Chosen in consultation with advisor.		
Dissertation Credits ¹		9
Total Credits		51

1

Students take a minimum of 9 dissertation credits (three semesters); in most cases four or more semesters of enrollment in dissertator credits is likely. Students enroll in dissertator credits in their advisor's department and will likely need to obtain authorization from the department to register. An advisor, under certain circumstances, may permit the student to replace the 3 dissertation credits with another 3-credit graduate course that directly supports the dissertation.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES PRIOR COURSEWORK

Graduate Work from Other Institutions

With program approval, students are allowed to count up to 6 credits of graduate coursework from other institutions. Coursework earned ten years or more prior to admission to the SLA Program is not allowed to satisfy requirements.

In addition, typically, students with prior graduate coursework at UW-Madison may only count up to 6 credits toward the SLA Program.

UW-Madison Undergraduate

Prior coursework from the UW-Madison undergraduate career may not be applied toward the program.

UW-Madison University Special

Prior coursework from the UW-Madison University Special student career may not be applied toward the program.

PROBATION

Those students not meeting satisfactory progress requirements (found in the Graduate Program Handbook) may be put on probation for a semester.

ADVISOR / COMMITTEE

Students are required to meet with their advisor at least once each semester to review their progress, select courses, and to discuss any outstanding issues or questions.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

Students must submit plans for completing the emphasis requirement and the language requirement for approval by the steering committee within their first year of the program.

Students typically complete all of the coursework requirements within two years of enrolling in the Program. Students are required to complete

all coursework and fulfill the language requirement before taking the preliminary examinations.

Students must take the preliminary examination within one semester of completing coursework.

Graduate School regulations require Ph.D. candidates to defend their dissertation five years from the date of passing their preliminary examinations.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeedisabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

OTHER

Students in the SLA program are typically funded through campus teaching assistantships, project assistantships or through fellowships. Contact the program for more details.

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

PROGRAM RESOURCES

Students in the SLA program benefit from a variety of professional development opportunities organized by students, faculty, and staff. A speaker series offers students the chance to interact with top scholars in the field. In addition, the program organizes workshops in such topics as designing research, publishing, and preparing to go on the job market. An annual graduate student symposium, organized in partnership with students in related programs on campus and other institutions, allows students to gain professional experience organizing a conference and presenting their research before audiences of peers and faculty members from the three institutions and across the country. In addition, Summer Research Partnerships provide opportunities for core faculty and students to work collaboratively on research projects. These collaborations have led to conference presentations and/or co-authored journal publications.

LEARNING OUTCOMES

1. Demonstrate a strong overall understanding of the scope of the discipline of SLA (e.g., the theories on which research in the field is based; the types of questions that researchers in SLA address; and the variety of techniques used to answer these questions). Demonstrate an in-depth understanding of theories and research findings related to their focal areas of interest.
2. Develop an original research plan that advances a specific area of SLA. Retrieve, evaluate, and interpret academic publications, and use this information to identify a gap in the extant research and to develop theoretical frameworks and research designs for their own research projects. Learn to design realistic and feasible research projects and to prepare necessary protocols.
3. Collect data following relevant protocols and analyze/interpret the resulting data. Reflect on the procedures and results of their own projects to identify strengths, limitations, and implications.
4. Develop skills for disseminating their research in a variety of professional venues and domains through both presentations and manuscript preparation.
5. Participate in and communicate effectively as members of a professional community. Seek opportunities to engage in service to the program, the university and/or the wider community.

PEOPLE

SLA Steering Committee - The interdisciplinary SLA Steering Committee (<https://sla.wisc.edu/steering-committee-members/>) is comprised of members from the units listed below.

African Cultural Studies: Professor Katrina Thompson

Asian Languages and Cultures: Associate Professor Naomi Geyer, Associate Professor Byung-Jin Lim and Professor Junko Mori

Curriculum and Instruction: Professor Margaret Hawkins, Associate Professor Mariana Pacheco, Assistant Professor Diego Roman, Professor Francois Tochon and Professor Kate Vieira

English: Assistant Professor Jacee Cho

French and Italian: Associate Professor Heather Allen

German, Nordic, and Slavic: Professor Monika Chavez and Professor Karen Evans-Romaine

Language Institute: Director Dianna Murphy

Spanish and Portuguese: Associate Professor Cathy Stafford

Staff: Kristin Dalby (Graduate Coordinator) and Skender Jahiu (Financial and Payroll Specialist)

LANGUAGE SCIENCES

DEGREES/MAJORS, DOCTORAL MINORS, GRADUATE/PROFESSIONAL CERTIFICATES

- Linguistics, Doctoral Minor (p. 1224)
- Linguistics, M.A. (p. 1224)
- Linguistics, Ph.D. (p. 1227)

PEOPLE

Please visit the Language Sciences website (<https://langsci.wisc.edu/faculty-academic-staff/>) for a complete list of our faculty and their areas of interest and expertise.

LINGUISTICS, DOCTORAL MINOR

The doctoral minor in Linguistics is open to Ph.D. students in other departments who wish to broaden their studies with exposure to formal training in linguistics.

Students may choose from a wide variety of courses in linguistic theory, historical linguistics, sociolinguistics, language documentation, and more, selected in consultation with the minor advisor.

ADMISSIONS

The Linguistics PhD Minor advisor is the Director of Language Sciences. Students wishing to complete a doctoral minor in Linguistics must consult with the minor advisor before any coursework commences. Courses completed before consultation with the minor advisor may be deemed ineligible to count toward the doctoral minor. See the People page for current Director contact information.

The Linguistics PhD Minor authorization form details the approved course plan. This form must be signed by the minor advisor and the student's major advisor.

All Graduate School students must utilize the Graduate Student Portal in MyUW to add, change, or discontinue any doctoral minor. To apply to this minor, log in to MyUW, click on Graduate Student Portal, and then click on Add/Change Programs. Select the Linguistics PhD Minor from the list to apply to the program. Upload the signed Linguistics PhD Minor authorization form as part of your application.

See the Language Sciences website (<https://langsci.wisc.edu/ph-d-minor/>) for more information and to download the minor authorization form.

REQUIREMENTS

The doctoral minor consists of 12 credits in Linguistics chosen in consultation with the Language Sciences Director, who is the minor advisor.

A doctoral minor program must be approved by the minor advisor before it commences. Students should make sure to consult with the minor advisor before taking any courses.

PEOPLE

Please visit the Language Sciences website (<https://langsci.wisc.edu/faculty-academic-staff/>) for a complete list of our faculty and their areas of interest and expertise.

LINGUISTICS, M.A.

The M.A. in linguistics is a non-admitting degree. Language Sciences admits students for the Ph.D. degree in linguistics (p. 1227), and awards a master of arts degree to students in a UW-Madison Ph.D. program upon the completion of the M.A. requirements. See the Linguistics Ph.D. program entry for details on admission to the Ph.D. program.

ADMISSIONS

This master's program is offered for work leading to the Ph.D. Students may not apply directly for the master's, and should instead see the admissions information for the Ph.D (<http://guide.wisc.edu/graduate/language-sciences/linguistics-phd/>).

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

All students admitted to the Ph.D. program are offered funding in the form of fellowships and teaching, research, or project assistantships. See the Linguistics Ph.D. funding page for additional details.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW–Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement	Detail
Minimum Credit Requirement	30 credits
Minimum Residence Credit Requirement	16 credits
Minimum Graduate Coursework Requirement	All linguistics courses must be completed in graduate-level coursework; courses with the Graduate Level Coursework attribute are identified and searchable in the university's Course Guide (https://registrar.wisc.edu/course-guide (https://registrar.wisc.edu/course-guide/)). This will be a total of at least 24 credits out of 30.
Overall Graduate GPA Requirement	3.00 GPA required.

Other Grade Requirements n/a

Assessments and Examinations Submit and defend one prelim paper by the end of the fourth semester. Contact the program for further details.

Language Requirements Knowledge of two languages is required. One must be English. The language requirements can be satisfied in multiple ways and the program should be contacted directly for further details.

REQUIRED COURSES

All required courses are to be chosen from courses offered by the Department of Language Sciences (<http://guide.wisc.edu/courses/linguis/>).

- four 300-level courses
- two 500-level courses
- LINGUIS 800 Research Methods and Materials
- one additional course at the 500 level or higher (except 800)
- two additional approved courses

Contact the department for a list of specific courses.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Work from Other Institutions

With program approval, students are allowed to count no more than 9 credits of graduate coursework from other institutions. Coursework earned five or more years prior to admission to a master's degree or earned ten years or more prior to admission to a doctoral degree is not allowed to satisfy requirements.

UW–Madison Undergraduate

No credits from a UW–Madison undergraduate degree are allowed to count toward the degree.

UW–Madison University Special

With program approval, students are allowed to count no more than 9 credits of coursework numbered 300 or above taken as a UW–Madison Special student. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

PROBATION

Probation is a warning to a student who is not making satisfactory progress in the Linguistics graduate program. Departmental probation for grades or failure to make satisfactory progress lasts for one academic year (two consecutive semesters), while probation for an unsatisfactory prelim paper or unfinished Incompletes lasts for one semester.

If a student on probation clears up the problem that led to probation within the time period allotted, nothing else happens, and the student can continue with the program.

If the student does not resolve the problem (e.g. raise the GPA or successfully complete a prelim), the student is dropped from the program at the end of the probationary period.

ADVISOR / COMMITTEE

Every graduate student must have an official faculty advisor. New students are assigned to the program director by default. By the end of the first year, students must decide whom they would like to work with, and must ask that person if they are willing to serve as advisor. If the faculty member agrees, the student is responsible for having the faculty member sign the advisor agreement form, and for making sure that it is placed in the student's file. All permanent faculty members in the Language Sciences program (including affiliated faculty but excluding visiting faculty) may serve as advisors. Faculty from outside Language Sciences may not serve as official advisors, although they may co-chair committees.

Every faculty member has the right to refuse to become a student's advisor. Every graduate student has the right to choose any faculty member as advisor, so long as the faculty member agrees. Students should also feel free to change advisors at any time, without fear of offending a faculty member. If a student changes advisors, a new advisor agreement form must be signed and filed, and the previous advisor must be notified by the student in writing.

The advisor guides the student in the choice of appropriate courses, in the planning of prelims and the dissertation, in choosing prelim committees and the dissertation committee, and in other professional matters. Students are reminded, however, that the fulfillment of departmental requirements is ultimately the student's responsibility.

Each semester, the student must consult in person with the advisor about courses for the following semester. Registration is blocked until this is done, and is only unblocked when the student turns in the relevant form to the department, signed by the advisor.

CREDITS PER TERM ALLOWED

15 credits

TIME CONSTRAINTS

The prelim paper must be completed by the end of the fourth semester.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeedisabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

OTHER

Fulltime enrollment is assumed in order to satisfy requirements on satisfactory progress as defined in the graduate student handbook.

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

1. Articulates, critiques, or elaborates the theories, research methods, and approaches to inquiry or schools of practice in the field of linguistics.
2. Identifies sources of data and assembles evidence pertaining to questions or challenges in the field of linguistics.
3. Demonstrates understanding of linguistics in a historical, social, or global context.
4. Selects and/or utilizes the most appropriate methodologies and practices.
5. Evaluates or synthesizes information pertaining to questions or challenges in the field of linguistics.
6. Communicates clearly in ways appropriate to the field of linguistics.
7. Recognizes and applies principles of ethical and professional conduct.

PEOPLE

Please visit the Language Sciences website (<https://langsci.wisc.edu/faculty-academic-staff/>) for a complete list of our faculty and their areas of interest and expertise.

LINGUISTICS, PH.D.

Language Sciences at UW–Madison is an interdisciplinary hub that houses the Ph.D. program in Linguistics. Students in this program earn a master of arts degree along the way to the Ph.D.—no stand-alone M.A. program is offered.

The Linguistics Ph.D. program focuses on research in formal theories of language (encompassing cross-linguistic studies in syntax, phonology, and morphology) and the documentation and revitalization of American Indian languages. Our program combines strong theoretical groundwork with opportunities in a diverse range of experimental and innovative research methodologies. Participating faculty come from Language Sciences itself as well as from related cognitive science and language departments across campus. In addition to core areas of linguistic theory, our faculty have expertise in first and second language acquisition, psycholinguistics, historical linguistics, dialect studies, and the linguistics of particular languages or cultural areas, such as Spanish and Latin American, East Asian, and Germanic. Students have access to courses, faculty advising, and research opportunities in all of these areas. Students work closely with their graduate advisors in establishing their own areas of specialization and in working out a coherent program within this larger framework.

The ideal candidate will have a Bachelor's degree in Linguistics, a foreign language, or a related cognitive science, and a strong desire to use scientific methods of inquiry to push the boundaries of our understanding of how human language works.

Visit the Language Sciences Research page (<https://langsci.wisc.edu/research/>) for more information about the diverse linguistics research labs at UW–Madison. Language Sciences also maintains a phonetics laboratory for teaching and research in experimental and acoustic phonetics.

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 23
Spring Deadline	The program does not admit in the spring.
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements (https://grad.wisc.edu/apply/requirements/#english-proficiency).

Other Test(s) (e.g., GMAT, MCAT)	n/a
----------------------------------	-----

Letters of Recommendation Required	3
------------------------------------	---

The department admits only students whose goal is the Ph.D. degree in linguistics. Admission to the Ph.D. program does not require an undergraduate degree in linguistics. Admission is based on the applicant's personal statement, three letters of recommendation, English proficiency scores if applicable, and transcripts of prior academic work. The personal statement is considered carefully to ensure that the applicant's goals are compatible with the program offered by the department.

The department admits new Ph.D. students for fall term only. The deadline for receipt of all materials is December 23.

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

All students admitted to the Linguistics Ph.D. program are offered a full funding package, which typically consists a fellowship for the first year, and some combination of teaching, project, or research assistantships in subsequent years. Students who enter the program with a Master's degree and relevant teaching experience may be eligible for teaching assistantships in the first year of graduate study. Fellowships and assistantships include tuition remission as well as a stipend, and access to benefits including health insurance.

Fellowships: Fellowships are administered through the Graduate School, and all new applicants to the Linguistics Ph.D. program are automatically considered, including both domestic and international applicants. Advanced Opportunity Fellowships are also available for students from underrepresented populations who are U.S. citizens or permanent residents.

Teaching Assistantships: Language Sciences currently supports teaching assistantships for LINGUIS 101 Human Language, usually awarded to graduate students after their first year of study. Our students frequently serve as teaching assistants in other departments as well, such as English or foreign language departments, depending on the student's academic experience and particular skill set.

Project and Research Assistantships: Students awarded a project or research assistantship work closely with a particular professor to aid in their research. The availability of these positions varies from year to year, and will typically be most appropriate for students who are more advanced in the program.

Outside Grants and Scholarships: Graduate students may apply for their own funding directly as well, such as Foreign Languages & Areas Studies (FLAS) Fellowships (<https://flas.wisc.edu/Languages.html>) and National Science Foundation Grants (https://www.nsf.gov/funding/pgm_summ.jsp?pims_id=5408&org=SBE&sel_org=SBE&from=fund).

These programs are most appropriate for students who are advanced in the program. The student's faculty advisor will work with the student to determine whether an outside grant is available that matches the student's research program.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW–Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail	
Minimum Credit Requirement	54 credits
Minimum Residence Credit Requirement	32 credits
Minimum Graduate Coursework Requirement	All linguistics courses must be completed in graduate-level coursework; this will be a total of at least 42 credits out of 54. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) Requirement Policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/)
Overall Graduate GPA Requirement	3.00 GPA required. This program follows the Graduate School's policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).

Other Grade Requirements Students must maintain a GPA of 3.67 in required Linguistics courses after the third semester.

Assessments and Examinations Submit and defend on two prelim papers. One by the end of the fourth semester and the other by the end of the eighth semester. Contact the program for further details.

Language Requirements Knowledge of three languages is required. One must be English. The second must be a non-Indo-European language or a modern Indic language. The third is determined in consultation with the advisor according to the student's research goals. Students must complete their language requirements before their second prelim exam. The language requirements can be satisfied in multiple ways and the program should be contacted directly for further details.

Graduate School Breadth Requirements A 12-credit or more minor or graduate/professional certificate that is approved by the student's advisor is required.

REQUIRED COURSES

Code	Title	Credits
LINGUIS 310	Phonology	3
LINGUIS 322	Morphology	3

Seminars

Take 3 seminars (must be 3 credits each) from the following (may repeat the same course number for credit):

LINGUIS 977 Seminar

Thesis

Take at least 3 semesters of Thesis (must be 3 credits each) as a dissertator:

LINGUIS 990 Thesis

Breadth 12
Total Credits 54

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES PRIOR COURSEWORK

Graduate Work from Other Institutions

With program approval, students are allowed to count no more than 9 credits of graduate coursework from other institutions. Coursework earned

five or more years prior to admission to a master's degree or earned ten years or more prior to admission to a doctoral degree is not allowed to satisfy requirements.

UW–Madison Undergraduate

No credits from a UW–Madison undergraduate degree are allowed to count toward the degree.

UW–Madison University Special

With program approval, students are allowed to count no more than 9 credits of coursework numbered 300 or above taken as a UW–Madison Special student. Coursework earned ten years or more prior to admission to a doctoral degree is not allowed to satisfy requirements.

PROBATION

Probation is a warning to a student who is not making satisfactory progress in the Linguistics graduate program. Departmental probation for grades or failure to make satisfactory progress lasts for one academic year (two consecutive semesters), while probation for an unsatisfactory prelim paper or unfinished Incompletes lasts for one semester.

If a student on probation clears up the problem that led to probation within the time period allotted, nothing else happens, and the student can continue with the program.

If the student does not resolve the problem (e.g., raise the GPA or successfully complete a prelim), the student is dropped from the program at the end of the probationary period.

ADVISOR / COMMITTEE

Every graduate student must have an official faculty advisor. New students are assigned to the program director by default. By the end of the first year, students must decide whom they would like to work with, and must ask that person if they are willing to serve as advisor. If the faculty member agrees, the student is responsible for having the faculty member sign the advisor agreement form, and for making sure that it is placed in the student's file. All permanent faculty members in the Language Sciences program (including affiliated faculty but excluding visiting faculty) may serve as advisors. Faculty from outside Language Sciences may not serve as official advisors, although they may co-chair committees.

Every faculty member has the right to refuse to become a student's advisor. Every graduate student has the right to choose any faculty member as advisor, so long as the faculty member agrees. Students should also feel free to change advisors at any time, without fear of offending a faculty member. If a student changes advisors, a new advisor agreement form must be signed and filed, and the previous advisor must be notified by the student in writing.

The advisor guides the student in the choice of appropriate courses, in the planning of prelims and the dissertation, in choosing prelim committees and the dissertation committee, and in other professional matters. Students are reminded, however, that the fulfillment of departmental requirements is ultimately the student's responsibility.

Each semester, the student must consult in person with the advisor about courses for the following semester. Registration is blocked until this is done, and is only unblocked when the student turns in the relevant form to the department, signed by the advisor.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

The first prelim paper must be completed by the fourth semester, the second prelim paper must be completed by the eighth semester, all language and course requirements must be completed by the end of the semester in which the second prelim paper is defended, and a dissertation proposal must be submitted and defended within two weeks of the defense of the second prelim paper.

- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

OTHER

Full-time enrollment is assumed in order to satisfy requirements on satisfactory progress as defined in the graduate student handbook.

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

1. Articulates research problems, potentials, and limits with respect to theory, knowledge, or practice within the field of linguistics.
2. Formulates ideas, concepts, designs, and/or techniques beyond the current boundaries of knowledge within linguistics.
3. Creates research that makes a substantive contribution to the understanding of human language.
4. Demonstrates breadth within their learning experiences.
5. Advances contributions of the field of linguistics to society.
6. Communicates complex ideas in a clear and understandable manner.
7. Fosters ethical and professional conduct.

PEOPLE

Please visit the Language Sciences website (<https://langsci.wisc.edu/faculty-academic-staff/>) for a complete list of our faculty and their areas of interest and expertise.

LAW - SCHOOL-WIDE

DEGREES/MAJORS, DOCTORAL MINORS, GRADUATE/PROFESSIONAL CERTIFICATES

- Consumer Health Advocacy, Graduate/Professional Certificate (p. 1230)
- Law, Doctoral Minor (p. 1231)

CONSUMER HEALTH ADVOCACY, GRADUATE/PROFESSIONAL CERTIFICATE

The Consumer Health Advocacy certificate program at the Center for Patient Partnerships educates a diversity of learners interested in health advocacy. Students around the country come to this interdisciplinary health advocacy center to learn critical health advocacy skills while helping patients navigate the complex health care system.

The Center for Patient Partnerships is a national resource for strengthening the consumer perspective in health care. We have graduate students from Law, Medicine, Pharmacy, Physician Assistant, Physical Therapy, Public Health, Social Work, Gender and Women's Studies, Engineering, and others participating in our certificate program.

Additional opportunities are available in patient experience research and organizational and legislative policy advocacy through student-led "case to cause" projects.

Click on the Requirements tab on the right side navigation bar for general program requirements.

***The certificate requirements differ based on your discipline.**

Please email learning@cpp.wisc.edu to talk to an advisor.

ADMISSIONS

All currently enrolled graduate students at UW–Madison are eligible to pursue this certificate program. We do not require any health care knowledge/background.

Please email learning@patientpartnerships.org or call 608-263-7736 to schedule an advising session to get started.

REQUIREMENTS

Code	Title	Credits
Required Courses		
LAW/MED SC-M/ NURSING 768	Consumer Health Advocacy and Patient-Centered Care Clinical (Topic: Applied Advocacy Experience Introduction)	1-7
LAW/MED SC-M/ NURSING 768	Consumer Health Advocacy and Patient-Centered Care Clinical (Topic: Applied Advocacy Experience Advanced)	1-7

PUBLHLTH 780	Evidence-Based Decision-Making	3
SOC WORK 875	Health, Aging, and Disability Policy and Services	2

1

Courses in this elective area address fundamental substantive knowledge and critical thinking relevant to complex legal, regulatory, or ethical matters health advocates will face.

2

Courses in this elective area address fundamental substantive knowledge and critical thinking regarding health care financing and economics. *Students who choose this elective are required to discuss their course selection with a Certificate Advisor and the chosen course faculty; standard pre-requisites apply.*

3

Courses in this elective area address fundamental substantive knowledge and critical thinking regarding health policy, management, or public health issues.

LEARNING OUTCOMES

1. Develop advocacy capacity that emphasizes patient empowerment.
2. Develop critical health advocacy competencies including communication, collaborative decision making, cultural humility, and ethics.
3. Experience the discipline of advocacy from a case-based perspective, and explore how various key advocacy roles can be useful in specific situations.
4. Gain familiarity with the U. S. health care delivery system and the systemic problems that give rise to the need for advocacy at the individual organizational and policy levels.

LAW, DOCTORAL MINOR

Coursework in the Law School may be offered as a minor toward the doctoral degree. Only enrolled non-dissertator Ph.D. students can pursue a doctoral minor in Law. There is no process for applying for a law minor; the minor is not officially recorded on the student's transcript until the minor is completed and the doctoral degree is conferred.

See Courses & Schedules (<http://www.law.wisc.edu/academics/courses/>) for information on Law School courses.

ADMISSIONS

There is no process for applying for a law minor; the minor is not officially recorded on the student's transcript until the minor is completed and the doctoral degree is conferred.

To enroll in Law classes, review the Law School Course Schedule (<http://law.wisc.edu/academics/courses/>) and select the desired course(s). Contact the instructor directly explaining the interest in the class and then forward the instructor's permission to registrar@law.wisc.edu. Authorization will be entered for enrollment in the course and the student will be notified when s/he is able to enroll.

When 10 law credits for the law minor are complete, contact the Law Registrar at registrar@law.wisc.edu or 608-262-0050. The Law Registrar will verify your courses, credits, and grades, and sign off on the minor.

REQUIREMENTS

For a minor in law, doctoral candidates must complete 10 credits. The minimum grade requirement is a weighted average of B (on the university, not Law School, grade scale).

Only enrolled non-dissertator Ph.D. students can pursue a doctoral minor in Law. There is no process for applying for a law minor; the minor is not officially recorded on the student's transcript until the minor is completed and the doctoral degree is conferred.

See Courses & Schedules (<http://www.law.wisc.edu/academics/courses/>) for information on Law School courses. To enroll in Law classes, select the desired course(s) and contact the instructor directly explaining the interest in the class. Then forward the instructor's permission to registrar@law.wisc.edu. Authorization will be entered for enrollment in the course.

When 10 law credits for the law minor are complete, contact the Law Registrar at registrar@law.wisc.edu or 608-262-0050. The Law Registrar will verify your courses, credits and grades and sign off on the minor.

PEOPLE

LIFE SCIENCES COMMUNICATION, DOCTORAL MINOR

The Department of Life Sciences Communication is a world leader in science communication research, education, and practice. The doctoral minor in Life Sciences Communication allows students enrolled in doctoral programs from the biological and physical sciences, as well as interested students from other social science and humanities departments, to supplement their existing doctoral coursework with a transcriptable minor in Life Sciences Communication.

A doctoral minor in Life Sciences Communication is particularly valuable for graduate students in the natural and physical sciences who are interested in the ethical, legal, and social implications of emerging technologies, or who want to build an intellectual foundation for a future career in policy or various mission agencies (e.g., AAAS policy fellowships) dealing with public understanding and communication of science. Many students from these fields routinely take classes in our department, and a doctoral minor allows them to get formal recognition for their doctoral-level work in this area.

More information may be found on the department website (<https://lsc.wisc.edu/>).

ADMISSIONS

This doctoral minor is open to any UW-Madison student enrolled in a doctoral program outside of LSC. Students can declare their intent to pursue the minor by completing the Add/Change/Discontinue application process through the Graduate Student Portal (found in MyUW) and selecting the Life Sciences Communication doctoral minor. Students are strongly encouraged to contact LSC's academic advising manager or Director of Graduate Studies (see Contact Information box on this page for emails) to discuss course planning.

Students are not allowed to earn both the doctoral minor in life sciences communication and science communication graduate/professional certificate.

REQUIREMENTS

The doctoral minor in Life Sciences Communication is a course-based minor (10 credits) for students enrolled in other Ph.D. programs who would like to supplement their existing Ph.D. coursework with a minor in science communication.

Courses must be at the 300 level or above and should have the graduate attribute to count toward the minimum graduate coursework (50%) rule.

A minimum cumulative GPA of a 3.5 in LSC Doctoral Minor coursework is required.

Contact the academic advising manager to discuss course selection for the minor.

Code	Title	Credits
Required Courses		
LSC 700	Colloquium in Life Sciences Communication	1

LIFE SCIENCES COMMUNICATION, M.S.

The Department of Life Sciences Communication is a world leader in science communication research, education and practice. We offer a master's degree with the opportunity to pursue either a research/thesis pathway or professional course-based pathway.

The professional pathway is a course-based program that is designed to prepare students for professional careers in life sciences communication and related fields. Students in this pathway will not usually pursue a Ph.D. program in the future. In fact, many doctoral programs (including Life Sciences Communication) do not accept a non-thesis master's as a criterion for admission to their Ph.D. program.

Teaching and research in the department focus on science communication in the areas of emerging technologies, bioenergy, environment, agriculture, health, and food.

The M.S. in Life Sciences Communication graduate program provides advanced professional training in communication and preparation for communication research and teaching. Students in the professional pathway M.S. program are studying for careers in fields such as consulting, policy, journalism, strategic communication, marketing and market research, particularly in science-related fields.

For more information on the types of research our faculty and students are doing, where our M.S. alumni are now, and additional details about the program, please visit the Life Sciences Communication website (<http://lsc.wisc.edu/>).

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	May 15
Spring Deadline	October 15
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements (https://grad.wisc.edu/apply/requirements/#english-proficiency).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

Admissions deadlines:

For spring admission: October 15

For fall admission: May 15

In order to be eligible for various fellowships and teaching assistantships, early application is recommended.

Students must meet the minimum requirements for admission (<https://grad.wisc.edu/admissions/requirements/>) set by the Graduate School. Applicants must submit:

- An online application
- Official GRE scores
- A statement of purpose
- Official transcripts from all previously attended institutions
- A CV/resume
- Three letters of recommendation. Letters of recommendation should come from people who can speak to the scholarly abilities of the applicant.
- International applicants are required to take and attain a satisfactory score on the Test of English as a Foreign Language (TOEFL), or the International English Language Testing System (IELTS) exam.

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Financial support is available for graduate students in LSC. Historically, nearly all of our graduate students have been funded through assistantships—either in our department, working under the direction of one of our faculty members, or in one of numerous other departments and programs that regularly look to LSC to provide them with students with strong communication skills.

Assistantships

Most graduate students who receive support serve as teaching, research, or project assistants. Assistantships are typically part-time positions that pay a monthly stipend. Additionally, positions that are 33.33% or more (based on a 40-hour work week) provide tuition remission for the student and make the student eligible for comprehensive health insurance coverage.

Graduate students in the Department of Life Sciences Communication will be eligible for full consideration for LSC teaching assistant positions if they are in good academic standing (two years for M.S. students, three years for Ph.D. students). Preference is given to students who have not exceeded those limits, but all students in good standing are welcome to apply. Students pursuing double degrees will be evaluated on a case-by-case basis.

Fellowships

The department nominates its most competitive graduate applicants for fellowship awards including the Advanced Opportunity Fellowships (AOFs) (<http://www.cals.wisc.edu/gradstudies/scholarships/>) and Wisconsin Distinguished Graduate Fellowships (WDGF), among others.

Financial Aid

Students who are US citizens or Permanent Residents can apply for Federal Stafford Loans (subsidized and unsubsidized) and for Federal Work-Study through the Office of Student Financial Aid (OSFA (<https://financialaid.wisc.edu/>)). Eligibility is based on financial need. OSFA also offers information on the cost of attendance.

Short-term loans (<http://finaid.wisc.edu/159.htm>) are available on a limited basis. They are given only to assist in unanticipated emergency situations and must be repaid within the semester in which they are borrowed.

Hourly Employment

Other employment opportunities are available both on campus and in the community. Student job opportunities can be found on the Student Job Center website (<http://jobcenter.wisc.edu/>).

Travel and Professional Development Grants

Every student is encouraged to apply for the Graduate School's Student Research Grants Competition (<https://grad.wisc.edu/diversity/summer-research-opportunity-program/>) each year. These grants are intended to support both Conference Presentation Funds and Research Travel Awards.

It is critical that students plan to apply early and follow campus travel policies for transportation and travel.

Also, graduate students in LSC can apply for financial support from the department for travel to academic conferences. Students can apply for up to \$1,000 for international travel and up to \$500 for domestic travel. More information is provided to students via e-mail during the application cycles.

Scholarships

LSC also encourages students to apply annually for college and departmental scholarships through the Wisconsin Scholarship Hub (WiSH) (https://wisc.academicworks.com/users/sign_in/).

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW–Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail

Minimum	30 credits
Credit Requirement	

Minimum	30 credits
Residence	
Credit Requirement	

Minimum Graduate Coursework Requirement	15 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy (https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/)).
Overall Graduate GPA Requirement	3.50 GPA required.
Other Grade Requirements	Students must earn a B or above in all coursework to count it toward the 30-credit total.
Assessments and Examinations	The research/thesis track requires a formal thesis and oral defense; the professional track requires a comprehensive report or course narrative, and presentation at the culmination of coursework.
Language Requirements	No language requirements.

REQUIRED COURSES

The M.S. has two pathways students can follow: a thesis-pathway master's degree and a professional-pathway master's degree¹. The thesis-based master's degree requires 30 credits (six of which can be LSC 990 (<https://guide.wisc.edu/search/?P=LSC%20990>) Research credits) and a thesis based on original research. The professional pathway is a course-based master's degree that requires 30 credits and culminates in a course narrative report and presentation. Students in the professional pathway will usually not pursue a Ph.D. program in the future. In fact, many doctoral programs (including LSC) do not accept a non-thesis master's as a criterion for admission to their Ph.D. program. Students choose their pathway during the program application process.

Coursework includes a required colloquium in LSC, a science communication theory course, a research methods course, and a graduate-level statistics course. The remaining credits can include classes in science communication and other areas based on a student's academic and career goals. For example, a student wishing to become an environmental reporter might take courses in environmental studies. A student interested in health communication might take a nutrition or preventive medicine course. However, the complete program must have coherence and focus, and students should discuss all courses with their advisor prior to enrollment.

Code	Title	Credits
LSC 700	Colloquium in Life Sciences Communication	1
Science Communication Theory		3
LSC 720	Introduction to Communication Theory and Research	
or LSC 902	Public Opinion of Life Science Issues	
Research Methods ²		3-4
Graduate Level Statistics ³		3-4
Electives Based on Academic & Career Goals ⁴		20
Total Credits		30-32

1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

Course to be selected in consultation with your advisor. Examples of courses that may fulfill this requirement include: COM ARTS 762, ED PSYCH/COUN PSY/CURRIC/ED POL/ELPA/RP & SE 719, JOURN 658, JOURN/LSC 811, JOURN 812, SOC/C&E SOC 750, SOC 751, or SOC 752.

3

Course to be selected in consultation with your advisor. Examples of courses that may fulfill this requirement include: ED PSYCH 760, ED PSYCH 761, LSC 660, SOC/C&E SOC 360, or SOC/C&E SOC 361.

4

Courses selected in consultation with your advisor to create a cohesive program of study. Thesis-pathway students may count up to 6 credits of LSC 990 Research toward their electives to reach the 30 credits required for the program. Students may count up to two colloquia (including LSC 700) toward the 30 credit requirement for the program.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Work from Other Institutions

No credits from graduate work from other institutions are allowed to count toward the degree.

UW–Madison Undergraduate

No credits from a UW–Madison undergraduate degree are allowed to count toward the degree.

UW–Madison University Special

A student's program may decide to transfer up to six University Special student credits numbered 300 or above. However, these credits would not be allowed to count toward the 50% graduate coursework minimum or toward courses required by the program. The credits will be noted on the transcript in the graduate career as transfer credits, but the courses will remain in the University Special student career.

PROBATION

This program follows the Graduate School's Probation policy. (<https://policy.wisc.edu/library/UW-1217/>)

ADVISOR / COMMITTEE

All students are required to meet with their advisor a minimum of once per semester.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

Students who pursue a thesis-pathway master's degree will have a limit of four semesters (including summers) during which they can enroll in LSC 990 Research credits. Students who have not defended their thesis at the end of the fourth semester in which they are enrolled in LSC 990 will be awarded a professional pathway master's degree, assuming they have completed all the requirements for the degree.

This program follows the Graduate School's Time Limits policy. (<https://policy.wisc.edu/library/UW-1221/>)

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeedisabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Grievance Procedures

Students who feel that they have been treated unfairly have the right to a prompt hearing of their grievance. Such complaints may involve course grades, classroom treatment, various forms of harassment, or other issues. Any student or potential student may use these procedures except those graduate assistants whose complaint is covered by campus policies for teaching assistants.

Procedures for student grievances:

- The student should speak first with the person toward whom the grievance is directed. In most cases, grievances can be resolved at this level.

- If this conversation does not yield satisfactory results, the student should consult with the Director of Graduate Studies in the student's home department.
- Should a satisfactory resolution not be achieved at that level, the student should contact their program's Grievance Advisor to discuss the grievance. The Graduate Program Coordinator can provide students with the name of this faculty member, who facilitates problem resolution through informal channels. The Grievance Advisor is responsible for facilitating any complaints or issues of students. The Grievance Advisor first attempts to help students informally address the grievance prior to any formal complaint. Students are also encouraged to talk with their faculty advisors regarding concerns or difficulties if necessary. University resources for sexual harassment concerns can be found on the Office of Compliance website.
- If the issue is not resolved to the student's satisfaction the student can submit the grievance to the Grievance Advisor in writing, within 60 calendar days of the alleged unfair treatment.
- On receipt of a written complaint, a faculty committee will be convened by the Grievance Advisor to manage the grievance. The program faculty committee will obtain a written response from the person toward whom the complaint is directed. This response will be shared with the person filing the grievance.
- The faculty committee will determine a decision regarding the grievance. The Grievance Advisor will report on the action taken by the committee in writing to both the student and the party toward whom the complaint was directed within 15 working days from the date the complaint was received.
- At this point, if either party (the student or the person toward whom the grievance is directed) is unsatisfied with the decision of the faculty committee, the party may file a written appeal. Either party has 10 working days to file a written appeal to the College.
- Documentation of the grievance will be stored for at least 7 years. Significant grievances that set a precedent will be stored indefinitely.

The Graduate School has established policies governing student conduct, academic dishonesty, and sexual and racial harassment. The Graduate School also has procedures for students wishing to appeal a grievance decision made at the college level. These policies are described in the Academic Guidelines.

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

1. Articulate research problems, potentials, and limits with respect to theory, knowledge, and practice within the field of study.

Demonstrating knowledge of the theories, concepts, frameworks, empirical findings, and controversies in the field.

- Identifies sources and assembles evidence pertaining to questions or challenges in the field of study.
- Demonstrates understanding of the primary field of study in a historical, social, or global context.
- Selects and/or utilizes the most appropriate methodologies, tools, and practices.
- Evaluates or synthesizes information pertaining to questions or challenges in the field of study.
- Communicates complex ideas effectively across different audiences.
- Recognizes, fosters, and applies principles of ethical and professional conduct.

SCIENCE COMMUNICATION, GRADUATE/PROFESSIONAL CERTIFICATE

The Department of Life Sciences Communication (LSC) is a world leader in science communication research, education, and practice. The Certificate in Science Communication allows students enrolled in any graduate or professional program at UW-Madison to supplement their existing graduate coursework with a transcriptable certificate in science communication. The certificate is appropriate not only for students in the physical sciences, biological sciences, and engineering fields, but also for students in professional degree programs (law, veterinary medicine, etc.).

Graduate students interested in the ethical, legal, and social implications of emerging technologies, or who want to build an intellectual foundation for a future career in policy or various mission agencies (e.g., AAAS policy fellowships) dealing with public understanding and communication of science will find this certificate particularly valuable.

More information may be found on the department website (<https://lsc.wisc.edu/>).

ADMISSIONS

This certificate is open to any UW-Madison student enrolled in a graduate level program outside of LSC (GRAD, LAW, MED, PHARM,

VMED). Students can declare their intent to pursue the certificate by completing the Add/Change/Discontinue application process (<https://grad.wisc.edu/documents/change-program/>) through the Graduate Student Portal (found in MyUW) and selecting the Certificate in Science Communication. Students are strongly encouraged to contact LSC's academic advising manager or Director of Graduate Studies (see Contact Information box on this page for emails) to discuss course planning.

Students are not allowed to earn both the science communication graduate certificate and doctoral minor in life sciences communication.

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

REQUIREMENTS

- Total credits required: 10
- Minimum cumulative GPA of 3.5 or higher in all LSC courses
- Courses must be at the 300 level or above and must have the graduate attribute to count toward the minimum graduate coursework (50%) rule.
- Previous coursework from other institutions and undergraduate coursework at UW-Madison cannot be counted toward the certificate.

Code	Title	Credits
<i>Core Courses</i>		<i>4</i>

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

1. Communicate complex ideas effectively across different audiences, including underrepresented or particularly vulnerable audiences.
2. Select and utilize the most appropriate theories, methodologies, tools, and practices to communicate about science.
3. Collect relevant evidence designed to answer questions related to scientific challenges faced by industry, universities, and non-profits.
4. Discuss some of the ethical, legal, and social implications of science.

BUSINESS: ARTS ADMINISTRATION, MBA

Admissions to the Business: Arts Administration MBA will be suspended as of fall 2022 and will be discontinued as of fall 2024. If you have any questions, please contact the department.

Founded in 1900, the School of Business established one of the first five business programs in the nation. That entrepreneurial spirit remains strong.

As a student in the School of Business, you will find yourself inspired by peers, staff, alumni, business leaders, and world-renowned faculty who are focused, collaborative, and engaged in every aspect of the student experience. You will join a highly ranked program that equips you to meet both academic and career challenges. Employers value School of Business graduates because of the comprehensive preparation this learning environment provides. Graduates possess highly sought-after general management and specialized expertise in business.

Joining collaborative, inspiring, trustworthy, and progressive School of Business alumni, Business Badgers graduate prepared to lead their organizations to success and transform the world of business. Together Forward!

For more than four decades, the MBA in Business: Arts Administration has been the graduate degree program of choice for high-potential arts and cultural managers seeking intensive training in business, an immersion in strategic and innovative thinking, and a broad and dynamic knowledge of nonprofit cultural management. The degree has delivered on that promise through its world-class business curriculum, continual interaction with leading practitioners, and hands-on work experiences for every student. See the program website (<https://business.wisc.edu/centers/bolz/>) for more information.

ADMISSIONS

Admission consideration for the MBA program requires a four-year undergraduate degree or the equivalent, in any discipline, from an accredited institution. The School of Business seeks a minimum of two years of full-time work experience along with a strong undergraduate performance. In addition to academic credentials, GMAT scores, and work experience, personal achievements, motivation, communication skills (written and oral), international exposure, and recommendation letters are considered in the admission process at both the master's and doctoral levels.

Note: The Graduate Management Admission Test (GMAT), taken within five years of the starting term, is required of all applicants to the School of Business; the Graduate Record Exam (GRE) may be an acceptable alternative on a case-by-case basis. All applicants whose native language is not English must submit scores from the Test of English as a Foreign Language (TOEFL), the Pearson Test of English (PTE), Intensive English as a Second Language (IELTS) or show the completion of an Interlink program. A minimum iBT TOEFL score of 100 or equivalent, obtained within two years of the intended start term, is required. International applicants who have completed a degree at an institution whose primary language of instruction was English may request a waiver of this requirement on the application.

HOW TO APPLY

Students interested in Business degrees do not apply through the Graduate School application system and should instead refer to the School of Business Admissions page. (<https://business.wisc.edu/graduate/mba/full-time/admissions/>)

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Learn about costs and financial assistance on the program website (<https://business.wisc.edu/graduate/mba/full-time/tuition/>).

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW-Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail	
Minimum Credit Requirement	56 credits
Minimum Residence Credit Requirement	56 credits
Minimum Graduate Coursework Requirement	46 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy (https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/)).
Overall Graduate GPA Requirement	3.00 GPA required. This program follows the Graduate School's policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	n/a
Assessments and Examinations	No required assessments or examinations beyond course requirements.
Language Requirements	No language requirements.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Work from Other Institutions

No credits of prior coursework are allowed to satisfy requirements.

UW–Madison Undergraduate

No credits from a UW–Madison undergraduate degree are allowed to count toward the degree.

UW–Madison University Special

No credits of prior coursework are allowed to satisfy requirements.

PROBATION

This program follows the Graduate School's Probation policy. (<https://policy.wisc.edu/library/UW-1217/>)

ADVISOR / COMMITTEE

This program follows the Graduate School's Advisor policy (<https://policy.wisc.edu/library/UW-1232/>) and the Graduate School's Committees policy (<https://policy.wisc.edu/library/UW-1201/>).

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

This program follows the Graduate School's Time Limits policy (<https://policy.wisc.edu/library/UW-1221/>).

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Any student who feels that they have been mistreated by a faculty or staff member has the right to lodge a complaint. Complaints may concern course grades, classroom treatment, program admission, or other issues. To ensure a prompt and fair hearing of any complaint and to protect both the student's rights and the person at whom the

complaint is addressed, the grievance procedures below are used in the School of Business.

The person whom the complaint is directed against must be an employee of the School of Business. Any student or potential student may use these procedures unless other campus rules or contracts cover the complaint:

1. If the student feels comfortable/safe doing so, the student should first talk with the person against whom the grievance is directed. Most issues can be settled at this level. If the complaint is directed against a teaching assistant (TA) and the student is not satisfied after discussion of the grievance with the TA, the next step would be to talk to the TA's supervisor, who is usually the course professor. If the complaint is still not resolved satisfactorily, the student may continue to step 2.
2. If the complaint involves an academic department, the student should contact the chair of the department. The chair will attempt to resolve the problem informally. If this cannot be done to the student's satisfaction, the student may submit the grievance to the chair in writing. This must be done within 60 calendar days of the alleged unfair treatment.
 - a. If the complaint does not involve an academic department, the procedure outlined in Step 4 below should be followed.
3. On receipt of a written complaint, the chair will refer the matter to a departmental committee, which will obtain a written response from the person at whom the complaint is directed. This response shall be shared with the person filing the grievance. The chair will provide a written decision within 30 days to the student on the action taken by the committee.
4. If either party is not satisfied with the decision, they have five working days from receipt of the decision to contact the dean's office (at the number below), indicating the intention to appeal. If the complaint does not involve an academic department in the school, the student must contact the dean's office within 60 calendar days of the alleged unfair treatment.
5. In either case, there will be an attempt to resolve the issue informally by the appropriate associate dean. If this cannot be done, the complaint can be filed in writing with the Office of the Dean. This must be done within 10 working days of the time the appealing party was notified that informal resolution was unsuccessful.
6. On receipt of such a written complaint, the Chief Diversity and Inclusion Officer will convene a subcommittee of relevant stakeholders pending the nature of the issue. This subcommittee may ask for additional information from the parties involved and may hold a hearing at which both parties will be asked to speak separately. The subcommittee will then make a written recommendation to the dean of the School of Business who will render a decision. Unless a longer time is negotiated, this written decision shall be made within 20 working days from when the grievance was filed with the Office of the Dean.

Questions about these procedures can be directed to the School of Business, Office of the Dean, 4339 Grainger, 975 University Avenue, 608-262-7867.

State law contains additional provisions regarding discrimination and harassment. Wisconsin Statutes 36.12 reads, in part: "No student may be denied admission to, participation in or the benefits of, or be discriminated against in any service, program, course or facility of the system or its institutions or center because of the student's race, color, creed, religion, sex, national origin, disability, ancestry, age, sexual

orientation, pregnancy, marital status or parental status." In addition, UW-System prohibits discrimination based on gender identity or gender expression. Students have the right to file discrimination and harassment complaints with the Office of Compliance, 361 Bascom Hall, 608-265-6018, uwcomplianceoffice@wisc.edu.

The Graduate School has procedures for students wishing to appeal a grievance decision at the school/college level. These policies are described in the Graduate School's Academic Policies and Procedures: <https://grad.wisc.edu/documents/grievances-and-appeals/>

OTHER

Students must be enrolled full-time.

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

1. Apply foundational knowledge in arts and core business topics to arts and/or nonprofit contexts that include evidence-based analysis, cultural sensitivity, artistic integrity, and appreciation for the research foundations of their work.
2. Create, communicate, and execute a strategic plan with mission-based outcomes that relies on research-based evidence, a historical context to forecast future trends, and stakeholder engagement.
3. Adaptively develop and manage the necessary resources in a mission-based organizational context to create sustainable systems that meet the needs of diverse stakeholders and honors the culture of the communities served.
4. Successfully articulate their ideas to a diverse set of constituents and stakeholders via multiple methods so as to be informative, persuasive and inspiring.
5. Make significant contributions to the thought leadership, and industry insight that strengthens and provides service to the field, lifelong learning, and career development.
6. Develop self-awareness and leadership skills necessary to: a. utilize creativity and art to articulate a clear vision; b. engage/inspire a diverse group of colleagues; c. evaluate the immediate and long-term ethical impacts of one's actions on stakeholders; d. and influence and promote progress in a variety of professional roles and contexts.
7. Engage and sustain a strong cross-functional network of professionals.

PEOPLE

For information about the faculty and their research interests, please visit the directory (<https://business.wisc.edu/directory/>).

ACCREDITATION

Accreditation

AACSB International—The Association to Advance Collegiate Schools of Business (<http://www.aacsb.edu/>)

Accreditation status: Accredited. Next accreditation review: 2026-2027.

BUSINESS: ARTS AND CREATIVE ENTERPRISE LEADERSHIP, M.A.

The Master of Arts–Business: Arts and Creative Enterprise Leadership at the University of Wisconsin–Madison is a one-year program where students gain the knowledge, skills, and expertise to be an innovative arts administrator, nonprofit executive, or social entrepreneur. The business-focused curriculum utilizes hands-on learning and project work in the classroom, as well as applied field experiences in local arts organizations. Throughout the yearlong experience, students connect with and learn from real-world arts leaders and are part of a strong, close-knit community of alumni and arts practitioners.

The Arts and Creative Enterprise Leadership master’s program is part of the Bolz Center for Arts Administration (<https://business.wisc.edu/centers/bolz/>)—one of the only arts-focused programs within a US business school, giving students an edge as strategic leaders.

Please see the program website (<https://business.wisc.edu/graduate/masters/arts-leadership/>) for more information and application instructions.

ADMISSIONS

The following will be required for admission to the Business: Arts and Creative Enterprise Leadership master’s program:

- Undergraduate university degree, or expected completion of such a degree prior to starting the MA–Business program.
- Demonstrated knowledge of business fundamentals (or specific plan for acquiring prior to the start of the program); some possible ways of satisfying this include:
 - Undergraduate degree with business major or minor
 - Completion of Certificate in Business or Certificate of Entrepreneurship at UW–Madison
 - Earning GPA \geq 3.0 in intermediate college course work covering at least two core business disciplines (marketing, operations, finance, accounting, management); completion of GEN BUS 310 or GEN BUS 311 satisfies this requirement, and can be taken online during the summer prior to the start of the program
- Undergraduate transcript, GPA \geq 3.0.
- One letter of recommendation, preferably addressing the applicant’s professional skills.
- Resume.
- Response to essay questions.
- An interview may be requested.

Additional international student requirements:

- TOEFL score of at least 100 (or TOEFL paper-based test score of 600 or IELTS score of 7.0). Applicants are exempt from this requirement if:

- English is the exclusive language of instruction at the undergraduate institution; or
- You have earned a degree from a regionally accredited U.S. college or university not more than 5 years prior to the anticipated semester of enrollment; or
- You have completed at least two full-time semesters of graded course work, exclusive of ESL courses, in a U.S. college or university, or at an institution outside the U.S. where English is the exclusive language of instruction. Completion of graded course work cannot be more than five years prior to the anticipated semester of enrollment.

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

BOLZ CENTER RESOURCES

The Master of Arts–Business: Arts and Creative Enterprise Leadership Program gives you the opportunity to earn a master’s degree fusing business and cultural practice and receive paid work and/or project development seed funding. Please contact the Bolz Center (<https://business.wisc.edu/centers/bolz/contact/>) for specific information regarding merit aid and other financial support.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Work from Other Institutions

With program approval, students are allowed to count no more than 9 credits of graduate coursework from other institutions. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

UW–Madison Undergraduate

Up to 7 credits numbered 300 or above of required or elective courses from the undergraduate work completed at UW–Madison towards fulfillment of minimum degree and minor credit requirements. However, this work would not be allowed to count toward the 50% graduate coursework minimum unless taken as a course numbered 700 or above.

UW–Madison University Special

With program approval, students are allowed to count no more than 9 credits of coursework numbered 700 or above taken as a UW–Madison University Special student. Coursework earned five or more years prior to the master's degree is not allowed to satisfy requirements.

PROBATION

This program follows the Graduate School's Probation policy. (<https://policy.wisc.edu/library/UW-1217/>)

ADVISOR / COMMITTEE

This program follows the Graduate School's Advisor policy (<https://policy.wisc.edu/library/UW-1232/>).

Any student who feels that they have been mistreated by a faculty or staff member has the right to lodge a complaint. Complaints may concern course grades, classroom treatment, program admission, or other issues. To ensure a prompt and fair hearing of any complaint and to protect both the student's rights and the person at whom the complaint is addressed, the grievance procedures below are used in the School of Business.

The person whom the complaint is directed against must be an employee of the School of Business. Any student or potential student may use these procedures unless other campus rules or contracts cover the complaint:

1. If the student feels comfortable/safe doing so, the student should first talk with the person against whom the grievance is directed. Most issues can be settled at this level. If the complaint is directed against a teaching assistant (TA) and the student is not satisfied after discussion of the grievance with the TA, the next step would be to talk to the TA's supervisor, who is usually the course professor. If the complaint is still not resolved satisfactorily, the student may continue to step 2.
2. If the complaint involves an academic department, the student should contact the chair of the department. The chair will attempt to resolve the problem informally. If this cannot be done to the student's satisfaction, the student may submit the grievance to the chair in writing. This must be done within 60 calendar days of the alleged unfair treatment.
 - a. If the complaint does not involve an academic department, the procedure outlined in Step 4 below should be followed.
3. On receipt of a written complaint, the chair will refer the matter to a departmental committee, which will obtain a written response from the person at whom the complaint is directed. This response shall be shared with the person filing the grievance. The chair will provide a written decision within 30 days to the student on the action taken by the committee.
4. If either party is not satisfied with the decision, they have five working days from receipt of the decision to contact the dean's office (at the number below), indicating the intention to appeal. If the complaint does not involve an academic department in the school, the student must contact the dean's office within 60 calendar days of the alleged unfair treatment.
5. In either case, there will be an attempt to resolve the issue informally by the appropriate associate dean. If this cannot be done, the complaint can be filed in writing with the Office of the Dean. This must be done within 10 working days of the time the appealing party was notified that informal resolution was unsuccessful.
6. On receipt of such a written complaint, the Chief Diversity and Inclusion Officer will convene a subcommittee of relevant stakeholders pending the nature of the issue. This subcommittee may ask for additional information from the parties involved

and may hold a hearing at which both parties will be asked to speak separately. The subcommittee will then make a written recommendation to the dean of the School of Business who will render a decision. Unless a longer time is negotiated, this written decision shall be made within 20 working days from when the grievance was filed with the Office of the Dean.

Questions about these procedures can be directed to the School of Business, Office of the Dean, 4339 Grainger, 975 University Avenue, 608-262-7867.

State law contains additional provisions regarding discrimination and harassment. Wisconsin Statutes 36.12 reads, in part: "No student may be denied admission to, participation in or the benefits of, or be discriminated against in any service, program, course or facility of the system or its institutions or center because of the student's race, color, creed, religion, sex, national origin, disability, ancestry, age, sexual orientation, pregnancy, marital status or parental status." In addition, UW-System prohibits discrimination based on gender identity or gender expression. Students have the right to file discrimination and harassment complaints with the Office of Compliance, 361 Bascom Hall, 608-265-6018, uwcomplianceoffice@wisc.edu.

The Graduate School has procedures for students wishing to appeal a grievance decision at the school/college level. These policies are described in the Graduate School's Academic Policies and Procedures: <https://grad.wisc.edu/documents/grievances-and-appeals/>

OTHER

Students must be enrolled full-time.

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

BOLZ CENTER RESOURCES

Students have a multitude of opportunities to pursue professional development, both within the programs, as well as across campus. In the Bolz Center, students will be part of the biennial Bolz Center Collegium, a professional development and alumni event, which boasts national/international field and industry speakers and workshops. We also provide opportunities for our students to participate in events including Madison Nonprofit Day, WI Arts Advocacy Day, and the UW Fundraising and Development Workshop each year. Additional speakers and guests visit the center for one-day convenings and seminars, and we host site visits where we visit these industry leaders in their home cities and organizations.

LEARNING OUTCOMES

1. Explore and apply foundational knowledge in arts and business topics in non-profit and entrepreneurial contexts that include evidence-based decision-making, cultural sensitivity and artistic integrity.
2. Demonstrate knowledge of strategic frameworks and their use in mission-based organizations and agencies to interpret data and executive on evidence-based plans.

3. Lead and manage teams effectively in a variety of cross-sector cultural settings, using the tools of organizational analysis, community development and placemaking and program evaluation.
4. Engage in ethical decision-making that is sensitive to and informed by a diverse group of stakeholders, when developing and advancing plans of strategy, fund development, entrepreneurial action and evaluation.
5. Successfully share their ideas with a diverse set of constituents and stakeholders through group facilitation methodologies, as well as employing frameworks for informative, persuasive and inspired communications.
6. Build cross-sector professional networks by providing volunteer service to the field and working within and across arts/creative enterprises and/or relevant communities.

ACCREDITATION

AACSB International—The Association to Advance Collegiate Schools of Business (<http://www.aacsb.edu/>)

Accreditation status: Accredited. Next accreditation review: 2026–2027.

BUSINESS: MANAGEMENT AND HUMAN RESOURCES, MBA

Founded in 1900, the School of Business established one of the first five business programs in the nation. That entrepreneurial spirit remains strong.

As a student in the School of Business, you will find yourself inspired by peers, staff, alumni, business leaders, and world-renowned faculty who are focused, collaborative, and engaged in every aspect of the student experience. You will join a highly ranked program that equips you to meet both academic and career challenges. Employers value School of Business graduates because of the comprehensive preparation this learning environment provides. Graduates possess highly sought-after general management and specialized expertise in business.

Joining collaborative, inspiring, trustworthy, and progressive School of Business alumni, Business Badgers graduate prepared to lead their organizations to success and transform the world of business. Together Forward!

NAMED OPTION IN STRATEGIC HUMAN RESOURCES MANAGEMENT

The Wisconsin MBA in Business: Management and Human Resources named option in Strategic Human Resource Management (SHRM) produces leaders who are equipped with the necessary skills to change

tomorrow. The curriculum combines expertise in human resources with the knowledge required to be a strategic business partner. Many of the functional areas of HR and core competencies are covered through academic courses and program activities outside the classroom. The combination of core MBA learning, specialized courses, applied learning opportunities, and human resources internships sets the Wisconsin SHRM program apart from its competitors. See the program website (<https://business.wisc.edu/graduate/mba/full-time/specializations/human-resources/>) for more information.

ADMISSIONS

Students apply to the MBA in Business: Management and Human Resources through its named option:

- Business: Management and Human Resources: Strategic Human Resource Management, MBA (p. 1247)

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Learn about costs and financial assistance on the program website (<https://business.wisc.edu/graduate/mba/full-time/tuition/>).

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS CURRICULAR REQUIREMENTS

Requirement Detail

Minimum Credit Requirement 52 credits

Minimum Residence Credit Requirement 46 credits

Minimum Graduate Coursework Requirement 26 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) Requirement Policy: <https://policy.wisc.edu/library/UW-1244> (<https://policy.wisc.edu/library/UW-1244/>)

Overall Graduate GPA Requirement 3.00 GPA required. This program follows the Graduate School's policy: <https://policy.wisc.edu/library/UW-1203> (<https://policy.wisc.edu/library/UW-1203/>).

Other Grade Requirements Students may be required to retake a course in which they receive a grade lower than a C.

Assessments and Examinations No required assessments or examinations beyond course requirements.

Language Requirements No language requirements.

REQUIRED COURSES

Select a Named Option (p. 1246) for courses required.

NAMED OPTIONS

A named option is a formally documented sub-major within an academic major program. Named options appear on the transcript with degree conferral. Students pursuing the MBA in Business: Management and Human Resources must select one of the following named options:

View as [list](#) [View as grid](#)

- **BUSINESS: MANAGEMENT AND HUMAN RESOURCES: STRATEGIC HUMAN RESOURCE MANAGEMENT, MBA (P. 1247)**

POLICIES

Students should refer to the named options for policy information:

- Business: Management and Human Resources: Strategic Human Resource Management, MBA (p. 1247)

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

1. Articulate programmatic total rewards solutions that aligns with the organization's business and human resources strategy
2. Apply appropriate tactics in competitive and cooperative negotiations individually and as part of a negotiation team
3. Determine methods to effectively attract, evaluate, motivate, and retain diverse talent within the organization
4. Use appropriate quantitative and qualitative analysis and human resources substantive knowledge to support strategic human resources decisions.
5. Demonstrate effective communication and leadership skills to influence others and drive organizational change and effectiveness

Accreditation

AACSB International—The Association to Advance Collegiate Schools of Business (<http://www.aacsb.edu/>)

Accreditation status: Accredited. Next accreditation review: 2026-2027.

BUSINESS: MANAGEMENT AND HUMAN RESOURCES: STRATEGIC HUMAN RESOURCE MANAGEMENT, MBA

This is a named option in the Business: Management and Human Resources MBA. (p. 1245)

ADMISSIONS

Admission consideration for the MBA program requires a four-year undergraduate degree or the equivalent, in any discipline, from an accredited institution. The Wisconsin School of Business prefers a minimum of two years of professional work experience along with a strong undergraduate performance. In addition to academic credentials, a GMAT or GRE score, and work experience, personal achievements, motivation, communication skills (written and oral), and recommendation letters are all considered in the admission process at the Master's and doctoral levels.

Note: The Graduate Management Admission Test (GMAT) or Graduate Record Examination (GRE) must have been taken within five years prior to receiving an offer of admission. All applicants whose native language is not English must submit scores from the Test of English as a Foreign Language (TOEFL), the Pearson Test of English (PTE), Intensive English as a Second Language (IELTS), or show the completion of an Interlink program. A minimum iBT TOEFL score of 100 or equivalent, obtained within two years of the intended start term, is required. International applicants who have completed a degree at an institution whose primary language of instruction was English may request a waiver of this requirement on the application.

HOW TO APPLY

Students interested in Business degrees do not apply through the Graduate School application system and should instead refer to the School of Business Admissions page. (<https://business.wisc.edu/graduate/mba/full-time/admissions/>)

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Learn about costs and financial assistance on the program website (<https://business.wisc.edu/graduate/mba/full-time/tuition/>).

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

NAMED OPTION REQUIREMENTS MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW–Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

Electives must be approved by advisor.

1

Students will take this course four times for one credit each (total of four credits).

2

Any course with the graduate course attribute offered by the School of Business (including departments: ACCT I S, ACT SCI, FINANCE, GEN BUS, INFO SYS, INTL BUS, M H R, MARKETNG, OTM, REAL EST, or R M I) can be used to complete the required elective credits. Courses outside of the School of Business will be considered on a case-by-case basis.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

NAMED OPTION-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Work from Other Institutions

With program and department approval, up to 6 credits of graduate coursework completed two years prior to admission at an AACSB accredited institution, in which a grade of B or better was earned, may count toward the degree.

UW-Madison Undergraduate

No credits from a UW-Madison undergraduate degree are allowed to count toward the degree.

UW-Madison University Special

With program and department approval, students are allowed to count no more than 6 credits of coursework numbered 600 or above taken as a UW-Madison University Special student. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

PROBATION

This program follows the Graduate School's Probation policy (<https://policy.wisc.edu/library/UW-1217/>).

ADVISOR / COMMITTEE

This program follows the Graduate School's Advisor policy (<https://policy.wisc.edu/library/UW-1232/>).

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

This program follows the Graduate School's Time Limits policy (<https://policy.wisc.edu/library/UW-1221/>).

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)

- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeeedisabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Any student who feels that they have been mistreated by a faculty or staff member has the right to lodge a complaint. Complaints may concern course grades, classroom treatment, program admission, or other issues. To ensure a prompt and fair hearing of any complaint and to protect both the student's rights and the person at whom the complaint is addressed, the grievance procedures below are used in the School of Business.

The person whom the complaint is directed against must be an employee of the School of Business. Any student or potential student may use these procedures unless other campus rules or contracts cover the complaint:

1. If the student feels comfortable/safe doing so, the student should first talk with the person against whom the grievance is directed. Most issues can be settled at this level. If the complaint is directed against a teaching assistant (TA) and the student is not satisfied after discussion of the grievance with the TA, the next step would be to talk to the TA's supervisor, who is usually the course professor. If the complaint is still not resolved satisfactorily, the student may continue to step 2.
2. If the complaint involves an academic department, the student should contact the chair of the department. The chair will attempt to resolve the problem informally. If this cannot be done to the student's satisfaction, the student may submit the grievance to the chair in writing. This must be done within 60 calendar days of the alleged unfair treatment.
 - a. If the complaint does not involve an academic department, the procedure outlined in Step 4 below should be followed.
3. On receipt of a written complaint, the chair will refer the matter to a departmental committee, which will obtain a written response from the person at whom the complaint is directed. This response shall be shared with the person filing the

grievance. The chair will provide a written decision within 30 days to the student on the action taken by the committee.

4. If either party is not satisfied with the decision, they have five working days from receipt of the decision to contact the dean's office (at the number below), indicating the intention to appeal. If the complaint does not involve an academic department in the school, the student must contact the dean's office within 60 calendar days of the alleged unfair treatment.
5. In either case, there will be an attempt to resolve the issue informally by the appropriate associate dean. If this cannot be done, the complaint can be filed in writing with the Office of the Dean. This must be done within 10 working days of the time the appealing party was notified that informal resolution was unsuccessful.
6. On receipt of such a written complaint, the Chief Diversity and Inclusion Officer will convene a subcommittee of relevant stakeholders pending the nature of the issue. This subcommittee may ask for additional information from the parties involved and may hold a hearing at which both parties will be asked to speak separately. The subcommittee will then make a written recommendation to the dean of the School of Business who will render a decision. Unless a longer time is negotiated, this written decision shall be made within 20 working days from when the grievance was filed with the Office of the Dean.

Questions about these procedures can be directed to the School of Business, Office of the Dean, 4339 Grainger, 975 University Avenue, 608-262-7867.

State law contains additional provisions regarding discrimination and harassment. Wisconsin Statutes 36.12 reads, in part: "No student may be denied admission to, participation in or the benefits of, or be discriminated against in any service, program, course or facility of the system or its institutions or center because of the student's race, color, creed, religion, sex, national origin, disability, ancestry, age, sexual orientation, pregnancy, marital status or parental status." In addition, UW-System prohibits discrimination based on gender identity or gender expression. Students have the right to file discrimination and harassment complaints with the Office of Compliance, 361 Bascom Hall, 608-265-6018, uwcomplianceoffice@wisc.edu.

The Graduate School has procedures for students wishing to appeal a grievance decision at the school/college level. These policies are described in the Graduate School's Academic Policies and Procedures: <https://grad.wisc.edu/documents/grievances-and-appeals/>

OTHER

Students are expected to be enrolled full-time for all semesters. Exceptions may be granted in the final semester.

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

PEOPLE

STRATEGIC HUMAN RESOURCE MANAGEMENT CENTER

For information about the faculty and their research interests, please visit the directory (<https://business.wisc.edu/directory/>).

ENTREPRENEURSHIP, GRADUATE/PROFESSIONAL CERTIFICATE

The graduate/professional certificate in entrepreneurship seeks to provide entrepreneurial knowledge and skills to students who desire to launch a new organization, work more effectively in startup situations, or explore and better understand the factors that affect company formation and performance. The certificate is available to all UW–Madison graduate degree-seeking students (excluding University Special students).

A student who has completed this certificate will have good foundational skills in recognizing promising opportunities and building a new organization or venture to create social/economic value.

Interested students should see the Certificate in Entrepreneurship website (<https://business.wisc.edu/graduate/certificates/entrepreneurship/>) for specific information regarding declaring or withdrawing, or upon completion of the certificate. The Management and Human Resources Department will have the certificate noted on students' official university transcripts by the Office of the Registrar.

ADMISSIONS

Before beginning any coursework, we suggest you consult with your faculty advisor (or, where appropriate, graduate program coordinator).

Note: The application for declaring your certificate must be completed prior to graduation. Your application automatically serves as a declaration of your intent to pursue the certificate. This declaration will become part of your academic record.

All Graduate School students must utilize the Graduate Student Portal in MyUW to add, change, or discontinue any certificate. To apply to this certificate please log in to MyUW, click on Graduate Student Portal, and then click on Add/Change Programs. The certificate coordinator will review your application for admittance, and reach out to you if there are any further questions.

See the program website linked within the Contact Information for details.

REQUIREMENTS

The 12-credit program draws upon entrepreneurship courses in the School of Business, but students may select approved, elective courses from a variety of schools and colleges across the university that address the ability to launch and lead new ventures. Approved courses develop and deepen students' capacity to: assess opportunities, analyze the structure of markets, develop new products, perform financial analysis, understand

the consequences of entity types, use intellectual property strategically in dynamic markets, form effective teams, and formulate strategies for organizational growth. Other courses help students better understand the role of entrepreneurial activity in economic growth and the achievement of societal goals.

All Graduate School students must utilize the Graduate Student Portal in MyUW to add, change, or discontinue any certificate. To apply to this certificate please log in to MyUW, click on Graduate Student Portal, and then click on Add/Change Programs. The certificate coordinator will review your application for admittance, and reach out to you if there are any further questions.

See the program website linked within the Contact Information for details.

LEARNING OUTCOMES

1. Students will understand the different career paths in entrepreneurship.
2. Students will understand what makes an effective founding team for a new venture.
3. Students will understand critical legal issues in the management of an entrepreneurial firm.
4. Students will be able to write the central components of business plans including being able to apply critical financial and management accounting issues specific to the growing venture.
5. Students will understand key opportunities for minimizing risk and maximizing reward in new ventures.

REQUIREMENTS

The 12-credit program draws upon strategy and related courses in the School of Business, but students may select approved, elective courses from a variety of schools and colleges across the university that deepen students' capacity for:

- Analyzing new markets
- Managing research and product development processes in existing organizations
- Supporting organizational creativity
- Articulating innovative business models
- Identifying and appropriating the value of intellectual property
- Assessing society-level innovation systems

The certificate program offers foundational skills and knowledge appropriate for graduate students who anticipate working in dynamic organizations that depend on innovation to compete in the marketplace and/or use innovation to create value for society more broadly.

A student who has completed the certificate will be prepared to execute in-depth new product development plans for an existing organization or identify and evaluate innovation challenges in society.

BUSINESS: MARKETING, MBA

Founded in 1900, the School of Business established one of the first five business programs in the nation. That entrepreneurial spirit remains strong.

As a student in the School of Business, you will find yourself inspired by peers, staff, alumni, business leaders, and world-renowned faculty who are focused, collaborative, and engaged in every aspect of the student experience. You will join a highly ranked program that equips you to meet both academic and career challenges. Employers value School of Business graduates because of the comprehensive preparation this learning environment provides. Graduates possess highly sought-after general management and specialized expertise in business.

Joining collaborative, inspiring, trustworthy, and progressive School of Business alumni, Business Badgers graduate prepared to lead their organizations to success and transform the world of business. See the program website (<https://business.wisc.edu/graduate/mba/full-time/specializations/marketing/>) for more information. Together Forward!

ADMISSIONS

Admission consideration for the MBA program requires a four-year undergraduate degree or the equivalent, in any discipline, from an accredited institution. The School of Business prefers a minimum of two years of professional work experience along with a strong undergraduate performance. In addition to academic credentials, a GMAT or GRE score, and work experience, personal achievements, motivation, communication skills (written and oral), and recommendation letters are all considered in the admission process at the Master's and doctoral levels.

Note: The Graduate Management Admission Test (GMAT) or Graduate Record Examination (GRE) must have been taken within five years prior to receiving an offer of admission. All applicants whose native language is not English must submit scores from the Test of English as a Foreign Language (TOEFL), the Pearson Test of English (PTE), Intensive English as a Second Language (IELTS), or show the completion of an Interlink program. A minimum iBT TOEFL score of 100 or equivalent, obtained within two years of the intended start term, is required. International applicants who have completed a degree at an institution whose

primary language of instruction was English may request a waiver of this requirement on the application.

Students interested in a Business: Marketing degree do not apply through the Graduate School application system and should instead refer to the School of Business Admissions page (<https://business.wisc.edu/graduate/mba/full-time/admissions/>).

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Learn about costs and financial assistance on the program website (<https://business.wisc.edu/graduate/mba/full-time/tuition/>).

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS CURRICULAR REQUIREMENTS

Requirement Detail

Minimum Credit Requirement 54 credits

Minimum Residence Credit Requirement 48 credits

Minimum Graduate Coursework Requirement 27 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) Requirement Policy: <https://policy.wisc.edu/library/UW-1244> (<https://policy.wisc.edu/library/UW-1244/>)

Overall Graduate GPA Requirement 3.00 GPA required. This program follows the Graduate School's policy: <https://policy.wisc.edu/library/UW-1203> (<https://policy.wisc.edu/library/UW-1203/>).

Other Grade Requirements The Graduate School requires that students maintain a graduate grade-point average (GPA) of 3.00 (on a 4.00 scale) for all graduate courses (excluding research) to receive a degree. Grades of Incomplete are considered to be unsatisfactory if they are not removed during the first four weeks of the following semester. Students may be required to retake a course in which they receive a grade lower than a C.

Assessments and Examinations No required assessments or examinations beyond course requirements.

Language Requirements No language requirements.

REQUIRED COURSES

Code	Title	Credits
Required Core Courses		
ACCT I S 700	Financial Accounting	2
FINANCE 700	Introduction to Financial Management	2
GEN BUS 704	Data to Decisions	2
GEN BUS 710	Ethics, Integrity and Society	1
GEN BUS 725	Consulting Practicum	1
M H R 706	Leading and Working in Teams	1
M H R 723	Business Strategy	2
MARKETNG 700	Marketing Management	2
OTM 700	Operations Management	2
OTM 732	Economics for Managers	2
Required Specialization Courses		
MARKETNG 710	Marketing Research	3
MARKETNG 737	New Product Innovation	3
MARKETNG 755	Marketing in a Digital Age	3
MARKETNG 770	Marketing Consulting Practicum	4
MARKETNG 815	Marketing Analytics	3
MARKETNG 840	Current Topics in Marketing ¹	3
Electives ²		18
Total Credits		54

1

Students will take this 1 credit repeatable course during the first three semesters of the program.

2

Any 700+ level course offered by the School of Business (including departments: ACCT I S, ACT SCI, FINANCE, GEN BUS, INFO SYS, INTL BUS, M H R, MARKETNG, OTM, REAL EST, or R M I) can be used to complete the required elective credits.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES PRIOR COURSEWORK

Graduate Work from Other Institutions

With program and department approval, up to 6 credits of graduate coursework completed two years prior to admission at an AACSB

accredited institution, in which a grade of B or better was earned, may count toward the degree.

UW–Madison Undergraduate

No credits from a UW–Madison undergraduate degree are allowed to count toward the degree.

UW–Madison University Special

With program and department approval, students are allowed to count no more than 15 credits of coursework numbered 600 or above taken as a UW–Madison University Special student. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

PROBATION

This program follows the Graduate School's Probation policy. (<https://policy.wisc.edu/library/UW-1217/>)

ADVISOR / COMMITTEE

This program follows the Graduate School's Advisor policy. (<https://policy.wisc.edu/library/UW-1232/>)

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

This program follows the Graduate School's Time Limits policy. (<https://policy.wisc.edu/library/UW-1221/>)

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)

- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Any student who feels that they have been mistreated by a faculty or staff member has the right to lodge a complaint. Complaints may concern course grades, classroom treatment, program admission, or other issues. To ensure a prompt and fair hearing of any complaint and to protect both the student's rights and the person at whom the complaint is addressed, the grievance procedures below are used in the School of Business.

The person whom the complaint is directed against must be an employee of the School of Business. Any student or potential student may use these procedures unless other campus rules or contracts cover the complaint:

1. If the student feels comfortable/safe doing so, the student should first talk with the person against whom the grievance is directed. Most issues can be settled at this level. If the complaint is directed against a teaching assistant (TA) and the student is not satisfied after discussion of the grievance with the TA, the next step would be to talk to the TA's supervisor, who is usually the course professor. If the complaint is still not resolved satisfactorily, the student may continue to step 2.
2. If the complaint involves an academic department, the student should contact the chair of the department. The chair will attempt to resolve the problem informally. If this cannot be done to the student's satisfaction, the student may submit the grievance to the chair in writing. This must be done within 60 calendar days of the alleged unfair treatment.
 - a. If the complaint does not involve an academic department, the procedure outlined in Step 4 below should be followed.
3. On receipt of a written complaint, the chair will refer the matter to a departmental committee, which will obtain a written response from the person at whom the complaint is directed. This response shall be shared with the person filing the grievance. The chair will provide a written decision within 30 days to the student on the action taken by the committee.
4. If either party is not satisfied with the decision, they have five working days from receipt of the decision to contact the dean's office (at the number below), indicating the intention to appeal. If the complaint does not involve an academic department in the school, the student must contact the dean's office within 60 calendar days of the alleged unfair treatment.
5. In either case, there will be an attempt to resolve the issue informally by the appropriate associate dean. If this cannot be done, the complaint can be filed in writing with the Office of the Dean. This must be done within 10 working days of the time the appealing party was notified that informal resolution was unsuccessful.
6. On receipt of such a written complaint, the Chief Diversity and Inclusion Officer will convene a subcommittee of relevant stakeholders pending the nature of the issue. This subcommittee may ask for additional information from the parties involved and may hold a hearing at which both parties will be asked to speak separately. The subcommittee will then make a written recommendation to the dean of the School of Business who will render a decision. Unless a longer time is negotiated, this written decision shall be made within 20 working days from when the grievance was filed with the Office of the Dean.

Questions about these procedures can be directed to the School of Business, Office of the Dean, 4339 Grainger, 975 University Avenue, 608-262-7867.

State law contains additional provisions regarding discrimination and harassment. Wisconsin Statutes 36.12 reads, in part: "No student may be denied admission to, participation in or the benefits of, or be discriminated against in any service, program, course or facility of the system or its institutions or center because of the student's race, color, creed, religion, sex, national origin, disability, ancestry, age, sexual orientation, pregnancy, marital status or parental status." In addition, UW-System prohibits discrimination based on gender identity or gender expression. Students have the right to file discrimination and harassment complaints with the Office of Compliance, 361 Bascom Hall, 608-265-6018, uwcomplianceoffice@wisc.edu.

The Graduate School has procedures for students wishing to appeal a grievance decision at the school/college level. These policies are described in the Graduate School's Academic Policies and Procedures: <https://grad.wisc.edu/documents/grievances-and-appeals/>

OTHER

Students are expected to be enrolled full-time for all semesters. Exceptions may be granted in the final semester.

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

1. Articulate core marketing strategy principles and how marketing drives value.
2. Apply analytical methods to organize and interpret data, generate consumer insights, and translate into effective marketing strategies.
3. Articulate specific marketing decisions (product, price, place/distribution, promotion) and their role in overall marketing strategies, and demonstrate how marketing decisions follow from choices with regard to segmentation and positioning.
4. Demonstrate effective communication and leadership skills to influence others and drive organizational change.

PEOPLE

For information about the faculty and their research interests, please visit the directory (<https://business.wisc.edu/directory/>).

ACCREDITATION

Accreditation

AACSB International—The Association to Advance Collegiate Schools of Business (<http://www.aacsb.edu/>)

Accreditation status: Accredited. Next accreditation review: 2026-2027.

MATERIALS SCIENCE AND ENGINEERING

DEGREES/MAJORS, DOCTORAL MINORS, GRADUATE/PROFESSIONAL CERTIFICATES

- Materials Science and Engineering, Doctoral Minor (p. 1255)
- Materials Science and Engineering, M.S. (p. 1256)
- Materials Science and Engineering, Ph.D. (p. 1267)

MATERIALS SCIENCE AND ENGINEERING, DOCTORAL MINOR

ADMISSIONS

All Graduate School students must utilize the Graduate Student Portal in MyUW to add, change, or discontinue any doctoral minor or graduate/professional certificate. To apply to this minor, log in to MyUW, click on Graduate Student Portal, and then click on Add/Change Programs. Select the information for the doctoral minor for which you are applying.

REQUIREMENTS

The M S & E department offers a minor in Materials Science and Engineering for students studying towards a Ph.D. in other disciplines. The doctoral minor consists of at least 9 credits (typically 3 courses) of M S & E (http://guide.wisc.edu/courses/m_s_e/) courses. Within those nine credits, 6 must be numbered 400 or above, and 3 must be numbered 700 or above. Students must earn a B or higher in every course. Graduate coursework from other institutions cannot be used to satisfy the coursework requirements.

PEOPLE

Professors:

Michael Arnold, Sue Babcock, Chang-Beom Eom, Paul Evans, Padma Gopalan, Sindo Kou, Rod Lakes, Dane Morgan, John Perepezko, Kumar Sridharan, Donald Stone, Izabela Szlufarska, Dan Thoma, Paul Voyles, and Xudong Wang

Associate Professors:

Jason Kawasaki

Assistant Professors:

Dawei Feng, Jiamian Hu, Fang Liu, Hyunseok Oh, Daniel Rhodes, and Jun Xiao

Assistant Teaching Professors:

Franklin Hobbs

See also Materials Science and Engineering Faculty Directory (<https://directory.engr.wisc.edu/mse/faculty/>).

MATERIALS SCIENCE AND ENGINEERING, M.S.

The Department of Materials Science and Engineering offers two distinct master of science (M.S.) degree programs:

- Materials Science and Engineering M.S., Research (p. 1262) - traditional master's program culminating in a thesis for students wishing to conduct research during their program
- Materials Science and Engineering M.S., Materials Engineering (p. 1258) - accelerated, course-based master's program

ABOUT MATERIALS SCIENCE AND ENGINEERING

Meeting many of the most critical challenges facing modern society requires advances in the materials that underpin new technologies. Examples include providing carbon-free and renewable energy, clean water, advanced medical treatments and devices, and sustainable materials manufacturing. New materials are also required for continued economic growth in areas as diverse as aerospace, computing, and sensors.

Materials scientists and engineers at UW–Madison work toward solutions to these problems via research in a wide variety of areas. Research areas include ceramics, computational material science; composites; corrosion; electrical, optical, magnetic materials; growth and synthesis; joining; materials for energy; metals; materials characterization and microscopy; nanomaterials; phase transformations; photonics; polymers and biomaterials; materials for nuclear energy; quantum computing; self-assembly; semiconductors; structural materials and mechanical properties; surfaces and interfaces; sustainability; thin films; and wear.

More broadly, the field of materials science and engineering is in the middle of a revolution in how we design and deploy new materials. The old way is by trial and error, which involves laboratory testing of hundreds or thousands of candidate materials, which is costly and can take decades to develop a new materials and deploy it in practical technologies. The emerging new method leverages advances in computational materials science; materials databases, data science, and machine learning; and high throughput materials synthesis and characterization to achieve true design of materials. The goal is to develop and deploy new materials much more quickly and much lower cost than ever before. Materials design is a major theme of materials research on campus, organized around the areas of materials design via atomically controlled thin film systems, modular design of nanomaterials, and integrated experimental and computational materials engineering. Materials design and these themes cut across the research and application areas list above.

Materials research extends across campus, well beyond the boundaries of the Department of Materials Science and Engineering, so graduate students in materials can pursue research with a large number of affiliate faculty. Faculty emphasize the cross-cutting, interdisciplinary nature of materials research, which is also reflected by the diverse undergraduate backgrounds of the student body, many of whom do not have undergraduate degrees in materials.

Materials research benefits from major campus facilities, including the Materials Science Center, the Wisconsin Microscopy and Characterization Center, Wisconsin Center for Applied Microelectronics, and the Soft Materials Laboratory. Research is supported by major centers, including the National Science Foundation Materials Research Science and Engineering Center and the Grainger Institute for Engineering.

Materials graduates from Wisconsin find long-term success in careers in private industry, national laboratories, and academia in the US and around the world.

ADMISSIONS

Students apply to the Master of Science in Materials Science and Engineering through one of the named options:

- Materials Engineering (p. 1258)
- Research (p. 1262)

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

FINANCIAL ASSISTANCE

Please note that most funding is available for Ph.D. students and there are limited resources for M.S. students. Financial assistance is not available for students enrolled in the named option in Materials Engineering (p. 1258).

Various types of financial assistance are available for entering graduate students, including research assistantships, teaching assistantships, fellowships and special grants. Decisions regarding financial support are made on the basis of letters of recommendation, grades, GRE general test scores, and, for research assistantships, the matching of the interests or experience of the applicant to the research programs of individual faculty members. December 15th is the deadline for receipt of fellowship applications. International students are generally not eligible for university fellowships.

RESEARCH AND TEACHING ASSISTANTSHIPS

Research assistantships (RAs) are available in any materials science area. These appointments are under the supervision of the major professor directing the research. Students interested in research assistantships in a particular area are encouraged to contact professors whose work is of special interest. The faculty's research interests are given in the Department of Materials Science and Engineering faculty section. An RA permits the most rapid progress toward a degree. Research assistantships in materials science graduate students are comparable to similar stipends from other institutions. Information about stipends can be obtained from the Associate Chair of Graduate Studies, acgs@mse.wisc.edu (<http://guide.wisc.edu/graduate/materials-science-engineering/materials-science-engineering-ms/acgs@mse.wisc.edu>).

Teaching assistantships involve teaching rather than research experience. They pay approximately the same as research assistantships. Teaching experience is especially desirable for students considering an academic career. The Department of Materials Science and Engineering supports a limited number of teaching assistantships, which are allocated after admissions.

FELLOWSHIPS

Herb Fellowships in Materials Science are given out each year. The Herb Fellowship is a one-year full-ride fellowship for incoming graduate students. It is intended to provide especially strong students extra flexibility and independence in formulating their graduate research program.

Fellowships supporting graduate education are also offered on a competitive basis by organizations such as the National Science Foundation (<http://www.nsf.gov/>), the Hertz Foundation (<http://www.hertzfndn.org/>), UW-Madison Graduate School (<http://www.wisc.edu/grad/>), the U.S. Department of Defense and a number of industries and foundations. Because some of these fellowships have fall application deadlines, early application is necessary. GRE scores for the General Test are required for fellowship applications.

OTHER FUNDING INFORMATION

If you choose to attend UW-Madison and plan to pursue funding on your own, the following sites could be very helpful:

- Graduate School Funding Resources (<https://grad.wisc.edu/studentfunding/prospective/>)
- Graduate School Costs and Funding (<https://grad.wisc.edu/studentfunding/currentstudents/>)

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS

CURRICULAR REQUIREMENTS

Requirement Detail

Minimum Credit Requirement 30 credits

Minimum Residence Credit Requirement 16 credits

Minimum Graduate Coursework Requirement 15 credits (50% of 30 credits) must be graduate-level coursework. Details can be found in the Graduate School's policy: <https://policy.wisc.edu/library/UW-1244> (<https://policy.wisc.edu/library/UW-1244/>)

Overall Graduate GPA Requirement 3.00 GPA required. This program follows the Graduate School's policy: <https://policy.wisc.edu/library/UW-1203> (<https://policy.wisc.edu/library/UW-1203/>).

Other Grade Requirements n/a

Assessments and Examinations See Named Options for policy information.

Language Requirements None.

REQUIRED COURSES

Select a Named Option (p. 1257) for courses required.

NAMED OPTIONS

A named option is a formally documented sub-major within an academic major program. Named options appear on the transcript with degree conferral. Students pursuing the Master of Science in Materials Science and Engineering must select one of the following named options:

View as listView as grid

- MATERIALS SCIENCE AND ENGINEERING: MATERIALS ENGINEERING, M.S. (P. 1258)
- MATERIALS SCIENCE AND ENGINEERING: RESEARCH, M.S. (P. 1262)

POLICIES

Students should refer to one of the named options for policy information:

- Materials Engineering (p. 1258)
- Research (p. 1262)

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

PROGRAM RESOURCES

Find information about professional development from the College of Engineering at the following webpage: <https://interpro.wisc.edu>.

LEARNING OUTCOMES

1. Demonstrate a strong understanding of mathematical, scientific, and engineering principles in the field.
2. Demonstrate an ability to formulate, analyze, and solve advanced engineering problems.
3. Demonstrate creative, independent problem solving skills.
4. Apply the latest scientific and technological advancements, advanced techniques, and modern engineering tools to these problems.
5. Recognize and apply principles of ethical and professional conduct.

PEOPLE

Professors:

Michael Arnold, Sue Babcock, Chang-Beom Eom, Paul Evans, Padma Gopalan, Sindo Kou, Rod Lakes, Dane Morgan, John Perepezko, Kumar Sridharan, Donald Stone, Izabela Szlufarska, Dan Thoma, Paul Voyles, and Xudong Wang

Associate Professors:

Jason Kawasaki

Assistant Professors:

Dawei Feng, Jiamian Hu, Fang Liu, Hyunseok Oh, Daniel Rhodes, and Jun Xiao

Assistant Teaching Professors:

Franklin Hobbs

See also Materials Science and Engineering Faculty Directory (<https://directory.engr.wisc.edu/mse/faculty/>).

MATERIALS SCIENCE AND ENGINEERING: MATERIALS ENGINEERING, M.S.

This is a non-thesis named option within the Materials Science and Engineering M.S. (p. 1256)

IS THIS PROGRAM RIGHT FOR YOU?

As a student in the UW-Madison accelerated master's in materials engineering, you can choose from three focus areas. Taking the Nanomaterials and Nanoengineering path, you can develop a unique understanding of innovative applications such as nanomaterial synthesis, thin film deposition, polymeric materials, and crystallography. The Engineering Materials and Processes path offers in-depth knowledge of phase transformation, deformation, corrosion and heat treatment, among others. The Semiconductor Materials and Manufacturing for Microelectronics path offers in depth education on the microstructure, fabrication, and properties of electronic, optical, and magnetic materials and semiconductors. It aims to prepare students to make an impact in the semiconductor sector as it develops new materials and fabrication methods needed to create future generations of advanced computation, communications, quantum, and sensing devices. All focus areas include techniques for X-ray scattering, atomistic modeling, molecular dynamics and more.

If you have questions, please contact Materials Science and Engineering Graduate Admissions at msegradadmission@engr.wisc.edu. Please see *admission requirements on the Admissions tab*.

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 15
Spring Deadline	The program does not admit in the spring.
Summer Deadline	December 15
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements (https://grad.wisc.edu/apply/requirements/#english-proficiency).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	2

Applicants normally are expected to have a B.S. in the physical sciences or engineering. Undergraduate studies normally would include mathematics through differential equations, at least one year each of general physics and chemistry, a course in physical chemistry or modern physics, and an elementary course in properties of materials. Applicants may be admitted with deficiencies. These must be made up as soon as possible after entering the program.

IMPORTANT APPLICATION INFORMATION

Required Application Materials:

- Academic transcripts
- English proficiency scores (<https://grad.wisc.edu/apply/requirements/#english-proficiency>), if applicable
- Two letters of recommendation
- Statement of purpose (<https://grad.wisc.edu/apply/prepare/>)
- Resume

Admission to the University of Wisconsin-Madison Graduate School (<http://grad.wisc.edu/>) is a prerequisite for admission to study materials science. A minimum GPA of 3.0/4.0 is required. Admission is highly selective. Most admitted students have an undergraduate GPA above 3.5. However, full consideration will be given to all students meeting the UW-Madison graduate school requirements.

International students must submit satisfactory results on the TOEFL (<http://www.ets.org/toefl/>) or another acceptable English Language Test. Please use institution code: 1846; no department code is necessary. Information about these exams can be obtained from the Educational Testing Service, Princeton, New Jersey 08540 or Berkeley, California 94704.

Please use the online application (<https://apply.grad.wisc.edu/Account/Login/?ReturnUrl=%2f>) to begin your application. If you have questions about the application or admissions process, please do not hesitate to e-mail msaegradadmission@engr.wisc.edu.

The graduate school offers a limited number of application fee grants (waivers of all or part of the application fee) that are available in a few specific circumstances. Further information is available here. (<https://grad.wisc.edu/admissions/feegrants/>)

#Submit only the documents requested.

NOTE: PLEASE DO NOT SEND DOCUMENTS TO THE GRADUATE SCHOOL. ALL DOCUMENTS SHOULD BE UPLOADED WITH YOUR APPLICATION.

QUESTIONS?

Contact us at msaegradadmission@engr.wisc.edu.

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM INFORMATION

Students enrolled in this program are not eligible to receive tuition remission from graduate assistantship appointments at this institution.

Financial assistance from the University or the Department is not available for the Master of Science named option program in Materials Engineering.

If you would like to pursue funding on your own, the following sites could be helpful:

- Graduate School Funding Resources (<https://grad.wisc.edu/studentfunding/prospective/>)
- Graduate School Costs and Funding (<https://grad.wisc.edu/studentfunding/currentstudents/>)

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

NAMED OPTION REQUIREMENTS MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	Yes

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW–Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail	
Minimum Credit Requirement	30 credits
Minimum Residence Credit Requirement	16 credits
Minimum Graduate Coursework Requirement	15 credits (50% of 30 credits) must be graduate-level coursework. Details can be found in the Graduate School's policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/)
Overall Graduate GPA Requirement	3.00 GPA required. This program follows the Graduate School's policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	n/a
Assessments and Examinations	No formal examination is required.
Language Requirements	None.

SEMICONDUCTOR MATERIALS AND MANUFACTURING FOR MICROELECTRONICS¹

Code	Title	Credits
Required courses:		
M S & E 434	Introduction to Thin-Film Deposition Processes	3
M S & E 570	Properties of Solid Surfaces	3
At least one course from the following three: ³		
M S & E 456	Electronic, Optical, and Magnetic Properties of Materials	
M S & E 756	Structure and Properties of Advanced Electronic Materials	
M S & E 760	Molecular Modeling of Materials	
Electives:		
M S & E 401	Special Topics in Materials Science and Engineering (Quantum Materials)	3
M S & E 448	Crystallography and X-Ray Diffraction	3
M S & E 456	Electronic, Optical, and Magnetic Properties of Materials ³	3
M S & E 551	Structure of Materials	3
M S & E 648	Advanced X-ray Scattering Methods in Materials Science and Engineering	3
M S & E 660	Mesoscale Modeling of Materials	3
M S & E 748	Structural Analysis of Materials	3
M S & E 756	Structure and Properties of Advanced Electronic Materials ³	3
M S & E 760	Molecular Modeling of Materials ³	3
M S & E 699	Independent Study ²	1-4

E C E 549 Integrated Circuit Fabrication Laboratory

3 700 or above it may satisfy the minimum graduate coursework (50%) requirement.

Footnotes

1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

Students in this program may apply a maximum of 4 credits of M S & E 699 Independent Study to the degree, with advisor approval.

3

The same course may not satisfy more than one requirement. For example, if M S & E 456 Electronic, Optical, and Magnetic Properties of Materials is taken as a required course, it cannot also be used as an elective course.

Students in this program may not take courses outside the prescribed curriculum without faculty advisor and program director approval.

Students in this program cannot enroll concurrently in other undergraduate, graduate or certificate programs.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

NAMED OPTION-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Work from Other Institutions

Typically, no graduate work from other institutions may count toward graduate program requirements.

UW–Madison Undergraduate

Typically, no credits from undergraduate coursework may be counted toward graduate program requirements. However, with program approval, students who received a Materials Science and Engineering B.S. at UW–Madison are allowed to count up to 7 credits from the Department of Materials Science and Engineering numbered 300 or above toward the minimum graduate degree credit requirement. If that coursework is numbered 700 or above it may be used to satisfy the minimum graduate coursework (50%) requirement. No credits can be counted toward the minimum graduate residence credit requirement.

UW–Madison University Special

Typically, no UW–Madison University Special student credits may be counted toward graduate program requirements. However, with program approval, students are allowed to count up to 15 credits of coursework numbered 300 or above taken as a UW–Madison Special student toward the minimum graduate residence credit requirement, and the minimum graduate degree credit requirement. If that coursework is numbered

PROBATION

This program follows the Graduate School's Probation policy. (<https://policy.wisc.edu/library/UW-1217/>)

ADVISOR / COMMITTEE

This program follows the Graduate School's Advisor policy (<https://policy.wisc.edu/library/UW-1232/>) and Committees policy (<https://policy.wisc.edu/library/UW-1201/>).

CREDITS PER TERM ALLOWED

15 credits; Suggested course credit allocation:

- Summer session: 4 credits
- Fall semester: 13 credits
- Spring semester: 13 credits

TIME LIMITS

The Master of Science in Materials Science and Engineering: Materials Engineering, which is a named option program within the Department of Materials Science and Engineering, can be completed within 12 months and must be completed within 16 months.

Master's degree students who have been absent for five or more consecutive years lose all credits that they have earned before their absence. Individual programs may count the coursework students completed prior to their absence for meeting program requirements; that coursework may not count toward Graduate School credit requirements.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)

- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

MS&E Grievance Procedures

Students who feel they have been unfairly treated or otherwise have a grievance related to the policies and procedures for graduate study in the Materials Science and Engineering Department may choose to submit a formal grievance to the department. Before taking this step, however, students are encouraged to discuss their grievance directly with the person or persons involved. Respectful, professional, direct communication can often reach a more satisfactory resolution to an issue more quickly than a formal grievance procedure.

To pursue a formal grievance, the student should submit a letter describing the issue in detail to the department Associate Chair of Graduate Studies within 60 days of the precipitating incident. (Should the grievance involve the Director of Graduate Studies, the letter should be submitted to the department Chair.) The Director (or Chair) will convene a committee of not fewer than three department faculty. The committee will obtain a written response from the person or persons who are the subject of the complaint. The committee will then decide a course of action in response to the grievance. The response from the subject of the complaint and the committee course of action will be communicated in writing to the student within 15 working days of submission of the grievance. The course of action will be implemented no later than 10 working days of the communication.

If the departmental procedure does not resolve the grievance, the student may appeal to the College of Engineering or the Graduate School. The College grievance procedures are currently available at <https://engineering.wisc.edu/report-an-incident/academic-grievances-and-complaints/>, (<http://www.engr.wisc.edu/current/current-students-how-to-file-a-grievance.html>) and the Graduate School procedures are available at <http://grad.wisc.edu/acadpolicy/>. (<http://grad.wisc.edu/acadpolicy/>)

The Assistant Dean for Graduate Affairs (engr-dean-graduateaffairs@engr.wisc.edu) provides overall leadership for graduate education in the College of Engineering (CoE), and is a point of contact for graduate students who have concerns about education, mentoring, research, or other difficulties.

OTHER

Students are strongly discouraged to pursue positions as Project Assistants, Teaching Assistants or Research Assistants during their time in this program, as the rigor and accelerated nature of this program may not accommodate those work time commitments. Students in this program will not receive the tuition remission that is typically part of the compensation package for a graduate assistantship.

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

PROGRAM RESOURCES

Assistant Professors:

Dawei Feng, Jiamian Hu, Fang Liu, Hyunseok Oh, Daniel Rhodes, and Jun Xiao

Assistant Teaching Professors:

Franklin Hobbs

MATERIALS SCIENCE AND ENGINEERING: RESEARCH, M.S.

This is a named option within the Materials Science and Engineering M.S. (p. 1256)

The Research named option in the Materials Science and Engineering M.S. is designed for students wishing to conduct research during their program. This program takes approximately two years to complete and a thesis is required.

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 15
Spring Deadline	September 1
Summer Deadline	December 15

GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements (https://grad.wisc.edu/apply/requirements/#english-proficiency).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

Applicants normally are expected to have a B.S. in the physical sciences or engineering. Undergraduate studies normally would include mathematics through differential equations, at least one year each of general physics and chemistry, a course in physical chemistry or modern physics, and an elementary course in properties of materials. Applicants may be admitted with deficiencies. These must be made up as soon as possible after entering the program.

IMPORTANT APPLICATION INFORMATION

Required Application Materials:

- Academic transcripts
- English proficiency scores, if applicable
- Three letters of recommendation
- Statement of purpose
- Resume

Admission to the University of Wisconsin–Madison Graduate School (<http://grad.wisc.edu/>) is a prerequisite for admission to study materials science. A minimum GPA of 3.0/4.0 is required. Admission is highly selective. Most admitted students have an undergraduate GPA above 3.5. However, full consideration will be given to all students meeting the UW–Madison graduate school requirements.

International students must submit satisfactory results on the TOEFL (<http://www.ets.org/toefl/>) or another acceptable English Language Test. Please use institution code: 1846; no department code is necessary. Information about these exams can be obtained from the Educational Testing Service, Princeton, New Jersey 08540 or Berkeley, California 94704.

Please use the online application (<https://apply.grad.wisc.edu/Account/Login/?ReturnUrl=%2f>) to begin your application. To be considered for fellowships, all application materials are due by December 15. If you have questions about the application or admissions process, please do not hesitate to email msaegradadmission@engr.wisc.edu.

The graduate school offers a limited number of application fee grants (covers all or part of the application fee) that are available in a few specific circumstances. Further information is available here. (<https://grad.wisc.edu/admissions/feegrants/>)

#Submit only the documents requested.

NOTE: PLEASE DO NOT SEND DOCUMENTS TO THE GRADUATE SCHOOL. ALL DOCUMENTS SHOULD BE UPLOADED WITH YOUR APPLICATION.

APPLICATION DEADLINES:

Spring semester: September 1

Fall semester: December 15

Summer: December 15

QUESTIONS?

Contact us at msaegradadmission@engr.wisc.edu.

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES FINANCIAL ASSISTANCE

Please note that most funding is available for Ph.D. students and there are limited resources for M.S. students.

Various types of financial assistance are available for entering graduate students, including research assistantships, teaching assistantships, fellowships and special grants. Decisions regarding financial support are made on the basis of letters of recommendation, grades, GRE general test scores, and, for research assistantships, the matching of the interests or experience of the applicant to the research programs of individual faculty members. December 15th is the deadline for receipt of fellowship applications. International students are generally not eligible for university fellowships. Applications for other types of support are accepted until mid-February.

RESEARCH AND TEACHING ASSISTANTSHIPS

Research assistantships (RAs) are available in any materials science area. These appointments are under the supervision of the major professor directing the research. Students interested in research assistantships in a particular area are encouraged to contact professors whose work is of special interest. The faculty's research interests are given in the Department of Materials Science and Engineering faculty section. An RA permits the most rapid progress toward a degree. Research assistantships in materials science graduate students are comparable to similar stipends from other institutions. Information about stipends can be obtained from the Associate Chair of Graduate Studies, acgs@mse.wisc.edu (<http://guide.wisc.edu/graduate/materials-science-engineering/materials-science-engineering-ms/acgs@mse.wisc.edu>).

Teaching assistantships involve teaching rather than research experience. They pay approximately the same as research assistantships. Teaching experience is especially desirable for students considering an academic career. The Department of Materials Science and Engineering supports a limited number of teaching assistantships, which are allocated after admissions.

FELLOWSHIPS

Herb Fellowships in Materials Science are given out each year. The Herb Fellowship is a one-year full-ride fellowship for incoming graduate students. It is intended to provide especially strong students extra flexibility and independence in formulating their graduate research program.

Fellowships supporting graduate education are also offered on a competitive basis by organizations such as the National Science Foundation (<http://www.nsf.gov/>), the Hertz Foundation (<http://www.hertzfndn.org/>), UW–Madison Graduate School (<http://www.wisc.edu/grad/>), the U.S. Department of Defense and a number of industries and foundations. Because some of these fellowships have fall application deadlines, early application is necessary. GRE scores for the General Test are required for fellowship applications.

OTHER FUNDING INFORMATION

If you choose to attend UW–Madison and plan to pursue funding on your own, the following sites could be very helpful:

- Graduate School Funding Resources (<https://grad.wisc.edu/studentfunding/prospective/>)
- Graduate School Costs and Funding (<https://grad.wisc.edu/studentfunding/currentstudents/>)

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

NAMED OPTION REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW–Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail	
Minimum Credit Requirement	30 credits
Minimum Residence Credit Requirement	16 credits
Minimum Graduate Coursework Requirement	15 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy (https://policy.wisc.edu/library/UW-1244) (https://policy.wisc.edu/library/UW-1244/).
Overall Graduate GPA Requirement	3.00 GPA required. This program follows the Graduate School's GPA Requirement policy (https://policy.wisc.edu/library/UW-1203) (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	n/a
Assessments and Examinations	Students must prepare a Master's thesis, present it in a public seminar, and defend it in closed examination by their Master's committee. The format and procedures must conform to the Graduate School rules for a Master's thesis, currently found at https://grad.wisc.edu/current-students/masters-guide (https://grad.wisc.edu/current-students/masters-guide/).
Language Requirements	None.

REQUIRED COURSES

Code	Title	Credits
Materials Research Seminar¹		2
M S & E 900	Materials Research Seminar	
Materials Core Courses		9
Select three courses:		
M S & E 521	Advanced Polymeric Materials	
M S & E 530	Thermodynamics of Solids	
M S & E 551	Structure of Materials	
M S & E 752	Advanced Materials Science: Phase Transformations	
<i>Graduate-level Math Course (students may only count one of the following as a Materials Core Course)</i>		
E P/E M A 547	Engineering Analysis I	
CBE 660	Intermediate Problems in Chemical Engineering	
MATH 703	Methods of Applied Mathematics 1	
MATH 704	Methods of Applied Mathematics-2	
PHYSICS 721	Theoretical Physics-Electrodynamics	
Materials Elective Courses		6
Electives must be selected from the list of Materials Elective Courses below.		
Research		13

M S & E 790	Master's Research or Thesis	
-------------	-----------------------------	--

Total Credits **30**

1

Take two consecutive semesters for 1 credit each semester.

Materials Elective Courses:

The same course may not satisfy more than one requirement. For example, if M S & E 530 Thermodynamics of Solids is taken as a Materials Core Course, it could not be used as a Materials Elective Course. In addition, only one mathematics course may be counted as a materials core or materials elective course. Students or faculty may request that a course be added to the list by submitting a letter to the department graduate secretary including the course syllabus and explaining why the course is a materials-centric course.

Code	Title	Credits
M S & E 401	Special Topics in Materials Science and Engineering	1-3
M S & E/CHEM 421	Polymeric Materials	3
M S & E/N E 423	Nuclear Engineering Materials	3
M S & E/N E 433	Principles of Corrosion	3
M S & E 434	Introduction to Thin-Film Deposition Processes	3
M S & E 441	Deformation of Solids	3
M S & E 448	Crystallography and X-Ray Diffraction	3
M S & E 451	Introduction to Ceramic Materials	3
M S & E 456	Electronic, Optical, and Magnetic Properties of Materials	3
M S & E 460	Introduction to Computational Materials Science and Engineering	3
M S & E 461	Advanced Metal Casting	3
M S & E/M E 462	Welding Metallurgy	3
M S & E 463	Materials for Elevated Temperature Service	3
M S & E 465	Fundamentals of Heat Treatment	3
M S & E/CIV ENGR/ G L E/GEOSCI 474	Rock Mechanics	3
M S & E 521	Advanced Polymeric Materials	3
M S & E 530	Thermodynamics of Solids	3
M S & E/E M A 541	Heterogeneous and Multiphase Materials	3
M S & E 550	Materials Fundamentals	3
M S & E 551	Structure of Materials	3
M S & E 553	Nanomaterials & Nanotechnology	3
M S & E 560	Fundamentals of Atomistic Modeling	3
M S & E 570	Properties of Solid Surfaces	3
M S & E 648	Advanced X-ray Scattering Methods in Materials Science and Engineering	3
M S & E 660	Mesoscale Modeling of Materials	3
M S & E 748	Structural Analysis of Materials	3
M S & E 750	Imperfections and Mechanical Properties	3
M S & E 752	Advanced Materials Science: Phase Transformations	3

M S & E 756	Structure and Properties of Advanced Electronic Materials	3
M S & E 760	Molecular Modeling of Materials	3
M S & E 803	Special Topics in Materials Science	1-3
B M E/PHM SCI 430	Biological Interactions with Materials	3
B M E/M E 615	Tissue Mechanics	3
BIOCHEM/ CHEM 704	Chemical Biology	3
CBE 540	Polymer Science and Technology	3
CBE 747	Advanced Colloid and Interface Science	3
CHEM 652	Chemistry of Inorganic Materials	3
CHEM 653	Chemistry of Nanoscale Materials	3
CHEM 654	Materials Chemistry of Polymers	2-3
CHEM 664	Physical Chemistry of Macromolecules	2-3
CHEM 721	Instrumental Analysis	3-4
E C E 745	Solid State Electronics	3
GEOSCI 765	Crystal Chemistry	3
PHYSICS 415	Thermal Physics	3
PHYSICS 551	Solid State Physics	3
PHYSICS 715	Statistical Mechanics	3
PHYSICS 751	Advanced Solid State Physics	3

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

NAMED OPTION-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Work from Other Institutions

Typically, no graduate work from other institutions may be counted toward graduate program requirements. Under unusual circumstances and with program approval, students are allowed to count graduate coursework from other institutions toward the minimum graduate degree credit requirement and the minimum graduate coursework (50%) requirement. No credits from other institutions can be counted toward the minimum graduate residence credit requirement.

UW-Madison Undergraduate

Typically, no credits from undergraduate coursework may be counted toward graduate program requirements. However, with program approval, students are allowed to count up to 7 credits numbered 300 or above toward the minimum graduate degree credit requirement when taken in excess of the undergraduate degree requirements; if that coursework is numbered 700 or above it may be used to satisfy the minimum graduate coursework (50%) requirement. No credits can be counted toward the minimum graduate residence credit requirement.

UW–Madison University Special

Typically, no UW–Madison University Special student credits may be counted toward graduate program requirements. However, with program approval, students are allowed to count up to 15 credits of coursework numbered 300 or above taken as a UW–Madison Special student toward the minimum graduate residence credit requirement, and the minimum graduate degree credit requirement; if that coursework is numbered 700 or above it may satisfy the minimum graduate coursework (50%) requirement.

PROBATION

This program follows the Graduate School's Probation policy. (<https://policy.wisc.edu/library/UW-1217/>)

ADVISOR / COMMITTEE

This program follows the Graduate School's Advisor policy (<https://policy.wisc.edu/library/UW-1232/>) and the Graduate School's Committees policy (<https://policy.wisc.edu/library/UW-1201/>).

Students without an advisor at the end of their first year enrolled are in danger of failing to make adequate progress towards their degree. Students can be suspended from the Graduate School if they do not have an advisor.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

The Master's degree is typically completed within three years.

This program follows the Graduate School's Time Limits policy. (<https://policy.wisc.edu/library/UW-1221/>)

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeeabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)

- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

MS&E Grievance Procedures

Students who feel they have been unfairly treated or otherwise have a grievance related to the policies and procedures for graduate study in the Materials Science and Engineering Department may choose to submit a formal grievance to the department. Before taking this step, however, students are encouraged to discuss their grievance directly with the person or persons involved. Respectful, professional, direct communication can often reach a more satisfactory resolution to an issue more quickly than a formal grievance procedure.

To pursue a formal grievance, the student should submit a letter describing the issue in detail to the department Associate Chair of Graduate Studies within 60 days of the precipitating incident. (Should the grievance involve the Director of Graduate Studies, the letter should be submitted to the department Chair.) The Director (or Chair) will convene a committee of not fewer than three department faculty. The committee will obtain a written response from the person or persons who are the subject of the complaint. The committee will then decide a course of action in response to the grievance. The response from the subject of the complaint and the committee course of action will be communicated in writing to the student within 15 working days of submission of the grievance. The course of action will be implemented no later than 10 working days of the communication.

If the departmental procedure does not resolve the grievance, the student may appeal to the College of Engineering or the Graduate School. The College grievance procedures are currently available at <https://engineering.wisc.edu/report-an-incident/academic-grievances-and-complaints/>, (<http://www.engr.wisc.edu/current/current-students-how-to-file-a-grievance.html>) and the Graduate School procedures are available at <http://grad.wisc.edu/acadpolicy/>. (<http://grad.wisc.edu/acadpolicy/>)

The Assistant Dean for Graduate Affairs (engr-dean-graduateaffairs@engr.wisc.edu) provides overall leadership for graduate education in the College of Engineering (CoE), and is a point of contact for graduate students who have concerns about education, mentoring, research, or other difficulties.

MATERIALS SCIENCE AND ENGINEERING, PH.D.

Meeting many of the most critical challenges facing modern society requires advances in the materials that underpin new technologies. Examples include providing carbon-free and renewable energy, clean water, advanced medical treatments and devices, and sustainable materials manufacturing. New materials are also required for continued economic growth in areas as diverse as aerospace, computing, and sensors.

Materials scientists and engineers at UW–Madison work toward solutions to these problems via research in a wide variety of areas. Research areas include ceramics, computational material science; composites; corrosion; electrical, optical, magnetic materials; growth and synthesis; joining; materials for energy; metals; materials characterization and microscopy; nanomaterials; phase transformations; photonics; polymers and biomaterials; materials for nuclear energy; quantum computing; self-assembly; semiconductors; structural materials and mechanical properties; surfaces and interfaces; sustainability; thin films; and wear.

More broadly, the field of materials science and engineering is in the middle of a revolution in how we design and deploy new materials. The old way is by trial and error, which involves laboratory testing of hundreds or thousands of candidate materials, which is costly and can take decades to develop a new material and deploy it in practical technologies. The emerging new method leverages advances in computational materials science; materials databases, data science, and machine learning; and high throughput materials synthesis and characterization to achieve true design of materials. The goal is to develop and deploy new materials much more quickly and much lower cost than ever before. Materials design is a major theme of materials research on campus, organized around the areas of materials design via atomically controlled thin film systems, modular design of nanomaterials, and integrated experimental and computational

materials engineering. Materials design and these themes cut across the research and application areas list above.

Materials research extends across campus, well beyond the boundaries of the Department of Materials Science and Engineering, so graduate students in materials can pursue research with a large number of affiliate faculty. Faculty emphasize the cross-cutting, interdisciplinary nature of materials research, which is also reflected by the diverse undergraduate backgrounds of the student body, many of whom do not have undergraduate degrees in materials.

Materials research benefits from major campus facilities, including the Materials Science Center, the Wisconsin Microscopy and Characterization Center, Wisconsin Center for Applied Microelectronics, and the Soft Materials Laboratory. Research is supported by major centers, including the National Science Foundation Materials Research Science and Engineering Center and the Grainger Institute for Engineering.

Materials graduates from Wisconsin find long-term success in careers in private industry, national laboratories, and academia in the US and around the world.

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 15
Spring Deadline	September 1
Summer Deadline	December 15
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements (https://grad.wisc.edu/apply/requirements/#english-proficiency).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

Applicants normally are expected to have a B.S. in the physical sciences or engineering. Undergraduate studies normally would include mathematics through differential equations, at least one year each of general physics and chemistry, a course in physical chemistry or modern physics, and an elementary course in properties of materials. Applicants may be admitted

with deficiencies. These must be made up as soon as possible after entering the program.

Required Application Materials:

- Academic transcripts
- English proficiency scores (<https://grad.wisc.edu/apply/requirements/#english-proficiency>), if applicable
- Three letters of recommendation
- Statement of purpose (<https://grad.wisc.edu/apply/prepare/>)
- Resume

Admission to the University of Wisconsin–Madison Graduate School (<http://grad.wisc.edu/>) is a prerequisite for admission to study materials science. A minimum GPA of 3.0/4.0 is required. Admission is highly selective. Most admitted students have an undergraduate GPA above 3.5. However, full consideration will be given to all students meeting the UW–Madison graduate school requirements.

International students must submit satisfactory results on the TOEFL (<http://www.ets.org/toefl/>) or another acceptable English Language Test. Please use institution code: 1846; no department code is necessary. Information about these exams can be obtained from the Educational Testing Service, Princeton, New Jersey 08540 or Berkeley, California 94704.

Please use the online application (<https://apply.grad.wisc.edu/Account/Login/?ReturnUrl=%2f>) to begin your application. To be considered for fellowships, all application materials are due by December 15th. If you have questions about the application or admissions process, please do not hesitate to send an email to msaegradadmission@engr.wisc.edu.

The graduate school offers a limited number of application fee grants (covers of all or part of the application fee) that are available in a few specific circumstances. Further information is available here. (<https://grad.wisc.edu/admissions/feegrants/>)

APPLICATION DEADLINES:

Spring semester: September 1
 Fall semester: December 15
 Summer: December 15

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

FINANCIAL ASSISTANCE

Various types of financial assistance are available for entering graduate students, including research assistantships, teaching assistantships, fellowships and special grants. Decisions regarding financial support are made on the basis of letters of recommendation, grades, GRE general test scores, and, for research assistantships, the matching of the interests or experience of the applicant to the research programs of individual faculty members. December 15th is the deadline for receipt of fellowship

applications. International students are generally not eligible for university fellowships. Applications for other types of support are accepted until mid-February.

RESEARCH AND TEACHING ASSISTANTSHIPS

Research assistantships (RAs) are available in any materials science area. These appointments are under the supervision of the major professor directing the research. Students interested in research assistantships in a particular area are encouraged to contact professors whose work is of special interest. The faculty's research interests are given in the Department of Materials Science And Engineering faculty section. An RA permits the most rapid progress toward a degree. Research assistantships in materials science graduate students are comparable to similar stipends from other institutions. Information about stipends can be obtained from the Associate Chair of Graduate Studies, acgs@mse.wisc.edu (<http://guide.wisc.edu/graduate/materials-science-engineering/materials-science-engineering-phd/acgs@mse.wisc.edu>).

Teaching assistantships involve teaching rather than research experience. They pay approximately the same as research assistantships. Teaching experience is especially desirable for students considering an academic career. The Department of Materials Science and Engineering supports a limited number of teaching assistantships, which are allocated after admissions.

FELLOWSHIPS

Herb Fellowships in Materials Science are given out each year. The Herb Fellowship is a one-year full-ride fellowship for incoming graduate students. It is intended to provide especially strong students extra flexibility and independence in formulating their graduate research program.

Fellowships supporting graduate education are also offered on a competitive basis by organizations such as the National Science Foundation (<http://www.nsf.gov/>), the Hertz Foundation (<http://www.hertzfndn.org/>), UW–Madison Graduate School (<http://www.wisc.edu/grad/>), the U.S. Department of Defense and a number of industries and foundations. Because some of these fellowships have fall application deadlines, early application is necessary. GRE scores for the General Test are required for fellowship applications.

OTHER FUNDING INFORMATION

If you choose to attend UW–Madison and plan to pursue funding on your own, the following sites could be very helpful:

- Graduate School Funding Resources (<https://grad.wisc.edu/studentfunding/prospective/>)
- Graduate School Costs and Funding (<https://grad.wisc.edu/studentfunding/currentstudents/>)

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW–Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail	
Minimum Credit Requirement	51 credits
Minimum Residence Credit Requirement	32 credits
Minimum Graduate Coursework Requirement	26 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy (https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/)).
Overall Graduate GPA Requirement	3.00 GPA required. This program follows the Graduate School's GPA Requirement policy (https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/)).
Other Grade Requirements	n/a

Assessments and Examinations	<p>Students entering without a previous master's degree:</p> <ul style="list-style-type: none"> Students must pass a qualifying exam in Materials Science and Engineering. The exam must be attempted within 13 months of the start of the student's first semester enrolled. If the first attempt is not passed, a second attempt is required within four months. Students must pass a preliminary exam / thesis proposal exam. This exam is typically undertaken by the end of the fourth semester enrolled and must be undertaken by the end of the fifth semester. If the first attempt is not passed, a second attempt is required within three months. Students may earn the M S & E Master's degree the semester they pass their preliminary exam. Students must prepare a doctoral dissertation, present it in a public seminar, defend it in closed examination by their doctoral committee, and deposit it with the Graduate School.
------------------------------	---

Students entering with a master's degree:

- Students on this track must pass the qualifying exam, thesis proposal exam, and thesis defense as described above, on the same schedule with respect to their matriculation date. Students who fail one of these exams will have the opportunity to earn a terminal Master's degree in M S & E, even if they have been granted a course substitution.

Language Requirements	None.
Graduate School Breadth Requirement	All doctoral students are required to complete a doctoral minor or Graduate/Professional certificate. If students choose a distributed minor (Option B), they must select a topic or theme and three courses around that theme. At least one course must be graduate level (numbered 700 or above or has Graduate Course Attribute). There are no other restrictions on the course department or topic.

REQUIRED COURSES

Courses for Students Starting from a Bachelor's Degree and Enrolling Directly in the Ph.D. Program

All course requirements are subject to modification or substitution to better serve the research needs of the student. To request a change, submit a letter to the department Graduate Coordinator signed by the student and advisor proposing a change and explaining how the change will better suit the student's needs, especially as it pertains to their research. Course substitutions and other curriculum variances are decided by the department's director of graduate studies, subject to appeal to the department's Graduate Governance Committee and the grievance procedure.

Code	Title	Credits
Materials research seminar ¹		2
M S & E 900	Materials Research Seminar	
Materials core courses ²		9
M S & E 521	Advanced Polymeric Materials	
M S & E 530	Thermodynamics of Solids	
M S & E 551	Structure of Materials	

M S & E 752	Advanced Materials Science: Phase Transformations	
Graduate level math course (students may only count one of the following as materials core course)		
E P/E M A 547	Engineering Analysis I	
CBE 660	Intermediate Problems in Chemical Engineering	
MATH 703	Methods of Applied Mathematics 1	
MATH 704	Methods of Applied Mathematics-2	
PHYSICS 721	Theoretical Physics- Electrodynamics	
Materials electives courses ³		6
Additional coursework and/or research credits ⁴		25
Breadth requirement		9
Total Credits		51

1

Take two consecutive semesters.

2

Take three materials core courses, chosen from these options.

3

Electives must be selected from the list of Materials Elective Courses.

4

1. Before earning the Master's degree, students should register for M S & E 790 Master's Research or Thesis.
2. After earning the Master's degree, they should register for M S & E 890 Pre-Dissertator's Research.
3. Once they have achieved dissertator status, they should register for M S & E 990 Research and Thesis.

Materials Elective Courses

Code	Title	Credits
M S & E 401	Special Topics in Materials Science and Engineering	1-3
M S & E/CHEM 421	Polymeric Materials	3
M S & E/N E 423	Nuclear Engineering Materials	3
M S & E/N E 433	Principles of Corrosion	3
M S & E 434	Introduction to Thin-Film Deposition Processes	3
M S & E 441	Deformation of Solids	3
M S & E 448	Crystallography and X-Ray Diffraction	3
M S & E 451	Introduction to Ceramic Materials	3
M S & E 456	Electronic, Optical, and Magnetic Properties of Materials	3
M S & E 460	Introduction to Computational Materials Science and Engineering	3
M S & E 461	Advanced Metal Casting	3
M S & E/M E 462	Welding Metallurgy	3

M S & E 748	Structural Analysis of Materials	3
M S & E 750	Imperfections and Mechanical Properties	3
M S & E 752	Advanced Materials Science: Phase Transformations	3
M S & E 756	Structure and Properties of Advanced Electronic Materials	3
M S & E 760	Molecular Modeling of Materials	3
M S & E 803	Special Topics in Materials Science	1-3
B M E/PHM SCI 430	Biological Interactions with Materials	3
B M E/M E 615	Tissue Mechanics	3
BIOCHEM/ CHEM 704	Chemical Biology	3
CBE 540	Polymer Science and Technology	3
CBE 747	Advanced Colloid and Interface Science	3
CHEM 652	Chemistry of Inorganic Materials	3
CHEM 653	Chemistry of Nanoscale Materials	3
CHEM 654	Materials Chemistry of Polymers	2-3
CHEM 664	Physical Chemistry of Macromolecules	2-3
CHEM 721	Instrumental Analysis	3-4
E C E 745	Solid State Electronics	3
GEOSCI 765	Crystal Chemistry	3
PHYSICS 415	Thermal Physics	3
PHYSICS 551	Solid State Physics	3
PHYSICS 715	Statistical Mechanics	3
PHYSICS 751	Advanced Solid State Physics	3

Additionally, the student's research advisor must sign a form available from the department Graduate Coordinator approving the five courses taken to fulfill the materials core and materials electives requirements.

Courses for Students Starting from a Master's Degree and Enrolling Directly in the Ph.D. Program

These requirements cover students who (1) have already earned a master's degree in M S & E or a related field and (2) do not wish to earn an M S & E master's from UW.

Students must enroll in the introductory seminar, M S & E 900 Materials Research Seminar, for their first two semesters of enrollment.

Students must satisfy all of the course requirements for the Ph.D. given in the preceding section. However, they may request that courses taken as part of a previous master's degree at another institution serve to

satisfy a portion of the requirements. Students will have one month after matriculation to identify that they wish to follow this track to their Ph.D. and to submit all their course substitution requests. Course substitutions will not be considered later in the student's Ph.D. studies.

To make such a request, the student should submit a request to the department Graduate Coordinator describing (1) the course from a previous institution; (2) the UW course equivalent; (3) the M S & E course requirement that will be satisfied. The request must include sufficient information to determine if the courses are equivalent. Typically, a syllabus listing the course textbook and lecture topics is sufficient. A course catalog description is typically insufficient. Courses taken while enrolled as an undergraduate student at another institution will not be considered for substitution. This includes courses at the graduate level taken while the student is enrolled as an undergraduate.

If a request is not approved, the student must fulfill the corresponding requirement at the University of Wisconsin–Madison.

If one or more course substitutions are accepted, the student will not earn a master's degree in Materials Science and Engineering from UW–Madison as part of their Ph.D. studies.

graduate degree credit requirement. If that coursework is numbered 700 or above it may satisfy the minimum graduate coursework (50%) requirement.

PROBATION

This program follows the Graduate School's Probation policy. (<https://policy.wisc.edu/library/UW-1217/>)

ADVISOR / COMMITTEE

This program follows the Graduate School's Advisor policy (<https://policy.wisc.edu/library/UW-1232/>) and the Graduate School's Committees policy (<https://policy.wisc.edu/library/UW-1201/>).

Students without an advisor at the end of their first year enrolled are in danger of failing to make adequate progress towards their degree. Students can be suspended from the Graduate School if they do not have an advisor.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

The Ph.D. is typically completed within six years. A candidate for a doctoral degree who fails to take the final oral examination and deposit the dissertation within five years after passing the preliminary examination may be required to take another preliminary examination and to be admitted to candidacy a second time.

This program follows the Graduate School's Time Limits policy. (<https://policy.wisc.edu/library/UW-1221/>)

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeeabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Work from Other Institutions

With program approval, students are allowed to count up to 9 credits of graduate coursework from other institutions toward the minimum graduate degree credit requirement and the minimum graduate coursework (50%) requirement. No credits from other institutions can be counted toward the minimum graduate residence credit requirement. For additional requirements, consult the program. Students who count credits of graduate coursework from other institutions toward their M S & E Ph.D. degree credit requirements cannot earn a M S & E Master's degree.

UW–Madison Undergraduate

Typically, no UW–Madison Undergraduate student credits may be counted toward graduate program requirements. However, with program approval, students are allowed to count up to 7 credits numbered 300 or above toward the minimum graduate degree credit requirement when taken in excess of the undergraduate degree requirements. If that coursework is numbered 700 or above it may be used to satisfy the minimum graduate coursework (50%) requirement. No credits can be counted toward the minimum graduate residence credit requirement.

UW–Madison University Special

Typically, no UW–Madison University Special student credits may be counted toward graduate program requirements. However, with program approval, students are allowed to count up to 15 credits of coursework numbered 300 or above taken as a UW–Madison Special student toward the minimum graduate residence credit requirement, and the minimum

- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

MS&E Grievance Procedures

Students who feel they have been unfairly treated or otherwise have a grievance related to the policies and procedures for graduate study in the Materials Science and Engineering Department may choose to submit a formal grievance to the department. Before taking this step, however, students are encouraged to discuss their grievance directly with the person or persons involved. Respectful, professional, direct communication can often reach a more satisfactory resolution to an issue more quickly than a formal grievance procedure.

To pursue a formal grievance, the student should submit a letter describing the issue in detail to the department Associate Chair of Graduate Studies within 60 days of the precipitating incident. (Should the grievance involve the Director of Graduate Studies, the letter should be submitted to the department Chair.) The Director (or Chair) will convene a committee of not fewer than three department faculty. The committee will obtain a written response from the person or persons who are the subject of the complaint. The committee will then decide a course of action in response to the grievance. The response from the subject of the complaint and the committee course of action will be communicated in writing to the student within 15 working days of submission of the grievance. The course of action will be implemented no later than 10 working days of the communication.

If the departmental procedure does not resolve the grievance, the student may appeal to the College of Engineering or the Graduate School. The College grievance procedures are currently available at <https://engineering.wisc.edu/report-an-incident/academic-grievances-and-complaints/>, and the Graduate School procedures are available at <http://grad.wisc.edu/acadpolicy/>. (<http://grad.wisc.edu/acadpolicy/>)

The Assistant Dean for Graduate Affairs (engr-dean-graduateaffairs@engr.wisc.edu) provides overall leadership for graduate education in the College of Engineering (CoE), and is a point of contact for graduate students who have concerns about education, mentoring, research, or other difficulties.

OTHER

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

PROGRAM RESOURCES

Find information about professional development from the College of Engineering at the following webpage: <https://interpro.wisc.edu>.

LEARNING OUTCOMES

1. Demonstrate an ability to synthesize knowledge from a subset of the biological, physical, and social sciences to help frame problems critical to the future of their discipline.
2. Conduct original research.
3. Demonstrate an ability to create new knowledge and communicate it to their peers.
4. Fosters ethical and professional conduct.

MATHEMATICS, DOCTORAL MINOR

REQUIREMENTS

I. THE MATH DEPARTMENT MINOR REQUIREMENTS

The general requirements for a minor are stated in the Guide. Listed here are the requirements for a mathematics minor under Option A.

1. A math minor consists of at least 12 graduate credits in mathematics courses (<http://guide.wisc.edu/courses/math/>) that are approved by a math minor advisor. These courses must be taken as a graduate student. All courses must be completed with a grade of B or better. Graduate mathematics credits transferred from another university may be considered but prior approval by the math minor advisor is necessary.
2. At least 6 credits must be in math courses at the 700 level or above.
3. At most one course cross-listed with the major department may be used for the math minor. This course must be staffed by the mathematics department and it may not be applied to any requirement for the major department.
4. According to rules of the Graduate School, graduate credit can be given only for courses above 300. The math department has a more restrictive policy; it typically does not consider math courses below 500 as graduate courses. Hence, credit for math classes below 500 will not be counted for the doctoral minor in mathematics.

II. THE PROCESS

1. Students should plan which courses they would like to use to meet the minor requirements. They can use this form (<https://uwmadison.app.box.com/s/z754hk68em3xq20zm89cd6qgrmw2unwn/>) for planning the coursework. Students and the math minor advisor (<https://math.wisc.edu/about/about-key-contacts/#gradminor>) complete this form and students keep a copy of it. (Students can print a copy of the form and fill in some parts before the meeting.) Completion of the planning form is not required, but a completed form, signed by a math minor advisor, does offer a guarantee that the math department will accept the courses for a minor. The course program for a math minor must be approved by a math minor advisor at some point, but this approval could also be obtained after the courses have been taken.

2. Students will need a form signed by a math minor advisor certifying approval of their course selection for the math minor, and/or certifying completion of the minor requirements. The department may have forms for these purposes, or students can use a Math Department Minor Agreement Form (<https://uwmadison.app.box.com/s/881wbl9gli9fu8r5pgjdmbsgyhywvsq8/>).

3. When everything is completed, students need to have the Graduate School warrant signed. The major department will request a warrant from the Graduate School. Students take the warrant to one of the math minor advisors for a signature and then take it back to the major department.

MATHEMATICS, M.A.

Ph.D. students in the math department and students enrolled in other UW-Madison Ph.D. programs are eligible to earn an M.A. degree with the named option titled Foundations for Research (FR) (p. 1276).

The M.A. degree is available with the named option titled Foundations of Advanced Studies (FAS) (p. 1279). It is designed to strengthen the student's mathematics background and enhance the opportunities for applications to Ph.D. programs and for employment as a mathematician in nonacademic environments.

ADMISSIONS

Students apply to the Master of Arts in Mathematics through the named option or the Ph.D.:

- The Foundations for Research (p. 1276) named option is offered for work leading to the Ph.D. Students may not apply directly for the master's, and should instead see the admissions information for the Ph.D (<https://guide.wisc.edu/graduate/mathematics/mathematics-phd/#admissionstext>).

- Foundations of Advanced Studies (<https://guide.wisc.edu/graduate/mathematics/mathematics-ma/mathematics-foundations-advanced-studies-ma/>)

conferral. Students pursuing the Master of Arts in Mathematics must select one of the following named options:

View as [list](#) [View as grid](#)

- MATHEMATICS: FOUNDATIONS FOR RESEARCH, M.A. (P. 1276)
- MATHEMATICS: FOUNDATIONS OF ADVANCED STUDIES, M.A. (P. 1279)

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

Minimum 30 credits
Credit Requirement

Minimum 16 credits
Residence Credit Requirement

Minimum 30 credits must be graduate-level coursework. Details Graduate Coursework (50%) Requirement Policy: <https://policy.wisc.edu/library/UW-1244> (<https://policy.wisc.edu/library/UW-1244/>)

Overall 3.00 GPA required. This program follows the Graduate School's policy: <https://policy.wisc.edu/library/UW-1203> (<https://policy.wisc.edu/library/UW-1203/>).
Requirement

Other Grade See Named Options for policy information.
Requirements

Assessments and Examinations None.

Language Requirements No language requirements.

REQUIRED COURSES

Select a Named Option (<https://guide.wisc.edu/graduate/mathematics/mathematics-ma/#NamedOptions>) for courses required.

NAMED OPTIONS

A named option is a formally documented sub-major within an academic major program. Named options appear on the transcript with degree

POLICIES

Students should refer to one of the named options for policy information:

- Foundations for Research (p. 1276)
- Foundations of Advanced Studies (<https://guide.wisc.edu/graduate/mathematics/mathematics-ma/mathematics-foundations-advanced-studies-ma/>)

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

1. Learn a substantial body of mathematics presented in introductory graduate level courses in mathematics.
2. Select and utilize appropriate methodologies to solve problems.
3. Communicate clearly in written/oral presentations.
4. Recognize and apply principles of ethical and professional conduct.

MATHEMATICS: FOUNDATIONS FOR RESEARCH, M.A.

This is a named option within the Mathematics M.A. (p. 1274), which is offered for work leading to the Ph.D.

Information about the requirements and policies for this program can be found in this Guide.

ADMISSIONS

The M.A. (no named option) is offered for work leading to the Ph.D. Students may not apply directly for the master's, and should instead see the admissions information for the Ph.D (p. 1282).

Students may also apply to the M.A. Named Option in Foundations of Advanced Studies (p. 1279).

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

NAMED OPTION REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW-Madison campus only in evenings and/or on weekends to accommodate typical business

schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail

Minimum Credit Requirement	30 credits
Minimum Residence Credit Requirement	16 credits
Minimum Graduate Coursework Requirement	The coursework must consist of graduate-level coursework; courses with the Graduate Level Coursework attribute are identified and searchable in the university's Course Guide (https://registrar.wisc.edu/course-guide (https://registrar.wisc.edu/course-guide/)).
Overall Graduate GPA Requirement	3.00 GPA required.
Other Grade Requirements	At least 12 credits from a specified list of 700 courses are required to be passed with grade B or higher.
Assessments and Examinations	None.
Language Requirements	No language requirements.

REQUIRED COURSES

Code	Title	Credits
(i) Core Courses: ¹		
<i>Select four of the following:</i>		
MATH 703	Methods of Applied Mathematics 1	12
MATH 704	Methods of Applied Mathematics-2	
MATH/ COMP SCI 714	Methods of Computational Mathematics I	
MATH/ COMP SCI 715	Methods of Computational Mathematics II	
MATH 721	A First Course in Real Analysis	
MATH 722	Complex Analysis	
MATH 725	A Second Course in Real Analysis	
MATH/STAT 733	Theory of Probability I	
MATH/STAT 734	Theory of Probability II	
MATH 741	Abstract Algebra	
MATH 742	Abstract Algebra	
MATH 751	Introductory Topology I	
MATH 752	Introductory Topology II	

MATH 758	Introduction to Ergodic Theory and Dynamics	12	
MATH 761	Differentiable Manifolds		
MATH 770	Foundations of Mathematics		
MATH 771	Set Theory		
MATH 773	Computability Theory		
MATH 776	Model Theory		
(ii) Four Mathematics courses numbered 600 or above passed with a grade of B or higher ^{1,2}			6
(iii) Electives (numbered 500 or above)			
(iv) Advanced Computer Science Course:			
Students must complete an advanced computer science course which involves substantial programming. Other courses require prior approval of the director of graduate studies. This requirement is waived for Math Ph.D. students, provided two qualifying exams have been passed.			
COMP SCI 400	Programming III	30	
COMP SCI 536	Introduction to Programming Languages and Compilers		
COMP SCI 537	Introduction to Operating Systems		
COMP SCI 564	Database Management Systems: Design and Implementation		
COMP SCI 704	Principles of Programming Languages		
COMP SCI/ MATH 714	Methods of Computational Mathematics I		
COMP SCI/ MATH 715	Methods of Computational Mathematics II		
COMP SCI/ I SY E 719	Stochastic Programming		
COMP SCI/I SY E/ MATH 730	Nonlinear Optimization II		
Total Credits			30

1

Students must pass with a grade of B or higher.

2

The graduate advisor may also approve to have courses numbered 500-599 count for this requirement (but typically no introductory courses such as MATH 521 Analysis I, MATH 541 Modern Algebra or MATH 551 Elementary Topology).

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

NAMED OPTION-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Work from Other Institutions

Students in the M.A. program are allowed to count no more than 14 credits of graduate coursework from other institutions. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

UW–Madison Undergraduate

This program follows the Graduate School's policy for Satisfying Requirements with Coursework from Undergraduate Career at UW–Madison. (<https://policy.wisc.edu/library/UW-1216/>)

UW–Madison University Special

This program follows the Graduate School's policy for Transfer from UW–Madison University Special Student Career at UW–Madison. (<https://policy.wisc.edu/library/UW-1216/>)

PROBATION

The Graduate School regularly reviews the record of any student who earned grades of BC, C, D, F, or Incomplete in a graduate course (300 or above), or grade of U in research credits. This review could result in academic probation with a hold on future enrollment or in being suspended from the Graduate School.

1. Good standing (progressing according to standards; any funding guarantee remains in place).
2. Probation (not progressing according to standards but permitted to enroll; loss of funding guarantee; specific plan with dates and deadlines in place in regard to removal of probationary status).
3. Unsatisfactory progress (not progressing according to standards; not permitted to enroll, dismissal, leave of absence or change of advisor or program).

ADVISOR / COMMITTEE

Students are recommended to meet with an advisor.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

Two years. Extensions have to be approved by the program.

Master's degree students who have been absent for five or more consecutive years lose all credits that they have earned before their absence. Individual programs may count the coursework students completed prior to their absence for meeting program requirements; that coursework may not count toward Graduate School credit requirements.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)

- Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

MATHEMATICS: FOUNDATIONS OF ADVANCED STUDIES, M.A.

This is a named option within the Mathematics M.A. It is designed to strengthen the student's mathematics background and enhance the opportunities for applications to Ph.D. programs and for employment as a mathematician in nonacademic environments.

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	February 15
Spring Deadline	October 15
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required but may be considered if available.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements (https://grad.wisc.edu/apply/requirements/#english-proficiency).
Other Test(s) (e.g., GMAT, MCAT)	The GRE subject test in Mathematics is not required but may be considered if available.
Letters of Recommendation Required	3

Admission is competitive. Applicants to the Ph.D. program are automatically considered for financial support. For more information about application to the Ph.D. and M.A. programs, see the department's admission website (<https://math.wisc.edu/graduate/master-of-arts-foundation-of-studies/applying-for-ma-fas/>).

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

The Department of Mathematics cannot provide financial support for the Master's–Foundations of Advanced Studies Degree program.

Students enrolled in this program are not eligible to receive tuition remission from graduate assistantship appointments at this institution.

REQUIRED COURSES

Code	Title	Credits
Required Courses:		
These courses must be taken by all students, except when it is determined by the director of graduate studies that equivalent courses were taken prior to entering the program.		
MATH 522	Analysis II	3
MATH 542	Modern Algebra	3
Basic Electives:		
All other courses numbered 500–599 and 600–699 in Mathematics may be taken as elective courses. Currently the following courses are available. Select four of the following:		12
MATH/ COMP SCI 513	Numerical Linear Algebra	
MATH/ COMP SCI 514	Numerical Analysis	
MATH 519	Ordinary Differential Equations	
MATH/ COMP SCI/ I SY E/ STAT 525	Linear Optimization	
MATH 531	Probability Theory	
MATH 552	Elementary Geometric and Algebraic Topology	
MATH 561	Differential Geometry	
MATH 567	Modern Number Theory	
MATH/ PHILOS 571	Mathematical Logic	
MATH 605	Stochastic Methods for Biology	
MATH/B M I/ BIOCHEM/ BMOLCHEM 609	Mathematical Methods for Systems Biology	
MATH 619	Analysis of Partial Differential Equations	
MATH 621	Introduction to Manifolds	

MATH 623	Complex Analysis
MATH 627	Introduction to Fourier Analysis
MATH 629	Introduction to Measure and Integration
MATH/ISYE/ OTM/STAT 632	Introduction to Stochastic Processes
MATH 635	An Introduction to Brownian Motion and Stochastic Calculus
MATH/ECE 641	Introduction to Error-Correcting Codes

Advanced Electives:

All courses numbered 700-799 in Mathematics may be taken as elective courses. Students must pass at least four of the following core graduate courses with a Grade of B or higher. Select four of the following: 12

MATH 703	Methods of Applied Mathematics 1
MATH 704	Methods of Applied Mathematics-2
MATH/ COMP SCI 714	Methods of Computational Mathematics I
MATH/ COMP SCI 715	Methods of Computational Mathematics II
MATH 721	A First Course in Real Analysis
MATH 722	Complex Analysis
MATH 725	A Second Course in Real Analysis
MATH/STAT 733	Theory of Probability I
MATH/STAT 734	Theory of Probability II
MATH 741	Abstract Algebra
MATH 742	Abstract Algebra
MATH 751	Introductory Topology I
MATH 752	Introductory Topology II
MATH 758	Introduction to Ergodic Theory and Dynamics
MATH 761	Differentiable Manifolds
MATH 770	Foundations of Mathematics
MATH 771	Set Theory
MATH 773	Computability Theory
MATH 776	Model Theory

Total Credits 30

Students in this program may not take courses outside the prescribed curriculum without faculty advisor and program director approval. Students in this program cannot enroll concurrently in other undergraduate, graduate or certificate programs.

POLICIES**GRADUATE SCHOOL POLICIES**

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

NAMED OPTION-SPECIFIC POLICIES**PRIOR COURSEWORK****Graduate Work from Other Institutions**

Students in the M.A. program are allowed to count no more than 14 credits of graduate coursework from other institutions. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

UW-Madison Undergraduate

This program follows the Graduate School's policy for Satisfying Requirements with Coursework from Undergraduate Career at UW-Madison. (<https://policy.wisc.edu/library/UW-1216/>)

UW-Madison University Special

This program follows the Graduate School's policy for Transfer from UW-Madison University Special Student Career at UW-Madison. (<https://policy.wisc.edu/library/UW-1216/>)

PROBATION

This program follows the Graduate School's Probation policy. (<https://policy.wisc.edu/library/UW-1217/>)

ADVISOR / COMMITTEE

Students are recommended to meet with an advisor.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

Two years. Extensions have to be approved by the program.

Otherwise, this program follows the Graduate School's Time Limits policy. (<https://policy.wisc.edu/library/UW-1221/>)

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)

MATHEMATICS, PH.D.

The department offers the doctor of philosophy degree with a major in mathematics and a master of arts degree in mathematics.

The Ph.D. degree requires proficiency in basic and advanced graduate mathematics and the completion of a dissertation containing a significant piece of original research in some area of mathematics. The scope of the research program in mathematics is broad. The Ph.D. specialty and dissertation may be in any area of mathematics, including but not limited to algebra, algebraic geometry, applied mathematics, combinatorics, computational mathematics, complex analysis, differential equations, differential geometry, dynamical systems, harmonic analysis, logic, mathematical biology, number theory, probability, and topology. A complete list of faculty and their areas of expertise is available through the department website (<https://www.math.wisc.edu/graduate/>).

Students in the Ph.D. program also have the option to earn a master of arts degree (p. 1274).

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 15
Spring Deadline	This program does not admit in the spring.
Summer Deadline	This program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required but may be considered if available.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements (https://grad.wisc.edu/apply/requirements/#english-proficiency).
Other Test(s) (e.g., GMAT, MCAT)	The GRE subject test in Mathematics is optional but may be considered if available.
Letters of Recommendation Required	3

Admission is competitive. Applicants to the Ph.D. program are automatically considered for financial support. For more information about application to the Ph.D. and M.A. programs, see the department's admission website (<https://math.wisc.edu/graduate/prospective-phd/>).

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School.

Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Prospective students should see the program website for funding information (<https://math.wisc.edu/ta-and-grader/>).

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS

Minimum Credit Requirement	51 credits
Minimum Residence Credit Requirement	32 credits
Minimum Graduate Coursework Requirement	Coursework taken in the Mathematics department is expected to consist only of graduate-level coursework; Details can be found in the Graduate School's Minimum Graduate Coursework (50%) Requirement Policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/)

Overall Graduate GPA Requirement	3.00 GPA required. This program follows the Graduate School's policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	No additional grade requirements.
Assessments and Examinations	Students are required to pass at least two qualifying exams. At least one qualifying exam must be passed by the beginning of the fourth semester (the spring semester of the second year). Both qualifying exams must be passed by the beginning of their sixth semester (the spring semester of the third year). Students must pass a preliminary exam (specialty exam) by the end of the eighth semester (end of fourth year). Students must satisfy all the requirements for dissertator status by the end of the eighth semester (end of fourth year).
Language Requirements	No language requirements.
Graduate School Breadth Requirements	All doctoral students are required to complete at least a 12-credit doctoral minor or graduate/professional certificate.

REQUIRED COURSES

Take a total of 51 graduate credits, or generally 18 courses. This includes courses in math and in breadth. In the Ph.D. program, math courses numbered above 700 are for graduate credit. Math courses below 700 must be approved by the academic advisor.

There are five general and overlapping areas of specialization¹ within the department:

- Algebra, Algebraic Geometry, Combinatorics and Number theory
- Analysis, Differential Equations and Probability
- Applied and Computational Mathematics
- Logic
- Geometry, Topology, and Dynamics

There is also a specialty in Mathematics Education¹. The course requirement is the same as for the other specialties except that the required 51 credits should include 18 credits in courses that relate to mathematics education, and at least one of the courses must be on research techniques in education. The 18 credits may come (wholly or in part) from courses included in breadth.

¹

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies

beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Work from Other Institutions

With program approval, students in the Ph.D. program are allowed to count no more than 19 credits of graduate coursework from other institutions. Coursework earned ten years or more prior to admission to a doctoral degree is not allowed to satisfy requirements.

UW–Madison Undergraduate

No more than 7 credits from a UW–Madison undergraduate degree are allowed to count toward the degree. Coursework earned ten years or more prior to admission to a doctoral degree is not allowed to satisfy requirements.

UW–Madison University Special

With program approval, students are allowed to count no more than 15 credits of coursework numbered 300 or above taken as a UW–Madison Special student. Coursework earned ten years or more prior to admission to a doctoral degree is not allowed to satisfy requirements.

PROBATION

This program follows the Graduate School's Probation policy. (<https://policy.wisc.edu/library/UW-1217/>)

1. Good standing (progressing according to standards; any funding guarantee remains in place).
2. Probation (not progressing according to standards but permitted to enroll; loss of funding guarantee; specific plan with dates and deadlines in place in regard to removal of probationary status).
3. Unsatisfactory progress (not progressing according to standards; not permitted to enroll, dismissal, leave of absence or change of advisor or program).

ADVISOR / COMMITTEE

Students who are not yet working with a dissertation advisor are required to meet semiannually with their academic advisor. All students must have a dissertation advisor by the end of the sixth semester.

CREDITS PER TERM ALLOWED

15 credits. Minimum of 6/semester, other than dissertators.

TIME LIMITS

Students must complete all program requirements within eight years of beginning the program. Extensions have to be approved by the program.

A candidate for a doctoral degree who fails to take the final oral examination and deposit the dissertation within five years after passing the preliminary examination may be required to take another preliminary examination and to be admitted to candidacy a second time.

Doctoral degree students who have been absent for ten or more consecutive years lose all credits that they have earned before their absence. Individual programs may count the coursework students completed prior to their absence for meeting program requirements; that coursework may not count toward Graduate School credit requirements.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

1. Learn a substantial body of mathematics in introductory and research level graduate courses in mathematics.
2. Complete a dissertation under the guidance of an advisor. The dissertation should make an original and substantive contribution to its subject matter.
3. Demonstrate breadth within the learning experiences.

4. Present research in seminar talks, conferences or publications.
5. Communicate complex ideas in a clear and understandable manner.
6. Foster ethical and professional conduct.

PEOPLE

Faculty: Professors Cook (director), Calderón, Chisholm, Di Sanza, Dobbs, Doing, Dominguez, Fischer, Fulmer, Hetzler, Hyer, Johnson, Karp, Perry, Rowe, Schwendinger, Taylor, Teeple, Thimmig, Vallon, Wallmann; Associate Professors Butler, Farah, Grabois, Ronis; Assistant Professors Chana, Laurenz, Lee, Nelson, Sans; Marching Band Director Pompey; Teaching Faculty Curry, Gladstone, Gonzalez, Koester, Rottmayer, Wohn; Lecturers Patenaude, Wienholts.

The faculty of the Mead Witter School of Music is a distinguished group of educators, performing musicians, and active scholars. The backgrounds

of performance faculty include rich experiences as professional musicians, researchers, recording artists, and entrepreneurs. Faculty in music education have particular insight into their field as a result of their backgrounds as school educators, performers, and scholars. In areas such as music theory and musicology, the musical community has high regard for the past and current contributions to the study of musical theory, historical perspectives on music, the role of music in societies around the world, and the unique contributions of American musicians. Teaching is a priority for the faculty, who are readily accessible to students for advice and support. Faculty, staff, and students cooperate in extraordinary ways with joint ventures that reach across disciplines both in research or instruction.

MUSIC, DOCTORAL MINOR

REQUIREMENTS

All Graduate School students must utilize the Graduate Student Portal in MyUW to add, change, or discontinue any doctoral minor. To apply to this minor, log in to MyUW, click on Graduate Student Portal, and then click on Add/Change Programs. Select the information for the doctoral minor for which you are applying.

Breadth is a required component of doctoral work at UW–Madison. Coursework taken as part of a minor area of study do not count for requirements in the major program.

Doctoral students who are not music majors, but are seeking to pursue a minor in a music field, are encouraged to contact the Mead Witter School of Music graduate office for further information. The defined programs below are excellent models of minor plans for students from non-music programs.

Course credits taken in a minor plan of study will not satisfy requirements in the major. This is important to consider in planning a minor plan of study, especially for DMA students.

Below are outlines for the minor programs approved for students in Ph.D.–music and DMA programs. Note that most of the plans restrict eligibility for students based upon major specialty. Exceptions to the stated requirements are extremely rare.

CURRICULAR PATHS IN THE MUSIC DOCTORAL MINOR

Brass Instrument Performance Curricular Path¹

This minor plan is not available to students completing a track in horn, trumpet, trombone, euphonium, or tuba performance.

Code	Title	Credits
Minor Performance Instrument		
Enroll in course corresponding to minor performance instrument:		
<i>First semester</i>		4
MUS PERF 417	Advanced Horn	
MUS PERF 419	Advanced Trumpet	
MUS PERF 421	Advanced Trombone	
MUS PERF 423	Advanced Euphonium	
MUS PERF 425	Advanced Tuba	
<i>Second semester</i>		2

MUS PERF 417	Advanced Horn	
MUS PERF 419	Advanced Trumpet	
MUS PERF 421	Advanced Trombone	
MUS PERF 423	Advanced Euphonium	
MUS PERF 425	Advanced Tuba	
<i>Senior Recital</i>		
MUS PERF 499	Senior Recital	2
Additional Coursework		
MUSIC 798	Seminar-Instrumental Literature ²	2
or MUSIC 799	Independent Work	
<i>Any 2 credits from the following:</i>		
MUSIC 562	Jazz Ensemble	
MUSIC 565	Advanced Ensemble-Woodwind	
MUSIC 567	Advanced Ensemble-Brass	
MUSIC 570	University Symphony Orchestra	
MUSIC 571	Chamber Orchestra	
MUSIC 573	Contemporary Chamber Ensemble	
MUSIC 574	Wind Ensemble	

Total Credits 12

1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

MUSIC 799 Independent Work is eligible to satisfy this requirement ONLY with prior approval by the minor professor.

Choral Conducting Curricular Path ¹

This minor is not available to DMA students completing a track in conducting.

Code	Title	Credits
MUSIC 553	Advanced Conducting Seminar (taken twice)	4
MUSIC 541	Seminar in Choral Literature (taken twice)	4
MUSIC 578	Concert Choir (taken twice)	2
MUS PERF 499	Senior Recital	2

Total Credits 12

1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

For the recital the student must be the conductor of the choral ensemble or organization in the performance.

Collaborative Piano Curricular Path ¹

This minor is not available to students completing a track in organ performance, piano performance, or piano pedagogy and performance.

Code	Title	Credits
MUS PERF 542	Advanced Accompanying	2
MUS PERF 542	Advanced Accompanying	2
MUSIC 346	Repertoire ²	2
or MUSIC 792	Seminar in Vocal Literature	
MUSIC 796	Seminar in Duo Sonata Literature	3
MUS PERF 499	Senior Recital (as accompanist)	2
AND		
2 credits from the following:		
MUSIC 466	Diction for Singers	
MUSIC 513	Survey of Opera	
MUSIC 557	Opera Workshop	
MUSIC 569	Advanced Ensemble-String	
MUSIC 573	Contemporary Chamber Ensemble	

Total Credits 13

1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

MUSIC 346 Repertoire topic must be Vocal Literature.

Composition Curricular Path ¹

MUSIC 523 Orchestration I or its equivalent is a prerequisite for acceptance to this minor plan of study.

Code	Title	Credits
Two minor plans are possible. Consult with the minor professor. ²		
Minor Plan I		
Composition applied study		
MUS PERF 447	Fourth Year Composition	6
& MUS PERF 448	and Fourth Year Composition	
MUSIC 927	Seminar in Composition	3
MUSIC 927	Seminar in Composition ³	3

Minor Plan I Total Credits 12

Minor Plan II

Composition applied study		
MUS PERF 447	Fourth Year Composition	3
MUS PERF 448	Fourth Year Composition	3
MUS PERF 447	Fourth Year Composition ⁴	3
or MUS PERF 448	Fourth Year Composition	
MUSIC 927	Seminar in Composition	3

Minor Plan II Total Credits 12

1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

In both minor plans, MUSIC 799 Independent Work is available as an option for credit. However The Graduate School allows only 32 credits of Independent Work to count toward minor credits.

3

MUSIC 927 Seminar in Composition may be taken twice (with different topics) or, with approval of the minor professor, MUSIC 799 Independent Work (3 credits) may substitute for one of the courses.

4

If necessary, MUSIC 799 Independent Work (3 credits) may substitute for one of the semesters of applied composition study.

Early Music Curricular Path¹

Code	Title	Credits
MUSIC 461	Collegium Musicum (two semesters) 2	2
<i>Advanced Performance Practice Study</i>		4
May be satisfied with any MUS PERF course 401-440 and may include up to 2 credits MUSIC 799		
<i>Remaining credits from the following courses:</i>		6
MUSIC 412	Survey of Music in the Renaissance	
MUSIC 413	Survey of Music in the Baroque Era	
MUSIC 461	Collegium Musicum	
MUSIC 511	Historical Performance Practices	
MUSIC 621	Renaissance Polyphony	
MUSIC 622	Baroque Counterpoint	
MUSIC 821	Historical Music Theories 1	
MUSIC 822	Historical Music Theories 2	
MUSIC 911	Seminar in Musicology (Topic relevant to historically informed performance)	
MUSIC 925	Topics in Music Analysis 1 (Topic relevant to historically informed performance)	
MUSIC 926	Topics in Music Analysis 2	
Total Credits		12

1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

Students must take MUSIC 461 twice, and may take it up to 3 times.

Guitar Performance Curricular Path¹

This minor is not available to students completing a track in violin, viola, violoncello, string bass, or harp performance.

Code	Title	Credits
MUS PERF 440	Advanced Guitar (2 semesters, 3 credits each semester)	3
MUS PERF 440	Advanced Guitar	3
MUS PERF 499	Senior Recital	2
MUSIC 572 & 572	Advanced Ensemble-Classical Guitar and Advanced Ensemble-Classical Guitar (2 semesters)	2
AND any combination of 2 of the following courses:		2
MUSIC 562	Jazz Ensemble	

MUSIC 569	Advanced Ensemble-String
MUSIC 573	Contemporary Chamber Ensemble
MUSIC 799	Independent Work (prior approval of minor professor required)

Total Credits **12**

1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

Harpichord Performance Curricular Path¹

This minor is not available to students completing a track in piano performance, piano performance and pedagogy, or collaborative piano. Students accepted into this minor plan must have sufficient prior study of harpsichord. An audition is required.

Code	Title	Credits
MUS PERF 402	Advanced Harpsichord	4
MUS PERF 402	Advanced Harpsichord	2
MUSIC 461 & 461	Collegium Musicum and Collegium Musicum ²	2
MUSIC 511 or MUSIC 502	Historical Performance Practices ³ Figured Bass and Basso Continuo	3
MUS PERF 499	Senior Recital	2
Total Credits		13

1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

Two semesters are required.

3

MUSIC 799 Independent Work may substitute for MUSIC 502 Figured Bass and Basso Continuo, with approval of minor professor.

Historical Musicology Curricular Path¹

This minor is not available to students completing an Ethnomusicology track. Students with a minor in historical musicology write a minor field preliminary examination. Course credits in a minor DO NOT count for requirements in the major. A DMA student or Ph.D.-music: music theory student must still meet the major requirements for courses in musicology.

Code	Title	Credits
Three of the following courses (3 credits each)²		
MUSIC 411	Survey of Music in the Middle Ages	
MUSIC 412	Survey of Music in the Renaissance	
MUSIC 413	Survey of Music in the Baroque Era	
MUSIC 414	Survey of Music in the Classic Era	
MUSIC 415	Survey of Music in the Romantic Era	
MUSIC 416	Survey of Music in the Twentieth Century	
MUSIC 419	Music in the United States	
MUSIC 511	Historical Performance Practices	
MUSIC 513	Survey of Opera	

Plus one of the following courses: **3**

MUSIC 821	Historical Music Theories 1
MUSIC 822	Historical Music Theories 2
MUSIC 911	Seminar in Musicology

Total Credits **12****1**

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

MUSIC 799 Independent Work and MUSIC 497 Special Topics in Music are eligible to satisfy this requirement ONLY with prior approval by the minor professor.

Jazz Studies Curricular Path¹

Code	Title	Credits
MUS PERF 499	Senior Recital	2
<i>10 additional credits from the following courses:</i>		<i>10</i>
MUSIC 331	Jazz Improvisation	
MUSIC 332	Jazz Improvisation	
MUS PERF 441	Advanced Jazz Studio Instruction	
MUS PERF 447	Fourth Year Composition	
MUS PERF 457	Jazz Composition and Arranging	
MUS PERF 458	Jazz Composition and Arranging	
MUSIC 497	Special Topics in Music (approved topics only)	
MUSIC 562	Jazz Ensemble	
MUSIC 629	Jazz Theory and Analysis	

Total Credits **12****1**

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

Music Theory Curricular Path¹

Course credits in a minor DO NOT count for requirements in the major. A DMA student or Ph.D.-music: musicology student must still meet the major requirements for courses in music theory.

Code	Title	Credits
Courses selected from the following to total 12 credits: ²		
MUSIC 621	Renaissance Polyphony	
MUSIC 622	Baroque Counterpoint	
MUSIC 623	Form and Analysis	
MUSIC 624	Form and Analysis II	
MUSIC 799	Independent Work (approval by the minor professor required)	
MUSIC 821	Historical Music Theories 1	
MUSIC 822	Historical Music Theories 2	
MUSIC 823	Schenkerian Analysis	
MUSIC 824	Post-tonal Analysis	
MUSIC 921	Current Issues in Musical Thought 1	

MUSIC 925	Topics in Music Analysis 1
MUSIC 926	Topics in Music Analysis 2

1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

MUSIC 799 Independent Work and MUSIC 497 Special Topics in Music are eligible to satisfy this requirement ONLY with prior approval by the minor professor.

Opera Production Curricular Path¹

Code	Title	Credits
MUSIC 556	University Opera (in directorial capacity)	2
MUSIC 556	University Opera (taken twice, 2 credits each time) ²	4
MUSIC 463	Acting for Singers	1
<i>Project in the minor field</i>		<i>2-3</i>
MUSIC 799	Independent Work (with Director of opera)	
Remaining credits from the following courses:		2-3
MUSIC 413	Survey of Music in the Baroque Era	
MUSIC 414	Survey of Music in the Classic Era	
MUSIC 415	Survey of Music in the Romantic Era	
MUSIC 416	Survey of Music in the Twentieth Century	
MUSIC 419	Music in the United States	
MUSIC 463	Acting for Singers	
MUSIC 513	Survey of Opera	
MUSIC 556	University Opera (maximum 2 credits)	
MUSIC 557	Opera Workshop	
THEATRE 342	Fundamentals of Movement for the Stage	
THEATRE 368	Fundamentals of Directing	
THEATRE 379	Introduction to Stage Management	
THEATRE 440	Musical Performance for the Actor	
Total Credits		12

1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

With advisor approval, some students may use MUSIC 557 Opera Workshop (2 credits) in place of one instance of MUSIC 556 University Opera.

Opera/Voice Coaching Curricular Path¹

This minor is available only to students in Piano Performance, Piano Performance and Pedagogy, Collaborative Piano, Conducting, or other track with approval of the Voice & Opera faculty. All courses are selected in consultation with the minor professor.

Code	Title	Credits
Required courses:		
<i>Diction</i> 4		
MUSIC 467 & MUSIC 468	Language Diction for Singing I and Language Diction for Singing II ²	
MUSIC 556	University Opera (rehearsal pianist) ³	2
Project in the Minor field		2-3
MUSIC 799	Independent Work ⁴	
Remaining credits from the following courses:		3-4
MUS PERF 405	Advanced Voice (audition and voice faculty approval required)	
MUSIC 419	Music in the United States	
MUSIC 463	Acting for Singers	
MUSIC 497	Special Topics in Music (approved topics only)	
MUSIC 513	Survey of Opera	
MUS PERF 532	Advanced Conducting	
MUSIC 553	Advanced Conducting Seminar	
MUSIC 556	University Opera (rehearsal pianist, 2 credits maximum allowed)	
MUSIC 557	Opera Workshop (2 credits maximum allowed)	
MUSIC 792	Seminar in Vocal Literature	
MUSIC 911	Seminar in Musicology (opera and vocal literature topics only)	
Total Credits		12

1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

With the approval of the minor professor, MUSIC 466 Diction for Singers may be eligible to fulfill this requirement.

3

Enrollment in MUSIC 556 University Opera should be for 2 credits.

4

This course is taken under the supervision of the director of opera.

Orchestral Conducting Curricular Path¹

This minor is not available to DMA students completing a track in conducting.

Code	Title	Credits
MUS PERF 532	Advanced Conducting (multiple semesters possible)	3
MUSIC 632	Graduate Instrumental Conducting Laboratory (taken twice)	2
The remaining credits from the following courses:		7
MUS PERF 532	Advanced Conducting	
MUSIC 346	Repertoire	
MUSIC 511	Historical Performance Practices	
MUSIC 523	Orchestration I	

MUSIC 799	Independent Work (prior approval by minor professor required)	
Total Credits		12

1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

Organ Performance Curricular Path¹

This minor is not available to students completing a track in piano performance, collaborative piano, or piano performance and pedagogy.

Code	Title	Credits
Organ Applied Study 6		
MUS PERF 403	Advanced Organ (2 semesters, 3 credits each semester)	
Additional Courses 4		
MUSIC 591 & MUSIC 346	Organ Literature and Design and Repertoire ²	
OR		
MUS PERF 561 & MUS PERF 562	Organ Improvisation and Liturgy and Organ Improvisation and Liturgy	
MUS PERF 499	Senior Recital	2
Total Credits		12

1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

MUSIC 346 Repertoire topic must be Organ Repertoire, 2 credits.

Piano Pedagogy Curricular Path¹

This minor is not available to students completing a track in organ performance, piano performance, or collaborative piano.

Code	Title	Credits
MUS PERF 401	Advanced Piano	4
MUSIC 799	Independent Work (final project) ²	1
Additional credits from the following:		7
MUSIC 548	Piano Pedagogy II	
MUSIC 551	Class Piano Pedagogy	
MUSIC 560	Practicum in Advanced Studio Teaching-Piano	
MUSIC 751	Seminar in Piano Pedagogy	
DANCE 560	Current Topics in Dance: Workshop (topic: Feldenkrais for the performing musician) ²	
or MUSIC 497	Special Topics in Music	
Total Credits		12

1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

If taking MUSIC 497 Special Topics in Music, select topic "Feldenkrais Workshop for Musicians."

Piano Performance Curricular Path ¹

This minor is not available to students completing a track in organ performance, collaborative piano, or piano performance and pedagogy.

Code	Title	Credits
MUS PERF 401	Advanced Piano	4
MUS PERF 401	Advanced Piano	2
MUS PERF 499	Senior Recital	2
AND		
4 credits selected from the following:		4
MUSIC 548	Piano Pedagogy II	
MUSIC 551	Class Piano Pedagogy	
MUSIC 560	Practicum in Advanced Studio Teaching-Piano	
MUSIC 565	Advanced Ensemble-Woodwind	
MUSIC 567	Advanced Ensemble-Brass	
MUSIC 568	Advanced Ensemble-Percussion	
MUSIC 569	Advanced Ensemble-String	
MUSIC 791	Seminar in Piano Literature	
MUSIC 799	Independent Work (approval by minor professor required)	
Total Credits		12

1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

String Instrument Performance Curricular Path ¹

This minor is not available to students completing a track in violin, viola, violoncello, string bass, harp, or guitar performance.

Code	Title	Credits
Minor Performance Instrument		
Enroll in the course corresponding to the minor instrument:		
<i>First semester</i>		4
MUS PERF 431	Advanced Violin	
MUS PERF 433	Advanced Viola	
MUS PERF 435	Advanced Cello	
MUS PERF 437	Advanced Double Bass	
MUS PERF 439	Advanced Harp	
<i>Second semester</i>		2

<i>One of the following courses:</i>		2
MUSIC 346	Repertoire	
MUSIC 543	Advanced String Pedagogy	
MUSIC 546	String Literature	
MUSIC 799	Independent Work ²	
<i>Any combination of the following:</i>		2
MUSIC 569	Advanced Ensemble-String	
MUSIC 570	University Symphony Orchestra	
MUSIC 571	Chamber Orchestra	
Total Credits		12

1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

MUSIC 799 Independent Work may only be used to fulfill this requirement if the other course choices in this category are not available.

Wind Conducting Curricular Path ¹

This minor is not available to DMA students completing a track in conducting.

Code	Title	Credits
MUS PERF 532	Advanced Conducting (2 semesters; note: one or more public performances are required)	6
MUSIC 632	Graduate Instrumental Conducting Laboratory (taken twice)	2
AND remaining credits from the following courses:		4
MUS PERF 532	Advanced Conducting	
MUSIC 346	Repertoire	
MUSIC 511	Historical Performance Practices	
MUSIC 523	Orchestration I	
MUSIC 799	Independent Work (1-3 credits)	
Total Credits		12

1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

Woodwind Instrument Performance Curricular Path ¹

This minor is not available to students completing a track in a woodwind instrument.

Code	Title	Credits
Minor Performance Instrument		
Enroll for the course number that corresponds to the minor instrument.		
<i>First semester</i>		2

MUS PERF 407	Advanced Flute	
MUS PERF 409	Advanced Oboe	
MUS PERF 411	Advanced Clarinet	
MUS PERF 413	Advanced Saxophone	
MUS PERF 415	Advanced Bassoon	
<i>Second semester</i>		2
MUS PERF 407	Advanced Flute	
MUS PERF 409	Advanced Oboe	
MUS PERF 411	Advanced Clarinet	
MUS PERF 413	Advanced Saxophone	
MUS PERF 415	Advanced Bassoon	

Senior Recital

MUS PERF 499	Senior Recital	2
--------------	----------------	---

Additional courses selected from the following: 6

MUSIC 562	Jazz Ensemble	
MUSIC 565	Advanced Ensemble-Woodwind	
MUSIC 570	University Symphony Orchestra	
MUSIC 571	Chamber Orchestra	
MUSIC 573	Contemporary Chamber Ensemble	
MUSIC 574	Wind Ensemble

PEOPLE

Faculty: Professors Cook (director), Calderón, Chisholm, Di Sanza, Dobbs, Doing, Dominguez, Fischer, Fulmer, Hetzler, Hyer, Johnson, Karp, Perry, Rowe, Schwendinger, Taylor, Teeple, Thimmig, Vallon, Wallmann; Associate Professors Butler, Farah, Grabois, Ronis; Assistant Professors Chana, Laurenz, Lee, Nelson, Sans; Marching Band Director Pompey; Teaching Faculty Curry, Gladstone, Gonzalez, Koester, Rottmayer, Wohn; Lecturers Patenaude, Wienholts.

The faculty of the Mead Witter School of Music is a distinguished group of educators, performing musicians, and active scholars. The backgrounds of performance faculty include rich experiences as professional musicians, researchers, recording artists, and entrepreneurs. Faculty in music

education have particular insight into their field as a result of their backgrounds as school educators, performers, and scholars. In areas such as music theory and musicology, the musical community has high regard for the past and current contributions to the study of musical theory, historical perspectives on music, the role of music in societies around the world, and the unique contributions of American musicians. Teaching is a priority for the faculty, who are readily accessible to students for advice and support. Faculty, staff, and students cooperate in extraordinary ways with joint ventures that reach across disciplines both in research or instruction.

MUSIC, M.A.

The mission of the Mead Witter School of Music is:

- to provide a rich, integrated program of undergraduate and graduate education that promotes the highest levels of professional, creative, and scholarly development while challenging students to achieve their greatest potential;
- to cultivate an environment that inspires creativity, stimulates intellectual curiosity, and fosters critical thinking; and
- to serve the university community, the public, and the profession through performance, composition, scholarship, music education, outreach, and engagement.

The Mead Witter School of Music enriches students' educational experience by hosting guest artists and scholars for master classes, recitals, colloquia, seminars, and festivals. Its performing organizations and ensembles perform more than 350 recitals and concerts every year, making a significant contribution to the cultural life of the university and the wider Madison community.

DEGREES AND MAJORS

The master of arts in music is offered with concentrations in the two areas of historical musicology and music theory.

A double master's degree with the Information School is also offered.

Each master's degree pathway varies slightly and may impose additional requirements. Details on the degrees are available through the Requirements tab. Contact the Mead Witter School of Music graduate office, gradadmissions@music.wisc.edu, for further information about the M.A. degree.

The M.A.-music degree offers tracks in historical musicology and music theory. The appropriate faculty area appoints an advisor for each new student the first semester of enrollment. When the time comes for comprehensive examinations in the second year, an examination committee is formed. Upon completing the thesis, the student sits for an oral examination by the examination committee, consisting of members of the area faculty.

A summary of important academic policies are available through the Policies (p. 1296) tab. A more complete document, the Mead Witter School of Music Graduate Handbook (<https://www.music.wisc.edu/wp-content/uploads/2020/02/SOM-Grad-Handbook-1.pdf>), lists all academic policies and procedures in music graduate programs. All students need to be familiar with the Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>).

Mentoring of students is of prime importance to faculty members at Mead Witter School of Music. The faculty advisor and the director of graduate

studies both guide the student's course planning. While each faculty member has a unique style of mentoring, every student can be assured of abundant time working closely with more than one mentor in addition to the advisor during the course of a UW–Madison degree program.

FACILITIES

The Mosse Humanities Building, built in 1969, houses most of the music classrooms, rehearsal rooms, faculty studios, and 111 practice rooms. Most recitals and concerts take place in one of three performance spaces: Mills Concert Hall, Morphy Recital Hall, and Eastman Organ Recital Hall. The school's extensive collection of instruments, both common and unusual, is available to both faculty and students. Music Hall with its clock tower, built in 1879, is a campus landmark. Renovated in 1985, it is the home of the opera program. The new Hamel Music Center includes a concert hall, a recital hall, and a large ensemble rehearsal space.

Memorial Library is the home of the Mills Music Library, which offers extensive research and circulating collections, attractive study space, and personal staff assistance with research. Music materials on campus number over half a million, ranging from scores and sheet music to archival collections and historic audio recordings. Through Mills Music Library and other UW–Madison libraries, students have access to a wide range of online research databases as well as millions of articles, books, and streaming media. All genres of music are represented, with notably strong collections in Americana and ethnic music. Nationally known special collections include the Tams–Witmark Collection, a treasury of early American musical theater materials, and the Wisconsin Music Archives.

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 1
Spring Deadline	This program does not admit in the spring.
Summer Deadline	This program does not admit in the summer.
GRE (Graduate Record Examinations)	Required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements (https://grad.wisc.edu/apply/requirements/#english-proficiency). Every international student from a non-English speaking country must submit a TOEFL score of 85 or higher. The Mead Witter School of Music does NOT waive the TOEFL requirement for students who have completed a degree at an American university.

Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

Minimum admission requirements of the Graduate School apply to all applicants for graduate study in music. The Mead Witter School of Music has additional requirements. Applicants should have a bachelor's degree in music or equivalent foundational course work as required by each area of study. An undergraduate GPA of 3.0 (on a 4.0 scale, calculated on the last 60 credit hours) is necessary for full admission. M.A. applicants are required to submit Graduate Record Exam (GRE) scores and samples of research writing. The M.A. program involves substantial academic work and requires excellent reading, writing, and speaking skills. Therefore, all international students are required to submit a TOEFL score. See the Mead Witter School of Music graduate admissions website (<http://www.music.wisc.edu/admissions/graduate/>) for information on minimum score requirements. The Mead Witter School of Music does **not** waive the TOEFL score requirement for students who have completed a degree at an American university. For details on specific audition requirements and additional application materials, visit the Mead Witter School of Music graduate admissions website (<http://www.music.wisc.edu/admissions/graduate/>).

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

The Mead Witter School of Music also offers teaching and project assistantships in music history, music theory, piano, conducting, voice, and other performance areas. These positions offer tuition remission plus a salary and health care benefits. In addition, the Mead Witter School of Music selects qualified applicants for the Graduate School Fellowship and Advanced Opportunity Fellowship. The UW–Madison Office of Student Financial Services assists students in obtaining general grants and loans. All Mead Witter School of Music students who receive funding are required to maintain full-time enrollment status. Many students also take advantage of work-study opportunities on campus, and many are employed part-time in area musical organizations or business entities.

Most M.A. and Ph.D. students are eligible for teaching assistant appointments in the respective area, provided that positions are available. All M.A. and Ph.D. students may be considered for a University Fellowship, and qualified applicants may be considered for the Advanced Opportunity Fellowship. Feel free to direct questions about any of these funding opportunities to the Mead Witter School of Music graduate admissions office, gradadmissions.music.wisc.edu.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW–Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement	Detail
Minimum Credit Requirement	30 credits
Minimum Residency Requirement	16 credits
Minimum Graduate Coursework Requirement	15 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy (https://policy.wisc.edu/library/UW-1244).
Overall Graduate GPA Requirement	3.25 GPA required.

Other Grade Requirements Grades below B cannot count toward program credit.

Mead Witter School of Music financial awards are suspended if a student is on probation for more than one semester.

A student's satisfactory progress is also in jeopardy should a major recital be judged incomplete or deficient. Failure of one or more parts of the comprehensive examinations is also considered a lapse in satisfactory progress.

Assessments and Examinations In addition to evaluations in individual classes, Mead Witter School of Music programs examine graduate students at defined points in their career.

For the MA, comprehensive examinations measure the candidate's range of musical knowledge in the field.

Language Requirements The Historical Musicology curricular path requires German. See details below.

REQUIRED COURSES

Direct any questions about the coursework or required proficiencies to the Mead Witter School of Music graduate admissions office, gradadmissions@music.wisc.edu.

Historical Musicology Pathway¹

Code	Title	Credits
Entering students will take a short diagnostic examination in music history during the first week of classes to be used for advising purposes only.		
Coursework in Musicology		9

Choose from the following courses:

MUSIC 411	Survey of Music in the Middle Ages
MUSIC 412	Survey of Music in the Renaissance
MUSIC 413	Survey of Music in the Baroque Era
MUSIC 414	Survey of Music in the Classic Era
MUSIC 415	Survey of Music in the Romantic Era
MUSIC 416	Survey of Music in the Twentieth Century
MUSIC 419	Music in the United States
MUSIC 511	Historical Performance Practices
MUSIC 513	Survey of Opera
MUSIC 821	Historical Music Theories 1
MUSIC 822	Historical Music Theories 2

Musicology Seminars (two required) **6**

MUSIC 911	Seminar in Musicology
MUSIC 923	Seminar in Notation

Ethnomusicology—choose from the following: **3**

MUSIC/ FOLKLORE 402	Musical Cultures of the World
MUSIC/ FOLKLORE 515	Proseminar in Ethnomusicology
MUSIC/ FOLKLORE 516	Ethnographic Methods for Music and Sound

Other required courses

MUSIC/L I S 619	Music Research Methods and Materials	3
-----------------	--------------------------------------	---

Theory Proficiency **3**

Satisfied by completion of one graduate-level course taught by music theory faculty. Theory credits may count toward electives. Select from the following: ²

MUSIC 523	Orchestration I
MUSIC 621	Renaissance Polyphony
MUSIC 622	Baroque Counterpoint
MUSIC 623	Form and Analysis
MUSIC 624	Form and Analysis II
MUSIC 821	Historical Music Theories 1
MUSIC 822	Historical Music Theories 2
MUSIC 823	Schenkerian Analysis
MUSIC 824	Post-tonal Analysis
MUSIC 921	Current Issues in Musical Thought 1
MUSIC 926	Topics in Music Analysis 2
MUSIC 927	Seminar in Composition

Thesis

The following courses may fulfill this requirement: ²

MUSIC 990	Masters Thesis (consult advisor for details)	2
-----------	--	---

Electives (numbered 300 or above) 4

Language Proficiency: German required

Language study may be satisfied by one of the following:

Four semesters of undergraduate study completed during the last five years, earning a grade of B or better in the last semester OR

Taking the GERMAN 391 earning a grade of B or better OR ³

Study on your own or through courses offered by the Division of Continuing Studies. After completing the online course you must pass the DCS exam at the Intermediate level. Contact the Division of Continuing studies or <http://dcs.wisc.edu/lsa/languages> (<http://dcs.wisc.edu/lsa/languages/>).

Total Credits 30

1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

Other courses do not fulfill this requirement unless specifically approved by the music theory and musicology faculty.

3

Other courses do not fulfill this requirement unless specifically approved by the musicology faculty.

Music Theory Pathway ¹

Code	Title	Credits
Courses in Music Theory and Composition 12		

Choose from the following. The first four courses are recommended. ²

MUSIC 821	Historical Music Theories 1
MUSIC 822	Historical Music Theories 2
MUSIC 823	Schenkerian Analysis
MUSIC 824	Post-tonal Analysis

MUSIC 621	Renaissance Polyphony
MUSIC 622	Baroque Counterpoint
MUSIC 623	Form and Analysis
MUSIC 624	Form and Analysis II
MUSIC 921	Current Issues in Musical Thought 1
MUSIC 925	Topics in Music Analysis 1
MUSIC 926	Topics in Music Analysis 2
MUSIC 927	Seminar in Composition

Research Methods

MUSIC/L I S 619	Music Research Methods and Materials	3
-----------------	--------------------------------------	---

Musicology and/or Literature Courses 6

Choose from the following courses: ³

MUSIC 411	Survey of Music in the Middle Ages
MUSIC 412	Survey of Music in the Renaissance
MUSIC 413	Survey of Music in the Baroque Era
MUSIC 414	Survey of Music in the Classic Era
MUSIC 415	Survey of Music in the Romantic Era
MUSIC 416	Survey of Music in the Twentieth Century
MUSIC 419	Music in the United States
MUSIC 511	Historical Performance Practices
MUSIC 513	Survey of Opera
MUSIC/FOLKLORE 515	Proseminar in Ethnomusicology
MUSIC/FOLKLORE 516	Ethnographic Methods for Music and Sound
MUSIC 911	Seminar in Musicology
MUSIC/FOLKLORE 915	Seminar in Ethnomusicology
MUSIC 923	Seminar in Notation

Thesis 4

MUSIC 990	Masters Thesis
-----------	----------------

Electives 5

Choose coursework in the School of Music numbered 300 or above. These may include MUSIC and MUS PERF courses.

Total Credits 30

1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

Other courses do not fulfill this requirement unless specifically approved by the music theory faculty.

3

Other courses do not fulfill this requirement unless specifically approved by the musicology and music theory faculty.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Work from Other Institutions

No more than 6 credits may be approved for graduate coursework taken at other institutions.

UW–Madison Undergraduate

The program follows the Graduate School's policy for Satisfying Requirements with Coursework from Undergraduate Career at UW–Madison (<https://policy.wisc.edu/library/UW-1216/>), but the Mead Witter School of Music faculty rarely approve these exceptions.

UW–Madison University Special

The program allows up to 6 credits of UW–Madison University Special Student credit to count. Details can be found at the Graduate School's policy for Transfer from UW–Madison University Special Student Career at UW–Madison. (<https://policy.wisc.edu/library/UW-1216/>)

PROBATION

M.A. students who fail to make satisfactory progress in any of the four following areas: grades, course load, time constraints, or exams, will be notified in writing by the DGS. At the end of the second semester of failing to make satisfactory progress the student is placed on probation effective the next semester. This action suspends financial aid (but does not affect loans or work-study). For details see Satisfactory Progress for Master's Students (<https://kb.wisc.edu/mwsomkb/114465/>).

ADVISOR / COMMITTEE

All programs provide for faculty from several disciplines to follow the student's progress through the degree, provide mentorship along the way, and assess the student's success in reaching expected learning outcomes. Committee structures differ among degrees and majors. The principal advisor for most graduate students in the Mead Witter School of Music is generally referred to as the major professor.

In M.A. and Ph.D. programs the advisor may not be the eventual thesis or dissertation advisor. In all programs the major professor is determined with the student's particular interests in mind. The director of graduate studies is also an advisor for all graduate students in Mead Witter School of Music programs. Students are expected to consult with the director of graduate studies at least once per semester to determine appropriate course plans. Consultation is mandatory in the semester before intended graduation.

M.A. students have a committee of three or more graduate faculty, including the major professor.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

M.M. and M.A. students not receiving university funding are expected to complete requirements and pass comprehensive examinations within seven years from the time of enrollment in the program. While graduate students may enroll on a part-time basis, this time constraint still applies.

All M.M. and M.A. students holding teaching assistant, project assistant, or fellowship appointments must complete requirements for the degree within four semesters (not counting summer sessions or thesis credits). If the appointment is more than 33.4% the expectation is to complete requirements in the sixth semester.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

OTHER

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

COLLEGE OF LETTERS AND SCIENCE RESOURCES

The College of Letters and Science's SuccessWorks (<https://successworks.wisc.edu/>) program can assist with professional development and with identifying opportunities.

LEARNING OUTCOMES

1. Articulates and critiques the theories, research methods, and approaches to inquiry in music-related scholarship.
2. Identifies and employs a variety of sources and analytical approaches to inform discussion of topics in music.
3. Demonstrates knowledge of musical study in historical and cultural contexts.
4. Selects appropriate methodologies for research and discussion of musical topics.
5. Rationally evaluates and synthesizes information from both primary sources and secondary scholarship, posing original questions and offering fresh insight into musical topics.
6. Communicates clearly, both verbally and in writing, to colleagues in the field.
7. Recognizes and applies principles of ethical and professional conduct.

PEOPLE

Faculty: Professors Cook (director), Calderón, Chisholm, Di Sanza, Dobbs, Doing, Dominguez, Fischer, Fulmer, Hetzler, Hyer, Johnson, Karp, Perry, Rowe, Schwendinger, Taylor, Teeple, Thimmig, Vallon, Wallmann; Associate Professors Butler, Farah, Grabois, Ronis; Assistant Professors Chana, Laurenz, Lee, Nelson, Sans; Marching Band Director Pompey; Teaching Faculty Curry, Gladstone, Gonzalez, Koester, Rottmayer, Wohn; Lecturers Patenaude, Wienholts.

The faculty of the Mead Witter School of Music is a distinguished group of educators, performing musicians, and active scholars. ACCREDITATION

ACCREDITATION

National Association of Schools of Music (<https://nasm.arts-accredit.org>)

Accreditation status: Accredited. Next accreditation review: 2022-2023

MUSIC, PH.D.

The mission of the Mead Witter School of Music is:

- to provide a rich, integrated program of undergraduate and graduate education that promotes the highest levels of professional, creative, and scholarly development while challenging students to achieve their greatest potential;
- to cultivate an environment that inspires creativity, stimulates intellectual curiosity, and fosters critical thinking; and
- to serve the university community, the public, and the profession through performance, composition, scholarship, music education, outreach, and engagement.

The Mead Witter School of Music enriches students' educational experience by hosting guest artists and scholars for master classes, recitals, colloquia, seminars, and festivals. Its performing organizations and ensembles perform more than 350 recitals and concerts every year, making a significant contribution to the cultural life of the university and the wider Madison community.

DEGREES AND MAJORS

The Ph.D. in music, a research degree, is offered in the two areas of historical musicology and music theory.

Ph.D. degrees require significant work beyond the master's degree, including extensive independent work. Each degree pathway varies slightly. See the Course Lists available through the Requirements tab for details on each pathway. Contact the Mead Witter School of Music graduate office, gradadmissions@music.wisc.edu, for further information about the Ph.D. music degree.

The Ph.D.-music program is suited to students who have proven their scholarly discipline, motivation, and ability to write fluently and cogently in the historical musicology or music theory fields. The principal outcome of the program is a dissertation that makes a significant contribution to the relevant major field. A minor field of study (p. 1286), required of all Ph.D.-music students, assures breadth in a field of study outside the major specialty. Proficiency in foreign languages supports research in the major field.

Each Ph.D. student benefits from the mentorship of multiple faculty members, whether from the student's own specialty or from other areas of scholarship or performance. An advisor is assigned upon the student's entering the program, and the musicology or music theory area faculty, as appropriate, participate in the preliminary examinations. The dissertation committee is designated with the student's particular research interests in mind. Through their guidance and support of the student through the degree program, faculty members offer multiple perspectives on the student's performance and research.

A summary of important information on academic policies for the Ph.D. program is available through the Policies (p. 1301) tab. Complete

information is available in the Mead Witter School of Music Graduate Handbook (<https://www.music.wisc.edu/wp-content/uploads/2020/02/SOM-Grad-Handbook-1.pdf>). Since the School of Music offers the Ph.D. program under the aegis of the UW–Madison Graduate School, all Ph.D. students also need to be familiar with the UW–Madison Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>). In addition to the area faculty advisor, academic guidance is available through the director of graduate studies and the graduate office in the Mead Witter School of Music.

FACILITIES

The Mosse Humanities Building, built in 1969, houses most of the music classrooms, rehearsal rooms, faculty studios, and 111 practice rooms. Most recitals and concerts take place in one of three performance spaces: Mills Concert Hall, Morphy Recital Hall, and Eastman Organ Recital Hall. The school's extensive collection of instruments, both common and unusual, is available to both faculty and students. Music Hall with its clock tower, built in 1879, is a campus landmark. Renovated in 1985, it is the home of the opera program. The new Hamel Music Center includes a concert hall, a recital hall, and a large ensemble rehearsal space.

Memorial Library is the home of the Mills Music Library, which offers extensive research and circulating collections, attractive study space, and personal staff assistance with research. Music materials on campus number over half a million, ranging from scores and sheet music to archival collections and historic audio recordings. Through Mills Music Library and other UW–Madison libraries, students have access to a wide range of online research databases as well as millions of articles, books, and streaming media. All genres of music are represented, with notably strong collections in Americana and ethnic music. Nationally known special collections include the Tams–Witmark Collection, a treasury of early American musical theater materials, and the Wisconsin Music Archives.

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 1
Spring Deadline	The program does not admit in the spring.
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Required.

English Proficiency Test Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements (<https://grad.wisc.edu/apply/requirements/#english-proficiency>). Every international student from a non-English speaking country must submit a TOEFL score of 85 or higher. The Mead Witter School of Music does NOT waive the TOEFL requirement for students who have completed a degree at an American university.

Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

Minimum admission requirements of the Graduate School apply to all applicants for graduate study in music. The Mead Witter School of Music has additional requirements. Applicants should have a master's degree in music or equivalent foundational course work as required by each area of study. A cumulative GPA of 3.0 (on a 4.0 scale, calculated on the last 60 credit hours) is necessary for full admission. The Ph.D. program in music involves substantial academic work and requires excellent reading, writing, and speaking skills. Therefore, all international students are required to submit a TOEFL score. See the Mead Witter School of Music graduate admissions website (<http://www.music.wisc.edu/admissions/graduate/>) for information on minimum score requirements. The Mead Witter School of Music does **not** waive the TOEFL score requirement for students who have completed a degree at an American university. All Ph.D. applicants must submit a scholarly paper as part of the application. Ph.D. applicants are also expected to submit Graduate Record Exam (GRE) scores. A visit to campus for a personal interview is recommended, especially if the applicant wishes to be considered for financial aid. For details on specific audition requirements and additional application materials, visit the Mead Witter School of Music graduate admissions website (<http://www.music.wisc.edu/admissions/graduate/>).

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Mead Witter School of Music offers teaching and project assistant appointments in music history, music theory, piano, conducting, voice, and other areas. These positions offer tuition remission plus a stipend and health care benefits. In addition, Mead Witter School of Music selects qualified applicants for the Graduate School Fellowship and Advanced Opportunity Fellowship. The UW–Madison Office of Student Financial Services assists students in obtaining general grants and loans. All Mead Witter School of Music students who receive funding are required to enroll full-time with 8–12 graduate credits.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW–Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail

Minimum Credit Requirement	51 credits
Minimum Residence Credit Requirement	32 credits
Minimum Graduate Coursework Requirement	26 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy (https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/)).
Overall Graduate GPA Requirement	3.25 GPA required.

Other Grade Requirements Grades below B cannot count toward program credit.

Mead Witter School of Music financial awards are suspended if a student is on probation for more than one semester.

A student's satisfactory progress is also in jeopardy should a major recital be judged incomplete or deficient. Failure of one or more parts of the comprehensive examinations is also considered a lapse in satisfactory progress.

Assessments and Examinations In addition to evaluations in individual classes, School of Music programs examine graduate students at defined points in their career.

For doctoral students, preliminary examinations are tools to evaluate the student's currency and knowledge of the major field and the minor area of study, but also to determine the readiness to embark on the final stage of research. The first part of the Comprehensive Examination is written, and the second part is an oral exam attended by the student's committee members.

Once doctoral candidates have completed all their work, the oral defense is an opportunity for the dissertation committee to address the contributions made through the dissertation. No grades are reported on the transcript for these program-level examinations.

Language Requirements The PhD requires proficiency at the intermediate level in two foreign languages. Foreign language proficiency assures that the student has the tools needed to pursue comprehensive research in the major field. Details can be found below.

Breadth Requirement All doctoral students are required to complete a minor or Graduate/Professional certificate. Minors with coursework entirely within the School of Music total 12 credits and are taken as Option B–distributed minors. These distributed minors are narrowly defined to ensure the principle of breadth in relation to the major specialty.

REQUIRED COURSES

Historical Musicology Pathway ¹

Code	Title	Credits
Required Seminars		
MUSIC 823	Schenkerian Analysis	3
MUSIC 824	Post-tonal Analysis	3
Additional Required Courses		9
It is preferred that students take MUSIC 911 every semester it is offered. Other course options when 911 is not offered may be found below:		
MUSIC 911	Seminar in Musicology (every semester offered)	
MUSIC 821	Historical Music Theories 1	
MUSIC 822	Historical Music Theories 2	
MUSIC/ FOLKLORE 915	Seminar in Ethnomusicology (one course required if offered)	
MUSIC 921	Current Issues in Musical Thought 1	
MUSIC 925	Topics in Music Analysis 1	
MUSIC 926	Topics in Music Analysis 2	
MUSIC 927	Seminar in Composition	

Ethnomusicology Requirement 3

Select one of the following:

MUSIC/ FOLKLORE 515	Proseminar in Ethnomusicology	
MUSIC/ FOLKLORE 516	Ethnographic Methods for Music and Sound	
MUSIC/ FOLKLORE 915	Seminar in Ethnomusicology	

Other Required Courses

MUSIC/L I S 619	Music Research Methods and Materials	3
MUSIC 923	Seminar in Notation (offered every two years)	3

Breadth-Doctoral Minor or Graduate/Professional Certificate 9-12

9-12 credits in a field other than the major specialty. See the Doctoral Minors page or the Mead Witter School of Music Graduate Handbook for details.

Language Proficiency

Intermediate-level proficiency is required in two foreign languages, one of which must be German. The second language may be French, Italian, or any other language which can be argued as essential to the proposed doctoral research. Each language requirement may be satisfied with:

Four semesters of undergraduate-level study (completed within five years prior to matriculation), earning a grade of B or better in the final semester OR

One semester of the following with a grade of B or better:

GERMAN 391	German for Graduate Reading Knowledge I
ITALIAN 301	Italian for Reading Knowledge
FRENCH 391	French for Reading Knowledge

OR satisfactory completion of an approved language reading examination at the intermediate level.

Consult with the area faculty or with the Mead Witter School of Music graduate office for further details.

Electives

To meet the minimum credit requirement of 51 credits, students take electives 300 level and up in any department in consultation with their advisor.

Dissertation

After preliminary examinations, students enroll in 3 credits per term in:

MUSIC 999	PhD Diss/DMA Project
-----------	----------------------

Total Credits 51

¹

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

Music Theory Pathway¹

Code	Title	Credits
------	-------	---------

Seminars and Independent Work

The following courses are required: 12

MUSIC 821	Historical Music Theories 1	
MUSIC 822	Historical Music Theories 2	
MUSIC 823	Schenkerian Analysis	
MUSIC 824	Post-tonal Analysis	

Additional courses—2 seminars may be in Musicology 9

Students must take 9 credits total, up to 6 credits (2 courses) of which can be from MUSIC 911 and MUSIC 923.

MUSIC 911	Seminar in Musicology
MUSIC 921	Current Issues in Musical Thought 1
MUSIC 923	Seminar in Notation (musicology)
MUSIC 925	Topics in Music Analysis 1
MUSIC 926	Topics in Music Analysis 2
MUSIC 927	Seminar in Composition

Other required courses 3

MUSIC/L I S 619	Music Research Methods and Materials
-----------------	---

Breadth-Doctoral Minor or Graduate/Professional Certificate 9-12

9-12 credits in a field other than the major specialty. See the Doctoral Minors page or the Mead Witter School of Music Graduate Handbook for details.

Language Proficiency

Intermediate-level reading knowledge is required in two languages. Languages must be approved by the music theory area. The most common ways of meeting the language proficiency requirements are:

Four semesters of undergraduate-level study (completed within five years prior to matriculation), earning a grade of B or better in the final semester OR

1 semester of the following:

GERMAN 391	German for Graduate Reading Knowledge I
FRENCH 391	French for Reading Knowledge
ITALIAN 301	Italian for Reading Knowledge

OR satisfactory completion of an approved language reading examination at the intermediate level.

Consult with the area faculty or with the Mead Witter School of Music graduate office for further details.

Electives

To meet the minimum credit requirement of 51 credits, students take electives 300 level and up in any department in consultation with their advisor.

Dissertation

After preliminary examinations, students enroll in 3 credits per term in:

MUSIC 999	PhD Diss/DMA Project
-----------	----------------------

Total Credits 51

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Work from Other Institutions

No more than 6 credits may be approved for graduate coursework taken at other institutions.

UW–Madison Undergraduate

The program follows the Graduate School's policy for Satisfying Requirements with Coursework from Undergraduate Career at UW–Madison (<https://policy.wisc.edu/library/UW-1216/>), but the Mead Witter School of Music faculty rarely approve these exceptions.

UW–Madison University Special

The program allows up to 6 credits of UW–Madison University Special Student credit to count. Details can be found at the Graduate School's policy for Transfer from UW–Madison University Special Student Career at UW–Madison. (<https://policy.wisc.edu/library/UW-1216/>)

PROBATION

Ph.D. students who fail to make satisfactory progress in any of the following four areas: grades, course load, time constraints, or exams, will be notified in writing by the DGS. At the end of the second semester of failing to make satisfactory progress the student is placed on probation effective the next semester. This action suspends financial aid (but does not affect loans or work-study). For details see Satisfactory Progress for Doctoral Students (<https://kb.wisc.edu/mwsomkb/114465/>).

ADVISOR / COMMITTEE

All programs provide for faculty from several disciplines to follow the student's progress through the degree, provide mentorship along the way, and assess the student's success in reaching expected learning outcomes. Committee structures differ among degrees and majors. The principal advisor for most graduate students in Mead Witter School of Music is generally referred to as the major professor.

In Ph.D. programs the advisor may not be the eventual thesis or dissertation advisor. In all programs the major professor is determined with the student's particular interests in mind. The director of graduate studies is also an advisor for all graduate students in Mead Witter School of Music programs. Students are expected to consult with the director of graduate studies at least once per semester to determine appropriate course plans. Consultation is mandatory in the semester before intended graduation.

Ph.D. students have two committees: a four-member preliminary examination committee composed of the major professor, minor professor, and two others determined by the area; and a dissertation committee with four faculty including the major professor and a faculty member from a program other than the major. Three of these four members must be graduate faculty.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

Graduate students in the Ph.D. program are allowed a maximum of four calendar years from the date entering the program to complete all course work requirements and successfully pass the preliminary examinations. The candidate must complete the dissertation within five years after passing the preliminary examinations.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

COLLEGE OF LETTERS AND SCIENCE RESOURCES

The College of Letters and Science's SuccessWorks (<https://successworks.wisc.edu/>) program can assist with professional development and with identifying opportunities.

LEARNING OUTCOMES

1. Articulates research problems, potentials and limits with respect to theory and cultural understanding of music.
2. Formulates ideas and concepts beyond the current boundaries of knowledge in the field of music study.
3. Demonstrates breadth within the learning experiences in an area of study outside the principal field of inquiry.
4. Accomplishes research that makes a substantive contribution to the field.
5. Creates well-written monographs based upon original research that make substantive contributions to the field.
6. Communicates complex ideas in a clear and understandable manner, both verbally and in writing.
7. Fosters ethical and professional conduct.

PEOPLE

Faculty: Professors Cook (director), Calderón, Chisholm, Di Sanza, Dobbs, Doing, Dominguez, Fischer, Fulmer, Hetzler, Hyer, Johnson, Karp, Perry, Rowe, Schwendinger, Taylor, Teeple, Thimmig, Vallon, Wallmann; Associate Professors Butler, Farah, Grabois, Ronis; Assistant Professors Chana, Laurenz, Lee, Nelson, Sans; Marching Band Director Pompey; Teaching Faculty Curry, Gladstone, Gonzalez, Koester, Rottmayer, Wohn; Lecturers Patenaude, Wienholts.

The faculty of the Mead Witter School of Music is a distinguished group of educators, performing musicians, and active scholars. The backgrounds of performance faculty include rich experiences as professional musicians, researchers, recording artists, and entrepreneurs. Faculty in music education have particular insight into their field as a result of their backgrounds as school educators, performers, and scholars. In areas such as music theory and musicology, the musical community has high regard for the past and current contributions to the study of musical theory, historical perspectives on music, the role of music in societies around the world, and the unique contributions of American musicians. Teaching is a priority for the faculty, who are readily accessible to students for advice and support. Faculty, staff, and students cooperate in extraordinary ways with joint ventures that reach across disciplines both in research or instruction.

ACCREDITATION

ACCREDITATION

National Association of Schools of Music (<https://nasm.arts-accredit.org>)

Accreditation status: Accredited. Next accreditation review: 2022–2023

MUSIC: EDUCATION, M.M.

The mission of Mead Witter School of Music is:

- to provide a rich, integrated program of undergraduate and graduate education that promotes the highest levels of professional, creative, and scholarly development while challenging students to achieve their greatest potential;
- to cultivate an environment that inspires creativity, stimulates intellectual curiosity, and fosters critical thinking; and
- to serve the university community, the public, and the profession through performance, composition, scholarship, music education, outreach, and engagement.

Mead Witter School of Music enriches students' educational experience by hosting guest artists and scholars for master classes, recitals, colloquia, seminars, and festivals. Mead Witter School of Music organizations and ensembles perform more than 350 recitals and concerts every year, making a significant contribution to the cultural life of the university and the wider Madison community.

THE MASTER OF MUSIC: EDUCATION PROGRAM

The master of music: education program is suited to those who wish to emphasize music content in advanced study of education. Those who wish to explore music education within the context of education at large should consider the curriculum and instruction M.S. program in the School of Education. A double master's degree with the Information School is also offered.

Applicants to the master's program in music education are strongly encouraged to contact the music education faculty to schedule an interview and visit to the school. A cumulative GPA of 3.0 (on a 4.0 scale, calculated on the last 60 credit hours) is necessary for full admission. Refer to the Admissions tab for details on admission requirements.

Contact the Mead Witter School of Music graduate office, gradadmissions@music.wisc.edu, for further details about the M.M.–music education degree.

The M.M.–music education degree offers the opportunity for advanced study in the field of musical education. Upon enrollment in the program, one of the music education faculty members acts as advisor for the student. This is usually the major professor, who the faculty determine based upon a student's particular interests. The examination committee for comprehensive examinations in the second year is composed of the major professor along with two other faculty members.

A summary of important academic policies are available through the Policies (p. 1305) tab. A more complete document, the Mead Witter School of Music Graduate Handbook (<https://www.music.wisc.edu/wp-content/uploads/2020/02/SOM-Grad-Handbook-1.pdf>), lists

all academic policies and procedures in music graduate programs. All students need to be familiar with the Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>).

Mentoring of students is of prime importance to faculty members at Mead Witter School of Music. The faculty advisor and the director of graduate studies both guide the student's course planning. While each faculty member has a unique style of mentoring, every student can be assured of abundant time working closely with more than one mentor in addition to the advisor during the course of a UW–Madison degree program.

FACILITIES

The Mosse Humanities Building, built in 1969, houses most of the music classrooms, rehearsal rooms, faculty studios, and 111 practice rooms. Most recitals and concerts take place in one of three performance spaces: Mills Concert Hall, Morphy Recital Hall, and Eastman Organ Recital Hall. The school's extensive collection of instruments, both common and unusual, is available to both faculty and students. Music Hall with its clock tower, built in 1879, is a campus landmark. Renovated in 1985, it is the home of the opera program. The new Hamel Music Center includes a concert hall, a recital hall, and a large ensemble rehearsal space.

Memorial Library is the home of the Mills Music Library, which offers extensive research and circulating collections, attractive study space, and personal staff assistance with research. Music materials on campus number over half a million, ranging from scores and sheet music to archival collections and historic audio recordings. Through Mills Music Library and other UW–Madison libraries students have access to a wide range of online research databases as well as millions of articles, books, and streaming media. All genres of music are represented, with notably strong collections in Americana and ethnic music. Nationally known special collections include the Tams–Witmark Collection, a treasury of early American musical theater materials, and the Wisconsin Music Archives.

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 1
Spring Deadline	The program does not admit in the spring.
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.

English Proficiency Test

Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements (<https://grad.wisc.edu/apply/requirements/#english-proficiency>). Every international student from a non-English speaking country must submit a TOEFL score of 85 or higher. The Mead Witter School of Music does NOT waive the TOEFL requirement for students who have completed a degree at an American university.

Other Test(s) (e.g., GMAT, MCAT)

n/a

Letters of Recommendation Required

3

Minimum admission requirements of the Graduate School apply to all applicants for graduate study in music. The Mead Witter School of Music has additional requirements. Applicants should have a bachelor's degree in music or equivalent foundational course work as required by each area of study. An undergraduate GPA of 3.0 (on a 4.0 scale, calculated on the last 60 credit hours) is necessary for full admission. M.M. applicants in music education should have an undergraduate degree in music education and at least two years of music teaching experience—interested students are encouraged to contact the music education faculty prior to application. The M.M.–music education program involves substantial academic work and requires excellent reading, writing, and speaking skills. Therefore, all international students are required to submit a TOEFL score. See the Mead Witter School of Music graduate admissions website (<http://www.music.wisc.edu/admissions/graduate/>) for information on minimum score requirements. The Mead Witter School of Music does **not** waive the TOEFL score requirement for students who have completed a degree at an American university. For details on specific audition requirements and additional application materials, visit the School of Music graduate admissions website (<http://www.music.wisc.edu/admissions/graduate/>).

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Mead Witter School of Music also offers teaching and project assistantships in music history, music theory, piano, conducting, voice, and other performance areas. These positions offer tuition remission plus a salary and health care benefits. In addition, Mead Witter School of Music selects qualified applicants for the Graduate School Fellowship and Advanced Opportunity Fellowship. The UW–Madison Office of Student Financial Services assists students in obtaining general grants and loans. All Mead Witter School of Music students who receive funding are required to maintain full-time enrollment status. Many students also take advantage of work–study opportunities on campus, and many are employed part-time in area musical organizations, education, or business entities.

M.A.–music: education students may be considered for Teaching Assistant appointments, providing positions are available. All M.M. students may be considered for a University Fellowship, and qualified applicants may be considered for the Advanced Opportunity Fellowship. Feel free to direct questions about any of these funding opportunities to the Mead Witter School of Music graduate admissions office, gradadmissions@music.wisc.edu.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW–Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail	
Minimum Credit Requirement	30 credits
Minimum Residence Credit Requirement	16 credits
Minimum Graduate Coursework Requirement	15 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy (https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/)).
Overall Graduate GPA Requirement	3.25 GPA required.

Other Grade Requirements Grades below B cannot count toward program credit.

Mead Witter School of Music financial awards are suspended if a student is on probation for more than one semester.

A student's satisfactory progress is also in jeopardy should a major recital be judged incomplete or deficient. Failure of one or more parts of the comprehensive examinations is also considered a lapse in satisfactory progress.

Assessments and Examinations In addition to evaluations in individual classes, Mead Witter School of Music programs examine graduate students at defined points in their career.

For master's students, comprehensive examinations measure the candidate's range of musical knowledge in the major field.

Language Requirements No language requirements for the Music: Education MM.

REQUIRED COURSES

You may direct any questions about the coursework or required proficiencies to the Mead Witter School of Music graduate admissions office, gradadmissions.music.wisc.edu, or directly to the faculty of the music education area.

Code	Title	Credits
Comprehensive Music Education		
Students take the following repeatable courses to reach 9 credits; may include other courses approved by the advisor:		9
CURRIC 946	Past Perspectives on Music Education	
CURRIC 947	Current Issues in Music Education	
Area of Specialty		5
Advisor-approved courses 300+.		
Musicology and Theory		9
At least one course must be taken in Musicology and one in Music Theory. 9 credits must be earned at UW–Madison.		
Eligible musicology courses include: ¹		
MUSIC/ FOLKLORE 402	Musical Cultures of the World	
MUSIC 405	Seminar: Cultural Study of Music	
MUSIC 411	Survey of Music in the Middle Ages	
MUSIC 412	Survey of Music in the Renaissance	
MUSIC 413	Survey of Music in the Baroque Era	
MUSIC 414	Survey of Music in the Classic Era	
MUSIC 415	Survey of Music in the Romantic Era	
MUSIC 416	Survey of Music in the Twentieth Century	
MUSIC 511	Historical Performance Practices	
MUSIC 513	Survey of Opera	
MUSIC/ FOLKLORE 515	Proseminar in Ethnomusicology	
MUSIC/ FOLKLORE 516	Ethnographic Methods for Music and Sound	
MUSIC 821	Historical Music Theories 1	
MUSIC 822	Historical Music Theories 2	

MUSIC 911	Seminar in Musicology
MUSIC/ FOLKLORE 915	Seminar in Ethnomusicology
MUSIC 923	Seminar in Notation
Eligible music theory courses include: ²	
MUSIC 621	Renaissance Polyphony
MUSIC 622	Baroque Counterpoint
MUSIC 623	Form and Analysis
MUSIC 624	Form and Analysis II
MUSIC 523	Orchestration I
MUSIC 821	Historical Music Theories 1
MUSIC 822	Historical Music Theories 2
MUSIC 823	Schenkerian Analysis
MUSIC 824	Post-tonal Analysis
MUSIC 921	Current Issues in Musical Thought 1
MUSIC 925	Topics in Music Analysis 1
MUSIC 926	Topics in Music Analysis 2
MUSIC 927	Seminar in Composition
Final Project	2-4
CURRIC 790	Master's Project or Thesis
Electives	5
Courses approved by advisor 300+. May include courses outside the Mead Witter School of Music.	
Total Credits	30-32

1

Other courses do not fulfill this requirement unless specifically approved by the Musicology faculty.

2

Other courses do not fulfill this requirement unless specifically approved by the Music Theory faculty.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Work from Other Institutions

No more than 6 credits may be approved for graduate coursework taken at other institutions.

UW–Madison Undergraduate

The Graduate School allows departments to review requests to count up to 7 credits of undergraduate work at UW–Madison toward graduate program requirements, but this is rarely approved by the Mead Witter School of Music faculty.

UW–Madison University Special

Some students may have completed coursework numbered 300 or above at UW–Madison as a Special Student; with program approval coursework so taken may be considered to fulfill up to 6 credits of graduate program requirements.

PROBATION

M.M. students who fail to make satisfactory progress in any of the four following areas: grades, course load, time constraints, or exams, will be notified in writing by the DGS. At the end of the second semester of failing to make satisfactory progress the student is placed on probation effective the next semester. This action suspends financial aid (but does not affect loans or work-study). See details in the Satisfactory Progress for Master's Students (<https://kb.wisc.edu/mwsomkb/114465/>).

ADVISOR / COMMITTEE

All programs provide for faculty from several disciplines to follow the student's progress through the degree, provide mentorship along the way, and assess the student's success in reaching expected learning outcomes.

Music education students have a committee of three or more graduate faculty, including the major professor.

The principal advisor for most graduate students in the Mead Witter School of Music is generally referred to as the major professor. In all programs the major professor is determined with the student's particular interests in mind.

The director of graduate studies is also an advisor for all graduate students in Mead Witter School of Music programs. Students are expected to consult with the director of graduate studies at least once per semester to determine appropriate course plans. Consultation is mandatory in the semester before intended graduation.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

M.M. and M.A. students not receiving university funding are expected to complete requirements and pass comprehensive examinations within seven years from the time of enrollment in the program. While graduate students may enroll on a part-time basis, this time constraint still applies.

All M.M. and M.A. students holding teaching assistant, project assistant, or fellowship appointments must complete requirements for the degree within four semesters (not counting summer sessions or thesis credits). If the appointment is more than 33.4% the expectation is to complete requirements in the sixth semester.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

COLLEGE OF LETTERS AND SCIENCE RESOURCES

The College of Letters and Science's SuccessWorks (<https://successworks.wisc.edu/>) program can assist with professional development and with identifying opportunities.

LEARNING OUTCOMES

1. Communicates clearly in multiple modes, including written and verbal, a well-developed foundational understanding, scholarly and practically, of the field of music education as it currently exists.
2. Demonstrates understanding of music education from multiple perspectives, including but not limited to social, cultural, historical and musical perspectives.
3. Draws upon extensive understandings of music learning and teaching as socially situated and constructed in multiple ways, honoring human difference as a rich source of information and demonstrates this in coursework and final projects.
4. Understands and applies principles of ethical and professional conduct.

5. Respects colleagues and values contributions of others in both individual and collaborative endeavors.

PEOPLE

Faculty: Professors Cook (director), Calderón, Chisholm, Di Sanza, Dobbs, Doing, Dominguez, Fischer, Fulmer, Hetzler, Hyer, Johnson, Karp, Perry, Rowe, Schwendinger, Taylor, Teeple, Thimmig, Vallon, Wallmann; Associate Professors Butler, Farah, Grabois, Ronis; Assistant Professors Chana, Laurenz, Lee, Nelson, Sans; Marching Band Director Pompey; Teaching Faculty Curry, Gladstone, Gonzalez, Koester, Rottmayer, Wahn; Lecturers Patenaude, Wienholts.

The faculty of the Mead Witter School of Music is a distinguished group of educators, performing musicians, and active scholars. The backgrounds of performance faculty include rich experiences as professional musicians, researchers, recording artists, and entrepreneurs. Faculty in music education have particular insight into their field as a result of their backgrounds as school educators, performers, and scholars. In areas such as music theory and musicology, the musical community has high regard for the past and current contributions to the study of musical theory, historical perspectives on music, the role of music in societies around the world, and the unique contributions of American musicians. Teaching is a priority for the faculty, who are readily accessible to students for advice and support. Faculty, staff, and students cooperate in extraordinary ways with joint ventures that reach across disciplines both in research or instruction.

ACCREDITATION

ACCREDITATION

National Association of Schools of Music (<https://nasm.arts-accredit.org>)

Accreditation status: Accredited. Next accreditation review: 2022–2023

MUSIC: PERFORMANCE, DMA

The mission of Mead Witter School of Music is:

- to provide a rich, integrated program of undergraduate and graduate education that promotes the highest levels of professional, creative, and scholarly development while challenging students to achieve their greatest potential;
- to cultivate an environment that inspires creativity, stimulates intellectual curiosity, and fosters critical thinking; and
- to serve the university community, the public, and the profession through performance, composition, scholarship, music education, outreach, and engagement.

Mead Witter School of Music enriches students' educational experience by hosting guest artists and scholars for master classes, recitals, colloquia, seminars, and festivals. Mead Witter School of Music organizations and ensembles perform more than 350 recitals and concerts every year, making a significant contribution to the cultural life of the university and the wider Madison community.

Mead Witter School of Music views its goals and objectives as complementary to those of the University of Wisconsin–Madison, which include "to provide an environment in which faculty and students can discover, examine critically, preserve and transmit the knowledge, wisdom

and values that will help ensure the survival of the present and future generations with improvement in the quality of life."

Mead Witter School of Music is accredited by the National Association of Schools of Music (NASM), and has been an institutional member of NASM since 1966.

THE DOCTOR OF MUSICAL ARTS DEGREE

The DMA (Doctor of Musical Arts) and the Ph.D. are the highest degrees conferred by the Mead Witter School of Music. The DMA is granted for evidence of general proficiency and distinctive attainment in a specialized field of performance. The student's ability in independent investigation is demonstrated through a series of public recital performances and in a final project presenting original research and creative scholarship.

Every major pathway in the DMA program consists of course and proficiency requirements including a minor field of study outside the student's major performance specialty. In addition to this, the core of the degree program is the doctoral candidate's Doctoral Performance and Research. This is a body of performances and scholarship that is, as a whole, the candidate's significant contribution to the field of musical performance. Find a full list of available pathways in the Requirements (p. 1308).

The DMA degree requires significant work beyond the master's degree, including the extensive independent work described above. Each major pathway varies slightly. See the course lists available through the Requirements (p. 1308) tab for details. Contact the Mead Witter School of Music graduate office for complete explanations of the degrees offered at the master's or doctoral levels: gradadmissions@music.wisc.edu. (gradadmissions@music.wisc.edu)

DMA students have achieved a high level of artistry as a performing musician before beginning the program at Mead Witter School of Music. The curriculum is designed to challenge students, broaden their musical knowledge and experience, and foster their growth in accomplishing independent research as well as formulating a unique approach to musical performance. Coursework in musicology and music theory, study of pedagogy and literature, and close mentorship by a group of supportive faculty members all contribute toward deepening a DMA student's encounter with music. A minor field of study (p. 1286), required of all DMA students, assures breadth by ensuring work in a field of study outside the major specialty. Proficiency in a foreign language supports research in the major field.

All DMA curricula in the Mead Witter School of Music are built on a similar model: applied study in the field of major specialty, related courses in the major specialty, a variety of musicology and theory courses, a minor field of study, and proficiency in at least one foreign language. The tracks differ in details, such as the number and nature of recital performances. The core of the DMA program is doctoral performance and research, a body of work comprised of public performances (recorded and available to scholars and musicians) and a doctoral research project. The whole is the DMA candidate's contribution to the community of performers and scholars.

Each DMA student has a faculty committee, the doctoral performance and research committee. Mentoring, evaluating, and supporting the student through the degree program, this committee provides multiple perspectives on the student's performance and research.

Important information on academic policies for the DMA program is available through the Policies page. Complete information is available

in the Mead Witter School of Music Graduate Handbook (<https://www.music.wisc.edu/wp-content/uploads/2020/02/SOM-Grad-Handbook-1.pdf>). Since the School of Music offers the DMA program through the aegis of the UW-Madison Graduate School, all DMA students also need to be familiar with the UW-Madison Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>). Advising is available through the major professor as well as through the director of graduate studies and the graduate office in the Mead Witter School of Music.

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 1
Spring Deadline	The program does not admit in the spring.
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements (https://grad.wisc.edu/apply/requirements/#english-proficiency). Every international student from a non-English speaking country must submit a TOEFL score of 85 or higher. The Mead Witter School of Music does NOT waive the TOEFL requirement for students who have completed a degree at an American university.
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

Minimum admission requirements of the Graduate School apply to all applicants for graduate study in music. The Mead Witter School of Music has additional requirements. Applicants should have a master's degree in music or equivalent foundational course work as required by each area of study. A cumulative GPA of 3.0 (on a 4.0 scale, calculated on the last 60 credit hours) is necessary for full admission. Admission to the DMA program assumes a high level of performance ability determined by audition. Composition applicants must have completed a master's degree or equivalent in composition. The DMA program involves substantial academic work and requires excellent reading, writing, and speaking skills. Therefore, all international students are required to submit a TOEFL score. See the Mead Witter School of Music graduate admissions website (<http://>

www.music.wisc.edu/admissions/graduate/) for information on minimum score requirements. The Mead Witter School of Music does **not** waive the TOEFL score requirement for students who have completed a degree at an American university. All DMA applicants must submit a scholarly paper as part of the application. Typically, performance applicants are required to audition in person. For details on specific audition requirements and additional application materials, visit the Mead Witter School of Music graduate admissions website (<http://www.music.wisc.edu/admissions/graduate/>).

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Through the generosity of Paul J. Collins, Mead Witter School of Music is the recipient of a substantial fellowship fund which, in combination with the Graduate School and University Foundation, allows the school to offer multiple-year funding to the highest quality graduate students in performance. The Collins fellowships, along with The Lorna Wendt and Anonymous Fund Fellowships for Choral and Voice students are offered as Wisconsin Distinguished Fellowships and provide full tuition and fees, a generous stipend, additional funds, and comprehensive health care. Nomination by a performance faculty member—usually following an on-site audition—is required for consideration.

Mead Witter School of Music also offers teaching and project assistantships in music history, music theory, piano, conducting, voice, and other performance areas. These positions offer tuition remission plus a salary and health care benefits. In addition, Mead Witter School of Music selects qualified applicants for the Chancellor's Fellowship, Graduate School Fellowship, and Advanced Opportunity Fellowship. The UW-Madison Office of Student Financial Services assists students in obtaining general grants and loans. All Mead Witter School of Music students who receive funding are required to enroll full-time with 8–12 graduate credits.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW-Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail	
Minimum Credit Requirement	51 credits
Minimum Residence Credit Requirement	32 credits
Minimum Graduate Coursework Requirement	26 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy (https://policy.wisc.edu/library/UW-1244) (https://policy.wisc.edu/library/UW-1244/).
Overall Graduate GPA Requirement	3.25 GPA required.
Other Grade Requirements	Grades below B cannot count toward program credit. Mead Witter School of Music financial awards are suspended if a student is on probation for more than one semester.

A student's satisfactory progress is also in jeopardy should a major recital be judged incomplete or deficient. Failure of one or more parts of the comprehensive examinations is also considered a lapse in satisfactory progress.

Assessments and Examinations In addition to evaluations in individual classes, Mead Witter School of Music programs examine graduate students at defined points in their career.

For doctoral students, preliminary examinations are tools to evaluate the student's currency and knowledge of the major field and the minor area of study, but also to determine the readiness to embark on the final stage of research. The first part of the Comprehensive Examination is written, and the second part is an oral exam attended by the student's committee members.

Once doctoral candidates have completed all their work, the oral defense is an opportunity for the dissertation (Ph.D.) or DPRC (DMA) committee to address the contributions made through the dissertation (Ph.D.) or the doctoral performance and research (DMA). No grades are reported on the transcript for these program-level examinations. A DMA project is also required (see details below).

Language Requirements All School of Music doctoral programs require proficiency at the intermediate level in at least one foreign language. Foreign language proficiency assures that the student has the tools needed to pursue comprehensive research in the major field. Details on foreign language requirements and ways to fulfill proficiency expectations are outlined in the course lists available through the Requirements tab for each degree. This information is also available in the advising worksheets for each degree major track.

Graduate School Breadth Requirement All doctoral students are required to complete a doctoral minor or graduate/professional certificate. Minors with coursework entirely within the School of Music total 12 credits and are taken as Option B—distributed minors. These distributed minors are narrowly defined to ensure the principle of breadth in relation to the major specialty.

REQUIRED COURSES

The tables below outline requirements for each major curricular pathway. If you have questions about any of our programs, we invite you to contact the Mead Witter School of Music graduate admissions office.

Brass Pathway¹

Code	Title	Credits
Doctoral Level Applied Instrument Study		16
4 semesters, 4 credits each semester		
Select course corresponding to the major instrument:		
MUS PERF 717	Doctoral Level-Horn	
MUS PERF 719	Doctoral Level-Trumpet	
MUS PERF 721	Doctoral Level-Trombone	
MUS PERF 725	Doctoral Level Tuba	
Literature		4
MUSIC 798	Seminar-Instrumental Literature (topics course; two semesters required) ²	
Reference and Research Materials		3
MUSIC/L I S 619	Music Research Methods and Materials	
Musicology and Music Theory Courses		9

At least one course must be taken in Musicology and one in Music Theory. 9 credits must be earned at UW-Madison.

For a summary of the courses eligible for this requirement refer to the last table on this page: DMA: Courses Qualifying for Musicology and Music Theory Requirement

Doctoral Minor

9-12

9-12 credits in a field other than the major specialty. See the Doctoral Minors page or the Mead Witter School of Music Graduate Handbook for details.

Language Proficiency

One foreign language at intermediate level reading knowledge. French or German preferred. See Mead Witter School of Music Graduate Handbook for details on meeting the Foreign Language Proficiency.

Doctoral Performance and Research

After preliminary examinations continuous registration for exactly three research-related credits is required. This may include both degree recitals (MUS PERF 999) and Research (MUSIC 999).

1. Recitals

MUS PERF 999 DMA Recital

Enroll for each recital as a 1-credit course.

5 recitals are required: one solo recital, one chamber recital, one solo/chamber/combo recital, one concerto performance (preferably with orchestra), and one lecture recital. The lecture recital is usually scheduled after preliminary examinations.

2. DMA Research Project

MUSIC 999 PhD Diss/DMA Project

Although each DMA project will be unique, there are a number of criteria students should keep in mind while preparing their DMA projects: 1) The project should show a certain level of ambition and rigor, either in the size or scope of the creative work chosen (e.g., an opera, symphonic work, concerto, to name a few examples); 2) Although it may be based on pre-existing text, or other materials, the bulk of the project must be original creative work, done by the DMA candidate. 3) DMA candidates should discuss their project proposals fully with the major professor and with all members of their DPRC before starting their project. 4) Every DMA project will include a significant written portion presenting the goals, methodology, and results of the research. 5) Examples of successful DMA projects are available in Mills Music Library on the UW-Madison campus.

Additional Coursework

To meet the minimum credit requirement of 51 credits, students take electives 300 level and up in any department in consultation with their advisor.

Total Credits

51

1

These pathways are internal to the program and represent different pathways a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

One semester focuses on literature, the other on pedagogy. MUSIC 799 Independent Work (for 2 credits) may also be eligible to meet this requirement, with approval of major professor.

Choral Conducting Pathway¹

Code	Title	Credits
Doctoral Level Conducting Applied Study		2
2 credits taken in second year of study		
MUS PERF 732	Doctoral Level Conducting	
Advanced Conducting Seminar		8
4 semesters required		
MUSIC 553	Advanced Conducting Seminar	
Seminar: Choral Literature		8
4 semesters required		
MUSIC 541	Seminar in Choral Literature	
or MUSIC 542	Choral Literature and Performance Practices of Today	
Concert Choir		4
4 semesters required		
MUSIC 578	Concert Choir	
Reference and Research Materials		3
MUSIC/L I S 619	Music Research Methods and Materials	

Musicology and Music Theory Courses **9**
At least one course must be taken in Musicology and one in Music Theory. 9 credits must be earned at UW-Madison.

For a summary of the courses eligible for this requirement refer to the last table on this page: DMA: Courses Qualifying for Musicology and Music Theory Requirement

Doctoral Minor **9-12**
9-12 credits in a field other than the major specialty. See the Doctoral Minors page or the Mead Witter School of Music Graduate Handbook for details.

Foreign Language Proficiency
Two foreign languages (one must be German) at intermediate level reading knowledge. See Mead Witter School of Music Graduate Handbook for details on meeting the Foreign Language Proficiency.

Doctoral Performance and Research
After preliminary examinations continuous registration for exactly three research-related credits is required. This may include both degree recitals (MUS PERF 999) and Research (MUSIC 999).

1. Recitals

MUS PERF 999 DMA Recital

5 recitals required: 1 small group recital, 1 a cappella recital, 1 recital with voices and instruments, 1 lecture-recital performance, 1 final performance. The lecture-recital and final performance are normally presented after preliminary examinations, while all others are normally presented before preliminary examinations. Enroll for each recital as a separate 1-credit course.

2. DMA Research Project

MUSIC 999 PhD Diss/DMA Project

Although each DMA project will be unique, there are a number of criteria students should keep in mind while preparing their DMA projects: 1) The project should show a certain level of ambition and rigor, either in the size or scope of the creative work chosen (e.g., an opera, symphonic work, concerto, to name a few examples); 2) Although it may be based on pre-existing text, or other materials, the bulk of the project must be original creative work, done by the DMA candidate. 3) DMA candidates should discuss their project proposals fully with the major professor and with all members of their DPRC before starting their project. 4) Every DMA project will include a significant written portion presenting the goals, methodology, and results of the research. 5) Examples of successful DMA projects are available in Mills Music Library on the UW-Madison campus.

Additional Coursework

To meet the minimum credit requirement of 51 credits, students take electives 300 level and up in any department in consultation with their advisor.

Total Credits **51**

1

These pathways are internal to the program and represent different pathways a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

Collaborative Piano Pathway¹

Code	Title	Credits
Doctoral Level Piano Accompanying Applied Study		8
4 semesters, 2 credits each semester		
MUS PERF 742	Doctoral Level Private Instruction in Accompanying	
Duo Sonata Seminar		3
MUSIC 796	Seminar in Duo Sonata Literature	
Vocal Literature		2
MUSIC 792	Seminar in Vocal Literature	
Diction		4
MUSIC 467	Language Diction for Singing I	
& MUSIC 468	and Language Diction for Singing II	
Reference and Research Materials		3
MUSIC/L I S 619	Music Research Methods and Materials	

Musicology and Theory Courses **9**

At least one course must be taken in Musicology and one in Music Theory. 9 credits music be earned at UW-Madison.

For a summary of the courses eligible for this requirement refer to the last table on this page: DMA: Courses Qualifying for Musicology and Music Theory Requirement.

Doctoral Minor **9-12**

9-12 credits in a field other than the major specialty. See the Doctoral Minors page or the Mead Witter School of Music Graduate Handbook for details.

Language Proficiency

Proficiency in the pronunciation of English, French, German, Italian, and knowledge of the International Phonetic Alphabet system are required and determined by the major professor. The basis for doctoral study in collaborative piano is 2 semesters each of elementary German, French, and Italian. Depending upon the area of focus (vocal or instrumental), doctoral students normally continue to the intermediate level in 2 languages. The language requirement will be monitored by the major professor.

Doctoral Performance and Research

After preliminary examinations continuous registration for exactly three research-related credits is required. This may include both degree recitals (MUS PERF 999) and Research (MUSIC 999).

This body of work, comprising degree recitals and the DMA Research Project, is the core of the DMA degree.

1. Recitals

MUS PERF 999 DMA Recital

6 recitals are required. These must include at least 1 vocal, 1 instrumental, with four recitals normally performed before preliminary examinations. After preliminary examinations recitals usually include 1 lecture-recital and 1 final recital (prepared independently).

Enroll for each recital as a separate 1-credit course.

2. DMA Research Project

MUSIC 999 PhD Diss/DMA Project

Although each DMA project will be unique, there are a number of criteria students should keep in mind while preparing their DMA projects: 1) The project should show a certain level of ambition and rigor, either in the size or scope of the creative work chosen (e.g., an opera, symphonic work, concerto, to name a few examples); 2) Although it may be based on pre-existing text, or other materials, the bulk of the project must be original creative work, done by the DMA candidate. 3) DMA candidates should discuss their project proposals fully with the major professor and with all members of their DPRC before starting their project. 4) Every DMA project will include a significant written portion presenting the goals, methodology, and results of the research. 5) Examples of successful DMA projects are available in Mills Music Library on the UW-Madison campus.

Enroll in 1-3 credits to bring course load total to 3 credits.

Additional Coursework

To meet the minimum credit requirement of 51 credits, students take electives 300 level and up in any department in consultation with their advisor.

Total Credits **51**

1

These pathways are internal to the program and represent different pathways a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

Composition Pathway¹

Code	Title	Credits
Doctoral Composition Applied Study		12
4 semesters, 3 credits each semester		
MUS PERF 747	Doctoral Level Composition (taken twice)	
MUS PERF 748	Doctoral Level Composition (taken twice)	
Seminars in Composition		6
The following courses qualify for this requirement:		
MUSIC 523	Orchestration I	
MUSIC 927	Seminar in Composition	
Historical Musicology		6
The following courses qualify for this requirement:		
MUSIC 411	Survey of Music in the Middle Ages	
MUSIC 412	Survey of Music in the Renaissance	
MUSIC 413	Survey of Music in the Baroque Era	
MUSIC 414	Survey of Music in the Classic Era	
MUSIC 415	Survey of Music in the Romantic Era	
MUSIC 416	Survey of Music in the Twentieth Century	
MUSIC 419	Music in the United States	
MUSIC 511	Historical Performance Practices	
MUSIC 513	Survey of Opera	
MUSIC 911	Seminar in Musicology	
Music Theory		6
The following courses qualify for this requirement: ²		
MUSIC 623	Form and Analysis	
MUSIC 624	Form and Analysis II	
MUSIC 821	Historical Music Theories 1	
MUSIC 822	Historical Music Theories 2	
MUSIC 823	Schenkerian Analysis	
MUSIC 824	Post-tonal Analysis	
MUSIC 921	Current Issues in Musical Thought 1	
MUSIC 925	Topics in Music Analysis 1	
MUSIC 926	Topics in Music Analysis 2	
Conducting		6
Consult with advisor on course choices:		
MUS PERF 532	Advanced Conducting	
MUSIC 553	Advanced Conducting Seminar	
MUSIC 554	Advanced Conducting	
Research Methods and Materials		3
MUSIC/L I S 619	Music Research Methods and Materials	
Doctoral Minor		9-12
9-12 credits in a field other than composition. See Doctoral Minors page or the Mead Witter School of Music Graduate Handbook for more information.		
Foreign Language Proficiency		
One foreign language at intermediate level reading knowledge. French or German preferred. See Mead Witter School of Music Graduate Handbook for details on meeting the Foreign Language Proficiency.		
Doctoral Performance and Research		

After preliminary examinations continuous registration for exactly three research-related credits is required. This may include both degree recitals (MUS PERF 999) and Research (MUSIC 999).

1. Lecture-recital.

MUS PERF 999 DMA Recital

The lecture-recital is scheduled after the preliminary examinations. The lecture recital will be focused upon the candidate's own composition work, not that of another composer. This composition must be an ensemble work for a minimum of four or more performers. The candidate must either conduct or perform as a member of the ensemble.

2. DMA Composition Project

MUSIC 999 PhD Diss/DMA Project

The project must take the form of an original composition, demonstrating a certain level of ambition and rigor either in the size or scope of the creative work, e.g. an opera, symphonic work, or concerto to name a few examples. Although it may be based upon pre-existing text or other materials, the bulk of the project must be original creative work done by the candidate. The composition is accompanied by a written document that describes in detail the methodology of the creative process.

Additional Coursework

To meet the minimum credit requirement of 51 credits, students take electives 300 level and up in any department in consultation with their advisor.

Total Credits **51**

1

These pathways are internal to the program and represent different pathways a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

Note that MUSIC 621 Renaissance Polyphony and MUSIC 622 Baroque Counterpoint are considered deficiencies for a DMA student. All students need to have taken those courses before beginning the program. MUSIC 621 and MUSIC 622 will not fulfill the requirement for Music Theory courses in the composition major.

Orchestral Conducting Pathway¹

Code	Title	Credits
Doctoral Level Conducting Applied Study		8
2 credits each semester		
MUS PERF 732	Doctoral Level Conducting	
Conducting Laboratory		4
MUSIC 632	Graduate Instrumental Conducting Laboratory	
Choral Conducting		2
MUSIC 553	Advanced Conducting Seminar ²	
Reference and Research Materials		3
MUSIC/L I S 619	Music Research Methods and Materials	
Musicology and Music Theory Courses		9

At least one course must be taken in Musicology and one in Music Theory. 9 credits must be earned at UW-Madison.

For a summary of the courses eligible for this requirement refer to the last table on this page: DMA: Courses Qualifying for Musicology and Music Theory Requirement

Doctoral Minor **9-12**

9-12 credits in a field other than the major specialty. See the Doctoral Minors tab or the Mead Witter School of Music Graduate Handbook for details.

Foreign Language Proficiency

One foreign language at intermediate level reading knowledge. French or German preferred. See Mead Witter School of Music Graduate Handbook for details on meeting the Foreign Language Proficiency.

Doctoral Performance and Research

After preliminary examinations continuous registration for exactly three research-related credits is required. This may include both degree recitals (MUS PERF 999) and Research (MUSIC 999).

1. Recitals.

MUS PERF 999 DMA Recital

5 recitals required. Major professor will advise on scheduling of recitals before or after preliminary examinations.

Enroll for each recital as a separate 1 credit course.

2. DMA Research Project.

MUSIC 999 PhD Diss/DMA Project

Although each DMA project will be unique, there are a number of criteria students should keep in mind while preparing their DMA projects: 1) The project should show a certain level of ambition and rigor, either in the size or scope of the creative work chosen (e.g., an opera, symphonic work, concerto, to name a few examples); 2) Although it may be based on pre-existing text, or other materials, the bulk of the project must be original creative work, done by the DMA candidate. 3) DMA candidates should discuss their project proposals fully with the major professor and with all members of their DPRC before starting their project. 4) Every DMA project will include a significant written portion presenting the goals, methodology, and results of the research. 5) Examples of successful DMA projects are available in Mills Music Library on the UW-Madison campus.

Additional Coursework

To meet the minimum credit requirement of 51 credits, students take electives 300 level and up in any department in consultation with their advisor.

Total Credits **51**

1

These pathways are internal to the program and represent different pathways a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

MUS PERF 532 Advanced Conducting may be taken for this requirement only if it is taught by choral conducting faculty.

Organ Performance Pathway ¹

Code	Title	Credits
Doctoral Level Organ Applied Study		16
4 semesters, 4 credits each semester		
MUS PERF 703	Doctoral Level-Organ	
Organ Literature		6
MUSIC 591	Organ Literature and Design	
MUSIC 799	Independent Work	
Other Courses in the Major		4
MUS PERF 561	Organ Improvisation and Liturgy	
MUS PERF 562	Organ Improvisation and Liturgy	
Research Methods and Materials		3
MUSIC/L I S 619	Music Research Methods and Materials	
Musicology and Music Theory Courses		9

At least one course must be taken in Musicology and one in Music Theory. 9 credits must be earned at UW-Madison.

For a summary of the courses eligible for this requirement refer to the last table on this page: DMA: Courses Qualifying for Musicology and Music Theory Requirement

Doctoral Minor

9-12 credits in a field other than the major specialty. See the Doctoral Minors page or the Mead Witter School of Music Graduate Handbook for details.

Language Proficiency

One foreign language at intermediate level reading knowledge. French or German preferred. See Mead Witter School of Music Graduate Handbook for details on meeting the Foreign Language Proficiency.

Doctoral Performance and Research

After preliminary examinations continuous registration for exactly three research-related credits is required. This may include both degree recitals (MUS PERF 999) and Research (MUSIC 999).

This body of work, comprising degree recitals and the DMA Research Project, is the core of the DMA degree.

1. Recitals

MUS PERF 999 DMA Recital

5 recitals required. The recitals are: 1 solo recital, 1 ensemble recital, 1 lecture-recital (these before preliminary examinations); after preliminary examinations, 1 lecture-recital and 1 final solo recital.

Enroll for each recital as a separate 1-credit course.

2. DMA Research Project

MUSIC 999 PhD Diss/DMA Project

Although each DMA project will be unique, there are a number of criteria students should keep in mind while preparing their DMA projects: 1) The project should show a certain level of ambition and rigor, either in the size or scope of the creative work chosen (e.g., an opera, symphonic work, concerto, to name a few examples); 2) Although it may be based on pre-existing text, or other materials, the bulk of the project must be original creative work, done by the DMA candidate. 3) DMA candidates should discuss their project proposals fully with the major professor and with all members of their DPRC before starting their project. 4) Every DMA project will include a significant written portion presenting the goals, methodology, and results of the research. 5) Examples of successful DMA projects are available in Mills Music Library on the UW-Madison campus.

Additional Coursework

To meet the minimum credit requirement of 51 credits, students take electives 300 level and up in any department in consultation with their advisor.

Total Credits **51**

1

These pathways are internal to the program and represent different pathways a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

Percussion Pathway ¹

Code	Title	Credits
Doctoral Level Percussion Applied Study		16
4 semesters, 4 credits each semester		
MUS PERF 727	Doctoral Level Percussion	
Literature		2
MUSIC 550	Percussion Literature ²	
	or MUSIC 540 Advanced Pedagogy	
Reference and Research Materials		3
MUSIC/L I S 619	Music Research Methods and Materials	
Musicology and Music Theory Courses		9

At least one course must be taken in Musicology and one in Music Theory. 9 credits must be earned at UW-Madison.

For a summary of the courses eligible for this requirement refer to the last table on this page: DMA: Courses Qualifying for Musicology and Music Theory Requirement

Doctoral Minor **9-12**

9-12 credits in a field other than the major specialty. See the Doctoral Minors page or the Mead Witter School of Music Graduate Handbook for details.

Language Proficiency

One foreign language at intermediate level reading knowledge. French or German preferred. See Mead Witter School of Music Graduate Handbook for details on meeting the Foreign Language Proficiency.

Doctoral Performance and Research

After preliminary examinations continuous registration for exactly three research-related credits is required. This may include both degree recitals (MUS PERF 999) and Research (MUSIC 999).

This body of work, comprising degree recitals and the DMA Research Project, is the core of the DMA degree.

1. Recitals

MUS PERF 999 DMA Recital

There are 5 required recitals: 1 solo recital, 2 solo or solo/chamber recitals (one of which may be a concerto performance), these three before preliminary examinations; after preliminary examinations, 1 lecture-recital and 1 solo recital.

Enroll for each recital as a separate 1-credit course.

2. DMA Research Project

MUSIC 999 PhD Diss/DMA Project

Although each DMA project will be unique, there are a number of criteria students should keep in mind while preparing their DMA projects: 1) The project should show a certain level of ambition and rigor, either in the size or scope of the creative work chosen (e.g., an opera, symphonic work, concerto, to name a few examples); 2) Although it may be based on pre-existing text, or other materials, the bulk of the project must be original creative work, done by the DMA candidate. 3) DMA candidates should discuss their project proposals fully with the major professor and with all members of their DPRC before starting their project. 4) Every DMA project will include a significant written portion presenting the goals, methodology, and results of the research. 5) Examples of successful DMA projects are available in Mills Music Library on the UW-Madison campus.

These pathways are internal to the program and represent different pathways a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

For the MUSIC 540 Advanced Pedagogy option, the topic is Percussion Pedagogy.

Piano Performance Pathway¹

Code	Title	Credits
Doctoral Level Piano Performance Applied Study		16
4 semesters, 4 credits each semester		
MUS PERF 701	Doctoral Level-Piano	

Literature **6**

Chosen in consultation with advisor (courses are repeatable):

MUSIC 791	Seminar in Piano Literature
MUSIC 796	Seminar in Duo Sonata Literature

MUSIC 502 Figured Bass and Basso Continuo

Reference and Research Materials **3**

MUSIC/L I S 619 Music Research Methods and Materials

Musicology and Music Theory Courses **9**

At least one course must be taken in Musicology and one in Music Theory. 9 credits must be earned at UW-Madison.

For a summary of the courses eligible for this requirement refer to the last table on this page: DMA: Courses Qualifying for Musicology and Music Theory Requirement

Doctoral Minor **9-12**

9-12 credits in a field other than the major specialty. See the Doctoral Minors page or the Mead Witter School of Music Graduate Handbook for details.

Language Proficiency

One foreign language at intermediate level reading knowledge. French or German preferred. See Mead Witter School of Music Graduate Handbook for details on meeting the Foreign Language Proficiency.

Doctoral Performance and Research

After preliminary examinations continuous registration for exactly three research-related credits is required. This may include both degree recitals (MUS PERF 999) and Research (MUSIC 999).

This body of work, comprising degree recitals and the DMA Research Project, is the core of the DMA degree.

1. Recitals

MUS PERF 999 DMA Recital

There are six required recitals: 1 Baroque-Classical, 1 Romantic, 1 Modern, 1 concerto performance, 1 ensemble recital, 1 final solo recital. One of these recitals (not the final solo recital) will be presented as a lecture recital. The lecture-recital and the final solo recital are presented after the preliminary examinations.

Enroll for each recital as a separate 1-credit course.

2. DMA Research Project

MUSIC 999 PhD Diss/DMA Project

Although each DMA project will be unique, there are a number of criteria students should keep in mind while preparing their DMA projects: 1) The project should show a certain level of ambition and rigor, either in the size or scope of the creative work chosen (e.g., an opera, symphonic work, concerto, to name a few examples); 2) Although it may be based on pre-existing text, or other materials, the bulk of the project must be original creative work, done by the DMA candidate. 3) DMA candidates should discuss their project proposals fully with the major professor and with all members of their DPRC before starting their project. 4) Every DMA project will include a significant written portion presenting the goals, methodology, and results of the research. 5) Examples of successful DMA projects are available in Mills Music Library on the UW-Madison campus.

Additional Coursework

To meet the minimum credit requirement of 51 credits, students take electives 300 level and up in any department in consultation with their advisor.

Accompanying 2		
Select 2 credits total from the following courses:		
MUS PERF 542	Advanced Accompanying	
MUS PERF 742	Doctoral Level Private Instruction in Accompanying	
MUSIC 565	Advanced Ensemble-Woodwind	
MUSIC 567	Advanced Ensemble-Brass	
MUSIC 569	Advanced Ensemble-String	
Literature 3		
Select one of the following:		
MUSIC 791	Seminar in Piano Literature	
or MUSIC 796	Seminar in Duo Sonata Literature	
MUSIC 796	Seminar in Duo Sonata Literature	
MUSIC 502	Figured Bass and Basso Continuo	
Reference and Research Materials 3		
MUSIC/L I S 619	Music Research Methods and Materials	
Musicology and Music Theory Courses 9		
At least one course must be taken in Musicology and one in Music Theory. 9 credits must be earned at UW-Madison.		

For a summary of the courses eligible for this requirement refer to the last table on this page: DMA: Courses Qualifying for Historical Musicology and Music Theory Requirement

Doctoral Minor 9-12

9-12 credits in a field other than the major specialty. See the Doctoral Minors page or the Mead Witter School of Music Graduate Handbook for details.

Language Proficiency

One foreign language at intermediate level reading knowledge. French or German preferred. See Mead Witter School of Music Graduate Handbook for details on meeting the Foreign Language Proficiency.

Doctoral Performance and Research

After preliminary examinations continuous registration for exactly three research-related credits is required. This may include both degree recitals (MUS PERF 999) and Research (MUSIC 999).

This body of work, comprising degree recitals and the DMA Research Project, is the core of the DMA degree.

1. Recitals

MUS PERF 999 DMA Recital

4 recitals are required. At least half of all recital repertoire must be solo. The lecture-recital and 1 additional recital may be performed after preliminary examinations.

Enroll for each recital as a separate 1-credit course.⁴

2. DMA Research Project

MUSIC 999 PhD Diss/DMA Project
& MUSIC 752 and Piano Pedagogy Workshop

Although each DMA project will be unique, there are a number of criteria students should keep in mind while preparing their DMA projects: 1) The project should show a certain level of ambition and rigor, either in the size or scope of the creative work chosen (e.g., an opera, symphonic work, concerto, to name a few examples); 2) Although it may be based on pre-existing text, or other materials, the bulk of the project must be original creative work, done by the DMA candidate. 3) DMA candidates should discuss their project proposals fully with the major professor and with all members of their DPRC before starting their project. 4) Every DMA project will include a significant written portion presenting the goals, methodology, and results of the research. 5) Examples of successful DMA projects are available in Mills Music Library on the UW-Madison campus.

Additional Coursework

To meet the minimum credit requirement of 51 credits, students take electives 300 level and up in any department in consultation with their advisor.

Total Credits 51

1

These pathways are internal to the program and represent different pathways a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

With the MUSIC 799 Independent Work option, additional credits may be comprised of DANCE 560 Current Topics in Dance: Workshop (topic: Feldenkrais for Performing Artists) or MUSIC 497 Special Topics in Music (topic: Teaching Music in the Private Studio).

3

This course is usually taken as part of research, after preliminary examinations.

4

If collaborative repertoire is included in recitals, additional enrollment in MUS PERF 542 Advanced Accompanying or MUS PERF 742 Doctoral Level Private Instruction in Accompanying is recommended for that recital semester.

String Performance Pathway¹

Code	Title	Credits
Doctoral Level Instrument Applied Study		16
4 semesters, 4 credits each semester		
Enroll for the course corresponding to the major instrument: ²		
MUS PERF 731	Doctoral Level-Violin

These pathways are internal to the program and represent different pathways a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

For DMA students majoring in String Bass, consult the director of graduate studies on the course number.

Vocal Performance Pathway¹

Code	Title	Credits
Doctoral Level Voice Applied Study		16
4 semesters, 4 credits each semester		
MUS PERF 705	Doctoral Level-Voice	
Other Courses in the Major		
MUSIC 792	Seminar in Vocal Literature ^{2, 3}	3
MUSIC 749	Seminar in Vocal Techniques ³	2
MUSIC 467	Language Diction for Singing I	4
& MUSIC 468	and Language Diction for Singing II ³	
Reference and Research Materials		3
MUSIC/L I S 619	Music Research Methods and Materials	
Musicology and Music Theory Courses		9
At least one course must be taken in Musicology and one in Music Theory. 9 credits must be earned at UW-Madison.		

For a summary of the courses eligible for this requirement refer to the last table on this page: DMA: Courses Qualifying for Musicology and Music Theory Requirement

Doctoral Minor 9-12

9-12 credits in a field other than the major specialty. See the Doctoral Minors page or the Mead Witter School of Music Graduate Handbook for details.

Language Proficiency

Prior to achieving dissertator status every student in this curricular pathway must complete the equivalent of, or demonstrate proficiency equivalent to, one semester each of college-level study in Italian, French, and German plus the second semester of two of these three languages (a total of five units).

Consult the voice faculty and the director of graduate studies for information on ways in which the language proficiency requirement may be satisfied and certified by Mead Witter School of Music faculty or by other means.

Doctoral Performance and Research

After preliminary examinations continuous registration for exactly three research-related credits is required. This may include both degree recitals (MUS PERF 999) and Research (MUSIC 999).

This body of work, comprising degree recitals and the DMA Research Project, is the core of the DMA degree.

1. Performance

6 performance credits are required. 4 of the credits may be satisfied with the following:

MUS PERF 999 DMA Recital (minimum 2 performances, maximum 4)

MUSIC 556 University Opera (a major opera role)⁴

MUSIC 556 University Opera (secondary opera role)⁴

MUS PERF 999 DMA Recital (major oratorio role)⁴

Remaining required performances follow the preliminary examinations:

MUS PERF 999 DMA Recital (lecture-recital)

MUS PERF 999 DMA Recital (final solo recital, prepared independently)

2. DMA Research Project

MUSIC 999 PhD Diss/DMA Project

Although each DMA project will be unique, there are a number of criteria students should keep in mind while preparing their DMA projects: 1) The project should show a certain level of ambition and rigor, either in the size or scope of the creative work chosen (e.g., an opera, symphonic work, concerto, to name a few examples); 2) Although it may be based on pre-existing text, or other materials, the bulk of the project must be original creative work, done by the DMA candidate. 3) DMA candidates should discuss their project proposals fully with the major professor and with all members of their DPRC before starting their project. 4) Every DMA project will include a significant written portion presenting the goals, methodology, and results of the research. 5) Examples of successful DMA projects are available in Mills Music Library on the UW-Madison campus.

Additional Coursework

To meet the minimum credit requirement of 51 credits, students take electives 300 level and up in any department in consultation with their advisor.

Total Credits 51

1

These pathways are internal to the program and represent different pathways a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

MUSIC 346 Repertoire or equivalent is a prerequisite for this course. Consult the graduate office or the voice faculty for information on the schedule for planned offerings of this course.

3

Consult the graduate office or the voice faculty for information on the schedule for planned offerings of this course.

4

Approval by the director of opera and voice area is required. For a major opera role, enroll in 2 credits; for a secondary opera role, enroll in 1 credit.

Wind Conducting Pathway¹

Code	Title	Credits
Doctoral Level Conducting Applied Study		8
4 semesters, 2 credits each semester		
MUS PERF 732	Doctoral Level Conducting	
Conducting Laboratory		4
MUSIC 632	Graduate Instrumental Conducting Laboratory	
Choral Conducting		2

DMA Courses Qualifying for Musicology and Music Theory Requirements

Code	Title	Credits
------	-------	---------

This list of approved courses is valid for all DMA pathways EXCEPT Composition. Refer to the Requirements table, Composition track for details.

For all DMA programs 9 credits of Musicology and Music Theory courses are required. These courses must be taken at UW-Madison. Previous coursework at another institution cannot substitute for any part of this 9-credit requirement. Individual courses must be taken for the maximum number of credits (3 credits).

Musicology Courses

Eligible musicology courses include the following:

MUSIC/ FOLKLORE 402	Musical Cultures of the World	3
MUSIC 405	Seminar: Cultural Study of Music	3
MUSIC 411	Survey of Music in the Middle Ages	3
MUSIC 412	Survey of Music in the Renaissance	3
MUSIC 413	Survey of Music in the Baroque Era	3
MUSIC 414	Survey of Music in the Classic Era	3
MUSIC 415	Survey of Music in the Romantic Era	3
MUSIC 416	Survey of Music in the Twentieth Century	3
MUSIC 419	Music in the United States	3
MUSIC 511	Historical Performance Practices	3
MUSIC 513	Survey of Opera	3
MUSIC/ FOLKLORE 515	Proseminar in Ethnomusicology	3

MUSIC/ FOLKLORE 516	Ethnographic Methods for Music and Sound	3
MUSIC 821	Historical Music Theories 1	3
MUSIC 822	Historical Music Theories 2	3
MUSIC 911	Seminar in Musicology	3
MUSIC 923	Seminar in Notation	3

Other courses do not fulfill this requirement unless specifically approved by the musicology faculty.

Music Theory Courses

Eligible music theory courses include the following:

MUSIC 523	Orchestration I	3
MUSIC 621	Renaissance Polyphony	3
MUSIC 622	Baroque Counterpoint	3
MUSIC 623	Form and Analysis	3
MUSIC 624	Form and Analysis II	3
MUSIC 821	Historical Music Theories 1	3
MUSIC 822	Historical Music Theories 2	3
MUSIC 823	Schenkerian Analysis	3
MUSIC 824	Post-tonal Analysis	3
MUSIC 921	Current Issues in Musical Thought 1	3
MUSIC 926	Topics in Music Analysis 2	3
MUSIC 927	Seminar in Composition	3

Other courses do not fulfill this requirement unless specifically approved by the music theory faculty.

Third Course: Music Education Course Option

For DMA students who have taken 1 musicology and 1 music theory course, there is an option to include, as the third course, one of the following music education courses:

CURRIC 946	Past Perspectives on Music Education	3
CURRIC 947	Current Issues in Music Education	3

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Work from Other Institutions

No more than 6 credits may be approved for graduate coursework taken at other institutions.

UW-Madison Undergraduate

The program follows the Graduate School's policy for Satisfying Requirements with Coursework from Undergraduate Career at UW-Madison (<https://policy.wisc.edu/library/UW-1216/>), but Mead Witter School of Music faculty rarely approve these exceptions.

UW–Madison University Special

The program allows up to 6 credits of UW–Madison University Special Student credit to count. Details can be found at the Graduate School's policy for Transfer from UW–Madison University Special Student Career at UW–Madison. (<https://policy.wisc.edu/library/UW-1216/>)

PROBATION

DMA Students who fail to make satisfactory progress in any of the following four areas: Grades, Course Load, Time Constraints, or Exams will be notified in writing by the DGS. At the end of the second semester of failing to make satisfactory progress the student is placed on Probation effective the next semester. This action suspends financial aid (but does not affect loans or work-study). See details in the Satisfactory Progress for Doctoral Students (<https://kb.wisc.edu/mwsomkb/114465/>).

ADVISOR / COMMITTEE

All programs provide for faculty from several disciplines to follow the student's progress through the degree, provide mentorship along the way, and assess the student's success in reaching expected learning outcomes.

DMA students have a doctoral performance and research committee. This group of four faculty follows the student's work throughout the degree work, evaluating degree recitals as well as the doctoral research project. The committee also serves as the examination committee. The DPRC is comprised of the major professor and at least three others, two of whom must be graduate faculty and one of whom must be from a program that is not the major.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

Graduate students in DMA or Ph.D. programs are allowed a maximum of four calendar years from the date entering the program to complete all course work requirements and successfully pass the preliminary examinations. The candidate must complete the dissertation (Ph.D.) or doctoral performance and research (DMA) within five years after passing the preliminary examinations.

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

COLLEGE OF LETTERS AND SCIENCE RESOURCES

The College of Letters and Science's SuccessWorks (<https://successworks.wisc.edu/>) program can assist with professional development and with identifying opportunities.

LEARNING OUTCOMES

1. Produces public performances of cohesive programs of music in which original ideas are communicated clearly and energetically.
2. Creates compositions and/or performances that clearly reflect well-developed original musical ideas.
3. Applies deep knowledge of technique, style, and cultural contexts to performance or creation of music.
4. Effectively expresses ideas both verbally and in writing so as to foster understanding among colleagues.
5. Demonstrates breadth within learning experience in an area of study outside the principal field of performance or composition.
6. Fosters ethical and professional conduct both in individual creative work and in collaborative endeavors.

PEOPLE

Faculty: Professors Cook (director), Calderón, Chisholm, Di Sanza, Dobbs, Doing, Dominguez, Fischer, Fulmer, Hetzler, Hyer, Johnson, Karp, Perry, Rowe, Schwendinger, Taylor, Teeple, Thimmig, Vallon, Wallmann; Associate Professors Butler, Farah, Grabois, Ronis; Assistant Professors Chana, Laurenz, Lee, Nelson, Sans; Marching Band Director Pompey;

Teaching Faculty Curry, Gladstone, Gonzalez, Koester, Rottmayer, Wohn; Lecturers Patenaude, Wienholts.

The faculty of the Mead Witter School of Music is a distinguished group of educators, performing musicians, and active scholars. The backgrounds of performance faculty include rich experiences as professional musicians, researchers, recording artists, and entrepreneurs. Faculty in music education have particular insight into their field as a result of their backgrounds as school educators, performers, and scholars. In areas such as music theory and musicology, the musical community has high regard for the past and current contributions to the study of musical theory, historical perspectives on music, the role of music in societies around the world, and the unique contributions of American musicians. Teaching is a priority for the faculty, who are readily accessible to students for advice and support. Faculty, staff, and students cooperate in extraordinary ways with joint ventures that reach across disciplines both in research or instruction.

ACCREDITATION

ACCREDITATION

National Association of Schools of Music (<https://nasm.arts-accredit.org>)

Accreditation status: Accredited. Next accreditation review: 2022-2023

MUSIC: PERFORMANCE, M.M.

The mission of the Mead Witter School of Music is:

- to provide a rich, integrated program of undergraduate and graduate education that promotes the highest levels of professional, creative, and scholarly development while challenging students to achieve their greatest potential;
- to cultivate an environment that inspires creativity, stimulates intellectual curiosity, and fosters critical thinking; and
- to serve the university community, the public, and the profession through performance, composition, scholarship, music education, outreach, and engagement.

The Mead Witter School of Music enriches students' educational experience by hosting guest artists and scholars for master classes, recitals, colloquia, seminars, and festivals. Its performing organizations and ensembles perform more than 350 recitals and concerts every year, making a significant contribution to the cultural life of the university and the wider Madison community.

Mead Witter School of Music views its goals and objectives as complementary to those of the University of Wisconsin–Madison, which include "to provide an environment in which faculty and students can discover, examine critically, preserve and transmit the knowledge, wisdom and values that will help ensure the survival of the present and future generations with improvement in the quality of life."

The University of Wisconsin–Madison School of Music is accredited by the National Association of Schools of Music (NASM), and has been an institutional member of NASM since 1966.

DEGREES AND MAJORS

After completing their degree, some master's degree students may be interested in application to the DMA (doctor of musical arts) program.

Entrance to the DMA program is upon recommendation of the faculty of the relevant performance area and usually requires an audition. No new application to the Graduate School or to the Mead Witter School of Music is required.

The DMA and the Ph.D. are the highest degrees conferred by the Mead Witter School of Music. The DMA is granted for evidence of general proficiency and distinctive attainment in a specialized field of performance. The student's ability in independent investigation is demonstrated through a series of recitals and in a final project presenting original research or creative scholarship.

Each degree pathway varies slightly, and details are provided in the course lists available through the Requirements tab. Contact the Mead Witter School of Music graduate office, gradadmissions@music.wisc.edu, for complete explanations of the M.M.–Music: Performance degree.

The M.M.–Music: Performance degree offers tracks for many major specialties, instrumental and vocal. Faculty members in the appropriate area designate a major professor for each new student the first semester of enrollment. Whenever possible the faculty strive to match the student with the major professor if the applicant to the program has indicated a preference.

Students normally take four semesters (two calendar years) to complete the degree requirements, including the final recital. There are two committees of faculty that assess the student's achievement of learning outcomes: the recital committee and the examination committee. The student consults with the major professor to determine the membership of the recital committee. The examination committee administers the comprehensive examination in the final semester in which the student fulfills course requirements. More details are accessible through the Policies (p. 1334) tab or in the Mead Witter School of Music Graduate Handbook (<https://www.music.wisc.edu/wp-content/uploads/2020/02/SOM-Grad-Handbook-1.pdf>), which lists all academic policies and procedures in music graduate programs. All students need to be familiar with the Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>).

Mentoring of students is of prime importance to faculty members at Mead Witter School of Music. The faculty advisor and the director of graduate studies both guide the student's course planning. While each faculty member has a unique style, every student can be assured of abundant time working closely with more than one mentor in addition to the advisor during the course of a UW–Madison degree program. Take some time to access the Overview tab and review the Mead Witter School of Music mission statement, as well as the information available through the Learning Outcomes (p. 1335) tab. These offer a glimpse of the values shared among the faculty and staff.

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched

the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 1
Spring Deadline	The program does not admit in the spring.
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements (https://grad.wisc.edu/apply/requirements/#english-proficiency). Every international student from a non-English speaking country must submit a TOEFL score of 85 or higher. The Mead Witter School of Music does NOT waive the TOEFL requirement for students who have completed a degree at an American university.
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

Minimum admission requirements of the Graduate School apply to all applicants for graduate study in music. The Mead Witter School of Music has additional requirements. Applicants should have a bachelor's degree in music or equivalent foundational course work as required by each area of study. An undergraduate GPA of 3.0 (on a 4.0 scale, calculated on the last 60 credit hours) is necessary for full admission. The M.M. program involves substantial academic work and requires excellent reading, writing, and speaking skills. Therefore, all international students are required to submit a TOEFL score. See the Mead Witter School of Music graduate admissions website (<http://www.music.wisc.edu/admissions/graduate/>) for information on minimum score requirements. The Mead Witter School of Music does **not** waive the TOEFL score requirement for students who have completed a degree at an American university. Typically, performance applicants are required to audition in person. For details on specific audition requirements and additional application materials, visit the School of Music graduate admissions website (<http://www.music.wisc.edu/admissions/graduate/>).

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Through the generosity of Paul J. Collins, the Mead Witter School of Music is the recipient of a substantial fellowship fund which, in combination with the Graduate School and UW Foundation, allows the school to offer multiple-year funding to the highest quality graduate students in

performance. The Collins fellowships, along with The Lorna Wendt and Anonymous Fund Fellowships for Choral and Voice students, are offered as Wisconsin Distinguished Fellowships and provide full tuition and fees, a generous stipend, additional funds, and comprehensive health care. Nomination by a performance faculty member—usually following an on-site audition—is required for consideration.

The Mead Witter School of Music also offers teaching and project assistantships in music history, music theory, piano, conducting, voice, and other performance areas. These positions offer tuition remission plus a salary and health care benefits. In addition, the Mead Witter School of Music selects qualified applicants for the Chancellor's Fellowship, Graduate School Fellowship, and Advanced Opportunity Fellowship. The UW-Madison Office of Student Financial Aid assists students in obtaining general grants and loans. All Mead Witter School of Music students who receive funding are required to enroll full-time with 8–12 graduate credits.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW-Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail	
Minimum Credit Requirement	34 credits
Minimum Residence Credit Requirement	16 credits

Minimum Graduate Coursework Requirement	17 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy (https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/)).
Overall Graduate GPA Requirement	3.25 GPA required.
Other Grade Requirements	Grades below B cannot count toward program credit.
Assessments and Examinations	Mead Witter School of Music financial awards are suspended if a student is on probation for more than one semester. A student's satisfactory progress is also in jeopardy should a major recital be judged incomplete or deficient. Failure of one or more parts of the comprehensive examinations is also considered a lapse in satisfactory progress.
Language Requirements	In addition to evaluations in individual classes, School of Music programs examine graduate students at defined points in their career. For master's students, comprehensive examinations measure the candidate's range of musical knowledge in both fields of music history and the major. The Vocal Performance and Opera curricular paths have language requirements detailed below.

REQUIRED COURSES

The following chart outlines the course requirements for all of the available M.M.-music performance degrees. Note that each one has particular requirements, and that the total credits vary among majors. Important academic policy information is available through the Policies tab, in the Mead Witter School of Music Graduate Handbook (<http://www.music.wisc.edu/wp-content/uploads/2014/05/SOM-Graduate-Handbook-Booklet-jrdrev-2.pdf>), and in the Graduate School's Academic Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>). You may direct any questions about the coursework or required proficiencies to the Mead Witter School of Music graduate admissions office, gradadmissions@music.wisc.edu.

Brass Path ¹

Code	Title	Credits
Master's Level Brass Instrument Applied Study		8
Select the course corresponding to the major instrument (2 semesters minimum, 4 credits each semester)		
MUS PERF 517	Masters Level-Horn	
MUS PERF 519	Masters Level-Trumpet	
MUS PERF 521	Masters Level-Trombone	
MUS PERF 523	Masters Level-Euphonium	
MUS PERF 525	Masters Level-Tuba	
Master's Recital		4
Enroll in this course in place of Applied Study in the recital semester:		
MUS PERF 990	Masters Recital	
Ensemble		4
Enroll in an ensemble every semester. ²		
MUSIC 567	Advanced Ensemble-Brass ³	
MUSIC 573	Contemporary Chamber Ensemble	

MUSIC 565	Advanced Ensemble-Woodwind (horn majors only)	
Large Performance Ensemble		2
2 semesters, 1 credit each		
Eligible courses include the following:		
MUSIC 570	University Symphony Orchestra	
MUSIC 571	Chamber Orchestra	
MUSIC 574	Wind Ensemble	
MUSIC 576	Concert Band	
Instrumental Literature		2
MUSIC 798	Seminar-Instrumental Literature ⁴	
Musicology and Music Theory		9
9 credits must be earned at UW-Madison.		
Eligible musicology courses include: ⁵		
MUSIC/ FOLKLORE 402	Musical Cultures of the World	
MUSIC 405	Seminar: Cultural Study of Music	
MUSIC 411	Survey of Music in the Middle Ages	
MUSIC 412	Survey of Music in the Renaissance

MUSIC 824	Post-tonal Analysis	
MUSIC 921	Current Issues in Musical Thought 1	
MUSIC 925	Topics in Music Analysis 1	
MUSIC 926	Topics in Music Analysis 2	
MUSIC 927	Seminar in Composition	
Elective Courses		5

With advisor approval, choose courses in any department at the 300 level or above.

Total Credits **34**
1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

Other courses do not fulfill this requirement unless first approved by the Brass area faculty. Each ensemble may be taken for two semesters.

3

Sections of this course that are eligible include: Brass Quintet, Horn Choir, Tuba Quartet/Ensemble, Trumpet Ensemble, Trombone Choir/Quartet. Each ensemble may be taken for two semesters. Note that the courses MUSIC 573 Contemporary Chamber Ensemble and MUSIC 565 Advanced Ensemble-Woodwind may also fulfill this requirement. Other courses do not fulfill this requirement unless first approved by the Brass area faculty.

4

MUSIC 799 Independent Work (two credits) or two semesters of MUSIC 567 Advanced Ensemble-Brass (1 credit) may also be eligible, with approval of major professor.

5

Other courses do not fulfill this requirement unless specifically approved by the musicology faculty.

6

Other courses do not fulfill this requirement unless specifically approved by the music theory faculty.

Choral Conducting Path ¹

Code	Title	Credits
Conducting Applied Study		8
2 semesters minimum, 4 credits each semester		
MUSIC 553	Advanced Conducting Seminar	
Other Required Major Courses		8
MUSIC 541	Seminar in Choral Literature (2 semesters required)	
Choral Ensemble		4
MUSIC 578	Concert Choir (taken 4 times for 1 credit)	
Recital		2
MUS PERF 990	Masters Recital	
Music Reference and Research Materials		3
MUSIC/L I S 619	Music Research Methods and Materials	
Musicology and Music Theory		9
At least one course must be taken in Musicology and one in Music Theory. 9 credits must be earned at UW-Madison		
Eligible musicology courses include: ²		
MUSIC/ FOLKLORE 402	Musical Cultures of the World	
MUSIC 405	Seminar: Cultural Study of Music	
MUSIC 411	Survey of Music in the Middle Ages	
MUSIC 412	Survey of Music in the Renaissance	

MUSIC 413	Survey of Music in the Baroque Era
MUSIC 414	Survey of Music in the Classic Era
MUSIC 415	Survey of Music in the Romantic Era
MUSIC 416	Survey of Music in the Twentieth Century
MUSIC 419	Music in the United States
MUSIC 511	Historical Performance Practices
MUSIC 513	Survey of Opera
MUSIC/ FOLKLORE 516	Ethnographic Methods for Music and Sound
MUSIC/ FOLKLORE 515	Proseminar in Ethnomusicology

Other courses do not fulfill this requirement unless specifically approved by the musicology faculty.

3

Other courses do not fulfill this requirement unless specifically approved by the music theory faculty.

Collaborative Piano Path ¹

Code	Title	Credits
Applied Study		8
4 semesters minimum, 2 credits each semester:		
MUS PERF 542	Advanced Accompanying	
Recitals		2
Two recitals: 1 vocal, 1 instrumental; 1 credit each		

MUS PERF 990	Masters Recital
MUS PERF 990	Masters Recital

Vocal and Instrumental Accompanying 8-11

All students take the following two courses:

MUS PERF 342	Piano Accompanying Lab (2 semesters required) ²
--------------	--

MUSIC 796	Seminar in Duo Sonata Literature
-----------	----------------------------------

For emphasis in Vocal Accompanying the following three courses are required:

MUSIC 467	Language Diction for Singing I
-----------	--------------------------------

MUSIC 468	Language Diction for Singing II
-----------	---------------------------------

MUSIC 557	Opera Workshop
-----------	----------------

For emphasis in Instrumental Accompanying the following two courses are required:

MUSIC 466	Diction for Singers
-----------	---------------------

plus 1 semester from the following courses:

MUSIC 565	Advanced Ensemble-Woodwind
-----------	----------------------------

MUSIC 567	Advanced Ensemble-Brass
-----------	-------------------------

MUSIC 568	Advanced Ensemble-Percussion
-----------	------------------------------

MUSIC 569	Advanced Ensemble-String
-----------	--------------------------

Vocal Literature 2

MUSIC 346	Repertoire (Vocal Repertoire, 2 credits) ³
-----------	---

or MUSIC 792 Seminar in Vocal Literature

Musicology and Music Theory Courses 9

At least one course must be taken in Musicology and one in Music Theory. 9 credits must be earned at UW-Madison.

Eligible musicology courses include the following:⁴

MUSIC/ FOLKLORE 402	Musical Cultures of the World
------------------------	-------------------------------

MUSIC 405	Seminar: Cultural Study of Music

At least one course must be taken in Musicology and one in Music Theory. 9 credits must be earned at UW-Madison.		
Eligible musicology courses include the following: ⁴		
MUSIC/ FOLKLORE 402	Musical Cultures of the World	
MUSIC 405	Seminar: Cultural Study of Music	
MUSIC 411	Survey of Music in the Middle Ages	
MUSIC 412	Survey of Music in the Renaissance	
MUSIC 413	Survey of Music in the Baroque Era	
MUSIC 414	Survey of Music in the Classic Era	
MUSIC 415	Survey of Music in the Romantic Era	
MUSIC 416	Survey of Music in the Twentieth Century	
MUSIC 419	Music in the United States	
MUSIC 511	Historical Performance Practices	
MUSIC 513	Survey of Opera	
MUSIC/ FOLKLORE 515	Proseminar in Ethnomusicology	
MUSIC/ FOLKLORE 516	Ethnographic Methods for Music and Sound	

MUSIC 821 Historical Music Theories 1

MUSIC 822 Historical Music Theories 2

MUSIC 911 Seminar in Musicology

MUSIC/
FOLKLORE 915 Seminar in Ethnomusicology

MUSIC 923 Seminar in Notation

Eligible music theory courses include the following:⁵

MUSIC 523 Orchestration I

MUSIC 621 Renaissance Polyphony

MUSIC 622 Baroque Counterpoint

MUSIC 623 Form and Analysis

MUSIC 624 Form and Analysis II

MUSIC 821 Historical Music Theories 1

MUSIC 823 Schenkerian Analysis

MUSIC 824 Post-tonal Analysis

MUSIC 921 Current Issues in Musical Thought 1

MUSIC 925 Topics in Music Analysis 1

MUSIC 926 Topics in Music Analysis 2

MUSIC 927 Seminar in Composition

Elective courses 5

With advisor approval, choose courses in any department at the 300 level or above.

Language Proficiency

Prior to graduation the voice and opera faculty must certify that a candidate has a level of proficiency in French, Italian, and German that is equivalent to successfully completing one year (two semesters) of college-level coursework. The major professor in voice and the director of opera will determine proficiency through review of prior coursework and/or proficiency examination.

Consult the voice faculty and the director of graduate studies for information on ways in which the language proficiency requirement may be satisfied.

Total Credits 34**1**

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

All or part of this requirement may be waived on discretion of the voice faculty; student must have had equivalent training in prior study. The voice faculty administers a qualifying examination to determine proficiency in diction.

3

This course sequence is offered only once every two years. Consult the graduate office or voice area faculty to plan accordingly.

4

Other courses do not fulfill this requirement unless specifically approved by the musicology faculty.

5

Other courses do not fulfill this requirement unless specifically approved by the music theory faculty.

Orchestral Conducting Path¹

Code	Title	Credits
Conducting Applied Study		8
2 semesters minimum, 4 credits each		
MUS PERF 532	Advanced Conducting	
Conducting Laboratory		4
MUSIC 632	Graduate Instrumental Conducting Laboratory	
Recital		4
MUS PERF 990	Masters Recital ²	
Musicology and Music Theory Courses		9
MUSIC 523	Orchestration I (required)	
Among the remaining 6 credits, at least one course must be in Musicology. A total of 9 credits (including MUSIC 523, required) must be earned at UW-Madison. Eligible musicology courses include: ³		
MUSIC/ FOLKLORE 402	Musical Cultures of the World	
MUSIC 405	Seminar: Cultural Study of Music	
MUSIC 411	Survey of Music in the Middle Ages	
MUSIC 412	Survey of Music in the Renaissance	
MUSIC 413	Survey of Music in the Baroque Era	
MUSIC 414	Survey of Music in the Classic Era	
MUSIC 415	Survey of Music in the Romantic Era	
MUSIC 416	Survey of Music in the Twentieth Century	
MUSIC 419	Music in the United States	
MUSIC 511	Historical Performance Practices	
MUSIC 513	Survey of Opera	
MUSIC/ FOLKLORE 515	Proseminar in Ethnomusicology	
MUSIC/ FOLKLORE 516	Ethnographic Methods for Music and Sound	
MUSIC 821	Historical Music Theories 1	
MUSIC 822	Historical Music Theories 2	
MUSIC 911	Seminar in Musicology	
MUSIC/ FOLKLORE 915	Seminar in Ethnomusicology	
MUSIC 923	Seminar in Notation	
Eligible music theory courses include the following: ⁴		
MUSIC 621	Renaissance Polyphony	
MUSIC 622	Baroque Counterpoint	
MUSIC 623	Form and Analysis	
MUSIC 624	Form and Analysis II	
MUSIC 821	Historical Music Theories 1	
MUSIC 822	Historical Music Theories 2	
MUSIC 823	Schenkerian Analysis	
MUSIC 824	Post-tonal Analysis	
MUSIC 921	Current Issues in Musical Thought 1	
MUSIC 925	Topics in Music Analysis 1	
MUSIC 926	Topics in Music Analysis 2	
MUSIC 927	Seminar in Composition	
Elective courses		9

With advisor approval, choose courses in any department at the 300 level or above.

Total Credits **34**

1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

At the discretion of the conducting faculty, the number of credits per semester for Master's Recital may vary, but the total recital credits in the program must be 4 credits. The alternate course 660-799 may be used for this requirement as necessary,

3

Other courses do not fulfill this requirement unless specifically approved by the musicology faculty.

4

Other courses do not fulfill this requirement unless specifically approved by the music theory faculty.

Percussion Path¹

Code	Title	Credits
Master's Level Percussion Applied Study		8
2 semesters, 4 credits each semester		
MUS PERF 527	Masters Level-Percussion	
Recital		4
Enroll for this course in place of Master's Level Applied Study in the recital semester.		
MUS PERF 990	Masters Recital	
Literature		2
MUSIC 346	Repertoire (taken once for 2 credits) or MUSIC 550 Percussion Literature	
Ensemble		2
Ensemble: 2 semesters required.		
MUSIC 568	Advanced Ensemble-Percussion ²	
Large Performance Ensemble		2
2 semesters required. Select from:		
MUSIC 570	University Symphony Orchestra	
MUSIC 571	Chamber Orchestra	
MUSIC 574	Wind Ensemble	
MUSIC 576	Concert Band	
Musicology and Music Theory		9
At least one course must be taken in Musicology and one in Music Theory. 9 credits must be earned at UW-Madison.		
Eligible musicology courses include the following: ³		
MUSIC/ FOLKLORE 402	Musical Cultures of the World	
MUSIC 405	Seminar: Cultural Study of Music	
MUSIC 411	Survey of Music in the Middle Ages	
MUSIC 412	Survey of Music in the Renaissance	
MUSIC 413	Survey of Music in the Baroque Era	
MUSIC 414	Survey of Music in the Classic Era	
MUSIC 415	Survey of Music in the Romantic Era	

MUSIC 416	Survey of Music in the Twentieth Century
MUSIC 419	Music in the United States
MUSIC 511	Historical Performance Practices
MUSIC 513	Survey of Opera
MUSIC/ FOLKLORE 515	Proseminar in Ethnomusicology
MUSIC/ FOLKLORE 516	Ethnographic Methods for Music and Sound
MUSIC 821	Historical Music Theories 1
MUSIC 822	Historical Music Theories 2
MUSIC 911	Seminar in Musicology
MUSIC 923	Seminar in Notation
Eligible music theory courses include the following: ⁴	
MUSIC 523	Orchestration I
MUSIC 621	Renaissance Polyphony
MUSIC 622	Baroque Counterpoint
MUSIC 623	Form and Analysis
MUSIC 624	Form and Analysis II
MUSIC 821	Historical Music Theories 1
MUSIC 822	Historical Music Theories 2
MUSIC 823	Schenkerian Analysis
MUSIC 824	Post-tonal Analysis
MUSIC 925	Topics in Music Analysis 1
MUSIC 926	Topics in Music Analysis 2
MUSIC/ FOLKLORE 915	Seminar in Ethnomusicology
MUSIC 927	Seminar in Composition
Elective courses	7
With advisor approval, choose courses in any department at the 300 level or above.	

Total Credits **34**

1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

With permission of the percussion faculty, other ensembles may substitute for MUSIC 568 Advanced Ensemble-Percussion.

3

Other courses do not fulfill this requirement unless specifically approved by the musicology faculty.

4

Other courses do not fulfill this requirement unless specifically approved by the music theory faculty.

Piano Performance Path¹

Code	Title	Credits
Master's Level Piano Applied Study		8
2 semesters minimum, 4 credits each semester		
MUS PERF 501	Masters Level-Piano	
Recitals		8

Enroll for these courses in place of Master's Level Piano in the recital semesters—there are two recitals.

For the Solo Recital:

MUS PERF 990	Masters Recital (solo recital, 4 credits)
--------------	---

For the Chamber Music Recital:

MUSIC 990	Masters Thesis (2 credits, enrolled with major professor)
MUS PERF 542	Advanced Accompanying (2 credits)

Piano Pedagogy **3**

Select from the following courses:

MUSIC 548	Piano Pedagogy II ²
MUSIC 551	Class Piano Pedagogy
MUSIC 751	Seminar in Piano Pedagogy (topics course; may be repeated for credit)

Piano Literature **3**

Select from the following courses:

MUSIC 791	Seminar in Piano Literature
MUSIC 346	Repertoire
MUSIC 796	Seminar in Duo Sonata Literature

Musicology and Music Theory Courses **9**

At least one course must be taken in Musicology and one in Music Theory. 9 credits must be earned at UW-Madison.

Eligible musicology courses include the following:³

MUSIC/ FOLKLORE 402	Musical Cultures of the World
MUSIC 405	Seminar: Cultural Study of Music
MUSIC 411	Survey of Music in the Middle Ages
MUSIC 412	Survey of Music in the Renaissance
MUSIC 413	Survey of Music in the Baroque Era
MUSIC 414	Survey of Music in the Classic Era
MUSIC 415	Survey of Music in the Romantic Era
MUSIC 416	Survey of Music in the Twentieth Century

MUSIC 419	Music in the United States
-----------	----------------------------

MUSIC 511	Historical Performance Practices
-----------	----------------------------------

MUSIC 513	Survey of Opera
-----------	-----------------

MUSIC/ FOLKLORE 515	Proseminar in Ethnomusicology
------------------------	-------------------------------

MUSIC/ FOLKLORE 516	Ethnographic Methods for Music and Sound
------------------------	--

MUSIC 821	Historical Music Theories 1
-----------	-----------------------------

MUSIC 822	Historical Music Theories 2
-----------	-----------------------------

MUSIC 911	Seminar in Musicology
-----------	-----------------------

MUSIC/ FOLKLORE 915	Seminar in Ethnomusicology
------------------------	----------------------------

MUSIC 923	Seminar in Notation
-----------	---------------------

Eligible music theory courses include the following:⁴

MUSIC 523	Orchestration I
-----------	-----------------

MUSIC 621	Renaissance Polyphony
-----------	-----------------------

MUSIC 622	Baroque Counterpoint
-----------	----------------------

MUSIC 623	Form and Analysis
-----------	-------------------

MUSIC 624	Form and Analysis II
-----------	----------------------

MUSIC 821	Historical Music Theories 1
MUSIC 822	Historical Music Theories 2
MUSIC 823	Schenkerian Analysis
MUSIC 824	Post-tonal Analysis
MUSIC 921	Current Issues in Musical Thought 1
MUSIC 925	Topics in Music Analysis 1
MUSIC 926	Topics in Music Analysis 2
MUSIC 927	Seminar in Composition
Elective credits	3
With advisor approval, choose courses in any department at the 300 level or above.	

Total Credits **34**

1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

Eligibility for enrolling in this class is contingent upon the student's having taken MUSIC 340 Pedagogy or equivalent. For this requirement MUSIC 340 does not count toward fulfilling the total 9 credit minimum.

3

Other courses do not fulfill this requirement unless specifically approved by the musicology faculty.

4

Other courses do not fulfill this requirement unless specifically approved by the music theory faculty.

Piano Performance and Pedagogy Path¹

Code	Title	Credits
Master's Level Piano Applied Study 4		
MUS PERF 501	Masters Level-Piano (2 semesters minimum, 4 credits each semester)	
An additional 4 credits selected from the following:		4
MUS PERF 501	Masters Level-Piano (4 credits minimum)	
MUS PERF 542	Advanced Accompanying	
Recital 4		
Enroll in this course in the recital semester instead of MUS PERF 501 or MUS PERF 542.		
MUS PERF 990	Masters Recital	
Pedagogy 8		
Select from the following, with advisor approval:		
MUSIC 548	Piano Pedagogy II ²	
MUSIC 551	Class Piano Pedagogy	
MUSIC 751	Seminar in Piano Pedagogy	
MUSIC 752	Piano Pedagogy Workshop	
MUSIC 497	Special Topics in Music (topic: Teaching Music in the Private Studio, 2 credits) ³	
DANCE 560	Current Topics in Dance: Workshop (Feldenkrais for Performing Artists, 1 credit) ⁴	
Final Project 1		

MUSIC 799	Independent Work
Practicum	1
MUSIC 560	Practicum in Advanced Studio Teaching-Piano
Piano Literature	3
Select from the following:	
MUSIC 346	Repertoire
MUSIC 791	Seminar in Piano Literature
MUSIC 796	Seminar in Duo Sonata Literature

Musicology and Music Theory **9**

At least one course must be taken in Musicology and one in Music Theory. 9 credits must be earned at UW-Madison.

Eligible musicology courses include the following:³

MUSIC/ FOLKLORE 402	Musical Cultures of the World
MUSIC 405	Seminar: Cultural Study of Music
MUSIC 411	Survey of Music in the Middle Ages
MUSIC 412	Survey of Music in the Renaissance
MUSIC 413	Survey of Music in the Baroque Era
MUSIC 414	Survey of Music in the Classic Era
MUSIC 415	Survey of Music in the Romantic Era
MUSIC 416	Survey of Music in the Twentieth Century
MUSIC 419	Music in the United States
MUSIC 511	Historical Performance Practices
MUSIC 513	Survey of Opera
MUSIC/ FOLKLORE 515	Proseminar in Ethnomusicology
MUSIC/ FOLKLORE 516	Ethnographic Methods for Music and Sound
MUSIC 821	Historical Music Theories 1
MUSIC 822	Historical Music Theories 2
MUSIC 911	Seminar in Musicology
MUSIC/ FOLKLORE 915	Seminar in Ethnomusicology
MUSIC 923	Seminar in Notation
Eligible music theory courses include the following: ⁴	
MUSIC 523	Orchestration I
MUSIC 621	Renaissance Polyphony
MUSIC 622	Baroque Counterpoint
MUSIC 623	Form and Analysis
MUSIC 624	Form and Analysis II
MUSIC 821	Historical Music Theories 1
MUSIC 822	Historical Music Theories 2
MUSIC 823	Schenkerian Analysis
MUSIC 824	Post-tonal Analysis
MUSIC 921	Current Issues in Musical Thought 1
MUSIC 925	Topics in Music Analysis 1
MUSIC 926	Topics in Music Analysis 2
MUSIC 927	Seminar in Composition

Total Credits **34**

1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

Eligibility for enrolling in this class is contingent upon the student's having taken MUSIC 340 Pedagogy or equivalent. For this requirement MUSIC 340 does not count toward fulfilling the total 9 credit minimum.

3

Other courses do not fulfill this requirement unless specifically approved by the musicology faculty.

4

Other courses do not fulfill this requirement unless specifically approved by the music theory faculty.

String Performance Path ¹

Code	Title	Credits
String Instrument Applied Study		8

Enroll the course corresponding to the major instrument. 2 semesters minimum, 4 credits each semester:

MUS PERF 531	Masters Level-Violin
MUS PERF 533	Masters Level-Viola
MUS PERF 535	Masters Level-Cello

Recital	4
----------------	----------

Enroll for this course in place of Master's Level Applied Study in the recital semester.

MUS PERF 990	Masters Recital
--------------	-----------------

Orchestra	2
------------------	----------

2 semesters required from either of the following:

MUSIC 570	University Symphony Orchestra
MUSIC 571	Chamber Orchestra

Ensemble	2
-----------------	----------

2 semesters required in any of the following:

MUSIC 569	Advanced Ensemble-String
MUSIC 570	University Symphony Orchestra
MUSIC 571	Chamber Orchestra

Pedagogy	2
-----------------	----------

Select from the following courses:

MUSIC 543	Advanced String Pedagogy
MUSIC 544	Advanced String Pedagogy
MUSIC 545	Practicum in Advanced String Pedagogy
MUSIC 540	Advanced Pedagogy (instrumental)
DANCE 560	Current Topics in Dance: Workshop (Feldenkrais for Performing Musicians)

Literature	2
-------------------	----------

MUSIC 546	String Literature
or MUSIC 796	Seminar in Duo Sonata Literature

Musicology and Music Theory Courses	9
--	----------

At least one course must be taken in Musicology and one in Music Theory. 9 credits must be earned at UW-Madison.

Eligible musicology courses include the following: ²

MUSIC/ FOLKLORE 402	Musical Cultures of the World
MUSIC 405	Seminar: Cultural Study of Music
MUSIC 411	Survey of Music in the Middle Ages
MUSIC 412	Survey of Music in the Renaissance
MUSIC 413	Survey of Music in the Baroque Era
MUSIC 414	Survey of Music in the Classic Era
MUSIC 415	Survey of Music in the Romantic Era
MUSIC 416	Survey of Music in the Twentieth Century

MUSIC 419	Music in the United States
MUSIC 511	Historical Performance Practices
MUSIC 513	Survey of Opera

MUSIC/ FOLKLORE 515	Proseminar in Ethnomusicology
------------------------	-------------------------------

MUSIC 821	Historical Music Theories 1	
MUSIC 822	Historical Music Theories 2	
MUSIC 911	Seminar in Musicology	
MUSIC 923	Seminar in Notation	
Eligible music theory courses include the following: ⁷		
MUSIC 523	Orchestration I	

MUSIC 621	Renaissance Polyphony
MUSIC 622	Baroque Counterpoint
MUSIC 623	Form and Analysis
MUSIC 624	Form and Analysis II
MUSIC 821	Historical Music Theories 1
MUSIC 822	Historical Music Theories 2
MUSIC 823	Schenkerian Analysis
MUSIC 824	Post-tonal Analysis
MUSIC 921	Current Issues in Musical Thought 1
MUSIC 925	Topics in Music Analysis 1
MUSIC 926	Topics in Music Analysis 2
MUSIC 927	Seminar in Composition

Language Proficiency

Prior to graduation the voice and opera faculty must certify that a candidate has a level of proficiency in French, Italian, and German that is equivalent to successfully completing one semester of college-level coursework in all three languages plus a second of one of these languages (a total of four semesters of college-level study). The major professor in voice and the director of opera will determine proficiency through review of prior coursework and/or proficiency examination.

Consult the voice faculty and the director of graduate studies for information on ways in which the language proficiency requirement may be satisfied.

Electives **2**

With advisor approval, choose courses in any department at the 300 level or above.

Total Credits **34****1**

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

All or part of this requirement may be waived, should the student's diction proficiency is satisfactory in certain languages. The voice faculty will review past diction study or administer a qualifying examination to determine proficiency.

3

Consult the graduate office or the voice faculty for information on the schedule for planned offerings of this course.

4

MUSIC 346 Repertoire (Topic: Vocal Repertoire) or equivalent is a prerequisite for this course.

5

Other ensembles may be eligible for this requirement, with voice faculty approval.

6

Other courses do not fulfill this requirement unless specifically approved by the musicology faculty.

7

Other courses do not fulfill this requirement unless specifically approved by the music theory faculty.

Wind Conducting Path¹

Code	Title	Credits
Conducting Applied Study		8
2 semesters, 4 credits each		
MUS PERF 532	Advanced Conducting	
Recital		4
Enroll for this course in place of Master's Level Applied Study in the recital semester.		
MUS PERF 990	Masters Recital ²	
Conducting Laboratory		4
4 semesters required		
MUSIC 632	Graduate Instrumental Conducting Laboratory	
Large Performance Ensemble		2
Select from the following. 2 semesters minimum required.		
MUSIC 574	Wind Ensemble	
MUSIC 576	Concert Band	
Musicology and Music Theory		9
MUSIC 523	Orchestration I (required)	
Among the remaining 6 credits, at least one course must be in Musicology. A total of 9 credits (including MUSIC 523, required) must be earned at UW-Madison		
Eligible musicology courses include: ³		
MUSIC/ FOLKLORE 402	Musical Cultures of the World	
MUSIC 405	Seminar: Cultural Study of Music

MUSIC 927	Seminar in Composition

Elective courses **7**

With advisor approval, choose courses in any department at the 300 level or above.

Total Credits **34**

1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

At the discretion of the conducting faculty, the recital credit may be fulfilled with either 4 recitals at 1 credit each or 1 recital, 4 credits.

3

Other courses do not fulfill this requirement unless specifically approved by the musicology faculty

4

Other courses do not fulfill this requirement unless specifically approved by the music theory faculty.

Woodwind Performance Path¹

Code	Title	Credits
Master's Level Woodwind Instrument Applied Study		8
Select the course corresponding to the major instrument. 2 semesters minimum, 4 credits each semester.		
MUS PERF 507	Masters Level-Flute	
MUS PERF 509	Masters Level-Oboe	
MUS PERF 511	Masters Level-Clarinet	
MUS PERF 513	Masters Level-Saxophone	
MUS PERF 515	Masters Level-Bassoon	
Recital		4
Enroll for this course in place of Master's Level Applied Study in the recital semester.		
MUS PERF 990	Masters Recital	
Ensemble		2
MUSIC 565	Advanced Ensemble-Woodwind (two semesters required)	
Large Performance Ensemble		2
Select from the following. Two semesters required.		
MUSIC 570	University Symphony Orchestra	
MUSIC 571	Chamber Orchestra	
MUSIC 574	Wind Ensemble	
MUSIC 576	Concert Band	

Musicology and Music Theory Courses**9 3**

At least one course must be taken in Musicology and one in Music Theory. 9 credits must be earned at UW-Madison.

Eligible musicology courses include the following:¹

MUSIC/ FOLKLORE 402	Musical Cultures of the World
MUSIC 405	Seminar: Cultural Study of Music
MUSIC 411	Survey of Music in the Middle Ages
MUSIC 412	Survey of Music in the Renaissance
MUSIC 413	Survey of Music in the Baroque Era
MUSIC 414	Survey of Music in the Classic Era
MUSIC 415	Survey of Music in the Romantic Era
MUSIC 416	Survey of Music in the Twentieth Century
MUSIC 419	Music in the United States
MUSIC 511	Historical Performance Practices
MUSIC 513	Survey of Opera
MUSIC/ FOLKLORE 515	Proseminar in Ethnomusicology
MUSIC/ FOLKLORE 516	Ethnographic Methods for Music and Sound
MUSIC 821	Historical Music Theories 1
MUSIC 822	Historical Music Theories 2
MUSIC 911	Seminar in Musicology
MUSIC/ FOLKLORE 915	Seminar in Ethnomusicology
MUSIC 923	Seminar in Notation
Eligible music theory courses include the following: ³	
MUSIC 523	Orchestration I
MUSIC 621	Renaissance Polyphony
MUSIC 622	Baroque Counterpoint
MUSIC 623	Form and Analysis
MUSIC 624	Form and Analysis II
MUSIC 823	Schenkerian Analysis
MUSIC 824	Post-tonal Analysis
MUSIC 921	Current Issues in Musical Thought 1
MUSIC 925	Topics in Music Analysis 1
MUSIC 926	Topics in Music Analysis 2
MUSIC 927	Seminar in Composition

Elective courses**9**

With advisor approval, choose courses in any department at the 300 level or above.

Total Credits**34****1**

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

Other courses do not fulfill this requirement unless specifically approved by the musicology faculty.

Other courses do not fulfill this requirement unless specifically approved by the music theory faculty.

POLICIES**GRADUATE SCHOOL POLICIES**

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES**PRIOR COURSEWORK****Graduate Work from Other Institutions**

No more than 6 credits may be approved for graduate coursework taken at other institutions.

UW-Madison Undergraduate

This program follows the Graduate School's policy for Satisfying Requirements with Coursework from Undergraduate Career at UW-Madison (<https://policy.wisc.edu/library/UW-1216/>), but Mead Witter School of Music faculty rarely approve these exceptions.

UW-Madison University Special

The program allows up to 6 credits of UW-Madison University Special Student credit to count. Details can be found at the Graduate School's policy for Transfer from UW-Madison University Special Student Career at UW-Madison (<https://policy.wisc.edu/library/UW-1216/>).

PROBATION

M.M. students who fail to make satisfactory progress in any of the four following areas: grades, course load, time constraints, or exams, will be notified in writing by the DGS. At the end of the second semester of failing to make satisfactory progress the student is placed on probation effective the next semester. This action suspends financial aid (but does not affect loans or work-study). See details in the Satisfactory Progress for Master's Students (<https://kb.wisc.edu/mwsomkb/114465/>).

ADVISOR / COMMITTEE

All programs provide for faculty from several disciplines to follow the student's progress through the degree, provide mentorship along the way, and assess the student's success in reaching expected learning outcomes. The principal advisor for most graduate students in the Mead Witter School of Music is generally referred to as the major professor. In all programs the major professor is determined with the student's particular interests in mind. In music performance programs, the faculty attempts, whenever possible, to assign the major professor based upon a student's request.

The director of graduate studies is also an advisor for all graduate students in Mead Witter School of Music programs. Students are expected to consult with the director of graduate studies at least once per semester to determine appropriate course plans. Consultation is mandatory in the semester before intended graduation.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

M.M. and M.A. students not receiving University funding are expected to complete requirements and pass comprehensive examinations within seven years from the time of enrollment in the program. While graduate students may enroll on a part-time basis, this time constraint still applies.

All M.M. and M.A. students holding teaching assistant, project assistant, or fellowship appointments must complete requirements for the degree within four semesters (not counting summer sessions or thesis credits). If the appointment is more than 33.4% the expectation is to complete requirements in the sixth semester.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeeabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

COLLEGE OF LETTERS AND SCIENCE RESOURCES

The College of Letters and Science's SuccessWorks (<https://successworks.wisc.edu/>) program can assist with professional development and with identifying opportunities.

LEARNING OUTCOMES

1. Communicates well-developed musical ideas clearly and energetically in performance and, where applicable, in compositions.
2. Demonstrates knowledge of appropriate stylistic details in performance of music from a variety of historical periods and cultural origins.
3. Draws upon extensive understanding of a variety of musical cultures and historical periods for the preparation of a performance or a composition.
4. Selects the most appropriate methods of technique or notation to achieve the intended result in performance.
5. Shows ability to express, verbally and in writing, musical ideas and interpretive conclusions to peers and colleagues.
6. Recognizes and applies principles of ethical and professional conduct.
7. Respects colleagues and values contributions of others in collaborative endeavors.

PEOPLE

Faculty: Professors Cook (director), Calderón, Chisholm, Di Sanza, Dobbs, Doing, Dominguez, Fischer, Fulmer, Hetzler, Hyer, Johnson, Karp, Perry, Rowe, Schwendinger, Taylor, Teeple, Thimmig, Vallon, Wallmann; Associate Professors Butler, Farah, Grabois, Ronis; Assistant Professors Chana, Laurenz, Lee, Nelson, Sans; Marching Band Director Pompey; Teaching Faculty Curry, Gladstone, Gonzalez, Koester, Rottmayer, Wohn; Lecturers Patenaude, Wienholts.

The faculty of the Mead Witter School of Music is a distinguished group of educators, performing musicians, and active scholars. The backgrounds of performance faculty include rich experiences as professional musicians, researchers, recording artists, and entrepreneurs. Faculty in music education have particular insight into their field as a result of their backgrounds as school educators, performers, and scholars. In areas such as music theory and musicology, the musical community has high regard for the past and current contributions to the study of musical theory, historical perspectives on music, the role of music in societies around the world, and the unique contributions of American musicians. Teaching is a priority for the faculty, who are readily accessible to students for advice and support. Faculty, staff, and students cooperate in extraordinary ways with joint ventures that reach across disciplines both in research or instruction.

ACCREDITATION

ACCREDITATION

National Association of Schools of Music (<https://nasm.arts-accredit.org>)

Accreditation status: Accredited. Next accreditation review: 2022–2023

ENGINEERING MECHANICS, DOCTORAL MINOR

ADMISSIONS

Students interested in earning the Engineering Mechanics doctoral minor should first contact the EM Graduate Coordinator to learn the requirements, process, and complete the required paperwork.

All Graduate School students must utilize the Graduate Student Portal in MyUW to add, change, or discontinue any doctoral minor. To apply to this minor, log in to MyUW, click on Graduate Student Portal, and then click on Add/Change Programs. Select the information for the doctoral minor."

REQUIREMENTS

1. A minimum of 10 credits in E M A courses, including 3 credits in courses numbered 700 or above
 - a. All courses used for the minor must be numbered 300 or above taken after the bachelor's degree.
 - b. Ordinarily only one course (maximum of 3 credits) of independent study is allowed (E M A 599 Independent Study, E M A 690 Master's Research).
 - c. Research and thesis courses may not be used for the minor.
 - d. No more than 5 credits completed five or more years prior to admission to the Ph.D. major may be used.
 - e. Courses taken 10 or more years ago may not be used.
 - f. Courses taken pass/fail or for audit may not be used.
 - g. Courses with grades of S given in courses graded on a credit/no credit basis are acceptable.
2. A GPA of 3.0 must be maintained for the minor.
3. A maximum of 6 credits may be transferred from other institutions to satisfy these requirements.
4. The minor program must be approved by the Mechanical Engineering Associate Chair for Graduate Studies. The approval form is available from the ME Department's College of Engineering Intranet site (NetID required) here (<https://intranet.engineering.wisc.edu/mechanical->

engineering/current-student-resources/) or please contact Graduate Student Services (emgradadmission@engr.wisc.edu).

5. A student who has earned an M.S. degree in engineering mechanics will be considered to have fulfilled the minor requirements.

ENGINEERING MECHANICS, M.S.

The master of science and doctor of philosophy degrees in engineering mechanics are offered within a graduate program covering contemporary areas in both theoretical and applied mechanics. With the guidance of a major professor, a program can be designed to meet an individual student's needs and interests.

The Department of Mechanical Engineering offers two distinct master of science (M.S.) degree programs in Engineering Mechanics:

- Engineering Mechanics M.S., Research (p. 1349) – traditional master's program culminating in a thesis for students with an undergraduate background in mechanics
- Engineering Mechanics M.S., Aerospace Engineering Option (p. 1339) – an accelerated coursework-only program, where students will learn advanced mechanics topics pertaining to the aerospace field

ADMISSIONS

Students apply to the Master of Science in Engineering Mechanics through one of the named options:

- Research (p. 1349)
- Aerospace Engineering (p. 1339)

Admissions to the Fundamentals of Applied Mechanics (p. 1345) named option were suspended as of fall 2022 and will be discontinued as of fall 2024. If you have any questions, please contact the department.

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Program specific funding information may be reviewed through one of the named options:

- Research (p. 1349)
- Aerospace Engineering (p. 1339)

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS CURRICULAR REQUIREMENTS

Requirement Detail

Minimum 30 credits

Graduate
Coursework
Requirement

Overall 3.00 GPA required.

Graduate GPA Requirement This program follows the Graduate School's policy: <https://policy.wisc.edu/library/UW-1203> (<https://policy.wisc.edu/library/UW-1203/>).

Other Grade Requirements Courses in which grades of BC, C, or below are received cannot be counted toward the degree except as follows: 1) Credits of C will be allowed provided they are balanced by twice as many credits of A or by four times as many credits of AB, 2) Credits of BC will be allowed provided they are balanced by twice as many credits of AB or by an equal number of credits of A.

Assessments and Examinations See Named Options for policy information.

Language Requirements No language requirements.

REQUIRED COURSES

Select a Named Option (p. 1338) for courses required.

NAMED OPTIONS

A named option is a formally documented sub-major within an academic major program. Named options appear on the transcript with degree conferral. Students pursuing the Master of Science in Engineering Mechanics must select one of the following named options:

View as list View as grid

- ENGINEERING MECHANICS: AEROSPACE ENGINEERING, M.S. (P. 1339)
- ENGINEERING MECHANICS: FUNDAMENTALS OF APPLIED MECHANICS, M.S. (P. 1345)
- ENGINEERING MECHANICS: RESEARCH, M.S. (P. 1349)

POLICIES

Students should refer to one of the named options for policy information:

- Research (p. 1349)
- Aerospace Engineering (p. 1339)
- Fundamentals of Applied Mechanics (p. 1345)

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

1. Demonstrate a strong understanding of mathematical, scientific, and engineering principles in the field.
2. Demonstrate an ability to formulate, analyze, and independently solve advanced engineering problems.
3. Apply the relevant scientific and technological advancements, techniques, and engineering tools to address these problems.
4. Recognize and apply principles of ethical and professional conduct.

Required 3

APPLICATION REQUIREMENTS and PROCESS

Degree: For admission to graduate study in Engineering Mechanics, an applicant must have a bachelor's degree in engineering, mathematics, or physical science, and an undergraduate record that indicates an ability to successfully pursue graduate study. International applicants must have a degree comparable to a regionally accredited U.S. bachelor's degree. All applicants must satisfy requirements that are set forth by the Graduate School (<https://grad.wisc.edu/apply/requirements/>).

GPA: The Graduate School requires a minimum undergraduate grade point average of 3.0 on a 4.0 basis on the equivalent of the last 60 semester hours from the most recent bachelor's degree. In special cases, students with grade point averages lower than 3.0 who meet all the general requirements of the Graduate School may be considered for admission on probation.

Each application must include the following:

- Graduate School Application (<https://grad.wisc.edu/apply/>)
- Academic transcripts
- Statement of purpose
- Resume/CV
- Three letters of recommendation
- English Proficiency Score (*if required*)
- Application Fee

DEADLINES

To apply to the EM program, complete applications (<https://grad.wisc.edu/apply/>), including supportive materials, must be submitted as described below and received by the following deadline dates:

- Fall Semester—December 15
- Spring Semester—September 1

ACADEMIC TRANSCRIPT

Within the online application, upload the undergraduate transcript(s) and, if applicable, the previous graduate transcript. Unofficial copies of transcripts will be accepted for review, but official copies are required for admitted students. Please do not send transcripts or any other application materials to the Graduate School or the Department of Mechanical Engineering unless requested. Please review the requirements set by the Graduate School (<https://grad.wisc.edu/apply/requirements/>) for additional information about degrees/transcripts.

STATEMENT OF PURPOSE

In this document, applicants should explain why they want to pursue further education in Engineering Mechanics and discuss which UW faculty members they would be interested in doing research with during their graduate study (see the Graduate School for more advice on how to structure a personal statement (<https://grad.wisc.edu/apply/prepare/>)).

RESUME

See also Mechanical Engineering Faculty Directory (<https://directory.engr.wisc.edu/me/faculty/>).

ENGINEERING MECHANICS: AEROSPACE ENGINEERING, M.S.

This is a named option within the Engineering Mechanics, M.S. (p. 1337)

The Aerospace Engineering named option of the Master of Science degree in Engineering Mechanics is an accelerated coursework-only program, where students will learn advanced mechanics topics pertaining to the aerospace field. The curriculum is structured around the areas of fluid mechanics, rigid-body dynamics, structural dynamics, aerospace mechanics and materials, and computation. The 2-3 semester program is intended to provide a rigorous masters-level education and increased earning potential.

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 15
Spring Deadline	September 1
Summer Deadline	This program does not admit in Summer.
GRE (Graduate Record Examinations)	Not required
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements (https://grad.wisc.edu/apply/requirements/#english-proficiency).

Upload your resume in your application.

THREE LETTERS OF RECOMMENDATION

These letters are required from people who can accurately judge the applicant's academic performance. It is highly recommended these letters be from faculty familiar with the applicant. Letters of recommendation are submitted electronically to graduate programs through the online application. See the Graduate School for FAQs (<https://grad.wisc.edu/apply/>) regarding letters of recommendation. Letters of recommendation are due by the deadline listed above.

ENGLISH PROFICIENCY SCORE

Every applicant whose native language is not English, or whose undergraduate instruction was not in English, must provide an English proficiency test score. The UW-Madison Graduate School accepts TOEFL or IELTS scores. Your score will not be accepted if it is more than two years old from the start of your admission term. Country of citizenship does not exempt applicants from this requirement. Language of instruction at the college or university level and how recent the language instruction was taken are the determining factors in meeting this requirement.

TOEFL scores must be a minimum of 100. IELTS scores must be a minimum of 7. These score requirements are higher than the Graduate School minimum requirement.

For more information regarding the Graduate School exemption policy, please see the Graduate School Requirements for Admission (<https://grad.wisc.edu/apply/requirements/>).

APPLICATION FEE

Application submission must be accompanied by the one-time application fee. It is non-refundable and can be paid by credit card (MasterCard or Visa) or debit/ATM. Additional information about the application fee may be found here (<https://grad.wisc.edu/apply/>) (scroll to the 'Frequently asked questions').

Fee grants are available through the conditions outlined here by the Graduate School (<https://grad.wisc.edu/apply/fee-grant/>).

QUESTIONS:

If you have questions, please contact emgradadmission@engr.wisc.edu.

REENTRY ADMISSIONS

If you were previously enrolled as a graduate student in the Engineering Mechanics program, have not earned your degree, but have had a break in enrollment for a minimum of a fall or spring term, you will need to re-apply to resume your studies. Please review the Graduate School requirements for previously enrolled students (<https://policy.wisc.edu/library/UW-1230/>). Your previous faculty advisor (or another EM faculty advisor) must be willing to supply advising support and should e-mail the EM Graduate Student Services Coordinator regarding next steps in the process.

If you were previously enrolled in a UW-Madison graduate degree, completed that degree, have had a break in enrollment since earning the degree and would now like to apply for another UW-Madison program; you are required to submit a new student application through the UW-Madison

Graduate School online application. For EM graduate programs, you must follow the entire application process as described above.

CURRENTLY ENROLLED GRADUATE STUDENT ADMISSIONS

Students currently enrolled as a graduate student at UW-Madison, whether in EM or a non-EM graduate program, wishing to apply to this degree program should contact the EM Graduate Admissions Team (emgradadmission@engr.wisc.edu) to inquire about the process and deadlines several months in advance of the anticipated enrollment term. Current students may apply to change or add programs for any term (fall, spring, or summer).

QUESTIONS:

If you have questions, please contact emgradadmission@engr.wisc.edu.

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM INFORMATION

Students enrolled in this program are not eligible to receive tuition remission from graduate assistantship appointments at this institution.

ADDITIONAL RESOURCES

FEDERAL LOANS

Students who are U.S. citizens or permanent residents may be eligible to receive some level of funding through the federal direct loan program. These loans are available to qualified graduate students who are taking at least 4 credits during the fall and spring semesters, and 2 credits during summer. Private loans are also available. Learn more about financial aid at their website (<https://financialaid.wisc.edu/>).

INTERNATIONAL STUDENT SERVICES FUNDING AND SCHOLARSHIPS

For information on International Student Funding and Scholarships visit the ISS website (<https://iss.wisc.edu/students/new-students/funding-scholarships/>).

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

NAMED OPTION REQUIREMENTS MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	Yes

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail	
Minimum Credit Requirement	30 credits
Minimum Residence Credit Requirement	16 credits
Minimum Graduate Coursework Requirement	15 credits must be graduate-level coursework. Details can be found in the Graduate School’s Minimum Graduate Coursework (50%) policy (https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/)).
Overall Graduate GPA Requirement	3.00 GPA required. This program follows the Graduate School’s GPA Requirement policy (https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/)).
Other Grade Requirements	Courses in which grades of BC, C, or below are received cannot be counted toward the degree except as follows: 1) Credits of C will be allowed provided they are balanced by twice as many credits of A or by four times as many credits of AB, 2) Credits of BC will be allowed provided they are balanced by twice as many credits of AB or by an equal number of credits of A.
Assessments and Examinations	No formal examination required.
Language Requirements	No language requirements.

REQUIRED COURSES

First Year

Fall	Credits	Spring	Credits	Summer	Credits
E P/E M A 547	3	E M A 601 (Mechanics Seminar)	1	1 If needed, 4 additional credits ¹	4
E M A 601 (Mechanics Seminar)	1	Select an additional 12 credits	12		
Select an additional 9 credits	9				
		13			4

Total Credits 30

- Students must take at least one class (3 credits) in E M A in any course numbered 700 or greater. Seminar, research, and co-op courses (such as E M A 790 Master’s Research and Thesis, E M A 890 Pre-Dissertator Research, E M A 990 Research and Thesis, and E M A 702 Graduate Cooperative Education Program) are not eligible to satisfy this requirement.
- To establish sufficient depth in aerospace sciences, the courses selected must involve completion of at least two of the following five topical areas. You should check the future course offerings plans when choosing, since not all courses are offered every year (and hence not all topical areas can be completed every year).
- The additional courses required to meet the 30-credit minimum for completion of the degree should be selected from among the courses listed below.

1

Some credit can be transferred in.

TOPICAL AREAS Fluid Mechanics¹

Code	Title	Credits
E M A 521	Aerodynamics ²	3
Select one:		3
M E 563	Intermediate Fluid Dynamics	
E M A 524	Rocket Propulsion	
M E 572	Intermediate Gas Dynamics	
M E/CIV ENGR/ E M A 775	Turbulent Heat and Momentum Transfer	

1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

If you have already completed an equivalent course as an undergrad then you may take two courses total from the second list and meet this requirement.

Rigid Body Dynamics¹

Code	Title	Credits
E M A 542	Advanced Dynamics ²	3
Select one:		3

E M A 523	Flight Dynamics and Control
E M A/ ASTRON 550	Astrodynamics
E M A 642	Satellite Dynamics
M E 451	Kinematics and Dynamics of Machine Systems

1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

If you have already completed an equivalent course as an undergrad then you may take two courses total from the second list and meet this requirement.

Structural Dynamics¹

Code	Title	Credits
Select one: ²		3
M E 440	Intermediate Vibrations	
E M A 545	Mechanical Vibrations	
E C E 717	Linear Systems	
Select one:		3
M E/E M A 540	Experimental Vibration and Dynamic System Analysis	
E M A 610	Structural Finite Element Model Validation	
E M A 747	Nonlinear and Random Mechanical Vibrations	

1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

If you have already completed an equivalent course as an undergrad then you may take two courses total from the second list and meet this requirement.

Aerospace Mechanics and Materials¹

Code	Title	Credits
Select two courses:		6
E M A 506	Advanced Mechanics of Materials I	
E M A/ M S & E 541	Heterogeneous and Multiphase Materials	
E M A/CIV ENGR/ M E 508	Composite Materials	
E M A 622	Mechanics of Continua	
E M A 630	Viscoelastic Solids	
E M A 700	Theory of Elasticity	
E M A/M E 703	Plasticity Theory and Physics	

1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

Computation¹

Code	Title	Credits
Select one: ²		3
E M A 605	Introduction to Finite Elements	
M E 573	Computational Fluid Dynamics	
Select one:		3
E M A 705	Advanced Topics in Finite Elements

E M A/COMP SCI/ E C E/E P/ M E 759	High Performance Computing for Applications in Engineering	

1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

If you have already completed an equivalent course as an undergrad then you may take two courses total from the second list and meet this requirement.

ELECTIVE COURSES**Fall Elective Course Offerings**

Code	Title	Credits
E C E 717	Linear Systems	3
E M A 506	Advanced Mechanics of Materials I	3

MATH 705	Mathematical Fluid Dynamics	3
M E/N E 520	Two-Phase Flow and Heat Transfer	3
M E 561	Intermediate Thermodynamics	3
M E 564	Heat Transfer	3
M E 761	Topics in Thermodynamics	3
M E 764	Advanced Heat Transfer I- Conduction	3
M E 770	Advanced Experimental Instrumentation	3
M E 774	Chem Kinetics of Combust Systems	3

Other Policy

Students in this program may not take courses outside the prescribed curriculum without faculty advisor and program director approval. Students in this program cannot enroll concurrently in other undergraduate, graduate or certificate programs.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

NAMED OPTION-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Work from Other Institutions

With advisor and EM Graduate Studies Committee approval, students may use up to 6 credits of relevant coursework from a prior graduate program.

Please review the Graduate Program Handbook (see contact box) for information about use and restrictions to this policy.

UW-Madison Undergraduate

With program approval, students are allowed to count up to 7 credits of coursework from the following list of courses:

Code	Title	Credits
E P/E M A 547	Engineering Analysis I	3
E P/E M A 548	Engineering Analysis II	3
E M A 303	Mechanics of Materials	3
E M A/M E 307	Mechanics of Materials Lab	1
E M A 405	Practicum in Finite Elements	3
E M A 405	Practicum in Finite Elements	3
E M A 506	Advanced Mechanics of Materials I	3
E M A/CIV ENGR/ M E 508	Composite Materials	3
E M A 519	Fracture Mechanics	3
E M A 542	Advanced Dynamics	3
E M A/M E 570	Experimental Mechanics	3
E M A 605	Introduction to Finite Elements	3
E M A 611	Advanced Mechanical Testing of Materials	3
E M A 622	Mechanics of Continua	3
E M A 642	Satellite Dynamics	3
E M A 705	Advanced Topics in Finite Elements	3

These may be counted toward the Minimum Graduate Degree Credit Requirement as applicable. No credits may be counted toward the minimum graduate residence credit requirement. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

UW-Madison University Special

With program approval, students are allowed to count up to 15 credits of coursework numbered 400 or above taken as a UW-Madison Special student toward the minimum graduate residence credit requirement, and the minimum graduate degree credit requirement. UW-Madison coursework taken as a University Special student would not be allowed to count toward the 50% graduate coursework minimum unless taken in courses numbered 700 or above. Coursework earned five or more years prior to admission to a master's is not allowed to satisfy requirements.

PROBATION

This program follows the Graduate School's Probation policy. (<https://policy.wisc.edu/library/UW-1217/>)

ADVISOR / COMMITTEE

Each student is required to meet with his or her advisor prior to registration every semester.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

Students are expected to complete the Aerospace MS degree program in one calendar year, i.e., 12 months (summer session plus two semesters). One additional semester is permitted to complete the requirements, if needed.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeeabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Department of Mechanical Engineering Grievance Procedures

If a student feels unfairly treated or aggrieved by faculty, staff, or another student, the University offers several avenues to resolve the grievance. Students' concerns about unfair treatment are best handled directly with the person responsible for the objectionable action. If the student is uncomfortable making direct contact with the individual(s) involved, they should contact the advisor or the person in charge of the unit where the action occurred (program or department chair, section chair, lab manager, etc.). Many departments and schools/colleges have established specific procedures for handling such situations; check their web pages and published handbooks for information. If such procedures exist at the local level, these should be investigated first. For more information see the Graduate School Academic Policies & Procedures: <https://grad.wisc.edu/acadpolicy/?policy=grievancesandappeals>. The Assistant Dean for Graduate Affairs (enr-dean-graduateaffairs@enr.wisc.edu) provides overall leadership for graduate education in the College of Engineering (CoE), and is a point of contact for graduate students who have concerns about education, mentoring, research, or other difficulties.

1. The student is encouraged to speak first with the person toward whom the grievance is directed to see if a situation can be resolved at this level.
2. Should a satisfactory resolution not be achieved, the student should contact the Associate Chair for Graduate Studies or the John Bollinger Chair of Mechanical Engineering (<https://>

engineering.wisc.edu/departments/mechanical-engineering/people/) to discuss the grievance. The Associate Chair for Graduate Studies or Department Chair will facilitate problem resolution through informal channels and facilitate any complaints or issues of students. The first attempt is to help students informally address the grievance prior to any formal complaint. Students are also encouraged to talk with their faculty advisors regarding concerns or difficulties if necessary. University resources for sexual harassment, discrimination, disability accommodations, and other related concerns can be found on the UW Office of Compliance website (<https://compliance.wisc.edu/>). Other campus resources can be found above.

3. If the issue is not resolved to the student's satisfaction the student can submit the grievance to the Associate Chair for Graduate Studies in writing, within 60 calendar days of the alleged unfair treatment.
4. On receipt of a written complaint, a faculty committee will be convened by the Associate Chair for Graduate Studies to manage the grievance. The faculty committee will obtain a written response from the person toward whom the complaint is directed. This response will be shared with the person filing the grievance.
5. The faculty committee will determine a decision regarding the grievance. The Associate Chair for Graduate Studies will report on the action taken by the committee in writing to both the student and the party toward whom the complaint was directed within 15 working days from the date the complaint was received.
6. At this point, if either party (the student or the person toward whom the grievance is directed) is unsatisfied with the decision of the faculty committee, the party may file a written appeal. Either party has 10 working days to file a written appeal to the School/College.
7. Documentation of the grievance will be stored for at least 7 years. Significant grievances that set a precedent will be stored indefinitely.

The Graduate School has procedures for students wishing to appeal a grievance decision made at the school/college level. These policies are described in the Graduate School's Academic Policies & Procedures: <https://grad.wisc.edu/acadpolicy/?policy=grievancesandappeals>.

OTHER

Students are strongly discouraged to pursue positions as Project Assistants, Teaching Assistants or Research Assistants during their time in this program, as the rigor and accelerated nature of this program may not accommodate those work time commitments. Students in this program will not receive the tuition remission that is typically part of the compensation package for a graduate assistantship.

PROFESSIONAL DEVELOPMENT

ENGINEERING MECHANICS: FUNDAMENTALS OF APPLIED MECHANICS, M.S.

This is a named option within the Engineering Mechanics M.S (p. 1337).

Admissions to the Fundamentals of Applied Mechanics named option will be suspended as of fall 2022, and the program will be discontinued as of fall 2024. If you have any questions, please contact the department.

The Fundamentals of Applied Mechanics (FAM) option of the Master of Science degree in Engineering Mechanics is primarily designed for students with a science background who would like to transition to engineering. It may also be suitable for non-mechanics engineering students (electrical, chemical, etc.) who are interested in transitioning to mechanics. The goal of this program is to provide a bridge to careers in engineering or to a Ph.D program in mechanics. FAM is fast-paced; students are expected to complete the curriculum over a twelve-month period, starting in a summer session. Prospective graduate students with a background in mechanics are encouraged to consider our M.S. Research option (p. 1349) and Ph.D. in Engineering Mechanics programs (p. 1355).

For more information on this specific degree plan, please visit the EP website (<https://www.engr.wisc.edu/departement/engineering-physics/>).

ADMISSIONS

Admissions to the Fundamentals of Applied Mechanics named option will be suspended as of Fall 2022, and the program will be discontinued as of Fall 2024. If you have any questions, please contact the department.

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	This program does not admit in the fall.
Spring Deadline	The program does not admit in the spring.
Summer Deadline	December 15
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements (https://grad.wisc.edu/apply/requirements/#english-proficiency).

Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

The Fundamentals of Applied Mechanics option of the Master of Science degree in Engineering Mechanics (FAM) is primarily designed for students with a science background who would like to transition to engineering. It may also be suitable for non-mechanics engineering students (electrical, chemical, etc.) who are interested in transitioning to mechanics. Prospective graduate students with a background in mechanics are encouraged to consider our primary M.S. (<https://guide.wisc.edu/graduate/engineering-physics/engineering-mechanics-ms/>) and Ph.D. in Engineering Mechanics (<https://guide.wisc.edu/graduate/engineering-physics/engineering-mechanics-phd/>) programs.

The Graduate School sets minimum requirements for admissions (<https://grad.wisc.edu/admissions/requirements/>). Academic program admission requirements are often more rigorous than those set by the Graduate School. Please check the program website (<https://www.engr.wisc.edu/department/engineering-physics/academics/master-science-engineering-mechanics-fundamentals-applied-mechanics-option/>) for details and admissions deadlines.

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM INFORMATION

Students enrolled in this program are not eligible to receive tuition remission from graduate assistantship appointments at this institution.

Students in violation of this policy may be placed on departmental probation.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

NAMED OPTION REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/Weekend	Online	Hybrid	Accelerated
No	No	No	Yes	Yes

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW-Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail

Minimum Credit Requirement 30 credits

Minimum Residence Credit Requirement 16 credits

Minimum Graduate Coursework Requirement 15 of the required 30 credits must be in graduate-level coursework from E M A and Engineering Physics; courses with the Graduate Level Coursework attribute are identified and searchable in the university's Course Guide (<https://registrar.wisc.edu/course-guide> (<https://registrar.wisc.edu/course-guide/>)).

Overall Graduate GPA Requirement 3.00 GPA required.

Other Grade Requirements Courses in which grades of BC, C, or below are received cannot be counted toward the degree except as follows: 1) Credits of C will be allowed provided they are balanced by twice as many credits of A or by four times as many credits of AB, 2) Credits of BC will be allowed provided they are balanced by twice as many credits of AB or by an equal number of credits of A.

Assessments and Examinations None.

Language Requirements No language requirements.

REQUIRED COURSES

Code	Title	Credits
Summer Session		3-6
E M A 303	Mechanics of Materials	3
E M A 202	Dynamics (strongly recommended prerequisite) ¹	3
Fall Semester		14
M E/E M A 307	Mechanics of Materials Lab	1

E M A 506	Advanced Mechanics of Materials I	3
E M A 542	Advanced Dynamics	3
E M A/E P 547	Engineering Analysis I	3
E M A 601	Special Topics in Engineering Mechanics (Topic: Mechanics Seminar)	1
E M A 405 or E M A 605	Practicum in Finite Elements Introduction to Finite Elements	3
Spring Semester		13
E M A/E P 548	Engineering Analysis II	3
E M A 601	Special Topics in Engineering Mechanics (Topic: Mechanics Seminar)	1
<i>Choose three of the following:</i> ²		9
E M A/CIV ENGR/ M E 508	Composite Materials	
E M A 519	Fracture Mechanics	
E M A/M E 570	Experimental Mechanics	
E M A 611	Advanced Mechanical Testing of Materials	
E M A 622	Mechanics of Continua	
E M A 642	Satellite Dynamics	
E M A 705	Advanced Topics in Finite Elements	

1

While strongly recommended, E M A 202 Dynamics will not satisfy any degree requirement for this program and will not count toward the 30 credits required to earn the degree.

2

At least one of the three must be either E M A 705 Advanced Topics in Finite Elements, E M A 622 Mechanics of Continua, or E M A 642 Satellite Dynamics.

Students in this program may not take courses outside the prescribed curriculum without faculty advisor and program director approval. Students in this program cannot enroll concurrently in other undergraduate, graduate or certificate programs.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

NAMED OPTION-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Work from Other Institutions

No transfer credits are allowed.

UW–Madison Undergraduate

With program approval, students are allowed to count up to 7 credits of coursework from the following list of courses:

Code	Title	Credits
E P/E M A 547	Engineering Analysis I	3
E P/E M A 548	Engineering Analysis II	3
E M A 303	Mechanics of Materials	3
E M A/M E 307	Mechanics of Materials Lab	1
E M A 405	Practicum in Finite Elements	3
E M A 405	Practicum in Finite Elements	3
E M A 506	Advanced Mechanics of Materials I	3
E M A/CIV ENGR/ M E 508	Composite Materials	3
E M A 519	Fracture Mechanics	3
E M A 542	Advanced Dynamics	3
E M A/M E 570	Experimental Mechanics	3
E M A 605	Introduction to Finite Elements	3
E M A 611	Advanced Mechanical Testing of Materials	3
E M A 622	Mechanics of Continua	3
E M A 642	Satellite Dynamics	3
E M A 705	Advanced Topics in Finite Elements	3

These may be counted toward the Minimum Graduate Degree Credit Requirement as applicable. No credits may be counted toward the minimum graduate residence credit requirement. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

UW–Madison University Special

With program approval, students are allowed to count up to 15 credits of coursework numbered 400 or above taken as a UW–Madison Special student toward the minimum graduate residence credit requirement, and the minimum graduate degree credit requirement. UW–Madison coursework taken as a University Special student would not be allowed to count toward the 50% graduate coursework minimum unless taken at the 700 level or above. Coursework earned five or more years prior to admission to a master's is not allowed to satisfy requirements.

PROBATION

A semester GPA below 3.0 will result in the student being placed on academic probation. If a semester GPA of 3.0 is not attained during the subsequent semester of full time enrollment (or 12 credits of enrollment if enrolled part-time) the student may be dismissed from the program or allowed to continue for one additional semester based on advisor appeal to the Graduate School.

ADVISOR / COMMITTEE

Each student is required to meet with his or her advisor prior to registration every semester.

CREDITS PER TERM ALLOWED

15 credits

TIME CONSTRAINTS

Students are expected to complete the FAM degree program in one calendar year, i.e., 12 months (summer session plus two semesters). One additional semester is permitted to complete the requirements, if needed.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeeabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Engineering Mechanics Grievance Procedures

Students who feel that they have been treated unfairly have the right to a prompt hearing of their grievance. Such complaints may involve course grades, classroom treatment, advising, various forms of harassment, or other issues. Any student or potential student may use these procedures.

- The student should speak first with the person toward whom the grievance is directed. In most cases, grievances can be resolved at this level.
- Should a satisfactory resolution not be achieved, the student should contact the program's Grievance Advisor to discuss the grievance. The Graduate Student Coordinator can provide students with the name of this faculty member, who facilitates problem resolution through informal channels. The Grievance Advisor is responsible for facilitating any complaints or issues of students. The Grievance Advisor first attempts to help students informally address the grievance prior to any formal complaint. Students are also encouraged to talk with their faculty advisors regarding concerns or difficulties if necessary. University resources for sexual harassment concerns can be found on the UW Office of Equity and Diversity website.

- If the issue is not resolved to the student's satisfaction, the student can submit the grievance to the Grievance Advisor in writing, within 60 calendar days of the alleged unfair treatment.
- On receipt of a written complaint, a faculty committee will be convened by the Grievance Advisor to manage the grievance. The program faculty committee will obtain a written response from the person toward whom the complaint is directed. The response will be shared with the person filing the grievance.
- The faculty committee will determine a decision regarding the grievance. The Grievance Advisor will report on the action taken by the committee in writing to both the student and the party toward whom the complaint was directed within 15 working days from the date the complaint was received.
- At this point, if either party (the student or the person toward whom the grievance is directed) is unsatisfied with the decision of the faculty committee, the party may file a written appeal. Either party has 10 working days to file a written appeal to the College of Engineering.

The Assistant Dean for Graduate Affairs (enr-dean-graduateaffairs@enr.wisc.edu) provides overall leadership for graduate education in the College of Engineering (CoE) and is a point of contact for graduate students who have concerns about education, mentoring, research, or other difficulties.

The Graduate School has procedures for students wishing to appeal a grievance decision made at the college level. These policies are described in the Academic Policies and Procedures at <https://grad.wisc.edu/academic-policies/>.

OTHER

Students are strongly discouraged to pursue positions as Project Assistants, Teaching Assistants or Research Assistants during their time in this program, as the rigor and accelerated nature of this program may not accommodate those work time commitments. Students in this program will not receive the tuition remission that is typically part of the compensation package for a graduate assistantship.

ENGINEERING MECHANICS: RESEARCH, M.S.

This is a named option within the Engineering Mechanics M.S. (p. 1337)

This program is broadly structured into several main areas of instruction and research interests in mechanics of materials and astronautics: continuum mechanics, computational mechanics, dynamics and vibration, fluid mechanics, nanomechanics, solid mechanics, and biomechanics. Related fields in which minor work may be done include civil and environmental engineering, chemical and biological engineering, electrical and computer engineering, materials science, mechanical engineering, nuclear engineering and engineering physics, physics, geological engineering and geology, mathematics, statistics, and computer science.

Current faculty research interests include adhesive-bonded joints; composites; failure criteria; analytical and computational solid mechanics; analytical and computational dynamics; multibody dynamics; analytical and computational active and passive space-structure control systems; dynamic stability; nonlinear fracture mechanics of

traditional and advanced materials; continuum mechanics; modal analysis; nanomechanics and nanotribology; fluid-structure interaction; non-Newtonian fluid flow; structural mechanics; viscoelasticity; viscoplasticity; cell mechanics; and biomechanics.

Laboratories are well equipped for experimental testing and research; these include holography, Moire, atomic force microscopy, vibration testing, and other optical methods for experimental mechanics research. The department has access to collegewide facilities. The Wisconsin Laboratory for Structures and Materials Testing has facilities for testing large structures, fatigue and vibration labs, and complements the department's laboratories. The Materials Science Center provides state-of-the-art instrumentation, support facilities, and expert technical assistance for research and education in materials. Its facilities include scanning and transmission electron microscopes, image processing and analysis systems, surface and thin film characterization facilities, and x-ray diffraction facilities.

For more information on this specific degree plan, please see the ME website (<https://engineering.wisc.edu/departments/mechanical-engineering/>).

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 15
Spring Deadline	September 1
Summer Deadline	December 15
GRE (Graduate Record Examinations)	Not Required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements (https://grad.wisc.edu/apply/requirements/#english-proficiency).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

APPLICATION REQUIREMENTS and PROCESS

Degree: For admission to graduate study in Engineering Mechanics, an applicant must have a bachelor's degree in engineering, mathematics, or physical science, and an undergraduate record that indicates an ability to

successfully pursue graduate study. International applicants must have a degree comparable to a regionally accredited U.S. bachelor's degree.

It is highly recommended that students take courses that cover the same material as these UW-Madison courses before entering the program:

<u>Course and Semester Credits</u>	<u>Typical Courses</u>
Advanced Mathematics, 3 cr MATH 321	MATH 319 or MATH 320 and MATH 321
Linear Algebra and Matrices, 3 cr	MATH 320 or MATH 340
Mechanics of Materials, 3 cr	E M A 303
Dynamics, 3 cr	E M A 202 or PHYSICS 311

Descriptions of course content can be accessed through The Guide (<https://guide.wisc.edu/courses/>). Students may enter without having taken these courses. However, in such cases the students must inform their advisors, who will help them plan courses of study that will provide adequate background for our department's graduate curriculum. Provisions for admission on probation, or as an applicant for more than one master's degree (e.g., simultaneous MS degrees in two departments) are given in the Graduate School website (<http://grad.wisc.edu/>).

All applicants must satisfy requirements that are set forth by the Graduate School (<https://grad.wisc.edu/apply/requirements/>).

GPA: The Graduate School requires a minimum undergraduate grade point average of 3.0 on a 4.0 basis on the equivalent of the last 60 semester hours from the most recent bachelor's degree. In special cases, students with grade point averages lower than 3.0 who meet all the general requirements of the Graduate School may be considered for admission on probation.

MS-thesis track advisor selection process: MS applicants who intend to complete a thesis are encouraged to identify potential faculty advisors and seek a confirmation. Please review the department Research (<https://engineering.wisc.edu/departments/mechanical-engineering/research/>) and People (<https://directory.engr.wisc.edu/me/faculty/>) websites and contact those whose research interests align with yours. Only faculty members listed with the titles of Assistant Professor, Associate Professor, or Professor, can serve as graduate advisors. Do not contact Emeritus faculty, Lecturers, Research Scientists, or Faculty Associates. You are also encouraged to inquire about possible funding opportunities. If a faculty member agrees to be your advisor, ask the person to email an acknowledgment to emgradadmission@engr.wisc.edu.

Each application must include the following:

- Graduate School Application (<https://grad.wisc.edu/apply/>)
- Academic transcripts
- Statement of purpose
- Resume/CV
- Three letters of recommendation
- English Proficiency Score (*if required*)
- Application Fee

DEADLINES

To apply to the EM program, complete applications (<https://grad.wisc.edu/apply/>), including supportive materials, must be submitted as described below and received by the following deadline dates:

- Fall Semester—December 15
- Spring Semester—September 1
- Summer Session—December 15

ACADEMIC TRANSCRIPT

Within the online application, upload the undergraduate transcript(s) and, if applicable, the previous graduate transcript. Unofficial copies of transcripts will be accepted for review, but official copies are required for admitted students. Please do not send transcripts or any other application materials to the Graduate School or the Department of Mechanical Engineering unless requested. Please review the requirements set by the Graduate School (<https://grad.wisc.edu/apply/requirements/>) for additional information about degrees/transcripts.

STATEMENT OF PURPOSE

In this document, applicants should explain why they want to pursue further education in Engineering Mechanics and discuss which UW faculty members they would be interested in doing research with during their graduate study (see the Graduate School for more advice on how to structure a personal statement (<https://grad.wisc.edu/apply/prepare/>)).

RESUME

Upload your resume in your application.

THREE LETTERS OF RECOMMENDATION

These letters are required from people who can accurately judge the applicant's academic and/or research performance. It is highly recommended these letters be from faculty familiar with the applicant. Letters of recommendation are submitted electronically to graduate programs through the online application. See the Graduate School for FAQs (<https://grad.wisc.edu/apply/>) regarding letters of recommendation. Letters of recommendation are due by the deadline listed above.

ENGLISH PROFICIENCY SCORE

Every applicant whose native language is not English, or whose undergraduate instruction was not in English, must provide an English proficiency test score. The UW-Madison Graduate School accepts TOEFL or IELTS scores. Your score will not be accepted if it is more than two years old from the start of your admission term. Country of citizenship does not exempt applicants from this requirement. Language of instruction at the college or university level and how recent the language instruction was taken are the determining factors in meeting this requirement.

For more information regarding minimum score requirements and exemption policy, please see the Graduate School Requirements for Admission (<https://grad.wisc.edu/apply/requirements/>).

APPLICATION FEE

Application submission must be accompanied by the one-time application fee. It is non-refundable and can be paid by credit card (MasterCard or Visa) or debit/ATM. Additional information about the application fee may be found here (<https://grad.wisc.edu/apply/>) (scroll to the 'Frequently asked questions').

Fee grants are available through the conditions outlined here by the Graduate School (<https://grad.wisc.edu/apply/fee-grant/>).

QUESTIONS:

If you have questions, please contact emgradadmission@engr.wisc.edu.

REENTRY ADMISSIONS

If you were previously enrolled as a graduate student in the Engineering Mechanics program, have not earned your degree, but have had a break in enrollment for a minimum of a fall or spring term, you will need to re-apply to resume your studies. Please review the Graduate School requirements for previously enrolled students (<https://policy.wisc.edu/library/UW-1230/>). Your previous faculty advisor (or another EM faculty advisor) must be willing to supply advising support and should e-mail the EM Graduate Student Services Coordinator regarding next steps in the process.

If you were previously enrolled in a UW-Madison graduate degree, completed that degree, have had a break in enrollment since earning the degree and would now like to apply for another UW-Madison program; you are required to submit a new student application through the UW-Madison Graduate School online application. For EM graduate programs, you must follow the entire application process as described above.

CURRENTLY ENROLLED GRADUATE STUDENT ADMISSIONS

Students currently enrolled as a graduate student at UW-Madison, whether in EM or a non-EM graduate program, wishing to apply to this degree program should contact the EM Graduate Admissions Team (emgradadmission@engr.wisc.edu) to inquire about the process and deadlines several months in advance of the anticipated enrollment term. Current students may apply to change or add programs for any term (fall, spring, or summer).

QUESTIONS:

If you have questions, please contact emgradadmission@engr.wisc.edu.

for thesis-based M.S. students. You can apply for funding for research assistantships by contacting individual faculty members directly. Please check our website (<http://directory.engr.wisc.edu/me/faculty/>) to look for faculty (only those listed with titles of assistant professor, associate professor, or professor can serve as graduate student advisors). Search for faculty who have research interests that align closely with your own by viewing faculty directory entries, visiting the faculty's website (linked from the directory page), and reviewing publications by the faculty member. Once you have identified faculty with interests close to your own, you are encouraged to contact them by email to inquire regarding available research assistant positions. The admissions office does not know if a particular professor has research assistant positions available.

Students who apply to the M.S. Research program will be automatically considered for fellowship opportunities within the department. Admitted students will be eligible to apply for Teaching Assistantship positions. More information, including the application, will be available to students after admission is complete.

More information on graduate student funding is available from the UW-Madison Graduate School (<https://grad.wisc.edu/funding/>).

ADDITIONAL RESOURCES

FEDERAL LOANS

Students who are U.S. citizens or permanent residents may be eligible to receive some level of funding through the federal direct loan program. These loans are available to qualified graduate students who are taking at least 4 credits during the fall and spring semesters, and 2 credits during summer. Private loans are also available. Learn more about financial aid at their website (<https://financialaid.wisc.edu/>).

INTERNATIONAL STUDENT SERVICES FUNDING AND SCHOLARSHIPS

For information on International Student Funding and Scholarships visit the ISS website (<https://iss.wisc.edu/students/new-students/funding-scholarships/>).

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

There are three mechanisms for Graduate Student funding through the university for M.S. Engineering Mechanics: Research students:

1. Fellowships
2. Graduate assistantships: project assistantships, teaching assistantships, and research assistantships
3. Traineeships

Funding is awarded based on the qualifications of the student, the number of applicants, the amount of available funding, the number of continuing students receiving support, and the degree program a student is enrolled in. Fellowship and research assistantship funding is only considered

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

NAMED OPTION REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW-Madison campus only in evenings and/or on weekends to accommodate typical business

schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail

Minimum Credit Requirement	30 credits
Minimum Residence Credit Requirement	16 credits
Minimum Graduate Coursework Requirement	15 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy (https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/)).
Overall Graduate GPA Requirement	3.00 GPA required. This program follows the Graduate School's GPA Requirement policy (https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/)).
Other Grade Requirements	Courses in which grades of BC, C, or below are received cannot be counted toward the degree except as follows: 1) Credits of C will be allowed provided they are balanced by twice as many credits of A or by four times as many credits of AB, 2) Credits of BC will be allowed provided they are balanced by twice as many credits of AB or by an equal number of credits of A.
Assessments and Examinations	A thesis is not required for a Master's degree in Engineering Mechanics. Credit for Master's research (E M A 790) will be granted toward meeting the M.S. requirements only when a formal M.S. thesis is submitted and approved by the thesis committee. If submitting a M.S. thesis, a thesis Oral Defense is required. Candidates must pass an oral exam administered by a three-member committee, selected by the student's advisor. At least two of the committee members must be members of the UW-Madison Graduate Faculty. (For more information, see https://grad.wisc.edu/documents/committees/ .) Typically, the student presents an overview of their thesis/research, and then the examiners ask questions in closed session. See the Graduate School's information https://grad.wisc.edu/current-students/masters-guide (https://grad.wisc.edu/current-students/masters-guide/) and note the requirement for an advisor approval page; the form that appears in Appendix C of the Handbook may be used.
Language Requirements	No language requirements.

REQUIRED COURSES

Code	Title	Credits
General		
The program requires 30 credits of technical coursework approved by the student's advisor.		
All courses must numbered 500 or above. At least 15 credits must be taken in courses numbered 600 and above OR from the following list:		15
E M A/CIV ENGR/ M E 508	Composite Materials	
E M A 519	Fracture Mechanics	
E M A 522	Aerodynamics Lab	
E M A 523	Flight Dynamics and Control	
E M A/M E 540	Experimental Vibration and Dynamic System Analysis	
E M A/ M S & E 541	Heterogeneous and Multiphase Materials	
E M A/E P 547	Engineering Analysis I	
E M A/E P 548	Engineering Analysis II	
E M A/M E 570	Experimental Mechanics	
Mathematics Requirements		3
Students must take at least 3 credits (1 course) from the following list:		
E M A/E P 547	Engineering Analysis I	
E M A/E P 548	Engineering Analysis II	
MATH 519	Ordinary Differential Equations	
MATH 521	Analysis I	
MATH 522	Analysis II	
MATH 540	Linear Algebra II	
MATH 619	Analysis of Partial Differential Equations	
MATH 623	Complex Analysis	
MATH 703	Methods of Applied Mathematics 1	
MATH 704	Methods of Applied Mathematics-2	
MATH/ COMP SCI 714	Methods of Computational Mathematics I	
MATH/ COMP SCI 715	Methods of Computational Mathematics II	
Breadth Requirement		
Students must take at least 5 courses from the list below. At least 3 must be identified by a *. The courses must span at least 2 of the 3 areas defined below. For each of the 2 areas, the student must take at least 2 courses.		
<i>Solid Mechanics</i>		
E M A 506	Advanced Mechanics of Materials I *	3
E M A/CIV ENGR/ M E 508	Composite Materials	3
E M A 519	Fracture Mechanics *	3
E M A/M S & E 541	Heterogeneous and Multiphase Materials *	3
E M A/M E 570	Experimental Mechanics	3
E M A 605	Introduction to Finite Elements *	3
E M A 611	Advanced Mechanical Testing of Materials *	3

E M A/E P 615	Micro- and Nanoscale Mechanics *	3
E M A 622	Mechanics of Continua *	3
E M A 630	Viscoelastic Solids *	3
E M A 700	Theory of Elasticity *	3
E M A/M E 703	Plasticity Theory and Physics	3
E M A 705	Advanced Topics in Finite Elements *	3
E M A/M E 706	Plates, Shells and Pressure Vessels	3
E M A/M E 708	Advanced Composite Materials	3
E M A/M E 722	Introduction to Polymer Rheology	3
M E/B M E 516	Finite Elements for Biological and Other Soft Materials	3
M E 753	Friction, Lubrication and Wear	3
<i>Fluid Mechanics</i>		
E M A 521	Aerodynamics *	3
E M A 524	Rocket Propulsion *	3
E M A 622	Mechanics of Continua *	3
M E 563	Intermediate Fluid Dynamics *	3
M E 572	Intermediate Gas Dynamics *	3
M E 573	Computational Fluid Dynamics *	3
M E 769	Combustion Processes	3
M E 770	Advanced Experimental Instrumentation	3
M E 774	Chem Kinetics of Combust Systems	3
M E/CIV ENGR/ E M A 775	Turbulent Heat and Momentum Transfer	3
MATH 705	Mathematical Fluid Dynamics	3
<i>Dynamics</i>		
E M A 523	Flight Dynamics and Control *	3
E M A/M E 540	Experimental Vibration and Dynamic System Analysis *	3
E M A 542	Advanced Dynamics *	3
E M A 545	Mechanical Vibrations *	3
E M A/ASTRON 550	Astrodynamics	3
E M A 610	Structural Finite Element Model Validation *	3
E M A 642	Satellite Dynamics *	3
E M A 742	Theory and Applications in Advanced Dynamics *	3
E M A 745	Advanced Methods in Structural Dynamics *	3
E M A 747	Nonlinear and Random Mechanical Vibrations *	3
M E/E C E 577	Automatic Controls Laboratory	4
M E 740	Advanced Vibrations	3
M E 747	Advanced Computer Control of Machines and Processes	3
M E 748	Optimum Design of Mechanical Elements and Systems	3

Depth Requirement 6

At least 2 courses (6 credits) must numbered 700 or above in mechanics, from the following list:

Any E M A course except E M A 790, E M A 890, or E M A 990.

E M A 601 Special Topics courses may only be counted as course numbered 700+ if designated as such by the instructor.

CBE 720 Microhydrodynamics, Brownian Motion, and Complex Fluids

CIV ENGR/
G L E 730 Engineering Properties of Soils

CIV ENGR/
G L E 735 Soil Dynamics

MATH 705 Mathematical Fluid Dynamics

M E 740 Advanced Vibrations

M E 746 Dynamics of Controlled Systems

M E 747 Advanced Computer Control of Machines and Processes

M E 748 Optimum Design of Mechanical Elements and Systems

M E 751 Advanced Computational Dynamics

M E 753 Friction, Lubrication and Wear

M E 769 Combustion Processes

M E 770 Advanced Experimental Instrumentation

M E 774 Chem Kinetics of Combust Systems

M E/CIV ENGR/
E M A 775 Turbulent Heat and Momentum Transfer

Independent Study/Research Credits

All students must take a minimum of 3 credits of E M A 599. A maximum of 6 credits of E M A 599 may be used toward the 30-credit minimum. Students in the thesis track may use a maximum of 12 credits of E M A 599 and E M A 790, combined, toward the 30-credit minimum. Credit for E M A 790 will be granted toward meeting the M.S. requirements only when a formal M.S. thesis is submitted and approved by the thesis committee.

Thesis pathway¹: minimum of 3 credits of E M A 599 and a minimum of 6 credits of E M A 790

Independent study pathway¹: minimum of 3 credits of E M A 599

¹These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

Optional Seminar Credits

Up to 3 credits of Mechanics Seminar may be used to count toward the 30-credit minimum.

POLICIES**GRADUATE SCHOOL POLICIES**

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

NAMED OPTION-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Work from Other Institutions

With advisor and EM Graduate Studies Committee approval, students may use up to 6 credits of relevant coursework from a prior graduate program.

Please review the Graduate Program Handbook (see contact box) for information about use and restrictions to this policy.

UW–Madison Undergraduate

With faculty approval, students who have received their undergraduate degree from UW–Madison may apply up to 7 credits numbered 400 or above toward the minimum graduate degree credit requirement. This work would not be allowed to count toward the 50% graduate coursework minimum unless taken in courses numbered 700 or above. No credits can be counted toward the minimum graduate residence credit requirement. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

With faculty approval, students who have received an ABET–accredited undergraduate degree (not including UW–Madison) may be eligible to apply up to 7 credits of their undergraduate coursework toward the Minimum Graduate Degree Credit Requirement. No credits can be counted toward the Minimum Graduate Residence Credit Requirement, nor the Minimum Graduate Coursework (50%) Requirement. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

UW–Madison University Special

With program approval, students are allowed to count up to 15 credits of coursework numbered 400 or above taken as a UW–Madison Special student toward the minimum graduate residence credit requirement, and the minimum graduate degree credit requirement. UW–Madison coursework taken as a University Special student would not be allowed to count toward the 50% graduate coursework minimum unless taken numbered 700 or above. Coursework earned five or more years prior to admission to a master's is not allowed to satisfy requirements.

PROBATION

A semester GPA below 3.0 will result in the student being placed on academic probation. If a semester GPA of 3.0 is not attained during the subsequent semester of full time enrollment (or 12 credits of enrollment if enrolled part-time) the student may be dismissed from the program or allowed to continue for one additional semester based on advisor appeal to the Graduate School.

ADVISOR / COMMITTEE

Each student is required to meet with his or her advisor prior to registration every semester.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

Students with a Bachelor of Science in Engineering Mechanics or equivalent are typically expected to complete the Master of Science in 3 semesters. Students with non-EM backgrounds will typically be permitted 4 semesters to complete their Master's if more than 27 credits are required.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeeabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Department of Mechanical Engineering Grievance Procedures

If a student feels unfairly treated or aggrieved by faculty, staff, or another student, the University offers several avenues to resolve the grievance. Students' concerns about unfair treatment are best handled directly with the person responsible for the objectionable action. If the student is uncomfortable making direct contact with the individual(s) involved, they should contact the advisor or the person in charge of the unit where the action occurred (program or department chair, section chair, lab manager, etc.). Many departments and schools/colleges have established specific procedures for handling such situations; check their web pages and published handbooks for information. If such procedures exist at the local level, these should be investigated first. For more information see the Graduate School Academic Policies & Procedures: <https://grad.wisc.edu/acadpolicy/?policy=grievancesandappeals>. The Assistant Dean for Graduate Affairs (engr-dean-graduateaffairs@engr.wisc.edu) provides overall leadership for graduate education in the College of Engineering (CoE), and is a point of contact for graduate students who have concerns about education, mentoring, research, or other difficulties.

1. The student is encouraged to speak first with the person toward whom the grievance is directed to see if a situation can be resolved at this level.
2. Should a satisfactory resolution not be achieved, the student should contact the Associate Chair for Graduate Studies or the John Bollinger Chair of Mechanical Engineering (<https://>

engineering.wisc.edu/departments/mechanical-engineering/people/) to discuss the grievance. The Associate Chair for Graduate Studies or Department Chair will facilitate problem resolution through informal channels and facilitate any complaints or issues of students. The first attempt is to help students informally address the grievance prior to any formal complaint. Students are also encouraged to talk with their faculty advisors regarding concerns or difficulties if necessary. University resources for sexual harassment, discrimination, disability accommodations, and other related concerns can be found on the UW Office of Compliance website (<https://compliance.wisc.edu/>). Other campus resources can be found above.

- If the issue is not resolved to the student's satisfaction the student can submit the grievance to the Associate Chair for Graduate Studies in writing, within 60 calendar days of the alleged unfair treatment.
- On receipt of a written complaint, a faculty committee will be convened by the Associate Chair for Graduate Studies to manage the grievance. The faculty committee will obtain a written response from the person toward whom the complaint is directed. This response will be shared with the person filing the grievance.
- The faculty committee will determine a decision regarding the grievance. The Associate Chair for Graduate Studies will report on the action taken by the committee in writing to both the student and the party toward whom the complaint was directed within 15 working days from the date the complaint was received.
- At this point, if either party (the student or the person toward whom the grievance is directed) is unsatisfied with the decision of the faculty committee, the party may file a written appeal. Either party has 10 working days to file a written appeal to the School/College.
- Documentation of the grievance will be stored for at least 7 years. Significant grievances that set a precedent will be stored indefinitely.

The Graduate School has procedures for students wishing to appeal a grievance decision made at the school/college level. These policies are described in the Graduate School's Academic Policies & Procedures: <https://grad.wisc.edu/acadpolicy/?policy=grievancesandappeals>.

ENGINEERING MECHANICS, PH.D.

The master of science and doctor of philosophy degrees in engineering mechanics are offered within a graduate program covering contemporary areas in both theoretical and applied mechanics. With the guidance of a major professor, a program can be designed to meet an individual student's needs and interests.

The program is broadly structured into several main areas of instruction and research interests in mechanics of materials and astronautics: continuum mechanics, computational mechanics, dynamics and vibration, fluid mechanics, nanomechanics, solid mechanics, and biomechanics. Related fields in which minor work may be done include civil and environmental engineering, chemical and biological engineering, electrical

and computer engineering, materials science, mechanical engineering, nuclear engineering and engineering physics, physics, geological engineering and geology, mathematics, statistics, and computer science.

Current faculty research interests include adhesive-bonded joints; composites; failure criteria; analytical and computational solid mechanics; analytical and computational dynamics; multibody dynamics; analytical and computational active and passive space-structure control systems; dynamic stability; nonlinear fracture mechanics of traditional and advanced materials; continuum mechanics; modal analysis; nanomechanics and nanotribology; fluid-structure interaction; non-Newtonian fluid flow; structural mechanics; viscoelasticity; viscoplasticity; cell mechanics; and biomechanics.

Laboratories are well equipped for experimental testing and research; these include holography, Moire, atomic force microscopy, vibration testing, and other optical methods for experimental mechanics research. The department has access to collegewide facilities. The Wisconsin Laboratory for Structures and Materials Testing has facilities for testing large structures, fatigue and vibration labs, and complements the department's laboratories. The Materials Science Center provides state-of-the-art instrumentation, support facilities, and expert technical assistance for research and education in materials. Its facilities include scanning and transmission electron microscopes, image processing and analysis systems, surface and thin film characterization facilities, and x-ray diffraction facilities.

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 15
Spring Deadline	September 1
Summer Deadline	December 15
GRE (Graduate Record Examinations)	Not Required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements (https://grad.wisc.edu/apply/requirements/#english-proficiency).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

APPLICATION REQUIREMENTS and PROCESS

Degree: For admission to graduate study in Engineering Mechanics, an applicant must have a bachelor's degree in engineering, mathematics, or physical science, and an undergraduate record that indicates an ability to successfully pursue graduate study. International applicants must have a degree comparable to a regionally accredited U.S. bachelor's degree.

It is highly recommended that students take courses that cover the same material as these UW-Madison courses before entering the program:

<u>Course and Semester Credits</u>	<u>Typical Courses</u>
Advanced Mathematics, 3 cr	MATH 319, MATH 320, or MATH 321
Linear Algebra and Matrices, 3 cr	MATH 320 or MATH 340
Mechanics of Materials, 3 cr	E M A 303
Dynamics, 3 cr	E M A 202 or PHYSICS 311

Descriptions of course content can be accessed through The Guide (<https://guide.wisc.edu/courses/>). Students may enter without having taken these courses. However, in such cases the students must inform their advisors, who will help them plan courses of study that will provide adequate background for our department's graduate curriculum. Provisions for admission on probation, or as an applicant for more than one master's degree (e.g., simultaneous MS degrees in two departments) are given in the Graduate School website (<http://grad.wisc.edu/>).

All applicants must satisfy requirements that are set forth by the Graduate School (<https://grad.wisc.edu/apply/requirements/>).

GPA: The Graduate School requires a minimum undergraduate grade point average of 3.0 on a 4.0 basis on the equivalent of the last 60 semester hours from the most recent bachelor's degree. In special cases, students with grade point averages lower than 3.0 who meet all the general requirements of the Graduate School may be considered for admission on probation.

PhD advisor selection process: PhD applicants are encouraged to identify potential faculty advisors and seek a confirmation. Please review the department Research (<https://engineering.wisc.edu/departments/mechanical-engineering/research/>) and People (<https://directory.engr.wisc.edu/me/faculty/>) websites and contact those whose research interests align with yours. Only faculty members listed with the titles of Assistant Professor, Associate Professor, or Professor, can serve as graduate advisors. Do not contact Emeritus faculty, Lecturers, Research Scientists, or Faculty Associates. You are also encouraged to inquire about possible funding opportunities. If a faculty member agrees to be your advisor, ask the person to email an acknowledgment to emgradadmission@engr.wisc.edu.

Each application must include the following:

- Graduate School Application (<https://grad.wisc.edu/apply/>)
- Academic transcripts
- Statement of purpose
- Resume/CV
- Three letters of recommendation
- English Proficiency Score (*if required*)
- Application Fee

DEADLINES

To apply to the EM program, complete applications (<https://grad.wisc.edu/apply/>), including supportive materials, must be submitted as described below and received by the following deadline dates:

- Fall Semester—December 15
- Spring Semester—September 1
- Summer Session—December 15

ACADEMIC TRANSCRIPT

Within the online application, upload the undergraduate transcript(s) and, if applicable, the previous graduate transcript. Unofficial copies of transcripts will be accepted for review, but official copies are required for admitted students. Please do not send transcripts or any other application materials to the Graduate School or the Department of Mechanical Engineering unless requested. Please review the requirements

STATEMENT OF PURPOSE

In this document, applicants should explain why they want to pursue further education in Engineering Mechanics and discuss which UW faculty members they would be interested in doing research with during their graduate study (see the Graduate School for more advice on how to structure a personal statement (<https://grad.wisc.edu/apply/prepare/>)).

RESUME

Upload your resume in your application.

THREE LETTERS OF RECOMMENDATION

These letters are required from people who can accurately judge the applicant's academic and/or research performance. It is highly recommended these letters be from faculty familiar with the applicant. Letters of recommendation are submitted electronically to graduate programs through the online application. See the Graduate School for FAQs (<https://grad.wisc.edu/apply/>) regarding letters of recommendation. Letters of recommendation are due by the deadline listed above.

ENGLISH PROFICIENCY SCORE

Every applicant whose native language is not English, or whose undergraduate instruction was not in English, must provide an English proficiency test score. The UW-Madison Graduate School accepts TOEFL or IELTS scores. Your score will not be accepted if it is more than two years old from the start of your admission term. Country of citizenship does not exempt applicants from this requirement. Language of instruction at the college or university level and how recent the language instruction was taken are the determining factors in meeting this requirement.

For more information regarding minimum score requirements and exemption policy, please see the Graduate School Requirements for Admission (<https://grad.wisc.edu/apply/requirements/>).

APPLICATION FEE

Application submission must be accompanied by the one-time application fee. It is non-refundable and can be paid by credit card (MasterCard or Visa) or debit/ATM. Additional information about the application fee may be found here (<https://grad.wisc.edu/apply/>) (scroll to the 'Frequently asked questions').

Fee grants are available through the conditions outlined here by the Graduate School (<https://grad.wisc.edu/apply/fee-grant/>).

QUESTIONS:

If you have questions, please contact emgradadmission@engr.wisc.edu.

REENTRY ADMISSIONS

If you were previously enrolled as a graduate student in the Engineering Mechanics program, have not earned your degree, but have had a break in enrollment for a minimum of a fall or spring term, you will need to re-apply to resume your studies. Please review the Graduate School requirements for previously enrolled students (<https://policy.wisc.edu/library/UW-1230/>). Your previous faculty advisor (or another EM faculty advisor) must be willing to supply advising support and should e-mail the EM Graduate Student Services Coordinator regarding next steps in the process.

If you were previously enrolled in a UW-Madison graduate degree, completed that degree, have had a break in enrollment since earning the degree and would now like to apply for another UW-Madison program; you are required to submit a new student application through the UW-Madison Graduate School online application. For EM graduate programs, you must follow the entire application process as described above.

CURRENTLY ENROLLED GRADUATE STUDENT ADMISSIONS

Students currently enrolled as a graduate student at UW-Madison, whether in EM or a non-EM graduate program, wishing to apply to this degree program should contact the EM Graduate Admissions Team (emgradadmission@engr.wisc.edu) to inquire about the process and deadlines several months in advance of the anticipated enrollment term. Current students may apply to change or add programs for any term (fall, spring, or summer).

QUESTIONS:

If you have questions, please contact emgradadmission@engr.wisc.edu.

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

There are three mechanisms for Graduate Student funding through the university for Engineering Mechanics Ph.D. students:

1. Fellowships
2. Graduate assistantships: project assistantships, teaching assistantships, and research assistantships
3. Traineeships

Funding is awarded based on the qualifications of the student, the number of applicants, the amount of available funding, the number of continuing

students receiving support, and the degree program a student is enrolled in. You can apply for funding for research assistantships by contacting individual faculty members directly. Please check our website (<http://directory.engr.wisc.edu/me/faculty/>) to look for faculty (only those listed with titles of assistant professor, associate professor, or professor can serve as graduate student advisors). Search for faculty who have research interests that align closely with your own by viewing faculty directory entries, visiting the faculty's website (linked from the directory page), and reviewing publications by the faculty member. Once you have identified faculty with interests close to your own, you are encouraged to contact them by email to inquire regarding available research assistant positions. The admissions office does not know if a particular professor has research assistant positions available.

Students who apply to the Ph.D. program will be automatically considered for fellowship opportunities within the department. Admitted students will be eligible to apply for Teaching Assistantship positions. More information, including the application, will be available to students after admission is complete.

More information on graduate student funding is available from the UW-Madison Graduate School (<https://grad.wisc.edu/funding/>).

ADDITIONAL RESOURCES

FEDERAL LOANS

Students who are U.S. citizens or permanent residents may be eligible to receive some level of funding through the federal direct loan program. These loans are available to qualified graduate students who are taking at least 4 credits during the fall and spring semesters, and 2 credits during summer. Private loans are also available. Learn more about financial aid at their website (<https://financialaid.wisc.edu/>).

INTERNATIONAL STUDENT SERVICES FUNDING AND SCHOLARSHIPS

For information on International Student Funding and Scholarships visit the ISS website (<https://iss.wisc.edu/students/new-students/funding-scholarships/>).

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW-Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail	
Minimum Credit Requirement	60 credits
Minimum Residence Credit Requirement	32 credits
Minimum Graduate Coursework Requirement	30 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy (https://policy.wisc.edu/library/UW-1244) (https://policy.wisc.edu/library/UW-1244/). In addition, at least 18 of the non-research credits must be in classes having the graduate-level designation.
Overall Graduate GPA Requirement	3.00 GPA required. This program follows the Graduate School's policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	Courses in which grades of BC, C, or below are received cannot be counted toward the degree except as follows: 1) Credits of C will be allowed provided they are balanced by twice as many credits of A or by four times as many credits of AB, 2) Credits of BC will be allowed provided they are balanced by twice as many credits of AB or by an equal number of credits of A.
Assessments and Examinations	Ph.D. qualifying examination is required of all students. After acceptance of the student's doctoral plan of study, the student must take an oral preliminary examination. Final oral examination is required at the end of the thesis work.
Language Requirements	No language requirements.

Graduate School Breadth Requirement	<p>All doctoral students are required to complete a doctoral minor or graduate/professional certificate.</p> <p>In consultation with, and approval by, the graduate faculty advisor/department, students should select one of the following options:</p> <ul style="list-style-type: none"> • Graduate/Professional certificate • Option A (External Minor): Fulfillment of this minor requires approval of the doctoral minor program. This minor must be outside of the student's doctoral major program. • Option B (Distributed Minor): Fulfillment of this minor requires 9 course credits from two or more departments outside the major, in related courses selected for their relevance to a particular area of concentration. The following rules apply: <ol style="list-style-type: none"> 1. Courses typically included on or within the scope of the E M A Qualifying Exam shall not be considered for the Ph.D. Minor Option B. 2. At least 6 credits must be taken in courses listed in the UW-Madison Guide as "Grad 50%" courses.
-------------------------------------	---

REQUIRED COURSES

At least 36 of the required 60 credits must be in classes satisfying the following general requirements and mathematics, breadth and depth requirements.

Code	Title	Credits
General		
All courses must be numbered 500 or above. At least 21 credits must be numbered 600 and above OR from the following list:		21
E M A/CIV ENGR/ M E 508	Composite Materials	
E M A 519	Fracture Mechanics	
E M A 522	Aerodynamics Lab	
E M A 523	Flight Dynamics and Control	
E M A/M E 540	Experimental Vibration and Dynamic System Analysis	
E M A/ M S & E 541	Heterogeneous and Multiphase Materials	
E M A/E P 547	Engineering Analysis I	
E M A/E P 548	Engineering Analysis II	
E M A/M E 570	Experimental Mechanics	
Mathematics Requirements		6
At least 6 credits (2 courses) must be in applied mathematics from the following list:		
E M A/E P 547	Engineering Analysis I	
E M A/E P 548	Engineering Analysis II	
MATH 519	Ordinary Differential Equations	
MATH 521	Analysis I	
MATH 522	Analysis II	
MATH 540	Linear Algebra II	
MATH 619	Analysis of Partial Differential Equations	
MATH 623	Complex Analysis	
MATH 703	Methods of Applied Mathematics 1	

MATH 704	Methods of Applied Mathematics-2	
MATH/ COMP SCI 714	Methods of Computational Mathematics I	
MATH/ COMP SCI 715	Methods of Computational Mathematics II	
Breadth Requirement		
As part of their M.S. or Ph.D., students must have taken courses from at least 2 of the 3 areas defined below. For each of the 2 areas, the student must have taken at least 2 courses. The courses must be at a similar level to those listed below.		
<i>Solid Mechanics</i>		
E M A 506	Advanced Mechanics of Materials I	3
E M A/CIV ENGR/ M E 508	Composite Materials	3
M E/B M E 516	Finite Elements for Biological and Other Soft Materials	3
E M A 519	Fracture Mechanics	3
E M A/M S & E 541	Heterogeneous and Multiphase Materials	3
E M A/M E 570	Experimental Mechanics	3
E M A 605	Introduction to Finite Elements	3
E M A 611	Advanced Mechanical Testing of Materials	3
E M A/E P 615	Micro- and Nanoscale Mechanics	3
E M A 622	Mechanics of Continua	3
E M A 630	Viscoelastic Solids	3
E M A 700	Theory of Elasticity	3
E M A/M E 703	Plasticity Theory and Physics	3
E M A 705	Advanced Topics in Finite Elements	3
E M A/M E 706	Plates, Shells and Pressure Vessels	3
E M A/M E 708	Advanced Composite Materials	3
E M A/M E 722	Introduction to Polymer Rheology	3
M E 753	Friction, Lubrication and Wear	3
<i>Fluid Mechanics</i>		
E M A 521	Aerodynamics	3
E M A 622	Mechanics of Continua	3
M E 563	Intermediate Fluid Dynamics	3
M E 572	Intermediate Gas Dynamics	3
M E 573	Computational Fluid Dynamics	3
M E 769	Combustion Processes	3
M E 770	Advanced Experimental Instrumentation	3
M E 774	Chem Kinetics of Combust Systems	3
M E/CIV ENGR/ E M A 775	Turbulent Heat and Momentum Transfer	3
MATH 705	Mathematical Fluid Dynamics	3
<i>Dynamics</i>		
E M A 523	Flight Dynamics and Control	3
E M A/M E 540	Experimental Vibration and Dynamic System Analysis	3
E M A 542	Advanced Dynamics	3
E M A 545	Mechanical Vibrations	3
E M A/ASTRON 550	Astrodynamic	3

E M A 610	Structural Finite Element Model Validation	3
E M A 642	Satellite Dynamics	3
E M A 742	Theory and Applications in Advanced Dynamics	3
E M A 745	Advanced Methods in Structural Dynamics	3
E M A 747	Nonlinear and Random Mechanical Vibrations	3
M E/E C E 577	Automatic Controls Laboratory	4
M E 740	Advanced Vibrations	3
M E 747	Advanced Computer Control of Machines and Processes	3
M E 748	Optimum Design of Mechanical Elements and Systems	3

Depth Requirement 12

At least 4 courses (12 credits) must be numbered 700 or above in mechanics, applied mathematics, or computer science. At least 2 of the courses (6 credits) must be from List 1 (below), and the remaining 2 courses (6 credits) may be from List 1 or List 2.

List 1 6-12

Any E M A course except E M A 790, E M A 890, or E M A 990.		
E M A 601 Special Topics courses may only be counted as numbered 700+ if designated as such by the instructor.		
CBE 720	Microhydrodynamics, Brownian Motion, and Complex Fluids	
CIV ENGR/ G L E 730	Engineering Properties of Soils	
CIV ENGR/ G L E 735	Soil Dynamics	
MATH 705	Mathematical Fluid Dynamics	
M E 740	Advanced Vibrations	
M E 746	Dynamics of Controlled Systems	
M E 747	Advanced Computer Control of Machines and Processes	
M E 748	Optimum Design of Mechanical Elements and Systems	
M E 751	Advanced Computational Dynamics	
M E 753	Friction, Lubrication and Wear	
M E 769	Combustion Processes	
M E 770	Advanced Experimental Instrumentation	
M E 774	Chem Kinetics of Combust Systems	
M E/CIV ENGR/ E M A 775	Turbulent Heat and Momentum Transfer	

List 2 0-6

COMP SCI/ MATH 714	Methods of Computational Mathematics I	
COMP SCI/ MATH 715	Methods of Computational Mathematics II	
COMP SCI/ E C E 760	Machine Learning	
E C E 717	Linear Systems	

E C E 719	Optimal Systems
E C E/ COMP SCI 761	Mathematical Foundations of Machine Learning
E C E/CBE/ MATH 777	Nonlinear Dynamics, Bifurcations and Chaos
E C E/COMP SCI/ STAT 861	Theoretical Foundations of Machine Learning
MATH 703	Methods of Applied Mathematics 1
MATH 704	Methods of Applied Mathematics-2
M E 718	Modeling and Simulation in Polymer Processing
M E/E C E 739	Kinematics, Dynamics, and Control of Robotic Manipulators
M E 758	Solid Modeling
M E 761	Topics in Thermodynamics
M E 764	Advanced Heat Transfer I- Conduction
M S & E 748	Structural Analysis of Materials
M S & E 750	Imperfections and Mechanical Properties
M S & E 760	Molecular Modeling of Materials
PHYSICS 711	Theoretical Physics-Dynamics
PHYSICS 715	Statistical Mechanics
PHYSICS 721	Theoretical Physics-Electrodynamics
PHYSICS 731	Quantum Mechanics
PHYSICS 732	Quantum Mechanics
PHYSICS 751	Advanced Solid State Physics
PHYSICS 801	Special Topics in Theoretical Physics (when taught as Nanostructures in Science and Technology)

It is acceptable for students who earned an M.S. degree in Engineering Mechanics at UW-Madison to use coursework completed while in the M.S. degree program to meet the requirements above.

POLICIES**GRADUATE SCHOOL POLICIES**

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES**PRIOR COURSEWORK****Graduate Work from Other Institutions**

With advisor and EM Graduate Studies Committee approval, students may use up to 15 credits of prior graduate coursework that led to a relevant MS degree. Alternatively, with advisor and EM Graduate Studies Committee approval, students may use up to 6 credits of relevant coursework from a prior graduate program. Please review the Graduate Program Handbook (see contact box) for information about use and restrictions to this policy.

UW–Madison Undergraduate

With faculty approval, students who have received their undergraduate degree from UW–Madison may apply up to 7 credits numbered 400 or above toward the minimum graduate degree credit requirement. This work would not be allowed to count toward the 50% graduate coursework minimum unless taken in courses numbered 700 or above. No credits can be counted toward the minimum graduate residence credit requirement. Coursework earned ten years or more prior to admission to a PhD program is not allowed to satisfy requirements.

With faculty approval, students who have received an ABET–accredited undergraduate degree (not including UW–Madison) may be eligible to apply up to 7 credits of their undergraduate coursework toward the Minimum Graduate Degree Credit Requirement. No credits can be counted toward the Minimum Graduate Residence Credit Requirement, nor the Minimum Graduate Coursework (50%) Requirement. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

UW–Madison University Special

With program approval, students are allowed to count up to 15 credits of coursework numbered 400 or above taken as a UW–Madison Special student toward the minimum graduate residence credit requirement, and the minimum graduate degree credit requirement. UW–Madison coursework taken as a University Special student would not be allowed to count toward the 50% graduate coursework minimum unless taken in courses numbered 700 or above. Coursework earned ten years or more prior to admission to a doctoral degree is not allowed to satisfy requirements.

PROBATION

This program follows the Graduate School's Probation policy. (<https://policy.wisc.edu/library/UW-1217/>)

ADVISOR / COMMITTEE

Each student is required to meet with their advisor prior to registration every semester.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

Qualifying Exam: The written portion of the qualifying exam is offered twice a year, once in August/September and once in January, generally the week before classes start. The associated literature review presentation must be completed within the timing limits stated above. 1. If you enter the PhD program directly without an MS or equivalent degree, you will first earn 30 graduate credits. Take your qualifying exam either the first or second time that it is offered after the semester in which you earn those 30 credits. 2. If you earn a UW–Madison Engineering Mechanics MS and immediately enter the PhD program in the following semester, take your qualifying exam either the first or second time it is offered after the semester in which you earned your MS. 3. If you enter the PhD program with an MS degree either from another department or institution, or are returning to UW–Madison with an MS degree after an absence, take the exam at the start of your third PhD semester

Preliminary Exam: Ph.D. students must complete their preliminary exam within five years of passing their qualifying exam.

Dissertation Defense (oral thesis presentation): There must be at least nine (9) months between the preliminary exam and dissertation defense.

A candidate for a doctoral degree who fails to successfully complete the dissertation defense and deposit the dissertation within five years after passing the preliminary examination may be required to take another preliminary examination to be admitted to candidacy a second time.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeeabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Department of Mechanical Engineering Grievance Procedures

If a student feels unfairly treated or aggrieved by faculty, staff, or another student, the University offers several avenues to resolve the grievance. Students' concerns about unfair treatment are best handled directly with the person responsible for the objectionable action. If the student is uncomfortable making direct contact with the individual(s) involved, they should contact the advisor or the person in charge of the unit where the action occurred (program or department chair, section chair, lab manager, etc.). Many departments and schools/colleges have established specific procedures for handling such situations; check their web pages and published handbooks for information. If such procedures exist at the local level, these should be investigated first. For more information see the Graduate School Academic Policies & Procedures: <https://grad.wisc.edu/acadpolicy/?policy=grievancesandappeals>. The Assistant Dean for Graduate Affairs (enr-dean-graduateaffairs@enr.wisc.edu) provides overall leadership for graduate education in the College of Engineering

(CoE), and is a point of contact for graduate students who have concerns about education, mentoring, research, or other difficulties.

1. The student is encouraged to speak first with the person toward whom the grievance is directed to see if a situation can be resolved at this level.
2. Should a satisfactory resolution not be achieved, the student should contact the Associate Chair for Graduate Studies or the John Bollinger Chair of Mechanical Engineering (<https://engineering.wisc.edu/departments/mechanical-engineering/people/>) to discuss the grievance. The Associate Chair for Graduate Studies or Department Chair will facilitate problem resolution through informal channels and facilitate any complaints or issues of students. The first attempt is to help students informally address the grievance prior to any formal complaint. Students are also encouraged to talk with their faculty advisors regarding concerns or difficulties if necessary. University resources for sexual harassment, discrimination, disability accommodations, and other related concerns can be found on the UW Office of Compliance website (<https://compliance.wisc.edu/>). Other campus resources can be found above.
3. If the issue is not resolved to the student's satisfaction the student can submit the grievance to the Associate Chair for Graduate Studies in writing, within 60 calendar days of the alleged unfair treatment.
4. On receipt of a written complaint, a faculty committee will be convened by the Associate Chair for Graduate Studies to manage the grievance. The faculty committee will obtain a written response from the person toward whom the complaint is directed. This response will be shared with the person filing the grievance.
5. The faculty committee will determine a decision regarding the grievance. The Associate Chair for Graduate Studies will report on the action taken by the committee in writing to both the student and the party toward whom the complaint was directed within 15 working days from the date the complaint was received.
6. At this point, if either party (the student or the person toward whom the grievance is directed) is unsatisfied with the decision of the faculty committee, the party may file a written appeal. Either party has 10 working days to file a written appeal to the School/College.
7. Documentation of the grievance will be stored for at least 7 years. Significant grievances that set a precedent will be stored indefinitely.

The Graduate School has procedures for students wishing to appeal a grievance decision made at the school/college level. These policies are described in the Graduate School's Academic Policies & Procedures: <https://grad.wisc.edu/acadpolicy/?policy=grievancesandappeals>.

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

1. Demonstrate an extraordinary, deep understanding of mathematical, scientific, and engineering principles in the field.
2. Demonstrate an ability to formulate, analyze, and independently solve advanced engineering problems.
3. Apply the relevant scientific and technological advancements, techniques, and engineering tools to address these problems.
4. Recognize and apply principles of ethical and professional conduct.
5. Demonstrate an ability to synthesize knowledge from a subset of the biological, physical, and/or social sciences to help frame problems critical to the future of their discipline.
6. Demonstrate an ability to conduct original research and communicate it to their peers.

MECHANICAL ENGINEERING, DOCTORAL MINOR

ADMISSIONS

Students interested in earning the Mechanical Engineering doctoral minor should first contact the ME Graduate Coordinator to learn the requirements, process, and complete the required paperwork.

All Graduate School students must utilize the Graduate Student Portal in MyUW to add, change, or discontinue any doctoral minor or graduate/professional certificate. To apply to this minor, log in to MyUW, click on Graduate Student Portal, and then click on Add/Change Programs. Select the information for the doctoral minor for which you are applying.

REQUIREMENTS

PhD students from departments outside Mechanical Engineering can receive a doctoral minor in Mechanical Engineering. The requirements for the external minor in Mechanical Engineering are listed below. The minor must be approved by the Mechanical Engineering Department. Contact the ME Graduate Coordinator for the form, process, and questions.

Mechanical Engineering Doctoral Minor Requirements:

1. A minimum of 9 formal course credits taken in Mechanical Engineering are required.
2. Courses must be numbered 400 or above in Mechanical Engineering.
3. One of the courses (3 credits) must be numbered 700 or above in Mechanical Engineering.
4. A maximum of one course may be cross-listed with the student's major department.
5. A minimum grade of B or higher is required for all courses taken for the minor. Grades of BC and below are not accepted.
6. Research, independent study, and seminar courses are not permitted.
7. A maximum of 6 credits may be from prior graduate coursework taken at an institution other than UW-Madison.

MECHANICAL ENGINEERING, M.S.

The Department of Mechanical Engineering offers a number of master of science (M.S.) degree programs in Mechanical Engineering.

- M.S. Mechanical Engineering: Research (p. 1380)
- M.S. Mechanical Engineering: Accelerated Program (p. 1366)
- M.S. Mechanical Engineering: Automotive Engineering (<http://guide.wisc.edu/graduate/mechanical-engineering/mechanical-engineering-ms/mechanical-engineering-automotive-engineering-ms/>)
- M.S. Mechanical Engineering: Modeling and Simulation in Mechanical Engineering (p. 1375)

The M.S. Mechanical Engineering degree with a named option in Research takes approximately two years to complete. This program has a significant research component giving students valuable hands-on research experience with mentoring by faculty in the Department of Mechanical Engineering. The M.S. Mechanical Engineering: Research program requires a written thesis and defense.

The M.S. Mechanical Engineering degree with named options in Accelerated Program; Automotive Engineering; and Modeling and Simulation in Mechanical Engineering; each take approximately 3 terms (1 calendar year) to complete. These three programs include only coursework.

All students are mentored by the world-class faculty in the mechanical engineering department at UW–Madison. For a list of mechanical engineering faculty along with faculty research interests, please visit our faculty directory (<https://directory.engr.wisc.edu/display.php/faculty/?page=me&search=faculty>). For more information on research areas see our page on research in Mechanical Engineering (<https://www.engr.wisc.edu/department/mechanical-engineering/research-in-mechanical-engineering/>).

ADMISSIONS

Students apply to the M.S. in Mechanical Engineering through one of the named options:

- M.S. Mechanical Engineering: Research (p. 1380)
- M.S. Mechanical Engineering: Accelerated Program (p. 1366)
- M.S. Mechanical Engineering: Automotive Engineering (p. 1375) (suspended, will be discontinued)
- M.S. Mechanical Engineering: Modeling and Simulation in Mechanical Engineering (<http://guide.wisc.edu/graduate/mechanical-engineering/mechanical-engineering-ms/mechanical-engineering-modeling-simulation-mechanical-engineering-ms/>)

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

There are three mechanisms for Graduate Student funding through the university for Mechanical Engineering M.S. students:

1. Fellowships
2. Graduate assistantships: project assistantships, teaching assistantships, and research assistantships
3. Traineeships

Funding is awarded based on the qualifications of the student, the number of applicants, the amount of available funding, the number of continuing students receiving support, and the degree program a student is enrolled in. Fellowship and research assistantship funding is only considered for thesis-based M.S. students. You can apply for funding for research assistantships by contacting individual faculty members directly. Please

check our website (<http://directory.engr.wisc.edu/me/faculty/>) to look for faculty (only those listed with titles of assistant professor, associate professor, or professor can serve as graduate student advisors). Search for faculty who have research interests that align closely with your own by viewing faculty directory entries, visiting the faculty's website (linked from the directory page), and reviewing publications by the faculty member. Once you have identified faculty with interests close to your own, you are encouraged to contact them by email to inquire regarding available research assistant positions. The admissions office does not know if a particular professor has research assistant positions available.

Students who apply to the M.S. Research program will be automatically considered for fellowship opportunities within the department. Admitted students will be eligible to apply for Teaching Assistantship positions. More information, including the application, will be available to students after admission is complete.

Students enrolled in the M.S. Mechanical Engineering named options in Accelerated Program; Modeling and Simulation in Mechanical Engineering; and Automotive Engineering are strongly discouraged to pursue positions as Project Assistants, Teaching Assistants or Research Assistants during their time in these programs, as the rigor and accelerated nature of these programs may not accommodate those work time commitments. Students in this program will not receive the tuition remission that is typically part of the compensation package for a graduate assistantship.

ADDITIONAL RESOURCES

FEDERAL LOANS

Students who are U.S. citizens or permanent residents may be eligible to receive some level of funding through the federal direct loan program. These loans are available to qualified graduate students who are taking at least 4 credits during the fall and spring semesters, and 2 credits during summer. Private loans are also available. Learn more about financial aid at their website (<https://financialaid.wisc.edu/>).

INTERNATIONAL STUDENT SERVICES FUNDING AND SCHOLARSHIPS

For information on International Student Funding and Scholarships visit the ISS website (<https://iss.wisc.edu/students/new-students/funding-scholarships/>).

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS

CURRICULAR REQUIREMENTS

Requirement Detail

Minimum Credit Requirement	30 credits
----------------------------	------------

Minimum Residence Credit Requirement	See Named Option for policy information.
Minimum Graduate Coursework Requirement	15 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy (https://policy.wisc.edu/library/UW-1244).
Overall Graduate GPA Requirement	3.00 GPA required. This program follows the Graduate School's GPA Requirement policy (https://policy.wisc.edu/library/UW-1203).
Other Grade Requirements	See Named Option for policy information.
Assessments and Examinations	See Named Option for policy information.
Language Requirements	No language requirements.

REQUIRED COURSES

Select a Named Option (p. 1365) for required courses.

NAMED OPTIONS

A named option is a formally documented sub-major within an academic major program. Named options appear on the transcript with degree conferral.

View as listView as grid

- **MECHANICAL ENGINEERING: ACCELERATED PROGRAM, M.S. (P. 1366)**
- **MECHANICAL ENGINEERING: AUTOMOTIVE ENGINEERING, M.S. (P. 1370)**
- **MECHANICAL ENGINEERING: MODELING AND SIMULATION IN MECHANICAL ENGINEERING, M.S. (P. 1375)**
- **MECHANICAL ENGINEERING: RESEARCH, M.S. (P. 1380)**

POLICIES

Students should refer to one of the named options for policy information:

- M.S. Mechanical Engineering: Research (p. 1380)
- M.S. Mechanical Engineering: Accelerated Program (p. 1366)
- M.S. Mechanical Engineering: Automotive Engineering (p. 1375) (suspended, will be discontinued)
- M.S. Mechanical Engineering: Modeling and Simulation in Mechanical Engineering (<http://guide.wisc.edu/graduate/mechanical-engineering/mechanical-engineering-ms/mechanical-engineering-modeling-simulation-mechanical-engineering-ms/>)

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

1. Demonstrate a strong understanding of mathematical, scientific, and engineering principles in the field.
2. Demonstrate an ability to formulate, analyze, and independently solve advanced engineering problems.
3. Apply the relevant scientific and technological advancements, techniques, and engineering tools to address these problems.
4. Recognize and apply principles of ethical and professional conduct.

MECHANICAL ENGINEERING: ACCELERATED PROGRAM, M.S.

This is a named option within the Mechanical Engineering M.S. (p. 1363)

The Department of Mechanical Engineering offers a Master of Science (M.S.) degree in Mechanical Engineering with a named option in Accelerated Program. Graduate students may take coursework in the six Department of Mechanical Engineering emphasis areas: Advanced Manufacturing, Biomechanics, Computation & Data-driven Engineering, Energy Systems, Mechanics, and Robotics, Controls & Sensing. The Accelerated Program takes approximately three terms (one calendar year) to complete. The Accelerated Program only includes coursework. Each student will be assigned an academic advisor, based on emphasis area, from the Department of Mechanical Engineering.

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 15
Spring Deadline	September 1
Summer Deadline	December 15
GRE (Graduate Record Examinations)	Not Required.*
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements (https://grad.wisc.edu/apply/requirements/#english-proficiency).

Other Test(s) (e.g., GMAT, MCAT) n/a

Letters of Recommendation Required 3**

*

If GRE scores are submitted, they will not be used in admission decisions.

**

Applicants earning a degree from the following UW-Madison B.S. programs are not required to obtain any letters of recommendation: any program in the College of Engineering, Computer Sciences, Department of Biological Systems Engineering, or the Applied Mathematics, Engineering and Physics program. *Within the Graduate School application, in the letters of recommendation section, you will need to enter at least one contact. Enter your name, your email address and then select to send the request later. This will allow you to get past this section of the application.*

APPLICATION REQUIREMENTS and PROCESS

Degree: Most applicants have a Bachelor of Science in Mechanical Engineering. Students with a Bachelor of Science in other engineering or physical and natural science disciplines will be considered for admission. International applicants must have a degree comparable to a regionally accredited U.S. bachelor's degree.

GPA: The Department of Mechanical Engineering prefers a 3.2/4.0 GPA. The minimum GPA to be reviewed by the admission committee is 3.0/4.0.

Each application must include the following:

- Graduate School Application (<https://grad.wisc.edu/apply/>)
- Academic transcripts
- Statement of purpose
- Resume/CV
- Three letters of recommendation (*see below for exception*)
- English Proficiency Score (*if required*)
- Application Fee

All applicants must satisfy requirements that are set forth by the Graduate School (<https://grad.wisc.edu/apply/requirements/>). Upon acceptance, students without Mechanical Engineering Bachelor of Science degrees may be required to complete one or more courses in addition to degree requirements to satisfy any deficiencies (this requirement cannot be determined prior to admission).

DEADLINES

To apply to the Mechanical Engineering program, complete applications (<https://grad.wisc.edu/apply/>), including supportive materials, must be submitted as described below and received by the following deadline dates:

- Fall Semester—December 15
- Spring Semester—September 1
- Summer Session—December 15

ACADEMIC TRANSCRIPT

Within the online application, upload the undergraduate transcript(s) and, if applicable, the previous graduate transcript. Unofficial copies of transcripts will be accepted for review, but official copies are required for

admitted students. Please do not send transcripts or any other application materials to the Graduate School or the Department of Mechanical Engineering unless requested. Please review the requirements set by the Graduate School (<https://grad.wisc.edu/apply/requirements/>) for additional information about degrees/transcripts.

STATEMENT OF PURPOSE

In this document, applicants should explain why they want to pursue further education in Mechanical Engineering (see the Graduate School for more advice on how to structure a personal statement (<https://grad.wisc.edu/apply/prepare/>)).

RESUME

Upload your resume in your application.

THREE LETTERS OF RECOMMENDATIONS

These letters are required from people who can accurately judge the applicant's academic and/or work performance. Letters of recommendation are submitted electronically to graduate programs through the online application. See the Graduate School for FAQs (<https://grad.wisc.edu/apply/>) regarding letters of recommendation. Letters of recommendation are due by the deadline listed above.

Exception: Applicants earning a degree from the following UW-Madison B.S. programs are not required to obtain any letters of recommendations: any program in the College of Engineering, Computer Sciences, Department of Biological Systems Engineering, or the Applied Mathematics, Engineering and Physics program. *Within the Graduate School application, in the letters of recommendation section, you will need to enter at least one contact. Enter your name, your email address and then select to send the request later. This will allow you to get past this section of the application.*

ENGLISH PROFICIENCY SCORE

Every applicant whose native language is not English, or whose undergraduate instruction was not in English, must provide an English proficiency test score. The UW-Madison Graduate School accepts TOEFL or IELTS scores. Your score will not be accepted if it is more than two years old from the start of your admission term. Country of citizenship does not exempt applicants from this requirement. Language of instruction at the college or university level and how recent the language instruction was taken are the determining factors in meeting this requirement.

For more information regarding minimum score requirements and exemption policy, please see the Graduate School Requirements for Admission (<https://grad.wisc.edu/apply/requirements/>).

APPLICATION FEE

Submission must be accompanied by the one-time application fee. It is non-refundable and can be paid by credit card (MasterCard or Visa) or debit/ATM. Information about the application fee may be found here (<https://grad.wisc.edu/apply/>) (scroll to the 'Frequently asked questions').

Fee grants are only available through the conditions outlined here by the Graduate School (<https://grad.wisc.edu/apply/fee-grant/>). The Department of Mechanical Engineering is unable to offer fee grants for applicants to this program.

QUESTIONS:

If you have questions, please contact megradadmission@engr.wisc.edu.

RE-ENTRY ADMISSIONS

If you were previously enrolled as a graduate student in the Department of Mechanical Engineering, have not earned your degree, but have had a break in enrollment for a minimum of a fall or spring term, you will need to re-apply to resume your studies. Please review the Graduate School requirements for previously enrolled students (<https://policy.wisc.edu/library/UW-1230/>). Your previous faculty advisor (or another ME faculty advisor) must be willing to supply advising support and should e-mail the ME Graduate Student Services Coordinator regarding next steps in the process.

If you were previously enrolled in a UW-Madison graduate degree, completed that degree, have had a break in enrollment since earning the degree and would now like to apply for another UW-Madison program; you are required to submit a new student application through the UW-Madison Graduate School online application. For ME graduate programs, you must follow the entire application process as described above.

CURRENTLY ENROLLED GRADUATE STUDENT ADMISSIONS

Students currently enrolled as a graduate student at UW-Madison, whether in ME or a non-ME graduate program, wishing to apply to this degree program should contact the ME Graduate Admissions Team (megradadmission@engr.wisc.edu) to inquire about the process and deadlines several months in advance of the anticipated enrollment term. Current students may apply to change or add programs for any term (fall, spring, or summer).

QUESTIONS:

If you have questions, please contact megradadmission@engr.wisc.edu.

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Students enrolled in this program are not eligible to receive tuition remission from graduate assistantship appointments at this institution.

FEDERAL LOANS

Students who are U.S. citizens or permanent residents may be eligible to receive some level of funding through the federal direct loan program. These loans are available to qualified graduate students who are taking at least 4 credits during the fall and spring semesters, and 2 credits during summer. Private loans are also available. Learn more about financial aid at their website (<https://financialaid.wisc.edu/>).

INTERNATIONAL STUDENT SERVICES FUNDING AND SCHOLARSHIPS

For information on International Student Funding and Scholarships visit the ISS website (<https://iss.wisc.edu/students/new-students/funding-scholarships/>).

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

NAMED OPTIONS REQUIREMENTS

Face to Face	Evening/Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	Yes

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW-Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail	
Minimum Credit Requirement	30 credits
Minimum Residence Credit Requirement	18 credits
Minimum Graduate Coursework Requirement	15 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) Requirement Policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/)
Overall Graduate GPA Requirement	3.00 GPA required. This program follows the Graduate School's policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).

Other Grade Requirements Students must earn a C or above in all formal coursework. Students may not have any more than two incompletes on their record at any one time.

Assessments and Examinations None.

Language Requirements No language requirements.

REQUIRED COURSES

Two semesters of M E 903 Graduate Seminar are required. These should be taken the first two semesters the student is in residence.

A minimum of 24 formal course credits are required (minimum of 15 credits in Mechanical Engineering taken at UW-Madison). Acceptable courses are numbered 400 and above. Up to two courses numbered 300-399 in engineering, math, or the sciences may also be used towards the formal course credit requirement (if M E courses, they must be approved by the faculty advisor and the ME Graduate Committee).

For a list of mechanical engineering courses numbered 400 and above, please visit our list of mechanical engineering courses (http://guide.wisc.edu/courses/m_e/).

The remaining 6 credits may be formal credits, independent study credits, or seminar credits (see Graduate Program Handbook for additional guidance). No thesis/research credits are permitted. Up to 3 credits of independent study are permitted but not required.

Advisor Approval of Study Plan

The faculty advisor must always approve the courses a student takes in the MS program. Students should schedule an appointment with their adviser when selecting their courses. During the final semester, the faculty advisor will review the courses taken again and if approved, sign the warrant request form.

Other Policy

Students in this program may not take courses outside the prescribed curriculum without faculty advisor and program director approval. Students in this program cannot enroll concurrently in other undergraduate, graduate or certificate programs.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

NAMED OPTION-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Work from Other Institutions

With program approval, students are allowed to count graduate coursework from other institutions (up to 12 credits) toward the minimum graduate degree credit requirement and the minimum graduate

coursework (50%) requirement. No credits from other institutions can be counted toward the minimum graduate residence credit requirement. Coursework earned five or more years prior to admission is not allowed to satisfy requirements.

UW–Madison Undergraduate

With advisor approval, up to 7 credits numbered 400 or above may be counted toward the minimum graduate degree credit requirement. These credits may be counted toward the minimum graduate coursework (50%) requirement if they are in courses numbered 700 or above. No credits may be counted toward the minimum graduate residence credit requirement. A course at the 300 level can only be transferred from a UW–Madison undergraduate program if it was taken as a technical elective (i.e., non-required course). Coursework earned five or more years prior to admission to a master’s degree is not allowed to satisfy requirements.

UW–Madison University Special

With program approval, students are allowed to count up to 15 credits of coursework numbered 400 or above taken as a UW–Madison Special student toward the minimum graduate residence credit requirement and the minimum graduate degree credit requirement. These credits may be counted toward the minimum graduate coursework (50%) requirement if they are in courses numbered 700 or above. Coursework earned five or more years prior to admission is not allowed to satisfy requirements.

PROBATION

This program follows the Graduate School's Probation policy. (<https://policy.wisc.edu/library/UW-1217/>)

ADVISOR / COMMITTEE

All students will be assigned a mechanical engineering faculty advisor, based on emphasis area, who assists them in planning a course sequence that meets degree requirements and who will discuss career objectives with the students.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

This program follows the Graduate School's Time Limits policy. (<https://policy.wisc.edu/library/UW-1221/>)

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Mechanical Engineering Grievance Procedures

If a student feels unfairly treated or aggrieved by faculty, staff, or another student, the University offers several avenues to resolve the grievance. Students’ concerns about unfair treatment are best handled directly with the person responsible for the objectionable action. If the student is uncomfortable making direct contact with the individual(s) involved, they should contact the advisor or the person in charge of the unit where the action occurred (program or department chair, section chair, lab manager, etc.). Many departments and schools/colleges have established specific procedures for handling such situations; check their web pages and published handbooks for information. If such procedures exist at the local level, these should be investigated first. For more information see the Graduate School Academic Policies & Procedures: <https://grad.wisc.edu/acadpolicy/?policy=grievancesandappeals>. The Assistant Dean for Graduate Affairs (engr-dean-graduateaffairs@engr.wisc.edu) provides overall leadership for graduate education in the College of Engineering (CoE), and is a point of contact for graduate students who have concerns about education, mentoring, research, or other difficulties.

1. The student is encouraged to speak first with the person toward whom the grievance is directed to see if a situation can be resolved at this level.
2. Should a satisfactory resolution not be achieved, the student should contact the Associate Chair for Graduate Studies or the John Bollinger Chair of Mechanical Engineering (<https://engineering.wisc.edu/departments/mechanical-engineering/people/>) to discuss the grievance. The Associate Chair for Graduate Studies or Department Chair will facilitate problem resolution through informal channels and facilitate any complaints or issues of students. The first attempt is to help students informally address the grievance prior to any formal complaint. Students are also encouraged to talk with their faculty advisors regarding concerns or difficulties if necessary. University resources for sexual harassment, discrimination, disability accommodations, and other related concerns can be found on the UW Office of Compliance website (<https://compliance.wisc.edu/>). Other campus resources can be found above.
3. If the issue is not resolved to the student’s satisfaction the student can submit the grievance to the Associate Chair for Graduate Studies in writing, within 60 calendar days of the alleged unfair treatment.
4. On receipt of a written complaint, a faculty committee will be convened by the Associate Chair for Graduate Studies to manage the grievance. The faculty committee will obtain a written response from

the person toward whom the complaint is directed. This response will be shared with the person filing the grievance.

5. The faculty committee will determine a decision regarding the grievance. The Associate Chair for Graduate Studies will report on the action taken by the committee in writing to both the student and the party toward whom the complaint was directed within 15 working days from the date the complaint was received.
6. At this point, if either party (the student or the person toward whom the grievance is directed) is unsatisfied with the decision of the faculty committee, the party may file a written appeal. Either party has 10 working days to file a written appeal to the School/College.
7. Documentation of the grievance will be stored for at least 7 years. Significant grievances that set a precedent will be stored indefinitely.

The Graduate School has procedures for students wishing to appeal a grievance decision made at the school/college level. These policies are described in the Graduate School's Academic Policies & Procedures: <https://grad.wisc.edu/acadpolicy/?policy=grievancesandappeals>.

OTHER

Students are strongly discouraged to pursue positions as Project Assistants, Teaching Assistants or Research Assistants during their time in this program, as the rigor and accelerated nature of this program may not accommodate those work time commitments. Students in this program will not receive the tuition remission that is typically part of the compensation package for a graduate assistantship.

MECHANICAL ENGINEERING: AUTOMOTIVE ENGINEERING, M.S.

Admissions to the Mechanical Engineering: Automotive Engineering, M.S. have been suspended as of spring 2024 and will be discontinued as of fall 2025. If you have any questions, please contact the department.

This is a named option within the Mechanical Engineering M.S. (p. 1363)

The Department of Mechanical Engineering M.S. named option Automotive Engineering is an accelerated on campus degree program (completed in 12 months) geared toward preparing students for a career in the automotive industry. With a strong emphasis on in-cylinder energy conversion processes, graduates of this program will be poised to immediately participate in engine development programs in the automotive, heavy duty, or recreational engine sectors.

ADMISSIONS

Admissions to the Mechanical Engineering: Automotive Engineering, M.S. have been suspended as of spring 2024 and will be discontinued as of fall 2025. If you have any questions, please contact the department.

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 15
Spring Deadline	October 1
Summer Deadline	This program does not admit in the summer.
GRE (Graduate Record Examinations)	Required.*
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements (https://grad.wisc.edu/apply/requirements/#english-proficiency).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3**

*

1) Due to COVID-19, GRE scores will not be required for applications to Mechanical Engineering graduate programs for admission to the Spring 2023, Summer 2023, and Fall 2023 terms.

2) Applicants earning a degree from the following UW-Madison B.S. programs are not required to submit GRE scores for the Master of Science in Mechanical Engineering, Automotive Engineering application: (1) any program in the College of Engineering, (2) Computer Sciences, (3) Department of Biological Systems Engineering, or (4) the Applied Mathematics, Engineering and Physics program. All other applicants must submit GRE scores.

**

Applicants earning a degree from the following UW-Madison B.S. programs are not required to obtain any letters of recommendation: any program in the College of Engineering, Computer Sciences, Department of Biological Systems Engineering, or the Applied Mathematics, Engineering and Physics program. *Within the Graduate School application, in the letters of recommendation section, you will need to enter at least one contact. Enter your name, your email address and then select to send the request later. This will allow you to get past this section of the application.*

APPLICATION REQUIREMENTS and PROCESS

Degree: Most applicants have a Bachelor of Science in Mechanical Engineering. Students with a Bachelor of Science in other engineering or physical and natural science disciplines will be considered for admission. International applicants must have a degree comparable to a regionally accredited U.S. bachelor's degree.

GPA: The Department of Mechanical Engineering prefers a 3.2/4.0 GPA. The minimum GPA to be reviewed by the admission committee is 3.0/4.0.

GRE: The GRE requirement is waived for applications to the Spring 2023, Summer 2023, and Fall 2023 terms. Any scores submitted will not be reviewed.

Each application must include the following:

- Graduate School Application (<https://grad.wisc.edu/apply/>)
- Academic transcripts
- Statement of purpose
- Resume/CV
- Three letters of recommendation (*see below for exception*)
- English Proficiency Score (*if required*)
- Application Fee

All applicants must satisfy requirements that are set forth by the Graduate School (<https://grad.wisc.edu/apply/requirements/>). Upon acceptance, students without Mechanical Engineering Bachelor of Science degrees may be required to complete one or more courses in addition to degree requirements to satisfy any deficiencies (this requirement cannot be determined prior to admission).

DEADLINES

To apply to the Mechanical Engineering program, complete applications (<https://grad.wisc.edu/apply/>), including supportive materials, must be submitted as described below and received by the following deadline dates:

- Fall Semester—December 15
- Spring Semester—October 1
- Summer Session—December 15

ACADEMIC TRANSCRIPT

Electronically submit one copy of your transcript of all undergraduate and previous graduate work along with your online application to the Graduate School. Unofficial copies of transcripts will be accepted for review, but official copies are required for admitted students. Please do not send transcripts or any other application materials to the Graduate School or the Mechanical Engineering department unless requested. Please review the requirements set by the Graduate School (<https://grad.wisc.edu/apply/requirements/>) for additional information about degrees/transcripts.

STATEMENT OF PURPOSE

In this document, applicants should explain why they want to pursue further education in Mechanical Engineering (see the Graduate School for more advice on how to structure a personal statement (<https://grad.wisc.edu/apply/prepare/>)).

RESUME

Upload your resume in your application.

THREE LETTERS OF RECOMMENDATION

These letters are required from people who can accurately judge the applicant's academic and/or work performance. Letters of recommendation are submitted electronically to graduate programs

through the online application. See the Graduate School for FAQs (<https://grad.wisc.edu/apply/>) regarding letters of recommendation.

Exception: Applicants earning a degree from the following UW-Madison B.S. programs are not required to obtain any letters of recommendations: any program in the College of Engineering, Computer Sciences, Department of Biological Systems Engineering, or the Applied Mathematics, Engineering and Physics program. *Within the Graduate School application, in the letters of recommendation section, you will need to enter at least one contact. Enter your name, your email address and then select to send the request later. This will allow you to get past this section of the application.*

GRE SCORES

The GRE requirement is waived for applications to the Spring 2023, Summer 2023, and Fall 2023 terms. Any scores submitted will not be reviewed.

ENGLISH PROFICIENCY SCORE

Every applicant whose native language is not English, or whose undergraduate instruction was not in English, must provide an English proficiency test score. The UW-Madison Graduate School accepts TOEFL or IELTS scores. Your score will not be accepted if it is more than two years old from the start of your admission term. Country of citizenship does not exempt applicants from this requirement. Language of instruction at the college or university level and how recent the language instruction was taken are the determining factors in meeting this requirement.

For more information regarding minimum score requirements and exemption policy, please see the Graduate School Requirements for Admission (<https://grad.wisc.edu/apply/requirements/>).

APPLICATION FEE

Submission must be accompanied by the one-time application fee. It is non-refundable and can be paid by credit card (Master Card or Visa) or debit/ATM. Information about the application fee may be found here (<https://grad.wisc.edu/apply/>) (scroll to the 'Frequently asked questions').

Fee grants are only available through the conditions outlined here by the Graduate School (<https://grad.wisc.edu/apply/fee-grant/>). The Department of Mechanical Engineering is unable to offer fee grants for applicants to this program.

QUESTIONS:

If you have questions, please contact megradadmission@engr.wisc.edu.

RE-ENTRY ADMISSIONS

If you were previously enrolled as a graduate student in the Department of Mechanical Engineering, have not earned your degree, but have had a break in enrollment for a minimum of a fall or spring term, you will need to re-apply to resume your studies. Please review the Graduate School requirements for previously enrolled students (<https://policy.wisc.edu/library/UW-1230/>). Your previous faculty advisor (or another ME faculty advisor) must be willing to supply advising support and should e-mail the ME Graduate Student Services Coordinator regarding next steps in the process.

If you were previously enrolled in a UW-Madison graduate degree, completed that degree, have had a break in enrollment since earning the

degree and would now like to apply for another UW-Madison program; you are required to submit a new student application through the UW-Madison Graduate School online application. For ME graduate programs, you must follow the entire application process as described above.

CURRENTLY ENROLLED GRADUATE STUDENT ADMISSIONS

Students currently enrolled as a graduate student at UW-Madison, whether in ME or a non-ME graduate program, wishing to apply to this degree program should contact the ME Graduate Admissions Team (megradadmission@engr.wisc.edu) to inquire about the process and deadlines several months in advance of the anticipated enrollment term. Current students may apply to change or add programs for any term (fall, spring, or summer).

QUESTIONS:

If you have questions, please contact megradadmission@engr.wisc.edu.

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Students enrolled in this program are not eligible to receive tuition remission from graduate assistantship appointments at this institution.

FEDERAL LOANS

Students who are U.S. citizens or permanent residents may be eligible to receive some level of funding through the federal direct loan program. These loans are available to qualified graduate students who are taking at least 4 credits during the fall and spring semesters, and 2 credits during summer. Private loans are also available. Learn more about financial aid at their website (<https://financialaid.wisc.edu/>).

INTERNATIONAL STUDENT SERVICES FUNDING AND SCHOLARSHIPS

For information on International Student Funding and Scholarships visit the ISS website (<https://iss.wisc.edu/students/new-students/funding-scholarships/>).

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

NAMED OPTION REQUIREMENTS MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	Yes

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW–Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail	
Minimum Credit Requirement	30 credits
Minimum Residence Credit Requirement	18 credits
Minimum Graduate Coursework Requirement	15 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy (https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/)).
Overall Graduate GPA Requirement	3.00 GPA required. This program follows the Graduate School's GPA Requirement policy (https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/)).
Other Grade Requirements	Students must earn a C or above in all formal coursework. Students may not have any more than two incompletes on their record at any one time.
Assessments and Examinations	None.
Language Requirements	No language requirements.

REQUIRED COURSES

A minimum of 24 formal course credits are required (minimum of 15 credits in Mechanical Engineering taken at UW–Madison).

Code	Title	Credits
M E 903	Graduate Seminar (Two semesters are required and must be taken the first two semesters.)	0
A minimum of 12 credits (4 courses) must be taken from the courses listed:		
M E 461	Thermal Systems Modeling	
M E 466	Air Pollution Effects, Measurements and Control	
M E 469	Internal Combustion Engines	
M E 561	Intermediate Thermodynamics	
M E 563	Intermediate Fluid Dynamics	
M E 564	Heat Transfer	
M E 569	Applied Combustion	
M E 572	Intermediate Gas Dynamics	
M E 573	Computational Fluid Dynamics	
M E 761	Topics in Thermodynamics	
M E 764	Advanced Heat Transfer I- Conduction	
M E 769	Combustion Processes	
M E 770	Advanced Experimental Instrumentation	
M E 774	Chem Kinetics of Combust Systems	
M E/CIV ENGR/ E M A 775	Turbulent Heat and Momentum Transfer	

During the summer term, students are required to enroll in the following 6 credits:

M E 669	Engine Experiments	3
M E 673	Internal Combustion Engine Simulations	3

Advisor Approval of Study Plan

The faculty advisor must always approve the courses a student takes in the MS program. Students should schedule an appointment with their adviser when selecting their courses. During the final semester, the faculty advisor will review the courses taken again and if approved, sign the warrant request form.

Other Policy

Students in this program may not take courses outside the prescribed curriculum without faculty advisor and program director approval. Students in this program cannot enroll concurrently in other undergraduate, graduate or certificate programs.

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding

general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

NAMED OPTION-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Work from Other Institutions

With program approval, students are allowed to count graduate coursework from other institutions (up to 12 credits) toward the minimum graduate degree credit requirement and the minimum graduate coursework (50%) requirement. No credits from other institutions can be counted toward the minimum graduate residence credit requirement. Coursework earned five or more years prior to admission is not allowed to satisfy requirements.

UW–Madison Undergraduate

With advisor approval, up to 7 credits numbered 400 or above may be counted toward the minimum graduate degree credit requirement. These credits may be counted toward the minimum graduate coursework (50%) requirement if they are in courses numbered 700 or above. No credits may be counted toward the minimum graduate residence credit requirement. A course at the 300 level can only be transferred from a UW–Madison undergraduate program if it was taken as a technical elective (i.e., non-required course). Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

UW–Madison University Special

With program approval, students are allowed to count up to 15 credits of coursework numbered 400 or above taken as a UW–Madison Special student toward the minimum graduate residence credit requirement and the minimum graduate degree credit requirement. These credits may be counted toward the minimum graduate coursework (50%) requirement if they are in courses numbered 700 or above. Coursework earned five or more years prior to admission is not allowed to satisfy requirements.

PROBATION

This program follows the Graduate School's Probation policy. (<https://policy.wisc.edu/library/UW-1217/>)

ADVISOR / COMMITTEE

All students will be assigned a mechanical engineering faculty advisor who assists them in planning a course sequence that meets degrees requirements and who will discuss career objectives with the students.

CREDITS PER TERM ALLOWED

15 credits

TIME CONSTRAINTS

This program follows the Graduate School's Time Limits policy. (<https://policy.wisc.edu/library/UW-1221/>)

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)

- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeeedisabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Mechanical Engineering Grievance Procedures

If a student feels unfairly treated or aggrieved by faculty, staff, or another student, the University offers several avenues to resolve the grievance. Students' concerns about unfair treatment are best handled directly with the person responsible for the objectionable action. If the student is uncomfortable making direct contact with the individual(s) involved, they should contact the advisor or the person in charge of the unit where the action occurred (program or department chair, section chair, lab manager, etc.). Many departments and schools/colleges have established specific procedures for handling such situations; check their web pages and published handbooks for information. If such procedures exist at the local level, these should be investigated first. For more information see the Graduate School Academic Policies & Procedures: <https://grad.wisc.edu/acadpolicy/?policy=grievancesandappeals>. The Assistant Dean for Graduate Affairs (enr-dean-graduateaffairs@enr.wisc.edu) provides overall leadership for graduate education in the College of Engineering (CoE), and is a point of contact for graduate students who have concerns about education, mentoring, research, or other difficulties.

1. The student is encouraged to speak first with the person toward whom the grievance is directed to see if a situation can be resolved at this level.
2. Should a satisfactory resolution not be achieved, the student should contact the Associate Chair for Graduate Studies or the John Bollinger Chair of Mechanical Engineering (<https://engineering.wisc.edu/departments/mechanical-engineering/people/>) to discuss the grievance. The Graduate Committee Chair or Department Chair will facilitate problem resolution through informal channels and facilitate any complaints or issues of students. The first attempt is to help students informally address the grievance prior to any formal complaint. Students are also encouraged to talk with their faculty advisors regarding concerns or difficulties if necessary. University resources for sexual harassment, discrimination, disability

accommodations, and other related concerns can be found on the UW Office of Compliance website (<https://compliance.wisc.edu/>). Other campus resources can be found above.

- If the issue is not resolved to the student's satisfaction the student can submit the grievance to the Graduate Committee Chair in writing, within 60 calendar days of the alleged unfair treatment.
- On receipt of a written complaint, a faculty committee will be convened by the Graduate Committee Chair to manage the grievance. The faculty committee will obtain a written response from the person toward whom the complaint is directed. This response will be shared with the person filing the grievance.
- The faculty committee will determine a decision regarding the grievance. The Graduate Committee Chair will report on the action taken by the committee in writing to both the student and the party toward whom the complaint was directed within 15 working days from the date the complaint was received.
- At this point, if either party (the student or the person toward whom the grievance is directed) is unsatisfied with the decision of the faculty committee, the party may file a written appeal. Either party has 10 working days to file a written appeal to the School/College.
- Documentation of the grievance will be stored for at least 7 years. Significant grievances that set a precedent will be stored indefinitely.

The Graduate School has procedures for students wishing to appeal a grievance decision made at the school/college level. These policies are described in the Graduate School's Academic Policies & Procedures: <https://grad.wisc.edu/acadpolicy/?policy=grievancesandappeals>.

OTHER

Students are strongly discouraged to pursue positions as Project Assistants, Teaching Assistants or Research Assistants during their time in this program, as the rigor and accelerated nature of this program may not accommodate those work time commitments. Students in this program will not receive the tuition remission that is typically part of the compensation package for a graduate assistantship.

MECHANICAL ENGINEERING: MODELING AND SIMULATION IN MECHANICAL ENGINEERING, M.S.

This is a named option within the Mechanical Engineering M.S. (p. 1363)

The Department of Mechanical Engineering M.S. named option Modeling and Simulation in Mechanical Engineering is an accelerated, coursework only, on campus degree program (completed in 12 months) with a stated objective of endowing the student with computational engineering literacy and a strong modeling and simulation skillset. This degree program prepares individuals who are interested in mastering the use of computers for the end goal of solving challenging engineering problems via simulation.

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 15
Spring Deadline	September 1
Summer Deadline	December 15
GRE (Graduate Record Examinations)	Not required.*
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements (https://grad.wisc.edu/apply/requirements/#english-proficiency).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3**

* If GRE scores are submitted, they will not be used in admission decisions.

** Applicants earning a degree from the following UW-Madison B.S. programs are not required to obtain any letters of recommendation: any program in the College of Engineering, Computer Sciences, Department of Biological Systems Engineering, or the Applied Mathematics, Engineering and Physics program. *Within the Graduate School application, in the letters of recommendation section, you will need to enter at least one contact. Enter your name, your email address and then select to send the request later. This will allow you to get past this section of the application.*

APPLICATION REQUIREMENTS and PROCESS

Degree: Most applicants have a Bachelor of Science in Mechanical Engineering. Students with a Bachelor of Science in other engineering or physical and natural science disciplines will be considered for admission. International applicants must have a degree comparable to a regionally accredited U.S. bachelor's degree.

GPA: The Department of Mechanical Engineering prefers a 3.2/4.0 GPA. The minimum GPA to be reviewed by the admission committee is 3.0/4.0.

Each application must include the following:

- Graduate School Application (<https://grad.wisc.edu/apply/>)
- Academic transcripts
- Statement of purpose
- Resume/CV
- Three letters of recommendation (*see below for exception*)
- English Proficiency Score (*if required*)
- Application Fee

All applicants must satisfy requirements that are set forth by the Graduate School (<https://grad.wisc.edu/apply/requirements/>). Upon acceptance, students without Mechanical Engineering Bachelor of Science degrees may be required to complete one or more courses in addition to degree requirements to satisfy any deficiencies (this requirement cannot be determined prior to admission).

DEADLINES

To apply to the Mechanical Engineering program, complete applications (<https://grad.wisc.edu/apply/>), including supportive materials, must be submitted as described below and received by the following deadline dates:

- Fall Semester—December 15
- Spring Semester—September 1
- Summer Session—December 15

ACADEMIC TRANSCRIPT

Within the online application, upload the undergraduate transcript(s) and, if applicable, the previous graduate transcript. Unofficial copies of transcripts will be accepted for review, but official copies are required for admitted students. Please do not send transcripts or any other application materials to the Graduate School or the Department of Mechanical Engineering unless requested. Please review the requirements set by the Graduate School (<https://grad.wisc.edu/apply/requirements/>) for additional information about degrees/transcripts.

STATEMENT OF PURPOSE

In this document, applicants should explain why they want to pursue further education in Mechanical Engineering (see the Graduate School for more advice on how to structure a personal statement (<https://grad.wisc.edu/apply/prepare/>)).

RESUME

Upload your resume in your application.

THREE LETTERS OF RECOMMENDATION

These letters are required from people who can accurately judge the applicant's academic and/or work performance. Letters of recommendation are submitted electronically to graduate programs through the online application. See the Graduate School for FAQs (<https://grad.wisc.edu/apply/>) regarding letters of recommendation. Letters of recommendation are due by the deadline listed above.

Exception: Applicants earning a degree from the following UW-Madison B.S. programs are not required to obtain any letters of recommendation: any program in the College of Engineering, Computer Sciences, Department of Biological Systems Engineering, or the Applied Mathematics, Engineering and Physics program. *Within the Graduate School application, in the letters of recommendation section, you will need to enter at least one contact. Enter your name, your email address and then select to send the request later. This will allow you to get past this section of the application.*

ENGLISH PROFICIENCY SCORE

Every applicant whose native language is not English, or whose undergraduate instruction was not in English, must provide an English proficiency test score. The UW-Madison Graduate School accepts TOEFL

or IELTS scores. Your score will not be accepted if it is more than two years old from the start of your admission term. Country of citizenship does not exempt applicants from this requirement. Language of instruction at the college or university level and how recent the language instruction was taken are the determining factors in meeting this requirement.

For more information regarding minimum score requirements and exemption policy, please see the Graduate School Requirements for Admission (<https://grad.wisc.edu/apply/requirements/>).

APPLICATION FEE

Submission must be accompanied by the one-time application fee. It is non-refundable and can be paid by credit card (MasterCard or Visa) or debit/ATM. Information about the application fee may be found here (<https://grad.wisc.edu/apply/>) (scroll to the 'Frequently asked questions').

Fee grants are only available through the conditions outlined here by the Graduate School (<https://grad.wisc.edu/apply/fee-grant/>). The Department of Mechanical Engineering is unable to offer fee grants for applicants to this program.

QUESTIONS:

If you have questions, please contact megradadmission@engr.wisc.edu.

RE-ENTRY ADMISSIONS

If you were previously enrolled as a graduate student in the Department of Mechanical Engineering, have not earned your degree, but have had a break in enrollment for a minimum of a fall or spring term, you will need to re-apply to resume your studies. Please review the Graduate School requirements for previously enrolled students (<https://policy.wisc.edu/library/UW-1230/>). Your previous faculty advisor (or another ME faculty advisor) must be willing to supply advising support and should e-mail the ME Graduate Student Services Coordinator regarding next steps in the process.

If you were previously enrolled in a UW-Madison graduate degree, completed that degree, have had a break in enrollment since earning the degree and would now like to apply for another UW-Madison program; you are required to submit a new student application through the UW-Madison Graduate School online application. For ME graduate programs, you must follow the entire application process as described above.

CURRENTLY ENROLLED GRADUATE STUDENT ADMISSIONS

Students currently enrolled as a graduate student at UW-Madison, whether in ME or a non-ME graduate program, wishing to apply to this degree program should contact the ME Graduate Admissions Team (megradadmission@engr.wisc.edu) to inquire about the process and deadlines several months in advance of the anticipated enrollment term. Current students may apply to change or add programs for any term (fall, spring, or summer).

QUESTIONS:

If you have questions, please contact megradadmission@engr.wisc.edu.

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Students enrolled in this program are not eligible to receive tuition remission from graduate assistantship appointments at this institution.

FEDERAL LOANS

Students who are U.S. citizens or permanent residents may be eligible to receive some level of funding through the federal direct loan program. These loans are available to qualified graduate students who are taking at least 4 credits during the fall and spring semesters, and 2 credits during summer. Private loans are also available. Learn more about financial aid at their website (<https://financialaid.wisc.edu/>).

INTERNATIONAL STUDENT SERVICES FUNDING AND SCHOLARSHIPS

For information on International Student Funding and Scholarships visit the ISS website (<https://iss.wisc.edu/students/new-students/funding-scholarships/>).

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

NAMED OPTION REQUIREMENTS MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	Yes

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW-Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail	
Minimum Credit Requirement	30 credits
Minimum Residence Credit Requirement	18 credits
Minimum Graduate Coursework Requirement	15 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) Requirement Policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/)
Overall Graduate GPA Requirement	3.00 GPA required. This program follows the Graduate School's GPA Requirement policy (https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/)).
Other Grade Requirements	Students must earn a C or above in all formal coursework. Students may not have more than two incompletes on their record at any one time.
Assessments and Examinations	None.
Language Requirements	No language requirements.

REQUIRED COURSES

A minimum of 24 formal course credits are required (minimum of 15 formal credits in Mechanical Engineering (M E) taken at UW-Madison). Requirements in the course list below must be completed as indicated.

Acceptable courses are numbered 400 and above.

No thesis/research credits are permitted. Up to 6 credits of independent study are permitted but not required. Up to 3 credits of seminar are permitted.

Code	Title	Credits
M E 903	Graduate Seminar (Two semesters are required and must be taken in the first two semesters.)	0

A minimum of 6 courses (18 credits total) must be taken from the courses listed:

M E 440	Intermediate Vibrations
M E 451	Kinematics and Dynamics of Machine Systems
M E 459	Computing Concepts for Applications in Engineering
M E 460	Applied Thermal / Structural Finite Element Analysis
M E 468	Computer Modeling and Simulation of Autonomous Vehicles and Robots
M E 531	Digital Design and Manufacturing

M E/B M E 516	Finite Elements for Biological and Other Soft Materials
M E/COMP SCI/ E C E 532	Matrix Methods in Machine Learning
M E 535	Computer-Aided Geometric Design
M E 548	Introduction to Design Optimization
M E/COMP SCI/ I S Y E 558	Introduction to Computational Geometry
M E 564	Heat Transfer
M E 573	Computational Fluid Dynamics
M E 601	Special Topics in Mechanical Engineering (Applied & Computational Math w/Engineering Apps)
M E/E C E 739	Kinematics, Dynamics, and Control of Robotic Manipulators
M E 748	Optimum Design of Mechanical Elements and Systems
M E 751	Advanced Computational Dynamics
M E/COMP SCI/ E C E/E M A/ E P 759	High Performance Computing for Applications in Engineering
M E 764	Advanced Heat Transfer I-Conduction
M E 964	Special Advanced Topics in Mechanical Engineering (Topic: "Sci Computing for Apps in Eng")
E M A 521	Aerodynamics
E M A 522	Aerodynamics Lab

Advisor Approval of Study Plan

The faculty advisor must always approve the courses a student takes in the MS program. Students should schedule an appointment with their advisor when selecting their courses. During the final semester, the faculty advisor will review the courses taken again and if approved, sign the warrant request form.

Other Policy

Students in this program may not take courses outside the prescribed curriculum without faculty advisor and program director approval. Students in this program cannot enroll concurrently in other undergraduate, graduate or certificate programs.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

NAMED OPTION-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Work from Other Institutions

With program approval, students are allowed to count graduate coursework from other institutions (up to 12 credits) toward the minimum graduate degree credit requirement and the minimum graduate coursework (50%) requirement. No credits from other institutions can be counted toward the minimum graduate residence credit requirement. Coursework earned five or more years prior to admission is not allowed to satisfy requirements.

UW–Madison Undergraduate

With advisor approval, up to 7 credits numbered 400 or above may be counted toward the minimum graduate degree credit requirement. These credits may be counted toward the minimum graduate coursework (50%) requirement if they are in courses numbered 700 or above. No credits may be counted toward the minimum graduate residence credit requirement. A course at the 300 level can only be transferred from a UW–Madison undergraduate program if it was taken as a technical elective (i.e., non-required course). Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

UW–Madison University Special

With program approval, and payment of the difference in tuition, students are allowed to count up to 15 credits of coursework numbered 400 or above taken as a UW–Madison Special student toward the minimum graduate residence credit requirement and the minimum graduate degree credit requirement. These credits may be counted toward the minimum graduate coursework (50%) requirement if they are in courses numbered 700 or above. Coursework earned five or more years prior to admission is not allowed to satisfy requirements.

PROBATION

This program follows the Graduate School's Probation policy. (<https://policy.wisc.edu/library/UW-1217/>)

ADVISOR / COMMITTEE

All students will be assigned a mechanical engineering faculty advisor who assists them in planning a course sequence that meets degrees requirements and who will discuss career objectives with the students.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

This program follows the Graduate School's Time Limits policy. (<https://policy.wisc.edu/library/UW-1221/>)

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)

- Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Mechanical Engineering Grievance Procedures

If a student feels unfairly treated or aggrieved by faculty, staff, or another student, the University offers several avenues to resolve the grievance. Students' concerns about unfair treatment are best handled directly with the person responsible for the objectionable action. If the student is uncomfortable making direct contact with the individual(s) involved, they should contact the advisor or the person in charge of the unit where the action occurred (program or department chair, section chair, lab manager, etc.). Many departments and schools/colleges have established specific procedures for handling such situations; check their web pages and published handbooks for information. If such procedures exist at the local level, these should be investigated first. For more information see the Graduate School Academic Policies & Procedures: <https://grad.wisc.edu/acadpolicy/?policy=grievancesandappeals>. The Assistant Dean for Graduate Affairs (enr-dean-graduateaffairs@enr.wisc.edu) provides overall leadership for graduate education in the College of Engineering (CoE), and is a point of contact for graduate students who have concerns about education, mentoring, research, or other difficulties.

1. The student is encouraged to speak first with the person toward whom the grievance is directed to see if a situation can be resolved at this level.
2. Should a satisfactory resolution not be achieved, the student should contact the Associate Chair for Graduate Studies or the John Bollinger Chair of Mechanical Engineering (<https://engineering.wisc.edu/departments/mechanical-engineering/people/>) to discuss the grievance. The Associate Chair for Graduate Studies or Department Chair will facilitate problem resolution through informal channels and facilitate any complaints or issues of students. The first attempt is to help students informally address the grievance prior to any formal complaint. Students are also encouraged to talk with their faculty advisors regarding concerns or difficulties if necessary. University resources for sexual harassment, discrimination, disability accommodations, and other related concerns

can be found on the UW Office of Compliance website (<https://compliance.wisc.edu/>). Other campus resources can be found above.

3. If the issue is not resolved to the student's satisfaction the student can submit the grievance to the Associate Chair for Graduate Studies in writing, within 60 calendar days of the alleged unfair treatment.
4. On receipt of a written complaint, a faculty committee will be convened by the Associate Chair for Graduate Studies to manage the grievance. The faculty committee will obtain a written response from the person toward whom the complaint is directed. This response will be shared with the person filing the grievance.
5. The faculty committee will determine a decision regarding the grievance. The Associate Chair for Graduate Studies will report on the action taken by the committee in writing to both the student and the party toward whom the complaint was directed within 15 working days from the date the complaint was received.
6. At this point, if either party (the student or the person toward whom the grievance is directed) is unsatisfied with the decision of the faculty committee, the party may file a written appeal. Either party has 10 working days to file a written appeal to the School/College.
7. Documentation of the grievance will be stored for at least 7 years. Significant grievances that set a precedent will be stored indefinitely.

The Graduate School has procedures for students wishing to appeal a grievance decision made at the school/college level. These policies are described in the Graduate School's Academic Policies & Procedures: <https://grad.wisc.edu/acadpolicy/?policy=grievancesandappeals>.

OTHER

Students are strongly discouraged to pursue positions as Project Assistants, Teaching Assistants or Research Assistants during their time in this program, as the rigor and accelerated nature of this program may not accommodate those work time commitments. Students in this program will not receive the tuition remission that is typically part of the compensation package for a graduate assistantship.

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

MECHANICAL ENGINEERING: RESEARCH, M.S.

This is a named option in the Mechanical Engineering M.S. (p. 1363)

The Department of Mechanical Engineering offers a Master of Science (M.S.) Mechanical Engineering degree with a named option in Research. The M.S. Mechanical Engineering: Research degree program takes approximately two years to complete. This program has a significant research component giving students valuable hands-on research experience. Broad research themes within the department include: biomechanics, computational engineering and design, energy systems, advanced manufacturing, mechanics, and robotics, controls and sensing. Excellent research facilities are available for specialized research within these broad areas for studies in: biomechanics, combustion, computational design, controls, cryogenics, dynamics and vibrations, fluid dynamics, fluid power, geometric modeling and prototyping, heat and mass transfer, internal combustion engines, laser diagnostics, manufacturing processes, mechanics, mechatronics, polymer and

composites processing, powertrain control, robotics, solar energy, and more.

All students are mentored by the world-class faculty in the mechanical engineering department at UW–Madison. For a list of mechanical engineering faculty along with faculty research interests, please visit our faculty directory (<https://directory.engr.wisc.edu/display.php/faculty/?page=me&search=faculty>). For more information on research areas see our page on research in Mechanical Engineering (<https://www.engr.wisc.edu/department/mechanical-engineering/research-in-mechanical-engineering/>).

ADMISSIONS

Please consult the table below for key information about this degree program’s admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program’s website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 15
Spring Deadline	September 1
Summer Deadline	December 15
GRE (Graduate Record Examinations)	Not Required.*
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements (https://grad.wisc.edu/apply/requirements/#english-proficiency).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

* If GRE scores are submitted, they will not be used in admission decisions.

APPLICATION REQUIREMENTS and PROCESS

Degree: Most applicants have a Bachelor of Science in Mechanical Engineering. Students with a Bachelor of Science in other engineering or physical and natural science disciplines will be considered for admission. International applicants must have a degree comparable to a regionally accredited U.S. bachelor’s degree.

GPA: The Department of Mechanical Engineering prefers a 3.2/4.0 GPA. The minimum GPA to be reviewed by the admission committee is 3.0/4.0.

Advisor selection process: Applicants are required to seek out and secure their own faculty advisor. International students must

complete this process as part of the application process, before an offer of admission may be granted. To seek out a faculty advisor please review the department Research (<https://engineering.wisc.edu/departments/mechanical-engineering/research/>) and People (<https://directory.engr.wisc.edu/me/faculty/>) websites. Only those faculty listed with titles of Assistant Professor, Associate Professor, or Professor, can serve as graduate advisors. Do not contact Emeritus faculty, Lecturers, Research Scientists, or Faculty Associates. You are encouraged to inquire about possible funding opportunities. If a faculty member offers to be your advisor, ask them to email their acceptance to megradadmission@engr.wisc.edu.

Each application must include the following:

- Graduate School Application (<https://grad.wisc.edu/apply/>)
- Academic transcripts
- Statement of purpose
- Resume/CV
- Three letters of recommendation
- English Proficiency Score (*if required*)
- Application Fee

All applicants must satisfy requirements that are set forth by the Graduate School (<https://grad.wisc.edu/>). Upon acceptance, students without Mechanical Engineering Bachelor of Science degrees may be required to complete one or more courses in addition to degree requirements to satisfy any deficiencies (this requirement cannot be determined prior to admission).

DEADLINES

To apply to the Mechanical Engineering program, complete applications (<https://grad.wisc.edu/apply/>), including supportive materials, must be submitted as described below and received by the following deadline dates:

- Fall Semester—December 15
- Spring Semester—September 1
- Summer Session—December 15

ACADEMIC TRANSCRIPT

Within the online application, upload the undergraduate transcript(s) and, if applicable, the previous graduate transcript. Unofficial copies of transcripts will be accepted for review, but official copies are required for admitted students. Please do not send transcripts or any other application materials to the Graduate School or the Department of Mechanical Engineering unless requested. Please review the requirements set by the Graduate School (<https://grad.wisc.edu/apply/requirements/>) for additional information about degrees/transcripts.

STATEMENT OF PURPOSE

In this document, applicants should explain why they want to pursue further education in Mechanical Engineering and discuss which UW faculty members they would be interested in doing research with during their graduate study (see the Graduate School for more advice on how to structure a personal statement (<https://grad.wisc.edu/apply/prepare/>)).

RESUME

Upload your resume in your application.

THREE LETTERS OF RECOMMENDATIONS

These letters are required from people who can accurately judge the applicant's academic, research, and/or work performance. Letters of recommendation are submitted electronically to graduate programs through the online application. See the Graduate School for FAQs (<https://grad.wisc.edu/apply/>) regarding letters of recommendation. Letters of recommendation are due by the deadline listed above.

ENGLISH PROFICIENCY SCORE

Every applicant whose native language is not English, or whose undergraduate instruction was not in English, must provide an English proficiency test score. The UW-Madison Graduate School accepts TOEFL or IELTS scores. Your score will not be accepted if it is more than two years old from the start of your admission term. Country of citizenship does not exempt applicants from this requirement. Language of instruction at the college or university level and how recent the language instruction was taken are the determining factors in meeting this requirement.

For more information regarding minimum score requirements and exemption policy, please see the Graduate School Requirements for Admission (<https://grad.wisc.edu/apply/requirements/>).

APPLICATION FEE

Submission must be accompanied by the one-time application fee. It is non-refundable and can be paid by credit card (MasterCard or Visa) or debit/ATM. Information about the application fee may be found here (<https://grad.wisc.edu/apply/>) (scroll to the 'Frequently asked questions').

Fee grants are available through the conditions outlined here by the Graduate School (<https://grad.wisc.edu/apply/fee-grant/>). Applicants who do not qualify for a fee grant as explained above, may seek out a Mechanical Engineering faculty advisor and discuss the fee grant option with that individual. If the faculty advisor is able and willing to pay the application fee for the applicant, the faculty advisor should contact the ME Associate Chair for Graduate Studies or the ME Graduate Admissions Team (megradadmission@engr.wisc.edu) for assistance.

QUESTIONS:

If you have questions, please contact megradadmission@engr.wisc.edu.

RE-ENTRY ADMISSIONS

If you were previously enrolled as a graduate student in the Department of Mechanical Engineering, have not earned your degree, but have had a break in enrollment for a minimum of a fall or spring term, you will need to re-apply to resume your studies. Please review the Graduate School requirements for previously enrolled students (<https://policy.wisc.edu/library/UW-1230/>). Your previous faculty advisor (or another ME faculty advisor) must be willing to supply advising support and should e-mail the ME Graduate Student Services Coordinator regarding next steps in the process.

If you were previously enrolled in a UW-Madison graduate degree, completed that degree, have had a break in enrollment since earning the degree and would now like to apply for another UW-Madison program; you are required to submit a new student application through the UW-Madison

Graduate School online application. For ME graduate programs, you must follow the entire application process as described above.

CURRENTLY ENROLLED GRADUATE STUDENT ADMISSIONS

Students currently enrolled as a graduate student at UW-Madison, whether in ME or a non-ME graduate program, wishing to apply to this degree program should contact the ME Graduate Admissions Team (megradadmission@engr.wisc.edu) to inquire about the process and deadlines several months in advance of the anticipated enrollment term. Current students may apply to change or add programs for any term (fall, spring, or summer).

QUESTIONS:

If you have questions, please contact megradadmission@engr.wisc.edu.

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

There are three mechanisms for Graduate Student funding through the university for M.S. Mechanical Engineering: Research students:

1. Fellowships
2. Graduate assistantships: project assistantships, teaching assistantships, and research assistantships
3. Traineeships

Funding is awarded based on the qualifications of the student, the number of applicants, the amount of available funding, the number of continuing students receiving support, and the degree program a student is enrolled in. Fellowship and research assistantship funding is only considered for thesis-based M.S. students. You can apply for funding for research assistantships by contacting individual faculty members directly. Please check our website (<https://engineering.wisc.edu/departments/mechanical-engineering/research/>) to look for faculty (only those listed with titles of assistant professor, associate professor, or professor can serve as graduate student advisors). Search for faculty who have research interests that align closely with your own by viewing faculty directory entries, visiting the faculty's website (linked from the directory page), and reviewing publications by the faculty member. Once you have identified faculty with interests close to your own, you are encouraged to contact them by email to inquire regarding available research assistant positions. The admissions office does not know if a particular professor has research assistant positions available.

Students who apply to the M.S. Research program will be automatically considered for fellowship opportunities within the department. Admitted students will be eligible to apply for Teaching Assistantship positions. More information, including the application, will be available to students after admission is complete.

More information on graduate student funding is available from the UW-Madison Graduate School (<https://grad.wisc.edu/funding/>).

ADDITIONAL RESOURCES

FEDERAL LOANS

Students who are U.S. citizens or permanent residents may be eligible to receive some level of funding through the federal direct loan program. These loans are available to qualified graduate students who are taking at least 4 credits during the fall and spring semesters, and 2 credits during summer. Private loans are also available. Learn more about financial aid at their website (<https://financialaid.wisc.edu/>).

INTERNATIONAL STUDENT SERVICES FUNDING AND SCHOLARSHIPS

For information on International Student Funding and Scholarships visit the ISS website (<https://iss.wisc.edu/students/new-students/funding-scholarships/>).

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

NAMED OPTION REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW–Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail

Minimum Credit Requirement	30 credits
----------------------------	------------

Minimum Residence Credit Requirement	21 credits
Minimum Graduate Coursework Requirement	15 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) Requirement Policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/)
Overall Graduate GPA Requirement	3.00 GPA required. This program follows the Graduate School's GPA Requirement policy (https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/)).
Other Grade Requirements	Students must earn a C or above in all formal coursework. Students may not have more than two incompletes on their record at any one time.
Assessments and Examinations	The M.S. Mechanical Engineering: Research requires the student pass a formal thesis defense.
Language Requirements	No language requirements.

REQUIRED COURSES

Two semesters of M E 903 Graduate Seminar are required. These should be taken the first two semesters the student is in residence.

A minimum of 18 formal course credits are required. Within these 18 credits, a minimum of 9 formal course credits in ME, taken at UW–Madison, and at least 3 formal credits numbered 700 or higher, are required.

A minimum of 9 thesis credits (M E 790 Master's Research and Thesis) are required.

Advisor Approval of Study Plan

The faculty advisor must always approve the courses a student takes in the MS program. Students should schedule an appointment with their adviser when selecting their courses. During the final semester, the faculty advisor will review the courses taken again and if approved, sign the warrant request form.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

NAMED OPTION-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Work from Other Institutions

With program approval, students are allowed to count up to 9 credits of previously earned graduate coursework from other institutions. Approved

credits will be allowed to count toward the minimum graduate degree credit requirement and the minimum graduate coursework requirement, but will not count toward the minimum graduate residence credit requirement.

Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

UW–Madison Undergraduate

Up to 7 credits numbered 400 or above can be counted toward the minimum graduate degree credit requirement. These credits may be counted toward the minimum graduate coursework (50%) requirement if they are from courses numbered 700 or above. No credits can be counted toward the minimum graduate residence credit requirement. A course at the 300 level can only be transferred from a UW-Madison undergraduate program if it was taken as a technical elective (i.e., non-required course). Coursework earned five years or more prior to admission to a master's degree is not allowed to satisfy requirements.

UW–Madison University Special

With program approval, students are allowed to count up to 15 credits of coursework numbered 400 or above taken as a UW–Madison Special student toward the minimum graduate residence credit requirement and the minimum graduate degree credit requirement. These credits may be counted toward the minimum graduate coursework (50%) requirement if they are in courses numbered 700 or above. Coursework earned five years or more prior to admission to a master's degree is not allowed to satisfy requirements.

PROBATION

This program follows the Graduate School's Probation policy. (<https://policy.wisc.edu/library/UW-1217/>)

ADVISOR / COMMITTEE

All students are required to obtain a mechanical engineering faculty advisor who assists them in planning a course sequence that meets degrees requirements, mentors and supervises thesis research, and who will discuss career objectives with the students. The advisor should be a faculty member whose expertise and project/research interests match closely with those that the student intends to acquire.

A final thesis defense must be presented to a thesis committee of at least three members (but no more than five) consisting of the student's advisor who is the committee chair (who must be a member of the Mechanical Engineering faculty), one other graduate faculty or former graduate faculty up to one year after resignation or retirement, and one of the following: a third graduate faculty member, a retired faculty member with emeritus status, or a UW–Madison academic staff member who has been approved by the Mechanical Engineering executive committee.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

This program follows the Graduate School's Time Limits policy. (<https://policy.wisc.edu/library/UW-1221/>)

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)

- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Mechanical Engineering Grievance Procedures

If a student feels unfairly treated or aggrieved by faculty, staff, or another student, the University offers several avenues to resolve the grievance. Students' concerns about unfair treatment are best handled directly with the person responsible for the objectionable action. If the student is uncomfortable making direct contact with the individual(s) involved, they should contact the advisor or the person in charge of the unit where the action occurred (program or department chair, section chair, lab manager, etc.). Many departments and schools/colleges have established specific procedures for handling such situations; check their web pages and published handbooks for information. If such procedures exist at the local level, these should be investigated first. For more information see the Graduate School Academic Policies & Procedures: <https://grad.wisc.edu/acadpolicy/?policy=grievancesandappeals>. The Assistant Dean for Graduate Affairs (enr-dean-graduateaffairs@enr.wisc.edu) provides overall leadership for graduate education in the College of Engineering (CoE), and is a point of contact for graduate students who have concerns about education, mentoring, research, or other difficulties.

1. The student is encouraged to speak first with the person toward whom the grievance is directed to see if a situation can be resolved at this level.
2. Should a satisfactory resolution not be achieved, the student should contact the Associate Chair for Graduate Studies or the John Bollinger Chair of Mechanical Engineering (<https://engineering.wisc.edu/departments/mechanical-engineering/people/>) to discuss the grievance. The Associate Chair for Graduate Studies or Department Chair will facilitate problem resolution through informal channels and facilitate any complaints or issues of students. The first attempt is to help students informally address the grievance prior to any formal complaint. Students are also

encouraged to talk with their faculty advisors regarding concerns or difficulties if necessary. University resources for sexual harassment, discrimination, disability accommodations, and other related concerns can be found on the UW Office of Compliance website (<https://compliance.wisc.edu/>). Other campus resources can be found above.

- If the issue is not resolved to the student's satisfaction the student can submit the grievance to the Associate Chair for Graduate Studies in writing, within 60 calendar days of the alleged unfair treatment.
- On receipt of a written complaint, a faculty committee will be convened by the Associate Chair for Graduate Studies to manage the grievance. The faculty committee will obtain a written response from the person toward whom the complaint is directed. This response will be shared with the person filing the grievance.
- The faculty committee will determine a decision regarding the grievance. The Associate Chair for Graduate Studies will report on the action taken by the committee in writing to both the student and the party toward whom the complaint was directed within 15 working days from the date the complaint was received.
- At this point, if either party (the student or the person toward whom the grievance is directed) is unsatisfied with the decision of the faculty committee, the party may file a written appeal. Either party has 10 working days to file a written appeal to the School/College.
- Documentation of the grievance will be stored for at least 7 years. Significant grievances that set a precedent will be stored indefinitely.

The Graduate School has procedures for students wishing to appeal a grievance decision made at the school/college level. These policies are described in the Graduate School's Academic Policies & Procedures: <https://grad.wisc.edu/acadpolicy/?policy=grievancesandappeals>.

MECHANICAL ENGINEERING, PH.D.

The doctoral program in the Department of Mechanical Engineering prepares students to perform independent research in areas of faculty expertise within the department. The Ph.D. program in Mechanical Engineering is designed to train outstanding students for advanced work in industry, national labs, and academia through a combination of coursework and hands on research.

Ph.D. students are mentored by faculty to become world-class researchers. The Department of Mechanical Engineering has a long history of excellence in graduate education. The department is consistently ranked in the top 20 in the United States for graduate programs in mechanical engineering. The department offers research opportunities in a large number of established and emerging research specializations. Broad research themes within the department include: biomechanics, computational engineering and design, energy systems, advanced manufacturing, mechanics, and robotics, controls and sensing. Excellent research facilities are available for specialized research within these broad areas for studies in: biomechanics, combustion, computational design, controls, cryogenics, dynamics and vibrations, fluid dynamics,

fluid power, geometric modeling and prototyping, heat and mass transfer, internal combustion engines, laser diagnostics, manufacturing processes, mechanics, mechatronics, polymer and composites processing, powertrain control, robotics, solar energy, and more.

For a list of mechanical engineering faculty along with faculty research interests, please visit our faculty directory (<https://directory.engr.wisc.edu/display.php/faculty/?page=me&search=faculty>). For more information on research areas see our page on research in Mechanical Engineering (<https://www.engr.wisc.edu/department/mechanical-engineering/research-in-mechanical-engineering/>).

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 15
Spring Deadline	September 1
Summer Deadline	December 15
GRE (Graduate Record Examinations)	Not Required.*
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements (https://grad.wisc.edu/apply/requirements/#english-proficiency).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

* Submitted scores will not be used in admission decisions.

APPLICATION REQUIREMENTS and PROCESS

Degree: Most applicants have a Bachelor of Science in Mechanical Engineering. Students with a Bachelor of Science in other engineering or physical and natural science disciplines will be considered for admission. International applicants must have a degree comparable to a regionally accredited U.S. bachelor's degree.

GPA: The Department of Mechanical Engineering prefers a 3.2/4.0 GPA. The minimum GPA to be reviewed by the admission committee is 3.0/4.0.

Advisor selection process: Applicants are required to seek out and secure their own faculty advisor. International students must

complete this process as part of the application process, before an offer of admission may be granted. To seek out a faculty advisor please review the department Research (<https://engineering.wisc.edu/departments/mechanical-engineering/research/>) and People (<https://directory.engr.wisc.edu/me/faculty/>) websites. Only those faculty listed with titles of Assistant Professor, Associate Professor, or Professor, can serve as graduate advisors. Do not contact Emeritus faculty, Lecturers, Research Scientists, or Faculty Associates. You are encouraged to inquire about possible funding opportunities. If a faculty member offers to be your advisor, ask them to email their acceptance to megradadmission@engr.wisc.edu.

Each application must include the following:

- Graduate School Application (<https://grad.wisc.edu/apply/>)
- Academic transcripts
- Statement of purpose
- Resume/CV
- Three letters of recommendation
- English Proficiency Score (*if required*)
- Application Fee

All applicants must satisfy requirements that are set forth by the Graduate School (<https://grad.wisc.edu/>). Upon acceptance, students without Mechanical Engineering Bachelor of Science degrees may be required to complete one or more courses in addition to degree requirements to satisfy any deficiencies (this requirement cannot be determined prior to admission).

DEADLINES

To apply to the Mechanical Engineering program, complete applications (<https://grad.wisc.edu/apply/>), including supportive materials, must be submitted as described below and received by the following deadline dates:

- Fall Semester—December 15
- Spring Semester—September 1
- Summer Session—December 15

ACADEMIC TRANSCRIPT

Within the online application, upload the undergraduate transcript(s) and, if applicable, the previous graduate transcript. Unofficial copies of transcripts will be accepted for review, but official copies are required for admitted students. Please do not send transcripts or any other application materials to the Graduate School or the Department of Mechanical Engineering unless requested. Please review the requirements set by the Graduate School (<https://grad.wisc.edu/apply/requirements/>) for additional information about degrees/transcripts.

STATEMENT OF PURPOSE

In this document, applicants should explain why they want to pursue further education in Mechanical Engineering and discuss which UW faculty members they would be interested in doing research with during their graduate study (see the Graduate School for more advice on how to structure a personal statement (<https://grad.wisc.edu/apply/prepare/>)).

RESUME

Upload your resume in your application.

THREE LETTERS OF RECOMMENDATION

These letters are required from people who can accurately judge the applicant's academic, research, and/or work performance. Letters of recommendation are submitted electronically to graduate programs through the online application. See the Graduate School for FAQs (<https://grad.wisc.edu/apply/>) regarding letters of recommendation. Letters of recommendation are due by the deadline listed above.

ENGLISH PROFICIENCY SCORE

Every applicant whose native language is not English, or whose undergraduate instruction was not in English, must provide an English proficiency test score. The UW-Madison Graduate School accepts TOEFL or IELTS scores. Your score will not be accepted if it is more than two years old from the start of your admission term. Country of citizenship does not exempt applicants from this requirement. Language of instruction at the college or university level and how recent the language instruction was taken are the determining factors in meeting this requirement.

For more information regarding minimum score requirements and exemption policy, please see the Graduate School Requirements for Admission (<https://grad.wisc.edu/apply/requirements/>).

APPLICATION FEE

Submission must be accompanied by the one-time application fee. It is non-refundable and can be paid by credit card (MasterCard or Visa) or debit/ATM. Information about the application fee may be found here (<https://grad.wisc.edu/apply/>) (scroll to the 'Frequently asked questions').

Fee grants are available through the conditions outlined here by the Graduate School (<https://grad.wisc.edu/apply/fee-grant/>). Applicants who do not qualify for a fee grant as explained above, may seek out a Mechanical Engineering faculty advisor and discuss the fee grant option with that individual. If the faculty advisor is able and willing to pay the application fee for the applicant, the faculty advisor should contact the ME Associate Chair for Graduate Studies or the ME Graduate Admissions Team (megradadmission@engr.wisc.edu) for assistance.

QUESTIONS:

If you have questions, please contact megradadmission@engr.wisc.edu.

RE-ENTRY ADMISSIONS

If you were previously enrolled as a graduate student in the Department of Mechanical Engineering, have not earned your degree, but have had a break in enrollment for a minimum of a fall or spring term, you will need to re-apply to resume your studies. Please review the Graduate School requirements for previously enrolled students (<https://policy.wisc.edu/library/UW-1230/>). Your previous faculty advisor (or another ME faculty advisor) must be willing to supply advising support and should e-mail the ME Graduate Student Services Coordinator regarding next steps in the process.

If you were previously enrolled in a UW-Madison graduate degree, completed that degree, have had a break in enrollment since earning the degree and would now like to apply for another UW-Madison program; you are required to submit a new student application through the UW-Madison Graduate School online application. For ME graduate programs, you must follow the entire application process as described above.

CURRENTLY ENROLLED GRADUATE STUDENT ADMISSIONS

Students currently enrolled as a graduate student at UW-Madison, whether in ME or a non-ME graduate program, wishing to apply to this degree program should contact the ME Graduate Admissions Team (megradadmission@engr.wisc.edu) to inquire about the process and deadlines several months in advance of the anticipated enrollment term. Current students may apply to change or add programs for any term (fall, spring, or summer).

QUESTIONS:

If you have questions, please contact megradadmission@engr.wisc.edu.

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

There are three mechanisms for Graduate Student funding through the university for Mechanical Engineering Ph.D. students:

1. Fellowships
2. Graduate assistantships: project assistantships, teaching assistantships, and research assistantships
3. Traineeships

Funding is awarded based on the qualifications of the student, the number of applicants, the amount of available funding, and the number of continuing students receiving support. You can apply for funding for research assistantships by contacting individual faculty members directly. Please check our website (<https://engineering.wisc.edu/departments/mechanical-engineering/research/>) to look for faculty (only those listed with titles of assistant professor, associate professor, or professor can serve as graduate student advisors). Search for faculty who have research interests that align closely with your own by viewing faculty directory entries, visiting the faculty's website (linked from the directory page), and reviewing publications by the faculty member. Once you have identified faculty with interests close to your own, you are encouraged to contact them by email to inquire regarding available research assistant positions. The admissions office does not know if a particular professor has research assistant positions available.

Students who apply to the department will be automatically considered for fellowship opportunities within the department. Admitted students will be eligible to apply for Teaching Assistantship positions. More information, including the application, will be available to students after admission is complete.

ADDITIONAL RESOURCES

FEDERAL LOANS

Students who are U.S. citizens or permanent residents may be eligible to receive some level of funding through the federal direct loan program. These loans are available to qualified graduate students who are taking at least 4 credits during the fall and spring semesters, and 2 credits during

summer. Private loans are also available. Learn more about financial aid at their website (<https://financialaid.wisc.edu/>).

INTERNATIONAL STUDENT SERVICES FUNDING AND SCHOLARSHIPS

For information on International Student Funding and Scholarships visit the ISS website (<https://iss.wisc.edu/students/new-students/funding-scholarships/>).

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW–Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail	
Minimum Credit Requirement	60 credits
Minimum Residence Credit Requirement	32 credits
Minimum Graduate Coursework Requirement	30 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) Requirement Policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/)

Overall Graduate GPA Requirement	3.25 GPA required.
Other Grade Requirements	Students must earn a C or above in all formal coursework. Ph.D. candidates may not have any more than two Incompletes on their record at any one time.
Assessments and Examinations	The Ph.D. candidate will need to pass a qualifying exam, preliminary exam, and a final defense in order to obtain a degree.
Language Requirements	No language requirements.
Graduate School Breadth Requirement	All doctoral students are required to complete a doctoral minor or graduate/professional certificate. Students should select one of the following options: <ul style="list-style-type: none"> • Option A (External Minor): Fulfillment of this minor requires approval of the doctoral minor program. This minor must be outside of the student's doctoral major program. • Option B (Distributed Minor): Fulfillment of this minor requires 12 course credits. The coursework should form a coherent group of courses for which graduate credit is allowed. The approval of the faculty advisor and ME Graduate Committee is required. • Option C (Graduate/Professional Certificate): Fulfillment of this option requires successful completion of a Graduate/Professional certificate in a program outside of the student's doctoral major program.

REQUIRED COURSES

Two semesters of M E 903 Graduate Seminar are required. These should be taken the first two semester the student is in residence. If an M.S. degree is received at UW–Madison, additional M E 903 credits are not required.

A minimum of 42 formal course credits beyond the B.S. degree. This includes a minimum of 15 credits (usually five courses) numbered 700 or higher (excluding M E 964 Special Advanced Topics in Mechanical Engineering courses unless specifically approved). 12 credits (usually four courses) numbered 700 and above must be taken at UW–Madison. A minimum of 6 credits (usually two courses) numbered 700 and above must be in Mechanical Engineering at UW–Madison. A minimum of one (3 or more - credit) math course. The following courses would satisfy the math course requirement:

Code	Title	Credits
M E 601	Special Topics in Mechanical Engineering (Topic "Computational Math w/Engr Apps")	
M E 964	Special Advanced Topics in Mechanical Engineering (Topics: "App & Comp Math w/ Eng Apps" OR "Comp Math with Apps in Eng" OR "Sci Computing for Apps in Eng")	
E M A/E P 476	Introduction to Scientific Computing for Engineering Physics	
E M A/E P 547	Engineering Analysis I	
E M A/E P 548	Engineering Analysis II	
MATH 321	Applied Mathematical Analysis	

MATH 322 Applied Mathematical Analysis

400 and above Math Department courses

400 and above Statistics Department courses

Graduate "transfer credits" equivalent to the above

Acceptable courses for the remainder of the required 42 formal course credits (this total includes the courses taken for the PhD minor requirement) are those numbered 400 and above. Up to two 300 and above courses in engineering, math, or the sciences taken at UW-Madison can also be used towards the formal course credit requirement. The 300 and above courses can be from Mechanical Engineering if approved by the student's advisor and the ME graduate committee.

Minimum of 18 thesis credits (M E 790 Master's Research and Thesis, M E 890 PhD Research and Thesis, M E 990 Dissertator Research and Thesis) are required with an overall grade of S.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Work from Other Institutions

With program approval, students are allowed to count up to 24 credits of graduate coursework from other institutions toward the minimum graduate degree credit requirement and the minimum graduate coursework (50%) requirement. No credits from other institutions can be counted toward the minimum graduate residence credit requirement. Coursework earned ten years or more prior to admission to a doctoral degree is not allowed to satisfy requirements.

UW-Madison Undergraduate

Up to 7 credits numbered 400 or above can be counted toward the minimum graduate degree credit requirement. These credits may be counted toward the minimum graduate coursework (50%) requirement if they are from courses numbered 700 or above. No credits can be counted toward the minimum graduate residence credit requirement. A course number in the 300s can only be transferred from a UW-Madison undergraduate program if it was taken as a technical elective (i.e., non-required course). Coursework earned ten years or more prior to admission to a doctoral degree is not allowed to satisfy requirements.

UW-Madison University Special

With program approval, students are allowed to count up to 15 credits of coursework numbered 400 or above taken as a UW-Madison Special student toward the minimum graduate residence credit requirement and the minimum graduate degree credit requirement. These credits may be counted toward the minimum graduate coursework (50%) requirement if they are in courses numbered 700 or above. Coursework earned ten years or more prior to admission to a doctoral degree is not allowed to satisfy requirements.

PROBATION

This program follows the Graduate School's Probation policy (<https://policy.wisc.edu/library/UW-1217/>), except that a semester GPA below 3.25 will result in the student being placed on academic probation. If a semester GPA of 3.25 is not attained during the subsequent semester of full time enrollment (or 12 credits of enrollment if enrolled part-time), this will be deemed unsatisfactory progress and the student may be dismissed from the program or allowed to continue for one additional semester based on advisor appeal to the department.

ADVISOR / COMMITTEE

All students must have a mechanical engineering faculty advisor who assists them in planning a course sequence that meets degree requirements, who helps guide them and mentor them in their research, and who will discuss career objectives with the student.

A qualifying exam committee must include the student's mechanical engineering faculty advisor and two other mechanical engineering faculty members.

A preliminary exam committee must include the student's mechanical engineering faculty advisor and at least three other members who will also serve on the final oral defense committee.

A final dissertation oral exam (defense) must be presented to the dissertation committee of at least five members (but no more than eight) consisting of your advisor, who chairs the committee, three other graduate faculty or former graduate faculty up to one year after resignation or retirement, and one of the following: another graduate faculty, a retired faculty member with emeritus status, or a UW-Madison academic staff member who has been approved by the Mechanical Engineering executive committee. At least one faculty member on the committee must be from outside the Mechanical Engineering Department. Members of the committee from outside of Mechanical Engineering should be selected to have a background appropriate to evaluate the dissertation.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

Qualifying Exam: The written portion of the qualifying exam is offered twice a year, once in August/September and once in January, generally the week before classes start. The associated literature review presentation must be completed within the timing limits stated above. 1. If you enter the PhD program directly without an MS or equivalent degree, you will first earn 30 graduate credits. Take your qualifying exam either the first or second time that it is offered after the semester in which you earn those 30 credits. 2. If you earn a UW-Madison Mechanical Engineering MS and immediately enter the PhD program in the following semester, take your qualifying exam either the first or second time it is offered after the semester in which you earned your MS. 3. If you enter the PhD program with an MS degree either from another department or institution, or are returning to UW-Madison with an MS degree after an absence, take the exam at the start of your third PhD semester

Preliminary Exam: Ph.D. students must complete their preliminary exam within five years of passing their qualifying exam.

Dissertation Defense (oral thesis presentation): There must be at least nine (9) months between the preliminary exam and dissertation defense.

A candidate for a doctoral degree who fails to successfully complete the dissertation defense and deposit the dissertation within five years after passing the preliminary examination may be required to take another preliminary examination to be admitted to candidacy a second time.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeedisabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Mechanical Engineering Grievance Procedures

If a student feels unfairly treated or aggrieved by faculty, staff, or another student, the University offers several avenues to resolve the grievance. Students' concerns about unfair treatment are best handled directly with the person responsible for the objectionable action. If the student is uncomfortable making direct contact with the individual(s) involved, they should contact the advisor or the person in charge of the unit where the action occurred (program or department chair, section chair, lab manager, etc.). Many departments and schools/colleges have established specific procedures for handling such situations; check their web pages and published handbooks for information. If such procedures exist at the local level, these should be investigated first. For more information see the Graduate School Academic Policies & Procedures: <https://grad.wisc.edu/acadpolicy/?policy=grievancesandappeals>. The Assistant Dean for Graduate Affairs (enr-dean-graduateaffairs@enr.wisc.edu) provides overall leadership for graduate education in the College of Engineering (CoE), and is a point of contact for graduate students who have concerns about education, mentoring, research, or other difficulties.

1. The student is encouraged to speak first with the person toward whom the grievance is directed to see if a situation can be resolved at this level.
2. Should a satisfactory resolution not be achieved, the student should contact the Associate Chair for Graduate Studies or the John Bollinger Chair of Mechanical Engineering (<https://engineering.wisc.edu/departments/mechanical-engineering/people/>) to discuss the grievance. The Associate Chair for Graduate Studies or Department Chair will facilitate problem resolution through informal channels and facilitate any complaints or issues of students. The first attempt is to help students informally address the grievance prior to any formal complaint. Students are also encouraged to talk with their faculty advisors regarding concerns or difficulties if necessary. University resources for sexual harassment, discrimination, disability accommodations, and other related concerns can be found on the UW Office of Compliance website (<https://compliance.wisc.edu/>). Other campus resources can be found above.
3. If the issue is not resolved to the student's satisfaction the student can submit the grievance to the Associate Chair for Graduate Studies in writing, within 60 calendar days of the alleged unfair treatment.
4. On receipt of a written complaint, a faculty committee will be convened by the Associate Chair for Graduate Studies to manage the grievance. The faculty committee will obtain a written response from the person toward whom the complaint is directed. This response will be shared with the person filing the grievance.
5. The faculty committee will determine a decision regarding the grievance. The Associate Chair for Graduate Studies will report on the action taken by the committee in writing to both the student and the party toward whom the complaint was directed within 15 working days from the date the complaint was received.
6. At this point, if either party (the student or the person toward whom the grievance is directed) is unsatisfied with the decision of the faculty committee, the party may file a written appeal. Either party has 10 working days to file a written appeal to the School/College.
7. Documentation of the grievance will be stored for at least 7 years. Significant grievances that set a precedent will be stored indefinitely.

The Graduate School has procedures for students wishing to appeal a grievance decision made at the school/college level. These policies are described in the Graduate School's Academic Policies & Procedures: <https://grad.wisc.edu/acadpolicy/?policy=grievancesandappeals>.

OTHER

n/a

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

1. Demonstrate an extraordinary, deep understanding of mathematical, scientific, and engineering principles in the field.
2. Demonstrate an ability to formulate, analyze, and independently solve advanced engineering problems.
3. Apply the relevant scientific and technological advancements, techniques, and engineering tools to address these problems.
4. Recognize and apply principles of ethical and professional conduct.
5. Demonstrate an ability to synthesize knowledge from a subset of the biological, physical, and/or social sciences to help frame problems critical to the future of their discipline.
6. Demonstrate an ability to conduct original research and communicate it to their peers.

MEDICAL PHYSICS

DEGREES/MAJORS, DOCTORAL MINORS, GRADUATE/PROFESSIONAL CERTIFICATES

- Medical Physics, M.S. (p. 1391)
- Medical Physics, Ph.D. (p. 1396)

PEOPLE

Faculty: Please see a comprehensive list of our faculty (<https://www.medphysics.wisc.edu/faculty/>) on the department website.

MEDICAL PHYSICS, M.S.

One of the basic science departments of the UW–Madison School of Medicine and Public Health, the Department of Medical Physics offers comprehensive training in diagnostic and therapeutic medical physics and in health physics. Achievement of the M.S. degree in this department reflects strong scholarship in one of the top medical physics programs in North America. Graduates are prepared for teaching and/or research positions in universities, national laboratories, or in the medical and nuclear technology industries. Graduates are also prepared for admission into medical physics residency programs to become board eligible for clinical medical physics positions.

Medical physicists may participate professionally in the treatment of patients, in advanced medical imaging and diagnostic procedures, or in related areas of research and teaching. Health physicists may operate radiation protection programs at nuclear industrial facilities, hospitals, or laboratories, or may perform research on methods of measuring ionizing radiations (i.e., dosimetry).

A unique quality of the medical physics program is the broad range of expertise and research interests of the faculty. Students receive training in diagnostic x-ray physics, x-ray computerized tomography (CT), magnetic resonance imaging (MRI) and spectroscopy, nuclear medicine and positron emission tomography (PET) imaging, biomagnetism, medical ultrasound, elastography, radiation dosimetry, radiation treatment planning, and radiobiology.

The department also houses the Medical Radiation Research Center and the Accredited Dosimetry Calibration Laboratory, one of four in the US accredited by the American Association of Physicists in Medicine. In addition, the department provides clinical support services to the radiology and human oncology departments. It also operates a PET

radiotracer production facility (with two cyclotrons available), a medical image analysis laboratory, and a small bore MRI scanner and photoacoustic ultrasound system in the Small Animal Imaging Facility. Each of these facilities provides unique training and support opportunities for graduate students. Access to state-of-the-art x-ray angiography, CT, MRI, and PET/CT and PET/MR systems is readily available.

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 1
Spring Deadline	The program does not admit in the spring.
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements (https://grad.wisc.edu/apply/requirements/#english-proficiency).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

About 80 -90 applicants per year apply to the medical physics program. Each fall, the program admits 10-20 students. This results in an average enrollment of approximately 100 students each semester. Less than one-tenth of the students pursue the M.S. degree as a terminal degree, and the remainder continue on to the PhD.

A bachelor's degree in physics is considered the best preparation for graduate study in medical physics, but majors such as nuclear engineering, biomedical engineering, electrical engineering, or chemistry may also be acceptable. The student's math background should include calculus, differential equations, linear algebra, and Fourier analysis, such as might be learned in modern optics or undergraduate quantum theory. Some facility in computer programming and electronic instrumentation is desirable. One year of chemistry, a year of biology, and an introductory course in physiology are also advantageous.

Beginning graduate students should start their studies in the fall semester, as the course sequence is based on that assumption. Students applying for admission should submit an online application and all supporting

documentation by December 1 to ensure consideration for admission and financial support to begin the following fall.

Admission to the graduate program is competitive. Applications are judged on the basis of a student's previous academic record, research experience, letters of recommendation, and personal statement of reasons for interest in graduate study in medical physics.

The application includes:

- The online application to the Graduate School
- Payment of the application fee
- Electronic copy of CV/resume (include awards, fellowships, and scholarships received, publications, volunteer activities, and research experience)
- Applicant data sheet
- Personal statement of reasons for interest in graduate study in medical physics. **The personal statement should include your reasons for graduate study, why medical physics, your future career goals as it relates to a PhD (or MS) in medical physics and your area(s) of research interest. It is advantageous to also research and include the faculty member(s) with whom you would like to work. The personal statement should be no more than 3 pages, single-spaced, 11 point font or larger**
- Transcripts from all academic institutions of study (scan and upload)
- Recommendation letters from people who can attest to your ability to be successful in the PhD program due to your experience, academics, etc.(submitted electronically through the online application)

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

The department typically supports 85-95 percent of all students enrolled in the medical physics graduate program through department or university fellowships, research or teaching assistantships, or NIH NRSA training grant appointments. All awards include a comprehensive health insurance program and remission of tuition. The student is responsible for segregated fees. While most of the students in the program are funded, less than one-fifth of the students in the Medical Physics Graduate Program are terminal M.S. degree students, and financial support for terminal M.S. degree students is not guaranteed.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW–Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail	
Minimum Credit Requirement	40 credits
Minimum Residence Credit Requirement	37 credits
Minimum Graduate Coursework Requirement	20 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy (https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/)).
Overall Graduate GPA Requirement	3.00 GPA required. This program follows the Graduate School's policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	n/a
Assessments and Examinations	Candidates are expected to take an oral PhD qualifying examination by the end of the second year of study. Contact the department for more information. Students expecting to continue with the PhD must pass the qualifying exam and will be granted the MS degree. Students who wish to receive only the MS degree may complete a thesis or pass the qualifying exam.
Language Requirements	No language requirements.

REQUIRED COURSES

Code	Title	Credits
Required Courses		
MED PHYS/ B M E/H ONCOL/ PHYSICS 501	Radiation Physics and Dosimetry	3
MED PHYS/ B M E 566	Physics of Radiotherapy	3
MED PHYS/N E 569	Health Physics and Biological Effects	3
MED PHYS/ B M E 573	Mathematical Methods in Medical Physics	3
MED PHYS/ B M E 574	Data Science in Medical Physics	3
MED PHYS/ B M E 578	Non-Ionizing Diagnostic Imaging	4
MED PHYS/ B M E 580	The Physics of Medical Imaging with Ionizing Radiation	4
MED PHYS 581	Laboratory for Medical Imaging with Ionizing Radiation	1
MED PHYS/ PHYSICS 588	Radiation Production and Detection	4
MED PHYS 510	Fundamentals of Cellular, Molecular, and Radiation Biology	3
MED PHYS 671	Selected Topics in Medical Physics (Topic: Anatomy and Physiology)	2
MED PHYS 701	Ethics and the responsible conduct of research and practice of Medical Physics	1
MED PHYS 900	Journal Club and Seminar ¹	4
<i>Advanced Course - In consultation with their advisor/committee, student select one MED PHYS course at the 600 level or above. ²</i>		2-3

Total Credits **40-41**

1

Students will take MED PHYS 900 Journal Club and Seminar four semesters for 1 credit each semester for a total of 4 credits.

2

Students may not take MED PHYS 662, MED PHYS 663, MED PHYS 664, MED PHYS 665, MED PHYS 666. MED PHYS 701, MED PHYS 900, MED PHYS 990 do not count towards this requirement.

Health Physics Pathway ³

In addition to the above requirements, students completing the Health Physics emphasis must take the following courses:

Code	Title	Credits
Required Courses for Health Physics Emphasis		
N E 427	Nuclear Instrumentation Laboratory	2
N E 571	Economic and Environmental Aspects of Nuclear Energy	3
MED PHYS 699	Independent Reading or Research	1

One (1) credit of an independent reading course (699) on Health Physics Rules and Regulations.

An exemption from the Core Curriculum requirement requires the approval of the Graduate Program Director. If the entirety of the Core Curriculum is not taken, the student will not satisfy the CAMPEP Core Curriculum requirement.

3

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Work from Other Institutions

With program approval, students are allowed to count no more than 3 credits of graduate coursework from other institutions. Coursework earned five or more years prior to admission to the master's degree program is not allowed to satisfy requirements.

UW–Madison Undergraduate

With program approval, 7 credits in medical physics courses from a UW–Madison undergraduate degree above the undergraduate graduation requirements are allowed to count toward the degree.

UW–Madison University Special

With program approval, students are allowed to count no more than 15 credits of coursework numbered 500 or above taken as a UW–Madison Special student. Coursework earned five or more years prior to admission to the master's degree program is not allowed to satisfy requirements.

PROBATION

For a graduate student in the Medical Physics Department who is a research assistant, fellow or trainee, to be making satisfactory progress, he/she must:

1. Obtain at least a 3.0 GPA in the most recent semester. Grades in all research courses and courses with grades of P, F, S or U are excluded from the average. A student who fails to make satisfactory progress may be withdrawn from the department. In exceptional cases, the department chair may grant permission to continue for a specified probationary period.
2. Maintain a minimum cumulative GPA of 3.0 for all courses taken while in the Medical Physics program and for all Department of Medical Physics courses. All research courses and all courses with grades of P, F, S or U are excluded from the average.
3. Have taken the oral PhD qualifying examination by the end of the 4th semester of study. If a basic (low level) pass is not obtained on the first attempt, the second (and last) attempt to pass the oral PhD qualifying examination must be made no later than the 4th semester.

Any student, who fails to meet the requirements of 1–3 above, will be placed on probation. Failure in the first semester of probation to obtain a 3.0 average for the semester and a cumulative GPA of at least 3.0 will result in termination unless the student's advisor requests and the department and the Graduate School approves, continued enrollment. The particular courses which count toward the GPA in any probation semester must be approved in writing by the student's advisor and the Medical Physics Graduate Committee Chairman in order for the work to count toward returning the student to good standing.

ADVISOR / COMMITTEE

Candidates must acquire a major professor/advisor by the beginning of the second semester of study.

Medical Physics students will form a Pre-Dissertator Mentoring Committee after matriculation into the program. The student will form this 3-member committee, comprised of two primary medical physics faculty members along with his/her research mentor, and meet with the committee once a year until the Preliminary Exam is completed successfully and the student becomes a dissertator.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

The qualifying examination should be taken by the end of the second year. All M.S. degree course requirements should be completed by the end of the second year of study.

M.S. students who have been absent for five or more consecutive years lose all credits that they have earned before their absence.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeedisabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)

- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Grievance Policy for Graduate Programs in the School of Medicine and Public Health

Any student in a School of Medicine and Public Health graduate program who feels that they have been treated unfairly in regards to educational decisions and/or outcomes or issues specific to the graduate program, including academic standing, progress to degree, professional activities, appropriate advising, and a program's community standards by a faculty member, staff member, postdoc, or student has the right to complain about the treatment and to receive a prompt hearing of the grievance following these grievance procedures. Any student who discusses, inquires about, or participates in the grievance procedure may do so openly and shall not be subject to intimidation, discipline, or retaliation because of such activity. Each program's grievance advisor is listed on the "Research" tab of the SMPH intranet (<https://intranet.med.wisc.edu/>).

Exclusions

This policy does not apply to employment-related issues for Graduate Assistants in TA, PA and/or RA appointments. Graduate Assistants will utilize the Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/>) (GAPP) grievance process to resolve employment-related issues.

This policy does not apply to instances when a graduate student wishes to report research misconduct. For such reports refer to the UW-Madison Policy for Reporting Research Misconduct for Graduate Students and Postdoctoral Research Associates (<https://research.wisc.edu/kb-article/?id=84924>).

Requirements for Programs

The School of Medicine and Public Health Office of Basic Research, Biotechnology and Graduate Studies requires that each graduate program designate a grievance advisor, who should be a tenured faculty member, and will request the name of the grievance advisor annually. The program director will serve as the alternate grievance advisor in the event that the grievance advisor is named in the grievance. The program must notify students of the grievance advisor, including posting the grievance advisor's name on the program's Guide page and handbook.

The grievance advisor or program director may be approached for possible grievances of all types. They will spearhead the grievance response process described below for issues specific to the graduate program, including but not limited to academic standing, progress to degree, professional activities, appropriate advising, and a program's community standards. They will ensure students are advised on reporting procedures for other types of possible grievances and are supported throughout the reporting process. Resources (<https://grad.wisc.edu/current-students/#reporting-incidents>) on identifying and reporting other issues have been compiled by the Graduate School.

Procedures

1. The student is advised to initiate a written record containing dates, times, persons, and description of activities, and to update this record while completing the procedures described below.

2. If the student is comfortable doing so, efforts should be made to resolve complaints informally between individuals before pursuing a formal grievance.
3. Should a satisfactory resolution not be achieved, the student should contact the program's grievance advisor or program director to discuss the complaint. The student may approach the grievance advisor or program director alone or with a UW-Madison faculty or staff member. The grievance advisor or program director should keep a record of contacts with regards to possible grievances. The first attempt is to help the student informally address the complaint prior to pursuing a formal grievance. The student is also encouraged to talk with their faculty advisor regarding concerns or difficulties.
4. If the issue is not resolved to the student's satisfaction, the student may submit a formal grievance to the grievance advisor or program director in writing, within 60 calendar days from the date the grievant first became aware of, or should have become aware of with the exercise of reasonable diligence, the cause of the grievance. To the fullest extent possible, a grievance shall contain a clear and concise statement of the grievance and indicate the issue(s) involved, the relief sought, the date(s) the incident or violation took place, and any specific policy involved.
5. On receipt of a written grievance, the following steps will occur. The final step must be completed within 30 business days from the date the grievance was received. The program must store documentation of the grievance for seven years. Significant grievances that set a precedent may be stored indefinitely.
 - a. The grievance advisor or program director will convene a faculty committee composed of at least three members to manage the grievance. Any faculty member involved in the grievance or who feels that they cannot be impartial may not participate in the committee. Committee composition should reflect diverse viewpoints within the program.
 - b. The faculty committee, through the grievance advisor or program director, will obtain a written response from the person or persons toward whom the grievance is directed. The grievance advisor or program director will inform this person that their response will be shared with the student filing the grievance.
 - c. The grievance advisor or program director will share the response with the student filing the grievance.
 - d. The faculty committee will make a decision regarding the grievance. The committee's review shall be fair, impartial, and timely. The grievance advisor or program director will report on the action taken by the committee in writing to both the student and the person toward whom the grievance was directed.
6. If either party (the student or the person or persons toward whom the grievance is directed) is unsatisfied with the decision of the program's faculty committee, the party may file a written appeal to the SMPH senior associate dean for basic research, biotechnology and graduate studies within 10 business days from the date of notification of the program's faculty committee. The following steps will occur:
 - a. The grievant will be notified in writing, within 5 business days of the written appeal, acknowledging receipt of the formal appeal and establishing a timeline for the review to be completed.

- b. The senior associate dean or their designee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the senior associate dean or their designee will meet with both the grievant and the person or persons toward whom the grievance is directed.
 - c. The senior associate dean or their designee will assemble an ad hoc committee of faculty from outside of the student's graduate program and ask them to prepare a written recommendation on whether to uphold or reverse the decision of the program on the student's initial grievance. The committee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the committee will meet with both the grievant and the person or persons toward whom the grievance is directed.
 - d. The senior associate dean or their designee will make a final decision within 20 business days of receipt of the committee's recommendation.
 - e. The SMPH Office of Basic Research, Biotechnology, and Graduate Studies must store documentation of the grievance for seven years. Grievances that set a precedent may be stored indefinitely.
7. The student may file an appeal of the School of Medicine and Public Health decision with the Graduate School. See the Grievances and Appeals section of the Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

Time Limits

Steps in the grievance procedures must be initiated and completed within the designated time periods except when modified by mutual consent. If the student fails to initiate the next step in the grievance procedure within the designated time period, the grievance will be considered resolved by the decision at the last completed step.

OTHER

Terminal M.S. degree students are generally self funded.

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

1. Articulates, critiques, and/or elaborates theories, research methods, and approaches to inquiry in the field of medical physics in oral or written formats.
2. Evaluates and/or synthesizes information pertaining to questions or challenges in the field of medical physics.
3. Demonstrates ethical research and professional conduct.

PEOPLE

Faculty: Please see a comprehensive list of our faculty (<https://www.medphysics.wisc.edu/faculty/>) on the department website.

ACCREDITATION

ACCREDITATION

Commission on Accreditation of Medical Physics Education Programs (<http://www.campep.org>)

Accreditation status: Accredited through December 31, 2027. Next accreditation review: Spring 2026.

MEDICAL PHYSICS, PH.D.

One of the basic science departments of the UW-Madison School of Medicine and Public Health, the Department of Medical Physics offers comprehensive training in diagnostic and therapeutic medical physics and in health physics. Achievement of the Ph.D. degree in this department reflects strong scholarship and research skills in one of the top medical physics programs in North America. Graduates are prepared for teaching and/or research positions in universities, national laboratories, or in the medical and nuclear technology industries. Graduates are also prepared for admission into medical physics residency programs to become board eligible for clinical medical physics positions.

Medical physicists may participate professionally in the treatment of patients, in advanced medical imaging and diagnostic procedures, or in related areas of research and teaching. Health physicists may operate radiation protection programs at nuclear industrial facilities, hospitals, or laboratories, or may perform research on methods of measuring ionizing radiations (i.e., dosimetry).

A unique quality of the medical physics program is the broad range of expertise and research interests of the faculty. Students receive training in diagnostic x-ray physics, x-ray computerized tomography (CT), magnetic resonance imaging (MRI) and spectroscopy, nuclear medicine and positron emission tomography (PET) imaging, biomagnetism, medical ultrasound, elastography, radiation dosimetry, radiation treatment planning, and radiobiology.

The department also houses the Medical Radiation Research Center and the Accredited Dosimetry Calibration Laboratory, one of four in the US accredited by the American Association of Physicists in Medicine. In addition, the department provides clinical support services to the radiology and human oncology departments. It also operates a PET radiotracer production facility (with two cyclotrons available), a medical image analysis laboratory, and a small bore MRI scanner and photoacoustic ultrasound system in the Small Animal Imaging Facility. Each of these facilities provides unique training and support opportunities for graduate students. Access to state-of-the-art x-ray angiography, CT, MRI, and PET/CT and PET/MR systems is readily available.

The Ph.D. degree is primarily a research degree that extends the student's depth of knowledge in one of the specialty areas. Faculty positions at universities, research positions, and an increasing number of clinical physics positions require the Ph.D. degree. Medical physics faculty maintain close collaborative ties with faculty in other departments,

including human oncology, radiology, cardiology, medicine, psychiatry, pharmacology, and biomedical engineering, broadening the scope of research opportunities open to medical physics students and providing access to sophisticated clinical facilities.

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 1
Spring Deadline	The program does not admit in the spring.
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements (https://grad.wisc.edu/apply/requirements/#english-proficiency).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

About 80–90 applicants per year apply to the medical physics program. Each fall, the program admits 10–20 students. This results in an average enrollment of approximately 100 students each semester. Less than one-tenth of the students pursue the M.S. degree as a terminal degree, and the remainder continue on to the PhD.

A bachelor's degree in physics is considered the best preparation for graduate study in medical physics, but majors such as nuclear engineering, biomedical engineering, electrical engineering, or chemistry may also be acceptable. The student's math background should include calculus, differential equations, linear algebra, and Fourier analysis, such as might be learned in modern optics or undergraduate quantum theory. Some facility in computer programming and electronic instrumentation is desirable. One year of chemistry, a year of biology, and an introductory course in physiology are also advantageous.

Beginning graduate students should start their studies in the fall semester, as the course sequence is based on that assumption. Students applying for admission should submit an online application and all supporting documentation by December 1 to ensure consideration for admission and financial support to begin the following fall.

Admission to the graduate program is competitive. Applications are judged on the basis of a student's previous academic record, research experience, letters of recommendation, and personal statement of reasons for interest in graduate study in medical physics.

The application includes:

- The online application to the Graduate School
- Payment of the application fee
- Electronic copy of resume/CV (include awards, fellowships, and scholarships received, publications, volunteer activities, and research experience)
- Applicant data sheet
- Personal statement of reasons for interest in graduate study in medical physics. **The personal statement should include your reasons for graduate study, why medical physics, your future career goals as it relates to a PhD (or MS) in medical physics and your area(s) of research interest. It is advantageous to also research and include the faculty member(s) with whom you would like to work. The personal statement should be no more than 3 pages, single-spaced, 11 point font or larger**
- Transcripts from all academic institutions of study (scan and upload)
- Recommendation letters from people who can attest to your ability to be successful in the PhD program due to your experience, academics, etc.(submitted electronically through the online application)

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

The department typically supports 85–95 percent of students enrolled in the medical physics graduate program through department or university fellowships, research or teaching assistantships, or NIH NRSA training grant appointments. All awards include a comprehensive health insurance program and remission of tuition. The student is responsible for segregated fees.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW–Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail	
Minimum Credit Requirement	54 credits
Minimum Residence Credit Requirement	42 credits
Minimum Graduate Coursework Requirement	40 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy (https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/)).
Overall Graduate GPA Requirement	3.00 GPA required. This program follows the Graduate School's policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	n/a
Assessments and Examinations	Candidates are expected to take the Oral Qualifying Examination by the end of the 4th semester of study, and to take the PhD Preliminary Examination by the end of the third year of study. Permission of the Department Chair is required if the PhD Preliminary Examination must be taken after the end of the third year. Defense of a dissertation is required within five years of successful completion of the PhD Preliminary Examination.
Language Requirements	No language requirements.

Breadth Requirement A doctoral minor or Graduate/Professional certificate is not required for students in the Medical Physics Graduate Program as graduate students enroll in sufficient breadth courses required for completing the "CAMPEP Track" in our graduate program (>98% of students). However, a student can complete a minor or certificate offered by another graduate program at UW–Madison, if desired and with the approval of his/her advisor. Please see the Medical Physics Graduate Student Handbook (<https://www.medphysics.wisc.edu/wp/graduate-program> (<https://www.medphysics.wisc.edu/wp/graduate-program/>)) for more information.

REQUIRED COURSES

Code	Title	Credits
Required Courses		
MED PHYS/ B M E/H ONCOL/ PHYSICS 501	Radiation Physics and Dosimetry	3
MED PHYS/ B M E 566	Physics of Radiotherapy	3
MED PHYS/N E 569	Health Physics and Biological Effects	3
MED PHYS/ B M E 573	Mathematical Methods in Medical Physics	3
MED PHYS/ B M E 574	Data Science in Medical Physics	3
MED PHYS/ B M E 578	Non-Ionizing Diagnostic Imaging	4
MED PHYS/ B M E 580	The Physics of Medical Imaging with Ionizing Radiation	4
MED PHYS 581	Laboratory for Medical Imaging with Ionizing Radiation	1
MED PHYS/ PHYSICS 588	Radiation Production and Detection	4
MED PHYS 510	Fundamentals of Cellular, Molecular, and Radiation Biology	3
MED PHYS 671	Selected Topics in Medical Physics (Topic: Anatomy and Physiology)	2
MED PHYS 701	Ethics and the responsible conduct of research and practice of Medical Physics	1
MED PHYS 900	Journal Club and Seminar ¹	4
	<i>Advanced Coursework - In consultation with their advisor/committee, students select nine credits of advanced coursework at the 600 level or above. Three credits must be in MED PHYS.</i> ²	9
	Students take MED PHYS 990 credits to reach the minimum credit requirement.	8+
Total Credits		54

1

Students will take MED PHYS 900 Journal Club and Seminar four semesters for 1 credit each semester for a total of 4 credits.

2

Students may use one credit of MED PHYS 662, MED PHYS 663, MED PHYS 664, MED PHYS 665, or MED PHYS 666. MED PHYS 701, MED PHYS 900, and MED PHYS 990 do not count toward this requirement.

Health Physics Pathway¹

In addition to the above requirements, students completing the Health Physics emphasis must take the following courses:

Code	Title	Credits
Required Courses for Health Physics Emphasis		
N E 427	Nuclear Instrumentation Laboratory	2
N E 571	Economic and Environmental Aspects of Nuclear Energy	3
MED PHYS 699	Independent Reading or Research	1
One (1) credit of an independent reading course (699) on Health Physics Rules and Regulations.		

An exemption from the Core Curriculum requirement requires the approval of the chair of the graduate committee. If the entirety of the Core Curriculum is not taken, the student will not satisfy the CAMPEP Core Curriculum requirement.

1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Work from Other Institutions

With program approval, students are allowed to count no more than 12 credits of medical physics graduate coursework from other institutions. Coursework earned five years or more prior to admission to the doctoral degree program is not allowed to satisfy requirements.

UW–Madison Undergraduate

With program approval, 7 credits in medical physics courses from a UW–Madison undergraduate degree above the undergraduate graduation requirements are allowed to count toward the degree.

UW–Madison University Special

With program approval, students are allowed to count no more than 15 credits of coursework numbered 500 or above taken as a UW–Madison Special student. Coursework earned five years or more prior to admission to the doctoral degree program is not allowed to satisfy requirements.

PROBATION

For a graduate student in the Medical Physics Department who is a research assistant, fellow or trainee to be making satisfactory progress, they must:

1. Obtain at least a 3.0 GPA in the most recent semester. Grades in all research courses and courses with grades of P, F, S or U are excluded from the average. A student who fails to make satisfactory progress will be dropped from the department. In exceptional cases, the chairperson may grant permission to continue for a specified probationary period.
2. Maintain a minimum cumulative GPA of 3.0 for all courses taken while in the Medical Physics program and for all Department of Medical Physics courses. All research courses and all courses with grades of P, F, S or U are excluded from the average.
3. Have taken the qualifier examination by the end of the 2nd semester of study. If a basic (low level) pass is not obtained on the first attempt, the second (and last) attempt to pass the qualifier examination must be made no later than the 4th semester.

Any student, who fails to meet the requirements of 1-3 above, will be placed on probation. Failure in the first semester of probation to obtain a 3.0 average for the semester and a cumulative GPA of at least 3.0 will result in termination unless the student's advisor requests and the department and the Graduate School approves, continued enrollment. The particular courses which count toward the GPA in any probation semester must be approved in writing by the student's advisor and the Medical Physics Graduate Committee Chairman in order for the work to count toward returning the student to good standing.

ADVISOR / COMMITTEE

Candidates must acquire a major professor/advisor by the beginning of the second semester of study.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

The oral PhD qualifying examination should be taken by the end of the 4th semester, and the PhD preliminary examination should be taken by the end of the third year of study. Permission of the graduate committee is required if the PhD preliminary examination must be taken after the end of the third year. Defense of a dissertation is required within five years of successful completion of the PhD preliminary examination.

This program follows the Graduate School's Time Limits policy (<https://policy.wisc.edu/library/UW-1221/>).

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

Grievance Policy for Graduate Programs in the School of Medicine and Public Health

Any student in a School of Medicine and Public Health graduate program who feels that they have been treated unfairly in regards to educational decisions and/or outcomes or issues specific to the graduate program, including academic standing, progress to degree, professional activities, appropriate advising, and a program's community standards by a faculty member, staff member, postdoc, or student has the right to complain about the treatment and to receive a prompt hearing of the grievance following these grievance procedures. Any student who discusses, inquiries about, or participates in the grievance procedure may do so openly and shall not be subject to intimidation, discipline, or retaliation because of such activity. Each program's grievance advisor is listed on the "Research" tab of the SMPH intranet (<https://intranet.med.wisc.edu/>).

Exclusions

This policy does not apply to employment-related issues for Graduate Assistants in TA, PA and/or RA appointments. Graduate Assistants will utilize the Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/>) (GAPP) grievance process to resolve employment-related issues.

This policy does not apply to instances when a graduate student wishes to report research misconduct. For such reports refer to the UW-Madison Policy for Reporting Research Misconduct for Graduate Students and Postdoctoral Research Associates (<https://research.wisc.edu/kb-article/?id=84924>).

Requirements for Programs

The School of Medicine and Public Health Office of Basic Research, Biotechnology and Graduate Studies requires that each graduate program designate a grievance advisor, who should be a tenured faculty member, and will request the name of the grievance advisor annually. The program director will serve as the alternate grievance advisor in the event that the grievance advisor is named in the grievance. The program must notify students of the grievance advisor, including posting the grievance advisor's name on the program's Guide page and handbook.

The grievance advisor or program director may be approached for possible grievances of all types. They will spearhead the grievance response

process described below for issues specific to the graduate program, including but not limited to academic standing, progress to degree, professional activities, appropriate advising, and a program's community standards. They will ensure students are advised on reporting procedures for other types of possible grievances and are supported throughout the reporting process. Resources (<https://grad.wisc.edu/current-students/#reporting-incidents>) on identifying and reporting other issues have been compiled by the Graduate School.

Procedures

1. The student is advised to initiate a written record containing dates, times, persons, and description of activities, and to update this record while completing the procedures described below.
2. If the student is comfortable doing so, efforts should be made to resolve complaints informally between individuals before pursuing a formal grievance.
3. Should a satisfactory resolution not be achieved, the student should contact the program's grievance advisor or program director to discuss the complaint. The student may approach the grievance advisor or program director alone or with a UW-Madison faculty or staff member. The grievance advisor or program director should keep a record of contacts with regards to possible grievances. The first attempt is to help the student informally address the complaint prior to pursuing a formal grievance. The student is also encouraged to talk with their faculty advisor regarding concerns or difficulties.
4. If the issue is not resolved to the student's satisfaction, the student may submit a formal grievance to the grievance advisor or program director in writing, within 60 calendar days from the date the grievant first became aware of, or should have become aware of with the exercise of reasonable diligence, the cause of the grievance. To the fullest extent possible, a grievance shall contain a clear and concise statement of the grievance and indicate the issue(s) involved, the relief sought, the date(s) the incident or violation took place, and any specific policy involved.
5. On receipt of a written grievance, the following steps will occur. The final step must be completed within 30 business days from the date the grievance was received. The program must store documentation of the grievance for seven years. Significant grievances that set a precedent may be stored indefinitely.
 - a. The grievance advisor or program director will convene a faculty committee composed of at least three members to manage the grievance. Any faculty member involved in the grievance or who feels that they cannot be impartial may not participate in the committee. Committee composition should reflect diverse viewpoints within the program.
 - b. The faculty committee, through the grievance advisor or program director, will obtain a written response from the person or persons toward whom the grievance is directed. The grievance advisor or program director will inform this person that their response will be shared with the student filing the grievance.
 - c. The grievance advisor or program director will share the response with the student filing the grievance.
 - d. The faculty committee will make a decision regarding the grievance. The committee's review shall be fair, impartial, and timely. The grievance advisor or program director will report on the action taken by

the committee in writing to both the student and the person toward whom the grievance was directed.

6. If either party (the student or the person or persons toward whom the grievance is directed) is unsatisfied with the decision of the program's faculty committee, the party may file a written appeal to the SMPH senior associate dean for basic research, biotechnology and graduate studies within 10 business days from the date of notification of the program's faculty committee. The following steps will occur:
 - a. The grievant will be notified in writing, within 5 business days of the written appeal, acknowledging receipt of the formal appeal and establishing a timeline for the review to be completed.
 - b. The senior associate dean or their designee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the senior associate dean or their designee will meet with both the grievant and the person or persons toward whom the grievance is directed.
 - c. The senior associate dean or their designee will assemble an ad hoc committee of faculty from outside of the student's graduate program and ask them to prepare a written recommendation on whether to uphold or reverse the decision of the program on the student's initial grievance. The committee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the committee will meet with both the grievant and the person or persons toward whom the grievance is directed.
 - d. The senior associate dean or their designee will make a final decision within 20 business days of receipt of the committee's recommendation.
 - e. The SMPH Office of Basic Research, Biotechnology, and Graduate Studies must store documentation of the grievance for seven years. Grievances that set a precedent may be stored indefinitely.
7. The student may file an appeal of the School of Medicine and Public Health decision with the Graduate School. See the Grievances and Appeals section of the Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

Time Limits

Steps in the grievance procedures must be initiated and completed within the designated time periods except when modified by mutual consent. If the student fails to initiate the next step in the grievance procedure within the designated time period, the grievance will be considered resolved by the decision at the last completed step.

OTHER

Most students are funded with research assistantships through the research programs of their advisors. A limited number of traineeships are available to advanced students in the UW Radiological Sciences Training Program for career training in cancer research. Other fellowships are also available to qualified students (e.g., AAPM, Cardiovascular and Neurological Sciences Training Programs, Advanced Opportunity Fellowship Program).

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

1. Articulates research problems, potentials, and limits with respect to theory, knowledge, or practice within the field of medical physics.
2. Formulates ideas, concepts, designs, and/or techniques beyond the current boundaries of knowledge within the field of medical physics.
3. Creates research, scholarship, or performance that makes a substantive scientific contribution.
4. Demonstrates breadth and depth within their learning experiences.
5. Advances contributions of the field of medical physics to society through peer-reviewed journal publications.
6. Communicates complex ideas in a clear and understandable manner in both oral and written formats.
7. Demonstrates ethical research and professional conduct.

PEOPLE

Faculty: Please see a comprehensive list of our faculty (<https://www.medphysics.wisc.edu/faculty/>) on the department website.

ACCREDITATION

ACCREDITATION

Commission on Accreditation of Medical Physics Education Programs (<http://www.campep.org>)

Accreditation status: Accredited through December 31, 2026. Next accreditation review: Spring 2026.

MEDICINE AND PUBLIC HEALTH - SCHOOL-WIDE

DEGREES/MAJORS, DOCTORAL MINORS, GRADUATE PROFESSIONAL/CERTIFICATES

- Endocrinology-Reproductive Physiology, Doctoral Minor (p. 1402)
- Endocrinology-Reproductive Physiology, M.S. (p. 1403)
- Endocrinology-Reproductive Physiology, Ph.D. (p. 1408)
- Global Health Online, Graduate/Professional Certificate (p. 1412)
- Molecular and Cellular Pharmacology, Doctoral Minor (p. 1415)
- Molecular and Cellular Pharmacology, M.S. (p. 1415)
- Molecular and Cellular Pharmacology, Ph.D. (p. 1419)
- Molecular and Environmental Toxicology, Doctoral Minor (p. 1423)

- Molecular and Environmental Toxicology, M.S. (p. 1424)
- Molecular and Environmental Toxicology, Ph.D. (p. 1428)
- Neuroscience, Doctoral Minor (p. 1433)
- Neuroscience, M.S. (p. 1434)
- Neuroscience, Ph.D. (p. 1439)
- Physiology, M.S. (p. 1444)
- Physiology, Ph.D. (p. 1448)

ENDOCRINOLOGY- REPRODUCTIVE PHYSIOLOGY, DOCTORAL MINOR

The Endocrinology and Reproductive Physiology (ERP) Program is a multidisciplinary degree-granting program designed to promote research in both endocrinology and reproductive biology, to provide training and experience for pre- and post-doctoral students interested in these fields, and to provide training in problems of endocrine physiology and reproductive physiology in animals and humans. The program trains master's and Ph.D. candidates for teaching and research careers in all aspects of the interrelated fields of endocrinology and reproductive physiology—basic, clinical and translational. Students have access to a full range of research facilities throughout campus.

The multidisciplinary research and the diverse interests of the faculty make possible many approaches to the study of both endocrinology and reproduction, providing the individual student with a wide selection of research training experiences. Research opportunities are available, but not limited to: endocrine molecular signaling, endocrine physiology in body function and dysfunction, stem-cell programming, gamete and embryo biology, pregnancy, lactation, neuroendocrinology and placenta development. Research models range from molecular and cellular all the way to whole animal including nonhuman primates and humans.

A doctoral minor in Endocrinology and Reproductive Physiology may augment the training for Ph.D. students in a variety of biological sciences research fields. Students may seek greater exposure to clinical and translation research, and the human health implications of their Ph.D. research; may want to learn more about pregnancy and development so as to consider the potential effects of an agent (e.g., a pharmaceutical or toxicological agent) on human development; may want to consider how changes to one system might affect another; etc. Due to its relevance across a wide range of research areas, as well as our unique courses (<http://erp.wisc.edu/current-students/course-offerings/>) on endocrinology, reproduction, pregnancy, and development, an ERP doctoral minor is one of the more popular doctoral minors relevant to biomedical sciences at UW–Madison.

For more information on ERP's doctoral minor, you can view our doctoral minor form (https://erp.wiscweb.wisc.edu/wp-content/uploads/sites/407/2017/12/ERP-Minor_2017.doc) and contact the graduate coordinator (see Contact Information in sidebar).

If you are interested in obtaining a distributed minor (Option B), you can work with your major department to ensure that courses you take through the ERP program can count toward your doctoral minor.

ADMISSIONS

Should you be curious whether an ERP doctoral minor would augment your graduate studies, please contact the program coordinator to discuss your research and career goals. Timing is important—remember that a doctoral minor must be completed before a student can advance to candidacy. Graduate students in their first and second years of study are usually best positioned to add a doctoral minor to their degree plan.

To apply: With support from your advisor and proposed ERP doctoral minor advisor, submit the ERP minor form (https://erp.wiscweb.wisc.edu/wp-content/uploads/sites/407/2017/12/ERP-Minor_2017.doc). The ERP program directors will determine whether an ERP minor is appropriate and feasible. There are no standard deadlines for submission for ERP doctoral minor applications.

FUNDING

While most ERP M.S. and Ph.D. students are funded through graduate appointments and fellowships, we do not generally provide funding for students obtaining an ERP doctoral minor. If the project is relevant to NICHD, an ERP doctoral minor may apply for a funding through the Endocrinology and Reproductive Physiology program's T32 training grant (<http://erp.wisc.edu/current-students/nih-training-grant/>), if funding and space permits.

REQUIREMENTS

CREDIT REQUIREMENT

10+ credits

Code	Title	Credits
Required Courses		
OBS&GYN 710	Reproductive Endocrine Physiology	3
AN SCI/OBS&GYN/ ZOOLOGY 954	Seminar in Endocrinology- Reproductive Physiology (2 semesters, one presentation required)	1
Select two courses from the following (2 credits each):		4
OBS&GYN 711	Advanced Reproductive Endocrine Physiology	
OBS&GYN 712	Critical Thinking in Reproductive Endocrine Physiology	
MEDICINE 720	Endocrinology and Metabolism	
Additional coursework selected in consultation with minor advisor		

ERP ANNUAL SYMPOSIUM

- Required to attend annually
- Required to submit an abstract for a poster / oral presentation each year until degree completion

POLICIES

PEOPLE

Faculty:

Professors Ian Bird -director- (Obstetrics and Gynecology), David Abbott (Obstetrics and Gynecology), Elaine Alarid (Oncology), William Bosu (Medical Sciences/Veterinary Medicine), Ted Golos (Comparative Biosciences), Colin Jefcoate (Cell and Regenerative Biology), Hasan Khatib (Dairy Sciences), Pam Kling (Pediatrics), Jon Levine (Neuroscience), Bo Liu (Surgery), Thomas Martin (Biochemistry), James Ntambi (Biochemistry/Nutritional Sciences), Jon Odorico (Surgery), Jon Parrish (Animal Sciences), Manish Patankar -associate director- (Obstetrics and Gynecology), Bret Payseur (Genetics), Francisco Pelegri (Genetics), Richard Peterson (Pharmacy), Linda Schuler (Comparative Biosciences/Veterinary Medicine), Dinesh Shah (Obstetrics and Gynecology), Ei Terasawa (Pediatrics), James Thomson (Cell and Regenerative Biology), Watters (Comparative Biosciences/Veterinary Medicine), Milo Wiltbank (Dairy Science), Wi Xu (Oncology), and Jing Zheng (Obstetrics and Gynecology)

Associate Professors Craig Atwood (Medicine), Anjon Audhya (Biomolecular Chemistry), Dawn Davis (Medicine), Theresa Duello (Obstetrics and Gynecology), Laura Hernandez (Dairy Science), Joan Jorgensen (Comparative Biosciences), Chad Vezina (Comparative Biosciences/Veterinary Medicine)

Assistant Professors Reid Alisch (Psychiatry), Lisa Arendt (Comparative Biosciences), Sebastian Arriola Apelo (Dairy Science), Barak Blum (Cell and Regenerative Biology), Derek Boeldt (Obstetrics and Gynecology), Michael Cahill (Comparative Biosciences/Veterinary Medicine), Ricki Colman (Cell and Regenerative Biology), Feyza Engin (Biomolecular Chemistry), Michelle Kimple (Medicine), Pam Kreeger (Biomedical Engineering), Matthew Merrins (Medicine), Bikash Pattnaik (Pediatrics), Aleks Stanic-Kostic (Obstetrics and Gynecology)

ENDOCRINOLOGY- REPRODUCTIVE PHYSIOLOGY, M.S.

The Endocrinology and Reproductive Physiology (ERP) Program is a multidisciplinary degree-granting program designed to promote research in both endocrinology and reproductive biology, to provide training and experience for pre- and post-doctoral students interested in these fields, and to provide training in problems of endocrine physiology and reproductive physiology in animals and humans. The program trains Master's and Ph.D. candidates for teaching and research careers in all aspects of the interrelated fields of endocrinology and reproductive physiology—basic, clinical and translational. Students have access to a full range of research facilities throughout campus.

Students that join ERP for a master's degree range from those pursuing their first postgraduate degree to those with terminal degrees seeking additional training (i.e., Ph.D. graduates and M.D. fellows).

The multidisciplinary research and the diverse interests of the faculty make possible many approaches to the study of both endocrinology and

reproduction, providing the individual student with a wide selection of research training experiences. Research opportunities are available, but not limited to: endocrine molecular signaling, endocrine physiology in body function and dysfunction, stem-cell programming, gamete and embryo biology, pregnancy, lactation, neuroendocrinology and placenta development. Research models range from molecular and cellular all the way to whole animal including nonhuman primates and humans.

All M.S. students complete a core set of courses including participation in the weekly seminar program. After fulfilling core course requirements, students have the ability to design a curriculum that meets individual research and career interests. Students also have multiple opportunities to present research work in courses, seminars and symposia, and at regional, national and international scientific meetings. Upon concluding the M.S. degree, students will have general knowledge of endocrinology and reproduction, will have expertise in their research areas, and will have developed technical and analytical skills.

All students are required to form a thesis committee during the first year of study and have an annual meeting with the members. A written progress report must be submitted annually to the program administrator.

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 1
Spring Deadline	October 1
Summer Deadline	May 1
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements (https://grad.wisc.edu/apply/requirements/#english-proficiency).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

Admission to the program is competitive; applications are due December 1 of each year for fall semester. Potential applicants will have a major in the biological sciences or other relevant field, a minimum undergraduate GPA of 3.0/4.0, and appropriate preparatory courses in physiology, chemistry, biochemistry, biology, physics, calculus, statistics, organic

chemistry, and/or genetics. Prior laboratory research experience is strongly recommended.

The application process includes the completion and submission of the online Graduate School application, payment of the application fee, submission of a personal statement for graduate study, receipt of GRE scores and TOEFL or International English Language Testing System (IELTS) scores (TOEFL and IELTS are for international applicants) by Educational Testing Service, receipt of three letters of recommendation, an unofficial transcript, and a current curriculum vitae. Applicants are strongly encouraged to use the online reference feature in the Graduate School application system.

Completed applications for fall entry are reviewed by a panel of faculty. Applicants who pass this first step will be invited for a campus visit to interview with faculty and learn more about the program. Applications for spring or summer term are rare but possible, but only with the approval of the admissions committee. Please contact the program coordinator in advance of submitting an off-cycle application.

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

More than 95 percent of the program's enrolled students are supported by a research assistantship or fellowship. Incoming applicants are considered for competitive fellowships during the admissions process; no additional application is required. Additional fellowship support for minority and educationally disadvantaged students is also available (prospective students should contact the program administrator at the time of application). Teaching assistantships are discouraged until the student has passed the preliminary exam. Financial support generally includes tuition remission, monthly stipend check, and participation in the State of Wisconsin health insurance program. Benefit costs change on an annual basis; contact the program administrator for current rates. Support for international students varies by faculty advisor. International students offered admission will be required to submit a notarized financial statement prior to visa documents being issued.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW-Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail	
Minimum Credit Requirement	30 credits
Minimum Residence Credit Requirement	16 credits
Minimum Graduate Coursework Requirement	Half of degree coursework (15 credits out of 30 total credits) must be completed graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy (https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/)).
Overall Graduate GPA Requirement	3.00 GPA required.
Other Grade Requirements	The Graduate School requires that students maintain a graduate grade-point average (GPA) of 3.00 (on a 4.00 scale) for all graduate courses (excluding research) to receive a degree. Grades of Incomplete are considered to be unsatisfactory if they are not removed during the next enrolled semester.
Assessments and Examinations	Contact the program for information on required assessments and examinations.
Language Requirements	Contact the program for information on any language requirements.

REQUIRED COURSES

Code	Title	Credits
OBS&GYN 710	Reproductive Endocrine Physiology	3
STAT/F&W ECOL/ HORT 571	Statistical Methods for Bioscience I	4
or STAT/B M I 541	Introduction to Biostatistics	
BIOCHEM 501	Introduction to Biochemistry	3
OBS&GYN 955	Responsible Conduct of Research for Biomedical Graduate Students	2
OBS&GYN/AN SCI/ ZOOLOGY 954	Seminar in Endocrinology- Reproductive Physiology	1
Electives—additional statistics, biochemistry and advanced topics courses as determined by the thesis committee		

exemption; however, students are still strongly encouraged to have this refresher or choose one with different emphasis (e.g., clinical). Decisions of the director are final.

These exemptions do not waive a student from any credits, merely from taking the courses. The student will still need to accumulate 30 credits for the degree.

PROBATION

The Graduate School regularly reviews the record of any student who earned grades of BC, C, D, F, or Incomplete in a graduate course (300 or above), or grade of U in research credits. This review could result in academic probation with a hold on future enrollment or in being suspended from the Graduate School.

ADVISOR / COMMITTEE

Every graduate student is required to have an advisor. To ensure that students are making satisfactory progress toward a degree, the Graduate School expects them to meet with their advisor on a regular basis.

An advisor generally serves as the thesis advisor. In many cases, an advisor is assigned to incoming students. Students can be suspended from the Graduate School if they do not have an advisor. An advisor is a faculty member, or sometimes a committee, from the major department responsible for providing advice regarding graduate studies.

A committee often accomplishes advising for the students in the early stages of their studies.

CREDITS PER TERM ALLOWED

12 credits

TIME CONSTRAINTS

Master's degree students who have been absent for five or more consecutive years lose all credits that they have earned before their absence. Individual programs may count the coursework students completed prior to their absence for meeting program requirements; that coursework may not count toward Graduate School credit requirements.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Work from Other Institutions

Courses taken that fulfill equivalent program requirements may be considered to exempt a class. Exemptions must be discussed with the program director. One course may be substituted for another due to background and interest. Statistics courses may be considered by the student's advisory committee for exemption; however, students are still strongly encouraged to have this refresher. Decisions of the director are final.

These exemptions do not waive a student from any credits, merely from taking the courses. The student will still need to accumulate 30 credits for their degree.

UW–Madison Undergraduate

Courses taken that fulfill equivalent program requirements may be considered to exempt a class. Exemptions must be discussed with the program director. One course may be substituted for another due to background, interest, or program-related career relevance. Statistics courses may be considered by the student's advisory committee for exemption; however, students are still strongly encouraged to have this refresher or choose one with different emphasis (e.g., clinical). Decisions of the director are final.

These exemptions do not waive a student from any credits, merely from taking the courses. The student will still need to accumulate 30 credits for the degree.

UW–Madison University Special

Courses taken that fulfill equivalent program requirements may be considered to exempt a class. Exemptions must be discussed with the program director. One course may be substituted for another due to background, interest, or program-related career relevance. Statistics courses may be considered by the student's advisory committee for

- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Grievance Policy for Graduate Programs in the School of Medicine and Public Health

Any student in a School of Medicine and Public Health graduate program who feels that they have been treated unfairly in regards to educational decisions and/or outcomes or issues specific to the graduate program, including academic standing, progress to degree, professional activities, appropriate advising, and a program's community standards by a faculty member, staff member, postdoc, or student has the right to complain about the treatment and to receive a prompt hearing of the grievance following these grievance procedures. Any student who discusses, inquiries about, or participates in the grievance procedure may do so openly and shall not be subject to intimidation, discipline, or retaliation because of such activity. Each program's grievance advisor is listed on the "Research" tab of the SMPH intranet (<https://intranet.med.wisc.edu/>).

Exclusions

This policy does not apply to employment-related issues for Graduate Assistants in TA, PA and/or RA appointments. Graduate Assistants will utilize the Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/>) (GAPP) grievance process to resolve employment-related issues.

This policy does not apply to instances when a graduate student wishes to report research misconduct. For such reports refer to the UW-Madison Policy for Reporting Research Misconduct for Graduate Students and Postdoctoral Research Associates (<https://research.wisc.edu/kb-article/?id=84924>).

Requirements for Programs

The School of Medicine and Public Health Office of Basic Research, Biotechnology and Graduate Studies requires that each graduate program designate a grievance advisor, who should be a tenured faculty member, and will request the name of the grievance advisor annually. The program director will serve as the alternate grievance advisor in the event that the grievance advisor is named in the grievance. The program must notify students of the grievance advisor, including posting the grievance advisor's name on the program's Guide page and handbook.

The grievance advisor or program director may be approached for possible grievances of all types. They will spearhead the grievance response process described below for issues specific to the graduate program, including but not limited to academic standing, progress to degree, professional activities, appropriate advising, and a program's community standards. They will ensure students are advised on reporting procedures for other types of possible grievances and are supported throughout the reporting process. Resources (<https://grad.wisc.edu/current-students/>

#reporting-incidents) on identifying and reporting other issues have been compiled by the Graduate School.

Procedures

1. The student is advised to initiate a written record containing dates, times, persons, and description of activities, and to update this record while completing the procedures described below.
2. If the student is comfortable doing so, efforts should be made to resolve complaints informally between individuals before pursuing a formal grievance.
3. Should a satisfactory resolution not be achieved, the student should contact the program's grievance advisor or program director to discuss the complaint. The student may approach the grievance advisor or program director alone or with a UW-Madison faculty or staff member. The grievance advisor or program director should keep a record of contacts with regards to possible grievances. The first attempt is to help the student informally address the complaint prior to pursuing a formal grievance. The student is also encouraged to talk with their faculty advisor regarding concerns or difficulties.
4. If the issue is not resolved to the student's satisfaction, the student may submit a formal grievance to the grievance advisor or program director in writing, within 60 calendar days from the date the grievant first became aware of, or should have become aware of with the exercise of reasonable diligence, the cause of the grievance. To the fullest extent possible, a grievance shall contain a clear and concise statement of the grievance and indicate the issue(s) involved, the relief sought, the date(s) the incident or violation took place, and any specific policy involved.
5. On receipt of a written grievance, the following steps will occur. The final step must be completed within 30 business days from the date the grievance was received. The program must store documentation of the grievance for seven years. Significant grievances that set a precedent may be stored indefinitely.
 - a. The grievance advisor or program director will convene a faculty committee composed of at least three members to manage the grievance. Any faculty member involved in the grievance or who feels that they cannot be impartial may not participate in the committee. Committee composition should reflect diverse viewpoints within the program.
 - b. The faculty committee, through the grievance advisor or program director, will obtain a written response from the person or persons toward whom the grievance is directed. The grievance advisor or program director will inform this person that their response will be shared with the student filing the grievance.
 - c. The grievance advisor or program director will share the response with the student filing the grievance.
 - d. The faculty committee will make a decision regarding the grievance. The committee's review shall be fair, impartial, and timely. The grievance advisor or program director will report on the action taken by the committee in writing to both the student and the person toward whom the grievance was directed.
6. If either party (the student or the person or persons toward whom the grievance is directed) is unsatisfied with the decision of the program's faculty committee, the party may file a written appeal to the SMPH senior associate dean for basic research, biotechnology and graduate studies within 10 business days from

the date of notification of the program's faculty committee. The following steps will occur:

- a. The grievant will be notified in writing, within 5 business days of the written appeal, acknowledging receipt of the formal appeal and establishing a timeline for the review to be completed.
 - b. The senior associate dean or their designee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the senior associate dean or their designee will meet with both the grievant and the person or persons toward whom the grievance is directed.
 - c. The senior associate dean or their designee will assemble an ad hoc committee of faculty from outside of the student's graduate program and ask them to prepare a written recommendation on whether to uphold or reverse the decision of the program on the student's initial grievance. The committee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the committee will meet with both the grievant and the person or persons toward whom the grievance is directed.
 - d. The senior associate dean or their designee will make a final decision within 20 business days of receipt of the committee's recommendation.
 - e. The SMPH Office of Basic Research, Biotechnology, and Graduate Studies must store documentation of the grievance for seven years. Grievances that set a precedent may be stored indefinitely.
7. The student may file an appeal of the School of Medicine and Public Health decision with the Graduate School. See the Grievances and Appeals section of the Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

Time Limits

Steps in the grievance procedures must be initiated and completed within the designated time periods except when modified by mutual consent. If the student fails to initiate the next step in the grievance procedure within the designated time period, the grievance will be considered resolved by the decision at the last completed step.

OTHER

Most ERP students are 100% funded through research assistantships and/or fellowships, which include tuition, health insurance, and a monthly stipend.

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

1. Demonstrate an understanding of endocrine systems.
2. Understand specific principles involved in investigating endocrinology, reproduction, and development to advance research in one's area of concentration.
3. Assess cutting-edge research and development in one's area of concentration.
4. Articulate theories, research methods, and approaches to inquiry in the fields of endocrinology and reproduction.
5. Select and/or utilize the most appropriate methodologies and practices to the identified research goal.
6. Communicate complex ideas in a clear and understandable manner.
7. Recognize and apply principles of ethical and professional conduct.
8. Foster ethical and professional conduct.
9. Identify incentives and structures that may encourage unethical research practices and behaviors.
10. Identify resources to help manage or report potential ethical misconduct

PEOPLE

FACULTY

Professors Ian Bird—director (Obstetrics and Gynecology), David Abbott (Obstetrics and Gynecology), Elaine Alarid (Oncology), William Bosu (Medical Sciences/Veterinary Medicine), Ted Golos (Comparative Biosciences), Colin Jefcoate (Cell and Regenerative Biology), Hasan Khatib (Dairy Sciences), Pam Kling (Pediatrics), Jon Levine (Neuroscience), Bo Liu (Surgery), Thomas Martin (Biochemistry), James Ntambi (Biochemistry/Nutritional Sciences), Jon Odorico (Surgery), Jon Parrish (Animal Sciences), Manish Patankar—associate director (Obstetrics and Gynecology), Bret Payseur (Genetics), Francisco Pelegri (Genetics), Richard Peterson (Pharmacy), Linda Schuler (Comparative Biosciences/Veterinary Medicine), Dinesh Shah (Obstetrics and Gynecology), Ei Terasawa (Pediatrics), James Thomson (Cell and Regenerative Biology), Watters (Comparative Biosciences/Veterinary Medicine), Milo Wiltbank (Dairy Science), Wi Xu (Oncology), and Jing Zheng (Obstetrics and Gynecology)

Assistant Professors Reid Alisch (Psychiatry), Lisa Arendt (Comparative Biosciences), Sebastian Arriola Apelo (Dairy Science), Barak Blum (Cell and Regenerative Biology), Derek Boeldt (Obstetrics and Gynecology), Michael Cahill (Comparative Biosciences/Veterinary Medicine), Ricki Colman (Cell and Regenerative Biology), Feyza Engin (Biomolecular Chemistry), Michelle Kimple (Medicine), Pam Kreeger (Biomedical Engineering), Matthew Merrins (Medicine), Bikash Pattnaik (Pediatrics), Aleks Stanic-Kostic (Obstetrics and Gynecology)

ENDOCRINOLOGY- REPRODUCTIVE PHYSIOLOGY, PH.D.

The Endocrinology and Reproductive Physiology (ERP) Program is a multidisciplinary degree-granting program designed to promote research in both endocrinology and reproductive biology, to provide training and experience for pre- and post-doctoral students interested in these fields, and to provide training in problems of endocrine physiology and reproductive physiology in animals and humans. The program trains master's and Ph.D. candidates for teaching and research careers in all aspects of the interrelated fields of endocrinology and reproductive physiology—basic, clinical and translational. Students have access to a full range of research facilities throughout campus. A joint M.D./Ph.D. degree is also offered by the School of Medicine and Public Health and student trainees are eligible to train for the Ph.D. in the ERP program.

Postdoctoral Fellows are encouraged to join the program as associate members and participate in the program's diverse activities. While postdoctoral positions are arranged directly with individual faculty members, ERP also seeks NIH support in this area. The program supports and mentors the training of both Ph.D. and M.D. fellows in translational studies.

The multidisciplinary research and the diverse interests of the faculty make possible many approaches to the study of both endocrinology and reproduction, providing the individual student with a wide selection of research training experiences. Research opportunities are available, but not limited to: endocrine molecular signaling, endocrine physiology in body function and dysfunction, stem-cell programming, gamete and embryo biology, pregnancy, lactation, neuroendocrinology and placenta development. Research models range from molecular and cellular all the way to whole animal including nonhuman primates and humans.

All students complete a core set of courses during the first two years of enrollment in the program including participation in the weekly seminar program. After fulfilling core course requirements, students have the ability to design a curriculum that meets individual research and career interests. Students also have multiple opportunities to present research work in courses, seminars and symposia, and at regional, national and international scientific meetings.

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 1
Spring Deadline	October 1

Summer Deadline	May 1
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements (https://grad.wisc.edu/apply/requirements/#english-proficiency).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

Admission to the program is competitive; applications are due December 1 of each year for fall semester. Potential applicants will have a major in the biological sciences or other relevant field, a minimum undergraduate GPA of 3.0/4.0, and appropriate preparatory courses in physiology, chemistry, biochemistry, biology, physics, calculus, statistics, organic chemistry, and/or genetics. Prior laboratory research experience is strongly recommended.

The application process includes the completion and submission of the online Graduate School application, payment of the application fee, submission of a personal statement for graduate study, receipt of GRE scores and TOEFL or International English Language Testing System (IELTS) scores (TOEFL and IELTS are for international applicants) by Educational Testing Service, receipt of three letters of recommendation, unofficial transcripts, and a current curriculum vitae. Applicants are strongly encouraged to use the online reference feature in the Graduate School application system.

Completed applications for fall entry are reviewed by a panel of faculty. Applicants who pass this first step will be invited to a campus visit to interview with faculty and learn more about the program. Applications for spring or summer term are rare but possible, but only with the approval of the admissions committee -- please contact the program coordinator in advance of submitting an off-cycle application.

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

More than 95 percent of the program's enrolled students are supported by a research assistantship or fellowship. Incoming applicants are considered for competitive fellowships during the admissions process; no additional application is required. Additional fellowship support for minority and educationally disadvantaged students is also available (prospective students should contact the program administrator at the time of application). Teaching assistantships are discouraged until the student has passed the preliminary exam. Training-grant support may be considered in the third through fifth years of study for Ph.D. students, assuming

the student meets citizenship criteria, satisfactory academic progress, has a project that is relevant to the mission of NICHD, and continued funding by the National Institutes of Health. Financial support generally includes tuition remission, monthly stipend check, and participation in the State of Wisconsin health insurance program. Benefit costs change on an annual basis; contact the program administrator for current rates. Support for international students varies by faculty advisor. International students offered admission will be required to submit a notarized financial statement prior to visa documents being issued.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW–Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail

Minimum
Credit
Requirement

51 credits

Minimum
Residence
Credit
Requirement

32 credits

Minimum
Graduate
Coursework
Requirement

Half of degree coursework (26 credits out of 51 total credits) must be completed graduate-level coursework; courses with the Graduate Level Coursework attribute are identified and searchable in the university's Course Guide.

Overall
Graduate
GPA
Requirement

3.00 GPA required.

Other Grade
Requirements

The Graduate School requires that students maintain a graduate grade-point average (GPA) of 3.00 (on a 4.00 scale) for all graduate courses (excluding research) to receive a degree. Grades of Incomplete are considered to be unsatisfactory if they are not removed during the next enrolled semester.

Assessments
and
Examinations

Doctoral students are required to take a comprehensive preliminary/oral examination after they have cleared their record of all Incomplete and Progress grades (other than research and thesis). Deposit of the doctoral dissertation in the Graduate School is required.

Language
Requirements

Contact the program for information on any language requirements.

Doctoral
Minor/
Breadth
Requirements

Doctoral students are not required to complete a doctoral minor.

REQUIRED COURSES

Code	Title	Credits
Required Core		
OBS&GYN 710	Reproductive Endocrine Physiology	3
STAT/F&W ECOL/ HORT 571	Statistical Methods for Bioscience I	4
	or STAT/B M I 541 Introduction to Biostatistics	
BIOCHEM 501	Introduction to Biochemistry	3
BIOCHEM/ PHMCOL-M/ ZOOLOGY 630	Cellular Signal Transduction Mechanisms	3
	or NTP/ NEURODPT 610	
	or ZOOLOGY 570 Cell Biology	
	or BIOCHEM/ GENETICS/ MD GENET 620	
OBS&GYN 955	Responsible Conduct of Research for Biomedical Graduate Students	2
OBS&GYN 956	Advanced Responsible Conduct of Research for Biomedical Students	1
OBS&GYN/AN SCI/ ZOOLOGY 954	Seminar in Endocrinology- Reproductive Physiology	1

Electives—additional statistics, biochemistry, and advanced topics courses as determined by the thesis committee

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree

program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES PRIOR COURSEWORK

Graduate Work from Other Institutions

Courses taken that fulfill equivalent program requirements may be considered to exempt a class. Exemptions must be discussed with the program director. One course may be substituted for another due to background and interest. Statistics courses may be considered by the student's advisory committee for exemption; however, students are still strongly encouraged to have this refresher. Decisions of the director are final.

These exemptions do not waive a student from any credits, merely from taking the courses. The student will still need to accumulate 51 credits for their degree.

UW-Madison Undergraduate

Courses taken that fulfill equivalent program requirements may be considered to exempt a class. Exemptions must be discussed with the program director. One course may be substituted for another due to background, interest, or program-related career relevance. Statistics courses may be considered by the student's advisory committee for exemption; however, students are still strongly encouraged to have this refresher or choose one with different emphasis (e.g., clinical). Decisions of the director are final.

These exemptions do not waive a student from any credits, merely from taking the courses. The student will still need to accumulate 51 credits for the degree.

UW-Madison University Special

Courses taken that fulfill equivalent program requirements may be considered to exempt a class. Exemptions must be discussed with the program director. One course may be substituted for another due to background, interest, or program-related career relevance. Statistics courses may be considered by the student's advisory committee for exemption; however, students are still strongly encouraged to have this refresher or choose one with different emphasis (e.g. clinical). Decisions of the director are final.

These exemptions do not waive a student from any credits, merely from taking the courses. The student will still need to accumulate 51 credits for the degree.

PROBATION

The Graduate School regularly reviews the record of any student who earned grades of BC, C, D, F, or Incomplete in a graduate course (300 or above), or grade of U in research credits. This review could result in academic probation with a hold on future enrollment or in being suspended from the Graduate School.

ADVISOR / COMMITTEE

Every graduate student is required to have an advisor. An advisor is a faculty member, or sometimes a committee, from the major department responsible for providing advice regarding graduate studies. An advisor generally serves as the thesis advisor. In many cases, an advisor is assigned to incoming students. Students can be suspended from the Graduate School if they do not have an advisor.

To ensure that students are making satisfactory progress toward a degree, the Graduate School expects them to meet with their advisor on a regular basis.

A committee often accomplishes advising for the students in the early stages of their studies.

CREDITS PER TERM ALLOWED

15 credits

TIME CONSTRAINTS

Doctoral degree students who have been absent for ten or more consecutive years lose all credits that they have earned before their absence. Individual programs may count the coursework students completed prior to their absence for meeting program requirements; that coursework may not count toward Graduate School credit requirements.

A candidate for a doctoral degree who fails to take the final oral examination and deposit the dissertation within 5 years after passing the preliminary examination may be required to take another preliminary examination and to be admitted to candidacy a second time.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Grievance Policy for Graduate Programs in the School of Medicine and Public Health

Any student in a School of Medicine and Public Health graduate program who feels that they have been treated unfairly in regards to educational decisions and/or outcomes or issues specific to the graduate program,

including academic standing, progress to degree, professional activities, appropriate advising, and a program's community standards by a faculty member, staff member, postdoc, or student has the right to complain about the treatment and to receive a prompt hearing of the grievance following these grievance procedures. Any student who discusses, inquires about, or participates in the grievance procedure may do so openly and shall not be subject to intimidation, discipline, or retaliation because of such activity. Each program's grievance advisor is listed on the "Research" tab of the SMPH intranet (<https://intranet.med.wisc.edu/>).

Exclusions

This policy does not apply to employment-related issues for Graduate Assistants in TA, PA and/or RA appointments. Graduate Assistants will utilize the Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/>) (GAPP) grievance process to resolve employment-related issues.

This policy does not apply to instances when a graduate student wishes to report research misconduct. For such reports refer to the UW-Madison Policy for Reporting Research Misconduct for Graduate Students and Postdoctoral Research Associates (<https://research.wisc.edu/kb-article/?id=84924>).

Requirements for Programs

The School of Medicine and Public Health Office of Basic Research, Biotechnology and Graduate Studies requires that each graduate program designate a grievance advisor, who should be a tenured faculty member, and will request the name of the grievance advisor annually. The program director will serve as the alternate grievance advisor in the event that the grievance advisor is named in the grievance. The program must notify students of the grievance advisor, including posting the grievance advisor's name on the program's Guide page and handbook.

The grievance advisor or program director may be approached for possible grievances of all types. They will spearhead the grievance response process described below for issues specific to the graduate program, including but not limited to academic standing, progress to degree, professional activities, appropriate advising, and a program's community standards. They will ensure students are advised on reporting procedures for other types of possible grievances and are supported throughout the reporting process. Resources (<https://grad.wisc.edu/current-students/#reporting-incidents>) on identifying and reporting other issues have been compiled by the Graduate School.

Procedures

1. The student is advised to initiate a written record containing dates, times, persons, and description of activities, and to update this record while completing the procedures described below.
2. If the student is comfortable doing so, efforts should be made to resolve complaints informally between individuals before pursuing a formal grievance.
3. Should a satisfactory resolution not be achieved, the student should contact the program's grievance advisor or program director to discuss the complaint. The student may approach the grievance advisor or program director alone or with a UW-Madison faculty or staff member. The grievance advisor or program director should keep a record of contacts with regards to possible grievances. The first attempt is to help the student informally address the complaint prior to pursuing a formal

grievance. The student is also encouraged to talk with their faculty advisor regarding concerns or difficulties.

4. If the issue is not resolved to the student's satisfaction, the student may submit a formal grievance to the grievance advisor or program director in writing, within 60 calendar days from the date the grievant first became aware of, or should have become aware of with the exercise of reasonable diligence, the cause of the grievance. To the fullest extent possible, a grievance shall contain a clear and concise statement of the grievance and indicate the issue(s) involved, the relief sought, the date(s) the incident or violation took place, and any specific policy involved.
5. On receipt of a written grievance, the following steps will occur. The final step must be completed within 30 business days from the date the grievance was received. The program must store documentation of the grievance for seven years. Significant grievances that set a precedent may be stored indefinitely.
 - a. The grievance advisor or program director will convene a faculty committee composed of at least three members to manage the grievance. Any faculty member involved in the grievance or who feels that they cannot be impartial may not participate in the committee. Committee composition should reflect diverse viewpoints within the program.
 - b. The faculty committee, through the grievance advisor or program director, will obtain a written response from the person or persons toward whom the grievance is directed. The grievance advisor or program director will inform this person that their response will be shared with the student filing the grievance.
 - c. The grievance advisor or program director will share the response with the student filing the grievance.
 - d. The faculty committee will make a decision regarding the grievance. The committee's review shall be fair, impartial, and timely. The grievance advisor or program director will report on the action taken by the committee in writing to both the student and the person toward whom the grievance was directed.
6. If either party (the student or the person or persons toward whom the grievance is directed) is unsatisfied with the decision of the program's faculty committee, the party may file a written appeal to the SMPH senior associate dean for basic research, biotechnology and graduate studies within 10 business days from the date of notification of the program's faculty committee. The following steps will occur:
 - a. The grievant will be notified in writing, within 5 business days of the written appeal, acknowledging receipt of the formal appeal and establishing a timeline for the review to be completed.
 - b. The senior associate dean or their designee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the senior associate dean or their designee will meet with both the grievant and the person or persons toward whom the grievance is directed.
 - c. The senior associate dean or their designee will assemble an ad hoc committee of faculty from outside of the student's graduate program and ask them to prepare a written recommendation on whether to uphold or reverse the decision of the program on the student's initial grievance. The committee may

request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the committee will meet with both the grievant and the person or persons toward whom the grievance is directed.

- d. The senior associate dean or their designee will make a final decision within 20 business days of receipt of the committee's recommendation.
 - e. The SMPH Office of Basic Research, Biotechnology, and Graduate Studies must store documentation of the grievance for seven years. Grievances that set a precedent may be stored indefinitely.
7. The student may file an appeal of the School of Medicine and Public Health decision with the Graduate School. See the Grievances and Appeals section of the Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

Time Limits

Steps in the grievance procedures must be initiated and completed within the designated time periods except when modified by mutual consent. If the student fails to initiate the next step in the grievance procedure within the designated time period, the grievance will be considered resolved by the decision at the last completed step.

OTHER

Most ERP students are 100% funded through research assistantships and/or fellowships, which include tuition, health insurance, and a monthly stipend.

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

1. Demonstrate breadth in one's understanding of endocrine systems, i.e., the integration and control of reproduction and normal body function through endocrine signaling.
2. Utilize an understanding of specific principles involved in investigating endocrinology, reproduction and development to advance research in one's area of concentration.
3. Assess and synthesize cutting-edge research and development in one's area of concentration.
4. Assess and leverage discoveries in parallel areas of research to advance research in one's own area of concentration.
5. Articulate research problems, potentials, and limits with respect to knowledge and practice within the fields of endocrinology and reproduction and beyond where relevant.
6. Create study designs and employ established and new analytical tools appropriate to the identified research goal.
7. Formulate ideas, concepts, designs, and/or techniques beyond the current boundaries of knowledge within the fields of endocrinology and reproduction.

8. Communicate complex ideas in a clear and understandable manner. \n
9. Recognize and apply principles of ethical and professional conduct.
10. Foster ethical and professional conduct.
11. Identify incentives and structures that may encourage unethical research practices and behaviors.
12. Identify resources to help manage or report potential ethical misconduct.

PEOPLE

Faculty:

Professors Ian Bird -director- (Obstetrics and Gynecology), David Abbott (Obstetrics and Gynecology), Elaine Alarid (Oncology), William Bosu (Medical Sciences/Veterinary Medicine), Ted Golos (Comparative Biosciences), Colin Jefcoate (Cell and Regenerative Biology), Hasan Khatib (Dairy Sciences), Pam Kling (Pediatrics), Jon Levine (Neuroscience), Bo Liu (Surgery), Thomas Martin (Biochemistry), James Ntambi (Biochemistry/Nutritional Sciences), Jon Odorico (Surgery), Jon Parrish (Animal Sciences), Manish Patankar -associate director- (Obstetrics and Gynecology), Bret Payseur (Genetics), Francisco Pelegri (Genetics), Richard Peterson (Pharmacy), Linda Schuler (Comparative Biosciences/Veterinary Medicine), Dinesh Shah (Obstetrics and Gynecology), Ei Terasawa (Pediatrics), James Thomson (Cell and Regenerative Biology), Watters (Comparative Biosciences/Veterinary Medicine), Milo Wiltbank (Dairy Science), Wi Xu (Oncology), and Jing Zheng (Obstetrics and Gynecology)

Associate Professors Craig Atwood (Medicine), Anjon Audhya (Biomolecular Chemistry), Dawn Davis (Medicine), Theresa Duello (Obstetrics and Gynecology), Laura Hernandez (Dairy Science), Joan Jorgensen (Comparative Biosciences), Chad Vezina (Comparative Biosciences/Veterinary Medicine)

Assistant Professors Reid Alisch (Psychiatry), Lisa Arendt (Comparative Biosciences), Sebastian Arriola Apelo (Dairy Science), Barak Blum (Cell and Regenerative Biology), Derek Boeldt (Obstetrics and Gynecology), Michael Cahill (Comparative Biosciences/Veterinary Medicine), Ricki Colman (Cell and Regenerative Biology), Feyza Engin (Biomolecular Chemistry), Michelle Kimple (Medicine), Pam Kreeger (Biomedical Engineering), Matthew Merrins (Medicine), Bikash Pattnaik (Pediatrics), Aleks Stanic-Kostic (Obstetrics and Gynecology)

GLOBAL HEALTH ONLINE, GRADUATE/PROFESSIONAL CERTIFICATE

The complex, existential problems challenging today's world – emerging infectious diseases and pandemics, food insecurity and starvation, climate change impacts on health, antimicrobial resistance, fundamental inequities in access to nutrition and healthcare – transcend national boundaries and require expertise and perspectives from across the biomedical, social, and physical sciences to achieve creative solutions. The UW-Madison Certificate in Global Health Online provides students with the knowledge and skills to address health challenges and disparities around the world.

The largely asynchronous, online format provides maximum flexibility

for students to complete the certificate effectively within the context of primary degree, work and/or family responsibilities.

student organizations may also have funds available to help support field experience costs.

ADMISSIONS

As a graduate/professional certificate program, this certificate is intended for degree-seeking graduate and professional students who would like to add the certificate to their primary course of study.

The Certificate in Global Health Online accepts applications year-round.

- Applications are accepted through July 15 for Fall.
- Applications are accepted through December 1 for Spring.

In addition to the Certificate in Global Health Online application form, program applicants are required to submit a current resume and original transcripts from all post-secondary schools attended. (Applicants who are currently enrolled in or have been accepted to a UW-Madison health sciences or graduate studies program may request to have copies of their transcripts sent from their program administrator to the School of Medicine and Public Health [SMPH] Office of Global Health.)

All **Graduate School students** must utilize the Graduate Student Portal in MyUW to add, change, or discontinue any doctoral minor or graduate/professional certificate. To apply to this certificate, log in to MyUW, click on Graduate Student Portal, and then click on Add/Change Programs. Select the information for the certificate for which you are applying.

All **Professional students** (primarily health sciences students) will receive a declaration form upon admission to the program which will need to be signed by their dean/advisor and returned to the SMPH Office of Global Health.

Students who already hold an undergraduate certificate in Global Health from UW-Madison or have an undergraduate degree with a major in Global Health from UW-Madison are encouraged to contact the SMPH Office of Global Health to discuss options for advanced study. Please do not apply for the graduate/professional certificate.

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Students currently enrolled in a graduate/professional degree program at UW-Madison do not pay additional tuition for the certificate online coursework. However, responsibility for funding the global health field experience lies with the student. Depending on the site, nature, and duration of the experience, costs could range from \$1000 to \$4000⁺, including program fees, travel, and in-country living expenses. In some cases, students may be permitted to increase their student financial aid package to help pay these expenses. For students participating in the faculty-led field courses, scholarships are available through the International Academic Programs (IAP)/Study Abroad office that manages these programs. Additionally, primary degree programs and/or

REQUIREMENTS

Minimum Residence Credits: 11 credits

- Students must earn a minimum 3.0 GPA on required certificate coursework. Completed courses listed within the certificate curriculum, whether or not they meet a specific requirement, are included in the calculation of the GPA.
- Courses in which a student elects the pass/fail option will not count toward completion of requirements.

Required Coursework: 11 credits

Completion of eleven credits is required for the certificate, including ten core course credit requirements and one credit of global health field experience. A description of the requirements is provided below.

Code	Title	Credits
Graduate/Professional Certificate Requirements		
<i>Core Course Requirements</i>		
PUBLHLTH 710	Introduction to Global Health: History, Current Issues, and Health Statistics	2
PUBLHLTH 711	Global Public Health and Healthcare Systems: Organizations, Governance, Financing, and Workforce	2
PUBLHLTH 712	Global Health: Infectious Diseases, One Health, and Prevention Strategies	2
PUBLHLTH 713	Global Health: Non-communicable Diseases, Poverty, Environmental Health, and Food Security	2
PUBLHLTH 714	Global Health Field Work Fundamentals: Engagement, Ethics, Policy, and Methods	2
<i>Global Health Field Experience</i>		1
PUBLHLTH 716	Independent Study ¹	
Total Credits		11

1

For **independent study field experiences**, certificate students must prepare a proposal, to be reviewed and approved by his or her advisor and the Certificate Program Director, which describes project goals and objectives and outlines a tentative schedule of activities. Students must register for independent study credit in an appropriate school or department (a 699 course number in most health sciences and graduate departments). All students completing independent field experiences are required by the School of Medicine and Public Health (SMPH) to execute an affiliation agreement between the field site organization and the SMPH/University of Wisconsin–Madison. Upon completion of the independent field experience, all students must submit to the Certificate program office:

- A summary of reflections on the field course/experience. (This may take the form of a journal kept throughout the field course/experience, or if a journal was not kept, a template will be provided.);
- An instructor evaluation of the student;
- A reference-cited, academic paper/project report; and
- A site evaluation.

DETAILS ON THE GLOBAL HEALTH FIELD EXPERIENCE

A global health field experience/course is an academic credit-based learning experience in a setting relevant to global health. Field experiences/courses are generally carried out during the summer (less commonly within the normal academic calendar if they do not interfere with class attendance or completion of requirements for registered coursework). Students must be in good academic standing to participate in a global health field experience. One week of on-site learning is equivalent to 1 credit. (*While field experience credits may range from 1-6, only one field experience credit counts toward the certificate requirements.*)

Students may elect to complete either: a) a **faculty-led interdisciplinary group field course** administered by the UW–Madison Office of International Academic Programs (i.e., PUBLHLTH 716), or b) an **independent study field experience** at the site of their choice, with approval of an academic advisor and the certificate faculty program director (see footnote 1 above). Field experiences usually take place in a country outside the United States, but may also be carried out in the United States, working with international/under-served populations or addressing health issues that have global implications. Students may also work with international agencies, such as the United Nations, the World Health Organization, Centers for Disease Control and Prevention, or nongovernmental organizations.

For PUBLHLTH 716 faculty-led group courses (Thailand, Uganda, Ecuador), students are required to apply to participate in the field course through the campus-wide Office of International Academic Programs and complete a country-specific orientation program. Upon satisfactory completion of the field course, students will receive credit for PUBLHLTH 716.

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

PROGRAM RESOURCES

The Certificate in Global Health Online provides comprehensive student support and mentoring to maximize professional development for participating students. The programs coordinator will serve as the first line of student support for basic, procedural issues regarding the certificate program (e.g., access to the application portal, tracking of completed program requirements, monitoring of international travel requirements and paperwork, general questions). The faculty program director will serve as the primary advisor to students for issues regarding coursework as related to program requirements; global health content knowledge questions; advice, recommendations, and contacts for field projects; and, any student concerns regarding the program and academic/non-academic problems that may arise. All course faculty have extensive international field experience and will serve as equally important sources of information and personal contacts for students' field projects and mentoring for overall development of professional skills in global health. Additionally, they will share the role of advising students regarding academic issues specific to their own courses.

LEARNING OUTCOMES

1. Exhibit the ability to describe and compare the health care systems in different areas of the world (such as: an understanding of pros and cons of systems, comparison to the U.S. system, and trends in the evolution of health care systems over time).
2. Demonstrate knowledge of the epidemiology of common global health concerns, both communicable and non-communicable (such as: differences between high/middle/low income countries and programs to mitigate the impacts of these health issues such as the millennium and sustainable development goals).
3. Demonstrate the ability to integrate information from multiple perspectives into an assessment of a country/location's health status (such as: history, politics, culture, societal structure, economics, environmental sciences, health care system(s), health databases, disease epidemiology, human rights, human subjects protections).
4. Model ethical behavior in global health engagement (such as: appreciation of the bidirectional nature of learning and mutual benefits between stakeholders and learners, cultural humility and flexibility, recognition of the importance of program sustainability over time, openness to new information/ideas).
5. Demonstrate professionalism, effective communication, leadership, problem-solving, and collaboration across multiple health education disciplines and stakeholders in addressing a global health issue (including an understanding of One Health approaches).
6. Exhibit the ability for growth in one's approach to global health work through self-assessment and structured reflection (such as: personal biases and perspectives, views on equity and disparities, personal limitations).

PEOPLE

Information on the Certificate in Global Health Online program personnel can be found on the People tab of the program's website: <https://ogh.med.wisc.edu/people/>

MOLECULAR AND CELLULAR PHARMACOLOGY, DOCTORAL MINOR

Admissions to the Molecular and Cellular Pharmacology Doctoral Minor have been suspended as of fall 2022 and will be discontinued as of fall 2026. If you have any questions, please contact the department.

The objective of the doctoral minor in Molecular and Cellular Pharmacology is to equip students with an introduction to some of the skills required to conduct state-of-the-art biomolecular, biomedical, and pharmacological basic research. Advances in biomedical sciences are often based on the development of new drugs, which improve and save the lives of millions of patients. Drugs with specific biochemical actions are also powerful research tools. They provide pharmacologists and other biomedical scientists unique research opportunities which help to elucidate cellular signaling cascades.

ADMISSIONS

Admissions to the Molecular and Cellular Pharmacology Doctoral Minor have been suspended as of fall 2022 and will be discontinued as of fall 2026. If you have any questions, please contact the department.

Please contact: Program Coordinator: mcp@med.wisc.edu

PEOPLE

Faculty: Please see a comprehensive list of our faculty (<https://molpharm.wisc.edu/faculty/>) on the program website.

MOLECULAR AND CELLULAR PHARMACOLOGY, M.S.

The Molecular and Cellular Pharmacology (MCP) program, in cooperation with the Center for Training in Pharmacology and Drug Development (CTPDD), offers interdisciplinary graduate training in the field of molecular and cellular pharmacology. The primary emphasis is doctoral training in molecular biology, biochemistry, genetics, and cell biology with a focus on integrating these methodologies with modern pharmacology. Other related degree programs under the direction of program faculty are cellular and molecular biology, environmental toxicology, neuroscience, biomolecular chemistry, and genetics.

Pharmacology is the knowledge of the biochemical and physiological actions of drugs, which act on cellular signaling pathways. The molecular basis of cellular signaling and its control by various drugs is a major aspect of modern pharmacology and this aspect is emphasized in the Molecular and Cellular Pharmacology Training Program. The majority of signal transduction pathways still await discovery or at least a thorough molecular characterization. Members of our program employ the whole spectrum of modern biochemical, cell and molecular biological, physiological, and pharmacological methods in a basic research-oriented scientific environment to unravel the many unsolved mysteries underlying cellular regulation and signaling. Certain research initiatives have a translational component, with the goal of applying basic discoveries to developing new therapeutic modalities. Our program brings together an outstanding group of dedicated trainers with a focus on cellular signal transduction.

Graduates of the program will be well prepared for a career in basic biomedical sciences in academia, industry, and more. We provide a unique training experience for young scientists who want to elucidate basic principles of cellular signal pathways. Detailed knowledge of these pathways is the most important prerequisite for the discovery of new drugs and the treatment of diseases. The members of the Molecular and Cellular Pharmacology Training Program invite you to examine the educational and research opportunities described at this site, and to consider joining this unique and exciting graduate program.

ADMISSIONS

Students may not apply directly for the master's, and should instead see the admissions information for the Ph.D (<https://guide.wisc.edu/graduate/medicine-public-health-school-wide/molecular-cellular-pharmacology-phd/#admissiontext>).

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW–Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement	Detail
Minimum Credit Requirement	30 credits
Minimum Residence Credit Requirement	16 credits
Minimum Graduate Coursework Requirement	15 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) Requirement Policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/)
Overall Graduate GPA Requirement	3.00 GPA required. This program follows the Graduate School's policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	n/a
Assessments and Examinations	Contact the program for information on required assessments and examinations.

Language Requirements Contact the program for information on any language requirements.

REQUIRED COURSES

Code	Title	Credits
PHMCOL-M 781	Molecular and Cellular Principles in Pharmacology	4
PHMCOL-M 739	Rigor, Reproducibility and Becoming an Effective Researcher	1
STAT/F&W ECOL/ HORT 571	Statistical Methods for Bioscience I	4

Research & Seminar

PHMCOL-M 901	Seminar and Journal Club ¹
PHMCOL-M 990	Research ²

Electives

3

Students must take a graduate-level 3-credit course, as approved by their faculty advisor.

1

Students are required to take 1 credit of seminar each fall and spring semester during enrollment as a graduate student in the program.

2

Students must take research credits every semester until they meet a minimum of 30 credits. Credits will vary.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Work from Other Institutions

With program approval, students are allowed to count no more than 7 credits of graduate coursework from other institutions. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

UW–Madison Undergraduate

No credits from a UW–Madison undergraduate degree are allowed to count toward the degree.

UW–Madison University Special

With program approval, students are allowed to count no more than 15 credits of coursework numbered 300 or above taken as a UW–Madison Special student. Coursework earned five or more years prior to admission to a master's is not allowed to satisfy requirements.

PROBATION

This program follows the Graduate School's Probation policy. (<https://policy.wisc.edu/library/UW-1217/>)

ADVISOR / COMMITTEE

Every graduate student is required to have an advisor and committee. The advisor serves a dual role: first, to assist the student in acquiring the highest level of knowledge and competence in the field that is possible; and second, to chair the committee that will determine whether the student has performed acceptably at each of his/ her degree milestones. The chair or co-chair of the committee must be Graduate Faculty from the student's program. Advisors may assist in tracking the student's progress toward degree completion, assisting with course selection and academic planning, and helping students identify possible research mentors, committee members, and opportunities.

Master's thesis committees must have at least three members; two must be Graduate Faculty or former Graduate Faculty up to one year after resignation or retirement.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

This program follows the Graduate School's Time Limits policy. (<https://policy.wisc.edu/library/UW-1221/>)

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeedisabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)

- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Grievance Policy for Graduate Programs in the School of Medicine and Public Health

Any student in a School of Medicine and Public Health graduate program who feels that they have been treated unfairly in regards to educational decisions and/or outcomes or issues specific to the graduate program, including academic standing, progress to degree, professional activities, appropriate advising, and a program's community standards by a faculty member, staff member, postdoc, or student has the right to complain about the treatment and to receive a prompt hearing of the grievance following these grievance procedures. Any student who discusses, inquires about, or participates in the grievance procedure may do so openly and shall not be subject to intimidation, discipline, or retaliation because of such activity. Each program's grievance advisor is listed on the "Research" tab of the SMPH intranet (<https://intranet.med.wisc.edu/>).

Exclusions

This policy does not apply to employment-related issues for Graduate Assistants in TA, PA and/or RA appointments. Graduate Assistants will utilize the Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/>) (GAPP) grievance process to resolve employment-related issues.

This policy does not apply to instances when a graduate student wishes to report research misconduct. For such reports refer to the UW-Madison Policy for Reporting Research Misconduct for Graduate Students and Postdoctoral Research Associates (<https://research.wisc.edu/kb-article/?id=84924>).

Requirements for Programs

The School of Medicine and Public Health Office of Basic Research, Biotechnology and Graduate Studies requires that each graduate program designate a grievance advisor, who should be a tenured faculty member, and will request the name of the grievance advisor annually. The program director will serve as the alternate grievance advisor in the event that the grievance advisor is named in the grievance. The program must notify students of the grievance advisor, including posting the grievance advisor's name on the program's Guide page and handbook.

The grievance advisor or program director may be approached for possible grievances of all types. They will spearhead the grievance response process described below for issues specific to the graduate program, including but not limited to academic standing, progress to degree, professional activities, appropriate advising, and a program's community standards. They will ensure students are advised on reporting procedures for other types of possible grievances and are supported throughout the reporting process. Resources (<https://grad.wisc.edu/current-students/#reporting-incidents>) on identifying and reporting other issues have been compiled by the Graduate School.

Procedures

1. The student is advised to initiate a written record containing dates, times, persons, and description of activities, and to update this record while completing the procedures described below.
2. If the student is comfortable doing so, efforts should be made to resolve complaints informally between individuals before pursuing a formal grievance.
3. Should a satisfactory resolution not be achieved, the student should contact the program's grievance advisor or program

director to discuss the complaint. The student may approach the grievance advisor or program director alone or with a UW-Madison faculty or staff member. The grievance advisor or program director should keep a record of contacts with regards to possible grievances. The first attempt is to help the student informally address the complaint prior to pursuing a formal grievance. The student is also encouraged to talk with their faculty advisor regarding concerns or difficulties.

4. If the issue is not resolved to the student's satisfaction, the student may submit a formal grievance to the grievance advisor or program director in writing, within 60 calendar days from the date the grievant first became aware of, or should have become aware of with the exercise of reasonable diligence, the cause of the grievance. To the fullest extent possible, a grievance shall contain a clear and concise statement of the grievance and indicate the issue(s) involved, the relief sought, the date(s) the incident or violation took place, and any specific policy involved.
5. On receipt of a written grievance, the following steps will occur. The final step must be completed within 30 business days from the date the grievance was received. The program must store documentation of the grievance for seven years. Significant grievances that set a precedent may be stored indefinitely.
 - a. The grievance advisor or program director will convene a faculty committee composed of at least three members to manage the grievance. Any faculty member involved in the grievance or who feels that they cannot be impartial may not participate in the committee. Committee composition should reflect diverse viewpoints within the program.
 - b. The faculty committee, through the grievance advisor or program director, will obtain a written response from the person or persons toward whom the grievance is directed. The grievance advisor or program director will inform this person that their response will be shared with the student filing the grievance.
 - c. The grievance advisor or program director will share the response with the student filing the grievance.
 - d. The faculty committee will make a decision regarding the grievance. The committee's review shall be fair, impartial, and timely. The grievance advisor or program director will report on the action taken by the committee in writing to both the student and the person toward whom the grievance was directed.
6. If either party (the student or the person or persons toward whom the grievance is directed) is unsatisfied with the decision of the program's faculty committee, the party may file a written appeal to the SMPH senior associate dean for basic research, biotechnology and graduate studies within 10 business days from the date of notification of the program's faculty committee. The following steps will occur:
 - a. The grievant will be notified in writing, within 5 business days of the written appeal, acknowledging receipt of the formal appeal and establishing a timeline for the review to be completed.
 - b. The senior associate dean or their designee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the senior associate dean or their designee will meet with both the grievant and the person or persons toward whom the grievance is directed.
 - c. The senior associate dean or their designee will assemble an ad hoc committee of faculty from outside of the student's graduate program and ask them to prepare a written recommendation on whether to uphold or reverse the decision of the program on the student's initial grievance. The committee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the committee will meet with both the grievant and the person or persons toward whom the grievance is directed.
 - d. The senior associate dean or their designee will make a final decision within 20 business days of receipt of the committee's recommendation.
 - e. The SMPH Office of Basic Research, Biotechnology, and Graduate Studies must store documentation of the grievance for seven years. Grievances that set a precedent may be stored indefinitely.
7. The student may file an appeal of the School of Medicine and Public Health decision with the Graduate School. See the Grievances and Appeals section of the Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

Time Limits

Steps in the grievance procedures must be initiated and completed within the designated time periods except when modified by mutual consent. If the student fails to initiate the next step in the grievance procedure within the designated time period, the grievance will be considered resolved by the decision at the last completed step.

OTHER

All students in the Graduate Program in Molecular and Cellular Pharmacology receive competitive stipends to cover living expenses, tuition and fees from Graduate School Fellowships, NIH Training Grants, or research assistantships funded through the Graduate Program. Health insurance costs are partially covered by the university and provide the same coverage as for faculty and staff.

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

PROGRAM RESOURCES

The MCP Program and UW-Madison offer a wealth of resources intended to enrich graduate student studies and enhance professional skills. It is expected that students will take full advantage of the resources that best fit their needs and support their career goals. Since MCP alumni thrive in academia, industry, corporate, government, and non-profit arenas, we strive to be holistic and innovative in our approach to meeting the diverse professional development needs of our students. By actively participating in these professional development opportunities, students will build the skills needed to succeed academically at UW-Madison and to thrive professionally in their chosen career. For the most updated

information, please visit: MCP Program Professional Development (<https://molpharm.wisc.edu/career-development/>)

LEARNING OUTCOMES

1. Gain a broad understanding of the pharmacological principles that underlie all biological processes.
2. Become aware of the current limitations of the state of understanding of this discipline and the strategies that are required to advance the field of pharmacology.
3. Creates new approaches in research, scholarship, or performance that makes a substantive contribution.
4. Conduct independent research using a breadth of pharmacological processes.
5. Think critically to address research challenges using a broad range of the theories, research methods, and approaches to scientific inquiry.
6. Collaborate with investigators within the program, university, and beyond since current and future advances in pharmacological sciences demand interdisciplinary skills.
7. Fosters ethical and professional conduct in the sciences, including but not limited to: exposition of the scientific method; ethical design of experimental protocols; reproducibility in science; professional behavior in industrial, government, and academic settings; documentation of scientific results; communication to other scientists and the public; peer review; and confidentiality.
8. Communicates complex ideas in a clear and understandable manner.
9. Explore career development opportunities in industry, government, and academia to realize professional goals and paths.
10. Develop teaching and mentoring skills in both lecture and laboratory settings.

PEOPLE

Faculty: Please see a comprehensive list of our faculty (<https://molpharm.wisc.edu/faculty/>) on the program website.

MOLECULAR AND CELLULAR PHARMACOLOGY, PH.D.

The Molecular and Cellular Pharmacology (MCP) program, in cooperation with the Center for Training in Pharmacology and Drug Development (CTPDD), offers interdisciplinary graduate training in the field of molecular and cellular pharmacology. The primary emphasis is doctoral training in molecular biology, biochemistry, genetics, and cell biology with a focus on integrating these methodologies with modern pharmacology. Other related degree programs under the direction of program faculty are cellular and molecular biology, environmental toxicology, neuroscience, biomolecular chemistry, and genetics.

Pharmacology is the knowledge of the biochemical and physiological actions of drugs, which act on cellular signaling pathways. The molecular basis of cellular signaling and its control by various drugs is a major aspect of modern pharmacology and this aspect is emphasized in the Molecular and Cellular Pharmacology Training Program. The majority of signal transduction pathways still await discovery or at least a thorough

molecular characterization. Members of our program employ the whole spectrum of modern biochemical, cell and molecular biological, physiological, and pharmacological methods in a basic research-oriented scientific environment to unravel the many unsolved mysteries underlying cellular regulation and signaling. Certain research initiatives have a translational component, with the goal of applying basic discoveries to developing new therapeutic modalities. Our program brings together an outstanding group of dedicated trainers with a focus on cellular signal transduction.

Graduates of the program will be well prepared for a career in basic biomedical sciences in academia, industry, and more. We provide a unique training experience for young scientists who want to elucidate basic principles of cellular signal pathways. Detailed knowledge of these pathways is the most important prerequisite for the discovery of new drugs and the treatment of diseases. The members of the Molecular and Cellular Pharmacology Training Program invite you to examine the educational and research opportunities described at this site, and to consider joining this unique and exciting graduate program.

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 1
Spring Deadline	The program does not admit in the spring.
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements (https://grad.wisc.edu/apply/requirements/#english-proficiency).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

The Graduate School sets minimum requirements for admissions (<https://grad.wisc.edu/admissions/requirements/>). Academic admission requirements are often more rigorous than those set by the Graduate School. Please check the MCP Program website (<https://molpharm.wisc.edu/admissions-how-to-apply/>) for details.

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES ANNUAL STIPEND AND BENEFITS

All students receive competitive stipends to cover living expenses. The benefits package also includes tuition remission and a choice of comprehensive health insurance plans which include medical, dental, and vision at a minimal cost. It is the same coverage offered to faculty and staff.

TRAINING GRANTS

Many of our graduate students are supported by NIH training grants. Prospective students must be nominated by the MCP Admissions Committee or by faculty mentors to receive training grant support from the MCP NIH T32 GM008688. Opportunities may also be available during the first semester of study, and students are encouraged to contact the MCP program for assistance with the nomination process.

FELLOWSHIPS

Some students are supported by University fellowships administered by the University's Office of Fellowships at the Graduate School. Prospective students must be nominated by the program, and awardees are chosen by the UW Fellowships Committee. Other extramural funding sources include NIH, NSF, DOD, DOE, AHA, PhRMA, and more. Students can receive application assistance from the program and the university.

Prospective students should check the MCP Program website (<https://molpharm.wisc.edu/funding-available-to-mcp-students/>) for the most updated funding information.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW–Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail

Minimum Credit Requirement	51 credits
Minimum Residence Credit Requirement	32 credits
Minimum Graduate Coursework Requirement	26 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) Requirement Policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/)
Overall Graduate GPA Requirement	3.00 GPA required. This program follows the Graduate School's policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	n/a
Assessments and Examinations	Doctoral students are required to take a comprehensive preliminary/oral examination after they have cleared their record of all Incomplete and Progress grades (other than research and thesis). Deposit of the doctoral dissertation in the Graduate School is required.
Language Requirements	Contact the program for information on any language requirements.
Graduate School Breadth Requirements	Doctoral students are not required to complete a doctoral minor or graduate/professional certificate, but may do so if they wish.

REQUIRED COURSES

Code	Title	Credits
PHMCOL-M 781	Molecular and Cellular Principles in Pharmacology	4
PHMCOL-M 739	Rigor, Reproducibility and Becoming an Effective Researcher	1
STAT/F&W ECOL/ HORT 571	Statistical Methods for Bioscience I	4
OBS&GYN 955	Responsible Conduct of Research for Biomedical Graduate Students	2
Research & Seminar		
PHMCOL-M 901	Seminar and Journal Club ¹	

PHMCOL-M 990 Research²**Electives****3**

Students must take a graduate-level 3-credit course, as approved by their faculty advisor.

1

Students are required to take 1 credit of seminar each fall and spring semester during enrollment as a graduate student in the program.

2

Students must take research credits every semester until they meet a minimum of 51 credits. Credits will vary.

POLICIES**GRADUATE SCHOOL POLICIES**

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES**PRIOR COURSEWORK****Graduate Work from Other Institutions**

With program approval, students are allowed to count no more than 7 credits of graduate coursework from other institutions. Coursework earned ten years or more prior to admission to a doctoral degree is not allowed to satisfy requirements.

UW–Madison Undergraduate

No credits from a UW–Madison undergraduate degree are allowed to count toward the degree.

UW–Madison University Special

With program approval, students are allowed to count no more than 15 credits of coursework numbered 300 or above taken as a UW–Madison Special student. Coursework earned ten years or more prior to admission to a doctoral degree is not allowed to satisfy requirements.

PROBATION

This program follows the Graduate School's Probation policy. (<https://policy.wisc.edu/library/UW-1217/>)

ADVISOR / COMMITTEE

Every graduate student is required to have an advisor and committee. The advisor serves a dual role: first, to assist the student in acquiring the highest level of knowledge and competence in the field that is possible; and second, to chair the committee that will determine whether the student has performed acceptably at each of his/ her degree milestones. The chair or co-chair of the committee must be graduate faculty from the student's program. Advisors may assist in tracking the student's progress toward degree completion, assisting with course selection and academic planning, and helping students identify possible research mentors, committee members, and opportunities.

Minimum requirements for graduate committees are as follows:

- The chair or co-chair of the committee must be graduate faculty from the student's major program.
- The co-advisor/co-chair will be designated on dissertation documentation.
- Doctoral committees (Ph.D.) must have at least four members, three of whom must be MCP graduate faculty or former graduate faculty up to one year after resignation or retirement. At least one of the members must be from outside of the student's major field.
- At least three committee members of all doctoral/final oral examination committees must be designated as readers.
- Doctoral degree recipients must acknowledge in the dissertation contributions received from other individuals, including co-authors of published work that appears in the document, such as in designing the research, executing the research, analyzing the data, interpreting the data/research, or writing, proofing, or copyediting the manuscript.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

Doctoral degree students who have been absent for ten or more consecutive years lose all credits that they have earned before their absence. Individual programs may count the coursework students completed prior to their absence for meeting program requirements; that coursework may not count toward Graduate School credit requirements.

A candidate for a doctoral degree who fails to take the final oral examination and deposit the dissertation within five years after passing the preliminary examination may be required to take another preliminary examination and to be admitted to candidacy a second time.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)

 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeedisabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)

- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Grievance Policy for Graduate Programs in the School of Medicine and Public Health

Any student in a School of Medicine and Public Health graduate program who feels that they have been treated unfairly in regards to educational decisions and/or outcomes or issues specific to the graduate program, including academic standing, progress to degree, professional activities, appropriate advising, and a program's community standards by a faculty member, staff member, postdoc, or student has the right to complain about the treatment and to receive a prompt hearing of the grievance following these grievance procedures. Any student who discusses, inquires about, or participates in the grievance procedure may do so openly and shall not be subject to intimidation, discipline, or retaliation because of such activity. Each program's grievance advisor is listed on the "Research" tab of the SMPH intranet (<https://intranet.med.wisc.edu/>).

Exclusions

This policy does not apply to employment-related issues for Graduate Assistants in TA, PA and/or RA appointments. Graduate Assistants will utilize the Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/>) (GAPP) grievance process to resolve employment-related issues.

This policy does not apply to instances when a graduate student wishes to report research misconduct. For such reports refer to the UW-Madison Policy for Reporting Research Misconduct for Graduate Students and Postdoctoral Research Associates (<https://research.wisc.edu/kb-article/?id=84924>).

Requirements for Programs

The School of Medicine and Public Health Office of Basic Research, Biotechnology and Graduate Studies requires that each graduate program designate a grievance advisor, who should be a tenured faculty member, and will request the name of the grievance advisor annually. The program director will serve as the alternate grievance advisor in the event that the grievance advisor is named in the grievance. The program must notify students of the grievance advisor, including posting the grievance advisor's name on the program's Guide page and handbook.

The grievance advisor or program director may be approached for possible grievances of all types. They will spearhead the grievance response process described below for issues specific to the graduate program, including but not limited to academic standing, progress to degree, professional activities, appropriate advising, and a program's community standards. They will ensure students are advised on reporting procedures for other types of possible grievances and are supported throughout the reporting process. Resources (<https://grad.wisc.edu/current-students/#reporting-incidents>) on identifying and reporting other issues have been compiled by the Graduate School.

Procedures

1. The student is advised to initiate a written record containing dates, times, persons, and description of activities, and to update this record while completing the procedures described below.

2. If the student is comfortable doing so, efforts should be made to resolve complaints informally between individuals before pursuing a formal grievance.
3. Should a satisfactory resolution not be achieved, the student should contact the program's grievance advisor or program director to discuss the complaint. The student may approach the grievance advisor or program director alone or with a UW-Madison faculty or staff member. The grievance advisor or program director should keep a record of contacts with regards to possible grievances. The first attempt is to help the student informally address the complaint prior to pursuing a formal grievance. The student is also encouraged to talk with their faculty advisor regarding concerns or difficulties.
4. If the issue is not resolved to the student's satisfaction, the student may submit a formal grievance to the grievance advisor or program director in writing, within 60 calendar days from the date the grievant first became aware of, or should have become aware of with the exercise of reasonable diligence, the cause of the grievance. To the fullest extent possible, a grievance shall contain a clear and concise statement of the grievance and indicate the issue(s) involved, the relief sought, the date(s) the incident or violation took place, and any specific policy involved.
5. On receipt of a written grievance, the following steps will occur. The final step must be completed within 30 business days from the date the grievance was received. The program must store documentation of the grievance for seven years. Significant grievances that set a precedent may be stored indefinitely.
 - a. The grievance advisor or program director will convene a faculty committee composed of at least three members to manage the grievance. Any faculty member involved in the grievance or who feels that they cannot be impartial may not participate in the committee. Committee composition should reflect diverse viewpoints within the program.
 - b. The faculty committee, through the grievance advisor or program director, will obtain a written response from the person or persons toward whom the grievance is directed. The grievance advisor or program director will inform this person that their response will be shared with the student filing the grievance.
 - c. The grievance advisor or program director will share the response with the student filing the grievance.
 - d. The faculty committee will make a decision regarding the grievance. The committee's review shall be fair, impartial, and timely. The grievance advisor or program director will report on the action taken by the committee in writing to both the student and the person toward whom the grievance was directed.
6. If either party (the student or the person or persons toward whom the grievance is directed) is unsatisfied with the decision of the program's faculty committee, the party may file a written appeal to the SMPH senior associate dean for basic research, biotechnology and graduate studies within 10 business days from the date of notification of the program's faculty committee. The following steps will occur:
 - a. The grievant will be notified in writing, within 5 business days of the written appeal, acknowledging receipt of the formal appeal and establishing a timeline for the review to be completed.

- b. The senior associate dean or their designee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the senior associate dean or their designee will meet with both the grievant and the person or persons toward whom the grievance is directed.
 - c. The senior associate dean or their designee will assemble an ad hoc committee of faculty from outside of the student's graduate program and ask them to prepare a written recommendation on whether to uphold or reverse the decision of the program on the student's initial grievance. The committee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the committee will meet with both the grievant and the person or persons toward whom the grievance is directed.
 - d. The senior associate dean or their designee will make a final decision within 20 business days of receipt of the committee's recommendation.
 - e. The SMPH Office of Basic Research, Biotechnology, and Graduate Studies must store documentation of the grievance for seven years. Grievances that set a precedent may be stored indefinitely.
7. The student may file an appeal of the School of Medicine and Public Health decision with the Graduate School. See the Grievances and Appeals section of the Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

Time Limits

Steps in the grievance procedures must be initiated and completed within the designated time periods except when modified by mutual consent. If the student fails to initiate the next step in the grievance procedure within the designated time period, the grievance will be considered resolved by the decision at the last completed step.

OTHER

All students in the Graduate Program in Molecular and Cellular Pharmacology receive competitive stipends to cover living expenses, tuition and fees from Graduate School Fellowships, NIH Training Grants, or research assistantships funded through the Graduate Program. Health insurance costs are partially covered by the university and provide the same coverage as for faculty and staff.

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

PROGRAM RESOURCES

The MCP Program and UW-Madison offer a wealth of resources intended to enrich graduate student studies and enhance professional skills. It is expected that students will take full advantage of the resources that best fit their needs and support their career goals. Since MCP alumni thrive in academia, industry, corporate, government, and non-profit arenas, we strive to be holistic and innovative in our approach to meeting the

diverse professional development needs of our students. By actively participating in these professional development opportunities, students will build the skills needed to succeed academically at UW-Madison and to thrive professionally in their chosen career. For the most updated information, please visit: MCP Program Professional Development (<https://molpharm.wisc.edu/career-development/>)

LEARNING OUTCOMES

1. Gain a broad understanding of the pharmacological principles that underlie all biological processes.
2. Become aware of the current limitations of the state of understanding of this discipline and the strategies that are required to advance the field of pharmacology.
3. Creates new approaches in research, scholarship, or performance that makes a substantive contribution.
4. Conduct independent research using a breadth of pharmacological processes.
5. Think critically to address research challenges using a broad range of the theories, research methods, and approaches to scientific inquiry.
6. Collaborate with investigators within the program, university, and beyond since current and future advances in pharmacological sciences demand interdisciplinary skills.
7. Fosters ethical and professional conduct in the sciences, including but not limited to: exposition of the scientific method; ethical design of experimental protocols; reproducibility in science; professional behavior in industrial, government, and academic settings; documentation of scientific results; communication to other scientists and the public; peer review; and confidentiality.
8. Communicates complex ideas in a clear and understandable manner.
9. Explore career development opportunities in industry, government, and academia to realize professional goals and paths.
10. Develop teaching and mentoring skills in both lecture and laboratory settings.

PEOPLE

Faculty: Please see a comprehensive list of our faculty (<https://molpharm.wisc.edu/faculty/>) on the program website.

MOLECULAR AND ENVIRONMENTAL TOXICOLOGY, DOCTORAL MINOR

ADMISSIONS

Doctoral minors are open to all students who are already members of a doctoral program. Students interested in a minor in Molecular and Environmental Toxicology are encouraged to contact the Graduate Program Manager.

All Graduate School students must utilize the Graduate Student Portal in MyUW to add, change, or discontinue any doctoral minor. To apply to this minor, log into MyUW, click on the Graduate Student Portal, and then click

on Add/Change Programs. Select the information for the doctoral minor for which you are applying.

REQUIREMENTS

Students in other fields who elect to minor in Molecular and Environmental Toxicology must satisfactorily complete a total of 10 credits in the program. Satisfactory completion of the minor requires a B average or better in the selected courses.

REQUIRED COURSES

Code	Title	Credits
M&ENVTOX/ ONCOLOGY/ PHM SCI/PHMCOL- M/POP HLTH 625	Toxicology I	3
M&ENVTOX/PATH/ PHM SCI/PHMCOL- M/POP HLTH 626	Toxicology II	3
M&ENVTOX/ CIV ENGR/ SOIL SCI 631	Toxicants in the Environment: Sources, Distribution, Fate, & Effects	3
M&ENVTOX 699	Special Problems	1-3
M&ENVTOX 800	Seminar	1

ADVISOR / COMMITTEE

For the doctoral minor, at least one member of the student's research advisory committee must be affiliated with the Molecular & Environmental Toxicology Program.

PEOPLE

Faculty: See Faculty (http://metc.wisc.edu/people_category/faculty/) on program website.

MOLECULAR AND ENVIRONMENTAL TOXICOLOGY, M.S.

Molecular and environmental toxicology is a multidisciplinary subject that involves the study of mechanisms of action of environmental toxicants on humans and other organisms and the behavior of these toxicants in the environment. The UW–Madison Molecular and Environmental Toxicology Center's graduate program provides students with expert knowledge in at least one specialty plus a broad understanding of other specialties that contribute to the resolution of environmental toxicology problems. The center is sponsored by the School of Medicine and Public Health as well as the College of Agricultural and Life Sciences, the School of Veterinary Medicine and the School of Pharmacy. The center links researchers in numerous academic departments who are working on problems in this area.

An interdisciplinary graduate program leading to the doctor of philosophy or a master of science in molecular and environmental toxicology is offered by the center under the direction of an executive committee composed of faculty affiliated with the center. The program offers two general approaches: mechanisms of pathobiology of chemically

induced disease and environmental activities of chemicals. Each approach is subdivided into focal areas including metabolic and genetic toxicology, neurotoxicology, and immunotoxicology; and ecotoxicology, bioremediation, and distribution and assessment of environmental chemicals. All students participate in a core curriculum that addresses these various areas and that is supplemented by other advanced, specialized courses. Students perform research under the guidance of one of the center's graduate faculty members.

Recipients of graduate degrees in molecular and environmental toxicology pursue careers in governmental agencies (policymaking, regulations, standard setting, or research), private industry (e.g., hazardous waste management, occupational safety, consumer affairs, research and development, or regulatory compliance), and the academic community (teaching and research). The center office maintains specific information concerning career placements.

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 1
Spring Deadline	The program does not admit in the spring.
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required but may be considered if available.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements (https://grad.wisc.edu/apply/requirements/#english-proficiency).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

To qualify for graduate study in molecular and environmental toxicology, applicants normally have a bachelor's degree in a biological or physical science, with at least a 3.0 GPA (on a 4.0 scale). The following courses should be completed before entrance to the program: four semesters of chemistry, including at least one of organic (depending on the planned direction within the program, a semester of either analytical chemistry or biochemistry is highly recommended); one semester of math-based physics (a second semester is highly recommended); and three semesters of biology, including coverage of introductory genetics. One or more semesters of calculus is highly recommended. If applicants have not taken one semester of statistics, biometrics, or an equivalent course, and

one semester of biochemistry equivalent to the UW–Madison Biochem 501 course, then these courses must be taken as part of the program and will fulfill elective credit requirements for the major. Students with a limited number of deficiencies may be admitted, but must eliminate these deficiencies early in their graduate study. Applicants are required to take the Graduate Record Exam (GRE). International students should also send scores of the Test of English as a Foreign Language (TOEFL), or International English Language Testing System (IELTS).

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

The Molecular & Environmental Toxicology Program does not guarantee funding for incoming or continuing masters students. Masters students may be eligible for research assistantships, teaching assistantships, advanced opportunity fellowships for minority or disadvantaged students, or other funding opportunities. Students are encouraged to contact individual professors in their areas of interest to determine whether support is available for working in that lab.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW–Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail	
Minimum Credit Requirement	30 credits
Minimum Residence Credit Requirement	16 credits
Minimum Coursework Requirement	15 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy (https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/)).
Overall Graduate GPA Requirement	3.00 GPA required. This program follows the Graduate School's policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	Students must receive either an A, AB, B, or S in their core courses (listed below) for them to count towards the program requirements.
Assessments and Examinations	Students on the non-thesis pathway will need to take more didactic credits to fulfill the 30 credit minimum requirement. The final examination for degree completion of the degree is a topic / literature review of toxicological relevance. Students on the research / thesis pathway will be able to take 990 research credits to fulfill their 30 credit minimum requirement. The final examination for degree completion is the development of a masters thesis based on the research conducted.
Language Requirements	None.

REQUIRED COURSES

Code	Title	Credits
Toxicology Core Curriculum		
M&ENVTOX/ ONCOLOGY/ PHM SCI/PHMCOL- M/POP HLTH 625	Toxicology I	3
M&ENVTOX/PATH/ PHM SCI/PHMCOL- M/POP HLTH 626	Toxicology II	3
OBS&GYN 955/ SURG SCI 812	Responsible Conduct of Research for Biomedical Graduate Students	2
CIV ENGR 704	Environmental Chemical Kinetics	3
M&ENVTOX 801	Scientific Communication in Molecular & Environmental Toxicology	2
Seminar		2-4
Students are expected to enroll in this course every semester:		
M&ENVTOX 800	Seminar	

Additional Credits**13-15**

Students select courses numbered 300 or above in consultation with their advisory committee. Students completing the research/thesis path must take M&ENVTOX 990.

Total Credits**30****POLICIES****GRADUATE SCHOOL POLICIES**

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

**MAJOR-SPECIFIC POLICIES
PRIOR COURSEWORK****Graduate Work from Other Institutions**

Prior coursework that a student wants to have considered must be presented within the first month of UW–Madison residency. Core courses may be appealed, subject to Graduate Admissions Committee approval. Credit total of core course exemptions will need to be made up as electives. Elective credits may be appealed, subject to Graduate Admissions Committee approval; further electives will not need to be taken.

UW–Madison Undergraduate

Core courses taken as an undergraduate will not need to be retaken, commonly including POP HLTH/M&ENVTOX/ONCOLOGY/PHM SCI/PHM COL-M 625 Toxicology I and POP HLTH/M&ENVTOX/PATH/PHM SCI/PHM COL-M 626 Toxicology II from the Pharm/Tox program. Equivalent number of didactic elective credits from graduate-level courses must be taken to fulfill the previously taken credits/courses.

UW–Madison University Special

Core courses taken as a UW–Madison University Special student will not need to be retaken, commonly including M&ENVTOX/ONCOLOGY/PHM SCI/PHM COL-M/POP HLTH 625 Toxicology I and M&ENVTOX/PATH/PHM SCI/PHM COL-M/POP HLTH 626 Toxicology II, as a student prepares for the toxicology program. Equivalent number of didactic elective credits from graduate-level courses must be taken to fulfill the previously taken credits/courses.

PROBATION

This program follows the Graduate School Probation policy.

ADVISOR / COMMITTEE

This program follows the Graduate School Advisor and Committees policies.

CREDITS PER TERM ALLOWED

12 credits

TIME LIMITS

This program follows the Graduate School's Time Limits policy.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeeabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Grievance Policy for Graduate Programs in the School of Medicine and Public Health

Any student in a School of Medicine and Public Health graduate program who feels that they have been treated unfairly in regards to educational decisions and/or outcomes or issues specific to the graduate program, including academic standing, progress to degree, professional activities, appropriate advising, and a program's community standards by a faculty member, staff member, postdoc, or student has the right to complain about the treatment and to receive a prompt hearing of the grievance following these grievance procedures. Any student who discusses, inquires about, or participates in the grievance procedure may do so openly and shall not be subject to intimidation, discipline, or retaliation because of such activity. Each program's grievance advisor is listed on the "Research" tab of the SMPH intranet (<https://intranet.med.wisc.edu/>).

Exclusions

This policy does not apply to employment-related issues for Graduate Assistants in TA, PA and/or RA appointments. Graduate Assistants will utilize the Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/>) (GAPP) grievance process to resolve employment-related issues.

This policy does not apply to instances when a graduate student wishes to report research misconduct. For such reports refer to the UW–Madison Policy for Reporting Research Misconduct for Graduate Students and

Postdoctoral Research Associates (<https://research.wisc.edu/kb-article/?id=84924>).

Requirements for Programs

The School of Medicine and Public Health Office of Basic Research, Biotechnology and Graduate Studies requires that each graduate program designate a grievance advisor, who should be a tenured faculty member, and will request the name of the grievance advisor annually. The program director will serve as the alternate grievance advisor in the event that the grievance advisor is named in the grievance. The program must notify students of the grievance advisor, including posting the grievance advisor's name on the program's Guide page and handbook.

The grievance advisor or program director may be approached for possible grievances of all types. They will spearhead the grievance response process described below for issues specific to the graduate program, including but not limited to academic standing, progress to degree, professional activities, appropriate advising, and a program's community standards. They will ensure students are advised on reporting procedures for other types of possible grievances and are supported throughout the reporting process. Resources (<https://grad.wisc.edu/current-students/#reporting-incidents>) on identifying and reporting other issues have been compiled by the Graduate School.

Procedures

1. The student is advised to initiate a written record containing dates, times, persons, and description of activities, and to update this record while completing the procedures described below.
2. If the student is comfortable doing so, efforts should be made to resolve complaints informally between individuals before pursuing a formal grievance.
3. Should a satisfactory resolution not be achieved, the student should contact the program's grievance advisor or program director to discuss the complaint. The student may approach the grievance advisor or program director alone or with a UW-Madison faculty or staff member. The grievance advisor or program director should keep a record of contacts with regards to possible grievances. The first attempt is to help the student informally address the complaint prior to pursuing a formal grievance. The student is also encouraged to talk with their faculty advisor regarding concerns or difficulties.
4. If the issue is not resolved to the student's satisfaction, the student may submit a formal grievance to the grievance advisor or program director in writing, within 60 calendar days from the date the grievant first became aware of, or should have become aware of with the exercise of reasonable diligence, the cause of the grievance. To the fullest extent possible, a grievance shall contain a clear and concise statement of the grievance and indicate the issue(s) involved, the relief sought, the date(s) the incident or violation took place, and any specific policy involved.
5. On receipt of a written grievance, the following steps will occur. The final step must be completed within 30 business days from the date the grievance was received. The program must store documentation of the grievance for seven years. Significant grievances that set a precedent may be stored indefinitely.
 - a. The grievance advisor or program director will convene a faculty committee composed of at least three members to manage the grievance. Any faculty member involved in the grievance or who feels that they cannot be impartial may not participate in the committee. Committee composition should reflect diverse viewpoints within the program.
 - b. The faculty committee, through the grievance advisor or program director, will obtain a written response from the person or persons toward whom the grievance is directed. The grievance advisor or program director will inform this person that their response will be shared with the student filing the grievance.
 - c. The grievance advisor or program director will share the response with the student filing the grievance.
 - d. The faculty committee will make a decision regarding the grievance. The committee's review shall be fair, impartial, and timely. The grievance advisor or program director will report on the action taken by the committee in writing to both the student and the person toward whom the grievance was directed.
6. If either party (the student or the person or persons toward whom the grievance is directed) is unsatisfied with the decision of the program's faculty committee, the party may file a written appeal to the SMPH senior associate dean for basic research, biotechnology and graduate studies within 10 business days from the date of notification of the program's faculty committee. The following steps will occur:
 - a. The grievant will be notified in writing, within 5 business days of the written appeal, acknowledging receipt of the formal appeal and establishing a timeline for the review to be completed.
 - b. The senior associate dean or their designee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the senior associate dean or their designee will meet with both the grievant and the person or persons toward whom the grievance is directed.
 - c. The senior associate dean or their designee will assemble an ad hoc committee of faculty from outside of the student's graduate program and ask them to prepare a written recommendation on whether to uphold or reverse the decision of the program on the student's initial grievance. The committee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the committee will meet with both the grievant and the person or persons toward whom the grievance is directed.
 - d. The senior associate dean or their designee will make a final decision within 20 business days of receipt of the committee's recommendation.
 - e. The SMPH Office of Basic Research, Biotechnology, and Graduate Studies must store documentation of the grievance for seven years. Grievances that set a precedent may be stored indefinitely.
7. The student may file an appeal of the School of Medicine and Public Health decision with the Graduate School. See the Grievances and Appeals section of the Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

Time Limits

Steps in the grievance procedures must be initiated and completed within the designated time periods except when modified by mutual consent. If

the student fails to initiate the next step in the grievance procedure within the designated time period, the grievance will be considered resolved by the decision at the last completed step.

OTHER

n/a

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

PROGRAM RESOURCES

PROFESSIONAL DEVELOPMENT

Professional development goes beyond what students do in the classroom and at the bench. It includes an array of skills and knowledge that are not often taught yet are vitally important to furthering one's career.

All students are required to complete the AAAS Individual Development Plan (<http://myidp.sciencecareers.org/>) following their first semester to identify strengths in their background, as well as areas where further professional development are recommended. In addition, the program encourages students to make use of the Graduate School's DiscoverPD resource (<https://my.grad.wisc.edu/DiscoverPD/>). Finally, students are able to track progress through annual committee meetings, at which time students and advisors are asked to complete an evaluation of progress and have a frank discussion about areas for improvement.

The Molecular & Environmental Toxicology Program currently recommends that students complete three units (hours/activities) per semester from the professional development areas of:

- Discipline-Specific Conceptual Knowledge
- Research Skill Development
- Communication Skills
- Professionalism
- Leadership & Management Skills
- Responsible Conduct of Research (Ethics)

The program is developing a database of resources that will be available on the program website.

LEARNING OUTCOMES

1. Demonstrate a didactic knowledge of both molecular toxicology and environmental toxicology.
2. Understand that science and research is based on trust— trust between scientists and colleagues, trust between scientists and policy makers, trust between scientists and advisory boards, and trust between scientists and society.
3. Verbally communicate their science and do so in a clear manner for a variety of audiences.

PEOPLE

Faculty: See Faculty (http://metc.wisc.edu/people_category/faculty/) on program website.

MOLECULAR AND ENVIRONMENTAL TOXICOLOGY, PH.D.

Molecular and environmental toxicology is a multidisciplinary subject that involves the study of mechanisms of action of environmental toxicants on humans and other organisms and the behavior of these toxicants in the environment. The UW–Madison Molecular and Environmental Toxicology Center's graduate program provides students with expert knowledge in at least one specialty plus a broad understanding of other specialties that contribute to the resolution of environmental toxicology problems. The center is sponsored by the School of Medicine and Public Health as well as the College of Agricultural and Life Sciences, the School of Veterinary Medicine, and the School of Pharmacy. The center links researchers in numerous academic departments who are working on problems in this area.

An interdisciplinary graduate program leading to the doctor of philosophy or a master of science in molecular and environmental toxicology is offered by the center under the direction of an executive committee composed of faculty affiliated with the center. The program offers two general approaches: mechanisms of pathobiology of chemically induced disease and environmental activities of chemicals. Each approach is subdivided into focal areas including metabolic and genetic toxicology, neurotoxicology, and immunotoxicology; and ecotoxicology, bioremediation, and distribution and assessment of environmental chemicals. All students participate in a core curriculum that addresses these various areas and that is supplemented by other advanced, specialized courses. Students perform research under the guidance of one of the center's graduate faculty members.

Recipients of graduate degrees in molecular and environmental toxicology pursue careers in governmental agencies (policymaking, regulations, standard setting, or research), private industry (e.g., hazardous waste management, occupational safety, consumer affairs, research and development, or regulatory compliance), and the academic community (teaching and research). The center office maintains specific information concerning career placements.

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 1
Spring Deadline	The program does not admit in the spring.
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required but may be considered if available.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements (https://grad.wisc.edu/apply/requirements/#english-proficiency).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

The Molecular & Environmental Toxicology Program's admission deadline is December 1 for consideration for matriculation in fall the following year (i.e., December 1, 2017 deadline for a fall 2018 matriculation).

To qualify for graduate study in Molecular and Environmental Toxicology, applicants normally have a bachelor's degree in a biological or physical science, with at least a 3.0 GPA (on a 4.0 scale). The following courses should be completed before entrance to the program: four semesters of chemistry, including at least one of organic (depending on the planned direction within the program, a semester of either analytical chemistry or biochemistry is highly recommended); one semester of math-based physics (a second semester is highly recommended); and three semesters of biology, including coverage of introductory genetics. One or more semesters of calculus is highly recommended. If applicants have not taken one semester of statistics, biometrics, or an equivalent course, and one semester of biochemistry equivalent to the UW-Madison Biochem 501 course, then these courses must be taken as part of the program and will fulfill elective credit requirements for the major. Students with a limited number of deficiencies may be admitted, but must eliminate these deficiencies early in their graduate study. International students should also send scores of the Test of English as a Foreign Language (TOEFL), or International English Language Testing System (IELTS).

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Assuming sufficient progress to degree, financial aid is provided to all Ph.D. students, usually in the form of grant-supported research assistantships, institutional fellowships, teaching assistantships or advanced opportunity fellowships for minority or disadvantaged students.

Students are encouraged to contact individual professors in their areas of interest to determine whether support is available for working in that lab. Students are funded by program dollars to do rotations during their first

semester. After having settled on a lab, their research mentor will fund the student, either through research grants, program-available TA-ships, or other fellowships.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW-Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement	Detail
Minimum Credit Requirement	51 credits
Minimum Residence Credit Requirement	32 credits
Minimum Graduate Coursework Requirement	26 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy (https://policy.wisc.edu/library/UW-1244).
Overall Graduate GPA Requirement	3.00 GPA required. This program follows the Graduate School's policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	Students must receive either an A, AB, B, or S in their core courses (listed below) for them to count towards the program requirements.

Assessments and Examinations Doctoral students are required to take a comprehensive preliminary/oral examination after they have cleared their record of all Incomplete and Progress grades (other than research and thesis). Deposit of the doctoral dissertation in the Graduate School is required.

Language Requirements None.

Breadth Requirement Doctoral students are not required to complete a minor or Graduate/Professional certificate, but may do so if they wish.

REQUIRED COURSES

Code	Title	Credits
Toxicology Core Curriculum		
M&ENVTOX/ ONCOLOGY/ PHM SCI/PHMCOL- M/POP HLTH 625	Toxicology I	3
M&ENVTOX/PATH/ PHM SCI/PHMCOL- M/POP HLTH 626	Toxicology II	3
CIV ENGR 704	Environmental Chemical Kinetics	3
OBS&GYN 955/ SURG SCI 812	Responsible Conduct of Research for Biomedical Graduate Students	2
M&ENVTOX 801	Scientific Communication in Molecular & Environmental Toxicology	2
OBS&GYN 956	Advanced Responsible Conduct of Research for Biomedical Students (following advancement to candidacy)	1
Seminar		10-11
Students are expected to enroll in this course every semester:		
M&ENVTOX 800	Seminar	
Electives		7
Students select 7 credits of courses numbered 300 or above in consultation with their advisory committee.		
Research		
Students take research credits to meet the minimum credit requirement.		20+
M&ENVTOX 990	Research	
Total Credits		51

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES PRIOR COURSEWORK

Graduate Work from Other Institutions

Prior coursework that a student wants to have considered must be presented within the first month of UW–Madison residency. Core courses may be appealed, subject to Graduate Admissions Committee approval. Credit total of core course exemptions will need to be made up as electives. Elective credits may be appealed, subject to Graduate Admissions Committee approval; further electives will not need to be taken.

UW–Madison Undergraduate

Core courses taken as an undergraduate will not need to be retaken, commonly including M&ENVTOX/ONCOLOGY/PHM SCI/PHMCOL-M/POP HLTH 625 Toxicology I and M&ENVTOX/PATH/PHM SCI/PHMCOL-M/POP HLTH 626 Toxicology II from the Pharm/Tox program. Equivalent number of didactic elective credits from graduate-level courses must be taken to fulfill the previously taken credits/courses.

UW–Madison University Special

Core courses taken as a UW–Madison University Special student will not need to be retaken, commonly including M&ENVTOX/ONCOLOGY/PHM SCI/PHMCOL-M/POP HLTH 625 Toxicology I and M&ENVTOX/PATH/PHM SCI/PHMCOL-M/POP HLTH 626 Toxicology II, as a student prepares for the toxicology program. Equivalent number of didactic elective credits from graduate-level courses must be taken to fulfill the previously taken credits/courses.

PROBATION

This program follows the Graduate School Probation policy (<https://grad.wisc.edu/documents/probation/>).

ADVISOR / COMMITTEE

This program follows the Graduate School Advisor (<https://grad.wisc.edu/documents/advisor/>) and Committees (<https://grad.wisc.edu/documents/committees/>) policies, except that at least one of the committee members needs to be outside of the advisor's department and at least one of the committee members needs to be outside of the the Molecular & Environmental Toxicology Program (this member can be one and the same).

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

This program follows the Graduate School's Time Limits policy (<https://policy.wisc.edu/library/UW-1221/>).

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)

- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Grievance Policy for Graduate Programs in the School of Medicine and Public Health

Any student in a School of Medicine and Public Health graduate program who feels that they have been treated unfairly in regards to educational decisions and/or outcomes or issues specific to the graduate program, including academic standing, progress to degree, professional activities, appropriate advising, and a program's community standards by a faculty member, staff member, postdoc, or student has the right to complain about the treatment and to receive a prompt hearing of the grievance following these grievance procedures. Any student who discusses, inquiries about, or participates in the grievance procedure may do so openly and shall not be subject to intimidation, discipline, or retaliation because of such activity. Each program's grievance advisor is listed on the "Research" tab of the SMPH intranet (<https://intranet.med.wisc.edu/>).

Exclusions

This policy does not apply to employment-related issues for Graduate Assistants in TA, PA and/or RA appointments. Graduate Assistants will utilize the Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/>) (GAPP) grievance process to resolve employment-related issues.

This policy does not apply to instances when a graduate student wishes to report research misconduct. For such reports refer to the UW-Madison Policy for Reporting Research Misconduct for Graduate Students and Postdoctoral Research Associates (<https://research.wisc.edu/kb-article/?id=84924>).

Requirements for Programs

The School of Medicine and Public Health Office of Basic Research, Biotechnology and Graduate Studies requires that each graduate program designate a grievance advisor, who should be a tenured faculty member, and will request the name of the grievance advisor annually. The program director will serve as the alternate grievance advisor in the event that the grievance advisor is named in the grievance. The program must

notify students of the grievance advisor, including posting the grievance advisor's name on the program's Guide page and handbook.

The grievance advisor or program director may be approached for possible grievances of all types. They will spearhead the grievance response process described below for issues specific to the graduate program, including but not limited to academic standing, progress to degree, professional activities, appropriate advising, and a program's community standards. They will ensure students are advised on reporting procedures for other types of possible grievances and are supported throughout the reporting process. Resources (<https://grad.wisc.edu/current-students/#reporting-incidents>) on identifying and reporting other issues have been compiled by the Graduate School.

Procedures

1. The student is advised to initiate a written record containing dates, times, persons, and description of activities, and to update this record while completing the procedures described below.
2. If the student is comfortable doing so, efforts should be made to resolve complaints informally between individuals before pursuing a formal grievance.
3. Should a satisfactory resolution not be achieved, the student should contact the program's grievance advisor or program director to discuss the complaint. The student may approach the grievance advisor or program director alone or with a UW-Madison faculty or staff member. The grievance advisor or program director should keep a record of contacts with regards to possible grievances. The first attempt is to help the student informally address the complaint prior to pursuing a formal grievance. The student is also encouraged to talk with their faculty advisor regarding concerns or difficulties.
4. If the issue is not resolved to the student's satisfaction, the student may submit a formal grievance to the grievance advisor or program director in writing, within 60 calendar days from the date the grievant first became aware of, or should have become aware of with the exercise of reasonable diligence, the cause of the grievance. To the fullest extent possible, a grievance shall contain a clear and concise statement of the grievance and indicate the issue(s) involved, the relief sought, the date(s) the incident or violation took place, and any specific policy involved.
5. On receipt of a written grievance, the following steps will occur. The final step must be completed within 30 business days from the date the grievance was received. The program must store documentation of the grievance for seven years. Significant grievances that set a precedent may be stored indefinitely.
 - a. The grievance advisor or program director will convene a faculty committee composed of at least three members to manage the grievance. Any faculty member involved in the grievance or who feels that they cannot be impartial may not participate in the committee. Committee composition should reflect diverse viewpoints within the program.
 - b. The faculty committee, through the grievance advisor or program director, will obtain a written response from the person or persons toward whom the grievance is directed. The grievance advisor or program director will inform this person that their response will be shared with the student filing the grievance.
 - c. The grievance advisor or program director will share the response with the student filing the grievance.

- d. The faculty committee will make a decision regarding the grievance. The committee's review shall be fair, impartial, and timely. The grievance advisor or program director will report on the action taken by the committee in writing to both the student and the person toward whom the grievance was directed.
6. If either party (the student or the person or persons toward whom the grievance is directed) is unsatisfied with the decision of the program's faculty committee, the party may file a written appeal to the SMPH senior associate dean for basic research, biotechnology and graduate studies within 10 business days from the date of notification of the program's faculty committee. The following steps will occur:
- The grievant will be notified in writing, within 5 business days of the written appeal, acknowledging receipt of the formal appeal and establishing a timeline for the review to be completed.
 - The senior associate dean or their designee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the senior associate dean or their designee will meet with both the grievant and the person or persons toward whom the grievance is directed.
 - The senior associate dean or their designee will assemble an ad hoc committee of faculty from outside of the student's graduate program and ask them to prepare a written recommendation on whether to uphold or reverse the decision of the program on the student's initial grievance. The committee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the committee will meet with both the grievant and the person or persons toward whom the grievance is directed.
 - The senior associate dean or their designee will make a final decision within 20 business days of receipt of the committee's recommendation.
 - The SMPH Office of Basic Research, Biotechnology, and Graduate Studies must store documentation of the grievance for seven years. Grievances that set a precedent may be stored indefinitely.
7. The student may file an appeal of the School of Medicine and Public Health decision with the Graduate School. See the Grievances and Appeals section of the Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

Time Limits

Steps in the grievance procedures must be initiated and completed within the designated time periods except when modified by mutual consent. If the student fails to initiate the next step in the grievance procedure within the designated time period, the grievance will be considered resolved by the decision at the last completed step.

OTHER

Students are funded by program dollars to do rotations during their first semester. After having settled on a lab, their research mentor will fund the student, either through research grants, program-available TA-ships, or other fellowships.

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

PROGRAM RESOURCES PROFESSIONAL DEVELOPMENT

Professional development goes beyond what students do in the classroom and at the bench. It includes an array of skills and knowledge that are not often taught yet are vitally important to furthering one's career.

All students are required to complete the AAAS Individual Development Plan (<http://myidp.sciencecareers.org/>) following their first semester to identify strengths in their background, as well as areas where further professional development are recommended. In addition, the program encourages students to make use of the Graduate School's DiscoverPD resource (<https://my.grad.wisc.edu/DiscoverPD/>). Finally, students are able to track progress through annual committee meetings, at which time students and advisors are asked to complete an evaluation of progress and have a frank discussion about areas for improvement.

The Molecular & Environmental Toxicology Program currently recommends that students complete three units (hours/activities) per semester from the professional development areas of:

- Discipline-Specific Conceptual Knowledge
- Research Skill Development
- Communication Skills
- Professionalism
- Leadership & Management Skills
- Responsible Conduct of Research (Ethics)

The program is developing a database of resources that will be available on the program website.

LEARNING OUTCOMES

1. Teach science, engaging audiences and helping them to learn.
2. Demonstrate a didactic knowledge of both molecular toxicology and environmental toxicology.
3. Design future experiments and present them as a proposal, which contains background information, experimental processes, and account for any set-backs.
4. Write for a proper audience, revising and responding to reviewers as appropriate.
5. Verbally communicate their science and do-so in a clear manner for a variety of audiences.
6. Understand that science and research is based on trust - trust between scientists and colleagues, trust between scientists and policy makers, trust between scientists and advisory boards, and trust between scientists and society.

PEOPLE

Faculty: See Faculty (http://metc.wisc.edu/people_category/faculty/) on program website.

NEUROSCIENCE, DOCTORAL MINOR

Neuroscience as a discipline is at a vital juncture. Groundbreaking advances such as mapping of the human genome, development of advanced molecular, genetic, and imaging technologies, and novel integrative approaches have expanded knowledge about the workings of the brain as never before. With this increased understanding, neuroscientists now envision significant treatments for numerous diseases, including neurodegenerative diseases, psychiatric illnesses, and developmental and emotional disorders. The doctoral minor in neuroscience is both interdepartmental and interdisciplinary. The course curriculum draws on expertise from faculty who are spread across over 22 departments on campus.

A doctoral minor in neuroscience will be of interest to doctoral students who are interested in augmenting the discipline to their research. The minor emphasizes the core sequence of cell and molecular neuroscience and systems neuroscience as well as a midlevel graduate course in one of the two areas: cell/molecular/developmental or systems/behavior.

ADMISSIONS

All Graduate School students must utilize the Graduate Student Portal in MyUW to add, change, or discontinue any doctoral minor or graduate/professional certificate. To apply to this minor, log in to MyUW, click on Graduate Student Portal, and then click on Add/Change Programs. Select the information for the doctoral minor for which you are applying.

REQUIREMENTS

Code	Title	Credits
Required		
NTP/NEURODPT 610	Cellular and Molecular Neuroscience	4
NTP/NEURODPT/PSYCH 611	Systems Neuroscience	4
Electives		1-3
Select a mid-level course from the lists below.		
Total Credits		9

Students must receive a grade point average of 3.0 for all required courses to receive the minor.

Once the requirements have been met, please return the completed PhD Minor in Neuroscience Form (https://ntp.wiscweb.wisc.edu/wp-content/uploads/sites/81/2017/03/PhD_Minor_Form.pdf) to the Neuroscience Training Program office for signature by the program director.

1

Two PSYCH 733 courses (8 weeks each) must be taken to meet the midlevel systems requirement.

PEOPLE

Faculty: Professor Ari Rosenberg (director). For a comprehensive faculty list, visit the program website (<https://ntp.neuroscience.wisc.edu/faculty-trainers/>).

NEUROSCIENCE, M.S.

The Neuroscience Training Program (NTP) was established in 1971. Currently, it comprises more than 80 faculty members whose research interests range from molecular neurobiology to integrative systems. The program is designed to prepare students for careers in research and teaching. On average the number of students in the program is approximately 55. The program is best suited for students who are independent and wish to take a direct role in determining their graduate education. Training leads to the Ph.D. degree in neuroscience or the M.D./Ph.D. degree in cooperation with the School of Medicine and Public Health.

The doctoral program of each graduate student in the training program is tailored to meet individual needs. Each student's program is supervised by an advisory committee of faculty members selected by the student in consultation with the major professor. During the first year students complete three laboratory rotations.

The central forum for intellectual exchange in the program is a neuroscience seminar, which meets weekly and is attended by neuroscience students and faculty. During an academic year, members of the program choose topics in current neuroscience research for consideration. Topics are reviewed intensively in study groups supervised by faculty sponsors. Critical summaries of each topic are then presented by students to participants in the seminar as a series of lectures and discussions. Each three- to four-week topic session concludes with a lecture by an outside invited speaker who is well known for his or her research in the topic area. In the course of every three- to four-year period, most of the major research areas in neuroscience are reviewed in the neuroscience seminar; consequently, students become familiar with the breadth of contemporary neuroscience.

The average time taken by students to complete the Ph.D. degree is five years. The program prepares students for careers primarily in research and teaching in universities and colleges and careers outside of academia.

Of the more than 200 students who have earned the Ph.D. degree in the program, more than 95 percent have careers in biomedical science.

NEUROSCIENCE & PUBLIC POLICY PROGRAM

The Neuroscience & Public Policy Program (N&PP) offers three integrated degree pathways with the cooperation of the Neuroscience Training Program, the La Follette School of Public Affairs, and the University of Wisconsin-Madison Law School. The N&PP is based on two strongly held beliefs: first, that sound science and technology policy and law are essential for the well-being of societies; second, that a step toward ensuring such policy is to train future scientists in the making of public policy or the law and prepare them to participate in bringing science and society closer together.

The program offers students the opportunity to earn a Ph.D. degree in neuroscience as well as a master of public affairs (MPA), a master of international public affairs (MIPA), or juris doctorate (J.D.). In each of the degree tracks, the program brings together faculty from neuroscience, public policy, bioethics, sociology, law, and other related fields to train research neuroscientists who will be qualified to help shape public policy or the law. The cross-disciplinary training combines didactic and laboratory research training in neuroscience with a classroom-based and hands-on education in public policy or the law.

For more information about the double and dual degree tracks offered through the neuroscience and public policy program, including admissions and program requirements, please visit the program website (<https://npp.wisc.edu/>).

ADMISSIONS

Students may not apply directly for the master's, and should instead see the admissions information for the Ph.D. (p. 1439)

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Each student receives a stipend that covers tuition, fees, living costs, and health insurance and is guaranteed for five years if progress is satisfactory. Financial support is provided from the program's NIH training grant, fellowships, and faculty research grants. Limited support is available for international students.

Our program also works with students to submit proposals for fellowships. For more information on those funding opportunities please visit our website (<https://ntp.neuroscience.wisc.edu/funding-opportunities/>).

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW-Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail

Minimum Graduate Coursework Requirement 30 credits

Minimum Residence Credit Requirement 16 credits

Minimum Graduate Coursework Requirement 15 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) Requirement Policy: <https://policy.wisc.edu/library/UW-1244> (<https://policy.wisc.edu/library/UW-1244/>)

Overall Graduate GPA Requirement 3.00 GPA required. This program follows the Graduate School's policy: <https://policy.wisc.edu/library/UW-1203> (<https://policy.wisc.edu/library/UW-1203/>).

Other Grade Requirements n/a

Assessments and Examinations Submit a manuscript suitable for publication or the equivalent of part two of the preliminary exam to their advisory committee for approval. Approval should occur once the student has presented either option at their advisory committee meeting.

Language Requirements No language requirements.

Students in our program are expected to be enrolled in NTP 900 every Fall/Spring semester.

Research Credits

NTP 990	Research and Thesis
---------	---------------------

Students in our program are expected to be enrolled in NTP 990 every Fall/Spring/Summer semester. When students enroll in NTP 990, they should plan to enroll for the appropriate number of credits to reach the minimum required credits each semester to have full-time student status.³

Other advanced courses or additional research credits as recommended by the advisory committee to meet the minimum credit requirement.

Total Credits **30+**

1

PSYCH 711 is a special topics course. The following topics under this course listing are approved to take and will count as a midlevel:

- Cognitive Neuroscience of Attention and Memory
- Introduction to Neural Network Modeling of Cognition

2

*Two PSYCH 733 courses (8 weeks each) must be taken to meet the Mid-level Systems/Behavioral Neuroscience requirement. The following course topics are approved:

- Cognitive Neuroscience of Reading and Dyslexia
- Knotty Problems in Psycholinguistics

3

See "Credits Per Term Allowed" policy (<http://guide.wisc.edu/graduate/medicine-public-health-school-wide/neuroscience-phd/#policiestext>) for further information on full-time registration.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES PRIOR COURSEWORK

Graduate Work from Other Institutions

With program approval credits from former graduate institutions may be allowed to count toward degree. Coursework earned ten years or more prior to admission to a doctoral degree is not allowed to satisfy requirements.

UW-Madison Undergraduate

With program approval credits from graduate level courses (numbered 300 or above) taken as an undergraduate at UW-Madison may be allowed to count toward degree up to 7 credits. Coursework earned ten years or more prior to admission to a doctoral degree is not allowed to satisfy requirements.

UW-Madison University Special

With program approval, coursework numbered 300 or above taken as a UW-Madison Special student may be allowed to count toward the degree up to 15 credits. Coursework earned ten years or more prior to admission to a doctoral degree is not allowed to satisfy requirements.

PROBATION

Failure to pass the preliminary examination before the start of the spring semester of the third year will result in being placed on probation. Two consecutive semesters of enrollment on probation precludes continuation in the program.

ADVISOR / COMMITTEE

An advisory committee of five or more tenure-track or tenured faculty members will oversee your graduate education. During the first year, before an advisory committee has been formed and a major professor selected, the First-Year Advisory Committee will serve as your advisor. The First-Year Advisory Committee will help you select courses, laboratory rotations, and your major professor, and they can assist you with other issues that may arise during the first year.

After you have chosen a lab, your major professor will help you in choosing the other members of your advisory committee. Choose this committee carefully, taking time to discuss potential members with faculty and other students. Selection of a major professor and the additional four members of the advisory committee should be completed by the end of March of the first year. **At least five** members of the committee must be tenure-track or tenured professors at UW-Madison. At least three members of the committee should be members of the program. To ensure that advisory committees reflect a broad perspective, at least three different areas of neuroscience or approaches to neuroscience must be represented on the committee. Examples of different areas include behavior/cognition, development, synaptic transmission/membrane excitability. Examples of different approaches include electrophysiology, genetic/model organisms, biochemistry/pharmacology, human brain imaging, stem cells. The student is responsible for describing how the proposed committee represents at least three areas/approaches. The composition of each student's advisory committee will be reviewed and must be approved by the First-Year Advisory Committee. All changes to the makeup of your advisory committee, must be approved by the First-Year Advisory Committee. N&PP students are required to have at least one member of the N&PP Steering Committee represented on their thesis advisory committee.

In order to have your committee approved you must fill out and turn in the NTP Advisory Committee Approval Form (<https://ntp.wiscweb.wisc.edu/wp-content/uploads/sites/81/2017/02/NTP-ADVISORY-COMMITTEE->

APPROVAL-FORM.doc) which is found on the NTP website (<https://ntp.neuroscience.wisc.edu/forms/>). After you return the form to the NTP office, the First-Year Advisory Committee will review your proposed committee and approve your committee or make suggestions for additional members to ensure a broad perspective.

The advisory committee will meet with you once each semester before you become a dissertator (during the first four or five academic semesters) and once each year after you become a dissertator to review your progress. At least four members of the committee must be present at each meeting. Your major professor chairs the advisory committee and will write a report (<https://ntp.wiscweb.wisc.edu/wp-content/uploads/sites/81/2017/10/Advisory-Committee-Report-12.12.14.doc>) that summarizes each meeting. You should review each report and discuss it with your major professor. Every report **must** be signed by you and your major professor and becomes part of your permanent record. The summary reports are used by the steering committee, program faculty, and director to monitor progress. If you believe the report does not describe your progress accurately or is in error in some other respect, you should bring these concerns to the attention of your major professor immediately. If a satisfactory resolution cannot be achieved, you should inform the First-Year Advisory Committee, which will assist you in deciding whether to ask for a review by the steering committee. The First-Year Advisory Committee can handle any issues or problems that arise after the first year and are not resolved by your advisory committee. An Advisory Committee Report form (<https://ntp.wiscweb.wisc.edu/wp-content/uploads/sites/81/2017/10/Advisory-Committee-Report-12.12.14.doc>) is shown in the appendix of the Handbook (<https://ntp.wiscweb.wisc.edu/handbook/>) and can be found on the NTP website (<https://ntp.neuroscience.wisc.edu/forms/>).

Once a committee is formed you are required to have a committee meeting every semester until you become a dissertator. As a dissertator you are required to have one meeting per year until your thesis defense.

For each meeting you have there is a required form you must fill out to find those forms see this link (<https://ntp.neuroscience.wisc.edu/forms/>).

CREDITS PER TERM ALLOWED

Full-time registration is required of all students in the program during the fall and spring semesters. The Graduate School considers full-time registration for students who are not dissertators (please see below) to be 8–15 graduate-level credits (level 300 and above, no audits or pass-fail) during each of the fall and spring semesters. Though the maximum number of credits is 15, we strongly encourage students to enroll for a maximum of 12 credits. In the summer, students in the program who are not dissertators may register for 2 credits during the 8-week summer session, which is not considered full-time registration. If you decide to register for 2 research credits, you are responsible for knowing about other obligations that may be affected by part-time registration in the summer, such as visa regulations or those of certain funding agencies that may require continuous full-time registration for the calendar year (see Graduate School Academic Guidelines for additional caveats). You are eligible to become a dissertator after you have passed the program's preliminary examination and have met the Graduate School's residency requirements.

TIME LIMITS

The final dissertation must be completed by the end of the fifth academic year. If the dissertation is not completed by the end of the summer following the sixth academic year, the student's advisory committee

must meet with the steering committee to present a written statement explaining why the dissertation has not been completed.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Grievance Policy for Graduate Programs in the School of Medicine and Public Health

Any student in a School of Medicine and Public Health graduate program who feels that they have been treated unfairly in regards to educational decisions and/or outcomes or issues specific to the graduate program, including academic standing, progress to degree, professional activities, appropriate advising, and a program's community standards by a faculty member, staff member, postdoc, or student has the right to complain about the treatment and to receive a prompt hearing of the grievance following these grievance procedures. Any student who discusses, inquires about, or participates in the grievance procedure may do so openly and shall not be subject to intimidation, discipline, or retaliation because of such activity. Each program's grievance advisor is listed on the "Research" tab of the SMPH intranet (<https://intranet.med.wisc.edu/>).

Exclusions

This policy does not apply to employment-related issues for Graduate Assistants in TA, PA and/or RA appointments. Graduate Assistants will utilize the Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/>) (GAPP) grievance process to resolve employment-related issues.

This policy does not apply to instances when a graduate student wishes to report research misconduct. For such reports refer to the UW-Madison Policy for Reporting Research Misconduct for Graduate Students and Postdoctoral Research Associates (<https://research.wisc.edu/kb-article/?id=84924>).

Requirements for Programs

The School of Medicine and Public Health Office of Basic Research, Biotechnology and Graduate Studies requires that each graduate program designate a grievance advisor, who should be a tenured faculty member, and will request the name of the grievance advisor annually. The program director will serve as the alternate grievance advisor in the event that the grievance advisor is named in the grievance. The program must notify students of the grievance advisor, including posting the grievance advisor's name on the program's Guide page and handbook.

The grievance advisor or program director may be approached for possible grievances of all types. They will spearhead the grievance response process described below for issues specific to the graduate program, including but not limited to academic standing, progress to degree, professional activities, appropriate advising, and a program's community standards. They will ensure students are advised on reporting procedures for other types of possible grievances and are supported throughout the reporting process. Resources (<https://grad.wisc.edu/current-students/#reporting-incidents>) on identifying and reporting other issues have been compiled by the Graduate School.

Procedures

1. The student is advised to initiate a written record containing dates, times, persons, and description of activities, and to update this record while completing the procedures described below.
2. If the student is comfortable doing so, efforts should be made to resolve complaints informally between individuals before pursuing a formal grievance.
3. Should a satisfactory resolution not be achieved, the student should contact the program's grievance advisor or program director to discuss the complaint. The student may approach the grievance advisor or program director alone or with a UW-Madison faculty or staff member. The grievance advisor or program director should keep a record of contacts with regards to possible grievances. The first attempt is to help the student informally address the complaint prior to pursuing a formal grievance. The student is also encouraged to talk with their faculty advisor regarding concerns or difficulties.
4. If the issue is not resolved to the student's satisfaction, the student may submit a formal grievance to the grievance advisor or program director in writing, within 60 calendar days from the date the grievant first became aware of, or should have become aware of with the exercise of reasonable diligence, the cause of the grievance. To the fullest extent possible, a grievance shall contain a clear and concise statement of the grievance and indicate the issue(s) involved, the relief sought, the date(s) the incident or violation took place, and any specific policy involved.
5. On receipt of a written grievance, the following steps will occur. The final step must be completed within 30 business days from the date the grievance was received. The program must store documentation of the grievance for seven years. Significant grievances that set a precedent may be stored indefinitely.
 - a. The grievance advisor or program director will convene a faculty committee composed of at least three

members to manage the grievance. Any faculty member involved in the grievance or who feels that they cannot be impartial may not participate in the committee. Committee composition should reflect diverse viewpoints within the program.

- b. The faculty committee, through the grievance advisor or program director, will obtain a written response from the person or persons toward whom the grievance is directed. The grievance advisor or program director will inform this person that their response will be shared with the student filing the grievance.
 - c. The grievance advisor or program director will share the response with the student filing the grievance.
 - d. The faculty committee will make a decision regarding the grievance. The committee's review shall be fair, impartial, and timely. The grievance advisor or program director will report on the action taken by the committee in writing to both the student and the person toward whom the grievance was directed.
6. If either party (the student or the person or persons toward whom the grievance is directed) is unsatisfied with the decision of the program's faculty committee, the party may file a written appeal to the SMPH senior associate dean for basic research, biotechnology and graduate studies within 10 business days from the date of notification of the program's faculty committee. The following steps will occur:
- a. The grievant will be notified in writing, within 5 business days of the written appeal, acknowledging receipt of the formal appeal and establishing a timeline for the review to be completed.
 - b. The senior associate dean or their designee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the senior associate dean or their designee will meet with both the grievant and the person or persons toward whom the grievance is directed.
 - c. The senior associate dean or their designee will assemble an ad hoc committee of faculty from outside of the student's graduate program and ask them to prepare a written recommendation on whether to uphold or reverse the decision of the program on the student's initial grievance. The committee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the committee will meet with both the grievant and the person or persons toward whom the grievance is directed.
 - d. The senior associate dean or their designee will make a final decision within 20 business days of receipt of the committee's recommendation.
 - e. The SMPH Office of Basic Research, Biotechnology, and Graduate Studies must store documentation of the grievance for seven years. Grievances that set a precedent may be stored indefinitely.
7. The student may file an appeal of the School of Medicine and Public Health decision with the Graduate School. See the Grievances and Appeals section of the Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

Time Limits

Steps in the grievance procedures must be initiated and completed within the designated time periods except when modified by mutual consent. If the student fails to initiate the next step in the grievance procedure within the designated time period, the grievance will be considered resolved by the decision at the last completed step.

OTHER

All admitted students are funded and receive a stipend. The stipend rate is set by the program.

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

1. (Knowledge and Skills) Develop the knowledge base necessary for a career as an independent, professional scientist.
2. (Professional and Ethical Conduct) Receive training in responsible conduct of research, and will learn and foster principles of ethical and professional conduct.

PEOPLE

Faculty: Professor Ari Rosenberg (director). For a comprehensive faculty list, visit the program website (<https://ntp.neuroscience.wisc.edu/faculty-trainers/>).

NEUROSCIENCE, PH.D.

The Neuroscience Training Program (NTP) was established in 1971. Currently, it comprises more than 80 faculty members whose research interests range from molecular neurobiology to integrative systems. The program is designed to prepare students for careers in research and teaching. On average the number of students in the program is approximately 55. The program is best suited for students who are independent and wish to take a direct role in determining their graduate education. Training leads to the Ph.D. degree in neuroscience or the M.D./Ph.D. degree in cooperation with the School of Medicine and Public Health.

The doctoral program of each graduate student in the training program is tailored to meet individual needs. Each student's program is supervised by an advisory committee of faculty members selected by the student in consultation with the major professor. During the first year students complete three laboratory rotations.

The central forum for intellectual exchange in the program is a neuroscience seminar, which meets weekly and is attended by neuroscience students and faculty. During an academic year, members of the program choose topics in current neuroscience research for consideration. Topics are reviewed intensively in study groups supervised by faculty sponsors. Critical summaries of each topic are then presented

by students to participants in the seminar as a series of lectures and discussions. Each three- to four-week topic session concludes with a lecture by an outside invited speaker who is well known for his or her research in the topic area. In the course of every three- to four-year period, most of the major research areas in neuroscience are reviewed in the neuroscience seminar; consequently, students become familiar with the breadth of contemporary neuroscience.

The average time taken by students to complete the Ph.D. degree is five years. The program prepares students for careers primarily in research and teaching in universities and colleges and careers outside of academia. Of the more than 200 students who have earned the Ph.D. degree in the program, more than 95 percent have careers in biomedical science.

NEUROSCIENCE & PUBLIC POLICY PROGRAM

The Neuroscience & Public Policy Program (N&PP) offers three integrated degree pathways with the cooperation of the Neuroscience Training Program, the La Follette School of Public Affairs, and the University of Wisconsin–Madison Law School. The N&PP is based on two strongly held beliefs: first, that sound science and technology policy and law are essential for the well-being of societies; second, that a step toward ensuring such policy is to train future scientists in the making of public policy or the law and prepare them to participate in bringing science and society closer together.

The program offers students the opportunity to earn a Ph.D. degree in neuroscience as well as a master of public affairs (MPA), a master of international public affairs (MIPA), or juris doctorate (J.D.). In each of the degree tracks, the program brings together faculty from neuroscience, public policy, bioethics, sociology, law, and other related fields to train research neuroscientists who will be qualified to help shape public policy or the law. The cross-disciplinary training combines didactic and laboratory research training in neuroscience with a classroom-based and hands-on education in public policy or the law.

For more information about the double and dual degree tracks offered through the neuroscience and public policy program, including admissions and program requirements, please visit the program website (<https://npp.wisc.edu/>).

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 1
Spring Deadline	The program does not admit in the spring.
Summer Deadline	The program does not admit in the summer.

GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements (https://grad.wisc.edu/apply/requirements/#english-proficiency).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

Details about the Neuroscience Training Program admissions process can be found here (<https://ntp.neuroscience.wisc.edu/admissions-requirements/>).

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Each student receives a stipend that covers tuition, fees, living costs, and health insurance and is guaranteed for five years if progress is satisfactory. Financial support is provided from the Program's NIH training grant, fellowships, and faculty research grants. Limited support is available for international students.

Our program also works with students to submit proposals for fellowships. For more information on those funding opportunities please visit our website (<https://ntp.neuroscience.wisc.edu/funding-opportunities/>).

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW-Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail	
Minimum Credit Requirement	51 credits
Minimum Residence Credit Requirement	32 credits
Minimum Graduate Coursework Requirement	26 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) Requirement Policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/)
Overall Graduate GPA Requirement	3.00 GPA required. This program follows the Graduate School's policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	n/a
Assessments and Examinations	Candidates must meet with their advisory committee once per semester until they become a dissertator and then once per year thereafter. The preliminary examination consists of two papers: a dissertation proposal, and a critical research paper unrelated to the proposal. The preliminary examination should be completed by the end of the second summer of graduate study. Students who fail one or both parts of the preliminary examination may retake the examination within two months. Failure to pass the examination the second time will result in dismissal from the program. The final dissertation must be submitted to the advisory committee and an oral defense of the thesis must be given. The thesis defense consists of a public presentation of the thesis followed by a closed meeting with the advisory committee. Deposit of the doctoral dissertation in the Graduate School is required.
Language Requirements	No language requirements.

Graduate School Breadth Requirements Completion of a doctoral minor or graduate/professional certificate is not required of students in the NTP doctoral program.

REQUIRED COURSES

Code	Title	Credits
Core Courses		
NTP/NEURODPT 610	Cellular and Molecular Neuroscience	10
NTP/NEURODPT/PSYCH 611	Systems Neuroscience	
NTP 700	Professional Development for Biomedical Graduate Students	
NTP 701	Experimental Design and Statistical Methodology	

One Mid-level Molecular/Cellular/Developmental Neuroscience Course

BIOCHEM/PHMCOL-M/ZOOLOGY 630	Cellular Signal Transduction Mechanisms
B M E/MED PHYS/PHMCOL-M/PHYSICS/RADIOL 619	Microscopy of Life
NTP/NEURODPT 629	Molecular and Cellular Mechanisms of Memory
NTP/NEUROL 735	Neurobiology of Disease
NTP 670	Stem Cells and the Central Nervous System
NTP 675	Special Topics
NTP/NEURODPT/ZOOLOGY 765	Developmental Neuroscience
PHMCOL-M 781	Molecular and Cellular Principles in Pharmacology
ZOOLOGY 604	Computer-based Gene and Disease/Disorder Research Lab

One Mid-level Systems/Behavioral Neuroscience Course

B M E 601	Special Topics in Biomedical Engineering
CS&D 850	Hearing Science I: Basic Acoustics and Psychoacoustics
COMP SCI/B M I/PSYCH 841	Computational Cognitive Science
KINES 713	Neural Basis of Normal and Pathological Movement
KINES 721	Neural Basis for Movement
KINES 861	Principles of Motor Control and Learning
NTP 677	Basic Sleep Mechanisms and Sleep Disorders: from Neurobiology to Sleep Medicine
NTP 675	Special Topics

NTP/MED PHYS 651	Methods for Neuroimaging Research
PSYCH 711	Current Topics in Psychology ¹
PSYCH 733	Perceptual and Cognitive Sciences ²
PSYCH 954	Seminar-Physiological Psychology
PSYCH 918	Seminar-General Psychology

Seminar **10**

NTP 900 Neuroscience Seminar: Current Topics in Neurobiology

Students in our program are expected to be enrolled in NTP 900 every Fall/Spring semester.

Research Credits

NTP 990 Research and Thesis

Students in our program are expected to be enrolled in NTP 990 every Fall/Spring/Summer semester. When students enroll in NTP 990, they should plan to enroll for the appropriate number of credits to reach the minimum required credits each semester to have full-time student status.³

Other advanced courses or additional research credits as recommended by the advisory committee to meet minimum credit requirements.

Total Credits **51+**

1

PSYCH 711 is a special topics course. The following topics under this course listing are approved to take and will count as a midlevel:

- Cognitive Neuroscience of Attention and Memory
- Introduction to Neural Network Modeling of Cognition

2

*Two PSYCH 733 courses (8 weeks each) must be taken to meet the Mid-level Systems/Behavioral Neuroscience requirement. The following course topics are approved:

- Cognitive Neuroscience of Reading and Dyslexia
- Knotty Problems in Psycholinguistics

3

See "Credits Per Term Allowed" policy (<http://guide.wisc.edu/graduate/medicine-public-health-school-wide/neuroscience-phd/#policiestext>) for further information on full-time registration.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Work from Other Institutions

With program approval, credits from former graduate institutions may be allowed to count toward degree. Coursework earned ten years or

more prior to admission to a doctoral degree is not allowed to satisfy requirements.

UW–Madison Undergraduate

With program approval credits from graduate-level courses (numbered 300 or above and with the graduate attribute) taken as an undergraduate at UW–Madison may be allowed to count toward degree up to 7 credits. Coursework earned ten years or more prior to admission to a doctoral degree is not allowed to satisfy requirements.

UW–Madison University Special

With program approval, coursework numbered 300 or above taken as a UW–Madison Special student may be allowed to count toward the degree up to 15 credits. Coursework earned ten years or more prior to admission to a doctoral degree is not allowed to satisfy requirements.

PROBATION

Failure to pass the preliminary examination before the start of the spring semester of the third year will result in being placed on probation. Two consecutive semesters of enrollment on probation precludes continuation in the program.

ADVISOR / COMMITTEE

An advisory committee of five or more tenure-track or tenured faculty members will oversee your graduate education. During the first year, before an advisory committee has been formed and a major professor selected, the First-Year Advisory Committee will serve as your advisor. The First-Year Advisory Committee will help you select courses, laboratory rotations, and your major professor, and they can assist you with other issues that may arise during the first year.

After you have chosen a lab, your major professor will help you in choosing the other members of your advisory committee. Choose this committee carefully, taking time to discuss potential members with faculty and other students. Selection of a major professor and the additional four members of the advisory committee should be completed by the end of March of the first year. **At least five** members of the committee must be tenure-track or tenured professors at UW–Madison. At least three members of the committee should be members of the program. To ensure that advisory committees reflect a broad perspective, at least three different areas of neuroscience or approaches to neuroscience must be represented on the committee. Examples of different areas include behavior/cognition, development, synaptic transmission/membrane excitability. Examples of different approaches include electrophysiology, genetic/model organisms, biochemistry/pharmacology, human brain imaging, stem cells. The student is responsible for describing how the proposed committee represents at least three areas/approaches. The composition of each student's advisory committee will be reviewed and must be approved by the First-Year Advisory Committee. All changes to the makeup of your advisory committee, must be approved by the First-Year Advisory Committee. N&PP students are required to have at least one member of the N&PP Steering Committee represented on their thesis advisory committee.

In order to have your committee approved you must fill out and turn in the NTP Advisory Committee Approval Form (<https://ntp.wiscweb.wisc.edu/wp-content/uploads/sites/81/2017/02/NTP-ADVISORY-COMMITTEE-APPROVAL-FORM.doc>) which is found on the NTP website (<https://ntp.neuroscience.wisc.edu/forms/>). After you return the form to the NTP office, the First-Year Advisory Committee will review your proposed committee and approve your committee or make suggestions for additional members to ensure a broad perspective.

The advisory committee will meet with you once each semester before you become a dissertator (during the first four or five academic semesters) and once each year after you become a dissertator to review your progress. At least four members of the committee must be present at each meeting. Your major professor chairs the advisory committee and will write a report (<https://ntp.wiscweb.wisc.edu/wp-content/uploads/sites/81/2017/10/Advisory-Committee-Report-12.12.14.doc>) that summarizes each meeting. You should review each report and discuss it with your major professor. Every report **must** be signed by you and your major professor and becomes part of your permanent record. The summary reports are used by the steering committee, program faculty, and director to monitor progress. If you believe the report does not describe your progress accurately or is in error in some other respect, you should bring these concerns to the attention of your major professor immediately. If a satisfactory resolution cannot be achieved, you should inform the First-Year Advisory Committee, which will assist you in deciding whether to ask for a review by the steering committee. The First-Year Advisory Committee can handle any issues or problems that arise after the first year and are not resolved by your advisory committee. An Advisory Committee Report form (<https://ntp.wiscweb.wisc.edu/wp-content/uploads/sites/81/2017/10/Advisory-Committee-Report-12.12.14.doc>) is shown in the appendix of the Handbook (<https://ntp.wiscweb.wisc.edu/handbook/>) and can be found on the NTP website (<https://ntp.neuroscience.wisc.edu/forms/>).

Once a committee is formed you are required to have a committee meeting every semester until you become a dissertator. As a dissertator you are required to have one meeting per year until your thesis defense.

For each meeting you have there is a required form you must fill out to find those forms see this link (<https://ntp.neuroscience.wisc.edu/forms/>).

CREDITS PER TERM ALLOWED

Full-time registration is required of all students in the program during the fall and spring semesters. The Graduate School considers full-time registration for students who are not dissertators (please see below) to be 8–15 graduate-level credits (level 300 and above, no audits or pass-fail) during each of the fall and spring semesters. Though the maximum number of credits is 15, we strongly encourage students to enroll for a maximum of 12 credits. In the summer, students in the program who are not dissertators may register for 2 credits during the 8-week summer session, which is not considered full-time registration. If you decide to register for 2 research credits, you are responsible for knowing about other obligations that may be affected by part-time registration in the summer, such as visa regulations or those of certain funding agencies that may require continuous full-time registration for the calendar year (see Graduate School Academic Guidelines for additional caveats). You are eligible to become a dissertator after you have passed the program's preliminary examination and have met the Graduate School's residency requirements.

TIME LIMITS

The final dissertation must be completed by the end of the fifth academic year. If the dissertation is not completed by the end of the summer following the sixth academic year, the student's advisory committee must meet with the steering committee to present a written statement explaining why the dissertation has not been completed.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeeabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Grievance Policy for Graduate Programs in the School of Medicine and Public Health

Any student in a School of Medicine and Public Health graduate program who feels that they have been treated unfairly in regards to educational decisions and/or outcomes or issues specific to the graduate program, including academic standing, progress to degree, professional activities, appropriate advising, and a program's community standards by a faculty member, staff member, postdoc, or student has the right to complain about the treatment and to receive a prompt hearing of the grievance following these grievance procedures. Any student who discusses, inquires about, or participates in the grievance procedure may do so openly and shall not be subject to intimidation, discipline, or retaliation because of such activity. Each program's grievance advisor is listed on the "Research" tab of the SMPH intranet (<https://intranet.med.wisc.edu/>).

Exclusions

This policy does not apply to employment-related issues for Graduate Assistants in TA, PA and/or RA appointments. Graduate Assistants will utilize the Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/>) (GAPP) grievance process to resolve employment-related issues.

This policy does not apply to instances when a graduate student wishes to report research misconduct. For such reports refer to the UW-Madison Policy for Reporting Research Misconduct for Graduate Students and Postdoctoral Research Associates (<https://research.wisc.edu/kb-article/?id=84924>).

Requirements for Programs

The School of Medicine and Public Health Office of Basic Research, Biotechnology and Graduate Studies requires that each graduate program designate a grievance advisor, who should be a tenured faculty member, and will request the name of the grievance advisor annually. The program director will serve as the alternate grievance advisor in the event that the grievance advisor is named in the grievance. The program must notify students of the grievance advisor, including posting the grievance advisor's name on the program's Guide page and handbook.

The grievance advisor or program director may be approached for possible grievances of all types. They will spearhead the grievance response process described below for issues specific to the graduate program, including but not limited to academic standing, progress to degree, professional activities, appropriate advising, and a program's community standards. They will ensure students are advised on reporting procedures for other types of possible grievances and are supported throughout the reporting process. Resources (<https://grad.wisc.edu/current-students/#reporting-incidents>) on identifying and reporting other issues have been compiled by the Graduate School.

Procedures

1. The student is advised to initiate a written record containing dates, times, persons, and description of activities, and to update this record while completing the procedures described below.
2. If the student is comfortable doing so, efforts should be made to resolve complaints informally between individuals before pursuing a formal grievance.
3. Should a satisfactory resolution not be achieved, the student should contact the program's grievance advisor or program director to discuss the complaint. The student may approach the grievance advisor or program director alone or with a UW-Madison faculty or staff member. The grievance advisor or program director should keep a record of contacts with regards to possible grievances. The first attempt is to help the student informally address the complaint prior to pursuing a formal grievance. The student is also encouraged to talk with their faculty advisor regarding concerns or difficulties.
4. If the issue is not resolved to the student's satisfaction, the student may submit a formal grievance to the grievance advisor or program director in writing, within 60 calendar days from the date the grievant first became aware of, or should have become aware of with the exercise of reasonable diligence, the cause of the grievance. To the fullest extent possible, a grievance shall contain a clear and concise statement of the grievance and indicate the issue(s) involved, the relief sought, the date(s) the incident or violation took place, and any specific policy involved.
5. On receipt of a written grievance, the following steps will occur. The final step must be completed within 30 business days from the date the grievance was received. The program must store documentation of the grievance for seven years. Significant grievances that set a precedent may be stored indefinitely.
 - a. The grievance advisor or program director will convene a faculty committee composed of at least three members to manage the grievance. Any faculty member involved in the grievance or who feels that they cannot be impartial may not participate in the committee. Committee composition should reflect diverse viewpoints within the program.
 - b. The faculty committee, through the grievance advisor or program director, will obtain a written response from the person or persons toward whom the grievance is

directed. The grievance advisor or program director will inform this person that their response will be shared with the student filing the grievance.

- c. The grievance advisor or program director will share the response with the student filing the grievance.
 - d. The faculty committee will make a decision regarding the grievance. The committee's review shall be fair, impartial, and timely. The grievance advisor or program director will report on the action taken by the committee in writing to both the student and the person toward whom the grievance was directed.
6. If either party (the student or the person or persons toward whom the grievance is directed) is unsatisfied with the decision of the program's faculty committee, the party may file a written appeal to the SMPH senior associate dean for basic research, biotechnology and graduate studies within 10 business days from the date of notification of the program's faculty committee. The following steps will occur:
- a. The grievant will be notified in writing, within 5 business days of the written appeal, acknowledging receipt of the formal appeal and establishing a timeline for the review to be completed.
 - b. The senior associate dean or their designee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the senior associate dean or their designee will meet with both the grievant and the person or persons toward whom the grievance is directed.
 - c. The senior associate dean or their designee will assemble an ad hoc committee of faculty from outside of the student's graduate program and ask them to prepare a written recommendation on whether to uphold or reverse the decision of the program on the student's initial grievance. The committee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the committee will meet with both the grievant and the person or persons toward whom the grievance is directed.
 - d. The senior associate dean or their designee will make a final decision within 20 business days of receipt of the committee's recommendation.
 - e. The SMPH Office of Basic Research, Biotechnology, and Graduate Studies must store documentation of the grievance for seven years. Grievances that set a precedent may be stored indefinitely.
7. The student may file an appeal of the School of Medicine and Public Health decision with the Graduate School. See the Grievances and Appeals section of the Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

Time Limits

Steps in the grievance procedures must be initiated and completed within the designated time periods except when modified by mutual consent. If the student fails to initiate the next step in the grievance procedure within the designated time period, the grievance will be considered resolved by the decision at the last completed step.

OTHER

All admitted students are funded and receive a stipend. The stipend rate is set by the program.

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

1. (Knowledge) Develop the knowledge base necessary for a career as an independent, professional scientist.
2. (Research) Develop and complete original research that advances their specific area of neuroscience.
3. (Communication) Learn to effectively communicate to diverse audiences through writing, oral presentations, and discussions.
4. (Teaching) Learn teaching and mentoring skills necessary for future scientific careers.
5. (Professional and Ethical Conduct) Receive training in responsible conduct of research, and will learn and foster principles of ethical and professional conduct.
6. (Career Preparation) Provided with diverse training that will prepare them for a range of flexible and sustainable careers (e.g., academia, industry, government, science policy and administration, science commerce, science writing, law, and science education and outreach at all levels).

PEOPLE

Faculty: Professor Ari Rosenberg (director). For a comprehensive faculty list, visit the program website (<https://ntp.neuroscience.wisc.edu/faculty-trainers/>).

PHYSIOLOGY, M.S.

Admissions to the Physiology M.S. have been suspended as of fall 2018 and will be discontinued as of fall 2024. If you have any questions, please contact the department (<https://pgtp.wisc.edu/>).

The physiology graduate training program is interdisciplinary in its approach to scientific research, reflecting the breadth of the discipline of physiology. Powerful new tools in modern biology make it possible to link the cellular and molecular with integrative levels in physiological systems, the cardiovascular, respiratory, renal, endocrine, neurophysiological, gastrointestinal, musculoskeletal, and metabolic systems. The program provides doctoral training in mechanistic studies that use these new tools to study the functions of molecules, cells, tissues, and organ systems in preparation for careers in biomedical research, biotechnology, and academic teaching. Students learn through lecture courses, seminar courses, seminars by speakers from campus and from other institutions, journal clubs and, most important, from their research mentors. Students are encouraged to interact with other training programs and research

centers to broaden their knowledge and experience. Gaining expertise in public speaking is an important component of the program.

ADMISSIONS

Admissions to the Physiology M.S. have been suspended as of fall 2018 and will be discontinued as of fall 2024. If you have any questions, please contact the department (<https://pgtp.wisc.edu/>).

This master's program is offered for work leading to the Ph.D. Students may not apply directly for the master's, and should instead see the admissions information for the Ph.D. (p. 1448)

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Financial aid is provided to all students, usually in the form of grant-supported research assistantships, institutional fellowships, teaching assistantships, or advanced opportunity fellowships for minority or disadvantaged students. Students are encouraged to contact individual professors in their areas of interest to determine whether support is available for working in that lab.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW–Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail

Minimum Credit Requirement 30 credits

Minimum Residence Credit Requirement 16 credits

Minimum Graduate Coursework Requirement Half of degree coursework (15 credits out of 30 total credits) must be completed graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy (<https://policy.wisc.edu/library/UW-1244> (<https://policy.wisc.edu/library/UW-1244/>)).

Overall Graduate GPA Requirement 3.00 GPA required.

Other Grade Requirements The Graduate School requires an average grade of B or better in all coursework (300 or above, not including research credits) taken as a graduate student unless conditions for probationary status require higher grades. Grades of Incomplete are considered to be unsatisfactory if they are not removed during the next enrolled semester.

Assessments and Examinations Contact the program for information on required assessments and examinations.

Language Requirements Contact the program for information on any language requirements.

REQUIRED COURSES

Physiology core curriculum includes:

Code	Title	Credits
PHYSIOL 901	Seminar	1
NTP/ NEURODPT 610	Cellular and Molecular Neuroscience	4
ANAT&PHY 435	Fundamentals of Human Physiology (or equivalent)	5
STAT/B M I 541 or STAT/ F&W ECOL/ HORT 571	Introduction to Biostatistics Statistical Methods for Bioscience I	3-4
OBS&GYN 955	Responsible Conduct of Research for Biomedical Graduate Students	2

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Work from Other Institutions

Courses taken that fulfill the equivalent requirements may be considered to exempt a class: If demonstrated didactic knowledge of physiology, then ANAT&PHY 435 Fundamentals of Human Physiology may be exempted. If considerable background in neuroscience, then NTP/NEURODPT 610 Cellular and Molecular Neuroscience may be exempted. Statistics courses may be considered by the student's advisory committee for exemption; however, students are still strongly encouraged to participate. These exemptions do not waive a student from any credits, merely from taking the courses. The student will still need to accumulate 30 credits for the degree.

UW–Madison Undergraduate

Courses taken that fulfill the equivalent requirements may be considered to exempt a class: If demonstrated didactic knowledge of physiology, then ANAT&PHY 435 may be exempted. If considerable background in neuroscience, then NTP/NEURODPT 610 may be exempted. Statistics courses may be considered by the student's advisory committee for exemption; however, students are still strongly encouraged to participate. These exemptions do not waive a student from any credits, merely from taking the courses. The student will still need to accumulate 30 credits for the degree.

UW–Madison University Special

Courses taken that fulfill the equivalent requirements may be considered to exempt a class: If demonstrated didactic knowledge of physiology, then ANAT&PHY 435 may be exempted. If considerable background in neuroscience, then NTP/NEURODPT 610 may be exempted. Statistics courses may be considered by the student's advisory committee for exemption; however, students are still strongly encouraged to participate. These exemptions do not waive a student from any credits, merely from taking the courses. The student will still need to accumulate 30 credits for the degree.

PROBATION

The Graduate School regularly reviews the record of any student who earned grades of BC, C, D, F, or Incomplete in a graduate course (300 or above), or grade of U in research credits. This review could result in academic probation with a hold on future enrollment or in being suspended from the Graduate School.

ADVISOR / COMMITTEE

Every graduate student is required to have an advisor. An advisor is a faculty member, or sometimes a committee, from the major department responsible for providing advice regarding graduate studies. An advisor generally serves as the thesis advisor. In many cases, an advisor is assigned

to incoming students. Students can be suspended from the Graduate School if they do not have an advisor.

To ensure that students are making satisfactory progress toward a degree, the Graduate School expects them to meet with their advisor on a regular basis.

A committee often accomplishes advising for the students in the early stages of their studies.

CREDITS PER TERM ALLOWED

15 credits

TIME CONSTRAINTS

Master's degree students who have been absent for five or more consecutive years lose all credits that they have earned before their absence. Individual programs may count the coursework students completed prior to their absence for meeting program requirements; that coursework may not count toward Graduate School credit requirements.

GRIEVANCES AND APPEALS

 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeeabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Grievance Policy for Graduate Programs in the School of Medicine and Public Health

Any student in a School of Medicine and Public Health graduate program who feels that they have been treated unfairly in regards to educational decisions and/or outcomes or issues specific to the graduate program, including academic standing, progress to degree, professional activities, appropriate advising, and a program's community standards by a faculty

member, staff member, postdoc, or student has the right to complain about the treatment and to receive a prompt hearing of the grievance following these grievance procedures. Any student who discusses, inquires about, or participates in the grievance procedure may do so openly and shall not be subject to intimidation, discipline, or retaliation because of such activity. Each program's grievance advisor is listed on the "Research" tab of the SMPH intranet (<https://intranet.med.wisc.edu/>).

Exclusions

This policy does not apply to employment-related issues for Graduate Assistants in TA, PA and/or RA appointments. Graduate Assistants will utilize the Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/>) (GAPP) grievance process to resolve employment-related issues.

This policy does not apply to instances when a graduate student wishes to report research misconduct. For such reports refer to the UW-Madison Policy for Reporting Research Misconduct for Graduate Students and Postdoctoral Research Associates (<https://research.wisc.edu/kb-article/?id=84924>).

Requirements for Programs

The School of Medicine and Public Health Office of Basic Research, Biotechnology and Graduate Studies requires that each graduate program designate a grievance advisor, who should be a tenured faculty member, and will request the name of the grievance advisor annually. The program director will serve as the alternate grievance advisor in the event that the grievance advisor is named in the grievance. The program must notify students of the grievance advisor, including posting the grievance advisor's name on the program's Guide page and handbook.

The grievance advisor or program director may be approached for possible grievances of all types. They will spearhead the grievance response process described below for issues specific to the graduate program, including but not limited to academic standing, progress to degree, professional activities, appropriate advising, and a program's community standards. They will ensure students are advised on reporting procedures for other types of possible grievances and are supported throughout the reporting process. Resources (<https://grad.wisc.edu/current-students/#reporting-incidents>) on identifying and reporting other issues have been compiled by the Graduate School.

Procedures

1. The student is advised to initiate a written record containing dates, times, persons, and description of activities, and to update this record while completing the procedures described below.
2. If the student is comfortable doing so, efforts should be made to resolve complaints informally between individuals before pursuing a formal grievance.
3. Should a satisfactory resolution not be achieved, the student should contact the program's grievance advisor or program director to discuss the complaint. The student may approach the grievance advisor or program director alone or with a UW-Madison faculty or staff member. The grievance advisor or program director should keep a record of contacts with regards to possible grievances. The first attempt is to help the student informally address the complaint prior to pursuing a formal grievance. The student is also encouraged to talk with their faculty advisor regarding concerns or difficulties.
4. If the issue is not resolved to the student's satisfaction, the student may submit a formal grievance to the grievance advisor or program director in writing, within 60 calendar days from the date the grievant first became aware of, or should have become aware of with the exercise of reasonable diligence, the cause of the grievance. To the fullest extent possible, a grievance shall contain a clear and concise statement of the grievance and indicate the issue(s) involved, the relief sought, the date(s) the incident or violation took place, and any specific policy involved.
5. On receipt of a written grievance, the following steps will occur. The final step must be completed within 30 business days from the date the grievance was received. The program must store documentation of the grievance for seven years. Significant grievances that set a precedent may be stored indefinitely.
 - a. The grievance advisor or program director will convene a faculty committee composed of at least three members to manage the grievance. Any faculty member involved in the grievance or who feels that they cannot be impartial may not participate in the committee. Committee composition should reflect diverse viewpoints within the program.
 - b. The faculty committee, through the grievance advisor or program director, will obtain a written response from the person or persons toward whom the grievance is directed. The grievance advisor or program director will inform this person that their response will be shared with the student filing the grievance.
 - c. The grievance advisor or program director will share the response with the student filing the grievance.
 - d. The faculty committee will make a decision regarding the grievance. The committee's review shall be fair, impartial, and timely. The grievance advisor or program director will report on the action taken by the committee in writing to both the student and the person toward whom the grievance was directed.
6. If either party (the student or the person or persons toward whom the grievance is directed) is unsatisfied with the decision of the program's faculty committee, the party may file a written appeal to the SMPH senior associate dean for basic research, biotechnology and graduate studies within 10 business days from the date of notification of the program's faculty committee. The following steps will occur:
 - a. The grievant will be notified in writing, within 5 business days of the written appeal, acknowledging receipt of the formal appeal and establishing a timeline for the review to be completed.
 - b. The senior associate dean or their designee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the senior associate dean or their designee will meet with both the grievant and the person or persons toward whom the grievance is directed.
 - c. The senior associate dean or their designee will assemble an ad hoc committee of faculty from outside of the student's graduate program and ask them to prepare a written recommendation on whether to uphold or reverse the decision of the program on the student's initial grievance. The committee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur,

the committee will meet with both the grievant and the person or persons toward whom the grievance is directed.

- d. The senior associate dean or their designee will make a final decision within 20 business days of receipt of the committee's recommendation.
 - e. The SMPH Office of Basic Research, Biotechnology, and Graduate Studies must store documentation of the grievance for seven years. Grievances that set a precedent may be stored indefinitely.
7. The student may file an appeal of the School of Medicine and Public Health decision with the Graduate School. See the Grievances and Appeals section of the Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

Time Limits

Steps in the grievance procedures must be initiated and completed within the designated time periods except when modified by mutual consent. If the student fails to initiate the next step in the grievance procedure within the designated time period, the grievance will be considered resolved by the decision at the last completed step.

OTHER

Students are funded by program dollars to do rotations during their first semester. After having settled on a lab, their research mentor will fund the student, either through his/her research grants, program-available TA-ships, or other fellowships.

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

1. Teach physiology, engaging audiences and helping them to learn.
2. Demonstrate a didactic knowledge of physiology.
3. Describe past science, propose future experiments, and defend their ideas to peers in a proposal format.
4. Understand that science and research is based on trust— trust between scientists and colleagues, trust between scientists and policy makers, trust between scientists and advisory boards, and trust between scientists and society.
5. Communicate their science verbally and do so in a clear manner for a variety of audiences.

PEOPLE

Faculty: See faculty list (<http://pgtp.wisc.edu/faculty/>) on the program website.

PHYSIOLOGY, PH.D.

Admissions to the Physiology Ph.D. have been suspended as of fall 2018 and will be discontinued as of fall 2024. If you have any questions, please contact the department (<https://pgtp.wisc.edu/>).

The physiology graduate training program is interdisciplinary in its approach to scientific research, reflecting the breadth of the discipline of physiology. Powerful new tools in modern biology make it possible to link the cellular and molecular with integrative levels in physiological systems, the cardiovascular, respiratory, renal, endocrine, neurophysiological, gastrointestinal, musculoskeletal, and metabolic systems. The program provides doctoral training in mechanistic studies that use these new tools to study the functions of molecules, cells, tissues, and organ systems in preparation for careers in biomedical research, biotechnology, and academic teaching. Students learn through lecture courses, seminar courses, seminars by speakers from campus and from other institutions, journal clubs and, most important, from their research mentors. Students are encouraged to interact with other training programs and research centers to broaden their knowledge and experience. Gaining expertise in public speaking is an important component of the program.

ADMISSIONS

Admissions to the Physiology Ph.D. have been suspended as of fall 2018 and will be discontinued as of fall 2024. If you have any questions, please contact the department (<https://pgtp.wisc.edu/>).

Given the interdisciplinary nature of physiology, students from a variety of undergraduate backgrounds qualify for admission to the program. Entering students generally have degrees in biology, chemistry, physics or engineering, and have usually taken courses in biology, biochemistry, chemistry, mathematics, and physics. Students may be admitted to the program without having completed one or more of these courses but will be required to take them in their first year of graduate school. In addition to the online application, applicants for admission should submit official transcripts from each previous undergraduate and postgraduate institution; three letters of recommendation; a one-page personal statement describing research experience and personal goals, and indicating faculty with research activities of interest to the student. Graduate Record Exam (GRE) scores are requested from all students. International students should also send scores of the Test of English as a Foreign Language (TOEFL), or International English Language Testing System (IELTS). Application deadline is December 1—we do not offer spring or summer admission.

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Financial aid is provided to all students, usually in the form of grant-supported research assistantships, institutional fellowships, teaching

assistantships, or advanced opportunity fellowships for minority or disadvantaged students. Students are encouraged to contact individual professors in their areas of interest to determine whether support is available for working in that lab.

- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Grievance Policy for Graduate Programs in the School of Medicine and Public Health

Any student in a School of Medicine and Public Health graduate program who feels that they have been treated unfairly in regards to educational decisions and/or outcomes or issues specific to the graduate program, including academic standing, progress to degree, professional activities, appropriate advising, and a program’s community standards by a faculty member, staff member, postdoc, or student has the right to complain about the treatment and to receive a prompt hearing of the grievance following these grievance procedures. Any student who discusses, inquires about, or participates in the grievance procedure may do so openly and shall not be subject to intimidation, discipline, or retaliation because of such activity. Each program’s grievance advisor is listed on the “Research” tab of the SMPH intranet (<https://intranet.med.wisc.edu/>).

Exclusions

This policy does not apply to employment-related issues for Graduate Assistants in TA, PA and/or RA appointments. Graduate Assistants will utilize the Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/>) (GAPP) grievance process to resolve employment-related issues.

This policy does not apply to instances when a graduate student wishes to report research misconduct. For such reports refer to the UW–Madison Policy for Reporting Research Misconduct for Graduate Students and

Postdoctoral Research Associates (<https://research.wisc.edu/kb-article/?id=84924>).

Requirements for Programs

The School of Medicine and Public Health Office of Basic Research, Biotechnology and Graduate Studies requires that each graduate program designate a grievance advisor, who should be a tenured faculty member, and will request the name of the grievance advisor annually. The program director will serve as the alternate grievance advisor in the event that the grievance advisor is named in the grievance. The program must notify students of the grievance advisor, including posting the grievance advisor's name on the program's Guide page and handbook.

The grievance advisor or program director may be approached for possible grievances of all types. They will spearhead the grievance response process described below for issues specific to the graduate program, including but not limited to academic standing, progress to degree, professional activities, appropriate advising, and a program's community standards. They will ensure students are advised on reporting procedures for other types of possible grievances and are supported throughout the reporting process. Resources (<https://grad.wisc.edu/current-students/#reporting-incidents>) on identifying and reporting other issues have been compiled by the Graduate School.

Procedures

1. The student is advised to initiate a written record containing dates, times, persons, and description of activities, and to update this record while completing the procedures described below.
2. If the student is comfortable doing so, efforts should be made to resolve complaints informally between individuals before pursuing a formal grievance.
3. Should a satisfactory resolution not be achieved, the student should contact the program's grievance advisor or program director to discuss the complaint. The student may approach the grievance advisor or program director alone or with a UW-Madison faculty or staff member. The grievance advisor or program director should keep a record of contacts with regards to possible grievances. The first attempt is to help the student informally address the complaint prior to pursuing a formal grievance. The student is also encouraged to talk with their faculty advisor regarding concerns or difficulties.
4. If the issue is not resolved to the student's satisfaction, the student may submit a formal grievance to the grievance advisor or program director in writing, within 60 calendar days from the date the grievant first became aware of, or should have become aware of with the exercise of reasonable diligence, the cause of the grievance. To the fullest extent possible, a grievance shall contain a clear and concise statement of the grievance and indicate the issue(s) involved, the relief sought, the date(s) the incident or violation took place, and any specific policy involved.
5. On receipt of a written grievance, the following steps will occur. The final step must be completed within 30 business days from the date the grievance was received. The program must store documentation of the grievance for seven years. Significant grievances that set a precedent may be stored indefinitely.
 - a. The grievance advisor or program director will convene a faculty committee composed of at least three members to manage the grievance. Any faculty member involved in the grievance or who feels that they cannot be impartial may not participate in the committee. Committee composition should reflect diverse viewpoints within the program.
 - b. The faculty committee, through the grievance advisor or program director, will obtain a written response from the person or persons toward whom the grievance is directed. The grievance advisor or program director will inform this person that their response will be shared with the student filing the grievance.
 - c. The grievance advisor or program director will share the response with the student filing the grievance.
 - d. The faculty committee will make a decision regarding the grievance. The committee's review shall be fair, impartial, and timely. The grievance advisor or program director will report on the action taken by the committee in writing to both the student and the person toward whom the grievance was directed.
6. If either party (the student or the person or persons toward whom the grievance is directed) is unsatisfied with the decision of the program's faculty committee, the party may file a written appeal to the SMPH senior associate dean for basic research, biotechnology and graduate studies within 10 business days from the date of notification of the program's faculty committee. The following steps will occur:
 - a. The grievant will be notified in writing, within 5 business days of the written appeal, acknowledging receipt of the formal appeal and establishing a timeline for the review to be completed.
 - b. The senior associate dean or their designee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the senior associate dean or their designee will meet with both the grievant and the person or persons toward whom the grievance is directed.
 - c. The senior associate dean or their designee will assemble an ad hoc committee of faculty from outside of the student's graduate program and ask them to prepare a written recommendation on whether to uphold or reverse the decision of the program on the student's initial grievance. The committee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the committee will meet with both the grievant and the person or persons toward whom the grievance is directed.
 - d. The senior associate dean or their designee will make a final decision within 20 business days of receipt of the committee's recommendation.
 - e. The SMPH Office of Basic Research, Biotechnology, and Graduate Studies must store documentation of the grievance for seven years. Grievances that set a precedent may be stored indefinitely.
7. The student may file an appeal of the School of Medicine and Public Health decision with the Graduate School. See the Grievances and Appeals section of the Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

Time Limits

Steps in the grievance procedures must be initiated and completed within the designated time periods except when modified by mutual consent. If

the student fails to initiate the next step in the grievance procedure within the designated time period, the grievance will be considered resolved by the decision at the last completed step.

OTHER

Students are funded by program dollars to do rotations during their first semester. After having settled on a lab, their research mentor will fund the student, either through his/her research grants, program-available TA-ships, or other fellowships.

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

1. Teach physiology, engaging audiences and helping them to learn.
2. Demonstrate a didactic knowledge of physiology.
3. Describe past science, propose future experiments, and defend their ideas to peers in a proposal format.
4. Understand that science and research is based on trust—trust between scientists and colleagues, trust between scientists and policy makers, trust between scientists and advisory boards, and trust between scientists and society.
5. Write for a proper audience, revising and responding to reviewers as appropriate.
6. Communicate their science verbally and do so in a clear manner for a variety of audiences.

PEOPLE

NUCLEAR ENGINEERING AND ENGINEERING PHYSICS, M.S.

A broad program of instruction and research is offered in the principles of the interaction of radiation with matter and their applications, and in several areas of engineering physics. The program has strong engineering and applied science components. It emphasizes several areas of activity, including the research, design, development, and deployment of fission reactors; fusion engineering; plasma physics; radiation damage to materials; applied superconductivity and cryogenics; and large-scale computing in engineering science.

The master's degree may be pursued as a terminal degree in the fission area and in various engineering physics areas, but it is not generally recommended as a final degree in fusion research; students interested in fusion should plan to pursue the Ph.D. degree. About 40 percent of the current graduate students hold undergraduate degrees in nuclear engineering, about 40 percent in physics, and about 20 percent in other disciplines such as mechanical engineering, electrical engineering, mathematics, and materials science.

The department is considered to have one of the top five nuclear engineering programs in the nation over the last 40 years. It incorporates several research organizations including the Wisconsin Institute of Nuclear Systems, the Pegasus Toroidal Experiment Program, the Fusion Technology Institute, and the Center for Plasma Theory and Computation.

Research may be performed in areas including next generation fission reactor engineering; fluid and heat transfer modeling for transient analysis; reactor monitoring and diagnostics; fuel cycle analysis; magnetic and inertial confinement fusion reactor engineering, including the physics of burning plasmas, plasma-wall interactions, neutron transport,

tritium breeding, radiation damage, and liquid-metal heat transfer; experimental and theoretical studies of plasmas including radio frequency heating, magnetic confinement, plasma instabilities, and plasma diagnostics; superconducting magnets and cryogenics; and theoretical and experimental studies of the damage to materials in fission and fusion reactors.

The department places considerable emphasis on establishing research teams or group research, as well as traditional research activity by individual faculty members and their students. The groups frequently involve faculty, scientific staff, and graduate students from several departments, adding a strong interdisciplinary flavor to the research.

Students sometimes perform thesis work at national laboratories such as Argonne National Laboratory, Idaho National Laboratory, Princeton Plasma Physics Laboratory, and Los Alamos National Laboratory.

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 15
Spring Deadline	September 1
Summer Deadline	December 15
GRE (Graduate Record Examinations)	Not required but may be considered if available.*
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements (https://grad.wisc.edu/apply/requirements/#english-proficiency).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

* GRE scores are optional. Applicants may submit GRE scores, but are not required to do so. Applications without scores are not placed at a disadvantage. However, received scores will be considered as part of our holistic evaluation of applications.

APPLICATION REQUIREMENTS and PROCESS

Degree: For admission to graduate study in Nuclear Engineering and Engineering Physics, an applicant must have a bachelor's degree in engineering, mathematics, or physical science, and an undergraduate record that indicates an ability to successfully pursue graduate study. International applicants must have a degree comparable to a regionally accredited U.S. bachelor's degree. All applicants must satisfy requirements that are set forth by the Graduate School (<https://grad.wisc.edu/apply/requirements/>).

It is highly recommended that students take courses that cover the same material as these UW-Madison courses before entering the program:

<u>Course and Semester Credits</u>	<u>Typical Courses</u>
Differential equations, 3 cr or MATH 320	MATH 319
Advanced mathematics, 3 cr	MATH 321
Nuclear physics, 3 cr	N E 305
Materials science, metallurgy, or solid-state physics, 3 cr M S & E 350 or M S & E 351	
Heat transfer or fluid mechanics, 3 cr	CBE 320
Mechanics, 3 cr or E M A 202	PHYSICS 311

Descriptions of course content can be accessed through The Guide (<https://guide.wisc.edu/courses/>). Students may enter without having taken these courses. However, in such cases the students must inform their advisors, who will help them plan courses of study that will provide adequate background for our department's graduate curriculum. Provisions for admission on probation, or as an applicant for more than one master's degree (e.g., simultaneous MS degrees in two departments) are given in the Graduate School website (<http://grad.wisc.edu/>).

GPA: The Graduate School requires a minimum undergraduate grade point average of 3.0 on a 4.0 basis on the equivalent of the last 60 semester hours from the most recent bachelor's degree. In special cases, students with grade point averages lower than 3.0 who meet all the general requirements of the Graduate School may be considered for admission on probation.

MS-thesis track advisor selection process: MS applicants who intend to complete a thesis are encouraged to identify potential faculty advisors and seek a confirmation. Please review the department Research (<https://engineering.wisc.edu/departments/nuclear-engineering-engineering-physics/research/>) and People (<https://directory.engr.wisc.edu/need/faculty/>) websites and contact those whose research interests align with yours. Only faculty members listed with the titles of Assistant Professor, Associate Professor, or Professor, can serve as graduate advisors. Do not contact Emeritus faculty, Lecturers, Research Scientists, or Faculty Associates. You are also encouraged to inquire about possible funding opportunities. If a faculty member agrees to be your advisor, ask the person to email an acknowledgment to neepgradadmission@engr.wisc.edu.

Each application must include the following:

- Graduate School Application (<https://grad.wisc.edu/apply/>)
- Academic transcripts
- Statement of purpose

- Resume/CV
- Three letters of recommendation
- GRE Scores (*optional - see below for additional information*)
- English Proficiency Score (*if required*)
- Application Fee

DEADLINES

To apply to the NEEP program, complete applications (<https://grad.wisc.edu/apply/>), including supportive materials, must be submitted as described below and received by the following deadline dates:

- Fall Semester—December 15
- Spring Semester—September 1
- Summer Session—December 15

ACADEMIC TRANSCRIPT

Within the online application, upload the undergraduate transcript(s) and, if applicable, the previous graduate transcript. Unofficial copies of transcripts will be accepted for review, but official copies are required for admitted students. Please do not send transcripts or any other application materials to the Graduate School or the Nuclear Engineering and Engineering Physics department unless requested. Please review the requirements set by the Graduate School (<https://grad.wisc.edu/apply/requirements/>) for additional information about degrees/transcripts.

STATEMENT OF PURPOSE

In this document, applicants should explain why they want to pursue further education in Nuclear Engineering and Engineering Physics and discuss which UW faculty members they would be interested in doing research with during their graduate study (see the Graduate School for more advice on how to structure a personal statement (<https://grad.wisc.edu/apply/prepare/>)).

RESUME

Upload your resume in your application.

THREE LETTERS OF RECOMMENDATIONS

These letters are required from people who can accurately judge the applicant's academic and/or research performance. It is highly recommended these letters be from faculty familiar with the applicant. Letters of recommendation are submitted electronically to graduate programs through the online application. See the Graduate School for FAQs (<https://grad.wisc.edu/apply/>) regarding letters of recommendation. Letters of recommendation are due by the deadline listed above.

GRE SCORES

GRE scores are optional. Applicants may submit GRE scores, but are not required to do so. Applications without scores are not placed at a disadvantage. However, received scores will be considered as part of our holistic evaluation of applications.

ENGLISH PROFICIENCY SCORE

Every applicant whose native language is not English, or whose undergraduate instruction was not in English, must provide an English proficiency test score. The UW-Madison Graduate School accepts TOEFL or IELTS scores. Your score will not be accepted if it is more than two years old from the start of your admission term. Country of citizenship does not

exempt applicants from this requirement. Language of instruction at the college or university level and how recent the language instruction was taken are the determining factors in meeting this requirement.

For more information regarding minimum score requirements and exemption policy, please see the Graduate School Requirements for Admission (<https://grad.wisc.edu/apply/requirements/>).

APPLICATION FEE

Application submission must be accompanied by the one-time application fee. It is non-refundable and can be paid by credit card (MasterCard or Visa) or debit/ATM. Additional information about the application fee may be found here (<https://grad.wisc.edu/apply/>) (scroll to the 'Frequently asked questions').

Fee grants are available through the conditions outlined here by the Graduate School (<https://grad.wisc.edu/apply/fee-grant/>).

QUESTIONS:

If you have questions, please contact neepgradadmission@engr.wisc.edu.

RE-ENTRY ADMISSIONS

If you were previously enrolled as a graduate student in the Nuclear Engineering and Engineering Physics program, have not earned your degree, but have had a break in enrollment for a minimum of a fall or spring term, you will need to re-apply to resume your studies. Please review the Graduate School requirements for previously enrolled students (<https://policy.wisc.edu/library/UW-1230/>). Your previous faculty advisor (or another NEEP faculty advisor) must be willing to supply advising support and should e-mail the NEEP Graduate Student Services Coordinator regarding next steps in the process.

If you were previously enrolled in a UW-Madison graduate degree, completed that degree, have had a break in enrollment since earning the degree and would now like to apply for another UW-Madison program; you are required to submit a new student application through the UW-Madison Graduate School online application. For NEEP graduate programs, you must follow the entire application process as described above.

CURRENTLY ENROLLED GRADUATE STUDENT ADMISSIONS

Students currently enrolled as a graduate student at UW-Madison, whether in NEEP or a non-NEEP graduate program, wishing to apply to this degree program should contact the NEEP Graduate Admissions Team (neepgradadmission@engr.wisc.edu) to inquire about the process and deadlines several months in advance of the anticipated enrollment term. Current students may apply to change or add programs for any term (fall, spring, or summer).

QUESTIONS:

If you have questions, please contact neepgradadmission@engr.wisc.edu.

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School.

Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Admission and funding are separate decisions. Not all admitted students are offered support. International applicants must secure a research assistantship, teaching assistantship, fellowship, or independent funding before admission is final. The funding for RAs comes from faculty research grants. Each professor decides on his or her own RA offers. Funded students are expected to maintain full time enrollment. See the program website (<https://engineering.wisc.edu/programs/degrees/nuclear-engineering-and-engineering-physics-ms/>) for additional information.

ADDITIONAL RESOURCES

INTERNATIONAL STUDENT SERVICES FUNDING AND SCHOLARSHIPS

For information on International Student Funding and Scholarships visit the ISS website (<https://iss.wisc.edu/students/new-students/funding-scholarships/>).

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW-Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail	
Minimum Credit Requirement	30 credits
Minimum Residence Credit Requirement	16 credits
Minimum Graduate Coursework Requirement	15 credits must be in graduate-level coursework from nuclear engineering, math, physics, chemistry, computer science, or any other engineering department except E P D. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy (https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/)).
Overall Graduate GPA Requirement	3.00 GPA required. This program follows the Graduate School's GPA Requirement policy (https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/)).
Other Grade Requirements	Courses in which grades of BC, C, or below are received cannot be counted toward the degree except as follows: 1) Credits of C will be allowed provided they are balanced by twice as many credits of A or by four times as many credits of AB, 2) Credits of BC will be allowed provided they are balanced by twice as many credits of AB or by an equal number of credits of A.
Assessments and Examinations	Students who do not complete a thesis must pass an oral exam that is administered by a three-member committee. Passing the PhD qualifying exam satisfies the MS oral exam requirement unless the student is submitting an MS thesis. Students who complete a thesis must defend it orally in front of a three-member committee, and at least two must be members of the UW-Madison Graduate Faculty.
Language Requirements	No language requirements.

REQUIRED COURSES

The following courses, or courses with similar material content, must be taken prior to or during the course of study: N E 427 Nuclear Instrumentation Laboratory; N E 428 Nuclear Reactor Laboratory or N E 526 Laboratory Course in Plasmas; N E 408 Ionizing Radiation or N E/ MED PHYS 569 Health Physics and Biological Effects.

Thesis pathway¹: maximum of 12 credits for thesis; at least 8 credits of N E courses numbered 400 or above; remaining credits (also numbered 400 or above) must be in appropriate technical areas²; at least 9 credits must be numbered 500 and above; up to 3 credits can be seminar credits.

Non-Thesis pathway¹: at least 15 credits of N E courses numbered 400 or above; remaining 15 credits (also numbered 400 or above) must be in appropriate technical areas²; at least 12 credits must be numbered 500 or above; up to 3 credits can be seminar credits.

For both the thesis and non-thesis options, only one course (maximum of 3 credits) of independent study (N E 699 Advanced Independent Study, N E 999 Advanced Independent Study) is allowed.

1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

Appropriate technical areas are: Engineering departments (except Engineering and Professional Development), Physics, Math, Statistics, Computer Science, Medical Physics, and Chemistry. Other courses may be deemed appropriate by a student's faculty advisor.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Work from Other Institutions

With advisor and NEEP Graduate Studies Committee approval, students may use up to 6 credits of relevant coursework from a prior graduate program. Please review the Graduate Program Handbook (see contact box) for information about use and restrictions to this policy.

UW–Madison Undergraduate

With faculty approval, students who have received their undergraduate degree from UW–Madison may apply up to 7 credits numbered 400 or above toward the minimum graduate degree credit requirement. This work would not be allowed to count toward the 50% graduate coursework minimum unless taken in courses numbered 700 or above. No credits can be counted toward the minimum graduate residence credit requirement. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

With faculty approval, students who have received an ABET-accredited undergraduate degree (not including UW–Madison) may be eligible to apply up to 7 credits of their undergraduate coursework toward the Minimum Graduate Degree Credit Requirement. No credits can be counted toward the Minimum Graduate Residence Credit Requirement, nor the Minimum Graduate Coursework (50%) Requirement. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

UW–Madison University Special

With program approval, students are allowed to count up to 15 credits of coursework numbered 400 or above taken as a UW–Madison Special student toward the minimum graduate residence credit requirement and the minimum graduate degree credit requirement. UW–Madison coursework taken as a University Special student would not be allowed to count toward the 50% graduate coursework minimum unless taken in courses numbered 700 or above. Coursework earned five or more years prior to admission to a master's is not allowed to satisfy requirements.

PROBATION

This program follows the Graduate School's Probation policy. (<https://policy.wisc.edu/library/UW-1217/>)

ADVISOR / COMMITTEE

Each student is required to meet with his or her advisor prior to registration every semester. This program follows the Graduate School's Advisor polic (<https://policy.wisc.edu/library/UW-1232/>)y.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

Candidates must pass an oral examination on completed coursework or on the thesis if the thesis option is chosen. Students have two attempts to pass this examination with at least one month elapsing between attempts. Candidates who have passed the PhD qualifying examination will be excused from the oral master's examination.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeeabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

NEEP Grievance Procedures

Students who feel that they have been treated unfairly have the right to a prompt hearing of their grievance. Such complaints may involve course grades, classroom treatment, advising, various forms of harassment, or other issues. Any student or potential student may use these procedures.

- The student should speak first with the person toward whom the grievance is directed. In most cases, grievances can be resolved at this level.
- Should a satisfactory resolution not be achieved, the student should contact the program's Grievance Advisor to discuss the grievance. The Graduate Student Coordinator can provide students with the name of this faculty member, who facilitates problem resolution through informal channels. The Grievance Advisor is responsible for facilitating any complaints or issues of students. The Grievance Advisor first attempts to help students informally address the grievance prior to any formal complaint. Students are also encouraged to talk with their faculty advisors regarding concerns or difficulties if necessary. University resources for sexual harassment concerns can be found on the UW Office of Compliance website (<https://compliance.wisc.edu/>).
- If the issue is not resolved to the student's satisfaction, the student can submit the grievance to the Grievance Advisor in writing, within 60 calendar days of the alleged unfair treatment.
- On receipt of a written complaint, a faculty committee will be convened by the Grievance Advisor to manage the grievance. The program faculty committee will obtain a written response from the person toward whom the complaint is directed. The response will be shared with the person filing the grievance.
- The faculty committee will determine a decision regarding the grievance. The Grievance Advisor will report on the action taken by the committee in writing to both the student and the party toward whom the complaint was directed within 15 working days from the date the complaint was received.
- At this point, if either party (the student or the person toward whom the grievance is directed) is unsatisfied with the decision of the faculty committee, the party may file a written appeal. Either party has 10 working days to file a written appeal to the College of Engineering.

The Assistant Dean for Graduate Affairs (enr-dean-graduateaffairs@engr.wisc.edu) provides overall leadership for graduate education in the College of Engineering (CoE) and is a point of contact for graduate students who have concerns about education, mentoring, research, or other difficulties.

The Graduate School has procedures for students wishing to appeal a grievance decision made at the college level. These policies are described in the Academic Policies and Procedures at <https://grad.wisc.edu/academic-policies/>.

OTHER

n/a

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

1. Demonstrate a strong understanding of mathematical, scientific, and engineering principles in the field.
2. Demonstrate an ability to formulate, analyze, and independently solve advanced engineering problems.
3. Apply the relevant scientific and technological advancements, techniques, and engineering tools to address these problems.
4. Recognize and apply principles of ethical and professional conduct.

See also Nuclear Engineering & Engineering Physics Faculty Directory (<https://directory.engr.wisc.edu/need/faculty/>).

NUCLEAR ENGINEERING AND ENGINEERING PHYSICS, PH.D.

A broad program of instruction and research is offered in the principles of the interaction of radiation with matter and their applications, and in several areas of engineering physics. The program has strong engineering and applied science components. It emphasizes several areas of activity, including the research, design, development, and deployment of fission reactors; fusion engineering; plasma physics; radiation damage to materials; applied superconductivity and cryogenics; and large-scale computing in engineering science.

The master's degree may be pursued as a terminal degree in the fission area and in various engineering physics areas, but it is not generally recommended as a final degree in fusion research; students interested in fusion should plan to pursue the Ph.D. degree. About 40 percent of the current graduate students hold undergraduate degrees in nuclear engineering, about 40 percent in physics, and about 20 percent in other disciplines such as mechanical engineering, electrical engineering, mathematics, and materials science.

The department is considered to have one of the top five nuclear engineering programs in the nation over the last 40 years. It incorporates several research organizations including the Wisconsin Institute of Nuclear Systems, the Pegasus Toroidal Experiment Program, the Fusion Technology Institute, and the Center for Plasma Theory and Computation.

Research may be performed in areas including next generation fission reactor engineering; fluid and heat transfer modeling for transient analysis; reactor monitoring and diagnostics; fuel cycle analysis; magnetic and inertial confinement fusion reactor engineering, including the physics of burning plasmas, plasma-wall interactions, neutron transport, tritium breeding, radiation damage, and liquid-metal heat transfer; experimental and theoretical studies of plasmas including radio frequency heating, magnetic confinement, plasma instabilities, and plasma diagnostics; superconducting magnets and cryogenics; and theoretical and experimental studies of the damage to materials in fission and fusion reactors.

The department places considerable emphasis on establishing research teams or group research, as well as traditional research activity by individual faculty members and their students. The groups frequently involve faculty, scientific staff, and graduate students from several departments, adding a strong interdisciplinary flavor to the research.

Students sometimes perform thesis work at national laboratories such as Argonne National Laboratory, Idaho National Laboratory, Princeton Plasma Physics Laboratory, and Los Alamos National Laboratory.

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 15
Spring Deadline	September 1
Summer Deadline	December 15
GRE (Graduate Record Examinations)	Not required but may be considered if available.*
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements (https://grad.wisc.edu/apply/requirements/#english-proficiency).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

*

GRE scores are optional. Applicants may submit GRE scores, but are not required to do so. Applications without scores are not placed at a disadvantage. However, received scores will be considered as part of our holistic evaluation of applications.

APPLICATION REQUIREMENTS and PROCESS

Degree: For admission to graduate study in Nuclear Engineering and Engineering Physics, an applicant must have a bachelor's degree in engineering, mathematics, or physical science, and an undergraduate record that indicates an ability to successfully pursue graduate study. International applicants must have a degree comparable to a regionally accredited U.S. bachelor's degree. All applicants must satisfy requirements that are set forth by the Graduate School (<https://grad.wisc.edu/apply/requirements/>).

It is highly recommended that students take courses that cover the same material as these UW-Madison courses before entering the program:

<u>Course and Semester Credits</u>	<u>Typical Courses</u>
Differential equations, 3 cr or MATH 320	MATH 319
Advanced mathematics, 3 cr	MATH 321
Nuclear physics, 3 cr	N E 305
Materials science, metallurgy, or solid-state physics, 3 cr M S & E 350 or M S & E 351	
Heat transfer or fluid mechanics, 3 cr	CBE 320
Mechanics, 3 cr or E M A 202	PHYSICS 311

Descriptions of course content can be accessed through The Guide (<https://guide.wisc.edu/courses/>). Students may enter without having taken these courses. However, in such cases the students must inform their advisors, who will help them plan courses of study that will provide adequate background for our department's graduate curriculum. Provisions for admission on probation, or as an applicant for more than one master's degree (e.g., simultaneous MS degrees in two departments) are given in the Graduate School website (<http://grad.wisc.edu/>).

GPA: The Graduate School requires a minimum undergraduate grade point average of 3.0 on a 4.0 basis on the equivalent of the last 60 semester hours from the most recent bachelor's degree. In special cases, students with grade point averages lower than 3.0 who meet all the general requirements of the Graduate School may be considered for admission on probation.

GRE: GRE scores are optional. Applicants may submit GRE scores, but are not required to do so. Applications without scores are not placed at a disadvantage. However, received scores will be considered as part of our holistic evaluation of applications.

PhD advisor selection process: PhD applicants are encouraged to identify potential faculty advisors and seek a confirmation. Please review the department Research (<https://engineering.wisc.edu/departments/nuclear-engineering-engineering-physics/research/>) and People (<https://directory.engr.wisc.edu/need/faculty/>) websites and contact those whose

research interests align with yours. Only faculty members listed with the titles of Assistant Professor, Associate Professor, or Professor, can serve as graduate advisors. Do not contact Emeritus faculty, Lecturers, Research Scientists, or Faculty Associates. You are also encouraged to inquire about possible funding opportunities. If a faculty member agrees to be your advisor, ask the person to email an acknowledgment to neepgradadmission@engr.wisc.edu.

Each application must include the following:

- Graduate School Application (<https://grad.wisc.edu/apply/>)
- Academic transcripts
- Statement of purpose
- Resume/CV
- Three letters of recommendation
- GRE Scores (*optional - see below for additional information*)
- English Proficiency Score (*if required*)
- Application Fee

DEADLINES

To apply to the NEEP program, complete applications (<https://grad.wisc.edu/apply/>), including supportive materials, must be submitted as described below and received by the following deadline dates:

- Fall Semester—December 15
- Spring Semester—September 1
- Summer Session—December 15

ACADEMIC TRANSCRIPT

Within the online application, upload the undergraduate transcript(s) and, if applicable, the previous graduate transcript. Unofficial copies of transcripts will be accepted for review, but official copies are required for admitted students. Please do not send transcripts or any other application materials to the Graduate School or the Nuclear Engineering and Engineering Physics department unless requested. Please review the requirements set by the Graduate School (<https://grad.wisc.edu/apply/requirements/>) for additional information about degrees/transcripts.

STATEMENT OF PURPOSE

In this document, applicants should explain why they want to pursue further education in Nuclear Engineering and Engineering Physics and discuss which UW faculty members they would be interested in doing research with during their graduate study (see the Graduate School for more advice on how to structure a personal statement (<https://grad.wisc.edu/apply/prepare/>)).

RESUME

Upload your resume in your application.

THREE LETTERS OF RECOMMENDATION

These letters are required from people who can accurately judge the applicant's academic and/or research performance. It is highly recommended these letters be from faculty familiar with the applicant. Letters of recommendation are submitted electronically to graduate programs through the online application. See the Graduate School for FAQs (<https://grad.wisc.edu/apply/>) regarding letters of recommendation. Letters of recommendation are due by the deadline listed above.

GRE SCORES

GRE scores are optional. Applicants may submit GRE scores, but are not required to do so. Applications without scores are not placed at a disadvantage. However, received scores will be considered as part of our holistic evaluation of applications.

ENGLISH PROFICIENCY SCORE

Every applicant whose native language is not English, or whose undergraduate instruction was not in English, must provide an English proficiency test score. The UW-Madison Graduate School accepts TOEFL or IELTS scores. Your score will not be accepted if it is more than two years old from the start of your admission term. Country of citizenship does not exempt applicants from this requirement. Language of instruction at the college or university level and how recent the language instruction was taken are the determining factors in meeting this requirement.

For more information regarding minimum score requirements and exemption policy, please see the Graduate School Requirements for Admission (<https://grad.wisc.edu/apply/requirements/>).

APPLICATION FEE

Application submission must be accompanied by the one-time application fee. It is non-refundable and can be paid by credit card (MasterCard or Visa) or debit/ATM. Additional information about the application fee may be found here (<https://grad.wisc.edu/apply/>) (scroll to the 'Frequently asked questions').

Fee grants are available through the conditions outlined here by the Graduate School (<https://grad.wisc.edu/apply/fee-grant/>).

QUESTIONS:

If you have questions, please contact neepgradadmission@engr.wisc.edu.

RE-ENTRY ADMISSIONS

If you were previously enrolled as a graduate student in the Nuclear Engineering and Engineering Physics program, have not earned your degree, but have had a break in enrollment for a minimum of a fall or spring term, you will need to re-apply to resume your studies. Please review the Graduate School requirements for previously enrolled students (<https://policy.wisc.edu/library/UW-1230/>). Your previous faculty advisor (or another NEEP faculty advisor) must be willing to supply advising support and should e-mail the NEEP Graduate Student Services Coordinator regarding next steps in the process.

If you were previously enrolled in a UW-Madison graduate degree, completed that degree, have had a break in enrollment since earning the degree and would now like to apply for another UW-Madison program; you are required to submit a new student application through the UW-Madison Graduate School online application. For NEEP graduate programs, you must follow the entire application process as described above.

CURRENTLY ENROLLED GRADUATE STUDENT ADMISSIONS

Students currently enrolled as a graduate student at UW-Madison, whether in NEEP or a non-NEEP graduate program, wishing to apply to this degree program should contact the NEEP Graduate Admissions Team (neepgradadmission@engr.wisc.edu) to inquire about the process and deadlines several months in advance of the anticipated enrollment term.

Current students may apply to change or add programs for any term (fall, spring, or summer).

QUESTIONS:

If you have questions, please contact neegradadmission@engr.wisc.edu.

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Offers of financial support from the Department, College, and University are in the form of research assistantships (RAs), teaching assistantships (TAs), project assistantships (PAs), and partial or full fellowships. Prospective PhD students that receive such offers will have a minimum five-year guarantee of support. The funding for RAs comes from faculty research grants. Each professor decides on his or her own RA offers. International applicants must secure an RA, TA, PA, fellowship, or independent funding before admission is final. Funded students are expected to maintain full-time enrollment. See the program website (<https://engineering.wisc.edu/programs/degrees/nuclear-engineering-and-engineering-physics-phd/>) for additional information.

ADDITIONAL RESOURCES

INTERNATIONAL STUDENT SERVICES FUNDING AND SCHOLARSHIPS

For information on International Student Funding and Scholarships visit the ISS website (<https://iss.wisc.edu/students/new-students/funding-scholarships/>).

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW-Madison campus only in evenings and/or on weekends to accommodate typical business

schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail	
Minimum Credit Requirement	51 credits approved by the student's faculty advisor
Minimum Residence Credit Requirement	32 credits
Minimum Graduate Coursework Requirement	26 credits must be in graduate-level coursework from nuclear engineering, math, physics, chemistry, computer science, or any other engineering department except E P D; Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy (https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/)).
Overall Graduate GPA Requirement	3.00 GPA required. This program follows the Graduate School's policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	Courses in which grades of BC, C, or below are received cannot be counted toward the degree except as follows: 1) Credits of C will be allowed provided they are balanced by twice as many credits of A or by four times as many credits of AB, 2) Credits of BC will be allowed provided they are balanced by twice as many credits of AB or by an equal number of credits of A.
Assessments and Examinations	Ph.D. qualifying examination is required of all students. After acceptance of the student's doctoral plan of study, the student must take an oral preliminary examination. Final oral examination is required at the end of the thesis work.
Language Requirements	No language requirements.

Graduate School Breadth Requirements	<p>1. All doctoral students are required to complete a doctoral minor or graduate/professional certificate. In consultation with, and approval by, the graduate faculty advisor/department, students should select one of the following options if they choose the minor:</p> <ul style="list-style-type: none"> • Option A (External Minor): Fulfillment of this minor requires approval of the doctoral minor program. This minor must be outside of the student's doctoral major program. • Option B (Distributed Minor): Fulfillment of this minor requires a minimum of 9 credits, total, from two or more departments outside the major in courses selected for their relevance to a particular area of concentration. No course below the 400 level may be used to satisfy this requirement. <p>2. All doctoral students are also required to complete a graduate faculty advisor/department approved non-technical minor. Please see the NEEP Graduate Handbook for information regarding the four options to complete the non-technical minor.</p>
--------------------------------------	---

REQUIRED COURSES

Students must fulfill the coursework requirements for the nuclear engineering and engineering physics M.S. (<http://guide.wisc.edu/graduate/engineering-physics/nuclear-engineering-engineering-physics-ms/>) degree whether receiving the M.S. degree or going directly to the PhD. They must complete an additional 9 credits of technical coursework at the graduate level, beyond the coursework requirement for the MS. Candidates must take three courses numbered 700 or above; must satisfy the Ph.D. technical minor requirement; and must satisfy the PhD non-technical minor requirement.

The candidate is also required to complete, as a graduate student, one course numbered 400 or above in each of the following Areas: fission reactors; plasma physics and fusion; materials; engineering mathematics and computation (see Area Coursework Examples below).

M.S. Coursework Requirements

The following courses, or courses with similar material content, must be taken prior to or during the course of study: N E 427 Nuclear Instrumentation Laboratory; N E 428 Nuclear Reactor Laboratory or N E 526 Laboratory Course in Plasmas; N E 408 Ionizing Radiation or N E/ MED PHYS 569 Health Physics and Biological Effects.

Thesis pathway¹: maximum of 12 credits for thesis; at least 8 credits of N E courses numbered 400 or above; remaining credits (also numbered 400 or above) must be in appropriate technical areas²; at least 9 credits must be numbered 500 and above; up to 3 credits can be seminar credits.

Non-Thesis pathway¹: at least 15 credits of N E courses numbered 400 or above; remaining 15 credits (also numbered 400 or above) must be in appropriate technical areas²; at least 12 credits must be at numbered 500 or above; up to 3 credits can be seminar credits.

For both the thesis and non-thesis options, only one course (maximum of 3 credits) of independent study (N E 699 Advanced Independent Study, N E 999 Advanced Independent Study) is allowed.

1

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

2

Appropriate technical areas are: Engineering departments (except Engineering and Professional Development), Physics, Math, Statistics, Computer Science, Medical Physics, and Chemistry. Other courses may be deemed appropriate by a student's faculty advisor.

Area Coursework Examples

These courses are examples that would meet the requirement and are not meant to be a restricted list of possible courses. The candidate is required to complete one course in each of the following areas:

Code	Title	Credits
Fission Reactors		
N E 405	Nuclear Reactor Theory	3
N E 408	Ionizing Radiation	3
N E 411	Nuclear Reactor Engineering	3
N E/MED PHYS 506	Monte Carlo Radiation Transport	3
N E/M E 520	Two-Phase Flow and Heat Transfer	3
N E 550	Advanced Nuclear Power Engineering	3
N E 555	Nuclear Reactor Dynamics	3
N E/M E 565	Power Plant Technology	3
N E/I SY E 574	Methods for Probabilistic Risk Analysis of Nuclear Power Plants	3
Plasma Physics & Fusion		
N E/E C E/ PHYSICS 525	Introduction to Plasmas	3
N E/E C E/ PHYSICS 527	Plasma Confinement and Heating	3
N E/E C E 528	Plasma Processing and Technology	3
N E 536	Feasibility St of Power from Controlled Thermonuclear Fusion	3
Materials		
N E/M S & E 423	Nuclear Engineering Materials	3
N E 541	Radiation Damage in Metals	3
PHYSICS 551	Solid State Physics	3
Engineering Mathematics & Computation		
E P/E M A 547	Engineering Analysis I	3
E P/E M A 548	Engineering Analysis II	3
COMP SCI/ MATH 513	Numerical Linear Algebra	3
COMP SCI/ MATH 514	Numerical Analysis	3
MATH 703	Methods of Applied Mathematics 1	3

Non-Technical Minor Requirements

Ph.D. candidates must complete one of the following four study options prior to receiving dissertator status. As this is a formal Department requirement, the student should select a Non-Technical Minor early in the program, and must complete it to achieve dissertator status (see below). The Non-Technical Minor must be planned with the help of the candidate's advisor and must be approved by the Department NonTechnical Minor

Advisor except for Study Option IV which must be approved by the Department faculty. A Non-Technical Minor Approval Form is available from the Graduate Student Coordinator, and must be filed prior to submission of the doctoral plan form. Courses numbered below 400 may be used as a part of the Non-Technical Minor.

Study Option I: Technology–Society Interaction Coursework. This option is intended to increase the student's awareness of the possible effects of technology on society and of the professional responsibilities of engineers and scientists in understanding such side effects. These effects could, for example, involve the influence of engineering on advancement of human welfare, on the distribution of wealth in society, or on environmental and ecological systems.

Suggested courses for fulfilling Option I include:

Code	Title	Credits
CIV ENGR 320	Environmental Engineering	3
CIV ENGR 423	Air Pollution Effects, Measurement and Control	3
ECON/A A E 474	Economic Problems of Developing Areas	3
GEOG/ URB R PL 305	Introduction to the City	3-4
GEOG/ URB R PL 505	Urban Spatial Patterns and Theories	3
HIST SCI/MED HIST/ RELIG ST 331	Science, Medicine and Religion	3

Study Option II: Humanistic Society Studies Coursework. The basic objectives of this option are to help prepare the student to bridge the gap between C.P. Snow's "Two Cultures." Snow's 1959 lecture thesis was that the breakdown of communication between the "two cultures" of modern society - the sciences and the humanities - was a major hindrance to solving the world's problems. Study might be designed to give a greater appreciation of the arts such as the classics, music, or painting, or it might be designed, for example, as preparation for translating technical information to the non-technical public.

Suggested areas of study to fulfill Option II include Anthropology, Area Studies, Art, Art History, Classics, Comparative Literature, Contemporary Trends, English (literature), Foreign Languages (literature), Social Work, Sociology, and Speech. Under either Option I or II, the student must take 6 credits of coursework. The courses must be approved by the student's advisor and the non-technical minor advisor, and the 6 credits should be concentrated in one topical area. Grades in these courses need not meet the Departmental Grade Policy. However, note that all grades in courses numbered 300 or above courses (including grades for Non-Technical Minor courses) are calculated in the Graduate School minimum 3.0 graduation requirement.

Study Option III: Foreign Culture Coursework. This option is intended for the student who desires to live and work in a foreign nation or work with people of a foreign culture. Examples include studies of the history of a foreign nation, of the political stability of a region of the world, of the culture of a particular group within a nation, or of the spoken language of a foreign nation. For Option III the student must take six credits of courses under all of the same conditions and requirements as for Option I and II unless choosing language study. For the latter case, the student must attain a grade of C or better in all courses. If the student has previous

knowledge of a language, it is required that either courses beyond the introductory level will be elected or that another language will be elected.

Study Option IV: Technology–Society Interactions Experience. There are many possible technology–society interactions that might be more educational and meaningful for the student as an actual experience than coursework. For example, the student might run for and be elected to a position of alderperson in the city government. Consequently, this option allows the student to pursue a particular aspect of the interaction using his own time and resources.

Study Option IV activity must be planned with the student's advisor and be approved by the faculty. The effort required should be equivalent to 6 credits of coursework. Upon completion of this program, the student will prepare a written or oral report.

Note: Students from countries in which English is not the native language have inherently fulfilled these non-technical study goals and are exempt from these formal requirements.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Work from Other Institutions

With advisor and NEEP Graduate Studies Committee approval, students may use up to 15 credits of prior graduate coursework that led to a relevant MS degree. Alternatively, with advisor and NEEP Graduate Studies Committee approval, students may use up to 6 credits of relevant coursework from a prior graduate program. Please review the Graduate Program Handbook (see contact box) for information about use and restrictions to this policy.

UW–Madison Undergraduate

With faculty approval, students who have received their undergraduate degree from UW–Madison may apply up to 7 credits numbered 400 or above toward the minimum graduate degree credit requirement. This work would not be allowed to count toward the 50% graduate coursework minimum unless taken in courses numbered 700 or above. No credits can be counted toward the minimum graduate residence credit requirement. Coursework earned ten years or more prior to admission to a doctoral degree is not allowed to satisfy requirements.

With faculty approval, students who have received an ABET–accredited undergraduate degree (not including UW–Madison) may be eligible to apply up to 7 credits of their undergraduate coursework toward the Minimum Graduate Degree Credit Requirement. No credits can be counted toward the Minimum Graduate Residence Credit Requirement, nor the Minimum Graduate Coursework (50%) Requirement.

Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

UW–Madison University Special

With program approval, students are allowed to count up to 15 credits of coursework numbered 400 or above taken as a UW–Madison special student toward the minimum graduate residence credit requirement, and the minimum graduate degree credit requirement. UW–Madison coursework taken as a University Special student would not be allowed to count toward the 50% graduate coursework minimum unless taken in courses numbered 700 or above. Coursework earned ten years or more prior to admission to a doctoral degree is not allowed to satisfy requirements.

PROBATION

This program follows the Graduate School's Probation policy. (<https://policy.wisc.edu/library/UW-1217/>)

ADVISOR / COMMITTEE

Each student is required to meet with his or her advisor prior to registration every semester.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

The Ph.D. qualifying examination should be first taken no later than completion of the M.S. requirements, or the beginning of the fifth semester of graduate study, whichever comes first. Students entering the program with a master's degree in E M A, E P or N E from another institution, and taking the qualifying exam in that same major, must take the exam by the beginning of their third semester.

Students must submit the doctoral plan of study one month before the end of the semester following the one in which the qualifying exam is passed.

Candidates are expected to pass the Ph.D. preliminary examination no later than the end of the third year of graduate study, or by the end of the second regular semester following the one in which the Ph.D. qualifying examination was passed, whichever is later. A candidate who fails to take the preliminary examination within four years of passing the qualifying examination must retake the qualifying examination.

An oral examination on the findings of the Ph.D. research is required at the end of the thesis work. The candidate must apply for a warrant from the Graduate School through the student services office at least three weeks before the exam. The final oral examination must be taken within five years of passing the preliminary examination.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and

conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)

- Employee Disability Resource Office (<https://employeeabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

NEEP Grievance Procedures

Students who feel that they have been treated unfairly have the right to a prompt hearing of their grievance. Such complaints may involve course grades, classroom treatment, advising, various forms of harassment, or other issues. Any student or potential student may use these procedures.

- The student should speak first with the person toward whom the grievance is directed. In most cases, grievances can be resolved at this level.
- Should a satisfactory resolution not be achieved, the student should contact the program's Grievance Advisor to discuss the grievance. The Graduate Student Coordinator can provide students with the name of this faculty member, who facilitates problem resolution through informal channels. The Grievance Advisor is responsible for facilitating any complaints or issues of students. The Grievance Advisor first attempts to help students informally address the grievance prior to any formal complaint. Students are also encouraged to talk with their faculty advisors regarding concerns or difficulties if necessary. University resources for sexual harassment concerns can be found on the UW Office of Equity and Diversity website.
- If the issue is not resolved to the student's satisfaction, the student can submit the grievance to the Grievance Advisor in writing, within 60 calendar days of the alleged unfair treatment.
- On receipt of a written complaint, a faculty committee will be convened by the Grievance Advisor to manage the grievance. The program faculty committee will obtain a written response from the person toward whom the complaint is directed. The response will be shared with the person filing the grievance.
- The faculty committee will determine a decision regarding the grievance. The Grievance Advisor will report on the action taken by the committee in writing to both the student and the party toward whom the complaint was directed within 15 working days from the date the complaint was received.
- At this point, if either party (the student or the person toward whom the grievance is directed) is unsatisfied with the decision of the faculty committee, the party may file a written appeal. Either party has 10 working days to file a written appeal to the College of Engineering.

The Assistant Dean for Graduate Affairs (enr-dean-graduateaffairs@enr.wisc.edu) provides overall leadership for graduate education in the College of Engineering (CoE) and is a point of contact for graduate students who have concerns about education, mentoring, research, or other difficulties.

The Graduate School has procedures for students wishing to appeal a grievance decision made at the college level. These policies are described in the Academic Policies and Procedures at <https://grad.wisc.edu/academic-policies/>.

OTHER

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

1. Demonstrate an extraordinary, deep understanding of mathematical, scientific, and engineering principles in the field
2. Demonstrate an ability to formulate, analyze, and independently solve advanced engineering problems
3. Apply the relevant scientific and technological advancements, techniques, and engineering tools to address these problems
4. Recognize and apply principles of ethical and professional conduct
5. Demonstrate an ability to synthesize knowledge from a subset of the biological, physical, and/or social sciences to help frame problems critical to the future of their discipline
6. Demonstrate an ability to conduct original research and communicate it to their peers

NUCLEAR ENGINEERING, DOCTORAL MINOR

ADMISSIONS

Students interested in earning the Nuclear Engineering Doctoral minor should contact the NEEP Graduate Coordinator (neepgradadmission@enr.wisc.edu) to learn the requirements, process, and complete the required paperwork.

Also, all Graduate School students must utilize the Graduate Student Portal in MyUW to add, change, or discontinue any doctoral minor or graduate/professional certificate. To apply to this minor, log in to MyUW (<https://my.wisc.edu>), click on Graduate Student Portal, and then click on Add/Change Programs. Select the information for the doctoral minor for which you are applying.

REQUIREMENTS

1. A minimum of four N E courses (http://guide.wisc.edu/courses/n_e/), 400 level or above, are required for the minor. These are decided in consultation with the student's advisor.
 - a. All courses used for the minor must be numbered 400 or above and taken after the bachelor's degree.
 - b. Ordinarily only one course (maximum of 3 credits) of independent study is allowed (N E 699 Advanced Independent Study, N E 999 Advanced Independent Study).
 - c. Research and thesis courses may not be used for this minor.
 - d. No more than 5 credits completed five or more years prior to admission to the doctoral major may be used.
 - e. Courses taken 10 or more years ago may not be used.
 - f. Courses taken pass/fail or for audit may not be used.
 - g. Courses with grades of S given in courses graded on a credit/no credit basis are acceptable.
2. A GPA of 3.0 must be maintained for the minor.
3. A maximum of 6 credits may be transferred from other institutions to satisfy the minor requirements.
4. The minor program must be approved by the chair of the Nuclear Engineering and Engineering Physics Graduate Studies Committee. The approval form is available from the NEEP Department's College of Engineering Intranet site (NetID required) here (<https://docs.google.com/document/u/1/d/e/2PACX-1vRMi-zHWwv19rf6wMx2E5Nzdn1Awf0ZHG6pK-QXTSRfsD-13kYuBbCOMZbiWt9vcLejeTxBQQHEjZVs/pub/>) or please contact Graduate Student Services (neepgradadmission@enr.wisc.edu).
5. A student who has earned an M.S. degree in nuclear engineering and engineering physics (and is currently in a different doctoral program) will be considered to have fulfilled the minor requirements.

NURSING - SCHOOL-WIDE

DEGREES/MAJORS, DOCTORAL MINORS, GRADUATE/PROFESSIONAL CERTIFICATES

- Nurse Educator, Graduate/Professional Certificate (p. 1465)
- Nursing Practice, DNP (p. 1466)
- Nursing, Doctoral Minor (p. 1516)
- Nursing, M.S. (p. 1516)
- Nursing, Ph.D. (p. 1521)

NURSE EDUCATOR, GRADUATE/PROFESSIONAL CERTIFICATE

Those who complete the certificate are recognized for their specialized skills, knowledge, and abilities in the nurse educator role. The certification of nurse educators provides a means for faculty members to demonstrate their expertise in the science of nursing education. Obtaining the certificate signifies a commitment to professional development and to continuously improve the methods of teaching needed in the field of nursing.

Student who complete the certificate are eligible to sit for the National League for Nursing (NLN) Certified Nurse Educator Examination. NLN recognizes the nurse educator role as a specialty area of practice.

This program offers two pathways:

1. Nurse Educator Certificate Program for students currently enrolled in a nursing doctoral program (DNP (p. 1466) or Ph.D. (p. 1521))
2. Nurse Educator Capstone Certificate (<http://guide.wisc.edu/nondegree/capstone/nurse-educator-capstone-certificate/>) Program for master's- or doctoral-prepared nurses who are not currently enrolled in a nursing doctoral program

ADMISSIONS

ADMISSION TIMELINE

Students are admitted to the certificate to begin in the spring session only. The important dates are:

- Application Opens: Early September
- Application Deadline: November 1. All materials (including transcripts) must be received by the deadline.
- Review of Applications: November
- Notification of Decision: Early December

APPLICATION PROCESS

If you are in a doctoral program at the University of Wisconsin-Madison, communicate your interest in the certificate to your program director or graduate academic services coordinator and use the online declaration form (https://uwmadison.co1.qualtrics.com/jfe/form/SV_8Cf256ta2KosZ5H/). If you are not currently enrolled in a doctoral program at the University of Wisconsin-Madison, the same curricula is also offered as a capstone certificate for special students. More information can be found here (<http://guide.wisc.edu/nondegree/capstone/nurse-educator-capstone-certificate/>).

Submit All Materials To:

NECP Coordinator/Graduate Admissions
UW-Madison School of Nursing
Suite 1100 Cooper Hall
701 Highland Avenue
Madison WI 53705

REQUIREMENTS

To be eligible to complete the Nurse Educator Certificate, students must have:

1. A master's degree from an accredited nursing program or be currently enrolled in a DNP or Ph.D. in nursing program,
2. An RN license,
3. An M.S. GPA of at least 3.0

The certificate is a 9-credit program of study that includes graduate-level foundational and practicum work. The three required courses cover the foundation of teaching/learning and curriculum in nursing education, with an emphasis on evidence-based teaching. Courses are delivered in a blended learning format—coursework is completed primarily online, with regularly scheduled class sessions on campus.

The program can be completed in one year, January–December, during a spring, summer and fall terms.

The curriculum and requirements for the Nurse Educator Certificate Program are prescribed; few exceptions or course substitutions permitted. Exceptions must be approved by the certificate program director.

The three courses are:

Code	Title	Credits
NURSING 785	Foundations of Curriculum Development and Evaluation in Nursing Education	3
NURSING 786	Foundations of Teaching and Learning in Nursing	3
NURSING 787	Nursing Education Practicum	3

LEARNING OUTCOMES

1. Implement and modify a variety of teaching strategies based on educational theory and student needs. Use informational technologies to support the teaching process.
2. Practice effective communications skills, reflective thinking, create opportunities for learners within the learning environment.
3. Model enthusiasm, personal attributes that facilitate learning, respond to unexpected events, develop collegial working relationships within clinical agencies, use knowledge of evidence based practice and evidence based teaching, and foster a safe learning environment.
4. Identify individual learning needs, provide resources, advise learners, create learning environments, and foster the development of learners in the cognitive, psychomotor, and affective domains.
5. Provide input to the development and enforcement of nursing program standards. Incorporate current research in assessment and evaluation strategies, analyze available resources, create and use assessment instruments to evaluate outcomes.
6. Implement evaluation strategies that are appropriate to the learner and learning outcome, analyze data, and use data to enhance the teaching/learning process.
7. Advise learners regarding assessment and evaluation criteria and provide timely, constructive and thoughtful feedback to learners.
8. Demonstrate knowledge of curriculum development, actively participate and lead curriculum and course design.
9. Analyze and revise curriculum based on program evaluation, implement curricular revisions using change theories and strategies, collaborate with community and clinical partners. Design, implement and evaluate program assessment plans.
10. Promote one's socialization to the educator role; maintain professional memberships and activity in professional organizations.
11. Demonstrate lifelong learning, participate in professional development, manage the teaching, scholarship and service demands. Use feedback from self, peers, learner and administration.
12. Practice according to legal and ethical standards, mentor and support faculty colleagues, and engage in self-reflection to improve teaching practices.

NURSING PRACTICE, DNP

The School of Nursing Doctor of Nursing Practice (DNP) program prepares nurses for leadership roles as advanced practice nurses (clinical nurse specialists or nurse practitioners) who provide direct care and lead practice development and evaluation. Students in the DNP program

choose from three population foci: adult/gerontology (acute care or primary care), pediatrics, or psychiatric mental health. Those interested in dual preparation as an advanced practice nurse and nurse educator may add a nursing education focus.

The program is available for nurses with a baccalaureate degree in nursing (post-B.S. option) and nurses with a master's degree in nursing practice (post-M.S. option). Students admitted to either option follow the course sequence designated in the program plan and progress as a group.

The program of study features a combination of formal course work, clinical practice, and scholarly inquiry. Most coursework is delivered in a hybrid format, utilizing both required in-person class sessions and distance learning technologies.

ADMISSIONS

Students apply to the Doctor of Nursing Practice through one of the named options:

- Adult/Gerontology Acute Care Nurse Practitioner (p. 1469)
- Population Health Nursing (p. 1498)
- Adult/Gerontology Clinical Nurse Specialist (p. 1476)
- Adult/Gerontology Primary Care Nurse Practitioner (p. 1483)
- Pediatric Primary Care Nurse Practitioner (p. 1490)
- Psychiatric Mental Health Nurse Practitioner (p. 1503)
- Systems Leadership and Innovation (p. 1510)

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Select a named option page for specific information about funding:

- Adult/Gerontology Acute Care Nurse Practitioner (p. 1469)
- Population Health Nursing (p. 1498)
- Adult/Gerontology Clinical Nurse Specialist (p. 1476)
- Adult/Gerontology Primary Care Nurse Practitioner (p. 1483)
- Pediatric Primary Care Nurse Practitioner (p. 1490)
- Psychiatric Mental Health Nurse Practitioner (p. 1503)
- Systems Leadership and Innovation (p. 1510)

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS CURRICULAR REQUIREMENTS

Requirement Detail

Minimum Credit Requirement	See Named Options for policy information.
Minimum Residence Credit Requirement	32 credits
Minimum Graduate Coursework Requirement	Half of degree coursework must be completed graduate-level coursework; courses with the Graduate Level Coursework attribute are identified and searchable in the university's Course Guide (http://my.wisc.edu/CourseGuideRedirect/BrowseByTitle (http://my.wisc.edu/CourseGuideRedirect/BrowseByTitle/)).
Overall Graduate GPA Requirement	3.00 GPA required.
Other Grade Requirements	A student may not receive more than one grade below a B (or a U grade) in any 12 month period.
Assessments and Examinations	No examinations are required.
Language Requirements	No language requirements.
Doctoral Minor/Breadth Requirements	DNP students are not required to complete a doctoral minor.

REQUIRED COURSES

Select a Named Option (p. 1467) for required courses.

NAMED OPTIONS

A named option is a formally documented sub-major within an academic major program. Named options appear on the transcript with degree conferral. Students pursuing the Doctor of Nursing Practice must select one of the named options:

View as listView as grid

- NURSING PRACTICE: ADULT/GERONTOLOGY ACUTE CARE NURSE PRACTITIONER, DNP (P. 1469)
- NURSING PRACTICE: ADULT/GERONTOLOGY CLINICAL NURSE SPECIALIST, DNP (P. 1476)
- NURSING PRACTICE: ADULT/GERONTOLOGY PRIMARY CARE NURSE PRACTITIONER, DNP (P. 1483)
- NURSING PRACTICE: PEDIATRIC PRIMARY CARE NURSE PRACTITIONER (P. 1490)
- NURSING PRACTICE: POPULATION HEALTH NURSING, DNP (P. 1498)
- NURSING PRACTICE: PSYCHIATRIC MENTAL HEALTH NURSE PRACTITIONER, DNP (P. 1503)
- NURSING PRACTICE: SYSTEMS LEADERSHIP AND INNOVATION, DNP (P. 1510)

POLICIES

Students should refer to one of the named options for policy information:

- Adult/Gerontology Acute Care Nurse Practitioner (p. 1469)
- Population Health Nursing (p. 1498)
- Adult/Gerontology Clinical Nurse Specialist (p. 1476)
- Adult/Gerontology Primary Care Nurse Practitioner (p. 1483)
- Pediatric Primary Care Nurse Practitioner (p. 1490)
- Psychiatric Mental Health Nurse Practitioner (p. 1503)
- Systems Leadership and Innovation (p. 1510)

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

PROGRAM RESOURCES

Career advising, funding, and professional development opportunities are shared with all students by a member of the School of Nursing Academic Affairs staff. Information on these support services can be found on the Student Site (<https://students.nursing.wisc.edu/career-advising/career/>).

LEARNING OUTCOMES

1. Integrate nursing science and theory with evidence, ethics, professional obligations, and knowledge from other disciplines as the basis for specialty-focused advanced nursing practice. (Essential 1)
2. Demonstrate advanced levels of clinical judgment, systems thinking, leadership, and accountability in designing, delivering, and evaluating evidence-based care to improve individual and population health outcomes (Essentials 2 and 8)

3. Evaluate evidence to determine & implement best practice (Essential 3)
4. Develop, implement, and evaluate new practice approaches based on nursing science and theory, as well as knowledge from other disciplines. (Essential 3)
5. Function as a practice specialist in clinical scholarship, quality improvement, and collaborative knowledge-generating research. (Essential 3)
6. Use information systems technology to monitor health, identify needs, and evaluate outcomes of care and system improvements. (Essential 4)
7. Translate knowledge into practice and policy to protect and improve health and health systems. (Essential 5)
8. Partner with intraprofessional and interprofessional teams to contribute nursing perspective and lead change in health outcomes and complex systems of care. (Essential 6)
9. Critically evaluate how social determinants of health, cultural background and environment impact health outcomes. (Essential 7)
10. Develop, implement, and evaluate programs and advanced practice interventions to improve health, access patterns, and gaps in care of individuals, aggregates, or populations. (Essential 8)

ACCREDITATION

Commission on Collegiate Nursing Education (<http://www.aacnnursing.org/CCNE/>)

Accreditation status: Accredited. Next accreditation review: 2026-2027.

CERTIFICATION/LICENSURE

In addition to earning a doctoral degree, post-BS graduates of the nurse practitioner and clinical nurse specialist options are prepared to sit for the following professional nursing certification examinations upon successful completion of the program.

Adult/Gerontology, Clinical Nurse Specialist: ANCC Adult-Gerontology CNS (<http://nursecredentialing.org/AdultGerontologyCNS/>)

Adult/Gerontology Acute Care, Nurse Practitioner: ANCC Adult-Gerontology Acute Care NP (<https://www.nursingworld.org/our-certifications/adult-gerontology-acute-care-nurse-practitioner/>)

Adult/Gerontology Primary Care, Nurse Practitioner: ANCC Adult-Gerontology Primary Care NP (<https://www.nursingworld.org/our-certifications/adult-gerontology--primary-care-nurse-practitioner/>)

Pediatric Primary Care, Nurse Practitioner: PNCB Primary Care Pediatric NP (<http://www.pncb.org/ptistore/control/index/>)

Psychiatric Mental Health, Nurse Practitioner: ANCC Psychiatric-Mental Health NP (<https://www.nursingworld.org/our-certifications/psychiatric-mental-health-nurse-practitioner/>)

PROFESSIONAL CERTIFICATION/LICENSURE DISCLOSURE (NC-SARA)

The United States Department of Education requires institutions that provide distance education to disclose information for programs leading to professional certification or licensure about whether each program meets state educational requirements for initial licensure or certification. Following is this disclosure information for this program:

The requirements of this program meet Certification/Licensure in the following states:

Alabama, Alaska, Arizona, Arkansas, California, Colorado, Connecticut, Delaware, Florida, Georgia, Hawaii, Idaho, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Michigan, Minnesota, Mississippi, Missouri, Montana, Nebraska, Nevada, Ohio, Oregon, Pennsylvania, Washington, Wisconsin, District of Columbia, Guam, Northern Mariana Islands, U.S. Virgin Islands

The requirements of this program do not meet Certification/Licensure in the following states:

Not applicable

The requirements of this program have not been determined if they meet Certification/Licensure in the following states:

New Hampshire, New Jersey, New Mexico, New York, North Carolina, North Dakota, Oklahoma, Rhode Island, South Carolina, South Dakota, Tennessee, Texas, Utah, Vermont, Virginia, West Virginia, Wyoming, American Samoa, Puerto Rico

NURSING PRACTICE: ADULT/GERONTOLOGY ACUTE CARE NURSE PRACTITIONER, DNP

This is a named option with the Nursing Practice, DNP (p. 1466).

- Hybrid course delivery
- APRN
- Nurse Practitioner
- ANCC Adult-Gerontology Acute Care NP (<https://www.nursingworld.org/our-certifications/adult-gerontology-acute-care-nurse-practitioner/>)

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 1
Spring Deadline	This program does not admit in the spring.
Summer Deadline	This program does not admit in the summer.

GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements (https://grad.wisc.edu/apply/requirements/#english-proficiency).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

Admission requirements for the DNP program (post-baccalaureate) are:

- Graduation from an accredited baccalaureate program in nursing
- GPA of 3.0 on the last 60 credits for the baccalaureate degree
- RN license
- One year of professional nursing experience
- Grade of B or better in a approved statistics course within the last 5 years. (Note: The course does not need to be taken before applying, but must be successfully completed prior to the start of the fall term.)
- Application essay (see School of Nursing website (<http://www.son.wisc.edu/>) for specific criteria)
- Three letters of recommendation
- Curriculum vitae or resume
- English proficiency scores: Applicants whose native language is not English, or whose undergraduate instruction was not in English, must provide an English proficiency test score. Scores are accepted if they are within two years of the start of the admission term. See the Graduate School's Admission Requirements (<http://grad.wisc.edu/admissions/requirements/>) for more information on the English proficiency requirement.

Post-BS applicants have a bachelor's degree in nursing. Applicants who have a non-APN master's degree (i.e., nurse education) are considered post-B.S. applicants and are able to waive up to 18 credits based on previous graduate coursework, pending review of syllabi.

Admission requirements for the DNP program (post-master's) are:

- Graduation from an accredited baccalaureate program in nursing
- Master's degree in a specialty track from an accredited nursing program
- GPA of 3.5 for the master's degree
- RN license
- Certification as an advanced practice nurse
- One year of professional nursing experience
- Grade of B or better in a graduate level statistics course within the last 5 years. (Note: The course does not need to be taken before applying, but must be successfully completed prior to the start of the fall term.)
- Application essay (see School of Nursing website (<http://www.son.wisc.edu/>) for specific criteria)
- Three letters of recommendation
- Curriculum vitae or resume

- English proficiency scores: Applicants whose native language is not English, or whose undergraduate instruction was not in English, must provide an English proficiency test score. Scores are accepted if they are within two years of the start of the admission term. See the Graduate School's Admission Requirements (<http://grad.wisc.edu/admissions/requirements/>) for more information on the English proficiency requirement.

Additional admission requirements for international applicants are:

- CGFNS Certification
- Minimum English proficiency scores in one of the following:
 - TOEFL (600 PBT, 100 iBT)
 - IELTS (8)
 - MELAB (85)

All application materials must be received by December 1 for admission in the fall semester.

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Several forms of financial aid are available for graduate students in the School of Nursing. These include fellowships, scholarships, project and teaching assistantships, and loans. Most graduate assistantships cover the cost of tuition and provide a monthly stipend. Awards are made in the spring for the following academic year.

Graduate Research Scholars (GRS) fellowships are designed to support highly qualified underrepresented students in the doctoral programs. Doctoral students who are preparing to be full-time faculty in nursing programs are also eligible for the Nurse Faculty Loan Program (NFLP). These loans, supported by the federal government, are available to cover tuition and other educational expenses. When graduates become full-time faculty members, up to 85 percent of the NFLP loan will be canceled over a four-year period.

Additional information on financial aid including application procedures is available in the School of Nursing Academic Affairs Office.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

NAMED OPTION REQUIREMENTS MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
No	No	No	Yes	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW–Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail

Minimum Credit Requirement	Post–B.S.: 68 credits Post–M.S.: 51 credits (32 credits in the program plan plus 19 credits from Master's degree)
----------------------------	--

Minimum Residence Credit Requirement	Post–B.S.: 32 credits Post–M.S.: 32 credits

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

NAMED OPTION-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Work from Other Institutions

Post-B.S.: With program approval, students are allowed to count up to 18 credits of graduate coursework from other institutions. Graduate work should be less than five years old to be considered; additional justification and/or documentation are needed for work taken between five and ten years. Work more than ten years old will not be considered.

Post-M.S.: With program approval, students are allowed to count up to 19 credits of graduate coursework from other institutions. Graduate work should be less than five years old to be considered; additional justification and/or documentation are needed for work taken between five and ten years. Work more than ten years old will not be considered unless students are board certified advanced practice nurses (APN) and have continuous practice as an APN.

UW-Madison Undergraduate

No undergraduate coursework will be allowed to count toward DNP requirements.

UW-Madison University Special

With program approval, students are allowed to count no more than 9 credits of coursework numbered 300 or above taken as a UW-Madison University Special student. These credits are considered part of the total allowable credits available for a student to transfer. Coursework should be less than five years old to be considered; additional justification and/or documentation is needed for work taken between five and ten years. Work more than ten years old will not be considered.

PROBATION

A semester GPA below 3.0 will result in the student being placed on academic probation. If a student has not returned to satisfactory progress by the determined deadline, a decision about whether the student will be permitted to continue will be made by the graduate programs committee (or appropriate subcommittee) with input from the student's advisor.

ADVISOR / COMMITTEE

Progression is reviewed each semester by academic affairs office staff and advisors.

CREDITS PER TERM ALLOWED

15 credits

TIME CONSTRAINTS

Post-B.S.: Students must complete the requirements within six years of admission. Upon the advisor's recommendation, the associate dean for academic programs may grant a one-year extension.

Post-M.S.: Students must complete the requirements within four years of admission to the program. Upon the advisor's recommendation, the associate dean for academic programs may grant a one-year extension.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Student Appeals and Grievance Procedures

Students who feel that they have been treated unfairly have the right to question this treatment and receive prompt hearing of the grievance. Before instituting an appeal or grievance, students should discuss their particular situations with an appropriate staff member, e.g., faculty member, assistant dean, associate dean, or adviser.

Section One: Appeals

Appeals are limited to requests to continue in the curriculum after being dropped from the program for academic reasons.

Procedure**Filing Appeal**

Graduate Student: A written appeal must be filed with the Assistant Dean for Academic Affairs within 10 working days of the date of the letter notifying the student of the decision to discontinue the student in the program, or the right to appeal is waived. The appellant (student) must submit to the Assistant Dean the following information:

1. A written statement addressed to the Chairperson of the appropriate appeals committee specifying:
 - Precise grounds on which the appeal is based.
 - Circumstances associated with the need to appeal.
 - Arguments supporting the appeal.
 - Description of proposed remedial actions to be taken to improve the student's academic performance.
2. The appellant may also submit letters of support from persons knowledgeable about the appellant's current and/or past academic work and/or other matters related to the appellant's academic performance. Any such letters must be submitted to the Assistant Dean by the same deadline.

Appeals Committee

Graduate Student: For the purposes of hearing the appeal, the Assistant Dean will arrange an appeals committee that consists of at least three School of Nursing faculty members and that includes at least one member of the Graduate Programs Committee. The Assistant Dean will collect the information relative to the appellant's academic situation and forward the information to the Appeals Committee.

Appeals Committee Meeting

- Within 15 working days of the filing of the appeal, the Appeals Committee will schedule a meeting date for the purposes of hearing the appeal.
- Appellant must appear before the Appeals Committee to present the appeal. Appellant may have a support person accompany him or her to the meeting with the Appeals Committee. Appellant must address the Appeals Committee under all circumstances. Appellant's chosen support person is limited to providing advice and support to appellant. No fewer than three working days prior to the meeting with the Appeals Committee, the appellant shall identify to the Committee the individual's appellant wishes to be present at the meeting for the purpose of providing the Appeals Committee with information about the appeal.

The Appeals Committee is authorized to decide the appeal and is responsible for the following:

1. Reviewing all data presented by the Appellant and others.
2. Discussing the argument presented by Appellant and inviting Appellant to contribute to the discussion.
3. Limiting statements of appellant and other individuals where information being presented is irrelevant, unduly repetitious, or disrespectful.
 - Deciding the appeal and providing a written decision, including the reasons therefore, to the Appellant and the appropriate Assistant Dean within 15 working days of the Appeals Committee meeting. The written decision shall identify and include where appropriate:

- Appellant's stated reason for the appeal
 - Action taken by the Appeals Committee
- Stipulations and recommendations for appellant's continuation in program (where appeal granted)
 - Rationale for decision
 - Names of individuals present at the hearing
- Notice of appellant's right to appeal the Appeals Committee decision to the Associate Dean for Academic Affairs.

4. If the appeal is granted, the Appeals Committee will discuss with the Appellant any stipulations (binding) and recommendations (non-binding) for continuation in the program.

Review of Appeals Committee Decision

1. A written request for review of the Appeals Committee Decision by the Dean of the School of Nursing or the Dean's designee must be submitted to the Associate Dean for Academic Affairs within 20 working days of the date of notification of the Committee's initial decision.

The request must state the specific grounds for appeal which are limited to:

- School policies were incorrectly applied;
- Decision is contrary to state or federal law;
- Proper appeal procedures were not followed; or
- Unfounded, arbitrary, or irrelevant assumptions of fact regarding the appellant's performance were made by the Appeals Committee. Appellant must also identify the specific aspects of the Committee decision that he or she believes meet the criteria cited as a basis for appeal.

The Dean or the Dean's designee may meet with the appellant to discuss the request for review.

a. Copies of the information submitted to the Appeals Committee and the Appeals Committee decision shall be provided to the Dean or the Dean's designee for review. Only facts and information presented to the Appeals Committee may be introduced to and considered by the Dean or the Dean's designee.

b. The burden of proof shall be on the student to demonstrate by a preponderance of the evidence that the Appeals Committee's decision was the result of one or more of the above bases for appeal.

c. The Dean or the Dean's designee shall notify Appellant and the Appeals Committee in writing within 30 working days of receipt of the request for review of the Appeals Committee decision or the appellant's meeting with the Dean's or Dean's designee, whichever is later, stating the action on the appeal and the grounds for the action taken.

d. The decision by the Dean or the Dean's designee on review is final.

e. Graduate students may seek Graduate School Procedural Review of the decision by the Dean or the Dean's designee. Please contact The Graduate School Office of Academic Services & Fellowship Administration in 217 Bascom Hall or at 608-262-2433 for information regarding this process.

Note: Deadlines referenced herein may only be altered by mutual agreement of the parties. Any such agreement must be in writing.

Section Two: Grievances

Informal Resolution

Any student in the School of Nursing who believes that he or she has been treated inequitably is encouraged to resolve the matter informally. The student should first talk with the person or group at whom the grievance is directed in an attempt to resolve the issue informally. The student may contact the Associate Dean for Academic Affairs for assistance in resolving the matter informally. The student may also contact the following groups for assistance in reaching an informal resolution and/or information regarding other possible formal procedures to resolve the matter.

1. Contact the UW-Madison Equity and Diversity Resource Center for information and assistance regarding discrimination or disability issues.
2. Contact the Dean of Students for information about resources for addressing student concerns.

School of Nursing Grievance Procedure:

The grievance procedure is available to resolve student concerns regarding inequitable treatment that have not been satisfactorily resolved through the informal resolution process or where the student believes that informal resolution would not be productive. The grievance procedure is described below. Through the grievance process, the student may be accompanied by a support person. The use of this grievance procedure shall not prevent the student from seeking redress through another administrative or legal process.

1. To initiate the formal grievance procedure, the student must submit his or her grievance, in writing, to the Associate Dean for Academic Affairs.
2. The written grievance shall include:
 - a statement that the student wishes a review of the situation by a Grievance Committee;
 - the identification of the person or group at whom the grievance is directed;
 - the specifics of the perceived inequitable treatment;
 - evidence in support of the student's belief that he or she has been treated inequitably; and
 - the outcome or resolution desired by the student.
3. A grievance must be initiated no later than 20 calendar days from the time the student knew or could reasonably have been expected to have known of the circumstances giving rise to the grievance. Initiation of the informal procedure described above within the 20-day period will extend the deadline for initiating the grievance to 40 calendar days from the time the student knew or could reasonably have been expected to have known of the circumstances giving rise to the grievance.
4. Within 30 calendar days after receiving the grievance, the Associate Dean for Academic Affairs shall arrange for a committee meeting. The Committee may request a written response from the person or group at whom the grievance is directed, may ask for additional information from any or all parties involved, may request that the parties involved appear before the Committee, and/or may take other steps in attempting to resolve the grievance.

5. Within 60 calendar days after receiving the grievance from the Associate Dean for Academic Affairs, the Committee shall send a written report of the Committee's recommendations to the Associate Dean for Academic Affairs. The student will also receive a copy of the report. The report shall include notice to the student of his or her right to appeal the Committee's recommendation to the Dean of the School of Nursing.

6. A student wishing to appeal the Committee's recommendation to the Dean of the School of Nursing must submit a written appeal to the Dean within 10 calendar days of the date of the Committee's report. The request must state the specific bases for appeal and identify the specific aspects of the Committee's recommendation that he or she believes are the subject of the bases for appeal. Where an appeal is filed with the Dean, a copy of the Committee's report shall be provided to the Dean for review. Only facts presented to the Committee may be introduced to and considered by the Dean. The Dean shall notify the appellant and the Committee in writing within 30 calendar days of receiving the written appeal stating the action on the appeal and the grounds for the action taken.

Section Three: Course Grade Appeals Process

If a student believes s/he has been awarded a grade for a course that does not adequately represent her/his performance in the course, they should speak with the course faculty member in an effort to attempt to resolve the issue informally. This must be done within 10 working days of receipt of the grade. During this informal process both student and faculty may consult with the Associate Dean for Academic Affairs to seek resolution of the issue.

If the student remains dissatisfied with the grade, the student has the option to initiate the formal Grievance procedure. To do this, the student must submit the grievance, in writing, to the Associate Dean for Academic Affairs within 10 working days. The Associate Dean will appoint a committee to hear the grievance. The decision of the committee is final. There is no further appeal.

OTHER

Several forms of financial aid are available for graduate students: traineeships, fellowships, scholarships, research and teaching assistantships, and loans.

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

PROGRAM RESOURCES

Career advising, funding, and professional development opportunities are shared with all students by a member of the School of Nursing Academic Affairs staff. Information on these support services can be found on the Student Site (<https://students.nursing.wisc.edu/career-advising/career/>).

NURSING PRACTICE: ADULT/
GERONTOLOGY CLINICAL
NURSE SPECIALIST, DNP

This is a named option with the Nursing Practice, DNP (p. 1466).

- Hybrid course delivery
- APRN
- Clinical Nurse Specialist
- ANCC Adult-Gerontology CNS (<https://www.nursingworld.org/our-certifications/adult-gerontology-clinical-nurse-specialist/>)

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 1
Spring Deadline	This program does not admit in the spring.
Summer Deadline	This program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements (https://grad.wisc.edu/apply/requirements/#english-proficiency).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

Admission requirements for the DNP program (post-baccalaureate) are:

- Graduation from an accredited baccalaureate program in nursing
- GPA of 3.0 on the last 60 credits for the baccalaureate degree
- RN license
- One year of professional nursing experience
- Grade of B or better in a approved statistics course within the last 5 years. (Note: The course does not need to be taken before applying, but must be successfully completed prior to the start of the fall term.)

- Application essay (see School of Nursing website (<https://nursing.wisc.edu/graduate-programs/dnp/>) for specific criteria)
- Three letters of recommendation
- Curriculum vitae or resume
- English proficiency scores: Applicants whose native language is not English, or whose undergraduate instruction was not in English, must provide an English proficiency test score. Scores are accepted if they are within two years of the start of the admission term. See the Graduate School's Admission Requirements (<http://grad.wisc.edu/admissions/requirements/>) for more information on the English proficiency requirement.

Post-BS applicants have a bachelor's degree in nursing. Applicants who have a non-APN master's degree (i.e., nurse education) are considered post-B.S. applicants and are able to waive up to 18 credits based on previous graduate coursework, pending review of syllabi.

Admission requirements for the DNP program (post-master's) are:

- Graduation from an accredited baccalaureate program in nursing
- Master's degree in a specialty track from an accredited nursing program
- GPA of 3.5 for the master's degree
- RN license
- Certification as an advanced practice nurse
- One year of professional nursing experience
- Grade of B or better in a graduate level statistics course within the last 5 years. (Note: The course does not need to be taken before applying, but must be successfully completed prior to the start of the fall term.)
- Application essay (see School of Nursing website (<http://www.son.wisc.edu/>) for specific criteria)
- Three letters of recommendation
- Curriculum vitae or resume
- English proficiency scores: Applicants whose native language is not English, or whose undergraduate instruction was not in English, must provide an English proficiency test score. Scores are accepted if they are within two years of the start of the admission term. See the Graduate School's Admission Requirements (<http://grad.wisc.edu/admissions/requirements/>) for more information on the English proficiency requirement.

Additional admission requirements for international applicants are:

- CGFNS Certification
- Minimum English proficiency scores in one of the following:
 - TOEFL (600 PBT, 100 iBT)
 - IELTS (8)
 - MELAB (85)

All application materials must be received by December 1 for admission in the fall semester.

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School.

Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Several forms of financial aid are available for graduate students in the School of Nursing. These include fellowships, scholarships, project and teaching assistantships, and loans. Most graduate assistantships cover the cost of tuition and provide a monthly stipend. Awards are made in the spring for the following academic year.

Graduate Research Scholars (GRS) fellowships are designed to support highly qualified underrepresented students in the doctoral programs. Doctoral students who are preparing to be full-time faculty in nursing programs are also eligible for the Nurse Faculty Loan Program (NFLP). These loans, supported by the federal government, are available to cover tuition and other educational expenses. When graduates become full-time faculty members, up to 85 percent of the NFLP loan will be canceled over a four-year period.

Additional information on financial aid including application procedures is available in the School of Nursing Academic Affairs Office.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

NAMED OPTION REQUIREMENTS MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
No	No	No	Yes	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW-Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail	
Minimum Credit Requirement	Post-B.S.: 68 credits Post-M.S.: 51 credits (32 credits in the program plan plus 19 credits from Master's degree)
Minimum Residence Credit Requirement	Post-B.S.: 32 credits Post-M.S.: 32 credits
Minimum Graduate Coursework Requirement	Half of degree coursework must be completed graduate-level coursework; courses with the Graduate Level Coursework attribute are identified and searchable in the university's Course Guide (http://my.wisc.edu/CourseGuideRedirect/BrowseByTitle (http://my.wisc.edu/CourseGuideRedirect/BrowseByTitle/)).
Overall Graduate GPA Requirement	3.00 GPA required.
Other Grade Requirements	A student may not receive more than one grade below a B (or a U grade) in any 12 month period.
Assessments and Examinations	No examinations are required.
Language Requirements	No language requirements.
Doctoral Minor/Breadth Requirements	DNP students are not required to complete a doctoral minor.

POLICIES**GRADUATE SCHOOL POLICIES**

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES**PRIOR COURSEWORK****Graduate Work from Other Institutions**

Post-B.S.: With program approval, students are allowed to count up to 18 credits of graduate coursework from other institutions. Graduate work should be less than five years old to be considered; additional justification and/or documentation are needed for work taken between five and ten years. Work more than ten years old will not be considered.

Post-M.S.: With program approval, students are allowed to count up to 19 credits of graduate coursework from other institutions. Graduate work should be less than five years old to be considered; additional justification and/or documentation are needed for work taken between five and ten years. Work more than ten years old will not be considered unless students are board certified advanced practice nurses (APN) and have continuous practice as an APN.

UW-Madison Undergraduate

No undergraduate coursework will be allowed to count toward DNP requirements.

UW-Madison University Special

With program approval, students are allowed to count no more than 9 credits of coursework numbered 300 or above taken as a UW-Madison University Special student. These credits are considered part of the total allowable credits available for a student to transfer. Coursework should be less than five years old to be considered; additional justification and/or documentation is needed for work taken between five and ten years. Work more than ten years old will not be considered.

PROBATION

A semester GPA below 3.0 will result in the student being placed on academic probation. If a student has not returned to satisfactory progress by the determined deadline, a decision about whether the student will be permitted to continue will be made by the graduate programs committee (or appropriate subcommittee) with input from the student's advisor.

ADVISOR / COMMITTEE

Progression is reviewed each semester by academic affairs office staff and advisors.

CREDITS PER TERM ALLOWED

15 credits

TIME CONSTRAINTS

Post-B.S.: Students must complete the requirements within six years of admission. Upon the advisor's recommendation, the associate dean for academic programs may grant a one-year extension.

Post-M.S.: Students must complete the requirements within four years of admission to the program. Upon the advisor's recommendation, the associate dean for academic programs may grant a one-year extension.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)

- Employee Disability Resource Office (<https://employeedisabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

- Within 15 working days of the filing of the appeal, the Appeals Committee will schedule a meeting date for the purposes of hearing the appeal.
- Appellant must appear before the Appeals Committee to present the appeal. Appellant may have a support person accompany him or her to the meeting with the Appeals Committee. Appellant must address the Appeals Committee under all circumstances. Appellant's chosen support person is limited to providing advice and support to appellant. No fewer than three working days prior to the meeting with the Appeals Committee, the appellant shall identify to the Committee the individual's appellant wishes to be present at the meeting for the purpose of providing the Appeals Committee with information about the appeal.

The Appeals Committee is authorized to decide the appeal and is responsible for the following:

1. Reviewing all data presented by the Appellant and others.
2. Discussing the argument presented by Appellant and inviting Appellant to contribute to the discussion.
3. Limiting statements of appellant and other individuals where information being presented is irrelevant, unduly repetitious, or disrespectful.
 - Deciding the appeal and providing a written decision, including the reasons therefore, to the Appellant and the appropriate Assistant Dean within 15 working days of the Appeals Committee meeting. The written decision shall identify and include where appropriate:
 - Appellant's stated reason for the appeal
 - Action taken by the Appeals Committee
 - Stipulations and recommendations for appellant's continuation in program (where appeal granted)
 - Rationale for decision
 - Names of individuals present at the hearing
 - Notice of appellant's right to appeal the Appeals Committee decision to the Associate Dean for Academic Affairs.
 - 4. If the appeal is granted, the Appeals Committee will discuss with the Appellant any stipulations (binding) and recommendations (non-binding) for continuation in the program.

Review of Appeals Committee Decision

1. A written request for review of the Appeals Committee Decision by the Dean of the School of Nursing or the Dean's designee must be submitted to the Associate Dean for Academic Affairs within 20 working days of the date of notification of the Committee's initial decision.

The request must state the specific grounds for appeal which are limited to:

- School policies were incorrectly applied;
- Decision is contrary to state or federal law;
- Proper appeal procedures were not followed; or
- Unfounded, arbitrary, or irrelevant assumptions of fact regarding the appellant's performance were made by the Appeals Committee. Appellant must also identify the specific aspects of the Committee decision that he or she believes meet the criteria cited as a basis for appeal.

Student Appeals and Grievance Procedures

Students who feel that they have been treated unfairly have the right to question this treatment and receive prompt hearing of the grievance. Before instituting an appeal or grievance, students should discuss their particular situations with an appropriate staff member, e.g., faculty member, assistant dean, associate dean, or adviser.

Section One: Appeals

Appeals are limited to requests to continue in the curriculum after being dropped from the program for academic reasons.

Procedure

Filing Appeal

Graduate Student: A written appeal must be filed with the Assistant Dean for Academic Affairs within 10 working days of the date of the letter notifying the student of the decision to discontinue the student in the program, or the right to appeal is waived. The appellant (student) must submit to the Assistant Dean the following information:

1. A written statement addressed to the Chairperson of the appropriate appeals committee specifying:
 - Precise grounds on which the appeal is based.
 - Circumstances associated with the need to appeal.
 - Arguments supporting the appeal.
 - Description of proposed remedial actions to be taken to improve the student's academic performance.
2. The appellant may also submit letters of support from persons knowledgeable about the appellant's current and/or past academic work and/or other matters related to the appellant's academic performance. Any such letters must be submitted to the Assistant Dean by the same deadline.

Appeals Committee

Graduate Student: For the purposes of hearing the appeal, the Assistant Dean will arrange an appeals committee that consists of at least three School of Nursing faculty members and that includes at least one member of the Graduate Programs Committee. The Assistant Dean will collect the information relative to the appellant's academic situation and forward the information to the Appeals Committee.

Appeals Committee Meeting

The Dean or the Dean's designee may meet with the appellant to discuss the request for review.

- a. Copies of the information submitted to the Appeals Committee and the Appeals Committee decision shall be provided to the Dean or the Dean's designee for review. Only facts and information presented to the Appeals Committee may be introduced to and considered by the Dean or the Dean's designee.
- b. The burden of proof shall be on the student to demonstrate by a preponderance of the evidence that the Appeals Committee's decision was the result of one or more of the above bases for appeal.
- c. The Dean or the Dean's designee shall notify Appellant and the Appeals Committee in writing within 30 working days of receipt of the request for review of the Appeals Committee decision or the appellant's meeting with the Dean's or Dean's designee, whichever is later, stating the action on the appeal and the grounds for the action taken.
- d. The decision by the Dean or the Dean's designee on review is final.
- e. Graduate students may seek Graduate School Procedural Review of the decision by the Dean or the Dean's designee. Please contact The Graduate School Office of Academic Services & Fellowship Administration in 217 Bascom Hall or at 608-262-2433 for information regarding this process.

Note: Deadlines referenced herein may only be altered by mutual agreement of the parties. Any such agreement must be in writing.

Section Two: Grievances

Informal Resolution

Any student in the School of Nursing who believes that he or she has been treated inequitably is encouraged to resolve the matter informally. The student should first talk with the person or group at whom the grievance is directed in an attempt to resolve the issue informally. The student may contact the Associate Dean for Academic Affairs for assistance in resolving the matter informally. The student may also contact the following groups for assistance in reaching an informal resolution and/or information regarding other possible formal procedures to resolve the matter.

1. Contact the UW-Madison Equity and Diversity Resource Center for information and assistance regarding discrimination or disability issues.
2. Contact the Dean of Students for information about resources for addressing student concerns.

School of Nursing Grievance Procedure:

The grievance procedure is available to resolve student concerns regarding inequitable treatment that have not been satisfactorily resolved through the informal resolution process or where the student believes that informal resolution would not be productive. The grievance procedure is described below. Through the grievance process, the student may be accompanied by a support person. The use of this grievance procedure shall not prevent the student from seeking redress through another administrative or legal process.

1. To initiate the formal grievance procedure, the student must submit his or her grievance, in writing, to the Associate Dean for Academic Affairs.
2. The written grievance shall include:
 - a statement that the student wishes a review of the situation by a Grievance Committee;
 - the identification of the person or group at whom the grievance is directed;
 - the specifics of the perceived inequitable treatment;
 - evidence in support of the student's belief that he or she has been treated inequitably; and
 - the outcome or resolution desired by the student.
3. A grievance must be initiated no later than 20 calendar days from the time the student knew or could reasonably have been expected to have known of the circumstances giving rise to the grievance. Initiation of the informal procedure described above within the 20-day period will extend the deadline for initiating the grievance to 40 calendar days from the time the student knew or could reasonably have been expected to have known of the circumstances giving rise to the grievance.
4. Within 30 calendar days after receiving the grievance, the Associate Dean for Academic Affairs shall arrange for a committee meeting. The Committee may request a written response from the person or group at whom the grievance is directed, may ask for additional information from any or all parties involved, may request that the parties involved appear before the Committee, and/or may take other steps in attempting to resolve the grievance.
5. Within 60 calendar days after receiving the grievance from the Associate Dean for Academic Affairs, the Committee shall send a written report of the Committee's recommendations to the Associate Dean for Academic Affairs. The student will also receive a copy of the report. The report shall include notice to the student of his or her right to appeal the Committee's recommendation to the Dean of the School of Nursing.
6. A student wishing to appeal the Committee's recommendation to the Dean of the School of Nursing must submit a written appeal to the Dean within 10 calendar days of the date of the Committee's report. The request must state the specific bases for appeal and identify the specific aspects of the Committee's recommendation that he or she believes are the subject of the bases for appeal. Where an appeal is filed with the Dean, a copy of the Committee's report shall be provided to the Dean for review. Only facts presented to the Committee may be introduced to and considered by the Dean. The Dean shall notify the appellant and the Committee in writing within 30 calendar days of receiving the written appeal stating the action on the appeal and the grounds for the action taken.

Section Three: Course Grade Appeals Process

If a student believes s/he has been awarded a grade for a course that does not adequately represent her/his performance in the course, they should speak with the course faculty member in an effort to attempt to resolve the issue informally. This must be done within 10 working days of receipt of the grade. During this informal process both student and faculty may consult with the Associate Dean for Academic Affairs to seek resolution of the issue.

If the student remains dissatisfied with the grade, the student has the option to initiate the formal Grievance procedure. To do this, the student must submit the grievance, in writing, to the Associate Dean for Academic Affairs within 10 working days. The Associate Dean will appoint

a committee to hear the grievance. The decision of the committee is final. There is no further appeal.

OTHER

Several forms of financial aid are available for graduate students: traineeships, fellowships, scholarships, research and teaching assistantships, and loans.

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

PROGRAM RESOURCES

Career advising, funding, and professional development opportunities are shared with all students by a member of the School of Nursing Academic Affairs staff. Information on these support services can be found on the Student Site (<https://students.nursing.wisc.edu/career-advising/career/>).

NURSING PRACTICE: ADULT/GERONTOLOGY PRIMARY CARE NURSE PRACTITIONER, DNP

This is a named option with the Nursing Practice, DNP (p. 1466).

- Hybrid course delivery
- APRN
- Nurse Practitioner
- ANCC Adult-Gerontology Primary Care NP (<https://www.nursingworld.org/our-certifications/adult-gerontology--primary-care-nurse-practitioner/>)

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 1
Spring Deadline	This program does not admit in the spring.
Summer Deadline	This program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.

English Proficiency Test Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements (<https://grad.wisc.edu/apply/requirements/#english-proficiency>).

Other Test(s) (e.g., GMAT, MCAT) n/a

Letters of Recommendation Required 3

Admission requirements for the DNP program (post-baccalaureate) are:

- Graduation from an accredited baccalaureate program in nursing
- GPA of 3.0 on the last 60 credits for the baccalaureate degree
- RN license
- One year of professional nursing experience
- Grade of B or better in a approved statistics course within the last 5 years. (Note: The course does not need to be taken before applying, but must be successfully completed prior to the start of the fall term.)
- Application essay (see School of Nursing website (<https://nursing.wisc.edu/graduate-programs/dnp/>) for specific criteria)
- Three letters of recommendation
- Curriculum vitae or resume
- English proficiency scores: Applicants whose native language is not English, or whose undergraduate instruction was not in English, must provide an English proficiency test score. Scores are accepted if they are within two years of the start of the admission term. See the Graduate School's Admission Requirements (<http://grad.wisc.edu/admissions/requirements/>) for more information on the English proficiency requirement.

Post-BS applicants have a bachelor's degree in nursing. Applicants who have a non-APN master's degree (i.e., nurse education) are considered post-B.S. applicants and are able to waive up to 18 credits based on previous graduate coursework, pending review of syllabi.

Admission requirements for the DNP program (post-master's) are:

- Graduation from an accredited baccalaureate program in nursing
- Master's degree in a specialty track from an accredited nursing program
- GPA of 3.5 for the master's degree
- RN license
- Certification as an advanced practice nurse
- One year of professional nursing experience
- Grade of B or better in a graduate level statistics course within the last 5 years. (Note: The course does not need to be taken before applying, but must be successfully completed prior to the start of the fall term.)
- Application essay (see School of Nursing website (<https://nursing.wisc.edu/graduate-programs/dnp/>) for specific criteria)
- Three letters of recommendation
- Curriculum vitae or resume
- English proficiency scores: Applicants whose native language is not English, or whose undergraduate instruction was not in English, must provide an English proficiency test score. Scores are accepted if they are within two years of the start of the admission term. See the Graduate School's Admission Requirements (<http://grad.wisc.edu/>

[admissions/requirements/](#)) for more information on the English proficiency requirement.

Additional admission requirements for international applicants are:

- CGFNS Certification
- Minimum English proficiency scores in one of the following:
 - TOEFL (600 PBT, 100 iBT)
 - IELTS (8)
 - MELAB (85)

All application materials must be received by December 1 for admission in the fall semester.

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Several forms of financial aid are available for graduate students in the School of Nursing. These include fellowships, scholarships, project and teaching assistantships, and loans. Most graduate assistantships cover the cost of tuition and provide a monthly stipend. Awards are made in the spring for the following academic year.

Graduate Research Scholars (GRS) fellowships are designed to support highly qualified underrepresented students in the doctoral programs. Doctoral students who are preparing to be full-time faculty in nursing programs are also eligible for the Nurse Faculty Loan Program (NFLP). These loans, supported by the federal government, are available to cover tuition and other educational expenses. When graduates become full-time faculty members, up to 85 percent of the NFLP loan will be canceled over a four-year period.

Additional information on financial aid including application procedures is available in the School of Nursing Academic Affairs Office.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

NAMED OPTION REQUIREMENTS MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
No	No	No	Yes	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW–Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail

Minimum Credit Requirement	Post–B.S.: 68 credits Post–M.S.: 51 credits (32 credits in the program plan plus 19 credits from Master's degree)
Minimum Residence Credit Requirement	Post–B.S.: 32 credits Post–M.S.: 32 credits
Minimum Graduate Coursework Requirement	Half of degree coursework must be completed graduate-level coursework; courses with the Graduate Level Coursework attribute are identified and searchable in the university's Course Guide (http://my.wisc.edu/CourseGuideRedirect/BrowseByTitle (http://my.wisc.edu/CourseGuideRedirect/BrowseByTitle/)).
Overall Graduate GPA Requirement	3.00 GPA required.
Other Grade Requirements	A student may not receive more than one grade below a B (or a U grade) in any 12 month period.
Assessments and Examinations	No examinations are required.
Language Requirements	No language requirements.
Doctoral Minor/Breadth Requirements	DNP students are not required to complete a doctoral minor.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

NAMED OPTION-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Work from Other Institutions

Post-B.S.: With program approval, students are allowed to count up to 18 credits of graduate coursework from other institutions. Graduate work should be less than five years old to be considered; additional justification and/or documentation are needed for work taken between five and ten years. Work more than ten years old will not be considered.

Post-M.S.: With program approval, students are allowed to count up to 19 credits of graduate coursework from other institutions. Graduate work should be less than five years old to be considered; additional justification and/or documentation are needed for work taken between five and ten years. Work more than ten years old will not be considered unless students are board certified advanced practice nurses (APN) and have continuous practice as an APN.

UW-Madison Undergraduate

No undergraduate coursework will be allowed to count toward DNP requirements.

UW-Madison University Special

With program approval, students are allowed to count no more than 9 credits of coursework numbered 300 or above taken as a UW-Madison University Special student. These credits are considered part of the total allowable credits available for a student to transfer. Coursework should be less than five years old to be considered; additional justification and/or documentation is needed for work taken between five and ten years. Work more than ten years old will not be considered.

PROBATION

A semester GPA below 3.0 will result in the student being placed on academic probation. If a student has not returned to satisfactory progress by the determined deadline, a decision about whether the student will be permitted to continue will be made by the graduate programs committee (or appropriate subcommittee) with input from the student's advisor.

ADVISOR / COMMITTEE

Progression is reviewed each semester by academic affairs office staff and advisors.

CREDITS PER TERM ALLOWED

15 credits

TIME CONSTRAINTS

Post-B.S.: Students must complete the requirements within six years of admission. Upon the advisor's recommendation, the associate dean for academic programs may grant a one-year extension.

Post-M.S.: Students must complete the requirements within four years of admission to the program. Upon the advisor's recommendation, the associate dean for academic programs may grant a one-year extension.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeedisabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departamental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Student Appeals and Grievance Procedures

Students who feel that they have been treated unfairly have the right to question this treatment and receive prompt hearing of the grievance. Before instituting an appeal or grievance, students should discuss their particular situations with an appropriate staff member, e.g., faculty member, assistant dean, associate dean, or adviser.

Section One: Appeals

Appeals are limited to requests to continue in the curriculum after being dropped from the program for academic reasons.

Procedure Filing Appeal

Graduate Student: A written appeal must be filed with the Assistant Dean for Academic Affairs within 10 working days of the date of the letter notifying the student of the decision to discontinue the student in the

program, or the right to appeal is waived. The appellant (student) must submit to the Assistant Dean the following information:

1. A written statement addressed to the Chairperson of the appropriate appeals committee specifying:
 - Precise grounds on which the appeal is based.
 - Circumstances associated with the need to appeal.
 - Arguments supporting the appeal.
 - Description of proposed remedial actions to be taken to improve the student's academic performance.
2. The appellant may also submit letters of support from persons knowledgeable about the appellant's current and/or past academic work and/or other matters related to the appellant's academic performance. Any such letters must be submitted to the Assistant Dean by the same deadline.

Appeals Committee

Graduate Student: For the purposes of hearing the appeal, the Assistant Dean will arrange an appeals committee that consists of at least three School of Nursing faculty members and that includes at least one member of the Graduate Programs Committee. The Assistant Dean will collect the information relative to the appellant's academic situation and forward the information to the Appeals Committee.

Appeals Committee Meeting

- Within 15 working days of the filing of the appeal, the Appeals Committee will schedule a meeting date for the purposes of hearing the appeal.
- Appellant must appear before the Appeals Committee to present the appeal. Appellant may have a support person accompany him or her to the meeting with the Appeals Committee. Appellant must address the Appeals Committee under all circumstances. Appellant's chosen support person is limited to providing advice and support to appellant. No fewer than three working days prior to the meeting with the Appeals Committee, the appellant shall identify to the Committee the individual's appellant wishes to be present at the meeting for the purpose of providing the Appeals Committee with information about the appeal.

The Appeals Committee is authorized to decide the appeal and is responsible for the following:

1. Reviewing all data presented by the Appellant and others.
2. Discussing the argument presented by Appellant and inviting Appellant to contribute to the discussion.
3. Limiting statements of appellant and other individuals where information being presented is irrelevant, unduly repetitious, or disrespectful.
 - Deciding the appeal and providing a written decision, including the reasons therefore, to the Appellant and the appropriate Assistant Dean within 15 working days of the Appeals Committee meeting. The written decision shall identify and include where appropriate:
 - Appellant's stated reason for the appeal
 - Action taken by the Appeals Committee
 - Stipulations and recommendations for appellant's continuation in program (where appeal granted)
 - Rationale for decision
 - Names of individuals present at the hearing

- Notice of appellant's right to appeal the Appeals Committee decision to the Associate Dean for Academic Affairs.

4. If the appeal is granted, the Appeals Committee will discuss with the Appellant any stipulations (binding) and recommendations (non-binding) for continuation in the program.

Review of Appeals Committee Decision

1. A written request for review of the Appeals Committee Decision by the Dean of the School of Nursing or the Dean's designee must be submitted to the Associate Dean for Academic Affairs within 20 working days of the date of notification of the Committee's initial decision.

The request must state the specific grounds for appeal which are limited to:

- School policies were incorrectly applied;
- Decision is contrary to state or federal law;
- Proper appeal procedures were not followed; or
- Unfounded, arbitrary, or irrelevant assumptions of fact regarding the appellant's performance were made by the Appeals Committee. Appellant must also identify the specific aspects of the Committee decision that he or she believes meet the criteria cited as a basis for appeal.

The Dean of the Dean's designee may meet with the appellant to discuss the request for review.

- a. Copies of the information submitted to the Appeals Committee and the Appeals Committee decision shall be provided to the Dean or the Dean's designee for review. Only facts and information presented to the Appeals Committee may be introduced to and considered by the Dean or the Dean's designee.
- b. The burden of proof shall be on the student to demonstrate by a preponderance of the evidence that the Appeals Committee's decision was the result of one or more of the above bases for appeal.
- c. The Dean or the Dean's designee shall notify Appellant and the Appeals Committee in writing within 30 working days of receipt of the request for review of the Appeals Committee decision or the appellant's meeting with the Dean's or Dean's designee, whichever is later, stating the action on the appeal and the grounds for the action taken.
- d. The decision by the Dean or the Dean's designee on review is final.
- e. Graduate students may seek Graduate School Procedural Review of the decision by the Dean or the Dean's designee. Please contact The Graduate School Office of Academic Services & Fellowship Administration in 217 Bascom Hall or at 608-262-2433 for information regarding this process.

Note: Deadlines referenced herein may only be altered by mutual agreement of the parties. Any such agreement must be in writing.

Any student in the School of Nursing who believes that he or she has been treated inequitably is encouraged to resolve the matter informally. The student should first talk with the person or group at whom the grievance is directed in an attempt to resolve the issue informally. The student may contact the Associate Dean for Academic Affairs for assistance in resolving the matter informally. The student may also contact the following groups for assistance in reaching an informal resolution and/or information regarding other possible formal procedures to resolve the matter.

1. Contact the UW-Madison Equity and Diversity Resource Center for information and assistance regarding discrimination or disability issues.
2. Contact the Dean of Students for information about resources for addressing student concerns.

School of Nursing Grievance Procedure:

The grievance procedure is available to resolve student concerns regarding inequitable treatment that have not been satisfactorily resolved through the informal resolution process or where the student believes that informal resolution would not be productive. The grievance procedure is described below. Through the grievance process, the student may be accompanied by a support person. The use of this grievance procedure shall not prevent the student from seeking redress through another administrative or legal process.

1. To initiate the formal grievance procedure, the student must submit his or her grievance, in writing, to the Associate Dean for Academic Affairs.
2. The written grievance shall include:
 - a statement that the student wishes a review of the situation by a Grievance Committee;
 - the identification of the person or group at whom the grievance is directed;
 - the specifics of the perceived inequitable treatment;
 - evidence in support of the student's belief that he or she has been treated inequitably; and
 - the outcome or resolution desired by the student.

3. A grievance must be initiated no later than 20 calendar days from the time the student knew or could reasonably have been expected to have known of the circumstances giving rise to the grievance. Initiation of the informal procedure described above within the 20- day period will extend the deadline for initiating the grievance to 40 calendar days from the time the student knew or could reasonably have been expected to have known of the circumstances giving rise to the grievance.

4. Within 30 calendar days after receiving the grievance, the Associate Dean for Academic Affairs shall arrange for a committee meeting. The Committee may request a written response from the person or group at whom the grievance is directed, may ask for additional information from any or all parties involved, may request that the parties involved appear before the Committee, and/or may take other steps in attempting to resolve the grievance.

5. Within 60 calendar days after receiving the grievance from the Associate Dean for Academic Affairs, the Committee shall send a written report of the Committee's recommendations to the Associate Dean for Academic Affairs. The student will also receive a copy of the report. The report shall include notice to the student of his or her right to appeal the Committee's recommendation to the Dean of the School of Nursing.

Section Two: Grievances Informal Resolution

6. A student wishing to appeal the Committee's recommendation to the Dean of the School of Nursing must submit a written appeal to the Dean within 10 calendar days of the date of the Committee's report. The request must state the specific bases for appeal and identify the specific aspects of the Committee's recommendation that he or she believes are the subject of the bases for appeal. Where an appeal is filed with the Dean, a copy of the Committee's report shall be provided to the Dean for review. Only facts presented to the Committee may be introduced to and considered by the Dean. The Dean shall notify the appellant and the Committee in writing within 30 calendar days of receiving the written appeal stating the action on the appeal and the grounds for the action taken.

Section Three: Course Grade Appeals Process

If a student believes s/he has been awarded a grade for a course that does not adequately represent her/his performance in the course, they should speak with the course faculty member in an effort to attempt to resolve the issue informally. This must be done within 10 working days of receipt of the grade. During this informal process both student and faculty may consult with the Associate Dean for Academic Affairs to seek resolution of the issue.

If the student remains dissatisfied with the grade, the student has the option to initiate the formal Grievance procedure. To do this, the student must submit the grievance, in writing, to the Associate Dean for Academic Affairs within 10 working days. The Associate Dean will appoint a committee to hear the grievance. The decision of the committee is final. There is no further appeal.

OTHER

Several forms of financial aid are available for graduate students: traineeships, fellowships, scholarships, research and teaching assistantships, and loans.

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

PROGRAM RESOURCES

Career advising, funding, and professional development opportunities are shared with all students by a member of the School of Nursing Academic Affairs staff. Information on these support services can be found on the Student Site (<https://students.nursing.wisc.edu/career-advising/career/>).

NURSING PRACTICE: PEDIATRIC PRIMARY CARE NURSE PRACTITIONER

This is a named option with the Nursing Practice, DNP (p. 1466).

- Hybrid course delivery
- APRN
- Nurse Practitioner
- PNCB Primary Care Pediatric NP (<https://www.pncb.org/cpnp-pc/>)

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 1
Spring Deadline	This program does not admit in the spring.
Summer Deadline	This program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements (https://grad.wisc.edu/apply/requirements/#english-proficiency).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

Admission requirements for the DNP program (post-baccalaureate) are:

- Graduation from an accredited baccalaureate program in nursing
- GPA of 3.0 on the last 60 credits for the baccalaureate degree
- RN license
- One year of professional nursing experience
- Grade of B or better in a approved statistics course within the last 5 years. (Note: The course does not need to be taken before applying, but must be successfully completed prior to the start of the fall term.)
- Application essay (see School of Nursing website (<https://nursing.wisc.edu/graduate-programs/dnp/>) for specific criteria)
- Three letters of recommendation
- Curriculum vitae or resume
- English proficiency scores: Applicants whose native language is not English, or whose undergraduate instruction was not in English, must provide an English proficiency test score. Scores are accepted if they are within two years of the start of the admission term. See the Graduate School's Admission Requirements (<http://grad.wisc.edu/admissions/requirements/>) for more information on the English proficiency requirement.

Post-BS applicants have a bachelor's degree in nursing. Applicants who have a non-APN master's degree (i.e., nurse education) are considered post-B.S. applicants and are able to waive up to 18 credits based on previous graduate coursework, pending review of syllabi.

Admission requirements for the DNP program (post-master's) are:

- Graduation from an accredited baccalaureate program in nursing
- Master's degree in a specialty track from an accredited nursing program
- GPA of 3.5 for the master's degree
- RN license
- Certification as an advanced practice nurse
- One year of professional nursing experience
- Grade of B or better in a graduate level statistics course within the last 5 years. (Note: The course does not need to be taken before applying, but must be successfully completed prior to the start of the fall term.)
- Application essay (see School of Nursing website (<https://nursing.wisc.edu/graduate-programs/dnp/>) for specific criteria)
- Three letters of recommendation
- Curriculum vitae or resume
- English proficiency scores: Applicants whose native language is not English, or whose undergraduate instruction was not in English, must provide an English proficiency test score. Scores are accepted if they are within two years of the start of the admission term. See the Graduate School's Admission Requirements (<http://grad.wisc.edu/admissions/requirements/>) for more information on the English proficiency requirement.

Additional admission requirements for international applicants are:

- CGFNS Certification
- Minimum English proficiency scores in one of the following:
 - TOEFL (600 PBT, 100 iBT)
 - IELTS (8)
 - MELAB (85)

All application materials must be received by December 1 for admission in the fall semester.

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Several forms of financial aid are available for graduate students in the School of Nursing. These include fellowships, scholarships, project and teaching assistantships, and loans. Most graduate assistantships cover the cost of tuition and provide a monthly stipend. Awards are made in the spring for the following academic year.

Graduate Research Scholars (GRS) fellowships are designed to support highly qualified underrepresented students in the doctoral programs. Doctoral students who are preparing to be full-time faculty in nursing programs are also eligible for the Nurse Faculty Loan Program (NFLP). These loans, supported by the federal government, are available to cover tuition and other educational expenses. When graduates become full-time

faculty members, up to 85 percent of the NFLP loan will be canceled over a four-year period.

Additional information on financial aid including application procedures is available in the School of Nursing Academic Affairs Office.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

NAMED OPTION REQUIREMENTS MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
No	No	No	Yes	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW–Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail

Minimum Credit Requirement Post–B.S.: 68 credits
Post–M.S.: 51 credits (32 credits in the program plan plus 19 credits from Master's degree)

Minimum Residence Credit Requirement Post–B.S.: 32 credits
Post–M.S.: 32 credits

Minimum Graduate Coursework Requirement Half of degree coursework must be completed graduate-level coursework; courses with the Graduate Level Coursework attribute are identified and searchable in the university's Course Guide (<http://my.wisc.edu/CourseGuideRedirect/BrowseByTitle> (<http://my.wisc.edu/CourseGuideRedirect/BrowseByTitle/>)).

Overall Graduate GPA Requirement 3.00 GPA required.

Other Grade Requirements A student may not receive more than one grade below a B (or a U grade) in any 12 month period.

Assessments and Examinations No examinations are required.

Language Requirements No language requirements.

Doctoral Minor/Breadth Requirements DNP students are not required to complete a doctoral minor.

POLICIES**GRADUATE SCHOOL POLICIES**

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

NAMED OPTION-SPECIFIC POLICIES**PRIOR COURSEWORK****Graduate Work from Other Institutions**

Post-B.S.: With program approval, students are allowed to count up to 18 credits of graduate coursework from other institutions. Graduate work should be less than five years old to be considered; additional justification and/or documentation are needed for work taken between five and ten years. Work more than ten years old will not be considered.

Post-M.S.: With program approval, students are allowed to count up to 19 credits of graduate coursework from other institutions. Graduate work should be less than five years old to be considered; additional justification and/or documentation are needed for work taken between five and ten years. Work more than ten years old will not be considered unless students are board certified advanced practice nurses (APN) and have continuous practice as an APN.

UW-Madison Undergraduate

No undergraduate coursework will be allowed to count toward DNP requirements.

UW-Madison University Special

With program approval, students are allowed to count no more than 9 credits of coursework numbered 300 or above taken as a UW-Madison University Special student. These credits are considered part of the total allowable credits available for a student to transfer. Coursework should be less than five years old to be considered; additional justification and/or

documentation is needed for work taken between five and ten years. Work more than ten years old will not be considered.

PROBATION

A semester GPA below 3.0 will result in the student being placed on academic probation. If a student has not returned to satisfactory progress by the determined deadline, a decision about whether the student will be permitted to continue will be made by the graduate programs committee (or appropriate subcommittee) with input from the student's advisor.

ADVISOR / COMMITTEE

Progression is reviewed each semester by academic affairs office staff and advisors.

CREDITS PER TERM ALLOWED

15 credits

TIME CONSTRAINTS

Post-B.S.: Students must complete the requirements within six years of admission. Upon the advisor's recommendation, the associate dean for academic programs may grant a one-year extension.

Post-M.S.: Students must complete the requirements within four years of admission to the program. Upon the advisor's recommendation, the associate dean for academic programs may grant a one-year extension.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Student Appeals and Grievance Procedures

Students who feel that they have been treated unfairly have the right to question this treatment and receive prompt hearing of the grievance. Before instituting an appeal or grievance, students should discuss their particular situations with an appropriate staff member, e.g., faculty member, assistant dean, associate dean, or adviser.

Section One: Appeals

Appeals are limited to requests to continue in the curriculum after being dropped from the program for academic reasons.

Procedure Filing Appeal

Graduate Student: A written appeal must be filed with the Assistant Dean for Academic Affairs within 10 working days of the date of the letter notifying the student of the decision to discontinue the student in the program, or the right to appeal is waived. The appellant (student) must submit to the Assistant Dean the following information:

1. A written statement addressed to the Chairperson of the appropriate appeals committee specifying:
 - Precise grounds on which the appeal is based.
 - Circumstances associated with the need to appeal.
 - Arguments supporting the appeal.
 - Description of proposed remedial actions to be taken to improve the student's academic performance.
2. The appellant may also submit letters of support from persons knowledgeable about the appellant's current and/or past academic work and/or other matters related to the appellant's academic performance. Any such letters must be submitted to the Assistant Dean by the same deadline.

Appeals Committee

Graduate Student: For the purposes of hearing the appeal, the Assistant Dean will arrange an appeals committee that consists of at least three School of Nursing faculty members and that includes at least one member of the Graduate Programs Committee. The Assistant Dean will collect the information relative to the appellant's academic situation and forward the information to the Appeals Committee.

Appeals Committee Meeting

- Within 15 working days of the filing of the appeal, the Appeals Committee will schedule a meeting date for the purposes of hearing the appeal.
- Appellant must appear before the Appeals Committee to present the appeal. Appellant may have a support person accompany him or her to the meeting with the Appeals Committee. Appellant must address the Appeals Committee under all circumstances. Appellant's chosen support person is limited to providing advice and support to appellant. No fewer than three working days prior to the meeting with the Appeals Committee, the appellant shall identify to the Committee the individual's appellant wishes to be present at the meeting for the purpose of providing the Appeals Committee with information about the appeal.

The Appeals Committee is authorized to decide the appeal and is responsible for the following:

1. Reviewing all data presented by the Appellant and others.
2. Discussing the argument presented by Appellant and inviting Appellant to contribute to the discussion.
3. Limiting statements of appellant and other individuals where information being presented is irrelevant, unduly repetitious, or disrespectful.
 - Deciding the appeal and providing a written decision, including the reasons therefore, to the Appellant and the appropriate Assistant Dean within 15 working days of the Appeals Committee meeting. The written decision shall identify and include where appropriate:
 - Appellant's stated reason for the appeal
 - Action taken by the Appeals Committee
 - Stipulations and recommendations for appellant's continuation in program (where appeal granted)
 - Rationale for decision
 - Names of individuals present at the hearing
 - Notice of appellant's right to appeal the Appeals Committee decision to the Associate Dean for Academic Affairs.
4. If the appeal is granted, the Appeals Committee will discuss with the Appellant any stipulations (binding) and recommendations (non-binding) for continuation in the program.

Review of Appeals Committee Decision

1. A written request for review of the Appeals Committee Decision by the Dean of the School of Nursing or the Dean's designee must be submitted to the Associate Dean for Academic Affairs within 20 working days of the date of notification of the Committee's initial decision.

The request must state the specific grounds for appeal which are limited to:

- School policies were incorrectly applied;
- Decision is contrary to state or federal law;
- Proper appeal procedures were not followed; or
- Unfounded, arbitrary, or irrelevant assumptions of fact regarding the appellant's performance were made by the Appeals Committee. Appellant must also identify the specific aspects of the Committee decision that he or she believes meet the criteria cited as a basis for appeal.

The Dean or the Dean's designee may meet with the appellant to discuss the request for review.

- a. Copies of the information submitted to the Appeals Committee and the Appeals Committee decision shall be provided to the Dean or the Dean's designee for review. Only facts and information presented to the Appeals Committee may be introduced to and considered by the Dean or the Dean's designee.
- b. The burden of proof shall be on the student to demonstrate by a preponderance of the evidence that the Appeals Committee's decision was the result of one or more of the above bases for appeal.
- c. The Dean or the Dean's designee shall notify Appellant and the Appeals Committee in writing within 30 working days of receipt of the request for review of the Appeals Committee

decision or the appellant's meeting with the Dean's or Dean's designee, whichever is later, stating the action on the appeal and the grounds for the action taken.

d. The decision by the Dean or the Dean's designee on review is final.

e. Graduate students may seek Graduate School Procedural Review of the decision by the Dean or the Dean's designee. Please contact The Graduate School Office of Academic Services & Fellowship Administration in 217 Bascom Hall or at 608-262-2433 for information regarding this process.

Note: Deadlines referenced herein may only be altered by mutual agreement of the parties. Any such agreement must be in writing.

Section Two: Grievances

Informal Resolution

Any student in the School of Nursing who believes that he or she has been treated inequitably is encouraged to resolve the matter informally. The student should first talk with the person or group at whom the grievance is directed in an attempt to resolve the issue informally. The student may contact the Associate Dean for Academic Affairs for assistance in resolving the matter informally. The student may also contact the following groups for assistance in reaching an informal resolution and/or information regarding other possible formal procedures to resolve the matter.

1. Contact the UW-Madison Equity and Diversity Resource Center for information and assistance regarding discrimination or disability issues.
2. Contact the Dean of Students for information about resources for addressing student concerns.

School of Nursing Grievance Procedure:

The grievance procedure is available to resolve student concerns regarding inequitable treatment that have not been satisfactorily resolved through the informal resolution process or where the student believes that informal resolution would not be productive. The grievance procedure is described below. Through the grievance process, the student may be accompanied by a support person. The use of this grievance procedure shall not prevent the student from seeking redress through another administrative or legal process.

1. To initiate the formal grievance procedure, the student must submit his or her grievance, in writing, to the Associate Dean for Academic Affairs.
2. The written grievance shall include:
 - a statement that the student wishes a review of the situation by a Grievance Committee;
 - the identification of the person or group at whom the grievance is directed;
 - the specifics of the perceived inequitable treatment;
 - evidence in support of the student's belief that he or she has been treated inequitably; and
 - the outcome or resolution desired by the student.

3. A grievance must be initiated no later than 20 calendar days from the time the student knew or could reasonably have been expected to have known of the circumstances giving rise to the grievance. Initiation of the informal procedure described above within the 20- day period will extend

the deadline for initiating the grievance to 40 calendar days from the time the student knew or could reasonably have been expected to have known of the circumstances giving rise to the grievance.

4. Within 30 calendar days after receiving the grievance, the Associate Dean for Academic Affairs shall arrange for a committee meeting. The Committee may request a written response from the person or group at whom the grievance is directed, may ask for additional information from any or all parties involved, may request that the parties involved appear before the Committee, and/or may take other steps in attempting to resolve the grievance.

5. Within 60 calendar days after receiving the grievance from the Associate Dean for Academic Affairs, the Committee shall send a written report of the Committee's recommendations to the Associate Dean for Academic Affairs. The student will also receive a copy of the report. The report shall include notice to the student of his or her right to appeal the Committee's recommendation to the Dean of the School of Nursing.

6. A student wishing to appeal the Committee's recommendation to the Dean of the School of Nursing must submit a written appeal to the Dean within 10 calendar days of the date of the Committee's report. The request must state the specific bases for appeal and identify the specific aspects of the Committee's recommendation that he or she believes are the subject of the bases for appeal. Where an appeal is filed with the Dean, a copy of the Committee's report shall be provided to the Dean for review. Only facts presented to the Committee may be introduced to and considered by the Dean. The Dean shall notify the appellant and the Committee in writing within 30 calendar days of receiving the written appeal stating the action on the appeal and the grounds for the action taken.

Section Three: Course Grade Appeals Process

If a student believes s/he has been awarded a grade for a course that does not adequately represent her/his performance in the course, they should speak with the course faculty member in an effort to attempt to resolve the issue informally. This must be done within 10 working days of receipt of the grade. During this informal process both student and faculty may consult with the Associate Dean for Academic Affairs to seek resolution of the issue.

If the student remains dissatisfied with the grade, the student has the option to initiate the formal Grievance procedure. To do this, the student must submit the grievance, in writing, to the Associate Dean for Academic Affairs within 10 working days. The Associate Dean will appoint a committee to hear the grievance. The decision of the committee is final. There is no further appeal.

OTHER

Several forms of financial aid are available for graduate students: traineeships, fellowships, scholarships, research and teaching assistantships, and loans.

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

PROGRAM RESOURCES

Career advising, funding, and professional development opportunities are shared with all students by a member of the School of Nursing Academic Affairs staff. Information on these support services can be found on the Student Site (<https://students.nursing.wisc.edu/career-advising/career/>).

NURSING PRACTICE: POPULATION HEALTH NURSING, DNP

This is a named option with the Nursing Practice, DNP (p. 1466).

- Online course delivery
- Population health positions
- No certification exam

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 1
Spring Deadline	This program does not admit in the spring.
Summer Deadline	This program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements (https://grad.wisc.edu/apply/requirements/#english-proficiency).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

Admission requirements for the DNP program (post-baccalaureate) are:

- Graduation from an accredited baccalaureate program in nursing
- GPA of 3.0 on the last 60 credits for the baccalaureate degree
- Unencumbered RN license
- At least one year of experience in nursing, public health, or a health-related field
- Grade of B or better in a approved statistics course within the last 5 years. (Note: The course does not need to be taken before applying, but must be successfully completed prior to the start of the fall term.)

- Application essay (see School of Nursing website (<https://nursing.wisc.edu/graduate-programs/dnp/>) for specific criteria)
- Three letters of recommendation
- Curriculum vitae or resume
- English proficiency scores: Applicants whose native language is not English, or whose undergraduate instruction was not in English, must provide an English proficiency test score. Scores are accepted if they are within two years of the start of the admission term. See the Graduate School's Admission Requirements (<http://grad.wisc.edu/admissions/requirements/>) for more information on the English proficiency requirement.

Post-BS applicants have a bachelor's degree in nursing. Applicants who have a non-APN master's degree (i.e., nurse education) are considered post-B.S. applicants and are able to waive up to 18 credits based on previous graduate coursework, pending review of syllabi.

Admission requirements for the DNP program (post-master's) are:

- Graduation from an accredited baccalaureate program in nursing
- Master's degree from an accredited program
- GPA of 3.5 for the master's degree
- Unencumbered RN license
- At least one year of experience in nursing, public health, or a health-related field
- Grade of B or better in a graduate level statistics course within the last 5 years. (Note: The course does not need to be taken before applying, but must be successfully completed prior to the start of the fall term.)
- Application essay (see School of Nursing website (<https://nursing.wisc.edu/graduate-programs/dnp/>) for specific criteria)
- Three letters of recommendation
- Curriculum vitae or resume
- English proficiency scores: Applicants whose native language is not English, or whose undergraduate instruction was not in English, must provide an English proficiency test score. Scores are accepted if they are within two years of the start of the admission term. See the Graduate School's Admission Requirements (<http://grad.wisc.edu/admissions/requirements/>) for more information on the English proficiency requirement.

Additional admission requirements for international applicants are:

- CGFNS Certification
- Minimum English proficiency scores in one of the following:
 - TOEFL (600 PBT, 100 iBT)
 - IELTS (8)
 - MELAB (85)

All application materials must be received by December 1 for admission in the fall semester.

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School.

Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM INFORMATION

Students enrolled in this program are not eligible to receive tuition remission from graduate assistantship appointments at this institution.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

NAMED OPTION REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
No	No	Yes	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW–Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail

Minimum Credit Requirement 58 credits

Minimum Residence Credit Requirement 32 credits

Minimum Graduate Coursework Requirement 29 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy (<https://policy.wisc.edu/library/UW-1244>).

Overall Graduate GPA Requirement	3.00 GPA required. This program follows the Graduate School's GPA Requirement policy (https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/)).
----------------------------------	--

Other Grade Requirements A student may not receive more than one grade below a B (or a U grade) in any 12 month period.

Assessments and Examinations No examinations are required.

Language Requirements No language requirements.

Breadth Requirement DNP students are not required to complete a doctoral minor or Graduate/Professional certificate.

Student Appeals and Grievance Procedures

Students who feel that they have been treated unfairly have the right to question this treatment and receive prompt hearing of the grievance. Before instituting an appeal or grievance, students should discuss their particular situations with an appropriate staff member, e.g., faculty member, assistant dean, associate dean, or adviser.

Section One: Appeals

Appeals are limited to requests to continue in the curriculum after being dropped from the program for academic reasons.

Procedure Filing Appeal

Graduate Student: A written appeal must be filed with the Assistant Dean for Academic Affairs within 10 working days of the date of the letter notifying the student of the decision to discontinue the student in the program, or the right to appeal is waived. The appellant (student) must submit to the Assistant Dean the following information:

1. A written statement addressed to the Chairperson of the appropriate appeals committee specifying:
 - Precise grounds on which the appeal is based.
 - Circumstances associated with the need to appeal.
 - Arguments supporting the appeal.
 - Description of proposed remedial actions to be taken to improve the student's academic performance.
2. The appellant may also submit letters of support from persons knowledgeable about the appellant's current and/or past academic work and/or other matters related to the appellant's academic performance. Any such letters must be submitted to the Assistant Dean by the same deadline.

Appeals Committee

Graduate Student: For the purposes of hearing the appeal, the Assistant Dean will arrange an appeals committee that consists of at least three School of Nursing faculty members and that includes at least one member of the Graduate Programs Committee. The Assistant Dean will collect the information relative to the appellant's academic situation and forward the information to the Appeals Committee.

Appeals Committee Meeting

- Within 15 working days of the filing of the appeal, the Appeals Committee will schedule a meeting date for the purposes of hearing the appeal.
- Appellant must appear before the Appeals Committee to present the appeal. Appellant may have a support person accompany him or her to the meeting with the Appeals Committee. Appellant must address the Appeals Committee under all circumstances. Appellant's chosen support person is limited to providing advice and support to appellant. No fewer than three working days prior to the meeting with the Appeals Committee, the appellant shall identify to the Committee the individual's appellant wishes to be present at the meeting for the purpose of providing the Appeals Committee with information about the appeal.

The Appeals Committee is authorized to decide the appeal and is responsible for the following:

1. Reviewing all data presented by the Appellant and others.
2. Discussing the argument presented by Appellant and inviting Appellant to contribute to the discussion.
3. Limiting statements of appellant and other individuals where information being presented is irrelevant, unduly repetitious, or disrespectful.
 - Deciding the appeal and providing a written decision, including the reasons therefore, to the Appellant and the appropriate Assistant Dean within 15 working days of the Appeals Committee meeting. The written decision shall identify and include where appropriate:
 - Appellant's stated reason for the appeal
 - Action taken by the Appeals Committee
 - Stipulations and recommendations for appellant's continuation in program (where appeal granted)
 - Rationale for decision
 - Names of individuals present at the hearing
 - Notice of appellant's right to appeal the Appeals Committee decision to the Associate Dean for Academic Affairs.
4. If the appeal is granted, the Appeals Committee will discuss with the Appellant any stipulations (binding) and recommendations (non-binding) for continuation in the program.

Review of Appeals Committee Decision

1. A written request for review of the Appeals Committee Decision by the Dean of the School of Nursing or the Dean's designee must be submitted to the Associate Dean for Academic Affairs within 20 working days of the date of notification of the Committee's initial decision. The request must state the specific grounds for appeal which are limited to:
 - School policies were incorrectly applied;
 - Decision is contrary to state or federal law;
 - Proper appeal procedures were not followed; or
 - Unfounded, arbitrary, or irrelevant assumptions of fact regarding the appellant's performance were made by the Appeals Committee. Appellant must also identify the specific aspects of the Committee decision that he or she believes meet the criteria cited as a basis for appeal.

The Dean or the Dean's designee may meet with the appellant to discuss the request for review.

- a. Copies of the information submitted to the Appeals Committee and the Appeals Committee decision shall be provided to the Dean or the Dean's designee for review. Only facts and information presented to the Appeals Committee may be introduced to and considered by the Dean or the Dean's designee.
- b. The burden of proof shall be on the student to demonstrate by a preponderance of the evidence that the Appeals Committee's decision was the result of one or more of the above bases for appeal.
- c. The Dean or the Dean's designee shall notify Appellant and the Appeals Committee in writing within 30 working days of receipt of the request for review of the Appeals Committee

decision or the appellant's meeting with the Dean's or Dean's designee, whichever is later, stating the action on the appeal and the grounds for the action taken.

d. The decision by the Dean or the Dean's designee on review is final.

e. Graduate students may seek Graduate School Procedural Review of the decision by the Dean or the Dean's designee. Please contact The Graduate School Office of Academic Services & Fellowship Administration in 217 Bascom Hall or at 608-262-2433 for information regarding this process.

Note: Deadlines referenced herein may only be altered by mutual agreement of the parties. Any such agreement must be in writing.

Section Two: Grievances Informal Resolution

Any student in the School of Nursing who believes that he or she has been treated inequitably is encouraged to resolve the matter informally. The student should first talk with the person or group at whom the grievance is directed in an attempt to resolve the issue informally. The student may contact the Associate Dean for Academic Affairs for assistance in resolving the matter informally. The student may also contact the following groups for assistance in reaching an informal resolution and/or information regarding other possible formal procedures to resolve the matter.

1. Contact the UW-Madison Equity and Diversity Resource Center for information and assistance regarding discrimination or disability issues.
2. Contact the Dean of Students for information about resources for addressing student concerns.

School of Nursing Grievance Procedure:

The grievance procedure is available to resolve student concerns regarding inequitable treatment that have not been satisfactorily resolved through the informal resolution process or where the student believes that informal resolution would not be productive. The grievance procedure is described below. Through the grievance process, the student may be accompanied by a support person. The use of this grievance procedure shall not prevent the student from seeking redress through another administrative or legal process.

1. To initiate the formal grievance procedure, the student must submit his or her grievance, in writing, to the Associate Dean for Academic Affairs.
2. The written grievance shall include:
 - a statement that the student wishes a review of the situation by a Grievance Committee;
 - the identification of the person or group at whom the grievance is directed;
 - the specifics of the perceived inequitable treatment;
 - evidence in support of the student's belief that he or she has been treated inequitably; and
 - the outcome or resolution desired by the student.

3. A grievance must be initiated no later than 20 calendar days from the time the student knew or could reasonably have been expected to have known of the circumstances giving rise to the grievance. Initiation of the informal procedure described above within the 20- day period will extend

the deadline for initiating the grievance to 40 calendar days from the time the student knew or could reasonably have been expected to have known of the circumstances giving rise to the grievance.

4. Within 30 calendar days after receiving the grievance, the Associate Dean for Academic Affairs shall arrange for a committee meeting. The Committee may request a written response from the person or group at whom the grievance is directed, may ask for additional information from any or all parties involved, may request that the parties involved appear before the Committee, and/or may take other steps in attempting to resolve the grievance.

5. Within 60 calendar days after receiving the grievance from the Associate Dean for Academic Affairs, the Committee shall send a written report of the Committee's recommendations to the Associate Dean for Academic Affairs. The student will also receive a copy of the report. The report shall include notice to the student of his or her right to appeal the Committee's recommendation to the Dean of the School of Nursing.

6. A student wishing to appeal the Committee's recommendation to the Dean of the School of Nursing must submit a written appeal to the Dean within 10 calendar days of the date of the Committee's report. The request must state the specific bases for appeal and identify the specific aspects of the Committee's recommendation that he or she believes are the subject of the bases for appeal. Where an appeal is filed with the Dean, a copy of the Committee's report shall be provided to the Dean for review. Only facts presented to the Committee may be introduced to and considered by the Dean. The Dean shall notify the appellant and the Committee in writing within 30 calendar days of receiving the written appeal stating the action on the appeal and the grounds for the action taken.

Section Three: Course Grade Appeals Process

If a student believes s/he has been awarded a grade for a course that does not adequately represent her/his performance in the course, they should speak with the course faculty member in an effort to attempt to resolve the issue informally. This must be done within 10 working days of receipt of the grade. During this informal process both student and faculty may consult with the Associate Dean for Academic Affairs to seek resolution of the issue.

If the student remains dissatisfied with the grade, the student has the option to initiate the formal Grievance procedure. To do this, the student must submit the grievance, in writing, to the Associate Dean for Academic Affairs within 10 working days. The Associate Dean will appoint a committee to hear the grievance. The decision of the committee is final. There is no further appeal.

NURSING PRACTICE: PSYCHIATRIC MENTAL HEALTH NURSE PRACTITIONER, DNP

This is a named option with the Nursing Practice, DNP (p. 1466).

- Hybrid course delivery
- APRN
- Nurse Practitioner
- ANCC Psychiatric-Mental Health NP (<https://www.nursingworld.org/our-certifications/psychiatric-mental-health-nurse-practitioner/>)

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 1
Spring Deadline	This program does not admit in the spring.
Summer Deadline	This program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements (https://grad.wisc.edu/apply/requirements/#english-proficiency).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

Admission requirements for the DNP program (post-baccalaureate) are:

- Graduation from an accredited baccalaureate program in nursing
- GPA of 3.0 on the last 60 credits for the baccalaureate degree
- RN license
- One year of professional nursing experience

- Grade of B or better in a approved statistics course within the last 5 years. (Note: The course does not need to be taken before applying, but must be successfully completed prior to the start of the fall term.)
- Application essay (see School of Nursing website (<https://nursing.wisc.edu/graduate-programs/dnp/>) for specific criteria)
- Three letters of recommendation
- Curriculum vitae or resume
- English proficiency scores: Applicants whose native language is not English, or whose undergraduate instruction was not in English, must provide an English proficiency test score. Scores are accepted if they are within two years of the start of the admission term. See the Graduate School's Admission Requirements (<http://grad.wisc.edu/admissions/requirements/>) for more information on the English proficiency requirement.

Post-BS applicants have a bachelor's degree in nursing. Applicants who have a non-APN master's degree (i.e., nurse education) are considered post-B.S. applicants and are able to waive up to 18 credits based on previous graduate coursework, pending review of syllabi.

Admission requirements for the DNP program (post-master's) are:

- Graduation from an accredited baccalaureate program in nursing
- Master's degree in a specialty track from an accredited nursing program
- GPA of 3.5 for the master's degree
- RN license
- Certification as an advanced practice nurse
- One year of professional nursing experience
- Grade of B or better in a graduate level statistics course within the last 5 years. (Note: The course does not need to be taken before applying, but must be successfully completed prior to the start of the fall term.)
- Application essay (see School of Nursing website (<https://nursing.wisc.edu/graduate-programs/dnp/>) for specific criteria)
- Three letters of recommendation
- Curriculum vitae or resume
- English proficiency scores: Applicants whose native language is not English, or whose undergraduate instruction was not in English, must provide an English proficiency test score. Scores are accepted if they are within two years of the start of the admission term. See the Graduate School's Admission Requirements (<http://grad.wisc.edu/admissions/requirements/>) for more information on the English proficiency requirement.

Additional admission requirements for international applicants are:

- CGFNS Certification
- Minimum English proficiency scores in one of the following:
 - TOEFL (600 PBT, 100 iBT)
 - IELTS (8)
 - MELAB (85)

All application materials must be received by December 1 for admission in the fall semester.

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Several forms of financial aid are available for graduate students in the School of Nursing. These include fellowships, scholarships, project and teaching assistantships, and loans. Most graduate assistantships cover the cost of tuition and provide a monthly stipend. Awards are made in the spring for the following academic year.

Graduate Research Scholars (GRS) fellowships are designed to support highly qualified underrepresented students in the doctoral programs. Doctoral students who are preparing to be full-time faculty in nursing programs are also eligible for the Nurse Faculty Loan Program (NFLP). These loans, supported by the federal government, are available to cover tuition and other educational expenses. When graduates become full-time faculty members, up to 85 percent of the NFLP loan will be canceled over a four-year period.

Additional information on financial aid including application procedures is available in the School of Nursing Academic Affairs Office.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

NAMED OPTION REQUIREMENTS MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
No	No	No	Yes	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW-Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail

Minimum Credit Requirement	Post-B.S.: 68 credits
Residence Credit Requirement	Post-M.S.: 51 credits (32 credits in the program plan plus 19 credits from Master's degree)
Minimum Residence Credit Requirement	Post-B.S.: 32 credits
Residence Credit Requirement	Post-M.S.: 32 credits
Minimum Graduate Coursework Requirement	Half of degree coursework must be completed graduate-level coursework; courses with the Graduate Level Coursework attribute are identified and searchable in the university's Course Guide (http://my.wisc.edu/CourseGuideRedirect/BrowseByTitle (http://my.wisc.edu/CourseGuideRedirect/BrowseByTitle/)).
Overall Graduate GPA Requirement	3.00 GPA required.
Other Grade Requirements	A student may not receive more than one grade below a B (or a U grade) in any 12 month period.
Assessments and Examinations	No examinations are required.
Language Requirements	No language requirements.
Doctoral Minor/Breadth Requirements	DNP students are not required to complete a doctoral minor.

POLICIES**GRADUATE SCHOOL POLICIES**

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

NAMED OPTION-SPECIFIC POLICIES**PRIOR COURSEWORK****Graduate Work from Other Institutions**

Post-B.S.: With program approval, students are allowed to count up to 18 credits of graduate coursework from other institutions. Graduate work should be less than five years old to be considered; additional justification

and/or documentation are needed for work taken between five and ten years. Work more than ten years old will not be considered.

Post-M.S.: With program approval, students are allowed to count up to 19 credits of graduate coursework from other institutions. Graduate work should be less than five years old to be considered; additional justification and/or documentation are needed for work taken between five and ten years. Work more than ten years old will not be considered unless students are board certified advanced practice nurses (APN) and have continuous practice as an APN.

UW-Madison Undergraduate

No undergraduate coursework will be allowed to count toward DNP requirements.

UW-Madison University Special

With program approval, students are allowed to count no more than 9 credits of coursework numbered 300 or above taken as a UW-Madison University Special student. These credits are considered part of the total allowable credits available for a student to transfer. Coursework should be less than five years old to be considered; additional justification and/or documentation is needed for work taken between five and ten years. Work more than ten years old will not be considered.

PROBATION

A semester GPA below 3.0 will result in the student being placed on academic probation. If a student has not returned to satisfactory progress by the determined deadline, a decision about whether the student will be permitted to continue will be made by the graduate programs committee (or appropriate subcommittee) with input from the student's advisor.

ADVISOR / COMMITTEE

Progression is reviewed each semester by academic affairs office staff and advisors.

CREDITS PER TERM ALLOWED

15 credits

TIME CONSTRAINTS

Post-B.S.: Students must complete the requirements within six years of admission. Upon the advisor's recommendation, the associate dean for academic programs may grant a one-year extension.

Post-M.S.: Students must complete the requirements within four years of admission to the program. Upon the advisor's recommendation, the associate dean for academic programs may grant a one-year extension.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and

conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)

- Employee Disability Resource Office (<https://employeedisabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Student Appeals and Grievance Procedures

Students who feel that they have been treated unfairly have the right to question this treatment and receive prompt hearing of the grievance. Before instituting an appeal or grievance, students should discuss their particular situations with an appropriate staff member, e.g., faculty member, assistant dean, associate dean, or adviser.

Section One: Appeals

Appeals are limited to requests to continue in the curriculum after being dropped from the program for academic reasons.

Procedure Filing Appeal

Graduate Student: A written appeal must be filed with the Assistant Dean for Academic Affairs within 10 working days of the date of the letter notifying the student of the decision to discontinue the student in the program, or the right to appeal is waived. The appellant (student) must submit to the Assistant Dean the following information:

1. A written statement addressed to the Chairperson of the appropriate appeals committee specifying:
 - Precise grounds on which the appeal is based.
 - Circumstances associated with the need to appeal.
 - Arguments supporting the appeal.
 - Description of proposed remedial actions to be taken to improve the student's academic performance.
2. The appellant may also submit letters of support from persons knowledgeable about the appellant's current and/or past academic work and/or other matters related to the appellant's academic performance. Any such letters must be submitted to the Assistant Dean by the same deadline.

Appeals Committee

Graduate Student: For the purposes of hearing the appeal, the Assistant Dean will arrange an appeals committee that consists of at least three School of Nursing faculty members and that includes at least one member of the Graduate Programs Committee. The Assistant Dean will collect the information relative to the appellant's academic situation and forward the information to the Appeals Committee.

Appeals Committee Meeting

- Within 15 working days of the filing of the appeal, the Appeals Committee will schedule a meeting date for the purposes of hearing the appeal.
- Appellant must appear before the Appeals Committee to present the appeal. Appellant may have a support person accompany him or her to the meeting with the Appeals Committee. Appellant must address the Appeals Committee under all circumstances. Appellant's chosen support person is limited to providing advice and support to appellant. No fewer than three working days prior to the meeting with the Appeals Committee, the appellant shall identify to the Committee the individual's appellant wishes to be present at the meeting for the purpose of providing the Appeals Committee with information about the appeal.

The Appeals Committee is authorized to decide the appeal and is responsible for the following:

1. Reviewing all data presented by the Appellant and others.
2. Discussing the argument presented by Appellant and inviting Appellant to contribute to the discussion.
3. Limiting statements of appellant and other individuals where information being presented is irrelevant, unduly repetitious, or disrespectful.
 - Deciding the appeal and providing a written decision, including the reasons therefore, to the Appellant and the appropriate Assistant Dean within 15 working days of the Appeals Committee meeting. The written decision shall identify and include where appropriate:
 - Appellant's stated reason for the appeal
 - Action taken by the Appeals Committee
 - Stipulations and recommendations for appellant's continuation in program (where appeal granted)
 - Rationale for decision
 - Names of individuals present at the hearing
 - Notice of appellant's right to appeal the Appeals Committee decision to the Associate Dean for Academic Affairs.
4. If the appeal is granted, the Appeals Committee will discuss with the Appellant any stipulations (binding) and recommendations (non-binding) for continuation in the program.

Review of Appeals Committee Decision

1. A written request for review of the Appeals Committee Decision by the Dean of the School of Nursing or the Dean's designee must be submitted to the Associate Dean for Academic Affairs within 20 working days of the date of notification of the Committee's initial decision. The request must state the specific grounds for appeal which are limited to:
 - School policies were incorrectly applied;
 - Decision is contrary to state or federal law;
 - Proper appeal procedures were not followed; or
 - Unfounded, arbitrary, or irrelevant assumptions of fact regarding the appellant's performance were made by the Appeals Committee. Appellant must also identify the

specific aspects of the Committee decision that he or she believes meet the criteria cited as a basis for appeal.

The Dean of the Dean's designee may meet with the appellant to discuss the request for review.

- a. Copies of the information submitted to the Appeals Committee and the Appeals Committee decision shall be provided to the Dean or the Dean's designee for review. Only facts and information presented to the Appeals Committee may be introduced to and considered by the Dean or the Dean's designee.
- b. The burden of proof shall be on the student to demonstrate by a preponderance of the evidence that the Appeals Committee's decision was the result of one or more of the above bases for appeal.
- c. The Dean or the Dean's designee shall notify Appellant and the Appeals Committee in writing within 30 working days of receipt of the request for review of the Appeals Committee decision or the appellant's meeting with the Dean's or Dean's designee, whichever is later, stating the action on the appeal and the grounds for the action taken.
- d. The decision by the Dean or the Dean's designee on review is final.
- e. Graduate students may seek Graduate School Procedural Review of the decision by the Dean or the Dean's designee. Please contact The Graduate School Office of Academic Services & Fellowship Administration in 217 Bascom Hall or at 608-262-2433 for information regarding this process.

Note: Deadlines referenced herein may only be altered by mutual agreement of the parties. Any such agreement must be in writing.

Section Two: Grievances Informal Resolution

Any student in the School of Nursing who believes that he or she has been treated inequitably is encouraged to resolve the matter informally. The student should first talk with the person or group at whom the grievance is directed in an attempt to resolve the issue informally. The student may contact the Associate Dean for Academic Affairs for assistance in resolving the matter informally. The student may also contact the following groups for assistance in reaching an informal resolution and/or information regarding other possible formal procedures to resolve the matter.

1. Contact the UW-Madison Equity and Diversity Resource Center for information and assistance regarding discrimination or disability issues.
2. Contact the Dean of Students for information about resources for addressing student concerns.

School of Nursing Grievance Procedure:

The grievance procedure is available to resolve student concerns regarding inequitable treatment that have not been satisfactorily resolved through the informal resolution process or where the student believes that informal resolution would not be productive. The grievance procedure is described below. Through the grievance process, the student may be accompanied by a support person. The use of this grievance procedure shall not prevent

the student from seeking redress through another administrative or legal process.

1. To initiate the formal grievance procedure, the student must submit his or her grievance, in writing, to the Associate Dean for Academic Affairs.
2. The written grievance shall include:
 - a statement that the student wishes a review of the situation by a Grievance Committee;
 - the identification of the person or group at whom the grievance is directed;
 - the specifics of the perceived inequitable treatment;
 - evidence in support of the student's belief that he or she has been treated inequitably; and
 - the outcome or resolution desired by the student.

3. A grievance must be initiated no later than 20 calendar days from the time the student knew or could reasonably have been expected to have known of the circumstances giving rise to the grievance. Initiation of the informal procedure described above within the 20- day period will extend the deadline for initiating the grievance to 40 calendar days from the time the student knew or could reasonably have been expected to have known of the circumstances giving rise to the grievance.

4. Within 30 calendar days after receiving the grievance, the Associate Dean for Academic Affairs shall arrange for a committee meeting. The Committee may request a written response from the person or group at whom the grievance is directed, may ask for additional information from any or all parties involved, may request that the parties involved appear before the Committee, and/or may take other steps in attempting to resolve the grievance.

5. Within 60 calendar days after receiving the grievance from the Associate Dean for Academic Affairs, the Committee shall send a written report of the Committee's recommendations to the Associate Dean for Academic Affairs. The student will also receive a copy of the report. The report shall include notice to the student of his or her right to appeal the Committee's recommendation to the Dean of the School of Nursing.

6. A student wishing to appeal the Committee's recommendation to the Dean of the School of Nursing must submit a written appeal to the Dean within 10 calendar days of the date of the Committee's report. The request must state the specific bases for appeal and identify the specific aspects of the Committee's recommendation that he or she believes are the subject of the bases for appeal. Where an appeal is filed with the Dean, a copy of the Committee's report shall be provided to the Dean for review. Only facts presented to the Committee may be introduced to and considered by the Dean. The Dean shall notify the appellant and the Committee in writing within 30 calendar days of receiving the written appeal stating the action on the appeal and the grounds for the action taken.

Section Three: Course Grade Appeals Process

If a student believes s/he has been awarded a grade for a course that does not adequately represent her/his performance in the course, they should speak with the course faculty member in an effort to attempt to resolve the issue informally. This must be done within 10 working days of receipt of the grade. During this informal process both student and faculty may consult with the Associate Dean for Academic Affairs to seek resolution of the issue.

If the student remains dissatisfied with the grade, the student has the option to initiate the formal Grievance procedure. To do this, the student must submit the grievance, in writing, to the Associate Dean for Academic Affairs within 10 working days. The Associate Dean will appoint a committee to hear the grievance. The decision of the committee is final. There is no further appeal.

OTHER

Several forms of financial aid are available for graduate students: traineeships, fellowships, scholarships, research and teaching assistantships, and loans.

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

PROGRAM RESOURCES

Career advising, funding, and professional development opportunities are shared with all students by a member of the School of Nursing Academic Affairs staff. Information on these support services can be found on the Student Site (<https://students.nursing.wisc.edu/career-advising/career/>).

NURSING PRACTICE: SYSTEMS LEADERSHIP AND INNOVATION, DNP

This is a named option with the Nursing Practice, DNP (p. 1466).

- Online course delivery
- Leadership positions
- No certification exam

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 1
Spring Deadline	This program does not admit in the spring.
Summer Deadline	This program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.

English Proficiency Test Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements (<https://grad.wisc.edu/apply/requirements/#english-proficiency>).

Other Test(s) (e.g., GMAT, MCAT) n/a

Letters of Recommendation Required 3

Admission requirements for the DNP program (post-baccalaureate) are:

- Graduation from an accredited baccalaureate program in nursing
- GPA of 3.0 on the last 60 credits for the baccalaureate degree
- Unencumbered RN license
- At least one year of experience in nursing, public health, or a health-related field
- Grade of B or better in a approved statistics course within the last 5 years. (Note: The course does not need to be taken before applying, but must be successfully completed prior to the start of the fall term.)
- Application essay (see School of Nursing website (<http://www.son.wisc.edu/>) for specific criteria)
- Three letters of recommendation
- Curriculum vitae or resume
- English proficiency scores: Applicants whose native language is not English, or whose undergraduate instruction was not in English, must provide an English proficiency test score. Scores are accepted if they are within two years of the start of the admission term. See the Graduate School's Admission Requirements (<http://grad.wisc.edu/admissions/requirements/>) for more information on the English proficiency requirement.

Post-BS applicants have a bachelor's degree in nursing. Applicants who have a non-APN master's degree (i.e., nurse education) are considered post-B.S. applicants and are able to waive up to 18 credits based on previous graduate coursework, pending review of syllabi.

Admission requirements for the DNP program (post-master's) are:

- Graduation from an accredited baccalaureate program in nursing
- Master's degree from an accredited program
- GPA of 3.5 for the master's degree
- Unencumbered RN license
- Certification as an advanced practice nurse
- At least one year of experience in nursing, public health, or a health-related field
- Grade of B or better in a graduate level statistics course within the last 5 years. (Note: The course does not need to be taken before applying, but must be successfully completed prior to the start of the fall term.)
- Application essay (see School of Nursing website (<https://nursing.wisc.edu/graduate-programs/dnp/>) for specific criteria)
- Three letters of recommendation
- Curriculum vitae or resume
- English proficiency scores: Applicants whose native language is not English, or whose undergraduate instruction was not in English, must provide an English proficiency test score. Scores are accepted if they are within two years of the start of the admission term. See the

Graduate School's Admission Requirements (<http://grad.wisc.edu/admissions/requirements/>) for more information on the English proficiency requirement.

Additional admission requirements for international applicants are:

- CGFNS Certification
- Minimum English proficiency scores in one of the following:
 - TOEFL (600 PBT, 100 iBT)
 - IELTS (8)
 - MELAB (85)

All application materials must be received by December 1 for admission in the fall semester.

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM INFORMATION

Students enrolled in this program are not eligible to receive tuition remission from graduate assistantship appointments at this institution.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

NAMED OPTION REQUIREMENTS MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
No	No	Yes	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW-Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail	
Minimum Credit Requirement	58 credits
Minimum Residence Credit Requirement	32 credits
Minimum Graduate Coursework Requirement	29 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy (https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/)).
Overall Graduate GPA Requirement	3.00 GPA required. This program follows the Graduate School's GPA Requirement policy (https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/)).
Other Grade Requirements	A student may not receive more than one grade below a B (or a U grade) in any 12 month period.
Assessments and Examinations	No examinations are required.
Language Requirements	No language requirements.
Breadth Requirement	DNP students are not required to complete a doctoral minor or Graduate/Professional certificate.

Students in this program may not take courses outside the prescribed curriculum without faculty advisor and program director approval. Students in this program cannot enroll concurrently in other undergraduate, graduate or certificate programs.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

NAMED OPTION-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Work from Other Institutions

Post-B.S.: With program approval, students are allowed to count up to 18 credits of graduate coursework from other institutions. Graduate work should be less than five years old to be considered; additional justification and/or documentation are needed for work taken between five and ten years. Work more than ten years old will not be considered.

Post-M.S.: With program approval, students are allowed to count up to 19 credits of graduate coursework from other institutions. Graduate work should be less than five years old to be considered; additional justification and/or documentation are needed for work taken between five and ten years. Work more than ten years old will not be considered unless students are board certified advanced practice nurses (APN) and have continuous practice as an APN.

UW–Madison Undergraduate

No undergraduate coursework will be allowed to count toward DNP requirements.

UW–Madison University Special

With program approval, students are allowed to count no more than 9 credits of coursework numbered 300 or above taken as a UW–Madison University Special student. These credits are considered part of the total allowable credits available for a student to transfer. Coursework should be less than five years old to be considered; additional justification and/or documentation is needed for work taken between five and ten years. Work more than ten years old will not be considered.

PROBATION

This program follows the Graduate School's Probation policy.

ADVISOR / COMMITTEE

This program follows the Graduate School's Advisor policy and the Graduate School's Committees policy.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

Post–B.S.: Students must complete the requirements within six years of admission. Upon the advisor's recommendation, the associate dean for academic programs may grant a one-year extension.

Post–M.S.: Students must complete the requirements within four years of admission to the program. Upon the advisor's recommendation, the associate dean for academic programs may grant a one-year extension.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeedisabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)

- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Student Appeals and Grievance Procedures

Students who feel that they have been treated unfairly have the right to question this treatment and receive prompt hearing of the grievance. Before instituting an appeal or grievance, students should discuss their particular situations with an appropriate staff member, e.g., faculty member, assistant dean, associate dean, or adviser.

Section One: Appeals

Appeals are limited to requests to continue in the curriculum after being dropped from the program for academic reasons.

Procedure Filing Appeal

Graduate Student: A written appeal must be filed with the Assistant Dean for Academic Affairs within 10 working days of the date of the letter notifying the student of the decision to discontinue the student in the program, or the right to appeal is waived. The appellant (student) must submit to the Assistant Dean the following information:

1. A written statement addressed to the Chairperson of the appropriate appeals committee specifying:
 - Precise grounds on which the appeal is based.
 - Circumstances associated with the need to appeal.
 - Arguments supporting the appeal.
 - Description of proposed remedial actions to be taken to improve the student's academic performance.
2. The appellant may also submit letters of support from persons knowledgeable about the appellant's current and/or past academic work and/or other matters related to the appellant's academic performance. Any such letters must be submitted to the Assistant Dean by the same deadline.

Appeals Committee

Graduate Student: For the purposes of hearing the appeal, the Assistant Dean will arrange an appeals committee that consists of at least three School of Nursing faculty members and that includes at least one member of the Graduate Programs Committee. The Assistant Dean will collect the information relative to the appellant's academic situation and forward the information to the Appeals Committee.

Appeals Committee Meeting

- Within 15 working days of the filing of the appeal, the Appeals Committee will schedule a meeting date for the purposes of hearing the appeal.
- Appellant must appear before the Appeals Committee to present the appeal. Appellant may have a support person accompany him or her to the meeting with the Appeals Committee. Appellant must address the Appeals Committee under all circumstances. Appellant's chosen support person is limited to providing advice and support to appellant. No fewer than three working days prior to the meeting with the Appeals Committee, the appellant shall identify to the Committee the individual's appellant wishes to be present at the meeting for the

purpose of providing the Appeals Committee with information about the appeal.

The Appeals Committee is authorized to decide the appeal and is responsible for the following:

1. Reviewing all data presented by the Appellant and others.
2. Discussing the argument presented by Appellant and inviting Appellant to contribute to the discussion.
3. Limiting statements of appellant and other individuals where information being presented is irrelevant, unduly repetitious, or disrespectful.
 - Deciding the appeal and providing a written decision, including the reasons therefore, to the Appellant and the appropriate Assistant Dean within 15 working days of the Appeals Committee meeting. The written decision shall identify and include where appropriate:
 - Appellant's stated reason for the appeal
 - Action taken by the Appeals Committee
 - Stipulations and recommendations for appellant's continuation in program (where appeal granted)
 - Rationale for decision
 - Names of individuals present at the hearing
 - Notice of appellant's right to appeal the Appeals Committee decision to the Associate Dean for Academic Affairs.
4. If the appeal is granted, the Appeals Committee will discuss with the Appellant any stipulations (binding) and recommendations (non-binding) for continuation in the program.

Review of Appeals Committee Decision

1. A written request for review of the Appeals Committee Decision by the Dean of the School of Nursing or the Dean's designee must be submitted to the Associate Dean for Academic Affairs within 20 working days of the date of notification of the Committee's initial decision. The request must state the specific grounds for appeal which are limited to:
 - School policies were incorrectly applied;
 - Decision is contrary to state or federal law;
 - Proper appeal procedures were not followed; or
 - Unfounded, arbitrary, or irrelevant assumptions of fact regarding the appellant's performance were made by the Appeals Committee. Appellant must also identify the specific aspects of the Committee decision that he or she believes meet the criteria cited as a basis for appeal.

The Dean or the Dean's designee may meet with the appellant to discuss the request for review.

- a. Copies of the information submitted to the Appeals Committee and the Appeals Committee decision shall be provided to the Dean or the Dean's designee for review. Only facts and information presented to the Appeals Committee may be introduced to and considered by the Dean or the Dean's designee.
- b. The burden of proof shall be on the student to demonstrate by a preponderance of the evidence that the Appeals

Committee's decision was the result of one or more of the above bases for appeal.

c. The Dean or the Dean's designee shall notify Appellant and the Appeals Committee in writing within 30 working days of receipt of the request for review of the Appeals Committee decision or the appellant's meeting with the Dean's or Dean's designee, whichever is later, stating the action on the appeal and the grounds for the action taken.

d. The decision by the Dean or the Dean's designee on review is final.

e. Graduate students may seek Graduate School Procedural Review of the decision by the Dean or the Dean's designee. Please contact The Graduate School Office of Academic Services & Fellowship Administration in 217 Bascom Hall or at 608-262-2433 for information regarding this process.

Note: Deadlines referenced herein may only be altered by mutual agreement of the parties. Any such agreement must be in writing.

Section Two: Grievances

Informal Resolution

Any student in the School of Nursing who believes that he or she has been treated inequitably is encouraged to resolve the matter informally. The student should first talk with the person or group at whom the grievance is directed in an attempt to resolve the issue informally. The student may contact the Associate Dean for Academic Affairs for assistance in resolving the matter informally. The student may also contact the following groups for assistance in reaching an informal resolution and/or information regarding other possible formal procedures to resolve the matter.

1. Contact the UW-Madison Equity and Diversity Resource Center for information and assistance regarding discrimination or disability issues.
2. Contact the Dean of Students for information about resources for addressing student concerns.

School of Nursing Grievance Procedure:

The grievance procedure is available to resolve student concerns regarding inequitable treatment that have not been satisfactorily resolved through the informal resolution process or where the student believes that informal resolution would not be productive. The grievance procedure is described below. Through the grievance process, the student may be accompanied by a support person. The use of this grievance procedure shall not prevent the student from seeking redress through another administrative or legal process.

1. To initiate the formal grievance procedure, the student must submit his or her grievance, in writing, to the Associate Dean for Academic Affairs.
2. The written grievance shall include:
 - a statement that the student wishes a review of the situation by a Grievance Committee;
 - the identification of the person or group at whom the grievance is directed;
 - the specifics of the perceived inequitable treatment;

- evidence in support of the student's belief that he or she has been treated inequitably; and
- the outcome or resolution desired by the student.

3. A grievance must be initiated no later than 20 calendar days from the time the student knew or could reasonably have been expected to have known of the circumstances giving rise to the grievance. Initiation of the informal procedure described above within the 20- day period will extend the deadline for initiating the grievance to 40 calendar days from the time the student knew or could reasonably have been expected to have known of the circumstances giving rise to the grievance.

4. Within 30 calendar days after receiving the grievance, the Associate Dean for Academic Affairs shall arrange for a committee meeting. The Committee may request a written response from the person or group at whom the grievance is directed, may ask for additional information from any or all parties involved, may request that the parties involved appear before the Committee, and/or may take other steps in attempting to resolve the grievance.

5. Within 60 calendar days after receiving the grievance from the Associate Dean for Academic Affairs, the Committee shall send a written report of the Committee's recommendations to the Associate Dean for Academic Affairs. The student will also receive a copy of the report. The report shall include notice to the student of his or her right to appeal the Committee's recommendation to the Dean of the School of Nursing.

6. A student wishing to appeal the Committee's recommendation to the Dean of the School of Nursing must submit a written appeal to the Dean within 10 calendar days of the date of the Committee's report. The request must state the specific bases for appeal and identify the specific aspects of the Committee's recommendation that he or she believes are the subject of the bases for appeal. Where an appeal is filed with the Dean, a copy of the Committee's report shall be provided to the Dean for review. Only facts presented to the Committee may be introduced to and considered by the Dean. The Dean shall notify the appellant and the Committee in writing within 30 calendar days of receiving the written appeal stating the action on the appeal and the grounds for the action taken.

Section Three: Course Grade Appeals Process

If a student believes s/he has been awarded a grade for a course that does not adequately represent her/his performance in the course, they should speak with the course faculty member in an effort to attempt to resolve the issue informally. This must be done within 10 working days of receipt of the grade. During this informal process both student and faculty may consult with the Associate Dean for Academic Affairs to seek resolution of the issue.

If the student remains dissatisfied with the grade, the student has the option to initiate the formal Grievance procedure. To do this, the student must submit the grievance, in writing, to the Associate Dean for Academic Affairs within 10 working days. The Associate Dean will appoint a committee to hear the grievance. The decision of the committee is final. There is no further appeal.

NURSING, DOCTORAL MINOR

REQUIREMENTS

The requirements for a Ph.D. candidate from another program for an Option A minor in nursing are 10 credits of graduate-level course work to include at least 6 credits at the 800 level. No more than 4 of the 10 credits may be transfer credits. Any transfer credits from master's-level course work must have been taken within five years of admission to the Ph.D. program.

NURSING, M.S.

The School of Nursing is no longer admitting students to the M.S. program or the M.S./MPH dual degree program. The M.S. program for advanced practice has transitioned to the Doctor of Nursing Practice (DNP) degree (p. 1466).

ADMISSIONS

This master's program is offered for work leading to the Ph.D. Students may not apply directly for the master's, and should instead see the admissions information for the Ph.D (p. 1521).

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW–Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Credit
Requirement

Minimum
Graduate
Coursework
Requirement

Half of degree coursework (18 credits out of 36 total credits) must be completed graduate-level coursework; courses with the Graduate Level Coursework attribute are identified and searchable in the university's Course Guide (<https://registrar.wisc.edu/course-guide> (<https://registrar.wisc.edu/course-guide/>)).

Overall
Graduate
GPA
Requirement

3.00 GPA required.

Other Grade
Requirements

No other grade requirements.

Assessments
and
Examinations

No formal examination required.

Language
Requirements

No language requirements.

REQUIRED COURSES

Students might earn an M.S. in Nursing on the way to the Ph.D. in Nursing (p. 1521).

Nursing coursework at or above the 300 level.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Work from Other Institutions

With program approval, students are allowed to count up to 9 credits of graduate coursework from other institutions. Graduate work should be less than five years old to be considered; additional justification and/or documentation are needed for work taken between five and ten years. Work ten or more years prior to admission to the program will not be considered.

UW–Madison Undergraduate

No credits from a UW–Madison undergraduate degree are allowed to count toward the degree.

UW–Madison University Special

With program approval, students are allowed to count no more than 6 credits of coursework numbered 300 or above taken as a UW–Madison University Special student. These credits are considered part of the total allowable credits available for a student to transfer. Coursework should be less than five years old to be considered; additional justification and/or documentation is needed for work taken between five and ten years. Work ten or more years prior to admission to the program will not be considered.

PROBATION

A semester GPA below 3.0 will result in the student being placed on academic probation. If a semester GPA of 3.0 is not attained during the subsequent semester of full time enrollment (or 12 credits of enrollment if enrolled part-time) the student may be dismissed from the program or allowed to continue for one additional semester based on advisor appeal to the Graduate School.

ADVISOR / COMMITTEE

Student progression is reviewed annually.

CREDITS PER TERM ALLOWED

15 credits

TIME CONSTRAINTS

Requirements for the degree must be completed within five years of admission.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)

- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Student Appeals and Grievance Procedures

Students who feel that they have been treated unfairly have the right to question this treatment and receive prompt hearing of the grievance. Before instituting an appeal or grievance, students should discuss their particular situations with an appropriate staff member, e.g., faculty member, assistant dean, associate dean, or adviser.

Section One: Appeals

Appeals are limited to requests to continue in the curriculum after being dropped from the program for academic reasons.

Procedure Filing Appeal

Graduate Student: A written appeal must be filed with the Assistant Dean for Academic Affairs within 10 working days of the date of the letter notifying the student of the decision to discontinue the student in the program, or the right to appeal is waived. The appellant (student) must submit to the Assistant Dean the following information:

1. A written statement addressed to the Chairperson of the appropriate appeals committee specifying:
 - Precise grounds on which the appeal is based.
 - Circumstances associated with the need to appeal.
 - Arguments supporting the appeal.
 - Description of proposed remedial actions to be taken to improve the student's academic performance.
2. The appellant may also submit letters of support from persons knowledgeable about the appellant's current and/or past academic work and/or other matters related to the appellant's academic performance. Any such letters must be submitted to the Assistant Dean by the same deadline.

Appeals Committee

Graduate Student: For the purposes of hearing the appeal, the Assistant Dean will arrange an appeals committee that consists of at least three School of Nursing faculty members and that includes at least one member of the Graduate Programs Committee. The Assistant Dean will collect the information relative to the appellant's academic situation and forward the information to the Appeals Committee.

Appeals Committee Meeting

- Within 15 working days of the filing of the appeal, the Appeals Committee will schedule a meeting date for the purposes of hearing the appeal.
- Appellant must appear before the Appeals Committee to present the appeal. Appellant may have a support person accompany him or her to the meeting with the Appeals Committee. Appellant must address the Appeals Committee under all circumstances. Appellant's chosen support person is limited to providing advice and support to appellant. No fewer than three working days prior to the meeting with the Appeals Committee, the appellant shall identify to the Committee the individual's appellant wishes to be present at the meeting for the purpose of providing the Appeals Committee with information about the appeal.

The Appeals Committee is authorized to decide the appeal and is responsible for the following:

1. Reviewing all data presented by the Appellant and others.
2. Discussing the argument presented by Appellant and inviting Appellant to contribute to the discussion.
3. Limiting statements of appellant and other individuals where information being presented is irrelevant, unduly repetitious, or disrespectful.
 - Deciding the appeal and providing a written decision, including the reasons therefore, to the Appellant and the appropriate Assistant Dean within 15 working days of the Appeals Committee meeting. The written decision shall identify and include where appropriate:
 - Appellant's stated reason for the appeal
 - Action taken by the Appeals Committee
 - Stipulations and recommendations for appellant's continuation in program (where appeal granted)
 - Rationale for decision
 - Names of individuals present at the hearing
 - Notice of appellant's right to appeal the Appeals Committee decision to the Associate Dean for Academic Affairs.
 - 4. If the appeal is granted, the Appeals Committee will discuss with the Appellant any stipulations (binding) and recommendations (non-binding) for continuation in the program.

Review of Appeals Committee Decision

1. A written request for review of the Appeals Committee Decision by the Dean of the School of Nursing or the Dean's designee must be submitted to the Associate Dean for Academic Affairs within 20 working days of the date of notification of the Committee's initial decision.

The request must state the specific grounds for appeal which are limited to:

- School policies were incorrectly applied;
- Decision is contrary to state or federal law;
- Proper appeal procedures were not followed; or
- Unfounded, arbitrary, or irrelevant assumptions of fact regarding the appellant's performance were made by the Appeals Committee. Appellant must also identify the specific aspects of the Committee decision that he or she believes meet the criteria cited as a basis for appeal.

The Dean or the Dean's designee may meet with the appellant to discuss the request for review.

- a. Copies of the information submitted to the Appeals Committee and the Appeals Committee decision shall be provided to the Dean or the Dean's designee for review. Only facts and information presented to the Appeals Committee may be introduced to and considered by the Dean or the Dean's designee.
- b. The burden of proof shall be on the student to demonstrate by a preponderance of the evidence that the Appeals Committee's decision was the result of one or more of the above bases for appeal.
- c. The Dean or the Dean's designee shall notify Appellant and the Appeals Committee in writing within 30 working days of receipt of the request for review of the Appeals Committee decision or the appellant's meeting with the Dean's or Dean's designee, whichever is later, stating the action on the appeal and the grounds for the action taken.
- d. The decision by the Dean or the Dean's designee on review is final.
- e. Graduate students may seek Graduate School Procedural Review of the decision by the Dean or the Dean's designee. Please contact The Graduate School Office of Academic Services & Fellowship Administration in 217 Bascom Hall or at 608-262-2433 for information regarding this process.

Note: Deadlines referenced herein may only be altered by mutual agreement of the parties. Any such agreement must be in writing.

Section Two: Grievances

Informal Resolution

Any student in the School of Nursing who believes that he or she has been treated inequitably is encouraged to resolve the matter informally. The student should first talk with the person or group at whom the grievance is directed in an attempt to resolve the issue informally. The student may contact the Associate Dean for Academic Affairs for assistance in resolving the matter informally. The student may also contact the following groups for assistance in reaching an informal resolution and/or information regarding other possible formal procedures to resolve the matter.

1. Contact the UW-Madison Equity and Diversity Resource Center for information and assistance regarding discrimination or disability issues.

2. Contact the Dean of Students for information about resources for addressing student concerns.

School of Nursing Grievance Procedure:

The grievance procedure is available to resolve student concerns regarding inequitable treatment that have not been satisfactorily resolved through the informal resolution process or where the student believes that informal resolution would not be productive. The grievance procedure is described below. Through the grievance process, the student may be accompanied by a support person. The use of this grievance procedure shall not prevent the student from seeking redress through another administrative or legal process.

1. To initiate the formal grievance procedure, the student must submit his or her grievance, in writing, to the Associate Dean for Academic Affairs.
2. The written grievance shall include:
 - a statement that the student wishes a review of the situation by a Grievance Committee;
 - the identification of the person or group at whom the grievance is directed;
 - the specifics of the perceived inequitable treatment;
 - evidence in support of the student's belief that he or she has been treated inequitably; and
 - the outcome or resolution desired by the student.
3. A grievance must be initiated no later than 20 calendar days from the time the student knew or could reasonably have been expected to have known of the circumstances giving rise to the grievance. Initiation of the informal procedure described above within the 20- day period will extend the deadline for initiating the grievance to 40 calendar days from the time the student knew or could reasonably have been expected to have known of the circumstances giving rise to the grievance.
4. Within 30 calendar days after receiving the grievance, the Associate Dean for Academic Affairs shall arrange for a committee meeting. The Committee may request a written response from the person or group at whom the grievance is directed, may ask for additional information from any or all parties involved, may request that the parties involved appear before the Committee, and/or may take other steps in attempting to resolve the grievance.
5. Within 60 calendar days after receiving the grievance from the Associate Dean for Academic Affairs, the Committee shall send a written report of the Committee's recommendations to the Associate Dean for Academic Affairs. The student will also receive a copy of the report. The report shall include notice to the student of his or her right to appeal the Committee's recommendation to the Dean of the School of Nursing.
6. A student wishing to appeal the Committee's recommendation to the Dean of the School of Nursing must submit a written appeal to the Dean within 10 calendar days of the date of the Committee's report. The request must state the specific bases for appeal and identify the specific aspects of the Committee's recommendation that he or she believes are the subject of the bases for appeal. Where an appeal is filed with the Dean, a copy of the Committee's report shall be provided to the Dean for review. Only facts presented to the Committee may be introduced to and considered by the Dean. The Dean shall notify the appellant and the Committee in writing within 30 calendar days of receiving the written

appeal stating the action on the appeal and the grounds for the action taken.

Section Three: Course Grade Appeals Process

If a student believes s/he has been awarded a grade for a course that does not adequately represent her/his performance in the course, they should speak with the course faculty member in an effort to attempt to resolve the issue informally. This must be done within 10 working days of receipt of the grade. During this informal process both student and faculty may consult with the Associate Dean for Academic Affairs to seek resolution of the issue.

If the student remains dissatisfied with the grade, the student has the option to initiate the formal Grievance procedure. To do this, the student must submit the grievance, in writing, to the Associate Dean for Academic Affairs within 10 working days. The Associate Dean will appoint a committee to hear the grievance. The decision of the committee is final. There is no further appeal.

Students should contact the department chair or program director with questions about grievances.

OTHER

The School of Nursing makes a strong commitment to funding students admitted into the Ph.D. program who are enrolled full-time. Sources of funding include extramural, campus, and internal School of Nursing funding. The majority of funding decisions are made in the Spring for the following academic year. Continuing and newly admitted students are encouraged to apply for funding.

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

PROGRAM RESOURCES

Career advising, funding, and professional development opportunities are shared with all students by a member of the School of Nursing Academic Affairs staff. Information on these support services can be found on the Student Site (<https://students.nursing.wisc.edu/career-advising/career/>).

LEARNING OUTCOMES

- (Background for Practice from Sciences and Humanities) Recognizes that the master's-prepared nurse integrates scientific findings from nursing, biopsychosocial fields, genetics, public health, quality improvement, and organizational sciences for the continual improvement of nursing care across diverse settings.
- (Organizational and Systems Leadership) Recognizes that organizational and systems leadership are critical to the promotion of high quality and safe patient care. Leadership skills are needed that emphasize ethical and critical decision making, effective working relationships, and a systems-perspective.
- (Quality Improvement and Safety) Recognizes that a master's-prepared nurse must be articulate in the methods, tools, performance measures, and standards related to quality, as well as prepared to apply quality principles within an organization.
- (Translating and Integrating Scholarship into Practice) Recognizes that the master's-prepared nurse applies research outcomes within the practice setting, resolves practice problems, works as a change agent, and disseminates results.
- (Informatics and Healthcare Technologies) Recognizes that the master's-prepared nurse uses patient-care technologies to deliver and enhance care and uses communication technologies to integrate and coordinate care.
- (Health Policy and Advocacy) Recognizes that the master's-prepared nurse is able to intervene at the system level through the policy development process and to employ advocacy strategies to influence health and health care.
- (Interprofessional Collaboration for Improving Patient and Population Health Outcomes) Recognizes that the master's-prepared nurse, as a member and leader of interprofessional teams, communicates, collaborates, and consults with other health professionals to manage and coordinate care.
- (Ethical Practice) Recognizes and applies principles of ethical and professional conduct.
- (Master's-Level Nursing Practice) Recognizes that nursing practice, at the master's level, is broadly defined as any form of nursing intervention that influences healthcare outcomes for individuals, populations, or systems. Master's-level nursing graduates must have an advanced level of understanding of nursing and relevant sciences as well as the ability to integrate this knowledge into practice. Nursing practice interventions include both direct and indirect care components.
- (Clinical Prevention and Population Health for Improving Health) Recognizes that the master's-prepared nurse applies and integrates broad, organizational, client-centered, and culturally appropriate concepts in the planning, delivery, management, and evaluation of evidence-based clinical prevention and population care and services to individuals, families, and aggregates/identified populations.

NURSING, PH.D.

The emphasis on theory and practice of nursing prepares nurse scientists to: develop and/or test theory that drives nursing practice; design and conduct clinical efficacy and effectiveness trials of nursing interventions to improve health; and build a program of research around a clinical problem, phenomenon, or population of interest that will shape patient care across various settings. The emphasis on policy and leadership prepares nurse scientists with the conceptual strategies and methodological skills to assess and address the biobehavioral, social, and economic public policy factors that influence the definition of what constitutes health problems and the manner in which they are treated.

The School of Nursing offers a program leading to the doctor of philosophy degree. The school also has a unique early entry Ph.D. program to bridge or accelerate progression to the Ph.D. level for undergraduate nursing students. Postdoctoral training opportunities are also available.

The mission of the School of Nursing is to develop leaders for the profession and society—we make discoveries, enhance systems, and improve health through research, education and practice. Our strategic priorities are to advance science through research and scholarship, prepare nurse leaders for the health challenges of the 21st century, foster strategic partnerships to promote human health, achieve the school's commitment to diversity, and create the preferred future of the School of Nursing.

Nursing faculty members are well prepared for their roles as scholars, clinicians, and teachers. Many have postdoctoral experience in nursing and related disciplines. They have wide-ranging clinical expertise foundational to their experiences with doctoral students. Many faculty have been awarded prestigious federal and private research and training awards

and are well known for their expertise in university, local, national, and international communities. Our faculty have a wide variety of research interests. Areas of particular strength and depth include the following:

- Aging
- Chronic illness & symptom management
- Care of children & families
- Health systems & care delivery

World-renowned facilities for clinical practice and research are available in and around Madison. These include University of Wisconsin Hospital and Clinics, American Family Children's Hospital, UW Carbone Cancer Center, and William S. Middleton Memorial Veterans Hospital; hospitals and clinics in urban and rural settings; nursing homes; and public health agencies. The university's location in Wisconsin's capital offers opportunities for involvement in state government and policy making.

Signe Skott Cooper Hall, the School of Nursing's new facility, features state-of-the-art classrooms, simulation labs, meeting and research facilities, and social gathering spaces in an environment dedicated to the health and wellness of students, faculty, staff, and the communities and populations served. Adjacent to Cooper Hall, the Health Sciences Learning Center (HSLC) brings together students in nursing, medicine, and pharmacy, and includes the Ebling Library and University Book Store.

The school's mission is to develop leaders for the profession and society—we make discoveries, enhance systems, and improve health through research, education, and practice.

EARLY ENTRY PH.D. OPTION

The early-entry Ph.D. option is designed for undergraduate students who are interested in research as a career and the Ph.D. as a goal. With the assistance of a faculty advisory committee, early entry students plan an individualized program of study and research, drawing on existing undergraduate and graduate courses in nursing and related disciplines. Two degrees are awarded to students who complete this option: bachelor of science in nursing (B.S.), granted by the School of Nursing, and doctor of philosophy (Ph.D.), granted by the Graduate School.

DOCTOR OF PHILOSOPHY DEGREE

The purpose of the Ph.D. program is to prepare researchers to develop, evaluate, and disseminate new knowledge in nursing and health science. The program is characterized by early and continuous training in research through a close mentoring relationship with faculty, a strong scientific base in nursing, and supporting courses in a related (i.e., minor) discipline. Graduates with a research doctorate are prepared to assume positions as faculty as well as research scientists and research directors in a variety of educational, clinical, and governmental settings.

The program is designed to be completed in four years of full-time study and requires a minimum of 52 credits. Students may be accepted into the Ph.D. program either post-baccalaureate or post-master's. Students are encouraged to enroll full-time. If part-time study is necessary, a minimum of 6 credits per semester is required.

In collaboration with the faculty mentor(s), students plan a course of study that constitutes a unified program and fulfills the program requirements. Students select an emphasis in one of the following tracks:

- Theory & practice of nursing
- Policy & leadership

The emphasis on theory and practice of nursing prepares nurse scientists to: develop and/or test theory that drives nursing practice; design and conduct clinical efficacy and effectiveness trials of nursing interventions to improve health; and build a program of research around a clinical problem, phenomenon, or population of interest that will shape patient care across various settings. The emphasis on policy and leadership prepares nurse scientists with the conceptual strategies and methodological skills to assess and address the biobehavioral, social, and economic public policy factors that influence the definition of what constitutes health problems and the manner in which they are treated.

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 1
Spring Deadline	October 1
Summer Deadline	February 1
GRE (Graduate Record Examinations)	May be required in certain cases; consult program.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements (https://grad.wisc.edu/apply/requirements/#english-proficiency).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

Admission requirements for the Ph.D. program are:

- Graduation from an accredited baccalaureate program in nursing
- Undergraduate GPA of at least 3.0 (on a 4.0 scale) on the last 60 credits of the most recent baccalaureate degree
- Graduate Record Exam (GRE) completed within the last 5 years may be required, consult program.
- Three to four academic references from individuals who can speak to your scholarly activities, research capabilities and potential for success in the doctoral program
- Two examples of scholarly work related to nursing or health (see School of Nursing website (<https://nursing.wisc.edu/graduate-programs/phd/#to-apply>) for examples)

- Essay (see School of Nursing website (<https://nursing.wisc.edu/graduate-programs/phd/#to-apply>) for specific criteria)
- Curriculum vitae or resume
- English proficiency scores: Applicants whose native language is not English, or whose undergraduate instruction was not in English, must provide an English proficiency test score. Minimum English proficiency test score: TOEFL = 580 (paper)/92 (internet-based), MELAB = 82 or IELTS = 7. Please refer to the Graduate School (<https://grad.wisc.edu/admissions/requirements/>) for more information. Applicants are exempt if any of the following applies to their situation:
 - English is the exclusive language of instruction at the undergraduate institution attended
 - Applicant earned a degree from a regionally-accredited U.S. college or university not more than five years prior to the anticipated semester of enrollment
 - Applicant completed at least two full-time semesters of graded course work, exclusive of ESL courses, in a U.S. college or university, or at an institution outside the U.S. where English is the exclusive language of instruction, not more than five years prior to the anticipated semester of enrollment

Applications should be submitted for priority consideration by December 1 for admission in the fall semester. If applying for spring admission, see website (<https://nursing.wisc.edu/graduate-programs/phd/#to-apply>) for deadline.

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Several forms of financial aid are available for graduate students in the School of Nursing. These include fellowships, traineeships, scholarships, research, project and teaching assistantships, and loans. Most graduate assistantships cover the cost of tuition and provide a monthly stipend. Awards are made in the spring or early summer for the following academic year. Full-time Ph.D. students receive priority for teaching and research assistantships administered by the School of Nursing. Students in the Ph.D. program have also been successful in competing for federal National Research Service Awards (NRSA) which are individual predoctoral fellowships.

Graduate Research Scholars (GRS) Fellowships are designed to support highly qualified underrepresented students in the doctoral programs. Doctoral students who are preparing to be full-time faculty in nursing programs are also eligible for the Nurse Faculty Loan Program (NFLP). These loans, supported by the federal government, are available to cover tuition and other educational expenses. When graduates become full-time faculty members, up to 85 percent of the NFLP loan will be canceled over a four-year period.

Additional information on financial aid including application procedures is available in the School of Nursing Academic Affairs Office.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

REQUIRED COURSES

Code	Title	Credits
Core		
NURSING 802	Ethics and the Responsible Conduct of Research	1
NURSING 803	Advanced Quantitative Design and Methods	3
NURSING 804	Advanced Qualitative Design and Methods	3
NURSING 815	Knowledge Development in Nursing	3
NURSING 816	Proseminar in Nursing Research ¹	2
Advanced Methods/Statistics		6
Students complete 6 credits in consultation with their advisor from the options below:		
ED PSYCH 760 & ED PSYCH 761	Statistical Methods Applied to Education I and Statistical Methods Applied to Education II	
ED PSYCH 762	Introduction to the Design of Educational Experiments	
ED PSYCH 763	Regression Models in Education	
ED PSYCH 861		
ED PSYCH/ ELPA 822	Introduction to Quantitative Inquiry in Education	
ED PSYCH 964	Hierarchical Linear Modeling	
B M I/STAT 541	Introduction to Biostatistics	
B M I/STAT 542	Introduction to Clinical Trials I	
B M I 544	Introduction to Clinical and Healthcare Research II	
B M I/STAT 641	Statistical Methods for Clinical Trials	
B M I/STAT 642	Statistical Methods for Epidemiology	
POP HLTH/ B M I 551	Introduction to Biostatistics for Population Health	
POP HLTH/ B M I 552	Regression Methods for Population Health	
POP HLTH/ B M I 651	Advanced Regression Methods for Population Health	
POP HLTH/ B M I 652	Topics in Biostatistics for Epidemiology	
STAT 849	Theory and Application of Regression and Analysis of Variance I	
STAT 850	Theory and Application of Regression and Analysis of Variance II	

STAT 601	Statistical Methods I
----------	-----------------------

Students choose one of two tracks:

Theory and Practice of Nursing (12 credits)

Students complete 3 credits from the following: 3

NURSING 590	Contemporary Practices in Nursing (Topic: Chronic Illness Management)
NURSING 702	Health Promotion and Disease Prevention in Diverse Communities
SOC WORK 921	Child Welfare
SOC WORK 644	Issues in Developmental Disabilities
SOC WORK 874	Advanced Practice in Health, Aging, and Disability
SOC/ C&E SOC 971	Seminar-Topics in Demography and Ecology
POP HLTH 786	
NURSING 722	Advanced Practice Nursing Theory: Adults and Older Adults
NURSING 741	Advanced Practice Nursing Theory: Family Process & Child Development
NURSING 751	Advanced Practice Nursing Theory: Psychiatric Mental Health
RP & SE 560	Psychosocial Aspects of Chronic Illness and Disability
HDFS 516	Stress and Resilience in Families Across the Lifespan
OTM 753	Healthcare Operations Management

Students complete 3 credits from the following, with NURSING 818 being strongly encouraged: 3

NURSING 818	Patient-centered Research
ED PSYCH 946	Advanced Assessment and Intervention Techniques
ED PSYCH/ COUN PSY/ RP & SE 736	Seminar in Psychology of Individual Differences
SOC WORK 741	Interventions with Children, Youth, and Families

Students must take:

NURSING 819	Clinical Field Practicum - Research in Health Care Settings	3
-------------	---	---

Students completing the Theory and Practice of Nursing track must also take 3 credits from courses listed in the Policy and Leadership track. 3

Policy and Leadership (12 credits)

Students complete 3 credits from the following, with NURSING 703 being strongly encouraged: 3

NURSING 703	Health Care and Public Policy
POP HLTH 915	International Health Systems and Policy ²

Students complete 3 credits from the following: 3

POP HLTH 709	Translational and Outcomes Research in Health and Health Care
POP HLTH 876	Measuring Health Outcomes
POP HLTH 786	
POP HLTH 785	

ED PSYCH/ HDFS/NURSING/ SOC WORK 880	Prevention Science
--------------------------------------	--------------------

Students must take:

NURSING 847	Health Policy Practicum	3
-------------	-------------------------	---

Students completing the Policy and Leadership track must also take 3 credits from courses listed in the Theory and Practice of Nursing track. 3

Nursing Education³ 3

NURSING 785	Foundations of Curriculum Development and Evaluation in Nursing Education
NURSING 786	Foundations of Teaching and Learning in Nursing
NURSING 787	Nursing Education Practicum
ELPA 701	Introduction to Higher and Post-Secondary Education
ELPA/ CURRIC 746	The Adult Learner: Implications for Curriculum and Instruction
CURRIC 735	Epistemic Practice and Science Teaching

Minor 9

Guided Research 10

Students are expected to take at least 1 credit of Independent Study and participate in their faculty mentor's research group (or another research group agreed upon with the mentor) each semester.

1
NURSING 816 is taken twice (Year 1 and Year 3) for 1 credit.

3
Students who have not had a prior course in adult education are strongly encouraged to take a didactic course rather than taking NURSING 787 Nursing Education Practicum only.

2
Students who take POP HLTH 915 must also take 1 credit of NURSING 799 with their advisor.

Sample full-time course schedule

First Year

Fall	Credits	Spring	Credits	Summer	Credits
NURSING 815	3	NURSING 803	3	NURSING 999	1-3
NURSING 816	1	NURSING 703 ²	3	NURSING 802	1
NURSING 999	1-3	NURSING 999	1-3		
Population/ phenomenon ¹	3	Advanced Statistics	3		
Statistics ¹	3				
		11-13	10-12		2-4

Second Year

Fall	Credits	Spring	Credits	Summer	Credits
NURSING 804	3	NURSING 999	1-3	NURSING 999	1-3
NURSING 999	1-3	Nursing Education ¹	3	NURSING 819 or 847 ³	3
Additional Statistics	3	T&P: Minor, or	3		

Minor	3 P&L: Health Policy Course ¹		
	10-12	7-9	4-6
Third Year			
Fall	Credits	Spring	Credits
NURSING 816	1	NURSING 999	5
NURSING 999	1-3	Remaining Minor, Methods/Stats, Population ¹	3
Additional Minor, Methods/Stats, Population ¹	3		
NURSING 818 (or Minor) ^{1, 4, 5}	3		
	8-10	8	3
Total Credits 63-77			

1

See Approved course options/substitutions

2

NURSING 703 is taken by most students following the Theory and Practice (T&P) track to satisfy their 3-credit policy requirement

3

NURSING 819 is taken by Theory & Practice (T&P) students; Nursing 847 is taken by Policy & Leadership (P&L) students

4

NURSING 818 will be offered during odd numbered fall terms

5

NURSING 818, ED PSYCH 946, ED PSYCH/COUN PSY/RP & SE 736 or SOC WORK 741 is taken by Theory & Practice (T&P) students; Policy & Leadership (P&L) students may take a minor course at this time

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Work from Other Institutions

With program approval, students are allowed to count no more than 18 credits of graduate coursework from other institutions. Graduate work should be less than five years old to be considered; additional justification and/or documentation are needed for work taken between five and ten years. Work ten or more years prior to admission to the program will not be considered.

UW–Madison Undergraduate

With program approval up to 7 credits numbered 300 or above will be allowed to count toward the Ph.D. degree. This applies to students in the Early Entry Ph.D. route in the School of Nursing.

UW–Madison University Special

With program approval, students are allowed to count no more than 9 credits of coursework numbered 300 or above taken as a UW–Madison University Special student. These credits are considered part of the total allowable credits available for a student to transfer. Coursework should be less than five years old to be considered; additional justification and/or documentation is needed for work taken between five and ten years. Work ten or more years prior to admission to the program will not be considered.

PROBATION

A semester GPA below 3.0 will result in the student being placed on academic probation. If a student has not returned to satisfactory progress by the determined deadline, a decision about whether the student will be permitted to continue will be made by the Graduate Admissions & Progression Committee (or appropriate subcommittee) with input from the student's advisor.

ADVISOR / COMMITTEE

Ph.D. students complete an annual progression review which includes a written review from the advisor. This is submitted to the Ph.D. Subcommittee of the GPC. The Subcommittee reviews the student CVs and advisor comments to gain an overall sense of student progression in the program. Comments from the Subcommittee regarding progression are then sent to the advisor who shares the result of the review with the student.

Graduate School policy specifies the following with regard to dissertation committees:

Dissertation committees advise and evaluate satisfactory progress, administer preliminary and final oral examinations, evaluate a dissertation, and/or sign a degree warrant. A student arranges a committee with appropriate expertise to afford the breadth and depth needed in degree examinations. In all cases, a student's advisor (major professor) chairs the committee. The executive committee (or its equivalent) is responsible for approving the composition of all dissertation committees.

Minimum Graduate School requirements for the dissertation committees are as follows:

1. *The chair or co-chair of the committee must be Graduate Faculty* from the student's program.*
2. *PhD dissertation committees must have a minimum of 4 members, 3 of whom must be UW–Madison graduate faculty, former UW–Madison graduate faculty up to one year after resignation or retirement. At least 1 of the 4 members must be from outside of the student's major program or major field (often from the minor field).*
3. *The chair may designate 1 of the 4 members of the committee as a non-reader*
 - a. *Readers are committee members who commit themselves to closely reading and reviewing the entire dissertation. While graduate programs cannot have fewer than three readers, they may require all members to be readers. The rationale for specifically designating non-reader status is to facilitate faculty participation*

in dissertations without automatically expecting the level of commitment associated with deeply engaging a PhD thesis. Given faculty workloads, designating a non-reader in some cases may permit faculty participation where engagement would otherwise be impossible.

4. The required 4th member of a dissertation committee, as well as any additional members, all retain voting rights.
5. * Graduate Faculty are those who hold tenure track appointments. Non-tenure track faculty (e.g., CHS professors) may participate as 4th or extra committee members, but do not count toward the four "Graduate Faculty" members.

The student and major professor should work together to identify dissertation advisory committee members with appropriate breadth and depth of knowledge. In addition to the *Minimum Graduate School requirements for the dissertation committees* outlined above, the School of Nursing has additional expectations for committee membership:

1. At least 2 members will be from the School of Nursing faculty.
2. In general, all committee members will serve as readers. However, in line with UW-Madison Graduate School Policy and Procedures of Graduate Advisor Committees, the chair may designate 1 of the 4 members of the committee as a non-reader.

CREDITS PER TERM ALLOWED

15 credits

TIME CONSTRAINTS

A candidate for a doctoral degree who fails to take the final oral examination and deposit the dissertation within five years after passing the preliminary examination may be required to take another preliminary examination and to be admitted to candidacy a second time.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)

- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Student Appeals and Grievance Procedures

Students who feel that they have been treated unfairly have the right to question this treatment and receive prompt hearing of the grievance. Before instituting an appeal or grievance, students should discuss their particular situations with an appropriate staff member, e.g., faculty member, assistant dean, associate dean, or adviser.

Section One: Appeals

Appeals are limited to requests to continue in the curriculum after being dropped from the program for academic reasons.

Procedure Filing Appeal

Graduate Student: A written appeal must be filed with the Assistant Dean for Academic Affairs within 10 working days of the date of the letter notifying the student of the decision to discontinue the student in the program, or the right to appeal is waived. The appellant (student) must submit to the Assistant Dean the following information:

1. A written statement addressed to the Chairperson of the appropriate appeals committee specifying:
 - Precise grounds on which the appeal is based.
 - Circumstances associated with the need to appeal.
 - Arguments supporting the appeal.
 - Description of proposed remedial actions to be taken to improve the student's academic performance.
2. The appellant may also submit letters of support from persons knowledgeable about the appellant's current and/or past academic work and/or other matters related to the appellant's academic performance. Any such letters must be submitted to the Assistant Dean by the same deadline.

Appeals Committee

Graduate Student: For the purposes of hearing the appeal, the Assistant Dean will arrange an appeals committee that consists of at least three School of Nursing faculty members and that includes at least one member of the Graduate Programs Committee. The Assistant Dean will collect the information relative to the appellant's academic situation and forward the information to the Appeals Committee.

Appeals Committee Meeting

- Within 15 working days of the filing of the appeal, the Appeals Committee will schedule a meeting date for the purposes of hearing the appeal.
- Appellant must appear before the Appeals Committee to present the appeal. Appellant may have a support person

accompany him or her to the meeting with the Appeals Committee. Appellant must address the Appeals Committee under all circumstances. Appellant's chosen support person is limited to providing advice and support to appellant. No fewer than three working days prior to the meeting with the Appeals Committee, the appellant shall identify to the Committee the individual's appellant wishes to be present at the meeting for the purpose of providing the Appeals Committee with information about the appeal.

The Appeals Committee is authorized to decide the appeal and is responsible for the following:

1. Reviewing all data presented by the Appellant and others.
2. Discussing the argument presented by Appellant and inviting Appellant to contribute to the discussion.
3. Limiting statements of appellant and other individuals where information being presented is irrelevant, unduly repetitious, or disrespectful.
 - Deciding the appeal and providing a written decision, including the reasons therefore, to the Appellant and the appropriate Assistant Dean within 15 working days of the Appeals Committee meeting. The written decision shall identify and include where appropriate:
 - Appellant's stated reason for the appeal
 - Action taken by the Appeals Committee
 - Stipulations and recommendations for appellant's continuation in program (where appeal granted)
 - Rationale for decision
 - Names of individuals present at the hearing
 - Notice of appellant's right to appeal the Appeals Committee decision to the Associate Dean for Academic Affairs.
4. If the appeal is granted, the Appeals Committee will discuss with the Appellant any stipulations (binding) and recommendations (non-binding) for continuation in the program.

Review of Appeals Committee Decision

1. A written request for review of the Appeals Committee Decision by the Dean of the School of Nursing or the Dean's designee must be submitted to the Associate Dean for Academic Affairs within 20 working days of the date of notification of the Committee's initial decision. The request must state the specific grounds for appeal which are limited to:

- School policies were incorrectly applied;
- Decision is contrary to state or federal law;
- Proper appeal procedures were not followed; or
- Unfounded, arbitrary, or irrelevant assumptions of fact regarding the appellant's performance were made by the Appeals Committee. Appellant must also identify the specific aspects of the Committee decision that he or she believes meet the criteria cited as a basis for appeal.

The Dean or the Dean's designee may meet with the appellant to discuss the request for review.

- a. Copies of the information submitted to the Appeals Committee and the Appeals Committee decision shall be

provided to the Dean or the Dean's designee for review. Only facts and information presented to the Appeals Committee may be introduced to and considered by the Dean or the Dean's designee.

- b. The burden of proof shall be on the student to demonstrate by a preponderance of the evidence that the Appeals Committee's decision was the result of one or more of the above bases for appeal.

- c. The Dean or the Dean's designee shall notify Appellant and the Appeals Committee in writing within 30 working days of receipt of the request for review of the Appeals Committee decision or the appellant's meeting with the Dean's or Dean's designee, whichever is later, stating the action on the appeal and the grounds for the action taken.

- d. The decision by the Dean or the Dean's designee on review is final.

- e. Graduate students may seek Graduate School Procedural Review of the decision by the Dean or the Dean's designee. Please contact The Graduate School Office of Academic Services & Fellowship Administration in 217 Bascom Hall or at 608-262-2433 for information regarding this process.

Note: Deadlines referenced herein may only be altered by mutual agreement of the parties. Any such agreement must be in writing.

Section Two: Grievances

Informal Resolution

Any student in the School of Nursing who believes that he or she has been treated inequitably is encouraged to resolve the matter informally. The student should first talk with the person or group at whom the grievance is directed in an attempt to resolve the issue informally. The student may contact the Associate Dean for Academic Affairs for assistance in resolving the matter informally. The student may also contact the following groups for assistance in reaching an informal resolution and/or information regarding other possible formal procedures to resolve the matter.

1. Contact the UW-Madison Equity and Diversity Resource Center for information and assistance regarding discrimination or disability issues.
2. Contact the Dean of Students for information about resources for addressing student concerns.

School of Nursing Grievance Procedure:

The grievance procedure is available to resolve student concerns regarding inequitable treatment that have not been satisfactorily resolved through the informal resolution process or where the student believes that informal resolution would not be productive. The grievance procedure is described below. Through the grievance process, the student may be accompanied by a support person. The use of this grievance procedure shall not prevent the student from seeking redress through another administrative or legal process.

1. To initiate the formal grievance procedure, the student must submit his or her grievance, in writing, to the Associate Dean for Academic Affairs.
2. The written grievance shall include:

- a statement that the student wishes a review of the situation by a Grievance Committee;
- the identification of the person or group at whom the grievance is directed;
- the specifics of the perceived inequitable treatment;
- evidence in support of the student's belief that he or she has been treated inequitably; and
- the outcome or resolution desired by the student.

3. A grievance must be initiated no later than 20 calendar days from the time the student knew or could reasonably have been expected to have known of the circumstances giving rise to the grievance. Initiation of the informal procedure described above within the 20- day period will extend the deadline for initiating the grievance to 40 calendar days from the time the student knew or could reasonably have been expected to have known of the circumstances giving rise to the grievance.

4. Within 30 calendar days after receiving the grievance, the Associate Dean for Academic Affairs shall arrange for a committee meeting. The Committee may request a written response from the person or group at whom the grievance is directed, may ask for additional information from any or all parties involved, may request that the parties involved appear before the Committee, and/or may take other steps in attempting to resolve the grievance.

5. Within 60 calendar days after receiving the grievance from the Associate Dean for Academic Affairs, the Committee shall send a written report of the Committee's recommendations to the Associate Dean for Academic Affairs. The student will also receive a copy of the report. The report shall include notice to the student of his or her right to appeal the Committee's recommendation to the Dean of the School of Nursing.

6. A student wishing to appeal the Committee's recommendation to the Dean of the School of Nursing must submit a written appeal to the Dean within 10 calendar days of the date of the Committee's report. The request must state the specific bases for appeal and identify the specific aspects of the Committee's recommendation that he or she believes are the subject of the bases for appeal. Where an appeal is filed with the Dean, a copy of the Committee's report shall be provided to the Dean for review. Only facts presented to the Committee may be introduced to and considered by the Dean. The Dean shall notify the appellant and the Committee in writing within 30 calendar days of receiving the written appeal stating the action on the appeal and the grounds for the action taken.

Section Three: Course Grade Appeals Process

If a student believes s/he has been awarded a grade for a course that does not adequately represent her/his performance in the course, they should speak with the course faculty member in an effort to attempt to resolve the issue informally. This must be done within 10 working days of receipt of the grade. During this informal process both student and faculty may consult with the Associate Dean for Academic Affairs to seek resolution of the issue.

If the student remains dissatisfied with the grade, the student has the option to initiate the formal Grievance procedure. To do this, the student must submit the grievance, in writing, to the Associate Dean for Academic Affairs within 10 working days. The Associate Dean will appoint a committee to hear the grievance. The decision of the committee is final. There is no further appeal.

OTHER

The School of Nursing makes a strong commitment to funding students admitted into the Ph.D. program who are enrolled full-time. Sources of funding include extramural, campus, and internal School of Nursing funding. The majority of funding decisions are made in the Spring for the following academic year. Continuing and newly admitted students are encouraged to apply for funding.

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

PROGRAM RESOURCES

Career advising, funding, and professional development opportunities are shared with all students by a member of the School of Nursing Academic Affairs staff. Information on these support services can be found on the Student Site (<https://students.nursing.wisc.edu/career-advising/career/>).

LEARNING OUTCOMES

1. Master in-depth knowledge in a substantive area of nursing.
2. Articulate research problems, potentials, and limits with respect to nursing theory, knowledge, and practice.
3. Formulate new ideas, concepts, designs, and/or techniques based on critical evaluation of knowledge in nursing and other relevant disciplines.
4. Assume leadership in the creation of original research that makes a substantive contribution to health.
5. Demonstrate cultural knowledge and cross-cultural skills in nursing scholarship.
6. Demonstrate breadth in learning experiences through intra- and cross-disciplinary study, and integration of research, teaching, mentoring, and service to the profession.
7. Negotiate and work successfully with interprofessional teams.
8. Develop and disseminate nursing knowledge to meet the health needs of local, national, and global populations.
9. Communicate complex research findings and implications in a clear and understandable manner to lay and professional audiences.
10. Demonstrate knowledge of professional obligations, codes of ethics, and institutional policies and procedures that guide nursing scholarship.
11. Demonstrate the capacity to identify ethical issues, seek guidance from appropriate resources and adhere to ethical principles and professional norms in the resolution of moral dilemmas.

CLINICAL NUTRITION, M.S.

THE HEALTHCARE SYSTEM IS CHANGING RAPIDLY

Health professions have increased educational standards beyond the bachelor's degree; in fact, the Commission on Dietetic Registration has increased the requirements to be eligible to take the Registration Exam for Dietitians to the completion of a master's degree beginning in 2024. To remain competitive in the field and obtain the advanced competencies and skills needed in the job market, completion of a master's degree is becoming essential.

CURRICULUM OVERVIEW

The M.S. in Clinical Nutrition is focused on core nutrition, clinical nutrition, professional skills, and electives. This is advanced learning at its best, and is ideal for people with a strong background in clinical nutrition, confidence working at the graduate level, and a commitment to become leaders in clinical nutrition and dietetics. The curriculum is designed to prepare students to translate research; recognize and formulate responses to evolving developments in clinical nutrition practice, policy, and research; and lead and manage professional teams to design nutrition-related services.

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	July 15*
Spring Deadline	November 1*
Summer Deadline	March 1*
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements (https://grad.wisc.edu/apply/requirements/#english-proficiency).

Other Test(s) (e.g., GMAT, MCAT)	n/a
----------------------------------	-----

Letters of Recommendation Required	3
------------------------------------	---

★

The Master of Science in Clinical Nutrition has a rolling admissions policy where applications will be considered after their respective deadlines listed below. Domestic applicants should submit their applications no later than 4 weeks prior to the beginning of the intended term. Applications from international applicants must be submitted 6 weeks prior to the beginning of the intended term. This additional 2 weeks is required for international transcript and matriculation processing.

GENERAL ADMISSION REQUIREMENTS

All applicants must:

- Have a bachelor's degree from an accredited college or university or its equivalent and a minimum grade point average of 3.00 on a 4.00 scale
- Minimum cumulative GPA \geq 3.0 (on a 4.0 scale).
- Completed Didactic Program in Dietetics **or** have completed the following prerequisite courses:
 - General Chemistry
 - CHEM 103 General Chemistry I and CHEM 104 General Chemistry II
 - Biological Sciences
 - ZOOLOGY/BIOLOGY 101 Animal Biology **and** ZOOLOGY/BIOLOGY 102 Animal Biology Laboratory **and** MICROBIO 101 General Microbiology **and** MICROBIO 102 General Microbiology Laboratory or
 - BIOLOGY/BOTANY/ZOOLOGY 151 Introductory Biology **and** MICROBIO 101 General Microbiology **and** MICROBIO 102 General Microbiology Laboratory
 - Organic Chemistry
 - CHEM 341 Elementary Organic Chemistry or
 - CHEM 343 Organic Chemistry I
 - Biochemistry
 - BIOCHEM 301 Survey of Biochemistry or
 - BIOCHEM 501 Introduction to Biochemistry or
 - BIOCHEM 507 General Biochemistry I **and** BIOCHEM 508 General Biochemistry II
 - Physiology
 - ANAT&PHY 335 Physiology
 - Statistics
 - STAT 371 Introductory Applied Statistics for the Life Sciences or
 - STAT 301 Introduction to Statistical Methods or
 - PSYCH 210 Basic Statistics for Psychology or
 - SOC/C&E SOC 360 Statistics for Sociologists I
 - Human Nutrition
 - NUTR SCI 332 Human Nutritional Needs
 - Clinical Nutrition
 - NUTR SCI 631 Clinical Nutrition I and NUTR SCI 632 Clinical Nutrition II

Please note, the program cannot complete a transcript review unless we receive a completed application. Applicants may check course equivalency to UW-Madison via Transferology (<https://www.transferology.com/>).

APPLICATION PROCESS

To ensure full consideration for admission into the Master of Science in Clinical Nutrition, it is strongly recommended that applications be completed by the deadlines noted above. Applications received after their respective priority deadlines will be considered as space permits.

Steps to apply are listed below:

1. Complete a **UW-Madison Graduate School Electronic Application**.

The electronic application includes:

- a. **Reasons for Graduate Study.** Please include a brief statement about your professional goals, and reasons for applying.
- b. **Letters of Recommendation.** Three letters of recommendation are required. All letters of recommendation are submitted electronically through the admission application.
- c. **TOEFL scores**, if necessary.
- d. **Unofficial transcript**, submitted electronically into the application.
- e. **Supplemental Application.** This component of the application asks applicants to identify the courses taken to fulfill the prerequisite coursework.

2. Be sure to closely follow the Steps to Apply for Graduate School (<https://grad.wisc.edu/admissions/process/>) and watch your application status page through MyUW (<http://my.wisc.edu/>) for missing checklist items or additional information.

For any questions or if you need additional information please go over the Graduate Admissions FAQ (<https://grad.wisc.edu/admissions/faq/>), or send an email to the Graduate Coordinator (see the Contact Information box on this page).

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM INFORMATION

Students enrolled in this program are not eligible to receive tuition remission from graduate assistantship appointments at this institution.

Our program does offer scholarship opportunities.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
No	No	Yes	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW–Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail	
Minimum Credit Requirement	30 credits
Minimum Residence Credit Requirement	16 credits
Minimum Graduate Coursework Requirement	15 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy (https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/)).
Overall Graduate GPA Requirement	3.00 GPA required. This program follows the Graduate School's policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	n/a
Assessments and Examinations	No formal examination is required.

Language Requirements No language requirements.

REQUIRED COURSES

Code	Title	Credits
Core Nutrition Courses		
Complete all courses - 9 credits		
NUTR SCI 710	Human Energy Metabolism	2
NUTR SCI 715	Micronutrients: Human Physiology and Disease	3
NUTR SCI 720	Advanced Nutrition Assessment	1
NUTR SCI 653	Clinical Nutrition Research	3
Clinical Nutrition Courses		9-18
Choose minimum of 9 credits, maximum of 18 credits:		
NUTR SCI 650	Advanced Clinical Nutrition: Critical Care and Nutrition Support	3
NUTR SCI 651	Advanced Clinical Nutrition - Pediatrics	3
NUTR SCI 652	Advanced Nutrition Counseling and Education	3
NUTR SCI 711	Personalized Nutrition: Genetics, Genomics, and Metagenomics	1
NUTR SCI 721	Nutrition Informatics	1
NUTR SCI 725	Advanced Community Nutrition	1
NUTR SCI 726	Nutritional Management of Gastrointestinal Disorders	3
NUTR SCI 750	Advanced Sports Nutrition	2
NUTR SCI 875	Special Topics (Topics: Nutrition and Aging, Nutraceuticals for Health Professionals, Nutritional Management of Gastrointestinal Disorders, or Sport Nutrition)	1-4
Professional Skills		3
Complete minimum of 3 credits:		
E P D 701	Writing for Professionals	1
E P D 702	Professional Presentations	1
E P D 704	Organizational Communication and Problem Solving	1
E P D 708	Creating Breakthrough Innovations	1
E P D 712	Ethics for Professionals	1
E P D/ACCT I S/ GEN BUS 781	Financial and Business Acumen	1
E P D/GEN BUS/ MARKETNG 782	Marketing for Non-Marketing Professionals	1
E P D/GEN BUS/ M H R 783	Leading Teams	1
E P D/GEN BUS/ OTM 784	Project Management Essentials	1
E P D/GEN BUS/ M H R 785	Effective Negotiation Strategies	1
NURSING 772	Leadership and Organizational Decision-Making in Health Care	3
NUTR SCI 875	Special Topics (Management in Dietetics)	1-4
Elective Choices		0-9

No elective credits are required, but if students are interested, a maximum of 9 credits may be taken. Students may choose additional Clinical Nutrition and/or Professional Skills course and/or choose from the elective options listed below.

Total Credits **30**

Optional Electives

Code	Title	Credits
NURSING/ PHM PRAC/ SOC WORK 746	Interdisciplinary Care of Children with Special Health Care Needs	3
NURSING 702	Health Promotion and Disease Prevention in Diverse Communities	3
LSC 560	Scientific Writing	3
LSC 432	Social Media for the Life Sciences	3
POP HLTH 795	Principles of Population Health Sciences	1-3
POP HLTH/ SOC 797	Introduction to Epidemiology	3
NUTR SCI 670	Nutrition and Dietetics Practicum I	3
NUTR SCI 671	Nutrition and Dietetics Practicum II	3
PUBLHLTH 710	Introduction to Global Health: History, Current Issues, and Health Statistics	2
PUBLHLTH 711	Global Public Health and Healthcare Systems: Organizations, Governance, Financing, and Workforce	2
PUBLHLTH 712	Global Health: Infectious Diseases, One Health, and Prevention Strategies	2
PUBLHLTH 713	Global Health: Non-communicable Diseases, Poverty, Environmental Health, and Food Security	2
NUTR SCI 991	Research Nutrition	1-12

Other Policy

Students in this program may not take courses outside the prescribed curriculum without faculty advisor and program director approval. Students in this program cannot enroll concurrently in other undergraduate, graduate or certificate programs.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES PRIOR COURSEWORK

Graduate Work from Other Institutions

With program approval, students are allowed to count no more than 6 credits of graduate prior coursework from other institutions.

UW-Madison Undergraduate*

No credits from a UW-Madison undergraduate degree are allowed to count toward the degree.

*Mayo Clinic School of Health Sciences

With program approval, students may count up to six credits of undergraduate coursework, earned post-baccalaureate, from the Mayo Clinic Dietetic Internship program toward fulfillment of minimum graduate residence credit requirement. These credits cannot be counted toward the minimum graduate residence credit requirement. To request evaluation of prior coursework, a student will need to submit an official transcript from the Mayo Clinic School of Health Sciences to the Graduate Program Manager.

No prior credit will be accepted if it was earned through supervised practice hours in a dietetic internship except those completed through the University of Wisconsin Hospital and Clinics (UWHC) and the Mayo Clinic Dietetic Internship.

UW-Madison University Special

This program follows the Graduate School's policy for Transfer from UW-Madison University Special Student Career at UW-Madison. (<https://policy.wisc.edu/library/UW-1216/>)

The final decision of accepting any prior coursework is up to the discretion of the MSCN Executive Committee.

PROBATION

This program follows the Graduate School's Probation policy. (<https://policy.wisc.edu/library/UW-1217/>)

ADVISOR / COMMITTEE

This program follows the Graduate School's Advisor policy (<https://policy.wisc.edu/library/UW-1232/>) and Committees policy. (<https://policy.wisc.edu/library/UW-1201/>)

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

This program follows the Graduate School's Time Limits policy (<https://policy.wisc.edu/library/UW-1221/>).

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)

- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

College of Agricultural and Life Sciences: Grievance Policy

In the College of Agricultural and Life Sciences (CALs), any student who feels unfairly treated by a member of the CALs faculty or staff has the right to complain about the treatment and to receive a prompt hearing. Some complaints may arise from misunderstandings or communication breakdowns and be easily resolved; others may require formal action. Complaints may concern any matter of perceived unfairness.

To ensure a prompt and fair hearing of any complaint, and to protect the rights of both the person complaining and the person at whom the complaint is directed, the following procedures are used in the College of Agricultural and Life Sciences. Any student, undergraduate or graduate, may use these procedures, except employees whose complaints are covered under other campus policies.

1. The student should first talk with the person at whom the complaint is directed. Most issues can be settled at this level. Others may be resolved by established departmental procedures.
2. If the student is unsatisfied, and the complaint involves any unit outside CALs, the student should seek the advice of the dean or director of that unit to determine how to proceed.
 - a. If the complaint involves an academic department in CALs the student should proceed in accordance with item 3 below.
 - b. If the grievance involves a unit in CALs that is not an academic department, the student should proceed in accordance with item 4 below.
3. The student should contact the department's grievance advisor within 120 calendar days of the alleged unfair treatment. The departmental administrator can provide this person's name. The grievance advisor will attempt to resolve the problem informally within 10 working days of receiving the complaint, in discussions with the student and the person at whom the complaint is directed.
 - a. If informal mediation fails, the student can submit the grievance in writing to the grievance advisor within 10 working days of the date the student is informed of the failure of the mediation attempt by the grievance advisor. The grievance advisor will provide a copy to the person at whom the grievance is directed.
4. If the alleged unfair treatment occurs in a CALs unit that is not an academic department, the student should, within 120 calendar days of the alleged incident, take his/her grievance directly to the Associate Dean of Academic Affairs. The dean will attempt to resolve the problem informally within 10 working days of receiving the complaint. If this mediation attempt does not succeed the student may file a written complaint with the dean who will refer it to the CALs Equity and Diversity Committee. The committee will seek a written response from the person at whom the complaint is directed, subsequently following other steps delineated in item 3d above.

OTHER

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

1. Articulating and integrating specialized knowledge in the field of advanced clinical nutrition - including energy metabolism, micronutrient requirements, and nutrigenomics needed to meet the challenges of future careers and opportunities.
2. Articulating and demonstrating advanced skills in nutritional assessment and nutritional care of patients with complicated disorders/diseases in a clinical or community setting.

3. Demonstrating advanced skills in nutrition counseling and education needed to precipitate behavior and cognitive change.
4. Formulating systems to gather, analyze and interpret data from a practice setting to develop appropriate protocols and care plans using the nutritional care process.
5. Formulate problem statements and writing research proposals using appropriate study design.
6. Demonstrating an ability to understand, interpret, evaluate, and design clinical nutrition research.
7. Demonstrating high level problem-solving, critical thinking, and use of informatics required in advanced clinical nutrition practice.
8. Demonstrating advanced professional skills in communication, information and project management, leadership, and ethics.

NUTRITION AND METABOLISM, M.S.

THE STUDENT EXPERIENCE

Modern nutrition is a multidisciplinary, integrative science, and the Nutrition and Metabolism graduate program has been developed to meet this diversity in approach and objective. It is the program's goal to provide graduate students interested in nutrition with an opportunity to obtain specialized training in a specific research area and also to obtain a general background in the science and practice of nutrition. The program is sufficiently flexible to allow students with a wide variety of undergraduate degrees to meet the background prerequisites. The program draws on the strengths of faculty in a number of the university's colleges and academic departments to enhance the instructional and research experience.

LEARN THROUGH YOUR RESEARCH

The training objectives of the Nutrition and Metabolism graduate program are to provide students with an understanding of basic nutritional principles as they apply to humans, animals, and molecular models, to provide them with current knowledge in each area of emphasis, to make them aware of the integrative and multidisciplinary nature of nutrition research, and to direct them toward a successful career through the thesis and publications.

Throughout their graduate career, Nutrition and Metabolism students partner with a faculty mentor for in-depth research and career guidance.

BUILD COMMUNITY AND NETWORKS

The Nutrition and Metabolism graduate program offers opportunities to work with over 50 faculty members from 19 different departments at UW-Madison. The graduate faculty have well-developed, competitively-funded research programs and have been nationally recognized for their activities. They are active in national and international nutrition activities, and serve on editorial boards, as society officers, and as participants in numerous workshops and on advisory committees.

Network within your field(s) by attending international and national conferences and scientific meetings with professional development funds provided to accepted students.

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	January 1*
Spring Deadline	January 1*
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements (https://grad.wisc.edu/apply/requirements/#english-proficiency).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

*

Students are only directly admitted to the MS program if they have a mentor pre-arranged. Contact the program with questions.

Candidates for graduate study in nutrition and metabolism should have a strong background in mathematics, chemistry, biological sciences, medical sciences, or social sciences.

Specific prerequisites for the graduate program include the following:

- 2 semesters of General Chemistry
- 2 semesters of Biological Sciences

- 1 semester of Organic Chemistry
- Biochemistry with an Organic Chemistry prerequisite
- 1 semester of Statistics or Calculus
- 1 semester of Physiology

Students who have not completed all the requirements may be admitted, but deficiencies should be made up during the first year of graduate study.

All applicants must have a minimum grade point average of at least 3.0 (on a 4.0 scale), as well as three references, and a personal statement. Acceptance requires approval by the Department of Nutritional Sciences and the Graduate School.

**A MS is not required for entry into the Nutrition and Metabolism PhD degree. Applicants interested in the Nutrition and Metabolism PhD degree should apply directly through the Nutrition and Metabolism PhD app, and not submit an application for the Nutrition and Metabolism MS.*

Applicants interested solely in the MS degree are highly recommended to apply for the Fall deadline. MS students who submit an application for the Fall deadline will be required to submit 4-5 trainers in which they are interested in working with. After the Fall deadline passes, the program will share the applications with the trainers to see if a direct offer of admission can be made.

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Nutrition and Metabolism MS students receive an annual stipend in addition to tuition remission.

The application for the Nutrition and Metabolism MS is also the application for funding. If incoming students are qualified for additional fellowships/funding, the Graduate Program Manager will assist the accepted student with the application process.

The stipend appointment may take the form of traineeship, research assistantships, or fellowships and are guaranteed for all Nutrition and Metabolism candidates who make satisfactory academic progress.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW-Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail	
Minimum Credit Requirement	30 credits
Minimum Residence Credit Requirement	16 credits
Minimum Graduate Coursework Requirement	15 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy (https://policy.wisc.edu/library/UW-1244) (https://policy.wisc.edu/library/UW-1244/).
Overall Graduate GPA Requirement	3.00 GPA required. This program follows the Graduate School's policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	n/a
Assessments and Examinations	Students must complete either a research-based thesis or literature-based report that passes scholarly review.
Language Requirements	No language requirements.

NUTR SCI 991	Research Nutrition ²	1-12
--------------	---------------------------------	------

Electives

Students select 6 credits of electives which may include additional statistics, biochemistry, and advanced topics courses as determined by the thesis committee	6
---	---

Total Credits	30
----------------------	-----------

1

Requirement may be waived. Contact the Graduate Program Coordinator.

2

After enrolling in other coursework, students enroll in enough credits of NUTR SCI 991 to reach a total of 12 credits per fall and spring semesters.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Work from Other Institutions

With approval of the certification committee, students are allowed to count up to 14 credits of graduate coursework from other institutions. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

UW-Madison Undergraduate

With approval of the certification committee, students may count up to 7 credits from a UW-Madison undergraduate degree, numbered 400 and above, toward the M.S. degree, provided that the course satisfies a requirement within the student's core curriculum or emphasis group. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

UW-Madison University Special

With approval of the certification committee, students are allowed to count no more than 14 credits of coursework taken as a UW-Madison Special student, provided the course satisfies a requirement within the student's core curriculum or emphasis group and is numbered 300 or above. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

PROBATION

The program requires a cumulative 3.0 GPA for all courses taken in the UW Graduate School. Grades in research (NUTR SCI 991) are not included in the calculation of the GPA. A student who does not maintain a 3.0 GPA can continue on probationary status for two semesters at the recommendation of the major professor. If, at that time, the student does not achieve a cumulative 3.0 GPA, they will be dropped from the program.

The Graduate School regularly reviews the record of any student who earned grades of BC, C, D, F, or Incomplete in a graduate course (300 or above), or grade of U in research credits. This review could result in academic probation with a hold on future enrollment or in being suspended from the Graduate School.

ADVISOR / COMMITTEE

This program follows the Graduate School's Advisor policy (<https://policy.wisc.edu/library/UW-1232/>) and Committees policy (<https://policy.wisc.edu/library/UW-1201/>).

CREDITS PER TERM ALLOWED

12 credits: Fall and Spring semesters

2 credits: Per eight-week summer session

TIME LIMITS

This program follows the Graduate School's Time Limits policy (<https://policy.wisc.edu/library/UW-1221/>).

College of Agricultural and Life Sciences: Grievance Policy

In the College of Agricultural and Life Sciences (CALs), any student who feels unfairly treated by a member of the CALs faculty or staff has the right to complain about the treatment and to receive a prompt hearing. Some complaints may arise from misunderstandings or communication breakdowns and be easily resolved; others may require formal action. Complaints may concern any matter of perceived unfairness.

To ensure a prompt and fair hearing of any complaint, and to protect the rights of both the person complaining and the person at whom the complaint is directed, the following procedures are used in the College of Agricultural and Life Sciences. Any student, undergraduate or graduate, may use these procedures, except employees whose complaints are covered under other campus policies.

1. The student should first talk with the person at whom the complaint is directed. Most issues can be settled at this level. Others may be resolved by established departmental procedures.
2. If the student is unsatisfied, and the complaint involves any unit outside CALs, the student should seek the advice of the dean or director of that unit to determine how to proceed.
 - a. If the complaint involves an academic department in CALs the student should proceed in accordance with item 3 below.
 - b. If the grievance involves a unit in CALs that is not an academic department, the student should proceed in accordance with item 4 below.
3. The student should contact the department's grievance advisor within 120 calendar days of the alleged unfair treatment. The departmental administrator can provide this person's name. The grievance advisor will attempt to resolve the problem informally within 10 working days of receiving the complaint, in discussions with the student and the person at whom the complaint is directed.
 - a. If informal mediation fails, the student can submit the grievance in writing to the grievance advisor within 10 working days of the date the student is informed of the failure of the mediation attempt by the grievance advisor. The grievance advisor will provide a copy to the person at whom the grievance is directed.
 - b. The grievance advisor will refer the complaint to a department committee that will obtain a written response from the person at whom the complaint is directed, providing a copy to the student. Either party may request a hearing before the committee. The grievance advisor will provide both parties a written decision within 20 working days from the date of receipt of the written complaint.
 - c. If the grievance involves the department chairperson, the grievance advisor or a member of the grievance committee, these persons may not participate in the review.
 - d. If not satisfied with departmental action, either party has 10 working days from the date of notification of the departmental committee action to file a written appeal to the CALs Equity and Diversity Committee. A subcommittee of this committee will make a preliminary judgement as to whether the case merits further investigation and review. If the subcommittee unanimously determines that the case does not merit further investigation and review, its decision is final. If one or more members of the subcommittee determine that the case does merit further investigation and review, the subcommittee will investigate and

seek to resolve the dispute through mediation. If this mediation attempt fails, the subcommittee will bring the case to the full committee. The committee may seek additional information from the parties or hold a hearing. The committee will present a written recommendation to the dean who will provide a final decision within 20 working days of receipt of the committee recommendation.

4. If the alleged unfair treatment occurs in a CALs unit that is not an academic department, the student should, within 120 calendar days of the alleged incident, take his/her grievance directly to the Associate Dean of Academic Affairs. The dean will attempt to resolve the problem informally within 10 working days of receiving the complaint. If this mediation attempt does not succeed the student may file a written complaint with the dean who will refer it to the CALs Equity and Diversity Committee. The committee will seek a written response from the person at whom the complaint is directed, subsequently following other steps delineated in item 3d above.

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

1. Articulates, critiques, and elaborates the theories, research methods, and approaches to inquiry in nutrition and metabolism. Specific knowledge areas of focus include intermediary metabolism, functions and metabolism of vitamins and minerals, nutrition-related diseases such as obesity and diabetes, and fundamental principles of epidemiology and nutrition policy.
2. Identifies sources and assembles evidence pertaining to questions or challenges in nutrition and metabolism.
3. Selects and/or utilizes the most appropriate methodologies and practices.
4. Evaluates or synthesizes information pertaining to questions or challenges in nutrition and metabolism.
5. Communicates clearly in ways appropriate to the field of nutrition and metabolism. This includes the composition of primary research and review articles. Demonstrates competent communication in the form of oral and poster presentations.
6. Recognizes and applies principles of ethical and professional conduct.

PEOPLE

See the program website (<https://nutrisci.wisc.edu/people/igpns-faculty/>) for a list of faculty trainers.

NUTRITION AND METABOLISM, PH.D.

THE STUDENT EXPERIENCE

Modern nutrition is a multidisciplinary, integrative science, and the Nutrition and Metabolism graduate program has been developed to meet this diversity in approach and objective. It is the program's goal to provide graduate students interested in nutrition with an opportunity to obtain specialized training in a specific research area and also to obtain a general background in the science and practice of nutrition. The program is sufficiently flexible to allow students with a wide variety of undergraduate degrees to meet the background prerequisites. The program draws on the strengths of faculty in a number of the university's colleges and academic departments to enhance the instructional and research experience.

- 2 semesters of Biological Sciences
- 1 semester of Organic Chemistry
- Biochemistry with an Organic Chemistry prerequisite
- 1 semester of Calculus or Statistics
- 1 semester of Physiology

Students who have not completed all the requirements may be admitted, but deficiencies should be made up during the first year of graduate study.

All applicants must have a minimum grade point average of at least 3.0 (on a 4.0 scale) as well as three references and a personal statement. Acceptance requires approval by the Department of Nutritional Sciences and the Graduate School.

**A MS is not required for entry into the Nutrition and Metabolism PhD degree. Applicants interested in the Nutrition and Metabolism PhD degree should apply directly through the Nutrition and Metabolism PhD app, and not submit an application for the Nutrition and Metabolism MS.*

Applicants interested solely in the MS degree are highly recommended to apply for the Fall deadline. MS students who submit an application for the Fall deadline will be required to submit 4-5 trainers in which they are interested in working with. After the Fall deadline passes, the program will share the applications with the trainers to see if a direct offer of admission can be made.

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School.

Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Nutrition and Metabolism students receive a 5-year funding guarantee¹ in addition to tuition remission.

The application for the Nutrition and Metabolism program is also the application for funding. If incoming students are qualified for additional fellowships/funding, the Graduate Program Manager will assist the accepted student with the application process.

The stipend appointment may take the form of traineeship, assistantships, or fellowships and are guaranteed for all Nutrition and Metabolism Ph.D. candidates in good standing.

¹Contingent upon satisfactory academic progress.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW–Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail

Minimum Credit Requirement	51 credits
----------------------------	------------

Minimum Residence Credit Requirement	32 credits
Minimum Graduate Coursework Requirement	26 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy (https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/)).
Overall Graduate GPA Requirement	3.00 GPA required. This program follows the Graduate School's policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	n/a
Assessments and Examinations	Students must take and pass a preliminary exam and a final defense. Students must take the first exam prior to the end of the fifth semester; summer session does not count as a semester.
Language Requirements	No language requirements.
Breadth Requirement	Students are not required to complete a doctoral minor or Graduate/Professional certificate, but are heavily encouraged to pursue one.

REQUIRED COURSES

Code	Title	Credits
Core Courses		
NUTR SCI 600	Introductory Seminar in Nutrition	1
NUTR SCI/ BIOCHEM 619	Advanced Nutrition: Intermediary Metabolism of Macronutrients	3
NUTR SCI/ POP HLTH 621	Introduction to Nutritional Epidemiology	1
NUTR SCI 623	Advanced Nutrition: Minerals	1
NUTR SCI 625	Advanced Nutrition: Obesity and Diabetes	1
NUTR SCI/ AN SCI 626	Experimental Diet Design	1
NUTR SCI 627	Advanced Nutrition: Vitamins	1
NUTR SCI 931	Seminar-Nutrition ¹	1
NUTR SCI 799	Practicum in Nutritional Sciences Teaching ²	1-3
NUTR SCI 745	Grant Writing for Nutritional Sciences Research	2
Research		
NUTR SCI 731	Research in Progress Seminar	1
NUTR SCI 991	Research Nutrition ³	1-12
Electives		
Students select 6 credits of electives which may include additional statistics, biochemistry, and advanced topics courses as determined by the thesis committee		6
Total Credits		51

1

Student should enroll each semester, unless there is a course conflict.

2

Requirement may be waived. Please contact Graduate Program Coordinator.

3

After enrolling in other coursework, students enroll in enough credits of NUTR SCI 991 to reach a total of 12 credits per fall and spring semesters.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Work from Other Institutions

With approval of the certification committee, students are allowed to count up to 19 credits of graduate coursework from other institutions. Coursework earned ten years or more prior to admission to a doctoral degree is not allowed to satisfy requirements.

UW–Madison Undergraduate

With approval of the certification committee, students are allowed to count up to 7 credits from a UW–Madison undergraduate degree, numbered 400 and above, toward the Ph.D. degree, provided the course satisfies a requirement within the student's core curriculum or emphasis group. Coursework earned ten years or more prior to admission to a doctoral degree is not allowed to satisfy requirements.

UW–Madison University Special

With program approval, students are allowed to count no more than 15 credits of coursework taken as a UW–Madison Special student, provided the course satisfies a requirement within the student's core curriculum or emphasis group. Coursework earned ten years or more prior to admission to a doctoral degree is not allowed to satisfy requirements.

PROBATION

The program requires a cumulative 3.0 GPA for all courses taken in the UW Graduate School. Grades in research (NUTR SCI 991) are not included in the calculation of the GPA. A student who does not maintain a 3.0 GPA can continue on probationary status for two semesters at the recommendation of the major professor. If, at that time, the student does not achieve a cumulative 3.0 GPA, they will be dropped from the program.

This program follows the Graduate School's Probation policy. (<https://policy.wisc.edu/library/UW-1217/>)

ADVISOR / COMMITTEE

Every graduate student is required to have an advisor and a committee. PhD students must have a committee of at least four members. Students have time in their first year of study to build their committees. An advisor is a faculty member from the major department responsible for providing advice regarding graduate studies. An advisor generally serves as the thesis advisor. Students can be suspended from the Graduate School if they do not have an advisor. The Director of Graduate Studies will be assigned as a student's advisor for the duration of their laboratory rotations.

To ensure that students are making satisfactory progress toward a degree, the Graduate School expects them to meet with their advisor and committee on a regular basis.

CREDITS PER TERM ALLOWED

12 credits: fall and spring semesters

2 credits: per eight-week summer session

TIME LIMITS

Doctoral degree students who have been absent for ten or more consecutive years lose all credits that they have earned before their absence. Individual programs may count the coursework students completed prior to their absence for meeting program requirements; that coursework may not count toward Graduate School credit requirements.

A candidate for a Doctoral degree who fails to take the final oral examination and deposit the dissertation within five years after passing the preliminary examination may be required to take another preliminary examination and to be admitted to candidacy a second time.

A student's program may appeal these time limits through a written request to the Graduate School Office of Academic Services.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeedisabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

College of Agricultural and Life Sciences: Grievance Policy

In the College of Agricultural and Life Sciences (CALs), any student who feels unfairly treated by a member of the CALs faculty or staff has the right to complain about the treatment and to receive a prompt hearing. Some complaints may arise from misunderstandings or communication breakdowns and be easily resolved; others may require formal action. Complaints may concern any matter of perceived unfairness.

To ensure a prompt and fair hearing of any complaint, and to protect the rights of both the person complaining and the person at whom the complaint is directed, the following procedures are used in the College of Agricultural and Life Sciences. Any student, undergraduate or graduate, may use these procedures, except employees whose complaints are covered under other campus policies.

1. The student should first talk with the person at whom the complaint is directed. Most issues can be settled at this level. Others may be resolved by established departmental procedures.
2. If the student is unsatisfied, and the complaint involves any unit outside CALs, the student should seek the advice of the dean or director of that unit to determine how to proceed.
 - a. If the complaint involves an academic department in CALs the student should proceed in accordance with item 3 below.
 - b. If the grievance involves a unit in CALs that is not an academic department, the student should proceed in accordance with item 4 below.
3. The student should contact the department's grievance advisor within 120 calendar days of the alleged unfair treatment. The departmental administrator can provide this person's name. The grievance advisor will attempt to resolve the problem informally within 10 working days of receiving the complaint, in discussions with the student and the person at whom the complaint is directed.
 - a. If informal mediation fails, the student can submit the grievance in writing to the grievance advisor within 10 working days of the date the student is informed of the failure of the mediation attempt by the grievance advisor. The grievance advisor will provide a copy to the person at whom the grievance is directed.
 - b. The grievance advisor will refer the complaint to a department committee that will obtain a written response from the person at whom the complaint is directed, providing a copy to the student. Either party may request a hearing before the committee. The grievance advisor will provide both parties a written decision within 20 working days from the date of receipt of the written complaint.
 - c. If the grievance involves the department chairperson, the grievance advisor or a member of the grievance committee, these persons may not participate in the review.
 - d. If not satisfied with departmental action, either party has 10 working days from the date of notification of the departmental committee action to file a written appeal to the CALs Equity and Diversity Committee. A subcommittee of this committee will make a preliminary judgement as to whether the case merits further investigation and review. If the subcommittee unanimously determines that the case does not merit further investigation and review, its decision is final. If one or more members of the subcommittee determine that the case does merit further investigation and review, the subcommittee will investigate and seek to resolve the dispute through mediation. If this mediation attempt fails, the subcommittee will bring the case to the full committee. The committee may seek additional information

from the parties or hold a hearing. The committee will present a written recommendation to the dean who will provide a final decision within 20 working days of receipt of the committee recommendation.

4. If the alleged unfair treatment occurs in a CALs unit that is not an academic department, the student should, within 120 calendar days of the alleged incident, take his/her grievance directly to the Associate Dean of Academic Affairs. The dean will attempt to resolve the problem informally within 10 working days of receiving the complaint. If this mediation attempt does not succeed the student may file a written complaint with the dean who will refer it to the CALs Equity and Diversity Committee. The committee will seek a written response from the person at whom the complaint is directed, subsequently following other steps delineated in item 3d above.

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

1. Articulates research problems, potentials, and limits with respect to theory, knowledge, and practice in nutrition and metabolism. Specific knowledge areas of focus include intermediary metabolism, functions and metabolism of vitamins and minerals, nutrition-related diseases such as obesity and diabetes, and fundamental principles of epidemiology and nutrition policy.
2. Formulates ideas, concepts, designs, and/or techniques beyond the current boundaries of knowledge in nutrition and metabolism.
3. Creates original research and scholarship that makes a substantive contribution to nutrition and metabolism.
4. Demonstrates breadth of knowledge of nutrition and metabolism.
5. Advances contributions of the field of nutrition and metabolism to society.
6. Communicates complex ideas in a clear and understandable manner through both written and oral presentations.
7. Fosters and practices ethical and professional conduct.

PEOPLE

See the program website (<https://nutrisci.wisc.edu/people/igpns-faculty/>) for a list of faculty trainers.

NUTRITIONAL SCIENCES, DOCTORAL MINOR

Admissions to the Nutritional Studies Doctoral Minor have been suspended as of fall 2022 and will be discontinued as of fall 2024. If you have any questions, please contact the department.

The doctoral minor in nutritional sciences aims to articulate, critique, and elaborate the theories, research methods, and approaches to inquiry in nutritional sciences. Specific knowledge areas of focus include intermediary metabolism, functions and metabolism of vitamins and minerals, nutrition-related diseases such as obesity and diabetes, and fundamental principles of epidemiology and nutrition policy.

Those completing the doctoral minor in nutritional sciences are expected to identify sources and assemble evidence pertaining to questions or challenges in nutritional sciences, recognize the most appropriate methodologies and practices, evaluate or synthesize information pertaining to questions or challenges in nutritional sciences, communicate clearly in ways appropriate to the field of nutritional sciences, and recognize and apply principles of ethical professional conduct.

ADMISSIONS

Admissions to the Nutritional Studies Doctoral Minor have been suspended as of fall 2022 and will be discontinued as of fall 2024. If you have any questions, please contact the department.

Admissions:

Graduate Program Coordinator: Katie Butzen, MS.Ed. (kbutzen@wisc.edu (jmkng4@wisc.edu))

PEOPLE

Faculty: Alarid (co-director), Loeb (co-director), Ahlquist, Alexander, Arendt, Asimakopoulos, Audhya, Beebe, Bradfield, Bresnick, Burkard, Cryns, Deming, Drinkwater, Evans, Friedl, Friesen, Gould, Griep, Halberg, Harari, Hoffman, Huttenlocher, Jarrard, Johannnsen, Kalejta, Kenney, Kimple, Kreeger, Lambert, Lang, Lewis, Marker, McNeel, Mertz, Miyamoto, Morris, Mosher, Rapraeger, Ricke, Rui, Shuler, Sherer, Shull, Striker, Sugden, Tibbetts, Weaver, Wheeler, Xing, Xu, and Zhang. For the most current list of faculty and descriptions of their research interests, the program website (<https://cancerbiology.wisc.edu/our-trainers/>).

CANCER BIOLOGY, M.S.

The graduate program in cancer biology offers a course of study and research leading to the Ph.D. degree. Although a master's degree is offered under special circumstances, students are not admitted for a master's degree.

The Cancer Biology Graduate Program was established at the McArdle Laboratory for Cancer Research in 1940 as the first graduate program in the United States to offer a degree in basic cancer research. The program now includes more than 50 faculty trainers from multiple departments including Oncology, Medicine, Human Oncology, Cell and Regenerative Biology, Medical Microbiology and Immunology, and others. This interdepartmental structure offers students remarkably diverse training opportunities that span the entire breadth of cancer biology research from haploid or diploid genetics, viral and chemical carcinogenesis, eukaryotic cell and molecular biology, virology, molecular toxicology, and whole-animal carcinogenesis. Through the graduate curriculum, students are introduced to the body of knowledge that has been derived directly from experiments on the induction, properties, and therapy of cancer, and receive the necessary background to conduct independent research.

Curriculum requirements are designed to be flexible, providing a maximal opportunity for specialization within this multidisciplinary field. Students learn through core and elective courses; by participation in seminars, conferences, and journal clubs related to their specific areas of expertise; and most important, from their research advisors. Students who join the program select research advisors after conducting a minimum of three monthlong rotations in different laboratories during the first semester. After choosing an advisor, students will also create an advisory committee of five faculty members who will provide guidance throughout the process of earning the Ph.D. degree. The average time to complete the Ph.D. is 5.5 years. The program prepares students for careers in teaching and research in academia, government, and industry.

ADMISSIONS

This master's program is offered for work leading to the Ph.D. Students may not apply directly for the master's, and should instead see the admissions information for the Ph.D. (p. 1546)

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

REQUIRED COURSES

The curriculum for Cancer Biology is designed to introduce you to research related to the induction, properties, and therapy of cancer and to ensure that you have the necessary background in one or more areas of related, fundamental science to enable you to do original research. Courses are drawn from the Department of Oncology as well as various related departments, including Bacteriology, Biochemistry, Biomolecular Chemistry, Chemistry, Genetics, Human Oncology, Medical Microbiology and Immunology, Pathology and Laboratory Medicine, and Pharmacology.

The Graduate School at UW-Madison requires PhD students to complete a minimum of 51 credits in order to obtain a PhD Degree. These credits are fulfilled via core curriculum courses, 990 research, and electives. Courses numbered below 300, audit, and pass/fail do not satisfy the minimum requirement. It is suggested that you take approximately 2 courses per semester with the remaining credits being 990 research. All courses must be completed by the end of your second year, before completing the Preliminary Exam.

Code	Title	Credits
Core Courses:		
ONCOLOGY/ PL PATH 640	General Virology-Multiplication of Viruses	3
ONCOLOGY 703	Carcinogenesis and Tumor Cell Biology	3
ONCOLOGY 715	Ethics in Science	1
ONCOLOGY 725	Readings in Cancer Biology	2
ONCOLOGY 735	Current Problems in Cancer Biology	2
ONCOLOGY 901	Seminar (presentation) ¹	1
<i>Research Credits</i>		
ONCOLOGY 990	Research ²	
<i>Quantitative Requirement</i>		
B M I/STAT 541	Introduction to Biostatistics	3
	or ONCOLOGY 778	
	Bioinformatics for Biologists	
Electives (two courses) ³		

1

Beginning in your second year, you will be required to give an annual, formal presentation in the Cancer Biology Student/Postdoc Seminar Series. You will register for ONCOLOGY 901 Seminar during the semester in which you present. Your seminars will be recorded and you will receive feedback from the seminar course instructor to help improve your public speaking and presentation skills. **Attendance at this seminar series is required.**

In addition, you are expected to attend the Cancer Biology Seminar throughout your graduate career (no registration required). The Cancer Biology Seminar, which features local and outside faculty speakers, is held on Wednesdays at 10:30 a.m. in 1345 HSLC. The schedule is posted on the McArde website (http://www.mcardle.wisc.edu/events/cancerbiology_seminar.htm).

2

Students will enroll in up to 12 credits per semester as pre-dissertators (only 2 credits during the summer term).

3

Students may select electives from the list below in consultation with their advisor.

Elective Coursework

Code	Title	Credits
BIOCHEM 601	Protein and Enzyme Structure and Function	2
BIOCHEM/ GENETICS/ MICROBIO 612	Prokaryotic Molecular Biology	3
BIOCHEM/ PHMCOL-M/ ZOOLOGY 630	Cellular Signal Transduction Mechanisms	3

POLICIES**GRADUATE SCHOOL POLICIES**

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES**PRIOR COURSEWORK****Graduate Work from Other Institutions**

With program approval, students are allowed to count no more than 9 credits of graduate coursework from other institutions. Coursework earned five or more years prior to admission to a master's degree or doctoral degree is not allowed to satisfy requirements.

UW-Madison Undergraduate

With program approval, students are allowed to count no more than 7 credits numbered 300 or above from a UW-Madison undergraduate degree.

UW-Madison University Special

With program approval, students are allowed to count no more than 15 credits of coursework numbered 300 or above taken as a UW-Madison special student. Coursework earned ten or more years prior to admission to a doctoral degree is not allowed to satisfy requirements.

PROBATION

A semester GPA below 3.0 or an incomplete grade (I) will result in the student being placed on academic probation. If a semester GPA of 3.0 is not attained or the Incomplete grade is not cleared during the subsequent semester of full-time enrollment, the student may be dismissed from the program or allowed to continue for 1 additional semester based on advisor appeal to the Graduate School.

ADVISOR / COMMITTEE

All students are required to have an advisor. Students must create a certification committee (advisor plus four additional faculty members) by the end of their first year. After passing their preliminary examination, students are required to conduct a progress report meeting with their certification committee each year. Failure to do so may result in a hold being placed on the student's registration.

CREDITS PER TERM ALLOWED

15 credits

TIME CONSTRAINTS

All doctoral students must pass their preliminary examination by the end of their second year (August 31). Under special circumstances, a one-semester extension may be granted when justified in writing by the student and advisor.

A candidate for a doctoral degree who fails to take the final oral examination and deposit the dissertation within five years after passing the preliminary examination may be required to take another preliminary examination and to be admitted to candidacy a second time.

Doctoral degree students who have been absent for ten or more consecutive years lose all credits that they have earned before their absence. Individual programs may count the coursework students completed prior to their absence for meeting program requirements; that coursework may not count toward Graduate School credit requirements.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeeabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Grievance Policy for Graduate Programs in the School of Medicine and Public Health

Any student in a School of Medicine and Public Health graduate program who feels that they have been treated unfairly in regards to educational decisions and/or outcomes or issues specific to the graduate program, including academic standing, progress to degree, professional activities, appropriate advising, and a program's community standards by a faculty member, staff member, postdoc, or student has the right to complain about the treatment and to receive a prompt hearing of the grievance following these grievance procedures. Any student who discusses, inquires about, or participates in the grievance procedure may do so openly and shall not be subject to intimidation, discipline, or retaliation because of such activity. Each program's grievance advisor is listed on the "Research" tab of the SMPH intranet (<https://intranet.med.wisc.edu/>).

Exclusions

This policy does not apply to employment-related issues for Graduate Assistants in TA, PA and/or RA appointments. Graduate Assistants will utilize the Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/>) (GAPP) grievance process to resolve employment-related issues.

hr.wisc.edu/policies/gapp/) (GAPP) grievance process to resolve employment-related issues.

This policy does not apply to instances when a graduate student wishes to report research misconduct. For such reports refer to the UW-Madison Policy for Reporting Research Misconduct for Graduate Students and Postdoctoral Research Associates (<https://research.wisc.edu/kb-article/?id=84924>).

Requirements for Programs

The School of Medicine and Public Health Office of Basic Research, Biotechnology and Graduate Studies requires that each graduate program designate a grievance advisor, who should be a tenured faculty member, and will request the name of the grievance advisor annually. The program director will serve as the alternate grievance advisor in the event that the grievance advisor is named in the grievance. The program must notify students of the grievance advisor, including posting the grievance advisor's name on the program's Guide page and handbook.

The grievance advisor or program director may be approached for possible grievances of all types. They will spearhead the grievance response process described below for issues specific to the graduate program, including but not limited to academic standing, progress to degree, professional activities, appropriate advising, and a program's community standards. They will ensure students are advised on reporting procedures for other types of possible grievances and are supported throughout the reporting process. Resources (<https://grad.wisc.edu/current-students/#reporting-incidents>) on identifying and reporting other issues have been compiled by the Graduate School.

Procedures

1. The student is advised to initiate a written record containing dates, times, persons, and description of activities, and to update this record while completing the procedures described below.
2. If the student is comfortable doing so, efforts should be made to resolve complaints informally between individuals before pursuing a formal grievance.
3. Should a satisfactory resolution not be achieved, the student should contact the program's grievance advisor or program director to discuss the complaint. The student may approach the grievance advisor or program director alone or with a UW-Madison faculty or staff member. The grievance advisor or program director should keep a record of contacts with regards to possible grievances. The first attempt is to help the student informally address the complaint prior to pursuing a formal grievance. The student is also encouraged to talk with their faculty advisor regarding concerns or difficulties.
4. If the issue is not resolved to the student's satisfaction, the student may submit a formal grievance to the grievance advisor or program director in writing, within 60 calendar days from the date the grievant first became aware of, or should have become aware of with the exercise of reasonable diligence, the cause of the grievance. To the fullest extent possible, a grievance shall contain a clear and concise statement of the grievance and indicate the issue(s) involved, the relief sought, the date(s) the incident or violation took place, and any specific policy involved.
5. On receipt of a written grievance, the following steps will occur. The final step must be completed within 30 business days from the date the grievance was received. The program must store documentation of the grievance for seven years. Significant grievances that set a precedent may be stored indefinitely.

- a. The grievance advisor or program director will convene a faculty committee composed of at least three members to manage the grievance. Any faculty member involved in the grievance or who feels that they cannot be impartial may not participate in the committee. Committee composition should reflect diverse viewpoints within the program.
 - b. The faculty committee, through the grievance advisor or program director, will obtain a written response from the person or persons toward whom the grievance is directed. The grievance advisor or program director will inform this person that their response will be shared with the student filing the grievance.
 - c. The grievance advisor or program director will share the response with the student filing the grievance.
 - d. The faculty committee will make a decision regarding the grievance. The committee's review shall be fair, impartial, and timely. The grievance advisor or program director will report on the action taken by the committee in writing to both the student and the person toward whom the grievance was directed.
6. If either party (the student or the person or persons toward whom the grievance is directed) is unsatisfied with the decision of the program's faculty committee, the party may file a written appeal to the SMPH senior associate dean for basic research, biotechnology and graduate studies within 10 business days from the date of notification of the program's faculty committee. The following steps will occur:
- a. The grievant will be notified in writing, within 5 business days of the written appeal, acknowledging receipt of the formal appeal and establishing a timeline for the review to be completed.
 - b. The senior associate dean or their designee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the senior associate dean or their designee will meet with both the grievant and the person or persons toward whom the grievance is directed.
 - c. The senior associate dean or their designee will assemble an ad hoc committee of faculty from outside of the student's graduate program and ask them to prepare a written recommendation on whether to uphold or reverse the decision of the program on the student's initial grievance. The committee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the committee will meet with both the grievant and the person or persons toward whom the grievance is directed.
 - d. The senior associate dean or their designee will make a final decision within 20 business days of receipt of the committee's recommendation.
 - e. The SMPH Office of Basic Research, Biotechnology, and Graduate Studies must store documentation of the grievance for seven years. Grievances that set a precedent may be stored indefinitely.
7. The student may file an appeal of the School of Medicine and Public Health decision with the Graduate School. See the Grievances and Appeals section of the Graduate School's

Academic Policies and Procedures (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

Time Limits

Steps in the grievance procedures must be initiated and completed within the designated time periods except when modified by mutual consent. If the student fails to initiate the next step in the grievance procedure within the designated time period, the grievance will be considered resolved by the decision at the last completed step.

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

1. Articulates, critiques, or elaborates the theories, research methods, and approaches to inquiry or schools of practice in the field of study.
2. Identifies sources and assembles evidence pertaining to questions or challenges in the field of study.
3. Demonstrates understanding of the primary field of study in a historical, social, or global context.
4. Selects and/or utilizes the most appropriate methodologies and practices.
5. Evaluates or synthesizes information pertaining to questions or challenges in the field of study.
6. Communicates clearly in ways appropriate to the field of study.
7. Recognizes and applies principles of ethical and professional conduct.

PEOPLE

Faculty: Alarid (co-director), Loeb (co-director), Ahlquist, Alexander, Arendt, Asimakopoulos, Audhya, Beebe, Bradfield, Bresnick, Burkard, Cryns, Deming, Drinkwater, Evans, Friedl, Friesen, Gould, Griep, Halberg, Harari, Hoffman, Huttenlocher, Jarrard, Johannsen, Kalejta, Kenney, Kimple, Kreeger, Lambert, Lang, Lewis, Marker, McNeel, Mertz, Miyamoto, Morris, Mosher, Rapraeger, Ricke, Rui, Shuler, Sherer, Shull, Striker, Sugden, Tibbetts, Weaver, Wheeler, Xing, Xu, and Zhang. For the most current list of faculty and descriptions of their research interests, the program website (<https://cancerbiology.wisc.edu/our-trainers/>).

CANCER BIOLOGY, PH.D.

The graduate program in cancer biology offers a course of study and research leading to the Ph.D. degree. Although a master's degree is offered under special circumstances, students are not admitted for a master's degree.

The Cancer Biology Graduate Program was established at the McArdle Laboratory for Cancer Research in 1940 as the first graduate program in the United States to offer a degree in basic cancer research. The program

now includes more than 50 faculty trainers from multiple departments including Oncology, Medicine, Human Oncology, Cell and Regenerative Biology, Medical Microbiology and Immunology, and others. This interdepartmental structure offers students remarkably diverse training opportunities that span the entire breadth of cancer biology research from haploid or diploid genetics, viral and chemical carcinogenesis, eukaryotic cell and molecular biology, virology, molecular toxicology, and whole-animal carcinogenesis. Through the graduate curriculum, students are introduced to the body of knowledge that has been derived directly from experiments on the induction, properties, and therapy of cancer, and receive the necessary background to conduct independent research.

Curriculum requirements are designed to be flexible, providing a maximal opportunity for specialization within this multidisciplinary field. Students learn through core and elective courses; by participation in seminars, conferences, and journal clubs related to their specific areas of expertise; and most important, from their research advisors. Students who join the program select research advisors after conducting a minimum of three month-long rotations in different laboratories during the first semester. After choosing an advisor, students will also create an advisory committee of five faculty members who will provide guidance throughout the process of earning the Ph.D. degree. The average time to complete the Ph.D. is 5.5 years. The program prepares students for careers in teaching and research in academia, government, and industry.

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	November 15
Spring Deadline	The program does not admit in the spring.
Summer Deadline	November 15
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements (https://grad.wisc.edu/apply/requirements/#english-proficiency).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

Students seeking admission to the program must complete a bachelor's degree in biology, biochemistry, chemistry, molecular biology, or a related area from an accredited college or university and should have a grade

point average of at least 3.0 (on a 4.0 scale). The background of the student should include basic courses in these areas as well as several advanced courses in chemistry, microbiology, biochemistry, genetics, physiology, and molecular biology. Prior laboratory research experience is highly desirable.

Applicants must submit a completed application online, personal statement (reasons for graduate study), unofficial college transcripts, updated CV/resume (highlighting laboratory experience), and three letters of recommendation.

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

The program is committed to ensure continuing financial support for all cancer biology Ph.D. students in good standing. Financial support includes a competitive stipend and tuition remission. All graduate students are also eligible for comprehensive health insurance. Ph.D. students are supported from a variety of different sources including research assistantships from faculty research grants, fellowships, and NIH training grants. There is no teaching requirement for cancer biology students; however, many opportunities exist on campus for those who wish to gain teaching experience.

Students are admitted into the Cancer Biology Program as a Research Assistant (RA) unless they have received a fellowship or training grant. Find more information here (<https://cancerbiology.wisc.edu/financial-support/>).

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW-Madison campus only in evenings and/or on weekends to accommodate typical business

schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail

Minimum Credit Requirement	51 credits
Minimum Residence Credit Requirement	32 credits
Minimum Graduate Coursework Requirement	Half of degree coursework (26 credits out of 51 total credits) must be completed graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy (https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/)).
Overall Graduate GPA Requirement	3.00 GPA required.
Other Grade Requirements	Students must earn a B or above in all required Core Courses, otherwise the course must be repeated.
Assessments and Examinations	All doctoral students must pass an oral preliminary examination. All requirements for a doctoral degree, except for the dissertation, must be completed at this time. Six months before the final oral defense, all doctoral students must present a semifinal dissertation proposal to their committee for approval. All doctoral students must pass a final oral defense of their doctoral dissertation and subsequently deposit the dissertation in the Graduate School.
Language Requirements	No language requirements.
Doctoral Minor / Breadth Requirements	The Cancer Biology Program does not require students to complete a minor; however, the option is available to those who wish to do so. Acceptance of the minor requires the approval of the Advisor and respective department in which the minor is administered. If you wish to complete a minor, you must inform the Program Coordinator of your minor option selection by the end of the first year. The minor must be approved by your Certification Committee and must be completed along with the major course requirements by the end of your second year. Please note that minor coursework may count towards the elective course requirements.

REQUIRED COURSES

The curriculum for Cancer Biology is designed to introduce you to research related to the induction, properties, and therapy of cancer and to ensure that you have the necessary background in one or more areas of related, fundamental science to enable you to do original research. Courses are drawn from the Department of Oncology as well as various related departments, including Bacteriology, Biochemistry, Biomolecular Chemistry, Chemistry, Genetics, Human Oncology, Medical Microbiology and Immunology, Pathology and Laboratory Medicine, and Pharmacology.

The Graduate School at UW-Madison requires PhD students to complete a minimum of 51 credits in order to obtain a PhD Degree. These credits are fulfilled via core curriculum courses, 990 research, and electives. Courses numbered below 300, audit, and pass/fail do not satisfy the minimum requirement. It is suggested that you take approximately 2 courses per semester with the remaining credits being 990 research. All courses must be completed by the end of your second year, before completing the Preliminary Exam.

Code	Title	Credits
Core Courses:		
ONCOLOGY/PL PATH 640	General Virology-Multiplication of Viruses	3
ONCOLOGY 703	Carcinogenesis and Tumor Cell Biology	3
ONCOLOGY 715	Ethics in Science	1
ONCOLOGY 725	Readings in Cancer Biology	2
ONCOLOGY 735	Current Problems in Cancer Biology	2
ONCOLOGY 901	Seminar (presentation) ¹	1
Research Credits		
ONCOLOGY 990	Research ²	
Quantitative Requirement		
B M I/STAT 541	Introduction to Biostatistics	3
	or ONCOLOGY 778 Bioinformatics for Biologists	
Electives (two courses) ³		

1

Beginning in your second year, you will be required to give an annual, formal presentation in the Cancer Biology Student/Postdoc Seminar Series. You will register for ONCOLOGY 901 Seminar during the semester in which you present. Your seminars will be recorded and you will receive feedback from the seminar course instructor to help improve your public speaking and presentation skills. **Attendance at this seminar series is required.**

In addition, you are expected to attend the Cancer Biology Seminar throughout your graduate career (no registration required). The Cancer Biology Seminar, which features local and outside faculty speakers, is held on Wednesdays at 10:30 a.m. in 1345 HSLC. The schedule is posted on the McArde website (http://www.mcardle.wisc.edu/events/cancerbiology_seminar.htm).

2

Students will enroll in up to 12 credits per semester as pre-dissertators (only 2 credits during the summer term).

3

Students may select electives from the list below in consultation with their advisor.

Elective Coursework

Code	Title	Credits
BIOCHEM 601	Protein and Enzyme Structure and Function	2
BIOCHEM/ GENETICS/ MICROBIO 612	Prokaryotic Molecular Biology	3
BIOCHEM/ PHMCOL-M/ ZOOLOGY 630	Cellular Signal Transduction Mechanisms	3
PATH-BIO/ M M & I 528	Immunology	3
MICROBIO 607	Advanced Microbial Genetics	3
M M & I 740	Mechanisms of Microbial Pathogenesis	3
PATH 803	Pathogenesis of Major Human Diseases	3
BIOCHEM/ GENETICS/ MD GENET 620	Eukaryotic Molecular Biology	3
BIOCHEM 625	Mechanisms of Action of Vitamins and Minerals	2
CRB 640	Fundamentals of Stem Cell and Regenerative Biology	3
CRB 650	Molecular and Cellular Organogenesis	3
CRB/MEDICINE 701	Cell Signaling and Human Disease	1
B M E 520	Stem Cell Bioengineering	3
CBE/B M E 783	Design of Biological Molecules	3
PATH 750	Cellular and Molecular Biology/ Pathology	2-3
M M & I/PATH- BIO 750	Host-Parasite Relationships in Vertebrate Viral Disease	3

UW–Madison University Special

With program approval, students are allowed to count no more than 15 credits of coursework numbered 300 or above taken as a UW–Madison Special student. Coursework earned ten or more years prior to admission to a doctoral degree is not allowed to satisfy requirements.

PROBATION

A semester GPA below 3.0 or an incomplete grade (I) will result in the student being placed on academic probation. If a semester GPA of 3.0 is not attained or the Incomplete grade is not cleared during the subsequent semester of full-time enrollment, the student may be dismissed from the program or allowed to continue for 1 additional semester based on advisor appeal to the Graduate School.

ADVISOR / COMMITTEE

All students are required to have an advisor. Students must create a certification committee (advisor plus four additional faculty members) by the end of their first year. After passing their preliminary examination, students are required to conduct a progress report meeting with their certification committee each year. Failure to do so may result in a hold being placed on the student's registration.

CREDITS PER TERM ALLOWED

15 credits

TIME CONSTRAINTS

All doctoral students must pass their preliminary examination by the end of their second year (August 31). Under special circumstances, a one-semester extension may be granted when justified in writing by the student and advisor.

A candidate for a doctoral degree who fails to take the final oral examination and deposit the dissertation within five years after passing the preliminary examination may be required to take another preliminary examination and to be admitted to candidacy a second time.

Doctoral degree students who have been absent for ten or more consecutive years lose all credits that they have earned before their absence. Individual programs may count the coursework students completed prior to their absence for meeting program requirements; that coursework may not count toward Graduate School credit requirements.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Work from Other Institutions

With program approval, students are allowed to count no more than 9 credits of graduate coursework from other institutions. Coursework earned five or more years prior to admission to a master's degree or doctoral degree is not allowed to satisfy requirements.

UW–Madison Undergraduate

With program approval, students are allowed to count no more than 7 credits numbered 300 or above from a UW–Madison undergraduate degree.

- Employee Disability Resource Office (<https://employeeabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Grievance Policy for Graduate Programs in the School of Medicine and Public Health

Any student in a School of Medicine and Public Health graduate program who feels that they have been treated unfairly in regards to educational decisions and/or outcomes or issues specific to the graduate program, including academic standing, progress to degree, professional activities, appropriate advising, and a program's community standards by a faculty member, staff member, postdoc, or student has the right to complain about the treatment and to receive a prompt hearing of the grievance following these grievance procedures. Any student who discusses, inquiries about, or participates in the grievance procedure may do so openly and shall not be subject to intimidation, discipline, or retaliation because of such activity. Each program's grievance advisor is listed on the "Research" tab of the SMPH intranet (<https://intranet.med.wisc.edu/>).

Exclusions

This policy does not apply to employment-related issues for Graduate Assistants in TA, PA and/or RA appointments. Graduate Assistants will utilize the Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/>) (GAPP) grievance process to resolve employment-related issues.

This policy does not apply to instances when a graduate student wishes to report research misconduct. For such reports refer to the UW-Madison Policy for Reporting Research Misconduct for Graduate Students and Postdoctoral Research Associates (<https://research.wisc.edu/kb-article/?id=84924>).

Requirements for Programs

The School of Medicine and Public Health Office of Basic Research, Biotechnology and Graduate Studies requires that each graduate program designate a grievance advisor, who should be a tenured faculty member, and will request the name of the grievance advisor annually. The program director will serve as the alternate grievance advisor in the event that the grievance advisor is named in the grievance. The program must notify students of the grievance advisor, including posting the grievance advisor's name on the program's Guide page and handbook.

The grievance advisor or program director may be approached for possible grievances of all types. They will spearhead the grievance response process described below for issues specific to the graduate program, including but not limited to academic standing, progress to degree, professional activities, appropriate advising, and a program's community standards. They will ensure students are advised on reporting procedures

for other types of possible grievances and are supported throughout the reporting process. Resources (<https://grad.wisc.edu/current-students/#reporting-incidents>) on identifying and reporting other issues have been compiled by the Graduate School.

Procedures

1. The student is advised to initiate a written record containing dates, times, persons, and description of activities, and to update this record while completing the procedures described below.
2. If the student is comfortable doing so, efforts should be made to resolve complaints informally between individuals before pursuing a formal grievance.
3. Should a satisfactory resolution not be achieved, the student should contact the program's grievance advisor or program director to discuss the complaint. The student may approach the grievance advisor or program director alone or with a UW-Madison faculty or staff member. The grievance advisor or program director should keep a record of contacts with regards to possible grievances. The first attempt is to help the student informally address the complaint prior to pursuing a formal grievance. The student is also encouraged to talk with their faculty advisor regarding concerns or difficulties.
4. If the issue is not resolved to the student's satisfaction, the student may submit a formal grievance to the grievance advisor or program director in writing, within 60 calendar days from the date the grievant first became aware of, or should have become aware of with the exercise of reasonable diligence, the cause of the grievance. To the fullest extent possible, a grievance shall contain a clear and concise statement of the grievance and indicate the issue(s) involved, the relief sought, the date(s) the incident or violation took place, and any specific policy involved.
5. On receipt of a written grievance, the following steps will occur. The final step must be completed within 30 business days from the date the grievance was received. The program must store documentation of the grievance for seven years. Significant grievances that set a precedent may be stored indefinitely.
 - a. The grievance advisor or program director will convene a faculty committee composed of at least three members to manage the grievance. Any faculty member involved in the grievance or who feels that they cannot be impartial may not participate in the committee. Committee composition should reflect diverse viewpoints within the program.
 - b. The faculty committee, through the grievance advisor or program director, will obtain a written response from the person or persons toward whom the grievance is directed. The grievance advisor or program director will inform this person that their response will be shared with the student filing the grievance.
 - c. The grievance advisor or program director will share the response with the student filing the grievance.
 - d. The faculty committee will make a decision regarding the grievance. The committee's review shall be fair, impartial, and timely. The grievance advisor or program director will report on the action taken by the committee in writing to both the student and the person toward whom the grievance was directed.
6. If either party (the student or the person or persons toward whom the grievance is directed) is unsatisfied with the decision of the program's faculty committee, the party may file a written

appeal to the SMPH senior associate dean for basic research, biotechnology and graduate studies within 10 business days from the date of notification of the program's faculty committee. The following steps will occur:

- a. The grievant will be notified in writing, within 5 business days of the written appeal, acknowledging receipt of the formal appeal and establishing a timeline for the review to be completed.
 - b. The senior associate dean or their designee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the senior associate dean or their designee will meet with both the grievant and the person or persons toward whom the grievance is directed.
 - c. The senior associate dean or their designee will assemble an ad hoc committee of faculty from outside of the student's graduate program and ask them to prepare a written recommendation on whether to uphold or reverse the decision of the program on the student's initial grievance. The committee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the committee will meet with both the grievant and the person or persons toward whom the grievance is directed.
 - d. The senior associate dean or their designee will make a final decision within 20 business days of receipt of the committee's recommendation.
 - e. The SMPH Office of Basic Research, Biotechnology, and Graduate Studies must store documentation of the grievance for seven years. Grievances that set a precedent may be stored indefinitely.
7. The student may file an appeal of the School of Medicine and Public Health decision with the Graduate School. See the Grievances and Appeals section of the Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

Time Limits

Steps in the grievance procedures must be initiated and completed within the designated time periods except when modified by mutual consent. If the student fails to initiate the next step in the grievance procedure within the designated time period, the grievance will be considered resolved by the decision at the last completed step.

OPERATIONS AND INFORMATION MANAGEMENT

DEGREES/MAJORS, DOCTORAL MINORS, GRADUATE PROFESSIONAL/CERTIFICATES

- Business: Operations and Technology Management, MBA (p. 1551)

PEOPLE

For more information about the faculty and their research interests, please visit the directory (<https://business.wisc.edu/directory/>).

BUSINESS: OPERATIONS AND TECHNOLOGY MANAGEMENT, MBA

Founded in 1900, the School of Business established one of the first five business programs in the nation. That entrepreneurial spirit remains strong.

As a student in the School of Business, you will find yourself inspired by peers, staff, alumni, business leaders, and world-renowned faculty who are focused, collaborative, and engaged in every aspect of the student experience. You will join a highly ranked program that equips you to meet both academic and career challenges. Employers value School of Business graduates because of the comprehensive preparation this

learning environment provides. Graduates possess highly sought-after general management and specialized expertise in business.

Joining collaborative, inspiring, trustworthy, and progressive Wisconsin School of Business alumni, Business Badgers graduate prepared to lead their organizations to success and transform the world of business. Together Forward!

Developing leaders who create business value, the MBA in Business: Operations and Technology Management (OTM) is suited for those seeking advanced positions as consultants, analysts, product or service managers, project leaders, business developers, or operations, information technology and supply chain managers—while priming themselves for senior leadership roles. OTM students gain critical business skills applicable to both service organizations and manufacturing firms. The MBA in Business: OTM is supported by the Erdman Center for Operations and Technology Management. See the program website (<https://business.wisc.edu/graduate/mba/full-time/specializations/tech-product-management/>) for more information.

ADMISSIONS

Students apply to the MBA in Business: Operations and Technology Management through its named option:

- Technology Strategy and Product Management (p. 1553)

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Learn about costs and financial assistance on the program website (<https://business.wisc.edu/graduate/mba/full-time/tuition/>).

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW–Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail

Minimum Credit Requirement 53 credits

Minimum Residence Credit Requirement 47 credits

Minimum Graduate Coursework Requirement 27 credits out of 53 total credits must be completed graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy (<https://policy.wisc.edu/library/UW-1244> (<https://policy.wisc.edu/library/UW-1244/>)).

Overall Graduate GPA Requirement 3.00 GPA required. This program follows the Graduate School's policy: <https://policy.wisc.edu/library/UW-1203> (<https://policy.wisc.edu/library/UW-1203/>).

Other Grade Requirements Students may be required to retake a course in which they receive a grade lower than a C.

Assessments and Examinations No required assessments or examinations beyond course requirements.

Language Requirements No language requirements.

REQUIRED COURSES

Select a Named Option (p. 1552) for courses required.

NAMED OPTIONS

A named option is a formally documented sub-major within an academic major program. Named options appear on the transcript with degree conferral. Students pursuing the MBA in Business: Operations and Technology Management must select one of the following named options:

View as listView as grid

- **BUSINESS: OPERATIONS AND TECHNOLOGY MANAGEMENT: TECHNOLOGY STRATEGY AND PRODUCT MANAGEMENT, MBA (P. 1553)**

POLICIES

Students should refer to the named options for policy information:

- Technology Strategy and Product Management (p. 1553)

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

1. Apply foundational theories and knowledge from core management and engineering disciplines to make effective business decisions based on cross-functional thinking whether in general operations and technology management or in a chosen specialty area (such as healthcare operations, technology product management, or consulting).
2. Apply core operations principles about processes and technologies to the design, justification, operation, assessment, and improvement of organizational and system performance from both financial and nonfinancial perspectives.
3. Effectively lead and manage organizational and technological change that supports and improves business processes and creates value for customers.
4. Develop enduring networks and relationships with industry partners.

PEOPLE

For information about the faculty and their research interests, please visit the [directory](https://business.wisc.edu/directory/) (<https://business.wisc.edu/directory/>).

ACCREDITATION

ACCREDITATION

AACSB International—The Association to Advance Collegiate Schools of Business (<http://www.aacsb.edu/>)

Accreditation status: Accredited. Next accreditation review: 2026–2027.

BUSINESS: OPERATIONS AND TECHNOLOGY MANAGEMENT: TECHNOLOGY STRATEGY AND PRODUCT MANAGEMENT, MBA

This is a named option within the Business: Operations and Technology Management, MBA (<https://guide.wisc.edu/graduate/operations-information-management/business-operations-technology-management-mba/>).

ADMISSIONS

Admission consideration for the MBA program requires a four-year undergraduate degree or the equivalent, in any discipline, from an accredited institution. The School of Business prefers a minimum of two years of professional work experience along with a strong undergraduate performance. In addition to academic credentials, a GMAT or GRE score, and work experience, personal achievements, motivation, communication skills (written and oral), and recommendation letters are all considered in the admission process at the Master's and doctoral levels.

Note: The Graduate Management Admission Test (GMAT) or Graduate Record Examination (GRE) must have been taken within five years prior to receiving an offer of admission. All applicants whose native language is not English must submit scores from the Test of English as a Foreign Language (TOEFL), the Pearson Test of English (PTE), Intensive English as a Second Language (IELTS), or show the completion of an Interlink program. A minimum iBT TOEFL score of 100 or equivalent, obtained within two years of the intended start term, is required. International applicants who have completed a degree at an institution whose primary language of instruction was English may request a waiver of this requirement on the application.

HOW TO APPLY

Students interested in Business degrees do not apply through the Graduate School application system and should instead refer to the School of Business Admissions page (<https://business.wisc.edu/graduate/mba/full-time/admissions/>).

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Learn about costs and financial assistance on the program website (<https://business.wisc.edu/graduate/mba/full-time/tuition/>).

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

NAMED OPTION REQUIREMENTS MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW–Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirements	Detail
Minimum Credit Requirement	53 credits
Minimum Residence Credit Requirement	47 credits
Minimum Graduate Coursework Requirement	27 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) Requirement Policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/)
Overall Graduate GPA Requirement	3.00 GPA required. This program follows the Graduate School's policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	Students may be required to retake a course in which they receive a grade lower than a C.
Assessments and Examinations	No required assessments or examinations beyond course requirements.
Language Requirements	No language requirements.

REQUIRED COURSES

Code	Title	Credits
Required Core Courses		
GEN BUS 704	Data to Decisions	2
GEN BUS 710	Ethics, Integrity and Society	1
GEN BUS 725	Consulting Practicum	1

Electives¹		17
Total Credits		53

1

Any course numbered 700+ offered by the School of Business (including departments: ACCT IS, ACT SCI, FINANCE, GEN BUS, INFO SYS, INTL BUS, M H R, MARKETNG, OTM, REAL EST, or R M I) can be used to complete the required elective credits.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies

beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

NAMED OPTION-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Work from Other Institutions

With program and department approval, up to 6 credits of graduate coursework completed two years prior to admission at an AACSB accredited institution, in which a grade of B or better was earned, may count toward the degree.

UW–Madison Undergraduate

No credits from a UW–Madison undergraduate degree are allowed to count toward the degree.

UW–Madison University Special

With program and department approval, students are allowed to count no more than 15 credits of coursework numbered 600 or above taken as a UW–Madison University Special student. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

PROBATION

This program follows the Graduate School's Probation policy. (<https://policy.wisc.edu/library/UW-1217/>)

ADVISOR / COMMITTEE

Every graduate student is required to have an advisor. An advisor is a faculty member, or sometimes a committee, responsible for providing advice regarding graduate studies.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

This program follows the Graduate School's Time Limits policy. (<https://policy.wisc.edu/library/UW-1221/>)

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeeabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)

- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances.

OTHER

Students are expected to be enrolled full-time for all semesters. Exceptions may be granted in the final semester.

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

PEOPLE

CELLULAR AND MOLECULAR PATHOLOGY, M.S.

The graduate program in cellular and molecular pathology (CMP) is a joint venture of the UW–Madison Department of Pathology and the School of Medicine and Public Health (SMPH). This interdisciplinary training environment, embedded in an exciting and challenging basic and clinical translational research context, offers a high level of intellectual stimulation for predoctoral training. The CMP curriculum is novel at the university, providing integrated training in fundamental concepts of modern pathobiology with an emphasis on biochemical, cellular and molecular approaches, and providing rigorous in-depth bench-level research training in understanding the fundamental bases of diseases. Trainees and trainers participate in rigorous pathobiology courses and activities, and are offered in-depth research training in the pathobiology of cancer, nervous and immune system diseases, and signal transduction in basic disease mechanisms.

ADMISSIONS

This master's program is offered for work leading to the Ph.D. Students may not apply directly for the master's, and should instead see the admissions information for the Ph.D. (p. 1559)

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW–Madison Campus.

CURRICULAR REQUIREMENTS

Requirement Detail	
Minimum Credit Requirement	30 credits
Minimum Residence Credit Requirement	16 credits
Minimum Graduate Coursework Requirement	15 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy (https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/)).
Overall Graduate GPA Requirement	3.00 GPA required. This program follows the Graduate School's GPA Requirement policy (https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/)).
Other Grade Requirements	Students must maintain a B average or better in all graduate courses.
Assessments and Examinations	Students must complete all required courses including PATH 809. Students must write a master thesis and defend it in front of their Advisory Committee. The M.S. thesis does not need to be published.
Language Requirements	No language requirements.

REQUIRED COURSES

Code	Title	Credits
Required Courses		
<i>Continuous Enrollment</i>		
PATH 900	Seminar (every semester enrolled)	0
PATH 901	Student Seminar / Journal Club (every semester enrolled)	1
PATH 990	Research (every semester enrolled)	1-8
<i>Coursework</i>		
PATH 750	Cellular and Molecular Biology/ Pathology (spring semester, first year in program)	3

PATH 802	Histopathology for Translational Scientists (fall semester, first year in program)	3
PATH 803	Pathogenesis of Major Human Diseases (fall semester, second year in program)	3
PATH 809	Molecular Mechanisms of Disease (spring semester, second year in program)	2
<i>Complete the following Ethics courses:¹</i>		
PATH 755	Responsible Conduct in Research: Research Ethics, Rigor, Reproducibility and Transparency	2
OBS&GYN 956	Advanced Responsible Conduct of Research for Biomedical Students	1
Elective Courses		2-3

Within the 16 required credits, students will take one elective course. This course is chosen by the student and the Ph.D. thesis committee. The goal of the elective course is for students to acquire additional broad knowledge in either pathology or their major area of research. For the elective course, students may take one of the following:

PATH 751	Biology of Aging
PATH 807	Immunopathology: The Immune System in Health and Disease
Equivalent course approved by the Ph.D. thesis committee	

Total Credits 18-26

1

Students in the CMP program are required to take two ethics courses, receiving instruction in the Responsible Conduct of Research (RCR), as stated below by the NIH. Complete PATH 755 during the first semester of the first year. Complete OBS&GYN 956 during the second semester of the third year.

"The NIH requires that all undergraduate and graduate students as well as postdoctoral fellows receiving support through any NIH training, career development award, research education grant, or dissertation research grant must receive instruction in RCR. At least eight hours of face-to-face instruction is required; online education alone is insufficient. Instruction must be undertaken at least once during each career stage, and no less than once every four years."

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Work from Other Institutions

With program approval, students are allowed to count no more than 7 credits of graduate coursework from other institutions. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

UW-Madison Undergraduate

This program follows the Graduate School's policy for Satisfying Requirements with Coursework from Undergraduate Career at UW-Madison. (<https://policy.wisc.edu/library/UW-1216/>)

UW-Madison University Special

With program approval, students are allowed to count no more than 7 credits of coursework numbered 300 or above taken as UW-Madison University Special students. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

PROBATION

This program follows the Graduate School's Probation policy. (<https://policy.wisc.edu/library/UW-1217/>)

ADVISOR / COMMITTEE

All students are required to conduct a yearly progress report meeting with their advisor, scheduled by December 17 and completed by April 30. Failure to do so will result in a hold being placed on the student's registration.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

This program follows the Graduate School's Time Limits policy. (<https://policy.wisc.edu/library/UW-1221/>)

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)

- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Grievance Policy for Graduate Programs in the School of Medicine and Public Health

Any student in a School of Medicine and Public Health graduate program who feels that they have been treated unfairly in regards to educational decisions and/or outcomes or issues specific to the graduate program, including academic standing, progress to degree, professional activities, appropriate advising, and a program's community standards by a faculty member, staff member, postdoc, or student has the right to complain about the treatment and to receive a prompt hearing of the grievance following these grievance procedures. Any student who discusses, inquires about, or participates in the grievance procedure may do so openly and shall not be subject to intimidation, discipline, or retaliation because of such activity. Each program's grievance advisor is listed on the "Research" tab of the SMPH intranet (<https://intranet.med.wisc.edu/>).

Exclusions

This policy does not apply to employment-related issues for Graduate Assistants in TA, PA and/or RA appointments. Graduate Assistants will utilize the Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/>) (GAPP) grievance process to resolve employment-related issues.

This policy does not apply to instances when a graduate student wishes to report research misconduct. For such reports refer to the UW-Madison Policy for Reporting Research Misconduct for Graduate Students and Postdoctoral Research Associates (<https://research.wisc.edu/kb-article/?id=84924>).

Requirements for Programs

The School of Medicine and Public Health Office of Basic Research, Biotechnology and Graduate Studies requires that each graduate program designate a grievance advisor, who should be a tenured faculty member, and will request the name of the grievance advisor annually. The program director will serve as the alternate grievance advisor in the event that the grievance advisor is named in the grievance. The program must notify students of the grievance advisor, including posting the grievance advisor's name on the program's Guide page and handbook.

The grievance advisor or program director may be approached for possible grievances of all types. They will spearhead the grievance response process described below for issues specific to the graduate program, including but not limited to academic standing, progress to degree, professional activities, appropriate advising, and a program's community standards. They will ensure students are advised on reporting procedures for other types of possible grievances and are supported throughout the reporting process. Resources (<https://grad.wisc.edu/current-students/#reporting-incidents>) on identifying and reporting other issues have been compiled by the Graduate School.

Procedures

1. The student is advised to initiate a written record containing dates, times, persons, and description of activities, and to update this record while completing the procedures described below.
2. If the student is comfortable doing so, efforts should be made to resolve complaints informally between individuals before pursuing a formal grievance.
3. Should a satisfactory resolution not be achieved, the student should contact the program's grievance advisor or program director to discuss the complaint. The student may approach the grievance advisor or program director alone or with a UW-Madison faculty or staff member. The grievance advisor or program director should keep a record of contacts with regards to possible grievances. The first attempt is to help the student informally address the complaint prior to pursuing a formal grievance. The student is also encouraged to talk with their faculty advisor regarding concerns or difficulties.
4. If the issue is not resolved to the student's satisfaction, the student may submit a formal grievance to the grievance advisor or program director in writing, within 60 calendar days from the date the grievant first became aware of, or should have become aware of with the exercise of reasonable diligence, the cause of the grievance. To the fullest extent possible, a grievance shall contain a clear and concise statement of the grievance and indicate the issue(s) involved, the relief sought, the date(s) the incident or violation took place, and any specific policy involved.
5. On receipt of a written grievance, the following steps will occur. The final step must be completed within 30 business days from the date the grievance was received. The program must store documentation of the grievance for seven years. Significant grievances that set a precedent may be stored indefinitely.
 - a. The grievance advisor or program director will convene a faculty committee composed of at least three members to manage the grievance. Any faculty member involved in the grievance or who feels that they cannot be impartial may not participate in the committee. Committee composition should reflect diverse viewpoints within the program.
 - b. The faculty committee, through the grievance advisor or program director, will obtain a written response from the person or persons toward whom the grievance is directed. The grievance advisor or program director will inform this person that their response will be shared with the student filing the grievance.
 - c. The grievance advisor or program director will share the response with the student filing the grievance.
 - d. The faculty committee will make a decision regarding the grievance. The committee's review shall be fair, impartial, and timely. The grievance advisor or program director will report on the action taken by the committee in writing to both the student and the person toward whom the grievance was directed.
6. If either party (the student or the person or persons toward whom the grievance is directed) is unsatisfied with the decision of the program's faculty committee, the party may file a written appeal to the SMPH senior associate dean for basic research, biotechnology and graduate studies within 10 business days from the date of notification of the program's faculty committee. The following steps will occur:
 - a. The grievant will be notified in writing, within 5 business days of the written appeal, acknowledging receipt of

the formal appeal and establishing a timeline for the review to be completed.

- b. The senior associate dean or their designee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the senior associate dean or their designee will meet with both the grievant and the person or persons toward whom the grievance is directed.
 - c. The senior associate dean or their designee will assemble an ad hoc committee of faculty from outside of the student's graduate program and ask them to prepare a written recommendation on whether to uphold or reverse the decision of the program on the student's initial grievance. The committee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the committee will meet with both the grievant and the person or persons toward whom the grievance is directed.
 - d. The senior associate dean or their designee will make a final decision within 20 business days of receipt of the committee's recommendation.
 - e. The SMPH Office of Basic Research, Biotechnology, and Graduate Studies must store documentation of the grievance for seven years. Grievances that set a precedent may be stored indefinitely.
7. The student may file an appeal of the School of Medicine and Public Health decision with the Graduate School. See the Grievances and Appeals section of the Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

Time Limits

Steps in the grievance procedures must be initiated and completed within the designated time periods except when modified by mutual consent. If the student fails to initiate the next step in the grievance procedure within the designated time period, the grievance will be considered resolved by the decision at the last completed step.

OTHER

All students in the program receive competitive stipends to cover living expenses, tuition and fees from Graduate School fellowships, NIH training grants, or research assistantships funded through the program or the primary investigator. To receive the stipend, the student must maintain full-time status. Health insurance costs are partially covered by the university and provide the same coverage as for faculty and staff.

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

PROGRAM INFORMATION

All CMP students are required to engage in a minimum of two professional development activities annually.

LEARNING OUTCOMES

1. Gain a better understanding the basic mechanisms of disease at the level of cell, organ, and body, as well as the morphologic expression patterns of selected common specific disease processes.
2. Articulates, critiques, or elaborates the theories, research methods, and approaches to inquiry or schools of practice in the field of study.
3. Identifies sources and assembles evidence pertaining to questions or challenges in the field of study.
4. Demonstrates understanding of the primary field of study in a historical, social, or global context.
5. Selects and/or utilizes the most appropriate methodologies and practices.
6. Evaluates or synthesizes information pertaining to questions or challenges in the field of study.
7. Communicates clearly in ways appropriate to the field of study.
8. Commit to increase professional growth and knowledge, to attend educational programs and to personally contribute expertise to meetings and journals.
9. Recognizes and applies principles of ethical and professional conduct.

PEOPLE

Faculty: Ahmad, Alexander, Allen-Hoffmann, Andes, Arendt, Asimakopoulos, Attie, Atwood, Bendlin, Bresnick, Broman, Burger, Burkard, Burlingham, Bushman, Capitini, Coon, Currie, Deming, Denlinger, Djamali, Emborg, Engin, Evans, Fabry, Jing Fan, Fleming, Friedl, Friedrich, Gamm, Ge, Gern, Gibson, Golos, Greenspan, Gumperz, Guo, Halberg, Hematti, Huttenlocher, Iyer, Jones, Junsu Kang, Kenney, Kimble, Kimple, Klein, Knoll, Kuo, Lakkaraju, Lamming, Lang, Lee, Lewis, Liu, Lloyd, Loeb, Messing, Mezrich, Nett, Nickells, D. CELLULAR AND MOLECULAR PATHOLOGY, PH.D.

The graduate program in cellular and molecular pathology (CMP) is a joint venture of the UW-Madison Department of Pathology and the School of Medicine and Public Health (SMPH). This interdisciplinary training environment, embedded in an exciting and challenging basic and clinical translational research context, offers a high level of intellectual stimulation for predoctoral training. The CMP curriculum is novel at the university, providing integrated training in fundamental concepts of modern pathobiology with an emphasis on biochemical, cellular and molecular approaches, and providing rigorous in-depth bench-level research training in understanding the fundamental bases of diseases. Trainees and trainers participate in rigorous pathobiology courses and activities, and are offered in-depth research training in the pathobiology of cancer, nervous and immune system diseases, and signal transduction in basic disease mechanisms.

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 1
Spring Deadline	The program does not admit in the spring.
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements (https://grad.wisc.edu/apply/requirements/#english-proficiency).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

Applications to the CMP program are submitted in the fall of the year prior to your anticipated start date in the program. Students are then accepted into the CMP program in the spring of each year through a competitive application process that is administered by UW–Madison. Applications are due by December 1 for admission consideration the following fall. See more about how to apply on the program's website (<http://www.cmp.wisc.edu/prospective/howtoapply/>).

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

All students in the program receive competitive stipends to cover living expenses, tuition and fees from Graduate School fellowships, NIH training grants, or research assistantships funded through the program or the primary investigator. To receive the stipend, the student must maintain full-time status. Health insurance costs are partially covered by the university and provide the same coverage as for faculty and staff.

Prospective students should see the program website (<https://cmp.wisc.edu/>) for funding information.

Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW–Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement	Detail
Minimum Credit Requirement	51 credits
Minimum Residence Credit Requirement	32 credits
Minimum Graduate Coursework Requirement	26 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy (https://policy.wisc.edu/library/UW-1244) (https://policy.wisc.edu/library/UW-1244/).
Overall Graduate GPA Requirement	3.00 GPA required. This program follows the Graduate School's GPA Requirement policy (https://policy.wisc.edu/library/UW-1203) (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	n/a

Assessments and Examinations Students must complete all required courses including PATH 809. They must pass their Prelim B exam after their second year of graduate school. Students must defend their Ph.D. thesis within five years of completion of Prelim Exam B.

Language Requirements No language requirements.

Breadth Requirement No minor or Graduate/Professional certificate is required. To assure CMP students receive Breadth in training, the program requires annual engagement in professional development and an elective course as a program requirement. The program also requires introductory and advanced RCR training, which includes rigor and reproducibility training.

REQUIRED COURSES

Code	Title	Credits
Required Courses		

<i>Continuous Enrollment</i>		<i>At least 34-35 credits</i>
------------------------------	--	-------------------------------

Non-dissertators may enroll in up to 8 credits of PATH 990 each semester. Registration for the seminars is required each semester until dissertator status.

PATH 900	Seminar (every semester enrolled)	
PATH 901	Student Seminar / Journal Club (every semester enrolled)	

PATH 990	Research (every semester enrolled)	
----------	------------------------------------	--

Coursework

PATH 750	Cellular and Molecular Biology/ Pathology (spring semester, first year in program)	3
----------	--	---

PATH 802	Histopathology for Translational Scientists (fall semester, first year in program)	3
----------	--	---

PATH 803	Pathogenesis of Major Human Diseases (fall semester, second year in program)	3
----------	--	---

PATH 809	Molecular Mechanisms of Disease (spring semester, second year in program)	2
----------	---	---

Complete the following Ethics courses:¹

PATH 755	Responsible Conduct in Research: Research Ethics, Rigor, Reproducibility and Transparency	2
----------	---	---

OBS&GYN 956	Advanced Responsible Conduct of Research for Biomedical Students	1
-------------	--	---

Elective Courses 2-3

Students take one elective course. This course is chosen by the student and the Ph.D. thesis committee. The goal of the elective course is for students to acquire additional broad knowledge in either pathology or their major area of research. For the elective course, students may take one of the following:

PATH 751	Biology of Aging	
PATH 807	Immunopathology: The Immune System in Health and Disease	

Equivalent course approved by the Ph.D. thesis committee

Total Credits	51
----------------------	-----------

1

Students in the CMP program are required to take two ethics courses, receiving instruction in the Responsible Conduct of Research (RCR), as stated below by the NIH. Complete PATH 755 during the first semester of the first year. Complete OBS&GYN 956 during the second semester of the third year.

"The NIH requires that all undergraduate and graduate students as well as postdoctoral fellows receiving support through any NIH training, career development award, research education grant, or dissertation research grant must receive instruction in RCR. At least eight hours of face-to-face instruction is required; online education alone is insufficient. Instruction must be undertaken at least once during each career stage, and no less than once every four years."

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Work from Other Institutions

With program approval, students are allowed to count no more than 7 credits of graduate coursework from other institutions. Coursework earned ten or more years prior to admission to a doctoral degree is not allowed to satisfy requirements.

UW-Madison Undergraduate

This program follows the Graduate School's policy for Satisfying Requirements with Coursework from Undergraduate Career at UW-Madison. (<https://policy.wisc.edu/library/UW-1216/>)

UW-Madison University Special

With program approval, students are allowed to count no more than 7 credits of coursework numbered 300 or above taken as UW-Madison University Special students. Coursework earned ten or more years prior to admission to a doctoral degree is not allowed to satisfy requirements.

PROBATION

This program follows the Graduate School's Probation policy. (<https://policy.wisc.edu/library/UW-1217/>)

ADVISOR / COMMITTEE

On an annual basis, all students are required to conduct a yearly progress report meeting with their advisor. Failure to do so will result in a hold being placed on the student's registration.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

This program follows the Graduate School's Time Limits policy. (<https://policy.wisc.edu/library/UW-1221/>)

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeeabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Grievance Policy for Graduate Programs in the School of Medicine and Public Health

Any student in a School of Medicine and Public Health graduate program who feels that they have been treated unfairly in regards to educational decisions and/or outcomes or issues specific to the graduate program, including academic standing, progress to degree, professional activities, appropriate advising, and a program's community standards by a faculty member, staff member, postdoc, or student has the right to complain about the treatment and to receive a prompt hearing of the grievance following these grievance procedures. Any student who discusses, inquires about, or participates in the grievance procedure may do so openly and shall not be subject to intimidation, discipline, or retaliation because of such activity. Each program's grievance advisor is listed on the "Research" tab of the SMPH intranet (<https://intranet.med.wisc.edu/>).

Exclusions

This policy does not apply to employment-related issues for Graduate Assistants in TA, PA and/or RA appointments. Graduate Assistants will utilize the Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/>) (GAPP) grievance process to resolve employment-related issues.

This policy does not apply to instances when a graduate student wishes to report research misconduct. For such reports refer to the UW-Madison Policy for Reporting Research Misconduct for Graduate Students and Postdoctoral Research Associates (<https://research.wisc.edu/kb-article/?id=84924>).

Requirements for Programs

The School of Medicine and Public Health Office of Basic Research, Biotechnology and Graduate Studies requires that each graduate program designate a grievance advisor, who should be a tenured faculty member, and will request the name of the grievance advisor annually. The program director will serve as the alternate grievance advisor in the event that the grievance advisor is named in the grievance. The program must notify students of the grievance advisor, including posting the grievance advisor's name on the program's Guide page and handbook.

The grievance advisor or program director may be approached for possible grievances of all types. They will spearhead the grievance response process described below for issues specific to the graduate program, including but not limited to academic standing, progress to degree, professional activities, appropriate advising, and a program's community standards. They will ensure students are advised on reporting procedures for other types of possible grievances and are supported throughout the reporting process. Resources (<https://grad.wisc.edu/current-students/#reporting-incidents>) on identifying and reporting other issues have been compiled by the Graduate School.

Procedures

1. The student is advised to initiate a written record containing dates, times, persons, and description of activities, and to update this record while completing the procedures described below.
2. If the student is comfortable doing so, efforts should be made to resolve complaints informally between individuals before pursuing a formal grievance.
3. Should a satisfactory resolution not be achieved, the student should contact the program's grievance advisor or program director to discuss the complaint. The student may approach the grievance advisor or program director alone or with a UW-Madison faculty or staff member. The grievance advisor or program director should keep a record of contacts with regards to possible grievances. The first attempt is to help the student informally address the complaint prior to pursuing a formal grievance. The student is also encouraged to talk with their faculty advisor regarding concerns or difficulties.
4. If the issue is not resolved to the student's satisfaction, the student may submit a formal grievance to the grievance advisor or program director in writing, within 60 calendar days from the date the grievant first became aware of, or should have become aware of with the exercise of reasonable diligence, the cause of the grievance. To the fullest extent possible, a grievance shall contain a clear and concise statement of the grievance and indicate the issue(s) involved, the relief sought, the date(s) the incident or violation took place, and any specific policy involved.
5. On receipt of a written grievance, the following steps will occur. The final step must be completed within 30 business days from the date the grievance was received. The program must store documentation of the grievance for seven years. Significant grievances that set a precedent may be stored indefinitely.
 - a. The grievance advisor or program director will convene a faculty committee composed of at least three

members to manage the grievance. Any faculty member involved in the grievance or who feels that they cannot be impartial may not participate in the committee. Committee composition should reflect diverse viewpoints within the program.

- b. The faculty committee, through the grievance advisor or program director, will obtain a written response from the person or persons toward whom the grievance is directed. The grievance advisor or program director will inform this person that their response will be shared with the student filing the grievance.
 - c. The grievance advisor or program director will share the response with the student filing the grievance.
 - d. The faculty committee will make a decision regarding the grievance. The committee's review shall be fair, impartial, and timely. The grievance advisor or program director will report on the action taken by the committee in writing to both the student and the person toward whom the grievance was directed.
6. If either party (the student or the person or persons toward whom the grievance is directed) is unsatisfied with the decision of the program's faculty committee, the party may file a written appeal to the SMPH senior associate dean for basic research, biotechnology and graduate studies within 10 business days from the date of notification of the program's faculty committee. The following steps will occur:
- a. The grievant will be notified in writing, within 5 business days of the written appeal, acknowledging receipt of the formal appeal and establishing a timeline for the review to be completed.
 - b. The senior associate dean or their designee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the senior associate dean or their designee will meet with both the grievant and the person or persons toward whom the grievance is directed.
 - c. The senior associate dean or their designee will assemble an ad hoc committee of faculty from outside of the student's graduate program and ask them to prepare a written recommendation on whether to uphold or reverse the decision of the program on the student's initial grievance. The committee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the committee will meet with both the grievant and the person or persons toward whom the grievance is directed.
 - d. The senior associate dean or their designee will make a final decision within 20 business days of receipt of the committee's recommendation.
 - e. The SMPH Office of Basic Research, Biotechnology, and Graduate Studies must store documentation of the grievance for seven years. Grievances that set a precedent may be stored indefinitely.
7. The student may file an appeal of the School of Medicine and Public Health decision with the Graduate School. See the Grievances and Appeals section of the Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

Time Limits

Steps in the grievance procedures must be initiated and completed within the designated time periods except when modified by mutual consent. If the student fails to initiate the next step in the grievance procedure within the designated time period, the grievance will be considered resolved by the decision at the last completed step.

n/a

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

PROGRAM INFORMATION

All CMP students are required to engage in a minimum of two professional development activities annually.

LEARNING OUTCOMES

1. Gain a better understanding of the basic mechanisms of disease at the level of cell, organ, and body, as well as the morphologic expression patterns of selected common specific disease processes.
2. Articulates research problems, potentials, and limits with respect to theory, knowledge, and practice within the field of study.
3. Formulates ideas, concepts, designs, and techniques beyond the current boundaries of knowledge within the chosen field of study.
4. Creates research and scholarship that makes a substantive contribution.
5. Demonstrates breadth within their learning experiences.
6. Advances contributions of the field of study to society.
7. Communicates complex ideas in a clear and understandable manner.
8. Commit to increase professional growth and knowledge, to attend educational programs and to personally contribute expertise to meetings and journals.
9. Fosters ethical and professional conduct.

PEOPLE

Faculty: Ahmad, Alexander, Allen-Hoffmann, Andes, Arendt, Asimakopoulos, Attie, Atwood, Bendlin, Bresnick, Broman, Burger, Burkard, Burlingham, Bushman, Capitini, Coon, Currie, Deming, Denlinger, Djamali, Emborg, Engin, Evans, Fabry, Jing Fan, Fleming, Friedl, Friedrich, Gamm, Ge, Gern, Gibson, Golos, Greenspan, Gumperz, Guo, Halberg, Hematti, Huttenlocher, Iyer, Jones, Junsu Kang, Kenney, Kimble, Kimple, Klein, Knoll, Kuo, Lakkaraju, Lammings, Lang, Lee, Lewis, Liu, Lloyd, Loeb, Messing, Mezrich, Nett, Nickells, D. O'Connor, S. O'Connor, Okonkwo, Otto, Pepperell, Peters, Puglielli, Rapraeger, Rey, Roy, Rui, Sandor, Samanta, Sauer, Seroogy, Sheehan, Sheibani, Shusta, Shelef, Slukvin, J. PHARMACY - SCHOOL-WIDE

DEGREES/MAJORS, DOCTORAL MINORS, GRADUATE/PROFESSIONAL CERTIFICATES

- Health Services Research in Pharmacy, M.S. (p. 1564)
- Health Services Research in Pharmacy, Ph.D. (p. 1568)
- Pharmaceutical Sciences, M.S. (p. 1573)
- Pharmaceutical Sciences, Ph.D. (p. 1585)
- Pharmacy, M.S. (p. 1590)

HEALTH SERVICES RESEARCH IN PHARMACY, M.S.

The master's degree is a non-admitting program and students interested in the HSRP program should consult the HSRP PhD program (p. 1568) for program admissions and requirements. The MS-HSRP degree may still be earned on the way to a PhD degree dependent on student and advisor needs.

ADMISSIONS

This master's degree program is offered for work leading to the PhD. Students may not apply directly to the Master of Science in Health Services Research in Pharmacy and should instead see the admissions information for the PhD (<https://guide.wisc.edu/graduate/pharmacy-school-wide/health-services-research-pharmacy-phd/>).

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

HSRP faculty believe in supporting graduate students in their quest for knowledge and research expertise; maintaining a range of graduate student funding mechanisms is a high priority. Graduate students are typically provided with tuition remission and stipend (salary) support as either teaching assistants, research assistants, or fellows. Such appointments include health insurance; see the Graduate Coordinator for details. In addition, incoming students are provided with new laptop computers for their learning and research endeavors and access to state-of-the-art statistical software. Travel grants facilitate graduate student participation at national meetings. HSRP graduate students who are licensed pharmacists are typically encouraged to continue practicing part-time (e.g., on weekends), to maintain ties to the profession. See

the School's webpage for the latest on HSRP graduate funding (<https://pharmacy.wisc.edu/programs/sas/tuition-financial-support/>).

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW-Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail	
Minimum Credit Requirement	32 credits
Minimum Residence Credit Requirement	16 credits
Minimum Graduate Coursework Requirement	16 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy (https://policy.wisc.edu/library/UW-1244).
Overall Graduate GPA Requirement	3.00 GPA required. This program follows the Graduate School's policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	Candidates may be dropped from the program if they receive more than 7 credits of grades at the BC level or lower. This applies to formal courses, seminars, and research credits.

Assessments and Examinations A formal master's thesis based on original research is required and must be defended orally. For specific details, see <https://pharmacy.wisc.edu/handbook-sas/ms-degree-requirements/ms-thesis-and-examination> (<https://pharmacy.wisc.edu/handbook-sas/ms-degree-requirements/ms-thesis-and-examination/>).

Language Requirements Only candidates with an emphasis in the history of pharmacy are required to attain competence in foreign language. Contact the School's Graduate Programs Coordinator for more information.

REQUIRED COURSES

At least 9 credits in core courses, 9 credits in methods of research and analysis, and 11 credits in specialty/advanced courses are required.

Code	Title	Credits
Core Seminar Courses		
Select two of the following:		4
S&A PHM 701	Grant Writing for Health Services Research	
S&A PHM 702	Mixed Methods for Health Sciences: Purpose, Design and Approach	
S&A PHM 703	Community Engagement in Health Services Research	
S&A PHM 704	Dissemination, Implementation and Sustainment of Change in Health Services Research	
Core Principles		
Select one of the following:		3
S&A PHM 711	Research Methods for Pharmaceutical Outcomes and Policy Research	
S&A PHM 715	Social Behavioral Theories in Pharmacy, Drug Use, and Health Behavior	
Methods of Research and Analysis		
Select from approved lists:		9
Additional Research methods (3 credits minimum)		
Analytic techniques (6 credits minimum)		
Specialty and Advanced Coursework		
Select in consultation with major professor ¹		11
Research (credit varies)		5+
S&A PHM 990	Research	
Total Credits		32

1

A minimum of 6 credits must be taken outside of the School of Pharmacy for the Specialty/Advanced requirement. The Specialty/Advanced credits may include no more than 2 additional credits of the Core Seminar Courses: S&A PHM 701 Grant Writing for Health Services Research, S&A PHM 702 Mixed Methods for Health Sciences: Purpose, Design and Approach, S&A PHM 703 Community Engagement in Health Services Research, S&A PHM 704 Dissemination, Implementation and Sustainment of Change in Health Services Research and/or a 3-credit HSRP Core Principles course S&A PHM 711 Research Methods for Pharmaceutical Outcomes and Policy Research or S&A PHM 715 Social Behavioral Theories in Pharmacy, Drug Use, and Health Behavior. The Specialty/Advanced credits cannot include more than 5 total HSRP course credits.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Work from Other Institutions

With program approval, students are allowed to count no more than 16 credits of graduate coursework from other institutions (the student must have graduate student status on the other institution's transcript at the time the courses were taken). Such courses should be presented to program faculty prior to one's first graduate semester and require the review/approval of at least two program faculty members. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

UW–Madison Undergraduate

With program approval, students are allowed to count no more than 7 credits of UW–Madison courses numbered 700 or above (earned as a UW–Madison undergraduate or professional student) toward the M.S. Such courses should be presented to program faculty prior to one's first graduate semester and require the review/approval of at least two program faculty members.

UW–Madison University Special

With program approval, students are allowed to count no more than 7 credits of coursework numbered 700 or above taken as a UW–Madison Special student. Such courses should be presented to program faculty prior to one's first graduate semester and require the review/approval of at least two program faculty members. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

PROBATION

This program follows the Graduate School's Probation policy (<https://policy.wisc.edu/library/UW-1217/>).

1. Good standing (progressing according to standards; any funding guarantee remains in place).
2. Probation (not progressing according to standards but permitted to enroll; loss of funding guarantee; specific plan with dates and deadlines in place in regard to removal of probationary status).
3. Unsatisfactory progress (not progressing according to standards; not permitted to enroll, dismissal, leave of absence or change of advisor or program).

ADVISOR / COMMITTEE

Students are required to maintain a program faculty member as an M.S. advisor through the duration of their studies. Students should select a permanent major professor before the end of the second semester enrolled in the program. Program graduate faculty monitor the progress of M.S. students annually.

Requirements for the composition of the HSRP M.S. thesis committee are presented at Guide Requirements tab.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

The HSRP M.S. is designed to be completed in two years.

This program follows the Graduate School's Time Limits policy (<https://policy.wisc.edu/library/UW-1221/>).

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeedisabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)

- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Grievance Policy for Graduate Programs in the School of Pharmacy

Any student in a School of Pharmacy graduate program who feels that they have been treated unfairly by a faculty member, staff member, postdoc, or student has the right to have a complaint heard about the treatment and to receive a prompt hearing of the grievance, following these grievance procedures. Any student who discusses, inquires about, or participates in the grievance procedure may do so openly and shall not be subject to intimidation, discipline, or retaliation because of such activity. The person whom the complaint is directed against must be an employee of the School of Pharmacy. Any student or potential student may use these procedures unless the complaint is covered by other campus rules or contracts.

Exclusions

This policy does not apply to employment-related issues for Graduate Assistants in TA, PA and/or RA appointments. Graduate Assistants will utilize the Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/>) (GAPP) grievance process to resolve employment-related issues.

Requirements for Programs

The School of Pharmacy requires that each director of graduate studies (DGS) serve as a grievance advisor for the school. The program must notify students of the grievance advisors, including posting the grievance advisor's names in the program handbook. The student will be able to select the grievance advisor of the student's choice and does not need to use the grievance advisor from the student's program.

A grievance advisor may be approached for possible grievances of all types. They will spearhead the grievance response process described below for issues specific to the graduate program, including but not limited to academic standing, progress to degree, professional activities, appropriate advising, and a program's community standards. They will ensure students are advised on reporting procedures for other types of possible grievances and are supported throughout the reporting process. Resources (<https://grad.wisc.edu/current-students/#reporting-incidents>) on identifying and reporting other issues have been compiled by the Graduate School.

Procedures

1. The student is advised to initiate a written record containing dates, times, persons, and description of activities, and to update this record while completing the procedures described below.
2. If the student is comfortable doing so, efforts should be made to resolve complaints informally between individuals before pursuing a formal grievance. If students would like to seek guidance at this informal step, the student can contact the Assistant Dean of Diversity, Equity, and Inclusion, the DGS for the student's program, or the UW Ombuds Office.
3. Should a satisfactory resolution not be achieved AND the complaint does not involve an academic program, the procedure outlined in Step 6 below should be followed. Should a satisfactory resolution not be achieved in step 2, the student should contact an SOP grievance advisor of one's choice to discuss the complaint. The grievance advisor should keep a record of contacts with regards to possible grievances. The first attempt is to help the student informally address the complaint prior to pursuing a formal grievance and should occur

within 10 days of notifying the grievance advisor. The student is also encouraged to talk with their faculty advisor regarding concerns or difficulties.

4. If the issue is not resolved to the student's satisfaction, the student may submit a formal grievance to the grievance advisor in writing, within 60 calendar days from the date the grievant first became aware of, or should have become aware of with the exercise of reasonable diligence, the cause of the grievance. To the fullest extent possible, a grievance shall contain a clear and concise statement of the grievance and indicate the issue(s) involved including individuals, the relief sought, the date(s) the incident or violation took place, and any specific policy involved.
5. On receipt of a written grievance, the following steps will occur. The final step must be completed within 30 working days from the date the formal written grievance was received. The program must store documentation of the grievance for seven years. Significant grievances that set a precedent may be stored indefinitely.
 - a. The grievance advisor will convene a SOP faculty committee with at least 3 members to facilitate the grievance following step b, c, and d. The grievance advisor assumes the role of coordinator. Any faculty member involved in the grievance or who feels that they cannot be impartial may not participate in the committee. Committee composition will include at least one member from outside the student's home program.
 - b. The faculty committee, through the grievance advisor, will obtain a written response from the person or persons toward whom the grievance is directed. The grievance advisor will inform this person that their response will be shared with the student filing the grievance.
 - c. The grievance advisor will share the response with the student filing the grievance.
 - d. The faculty committee will make a decision regarding the grievance. The committee's review shall be fair, impartial, and timely. The grievance advisor will report on the action taken by the committee in writing to both the student and the person toward whom the grievance was directed.
6. If either party (the student or the person or persons toward whom the grievance is directed) is unsatisfied with the decision of the program's faculty committee, the party may file a written appeal to the SOP Associate Dean for Research and Graduate Education within 10 working days from the date of notification of the program's faculty committee. The following steps will occur:
 - a. The grievant will be notified in writing, within 5 business days of the written appeal, acknowledging receipt of the formal appeal and establishing a timeline for the review to be completed.
 - b. The associate dean or their designee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the associate dean or their designee will meet with both the grievant and the person or persons toward whom the grievance is directed.
 - c. The associate dean or their designee will make a final decision within 20 working days of receipt of the committee's recommendation.
 - d. The SOP Associate Dean for Research and Graduate Education must store documentation of the grievance for seven years. Significant grievances that set a precedent may be stored indefinitely.
7. The student may file an appeal of the School of Pharmacy decision with the Graduate School. See the Grievances and Appeals section

of the Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

OTHER

Program faculty believe in supporting graduate students and a range of funding mechanisms are possible; graduate students are often provided with tuition remission and funding support either as teaching assistants, project assistants or fellows. In addition, new students are provided with new laptop computers for their learning and research endeavors, access to state-of-the-art statistical software and support, and travel grants to present their research at national meetings.

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

PROGRAM RESOURCES

HSRP faculty conduct comprehensive annual reviews of each HSRP graduate student, providing confidential feedback to each student's own self-assessment. This combination provides a great launch for a meaningful goal setting. HSRP faculty are committed to coaching graduate students to grow as instructors and to mentoring them in this dimension, complementing the wealth of campus resources for teaching and learning. The School of Pharmacy's **Sonderegger Research Center** regularly hosts "Brown Bag" lunches where HSRP graduate students can interact informally with SRC staff. There is increased emphasis to connect current students to PhD alumni (e.g. via Skype "informational interviews") for career discussions and mentoring.

The School of Pharmacy student body, along with those from other UW-Madison health professional schools, participates in a number of annual "Lunch and Learn" events throughout the academic year to build community and talk about other challenges regarding diversity, equity, inclusivity, and climate in higher education.

LEARNING OUTCOMES

1. Demonstrate an advanced critical knowledge and in-depth application of economic, policy, and/or social behavioral analyses to the study of the interrelationships between pharmacy, pharmaceutical services, health care systems, and patients.
2. Formulate research questions, design experiments to test hypotheses, apply appropriate quantitative and qualitative methods, and evaluate evidence relevant to questions in health economics, health care systems, healthcare organization and management, outcomes research, health care policy, and pharmacy services.
3. Communicate, both orally and in writing, scientific knowledge, research findings, and/or core principles effectively to a range of audiences.

PEOPLE

A list of **Health Services Research in Pharmacy (HSRP) graduate faculty** and their respective areas of research specialization is available from the division website (<https://pharmacy.wisc.edu/about-us/divisions/sas-division/faculty-research/>).

HEALTH SERVICES RESEARCH IN PHARMACY, PH.D.

The **Health Services Research in Pharmacy** (HSRP) provides a rigorous background in a range of disciplines critical to preparing the next generation of health services researchers. The program's interdisciplinary approach combines theories and concepts from fields such as economics, sociology, psychology, management sciences, education, epidemiology, industrial/safety engineering, history, and law. The UW–Madison Division of Health Services Research in Pharmacy, which administers the degree, has a national reputation for its research productivity, extramural funding support, publication record, and teaching. The HSRP Graduate Program at UW–Madison has educated generations of researchers who have taken challenging leadership and advisory positions in academia, industry, and government. Our faculty members and graduates have provided influential roles in communicating research findings to the public, policy makers, pharmacists, and other health care professionals to improve health outcomes, patient care, medication use, and the healthcare system. UW–Madison's Sonderegger Research Center (<https://pharmacy.wisc.edu/src/>)(SRC) is housed at the School of Pharmacy and complements graduate student interactions with faculty, enriching student exposure with other researchers in the field.

ABOUT THE PROGRAM

The program was renamed from the **Social and Administrative Sciences in Pharmacy** (SAS) Ph.D. Program. Students who earn degrees in the Fall of 2019 and later will earn the degree name **Health Services Research in Pharmacy**.

The objective of the HSRP graduate program is to prepare students for independent, theory-based research, leading to new knowledge and understanding of medication use, patient and provider communication and behaviors, health outcomes, patient safety, and healthcare systems. Further, it evaluates the need for pharmacists to fulfill various roles, such as clinical practitioner, drug consultant, and drug distribution system manager, in order to meet the needs of diverse patients, providers, and organizations that use pharmacy services. This is accomplished by integrating knowledge of pharmacy and pharmaceuticals with theories and concepts from numerous disciplines. The name change to HSRP was driven by faculty recognition of the policy orientation of much of its work, whether related to standards of care, practice innovations, reimbursement, safety, or a focus on patient-centeredness. There was also acknowledgement of the division's scholarship as involving the examination of multiple health services, and being significantly broader than "pharmacy" research only. The new name better reflects the training offered and the career trajectory of its graduates.

Why Consider a Graduate Degree in Health Services Research in Pharmacy at the University of Wisconsin–Madison

Students in the HSRP graduate program have the advantages of studying at a world class institution of higher learning. Courses may be taken from a wide range of academic units, providing access to top instructors and researchers. The HSRP graduate program has considerable curricular flexibility, and can be tailored to individual student interests. As program faculty have a broad range of knowledge and expertise, students can specialize in diverse areas of emphasis.

UW–Madison (<https://www.youtube.com/watch?v=XTJA5alrisQ&feature=youtu.be>) is one of the nation's most prolific research universities, located on the shore of Lake Mendota in the state's vibrant capital city. The city of Madison (<https://madison.wisc.edu/>) is consistently recognized as one of the best cities in the nation in multiple categories for quality of life. Visit grad.wisc.edu (<http://grad.wisc.edu>) to learn more about the many reasons to choose UW–Madison for graduate study.

The Graduate Student Handbook (<https://pharmacy.wisc.edu/handbook-sas/>) is a resource for additional information.

POST-GRADUATE INFORMATION

Placement information for recent HSRP alumni is updated yearly; see the program website. (<https://pharmacy.wisc.edu/programs/sas/student-outcomes/>) HSRP has a rich history of creating future pharmacy educators, as Wisconsin HSRP PhD alumni are faculty members at schools and colleges of pharmacy across the United States and abroad. Prospective students interested in careers in *academic pharmacy* are encouraged to explore resources from the American Association of Colleges of Pharmacy (<https://aacp.org/>). Beyond academia, common career setting options are in the pharmaceutical industry, contract research organizations, managed care, nonprofit research centers, and government entities. In non-academic settings, alumni have titles such as director for health economics and outcomes research; health researcher for patient safety and quality; social researcher; research scientist; director of pharmacy; director for global market access, pricing, and policy.

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	January 3
Spring Deadline	This program does not admit in the spring.
Summer Deadline	This program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements (https://grad.wisc.edu/apply/requirements/#english-proficiency).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

Academic backgrounds in public health, sociology, industrial/systems engineering, or economics are well suited for graduate study in HSRP. A professional degree in pharmacy is helpful, but not required. Those with pharmacy-type work experience or a degree in a related field are invited to inquire about the compatibility of their background for admissions purposes. If you seek to apply your knowledge and skills to pharmacy or medication-related research at the highest levels, contact us. You can earn the Ph.D. in Health Services Research in Pharmacy with emphasis in any of the diverse areas of concentration within our program.

Please see admissions (<https://pharmacy.wisc.edu/programs/sas/admissions/>) on the program website for a link to the application and a description of the required supplementary materials. Applications are only considered at the **yearly January deadline**, for matriculation in the following fall semester. **Applications are not reviewed at any other time during the year.** If one does not hold a research-based master's degree at the time of application, but is interested in the Ph.D. degree, that Ph.D. intent should be in the application (and if admitted, such students would typically pursue an M.S. in HSRP on the way to the Ph.D.).

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

HSRP faculty believe in supporting graduate students in their quest for knowledge and research expertise; maintaining a range of graduate student funding mechanisms is a high priority. Graduate students are typically provided with tuition remission and stipend (salary) support as either teaching assistants, research assistants, or fellows. Such appointments include health insurance; see the Graduate Program Manager for details. In addition, incoming students are provided with new laptop computers for their learning and research endeavors and access to state-of-the-art statistical software. Travel grants facilitate graduate student participation at national meetings. The **Sonderregger Research Center** is another source for funding, with the availability of annual dissertation grants. HSRP graduate students who are licensed pharmacists are typically encouraged to continue practicing part-time (e.g., on weekends), to maintain ties to the profession. See the School's webpage for the latest on HSRP graduate funding (<https://pharmacy.wisc.edu/programs/sas/tuition-financial-support/>).

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW-Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail

Minimum Credit Requirement	51 credits
Minimum Residence Credit Requirement	32 credits
Minimum Graduate Coursework Requirement	26 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy (https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/)).
Overall Graduate GPA Requirement	3.00 GPA required for graduate-level courses (numbered 300 and above, excluding research) to receive a degree. This program follows the Graduate School's policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	Candidates may be dropped from the program if they receive more than 7 credits of grades at the BC level or lower. This applies to formal courses, seminars, and research credits.

Assessments and Examinations Doctoral students must pass both written and oral preliminary examinations to achieve dissertator status (see <https://pharmacy.wisc.edu/handbook-sas/phd-degree-requirements/preliminary-exams> (<https://pharmacy.wisc.edu/handbook-sas/phd-degree-requirements/preliminary-exams/>)). The written preliminary examination is evaluated on a pass/fail basis. The oral preliminary examination must be completed within six months after having passed the written preliminary examination.

A dissertation and final oral defense are required. See <https://pharmacy.wisc.edu/handbook-sas/phd-degree-requirements/dissertation-final-exams> (<https://pharmacy.wisc.edu/handbook-sas/phd-degree-requirements/dissertation-final-exams/>) for details.

Language Requirements Candidates with an emphasis in the history of pharmacy are required to achieve competence in two foreign languages (one in addition to the language acquired for the M.S. degree). Contact the school's graduate programs coordinator for more information.

Breadth Requirement All doctoral students are required to complete a doctoral minor or Graduate/Professional certificate.

Students completing Option B minors must complete a minimum of 9 credits outside of HSRP, reflecting a cohesive and logical combination of courses for specialization emphasis. For Option B, the doctoral minor is developed by the student and faculty advisor as a plan for specialization. In HSRP, the student's committee approves the minor Option B plan. The minor supports the theoretical foundations for the Ph.D. and should consist of a majority of courses that are theory-focused (i.e., not focused on research methods or analytical/statistical techniques); that is, theoretical courses should comprise all or most of the minor plan.

REQUIRED COURSES

At least 14 credits in core courses (seminar and core principles and methods), 15 credits in research and analysis (additional research methods, analytic techniques), and 22 credits in specialty/advanced courses is required.

Code	Title	Credits
Core Seminar Courses		
Select all of the following:		8
S&A PHM 701	Grant Writing for Health Services Research	
S&A PHM 702	Mixed Methods for Health Sciences: Purpose, Design and Approach	
S&A PHM 703	Community Engagement in Health Services Research	
S&A PHM 704	Dissemination, Implementation and Sustainment of Change in Health Services Research	
Core Methods and Principles		
Select all of the following:		6
S&A PHM 711	Research Methods for Pharmaceutical Outcomes and Policy Research	

S&A PHM 715	Social Behavioral Theories in Pharmacy, Drug Use, and Health Behavior	
Research and Analysis		
Methods (Select from approved list in consultation with major professor.)		6+
Analytic Techniques (Select from approved list in consultation with major professor.)		9+
Specialty and Advanced Coursework		22
Select in consultation with major professor:		
Breadth-Graduate/Professional Certificate or Doctoral Minor (Option A or Option B)		
Other Elective Courses		
Research (credit varies)		
Foreign Languages (History Concentration only). Ph.D. students with a history concentration must achieve reading ability in two foreign languages and take a minimum of 3 credits in methods of research and analysis.		
Total Credits		51

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES PRIOR COURSEWORK

Graduate Work from Other Institutions

If accepted into the HSRP Ph.D. program with a master's degree equivalent to an M.S. (HSRP) degree and with program approval, students are allowed to count no more than 24 credits of graduate coursework from other institutions (the student must have graduate student status on the other institution's transcript at the time the courses were taken) towards the Ph.D. at UW-Madison. Such courses should be presented to program faculty prior to one's first graduate semester and require the review/approval of at least two program faculty members. Coursework earned ten years or more prior to admission to a doctoral degree is not allowed to satisfy requirements.

UW-Madison Undergraduate

No credits earned as a UW-Madison undergraduate may be used toward achieving the 24 credits beyond the M.S. that are required for the Ph.D. in HSRP.

UW-Madison University Special

No credits earned as a UW-Madison Special student may be used toward achieving the 24 credits beyond the M.S. that are required for the Ph.D. in HSRP.

PROBATION

A semester GPA below 3.0 will result in the student being placed on academic probation. If a semester GPA of 3.0 is not attained during the subsequent semester of full-time enrollment (or 12 credits of enrollment

if enrolled part-time) the student may be dismissed from the program or allowed to continue for one additional semester based on advisor appeal to the Graduate School.

ADVISOR / COMMITTEE

All students in the Ph.D. program are required to have a major professor/advisor through the duration of their studies. Students should select a permanent major professor before the end of the second semester enrolled in the program. Program graduate faculty monitor the progress of Ph.D. students annually.

Composition requirements of the HSRP Ph.D. oral preliminary examination committee are located in the Student Handbook; this same committee typically also serves as the dissertation final oral defense committee.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

A candidate for a doctoral degree who fails to take the final oral defense and deposit the dissertation within five years after passing the preliminary examinations may be required to take another preliminary examination and to be admitted to candidacy a second time.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeedisabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Grievance Policy for Graduate Programs in the School of Pharmacy

Any student in a School of Pharmacy graduate program who feels that they have been treated unfairly by a faculty member, staff member, postdoc, or student has the right to have a complaint heard about the treatment and to receive a prompt hearing of the grievance, following these grievance procedures. Any student who discusses, inquires about, or participates in the grievance procedure may do so openly and shall not be subject to intimidation, discipline, or retaliation because of such activity. The person whom the complaint is directed against must be an employee of the School of Pharmacy. Any student or potential student may use these procedures unless the complaint is covered by other campus rules or contracts.

Exclusions

This policy does not apply to employment-related issues for Graduate Assistants in TA, PA and/or RA appointments. Graduate Assistants will utilize the Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/>) (GAPP) grievance process to resolve employment-related issues.

Requirements for Programs

The School of Pharmacy requires that each director of graduate studies (DGS) serve as a grievance advisor for the school. The program must notify students of the grievance advisors, including posting the grievance advisor's names in the program handbook. The student will be able to select the grievance advisor of the student's choice and does not need to use the grievance advisor from the student's program.

A grievance advisor may be approached for possible grievances of all types. They will spearhead the grievance response process described below for issues specific to the graduate program, including but not limited to academic standing, progress to degree, professional activities, appropriate advising, and a program's community standards. They will ensure students are advised on reporting procedures for other types of possible grievances and are supported throughout the reporting process. Resources (<https://grad.wisc.edu/current-students/#reporting-incidents>) on identifying and reporting other issues have been compiled by the Graduate School.

Procedures

1. The student is advised to initiate a written record containing dates, times, persons, and description of activities, and to update this record while completing the procedures described below.
2. If the student is comfortable doing so, efforts should be made to resolve complaints informally between individuals before pursuing a formal grievance. If students would like to seek guidance at this informal step, the student can contact the Assistant Dean of Diversity, Equity, and Inclusion, the DGS for the student's program, or the UW Ombuds Office.
3. Should a satisfactory resolution not be achieved AND the complaint does not involve an academic program, the procedure outlined in Step 6 below should be followed. Should a satisfactory resolution not be achieved in step 2, the student should contact an SOP grievance advisor of one's choice to discuss the complaint. The grievance advisor should keep a record of contacts with regards to possible grievances. The first attempt is to help the student informally address the complaint prior to pursuing a formal grievance and should occur within 10 days of notifying the grievance advisor. The student is also

encouraged to talk with their faculty advisor regarding concerns or difficulties.

4. If the issue is not resolved to the student's satisfaction, the student may submit a formal grievance to the grievance advisor in writing, within 60 calendar days from the date the grievant first became aware of, or should have become aware of with the exercise of reasonable diligence, the cause of the grievance. To the fullest extent possible, a grievance shall contain a clear and concise statement of the grievance and indicate the issue(s) involved including individuals, the relief sought, the date(s) the incident or violation took place, and any specific policy involved.
5. On receipt of a written grievance, the following steps will occur. The final step must be completed within 30 working days from the date the formal written grievance was received. The program must store documentation of the grievance for seven years. Significant grievances that set a precedent may be stored indefinitely.
 - a. The grievance advisor will convene a SOP faculty committee with at least 3 members to facilitate the grievance following step b, c, and d. The grievance advisor assumes the role of coordinator. Any faculty member involved in the grievance or who feels that they cannot be impartial may not participate in the committee. Committee composition will include at least one member from outside the student's home program.
 - b. The faculty committee, through the grievance advisor, will obtain a written response from the person or persons toward whom the grievance is directed. The grievance advisor will inform this person that their response will be shared with the student filing the grievance.
 - c. The grievance advisor will share the response with the student filing the grievance.
 - d. The faculty committee will make a decision regarding the grievance. The committee's review shall be fair, impartial, and timely. The grievance advisor will report on the action taken by the committee in writing to both the student and the person toward whom the grievance was directed.
6. If either party (the student or the person or persons toward whom the grievance is directed) is unsatisfied with the decision of the program's faculty committee, the party may file a written appeal to the SOP Associate Dean for Research and Graduate Education within 10 working days from the date of notification of the program's faculty committee. The following steps will occur:
 - a. The grievant will be notified in writing, within 5 business days of the written appeal, acknowledging receipt of the formal appeal and establishing a timeline for the review to be completed.
 - b. The associate dean or their designee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the associate dean or their designee will meet with both the grievant and the person or persons toward whom the grievance is directed.
 - c. The associate dean or their designee will make a final decision within 20 working days of receipt of the committee's recommendation.
 - d. The SOP Associate Dean for Research and Graduate Education must store documentation of the grievance for seven years. Significant grievances that set a precedent may be stored indefinitely.
7. The student may file an appeal of the School of Pharmacy decision with the Graduate School. See the Grievances and Appeals section

of the Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

OTHER

Program faculty believe in supporting graduate students and a range of funding mechanisms are possible; graduate students are often provided with tuition remission and funding support either as teaching assistants, project assistants or fellows. In addition, new students are provided with new laptop computers for their learning and research endeavors, access to state-of-the-art statistical software and support, and travel grants to present their research at national meetings.

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

HSRP faculty conduct comprehensive annual reviews of each HSRP graduate student, providing confidential feedback to each student's own self-assessment. This combination provides a great launch for a meaningful goal setting. HSRP faculty are committed to coaching graduate students to grow as instructors and to mentoring them in this dimension, complementing the wealth of campus resources for teaching and learning. The School of Pharmacy's **Sonderegger Research Center** regularly hosts "Brown Bag" lunches where HSRP graduate students can interact informally with SRC staff. There is increased emphasis to connect current students to PhD alumni (e.g. via Skype "informational interviews") for career discussions and mentoring.

The School of Pharmacy student body, along with those from other UW-Madison health professional schools, participates in a number of annual "Lunch and Learn" events throughout the academic year to build community and talk about other challenges regarding diversity, equity, inclusivity, and climate in higher education.

LEARNING OUTCOMES

1. Demonstrate an advanced critical knowledge and in-depth application of economic, policy, and/or social behavioral analyses to the study of the interrelationships between pharmacy, pharmaceutical services, health care systems, and patients.
2. Formulate research questions, design experiments to test hypotheses, apply appropriate quantitative and qualitative methods, and evaluate evidence relevant to questions in health economics, health care systems, healthcare organization and management, outcomes research, health care policy, and pharmacy services.
3. Communicate, both orally and in writing, scientific knowledge, research findings, and/or core principles effectively to a range of audiences.

PEOPLE

A list of **Health Services Research in Pharmacy (HSRP) graduate faculty** and their respective areas of research specialization is available from the division website (<https://pharmacy.wisc.edu/about-us/divisions/sas-division/faculty-research/>).

PHARMACEUTICAL SCIENCES, M.S.

The School of Pharmacy offers professional Master of Science degrees in Pharmaceutical Sciences under the “named option” designation. These named-option master’s degrees provide students with knowledge and skills that are directly applicable to the pharmaceutical and biopharmaceutical industries.

- The Applied Drug Development (p. 1574) named option allows students to earn their Master of Science degree in Pharmaceutical Sciences through coursework that explores various facets of the drug development process.
- The Psychoactive Pharmaceutical Investigation (p. 1578) named option allows students to earn their Master of Science degree in Pharmaceutical Sciences through interdisciplinary coursework covering the discovery, development, and clinical application of psychoactive drugs as therapeutic agents.

The Division of Pharmaceutical Sciences (<https://pharmacy.wisc.edu/psd/>) **does not currently accept applications for a terminal research-based master’s in pharmaceutical sciences.** Prospective students may not apply for a research master’s degree program, and should instead see information about the Ph.D (p. 1585).

ADMISSIONS

Students apply to the Master of Science named options in Pharmaceutical Sciences through the following paths:

- M.S. Named Option in Applied Drug Development (p. 1574)
- M.S. Named Option in Psychoactive Pharmaceutical Investigation (p. 1578)

Students interested in a research-based graduate degree in Pharmaceutical Sciences apply to the Ph.D. program through the following path:

- Ph.D. in Pharmaceutical Sciences (p. 1585)

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM INFORMATION

Students enrolled in this program are not eligible to receive tuition remission from graduate assistantship appointments at this institution.

However, students may contact the Office of Student Financial Aid (<https://financialaid.wisc.edu/>) to discuss federal loan programs and other lending opportunities.

Students seeking the PhD in Pharmaceutical Sciences should see this Guide page (p. 1586).

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS CURRICULAR REQUIREMENTS

Requirement Detail

Minimum Credit Requirement	See Named Options for requirements information.
Minimum Residence Credit Requirement	16 credits
Minimum Graduate Coursework Requirement	See Named Options for requirements information.
Overall Graduate GPA Requirement	3.00 GPA required. This program follows the Graduate School's policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	Candidates will be dropped from the program if they receive more than 7 credits of grades at the BC level or lower. This applies to formal courses and research credits.
Assessments and Examinations	See Named Options for requirements information.
Language Requirements	No language requirements.

REQUIRED COURSES

Select a Named Option for courses required.

NAMED OPTIONS

A named option is a formally documented sub-major within an academic major program. Named options appear on the transcript with degree conferral. Students pursuing the M.S. in Pharmaceutical Sciences must select one of the following named options:

View as listView as grid

- PHARMACEUTICAL SCIENCES: APPLIED DRUG DEVELOPMENT, M.S. (P. 1574)
- PHARMACEUTICAL SCIENCES: PSYCHOACTIVE PHARMACEUTICAL INVESTIGATION, M.S. (P. 1578)
- PHARMACEUTICAL SCIENCES: RESEARCH, M.S. (P. 1581)

POLICIES

Students should refer to one of the named options for policy information:

- M.S. Named Option in Applied Drug Development (p. 1574)
- M.S. Named Option in Psychoactive Pharmaceutical Investigation (p. 1578)
- M.S. Named Option in Research (non-admitting degree) (p. 1581)
- Ph.D. in Pharmaceutical Sciences (<https://guide.wisc.edu/graduate/pharmacy-school-wide/pharmaceutical-sciences-phd/>)

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

1. Demonstrate critical knowledge and in-depth understanding of principles in pharmaceutical sciences and in the student's area of expertise.
2. Identify important research questions, formulate testable hypotheses, and design experiments to test those hypotheses.
3. Conduct research that contributes to the student's field of study.
4. Communicate scientific knowledge and research results effectively to a range of audiences.
5. Apply ethical principles in conducting scientific research.

PEOPLE

The Pharmaceutical Sciences Graduate Program has educated generations of scientists for challenging positions in industry, academia, and government.

Students should refer to the following for the named option master's degree faculty listings:

- M.S. Named Option in Applied Drug Development - Faculty (<https://pharmacy.wisc.edu/academics/applied-drug-development/faculty-staff/>)
- M.S. Named Option in Psychoactive Pharmaceutical Investigation - Faculty (<https://pharmacy.wisc.edu/academics/psychoactive-pharmaceutical-investigation/faculty-staff/>)

Students should refer to the following for the research-based Ph.D. degree faculty information:

- Pharmaceutical Sciences Research Faculty (<https://pharmacy.wisc.edu/psd/faculty-research/>)

PHARMACEUTICAL SCIENCES: APPLIED DRUG DEVELOPMENT, M.S.

This is a named option in the Pharmaceutical Sciences M.S. (p. 1573)

Are you a STEM major who is interested in a career in the biopharmaceutical industry? The Division of Pharmaceutical Sciences (<https://pharmacy.wisc.edu/psd/>) at the School of Pharmacy offers the Master of Science (MS) in Pharmaceutical Sciences degree named option "Applied Drug Development." The program provides a rigorous background in a range of disciplines that are critical to the success of the next generation of pharmaceutical scientists. The program's accelerated one-year applied training combines relevant aspects of drug development with hands-on laboratories culminating with a capstone internship.

Science: The pharmaceutical sciences are emphasized in courses that cover literature comprehension, biostatistics, pharmacokinetics and pharmacodynamics, pharmacology and instrumentation methods.

Pharmaceutical Industry: Industry-specific content is covered in courses that describe regulatory practice, the drug development process, working in a regulated environment (GxP) and pharmaceutical economics and management.

Project-Based Internship: This 4-credit course provides the opportunity for students to utilize all the components of the program as they work in a relevant internship position.

This degree was crafted with extensive input from the biopharmaceutical industry. The faculty are a mix of experts from industry and academia. This program may be completed in one calendar year (September–August) or at a slower pace.

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	June 30
Spring Deadline	October 31
Summer Deadline	The program does not admit for the summer term.

GRE (Graduate Record Examinations)	Not required but may be considered if available.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements (https://grad.wisc.edu/apply/requirements/#english-proficiency).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	2

Accepted students commonly have strong scientific backgrounds and a desire to work in the biopharmaceutical industry. Students with undergraduate degrees in the physical or biological sciences, engineering, pharmacy, and related fields are encouraged to apply. Applicants without a bachelor's degree may still be considered for admittance with an earned Doctor of Pharmacy or other professional graduate degree.

Please see the "Apply Now" section of the program website (<https://pharmacy.wisc.edu/academics/applied-drug-development/>) for the application deadline and required supplemental materials.

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM INFORMATION

Students enrolled in this program are not eligible to receive tuition remission from graduate assistantship appointments at this institution.

Students may contact the Office of Student Financial Aid (<https://financialaid.wisc.edu/>) to discuss federal loan programs and other lending opportunities.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

NAMED OPTION REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/Weekend	Online	Hybrid	Accelerated
Yes	No	Yes	Yes	Yes

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW-Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail	
Minimum Credit Requirement	30 credits
Minimum Residence Credit Requirement	16 credits
Minimum Graduate Coursework Requirement	15 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy (https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/)).
Overall Graduate GPA Requirement	3.00 GPA required. This program follows the Graduate School's policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	Candidates will be dropped from the program if they receive more than 7 credits of grades at the BC level or lower.
Assessments and Examinations	The program expects the M.S. candidate to complete a project-based internship (summative research internship) under guidance of an approved mentor or an approved research project.
Language Requirements	No language requirements.

REQUIRED COURSES

Code	Title	Credits
PHM SCI 750	The Drug Development Process	3
PHM SCI 751	Introduction to Regulatory Practice	3
PHM SCI 759	Current Trends in Drug Discovery and Development	1
PHM SCI 752	GxP (Good Practice): Working in a Regulated Environment	3
B M I/STAT 541	Introduction to Biostatistics	3
PHM SCI 755	Laboratory and Instrumentation Methods	3

PHM SCI 753	Pharmaceutical Economics and Project Management	3
PHM SCI 760	Summative Research Internship	4
PHM SCI 768	Pharmacokinetics	3
or PHM SCI/ M&ENVTOX/ ONCOLOGY/ PHM COL-M/ POP HLTH 625	Toxicology I	
Drug Action (select 4 credits from the following)		
PHM COL-M 781	Molecular and Cellular Principles in Pharmacology	4
PHARMACY 770 & PHARMACY 771	CNS Drug Designs, Actions, and Applications I and CNS Drug Designs, Actions, and Applications II	4

While the program offers an accelerated 1-year path, students may also choose a 2- or 3-year path. Students may choose a degree path consisting of all online courses or a degree path consisting of a mix of online, in-person, and hybrid courses.

Students in this program may not take courses outside the prescribed curriculum without faculty advisor and program director approval. Students in this program cannot enroll concurrently in other undergraduate, graduate or certificate programs.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

NAMED OPTION-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Work from Other Institutions

No graduate work from other institutions is accepted.

UW–Madison Undergraduate

With program approval, students are allowed to count no more than 7 credits of UW–Madison courses numbered 500 or above (earned as a UW–Madison undergraduate) toward the M.S. degree. Coursework should be presented to the SoP graduate dean in the first semester of enrollment for consideration. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

UW–Madison University Special

With program approval, the program will allow up to 12 credits taken as a special student in the Applied Drug Development Capstone Certificate to count toward the MS–Pharmaceutical Sciences–Applied Drug Development named option. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

PROBATION

This program follows the Graduate School's Probation policy. (<https://policy.wisc.edu/library/UW-1217/>)

ADVISOR / COMMITTEE

Students will be assigned an advisor within the program; students will have an approved mentor for their summative internship project.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

This program follows the Graduate School's Time Limits policy. (<https://policy.wisc.edu/library/UW-1221/>)

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Grievance Policy for Graduate Programs in the School of Pharmacy

Any student in a School of Pharmacy graduate program who feels that they have been treated unfairly by a faculty member, staff member, postdoc, or student has the right to have a complaint heard about the treatment and to receive a prompt hearing of the grievance, following these grievance procedures. Any student who discusses, inquires about, or participates in the grievance procedure may do so openly and shall not be subject to intimidation, discipline, or retaliation because of such activity. The person whom the complaint is directed against must be an employee of the School of Pharmacy. Any student or potential student

may use these procedures unless the complaint is covered by other campus rules or contracts.

Exclusions

This policy does not apply to employment-related issues for Graduate Assistants in TA, PA and/or RA appointments. Graduate Assistants will utilize the Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/>) (GAPP) grievance process to resolve employment-related issues.

Requirements for Programs

The School of Pharmacy requires that each director of graduate studies (DGS) serve as a grievance advisor for the school. The program must notify students of the grievance advisors, including posting the grievance advisor's names in the program handbook. The student will be able to select the grievance advisor of the student's choice and does not need to use the grievance advisor from the student's program.

A grievance advisor may be approached for possible grievances of all types. They will spearhead the grievance response process described below for issues specific to the graduate program, including but not limited to academic standing, progress to degree, professional activities, appropriate advising, and a program's community standards. They will ensure students are advised on reporting procedures for other types of possible grievances and are supported throughout the reporting process. Resources (<https://grad.wisc.edu/current-students/#reporting-incidents>) on identifying and reporting other issues have been compiled by the Graduate School.

Procedures

1. The student is advised to initiate a written record containing dates, times, persons, and description of activities, and to update this record while completing the procedures described below.
2. If the student is comfortable doing so, efforts should be made to resolve complaints informally between individuals before pursuing a formal grievance. If students would like to seek guidance at this informal step, the student can contact the Assistant Dean of Diversity, Equity, and Inclusion, the DGS for the student's program, or the UW Ombuds Office.
3. Should a satisfactory resolution not be achieved AND the complaint does not involve an academic program, the procedure outlined in Step 6 below should be followed. Should a satisfactory resolution not be achieved in step 2, the student should contact an SOP grievance advisor of one's choice to discuss the complaint. The grievance advisor should keep a record of contacts with regards to possible grievances. The first attempt is to help the student informally address the complaint prior to pursuing a formal grievance and should occur within 10 days of notifying the grievance advisor. The student is also encouraged to talk with their faculty advisor regarding concerns or difficulties.
4. If the issue is not resolved to the student's satisfaction, the student may submit a formal grievance to the grievance advisor in writing, within 60 calendar days from the date the grievant first became aware of, or should have become aware of with the exercise of reasonable diligence, the cause of the grievance. To the fullest extent possible, a grievance shall contain a clear and concise statement of the grievance and indicate the issue(s) involved including individuals, the relief sought, the date(s) the incident or violation took place, and any specific policy involved.

5. On receipt of a written grievance, the following steps will occur. The final step must be completed within 30 working days from the date the formal written grievance was received. The program must store documentation of the grievance for seven years. Significant grievances that set a precedent may be stored indefinitely.
 - a. The grievance advisor will convene a SOP faculty committee with at least 3 members to facilitate the grievance following step b, c, and d. The grievance advisor assumes the role of coordinator. Any faculty member involved in the grievance or who feels that they cannot be impartial may not participate in the committee. Committee composition will include at least one member from outside the student's home program.
 - b. The faculty committee, through the grievance advisor, will obtain a written response from the person or persons toward whom the grievance is directed. The grievance advisor will inform this person that their response will be shared with the student filing the grievance.
 - c. The grievance advisor will share the response with the student filing the grievance.
 - d. The faculty committee will make a decision regarding the grievance. The committee's review shall be fair, impartial, and timely. The grievance advisor will report on the action taken by the committee in writing to both the student and the person toward whom the grievance was directed.
6. If either party (the student or the person or persons toward whom the grievance is directed) is unsatisfied with the decision of the program's faculty committee, the party may file a written appeal to the SOP Associate Dean for Research and Graduate Education within 10 working days from the date of notification of the program's faculty committee. The following steps will occur:
 - a. The grievant will be notified in writing, within 5 business days of the written appeal, acknowledging receipt of the formal appeal and establishing a timeline for the review to be completed.
 - b. The associate dean or their designee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the associate dean or their designee will meet with both the grievant and the person or persons toward whom the grievance is directed.
 - c. The associate dean or their designee will make a final decision within 20 working days of receipt of the committee's recommendation.
 - d. The SOP Associate Dean for Research and Graduate Education must store documentation of the grievance for seven years. Significant grievances that set a precedent may be stored indefinitely.
7. The student may file an appeal of the School of Pharmacy decision with the Graduate School. See the Grievances and Appeals section of the Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

PEOPLE

The Pharmaceutical Sciences Graduate Program has educated generations of scientists for challenging positions in industry, academia, and government. The faculty for the MS Applied Drug Development consists of experts in industry and academia affiliated with the School of Pharmacy. The Applied Drug Development faculty list is available on the School of Pharmacy website (<https://pharmacy.wisc.edu/academics/applied-drug-development/faculty-staff/>).

PHARMACEUTICAL SCIENCES: PSYCHOACTIVE PHARMACEUTICAL INVESTIGATION, M.S.

This is a named option in the Pharmaceutical Sciences M.S. (p. 1573)

The Division of Pharmaceutical Sciences (<https://pharmacy.wisc.edu/psd/>) at the School of Pharmacy offers the Master of Science (MS) in Pharmaceutical Sciences degree named option "Psychoactive Pharmaceutical Investigations."

Leaders in the psychoactive pharmaceutical and biopharmaceutical industries—including companies focused on cannabis, psychedelics, and entheogens—are seeking employees with advanced degrees, appropriate skills, and rigorous ethical and legal standards. With a uniquely interdisciplinary faculty and curriculum, the PPI master's program prepares you to meet their needs, while giving you the background and in-demand skills needed to begin your career with an advantage, whether you are looking to compete in industry/academia research, government, nonprofit, or healthcare positions.

Curriculum Content Areas: Medicinal Chemistry, Pharmacology, Psychiatry, Pharmaceutical Sciences, Law, Ethics, Addiction Medicine, Counseling Psychology, Neuroscience, Biostatistics, History of Medicine, Pharmacokinetics, and Ethnobotany.

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched

the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	June 30
Spring Deadline	October 31
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required but may be considered if available.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements (https://grad.wisc.edu/apply/requirements/#english-proficiency).
Other Test(s) (e.g. GMAT, MCAT)	n/a
Letters of Recommendation Required	2

Students with undergraduate degrees in the physical or biological sciences, engineering, pharmacy, and related fields are encouraged to apply. Students with a liberal arts degree who also have strong science elective credit may also be competitive for this program. Applicants without a bachelor's degree may still be considered for admittance with an earned Doctor of Pharmacy or other professional graduate degree.

Please see the supplemental materials required for the application (<https://pharmacy.wisc.edu/academics/psychoactive-pharmaceutical-investigation/apply/>).

Grievance Policy for Graduate Programs in the School of Pharmacy

Any student in a School of Pharmacy graduate program who feels that they have been treated unfairly by a faculty member, staff member, postdoc, or student has the right to have a complaint heard about the treatment and to receive a prompt hearing of the grievance, following these grievance procedures. Any student who discusses, inquires about, or participates in the grievance procedure may do so openly and shall not be subject to intimidation, discipline, or retaliation because of such activity. The person whom the complaint is directed against must be an employee of the School of Pharmacy. Any student or potential student may use these procedures unless the complaint is covered by other campus rules or contracts.

Exclusions

This policy does not apply to employment-related issues for Graduate Assistants in TA, PA and/or RA appointments. Graduate Assistants will utilize the Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/>) (GAPP) grievance process to resolve employment-related issues.

Requirements for Programs

The School of Pharmacy requires that each director of graduate studies (DGS) serve as a grievance advisor for the school. The program must notify students of the grievance advisors, including posting the grievance advisor’s names in the program handbook. The student will be able to select the grievance advisor of the student’s choice and does not need to use the grievance advisor from the student’s program.

A grievance advisor may be approached for possible grievances of all types. They will spearhead the grievance response process described below for issues specific to the graduate program, including but not limited to academic standing, progress to degree, professional activities, appropriate advising, and a program’s community standards. They will ensure students are advised on reporting procedures for other types of possible grievances and are supported throughout the reporting process. Resources (<https://grad.wisc.edu/current-students/#reporting-incidents>) on identifying and reporting other issues have been compiled by the Graduate School.

Procedures

1. The student is advised to initiate a written record containing dates, times, persons, and description of activities, and to update this record while completing the procedures described below.
2. If the student is comfortable doing so, efforts should be made to resolve complaints informally between individuals before pursuing

a formal grievance. If students would like to seek guidance at this informal step, the student can contact the Assistant Dean of Diversity, Equity, and Inclusion, the DGS for the student's program, or the UW Ombuds Office.

3. Should a satisfactory resolution not be achieved AND the complaint does not involve an academic program, the procedure outlined in Step 6 below should be followed. Should a satisfactory resolution not be achieved in step 2, the student should contact an SOP grievance advisor of one's choice to discuss the complaint. The grievance advisor should keep a record of contacts with regards to possible grievances. The first attempt is to help the student informally address the complaint prior to pursuing a formal grievance and should occur within 10 days of notifying the grievance advisor. The student is also encouraged to talk with their faculty advisor regarding concerns or difficulties.
4. If the issue is not resolved to the student's satisfaction, the student may submit a formal grievance to the grievance advisor in writing, within 60 calendar days from the date the grievant first became aware of, or should have become aware of with the exercise of reasonable diligence, the cause of the grievance. To the fullest extent possible, a grievance shall contain a clear and concise statement of the grievance and indicate the issue(s) involved including individuals, the relief sought, the date(s) the incident or violation took place, and any specific policy involved.
5. On receipt of a written grievance, the following steps will occur. The final step must be completed within 30 working days from the date the formal written grievance was received. The program must store documentation of the grievance for seven years. Significant grievances that set a precedent may be stored indefinitely.
 - a. The grievance advisor will convene a SOP faculty committee with at least 3 members to facilitate the grievance following step b, c, and d. The grievance advisor assumes the role of coordinator. Any faculty member involved in the grievance or who feels that they cannot be impartial may not participate in the committee. Committee composition will include at least one member from outside the student's home program.
 - b. The faculty committee, through the grievance advisor, will obtain a written response from the person or persons toward whom the grievance is directed. The grievance advisor will inform this person that their response will be shared with the student filing the grievance.
 - c. The grievance advisor will share the response with the student filing the grievance.
 - d. The faculty committee will make a decision regarding the grievance. The committee's review shall be fair, impartial, and timely. The grievance advisor will report on the action taken by the committee in writing to both the student and the person toward whom the grievance was directed.
6. If either party (the student or the person or persons toward whom the grievance is directed) is unsatisfied with the decision of the program's faculty committee, the party may file a written appeal to the SOP Associate Dean for Research and Graduate Education within 10 working days from the date of notification of the program's faculty committee. The following steps will occur:
 - a. The grievant will be notified in writing, within 5 business days of the written appeal, acknowledging receipt of the formal appeal and establishing a timeline for the review to be completed.
 - b. The associate dean or their designee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the associate dean or their designee

will meet with both the grievant and the person or persons toward whom the grievance is directed.

- c. The associate dean or their designee will make a final decision within 20 working days of receipt of the committee's recommendation.
- d. The SOP Associate Dean for Research and Graduate Education must store documentation of the grievance for seven years. Significant grievances that set a precedent may be stored indefinitely.
7. The student may file an appeal of the School of Pharmacy decision with the Graduate School. See the Grievances and Appeals section of the Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

NAMED OPTION REQUIREMENTS MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW–Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail

Minimum Credit Requirement 30 credits

Minimum Residence Credit Requirement 16 credits

Minimum Graduate Coursework Requirement 15 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) Requirement Policy: <https://policy.wisc.edu/library/UW-1244> (<https://policy.wisc.edu/library/UW-1244/>)

Overall Graduate GPA Requirement 3.00 GPA required. This program follows the Graduate School's policy: <https://policy.wisc.edu/library/UW-1203> (<https://policy.wisc.edu/library/UW-1203/>).

Other Grade Requirements Candidates will be dropped from the program if they receive more than 7 credits of grades at the BC level or lower. This applies to formal courses and research credits.

Assessments and Examinations The program expects the M.S. candidate to engage in a research project of a scope appropriate to the time devoted to earning the degree. The M.S. degree may be awarded following approval of the candidate's committee after either of the following: 1) passing of the preliminary exam or 2) writing a M.S. thesis describing the candidate's research that is presented and defended before the student's M.S. thesis committee.

Language Requirements No language requirements.

REQUIRED COURSES

Code	Title	Credits
Foundational Content		
PHM SCI 780	Principles of Pharmaceutical Sciences	3
Select 6 credits from two Core Areas:		
<i>Drug Discovery Core:</i>		
PHM SCI 786	Natural Product Synthesis, Biosynthesis and Drug Discovery	
<i>Drug Action Core:</i>		
PATH 750	Cellular and Molecular Biology/ Pathology

PHM SCI 931	Pharmaceutical Sciences Seminar (required every fall term during enrollment as a graduate student in the program) ¹	
PHM SCI 932	Pharmaceutical Sciences Seminar (required every spring during enrollment as a graduate student in the program) ¹	
PHM SCI 990	Research ²	
PHM SCI 999	Advanced Independent Study ³	
Three additional credits from the Drug Action, Drug Delivery, or Drug Discovery electives.		3

Courses with the graduate attribute in the following subject listings can count toward this requirement: ANATOMY, ANAT&PHYS, BIOCHEM, BSE, BIOLOGY, BME, BMOLCHEM, BMI, BOTANY, CRB, CBE, CHEM, COMP BIO, COMP SCI, ECE, EP, FAM MED, FOOD SCI, GENETICS, H ONCOL, ISY E, MS & E, MATH, MD GENET, M M&I, MED PHYS, MED SC-M, MED SC-V, MEDICINE, MICROBIO, M&ENVTOX, MOL BIOL, NEUROL, NEURODPT, NTP, NURSING, NUTR, SCI, ONCOLOGY, PATH-BIO, PATH, PHM SCI, PHM COL-M, PHS, PHYSICS, PL PATH, PSYCH, RADIOL, SOIL SCI, SURGERY, SURG SCI, ZOOLOGY. A list of popular elective courses at this level taken by recent Pharmaceutical Sciences graduate students is maintained at [https://pharmacy.wisc.edu/programs/pharmsci/curriculum/electives/](https://pharmacy.wisc.edu/programs/pharmsci/curriculum/electives).

Total Credits

30

1

Seminar is required every fall and spring semester during enrollment as a graduate student in the program.

2

Research credits are typically taken every semester in the program, beginning in the second semester. Credits will vary.

3

Research rotations in first semester of first year. At least one credit required.

To enhance a required core curriculum, an individualized course of study is planned with a faculty advisor. Faculty advisors have the option to require additional courses beyond the minimum requirements listed above.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

NAMED OPTION-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Work from Other Institutions

With program approval, students are allowed to count no more than 9 credits of graduate coursework from other institutions (the student must have graduate student status on the other institution's transcript at the time the courses were taken). Coursework should be presented to the SoP graduate dean in the first semester of enrollment for consideration. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

UW-Madison Undergraduate

With program approval, students are allowed to count no more than 7 credits of UW-Madison courses numbered 500 or above (earned as a UW-Madison undergraduate) toward the M.S. degree. Coursework should be presented to the SoP Associate Dean for Graduate Education in the first semester of enrollment for consideration. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

UW-Madison University Special

With program approval, students are allowed to count no more than 9 credits of coursework numbered 500 or above taken as a UW-Madison special student. Coursework should be presented to the SoP graduate dean in the first semester of enrollment for consideration. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

PROBATION

This program follows the Graduate School's Probation policy. (<https://policy.wisc.edu/library/UW-1217/>)

ADVISOR / COMMITTEE

Students are required to maintain a pharmaceutical sciences faculty member as an M.S. advisor through the duration of their studies. Typically a permanent advisor is found by the end of one's first semester.

An M.S. thesis committee in the Pharmaceutical Sciences Division (PSD) consists of at least three graduate faculty members of the PSD (one of whom is the student's thesis advisor).

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

This program follows the Graduate School's Time Limits policy. (<https://policy.wisc.edu/library/UW-1221/>)

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeeabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)

- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Grievance Policy for Graduate Programs in the School of Pharmacy

Any student in a School of Pharmacy graduate program who feels that they have been treated unfairly by a faculty member, staff member, postdoc, or student has the right to have a complaint heard about the treatment and to receive a prompt hearing of the grievance, following these grievance procedures. Any student who discusses, inquires about, or participates in the grievance procedure may do so openly and shall not be subject to intimidation, discipline, or retaliation because of such activity. The person whom the complaint is directed against must be an employee of the School of Pharmacy. Any student or potential student may use these procedures unless the complaint is covered by other campus rules or contracts.

Exclusions

This policy does not apply to employment-related issues for Graduate Assistants in TA, PA and/or RA appointments. Graduate Assistants will utilize the Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/>) (GAPP) grievance process to resolve employment-related issues.

Requirements for Programs

The School of Pharmacy requires that each director of graduate studies (DGS) serve as a grievance advisor for the school. The program must notify students of the grievance advisors, including posting the grievance advisor's names in the program handbook. The student will be able to select the grievance advisor of the student's choice and does not need to use the grievance advisor from the student's program.

A grievance advisor may be approached for possible grievances of all types. They will spearhead the grievance response process described below for issues specific to the graduate program, including but not limited to academic standing, progress to degree, professional activities, appropriate advising, and a program's community standards. They will ensure students are advised on reporting procedures for other types of possible grievances and are supported throughout the reporting process. Resources (<https://grad.wisc.edu/current-students/#reporting-incidents>) on identifying and reporting other issues have been compiled by the Graduate School.

Procedures

1. The student is advised to initiate a written record containing dates, times, persons, and description of activities, and to update this record while completing the procedures described below.
2. If the student is comfortable doing so, efforts should be made to resolve complaints informally between individuals before pursuing a formal grievance. If students would like to seek guidance at this informal step, the student can contact the Assistant Dean of Diversity, Equity, and Inclusion, the DGS for the student's program, or the UW Ombuds Office.
3. Should a satisfactory resolution not be achieved AND the complaint does not involve an academic program, the procedure outlined in Step 6 below should be followed. Should a satisfactory resolution not be achieved in step 2, the student should contact an SOP grievance advisor of one's choice to discuss the complaint. The grievance advisor should keep a record of contacts with regards to possible grievances. The first attempt is to help the student informally address the complaint prior to pursuing a formal grievance and should occur within 10 days of notifying the grievance advisor. The student is also encouraged to talk with their faculty advisor regarding concerns or difficulties.
4. If the issue is not resolved to the student's satisfaction, the student may submit a formal grievance to the grievance advisor in writing, within 60 calendar days from the date the grievant first became aware of, or should have become aware of with the exercise of reasonable diligence, the cause of the grievance. To the fullest extent possible, a grievance shall contain a clear and concise statement of the grievance and indicate the issue(s) involved including individuals, the relief sought, the date(s) the incident or violation took place, and any specific policy involved.
5. On receipt of a written grievance, the following steps will occur. The final step must be completed within 30 working days from the date the formal written grievance was received. The program must store documentation of the grievance for seven years. Significant grievances that set a precedent may be stored indefinitely.
 - a. The grievance advisor will convene a SOP faculty committee with at least 3 members to facilitate the grievance following step b, c, and d. The grievance advisor assumes the role of coordinator. Any faculty member involved in the grievance or who feels that they cannot be impartial may not participate in the committee. Committee composition will include at least one member from outside the student's home program.
 - b. The faculty committee, through the grievance advisor, will obtain a written response from the person or persons toward whom the grievance is directed. The grievance advisor will inform this person that their response will be shared with the student filing the grievance.
 - c. The grievance advisor will share the response with the student filing the grievance.
 - d. The faculty committee will make a decision regarding the grievance. The committee's review shall be fair, impartial, and timely. The grievance advisor will report on the action taken by the committee in writing to both the student and the person toward whom the grievance was directed.
6. If either party (the student or the person or persons toward whom the grievance is directed) is unsatisfied with the decision of the program's faculty committee, the party may file a written appeal to the SOP Associate Dean for Research and Graduate Education within 10 working days from the date of notification of the program's faculty committee. The following steps will occur:
 - a. The grievant will be notified in writing, within 5 business days of the written appeal, acknowledging receipt of the formal appeal and establishing a timeline for the review to be completed.
 - b. The associate dean or their designee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the associate dean or their designee will meet with both the grievant and the person or persons toward whom the grievance is directed.

- c. The associate dean or their designee will make a final decision within 20 working days of receipt of the committee's recommendation.
 - d. The SOP Associate Dean for Research and Graduate Education must store documentation of the grievance for seven years. Significant grievances that set a precedent may be stored indefinitely.
7. The student may file an appeal of the School of Pharmacy decision with the Graduate School. See the Grievances and Appeals section of the Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

OTHER

First-year students are typically offered fellowships and School of Pharmacy teaching assistantships in their initial two semesters. Funding as research assistants is assumed by the student's principal investigator/thesis advisor in the first summer. Subsequently (year 2 and beyond), students are funded by RA-ships, TA-ships and via other extramural funding (fellowship) support.

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

PEOPLE

The Pharmaceutical Sciences Graduate Program has educated generations of scientists for challenging positions in industry, academia, and government.

Students should refer to the following for the named option master's degree faculty listings:

- M.S. Named Option in Applied Drug Development - Faculty (<https://pharmacy.wisc.edu/academics/applied-drug-development/faculty-staff/>)
- M.S. Named Option in Psychoactive Pharmaceutical Investigation - Faculty (<https://pharmacy.wisc.edu/academics/psychoactive-pharmaceutical-investigation/faculty-staff/>)

Students should refer to the following for the research-based Ph.D. degree faculty information:

- Pharmaceutical Sciences Research Faculty (<https://pharmacy.wisc.edu/psd/faculty-research/>)

PHARMACEUTICAL SCIENCES, PH.D.

The Division of Pharmaceutical Sciences (<https://pharmacy.wisc.edu/psd/>) at the School of Pharmacy offers the doctor of philosophy (Ph.D.) degree in pharmaceutical sciences. The program provides a rigorous background in a range of scientific disciplines that are critical to the success of the next generation of pharmaceutical scientists. The program's interdisciplinary training combines pharmaceutically relevant aspects

of classical disciplines such as chemistry, biology, and engineering. Students earn a Ph.D. in Pharmaceutical Sciences, concentrating in one of three research cores: **Drug Discovery**, **Drug Action**, or **Drug Delivery**. Extensive communication and collaboration occur between these cores, mirroring the importance of interdisciplinary research teams in the pharmaceutical field. See our webpage (<https://pharmacy.wisc.edu/about-us/divisions/pharmaceutical-sciences/faculty-research/>) for more detailed information regarding current faculty research directions.

Research in Drug Discovery (<https://pharmacy.wisc.edu/psd/drug-discovery-core/>) focuses on areas related to medicinal chemistry, such as small molecule development, natural products isolation and characterization, organic synthesis, chemical biology, and rational drug design.

Drug Action (<https://pharmacy.wisc.edu/psd/drug-action-core/>) focuses on areas related to pharmacology, toxicology, cellular differentiation, development, and disease. Interests include the impact of drugs and toxins on biological systems, mechanisms of normal biology, and mechanisms of disease. These are studied at the cellular, genetic, molecular, and biochemical levels using diverse model systems.

Drug Delivery (<https://pharmacy.wisc.edu/psd/drug-delivery-core/>) (pharmaceutics) emphasizes principles in physical chemistry and drug transport, aiming for advances in formulation, drug targeting, and multi-modal therapy. Delivery research includes the solid-state chemistry of drugs, nano-pharmacy, biocompatibility, molecular recognition, computational chemistry, pharmacokinetics, and molecular imaging.

The UW-Madison Pharmaceutical Sciences Division has been recognized for its research productivity, extramural funding support, publication record and teaching.

UW-Madison (<https://www.youtube.com/watch?v=XTJA5alrisQ&feature=youtu.be>) is one of the nation's most prolific research universities, located on the shore of Lake Mendota in the state's vibrant capital city. The city of Madison (<https://madison.wisc.edu/>) is consistently recognized as one of the best cities in the nation in multiple categories for quality of life. Visit grad.wisc.edu (<http://grad.wisc.edu/>) to learn more about the many reasons to choose UW-Madison for graduate study.

POSTGRADUATE INFORMATION

Our students are provided many opportunities to explore different careers paths and to hone their skills in areas such as communication and leadership. Recent program graduates have found employment in a variety of settings including industry, academia, science writing, and patent law. We engage our many alumni to participate in career chats and other networking opportunities with our students. For more information on first professional placement following graduation, see employers of recent Pharm Sci graduates (<https://pharmacy.wisc.edu/programs/pharmsci/student-outcomes/>). The School's Graduate Program Manager can be consulted for specific career information (both initial placement and longer-term employment information regarding Ph.D. alumni).

FACILITIES

The Pharmaceutical Sciences Division is housed in Rennebohm Hall (<http://www.pharmacy.wisc.edu/about-school/rennebohm-hall/>), a seven-story, state-of-the-art facility that comprises both research and teaching space. Affiliate Pharmaceutical Sciences graduate faculty and their labs are housed in other nearby campus buildings. Located on the northwest edge of campus, Rennebohm Hall is in close proximity to the

Health Sciences Learning Center (home of the UW School of Medicine and Public Health, or SMPH), UW Hospital and Clinics, the UW Institute for Clinical and Translational Research (ICTR), the Waisman Center, the Wisconsin Institutes for Medical Research (WIMR), SMPH's Center for Human Genomics and Precision Medicine, the School of Veterinary Medicine, the School of Nursing, and Ebling Library for the Health Sciences.

Exceptional research facilities and equipment are available in Rennebohm Hall as highlighted by the school's Analytical Instrumentation Center (AIC) (<http://www.pharmacy.wisc.edu/aic/>), comprising mass spectrometry, nuclear magnetic resonance, spectroscopy, and spectrophotometry facilities. The division offers centralized facilities for computer-aided drug and catalyst design, real-time PCR, gene array detectors, gas chromatographs, high-pressure liquid chromatographs, cell culture, ultra-centrifuges, scintillation counters, and animal care. Additionally, many researchers leverage equipment and services available through the Carbone Comprehensive Cancer Center, Biotechnology Center, and other campus core facilities.

The School of Pharmacy's Lenor Zeeh Pharmaceutical Experiment Station (<http://www.pharmacy.wisc.edu/zstation/>) is a not-for-profit, self-sustaining center of expertise serving faculty researchers across the UW-Madison campus as well as private-sector drug product development. The station provides laboratory services related to compound physical/chemical characterization and basic formulation development to support preclinical development of promising drug candidates and other unmet pharmaceutical-related needs. Pharmaceutical Sciences graduate students are eligible to participate in summer project assistantships at the station. Pharmaceutical Sciences also houses the university's Medicinal Chemistry Center (<https://pharmacy.wisc.edu/mcc/>) (MCC), whose mission is to provide drug discovery expertise to the UW medical community and drive translational research at UW-Madison through designing and synthesizing novel small molecule-based therapeutics. Pharmaceutical Sciences faculty direct the MCC. A Nanotechnology Center for Drug Delivery (<https://pharmacy.wisc.edu/school-launches-new-nanotechnology-center-for-drug-delivery/>) began in 2018, aiming to improve the efficacy of new drug leads.

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 27
Spring Deadline	The program does not admit in the spring.
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.

English Proficiency Test Please see the Graduate School's information on English proficiency testing requirements. (<https://grad.wisc.edu/apply/requirements/#english-proficiency>).

Other Test(s) (e.g., GMAT, MCAT) n/a

Letters of Recommendation Required 3

* GRE not required or accepted. Any submitted scores will not be used in assessing applications.

Accepted students commonly have strong scientific backgrounds and significant research experience. Students with undergraduate degrees in the physical (including chemistry) or biological sciences, engineering, pharmacy, and related fields are encouraged to apply. Students who have earned master's degrees are also welcomed to apply, but a master's degree is not a requirement. One may apply directly to the Pharmaceutical Sciences Ph.D. program with a bachelor's or PharmD degree- as long as a bachelor's or PharmD degree would be completed by the time one would begin graduate studies.

Please see admissions (<https://pharmacy.wisc.edu/programs/pharmsci/admissions/>) on the program website for the application deadline and required supplemental materials. Related links describe frequently-asked admissions questions (<https://pharmacy.wisc.edu/programs/pharmsci/admissions/faqs/>), selection criteria (<https://pharmacy.wisc.edu/programs/pharmsci/admissions/selection-criteria/>), and typical pharmaceutical research paths for various undergraduate majors (<https://pharmacy.wisc.edu/programs/pharmsci/admissions/undergraduate-research-paths/>).

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Financial support is provided to all graduate students in the Pharmaceutical Sciences PhD program through a combined mechanism of fellowships, teaching assistantships, research assistantships, and project assistantships. Financial support includes a stipend, full tuition remission (waiver), and most of the cost of reasonably priced, comprehensive health insurance; and typically extends for the full duration of a student's graduate study as long as they retain good academic standing and a faculty advisor. Funding packages for first-year students in the PhD program are provided by the School of Pharmacy and consist of fellowships and/or teaching assistant support. In addition, first-year students typically are provided \$2000 in flexible funds to aid in the transition to Madison. After the first academic year, students are supported by their thesis advisor through research or teaching assistantship appointments (some students earn funding via federally supported predoctoral fellowships or campus training grants). Additionally, the program awards travel grants to several students every year to support their attendance at scientific conferences and meetings. For more details,

see this program-specific funding page (<https://pharmacy.wisc.edu/academics/pharmsci/tuition-financial-aid/>).

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS

CURRICULAR REQUIREMENTS

Requirement Detail

Minimum Credit Requirement	51 credits
Minimum Residence Credit Requirement	32 credits
Minimum Graduate Coursework Requirement	26 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy (https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/)).
Overall Graduate GPA Requirement	3.00 GPA required. This program follows the Graduate School's policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	Candidates may be dropped from the program if they receive more than 7 credits of grades at the BC level or lower. This applies to formal courses and research credits.

Assessments and Examinations The preliminary examination is expected to be completed before the beginning of the third year of graduate study. For specifics regarding the preliminary examination's structure and requirements, see Preliminary Examination in the PSD Student Handbook (<https://students.pharmacy.wisc.edu/pharmsci-handbook/o-preliminary-exam> (<https://students.pharmacy.wisc.edu/pharmsci-handbook/o-preliminary-exam/>)).

A final oral defense of the dissertation is required; for more on the dissertation defense, see Ph.D. Thesis Defense in the PSD Student Handbook (<https://students.pharmacy.wisc.edu/pharmsci-handbook/q-phd-thesis-defense> (<https://students.pharmacy.wisc.edu/pharmsci-handbook/q-phd-thesis-defense/>)).

Language Requirements There are no language requirements in the Pharmaceutical Sciences Ph.D. program.

Graduate School Breadth Requirement A doctoral minor or graduate/professional certificate is not required.

Courses with the graduate attribute in the following subject listings can count toward this requirement: ANATOMY, ANAT&PHYS, BIOCHEM, BSE, BIOLOGY, BME, BMOLCHEM, BMI, BOTANY, CRB, CBE, CHEM, COMP BIO, COMP SCI, ECE, EP, FAM MED, FOOD SCI, GENETICS, H ONCOL, ISY E, MS & E, MATH, MD GENET, M M&I, MED PHYS, MED SC-M, MED SC-V, MEDICINE, MICROBIO, M&ENVTOX, MOL BIOL, NEUROL, NEURODPT, NTP, NURSING, NUTR, SCI, ONCOLOGY, PATH-BIO, PATH, PHM SCI, PHMCOL-M, PHS, PHYSICS, PL PATH, PSYCH, RADIOL, SOIL SCI, SURGERY, SURG SCI, ZOOLOGY. A list of popular elective courses at this level taken by recent Pharmaceutical Sciences graduate students is maintained at <https://pharmacy.wisc.edu/programs/pharmsci/curriculum/electives> (<https://pharmacy.wisc.edu/programs/pharmsci/curriculum/electives/>).

Total Credits 51

1

Seminar is required every fall and spring semester during enrollment as a graduate student in the program.

2

Research credits are typically taken every semester in the program, beginning in the second semester. Credits will vary.

3

Research rotations in first semester of first year. At least one credit required.

To enhance a required core curriculum, an individualized course of study is planned with a faculty advisor. Faculty advisors have the option to require additional courses beyond the minimum requirements listed above.

POLICIES**GRADUATE SCHOOL POLICIES**

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES**PRIOR COURSEWORK****Graduate Work from Other Institutions**

With program approval, students are allowed to count no more than 15 credits of graduate coursework from other institutions (the student must have graduate student status on the other institution's transcript at the time the courses were taken). Coursework should be presented to the Pharmaceutical Sciences Director of Graduate Studies in the first semester of enrollment for consideration. Coursework earned ten years

or more prior to admission to a doctoral degree is not allowed to satisfy requirements.

UW–Madison Undergraduate

With approval of the Pharmaceutical Sciences Director of Graduate Studies, students are allowed to count no more than 7 credits of UW–Madison courses numbered 500 or above (earned as a UW–Madison undergraduate) toward the Ph.D. Coursework should be presented to the Pharmaceutical Sciences Director of Graduate Studies in the first semester of enrollment for consideration. Coursework earned ten years or more prior to admission to a doctoral degree is not allowed to satisfy requirements.

UW–Madison University Special

With program approval, students are allowed to count no more than 15 credits of coursework numbered 500 or above taken as a UW–Madison special student toward the Ph.D. Coursework should be presented to the Pharmaceutical Sciences Director of Graduate Studies in the first semester of enrollment for consideration. Coursework earned ten years or more prior to admission to a doctoral degree is not allowed to satisfy requirements.

PROBATION

This program follows the Graduate School's Probation policy. (<https://policy.wisc.edu/library/UW-1217/>)

ADVISOR / COMMITTEE

All students in the Ph.D. program are required to have a major professor/advisor through the duration of their studies. Typically a permanent advisor is found by the end of one's first semester.

All students are required to conduct an annual progress meeting with their thesis committee each year. The meeting should be completed by the end of August of each consecutive academic year. In years where the preliminary exam or the Ph.D. thesis defense are scheduled, these events may substitute for the annual progress meeting. For details on the annual progress report, see the PSD Student Handbook (<https://students.pharmacy.wisc.edu/pharmsci-handbook/>). For details on the composition requirements of the Ph.D. preliminary exam/thesis committee, see Thesis Committee (<https://students.pharmacy.wisc.edu/pharmsci-handbook/l-thesis-committee/>) in the PSD Student Handbook.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

It is expected that Ph.D. major course requirements will be completed by the end of year two in the program.

A candidate for a doctoral degree who fails to take the final oral examination and deposit the dissertation within five years after passing the preliminary examination may be required to take another preliminary examination and to be admitted to candidacy a second time.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)

- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeeedisabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Grievance Policy for Graduate Programs in the School of Pharmacy

Any student in a School of Pharmacy graduate program who feels that they have been treated unfairly by a faculty member, staff member, postdoc, or student has the right to have a complaint heard about the treatment and to receive a prompt hearing of the grievance, following these grievance procedures. Any student who discusses, inquires about, or participates in the grievance procedure may do so openly and shall not be subject to intimidation, discipline, or retaliation because of such activity. The person whom the complaint is directed against must be an employee of the School of Pharmacy. Any student or potential student may use these procedures unless the complaint is covered by other campus rules or contracts.

Exclusions

This policy does not apply to employment-related issues for Graduate Assistants in TA, PA and/or RA appointments. Graduate Assistants will utilize the Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/>) (GAPP) grievance process to resolve employment-related issues.

Requirements for Programs

The School of Pharmacy requires that each director of graduate studies (DGS) serve as a grievance advisor for the school. The program must notify students of the grievance advisors, including posting the grievance advisor's names in the program handbook. The student will be able to select the grievance advisor of the student's choice and does not need to use the grievance advisor from the student's program.

A grievance advisor may be approached for possible grievances of all types. They will spearhead the grievance response process described below for issues specific to the graduate program, including but not limited to academic standing, progress to degree, professional activities,

appropriate advising, and a program's community standards. They will ensure students are advised on reporting procedures for other types of possible grievances and are supported throughout the reporting process. Resources (<https://grad.wisc.edu/current-students/#reporting-incidents>) on identifying and reporting other issues have been compiled by the Graduate School.

Procedures

1. The student is advised to initiate a written record containing dates, times, persons, and description of activities, and to update this record while completing the procedures described below.
2. If the student is comfortable doing so, efforts should be made to resolve complaints informally between individuals before pursuing a formal grievance. If students would like to seek guidance at this informal step, the student can contact the Assistant Dean of Diversity, Equity, and Inclusion, the DGS for the student's program, or the UW Ombuds Office.
3. Should a satisfactory resolution not be achieved AND the complaint does not involve an academic program, the procedure outlined in Step 6 below should be followed. Should a satisfactory resolution not be achieved in step 2, the student should contact an SOP grievance advisor of one's choice to discuss the complaint. The grievance advisor should keep a record of contacts with regards to possible grievances. The first attempt is to help the student informally address the complaint prior to pursuing a formal grievance and should occur within 10 days of notifying the grievance advisor. The student is also encouraged to talk with their faculty advisor regarding concerns or difficulties.
4. If the issue is not resolved to the student's satisfaction, the student may submit a formal grievance to the grievance advisor in writing, within 60 calendar days from the date the grievant first became aware of, or should have become aware of with the exercise of reasonable diligence, the cause of the grievance. To the fullest extent possible, a grievance shall contain a clear and concise statement of the grievance and indicate the issue(s) involved including individuals, the relief sought, the date(s) the incident or violation took place, and any specific policy involved.
5. On receipt of a written grievance, the following steps will occur. The final step must be completed within 30 working days from the date the formal written grievance was received. The program must store documentation of the grievance for seven years. Significant grievances that set a precedent may be stored indefinitely.
 - a. The grievance advisor will convene a SOP faculty committee with at least 3 members to facilitate the grievance following step b, c, and d. The grievance advisor assumes the role of coordinator. Any faculty member involved in the grievance or who feels that they cannot be impartial may not participate in the committee. Committee composition will include at least one member from outside the student's home program.
 - b. The faculty committee, through the grievance advisor, will obtain a written response from the person or persons toward whom the grievance is directed. The grievance advisor will inform this person that their response will be shared with the student filing the grievance.
 - c. The grievance advisor will share the response with the student filing the grievance.
 - d. The faculty committee will make a decision regarding the grievance. The committee's review shall be fair, impartial, and timely. The grievance advisor will report on the action taken by the

committee in writing to both the student and the person toward whom the grievance was directed.

6. If either party (the student or the person or persons toward whom the grievance is directed) is unsatisfied with the decision of the program's faculty committee, the party may file a written appeal to the SOP Associate Dean for Research and Graduate Education within 10 working days from the date of notification of the program's faculty committee. The following steps will occur:
 - a. The grievant will be notified in writing, within 5 business days of the written appeal, acknowledging receipt of the formal appeal and establishing a timeline for the review to be completed.
 - b. The associate dean or their designee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the associate dean or their designee will meet with both the grievant and the person or persons toward whom the grievance is directed.
 - c. The associate dean or their designee will make a final decision within 20 working days of receipt of the committee's recommendation.
 - d. The SOP Associate Dean for Research and Graduate Education must store documentation of the grievance for seven years. Significant grievances that set a precedent may be stored indefinitely.
7. The student may file an appeal of the School of Pharmacy decision with the Graduate School. See the Grievances and Appeals section of the Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

OTHER

First-year students are typically offered fellowships and School of Pharmacy teaching assistantships in their initial two semesters. Funding as research assistants is assumed by the student's principal investigator/thesis advisor in the first summer. Subsequently (year 2 and beyond), students are funded by RA-ships, TA-ships and via other extramural funding (fellowship) support.

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

Professional development opportunities for Pharmaceutical Sciences graduate students include annual performance reviews by their respective thesis committee, providing feedback regarding each student's progress in coursework, research, and career development. Further, each student, beginning in one's second year, gives an annual seminar to one's research core (Drug Discovery, Drug Action, or Drug Delivery), providing an additional community of support and feedback. Moreover, the Pharmaceutical Sciences Seminar series (<https://pharmacy.wisc.edu/psd/seminars/>) welcomes numerous academic and industrial scientists throughout the year; students have regular opportunities to meet such leaders in small settings. The division's annual poster session brings the community together and is another forum for research interaction.

The UW-Madison student chapter of the American Association of Pharmaceutical Scientists (AAPS) (<https://win.wisc.edu/organization/aaps/>) is vibrant and active, providing a wide variety of career development "workshops" and discussion "roundtable" events with

scientists and faculty. AAPS also selects and hosts an annual industrial-based scientist as a speaker. Many students attend the Pharmaceutics Graduate Student Research Meeting (PGSRM) each summer, a graduate student-organized conference for graduate students across the upper Midwest. A parallel student-led medicinal chemistry-oriented conference (MIKI) is another annual opportunity.

There are a wide variety of opportunities for STEM-based graduate students to develop entrepreneurial and business skills. These include the Morgridge Entrepreneurial Bootcamp (<https://business.wisc.edu/entrepreneurship/morgridge-entrepreneurial-bootcamp/>), WiSolve Consulting Group (<https://www.wisolve.org/>), the graduate certificates (<https://wsb.wisc.edu/programs-degrees/certificates/>) in Entrepreneurship or Strategic Innovation, and many others, summarized by the School of Business' Insite Guide. (<https://apps.wsb.wisc.edu/insite-entrepreneurship-guide/>)

The program is committed to graduate students organizing an **all-day retreat every other summer**; such events typically involve career exploration and professional development themes. Informational interviews are organized with PhD alumni, either in person or via Skype, to help students understand various post-graduate opportunities. Graduate students who aspire to develop as instructors and future faculty can work with the School's Director of Graduate Studies for appropriate teaching assistant opportunities that will challenge them in this realm (complementing the ample campus resources for teaching/learning (<https://teachlearn.provost.wisc.edu/>)).

LEARNING OUTCOMES

1. Demonstrate critical knowledge and in-depth understanding of principles in the student's area of expertise.
2. Identify important research questions, formulate testable hypotheses, and design experiments to test those hypotheses.
3. Conduct original research that contributes to the student's field of study.
4. Communicate scientific knowledge and research results effectively to a range of audiences.
5. Apply ethical principles in conducting scientific research.

PEOPLE

A list of **Pharmaceutical Sciences graduate faculty** and their respective areas of research specialization is available from the division website (<https://pharmacy.wisc.edu/psd/faculty-research/>) and related links. The Pharmaceutical Sciences Graduate Program has educated generations of scientists for challenging positions in industry, academia, and government.

PHARMACY, M.S.

The pharmacy master's program is a **two-year, combined pharmacy administrative residency** (an ASHP Accredited (<https://accred.ashp.org/aps/pages/directory/residencyprogramsearch.aspx>) PGY-1 and PGY-2, hosted by the UW Health Department of Pharmacy) and **academic degree program**, which culminates in a M.S. degree, emphasizing health system pharmacy management and leadership. **Applicants must be eligible for licensure as a pharmacist in the State of Wisconsin at the point of beginning the program.** The

program is designed to provide the pharmacy resident/graduate student with a solid academic foundation and experience in the administration of exemplary pharmaceutical services across an integrated health system.

The primary objective of the program is to develop health system pharmacy administrators who are trained and prepared to immediately assume administrative leadership positions within large, integrated health care delivery systems at the level of managers and assistant directors, and eventually as directors of pharmacy. These positions include oversight of pharmacy operations, clinical programs, medication safety, new business development, supply chain, etc. Residents complete clinical and management rotations in the first year of the program, and advanced administrative and elective rotations in the second year (chosen from a variety of settings, as desired by the resident). The curriculum's flexibility allows for specialization in administrative areas that best complement the student's career goals. Resident activities are varied in scope, depending on each individual's background and areas of interest.

See the **detailed program overview** (including a description of rotations; program strengths; resident competency objectives; projects; presentation, teaching, and travel opportunities).

The UW Health Department of Pharmacy is a leader in the profession, and a leader within the University of Wisconsin Hospital & Clinics in the areas of technology assessment, new business development, information technology, patient safety, resource utilization and regulatory compliance. In 2006, this residency program proudly accepted the inaugural ASHP Foundation Pharmacy Residency Program Excellence Award for producing leaders across the profession.

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	April 1
Spring Deadline	This program does not admit in the spring.
Summer Deadline	This program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements (https://grad.wisc.edu/apply/requirements/#english-proficiency).
Other Test(s) (e.g., GMAT, MCAT)	n/a

Letters of Recommendation Required 0

This is a combined MS degree and post-graduate residency training program. Thus, two applications must be submitted. Applicants without a bachelor's degree may still be considered for admittance with an earned Doctor of Pharmacy or other professional graduate degree.

The first is through the standard Pharmacy Online Residency Centralized Application Service (PhORCAS). For additional details of this application process, see the area regarding "pharmacy administrative residency--applying to the program" on the UW Health website (<http://www.uwhealth.org/health-professionals/internships/pharmacy-administrative-residency/applying/31924/>). **Applications are due in early January; the exact date will be listed on the PhORCAS website.**

The second application is for the MS Pharmacy and is submitted to the UW Graduate School, with an application deadline of April 1. **Only those who are selected for the residency program through the PhORCAS application should apply for this program.**

The program begins in mid-June and M.S. coursework begins in early September.

Applications are not reviewed at any other time during the year.

Applicants to the M.S. program must be eligible for licensure as a pharmacist in Wisconsin due to the program's pharmacy residency requirements.

FUNDING

PHARMACY M.S. STIPEND/BENEFITS

Students received an annual stipend while participating in this program. Stipends are updated annually and commensurate with other pharmacy residency positions.

Each resident receives 144 hours of PTO (paid time off) annually, inclusive of vacation, holiday, and sick time. As employees of the School of Pharmacy, residents receive health, dental, and vision insurance benefits and full access to the University of Wisconsin-Madison's recreational, educational, and cultural facilities. Tuition costs and university "segregated fees" are paid for by the UW Health Department of Pharmacy. Funding is available for attendance at professional meetings.

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW–Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail	
Minimum Credit Requirement	36 credits
Minimum Residence Credit Requirement	36 credits
Minimum Graduate Coursework Requirement	18 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy (https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/)).
Overall Graduate GPA Requirement	3.00 GPA required. This program follows the Graduate School's GPA Requirement policy (https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/)).
Other Grade Requirements	Candidates may be dropped from the program if they receive more than 7 credits of grades at the BC level or lower. This applies to formal courses, seminars, and research credits.
Assessments and Examinations	A master's research project is required.

Language Requirements No additional language requirements.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Work from Other Institutions

No coursework taken outside of UW-Madison may be used to fulfill course requirements in the M.S. degree.

UW-Madison Undergraduate

No coursework taken as a UW-Madison undergraduate may be used to fulfill course requirements in the M.S. degree.

UW-Madison University Special

No coursework taken as a UW-Madison special student may be used to fulfill course requirements in the M.S. degree.

PROBATION

This program follows the Graduate School's Probation policy. (<https://policy.wisc.edu/library/UW-1217/>)

The UW Health Department of Pharmacy also has a disciplinary policy for its residents; contact the Department of Pharmacy for details.

ADVISOR / COMMITTEE

Students/residents are regularly reviewed by the UW Health Senior Director of Pharmacy, the HSPAL Residency Program Director, and program preceptors.

CREDITS PER TERM ALLOWED

15 credits; students must maintain a minimum of 8 credits per semester.

TIME LIMITS

This program follows the Graduate School's Time Limits policy. (<https://policy.wisc.edu/library/UW-1221/>)

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Grievance Policy for Graduate Programs in the School of Pharmacy

Any student in a School of Pharmacy graduate program who feels that they have been treated unfairly by a faculty member, staff member, postdoc, or student has the right to have a complaint heard about the treatment and to receive a prompt hearing of the grievance, following these grievance procedures. Any student who discusses, inquires about, or participates in the grievance procedure may do so openly and shall not be subject to intimidation, discipline, or retaliation because of such activity. The person whom the complaint is directed against must be an employee of the School of Pharmacy. Any student or potential student may use these procedures unless the complaint is covered by other campus rules or contracts.

Exclusions

This policy does not apply to employment-related issues for Graduate Assistants in TA, PA and/or RA appointments. Graduate Assistants will utilize the Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/>) (GAPP) grievance process to resolve employment-related issues.

Requirements for Programs

The School of Pharmacy requires that each director of graduate studies (DGS) serve as a grievance advisor for the school. The program must notify students of the grievance advisors, including posting the grievance advisor's names in the program handbook. The student will be able to select the grievance advisor of the student's choice and does not need to use the grievance advisor from the student's program.

A grievance advisor may be approached for possible grievances of all types. They will spearhead the grievance response process described below for issues specific to the graduate program, including but not limited to academic standing, progress to degree, professional activities, appropriate advising, and a program's community standards. They will ensure students are advised on reporting procedures for other types of possible grievances and are supported throughout the reporting process. Resources (<https://grad.wisc.edu/current-students/#reporting-incidents>) on identifying and reporting other issues have been compiled by the Graduate School.

Procedures

1. The student is advised to initiate a written record containing dates, times, persons, and description of activities, and to update this record while completing the procedures described below.
2. If the student is comfortable doing so, efforts should be made to resolve complaints informally between individuals before pursuing a formal grievance. If students would like to seek guidance at this informal step, the student can contact the Assistant Dean of Diversity, Equity, and Inclusion, the DGS for the student's program, or the UW Ombuds Office.
3. Should a satisfactory resolution not be achieved AND the complaint does not involve an academic program, the procedure outlined in Step 6 below should be followed. Should a satisfactory resolution not be achieved in step 2, the student should contact an SOP grievance advisor of one's choice to discuss the complaint. The grievance advisor should keep a record of contacts with regards to possible grievances. The first attempt is to help the student informally address the complaint prior to pursuing a formal grievance and should occur within 10 days of notifying the grievance advisor. The student is also encouraged to talk with their faculty advisor regarding concerns or difficulties.
4. If the issue is not resolved to the student's satisfaction, the student may submit a formal grievance to the grievance advisor in writing, within 60 calendar days from the date the grievant first became aware of, or should have become aware of with the exercise of reasonable diligence, the cause of the grievance. To the fullest extent possible, a grievance shall contain a clear and concise statement of the grievance and indicate the issue(s) involved including individuals, the relief sought, the date(s) the incident or violation took place, and any specific policy involved.
5. On receipt of a written grievance, the following steps will occur. The final step must be completed within 30 working days from the date the formal written grievance was received. The program must

store documentation of the grievance for seven years. Significant grievances that set a precedent may be stored indefinitely.

- a. The grievance advisor will convene a SOP faculty committee with at least 3 members to facilitate the grievance following step b, c, and d. The grievance advisor assumes the role of coordinator. Any faculty member involved in the grievance or who feels that they cannot be impartial may not participate in the committee. Committee composition will include at least one member from outside the student's home program.
 - b. The faculty committee, through the grievance advisor, will obtain a written response from the person or persons toward whom the grievance is directed. The grievance advisor will inform this person that their response will be shared with the student filing the grievance.
 - c. The grievance advisor will share the response with the student filing the grievance.
 - d. The faculty committee will make a decision regarding the grievance. The committee's review shall be fair, impartial, and timely. The grievance advisor will report on the action taken by the committee in writing to both the student and the person toward whom the grievance was directed.
6. If either party (the student or the person or persons toward whom the grievance is directed) is unsatisfied with the decision of the program's faculty committee, the party may file a written appeal to the SOP Associate Dean for Research and Graduate Education within 10 working days from the date of notification of the program's faculty committee. The following steps will occur:
 - a. The grievant will be notified in writing, within 5 business days of the written appeal, acknowledging receipt of the formal appeal and establishing a timeline for the review to be completed.
 - b. The associate dean or their designee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the associate dean or their designee will meet with both the grievant and the person or persons toward whom the grievance is directed.
 - c. The associate dean or their designee will make a final decision within 20 working days of receipt of the committee's recommendation.
 - d. The SOP Associate Dean for Research and Graduate Education must store documentation of the grievance for seven years. Significant grievances that set a precedent may be stored indefinitely.
 7. The student may file an appeal of the School of Pharmacy decision with the Graduate School. See the Grievances and Appeals section of the Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

PROGRAM RESOURCES

Professional development opportunities for residents/students include those in the following presentation, teaching, travel, and other categories:

Presentation Opportunities

- Weekly resident seminars
- Resident report presentations, educational presentations and in-services on clinical rotations
- Team and staff meeting leadership
- Leadership of monthly journal club discussions
- Nursing and pharmacy student orientation to pharmacy services
- Major projects are presented at the ASHP Midyear Clinical Meeting, Great Lakes Pharmacy Resident Conference, and Pharmacy Society of Wisconsin (PSW) Annual Meeting and Educational Conference

Teaching Opportunities

- Clinical Instructor status at the University of Wisconsin School of Pharmacy
- Lecturer and small group discussion leader for Drug Information class and participant in a Leadership Course led by our department within the UW School of Pharmacy
- Preceptorship of 4th year students on clinical rotation at UWHC
- Contribution to clinical faculty discussions with students
- Optional teaching certificate program for residents at area hospitals

Other Activities

- Weekly resident lunch seminars with hospital administrators to discuss administrative topics
- Patient and medication safety involvement
- Participation on various patient care committees
- Participation in resident community service projects
- Opportunities to interact with residents in the pharmacy practice, community practice, ambulatory, critical care, infectious disease, medication systems and operations, oncology, transplant, and specialty pharmacy residency programs
- Monthly coffees with the Senior Director of Pharmacy for UW Health

Travel

- ASHP Midyear Clinical Meeting
- Great Lakes Pharmacy Residents Conference
- Pharmacy Administrative Residency Exchange
- Site visits to other health systems and residency programs
- ASHP Leadership Conference
- Pharmacy Society of Wisconsin (PSW) Annual Meeting and Educational Conference

3. Displays knowledge and expertise in the development and coordination of medication use policy to standardize practice, provide optimal patient care, and impact the financial performance of the organization.
4. Demonstrates the ability to manage the supply chain, including inventory analysis, contract negotiation, purchasing, and drug shortage management.
5. Comprehends medication safety principles to ensure safe medication practices.
6. Effectively monitors the financial performance of the pharmacy department, including knowledge of budgeting concepts, reporting of variances, and revenue cycle optimization.
7. Understands the principles of human resource management, including recruitment, interviewing, hiring, performance management, discipline, and effective day-to-day supervision.
8. Demonstrates personal leadership qualities essential to operate effectively within a health system and advance the profession and practice of pharmacy.

PHILOSOPHY, DOCTORAL MINOR

REQUIREMENTS

Graduate students from other fields who wish to pursue a minor in philosophy should consult with the assistant to the chair of the department. Minor candidates are required to take a minimum of three courses in philosophy (<http://guide.wisc.edu/courses/philos/>) for a total of at least 9 credits. Normally, at least two of these courses, for at least 5 credits, must be taken in residence on campus. Most courses numbered

LEARNING OUTCOMES

1. Demonstrates the ability to design, implement, evaluate, optimize, and manage the medication use process using technology, automation, workflow design, application, and optimal skill mix.
2. Thoroughly understands the components of an integrated health system and the role of pharmacy across the continuum of care.

400 and above are open to minor candidates, as are graduate courses and seminars numbered 800 and above.

PEOPLE

Professors Brighthouse, Clatterbuck, Fletcher, Gibson, Goodrich, Gottlieb, Loets, Kelleher, Mackay, Masrou, Messina, Nadler, Roberts, Shafer-Landau, Shapiro, Sidelle, Southgate, Steinberg, Streiffer, Titelbaum, Vranas, Whittle, Zimmerman

PHILOSOPHY, M.A.

The Department of Philosophy offers work leading to the doctor of philosophy with a major in philosophy.

The M.A. is granted to Ph.D. program students when they pass their preliminary examinations and become a dissertator. When a student must leave the program early and is unable to complete a Ph.D., a terminal M.A. is granted upon satisfying the department's criteria for a master's degree.

The Ph.D. degree is awarded in recognition of a successfully completed program of advanced studies in philosophy, culminating in a dissertation which represents a contribution to philosophy or to philosophical scholarship.

The Ph.D. program falls into two major stages. The first consists of work that prepares the student for admission to candidacy for the Ph.D. degree. Studies during the first stage of the program are devoted to acquiring the philosophical skills and learning needed to do philosophy in the second stage when writing a successful dissertation.

The department offers five years of support to all incoming graduate students. Support begins with the first fall semester and continues for at least nine additional semesters, provided the student makes satisfactory academic progress and carries out duties acceptably as a graduate assistant.

The department assigns a faculty member as placement officer and devotes a significant portion of staff resources to help graduates find employment.

ADMISSIONS

This master's program is offered for work leading to the Ph.D. Students may not apply directly for the master's, and should instead see the admissions information for the Ph.D (p. 1599).

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

We offer five years of support to all incoming graduate students, beginning their first fall semester, and continuing for at least nine additional

semesters, provided the student makes satisfactory academic progress and carries out duties acceptably as graduate assistants. The support may vary from year to year between assistantships and lectureships.

NOTE TO INTERNATIONAL STUDENTS

Please be advised that all students who are not US citizens must prove that they have the financial means to live and study in the United States, before they are granted a visa. For an explanation of this policy, see International Applicant Financial Information (<https://grad.wisc.edu/international-students/#financialinformation>).

ADDITIONAL FINANCIAL AID

Citizens of the United States and permanent residents should contact Student Financial Services (<https://financialaid.wisc.edu/>) (phone: 608-262-3060) for more information on eligibility, how and when to apply, and types of aid.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW-Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail

Minimum	34 credits
Credit	
Requirement	

Minimum Residence Credit Requirement	21 credits taken in PHILOS seminars (courses numbered between 800 and 989).
Minimum Graduate Coursework Requirement	30 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy (https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/)).
Overall Graduate GPA Requirement	3.5 GPA required.
Other Grade Requirements	Philosophy requires a grade of B or better in all PHILOS seminars.
Assessments and Examinations	None for the master's degree.
Language Requirements	No language requirements. Students in the History of Philosophy area may find it important to take additional language courses in consultation with their advisor.

REQUIRED COURSES

Philosophy courses in our department are more or less divided into two categories: ethics, aesthetics, and social and political philosophy; and metaphysics, epistemology, logic, philosophy of language, philosophy of mind, or philosophy of science. Students are expected to take courses in both categories.

First year graduate students may not register for PHILOS 599 Directed Study, PHILOS 699 Directed Study, or PHILOS courses numbered 990-998. Note that no more than one course at the 400-600 level can count toward the credit hour requirements for the MA.

Code	Title	Credits
Proseminar Requirement		3
All students are expected to take the first year proseminar in their first semester in the program.		
PHILOS 902	Proseminar in Philosophy	
Teaching Seminar Requirement		1
Students must take this course during the first year of teaching.		
PHILOS 904	Teaching Philosophy	
Other Seminar Requirements		30
Students must also complete 10 seminars from the following:		
PHILOS 701	Reading Seminar ¹	
PHILOS 903	Seminar: Epistemology	
PHILOS 911	Seminar-Logic	
PHILOS 916	Seminar-Philosophy of Language	
PHILOS 920	Seminar-Philosophy of Science:Causation, Explanation & Probability	
PHILOS 941	Seminar-Ethics	
PHILOS 951	Seminar-Philosophy of Mind	
PHILOS 955	Seminar Social and Political Philosophy	
PHILOS 960	Metaphysics Seminar	

History of Philosophy Requirement

Within the 10 seminar requirement, students must complete 6 credits of History of Philosophy courses.

PHILOS/ CLASSICS 830	Advanced History of Philosophy
PHILOS 835	Advanced History of Philosophy

Logic Requirement

Students meet the logic requirement through one of four paths: 1) Take PHILOS 511 or PHILOS 512; 2) Take PHILOS 211 (does not count for credit for the MA), 3) using prior graduate coursework from another institution, or 4) Receiving an A on the final examination in PHILOS 211. Students who opt for the first path may count PHILOS 511 or PHILOS 512 toward the 10 seminar requirement.

Total Credits

34

1

No more than one 701 course can count toward the 34-credit-hour requirement for the M.A.

Each of the other listed seminars (except for the Proseminar and Teaching Seminar) meets with a concurrently offered PHILOS 701 Reading Seminar. Students who take PHILOS 701 in place of the other listed seminar attend all the seminar meetings and do the readings, but have a substantially lighter workload, determined by the professor before the beginning of the semester.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Work from Other Institutions

With program approval, students are allowed to count no more than 6 credits of graduate coursework taken as a graduate student from other institutions. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

UW-Madison Undergraduate

No credits from a UW-Madison undergraduate degree are allowed to count toward the degree.

UW-Madison University Special

With program approval, students are allowed to count no more than 9 credits of coursework numbered 500 or above taken as a UW-Madison Special student. Coursework earned five or more years prior to admission to a master's is not allowed to satisfy requirements.

PROBATION

Students who have four or more grades of "Incomplete" may not register for further work until these Incompletes have been removed. It is the policy of the philosophy department not to give Incompletes, except when

illness or events beyond the student's control prevent the completion of course work.

If a student who is not making satisfactory progress (a) has at any one time three or more incompletes that have been on the student's record for one semester or more, or (b) has not passed the dissertation prospectus examination by the end of the ninth semester of residency, or (c) has at any time a cumulative GPA of less than 3.5 in philosophy graduate seminars (those numbered 800 and above), then the student will be placed on probation; and if after two semesters there is still a deficiency, the student will be removed from the program.

No student while on probation is eligible for appointment as a TA, PA, or RA nor will that student be recommended by the department for a fellowship.

ADVISOR / COMMITTEE

Every graduate student is required to have an advisor. An advisor is a faculty member, or sometimes a committee, from the major department responsible for providing advice regarding graduate studies. Students can be suspended from the Graduate School if they do not have an advisor.

To ensure that students are making satisfactory progress toward a degree, the Graduate School expects students to meet with their advisor on a regular basis.

The assistant to the chair serves as the advisor for the first year or so. Students then select an advisor and, as coursework and other requirements are completed, a committee of faculty is selected by the student to serve as advisors.

CREDITS PER TERM ALLOWED

12 credits

TIME LIMITS

The program of study that you work out will be designed for completion, normally, by the end of the sixth or seventh semester of full-time graduate studies.

In order to make satisfactory academic progress, a student must attempt to complete the logic requirement by the end of his or her first year. If the student does not fulfill the requirement, then another attempt must be made in the third semester. If the student fails to satisfy the requirement again, another attempt must be made in the fourth semester. If the student fails to pass the requirement by the end of his or her fourth semester, then this will constitute failure to make satisfactory academic progress. Subject to instructor's willingness, a student may attempt to pass the requirement more than once in a semester.

All entering graduate students will participate in a proseminar in their first term in residence. All graduate students must take the Teaching Philosophy course during their first year of teaching.

A student who is normally enrolled and in residence in the PhD. program is making satisfactory progress unless that student:

- has not attempted to complete the logic requirement by the end of the first year in residence and continued to attempt to complete the logic requirement in each subsequent semester until completing this requirement, or
- has not completed the logic requirement by the end of the second year in residence, or

- has not satisfied the history of philosophy requirement by the end of the third year of residence, or
- as not become a dissertator by the end of the fourth year of residence, or
- has not passed the examination on the dissertation prospectus by (a) the end of the ninth semester in residence or (b) within one year after passing the prelim, whichever is later.

Moreover, failure to submit a passing prelim by the end of the seventh semester will result in dismissal from the program.

Master's degree students who have been absent for five or more consecutive years lose all credits that they have earned before their absence. Individual programs may count the coursework students completed prior to their absence for meeting program requirements; that coursework may not count toward Graduate School credit requirements.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

1. Expert ability to think critically about arguments.
2. Expert ability to interpret complex texts accurately and analyze them logically.
3. Ability to communicate very precisely and concisely in both writing and in speech.
4. In-depth familiarity with the history of Western philosophy and the major debates within that tradition.
5. Interpretative charity, and intellectual honesty, which includes appropriate attribution to others of their ideas, and recognition and frankness about the limitations of one's own ideas.

PEOPLE

Professors Brighthouse, Clatterbuck, Fletcher, Gibson, Goodrich, Gottlieb, Loets, Kelleher, Mackay, Masrour, Messina, Nadler, Roberts, Shafer-Landau, Shapiro, Sidelle, Southgate, Steinberg, Streiffer, Titelbaum, Vranas, Whittle, Zimmerman

PHILOSOPHY, PH.D.

The Department of Philosophy offers work leading to the doctor of philosophy with a major in philosophy.

The M.A. is granted to Ph.D. program students when they pass their preliminary examinations and become a dissertator. When a student must leave the program early and is unable to complete a Ph.D., a terminal M.A. is granted upon satisfying the department's criteria for a master's degree.

The Ph.D. degree is awarded in recognition of a successfully completed program of advanced studies in philosophy, culminating in a dissertation which represents a contribution to philosophy or to philosophical scholarship.

The Ph.D. program falls into two major stages. The first consists of work that prepares the student for admission to candidacy for the Ph.D. degree. Studies during the first stage of the program are devoted to acquiring the philosophical skills and learning needed to do philosophy in the second stage when writing a successful dissertation.

The department offers five years of support to all incoming graduate students. Support begins with the first fall semester and continues for at least nine additional semesters, provided the student makes satisfactory academic progress and carries out duties acceptably as a graduate assistant.

The department assigns a faculty member as placement officer and devotes a significant portion of staff resources to help graduates find employment.

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	January 5
Spring Deadline	The program does not admit in the spring.
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements (https://grad.wisc.edu/apply/requirements/#english-proficiency).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

For admission to the Ph.D. program with full graduate standing, a student must have completed the equivalent of a B.A. with a major in philosophy. Promising students who do not meet this requirement may be admitted with deficiencies provided that they have completed at least 12 credits in philosophy.

The deadline for applications is January 5. You must apply online by that date to be considered for admission.

The process begins with the application to the UW-Madison Graduate School (<https://apply.grad.wisc.edu/Account/Login/?ReturnUrl=%2f>).

Answer all required questions and be sure to submit the following:

1. Reasons for Study (also called Statement of Purpose)
2. Names of at least three professors and their email addresses for letters of recommendation
3. TOEFL or Melab scores if your native language is not English
4. Supplemental application (questionnaire about what philosophy courses you've already studied)
5. Writing sample (4,500–6,000 words recommended, which is 15–20 pages double-spaced, devoted to a philosophical subject)

GRE scores are not required and will not be looked at.

Every applicant whose native language is not English, or whose undergraduate instruction was not in English, must provide an English

proficiency test score. Please see the specific English proficiency requirements here (<https://grad.wisc.edu/admissions/requirements/>).

If you have questions about the process of applying, contact Miriam Fagan, graduate coordinator, uwmadisongradprogram@philosophy.wisc.edu or 608-263-5278.

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

We offer five years of support to all incoming graduate students, beginning their first fall semester, and continuing for at least 9 additional semesters, provided the student makes satisfactory academic progress and carries out duties acceptably as graduate assistants. The support you receive may vary from year to year between assistantships and lectureships.

NOTE TO INTERNATIONAL STUDENTS

Please be advised that all students who are not U.S. citizens must prove that they have the financial means to live and study in the United States, before they are granted a visa. For an explanation of this policy, see International Applicant Financial Information (<https://grad.wisc.edu/international-students/#financialinformation>).

ADDITIONAL FINANCIAL AID

Citizens of the United States and permanent residents should contact Student Financial Services (<https://financialaid.wisc.edu/>) (phone: 608-262-3060) for more information on eligibility, how and when to apply, and types of aid.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business

schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW–Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail

Minimum Credit Requirement	51 credits
Minimum Residence Credit Requirement	32 credits; 27 credits must be taken in PHILOS coursework
Minimum Graduate Coursework Requirement	At least 48 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy (https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/)).
Overall Graduate GPA Requirement	3.5 GPA required.
Other Grade Requirements	Philosophy requires a grade of B or better in all PHILOS seminars.
Assessments and Examinations	Students are required to: satisfy the preliminary exam requirement; satisfy the prospectus requirement; and satisfy the thesis and oral defense requirements.
Language Requirements	No language requirements. Students in the History of Philosophy area may find it important to take additional language courses in consultation with their advisor.
Breadth Requirement	All doctoral students are required to complete a minor or Graduate/Professional certificate. A minor composed only of Philosophy courses is possible (Option B); completion of such a minor requires that a student takes at least three courses, numbered 500 or above, including two graduate seminars, all of which fall outside their major area of specialization.

REQUIRED COURSES

Students must complete the requirements for the Philosophy M.A. (p. 1596) In addition to those requirements, students must adhere to the following:

Code	Title	Credits
PHILOS 701	Reading Seminar ¹	3
Earn the remainder of the credits by taking directed research or thesis-prep courses (e.g., PHILOS 990 Research and Thesis).		

1

PhD students must complete an additional 800-900 level seminar or take PHILOS 701 Reading Seminar a second time (in addition to the first taken as an MA student).

Each of the other listed seminars on the MA Requirements (<https://guide.wisc.edu/graduate/philosophy/philosophy-ma/#requirementstext>) (except for the Proseminar and Teaching Seminar) meets with a concurrently offered PHILOS 701 Reading Seminar Reading Seminar. Students who take PHILOS 701 in place of the other listed seminar attend all the seminar meetings and do the readings, but have a substantially lighter workload, determined by the professor before the beginning of the semester.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Work from Other Institutions

With program approval, students are allowed to count no more than 6 credits of graduate coursework taken as a graduate student from other institutions. Coursework earned ten or more years prior to admission to a doctoral degree is not allowed to satisfy requirements.

UW-Madison Undergraduate

No credits from a UW-Madison undergraduate degree are allowed to count toward the degree.

UW-Madison University Special

With program approval, students are allowed to count no more than 9 credits of coursework numbered 500 or above taken as a UW-Madison Special student. Coursework earned ten or more years prior to admission to a doctoral degree is not allowed to satisfy requirements.

PROBATION

Students who have four or more grades of "Incomplete" may not register for further work until these Incompletes have been removed. It is the policy of the philosophy department not to give Incompletes, except when illness or events beyond the student's control prevent the completion of course work.

If a student who is not making satisfactory progress (a) has at any one time three or more incompletes that have been on the student's record for one semester or more, or (b) has not passed the dissertation prospectus examination by the end of the ninth semester of residency, or (c) has at any time a cumulative GPA of less than 3.5 in philosophy graduate seminars (those numbered 800 and above), then the student will be placed on probation; and if after two semesters there is still a deficiency, the student will be removed from the program.

No student while on probation is eligible for appointment as a TA, PA, or RA nor will that student be recommended by the department for a fellowship.

ADVISOR / COMMITTEE

Every graduate student is required to have an advisor. An advisor is a faculty member, or sometimes a committee, from the major department responsible for providing advice regarding graduate studies. Students can be suspended from the Graduate School if they do not have an advisor.

To ensure that students are making satisfactory progress toward a degree, the Graduate School expects students to meet with their advisor on a regular basis.

The Assistant to the Chair serves as the advisor for the first year or so. Students then select an advisor and, as coursework and other requirements are completed, a committee of faculty is selected by the student to serve as advisors. The primary advisor serves as the dissertation chair. The dissertation committee members (typically 3 faculty from the Department of Philosophy) serve as readers.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

The program of study that you work out will be designed for completion, normally, by the end of the sixth or seventh semester of full-time graduate studies.

In order to make satisfactory academic progress, a student must attempt to complete the logic requirement by the end of his or her first year. If the student does not fulfill the requirement, then another attempt must be made in the third semester. If the student fails to satisfy the requirement again, another attempt must be made in the fourth semester. If the student fails to pass the requirement by the end of his or her fourth semester, then this will constitute failure to make satisfactory academic progress. Subject to instructor's willingness, a student may attempt to pass the requirement more than once in a semester.

All entering graduate students will participate in a proseminar in their first term in residence. All graduate students must take the Teaching Philosophy course during their first year of teaching.

A student who is normally enrolled and in residence in the PhD. program is making satisfactory progress unless that student:

- has not attempted to complete the logic requirement by the end of the first year in residence and continued to attempt to complete the logic requirement in each subsequent semester until completing this requirement, or
- has not completed the logic requirement by the end of the second year in residence, or
- has not satisfied the history of philosophy requirement by the end of the third year of residence, or
- as not become a dissertator by the end of the fourth year of residence, or
- has not passed the examination on the dissertation prospectus by (a) the end of the ninth semester in residence or (b) within one year after passing the prelim, whichever is later.

Moreover, failure to submit a passing prelim by the end of the seventh semester will result in dismissal from the program.

Doctoral degree students who have been absent for ten or more consecutive years lose all credits that they have earned before their absence. Individual programs may count the coursework students completed prior to their absence for meeting program requirements; that coursework may not count toward Graduate School credit requirements.

PHYSICS, DOCTORAL MINOR

REQUIREMENTS

The minor requirement in physics for non-physics students is 9 credits numbered above 300, each passed with a grade of B or better. The program must be approved by the Director of Graduate Studies (DGS) before it is completed.

PHYSICS, M.A.

DEPARTMENT OVERVIEW

The Department of Physics has a strong tradition of graduate study and research in astrophysics; atomic, molecular, and optical physics; condensed matter physics; high energy and particle physics; plasma physics; quantum computing; and string theory. There are many facilities for carrying out world-class research (<https://www.physics.wisc.edu/research/areas/>). We have a large professional staff: 45 full-time faculty (<https://www.physics.wisc.edu/people/staff/>) members, affiliated faculty members holding joint appointments with other departments, senior scientists, and postdocs. There are over 175 graduate students in the department who come from many countries around the world. More complete information on the graduate program, the faculty, and research groups is available at the department website (<http://www.physics.wisc.edu>).

Research specialties include:

THEORETICAL PHYSICS

Astrophysics; atomic, molecular, and optical physics; condensed matter physics; cosmology; elementary particle physics; nuclear physics; phenomenology; plasmas and fusion; quantum computing; statistical and thermal physics; string theory.

EXPERIMENTAL PHYSICS

Astrophysics; atomic, molecular, and optical physics; biophysics; condensed matter physics; cosmology; elementary particle physics; neutrino physics; experimental studies of superconductors; medical physics; nuclear physics; plasma physics; quantum computing; spectroscopy.

M.A. DEGREE DETAILS

The master of arts degree is a purely academic degree, requiring graduate course work and passage of the qualifying examination at the master's level. It is designed to strengthen the student's physics background and enhance the opportunities for employment as a physicist or in physics education.

ADMISSIONS

This master's program is offered for work leading to the Ph.D. Students may not apply directly for the master's, and should instead see the admissions information for the Ph.D. (p. 1614)

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and processes related to funding.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW–Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail

Minimum
Credit
Requirement

Minimum
Residence
Credit
Requirement

Minimum Graduate Coursework Requirement Half of degree coursework (15 credits out of 30 total credits) must be completed graduate-level coursework; courses with the Graduate Level Coursework attribute are identified and searchable in the university's Course Guide (<https://registrar.wisc.edu/course-guide> (<https://registrar.wisc.edu/course-guide/>)). No 300-level courses will be counted toward the 30 credit minimum.

Overall Graduate GPA Requirement 3.00 GPA required.

Other Grade Requirements The Graduate School requires an average grade of B or better in all coursework (300 or above, not including research credits) taken as a graduate student unless conditions for probationary status require higher grades. Grades of Incomplete are considered to be unsatisfactory if they are not removed during the next enrolled semester.

Assessments and Examinations All master of arts degree candidates must pass the qualifying examination at the master's level.

Language Requirements Contact the program for information on any language requirements.

REQUIRED COURSES

All graduate degree candidates are required to take five core courses:

Code	Title	Credits
Required Core		
PHYSICS 711	Theoretical Physics–Dynamics	3
PHYSICS 715	Statistical Mechanics	3
PHYSICS 721	Theoretical Physics–Electrodynamics	3
PHYSICS 731	Quantum Mechanics	3
PHYSICS 732	Quantum Mechanics	3

The remaining 15 credits may be earned through a combination of coursework, directed study, and research, to be determined by the advisor in consultation with the student.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES PRIOR COURSEWORK

Graduate Work from Other Institutions

Prior coursework from other institutions may count toward any graduate degree in physics as allowed by the Graduate School policy on prior coursework.

UW–Madison Undergraduate

Up to 7 credits in courses numbered 500 or above may be used to satisfy minimum degree requirements.

UW–Madison University Special

With program approval and payment of difference in tuition (between Special and graduate tuition), students are allowed to count no more than 15 credits of coursework numbered 500 or above taken as a UW–Madison University Special student. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

PROBATION

Grade of B or better in all coursework and a minimum cumulative graduate GPA of 3.0 are required.

ADVISOR / COMMITTEE

The director of graduate studies (DGS) serves as the academic advisor to all master of arts degree candidates. The DGS will meet regularly with the Master's candidate to monitor progress toward the degree.

CREDITS PER TERM ALLOWED

15 credits

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

PROGRAM RESOURCES

Students are encouraged to attend Graduate School sponsored Professional Development events and participate in Graduate School Professional Development resources, such as the Individual Development Plan (IDP).

LEARNING OUTCOMES

1. Mastery of the core physical concepts (classical mechanics, electricity and magnetism, quantum mechanics, and statistical mechanics).
2. Articulates, critiques, or elaborates the theories, research methods, and approaches to inquiry or schools of practice in physics.
3. Evaluates or synthesizes information pertaining to questions or challenges in physics.
4. Gains rudimentary awareness of physics research execution.
5. Communicates clearly in ways appropriate to the field of physics.

PEOPLE

FACULTY

More complete information on the graduate program, the faculty, and research groups is available at the department website (<http://www.physics.wisc.edu>).

Research specialties include:

THEORETICAL PHYSICS

Astrophysics; atomic, molecular, and optical physics; condensed matter physics; cosmology; elementary particle physics; nuclear physics; phenomenology; plasmas and fusion; quantum computing; statistical and thermal physics; string theory.

EXPERIMENTAL PHYSICS

Astrophysics; atomic, molecular, and optical physics; biophysics; condensed matter physics; cosmology; elementary particle physics; neutrino physics; experimental studies of superconductors; medical physics; nuclear physics; plasma physics; quantum computing; spectroscopy.

M.S. DEGREES

The department offers the master science degree in physics, with two named options: Research and Quantum Computing. The M.S. Physics-Research option (p. 1611) is non-admitting, meaning it is only available to students pursuing their Ph.D. The M.S. Physics-Quantum Computing option (p. 1608) (MSPQC Program) is a professional master's program in an accelerated format designed to be completed in one calendar year.

ADMISSIONS

Students apply to the Master of Science in Physics through the named option or the Ph.D.:

- Quantum Computing (<https://guide.wisc.edu/graduate/physics/physics-ms/physics-quantum-computing-ms/>)
- The Research (p. 1611) named option is offered for work leading to the Ph.D. Students may not apply directly for the master's, and should instead see the admissions information for the Ph.D. (p. 1614)

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and processes related to funding.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS CURRICULAR REQUIREMENTS

Requirement Detail

Minimum Credit Requirement

30 credits

Minimum Residence Credit Requirement

See Named Options for policy information.

Minimum Graduate Coursework Requirement

15 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy (<https://policy.wisc.edu/library/UW-1244> (<https://policy.wisc.edu/library/UW-1244/>)).

Overall Graduate GPA Requirement

3.00 GPA required.

Graduate GPA Requirement

This program follows the Graduate School's GPA Requirement policy (<https://policy.wisc.edu/library/UW-1203> (<https://policy.wisc.edu/library/UW-1203/>)).

PHYSICS: QUANTUM COMPUTING, M.S.

This is a named option in the Physics M.S. (<http://guide.wisc.edu/graduate/physics/physics-ms/>)

The M.S. in Physics–Quantum Computing (MSPQC) is an intensive professional master's degree designed to provide flexibility to students. It can be completed in one calendar year (3 Semesters) or it can take up to 6 Semesters on a part-time basis. The program provides students with a thorough grounding in the discipline of quantum information and quantum computing. It begins with a study of the relevant parts of quantum theory, and proceeds to quantum gates, measurements, algorithms, quantum error correction and decoherence. Quantum communication theory and the secure transmission of information are also covered. The supporting areas of statistical mechanics, solid-state physics and atomic physics form part of the classroom training. Just as important, the program gives students a mastery of advanced lab skills involved in quantum computation and participation in mentored research projects is required.

Students who graduate from this program will have the tools to succeed as researchers or program managers in a quantum computing or quantum technologies enterprise. They may also use the program as a springboard to Ph.D. programs in physics or related areas. MSPQC students interested in applying to the Ph.D. at UW–Madison must adhere to all Ph.D. admission requirements and deadlines.

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	March 15
Spring Deadline	The program does not admit in the spring.
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	GRE General Test not required. GRE Physics Subject Test not required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements (https://grad.wisc.edu/apply/requirements/#english-proficiency).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

Apply at <https://grad.wisc.edu/>. The application deadline for M.S. Quantum Computing program is in the table above.

For more details about the M.S. in Physics–Quantum Computing, please visit the FAQ page.

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM INFORMATION

Students enrolled in this program are not eligible to receive tuition remission from graduate assistantship appointments at this institution.

REQUIREMENTS

PHYSICS: RESEARCH, M.S.

This is a named option within the Physics M.S (p. 1606). The master of science research degree program in physics requires the completion of a directed master's project and thesis in the student's area of interest, 30 credits of graduate work (including the core course requirements), and passage of the qualifying examination at the master's level. It is designed to strengthen the student's background and experience in physics, and enhance the opportunities for employment as a physicist or in physics education.

The research program in physics is unusually broad in scope with active experimental and theoretical research programs in astrophysics; atomic, molecular, and optical physics; biophysics; condensed matter physics; elementary particle physics; nuclear physics; particle physics theory; phenomenology; and plasma physics. This broad range of research opportunities makes the department especially attractive to beginning students who have not yet chosen a field of specialization.

Research specialties include:

THEORETICAL PHYSICS

Astrophysics; atomic, molecular, and optical physics; condensed matter physics; cosmology; elementary particle physics; nuclear physics; phenomenology; plasmas and fusion; quantum computing; statistical and thermal physics; string theory.

EXPERIMENTAL PHYSICS

Astrophysics; atomic, molecular, and optical physics; biophysics; condensed matter physics; cosmology; elementary particle physics;

neutrino physics; experimental studies of superconductors; medical physics; nuclear physics; plasma physics; quantum computing; spectroscopy.

ADMISSIONS

The M.S.-Research option is offered for work leading to the Ph.D. Students may not apply directly for the master's, and should instead see the admissions information for the Ph.D (<https://guide.wisc.edu/graduate/physics/physics-phd/>). (<https://guide.wisc.edu/graduate/physics/physics-phd/#admissionstext>)

Students may also apply to the M.S. named option in Quantum Computing. (<https://guide.wisc.edu/graduate/physics/physics-ms/physics-quantum-computing-ms/>)

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

NAMED OPTION REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW-Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail	
Minimum Credit Requirement	30 credits
Minimum Residence Credit Requirement	30 credits
Minimum Graduate Coursework Requirement	Half of degree coursework (15 credits out of 30 total credits) must be completed graduate-level coursework; courses with the Graduate Level Coursework attribute are identified and searchable in the university's Course Guide (https://registrar.wisc.edu/course-guide (https://registrar.wisc.edu/course-guide/)). No 300-level courses will be counted toward the 30 credit minimum.
Overall Graduate GPA Requirement	3.00 GPA required.
Other Grade Requirements	The Graduate School requires an average grade of B or better in all coursework (300 or above, not including research credits) taken as a graduate student unless conditions for probationary status require higher grades. Grades of Incomplete are considered to be unsatisfactory if they are not removed during the next enrolled semester.
Assessments and Examinations	All master of science degree candidates must pass the qualifying examination at the master's level. Master of science degree candidates must write a master's thesis and defend that thesis in a seminar.
Language Requirements	Contact the program for information on any language requirements.

REQUIRED COURSES

All graduate degree candidates are required to take five core courses:

Code	Title	Credits
PHYSICS 711	Theoretical Physics-Dynamics	3
PHYSICS 715	Statistical Mechanics	3
PHYSICS 721	Theoretical Physics-Electrodynamics	3
PHYSICS 731	Quantum Mechanics	3
PHYSICS 732	Quantum Mechanics	3

The remaining 15 credits may be earned through a combination of research and coursework, to be determined by the advisor in consultation with the student.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

NAMED OPTION-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Work from Other Institutions

Prior coursework from other institution may count toward any graduate degree in physics as allowed by the Graduate School policy on prior coursework.

UW-Madison Undergraduate

Up to 7 credits in courses numbered 500 or above may be used to satisfy minimum degree requirements.

UW-Madison University Special

With program approval and payment of difference in tuition (between Special and graduate tuition), students are allowed to count no more than 15 credits of coursework numbered 500 or above taken as a UW-Madison University Special student. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

PROBATION

Grade of B or better in all coursework and a minimum cumulative graduate GPA of 3.0 are required.

ADVISOR / COMMITTEE

All students are assigned a temporary advisor upon matriculation. The responsibility to acquire (choose and be accepted by) a major professor (permanent advisor) is entirely with the student. Acceptance for M.S. research by a professor depends on the professor's appraisal of the student's potential for research and on the ability of the professor to accept a student at that time. Usually the major professor will be able to offer support in the form of a research assistantship, but this is not always the case, and occasionally a student may need to work as a teaching assistant while performing thesis research.

Graduate students should begin research work as early as possible. Students are encouraged to acquire a major professor (advisor) and begin research by the end of the second semester. Students who do not acquire a research advisor and begin research by the end of their third semester may be dropped from the program.

All M.S. candidates are required to write a master's thesis and present their research in a seminar. All master's theses must be approved a committee comprised of the student's advisor and two other members, at least one additional faculty member.

CREDITS PER TERM ALLOWED

15 credits

TIME CONSTRAINTS

physicist in research or education. All admitted Ph.D. students typically receive financial support in the form of teaching or research assistantships and fellowships.

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 15
Spring Deadline	This program does not admit in the spring.
Summer Deadline	This program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required but may be considered if available.*
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements (https://grad.wisc.edu/apply/requirements/#english-proficiency).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

*The Department of Physics does not require the subject GRE for admission. However, if students submit the score, the admissions committee will review it as part of the application. The general GRE will not be considered even if submitted.

The subject GRE is recommended in these circumstances:

- If your transcript does not accurately reflect your academic strengths
- If including the score would significantly strengthen your application
- If you are particularly interested in pursuing Physics Theory as a research focus

Admission is competitive. All applicants are reviewed and evaluated on the basis of previous academic record, three letters of recommendation, statement of purpose for graduate studies, and resume. The Graduate Record Exam (GRE) subject scores will be considered if submitted. All eligible applicants with complete files are considered for teaching or research assistantships and fellowships. To be considered for admission, students must submit all application materials via the Graduate School electronic application site (<https://www.gradsch.wisc.edu/eapp/eapp.pl>) by December 15.

PHYSICS, PH.D.

DEPARTMENT OVERVIEW

The Department of Physics has a strong tradition of graduate study and research in astrophysics; atomic, molecular, and optical physics; condensed matter physics; high energy and particle physics; plasma physics; quantum computing; and string theory. There are many facilities for carrying out world-class research (<https://www.physics.wisc.edu/research/areas/>). We have a large professional staff: 45 full-time faculty (<https://www.physics.wisc.edu/people/faculty/>) members, affiliated faculty members holding joint appointments with other departments, scientists, senior scientists, and postdocs. There are over 175 graduate students in the department who come from many countries around the world. More complete information on the graduate program, the faculty, and research groups is available at the department website (<http://www.physics.wisc.edu>).

Research specialties include:

THEORETICAL PHYSICS

Astrophysics; atomic, molecular, and optical physics; condensed matter physics; cosmology; elementary particle physics; nuclear physics; phenomenology; plasmas and fusion; quantum computing; statistical and thermal physics; string theory.

EXPERIMENTAL PHYSICS

Astrophysics; atomic, molecular, and optical physics; biophysics; condensed matter physics; cosmology; elementary particle physics; neutrino physics; experimental studies of superconductors; medical physics; nuclear physics; plasma physics; quantum computing; spectroscopy.

PH.D. DEGREE DETAILS

The Ph.D. degree requires successful completion of advanced course work in physics (required core coursework), completion of a minor, and passage of the qualifying and preliminary examinations. However, the Ph.D. is primarily a research degree, awarded only upon completion of substantial original research. This broad range of research opportunities makes the department especially attractive to beginning students who have not yet chosen a field of specialization. The program provides the background, experience, and credentials needed for employment as a professional

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

FINANCIAL SUPPORT FOR PHD STUDENTS IN PHYSICS

All admitted Ph.D. students are provided with a guarantee of financial support. Typically, a graduate student is first appointed as a teaching assistant. Teaching assistants assist faculty members in the introductory physics courses, generally by teaching discussion and laboratory sections. Later, as a research assistant, the student works with a major professor on a mutually agreed research program. Tuition is remitted for teaching assistant and research assistant appointments greater than one-third time or greater. However, all students must still pay the segregated fees and any additional university fees each semester.

Teaching Assistantships

The typical first appointment for a beginning graduate student is a teaching assistantship (TA). A teaching assistantship is both a teaching position and a means of support for graduate study. It is normally advantageous for a graduate student to hold a TA position for at least a semester during graduate studies, since the teaching activity solidifies and deepens the teaching assistant's undergraduate education in physics and also helps prepare for a possible career in teaching.

Research Assistantships

Research assistantships are made available by individual professors to students who have decided on their field of research. Most departmental RA appointments are made for an annual (12 months) period. Students who wish to be considered for an RA appointment should contact the faculty (<https://www.physics.wisc.edu/people/faculty/>) directly.

Fellowships

Fellowships, including University Fellowships and Advanced Opportunity Fellowships, are awarded by the College of Letters & Science and the Graduate School upon recommendation of the Department of Physics. In addition, the department may have additional fellowships—funded by endowments from physics department alumni—available for first-year graduate students.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW–Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail	
Minimum Credit Requirement	51 credits
Minimum Residence Credit Requirement	51 credits
Minimum Graduate Coursework Requirement	26 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) Requirement Policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/)
Overall Graduate GPA Requirement	3.00 GPA required. This program follows the Graduate School's policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	Must have a grade of B or better in all coursework.
Assessments and Examinations	Physics doctoral students are required to pass the qualifying examination at the Ph.D. level by the end of their fourth semester. Students are also required to take a comprehensive preliminary/oral examination. It is recommended that this is completed by the end of the fifth semester. All Incomplete and Progress grades (other than research and thesis) must be cleared from the student's record prior to taking the preliminary examination. A final oral defense and deposit of the doctoral dissertation in the Graduate School is required.

Language Contact the program for information on any language Requirements requirements.

Graduate School All doctoral students are required to complete a doctoral minor or graduate/professional certificate.

Breadth Requirements

REQUIRED COURSES

All graduate degree candidates are required to take five core courses:

Code	Title	Credits
Required Core		
PHYSICS 711	Theoretical Physics-Dynamics	3
PHYSICS 715	Statistical Mechanics	3
PHYSICS 721	Theoretical Physics-Electrodynamics	3
PHYSICS 731	Quantum Mechanics	3
PHYSICS 732	Quantum Mechanics	3
<i>Also required</i>		
PHYSICS 701	Graduate Introductory Seminars	1

Each core course must be repeated until a grade of at least a B is earned.

All Physics courses meeting degree requirements must be numbered 500 and above.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Work from Other Institutions

This program follows the Graduate School's policy for Satisfying Requirements with Prior Graduate Coursework from Other Institutions. (<https://policy.wisc.edu/library/UW-1216/>)

UW-Madison Undergraduate

Up to 7 credits in courses numbered 500 or above may be used to satisfy minimum degree requirements.

UW-Madison University Special

With program approval, students are allowed to count no more than 15 credits of coursework numbered 500 or above taken as a UW-Madison University Special student. Coursework earned five or more years prior to admission to a doctoral degree is not allowed to satisfy requirements.

PROBATION

This program follows the Graduate School's Probation policy. (<https://policy.wisc.edu/library/UW-1217/>)

ADVISOR / COMMITTEE

All incoming students are assigned a faculty mentoring committee upon matriculation. The responsibility to acquire (choose and be accepted by) a major professor (permanent advisor) is entirely with the student. Acceptance for Ph.D. research by a professor depends on the professor's appraisal of the student's potential for research and on the ability/willingness of the professor to accept a student at that time. Often the major professor will offer support in the form of a research assistantship, but this is not always possible, and students may need to work as a teaching assistants while performing thesis research.

Graduate students should begin research work as early as possible. Students are encouraged to acquire a major professor (advisor) and begin research by the end of the second semester. Summer is the ideal time to begin research unencumbered by coursework or teaching.

At the time of the preliminary examination, the major professor and at least two additional faculty members will form a committee that will evaluate and advise the student.

At the time of the final oral defense, a the major professor and at least two additional faculty members will form a committee that will evaluate the student. All Ph.D. Committee members will serve as readers of the student's thesis.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

Doctoral degree students who have been absent for ten or more consecutive years lose all credits that they have earned before their absence. Individual programs may count the coursework students completed prior to their absence for meeting program requirements; that coursework may not count toward Graduate School credit requirements.

A candidate for a doctoral degree who fails to take the final oral examination and deposit the dissertation within five years after passing the preliminary examination may by require to take another preliminary examination and to be admitted to candidacy a second time.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeeabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)

- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

OTHER

Typical funding is through 50% assistantships. Typically all enrolled Ph.D. students are funded for the duration of their degree. All programs are full-time and require full-time student enrollment during fall and spring terms.

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

PROGRAM RESOURCES

Students are encouraged to attend Graduate School sponsored Professional Development events and participate in Graduate School Professional Development resources, such as the Individual Development Plan (IDP).

In addition, Ph.D. students in Physics have multiple opportunities for professional development throughout their graduate careers. As an integral part of the research experience, students regularly work at places such as CERN, national laboratories (Argonne, FermiLab), and the IceCube Neutrino observatory at the South Pole to name a few.

Students are encouraged to travel to relevant conferences across the U.S. and around the world. Students regularly attend the annual American Physical Society (APS) March Meeting and are encouraged to attend APS meetings in their sub-field throughout the year. Often students attend summer schools at various host institutions to expand their knowledge and to interact with fellow scientists in the field.

LEARNING OUTCOMES

1. Demonstrate mastery of the core physical concepts (Classical Mechanics, Electricity & Magnetism, Quantum Mechanics, and Statistical Mechanics).
2. Evaluates or synthesizes information pertaining to questions or challenges in physics.
3. Engages appropriately and communicates clearly with other research professionals in physics.

4. Formulates and plans original research.
5. Creates research, scholarship, or performance that makes a substantive contribution to the field of physics.
6. Gains a broad awareness of the status of contemporary research beyond the student's area of specialization.

PEOPLE

FACULTY

PLANNING AND LANDSCAPE ARCHITECTURE

DEGREES/MAJORS, DOCTORAL MINORS, GRADUATE PROFESSIONAL/CERTIFICATES

- Landscape Architecture, Doctoral Minor (p. 1618)
- Landscape Architecture, M.S. (p. 1618)
- Urban and Regional Planning, Doctoral Minor (p. 1621)
- Urban and Regional Planning, M.S. (p. 1622)
- Urban and Regional Planning, Ph.D. (p. 1626)

PEOPLE

<https://dpla.wisc.edu/facstaff/faculty> (<https://dpla.wisc.edu/facstaff/faculty/>)

LANDSCAPE ARCHITECTURE, DOCTORAL MINOR

Students enrolled in other doctoral programs may pursue a doctoral minor in Landscape Architecture. Students with interest in gaining training in restoration ecology and ecological design, community and urban landscape studies, food and agriculture, natural resource management, cultural and environmental stewardship, human health and well-being, and community development to supplement their primary disciplinary program may consider an Option A minor in Landscape Architecture.

REQUIREMENTS

Graduate students who wish to pursue a doctoral minor in Landscape Architecture must have a Landscape Architecture faculty member serve as the minor professor on their research committees (oral preliminary exam committee and final exam committee).

Courses are chosen in conjunction with the minor professor and the committee to provide relevant breadth in the student's training. A student may earn a doctoral minor in Landscape Architecture with 9 graduate-level credits in Landscape Architecture. The proposed course plan to satisfy Option A minor must be approved by the minor professor.

PEOPLE

<https://dpla.wisc.edu/facstaff/faculty> (<https://dpla.wisc.edu/facstaff/faculty/>)

LANDSCAPE ARCHITECTURE, M.S.

The study of landscape architecture investigates how designers, planners, and restoration and preservation specialists create, conserve, and manage built and natural spaces and outdoor-indoor relationships to support thriving human cultures and communities, and ensure the survival of Earth's complex natural systems. We engage the sciences, arts, and humanities to respond to current issues in cultural, environmental, and natural systems stewardship and management; human health and well-being; and community development.

The MSLA degree offers course work providing an understanding of the scholarship and theories which underlie landscape design, preservation, restoration, and management.

Students then use this information to engage in interdisciplinary scholarships in urban, rural, or natural settings, by writing a thesis that contributes to the scholarly foundation of the field of landscape architecture and/or provides information to practitioners engaged in landscape decision-making and stewardship. **Our MSLA is not an MLA, which is a professional degree that prepares students to become landscape architects. In contrast, the MSLA, by pushing the boundaries of specialty areas within landscape architecture, prepares students for a host of professions in the private and public sectors.**

We currently specialize in two areas: **1) Restoration Ecology and Ecological Design**, and **2) Community-Focused Design**. We welcome applicants with or without previous training in landscape architecture or related design fields. Graduates move into positions in public agencies and private firms specializing in biological/cultural/historical landscape conservation, ecological restoration, and/or community design and planning. Many also enter Ph.D. programs in related fields to continue working in research and education, or in planning, policy, and environmental law.

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	February 1*
Spring Deadline	October 1
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements (https://grad.wisc.edu/apply/requirements/#english-proficiency).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

* Applications accepted on a rolling basis; the Admissions Committee begin review February 1 for fall semester.

A bachelor's degree is required of all prospective candidates. The department's Graduate Program Committee screens applicants on the basis of university transcripts for all previous work, three letters of recommendation, samples of creative work or writing, and a letter of intent describing how the student's graduate educational needs can be fulfilled by this program. Every applicant whose native language is not English, or whose undergraduate instruction was not in English, must provide official scores from the Test of English as a Foreign Language (TOEFL). Scores are also acceptable from the Michigan English Language Assessment Battery (MELAB) or the International English Language Testing System (IELTS).

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Financial support for graduate students is available through research and teaching assistantships, and competitive Graduate School and departmental fellowships. Most teaching assistantships are awarded to students who already have professional landscape architectural design training and experience.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW-Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail	
Minimum Credit Requirement	36 credits
Minimum Residence Credit Requirement	16 credits
Minimum Graduate Coursework Requirement	18 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy (https://policy.wisc.edu/library/UW-1244).
Overall Graduate GPA Requirement	3.00 GPA required. Graduate School policy: https://policy.wisc.edu/library/UW-1203

Other Grade Requirements No other grade requirements.

Assessments and Examinations Students must demonstrate their competency in the theories, methods, applications, and ethics of their chosen specialty within the multidisciplinary field of landscape architecture through the writing and defense of a thesis.

Language Requirements None.

REQUIRED COURSES

Students pursue either a concentration in *community-focused design* or *restoration ecology and ecological design*. All students in the M.S. in Landscape Architecture program complete a common core, while additional courses within their concentration are chosen in consultation with their advisor and advisory committee.

Graduate Core (All Students Take)

Code	Title	Credits
LAND ARC 710	Theories of Landscape Change	2
LAND ARC 720	Critical Inquiry into Landscape Design Expression	2
LAND ARC 740	Research in Landscape Architecture ¹	3
LAND ARC 940	Graduate Seminar ²	1
LAND ARC 940	Graduate Seminar ²	1
LAND ARC 940	Graduate Seminar ²	1
LAND ARC 990	Research	6
An additional two courses within a focus area that are selected by the student and their advisory committee.		6
Supporting courses 300 level and above, including independent studies, to bring the total minimum to at least 36 credits.		14+
Total Credits		36

1

May substitute a different course in Research Methods if approved by the student's advisor.

2

Taken over three semesters for 1 credit each time.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Work from Other Institutions

With program approval, students are allowed to count no more than 9 credits of graduate coursework from other institutions. Coursework earned

five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

UW–Madison Undergraduate

No credits from a UW–Madison undergraduate degree are allowed to count toward the graduate degree.

UW–Madison University Special

With program approval, students are allowed to count no more than 15 credits of coursework numbered 300 or above taken as a UW–Madison Special student. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

PROBATION

This program follows the Graduate School's Probation policy (<https://policy.wisc.edu/library/UW-1217/>).

ADVISOR / COMMITTEE

During the course of your graduate program, you will work closely with a Major Professor and a Faculty Advisory Committee. They will offer advice and assistance as you work your way through the program and help you to successfully achieve the two degree requirements listed above. Details can be found in the Graduate Program Handbook (link in Contact Information).

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

This program follows the Graduate School's Time Limits policy (<https://policy.wisc.edu/library/UW-1221/>).

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeeabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)

- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

OTHER

n/a

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

1. Engage critically with the scholarship and theory of landscape architecture.
2. Demonstrate advanced critical thinking and the ability to explore ideas in depth and synthesize information with a high degree of competence.
3. Demonstrate an advanced understanding of landscape spaces, functions, and dynamics, as well as interactions between people and the built and natural environment.
4. Demonstrate a deep understanding of and the ability to critically evaluate the principles, theories, technical skills and recent research findings specific to at least one of the program's focus areas: Restoration Ecology and Ecological Design; and Community-Focused Design.
5. Design and conduct original research, and communicate the results to scholars as well as to practitioners engaged in landscape decision-making and stewardship.
6. Describe and apply principles of ethical and professional conduct.

PEOPLE

<https://dpla.wisc.edu/facstaff/faculty> (<https://dpla.wisc.edu/facstaff/faculty/>)

URBAN AND REGIONAL PLANNING, DOCTORAL MINOR

ADMISSIONS

The minor in the Urban and Regional Planning PhD Program shall consist of nine (9) credits of coursework taken in the department (http://guide.wisc.edu/courses/urb_r_pl/).

The student, in consultation with the Department's minor advisor (the PhD Program Committee Chair unless otherwise designated), shall select the nine (9) credits. To the extent possible, the student shall select a set of courses which give them a breadth of understanding of the theory and methods of the field of urban and regional planning, and which provide some depth in an area of urban and regional planning concentration. Students must consult with a member of the faculty on the selection of these courses and secure a note of endorsement (e.g., an email message) for their course selection for the faculty member or the chair of the PhD program committee.

The student shall execute a minor agreement (on a form to be provided by the PhD Program Committee) specifying the courses which the student will take.

REQUIREMENTS

The minor in the urban and regional planning shall consist of 9 credits of coursework taken in the department (http://guide.wisc.edu/courses/urb_r_pl/).

Courses shall be taken with those faculty who have some percent of budgeted appointment in the department (so-called core faculty).

Courses taken shall be at the 600 level and above, excluding URB R PL 699 Directed Study, and no more than 3 credits of URB R PL 999 Independent Work.

The student, in consultation with the department's minor advisor (the Ph.D. program committee chair unless otherwise designated), shall select the 9 credits. To the extent possible, the student shall select a set of courses which give the student a breadth of understanding of the theory and methods of the field of urban and regional planning, and which provide some depth in an area of urban and regional planning concentration. Students must consult with a member of the faculty on the selection of these courses and secure a note of endorsement (e.g., an email message) for their course selection for the faculty member or the chair of the PhD program committee.

The student shall execute a minor agreement (on a form to be provided by the Ph.D. program committee) specifying the courses that the student will take. On completion of all the agreed-upon courses, the student's warrant will be signed by the chair of the Ph.D. program committee.

A 3.5 grade point average shall be required for minor certification. If a student does not achieve this GPA in the 9 credits the student identifies, the student may, in consultation with the minor advisor, select additional courses, so that the student completes 9 credits where the average GPA is 3.5.

The Ph.D. program committee shall review the merits of individual requests for the application of credits from other institutions toward a minor in the urban and regional planning. The total number of credits that may be accepted in this manner will not exceed 3.

PEOPLE

<https://dpla.wisc.edu/facstaff/faculty> (<https://dpla.wisc.edu/facstaff/faculty/>)

URBAN AND REGIONAL PLANNING, M.S.

The Department of Planning and Landscape Architecture (DPLA) offers an accredited Master of Science (M.S.) degree in Urban and Regional Planning. The degree trains students in the knowledge, theories, and skills to be leaders in their communities by making positive change through informed and reflective action. Our department centers the values of sustainability, equity and justice, and works with communities to address many of the complex challenges involving space and place that are critical to the planning profession.

The M.S. URPL degree is intended to prepare graduates for professional planning careers in government, nonprofit and community organizations, and the private sector, and to work at a variety of scales including rural and urban communities. The program normally requires two academic years of full-time work plus an internship. In addition to the M.S. program, the department offers a Ph.D. program.

DPLA seeks students with high academic qualifications and the potential to become qualified professional planners. Since there are relatively few undergraduate planning programs in the country, students come into the field from a wide range of disciplines. In recent years, planning students have generally come from the social sciences with geography, economics, political science, and sociology among the most common undergraduate backgrounds. The range, however, runs from the arts to the sciences reflecting the multi-disciplinary character of our field.

DPLA is committed to establishing and maintaining a supportive climate of inclusion, diversity, and collegiality through our actions and policies. We envision a department in which all individuals are engaged in a vibrant learning community, where ideas, experiences, and perspectives are supported, nurtured, and developed to their highest levels. We value diversity, which we define to include race or ethnicity; sex; gender and gender identity or expression; marital status; age; sexual orientation; country of origin; language; disability; socio-economic status; and affiliations that are based on cultural, political, religious, or other identities.

Although DPLA stresses the development of general skills and mental attitudes that are common to all planning endeavors, students are required to specialize in an area of planning that is of interest to the student, such as housing, land use, food systems, environmental planning, regional economic development, transportation, public health, or urban design, among other possibilities.

The objectives of the professional M.S. degree are to:

1. Prepare students to engage in planning processes that recognize a complex, pluralistic and equitable democratic society. Students develop the capacity to work with diverse publics, across government agencies, and in private and nonprofit sectors. Planning processes include the identification of objectives, design of possible courses of action, and evaluation of alternatives.
2. Convey a set of planning literacies to enable students to perform effectively as planners in public, private or nonprofit sectors. These literacies include knowledge in the following areas:
 - Structure and function of cities and regions
 - History and theory of planning processes and practices
 - Administrative, legal, and political aspects of plan-making
 - Public involvement and dispute resolution techniques
3. Prepare students with the substantive knowledge foundation and tools, methods, and techniques of planning associated with an area of specialization.
 - Research design and data analysis techniques
 - Written, oral, and graphic communication skills
 - Ethics of professional practice
 - Collaborative approaches to problem solving

Details on administrative requirements for the degree are available in the MS URPL Handbook (<https://dpla.wisc.edu/academics/handbooks/>).

The M.S. program equips students with sufficient understanding of and training in the principal tools, methods, and techniques of planning to enable them to perform effectively as junior staff members from the start of their careers. UW–Madison’s program in planning emphasizes concepts, perspectives, and practices that promise to be useful not only upon graduation, but even more so in later years for graduates who reach positions of major influence and responsibility. We train our graduates to be leaders of equitable change through urban and regional planning.

ADMISSIONS

Please consult the table below for key information about this degree program’s admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program’s website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	February 1*
Spring Deadline	October 15
Summer Deadline	This program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements (https://grad.wisc.edu/apply/requirements/#english-proficiency).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

* Applications submitted past the deadline will be considered on a rolling admissions basis as space allows.

Application for admission to the department consists of the following materials: the online application, PDF of all undergraduate and graduate transcripts, statement of purpose (applicants should submit a thoughtful,

reflective one- or two-page statement discussing reasons for going into planning; applicants with an interest in a particular concentration should discuss this; applicants with planning or planning-related experience should include this), and three references from people familiar with the applicant's academic and/or professional work.

The success of international students enrolled in the program depends heavily on a good working knowledge of English. Prospective applicants who do not feel comfortable using the English language are strongly urged to consider further language study before applying for admission.

All applicants are required to have an introductory-level course in statistics. This requirement may be met by taking an introductory course, for no graduate credit, during the student's first semester of study.

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW-Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail	
Minimum Credit Requirement	46 credits
Minimum Residence Credit Requirement	24 credits
Minimum Graduate Coursework Requirement	23 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy (https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/)).
Overall Graduate GPA Requirement	3.00 GPA required. This program follows the Graduate School's GPA Requirement policy (https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/)).

Other Grade Requirements In addition to Graduate School requirements, the Department of Urban and Regional Planning requires that all core courses and all courses in a student's area of specialization (other than research credits) be taken on a graded (i.e., not satisfactory/unsatisfactory basis.)

In all core courses and all courses in a student's area of specialization, a minimum grade of BC is considered satisfactory. Grades of C or below in core and specialization courses may not be counted toward degree requirements, but are still counted in the cumulative GPA. If a student receives a grade of C or below in a department required core course, the student must retake the course and achieve a satisfactory grade.

In elective courses, a grade of C or above is considered satisfactory.

Any course in which a student receives a grade of D or F may not be used to satisfy any department graduation requirements. However, these courses will still be counted in the cumulative GPA.

Assessments and Examinations	Students must complete either a thesis or a professional project. See details in the handbook.
Language Requirements	No language requirements.

REQUIRED COURSES

Total Credits		46

1

Students may enroll in up to 2 credits of URB R PL 999 Independent Work concurrent with work on their final professional project.

Urban and Regional Planning and Public Affairs or International Public Affairs (M.S. IN URPL/MPA or MIPA)

The Department of Planning and Landscape Architecture and the La Follette School of Public Affairs offer a double degree Master of Science in Urban and Regional Planning and either a Master of Public Affairs or Master of International Public Affairs. Students completing the double degree must follow the double degree plan. The Department of Planning and Landscape Architecture requires **46** credits for the Master of Science in Urban and Regional Planning. The La Follette School requires **42** credits for the Master of Public Affairs/Master of International Public Affairs. Per UW-Madison Graduate School policy, an overlap of 25% of credits is permitted (**11** credits can count toward both degrees). Students can graduate with both degrees by completing **77** credits in three years.

Graduate coordinators for both programs have sample curricular plans that they will share with prospective or current students to assist with successful completion of all degree requirements.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Work from Other Institutions

A maximum of 22 credits are allowed from Planning Accreditation Board-accredited coursework taken at other institutions. In all other fields, 25% of credits completed up to a maximum of 11 transfer credits are allowed. Special conditions for applying prior coursework may be found in the Graduate Program Handbook (link in Contact Information).

UW-Madison Undergraduate

Any course taken as part of an undergraduate degree (whether required or optional) may not be applied.

UW-Madison University Special

The MS URPL Program Committee will not accept more than 12 credits of prior coursework taken as a UW-Madison University Special student. The Committee does not necessarily guarantee that all credits (up to 12) taken as a Special student will be applied. All accepted courses must have a grade of B or better. The decision as to what prior coursework may be applied will be made by the Committee on the recommendation of the student's advisor, and must be based on information indicating that the courses for which credit is given fit logically into the student's overall program.

PROBATION

This program follows the Graduate School's Probation policy. (<https://policy.wisc.edu/library/UW-1217/>)

ADVISOR / COMMITTEE

Student should meet regularly with the advisor to plan academic career. The advisor is required to approve and sign the plan of study form, which is then submitted to the graduate coordinator prior to the student being allowed to graduate. This program follows the Graduate School's Advisor policy (<https://policy.wisc.edu/library/UW-1232/>)

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

The master's program takes two full years of study.

Other Time Limits for the program follow the Graduate School Time Limits policy (<https://policy.wisc.edu/library/UW-1221/>).

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employedisabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

OTHER

The MS URPL Program Committee will help students look for funding for their graduate study, though the program cannot guarantee funding. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information is available from the Graduate School and from the MS URPL Program Committee. Be sure to check with your program for individual policies and restrictions related to funding.

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

1. (General Planning Knowledge) Comprehension, representation, and use of ideas and information in the planning field, including appropriate perspectives from history, social science, and the design professions.
2. (Purpose and Meaning of Planning) Appreciation of why planning is undertaken by communities, cities, regions, and nations, and the impact planning is expected to have.
3. (Planning Theory) Appreciation of the behaviors and structures available to bring about sound planning outcomes.
4. (Planning Law) Appreciation of the legal and institutional contexts within which planning occurs.
5. (Human Settlements and History of Planning) Understanding of the growth and development of places over time and across space.
6. (The Future) Understanding of the relationships between past, present, and future in planning domains, as well as the potential for methods of design, analysis, and intervention to influence the future.
7. (Global Dimensions of Planning) Appreciation of interactions, flows of people and materials, cultures, and differing approaches to planning across world regions.
8. (Planning Skills) Use and application of knowledge to perform specific tasks required in the practice of planning.
9. (Research) Tools for assembling and analyzing ideas and information from prior practice and scholarship, and from primary and secondary sources.
10. (Written, Oral, and Graphic Communication) Ability to prepare clear, accurate and compelling text, graphics and maps for use in documents and presentations.
11. (Quantitative and Qualitative Methods) Data collection, analysis and modeling tools for forecasting, policy analysis, and design of projects and plans.
12. (Plan Creation and Implementation) Integrative tools useful for sound plan formulation, adoption, and implementation and enforcement.
13. (Planning Process Methods) Tools for stakeholder involvement, community engagement, and working with diverse communities.
14. (Leadership) Tools for attention, formation, strategic decision-making, team building, and organizational/community motivation.
15. (Values and Ethics) Values inform ethical and normative principles used to guide planning in a democratic society. The program shall appropriately incorporate issues of diversity and social justice into all required courses of the curriculum, including:
16. (Professional Ethics and Responsibility) Appreciation of key issues of planning ethics and related questions of the ethics of public decision-making, research, and client representation (including principles of the AICP Code of Ethics and other related principles, as appropriate).
17. (Governance and Participation) Appreciation of the roles of officials, stakeholders, and community members in planned change.
18. (Sustainability and Environmental Quality) Appreciation of natural resource and pollution control factors in planning, and understanding of how to create sustainable futures.
19. (Growth and Development) Appreciation of economic, social, and cultural factors in urban and regional growth and change.
20. (Values and Ethics) Values inform ethical and normative principles used to guide planning in a democratic society. The program shall appropriately incorporate issues of diversity and social justice into all required courses of the curriculum, including:

21. (Professional Ethics and Responsibility) Appreciation of key issues of planning ethics and related questions of the ethics of public decision-making, research, and client representation (including principles of the AICP Code of Ethics and other related principles, as appropriate).
22. (Governance and Participation) Appreciation of the roles of officials, stakeholders, and community members in planned change.
23. (Sustainability and Environmental Quality) Appreciation of natural resource and pollution control factors in planning, and understanding of how to create sustainable futures.
24. (Growth and Development) Appreciation of economic, social, and cultural factors in urban and regional growth and change.

PEOPLE

<https://dpla.wisc.edu/facstaff/faculty> (<https://dpla.wisc.edu/facstaff/faculty/>)

ACCREDITATION

ACCREDITATION

Planning Accreditation Board (<http://www.planningaccreditationboard.org/>)

Accreditation status: Accredited through December 31, 2027.

CERTIFICATION/LICENSURE

CERTIFICATION/LICENSURE

American Institute of Certified Planners (AICP) (<https://www.planning.org/certification/>)

PROFESSIONAL CERTIFICATION/LICENSURE DISCLOSURE (NC-SARA)

The United States Department of Education requires institutions that provide distance education to disclose information for programs leading to professional certification or licensure about whether each program meets state educational requirements for initial licensure or certification. Following is this disclosure information for this program:

The requirements of this program meet Certification/Licensure in the following states:

Wisconsin

The requirements of this program do not meet Certification/Licensure in the following states: The requirements of this program have not been determined if they meet Certification/Licensure in the following states:

Alabama, Alaska, Arizona, Arkansas, California, Colorado, Connecticut, Delaware, Florida, Georgia, Hawaii, Idaho, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Michigan, Minnesota, Mississippi, Missouri, Montana, Nebraska, Nevada, New Hampshire, New Jersey, New Mexico, New York, North Carolina, North Dakota, Ohio, Oklahoma, Oregon, Pennsylvania, Rhode Island, South Carolina, South Dakota, Tennessee, Texas, Utah, Vermont, Virginia, Washington, West Virginia, Wyoming; District of Columbia; American Samoa, Guam, Northern Mariana Islands, Puerto Rico, U.S. Virgin Islands

URBAN AND REGIONAL PLANNING, PH.D.

The Ph.D. is open to a limited number of quality students who intend to teach, or do research in a university, in an independent research agency, or in large planning organizations.

Generally, students spend two years of full-time coursework before being advanced to candidacy, and an additional one to two years in preparation and defense of a dissertation. Details on administrative requirements for the degree are available in the PhD URPL Handbook (<https://dpla.wisc.edu/academics/handbooks/>).

Although the department stresses the development of general skills and mental attitudes that are common to all planning endeavors, students are required to specialize in an area of planning that is of interest to the student.

The department seeks students with high academic qualifications and the potential to become qualified professional planners. The department is especially interested in women and minority applicants. Since there are relatively few undergraduate planning programs in the country, students come into the field from a wide range of disciplines. In recent years, planning students have generally come from the social sciences, with geography, economics, political science, and sociology the most common undergraduate backgrounds. The range, however, runs from the arts to the sciences.

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	February 1*
Spring Deadline	October 15*
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements (https://grad.wisc.edu/apply/requirements/#english-proficiency).
Other Test(s) (e.g., GMAT, MCAT)	n/a

Letters of Recommendation Required 3

*

Applications submitted past the deadline will be considered on a rolling admissions basis as space allows.

Application for admission to the department consists of the following materials: the online application, official transcripts of all undergraduate and graduate work, statement of purpose (applicants should submit a thoughtful, reflective one- or two-page statement discussing reasons for going into planning; applicants with an interest in a particular concentration should discuss this; applicants with planning or planning-related experience should include this), and three references from people familiar with the applicant's academic and/or professional work.

Besides the general requirements for admission to the M.S. program (p. 1622), there are two additional requirements unique to the Ph.D. program. First, applicants to the Ph.D. program are expected to have a master's degree in planning or a related field. Second, because planning is a practice-oriented field, applicants are expected to have completed at least one year of full-time experience as a professional planner. The Ph.D. program is flexible and is intended to appeal to individuals from diverse academic backgrounds. Therefore, it is possible to be admitted without having met the professional practice requirements. Deficiencies may be made up once a student is in the program.

A student must have an URPL academic sponsor in order to be admitted into the Ph.D. program. Before final admission decisions are made, student applications are circulated among the faculty. Only when a faculty member agrees to serve as an academic sponsor for an admissible candidate is a final admission decision made. The sponsor is the student's academic advisor, and it is expected that the sponsor will become the chair of the student's Ph.D. committee.

In reviewing applications, the department gives extra weight to planning-related work, such as Peace Corps or professional planning experience. The department also considers graduate coursework, even if it is in another field. If students have such experience, it should be stressed in the application.

The success of international students enrolled in the program depends heavily on a good working knowledge of English. Prospective applicants who do not feel comfortable using the English language are strongly urged to consider further language study before applying for admission. Prospective students whose native language is not English must also provide evidence of English language proficiency. A TOEFL score of 600 (paper-based) or above typically indicates an ability to successfully meet the written and spoken communication requirements of graduate level courses, the department's preliminary examinations, and the dissertation.

All applicants are required to have an introductory-level course in statistics. This requirement may be met by taking an introductory course, for no graduate credit, during the student's first semester of study.

Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

The PhD URPL Program Committee will help students look for funding for their graduate study, though the program cannot guarantee funding. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information is available from the Graduate School and from the PhD URPL Program Committee. Be sure to check with your program for individual policies and restrictions related to funding.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW-Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail	
Minimum Credit Requirement	51 credits
Minimum Residence Credit Requirement	32 credits
Minimum Graduate Coursework Requirement	26 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy (https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/)).

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School.

Overall	3.00 GPA required.
Graduate GPA Requirement	This program follows the Graduate School's GPA Requirement policy (https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/)).
Other Grade Requirements	The minimum average GPA in courses satisfying the Structure and Processes of Cities and Regions requirement shall be 3.5. If a student does not achieve this GPA in the three courses s/he identifies, they may continue to take courses (within the general departmental Ph.D. program policies of how long a student may be a pre-dissertator) from the list provided until they have three courses where their average GPA is 3.5.
Assessments and Examinations	The department administers three preliminary field examinations. The purpose of the preliminary examinations is to satisfy the department that the student is knowledgeable about the central theoretical and methodological perspectives common to the field of planning, and has sufficient knowledge about the design and conduct of research to undertake the dissertation.
Language Requirements	No language requirements.
Breadth Requirement	All doctoral students are required to complete a doctoral minor or a Graduate/Professional certificate. If choosing a doctoral minor, Option A requires a minimum of 9 credits in a single department/major field of study. Selection of this option requires the approval of the minor department under the guidelines of that department and on forms developed for that purpose by the selected department. Option B requires a minimum of 9 credits in one or more departments and can include coursework in URPL. Selection of this option requires the approval of the department's Ph.D. program committee. Forms for the filing of Option B minors are available from the Ph.D. program committee. Ph.D. students and their advisers are responsible for filing copies of executed minor agreements with the Ph.D. program committee. The minor field requirement must be satisfied prior to filing the warrant for the preliminary examination.

REQUIRED COURSES

All doctoral students are required to complete 9 credits on the structure and processes of cities and regions. These courses shall cover the nature of urban and regional development processes over time and the impact of urban and regional development on the social, economic, environmental, institutional, and physical structure of cities and regions. They should also cover the response of federal, state and local governments to the issues and problems generated by such development and the planner's role in developing public policy and programs to deal with those problems and issues.

Courses satisfying the requirement for this component of doctoral studies must be approved by the student's Ph.D. advisor and then by the Ph.D. program committee, and shall be recorded on a form provided by the committee.

The remainder of the required credits to reach a minimum of 51 typically are made up of research credits (990).

Coursework Satisfying Requirement for Structure and Processes of Cities and Regions

Code	Title	Credits

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Work from Other Institutions

Requests for prior coursework to be applied to credit requirements should be submitted to the Ph.D. Committee for evaluation. The committee may approve up to a maximum of 18 credits of prior coursework toward program requirements. No graduate work taken at other institutions counts toward the program's minimum graduate credit requirement.

UW–Madison Undergraduate

No credits from any undergraduate degree may be applied toward the Ph.D. program.

UW–Madison University Special

A maximum of 15 credits may be applied from the UW–Madison University Special career; requests for prior coursework to be applied to credit requirements should be submitted to the Ph.D. committee for evaluation.

PROBATION

A semester GPA below 3.0 will result in the student being placed on academic probation. If a semester GPA of 3.0 is not attained during the subsequent semester of full time enrollment (or 12 credits of enrollment if enrolled part-time) the student may be dismissed from the program or allowed to continue for 1 additional semester based on advisor appeal to the Graduate School.

ADVISOR / COMMITTEE

All students are required to conduct a yearly progress report meeting with their thesis committee after passing the preliminary examination.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

All courses for the Structure and Processes of Cities and Regions requirement must be taken and successfully completed within the doctoral student's first five semesters (i.e., two and one-half academic years) in the Ph.D. program. This coursework requirement must be met before the student is advanced to candidacy (awarded dissertator, ABD status).

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeeabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)

- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

OTHER

The PhD URPL Program Committee will help students look for funding for their graduate study, though the program cannot guarantee funding. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information is available from the Graduate School and from the PhD URPL Program Committee. Be sure to check with your program for individual policies and restrictions related to funding.

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

1. Acquire and demonstrate knowledge about the professional field of planning, as exemplified in the accreditation guidelines for the master's program in urban and regional planning and the Planning Accreditation Board. These include knowledge about: the purpose and meaning of planning, planning history, planning theory, planning law, the structure and function of cities and regions, and global dimensions of planning. Students demonstrate this knowledge through entrance requirements (a master's degree in planning or acceptable cognate field), through completion of coursework, and through completion of preliminary examinations in planning theory, planning methods, and planning specialization.
2. Acquire and demonstrate knowledge about the role and use of planning theories in both practice and research, including the historical development of planning theory, major theoretical approaches within planning, and the application of theories from other disciplines as applied to planning. Students demonstrate this knowledge through coursework and completion of a planning theory preliminary examination.
3. Acquire and demonstrate knowledge of social science research methods, including research design, data collection, and quantitative and qualitative methods used in planning research. Students demonstrate knowledge through completion of graduate coursework in research methods and through completion of a research design and methods preliminary examination.
4. Acquire and demonstrate knowledge of a substantive research and practice field within planning. Students demonstrate specialized knowledge in one of the major fields within planning through completion of coursework and through a research-specialization preliminary examination.

5. Acquire and demonstrate skills in conducting academic research and scholarly inquiry in the field of urban and regional planning, including ability to summarize and critique extant research, ability to develop a research proposal, skills in seeking funding, skills in completion of research projects, and skills in written and oral presentation of research findings.
6. Acquire and demonstrate specialized skills in research for their chosen major field within planning. This will include skills in particular research methods and data analysis specific to their chosen field within planning.
7. Acquire and demonstrate general knowledge about planning suitable to teaching master's-level planning students in accredited programs. Students will acquire and demonstrate specific knowledge about their chosen field of specialization within planning.
8. Acquire and/or demonstrate competence and experience in the professional practice of planning. Students demonstrate this skill through the requirement of previous professional work experience within the field of planning.
9. Acquire and demonstrate knowledge of planning values and planning ethics, as exemplified in the accreditation guidelines for the master's program in urban and regional planning and the Planning Accreditation Board. This would also include awareness of rules of ethical professional conduct as exemplified in the Code of Ethics of the American Institute of Certified Planners.
10. Demonstrate and be held to the highest standards of academic citation and attribution in all their coursework and published work.
11. Demonstrate understanding of professional conduct through required professional work experience in planning.
12. Be given opportunities for training and experience in classroom teaching, presentation of research at academic conferences, and development of research proposals for funding agencies.
13. Demonstrate ethics and values consistent with the "Wisconsin brand" of urban and regional planning, which includes participation, transparency in governance, environmental protection and social justice.

PLANT PATHOLOGY, DOCTORAL MINOR

ADMISSIONS

All Graduate School students must utilize the Graduate Student Portal in MyUW to add, change, or discontinue any doctoral minor or graduate/professional certificate. To apply to this minor or certificate, log in to MyUW, click on Graduate Student Portal, and then click on Add/Change Programs. Select the information for the doctoral minor or graduate/professional certificate for which you are applying.

Please see the Department of Entomology's Handbook and Forms page (linked in contact box) for additional information. Minor requirements will be discussed and agreed upon in your initial committee meeting.

REQUIREMENTS

Doctoral candidates in other majors seeking a doctoral minor in plant pathology must complete a minimum of 9 graduate-level course credits in plant pathology (a minimum of 8 at UW-Madison) including PL PATH 300 Introduction to Plant Pathology and no more than 2 credits of independent study or PL PATH 923 Seminar, while enrolled in a graduate program, and have a plant pathology faculty member serve as the minor professor on their research committees (oral preliminary exam committee and final exam committee).

Additional information can be found on the department's handbooks and forms webpage (<https://plantpath.wisc.edu/graduate-study-overview/handbooks-forms/#ms-and-phd-curriculum-for-students-who-started-fall-2014-or-there-after>).

PROFESSIONAL DEVELOPMENT

Students in the Department of Plant Pathology are strongly encouraged to participate in events through the Plant Pathology Graduate Council. (<http://labs.russell.wisc.edu/ppgc/>)

PLANT PATHOLOGY, M.S.

The discipline of plant pathology is directed toward understanding and solving disease problems of plants. The field is broad and complex, integrating disciplines as varied as molecular biology, genetics, cell biology, organismal biology, population and community ecology, meteorology, statistics, computer science, chemistry, and physics. Plant pathology encompasses basic and applied research, employs both model systems and economically important plants, and requires both laboratory and field experimentation. Active research programs in the department encompass this full spectrum of questions and approaches, including research on virology, nematology, fungal genetics, tissue culture, soil microbiology and ecology, forest pathology, bacterial plant pathogens, molecular biology of parasite–host interactions, microbial ecology, epidemiology, and integrated disease management strategies.

The graduate program in plant pathology educates students in the science of plant pathology and prepares them for successful careers. Students develop the following skills required to meet diverse professional situations: excellence in research; breadth and depth in plant pathology; breadth in an allied field; strong critical and analytical thinking skills; and effective communication skills. Students become sufficiently

knowledgeable in all aspects of plant pathology to identify key research questions, recognize significant discoveries, and think analytically about interpretation of data.

The level of proficiency in specific areas will vary with the student's research area and career goals, and will be appropriate to the student's degree program (M.S. or Ph.D.). Specific areas of proficiency addressed by the Ph.D. curriculum include etiology, diagnosis, and management of plant disease; ecology and epidemiology; genetics and physiology of plant–microbe interactions; and organismal biology. Ph.D. students may elect an optional professional development experience as part of their curriculum. Graduates of the program attain positions in teaching, research in academic positions, government services, industry, extension services, and private practice.

The program is comprised of about 100 faculty members, graduate students, and research and support staff. It is housed in an eight-story wing of Russell Laboratories, a teaching and research facility on the UW–Madison campus, which is surrounded by other facilities that are also devoted to biological research. Russell Labs, together with the extensive research facilities available on the rest of the UW–Madison campus and at field research stations throughout Wisconsin, provide a rich and comprehensive environment for research and graduate studies in all branches of plant pathology.

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 1
Spring Deadline	December 1*
Summer Deadline	December 1
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements (https://grad.wisc.edu/apply/requirements/#english-proficiency).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

*

This program does not normally admit students for the Spring term. Students should apply for Fall admission unless instructed otherwise by the program.

Students who are admitted to the department must meet the Graduate School requirements, including completion of a bachelor's degree which typically consists of courses in biology, chemistry, mathematics, and physics. Successful applicants typically exceed the minimum requirement of a 3.0 GPA (on a 4.0 scale); exceed the minimum required Test of English as a Foreign Language (iTOEFL) score of 92, or a 7 on the International English Language Testing System (IELTS) exam (international applicants); and articulate a strong interest in the discipline in their application. Prior research experience is an asset for any applicant, and letters of recommendation from research advisors are viewed as one of the most useful means of evaluating applications.

The application deadline for the fall semester is the preceding December 1. Applications received after that date will be reviewed, but they are disadvantaged for admission and financial support.

Additional information can be found on the department's application process webpage (<https://plantpath.wisc.edu/application-process/>).

A completed admission application acts as the application for financial support. Offers of financial support accompany offers of admission for students admitted to Plant Pathology. Most students hold research assistantships (RAs).

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

The department offers stipends to the most highly qualified applicants, and students are funded throughout their programs by research assistantships, fellowships, or traineeships. The department nominates outstanding students for external fellowships and supports and assists students who apply for scholarships and other forms of financial support.

Additional information regarding funding can be found on the department's funding information webpage (<https://plantpath.wisc.edu/funding-information/>).

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW–Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail	
Minimum Credit Requirement	30 credits
Minimum Residence Credit Requirement	16 credits
Minimum Graduate Coursework Requirement	15 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy (https://policy.wisc.edu/library/UW-1244) (https://policy.wisc.edu/library/UW-1244/).
Overall Graduate GPA Requirement	3.00 GPA required. This program follows the Graduate School's policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	n/a
Assessments and Examinations	Students in the Plant Pathology M.S. must complete certification paperwork to outline their coursework and prepare, publicly present, and defend a thesis.
Language Requirements	None.

REQUIRED COURSES

Student must complete at least 9 credits of plant pathology, including PL PATH 300 Introduction to Plant Pathology (or equivalent), at least 1 credit of PL PATH 875 Special Topics, and only 1 credit of PL PATH 923 Seminar. The remaining 21 credits may include any other course work taken as a graduate student at UW–Madison numbered 300 or above and taken for credit. Additionally, up to 15 credits of PL PATH 990 Research may count for these remaining credits.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Work from Other Institutions

With M.S. committee approval and Academic Affairs Committee approval, students are allowed to count no more than 14 credits of graduate coursework from other institutions. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

UW–Madison Undergraduate

Students may count up to 7 credits of coursework numbered 300 level or above upon approval of the M.S. committee and the Academic Affairs Committee. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

UW–Madison University Special

With M.S. committee approval and Academic Affairs Committee approval, students are allowed to count no more than 15 credits of coursework numbered 300 or above taken as a UW–Madison special student. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

PROBATION

This program follows the Graduate School's Probation policy (<https://policy.wisc.edu/library/UW-1217/>).

ADVISOR / COMMITTEE

This program follows the Graduate School's Advisor policy (<https://policy.wisc.edu/library/UW-1232/>). A committee often accomplishes advising for the students in the early stages of their studies.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

This program follows the Graduate School's Time Limits policy (<https://policy.wisc.edu/library/UW-1221/>).

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)

- Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Plant Pathology Grievance and Appeals Procedures

If a student feels unfairly treated or aggrieved by faculty, staff, or another student, the University offers several avenues to resolve academic and non-academic grievances. Students' concerns about unfair treatment are best handled directly with the person responsible for the objectionable action. If the student is uncomfortable making direct contact with the individual(s) involved, they should contact the Plant Pathology Department Chair, the Student Services Coordinator, or the Russell Labs Department Administrator.

Students are encouraged to also use campus resources (above) if the issue involves sexual harassment or assault, violence, discrimination, bias or hate, hostile or intimidating behavior, employment concerns, or disability accommodations.

Procedures for proper accounting of student grievances:

1. The student is encouraged to speak first with the person toward whom the grievance is directed to see if a situation can be resolved at this level.
2. Should a satisfactory resolution not be achieved, the student should contact the Plant Pathology Department Chair, the Student Services Coordinator, or the Russell Labs Department Administrator to discuss the grievance. Students can also contact any of the Russell Labs Department Chairs to discuss the grievance. Any of the above people will facilitate problem resolution through informal channels and facilitate any complaints or issues of students. The first attempt is to help students informally address the grievance prior to any formal complaint. Students are also encouraged to talk with their faculty advisors regarding concerns or difficulties if necessary.
3. If the issue is not resolved to the student's satisfaction the student can submit the grievance to the Department Chair and Student Services Coordinator in writing, within 120 calendar days of the alleged unfair treatment.
4. On receipt of a written complaint, a faculty committee will be convened to manage the grievance. The program faculty committee

will obtain a written response from the person toward whom the complaint is directed. This response will be shared with the person filing the grievance.

- The faculty committee will determine a decision regarding the grievance, and will report on the action taken by the committee in writing to both the student and the party toward whom the complaint was directed within 15 working days from the date the complaint was received.
- At this point, if either party (the student or the person toward whom the grievance is directed) is unsatisfied with the decision of the faculty committee, the party may file a written appeal. Either party has 15 working days to file a written appeal to the College of Agricultural and Life Sciences Academic Affairs Office.
- Documentation of the grievance will be stored for at least 7 years. Significant grievances that set a precedent will be stored indefinitely.

The Graduate School has procedures for students wishing to appeal a grievance decision made at the school/college level. These policies are described in the Graduate School's Academic Policies and Procedures: <https://grad.wisc.edu/documents/grievances-and-appeals/>.

PROFESSIONAL DEVELOPMENT

GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

PROGRAM RESOURCES

Students in the Department of Plant Pathology are strongly encouraged to participate in events through the Plant Pathology Graduate Council. (<http://labs.russell.wisc.edu/ppgc/>)

LEARNING OUTCOMES

- Demonstrate an understanding of the basic biology of microorganisms that are symbiotic with plants including fungi, bacteria, viruses, oomycetes, and nematodes.
- Demonstrate a basic understanding of: a. the basic processes of pathogenesis, plant defense, and defense circumvention at the molecular, genetic and physiological level for each of the major groups of plant pathogens and other plant associated microorganisms. b. the etiology, ecology, and epidemiology of economically significant diseases caused by the major groups of plant pathogens and be able to apply the understanding from a. and/or b. above in research.
- Conduct project related to the discipline of Plant Pathology that requires specifying a problem, designing and conducting experiments, analyzing the resulting data, and reporting results/solutions.
- Convey scientific knowledge to fellow scientists in a variety of formats.

PEOPLE

FACULTY

Ahlquist, Paul

Allen, Caitilyn
Barak-Cunningham, Jeri
Bent, Andrew
Gevens, Amanda (chair)
Holland, Leslie
Handelsman, Jo
Kabbage, Mehdi
Koch, Paul
Lankau, Richard
Rakotondrafara, Aurelie
Silva, Erin
Solís-Lemus, Claudia
Smith, Damon

AFFILIATED FACULTY

Ane', Jean-Michel (Bacteriology)
Groves, Russell (Entomology)
Havey, Michael (Horticulture)
Keller, Nancy (Medical Microbiology & Immunology)
Pringle, Ann (Botany)
Whitman, Thea (Soil Science)
Yu, Jae-Hyuk (Bacteriology)

FACULTY ASSOCIATE

Hudelson, Brian

PLANT PATHOLOGY, PH.D.

The discipline of plant pathology is directed toward understanding and solving disease problems of plants. The field is broad and complex, integrating disciplines as varied as molecular biology, genetics, cell biology, organismal biology, population and community ecology, meteorology, statistics, computer science, chemistry, and physics. Plant pathology encompasses basic and applied research, employs both model systems and economically important plants, and requires both laboratory and field experimentation. Active research programs in the department encompass this full spectrum of questions and approaches, including research on virology, nematology, fungal genetics, tissue culture, soil microbiology and ecology, forest pathology, bacterial plant pathogens, molecular biology of parasite-host interactions, microbial ecology, epidemiology, and integrated disease management strategies.

The graduate program in plant pathology educates students in the science of plant pathology and prepares them for successful careers. Students develop the following skills required to meet diverse professional situations: excellence in research; breadth and depth in plant pathology; breadth in an allied field; strong critical and analytical thinking skills; and effective communication skills. Students become sufficiently knowledgeable in all aspects of plant pathology to identify key research questions, recognize significant discoveries, and think analytically about interpretation of data.

The level of proficiency in specific areas will vary with the student's research area and career goals, and will be appropriate to the student's degree program (M.S. or Ph.D.). Specific areas of proficiency addressed by the Ph.D. curriculum include etiology, diagnosis, and management of plant disease; ecology and epidemiology; genetics and physiology of plant-microbe interactions; and organismal biology. Ph.D. students may elect an optional professional development experience as part of their curriculum. Graduates of the program attain positions in teaching,

research in academic positions, government services, industry, extension services, and private practice.

The program is comprised of about 100 faculty members, graduate students, and research and support staff. It is housed in an eight-story wing of Russell Laboratories, a teaching and research facility on the UW–Madison campus, which is surrounded by other facilities that are also devoted to biological research. Russell Labs, together with the extensive research facilities available on the rest of the UW–Madison campus and at field research stations throughout Wisconsin, provide a rich and comprehensive environment for research and graduate studies in all branches of plant pathology.

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.
