional work experience along with a strong undergraduate performance. In addition to academic credentials, a GMAT or GRE score, and work experience, personal achievements, motivation, communication skills (written and oral), and recommendation letters are all considered in the admission process at the Master's and doctoral levels.

*Note:* The Graduate Management Admission Test (GMAT) or Graduate Record Examination (GRE) must have been taken within five years prior to receiving an offer of admission. All applicants whose native language is not English must submit scores from the Test of English as a Foreign Language (TOEFL), the Pearson Test of English (PTE), Intensive English as a Second Language (IELTS), or show the completion of an Interlink program. A minimum iBT TOEFL score of 100 or equivalent, obtained within two years of the intended start term, is required. International applicants who have completed a degree at an institution whose primary language of instruction was English may request a waiver of this requirement on the application.

## HOW TO APPLY

Students apply to the Master of Business Administration in Business: Marketing through one of the named options (admissions to the named options are suspended effective summer 2022, and will be discontinued effective fall 2023):

- Marketing Analytics and Insights (<https://guide.wisc.edu/graduate/marketing/business-marketing-mba/business-marketing-market-analytics-insights-mba/>)
- Product Management (<https://guide.wisc.edu/graduate/marketing/business-marketing-mba/business-marketing-product-management-mba/>)

Starting fall 2022, students interested in a Business: Marketing degree do not apply through the Graduate School application system and

should instead refer to the School of Business Admissions page (<https://business.wisc.edu/graduate/mba/full-time/admissions/>).

## FUNDING

### GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

### PROGRAM RESOURCES

Learn about costs and financial assistance on the program website (<https://business.wisc.edu/graduate/mba/full-time/tuition/>).

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### MAJOR REQUIREMENTS CURRICULAR REQUIREMENTS

Requirements Detail	
Minimum Credit Requirement	55 credits
Minimum Residence Credit Requirement	49 credits
Minimum Graduate Coursework Requirement	Half of degree coursework (28 credits out of 55 total credits) must be completed graduate-level coursework; courses with the Graduate Level Coursework attribute are identified and searchable in the university's Course Guide ( <a href="https://registrar.wisc.edu/course-search-enroll">https://registrar.wisc.edu/course-search-enroll</a> ( <a href="https://registrar.wisc.edu/course-search-enroll/">https://registrar.wisc.edu/course-search-enroll/</a> )).
Overall Graduate GPA Requirement	3.00 GPA required.
Other Grade Requirements	The Graduate School requires that students maintain a graduate grade-point average (GPA) of 3.00 (on a 4.00 scale) for all graduate courses (excluding research) to receive a degree. Grades of Incomplete are considered to be unsatisfactory if they are not removed during the first four weeks of the following semester. Students may be required to retake a course in which they receive a grade lower than a C.
Assessments and Examinations	No required assessments or examinations beyond course requirements.

Language Requirements No language requirements.

## REQUIRED COURSES

Code	Title	Credits
<b>Required Core Courses</b>		
ACCT I S 700	Financial Accounting	2
FINANCE 700	Introduction to Financial Management	2
GEN BUS 704	Data to Decisions	2
GEN BUS 710	Ethics, Integrity and Society	1
GEN BUS 725	Consulting Practicum	1
GEN BUS 750	Professional Experience in Business	1
M H R 706	Leading and Working in Teams	1
M H R 723	Business Strategy	2
MARKETNG 700	Marketing Management	2
OTM 700	Operations Management	2
OTM 732	Economics for Managers	2
<b>Required Specialization Courses</b>		
MARKETNG 710	Marketing Research	3
MARKETNG 737	New Product Innovation	3
MARKETNG 755	Marketing in a Digital Age	3
MARKETNG 770	Marketing Consulting Practicum	4
MARKETNG 815	Marketing Analytics	3
MARKETNG 840	Current Topics in Marketing <sup>2</sup>	3
<b>Electives<sup>3</sup></b>		<b>18</b>
<b>Total Credits</b>		<b>55</b>

1

Waivers for this requirement and the associated credit will be offered if students have one year or more of United States work experience, or are not seeking an internship for approved reasons, such as company-sponsored status, active military, starting their own business as a founder/owner, or have a medical or family hardship. There may be other approvals on a case by case basis.

2

Students will take this 1 credit repeatable course during the first three semesters of the program.

3

Any 700+ level course offered by the School of Business (including departments: ACCT I S, ACT SCI, FINANCE, GEN BUS, INFO SYS, INTL BUS, M H R, MARKETNG, OTM , REAL EST, or R M I) can be used to complete the required elective credits.

## NAMED OPTIONS

A named option is a formally documented sub-major within an academic major program. Named options appear on the transcript with degree conferral. Students pursuing the MBA in Business: Marketing must select one of the following named options:

View as listView as grid

- BUSINESS: MARKETING: MARKETING ANALYTICS AND INSIGHTS, MBA (P. 1126)
- BUSINESS: MARKETING: PRODUCT MANAGEMENT, MBA (P. 1129)

Note: The Marketing: Marketing Analytics and Insights and Marketing: Product Management named options admissions are suspended effective fall 2022. The last term to declare one of these options is summer 2022. Both named options will be discontinued effective fall 2023. The last term to earn a credential with one of these named options is summer 2023.

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

### MAJOR-SPECIFIC POLICIES

#### PRIOR COURSEWORK

##### Graduate Work from Other Institutions

With program and department approval, up to 6 credits of graduate coursework completed two years prior to admission at an AACSB accredited institution, in which a grade of B or better was earned, may count toward the degree.

##### UW–Madison Undergraduate

No credits from a UW–Madison undergraduate degree are allowed to count toward the degree.

##### UW–Madison University Special

With program and department approval and payment of the difference in tuition (between special and graduate tuition), students are allowed to count no more than 15 credits of coursework numbered 600 or above taken as a UW–Madison University Special student. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

#### PROBATION

The Graduate School regularly reviews the record of any student who earned grades of BC, C, D, F, or Incomplete in a graduate course (300 or above), or grade of U in research credits. This review could result in academic probation with a hold on future enrollment or in being suspended from the Graduate School.

#### ADVISOR / COMMITTEE

Every graduate student is required to have an advisor. An advisor is a faculty member, or sometimes a committee, responsible for providing advice regarding graduate studies.

#### CREDITS PER TERM ALLOWED

15 credits

## TIME CONSTRAINTS

Master's degree students who have been absent for five or more consecutive years lose all credits that they have earned before their absence. Individual programs may count the coursework students completed prior to their absence for meeting program requirements; that coursework may not count toward Graduate School credit requirements.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
  - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

**Any student who feels that they have been mistreated by a faculty or staff member has the right to lodge a complaint. Complaints may concern course grades, classroom treatment, program admission, or other issues. To ensure a prompt and fair hearing of any complaint and to protect both the student's rights and the person at whom the complaint is addressed, the grievance procedures below are used in the Wisconsin School of Business.**

The person whom the complaint is directed against must be an employee of the School of Business. Any student or potential student may use these procedures unless other campus rules or contracts cover the complaint:

1. If the student feels comfortable/safe doing so, the student should first talk with the person against whom the grievance is directed. Most issues can be settled at this level. If the complaint is directed against a teaching assistant (TA) and the student is not satisfied after discussion of the grievance with the TA, the next step would be to talk to the TA's supervisor,

who is usually the course professor. If the complaint is still not resolved satisfactorily, the student may continue to step 2.

2. If the complaint involves an academic department, the student should contact the chair of the department. The chair will attempt to resolve the problem informally. If this cannot be done to the student's satisfaction, the student may submit the grievance to the chair in writing. This must be done within 60 calendar days of the alleged unfair treatment.
  - a. If the complaint does not involve an academic department, the procedure outlined in Step 4 below should be followed.
3. On receipt of a written complaint, the chair will refer the matter to a departmental committee, which will obtain a written response from the person at whom the complaint is directed. This response shall be shared with the person filing the grievance. The chair will provide a written decision within 30 days to the student on the action taken by the committee.
4. If either party is not satisfied with the decision, they have five working days from receipt of the decision to contact the dean's office (at the number below), indicating the intention to appeal. If the complaint does not involve an academic department in the school, the student must contact the dean's office within 60 calendar days of the alleged unfair treatment.
5. In either case, there will be an attempt to resolve the issue informally by the appropriate associate dean. If this cannot be done, the complaint can be filed in writing with the Office of the Dean. This must be done within 10 working days of the time the appealing party was notified that informal resolution was unsuccessful.
6. On receipt of such a written complaint, the Chief Diversity and Inclusion Officer will convene a subcommittee of relevant stakeholders pending the nature of the issue. This subcommittee may ask for additional information from the parties involved and may hold a hearing at which both parties will be asked to speak separately. The subcommittee will then make a written recommendation to the dean of the School of Business who will render a decision. Unless a longer time is negotiated, this written decision shall be made within 20 working days from when the grievance was filed with the Office of the Dean.

*Questions about these procedures can be directed to the School of Business, Office of the Dean, 4339 Grainger, 975 University Avenue, 608-262-7867.*

*State law contains additional provisions regarding discrimination and harassment. Wisconsin Statutes 36.12 reads, in part: "No student may be denied admission to, participation in or the benefits of, or be discriminated against in any service, program, course or facility of the system or its institutions or center because of the student's race, color, creed, religion, sex, national origin, disability, ancestry, age, sexual orientation, pregnancy, marital status or parental status." In addition, UW-System prohibits discrimination based on gender identity or gender expression. Students have the right to file discrimination and harassment complaints with the Office of Compliance, 361 Bascom Hall, 608-265-6018, [uwcomplianceoffice@wisc.edu](mailto:uwcomplianceoffice@wisc.edu).*

The Graduate School has procedures for students wishing to appeal a grievance decision at the school/college level. These policies are described in the Graduate School's Academic Policies and Procedures: <https://grad.wisc.edu/documents/grievances-and-appeals/>

## OTHER

Students are expected to be enrolled full-time for all semesters. Exceptions may be granted in the final semester.

## PROFESSIONAL DEVELOPMENT

## GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

## LEARNING OUTCOMES

1. Articulate core marketing strategy principles and how marketing drives value.
2. Apply analytical methods to organize and interpret data, generate consumer insights, and translate into effective marketing strategies.
3. Articulate specific marketing decisions (product, price, place/distribution, promotion) and their role in overall marketing strategies, and demonstrate how marketing decisions follow from choices with regard to segmentation and positioning.
4. Demonstrate effective communication and leadership skills to influence others and drive organizational change.

## PEOPLE

For information about the faculty and their research interests, please visit the directory (<https://business.wisc.edu/directory/>).

## ACCREDITATION

### Accreditation

AACSB International—The Association to Advance Collegiate Schools of Business (<http://www.aacsb.edu/>)

Accreditation status: Accredited. Next accreditation review: 2026-2027.

## BUSINESS: MARKETING: MARKETING ANALYTICS AND INSIGHTS, MBA

**Admissions to the Business: Marketing: Product Management, MBA have been suspended as of summer 2022 and will be discontinued as of fall 2023. The Business: Marketing MBA admissions are not suspended and have a new curriculum starting Fall 2022. Additional information can be found on the Guide page (p. 1123).**

This is a named option in the Business: Marketing MBA. (p. 1123)

Marketing action requires a balance of art and science, based on analytical thinking and a deep understanding of businesses and consumers. The A.C. Nielsen Center for Marketing Analytics and Insights offers the premier full-time MBA in Business: Marketing program with a named option in Marketing Analytics and Insights. The center was established in 1990 and is built on the legacy and funding

of the Arthur C. Nielsen Jr. family, pioneers in the field of marketing research. It was created to train MBA students in the specialized ideas, issues, and techniques of marketing research, as well as to help discover and disseminate new marketing research knowledge. See the program website (<https://business.wisc.edu/graduate/mba/full-time/specializations/marketing/>) for more information.

## ADMISSIONS

Admission consideration for the MBA Program requires a four-year undergraduate degree or the equivalent, in any discipline, from an accredited institution. The School of Business seeks a minimum of two years of full-time work experience along with a strong undergraduate performance. In addition to academic credentials, GMAT scores and work experience, personal achievements, motivation, communication skills (written and oral), international exposure and recommendation letters are considered in the admission process at both the master's and doctoral levels.

*Note:* The Graduate Management Admission Test (GMAT), taken within five years of the starting term, is required of all applicants to the School of Business; the Graduate Record Exam (GRE) may be an acceptable alternative on a case by case basis. All applicants whose native language is not English must submit scores from the Test of English as a Foreign Language (TOEFL), the Pearson Test of English (PTE), Intensive English as a Second Language (IELTS), or show the completion of an Interlink program. A minimum iBT TOEFL score of 100 or equivalent, obtained within two years of the intended start term, is required. International applicants who have completed a degree at an institution whose primary language of instruction was English may request a waiver of this requirement on the application.

## HOW TO APPLY

Students interested in Business degrees do not apply through the Graduate School application system and should instead refer to the School of Business Admissions page. (<https://business.wisc.edu/graduate/mba/full-time/admissions/>)

## FUNDING

## GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## PROGRAM RESOURCES

Learn about costs and financial assistance on the program website (<https://business.wisc.edu/graduate/mba/full-time/tuition/>).

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### NAMED OPTION REQUIREMENTS

#### MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students are able to complete a program with minimal disruptions to careers and other commitments.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW–Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

### CURRICULAR REQUIREMENTS

#### Requirements Detail

Minimum Credit Requirement	55 credits
Minimum Residence Credit Requirement	42 credits
Minimum Graduate Coursework Requirement	28 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy ( <a href="https://policy.wisc.edu/library/UW-1244">https://policy.wisc.edu/library/UW-1244</a> ( <a href="https://policy.wisc.edu/library/UW-1244/">https://policy.wisc.edu/library/UW-1244/</a> )).
Overall Graduate GPA Requirement	3.00 GPA required. This program follows the Graduate School's policy: <a href="https://policy.wisc.edu/library/UW-1203">https://policy.wisc.edu/library/UW-1203</a> ( <a href="https://policy.wisc.edu/library/UW-1203/">https://policy.wisc.edu/library/UW-1203/</a> ).
Other Grade Requirements	n/a
Assessments and Examinations	Contact the program for information on required assessments and examinations.

Language Requirements Contact the program for information on any language requirements.

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

## NAMED OPTION-SPECIFIC POLICIES

### PRIOR COURSEWORK

#### Graduate Work from Other Institutions

No credits of prior coursework are allowed to satisfy requirements.

#### UW–Madison Undergraduate

No credits from a UW–Madison undergraduate degree are allowed to count toward the degree.

#### UW–Madison University Special

No credits of prior coursework are allowed to satisfy requirements.

### PROBATION

This program follows the Graduate School's Probation policy. (<https://policy.wisc.edu/library/UW-1217/>)

### ADVISOR / COMMITTEE

Every graduate student is required to have an advisor. To ensure that students are making satisfactory progress toward a degree, the Graduate School expects them to meet with their advisor on a regular basis.

An advisor generally serves as the thesis advisor. In many cases, an advisor is assigned to incoming students. Students can be suspended from the Graduate School if they do not have an advisor. An advisor is a faculty member, or sometimes a committee, from the major department responsible for providing advice regarding graduate studies.

A committee often accomplishes advising for the students in the early stages of their studies.

### CREDITS PER TERM ALLOWED

15 credits

### TIME LIMITS

This program follows the Graduate School's Time Limits policy (<https://policy.wisc.edu/library/UW-1221/>).

### GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
  - Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
  - Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
  - Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)
- Any student who feels that they have been mistreated by a faculty or staff member has the right to lodge a complaint. Complaints may concern course grades, classroom treatment, program admission, or other issues. To ensure a prompt and fair hearing of any complaint and to protect both the student's rights and the person at whom the complaint is addressed, the grievance procedures below are used in the Wisconsin School of Business.***
- The person whom the complaint is directed against must be an employee of the School of Business. Any student or potential student may use these procedures unless other campus rules or contracts cover the complaint:
1. If the student feels comfortable/safe doing so, the student should first talk with the person against whom the grievance is directed. Most issues can be settled at this level. If the complaint is directed against a teaching assistant (TA) and the student is not satisfied after discussion of the grievance with the TA, the next step would be to talk to the TA's supervisor, who is usually the course professor. If the complaint is still not resolved satisfactorily, the student may continue to step 2.
  2. If the complaint involves an academic department, the student should contact the chair of the department. The chair will attempt to resolve the problem informally. If this cannot be done to the student's satisfaction, the student may submit the grievance to the chair in writing. This must be done within 60 calendar days of the alleged unfair treatment.
    - a. If the complaint does not involve an academic department, the procedure outlined in Step 4 below should be followed.
  3. On receipt of a written complaint, the chair will refer the matter to a departmental committee, which will obtain a written response from the person at whom the complaint is directed. This response shall be shared with the person filing the grievance. The chair will provide a written decision within 30 days to the student on the action taken by the committee.
  4. If either party is not satisfied with the decision, they have five working days from receipt of the decision to contact the dean's office (at the number below), indicating the intention to appeal. If the complaint does not involve an academic department in the school, the student must contact the dean's office within 60 calendar days of the alleged unfair treatment.
  5. In either case, there will be an attempt to resolve the issue informally by the appropriate associate dean. If this cannot be done, the complaint can be filed in writing with the Office of the Dean. This must be done within 10 working days of the time the appealing party was notified that informal resolution was unsuccessful.
  6. On receipt of such a written complaint, the Chief Diversity and Inclusion Officer will convene a subcommittee of relevant stakeholders pending the nature of the issue. This subcommittee may ask for additional information from the

parties involved and may hold a hearing at which both parties will be asked to speak separately. The subcommittee will then make a written recommendation to the dean of the School of Business who will render a decision. Unless a longer time is negotiated, this written decision shall be made within 20 working days from when the grievance was filed with the Office of the Dean.

Questions about these procedures can be directed to the School of Business, Office of the Dean, 4339 Grainger, 975 University Avenue, 608-262-7867.

State law contains additional provisions regarding discrimination and harassment. Wisconsin Statutes 36.12 reads, in part: "No student may be denied admission to, participation in or the benefits of, or be discriminated against in any service, program, course or facility of the system or its institutions or center because of the student's race, color, creed, religion, sex, national origin, disability, ancestry, age, sexual orientation, pregnancy, marital status or parental status." In addition, UW–System prohibits discrimination based on gender identity or gender expression. Students have the right to file discrimination and harassment complaints with the Office of Compliance, 361 Bascom Hall, 608-265-6018, uwcomplianceoffice@wisc.edu.

The Graduate School has procedures for students wishing to appeal a grievance decision at the school/college level. These policies are described in the Graduate School's Academic Policies and Procedures: <https://grad.wisc.edu/documents/grievances-and-appeals/>

## OTHER

Students must be enrolled full-time.

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

## PEOPLE

## MATERIALS SCIENCE AND ENGINEERING

### DEGREES/MAJORS, DOCTORAL MINORS, GRADUATE/PROFESSIONAL CERTIFICATES

- Materials Science and Engineering, Doctoral Minor (p. 1132)
- Materials Science and Engineering, M.S. (p. 1133)
- Materials Science and Engineering, Ph.D. (p. 1139)

## MATERIALS SCIENCE AND ENGINEERING, DOCTORAL MINOR

### REQUIREMENTS

The M S & E department offers a minor in Materials Science and Engineering for students studying towards a Ph.D. in other disciplines. The doctoral minor consists of at least 9 credits (typically 3 courses) of M S & E ([http://guide.wisc.edu/courses/m\\_s\\_e/](http://guide.wisc.edu/courses/m_s_e/)) courses. Within those nine credits, 6 must be at the 400 level or above, and 3 must be at the 700 level or above. Students must earn a B or higher in every course. Graduate coursework from other institutions cannot be used to satisfy the coursework requirements.

## MATERIALS SCIENCE AND ENGINEERING, M.S.

The Department of Materials Science and Engineering offers two distinct master of science (M.S.) degree programs:

- Materials Science and Engineering M.S., Research (p. 1135) - traditional master's program culminating in a thesis for students wishing to conduct research during their program
- Materials Science and Engineering M.S., Materials Engineering (<http://guide.wisc.edu/graduate/materials-science-engineering/materials-science-engineering-ms/materials-science-engineering-materials-science-ms/>) - accelerated, course-based master's program

### ABOUT MATERIALS SCIENCE AND ENGINEERING

Meeting many of the most critical challenges facing modern society requires advances in the materials that underpin new technologies. Examples include providing carbon-free and renewable energy, clean water, advanced medical treatments and devices, and sustainable materials manufacturing. New materials are also required for continued economic growth in areas as diverse as aerospace, computing, and sensors.

Materials scientists and engineers at UW–Madison work toward solutions to these problems via research in a wide variety of areas.

Research areas include ceramics, computational material science; composites; corrosion; electrical, optical, magnetic materials; growth and synthesis; joining; materials for energy; metals; materials characterization and microscopy; nanomaterials; phase transformations; photonics; polymers and biomaterials; materials for nuclear energy; quantum computing; self-assembly; semiconductors; structural materials and mechanical properties; surfaces and interfaces; sustainability; thin films; and wear.

More broadly, the field of materials science and engineering is in the middle of a revolution in how we design and deploy new materials. The old way is by trial and error, which involves laboratory testing of hundreds or thousands of candidate materials, which is costly and can take decades to develop a new materials and deploy it in practical technologies. The emerging new method leverages advances in computational materials science; materials databases, data science, and machine learning; and high throughput materials synthesis and characterization to achieve true design of materials. The goal is to develop and deploy new materials much more quickly and much lower cost than ever before. Materials design is a major theme of materials research on campus, organized around the areas of materials design via atomically controlled thin film systems, modular design of nanomaterials, and integrated experimental and computational materials engineering. Materials design and these themes cut across the research and application areas list above.

Materials research extends across campus, well beyond the boundaries of the Department of Materials Science and Engineering, so graduate students in materials can pursue research with a large number of affiliate faculty. Faculty emphasize the cross-cutting, interdisciplinary nature of materials research, which is also reflected by the diverse

undergraduate backgrounds of the student body, many of whom do not have undergraduate degrees in materials.

Materials research benefits from major campus facilities, including the Materials Science Center, the Wisconsin Microscopy and Characterization Center, Wisconsin Center for Applied Microelectronics, and the Soft Materials Laboratory. Research is supported by major centers, including the National Science Foundation Materials Research Science and Engineering Center and the Grainger Institute for Engineering.

Materials graduates from Wisconsin find long-term success in careers in private industry, national laboratories, and academia in the US and around the world.

## ADMISSIONS

Students apply to the Master of Science in Materials Science and Engineering through one of the named options:

- Materials Engineering (<http://guide.wisc.edu/graduate/materials-science-engineering/materials-science-engineering-ms/materials-science-engineering-materials-science-ms/>)
- Research (p. 1135)

## FUNDING

### GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

### PROGRAM RESOURCES

#### FINANCIAL ASSISTANCE

Please note that most funding is available for Ph.D. students and there is limited resources for M.S. students. Financial assistance is not available for students enrolled in the named option in Materials Engineering (p. 1135).

Various types of financial assistance are available for entering graduate students, including research assistantships, teaching assistantships, fellowships and special grants. Decisions regarding financial support are made on the basis of letters of recommendation, grades, GRE general test scores, and, for research assistantships, the matching of the interests or experience of the applicant to the research programs of individual faculty members. December 15th is the deadline for receipt of fellowship applications. Foreign students are generally not eligible for university fellowships. Applications for other types of support are accepted until mid-February.

#### RESEARCH AND TEACHING ASSISTANTSHIPS

Research assistantships (RAs) are available in any materials science area. These appointments are under the supervision of the major professor directing the research. Students interested in research assistantships in a particular area are encouraged to contact professors whose work is of special interest. The faculty's research interests are given in the Department of Materials Science and Engineering faculty section. An RA permits the most rapid progress toward a degree. Research assistantships in materials science graduate students are

comparable to similar stipends from other institutions. Information about stipends can be obtained from the Associate Chair of Graduate Studies, [acgs@mse.wisc.edu](mailto:acgs@mse.wisc.edu) (<http://guide.wisc.edu/graduate/materials-science-engineering/materials-science-engineering-ms/acgs@mse.wisc.edu>).

Teaching assistantships involve teaching rather than research experience. They pay approximately the same as research assistantships. Teaching experience is especially desirable for students considering an academic career. The Department of Materials Science and Engineering supports a limited number of teaching assistantships, which are allocated after admissions.

## FELLOWSHIPS

Herb Fellowships in Materials Science are given out each year. The Herb Fellowship is a one-year full-ride fellowship for incoming graduate students. It is intended to provide especially strong students extra flexibility and independence in formulating their graduate research program.

Fellowships supporting graduate education are also offered on a competitive basis by organizations such as the National Science Foundation (<http://www.nsf.gov/>), the Hertz Foundation (<http://www.hertzfndn.org/>), UW–Madison Graduate School (<http://www.wisc.edu/grad/>), the U.S. Department of Defense and a number of industries and foundations. Because some of these fellowships have fall application deadlines, early application is necessary. GRE scores for the General Test are required for fellowship applications.

## OTHER FUNDING INFORMATION

If you choose to attend UW-Madison and plan to pursue funding on your own, the following sites could be very helpful:

- Graduate School Funding Resources (<https://grad.wisc.edu/studentfunding/prospective/>)
- Graduate School Costs and Funding (<https://grad.wisc.edu/studentfunding/currentstudents/>)

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### MAJOR REQUIREMENTS

#### CURRICULAR REQUIREMENTS

##### Requirements Detail

Minimum Credit Requirement 30 credits

Minimum Residence Credit Requirement 16 credits

Minimum Graduate Coursework Requirement 15 credits (50% of 30 credits) must be graduate-level coursework. Details can be found in the Graduate School's policy: <https://policy.wisc.edu/library/UW-1244> (<https://policy.wisc.edu/library/UW-1244/>)

Overall Graduate GPA Requirement 3.00 GPA required. This program follows the Graduate School's policy: <https://policy.wisc.edu/library/UW-1203> (<https://policy.wisc.edu/library/UW-1203/>).

Other Grade Requirements n/a

Assessments and Examinations See Named Options for policy information.

Language Requirements None.

## REQUIRED COURSES

Select a Named Option (p. 1134) for courses required.

## NAMED OPTIONS

A named option is a formally documented sub-major within an academic major program. Named options appear on the transcript with degree conferral. Students pursuing the Master of Science in Materials Science and Engineering must select one of the following named options:

View as listView as grid

- MATERIALS SCIENCE AND ENGINEERING: MATERIALS ENGINEERING, M.S. (P. 1135)
- MATERIALS SCIENCE AND ENGINEERING: RESEARCH, M.S. (P. 1135)

## POLICIES

Students should refer to one of the named options for policy information:

- Materials Engineering (<http://guide.wisc.edu/graduate/materials-science-engineering/materials-science-engineering-ms/materials-science-engineering-materials-science-ms/>)
- Research (p. 1135)

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

### PROGRAM RESOURCES

Find information about professional development from the College of Engineering at the following webpage: <https://epd.wisc.edu/>.

## LEARNING OUTCOMES

1. Demonstrate a strong understanding of mathematical, scientific, and engineering principles in the field.
2. Demonstrate an ability to formulate, analyze, and solve advanced engineering problems.
3. Demonstrate creative, independent problem solving skills.

4. Apply the latest scientific and technological advancements, advanced techniques, and modern engineering tools to these problems.
5. Recognize and apply principles of ethical and professional conduct.

## PEOPLE

## MATERIALS SCIENCE AND ENGINEERING: RESEARCH, M.S.

This is a named option within the Materials Science and Engineering M.S. (p. 1133)

The Research named option in the Materials Science and Engineering M.S. is designed for students wishing to conduct research during their program. This program takes approximately two years to complete and a thesis is required.

## ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 15
Spring Deadline	October 1
Summer Deadline	December 15
GRE (Graduate Record Examinations)	Required.*
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements ( <a href="https://grad.wisc.edu/apply/requirements/#english-proficiency">https://grad.wisc.edu/apply/requirements/#english-proficiency</a> ).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

\*Due to COVID-19, GRE scores will not be required for applications to Materials Science and Engineering graduate programs for admission to the Spring 2023, Summer 2023, and Fall 2023 terms.

Applicants normally are expected to have a B.S. in the physical sciences or engineering. Undergraduate studies normally would include mathematics through differential equations, at least one year each of general physics and chemistry, a course in physical chemistry or modern physics, and an elementary course in properties of materials. Applicants may be admitted with deficiencies. These must be made up as soon as possible after entering the program.

## IMPORTANT APPLICATION INFORMATION

Admission to the University of Wisconsin–Madison Graduate School (<http://grad.wisc.edu/>) is a prerequisite for admission to study materials science. A minimum GPA of 3.0/4.0 is required. Graduate Record Examinations (<http://www.ets.org/gre/>) scores on the General Test are required. Admission is highly selective. Most admitted students have an undergraduate GPA above 3.5. Mean GRE scores in the most recent admission cycle were quantitative: 166, verbal: 163, and analytical writing: 3.5. However, full consideration will be given to all students meeting the UW–Madison graduate school requirements. Please use institution code: 1846; no department code is necessary.

Foreign students must submit satisfactory results on the TOEFL (<http://www.ets.org/toefl/>) or another acceptable English Language Test. Please use institution code: 1846; no department code is necessary. Information about these exams can be obtained from the Educational Testing Service, Princeton, New Jersey 08540 or Berkeley, California 94704.

Please use the online application (<https://apply.grad.wisc.edu/Account/Login/?ReturnUrl=%2f>) to begin your application. To be considered for fellowships, all application materials are due by December 15. If you have questions about the application or admissions process, please do not hesitate to email [msaegradadmission@engr.wisc.edu](mailto:msaegradadmission@engr.wisc.edu).

The graduate school offers a limited number of application fee grants (covers all or part of the application fee) that are available in a few specific circumstances. Further information is available here. (<https://grad.wisc.edu/admissions/feegrants/>)

*#Submit only the documents requested.*

**NOTE: PLEASE DO NOT SEND DOCUMENTS TO THE GRADUATE SCHOOL. ALL DOCUMENTS SHOULD BE UPLOADED WITH YOUR APPLICATION.**

## APPLICATION DEADLINES:

Spring semester: October 1  
Fall semester: December 15  
Summer: December 15

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### NAMED OPTION REQUIREMENTS

#### MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students are able to complete a program with minimal disruptions to careers and other commitments.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

### Requirements Detail

Minimum Credit Requirement 30 credits

Minimum Residence Credit Requirement 16 credits

Minimum Graduate Coursework Requirement 15 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy (<https://policy.wisc.edu/library/UW-1244> (<https://policy.wisc.edu/library/UW-1244/>)).

Overall Graduate GPA Requirement 3.00 GPA required. This program follows the Graduate School's GPA Requirement policy (<https://policy.wisc.edu/library/UW-1203> (<https://policy.wisc.edu/library/UW-1203/>)).

Other Grade Requirements n/a

Assessments and Examinations Students must prepare a Master's thesis, present it in a public seminar, and defend it in closed examination by their Master's committee. The format and procedures must conform to the Graduate School rules for a Master's thesis, currently found at <https://grad.wisc.edu/current-students/masters-guide> (<https://grad.wisc.edu/current-students/masters-guide/>).

Language Requirements None.

## REQUIRED COURSES

Code	Title	Credits
<b>Materials Research Seminar</b> <sup>1</sup>		<b>2</b>
M S & E 900	Materials Research Seminar	
<b>Materials Core Courses</b>		<b>9</b>
Select three courses:		
M S & E 521	Advanced Polymeric Materials	
M S & E 530	Thermodynamics of Solids	
M S & E 551	Structure of Materials	
M S & E 752	Advanced Materials Science: Phase Transformations	
<i>Graduate-level Math Course (students may only count one of the following as a Materials Core Course)</i>		
E P/E M A 547	Engineering Analysis I	
CBE 660	Intermediate Problems in Chemical Engineering	
MATH 703	Methods of Applied Mathematics 1	
MATH 704	Methods of Applied Mathematics-2	
PHYSICS 721	Theoretical Physics-Electrodynamics	
<b>Materials Elective Courses</b>		<b>6</b>
Electives must be selected from the list of Materials Elective Courses below.		
<b>Research</b>		<b>13</b>

M S & E 790	Master's Research or Thesis	Total Credits
		<b>30</b>

1

Take two consecutive semesters for 1 credit each semester.

### Materials Elective Courses:

The same course may not satisfy more than one requirement. For example, if M S & E 530 Thermodynamics of Solids is taken as a Materials Core Course, it could not be used as a Materials Elective Course. In addition, only one mathematics course may be counted as a materials core or materials elective course. Students or faculty may request that a course be added to the list by submitting a letter to the department graduate secretary including the course syllabus and explaining why the course is a materials-centric course.

Code	Title	Credits
M S & E 401	Special Topics in Materials Science and Engineering	1-3
M S & E/CHEM 421	Polymeric Materials	3
M S & E/N E 423	Nuclear Engineering Materials	3
M S & E/N E 433	Principles of Corrosion	3
M S & E 434	Introduction to Thin-Film Deposition Processes	3
M S & E 441	Deformation of Solids	3
M S & E 448	Crystallography and X-Ray Diffraction	3
M S & E 451	Introduction to Ceramic Materials	3
M S & E 456	Electronic, Optical, and Magnetic Properties of Materials	3
M S & E 460	Introduction to Computational Materials Science and Engineering	3
M S & E 461	Advanced Metal Casting	3
M S & E/M E 462	Welding Metallurgy	3
M S & E 463	Materials for Elevated Temperature Service	3
M S & E 465	Fundamentals of Heat Treatment	3
M S & E/CIV ENGR/ G L E/GEOSCI 474	Rock Mechanics	3
M S & E 521	Advanced Polymeric Materials	3
M S & E 530	Thermodynamics of Solids	3
M S & E/E M A 541	Heterogeneous and Multiphase Materials	3
M S & E 551	Structure of Materials	3
M S & E 553	Nanomaterials & Nanotechnology	3
M S & E 560	Fundamentals of Atomistic Modeling	3
M S & E 570	Properties of Solid Surfaces	3
M S & E 648	Advanced X-ray Scattering Methods in Materials Science and Engineering	3
M S & E 660	Mesoscale Modeling of Materials	3
M S & E 748	Structural Analysis of Materials	3
M S & E 750	Imperfections and Mechanical Properties	3
M S & E 752	Advanced Materials Science: Phase Transformations	3

M S & E 756	Structure and Properties of Advanced Electronic Materials	3
M S & E 760	Molecular Dynamics and Monte Carlo Simulations in Materials Science	3
M S & E 803	Special Topics in Materials Science	1-3
B M E/PHM SCI 430	Biological Interactions with Materials	3
B M E/M E 615	Tissue Mechanics	3
BIOCHEM/ CHEM 704	Chemical Biology	3
CBE 540	Polymer Science and Technology	3
CBE 747	Advanced Colloid and Interface Science	3
CHEM 652	Chemistry of Inorganic Materials	3
CHEM 653	Chemistry of Nanoscale Materials	3
CHEM 654	Materials Chemistry of Polymers	2-3
CHEM 664	Physical Chemistry of Macromolecules	2-3
CHEM 721	Instrumental Analysis	3-4
E C E 745	Solid State Electronics	3
GEOSCI 765	Crystal Chemistry	3
PHYSICS 415	Thermal Physics	3
PHYSICS 551	Solid State Physics	3
PHYSICS 715	Statistical Mechanics	3
PHYSICS 751	Advanced Solid State Physics	3

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

### NAMED OPTION-SPECIFIC POLICIES

#### PRIOR COURSEWORK

##### Graduate Work from Other Institutions

Typically, no graduate work from other institutions may be counted toward graduate program requirements. Under unusual circumstances and with program approval, students are allowed to count graduate coursework from other institutions toward the minimum graduate degree credit requirement and the minimum graduate coursework (50%) requirement. No credits from other institutions can be counted toward the minimum graduate residence credit requirement.

##### UW–Madison Undergraduate

Typically, no credits from undergraduate coursework may be counted toward graduate program requirements. However, with program approval, students are allowed to count up to 7 credits numbered 300 or above toward the minimum graduate degree credit requirement when taken in excess of the undergraduate degree requirements; if that coursework is numbered 700 or above it may be used to satisfy the minimum graduate

coursework (50%) requirement. No credits can be counted toward the minimum graduate residence credit requirement.

##### UW–Madison University Special

Typically, no UW–Madison University Special student credits may be counted toward graduate program requirements. However, with program approval, students are allowed to count up to 15 credits of coursework numbered 300 or above taken as a UW–Madison Special student toward the minimum graduate residence credit requirement, and the minimum graduate degree credit requirement; if that coursework is numbered 700 or above it may satisfy the minimum graduate coursework (50%) requirement.

##### PROBATION

This program follows the Graduate School's Probation policy. (<https://policy.wisc.edu/library/UW-1217/>)

##### ADVISOR / COMMITTEE

This program follows the Graduate School's Advisor policy (<https://policy.wisc.edu/library/UW-1232/>) and the Graduate School's Committees policy (<https://policy.wisc.edu/library/UW-1201/>).

Students without an advisor at the end of their first year enrolled are in danger of failing to make adequate progress towards their degree. Students can be suspended from the Graduate School if they do not have an advisor.

##### CREDITS PER TERM ALLOWED

15 credits

##### TIME LIMITS

The Master's degree is typically completed within three years.

This program follows the Graduate School's Time Limits policy. (<https://policy.wisc.edu/library/UW-1221/>)

##### GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
  - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)

- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

### MS&E Grievance Procedures

Students who feel they have been unfairly treated or otherwise have a grievance related to the policies and procedures for graduate study in the Materials Science and Engineering Department may choose to submit a formal grievance to the department. Before taking this step, however, students are encouraged to discuss their grievance directly with the person or persons involved. Respectful, professional, direct communication can often reach a more satisfactory resolution to an issue more quickly than a formal grievance procedure.

To pursue a formal grievance, the student should submit a letter describing the issue in detail to the department Associate Chair of Graduate Studies within 60 days of the precipitating incident. (Should the grievance involve the Director of Graduate Studies, the letter should be submitted to the department Chair.) The Director (or Chair) will convene a committee of not fewer than three department faculty. The committee will obtain a written response from the person or persons who are the subject of the complaint. The committee will then decide a course of action in response to the grievance. The response from the subject of the complaint and the committee course of action will be communicated in writing to the student within 15 working days of submission of the grievance. The course of action will be implemented no later than 10 working days of the communication.

If the departmental procedure does not resolve the grievance, the student may appeal to the College of Engineering or the Graduate School. The College grievance procedures are currently available at <http://www.engr.wisc.edu/current/current-students-how-to-file-a-grievance.html>, (<http://www.engr.wisc.edu/current/current-students-how-to-file-a-grievance.html>) and the Graduate School procedures are available at <http://grad.wisc.edu/acadpolicy/>. (<http://grad.wisc.edu/acadpolicy/>)

The Assistant Dean for Graduate Affairs ([engr-dean-graduateaffairs@engr.wisc.edu](mailto:engr-dean-graduateaffairs@engr.wisc.edu)) provides overall leadership for graduate education in the College of Engineering (CoE), and is a point of contact for graduate students who have concerns about education, mentoring, research, or other difficulties.

## MATERIALS SCIENCE AND ENGINEERING, PH.D.

Meeting many of the most critical challenges facing modern society requires advances in the materials that underpin new technologies. Examples include providing carbon-free and renewable energy, clean water, advanced medical treatments and devices, and sustainable materials manufacturing. New materials are also required for continued economic growth in areas as diverse as aerospace, computing, and sensors.

Materials scientists and engineers at UW–Madison work toward solutions to these problems via research in a wide variety of areas.

Research areas include ceramics, computational material science; composites; corrosion; electrical, optical, magnetic materials; growth and synthesis; joining; materials for energy; metals; materials characterization and microscopy; nanomaterials; phase transformations; photonics; polymers and biomaterials; materials for nuclear energy; quantum computing; self-assembly; semiconductors; structural materials and mechanical properties; surfaces and interfaces; sustainability; thin films; and wear.

More broadly, the field of materials science and engineering is in the middle of a revolution in how we design and deploy new materials.

The old way is by trial and error, which involves laboratory testing of hundreds or thousands of candidate materials, which is costly and can take decades to develop a new materials and deploy it in practical technologies. The emerging new method leverages advances in computational materials science; materials databases, data science, and machine learning; and high throughput materials synthesis and characterization to achieve true design of materials. The goal is to develop and deploy new materials much more quickly and much lower cost than ever before. Materials design is a major theme of materials research on campus, organized around the areas of materials design via atomically controlled thin film systems, modular design of nanomaterials, and integrated experimental and computational materials engineering. Materials design and these themes cut across the research and application areas list above.

Materials research extends across campus, well beyond the boundaries of the Department of Materials Science and Engineering, so graduate students in materials can pursue research with a large number of affiliate faculty. Faculty emphasize the cross-cutting, interdisciplinary nature of materials research, which is also reflected by the diverse undergraduate backgrounds of the student body, many of whom do not have undergraduate degrees in materials.

Materials research benefits from major campus facilities, including the Materials Science Center, the Wisconsin Microscopy and Characterization Center, Wisconsin Center for Applied Microelectronics, and the Soft Materials Laboratory. Research is supported by major centers, including the National Science Foundation Materials Research Science and Engineering Center and the Grainger Institute for Engineering.

Materials graduates from Wisconsin find long-term success in careers in private industry, national laboratories, and academia in the US and around the world.

## ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 15
Spring Deadline	October 1
Summer Deadline	December 15
GRE (Graduate Record Examinations)	Required.*
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements ( <a href="https://grad.wisc.edu/apply/requirements/#english-proficiency">https://grad.wisc.edu/apply/requirements/#english-proficiency</a> ).

Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

\*Due to COVID-19, GRE scores will not be required for applications to Materials Science and Engineering graduate programs for admission to the Spring 2023, Summer 2023, and Fall 2023 terms.

Applicants normally are expected to have a B.S. in the physical sciences or engineering. Undergraduate studies normally would include mathematics through differential equations, at least one year each of general physics and chemistry, a course in physical chemistry or modern physics, and an elementary course in properties of materials. Applicants may be admitted with deficiencies. These must be made up as soon as possible after entering the program.

Admission to the University of Wisconsin–Madison Graduate School (<http://grad.wisc.edu/>) is a prerequisite for admission to study materials science. A minimum GPA of 3.0/4.0 is required. Graduate Record Examinations (<http://www.ets.org/gre/>) scores on the General Test are required. Admission is highly selective. Most admitted students have an undergraduate GPA above 3.5. Mean GRE scores in the most recent admission cycle were quantitative: 166, verbal: 163, and analytical writing: 3.5. However, full consideration will be given to all students meeting the UW–Madison graduate school requirements. Please use institution code: 1846; no department code is necessary.

Foreign students must submit satisfactory results on the TOEFL (<http://www.ets.org/toefl/>) or another acceptable English Language Test. Please use institution code: 1846; no department code is necessary. Information about these exams can be obtained from the Educational Testing Service, Princeton, New Jersey 08540 or Berkeley, California 94704.

Please use the online application (<https://apply.grad.wisc.edu/Account/Login/?ReturnUrl=%2f>) to begin your application. To be considered for fellowships, all application materials are due by December 15th. If you have questions about the application or admissions process, please do not hesitate to send an email to [msaegradadmission@engr.wisc.edu](mailto:msaegradadmission@engr.wisc.edu).

The graduate school offers a limited number of application fee grants (covers of all or part of the application fee) that are available in a few specific circumstances. Further information is available here. (<https://grad.wisc.edu/admissions/feegrants/>)

## APPLICATION DEADLINES:

Spring semester: October 1  
Fall semester: December 15  
Summer: December 15

## FUNDING

## GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## PROGRAM RESOURCES

### FINANCIAL ASSISTANCE

Various types of financial assistance are available for entering graduate students, including research assistantships, teaching assistantships, fellowships and special grants. Decisions regarding financial support are made on the basis of letters of recommendation, grades, GRE general test scores, and, for research assistantships, the matching of the interests or experience of the applicant to the research programs of individual faculty members. December 15th is the deadline for receipt of fellowship applications. Foreign students are generally not eligible for university fellowships. Applications for other types of support are accepted until mid-February.

### RESEARCH AND TEACHING ASSISTANTSHIPS

Research assistantships (RAs) are available in any materials science area. These appointments are under the supervision of the major professor directing the research. Students interested in research assistantships in a particular area are encouraged to contact professors whose work is of special interest. The faculty's research interests are given in the Department of Materials Science And Engineering faculty section. An RA permits the most rapid progress toward a degree. Research assistantships in materials science graduate students are comparable to similar stipends from other institutions. Information about stipends can be obtained from the Associate Chair of Graduate Studies, [acgs@mse.wisc.edu](mailto:acgs@mse.wisc.edu) (<http://guide.wisc.edu/graduate/materials-science-engineering/materials-science-engineering-phd/acgs@mse.wisc.edu>).

Teaching assistantships involve teaching rather than research experience. They pay approximately the same as research assistantships. Teaching experience is especially desirable for students considering an academic career. The Department of Materials Science and Engineering supports a limited number of teaching assistantships, which are allocated after admissions.

### FELLOWSHIPS

Herb Fellowships in Materials Science are given out each year. The Herb Fellowship is a one-year full-ride fellowship for incoming graduate students. It is intended to provide especially strong students extra flexibility and independence in formulating their graduate research program.

Fellowships supporting graduate education are also offered on a competitive basis by organizations such as the National Science Foundation (<http://www.nsf.gov/>), the Hertz Foundation (<http://www.hertzfndn.org/>), UW-Madison Graduate School (<http://www.wisc.edu/grad/>), the U.S. Department of Defense and a number of industries and foundations. Because some of these fellowships have fall application deadlines, early application is necessary. GRE scores for the General Test are required for fellowship applications.

### OTHER FUNDING INFORMATION

If you choose to attend UW–Madison and plan to pursue funding on your own, the following sites could be very helpful:

- Graduate School Funding Resources (<https://grad.wisc.edu/studentfunding/prospective/>)
- Graduate School Costs and Funding (<https://grad.wisc.edu/studentfunding/currentstudents/>)

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### MAJOR REQUIREMENTS

#### MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students are able to complete a program with minimal disruptions to careers and other commitments.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW–Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

### CURRICULAR REQUIREMENTS

Requirements Detail	
Minimum Credit Requirement	51 credits
Minimum Residence Credit Requirement	32 credits
Minimum Graduate Coursework Requirement	26 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy ( <a href="https://policy.wisc.edu/library/UW-1244">https://policy.wisc.edu/library/UW-1244</a> ).
Overall Graduate GPA Requirement	3.00 GPA required. This program follows the Graduate School's GPA Requirement policy ( <a href="https://policy.wisc.edu/library/UW-1203">https://policy.wisc.edu/library/UW-1203</a> ( <a href="https://policy.wisc.edu/library/UW-1203/">https://policy.wisc.edu/library/UW-1203/</a> )).
Other Grade Requirements	n/a

**Assessments and Examinations** Students entering without a previous master's degree:

- Students must pass a qualifying exam in Materials Science and Engineering. The exam must be attempted within 13 months of the start of the student's first semester enrolled. If the first attempt is not passed, a second attempt is required within four months.
- Students must pass a preliminary exam / thesis proposal exam. This exam is typically undertaken by the end of the fourth semester enrolled and must be undertaken by the end of the fifth semester. If the first attempt is not passed, a second attempt is required within three months. Students may earn the M S & E Master's degree the semester they pass their preliminary exam.
- Students must prepare a doctoral dissertation, present it in a public seminar, defend it in closed examination by their doctoral committee, and deposit it with the Graduate School.

Students entering with a master's degree:

- Students on this track must pass the qualifying exam, thesis proposal exam, and thesis defense as described above, on the same schedule with respect to their matriculation date. Students who fail one of these exams will have the opportunity to earn a terminal Master's degree in M S & E, even if they have been granted a course substitution.

**Language Requirements** None.

**Graduate School Breadth Requirement** All doctoral students are required to complete a doctoral minor or Graduate/Professional certificate. If students choose a distributed minor (Option B), they must select a topic or theme and three courses around that theme. At least one course must be graduate level (numbered 700 or above or has Graduate Course Attribute). There are no other restrictions on the course department or topic.

## REQUIRED COURSES

### Courses for Students Starting from a Bachelor's Degree and Enrolling Directly in the Ph.D. Program

All course requirements are subject to modification or substitution to better serve the research needs of the student. To request a change, submit a letter to the department Graduate Coordinator signed by the student and advisor proposing a change and explaining how the change will better suit the student's needs, especially as it pertains to their research. Course substitutions and other curriculum variances are decided by the department's director of graduate studies, subject to appeal to the department's Graduate Governance Committee and the grievance procedure.

Code	Title	Credits
<b>Materials research seminar</b> <sup>1</sup>		<b>2</b>
M S & E 900	Materials Research Seminar	
<b>Materials core courses</b> <sup>2</sup>		<b>9</b>
M S & E 521	Advanced Polymeric Materials	
M S & E 530	Thermodynamics of Solids	
M S & E 551	Structure of Materials	

M S & E 752 Advanced Materials Science: Phase Transformations

Graduate level math course (students may only count one of the following as materials core course)

E P/E M A 547 Engineering Analysis I

CBE 660 Intermediate Problems in Chemical Engineering

MATH 703 Methods of Applied Mathematics 1

MATH 704 Methods of Applied Mathematics-2

PHYSICS 721 Theoretical Physics-Electrodynamics

**Materials elective courses**<sup>3</sup> **6**

**Additional coursework and/or research credits**<sup>4</sup> **25**

**Breadth requirement** **9**

**Total Credits** **51**

1

Take two consecutive semesters.

2

Take three materials core courses, chosen from these options.

3

Electives must be selected from the list of Materials Elective Courses.

4

1. Before earning the Master's degree, students should register for M S & E 790 Master's Research or Thesis.
2. After earning the Master's degree, they should register for M S & E 890 Pre-Dissertator's Research.
3. Once they have achieved dissertator status, they should register for M S & E 990 Research and Thesis.

### Materials Elective Courses

Code	Title	Credits
M S & E 401	Special Topics in Materials Science and Engineering	1-3
M S & E/CHEM 421	Polymeric Materials	3
M S & E/N E 423	Nuclear Engineering Materials	3
M S & E/N E 433	Principles of Corrosion	3
M S & E 434	Introduction to Thin-Film Deposition Processes	3
M S & E 441	Deformation of Solids	3
M S & E 448	Crystallography and X-Ray Diffraction	3
M S & E 451	Introduction to Ceramic Materials	3
M S & E 456	Electronic, Optical, and Magnetic Properties of Materials	3
M S & E 460	Introduction to Computational Materials Science and Engineering	3
M S & E 461	Advanced Metal Casting	3
M S & E/M E 462	Welding Metallurgy	3
M S & E 463	Materials for Elevated Temperature Service	3
M S & E 465	Fundamentals of Heat Treatment	3
M S & E/CIV ENGR/ G L E/GEOSCI 474	Rock Mechanics	3
M S & E 521	Advanced Polymeric Materials	3

M S & E 530	Thermodynamics of Solids	3
M S & E/E M A 541	Heterogeneous and Multiphase Materials	3
M S & E 551	Structure of Materials	3
M S & E 553	Nanomaterials & Nanotechnology	3
M S & E 560	Fundamentals of Atomistic Modeling	3
M S & E 570	Properties of Solid Surfaces	3
M S & E 648	Advanced X-ray Scattering Methods in Materials Science and Engineering	3
M S & E 660	Mesoscale Modeling of Materials	3
M S & E 748	Structural Analysis of Materials	3
M S & E 750	Imperfections and Mechanical Properties	3
M S & E 752	Advanced Materials Science: Phase Transformations	3
M S & E 756	Structure and Properties of Advanced Electronic Materials	3
M S & E 760	Molecular Dynamics and Monte Carlo Simulations in Materials Science	3
M S & E 803	Special Topics in Materials Science	1-3
B M E/PHM SCI 430	Biological Interactions with Materials	3
B M E/M E 615	Tissue Mechanics	3
BIOCHEM/ CHEM 704	Chemical Biology	3
CBE 540	Polymer Science and Technology	3
CBE 747	Advanced Colloid and Interface Science	3
CHEM 652	Chemistry of Inorganic Materials	3
CHEM 653	Chemistry of Nanoscale Materials	3
CHEM 654	Materials Chemistry of Polymers	2-3
CHEM 664	Physical Chemistry of Macromolecules	2-3
CHEM 721	Instrumental Analysis	3-4
E C E 745	Solid State Electronics	3
GEOSCI 765	Crystal Chemistry	3
PHYSICS 415	Thermal Physics	3
PHYSICS 551	Solid State Physics	3
PHYSICS 715	Statistical Mechanics	3
PHYSICS 751	Advanced Solid State Physics	3

Additionally, the student's research advisor must sign a form available from the department Graduate Coordinator approving the five courses taken to fulfill the materials core and materials electives requirements.

### Courses for Students Starting from a Master's Degree and Enrolling Directly in the Ph.D. Program

These requirements cover students who (1) have already earned a master's degree in M S & E or a related field and (2) do not wish to earn an M S & E master's from UW.

Students must enroll in the introductory seminar, M S & E 900 Materials Research Seminar, for their first two semesters of enrollment.

Students must satisfy all of the course requirements for the Ph.D. given in the preceding section. However, they may request that courses taken as part of a previous master's degree at another institution serve to satisfy a portion of the requirements. Students will have one month after matriculation to identify that they wish to follow this track to their Ph.D. and to submit all their course substitution requests. Course substitutions will not be considered later in the student's Ph.D. studies.

To make such a request, the student should submit a request to the department Graduate Coordinator describing (1) the course from a previous institution; (2) the UW course equivalent; (3) the M S & E course requirement that will be satisfied. The request must include sufficient information to determine if the courses are equivalent. Typically, a syllabus listing the course textbook and lecture topics is sufficient. A course catalog description is typically insufficient. Courses taken while enrolled as an undergraduate student at another institution will not be considered for substitution. This includes courses at the graduate level taken while the student is enrolled as an undergraduate.

If a request is not approved, the student must fulfill the corresponding requirement at the University of Wisconsin–Madison.

If one or more course substitutions are accepted, the student will not earn a master's degree in Materials Science and Engineering from UW–Madison as part of their Ph.D. studies.

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

### MAJOR-SPECIFIC POLICIES

#### PRIOR COURSEWORK

##### Graduate Work from Other Institutions

With program approval, students are allowed to count up to 9 credits of graduate coursework from other institutions toward the minimum graduate degree credit requirement and the minimum graduate coursework (50%) requirement. No credits from other institutions can be counted toward the minimum graduate residence credit requirement. For additional requirements, consult the program. Students who count credits of graduate coursework from other institutions toward their M S & E Ph.D. degree credit requirements cannot earn a M S & E Master's degree.

##### UW–Madison Undergraduate

Typically, no UW–Madison Undergraduate student credits may be counted toward graduate program requirements. However, with program approval, students are allowed to count up to 7 credits numbered 300 or above toward the minimum graduate degree credit requirement when taken in excess of the undergraduate degree requirements. If that coursework is numbered 700 or above it may be used to satisfy the minimum graduate coursework (50%) requirement. No credits can be counted toward the minimum graduate residence credit requirement.

##### UW–Madison University Special

Typically, no UW–Madison University Special student credits may be counted toward graduate program requirements. However, with program

approval, students are allowed to count up to 15 credits of coursework numbered 300 or above taken as a UW–Madison Special student toward the minimum graduate residence credit requirement, and the minimum graduate degree credit requirement. If that coursework is numbered 700 or above it may satisfy the minimum graduate coursework (50%) requirement.

## PROBATION

This program follows the Graduate School's Probation policy. (<https://policy.wisc.edu/library/UW-1217/>)

## ADVISOR / COMMITTEE

This program follows the Graduate School's Advisor policy (<https://policy.wisc.edu/library/UW-1232/>) and the Graduate School's Committees policy (<https://policy.wisc.edu/library/UW-1201/>).

Students without an advisor at the end of their first year enrolled are in danger of failing to make adequate progress towards their degree. Students can be suspended from the Graduate School if they do not have an advisor.

## CREDITS PER TERM ALLOWED

15 credits

## TIME LIMITS

The Ph.D. is typically completed within six years. A candidate for a doctoral degree who fails to take the final oral examination and deposit the dissertation within five years after passing the preliminary examination may be required to take another preliminary examination and to be admitted to candidacy a second time.

This program follows the Graduate School's Time Limits policy. (<https://policy.wisc.edu/library/UW-1221/>)

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
  - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeedisabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)

- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

## MS&E Grievance Procedures

Students who feel they have been unfairly treated or otherwise have a grievance related to the policies and procedures for graduate study in the Materials Science and Engineering Department may choose to submit a formal grievance to the department. Before taking this step, however, students are encouraged to discuss their grievance directly with the person or persons involved. Respectful, professional, direct communication can often reach a more satisfactory resolution to an issue more quickly than a formal grievance procedure.

To pursue a formal grievance, the student should submit a letter describing the issue in detail to the department Associate Chair of Graduate Studies within 60 days of the precipitating incident. (Should the grievance involve the Director of Graduate Studies, the letter should be submitted to the department Chair.) The Director (or Chair) will convene a committee of not fewer than three department faculty. The committee will obtain a written response from the person or persons who are the subject of the complaint. The committee will then decide a course of action in response to the grievance. The response from the subject of the complaint and the committee course of action will be communicated in writing to the student within 15 working days of submission of the grievance. The course of action will be implemented no later than 10 working days of the communication.

If the departmental procedure does not resolve the grievance, the student may appeal to the College of Engineering or the Graduate School. The College grievance procedures are currently available at <http://www.engr.wisc.edu/current/current-students-how-to-file-a-grievance.html>, (<http://www.engr.wisc.edu/current/current-students-how-to-file-a-grievance.html>) and the Graduate School procedures are available at <http://grad.wisc.edu/acadpolicy/>. (<http://grad.wisc.edu/acadpolicy/>)

The Assistant Dean for Graduate Affairs ([engr-dean-graduateaffairs@engr.wisc.edu](mailto:engr-dean-graduateaffairs@engr.wisc.edu)) provides overall leadership for graduate education in the College of Engineering (CoE), and is a point of contact for graduate students who have concerns about education, mentoring, research, or other difficulties.

## OTHER

n/a

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

### PROGRAM RESOURCES

Find information about professional development from the College of Engineering at the following webpage: <https://epd.wisc.edu/>.

## LEARNING OUTCOMES

1. Demonstrate an ability to synthesize knowledge from a subset of the biological, physical, and social sciences to help frame problems critical to the future of their discipline.
2. Conduct original research.
3. Demonstrate an ability to create new knowledge and communicate it to their peers.
4. Fosters ethical and professional conduct.

## MATHEMATICS

### DEGREES/MAJORS, DOCTORAL MINORS, GRADUATE/PROFESSIONAL CERTIFICATES

- Mathematics, Doctoral Minor (p. 1145)
- Mathematics, M.A. (p. 1146)
- Mathematics, Ph.D. (p. 1152)

## PEOPLE

**Faculty:** Professors Anderson, Angenent, Arinkin, Căldăraru, Craciun, Denisov, Ellenberg, Feldman, Gong, Gurevich, Kent, Lempp, Mari Beffa, Maxim, Miller, Paul, Poltoratski, Roch, Seeger, Seppäläinen (chair), Smith, Soskova, Stechmann, Stovall, Street, Terwilliger, Thiffeault, Valko, Waleffe,

Yang; Associate Professors Andrews, Dymarz, Erman, Gorin, Ifrim, Kim, Li, Marshall, Spagnolie, Tran; Wang; Assistant Professors Chen, Cochran, Fabien, Guo, Kemeny, Lyu, Rodriguez, Shankar, Shcherbyna, Shen, Uyanik Waldron, Wu, Zepeda-Núñez, Zimmer.

## MATHEMATICS, DOCTORAL MINOR

### REQUIREMENTS

#### I. THE MATH DEPARTMENT MINOR REQUIREMENTS

The general requirements for a minor are stated in the Guide. Listed here are the requirements for a mathematics minor under Option A.

1. A math minor consists of at least 12 graduate credits in mathematics courses (<http://guide.wisc.edu/courses/math/>) that are approved by a math minor advisor. These courses must be taken as a graduate student. All courses must be completed with a grade of B or better. Graduate mathematics credits transferred from another university may be considered but prior approval by the math minor advisor is necessary.
2. At least 6 credits must be in math courses at the 700 level or above.
3. At most one course cross-listed with the major department may be used for the math minor. This course must be staffed by the mathematics department and it may not be applied to any requirement for the major department.
4. According to rules of the Graduate School, graduate credit can be given only for courses above 300. The math department has a more restrictive policy; it typically does not consider math courses below 500 as graduate courses. Hence, credit for math classes below 500 will not be counted for the doctoral minor in mathematics.

#### II. THE PROCESS

1. Students should plan which courses they would like to use to meet the minor requirements. They can use this form (<https://uwmadison.app.box.com/s/z754hk68em3xq20zm89cd6qgrmw2unwn/>) for planning the coursework. Students and the math minor advisor (<https://math.wisc.edu/about/about-key-contacts/#gradminor>) complete this form and students keep a copy of it. (Students can print a copy of the form and fill in some parts before the meeting.) Completion of the planning form is not required, but a completed form, signed by a math minor advisor, does offer a guarantee that the math department will accept the courses for a minor. The course program for a math minor must be approved by a math minor advisor at some point, but this approval could also be obtained after the courses have been taken.
2. Students will need a form signed by a math minor advisor certifying approval of their course selection for the math minor, and/or certifying completion of the minor requirements. The department may have forms for these purposes, or students can use a Math Department Minor Agreement Form (<https://uwmadison.app.box.com/s/881wbl9g1i9fu8r5pgjdmbsyhywwsq8/>).

3. When everything is completed, students need to have the Graduate School warrant signed. The major department will request a warrant from

the Graduate School. Students take the warrant to one of the math minor advisors for a signature and then take it back to the major department.

## PEOPLE

**Faculty:** Professors Anderson, Angenent, Arinkin, Căldăraru, Craciun, Denisov, Ellenberg, Feldman, Gong, Gurevich, Kent, Lempp, Mari Beffa, Maxim, Miller, Paul, Poltoratski, Roch, Seeger, Seppäläinen (chair), Smith, Soskova, Stechmann, Stovall, Street, Terwilliger, Thiffeault, Valko, Waleffe, Yang; Associate Professors Andrews, Dymarz, Erman, Gorin, Ifrim, Kim, Li, Marshall, Spagnolie, Tran; Wang; Assistant Professors Chen, Cochran, Fabien, Guo, Kemeny, Lyu, Rodriguez, Shankar, Shcherbyna, Shen, Uyanik Waldron, Wu, Zepeda-Núñez, Zimmer.

## MATHEMATICS, M.A.

Ph.D. students in the math department and students enrolled in other UW–Madison Ph.D. programs are eligible to earn an M.A. degree with the named option titled Foundations for Research (FR) (p. 1147).

The M.A. degree is available with the named option titled Foundations of Advanced Studies (FAS) (p. 1149). It is designed to strengthen the student's mathematics background and enhance the opportunities for applications to Ph.D. programs and for employment as a mathematician in nonacademic environments.

## ADMISSIONS

Students apply to the Master of Arts in Mathematics through the named option or the Ph.D.:

- The Foundations for Research (p. 1147) named option is offered for work leading to the Ph.D. Students may not apply directly for the master's, and should instead see the admissions information for the Ph.D (<https://guide.wisc.edu/graduate/mathematics/mathematics-phd/#admissionstext>).
- Foundations of Advanced Studies (<https://guide.wisc.edu/graduate/mathematics/mathematics-ma/mathematics-foundations-advanced-studies-ma/>)

## FUNDING

### GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### MAJOR REQUIREMENTS CURRICULAR REQUIREMENTS

#### Requirements Detail

Minimum Credit Requirement	30 credits
Minimum Residence Credit Requirement	16 credits
Minimum Graduate Coursework Requirement	The coursework must consist of graduate-level coursework; courses with the Graduate Level Coursework attribute are identified and searchable in the university's Course Guide ( <a href="https://registrar.wisc.edu/course-guide">https://registrar.wisc.edu/course-guide</a> ( <a href="https://registrar.wisc.edu/course-guide/">https://registrar.wisc.edu/course-guide/</a> )).
Overall Graduate GPA Requirement	3.00 GPA required.
Other Grade Requirements	See Named Options for policy information.
Assessments and Examinations	None.
Language Requirements	No language requirements.

### REQUIRED COURSES

Select a Named Option (<https://guide.wisc.edu/graduate/mathematics/mathematics-ma/#NamedOptions>) for courses required.

### NAMED OPTIONS

A named option is a formally documented sub-major within an academic major program. Named options appear on the transcript with degree conferral. Students pursuing the Master of Arts in Mathematics must select one of the following named options:

View as listView as grid

- **MATHEMATICS: FOUNDATIONS FOR RESEARCH, M.A. (P. 1147)**
- **MATHEMATICS: FOUNDATIONS OF ADVANCED STUDIES, M.A. (P. 1149)**

## POLICIES

Students should refer to one of the named options for policy information:

- Foundations for Research (p. 1147)
- Foundations of Advanced Studies (<https://guide.wisc.edu/graduate/mathematics/mathematics-ma/mathematics-foundations-advanced-studies-ma/>)

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

## LEARNING OUTCOMES

1. Learn a substantial body of mathematics presented in introductory graduate level courses in mathematics.
2. Select and utilize appropriate methodologies to solve problems.
3. Communicate clearly in written/oral presentations.
4. Recognize and apply principles of ethical and professional conduct.

## PEOPLE

**Faculty:** Professors Anderson, Angenent, Arinkin, Căldăraru, Craciun, Denisov, Ellenberg, Feldman, Gong, Gurevich, Kent, Lempp, Mari Beffa, Maxim, Miller, Paul, Poltoratski, Roch, Seeger, Seppäläinen (chair), Smith, Soskova, Stechmann, Stovall, Street, Terwilliger, Thiffeault, Valko, Waleffe, Yang; Associate Professors Andrews, Dymarz, Erman, Gorin, Ifrim, Kim, Li, Marshall, Spagnolie, Tran; Wang; Assistant Professors Chen, Cochran, Fabien, Guo, Kemeny, Lyu, Rodriguez, Shankar, Shcherbyna, Shen, Uyanik Waldron, Wu, Zepeda-Núñez, Zimmer.

## MATHEMATICS: FOUNDATIONS FOR RESEARCH, M.A.

This is a named option within the Mathematics M.A. (p. 1146), which is offered for work leading to the Ph.D.

Information about the requirements and policies for this program can be found in this Guide.

## ADMISSIONS

The M.A. (no named option) is offered for work leading to the Ph.D. Students may not apply directly for the master's, and should instead see the admissions information for the Ph.D (p. 1152).

Students may also apply to the M.A. Named Option in Foundations of Advanced Studies (p. 1149).

## FUNDING

### GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further

funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### NAMED OPTION REQUIREMENTS MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students are able to complete a program with minimal disruptions to careers and other commitments.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW–Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

### CURRICULAR REQUIREMENTS

Requirements Detail	
Minimum Credit Requirement	30 credits
Minimum Residence Credit Requirement	16 credits
Minimum Graduate Coursework Requirement	The coursework must consist of graduate-level coursework; courses with the Graduate Level Coursework attribute are identified and searchable in the university's Course Guide ( <a href="https://registrar.wisc.edu/course-guide">https://registrar.wisc.edu/course-guide</a> ( <a href="https://registrar.wisc.edu/course-guide/">https://registrar.wisc.edu/course-guide/</a> )).
Overall Graduate GPA Requirement	3.00 GPA required.
Other Grade Requirements	At least 12 credits from a specified list of 700 courses are required to be passed with grade B or higher.

Assessments None.  
and  
Examinations

Language No language requirements.  
Requirements

## REQUIRED COURSES

Code	Title	Credits
<b>(i) Core Courses:</b> <sup>1</sup>		<b>12</b>

Select four of the following:

MATH 703	Methods of Applied Mathematics 1	
MATH 704	Methods of Applied Mathematics-2	
MATH/ COMP SCI 714	Methods of Computational Mathematics I	
MATH/ COMP SCI 715	Methods of Computational Mathematics II	
MATH 721	A First Course in Real Analysis	
MATH 722	Complex Analysis	
MATH 725	A Second Course in Real Analysis	
MATH/STAT 733	Theory of Probability I	
MATH/STAT 734	Theory of Probability II	
MATH 741	Abstract Algebra	
MATH 742	Abstract Algebra	
MATH 751	Introductory Topology I	
MATH 752	Introductory Topology II	
MATH 761	Differentiable Manifolds	
MATH 770	Foundations of Mathematics	
MATH 771	Set Theory	
MATH 773	Computability Theory	
MATH 776	Model Theory	

<b>(ii) Four Mathematics courses at 600 level or above passed with a grade of B or higher</b> <sup>1,2</sup>	<b>12</b>
--	-----------

<b>(iii) Electives (500 level or above)</b>	<b>6</b>
---	----------

**(iv) Advanced Computer Science Course:**

Students must complete an advanced computer science course which involves substantial programming. Other courses require prior approval of the director of graduate studies. This requirement is waived for Math Ph.D. students, provided two qualifying exams have been passed.

COMP SCI 400	Programming III	
COMP SCI 536	Introduction to Programming Languages and Compilers	
COMP SCI 537	Introduction to Operating Systems	
COMP SCI 564	Database Management Systems: Design and Implementation	
COMP SCI 704	Principles of Programming Languages	
COMP SCI/ MATH 714	Methods of Computational Mathematics I	
COMP SCI/ MATH 715	Methods of Computational Mathematics II	
COMP SCI/ I SY E 719	Stochastic Programming	

COMP SCI/I SY E/ Nonlinear Optimization II  
MATH 730

<b>Total Credits</b>	<b>30</b>
----------------------	-----------

1

Students must pass with a grade of B or higher.

2

The graduate advisor may also approve to have courses at the 500 level counted for this requirement (but typically no introductory courses such as MATH 521 Analysis I, MATH 541 Modern Algebra or MATH 551 Elementary Topology).

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

### NAMED OPTION-SPECIFIC POLICIES

#### PRIOR COURSEWORK

##### Graduate Work from Other Institutions

Students in the M.A. program are allowed to count no more than 14 credits of graduate coursework from other institutions. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

##### UW–Madison Undergraduate

No more than 7 credits from a UW–Madison undergraduate degree are allowed to count toward the degree. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

##### UW–Madison University Special

With program approval, students are allowed to count no more than 15 credits of coursework numbered 300 or above taken as a UW–Madison Special student. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

#### PROBATION

The Graduate School regularly reviews the record of any student who earned grades of BC, C, D, F, or Incomplete in a graduate course (300 or above), or grade of U in research credits. This review could result in academic probation with a hold on future enrollment or in being suspended from the Graduate School.

1. Good standing (progressing according to standards; any funding guarantee remains in place).
2. Probation (not progressing according to standards but permitted to enroll; loss of funding guarantee; specific plan with dates and deadlines in place in regard to removal of probationary status).
3. Unsatisfactory progress (not progressing according to standards; not permitted to enroll, dismissal, leave of absence or change of advisor or program).

## ADVISOR / COMMITTEE

Students are recommended to meet with an advisor.

## CREDITS PER TERM ALLOWED

15 credits

## TIME CONSTRAINTS

Two years. Extensions have to be approved by the program.

Master's degree students who have been absent for five or more consecutive years lose all credits that they have earned before their absence. Individual programs may count the coursework students completed prior to their absence for meeting program requirements; that coursework may not count toward Graduate School credit requirements.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
  - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

## OTHER

n/a

## PROFESSIONAL DEVELOPMENT

## GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

## PEOPLE

**Faculty:** Professors Anderson, Angenent, Arinkin, Căldăraru, Craciun, Denisov, Ellenberg, Feldman, Gong, Gurevich, Kent, Lempp, Mari Beffa, Maxim, Miller, Paul, Poltoratski, Roch, Seeger, Seppäläinen (chair), Smith, Soskova, Stechmann, Stovall, Street, Terwilliger, Thiffeault, Valko, Waleffe, Yang; Associate Professors Andrews, Dymarz, Erman, Gorin, Ifrim, Kim, Li, Marshall, Spagnolie, Tran; Wang; Assistant Professors Chen, Cochran, Fabien, Guo, Kemeny, Lyu, Rodriguez, Shankar, Shcherbyna, Shen, Uyanik Waldron, Wu, Zepeda-Núñez, Zimmer.

## MATHEMATICS: FOUNDATIONS OF ADVANCED STUDIES, M.A.

This is a named option within the Mathematics M.A. It is designed to strengthen the student's mathematics background and enhance the opportunities for applications to Ph.D. programs and for employment as a mathematician in nonacademic environments.

## ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	February 15
Spring Deadline	October 15
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required but may be considered if available.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements ( <a href="https://grad.wisc.edu/apply/requirements/#english-proficiency">https://grad.wisc.edu/apply/requirements/#english-proficiency</a> ).
Other Test(s) (e.g., GMAT, MCAT)	The GRE subject test in Mathematics or another science is recommended.

Letters of Recommendation Required 3

Admission is competitive. Applicants to the Ph.D. program are automatically considered for financial support. For more information about application to the Ph.D. and M.A. programs, see the department's admission website (<https://www.math.wisc.edu/graduate/admissions/>).

## FUNDING

## GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## PROGRAM RESOURCES

The Department of Mathematics cannot provide financial support for the Master's–Foundations of Advanced Studies Degree program.

Students enrolled in this program are not eligible to receive tuition remission from graduate assistantship appointments at this institution.

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### NAMED OPTION REQUIREMENTS

#### MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	Yes

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students are able to complete a program with minimal disruptions to careers and other commitments.

## CURRICULAR REQUIREMENTS

### Requirements Detail

Minimum Credit Requirement 30 credits

Minimum Residence Credit Requirement 16 credits

Minimum Graduate Coursework Requirement All credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy (<https://policy.wisc.edu/library/UW-1244> (<https://policy.wisc.edu/library/UW-1244/>)).

Overall Graduate GPA Requirement 3.00 GPA required.

Graduate GPA Requirement This program follows the Graduate School's GPA Requirement policy (<https://policy.wisc.edu/library/UW-1203> (<https://policy.wisc.edu/library/UW-1203/>)).

Other Grade Requirements None.

Assessments and Examinations None.

Language Requirements No language requirements.

### REQUIRED COURSES

Code	Title	Credits
------	-------	---------

#### Required Courses:

These courses must be taken by all students, except when it is determined by the director of graduate studies that equivalent courses were taken prior to entering the program.

MATH 522	Analysis II	3
MATH 542	Modern Algebra	3

#### Basic Electives:

All other 500-level and all 600-level courses in Mathematics may be taken as elective courses. Currently the following courses are available. Select four of the following:

MATH/ COMP SCI 513	Numerical Linear Algebra	
MATH/ COMP SCI 514	Numerical Analysis	
MATH 519	Ordinary Differential Equations	
MATH/COMP SCI/ I SY E/STAT 525	Linear Optimization	
MATH 531	Probability Theory	
MATH 552	Elementary Geometric and Algebraic Topology	
MATH 561	Differential Geometry	
MATH 567	Modern Number Theory	
MATH/ PHILOS 571	Mathematical Logic	
MATH 605	Stochastic Methods for Biology	
MATH 608	Mathematical Methods for Physical Modeling in Biology	

MATH/B M I/ BIOCHEM/ BMOLCHEM 609	Mathematical Methods for Systems Biology
MATH 619	Analysis of Partial Differential Equations
MATH 621	Analysis III
MATH 623	Complex Analysis
MATH 627	Introduction to Fourier Analysis
MATH 629	Introduction to Measure and Integration
MATH/I SY E/ OTM/STAT 632	Introduction to Stochastic Processes
MATH 635	An Introduction to Brownian Motion and Stochastic Calculus
MATH/E C E 641	Introduction to Error-Correcting Codes
<b>Advanced Electives:</b>	
All 700 level courses in Mathematics may be taken as elective courses. Students must pass at least four of the following core graduate courses with a Grade of B or higher. Select four of the following:	12
MATH 703	Methods of Applied Mathematics 1
MATH 704	Methods of Applied Mathematics-2
MATH/ COMP SCI 714	Methods of Computational Mathematics I
MATH/ COMP SCI 715	Methods of Computational Mathematics II
MATH 721	A First Course in Real Analysis
MATH 722	Complex Analysis
MATH 725	A Second Course in Real Analysis
MATH/STAT 733	Theory of Probability I
MATH/STAT 734	Theory of Probability II
MATH 741	Abstract Algebra
MATH 742	Abstract Algebra
MATH 751	Introductory Topology I
MATH 752	Introductory Topology II
MATH 761	Differentiable Manifolds
MATH 770	Foundations of Mathematics
MATH 771	Set Theory
MATH 773	Computability Theory
MATH 776	Model Theory
<b>Total Credits</b>	<b>30</b>

Students in this program may not take courses outside the prescribed curriculum without faculty advisor and program director approval. Students in this program cannot enroll concurrently in other undergraduate, graduate or certificate programs.

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the

degree program faculty. Policies set by the academic degree program can be found below.

## NAMED OPTION-SPECIFIC POLICIES PRIOR COURSEWORK

### Graduate Work from Other Institutions

Students in the M.A. program are allowed to count no more than 14 credits of graduate coursework from other institutions. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

### UW–Madison Undergraduate

This program follows the Graduate School's policy for Satisfying Requirements with Coursework from Undergraduate Career at UW–Madison. (<https://policy.wisc.edu/library/UW-1216/>)

### UW–Madison University Special

This program follows the Graduate School's policy for Transfer from UW–Madison University Special Student Career at UW–Madison. (<https://policy.wisc.edu/library/UW-1216/>)

## PROBATION

This program follows the Graduate School's Probation policy. (<https://policy.wisc.edu/library/UW-1217/>)

## ADVISOR / COMMITTEE

Students are recommended to meet with an advisor.

## CREDITS PER TERM ALLOWED

15 credits

## TIME CONSTRAINTS

Two years. Extensions have to be approved by the program.

Otherwise, this program follows the Graduate School's Time Limits policy. (<https://policy.wisc.edu/library/UW-1221/>)

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
  - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeeabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)

- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

## OTHER

The Department of Mathematics cannot provide financial support for students in the Master's Degree–Foundations of Advanced Studies program.

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

## PEOPLE

**Faculty:** Professors Anderson, Angenent, Arinkin, Căldăraru, Craciun, Denisov, Ellenberg, Feldman, Gong, Gurevich, Kent, Lempp, Mari Beffa, Maxim, Miller, Paul, Poltoratski, Roch, Seeger, Seppäläinen (chair), Smith, Soskova, Stechmann, Stovall, Street, Terwilliger, Thiffeault, Valko, Waleffe, Yang; Associate Professors Andrews, Dymarz, Erman, Gorin, Ifrim, Kim, Li, Marshall, Spagnolie, Tran; Wang; Assistant Professors Chen, Cochran, Fabien, Guo, Kemeny, Lyu, Rodriguez, Shankar, Shcherbyna, Shen, Uyanik Waldron, Wu, Zepeda-Núñez, Zimmer.

## MATHEMATICS, PH.D.

The department offers the doctor of philosophy degree with a major in mathematics and a master of arts degree in mathematics.

The Ph.D. degree requires proficiency in basic and advanced graduate mathematics and the completion of a dissertation containing a significant piece of original research in some area of mathematics. The scope of the research program in mathematics is broad. The Ph.D. specialty and dissertation may be in any area of mathematics, including but not limited to algebra, algebraic geometry, applied mathematics, combinatorics, computational mathematics, complex analysis, differential equations, differential geometry, dynamical systems, harmonic analysis, logic, mathematical biology, number theory, probability, and topology. A complete list of faculty and their areas of expertise is available through the department website (<https://www.math.wisc.edu/graduate/>).

Students in the Ph.D. program also have the option to earn a master of arts degree (p. 1146).

## ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 15
Spring Deadline	This program does not admit in the spring.
Summer Deadline	This program does not admit in the summer.
GRE (Graduate Record Examinations)	Required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements ( <a href="https://grad.wisc.edu/apply/requirements/#english-proficiency">https://grad.wisc.edu/apply/requirements/#english-proficiency</a> ).
Other Test(s) (e.g., GMAT, MCAT)	The GRE subject test in Mathematics is required. In exceptional cases, advanced GRE's from other sciences can be substituted for the advanced GRE in mathematics.
Letters of Recommendation Required	3

Admission is competitive. Applicants to the Ph.D. program are automatically considered for financial support. For more information about application to the Ph.D. and M.A. programs, see the department's admission website (<https://www.math.wisc.edu/graduate/admissions/>).

## FUNDING

### GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

### PROGRAM RESOURCES

Prospective students should see the program website for funding information (<https://math.wisc.edu/ta-and-grader/>).

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### MAJOR REQUIREMENTS

#### MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students are able to complete a program with minimal disruptions to careers and other commitments.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

### CURRICULAR REQUIREMENTS

#### Requirements Detail

Minimum Credit Requirement	51 credits
Minimum Residence Credit Requirement	32 credits
Minimum Graduate Coursework Requirement	For students in the Ph.D. program the coursework in the mathematics department is expected to consist only of graduate-level coursework; courses with the Graduate Level Coursework attribute are identified and searchable in the university's Course Guide ( <a href="http://my.wisc.edu/CourseGuideRedirect/BrowseByTitle">http://my.wisc.edu/CourseGuideRedirect/BrowseByTitle</a> ( <a href="http://my.wisc.edu/CourseGuideRedirect/BrowseByTitle/">http://my.wisc.edu/CourseGuideRedirect/BrowseByTitle/</a> )).
Overall Graduate GPA Requirement	3.00 GPA required.
Other Grade Requirements	No additional grade requirements.

**Assessments and Examinations** Students are required to pass at least two qualifying exams. At least one qualifying exam must be passed by the beginning of the fourth semester (the spring semester of the second year). Both qualifying exams must be passed by the beginning of their sixth semester (the spring semester of the third year).

Students must pass a preliminary exam (specialty exam) by the end of the eighth semester (end of fourth year).

Students must satisfy all the requirements for dissertator status by the end of the eighth semester (end of fourth year).

**Language Requirements** No language requirements.

**Doctoral Minor/Breadth Requirements** All doctoral students are required to complete a 12-credit minor.

### REQUIRED COURSES

Take a total of 51 graduate credits, or generally 18 courses. This includes courses in math and in a minor. In the Ph.D. program, math courses numbered above 700 are for graduate credit. Math courses below 700 must be approved by the academic advisor.

There are five general and overlapping areas of specialization<sup>1</sup> within the department:

- Algebra, Algebraic Geometry, Combinatorics and Number theory
- Analysis, Differential Equations and Probability
- Applied and Computational Mathematics
- Logic
- Geometry and Topology

There is also a specialty in Mathematics Education<sup>1</sup>. The course requirement is the same as for the other specialties except that the required 51 credits should include 18 credits in courses that relate to mathematics education, and at least one of the courses must be on research techniques in education. The 18 credits may come (wholly or in part) from courses included in the minor.

1

These tracks are internal to the program and represent different pathways a student can follow to earn this degree. Track names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

## MAJOR-SPECIFIC POLICIES

### PRIOR COURSEWORK

#### Graduate Work from Other Institutions

With program approval, students in the Ph.D. program are allowed to count no more than 22 credits of graduate coursework from other institutions. Coursework earned ten years or more prior to admission to a doctoral degree is not allowed to satisfy requirements.

#### UW–Madison Undergraduate

No more than 7 credits from a UW–Madison undergraduate degree are allowed to count toward the degree. Coursework earned ten years or more prior to admission to a doctoral degree is not allowed to satisfy requirements.

#### UW–Madison University Special

With program approval, students are allowed to count no more than 15 credits of coursework numbered 300 or above taken as a UW–Madison Special student. Coursework earned ten years or more prior to admission to a doctoral degree is not allowed to satisfy requirements.

### PROBATION

The Graduate School regularly reviews the record of any student who earned grades of BC, C, D, F, or Incomplete in a graduate course (300 or above), or grade of U in research credits. This review could result in academic probation with a hold on future enrollment or in being suspended from the Graduate School.

1. Good standing (progressing according to standards; any funding guarantee remains in place).
2. Probation (not progressing according to standards but permitted to enroll; loss of funding guarantee; specific plan with dates and deadlines in place in regard to removal of probationary status).
3. Unsatisfactory progress (not progressing according to standards; not permitted to enroll, dismissal, leave of absence or change of advisor or program).

### ADVISOR / COMMITTEE

Students who are not yet working with a dissertation advisor are required to meet semiannually with their academic advisor. All students must have a dissertation advisor by the end of the sixth semester.

### CREDITS PER TERM ALLOWED

15 credits. Minimum of 6/semester, other than dissertators.

### TIME CONSTRAINTS

Students must complete all program requirements within eight years of beginning the program. Extensions have to be approved by the program.

A candidate for a doctoral degree who fails to take the final oral examination and deposit the dissertation within five years after passing the preliminary examination may be required to take another preliminary examination and to be admitted to candidacy a second time.

Doctoral degree students who have been absent for ten or more consecutive years lose all credits that they have earned before their absence. Individual programs may count the coursework students completed prior to their absence for meeting program requirements; that coursework may not count toward Graduate School credit requirements.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
  - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeedisabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

## LEARNING OUTCOMES

1. Learn a substantial body of mathematics in introductory and research level graduate courses in mathematics.
2. Complete a dissertation under the guidance of an advisor. The dissertation should make an original and substantive contribution to its subject matter.
3. Demonstrate breadth within the learning experiences.

4. Present research in seminar talks, conferences or publications.
5. Communicate complex ideas in a clear and understandable manner.
6. Foster ethical and professional conduct.

## PEOPLE

**Faculty:** Professors Anderson, Angenent, Arinkin, Căldăraru, Craciun, Denisov, Ellenberg, Feldman, Gong, Gurevich, Kent, Lempp, Mari Beffa, Maxim, Miller, Paul, Poltoratski, Roch, Seeger, Seppäläinen (chair), Smith, Soskova, Stechmann, Stovall, Street, Terwilliger, Thiffeault, Valko, Waleffe, Yang; Associate Professors Andrews, Dymarz, Erman, Gorin, Iffrim, Kim, Li, Marshall, Spagnolie, Tran; Wang; Assistant Professors Chen, Cochran, Fabien, Guo, Kemeny, Lyu, Rodriguez, Shankar, Shcherbyna, Shen, Uyanik Waldron, Wu, Zepeda-Núñez, Zimmer.

## MEAD WITTER SCHOOL OF MUSIC

### DEGREES/MAJORS, DOCTORAL MINORS, GRADUATE/PROFESSIONAL CERTIFICATES

- Music, Doctoral Minor (p. 1155)
- Music, M.A. (p. 1161)
- Music, Ph.D. (p. 1166)
- Music: Education, M.M. (p. 1171)
- Music: Performance, DMA (p. 1175)
- Music: Performance, M.M. (p. 1190)

## PEOPLE

**Faculty:** Professors Cook (director), Calderón, Chisholm, Di Sanza, Dobbs, Doing, Dominguez, Fischer, Fulmer, Hetzler, Hyer, Johnson, Karp, Perry, Rowe, Schwendinger, Taylor, Teeple, Thimmig, Vallon, Wallmann; Associate Professors Butler, Farah, Grabois, Ronis; Assistant Professors Chana, Laurenz, Lee, Nelson, Sans; Marching Band Director Pompey; Teaching Faculty Curry, Gladstone, Gonzalez, Koester, Rottmayer, Wohn; Lecturers Patenaude, Wienholts.

The faculty of the Mead Witter School of Music is a distinguished group of educators, performing musicians, and active scholars. The backgrounds of performance faculty include rich experiences as professional musicians, researchers, recording artists, and entrepreneurs. Faculty in music education have particular insight into their field as a result of their backgrounds as school educators, performers, and scholars. In areas such as music theory and musicology, the musical community has high regard for the past and current contributions to the study of musical theory, historical perspectives on music, the role of music in societies around the world, and the unique contributions of American musicians. Teaching is a priority for the faculty, who are readily accessible to students for advice and support. Faculty, staff, and students cooperate in extraordinary ways with joint ventures that reach across disciplines both in research or instruction.

## MUSIC, DOCTORAL MINOR

### REQUIREMENTS

Breadth is a required component of doctoral work at UW–Madison. Coursework taken as part of a minor area of study do not count for requirements in the major program.

Doctoral students who are not music majors, but are seeking to pursue a minor in a music field, are encouraged to contact the Mead Witter School of Music graduate office for further information. The defined programs below are excellent models of minor plans for students from non-music programs.

Course credits taken in a minor plan of study will not satisfy requirements in the major. This is important to consider in planning a minor plan of study, especially for DMA students.

Below are outlines for the minor programs approved for students in Ph.D.–music and DMA programs. Note that most of the plans restrict eligibility for students based upon major specialty. Exceptions to the stated requirements are extremely rare.

### CURRICULAR PATHS IN THE MUSIC DOCTORAL MINOR

#### Brass Instrument Performance Curricular Path <sup>1</sup>

This minor plan is not available to students completing a track in horn, trumpet, trombone, euphonium, or tuba performance.

Code	Title	Credits
<b>Minor Performance Instrument</b>		
Enroll in course corresponding to minor performance instrument:		
<i>First semester</i>		4
MUS PERF 417	Advanced Horn	
MUS PERF 419	Advanced Trumpet	
MUS PERF 421	Advanced Trombone	
MUS PERF 423	Advanced Euphonium	
MUS PERF 425	Advanced Tuba	
<i>Second semester</i>		2
MUS PERF 417	Advanced Horn	
MUS PERF 419	Advanced Trumpet	
MUS PERF 421	Advanced Trombone	
MUS PERF 423	Advanced Euphonium	
MUS PERF 425	Advanced Tuba	
<i>Senior Recital</i>		
MUS PERF 499	Senior Recital	2
<b>Additional Coursework</b>		
MUSIC 798	Seminar-Instrumental Literature <sup>2</sup>	2
or MUSIC 799	Independent Work	
<i>Any 2 credits from the following:</i>		2
MUSIC 562	Jazz Ensemble	
MUSIC 565	Advanced Ensemble-Woodwind	
MUSIC 567	Advanced Ensemble-Brass	
MUSIC 570	University Symphony Orchestra	
MUSIC 571	Chamber Orchestra	

MUSIC 573	Contemporary Chamber Ensemble	
MUSIC 574	Wind Ensemble	
<b>Total Credits</b>		<b>12</b>

1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

MUSIC 799 Independent Work is eligible to satisfy this requirement ONLY with prior approval by the minor professor.

### Choral Conducting Curricular Path <sup>1</sup>

This minor is not available to DMA students completing a track in conducting.

Code	Title	Credits
MUSIC 553	Advanced Conducting Seminar (taken twice)	4
MUSIC 541	Seminar in Choral Literature (taken twice)	4
MUSIC 578	Concert Choir (taken twice)	2
MUS PERF 499	Senior Recital	2
<b>Total Credits</b>		<b>12</b>

1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

For the recital the student must be the conductor of the choral ensemble or organization in the performance.

### Collaborative Piano Curricular Path <sup>1</sup>

This minor is not available to students completing a track in organ performance, piano performance, or piano pedagogy and performance.

Code	Title	Credits
MUS PERF 542	Advanced Accompanying	2
MUS PERF 542	Advanced Accompanying	2
MUSIC 346	Repertoire <sup>2</sup>	2
or MUSIC 792	Seminar in Vocal Literature	
MUSIC 796	Seminar in Duo Sonata Literature	3
MUS PERF 499	Senior Recital (as accompanist)	2
AND		
2 credits from the following:		2
MUSIC 466	Diction for Singers	
MUSIC 513	Survey of Opera	
MUSIC 557	Opera Workshop	
MUSIC 569	Advanced Ensemble-String	
MUSIC 573	Contemporary Chamber Ensemble	
<b>Total Credits</b>		<b>13</b>

1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

MUSIC 346 Repertoire topic must be Vocal Literature.

### Composition Curricular Path <sup>1</sup>

MUSIC 523 Orchestration I or its equivalent is a prerequisite for acceptance to this minor plan of study.

Code	Title	Credits
Two minor plans are possible. Consult with the minor professor. <sup>2</sup>		
<b>Minor Plan I</b>		
Composition applied study		
MUS PERF 447 & MUS PERF 448	Fourth Year Composition and Fourth Year Composition	6
MUSIC 927	Seminar in Composition	3
MUSIC 927	Seminar in Composition <sup>3</sup>	3
<b>Minor Plan I Total Credits</b>		<b>12</b>

### Minor Plan II

Composition applied study		
MUS PERF 447	Fourth Year Composition	3
MUS PERF 448	Fourth Year Composition	3
MUS PERF 447 or MUS PERF 448	Fourth Year Composition <sup>4</sup>	3
MUSIC 927	Seminar in Composition	3
<b>Minor Plan II Total Credits</b>		<b>12</b>

1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

In both minor plans, MUSIC 799 Independent Work is available as an option for credit. However The Graduate School allows only 32 credits of Independent Work to count toward minor credits.

3

MUSIC 927 Seminar in Composition may be taken twice (with different topics) or, with approval of the minor professor, MUSIC 799 Independent Work (3 credits) may substitute for one of the courses.

4

If necessary, MUSIC 799 Independent Work (3 credits) may substitute for one of the semesters of applied composition study.

### Early Music Curricular Path <sup>1</sup>

Code	Title	Credits
MUSIC 461	Collegium Musicum (two semesters) <sup>2</sup>	2
<i>Advanced Performance Practice Study</i>		
May be satisfied with any MUS PERF course 401-440 and may include up to 2 credits MUSIC 799		
<i>Remaining credits from the following courses:</i>		<b>6</b>

MUSIC 412	Survey of Music in the Renaissance
MUSIC 413	Survey of Music in the Baroque Era
MUSIC 461	Collegium Musicum
MUSIC 511	Historical Performance Practices
MUSIC 621	Renaissance Polyphony
MUSIC 622	Baroque Counterpoint
MUSIC 821	Historical Music Theories 1
MUSIC 822	Historical Music Theories 2
MUSIC 911	Seminar in Musicology (Topic relevant to historically informed performance)
MUSIC 925	Topics in Music Analysis 1 (Topic relevant to historically informed performance)
MUSIC 926	Topics in Music Analysis 2
<b>Total Credits</b>	<b>12</b>

1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

Students must take MUSIC 461 twice, and may take it up to 3 times.

### Guitar Performance Curricular Path <sup>1</sup>

This minor is not available to students completing a track in violin, viola, violoncello, string bass, or harp performance.

Code	Title	Credits
MUS PERF 440	Advanced Guitar (2 semesters, 3 credits each semester)	3
MUS PERF 440	Advanced Guitar	3
MUS PERF 499	Senior Recital	2
MUSIC 572 & 572	Advanced Ensemble-Classical Guitar and Advanced Ensemble-Classical Guitar (2 semesters)	2
AND any combination of 2 of the following courses:		2
MUSIC 562	Jazz Ensemble	
MUSIC 569	Advanced Ensemble-String	
MUSIC 573	Contemporary Chamber Ensemble	
MUSIC 799	Independent Work (prior approval of minor professor required)	
<b>Total Credits</b>		<b>12</b>

1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

### Harpichord Performance Curricular Path <sup>1</sup>

This minor is not available to students completing a track in piano performance, piano performance and pedagogy, or collaborative piano. Students accepted into this minor plan must have sufficient prior study of harpsichord. An audition is required.

Code	Title	Credits
MUS PERF 402	Advanced Harpsichord	4
MUS PERF 402	Advanced Harpsichord	2
MUSIC 461 & 461	Collegium Musicum and Collegium Musicum <sup>2</sup>	2
MUSIC 511 or MUSIC 502	Historical Performance Practices <sup>3</sup> Figured Bass and Basso Continuo	3
MUS PERF 499	Senior Recital	2
<b>Total Credits</b>		<b>13</b>

1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

Two semesters are required.

3

MUSIC 799 Independent Work may substitute for MUSIC 502 Figured Bass and Basso Continuo, with approval of minor professor.

### Historical Musicology Curricular Path <sup>1</sup>

This minor is not available to students completing an Ethnomusicology track. Students with a minor in historical musicology write a minor field preliminary examination. Course credits in a minor DO NOT count for requirements in the major. A DMA student or Ph.D.–music: music theory student must still meet the major requirements for courses in musicology.

Code	Title	Credits
<b>Three of the following courses (3 credits each) <sup>2</sup></b>		<b>9</b>
MUSIC 411	Survey of Music in the Middle Ages	
MUSIC 412	Survey of Music in the Renaissance	
MUSIC 413	Survey of Music in the Baroque Era	
MUSIC 414	Survey of Music in the Classic Era	
MUSIC 415	Survey of Music in the Romantic Era	
MUSIC 416	Survey of Music in the Twentieth Century	
MUSIC 419	Music in the United States	
MUSIC 511	Historical Performance Practices	
MUSIC 513	Survey of Opera	
<b>Plus one of the following courses:</b>		<b>3</b>
MUSIC 821	Historical Music Theories 1	
MUSIC 822	Historical Music Theories 2	
MUSIC 911	Seminar in Musicology	
<b>Total Credits</b>		<b>12</b>

1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

MUSIC 799 Independent Work and MUSIC 497 Special Topics in Music are eligible to satisfy this requirement ONLY with prior approval by the minor professor.

### Jazz Studies Curricular Path <sup>1</sup>

Code	Title	Credits
MUS PERF 499	Senior Recital	2
<i>10 additional credits from the following courses:</i>		<i>10</i>
MUSIC 331	Jazz Improvisation	
MUSIC 332	Jazz Improvisation	
MUS PERF 441	Advanced Jazz Studio Instruction	
MUS PERF 447	Fourth Year Composition	
MUS PERF 457	Jazz Composition and Arranging	
MUS PERF 458	Jazz Composition and Arranging	
MUSIC 497	Special Topics in Music (approved topics only)	
MUSIC 562	Jazz Ensemble	
MUSIC 629	Jazz Theory and Analysis	
<b>Total Credits</b>		<b>12</b>

1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

### Music Theory Curricular Path <sup>1</sup>

Course credits in a minor DO NOT count for requirements in the major. A DMA student or Ph.D.–music: musicology student must still meet the major requirements for courses in music theory.

Code	Title	Credits
Courses selected from the following to total 12 credits: <sup>2</sup>		
MUSIC 621	Renaissance Polyphony	
MUSIC 622	Baroque Counterpoint	
MUSIC 623	Form and Analysis	
MUSIC 624	Form and Analysis II	
MUSIC 799	Independent Work (approval by the minor professor required)	
MUSIC 821	Historical Music Theories 1	
MUSIC 822	Historical Music Theories 2	
MUSIC 823	Schenkerian Analysis	
MUSIC 824	Post-tonal Analysis	
MUSIC 921	Current Issues in Musical Thought 1	
MUSIC 925	Topics in Music Analysis 1	
MUSIC 926	Topics in Music Analysis 2	

1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

MUSIC 799 Independent Work and MUSIC 497 Special Topics in Music are eligible to satisfy this requirement ONLY with prior approval by the minor professor.

### Opera Production Curricular Path <sup>1</sup>

Code	Title	Credits
MUSIC 556	University Opera (in directorial capacity)	2
MUSIC 556	University Opera (taken twice, 2 credits each time) <sup>2</sup>	4
MUSIC 463	Acting for Singers	1
<i>Project in the minor field</i>		<i>2-3</i>
MUSIC 799	Independent Work (with Director of opera)	
Remaining credits from the following courses:		2-3
MUSIC 413	Survey of Music in the Baroque Era	
MUSIC 414	Survey of Music in the Classic Era	
MUSIC 415	Survey of Music in the Romantic Era	
MUSIC 416	Survey of Music in the Twentieth Century	
MUSIC 419	Music in the United States	
MUSIC 463	Acting for Singers	
MUSIC 513	Survey of Opera	
MUSIC 556	University Opera (maximum 2 credits)	
MUSIC 557	Opera Workshop	
THEATRE 342	Fundamentals of Movement for the Stage	
THEATRE 368	Fundamentals of Directing	
THEATRE 379	Introduction to Stage Management	
THEATRE 440	Musical Performance for the Actor	
<b>Total Credits</b>		<b>12</b>

1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

With advisor approval, some students may use MUSIC 557 Opera Workshop (2 credits) in place of one instance of MUSIC 556 University Opera.

### Opera/Voice Coaching Curricular Path <sup>1</sup>

This minor is available only to students in Piano Performance, Piano Performance and Pedagogy, Collaborative Piano, Conducting, or other track with approval of the Voice & Opera faculty. All courses are selected in consultation with the minor professor.

Code	Title	Credits
<b>Required courses:</b>		
<i>Diction</i>		<i>4</i>
MUSIC 467 & MUSIC 468	Language Diction for Singing I and Language Diction for Singing II	2

MUSIC 556	University Opera (rehearsal pianist) 3	2
Project in the Minor field		2-3
MUSIC 799	Independent Work <sup>4</sup>	
<b>Remaining credits from the following courses:</b>		<b>3-4</b>
MUS PERF 405	Advanced Voice (audition and voice faculty approval required)	
MUSIC 419	Music in the United States	
MUSIC 463	Acting for Singers	
MUSIC 497	Special Topics in Music (approved topics only)	
MUSIC 513	Survey of Opera	
MUS PERF 532	Advanced Conducting	
MUSIC 553	Advanced Conducting Seminar	
MUSIC 556	University Opera (rehearsal pianist, 2 credits maximum allowed)	
MUSIC 557	Opera Workshop (2 credits maximum allowed)	
MUSIC 792	Seminar in Vocal Literature	
MUSIC 911	Seminar in Musicology (opera and vocal literature topics only)	
<b>Total Credits</b>		<b>12</b>

1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

With the approval of the minor professor, MUSIC 466 Diction for Singers may be eligible to fulfill this requirement.

3

Enrollment in MUSIC 556 University Opera should be for 2 credits.

4

This course is taken under the supervision of the director of opera.

### Orchestral Conducting Curricular Path<sup>1</sup>

This minor is not available to DMA students completing a track in conducting.

Code	Title	Credits
MUS PERF 532	Advanced Conducting (multiple semesters possible)	3
MUSIC 632	Graduate Instrumental Conducting Laboratory (taken twice)	2
The remaining credits from the following courses:		7
MUS PERF 532	Advanced Conducting	
MUSIC 346	Repertoire	
MUSIC 511	Historical Performance Practices	
MUSIC 523	Orchestration I	
MUSIC 799	Independent Work (prior approval by minor professor required)	
<b>Total Credits</b>		<b>12</b>

1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

### Organ Performance Curricular Path<sup>1</sup>

This minor is not available to students completing a track in piano performance, collaborative piano, or piano performance and pedagogy.

Code	Title	Credits
<b>Organ Applied Study</b>		<b>6</b>
MUS PERF 403	Advanced Organ (2 semesters, 3 credits each semester)	
<b>Additional Courses</b>		<b>4</b>
MUSIC 591 & MUSIC 346	Organ Literature and Design and Repertoire <sup>2</sup>	
OR		
MUS PERF 561 & MUS PERF 562	Organ Improvisation and Liturgy and Organ Improvisation and Liturgy	
MUS PERF 499	Senior Recital	2
<b>Total Credits</b>		<b>12</b>

1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

MUSIC 346 Repertoire topic must be Organ Repertoire, 2 credits.

### Piano Pedagogy Curricular Path<sup>1</sup>

This minor is not available to students completing a track in organ performance, piano performance, or collaborative piano.

Code	Title	Credits
MUS PERF 401	Advanced Piano	4
MUSIC 799	Independent Work (final project) <sup>2</sup>	1
Additional credits from the following:		7
MUSIC 548	Piano Pedagogy II	
MUSIC 551	Class Piano Pedagogy	
MUSIC 560	Practicum in Advanced Studio Teaching-Piano	
MUSIC 751	Seminar in Piano Pedagogy	
DANCE 560	Current Topics in Dance: Workshop (topic: Feldenkrais for the performing musician) <sup>2</sup>	
or MUSIC 497	Special Topics in Music	
<b>Total Credits</b>		<b>12</b>

1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

If taking MUSIC 497 Special Topics in Music, select topic "Feldenkrais Workshop for Musicians."

### Piano Performance Curricular Path <sup>1</sup>

This minor is not available to students completing a track in organ performance, collaborative piano, or piano performance and pedagogy.

Code	Title	Credits
MUS PERF 401	Advanced Piano	4
MUS PERF 401	Advanced Piano	2
MUS PERF 499	Senior Recital	2
<b>AND</b>		
4 credits selected from the following:		4
MUSIC 548	Piano Pedagogy II	
MUSIC 551	Class Piano Pedagogy	
MUSIC 560	Practicum in Advanced Studio Teaching-Piano	
MUSIC 565	Advanced Ensemble-Woodwind	
MUSIC 567	Advanced Ensemble-Brass	
MUSIC 568	Advanced Ensemble-Percussion	
MUSIC 569	Advanced Ensemble-String	
MUSIC 791	Seminar in Piano Literature	
MUSIC 799	Independent Work (approval by minor professor required)	
<b>Total Credits</b>		<b>12</b>

1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

### String Instrument Performance Curricular Path <sup>1</sup>

This minor is not available to students completing a track in violin, viola, violoncello, string bass, harp, or guitar performance.

Code	Title	Credits
<b>Minor Performance Instrument</b>		
Enroll in the course corresponding to the minor instrument:		
<i>First semester</i>		4
MUS PERF 431	Advanced Violin	
MUS PERF 433	Advanced Viola	
MUS PERF 435	Advanced Cello	
MUS PERF 437	Advanced String Bass	
MUS PERF 439	Advanced Harp	
<i>Second semester</i>		2
MUS PERF 431	Advanced Violin	
MUS PERF 433	Advanced Viola	
MUS PERF 435	Advanced Cello	
MUS PERF 437	Advanced String Bass	
MUS PERF 439	Advanced Harp	
<i>Senior Recital</i>		
MUS PERF 499	Senior Recital	2
<b>Additional Coursework</b>		

*One of the following courses:* 2

MUSIC 346	Repertoire	
MUSIC 543	Advanced String Pedagogy	
MUSIC 546	String Literature	
MUSIC 799	Independent Work <sup>2</sup>	
<i>Any combination of the following:</i>		2
MUSIC 569	Advanced Ensemble-String	
MUSIC 570	University Symphony Orchestra	
MUSIC 571	Chamber Orchestra	

**Total Credits** 12

1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

MUSIC 799 Independent Work may only be used to fulfill this requirement if the other course choices in this category are not available.

### Wind Conducting Curricular Path <sup>1</sup>

This minor is not available to DMA students completing a track in conducting.

Code	Title	Credits
MUS PERF 532	Advanced Conducting (2 semesters; note: one or more public performances are required)	6
MUSIC 632	Graduate Instrumental Conducting Laboratory (taken twice)	2
AND remaining credits from the following courses:		4
MUS PERF 532	Advanced Conducting	
MUSIC 346	Repertoire	
MUSIC 511	Historical Performance Practices	
MUSIC 523	Orchestration I	
MUSIC 799	Independent Work (1-3 credits)	
<b>Total Credits</b>		<b>12</b>

1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

### Woodwind Instrument Performance Curricular Path <sup>1</sup>

This minor is not available to students completing a track in a woodwind instrument.

Code	Title	Credits
<b>Minor Performance Instrument</b>		
Enroll for the course number that corresponds to the minor instrument.		
<i>First semester</i>		2
MUS PERF 407	Advanced Flute	
MUS PERF 409	Advanced Oboe	
MUS PERF 411	Advanced Clarinet	
MUS PERF 413	Advanced Saxophone	

MUS PERF 415	Advanced Bassoon	
<i>Second semester</i>		2
MUS PERF 407	Advanced Flute	
MUS PERF 409	Advanced Oboe	
MUS PERF 411	Advanced Clarinet	
MUS PERF 413	Advanced Saxophone	
MUS PERF 415	Advanced Bassoon	
<b>Senior Recital</b>		
MUS PERF 499	Senior Recital	2
<b>Additional courses selected from the following:</b>		<b>6</b>
MUSIC 562	Jazz Ensemble	
MUSIC 565	Advanced Ensemble-Woodwind	
MUSIC 570	University Symphony Orchestra	
MUSIC 571	Chamber Orchestra	
MUSIC 573	Contemporary Chamber Ensemble	
MUSIC 574	Wind Ensemble	
<b>Total Credits</b>		<b>12</b>

1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

### Vocal Performance Curricular Path <sup>1</sup>

Code	Title	Credits
MUS PERF 405	Advanced Voice	2
MUS PERF 405	Advanced Voice	3
MUSIC 749	Seminar in Vocal Techniques	2
MUSIC 792	Seminar in Vocal Literature	3
MUS PERF 499	Senior Recital	2
<b>Total Credits</b>		<b>12</b>

1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

## PEOPLE

**Faculty:** Professors Cook (director), Calderón, Chisholm, Di Sanza, Dobbs, Doing, Dominguez, Fischer, Fulmer, Hetzler, Hyer, Johnson, Karp, Perry, Rowe, Schwendinger, Taylor, Teeple, Thimmig, Vallon, Wallmann; Associate Professors Butler, Farah, Grabois, Ronis; Assistant Professors Chana, Laurenz, Lee, Nelson, Sans; Marching Band Director Pompey; Teaching Faculty Curry, Gladstone, Gonzalez, Koester, Rottmayer, Wohn; Lecturers Patenaude, Wienholts.

The faculty of the Mead Witter School of Music is a distinguished group of educators, performing musicians, and active scholars. The backgrounds of performance faculty include rich experiences as professional musicians, researchers, recording artists, and entrepreneurs. Faculty in music education have particular insight into their field as a result of their backgrounds as school educators, performers, and scholars. In areas such as music theory and musicology, the musical community has high regard for the past and current contributions to

the study of musical theory, historical perspectives on music, the role of music in societies around the world, and the unique contributions of American musicians. Teaching is a priority for the faculty, who are readily accessible to students for advice and support. Faculty, staff, and students cooperate in extraordinary ways with joint ventures that reach across disciplines both in research or instruction.

## MUSIC, M.A.

The mission of the Mead Witter School of Music is:

- to provide a rich, integrated program of undergraduate and graduate education that promotes the highest levels of professional, creative, and scholarly development while challenging students to achieve their greatest potential;
- to cultivate an environment that inspires creativity, stimulates intellectual curiosity, and fosters critical thinking; and
- to serve the university community, the public, and the profession through performance, composition, scholarship, music education, outreach, and engagement.

The Mead Witter School of Music enriches students' educational experience by hosting guest artists and scholars for master classes, recitals, colloquia, seminars, and festivals. Its performing organizations and ensembles perform more than 350 recitals and concerts every year, making a significant contribution to the cultural life of the university and the wider Madison community.

## DEGREES AND MAJORS

The master of arts in music is offered with concentrations in the two areas of historical musicology and music theory.

A double master's degree with the Information School is also offered.

Each master's degree pathway varies slightly and may impose additional requirements. Details on the degrees are available through the Requirements tab. Contact the Mead Witter School of Music graduate office, [gradadmissions@music.wisc.edu](mailto:gradadmissions@music.wisc.edu), for further information about the M.A. degree.

The M.A.–music degree offers tracks in historical musicology and music theory. The appropriate faculty area appoints an advisor for each new student the first semester of enrollment. When the time comes for comprehensive examinations in the second year, an examination committee is formed. Upon completing the thesis, the student sits for an oral examination by the examination committee, consisting of members of the area faculty.

A summary of important academic policies are available through the Policies (p. 1164) tab. A more complete document, the Mead Witter School of Music Graduate Handbook (<https://www.music.wisc.edu/wp-content/uploads/2020/02/SOM-Grad-Handbook-1.pdf>), lists all academic policies and procedures in music graduate programs. All students need to be familiar with the Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>).

Mentoring of students is of prime importance to faculty members at Mead Witter School of Music. The faculty advisor and the director of graduate studies both guide the student's course planning. While each faculty member has a unique style of mentoring, every student can be assured of abundant time working closely with more than one mentor

in addition to the advisor during the course of a UW–Madison degree program.

## FACILITIES

The Mosse Humanities Building, built in 1969, houses most of the music classrooms, rehearsal rooms, faculty studios, and 111 practice rooms. Most recitals and concerts take place in one of three performance spaces: Mills Concert Hall, Morphy Recital Hall, and Eastman Organ Recital Hall. The school's extensive collection of instruments, both common and unusual, is available to both faculty and students. Music Hall with its clock tower, built in 1879, is a campus landmark. Renovated in 1985, it is the home of the opera program. The new Hamel Music Center includes a concert hall, a recital hall, and a large ensemble rehearsal space.

Memorial Library is the home of the Mills Music Library, which offers extensive research and circulating collections, attractive study space, and personal staff assistance with research. Music materials on campus number over half a million, ranging from scores and sheet music to archival collections and historic audio recordings. Through Mills Music Library and other UW–Madison libraries, students have access to a wide range of online research databases as well as millions of articles, books, and streaming media. All genres of music are represented, with notably strong collections in Americana and ethnic music. Nationally known special collections include the Tams–Witmark Collection, a treasury of early American musical theater materials, and the Wisconsin Music Archives.

## ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 1
Spring Deadline	This program does not admit in the spring.
Summer Deadline	This program does not admit in the summer.
GRE (Graduate Record Examinations)	Required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements ( <a href="https://grad.wisc.edu/apply/requirements/#english-proficiency">https://grad.wisc.edu/apply/requirements/#english-proficiency</a> ). Every international student from a non-English speaking country must submit a TOEFL score of 85 or higher. The Mead Witter School of Music does NOT waive the TOEFL requirement for students who have completed a degree at an American university.

Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

Minimum admission requirements of the Graduate School apply to all applicants for graduate study in music. The Mead Witter School of Music has additional requirements. Applicants should have a bachelor's degree in music or equivalent foundational course work as required by each area of study. An undergraduate GPA of 3.0 (on a 4.0 scale, calculated on the last 60 credit hours) is necessary for full admission. M.A. applicants are required to submit Graduate Record Exam (GRE) scores and samples of research writing. The M.A. program involves substantial academic work and requires excellent reading, writing, and speaking skills. Therefore, all international students are required to submit a TOEFL score. See the Mead Witter School of Music graduate admissions website (<http://www.music.wisc.edu/admissions/graduate/>) for information on minimum score requirements. The Mead Witter School of Music does **not** waive the TOEFL score requirement for students who have completed a degree at an American university. For details on specific audition requirements and additional application materials, visit the Mead Witter School of Music graduate admissions website (<http://www.music.wisc.edu/admissions/graduate/>).

## FUNDING

### GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

### PROGRAM RESOURCES

The Mead Witter School of Music also offers teaching and project assistantships in music history, music theory, piano, conducting, voice, and other performance areas. These positions offer tuition remission plus a salary and health care benefits. In addition, the Mead Witter School of Music selects qualified applicants for the Graduate School Fellowship and Advanced Opportunity Fellowship. The UW–Madison Office of Student Financial Services assists students in obtaining general grants and loans. All Mead Witter School of Music students who receive funding are required to maintain full-time enrollment status. Many students also take advantage of work-study opportunities on campus, and many are employed part-time in area musical organizations or business entities.

Most M.A. and Ph.D. students are eligible for teaching assistant appointments in the respective area, provided that positions are available. All M.A. and Ph.D. students may be considered for a University Fellowship, and qualified applicants may be considered for the Advanced Opportunity Fellowship. Feel free to direct questions about any of these funding opportunities to the Mead Witter School of Music graduate admissions office, [gradadmissions.music.wisc.edu](mailto:gradadmissions.music.wisc.edu).

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### MAJOR REQUIREMENTS

#### MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students are able to complete a program with minimal disruptions to careers and other commitments.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW–Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

### CURRICULAR REQUIREMENTS

#### Requirements Detail

Minimum Credit Requirement	30 credits
Minimum Residence Credit Requirement	16 credits
Minimum Graduate Coursework Requirement	15 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy ( <a href="https://policy.wisc.edu/library/UW-1244">https://policy.wisc.edu/library/UW-1244</a> ( <a href="https://policy.wisc.edu/library/UW-1244/">https://policy.wisc.edu/library/UW-1244/</a> )).
Overall Graduate GPA Requirement	3.25 GPA required.

**Other Grade Requirements** Grades below B cannot count toward program credit.

Mead Witter School of Music financial awards are suspended if a student is on probation for more than one semester.

A student's satisfactory progress is also in jeopardy should a major recital be judged incomplete or deficient. Failure of one or more parts of the comprehensive examinations is also considered a lapse in satisfactory progress.

**Assessments and Examinations** In addition to evaluations in individual classes, Mead Witter School of Music programs examine graduate students at defined points in their career.

For the MA, comprehensive examinations measure the candidate's range of musical knowledge in the field.

**Language Requirements** The Historical Musicology curricular path requires German. See details below.

### REQUIRED COURSES

Direct any questions about the coursework or required proficiencies to the Mead Witter School of Music graduate admissions office, [gradadmissions@music.wisc.edu](mailto:gradadmissions@music.wisc.edu).

#### Historical Musicology Pathway <sup>1</sup>

Code	Title	Credits
<b>Entering students will take a short diagnostic examination in music history during the first week of classes to be used for advising purposes only.</b>		
<b>Coursework in Musicology</b>		<b>9</b>
Choose from the following courses:		
MUSIC 411	Survey of Music in the Middle Ages	
MUSIC 412	Survey of Music in the Renaissance	
MUSIC 413	Survey of Music in the Baroque Era	
MUSIC 414	Survey of Music in the Classic Era	
MUSIC 415	Survey of Music in the Romantic Era	
MUSIC 416	Survey of Music in the Twentieth Century	
MUSIC 419	Music in the United States	
MUSIC 511	Historical Performance Practices	
MUSIC 513	Survey of Opera	
MUSIC 821	Historical Music Theories 1	
MUSIC 822	Historical Music Theories 2	
<b>Musicology Seminars (two required)</b>		<b>6</b>
MUSIC 911	Seminar in Musicology	
MUSIC 923	Seminar in Notation	
<b>Ethnomusicology—choose from the following:</b>		<b>3</b>
MUSIC/ FOLKLORE 401	Musical Cultures of the World	
MUSIC/ FOLKLORE 402	Musical Cultures of the World	
MUSIC/ FOLKLORE 515	Proseminar in Ethnomusicology	
MUSIC/ FOLKLORE 516	Ethnographic Methods for Music and Sound	

**Other required courses**

MUSIC/L I S 619	Music Research Methods and Materials	3
-----------------	--------------------------------------	---

**Theory Proficiency 3**

Satisfied by completion of one graduate-level course taught by music theory faculty. Theory credits may count toward electives.<sup>2</sup>

**Thesis**

The following courses may fulfill this requirement:<sup>2</sup>

MUSIC 990	Masters Thesis (consult advisor for details)	2
-----------	--	---

Electives (numbered 300 or above)	4
-----------------------------------	---

**Language Proficiency: German required**

Language study may be satisfied by one of the following:

Four semesters of undergraduate study completed during the last five years, earning a grade of B or better in the last semester OR

Taking the GERMAN 391 earning a grade of B or better OR<sup>3</sup>

Study on your own or through courses offered by the Division of Continuing Studies. After completing the online course you must pass the DCS exam at the Intermediate level. Contact the Division of Continuing studies or <http://dcs.wisc.edu/lisa/languages> (<http://dcs.wisc.edu/lisa/languages/>).

**Total Credits 30**

1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

Other courses do not fulfill this requirement unless specifically approved by the music theory and musicology faculty.

3

Other courses do not fulfill this requirement unless specifically approved by the musicology faculty.

**Music Theory Pathway<sup>1</sup>**

Code	Title	Credits
------	-------	---------

**Courses in Music Theory and Composition 12**

Choose from the following. The first four courses are recommended.<sup>2</sup>

MUSIC 821	Historical Music Theories 1	
MUSIC 822	Historical Music Theories 2	
MUSIC 823	Schenkerian Analysis	
MUSIC 824	Post-tonal Analysis	
MUSIC 621	Renaissance Polyphony	
MUSIC 622	Baroque Counterpoint	
MUSIC 623	Form and Analysis	
MUSIC 624	Form and Analysis II	
MUSIC 921	Current Issues in Musical Thought 1	
MUSIC 925	Topics in Music Analysis 1	
MUSIC 926	Topics in Music Analysis 2	
MUSIC 927	Seminar in Composition	

**Research Methods**

MUSIC/L I S 619	Music Research Methods and Materials	3
-----------------	--------------------------------------	---

**Musicology and/or Literature Courses 6**

Choose from the following courses:<sup>3</sup>

MUSIC 411	Survey of Music in the Middle Ages	
MUSIC 412	Survey of Music in the Renaissance	
MUSIC 413	Survey of Music in the Baroque Era	
MUSIC 414	Survey of Music in the Classic Era	
MUSIC 415	Survey of Music in the Romantic Era	
MUSIC 416	Survey of Music in the Twentieth Century	
MUSIC 419	Music in the United States	
MUSIC 511	Historical Performance Practices	
MUSIC 513	Survey of Opera	
MUSIC/ FOLKLORE 515	Proseminar in Ethnomusicology	
MUSIC/ FOLKLORE 516	Ethnographic Methods for Music and Sound	
MUSIC 911	Seminar in Musicology	
MUSIC/ FOLKLORE 915	Seminar in Ethnomusicology	
MUSIC 923	Seminar in Notation	

**Thesis 4**

MUSIC 990	Masters Thesis	
-----------	----------------	--

**Electives 5**

Choose coursework in the School of Music numbered 300 or above. These may include MUSIC and MUS PERF courses.

**Total Credits 30**

1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

Other courses do not fulfill this requirement unless specifically approved by the music theory faculty.

3

Other courses do not fulfill this requirement unless specifically approved by the musicology and music theory faculty.

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

## MAJOR-SPECIFIC POLICIES

### PRIOR COURSEWORK

#### Graduate Work from Other Institutions

No more than 6 credits may be approved for graduate coursework taken at other institutions.

#### UW–Madison Undergraduate

The program follows the Graduate School's policy for Satisfying Requirements with Coursework from Undergraduate Career at UW–Madison (<https://policy.wisc.edu/library/UW-1216/>), but the Mead Witter School of Music faculty rarely approve these exceptions.

#### UW–Madison University Special

The program allows up to 6 credits of UW-Madison University Special Student credit to count. Details can be found at the Graduate School's policy for Transfer from UW–Madison University Special Student Career at UW–Madison. (<https://policy.wisc.edu/library/UW-1216/>)

### PROBATION

M.A. students who fail to make satisfactory progress in any of the four following areas: grades, course load, time constraints, or exams, will be notified in writing by the DGS. At the end of the second semester of failing to make satisfactory progress the student is placed on probation effective the next semester. This action suspends financial aid (but does not affect loans or work-study). For details see Satisfactory Progress for Master's Students (<https://kb.wisc.edu/mwsomkb/114465/>).

### ADVISOR / COMMITTEE

All programs provide for faculty from several disciplines to follow the student's progress through the degree, provide mentorship along the way, and assess the student's success in reaching expected learning outcomes. Committee structures differ among degrees and majors. The principal advisor for most graduate students in the Mead Witter School of Music is generally referred to as the major professor.

In M.A. and Ph.D. programs the advisor may not be the eventual thesis or dissertation advisor. In all programs the major professor is determined with the student's particular interests in mind. The director of graduate studies is also an advisor for all graduate students in Mead Witter School of Music programs. Students are expected to consult with the director of graduate studies at least once per semester to determine appropriate course plans. Consultation is mandatory in the semester before intended graduation.

M.A. students have a committee of three or more graduate faculty, including the major professor.

### CREDITS PER TERM ALLOWED

15 credits

### TIME LIMITS

M.M. and M.A. students not receiving university funding are expected to complete requirements and pass comprehensive examinations within seven years from the time of enrollment in the program. While graduate students may enroll on a part-time basis, this time constraint still applies.

All M.M. and M.A. students holding teaching assistant, project assistant, or fellowship appointments must complete requirements for the degree within four semesters (not counting summer sessions or thesis credits).

If the appointment is more than 33.4% the expectation is to complete requirements in the sixth semester.

### GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
  - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

### OTHER

n/a

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

### COLLEGE OF LETTERS AND SCIENCE RESOURCES

The College of Letters and Science's SuccessWorks (<https://successworks.wisc.edu/>) program can assist with professional development and with identifying opportunities.

## LEARNING OUTCOMES

1. Articulates and critiques the theories, research methods, and approaches to inquiry in music-related scholarship.
2. Identifies and employs a variety of sources and analytical approaches to inform discussion of topics in music.
3. Demonstrates knowledge of musical study in historical and cultural contexts.
4. Selects appropriate methodologies for research and discussion of musical topics.
5. Rationally evaluates and synthesizes information from both primary sources and secondary scholarship, posing original questions and offering fresh insight into musical topics.
6. Communicates clearly, both verbally and in writing, to colleagues in the field.
7. Recognizes and applies principles of ethical and professional conduct.

## PEOPLE

**Faculty:** Professors Cook (director), Calderón, Chisholm, Di Sanza, Dobbs, Doing, Dominguez, Fischer, Fulmer, Hetzler, Hyer, Johnson, Karp, Perry, Rowe, Schwendinger, Taylor, Teeple, Thimmig, Vallon, Wallmann; Associate Professors Butler, Farah, Grabois, Ronis; Assistant Professors Chana, Laurenz, Lee, Nelson, Sans; Marching Band Director Pompey; Teaching Faculty Curry, Gladstone, Gonzalez, Koester, Rottmayer, Wohn; Lecturers Patenaude, Wienholts.

The faculty of the Mead Witter School of Music is a distinguished group of educators, performing musicians, and active scholars. The backgrounds of performance faculty include rich experiences as professional musicians, researchers, recording artists, and entrepreneurs. Faculty in music education have particular insight into their field as a result of their backgrounds as school educators, performers, and scholars. In areas such as music theory and musicology, the musical community has high regard for the past and current contributions to the study of musical theory, historical perspectives on music, the role of music in societies around the world, and the unique contributions of American musicians. Teaching is a priority for the faculty, who are readily accessible to students for advice and support. Faculty, staff, and students cooperate in extraordinary ways with joint ventures that reach across disciplines both in research or instruction.

## ACCREDITATION

### ACCREDITATION

National Association of Schools of Music (<https://nasm.arts-accredit.org>)

Accreditation status: Accredited. Next accreditation review: 2022–2023

## MUSIC, PH.D.

The mission of the Mead Witter School of Music is:

- to provide a rich, integrated program of undergraduate and graduate education that promotes the highest levels of

professional, creative, and scholarly development while challenging students to achieve their greatest potential;

- to cultivate an environment that inspires creativity, stimulates intellectual curiosity, and fosters critical thinking; and
- to serve the university community, the public, and the profession through performance, composition, scholarship, music education, outreach, and engagement.

The Mead Witter School of Music enriches students' educational experience by hosting guest artists and scholars for master classes, recitals, colloquia, seminars, and festivals. Its performing organizations and ensembles perform more than 350 recitals and concerts every year, making a significant contribution to the cultural life of the university and the wider Madison community.

## DEGREES AND MAJORS

The Ph.D. in music, a research degree, is offered in the two areas of historical musicology and music theory.

Ph.D. degrees require significant work beyond the master's degree, including extensive independent work. Each degree pathway varies slightly. See the Course Lists available through the Requirements tab for details on each pathway. Contact the Mead Witter School of Music graduate office, [gradadmissions@music.wisc.edu](mailto:gradadmissions@music.wisc.edu), for further information about the Ph.D. music degree.

The Ph.D.–music program is suited to students who have proven their scholarly discipline, motivation, and ability to write fluently and cogently in the historical musicology or music theory fields. The principal outcome of the program is a dissertation that makes a significant contribution to the relevant major field. A minor field of study (p. 1155), required of all Ph.D.–music students, assures breadth in a field of study outside the major specialty. Proficiency in foreign languages supports research in the major field.

Each Ph.D. student benefits from the mentorship of multiple faculty members, whether from the student's own specialty or from other areas of scholarship or performance. An advisor is assigned upon the student's entering the program, and the musicology or music theory area faculty, as appropriate, participate in the preliminary examinations. The dissertation committee is designated with the student's particular research interests in mind. Through their guidance and support of the student through the degree program, faculty members offer multiple perspectives on the student's performance and research.

A summary of important information on academic policies for the Ph.D. program is available through the Policies (p. 1169) tab. Complete information is available in the Mead Witter School of Music Graduate Handbook (<https://www.music.wisc.edu/wp-content/uploads/2020/02/SOM-Grad-Handbook-1.pdf>). Since the School of Music offers the Ph.D. program under the aegis of the UW–Madison Graduate School, all Ph.D. students also need to be familiar with the UW–Madison Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>). In addition to the area faculty advisor, academic guidance is available through the director of graduate studies and the graduate office in the Mead Witter School of Music.

## FACILITIES

The Mosse Humanities Building, built in 1969, houses most of the music classrooms, rehearsal rooms, faculty studios, and 111 practice rooms. Most recitals and concerts take place in one of three performance spaces: Mills Concert Hall, Morphy Recital Hall, and Eastman Organ

Recital Hall. The school's extensive collection of instruments, both common and unusual, is available to both faculty and students. Music Hall with its clock tower, built in 1879, is a campus landmark. Renovated in 1985, it is the home of the opera program. The new Hamel Music Center includes a concert hall, a recital hall, and a large ensemble rehearsal space.

Memorial Library is the home of the Mills Music Library, which offers extensive research and circulating collections, attractive study space, and personal staff assistance with research. Music materials on campus number over half a million, ranging from scores and sheet music to archival collections and historic audio recordings. Through Mills Music Library and other UW–Madison libraries, students have access to a wide range of online research databases as well as millions of articles, books, and streaming media. All genres of music are represented, with notably strong collections in Americana and ethnic music. Nationally known special collections include the Tams–Witmark Collection, a treasury of early American musical theater materials, and the Wisconsin Music Archives.

## ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 1
Spring Deadline	The program does not admit in the spring.
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements ( <a href="https://grad.wisc.edu/apply/requirements/#english-proficiency">https://grad.wisc.edu/apply/requirements/#english-proficiency</a> ). Every international student from a non-English speaking country must submit a TOEFL score of 85 or higher. The Mead Witter School of Music does NOT waive the TOEFL requirement for students who have completed a degree at an American university.
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

Minimum admission requirements of the Graduate School apply to all applicants for graduate study in music. The Mead Witter School of Music

has additional requirements. Applicants should have a master's degree in music or equivalent foundational course work as required by each area of study. A cumulative GPA of 3.0 (on a 4.0 scale, calculated on the last 60 credit hours) is necessary for full admission. The Ph.D. program in music involves substantial academic work and requires excellent reading, writing, and speaking skills. Therefore, all international students are required to submit a TOEFL score. See the Mead Witter School of Music graduate admissions website (<http://www.music.wisc.edu/admissions/graduate/>) for information on minimum score requirements. The Mead Witter School of Music does **not** waive the TOEFL score requirement for students who have completed a degree at an American university. All Ph.D. applicants must submit a scholarly paper as part of the application. Ph.D. applicants are also expected to submit Graduate Record Exam (GRE) scores. A visit to campus for a personal interview is recommended, especially if the applicant wishes to be considered for financial aid. For details on specific audition requirements and additional application materials, visit the Mead Witter School of Music graduate admissions website (<http://www.music.wisc.edu/admissions/graduate/>).

## FUNDING

### GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

### PROGRAM RESOURCES

Mead Witter School of Music offers teaching and project assistant appointments in music history, music theory, piano, conducting, voice, and other areas. These positions offer tuition remission plus a stipend and health care benefits. In addition, Mead Witter School of Music selects qualified applicants for the Graduate School Fellowship and Advanced Opportunity Fellowship. The UW–Madison Office of Student Financial Services assists students in obtaining general grants and loans. All Mead Witter School of Music students who receive funding are required to enroll full-time with 8–12 graduate credits.

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### MAJOR REQUIREMENTS

#### MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students are able to complete a program with minimal disruptions to careers and other commitments.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW–Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

### Requirements Detail

Minimum Credit Requirement 51 credits

Minimum Residence Credit Requirement 32 credits

Minimum Graduate Coursework Requirement 26 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy (<https://policy.wisc.edu/library/UW-1244> (<https://policy.wisc.edu/library/UW-1244/>)).

Overall Graduate GPA Requirement 3.25 GPA required.

Other Grade Requirements

Grades below B cannot count toward program credit. Mead Witter School of Music financial awards are suspended if a student is on probation for more than one semester.

A student's satisfactory progress is also in jeopardy should a major recital be judged incomplete or deficient. Failure of one or more parts of the comprehensive examinations is also considered a lapse in satisfactory progress.

**Assessments and Examinations** In addition to evaluations in individual classes, School of Music programs examine graduate students at defined points in their career.

For doctoral students, preliminary examinations are tools to evaluate the student's currency and knowledge of the major field and the minor area of study, but also to determine the readiness to embark on the final stage of research. The first part of the Comprehensive Examination is written, and the second part is an oral exam attended by the student's committee members.

Once doctoral candidates have completed all their work, the oral defense is an opportunity for the dissertation committee to address the contributions made through the dissertation. No grades are reported on the transcript for these program-level examinations.

**Language Requirements** The PhD requires proficiency at the intermediate level in two foreign languages. Foreign language proficiency assures that the student has the tools needed to pursue comprehensive research in the major field. Details can be found below.

**Breadth Requirement** All doctoral students are required to complete a minor or Graduate/Professional certificate. Minors with coursework entirely within the School of Music total 12 credits and are taken as Option B—distributed minors. These distributed minors are narrowly defined to ensure the principle of breadth in relation to the major specialty.

## REQUIRED COURSES

### Historical Musicology Pathway <sup>1</sup>

Code	Title	Credits
<b>Required Seminars</b>		
MUSIC 823	Schenkerian Analysis	3
MUSIC 824	Post-tonal Analysis	3
<b>Additional Required Courses</b>		<b>9</b>

#### Required Seminars

MUSIC 823	Schenkerian Analysis	3
MUSIC 824	Post-tonal Analysis	3

#### Additional Required Courses

It is preferred that students take MUSIC 911 every semester it is offered. Other course options when 911 is not offered may be found below:

MUSIC 911	Seminar in Musicology (every semester offered)	
MUSIC 821	Historical Music Theories 1	
MUSIC 822	Historical Music Theories 2	
MUSIC/ FOLKLORE 915	Seminar in Ethnomusicology (one course required if offered)	
MUSIC 921	Current Issues in Musical Thought 1	
MUSIC 925	Topics in Music Analysis 1	
MUSIC 926	Topics in Music Analysis 2	
MUSIC 927	Seminar in Composition	

#### Ethnomusicology Requirement **3**

Select one of the following:

MUSIC/ FOLKLORE 515	Proseminar in Ethnomusicology	
MUSIC/ FOLKLORE 516	Ethnographic Methods for Music and Sound	
MUSIC/ FOLKLORE 915	Seminar in Ethnomusicology	

#### Other Required Courses

MUSIC/L I S 619	Music Research Methods and Materials	3
MUSIC 923	Seminar in Notation (offered every two years)	3

### Breadth-Doctoral Minor or Graduate/Professional Certificate 9-12

9–12 credits in a field other than the major specialty. See the Doctoral Minors page or the Mead Witter School of Music Graduate Handbook for details.

#### Language Proficiency

Intermediate-level proficiency is required in two foreign languages, one of which must be German. The second language may be French, Italian, or any other language which can be argued as essential to the proposed doctoral research. Each language requirement may be satisfied with:

Four semesters of undergraduate-level study (completed within five years prior to matriculation), earning a grade of B or better in the final semester OR

One semester of the following with a grade of B or better:

GERMAN 391	German for Graduate Reading Knowledge I
------------	---

ITALIAN 301	Italian for Reading Knowledge
-------------	-------------------------------

FRENCH 391	French for Reading Knowledge
------------	------------------------------

OR satisfactory completion of an approved language reading examination at the intermediate level.

Consult with the area faculty or with the Mead Witter School of Music graduate office for further details.

#### Electives

To meet the minimum credit requirement of 51 credits, students take electives 300 level and up in any department in consultation with their advisor.

#### Dissertation

After preliminary examinations, students enroll in 3 credits per term in:

MUSIC 999	PhD Diss/DMA Project
-----------	----------------------

**Total Credits 51**

1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

### Music Theory Pathway <sup>1</sup>

Code	Title	Credits
<b>Seminars and Independent Work</b>		
<i>The following courses are required:</i>		12
MUSIC 821	Historical Music Theories 1	
MUSIC 822	Historical Music Theories 2	
MUSIC 823	Schenkerian Analysis	
MUSIC 824	Post-tonal Analysis	

*Additional courses—2 seminars may be in Musicology 9*

Students must take 9 credits total, up to 6 credits (2 courses) of which can be from MUSIC 911 and MUSIC 923.

MUSIC 911	Seminar in Musicology
MUSIC 921	Current Issues in Musical Thought 1
MUSIC 923	Seminar in Notation (musicology)
MUSIC 925	Topics in Music Analysis 1
MUSIC 926	Topics in Music Analysis 2
MUSIC 927	Seminar in Composition

**Other required courses 3**

MUSIC/L I S 619	Music Research Methods and Materials
-----------------	--------------------------------------

### Breadth-Doctoral Minor or Graduate/Professional Certificate 9-12

9-12 credits in a field other than the major specialty. See the Doctoral Minors page or the Mead Witter School of Music Graduate Handbook for details.

#### Language Proficiency

Intermediate-level reading knowledge is required in two languages. Languages must be approved by the music theory area. The most common ways of meeting the language proficiency requirements are:

Four semesters of undergraduate-level study (completed within five years prior to matriculation), earning a grade of B or better in the final semester OR

1 semester of the following:

GERMAN 391	German for Graduate Reading Knowledge I
------------	---

FRENCH 391	French for Reading Knowledge
------------	------------------------------

ITALIAN 301	Italian for Reading Knowledge
-------------	-------------------------------

OR satisfactory completion of an approved language reading examination at the intermediate level.

Consult with the area faculty or with the Mead Witter School of Music graduate office for further details.

#### Electives

To meet the minimum credit requirement of 51 credits, students take electives 300 level and up in any department in consultation with their advisor.

#### Dissertation

After preliminary examinations, students enroll in 3 credits per term in:

MUSIC 999	PhD Diss/DMA Project
-----------	----------------------

**Total Credits 51**

1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the

degree program faculty. Policies set by the academic degree program can be found below.

## MAJOR-SPECIFIC POLICIES

### PRIOR COURSEWORK

#### Graduate Work from Other Institutions

No more than 6 credits may be approved for graduate coursework taken at other institutions.

#### UW–Madison Undergraduate

The program follows the Graduate School's policy for Satisfying Requirements with Coursework from Undergraduate Career at UW–Madison (<https://policy.wisc.edu/library/UW-1216/>), but the Mead Witter School of Music faculty rarely approve these exceptions.

#### UW–Madison University Special

The program allows up to 6 credits of UW-Madison University Special Student credit to count. Details can be found at the Graduate School's policy for Transfer from UW–Madison University Special Student Career at UW–Madison. (<https://policy.wisc.edu/library/UW-1216/>)

### PROBATION

Ph.D. students who fail to make satisfactory progress in any of the following four areas: grades, course load, time constraints, or exams, will be notified in writing by the DGS. At the end of the second semester of failing to make satisfactory progress the student is placed on probation effective the next semester. This action suspends financial aid (but does not affect loans or work-study). For details see Satisfactory Progress for Doctoral Students (<https://kb.wisc.edu/mwsomkb/114465/>).

### ADVISOR / COMMITTEE

All programs provide for faculty from several disciplines to follow the student's progress through the degree, provide mentorship along the way, and assess the student's success in reaching expected learning outcomes. Committee structures differ among degrees and majors. The principal advisor for most graduate students in Mead Witter School of Music is generally referred to as the major professor.

In Ph.D. programs the advisor may not be the eventual thesis or dissertation advisor. In all programs the major professor is determined with the student's particular interests in mind. The director of graduate studies is also an advisor for all graduate students in Mead Witter School of Music programs. Students are expected to consult with the director of graduate studies at least once per semester to determine appropriate course plans. Consultation is mandatory in the semester before intended graduation.

Ph.D. students have two committees: a four-member preliminary examination committee composed of the major professor, minor professor, and two others determined by the area; and a dissertation committee with four faculty including the major professor and a faculty member from a program other than the major. Three of these four members must be graduate faculty.

### CREDITS PER TERM ALLOWED

15 credits

### TIME LIMITS

Graduate students in the Ph.D. program are allowed a maximum of four calendar years from the date entering the program to complete all course work requirements and successfully pass the preliminary examinations.

The candidate must complete the dissertation within five years after passing the preliminary examinations.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
  - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

### COLLEGE OF LETTERS AND SCIENCE RESOURCES

The College of Letters and Science's SuccessWorks (<https://successworks.wisc.edu/>) program can assist with professional development and with identifying opportunities.

## LEARNING OUTCOMES

1. Articulates research problems, potentials and limits with respect to theory and cultural understanding of music.
2. Formulates ideas and concepts beyond the current boundaries of knowledge in the field of music study.
3. Demonstrates breadth within the learning experiences in an area of study outside the principal field of inquiry.
4. Accomplishes research that makes a substantive contribution to the field.
5. Creates well-written monographs based upon original research that make substantive contributions to the field.
6. Communicates complex ideas in a clear and understandable manner, both verbally and in writing.
7. Fosters ethical and professional conduct.

- to cultivate an environment that inspires creativity, stimulates intellectual curiosity, and fosters critical thinking; and
- to serve the university community, the public, and the profession through performance, composition, scholarship, music education, outreach, and engagement.

Mead Witter School of Music enriches students' educational experience by hosting guest artists and scholars for master classes, recitals, colloquia, seminars, and festivals. Mead Witter School of Music organizations and ensembles perform more than 350 recitals and concerts every year, making a significant contribution to the cultural life of the university and the wider Madison community.

## THE MASTER OF MUSIC: EDUCATION PROGRAM

The master of music: education program is suited to those who wish to emphasize music content in advanced study of education. Those who wish to explore music education within the context of education at large should consider the curriculum and instruction M.S. program in the School of Education. A double master's degree with the Information School is also offered.

Applicants to the master's program in music education are strongly encouraged to contact the music education faculty to schedule an interview and visit to the school. A cumulative GPA of 3.0 (on a 4.0 scale, calculated on the last 60 credit hours) is necessary for full admission. Refer to the Admissions tab for details on admission requirements.

Contact the Mead Witter School of Music graduate office, [gradadmissions@music.wisc.edu](mailto:gradadmissions@music.wisc.edu), for further details about the M.M.–music education degree.

The M.M.–music education degree offers the opportunity for advanced study in the field of musical education. Upon enrollment in the program, one of the music education faculty members acts as advisor for the student. This is usually the major professor, who the faculty determine based upon a student's particular interests. The examination committee for comprehensive examinations in the second year is composed of the major professor along with two other faculty members.

A summary of important academic policies are available through the Policies (p. 1174) tab. A more complete document, the Mead Witter School of Music Graduate Handbook (<https://www.music.wisc.edu/wp-content/uploads/2020/02/SOM-Grad-Handbook-1.pdf>), lists all academic policies and procedures in music graduate programs. All students need to be familiar with the Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>).

Mentoring of students is of prime importance to faculty members at Mead Witter School of Music. The faculty advisor and the director of graduate studies both guide the student's course planning. While each faculty member has a unique style of mentoring, every student can be assured of abundant time working closely with more than one mentor in addition to the advisor during the course of a UW–Madison degree program.

## FACILITIES

The Mosse Humanities Building, built in 1969, houses most of the music classrooms, rehearsal rooms, faculty studios, and 111 practice rooms. Most recitals and concerts take place in one of three performance spaces: Mills Concert Hall, Morphy Recital Hall, and Eastman Organ Recital Hall. The school's extensive collection of instruments, both

## PEOPLE

**Faculty:** Professors Cook (director), Calderón, Chisholm, Di Sanza, Dobbs, Doing, Dominguez, Fischer, Fulmer, Hetzler, Hyer, Johnson, Karp, Perry, Rowe, Schwendinger, Taylor, Teeple, Thimmig, Vallon, Wallmann; Associate Professors Butler, Farah, Grabois, Ronis; Assistant Professors Chana, Laurenz, Lee, Nelson, Sans; Marching Band Director Pompey; Teaching Faculty Curry, Gladstone, Gonzalez, Koester, Rottmayer, Wohn; Lecturers Patenaude, Wienholts.

The faculty of the Mead Witter School of Music is a distinguished group of educators, performing musicians, and active scholars. The backgrounds of performance faculty include rich experiences as professional musicians, researchers, recording artists, and entrepreneurs. Faculty in music education have particular insight into their field as a result of their backgrounds as school educators, performers, and scholars. In areas such as music theory and musicology, the musical community has high regard for the past and current contributions to the study of musical theory, historical perspectives on music, the role of music in societies around the world, and the unique contributions of American musicians. Teaching is a priority for the faculty, who are readily accessible to students for advice and support. Faculty, staff, and students cooperate in extraordinary ways with joint ventures that reach across disciplines both in research or instruction.

## ACCREDITATION

### ACCREDITATION

National Association of Schools of Music (<https://nasm.arts-accredit.org>)

Accreditation status: Accredited. Next accreditation review: 2022–2023

## MUSIC: EDUCATION, M.M.

The mission of Mead Witter School of Music is:

- to provide a rich, integrated program of undergraduate and graduate education that promotes the highest levels of professional, creative, and scholarly development while challenging students to achieve their greatest potential;

common and unusual, is available to both faculty and students. Music Hall with its clock tower, built in 1879, is a campus landmark. Renovated in 1985, it is the home of the opera program. The new Hamel Music Center includes a concert hall, a recital hall, and a large ensemble rehearsal space.

Memorial Library is the home of the Mills Music Library, which offers extensive research and circulating collections, attractive study space, and personal staff assistance with research. Music materials on campus number over half a million, ranging from scores and sheet music to archival collections and historic audio recordings. Through Mills Music Library and other UW–Madison libraries students have access to a wide range of online research databases as well as millions of articles, books, and streaming media. All genres of music are represented, with notably strong collections in Americana and ethnic music. Nationally known special collections include the Tams–Witmark Collection, a treasury of early American musical theater materials, and the Wisconsin Music Archives.

## ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 1
Spring Deadline	The program does not admit in the spring.
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements ( <a href="https://grad.wisc.edu/apply/requirements/#english-proficiency">https://grad.wisc.edu/apply/requirements/#english-proficiency</a> ). Every international student from a non-English speaking country must submit a TOEFL score of 85 or higher. The Mead Witter School of Music does NOT waive the TOEFL requirement for students who have completed a degree at an American university.
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

Minimum admission requirements of the Graduate School apply to all applicants for graduate study in music. The Mead Witter School of Music has additional requirements. Applicants should have a bachelor's

degree in music or equivalent foundational course work as required by each area of study. An undergraduate GPA of 3.0 (on a 4.0 scale, calculated on the last 60 credit hours) is necessary for full admission. M.M. applicants in music education should have an undergraduate degree in music education and at least two years of music teaching experience—interested students are encouraged to contact the music education faculty prior to application. The M.M.–music education program involves substantial academic work and requires excellent reading, writing, and speaking skills. Therefore, all international students are required to submit a TOEFL score. See the Mead Witter School of Music graduate admissions website (<http://www.music.wisc.edu/admissions/graduate/>) for information on minimum score requirements. The Mead Witter School of Music does **not** waive the TOEFL score requirement for students who have completed a degree at an American university. For details on specific audition requirements and additional application materials, visit the School of Music graduate admissions website (<http://www.music.wisc.edu/admissions/graduate/>).

## FUNDING

### GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

### PROGRAM RESOURCES

Mead Witter School of Music also offers teaching and project assistantships in music history, music theory, piano, conducting, voice, and other performance areas. These positions offer tuition remission plus a salary and health care benefits. In addition, Mead Witter School of Music selects qualified applicants for the Graduate School Fellowship and Advanced Opportunity Fellowship. The UW–Madison Office of Student Financial Services assists students in obtaining general grants and loans. All Mead Witter School of Music students who receive funding are required to maintain full-time enrollment status. Many students also take advantage of work-study opportunities on campus, and many are employed part-time in area musical organizations, education, or business entities.

M.A.–music: education students may be considered for Teaching Assistant appointments, providing positions are available. All M.M. students may be considered for a University Fellowship, and qualified applicants may be considered for the Advanced Opportunity Fellowship. Feel free to direct questions about any of these funding opportunities to the Mead Witter School of Music graduate admissions office, [gradadmissions@music.wisc.edu](mailto:gradadmissions@music.wisc.edu).

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

## MAJOR REQUIREMENTS

### MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students are able to complete a program with minimal disruptions to careers and other commitments.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW–Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

### CURRICULAR REQUIREMENTS

#### Requirements Detail

Minimum  
Credit  
Requirement

Minimum  
Residence  
Credit  
Requirement

Minimum  
Graduate  
Coursework  
Requirement

Overall  
Graduate GPA  
Requirement

Other Grade  
Requirements

Mead Witter School of Music financial awards are suspended if a student is on probation for more than one semester.

A student's satisfactory progress is also in jeopardy should a major recital be judged incomplete or deficient. Failure of one or more parts of the comprehensive examinations is also considered a lapse in satisfactory progress.

Assessments  
and  
Examinations

In addition to evaluations in individual classes, Mead Witter School of Music programs examine graduate students at defined points in their career.

For master's students, comprehensive examinations measure the candidate's range of musical knowledge in the major field.

Language Requirements No language requirements for the Music: Education MM.

### REQUIRED COURSES

You may direct any questions about the coursework or required proficiencies to the Mead Witter School of Music graduate admissions office, gradadmissions.music.wisc.edu, or directly to the faculty of the music education area.

Code	Title	Credits
<b>Comprehensive Music Education</b>		
<b>Students take the following repeatable courses to reach 9 credits; may include other courses approved by the advisor:</b>		<b>9</b>
CURRIC 946	Past Perspectives on Music Education	
CURRIC 947	Current Issues in Music Education	
<b>Area of Specialty</b>		<b>5</b>
Advisor-approved courses 300+.		
<b>Musicology and Theory</b>		<b>9</b>
At least one course must be taken in Musicology and one in Music Theory. 9 credits must be earned at UW–Madison.		
Eligible musicology courses include: <sup>1</sup>		
MUSIC/ FOLKLORE 401	Musical Cultures of the World	
MUSIC/ FOLKLORE 402	Musical Cultures of the World	
MUSIC 405	Seminar: Cultural Study of Music	
MUSIC 411	Survey of Music in the Middle Ages	
MUSIC 412	Survey of Music in the Renaissance	
MUSIC 413	Survey of Music in the Baroque Era	
MUSIC 414	Survey of Music in the Classic Era	
MUSIC 415	Survey of Music in the Romantic Era	
MUSIC 416	Survey of Music in the Twentieth Century	
MUSIC 511	Historical Performance Practices	
MUSIC 513	Survey of Opera	
MUSIC/ FOLKLORE 515	Proseminar in Ethnomusicology	
MUSIC/ FOLKLORE 516	Ethnographic Methods for Music and Sound	
MUSIC 821	Historical Music Theories 1	
MUSIC 822	Historical Music Theories 2	
MUSIC 911	Seminar in Musicology	
MUSIC/ FOLKLORE 915	Seminar in Ethnomusicology	
MUSIC 923	Seminar in Notation	
Eligible music theory courses include: <sup>2</sup>		
MUSIC 621	Renaissance Polyphony	
MUSIC 622	Baroque Counterpoint	
MUSIC 623	Form and Analysis	
MUSIC 624	Form and Analysis II	
MUSIC 523	Orchestration I	

MUSIC 821	Historical Music Theories 1	
MUSIC 822	Historical Music Theories 2	
MUSIC 823	Schenkerian Analysis	
MUSIC 824	Post-tonal Analysis	
MUSIC 921	Current Issues in Musical Thought 1	
MUSIC 925	Topics in Music Analysis 1	
MUSIC 926	Topics in Music Analysis 2	
MUSIC 927	Seminar in Composition	
<b>Final Project</b>		<b>2-4</b>
CURRIC 790	Master's Project or Thesis	
<b>Electives</b>		<b>5</b>
Courses approved by advisor 300+. May include courses outside the Mead Witter School of Music.		
<b>Total Credits</b>		<b>30-32</b>

1

Other courses do not fulfill this requirement unless specifically approved by the Musicology faculty.

2

Other courses do not fulfill this requirement unless specifically approved by the Music Theory faculty.

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

### MAJOR-SPECIFIC POLICIES

#### PRIOR COURSEWORK

##### Graduate Work from Other Institutions

No more than 6 credits may be approved for graduate coursework taken at other institutions.

##### UW–Madison Undergraduate

The Graduate School allows departments to review requests to count up to 7 credits of undergraduate work at UW–Madison toward graduate program requirements, but this is rarely approved by the Mead Witter School of Music faculty.

##### UW–Madison University Special

Some students may have completed coursework at 300-level or above at UW–Madison as a Special Student; with program approval coursework so taken may be considered to fulfill up to 6 credits of graduate program requirements.

#### PROBATION

M.M. students who fail to make satisfactory progress in any of the four following areas: grades, course load, time constraints, or exams, will be notified in writing by the DGS. At the end of the second semester of failing to make satisfactory progress the student is placed on probation effective the next semester. This action suspends financial aid (but does

not affect loans or work-study). See details in the Satisfactory Progress for Master's Students (<https://kb.wisc.edu/mwsomkb/114465/>).

### ADVISOR / COMMITTEE

All programs provide for faculty from several disciplines to follow the student's progress through the degree, provide mentorship along the way, and assess the student's success in reaching expected learning outcomes.

Music education students have a committee of three or more graduate faculty, including the major professor.

The principal advisor for most graduate students in the Mead Witter School of Music is generally referred to as the major professor. In all programs the major professor is determined with the student's particular interests in mind.

The director of graduate studies is also an advisor for all graduate students in Mead Witter School of Music programs. Students are expected to consult with the director of graduate studies at least once per semester to determine appropriate course plans. Consultation is mandatory in the semester before intended graduation.

### CREDITS PER TERM ALLOWED

15 credits

### TIME LIMITS

M.M. and M.A. students not receiving university funding are expected to complete requirements and pass comprehensive examinations within seven years from the time of enrollment in the program. While graduate students may enroll on a part-time basis, this time constraint still applies.

All M.M. and M.A. students holding teaching assistant, project assistant, or fellowship appointments must complete requirements for the degree within four semesters (not counting summer sessions or thesis credits). If the appointment is more than 33.4% the expectation is to complete requirements in the sixth semester.

### GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
  - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)

- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

## OTHER

n/a

## PROFESSIONAL DEVELOPMENT

## GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

## COLLEGE OF LETTERS AND SCIENCE RESOURCES

The College of Letters and Science's SuccessWorks (<https://successworks.wisc.edu/>) program can assist with professional development and with identifying opportunities.

## LEARNING OUTCOMES

1. Communicates clearly in multiple modes, including written and verbal, a well-developed foundational understanding, scholarly and practically, of the field of music education as it currently exists.
2. Demonstrates understanding of music education from multiple perspectives, including but not limited to social, cultural, historical and musical perspectives.
3. Draws upon extensive understandings of music learning and teaching as socially situated and constructed in multiple ways, honoring human difference as a rich source of information and demonstrates this in coursework and final projects.
4. Understands and applies principles of ethical and professional conduct.
5. Respects colleagues and values contributions of others in both individual and collaborative endeavors.

## PEOPLE

**Faculty:** Professors Cook (director), Calderón, Chisholm, Di Sanza, Dobbs, Doing, Dominguez, Fischer, Fulmer, Hetzler, Hyer, Johnson, Karp, Perry, Rowe, Schwendinger, Taylor, Teeple, Thimmig, Vallon, Wallmann; Associate Professors Butler, Farah, Grabois, Ronis; Assistant Professors Chana, Laurenz, Lee, Nelson, Sans; Marching Band Director Pompey;

Teaching Faculty Curry, Gladstone, Gonzalez, Koester, Rottmayer, Wohn; Lecturers Patenaude, Wienholts.

The faculty of the Mead Witter School of Music is a distinguished group of educators, performing musicians, and active scholars. The backgrounds of performance faculty include rich experiences as professional musicians, researchers, recording artists, and entrepreneurs. Faculty in music education have particular insight into their field as a result of their backgrounds as school educators, performers, and scholars. In areas such as music theory and musicology, the musical community has high regard for the past and current contributions to the study of musical theory, historical perspectives on music, the role of music in societies around the world, and the unique contributions of American musicians. Teaching is a priority for the faculty, who are readily accessible to students for advice and support. Faculty, staff, and students cooperate in extraordinary ways with joint ventures that reach across disciplines both in research or instruction.

## ACCREDITATION

### ACCREDITATION

National Association of Schools of Music (<https://nasm.arts-accredit.org>)

Accreditation status: Accredited. Next accreditation review: 2022–2023

## MUSIC: PERFORMANCE, DMA

The mission of Mead Witter School of Music is:

- to provide a rich, integrated program of undergraduate and graduate education that promotes the highest levels of professional, creative, and scholarly development while challenging students to achieve their greatest potential;
- to cultivate an environment that inspires creativity, stimulates intellectual curiosity, and fosters critical thinking; and
- to serve the university community, the public, and the profession through performance, composition, scholarship, music education, outreach, and engagement.

Mead Witter School of Music enriches students' educational experience by hosting guest artists and scholars for master classes, recitals, colloquia, seminars, and festivals. Mead Witter School of Music organizations and ensembles perform more than 350 recitals and concerts every year, making a significant contribution to the cultural life of the university and the wider Madison community.

Mead Witter School of Music views its goals and objectives as complementary to those of the University of Wisconsin–Madison, which include "to provide an environment in which faculty and students can discover, examine critically, preserve and transmit the knowledge, wisdom and values that will help ensure the survival of the present and future generations with improvement in the quality of life."

Mead Witter School of Music is accredited by the National Association of Schools of Music (NASM), and has been an institutional member of NASM since 1966.

## THE DOCTOR OF MUSICAL ARTS DEGREE

The DMA (Doctor of Musical Arts) and the Ph.D. are the highest degrees conferred by the Mead Witter School of Music. The DMA is granted for evidence of general proficiency and distinctive attainment in a specialized field of performance. The student's ability in independent investigation is demonstrated through a series of public recital performances and in a final project presenting original research and creative scholarship.

Every major pathway in the DMA program consists of course and proficiency requirements including a minor field of study outside the student's major performance specialty. In addition to this, the core of the degree program is the doctoral candidate's Doctoral Performance and Research. This is a body of performances and scholarship that is, as a whole, the candidate's significant contribution to the field of musical performance. Find a full list of available pathways in the Requirements (p. 1177).

The DMA degree requires significant work beyond the master's degree, including the extensive independent work described above. Each major pathway varies slightly. See the course lists available through the Requirements (p. 1177) tab for details. Contact the Mead Witter School of Music graduate office for complete explanations of the degrees offered at the master's or doctoral levels: gradadmissions@music.wisc.edu. (gradadmissions@music.wisc.edu)

DMA students have achieved a high level of artistry as a performing musician before beginning the program at Mead Witter School of Music. The curriculum is designed to challenge students, broaden their musical knowledge and experience, and foster their growth in accomplishing independent research as well as formulating a unique approach to musical performance. Coursework in musicology and music theory, study of pedagogy and literature, and close mentorship by a group of supportive faculty members all contribute toward deepening a DMA student's encounter with music. A minor field of study (p. 1155), required of all DMA students, assures breadth by ensuring work in a field of study outside the major specialty. Proficiency in a foreign language supports research in the major field.

All DMA curricula in the Mead Witter School of Music are built on a similar model: applied study in the field of major specialty, related courses in the major specialty, a variety of musicology and theory courses, a minor field of study, and proficiency in at least one foreign language. The tracks differ in details, such as the number and nature of recital performances. The core of the DMA program is doctoral performance and research, a body of work comprised of public performances (recorded and available to scholars and musicians) and a doctoral research project. The whole is the DMA candidate's contribution to the community of performers and scholars.

Each DMA student has a faculty committee, the doctoral performance and research committee. Mentoring, evaluating, and supporting the student through the degree program, this committee provides multiple perspectives on the student's performance and research.

Important information on academic policies for the DMA program is available through the Policies page. Complete information is available in the Mead Witter School of Music Graduate Handbook (<https://www.music.wisc.edu/wp-content/uploads/2020/02/SOM-Grad-Handbook-1.pdf>). Since the School of Music offers the DMA program through the aegis of the UW–Madison Graduate School, all DMA students also need to be familiar with the UW–Madison Graduate School's

Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>). Advising is available through the major professor as well as through the director of graduate studies and the graduate office in the Mead Witter School of Music.

## ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 1
Spring Deadline	The program does not admit in the spring.
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements ( <a href="https://grad.wisc.edu/apply/requirements/#english-proficiency">https://grad.wisc.edu/apply/requirements/#english-proficiency</a> ). Every international student from a non-English speaking country must submit a TOEFL score of 85 or higher. The Mead Witter School of Music does NOT waive the TOEFL requirement for students who have completed a degree at an American university.
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

Minimum admission requirements of the Graduate School apply to all applicants for graduate study in music. The Mead Witter School of Music has additional requirements. Applicants should have a master's degree in music or equivalent foundational course work as required by each area of study. A cumulative GPA of 3.0 (on a 4.0 scale, calculated on the last 60 credit hours) is necessary for full admission. Admission to the DMA program assumes a high level of performance ability determined by audition. Composition applicants must have completed a master's degree or equivalent in composition. The DMA program involves substantial academic work and requires excellent reading, writing, and speaking skills. Therefore, all international students are required to submit a TOEFL score. See the Mead Witter School of Music graduate admissions website (<http://www.music.wisc.edu/admissions/graduate/>) for information on minimum score requirements. The Mead Witter School of Music does **not** waive the TOEFL score requirement for students who have completed a degree at an American university. All DMA applicants must submit

a scholarly paper as part of the application. Typically, performance applicants are required to audition in person. For details on specific audition requirements and additional application materials, visit the Mead Witter School of Music graduate admissions website (<http://www.music.wisc.edu/admissions/graduate/>).

## FUNDING

### GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

### PROGRAM RESOURCES

Through the generosity of Paul J. Collins, Mead Witter School of Music is the recipient of a substantial fellowship fund which, in combination with the Graduate School and University Foundation, allows the school to offer multiple-year funding to the highest quality graduate students in performance. The Collins fellowships, along with The Lorna Wendt and Anonymous Fund Fellowships for Choral and Voice students are offered as Wisconsin Distinguished Fellowships and provide full tuition and fees, a generous stipend, additional funds, and comprehensive health care. Nomination by a performance faculty member—usually following an on-site audition—is required for consideration.

Mead Witter School of Music also offers teaching and project assistantships in music history, music theory, piano, conducting, voice, and other performance areas. These positions offer tuition remission plus a salary and health care benefits. In addition, Mead Witter School of Music selects qualified applicants for the Chancellor's Fellowship, Graduate School Fellowship, and Advanced Opportunity Fellowship. The UW–Madison Office of Student Financial Services assists students in obtaining general grants and loans. All Mead Witter School of Music students who receive funding are required to enroll full-time with 8–12 graduate credits.

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### MAJOR REQUIREMENTS

#### MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students are able to complete a program with minimal disruptions to careers and other commitments.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW–Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

### CURRICULAR REQUIREMENTS

Requirements Detail	
Minimum Credit Requirement	51 credits
Minimum Residence Credit Requirement	32 credits
Minimum Graduate Coursework Requirement	26 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy ( <a href="https://policy.wisc.edu/library/UW-1244">https://policy.wisc.edu/library/UW-1244</a> ) ( <a href="https://policy.wisc.edu/library/UW-1244/">https://policy.wisc.edu/library/UW-1244/</a> ).
Overall Graduate GPA Requirement	3.25 GPA required.
Other Grade Requirements	<p>Grades below B cannot count toward program credit.</p> <p>Mead Witter School of Music financial awards are suspended if a student is on probation for more than one semester.</p> <p>A student's satisfactory progress is also in jeopardy should a major recital be judged incomplete or deficient. Failure of one or more parts of the comprehensive examinations is also considered a lapse in satisfactory progress.</p>
Assessments and Examinations	<p>In addition to evaluations in individual classes, Mead Witter School of Music programs examine graduate students at defined points in their career.</p> <p>For doctoral students, preliminary examinations are tools to evaluate the student's currency and knowledge of the major field and the minor area of study, but also to determine the readiness to embark on the final stage of research. The first part of the Comprehensive Examination is written, and the second part is an oral exam attended by the student's committee members.</p> <p>Once doctoral candidates have completed all their work, the oral defense is an opportunity for the dissertation (Ph.D.) or DPRC (DMA) committee to address the contributions made through the dissertation (Ph.D.) or the doctoral performance and research (DMA). No grades are reported on the transcript for these program-level examinations. A DMA project is also required (see details below).</p>

**Language Requirements** All School of Music doctoral programs require proficiency at the intermediate level in at least one foreign language. Foreign language proficiency assures that the student has the tools needed to pursue comprehensive research in the major field. Details on foreign language requirements and ways to fulfill proficiency expectations are outlined in the course lists available through the Requirements tab for each degree. This information is also available in the advising worksheets for each degree major track.

**Breadth Requirement** All doctoral students are required to complete a doctoral minor or graduate/professional certificate. Minors with coursework entirely within the School of Music total 12 credits and are taken as Option B—distributed minors. These distributed minors are narrowly defined to ensure the principle of breadth in relation to the major specialty.

## REQUIRED COURSES

The tables below outline requirements for each major curricular pathway. If you have questions about any of our programs, we invite you to contact the Mead Witter School of Music graduate admissions office.

### Brass Pathway <sup>1</sup>

Code	Title	Credits
<b>Doctoral Level Applied Instrument Study</b>		<b>16</b>

4 semesters, 4 credits each semester

Select course corresponding to the major instrument:

MUS PERF 717	Doctoral Level-Horn
MUS PERF 719	Doctoral Level-Trumpet
MUS PERF 721	Doctoral Level-Trombone
MUS PERF 725	Doctoral Level Tuba

<b>Literature</b>	<b>4</b>
-------------------	----------

MUSIC 798	Seminar-Instrumental Literature (topics course; two semesters required) <sup>2</sup>
-----------	--

<b>Reference and Research Materials</b>	<b>3</b>
---	----------

MUSIC/L I S 619	Music Research Methods and Materials
-----------------	--------------------------------------

<b>Musicology and Music Theory Courses</b>	<b>9</b>
--	----------

At least one course must be taken in Musicology and one in Music Theory. 9 credits must be earned at UW-Madison.

For a summary of the courses eligible for this requirement refer to the last table on this page: DMA: Courses Qualifying for Musicology and Music Theory Requirement

<b>Doctoral Minor</b>	<b>9-12</b>
-----------------------	-------------

9-12 credits in a field other than the major specialty. See the Doctoral Minors page or the Mead Witter School of Music Graduate Handbook for details.

### Language Proficiency

One foreign language at intermediate level reading knowledge. French or German preferred. See Mead Witter School of Music Graduate Handbook for details on meeting the Foreign Language Proficiency.

### Doctoral Performance and Research

After preliminary examinations continuous registration for exactly three research-related credits is required. This may include both degree recitals (MUS PERF 999) and Research (MUSIC 999).

#### 1. Recitals

MUS PERF 999	DMA Recital
--------------	-------------

Enroll for each recital as a 1-credit course.

5 recitals are required: one solo recital, one chamber recital, one solo/chamber/combo recital, one concerto performance (preferably with orchestra), and one lecture recital. The lecture recital is usually scheduled after preliminary examinations.

#### 2. DMA Research Project

MUSIC 999	PhD Diss/DMA Project
-----------	----------------------

Although each DMA project will be unique, there are a number of criteria students should keep in mind while preparing their DMA projects: 1) The project should show a certain level of ambition and rigor, either in the size or scope of the creative work chosen (e.g., an opera, symphonic work, concerto, to name a few examples); 2) Although it may be based on pre-existing text, or other materials, the bulk of the project must be original creative work, done by the DMA candidate. 3) DMA candidates should discuss their project proposals fully with the major professor and with all members of their DPRC before starting their project. 4) Every DMA project will include a significant written portion presenting the goals, methodology, and results of the research. 5) Examples of successful DMA projects are available in Mills Music Library on the UW-Madison campus.

#### Additional Coursework

To meet the minimum credit requirement of 51 credits, students take electives 300 level and up in any department in consultation with their advisor.

<b>Total Credits</b>	<b>51</b>
----------------------	-----------

1

These pathways are internal to the program and represent different pathways a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

One semester focuses on literature, the other on pedagogy. MUSIC 799 Independent Work (for 2 credits) may also be eligible to meet this requirement, with approval of major professor.

### Choral Conducting Pathway <sup>1</sup>

Code	Title	Credits
<b>Doctoral Level Conducting Applied Study</b>		<b>2</b>

2 credits taken in second year of study

MUS PERF 732	Doctoral Level Conducting
--------------	---------------------------

<b>Advanced Conducting Seminar</b>	<b>8</b>
------------------------------------	----------

4 semesters required

MUSIC 553	Advanced Conducting Seminar
-----------	-----------------------------

<b>Seminar: Choral Literature</b>	<b>8</b>
-----------------------------------	----------

4 semesters required

MUSIC 541	Seminar in Choral Literature
-----------	------------------------------

or MUSIC 542 Choral Literature and Performance Practices of Today

#### Concert Choir 4

4 semesters required

MUSIC 578 Concert Choir

#### Reference and Research Materials 3

MUSIC/L I S 619 Music Research Methods and Materials

#### Musicology and Music Theory Courses 9

At least one course must be taken in Musicology and one in Music Theory. 9 credits must be earned at UW-Madison.

For a summary of the courses eligible for this requirement refer to the last table on this page: DMA: Courses Qualifying for Musicology and Music Theory Requirement

#### Doctoral Minor 9-12

9-12 credits in a field other than the major specialty. See the Doctoral Minors page or the Mead Witter School of Music Graduate Handbook for details.

#### Foreign Language Proficiency

Two foreign languages (one must be German) at intermediate level reading knowledge. See Mead Witter School of Music Graduate Handbook for details on meeting the Foreign Language Proficiency.

#### Doctoral Performance and Research

After preliminary examinations continuous registration for exactly three research-related credits is required. This may include both degree recitals (MUS PERF 999) and Research (MUSIC 999).

##### 1. Recitals

MUS PERF 999 DMA Recital

5 recitals required: 1 small group recital, 1 a cappella recital, 1 recital with voices and instruments, 1 lecture-recital performance, 1 final performance. The lecture-recital and final performance are normally presented after preliminary examinations, while all others are normally presented before preliminary examinations. Enroll for each recital as a separate 1-credit course.

##### 2. DMA Research Project

MUSIC 999 PhD Diss/DMA Project

Although each DMA project will be unique, there are a number of criteria students should keep in mind while preparing their DMA projects: 1) The project should show a certain level of ambition and rigor, either in the size or scope of the creative work chosen (e.g., an opera, symphonic work, concerto, to name a few examples); 2) Although it may be based on pre-existing text, or other materials, the bulk of the project must be original creative work, done by the DMA candidate. 3) DMA candidates should discuss their project proposals fully with the major professor and with all members of their DPRC before starting their project. 4) Every DMA project will include a significant written portion presenting the goals, methodology, and results of the research. 5) Examples of successful DMA projects are available in Mills Music Library on the UW-Madison campus.

#### Additional Coursework

To meet the minimum credit requirement of 51 credits, students take electives 300 level and up in any department in consultation with their advisor.

#### Total Credits 51

1

These pathways are internal to the program and represent different pathways a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

#### Collaborative Piano Pathway<sup>1</sup>

Code	Title	Credits
<b>Doctoral Level Piano Accompanying Applied Study</b>		<b>8</b>
4 semesters, 2 credits each semester		
MUS PERF 742	Doctoral Level Private Instruction in Accompanying	
<b>Duo Sonata Seminar</b>		<b>3</b>
MUSIC 796	Seminar in Duo Sonata Literature	
<b>Vocal Literature</b>		<b>2</b>
MUSIC 792	Seminar in Vocal Literature	
<b>Diction</b>		<b>4</b>
MUSIC 467 & MUSIC 468	Language Diction for Singing I and Language Diction for Singing II	
<b>Reference and Research Materials</b>		<b>3</b>
MUSIC/L I S 619	Music Research Methods and Materials	
<b>Musicology and Theory Courses</b>		<b>9</b>

At least one course must be taken in Musicology and one in Music Theory. 9 credits music be earned at UW-Madison.

For a summary of the courses eligible for this requirement refer to the last table on this page: DMA: Courses Qualifying for Musicology and Music Theory Requirement.

#### Doctoral Minor 9-12

9-12 credits in a field other than the major specialty. See the Doctoral Minors page or the Mead Witter School of Music Graduate Handbook for details.

#### Language Proficiency

Proficiency in the pronunciation of English, French, German, Italian, and knowledge of the International Phonetic Alphabet system are required and determined by the major professor. The basis for doctoral study in collaborative piano is 2 semesters each of elementary German, French, and Italian. Depending upon the area of focus (vocal or instrumental), doctoral students normally continue to the intermediate level in 2 languages. The language requirement will be monitored by the major professor.

#### Doctoral Performance and Research

After preliminary examinations continuous registration for exactly three research-related credits is required. This may include both degree recitals (MUS PERF 999) and Research (MUSIC 999).

This body of work, comprising degree recitals and the DMA Research Project, is the core of the DMA degree.

##### 1. Recitals

MUS PERF 999 DMA Recital

6 recitals are required. These must include at least 1 vocal, 1 instrumental, with four recitals normally performed before preliminary examinations. After preliminary examinations recitals usually include 1 lecture-recital and 1 final recital (prepared independently).

Enroll for each recital as a separate 1-credit course.

**2. DMA Research Project**

MUSIC 999 PhD Diss/DMA Project

Although each DMA project will be unique, there are a number of criteria students should keep in mind while preparing their DMA projects: 1) The project should show a certain level of ambition and rigor, either in the size or scope of the creative work chosen (e.g., an opera, symphonic work, concerto, to name a few examples); 2) Although it may be based on pre-existing text, or other materials, the bulk of the project must be original creative work, done by the DMA candidate. 3) DMA candidates should discuss their project proposals fully with the major professor and with all members of their DPRC before starting their project. 4) Every DMA project will include a significant written portion presenting the goals, methodology, and results of the research. 5) Examples of successful DMA projects are available in Mills Music Library on the UW-Madison campus.

Enroll in 1-3 credits to bring course load total to 3 credits.

**Additional Coursework**

To meet the minimum credit requirement of 51 credits, students take electives 300 level and up in any department in consultation with their advisor.

**Total Credits** **51**

1

These pathways are internal to the program and represent different pathways a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

**Composition Pathway <sup>1</sup>**

Code	Title	Credits
<b>Doctoral Composition Applied Study</b>		<b>12</b>
4 semesters, 3 credits each semester		
MUS PERF 747	Doctoral Level Composition (taken twice)	
MUS PERF 748	Doctoral Level Composition (taken twice)	

**Seminars in Composition** **6**

The following courses qualify for this requirement:

MUSIC 523	Orchestration I
MUSIC 927	Seminar in Composition

**Historical Musicology** **6**

The following courses qualify for this requirement:

MUSIC 411	Survey of Music in the Middle Ages
MUSIC 412	Survey of Music in the Renaissance
MUSIC 413	Survey of Music in the Baroque Era
MUSIC 414	Survey of Music in the Classic Era

MUSIC 415	Survey of Music in the Romantic Era
MUSIC 416	Survey of Music in the Twentieth Century
MUSIC 419	Music in the United States
MUSIC 511	Historical Performance Practices
MUSIC 513	Survey of Opera
MUSIC 911	Seminar in Musicology

**Music Theory** **6**

The following courses qualify for this requirement: <sup>2</sup>

MUSIC 623	Form and Analysis
MUSIC 624	Form and Analysis II
MUSIC 821	Historical Music Theories 1
MUSIC 822	Historical Music Theories 2
MUSIC 823	Schenkerian Analysis
MUSIC 824	Post-tonal Analysis
MUSIC 921	Current Issues in Musical Thought 1
MUSIC 925	Topics in Music Analysis 1
MUSIC 926	Topics in Music Analysis 2

**Conducting** **6**

Consult with advisor on course choices:

MUS PERF 532	Advanced Conducting
MUSIC 553	Advanced Conducting Seminar
MUSIC 554	Advanced Conducting

**Research Methods and Materials** **3**

MUSIC/L I S 619	Music Research Methods and Materials
-----------------	--------------------------------------

**Doctoral Minor** **9-12**

9-12 credits in a field other than composition. See Doctoral Minors page or the Mead Witter School of Music Graduate Handbook for more information.

**Foreign Language Proficiency**

One foreign language at intermediate level reading knowledge. French or German preferred. See Mead Witter School of Music Graduate Handbook for details on meeting the Foreign Language Proficiency.

**Doctoral Performance and Research**

After preliminary examinations continuous registration for exactly three research-related credits is required. This may include both degree recitals (MUS PERF 999) and Research (MUSIC 999).

*1. Lecture-recital.*

MUS PERF 999	DMA Recital
--------------	-------------

The lecture-recital is scheduled after the preliminary examinations. The lecture recital will be focused upon the candidate's own composition work, not that of another composer. This composition must be an ensemble work for a minimum of four or more performers. The candidate must either conduct or perform as a member of the ensemble.

*2. DMA Composition Project*

MUSIC 999	PhD Diss/DMA Project
-----------	----------------------

The project must take the form of an original composition, demonstrating a certain level of ambition and rigor either in the size or scope of the creative work, e.g. an opera, symphonic work, or concerto to name a few examples. Although it may be based upon pre-existing text or other materials, the bulk of the project must be original creative work done by the candidate. The composition is accompanied by a written document that describes in detail the methodology of the creative process.

#### Additional Coursework

To meet the minimum credit requirement of 51 credits, students take electives 300 level and up in any department in consultation with their advisor.

**Total Credits** 51

1

These pathways are internal to the program and represent different pathways a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

Note that MUSIC 621 Renaissance Polyphony and MUSIC 622 Baroque Counterpoint are considered deficiencies for a DMA student. All students need to have taken those courses before beginning the program. MUSIC 621 and MUSIC 622 will not fulfill the requirement for Music Theory courses in the composition major.

### Orchestral Conducting Pathway <sup>1</sup>

Code	Title	Credits
<b>Doctoral Level Conducting Applied Study</b>		<b>8</b>
2 credits each semester		
MUS PERF 732	Doctoral Level Conducting	
<b>Conducting Laboratory</b>		<b>4</b>
MUSIC 632	Graduate Instrumental Conducting Laboratory	
<b>Choral Conducting</b>		<b>2</b>
MUSIC 553	Advanced Conducting Seminar <sup>2</sup>	
<b>Reference and Research Materials</b>		<b>3</b>
MUSIC/LI S 619	Music Research Methods and Materials	
<b>Musicology and Music Theory Courses</b>		<b>9</b>
At least one course must be taken in Musicology and one in Music Theory. 9 credits must be earned at UW-Madison.		
For a summary of the courses eligible for this requirement refer to the last table on this page: DMA: Courses Qualifying for Musicology and Music Theory Requirement		
<b>Doctoral Minor</b>		<b>9-12</b>
9-12 credits in a field other than the major specialty. See the Doctoral Minors tab or the Mead Witter School of Music Graduate Handbook for details.		
<b>Foreign Language Proficiency</b>		
One foreign language at intermediate level reading knowledge. French or German preferred. See Mead Witter School of Music Graduate Handbook for details on meeting the Foreign Language Proficiency.		

### Doctoral Performance and Research

After preliminary examinations continuous registration for exactly three research-related credits is required. This may include both degree recitals (MUS PERF 999) and Research (MUSIC 999).

#### 1. Recitals.

MUS PERF 999	DMA Recital
5 recitals required. Major professor will advise on scheduling of recitals before or after preliminary examinations.	
Enroll for each recital as a separate 1 credit course.	

#### 2. DMA Research Project.

MUSIC 999	PhD Diss/DMA Project
Although each DMA project will be unique, there are a number of criteria students should keep in mind while preparing their DMA projects: 1) The project should show a certain level of ambition and rigor, either in the size or scope of the creative work chosen (e.g., an opera, symphonic work, concerto, to name a few examples); 2) Although it may be based on pre-existing text, or other materials, the bulk of the project must be original creative work, done by the DMA candidate. 3) DMA candidates should discuss their project proposals fully with the major professor and with all members of their DPRC before starting their project. 4) Every DMA project will include a significant written portion presenting the goals, methodology, and results of the research. 5) Examples of successful DMA projects are available in Mills Music Library on the UW-Madison campus.	

#### Additional Coursework

To meet the minimum credit requirement of 51 credits, students take electives 300 level and up in any department in consultation with their advisor.

**Total Credits** 51

This body of work, comprising degree recitals and the DMA Research Project, is the core of the DMA degree.

*1. Recitals*

MUS PERF 999 DMA Recital

5 recitals required. The recitals are: 1 solo recital, 1 ensemble recital, 1 lecture-recital (these before preliminary examinations); after preliminary examinations, 1 lecture-recital and 1 final solo recital.

Enroll for each recital as a separate 1-credit course.

*2. DMA Research Project*

MUSIC 999 PhD Diss/DMA Project

Although each DMA project will be unique, there are a number of criteria students should keep in mind while preparing their DMA projects: 1) The project should show a certain level of ambition and rigor, either in the size or scope of the creative work chosen (e.g., an opera, symphonic work, concerto, to name a few examples); 2) Although it may be based on pre-existing text, or other materials, the bulk of the project must be original creative work, done by the DMA candidate. 3) DMA candidates should discuss their project proposals fully with the major professor and with all members of their DPRC before starting their project. 4) Every DMA project will include a significant written portion presenting the goals, methodology, and results of the research. 5) Examples of successful DMA projects are available in Mills Music Library on the UW-Madison campus.

**Additional Coursework**

To meet the minimum credit requirement of 51 credits, students take electives 300 level and up in any department in consultation with their advisor.

**Total Credits**

**51**

1

These pathways are internal to the program and represent different pathways a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

**Percussion Pathway**<sup>1</sup>

Code	Title	Credits
<b>Doctoral Level Percussion Applied Study</b>		<b>16</b>
4 semesters, 4 credits each semester

**Literature** 2

MUSIC 550	Percussion Literature <sup>2</sup>
or MUSIC 540	Advanced Pedagogy

**Reference and Research Materials** 3

MUSIC/L I S 619	Music Research Methods and Materials
-----------------	--------------------------------------

**Musicology and Music Theory Courses** 9

At least one course must be taken in Musicology and one in Music Theory. 9 credits must be earned at UW-Madison.

For a summary of the courses eligible for this requirement refer to the last table on this page: DMA: Courses Qualifying for Musicology and Music Theory Requirement

**Doctoral Minor** 9-12

9-12 credits in a field other than the major specialty. See the Doctoral Minors page or the Mead Witter School of Music Graduate Handbook for details.

**Language Proficiency**

One foreign language at intermediate level reading knowledge. French or German preferred. See Mead Witter School of Music Graduate Handbook for details on meeting the Foreign Language Proficiency.

**Doctoral Performance and Research**

After preliminary examinations continuous registration for exactly three research-related credits is required. This may include both degree recitals (MUS PERF 999) and Research (MUSIC 999).

This body of work, comprising degree recitals and the DMA Research Project, is the core of the DMA degree.

*1. Recitals*

MUS PERF 999 DMA Recital

There are 5 required recitals: 1 solo recital, 2 solo or solo/chamber recitals (one of which may be a concerto performance), these three before preliminary examinations; after preliminary examinations, 1 lecture-recital and 1 solo recital.

Enroll for each recital as a separate 1-credit course.

*2. DMA Research Project*

MUSIC 999 PhD Diss/DMA Project

Although each DMA project will be unique, there are a number of criteria students should keep in mind while preparing their DMA projects: 1) The project should show a certain level of ambition and rigor, either in the size or scope of the creative work chosen (e.g., an opera, symphonic work, concerto, to name a few examples); 2) Although it may be based on pre-existing text, or other materials, the bulk of the project must be original creative work, done by the DMA candidate. 3) DMA candidates should discuss their project proposals fully with the major professor and with all members of their DPRC before starting their project. 4) Every DMA project will include a significant written portion presenting the goals, methodology, and results of the research. 5) Examples of successful DMA projects are available in Mills Music Library on the UW-Madison campus.

#### Additional Coursework

To meet the minimum credit requirement of 51 credits, students take electives 300 level and up in any department in consultation with their advisor.

#### Total Credits

51

**Reference and Research Materials**

MUSIC/L I S 619 Music Research Methods and Materials

**Musicology and Music Theory Courses**

At least one course must be taken in Musicology and one in Music Theory. 9 credits must be earned at UW-Madison.

For a summary of the courses eligible for this requirement refer to the last table on this page: DMA: Courses Qualifying for Musicology and Music Theory Requirement

**Doctoral Minor** **9-12**

9-12 credits in a field other than the major specialty. See the Doctoral Minors page or the Mead Witter School of Music Graduate Handbook for details.

**Language Proficiency**

Prior to achieving dissertator status every student in this curricular pathway must complete the equivalent of, or demonstrate proficiency equivalent to, one semester each of college-level study in Italian, French, and German plus the second semester of two of these three languages (a total of five units).

Consult the voice faculty and the director of graduate studies for information on ways in which the language proficiency requirement may be satisfied and certified by Mead Witter School of Music faculty or by other means.

**Doctoral Performance and Research**

After preliminary examinations continuous registration for exactly three research-related credits is required. This may include both degree recitals (MUS PERF 999) and Research (MUSIC 999).

This body of work, comprising degree recitals and the DMA Research Project, is the core of the DMA degree.

*1. Performance*

6 performance credits are required. 4 of the credits may be satisfied with the following:

MUS PERF 999	DMA Recital (minimum 2 performances, maximum 4)
MUSIC 556	University Opera (a major opera role) <sup>4</sup>
MUSIC 556	University Opera (secondary opera role) <sup>4</sup>
MUS PERF 999	DMA Recital (major oratorio role) <sup>4</sup>

Remaining required performances follow the preliminary examinations:

MUS PERF 999	DMA Recital (lecture-recital)
MUS PERF 999	DMA Recital (final solo recital, prepared independently)

*2. DMA Research Project*

MUSIC 999	PhD Diss/DMA Project
-----------	----------------------

Although each DMA project will be unique, there are a number of criteria students should keep in mind while preparing their DMA projects: 1) The project should show a certain level of ambition and rigor, either in the size or scope of the creative work chosen (e.g., an opera, symphonic work, concerto, to name a few examples); 2) Although it may be based on pre-existing text, or other materials, the bulk of the project must be original creative work, done by the DMA candidate. 3) DMA candidates should discuss their project proposals fully with the major professor and with all members of their DPRC before starting their project. 4) Every DMA project will include a significant written portion presenting the goals, methodology, and results of the research. 5) Examples of successful DMA projects are available in Mills Music Library on the UW-Madison campus.

These pathways are internal to the program and represent different pathways a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

## DMA Courses Qualifying for Musicology and Music Theory Requirements

**Code**                      **Title**    **Credits**

**This list of approved courses is valid for all DMA pathways EXCEPT Composition. Refer to the Requirements table, Composition track for details.**

For all DMA programs 9 credits of Musicology and Music Theory courses are required. These courses must be taken at UW-Madison. Previous coursework at another institution cannot substitute for any part of this 9-credit requirement. Individual courses must be taken for the maximum number of credits (3 credits).

### Musicology Courses

Eligible musicology courses include the following:

MUSIC/ FOLKLORE 401	Musical Cultures of the World	3
MUSIC/ FOLKLORE 402	Musical Cultures of the World	3
MUSIC 405	Seminar: Cultural Study of Music	3
MUSIC 411	Survey of Music in the Middle Ages	3
MUSIC 412	Survey of Music in the Renaissance	3
MUSIC 413	Survey of Music in the Baroque Era	3
MUSIC 414	Survey of Music in the Classic Era	3
MUSIC 415	Survey of Music in the Romantic Era	3
MUSIC 416	Survey of Music in the Twentieth Century	3
MUSIC 419	Music in the United States	3
MUSIC 511	Historical Performance Practices	3
MUSIC 513	Survey of Opera	3
MUSIC/ FOLKLORE 515	Proseminar in Ethnomusicology	3
MUSIC/ FOLKLORE 516	Ethnographic Methods for Music and Sound	3
MUSIC 821	Historical Music Theories 1	3
MUSIC 822	Historical Music Theories 2	3
MUSIC 911	Seminar in Musicology	3
MUSIC 923	Seminar in Notation	3

Other courses do not fulfill this requirement unless specifically approved by the musicology faculty.

### Music Theory Courses

Eligible music theory courses include the following:

MUSIC 523	Orchestration I	3
MUSIC 621	Renaissance Polyphony	3
MUSIC 622	Baroque Counterpoint	3
MUSIC 623	Form and Analysis	3
MUSIC 624	Form and Analysis II	3
MUSIC 821	Historical Music Theories 1	3
MUSIC 822	Historical Music Theories 2	3
MUSIC 823	Schenkerian Analysis	3
MUSIC 824	Post-tonal Analysis	3
MUSIC 921	Current Issues in Musical Thought 1	3
MUSIC 926	Topics in Music Analysis 2	3
MUSIC 927	Seminar in Composition	3

Other courses do not fulfill this requirement unless specifically approved by the music theory faculty.

### Third Course: Music Education Course Option

For DMA students who have taken 1 musicology and 1 music theory course, there is an option to include, as the third course, one of the following music education courses:

CURRIC 946	Past Perspectives on Music Education	3
CURRIC 947	Current Issues in Music Education	3

## POLICIES

### GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

### MAJOR-SPECIFIC POLICIES

#### PRIOR COURSEWORK

##### Graduate Work from Other Institutions

No more than 6 credits may be approved for graduate coursework taken at other institutions.

##### UW-Madison Undergraduate

The program follows the Graduate School's policy for Satisfying Requirements with Coursework from Undergraduate Career at UW-Madison (<https://policy.wisc.edu/library/UW-1216/>), but Mead Witter School of Music faculty rarely approve these exceptions.

##### UW-Madison University Special

The program allows up to 6 credits of UW-Madison University Special Student credit to count. Details can be found at the Graduate School's policy for Transfer from UW-Madison University Special Student Career at UW-Madison. (<https://policy.wisc.edu/library/UW-1216/>)

#### PROBATION

DMA Students who fail to make satisfactory progress in any of the following four areas: Grades, Course Load, Time Constraints, or Exams will be notified in writing by the DGS. At the end of the second semester of failing to make satisfactory progress the student is placed on Probation effective the next semester. This action suspends financial aid (but does not affect loans or work-study). See details in the Satisfactory Progress for Doctoral Students (<https://kb.wisc.edu/mwsomkb/114465/>).

#### ADVISOR / COMMITTEE

All programs provide for faculty from several disciplines to follow the student's progress through the degree, provide mentorship along the way, and assess the student's success in reaching expected learning outcomes.

DMA students have a doctoral performance and research committee. This group of four faculty follows the student's work throughout the degree work, evaluating degree recitals as well as the doctoral research project. The committee also serves as the examination committee. The

DPRC is comprised of the major professor and at least three others, two of whom must be graduate faculty and one of whom must be from a program that is not the major.

## CREDITS PER TERM ALLOWED

15 credits

## TIME LIMIT

Graduate students in DMA or Ph.D. programs are allowed a maximum of four calendar years from the date entering the program to complete all course work requirements and successfully pass the preliminary examinations. The candidate must complete the dissertation (Ph.D.) or doctoral performance and research (DMA) within five years after passing the preliminary examinations.

- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

## OTHER

n/a

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

### COLLEGE OF LETTERS AND SCIENCE RESOURCES

The College of Letters and Science's SuccessWorks (<https://successworks.wisc.edu/>) program can assist with professional development and with identifying opportunities.

## LEARNING OUTCOMES

1. Produces public performances of cohesive programs of music in which original ideas are communicated clearly and energetically.
2. Creates compositions and/or performances that clearly reflect well-developed original musical ideas.
3. Applies deep knowledge of technique, style, and cultural contexts to performance or creation of music.
4. Effectively expresses ideas both verbally and in writing so as to foster understanding among colleagues.
5. Demonstrates breadth within learning experience in an area of study outside the principal field of performance or composition.
6. Fosters ethical and professional conduct both in individual creative work and in collaborative endeavors.

## PEOPLE

**Faculty:** Professors Cook (director), Calderón, Chisholm, Di Sanza, Dobbs, Doing, Dominguez, Fischer, Fulmer, Hetzler, Hyer, Johnson, Karp, Perry, Rowe, Schwendinger, Taylor, Teeple, Thimmig, Vallon, Wallmann; Associate Professors Butler, Farah, Grabois, Ronis; Assistant Professors Chana, Laurenz, Lee, Nelson, Sans; Marching Band Director Pompey; Teaching Faculty Curry, Gladstone, Gonzalez, Koester, Rottmayer, Wohn; Lecturers Patenaude, Wienholts.

The faculty of the Mead Witter School of Music is a distinguished group of educators, performing musicians, and active scholars. The backgrounds of performance faculty include rich experiences as professional musicians, researchers, recording artists, and entrepreneurs. Faculty in music education have particular insight into their field as a result of their backgrounds as school educators, performers, and scholars. In areas such as music theory and musicology, the musical community has high regard for the past and current contributions to the study of musical theory, historical perspectives on music, the role of music in societies around the world, and the unique contributions of American musicians. Teaching is a priority for the faculty, who are readily accessible to students for advice and support. Faculty, staff, and students cooperate in extraordinary ways with joint ventures that reach across disciplines both in research or instruction.

## ACCREDITATION

### ACCREDITATION

National Association of Schools of Music (<https://nasm.arts-accredit.org>)

Accreditation status: Accredited. Next accreditation review: 2022–2023

## MUSIC: PERFORMANCE, M.M.

The mission of the Mead Witter School of Music is:

- to provide a rich, integrated program of undergraduate and graduate education that promotes the highest levels of professional, creative, and scholarly development while challenging students to achieve their greatest potential;
- to cultivate an environment that inspires creativity, stimulates intellectual curiosity, and fosters critical thinking; and
- to serve the university community, the public, and the profession through performance, composition, scholarship, music education, outreach, and engagement.

The Mead Witter School of Music enriches students' educational experience by hosting guest artists and scholars for master classes, recitals, colloquia, seminars, and festivals. Its performing organizations and ensembles perform more than 350 recitals and concerts every year, making a significant contribution to the cultural life of the university and the wider Madison community.

Mead Witter School of Music views its goals and objectives as complementary to those of the University of Wisconsin–Madison, which include "to provide an environment in which faculty and students can discover, examine critically, preserve and transmit the knowledge, wisdom and values that will help ensure the survival of the present and future generations with improvement in the quality of life."

The University of Wisconsin–Madison School of Music is accredited by the National Association of Schools of Music (NASM), and has been an institutional member of NASM since 1966.

## DEGREES AND MAJORS

After completing their degree, some master's degree students may be interested in application to the DMA (doctor of musical arts) program. Entrance to the DMA program is upon recommendation of the faculty of the relevant performance area and usually requires an audition. No new application to the Graduate School or to the Mead Witter School of Music is required.

The DMA and the Ph.D. are the highest degrees conferred by the Mead Witter School of Music. The DMA is granted for evidence of general proficiency and distinctive attainment in a specialized field of performance. The student's ability in independent investigation is demonstrated through a series of recitals and in a final project presenting original research or creative scholarship.

Each degree pathway varies slightly, and details are provided in the course lists available through the Requirements tab. Contact the Mead Witter School of Music graduate office, [gradadmissions@music.wisc.edu](mailto:gradadmissions@music.wisc.edu), for complete explanations of the M.M.–Music: Performance degree.

The M.M.–Music: Performance degree offers tracks for many major specialties, instrumental and vocal. Faculty members in the appropriate area designate a major professor for each new student the first semester of enrollment. Whenever possible the faculty strive to match the student with the major professor if the applicant to the program has indicated a preference.

Students normally take four semesters (two calendar years) to complete the degree requirements, including the final recital. There are two committees of faculty that assess the student's achievement of learning outcomes: the recital committee and the examination committee. The student consults with the major professor to determine the membership of the recital committee. The examination committee administers the comprehensive examination in the final semester in which the student fulfills course requirements. More details are accessible through the Policies (p. 1204) tab or in the Mead Witter School of Music Graduate Handbook (<https://www.music.wisc.edu/wp-content/uploads/2020/02/SOM-Grad-Handbook-1.pdf>), which lists all academic policies and procedures in music graduate programs. All students need to be familiar with the Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>).

Mentoring of students is of prime importance to faculty members at Mead Witter School of Music. The faculty advisor and the director of graduate studies both guide the student's course planning. While each faculty member has a unique style, every student can be assured of abundant time working closely with more than one mentor in addition to the advisor during the course of a UW–Madison degree program. Take some time to access the Overview tab and review the Mead Witter School of Music mission statement, as well as the information available through the Learning Outcomes (p. 1205) tab. These offer a glimpse of the values shared among the faculty and staff.

## ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 1
Spring Deadline	The program does not admit in the spring.
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.

**English Proficiency Test** Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements (<https://grad.wisc.edu/apply/requirements/#english-proficiency>). Every international student from a non-English speaking country must submit a TOEFL score of 85 or higher. The Mead Witter School of Music does NOT waive the TOEFL requirement for students who have completed a degree at an American university.

**Other Test(s) (e.g., GMAT, MCAT)** n/a

**Letters of Recommendation Required** 3

Minimum admission requirements of the Graduate School apply to all applicants for graduate study in music. The Mead Witter School of Music has additional requirements. Applicants should have a bachelor's degree in music or equivalent foundational course work as required by each area of study. An undergraduate GPA of 3.0 (on a 4.0 scale, calculated on the last 60 credit hours) is necessary for full admission. The M.M. program involves substantial academic work and requires excellent reading, writing, and speaking skills. Therefore, all international students are required to submit a TOEFL score. See the Mead Witter School of Music graduate admissions website (<http://www.music.wisc.edu/admissions/graduate/>) for information on minimum score requirements. The Mead Witter School of Music does **not** waive the TOEFL score requirement for students who have completed a degree at an American university. Typically, performance applicants are required to audition in person. For details on specific audition requirements and additional application materials, visit the School of Music graduate admissions website (<http://www.music.wisc.edu/admissions/graduate/>).

## FUNDING

### GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

### PROGRAM RESOURCES

Through the generosity of Paul J. Collins, the Mead Witter School of Music is the recipient of a substantial fellowship fund which, in combination with the Graduate School and UW Foundation, allows the school to offer multiple-year funding to the highest quality graduate students in performance. The Collins fellowships, along with The Lorna Wendt and Anonymous Fund Fellowships for Choral and Voice students, are offered as Wisconsin Distinguished Fellowships and provide full tuition and fees, a generous stipend, additional funds, and comprehensive health care. Nomination by a performance faculty member—usually following an on-site audition—is required for consideration.

The Mead Witter School of Music also offers teaching and project assistantships in music history, music theory, piano, conducting, voice, and other performance areas. These positions offer tuition remission

plus a salary and health care benefits. In addition, the Mead Witter School of Music selects qualified applicants for the Chancellor's Fellowship, Graduate School Fellowship, and Advanced Opportunity Fellowship. The UW–Madison Office of Student Financial Aid assists students in obtaining general grants and loans. All Mead Witter School of Music students who receive funding are required to enroll full-time with 8–12 graduate credits.

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

### MAJOR REQUIREMENTS

#### MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students are able to complete a program with minimal disruptions to careers and other commitments.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW–Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

### CURRICULAR REQUIREMENTS

Requirements Detail	
Minimum Credit Requirement	34 credits
Minimum Residence Credit Requirement	16 credits
Minimum Graduate Coursework Requirement	17 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy ( <a href="https://policy.wisc.edu/library/UW-1244">https://policy.wisc.edu/library/UW-1244</a> ) ( <a href="https://policy.wisc.edu/library/UW-1244/">https://policy.wisc.edu/library/UW-1244/</a> ).
Overall Graduate GPA Requirement	3.25 GPA required.

**Other Grade Requirements** Grades below B cannot count toward program credit. Mead Witter School of Music financial awards are suspended if a student is on probation for more than one semester.

A student's satisfactory progress is also in jeopardy should a major recital be judged incomplete or deficient. Failure of one or more parts of the comprehensive examinations is also considered a lapse in satisfactory progress.

**Assessments and Examinations** In addition to evaluations in individual classes, School of Music programs examine graduate students at defined points in their career.

For master's students, comprehensive examinations measure the candidate's range of musical knowledge in both fields of music history and the major.

**Language Requirements** The Vocal Performance and Opera curricular paths have language requirements detailed below.

## REQUIRED COURSES

The following chart outlines the course requirements for all of the available M.M.–music performance degrees. Note that each one has particular requirements, and that the total credits vary among majors. Important academic policy information is available through the Policies tab, in the Mead Witter School of Music Graduate Handbook (<http://www.music.wisc.edu/wp-content/uploads/2014/05/SOM-Graduate-Handbook-Booklet-jrdrev-2.pdf>), and in the Graduate School's Academic Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>). You may direct any questions about the coursework or required proficiencies to the Mead Witter School of Music graduate admissions office, [gradadmissions@music.wisc.edu](mailto:gradadmissions@music.wisc.edu).

### Brass Path <sup>1</sup>

Code	Title	Credits
<b>Master's Level Brass Instrument Applied Study</b>		<b>8</b>
Select the course corresponding to the major instrument (2 semesters minimum, 4 credits each semester)		
MUS PERF 517	Masters Level-Horn	
MUS PERF 519	Masters Level-Trumpet	
MUS PERF 521	Masters Level-Trombone	
MUS PERF 523	Masters Level-Euphonium	
MUS PERF 525	Masters Level-Tuba	
<b>Master's Recital</b>		<b>4</b>
Enroll in this course in place of Applied Study in the recital semester:		
MUS PERF 990	Masters Recital	
<b>Ensemble</b>		<b>4</b>
Enroll in an ensemble every semester. <sup>2</sup>		
MUSIC 567	Advanced Ensemble-Brass <sup>3</sup>	
MUSIC 573	Contemporary Chamber Ensemble	
MUSIC 565	Advanced Ensemble-Woodwind (horn majors only)	
<b>Large Performance Ensemble</b>		<b>2</b>
2 semesters, 1 credit each		
Eligible courses include the following:		
MUSIC 570	University Symphony Orchestra	

MUSIC 571	Chamber Orchestra	
MUSIC 574	Wind Ensemble	
MUSIC 576	Concert Band	
<b>Instrumental Literature</b>		<b>2</b>
MUSIC 798	Seminar-Instrumental Literature <sup>4</sup>	
<b>Musicology and Music Theory</b>		<b>9</b>
9 credits must be earned at UW-Madison.		
Eligible musicology courses include: <sup>5</sup>		
MUSIC/ FOLKLORE 401	Musical Cultures of the World	
MUSIC/ FOLKLORE 402	Musical Cultures of the World	
MUSIC 405	Seminar: Cultural Study of Music	
MUSIC 411	Survey of Music in the Middle Ages	
MUSIC 412	Survey of Music in the Renaissance	
MUSIC 413	Survey of Music in the Baroque Era	
MUSIC 414	Survey of Music in the Classic Era	
MUSIC 415	Survey of Music in the Romantic Era	
MUSIC 416	Survey of Music in the Twentieth Century	
MUSIC 419	Music in the United States	
MUSIC 511	Historical Performance Practices	
MUSIC 513	Survey of Opera	
MUSIC/ FOLKLORE 515	Proseminar in Ethnomusicology	
MUSIC/ FOLKLORE 516	Ethnographic Methods for Music and Sound	
MUSIC 821	Historical Music Theories 1	
MUSIC 822	Historical Music Theories 2	
MUSIC 911	Seminar in Musicology	
MUSIC/ FOLKLORE 915	Seminar in Ethnomusicology	
MUSIC 923	Seminar in Notation	
Eligible courses in music theory include: <sup>6</sup>		
MUSIC 523	Orchestration I	
MUSIC 621	Renaissance Polyphony	
MUSIC 622	Baroque Counterpoint	
MUSIC 623	Form and Analysis	
MUSIC 624	Form and Analysis II	
MUSIC 821	Historical Music Theories 1	
MUSIC 822	Historical Music Theories 2	
MUSIC 823	Schenkerian Analysis	
MUSIC 824	Post-tonal Analysis	
MUSIC 921	Current Issues in Musical Thought 1	
MUSIC 925	Topics in Music Analysis 1	
MUSIC 926	Topics in Music Analysis 2	
MUSIC 927	Seminar in Composition	
<b>Elective Courses</b>		<b>5</b>
With advisor approval, choose courses in any department at the 300 level or above.		
<b>Total Credits</b>		<b>34</b>

1

These paths are internal to the program and represent different specialties a student can follow to earn this degree. Path names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

Other courses do not fulfill this requirement unless first approved by the Brass area faculty. Each ensemble may be taken for two semesters.

3

Sections of this course that are eligible include: Brass Quintet, Horn Choir, Tuba Quartet/Ensemble, Trumpet Ensemble, Trombone Choir/Quartet.

Each ensemble may be taken for two semesters. Note that the courses MUSIC 573 Contemporary Chamber Ensemble and MUSIC 565 Advanced Ensemble-Woodwind may also fulfill this requirement. Other courses do not fulfill this requirement unless first approved by the Brass area faculty.

4

MUSIC 799 Independent Work (two credits) or two semesters of MUSIC 567 Advanced Ensemble-Brass (1 credit) may also be eligible, with approval of major professor.

5

Other courses do not fulfill this requirement unless specifically approved by the musicology faculty.

6

Other courses do not fulfill this requirement unless specifically approved by the music theory faculty.

### Choral Conducting Path <sup>1</sup>

### Opera Path <sup>1</sup>

Code	Title	Credits
<b>Master's Level Voice Applied Study</b>		<b>8</b>
2 semesters minimum, 4 credits each semester		
MUS PERF 505	Masters Level-Voice	

<b>Opera Workshop</b>		<b>4</b>
2 semesters, 2 credits each semester		
MUSIC 557	Opera Workshop	

<b>Opera Performance</b>		<b>2</b>
One major opera role, determined by major professor		
MUS PERF 990	Masters Recital (2 credits)	

<b>Opera Study Project with Director of Opera</b>		<b>2</b>
MUSIC 799	Independent Work	

<b>Advanced Diction <sup>2</sup></b>		<b>4</b>
MUSIC 467	Language Diction for Singing I <sup>3</sup>	
MUSIC 468	Language Diction for Singing II <sup>3</sup>	

<b>Musicology and Music Theory Courses</b>		<b>9</b>
At least one course must be taken in Musicology and one in Music Theory. 9 credits must be earned at UW-Madison.		
Eligible musicology courses include the following: <sup>4</sup>		
MUSIC/ FOLKLORE 401	Musical Cultures of the World	
MUSIC/ FOLKLORE 402	Musical Cultures of the World	
MUSIC 405	Seminar: Cultural Study of Music	
MUSIC 411	Survey of Music in the Middle Ages	
MUSIC 412	Survey of Music in the Renaissance	
MUSIC 413	Survey of Music in the Baroque Era	
MUSIC 414	Survey of Music in the Classic Era	
MUSIC 415	Survey of Music in the Romantic Era	
MUSIC 416	Survey of Music in the Twentieth Century	
MUSIC 419	Music in the United States	

MUSIC 511	Historical Performance Practices	
MUSIC 513	Survey of Opera	
MUSIC/ FOLKLORE 515	Proseminar in Ethnomusicology	
MUSIC/ FOLKLORE 516	Ethnographic Methods for Music and Sound	
MUSIC 821	Historical Music Theories 1	
MUSIC 822	Historical Music Theories 2	
MUSIC 911	Seminar in Musicology	
MUSIC/ FOLKLORE 915	Seminar in Ethnomusicology	
MUSIC 923	Seminar in Notation	
Eligible music theory courses include the following: <sup>5</sup>		
MUSIC 523	Orchestration I	
MUSIC 621	Renaissance Polyphony	
MUSIC 622	Baroque Counterpoint	
MUSIC 623	Form and Analysis	
MUSIC 624	Form and Analysis II	
MUSIC 821	Historical Music Theories 1	
MUSIC 823	Schenkerian Analysis	
MUSIC 824	Post-tonal Analysis	
MUSIC 921	Current Issues in Musical Thought 1	
MUSIC 925	Topics in Music Analysis 1	
MUSIC 926	Topics in Music Analysis 2	
MUSIC 927	Seminar in Composition	

**Elective courses** **5**

**Language Proficiency**

**Total Credits** **34**

4

Other courses do not fulfill this requirement unless specifically approved by the musicology faculty.

5

Other courses do not fulfill this requirement unless specifically approved by the music theory faculty.

### Orchestral Conducting Path <sup>1</sup>

Code	Title	Credits
<b>Conducting Applied Study</b>		<b>8</b>

2 semesters minimum, 4 credits each

MUS PERF 532 Advanced Conducting

<b>Conducting Laboratory</b>		<b>4</b>
------------------------------	--	----------

MUSIC 632 Graduate Instrumental Conducting Laboratory

<b>Recital</b>		<b>4</b>
----------------	--	----------

MUS PERF 990 Masters Recital <sup>2</sup>

<b>Musicology and Music Theory Courses</b>		<b>9</b>
--	--	----------

MUSIC 523 Orchestration I (required)

Among the remaining 6 credits, at least one course must be in Musicology. A total of 9 credits (including MUSIC 523, required) must be earned at UW-Madison.

Eligible musicology courses include: <sup>3</sup>

MUSIC/  
FOLKLORE 401 Musical Cultures of the World

MUSIC/  
FOLKLORE 402 Musical Cultures of the World

MUSIC 405 Seminar: Cultural Study of Music

MUSIC 411 Survey of Music in the Middle Ages

MUSIC 412 Survey of Music in the Renaissance

MUSIC 413 Survey of Music in the Baroque Era

MUSIC 414 Survey of Music in the Classic Era

MUSIC 415 Survey of Music in the Romantic Era

MUSIC 416 Survey of Music in the Twentieth Century

MUSIC 419 Music in the United States

MUSIC 511 Historical Performance Practices

MUSIC 513 Survey of Opera

MUSIC/  
FOLKLORE 515 Proseminar in Ethnomusicology

MUSIC/  
FOLKLORE 516 Ethnographic Methods for Music and Sound

MUSIC 821 Historical Music Theories 1

MUSIC 822 Historical Music Theories 2

MUSIC 911 Seminar in Musicology

MUSIC/  
FOLKLORE 915 Seminar in Ethnomusicology

MUSIC 923 Seminar in Notation

Eligible music theory courses include the following: <sup>4</sup>

MUSIC 621 Renaissance Polyphony

MUSIC 622 Baroque Counterpoint

MUSIC 623 Form and Analysis

MUSIC 624 Form and Analysis II

MUSIC 821 Historical Music Theories 1

MUSIC 822 Historical Music Theories 2

MUSIC 823 Schenkerian Analysis

MUSIC 824 Post-tonal Analysis

MUSIC 921 Current Issues in Musical Thought 1

MUSIC 925 Topics in Music Analysis 1

MUSIC 926 Topics in Music Analysis 2

MUSIC 927 Seminar in Composition

<b>Elective courses</b>	<b>9</b>
-------------------------	----------

With advisor approval, choose courses in any department at the 300 level or above.

<b>Total Credits</b>	<b>34</b>
----------------------	-----------

1

These paths are internal to the program and represent different specialties a student can follow to earn this degree. Path names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

At the discretion of the conducting faculty, the number of credits per semester for Master's Recital may vary, but the total recital credits in the program must be 4 credits. The alternate course 660-799 may be used for this requirement as necessary,

3

Other courses do not fulfill this requirement unless specifically approved by the musicology faculty.

4

Other courses do not fulfill this requirement unless specifically approved by the music theory faculty.

### Organ Performance Path <sup>1</sup>

Code	Title	Credits
<b>Master's Level Organ Applied Study</b>		<b>8</b>

2 semesters, 4 credits each semester

MUS PERF 503 Masters Level-Organ

<b>Recital</b>	<b>4</b>
----------------	----------

Enroll for this course in place of Master's Level Applied Study in the recital semester.

MUS PERF 990 Masters Recital

<b>Organ Literature and Design</b>	<b>4</b>
------------------------------------	----------

MUSIC 591 Organ Literature and Design

MUSIC 799 Independent Work

<b>Musicology and Music Theory Courses</b>	<b>9</b>
--	----------

At least one course must be taken in Musicology and one in Music Theory. 9 credits must be earned at UW-Madison.

Eligible musicology courses include the following: <sup>2</sup>

MUSIC/  
FOLKLORE 401 Musical Cultures of the World

MUSIC/  
FOLKLORE 402 Musical Cultures of the World

MUSIC 405 Seminar: Cultural Study of Music

MUSIC 411 Survey of Music in the Middle Ages

MUSIC 412 Survey of Music in the Renaissance

MUSIC 413 Survey of Music in the Baroque Era

MUSIC 414	Survey of Music in the Classic Era
MUSIC 415	Survey of Music in the Romantic Era
MUSIC 416	Survey of Music in the Twentieth Century
MUSIC 419	Music in the United States
MUSIC 511	Historical Performance Practices
MUSIC 513	Survey of Opera
MUSIC/ FOLKLORE 515	Proseminar in Ethnomusicology
MUSIC/ FOLKLORE 516	Ethnographic Methods for Music and Sound
MUSIC 821	Historical Music Theories 1
MUSIC 822	Historical Music Theories 2
MUSIC 911	Seminar in Musicology
MUSIC/ FOLKLORE 915	Seminar in Ethnomusicology
MUSIC 923	Seminar in Notation
Eligible music theory courses include the following: <sup>3</sup>	
MUSIC 523	Orchestration I
MUSIC 621	Renaissance Polyphony
MUSIC 622	Baroque Counterpoint
MUSIC 623	Form and Analysis
MUSIC 624	Form and Analysis II
MUSIC 821	Historical Music Theories 1
MUSIC 822	Historical Music Theories 2
MUSIC 823	Schenkerian Analysis
MUSIC 824	Post-tonal Analysis
MUSIC 921	Current Issues in Musical Thought 1
MUSIC 925	Topics in Music Analysis 1
MUSIC 926	Topics in Music Analysis 2
MUSIC 927	Seminar in Composition
<b>Research Methods and Materials</b>	<b>3</b>
MUSIC/L I S 619	Music Research Methods and Materials
<b>Elective courses</b>	<b>6</b>
With advisor approval, choose courses in any department at the 300 level or above.	
<b>Total Credits</b>	<b>34</b>

<sup>1</sup> These paths are internal to the program and represent different specialties a student can follow to earn this degree. Path names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

<sup>2</sup> Other courses do not fulfill this requirement unless specifically approved by the musicology faculty.

MUSIC 821	Historical Music Theories 1	
MUSIC 822	Historical Music Theories 2	
MUSIC 911	Seminar in Musicology	
MUSIC 923	Seminar in Notation	
Eligible music theory courses include the following: <sup>4</sup>		
MUSIC 523	Orchestration I	
MUSIC 621	Renaissance Polyphony	
MUSIC 622	Baroque Counterpoint	

MUSIC 623	Form and Analysis
MUSIC 624	Form and Analysis II
MUSIC 821	Historical Music Theories 1
MUSIC 822	Historical Music Theories 2
MUSIC 823	Schenkerian Analysis
MUSIC 824	Post-tonal Analysis
MUSIC 925	Topics in Music Analysis 1
MUSIC 926	Topics in Music Analysis 2
MUSIC/ FOLKLORE 915	Seminar in Ethnomusicology
MUSIC 927	Seminar in Composition
<b>Elective courses</b>	<b>7</b>
With advisor approval, choose courses in any department at the 300 level or above.	

**Total Credits** **34**

1

These paths are internal to the program and represent different specialties a student can follow to earn this degree. Path names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

With permission of the percussion faculty, other ensembles may substitute for MUSIC 568 Advanced Ensemble-Percussion.

3

Other courses do not fulfill this requirement unless specifically approved by the musicology faculty.

4

Other courses do not fulfill this requirement unless specifically approved by the music theory faculty.

### Piano Performance Path <sup>1</sup>

Code	Title	Credits
<b>Master's Level Piano Applied Study</b>		<b>8</b>
2 semesters minimum, 4 credits each semester		
MUS PERF 501	Masters Level-Piano	

### Recitals **8**

Enroll for these courses in place of Master's Level Piano in the recital semesters—there are two recitals.

For the Solo Recital:

MUS PERF 990 Masters Recital (solo recital, 4 credits)

For the Chamber Music Recital:

MUSIC 990 Masters Thesis (2 credits, enrolled with major professor)

MUS PERF 542 Advanced Accompanying (2 credits)

### Piano Pedagogy **3**

Select from the following courses:

MUSIC 548 Piano Pedagogy II <sup>2</sup>

MUSIC 551 Class Piano Pedagogy

MUSIC 751 Seminar in Piano Pedagogy (topics course; may be repeated for credit)

### Piano Literature **3**

Select from the following courses:

MUSIC 791 Seminar in Piano Literature

MUSIC 346	Repertoire
MUSIC 796	Seminar in Duo Sonata Literature

### Musicology and Music Theory Courses **9**

At least one course must be taken in Musicology and one in Music Theory. 9 credits must be earned at UW-Madison.

Eligible musicology courses include the following: <sup>3</sup>

MUSIC/  
FOLKLORE 401 Musical Cultures of the World

MUSIC/  
FOLKLORE 402 Musical Cultures of the World

MUSIC 405 Seminar: Cultural Study of Music

MUSIC 411 Survey of Music in the Middle Ages

MUSIC 412 Survey of Music in the Renaissance

MUSIC 413 Survey of Music in the Baroque Era

MUSIC 414 Survey of Music in the Classic Era

MUSIC 415 Survey of Music in the Romantic Era

MUSIC 416 Survey of Music in the Twentieth Century

MUSIC 419 Music in the United States

MUSIC 511 Historical Performance Practices

MUSIC 513 Survey of Opera

MUSIC/  
FOLKLORE 515 Proseminar in Ethnomusicology

MUSIC/  
FOLKLORE 516 Ethnographic Methods for Music and Sound

MUSIC 821 Historical Music Theories 1

MUSIC 822 Historical Music Theories 2

MUSIC 911 Seminar in Musicology

MUSIC/  
FOLKLORE 915 Seminar in Ethnomusicology

MUSIC 923 Seminar in Notation

Eligible music theory courses include the following: <sup>4</sup>

MUSIC 523 Orchestration I

MUSIC 621 Renaissance Polyphony

MUSIC 622 Baroque Counterpoint

MUSIC 623 Form and Analysis

MUSIC 624 Form and Analysis II

MUSIC 821 Historical Music Theories 1

MUSIC 822 Historical Music Theories 2

MUSIC 823 Schenkerian Analysis

MUSIC 824 Post-tonal Analysis

MUSIC 921 Current Issues in Musical Thought 1

MUSIC 925 Topics in Music Analysis 1

MUSIC 926 Topics in Music Analysis 2

MUSIC 927 Seminar in Composition

### Elective credits **3**

With advisor approval, choose courses in any department at the 300 level or above.

**Total Credits** **34**

1

These paths are internal to the program and represent different specialties a student can follow to earn this degree. Path names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

Eligibility for enrolling in this class is contingent upon the student's having taken MUSIC 340 Pedagogy or equivalent. For this requirement MUSIC 340 does not count toward fulfilling the total 9 credit minimum.

3

Other courses do not fulfill this requirement unless specifically approved by the musicology faculty.

4

Other courses do not fulfill this requirement unless specifically approved by the music theory faculty.

### Piano Performance and Pedagogy Path <sup>1</sup>

Code	Title	Credits
<b>Master's Level Piano Applied Study</b>		<b>4</b>
MUS PERF 501	Masters Level-Piano (2 semesters minimum, 4 credits each semester)	
An additional 4 credits selected from the following:		4
MUS PERF 501	Masters Level-Piano (4 credits minimum)	
MUS PERF 542	Advanced Accompanying	
<b>Recital</b>		<b>4</b>
Enroll in this course in the recital semester instead of MUS PERF 501 or MUS PERF 542.		
MUS PERF 990	Masters Recital	
<b>Pedagogy</b>		<b>8</b>
Select from the following, with advisor approval:		
MUSIC 548	Piano Pedagogy II <sup>2</sup>	
MUSIC 551	Class Piano Pedagogy	
MUSIC 751	Seminar in Piano Pedagogy	
MUSIC 752	Piano Pedagogy Workshop	
MUSIC 497	Special Topics in Music (topic: Teaching Music in the Private Studio, 2 credits) <sup>3</sup>	
DANCE 560	Current Topics in Dance: Workshop (Feldenkrais for Performing Artists, 1 credit) <sup>4</sup>	
<b>Final Project</b>		<b>1</b>
MUSIC 799	Independent Work	
<b>Practicum</b>		<b>1</b>
MUSIC 560	Practicum in Advanced Studio Teaching-Piano	
<b>Piano Literature</b>		<b>3</b>
Select from the following:		
MUSIC 346	Repertoire	
MUSIC 791	Seminar in Piano Literature	
MUSIC 796	Seminar in Duo Sonata Literature	
<b>Musicology and Music Theory</b>		<b>9</b>

At least one course must be taken in Musicology and one in Music Theory. 9 credits must be earned at UW-Madison.

Eligible musicology courses include the following: <sup>3</sup>

MUSIC/ FOLKLORE 401	Musical Cultures of the World
MUSIC/ FOLKLORE 402	Musical Cultures of the World
MUSIC 405	Seminar: Cultural Study of Music
MUSIC 411	Survey of Music in the Middle Ages
MUSIC 412	Survey of Music in the Renaissance
MUSIC 413	Survey of Music in the Baroque Era
MUSIC 414	Survey of Music in the Classic Era
MUSIC 415	Survey of Music in the Romantic Era
MUSIC 416	Survey of Music in the Twentieth Century
MUSIC 419	Music in the United States
MUSIC 511	Historical Performance Practices
MUSIC 513	Survey of Opera
MUSIC/ FOLKLORE 515	Proseminar in Ethnomusicology
MUSIC/ FOLKLORE 516	Ethnographic Methods for Music and Sound
MUSIC 821	Historical Music Theories 1
MUSIC 822	Historical Music Theories 2
MUSIC 911	Seminar in Musicology
MUSIC/ FOLKLORE 915	Seminar in Ethnomusicology
MUSIC 923	Seminar in Notation
Eligible music theory courses include the following: <sup>4</sup>	
MUSIC 523	Orchestration I
MUSIC 621	Renaissance Polyphony
MUSIC 622	Baroque Counterpoint
MUSIC 623	Form and Analysis
MUSIC 624	Form and Analysis II
MUSIC 821	Historical Music Theories 1
MUSIC 822	Historical Music Theories 2
MUSIC 823	Schenkerian Analysis
MUSIC 824	Post-tonal Analysis
MUSIC 921	Current Issues in Musical Thought 1
MUSIC 925	Topics in Music Analysis 1
MUSIC 926	Topics in Music Analysis 2
MUSIC 927	Seminar in Composition

**Total Credits** **34**

1

These paths are internal to the program and represent different specialties a student can follow to earn this degree. Path names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

Eligibility for enrolling in this class is contingent upon the student's having taken MUSIC 340 Pedagogy or equivalent. For this requirement MUSIC 340 does not count toward fulfilling the total 9 credit minimum.

3

Other courses do not fulfill this requirement unless specifically approved by the musicology faculty.

4

Other courses do not fulfill this requirement unless specifically approved by the music theory faculty.

### String Performance Path <sup>1</sup>

Code	Title	Credits
<b>String Instrument Applied Study</b>		<b>8</b>
Enroll the course corresponding to the major instrument. 2 semesters minimum, 4 credits each semester.		
MUS PERF 531	Masters Level-Violin	
MUS PERF 533	Masters Level-Viola	
MUS PERF 535	Masters Level-Cello	
<b>Recital</b>		<b>4</b>
Enroll for this course in place of Master's Level Applied Study in the recital semester.		
MUS PERF 990	Masters Recital	
<b>Orchestra</b>		<b>2</b>
2 semesters required from either of the following:		
MUSIC 570	University Symphony Orchestra	
MUSIC 571	Chamber Orchestra	
<b>Ensemble</b>		<b>2</b>
2 semesters required in any of the following:		
MUSIC 569	Advanced Ensemble-String	
MUSIC 570	University Symphony Orchestra	
MUSIC 571	Chamber Orchestra	
<b>Pedagogy</b>		<b>2</b>
Select from the following courses:		
MUSIC 543	Advanced String Pedagogy	
MUSIC 544	Advanced String Pedagogy	
MUSIC 545	Practicum in Advanced String Pedagogy	
MUSIC 540	Advanced Pedagogy (instrumental)	
DANCE 560	Current Topics in Dance: Workshop (Feldenkrais for Performing Musicians)	
<b>Literature</b>		<b>2</b>
MUSIC 546	String Literature	
or MUSIC 796	Seminar in Duo Sonata Literature	
<b>Musicology and Music Theory Courses</b>		<b>9</b>
At least one course must be taken in Musicology and one in Music Theory. 9 credits must be earned at UW-Madison.		
Eligible musicology courses include the following: <sup>2</sup>		
MUSIC/ FOLKLORE 401	Musical Cultures of the World	
MUSIC/ FOLKLORE 402	Musical Cultures of the World	
MUSIC 405	Seminar: Cultural Study of Music	
MUSIC 411	Survey of Music in the Middle Ages	
MUSIC 412	Survey of Music in the Renaissance	

**Recital 4**

Enroll for this course in place of Master's Level Applied Study in the recital semester.

MUS PERF 990 Masters Recital

**Advanced Diction <sup>2</sup> 4**

MUSIC 467 Language Diction for Singing I <sup>3</sup>

MUSIC 468 Language Diction for Singing II <sup>3</sup>

**Vocal Literature 3**

MUSIC 792 Seminar in Vocal Literature <sup>3,4</sup>

**Vocal Pedagogy 2**

MUSIC 749 Seminar in Vocal Techniques <sup>3</sup>

**Ensemble 2**

Select from the following courses: <sup>5</sup>

MUSIC 461 Collegium Musicum

MUSIC 558 Madrigal Singers

MUSIC 578 Concert Choir

MUSIC 557 Opera Workshop

**Musicology and Music Theory Courses 9**

At least one course must be taken in Musicology and one in Music Theory. 9 credits must be earned at UW-Madison.

Eligible musicology courses include the following: <sup>6</sup>

MUSIC/  
FOLKLORE 401 Musical Cultures of the World

MUSIC/  
FOLKLORE 402 Musical Cultures of the World

MUSIC 405 Seminar: Cultural Study of Music

MUSIC 411 Survey of Music in the Middle Ages

MUSIC 412 Survey of Music in the Renaissance

MUSIC 413 Survey of Music in the Baroque Era

MUSIC 414 Survey of Music in the Classic Era

MUSIC 415 Survey of Music in the Romantic Era

MUSIC 416 Survey of Music in the Twentieth Century

MUSIC 419 Music in the United States

MUSIC 511 Historical Performance Practices

MUSIC 513 Survey of Opera

MUSIC/  
FOLKLORE 515 Proseminar in Ethnomusicology

MUSIC/  
FOLKLORE 516 Ethnographic Methods for Music and Sound

MUSIC 821 Historical Music Theories 1

MUSIC 822 Historical Music Theories 2

MUSIC 911 Seminar in Musicology

MUSIC 923 Seminar in Notation

Eligible music theory courses include the following: <sup>7</sup>

MUSIC 523 Orchestration I

MUSIC 621 Renaissance Polyphony

MUSIC 622 Baroque Counterpoint

MUSIC 623 Form and Analysis

MUSIC 624 Form and Analysis II

MUSIC 821 Historical Music Theories 1

MUSIC 822 Historical Music Theories 2

MUSIC 823 Schenkerian Analysis

MUSIC 824 Post-tonal Analysis

MUSIC 921 Current Issues in Musical Thought 1

MUSIC 925 Topics in Music Analysis 1

MUSIC 926 Topics in Music Analysis 2

MUSIC 927 Seminar in Composition

**Language Proficiency**

Prior to graduation the voice and opera faculty must certify that a candidate has a level of proficiency in French, Italian, and German that is equivalent to successfully completing one semester of college-level coursework in all three languages plus a second of one of these languages (a total of four semesters of college-level study). The major professor in voice and the director of opera will determine proficiency through review of prior coursework and/or proficiency examination.

Consult the voice faculty and the director of graduate studies for information on ways in which the language proficiency requirement may be satisfied.

**Electives 2**

With advisor approval, choose courses in any department at the 300 level or above.

**Total Credits 34**

1

These paths are internal to the program and represent different specialties a student can follow to earn this degree. Path names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

All or part of this requirement may be waived, should the student's diction proficiency is satisfactory in certain languages. The voice faculty will review past diction study or administer a qualifying examination to determine proficiency.

3

Consult the graduate office or the voice faculty for information on the schedule for planned offerings of this course.

4

MUSIC 346 Repertoire (Topic: Vocal Repertoire) or equivalent is a prerequisite for this course.

5

Other ensembles may be eligible for this requirement, with voice faculty approval.

6

Other courses do not fulfill this requirement unless specifically approved by the musicology faculty.

7

Other courses do not fulfill this requirement unless specifically approved by the music theory faculty.

**Wind Conducting Path <sup>1</sup>**

Code	Title	Credits
<b>Conducting Applied Study</b>		<b>8</b>

2 semesters, 4 credits each

MUS PERF 532 Advanced Conducting

**Recital 4**

Enroll for this course in place of Master's Level Applied Study in the recital semester.

MUS PERF 990 Masters Recital <sup>2</sup>

**Conducting Laboratory 4**

4 semesters required

MUSIC 632 Graduate Instrumental Conducting Laboratory

**Large Performance Ensemble 2**

Select from the following. 2 semesters minimum required.

MUSIC 574 Wind Ensemble

MUSIC 576 Concert Band

**Musicology and Music Theory 9**

MUSIC 523 Orchestration I (required)

Among the remaining 6 credits, at least one course must be in Musicology. A total of 9 credits (including MUSIC 523, required) must be earned at UW-Madison. Eligible musicology courses include: <sup>3</sup>

MUSIC/  
FOLKLORE 401 Musical Cultures of the World

MUSIC/  
FOLKLORE 402 Musical Cultures of the World

MUSIC 405 Seminar: Cultural Study of Music

MUSIC 411 Survey of Music in the Middle Ages

MUSIC 412 Survey of Music in the Renaissance

MUSIC 413 Survey of Music in the Baroque Era

MUSIC 414 Survey of Music in the Classic Era

MUSIC 415 Survey of Music in the Romantic Era

MUSIC 416 Survey of Music in the Twentieth Century

MUSIC 419 Music in the United States

MUSIC 511 Historical Performance Practices

MUSIC 513 Survey of Opera
