The Department of Communication Arts is pleased to be able to grant yearly monetary awards to graduate students based on scholastic performance. Nominations for the awards are generated by the faculty in the four areas of graduate study. To be eligible for consideration, graduate students must be continuing in the program, must be making satisfactory progress toward their degree, and must not have any incompletes on their transcript. The amount and number of awards vary from year to year depending on funds available. For full details on department awards, please see the department's funding and financial information page (<https://commarts.wisc.edu/graduate/graduate-handbook/funding-finance-resource-information/>).

CONFERENCE TRAVEL AWARDS

The department provides a once-per-academic-year travel stipend for students to present academic papers at a conference. Students not residing in Madison during the semester in which they present at a conference may not be eligible for this funding.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW-Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail	
Minimum Credit Requirement	51 credits
Minimum Residence Credit Requirement	40 credits
Minimum Graduate Coursework Requirement	26 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/).
Overall Graduate GPA Requirement	3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	3.5 average required of all coursework taken within the department.

Assessments and Examinations To assess satisfactory progress toward the degree and to facilitate determinations of good standing, graduate students must complete a Professional Activities Report (PAR) each spring. A PAR indicates a student's academic and professional activities on and off campus each year. Faculty will use the PAR in their annual evaluations of student progress. A PAR represents one means of communication between graduate students and faculty, providing graduate students with an opportunity to enumerate their activities in a single document. PARS must be completed by April 1 each spring.

Students must successfully complete preliminary examinations before moving on to dissertator status. To take preliminary examinations, students must have completed all of the PhD coursework requirements of their area and their minor coursework. Additional requirements vary by area of study. They are as follows:

Communication Science prelims consist of 16 hours of written examinations in the following areas:

Communication processes and contexts (8 hours): four hours each in two major topic areas in the field focusing on theories and major empirical findings
 Specialization (4 hours): four hours in the student's area of specialization; typically, the dissertation research dictates the area of specialization
 Quantitative research methodology and theory construction (4 hours): this portion of the exam may include questions addressing statistics, research design, measurement, and the construction and evaluation of theory

Film prelims consist of 12 hours of written examination divided across the following four concentrations:

Film theory (3 hours)
 Film history (3 hours)
 Film analysis and criticism (3 hours)
 Area of specialization determined in consultation with the student's advisor (3 hours)

Media and Cultural Studies prelims consists of 24 hours of written examinations as follows: four open-book essay exams, six hours each, taken on separate days. The examination covers a combination of general and specialized areas in relation to the planned dissertation project, to be chosen in a group consultation with the student's advisor and major faculty.

Rhetoric, Politics, and Culture prelims consist of 12 hours of written examination divided across the following four concentrations:

Rhetorical theory (3 hours)

	Rhetorical discourse (3 hours) Critical method (3 hours) Area of specialization determined in consultation with the student's advisor and doctoral committee (3 hours)
Language Requirements	Depending on their dissertation topic, students in the Communication Science and Film areas may need to fulfill a foreign language requirement. The need for such a requirement is determined by the student's advisor and doctoral committee.
Graduate School Breadth Requirement	All doctoral students are required to complete a doctoral minor or graduate/professional certificate. Refer to the Graduate School: Breadth Requirement in Doctoral Training policy: https://policy.wisc.edu/library/UW-1200 (https://policy.wisc.edu/library/UW-1200/).

REQUIRED COURSES

Successful completion of the PhD requires completion of the minimum credit requirement, which includes coursework, independent study, and research credits.

Communication Science Pathway¹

Code	Title	Credits
Requirements (In addition to those already taken to meet the master's degree requirements)		
	At least one course in research methods (see below for options)	3
	One course in statistics (see list below for options)	3
	At least four courses numbered 700 or above. At least one of these courses must be COM ARTS 970. Only one of these courses may be COM ARTS 799. COM ARTS 904 does not count toward this requirement.	12
COM ARTS 904	Communication Science Colloquium ²	6
Breadth		9
Research		
Students complete enough credits of research to reach the minimum credit requirement, as needed.		
COM ARTS 990	Research and Thesis	1-9
Total Credits		51

¹ These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

² Students are expected to take one credit of COM ARTS 904 Communication Science Colloquium each semester they are enrolled in the program (unless extenuating/approved circumstances prevent a student from attending).

POLI SCI 813	Multivariable Statistical Inference for Political Research	3
POLI SCI 818	Maximum Likelihood Estimation	3

Film Pathway¹

Graduate students who enter the PhD program with a master's degree from another Film/Media program may transfer in prior coursework to satisfy degree requirements. Students should work with their advisors directly upon arrival to determine course equivalency and plan an effective course of study.

Code	Title	Credits
Historiography Course		
COM ARTS 958	Seminar in Film History	2-3
	or COM ARTS 955 Media History and Historiography	
	One additional course in either National Cinema or Modes- and-Practices (see list below for options)	3
	One additional seminar numbered 900 or above	3
COM ARTS 902	Film Colloquium ²	8
Additional Electives		18
Breadth		9
Research		
	Students complete enough credits of research to satisfy the minimum credit requirement, as needed.	
COM ARTS 990	Research and Thesis	1-9
Total Credits		51

¹ These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

² Students are expected to take one credit each semester they are enrolled in the program (unless extenuating/approved circumstances prevent a student from attending).

Code	Title	Credits
National Cinema Courses		
COM ARTS 455	French Film	3
COM ARTS 556	The American Film Industry in the Era of the Studio System	3
COM ARTS 613	Special Topics in Film (Japanese Cinema or South Asian Cinema)	3
Modes-and-Practices Courses		
COM ARTS 358	History of Documentary Film	3
COM ARTS 461	Global Art Cinema	3
COM ARTS 463	Avant-Garde Film	3

COM ARTS 552	Contemporary Hollywood Cinema	3
COM ARTS 613	Special Topics in Film (Gender and Film)	3

Media and Cultural Studies Pathway¹

From the following courses, students must complete 24 credits numbered 600 or above.

Code	Title	Credits
Four seminars numbered 900 and above:		12

COM ARTS 950 Seminar-Radio Television Film²
or COM ARTS 951 Media History and Historiography

Electives

Eight courses numbered 300 or above in consultation with the advisor. At least six credits must be in MCS (in addition to those listed above). 24

Breadth 9

Colloquium 4

Students are expected to take one credit of COM ARTS 903 Media and Cultural Studies Colloquium each semester they are enrolled in the program (unless extenuating/approved circumstances prevent a student from attending).

COM ARTS 903 Media and Cultural Studies Colloquium

Research

Students complete enough credits of research and colloquium to reach the minimum credit requirement, as needed.

COM ARTS 990 Research and Thesis

Total Credits 51

¹ These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

² Students may only take COM ARTS 955 Media History and Historiography once.

Rhetoric, Politics, and Culture Pathway¹

Code	Title	Credits
MA Requirements		

COM ARTS 570 Classical Rhetorical Theory 3

COM ARTS 969 Seminar: Contemporary Rhetorical Theory 3

Seminar

COM ARTS 976 Seminar in Rhetorical Criticism 3

Colloquium

COM ARTS 905 Rhetoric Colloquium² 4

Electives (numbered 300 and above) 27

At least two courses must be in COM ARTS.

At least two courses must be numbered 700 and above.

At least one course must have primary content focused on issues of race and ethnicity.

Additional PhD Requirements

Colloquium² 2

Breadth 9

Research

Students complete enough credits of research and colloquium to reach the minimum credit requirement, as needed.

COM ARTS 990

Total Credits 51

¹ These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

² Students are expected to take one credit of COM ARTS 905 Rhetoric Colloquium each semester they are enrolled in the program (unless extenuating/approved circumstances prevent a student from attending).

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

With program approval, students are allowed to transfer no more than 9 credits of graduate coursework from other institutions. Coursework earned ten or more years prior to admission to a doctoral degree is not allowed to satisfy requirements.

Undergraduate Credits Earned at Other Institutions or UW-Madison

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a University Special student at UW-Madison

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

PROBATION

All graduate students must stay "in good standing" in the department to be eligible for teaching assignments, awards, and fellowships, and in order to be considered to be making satisfactory progress in the program. Students whose progress is rated unsatisfactory by their faculty may face loss of funding and/or dismissal from the program.

The department's minimum criteria for good standing are:

1. Timely progress through the program, consisting of successful completion of MA requirements and compliance with coursework, advising, and thesis/comprehensive exam expectations.
2. A cumulative grade point average for coursework within the department of 3.5 or above.
3. No grades of Incomplete on the student's record.
4. Fulfillment of responsibilities for teaching/project assistantships or lectureships.

ADVISOR / COMMITTEE

Although an initial faculty advisor is assigned to each student during the summer prior to matriculation in the graduate program, students should seek out regular advisors by the end of their first year in residence. The regular advisor should be a faculty member whose research interests and methodological expertise match closely to those that the student intends to acquire. While no faculty member is obliged to accept a student's request to serve as advisor, invitations are usually accepted except where the faculty member judges that a different advisor would serve the student's needs and interests better.

Early in the semester in which the preliminary exams will be completed, students will form a **prelim committee** consisting of three to four faculty members, one of which is the student's advisor. In the case of preliminary examinations, all committee members will write exam questions, read the answers, and sit on the prelim defense.

Upon passing preliminary examinations, students will form a **dissertation proposal committee**, consisting of three to four faculty members, one of which is the student's advisor. Before the student may proceed with writing the dissertation, the proposal must be approved by the dissertation proposal committee. While writing the dissertation, a student must obtain the approval of the advisor for modifications to the dissertation that depart significantly from the proposal.

Once the dissertation proposal has been approved, the student must form a **dissertation committee**. The dissertation committee serves as the final oral committee before whom the student must defend the completed dissertation manuscript. Often the members of the dissertation proposal committee serve on the dissertation committee as well, but the membership of the two committees may differ. A dissertation committee consists of at least four members, three of whom must be UW–Madison graduate faculty: the student's advisor, at least two additional members from the student's primary area of concentration, and at least one member from outside the department which may be someone on campus or from another institution. All members of a student's dissertation committee must be designated as "readers," defined as committee members who commit themselves to closely reading and reviewing the entire dissertation.

In exceptional circumstances, the student may seek a **formal co-advisor** for their dissertation committee. The department recognizes two situations in which this may be appropriate: (1) the student's dissertation project genuinely pursues an interdisciplinary topic that requires the equal involvement of a faculty member in Communication Arts and a faculty member in another department at UW–Madison; or (2) the student's advisor retires or resigns from the University, and the student cannot complete the dissertation within one year of the retirement or resignation, which requires the student to seek a new advisor in the department. (For the second situation, this person becomes the newly selected advisor.)

CREDITS PER TERM ALLOWED

10-credit maximum unless additional credits are approved by faculty advisor, up to 15.

TIME LIMITS

A candidate for a doctoral degree who fails to take the final oral examination and deposit the dissertation within five years after passing the preliminary examination may be required to take another preliminary examination and to be admitted to candidacy a second time.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (<https://osas.wisc.edu/>) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

OTHER

Incoming MA students who move on to the PhD are generally offered 5 academic years (fall semester and spring semester) of support in the form of teaching assistantships, project assistantships, fellowships, and lectureships. Incoming PhD students who have already received an MA are generally offered 3 years. This support includes a stipend, tuition remission, and benefits.

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

Graduate students should consider opportunities for professional development as they begin their programs of graduate study. As students plan programs of study, participation in campus and disciplinary organizations, scholarly presentations at academic conferences, and potential outlets for publication of research, they should consider the ways that these activities begin to establish areas of scholarly and pedagogical competence, connections with other researchers and teachers in the field, and audiences for their scholarship. Some of the best resources for professional development are the people—both faculty and other graduate students—in the Department of Communication Arts. These people may serve as sources of valuable advice and information, and their actions may provide examples of practices that promote professional development. Further, campus-wide resources are available to enrich students' graduate studies and enhance their professional skills. A full list of departmental resources can be found in the Communication Arts Graduate Student Handbook page about Professional Development and Career Planning. (<https://commarts.wisc.edu/graduate/graduate-handbook/professional-development-and-career-planning/>)

DEPARTMENT RESOURCES FOR PROFESSIONAL DEVELOPMENT

Two important departmental resources for professional development are a **graduate student's advisor** and the **department colloquia**.

The **advisor** is concerned with a graduate student's academic progress as well as with the professional development of advisees. Throughout a graduate student's residence in the program (and often beyond), an advisor will discuss and answer questions and concerns about professional development. For instance, as submission deadlines to academic conferences approach, an advisor may discuss with a student potential submission options and the appropriate venues for these submissions. If a student is working on revising a seminar paper for potential public in an academic journal, an advisor will often guide the student through the revision process. When a student is applying for jobs, an advisor will often edit application materials. When a student is interviewing for a position or negotiating a job offer, an advisor will often provide tips for how to proceed.

The **department colloquia** offers additional resources for professional development. The four areas of study (Communication Science; Film; Media and Cultural Studies; and Rhetoric, Politics, and Culture) hold individual and joint colloquia on most Thursday afternoons during the academic year. Often, these colloquia are devoted to research presentations from department faculty and graduate students as well as campus visitors. Sometimes, the colloquia will address issues of professional development. Colloquia topics on professional development include practicing conference presentations; preparing a teaching dossier; practicing job talks; negotiating the revise and resubmit process in journal publishing; and networking. Colloquia on professional development engage graduate students in discussion on professional topics, workshop materials, and offer advice on best practices.

FACULTY REVIEWS OF GRADUATE STUDENT TEACHING

Since most Communication Arts PhDs pursue academic careers, developing teaching skills constitutes an important aspect of professionalization. Some colleges and universities may ask a student to prepare a teaching demonstration as part of the on-campus interview process, or otherwise seek evaluation and evidence of a graduate student's teaching abilities. To facilitate the development of graduate student teaching, faculty will provide reviews of teaching assistants (TA) in courses in which they have worked directly with graduate students in the classroom. Graduate students should expect these reviews in every semester in which they serve as a TA in one of these faculty-led courses (e.g., a lecture-discussion section course taught by a faculty member). These reviews are intended to help students identify strengths in their teaching as well as areas in which they may improve. In relevant courses, faculty will deposit an electronic copy of a teaching review with the graduate coordinator no more than two weeks after a semester has concluded. The graduate coordinator will maintain files of teaching reviews for each graduate student in the department. The graduate coordinator will send a copy of the review to the student's advisor. Faculty also will share a copy of the review with the student reviewed, who may wish to incorporate favorable reviews and quotations into a teaching dossier. Graduate students should feel welcome to discuss all reviews with their supervising faculty members. Graduate students should note, too, that these reviews will assist faculty in addressing matters of pedagogy when preparing letters of recommendation for academic employment, which will benefit students in their job searches.

TRAVEL TO MEETINGS AND CONFERENCES

The Department of Communication Arts provides a once-per-academic-year travel stipend for those students who will be presenting a paper at an academic conference. Students who are not residing in Madison during the semester in which they present at a conference are not eligible for funding.

INSTRUCTIONAL MEDIA CENTER

Located on the third floor of Vilas Hall, the Instructional Media Center (IMC) provides media and technology services for the entire department. The IMC houses the Hamel Family Digital Media Lab, the Walter Mirisch Seminar Room, and Communication Arts media production classrooms. The IMC circulates laptops, video projectors, and other equipment to graduate students for instruction and short-term use. The IMC also maintains a media library containing thousands of DVDs and blu-rays of films, television shows, video games, and off-air recordings. Graduate students may check out any item not reserved for classroom use for their research. IMC staff can assist graduate students with their research needs. Upon request, the IMC can provide film to video transfers, media creation (files, DVDs, blu-rays), and video capture, as well as training in these areas. The IMC provides assistance for the Center for Communication Research. The IMC is staffed by individuals with a wide range of media knowledge and skills to assist graduate students.

LEARNING OUTCOMES

LEARNING OUTCOMES

1. Articulates research problems, potentials, and limits with respect to theory, knowledge, or practice within the field of study.
2. Formulates ideas, concepts, designs, and/or techniques beyond the current boundaries of knowledge within the field of study.

3. Creates research, scholarship, or performance that makes a substantive contribution.
4. Demonstrates breadth within their learning experiences.
5. Advances contributions of the field of study to society.
6. Communicates complex ideas in a clear and understandable manner.
7. Fosters ethical and professional conduct.

PEOPLE

PEOPLE

For the most up to date faculty, staff, TA, and instructors list, please consult the department's Profiles page (<https://commarts.wisc.edu/people/>)

COMMUNICATION SCIENCES AND DISORDERS

DEGREES/MAJORS, DOCTORAL MINORS, GRADUATE/PROFESSIONAL CERTIFICATES

- Communication Sciences and Disorders, MS (p. 436)
- Communication Sciences and Disorders, PhD (p. 441)

PEOPLE

PEOPLE

Information about faculty and staff can be found on the program's website (<https://csd.wisc.edu/peopleofCSD.htm>).

AUDIOLOGY CONSORTIAL PROGRAM WITH UW-STEVENS POINT, AUD

The AuD program is a four-year professional doctorate program offered jointly by the UW-Madison Department of Communication Sciences and Disorders and the UW-Stevens Point School of Communicative Disorders.

The program was designed to train professional audiologists through a firm foundation in science and technology. Clerkships and onsite mentoring assure that students graduate with superior clinical skills.

In this unique program, lecture classes are taught simultaneously at both campuses; videoconferencing allows for interaction with students and faculty at the remote campus. Laboratory experiences are taught separately, using the same curriculum, on each campus. Summer academic course work is entirely online, and clinical experiences take place both on and off campus.

The AuD program is accredited by the Council on Academic Accreditation in Audiology and Speech-Language Pathology (CAA) of the American Speech-Language-Hearing Association.

The academic objectives of the program are:

- To prepare students to enter the profession of audiology fully able to function as independent audiologists in private practice, medical clinics, and school settings.
- To provide a strong theoretical, technical, and scientific base for the clinical practice of audiology.
- To prepare students to meet certification and licensure requirements for the practice of clinical audiology.
- To prepare students to be lifelong learners.

ADMISSIONS

ADMISSIONS

Students apply to the Doctor of Audiology through one of the named options:

- Audiology: Collaborative Program at Stevens Point (<http://guide.wisc.edu/graduate/communication-sciences-disorders/audiology-aud/audiology-collaborative-program-stevens-point-aud/#text>)
- Audiology: Collaborative Program at UW-Madison (<http://guide.wisc.edu/graduate/communication-sciences-disorders/audiology-aud/audiology-collaborative-program-uw-madison-aud/>)

FUNDING

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Financial assistance, sometimes available to graduate students in communication sciences and disorders, consists of scholarships, fellowships, traineeships, and project and research assistant positions. Financial assistance is very limited and varies from year to year.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS CURRICULAR REQUIREMENTS

Requirement Detail

Minimum 92 credits
Credit Requirement

Minimum 92 credits
Residence Credit Requirement

Minimum 92 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: <https://policy.wisc.edu/library/UW-1244> (<https://policy.wisc.edu/library/UW-1244/>).

Overall 3.00 GPA required.
Graduate GPA Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: <https://policy.wisc.edu/library/UW-1203> (<https://policy.wisc.edu/library/UW-1203/>).

Other Grade Requirements Grades lower than a B are evaluated by the department according to the procedure described in the handbook.

Assessments and Examinations Taking the Praxis Exam is required to obtain the degree.

Language Requirements One introductory course in Sign Language is a prerequisite and required to be taken during graduate study if not already taken as an undergraduate.

Graduate School Breadth Requirement Audiology doctoral students are not required to complete a doctoral minor or graduate/professional certificate; they may pursue one if they wish.

REQUIRED COURSES

Select a Named Option (p. 427) for courses required.

NAMED OPTIONS

A named option is a formally documented sub-major within an academic major program. Named options appear on the transcript with degree conferral. Students pursuing the Audiology Consortial Program with UW-Stevens Point AuD must select one of the following named options:

View as listView as grid

- **AUDIOLOGY: COLLABORATIVE PROGRAM AT STEVENS POINT, AUD (P. 428)**
- **AUDIOLOGY: COLLABORATIVE PROGRAM AT UW-MADISON, AUD (P. 432)**

POLICIES

POLICIES

Students should refer to one of the named options for policy information:

- Audiology: Collaborative Program at Stevens Point (<http://guide.wisc.edu/graduate/communication-sciences-disorders/audiology-aud/audiology-collaborative-program-stevens-point-aud/#text>)

- Audiology: Collaborative Program at UW-Madison (<http://guide.wisc.edu/graduate/communication-sciences-disorders/audiology-aud/audiology-collaborative-program-uw-madison-aud/>)

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

LEARNING OUTCOMES

1. (Foundations of Practice) Possess knowledge of normal aspects of auditory physiology and behavior over the life span and normal development of speech and language.
2. (Foundations of Practice) Demonstrate an understanding of the effects of hearing loss on communication and educational, vocational, social, and psychological functioning.
3. (Foundations of Practice) Possess knowledge of pathologies related to hearing and balance and their medical diagnosis and treatment.
4. (Foundations of Practice) Demonstrate clinically appropriate oral and written communication skills.
5. (Foundations of Practice) Recognize principles and practices of research, including experimental design, statistical methods, and application to clinical populations.
6. (Prevention, Identification, and Assessment) Screen individuals for hearing impairment and disability/handicap using clinically appropriate, culturally sensitive, and age- and site-specific screening measures.
7. (Prevention, Identification, and Assessment) Demonstrate abilities to assess individuals with suspected disorders of hearing, communication, balance, and related systems
8. (Prevention, Identification, and Assessment) Evaluate information from appropriate sources and obtaining a case history to facilitate assessment planning.
9. (Prevention, Identification, and Assessment) Conduct and interpret behavioral and/or electrophysiologic methods to assess hearing thresholds, auditory neural function, balance and related systems.
10. (Prevention, Identification, and Assessment) Prepare reports, including interpreting data, summarizing findings, generating recommendations, and developing an audiologic treatment/management plan.
11. (Intervention) Provide intervention services (treatment) to individuals with hearing loss, balance disorders, and other auditory dysfunction that compromises receptive and expressive communication.
12. (Intervention) Develop culturally appropriate, audiologic rehabilitative management plans.
13. (Intervention) Evaluate the efficacy of intervention (treatment) services.
14. (Professional Conduct) Recognize and apply principles of ethical and professional conduct.
15. (Professional Conduct) Apply skills for life-long learning.
16. (Professional Conduct) Demonstrate teamwork and problem solving.

- 17. (Professional Conduct) Possess knowledge of contemporary professional issues and advocacy.
- 18. (Professional Conduct) Communicate effectively, recognizing the needs, values, preferred mode of communication, and cultural/linguistic background of the patient, family, caregiver, and relevant others.
- 19. (Professional Conduct) Provide counseling and supportive guidance regarding hearing and balance disorders to patients, family, caregivers, and relevant others.

2021-2022	92%	Not Available
2020-2021	100%	Not Available

PROFESSIONAL CERTIFICATION/LICENSURE DISCLOSURE (NC-SARA)

The United States Department of Education (via 34 CFR Part 668 (<https://www.ecfr.gov/current/title-34/subtitle-B/chapter-VI/part-668/?toc=1>)) requires institutions that provide distance education to disclose information for programs leading to professional certification or licensure. The expectation is that institutions will determine whether each applicable academic program meets state professional licensure requirements and provide a general disclosure of such on an official university website.

Professional licensure requirements vary from state-to-state and can change year-to-year; they are established in a variety of state statutes, regulations, rules, and policies; and they center on a range of educational requirements, including degree type, specialized accreditation, total credits, specific courses, and examinations.

UW-Madison has taken reasonable efforts to determine whether this program satisfies the educational requirements for certification/licensure in states where prospective and enrolled students are located and is disclosing that information as follows.

Disclaimer: This information is based on the most recent annual review of state agency certification/licensure data and is subject to change. All students are strongly encouraged to consult with the individual/office listed in the Contact Information box on this page and with the applicable state agency for specific information.

The requirements of this program meet certification/licensure requirements in the following states:

Alabama, Alaska, Arizona, Arkansas, California, Colorado, Connecticut, Delaware, Florida, Georgia, Hawaii, Idaho, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Michigan, Minnesota, Mississippi, Missouri, Montana, Nebraska, Nevada, New Hampshire, New Jersey, New Mexico, New York, North Carolina, North Dakota, Ohio, Oklahoma, Oregon, Pennsylvania, Rhode Island, South Carolina, South Dakota, Tennessee, Texas, Utah, Vermont, Virginia, Washington, West Virginia, Wisconsin, Wyoming, District of Columbia, Guam, Puerto Rico, U.S. Virgin Islands

The requirements of this program do not meet certification/licensure requirements in the following states:

Not applicable

Updated: 1 June 2024

AUDIOLOGY: COLLABORATIVE PROGRAM AT STEVENS POINT, AUD

This is a named option within the Audiology AuD. (p. 426)

The AuD program is a four-year professional doctorate program offered jointly by the UW–Madison Department of Communication Sciences and Disorders and the UW–Stevens Point School of Communication Sciences and Disorders.

The program was designed to train professional audiologists through a firm foundation in science and technology. Clerkships and onsite mentoring assure that students graduate with superior clinical skills.

In this unique program, lecture classes are taught simultaneously at both campuses; videoconferencing allows for interaction with students and faculty at the remote campus. Laboratory experiences are taught separately, using the same curriculum, on each campus. Summer academic course work is entirely online, and clinical experiences take place both on and off campus.

The AuD program is accredited by the Council on Academic Accreditation in Audiology and Speech–Language Pathology (CAA) of the American Speech–Language–Hearing Association.

ADMISSIONS

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) of the Graduate School as well as the program(s).** Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	January 15
Spring Deadline	The program does not admit in the spring.
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment. Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

An undergraduate major in communication sciences and disorders is recommended, but not required, for admission to the AuD program. If you do not have an undergraduate degree in communication sciences and disorders, you must make up any coursework deficiencies before your graduate study.

Students apply to either the named option (sub-major) in "Audiology: Collaborative Program at Stevens Point (<http://guide.wisc.edu/graduate/communication-sciences-disorders/audiology-aud/audiology-collaborative-program-stevens-point-aud/#text>)" or "Audiology: Collaborative Program at UW-Madison (<http://guide.wisc.edu/graduate/communication-sciences-disorders/audiology-aud/audiology-collaborative-program-uw-madison-aud/>)."

Apply Online (<https://grad.wisc.edu/apply/>)

NOTABLE ADVICE

- Submit all materials one week prior to deadline. Late and incomplete applications will not be considered.
- File your application early. Do not wait until you can gather all your materials. It is better to file early and send additional items as they become available.

- Track your application status. After submission of your application, you will receive a link to a personal web page where you can track your application status. We update this page as we receive your materials, usually within two weeks of receipt.
- For more information, review the UW-Madison Graduate School Steps to Apply (<http://grad.wisc.edu/admissions/process/>) and Admissions FAQs (<http://grad.wisc.edu/admissions/faq/>).

FUNDING

FUNDING GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Financial assistance, sometimes available to graduate students in communication sciences and disorders, consists of scholarships, fellowships, traineeships, and project and research assistant positions. Financial assistance is very limited and varies from year to year.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

NAMED OPTION REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

MODE OF INSTRUCTION DEFINITIONS

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW-Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail

Minimum Credit Requirement	92 credits
Minimum Residence Credit Requirement	92 credits
Minimum Graduate Coursework Requirement	92 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/).
Overall GPA Requirement	3.00 GPA required.
Graduate GPA Requirement	Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	Grades lower than a B are evaluated by the department according to the procedure described in the handbook.
Assessments and Examinations	Taking the Praxis Exam is required to obtain the degree.
Language Requirements	One introductory course in Sign Language is a prerequisite and required to be taken during graduate study if not already taken as an undergraduate.
Graduate School Breadth Requirement	Audiology doctoral students are not required to complete a doctoral minor or graduate/professional certificate; they may pursue one if they wish.

REQUIRED COURSES

Below is the course sequence students follow. Note that CS&D 865 Practice Management is only taken once, but is offered in alternating years, and that CS&D 424 Sign Language I is a prerequisite to the program requirements and does not count toward the minimum credit requirement.

Code	Title	Credits
Year 1, Fall Semester		
CS&D 850	Hearing Science I: Basic Acoustics and Psychoacoustics	3
CS&D 852	Hearing Assessment	3
CS&D 853	Hearing Assessment Laboratory	1
CS&D 854	Electroacoustics and Instrument Calibration	2
CS&D 855	Electroacoustics and Calibration Laboratory	1
CS&D 891	Clerkship in Audiology I	2
Prerequisite; optional if not completed in undergrad:		
CS&D 424	Sign Language I	
Year 1, Spring Semester		
CS&D 832	Pediatric Audiology	3
CS&D 856	Amplification Systems I	3
CS&D 857	Laboratory in Amplification Systems I	1
CS&D 858	Physiological Assessment in Audiology I	2

CS&D 859	Laboratory in Physiological Assessment of the Auditory System I	1
CS&D 891	Clerkship in Audiology I	2
Year 1, Summer Semester		
CS&D 833	Occupational Audiology	2
CS&D 892	Clerkship in Audiology II	3
Year 2, Fall Semester		
CS&D 835	Clinical Research Methods	3
CS&D 860	Physiological Assessment in Audiology II	2
CS&D 861	Laboratory in Physiological Assessment of the Auditory System II	1
CS&D 845	The Human Balance System: Structure, Assessment, and Rehabilitation	3
CS&D 846	The Human Balance System: Laboratory	1
CS&D 892	Clerkship in Audiology II	2
Year 2, Spring Semester		
CS&D 849	Geriatric Audiology: Diagnosis and Rehabilitation	2
CS&D 862	Auditory and Vestibular Pathologies II	3
CS&D 865	Practice Management	2
CS&D 866	Amplification Systems II	2
CS&D 892	Clerkship in Audiology II	2
CS&D 899	Capstone Study in Audiology	1
Year 2, Summer Semester		
CS&D 806	Professional Issues: Medical Issues	1
CS&D 893	Clerkship in Audiology III	3
Year 3, Fall Semester		
CS&D 863	Implantable Auditory Prostheses	3
CS&D 834	Counseling in Audiology	2
CS&D 899	Capstone Study in Audiology	3
CS&D 893	Clerkship in Audiology III	3
Year 3, Spring Semester		
CS&D 865	Practice Management (alternate years)	2
CS&D 867	School Methods for Audiologists	1
CS&D 836	Pediatric Habilitation/Rehabilitation	3
CS&D 899	Capstone Study in Audiology	3
CS&D 893	Clerkship in Audiology III	3
Year 3, Summer Semester		
CS&D 894	Externship in Audiology	4
Year 4, Fall Semester		
CS&D 921	Seminar-Problems in Audiology	2
CS&D 894	Externship in Audiology	3
Year 4, Spring Semester		
CS&D 921	Seminar-Problems in Audiology	2
CS&D 894	Externship in Audiology	3
Total Credits		92

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

NAMED OPTION-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

No prior coursework from other institutions is allowed.

Undergraduate Credits Earned at Other Institutions or UW-Madison

With program approval, students may count a sign language course taken as an undergraduate at UW-Madison toward the prerequisite for the degree.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a University Special student at UW-Madison

No prior coursework from UW-Madison University Special career is allowed.

PROBATION

A student failing to maintain a minimum GPA of 3.0 will be placed on academic probation and will be required to raise his/her GPA to 3.0 or above in the following semester. If the GPA is not raised to 3.0 or above in the following semester, the student will be dismissed from the program. A student receiving a course grade less than "B" shall receive a written warning reminding the student of the "no more than two grades below a "B" rule and shall be placed on academic probation.

Students who are having difficulty with essential abilities and/or meeting competencies in coursework will receive a written improvement plan. An improvement plan specifies the ASHA standards and competencies that the student has not met, as well as a statement explaining what the student must do to meet competency level and a statement explaining what the faculty will do to provide opportunities for improved performance. An improvement plan may require the student to retake an examination or even repeat an entire course if deemed necessary by the academic instructor. If a student has an improvement plan, he/she should communicate regularly with each academic instructor to discuss the plan each semester the plan is in place. The student is responsible for scheduling these communications.

Refer to the Graduate School: Probation (<https://policy.wisc.edu/library/UW-1217/>) policy.

ADVISOR / COMMITTEE

When students are admitted to the AuD program, they are provided with a course sequence for the entire program. It is strongly recommended that students adhere to this sequence, although modifications to the plan may be made in consultation with the AuD program advisor and the director of clinical education. Every graduate student is required to have an advisor. The AuD program advisor is the assigned advisor for students in the AuD program. Students can be suspended from the Graduate School if they do not have an advisor.

CREDITS PER TERM ALLOWED

14 credits

TIME LIMITS

Refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy. Consult the program for additional program-specific time limits.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (<https://osas.wisc.edu/>) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

The formal procedure for handling student concerns and grievances requires the student to begin at the source of the problem, and then to

work up the administrative structure in a manner appropriate to the nature of the problem. All efforts will be made to achieve a resolution within the program; if this level of resolution is not reached, the complaint will be addressed to the affected department. The preferred channels in order are as follows: (1) the affected faculty member or clinical supervisor, (2) the Program Director on the student's home campus, who may refer the matter to the full AuD Faculty, (3) the Chair of the involved department who may refer it to the appropriate Associate Dean or Dean from the relevant academic year AuD Student Handbook campus. Although this route is usual, no policy would prevent any individual student or faculty member from seeking input at higher administrative levels. If the student has a complaint about the program or its accreditation, the student is referred to the following ASHA website for information on how to complain with the Council on Academic Accreditation (CAA): <https://caa.asha.org/>

- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (<https://osas.wisc.edu/>) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic

Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

The formal procedure for handling student concerns and grievances requires the student to begin at the source of the problem, and then to work up the administrative structure in a manner appropriate to the nature of the problem. All efforts will be made to achieve a resolution within the program; if this level of resolution is not reached, the complaint will be addressed to the affected department. The preferred channels in order are as follows: (1) the affected faculty member or clinical supervisor, (2) the Program Director on the student's home campus, who may refer the matter to the full Au.D. Faculty, (3) the Chair of the involved department who may refer it to the appropriate Associate Dean or Dean from the relevant academic year Au.D. Student Handbook campus. Although this route is usual, no policy would prevent any individual student or faculty member from seeking input at higher administrative levels. If the student has a complaint about the program or its accreditation, the student is referred to the following ASHA website for information on how to complain with the Council on Academic Accreditation (CAA): <https://caa.asha.org/>

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

PEOPLE

PEOPLE

Information about faculty and staff can be found on the program's website (<https://csd.wisc.edu/directory/>).

COMMUNICATION SCIENCES AND DISORDERS, DOCTORAL MINOR

ADMISSIONS

ADMISSIONS

All Graduate School students must utilize the Graduate Student Portal in MyUW to add, change, or discontinue any doctoral minor. To apply to this minor, log in to MyUW, click on Graduate Student Portal, and then click on Add/Change Programs. Select the information for the doctoral minor for which you are applying.

REQUIREMENTS

REQUIREMENTS

At least 9 credits in communication sciences and disorders courses (http://guide.wisc.edu/courses/cs_d/) are required for a minor completed by students from other programs. The minor advisor will work with the student to plan an appropriate sequence of coursework.

PEOPLE

PEOPLE

Information about faculty and staff can be found on the program's website (<https://csd.wisc.edu/peopleofCSD.htm>).

COMMUNICATION SCIENCES AND DISORDERS, MS

The department offers graduate programs leading to the MS and PhD in communication sciences and disorders. An additional program in the department leads to the AuD in audiology. The graduate program provides the opportunity for study in the areas of audiology, speech-language pathology, hearing science, language science, and speech science. The purpose of the graduate program is to prepare clinicians, researchers, and teachers who possess a solid foundation in both the theoretical and applied aspects of the discipline of communication sciences and disorders.

The MS program has two tracks. The **Speech-Language Pathology track**¹ is a two-year professional program designed to prepare students for clinical work. It is accredited by the Council on Academic Accreditation of the American Speech-Language-Hearing Association. At the master's level, supervised diagnostic and therapy experiences with children and adults are provided in a variety of on- and off-campus clinical settings. This program meets the academic and clinical-practicum requirements for clinical certification set by the American Speech-Language-Hearing Association (ASHA). Opportunities are also available for pursuing a nonclinical program at the master's level.

The **Normal Aspects of Speech, Language, and Hearing track**¹ is a non-clinical degree. Most students complete this degree as a first step toward a PhD.

¹ These tracks are internal to the program and represent different pathways a student can follow to earn this degree. Track names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

ADMISSIONS

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) of the Graduate School as well as the program(s).** Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	January 15
Spring Deadline	The program does not admit in the spring.
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment. Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

The program is open to individuals who have completed an undergraduate degree and who meet the minimum admission requirements of the Graduate School and the department. Entering students who do not have undergraduate majors in communicative disorders will typically be required to take prerequisite course work, which may lengthen the time require to earn a graduate degree.

ADMISSION REQUIREMENTS

Applicants must meet the Graduate School's admission requirements, as well as department-specific requirements.

The application minimum grade point average (GPA) is 3.0 (4.0 = A); however, the students we accept into the program typically have much higher GPAs.

Program Prerequisites

You must complete the following undergraduate courses before beginning graduate course work:

Code	Title	Credits
CS&D 201	Anatomy and Physiology of Speech Production	3
CS&D 202	Hearing Science	3
CS&D 240	Language Development in Children and Adolescents	3
CS&D 315	Phonetics and Phonological Development	3
CS&D 320	Introduction to Audiology	3
CS&D 371	Pre-Clinical Observation of Children and Adults	3
CS&D 425	Auditory Rehabilitation	3

CS&D 440	Child Language Disorders, Assessment and Intervention	3
----------	---	---

In addition to the above courses, you will need a course in each of the following areas:

- Biological sciences
- Physical sciences (chemistry or physics)
- Statistics
- Social/behavioral sciences

The American Speech–Language–Hearing Association (ASHA) standards now specify that a course in each of these areas is required for American Speech–Language–Hearing Association certification. For additional details, visit ASHA’s website Standard IV-A (<https://www.asha.org/certification/2020-slp-certification-standards/>).

If you choose to complete prerequisites at UW–Madison before applying for graduate study, you must apply to the Capstone Program (<http://guide.wisc.edu/nondegree/capstone/communication-sciences-disorders-capstone-certificate/>). These courses typically can be completed within two semesters. Equivalent courses from another university or department will be considered on a case-by-case basis.

Letters of Recommendation

These letters should address your potential for academic success in graduate school. At least two should come from instructors who have knowledge of your academic performance. The third may come from a clinical supervisor, employer, or other individual who has knowledge of your academic potential and likelihood for success in graduate school. Please submit no more than three letters of recommendation.

Statement

Please answer the following prompts and upload as **one document** to the Statement section of the Graduate School application.

Personal Statement Prompt (Required)

Your GPA alone does not convey who you are and why you’re here. The personal statement is an important part of the application that serves as both a writing sample and an opportunity for you to tell us about who you are, your motivators for pursuing a career in speech-language pathology, and how your experiences have influenced your career goals.

In 1000 words or less (12 pt. font, single-spaced), please address the following:

- Identify three characteristics that make you well-suited for a career as a speech-language pathologist.
- Describe the experiences that have shaped your interest in speech-language pathology (personal experiences, field-related experiences, coursework, etc.)
- Describe your career goals in speech-language pathology.

Optional Prompt

If you have distinctive characteristics and/or life experiences, such as obstacles or hardships, that may have impacted your academic performance or other aspects of your application, please address them in a statement of 500 words or less (12 pt. font, single-spaced).

CV or Resume

To ensure that applicants include all relevant experiences and are evaluated equitably, we have created a resume template to use for your resume submission. Please download, fill out, and upload the completed

resume template to the CV/Resume section of the Graduate School application. An example has been provided.

- Resume Template (<https://csd.wisc.edu/wp-content/uploads/sites/137/2022/07/Masters-Resume-Template.pdf>)
- Resume Example (<https://csd.wisc.edu/wp-content/uploads/sites/137/2022/07/Masters-Resume-Example.pdf>)

Transcripts

Upload a copy of your unofficial transcripts. These show grades earned at every college or university you have attended, including study abroad. If admitted, the Graduate School will request official transcripts.

Supplemental Application

Fill out the supplemental application that is found in the online graduate school application.

NOTABLE ADVICE

- Submit all materials one week prior to deadline. Late and incomplete applications will not be considered.
- File your application early. Do not wait until you can gather all your materials. It is better to file early and send additional items as they become available.
- Track your application status. After submission of your application, you will receive a link to a personal web page where you can track your application status. We update this page as we receive your materials, usually within two weeks of receipt.
- For more information, review the UW–Madison Graduate School “Steps to Apply” (<http://grad.wisc.edu/admissions/process/>) and “Admissions FAQ” (<https://grad.wisc.edu/apply/#FAQ>).

FUNDING

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Financial assistance, sometimes available to graduate students in communication sciences and disorders, consists of scholarships, fellowships, traineeships, and project and research assistant positions. Financial assistance is very limited and varies from year to year. Students who are considering applying for financial aid should contact the department for further information.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW–Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail

Minimum Credit Requirement	Speech–Language Pathology pathway: 44 credits Normal Aspects of Speech, Language, and Hearing pathway: 33 credits
Minimum Residence Credit Requirement	Speech–Language Pathology pathway: 44 credits Normal Aspects of Speech, Language, and Hearing pathway: 33 credits
Minimum Graduate Coursework Requirement	Speech–Language Pathology pathway: All but 4 credits of the minimum 44 credits for the degree must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/).
Overall Graduate GPA Requirement	3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	n/a

Assessments and Examinations Speech–Language Pathology pathway: During the semester before you intend to finish your degree course work, take the Praxis II Exam (ASHA NESPA) and obtain a passing score (162 or better). Taking the Praxis is a graduation requirement (clinical MS students only).

Normal Aspects of Speech, Language, and Hearing pathway: A thesis is required.

Language Requirements n/a

REQUIRED COURSES

Speech–Language Pathology Pathway¹

Code	Title	Credits
Year 1, Fall Semester		
CS&D 503	Neural Mechanisms of Speech, Hearing and Language	3
CS&D 703	Language and Learning Disorders of Children	3
CS&D 706	Management and Assessment of Voice Disorders	3
CS&D 790	Practicum in Communicative Disorders	2
Year 1, Spring Semester		
CS&D 704	Acquired Language and Cognitive-Communication Disorders in Adults	3
CS&D 705	Motor Speech Disorders/Augmentative and Alternative Communication	3
CS&D 707	Swallowing Disorders (taken for 3 credits)	3
CS&D 709	Language Development and Disorders in School Age Populations: School Methods and Procedures	3
CS&D 790	Practicum in Communicative Disorders	2
Summer Semester		
CS&D 424	Sign Language I (optional elective)	
CS&D 713	Introduction to Medical Speech Pathology	1
CS&D 790	Practicum in Communicative Disorders	2
Year 2, Fall Semester		
CS&D 424	Sign Language I (optional elective)	
CS&D 708	Fluency and Phonological Disorders	3
CS&D 790	Practicum in Communicative Disorders (Advanced Practicum, optional)	
CS&D 791	School Practicum in Communication Sciences & Disorders	5
Year 2, Spring Semester		
CS&D 752	Capstone in Communication Sciences and Disorders: Integration of Clinical and Research Methods	3

CS&D 790	Practicum in Communicative Disorders (Advanced Practicum, optional)	
CS&D 791	School Practicum in Communication Sciences & Disorders	5

Total Credits **44**

¹ These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

Normal Aspects of Speech, Language, and Hearing (non-clinical) Pathway¹

A minimum of 33 credits and a thesis is required. While the curriculum is individually designed for the specific student, it includes many of the same academic courses as in the Speech-Language Pathology Pathway curriculum above. Students take CS&D 990 or CS&D 999 credits while completing the thesis.

Because an emphasis on Normal Aspects of Speech, Language, and Hearing does not include clinical practice, CS&D 791, CS&D 790, and CS&D 713 are not part of the curriculum.

¹ These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

No prior coursework from other institutions is allowed.

Undergraduate Credits Earned at Other Institutions or UW-Madison

On very rare occasions, up to 6 credits from a UW-Madison undergraduate degree are allowed to transfer toward the degree. If the courses are numbered 500 and above, the credits may transfer toward the overall graduate credit requirement; if the courses are numbered 700 or above, they may transfer toward both the minimum graduate degree requirement and minimum graduate coursework (50%) requirement.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a University Special Student at UW-Madison

No prior coursework from UW-Madison University Special career is allowed.

PROBATION

A student whose clinical performance in one semester received a grade of BC or C will be placed on clinical probation for their clinical practicum in the following semester. See details in the Graduate Program Handbook (link in Contact Information).

ADVISOR / COMMITTEE

Every graduate student is required to have an academic advisor. The MS-SLP Director serves as the academic advisor.

Students in the Normal Aspects of Speech, Language, and Hearing pathway are also required to have a thesis advisor.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

Refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (<https://osas.wisc.edu/>) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

OTHER

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

LEARNING OUTCOMES

- (Foundations of Practice) Possess foundational knowledge about basic human communication and swallowing processes.
- (Foundations of Practice) Identify sources and assemble evidence pertaining to questions or challenges in communication sciences and disorders.
- (Foundations of Practice) Articulate and critique the theories, research methods, and approaches in speech-language pathology.
- (Foundations of Practice) Integrate research principles into evidence-based clinical practice.
- (Foundations of Practice) Apply research findings in the provision of patient care.
- (Foundations of Practice) Communicate complex ideas in a clear and understandable manner.
- (Prevention, Identification and Assessment) Conduct screening and prevention procedures.
- (Prevention, Identification and Assessment) Perform chart review and collect case history from patient interviews and/or relevant others.
- (Prevention, Identification and Assessment) Select appropriate evaluation instruments/procedures.
- (Prevention, Identification and Assessment) Administer and score diagnostic tests correctly.
- (Prevention, Identification and Assessment) Adapt evaluation procedures to meet patient needs.
- (Prevention, Identification and Assessment) Possess knowledge of etiologies and characteristics for each communication and swallowing disorder.
- (Prevention, Identification and Assessment) Interpret and formulate diagnosis from test results, history, and other behavioral observations.
- (Prevention, Identification and Assessment) Make appropriate recommendations for intervention.
- (Prevention, Identification and Assessment) Complete administrative functions and documentation necessary to support evaluation.
- (Prevention, Identification and Assessment) Make appropriate recommendations for patient referrals.
- (Intervention) Develop appropriate treatment plans with measurable and achievable goals.
- (Intervention) Collaborate with clients/patients and relevant others in the planning process.
- (Intervention) Implement treatment plans.
- (Intervention) Select and use appropriate materials/instrumentation.
- (Intervention) Sequence tasks to meet objectives.
- (Intervention) Provide appropriate introduction/explanation of tasks.
- (Intervention) Measure and evaluate patients' performance and progress.
- (Intervention) Use appropriate models, prompts, or cues.
- (Intervention) Adapt treatment session to meet individual patient needs.
- (Intervention) Complete administrative functions and documentation necessary to support treatment.
- (Intervention) Identify and refer patients for services as appropriate.
- (Professional Conduct) Recognize and apply principles of ethical and professional conduct.
- (Professional Conduct) Apply skills for life-long learning.
- (Professional Conduct) Apply intercultural knowledge and competence in their practice.
- (Professional Conduct) Demonstrate teamwork and problem solving.
- (Professional Conduct) Possess knowledge of contemporary professional issues and advocacy.
- (Professional Conduct) Communicate effectively, recognizing the needs, values, preferred mode of communication, and cultural/linguistic background of the patient, family, caregiver, and relevant others.
- (Professional Conduct) Provide counseling and supportive guidance regarding communication and swallowing disorders to patients, family, caregivers, and relevant others.

PEOPLE

PROFESSIONAL CERTIFICATION/LICENSURE DISCLOSURE (NC-SARA)

The United States Department of Education (via 34 CFR Part 668 (<https://www.ecfr.gov/current/title-34/subtitle-B/chapter-VI/part-668/?toc=1>)) requires institutions that provide distance education to disclose information for programs leading to professional certification or licensure. The expectation is that institutions will determine whether each applicable academic program meets state professional licensure requirements and provide a general disclosure of such on an official university website.

Professional licensure requirements vary from state-to-state and can change year-to-year; they are established in a variety of state statutes, regulations, rules, and policies; and they center on a range of educational requirements, including degree type, specialized accreditation, total credits, specific courses, and examinations.

UW-Madison has taken reasonable efforts to determine whether this program satisfies the educational requirements for certification/licensure in states where prospective and enrolled students are located and is disclosing that information as follows.

Disclaimer: This information is based on the most recent annual review of state agency certification/licensure data and is subject to change. All students are strongly encouraged to consult with the individual/office listed in the Contact Information box on this page and with the applicable state agency for specific information.

The requirements of this program meet certification/licensure requirements in the following states:

Alabama, Alaska, Arizona, Arkansas, California, Colorado, Connecticut, Delaware, Florida, Georgia, Hawaii, Idaho, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Michigan, Minnesota, Mississippi, Missouri, Montana, Nebraska, Nevada, New Hampshire, New Jersey, New Mexico, New York, North Carolina, North Dakota, Ohio, Oklahoma, Oregon, Pennsylvania, Rhode Island, South Carolina, South Dakota, Tennessee, Texas, Utah, Vermont, Virginia, Washington, West Virginia, Wisconsin, Wyoming, District of Columbia, Guam, Puerto Rico, U.S. Virgin Islands

The requirements of this program do not meet certification/licensure requirements in the following states:

Not applicable

COMMUNICATION SCIENCES AND DISORDERS, PHD

The department offers graduate programs leading to the MS and PhD in communication sciences and disorders. An additional program in the department leads to the AuD in audiology. The graduate program provides the opportunity for study in the areas of audiology, speech-language pathology, hearing science, language science, and speech science. The purpose of the graduate program is to prepare clinicians, researchers, and teachers who possess a solid foundation in both the theoretical and applied aspects of the discipline of communication sciences and disorders.

The PhD program provides relevant classroom and laboratory experiences for the scholar-researcher interested in communication processes and communicative disorders. A student's academic program will consist of course work within the department and in related areas such as psychology, biology, linguistics, statistics, computer science, and education. Students completing the program will be prepared for careers as university professors, laboratory researchers, and senior clinicians.

Individual programs can be designed for students who wish to pursue professional training/clinical certification (in either speech-language pathology or audiology) and the PhD degree. Such students follow a modified sequence of course work, clinical training, and research experience in order to satisfy all academic and certification requirements in five to six years.

ADMISSIONS

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) of the Graduate School as well as the program(s).** Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	January 1
Spring Deadline	The program does not admit in the spring.
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment. Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/).

Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

The program is open to individuals who have completed an undergraduate degree and who meet the minimum admission requirements of the Graduate School and the department. Entering students who do not have undergraduate majors in communicative disorders will typically be required to take prerequisite course work, which may lengthen the time required to earn a graduate degree.

ADMISSIONS REQUIREMENTS

Applicants must meet the Graduate School's admission requirements, as well as department-specific requirements.

A minimum grade point average (GPA) of 3.0 (4.0=A); however, the students we accept into the program typically have much higher GPAs

Letters of Recommendation

These letters should address your potential for academic success in graduate school. At least two should come from instructors who have knowledge of your academic performance. The third may come from a clinical supervisor, employer, or other individual who has knowledge of your academic potential and likelihood for success in graduate school. Please submit **no more than three** letters of recommendation.

Reasons for Graduate Study

This is an opportunity for you to highlight experiences, related skills, and personal attributes which make you an exceptional candidate. 1-3 pages, single-spaced.

CV or Resume

Include honors and awards

Transcripts

Upload a copy of your unofficial transcripts. These show grades earned at every college or university you have attended, including study abroad. If admitted, the Graduate School will request official transcripts.

Supplemental Application

Fill out the supplemental application that is found in the online graduate school application.

English Proficiency Requirement

International degree-seeking applicants must prove English proficiency using the Graduate School's requirements (<https://grad.wisc.edu/apply/requirements/>).

NOTABLE ADVICE

- Submit all materials one week prior to deadline. Late and incomplete applications will not be considered.
- File your application early. Do not wait until you can gather all your materials. It is better to file early and send additional items as they become available.
- Track your application status. After submission of your application, you will receive a link to a personal web page where you can track your application status. We update this page as we receive your materials, usually within two weeks of receipt.

- For more information, review the UW–Madison Graduate School “Steps to Apply (<https://grad.wisc.edu/apply/>)” and “Admissions FAQ (<https://grad.wisc.edu/apply/#FAQ>)”.

FUNDING

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Financial assistance, sometimes available to graduate students in communication sciences and disorders, consists of scholarships, fellowships, traineeships, and project and research assistant positions. Financial assistance is very limited and varies from year to year. Students who are considering applying for financial aid should contact the department for further information.

PhD students typically receive funding in the form of research assistantships and work in their advisor's research lab.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

Requirement Detail

Minimum Credit Requirement 54 credits

Minimum Residence Credit Requirement 54 credits

Minimum Graduate Coursework Requirement 27 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: <https://policy.wisc.edu/library/UW-1244> (<https://policy.wisc.edu/library/UW-1244/>).

Overall Graduate GPA Requirement 3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: <https://policy.wisc.edu/library/UW-1203> (<https://policy.wisc.edu/library/UW-1203/>).

Other Grade Requirements n/a

Assessments and Examinations A First Project (a master's-thesis-level research paper; consult program for details) is required. Doctoral students are required to take a comprehensive preliminary/oral examination after they have cleared their record of all Incomplete and Progress grades (other than research and thesis). Deposit of the doctoral dissertation in the Graduate School is required.

Language Requirements None.

Graduate School Breadth Requirement All doctoral students are required to complete a doctoral minor or graduate/professional certificate. Refer to the Graduate School: Breadth Requirement in Doctoral Training policy: <https://policy.wisc.edu/library/UW-1200> (<https://policy.wisc.edu/library/UW-1200/>).

REQUIRED COURSES

The plan of study must encompass an area of specialization chosen from speech pathology, audiology, language disorders, and normal aspects of speech, hearing and language. Although there are no specific course requirements for the major, the study plan should be comprehensive in scope and should be tailored according to the student's research and academic needs. Students must also satisfy a core requirement by taking the following seminar/courses:

Code	Title	Credits
	Grant Writing	3
	Statistical Methods	9
	<i>Research Methodology (3 credits)</i>	
	This may include an independent study/directed readings course or a course from outside of the department focused broadly on something related to research methods, depending on the particular student interest.	
	Professional Seminar (Prosem)	8 (4 semesters)
	Student are expected to attend the weekly prosem lectures and attend any doctoral student discussion groups associated with the weekly lectures.	
	Training Methods	1

Teaching Requirement

The teaching requirement can be met by taking a 1-credit seminar taught within or outside the department, a 1-credit independent study with the advisor that involves lecturing or developing course materials or student projects, or an independent study with the major advisor that involves reading and discussing scholarly writings that concern teaching. The form of the teaching credit should be discussed with the major advisor and must have the advisor's approval.

Statistical Methods

All doctoral students are expected to become proficient in statistical methods. Students are required to complete at least 9 credits of statistical methods, which must also include a course on research methods or experimental design. Many students satisfy this requirement by taking courses in the Educational Psychology (ED PSYCH (http://guide.wisc.edu/courses/ed_psych/)) or the Statistics (STAT (<http://guide.wisc.edu/courses/stat/>)).

For instance, a rigorous and worthwhile statistics sequence could be STAT/F&W ECOL/HORT 571 Statistical Methods for Bioscience I and STAT/F&W ECOL/HORT 572 Statistical Methods for Bioscience II plus an experimental design class, such as ED PSYCH 762 Introduction to the Design of Educational Experiments.

Seminar

Code	Title	Credits
PhD Core Course Offerings		
CS&D 900	Seminar-Speech Science (4 semesters, 2 cr. each semester)	2
CS&D 900	Seminar-Speech Science (Grant Writing)	3
CS&D 999	Independent Studies (Teaching Methods)	1 or audit

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Undergraduate Credits Earned at Other Institutions or UW-Madison

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a University Special Student at UW-Madison

No prior coursework taken as a UW-Madison University Special student is allowed.

PROBATION

Refer to the Graduate School: Probation (<https://policy.wisc.edu/library/UW-1217/>) policy.

ADVISOR / COMMITTEE

When you are admitted as a doctoral student, you will choose an academic advisor who will serve as your sponsor and mentor for the duration of the program. You may change advisors at any time in the course of your program, provided you and your advisor agree on this.

Your academic advisor may be a regular faculty member in the Department of Communication Sciences and Disorders, or may be affiliate or joint faculty. If an affiliate faculty member is serving as your academic advisor, a regular faculty member must be assigned as your departmental contact to regularly review your progress and adherence to departmental requirements.

To ensure that students are making satisfactory progress toward a degree, the Graduate School expects them to meet with their advisor on a regular basis.

Students are required to submit an annual assessment of their progress to their advisor, which is then reviewed by the PhD Committee.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

Refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeedisabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (<https://osas.wisc.edu/>) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

OTHER

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

LEARNING OUTCOMES

1. (Foundations of Research) Possess foundational knowledge about the particular subject area of the chosen area, and be fully conversant with the classic and contemporary literature.
2. (Foundations of Research) Master data collection techniques specific to their chosen area of research.
3. (Foundations of Research) Fully conversant with the theoretical issues and tensions within their chosen area of research.
4. (Foundations of Research) Gain high-level knowledge and expertise in the statistical analysis of research data and graphical approaches to exploration of data sets.
5. (Foundations of Research) Communicate complex ideas in a clear and understandable manner.
6. (Dissertation) Design and execute an original experiment (or experiments) that clearly fills a gap in the existing literature and is worthy of publication(s) in peer-reviewed journals.
7. (Dissertation) Skill, experience, and knowledge base to defend the dissertation work to a committee of five faculty members.
8. (Professional Conduct) Design and conduct experiments.

9. (Professional Conduct) Formulate research questions that are based on sound analyses of existing literature, and that show evidence of logical argument.
10. (Professional Conduct) Understand how to examine data for patterns that are meaningful and patterns that reflect likely data collection errors.
11. (Professional Conduct) Write research proposals and learn to develop carefully argued proposals and explanations.
12. (Professional Conduct) Make presentations of their research at national and international conferences.
13. (Professional Conduct) Pass a summary exam (6 hours written, 2 hours oral) that admits them to candidacy for the PhD degree.

PEOPLE

PEOPLE

Information about faculty and staff can be found on the program's website (<https://csd.wisc.edu/peopleofCSD.htm>).

COMMUNITY AND ENVIRONMENTAL SOCIOLOGY

DEGREES/MAJORS, DOCTORAL MINORS, GRADUATE PROFESSIONAL/CERTIFICATES

- Community and Environmental Sociology, Doctoral Minor (p. 445)

COMMUNITY AND ENVIRONMENTAL SOCIOLOGY, DOCTORAL MINOR

The mission of the Department of Community and Environmental Sociology is to advance knowledge, teaching, and outreach concerning the relationships between human communities (where people live, work, and play) and their biophysical environment. Learning goals for a doctoral minor in community and environmental sociology are to:

1. Understand how social science arguments are constructed and evaluated;
2. Develop the ability to assess data quality and understand whether data are appropriate to answer specific questions; and
3. Learn general theories on basic social processes, especially those related to the relationships among society and the environment and the social organization of communities.

ADMISSIONS

ADMISSIONS

All Graduate School students must utilize the Graduate Student Portal in MyUW to add, change, or discontinue any doctoral minor. To apply to this minor, log in to MyUW, click on Graduate Student Portal, and then click on Add/Change Programs. Select the information for the doctoral minor for which you are applying.

For more information, contact the advisor listed in the contact box.

REQUIREMENTS

REQUIREMENTS

Students must complete 9 credits of graduate-level coursework. Students may enroll in any graduate-only courses (i.e., those numbered 700–999).

They may also enroll in any of the advanced graduate–undergraduate courses (i.e., those numbered 300–699) that are either specifically designed for graduate students or assess graduate students separately from undergrads. Such courses carry this designation in Course Search and Enroll: **Grad 50%: Y**. A maximum of 3 credits of independent study is allowed.

COMPUTER SCIENCES

DEGREES/MAJORS, DOCTORAL MINORS, GRADUATE/PROFESSIONAL CERTIFICATES

- Computer Sciences, Doctoral Minor (p. 445)
- Computer Sciences, MS (p. 446)
- Computer Sciences, PhD (p. 453)
- Data Engineering, MS (p. 457)

PEOPLE

PEOPLE

COMPUTER SCIENCES, DOCTORAL MINOR

ADMISSIONS

ADMISSIONS

Students planning to minor in computer sciences should consult with the department's Doctoral Minor Advisor.

All Graduate School students must utilize the Graduate Student Portal in MyUW to add, change, or discontinue any doctoral minor or graduate/professional certificate. To apply to this minor or certificate, log in to MyUW, click on Graduate Student Portal, and then click on Add/Change Programs. Select the information for the doctoral minor or graduate/professional certificate for which you are applying.

REQUIREMENTS

REQUIREMENTS

To obtain a doctoral minor, students must earn at least 9 credit hours in computer sciences courses, meeting the following requirements.

- All credits counted are for courses numbered 400 or above, excluding COMP SCI 400 Programming III
- At least 3 of the credits counted are for a course that involves a significant amount of programming in a structured language, such as C, C++, or Java. All courses that transitively depend on COMP SCI 400 Programming III meet this requirement.
- At least 3 of the credits counted focus on an area of COMP SCI not closely related to the student's major, as deemed by a member of the Graduate Advising Committee.
- At least 3 of the credits counted are for a course numbered 700 or above that is not an individual instruction course, was taught by a full time faculty member in COMP SCI, and for which the student received a grade on the A–F scale of at least B.
- At most 3 credits counted are for individual instruction courses, which are courses with a middle digit 9 that are intended for independent study or research.
- No credits counted are for thesis courses. These are courses with the last two digits 90 that are intended for thesis or project work.
- All credits counted have received a satisfactory grade.
- GPA of the credits counted is at least 3.00.
- No more than 5 credits counted are for coursework completed more than five years prior to admission to the PhD program; no credits counted are for coursework taken 10 years ago or more.

PEOPLE

PEOPLE

COMPUTER SCIENCES, MS

The Department of Computer Sciences (CS) offers a dynamic environment for study, research, and professional growth. We are one of the oldest and most respected computer science departments in the United States – in fact, the first PhD in computer science graduated from the department in 1965.

Today, CS is recognized as having leading innovative research groups in computer architecture, database systems, distributed and grid computing, and nonlinear optimization, among others. We are also one of three departments, with the Department of Statistics and the Information School, in the new School of Computer, Data & Information Sciences

(CDIS). With CDIS, we are creating more interdisciplinary research opportunities, expanding course offerings, and leading the computing revolution. We are firmly rooted in The Wisconsin Idea – that the university has a responsibility to use education for good, benefiting not just the UW–Madison community, but also the entire state of Wisconsin, the country, and the world.

Visit the department website (<https://www.cs.wisc.edu/>) for faculty interests, research activities, courses, and additional program information. Students may also be interested in other programs offered by the Department of Computer Sciences, including:

- Computer Sciences Master's Program (p. 448) (MS Computer Sciences: Computer Sciences): A research-oriented master's degree that prepares students for careers in industry research or for PhD level education in Computer Sciences.
- Professional Master's Program (p. 450) (MS Computer Sciences: Professional Program): This degree is designed for students who are primarily interested in a professional career as a computer scientist in a variety of industries.
- Data Engineering MS (p. 457): A master's program focused on principles and practices of managing large data sets.

ADMISSIONS

ADMISSIONS

Students apply to the Master of Science in Computer Sciences through one of the named options:

- Computer Sciences (p. 448)
- Professional Program (<https://guide.wisc.edu/graduate/computer-sciences/computer-sciences-ms/computer-sciences-professional-program-ms/>)

FUNDING

FUNDING GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Funding is offered to about half of the students to whom admission is offered. Funding is usually in the form of fellowships, teaching assistantships, or research assistantships. Because computer science skills are in demand, students who are admitted without funding are often able to find graduate assistantships on campus. The department website (<https://www.cs.wisc.edu/academics/graduate-programs/guidebook/financial-aid/>) provides information on funding options and offers suggestions for those who are admitted without department funding.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS CURRICULAR REQUIREMENTS

Requirement Detail

Minimum Credit Requirement 30 credits

Minimum Residence Credit Requirement 16 credits

Minimum Graduate Coursework Requirement 15 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: <https://policy.wisc.edu/library/UW-1244> (<https://policy.wisc.edu/library/UW-1244/>).

Overall Graduate GPA Requirement 3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: <https://policy.wisc.edu/library/UW-1203> (<https://policy.wisc.edu/library/UW-1203/>).

Other Grade Requirements No other grade requirements.

Assessments and Examinations None.

Language Requirements No language requirements.

REQUIRED COURSES

Select a Named Option (<https://guide.wisc.edu/graduate/computer-sciences/computer-sciences-ms/#NamedOptions>) for courses required.

NAMED OPTIONS

A named option is a formally documented sub-major within an academic major program. Named options appear on the transcript with degree conferral. Students pursuing the Master of Science in Computer Sciences must select one of the following named options:

View as listView as grid

- **COMPUTER SCIENCES: COMPUTER SCIENCES, MS (P. 448)**
- **COMPUTER SCIENCES: PROFESSIONAL PROGRAM, MS (P. 450)**

POLICIES

POLICIES

Students should refer to one of the named options for policy information:

- Computer Sciences (p. 448)
- Professional Program (<https://guide.wisc.edu/graduate/computer-sciences/computer-sciences-ms/computer-sciences-professional-program-ms/>)

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

PROGRAM RESOURCES

The Department of Computer Sciences hosts many professional development opportunities, including job fairs, workshops, seminars, talks, employer information sessions, mentoring, and student socials. The Department of Computer Sciences' student organizations, Student-ACM (SACM) and Women's ACM (WACM), are active partners in providing professional development opportunities for computer sciences graduate students.

LEARNING OUTCOMES

LEARNING OUTCOMES

1. Articulates, critiques, or elaborates the theories, research methods, and approaches to inquiry or schools of practice in the field of study.
2. Identifies sources and assembles evidence pertaining to questions or challenges in the field of study.
3. Applies design and development principles in the construction of software systems of varying complexity.
4. Applies foundational principles in practical applications.
5. Independently acquires, synthesizes and applies required information pertaining to challenges in computer science.
6. Communicates clearly in ways appropriate to the field of study.

PEOPLE

PEOPLE

Visit the CS website to view our department faculty (<https://www.cs.wisc.edu/people/faculty/>) and staff (<https://www.cs.wisc.edu/people/staff/>).

COMPUTER SCIENCES: COMPUTER SCIENCES, MS

This is a named option within the Computer Sciences MS. (p. 446)

Research specialty areas include artificial intelligence, computational biology, computer architecture, computer graphics, computer networks, computer security, database systems, human-computer interaction, numerical analysis, optimization, performance analysis, programming languages and compilers, systems research, and theoretical computer sciences. See the department website (<https://www.cs.wisc.edu/>) for faculty interests, research activities, courses, facilities, and degree requirements.

ADMISSIONS

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) of the Graduate School as well as the program(s).** Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 15
Spring Deadline	The program does not admit in the spring.
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required but may be considered if available.
English Proficiency Test	Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment. Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

Students with a strong background in computer sciences or a related field are encouraged to apply for admission. At a minimum, the applicant should have some programming experience, including courses in data structures and machine organization, and should have had a year of college-level mathematics at the calculus level or above. For more information on admissions, visit the department website (<https://www.cs.wisc.edu/graduate-admissions/>).

A submitted application (<https://grad.wisc.edu/apply/>) is required, consisting of:

- Resume/CV
- Statement of purpose
- Must complete the supplemental application sections
- Most up-to-date unofficial transcript(s) from all previous higher education institutions, regardless of whether or not a degree was earned (official transcripts are requested of only recommended applicants); international academic records must be in the original language accompanied by an official English translation
- Test scores and three letters of recommendation as detailed above

Contact admissions@cs.wisc.edu with questions about admissions in the traditional MS or the PhD programs.

Please see the Professional Program (p. 450) admission page for professional program admissions information.

FUNDING

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Funding is offered to about half of the students to whom admission is offered. Funding is usually in the form of fellowships, teaching assistantships, or research assistantships. Because computer science skills are in demand, students who are admitted without funding are often able to find graduate assistantships on campus. The department website (<https://www.cs.wisc.edu/academics/graduate-programs/guidebook/financial-aid/>) provides information on funding options and offers suggestions for those who are admitted without department funding.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

NAMED OPTION REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW–Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail

Minimum
Credit
Requirement 30 credits

Minimum
Residence
Credit
Requirement 16 credits

Minimum
Graduate
Coursework
Requirement 15 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: <https://policy.wisc.edu/library/UW-1244> (<https://policy.wisc.edu/library/UW-1244/>).

Overall
Graduate
GPA
Requirement 3.00 GPA required.
Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: <https://policy.wisc.edu/library/UW-1203> (<https://policy.wisc.edu/library/UW-1203/>).

Other Grade
Requirements No other grade requirements.

Assessments
and
Examinations None.

Language
Requirements No language requirements.

REQUIRED COURSES

24 credits must be Computer Sciences (COMP SCI (http://guide.wisc.edu/courses/comp_sci/)) courses numbered 400 or above. The following courses are not allowed to count toward these 24 credits:

- COMP SCI 400 Programming III
- seminar course (COMP SCI/B M E/B M I/BIOCHEM/CBE/GENETICS 915)
- individual instruction courses (COMP SCI 699, COMP SCI 799 and COMP SCI 899), and
- COMP SCI 702.

In addition, at least 15 of the 24 credits must be **Core Credits**, which are Computer Sciences (COMP SCI ([\[comp_sci/\]\(http://guide.wisc.edu/courses/comp_sci/\)\)\) courses numbered 700–889 graded on A–F scale with the following exclusions/qualifications:](http://guide.wisc.edu/courses/</p>
</div>
<div data-bbox=)

- COMP SCI 790 Master's Thesis normally counts towards core credit. In rare instances, the thesis supervisor or committee may (at the time of evaluation of the thesis work) designate credit awarded for COMP SCI 790 as ineligible for core credit; credit awarded under this scenario may still count towards the 24 qualifying Computer Sciences credits. Credit for COMP SCI 790 is provided as follows: (a) A student can obtain at most 3 credits, all for a project for which a report has been filed with the department and approved by at least one full-time Computer Science faculty member, or (b) the student can obtain at most 6 credits, for a master's thesis that has been submitted as a departmental tech report and approved by a properly formed thesis committee.
- Among the topics courses COMP SCI 758, COMP SCI 839 and COMP SCI 880, a maximum of one such course can be used as core credit.
- COMP SCI 838 is not allowed to count towards Core Credits.

The remaining 6 credits can be from any subject. COMP SCI/B M E/B M I/BIOCHEM/CBE/GENETICS 915 can be taken multiple times for credit.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

NAMED OPTION-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

No credits taken at other institutions are allowed to satisfy requirements.

Undergraduate Credits Earned at Other Institutions or UW–Madison

No credits from an other institution or UW–Madison undergraduate degree are allowed to satisfy requirements.

Credits Earned as a Professional Student at UW–Madison (Law, Medicine, Pharmacy, and Veterinary careers)

No credits from a UW–Madison Professional degree (Law, Medicine, Pharmacy, or Veterinary career) are allowed to satisfy requirements.

Credits Earned as a University Special Student at UW–Madison

With program approval, students are allowed to transfer no more than 15 credits of coursework numbered 300 or above taken as a UW–Madison University Special student. Of the 15 credits of allowable prior coursework, a maximum of 6 credits are allowed for courses numbered 300–399 and COMP SCI 400. Courses must have been taken post-baccalaureate. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

PROBATION

At the end of any regular (nonsummer) semester, a student is considered to be making satisfactory academic progress (SAP) if the following conditions are all satisfied:

- The student has completed at least 6 (if full load) or 3 (if part load) credits of approved courses during the semester.
- The student has removed all Incomplete grades from any previous regular semester or summer session.
- The student has passed any required exams and procedures within designated time limits.

Any graduate student who fails to make satisfactory academic progress (SAP) during two consecutive regular semesters (fall and spring, or spring and fall) will be dismissed from the department at the end of the subsequent summer session. Any graduate student who fails to make satisfactory academic progress (SAP) due to missed deadlines will be dismissed from the department at the end of the subsequent summer session.

ADVISOR / COMMITTEE

Students are advised by the Computer Sciences Graduate Advising Committee. These advisors must formally approve the student's initial course plan, and the courses taken each semester.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

Refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

COMPUTER SCIENCES: PROFESSIONAL PROGRAM, MS

This is a named option with the Computer Sciences MS. (p. 446)

The program is designed such that working professionals can complete the program and earn an MS degree within two years. Professional Master's students can take coursework in many areas: artificial intelligence, computational biology, computer architecture, computer graphics, computer networks, computer security, database systems, human-computer interaction, numerical analysis, optimization, performance analysis, programming languages and compilers, systems research, and theoretical computer sciences. The Professional Program's committee advises all computer sciences MS students in the Professional Master's Program. See the department website (<https://www.cs.wisc.edu/>) for

faculty interests, research activities, courses, facilities, and degree requirements.

ADMISSIONS

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) of the Graduate School as well as the program(s).** Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	February 15
Spring Deadline	December 1*
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Not Required.
English Proficiency Test	Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment. Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

* Spring application is only open to pre-admitted Plus One Pathway applicants.

Applicants with a strong background in computer sciences or a related field are encouraged to apply for admission. At a minimum, the applicant should have some programming experience, including courses in data structures and machine organization, and should have a year of college-level mathematics at the calculus level or above. Applicants are evaluated based on their previous academic record, letters of recommendation, and a personal statement. All applications must be submitted online. For more information on admissions, visit the department website (<http://www.cs.wisc.edu/academics/graduate-programs/professional-masters/apply/>).

FUNDING

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM INFORMATION

Students enrolled in this program are not eligible to receive tuition remission from graduate assistantship appointments at this institution.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

NAMED OPTION REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW-Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail

Minimum Credit Requirement 30 credits

Minimum Residence Credit Requirement 16 credits

Minimum Graduate Coursework Requirement	15 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/).
Overall Graduate GPA Requirement	3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	No other grade requirements.
Assessments and Examinations	None.
Language Requirements	No language requirements.

REQUIRED COURSES

To obtain the MS degree, students in the Computer Sciences: Professional Master's Program (PMP) must complete a minimum of 30 credits distributed as follows:

- Fifteen credits must be received for core graduate-level courses: Computer Sciences (COMP SCI (http://guide.wisc.edu/courses/comp_sci/)) courses numbered 700-889. Students in the program who enroll in instances of COMP SCI 838, COMP SCI 839, or COMP SCI 880 must verify with the Professional Program Committee that the courses will satisfy program credit requirements.
- COMP SCI 799 Master's Research, COMP SCI 790 Master's Thesis (in case the student elects to write a Master's thesis), and COMP SCI 702 Graduate Cooperative Education can be taken for a combined total of at most six credits for the degree, and may only count in the 15 core credit requirement. COMP SCI 799, COMP SCI 790, and COMP SCI 702 courses taken beyond six credits do not count towards the required degree credits. COMP SCI 702 can be taken a total of two times.
- All remaining credits must be received for Computer Sciences (COMP SCI (http://guide.wisc.edu/courses/comp_sci/)) courses numbered 400 or higher.
- COMP SCI 900 Advanced Seminar in Computer Science and COMP SCI/B M E/B M I/BIOCHEM/CBE/GENETICS 915 Computation and Informatics in Biology and Medicine can be taken for a combined total of at most three credits and count towards the remaining credits received for Computer Sciences (COMP SCI (http://guide.wisc.edu/courses/comp_sci/)) courses numbered 400 or higher.
- COMP SCI 699 does not count toward program requirements. Students in the program are expected to enroll in COMP SCI 799 for research credits, if desired.

More details about the sample course plan that allows a working professional to complete the PMP in two years, see the department website (<http://www.cs.wisc.edu/academics/graduate-programs/professional-masters/requirements/>).

Students in this program may not take courses outside the prescribed curriculum without faculty advisor and program director approval. Students in this program cannot enroll concurrently in other undergraduate or graduate degree programs.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

NAMED OPTION-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

This program does not accept graduate transfer credits from other institutions.

Undergraduate Credits Earned at Other Institutions or UW-Madison

With program approval, students are allowed to transfer no more than 7 credits from a UW-Madison undergraduate degree. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements. This program does not accept undergraduate credits from other institutions.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a University Special Student at UW-Madison

With program approval, students are allowed to transfer no more than 14 credits of Computer Sciences coursework numbered 400 or above taken as a UW-Madison University Special student. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

PROBATION

At the end of any regular (non-summer) semester, a student is considered to be making satisfactory academic progress (SAP) if the following conditions are all satisfied:

- The student has completed at least 6 (if full load) or 3 (if part load) credits of approved courses during the semester.
- The student has removed all Incomplete grades from any previous regular semester or summer session.
- The student has passed any required exams and procedures within designated time limits.

Any graduate student who fails to make satisfactory academic progress (SAP) during two consecutive regular semesters (fall and spring, or spring and fall) will be dismissed from the department at the end of the subsequent summer session. Any graduate student who fails to make satisfactory academic progress (SAP) due to missed deadlines (criterion 3 above) will be dismissed from the department at the end of the subsequent summer session.

ADVISOR / COMMITTEE

A member of the Professional Programs Committee must formally approve all graduate schedules each semester.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

Refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeeabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (<https://osas.wisc.edu/>) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

OTHER

Information on the Professional Master's Program is available on the Computer Sciences graduate degrees and programs page (<http://www.cs.wisc.edu/pmp/>).

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

PROGRAM RESOURCES

The Department of Computer Sciences hosts many professional development opportunities, including job fairs, workshops, seminars, talks, employer information sessions, mentoring, and student socials. The Department of Computer Sciences' student organizations, Student-ACM (SACM) and Women's ACM (WACM), are active partners in providing professional development opportunities for computer sciences graduate students.

PEOPLE

PEOPLE

Visit the CS website to view our department faculty (<https://www.cs.wisc.edu/people/faculty/>) and staff (<https://www.cs.wisc.edu/people/staff/>).

COMPUTER SCIENCES, PHD

The Department of Computer Sciences offers the master of science (p. 446) and doctor of philosophy degrees in computer sciences. Research specialty areas include artificial intelligence, computational biology, computer architecture, computer graphics, computer networks, computer security, database systems, human-computer interaction, numerical analysis, optimization, performance analysis, programming languages and compilers, systems research, and theoretical computer sciences. The department's Graduate Advising Committee (GAC) advises all computer sciences graduate students except students who are in dissertator status. See the department website (<https://www.cs.wisc.edu/>) for faculty interests, research activities, courses, facilities, and degree requirements.

ADMISSIONS

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) of the Graduate School as well as the program(s).** Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 15
Spring Deadline	The program does not admit in the spring.
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required but may be considered if available.
English Proficiency Test	Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment. Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

Applicants with a strong background in computer sciences or a related field are encouraged to apply for admission. At a minimum, the applicant should have some programming experience, including courses in data structures and machine organization, along with a year of college-level mathematics at the calculus level or above. For more information on admissions, visit the department website (<https://www.cs.wisc.edu/graduate-admissions/>).

A submitted online application (<https://grad.wisc.edu/apply/>) is required, consisting of:

- Resume/CV
- Statement of purpose
- Complete supplemental application sections
- Most up-to-date unofficial transcript(s) from all previous higher education institutions, regardless of whether or not a degree was earned (official transcripts are requested of only recommended applicants); international academic records must be in the original language accompanied by an official English translation.
- Test scores and three letters of recommendation as detailed above

Contact admissions@cs.wisc.edu with questions about admissions in the traditional MS or the PhD programs.

FUNDING

FUNDING GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Funding is offered to about half of the students to whom admission is offered. Funding is usually in the form of fellowships, teaching assistantships, or research assistantships. Because computer science

skills are in demand, students who are admitted without funding are often able to find graduate assistantships on campus. The department website (<https://www.cs.wisc.edu/academics/graduate-programs/guidebook/financial-aid/>) provides information on funding options and offers suggestions for those who are admitted without department funding.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS MODE OF INSTRUCTION

Face to Face	Evening/Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW-Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement	Detail
Minimum Credit Requirement	51 credits
Minimum Residence Credit Requirement	32 credits
Minimum Graduate Coursework Requirement	26 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/).
Overall Graduate GPA Requirement	3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).

Other Grade Requirements of at least AB. All required qualifying breadth courses must have a grade of at least AB.

Assessments and Examinations Doctoral students must complete a qualifying process, a preliminary examination, and a dissertation requirement. The qualifying process includes both completion of "qualifying breadth courses" (see Required Courses, below) as well as satisfactory completion of a depth examination in a selected focus area. The preliminary examination is an oral examination demonstrating depth of knowledge in the area of specialization in which research for the dissertation will be conducted. The dissertation requirement consists of conducting a substantial piece of original research in computer science, reporting it in a dissertation that meets the highest standards of scholarship, and explaining and defending the contents of the dissertation in a final oral examination and defense.

Language Requirements No language requirements.

Graduate School Breadth Requirement All doctoral students are required to complete a doctoral minor or graduate/professional certificate. Refer to the Graduate School: Breadth Requirement in Doctoral Training policy: <https://policy.wisc.edu/library/UW-1200> (<https://policy.wisc.edu/library/UW-1200/>).

REQUIRED COURSES

Additional Qualifying Breadth Courses Requirement

PhD students must take one course from each of the bands 1, 2, 3 and 4 listed below. Two of the four courses used to satisfy this requirement must be numbered 700 or above; the remaining two courses must be numbered 500 above. Grades in all courses used for breadth must be at least AB. COMP SCI 839 may satisfy breadth in the band declared by the course instructor at the time of course offering.

One course taken as a graduate student at another institution may satisfy breadth. A request for this must be made in writing to the faculty member designated to approve equivalence for the respective course on the breadth list. The request should indicate the corresponding UW–Madison course, include a transcript showing a grade equivalent to AB or better, a course syllabus and description.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

Subject to faculty approval, one graduate course taken elsewhere may be used for breadth. Other than that, no credits of graduate coursework from other institutions are allowed to satisfy requirements.

Undergraduate Credits Earned at Other Institutions or UW-Madison

No credits from a UW-Madison undergraduate degree are allowed to satisfy requirements.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a University Special student at UW-Madison

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

PROBATION

At the end of any regular (non-summer) semester, a student is considered to be making satisfactory academic progress (SAP) if the following conditions are all satisfied:

- Before achieving dissertator status: the student has completed at least 6 (if full load) or 3 (if part load) credits of approved courses during the semester.
- After achieving dissertator status: the student has satisfactorily completed at least three credits of courses approved by the student's major professor.
- The student has removed all Incomplete grades from any previous regular semester or summer session.
- The student has passed any required exams and procedures within designated time limits.

Any graduate student who fails to make satisfactory academic progress (SAP) during two consecutive regular semesters (fall and spring, or spring and fall) will be dismissed from the department at the end of the subsequent summer session. Any graduate student who fails to make satisfactory academic progress (SAP) due to missed deadlines will be dismissed from the department at the end of the subsequent summer session.

ADVISOR / COMMITTEE

A member of the graduate advising committee must formally approve all graduate schedules each semester until a student is in dissertator status.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

Students must pass the qualifying process by the end of the sixth semester.

The preliminary exam must be taken within two regular (non-summer) semesters after the deadline for the qualifying exam.

Refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeedisabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (<https://osas.wisc.edu/>) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

PROGRAM RESOURCES

The Department of Computer Sciences hosts many professional development opportunities, including job fairs, workshops, seminars, talks, employer information sessions, mentoring, and student socials. The

Department of Computer Sciences' student organizations, Student-ACM (SACM) and Women's ACM (WACM), are active partners in providing professional development opportunities for computer sciences graduate students.

LEARNING OUTCOMES

LEARNING OUTCOMES

1. Articulates research problems, potentials, and limits with respect to theory, knowledge, or practice within the field of study.
2. Formulates ideas, concepts, designs, and/or techniques beyond the current boundaries of knowledge within the field of study.
3. Creates research, scholarship, or performance that makes a substantive contribution.
4. Demonstrates breadth within their learning experiences.
5. Advances contributions of the field of study to society.
6. Communicates complex ideas in a clear and understandable manner.
7. Fosters ethical and professional conduct.

PEOPLE

PEOPLE

DATA ENGINEERING, MS

The Department of Computer Sciences (CS) offers a dynamic environment for study, research, and professional growth.

The MS in Data Engineering program focuses on the principles and practices of managing data at scale. It emphasizes the valid and efficient collection, storage, management, and processing of datasets to support computation and data driven systems important to data science and data analytics functions. Given the increasing amounts of data being generated and processed daily, almost all industries need data engineers to build and maintain robust data-handling systems. There is a strong workforce demand for data engineering expertise.

Visit the department website (<https://www.cs.wisc.edu/>) for faculty interests, research activities, courses, and additional program information. Students may also be interested in other programs offered by the Department of Computer Sciences, including:

- Computer Sciences Master's Program (p. 448) (MS Computer Sciences: Computer Sciences): A research-oriented master's degree that prepares students for careers in industry research or for PhD level education in Computer Sciences.
- Professional Master's Program (p. 450) (MS Computer Sciences: Professional Program): This degree is designed for students who are primarily interested in a professional career as a computer scientist in a variety of industries.

ADMISSIONS

ADMISSIONS

Machine Learning Requirement: Select a minimum of 2 courses from the list below.		6
COMP SCI 540	Introduction to Artificial Intelligence	
COMP SCI/ E C E 760	Machine Learning	
COMP SCI 762	Advanced Deep Learning	
STAT 451	Introduction to Machine Learning and Statistical Pattern Classification	
STAT 453	Introduction to Deep Learning and Generative Models	
STAT 615	Statistical Learning	
Algorithms Requirement: Select a minimum of one class from below.		3
COMP SCI/E C E/ I SY E 524	Introduction to Optimization	
COMP SCI 577	Introduction to Algorithms	
COMP SCI/I SY E/ MATH/STAT 726	Nonlinear Optimization I	
Systems Requirement: Select a minimum of one class from below.		3
COMP SCI 407	Foundations of Mobile Systems and Applications	
COMP SCI 537	Introduction to Operating Systems	
COMP SCI 564	Database Management Systems: Design and Implementation	
COMP SCI 640	Introduction to Computer Networks	
COMP SCI/ E C E 707	Mobile and Wireless Networking	
COMP SCI 740	Advanced Computer Networks	
Humans and Data Requirement: Select a minimum of one class from below.		3
COMP SCI 765	Data Visualization	
COMP SCI/ ED PSYCH/ PSYCH 770	Human-Computer Interaction	
Approved Electives: Select any course from above or from the list below.		3
COMP SCI 642	Introduction to Information Security	
COMP SCI 702	Graduate Cooperative Education ¹	
COMP SCI 790	Master's Thesis ¹	
COMP SCI 799	Master's Research ¹	
COMP SCI 900	Advanced Seminar in Computer Science ¹	

STAT 611	Statistical Models for Data Science
STAT 612	Statistical Inference for Data Science
STAT 613	Statistical Methods for Data Science

Total Credits **30**

¹ COMP SCI 799 Master's Research, COMP SCI 790 Master's Thesis, COMP SCI 702 Graduate Cooperative Education, and COMP SCI 900 Advanced Seminar in Computer Science can be taken for a combined total of at most three elective credits.

- Courses used as an elective cannot also be used to fulfill data engineering fundamentals requirements or breadth requirements for machine learning, algorithms, systems, and humans and data.

Students in this program may not take courses outside the prescribed curriculum without faculty advisor and program director approval. Students in this program cannot enroll concurrently in other undergraduate or graduate degree programs.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

This program does not accept graduate transfer credits from other institutions.

Undergraduate Credits Earned at Other Institutions or UW-Madison

With program approval, up to 7 STAT credits from a UW-Madison undergraduate degree are allowed to transfer for minimum graduate degree credits. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements. This program does not accept undergraduate transfer credits from other institutions.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a University Special student at UW-Madison

With program approval, up to 15 STAT credits completed at UW-Madison while a University Special student numbered 300 or above are allowed to transfer for minimum graduate degree requirements. Of these credits, those numbered 700 or above may also transfer for the minimum graduate coursework (50%) requirement. Coursework earned ten or more

years prior to admission to a master's degree is not allowed to satisfy requirements.

PROBATION

Refer to the Graduate School: Probation (<https://policy.wisc.edu/library/UW-1217/>) policy.

ADVISOR / COMMITTEE

Students are required to communicate with their advisor near the beginning of each semester to discuss course selection and progress.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

This program follows the Graduate School's Time Limits policy (<https://policy.wisc.edu/library/UW-1221/>).

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeeabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (<https://osas.wisc.edu/>) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

OTHER

Not applicable.

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

PROGRAM RESOURCES

The Department of Computer Sciences hosts many professional development opportunities, including job fairs, workshops, seminars, talks, employer information sessions, mentoring, and student socials. The Department of Computer Sciences' student organizations, Student-ACM (SACM) and Women's ACM (WACM), are active partners in providing professional development opportunities for computer sciences graduate students.

LEARNING OUTCOMES

LEARNING OUTCOMES

1. Design, implement and evaluate the use of analytic algorithms on sample datasets.
2. Explain how a machine-learning model is developed for and evaluated on real world datasets.
3. Design and execute experimental data collection and processing, and present resulting analyses using best practices in human-centered data communications.
4. Apply and customize analytics, systems and human-centered techniques to application-specific data engineering requirements and objectives.
5. Identify tradeoffs among data engineering techniques (analytics, systems and/or human-centered) and contrast design alternatives, within the context of specific data engineering application domains.
6. Survey, interpret and comparatively criticize state of the art data engineering research talks and papers, with emphasis on constructive improvements.
7. Organize, execute, report on, and present a real world data engineering project in collaboration with other researchers/programmers.

PEOPLE

PEOPLE

Visit the CS website to view our department faculty (<https://www.cs.wisc.edu/people/faculty/>) and staff (<https://www.cs.wisc.edu/people/staff/>).

COUNSELING PSYCHOLOGY

DEGREES/MAJORS, DOCTORAL MINORS, GRADUATE/PROFESSIONAL CERTIFICATES

DEGREES/MAJORS, DOCTORAL MINORS, GRADUATE/PROFESSIONAL CERTIFICATES

- Bilingual Psychological Services: Esperanza, Graduate/Professional Certificate (p. 461)
- Counseling Psychology, Doctoral Minor (p. 462)
- Counseling Psychology, PhD (p. 463)
- Counseling, MS (p. 470)

PEOPLE

PEOPLE

Faculty: Professors Thompson (Chair), Gloria, and Quintana; Associate Professors Budge, Goldberg, and Wright; Assistant Professors Frost and Kim; Faculty Associate Lotta; Clinical Associate Professor Graham; Clinical Assistant Professors Ramirez Stege and Her.

Graduate Program Manager: Andrea Burdick. (ampalm@wisc.edu)
Department Administrator: Nancy Jaeckle (nejaeckle@wisc.edu)

BILINGUAL PSYCHOLOGICAL SERVICES: ESPERANZA, GRADUATE/PROFESSIONAL CERTIFICATE

This certificate develops foundational knowledge as well as practical skills for graduate students in Counseling, School or Rehabilitation Psychology programs in the School of Education or other health-related professions such as Social Work, Nursing, Family Medicine and Public Health to be able to provide psychological services to Spanish-speaking and bilingual (SsB) clients and community members. It involves coursework focused on Latinx/e mental health and wellbeing, microskills training to communicate bilingually, and support for case management as well as adapting extant services for SsB communities. The certificate curriculum and training are grounded in anti-racist, liberation, and decolonization frameworks to promote social justice and healing that engages radical hope for change in Latinx/e communities and expands the workforce capacity to provide linguistically responsive and culturally affirming mental health services.

ADMISSIONS

ADMISSIONS

APPLICATIONS TO THE CERTIFICATE IN BILINGUAL PSYCHOLOGICAL SERVICES: ESPERANZA

Applications must be submitted by the first Monday of November.

The certificate director reviews applications and notifies students of acceptance during the second week of November.

Application Process

For admission into the Esperanza certificate, students must:

1. Be enrolled in a graduate program in Counseling, School, or Rehabilitation Psychology or other health-related field (e.g., Social Work, Nursing, Family Medicine and Public Health).
2. Demonstrate advanced Spanish proficiency on the ACTFL Proficiency Placement Test (<https://www.languageTesting.com/actfl-proficiency-placement-test-appt/>).
3. Complete and submit the application form to the Director of the Esperanza certificate with the following information:
 - a. Name and graduate program
 - b. Documented Spanish-language proficiency
 - c. Letter of support from the student's academic advisor
 - d. Course workload and timeline of how Esperanza certificate fits student's schedule
 - e. 500-word application essay written in Spanish addressing the reasons why the student wants to complete the Esperanza certificate; professional and personal goals; and professional and/or personal experience in the Spanish language
 - f. Access the application form on the certificate's webpage here (<https://esperanza.wisc.edu/apply-now/>).
4. In addition to the steps outlined above, all Graduate School students must utilize the Graduate Student Portal in MyUW to add, change, or discontinue any graduate/professional certificate. To apply to this certificate, log in to MyUW, click on Graduate Student Portal, and then click on Add/Change Programs. Select the information for the certificate for which you are applying. Professional students in the careers of Law, Medicine, Pharmacy, and Veterinary cannot add the certificate in the Graduate Student Portal, and should contact the program for more information.

REQUIREMENTS

REQUIREMENTS

Students must maintain an average GPA of 3.0. Students interested in improving their Spanish language skills may take SPANISH 319 Topics in Spanish Language Practice while enrolled in the Esperanza Certificate.

FOUNDATIONAL COURSES

Code	Title	Credits
Spring I		
COUN PSY 500	Radical Healing and Ethics of Bilingual Latinx Training	1

Summer I

COUN PSY/ CHICLA 525	Dimensions of Latin@ Mental Health Services	3
COUN PSY 550	Strengthening Latinxs	3
Fall I		
COUN PSY 575	Latinx Foundational Practicum: Case Conceptualization	1
Spring II		
COUN PSY 580	Latinx Advanced Practicum: Treatment Planning & Interventions	1
Total Credits		9

The profession of counseling psychology uses an inclusive definition of multiculturalism (i.e., a range of individual cultural differences including, but not limited to, race/ethnicity, gender, sexual orientation, disability, class status). In doing so, the complexity of diversities and influence of oppressions and saliencies of multiple cultures can be addressed. Students in counseling psychology are trained to apply a tripartite framework of personal identity in which individual, group, and universal levels are considered. Drawing from such a holistic framework permits the simultaneous attention and address of unique processes, cultural differences and similarities, and universal experiences, while recognizing the influence of social conditioning, sociopolitical forces and context, and institutional processes. This emphasis on respect for diversity and competence to bridge cultural divides is consistent with the core values of counseling psychology, and has implications for the roles and mutual obligations of trainers and trainees in counseling psychology programs.

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

LEARNING OUTCOMES

1. Develop awareness of the social, cultural, spiritual, linguistic, political and historical features that influence mental health work with Latinxs
2. Become knowledgeable about the theoretical and philosophical foundations of Latinx psychology
3. Understand the structural, environmental and social determinants of health that influence the development and maintenance of health disparities among Latinxs
4. Develop cultural and linguistic competency in providing psychotherapeutic interventions to Latinxs across the lifespan
5. Demonstrate the ability to conceptualize and implement culturally grounded approaches to mental health care with Latinxs

PEOPLE

PEOPLE

Faculty: Professors Thompson (Chair), Gloria, and Quintana; Associate Professors Budge, Goldberg, and Wright; Assistant Professors Frost and Kim; Faculty Associate Lotta; Clinical Associate Professor Graham; Clinical Assistant Professors Ramirez Stege and Her.

Graduate Program Manager: Andrea Burdick (ampalm@wisc.edu)
Department Administrator: Nancy Jaeckle (nejaeckle@wisc.edu)

COUNSELING PSYCHOLOGY, DOCTORAL MINOR

The minor in counseling psychology is in alignment with a scientist-practitioner model of training, which emphasizes the integration of counseling and psychological theory and practice along with development of research skills in the domains encompassed by counseling psychology.

ADMISSIONS

ADMISSIONS

DECLARATION OF DOCTORAL MINOR

All graduate students must utilize the Graduate Student Portal in MyUW to add, change, or discontinue any doctoral minor. To apply to the Counseling Psychology doctoral minor, please log in to MyUW, click on Graduate Student Portal, and then click on Add/Change Programs. Select the information for the doctoral minor for which you are applying. The graduate program manager will review your application for admittance, and contact the student regarding the next steps (below).

Minor Form

Students must complete a doctoral minor form listing their plan of study. Students are encouraged to declare the doctoral minor prior to completing coursework.

If the student has selected a faculty member from the Counseling Psychology faculty to be their doctoral minor advisor, the form should be signed by them. If no specific faculty member has been selected, the form may be submitted to the graduate program manager in room 335B, who will then forward the request to the department chair for approval.

Following the signature of the Counseling Psychology doctoral minor advisor or department chair, the student must then obtain the signature of their home department advisor. The completed form with all signatures must be submitted to the doctoral minor graduate program manager.

REQUIREMENTS

REQUIREMENTS REQUIRED COURSES

Students must meet the following requirements:

- Complete a minimum of 12 credits in graduate-level Counseling Psychology (COUN PSY (http://guide.wisc.edu/courses/coun_psy/)) courses.
- Coursework can include both those courses typically taken by Counseling MS (<http://guide.wisc.edu/graduate/counseling-psychology/counseling-psychology-ms/#requirements>) students as well as Counseling Psychology PhD (p. 464) students. However, in all cases, the focus of the coursework should be content-based, not practicum-based.

- Earn a grade of at least a B in each course applied to the doctoral minor.
 - All coursework must be taken on a graded basis; pass/fail and audited courses cannot be used.
- All coursework must be completed at UW–Madison during the student’s time in their current graduate program. Any exceptions to this will require the advance approval of the doctoral minor advisor or department chair.

Independent Study and Research Courses

- A maximum of 3 credits of independent study (e.g., 699, 799) may be towards doctoral minor requirements.
- Research (990) cannot be used to satisfy doctoral minor requirements.

PEOPLE

PEOPLE

Faculty: Professors Thompson (Chair), Gloria, and Quintana; Associate Professors Budge, Goldberg, and Wright; Assistant Professors Frost and Kim; Faculty Associate Lotta; Clinical Associate Professor Graham; Clinical Assistant Professors Ramirez Stege and Her.

Graduate Program Manager: Andrea Burdick. (ampalm@wisc.edu)
Department Administrator: Nancy Jaeckle (nejaeckle@wisc.edu)

COUNSELING PSYCHOLOGY, PHD

The APA-accredited doctoral program in counseling psychology is based on the scientist/practitioner model of professional psychology and integrates counseling and psychological theory, scientific inquiry, and supervised practice. Counseling psychology is a psycho-educational specialty in which practitioners help others to improve their well-being, alleviate their distress, resolve their crises, and increase their ability to solve problems and make decisions. Counseling psychologists apply systematic, research-based approaches to help themselves and others understand and develop solutions to problems that are educational, vocational, emotional, social, cultural, health-related, or developmental in nature.

The UW–Madison program places special emphasis on multicultural competence and social justice, integration of research and practice, and preparation for ethical and professional conduct as either a researcher, teacher, or practitioner. The theoretical orientation of the program is best described as eclectic. Coursework emphasizes the research base of counseling psychology and students are expected to involve themselves in faculty research. All students complete a one-year, full-time pre-doctoral internship as a culminating training experience. The planned length of the program for students entering with a master’s degree (post-MA track) is five years, although students may opt to take additional time depending on academic background and career objectives.

The department also admits a small number of students to a post-BA track. These students apply to the PhD program at the completion of their undergraduate degree and are required to integrate coursework and professional practice training at the master’s level, as well as introductory doctoral coursework, during the first two years of study. Students admitted to the post-BA track typically have excellent academic records

and experiences that demonstrate high levels of both helping skills and research skills prior to admissions. The planned length of the post-BA track is six years, although actual completion times will vary depending on student needs and career goals.

The mission of the counseling psychology PhD program is to train health service psychologists who are skillful in research and intervention with diverse populations, who integrate science and practice into their professional roles, and who uphold high ethical and professional standards as psychologists. Program graduates are broadly prepared for a number of professional roles, including direct service, research, teaching, clinical supervision, and program design and evaluation.

The PhD program is accredited by the American Psychological Association. For further information on accreditation, contact APA’s Office of Program Consultation and Accreditation, 750 First Street NE, Washington, DC 20002-4242; 202-336-5979; apaaccred@apa.org.

LICENSURE AS A PSYCHOLOGIST

Graduates of the PhD program are eligible for licensure to practice psychology. Licensure requirements differ by state, and currently most states require additional supervised practice post-PhD. All states require passage of the national licensure examination (the Examination for Professional Practice of Psychology or EPPP), and most states also have state-specific written and oral examinations. Links to descriptions of licensure requirements by state may be obtained from the website of the Association of State and Provincial Psychology Boards (<http://www.asppb.net/>).

ADMISSIONS

ADMISSIONS

Please consult the table below for key information about this degree program’s admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program’s website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) of the Graduate School as well as the program(s).** Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 1
Spring Deadline	The program does not admit in the spring.
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Required.
English Proficiency Test	Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment. Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/).

Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

Many students who apply to and are enrolled in the PhD program have earned a master's degree (post-MA in counseling or a related field). However, we also offer a "Post-BA" track within our PhD program for highly qualified students who have not yet earned a master's degree in a counseling-related field and wish to apply directly to a PhD program. Having a "Post-BA" track allows us to accept qualified applicants to the PhD program who may have work, volunteer, or research experience in counseling or a related profession, have exhibited a passion for helping others, and/or possess a master's degree in a non-counseling field. Admission to the program is highly competitive. Applicants are responsible for collecting, assembling, and submitting all the pieces of the application by the deadline. Applicants must upload materials to the online application.

Several informational meetings are hosted each fall by the department. A schedule of meetings and other information can be found on the Information for Prospective PhD Applicants (<https://counselingpsych.education.wisc.edu/cp/phd-program/for-prospective-phd-applicants/>) page.

Questions can be directed to the Student Services Coordinator. See the People tab (p. 475) for contact information.

APPLICANTS WITHOUT A MASTER'S DEGREE IN COUNSELING OR RELATED FIELD

The program accepts applications from applicants without a master's degree in counseling. An undergraduate degree in Psychology is recommended. Applicants without a Psychology degree but with substantial undergraduate coursework in introductory psychology and statistics may be considered.

Information and application instructions are found on the program website (<https://counselingpsych.education.wisc.edu/academics/phd-in-counseling-psychology/information-for-phd-applicants/>).

FUNDING

FUNDING GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Incoming PhD students will be guaranteed five years of funding. For post-MA students, the fifth year may be covered by the funding students receive through their predoctoral internship, which is administered by a different institution. Funding is through a combination of fellowships and graduate assistantships, usually either teaching or research (usually termed "project" assistantships) -- either in the Department of Counseling Psychology or in other university departments. Assistantship

appointments are at the 50% level (equating to 20 hours per week) for the 9-month academic year. Summer funding is available but not guaranteed.

Department assistantships are assigned through a competitive application process each spring. Admitted students (non-fellows) are included in the process the spring before they start in the program. Students are encouraged to also apply for graduate assistantships outside the department, and most obtain at least some of their support in other departments or units on campus during their time in the program.

Currently, all graduate assistantships and fellowships include tuition remission and health benefits.

Fellowships

- Students may be eligible for an Ed-GRS fellowship. Ed-GRS is a community of first-generation students and ethnically underrepresented students who are receiving an Advanced Opportunity Fellowship (AOF) in the School of Education. In addition to tuition remission, monthly stipend, and health care benefits, the program strives to assist our fellows with first-year transition, community building, and professional development opportunities. The department nominates top eligible candidates for Ed-GRS automatically--no additional application materials are needed from the applicant. More information about AOFs can be found on their website (<https://grad.wisc.edu/currentstudents/academics/grs/>).
- Racial and ethnic minority students are encouraged to apply for the American Psychological Association Minority Fellowship Program. Information is available on their website (<http://www.apa.org/pi/mfp/contact.aspx>).

Financial Aid

Information and application materials for financial aid, loans, scholarships, and student employment may be obtained by contacting the Office of Student Financial Aid (<https://financialaid.wisc.edu/>) at 333 East Campus Mall, Room 9701, Madison, WI 53706, 608-262-3060. International applicants are encouraged to seek other forms of financial assistance as international students are not eligible for loans and scholarships.

Additional information about funding is available on the Counseling Psychology website (<http://counselingpsych.education.wisc.edu/cp/phd-program/funding/>). Questions can be directed to the Student Services Coordinator. [See the People tab for contact information.](#)

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS MODE OF INSTRUCTION

Face to Face	Evening/Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW–Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail	
Minimum Credit Requirement	Post-MA: 77 credits Post-BA: 89 credits
Minimum Residence Credit Requirement	Post-MA: 51 credits Post-BA: 63 credits
Minimum Graduate Coursework Requirement	Half of degree coursework must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/).
Overall Graduate GPA Requirement	3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	Students are required to attain a minimum course grade of B for all required courses.

Assessments and Examinations Satisfactory progress is demonstrated by earning a minimum grade of B in all required courses, demonstration of competency on routine evaluation milestones, responsible professional conduct in employment and practicum settings, and timely progress on independent work. A comprehensive formative review of student performance, encompassing academic and clinical training, research involvement, and other roles such as employment and departmental activities, is conducted annually.

The doctoral preliminary examination includes three components, all of which include both written and oral presentations. The clinical case study (PE-1) is an in-depth reflection on a single counseling case, and serves as an exemplar of clinical competencies in the role of counselor. The supervision case study (PE-2) is an in-depth reflection on a relationship with one supervisee, and serves as an exemplar of clinical competencies in the role of supervisor. The dissertation proposal (PE-3) includes a literature review and method section for a proposed dissertation project, and serves as an exemplar of academic and scientific proficiency.

Language Requirements No language requirements.

Graduate School Breadth Requirement Optionally, PhD students in the Department of Counseling Psychology may elect to complete a doctoral minor and/or a graduate/professional certificate. Students are expected to consult with their advisors concerning the breadth requirement.

REQUIRED COURSES

There are two primary curriculum domains of the doctoral program. Required coursework and practicum experiences contribute to each student’s competency in these areas. The core curriculum areas are:

1. Discipline-Specific Knowledge
 - a. History and Systems of Psychology
 - b. Basic Psychology Content Areas (i.e., Affective Aspects of Behavior, Biological Aspects of Behavior, Cognitive Aspects of Behavior, Developmental Aspects of Behavior, and Social Aspects of Behavior)
 - c. Research, Quantitative Methods, and Psychometrics
 - d. Advanced Integrative Knowledge in Scientific Psychology
2. Profession-Wide Competencies
 - a. Integration of Science and Practice
 - b. Ethical and Legal Standards
 - c. Individual and Cultural Diversity
 - d. Professional Values and Attitudes
 - e. Communication and Interpersonal Skills
 - f. Assessment
 - g. Intervention
 - h. Supervision
 - i. Consultation and Interprofessional/Interdisciplinary Skills Required coursework (i.e., major core coursework) includes courses in each of these areas.

In accordance with the Standards of Accreditation (SoA) for Health Service Psychology, all students are required to document mastery of

broad and general content knowledge in each of these psychological foundations areas during their doctoral studies.

Post-MA Pathway¹:

Code	Title	Credits
Discipline-Specific Knowledge Courses		
<i>History and Systems</i>		3
COUN PSY/ ED PSYCH/ RP & SE 737	Seminar in History and Systems of Psychology	
<i>Basic Psychology</i>		12
COUN PSY/ PSYCH/ RP & SE 729	Advanced Social Psychology	
ED PSYCH 542	The Biological Basis of Behavior	
ED PSYCH/ HDFS 725	Theory and Issues in Human Development	
ED PSYCH 533	Thinking, Feeling, & Learning	
<i>Advanced Integrative Knowledge</i>		6-9
COUN PSY/ ED PSYCH/ RP & SE 736	Seminar in Psychology of Individual Differences	
COUN PSY 740	Abnormal Behavior and Psychopathology (if not taken in previous coursework)	
COUN PSY 926	Seminar in Ethical and Professional Issues in Counseling Psychology	
<i>Research, Quantitative Methods, and Psychometrics</i>		12
COUN PSY 905	Research Practicum in Counseling Psychology (2 semesters)	
COUN PSY 950	Research Methods in Counseling Psychology	
COUN PSY 960	Research Methods in Counseling Psychology, II	
Profession-Wide Competencies-Related Required Coursework		
<i>Core Courses</i>		9
COUN PSY 951	Counseling Psychology Research in Individual Intervention	
COUN PSY 956	Seminar: Research in Vocational Psychology and Career Development	
COUN PSY 850	Mental Health Consultation in Health Service Psychology	
<i>Clinical Training Sequence</i>		
COUN PSY 810	Professional Development and Clinical Practice (1 semester) ²	2
COUN PSY 900	Counseling Psychology Practicum-- Foundational (2 semesters)	6
COUN PSY 903	Counseling Psychology Practicum-- Advanced (2 semesters)	6
COUN PSY 902	Counseling Psychology Practicum in Supervision	4
COUN PSY 890	Advanced Assessment Techniques in Counseling Psychology	3
<i>Other Courses</i>		

COUN PSY 990	Research or Thesis (Up to 4 semesters)	3-12
or COUN PSY/ ED PSYCH/ PSYCH/ RP & SE 995	Predocutorial Internship	
COUN PSY 904	Counseling Psychology Externship (optional) ³	1-3
COUN PSY 908	Pre-Doctoral Internship in Health Service Psychology Preparation Seminar	2
Data Analytic Methods - 2 additional courses; at least one must address quantitative data analysis.		6
Examples could include:		
COUN PSY/ CURRIC/ED POL/ ED PSYCH/ELPA/ RP & SE 719	Introduction to Qualitative Research	
COUN PSY 755	Seminar on Meta-Analysis	
ED PSYCH 771	Test Construction	
ED PSYCH 960	Structural Equation Modeling	
ED PSYCH 964	Hierarchical Linear Modeling	
ED PSYCH 963	Design & Analysis of Quasi-Experiments for Causal Inference	
Total Credits		75-89

¹ These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

² Students must take at least 1 semester of COUN PSY 810 Professional Development and Clinical Practice for 2 credits.

³ Students may take 2 semesters of COUN PSY 904 Counseling Psychology Externship for a total of 2-6 credits.

Post-BA Pathway¹:

Post-BA track students start the program alongside the incoming master's student cohort. In their first academic year, post-BA track students will complete a course load similar to their master's student counterparts. In their second academic year, students will complete their "first Year Experience" while beginning their PhD coursework. Post-BA track students are not currently required to complete a master's thesis or the Professional Integration Exercise but will also not receive a master's degree unless they choose to meet all requirements for our master's program.

Must complete all courses listed for the Post-MA pathway **and**

Code	Title	Credits
COUN PSY 800	Theories of Counseling	3
COUN PSY 802	Group Dynamics Processing and Counseling	3
COUN PSY 805	Helping Relationships and Techniques	3
COUN PSY 806	Supervised Practicum in Counseling	3

¹ These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names

do not appear in the Graduate School admissions application, and they will not appear on the transcript.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

With program approval, students are allowed to transfer no more than 21 credits of graduate coursework from other institutions. Coursework earned four or more years prior to admission to the doctoral program is not allowed to satisfy requirements.

Undergraduate Credits Earned at Other Institutions or UW-Madison

No credits from an other institution or UW-Madison undergraduate degree are allowed to transfer toward the degree.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a University Special Student at UW-Madison

With program approval, students are allowed to transfer no more than 9 credits of coursework numbered 300 or above taken as a UW-Madison University Special student. Coursework earned four or more years prior to admission to the doctoral program is not allowed to satisfy requirements.

PROBATION

Placement on probation indicates a very serious faculty concern about a student's performance. Students are placed on probation, as opposed to being dismissed from the program, when the faculty determines that the student likely will be able to address the difficulty that led to the probation if appropriate remediation is provided. If a recommendation for probation and remediation is adopted by the faculty, the student and advisor work with the Doctoral Training Committee (or a subset of this committee) to formulate a remediation plan including explicit goals and deadlines for evaluation of their attainment.

Students on probation cannot be approved as ready for the next level of clinical training (i.e., for foundational practicum; for internship) until they have successfully remediated the identified concern(s). This can have a substantial impact on time to degree, as practicum applications begin in the fall semester for the following academic year.

ADVISOR / COMMITTEE

Upon admission to the doctoral program, all students are assigned a faculty advisor. The doctoral student may select a major professor from the Department of Counseling Psychology who is not the original faculty

advisor. In view of the important role that the major professor plays in the student's dissertation research, students are advised to allow themselves sufficient time to get acquainted with all faculty, so that they can select a major professor with whom they share similar research interests, career goals, or other interests. The doctoral student's faculty advisor plays an important role in monitoring and assisting the student with program planning.

Reviews of student progress are an agenda item for departmental faculty meeting in November (1st-year students only) and in April or May (all active PhD students). All students are required to conduct a yearly progress report meeting with their advisor. Student perspectives are taken into account in these reviews, and all students complete the Doctoral Student Report on Progress, in conjunction with their advisors.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

Students have eight years from the date of admission to complete all of the necessary courses. Courses that are more than eight years old will not fulfill program completion requirements for admission to candidacy. Admission to candidacy occurs when students successfully complete all required coursework and pass their doctoral preliminary examinations. Students must be admitted to candidacy within ten years of admission to the department. Once admitted to candidacy (dissertator status) the student has five years to complete the dissertation and pass the final oral examination.

Once students are admitted they are expected to maintain continuous enrollment and make satisfactory progress toward their degree. Failure to maintain continuous enrollment may result in lengthy reentry process or possible termination from the program.

Prior to reentry into the program, the student should contact the department and petition the faculty for reentry. The full faculty will determine whether the student is granted reentry without conditions, granted reentry conditionally (e.g., require additional coursework or adherence to timelines for completion of degree requirements) or denied reentry.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeeabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)

- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (<https://osas.wisc.edu/>) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

School of Education Grievance Policy and Procedures

The following School of Education Student Grievance Policy and associated procedures are designed for use in response to individual student grievances regarding faculty or staff in the School of Education.

Any individual student who feels they have been treated unfairly by a School of Education faculty or staff member has the right to file a grievance about the treatment and receive a timely response addressing their concerns. Any student, undergraduate or graduate, may use these grievance procedures, except employees whose complaints are covered under other campus policies. The grievance may concern classroom treatment, mentoring or advising, program admission or continuation, course grades (study abroad grade complaints are handled through International Academic Programs (<https://studyabroad.wisc.edu/>)), or issues not covered by other campus policies or grievance procedures.

For grievances regarding discrimination based on protected bases (<https://compliance.wisc.edu/eo-complaint/>) (i.e., race, color, national origin, sex, disability, age, etc.), contact the Office of Compliance (<https://compliance.wisc.edu/eo-complaint/>).

For grievances or concerns regarding sexual harassment or sexual violence (including sexual assault, dating/domestic violence, stalking, and sexual exploitation), contact the Sexual Misconduct Resource and Response Program (<https://compliance.wisc.edu/titleix/>) within the Office of Compliance.

For grievances that involve the behavior of a student, contact the Office of Student Conduct and Community Standards in the Dean of Students Office at <https://conduct.students.wisc.edu/>.

For grievances about, or directed at, faculty or staff in a School of Education department, unit, or program, students should follow these steps:

1. Students are strongly encouraged to first talk with the person against whom the concern is directed. Many issues can be settled informally at this level. If students are unable to resolve concerns directly or without additional support, step 2 or 3 should be pursued.
2. If unresolved after taking or considering step 1:
 - a. If the concern is directed against a teaching assistant (TA), and the student is not satisfied, the student should contact the TA's supervisor, who is usually the course professor. The course professor will attempt to resolve the concern informally.

- b. If the concern involves a non-TA instructor, staff member, professor, academic department, or School of Education office or unit, the student should contact the chair of the department or the director of the office or unit, or their designee. The chair or director, or their designee, will attempt to resolve the concern informally. If the concern is about the department chair or office/unit director, the student should consult the School of Education Senior Associate Dean for guidance.
3. If the concern remains unresolved after step 2, the student may submit a formal grievance to the chair or director in writing within 30 business days¹ of the alleged unfair treatment. To the fullest extent possible, a formal written grievance shall contain a clear and concise statement of the issue(s) involved and the relief sought.
4. On receipt of a written grievance, the chair or director will notify the person at whom the grievance is directed with a copy of the written grievance. The person at whom the complaint is directed may submit a written response, which would be shared with the student.
5. On receipt of a written grievance, the chair or director will refer the matter to a department, office, or unit committee comprised of at least two members. The committee may be an existing committee or one constituted for this purpose. The committee, or delegates from the committee, may meet with the parties involved and/or review any material either party shares with the committee.
6. The committee will provide a written description of the facts of the grievance and communicate recommendations to the department chair or office/unit head regarding how the grievance should be handled.
7. The chair or director will offer to meet with the student who made the grievance and also will provide a written decision to the student, including a description of any related action taken by the committee, within 30 business days of receiving the formal grievance.

¹ For the purpose of this policy, business days refers to those days when the University Offices are open and shall not include weekends, university holidays, spring recess, or the period from the last day of exams of fall semester instruction to the first day of spring semester instruction. All time limits may be modified by mutual consent of the parties involved.

If the grievance concerns an undergraduate course grade, the decision of the department chair after reviewing the committee's recommendations is final.

Other types of grievances may be appealed using the following procedures:

1. Both the student who filed the grievance or the person at whom the grievance was directed, if unsatisfied with the decision of the department, office or unit, have five (5) business days from receipt of the decision to contact the Senior Associate Dean, indicating the intention to appeal.
2. A written appeal must be filed with the Senior Associate Dean within 10 business days of the time the appealing party was notified of the initial resolution of the complaint.
3. On receipt of a written appeal, the Senior Associate Dean will convene a sub-committee of the School of Education's Academic Planning Council. This subcommittee may ask for additional information from the parties involved and/or may hold a meeting at which both parties will be asked to speak separately (i.e., not in the room at the same time).

4. The subcommittee will then make a written recommendation to the Dean of the School of Education, or their designee, who will render a decision. The dean or designee's written decision shall be made within 30 business days from the date when the written appeal was filed with the Senior Associate Dean. For undergraduate students, the dean or designee's decision is final.

Further appealing a School of Education decision – *graduate students only*

Graduate students have the option to appeal decisions by the School of Education dean or designee by using the process detailed on the Graduate School's website (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

Questions about these procedures can be directed to the School of Education Dean's Office, 377 Education Building, 1000 Bascom Mall, 608-262-1763.

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

LEARNING OUTCOMES

1. Prepare for role as professional psychologist.
2. Apply professional standards and conduct.
3. Demonstrate scientific foundations.
4. Acquire knowledge and skill in psychological practice.
5. Acquire knowledge and skills in clinical supervision.
6. Develop relational skills.
7. Gain an understanding of the scientific basis for practice.
8. Acquire knowledge of research methods.
9. Apply research findings to psychological practice.
10. Apply scientific thinking to practice.
11. Develop a multicultural competence and social justice orientation.
12. Acquire cultural and scientific knowledge relevant to diverse and underrepresented groups.
13. Develop awareness of self as a cultural being.
14. Develop skill in application of knowledge of self, culture, and context to clinical work.

ACCREDITATION

ACCREDITATION

American Psychological Association (<http://www.apa.org/>)

Accreditation status: Accredited. Next accreditation review: 2029.

CERTIFICATION/LICENSURE

CERTIFICATION/LICENSURE

Examination for Professional Practice in Psychology (<http://www.asppb.net/>)

Year of Exam	UW-Madison National Graduates: First Attempt	National First Attempt
2015-2017	81.82%	80.81%
2017-2019	76.00%	80.33%
2020-2022	86.67%	76.29%

Note: Because of the relatively small size of many doctoral programs, EPPP pass rates are reported only in terms of the three-year moving average.

PROFESSIONAL CERTIFICATION/LICENSURE DISCLOSURE (NC-SARA)

The United States Department of Education (via 34 CFR Part 668 (<https://www.ecfr.gov/current/title-34/subtitle-B/chapter-VI/part-668/toc=1>)) requires institutions that provide distance education to disclose information for programs leading to professional certification or licensure. The expectation is that institutions will determine whether each applicable academic program meets state professional licensure requirements and provide a general disclosure of such on an official university website.

Professional licensure requirements vary from state-to-state and can change year-to-year; they are established in a variety of state statutes, regulations, rules, and policies; and they center on a range of educational requirements, including degree type, specialized accreditation, total credits, specific courses, and examinations.

UW-Madison has taken reasonable efforts to determine whether this program satisfies the educational requirements for certification/licensure in states where prospective and enrolled students are located and is disclosing that information as follows.

Disclaimer: This information is based on the most recent annual review of state agency certification/licensure data and is subject to change. All students are strongly encouraged to consult with the individual/office listed in the Contact Information box on this page and with the applicable state agency for specific information.

The requirements of this program meet certification/licensure requirements in the following states:

Wisconsin

The requirements of this program do not meet certification/licensure requirements in the following states:

Not applicable

Updated: 1 June 2024

COUNSELING, MS

The MS program emphasizes counseling in community and agency settings, including university and college counseling centers. The master's degree emphasizes service delivery, and its practica/internship components reflect that emphasis. The curriculum stresses knowledge and development of skills in individual and group counseling, consultation, research, ethics, multiculturalism, social justice, and vocational psychology. Supervised practicum experiences are available through the training clinic, university counseling centers, community mental health centers, and numerous other campus units and community agencies. Students are prepared to work predominantly as practitioners in community agencies,

post-secondary educational institutions, business and industry. The program fulfills academic requirements to become a licensed professional counselor in the state of Wisconsin.

The sequence of required courses combined with lab and field experiences can be planned on either a full- or part-time basis, but care must be taken in proper sequencing of courses for those attending part-time. Those students enrolling on a full-time basis typically complete the program in two years, including summer classes. For more information, visit the program website (<http://counselingpsych.education.wisc.edu/cp/masters-program/>).

ADMISSIONS

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) of the Graduate School as well as the program(s).** Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	January 5
Spring Deadline	The program does not admit in the spring.
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment. Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

Admission to the program is highly competitive. Approximately 150 master's applications are received each year, and the department enrolls 10-12 new master's students per year. The Department of Counseling Psychology accepts applications for fall enrollment between early September and the fall deadline listed above for the MS in Counseling program. **There is no option for spring or summer initial enrollment in the department.** The applicant is responsible for collecting, assembling, and submitting all the pieces of the application by the fall deadline. Applicants must upload materials to the online application.

REQUIREMENTS

In addition to acquired academic competencies and counseling skills, the counseling profession requires a high level of ethical behavior, self-awareness and personal maturity. All are considered in assessing a student's fitness for a career as a professional counselor. The applicant will be expected to meet minimum requirements for admission set by the Graduate School. Department requirements are more rigorous. An undergraduate degree is required for the master's program.

Prerequisite

Applicants should have 3 credit hours of introductory psychology and 3 credit hours in statistics **or** measurement/psychometrics/test construction. If the applicant has not completed the necessary requirements at the time of application, he or she may be admitted with deficiencies and complete the coursework in addition to the program requirements. Prior volunteer or paid work experience in community agencies is important for placement in community agencies for practicum.

INFORMATIONAL MEETINGS

Several informational meetings are hosted each fall by the department. A schedule of these meetings and other information can be found on the Information for Prospective MS Applicants (<http://counselingpsych.education.wisc.edu/cp/masters-program/ms-application/>) page.

Questions can be directed to the Student Services Coordinator. See the People tab (p. 475) for contact information.

FUNDING

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Fellowships

Racial and ethnic minority students are encouraged to apply for the American Psychological Association Minority Fellowship Program. Information is available at <https://www.apa.org/pi/mfp> (<https://www.apa.org/pi/mfp/>).

Assistantships

The Department of Counseling Psychology has a limited number of Project and Teaching Assistantships. Although master's students occasionally receive assistantships in the department, assistantships within the department are primarily awarded to doctoral students. Master's students are encouraged to seek other forms of financial assistance. Other departments on campus do offer assistantships at the master's level and occasionally to students from outside their individual department; you may inquire to other departments directly or view the "UW Graduate Assistant" jobs available on the Student Jobs (<https://studentjobs.wisc.edu/>) website.

Financial Aid

Information and application materials for financial aid, loans, scholarships, and student employment may be obtained by contacting the Office of

Student Financial Aid (<https://financialaid.wisc.edu/>) at 333 East Campus Mall, Room 9701, Madison, WI 53706, 608-262-3060. International applicants are encouraged to seek other forms of financial assistance as international students are not eligible for loans and scholarships.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW-Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail	
Minimum Credit Requirement	60 credits
Minimum Residence Credit Requirement	51 credits
Minimum Graduate Coursework Requirement	30 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/).
Overall Graduate GPA Requirement	3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	Students are required to attain a minimum course grade of B for all coursework that fulfills the 60-credit requirement.

Assessments and Examinations The Professional Integration Exercise (PIE) is a capstone experience for all master's students, where they have the opportunity to pull together their learning and skills and their overall professional identity. Through this oral clinical case conceptualization, they have the opportunity to demonstrate to the faculty their readiness as a master's-level clinician. The Professional Integration Exercise (PIE) will be conducted in late spring during students' second year of training.

Language Requirements No language requirements.

REQUIRED COURSES

The MS degree in counseling requires that students satisfactorily complete coursework, practica experiences, and a professional integration experience. Students earn a minimum of 60 graduate credits. Coursework beyond the 60-credit minimum may be required of students entering with course deficiencies, as enumerated in their letters of admission. Students seeking licensure or certification out of state should check with those states' particular requirements.

The curriculum has been revised in accordance with changes in Wisconsin State licensing requirements with courses only offered once each year. The master's program is a two-year plan that students should follow. The offering of courses is designed for students following the course sequence. Students who depart from the course sequence may be delayed in completing the program and need to consult with their advisors to determine the best course sequence. Students are expected to complete any program deficiencies before they begin the program or during the first semester, at the latest.

The following is an outline of the required courses:

Code	Title	Credits
COUN PSY 700	Practicum Activities (1 credit fall; 1 credit spring)	2
COUN PSY/ ED PSYCH 723	Developmental Processes Across the Life Span	3
COUN PSY/ RP & SE 730	Professional Counseling Orientation	3
COUN PSY 740	Abnormal Behavior and Psychopathology	3
COUN PSY 745	Clinical Mental Health Counseling: Diagnosis and Treatment Planning for Counselors	3
COUN PSY 777	Crisis and Trauma Counseling	3
COUN PSY 791	Foundations of Clinical Mental Health Counseling	3
COUN PSY 800	Theories of Counseling	3
COUN PSY 802	Group Dynamics Processing and Counseling	3
COUN PSY 805	Helping Relationships and Techniques	3
COUN PSY 806	Supervised Practicum in Counseling	3
COUN PSY 808	Supervised Internship in Counseling (take in fall and spring) ¹	10
COUN PSY 825	Counseling Psychology Techniques With Families	3

COUN PSY 860	Social and Cultural Foundations of Counseling	3
COUN PSY 865	Lifestyle and Career Development	3
COUN PSY 810	Professional Development and Clinical Practice (optional; if needed for additional internship hours)	1-6
RP & SE 700	Research Methods in Rehabilitation, Mental Health, & Special Education	3
RP & SE 720	Clinical Rehabilitation & Mental Health Counseling - Assessment	3
RP & SE 721	Addictions Counseling	3
Total Credits		60

¹ The vast majority of students take 5 credits in fall and 5 credits in spring. Occasionally a student under certain circumstances may be allowed to take fewer credits; please consult with the program coordinator for more information.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

With program approval, students may transfer no more than 9 credits of graduate coursework from other institutions towards the minimum credit requirement. Coursework earned ten or more years prior to admission to the master's degree is not allowed to satisfy requirements.

Undergraduate Credits Earned at Other Institutions or UW-Madison

Coursework taken as part of a student's undergraduate program of study will not transfer towards the minimum credit requirement.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a University Special Student at UW-Madison

With program approval, students may transfer no more than 9 credits of coursework numbered 300 or above taken as a UW-Madison University Special student. Coursework earned ten or more years prior to admission to the master's degree is not allowed to satisfy requirements.

PROBATION

When concerns arise about a student's performance which warrants immediate attention, a non-routine review will be initiated. Concerns that would prompt a non-routine review include: academic proficiency (e.g.,

grade of BC or lower in a required course); clinical competence and/or termination from a practicum placement; interpersonal functioning; and/or unethical behaviors and/or interactions. The student will be notified of the concern by their advisor or the training director. The master's training committee will discuss the matter to determine whether the concern will be taken to the full faculty for consultation and/or decision. An ad hoc committee will work with the student to create a "development plan" or a "remediation plan" (i.e., student is under probation), depending on the seriousness of the issue(s). If the concern persists after the remediation plan or the issue(s) are deemed irremediable, the committee may recommend dismissal from the program to the full faculty. If the full faculty vote is in agreement with the recommendation for dismissal, the student will be dismissed from the program.

ADVISOR / COMMITTEE

Upon admission to the master's program, students will be assigned a faculty advisor to facilitate their entry to the program. The faculty advisor has several responsibilities, which include: assisting students with course selection; guiding students' clinical and professional development; guiding students' research, including master's thesis (optional); and giving final approval for master's work. The advisor is also available to answer other questions and concerns that may arise regarding departmental procedures, licensure issues and practicum placement.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

If students have been absent for five or more years they must petition the counseling psychology faculty, in writing, for readmission. If successful, they must file a new Graduate School application for admission and submit it with a new application fee. Master's students who do not enroll for a period of five or more years are required to retake some or all Program coursework. All coursework, including deficiencies, must be completed within eight years of admission to the program.

GRIEVANCES AND APPEALS

School of Education Grievance Policy and Procedures

The following School of Education Student Grievance Policy and associated procedures are designed for use in response to individual student grievances regarding faculty or staff in the School of Education.

Any individual student who feels they have been treated unfairly by a School of Education faculty or staff member has the right to file a grievance about the treatment and receive a timely response addressing their concerns. Any student, undergraduate or graduate, may use these grievance procedures, except employees whose complaints are covered under other campus policies. The grievance may concern classroom treatment, mentoring or advising, program admission or continuation, course grades (study abroad grade complaints are handled through International Academic Programs (<https://studyabroad.wisc.edu/>)), or issues not covered by other campus policies or grievance procedures.

For grievances regarding discrimination based on protected bases (<https://compliance.wisc.edu/eo-complaint/>) (i.e., race, color, national origin, sex, disability, age, etc.), contact the Office of Compliance (<https://compliance.wisc.edu/eo-complaint/>).

For grievances or concerns regarding sexual harassment or sexual violence (including sexual assault, dating/domestic violence, stalking, and sexual exploitation), contact the Sexual Misconduct Resource and Response Program (<https://compliance.wisc.edu/titleix/>) within the Office of Compliance.

For grievances that involve the behavior of a student, contact the Office of Student Conduct and Community Standards in the Dean of Students Office at <https://conduct.students.wisc.edu/>.

For grievances about, or directed at, faculty or staff in a School of Education department, unit, or program, students should follow these steps:

1. Students are strongly encouraged to first talk with the person against whom the concern is directed. Many issues can be settled informally at this level. If students are unable to resolve concerns directly or without additional support, step 2 or 3 should be pursued.
2. If unresolved after taking or considering step 1:
 - a. If the concern is directed against a teaching assistant (TA), and the student is not satisfied, the student should contact the TA's supervisor, who is usually the course professor. The course professor will attempt to resolve the concern informally.
 - b. If the concern involves a non-TA instructor, staff member, professor, academic department, or School of Education office or unit, the student should contact the chair of the department or the director of the office or unit, or their designee. The chair or director, or their designee, will attempt to resolve the concern informally. If the concern is about the department chair or office/unit director, the student should consult the School of Education Senior Associate Dean for guidance.

3. If the concern remains unresolved after step 2, the student may submit a formal grievance to the chair or director in writing within 30 business days¹ of the alleged unfair treatment. To the fullest extent possible, a formal written grievance shall contain a clear and concise statement of the issue(s) involved and the relief sought.
4. On receipt of a written grievance, the chair or director will notify the person at whom the grievance is directed with a copy of the written grievance. The person at whom the complaint is directed may submit a written response, which would be shared with the student.
5. On receipt of a written grievance, the chair or director will refer the matter to a department, office, or unit committee comprised of at least two members. The committee may be an existing committee or one constituted for this purpose. The committee, or delegates from the committee, may meet with the parties involved and/or review any material either party shares with the committee.
6. The committee will provide a written description of the facts of the grievance and communicate recommendations to the department chair or office/unit head regarding how the grievance should be handled.
7. The chair or director will offer to meet with the student who made the grievance and also will provide a written decision to the student, including a description of any related action taken by the committee, within 30 business days of receiving the formal grievance.

¹ For the purpose of this policy, business days refers to those days when the University Offices are open and shall not include weekends, university holidays, spring recess, or the period from the last day of exams of fall semester instruction to the first day of spring semester instruction. All time limits may be modified by mutual consent of the parties involved.

If the grievance concerns an undergraduate course grade, the decision of the department chair after reviewing the committee's recommendations is final.

Other types of grievances may be appealed using the following procedures:

1. Both the student who filed the grievance or the person at whom the grievance was directed, if unsatisfied with the decision of the department, office or unit, have five (5) business days from receipt of the decision to contact the Senior Associate Dean, indicating the intention to appeal.
2. A written appeal must be filed with the Senior Associate Dean within 10 business days of the time the appealing party was notified of the initial resolution of the complaint.
3. On receipt of a written appeal, the Senior Associate Dean will convene a sub-committee of the School of Education's Academic Planning Council. This subcommittee may ask for additional information from the parties involved and/or may hold a meeting at which both parties will be asked to speak separately (i.e., not in the room at the same time).
4. The subcommittee will then make a written recommendation to the Dean of the School of Education, or their designee, who will render a decision. The dean or designee's written decision shall be made within 30 business days from the date when the written appeal was filed with the Senior Associate Dean. For undergraduate students, the dean or designee's decision is final.

Further appealing a School of Education decision – *graduate students only*

Graduate students have the option to appeal decisions by the School of Education dean or designee by using the process detailed on the Graduate School's website (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

Questions about these procedures can be directed to the School of Education Dean's Office, 377 Education Building, 1000 Bascom Mall, 608-262-1763.

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

LEARNING OUTCOMES

1. Develop knowledge foundational to the practice of mental health counseling including normative and nonnormative human development; individual, group, and couples/family counseling; cultural and social diversity. measurement and evaluation; and exposure to crisis, trauma, and stress.
2. Develop skills for effective individual, family, and group counseling for mental health concerns and well-being as well as effective consultation, evaluation and progress monitoring.
3. Apply principles associated with multiculturalism, polyculturalism, and social justice.
4. Develop understanding, identification with and comportment with the profession of mental health counseling including standards of care, moral and ethical principles, professional identity, professional relationships, professional demeanor, self-reflection, and awareness of impact on others.

Department Administrator: Nancy Jaeckle (nejaeckle@wisc.edu)

CERTIFICATION/LICENSURE

CERTIFICATION/LICENSURE PROFESSIONAL CERTIFICATION/LICENSURE DISCLOSURE (NC-SARA)

The United States Department of Education (via 34 CFR Part 668 (<https://www.ecfr.gov/current/title-34/subtitle-B/chapter-VI/part-668/?toc=1>)) requires institutions that provide distance education to disclose information for programs leading to professional certification or licensure. The expectation is that institutions will determine whether each applicable academic program meets state professional licensure requirements and provide a general disclosure of such on an official university website.

Professional licensure requirements vary from state-to-state and can change year-to-year; they are established in a variety of state statutes, regulations, rules, and policies; and they center on a range of educational requirements, including degree type, specialized accreditation, total credits, specific courses, and examinations.

UW-Madison has taken reasonable efforts to determine whether this program satisfies the educational requirements for certification/licensure in states where prospective and enrolled students are located and is disclosing that information as follows.

Disclaimer: This information is based on the most recent annual review of state agency certification/licensure data and is subject to change. All students are strongly encouraged to consult with the individual/office

listed in the Contact Information box on this page and with the applicable state agency for specific information.

The requirements of this program meet certification/licensure requirements in the following states:

Colorado, Louisiana, Massachusetts, Minnesota, New Jersey, New York, North Carolina, Oregon, Pennsylvania, Texas, Washington, Wisconsin

The requirements of this program do not meet certification/licensure requirements in the following states:

CURRICULUM AND INSTRUCTION, DOCTORAL MINOR

ADMISSIONS

ADMISSIONS

All Graduate School students must utilize the Graduate Student Portal in MyUW to add, change, or discontinue any doctoral minor. To apply to this minor, log in to MyUW, click on Graduate Student Portal, and then click on Add/Change Programs. Select the information for the doctoral minor for which you are applying.

Doctoral students in another graduate program who desire a doctoral minor in the Department of Curriculum and Instruction should seek and enlist a faculty member in the Department of Curriculum and Instruction to serve as their doctoral minor advisor.

REQUIREMENTS

REQUIREMENTS

Students must complete 12 credits in the Department of Curriculum and Instruction (CURRIC (<http://guide.wisc.edu/courses/curric/>)). Coursework must be graduate-level and may include courses numbered 300 and above with the "Grad 50%" attribute. Independent reading, independent study, research and thesis courses may not satisfy requirements.

PEOPLE

PEOPLE

For more information about respective members of the faculty, see People (<http://ci.education.wisc.edu/ci/people/faculty/>) on the department website.

CURRICULUM AND INSTRUCTION, MS

MASTER'S DEGREE PROGRAMS

The Department of Curriculum & Instruction offers two pathways for the master's degree. A master of science with initial teacher certification is offered as an MS in Curriculum and Instruction with named options in English, social studies, mathematics, science, and world language. Additionally, the department offers a Research Master's program, with a focus on advanced work in education research. In both programs, master's degree students should expect both an atmosphere of intellectual inquiry

and the serious academic standards befitting a graduate research program in curriculum and instruction.

Students wishing to apply to a master's program should select an option below for more information on admissions, financial aid, policies, and requirements.

MS IN CURRICULUM AND INSTRUCTION – RESEARCH MS

The MS in Curriculum and Instruction prepares students for advanced work in education. In some cases, work leading to the degree prepares students to enter a new career as an educational specialist (e.g., curriculum developer, content-area specialist, school department head, curriculum supervisor, early childhood specialist, bilingual teacher, or reading teacher). In other cases, it prepares students to perform at a higher level in their existing job. In yet other cases, it prepares students for PhD study. Motivations for master's degree work include professional updating, maintenance of accreditation, acquisition of new perspectives and skills, development of specialized knowledge, preparation to work with student teachers, preparation for leadership among teachers, and preparation for advanced graduate study.

Students can read about the admissions deadlines, policies, and requirements for this program on the Curriculum & Instruction Research MS page (p. 479) in the Graduate Guide.

MS IN CURRICULUM AND INSTRUCTION –NAMED OPTIONS (TEACHER CERTIFICATION)

This pathway to an MS in Curriculum and Instruction prepares students for a career in education as a licensed teacher. Students come to the program with a depth of knowledge in their content area and work to build the skills and evidence needed to enter a classroom as a newly licensed teacher. Motivations for master's degree work in this program include an interest in working with adolescents in middle and high schools, a heightened focus on engaging in socially just teaching practices, a goal of building on content knowledge to connect with a wide array of students, and foster growth and development.

Students can read about the admissions deadlines, policies, and requirements for the various content master's programs within the following links.

- Secondary English Education (p. 483)
- Secondary Mathematics Education (p. 489)
- Secondary Science Education (p. 494)
- Secondary Social Studies Education (p. 499)
- World Language Education (<https://guide.wisc.edu/graduate/curriculum-instruction/curriculum-instruction-ms/curriculum-instruction-world-language-education-ms/>)

ADMISSIONS

ADMISSIONS

Students apply to the Master of Science in Curriculum and Instruction through one of the named options:

- Research (p. 479)
- Secondary English Education (<https://guide.wisc.edu/graduate/curriculum-instruction/curriculum-instruction-ms/curriculum-instruction-secondary-english-education-ms/>)
- Secondary Mathematics Education (<https://guide.wisc.edu/graduate/curriculum-instruction/curriculum-instruction-ms/curriculum-instruction-secondary-mathematics-education-ms/>)
- Secondary Science Education (<https://guide.wisc.edu/graduate/curriculum-instruction/curriculum-instruction-ms/curriculum-instruction-secondary-science-education-ms/>)
- Secondary Social Studies Education (<https://guide.wisc.edu/graduate/curriculum-instruction/curriculum-instruction-ms/curriculum-instruction-secondary-social-studies-education-ms/>)
- World Language Education (p. 504)

FUNDING

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

CURRICULUM AND INSTRUCTION: RESEARCH, MS

MS IN CURRICULUM AND INSTRUCTION: RESEARCH

This is a named option in the Curriculum and Instruction MS (<https://guide.wisc.edu/graduate/curriculum-instruction/curriculum-instruction-ms/>). The MS in Curriculum and Instruction research program prepares students for advanced work in education. In some cases, work leading to the degree prepares students to enter a new position or career in education (e.g., curriculum developer, museum educator, content-area specialist, school department head, curriculum supervisor, early childhood specialist, bilingual teacher, or reading teacher). In other cases, it prepares students to perform at a higher level in their existing job. In yet other cases, it prepares students for PhD study. Motivations for master's degree work include professional development, maintenance of accreditation, acquisition of new perspectives and skills, development of specialized knowledge, preparation to work with student teachers, preparation for leadership among teachers, and preparation for advanced graduate study. Whatever their personal reasons for pursuing the degree, master's degree students should expect both an atmosphere of intellectual inquiry and the serious academic standards befitting a graduate research program in curriculum and instruction.

Details of requirements and procedures pertaining to master's degree study in the department are described in the department's MS Program Handbook (<https://merit-www.education.wisc.edu/ci-handbook/>). Because master's degree students are personally responsible for learning about and following department requirements and procedures, they should familiarize themselves with this document. Master's degree students are also personally responsible for learning about and following Graduate School policies. The curriculum and instruction graduate program office offers an informational meeting for new graduate students at the beginning of each semester.

Prospective students interested in pursuing an MS degree in Curriculum and Instruction with a focus on initial teaching practice may explore named options available in various teacher certification areas. These include: English (<https://guide.wisc.edu/graduate/curriculum-instruction/curriculum-instruction-ms/curriculum-instruction-secondary-english-education-ms/>), mathematics (<https://guide.wisc.edu/graduate/curriculum-instruction/curriculum-instruction-ms/curriculum-instruction-secondary-mathematics-education-ms/>), science (<https://guide.wisc.edu/graduate/curriculum-instruction/curriculum-instruction-ms/curriculum-instruction-secondary-science-education-ms/>), social studies (<https://guide.wisc.edu/graduate/curriculum-instruction/curriculum-instruction-ms/curriculum-instruction-secondary-social-studies-education-ms/>), and world language (p. 504).

INTERNATIONAL APPLICANTS

The department has a long and successful history of working with graduate students from around the world. Over the last 25 years, approximately 130 MS degrees were earned by international students; students in this group came from 37 countries. During the same period, approximately 150 PhD degrees were earned by international students

in the department; students in this group came from 43 countries. Altogether, approximately one-third of our graduate students in Curriculum and Instruction are international students, which enriches the social and intellectual environment for all faculty and students as we continuously learn from each other.

ADMISSIONS

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) of the Graduate School as well as the program(s).** Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	March 30
Spring Deadline	August 30 for international applicants; November 30 for domestic applicants
Summer Deadline	January 30 for international applicants; April 30 for domestic applicants
GRE (Graduate Record Examinations)	May be required in certain cases; consult program.
English Proficiency Test	Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment. Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

DEADLINES

The application deadline for fall is for early admission and priority scholarship consideration. The program will continue to review fall domestic applications until June 30. The program will review fall international applications through March.

APPLICANTS

Unofficial transcripts from all previous post-secondary study and three letters of recommendation are required for all master's degree applicants. Letters of recommendation should be written by persons who are qualified to judge the potential of the applicant as a graduate student. All letters of recommendation are submitted electronically as part of the online application for admission.

Applicants are required to submit a detailed statement of reasons for graduate study. This statement should indicate the applicant's primary area of interest, professional objectives, career goals, and why the applicant is interested in pursuing the master's degree in the Department of Curriculum and Instruction. This information is used to gauge the appropriateness of the applicant's program goals in relation to the department's mission and to identify prospective advisors whose research interests match those of the applicant. If an applicant's statement fails to persuade a faculty member to serve as the graduate advisor, the applicant will be refused admission; it is therefore important that this statement be detailed, well-written, and matched to specific areas of study that are available in the department. If an applicant would like for a particular professor to serve as graduate advisor, the applicant should identify the desired advisor in the statement of reasons for graduate study.

All master's degree applicants are required to submit a resume or curriculum vitae (cv).

If the grade point average (GPA) of an applicant's last 60 semester hours of undergraduate coursework is below 3.0 (on a 4-point scale), the applicant may also be required in certain cases to take the Graduate Record Examinations (GRE) general test and have an official report of the scores sent electronically from the Educational Testing Service (ETS) to UW-Madison (institution code: 1846).

INTERNATIONAL APPLICANTS

International degree-seeking applicants will need to prove English proficiency using the Graduate School's requirements (<https://grad.wisc.edu/apply/requirements/>).

EXPECTED BACKGROUND IN PROFESSIONAL EDUCATION

Previous education coursework is a prerequisite for the master's program in Curriculum and Instruction. Applicants are required to have taken at least 12 credits in education courses that are equivalent to courses taught within a school of education, as judged by the Graduate Education Advisory Committee. Admitted applicants lacking this background will be required to take a specified number of credits of education coursework in addition to the coursework ordinarily required in the graduate program. The courses taken should be chosen in consultation with the graduate advisor, and each of these courses must be taken for a letter grade (not pass/fail). These courses may be carried concurrently with regular graduate courses, but being additional requirements, they do not satisfy requirements of the graduate program.

FUNDING

FUNDING GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

DEPARTMENT FUNDING

The department itself does not typically award fellowships or scholarships to Master's students.

However, Master's students are eligible to apply for C&I and non-C&I teaching assistantships, project assistantships, or research assistantships through the campus jobs portal (<https://studentjobs.wisc.edu/>). Assistantships are also available at the Wisconsin Center for Education Research (<http://www.wcer.wisc.edu/>). These assistantships are awarded to qualified, full-time graduate students and typically involve 10–20 hours of professional work each week, usually in close collaboration with one or more professors. Assistantships provide a stipend and may include the cost of tuition (excluding segregated fees).

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

NAMED OPTION REQUIREMENTS MODE OF INSTRUCTION

Face to Face	Evening/Weekend	Online	Hybrid	Accelerated
Yes	Yes	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW-Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail	
Minimum Credit Requirement	30 credits
Minimum Residence Credit Requirement	21 credits
Minimum Graduate Coursework Requirement	30 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/).

Overall Graduate GPA Requirement	3.25 GPA required.
Other Grade Requirements	None.
Assessments and Examinations	Students are required to complete a thesis or a project; and they must also complete an examination.
Language Requirements	No language requirements other than the English proficiency required for admission.

REQUIRED COURSES

Code	Title	Credits
Curriculum Instruction Courses		15
Of these 15, none may be CURRIC 799 Master's Independent Study.		
Additional Coursework		15
CURRIC 799 is allowed to count for the remaining 15 credits.		
Total Credits		30

CURRIC 790 Master's Project or Thesis may not be applied towards the minimum credit requirement.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

NAMED OPTION-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

With program approval, students are allowed to transfer no more than 9 credits of graduate coursework from other institutions. This coursework does not count toward graduate career GPA. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements. Students should refer to the program handbook to learn which credits may be counted.

Undergraduate Credits Earned at Other Institutions or UW-Madison

No credits from a UW-Madison or other institution undergraduate degree are allowed to transfer toward the degree.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a University Special Student at UW-Madison

With program approval, students are allowed to transfer no more than 9 credits of coursework numbered 300 and above with "Grad 50%" attribute taken as a UW-Madison University Special student. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

PROBATION

The status of a student can be one of two options:

1. Satisfactory progress (progressing according to standards)
2. Unsatisfactory progress (not progressing according to standards; permitted to enroll with specific plan with dates and deadlines in place in regard to removal of unsatisfactory progress to avoid dismissal from the program).

ADVISOR / COMMITTEE

All students are required to have an advisor. An advisor is assigned to all incoming students. To ensure that they are making satisfactory progress toward a degree, students should meet with their advisor on a regular basis.

The advisor serves as the thesis advisor. Students can be suspended from the program, if they do not have an advisor.

CREDITS PER TERM ALLOWED

Students may not enroll for more than 12 credits without first obtaining prior written approval from their advisor.

TIME LIMITS

Refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeedisabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)

- Office Student Assistance and Support (OSAS) (<https://osas.wisc.edu/>) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

School of Education Grievance Policy and Procedures

The following School of Education Student Grievance Policy and associated procedures are designed for use in response to individual student grievances regarding faculty or staff in the School of Education.

Any individual student who feels they have been treated unfairly by a School of Education faculty or staff member has the right to file a grievance about the treatment and receive a timely response addressing their concerns. Any student, undergraduate or graduate, may use these grievance procedures, except employees whose complaints are covered under other campus policies. The grievance may concern classroom treatment, mentoring or advising, program admission or continuation, course grades (study abroad grade complaints are handled through International Academic Programs (<https://studyabroad.wisc.edu/>)), or issues not covered by other campus policies or grievance procedures.

For grievances regarding discrimination based on protected bases (<https://compliance.wisc.edu/eo-complaint/>) (i.e., race, color, national origin, sex, disability, age, etc.), contact the Office of Compliance (<https://compliance.wisc.edu/eo-complaint/>).

For grievances or concerns regarding sexual harassment or sexual violence (including sexual assault, dating/domestic violence, stalking, and sexual exploitation), contact the Sexual Misconduct Resource and Response Program (<https://compliance.wisc.edu/titleix/>) within the Office of Compliance.

For grievances that involve the behavior of a student, contact the Office of Student Conduct and Community Standards in the Dean of Students Office at <https://conduct.students.wisc.edu/>.

For grievances about, or directed at, faculty or staff in a School of Education department, unit, or program, students should follow these steps:

1. Students are strongly encouraged to first talk with the person against whom the concern is directed. Many issues can be settled informally at this level. If students are unable to resolve concerns directly or without additional support, step 2 or 3 should be pursued.
2. If unresolved after taking or considering step 1:
 - a. If the concern is directed against a teaching assistant (TA), and the student is not satisfied, the student should contact the TA's supervisor, who is usually the course professor. The course professor will attempt to resolve the concern informally.
 - b. If the concern involves a non-TA instructor, staff member, professor, academic department, or School of Education office or unit, the student should contact the chair of the department or the director of the office or unit, or their designee. The chair or director, or their designee, will attempt to resolve the concern informally. If the concern is about the department chair or office/unit director, the student should consult the School of Education Senior Associate Dean for guidance.
3. If the concern remains unresolved after step 2, the student may submit a formal grievance to the chair or director in writing within 30 business days¹ of the alleged unfair treatment. To the fullest extent possible, a formal written grievance shall contain a clear and concise statement of the issue(s) involved and the relief sought.
4. On receipt of a written grievance, the chair or director will notify the person at whom the grievance is directed with a copy of the written grievance. The person at whom the complaint is directed may submit a written response, which would be shared with the student.
5. On receipt of a written grievance, the chair or director will refer the matter to a department, office, or unit committee comprised of at least two members. The committee may be an existing committee or one constituted for this purpose. The committee, or delegates from the committee, may meet with the parties involved and/or review any material either party shares with the committee.
6. The committee will provide a written description of the facts of the grievance and communicate recommendations to the department chair or office/unit head regarding how the grievance should be handled.
7. The chair or director will offer to meet with the student who made the grievance and also will provide a written decision to the student, including a description of any related action taken by the committee, within 30 business days of receiving the formal grievance.

¹ For the purpose of this policy, business days refers to those days when the University Offices are open and shall not include weekends, university holidays, spring recess, or the period from the last day of exams of fall semester instruction to the first day of spring semester instruction. All time limits may be modified by mutual consent of the parties involved.

If the grievance concerns an undergraduate course grade, the decision of the department chair after reviewing the committee's recommendations is final.

Other types of grievances may be appealed using the following procedures:

1. Both the student who filed the grievance or the person at whom the grievance was directed, if unsatisfied with the decision of the department, office or unit, have five (5) business days from receipt of the decision to contact the Senior Associate Dean, indicating the intention to appeal.
2. A written appeal must be filed with the Senior Associate Dean within 10 business days of the time the appealing party was notified of the initial resolution of the complaint.
3. On receipt of a written appeal, the Senior Associate Dean will convene a sub-committee of the School of Education's Academic Planning Council. This subcommittee may ask for additional information from the parties involved and/or may hold a meeting at which both parties will be asked to speak separately (i.e., not in the room at the same time).
4. The subcommittee will then make a written recommendation to the Dean of the School of Education, or their designee, who will render a decision. The dean or designee's written decision shall be made within 30 business days from the date when the written appeal was filed with the Senior Associate Dean. For undergraduate students, the dean or designee's decision is final.

Further appealing a School of Education decision – *graduate students only*

Graduate students have the option to appeal decisions by the School of Education dean or designee by using the process detailed on the Graduate School's website (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

Questions about these procedures can be directed to the School of Education Dean's Office, 377 Education Building, 1000 Bascom Mall, 608-262-1763.

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

PEOPLE

PEOPLE

Faculty: Professors Agarwal, Baker, L. Berland, M. Berland, Bullock, Feinstein, Ghouseini, Grant, E. Halverson, Hassett, Hawkins, Hess, Ho, YJ Kim, C. Kirchgasler, K. Kirchgasler, Louie, Machado, McDonald, McKinney de Royston, Pacheco, Popkewitz, LJ Randolph Jr., Roman, Rudolph, Russ, Stoddard, Vieira, Wardrip.

For more information about respective members of the faculty, see People (<http://ci.education.wisc.edu/ci/people/faculty/>) on the department website.

CURRICULUM AND INSTRUCTION: SECONDARY ENGLISH EDUCATION, MS

This program is a named option in the Curriculum and Instruction MS (<https://guide.wisc.edu/graduate/curriculum-instruction/curriculum-instruction-ms/#textcontainer>).

The secondary English program is a streamlined, graduate-level program that prepares students for a teaching license both in a specific content area at the secondary level (grades 4-12) and to work with English language learners (ESL certification, grades PK-12). Additional information may be found at <https://uwteach.education.wisc.edu> (<https://uwteach.education.wisc.edu/>).

The program spans two summers and an intervening academic year. Throughout this time, students take graduate-level courses and engage in fieldwork associated with those courses. To earn the degree, students must complete a master's project.

Notes: A teacher certification program is offered as a Master of Science in Curriculum and Instruction with various named options: English, mathematics (<https://guide.wisc.edu/graduate/curriculum-instruction/curriculum-instruction-ms/curriculum-instruction-secondary-mathematics-education-ms/>), science (<https://guide.wisc.edu/graduate/curriculum-instruction/curriculum-instruction-ms/curriculum-instruction-secondary-science-education-ms/>), social studies (<https://guide.wisc.edu/graduate/curriculum-instruction/curriculum-instruction-ms/curriculum-instruction-secondary-social-studies-education-ms/>), and world language (p. 504). Candidates may apply for more than one content area. However, they will only be allowed to enroll in one area at a time.

Elementary teacher certification is not available through the Department of Curriculum and Instruction Master's program. Students who desire elementary teacher certification should contact Education Academic Services (<https://www.education.wisc.edu/soe/academics/undergraduate-students/academic-advising/>).

ADMISSIONS

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed

admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) of the Graduate School as well as the program(s).** Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	This program does not admit in the fall.
Spring Deadline	This program does not admit in the spring.
Summer Deadline	January 15
GRE (Graduate Record Examinations)	May be required in certain cases; consult program.
English Proficiency Test	Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment, participate in a discussion with the ESL team and meet the Graduate School minimum requirements. Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/).
Other Test(s) (e.g., GMAT, MCAT)	PRAXIS 2 content exam may be required if the breadth of coursework does not match licensing content standards.
Letters of Recommendation Required	2

DEADLINE

The application deadline above is for early admission and priority scholarship consideration. The program will continue to review domestic applications through May. The program will review international applications through mid-March.

ADMISSIONS REQUIREMENTS

- Baccalaureate level / bachelor's degree
- Unofficial transcripts
- GPA (grade point average) of 3.0 or better (exceptions can be made on a case-by-case basis)
- Prerequisite courses and experiences that demonstrate depth and breadth across the English/Language Art domain
- International degree-seeking applicants must prove English proficiency using the Graduate School's requirements (<https://grad.wisc.edu/apply/requirements/>)
- Letters of recommendation
- Statement of purpose/reasons for graduate study
- Resume

Details about these requirements can be found here (<https://uwteach.education.wisc.edu/how-to-apply/requirements/>).

Prerequisites

Prerequisites to applying to the Secondary English Education named option can be found here (<https://uwteach.education.wisc.edu/program-subject-areas/prerequisites/>).

Graduate Record Examinations (GRE)

If GPA is below a 3.0, a GRE may be requested. Applicants would be notified after initial application review.

HOW TO APPLY

Step 1: Apply to the UW–Madison Graduate School (<https://grad.wisc.edu/apply/>)

Information required at this step includes the following:

- Autobiographical data
- Unofficial transcripts documenting undergraduate degree from an accredited college
- International degree-seeking applicants must prove English proficiency using the Graduate School's requirements (<https://grad.wisc.edu/apply/requirements/>)
- Statement of purpose—open-ended format, usually not to exceed one page
- Resume (or short CV) listing your academic and professional experience as well as any other information that might be helpful to us in evaluating your application. (No specific format is required, but it should not exceed two pages in length.)
- Two letters of recommendation—up to three are allowed
- Supplemental application: This section includes open-ended prompts requesting:
 - Further information about coursework or professional experience within the content field
 - An opportunity to share extenuating circumstances if you feel your GPA does not adequately reflect your academic abilities
 - A brief summary of your previous work with adolescents, educational settings, and/or speakers of languages other than English. (Experience in these areas are not required, but are helpful in determining your readiness for the program.)
 - In essay format, answers to three prompts specifically tailored to your subject area.
- **Please note:**
 - Be certain you select "Summer" as your term of admission in the Graduate School online application.
 - The UW Secondary Education MS Program admits new students only for the "summer" term.
 - Be certain you select Curriculum and Instruction MS—with your specified content area: English, Mathematics, Science, Social Studies, or World Language.
 - Students may apply for multiple areas, but may only be enrolled in one content area.
 - Please read the Graduate School's Frequently Asked Questions (FAQ) (<https://grad.wisc.edu/apply/#FAQ>) before completing the online application.

Step 2: Final Decisions

After your application is complete, a content area team will review your application and share their recommendation with you and the Graduate School.

If the recommendation is favorable, the UW Graduate School will make a final decision on your application. Official transcripts and a background check must be submitted prior to final admission.

If the recommendation is not favorable, a letter will be sent to you outlining the concern or issue. When applicable, you may be offered an opportunity to remain on a wait list, as future spots may become available.

FUNDING

FUNDING GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM INFORMATION

Students enrolled in this program are not eligible to receive tuition remission from graduate assistantship appointments at this institution.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

NAMED OPTION REQUIREMENTS MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	Yes

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW–Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail	
Minimum Credit Requirement	30 credits
Minimum Residence Credit Requirement	30 credits
Minimum Graduate Coursework Requirement	24 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/).
Overall Graduate GPA Requirement	3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	Students must earn a B average or above in all coursework to earn the MS degree. For teaching certification, a candidate must earn a B or better in each course. If a candidate does not earn a B or better additional coursework may be required.
Assessments and Examinations	PRAXIS subject test may be required if breadth of coursework does not match licensing content standards.
Language Requirements	Candidates must demonstrate advanced proficiency in English to acquire the English as a Second Language certification.

REQUIRED COURSES

There are five distinct content-area programs within the UW–Madison Teacher Certification Program (English, Mathematics (<https://guide.wisc.edu/graduate/curriculum-instruction/curriculum-instruction-ms/curriculum-instruction-secondary-mathematics-education-ms/>), Science (<https://guide.wisc.edu/graduate/curriculum-instruction/curriculum-instruction-ms/curriculum-instruction-secondary-science-education-ms/>), Social Studies (<https://guide.wisc.edu/graduate/curriculum-instruction/curriculum-instruction-ms/curriculum-instruction-secondary-social-studies-education-ms/>), and World Language (<https://guide.wisc.edu/graduate/curriculum-instruction/curriculum-instruction-ms/curriculum-instruction-world-language-education-ms/>)). Students are admitted to one of these areas. Students in each of the five areas take classes and participate in school field experiences with students from across the subject areas. Teaching and learning about English as a Second Language (ESL) is a co-equal area of certification and is infused throughout the program.

Code	Title	Credits
Summer 1 (Full Time - Mid-June to Late August)		
<i>Coursework</i>		
ED POL 600	Problems in Educational Policy	3
CURRIC 736	Educating Linguistically and Culturally Diverse Learners	2
CURRIC 737	Linguistics for Educators	2
CURRIC 535	Foundations of Literacy	2
<i>Fieldwork</i> ¹		
CURRIC 510	Community-Based Practicum ²	1-4

Fall: Academic Semester 1 (Full Time - Early September to Mid January)

<i>Coursework</i>		
CURRIC 507	Inclusive Education in Secondary Schools	2
ED PSYCH 621	Adolescent Development in Educational Contexts	2
CURRIC 396	Teaching of English	3
CURRIC 673	Learning Second Language and Literacies	2
CURRIC 729	Classroom Management for Secondary Educators	1

<i>Fieldwork</i> ³		
CURRIC 511	School-Based Practicum ²	1-4
CURRIC 472	Student Teaching of English in the Middle School ⁴	2-12
or CURRIC 496	Student Teaching of English in the High School	

Spring: Academic Semester 2 (Full Time - Mid January to Early June)

<i>Coursework</i>		
CURRIC 596	Advanced Practices in Teaching English in Secondary Schools	3
CURRIC 674	Advanced Methods in Teaching English as a Second Language ⁶	3

<i>Fieldwork</i> ⁵

CURRIC 496	Student Teaching of English in the High School ⁴	2-12
or CURRIC 472	Student Teaching of English in the Middle School	

Summer 2 (Full Time - Early June to Early August)

<i>Coursework</i>		
ELPA 640	Legal Rights and Responsibilities for Teachers	1
CURRIC 747	Masters Capstone in Teacher Education	3

<i>Master's Project</i> ⁷		
Total Credits		30

¹ The focus of this summer semester includes a field experience in the local community intended to involve program students with adolescents from diverse backgrounds. The university courses present assignments for students to carry out in the practicum sites. Within the content domain, program students will consider how academic subject knowledge is and should be translated into the curriculum.

² CURRIC 510 Community-Based Practicum is typically taken for 2-3 credits and CURRIC 511 School-Based Practicum is typically taken for 1 credit.

³ In this semester, program students are placed in local secondary schools. University courses provide assignments for students in their practicum sites and present concepts useful for understanding schooling, teaching, and students. Topics addressed across coursework include teaching methods to engage with all students, universal curriculum design, understanding contemporary adolescence, and theories of literacy and strategies in learning languages.

⁴ Fall student teaching is typically 4 credits and spring student teaching is typically 8 credits, and includes a 1 credit seminar. Field-based courses are required for certification.

⁵ Program students will be immersed in a semester of student teaching. University course work provides assignments for students to carry out in their student teaching as well as concepts and practices that will enhance their instructional effectiveness. During this semester, each student will prepare and teach an instructional unit incorporating concepts and theories from all previous semesters. The instructional unit exercise will also provide evidence for the Performance Assessment Portfolio.

⁶ Recommended but not required for the master's degree.

⁷ In the final summer, MS-English students will complete their master's projects under the direction of their capstone instructor and advisor. Students will also complete a Performance Assessment Portfolio including artifacts demonstrating proficiency on each of the School of Education's Teaching Standards (<https://tec.education.wisc.edu/current-students/meeting-wisconsin-educator-standards/>).

Students in this program may not take courses outside the prescribed curriculum without faculty advisor and program director approval. Students in this program cannot enroll concurrently in other undergraduate or graduate degree programs.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

NAMED OPTION-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

Students may not transfer graduate credits earned at other institutions.

Undergraduate Credits Earned at Other Institutions or UW-Madison

Students may not transfer undergraduate credits earned at other institutions or UW-Madison.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Students may not transfer credits earned as a professional student at UW-Madison.

Credits Earned as a University Special student at UW-Madison

Students may not transfer credits earned as a University Special student at UW-Madison.

PROBATION

Refer to the Graduate School: Probation (<https://policy.wisc.edu/library/UW-1217/>) policy.

ADVISOR / COMMITTEE

All students are required to have an advisor. An advisor is assigned to all incoming students. To ensure that they are making satisfactory progress toward a degree, students should meet with their advisor on a regular basis.

The advisor serves as the primary contact within the program and approves the candidate's capstone project. Students can be suspended from the program if they do not have an advisor.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

Refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

School of Education Grievance Policy and Procedures

The following School of Education Student Grievance Policy and associated procedures are designed for use in response to individual student grievances regarding faculty or staff in the School of Education.

Any individual student who feels they have been treated unfairly by a School of Education faculty or staff member has the right to file a grievance about the treatment and receive a timely response addressing their concerns. Any student, undergraduate or graduate, may use these

grievance procedures, except employees whose complaints are covered under other campus policies. The grievance may concern classroom treatment, mentoring or advising, program admission or continuation, course grades (study abroad grade complaints are handled through International Academic Programs (<https://studyabroad.wisc.edu/>)), or issues not covered by other campus policies or grievance procedures.

For grievances regarding discrimination based on protected bases (<https://compliance.wisc.edu/eo-complaint/>) (i.e., race, color, national origin, sex, disability, age, etc.), contact the Office of Compliance (<https://compliance.wisc.edu/eo-complaint/>).

For grievances or concerns regarding sexual harassment or sexual violence (including sexual assault, dating/domestic violence, stalking, and sexual exploitation), contact the Sexual Misconduct Resource and Response Program (<https://compliance.wisc.edu/titleix/>) within the Office of Compliance.

For grievances that involve the behavior of a student, contact the Office of Student Conduct and Community Standards in the Dean of Students Office at <https://conduct.students.wisc.edu/>.

For grievances about, or directed at, faculty or staff in a School of Education department, unit, or program, students should follow these steps:

1. Students are strongly encouraged to first talk with the person against whom the concern is directed. Many issues can be settled informally at this level. If students are unable to resolve concerns directly or without additional support, step 2 or 3 should be pursued.
2. If unresolved after taking or considering step 1:
 - a. If the concern is directed against a teaching assistant (TA), and the student is not satisfied, the student should contact the TA's supervisor, who is usually the course professor. The course professor will attempt to resolve the concern informally.
 - b. If the concern involves a non-TA instructor, staff member, professor, academic department, or School of Education office or unit, the student should contact the chair of the department or the director of the office or unit, or their designee. The chair or director, or their designee, will attempt to resolve the concern informally. If the concern is about the department chair or office/unit director, the student should consult the School of Education Senior Associate Dean for guidance.
3. If the concern remains unresolved after step 2, the student may submit a formal grievance to the chair or director in writing within 30 business days¹ of the alleged unfair treatment. To the fullest extent possible, a formal written grievance shall contain a clear and concise statement of the issue(s) involved and the relief sought.
4. On receipt of a written grievance, the chair or director will notify the person at whom the grievance is directed with a copy of the written grievance. The person at whom the complaint is directed may submit a written response, which would be shared with the student.
5. On receipt of a written grievance, the chair or director will refer the matter to a department, office, or unit committee comprised of at least two members. The committee may be an existing committee or one constituted for this purpose. The committee, or delegates from the committee, may meet with the parties involved and/or review any material either party shares with the committee.
6. The committee will provide a written description of the facts of the grievance and communicate recommendations to the department chair or office/unit head regarding how the grievance should be handled.

7. The chair or director will offer to meet with the student who made the grievance and also will provide a written decision to the student, including a description of any related action taken by the committee, within 30 business days of receiving the formal grievance.

¹ For the purpose of this policy, business days refers to those days when the University Offices are open and shall not include weekends, university holidays, spring recess, or the period from the last day of exams of fall semester instruction to the first day of spring semester instruction. All time limits may be modified by mutual consent of the parties involved.

If the grievance concerns an undergraduate course grade, the decision of the department chair after reviewing the committee's recommendations is final.

Other types of grievances may be appealed using the following procedures:

- Both the student who filed the grievance or the person at whom the grievance was directed, if unsatisfied with the decision of the department, office or unit, have five (5) business days from receipt of the decision to contact the Senior Associate Dean, indicating the intention to appeal.
- A written appeal must be filed with the Senior Associate Dean within 10 business days of the time the appealing party was notified of the initial resolution of the complaint.
- On receipt of a written appeal, the Senior Associate Dean will convene a sub-committee of the School of Education's Academic Planning Council. This subcommittee may ask for additional information from the parties involved and/or may hold a meeting at which both parties will be asked to speak separately (i.e., not in the room at the same time).
- The subcommittee will then make a written recommendation to the Dean of the School of Education, or their designee, who will render a decision. The dean or designee's written decision shall be made within 30 business days from the date when the written appeal was filed with the Senior Associate Dean. For undergraduate students, the dean or designee's decision is final.

Further appealing a School of Education decision – *graduate students only*

Graduate students have the option to appeal decisions by the School of Education dean or designee by using the process detailed on the Graduate School's website (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

Questions about these procedures can be directed to the School of Education Dean's Office, 377 Education Building, 1000 Bascom Mall, 608-262-1763.

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

PEOPLE

PEOPLE

Faculty: Professors Agarwal, Baker, L. Berland, M. Berland, Bullock, Feinstein, Ghouseini, Grant, E. Halverson, Hassett, Hawkins, Hess, Ho, YJ Kim, C. Kirchgasser, K. Kirchgasser, Louie, Machado, McDonald, McKinney de Royston, Pacheco, Popkewitz, LJ Randolph Jr., Roman, Rudolph, Russ, Stoddard, Vieira, Wardrip.

For more information about respective members of the faculty, see People (<http://ci.education.wisc.edu/ci/people/faculty/>) on the department website.

CURRICULUM AND INSTRUCTION: SECONDARY MATHEMATICS EDUCATION, MS

This program is a named option in the Curriculum and Instruction MS (<https://guide.wisc.edu/graduate/curriculum-instruction/curriculum-instruction-ms/#textcontainer>).

The secondary mathematics program is a streamlined, graduate-level program that prepares students for a teaching license both in a specific content area at the secondary level (grades 4-12) and to work with English language learners (ESL certification). Additional information may be found at <https://uwteach.education.wisc.edu> (<https://uwteach.education.wisc.edu/>).

The program spans two summers and an intervening academic year. Throughout this time, students take graduate-level courses and engage in fieldwork associated with those courses. To earn the degree, students must complete a master's project.

Notes: A teacher certification program is offered as a Master of Science in Curriculum and Instruction with various named options: English (<https://guide.wisc.edu/graduate/curriculum-instruction/curriculum-instruction-ms/curriculum-instruction-secondary-english-education-ms/>), mathematics, science (<https://guide.wisc.edu/graduate/curriculum-instruction/curriculum-instruction-ms/curriculum-instruction-secondary-science-education-ms/>), social studies (<https://guide.wisc.edu/graduate/curriculum-instruction/curriculum-instruction-ms/curriculum-instruction-secondary-social-studies-education-ms/>), and world language (p. 504). Candidates may apply for more than one content area. However, they will only be allowed to enroll in one area at a time.

Elementary teacher certification is not available through the Department of Curriculum and Instruction Master's program. Students who desire elementary teacher certification should contact Education Academic Services (<https://www.education.wisc.edu/soe/academics/undergraduate-students/academic-advising/>).

ADMISSIONS

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) of the Graduate School as well as the program(s).** Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	This program does not admit in the fall.
Spring Deadline	This program does not admit in the spring.
Summer Deadline	January 15

GRE (Graduate Record Examinations)	May be required in certain cases; consult program.
English Proficiency Test	Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment, participate in a discussion with the ESL team and meet the Graduate School minimum requirements. Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/).
Other Test(s) (e.g., GMAT, MCAT)	PRAXIS 2 content exam may be required if the breadth of coursework does not match licensing content standards.
Letters of Recommendation Required	2

DEADLINE

The application deadline above is for early admission and priority scholarship consideration. The program will continue to review domestic applications through May. The program will review international applicants through mid-March.

ADMISSIONS REQUIREMENTS

- Baccalaureate level/bachelor's degree
- Unofficial transcripts
- GPA (grade point average) of 3.0 or better (exceptions can be made on a case-by-case basis)
- Prerequisite courses and experiences that demonstrate depth and breadth across the secondary school mathematics domain
- International degree-seeking applicants must prove English proficiency using the Graduate School's requirements (<https://grad.wisc.edu/apply/requirements/>).
- Letters of recommendation
- Statement of purpose/reasons for graduate study
- Resume

Details about these requirements can be found here (<https://uwteach.education.wisc.edu/program-subject-areas/prerequisites/>).

Prerequisites

Prerequisites to applying to the Secondary Mathematics Education named option can be found here (<https://uwteach.education.wisc.edu/program-subject-areas/prerequisites/>).

Graduate Record Examinations (GRE)

If GPA is below a 3.0, a GRE may be requested. Applicants would be notified after initial application review.

HOW TO APPLY

Step 1: Apply to the UW-Madison Graduate School (<https://grad.wisc.edu/apply/>)

Information required at this step includes the following:

- Autobiographical data
- Unofficial transcripts documenting undergraduate degrees from an accredited college

- International degree-seeking applicants must prove English proficiency using the Graduate School's requirements (<https://grad.wisc.edu/apply/requirements/>)
- Statement of purpose—open-ended format, usually not to exceed one page
- Resume (or short CV) listing your academic and professional experience as well as any other information that might be helpful to us in evaluating your application. (No specific format is required, but it should not exceed two pages.)
- Two letters of recommendation—up to three are allowed
- Supplemental application: This section includes open-ended prompts requesting:
 - Further information about coursework or professional experience within the content field
 - GPA from your last 60 credits and an opportunity to share extenuating circumstances if you feel the number does not adequately reflect your academic abilities.
 - A brief summary of your previous work with adolescents, educational settings, and/or speakers of languages other than English. (Experience in these areas is not required but is helpful in determining your readiness for the program.)
 - In essay format, answers to three prompts specifically tailored to your subject area.
- **Please note:**
 - Be certain you select "Summer" as your term of admission in the Graduate School online application.
 - The UW Secondary Education MS Program admits new students only for the "summer" term.
 - Be certain you select Curriculum and Instruction MS—with your specified content area: English, Mathematics, Science, Social Studies, or World Language.
 - Students may apply for multiple areas but may only be enrolled in one content area.
 - Please read the Graduate School's Frequently Asked Questions (FAQ) before completing the online application.

Step 2: Final Decisions

After your application is complete, a content area team will review it and share their recommendation with you and the graduate school.

If the recommendation is favorable, the UW Graduate School will make a final decision on your application. Official transcripts and a background check must be submitted and meet the necessary guidelines prior to final admission.

If the recommendation is not favorable, a letter will be sent to you outlining the concern or issue. When applicable, you may be offered an opportunity to remain on a wait list as future spots become available.

FUNDING

FUNDING GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM INFORMATION

Students enrolled in this program are not eligible to receive tuition remission from graduate assistantship appointments at this institution.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

NAMED OPTION REQUIREMENTS MODE OF INSTRUCTION

Face to Face	Evening/Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	Yes

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW-Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail	
Minimum Credit Requirement	30 credits
Minimum Residence Credit Requirement	30 credits
Minimum Graduate Coursework Requirement	24 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/).
Overall Graduate GPA Requirement	3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).

Other Grade Requirements Students must earn a B average or above in all coursework.

For certification, if a candidate does not earn a B or better in a course, additional work may be required.

Assessments and Examinations PRAXIS subject test may be required if breadth of coursework does not match licensing content standards.

Language Requirements Candidates must demonstrate advanced proficiency in English to acquire the English as a Second Language certification.

REQUIRED COURSES

There are five distinct content-area programs within the UW-Madison Teacher Certification Program (English (<https://uwteach.education.wisc.edu/program-subject-areas/english/>), Mathematics, Science (<https://guide.wisc.edu/graduate/curriculum-instruction/curriculum-instruction-ms/curriculum-instruction-secondary-science-education-ms/>), Social Studies (<https://guide.wisc.edu/graduate/curriculum-instruction/curriculum-instruction-ms/curriculum-instruction-secondary-social-studies-education-ms/>), and World Language (<https://guide.wisc.edu/graduate/curriculum-instruction/curriculum-instruction-ms/curriculum-instruction-world-language-education-ms/>)). Students are admitted to one of these areas. Students in each of the five areas take classes and participate in school field experiences with students from across the subject areas. Teaching and learning about English as a Second Language (ESL) is a co-equal area of certification and is infused throughout the program.

Code	Title	Credits
Summer 1 (Full Time - Mid-June to Late August) ¹		
<i>Coursework</i>		
ED POL 600	Problems in Educational Policy	3
CURRIC 736	Educating Linguistically and Culturally Diverse Learners	2
CURRIC 737	Linguistics for Educators	2
CURRIC 635	Epistemology of Mathematics for Teachers	2
<i>Fieldwork ¹</i>		
CURRIC 510	Community-Based Practicum ²	1-4
Fall: Academic Semester 1 (Full Time - Early September to Mid January) ³		
<i>Coursework</i>		
CURRIC 507	Inclusive Education in Secondary Schools	2
ED PSYCH 621	Adolescent Development in Educational Contexts	2
CURRIC 393	The Teaching of Secondary School Mathematics I	3
CURRIC 673	Learning Second Language and Literacies	2
CURRIC 729	Classroom Management for Secondary Educators	1
<i>Fieldwork ³</i>		
CURRIC 511	School-Based Practicum ²	1-4
CURRIC 497	Student Teaching in Middle School Mathematics ⁴	2-12
or CURRIC 494	Student Teaching in High School Mathematics	

Spring: Academic Semester 2 (Full Time - Mid January to Early June) ⁵

<i>Coursework</i>		
CURRIC 394	The Teaching of Secondary School Mathematics II	3
CURRIC 674	Advanced Methods in Teaching English as a Second Language ⁶	3
<i>Fieldwork ⁵</i>		
CURRIC 494	Student Teaching in High School Mathematics ⁴	4-12
or CURRIC 497	Student Teaching in Middle School Mathematics	
CURRIC 675	General Seminar ⁴	1-3
Summer 2 (Full Time - Early June to Early August) ⁷		
<i>Coursework</i>		
CURRIC 747	Masters Capstone in Teacher Education (Master's Project) ⁷	3
ELPA 640	Legal Rights and Responsibilities for Teachers	1
Total Credits		30

¹ The focus of the summer semester includes a field experience in the local community intended to involve program students with adolescents from diverse backgrounds. The university courses present assignments for students to carry out in the practicum sites. Within the content domain, program students will consider how academic subject knowledge is and should be translated into the curriculum.

² CURRIC 510 Community-Based Practicum is typically taken for 2-3 credits and CURRIC 511 School-Based Practicum is typically taken for 1 credit.

³ In this semester, program students are placed in local secondary schools. University courses provide assignments for students in their practicum sites and present concepts useful for understanding schooling, teaching, and students. Topics addressed across coursework include teaching methods to engage with all students, universal curriculum design, understanding contemporary adolescence, and theories of literacy and strategies in learning languages.

⁴ Fall student teaching is typically 4 credits and spring student teaching is typically 8 credits, and includes a 1 credit seminar. Field-based courses are required for certification.

⁵ Program students will be immersed in a semester of student teaching. University course work provides assignments for students to carry out in their student teaching as well as concepts and practices that will enhance their instructional effectiveness. During this semester, each student will prepare and teach an instructional unit incorporating concepts and theories from all previous semesters. The instructional unit exercise will also provide evidence for the Performance Assessment Portfolio.

⁶ Recommended but not required for the master's degree.

⁷ In the final summer, MS-Math students will complete their master's projects under the direction of their capstone instructor and advisor. Students will also complete a Performance Assessment Portfolio including artifacts demonstrating proficiency on each of the School of Education's Teaching Standards (<https://tec.education.wisc.edu/current-students/meeting-wisconsin-educator-standards/>).

Students in this program may not take courses outside the prescribed curriculum without faculty advisor and program director approval.

Students in this program cannot enroll concurrently in other undergraduate or graduate degree programs.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

NAMED OPTION-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

Students may not transfer graduate credits earned at other institutions.

Undergraduate Credits Earned at Other Institutions or UW-Madison

Students may not transfer undergraduate credits earned at other institutions or UW-Madison.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Students may not transfer credits earned as a professional student at UW-Madison.

Credits Earned as a University Special student at UW-Madison

Students may not transfer credits earned as a University Special student at UW-Madison.

PROBATION

Refer to the Graduate School: Probation (<https://policy.wisc.edu/library/UW-1217/>) policy.

ADVISOR / COMMITTEE

All students are required to have an advisor. An advisor is assigned to all incoming students. To ensure that they are making satisfactory progress toward a degree, students should meet with their advisor on a regular basis.

The advisor serves as the primary contact within the program and approves the candidate's capstone project. Students can be suspended from the program if they do not have an advisor.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

Refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departamental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

School of Education Grievance Policy and Procedures

The following School of Education Student Grievance Policy and associated procedures are designed for use in response to individual student grievances regarding faculty or staff in the School of Education.

Any individual student who feels they have been treated unfairly by a School of Education faculty or staff member has the right to file a grievance about the treatment and receive a timely response addressing their concerns. Any student, undergraduate or graduate, may use these grievance procedures, except employees whose complaints are covered under other campus policies. The grievance may concern classroom treatment, mentoring or advising, program admission or continuation, course grades (study abroad grade complaints are handled through International Academic Programs (<https://studyabroad.wisc.edu/>)), or issues not covered by other campus policies or grievance procedures.

For grievances regarding discrimination based on protected bases (<https://compliance.wisc.edu/eo-complaint/>) (i.e., race, color, national origin, sex, disability, age, etc.), contact the Office of Compliance (<https://compliance.wisc.edu/eo-complaint/>).

For grievances or concerns regarding sexual harassment or sexual violence (including sexual assault, dating/domestic violence, stalking, and sexual exploitation), contact the Sexual Misconduct Resource and Response Program (<https://compliance.wisc.edu/titleix/>) within the Office of Compliance.

For grievances that involve the behavior of a student, contact the Office of Student Conduct and Community Standards in the Dean of Students Office at <https://conduct.students.wisc.edu/>.

For grievances about, or directed at, faculty or staff in a School of Education department, unit, or program, students should follow these steps:

1. Students are strongly encouraged to first talk with the person against whom the concern is directed. Many issues can be settled informally at this level. If students are unable to resolve concerns directly or without additional support, step 2 or 3 should be pursued.
2. If unresolved after taking or considering step 1:
 - a. If the concern is directed against a teaching assistant (TA), and the student is not satisfied, the student should contact the TA's supervisor, who is usually the course professor. The course professor will attempt to resolve the concern informally.
 - b. If the concern involves a non-TA instructor, staff member, professor, academic department, or School of Education office or unit, the student should contact the chair of the department or the director of the office or unit, or their designee. The chair or director, or their designee, will attempt to resolve the concern informally. If the concern is about the department chair or office/unit director, the student should consult the School of Education Senior Associate Dean for guidance.
3. If the concern remains unresolved after step 2, the student may submit a formal grievance to the chair or director in writing within 30 business days¹ of the alleged unfair treatment. To the fullest extent possible, a formal written grievance shall contain a clear and concise statement of the issue(s) involved and the relief sought.
4. On receipt of a written grievance, the chair or director will notify the person at whom the grievance is directed with a copy of the written grievance. The person at whom the complaint is directed may submit a written response, which would be shared with the student.
5. On receipt of a written grievance, the chair or director will refer the matter to a department, office, or unit committee comprised of at least two members. The committee may be an existing committee or one constituted for this purpose. The committee, or delegates from the committee, may meet with the parties involved and/or review any material either party shares with the committee.
6. The committee will provide a written description of the facts of the grievance and communicate recommendations to the department chair or office/unit head regarding how the grievance should be handled.
7. The chair or director will offer to meet with the student who made the grievance and also will provide a written decision to the student, including a description of any related action taken by the committee, within 30 business days of receiving the formal grievance.

¹ For the purpose of this policy, business days refers to those days when the University Offices are open and shall not include weekends, university holidays, spring recess, or the period from the last day of exams of fall semester instruction to the first day of spring semester instruction. All time limits may be modified by mutual consent of the parties involved.

If the grievance concerns an undergraduate course grade, the decision of the department chair after reviewing the committee's recommendations is final.

Other types of grievances may be appealed using the following procedures:

1. Both the student who filed the grievance or the person at whom the grievance was directed, if unsatisfied with the decision of the department, office or unit, have five (5) business days from receipt of the decision to contact the Senior Associate Dean, indicating the intention to appeal.
2. A written appeal must be filed with the Senior Associate Dean within 10 business days of the time the appealing party was notified of the initial resolution of the complaint.
3. On receipt of a written appeal, the Senior Associate Dean will convene a sub-committee of the School of Education's Academic Planning Council. This subcommittee may ask for additional information from the parties involved and/or may hold a meeting at which both parties will be asked to speak separately (i.e., not in the room at the same time).
4. The subcommittee will then make a written recommendation to the Dean of the School of Education, or their designee, who will render a decision. The dean or designee's written decision shall be made within 30 business days from the date when the written appeal was filed with the Senior Associate Dean. For undergraduate students, the dean or designee's decision is final.

Further appealing a School of Education decision – *graduate students only*

Graduate students have the option to appeal decisions by the School of Education dean or designee by using the process detailed on the Graduate School's website (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

Questions about these procedures can be directed to the School of Education Dean's Office, 377 Education Building, 1000 Bascom Mall, 608-262-1763.

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) of the Graduate School as well as the program(s).** Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	This program does not admit in the fall.
Spring Deadline	This program does not admit in the spring.
Summer Deadline	January 15
GRE (Graduate Record Examinations)	May be required in certain cases; consult program.
English Proficiency Test	Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment, participate in a discussion with the ESL team and meet the Graduate School minimum requirements. Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241/ (https://policy.wisc.edu/library/UW-1241/).
Other Test(s) (e.g., GMAT, MCAT)	PRAXIS 2 content exam may be required if the breadth of coursework does not match licensing content standards.
Letters of Recommendation Required	2

DEADLINE

The application deadline above is for early admission and priority scholarship consideration. The program will continue to review domestic applications through May. The program will review international applicants through mid-March.

ADMISSIONS REQUIREMENTS

- Baccalaureate level/bachelor's degree
- Unofficial Transcripts
- GPA (grade point average) of 3.0 or better (exceptions can be made on a case by case basis)
- Prerequisite courses and experiences that demonstrate depth and breadth across the secondary educational science domain
- International degree-seeking applicants must prove English proficiency using the Graduate School's requirements (<https://grad.wisc.edu/apply/requirements/>).
- Letters of recommendation
- Statement of purpose/reasons for graduate study
- Resume

Details about these requirements can be found here (<https://uwteach.education.wisc.edu/how-to-apply/requirements/>).

Prerequisites

Prerequisites to applying to the Secondary Science Education named option can be found here (<https://uwteach.education.wisc.edu/program-subject-areas/prerequisites/>).

Graduate Record Examinations (GRE)

If GPA is below a 3.0, a GRE may be requested. Applicants would be notified after initial application review.

HOW TO APPLY

Step 1: Apply to the UW-Madison Graduate School (<https://grad.wisc.edu/apply/>)

Information required at this step includes the following:

- Autobiographical data
- Unofficial transcripts documenting undergraduate degree from an accredited college
- International degree-seeking applicants must prove English proficiency using the Graduate School's requirements (<https://grad.wisc.edu/apply/requirements/>)
- Statement of purpose—open-ended format, usually not to exceed one page
- Resume (or short CV) listing your academic and professional experience as well as any other information that might be helpful to us in evaluating your application. (No specific format is required, but it should not exceed two pages in length.)
- Two letters of recommendation—up to three are allowed
- Supplemental application: This section includes open-ended prompts requesting:
 - A brief summary of your previous work with adolescents, educational settings, and/or speakers of languages other than English. (Experience in these areas are not required, but are helpful in determining your readiness for the program.)
 - An opportunity to share extenuating circumstances if you feel your GPA does not adequately reflect your academic abilities.
 - In essay format, answers to three prompts specifically tailored to your subject area.
- **Please note:**
 - Be certain you select "Summer" as your term of admission in the Graduate School online application.
 - The UW Secondary Education MS Program admits new students only for the "summer" term.

- Be certain you select Curriculum and Instruction M.S.—with your specified content area: English, Mathematics, Science, Social Studies, or World Language.
- Students may apply for multiple areas but may only be enrolled in one content area.
- Please read the Graduate School's Frequently Asked Questions (FAQ) (<http://grad.wisc.edu/admissions/faq/>) before completing the online application.

Step 2: Final Decisions

After your application is complete, a content area team will review your application and share their recommendation with you and the Graduate School.

If the recommendation is favorable, the UW Graduate School will make a final decision on your application. Official transcripts and a background check must be submitted and meet necessary guidelines prior to final admission.

If the recommendation is not favorable, a letter will be sent to you outlining the concern or issue. When applicable, you may be offered an opportunity to remain on a wait list, as future spots may become available.

FUNDING

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM INFORMATION

Students enrolled in this program are not eligible to receive tuition remission from graduate assistantship appointments at this institution.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

NAMED OPTION REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	Yes

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW-Madison campus only in evenings and/or on weekends to accommodate typical business

schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail

Minimum Credit Requirement	30 credits
Minimum Residence Credit Requirement	30 credits
Minimum Graduate Coursework Requirement	24 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/).
Overall Graduate GPA Requirement	3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	Students must earn a B average or above in all coursework to earn the MS. For teaching certification, a candidate must earn a B or better in each course. If a candidate does not earn a B or better additional coursework may be required.
Assessments and Examinations	PRAXIS subject test may be required if breadth of coursework does not match licensing content standards.
Language Requirements	Candidates must demonstrate advanced proficiency in English to acquire the English as a Second Language certification.

REQUIRED COURSES

There are five distinct content-area programs within the UW-Madison Teacher Certification Program (English (<https://guide.wisc.edu/graduate/curriculum-instruction/curriculum-instruction-ms/curriculum-instruction-secondary-english-education-ms/>), Mathematics (<https://guide.wisc.edu/graduate/curriculum-instruction/curriculum-instruction-ms/curriculum-instruction-secondary-mathematics-education-ms/>), Science, Social Studies (<https://guide.wisc.edu/graduate/curriculum-instruction/curriculum-instruction-ms/curriculum-instruction-secondary-social-studies-education-ms/>), and World Language (p. 504)). Students are admitted to one of these areas. Students in each of the five areas take classes and participate in school field experiences with students from across the subject areas. Teaching and learning about English as a Second Language (ESL) is a co-equal area of certification and is infused throughout the program.

Code Title Credits

Summer 1 (Full Time - Mid-June to Late August) ¹

Coursework

ED POL 600	Problems in Educational Policy	3
CURRIC 736	Educating Linguistically and Culturally Diverse Learners	2
CURRIC 737	Linguistics for Educators	2
CURRIC 735	Epistemic Practice and Science Teaching	2

Fieldwork ¹

CURRIC 510	Community-Based Practicum ²	2
------------	--	---

Fall: Academic Semester 1 (Full Time - Early September to Mid-January) ³

Coursework

CURRIC 507	Inclusive Education in Secondary Schools	2
ED PSYCH 621	Adolescent Development in Educational Contexts	2
CURRIC 390	Teaching of Science in Secondary Schools	3
CURRIC 673	Learning Second Language and Literacies	2
CURRIC 729	Classroom Management for Secondary Educators	1

Fieldwork ³

CURRIC 511	School-Based Practicum ²	1-4
CURRIC 495	Student Teaching in Science in the Middle School ⁴	2-12
or CURRIC 490	Student Teaching in Science in the High School	

Spring: Academic Semester 2 (Full Time - Mid-January to Early June) ⁵

Coursework

CURRIC 590	Advanced Practices in the Teaching of Science	3
CURRIC 674	Advanced Methods in Teaching English as a Second Language ⁶	3

Fieldwork ³

CURRIC 490	Student Teaching in Science in the High School [*]	2-12
or CURRIC 495	Student Teaching in Science in the Middle School	
CURRIC 675	General Seminar ⁴	1

Summer 2 (Full Time - Early June to Early August) ⁷

Coursework

ELPA 640	Legal Rights and Responsibilities for Teachers	1
CURRIC 747	Masters Capstone in Teacher Education ⁷	3

Total Credits 30

¹ The focus of this summer semester includes a field experience in the local community intended to involve program students with adolescents from diverse backgrounds. The university courses present assignments for students to carry out in the practicum sites. Within the content domain, program students will consider how academic subject knowledge is and should be translated into the curriculum.

² CURRIC 510 Community-Based Practicum is typically taken for 2-3 credits and CURRIC 511 School-Based Practicum is typically taken for 1 credit.

- ³ In this semester, program students are placed in local secondary schools. University courses provide assignments for students in their practicum sites and present concepts useful for understanding schooling, teaching, and students. Topics addressed across coursework include teaching methods to engage with all students, universal curriculum design, understanding contemporary adolescence, and theories of literacy and strategies in learning languages.
- ⁴ Fall student teaching is typically 4 credits and spring student teaching is typically 8 credits, and includes a 1 credit seminar. Field-based courses are required for certification.
- ⁵ Program students will be immersed in a semester of student teaching. University course work provides assignments for students to carry out in their student teaching as well as concepts and practices that will enhance their instructional effectiveness. During this semester, each student will prepare and teach an instructional unit incorporating concepts and theories from all previous semesters. The instructional unit exercise will also provide evidence for the Performance Assessment Portfolio.
- ⁶ Recommended but not required for the master's degree.
- ⁷ In the final summer, MS-Science students will complete their master's projects under the direction of their capstone instructor and advisor. Students will also complete a Performance Assessment Portfolio including artifacts demonstrating proficiency on each of the School of Education's Teaching Standards (<https://tec.education.wisc.edu/current-students/meeting-wisconsin-educator-standards/>).

Students in this program may not take courses outside the prescribed curriculum without faculty advisor and program director approval. Students in this program cannot enroll concurrently in other undergraduate or graduate degree programs.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

NAMED OPTION-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

Students may not transfer graduate credits earned at other institutions.

Undergraduate Credits Earned at Other Institutions or UW-Madison

Students may not transfer undergraduate credits earned at other institutions or UW-Madison.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Students may not transfer credits earned as a professional student at UW-Madison.

Credits Earned as a University Special student at UW-Madison

Students may not transfer credits earned as a University Special student at UW-Madison.

PROBATION

Refer to the Graduate School: Probation (<https://policy.wisc.edu/library/UW-1217/>) policy.

ADVISOR / COMMITTEE

All students are required to have an advisor. An advisor is assigned to all incoming students. To ensure that they are making satisfactory progress toward a degree, students should meet with their advisor on a regular basis.

The advisor serves as the primary contact within the program and approves the candidate's capstone project. Students can be suspended from the program if they do not have an advisor.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

Refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (<https://osas.wisc.edu/>) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)

- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

School of Education Grievance Policy and Procedures

The following School of Education Student Grievance Policy and associated procedures are designed for use in response to individual student grievances regarding faculty or staff in the School of Education.

Any individual student who feels they have been treated unfairly by a School of Education faculty or staff member has the right to file a grievance about the treatment and receive a timely response addressing their concerns. Any student, undergraduate or graduate, may use these grievance procedures, except employees whose complaints are covered under other campus policies. The grievance may concern classroom treatment, mentoring or advising, program admission or continuation, course grades (study abroad grade complaints are handled through International Academic Programs (<https://studyabroad.wisc.edu/>)), or issues not covered by other campus policies or grievance procedures.

For grievances regarding discrimination based on protected bases (<https://compliance.wisc.edu/eo-complaint/>) (i.e., race, color, national origin, sex, disability, age, etc.), contact the Office of Compliance (<https://compliance.wisc.edu/eo-complaint/>).

For grievances or concerns regarding sexual harassment or sexual violence (including sexual assault, dating/domestic violence, stalking, and sexual exploitation), contact the Sexual Misconduct Resource and Response Program (<https://compliance.wisc.edu/titleix/>) within the Office of Compliance.

For grievances that involve the behavior of a student, contact the Office of Student Conduct and Community Standards in the Dean of Students Office at <https://conduct.students.wisc.edu/>.

For grievances about, or directed at, faculty or staff in a School of Education department, unit, or program, students should follow these steps:

1. Students are strongly encouraged to first talk with the person against whom the concern is directed. Many issues can be settled informally at this level. If students are unable to resolve concerns directly or without additional support, step 2 or 3 should be pursued.
2. If unresolved after taking or considering step 1:
 - a. If the concern is directed against a teaching assistant (TA), and the student is not satisfied, the student should contact the TA's supervisor, who is usually the course professor. The course professor will attempt to resolve the concern informally.
 - b. If the concern involves a non-TA instructor, staff member, professor, academic department, or School of Education office or unit, the student should contact the chair of the department or the director of the office or unit, or their designee. The chair or director, or their designee, will attempt to resolve the concern informally. If the concern is about the department chair or office/unit director, the student should consult the School of Education Senior Associate Dean for guidance.
3. If the concern remains unresolved after step 2, the student may submit a formal grievance to the chair or director in writing within 30 business days¹ of the alleged unfair treatment. To the fullest extent possible, a formal written grievance shall contain a clear and concise statement of the issue(s) involved and the relief sought.
4. On receipt of a written grievance, the chair or director will notify the person at whom the grievance is directed with a copy of the written

grievance. The person at whom the complaint is directed may submit a written response, which would be shared with the student.

5. On receipt of a written grievance, the chair or director will refer the matter to a department, office, or unit committee comprised of at least two members. The committee may be an existing committee or one constituted for this purpose. The committee, or delegates from the committee, may meet with the parties involved and/or review any material either party shares with the committee.
6. The committee will provide a written description of the facts of the grievance and communicate recommendations to the department chair or office/unit head regarding how the grievance should be handled.
7. The chair or director will offer to meet with the student who made the grievance and also will provide a written decision to the student, including a description of any related action taken by the committee, within 30 business days of receiving the formal grievance.

¹ For the purpose of this policy, business days refers to those days when the University Offices are open and shall not include weekends, university holidays, spring recess, or the period from the last day of exams of fall semester instruction to the first day of spring semester instruction. All time limits may be modified by mutual consent of the parties involved.

If the grievance concerns an undergraduate course grade, the decision of the department chair after reviewing the committee's recommendations is final.

Other types of grievances may be appealed using the following procedures:

1. Both the student who filed the grievance or the person at whom the grievance was directed, if unsatisfied with the decision of the department, office or unit, have five (5) business days from receipt of the decision to contact the Senior Associate Dean, indicating the intention to appeal.
2. A written appeal must be filed with the Senior Associate Dean within 10 business days of the time the appealing party was notified of the initial resolution of the complaint.
3. On receipt of a written appeal, the Senior Associate Dean will convene a sub-committee of the School of Education's Academic Planning Council. This subcommittee may ask for additional information from the parties involved and/or may hold a meeting at which both parties will be asked to speak separately (i.e., not in the room at the same time).
4. The subcommittee will then make a written recommendation to the Dean of the School of Education, or their designee, who will render a decision. The dean or designee's written decision shall be made within 30 business days from the date when the written appeal was filed with the Senior Associate Dean. For undergraduate students, the dean or designee's decision is final.

Further appealing a School of Education decision – *graduate students only*

Graduate students have the option to appeal decisions by the School of Education dean or designee by using the process detailed on the Graduate School's website (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

Questions about these procedures can be directed to the School of Education Dean's Office, 377 Education Building, 1000 Bascom Mall, 608-262-1763.

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

PEOPLE

PEOPLE

Faculty: Professors Agarwal, Baker, L. Berland, M. Berland, Bullock, Feinstein, Ghouseini, Grant, E. Halverson, Hassett, Hawkins, Hess, Ho, YJ Kim, C. Kirchgasler, K. Kirchgasler, Louie, Machado, McDonald, McKinney

de Royston, Pacheco, Popkewitz, LJ Randolph Jr., Roman, Rudolph, Russ, Stoddard, Vieira, Wardrip.

For more information about respective members of the faculty, see People (<http://ci.education.wisc.edu/ci/people/faculty/>) on the department website.

CURRICULUM AND INSTRUCTION: SECONDARY SOCIAL STUDIES EDUCATION, MS

This program is a named option in the Curriculum and Instruction MS (<https://guide.wisc.edu/graduate/curriculum-instruction/curriculum-instruction-ms/#textcontainer>).

The secondary social studies program is a streamlined, graduate-level program that prepares students for a teaching license both in a specific content area at the secondary level (grades 4-12) and to work with English language learners (ESL certification, grades PK-12). Additional information may be found at <https://uwteach.education.wisc.edu> (<https://uwteach.education.wisc.edu/>).

The program spans two summers and an intervening academic year. Throughout this time, students take graduate-level courses and engage in fieldwork associated with those courses. To earn the degree, students must complete a master's project.

Notes: A teacher certification program is offered as a Master of Science in Curriculum and Instruction with various named options: English (<https://guide.wisc.edu/graduate/curriculum-instruction/curriculum-instruction-ms/curriculum-instruction-secondary-english-education-ms/>), mathematics (<https://guide.wisc.edu/graduate/curriculum-instruction/curriculum-instruction-ms/curriculum-instruction-secondary-mathematics-education-ms/>), science (<https://guide.wisc.edu/graduate/curriculum-instruction/curriculum-instruction-ms/curriculum-instruction-secondary-science-education-ms/>), social studies, and world language (p. 504). Candidates may apply for more than one content area. However, they will only be allowed to enroll in one area at a time.

Elementary teacher certification is not available through the Department of Curriculum and Instruction Master's program. Students who desire elementary teacher certification should contact Education Academic Services (<https://www.education.wisc.edu/soe/academics/undergraduate-students/academic-advising/>).

ADMISSIONS

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) of the Graduate School as well as the program(s).** Once you have researched

the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	This program does not admit in the fall.
Spring Deadline	This program does not admit in the spring.
Summer Deadline	January 15
GRE (Graduate Record Examinations)	May be required in certain cases; consult program.
English Proficiency Test	Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment, participate in a discussion with the ESL team and meet the Graduate School minimum requirements. Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/).
Other Test(s) (e.g., GMAT, MCAT)	PRAXIS 2 content exam may be required if breadth of coursework does not match licensing content standards.
Letters of Recommendation Required	2

DEADLINE

The application deadline above is for early admission and priority scholarship consideration. The program will continue to review domestic applications through May. The program will review international applicants through mid-March.

ADMISSIONS REQUIREMENTS

- Baccalaureate level/bachelor's degree
- Unofficial transcripts
- GPA (grade point average) of 3.0 or better (exceptions can be made on a case-by-case basis)
- Prerequisite courses and experiences to demonstrate depth and breadth of the secondary educational social studies content domain
- International degree-seeking applicants must prove English proficiency using the Graduate School's requirements (<https://grad.wisc.edu/apply/requirements/>).
- Letters of recommendation
- Statement of purpose/reasons for graduate study
- Resume

Details about these requirements can be found here (<https://uwteach.education.wisc.edu/how-to-apply/requirements/>).

Prerequisites

Prerequisites to applying to the Secondary Social Studies Education named option can be found here (<https://uwteach.education.wisc.edu/program-subject-areas/prerequisites/>).

Graduate Record Examinations (GRE)

If GPA is below a 3.0, a GRE may be requested. Applicants would be notified after initial application review.

HOW TO APPLY

Step 1: Apply to the UW-Madison Graduate School (<https://grad.wisc.edu/apply/>)

Information required at this step includes the following:

- Autobiographical data
- Unofficial transcripts documenting undergraduate degrees from an accredited college
- International degree-seeking applicants must prove English proficiency using the Graduate School's requirements (<https://grad.wisc.edu/apply/requirements/>)
- Statement of purpose—open-ended format, usually not to exceed one page
- Resume (or short CV) listing your academic and professional experience as well as any other information that might be helpful to us in evaluating your application. (No specific format is required, but it should not exceed two pages in length.)
- Two letters of recommendation—up to three are allowed
- Supplemental application: This section includes open-ended prompts requesting:
 - Further information about coursework or professional experience within the content field
 - GPA from your last 60 credits, and an opportunity to share extenuating circumstances if you feel the number does not adequately reflect your academic abilities.
 - A brief summary of your previous work with adolescents, educational settings, and/or speakers of languages other than English. (Experience in these areas is not required but is helpful in determining your readiness for the program.)
 - In essay format, answers to three prompts specifically tailored to your subject area.
- **Please note:**
 - Be certain you select "Summer" as your term of admission in the Graduate School online application.
 - The UW Secondary Education MS Program admits new students only for the "summer" term.
 - Be certain you select Curriculum and Instruction M.S.—with your specified content area: English, Mathematics, Science, Social Studies, or World Language.
 - Students may apply for multiple areas but may only be enrolled in one content area.
 - Please read the Graduate School's Frequently Asked Questions (FAQ) (<https://grad.wisc.edu/apply/>) before completing the online application.

Step 2: Final Decisions

After your application is complete, a content area team will review it and share their recommendation with you and the graduate school.

If the recommendation is favorable, the UW Graduate School will make a final decision on your application. Official transcripts and a background check must be submitted and meet the necessary guidelines prior to final admission.

If the recommendation is not favorable, a letter will be sent to you outlining the concern or issue. When applicable, you may be offered an opportunity to remain on a wait list as future spots may become available.

Language Requirements Candidates must demonstrate advanced proficiency in English to acquire the English as a Second Language certification.

REQUIRED COURSES

There are five distinct content-area programs within the UW-Madison Teacher Certification Program (English (<https://guide.wisc.edu/graduate/curriculum-instruction/curriculum-instruction-ms/curriculum-instruction-secondary-english-education-ms/>), Mathematics (<https://guide.wisc.edu/graduate/curriculum-instruction/curriculum-instruction-ms/curriculum-instruction-secondary-mathematics-education-ms/>), Science (<https://guide.wisc.edu/graduate/curriculum-instruction/curriculum-instruction-ms/curriculum-instruction-secondary-science-education-ms/>), Social Studies, and World Language (<https://guide.wisc.edu/graduate/curriculum-instruction/curriculum-instruction-ms/curriculum-instruction-world-language-education-ms/>)). Students are admitted to one of these areas. Students in each of the five areas take classes and participate in school field experiences with students from across the subject areas. Teaching and learning about English as a Second Language (ESL) is a co-equal area of certification and is infused throughout the program.

¹ The focus of this summer semester includes a field experience in the local community intended to involve program students with adolescents from diverse backgrounds. The university courses present assignments for students to carry out in the practicum sites. Within the content domain, program students will consider how academic subject knowledge is and should be translated into the curriculum.

² CURRIC 510 Community-Based Practicum is typically taken for 2-3 credits and CURRIC 511 School-Based Practicum is typically taken for 1 credit.

³ In this semester, program students are placed in local secondary schools. University courses provide assignments for students in their practicum sites and present concepts useful for understanding schooling, teaching, and students. Topics addressed across coursework include teaching methods to engage with all students, universal curriculum design, understanding contemporary adolescence, and theories of literacy and strategies in learning languages.

⁴ Fall student teaching is typically 4 credits and spring student teaching is typically 8 credits, and includes a 1 credit seminar. Field-based courses are required for certification.

⁵ Program students will be immersed in a semester of student teaching. University course work provides assignments for students to carry out in their student teaching as well as concepts and practices that will enhance their instructional effectiveness. During this semester, each student will prepare and teach an instructional unit incorporating concepts and theories from all previous semesters. The instructional

unit exercise will also provide evidence for the Performance Assessment Portfolio.

⁶ Recommended but not required for the master's degree.

⁷ In the final summer, MS-Social Studies students will complete their master's projects under the direction of their capstone instructor and advisor.

Students will also complete a Performance Assessment Portfolio including artifacts demonstrating proficiency on each of the School of Education's Teaching Standards (<https://tec.education.wisc.edu/current-students/meeting-wisconsin-educator-standards/>).

Students in this program may not take courses outside the prescribed curriculum without faculty advisor and program director approval.

Students in this program cannot enroll concurrently in other undergraduate or graduate degree programs.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

NAMED OPTION-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

Students may not transfer graduate credits earned at other institutions.

Undergraduate Credits Earned at Other Institutions or UW-Madison

Students may not transfer undergraduate credits earned at other institutions or UW-Madison.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Students may not transfer credits earned as a professional student at UW-Madison.

Credits Earned as a University Special student at UW-Madison

Students may not transfer credits earned as a University Special student at UW-Madison.

PROBATION

Refer to the Graduate School: Probation (<https://policy.wisc.edu/library/UW-1217/>) policy.

ADVISOR / COMMITTEE

All students are required to have an advisor. An advisor is assigned to all incoming students. To ensure that they are making satisfactory progress toward a degree, students should meet with their advisor on a regular basis.

The advisor serves as the primary contact within the program and approves the candidate's capstone project. Students can be suspended from the program if they do not have an advisor.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

Refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeeabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

School of Education Grievance Policy and Procedures

The following School of Education Student Grievance Policy and associated procedures are designed for use in response to individual student grievances regarding faculty or staff in the School of Education.

Any individual student who feels they have been treated unfairly by a School of Education faculty or staff member has the right to file a grievance about the treatment and receive a timely response addressing their concerns. Any student, undergraduate or graduate, may use these grievance procedures, except employees whose complaints are covered under other campus policies. The grievance may concern classroom treatment, mentoring or advising, program admission or continuation, course grades (study abroad grade complaints are handled through International Academic Programs (<https://studyabroad.wisc.edu/>)), or issues not covered by other campus policies or grievance procedures.

For grievances regarding discrimination based on protected bases (<https://compliance.wisc.edu/eo-complaint/>) (i.e., race, color, national origin, sex, disability, age, etc.), contact the Office of Compliance (<https://compliance.wisc.edu/eo-complaint/>).

For grievances or concerns regarding sexual harassment or sexual violence (including sexual assault, dating/domestic violence, stalking, and sexual exploitation), contact the Sexual Misconduct Resource and Response Program (<https://compliance.wisc.edu/titleix/>) within the Office of Compliance.

For grievances that involve the behavior of a student, contact the Office of Student Conduct and Community Standards in the Dean of Students Office at <https://conduct.students.wisc.edu/>.

For grievances about, or directed at, faculty or staff in a School of Education department, unit, or program, students should follow these steps:

1. Students are strongly encouraged to first talk with the person against whom the concern is directed. Many issues can be settled informally at this level. If students are unable to resolve concerns directly or without additional support, step 2 or 3 should be pursued.
2. If unresolved after taking or considering step 1:
 - a. If the concern is directed against a teaching assistant (TA), and the student is not satisfied, the student should contact the TA's supervisor, who is usually the course professor. The course professor will attempt to resolve the concern informally.
 - b. If the concern involves a non-TA instructor, staff member, professor, academic department, or School of Education office or unit, the student should contact the chair of the department or the director of the office or unit, or their designee. The chair or director, or their designee, will attempt to resolve the concern informally. If the concern is about the department chair or office/unit director, the student should consult the School of Education Senior Associate Dean for guidance.
3. If the concern remains unresolved after step 2, the student may submit a formal grievance to the chair or director in writing within 30 business days¹ of the alleged unfair treatment. To the fullest extent possible, a formal written grievance shall contain a clear and concise statement of the issue(s) involved and the relief sought.
4. On receipt of a written grievance, the chair or director will notify the person at whom the grievance is directed with a copy of the written grievance. The person at whom the complaint is directed may submit a written response, which would be shared with the student.
5. On receipt of a written grievance, the chair or director will refer the matter to a department, office, or unit committee comprised of at least two members. The committee may be an existing committee or one constituted for this purpose. The committee, or delegates from the committee, may meet with the parties involved and/or review any material either party shares with the committee.
6. The committee will provide a written description of the facts of the grievance and communicate recommendations to the department chair or office/unit head regarding how the grievance should be handled.
7. The chair or director will offer to meet with the student who made the grievance and also will provide a written decision to the student, including a description of any related action taken by the committee, within 30 business days of receiving the formal grievance.

¹ For the purpose of this policy, business days refers to those days when the University Offices are open and shall not include

weekends, university holidays, spring recess, or the period from the last day of exams of fall semester instruction to the first day of spring semester instruction. All time limits may be modified by mutual consent of the parties involved.

If the grievance concerns an undergraduate course grade, the decision of the department chair after reviewing the committee's recommendations is final.

Other types of grievances may be appealed using the following procedures:

1. Both the student who filed the grievance or the person at whom the grievance was directed, if unsatisfied with the decision of the department, office or unit, have five (5) business days from receipt of the decision to contact the Senior Associate Dean, indicating the intention to appeal.
2. A written appeal must be filed with the Senior Associate Dean within 10 business days of the time the appealing party was notified of the initial resolution of the complaint.
3. On receipt of a written appeal, the Senior Associate Dean will convene a sub-committee of the School of Education's Academic Planning Council. This subcommittee may ask for additional information from the parties involved and/or may hold a meeting at which both parties will be asked to speak separately (i.e., not in the room at the same time).
4. The subcommittee will then make a written recommendation to the Dean of the School of Education, or their designee, who will render a decision. The dean or designee's written decision shall be made within 30 business days from the date when the written appeal was filed with the Senior Associate Dean. For undergraduate students, the dean or designee's decision is final.

Further appealing a School of Education decision – *graduate students only*

Graduate students have the option to appeal decisions by the School of Education dean or designee by using the process detailed on the Graduate School's website (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

Questions about these procedures can be directed to the School of Education Dean's Office, 377 Education Building, 1000 Bascom Mall, 608-262-1763.

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

PEOPLE

PEOPLE

Faculty: Professors Agarwal, Baker, L. Berland, M. Berland, Bullock, Feinstein, Ghouseini, Grant, E. Halverson, Hassett, Hawkins, Hess, Ho, YJ Kim, C. Kirchgasser, K. Kirchgasser, Louie, Machado, McDonald, McKinney de Royston, Pacheco, Popkewitz, LJ Randolph Jr., Roman, Rudolph, Russ, Stoddard, Vieira, Wardrip.

For more information about respective members of the faculty, see People (<http://ci.education.wisc.edu/ci/people/faculty/>) on the department website.

CURRICULUM AND INSTRUCTION: WORLD LANGUAGE EDUCATION, MS

This is a named option in the Curriculum and Instruction MS (p. 476).

A master of science with initial teacher certification is offered as a Master of Science in Curriculum and Instruction with named options in English (p. 483), mathematics (p. 489), science (p. 494), social studies (p. 499), and world languages. The program is a streamlined, graduate-level program that prepares students for an initial teaching license in a specific content area. (World language certification spans PK-12; English, math, science, or social studies certifications are at

the secondary level.) Additional information may be found at <https://uwteach.education.wisc.edu> (<https://uwteach.education.wisc.edu/>).

The WLE named option is for students who want to become highly qualified world language teachers and have already earned an undergraduate degree with a language proficiency and sociocultural understanding of that language.

Candidates may apply for more than one content area; however, they will only be allowed to enroll in one area at a time. Elementary teacher certification is unavailable through the Department of Curriculum and Instruction Master's program. Students who desire elementary teacher certification should contact Education Academic Services (<https://www.education.wisc.edu/soe/academics/undergraduate-students/academic-advising/>).

The program spans one summer semester and one full academic year, to total four semesters. Throughout this period, students take graduate-level courses and engage in fieldwork associated with those courses. To earn the degree, students must complete a master's project.

There is a critical need for world language teachers in Wisconsin and beyond. The WLE program will prepare teacher candidates to be critical world language educators who acknowledge and respond to social and educational inequities. The program is grounded on frameworks of justice-oriented, antiracist, and anticolonial pedagogies. Through rigorous and cutting-edge program classes, students will develop as critical thinkers and reflective professionals who are able to create transformative language learning experiences for diverse students.

ADMISSIONS

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) of the Graduate School as well as the program(s).** Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	This program does not admit in the fall.
Spring Deadline	This program does not admit in the spring.
Summer Deadline	January 15
GRE (Graduate Record Examinations)	May be required in certain cases, consult program.
English Proficiency Test	Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment. Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/).

Other Test(s) (e.g., GMAT, MCAT)	ACTFL scores at the Intermediate High level for both Oral and Written exams can serve as an alternative method to verify language proficiency for certification purposes
----------------------------------	--

Letters of Recommendation Required 2

DEADLINE

The application deadline above is for early admission and priority scholarship consideration. The program will continue to review domestic applications through May. The program will review international applications through mid-March.

ADMISSIONS REQUIREMENTS

- Baccalaureate level/bachelor's degree
- Unofficial transcripts
- Grade point average (GPA) of 3.0 or better (exceptions can be made on a case-by-case basis)
- Verification of language proficiency in the certifying language (may be verified by any one of the following methods:
 - Holding a degree in the language from an accredited college obtained within the past five years.
 - Achieving ACTFL scores at the Intermediate High level in both Oral and Written exams.
 - Earning a degree from an institution where the majority of coursework was conducted in the certification language.
- Letters of recommendation
- Statement of purpose/reasons for graduate study
- Resume
- International degree-seeking applicants must prove English proficiency using the Graduate School's requirements (<https://grad.wisc.edu/apply/requirements/>).

Graduate Record Examinations (GRE)

If a GPA is below 3.0, a GRE may be requested. Applicants will be notified after initial application review.

HOW TO APPLY

Step 1: Apply to the UW-Madison Graduate School (<https://grad.wisc.edu/apply/>)

Information required at this step includes the following:

- Provide autobiographical data through the Graduate School online application (<https://grad.wisc.edu/apply/>)
- Unofficial transcripts documenting undergraduate degrees from an accredited institution
- International degree-seeking applicants must prove English proficiency using the Graduate School's requirements (<https://grad.wisc.edu/apply/requirements/>).
- Statement of purpose: open-ended format, usually not to exceed one page
- Resume (or short CV) listing your academic and professional experience as well as any other information that might be helpful to us in evaluating your application. (no specific format is required, but it should not exceed two pages in length.)
- Two letters of recommendation: up to three are allowed

- Supplemental application: This section includes open-ended prompts requesting:
 - Further information about coursework or professional experience within the content field
 - GPA from your last 60 credits, and an opportunity to share extenuating circumstances if you feel the number does not adequately reflect your academic abilities.
 - A brief summary of your previous work with adolescents, educational settings, and/or speakers of languages other than English. (Experience in these areas is not required, but is helpful in determining your readiness for the program.)
 - In essay format, answers to three prompts specifically tailored to your subject area.
- **Please note:**
 - Be certain you select "Summer" as your term of admission in the Graduate School online application.
 - Be certain you select Curriculum and Instruction MS—with your specified content area. This includes secondary English, Mathematics, Science, Social Studies, or World Language education.
 - Applicants may only be enrolled in one subject area.
 - Refer to the Graduate School's Frequently Asked Questions (FAQ) (<https://grad.wisc.edu/apply/#FAQ>) before completing the online application.

Step 2: Final Decisions

After completing the application, a content area team will review it and share their recommendation with you and the Graduate School.

If the recommendation is favorable, the UW Graduate School will make a final decision on your application. Official transcripts and a background check must be submitted and meet the necessary guidelines prior to final admission.

If the recommendation is unfavorable, a letter will be sent to you outlining the concern or issue. When applicable, you may be offered an opportunity to remain on a wait list as future spots become available.

FUNDING

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM INFORMATION

Students enrolled in this program are not eligible to receive tuition remission from graduate assistantship appointments at this institution.

Within the Curriculum and Instruction's MS teacher education program, additional financial support is available. Two primary options include:

1. Competitive scholarship awards with gift-based monetary aid ranging from \$2,000 to \$15,000;

2. All students are currently eligible to enroll in the Teacher Pledge program, a loan forgiveness program that covers the amount of "in-state" tuition, typically in the area of \$24,000.

Both options are open to candidates in the program and may be used together. To learn more, please explore <https://uwteach.education.wisc.edu/financial-aid> (<https://uwteach.education.wisc.edu/financial-aid/>).

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

NAMED OPTION REQUIREMENTS

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	Yes

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW–Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail	
Minimum Credit Requirement	30 credits
Minimum Residence Credit Requirement	30 credits
Minimum Graduate Coursework Requirement	24 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244/ (https://policy.wisc.edu/library/UW-1244/).
Overall Graduate GPA Requirement	3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203/ (https://policy.wisc.edu/library/UW-1203/).

Other Grade Requirements Students must earn a 3.0 average or above in all coursework to earn the MS degree. For teaching certification, a candidate must earn a B or better in each graded course. If a candidate does not earn a B or better additional coursework may be required.

Assessments and Examinations PRAXIS exams may be used to verify content knowledge. ACTFL exams may be required to verify language proficiency.

Language Requirements Candidates must demonstrate advanced proficiency in English to acquire the English as a Second Language certification.

REQUIRED COURSES

There are five distinct subject-area programs within the UW-Madison Secondary Teacher Certification Program (English (p. 483), Mathematics (p. 489), Science (p. 494), Social Studies (p. 499), and World Language). Students apply to and are admitted to one of these areas. All students, however, go through the program as a cohort and take classes and participate in school field experiences with students from across the subject areas.

Code	Title	Credits
------	-------	---------

Summer 1 (Full Time - Mid June to Mid August)

The focus of this summer semester includes a field experience in the local community intended to involve program students with adolescents from diverse backgrounds. The university courses present assignments for students to carry out in the practicum sites. Within the content domain, program students will consider how academic subject knowledge is and should be translated into the curriculum.

- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (<https://osas.wisc.edu/>) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

School of Education Grievance Policy and Procedures

The following School of Education Student Grievance Policy and associated procedures are designed for use in response to individual student grievances regarding faculty or staff in the School of Education.

Any individual student who feels they have been treated unfairly by a School of Education faculty or staff member has the right to file a grievance about the treatment and receive a timely response addressing their concerns. Any student, undergraduate or graduate, may use these grievance procedures, except employees whose complaints are covered under other campus policies. The grievance may concern classroom treatment, mentoring or advising, program admission or continuation, course grades (study abroad grade complaints are handled through International Academic Programs (<https://studyabroad.wisc.edu/>)), or issues not covered by other campus policies or grievance procedures.

For grievances regarding discrimination based on protected bases (<https://compliance.wisc.edu/eo-complaint/>) (i.e., race, color, national origin, sex, disability, age, etc.), contact the Office of Compliance (<https://compliance.wisc.edu/eo-complaint/>).

For grievances or concerns regarding sexual harassment or sexual violence (including sexual assault, dating/domestic violence, stalking, and sexual exploitation), contact the Sexual Misconduct Resource and Response Program (<https://compliance.wisc.edu/titleix/>) within the Office of Compliance.

For grievances that involve the behavior of a student, contact the Office of Student Conduct and Community Standards in the Dean of Students Office at <https://conduct.students.wisc.edu/>.

For grievances about, or directed at, faculty or staff in a School of Education department, unit, or program, students should follow these steps:

1. Students are strongly encouraged to first talk with the person against whom the concern is directed. Many issues can be settled informally at this level. If students are unable to resolve concerns directly or without additional support, step 2 or 3 should be pursued.
2. If unresolved after taking or considering step 1:

- a. If the concern is directed against a teaching assistant (TA), and the student is not satisfied, the student should contact the TA's supervisor, who is usually the course professor. The course professor will attempt to resolve the concern informally.
 - b. If the concern involves a non-TA instructor, staff member, professor, academic department, or School of Education office or unit, the student should contact the chair of the department or the director of the office or unit, or their designee. The chair or director, or their designee, will attempt to resolve the concern informally. If the concern is about the department chair or office/unit director, the student should consult the School of Education Senior Associate Dean for guidance.
3. If the concern remains unresolved after step 2, the student may submit a formal grievance to the chair or director in writing within 30 business days¹ of the alleged unfair treatment. To the fullest extent possible, a formal written grievance shall contain a clear and concise statement of the issue(s) involved and the relief sought.
 4. On receipt of a written grievance, the chair or director will notify the person at whom the grievance is directed with a copy of the written grievance. The person at whom the complaint is directed may submit a written response, which would be shared with the student.
 5. On receipt of a written grievance, the chair or director will refer the matter to a department, office, or unit committee comprised of at least two members. The committee may be an existing committee or one constituted for this purpose. The committee, or delegates from the committee, may meet with the parties involved and/or review any material either party shares with the committee.
 6. The committee will provide a written description of the facts of the grievance and communicate recommendations to the department chair or office/unit head regarding how the grievance should be handled.
 7. The chair or director will offer to meet with the student who made the grievance and also will provide a written decision to the student, including a description of any related action taken by the committee, within 30 business days of receiving the formal grievance.

¹ For the purpose of this policy, business days refers to those days when the University Offices are open and shall not include weekends, university holidays, spring recess, or the period from the last day of exams of fall semester instruction to the first day of spring semester instruction. All time limits may be modified by mutual consent of the parties involved.

If the grievance concerns an undergraduate course grade, the decision of the department chair after reviewing the committee's recommendations is final.

Other types of grievances may be appealed using the following procedures:

1. Both the student who filed the grievance or the person at whom the grievance was directed, if unsatisfied with the decision of the department, office or unit, have five (5) business days from receipt of the decision to contact the Senior Associate Dean, indicating the intention to appeal.
2. A written appeal must be filed with the Senior Associate Dean within 10 business days of the time the appealing party was notified of the initial resolution of the complaint.
3. On receipt of a written appeal, the Senior Associate Dean will convene a sub-committee of the School of Education's Academic Planning

Council. This subcommittee may ask for additional information from the parties involved and/or may hold a meeting at which both parties will be asked to speak separately (i.e., not in the room at the same time).

4. The subcommittee will then make a written recommendation to the Dean of the School of Education, or their designee, who will render a decision. The dean or designee's written decision shall be made within 30 business days from the date when the written appeal was filed with the Senior Associate Dean. For undergraduate students, the dean or designee's decision is final.

Further appealing a School of Education decision – *graduate students only*

Graduate students have the option to appeal decisions by the School of Education dean or designee by using the process detailed on the Graduate School's website (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

Questions about these procedures can be directed to the School of Education Dean's Office, 377 Education Building, 1000 Bascom Mall, 608-262-1763.

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

PROGRAM RESOURCES

Within the program, personalized professional support is provided through the content area's advisor, field-based supervisors, and mentor teachers. The School of Education also supports the development of teacher candidates within the program, throughout the licensing process, and after graduation with the Teacher Education Center (<https://tec.education.wisc.edu/become-a-teacher-at-uw-madison/>) and Career Center (<https://careercenter.education.wisc.edu/>).

PEOPLE

PEOPLE

Faculty and Staff from the Department of Curriculum and Instruction support this program. The full list is available at: <https://ci.education.wisc.edu/fac-staff> (<https://ci.education.wisc.edu/fac-staff/>).

The primary faculty liaison for the WLE program is Dr. L. J. Randolph Jr. (lj.randolphjr@wisc.edu)

CURRICULUM AND INSTRUCTION, PHD

The Department of Curriculum and Instruction offers graduate studies that lead to the Doctor of Philosophy (PhD) in Curriculum and Instruction. The goals of doctoral study in Curriculum and Instruction are to help students develop abilities for research in the field of curriculum and instruction, imbuing them with a distinctive theoretical and critical edge; develop expertise in one of the department's areas of study, listed below; acquire greater competence in curriculum evaluation and development; improve understanding of the teaching-learning process; gain depth and breadth of knowledge in related academic fields; and build a broadened professional background in areas related to curriculum and instruction, such as anthropology, history, philosophy, sociology of education, administration, counseling, educational psychology, and supervision.

PhD study in the department is research-oriented. It prepares students for different forms of intellectual leadership in education including research, curriculum analysis and development, teacher education, and other teaching in higher education as well as leadership positions in educational agencies. These different forms of leadership are not mutually exclusive, but the relative emphasis given to each varies among students and areas of study.

AREAS OF STUDY

In accord with interests and professional goals, each admitted graduate student is assigned to a primary area of study and to an initial faculty advisor in that area. Areas of study are bilingual education, curriculum studies & global studies, early childhood studies, English as a second

language, literacy studies, mathematics education, multicultural education, music education, science education, social studies education, teacher education, world language education, and design, informal, and creative education (DICE).

Details of requirements and procedures pertaining to PhD study in the department are described in the department's PhD Degree Program Handbook (<https://merit-www.education.wisc.edu/ci-handbook/>). Doctoral students are responsible for learning about and following department requirements and procedures and they should therefore familiarize themselves with this document. PhD students are also responsible for learning about and following Graduate School policies. The curriculum and instruction graduate program office offers an informational meeting for new graduate students at the beginning of each semester.

INTERNATIONAL APPLICANTS

The department has a long and successful history of working with graduate students from around the world. Over the last 25 years, approximately 130 MS degrees were earned by international students; students in this group came from 37 countries. During the same period, approximately 150 PhD degrees were earned by international students in the department; students in this group came from 43 countries. Altogether, approximately one-third of our graduate students in Curriculum and Instruction are international students, which enriches the social and intellectual environment for all faculty and students as we continuously learn from each other.

ADMISSIONS

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) of the Graduate School as well as the program(s).** Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 1
Spring Deadline	This program does not admit in the spring.
Summer Deadline	This program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment. Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/).
Other Test(s) (e.g., GMAT, MCAT)	n/a

Letters of Recommendation Required 3

PHD APPLICANTS

Applicants are required to supplement the application with the items enumerated below.

- 1. Unofficial transcripts.** Unofficial transcripts from all previous postsecondary studies are required for all PhD applicants. Unofficial transcripts should be uploaded to the application system. If an applicant is admitted by the department, official transcripts will need to be submitted directly to the Graduate School by the student's postsecondary institution.
- 2. Evidence of writing ability.** PhD applicants are required to provide evidence of their writing ability by submitting a writing sample (master's thesis, academic paper from a graduate course, a journal article, or any other writing that the applicant believes can be used to judge writing ability). This should be uploaded to the application.
- 3. Three letters that include an appraisal of academic competence.** PhD applicants are required to have three letters of reference assessing their academic and professional competence. Letters of reference written for teachers and other educational professionals ordinarily include an evaluation of their professional competence, and the department values that information. In addition, the department needs letters that provide a knowledgeable appraisal of the applicant's academic competence and research capability. An applicant's former professors are usually best able to provide this, so the department encourages letters from such referees. Letters must be submitted electronically through the online application.
- 4. Statement of reasons for doctoral study and the names of one or two potential advisors.** Each PhD applicant is required to upload a detailed statement of reasons for doctoral study and to pick the names of one or two potential advisors from a drop-down menu. It is highly recommended that applicants contact prospective advisors in advance of applying. Contact information can be found on the C&I website (<https://ci.education.wisc.edu/fac-staff/>). The statement should indicate the applicant's primary area of interest, professional objectives, career goals, and why the applicant is interested in pursuing a research degree in the Department of Curriculum and Instruction. The applicant must identify the desired advisor or advisors in the drop-down menu and it is recommended to do so as well in the statement of reasons for graduate study. This information is used to gauge the appropriateness of the applicant's program goals in relation to the department's mission and to identify prospective advisors whose research interests match those of the applicant. If an applicant's statement fails to persuade a faculty member to serve as the graduate advisor, the applicant will be refused admission; it is, therefore, important that this statement be detailed, well-written, and matched to specific advisors and their areas of study that are available in the department. Please see this FAQ (<https://ci.education.wisc.edu/admissions-aid/graduate-admissions-faq/>) for more information about writing a statement of reasons.
- 5. Resume or curriculum vitae (cv).**

International applicants should note additional requirements that are described in the International Applications section, below.

INTERNATIONAL APPLICANTS

International degree-seeking applicants must prove English proficiency using the Graduate School's requirements (<https://grad.wisc.edu/apply/requirements/>).

EXPECTED BACKGROUND IN PROFESSIONAL EDUCATION

A background in education coursework is a prerequisite for the PhD program in Curriculum and Instruction. Applicants are required to have taken at least 12 credits in education courses that are equivalent to courses taught within a school of education, as judged by the Graduate Education Advisory Committee. Applicants lacking this background will be required to take a specified number of credits of education coursework in addition to the coursework ordinarily required in the graduate program. The courses taken should be chosen in consultation with the graduate advisor, and each of these courses must be taken for a letter grade (not pass/fail). These courses may be carried concurrently with regular graduate courses; but, being additional requirements, they do not satisfy the requirements of the graduate program.

FUNDING

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Funding – Fellowships and Financial Support

The department will guarantee five years of funding for each admitted, full-time student. This funding could take the form of assistantships or fellowships and will include tuition remission and a modest stipend. Assistantships typically involve 20 hours of professional work each week that takes place in and around the Madison area. Fellowships do not have work requirements but typically involve attending fellowship events and meetings or participating in research opportunities.

Part-time students are not eligible for fellowships or assistantships in the C&I department. A full-time student temporarily dropping to part-time status will not be eligible for funding while they are part-time. Any teaching, project, or program assistant in the C&I department must carry a full course load of 8–15 graduate-level credits (3 credits for dissertators) and make satisfactory progress toward the graduate degree.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW–Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail	
Minimum Credit Requirement	51 credits
Minimum Residence Credit Requirement	36 credits beyond the master's before taking the preliminary examination
Minimum Graduate Coursework Requirement	36 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/).
Overall Graduate GPA Requirement	3.25 GPA required.
Other Grade Requirements	n/a
Assessments and Examinations	Doctoral students must pass the preliminary examination within three years of starting the program.
Language Requirements	No language requirements other than the English proficiency required for admission.

Graduate School Breadth Requirement All doctoral students are required to complete a doctoral minor or graduate/professional certificate. Refer to the Graduate School: Breadth Requirement in Doctoral Training policy: <https://policy.wisc.edu/library/UW-1200> (<https://policy.wisc.edu/library/UW-1200/>).

Students completing an external minor must take at least 9 credits, which can include coursework from Curriculum Instruction only if the minor is Qualitative Research Methods. Students completing a distributed minor must take 12 credits from two or more programs forming a coherent topic. Curriculum Instruction cannot be one of the two programs.

REQUIRED COURSES

51 credits minimum are needed to graduate. At least 36 of these must be taken after the student enters the PhD program. Within those 36 credits:

- For students without a UW–Madison Curriculum & Instruction MS, minimum of 18 must be new Curriculum & Instruction (CURRIC (<http://guide.wisc.edu/courses/curric/>)) credits. For students with a UW–Madison Curriculum & Instruction Research MS, a minimum of 12 must be new Curriculum & Instruction (CURRIC (<http://guide.wisc.edu/courses/curric/>)) credits. CURRIC 990, CURRIC 999 and classes from the Qualitative Research Methodology in Education minor does not satisfy this requirement.
- Breadth (9–12 credits)
- CURRIC 712 Introduction to Curriculum and Instruction: Research and Resources.
 - Students who have a UW–Madison Curriculum & Instruction MS are exempt from this requirement.
- 3 research method classes (from 2 different traditions as determined by advisor).

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

No prior coursework from other institutions can transfer for the 36 credits required before taking the preliminary examination in Curriculum and Instruction.

Undergraduate Credits Earned at Other Institutions or UW–Madison

No credits from a UW–Madison undergraduate degree or an external completed master's degree can transfer for the 36 credits required before taking the preliminary examination in Curriculum and Instruction.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a University Special Student at UW-Madison

With program approval, students are allowed to transfer no more than 9 credits of coursework numbered 300 or above taken as a UW-Madison University Special student. Coursework earned five or more years prior to admission to a doctoral degree is not allowed to satisfy requirements.

PROBATION

The status of a student can be one of two options:

1. Satisfactory progress (progressing according to standards)
2. Unsatisfactory progress (not progressing according to standards; permitted to enroll with specific plan with dates and deadlines in place in regard to removal of unsatisfactory progress to avoid dismissal from the program).

ADVISOR / COMMITTEE

All students are required to have an advisor. An advisor is assigned to all incoming students. To ensure they are making satisfactory progress toward a degree, students should meet with their advisor on a regular basis.

The advisor serves as the dissertator advisor. Students can be suspended from the program if they do not have an advisor.

CREDITS PER TERM ALLOWED

12 credits. Students may take up to 15 credits with the approval of their advisor and notification to the graduate program coordinator.

TIME LIMITS

Students must submit their proposal at least one semester before they can defend their dissertation.

Refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeeabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (<https://osas.wisc.edu/>) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

School of Education Grievance Policy and Procedures

The following School of Education Student Grievance Policy and associated procedures are designed for use in response to individual student grievances regarding faculty or staff in the School of Education.

Any individual student who feels they have been treated unfairly by a School of Education faculty or staff member has the right to file a grievance about the treatment and receive a timely response addressing their concerns. Any student, undergraduate or graduate, may use these grievance procedures, except employees whose complaints are covered under other campus policies. The grievance may concern classroom treatment, mentoring or advising, program admission or continuation, course grades (study abroad grade complaints are handled through International Academic Programs (<https://studyabroad.wisc.edu/>)), or issues not covered by other campus policies or grievance procedures.

For grievances regarding discrimination based on protected bases (<https://compliance.wisc.edu/eo-complaint/>) (i.e., race, color, national origin, sex, disability, age, etc.), contact the Office of Compliance (<https://compliance.wisc.edu/eo-complaint/>).

For grievances or concerns regarding sexual harassment or sexual violence (including sexual assault, dating/domestic violence, stalking, and sexual exploitation), contact the Sexual Misconduct Resource and Response Program (<https://compliance.wisc.edu/titleix/>) within the Office of Compliance.

For grievances that involve the behavior of a student, contact the Office of Student Conduct and Community Standards in the Dean of Students Office at <https://conduct.students.wisc.edu/>.

For grievances about, or directed at, faculty or staff in a School of Education department, unit, or program, students should follow these steps:

1. Students are strongly encouraged to first talk with the person against whom the concern is directed. Many issues can be settled informally at this level. If students are unable to resolve concerns directly or without additional support, step 2 or 3 should be pursued.
2. If unresolved after taking or considering step 1:
 - a. If the concern is directed against a teaching assistant (TA), and the student is not satisfied, the student should contact the TA's supervisor, who is usually the course professor. The course professor will attempt to resolve the concern informally.

- b. If the concern involves a non-TA instructor, staff member, professor, academic department, or School of Education office or unit, the student should contact the chair of the department or the director of the office or unit, or their designee. The chair or director, or their designee, will attempt to resolve the concern informally. If the concern is about the department chair or office/unit director, the student should consult the School of Education Senior Associate Dean for guidance.
3. If the concern remains unresolved after step 2, the student may submit a formal grievance to the chair or director in writing within 30 business days¹ of the alleged unfair treatment. To the fullest extent possible, a formal written grievance shall contain a clear and concise statement of the issue(s) involved and the relief sought.
4. On receipt of a written grievance, the chair or director will notify the person at whom the grievance is directed with a copy of the written grievance. The person at whom the complaint is directed may submit a written response, which would be shared with the student.
5. On receipt of a written grievance, the chair or director will refer the matter to a department, office, or unit committee comprised of at least two members. The committee may be an existing committee or one constituted for this purpose. The committee, or delegates from the committee, may meet with the parties involved and/or review any material either party shares with the committee.
6. The committee will provide a written description of the facts of the grievance and communicate recommendations to the department chair or office/unit head regarding how the grievance should be handled.
7. The chair or director will offer to meet with the student who made the grievance and also will provide a written decision to the student, including a description of any related action taken by the committee, within 30 business days of receiving the formal grievance.

¹ For the purpose of this policy, business days refers to those days when the University Offices are open and shall not include weekends, university holidays, spring recess, or the period from the last day of exams of fall semester instruction to the first day of spring semester instruction. All time limits may be modified by mutual consent of the parties involved.

If the grievance concerns an undergraduate course grade, the decision of the department chair after reviewing the committee's recommendations is final.

Other types of grievances may be appealed using the following procedures:

1. Both the student who filed the grievance or the person at whom the grievance was directed, if unsatisfied with the decision of the department, office or unit, have five (5) business days from receipt of the decision to contact the Senior Associate Dean, indicating the intention to appeal.
2. A written appeal must be filed with the Senior Associate Dean within 10 business days of the time the appealing party was notified of the initial resolution of the complaint.
3. On receipt of a written appeal, the Senior Associate Dean will convene a sub-committee of the School of Education's Academic Planning Council. This subcommittee may ask for additional information from the parties involved and/or may hold a meeting at which both parties will be asked to speak separately (i.e., not in the room at the same time).
4. The subcommittee will then make a written recommendation to the Dean of the School of Education, or their designee, who will render a decision. The dean or designee's written decision shall be made within 30 business days from the date when the written appeal was filed with the Senior Associate Dean. For undergraduate students, the dean or designee's decision is final.

Further appealing a School of Education decision – *graduate students only*

Graduate students have the option to appeal decisions by the School of Education dean or designee by using the process detailed on the Graduate School's website (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

Questions about these procedures can be directed to the School of Education Dean's Office, 377 Education Building, 1000 Bascom Mall, 608-262-1763.

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

LEARNING OUTCOMES

1. (Breadth of Knowledge) Examples of competence may include demonstrating awareness of historical and intellectual context, educational practices, critical research paradigms within the broader field of Curriculum and Instruction, and theories and approaches from other fields as appropriate for their research.
2. (Depth of Knowledge) Examples of competence may include demonstrating mastery of concepts, theories, and research, and understanding of relevant educational practices and contexts, sufficient to pose questions that extend the current boundaries of knowledge within their chosen subfield of Curriculum and Instruction.
3. (Research Approaches and Epistemological Foundations) Examples of competence may include articulating research problems that build on history, theory, research, and practice within their subfield of Curriculum and Instruction; choosing research methods appropriate to those problems and demonstrating understanding of epistemological foundations underlying those methods.

PEOPLE

PEOPLE

Faculty: Professors Agarwal, Baker, L. Berland, M. Berland, Bullock, Feinstein, Ghouseini, Grant, E. Halverson, Hassett, Hawkins, Hess, Ho, YJ Kim, C. Kirchgasser, K. Kirchgasser, Louie, Machado, McDonald, McKinney de Royston, Pacheco, Popkewitz, LJ Randolph Jr., Roman, Rudolph, Russ, Stoddard, Vieira, Wardrip.

For more information about respective members of the faculty, see People (<http://ci.education.wisc.edu/ci/people/faculty/>) on the department website.

QUALITATIVE RESEARCH METHODOLOGY IN EDUCATION, DOCTORAL MINOR

A minor in Qualitative Research Methodology in Education provides important grounding for students interested in doing a dissertation employing qualitative methods. It also complements a focus on quantitative methods so that students would come out of the graduate program with knowledge and expertise in research methodology (more than a set of tools but a theoretical understanding of the foundation and development of tool implementation). Upon graduation, a student with

this minor would be well positioned to teach qualitative methods, to advise graduate students on using qualitative methods, or to evaluate and design research using qualitative methods.

More information about the minor can be found here (<http://website.education.wisc.edu/qrm/>).

ADMISSIONS

ADMISSIONS

All Graduate School students must utilize the Graduate Student Portal in MyUW to add, change, or discontinue any doctoral minor. To apply to this minor, log in to MyUW, click on Graduate Student Portal, and then click on Add/Change Programs. Select the information for the doctoral minor for which you are applying.

REQUIREMENTS

REQUIREMENTS

Code	Title	Credits
Required Courses		
Students must complete the following courses.		
CURRIC/ COUN PSY/ED POL/ ED PSYCH/ELPA/ RP & SE 719	Introduction to Qualitative Research	3
CURRIC/ COUN PSY/ED POL/ ED PSYCH/ELPA/ RP & SE 788	Qualitative Research Methods in Education: Field Methods I	3
CURRIC/ COUN PSY/ED POL/ ED PSYCH/ELPA/ RP & SE 789	Qualitative Research Methods in Education: Field Methods II	3
Qualitative Research Methods Elective		3
Students must complete a course in the School of Education or in other related departments. Elective courses must be approved by the steering committee as having sufficient content in qualitative research methods.		
Total Credits		12

ECONOMICS

DEGREES/MAJORS, DOCTORAL MINORS, GRADUATE/PROFESSIONAL CERTIFICATES

- Economics, Doctoral Minor (p. 516)
- Economics, MS (p. 516)
- Economics, PhD (p. 523)
- Financial Economics, MS (p. 528)

ECONOMICS, DOCTORAL MINOR

The doctoral minor in economics provides an opportunity for students in other disciplines to obtain economics training to complement their primary doctoral program. Additional information is available on the minor page of the Department of Economics' website (<https://econ.wisc.edu/doctoral-minor-requirements/>).

ADMISSIONS

ADMISSIONS

The minor field must be approved by the Department of Economics graduate coordinator. For help with planning a minor or other question, students should contact the department's graduate advisor.

All Graduate School students must utilize the Graduate Student Portal in MyUW to add, change, or discontinue any doctoral minor or graduate/professional certificate. To apply to this minor or certificate, log in to MyUW, click on Graduate Student Portal, and then click on Add/Change Programs. Select the information for the doctoral minor or graduate/professional certificate for which you are applying.

REQUIREMENTS

REQUIREMENTS

The economics doctoral minor requires four courses (12 credits) taken as a graduate student. At least one course must be from the theory sequence (ECON 711 Economic Theory-Microeconomics Sequence, ECON 712 Economic Theory-Macroeconomics Sequence, ECON 713 Economic Theory: Microeconomics Sequence, ECON 714 Economic Theory; Macroeconomics Sequence) along with three appropriate doctoral-level courses at the 600-900 level. Courses that are part of the economics master's program cannot be used as part of the minor sequence. Not more than one course may be a reading course, workshop, or seminar. In addition, the course sequence must comply with the Graduate School policy for Option A Minors. (<https://grad.wisc.edu/acadpolicy/#minors>)

PEOPLE

PEOPLE

Professors: Barwick, Chinn, Corbae, Deneckere, Engel, Fu, B. Hansen, Hendricks, Houde, Kennan, Lentz, Porter, Rostek, Ruhl, Seshadri, Shi, J. Smith, L. Smith, Sorensen, Taber, Weretka, West, Wright

Associate Professors: Aizawa, Gregory, Kang, Kirpalani, Quint, Swanson

Assistant Professors: Bernard, Boerma, Braxton, Camboni, Chiang, Coulibay, Cox, Gutierrez, Magnolfi, Mommaerts, O'Connell, Rojas-Ampuero, Sullivan, Yata

Affiliated Faculty: Chang, Chung, Montgomery, Sarada, Schechter, Smeeding

Instructional Staff: Alder (Faculty Associate), Chan (Lecturer), Eudey (Senior Lecturer), Flanagan (Lecturer), Friedman (Lecturer), Glawtschew (Lecturer), D. Hansen (Lecturer), K. Hansen (Senior Lecturer), Johnson (Senior Lecturer), McKelvey (Lecturer), Pac (Senior Lecturer), Rick (Senior Lecturer), Trost (Lecturer)

ECONOMICS, MS

There are two MS in Economics Named Option degrees. The MS Named Option in Graduate Foundations is a terminal master's degree that students apply to directly. See information about the Graduate Foundations program here (p. 520). The other MS Named Option Economics degree is part of the PhD program and does not admit students directly.

ADMISSIONS

ADMISSIONS

Students apply to the Master of Science in Economics through the named option or the PhD:

- The Economics (p. 517) named option is offered for work leading to the PhD. Students may not apply directly for the master's, and should instead see the admissions information for the PhD (<https://guide.wisc.edu/graduate/economics/economics-phd/#admissionstext>).
- Graduate Foundations (<https://guide.wisc.edu/graduate/economics/economics-ms/economics-graduate-foundations-ms/>)

FUNDING

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS CURRICULAR REQUIREMENTS

Requirement Detail

Minimum Credit Requirement 30 credits

Minimum Residence Credit Requirement 16 credits

Minimum Graduate Coursework Requirement 15 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: <https://policy.wisc.edu/library/UW-1244> (<https://policy.wisc.edu/library/UW-1244/>).

Overall Graduate GPA Requirement 3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: <https://policy.wisc.edu/library/UW-1203> (<https://policy.wisc.edu/library/UW-1203/>).

Other Grade Requirements See Named Options for policy information.

Assessments and Examinations See Named Options for policy information.

Language Requirements No language requirements.

REQUIRED COURSES

Select a Named Option (p. 517) for courses required.

NAMED OPTIONS

A named option is a formally documented sub-major within an academic major program. Named options appear on the transcript with degree conferral. Students pursuing the Master of Science in Economics must select one of the following named options:

View as listView as grid

- **ECONOMICS: ECONOMICS, MS (P. 517)**
- **ECONOMICS: GRADUATE FOUNDATIONS, MS (P. 520)**

POLICIES

POLICIES

Students should refer to one of the named options for policy information:

- Economics (p. 517)
- Graduate Foundations (<https://guide.wisc.edu/graduate/economics/economics-ms/economics-graduate-foundations-ms/>)

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

LEARNING OUTCOMES

1. Demonstrates understanding of core economic principles and theories in microeconomics, macroeconomics, and econometrics.
2. Uses econometric methods to communicate empirical questions in writing.
3. Conducts empirical research following ethical principles of the discipline for using sources.

PEOPLE

PEOPLE

Professors: Barwick, Chinn, Corbae, Deneckere, Engel, Fu, B. Hansen, Hendricks, Houde, Kennan, Lentz, Porter, Rostek, Ruhl, Seshadri, Shi, J. Smith, L. Smith, Sorensen, Taber, Weretka, West, Wright

Associate Professors: Aizawa, Gregory, Kang, Kirpalani, Quint, Swanson

Assistant Professors: Bernard, Boerma, Braxton, Camboni, Chiang, Coulibay, Cox, Gutierrez, Magnolfi, Mommaerts, O'Connell, Rojas-Ampuero, Sullivan, Yata

Affiliated Faculty: Chang, Chung, Montgomery, Sarada, Schechter, Smeeding

Instructional Staff: Alder (Faculty Associate), Chan (Lecturer), Eudey (Senior Lecturer), Flanagan (Lecturer), Friedman (Lecturer), Glawtschew (Lecturer), D. Hansen (Lecturer), K. Hansen (Senior Lecturer), Johnson (Senior Lecturer), McKelvey (Lecturer), Pac (Senior Lecturer), Rick (Senior Lecturer), Trost (lecturer)

ECONOMICS: ECONOMICS, MS

This is a named option within the Economics MS. (p. 516) This MS in Economics is offered as part of the PhD (p. 523) in Economics. Please see the PhD program in Economics (<https://guide.wisc.edu/graduate/economics/economics-phd/>) for additional information.

ADMISSIONS

ADMISSIONS

The Economics MS named option in Economics is offered for work leading to the PhD. Students may not apply directly for the master's and should instead see the admissions information for the PhD (p. 523).

Students may also apply to the Economics MS named option in Graduate Foundations (p. 520).

FUNDING

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

NAMED OPTION REQUIREMENTS MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW–Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail

Minimum Credit Requirement 30 credits

Minimum Residence Credit Requirement 16 credits

Minimum Graduate Coursework Requirement 15 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: <https://policy.wisc.edu/library/UW-1244> (<https://policy.wisc.edu/library/UW-1244/>).

Overall 3.00 GPA required.

Graduate GPA Requirement Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: <https://policy.wisc.edu/library/UW-1203> (<https://policy.wisc.edu/library/UW-1203/>).

Other Grade Requirements A grade of B or better in at least three of the following six courses: ECON 709, ECON 710, ECON 711, ECON 712, ECON 713, ECON 714.

Assessments and Examinations A comprehensive examination may be required.

Language Requirements No language requirements.

REQUIRED COURSES

Code	Title	Credits
Core Economic Theory		
ECON 711	Economic Theory–Microeconomics Sequence	3
ECON 712	Economic Theory–Macroeconomics Sequence	3
ECON 713	Economic Theory: Microeconomics Sequence	3
ECON 714	Economic Theory; Macroeconomics Sequence	3
Mathematics Economics		
ECON 703	Mathematical Economics I ¹	3
Statistics		
ECON 709	Economic Statistics and Econometrics I ¹	3
ECON 710	Economic Statistics and Econometrics II ¹	3
Additional Credits		
Students complete courses numbered 300 and above to reach the minimum credit requirement.		9
Total Credits		30

¹ Graduate students take these courses for 3 credits each.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

NAMED OPTION-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

Graduate coursework from other institutions will be evaluated on a case-by-case basis by the faculty graduate committee in the Department of Economics. With graduate committee approval, students are allowed to transfer no more than 7 credits of graduate coursework from other institutions. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

Undergraduate Credits Earned at Other Institutions or UW-Madison

UW-Madison undergraduate coursework will be evaluated on a case-by-case basis by the faculty graduate committee in the Department of Economics. With graduate committee approval, students are allowed to transfer no more than 7 credits of coursework numbered 700 or above taken as a UW-Madison undergraduate. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a University Special Student at UW-Madison

Coursework numbered 700 or above taken as a UW-Madison University Special student will be evaluated on a case-by-case basis by the faculty graduate committee in the Department of Economics. With graduate committee approval, students are allowed to transfer no more than 9 credits of coursework. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

PROBATION

Refer to the Graduate School: Probation (<https://policy.wisc.edu/library/UW-1217/>) policy.

ADVISOR / COMMITTEE

Refer to the Graduate School: Advisor (<https://policy.wisc.edu/library/UW-1232/>) and Graduate School: Committees (Doctoral/Master's/MFA) (<https://policy.wisc.edu/library/UW-1201/>) policies.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

Refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy.

GRIEVANCES AND APPEALS

Hansen (Senior Lecturer), Johnson (Senior Lecturer), McKelvey (Lecturer), Pac (Senior Lecturer), Rick (Senior Lecturer), Trost (Lecturer)

ECONOMICS: GRADUATE FOUNDATIONS, MS

This is a named option within the Economics MS. (p. 516) The Economics Master of Science–Graduate Foundations (MS–GF) program offers a terminal graduate degree that prepares students for high-level professional careers in government and industry or further study for the PhD degree. The MS–GF program emphasizes econometric training more than similar programs at other universities. Today's job market and PhD programs in economics require strong quantitative skills along with a command of microeconomic and macroeconomic theory. Wisconsin's tradition of supporting economic theory with quantitative methods is well suited to these requirements.

ADMISSIONS

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) of the Graduate School as well as the program(s).** Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	March 1
Spring Deadline	July 15
Summer Deadline	The program does not admit in the summer.

GRE (Graduate Record Examinations)	Not Required
English Proficiency Test	Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment. Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	2

The Department of Economics offers admission to the Master of Science–Graduate Foundations program. Mathematics preparation should include multivariate calculus, elementary probability, and regression analysis. Applicants must submit two letters of recommendation. For additional information on admissions requirements and processes, please see the Department of Economics website (<https://econ.wisc.edu/masters/admission/>).

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

PROGRAM RESOURCES

Master of Science in Economics Graduate Foundations named option students have special access to career advising and resources through the Economics Career Development Office (ECDO). The ECDO hosts career workshops, coordinates the Student Leadership Committee, and invites employers to speak to students on campus. We encourage all economics master's students to schedule an appointment with one of our dedicated career advisors. During your appointment, we can assist with:

- Deciding if a career outside of academia is right for you
- Resume and cover letter review
- Job and internship search strategies
- Interview preparation and mock interviews
- How to network and develop an effective LinkedIn

To schedule an appointment with one of our professional career advisors, please see this website (<https://econ.wisc.edu/careers/advising/>).

ECONOMICS, PHD

The doctoral program in economics offers a firm grounding in the theory and tools of economics as well as in a variety of fields of specialization. Facilities within the department include faculty and student offices, a library of core materials, and a computer center. The size of the department, the breadth of specialties represented among the faculty, the abundance of research workshops and research facilities, and the related programs of other university departments combine to provide an unusually supportive atmosphere for study and research. Students are encouraged to work together; study groups for course work and preliminary examinations are standard. The department currently has roughly 35 faculty members and approximately 140 graduate students. All doctoral students are assigned desk space. The department and students sponsor social events throughout the year. A graduate advisor is on staff to help students with problems and questions.

The first year of doctoral study concentrates on economic theory and statistics courses. In addition, the department holds seminars for first-year doctoral students that feature faculty presentations. The presentations provide first-year students the opportunity to meet the faculty and learn about research in each field. The department offers seven fields of concentration: econometrics, industrial organization, international economics, labor economics, macroeconomics, microeconomic theory, and public economics.

ADMISSIONS

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) of the Graduate School as well as the program(s).** Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 5
Spring Deadline	The program does not admit in the spring.
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Required.

English Proficiency Test Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment. Refer to the Graduate School: Minimum Requirements for Admission policy: <https://policy.wisc.edu/library/UW-1241> (<https://policy.wisc.edu/library/UW-1241/>).

Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

Applicants to the doctoral program receive full funding consideration if the application form is submitted and graduate school application fee is paid by the deadline for fall term admission.

Doctoral admission requirements include a bachelor's degree, plus three semesters of calculus, a semester of linear algebra, and a semester of mathematical statistics, which must be completed before entering the program. Mathematics preparation should include multivariate calculus, elementary probability, and regression analysis. Applicants must submit three letters of recommendation and Graduate Record Exam (GRE) scores. Additional information is available on the Department of Economics website (<https://econ.wisc.edu/doctoral/admissions/>).

FUNDING

FUNDING GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Applicants to the doctoral program receive full funding consideration if the application form is submitted and graduate school application fee paid by December 5. The department offers a number of financial support packages for the first year of study to incoming doctoral students with outstanding records. These packages guarantee support for five years of study and take the form of fellowship, teaching assistantship, research assistantship, or a combination of the three. All continuing support is based on the condition that a student is making good progress in the program.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW–Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail	
Minimum Credit Requirement	51 credits
Minimum Residence Credit Requirement	32 credits
Minimum Graduate Coursework Requirement	26 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/).
Overall Graduate GPA Requirement	3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	Students must earn a B average in the first year econometrics courses; retaking the applicable course (s) during the second year if the two-course GPA average is less than 3.0.

Assessments and Examinations The micro and macro theory preliminary examinations must be taken in early summer following the first year of graduate study. Students who do not pass both exams on this first attempt must retake the exam(s) they did not pass in late summer. A third attempt is granted only if the student has passed one exam after the second attempt.

To maintain satisfactory progress through the program, each student must have the field paper approved by the student’s major field by December 15 of the third year of study and must complete a three-signature dissertation proposal by December 15 of the fourth year of study. Consult the department website (<https://econ.wisc.edu/doctoral/program-guidelines> (<https://econ.wisc.edu/doctoral/program-guidelines/>)) for additional information.

Language Requirements No language requirements.

Graduate School Breadth Requirement All doctoral students are required to complete a doctoral minor or graduate/professional certificate. Refer to the Graduate School: Breadth Requirement in Doctoral Training policy: <https://policy.wisc.edu/library/UW-1200> (<https://policy.wisc.edu/library/UW-1200/>).

Students completing an Option B (Distributed) minor are recommended to complete four courses from inside and outside the Economics department. See the Economics department minor fields page (<https://econ.wisc.edu/doctoral/minor-requirements> (<https://econ.wisc.edu/doctoral/minor-requirements/>)) for details.

REQUIRED COURSES

Code	Title	Credits
MS Course Requirements		
<i>Core Economic Theory</i>		
ECON 711	Economic Theory-Microeconomics Sequence	3
ECON 712	Economic Theory-Macroeconomics Sequence	3
ECON 713	Economic Theory: Microeconomics Sequence	3
ECON 714	Economic Theory; Macroeconomics Sequence	3
<i>Mathematics Economics</i>		
ECON 703	Mathematical Economics I ¹	3
<i>Statistics</i>		
ECON 709	Economic Statistics and Econometrics I ¹	3
ECON 710	Economic Statistics and Econometrics II ¹	3

PhD Course Requirements	
<i>Breadth</i>	9-12
Most Option A (external) minors and graduate/professional certificates are 9 credits. Students completing an Option B (distributed) minor complete 12 credits. See table above for more details.	

Major Field Coursework (see below)

See specific required courses below. Other credits must be in ECON taken in consultation with advisor.

Additional Credits 6-9

Students take a minimum of 6-9 additional credits numbered 300 or above to meet the minimum credit requirements. ECON 990 and ECON 999 may count toward these credits.

Total Credits 51

¹ Graduate students take these courses for 3 credits each.

Econometrics¹

Econometrics is concerned with the methods for empirical analysis in economics. The program provides strong preparation and training for students interested in econometric methods and theory, and as well as for students whose primary interest lies in applied economics.

The scope of econometrics at Wisconsin is suggested by a list of recent research projects by the econometrics faculty (often with the assistance of graduate students). These include the generalized method of moments, nonparametric likelihood, bootstrap methods, interactions-based models, macroeconometrics, nonlinear time series, and semiparametric estimation. In addition, studies conducted by other faculty members and students—in public economics, labor, industrial organization, macroeconomics, trade, and microeconomics—often draw on appropriately sophisticated econometric techniques.

The econometrics program can be augmented by course offerings in the Statistics (STAT (<http://guide.wisc.edu/courses/stat/>)).

Code	Title	Credits
Students who choose econometrics as their major field, or who simply want more advanced training, will complete the following course.		
ECON 715	Econometric Methods	3
Students must complete one or more of the following courses.		
ECON 716	Econometric Methods	3
ECON 718	Topics in Applied Econometrics	3
ECON 719	Economic Statistics and Econometrics III	3-4

¹ These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

Industrial Organization¹

For students planning to write a dissertation in industrial organization, the field requirement is a paper to be completed during the summer of the second year. Upon completion of course work and the field requirement, students are expected to actively participate in the weekly industrial organization workshop and seminar. The workshop is dedicated to presentations by graduate students who are working on dissertations in industrial organization and by faculty members; the seminar is for invited speakers from other universities.

The standard graduate preparation in industrial organization consists of two courses.

1. One course presents an overview of the field, focusing on topics where theoretical models have successfully been taken to data. These topics include: static oligopoly models of price/quantity competition in homogeneous and differentiated good markets, models of product search and advertising, bilateral oligopoly models with contracting, models of contracting with asymmetric information, auctions, models of price discrimination, static and dynamic models of entry and exit.
2. The second course focuses more on the details of how to estimate these models and, in particular, on the treatment of unobservables. The course also covers recent developments in the field. The main goal of this course is to transition students from being consumers of research to producers of research in industrial organization.

The empirical approach of industrial organization has shifted from discovering robust empirical regularities that hold across a broad cross section of industries to the detailed study of individual markets based on a theoretical model. This reflects the belief that market structure and firm behavior are sufficiently diverse across industries that they are best studied in the context of a well-defined product and geographical market. The methodology for studying markets at this level involve specifying an equilibrium model of firm behavior and applying this model to data by testing its predictions (reduced form) and/or by estimating its primitives (structural), which are typically consumer preferences and firm costs. Knowledge of model primitives is used to construct counterfactuals and conduct policy analysis.

The main analytical tools are game theory, econometrics, and computational methods, and students would benefit from taking advanced courses in these subjects.

¹ These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

International Economics¹

International economics is divided into the trade side and the macroeconomics side.

1. The trade side considers the causes and consequences of international trade and of policies that alter trade patterns. A variety of both general equilibrium and partial equilibrium models featuring selected distortions to various competitive norms are used to explore these issues, and empirical evidence relating to the theories is also emphasized. Recent work analyzes theoretical and empirical investigations of trade and factor movements in the presence of firm-level heterogeneity, dynamics, uncertainty, endogenous government policy reaction, strategic interaction across governments and firms, and the design and purpose of international trade agreements. ECON 871 Advanced International Economics introduces students to the core of the real side of international economics.
2. The macroeconomics side of international economics puts special focus on the role of financial markets and monetary variables in open economies. It devotes attention to exchange rate determination and real and financial interaction among open economies. It treats traditional and current analytical approaches to understanding the macroeconomic consequences of monetary policy, fiscal policy, and policy coordination across borders; international capital mobility and default; economic growth; and, optimal portfolio choices. The role of credit frictions on international allocations and the causes and

consequences of international financial crises and "sudden stops" are examined.

Code	Title	Credits
The following course introduces students to the core of the real side of international economics.		
ECON 871	Advanced International Economics	3
Macroeconomics		
ECON 872	Advanced International Economics	3
Topics and Treatments in International Economics		
ECON 899	Recent Advances in Economics	1-3
Workshop		
These weekly workshops are an integral part of the program, in which both faculty and advanced graduate students actively participate.		
ECON 977	Workshop in International Economics	1-7
ECON 978	Workshop in International Economics	1-7

¹ These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

Labor Economics ¹

Labor economics has a long and distinguished history of scholarly research and the application of this research to policy issues. Wisconsin has traditionally been an important center for this work. Students majoring in this field are expected to (eventually) understand relevant institutional features of labor markets, sources of data and econometric techniques needed to draw inferences from these data, and the models of rational economic behavior needed to organize coherent economic thinking about labor markets.

The core material deals with labor supply decisions made by rational households, labor demand decisions made by profit-maximizing firms, and the equilibrium wage differentials and employment patterns implied by these decisions when markets are competitive. Applications include the analysis of wage differentials, life-cycle age-earnings profiles, and returns to human capital investments. Further topics, emphasizing deviations from the competitive ideal, include incentive schemes, discrimination, bargaining between workers and employers to divide monopoly rents, search and unemployment.

Labor economics is complemented by several research institutes connected with the department. These institutes are often a source for research assistantship positions and support for dissertation research for labor majors.

Code	Title	Credits
Students must complete the following courses for the labor major. These are usually taken in the second year of the program. Both theoretical and empirical research are emphasized in these courses, and students begin work on a research paper that will help lay the foundation for dissertation research. These courses are supplemented by an active workshop program featuring speakers from various universities and research centers (including Wisconsin).		

ECON 750	Labor Economics	3
ECON 751	Survey of Institutional Aspects of Labor Economics	3

¹ These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

Macroeconomics and Monetary Economics ¹

Macroeconomics and monetary economics at Wisconsin emphasizes research on dynamic stochastic environments, as these seem central to understanding private sector and policy determinants of growth, business cycles, income distribution and other central topics. The graduate program in macroeconomics and monetary economics equips students to conduct research in this lively and rapidly changing field through a variety of advanced courses. The course selection varies from year to year, but typically it includes at least one course emphasizing macroeconomic theory and one course emphasizing empirical methods in macroeconomics. In recent years, the field has offered courses in:

1. theory and econometrics of environments comprised of interacting agents, with a focus on inequality dynamics;
2. monetary and financial theory, providing conceptual foundations for understanding financial market equilibria as well as the effects of alternative macroprudential and monetary policies
3. methods of modeling and coping with uncertainty, imperfect information, and private information, and their implications for the design of economic policy;
4. computational or econometric methods, covering tools that have wide applicability in macroeconomics and other areas of economics;
5. topics in macroeconomics, including consumption, time use and the aggregate relevance of micro shocks.

In addition to the courses offered in the department (in general up to five per year), the field recognizes courses taken outside the department (e.g., mathematics courses for those interested in theory, probability and statistics, and courses for students planning to work on empirical topics) as well as other fields.

Students are required to participate in the weekly macro workshop. Students are encouraged to present their own research in this seminar. In addition, depending on demand, the field organizes a brown bag seminar designed to encourage students to present research at an early stage, and individual faculty members regularly form reading groups to discuss tightly focused bodies of state of the art research to help facilitate the development of dissertation ideas.

¹ These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

Microeconomic Theory ¹

Microeconomic theory is a broad area that examines foundational issues in economic modeling and provides tools for applied economic research. The field includes partial and general equilibrium theory, game theory, the economics of incentives and information, and decision theory. Students often find it helpful to take courses in the microeconomics field to acquire the technical skills required to do rigorous applied work. Advanced courses

in microeconomics offered by the economics department change as the frontiers of the subject and the interests of the faculty evolve.

¹ These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

Public Economics ¹

Public economics is the study of the government's role in the economy, particularly through tax and expenditure policy. Wisconsin has a long and distinguished tradition of teaching and research in public economics. Scholars in public economics examine a wide range of issues. Research by members of the Wisconsin public economics faculty examines, for example, the behavioral effects of taxation social insurance, savings, altruism, anti-poverty policy, education, peer effects, income distribution, and issues in health economics.

There are two required courses for the public economics field, ECON 741 Theory of Public Finance and Fiscal Policy and an applied econometrics or field topics course. These courses examine theoretical and empirical methods in the field. Specific topics will vary across years, but the sequence will typically cover optimal taxation; the effects of taxation on various aspects of household behavior, such as labor supply, consumption and saving, charitable giving, and household portfolio behavior; social insurance—insurance provided by the government for longevity risk, work-related injuries, unemployed, and disability; fiscal federalism, local public finance, and the provision of public goods; and the rationale and effectiveness of government efforts to ameliorate poverty. The two-course sequence will also typically address topics of active research interest in the field, in broad areas of education and health policy, for example. Like other fields of concentration at Wisconsin, in their second year, students begin work on a research paper. The public economics field also holds an active seminar series featuring invited guests from various universities and research centers (including Wisconsin).

There are many resources across campus that may be of interest to students writing dissertations in public economics. The Institute for Research on Poverty (IRP) has a graduate student fellows program where students receive interdisciplinary training in poverty-related research. Public faculty and students also participate in the Interdisciplinary Training Program in the Education Sciences (ITP).

¹ These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

Graduate coursework from other institutions will be evaluated on a case-by-case basis by the faculty graduate committee in the Department of Economics. With graduate committee approval, students are allowed to transfer no more than 15 credits of graduate coursework from other institutions. Credits earned ten years or more prior to admission to a doctoral degree are not allowed to satisfy requirements.

Undergraduate Credits Earned at Other Institutions or UW-Madison

On a case-by-case basis, this program refers to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

On a case-by-case basis, this program refers to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a University Special Student at UW-Madison

On a case-by-case basis, this program refers to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

PROBATION

Refer to the Graduate School: Probation (<https://policy.wisc.edu/library/UW-1217/>) policy.

ADVISOR / COMMITTEE

Refer to the Graduate School: Advisor (<https://policy.wisc.edu/library/UW-1232/>) and Graduate School: Committees (Doctoral/Master's/MFA) (<https://policy.wisc.edu/library/UW-1201/>) policies.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

Students must complete the final oral exam by May 15 of the seventh year of study.

Refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)

- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (<https://osas.wisc.edu/>) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

n/a

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

PROGRAM RESOURCES

Placement

The department has a well-organized placement service. Each year a faculty member functions as the placement officer. He or she is assisted by the placement assistant who coordinates the sending of CVs and letters of recommendation, makes available job vacancy information, and provides resources and general guidance to ensure students are prepared for the job market. Each job market candidate gives a regular faculty research seminar on his or her primary research paper; these seminars are typically widely attended by faculty and students and provide a rigorous "test run" for the job market paper. To prepare for the job market interviews, all students participate in mock "job market interviews" with faculty members. Students also receive extensive help from their primary advisor. Students also benefit from the fact that several organizations actively recruit on campus. Finally, Wisconsin students typically self-organize additional presentations of job market papers, providing one another with additional opportunities for practice.

Many graduates accept research positions in academia, while others gain employment with international organizations, government, private consulting, or tech firms. Between 2010 and 2021, placements at U.S. universities have included positions as assistant professors at the University of California–San Diego, Washington University in St. Louis, University of Oregon, Carnegie Mellon University, University of Rochester, Ohio State University, University of Florida, and University of California–Santa Cruz. Placements at non-U.S. universities have included University College London, London School of Economics, McMaster University, National Taiwan University, University of Mannheim, University of Warwick, National University of Singapore, Peking University, and Tsinghua University. Students pursuing nonacademic employment have accepted positions at institutions including the Federal Reserve Board of Governors, the International Monetary Fund, U.S. Treasury Department, RAND Corporation, the Korea Development Institute, NERA Economics Consulting, Amazon, and Mathematica Policy Research Institute.

LEARNING OUTCOMES

LEARNING OUTCOMES

1. Establishes a firm grounding in economic theory.
2. Exhibits expert depth of knowledge in one of the fields of specialization in the Economics department.
3. Demonstrates command of the tools needed to conduct and assess empirical research in economics.
4. Creates and presents research that makes a substantive contribution to the field.
5. Follows ethical principles of the discipline in using sources in research.

PEOPLE

PEOPLE

Professors: Barwick, Chinn, Corbae, Deneckere, Engel, Fu, B. Hansen, Hendricks, Houde, Kennan, Lentz, Porter, Rostek, Ruhl, Seshadri, Shi, J. Smith, L. Smith, Sorensen, Taber, Weretka, West, Wright

Associate Professors: Aizawa, Gregory, Kang, Kirpalani, Quint, Swanson

Assistant Professors: Bernard, Boerma, Braxton, Camboni, Chiang, Coulibay, Cox, Gutierrez, Magnolfi, Mommaerts, O'Connell, Rojas-Ampuero, Sullivan, Yata

Affiliated Faculty: Chang, Chung, Montgomery, Sarada, Schechter, Smeeding

Instructional Staff: Alder (Faculty Associate), Chan (Lecturer), Eudey (Senior Lecturer), Flanagan (Lecturer), Friedman (Lecturer), Glawtschew (Lecturer), D. Hansen (Lecturer), K. Hansen (Senior Lecturer), Johnson (Senior Lecturer), McKelvey (Lecturer), Pac (Senior Lecturer), Rick (Senior Lecturer), Trost (lecturer)

FINANCIAL ECONOMICS, MS

The Master of Science in Financial Economics (MSFE) degree provides advanced training in economics and finance to students interested in careers and further graduate study involving quantitative analysis in various areas of financial economics. Graduate students will acquire the skills for employment in the financial services sector in positions requiring

advanced analytical skills and in-depth familiarity with the structure and functioning of financial markets and institutions. The MSFE prepares graduates for research positions and for doctoral study in financial economics. The MSFE program integrates subject areas traditionally taught and trained in the School of Business Finance Department and the College of Letters & Science Economics Department. The partnership between these departments ensures that students gain a rigorous understanding of theoretical finance and the economic framework upon which that theory is based.

ADMISSIONS

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) of the Graduate School as well as the program(s).** Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	March 1
Spring Deadline	The program does not admit in the spring.
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required
English Proficiency Test	Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment. Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	2

Mathematics preparation should include multivariate calculus and statistics.

FUNDING

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School.

Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM INFORMATION

Students enrolled in the Master of Science in Financial Economics Program are not eligible to receive tuition remission from graduate assistantship appointments at this institution. Accepting any position that grants tuition waiver while enrolled in the program may lead to the removal of the student from the MS in Financial Economics student cohort. Corporate tuition support is not included in these categories, nor is the waiver of tuition due to veteran status.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW-Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail	
Minimum Credit Requirement	30 credits
Minimum Residence Credit Requirement	16 credits
Minimum Graduate Coursework Requirement	15 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/).

Overall	3.00 GPA required.
Graduate GPA Requirement	Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	n/a
Assessments and Examinations	The Financial Economics sequence courses require students to write a paper. Students must meet all Graduate School grade requirements.
Language Requirements	There are currently no language requirements for the master's degree in Financial Economics.

REQUIRED COURSES

Code	Title	Credits
Core in Financial Economics		
ECON 704	Econometrics I	3
ECON 721	Financial Microeconomics	3
ECON 724	Financial Econometrics	3
FINANCE 720	Investment Theory and Practice	3
FINANCE 725	Corporation Finance Theory and Practice	3
FINANCE 730	Derivative Securities - Theory and Practice	3
Elective Courses in Financial Economics		12
Students will take two additional elective courses in Finance and two additional elective courses in Economics, from the list below.		
FINANCE 410	Bank Management	
FINANCE 635	Business Valuation	
FINANCE 650	Mergers and Acquisitions	
FINANCE 740	Analysis of Fixed Income Securities	
FINANCE/ INTL BUS 745	Multinational Business Finance	
FINANCE 757	Entrepreneurial Finance	
FINANCE 765	Contemporary Topics	
FINANCE 920	Theory of Finance	
FINANCE 971	Seminar-Corporate Finance (Ph.D.)	
ECON 702	Macroeconomics I	
ECON 709	Economic Statistics and Econometrics I	
ECON 711	Economic Theory-Microeconomics Sequence	
ECON 712	Economic Theory-Macroeconomics Sequence	
ECON 725	Machine Learning for Economists	
ECON 730	International Financial Economics	
ECON 770	Data Analytics for Economists	
Total Credits		30

Because the Financial Economics sequence courses require students to write a paper, they have the option of enrolling in directed research to complete the paper, under the supervision of the program faculty.

Other Policy

Students in this program may not take courses outside the prescribed curriculum without faculty advisor and program director approval.

Students in this program cannot enroll concurrently in other undergraduate or graduate degree programs.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

Graduate coursework from other institutions will be evaluated on a case-by-case basis by the Financial Economics faculty committee. With program committee approval, students are allowed to transfer no more than 9 credits of graduate coursework from other institutions. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

Undergraduate Credits Earned at Other Institutions or UW-Madison

With program approval, up to 7 credits in coursework numbered 300 or above from a UW-Madison undergraduate career are allowed to transfer in fulfillment of the minimum graduate degree credit requirement; if those 7 credits are in coursework numbered 700 or above from a UW-Madison undergraduate career, they are allowed to transfer in fulfillment of the minimum graduate coursework requirement. **All credits so counted** must be over and above the minimum credits that were required by the original undergraduate degree. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a University Special Student at UW-Madison

With program approval, students are allowed to transfer no more than 12 credits of coursework numbered 300 or above taken as a UW-Madison University Special student toward the degree credit requirements; if those 12 credits of coursework taken as a UW-Madison University Special student are numbered 700 or above, or are taken as part of a Capstone Certificate, they are allowed to transfer in fulfillment of the minimum graduate coursework requirement. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

PROBATION

Refer to the Graduate School: Probation (<https://policy.wisc.edu/library/UW-1217/>) policy.

ADVISOR / COMMITTEE

Refer to the Graduate School: Advisor (<https://policy.wisc.edu/library/UW-1232/>) policy.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

Refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeeabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (<https://osas.wisc.edu/>) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

PROGRAM RESOURCES FOR MS FINANCIAL ECONOMICS

MSFE students are among an elite group with easy access to the Career Management Center at the School of Business (<https://wsb.wisc.edu/>), providing exceptional career exploration, placement, and professional development services. The School of Business has a proven record of placing students in leading financial services and consulting firms across the globe. Classes are more analytical and quantitative than traditional MS programs in either Economics or Finance, making graduates prepared for roles at investment and commercial banks, asset management companies, and consulting.

LEARNING OUTCOMES

LEARNING OUTCOMES

1. Demonstrate understanding of core principles of financial economics and theories in financial econometrics, financial markets, valuation of securities, and corporate financial structure.
2. Apply financial econometric methods to process historical economic and financial data, build and estimate models of that data, and use the results to make financial decisions.
3. Recognize and apply principles of ethical and professional conduct.
4. Evaluate current events and historical information that provide a basis for evaluating and understanding economic and market conditions, leading to wise financial decisions.

- Sports Leadership, MS (p. 594)

PEOPLE

Faculty: Professor Anjalé (AJ) Welton (chair); Professors Conrad, Eckes, Halverson, Kelley, Miller, Wang, Winkle-Wagner; Associate Professors Burt, Hillman; Assistant Professors Grooms, Henry, McQuillan, Saldana, Yu; Clinical Professors Crim, Li, Sramek, Salzman, Soffa-Jimenez

EDUCATION LAW AND CIVIL RIGHTS, GRADUATE/PROFESSIONAL CERTIFICATE

The Certificate in Education Law and Civil Rights is a 9-credit graduate/professional certificate that focuses on legal issues that arise in public elementary and secondary schools (and provides flexibility to students interested in higher education law). The courses included in this certificate cover topics involving discriminatory practices against populations that have been historically marginalized in schools. Through a legal lens, students analyze existing case law, statutes, and regulations to assist those working in schools create policies that are inclusive and meet their legal obligations.

The mission of the department is to create, evaluate, exchange, and apply knowledge about leadership, learning, and organizational performance to prepare scholars and scholar practitioners who cultivate equity and educational opportunity in a diverse and changing world.

Many varied educational constituencies need to be able to analyze and to inform debate on educational issues, and to lead and develop learning communities that meet the diverse learning needs of students and society. We believe effective educational leadership in any institution embodies three core values: inquiry, equity, and reflection.

Graduates and recipients of the department's instruction are expected to reflect the knowledge, skills, and personal qualities that will be successful in promoting, producing, and improving learning and increasing public trust in educational institutions.

ADMISSIONS

ADMISSIONS

This certificate is open to any UW-Madison student enrolled in a graduate or professional program. Students can declare their intent to pursue the certificate by completing the Add/Change/Discontinue application process (<https://grad.wisc.edu/documents/change-program/>) through the Graduate Student Portal (found in MyUW) and selecting, "Certificate in Education Law and Civil Rights". Professional students in the careers of Law, Medicine, Pharmacy, and Veterinary cannot add the certificate in the Graduate Student Portal, and should contact the program for more information.

REQUIREMENTS

REQUIREMENTS

Students must complete a minimum of nine credits, including one of two required courses, and six elective credits. A description of the certificate requirements is provided below.

Code	Title	Credits
Core		
Students must complete at least one of the following courses.		
ELPA 840	Public School Law	3
or ELPA 640	Legal Rights and Responsibilities for Teachers	
Electives		
Students must complete 6 credits from the following options:		
ELPA/ LEGAL ST 442	Civil Rights Laws, the Courts, and Public Education	
ELPA 832	Resource Allocation for Equity and Social Justice	
ELPA 841	Legal Aspects of Higher Education	
ELPA/ED POL/ ED PSYCH/ RP & SE 842	Legal Foundations of Special Education and Pupil Services	
ELPA 870	The Politics of Education	
ELPA 910	Seminar in Educational Law	
Total Credits		9

LEARNING OUTCOMES

LEARNING OUTCOMES

1. Identify various legal issues that are inherent and emerging in schools
2. Examine various legal principles and their application
3. Analyze current school practices from the standpoint of potential legal controversies, including the ability to recognize preventative law situations
4. Engage in academic discourse involving issues of social justice and the democratic underpinnings of education

PEOPLE

Faculty: Professor Anjalé (AJ) Welton (chair); Professors Eckes, Fernandez, Halverson, Miller, Wang, Winkle-Wagner; Associate Professors Burt, Hillman; Assistant Professors Grooms, Henry, McQuillan, Saldana, Williams, Yu; Clinical Professors Crim, Li, Sramek, Salzman, Soffa-Jimenez

EDUCATIONAL LEADERSHIP AND POLICY ANALYSIS, DOCTORAL MINOR

A minor in Educational Leadership and Policy Analysis serves to provide a rational, unified set of courses which have a clearly articulated theme

or focus which allows the student to develop knowledge in educational leadership and policy analysis.

ADMISSIONS

ADMISSIONS

All Graduate School students must utilize the Graduate Student Portal in MyUW to add, change, or discontinue any doctoral minor. To apply to this minor, log in to MyUW, click on Graduate Student Portal, and then click on Add/Change Programs. Select the information for the doctoral minor for which you are applying.

Contact Graduate Program Manager (email in contact information box).

REQUIREMENTS

REQUIREMENTS

Students must complete at least 12 credits in Educational Leadership and Policy Analysis (ELPA (<http://guide.wisc.edu/courses/elpa/>)). Courses must be selected in consultation with advisor in the Department of Educational Leadership and Policy Analysis.

PEOPLE

PEOPLE

Faculty: Professor Anjalé (AJ) Welton (chair); Professors Conrad, Eckes, Halverson, Kelley, Miller, Wang, Winkle-Wagner; Associate Professors Burt, Hillman; Assistant Professors Grooms, Henry, McQuillan, Saldana, Yu; Clinical Professors Crim, Li, Sramek, Salzman, Soffa-Jimenez

EDUCATIONAL LEADERSHIP AND POLICY ANALYSIS, EDS

The Educational Specialist Program is most often completed by someone seeking a superintendent license. In Wisconsin, to be eligible for a superintendent license, you must either be in a PhD program and have completed preliminary exams (dissertation proposal) or hold an educational specialist degree.

ADMISSIONS

ADMISSIONS

Students may not apply directly for the Educational Specialist (EdS) in Educational Leadership and Policy Analysis (ELPA) degree. It is available to students who entered the PhD in ELPA, but chose not to complete the final requirement of the PhD: a dissertation. As a non-admitting degree, the EdS requires a degree change (from PhD to EdS) in the student's final semester of the program. If you are interested in applying for the PhD program, please see program information here (<https://guide.wisc.edu/graduate/educational-leadership-policy-analysis/educational-leadership-policy-analysis-phd/>).

FUNDING

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM INFORMATION

Students enrolled in this program are not eligible to receive tuition remission from graduate assistantship appointments at this institution.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW-Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirements	Detail
Minimum Credit Requirement	60 credits
Minimum Residence Credit Requirement	24 credits

Minimum Graduate Coursework Requirement	60 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/).
Overall Graduate GPA Requirement	3.00 GPA Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	n/a
Assessments and Examinations	A practicum experience requiring 150 contact hours for an initial administrator license and an additional 75 hours for each additional administrative license. Practicums are completed under the guidance of department faculty.
Language Requirements	Contact the program for information on any language requirements.

REQUIRED COURSES

Students must complete the following minimal requirements to earn the Educational Specialist in Educational Leadership and Policy Analysis degree.

Code	Title	Credits
Category I		
ELPA 702	Introduction to Educational Leadership	3
Category II		
ELPA 832	Resource Allocation for Equity and Social Justice	3
ELPA 846	The School Superintendency	3
ELPA 860	Organizational Theory and Behavior in Education	3
ELPA 870	The Politics of Education	3
ELPA 875	Theory and Practice of Educational Planning	3
Category III		
At least ten (10) additional courses including at least thirty (30) graduate credits selected from any courses in Educational Leadership Policy Analysis. (A maximum of three (3) graduate credits of ELPA 990 or ELPA 999 may be included in the 30 credits.) Students seeking Superintendent Certification need to incorporate required coursework into Category III. In addition to Category II coursework, Superintendent Certification requires:		
ELPA 890	Applied Research in Educational Administration	3

Research Methods and Statistics Courses

At least two (2) courses including six (6) graduate credits of research courses distributed as follows:

1. An introductory statistics course which includes descriptive statistics, central tendency, probability, inference, and variance.
2. The research requirement for the Educational Specialist shall be satisfied by completing ELPA 824.

Supporting Courses

At least two (2) courses including six (6) graduate credits of supporting coursework in teaching and learning (typically one course in Curriculum and Instruction and one additional course). Additional courses in teaching and learning are recommended.

Total Credits **60**

Program Approval

The Educational Specialist in Educational Leadership and Policy Analysis Program plan (as well as any subsequent amendments and changes) must be submitted and approved by the department as soon as is practicable following admission to the program.

Specialist Paper

The department has established the following criteria as guidelines for the specialist paper:

- Derived from a current, practical problem which is researchable and limited in scope.
- Approval, cooperation, or collaboration of the governing board or administration of an educational institution when appropriate.
- Utilize applied, market, or policy research.
- Result in recommendations for action.
- Design and methodology developed by the student and major professor and reviewed and approved by a three-person faculty committee which will also conduct the oral examination on the completed specialist paper.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

With program approval, students are allowed to transfer no more than 15 credits of graduate coursework from other institutions. Coursework earned ten or more years prior to admission to an educational specialist degree is not allowed to satisfy requirements.

Undergraduate Credits Earned at Other Institutions or UW-Madison

No undergraduate credits earned at other institutions or for a UW-Madison undergraduate degree are allowed to transfer.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a University Special Student at UW–Madison

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

PROBATION

Refer to the Graduate School: Probation (<https://policy.wisc.edu/library/UW-1217/>) policy.

ADVISOR / COMMITTEE

Refer to the Graduate School: Advisor (<https://policy.wisc.edu/library/UW-1232/>) and Graduate School: Committees (Doctoral/Master's/MFA) (<https://policy.wisc.edu/library/UW-1201/>) policies.

A committee often accomplishes advising for the students in the early stages of their studies.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

Refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeedisabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (<https://osas.wisc.edu/>) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

School of Education Grievance Policy and Procedures

The following School of Education Student Grievance Policy and associated procedures are designed for use in response to individual student grievances regarding faculty or staff in the School of Education.

Any individual student who feels they have been treated unfairly by a School of Education faculty or staff member has the right to file a grievance about the treatment and receive a timely response addressing their concerns. Any student, undergraduate or graduate, may use these grievance procedures, except employees whose complaints are covered under other campus policies. The grievance may concern classroom treatment, mentoring or advising, program admission or continuation, course grades (study abroad grade complaints are handled through International Academic Programs (<https://studyabroad.wisc.edu/>)), or issues not covered by other campus policies or grievance procedures.

For grievances regarding discrimination based on protected bases (<https://compliance.wisc.edu/eo-complaint/>) (i.e., race, color, national origin, sex, disability, age, etc.), contact the Office of Compliance (<https://compliance.wisc.edu/eo-complaint/>).

For grievances or concerns regarding sexual harassment or sexual violence (including sexual assault, dating/domestic violence, stalking, and sexual exploitation), contact the Sexual Misconduct Resource and Response Program (<https://compliance.wisc.edu/titleix/>) within the Office of Compliance.

For grievances that involve the behavior of a student, contact the Office of Student Conduct and Community Standards in the Dean of Students Office at <https://conduct.students.wisc.edu/>.

For grievances about, or directed at, faculty or staff in a School of Education department, unit, or program, students should follow these steps:

1. Students are strongly encouraged to first talk with the person against whom the concern is directed. Many issues can be settled informally at this level. If students are unable to resolve concerns directly or without additional support, step 2 or 3 should be pursued.
2. If unresolved after taking or considering step 1:
 - a. If the concern is directed against a teaching assistant (TA), and the student is not satisfied, the student should contact the TA's supervisor, who is usually the course professor. The course professor will attempt to resolve the concern informally.
 - b. If the concern involves a non-TA instructor, staff member, professor, academic department, or School of Education office or unit, the student should contact the chair of the department or the director of the office or unit, or their designee. The chair or director, or their designee, will attempt to resolve the concern informally. If the concern is about the department chair or office/unit director, the student should consult the School of Education Senior Associate Dean for guidance.
3. If the concern remains unresolved after step 2, the student may submit a formal grievance to the chair or director in writing within 30 business days¹ of the alleged unfair treatment. To the fullest extent possible, a formal written grievance shall contain a clear and concise statement of the issue(s) involved and the relief sought.
4. On receipt of a written grievance, the chair or director will notify the person at whom the grievance is directed with a copy of the written grievance. The person at whom the complaint is directed may submit a written response, which would be shared with the student.

5. On receipt of a written grievance, the chair or director will refer the matter to a department, office, or unit committee comprised of at least two members. The committee may be an existing committee or one constituted for this purpose. The committee, or delegates from the committee, may meet with the parties involved and/or review any material either party shares with the committee.
6. The committee will provide a written description of the facts of the grievance and communicate recommendations to the department chair or office/unit head regarding how the grievance should be handled.
7. The chair or director will offer to meet with the student who made the grievance and also will provide a written decision to the student, including a description of any related action taken by the committee, within 30 business days of receiving the formal grievance.

¹ For the purpose of this policy, business days refers to those days when the University Offices are open and shall not include weekends, university holidays, spring recess, or the period from the last day of exams of fall semester instruction to the first day of spring semester instruction. All time limits may be modified by mutual consent of the parties involved.

If the grievance concerns an undergraduate course grade, the decision of the department chair after reviewing the committee's recommendations is final.

Other types of grievances may be appealed using the following procedures:

1. Both the student who filed the grievance or the person at whom the grievance was directed, if unsatisfied with the decision of the department, office or unit, have five (5) business days from receipt of the decision to contact the Senior Associate Dean, indicating the intention to appeal.
2. A written appeal must be filed with the Senior Associate Dean within 10 business days of the time the appealing party was notified of the initial resolution of the complaint.
3. On receipt of a written appeal, the Senior Associate Dean will convene a sub-committee of the School of Education's Academic Planning Council. This subcommittee may ask for additional information from the parties involved and/or may hold a meeting at which both parties will be asked to speak separately (i.e., not in the room at the same time).
4. The subcommittee will then make a written recommendation to the Dean of the School of Education, or their designee, who will render a decision. The dean or designee's written decision shall be made within 30 business days from the date when the written appeal was filed with the Senior Associate Dean. For undergraduate students, the dean or designee's decision is final.

Further appealing a School of Education decision – *graduate students only*

Graduate students have the option to appeal decisions by the School of Education dean or designee by using the process detailed on the Graduate School's website (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

Questions about these procedures can be directed to the School of Education Dean's Office, 377 Education Building, 1000 Bascom Mall, 608-262-1763.

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

LEARNING OUTCOMES

1. Articulate research problems, potentials, and limits with respect to theory, knowledge, or practice within the study of educational leadership.
2. Formulate ideas, concepts, designs, and/or techniques beyond the boundaries of knowledge within the study of educational leadership.
3. Create research or scholarship that makes a substantive contribution to the field of practice.

4. Demonstrate breadth within their learning experiences through experiences and artifacts in curriculum and instruction, leadership, personnel, and knowledge and skill development gained through field placements.
5. Advance contributions to society in the study and practice of educational leadership.
6. Communicate complex ideas in a clear and understandable manner.
7. Understand the role of the Superintendent as the district's "first" educational leader.
8. Identify and view the issues and decisions inherent in district leadership through a social justice lens leading to the elimination of inequity for both students and staff.
9. Explore the many roles and perspectives of the Superintendent as educator, corporate leader and community leader.
10. Develop an understanding of the fundamental personal leadership skills necessary to lead an organization.
11. Recognize the impact that local, state, national and international events/trends (both actual and perceived) have on the office of the Superintendent.
12. Recognize the difference between leadership and management.

PEOPLE

PEOPLE

Faculty: Professor Anjalé (AJ) Welton (chair); Professors Conrad, Eckes, Halverson, Kelley, Miller, Wang, Winkle-Wagner; Associate Professors Burt, Hillman; Assistant Professors Grooms, Henry, McQuillan, Saldana, Yu; Clinical Professors Crim, Li, Sramek, Salzman, Soffa-Jimenez

CERTIFICATION/LICENSURE

CERTIFICATION/LICENSURE

For educational administrator licensure, a practicum experience requiring 150 contact hours for an initial administrator license and an additional 75 hours for each additional administrative license.

Additional Department of Public Instruction Licensure Requirements

1. Completion of a state-approved educator preparation program in the licensure area.
2. A minimum of a master's degree or the equivalent. Superintendent license requires a specialist degree or equivalent; program coordinator licenses require a bachelor's degree.
3. A valid or eligibility to hold a provisional educator license in teaching or pupil services. School business administrator and program coordinator licenses are waived from this requirement.
4. Six semesters of successful full-time classroom teaching experience, or six semesters of successful experience as a pupil services professional including 540 hours of classroom teaching experience. School business administrator and program coordinator licenses are waived from this requirement.

<https://dpi.wi.gov/licensing/general/administrators> (<https://dpi.wi.gov/licensing/general/administrators/>)

PROFESSIONAL CERTIFICATION/LICENSURE DISCLOSURE (NC-SARA)

The United States Department of Education (via 34 CFR Part 668 (<https://www.ecfr.gov/current/title-34/subtitle-B/chapter-VI/part-668/?toc=1>)) requires institutions that provide distance education to disclose information for programs leading to professional certification or licensure. The expectation is that institutions will determine whether each applicable academic program meets state professional licensure requirements and provide a general disclosure of such on an official university website.

Professional licensure requirements vary from state-to-state and can change year-to-year; they are established in a variety of state statutes, regulations, rules, and policies; and they center on a range of educational requirements, including degree type, specialized accreditation, total credits, specific courses, and examinations.

UW-Madison has taken reasonable efforts to determine whether this program satisfies the educational requirements for certification/licensure in states where prospective and enrolled students are located and is disclosing that information as follows.

Disclaimer: This information is based on the most recent annual review of state agency certification/licensure data and is subject to change. All students are strongly encouraged to consult with the individual/office listed in the Contact Information box on this page and with the applicable state agency for specific information.

The requirements of this program meet certification/licensure requirements in the following states:

Wisconsin

The requirements of this program do not meet certification/licensure requirements in the following states:

EDUCATIONAL LEADERSHIP AND POLICY ANALYSIS, MS

The MS degree in Educational Leadership and Policy analysis can be pursued through one of its named options (formal sub-majors documented on the transcript):

- Cooperative Program with UW-Whitewater (p. 540)
- Educational Policy Analysis & Evaluation (p. 544)
- Global Higher Education (p. 550)
- Higher Education (p. 554)
- K-12 Leadership (p. 559)
- Wisconsin Idea Principal Preparation (p. 563)

The department has long held a commitment to diversity (<https://elpa.education.wisc.edu/about/>) and the strength it brings to a program. The department seeks to attract a very diverse student population. As one of its core values (<https://elpa.education.wisc.edu/about/>), the ELPA learning community celebrates wholeness, while, at the same time, values the richness of differences in life experiences, cultural backgrounds, ways of knowing, and perspectives of its individual members. The department seeks to renew itself continually by attracting faculty

and students who contribute to this diversity as well as enhance the larger community.

ADMISSIONS

ADMISSIONS

Students apply to the Master of Science in Educational Leadership and Policy Analysis through one of the named options:

- Educational Leadership and Policy Analysis: Cooperative Program with UW-Whitewater, MS (p. 540)
- Educational Leadership and Policy Analysis: Educational Policy Analysis & Evaluation, MS (p. 544)
- Educational Leadership and Policy Analysis: Global Higher Education, MS (p. 550)
- Educational Leadership and Policy Analysis: Higher Education, MS (p. 554)

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS CURRICULAR REQUIREMENTS

Requirement Detail

Minimum Credit Requirement 30 credits

Minimum Residence Credit Requirement See Named Options for policy information.

Minimum Graduate Coursework Requirement See Named Options for policy information.

Overall 3.00 GPA required.
Graduate GPA Requirement Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: <https://policy.wisc.edu/library/UW-1203> (<https://policy.wisc.edu/library/UW-1203/>).

Other Grade Requirements See Named Options for policy information.

Assessments and Examinations See Named Options for policy information.

Language Requirements No language requirements.

REQUIRED COURSES

Select a Named Option (p. 538) for courses required.

NAMED OPTIONS

A named option is a formally documented sub-major within an academic major program. Named options appear on the transcript with degree conferral. Students pursuing the MS in Educational Leadership and Policy Analysis must select one of the following named options:

View as listView as grid

- **EDUCATIONAL LEADERSHIP AND POLICY ANALYSIS: COOPERATIVE PROGRAM WITH UW-WHITEWATER, MS (P. 540)**
- **EDUCATIONAL LEADERSHIP AND POLICY ANALYSIS: EDUCATIONAL POLICY ANALYSIS & EVALUATION, MS (P. 544)**
- **EDUCATIONAL LEADERSHIP AND POLICY ANALYSIS: GLOBAL HIGHER EDUCATION, MS (P. 550)**
- **EDUCATIONAL LEADERSHIP AND POLICY ANALYSIS: HIGHER EDUCATION, MS (P. 554)**
- **EDUCATIONAL LEADERSHIP AND POLICY ANALYSIS: K-12 LEADERSHIP, MS (P. 559)**
- **EDUCATIONAL LEADERSHIP AND POLICY ANALYSIS: WISCONSIN IDEA PRINCIPAL PREPARATION, MS (P. 563)**

POLICIES

POLICIES

Students should refer to one of the named options for policy information:

- Educational Leadership and Policy Analysis: Cooperative Program with UW-Whitewater, MS (p. 540)
- Educational Leadership and Policy Analysis: Educational Policy Analysis & Evaluation, MS (p. 544)
- Educational Leadership and Policy Analysis: Global Higher Education, MS (p. 550)
- Educational Leadership and Policy Analysis: Higher Education, MS (p. 554)

- Educational Leadership and Policy Analysis: K-12 Leadership, MS (p. 559)
- Educational Leadership and Policy Analysis: Wisconsin Idea Principal Preparation, MS (p. 563)

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

LEARNING OUTCOMES

1. Articulates, critiques, or elaborates the theories, research methods, and approaches to scholarly inquiry or practice in educational settings.
2. Identifies sources and assembles evidence pertaining to questions or challenges in the field of study or field of practice.
3. Demonstrates understanding of the primary field of study or field of practice in a historical, social, or global context.
4. Demonstrates understanding of how to identify and address social inequalities in educational opportunities and outcomes through a field of study or field of practice.
5. Selects and/or utilizes the most appropriate methodologies and practices.
6. Evaluates or synthesizes information pertaining to questions or challenges in the field of study or field of practice.
7. Communicates clearly in ways appropriate to the field of study or field of practice.
8. Recognizes and applies principles of ethical and professional conduct.

PEOPLE

PEOPLE

Faculty: Professor Anjalé (AJ) Welton (chair); Professors Conrad, Eckes, Halverson, Kelley, Miller, Wang, Winkle-Wagner; Associate Professors Burt, Hillman; Assistant Professors Grooms, Henry, McQuillan, Saldana, Yu; Clinical Professors Crim, Li, Sramek, Salzman, Soffa-Jimenez

CERTIFICATION/LICENSURE

CERTIFICATION/LICENSURE

If seeking educational administrator licensure as part of the WI Idea Principal Prep, Coop Program UW-Whitewater, or K-12 Leadership named option, a practicum experience requiring 150 contact hours for an initial administrator license and an additional 75 hours for each additional administrative license.

Additional Department of Public Instruction Licensure Requirements:

1. Completion of a state-approved educator preparation program in the licensure area.

2. A minimum of master's degree or the equivalent. Superintendent license requires a specialist degree or equivalent; program coordinator licenses require a bachelor's degree.
3. A valid or eligibility to hold a provisional educator license in teaching or pupil services. School business administrator and program coordinator licenses are waived from this requirement.
4. Six semesters of successful full-time classroom teaching experience, or six semesters of successful experience as a pupil services professional including 540 hours of classroom teaching experience. School business administrator and program coordinator licenses are waived from this requirement.

<https://dpi.wi.gov/licensing/general/administrators> (<https://dpi.wi.gov/licensing/general/administrators/>)

PROFESSIONAL CERTIFICATION/LICENSURE DISCLOSURE (NC-SARA)

The United States Department of Education (via 34 CFR Part 668 (<https://www.ecfr.gov/current/title-34/subtitle-B/chapter-VI/part-668/?toc=1>)) requires institutions that provide distance education to disclose information for programs leading to professional certification or licensure. The expectation is that institutions will determine whether each applicable academic program meets state professional licensure requirements and provide a general disclosure of such on an official university website.

Professional licensure requirements vary from state-to-state and can change year-to-year; they are established in a variety of state statutes, regulations, rules, and policies; and they center on a range of educational requirements, including degree type, specialized accreditation, total credits, specific courses, and examinations.

UW-Madison has taken reasonable efforts to determine whether this program satisfies the educational requirements for certification/licensure in states where prospective and enrolled students are located and is disclosing that information as follows.

Disclaimer: This information is based on the most recent annual review of state agency certification/licensure data and is subject to change. All students are strongly encouraged to consult with the individual/office listed in the Contact Information box on this page and with the applicable state agency for specific information.

The requirements of this program meet certification/licensure requirements in the following states:

Wisconsin

The requirements of this program do not meet certification/licensure requirements in the following states:

Updated: 1 June 2024

EDUCATIONAL LEADERSHIP AND POLICY ANALYSIS: COOPERATIVE PROGRAM WITH UW-WHITewater, MS

This is a named option in the Educational Leadership and Policy Analysis MS (p. 537).

The University of Wisconsin Board of Regents approved the cooperative master of science degree program in educational leadership and policy analysis between the University of Wisconsin–Madison and the UW–Whitewater campus on February 5, 1982.

The cooperative program provides the opportunity for educators in the northeastern and central regions of Wisconsin to obtain a master of science degree with certification (principal, director of instruction, director of special education and pupil services) in Educational Leadership and Policy Analysis from UW–Madison.

Students must be admitted simultaneously to UW–Madison and UW–Whitewater. Program admission will be to the UW–Madison Department of Educational Leadership and Policy Analysis and to the UW–Whitewater Department of Curriculum and Instruction as a special student. The Graduate School at UW–Whitewater processes graduate special student admission. Upon completion of the approved program, students will be awarded a master of science degree from UW–Madison.

ADMISSIONS

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) of the Graduate School as well as the program(s).** Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	August 1
Spring Deadline	December 1
Summer Deadline	April 15
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment. Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/).

Other Test(s) (e.g., GMAT, MCAT) n/a

Letters of Recommendation Required 3

Applicants should hold a teaching license and are required to upload the following items to the online application.

1. Essay statement (not to exceed two pages) that addresses the following:
 - a. Your area of interest (task or functional area of administration)
 - b. Your career goals (i.e., why the applicant is interested in pursuing a degree in educational administration)
 - c. Your professional objectives and how the UW–Madison program will contribute toward the applicant's role as a school/institution leader (if seeking certification, be sure to explicitly state what certification or certifications are being sought.)
2. Unofficial transcripts. Official transcripts will be requested prior to Graduate School admission.
3. Resume or CV.
4. Three letters of recommendation. Recommendations from three (3) people who are qualified to evaluate the academic and professional competence of the applicant are required. When completing the online application, submit names and emails of those requesting recommendation from; recommendations are sent electronically to your application.
5. Supporting document if undergraduate GPA is below 3.00. In statement, explain why GPA does not accurately reflect high potential to serve in leadership roles.

International students are NOT eligible for this program.

FUNDING

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM INFORMATION

Students enrolled in this program are not eligible to receive tuition remission from graduate assistantship appointments at this institution.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

NAMED OPTION REQUIREMENTS MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	Yes	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW–Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail

Minimum Credit Requirement 30 credits (15 UW–Madison credits and 15 UW–Whitewater credits)

Minimum Residence Credit Requirement 15 credits at UW–Madison

Minimum Graduate Coursework Requirement 15 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: <https://policy.wisc.edu/library/UW-1244> (<https://policy.wisc.edu/library/UW-1244/>).

Overall Graduate GPA Requirement 3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: <https://policy.wisc.edu/library/UW-1203> (<https://policy.wisc.edu/library/UW-1203/>).

Other Grade Requirements n/a

Assessments and Examinations n/a

Language Requirements n/a

REQUIRED COURSES

Code	Title	Credits
UW–Whitewater Coursework		
	Introduction to Elementary and Secondary Education (EDADMIN 728)	3
	School-Community Relations (EDADMIN 734)	3
	Supervision of Instruction (EDADMIN 769)	3

Optional Coursework for Additional Licensure, Director of Special Education and Pupil Services

ELPA/RP & SE 835	Leadership for Inclusive Schooling	3
ELPA/ED POL/ ED PSYCH/ RP & SE 842	Legal Foundations of Special Education and Pupil Services	3

75-hour field experience

The program includes a practicum experience that requires 150 contact hours for an initial administrator license and an additional 75 hours for each additional administrative license. Cooperative program students enroll in their practicum at UW–Whitewater and complete the required hours under the guidance of the UW–Whitewater cooperative program director.

Submission and approval of an online portfolio is required for both degree completion and certification. Portfolio requirements (<https://elpa.education.wisc.edu/academics/resources-handbooks-and-forms/>) are available on the department website in the program handbook.

Students in this program may not take courses outside the prescribed curriculum without faculty advisor and program director approval. Students in this program cannot enroll concurrently in other undergraduate or graduate degree programs.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

NAMED OPTION-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

None allowed.

Undergraduate Credits Earned at Other Institutions or UW-Madison

None allowed.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a University Special student at UW-Madison

With program approval, students may transfer no more than 6 credits of coursework numbered 300 or above taken as a UW-Madison University special student. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

PROBATION

Refer to the Graduate School: Probation (<https://policy.wisc.edu/library/UW-1217/>) policy.

ADVISOR / COMMITTEE

Refer to the Graduate School: Advisor (<https://policy.wisc.edu/library/UW-1232/>) policy.

CREDITS PER TERM ALLOWED

12 credits

TIME LIMITS

Refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)

- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (<https://osas.wisc.edu/>) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

School of Education Grievance Policy and Procedures

The following School of Education Student Grievance Policy and associated procedures are designed for use in response to individual student grievances regarding faculty or staff in the School of Education.

Any individual student who feels they have been treated unfairly by a School of Education faculty or staff member has the right to file a grievance about the treatment and receive a timely response addressing their concerns. Any student, undergraduate or graduate, may use these grievance procedures, except employees whose complaints are covered under other campus policies. The grievance may concern classroom treatment, mentoring or advising, program admission or continuation, course grades (study abroad grade complaints are handled through International Academic Programs (<https://studyabroad.wisc.edu/>)), or issues not covered by other campus policies or grievance procedures.

For grievances regarding discrimination based on protected bases (<https://compliance.wisc.edu/eo-complaint/>) (i.e., race, color, national origin, sex, disability, age, etc.), contact the Office of Compliance (<https://compliance.wisc.edu/eo-complaint/>).

For grievances or concerns regarding sexual harassment or sexual violence (including sexual assault, dating/domestic violence, stalking, and sexual exploitation), contact the Sexual Misconduct Resource and Response Program (<https://compliance.wisc.edu/titleix/>) within the Office of Compliance.

For grievances that involve the behavior of a student, contact the Office of Student Conduct and Community Standards in the Dean of Students Office at <https://conduct.students.wisc.edu/>.

For grievances about, or directed at, faculty or staff in a School of Education department, unit, or program, students should follow these steps:

1. Students are strongly encouraged to first talk with the person against whom the concern is directed. Many issues can be settled informally at this level. If students are unable to resolve concerns directly or without additional support, step 2 or 3 should be pursued.
2. If unresolved after taking or considering step 1:
 - a. If the concern is directed against a teaching assistant (TA), and the student is not satisfied, the student should contact the TA's supervisor, who is usually the course professor. The course professor will attempt to resolve the concern informally.
 - b. If the concern involves a non-TA instructor, staff member, professor, academic department, or School of Education office or unit, the student should contact the chair of the department or the director of the office or unit, or their designee. The chair or director, or their designee, will attempt to resolve the concern

informally. If the concern is about the department chair or office/unit director, the student should consult the School of Education Senior Associate Dean for guidance.

3. If the concern remains unresolved after step 2, the student may submit a formal grievance to the chair or director in writing within 30 business days¹ of the alleged unfair treatment. To the fullest extent possible, a formal written grievance shall contain a clear and concise statement of the issue(s) involved and the relief sought.
4. On receipt of a written grievance, the chair or director will notify the person at whom the grievance is directed with a copy of the written grievance. The person at whom the complaint is directed may submit a written response, which would be shared with the student.
5. On receipt of a written grievance, the chair or director will refer the matter to a department, office, or unit committee comprised of at least two members. The committee may be an existing committee or one constituted for this purpose. The committee, or delegates from the committee, may meet with the parties involved and/or review any material either party shares with the committee.
6. The committee will provide a written description of the facts of the grievance and communicate recommendations to the department chair or office/unit head regarding how the grievance should be handled.
7. The chair or director will offer to meet with the student who made the grievance and also will provide a written decision to the student, including a description of any related action taken by the committee, within 30 business days of receiving the formal grievance.

¹ For the purpose of this policy, business days refers to those days when the University Offices are open and shall not include weekends, university holidays, spring recess, or the period from the last day of exams of fall semester instruction to the first day of spring semester instruction. All time limits may be modified by mutual consent of the parties involved.

If the grievance concerns an undergraduate course grade, the decision of the department chair after reviewing the committee's recommendations is final.

Other types of grievances may be appealed using the following procedures:

1. Both the student who filed the grievance or the person at whom the grievance was directed, if unsatisfied with the decision of the department, office or unit, have five (5) business days from receipt of the decision to contact the Senior Associate Dean, indicating the intention to appeal.
2. A written appeal must be filed with the Senior Associate Dean within 10 business days of the time the appealing party was notified of the initial resolution of the complaint.
3. On receipt of a written appeal, the Senior Associate Dean will convene a sub-committee of the School of Education's Academic Planning Council. This subcommittee may ask for additional information from the parties involved and/or may hold a meeting at which both parties will be asked to speak separately (i.e., not in the room at the same time).
4. The subcommittee will then make a written recommendation to the Dean of the School of Education, or their designee, who will render a decision. The dean or designee's written decision shall be made within 30 business days from the date when the written appeal was filed with

the Senior Associate Dean. For undergraduate students, the dean or designee's decision is final.

Further appealing a School of Education decision – *graduate students only*

Graduate students have the option to appeal decisions by the School of Education dean or designee by using the process detailed on the Graduate School's website (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

Questions about these procedures can be directed to the School of Education Dean's Office, 377 Education Building, 1000 Bascom Mall, 608-262-1763.

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

PEOPLE

PEOPLE

Faculty: Professor Anjalé (AJ) Welton (chair); Professors Conrad, Eckes, Halverson, Kelley, Miller, Wang, Winkle-Wagner; Associate Professors Burt, Hillman; Assistant Professors Grooms, Henry, McQuillan, Saldana, Yu; Clinical Professors Crim, Li, Sramek, Salzman, Soffa-Jimenez

EDUCATIONAL LEADERSHIP AND POLICY ANALYSIS: EDUCATIONAL POLICY ANALYSIS & EVALUATION, MS

This is a named option in the Educational Leadership and Policy Analysis MS (<https://guide.wisc.edu/graduate/educational-leadership-policy-analysis/educational-leadership-policy-analysis-ms/#text>).

There are three departments in the University that focus on educational policy-related issues.

The master's program in Educational Policy Analysis and Evaluation has an emphasis on conducting educational policy research and analysis with a goal of advancing the achievement of all students through effective policy design, development, implementation, and evaluation of educational policies and programs. Students develop a knowledge base that includes a strong foundation in research methods (both quantitative and qualitative) and an ability to conduct sophisticated educational policy research and analysis grounded in understandings of the educational policy and governance system in the U.S. and the issues and challenges facing educational leaders embedded in school, university, community/technical college, or adult learning contexts.

The La Follette School of Public Affairs provides education in public management and policy analysis, as well as in public policy and global governance. Faculty in the School are experts in social policy, health and aging, energy and the environment, international trade and development, and public management. The education provided focuses on gaining quantitative, policy analysis, and public management skills. Students may take elective courses in specific substantive policy areas that are of interest to them. Many La Follette students have an interest in education policy and choose to take courses in ELPA.

A third department, Educational Policy Studies, takes a multi-disciplinary approach (sociology, philosophy, anthropology, history) to the study of educational policy and practice. Students may focus on U.S. or international issues. Students often choose to focus on educational inequality.

If you are interested in policy analysis as it relates to broad social policy issues including, but not limited to education, we recommend the LaFollette MPA or MIPA programs. You would be trained in the tools necessary to analyze and design social policy and could take courses in our department and Educational Policy Studies.

If you were interested specifically in educational leadership and policy as a focus for your study (not the broader social policy issues) and intended

to work in schools or in school-related policy, particularly in the U.S., we would recommend our department. If you were interested in a more theoretical understanding of educational policy systems and wanted to take a particular disciplinary focus and a mix of international and U.S. contexts, we would recommend Educational Policy Studies.

ADMISSIONS

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) of the Graduate School as well as the program(s).** Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 1
Spring Deadline	This program does not admit in the spring.
Summer Deadline	This program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment. Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

Applicants are required to upload the following items to the online application.

1. Essay statement (not to exceed two pages) that addresses the following:
 - a. Your area of interest (task or functional area of administration.)
 - b. Your career goals (i.e., why the applicant is interested in pursuing a degree in educational administration.)
 - c. Your professional objectives and how the UW-Madison program will contribute toward the applicant's role as a school/institution leader.
2. Unofficial transcripts. Official transcripts will be requested prior to Graduate School admission.
3. Resume or CV.
4. Three letters of recommendation. Recommendations from three (3) people who are qualified to evaluate the academic and professional competence of the applicant are required. When completing the

online application, submit names and emails of those requesting recommendation from; recommendations are sent electronically to your application.

- Supporting document if undergraduate GPA is below 3.00. In statement, explain why GPA does not accurately reflect high potential to serve in leadership roles.

International degree-seeking applicants must prove English proficiency using the Graduate School's requirements (<https://grad.wisc.edu/apply/requirements/>).

FUNDING

FUNDING GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

While the department funds full-time PhD students we are unable to provide funding for Master's students. In consultation with one's advisor, students are encouraged to seek positions in other areas that are related to their own research and professional interests. The University student job center posts some opportunities. The department also forwards job postings from other areas on campus to department students.

REQUIRED COURSES

The following are examples of curricular pathways to complete the degree.

Note: Regardless of your pathway, the degree earned is Educational Leadership and Policy Analysis: Educational Policy Analysis & Evaluation, MS.

Educational Policy Evaluation ¹

Code	Title	Credits
Foundations Core		
ELPA 870	The Politics of Education	3
ELPA 961	Critical Issues in Educational Policy	3
Methods of Policy Analysis		
ELPA/ED PSYCH 822	Introduction to Quantitative Inquiry in Education	3
ELPA 823	Data Management for Education Policy Analysis	3
Students also select one of the following courses:		3
ELPA/COUN PSY/CURRIC/ED POL/ED PSYCH/RP & SE 719	Introduction to Qualitative Research	
ELPA 725	Research Methods and Procedures in Educational Administration	

ELPA/ COUN PSY/ CURRIC/ED POL/ ED PSYCH/ RP & SE 788	Qualitative Research Methods in Education: Field Methods I	
ELPA/ ED PSYCH 827	Surveys and Other Quantitative Data Collection Strategies	
ELPA 940	Special Topics Seminar in Educational Leadership	
Depth Courses		
ELPA 890	Applied Research in Educational Administration	3
Students also select three of the following courses: 9		
ELPA 701	Introduction to Higher and Post-Secondary Education	
ELPA 702	Introduction to Educational Leadership	
ELPA 831	Financing Postsecondary Education	
ELPA 832	Resource Allocation for Equity and Social Justice	
ELPA 840	Public School Law	
ELPA 841	Legal Aspects of Higher Education	
ELPA/ED POL/ ED PSYCH/ RP & SE 842	Legal Foundations of Special Education and Pupil Services	
ELPA 848	Professional Development and Organizational Learning	
ELPA 860	Organizational Theory and Behavior in Education	
ELPA 863	Race, Class and Educational Inequality	
ELPA 875	Theory and Practice of Educational Planning	
ELPA 881	Ideas of the University: Images of Higher Learning for the 21st Century	
ELPA 887	Diversity and Inequality in Higher Education	
ELPA 910	Seminar in Educational Law	
ELPA 940	Special Topics Seminar in Educational Leadership	
Electives 3		
Select any relevant substantive or methods course from ELPA or other departments.		
Total Credits		30

¹ These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

Education Law ¹

Code	Title	Credits
Foundations Core		
ELPA 870	The Politics of Education	3
ELPA 961	Critical Issues in Educational Policy	3

Select any relevant substantive or methods course from ELPA or other departments.		

Total Credits **30**

¹ These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

NAMED OPTION-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

If applicable to degree completion, and with program approval, students may transfer no more than 9 credits of graduate coursework in educational leadership from other institutions and 6 credits of graduate coursework in areas other than educational leadership from other institutions. A maximum of 14 total credits of prior coursework (graduate credits earned at other institutions and undergraduate credits earned at other institutions or UW-Madison combined) are allowed to transfer. Coursework earned ten or more years prior to admission to the master's degree is not allowed to satisfy requirements.

Undergraduate Credits Earned at Other Institutions or UW-Madison

If applicable to degree completion and with program approval, 6 credits of coursework numbered 500 or above from a UW-Madison undergraduate

degree, or the course equivalent from another institution, may transfer. A maximum of 14 total credits of prior coursework (graduate credits earned at other institutions and undergraduate credits earned at other institutions or UW-Madison combined) are allowed to transfer. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a University Special Student at UW-Madison

With program approval, students may transfer no more than 6 credits of coursework numbered 300 or above taken as a UW-Madison University Special student. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

PROBATION

Refer to the Graduate School: Probation (<https://policy.wisc.edu/library/UW-1217/>) policy.

ADVISOR / COMMITTEE

Refer to the Graduate School: Advisor (<https://policy.wisc.edu/library/UW-1232/>) and Graduate School: Committees (Doctoral/Master's/MFA) (<https://policy.wisc.edu/library/UW-1201/>) policies.

CREDITS PER TERM ALLOWED

12 credits

TIME LIMITS

Refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeedisabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)

- Office Student Assistance and Support (OSAS) (<https://osas.wisc.edu/>) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

School of Education Grievance Policy and Procedures

The following School of Education Student Grievance Policy and associated procedures are designed for use in response to individual student grievances regarding faculty or staff in the School of Education.

Any individual student who feels they have been treated unfairly by a School of Education faculty or staff member has the right to file a grievance about the treatment and receive a timely response addressing their concerns. Any student, undergraduate or graduate, may use these grievance procedures, except employees whose complaints are covered under other campus policies. The grievance may concern classroom treatment, mentoring or advising, program admission or continuation, course grades (study abroad grade complaints are handled through International Academic Programs (<https://studyabroad.wisc.edu/>)), or issues not covered by other campus policies or grievance procedures.

For grievances regarding discrimination based on protected bases (<https://compliance.wisc.edu/eo-complaint/>) (i.e., race, color, national origin, sex, disability, age, etc.), contact the Office of Compliance (<https://compliance.wisc.edu/eo-complaint/>).

For grievances or concerns regarding sexual harassment or sexual violence (including sexual assault, dating/domestic violence, stalking, and sexual exploitation), contact the Sexual Misconduct Resource and Response Program (<https://compliance.wisc.edu/titleix/>) within the Office of Compliance.

For grievances that involve the behavior of a student, contact the Office of Student Conduct and Community Standards in the Dean of Students Office at <https://conduct.students.wisc.edu/>.

For grievances about, or directed at, faculty or staff in a School of Education department, unit, or program, students should follow these steps:

1. Students are strongly encouraged to first talk with the person against whom the concern is directed. Many issues can be settled informally at this level. If students are unable to resolve concerns directly or without additional support, step 2 or 3 should be pursued.
2. If unresolved after taking or considering step 1:
 - a. If the concern is directed against a teaching assistant (TA), and the student is not satisfied, the student should contact the TA's supervisor, who is usually the course professor. The course professor will attempt to resolve the concern informally.
 - b. If the concern involves a non-TA instructor, staff member, professor, academic department, or School of Education office or unit, the student should contact the chair of the department or the director of the office or unit, or their designee. The chair or director, or their designee, will attempt to resolve the concern informally. If the concern is about the department chair or office/unit director, the student should consult the School of Education Senior Associate Dean for guidance.

3. If the concern remains unresolved after step 2, the student may submit a formal grievance to the chair or director in writing within 30 business days¹ of the alleged unfair treatment. To the fullest extent possible, a formal written grievance shall contain a clear and concise statement of the issue(s) involved and the relief sought.
4. On receipt of a written grievance, the chair or director will notify the person at whom the grievance is directed with a copy of the written grievance. The person at whom the complaint is directed may submit a written response, which would be shared with the student.
5. On receipt of a written grievance, the chair or director will refer the matter to a department, office, or unit committee comprised of at least two members. The committee may be an existing committee or one constituted for this purpose. The committee, or delegates from the committee, may meet with the parties involved and/or review any material either party shares with the committee.
6. The committee will provide a written description of the facts of the grievance and communicate recommendations to the department chair or office/unit head regarding how the grievance should be handled.
7. The chair or director will offer to meet with the student who made the grievance and also will provide a written decision to the student, including a description of any related action taken by the committee, within 30 business days of receiving the formal grievance.

¹ For the purpose of this policy, business days refers to those days when the University Offices are open and shall not include weekends, university holidays, spring recess, or the period from the last day of exams of fall semester instruction to the first day of spring semester instruction. All time limits may be modified by mutual consent of the parties involved.

If the grievance concerns an undergraduate course grade, the decision of the department chair after reviewing the committee's recommendations is final.

Other types of grievances may be appealed using the following procedures:

1. Both the student who filed the grievance or the person at whom the grievance was directed, if unsatisfied with the decision of the department, office or unit, have five (5) business days from receipt of the decision to contact the Senior Associate Dean, indicating the intention to appeal.
2. A written appeal must be filed with the Senior Associate Dean within 10 business days of the time the appealing party was notified of the initial resolution of the complaint.
3. On receipt of a written appeal, the Senior Associate Dean will convene a sub-committee of the School of Education's Academic Planning Council. This subcommittee may ask for additional information from the parties involved and/or may hold a meeting at which both parties will be asked to speak separately (i.e., not in the room at the same time).
4. The subcommittee will then make a written recommendation to the Dean of the School of Education, or their designee, who will render a decision. The dean or designee's written decision shall be made within 30 business days from the date when the written appeal was filed with the Senior Associate Dean. For undergraduate students, the dean or designee's decision is final.

Further appealing a School of Education decision – *graduate students only*

Graduate students have the option to appeal decisions by the School of Education dean or designee by using the process detailed on the Graduate School's website (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

Questions about these procedures can be directed to the School of Education Dean's Office, 377 Education Building, 1000 Bascom Mall, 608-262-1763.

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

PEOPLE

PEOPLE

Faculty: Professor Anjalé (AJ) Welton (chair); Professors Conrad, Eckes, Halverson, Kelley, Miller, Wang, Winkle-Wagner; Associate Professors Burt, Hillman; Assistant Professors Grooms, Henry, McQuillan, Saldana, Yu; Clinical Professors Crim, Li, Sramek, Salzman, Soffa-Jimenez

EDUCATIONAL LEADERSHIP AND POLICY ANALYSIS: GLOBAL HIGHER EDUCATION, MS

This is a named option in the Educational Leadership and Policy Analysis MS (p. 537).

For more information, please check out the program website. For inquiries regarding the GHE program, please contact the GHE Program Director (see Contact Information in the sidebar).

The Global Higher Education (GHE) Master's Degree Program (<https://ghe.elpa.education.wisc.edu/>) focuses on training new generations of professionals and scholars in the field of international higher education who strive for social justice in a global context.

Founded in 2012, the Global Higher Education (GHE) Program is a master's degree program specialized in training future generations of global-minded professionals and scholars in international education, higher education administration, and student affairs. The GHE program is a leading program committed to fostering student success, happiness, and well-being.

Click here to read what our alumni said about the GHE program. (<https://ghe.education.wisc.edu/global-higher-education-ms-program/alumni-testimonials/>)

THE PROGRAM

- Provides pathways to careers in higher education administration and student affairs, especially in international education, such as international student advisors, academic advisors, study abroad advisors, international admissions counselors, international education program coordinators, career advisors, student success coaches, etc.
- Prepares future scholars and researchers focusing on global learning, international student mobility, international and comparative education, and higher education research, etc.

UNIQUE STRENGTHS OF THE PROGRAM

- Connect education with career development (<https://ghe.education.wisc.edu/global-higher-education-ms-program/alumni-job-placement/>)
- Embedded internship and career development program (<https://ghe.education.wisc.edu/global-higher-education-ms-program/professional-development/>)
- A family-like collaborative learning community (<https://ghe.education.wisc.edu/global-higher-education-ms-program/cohort-model/>)

- Individualized mentoring and career coaching throughout the program
- Integrated networking and leadership skill training
- Student-centered and individual attention throughout the program
- Ensure services and support to alumni beyond graduation.

ADMISSIONS

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) of the Graduate School as well as the program(s).** Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	March 31 for international applicants; July 1 for domestic applicants
Spring Deadline	The program does not admit in the spring.
Summer Deadline	This program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment. Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

Applicants are required to upload the following items to the online application.

1. Essay statement (not to exceed two pages) that addresses the following:
 - a. Clearly identify Global Higher Education as your area of interest.
 - b. Explain why you are interested in a master's degree focusing on Global Higher Education. What are your career goals? Tell us what kind of educational and/or international experiences may have inspired you to pursue a master's degree in the field of international higher education.
 - c. What are your expectations from the Global Higher Education program? How will this program contribute to your professional objectives?

- d. What can you contribute to the program and other cohort students, (such as your experiences, your knowledge in global international higher education)?

Attention: You do not have to try to imitate the American style of a "Statement of Purpose" if this is not a common genre in your culture, as we respect and celebrate the cultural diversities brought by applicants and students from around the world.

2. Unofficial transcripts. Official transcripts will be requested prior to Graduate School admission.
3. Resume or CV.
4. Supporting document if undergraduate GPA is below 3.00. In statement, explain why GPA does not accurately reflect high potential to serve in leadership roles.

International degree-seeking applicants must prove English proficiency using the Graduate School's requirements (<https://grad.wisc.edu/apply/requirements/>).

FUNDING

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM INFORMATION

Students enrolled in this program are not eligible to receive tuition remission from graduate assistantship appointments at this institution.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

NAMED OPTION REQUIREMENTS MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	Yes	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW-Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail

Minimum Credit Requirement	30 credits
Minimum Residence Credit Requirement	16 credits
Minimum Graduate Coursework Requirement	24 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/).
Overall Graduate GPA Requirement	3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	n/a
Assessments and Examinations	Contact the program for information on required assessments and examinations.
Language Requirements	Contact the program for information on any language requirements.

REQUIRED COURSES

The Global Higher Education program is a 30-credit named option within the Educational Leadership and Policy Analysis (ELPA) MS.

Code	Title	Credits
Core Courses		
Students must select two of the following courses based on cohort program recommendation or in consultation with advisor.		6
ELPA 886	Internationalization of Higher Education	
ELPA 885	Leadership for Study Abroad Programs and International Student Services	
ELPA 940	Special Topics Seminar in Educational Leadership (Topic: Mobility and Inclusion in International Higher Education)	
Foundational Courses		
Students must complete the following courses.		6
ELPA 701	Introduction to Higher and Post-Secondary Education	
ELPA 725	Research Methods and Procedures in Educational Administration	

Depth Courses

Students must select two of the following courses based on cohort program recommendation or in consultation with advisor. 6

ELPA 888	Assessment in Higher Education
ELPA 878	The American Community College
ELPA 883	Perspectives on College Student Identity and Development
ELPA 887	Diversity and Inequality in Higher Education

Electives

Students must select 4 courses (3 credits each) based on cohort program recommendation or in consultation with advisor. 12

ELPA 880	Academic Programs in Colleges and Universities
ELPA 881	Ideas of the University: Images of Higher Learning for the 21st Century
ELPA 824	Field Research Designs & Methodologies in Educational Administration
ELPA 882	Minority-Serving Institutions of Higher Education
ELPA 715	Governance and Administration of Colleges and Universities
ELPA 736	Administration of Student Services in Higher Education
ELPA 870	The Politics of Education
ELPA 831	Financing Postsecondary Education
ELPA 841	Legal Aspects of Higher Education
ELPA/ COUN PSY/ CURRIC/ED POL/ ED PSYCH/ RP & SE 719	Introduction to Qualitative Research
ELPA/ ED PSYCH 822	Introduction to Quantitative Inquiry in Education
ELPA 940	Special Topics Seminar in Educational Leadership
ELPA 999	Independent Reading
ELPA 990	Research or Thesis

Total Credits 30

Students in this program may not take courses outside the prescribed curriculum without faculty advisor and program director approval. Students in this program cannot enroll concurrently in other undergraduate or graduate degree programs.

POLICIES**GRADUATE SCHOOL POLICIES**

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree

program faculty. Policies set by the academic degree program can be found below.

NAMED OPTION-SPECIFIC POLICIES**PRIOR COURSEWORK****Graduate Credits Earned at Other Institutions**

Requires program director approval.

Undergraduate Credits Earned at Other Institutions or UW-Madison

No credits from a UW-Madison undergraduate degree or other institution are allowed to transfer.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a University Special student at UW-Madison

With program approval, students may transfer no more than 6 credits of coursework numbered 300 or above taken as a UW-Madison University Special student. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

PROBATION

Refer to the Graduate School: Probation (<https://policy.wisc.edu/library/UW-1217/>) policy.

ADVISOR / COMMITTEE

Refer to the Graduate School: Advisor (<https://policy.wisc.edu/library/UW-1232/>) and Graduate School: Committees (Doctoral/Master's/MFA) (<https://policy.wisc.edu/library/UW-1201/>) policies.

The Global Higher Education program director advises all students in the program.

CREDITS PER TERM ALLOWED

12 credits

TIME LIMITS

Refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy.

- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

School of Education Grievance Policy and Procedures

The following School of Education Student Grievance Policy and associated procedures are designed for use in response to individual student grievances regarding faculty or staff in the School of Education.

Any individual student who feels they have been treated unfairly by a School of Education faculty or staff member has the right to file a grievance about the treatment and receive a timely response addressing their concerns. Any student, undergraduate or graduate, may use these grievance procedures, except employees whose complaints are covered under other campus policies. The grievance may concern classroom treatment, mentoring or advising, program admission or continuation, course grades (study abroad grade complaints are handled through International Academic Programs (<https://studyabroad.wisc.edu/>)), or issues not covered by other campus policies or grievance procedures.

For grievances regarding discrimination based on protected bases (<https://compliance.wisc.edu/eo-complaint/>) (i.e., race, color, national origin, sex, disability, age, etc.), contact the Office of Compliance (<https://compliance.wisc.edu/eo-complaint/>).

For grievances or concerns regarding sexual harassment or sexual violence (including sexual assault, dating/domestic violence, stalking, and sexual exploitation), contact the Sexual Misconduct Resource and Response Program (<https://compliance.wisc.edu/titleix/>) within the Office of Compliance.

For grievances that involve the behavior of a student, contact the Office of Student Conduct and Community Standards in the Dean of Students Office at <https://conduct.students.wisc.edu/>.

For grievances about, or directed at, faculty or staff in a School of Education department, unit, or program, students should follow these steps:

1. Students are strongly encouraged to first talk with the person against whom the concern is directed. Many issues can be settled informally at this level. If students are unable to resolve concerns directly or without additional support, step 2 or 3 should be pursued.
2. If unresolved after taking or considering step 1:

- a. If the concern is directed against a teaching assistant (TA), and the student is not satisfied, the student should contact the TA's supervisor, who is usually the course professor. The course professor will attempt to resolve the concern informally.
 - b. If the concern involves a non-TA instructor, staff member, professor, academic department, or School of Education office or unit, the student should contact the chair of the department or the director of the office or unit, or their designee. The chair or director, or their designee, will attempt to resolve the concern informally. If the concern is about the department chair or office/unit director, the student should consult the School of Education Senior Associate Dean for guidance.
3. If the concern remains unresolved after step 2, the student may submit a formal grievance to the chair or director in writing within 30 business days¹ of the alleged unfair treatment. To the fullest extent possible, a formal written grievance shall contain a clear and concise statement of the issue(s) involved and the relief sought.
 4. On receipt of a written grievance, the chair or director will notify the person at whom the grievance is directed with a copy of the written grievance. The person at whom the complaint is directed may submit a written response, which would be shared with the student.
 5. On receipt of a written grievance, the chair or director will refer the matter to a department, office, or unit committee comprised of at least two members. The committee may be an existing committee or one constituted for this purpose. The committee, or delegates from the committee, may meet with the parties involved and/or review any material either party shares with the committee.
 6. The committee will provide a written description of the facts of the grievance and communicate recommendations to the department chair or office/unit head regarding how the grievance should be handled.
 7. The chair or director will offer to meet with the student who made the grievance and also will provide a written decision to the student, including a description of any related action taken by the committee, within 30 business days of receiving the formal grievance.

¹ For the purpose of this policy, business days refers to those days when the University Offices are open and shall not include weekends, university holidays, spring recess, or the period from the last day of exams of fall semester instruction to the first day of spring semester instruction. All time limits may be modified by mutual consent of the parties involved.

If the grievance concerns an undergraduate course grade, the decision of the department chair after reviewing the committee's recommendations is final.

Other types of grievances may be appealed using the following procedures:

1. Both the student who filed the grievance or the person at whom the grievance was directed, if unsatisfied with the decision of the department, office or unit, have five (5) business days from receipt of the decision to contact the Senior Associate Dean, indicating the intention to appeal.
2. A written appeal must be filed with the Senior Associate Dean within 10 business days of the time the appealing party was notified of the initial resolution of the complaint.
3. On receipt of a written appeal, the Senior Associate Dean will convene a sub-committee of the School of Education's Academic Planning

Council. This subcommittee may ask for additional information from the parties involved and/or may hold a meeting at which both parties will be asked to speak separately (i.e., not in the room at the same time).

- The subcommittee will then make a written recommendation to the Dean of the School of Education, or their designee, who will render a decision. The dean or designee's written decision shall be made within 30 business days from the date when the written appeal was filed with the Senior Associate Dean. For undergraduate students, the dean or designee's decision is final.

Further appealing a School of Education decision – *graduate students only*

Graduate students have the option to appeal decisions by the School of Education dean or designee by using the process detailed on the Graduate School's website (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

Questions about these procedures can be directed to the School of Education Dean's Office, 377 Education Building, 1000 Bascom Mall, 608-262-1763.

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

PROGRAM RESOURCES

The GHE program provides to its students a comprehensive, embedded professional development program that includes career advising, workshops on preparation of job applications and job interviews, individual career coaching, and assisting students to develop their professional network. The embedded professional development program has greatly contributed to our graduates' success on the job market.

For information on GHE student internship and alumni job placement, please check out our website: <https://ghe.elpa.education.wisc.edu/alumni-job-placement/>

All GHE courses are taught by ELPA faculty members, clinical professors, and instructors who all have doctoral degrees. Many of them are nationally renowned scholars or practitioners with first-hand administrative and managerial experience in higher education.

PEOPLE

PEOPLE

Faculty: Professor Anjalé (AJ) Welton (chair); Professors Conrad, Eckes, Halverson, Kelley, Miller, Wang, Winkle-Wagner; Associate Professors Burt, Hillman; Assistant Professors Grooms, Henry, McQuillan, Saldana, Yu; Clinical Professors Crim, Li, Sramek, Salzman, Soffa-Jimenez

EDUCATIONAL LEADERSHIP AND POLICY ANALYSIS: HIGHER EDUCATION, MS

This is a named option in the Educational Leadership and Policy Analysis MS (p. 537).

The master's program in Higher Education (HE) offers a broad range of course selections with foundations in administration, organization, governance, teaching and learning, and policy and research. The program affords students the opportunity to study minority serving institutions, legal and financial aspects of higher education, the politics of higher education, academic programs in colleges and universities, ideas of the university, diversity and inequality in higher education, the American community colleges, assessment in higher education, perspectives on college student identity and development, administrative services and critical leadership issues in higher education. Students also have the opportunity to complete field experiences. The culminating experience of the Higher Education Master's program is a capstone project. Students completing a Master's degree in higher education work in a variety of leadership roles at colleges, universities, and technical colleges in student affairs, academic affairs, and policy.

ADMISSIONS

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) of the Graduate School as well as the program(s).** Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 1
Spring Deadline	This program does not admit in the spring.
Summer Deadline	This program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment. Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

Applicants are required to upload the following items to the online application.

- Essay statement (not to exceed two pages) that addresses the following:
 - Your area of interest (task or functional area of administration.)
 - Your career goals (i.e., why the applicant is interested in pursuing a degree in educational administration.)
 - Your professional objectives and how the UW-Madison program will contribute toward the applicant's role as a school/institution leader.
- Unofficial transcripts. Official transcripts will be requested prior to Graduate School admission.
- Resume or CV.
- Three letters of recommendation. Recommendations from three (3) people who are qualified to evaluate the academic and professional competence of the applicant are required. When completing the online application, submit the names and emails of those requesting recommendation from; recommendations are sent electronically to your application.

- Supporting document if undergraduate GPA is below 3.00. In a statement, explain why GPA does not accurately reflect high potential to serve in leadership roles.

International degree-seeking applicants must prove English proficiency using the Graduate School's requirements (<https://grad.wisc.edu/apply/requirements/>).

FUNDING

FUNDING GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

While the department funds full-time PhD students we are unable to provide funding for Master's students. In consultation with one's advisor, students are encouraged to seek positions in other areas that are related to their own research and professional interests. The University student job center posts some opportunities. The department also forwards job postings from other areas on campus to department students.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

NAMED OPTION REQUIREMENTS MODE OF INSTRUCTION

Face to Face	Evening/Weekend	Online	Hybrid	Accelerated
Yes	Yes	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW-Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail	
Minimum Credit Requirement	30 credits
Minimum Residence Credit Requirement	16 credits
Minimum Graduate Coursework Requirement	24 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework Requirement (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/).
Overall Graduate GPA Requirement	3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	n/a
Assessments and Examinations	None.
Language Requirements	None.

REQUIRED COURSES

Code	Title	Credits
Foundations		3
ELPA 701	Introduction to Higher and Post-Secondary Education	
Core Areas		18
Students take at least one course from Administration Organization Governance, Teaching and Learning, and Policy and Research. Students must also take at least two courses in Equity Diversity.		
<i>Administration Organization Governance (3-6 credits)</i>		
If pursuing a concentration in Intercollegiate Athletic Administration, choose ELPA 710 and 1 other course. Otherwise - choose 1 course.		
ELPA 710	Introduction to Intercollegiate Athletics Administration	
ELPA 715	Governance and Administration of Colleges and Universities	
ELPA 736	Administration of Student Services in Higher Education	
ELPA 831	Financing Postsecondary Education	
ELPA 878	The American Community College	
ELPA 940	Special Topics Seminar in Educational Leadership	

<i>Teaching and Learning (3-6 credits)</i>		
If pursuing a concentration in Student Affairs Administration, choose ELPA 883 and 1 other course. Otherwise - choose 1 course.		

ELPA 880	Academic Programs in Colleges and Universities	
ELPA 881	Ideas of the University: Images of Higher Learning for the 21st Century	
ELPA 883	Perspectives on College Student Identity and Development	
ELPA 887	Diversity and Inequality in Higher Education	
ELPA 888	Assessment in Higher Education	
ELPA 940	Special Topics Seminar in Educational Leadership	
<i>Policy and Research (3-6 credits)</i>		
ELPA 725	Research Methods and Procedures in Educational Administration	
ELPA 824	Field Research Designs & Methodologies in Educational Administration	
ELPA 831	Financing Postsecondary Education	
ELPA 841	Legal Aspects of Higher Education	
ELPA 870	The Politics of Education	
ELPA 878	The American Community College	
ELPA 888	Assessment in Higher Education	
ELPA 940	Special Topics Seminar in Educational Leadership	
<i>Equity Diversity (6 credits)</i>		
ELPA 882	Minority-Serving Institutions of Higher Education	
ELPA 883	Perspectives on College Student Identity and Development	
ELPA 878	The American Community College	
ELPA 887	Diversity and Inequality in Higher Education	
ELPA 940	Special Topics Seminar in Educational Leadership	
Additional Coursework		3-6
Option of completing course work outside of Educational Leadership Policy Analysis OR completing additional ELPA course work. Consult with advisor prior to selecting courses. If completing a field experience, only 3 credits of additional course work is required.		
Capstone Learning Project - Required		3
ELPA 777	Higher and Post-Secondary Education Capstone Seminar	
ELPA 990	Research or Thesis	
ELPA 999	Independent Reading	
Field Experience - Optional		0-4
ELPA 700	Field Experience in Educational Leadership	
ELPA 999	Independent Reading	
Total Credits		30

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

NAMED OPTION-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

If applicable to degree completion, and with program approval, students may transfer no more than 9 credits of graduate coursework in educational leadership from other institutions and 6 credits of graduate coursework in areas other than educational leadership from other institutions. A maximum of 14 credits of prior coursework (graduate credits earned at other institutions and undergraduate credits earned at other institutions or UW-Madison combined) are allowed to transfer. Coursework earned ten or more years prior to admission to the master's degree is not allowed to satisfy requirements.

Undergraduate Credits Earned at Other Institutions or UW-Madison

If applicable to degree completion and with program approval, 6 credits of coursework numbered 500 or above from a UW-Madison undergraduate degree, or equivalent courses from other institutions, may transfer. A maximum of 14 credits of prior coursework (graduate credits earned at other institutions and undergraduate credits earned at other institutions or UW-Madison combined) are allowed to transfer. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a University Special student at UW-Madison

With program approval, students may transfer no more than 6 credits of coursework numbered 300 or above taken as a UW-Madison Special student. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

PROBATION

Refer to the Graduate School: Probation (<https://policy.wisc.edu/library/UW-1217/>) policy.

ADVISOR / COMMITTEE

All students are assigned an initial advisor upon admission to the department.

Master's students have the option of requesting a change of advisor and will also need to find a faculty member willing to serve as their advisor. An advisor agreement form is required to change advisors.

CREDITS PER TERM ALLOWED

12 credits

TIME LIMITS

Refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeedisabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (<https://osas.wisc.edu/>) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

School of Education Grievance Policy and Procedures

The following School of Education Student Grievance Policy and associated procedures are designed for use in response to individual student grievances regarding faculty or staff in the School of Education.

Any individual student who feels they have been treated unfairly by a School of Education faculty or staff member has the right to file a grievance about the treatment and receive a timely response addressing their concerns. Any student, undergraduate or graduate, may use these grievance procedures, except employees whose complaints are covered under other campus policies. The grievance may concern classroom treatment, mentoring or advising, program admission or continuation, course grades (study abroad grade complaints are handled through

International Academic Programs (<https://studyabroad.wisc.edu/>), or issues not covered by other campus policies or grievance procedures.

For grievances regarding discrimination based on protected bases (<https://compliance.wisc.edu/eo-complaint/>) (i.e., race, color, national origin, sex, disability, age, etc.), contact the Office of Compliance (<https://compliance.wisc.edu/eo-complaint/>).

For grievances or concerns regarding sexual harassment or sexual violence (including sexual assault, dating/domestic violence, stalking, and sexual exploitation), contact the Sexual Misconduct Resource and Response Program (<https://compliance.wisc.edu/titleix/>) within the Office of Compliance.

For grievances that involve the behavior of a student, contact the Office of Student Conduct and Community Standards in the Dean of Students Office at <https://conduct.students.wisc.edu/>.

For grievances about, or directed at, faculty or staff in a School of Education department, unit, or program, students should follow these steps:

1. Students are strongly encouraged to first talk with the person against whom the concern is directed. Many issues can be settled informally at this level. If students are unable to resolve concerns directly or without additional support, step 2 or 3 should be pursued.
2. If unresolved after taking or considering step 1:
 - a. If the concern is directed against a teaching assistant (TA), and the student is not satisfied, the student should contact the TA's supervisor, who is usually the course professor. The course professor will attempt to resolve the concern informally.
 - b. If the concern involves a non-TA instructor, staff member, professor, academic department, or School of Education office or unit, the student should contact the chair of the department or the director of the office or unit, or their designee. The chair or director, or their designee, will attempt to resolve the concern informally. If the concern is about the department chair or office/unit director, the student should consult the School of Education Senior Associate Dean for guidance.
3. If the concern remains unresolved after step 2, the student may submit a formal grievance to the chair or director in writing within 30 business days¹ of the alleged unfair treatment. To the fullest extent possible, a formal written grievance shall contain a clear and concise statement of the issue(s) involved and the relief sought.
4. On receipt of a written grievance, the chair or director will notify the person at whom the grievance is directed with a copy of the written grievance. The person at whom the complaint is directed may submit a written response, which would be shared with the student.
5. On receipt of a written grievance, the chair or director will refer the matter to a department, office, or unit committee comprised of at least two members. The committee may be an existing committee or one constituted for this purpose. The committee, or delegates from the committee, may meet with the parties involved and/or review any material either party shares with the committee.
6. The committee will provide a written description of the facts of the grievance and communicate recommendations to the department chair or office/unit head regarding how the grievance should be handled.
7. The chair or director will offer to meet with the student who made the grievance and also will provide a written decision to the student, including a description of any related action taken by the committee, within 30 business days of receiving the formal grievance.

¹ For the purpose of this policy, business days refers to those days when the University Offices are open and shall not include weekends, university holidays, spring recess, or the period from the last day of exams of fall semester instruction to the first day of spring semester instruction. All time limits may be modified by mutual consent of the parties involved.

If the grievance concerns an undergraduate course grade, the decision of the department chair after reviewing the committee's recommendations is final.

Other types of grievances may be appealed using the following procedures:

1. Both the student who filed the grievance or the person at whom the grievance was directed, if unsatisfied with the decision of the department, office or unit, have five (5) business days from receipt of the decision to contact the Senior Associate Dean, indicating the intention to appeal.
2. A written appeal must be filed with the Senior Associate Dean within 10 business days of the time the appealing party was notified of the initial resolution of the complaint.
3. On receipt of a written appeal, the Senior Associate Dean will convene a sub-committee of the School of Education's Academic Planning Council. This subcommittee may ask for additional information from the parties involved and/or may hold a meeting at which both parties will be asked to speak separately (i.e., not in the room at the same time).
4. The subcommittee will then make a written recommendation to the Dean of the School of Education, or their designee, who will render a decision. The dean or designee's written decision shall be made within 30 business days from the date when the written appeal was filed with the Senior Associate Dean. For undergraduate students, the dean or designee's decision is final.

Further appealing a School of Education decision – *graduate students only*

Graduate students have the option to appeal decisions by the School of Education dean or designee by using the process detailed on the Graduate School's website (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

Questions about these procedures can be directed to the School of Education Dean's Office, 377 Education Building, 1000 Bascom Mall, 608-262-1763.

EDUCATIONAL LEADERSHIP AND POLICY ANALYSIS: K-12 LEADERSHIP, MS

This is a named option in the Educational Leadership and Policy Analysis MS (p. 537).

The program is designed for current teachers and school or system leaders who are committed to becoming effective leaders of schools that eliminate inequities in student learning for all students in the schools and systems they serve. At the completion of the 14-month program, candidates will receive a master of science in Educational Leadership

and Policy Analysis and be eligible for endorsement for a Wisconsin administrator license for the principalship.

ADMISSIONS

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) of the Graduate School as well as the program(s).** Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	This program does not admit in the fall.
Spring Deadline	This program does not admit in the spring.
Summer Deadline	April 15
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment. Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

DEADLINE

Applications are reviewed on a rolling basis until the cohort reaches capacity. The final deadline for applying is April 15 for a summer start. In most cases, applicants will be informed of an admission decision within 3-4 weeks of receiving your completed application. The K-12 Leadership named option of the Master of Science in Educational Leadership admits applicants for a summer admission to the program only.

APPLICATION

This program's courses are delivered on the UW-Madison campus. Applicants interested in completing classes at external campuses like UW-Whitewater or UW-Green Bay should apply to the UW-Whitewater Cooperative Program named option or Wisconsin Idea Principal Preparation Program named option, respectively.

Applicants should hold a teaching license. Applicants must upload the following items to the online application.

1. Essay statement (not to exceed two pages) that addresses the following:

- a. Describe evidence in your educational practice of your commitment to addressing equity/social justice issues and a desire to lead with a focus on eliminating inequities.
 - b. Describe evidence of your instructional excellence with a range of diverse learners.
 - c. Describe evidence of leadership excellence related to equity and diversity.
 - d. Is there anything else you would like us to know about why you would be an excellent candidate for this program focused on social justice?
2. Unofficial transcripts. Official transcripts will be requested prior to Graduate School admission.
 3. Resume or CV.
 4. Three letters of recommendation. Recommendations from three (3) people who are qualified to evaluate the academic and professional competence of the applicant are required. When completing the online application, submit the names and emails of those requesting recommendation from; recommendations are sent electronically to your application.
 5. Supporting document if undergraduate GPA is below 3.00. In a statement, explain why GPA does not accurately reflect high potential to serve in leadership roles.

International degree-seeking applicants are **not eligible** for this program.

FUNDING

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

While the department funds full-time PhD students we are unable to provide funding for Master's students. In consultation with one's advisor, students are encouraged to seek positions in other areas that are related to their own research and professional interests. The University student job center posts some opportunities. The department also forwards job postings from other areas on campus to department students.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

NAMED OPTION REQUIREMENTS MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	Yes	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW-Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail

Minimum Credit Requirement 30 credits

Minimum Residence Credit Requirement 16 credits

Minimum Graduate Coursework Requirement 24 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: <https://policy.wisc.edu/library/UW-1244> (<https://policy.wisc.edu/library/UW-1244/>).

Overall Graduate GPA Requirement 3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: <https://policy.wisc.edu/library/UW-1203> (<https://policy.wisc.edu/library/UW-1203/>).

Other Grade Requirements None.

Assessments and Examinations Students must complete an online portfolio. Portfolio requirements are provided by the Director of the K-12 Master's Leadership program.

Language Requirements None.

REQUIRED COURSES

All courses are required. There are no electives in the program.

Code	Title	Credits
Core Courses		

Note: Students may take ELPA 703 in the first summer and ELPA 847 in the second summer as determined by the department.

ELPA 735	Leadership for Equity and Diversity	3
ELPA 832	Resource Allocation for Equity and Social Justice	3
ELPA 847	Instructional Leadership and Teacher Capacity	3
ELPA 900	Internship in Educational Administration	3
ELPA 845	School-Level Leadership	3
ELPA 863	Race, Class and Educational Inequality	3
ELPA/INTER-HE 770	Community, Opportunity, and Justice	3
ELPA 840	Public School Law	3

For those who wish to complete coursework for licensure as a Director of Special Education and Pupil Services, add ELPA/RP & SE 835. For those who wish to complete coursework for licensure as a Director of Instruction, add ELPA 860.

ELPA 703	Evaluating and Supporting Quality Classroom Teaching	3
ELPA 844	Technology and School Leadership	3

Optional/Additional Courses - Not Required Courses

For those who wish to complete coursework for licensure as a Director of Special Education and Pupil Services, add ELPA/ED POL/ED PSYCH/RP & SE 842. For those who wish to complete coursework for licensure as a Director of Instruction, add ELPA 875.

ELPA/ED POL/ED PSYCH/RP & SE 842	Legal Foundations of Special Education and Pupil Services	
ELPA 875	Theory and Practice of Educational Planning	
ELPA/RP & SE 835	Leadership for Inclusive Schooling	
ELPA 860	Organizational Theory and Behavior in Education	

Total Credits **30**

Practicum

The program includes a practicum experience that requires 150 contact hours for an initial administrator license and an additional 75 hours for each additional administrative license. Practicums are completed under the guidance of department faculty. Students may also be eligible for a Director of Instruction (6 additional credits) and/or Director of Special Education and Pupil Services license (6 additional credits) by completing additional course work and an additional 75 hour practicum for each license.

Submission and approval of an online portfolio is required for degree completion and certification. Portfolio requirements (<https://elpa.education.wisc.edu/academics/resources-handbooks-and-forms/>) are available on the department website in the program handbook.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

NAMED OPTION-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

If applicable to degree completion, and with program approval, students may transfer no more than 9 credits of graduate coursework in educational leadership from other institutions and 6 credits of graduate coursework in areas other than educational leadership from other institutions.

Coursework earned ten or more years prior to admission to the master's degree is not allowed to satisfy requirements.

Undergraduate Credits Earned at Other Institutions or UW-Madison

If applicable to degree completion and with program approval, 6 credits of coursework numbered 500 or above from a UW-Madison undergraduate degree may transfer. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements. Undergraduate transfer credits are not permitted from other institutions.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a University Special Student at UW-Madison

With program approval, students may transfer no more than 6 credits of coursework numbered 300 or above taken as a UW-Madison University Special student. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

PROBATION

Refer to the Graduate School: Probation (<https://policy.wisc.edu/library/UW-1217/>) policy.

ADVISOR / COMMITTEE

Refer to the Graduate School: Advisor (<https://policy.wisc.edu/library/UW-1232/>) policy.

An advisor generally serves as the thesis advisor. In many cases, an advisor is assigned to incoming students. Students can be suspended from the Graduate School if they do not have an advisor. An advisor is a faculty member, or sometimes a committee, from the major department responsible for providing advice regarding graduate studies.

A committee often accomplishes advising for the students in the early stages of their studies.

CREDITS PER TERM ALLOWED

12 credits

TIME LIMITS

Refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (<https://osas.wisc.edu/>) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

School of Education Grievance Policy and Procedures

The following School of Education Student Grievance Policy and associated procedures are designed for use in response to individual student grievances regarding faculty or staff in the School of Education.

Any individual student who feels they have been treated unfairly by a School of Education faculty or staff member has the right to file a grievance about the treatment and receive a timely response addressing their concerns. Any student, undergraduate or graduate, may use these grievance procedures, except employees whose complaints are covered under other campus policies. The grievance may concern classroom treatment, mentoring or advising, program admission or continuation, course grades (study abroad grade complaints are handled through International Academic Programs (<https://studyabroad.wisc.edu/>)), or issues not covered by other campus policies or grievance procedures.

For grievances regarding discrimination based on protected bases (<https://compliance.wisc.edu/eo-complaint/>) (i.e., race, color,

national origin, sex, disability, age, etc.), contact the Office of Compliance (<https://compliance.wisc.edu/eo-complaint/>).

For grievances or concerns regarding sexual harassment or sexual violence (including sexual assault, dating/domestic violence, stalking, and sexual exploitation), contact the Sexual Misconduct Resource and Response Program (<https://compliance.wisc.edu/titleix/>) within the Office of Compliance.

For grievances that involve the behavior of a student, contact the Office of Student Conduct and Community Standards in the Dean of Students Office at <https://conduct.students.wisc.edu/>.

For grievances about, or directed at, faculty or staff in a School of Education department, unit, or program, students should follow these steps:

1. Students are strongly encouraged to first talk with the person against whom the concern is directed. Many issues can be settled informally at this level. If students are unable to resolve concerns directly or without additional support, step 2 or 3 should be pursued.
2. If unresolved after taking or considering step 1:
 - a. If the concern is directed against a teaching assistant (TA), and the student is not satisfied, the student should contact the TA's supervisor, who is usually the course professor. The course professor will attempt to resolve the concern informally.
 - b. If the concern involves a non-TA instructor, staff member, professor, academic department, or School of Education office or unit, the student should contact the chair of the department or the director of the office or unit, or their designee. The chair or director, or their designee, will attempt to resolve the concern informally. If the concern is about the department chair or office/unit director, the student should consult the School of Education Senior Associate Dean for guidance.
3. If the concern remains unresolved after step 2, the student may submit a formal grievance to the chair or director in writing within 30 business days¹ of the alleged unfair treatment. To the fullest extent possible, a formal written grievance shall contain a clear and concise statement of the issue(s) involved and the relief sought.
4. On receipt of a written grievance, the chair or director will notify the person at whom the grievance is directed with a copy of the written grievance. The person at whom the complaint is directed may submit a written response, which would be shared with the student.
5. On receipt of a written grievance, the chair or director will refer the matter to a department, office, or unit committee comprised of at least two members. The committee may be an existing committee or one constituted for this purpose. The committee, or delegates from the committee, may meet with the parties involved and/or review any material either party shares with the committee.
6. The committee will provide a written description of the facts of the grievance and communicate recommendations to the department chair or office/unit head regarding how the grievance should be handled.
7. The chair or director will offer to meet with the student who made the grievance and also will provide a written decision to the student, including a description of any related action taken by the committee, within 30 business days of receiving the formal grievance.

¹ For the purpose of this policy, business days refers to those days when the University Offices are open and shall not include weekends, university holidays, spring recess, or the period from the last day of exams of fall semester instruction to the first day

of spring semester instruction. All time limits may be modified by mutual consent of the parties involved.

If the grievance concerns an undergraduate course grade, the decision of the department chair after reviewing the committee's recommendations is final.

Other types of grievances may be appealed using the following procedures:

1. Both the student who filed the grievance or the person at whom the grievance was directed, if unsatisfied with the decision of the department, office or unit, have five (5) business days from receipt of the decision to contact the Senior Associate Dean, indicating the intention to appeal.
2. A written appeal must be filed with the Senior Associate Dean within 10 business days of the time the appealing party was notified of the initial resolution of the complaint.
3. On receipt of a written appeal, the Senior Associate Dean will convene a sub-committee of the School of Education's Academic Planning Council. This subcommittee may ask for additional information from the parties involved and/or may hold a meeting at which both parties will be asked to speak separately (i.e., not in the room at the same time).
4. The subcommittee will then make a written recommendation to the Dean of the School of Education, or their designee, who will render a decision. The dean or designee's written decision shall be made within 30 business days from the date when the written appeal was filed with the Senior Associate Dean. For undergraduate students, the dean or designee's decision is final.

Further appealing a School of Education decision – *graduate students only*

Graduate students have the option to appeal decisions by the School of Education dean or designee by using the process detailed on the Graduate School's website (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

Questions about these procedures can be directed to the School of Education Dean's Office, 377 Education Building, 1000 Bascom Mall, 608-262-1763.

OTHER

Funding is not offered along with offers for admission.

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

PEOPLE

PEOPLE

Faculty: Professor Anjalé (A.J) Welton (chair); Professors Conrad, Eckes, Halverson, Kelley, Miller, Wang, Winkle-Wagner; Associate Professors Burt, Hillman; Assistant Professors Grooms, Henry, McQuillan, Saldana, Yu; Clinical Professors Crim, Li, Sramek, Salzman, Soffa-Jimenez

EDUCATIONAL LEADERSHIP AND POLICY ANALYSIS: WISCONSIN IDEA PRINCIPAL PREPARATION, MS

This is a named option in the Educational Leadership and Policy Analysis MS (p. 537).

This named option is a specialized online program of study within our Master's degree program. It provides all coursework necessary to meet the requirements for licensure as a school principal in the state of Wisconsin (licensure also requires a Master's degree).

The online program is designed for current teachers and school or system leaders who are committed to becoming effective leaders of schools that eliminate inequities in student learning for all students in the schools and systems they serve. At the completion of the 14-month program, candidates will receive a master of science in Educational Leadership

and Policy Analysis and be eligible for endorsement for a Wisconsin administrator license for the principalship.

ADMISSIONS

ADMISSIONS

Please consult the table below for key information about this degree program’s admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program’s website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) of the Graduate School as well as the program(s).** Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	This program does not admit in the fall.
Spring Deadline	This program does not admit in the spring.
Summer Deadline	April 15
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment. Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

DEADLINE

Applications are reviewed on a rolling basis until the cohort reaches capacity. The final deadline for applying is April 15 for a summer start. In most cases, you will be informed of an admission decision within 3–4 weeks of receiving your completed application.

APPLICATION

Applicants should hold a teaching license upload the following items to the online application.

1. Essay statement (not to exceed two pages) that addresses the following:
 - a. Describe evidence in your educational practice of your commitment to addressing equity/social justice issues and a desire to lead with a focus on eliminating inequities.
 - b. Describe evidence of your instructional excellence with a range of diverse learners.
 - c. Describe evidence of leadership excellence related to equity and diversity.

- d. Is there anything else you would like us to know about why you would be an excellent candidate for this program on social justice?
2. Unofficial transcripts. Official transcripts will be requested prior to Graduate School admission.
3. Resume or CV.
4. Supporting document if undergraduate GPA is below 3.00. In statement, explain why GPA does not accurately reflect high potential to serve in leadership roles.

International degree-seeking applicants are **not eligible** for this program.

FUNDING

FUNDING GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM INFORMATION

Students enrolled in this program are not eligible to receive tuition remission from graduate assistantship appointments at this institution.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

Language Requirements	None.

REQUIRED COURSES

Code	Title	Credits
Core Courses		
Note: Students may take ELPA 703 in the first summer and ELPA 847 in the second summer as determined by the department.		
ELPA 735	Leadership for Equity and Diversity	3
ELPA 832	Resource Allocation for Equity and Social Justice	3
ELPA 847	Instructional Leadership and Teacher Capacity	3
ELPA 900	Internship in Educational Administration	3
ELPA 845	School-Level Leadership	3
ELPA 863	Race, Class and Educational Inequality	3
ELPA/INTER-HE 770	Community, Opportunity, and Justice	3
ELPA 840	Public School Law	3
ELPA 703	Evaluating and Supporting Quality Classroom Teaching	3
ELPA 844	Technology and School Leadership	3

Optional/Additional Courses

For those who wish to complete coursework for licensure as a Director of Special Education and Pupil Services, add ELPA/ED POL/ED PSYCH/RP & SE 842. For those who wish to complete coursework for licensure as a Director of Instruction, add ELPA 875.

ELPA/ED POL/ED PSYCH/RP & SE 842
Legal Foundations of Special Education and Pupil Services

ELPA 875
Theory and Practice of Educational Planning

ELPA/RP & SE 835
Leadership for Inclusive Schooling

ELPA 860
Organizational Theory and Behavior in Education

Note: Students may take ELPA 847 in the second summer and ELPA 703 in the first summer as determined by the department. For those who wish to complete coursework for licensure as a Director of Special Education and Pupil Services, add ELPA/RP & SE 835. For those who wish to complete coursework for licensure as a Director of Instruction, add ELPA 860.

Total Credits **30**

Practicum

The program includes a practicum experience that requires 150 contact hours for an initial administrator license and an additional 75 hours for each additional administrative license. Cooperative program students enroll in their practicum at UW-Whitewater and complete the required hours under the guidance of the UW-Whitewater cooperative program director.

Submission and approval of an online portfolio is required for degree completion and certification. Portfolio requirements (<https://elpa.education.wisc.edu/academics/resources-handbooks-and-forms/>) are available on the department website.

Students in this program may not take courses outside the prescribed curriculum without faculty advisor and program director approval. Students in this program cannot enroll concurrently in other undergraduate or graduate degree programs.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

NAMED OPTION-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

With program approval, students may transfer no more than 9 credits of graduate coursework in educational leadership from other institutions and 6 credits of graduate coursework in areas other than educational leadership from other institutions. Coursework earned ten or more years prior to admission to the master's degree is not allowed to satisfy requirements.

Undergraduate Credits Earned at Other Institutions or UW-Madison

With program approval, 6 credits of coursework numbered 500 or above from a UW-Madison undergraduate degree may transfer. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements. Undergraduate transfer credits are not permitted from other institutions.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a University Special student at UW-Madison

With program approval, students may transfer no more than 6 credits of coursework numbered 300 or above taken as a UW-Madison University Special student. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

PROBATION

Refer to the Graduate School: Probation (<https://policy.wisc.edu/library/UW-1217/>) policy.

ADVISOR / COMMITTEE

Refer to the Graduate School: Advisor (<https://policy.wisc.edu/library/UW-1232/>) and Graduate School: Committees (Doctoral/Master's/MFA) (<https://policy.wisc.edu/library/UW-1201/>) policies.

CREDITS PER TERM ALLOWED

12 credits

TIME LIMITS

Refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Office Student Assistance and Support (OSAS) (<https://osas.wisc.edu/>) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

School of Education Grievance Policy and Procedures

The following School of Education Student Grievance Policy and associated procedures are designed for use in response to individual student grievances regarding faculty or staff in the School of Education.

Any individual student who feels they have been treated unfairly by a School of Education faculty or staff member has the right to file a grievance about the treatment and receive a timely response addressing their concerns. Any student, undergraduate or graduate, may use these grievance procedures, except employees whose complaints are covered under other campus policies. The grievance may concern classroom treatment, mentoring or advising, program admission or continuation, course grades (study abroad grade complaints are handled through International Academic Programs (<https://studyabroad.wisc.edu/>)), or issues not covered by other campus policies or grievance procedures.

For grievances regarding discrimination based on protected bases (<https://compliance.wisc.edu/eo-complaint/>) (i.e., race, color, national origin, sex, disability, age, etc.), contact the Office of Compliance (<https://compliance.wisc.edu/eo-complaint/>).

For grievances or concerns regarding sexual harassment or sexual violence (including sexual assault, dating/domestic violence, stalking, and sexual exploitation), contact the Sexual Misconduct Resource and Response Program (<https://compliance.wisc.edu/titleix/>) within the Office of Compliance.

For grievances that involve the behavior of a student, contact the Office of Student Conduct and Community Standards in the Dean of Students Office at <https://conduct.students.wisc.edu/>.

For grievances about, or directed at, faculty or staff in a School of Education department, unit, or program, students should follow these steps:

1. Students are strongly encouraged to first talk with the person against whom the concern is directed. Many issues can be settled informally at this level. If students are unable to resolve concerns directly or without additional support, step 2 or 3 should be pursued.
2. If unresolved after taking or considering step 1:
 - a. If the concern is directed against a teaching assistant (TA), and the student is not satisfied, the student should contact the TA's supervisor, who is usually the course professor. The course professor will attempt to resolve the concern informally.
 - b. If the concern involves a non-TA instructor, staff member, professor, academic department, or School of Education office or unit, the student should contact the chair of the department or the director of the office or unit, or their designee. The chair or director, or their designee, will attempt to resolve the concern informally. If the concern is about the department chair or office/unit director, the student should consult the School of Education Senior Associate Dean for guidance.

3. If the concern remains unresolved after step 2, the student may submit a formal grievance to the chair or director in writing within 30 business days¹ of the alleged unfair treatment. To the fullest extent possible, a formal written grievance shall contain a clear and concise statement of the issue(s) involved and the relief sought.
4. On receipt of a written grievance, the chair or director will notify the person at whom the grievance is directed with a copy of the written grievance. The person at whom the complaint is directed may submit a written response, which would be shared with the student.
5. On receipt of a written grievance, the chair or director will refer the matter to a department, office, or unit committee comprised of at least two members. The committee may be an existing committee or one constituted for this purpose. The committee, or delegates from the committee, may meet with the parties involved and/or review any material either party shares with the committee.
6. The committee will provide a written description of the facts of the grievance and communicate recommendations to the department chair or office/unit head regarding how the grievance should be handled.
7. The chair or director will offer to meet with the student who made the grievance and also will provide a written decision to the student, including a description of any related action taken by the committee, within 30 business days of receiving the formal grievance.

¹ For the purpose of this policy, business days refers to those days when the University Offices are open and shall not include weekends, university holidays, spring recess, or the period from the last day of exams of fall semester instruction to the first day of spring semester instruction. All time limits may be modified by mutual consent of the parties involved.

If the grievance concerns an undergraduate course grade, the decision of the department chair after reviewing the committee's recommendations is final.

Other types of grievances may be appealed using the following procedures:

1. Both the student who filed the grievance or the person at whom the grievance was directed, if unsatisfied with the decision of the department, office or unit, have five (5) business days from receipt of the decision to contact the Senior Associate Dean, indicating the intention to appeal.
2. A written appeal must be filed with the Senior Associate Dean within 10 business days of the time the appealing party was notified of the initial resolution of the complaint.
3. On receipt of a written appeal, the Senior Associate Dean will convene a sub-committee of the School of Education's Academic Planning Council. This subcommittee may ask for additional information from the parties involved and/or may hold a meeting at which both parties will be asked to speak separately (i.e., not in the room at the same time).
4. The subcommittee will then make a written recommendation to the Dean of the School of Education, or their designee, who will render a decision. The dean or designee's written decision shall be made within 30 business days from the date when the written appeal was filed with the Senior Associate Dean. For undergraduate students, the dean or designee's decision is final.

Further appealing a School of Education decision – *graduate students only*

Graduate students have the option to appeal decisions by the School of Education dean or designee by using the process detailed on the Graduate School's website (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

Questions about these procedures can be directed to the School of Education Dean's Office, 377 Education Building, 1000 Bascom Mall, 608-262-1763.

OTHER

Students in the Wisconsin Idea Principal Preparation Program are not permitted to seek double or dual degrees.

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

PEOPLE

PEOPLE

Faculty: Professor Anjalé (AJ) Welton (chair); Professors Conrad, Eckes, Halverson, Kelley, Miller, Wang, Winkle-Wagner; Associate Professors Burt, Hillman; Assistant Professors Grooms, Henry, McQuillan, Saldana, Yu; Clinical Professors Crim, Li, Sramek, Salzman, Soffa-Jimenez

EDUCATIONAL LEADERSHIP AND POLICY ANALYSIS, PHD

The mission of the department is to create, evaluate, exchange, and apply knowledge about leadership, learning, and organizational performance to prepare scholars and scholar practitioners who cultivate equity and educational opportunity in a diverse and changing world.

Many varied educational constituencies need to be able to analyze and to inform debate on educational issues, and to lead and develop learning communities that meet the diverse learning needs of students and society. We believe effective educational leadership in any institution embodies three core values: inquiry, equity, and reflection.

Graduates and recipients of the department's instruction are expected to reflect the knowledge, skills, and personal qualities that will be successful in promoting, producing, and improving learning and increasing public trust in educational institutions.

The PhD degree in Educational Leadership and Policy Analysis can be pursued through one of its named options (formal sub-majors documented on the transcript):

- Higher Education (p. 577) (research), focused on the effective administration of postsecondary institutions, including higher education leadership, student affairs administration, and athletic administration.
- K-12 Leadership (p. 583) (research), emphasizing the effective administration of primary and secondary institutions.
- Educational Polic (http://elpa.education.wisc.edu/elpa/academics/educational-policy/)y Analysis and Evaluation (https://elpa.education.wisc.edu/elpa/academics/educational-policy/) (research), stressing effective formation and analysis of policies governing the administration of all educational institutions.
- Wisconsin Idea Executive (https://elpa.education.wisc.edu/academics/ph-d-in-educational-policy-and-leadership-analysis/educational-leadership-and-policy-analysis-wisconsin-idea-executive-ph-d-cohort-ph-d/) program.

Students in each named option will focus their course work within the emphasis, although students are encouraged to learn about other areas as well.

The department has long held a commitment to diversity (https://elpa.education.wisc.edu/about/) and the strength it brings to a program. The department seeks to attract a very diverse student population. As one of its core values (https://elpa.education.wisc.edu/about/), the ELPA learning community celebrates wholeness, while, at the same time, values the richness of differences in life experiences, cultural backgrounds, ways of knowing, and perspectives of its individual members. The department seeks to renew itself continually by attracting faculty

and students who contribute to this diversity as well as enhance the larger community.

ADMISSIONS

ADMISSIONS

Students apply to the PhD in Educational Leadership and Policy Analysis through one of the named options:

- Educational Leadership and Policy Analysis: Educational Policy Analysis & Evaluation, PhD (p. 570)
- Educational Leadership and Policy Analysis: Higher Education, PhD (p. 577)
- Educational Leadership and Policy Analysis: K-12 Leadership, PhD (p. 583)
- Educational Leadership and Policy Analysis: Wisconsin Idea Executive PhD Cohort, PhD (p. 589)

FUNDING

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

All newly admitted full-time students to the PhD program in Educational Leadership & Policy Analysis receive at least five academic years of funding from a combination of school or university fellowships, teaching assistantships, and/or project/research assistantships. Details on specific funding packages will be provided at the time of admission. Assistantships and fellowships generally include tuition remission, access to health insurance and other benefits, and a competitive living stipend. In consultation with one's advisor, students are encouraged to seek positions in other areas that are related to their own research and professional interests.

Part-time students are not eligible for department funding.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS CURRICULAR REQUIREMENTS

Requirement Detail

Minimum Credit Requirement 75 credits

Minimum Residence Credit Requirement 32 credits

Minimum Graduate Coursework Requirement 51 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: <https://policy.wisc.edu/library/UW-1244> (<https://policy.wisc.edu/library/UW-1244/>).

Overall Graduate GPA Requirement 3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: <https://policy.wisc.edu/library/UW-1203> (<https://policy.wisc.edu/library/UW-1203/>).

Other Grade Requirements n/a

Assessments and Examinations Doctoral students are required to take a comprehensive preliminary/oral examination after they have cleared their record of all Incomplete and Progress grades (other than research and thesis). Deposit of the doctoral dissertation in the Graduate School is required.

Language Requirements Contact the program for information on any language requirements.

Graduate School Breadth Requirements All doctoral students are required to complete a doctoral minor or graduate/professional certificate. Refer to the Graduate School: Breadth Requirement in Doctoral Training policy: <https://policy.wisc.edu/library/UW-1200> (<https://policy.wisc.edu/library/UW-1200/>).

REQUIRED COURSES

Select a Named Option (p. 569) for courses required.

NAMED OPTIONS

A named option is a formally documented sub-major within an academic major program. Named options appear on the transcript with degree conferral. Students pursuing the PhD in Educational Leadership and Policy Analysis must select one of the following named options:

View as listView as grid

- **EDUCATIONAL LEADERSHIP AND POLICY ANALYSIS: EDUCATIONAL POLICY ANALYSIS & EVALUATION, PHD (P. 570)**
- **EDUCATIONAL LEADERSHIP AND POLICY ANALYSIS: HIGHER EDUCATION, PHD (P. 577)**
- **EDUCATIONAL LEADERSHIP AND POLICY ANALYSIS: K-12 LEADERSHIP, PHD (P. 583)**
- **EDUCATIONAL LEADERSHIP AND POLICY ANALYSIS: WISCONSIN IDEA EXECUTIVE PHD COHORT, PHD (P. 589)**

POLICIES

POLICIES

Students should refer to one of the named options for policy information:

- Educational Leadership and Policy Analysis: Educational Policy Analysis & Evaluation, PhD (p. 570)
- Educational Leadership and Policy Analysis: Higher Education, PhD (p. 577)
- Educational Leadership and Policy Analysis: K-12 Leadership, PhD (p. 583)
- Educational Leadership and Policy Analysis: Wisconsin Idea Executive PhD Cohort, PhD (p. 589)

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

LEARNING OUTCOMES

1. Articulates research problems, potentials, and limits with respect to theory, knowledge, or practice within the field of study.
2. Formulates ideas, concepts, designs, and/or techniques beyond the current boundaries of knowledge within the field of study.
3. Creates research or scholarship that makes a substantive contribution.
4. Demonstrates breadth within their learning experiences.
5. Advances contributions to society in the field of study or field of practice.
6. Communicates complex ideas in a clear and understandable manner.
7. Fosters ethical and professional conduct.

PEOPLE

PEOPLE

Faculty: Professor Anjalé (AJ) Welton (chair); Professors Conrad, Eckes, Halverson, Kelley, Miller, Wang, Winkle-Wagner; Associate Professors Burt, Hillman; Assistant Professors Grooms, Henry, McQuillan, Saldana, Yu; Clinical Professors Crim, Li, Sramek, Salzman, Soffa-Jimenez

EDUCATIONAL LEADERSHIP AND POLICY ANALYSIS: EDUCATIONAL POLICY ANALYSIS & EVALUATION, PHD

This is a named option in the Educational Leadership and Policy Analysis PhD (<https://guide.wisc.edu/graduate/educational-leadership-policy-analysis/educational-leadership-policy-analysis-phd/>).

There are three departments in the University that focus on educational policy-related issues.

In ELPA (Educational Leadership and Policy Analysis) the Department's emphasis is on conducting educational policy research and analysis with a goal of advancing the achievement of all students through effective policy design, development, implementation, and evaluation of educational policies and programs. Students develop a knowledge base that includes a strong foundation in research methods (both quantitative and qualitative) and an ability to conduct sophisticated educational policy research and analysis grounded in understandings of the educational policy and governance system in the U.S. and the issues and challenges facing educational leaders embedded in school, university, community/technical college, or adult learning contexts. Recent graduates of the program are faculty members at research universities, researchers in research centers and consulting firms, policy analysts for non-profit organizations, university administrators, a university president, and policy analysts at the federal and state levels.

The La Follette School of Public Affairs provides education in public management and policy analysis, as well as in public policy and global governance. Faculty in the School are experts in social policy, health and aging, energy and the environment, international trade and development, and public management. The education provided focuses on gaining quantitative, policy analysis, and public management skills. Students may take elective courses in specific substantive policy areas that are of interest to them. Many La Follette students have an interest in education policy and choose to take courses in ELPA.

A third department, Educational Policy Studies, takes a multi-disciplinary approach (sociology, philosophy, anthropology, history) to the study of educational policy and practice. Students may focus on U.S. or international issues. Students often choose to focus on educational inequality.

If you are interested in policy analysis as it relates to broad social policy issues including, but not limited to education, we recommend the La Follette MPA or MIPA programs. You would be trained in the tools

necessary to analyze and design social policy and could take courses in our department and Educational Policy Studies.

If you were interested specifically in educational leadership and policy as a focus for your study (not the broader social policy issues) and intended to work in schools or in school-related policy, particularly in the U.S., we would recommend our department. If you were interested in a more theoretical understanding of educational policy systems and wanted to take a particular disciplinary focus and a mix of international and U.S. contexts, we would recommend Educational Policy Studies.

ADMISSIONS

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) of the Graduate School as well as the program(s).** Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 1
Spring Deadline	The program does not admit in the spring.
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment. Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

APPLICATION

Applicants are required to upload the following items to the online application.

1. Essay statement. Each applicant must submit a "Reasons for Study" essay. Applicants are encouraged to review the information on our website, talk with our alumni and current students, and interact with members of the faculty and staff. Applicants should address the following in an essay that does not exceed three pages (single or double spaced.)
 - a. What are your primary career goals and professional gaps you have identified as important for your intellectual and professional advancement over the next 5-10 years?

- b. In what ways will these professional gaps be addressed through a doctoral program at UW-Madison?
 - c. Describe at least one research topic and/or project you plan to work on during your doctoral program.
 - d. As you will note, the program is interested in developing and maintaining a diverse and engaged learning community. Please identify any unique or special contributions you will bring to this community.
2. Unofficial transcripts. Official transcripts will be requested prior to Graduate School admission.
 3. Resume or CV.
 4. Three letters of recommendation. Recommendations from three (3) people who are qualified to evaluate the academic and professional competence of the applicants are required. When completing the online application, submit the names and emails of those requesting recommendation from; recommendations are sent electronically to the application.
 5. Supporting document if required. Applicants who earned an undergraduate GPA below 3.00 or a graduate GPA below 3.5 should provide additional explanation/documentation to support their admission. In statement, explain why GPA does not accurately reflect high potential to serve in leadership roles.

International degree-seeking applicants must prove English proficiency using the Graduate School's requirements (<https://grad.wisc.edu/apply/requirements/>).

Essay Statement

A "strong" essay is characterized by:

- A clear, thorough, well-organized essay that expresses ideas in a detailed and engaging manner.
- Addresses all components of the instructions.
- Paragraphs signal the divisions of thought and sentences flow with ideas in a logical sequence.
- No (or very few) noticeable errors in composition.
- The articulation of clear scholarly interests that are consistent with the department's mission and that may expand knowledge within the field.

A "satisfactory" essay is characterized by:

- A detailed, well-organized essay.
- Addresses all components of the instructions.
- Paragraphs signal the major divisions of thought and sequence.
- Few errors in composition.
- The articulation of scholarly interests that are consistent with the department's mission.

A "weak" essay is characterized by:

- A well-organized but insufficiently detailed essay.
- Addresses some, but not all, of the components of the instructions.
- Paragraphs do not contain main topics.
- A distracting number of errors in composition or spelling (i.e., more than two or three per page).
- No articulation of scholarly interests.

FUNDING

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

REQUIREMENTS

NAMED OPTION REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW-Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

REQUIRED COURSES

Code	Title	Credits
	Introduction to the Field	6

These introductory courses lay the foundational framework for work in the department. The Doctoral Inquiry class, ELPA 810, is taken during the first semester of course work, and is required for all incoming PhD students regardless of their area of interest. Students are strongly encouraged to take the second introductory course at the beginning of their studies as well.

ELPA 810	Doctoral Inquiry in Educational Leadership and Policy Analysis
----------	--

ELPA 961	Critical Issues in Educational Policy
----------	---------------------------------------

Core Knowledge	12
-----------------------	-----------

The department believes that students in educational administration should be familiar with four program areas of knowledge: (1) Organizations and Planning; (2) Program and Instructional Leadership and Management; (3) Politics, Policy and Finance; and (4) Learning and Diversity.

Knowledge in each of these areas is focused on providing a theoretical and empirical research knowledge base to facilitate improvements in teaching and learning in educational organizations. Students should take one course from each program area. Students who have taken similar courses at other institutions and are transferring credits for those courses should take an advanced or related ELPA course in each area identified through consultation with their advisor.

Organizations and Planning (Select 1 course)

Knowledge of classic and emerging theoretical approaches to organizations; Understanding and interpreting organizational experience; Decision making; Planning and evaluation; Key relationships between organizations and their environments.

ELPA 860	Organizational Theory and Behavior in Education
----------	---

ELPA 875	Theory and Practice of Educational Planning
----------	---

Program and Instructional Leadership and Management (Select 1 course)

Leadership theory; Effective leadership; Functional, symbolic, political, and human aspects of leadership; Leading change; Conflict resolution; Empowerment; Sharing leadership; Motivation of self and others; Ethical and moral dimensions of leadership.

ELPA 715	Governance and Administration of Colleges and Universities
----------	--

ELPA 845	School-Level Leadership
----------	-------------------------

ELPA 847	Instructional Leadership and Teacher Capacity
----------	---

Politics, Policy and Finance (Select 1 course)

Educational governance; Operating within a political environment; Understanding and interpreting political context; Principles of design and implementation of educational policies; Sources of revenues; Effective expenditure of educational dollars; Equity and adequacy issues.

ELPA 831	Financing Postsecondary Education
----------	-----------------------------------

ELPA 832	Resource Allocation for Equity and Social Justice
----------	---

ELPA 840	Public School Law
----------	-------------------

ELPA 841	Legal Aspects of Higher Education
----------	-----------------------------------

ELPA 870	The Politics of Education
----------	---------------------------

Learning and Diversity (Select 1 course)

Addressing the diverse learning needs of students; Professional development; Managing academic program, curriculum and instruction to promote student learning; Administering learning and co-curricular activities to reflect students' common and distinct experiential base.

ELPA 735	Leadership for Equity and Diversity
----------	-------------------------------------

ELPA 736	Administration of Student Services in Higher Education
----------	--

ELPA 848	Professional Development and Organizational Learning
----------	--

ELPA 880	Academic Programs in Colleges and Universities
----------	--

ELPA 887	Diversity and Inequality in Higher Education
----------	--

Program Depth	9
----------------------	----------

The department believes that students should have depth in at least one of the four program areas: (1) Organizations and Planning; (2) Program and Instructional Leadership and Management; (3) Politics, Policy and Finance; OR (4) Learning and Diversity. Therefore, the department requires that students in Educational Leadership Policy Analysis select 1 of the 4 domains and take at least 3 ADDITIONAL courses in that program area.

If courses from other departments are permitted in one of the depth areas, at least one of the three additional courses must be an ELPA course.

Organizations and Planning

ELPA 860	Organizational Theory and Behavior in Education
----------	---

ELPA 875	Theory and Practice of Educational Planning
----------	---

ELPA 940	Special Topics Seminar in Educational Leadership
M H R 872	Seminar in Organizational Behavior and Design

Electives

15

Students may take any five courses inside or outside of the Department, to provide depth or breadth to program focus. Students are reminded that their programs must include at least 39 credits taken from ELPA. Note that electives are separate from minor/supporting coursework.

Breadth

12

Breadth is a rational, unified set of courses taken outside of the department which have a clearly articulated theme or focus which allows the student to develop knowledge in a related area of study. Students may either pursue a doctoral minor or graduate/professional certificate. Students should initiate contact and approval from the minor or graduate/professional certificate department. Students must complete an additional 3 credits of course work outside of the department in order to satisfy the supporting coursework requirement for the department. At least two courses (6 credits) must be completed during or after the semester in which the student is admitted to the PhD program.

Research Methods and Design 12

Students must complete a sequence of courses in research methods and design, focusing on either quantitative or qualitative methods. Students choosing to focus on quantitative methods should take two statistical methods courses and one qualitative methods course. Students choosing to focus on qualitative methods should take two qualitative methods courses and one statistical methods course. After the methods requirement has been met, all students should take the research design course (ELPA 825). Substitutions for ELPA 825 are not allowed.

Quantitative Methods

ELPA/ ED PSYCH 822	Introduction to Quantitative Inquiry in Education
ELPA 823	Data Management for Education Policy Analysis
ELPA/ ED PSYCH 827	Surveys and Other Quantitative Data Collection Strategies
ELPA 940	Special Topics Seminar in Educational Leadership
ED PSYCH 760	Statistical Methods Applied to Education I
ED PSYCH 761	Statistical Methods Applied to Education II

CURRIC 718	Introduction to Narrative Inquiry
CURRIC 802	Discourse Analysis
<i>Research Design</i>	
ELPA 825	Advanced Research Methods in Educational Administration
Thesis	9
Students are required to complete a minimum of nine credits of research/thesis and/or independent reading. While nine credits is the minimum required, there is no maximum.	
ELPA 990	Research or Thesis
ELPA 999	Independent Reading
Total Credits	75

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

NAMED OPTION-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

With program approval, students may transfer no more than 36 credits of graduate coursework from other institutions. Coursework earned ten years or more prior to admission to a doctoral degree is not allowed to satisfy requirements.

Undergraduate Credits Earned at Other Institutions or UW-Madison

No credits from an undergraduate degree may transfer.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a University Special Student at UW-Madison

With program approval, students may transfer no more than 15 credits numbered 300 or above taken as a UW-Madison University Special student. Coursework earned ten or more years prior to admission to a doctoral degree is not allowed to satisfy requirements. For more

information, refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

PROBATION

Refer to the Graduate School: Probation (<https://policy.wisc.edu/library/UW-1217/>) policy.

ADVISOR / COMMITTEE

Every graduate student is required to have an advisor. An advisor is a faculty member, or sometimes a committee, from the major department responsible for providing advice regarding graduate studies. An advisor generally serves as the thesis advisor. In many cases, an advisor is assigned to incoming students. Students can be suspended from the Graduate School if they do not have an advisor.

To ensure that students are making satisfactory progress toward a degree, the Graduate School expects them to meet with their advisor on a regular basis.

A committee often accomplishes advising for the students in the early stages of their studies.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

Refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeeedisabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (<https://osas.wisc.edu/>) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)

- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

School of Education Grievance Policy and Procedures

The following School of Education Student Grievance Policy and associated procedures are designed for use in response to individual student grievances regarding faculty or staff in the School of Education.

Any individual student who feels they have been treated unfairly by a School of Education faculty or staff member has the right to file a grievance about the treatment and receive a timely response addressing their concerns. Any student, undergraduate or graduate, may use these grievance procedures, except employees whose complaints are covered under other campus policies. The grievance may concern classroom treatment, mentoring or advising, program admission or continuation, course grades (study abroad grade complaints are handled through International Academic Programs (<https://studyabroad.wisc.edu/>)), or issues not covered by other campus policies or grievance procedures.

For grievances regarding discrimination based on protected bases (<https://compliance.wisc.edu/eo-complaint/>) (i.e., race, color, national origin, sex, disability, age, etc.), contact the Office of Compliance (<https://compliance.wisc.edu/eo-complaint/>).

For grievances or concerns regarding sexual harassment or sexual violence (including sexual assault, dating/domestic violence, stalking, and sexual exploitation), contact the Sexual Misconduct Resource and Response Program (<https://compliance.wisc.edu/titleix/>) within the Office of Compliance.

For grievances that involve the behavior of a student, contact the Office of Student Conduct and Community Standards in the Dean of Students Office at <https://conduct.students.wisc.edu/>.

For grievances about, or directed at, faculty or staff in a School of Education department, unit, or program, students should follow these steps:

1. Students are strongly encouraged to first talk with the person against whom the concern is directed. Many issues can be settled informally at this level. If students are unable to resolve concerns directly or without additional support, step 2 or 3 should be pursued.
2. If unresolved after taking or considering step 1:
 - a. If the concern is directed against a teaching assistant (TA), and the student is not satisfied, the student should contact the TA's supervisor, who is usually the course professor. The course professor will attempt to resolve the concern informally.
 - b. If the concern involves a non-TA instructor, staff member, professor, academic department, or School of Education office or unit, the student should contact the chair of the department or the director of the office or unit, or their designee. The chair or director, or their designee, will attempt to resolve the concern informally. If the concern is about the department chair or office/unit director, the student should consult the School of Education Senior Associate Dean for guidance.
3. If the concern remains unresolved after step 2, the student may submit a formal grievance to the chair or director in writing within 30 business days¹ of the alleged unfair treatment. To the fullest extent possible, a formal written grievance shall contain a clear and concise statement of the issue(s) involved and the relief sought.

4. On receipt of a written grievance, the chair or director will notify the person at whom the grievance is directed with a copy of the written grievance. The person at whom the complaint is directed may submit a written response, which would be shared with the student.
5. On receipt of a written grievance, the chair or director will refer the matter to a department, office, or unit committee comprised of at least two members. The committee may be an existing committee or one constituted for this purpose. The committee, or delegates from the committee, may meet with the parties involved and/or review any material either party shares with the committee.
6. The committee will provide a written description of the facts of the grievance and communicate recommendations to the department chair or office/unit head regarding how the grievance should be handled.
7. The chair or director will offer to meet with the student who made the grievance and also will provide a written decision to the student, including a description of any related action taken by the committee, within 30 business days of receiving the formal grievance.

¹ For the purpose of this policy, business days refers to those days when the University Offices are open and shall not include weekends, university holidays, spring recess, or the period from the last day of exams of fall semester instruction to the first day of spring semester instruction. All time limits may be modified by mutual consent of the parties involved.

If the grievance concerns an undergraduate course grade, the decision of the department chair after reviewing the committee's recommendations is final.

Other types of grievances may be appealed using the following procedures:

1. Both the student who filed the grievance or the person at whom the grievance was directed, if unsatisfied with the decision of the department, office or unit, have five (5) business days from receipt of the decision to contact the Senior Associate Dean, indicating the intention to appeal.
2. A written appeal must be filed with the Senior Associate Dean within 10 business days of the time the appealing party was notified of the initial resolution of the complaint.
3. On receipt of a written appeal, the Senior Associate Dean will convene a sub-committee of the School of Education's Academic Planning Council. This subcommittee may ask for additional information from the parties involved and/or may hold a meeting at which both parties will be asked to speak separately (i.e., not in the room at the same time).
4. The subcommittee will then make a written recommendation to the Dean of the School of Education, or their designee, who will render a decision. The dean or designee's written decision shall be made within 30 business days from the date when the written appeal was filed with the Senior Associate Dean. For undergraduate students, the dean or designee's decision is final.

Further appealing a School of Education decision – *graduate students only*

Graduate students have the option to appeal decisions by the School of Education dean or designee by using the process detailed on the Graduate School's website (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

Questions about these procedures can be directed to the School of Education Dean's Office, 377 Education Building, 1000 Bascom Mall, 608-262-1763.

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

PEOPLE

PEOPLE

Faculty: Professor Anjalé (AJ) Welton (chair); Professors Conrad, Eckes, Halverson, Kelley, Miller, Wang, Winkle-Wagner; Associate Professors Burt,

Hillman; Assistant Professors Grooms, Henry, McQuillan, Saldana, Yu; Clinical Professors Crim, Li, Sramek, Salzman, Soffa-Jimenez

EDUCATIONAL LEADERSHIP AND POLICY ANALYSIS: HIGHER EDUCATION, PHD

This is a named option in the Educational Leadership and Policy Analysis PhD (p. 568).

The Department's Higher Education PhD aims to develop a knowledge base that includes an understanding of the institutional context of higher education, academic leadership, culture and governance, and student services administration. Program faculty have expertise in identifying and dismantling structural inequities across and within the higher education ecosystem. In course and dissertation work, students are encouraged to pursue their "burning questions" toward transformative change. Students receive a strong foundation in theoretical and conceptual frameworks, research methods (e.g., qualitative, quantitative, mixed and multi-methods), and an understanding of the institutional dynamics and policy context of post-secondary education.

Students who have received their PhD in Higher Education in our department have successfully pursued roles in leadership, faculty, and senior administrator and staff positions at a wide range of colleges and universities across this country and the globe. To illustrate, some graduates have gone on to become presidents of community colleges, research universities, and liberal arts colleges. Others have taken on senior administrative and staff positions, such as vice-presidents of statewide systems of higher education, chief diversity officers, colleges and university provosts, and university-wide assessment directors. Still others have taken on faculty and research positions at major research universities as well as regional colleges and universities.

ADMISSIONS

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) of the Graduate School as well as the program(s).** Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 1
Spring Deadline	The program does not admit in the spring.
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.

English Proficiency Test Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment. Refer to the Graduate School: Minimum Requirements for Admission policy: <https://policy.wisc.edu/library/UW-1241> (<https://policy.wisc.edu/library/UW-1241/>).

Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

APPLICATION

Applicants are required to upload the following items to the online application.

1. Essay statement. Each applicant must submit a "Reasons for Study" essay. Applicants are encouraged to review the information on our website, talk with our alumni and current students, and interact with members of the faculty and staff. Applicants should address the following in an essay that does not exceed three pages (single or double spaced.)
 - a. What are your primary career goals and professional gaps you have identified as important for your intellectual and professional advancement over the next 5-10 years?
 - b. In what ways will these professional gaps be addressed through a doctoral program at UW-Madison?
 - c. Describe at least one research topic and/or project you plan to work on during your doctoral program.
 - d. As you will note, the program is interested in developing and maintaining a diverse and engaged learning community. Please identify any unique or special contributions you will bring to this community.
2. Unofficial transcripts. Official transcripts will be requested prior to Graduate School admission.
3. Resume or CV.
4. Three letters of recommendation. Recommendations from three (3) people who are qualified to evaluate the academic and professional competence of the applicants are required. When completing the online application, submit the names and emails of those requesting recommendation from; recommendations are sent electronically to your application.
5. Supporting document if required. Applicants who earned an undergraduate GPA below 3.00 or a graduate GPA below 3.5 should provide additional explanation/documentation to support their admission. In statement, explain why GPA does not accurately reflect high potential to serve in leadership roles.

International degree-seeking applicants must prove English proficiency using the Graduate School's requirements (<https://grad.wisc.edu/apply/requirements/>).

Essay Statement

A "strong" essay is characterized by:

- A clear, thorough, well-organized essay that expresses ideas in a detailed and engaging manner.
- Addresses all components of the instructions.

- Paragraphs signal the divisions of thought and sentences flow with ideas in a logical sequence.
- No (or very few) noticeable errors in composition.
- The articulation of clear scholarly interests that are consistent with the department's mission and that may expand knowledge within the field.

A "satisfactory" essay is characterized by:

- A detailed, well-organized essay.
- Addresses all components of the instructions.
- Paragraphs signal the major divisions of thought and sequence.
- Few errors in composition.
- The articulation of scholarly interests that are consistent with the department's mission.

A "weak" essay is characterized by:

- A well-organized but insufficiently detailed essay.
- Addresses some, but not all, of the components of the instructions.
- Paragraphs do not contain main topics.
- A distracting number of errors in composition or spelling (i.e., more than two or three per page).
- No articulation of scholarly interests.

FUNDING

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

All newly admitted full-time students to the PhD program in Educational Leadership & Policy Analysis receive at least five academic years of funding from a combination of school or university fellowships, teaching assistantships, and/or project/research assistantships. Details on specific funding packages will be provided at the time of admission. Assistantships and fellowships generally include tuition remission, access to health insurance and other benefits, and a competitive living stipend. In consultation with one's advisor, students are encouraged to seek positions in other areas that are related to their own research and professional interests.

Part-time students are not eligible for department funding.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

NAMED OPTION REQUIREMENTS MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	Yes	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW–Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail	
Minimum Credit Requirement	75 credits
Minimum Residence Credit Requirement	32 credits
Minimum Graduate Coursework Requirement	51 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/).
Overall Graduate GPA Requirement	3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	n/a
Assessments and Examinations	Doctoral students are required to take a comprehensive preliminary/oral examination after they have cleared their record of all Incomplete and Progress grades (other than research and thesis). Deposit of the doctoral dissertation in the Graduate School is required.
Language Requirements	None.
Graduate School Breadth Requirement	All doctoral students are required to complete a doctoral minor or graduate/professional certificate. Refer to the Graduate School: Breadth Requirement in Doctoral Training policy: https://policy.wisc.edu/library/UW-1200 (https://policy.wisc.edu/library/UW-1200/).

REQUIRED COURSES

Code Title Credits

Introduction to the Field 6

These introductory courses lay the foundational framework for work in the department. The Doctoral Inquiry class, ELPA 810, is taken during the first semester of course work, and is required for all incoming PhD students regardless of their area of interest. Students are strongly encouraged to take the second introductory course at the beginning of their studies as well.

ELPA 810 Doctoral Inquiry in Educational Leadership and Policy Analysis

ELPA 701 Introduction to Higher and Post-Secondary Education

Core Knowledge 12

The department believes that students in educational administration should be familiar with four program areas of knowledge: (1) Organizations and Planning; (2) Program and Instructional Leadership and Management; (3) Politics, Policy and Finance; and (4) Learning and Diversity.

Knowledge in each of these areas is focused on providing a theoretical and empirical research knowledge base to facilitate improvements in teaching and learning in educational organizations. Students should take one course from each program area. Students who have taken similar courses at other institutions and are transferring credits for those courses should take an advanced or related ELPA course in each area identified through consultation with their advisor.

Organizations and Planning (Select 1 course)

Knowledge of classic and emerging theoretical approaches to organizations; Understanding and interpreting organizational experience; Decision making; Planning and evaluation; Key relationships between organizations and their environments.

ELPA 860 Organizational Theory and Behavior in Education

ELPA 875 Theory and Practice of Educational Planning

Program and Instructional Leadership and Management (Select 1 course)

Leadership theory; Effective leadership; Functional, symbolic, political, and human aspects of leadership; Leading change; Conflict resolution; Empowerment; Sharing leadership; Motivation of self and others; Ethical and moral dimensions of leadership.

ELPA 715 Governance and Administration of Colleges and Universities

Politics, Policy and Finance (Select 1 course)

Educational governance; Operating within a political environment; Understanding and interpreting political context; Principles of design and implementation of educational policies; Sources of revenues; Effective expenditure of educational dollars; Equity and adequacy issues.

ELPA 831 Financing Postsecondary Education

ELPA 841 Legal Aspects of Higher Education

ELPA 870 The Politics of Education

Learning and Diversity (Select 1 course)

Addressing the diverse learning needs of students; Professional development; Managing academic program, curriculum and instruction to promote student learning; Administering learning and co-curricular activities to reflect students' common and distinct experiential base.

ELPA 736 Administration of Student Services in Higher Education

ELPA 880 Academic Programs in Colleges and Universities

ELPA 887 Diversity and Inequality in Higher Education

Program Depth 9

The department believes that students should have depth in at least one of the four program areas: (1) Organizations and Planning; (2) Program and Instructional Leadership and Management; (3) Politics, Policy and Finance; OR (4) Learning and Diversity. Therefore, the department requires that students in Educational Leadership Policy Analysis select 1 of the 4 domains and take at least 3 ADDITIONAL courses in that program area.

If courses from other departments are permitted in one of the depth areas, at least one of the three additional courses must be an ELPA course.

Organizations and Planning

ELPA 860 Organizational Theory and Behavior in Education

Electives 15

Students may take any five courses inside or outside of the Department, to provide depth or breadth to program focus. Students are reminded that their programs must include at least 39 credits taken from ELPA. Note that electives are separate from minor/supporting coursework.

Breadth 12

Breadth is a rational, unified set of courses taken outside of the department which have a clearly articulated theme or focus which allows the student to develop knowledge in a related area of study. Students may either pursue a doctoral minor or graduate/professional certificate. Students should initiate contact and approval from the minor or graduate/professional certificate department. Students must complete an additional 3 credits of course work outside of the department in order to satisfy the supporting coursework requirement for the department. At least two courses (6 credits) must be completed during or after the semester in which the student is admitted to the PhD program.

Research Methods and Design 12

Students must complete a sequence of courses in research methods and design, focusing on either quantitative or qualitative methods. Students choosing to focus on quantitative methods should take two statistical methods courses and one qualitative methods course. Students choosing to focus on qualitative methods should take two qualitative methods courses and one statistical methods course. After the methods requirement has been met, all students should take the research design course (ELPA 825). Substitutions for ELPA 825 are not allowed.

Thesis

Students are required to complete a minimum of nine credits of research/thesis and/or independent reading. While nine credits is the minimum required, there is no maximum.

ELPA 990	Research or Thesis
ELPA 999	Independent Reading
Total Credits	75

To ensure that students are making satisfactory progress toward a degree, the Graduate School expects them to meet with their advisor on a regular basis.

A committee often accomplishes advising for the students in the early stages of their studies.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

Refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)

School of Education Grievance Policy and Procedures

The following School of Education Student Grievance Policy and associated procedures are designed for use in response to individual student grievances regarding faculty or staff in the School of Education.

Any individual student who feels they have been treated unfairly by a School of Education faculty or staff member has the right to file a grievance about the treatment and receive a timely response addressing their concerns. Any student, undergraduate or graduate, may use these grievance procedures, except employees whose complaints are covered under other campus policies. The grievance may concern classroom treatment, mentoring or advising, program admission or continuation,

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

NAMED OPTION-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

With program approval, students may transfer no more than 36 credits of graduate coursework from other institutions. Coursework earned ten years or more prior to admission to a doctoral degree is not allowed to satisfy requirements.

Undergraduate Credits Earned at Other Institutions or UW-Madison

No credits from an undergraduate degree may transfer.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a University Special Student at UW-Madison

With program approval, students may transfer no more than 15 credits of coursework numbered 300 or above taken as a UW-Madison Special student. Coursework earned ten or more years prior to admission to a doctoral degree is not allowed to satisfy requirements. For more information, refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

PROBATION

Refer to the Graduate School: Probation (<https://policy.wisc.edu/library/UW-1217/>) policy.

ADVISOR / COMMITTEE

Every graduate student is required to have an advisor. An advisor is a faculty member, or sometimes a committee, from the major department responsible for providing advice regarding graduate studies. An advisor generally serves as the thesis advisor. In many cases, an advisor is assigned to incoming students. Students can be suspended from the Graduate School if they do not have an advisor.

course grades (study abroad grade complaints are handled through International Academic Programs (<https://studyabroad.wisc.edu/>)), or issues not covered by other campus policies or grievance procedures.

For grievances regarding discrimination based on protected bases (<https://compliance.wisc.edu/eo-complaint/>) (i.e., race, color, national origin, sex, disability, age, etc.), contact the Office of Compliance (<https://compliance.wisc.edu/eo-complaint/>).

For grievances or concerns regarding sexual harassment or sexual violence (including sexual assault, dating/domestic violence, stalking, and sexual exploitation), contact the Sexual Misconduct Resource and Response Program (<https://compliance.wisc.edu/taileix/>) within the Office of Compliance.

For grievances that involve the behavior of a student, contact the Office of Student Conduct and Community Standards in the Dean of Students Office at <https://conduct.students.wisc.edu/>.

For grievances about, or directed at, faculty or staff in a School of Education department, unit, or program, students should follow these steps:

1. Students are strongly encouraged to first talk with the person against whom the concern is directed. Many issues can be settled informally at this level. If students are unable to resolve concerns directly or without additional support, step 2 or 3 should be pursued.
2. If unresolved after taking or considering step 1:
 - a. If the concern is directed against a teaching assistant (TA), and the student is not satisfied, the student should contact the TA's supervisor, who is usually the course professor. The course professor will attempt to resolve the concern informally.
 - b. If the concern involves a non-TA instructor, staff member, professor, academic department, or School of Education office or unit, the student should contact the chair of the department or the director of the office or unit, or their designee. The chair or director, or their designee, will attempt to resolve the concern informally. If the concern is about the department chair or office/unit director, the student should consult the School of Education Senior Associate Dean for guidance.
3. If the concern remains unresolved after step 2, the student may submit a formal grievance to the chair or director in writing within 30 business days¹ of the alleged unfair treatment. To the fullest extent possible, a formal written grievance shall contain a clear and concise statement of the issue(s) involved and the relief sought.
4. On receipt of a written grievance, the chair or director will notify the person at whom the grievance is directed with a copy of the written grievance. The person at whom the complaint is directed may submit a written response, which would be shared with the student.
5. On receipt of a written grievance, the chair or director will refer the matter to a department, office, or unit committee comprised of at least two members. The committee may be an existing committee or one constituted for this purpose. The committee, or delegates from the committee, may meet with the parties involved and/or review any material either party shares with the committee.
6. The committee will provide a written description of the facts of the grievance and communicate recommendations to the department chair or office/unit head regarding how the grievance should be handled.
7. The chair or director will offer to meet with the student who made the grievance and also will provide a written decision to the student,

including a description of any related action taken by the committee, within 30 business days of receiving the formal grievance.

¹ For the purpose of this policy, business days refers to those days when the University Offices are open and shall not include weekends, university holidays, spring recess, or the period from the last day of exams of fall semester instruction to the first day of spring semester instruction. All time limits may be modified by mutual consent of the parties involved.

If the grievance concerns an undergraduate course grade, the decision of the department chair after reviewing the committee's recommendations is final.

Other types of grievances may be appealed using the following procedures:

1. Both the student who filed the grievance or the person at whom the grievance was directed, if unsatisfied with the decision of the department, office or unit, have five (5) business days from receipt of the decision to contact the Senior Associate Dean, indicating the intention to appeal.
2. A written appeal must be filed with the Senior Associate Dean within 10 business days of the time the appealing party was notified of the initial resolution of the complaint.
3. On receipt of a written appeal, the Senior Associate Dean will convene a sub-committee of the School of Education's Academic Planning Council. This subcommittee may ask for additional information from the parties involved and/or may hold a meeting at which both parties will be asked to speak separately (i.e., not in the room at the same time).
4. The subcommittee will then make a written recommendation to the Dean of the School of Education, or their designee, who will render a decision. The dean or designee's written decision shall be made within 30 business days from the date when the written appeal was filed with the Senior Associate Dean. For undergraduate students, the dean or designee's decision is final.

Further appealing a School of Education decision – *graduate students only*

Graduate students have the option to appeal decisions by the School of Education dean or designee by using the process detailed on the Graduate School's website (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

Questions about these procedures can be directed to the School of Education Dean's Office, 377 Education Building, 1000 Bascom Mall, 608-262-1763.

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

PEOPLE

PEOPLE

Faculty: Professor Anjalé (AJ) Welton (chair); Professors Conrad, Eckes, Halverson, Kelley, Miller, Wang, Winkle-Wagner; Associate Professors Burt, Hillman; Assistant Professors Grooms, Henry, McQuillan, Saldana, Yu; Clinical Professors Crim, Li, Sramek, Salzman, Soffa-Jimenez

EDUCATIONAL LEADERSHIP AND POLICY ANALYSIS: K-12 LEADERSHIP, PHD

This is a named option in the Educational Leadership and Policy Analysis PhD (p. 568).

This program focuses on providing students with a knowledge base in educational leadership, organizational theory, planning and evaluation, learning and diversity, with a foundation in both qualitative and quantitative research methods. Recent graduates of the program are faculty members, district and school administrators.

ADMISSIONS

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) of the Graduate School as well as the program(s).** Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 1
Spring Deadline	The program does not admit in the spring.
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment. Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

APPLICATION

Applicants are required to upload the following items to the online application.

1. Essay statement. Each applicant must submit a "Reasons for Study" essay. Applicants are encouraged to review the information on our website, talk with our alumni and current students, and interact with members of the faculty and staff. Applicants should address the following in an essay that does not exceed three pages (single or double spaced.)
 - a. What are your primary career goals and professional gaps you have identified as important for your intellectual and professional advancement over the next 5-10 years?
 - b. In what ways will these professional gaps be addressed through a doctoral program at UW-Madison?
 - c. Describe at least one research topic and/or project you plan to work on during your doctoral program.
 - d. As you will note, we are interested in developing and maintaining a diverse and engaged learning community. Please identify any unique or special contributions you will bring to this community.
2. Unofficial transcripts. Official transcripts will be requested prior to Graduate School admission.

3. Resume or CV.
4. Three letters of recommendation. Recommendations from three (3) people who are qualified to evaluate the academic and professional competence of the applicants are required. When completing the online application, submit the names and emails of those requesting recommendation from; recommendations are sent electronically to your application.
5. Supporting document if required. Applicants who earned an undergraduate GPA below 3.00 or a graduate GPA below 3.5 should provide additional explanation/documentation to support their admission. In statement, explain why GPA does not accurately reflect high potential to serve in leadership roles.

International degree-seeking applicants must prove English proficiency using the Graduate School's requirements (<https://grad.wisc.edu/apply/requirements/>).

Essay Statement

A "strong" essay is characterized by:

- A clear, thorough, well-organized essay that expresses ideas in a detailed and engaging manner.
- Addresses all components of the instructions.
- Paragraphs signal the divisions of thought and sentences flow with ideas in a logical sequence.
- No (or very few) noticeable errors in composition.
- The articulation of clear scholarly interests that are consistent with the department's mission and that may expand knowledge within the field.

A "satisfactory" essay is characterized by:

- A detailed, well-organized essay.
- Addresses all components of the instructions.
- Paragraphs signal the major divisions of thought and sequence.
- Few errors in composition.
- The articulation of scholarly interests that are consistent with the department's mission.

A "weak" essay is characterized by:

- A well-organized but insufficiently detailed essay.
- Addresses some, but not all, of the components of the instructions.
- Paragraphs do not contain main topics.
- A distracting number of errors in composition or spelling (i.e., more than two or three per page).
- No articulation of scholarly interests.

FUNDING

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

All newly admitted full-time students to the PhD program in Educational Leadership & Policy Analysis receive at least five academic years of funding from a combination of school or university fellowships, teaching assistantships, and/or project/research assistantships. Details on specific funding packages will be provided at the time of admission. Assistantships and fellowships generally include tuition remission, access to health insurance and other benefits, and a competitive living stipend. In consultation with one's advisor, students are encouraged to seek positions in other areas that are related to their own research and professional interests.

Part-time students are not eligible for department funding.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

NAMED OPTION REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	Yes	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW–Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail

Minimum 75 credits

Credit Requirement

Minimum 32 credits

Residence Credit Requirement

Minimum Graduate Coursework Requirement	51 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/).
Overall Graduate GPA Requirement	3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	n/a
Assessments and Examinations	Doctoral students are required to take a comprehensive preliminary/oral examination after they have cleared their record of all Incomplete and Progress grades (other than research and thesis). Deposit of the doctoral dissertation in the Graduate School is required.
Language Requirements	None.
Graduate School Breadth Requirement	All doctoral students are required to complete a doctoral minor or graduate/professional certificate. Refer to the Graduate School: Breadth Requirement in Doctoral Training policy: https://policy.wisc.edu/library/UW-1200 (https://policy.wisc.edu/library/UW-1200/).

REQUIRED COURSES

Code	Title	Credits
Introduction to the Field		6
These introductory courses lay the foundational framework for work in the department. The Doctoral Inquiry class, ELPA 810, is taken during the first semester of course work, and is required for all incoming PhD students regardless of their area of interest. Students are strongly encouraged to take the second introductory course at the beginning of their studies as well.		
ELPA 702	Introduction to Educational Leadership	
ELPA 810	Doctoral Inquiry in Educational Leadership and Policy Analysis	

Core Knowledge 12

The department believes that students in educational administration should be familiar with four program areas of knowledge: (1) Organizations and Planning; (2) Program and Instructional Leadership and Management; (3) Politics, Policy and Finance; and (4) Learning and Diversity.

Knowledge in each of these areas is focused on providing a theoretical and empirical research knowledge base to facilitate improvements in teaching and learning in educational organizations. Students should take one course from each program area. Students who have taken similar courses at other institutions and are transferring credits for those courses should take an advanced or related ELPA course in each area identified through consultation with their advisor.

Organizations and Planning (Select 1 course)

Knowledge of classic and emerging theoretical approaches to organizations; Understanding and interpreting organizational experience; Decision making; Planning and evaluation; Key relationships between organizations and their environments.

ELPA 860	Organizational Theory and Behavior in Education
ELPA 875	Theory and Practice of Educational Planning
<i>Program and Instructional Leadership and Management (Select 1 course)</i>	
Leadership theory; Effective leadership; Functional, symbolic, political, and human aspects of leadership; Leading change; Conflict resolution; Empowerment; Sharing leadership; Motivation of self and others; Ethical and moral dimensions of leadership.	
ELPA 845	School-Level Leadership
ELPA 847	Instructional Leadership and Teacher Capacity
<i>Politics, Policy and Finance (Select 1 course)</i>	
Educational governance; Operating within a political environment; Understanding and interpreting political context; Principles of design and implementation of educational policies; Sources of revenues; Effective expenditure of educational dollars; Equity and adequacy issues.	
ELPA 832	Resource Allocation for Equity and Social Justice
ELPA 840	Public School Law
ELPA 870	The Politics of Education
<i>Learning and Diversity (Select 1 course)</i>	
Addressing the diverse learning needs of students; Professional development; Managing academic program, curriculum and instruction to promote student learning; Administering learning and co-curricular activities to reflect students' common and distinct experiential base.	
ELPA 735	Leadership for Equity and Diversity
ELPA 848	Professional Development and Organizational Learning
Program Depth 9	
The department believes that students should have depth in at least one of the four program areas: (1) Organizations and Planning; (2) Program and Instructional Leadership and Management; (3) Politics, Policy and Finance; OR (4) Learning and Diversity. Therefore, the department requires that students in Educational Leadership Policy Analysis select 1 of the 4 domains and take at least 3 ADDITIONAL courses in that program area.	
If courses from other departments are permitted in one of the depth areas, at least one of the three additional courses must be an ELPA course.	
<i>Organizations and Planning</i>	
ELPA 860	Organizational Theory and Behavior in Education
ELPA 875	Theory and Practice of Educational Planning
ELPA 940	Special Topics Seminar in Educational Leadership
M H R 872	Seminar in Organizational Behavior and Design
SOC 632	Sociology of Organizations

OTM 770	Sustainable Approaches to System Improvement
<i>Program and Instructional Leadership and Management</i>	
ELPA 863	Race, Class and Educational Inequality
ELPA 940	Special Topics Seminar in Educational Leadership
ELPA 844	Technology and School Leadership
ELPA 845	School-Level Leadership
ELPA 846	The School Superintendency
ELPA 726	Data-Based Decision-Making for Educational Leadership
ELPA 848	Professional Development and Organizational Learning
<i>Politics, Policy, and Finance</i>	
ELPA/INTER-HE 770	Community, Opportunity, and Justice
ELPA 832	Resource Allocation for Equity and Social Justice
ELPA 840	Public School Law
ELPA/ED POL/ED PSYCH/RP & SE 842	Legal Foundations of Special Education and Pupil Services
ELPA 910	Seminar in Educational Law
ELPA 960	Seminar in Educational Finance
ELPA 965	Seminar in the Politics of Education
ELPA 940	Special Topics Seminar in Educational Leadership
ED POL 600	Problems in Educational Policy
ED POL/ELPA/PUB AFFR 765	Issues in Educational Policy Analysis
ECON 711	Economic Theory-Microeconomics Sequence
ECON 712	Economic Theory-Macroeconomics Sequence
ECON 741	Theory of Public Finance and Fiscal Policy
ECON 742	Theory of Public Finance and Fiscal Policy
PUB AFFR 869	Workshop in Public Affairs
PUB AFFR/POLI SCI 871	Public Program Evaluation
PUB AFFR/POLI SCI/URB R PL 874	Policy-Making Process
PUB AFFR 974	Topics in Public Affairs
PUB AFFR 880	Microeconomic Policy Analysis
PUB AFFR/A A E/ENVIR ST/POP HLTH 881	Benefit-Cost Analysis
PUB AFFR/POLI SCI/URB R PL 890	Federal Budget and Tax Policy and Administration
PUB AFFR 891	State and Local Government Finance

ELPA/INTER-HE 770	Community, Opportunity, and Justice
<i>Learning and Diversity</i>	
ELPA 863	Race, Class and Educational Inequality
ELPA 940	Special Topics Seminar in Educational Leadership
ELPA 703	Evaluating and Supporting Quality Classroom Teaching
ELPA 735	Leadership for Equity and Diversity
ELPA 848	Professional Development and Organizational Learning
CURRIC 704	Curriculum Planning
Electives	15
Students may take any five courses inside or outside of the Department, to provide depth or breadth to program focus. Students are reminded that their programs must include at least 39 credits taken from ELPA. Note that electives are separate from minor/supporting coursework.	
Breadth	12
Breadth is a rational, unified set of courses taken outside of the department which have a clearly articulated theme or focus which allows the student to develop knowledge in a related area of study. Students may either pursue a doctoral minor or graduate/professional certificate. Students should initiate contact and approval from the minor or graduate/professional certificate department. Students must complete an additional 3 credits of course work outside of the department in order to satisfy the supporting coursework requirement for the department. At least two courses (6 credits) must be completed during or after the semester in which the student is admitted to the PhD program.	
Research Methods and Design	12
Students must complete a sequence of courses in research methods and design, focusing on either quantitative or qualitative methods. Students choosing to focus on quantitative methods should take two statistical methods courses and one qualitative methods course. Students choosing to focus on qualitative methods should take two qualitative methods courses and one statistical methods course. After the methods requirement has been met, all students should take the research design course (ELPA 825). Substitutions for ELPA 825 are not allowed.	
<i>Quantitative Methods</i>	
ELPA/ED PSYCH 822	Introduction to Quantitative Inquiry in Education
ELPA 823	Data Management for Education Policy Analysis
ELPA/ED PSYCH 827	Surveys and Other Quantitative Data Collection Strategies
ELPA 940	Special Topics Seminar in Educational Leadership
ED PSYCH 760	Statistical Methods Applied to Education I
ED PSYCH 761	Statistical Methods Applied to Education II

SOC/ C&E SOC 360	Statistics for Sociologists I
SOC/ C&E SOC 361	Statistics for Sociologists II
STAT 301	Introduction to Statistical Methods
<i>Qualitative Methods</i>	
ELPA/ COUN PSY/ CURRIC/ED POL/ ED PSYCH/ RP & SE 719	Introduction to Qualitative Research
ELPA/ COUN PSY/ CURRIC/ED POL/ ED PSYCH/ RP & SE 788	Qualitative Research Methods in Education: Field Methods I
ELPA/ COUN PSY/ CURRIC/ED POL/ ED PSYCH/ RP & SE 789	Qualitative Research Methods in Education: Field Methods II
ELPA 824	Field Research Designs & Methodologies in Educational Administration
ELPA 940	Special Topics Seminar in Educational Leadership
ED POL/ C&E SOC/ SOC 755	Methods of Qualitative Research
CURRIC 718	Introduction to Narrative Inquiry
CURRIC 802	Discourse Analysis
<i>Research Design</i>	
ELPA 825	Advanced Research Methods in Educational Administration
Thesis 9	
Students are required to complete a minimum of nine credits of research/thesis and/or independent reading. While nine credits is the minimum required, there is no maximum.	
ELPA 990	Research or Thesis
ELPA 999	Independent Reading

Total Credits **75**

Practicum

The program includes a practicum experience that requires 150 contact hours for an initial administrator license and an additional 75 hours for each additional administrative license. Practicums are completed under the guidance of department faculty.

Portfolio

[Submission and approval of an online portfolio is required for both degree completion and certification. Portfolio requirements are available on the department website.](#)

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

NAMED OPTION-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

With program approval, students may transfer no more than 36 credits of graduate coursework from other institutions. Coursework earned ten years or more prior to admission to a doctoral degree is not allowed to satisfy requirements.

Undergraduate Credits Earned at Other Institutions or UW-Madison

No credits from an undergraduate degree are allowed to count toward the degree.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a University Special Student at UW-Madison

With program approval, students may transfer no more than 15 credits of coursework numbered 300 or above taken as a UW-Madison Special student. Coursework earned ten or more years prior to admission to a doctoral degree is not allowed to satisfy requirements. For more information, refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

PROBATION

Refer to the Graduate School: Probation (<https://policy.wisc.edu/library/UW-1217/>) policy.

ADVISOR / COMMITTEE

Every graduate student is required to have an advisor. An advisor is a faculty member, or sometimes a committee, from the major department responsible for providing advice regarding graduate studies. An advisor generally serves as the thesis advisor. In many cases, an advisor is assigned to incoming students. Students can be suspended from the Graduate School if they do not have an advisor.

To ensure that students are making satisfactory progress toward a degree, the Graduate School expects them to meet with their advisor on a regular basis.

A committee often accomplishes advising for the students in the early stages of their studies.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

Refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (<https://osas.wisc.edu/>) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

School of Education Grievance Policy and Procedures

The following School of Education Student Grievance Policy and associated procedures are designed for use in response to individual student grievances regarding faculty or staff in the School of Education.

Any individual student who feels they have been treated unfairly by a School of Education faculty or staff member has the right to file a grievance about the treatment and receive a timely response addressing their concerns. Any student, undergraduate or graduate, may use these grievance procedures, except employees whose complaints are covered under other campus policies. The grievance may concern classroom treatment, mentoring or advising, program admission or continuation, course grades (study abroad grade complaints are handled through International Academic Programs (<https://studyabroad.wisc.edu/>)), or issues not covered by other campus policies or grievance procedures.

For grievances regarding discrimination based on protected bases (<https://compliance.wisc.edu/eo-complaint/>) (i.e., race, color,

national origin, sex, disability, age, etc.), contact the Office of Compliance (<https://compliance.wisc.edu/eo-complaint/>).

For grievances or concerns regarding sexual harassment or sexual violence (including sexual assault, dating/domestic violence, stalking, and sexual exploitation), contact the Sexual Misconduct Resource and Response Program (<https://compliance.wisc.edu/titleix/>) within the Office of Compliance.

For grievances that involve the behavior of a student, contact the Office of Student Conduct and Community Standards in the Dean of Students Office at <https://conduct.students.wisc.edu/>.

For grievances about, or directed at, faculty or staff in a School of Education department, unit, or program, students should follow these steps:

1. Students are strongly encouraged to first talk with the person against whom the concern is directed. Many issues can be settled informally at this level. If students are unable to resolve concerns directly or without additional support, step 2 or 3 should be pursued.
2. If unresolved after taking or considering step 1:
 - a. If the concern is directed against a teaching assistant (TA), and the student is not satisfied, the student should contact the TA's supervisor, who is usually the course professor. The course professor will attempt to resolve the concern informally.
 - b. If the concern involves a non-TA instructor, staff member, professor, academic department, or School of Education office or unit, the student should contact the chair of the department or the director of the office or unit, or their designee. The chair or director, or their designee, will attempt to resolve the concern informally. If the concern is about the department chair or office/unit director, the student should consult the School of Education Senior Associate Dean for guidance.
3. If the concern remains unresolved after step 2, the student may submit a formal grievance to the chair or director in writing within 30 business days¹ of the alleged unfair treatment. To the fullest extent possible, a formal written grievance shall contain a clear and concise statement of the issue(s) involved and the relief sought.
4. On receipt of a written grievance, the chair or director will notify the person at whom the grievance is directed with a copy of the written grievance. The person at whom the complaint is directed may submit a written response, which would be shared with the student.
5. On receipt of a written grievance, the chair or director will refer the matter to a department, office, or unit committee comprised of at least two members. The committee may be an existing committee or one constituted for this purpose. The committee, or delegates from the committee, may meet with the parties involved and/or review any material either party shares with the committee.
6. The committee will provide a written description of the facts of the grievance and communicate recommendations to the department chair or office/unit head regarding how the grievance should be handled.
7. The chair or director will offer to meet with the student who made the grievance and also will provide a written decision to the student, including a description of any related action taken by the committee, within 30 business days of receiving the formal grievance.

¹ For the purpose of this policy, business days refers to those days when the University Offices are open and shall not include weekends, university holidays, spring recess, or the period from the last day of exams of fall semester instruction to the first day

of spring semester instruction. All time limits may be modified by mutual consent of the parties involved.

If the grievance concerns an undergraduate course grade, the decision of the department chair after reviewing the committee's recommendations is final.

Other types of grievances may be appealed using the following procedures:

1. Both the student who filed the grievance or the person at whom the grievance was directed, if unsatisfied with the decision of the department, office or unit, have five (5) business days from receipt of the decision to contact the Senior Associate Dean, indicating the intention to appeal.
2. A written appeal must be filed with the Senior Associate Dean within 10 business days of the time the appealing party was notified of the initial resolution of the complaint.
3. On receipt of a written appeal, the Senior Associate Dean will convene a sub-committee of the School of Education's Academic Planning Council. This subcommittee may ask for additional information from the parties involved and/or may hold a meeting at which both parties will be asked to speak separately (i.e., not in the room at the same time).
4. The subcommittee will then make a written recommendation to the Dean of the School of Education, or their designee, who will render a decision. The dean or designee's written decision shall be made within 30 business days from the date when the written appeal was filed with the Senior Associate Dean. For undergraduate students, the dean or designee's decision is final.

Further appealing a School of Education decision – *graduate students only*

Graduate students have the option to appeal decisions by the School of Education dean or designee by using the process detailed on the Graduate School's website (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

Questions about these procedures can be directed to the School of Education Dean's Office, 377 Education Building, 1000 Bascom Mall, 608-262-1763.

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

PEOPLE

PEOPLE

Faculty: Professor Anjalé (A.J) Welton (chair); Professors Conrad, Eckes, Halverson, Kelley, Miller, Wang, Winkle-Wagner; Associate Professors Burt, Hillman; Assistant Professors Grooms, Henry, McQuillan, Saldana, Yu; Clinical Professors Crim, Li, Sramek, Salzman, Soffa-Jimenez

EDUCATIONAL LEADERSHIP AND POLICY ANALYSIS: WISCONSIN IDEA EXECUTIVE PHD COHORT, PHD

This is a named option in the Educational Leadership and Policy Analysis PhD (p. 568).

The Department of Educational Leadership & Policy Analysis (ELPA) offers a PhD in Educational Leadership and Policy Analysis named option in Wisconsin Idea Executive PhD Cohort that focuses explicitly on K-12 leadership for dramatically improving student performance and closing achievement gaps.

The theme of District and School Leadership for Equity and Excellence is infused through most courses and supported by theoretical and empirical, as well as practical, understandings. The program provides a coordinated plan that allows students to defend their dissertation within three to four years. The dissertation focuses on school, district, or community efforts

to improve performance for all students. Cohort students receive training in qualitative and quantitative inquiry and analysis and are expected to develop a study design for the dissertation that is appropriate to address their research questions.

ADMISSIONS

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) of the Graduate School as well as the program(s).** Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 1
Spring Deadline	The program does not admit in the spring.
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment. Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

APPLICATION

Applicants are required to upload the following items to the online application.

1. Essay statement. Each applicant must submit a "Reasons for Study" essay. As you prepare your responses, we invite you to review the information on our website to review the program literature, to talk with our alumni and current students, and to interact with members of the faculty and staff. Applicants should address the following in an essay that does not exceed three pages (single or double spaced.)
 - a. What are your primary career goals and professional gaps you have identified as important for your intellectual and professional advancement over the next 5-10 years?
 - b. In what ways will these professional gaps be addressed through a doctoral program at UW-Madison?
 - c. Describe at least one research topic and/or project you plan to work on during your doctoral program.

- d. As you will note, we are interested in developing and maintaining a diverse and engaged learning community. Please identify any unique or special contributions you will bring to this community.
2. Unofficial transcripts. Official transcripts will be requested prior to Graduate School admission.
3. Resume or CV.
4. Three letters of recommendation. We require recommendations from three (3) people who are qualified to evaluate the academic and professional competence of the applicants. When completing the online application, submit the names and emails of those requesting recommendation from; recommendations are sent electronically to your application.
5. Supporting document if required. Applicants who earned an undergraduate GPA below 3.00 or a graduate GPA below 3.5 should provide additional explanation/documentation to support their admission. In statement, explain why GPA does not accurately reflect high potential to serve in leadership roles.

International degree-seeking applicants must prove English proficiency using the Graduate School's requirements (<https://grad.wisc.edu/apply/requirements/>).

Essay Statement

A "strong" essay is characterized by:

- A clear, thorough, well-organized essay that expresses ideas in a detailed and engaging manner.
- Addresses all components of the instructions.
- Paragraphs signal the divisions of thought and sentences flow with ideas in a logical sequence.
- No (or very few) noticeable errors in composition.
- The articulation of clear scholarly interests that are consistent with the department's mission and that may expand knowledge within the field.

A "satisfactory" essay is characterized by:

- A detailed, well-organized essay.
- Addresses all components of the instructions.
- Paragraphs signal the major divisions of thought and sequence.
- Few errors in composition.
- The articulation of scholarly interests that are consistent with the department's mission.

A "weak" essay is characterized by:

- A well-organized but insufficiently detailed essay.
- Addresses some, but not all, of the components of the instructions.
- Paragraphs do not contain main topics.
- A distracting number of errors in composition or spelling (i.e., more than two or three per page).
- No articulation of scholarly interests.

FUNDING

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School.

Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM INFORMATION

Students enrolled in this program are not eligible to receive tuition remission from graduate assistantship appointments at this institution.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

NAMED OPTION REQUIREMENTS MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	Yes	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW–Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail

Minimum Credit Requirement 75 credits

Minimum Residence Credit Requirement 32 credits

Minimum Graduate Coursework Requirement 51 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: <https://policy.wisc.edu/library/UW-1244> (<https://policy.wisc.edu/library/UW-1244/>).

Overall Graduate GPA Requirement 3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: <https://policy.wisc.edu/library/UW-1203> (<https://policy.wisc.edu/library/UW-1203/>).

Other Grade Requirements n/a

Assessments and Examinations Doctoral students are required to take a comprehensive preliminary/oral examination after they have cleared their record of all Incomplete and Progress grades (other than research and thesis). Deposit of the doctoral dissertation in the Graduate School is required.

Language Requirements Contact the program for information on any language requirements.

Graduate School Breadth Requirement All doctoral students are required to complete a doctoral minor or graduate/professional certificate. Refer to the Graduate School: Breadth Requirement in Doctoral Training policy: <https://policy.wisc.edu/library/UW-1200> (<https://policy.wisc.edu/library/UW-1200/>).

REQUIRED COURSES

Final course sequence and instructors to be determined by Educational Leadership and Policy Analysis chair and cohort coordinator. Seven terms of coursework totaling 53 credits, plus at least 4 credits of ELPA 990 are required. Students must take 75 total credits toward the PhD, including 6 credits for breadth completed before admission or outside the cohort program. The most recent course sequence follows:

Code	Title	Credits
Core Courses		
ELPA 810	Doctoral Inquiry in Educational Leadership and Policy Analysis	3
ELPA 870	The Politics of Education	3
ELPA/ ED PSYCH 822	Introduction to Quantitative Inquiry in Education	3
ELPA 910	Seminar in Educational Law	3
ELPA 824	Field Research Designs & Methodologies in Educational Administration	3
ELPA 875	Theory and Practice of Educational Planning	3
ELPA 960	Seminar in Educational Finance	3
ELPA/RP & SE 835	Leadership for Inclusive Schooling	3
ELPA 846	The School Superintendency	3
ELPA 860	Organizational Theory and Behavior in Education	3
ELPA 911	Authentic Pedagogy and Achievement	3
ELPA 825	Advanced Research Methods in Educational Administration	3
Special Topics		6
ELPA 940	Special Topics Seminar in Educational Leadership (Topics: Advanced Quantitative Inquiry in Education or Advanced Qualitative Methods)	
ELPA 940	Special Topics Seminar in Educational Leadership (Topic: Urban Education Leadership)	
Research or Thesis		4
ELPA 990	Research or Thesis	
Electives		15

Students may take any five courses inside or outside of the Department, to provide depth or breadth to program focus. Students are reminded that their programs must include at least 39 credits taken from ELPA. Note that electives are separation from breadth coursework.

Breadth	12
Total Credits	75

Breadth

Breadth is a rational, unified set of courses taken outside of the department which have a clearly articulated theme or focus which allows the student to develop knowledge in a related area of study. Students may either pursue a doctoral minor or graduate/professional certificate. Students should initiate contact and approval from the minor or graduate/professional certificate department. Students must complete an additional 3 credits of course work outside of the department in order to satisfy the supporting coursework requirement for the department. At least two courses (6 credits) must be completed during or after the semester in which the student is admitted to the PhD program.

Practicum

The program includes a practicum experience that requires 150 contact hours for an initial administrator license and an additional 75 hours for each additional administrative license. Practicums are completed under the guidance of department faculty.

Portfolio

Submission and approval of an online portfolio is required for both degree completion and certification. Portfolio requirements (<https://elpa.education.wisc.edu/academics/resources-handbooks-and-forms/>) are available on the department website.

Other Policy

Students in this program may not take courses outside the prescribed curriculum without faculty advisor and program director approval. Students in this program cannot enroll concurrently in other undergraduate or graduate degree programs.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

NAMED OPTION-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

With program approval, students are allowed to transfer no more than 36 credits of graduate coursework from other institutions. Coursework earned ten years or more prior to admission to a doctoral degree is not allowed to satisfy requirements.

Undergraduate Credits Earned at Other Institutions or UW-Madison

No credits from an undergraduate degree are allowed to count toward the degree.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a University Special Student at UW-Madison

With program approval, students are allowed to transfer no more than 15 credits of coursework numbered 300 or above taken as a UW-Madison special student. Coursework earned ten or more years prior to admission to a doctoral degree is not allowed to satisfy requirements. For more information, refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

PROBATION

Refer to the Graduate School: Probation (<https://policy.wisc.edu/library/UW-1217/>) policy.

ADVISOR / COMMITTEE

Every graduate student is required to have an advisor. An advisor is a faculty member, or sometimes a committee, from the major department responsible for providing advice regarding graduate studies. An advisor generally serves as the thesis advisor. In many cases, an advisor is assigned to incoming students. Students can be suspended from the Graduate School if they do not have an advisor.

To ensure that students are making satisfactory progress toward a degree, the Graduate School expects them to meet with their advisor on a regular basis.

A committee often accomplishes advising for the students in the early stages of their studies.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

Refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy.

A candidate for a doctoral degree who fails to take the final oral examination and deposit the dissertation within five years after passing the preliminary examination may be required to take another preliminary examination and to be admitted to candidacy a second time.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)

- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

School of Education Grievance Policy and Procedures

The following School of Education Student Grievance Policy and associated procedures are designed for use in response to individual student grievances regarding faculty or staff in the School of Education.

Any individual student who feels they have been treated unfairly by a School of Education faculty or staff member has the right to file a grievance about the treatment and receive a timely response addressing their concerns. Any student, undergraduate or graduate, may use these grievance procedures, except employees whose complaints are covered under other campus policies. The grievance may concern classroom treatment, mentoring or advising, program admission or continuation, course grades (study abroad grade complaints are handled through International Academic Programs (<https://studyabroad.wisc.edu/>)), or issues not covered by other campus policies or grievance procedures.

For grievances regarding discrimination based on protected bases (<https://compliance.wisc.edu/eo-complaint/>) (i.e., race, color, national origin, sex, disability, age, etc.), contact the Office of Compliance (<https://compliance.wisc.edu/eo-complaint/>).

For grievances or concerns regarding sexual harassment or sexual violence (including sexual assault, dating/domestic violence, stalking, and sexual exploitation), contact the Sexual Misconduct Resource and Response Program (<https://compliance.wisc.edu/titleix/>) within the Office of Compliance.

For grievances that involve the behavior of a student, contact the Office of Student Conduct and Community Standards in the Dean of Students Office at <https://conduct.students.wisc.edu/>.

For grievances about, or directed at, faculty or staff in a School of Education department, unit, or program, students should follow these steps:

1. Students are strongly encouraged to first talk with the person against whom the concern is directed. Many issues can be settled informally at this level. If students are unable to resolve concerns directly or without additional support, step 2 or 3 should be pursued.

2. If unresolved after taking or considering step 1:
 - a. If the concern is directed against a teaching assistant (TA), and the student is not satisfied, the student should contact the TA's supervisor, who is usually the course professor. The course professor will attempt to resolve the concern informally.
 - b. If the concern involves a non-TA instructor, staff member, professor, academic department, or School of Education office or unit, the student should contact the chair of the department or the director of the office or unit, or their designee. The chair or director, or their designee, will attempt to resolve the concern informally. If the concern is about the department chair or office/unit director, the student should consult the School of Education Senior Associate Dean for guidance.
3. If the concern remains unresolved after step 2, the student may submit a formal grievance to the chair or director in writing within 30 business days¹ of the alleged unfair treatment. To the fullest extent possible, a formal written grievance shall contain a clear and concise statement of the issue(s) involved and the relief sought.
4. On receipt of a written grievance, the chair or director will notify the person at whom the grievance is directed with a copy of the written grievance. The person at whom the complaint is directed may submit a written response, which would be shared with the student.
5. On receipt of a written grievance, the chair or director will refer the matter to a department, office, or unit committee comprised of at least two members. The committee may be an existing committee or one constituted for this purpose. The committee, or delegates from the committee, may meet with the parties involved and/or review any material either party shares with the committee.
6. The committee will provide a written description of the facts of the grievance and communicate recommendations to the department chair or office/unit head regarding how the grievance should be handled.
7. The chair or director will offer to meet with the student who made the grievance and also will provide a written decision to the student, including a description of any related action taken by the committee, within 30 business days of receiving the formal grievance.

¹ For the purpose of this policy, business days refers to those days when the University Offices are open and shall not include weekends, university holidays, spring recess, or the period from the last day of exams of fall semester instruction to the first day of spring semester instruction. All time limits may be modified by mutual consent of the parties involved.

If the grievance concerns an undergraduate course grade, the decision of the department chair after reviewing the committee's recommendations is final.

Other types of grievances may be appealed using the following procedures:

1. Both the student who filed the grievance or the person at whom the grievance was directed, if unsatisfied with the decision of the department, office or unit, have five (5) business days from receipt of the decision to contact the Senior Associate Dean, indicating the intention to appeal.
2. A written appeal must be filed with the Senior Associate Dean within 10 business days of the time the appealing party was notified of the initial resolution of the complaint.

3. On receipt of a written appeal, the Senior Associate Dean will convene a sub-committee of the School of Education's Academic Planning Council. This subcommittee may ask for additional information from the parties involved and/or may hold a meeting at which both parties will be asked to speak separately (i.e., not in the room at the same time).
4. The subcommittee will then make a written recommendation to the Dean of the School of Education, or their designee, who will render a decision. The dean or designee's written decision shall be made within 30 business days from the date when the written appeal was filed with the Senior Associate Dean. For undergraduate students, the dean or designee's decision is final.

Further appealing a School of Education decision – *graduate students only*

Graduate students have the option to appeal decisions by the School of Education dean or designee by using the process detailed on the Graduate School's website (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

Questions about these procedures can be directed to the School of Education Dean's Office, 377 Education Building, 1000 Bascom Mall, 608-262-1763.

SPORTS LEADERSHIP, MS

The Master of Science degree in Sports Leadership (MSL) in the Department of Educational Leadership and Policy Analysis (ELPA) draws from the UW-Madison's world-leading academic and athletic resources to prepare dynamic sports leaders. MSL students study in areas including athletic administration, coaching, justice in sport, legal and financial issues, and sports psychology. Graduates will be prepared for impactful leadership positions across diverse sports settings spanning K-12 and youth programs, colleges and universities, and professional teams. The MSL is an online degree program, accommodating students with busy lives throughout Wisconsin and beyond. The program exposes students to top professors, innovative sports leaders, and highest-level sports experiences at UW-Madison.

ADMISSIONS

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) of the Graduate School as well as the program(s).** Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	July 1
Spring Deadline	December 1
Summer Deadline	April 1
GRE (Graduate Record Examinations)	Not required.

English Proficiency Test Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment. Refer to the Graduate School: Minimum Requirements for Admission policy: <https://policy.wisc.edu/library/UW-1241> (<https://policy.wisc.edu/library/UW-1241/>).

Other Test(s) (e.g., GMAT, MCAT) n/a

Letters of Recommendation Required 3

Applications to the MS in Sports Leadership program are accepted on a rolling basis.

Applicants must submit the following to the online application:

1. Essay statement on required topic (not to exceed two pages).
2. Unofficial transcripts of prior undergraduate and graduate course completion.
3. Resume or CV.
4. Supporting document if the undergraduate GPA is below 3.00. The statement will include: an explanation regarding why the applicant's GPA does not accurately reflect potential, documentation of high potential for leadership, and a description of relevant experiences that affect abilities to serve in leadership roles.

Electives - Choose one 3 credit course		3
KINES 325	Group Development and Behavior Management	
KINES 527	Principles of Strength and Conditioning	
KINES 555	Sports Science & Athlete Monitoring	
Total Credits		30

Students in this program may not take courses outside the prescribed curriculum without faculty advisor and program director approval.

Students in this program cannot enroll concurrently in other undergraduate or graduate degree programs.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

No more than 9 credits of previous graduate coursework may transfer. These credits require program director approval. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

Undergraduate Credits Earned at Other Institutions or UW-Madison

No credits from an other institution or UW-Madison undergraduate degree are allowed to transfer.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a University Special Student at UW-Madison

With program approval, students are allowed to transfer no more than 6 credits of coursework numbered 300 or above taken as a UW-Madison University Special student. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

PROBATION

Refer to the Graduate School: Probation (<https://policy.wisc.edu/library/UW-1217/>) policy.

ADVISOR / COMMITTEE

Refer to the Graduate School: Advisor (<https://policy.wisc.edu/library/UW-1232/>) policy. The program director advises students in the masters in Sports Leadership program.

CREDITS PER TERM ALLOWED

12 credits

TIME LIMITS

Refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeeabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (<https://osas.wisc.edu/>) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

School of Education Grievance Policy and Procedures

The following School of Education Student Grievance Policy and associated procedures are designed for use in response to individual student grievances regarding faculty or staff in the School of Education.

Any individual student who feels they have been treated unfairly by a School of Education faculty or staff member has the right to file a grievance about the treatment and receive a timely response addressing their concerns. Any student, undergraduate or graduate, may use these

grievance procedures, except employees whose complaints are covered under other campus policies. The grievance may concern classroom treatment, mentoring or advising, program admission or continuation, course grades (study abroad grade complaints are handled through International Academic Programs (<https://studyabroad.wisc.edu/>)), or issues not covered by other campus policies or grievance procedures.

For grievances regarding discrimination based on protected bases (<https://compliance.wisc.edu/eo-complaint/>) (i.e., race, color, national origin, sex, disability, age, etc.), contact the Office of Compliance (<https://compliance.wisc.edu/eo-complaint/>).

For grievances or concerns regarding sexual harassment or sexual violence (including sexual assault, dating/domestic violence, stalking, and sexual exploitation), contact the Sexual Misconduct Resource and Response Program (<https://compliance.wisc.edu/titleix/>) within the Office of Compliance.

For grievances that involve the behavior of a student, contact the Office of Student Conduct and Community Standards in the Dean of Students Office at <https://conduct.students.wisc.edu/>.

For grievances about, or directed at, faculty or staff in a School of Education department, unit, or program, students should follow these steps:

1. Students are strongly encouraged to first talk with the person against whom the concern is directed. Many issues can be settled informally at this level. If students are unable to resolve concerns directly or without additional support, step 2 or 3 should be pursued.
2. If unresolved after taking or considering step 1:
 - a. If the concern is directed against a teaching assistant (TA), and the student is not satisfied, the student should contact the TA's supervisor, who is usually the course professor. The course professor will attempt to resolve the concern informally.
 - b. If the concern involves a non-TA instructor, staff member, professor, academic department, or School of Education office or unit, the student should contact the chair of the department or the director of the office or unit, or their designee. The chair or director, or their designee, will attempt to resolve the concern informally. If the concern is about the department chair or office/unit director, the student should consult the School of Education Senior Associate Dean for guidance.
3. If the concern remains unresolved after step 2, the student may submit a formal grievance to the chair or director in writing within 30 business days¹ of the alleged unfair treatment. To the fullest extent possible, a formal written grievance shall contain a clear and concise statement of the issue(s) involved and the relief sought.
4. On receipt of a written grievance, the chair or director will notify the person at whom the grievance is directed with a copy of the written grievance. The person at whom the complaint is directed may submit a written response, which would be shared with the student.
5. On receipt of a written grievance, the chair or director will refer the matter to a department, office, or unit committee comprised of at least two members. The committee may be an existing committee or one constituted for this purpose. The committee, or delegates from the committee, may meet with the parties involved and/or review any material either party shares with the committee.
6. The committee will provide a written description of the facts of the grievance and communicate recommendations to the department chair or office/unit head regarding how the grievance should be handled.

7. The chair or director will offer to meet with the student who made the grievance and also will provide a written decision to the student, including a description of any related action taken by the committee, within 30 business days of receiving the formal grievance.

¹ For the purpose of this policy, business days refers to those days when the University Offices are open and shall not include weekends, university holidays, spring recess, or the period from the last day of exams of fall semester instruction to the first day of spring semester instruction. All time limits may be modified by mutual consent of the parties involved.

If the grievance concerns an undergraduate course grade, the decision of the department chair after reviewing the committee's recommendations is final.

Other types of grievances may be appealed using the following procedures:

1. Both the student who filed the grievance or the person at whom the grievance was directed, if unsatisfied with the decision of the department, office or unit, have five (5) business days from receipt of the decision to contact the Senior Associate Dean, indicating the intention to appeal.
2. A written appeal must be filed with the Senior Associate Dean within 10 business days of the time the appealing party was notified of the initial resolution of the complaint.
3. On receipt of a written appeal, the Senior Associate Dean will convene a sub-committee of the School of Education's Academic Planning Council. This subcommittee may ask for additional information from the parties involved and/or may hold a meeting at which both parties will be asked to speak separately (i.e., not in the room at the same time).
4. The subcommittee will then make a written recommendation to the Dean of the School of Education, or their designee, who will render a decision. The dean or designee's written decision shall be made within 30 business days from the date when the written appeal was filed with the Senior Associate Dean. For undergraduate students, the dean or designee's decision is final.

Further appealing a School of Education decision – *graduate students only*

Graduate students have the option to appeal decisions by the School of Education dean or designee by using the process detailed on the Graduate School's website (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

Questions about these procedures can be directed to the School of Education Dean's Office, 377 Education Building, 1000 Bascom Mall, 608-262-1763.

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

LEARNING OUTCOMES

1. Articulate, critique, or elaborate the theories, research methods, and approaches to scholarly inquiry or practice in educational settings.
2. Identify sources and assemble evidence pertaining to questions or challenges in the field of sports leadership.
3. Demonstrate understanding of sports leadership in a historical, social, or global context.
4. Identify and address social inequalities in educational opportunities and outcomes in sports leadership.
5. Select and/or utilize the most appropriate methodologies and practices.
6. Evaluate or synthesize information pertaining to questions or challenges in the field of sports leadership.
7. Communicate clearly in ways appropriate to the field of sports leadership.

EDUCATIONAL POLICY STUDIES, DOCTORAL MINOR

ADMISSIONS

ADMISSIONS

All Graduate School students must utilize the Graduate Student Portal in MyUW to add, change, or discontinue any doctoral minor or graduate/professional certificate. To apply to this minor or certificate, log in to MyUW, click on Graduate Student Portal, and then click on Add/Change Programs. Select the information for the doctoral minor or graduate/professional certificate for which you are applying.

REQUIREMENTS

REQUIREMENTS

For doctoral students in other departments, the Graduate School's requirement for a doctoral minor may be met by taking courses in educational policy studies. The following policies apply:

- The minor in educational policy studies shall consist of a minimum of 9 credits of work taken in the department.
- The specific courses should be approved by a minor advisor on the faculty of the Department of Educational Policy Studies not later than

halfway through the minor, and at that point a Minor Agreement form signed by the advisor must be filed with the department.

- No more than 1 credit of Independent Reading or Research may be approved by the minor advisor as part of the minor. Permission to include more than 1 credit of independent work may be granted only by a vote of the department.
- The minor professor may approve by transfer up to 3 credits of coursework taken in educational policy studies or educational foundations courses at other institutions; further transfer credits may be granted only by a vote of the department.

PEOPLE

PEOPLE

Faculty: Professors Bartlett (chair), Kendall, Lee, Nelson, Posey-Maddox, Reese; Associate Professors Claessens, Hora, Schweber, Stern, Turner; Assistant Professors Aydarova, Liu, Odle, Rodriguez-Gomez, Williams.

EDUCATIONAL POLICY STUDIES, MA

The Department of Educational Policy Studies (EPS) offers both master of arts and doctor of philosophy degrees. Students who enroll with only a bachelor's degree and intend to pursue the PhD degree are required to take the MA on the way to the PhD. Applicants already holding a master's degree will be admitted either into the EPS master's program or into the PhD program, depending upon the recommendation of the admissions committee. Students for both the MA and PhD degrees are expected to develop both depth and breadth in their studies.

The Department of Educational Policy Studies offers an interdisciplinary program leading to both the MA and PhD degrees. The department is dedicated to the study of educational policy in its various manifestations and to the study of traditionally defined fields such as history of education, philosophy of education, comparative and international education, and sociology and anthropology of education. The department includes faculty with interests in education beyond the United States and has formed ties with institutions and scholars in other countries. Several faculty from the departments of Curriculum and Instruction, Geography, Sociology, and Philosophy hold joint appointments in EPS, and several EPS faculty members hold appointments in other departments such as History, Sociology, and Anthropology, and in programs in African Studies, Global Health Institute, and Gender and Women's Studies.

Graduates of the department pursue a variety of academic, government, and private-sector careers. They may be found across the United States in departments of educational policy studies and educational foundations, and other departments within schools of education; in organizations dedicated to educational research; in government and foundation work; and, in many other countries, in both higher education and ministries of education.

Beyond the department, other faculty at the University of Wisconsin-Madison study educational policy. They may be found, for example, in the Department of Educational Leadership and Policy Analysis, in the Robert M. La Follette School of Public Affairs, and in the Wisconsin Center For Education Research (WCER). Over the years, WCER projects

have provided valuable research and employment opportunities to EPS students.

The department's graduate students are diverse. They come with a wide range of backgrounds in education and the liberal arts. They vary in age, ethnicity, and social background, as well as prior practical and educational experience. Students thus provide a resource for one another's scholarly development. Some ED POL courses are cross-listed in the College of Letters & Science; others are cross-listed with other departments in the School of Education. They consequently attract students who approach material with a broad range of intellectual perspectives and complementary knowledge.

Despite the variety structured into the program, the multidisciplinary backgrounds of faculty, and the diversity of students, the small size of the department often leads to closer ties between students and faculty than are possible in most larger departments. Doctoral students generally come to know several faculty well and have an opportunity to work closely together.

ADMISSIONS

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) of the Graduate School as well as the program(s).** Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 1
Spring Deadline	The program does not admit in the spring.
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Not Required.
English Proficiency Test	Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment. Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

All applicants must apply online. Admitted applicants may enter the department once a year in the fall term. Applicants are notified by letter before March 1. Accepted applicants must respond in writing by April 15. The application is judged on the basis of previous academic record, other

experience, 3 letters of recommendation, personal statement, vitae, and writing sample.

The admissions process in the department is the responsibility of the Admissions Committee. The committee will direct applications from qualified candidates to faculty members in the department whose interests are similar to the applicant's. A temporary advisor must be willing to accept temporary responsibility for the student's graduate program. If no temporary advisor can be found, the candidate cannot be admitted to graduate study. If a faculty member agrees to serve as temporary advisor and the applicant is judged qualified for admission, the applicant is notified that the department will recommend admission to the Graduate School. Formal notification of admission comes from the Graduate School.

All applications must include a substantial sample of academic writing. For applicants already having an approved master's thesis, the thesis must be submitted. For applicants holding an MA that did not require a thesis, and for applicants currently pursuing an MA, a paper from a graduate-level course or seminar may be submitted. For applicants holding a BA, the writing sample might include sections from an undergraduate thesis or seminar paper, or a course paper. Applicants who wish to submit an alternative writing sample (for example, solely authored published article, solely authored research report or section of a research report) should check first with the chair of the Admissions Committee.

For admitted applicants, the Admissions Committee will, in consultation with the prospective advisor, recommend admission to either the Educational Policy Studies master's program or the Educational Policy Studies doctoral program. See department website for application requirements.

FUNDING

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

The Department of Educational Policy Studies does not typically offer funding to master's students. However, admitted students are welcome to apply for assistantships within and outside of the department. Students in Educational Policy Studies are very successful in competing for assistantships on professors' research grants through the Wisconsin Center for Education Research and other research organizations on campus, as well as project/teaching assistantships in related departments.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW–Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail

Minimum Credit Requirement 30 credits

Minimum Residence Credit Requirement 16 credits

Minimum Graduate Coursework Requirement 18 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: <https://policy.wisc.edu/library/UW-1244> (<https://policy.wisc.edu/library/UW-1244/>).

Overall Graduate GPA Requirement 3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: <https://policy.wisc.edu/library/UW-1203> (<https://policy.wisc.edu/library/UW-1203/>).

Other Grade Requirements n/a

Assessments and Examinations Contact the program for information on required assessments and examinations.

Language Requirements Contact the program for information on any language requirements.

REQUIRED COURSES

Code	Title	Credits
Introductory Colloquium		3
ED POL 701	Introduction to Educational Policy Studies (Must take during initial semester or if admitted in spring semester, the following fall)	

Students must take at least 18 credits in the Department of Educational Policy Studies (ED POL) (excluding Independent Reading and Research and Thesis).

Additional Coursework **9**

In consultation with advisor, complete coursework to reach the minimum of 30 credit requirement.

Total Credits **30**

Students intending to complete only the MA degree must complete a minimum of 30 graduate-level credits. Students may apply no more than three credits of ED POL 990 Research or Thesis and no more than three credits of ED POL 999 Independent Reading towards the minimum credit requirement for the master's degree. Entering master's students who are or may be interested in pursuing the doctoral degree in Educational Policy Studies should plan their master's program in accordance with the PhD concentration requirements described here (p. 605).

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

With program approval, students are allowed to transfer no more than 6 credits of graduate coursework from other institutions. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

Undergraduate Credits Earned at Other Institutions or UW-Madison

No credits from a UW-Madison undergraduate degree are allowed to transfer toward the degree.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a University Special Student at UW-Madison

With program approval, students are allowed to transfer no more than 6 credits of coursework numbered 340 or above taken as a UW-Madison Special student. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

PROBATION

Refer to the Graduate School: Probation (<https://policy.wisc.edu/library/UW-1217/>) policy.

ADVISOR / COMMITTEE

Every graduate student is required to have an advisor. To ensure that students are making satisfactory progress toward a degree, the Graduate School expects them to meet with their advisor on a regular basis.

An advisor generally serves as the thesis advisor. In many cases, an advisor is assigned to incoming students. Students can be suspended from the Graduate School if they do not have an advisor. An advisor is a faculty member, or sometimes a committee, from the major department responsible for providing advice regarding graduate studies.

A committee often accomplishes advising for the students in the early stages of their studies.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

Refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy.

GRIEVANCES AND APPEALS

- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (<https://osas.wisc.edu/>) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

School of Education Grievance Policy and Procedures

The following School of Education Student Grievance Policy and associated procedures are designed for use in response to individual student grievances regarding faculty or staff in the School of Education.

Any individual student who feels they have been treated unfairly by a School of Education faculty or staff member has the right to file a grievance about the treatment and receive a timely response addressing their concerns. Any student, undergraduate or graduate, may use these grievance procedures, except employees whose complaints are covered under other campus policies. The grievance may concern classroom treatment, mentoring or advising, program admission or continuation, course grades (study abroad grade complaints are handled through International Academic Programs (<https://studyabroad.wisc.edu/>)), or issues not covered by other campus policies or grievance procedures.

For grievances regarding discrimination based on protected bases (<https://compliance.wisc.edu/eo-complaint/>) (i.e., race, color, national origin, sex, disability, age, etc.), contact the Office of Compliance (<https://compliance.wisc.edu/eo-complaint/>).

For grievances or concerns regarding sexual harassment or sexual violence (including sexual assault, dating/domestic violence, stalking, and sexual exploitation), contact the Sexual Misconduct Resource and Response Program (<https://compliance.wisc.edu/titleix/>) within the Office of Compliance.

For grievances that involve the behavior of a student, contact the Office of Student Conduct and Community Standards in the Dean of Students Office at <https://conduct.students.wisc.edu/>.

For grievances about, or directed at, faculty or staff in a School of Education department, unit, or program, students should follow these steps:

1. Students are strongly encouraged to first talk with the person against whom the concern is directed. Many issues can be settled informally at this level. If students are unable to resolve concerns directly or without additional support, step 2 or 3 should be pursued.
2. If unresolved after taking or considering step 1:
 - a. If the concern is directed against a teaching assistant (TA), and the student is not satisfied, the student should contact the TA's supervisor, who is usually the course professor. The course professor will attempt to resolve the concern informally.
 - b. If the concern involves a non-TA instructor, staff member, professor, academic department, or School of Education office or unit, the student should contact the chair of the department or the director of the office or unit, or their designee. The chair or director, or their designee, will attempt to resolve the concern informally. If the concern is about the department chair or office/unit director, the student should consult the School of Education Senior Associate Dean for guidance.
3. If the concern remains unresolved after step 2, the student may submit a formal grievance to the chair or director in writing within 30 business days¹ of the alleged unfair treatment. To the fullest extent possible, a formal written grievance shall contain a clear and concise statement of the issue(s) involved and the relief sought.
4. On receipt of a written grievance, the chair or director will notify the person at whom the grievance is directed with a copy of the written grievance. The person at whom the complaint is directed may submit a written response, which would be shared with the student.
5. On receipt of a written grievance, the chair or director will refer the matter to a department, office, or unit committee comprised of at least two members. The committee may be an existing committee or one constituted for this purpose. The committee, or delegates from the committee, may meet with the parties involved and/or review any material either party shares with the committee.

6. The committee will provide a written description of the facts of the grievance and communicate recommendations to the department chair or office/unit head regarding how the grievance should be handled.
7. The chair or director will offer to meet with the student who made the grievance and also will provide a written decision to the student, including a description of any related action taken by the committee, within 30 business days of receiving the formal grievance.

¹ For the purpose of this policy, business days refers to those days when the University Offices are open and shall not include weekends, university holidays, spring recess, or the period from the last day of exams of fall semester instruction to the first day of spring semester instruction. All time limits may be modified by mutual consent of the parties involved.

If the grievance concerns an undergraduate course grade, the decision of the department chair after reviewing the committee's recommendations is final.

Other types of grievances may be appealed using the following procedures:

1. Both the student who filed the grievance or the person at whom the grievance was directed, if unsatisfied with the decision of the department, office or unit, have five (5) business days from receipt of the decision to contact the Senior Associate Dean, indicating the intention to appeal.
2. A written appeal must be filed with the Senior Associate Dean within 10 business days of the time the appealing party was notified of the initial resolution of the complaint.
3. On receipt of a written appeal, the Senior Associate Dean will convene a sub-committee of the School of Education's Academic Planning Council. This subcommittee may ask for additional information from the parties involved and/or may hold a meeting at which both parties will be asked to speak separately (i.e., not in the room at the same time).
4. The subcommittee will then make a written recommendation to the Dean of the School of Education, or their designee, who will render a decision. The dean or designee's written decision shall be made within 30 business days from the date when the written appeal was filed with the Senior Associate Dean. For undergraduate students, the dean or designee's decision is final.

Further appealing a School of Education decision – *graduate students only*

Graduate students have the option to appeal decisions by the School of Education dean or designee by using the process detailed on the Graduate School's website (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

Questions about these procedures can be directed to the School of Education Dean's Office, 377 Education Building, 1000 Bascom Mall, 608-262-1763.

OTHER

Students are eligible to compete for UW–Madison fellowships. The department has a small number of teaching and project assistantships. In addition, students in Educational Policy Studies are frequently successful in competing for assistantships on professors' research grants through the Wisconsin Center for Education Research and other research organizations on campus, as well as for administrative assistantships and teaching assistantships in related departments.

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

LEARNING OUTCOMES

1. Understand the social, cultural, and/or historical contexts surrounding formal and/or informal education in the U.S. and/or in a global context.
2. Interpret educational policy in a national and/or global context.
3. Understand educational inequality related to race, class, gender and/or other dimensions.
4. Recognize and apply principles of ethical research.

PEOPLE

PEOPLE

Faculty: Professors Bartlett (chair), Kendall, Lee, Nelson, Posey-Maddox, Reese; Associate Professors Claessens, Hora, Schweber, Stern, Turner; Assistant Professors Aydarova, Liu, Odle, Rodriguez-Gomez, Williams.

EDUCATIONAL POLICY STUDIES, PHD

The Department of Educational Policy Studies offers both master of arts and doctor of philosophy degrees. Students who enroll with only a bachelor's degree and intend to pursue the PhD degree are required to take the MA on the way to the PhD. Applicants already holding a master's degree will be admitted either into the EPS master's program or into the PhD program, depending upon the recommendation of the admissions committee. Students for both the MA and PhD degrees are expected to develop both depth and breadth in their studies.

The Department of Educational Policy Studies (EPS) offers an interdisciplinary program leading to both the MA and PhD degrees. The department is dedicated to the study of educational policy in its various manifestations and to the study of traditionally defined fields such as history of education, philosophy of education, comparative and international education, and sociology and anthropology of education. The department includes faculty with interests in education beyond the United States and has formed ties with institutions and scholars in other countries. Several faculty from the departments of Curriculum and Instruction, Geography, Sociology, and Philosophy hold joint appointments in EPS, and several EPS faculty members hold appointments in other departments such as History, Sociology, and Anthropology, and in programs in African Studies, Global Health Institute, and Gender and Women's Studies.

Graduates of the department pursue a variety of academic, government, and private sector careers. They may be found across the United States in departments of educational policy studies and educational foundations, and other departments within schools of education; in organizations dedicated to educational research; in government and foundation work; and, in many other countries, in both higher education and ministries of education.

Beyond the department, other faculty at the University of Wisconsin–Madison study educational policy. They may be found, for example, in the Department of Educational Leadership and Policy Analysis, in the Robert M. La Follette School of Public Affairs, and in the Wisconsin Center For Education Research (WCER). Over the years, WCER projects have provided valuable research and employment opportunities to EPS students.

The department's graduate students are diverse. They come with a wide range of backgrounds in education and in the liberal arts. They vary in age, ethnicity, and social background, as well as prior practical and educational experience. Students thus provide a resource for one another's scholarly development. Some ED POL courses are cross-listed in the College of Letters & Science; others are cross-listed with other departments in the School of Education. They consequently attract students who

approach material with a broad range of intellectual perspectives and complementary knowledge.

Despite the variety structured into the program, the multidisciplinary backgrounds of faculty, and the diversity of students, the small size of the department often leads to closer ties between students and faculty than are possible in most larger departments. Doctoral students generally come to know several faculty well and have an opportunity to work closely together.

The cornerstone of the department's doctoral program is the concentration. The department offers concentrations in social sciences and education, history of education, and comparative international education and global studies. Concentrations are intended to embody the content knowledge and learning experiences that students need to achieve necessary levels of proficiency within a field of study. While these levels of proficiency are acquired largely through course work and other traditional academic activities, in appropriate fields they may also be based in work experiences, internships, independent studies, and similar activities.

CONCENTRATION IN SOCIAL SCIENCES AND EDUCATION

Students in the Social Sciences and Education (SSE) concentration apply disciplinary perspectives, theories and methodologies to the study of issues in educational policy. Faculty members in this concentration utilize sociological, anthropological, political, and economic perspectives. SSE members aim to inform public discourse and educational policy and practice.

EPS students choosing to concentrate in Social Sciences and Education will develop a program of study that combines deep exploration of a particular educational problem, theoretical perspective, methodology, or disciplinary approach with broad grounding in social foundations of education and in key substantive fields relevant to educational policy and/or practice. Programs of study will be individually designed (with the support and approval of an EPS advisor) to reflect students' prior knowledge, skills and experience as well as their current educational goals. Students in this concentration are required to become well-versed in methodological approaches common to social science research, and specifically are required to take a methodology course and two research methods courses.

Students who successfully complete this concentration should be well-prepared for careers as researchers, policy analysts, and advocates in academic, governmental, or non-governmental settings.

CONCENTRATION IN COMPARATIVE INTERNATIONAL EDUCATION AND GLOBAL STUDIES

Study in comparative international education prepares researchers, teachers, and planners who are interested in education across nations and cultures. Various modes of inquiry and the intellectual orientations of several disciplines are used to investigate, from a comparative and/or cross-cultural perspective, the following aspects of education in one or more geographical regions of the world: educational change and modernization, the interaction between education and development (social, political, economic), the politics of educational reform, educational planning and institution building, and the interrelationships of particular aspects of schools, societies, and cultures.

CONCENTRATION IN HISTORY AND HUMANITIES

The study of history helps us understand past educational policies and practices in the context of their time. It also often provides a unique perspective on modern developments. Students in the history of education usually study subjects from interdisciplinary angles, adapting theories and interpretive points of view from the humanities as well as the social sciences in their understanding of the past. In addition, great emphasis is placed in the program on the mastery of core knowledge in the field, the honing of analytical tools, and the improvement of writing skills, all of which are useful in a variety of academic and other settings. Students who choose a concentration in the history of education may specialize in the history of American education, African American education, the history of European education, comparative history of education, or any combination of these approved by the student's advisory committee.

ADMISSIONS

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) of the Graduate School as well as the program(s).** Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 1
Spring Deadline	This program does not admit in the spring.
Summer Deadline	This program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment. Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241/ .
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

Admitted applicants may enter the department once a year, in the fall term. Applicants are notified by letter before March 1. Accepted applicants must respond in writing by April 15. The application is judged on the basis of previous academic record, other experience, 3 letters of recommendation, personal statement, vitae, and writing sample.

The admissions process in the department is the responsibility of the Admissions Committee. The committee will direct applications from qualified candidates to faculty members in the department whose interests are similar to the applicant's. A temporary advisor must be willing to accept temporary responsibility for the student's graduate program. If no temporary advisor can be found, the candidate cannot be admitted to graduate study. If a faculty member agrees to serve as temporary advisor and the applicant is judged qualified for admission, the applicant is notified that the department will recommend admission to the Graduate School. Formal notification of admission comes from the Graduate School.

All applications must include a substantial sample of academic writing. For applicants already having an approved master's thesis, the thesis must be submitted. For students holding an MA that did not require a thesis, and for applicants currently pursuing an MA, a paper from a graduate-level course or seminar may be submitted. For students holding a BA, the writing sample might include sections from an undergraduate thesis or seminar paper, or a course paper. Applicants who wish to submit an alternative writing sample (for example, solely authored published article, solely authored research report or section of a research report) should check first with the chair of the Admissions Committee.

For admitted applicants, the Admissions Committee will, in consultation with an applicant's prospective advisor, recommend admission to either the Educational Policy Studies masters or doctoral program. See department website for application requirements.

FUNDING

FUNDING GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

All newly admitted students to the PhD program in Educational Policy Studies receive at least five academic years of funding from a combination of school or university fellowships, teaching assistantships, and/or project/research assistantships. Details on specific funding packages will be provided at the time of admission. Assistantships and fellowships generally include tuition remission, access to health insurance and other benefits, and a competitive living stipend.

In addition, students in Educational Policy Studies are very successful in competing for assistantships on professors' research grants through the Wisconsin Center for Education Research and other research organizations on campus, as well as for administrative assistantships and for teaching assistantships in related departments.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW-Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail	
Minimum Credit Requirement	51 credits
Minimum Residence Credit Requirement	32 credits
Minimum Graduate Coursework Requirement	30 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/).
Overall Graduate GPA Requirement	3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	n/a

Assessments and Examinations Doctoral students are required to take a comprehensive preliminary/oral examination after they have cleared their record of all Incomplete and Progress grades (other than research and thesis) and have completed a minimum of 45 credits. Once they have passed preliminary exams, doctoral students must submit and defend a dissertation proposal at an oral examination. Doctoral students must also successfully defend the dissertation at an oral examination. Deposit of the doctoral dissertation in the Graduate School is required.

Language Requirements Advisors are responsible for determining whether students need to develop and demonstrate skill in one or more foreign languages for the program they plan. Dissertation work involving study of a setting where another language is spoken ordinarily requires such skill. The specific language required, if any, and the level of competence to be attained shall be determined by the student's advisor.

Language requirements, if specified, must be met before the Preliminary Examination is completed.

Graduate School Breadth Requirement All doctoral students are required to complete a doctoral minor or graduate/professional certificate. Refer to the Graduate School: Breadth Requirement in Doctoral Training policy: <https://policy.wisc.edu/library/UW-1200> (<https://policy.wisc.edu/library/UW-1200/>).

REQUIRED COURSES

In addition to the entering colloquium, ED POL 701 Introduction to Educational Policy Studies, the plan of study must include a concentration as well as appropriate breadth.

Concentrations

All Educational Policy Studies doctoral students, in consultation with their advisor and their advising committee, must develop a concentration which will consist of a minimum of **18 credits**, of which a minimum of **12 credits** must be taken within Educational Policy Studies (ED POL (http://guide.wisc.edu/courses/ed_pol/)). No more than 3 independent study credits can be applied toward the overall 18 credit minimum requirement. Independent study credits cannot replace and cannot be counted toward fulfilling the minimum 12 Educational Policy Studies (ED POL (http://guide.wisc.edu/courses/ed_pol/)) course credits. The required ED POL 701 course cannot be counted toward the concentration.

We anticipate that students will often take courses outside of the department, in part, to fulfill, their concentration requirements. In all cases, actual course-taking specifics, and decisions with regard to fulfilling concentration requirements will be made in consultation between the student and the advisor. Courses cannot be counted twice. See below for examples of courses in Educational Policy Studies in three of the concentrations.

Breadth Requirement

All doctoral students, in consultation with their advisor and their advising committee, will develop a breadth requirement which will consist of a minimum of **9 Educational Policy Studies (ED POL (http://guide.wisc.edu/courses/ed_pol/)) credits**. These credits must be taken in domains other than the one in which the concentration is primarily identified. Credits used to fulfill this breadth requirement cannot also be used to fulfill concentration requirements. Neither independent study

credits nor the required ED POL 701 course may be applied toward the breadth requirement.

Theory & Methods

All doctoral students must take a minimum of **3 Educational Policy Studies (ED POL (http://guide.wisc.edu/courses/ed_pol/)) credits** in the areas of theory or research methods in consultation with their advisor and advising committee.

All candidates for the PhD, including those who began as MA candidates in the department, must take a **minimum of 30 credits** in the Department of Educational Policy Studies, including the required ED POL 701, and including no more than 3 credits of ED POL 999 Independent Reading OR no more than 3 credits of ED POL 990 Research or Thesis credits may be used to fulfill this requirement.

Example Concentration Coursework

Code	Title	Credits
Courses in History and Humanities		
ED POL/ HISTORY 412	History of American Education	3
ED POL/ HISTORY 478	Comparative History of Childhood and Adolescence	3
ED POL/CURRIC/ RELIG ST 516	Religion and Public Education	3
ED POL/ PHILOS 545	Philosophical Conceptions of Teaching and Learning	3
ED POL/ PHILOS 550	Philosophy of Moral Education	3
ED POL/ AFROAMER 567	History of African American Education	3
ED POL/ HISTORY 665	History of the Federal Role in American Education	3
ED POL/ HISTORY 622	History of Radical and Experimental Education in the US and UK	3
ED POL/ HISTORY 713	History of Higher Education in Europe and America	3

ED POL/ INTL ST 335	Globalization and Education	3
ED POL 600	Problems in Educational Policy	3
ED POL 605	Using Secondary Data: Applied Quantitative Analysis	3
ED POL 675	Introduction to Comparative and International Education	3
ED POL 750	African Education: Past, Present and Future	3
ED POL 760	Critical Development Studies and Education	3
ED POL 860	Proseminar: Theory and Method in Comparative Education	3
ED POL 962	Seminar in Cross National Studies of Educational Problems	3
ED POL/ CURRIC 963	Seminar-Educational Planning & Curric Change-Developing Countries	3

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

With program approval, students are allowed to transfer no more than 6 credits of graduate coursework numbered 400 or above from other institutions. Coursework earned ten years or more prior to admission to a doctoral degree is not allowed to satisfy requirements.

Undergraduate Credits Earned at Other Institutions or UW-Madison

With program approval, students are allowed to transfer no more than 6 credits of UW-Madison undergraduate coursework numbered 400 or above. Coursework earned ten years or more prior to admission to a doctoral degree is not allowed to satisfy requirements. Credits earned at other institutions are not allowed to transfer.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a University Special Student at UW-Madison

With program approval, students are allowed to transfer no more than 6 credits of coursework numbered 400 or above taken as a UW-Madison University Special student. Coursework earned ten years or more prior to admission to a doctoral degree is not allowed to satisfy requirements.

PROBATION

Refer to the Graduate School: Probation (<https://policy.wisc.edu/library/UW-1217/>) policy.

ADVISOR / COMMITTEE

Refer to the Graduate School: Advisor (<https://policy.wisc.edu/library/UW-1232/>) and Graduate School: Committees (Doctoral/Master's/MFA) (<https://policy.wisc.edu/library/UW-1201/>) policies.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

Refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)

- Office Student Assistance and Support (OSAS) (<https://osas.wisc.edu/>) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

School of Education Grievance Policy and Procedures

The following School of Education Student Grievance Policy and associated procedures are designed for use in response to individual student grievances regarding faculty or staff in the School of Education.

Any individual student who feels they have been treated unfairly by a School of Education faculty or staff member has the right to file a grievance about the treatment and receive a timely response addressing their concerns. Any student, undergraduate or graduate, may use these grievance procedures, except employees whose complaints are covered under other campus policies. The grievance may concern classroom treatment, mentoring or advising, program admission or continuation, course grades (study abroad grade complaints are handled through International Academic Programs (<https://studyabroad.wisc.edu/>)), or issues not covered by other campus policies or grievance procedures.

For grievances regarding discrimination based on protected bases (<https://compliance.wisc.edu/eo-complaint/>) (i.e., race, color, national origin, sex, disability, age, etc.), contact the Office of Compliance (<https://compliance.wisc.edu/eo-complaint/>).

For grievances or concerns regarding sexual harassment or sexual violence (including sexual assault, dating/domestic violence, stalking, and sexual exploitation), contact the Sexual Misconduct Resource and Response Program (<https://compliance.wisc.edu/titleix/>) within the Office of Compliance.

For grievances that involve the behavior of a student, contact the Office of Student Conduct and Community Standards in the Dean of Students Office at <https://conduct.students.wisc.edu/>.

For grievances about, or directed at, faculty or staff in a School of Education department, unit, or program, students should follow these steps:

1. Students are strongly encouraged to first talk with the person against whom the concern is directed. Many issues can be settled informally at this level. If students are unable to resolve concerns directly or without additional support, step 2 or 3 should be pursued.
2. If unresolved after taking or considering step 1:
 - a. If the concern is directed against a teaching assistant (TA), and the student is not satisfied, the student should contact the TA's supervisor, who is usually the course professor. The course professor will attempt to resolve the concern informally.
 - b. If the concern involves a non-TA instructor, staff member, professor, academic department, or School of Education office or unit, the student should contact the chair of the department or the director of the office or unit, or their designee. The chair or director, or their designee, will attempt to resolve the concern informally. If the concern is about the department chair or office/unit director, the student should consult the School of Education Senior Associate Dean for guidance.
3. If the concern remains unresolved after step 2, the student may submit a formal grievance to the chair or director in writing within 30 business days¹ of the alleged unfair treatment. To the fullest extent possible, a formal written grievance shall contain a clear and concise statement of the issue(s) involved and the relief sought.
4. On receipt of a written grievance, the chair or director will notify the person at whom the grievance is directed with a copy of the written grievance. The person at whom the complaint is directed may submit a written response, which would be shared with the student.
5. On receipt of a written grievance, the chair or director will refer the matter to a department, office, or unit committee comprised of at least two members. The committee may be an existing committee or one constituted for this purpose. The committee, or delegates from the committee, may meet with the parties involved and/or review any material either party shares with the committee.
6. The committee will provide a written description of the facts of the grievance and communicate recommendations to the department chair or office/unit head regarding how the grievance should be handled.
7. The chair or director will offer to meet with the student who made the grievance and also will provide a written decision to the student, including a description of any related action taken by the committee, within 30 business days of receiving the formal grievance.

¹ For the purpose of this policy, business days refers to those days when the University Offices are open and shall not include weekends, university holidays, spring recess, or the period from the last day of exams of fall semester instruction to the first day of spring semester instruction. All time limits may be modified by mutual consent of the parties involved.

If the grievance concerns an undergraduate course grade, the decision of the department chair after reviewing the committee's recommendations is final.

Other types of grievances may be appealed using the following procedures:

1. Both the student who filed the grievance or the person at whom the grievance was directed, if unsatisfied with the decision of the department, office or unit, have five (5) business days from receipt of the decision to contact the Senior Associate Dean, indicating the intention to appeal.
2. A written appeal must be filed with the Senior Associate Dean within 10 business days of the time the appealing party was notified of the initial resolution of the complaint.
3. On receipt of a written appeal, the Senior Associate Dean will convene a sub-committee of the School of Education's Academic Planning Council. This subcommittee may ask for additional information from the parties involved and/or may hold a meeting at which both parties will be asked to speak separately (i.e., not in the room at the same time).
4. The subcommittee will then make a written recommendation to the Dean of the School of Education, or their designee, who will render a decision. The dean or designee's written decision shall be made within 30 business days from the date when the written appeal was filed with the Senior Associate Dean. For undergraduate students, the dean or designee's decision is final.

Further appealing a School of Education decision – *graduate students only*

Graduate students have the option to appeal decisions by the School of Education dean or designee by using the process detailed on the Graduate School's website (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

Questions about these procedures can be directed to the School of Education Dean's Office, 377 Education Building, 1000 Bascom Mall, 608-262-1763.

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

LEARNING OUTCOMES

1. Articulate and conduct research related to the social, cultural, and/or historical contexts surrounding formal and/or informal education in the US and/or in a global context.
2. Interpret and critique educational policy in a national and/or global context.
3. Understand and analyze educational inequality related to race, class, gender and/or other dimensions.
4. Apply professional principles of ethical research.

PEOPLE

PEOPLE

Professors: Asmus, Bell, Bellmore, Bolt, Enright, Kaplan, Kilgus, Kim, Nathan, Puntambekar, Quintana, Shaffer, Wollack

Associate Professors: Albers, Eklund, Garbacz, Hubbard, Matthews, Pustejovsky, Vlach

Assistant Professors: Karumbaiah, Klingbeil, Short, Starr, Zhang (Fall 2024)

Clinical Associate Professor: Kelly

Clinical Assistant Professor: Hagermoser-Bayley

EDUCATIONAL PSYCHOLOGY, DOCTORAL MINOR

A Doctoral Minor in Educational Psychology could enhance your graduate training in several ways:

- Expand your knowledge: Our minor program will expand your understanding of how individuals learn, processes of human development, research methods and statistics, and/or how to enhance learning and adjustment in school settings.
- Add to your credentials: Adding a Doctoral Minor in Educational Psychology will enhance your resume or vitae and expand the positions for which you are qualified after completing your graduate program.
- Flexibility in coursework: The minor can be individually tailored to your specific interests in educational psychology. From incorporating technology in classroom learning to the neuroscientific basis of education to the design of effective tests and research measures, you can select courses that build specific areas of expertise.

ADMISSIONS

ADMISSIONS

- Meet with an Educational Psychology faculty member to learn your options and plan a set of courses. Students *must* have an Educational Psychology faculty member serve as their Graduate Minor Advisor. If the minor coursework focuses on one of the Department's program areas, the advisor should be selected from among faculty members in that program area.
- Request the Graduate Minor form from the Ed Psych Program Manager, obtain your minor advisor's signature, and file it with the Graduate Student Services Coordinator. The department will inform you when your graduate minor program has been approved.
- Graduate minor programs should be approved *before* students complete more than 2 courses that they intend to include in the program.
- Need to make an adjustment in your course plan? Contact your minor advisor to discuss any changes. Modify your form to indicate the new plan and send the update to the Ed Psych Program Manager.
- To obtain minor completion verification, send an email to the Ed Psych Program Manager when you start your prelim process. They will work with your minor advisor to obtain the signature needed on your preliminary exam warrant and confirm your minor with the Graduate School.

In addition to the steps outlined above, all Graduate School students must utilize the Graduate Student Portal in MyUW to add, change, or discontinue any doctoral minor. For the final step required to apply to this certificate, log in to MyUW, click on Graduate Student Portal, and then click on Add/Change Programs. Select the information for the doctoral minor for which you are applying.

REQUIREMENTS

REQUIREMENTS

At least 10 credits in educational psychology courses are required. All courses must be numbered 500 or above. A grade of B or better in each course is required.

Clinical Associate Professor: Kelly

Clinical Assistant Professor: Hagermoser-Bayley

EDUCATIONAL PSYCHOLOGY, MS

MS IN EDUCATIONAL PSYCHOLOGY NAMED OPTIONS RESEARCH

The MS named option in Research (p. 620) is the traditional master's program. The Department of Educational Psychology offers the master of science and doctor of philosophy degrees in educational psychology. The programs for the MS and PhD in educational psychology provide comprehensive knowledge of the field and intensive specialization in one of three areas of study and research: human development, learning sciences, and quantitative methods. The department also offers MS, EdS, and PhD degrees in school psychology.

The department provides for training in research. Many faculty members in the department conduct controlled research studies with human participants; schools and other agencies in the Madison area cooperate in facilitating such research projects. Principal research facilities include the School of Education's Wisconsin Center for Education Research, and the multidisciplinary Waisman Center.

PROFESSIONAL EDUCATOR (MSPE)

The MS Educational Psychology: Professional Educators (MSPE) (<https://guide.wisc.edu/graduate/educational-psychology/educational-psychology-ms/educational-psychology-professional-educator-mspe-ms/#text>) is a program designed for practicing educators who wish to study at a distance. Your courses are 100% online, so you can conveniently earn your degree from anywhere in the world. Plus, at UW-Madison, you do not have to sacrifice quality for convenience. The same professors that teach our face-to-face programs teach your online courses, and occasional video conferencing keeps you and your instructor connected and engaged in the discussion of coursework and current educational issues. Our curriculum builds depth and breadth in your knowledge and

skills and includes a series of courses that will earn you an instructional coaching certificate in addition to your master's.

LEARNING ANALYTICS

The 24-month online Educational Psychology MS-Learning Analytics (p. 612) program empowers graduates to impact teaching, learning, and policy by breaking down 'big data' into dynamic analyses that will help guide decisions and improvements in education. A focus on both quantitative and qualitative courses provides balance and trains students to think critically about educational data science, make calculated analyses, and have meaningful conversations. Students will learn the theoretical perspectives on learning, cognition, and ethical decision-making, as well as practice applying and adapting analytic methodologies and tools, and communicating analysis results with stakeholders.

SCHOOL PSYCHOLOGY

The Department of Educational Psychology also administers a MS in School Psychology (<https://guide.wisc.edu/graduate/educational-psychology/school-psychology-ms/>).

ADMISSIONS

ADMISSIONS

Students apply to the Master of Science in Educational Psychology through one of the named options:

- Learning Analytics (p. 612)
- Professional Educator (MSPE) (<https://guide.wisc.edu/graduate/educational-psychology/educational-psychology-ms/educational-psychology-professional-educator-mspe-ms/>)
- Research (p. 620)

FUNDING

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Students are eligible to compete for UW-Madison fellowships. A limited number of teaching and project assistantships are available within the department, and prospective students are encouraged to refer to the instructions for fellowships and assistantships contained in the program application information.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS CURRICULAR REQUIREMENTS

Requirement Detail

Minimum Credit Requirement See Named Options for policy information.

Minimum Residence Credit Requirement See Named Options for policy information.

Minimum Graduate Coursework Requirement See Named Options for policy information.

Overall Graduate GPA Requirement 3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: <https://policy.wisc.edu/library/UW-1203> (<https://policy.wisc.edu/library/UW-1203/>).

Other Grade Requirements n/a

Assessments and Examinations See Named Options for policy information.

Language Requirements No language requirements.

REQUIRED COURSES

Select a Named Option (p. 611) for courses required.

NAMED OPTIONS

A named option is a formally documented sub-major within an academic major program. Named options appear on the transcript with degree conferral. Students pursuing the Master of Science in Educational Psychology must select one of the following named options:

View as listView as grid

- **EDUCATIONAL PSYCHOLOGY: LEARNING ANALYTICS, MS (P. 612)**
- **EDUCATIONAL PSYCHOLOGY: PROFESSIONAL EDUCATOR (MSPE), MS (P. 616)**
- **EDUCATIONAL PSYCHOLOGY: RESEARCH, MS (P. 620)**

POLICIES

POLICIES

Students should refer to one of the named options for policy information:

- Learning Analytics (p. 612)
- Professional Educator (MSPE) (<https://guide.wisc.edu/graduate/educational-psychology/educational-psychology-ms/educational-psychology-professional-educator-mspe-ms/>)
- Research (p. 620)

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

LEARNING OUTCOMES

1. Acquire a strong foundation in current and past theories, research findings, and methodologies in their program area.
2. Become acquainted with the implications of human diversity (in terms of individual abilities and orientations and sociocultural backgrounds) for research and practice in their chosen field of study.
3. Learn the fundamentals of research design, data collection, and data analysis through participating in ongoing research or conducting their own research project(s).
4. Identify key features of high-quality research or program implementation/evaluation in their chosen field.
5. Develop writing and oral skills needed to effectively communicate results of scientific research to academic, professional/practitioner, and lay audiences.
6. Learn how to conduct research or program implementation/evaluation in accordance with ethical standards established in their field of inquiry.

PEOPLE

PEOPLE FACULTY

Professors: Asmus, Bell, Bellmore, Bolt, Enright, Kaplan, Kilgus, Kim, Nathan, Puntambekar, Quintana, Shaffer, Wollack

Associate Professors: Albers, Eklund, Garbacz, Hubbard, Matthews, Pustejovsky, Vlach

Clinical Assistant Professor: Hagermoser-Bayley

EDUCATIONAL PSYCHOLOGY: LEARNING ANALYTICS, MS

This is a named option in the Educational Psychology MS (<https://guide.wisc.edu/graduate/educational-psychology/educational-psychology-ms/>).

The 24-month online Educational Psychology MS-Learning Analytics program empowers graduates to impact teaching, learning, and policy by breaking down 'big data' into dynamic analyses that will help guide decisions and improvements in education. A focus on both quantitative and qualitative courses provides balance and trains students to think critically about educational data science, make calculated analyses, and have meaningful conversations. Students will learn the theoretical perspectives on learning, cognition, and ethical decision-making, as well as practice applying and adapting analytic methodologies and tools, and communicating analysis results with stakeholders.

ADMISSIONS

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) of the Graduate School as well as the program(s).** Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	The program does not admit in the fall.
Spring Deadline	The program does not admit in the spring.
Summer Deadline	May 1
GRE (Graduate Record Examinations)	Not Required.
English Proficiency Test	Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment. Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/).

Other Test(s) (e.g., GMAT, MCAT) n/a

Letters of Recommendation 2

Required

Admissions criteria for the MS Educational Psychology in Learning Analytics named option include:

1. A bachelor's degree from a regionally accredited US institution or a comparable degree from an international institution is required. International applicants must have a degree comparable to a regionally accredited US bachelor's degree.
2. A minimum undergraduate grade-point average (GPA) of 3.00 on the equivalent of the last 60 semester hours (approximately two years of work) or a master's degree with a minimum cumulative GPA of 3.00 is required. Applicants from an international institution must demonstrate strong academic achievement comparable to a 3.00 for an undergraduate or master's degree.
3. Reasons for graduate study/statement of purpose; not to exceed two pages
4. Curriculum vitae or resume.
5. Transcripts from previous institutions.

FUNDING

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Information on financial aid is available through the UW-Madison Office of Student Financial Aid (<https://financialaid.wisc.edu/>).

Students enrolled in this program are not eligible to receive tuition remission from graduate assistantship appointments at this institution.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

NAMED OPTION REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/Weekend	Online	Hybrid	Accelerated
No	No	Yes	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW-Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirements	Detail
Minimum Credit Requirement	30 credits
Minimum Residence Credit Requirement	30 credits
Minimum Graduate Coursework Requirement	30 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/).
Overall Graduate GPA Requirement	3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	n/a
Assessments and Examinations	No formal examinations are required. However, students complete an in-depth capstone project.
Language Requirements	No language requirements.

Total Credits		30

Students in this program may not take courses outside the prescribed curriculum without faculty advisor and program director approval. Students in this program cannot enroll concurrently in other undergraduate or graduate degree programs.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

NAMED OPTION-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

No credits from other institutions are allowed to transfer toward the degree.

Undergraduate Credits Earned at Other Institutions or UW-Madison

No credits from other institutions or taken as a UW-Madison Undergraduate student are allowed to transfer toward the degree.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

No credits taken as a UW-Madison Professional student are allowed to transfer toward the degree.

Credits Earned as a University Special student at UW-Madison

No credits taken as a UW-Madison University Special student are allowed to transfer toward the degree.

PROBATION

Refer to the Graduate School: Probation (<https://policy.wisc.edu/library/UW-1217/>) policy.

ADVISOR / COMMITTEE

Refer to the Graduate School: Advisor (<https://policy.wisc.edu/library/UW-1232/>) policy.

CREDITS PER TERM ALLOWED

12 credits

TIME LIMITS

Refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeeabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (<https://osas.wisc.edu/>) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

School of Education Grievance Policy and Procedures

The following School of Education Student Grievance Policy and associated procedures are designed for use in response to individual student grievances regarding faculty or staff in the School of Education.

Any individual student who feels they have been treated unfairly by a School of Education faculty or staff member has the right to file a grievance about the treatment and receive a timely response addressing their concerns. Any student, undergraduate or graduate, may use these grievance procedures, except employees whose complaints are covered under other campus policies. The grievance may concern classroom treatment, mentoring or advising, program admission or continuation, course grades (study abroad grade complaints are handled through International Academic Programs (<https://studyabroad.wisc.edu/>)), or issues not covered by other campus policies or grievance procedures.

For grievances regarding discrimination based on protected bases (<https://compliance.wisc.edu/eo-complaint/>) (i.e., race, color, national origin, sex, disability, age, etc.), contact the Office of Compliance (<https://compliance.wisc.edu/eo-complaint/>).

For grievances or concerns regarding sexual harassment or sexual violence (including sexual assault, dating/domestic violence, stalking, and sexual exploitation), contact the Sexual Misconduct Resource and Response Program (<https://compliance.wisc.edu/titleix/>) within the Office of Compliance.

For grievances that involve the behavior of a student, contact the Office of Student Conduct and Community Standards in the Dean of Students Office at <https://conduct.students.wisc.edu/>.

For grievances about, or directed at, faculty or staff in a School of Education department, unit, or program, students should follow these steps:

1. Students are strongly encouraged to first talk with the person against whom the concern is directed. Many issues can be settled informally at this level. If students are unable to resolve concerns directly or without additional support, step 2 or 3 should be pursued.
2. If unresolved after taking or considering step 1:
 - a. If the concern is directed against a teaching assistant (TA), and the student is not satisfied, the student should contact the TA's supervisor, who is usually the course professor. The course professor will attempt to resolve the concern informally.
 - b. If the concern involves a non-TA instructor, staff member, professor, academic department, or School of Education office or unit, the student should contact the chair of the department or the director of the office or unit, or their designee. The chair or director, or their designee, will attempt to resolve the concern informally. If the concern is about the department chair or office/unit director, the student should consult the School of Education Senior Associate Dean for guidance.
3. If the concern remains unresolved after step 2, the student may submit a formal grievance to the chair or director in writing within 30 business days¹ of the alleged unfair treatment. To the fullest extent possible, a formal written grievance shall contain a clear and concise statement of the issue(s) involved and the relief sought.
4. On receipt of a written grievance, the chair or director will notify the person at whom the grievance is directed with a copy of the written grievance. The person at whom the complaint is directed may submit a written response, which would be shared with the student.
5. On receipt of a written grievance, the chair or director will refer the matter to a department, office, or unit committee comprised of at least two members. The committee may be an existing committee or one constituted for this purpose. The committee, or delegates from the committee, may meet with the parties involved and/or review any material either party shares with the committee.
6. The committee will provide a written description of the facts of the grievance and communicate recommendations to the department chair or office/unit head regarding how the grievance should be handled.
7. The chair or director will offer to meet with the student who made the grievance and also will provide a written decision to the student, including a description of any related action taken by the committee, within 30 business days of receiving the formal grievance.

¹ For the purpose of this policy, business days refers to those days when the University Offices are open and shall not include weekends, university holidays, spring recess, or the period from the last day of exams of fall semester instruction to the first day

of spring semester instruction. All time limits may be modified by mutual consent of the parties involved.

If the grievance concerns an undergraduate course grade, the decision of the department chair after reviewing the committee's recommendations is final.

Other types of grievances may be appealed using the following procedures:

1. Both the student who filed the grievance or the person at whom the grievance was directed, if unsatisfied with the decision of the department, office or unit, have five (5) business days from receipt of the decision to contact the Senior Associate Dean, indicating the intention to appeal.
2. A written appeal must be filed with the Senior Associate Dean within 10 business days of the time the appealing party was notified of the initial resolution of the complaint.
3. On receipt of a written appeal, the Senior Associate Dean will convene a sub-committee of the School of Education's Academic Planning Council. This subcommittee may ask for additional information from the parties involved and/or may hold a meeting at which both parties will be asked to speak separately (i.e., not in the room at the same time).
4. The subcommittee will then make a written recommendation to the Dean of the School of Education, or their designee, who will render a decision. The dean or designee's written decision shall be made within 30 business days from the date when the written appeal was filed with the Senior Associate Dean. For undergraduate students, the dean or designee's decision is final.

Further appealing a School of Education decision – *graduate students only*

Graduate students have the option to appeal decisions by the School of Education dean or designee by using the process detailed on the Graduate School's website (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

Questions about these procedures can be directed to the School of Education Dean's Office, 377 Education Building, 1000 Bascom Mall, 608-262-1763.

ADMISSIONS

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) of the Graduate School as well as the program(s).** Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	This program does not admit in the fall.
Spring Deadline	This program does not admit in the spring.
Summer Deadline	May 1
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment. Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	2

GENERAL INFORMATION

- The admissions deadline can be found in the table above; however, the application period is closed when enrollment capacity is reached. Applying early is important.
- We use a “rolling admissions” process in which applications are reviewed as they are received.
- Applicants are informed of their enrollment status within a few weeks of their applications.

PROGRAM REQUIREMENTS

- Undergraduate GPA of 3.00 or higher based on the last 60 credits earned from the degree granting institution.
- One year or more of teaching experience.
- Basic computer skills and equipment.
- Teaching during the two years enrolled in the program is required. This can be part-time or full-time.

There are circumstances in which exceptions can be made regarding admissions requirements. Please contact us with questions (mspe@education.wisc.edu).

FUNDING

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Minimum Credit Requirement 30 credits

Minimum Residence Credit Requirement 18 credits

Minimum Graduate Coursework Requirement 15 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: <https://policy.wisc.edu/library/UW-1244> (<https://policy.wisc.edu/library/UW-1244/>).

Overall Graduate GPA Requirement 3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: <https://policy.wisc.edu/library/UW-1203> (<https://policy.wisc.edu/library/UW-1203/>).

Other Grade Requirements n/a

Assessments and Examinations None.

Language Requirements None.

REQUIRED COURSES

Code	Title	Credits
Year 1, Summer Term		
CURRIC 731	Collaborative Teamwork for Inclusive School Reform	3
ED PSYCH 752	Engaging with Education Research	3
Year 1, Fall Term		
ED PSYCH 501	Thinking and Learning	3
ED PSYCH 640	Foundations of Instructional Coaching	3
Year 1, Spring Term		
ED PSYCH 642	Assessment Analysis and Instructional Decision-Making	3

ED PSYCH 711	Current Topics in Educational Psychology	1
Year 2, Summer Term		
ED PSYCH 633	Supporting Students' Social/Emotional Well-being	3
ELPA 640	Legal Rights and Responsibilities for Teachers	3
Year 2, Fall Term		
ED PSYCH 791	Master of Science for Professional Educators Capstone	4
Year 2, Spring Term		
ED PSYCH 643	Practicum for Instructional Coaching	2
ED PSYCH 745	Designing and Managing the Learning Environment	2
Total Credits		30

Students in this program may not take courses outside the prescribed curriculum without faculty advisor and program director approval. Students in this program cannot enroll concurrently in other undergraduate or graduate degree programs.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

NAMED OPTION-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

No credits from other institutions are allowed to transfer toward the degree.

Undergraduate Credits Earned at Other Institutions or UW-Madison

With program approval, students may transfer up to 4 credits from other institutions or in coursework numbered 300 or above from the undergraduate career completed at UW-Madison. Transfer credits from other institutions must be equivalent to the rigor of UW-Madison courses numbered 300 and above. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Credits earned as a professional student at UW-Madison are not allowed to transfer.

Credits Earned as a University Special Student at UW-Madison

With program approval, students may transfer up to 12 University Special student credits of coursework numbered 300 or above with the "Grad

50%" attribute. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

PROBATION

Refer to the Graduate School: Probation (<https://policy.wisc.edu/library/UW-1217/>) policy.

ADVISOR / COMMITTEE

Refer to the Graduate School: Advisor (<https://policy.wisc.edu/library/UW-1232/>) policy.

CREDITS PER TERM ALLOWED

Students take only 7 credits in the summer and 4 credits in the Fall and Spring semesters.

TIME LIMITS

Refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (<https://osas.wisc.edu/>) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

School of Education Grievance Policy and Procedures

The following School of Education Student Grievance Policy and associated procedures are designed for use in response to individual student grievances regarding faculty or staff in the School of Education.

Any individual student who feels they have been treated unfairly by a School of Education faculty or staff member has the right to file a grievance about the treatment and receive a timely response addressing their concerns. Any student, undergraduate or graduate, may use these grievance procedures, except employees whose complaints are covered under other campus policies. The grievance may concern classroom treatment, mentoring or advising, program admission or continuation, course grades (study abroad grade complaints are handled through International Academic Programs (<https://studyabroad.wisc.edu/>)), or issues not covered by other campus policies or grievance procedures.

For grievances regarding discrimination based on protected bases (<https://compliance.wisc.edu/eo-complaint/>) (i.e., race, color, national origin, sex, disability, age, etc.), contact the Office of Compliance (<https://compliance.wisc.edu/eo-complaint/>).

For grievances or concerns regarding sexual harassment or sexual violence (including sexual assault, dating/domestic violence, stalking, and sexual exploitation), contact the Sexual Misconduct Resource and Response Program (<https://compliance.wisc.edu/titleix/>) within the Office of Compliance.

For grievances that involve the behavior of a student, contact the Office of Student Conduct and Community Standards in the Dean of Students Office at <https://conduct.students.wisc.edu/>.

For grievances about, or directed at, faculty or staff in a School of Education department, unit, or program, students should follow these steps:

1. Students are strongly encouraged to first talk with the person against whom the concern is directed. Many issues can be settled informally at this level. If students are unable to resolve concerns directly or without additional support, step 2 or 3 should be pursued.
2. If unresolved after taking or considering step 1:
 - a. If the concern is directed against a teaching assistant (TA), and the student is not satisfied, the student should contact the TA's supervisor, who is usually the course professor. The course professor will attempt to resolve the concern informally.
 - b. If the concern involves a non-TA instructor, staff member, professor, academic department, or School of Education office or unit, the student should contact the chair of the department or the director of the office or unit, or their designee. The chair or director, or their designee, will attempt to resolve the concern informally. If the concern is about the department chair or office/unit director, the student should consult the School of Education Senior Associate Dean for guidance.
3. If the concern remains unresolved after step 2, the student may submit a formal grievance to the chair or director in writing within 30 business days¹ of the alleged unfair treatment. To the fullest extent possible, a formal written grievance shall contain a clear and concise statement of the issue(s) involved and the relief sought.
4. On receipt of a written grievance, the chair or director will notify the person at whom the grievance is directed with a copy of the written grievance. The person at whom the complaint is directed may submit a written response, which would be shared with the student.
5. On receipt of a written grievance, the chair or director will refer the matter to a department, office, or unit committee comprised of at least two members. The committee may be an existing committee or one constituted for this purpose. The committee, or delegates from the committee, may meet with the parties involved and/or review any material either party shares with the committee.

6. The committee will provide a written description of the facts of the grievance and communicate recommendations to the department chair or office/unit head regarding how the grievance should be handled.
7. The chair or director will offer to meet with the student who made the grievance and also will provide a written decision to the student, including a description of any related action taken by the committee, within 30 business days of receiving the formal grievance.

¹ For the purpose of this policy, business days refers to those days when the University Offices are open and shall not include weekends, university holidays, spring recess, or the period from the last day of exams of fall semester instruction to the first day of spring semester instruction. All time limits may be modified by mutual consent of the parties involved.

If the grievance concerns an undergraduate course grade, the decision of the department chair after reviewing the committee's recommendations is final.

Other types of grievances may be appealed using the following procedures:

1. Both the student who filed the grievance or the person at whom the grievance was directed, if unsatisfied with the decision of the department, office or unit, have five (5) business days from receipt of the decision to contact the Senior Associate Dean, indicating the intention to appeal.
2. A written appeal must be filed with the Senior Associate Dean within 10 business days of the time the appealing party was notified of the initial resolution of the complaint.
3. On receipt of a written appeal, the Senior Associate Dean will convene a sub-committee of the School of Education's Academic Planning Council. This subcommittee may ask for additional information from the parties involved and/or may hold a meeting at which both parties will be asked to speak separately (i.e., not in the room at the same time).
4. The subcommittee will then make a written recommendation to the Dean of the School of Education, or their designee, who will render a decision. The dean or designee's written decision shall be made within 30 business days from the date when the written appeal was filed with the Senior Associate Dean. For undergraduate students, the dean or designee's decision is final.

Further appealing a School of Education decision – *graduate students only*

Graduate students have the option to appeal decisions by the School of Education dean or designee by using the process detailed on the Graduate School's website (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

Questions about these procedures can be directed to the School of Education Dean's Office, 377 Education Building, 1000 Bascom Mall, 608-262-1763.

OTHER

Students in the Educational Psychology: Professional Educator MS program are not permitted to hold assistantships with tuition remission.

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

PEOPLE

PEOPLE

Program Director/MSPE Advisor: Dr. Lisa Hebgen

See a listing of MSPE instructors here (<https://mspe.education.wisc.edu/people/>).

EDUCATIONAL PSYCHOLOGY: RESEARCH, MS

This is a named option within the Educational Psychology MS (p. 610).

The Department of Educational Psychology offers the master of science and doctor of philosophy degrees in educational psychology. The programs for the MS and PhD in educational psychology provide comprehensive knowledge of the field and intensive specialization in one of three areas of study and research: human development, learning sciences, and quantitative methods. The department also offers MS, EdS, and PhD degrees in School Psychology.

The department provides training in research. Many faculty members in the department conduct controlled research studies with human participants; schools and other agencies in the Madison area cooperate in facilitating such research projects. Principal research facilities include the School of Education's Wisconsin Center for Education Research and the multidisciplinary Waisman Center.

AREAS OF SPECIALIZATION HUMAN DEVELOPMENT

Professors: Bellmore, Enright, Hubbard, Matthews, Short, Starr, Vlach

This Human Development program focuses on individual development, with an emphasis on the beginning of the lifespan and formal schooling years (infancy through young adulthood). The Human Development area's research seeks to make conceptual/theoretical contributions to the understanding of human behavior that can address practical concerns of educators, parents, and others. Special emphasis is placed on considering how diversity in personal backgrounds, contexts, and experiences contribute to the developing person. The graduate program provides a breadth and depth of knowledge about human development and educational psychology and encourages more detailed study in specific interest areas. Early in the program, students learn about general theories and issues in human development, specific developmental processes in childhood, adolescence, and adulthood; as well as associated statistical methods and research practices. In the latter part of the program, students exercise individual choice in selecting courses in subject matter that will broaden or deepen an understanding of developmental processes. Such coursework may also extend to other programs of the university in which there is a research focus in human development.

LEARNING SCIENCES

Professors: Bell, Karumbaiah, Nathan, Puntambekar, Shaffer, Zhang (Fall 2024)

This program area bridges learning sciences and educational practice. Scholarship encompasses the coordinated design and study of learning environments ranging from preschool to university education, and reaches outside of school to informal contexts for learning, like museums and after-school programs. Faculty interests include the design of technologies as tools for learning, prolonged longitudinal study of relations between teaching and learning, the nature of knowledge in substantive domains of inquiry, like mathematics, science, and composition, and the analysis of learning using moment-by-moment data about learning processes. The program of study emphasizes an apprenticeship model of scholarship with early engagement in substantive problems of learning and teaching. Students work in concert with faculty to develop research studies in each of the first two years of study. Courses are coordinated to promote the development of research and communication skills so that students can become involved with important problems in educational research. As students progress in the program, they continue to work with faculty, both within and outside of the department, to craft systematic investigations of learning environments.

QUANTITATIVE METHODS

Professors: Bolt, Kaplan, Kim, Pustejovsky, Wollack

Educational research has a strong tradition of employing state-of-the-art statistical and psychometric (psychological measurement) techniques. Researchers in all areas of education develop measuring instruments, design and conduct experiments and surveys, and analyze data resulting from these activities. Because of this tradition, quantitative methods has long been an area of specialization within educational psychology. Graduates in this area teach, serve as consultants to educational researchers, and conduct research on statistics and psychometrics in education-related fields. Within the program, the quantitative methods area offers the two major specializations of statistics and measurement.

The study of quantitative methods takes advantage of the range of resources at the University of Wisconsin–Madison and includes coursework in statistics, mathematics, and computer sciences, and in other units of the School of Education.

MS DEGREE PROGRAMS IN EDUCATIONAL PSYCHOLOGY WITH SPECIAL EMPHASES

The special-emphasis master's degree program is designed for individuals who want to improve their knowledge base and skills for functioning in educational settings. The program is built around educator needs and offers a flexible blend of coursework, independent study, and practicum experiences. It is designed to provide the student with an individualized program of theoretical and applied training, tailored to his or her interests, needs, and professional goals.

ADMISSIONS

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) of the Graduate School as well as the program(s).** Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 1
Spring Deadline	The program does not admit in the spring.
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Required.
English Proficiency Test	Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment. Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/).

Other Test(s) (e.g., GMAT, MCAT)	n/a
----------------------------------	-----

Letters of Recommendation Required	3
------------------------------------	---

For admission to graduate work, the department does not require a specific undergraduate major. However, it is preferred that applicants have completed approximately 18 credits in courses that provide a relevant foundation for further study in educational psychology. Neither certification as a teacher nor teaching experience is required. An undergraduate grade point average of at least 3.0 (4.0 basis) based on the last 60 semester hours of undergraduate coursework is required. A statement of purpose is also required.

FUNDING

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Students are eligible to compete for UW–Madison fellowships. A limited number of teaching and project assistantships are available within the department, and prospective students are encouraged to refer to the instructions for fellowships and assistantships contained in the program application information.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

NAMED OPTION REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail

Minimum Credit Requirement	36 credits
Minimum Residence Credit Requirement	27 credits
Minimum Graduate Coursework Requirement	18 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/).
Overall Graduate GPA Requirement	3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	n/a
Assessments and Examinations	Human Development and Quantitative Methods pathways- A thesis is required. Learning Sciences pathway - A major area paper is required.
Language Requirements	No language requirements.

REQUIRED COURSES

Human Development Pathway¹

Code	Title	Credits
Core		
ED PSYCH 709	Seminar in Research in Educational Psychology I	3
ED PSYCH 710	Seminar in Research in Educational Psychology II	3
ED PSYCH 712	Educational Psychology Diversity Seminar	1
ED PSYCH 720	Child Development	3
ED PSYCH 721	Adolescent Development	3
ED PSYCH 760	Statistical Methods Applied to Education I	3
ED PSYCH 761	Statistical Methods Applied to Education II	3

Human Development Area Course

Select one of the following:	3
ED PSYCH 711	Current Topics in Educational Psychology (with permission from Human Development Area Chair)

ED PSYCH/ COUN PSY 723	Developmental Processes Across the Life Span
ED PSYCH/ HDFS 725	Theory and Issues in Human Development
ED PSYCH 921	Seminar in Adolescent Development
ED PSYCH 925	Advanced Seminar in Human Development

Elective credits approved by Human Development faculty² **14**

Master's Thesis

Total Credits **36**

¹ These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

² ED PSYCH 990 Research or Thesis cannot satisfy coursework requirements, but can satisfy elective credits. No more than four credits can be earned in ED PSYCH 999 Independent Reading.

Learning Sciences Pathway¹

Code	Title	Credits
Core		
ED PSYCH 709	Seminar in Research in Educational Psychology I	3
ED PSYCH 710	Seminar in Research in Educational Psychology II	3
ED PSYCH 712	Educational Psychology Diversity Seminar	1
ED PSYCH 795	Introduction to Learning Sciences I	3
ED PSYCH 796	Introduction to the Learning Sciences II	3
Two classes (6 credits) in the quantitative methods area not including ED PSYCH 760 or its equivalent. ²		6
ED PSYCH 711	Current Topics in Educational Psychology (Topic: Current Issues in the Learning Sciences)	4
ED PSYCH 711	Current Topics in Educational Psychology (Topic: Academic Writing in Learning Sciences)	3
One class (3 credits) in qualitative methods.		3
One additional class (3 credits) in the Learning Sciences area. ³		3
Elective credits approved by Learning Sciences faculty.		4
Major Area Paper		

Total Credits **36**

¹ These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

² This includes any course in the Quantitative Methods program area or any other approved course by the Learning Sciences faculty as covering appropriate content in quantitative methods.

³ This includes any course in the Learning Sciences program area or any other approved course by the Learning Sciences faculty as covering appropriate content in the learning sciences.

Quantitative Methods Pathway¹

The Quantitative Area of the Department of Educational Psychology is divided into two subareas:

1. Educational Statistics and Research Methodology; and
2. Educational Measurement.

The requirements in each of these subareas are listed below.

Educational Statistics and Research Methodology Subarea

Code	Title	Credits
Core		
ED PSYCH 709	Seminar in Research in Educational Psychology I	3
ED PSYCH 710	Seminar in Research in Educational Psychology II	3
ED PSYCH 712	Educational Psychology Diversity Seminar	1
ED PSYCH 760	Statistical Methods Applied to Education I	3
ED PSYCH 761	Statistical Methods Applied to Education II	3
ED PSYCH 762	Introduction to the Design of Educational Experiments	3
ED PSYCH 763	Regression Models in Education	3
Three courses in the quantitative area (options below or additional courses chosen in consultation with advisor)		9
ED PSYCH 771	Test Construction	
ED PSYCH 773	Factor Analysis, Multidimensional Scaling and Cluster Analysis	
ED PSYCH 871	Test Theory II	
ED PSYCH 960	Structural Equation Modeling	
ED PSYCH 963	Design & Analysis of Quasi-Experiments for Causal Inference	
ED PSYCH 964	Hierarchical Linear Modeling	
ED PSYCH 965	Applied Bayesian Statistics for Education Research	
ED PSYCH 971	Advanced Seminar in Educational Measurement and Statistics	
Elective credits approved by Quantitative Methods faculty		8
Master's Thesis		
Total Credits		36

¹ These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

Educational Measurement Subarea

Code	Title	Credits
ED PSYCH 709	Seminar in Research in Educational Psychology I	3

ED PSYCH 710	Seminar in Research in Educational Psychology II	3
ED PSYCH 712	Educational Psychology Diversity Seminar	1
ED PSYCH 760	Statistical Methods Applied to Education I	3
ED PSYCH 761	Statistical Methods Applied to Education II	3
ED PSYCH 771	Test Construction	3
Four courses in the quantitative area (options below or other chosen in consultation with advisor)		12
ED PSYCH 762	Introduction to the Design of Educational Experiments	
ED PSYCH 763	Regression Models in Education	
ED PSYCH 871	Test Theory II	
ED PSYCH 960	Structural Equation Modeling	
ED PSYCH 963	Design & Analysis of Quasi-Experiments for Causal Inference	
ED PSYCH 964	Hierarchical Linear Modeling	
ED PSYCH 965	Applied Bayesian Statistics for Education Research	
ED PSYCH 971	Advanced Seminar in Educational Measurement and Statistics	
ED PSYCH 773	Factor Analysis, Multidimensional Scaling and Cluster Analysis	
Elective credits approved by Quantitative Methods faculty		8
Master's Thesis		
Total Credits		36

¹ These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

NAMED OPTION-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

With program approval, students are allowed to transfer no more than 9 credits of graduate coursework from other institutions. Coursework earned ten or more years prior to admission to a master's is not allowed to satisfy requirements.

Undergraduate Credits Earned at Other Institutions or UW-Madison

No credits from a UW-Madison or other institution undergraduate degree are allowed to transfer toward the degree.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a University Special Student at UW-Madison

With program approval, students are allowed to transfer no more than 9 credits of coursework numbered 300 or above taken as a UW-Madison University Special student. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

PROBATION

Refer to the Graduate School: Probation (<https://policy.wisc.edu/library/UW-1217/>) policy.

ADVISOR / COMMITTEE

Refer to the Graduate School: Advisor (<https://policy.wisc.edu/library/UW-1232/>) and Graduate School: Committees (Doctoral/Master's/MFA) (<https://policy.wisc.edu/library/UW-1201/>) policies.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

Refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeedisabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (<https://osas.wisc.edu/>) (for all students to seek grievance assistance and support)

- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

School of Education Grievance Policy and Procedures

The following School of Education Student Grievance Policy and associated procedures are designed for use in response to individual student grievances regarding faculty or staff in the School of Education.

Any individual student who feels they have been treated unfairly by a School of Education faculty or staff member has the right to file a grievance about the treatment and receive a timely response addressing their concerns. Any student, undergraduate or graduate, may use these grievance procedures, except employees whose complaints are covered under other campus policies. The grievance may concern classroom treatment, mentoring or advising, program admission or continuation, course grades (study abroad grade complaints are handled through International Academic Programs (<https://studyabroad.wisc.edu/>)), or issues not covered by other campus policies or grievance procedures.

For grievances regarding discrimination based on protected bases (<https://compliance.wisc.edu/eo-complaint/>) (i.e., race, color, national origin, sex, disability, age, etc.), contact the Office of Compliance (<https://compliance.wisc.edu/eo-complaint/>).

For grievances or concerns regarding sexual harassment or sexual violence (including sexual assault, dating/domestic violence, stalking, and sexual exploitation), contact the Sexual Misconduct Resource and Response Program (<https://compliance.wisc.edu/titleix/>) within the Office of Compliance.

For grievances that involve the behavior of a student, contact the Office of Student Conduct and Community Standards in the Dean of Students Office at <https://conduct.students.wisc.edu/>.

For grievances about, or directed at, faculty or staff in a School of Education department, unit, or program, students should follow these steps:

1. Students are strongly encouraged to first talk with the person against whom the concern is directed. Many issues can be settled informally at this level. If students are unable to resolve concerns directly or without additional support, step 2 or 3 should be pursued.
2. If unresolved after taking or considering step 1:
 - a. If the concern is directed against a teaching assistant (TA), and the student is not satisfied, the student should contact the TA's supervisor, who is usually the course professor. The course professor will attempt to resolve the concern informally.
 - b. If the concern involves a non-TA instructor, staff member, professor, academic department, or School of Education office or unit, the student should contact the chair of the department or the director of the office or unit, or their designee. The chair or director, or their designee, will attempt to resolve the concern informally. If the concern is about the department chair or office/unit director, the student should consult the School of Education Senior Associate Dean for guidance.
3. If the concern remains unresolved after step 2, the student may submit a formal grievance to the chair or director in writing within 30 business days¹ of the alleged unfair treatment. To the fullest extent possible, a

formal written grievance shall contain a clear and concise statement of the issue(s) involved and the relief sought.

4. On receipt of a written grievance, the chair or director will notify the person at whom the grievance is directed with a copy of the written grievance. The person at whom the complaint is directed may submit a written response, which would be shared with the student.
5. On receipt of a written grievance, the chair or director will refer the matter to a department, office, or unit committee comprised of at least two members. The committee may be an existing committee or one constituted for this purpose. The committee, or delegates from the committee, may meet with the parties involved and/or review any material either party shares with the committee.
6. The committee will provide a written description of the facts of the grievance and communicate recommendations to the department chair or office/unit head regarding how the grievance should be handled.
7. The chair or director will offer to meet with the student who made the grievance and also will provide a written decision to the student, including a description of any related action taken by the committee, within 30 business days of receiving the formal grievance.

¹ For the purpose of this policy, business days refers to those days when the University Offices are open and shall not include weekends, university holidays, spring recess, or the period from the last day of exams of fall semester instruction to the first day of spring semester instruction. All time limits may be modified by mutual consent of the parties involved.

If the grievance concerns an undergraduate course grade, the decision of the department chair after reviewing the committee's recommendations is final.

Other types of grievances may be appealed using the following procedures:

1. Both the student who filed the grievance or the person at whom the grievance was directed, if unsatisfied with the decision of the department, office or unit, have five (5) business days from receipt of the decision to contact the Senior Associate Dean, indicating the intention to appeal.
2. A written appeal must be filed with the Senior Associate Dean within 10 business days of the time the appealing party was notified of the initial resolution of the complaint.
3. On receipt of a written appeal, the Senior Associate Dean will convene a sub-committee of the School of Education's Academic Planning Council. This subcommittee may ask for additional information from the parties involved and/or may hold a meeting at which both parties will be asked to speak separately (i.e., not in the room at the same time).
4. The subcommittee will then make a written recommendation to the Dean of the School of Education, or their designee, who will render a decision. The dean or designee's written decision shall be made within 30 business days from the date when the written appeal was filed with the Senior Associate Dean. For undergraduate students, the dean or designee's decision is final.

Further appealing a School of Education decision – *graduate students only*

Graduate students have the option to appeal decisions by the School of Education dean or designee by using the process

detailed on the Graduate School's website (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

Questions about these procedures can be directed to the School of Education Dean's Office, 377 Education Building, 1000 Bascom Mall, 608-262-1763.

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

PEOPLE

PEOPLE
FACULTY

Professors: Asmus, Bell, Bellmore, Bolt, Enright, Kaplan, Kilgus, Kim, Nathan, Puntambekar, Quintana, Shaffer, Wollack

Associate Professors: Albers, Eklund, Garbacz, Hubbard, Matthews, Pustejovsky, Vlach

Assistant Professors: Karumbaiah, Klingbeil, Short, Starr, Zhang (Fall 2024)

Clinical Associate Professor: Kelly

Clinical Assistant Professor: Hagermoser-Bayley

EDUCATIONAL
PSYCHOLOGY, PHD

The Department of Educational Psychology offers the master of science and doctor of philosophy degrees in educational psychology. The programs for the MS and PhD in educational psychology provide comprehensive knowledge of the field and intensive specialization in one of three areas of study and research: human development, learning sciences, quantitative methods. The program also offers a PhD in School Psychology. (<https://guide.wisc.edu/graduate/educational-psychology/school-psychology-phd/>)

The department provides training in research. Many faculty members in the department conduct controlled research studies with human participants; schools and other agencies in the Madison area cooperate in facilitating such research projects. Principal research facilities include the School of Education's Wisconsin Center for Education Research and the multidisciplinary Waisman Center.

AREAS OF SPECIALIZATION

Human Development

Professors: Bellmore, Enright, Hubbard, Matthews, Short, Starr, Vlach

This Human Development program focuses on individual development, with an emphasis on the beginning of the lifespan and formal schooling years (infancy through young adulthood). The Human Development area's research seeks to make conceptual/theoretical contributions to the understanding of human behavior that can address practical concerns of educators, parents, and others. Special emphasis is placed on considering how diversity in personal backgrounds, contexts, and experiences contribute to the developing person. The graduate program provides a breadth and depth of knowledge about human development and educational psychology and encourages more detailed study in specific interest areas. Early in the program, students learn about general theories and issues in human development; specific developmental processes in childhood, adolescence, and adulthood; as well as associated statistical methods and research practices.

In the latter part of the program, students exercise individual choice in selecting courses in subject matter that will broaden or deepen an understanding of developmental processes. Such coursework may also extend to other programs of the university in which there is a research focus in human development.

Learning Sciences

Professors: Bell, Karumbaiah, Nathan, Puntambekar, Shaffer, Zhang (Fall 2024)

This program area bridges learning sciences and educational practice. Scholarship encompasses the coordinated design and study of learning environments ranging from preschool to university education, and reaches outside of school to informal contexts for learning, like museums and after-school programs. Faculty interests include the design of technologies as tools for learning, prolonged longitudinal study of relations between teaching and learning, the nature of knowledge in substantive domains of inquiry, like mathematics, science, and composition, and the analysis of learning using moment-by-moment data about learning processes. The program of study emphasizes an apprenticeship model of scholarship with early engagement in substantive problems of learning and teaching. Students work in concert with faculty to develop research studies in each of the first two years of study. Courses are coordinated to promote the development of research and communication skills so that students can become involved with important problems in educational research. As students progress in the program, they continue to work with faculty, both within and outside of the department, to craft systematic investigations of learning environments.

Quantitative Methods

Professors: Bolt, Kaplan, Kim, Pustejovsky, Wollack

Educational research has a strong tradition of employing state-of-the-art statistical and psychometric (psychological measurement) techniques. Researchers in all areas of education develop measuring instruments, design and conduct experiments and surveys, and analyze data resulting from these activities. Because of this tradition, quantitative methods have long been an area of specialization within educational psychology. Graduates in this area teach, serve as consultants to educational researchers, and conduct research on statistics and psychometrics in education-related fields. Within the program, the quantitative methods area offers the two major specializations of statistics and measurement.

The study of quantitative methods takes advantage of the range of resources at the University of Wisconsin-Madison and includes coursework in statistics, mathematics, and computer sciences, and in other units of the School of Education.

SCHOOL PSYCHOLOGY

The Department of Educational Psychology also administers a PhD in School Psychology (<https://guide.wisc.edu/graduate/educational-psychology/school-psychology-phd/>).

ADMISSIONS

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) of the Graduate School as well as the program(s).** Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 1
Spring Deadline	This program does not admit in the spring.
Summer Deadline	This program does not admit in the summer.
GRE (Graduate Record Examinations)	Required.
English Proficiency Test	Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment. Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

For admission to graduate work, the department does not require a specific undergraduate major. However, it is preferred that applicants have completed approximately 18 credits in courses that provide a relevant foundation for further study in educational psychology. Neither certification as a teacher nor teaching experience is required. An undergraduate grade point average of at least 3.0 (4.0 basis) based on the last 60 semester hours of undergraduate coursework is required. A statement of purpose is also required.

FUNDING

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Students are eligible to compete for UW–Madison fellowships. A limited number of teaching and project assistantships are available within the department, and prospective students are encouraged to refer to the instructions for fellowships and assistantships contained in the program application information.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW–Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail	
Minimum Credit Requirement	56 credits
Minimum Residence Credit Requirement	38 credits
Minimum Graduate Coursework Requirement	28 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/).
Overall Graduate GPA Requirement	3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	n/a
Assessments and Examinations	Doctoral students are required to take a comprehensive preliminary/oral examination after they have cleared their record of all Incomplete and Progress grades (other than research and thesis). Deposit of the doctoral dissertation in the Graduate School is required.
Language Requirements	No language requirements.
Graduate School Breadth Requirement	All doctoral students are required to complete a doctoral minor or graduate/professional certificate. Refer to the Graduate School: Breadth Requirement in Doctoral Training policy: https://policy.wisc.edu/library/UW-1200 (https://policy.wisc.edu/library/UW-1200/).

REQUIRED COURSES**Human Development Pathway¹**

Code	Title	Credits
MS Requirements		
ED PSYCH 709	Seminar in Research in Educational Psychology I	3
ED PSYCH 710	Seminar in Research in Educational Psychology II	3
ED PSYCH 712	Educational Psychology Diversity Seminar	1
ED PSYCH 720	Child Development	3
ED PSYCH 721	Adolescent Development	3
ED PSYCH 760	Statistical Methods Applied to Education I	3
ED PSYCH 761	Statistical Methods Applied to Education II	3
Human Development Area Course		
Select one of the following:		3
ED PSYCH 711	Current Topics in Educational Psychology * with permission from HD Area Chair	
ED PSYCH/ COUN PSY 723	Developmental Processes Across the Life Span	
ED PSYCH/ HDFS 725	Theory and Issues in Human Development	
ED PSYCH 921	Seminar in Adolescent Development	
ED PSYCH 925	Advanced Seminar in Human Development	
Elective credits approved by HD faculty		11
Master's Thesis		
Additional PhD Requirements		
Select two (2) additional Human Development area courses from the list above. Thesis and dissertation credits (990) can not be counted towards coursework requirements, but can count toward elective credits. No more than four credits can be earned in Independent Study (999).		6
ED PSYCH 762	Introduction to the Design of Educational Experiments	3
or ED PSYCH 763	Regression Models in Education	
Breadth coursework		9
Additional Elective credits to reach a total of 20 credits after MS degree		5
Total Credits		56

¹ These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

Learning Sciences Pathway¹

Code	Title	Credits
MS Requirements		
ED PSYCH 709	Seminar in Research in Educational Psychology I	3

ED PSYCH 710	Seminar in Research in Educational Psychology II	3
ED PSYCH 712	Educational Psychology Diversity Seminar	1
ED PSYCH 795	Introduction to Learning Sciences I	3
ED PSYCH 796	Introduction to the Learning Sciences II	3
Two classes (6 credits) in the quantitative methods area not including ED PSYCH 760 or its equivalent. ²		6
ED PSYCH 711	Current Topics in Educational Psychology (Topic: Current Issues in the Learning Sciences)	4
ED PSYCH 711	Current Topics in Educational Psychology (Topic: Academic Writing in Learning Sciences)	3
One class (3 credits) in qualitative methods.		3
One additional class (3 credits) in the Learning Sciences area. This includes any course in the Learning Sciences program area or any other approved course by the Learning Science faculty as covering appropriate content in the learning sciences.		3
Elective credits approved by LS faculty.		4
Major Area Paper		
Additional PhD Requirements		
<i>The following 20 credits must be completed after admission to PhD program:</i>		
One advanced course in either quantitative or qualitative methods numbered 762 or above or introductory qualitative methods.		3
One additional class in Learning Sciences		3
ED PSYCH 711	Current Topics in Educational Psychology (Topic: Current Issues in the Learning Sciences)	2
Breadth coursework		9
Elective credits numbered 600 and above to reach 20 credits		3
Total Credits		56

¹ These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

² This includes any course in the Quantitative Methods program area or any other approved course by the Learning Sciences faculty as covering appropriate content in quantitative methods.

Quantitative Methods Pathway¹

The Quantitative Area of the Department of Educational Psychology is divided into two subareas: (1) Educational Statistics and Research Methodology; and (2) Educational Measurement. Below are listed the requirements in each of these subareas.

Educational Statistics and Research Methodology subarea

Code	Title	Credits
ED PSYCH 709	Seminar in Research in Educational Psychology I	3
ED PSYCH 710	Seminar in Research in Educational Psychology II	3

ED PSYCH 712	Educational Psychology Diversity Seminar	1
ED PSYCH 760	Statistical Methods Applied to Education I	3
ED PSYCH 761	Statistical Methods Applied to Education II	3
ED PSYCH 762	Introduction to the Design of Educational Experiments	3
ED PSYCH 763	Regression Models in Education	3
ED PSYCH 771	Test Construction	3
ED PSYCH 960	Structural Equation Modeling	3
ED PSYCH 963	Design & Analysis of Quasi-Experiments for Causal Inference	3
ED PSYCH 964	Hierarchical Linear Modeling	3
STAT/MATH 309	Introduction to Probability and Mathematical Statistics I	3-4
or STAT 311	Introduction to Theory and Methods of Mathematical Statistics I	
or STAT 609	Mathematical Statistics I	
or STAT/MATH 709	Mathematical Statistics	
STAT/MATH 310	Introduction to Probability and Mathematical Statistics II	3-4
or STAT 312	Introduction to Theory and Methods of Mathematical Statistics II	
or STAT 610	Introduction to Statistical Inference	
or STAT/MATH 710	Mathematical Statistics	

Elective Courses (chosen in consultation with advisor): 10

ED PSYCH 773	Factor Analysis, Multidimensional Scaling and Cluster Analysis
ED PSYCH 871	Test Theory II
ED PSYCH 965	Applied Bayesian Statistics for Education Research
ED PSYCH 971	Advanced Seminar in Educational Measurement and Statistics

Other statistics courses, including those outside the Department and special topics courses within the Department (e.g., longitudinal data analysis, statistical computation, missing data analysis)

Other courses from the Learning Sciences or Human Development track, or School Psychology degree, approved by the Quantitative Methods faculty as fitting into the student's program of study.

Breadth coursework 9

Total Credits 56-58

¹ These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

Educational Measurement subarea

Code	Title	Credits
ED PSYCH 709	Seminar in Research in Educational Psychology I	3
ED PSYCH 710	Seminar in Research in Educational Psychology II	3
ED PSYCH 712	Educational Psychology Diversity Seminar	1
ED PSYCH 760	Statistical Methods Applied to Education I	3
ED PSYCH 761	Statistical Methods Applied to Education II	3
ED PSYCH 762	Introduction to the Design of Educational Experiments	3
ED PSYCH 763	Regression Models in Education	3
ED PSYCH 771	Test Construction	3
ED PSYCH 773	Factor Analysis, Multidimensional Scaling and Cluster Analysis	3
ED PSYCH 871	Test Theory II	3
ED PSYCH 960	Structural Equation Modeling	3
STAT/MATH 309	Introduction to Probability and Mathematical Statistics I	3-4

or STAT 609	Mathematical Statistics I	
or STAT/MATH 709	Mathematical Statistics	
STAT/MATH 310	Introduction to Probability and Mathematical Statistics II	3-4
or STAT 312	Introduction to Theory and Methods of Mathematical Statistics II	
or STAT 610	Introduction to Statistical Inference	
or STAT/MATH 710	Mathematical Statistics	

Elective Courses (chosen in consultation with advisor): 10

ED PSYCH 963	Design & Analysis of Quasi-Experiments for Causal Inference
ED PSYCH 964	Hierarchical Linear Modeling
ED PSYCH 965	Applied Bayesian Statistics for Education Research
ED PSYCH 971	Advanced Seminar in Educational Measurement and Statistics

Other measurement/assessment/evaluation and statistics courses including those outside of the Department and those to be developed in the Department

Other courses in the Learning Sciences and Human Development track, and School Psychology degree or any other approved course by the Quantitative Methods faculty that fit into the student's program of study.

Breadth coursework 9

Total Credits 56-58

¹ These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names

do not appear in the Graduate School admissions application, and they will not appear on the transcript.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

With program approval, students are allowed to transfer no more than 9 credits of graduate coursework from other institutions. Coursework earned ten years or more prior to admission to a doctoral degree is not allowed to satisfy requirements.

Undergraduate Credits Earned at Other Institutions or UW-Madison

No credits from a UW-Madison or other institution undergraduate degree are allowed to count toward the degree.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a University Special student at UW-Madison

With program approval, students are allowed to transfer no more than 9 credits of coursework numbered 300 or above taken as a UW-Madison University Special student. Coursework earned ten or more years prior to admission to a doctoral degree is not allowed to satisfy requirements.

PROBATION

Refer to the Graduate School: Probation (<https://policy.wisc.edu/library/UW-1217/>) policy.

ADVISOR / COMMITTEE

Refer to the Graduate School: Advisor (<https://policy.wisc.edu/library/UW-1232/>) and Graduate School: Committees (Doctoral/Master's/MFA) (<https://policy.wisc.edu/library/UW-1201/>) policies.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

Refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeeedisabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departamental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (<https://osas.wisc.edu/>) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

School of Education Grievance Policy and Procedures

The following School of Education Student Grievance Policy and associated procedures are designed for use in response to individual student grievances regarding faculty or staff in the School of Education.

Any individual student who feels they have been treated unfairly by a School of Education faculty or staff member has the right to file a grievance about the treatment and receive a timely response addressing their concerns. Any student, undergraduate or graduate, may use these grievance procedures, except employees whose complaints are covered under other campus policies. The grievance may concern classroom treatment, mentoring or advising, program admission or continuation, course grades (study abroad grade complaints are handled through International Academic Programs (<https://studyabroad.wisc.edu/>)), or issues not covered by other campus policies or grievance procedures.

For grievances regarding discrimination based on protected bases (<https://compliance.wisc.edu/eo-complaint/>) (i.e., race, color, national origin, sex, disability, age, etc.), contact the Office of Compliance (<https://compliance.wisc.edu/eo-complaint/>).

For grievances or concerns regarding sexual harassment or sexual violence (including sexual assault, dating/domestic violence, stalking, and sexual exploitation), contact the Sexual Misconduct Resource and Response Program (<https://compliance.wisc.edu/titleix/>) within the Office of Compliance.

For grievances that involve the behavior of a student, contact the Office of Student Conduct and Community Standards in the Dean of Students Office at <https://conduct.students.wisc.edu/>).

For grievances about, or directed at, faculty or staff in a School of Education department, unit, or program, students should follow these steps:

1. Students are strongly encouraged to first talk with the person against whom the concern is directed. Many issues can be settled informally at this level. If students are unable to resolve concerns directly or without additional support, step 2 or 3 should be pursued.
2. If unresolved after taking or considering step 1:
 - a. If the concern is directed against a teaching assistant (TA), and the student is not satisfied, the student should contact the TA's supervisor, who is usually the course professor. The course professor will attempt to resolve the concern informally.
 - b. If the concern involves a non-TA instructor, staff member, professor, academic department, or School of Education office or unit, the student should contact the chair of the department or the director of the office or unit, or their designee. The chair or director, or their designee, will attempt to resolve the concern informally. If the concern is about the department chair or office/unit director, the student should consult the School of Education Senior Associate Dean for guidance.
3. If the concern remains unresolved after step 2, the student may submit a formal grievance to the chair or director in writing within 30 business days¹ of the alleged unfair treatment. To the fullest extent possible, a formal written grievance shall contain a clear and concise statement of the issue(s) involved and the relief sought.
4. On receipt of a written grievance, the chair or director will notify the person at whom the grievance is directed with a copy of the written grievance. The person at whom the complaint is directed may submit a written response, which would be shared with the student.
5. On receipt of a written grievance, the chair or director will refer the matter to a department, office, or unit committee comprised of at least two members. The committee may be an existing committee or one constituted for this purpose. The committee, or delegates from the committee, may meet with the parties involved and/or review any material either party shares with the committee.
6. The committee will provide a written description of the facts of the grievance and communicate recommendations to the department chair or office/unit head regarding how the grievance should be handled.
7. The chair or director will offer to meet with the student who made the grievance and also will provide a written decision to the student, including a description of any related action taken by the committee, within 30 business days of receiving the formal grievance.

¹ For the purpose of this policy, business days refers to those days when the University Offices are open and shall not include weekends, university holidays, spring recess, or the period from the last day of exams of fall semester instruction to the first day of spring semester instruction. All time limits may be modified by mutual consent of the parties involved.

If the grievance concerns an undergraduate course grade, the decision of the department chair after reviewing the committee's recommendations is final.

Other types of grievances may be appealed using the following procedures:

1. Both the student who filed the grievance or the person at whom the grievance was directed, if unsatisfied with the decision of the department, office or unit, have five (5) business days from receipt of the decision to contact the Senior Associate Dean, indicating the intention to appeal.
2. A written appeal must be filed with the Senior Associate Dean within 10 business days of the time the appealing party was notified of the initial resolution of the complaint.
3. On receipt of a written appeal, the Senior Associate Dean will convene a sub-committee of the School of Education's Academic Planning Council. This subcommittee may ask for additional information from the parties involved and/or may hold a meeting at which both parties will be asked to speak separately (i.e., not in the room at the same time).
4. The subcommittee will then make a written recommendation to the Dean of the School of Education, or their designee, who will render a decision. The dean or designee's written decision shall be made within 30 business days from the date when the written appeal was filed with the Senior Associate Dean. For undergraduate students, the dean or designee's decision is final.

Further appealing a School of Education decision – *graduate students only*

Graduate students have the option to appeal decisions by the School of Education dean or designee by using the process detailed on the Graduate School's website (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

Questions about these procedures can be directed to the School of Education Dean's Office, 377 Education Building, 1000 Bascom Mall, 608-262-1763.

OTHER

For the PhD program, the department offers assistantships to incoming students.

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

LEARNING OUTCOMES

1. Acquire a strong foundation in current and past theories, research findings, and methodologies in their program area. Use critical thinking skills to synthesize existing knowledge, evaluate strengths and limitations in existing theory and research, and identify issues in need of additional inquiry - including conceptual and methodological approaches available to address these issues.
2. Demonstrate a knowledge of and sensitivity to human diversity in terms of individual abilities and orientations and sociocultural backgrounds.
3. Retrieve, evaluate, and interpret professional and scientific literature; use this information to develop or adapt theoretical frameworks and derive testable hypotheses or predictions for their own research / program evaluation projects.
4. Learn to design realistic and feasible research or assessment projects in their program area and to prepare necessary protocols that are sensitive to the backgrounds of individuals who are the focus of their work.
5. Conduct independent research and analyze and interpret resulting data.
6. Create clear and concise reports of their research or program evaluations that are appropriate to the intended audiences, which may include fellow scholars (via scholarly journals), practitioners (via practitioner journals or reports), and lay audiences (via online or other published reports).
7. Communicate effectively in collaborative work, instructional activities, and/or consultation settings with students and professional colleagues.
8. Conduct research or program implementation / evaluation in accordance with ethical standards established in their field of inquiry.

PEOPLE

PEOPLE FACULTY

Professors: Asmus, Bell, Bellmore, Bolt, Enright, Kaplan, Kilgus, Kim, Nathan, Puntambekar, Quintana, Shaffer, Wollack

Associate Professors: Albers, Eklund, Garbacz, Hubbard, Matthews, Pustejovsky, Vlach

Assistant Professors: Karumbaiah, Klingbeil, Short, Starr, Zhang (Fall 2024)

Clinical Associate Professor: Kelly

Clinical Assistant Professor: Hagermoser-Bayley

INSTRUCTIONAL COACHING, GRADUATE/PROFESSIONAL CERTIFICATE

The University of Wisconsin-Madison offers an online Instructional Coaching Certificate embedded within the Master of Science for Professional Educators (MSPE) Program. This program helps current and aspiring instructional coaches engage in reflective dialogue, use student evidence, and build meaningful relationships to enhance their coaching practices. The certificate is only available to those enrolled in the MSPE Program.

ADMISSIONS

ADMISSIONS

The Certificate in Instructional Coaching is open to students in the Masters in Educational Psychology: Named Option in Professional Educators program. Contact the program director for application information (edpsych-gss@education.wisc.edu).

In addition to the steps outlined above, all Graduate School students must utilize the Graduate Student Portal in MyUW to add, change, or discontinue any graduate/professional certificate. For the final step required to apply to this certificate, log in to MyUW, click on Graduate Student Portal, and then click on Add/Change Programs. Select the information for the graduate/professional certificate for which you are applying.

REQUIREMENTS

REQUIREMENTS

Complete the following coursework for a total of 9 credits.

Code	Title	Credits
Fall 1		
ED PSYCH 640	Foundations of Instructional Coaching	3
Spring 1		
ED PSYCH 642	Assessment Analysis and Instructional Decision-Making	3

ED PSYCH 711	Current Topics in Educational Psychology	1
Spring 2		
ED PSYCH 643	Practicum for Instructional Coaching	2
Total Credits		9

LEARNING OUTCOMES

LEARNING OUTCOMES

1. Examine the philosophy and core practices of Instructional Coaching
2. Plan and facilitate coaching cycles in a way that establishes a culture of collective efficacy in a school/district/organization.
3. Analyze data (evidence) gathered from different assessments to better understand how data can be used as an effective instructional coaching tool.
4. Articulate and refine instructional coaching beliefs by drawing on research and examining own practice.

PREVENTION AND INTERVENTION SCIENCE, DOCTORAL MINOR

The doctoral minor has three special features:

1. Training emphasizes programmatic efforts that seek to prevent the development of problematic outcomes and to promote optimal functioning in individuals or groups across the life course.
2. Preventive interventions are implemented and evaluated in family, school, and community contexts – their outcome is investigated in interaction within these contexts.
3. Training emphasizes methodological and statistical training and its applications in prevention research. Particular attention is given to the concentrations of interventions in social services, health, and education; family and community studies; social policy; and methodology.

This multidisciplinary program addresses contemporary health and social issues facing at-risk and vulnerable groups across the life course. Training leads to a doctoral minor (Option A).

ADMISSIONS

ADMISSIONS

Application information for the doctoral minor and graduate/professional certificate are available online by contacting the Program Director (edpsych-gss@education.wisc.edu).

Completed applications must be signed by faculty advisors and submitted to the Department of Educational Psychology Graduate Program Manager (edpsych-gss@education.wisc.edu).

In addition to the steps outlined above, all Graduate School students must utilize the Graduate Student Portal in MyUW to add, change, or discontinue any doctoral minor. For the final step required to apply to this certificate, log in to MyUW, click on Graduate Student Portal, and then click on Add/Change

Programs. Select the information for the doctoral minor for which you are applying.

REQUIREMENTS

REQUIREMENTS TRAINING OPTIONS

Students may earn a doctoral minor or a graduate/professional certificate (p. 634) in Prevention and Intervention Science.

Doctoral students may earn the doctoral minor in prevention and intervention science. The doctoral minor (Option A) in prevention science requires 10 credits in approved courses. It is a named minor that is listed on student transcripts.

AREAS OF CONCENTRATION

Four areas of concentration are available. Students must select one as a major emphasis.

Interventions in Social Services, Health, and Education

The design, implementation, evaluation, and dissemination of a variety of programs in education, health, and social welfare are of high societal priority and are reflected in training. School-based programs are increasingly viewed as key strategies of educational reform. Social service and health delivery to children, families, and adults continue to undergo substantial innovation. The promotion of health and development of individuals and groups with and without special health-care needs also is a focal point of interventions.

Social Policy

This area concerns how social policies and issues affect human and family behavior across the life course. Substantive areas include, among others, child care, poverty, welfare reform, school reform, and health-care reform. An emphasis is given to large-scale policies and programs as well as dissemination and use.

Family and Community Studies

How family and community contexts and processes affect individuals is a key issue for the development and analysis of preventive interventions, and for basic research on families and communities. Family and community-based programs are central to addressing myriad social problems and issues. The relationship between family development and other major social contexts such as neighborhoods, communities, and service systems also are important.

Methodology

An ever-expanding number of quantitative and qualitative methods are available for conducting prevention research. Basic and advanced statistical and methodological training are essential to high-quality graduate training. Gaining understanding and experience in conducting research in field settings is key to developing methodological skills. Some topics to be covered in training include structural equation modeling, hierarchical linear modeling, growth curve modeling, and ethnography.

COURSES

Two courses in prevention science, a practicum, and approved elective courses are required of students seeking the doctoral minor or graduate/professional certificate. It is recommended that the two courses in prevention science be taken in the second year of a student's graduate

program after introductory courses in theory and a substantive area have been taken in the student's home department.

Code	Title	Credits
Required Courses		
ED PSYCH/ HDFS/NURSING/ SOC WORK 880	Prevention Science ¹	3
ED PSYCH/ HDFS/NURSING/ SOC WORK 881	Capstone Seminar in Prevention Science ²	1
Practicum ³		
Electives ⁴		
Students should select two to four additional courses in one of the areas of concentration. Examples of courses that meet the requirements of the minor and certificate program are listed below.		
NURSING 702	Health Promotion and Disease Prevention in Diverse Communities	3
SOC WORK 921	Child Welfare	2-3
SOC WORK 952	PhD Proseminar	3
HDFS 872	Bridging the Gap Between Research and Action	3
HDFS 843	Family Policy: How It Affects Families & What Professionals Can Do	3
HDFS 766	Current Topics in Human Development and Family Studies	1-3
HDFS 869	Advanced Seminar in Family Stress and Coping	3
SOC/ED POL 955	Seminar-Qualitative Methodology	3
CURRIC 726	Qualitative Methods of Studying Children and Contexts	3
PUB AFFR/ A A E/ENVIR ST/ POP HLTH 881	Benefit-Cost Analysis	3
HDFS 766	Current Topics in Human Development and Family Studies	1-3

¹ This course is typically offered during the fall semester.

² This course, typically offered each spring, should be taken after completing SOC WORK/ED PSYCH/HDFS/NURSING 880 and at or near the end of the minor program.

³ Students must participate in a prevention-related research project (practicum) with university faculty as part of the training program. The practicum will result in the completion of a product (e.g., evaluation or intervention report, program or training manual) associated with one of the four concentration areas. This project provides opportunities to apply prevention concepts, methods, and approaches to important educational, health, or social issues and problems. The practicum can be used to supplement the student's educational program without course credit or can be taken for 1-3 research credits that count toward satisfying the requirements of the minor or certificate program. On-campus institutes that are likely to provide training experiences for the practicum and for student research include the Institute on Aging, Waisman Center on Mental Retardation and Human Development, Institute for Research on Poverty, and Wisconsin Center for Educational Research.

⁴ Courses required for a student's major area of study may be counted toward the certificate program but not the doctoral minor. Other courses can be recommended by students or faculty and are subject to approval of the program faculty.

PEOPLE

PREVENTION AND INTERVENTION SCIENCE, GRADUATE/PROFESSIONAL CERTIFICATE

The doctoral minor and graduate/professional certificate have three special features:

1. Training emphasizes programmatic efforts that seek to prevent the development of problematic outcomes and to promote optimal functioning in individuals or groups across the life course.
2. Preventive interventions are implemented and evaluated in family, school, and community contexts – their outcome is investigated in interaction within these contexts.
3. Training emphasizes methodological and statistical training and their applications in prevention research. Particular attention is given to the concentrations of interventions in social services, health, and education; family and community studies; social policy; and methodology.

This multidisciplinary program addresses contemporary health and social issues facing at-risk and vulnerable groups across the life course. Training leads to a graduate/professional certificate in prevention and intervention science.

ADMISSIONS

ADMISSIONS

Application information for the doctoral minor and graduate/professional certificate are available by contacting the Program Director (edpsych-gss@education.wisc.edu).

Completed applications must be signed by faculty advisors and submitted to Department of Educational Psychology Graduate Program Manager at edpsych-gss@education.wisc.edu.

In addition to the steps outlined above, all Graduate School students must utilize the Graduate Student Portal in MyUW to add, change, or discontinue any graduate/professional certificate. For the final step required to apply to this certificate, log in to MyUW, click on Graduate Student Portal, and then click on Add/Change Programs. Select the information for the graduate/professional certificate for which you are applying. Professional students in the careers of Law, Medicine, Pharmacy, and Veterinary cannot add the certificate in the Graduate Student Portal, and should contact the program for more information.

REQUIREMENTS

REQUIREMENTS

Students may earn a graduate/professional certificate or a doctoral minor (p. 633) in Prevention and Intervention Science.

Students must complete 16 credits of approved coursework, including a methodology course. Students may apply 3 credits of research practicum toward requirements.

AREAS OF CONCENTRATION

Students must select a major area of concentration.

Interventions in Social Services, Health, and Education

The design, implementation, evaluation, and dissemination of a variety of programs in education, health, and social welfare are of high societal priority and are reflected in training. School-based programs are increasingly viewed as key strategies of educational reform. Social service and health delivery to children, families, and adults continue to undergo substantial innovation. The promotion of health and development of individuals and groups with and without special healthcare needs also is a focal point of interventions.

Social Policy

This area concerns how social policies and issues affect human and family behavior across the life course. Substantive areas include, among others, childcare, poverty, welfare reform, school reform, and health-care reform. An emphasis is given to large-scale policies and programs as well as dissemination and use.

Family and Community Studies

How family and community contexts and processes affect individuals is a key issue for the development and analysis of preventive interventions, and for basic research on families and communities. Family and community-based programs are central to addressing myriad social problems and issues. The relationship between family development and other major social contexts such as neighborhoods, communities, and service systems also are important.

Methodology

An ever-expanding number of quantitative and qualitative methods are available for conducting prevention research. Prevention-Related Product⁴

Total Credits 16

¹ This course is typically offered during the fall semester.

² This course, typically offered each spring, should be taken after completing SOC WORK/ED PSYCH/HDFS/NURSING 880/SOC WORK/ED PSYCH/HDFS/NURSING 880/SOC WORK/ED PSYCH/HDFS/NURSING 880 and at or near the end of the certificate program.

³ Courses required for a student's major area of study may satisfy certificate program requirements but not the doctoral minor. Other courses can be recommended by students or faculty and are subject to approval of the program faculty.

⁴ A prevention-related product needs to be submitted and approved before graduation.

Prevention Product

Students must complete a prevention-related research or dissemination project with university faculty/staff that results in a prevention-related product (e.g., evaluation or intervention report, conference presentation, professional publication, program or training manual) associated with one of the four concentration areas. This project provides opportunities to apply prevention concepts, methods, and approaches to important educational, health, or social issues and problems.

Examples of on-campus institutes that are likely to provide training experiences leading to a prevention product include the Institute on Aging, Waisman Center, Institute for Research on Poverty, and Wisconsin Center for Educational Research. Students are also able to complete this

requirement through work with their advisor, other faculty/staff, or their own research (under the supervision of a faculty/staff member).

LEARNING OUTCOMES

LEARNING OUTCOMES

1. Identify, explain, and demonstrate the core foundational concepts within prevention science and compare and contrast with other closely related professional domains.
2. Define, explain, and demonstrate how the concepts of risk, promotive, and protective factors are associated with different positive and negative outcomes and how theories related to human behavior and development describe the processes and mechanisms through which risk, promotive, and protective factors are related to positive and negative outcomes.
3. Explain and demonstrate prevention/intervention development principles and how to engage relevant stakeholders in the development, adaptation, and implementation of prevention/intervention programs.
4. Identify appropriate research design principles and various statistical methods associated with prevention science research.

PEOPLE

PEOPLE

Program Chair: Professor Craig Albers (Educational Psychology)

SCHOOL PSYCHOLOGY, EDS

The Educational Specialist (EdS) in School Psychology utilizes a scientist-scholar-practitioner model of professional training. Students prepare for positions as school psychologists in early childhood, elementary, and secondary schools, and with other organizations or agencies that focus on psychological services to children, youth, and families.

The areas of professional practice of school psychologists include psychological assessment and psychodiagnostic evaluation, prevention and intervention procedures, consultation and program planning, and research and evaluation. The progress requires study of applied behavior analysis, cognitive-behavior therapy, social-learning theory, and ecological-behavioral-systems theory. Students receive applied experience and training by completing practicum and internship experiences in individual and group work with children in general and special education, including individuals with developmental disabilities and others with special education needs. Included in the practicum and internship experience is work with families, classroom peer groups, and community and school systems.

The Department of Educational Psychology also administers a PhD in School Psychology (<https://guide.wisc.edu/graduate/educational-psychology/school-psychology-phd/>).

ADMISSIONS

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) of the Graduate School as well as the program(s).** Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 1
Spring Deadline	This program does not admit in the spring.
Summer Deadline	This program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements (https://grad.wisc.edu/apply/requirements/#english-proficiency).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

Admission's criteria for the Educational Specialist (EdS) in School Psychology include:

1. A bachelor's degree from a regionally accredited US institution. International applicants must have a degree comparable to a regionally-accredited US bachelor's degree.
2. A minimum undergraduate grade-point average (GPA) of 3.00 on the equivalent of the last 60 semester hours (approximately two years of work) or a master's degree with a minimum cumulative GPA of 3.00 is required. International applicants must demonstrate strong academic achievement comparable to a 3.00 for an undergraduate or master's degree.
3. Reasons for graduate study/statement of purpose.
4. Curriculum vitae or resume.
5. Unofficial transcripts from previous institutions.

FUNDING

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School.

Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM INFORMATION

Students are eligible to compete for UW–Madison scholarships.

Students enrolled in this program are not eligible to receive tuition remission from graduate assistantship appointments at this institution.

A limited number of teaching and project assistantships are available within the department. Students can accept appointments and hourly positions up to a 33% appointment as long as they do not include tuition remission.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	Yes	No	No	No

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW–Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirements	Detail
Minimum Credit Requirement	66 credits
Minimum Residence Credit Requirement	51 credits
Minimum Graduate Coursework Requirement	66 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/).

Overall Graduate GPA Requirement	3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	n/a
Assessments and Examinations	No formal examinations are required. However, students complete a culminating portfolio.
Language Requirements	No language requirements.

REQUIRED COURSES

School Psychology has a prescribed curriculum of 66 credits total, 10 credits beyond the masters' degree.

- All students will need to complete a portfolio that will serve as the culminating project. This project will need to be approved by all program faculty and clinical staff.
- All students are required to successfully complete the Year 3 internship.
- All program courses must be completed.
- No deviation from the required courses is allowed. Electives are not permissible.

ED PSYCH 943	Internship in School Psychology	4
Spring III		
ED PSYCH 943	Internship in School Psychology	4
Total Credits		66

Students in this program may not take courses outside the prescribed curriculum without faculty advisor and program director approval. Students in this program cannot enroll concurrently in other undergraduate or graduate degree programs.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

With program approval, students are allowed to transfer no more than 15 credits of graduate coursework from other institutions. Coursework earned ten or more years prior to admission to an educational specialist degree is not allowed to satisfy requirements.

Undergraduate Credits Earned at Other Institutions or UW-Madison

With program approval, students are allowed to transfer no more than 7 credits of coursework numbered 300 or above taken as a UW-Madison University undergraduate student. With program approval, students may transfer credits taken at other institutions. Coursework earned ten or more years prior to admission to an educational specialist degree is not allowed to satisfy requirements.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

The program does not transfer credits earned as a professional student at UW-Madison.

Credits Earned as a University Special Student at UW-Madison

With program approval, students are allowed to transfer no more than 3 credits of coursework numbered 300 or above taken as a UW-Madison University Special student. Coursework earned ten or more years prior to admission to an educational specialist degree is not allowed.

PROBATION

Refer to the Graduate School: Probation (<https://policy.wisc.edu/library/UW-1217/>) policy.

ADVISOR / COMMITTEE

Refer to the Graduate School: Advisor (<https://policy.wisc.edu/library/UW-1232/>) and Graduate School: Committees (Doctoral/Master's/MFA) (<https://policy.wisc.edu/library/UW-1201/>) policies.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

Refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeedisabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (<https://osas.wisc.edu/>) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)

- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

School of Education Grievance Policy and Procedures

The following School of Education Student Grievance Policy and associated procedures are designed for use in response to individual student grievances regarding faculty or staff in the School of Education.

Any individual student who feels they have been treated unfairly by a School of Education faculty or staff member has the right to file a grievance about the treatment and receive a timely response addressing their concerns. Any student, undergraduate or graduate, may use these grievance procedures, except employees whose complaints are covered under other campus policies. The grievance may concern classroom treatment, mentoring or advising, program admission or continuation, course grades (study abroad grade complaints are handled through International Academic Programs (<https://studyabroad.wisc.edu/>)), or issues not covered by other campus policies or grievance procedures.

For grievances regarding discrimination based on protected bases (<https://compliance.wisc.edu/eo-complaint/>) (i.e., race, color, national origin, sex, disability, age, etc.), contact the Office of Compliance (<https://compliance.wisc.edu/eo-complaint/>).

For grievances or concerns regarding sexual harassment or sexual violence (including sexual assault, dating/domestic violence, stalking, and sexual exploitation), contact the Sexual Misconduct Resource and Response Program (<https://compliance.wisc.edu/titleix/>) within the Office of Compliance.

For grievances that involve the behavior of a student, contact the Office of Student Conduct and Community Standards in the Dean of Students Office at <https://conduct.students.wisc.edu/>.

For grievances about, or directed at, faculty or staff in a School of Education department, unit, or program, students should follow these steps:

1. Students are strongly encouraged to first talk with the person against whom the concern is directed. Many issues can be settled informally at this level. If students are unable to resolve concerns directly or without additional support, step 2 or 3 should be pursued.
2. If unresolved after taking or considering step 1:
 - a. If the concern is directed against a teaching assistant (TA), and the student is not satisfied, the student should contact the TA's supervisor, who is usually the course professor. The course professor will attempt to resolve the concern informally.
 - b. If the concern involves a non-TA instructor, staff member, professor, academic department, or School of Education office or unit, the student should contact the chair of the department or the director of the office or unit, or their designee. The chair or director, or their designee, will attempt to resolve the concern informally. If the concern is about the department chair or office/unit director, the student should consult the School of Education Senior Associate Dean for guidance.
3. If the concern remains unresolved after step 2, the student may submit a formal grievance to the chair or director in writing within 30 business days¹ of the alleged unfair treatment. To the fullest extent possible, a formal written grievance shall contain a clear and concise statement of the issue(s) involved and the relief sought.
4. On receipt of a written grievance, the chair or director will notify the person at whom the grievance is directed with a copy of the written grievance. The person at whom the complaint is directed may submit a written response, which would be shared with the student.
5. On receipt of a written grievance, the chair or director will refer the matter to a department, office, or unit committee comprised of at least two members. The committee may be an existing committee or one constituted for this purpose. The committee, or delegates from the committee, may meet with the parties involved and/or review any material either party shares with the committee.
6. The committee will provide a written description of the facts of the grievance and communicate recommendations to the department chair or office/unit head regarding how the grievance should be handled.
7. The chair or director will offer to meet with the student who made the grievance and also will provide a written decision to the student, including a description of any related action taken by the committee, within 30 business days of receiving the formal grievance.

¹ For the purpose of this policy, business days refers to those days when the University Offices are open and shall not include weekends, university holidays, spring recess, or the period from the last day of exams of fall semester instruction to the first day of spring semester instruction. All time limits may be modified by mutual consent of the parties involved.

If the grievance concerns an undergraduate course grade, the decision of the department chair after reviewing the committee's recommendations is final.

Other types of grievances may be appealed using the following procedures:

1. Both the student who filed the grievance or the person at whom the grievance was directed, if unsatisfied with the decision of the department, office or unit, have five (5) business days from receipt of the decision to contact the Senior Associate Dean, indicating the intention to appeal.
2. A written appeal must be filed with the Senior Associate Dean within 10 business days of the time the appealing party was notified of the initial resolution of the complaint.
3. On receipt of a written appeal, the Senior Associate Dean will convene a sub-committee of the School of Education's Academic Planning Council. This subcommittee may ask for additional information from the parties involved and/or may hold a meeting at which both parties will be asked to speak separately (i.e., not in the room at the same time).
4. The subcommittee will then make a written recommendation to the Dean of the School of Education, or their designee, who will render a decision. The dean or designee's written decision shall be made within 30 business days from the date when the written appeal was filed with the Senior Associate Dean. For undergraduate students, the dean or designee's decision is final.

Further appealing a School of Education decision – *graduate students only*

Graduate students have the option to appeal decisions by the School of Education dean or designee by using the process detailed on the Graduate School's website (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

Questions about these procedures can be directed to the School of Education Dean's Office, 377 Education Building, 1000 Bascom Mall, 608-262-1763.

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

LEARNING OUTCOMES

1. Acquire a strong foundation in current and past theories, research findings, and methodologies in their program area.

2. Apply knowledge and skills related to addressing issues of diversity and equity for individuals within specific contexts and in all professional activities.
3. Develop critical thinking skills that promote rigorous evaluation of strengths and limitations in existing theory and research.
4. Apply the fundamentals of research design, data collection, and data analysis through participating in ongoing research or conducting their own research project(s).
5. Identify key features of high-quality research or program implementation / evaluation in their chosen field.
6. Demonstrate writing and oral skills needed to effectively communicate results of scientific research to academic, professional/practitioner, and lay audiences.
7. Communicate effectively in collaborative work or consultation settings with professional colleagues.
8. Become skilled communicators of issues in their research and program area for learners in formal classroom and informal learning settings.
9. Uphold the highest standards of ethical conduct.
10. Conduct research or program implementation/evaluation in accordance with ethical standards established in their field of inquiry.

PEOPLE

PEOPLE

Professors: Jenny Asmus, Stephen Kilgus, Steve Quintana
 Associate Professors: Craig Albers, Katie Eklund, Andy Garbacz
 Assistant Professor: David Klingbeil
 Clinical Associate Professor: Kristy Kelly
 Clinical Assistant Professor: Elizabeth Hagermoser-Bayley

All faculty profiles can be found here: <https://edpsych.education.wisc.edu/about/faculty/>

ACCREDITATION

ACCREDITATION

National Association of School Psychologists (NASP) (<https://www.nasponline.org/standards-and-certification/graduate-program-approval-and-accreditation/>)

Accreditation Status: Accredited. Next accreditation review: 2028.

CERTIFICATION/LICENSURE

CERTIFICATION/LICENSURE

Students are required to take the School Psychology Praxis exam (<https://www.ets.org/praxis/nasp/requirements/>).

PROFESSIONAL CERTIFICATION/LICENSURE DISCLOSURE (NC-SARA)

The United States Department of Education (via 34 CFR Part 668 (<https://www.ecfr.gov/current/title-34/subtitle-B/chapter-VI/part-668/toc=1>)) requires institutions that provide distance education to disclose information for programs leading to professional certification or licensure. The expectation is that institutions will determine whether each applicable

academic program meets state professional licensure requirements and provide a general disclosure of such on an official university website.

Professional licensure requirements vary from state-to-state and can change year-to-year; they are established in a variety of state statutes, regulations, rules, and policies; and they center on a range of educational requirements, including degree type, specialized accreditation, total credits, specific courses, and examinations.

UW-Madison has taken reasonable efforts to determine whether this program satisfies the educational requirements for certification/licensure in states where prospective and enrolled students are located and is disclosing that information as follows.

Disclaimer: This information is based on the most recent annual review of state agency certification/licensure data and is subject to change. All students are strongly encouraged to consult with the individual/office listed in the Contact Information box on this page and with the applicable state agency for specific information.

The requirements of this program meet certification/licensure requirements in the following states:

Alabama, Alaska, Arizona, Arkansas, California, Colorado, Connecticut, Delaware, Florida, Georgia, Hawaii, Idaho, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Michigan, Minnesota, Mississippi, Missouri, Montana, Nebraska, Nevada, New Hampshire, New Jersey, New Mexico, New York, North Carolina, North Dakota, Ohio, Oklahoma, Oregon, Pennsylvania, Rhode Island, South Carolina, South Dakota, Tennessee, Texas, Utah, Vermont, Virginia, Washington, West Virginia, Wisconsin, Wyoming, District of Columbia; American Samoa, Guam, Northern Mariana Islands, Puerto Rico, U.S. Virgin Islands

The requirements of this program do not meet certification/licensure requirements in the following states:

Not applicable

Updated: 1 June 2024

SCHOOL PSYCHOLOGY, MS

Note: The MS in School Psychology is offered as part of the School Psychology Educational Specialist (EdS) and School Psychology PhD programs. The MS degree is awarded after successfully completing coursework enroute to the Educational Specialist in School Psychology or PhD in School Psychology degrees. Applicants who are interested in pursuing the MS in School Psychology must apply to the School Psychology Educational Specialist or School Psychology PhD programs.

ADMISSIONS

ADMISSIONS

This master's program is offered for work leading to the EdS in School Psychology or the PhD in School Psychology. Students may not apply directly for this master's, and should instead see the admissions information for the EdS in School Psychology (<https://guide.wisc.edu/graduate/educational-psychology/school-psychology-eds/#admissiontext>) or admission information for the PhD in School

Psychology (<https://guide.wisc.edu/graduate/educational-psychology/school-psychology-phd/#admissiontext>).

FUNDING

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW-Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirements	Detail
Minimum Credit Requirement	31 credits
Minimum Residence Credit Requirement	25 credits

Minimum Graduate Coursework Requirement	31 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/).
Overall Graduate GPA Requirement	3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	n/a
Assessments and Examinations	No formal examinations are required.
Language Requirements	No language requirements.

REQUIRED COURSES

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding

general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

With program approval, students are allowed to transfer no more than 6 credits of graduate coursework from other institutions. Coursework earned ten years or more prior to admission to a master's degree is not allowed to satisfy requirements.

Undergraduate Credits Earned at Other Institutions or UW-Madison

With program approval, students are allowed to transfer no more than 6 credits from another institution or in coursework numbered 300 or above taken as a UW-Madison undergraduate student. Transfer credits from other institutions must be equivalent to the rigor of UW-Madison courses numbered 300 and above. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a University Special Student at UW-Madison

With program approval, students are allowed to transfer no more than 3 credits of coursework numbered 300 or above taken as a UW-Madison University Special student. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

PROBATION

Refer to the Graduate School: Probation (<https://policy.wisc.edu/library/UW-1217/>) policy.

ADVISOR / COMMITTEE

Refer to the Graduate School: Advisor (<https://policy.wisc.edu/library/UW-1232/>) and Graduate School: Committees (Doctoral/Master's/MFA) (<https://policy.wisc.edu/library/UW-1201/>) policies.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

Refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy.

GRIEVANCES AND POLICIES

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)

- Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (<https://osas.wisc.edu/>) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

School of Education Grievance Policy and Procedures

The following School of Education Student Grievance Policy and associated procedures are designed for use in response to individual student grievances regarding faculty or staff in the School of Education.

Any individual student who feels they have been treated unfairly by a School of Education faculty or staff member has the right to file a grievance about the treatment and receive a timely response addressing their concerns. Any student, undergraduate or graduate, may use these grievance procedures, except employees whose complaints are covered under other campus policies. The grievance may concern classroom treatment, mentoring or advising, program admission or continuation, course grades (study abroad grade complaints are handled through International Academic Programs (<https://studyabroad.wisc.edu/>)), or issues not covered by other campus policies or grievance procedures.

For grievances regarding discrimination based on protected bases (<https://compliance.wisc.edu/eo-complaint/>) (i.e., race, color, national origin, sex, disability, age, etc.), contact the Office of Compliance (<https://compliance.wisc.edu/eo-complaint/>).

For grievances or concerns regarding sexual harassment or sexual violence (including sexual assault, dating/domestic violence, stalking, and sexual exploitation), contact the Sexual Misconduct Resource and Response Program (<https://compliance.wisc.edu/titleix/>) within the Office of Compliance.

For grievances that involve the behavior of a student, contact the Office of Student Conduct and Community Standards in the Dean of Students Office at <https://conduct.students.wisc.edu/>.

For grievances about, or directed at, faculty or staff in a School of Education department, unit, or program, students should follow these steps:

1. Students are strongly encouraged to first talk with the person against whom the concern is directed. Many issues can be settled informally at this level. If students are unable to resolve concerns directly or without additional support, step 2 or 3 should be pursued.
2. If unresolved after taking or considering step 1:
 - a. If the concern is directed against a teaching assistant (TA), and the student is not satisfied, the student should contact the TA's supervisor, who is usually the course professor. The course professor will attempt to resolve the concern informally.
 - b. If the concern involves a non-TA instructor, staff member, professor, academic department, or School of Education office or unit, the student should contact the chair of the department or the director of the office or unit, or their designee. The chair or director, or their designee, will attempt to resolve the concern informally. If the concern is about the department chair or office/unit director, the student should consult the School of Education Senior Associate Dean for guidance.
3. If the concern remains unresolved after step 2, the student may submit a formal grievance to the chair or director in writing within 30 business days¹ of the alleged unfair treatment. To the fullest extent possible, a formal written grievance shall contain a clear and concise statement of the issue(s) involved and the relief sought.
4. On receipt of a written grievance, the chair or director will notify the person at whom the grievance is directed with a copy of the written grievance. The person at whom the complaint is directed may submit a written response, which would be shared with the student.
5. On receipt of a written grievance, the chair or director will refer the matter to a department, office, or unit committee comprised of at least two members. The committee may be an existing committee or one constituted for this purpose. The committee, or delegates from the committee, may meet with the parties involved and/or review any material either party shares with the committee.
6. The committee will provide a written description of the facts of the grievance and communicate recommendations to the department chair or office/unit head regarding how the grievance should be handled.
7. The chair or director will offer to meet with the student who made the grievance and also will provide a written decision to the student, including a description of any related action taken by the committee, within 30 business days of receiving the formal grievance.

¹ For the purpose of this policy, business days refers to those days when the University Offices are open and shall not include weekends, university holidays, spring recess, or the period from the last day of exams of fall semester instruction to the first day of spring semester instruction. All time limits may be modified by mutual consent of the parties involved.

If the grievance concerns an undergraduate course grade, the decision of the department chair after reviewing the committee's recommendations is final.

Other types of grievances may be appealed using the following procedures:

1. Both the student who filed the grievance or the person at whom the grievance was directed, if unsatisfied with the decision of the department, office or unit, have five (5) business days from receipt of the decision to contact the Senior Associate Dean, indicating the intention to appeal.

2. A written appeal must be filed with the Senior Associate Dean within 10 business days of the time the appealing party was notified of the initial resolution of the complaint.
3. On receipt of a written appeal, the Senior Associate Dean will convene a sub-committee of the School of Education's Academic Planning Council. This subcommittee may ask for additional information from the parties involved and/or may hold a meeting at which both parties will be asked to speak separately (i.e., not in the room at the same time).
4. The subcommittee will then make a written recommendation to the Dean of the School of Education, or their designee, who will render a decision. The dean or designee's written decision shall be made within 30 business days from the date when the written appeal was filed with the Senior Associate Dean. For undergraduate students, the dean or designee's decision is final.

Further appealing a School of Education decision – *graduate students only*

Graduate students have the option to appeal decisions by the School of Education dean or designee by using the process detailed on the Graduate School's website (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

Questions about these procedures can be directed to the School of Education Dean's Office, 377 Education Building, 1000 Bascom Mall, 608-262-1763.

OTHER

For the PhD in School Psychology, the department offers assistantships to incoming students. Students enrolled in the EdS in School Psychology program are not permitted to accept teaching assistantships, project assistantships, research assistantships or other appointments that would result in a tuition waiver. Students in the EdS program cannot enroll in other graduate programs nor take courses outside the prescribed curriculum.

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

LEARNING OUTCOMES

1. Demonstrate/show a strong foundation in current and past theories, research findings, and methodologies in school psychology.
2. Know/discuss/describe the implications of human diversity (in terms of individual abilities and orientations and sociocultural backgrounds) for research and practice in school psychology and related fields.
3. Learn the fundamentals of research design, data collection, and data analysis, relevant to school psychology and related fields, through participating in ongoing research or conducting their own research project(s).
4. Identify key features of high-quality research or program implementation/evaluation.
5. Effectively communicate, both orally and in writing, results of scientific research to academic, professional/practitioner, and lay audiences.
6. Conduct research or program implementation/evaluation in accordance with ethical standards established in school psychology and related fields.

PEOPLE

PEOPLE FACULTY

Professors: Asmus, Kilgus, Quintana

Associate Professors: Albers, Eklund, Garbacz, Kilgus

Assistant Professor: Klingbeil

Clinical Associate Professor: Kelly

Clinical Assistant Professor: Hagermoser-Bayley

For access to individual faculty profiles, click here (<https://edpsych.education.wisc.edu/people/>).

SCHOOL PSYCHOLOGY, PHD

The PhD in School Psychology is guided by a scientist-scholar-practitioner model of professional training. Students prepare for positions as professors in colleges and universities, psychologists in elementary and secondary schools, and with other organizations or agencies that focus on psychological services for children, youth, and families. The program is fully accredited by the American Psychological Association and approved by the National Association of School Psychologists.

Within the areas of professional practice for school psychologists the program emphasizes social justice across psychological assessment and psychodiagnostic evaluation, prevention and intervention procedures, consultation and program planning, and research and evaluation. The program also requires the study of applied behavior analysis, cognitive-behavior therapy, social-learning theory, and ecological-behavioral-systems theory. Applied experience and training are provided in individual and group work with both typical classroom populations and special groups, including individuals with developmental disabilities and others with special education needs. Included in the practicum and internship experience is work with families, classroom peer groups, and community and school systems.

ADMISSIONS

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) of the Graduate School as well as the program(s).** Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	November 1
Spring Deadline	This program does not admit in the spring.
Summer Deadline	This program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment. Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-I241 (https://policy.wisc.edu/library/UW-I241/).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

For admission to graduate work, the department does not require a specific undergraduate major. However, it is preferred that applicants have completed approximately 18 credits in courses that provide a relevant foundation for further study in educational psychology. Neither certification as a teacher nor teaching experience is required. An undergraduate grade point average of at least 3.0 (4.0 basis) based on the last 60 semester hours of undergraduate coursework is requisite. A statement of purpose is also required.

FUNDING

FUNDING GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM INFORMATION

Students are eligible to apply for UW-Madison fellowships. A limited number of teaching and project assistantships are available within the department, and prospective students are encouraged to refer to the instructions for fellowships and assistantships contained in the program application information.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW-Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirements	Detail
Minimum Credit Requirement	98 credits
Minimum Residence Credit Requirement	49 credits
Minimum Graduate Coursework Requirement	49 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/).
Overall Graduate GPA Requirement	3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	n/a
Assessments and Examinations	Doctoral students are required to take a comprehensive preliminary/oral examination after they have cleared their record of all Incomplete and Progress grades (other than research and thesis). Deposit of the doctoral dissertation in the Graduate School is required.
Language Requirements	No language requirements.
Graduate School Breadth Requirement	All doctoral students are required to complete a doctoral minor or graduate/professional certificate. Refer to the Graduate School: Breadth Requirement in Doctoral Training policy: https://policy.wisc.edu/library/UW-1200 (https://policy.wisc.edu/library/UW-1200/).

COUN PSY/
PSYCH/
RP & SE 995 Predoctoral Internship

Total Credits 98

Footnotes

¹ ED PSYCH 943 Internship in School Psychology taken for 3 credits/semester until dissertation is defended. Once dissertation is defended, ED PSYCH/COUN PSY/PSYCH/RP & SE 995 Predoctoral Internship for 0 credits is taken. Students must complete 2000 hour internship in a program-approved setting. Students typically complete 4 semesters of internship.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

With program approval, students are allowed to transfer no more than 49 credits of graduate coursework from other institutions. Coursework earned ten years or more prior to admission to a doctoral degree is not allowed to satisfy requirements.

Undergraduate Credits Earned at Other Institutions or UW-Madison

With program approval, students are allowed to transfer no more than 7 credits of coursework numbered 300 or above taken as a UW-Madison University undergraduate student. Transfer credits from other institutions must be equivalent to the rigor of UW-Madison courses numbered 300 and above. Coursework earned ten or more years prior to admission to a doctoral degree is not allowed to satisfy requirements.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a University Special Student at UW-Madison

With program approval, students are allowed to transfer no more than 3 credits of coursework numbered 300 or above taken as a UW-Madison University Special student. Coursework earned ten or more years prior to admission to a doctoral degree is not allowed to satisfy requirements.

PROBATION

Refer to the Graduate School: Probation (<https://policy.wisc.edu/library/UW-1217/>) policy.

ADVISOR / COMMITTEE

Refer to the Graduate School: Advisor (<https://policy.wisc.edu/library/UW-1232/>) and Graduate School: Committees (Doctoral/Master's/MFA) (<https://policy.wisc.edu/library/UW-1201/>) policies.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

Refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (<https://osas.wisc.edu/>) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

School of Education Grievance Policy and Procedures

The following School of Education Student Grievance Policy and associated procedures are designed for use in response to individual student grievances regarding faculty or staff in the School of Education.

Any individual student who feels they have been treated unfairly by a School of Education faculty or staff member has the right to file a grievance about the treatment and receive a timely response addressing their concerns. Any student, undergraduate or graduate, may use these grievance procedures, except employees whose complaints are covered under other campus policies. The grievance may concern classroom treatment, mentoring or advising, program admission or continuation, course grades (study abroad grade complaints are handled through International Academic Programs (<https://studyabroad.wisc.edu/>)), or issues not covered by other campus policies or grievance procedures.

For grievances regarding discrimination based on protected bases (<https://compliance.wisc.edu/eo-complaint/>) (i.e., race, color, national origin, sex, disability, age, etc.), contact the Office of Compliance (<https://compliance.wisc.edu/eo-complaint/>).

For grievances or concerns regarding sexual harassment or sexual violence (including sexual assault, dating/domestic violence, stalking, and sexual exploitation), contact the Sexual Misconduct Resource and Response Program (<https://compliance.wisc.edu/titleix/>) within the Office of Compliance.

For grievances that involve the behavior of a student, contact the Office of Student Conduct and Community Standards in the Dean of Students Office at <https://conduct.students.wisc.edu/>).

For grievances about, or directed at, faculty or staff in a School of Education department, unit, or program, students should follow these steps:

1. Students are strongly encouraged to first talk with the person against whom the concern is directed. Many issues can be settled informally at this level. If students are unable to resolve concerns directly or without additional support, step 2 or 3 should be pursued.
2. If unresolved after taking or considering step 1:
 - a. If the concern is directed against a teaching assistant (TA), and the student is not satisfied, the student should contact the TA's supervisor, who is usually the course professor. The course professor will attempt to resolve the concern informally.
 - b. If the concern involves a non-TA instructor, staff member, professor, academic department, or School of Education office or unit, the student should contact the chair of the department or the director of the office or unit, or their designee. The chair or director, or their designee, will attempt to resolve the concern informally. If the concern is about the department chair or office/unit director, the student should consult the School of Education Senior Associate Dean for guidance.
3. If the concern remains unresolved after step 2, the student may submit a formal grievance to the chair or director in writing within 30 business days¹ of the alleged unfair treatment. To the fullest extent possible, a formal written grievance shall contain a clear and concise statement of the issue(s) involved and the relief sought.
4. On receipt of a written grievance, the chair or director will notify the person at whom the grievance is directed with a copy of the written grievance. The person at whom the complaint is directed may submit a written response, which would be shared with the student.
5. On receipt of a written grievance, the chair or director will refer the matter to a department, office, or unit committee comprised of at least two members. The committee may be an existing committee or one constituted for this purpose. The committee, or delegates from the committee, may meet with the parties involved and/or review any material either party shares with the committee.
6. The committee will provide a written description of the facts of the grievance and communicate recommendations to the department chair or office/unit head regarding how the grievance should be handled.
7. The chair or director will offer to meet with the student who made the grievance and also will provide a written decision to the student, including a description of any related action taken by the committee, within 30 business days of receiving the formal grievance.

¹ For the purpose of this policy, business days refers to those days when the University Offices are open and shall not include weekends, university holidays, spring recess, or the period from the last day of exams of fall semester instruction to the first day of spring semester instruction. All time limits may be modified by mutual consent of the parties involved.

If the grievance concerns an undergraduate course grade, the decision of the department chair after reviewing the committee's recommendations is final.

Other types of grievances may be appealed using the following procedures:

1. Both the student who filed the grievance or the person at whom the grievance was directed, if unsatisfied with the decision of the department, office or unit, have five (5) business days from receipt of the decision to contact the Senior Associate Dean, indicating the intention to appeal.
2. A written appeal must be filed with the Senior Associate Dean within 10 business days of the time the appealing party was notified of the initial resolution of the complaint.
3. On receipt of a written appeal, the Senior Associate Dean will convene a sub-committee of the School of Education's Academic Planning Council. This subcommittee may ask for additional information from the parties involved and/or may hold a meeting at which both parties will be asked to speak separately (i.e., not in the room at the same time).
4. The subcommittee will then make a written recommendation to the Dean of the School of Education, or their designee, who will render a decision. The dean or designee's written decision shall be made within 30 business days from the date when the written appeal was filed with the Senior Associate Dean. For undergraduate students, the dean or designee's decision is final.

Further appealing a School of Education decision – *graduate students only*

Graduate students have the option to appeal decisions by the School of Education dean or designee by using the process detailed on the Graduate School's website (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

Questions about these procedures can be directed to the School of Education Dean's Office, 377 Education Building, 1000 Bascom Mall, 608-262-1763.

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

LEARNING OUTCOMES

1. Demonstrate a strong foundation in current and past theories, research findings, and methodologies in school psychology. Use critical thinking skills to synthesize existing knowledge, evaluate strengths and limitations in existing theory and research, and identify issues in need of additional inquiry - including conceptual and methodological approaches available to address these issues.
2. Demonstrate a knowledge of and sensitivity to human diversity in terms of individual abilities, orientations, and sociocultural backgrounds with implications for school psychology and related fields.
3. Retrieve, evaluate, and interpret professional and scientific literature; use this information to develop or adapt theoretical frameworks and derive testable hypotheses or predictions for research / program evaluation projects relevant to school psychology and related fields.
4. Learn to design realistic and feasible research or assessment projects in school psychology and to prepare necessary protocols that are sensitive to the backgrounds of individuals who are the focus of their work.
5. Conduct independent research and analyze and interpret resulting data in school psychology and related fields.
6. Create clear and concise reports of their research or program evaluations relevant to school psychology and related fields that are appropriate to the intended audiences, which may include fellow scholars (via scholarly journals), practitioners (via practitioner journals or reports), and lay audiences (via online or other published reports).
7. Communicate effectively in collaborative work, instructional activities, and/or consultation settings with students and professional colleagues.
8. Conduct research or program implementation / evaluation in accordance with ethical standards established in school psychology and related fields.

PEOPLE

PEOPLE FACULTY

Professors: Asmus, Quintana

Associate Professors: Albers, Eklund (Co-Chair), Garbacz (Co-Chair), Kilgus

Assistant Professor: Klingbeil

Clinical Associate Professor: Kelly

Clinical Assistant Professor: Hagermoser-Bayley

For access to individual faculty profiles, click here (<https://edpsych.education.wisc.edu/people/>)

ACCREDITATION

ACCREDITATION

American Psychological Association (<http://www.apa.org/>)

Accreditation status: Accredited. Accreditation administratively transferred from the Educational Psychology PhD: Educational Specialist in School Psychology name option. Next accreditation review: 2028-2029.

CERTIFICATION/LICENSURE

CERTIFICATION/LICENSURE

School Psychology Praxis Exam (NASP) (<https://www.ets.org/praxis/nasp/requirements/>)

Examination for Professional Practice in Psychology (<http://www.asppb.net/>)

PROFESSIONAL CERTIFICATION/LICENSURE DISCLOSURE (NC-SARA)

The United States Department of Education (via 34 CFR Part 668 (<https://www.ecfr.gov/current/title-34/subtitle-B/chapter-VI/part-668/?toc=1>)) requires institutions that provide distance education to disclose information for programs leading to professional certification or licensure. The expectation is that institutions will determine whether each applicable academic program meets state professional licensure requirements and provide a general disclosure of such on an official university website.

Professional licensure requirements vary from state-to-state and can change year-to-year; they are established in a variety of state statutes, regulations, rules, and policies; and they center on a range of educational requirements, including degree type, specialized accreditation, total credits, specific courses, and examinations.

UW-Madison has taken reasonable efforts to determine whether this program satisfies the educational requirements for certification/licensure in states where prospective and enrolled students are located and is disclosing that information as follows.

Disclaimer: This information is based on the most recent annual review of state agency certification/licensure data and is subject to change. All students are strongly encouraged to consult with the individual/office

listed in the Contact Information box on this page and with the applicable state agency for specific information.

The requirements of this program meet certification/licensure requirements in the following states:

Alabama, Alaska, Arizona, Arkansas, California, Colorado, Connecticut, Delaware, Florida, Georgia, Hawaii, Idaho, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Michigan, Minnesota, Mississippi, Missouri, Montana, Nebraska, Nevada, New Hampshire, New Jersey, New Mexico, New York, North Carolina, North Dakota, Ohio, Oklahoma, Oregon, Pennsylvania, Rhode Island, South Carolina, South Dakota, Tennessee, Texas, Utah, Vermont, Virginia, Washington, West Virginia, Wisconsin, Wyoming, District of Columbia; American Samoa, Guam, Northern Mariana Islands, Puerto Rico, U.S. Virgin Islands

The requirements of this program do not meet certification/licensure requirements in the following states:

Not applicable

ELECTRICAL AND COMPUTER ENGINEERING, MS

INTRODUCTION TO COE AND ECE

Master's students in the College of Engineering (COE) are among an elite group of people who have chosen to advance their education at one of the premier engineering colleges in the country. The academic programs in UW–Madison's College of Engineering are highly ranked, and our faculty are widely recognized as leaders in their fields. Here you will find a community in which you will excel. You will find faculty, staff, and peer students who are supportive and committed to your success. You will find rigorous coursework that will prepare you to achieve your goals. You will experience an environment highly conducive to collaboration—and you will meet faculty with a broad range of research interests and connections both on campus and around the world.

The Department of Electrical and Computer Engineering has a long tradition of excellence in educating, mentoring, and inspiring future leaders; conducting research that is of vital importance to society; and serving Wisconsin, our nation, and the world through professional pursuits.

Our Vision is to improve the world through bold research, educational excellence, effective technology transfer, and impactful service.

Our Mission is to foster a diverse and inclusive community that advances the frontiers of engineering, disseminates discoveries and inventions, and prepares students to make the world a better place for all.

ECE MS DEGREE OPTIONS

ECE offers four master's degree named option programs that lead to the MS Electrical and Computer Engineering degree:

- **Research**—traditional two-year master's program culminating in a thesis or research project.
- **Professional**—accelerated, course-based master's program with the opportunity to choose a specialty area.
- **Machine Learning and Signal Processing**—accelerated, course-based master's program tailored to the area of machine learning and signal processing.
- **Power Engineering—online**, off-campus program in power engineering designed for working professionals.

ADMISSIONS

ADMISSIONS

Students apply to the Master of Science in Electrical and Computer Engineering through one of the named options.

- Electrical and Computer Engineering: Machine Learning and Signal Processing, MS (p. 653)
- Electrical and Computer Engineering: Power Engineering, MS (p. 660)
- Electrical and Computer Engineering: Professional, MS (p. 665)
- Electrical and Computer Engineering: Research, MS (p. 673)

FUNDING

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Funding information for each named option program is available on the corresponding pages:

- **Research**
- **Professional**
- **Machine Learning and Signal Processing**
- **Power Engineering** (<http://guide.wisc.edu/graduate/electrical-computer-engineering/electrical-engineering-ms/electrical-engineering-power-engineering-ms/#fundingtext>) (Online)

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS CURRICULAR REQUIREMENTS

Requirement Detail

Minimum Credit Requirement	30 credits
Minimum Residence Credit Requirement	See Named Options for policy information.
Minimum Graduate Coursework Requirement	See Named Options for policy information.
Overall Graduate GPA Requirement	3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	See Named Options for policy information.
Assessments and Examinations	See Named Options for policy information.
Language Requirements	See Named Options for policy information.

NAMED OPTIONS

A named option is a formally documented sub-major within an academic major program. Named options appear on the transcript with degree conferral. Students pursuing the Master of Science in Electrical and Computer Engineering must select one of the following named options:

View as listView as grid

- **ELECTRICAL AND COMPUTER ENGINEERING: MACHINE LEARNING AND SIGNAL PROCESSING, MS (P. 653)**
- **ELECTRICAL AND COMPUTER ENGINEERING: POWER ENGINEERING, MS (P. 660)**
- **ELECTRICAL AND COMPUTER ENGINEERING: PROFESSIONAL, MS (P. 665)**
- **ELECTRICAL AND COMPUTER ENGINEERING: RESEARCH, MS (P. 673)**

POLICIES

POLICIES

Students should refer to one of the named options for specific policy information:

- Electrical and Computer Engineering: Machine Learning and Signal Processing, MS (p. 653)
- Electrical and Computer Engineering: Power Engineering, MS (p. 660)
- Electrical and Computer Engineering: Professional, MS (p. 665)
- Electrical and Computer Engineering: Research, MS (p. 673)

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

DEPARTMENT OF ELECTRICAL AND COMPUTER ENGINEERING RESOURCES

UW–Madison, the College of Engineering, and ECE have an abundance of professional development opportunities for students to take advantage of in order to better prepare themselves for internships and job positions during and following their education. First of all, the ECE Department strongly encourages students to utilize the Graduate School's professional development resources (<https://grad.wisc.edu/professional-development/>). Engineering Career Services (ECS) (<http://ecs.wisc.edu/>) hosts multiple career fairs each semester where students can directly interact with prospective employers, schedule interviews, and find internships and full-time jobs. ECS also maintains job listings and hosts a variety of professional development workshops each semester. The ECE Department provides unique opportunities

throughout the year for students to attend and participate in various lectures, workshops, and trainings. The ECE Graduate Student Association (GSA) organizes professional development opportunities for fellow students. Students are made aware of events and opportunities via email and other communications.

LEARNING OUTCOMES

LEARNING OUTCOMES

1. Demonstrate a strong understanding of mathematical, scientific, and engineering principles in the field.
2. Demonstrate an ability to formulate, analyze, and independently solve advanced engineering problems.
3. Apply the relevant scientific and technological advancements, techniques, and engineering tools to address these problems.
4. Recognize and apply principles of ethical and professional conduct.

ELECTRICAL AND COMPUTER ENGINEERING: MACHINE LEARNING AND SIGNAL PROCESSING, MS

This is a named option in the Electrical and Computer Engineering MS (p. 651).

The Electrical and Computer Engineering Department (ECE) offers the Electrical and Computer Engineering MS-Machine Learning and Signal Processing (MLSP) named option program which is intended for students looking for an advanced entry into a data science career in industry.

Students will learn quantitative thinking, practical problem-solving, computer programming, and applications to a variety of domains. It is designed to deepen the student's technical knowledge and sharpen their professional skills for a well-prepared entry into industry. The program provides a practical focus through a course-only curriculum, an accelerated and predictable 16-month completion time, and a professional development hands-on project requirement. Well-prepared students and UW-Madison undergraduates may find it feasible to complete the program in 12 months.

The required coursework draws upon foundational and cutting-edge methods in MLSP, and is taught by faculty conducting pioneering

research in the field. Successful students will have some experience with linear algebra, statistics, and programming. The combined focus on the mathematical foundations of data science and their practical application to real-world problems will prepare graduates to be ready to immediately contribute in a variety of different jobs across data science, machine learning, and signal processing.

The focus of the MLSP program differs from the traditional research-based MS program. MLSP students do not conduct independent research and prepare a thesis, but rather have an accelerated course plan focused in the MLSP area with a professional development hands-on project, either via an internship/co-op or an independent project. Students also have the opportunity to take select courses from Engineering Professional Development. If you are interested in research and advanced concept development, you are better served pursuing a research-based MS program or a PhD program. If you want to complete your degree **within 16 months** and enter the workforce, then the MLSP program is right for you.

MLSP students cannot be simultaneously enrolled in another graduate program at UW-Madison while completing this program.

After completing the program, students will earn a diploma stating "Master of Science in Electrical and Computer Engineering," and the transcript will include the indication "Named Option: Machine Learning and Signal Processing."

For more information on this specific degree plan, please visit the program website (<https://www.engr.wisc.edu/departments/electrical-computer-engineering/academics/master-of-science-spm/>).

ADMISSIONS

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) of the Graduate School as well as the program(s).** Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 15
Spring Deadline	This program does not admit in the spring.
Summer Deadline	This program does not admit in the summer.
GRE (Graduate Record Examination)	Not required but may be considered if available.
English Proficiency Test	Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment. Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/).
Other Test(s) (e.g., GMAT, MCAT)	n/a

Letters of Recommendation Required 3

DEADLINE

Please submit all your application materials before the fall deadline to ensure full review of your application. Applications submitted after the above deadline through March 15 will be considered if space is still available. To check if space is available, please email: ecegradadmission@engr.wisc.edu. (ecegradadmission@engr.wisc.edu)

APPLICATION REQUIREMENTS

A submitted online application (<https://grad.wisc.edu/apply/>) is required, consisting of:

- Resume/CV.
- Statement of purpose detailing why the applicant wishes to pursue further education in Electrical and Computer Engineering. If the applicant's degree is in another discipline, it is recommended to discuss relevant coursework taken in your area of interest that will prepare you for graduate-level E C E (http://guide.wisc.edu/courses/e_c_e/) courses. See the suggested guidelines provided by the Graduate School (<https://grad.wisc.edu/apply/prepare/>).
- Most up to date unofficial transcript(s) from all previous higher education institutions, regardless of whether or not a degree was earned (official transcripts are requested of only recommended applicants); international academic records must be in the original language accompanied by an official English translation.
- Test scores as detailed above.
- Three letters of recommendation are required from people who can accurately judge the applicant's academic and/or work performance. Letters of recommendation are submitted electronically to graduate programs through the online application. See the Graduate School for FAQs (<https://grad.wisc.edu/apply/>) regarding letters of recommendation. Letters of recommendation are due by the deadline listed above.

Information about the application fee may be found in the Graduate School FAQs (<https://grad.wisc.edu/apply/>). Fee grants are available through the conditions outlined by the Graduate School (<https://grad.wisc.edu/apply/fee-grant/>).

Applications must be entirely complete by the deadline, including test scores and letters of recommendation. Please note that it is highly advised to take the GRE and English proficiency tests well in advance of the application deadline in order to ensure time for receiving and processing of the scores. Please do not mail any paper copies of application materials, except IELTS scores. They will not be reviewed.

Information for international applicants, including proof of funding and visa information, can be found on the International Student Services (<https://iss.wisc.edu/students/admissions/>) website.

The department welcomes applications from scientific, engineering, and mathematical disciplines other than Electrical and Computer Engineering.

ENGLISH COMPETENCY FOR NON-NATIVE ENGLISH SPEAKERS

Effective written and oral communication is vital for a successful academic career. International students whose native language is not English will

be required to take the English as a Second Language Assessment Test (ESLAT), offered by the English as a Second Language (ESL) Program.

The English as a Second Language Assessment Test (ESLAT) must be taken as soon as the student arrives at the university. The test is offered in the fall and spring during the week before the beginning of instruction. The English as a Second Language (ESL) home page (<https://esl.wisc.edu/international-students/placement/>) has more information.

Based on English as a Second Language Assessment Test (ESLAT) performance, specific English as a Second Language (ESL) courses may be recommended. These courses must be taken and passed within 12 months of the English as a Second Language Assessment Test (ESLAT). Otherwise, the student will not be permitted to register during the third semester after entering the graduate program. Any English as a Second Language (ESL) courses numbered 300 or above can be counted towards graduate degree requirements but not toward Electrical and Computer Engineering course requirements. Completion of English as a Second Language Assessment Test (ESLAT) and recommended courses is also a requirement for graduation of an international student whose native language is not English.

Students are exempt from taking the English as a Second Language Assessment Test (ESLAT) if:

- English is the exclusive language of instruction at the undergraduate institution; or
- they have earned a degree from a regionally accredited US college or university not more than 5 years prior to the anticipated semester of enrollment; or
- they have completed at least two full-time semesters of graded course work, exclusive of English as a Second Language (ESL) courses, in a US college or university, or at an institution outside the US where English is the exclusive language of instruction, not more than 5 years prior to the anticipated semester of enrollment.

REENTRY ADMISSIONS

If you were previously enrolled as a graduate student at UW–Madison, but have had a break in enrollment for at least one fall or spring semester, you will need to apply to resume your studies.

For applicants previously enrolled in a graduate program other than Electrical and Computer Engineering, you must complete a new online application, including all materials, for admission.

For applicants previously enrolled in Electrical and Computer Engineering as a graduate student, you must complete a reentry application. Reentry applicants may apply for the fall term with a deadline of June 1.

In order to apply as a reentry applicant, you must:

- complete the online application (<https://grad.wisc.edu/apply/>), including the personal information section, program and term selection, and supplementary application;
- Provide the following documents to the Electrical and Computer Engineering Graduate Admissions Team (email located in contact information box):
 - CV/Resume
 - Statement of Purpose
 - Any new unofficial transcripts from previous higher education institutions
 - Three letters of recommendation if the break in enrollment equals or is greater than four semesters (fall, spring). Letters

of recommendation should be emailed directly from the recommender.

CURRENT GRADUATE STUDENT ADMISSIONS

Students currently enrolled as a graduate student at UW-Madison, whether in or other than Electrical and Computer Engineering, wishing to apply to this degree program should contact the Electrical and Computer Engineering Graduate Admissions Team (ecegradadmission@engr.wisc.edu) to inquire about the process and respective deadlines several months in advance of the anticipated enrollment term. Current students may apply to change or add programs for any term (fall, spring, or summer).

QUESTIONS

Please review the frequently asked questions answered by the Graduate School here (<https://grad.wisc.edu/apply/>).

If you have any admissions questions, please do not hesitate to contact the Electrical and Computer Engineering Graduate Admissions Team (ecegradadmission@engr.wisc.edu).

FUNDING

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Students enrolled in this program are not eligible to receive tuition remission from graduate assistantship appointments at this institution.

Tuition Scholarships for Accelerated MS Programs

The Department of Electrical and Computer Engineering offers a limited number of scholarships for highly qualified students that are accepted to the department's accelerated MS programs. The scholarships are merit-based and awarded during the admission period.

Eligibility Requirements

- Must enroll in one of the Department's two named options programs:
 - Electrical and Computer Engineering: Machine Learning and Signal Processing
 - Electrical and Computer Engineering: Professional

Scholarship Amounts

- The amount of the scholarship is indicated when the student is notified of the award.

Additional Information

- Students who meet the above criteria are automatically eligible for this scholarship. No formal application by the student is necessary.
- Students will be notified of scholarship award after acceptance to the program.

Federal Loans

Students who are U.S. citizens or permanent residents may be eligible to receive some level of funding through the federal direct loan program.

These loans are available to qualified graduate students who are taking at least 4 credits during the fall and spring semesters, and 2 credits during summer. Private loans are also available. Learn more about financial aid at this website (<https://financialaid.wisc.edu/>).

International Student Services Funding and Scholarships

For information on International Student Funding and Scholarships, visit the ISS website (<https://iss.wisc.edu/students/new-students/funding-scholarships/>).

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

NAMED OPTION REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	Yes

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW-Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail

Minimum 30 credits
Credit Requirement

Minimum 23 credits
Residence Credit Requirement

Minimum 15 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework Requirement (50%) Requirement policy: <https://policy.wisc.edu/library/UW-1244> (<https://policy.wisc.edu/library/UW-1244/>).

Overall	3.00 GPA required.
Graduate GPA Requirement	Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	1. A grade of B or better in any graduate course is acceptable. 2. A grade of BC in an E C E course is acceptable, provided the total cumulative GPA for graduate E C E courses is greater than or equal to 3.00. 3. A grade of BC or C in a non-E C E course is acceptable only if approved by the Graduate Committee.
Assessments and Examinations	A specified course sequence must be completed.
Language Requirements	Non-native speakers of English who enroll in the MS program must take the ESLAT test on arrival at the university and then take any recommended courses based on the exam results. In addition, if a student's advisor believes that his or her technical writing ability needs improvement, the student may be required to undertake remedial work.

REQUIRED COURSES

Code	Title	Credits
Required Seminar:		1
E C E 610	Seminar in Electrical and Computer Engineering ¹	
Hands-on project requirement. Choose one: ²		1-5
E C E 697	Capstone Project in Machine Learning and Signal Processing	
E C E 702	Graduate Cooperative Education Program	
At least one course in Machine Learning:		3
E C E/COMP SCI/ M E 532	Matrix Methods in Machine Learning	
E C E/COMP SCI/ M E 539	Introduction to Artificial Neural Networks	
E C E/COMP SCI 561	Probability and Information Theory in Machine Learning	
E C E/COMP SCI 760	Machine Learning	
E C E/COMP SCI 761	Mathematical Foundations of Machine Learning	
E C E/COMP SCI/ STAT 861	Theoretical Foundations of Machine Learning	
At least one course in Signal Processing:		3
E C E 431	Digital Signal Processing	
E C E/COMP SCI 533	Image Processing	
E C E 734	VLSI Array Structures for Digital Signal Processing	
E C E 735	Signal Synthesis and Recovery Techniques	
E C E 738	Advanced Digital Image Processing	
At least 15 credits from the following:		15

E C E 431	Digital Signal Processing	
E C E 436	Communication Systems I	
E C E 437	Communication Systems II	
E C E/COMP SCI/ I SY E 524	Introduction to Optimization	
E C E/COMP SCI/ M E 532	Matrix Methods in Machine Learning	
E C E/COMP SCI 533	Image Processing	
E C E/COMP SCI/ M E 539	Introduction to Artificial Neural Networks	
E C E/COMP SCI 561	Probability and Information Theory in Machine Learning	
E C E/I SY E 570	Ethics of Data for Engineers	
E C E 601	Special Topics in Electrical and Computer Engineering (as approved by faculty advisor)	
E C E 717	Linear Systems	
E C E 719	Optimal Systems	
E C E 729	Information Theory	
E C E 730	Probability and Random Processes	
E C E 734	VLSI Array Structures for Digital Signal Processing	
E C E 735	Signal Synthesis and Recovery Techniques	
E C E 736	Wireless Communications	
E C E 738	Advanced Digital Image Processing	
E C E/COMP SCI 760	Machine Learning	
E C E/COMP SCI 761	Mathematical Foundations of Machine Learning	
E C E/COMP SCI 766	Computer Vision	
E C E 817	Nonlinear Systems	
E C E 830	Estimation and Decision Theory	
E C E/COMP SCI/ STAT 861	Theoretical Foundations of Machine Learning	
E C E 901	Special Topics in Electrical and Computer Engineering (as approved by faculty advisor, max of 3 credits)	
Additional courses from the previous list, or up to 9 credits of relevant coursework numbered 300 or above in other departments with approval from faculty advisor ³		0-9
Typically in COMP SCI, MATH, STAT, or E P D (Engineering Professional Development)		
Up to 3 credits of independent study (such as E C E 699 or equivalent in other department)		
Total Credits		30

¹ All on-campus E C E graduate students must register for 1 credit of E C E 610 during their first semester of graduate studies.

² These courses are taken in Summer.

³ Please keep written communication (emails are acceptable) of approvals from your faculty advisor.

The following courses are not allowed: E C E 611 Introduction to Doctoral Research in Electrical & Computer Engineering or E C E 790

Master's Research, E C E 890 Pre-Dissertator's Research, E C E 990 Dissertator's Research.

Students in this program may not take courses outside the prescribed curriculum without faculty advisor and program director approval.

Students in this program cannot enroll concurrently in other undergraduate or graduate degree programs.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

NAMED OPTION-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Undergraduate Credits Earned at Other Institutions or UW-Madison

With program approval, UW-Madison courses numbered 400 or above can transfer toward the minimum graduate degree credit requirement. E C E courses numbered 700 or above can be counted toward the minimum graduate coursework (50%) requirement. No credits can be counted toward the minimum graduate residence credit requirement. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

With program approval, credits from any institution numbered 300 or above outside of E C E or numbered 400 or above within E C E can transfer toward the minimum graduate degree credit requirement. Transfer credits from other institutions must be equivalent to the rigor of UW-Madison courses numbered 300 and above. Prior coursework transfers will be assessed on a case-by-case basis by the ECE MS or PhD Committee. These credits cannot count toward the 50% graduate coursework minimum nor the minimum graduate residence credit requirement. To request evaluation of prior coursework, please contact the Graduate Student Services Coordinator. Coursework earned ten or more years prior to admission is not allowed to satisfy requirements.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a University Special Student at UW-Madison

With program approval, students are allowed to transfer coursework numbered 400 or above, taken as a UW-Madison University Special student, toward the minimum credit requirement. Courses numbered 700 or above or are taken to meet the requirements of a capstone certificate and has the "Grad 50%" attribute taken as a UW-Madison Special student

can count toward the minimum graduate coursework (50%) requirement. Coursework earned ten or more years prior to admission is not allowed to satisfy requirements.

(Up to 7 credits total of prior coursework can be used from the categories above.)

PROBATION

Refer to the Graduate School: Probation (<https://policy.wisc.edu/library/UW-1217/>) policy.

See program policies under "Other," below, for more details.

ADVISOR / COMMITTEE

A faculty advisor will be assigned to the student. The faculty advisor assists with course selection and academic planning.

CREDITS PER TERM ALLOWED

Students will be required to enroll in at least nine credits per semester of relevant Machine Learning and Signal Processing courses chosen from i) a list of courses inside the department, ii) or relevant courses outside the department with faculty advisor approval as specified in the graduate program handbook.

Enrollment in the summer term is required.

TIME LIMITS

Students are expected to complete the degree requirements and graduate within 3 academic semesters.

Otherwise, refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://factstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)

- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

ECE Grievance Procedures Exceptions, Extensions, and Appeals

Petitions for exceptions to academic requirements are considered on an individual case-by-case basis and granted exceptions do not constitute a precedent. Deviations from established policies are strongly discouraged, but certain extenuating academic and personal circumstances may warrant exceptions. Petitions for course exceptions/substitutions, exceptions to the Satisfactory Progress Expectations (academic or conduct), or other policy exceptions shall be directed to the ECE Graduate Committee, and in some circumstances to the appropriate program coordinator. The following procedures apply to all petitions:

1. Student must first consult with their advisor(s).
2. Student is advised to also consult with the ECE Graduate Student Services Coordinator for additional advice.
3. Student and advisor(s) must both submit written documentation requesting and explaining the petition to the ECE Graduate Student Services Coordinator:
4. Identify the specific requirement/rule/expectation pertinent to the petition;
5. Explain the rationale for petition and why it should be granted;
6. Advisor(s) must support the petition.

The ECE Graduate Student Services Coordinator will forward the petition to the ECE Graduate Committee and appropriate program coordinator for adjudication. Student and advisor(s) will be notified of the ECE Graduate Committee's decision and the note will be placed in the student's file.

Please note that petitions for exceptions to clearly-defined program rules are rarely approved by the ECE Graduate Committee.

Progress Requirements

The ECE Graduate Committee may grant extensions to normal progress requirements in circumstances such as childbirth, adoption, significant responsibilities with respect to elder or dependent care obligations, disability or chronic illness, or circumstances beyond one's personal control. Petitions for extensions should provide evidence of plans and ability to return to conformance with program expectations and to acceptably complete the program. Extensions beyond one semester will be granted only in the event of highly extraordinary circumstances. Extensions will be recorded with a note of explanation placed in the student's file.

Students desiring confidentiality of their circumstances should consult with the Associate Chair for Graduate Studies.

Appeal of Previous Decisions

Appeals of ECE Graduate Committee decisions may be pursued regarding any academic issue, including exceptions to program requirements, progress requirements, AGS and Qualifying Exam decisions. Appeals will only be considered if the student provides new information that was not available to the ECE Graduate Committee at the time the original decision was made. Appeals must be submitted within one month of the

date the student was notified of the ECE Graduate Committee action being appealed.

If the student believes their appeal was not appropriately handled or resolved by the ECE Department, the student may further appeal to the College of Engineering by contacting the Assistant Dean for Graduate Affairs. Such appeals must be submitted within one month of the date the student was notified of the ECE Graduate Committee denial.

Grievances

The ECE Department, College of Engineering, and University of Wisconsin offer multiple avenues to resolve unfair or inappropriate treatment by faculty, staff, or another student. This includes hostile and intimidating research group climate, authorship disputes, unreasonable expectations, and disrespectful behavior. The manner in which the grievance is handled depends on the nature of the issue and specific concerns of the aggrieved student. Graduate Assistants in TA, PA and/or RA appointments may utilize the Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/>) (GAPP) grievance process to resolve employment-related issues. Examples of matters appropriate for the GAPP grievance process include allegations of excessive work hours, violations of sick days or vacation policies, or disputes regarding the assignment of duties.

In some cases the best approach is for the aggrieved student to discuss their concern directly with the person responsible for the objectionable action.

If the student is uncomfortable making direct contact with the other individual or desires a confidential consultation about their concern, they may contact the ECE Associate Chair for Graduate Studies, the ECE Grievance Advisor, or the College of Engineering Assistant Dean for Graduate Affairs. These individuals work to resolve the concern while being sensitive to student confidentiality.

Change of advisor

Students who believe they are in a research environment that fails to meet ECE and College of Engineering standards for climate and culture should contact the ECE Associate Chair for Graduate Studies, the ECE Grievance Advisor, or the College of Engineering Assistant Dean for Graduate Affairs for additional consultation. They will work with the student to explore alternate advising arrangements and ensure continuity of financial support should the student need to leave the research group. Note that immigration status is NOT tied to a specific research advisor.

Formal Written Complaint Process

Issues that are not resolved to the student's satisfaction may be pursued at the student's discretion by submitting a written complaint to the ECE Grievance Advisor. The steps described below are based on the Definition and Procedure section of the Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/>) (GAPP) Grievance Procedure.

Step One: The grievant must file a written statement with the ECE Grievance Advisor specifying the grievant's name, a clear and concise statement of the grievance and the issue(s) involved, the date(s) the incident or violation took place and the specific departmental, college, or university policies involved, and the relief sought. The grievance shall be signed and dated by the grievant(s) and representative (if any).

Within twenty (20) days of receipt of the written grievance, the ECE Grievance Advisor will meet with the grievant and their representative (if chosen) to hear the grievance and will return a written answer to the grievant and their representative (if chosen) no later than ten (10)

days after this meeting. This answer will include a copy of the grievance procedure appeal process timeline, a list of resources and relevant contact information for future steps.

Step Two: If the decision in Step One is not accepted by the grievant, the grievant shall have 10 days from receipt of the answer in Step One to file an appeal with the College of Engineering Assistant Dean for Graduate Affairs. The Assistant Dean for Graduate Affairs will meet with the grievant and their representative (if chosen) within twenty (20) days from receipt of the appeal of Step One and attempt to resolve the grievance. The Assistant Dean for Graduate Affairs will provide the grievant and their representative (if chosen) with a written response to the grievance no later than ten (10) days after this meeting.

Step Three: If the decision in Step Two is not accepted by the grievant, the grievant shall have 10 days from the receipt of the answer in Step Two to file an appeal with the Graduate School as described in Grievances and Appeals (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

OTHER

Students enrolled in the Machine Learning and Signal Processing program may not change their degree goal to different MS program or a PhD without formally applying to and being accepted into the new program.

Students are strongly discouraged to pursue positions as Project Assistants, Teaching Assistants or Research Assistants during their time in this program, as the rigor and accelerated nature of this program may not accommodate those work time commitments. Students in this program will not receive the tuition remission that is typically part of the compensation package for a graduate assistantship.

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

DEPARTMENT OF ELECTRICAL AND COMPUTER ENGINEERING RESOURCES

UW-Madison, the College of Engineering, and ECE have an abundance of professional development opportunities for students to take advantage of in order to better prepare themselves for internships and job positions during and following their education. First of all, the ECE Department strongly encourages students to utilize the Graduate School's professional development resources (<https://grad.wisc.edu/professional-development/>). Engineering Career Services (ECS) (<http://ecs.wisc.edu>) hosts multiple career fairs each semester where students can directly interact with prospective employers, schedule interviews, and find internships and full-time jobs. ECS also maintains job listings and hosts a variety of professional development workshops each semester. The ECE Department provides unique opportunities throughout the year for students to attend and participate in various lectures, workshops, and trainings. The ECE Graduate Student Association (GSA) organizes professional development opportunities for fellow students. Students are made aware of events and opportunities via email and other communications.

ELECTRICAL AND COMPUTER ENGINEERING: POWER ENGINEERING, MS

This is a named option in the Electrical and Computer Engineering MS (p. 651) that is offered in an online format.

The Master of Science Electrical and Computer Engineering: Power Engineering program will prepare you for leading-edge positions in industry in the areas of electric power, power electronics, motor drives, and electric machines.

UW–Madison’s Power Engineering master’s degree provides graduate students applicable and theoretical knowledge in power electronics, including alternative energy, through research and study of technological and conceptual innovations in electrical and computer engineering.

The education you receive at UW–Madison is directly applicable to a career in industry and is suitable for a new or recent graduate, as well as experienced professionals who seek the necessary (re)training to change or advance their careers.

UW–Madison’s Department of Electrical and Computer Engineering is recognized for excellence in research, instruction, and service to the profession. It ranks among the top electrical and computer engineering departments in national surveys, consistently producing talented graduates whose skills are highly respected throughout the nation and around the world.

The Wisconsin Electric Machines and Power Electronics Consortium (WEMPEC) (<https://wempec.wisc.edu/>) is a UW–Madison technology focus center sponsored by companies holding an interest in electric machines and power electronics. With a mission to provide education, research, and service, WEMPEC is a model program demonstrating strong interaction between university and industry.

UW–Madison’s online engineering graduate programs are world-class degrees and consistently ranked in the Top 10 online engineering master’s programs by *U.S. News & World Report*.

MS Power Engineering students cannot be simultaneously enrolled in another graduate program at UW–Madison while completing this program.

ADMISSIONS

ADMISSIONS

Please consult the table below for key information about this degree program’s admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program’s website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) of the Graduate School as well as the program(s).** Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	July 1
Spring Deadline	November 1
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment. Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

ADMISSIONS PROCESS

Application steps are listed on the program’s admissions webpage (<https://interpro.wisc.edu/online-degree/electrical-engineering-power-engineering/#/apply>).

REQUIREMENTS

- A BS degree from a program accredited by ABET or the equivalent.
 - An electrical engineering major is preferred.
- A minimum undergraduate grade point average (GPA) of 3.00 on the equivalent of the last 60 semester hours (approximately two years of work) or a master’s degree with a minimum cumulative GPA of 3.00. Applicants from an international institution must have a strong academic performance comparable to a 3.00 for an undergraduate or master’s degree. All GPAs are based on a 4.00 scale. We use your institution’s grading scale; do not convert your grades to a 4.00 scale.
- International degree-seeking applicants must prove English proficiency using the Graduate School’s requirements (<https://grad.wisc.edu/apply/requirements/>).
- International applicants must have a degree comparable to an approved US bachelor’s degree.

FUNDING

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM INFORMATION

Students enrolled in this program are not eligible to receive tuition remission from graduate assistantship appointments at this institution.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

NAMED OPTION REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
No	No	Yes	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail

Minimum
Credit
Requirement 30 credits

Minimum
Residence
Credit
Requirement 16 credits

Minimum
Graduate
Coursework
Requirement 15 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: <https://policy.wisc.edu/library/UW-1244> (<https://policy.wisc.edu/library/UW-1244/>).

Overall
Graduate
GPA
Requirement 3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: <https://policy.wisc.edu/library/UW-1203> (<https://policy.wisc.edu/library/UW-1203/>).

Other Grade
Requirements In order for courses to count toward your master's degree, students must satisfy the following grade and GPA requirements:

E C E Courses

- Grades of B or better are always acceptable.
- BC grades are acceptable if the cumulative GPA for graduate E C E classroom courses is equal to or greater than 3.0.
- Grades of C or lower are not acceptable.

Non-E C E Courses

- Grades of B or better are always acceptable.
- BC and C grades are acceptable if approved by the E C E Graduate Committee by way of an appeal.
- Any grade lower than a C is not acceptable.

Research and Independent Study Credits

- S grades are acceptable, while U grades are not.
- If it is letter-graded, only grades of B or better are acceptable.

Assessments
and
Examinations A thesis, a project, or a specified course sequence must be completed, depending upon which degree plan the student follows.

Language
Requirements n/a

REQUIRED COURSES

Of the 30 credits required, a minimum of 21 credits must be Electrical and Computer Engineering (E C E (http://guide.wisc.edu/courses/e_c_e/)) courses numbered 400 and above. Of those 21 credits, at least 15 must come from the Power Engineering Course Options below, including at least 3 credits from courses numbered 500-599, and 6 credits from courses numbered 700 or above.

Course Path

A maximum of 3 credits in E C E 699 Advanced Independent Study and 3 credits in E C E 999 Advanced Independent Study are allowed. E C E 790 Master's Research or similar research courses may not be used to satisfy the 30-credit requirement.

Thesis or Project Path

Students must identify a faculty research advisor and complete a thesis or project paper under their direction. A minimum of 3 credits must be in E C E 790 Master's Research, and no more than 9 credits from any combination of E C E 699 Advanced Independent Study E C E 790 Master's Research or E C E 999 Advanced Independent Study may apply. A minimum of 15 credits of courses numbered 700 or above are required.

Power Engineering Course Options

Code	Title	Credits
Choose at least 15 credits from the following courses, including at least 3 credits from courses numbered 500-599, and 6 credits from courses numbered 700 or above.		
E C E 411	Introduction to Electric Drive Systems ¹	3
E C E 412	Power Electronic Circuits ¹	3
E C E 427	Electric Power Systems	3
E C E/M E 441	Kinematics, Dynamics, and Control of Robotic Manipulators	3
M E 446	Introduction to Feedback Control ¹	3
M E 447	Computer Control of Machines and Processes	3
E C E 504	Electric Machine & Drive System Laboratory	3
E C E 511	Theory and Control of Synchronous Machines	3
E C E 512	Power Electronics Laboratory	3
E C E/COMP SCI/ M E 532	Matrix Methods in Machine Learning	3
E C E 711	Dynamics and Control of AC Drives ¹	3
E C E 712	Solid State Power Conversion ¹	3
E C E 713	Electromagnetic Design of AC Machines	3
E C E 714	Utility Application of Power Electronics	3
M E 746	Dynamics of Controlled Systems	3
or E C E/M E 732	Dynamics of Controlled Systems	3
M E 747	Advanced Computer Control of Machines and Processes	3
or E C E/M E 733	Advanced Computer Control of Machines and Processes	3
E C E/COMP SCI/ E M A/E P/M E 759	High Performance Computing for Applications in Engineering	3
E C E 901	Special Topics in Electrical and Computer Engineering	1-3

Research and Independent Study Courses

Course Path students may complete a maximum of 3 credits each of E C E 699 and E C E 999. They may not take E C E 790.

Thesis/Project Path students must take a minimum of 3 credits of E C E 790 and no more than 9 credits from any combination of E C E 699, E C E 790, or E C E 999.

E C E 699	Advanced Independent Study	1-6
E C E 790	Master's Research	3-9
E C E 999	Advanced Independent Study	1-3

¹ These courses may be completed via the Capstone Certificate in Power Conversion and Control (<https://guide.wisc.edu/nondegree/capstone/power-conversion-control-capstone-certificate/>).

Students in this program may not take courses outside the prescribed curriculum without faculty advisor and program director approval.

Students in this program cannot enroll concurrently in other undergraduate or graduate degree programs.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

NAMED OPTION-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Undergraduate Credits Earned at Other Institutions or UW-Madison¹

With program approval, up to 7 credits from UW-Madison numbered 400 or above can transfer toward the minimum graduate degree credit requirement. Up to 7 credits of E C E courses numbered 700 or above can transfer toward the minimum graduate coursework (50%) requirement. No credits can be counted toward the minimum graduate residence credit requirement.

With program approval, students may transfer up to 7 credits of undergraduate coursework from a bachelor of science degree in Electrical Engineering, Computer Engineering, Electrical and Computer Engineering, Electrical Engineering and Computer Science, or Computer Science from an ABET-accredited program at other institutions (not UW-Madison) toward fulfillment of minimum degree requirements.

Courses numbered 300 or above may be counted towards the minimum graduate degree credit requirement and courses numbered 700 or above may be counted towards the minimum graduate coursework (50%) requirement. No credits from other institutions can be counted toward the minimum graduate residence credit requirement. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

¹ The department also accepts undergraduate credit from non-UW ABET-accredited institutions. See policy language above for details.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a University Special Student at UW-Madison

With program approval, students are allowed to transfer up to 9 credits of coursework numbered 400 or above taken as a UW-Madison University Special student minimum credit requirement. Courses numbered 700 or above or are taken to meet the requirements of a capstone certificate

and has the “Grad 50%” attribute count toward the minimum graduate coursework (50%) requirement. Coursework earned ten or more years prior to admission is not allowed to satisfy requirements.

PROBATION

Refer to the Graduate School: Probation (<https://policy.wisc.edu/library/UW-1217/>) policy.

ADVISOR / COMMITTEE

An academic advisor will be assigned to newly-admitted students. Students who want to pursue research must secure a research advisor who matches their research area and agrees to supervise their research. A research advisor is not guaranteed.

CREDITS PER TERM ALLOWED

15 credits (most students take 3 credits per term)

TIME LIMITS

Refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeeabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (<https://osas.wisc.edu/>) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

ECE Grievance Procedures

The ECE Department, College of Engineering, and University of Wisconsin offer multiple avenues to resolve unfair or inappropriate treatment by faculty, staff, or another student. This includes hostile and intimidating

research group climate, authorship disputes, unreasonable expectations, and disrespectful behavior. The manner in which the grievance is handled depends on the nature of the issue and specific concerns of the aggrieved student. Graduate Assistants in TA, PA and/or RA appointments may utilize the Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/>) (GAPP) grievance process to resolve employment-related issues. Examples of matters appropriate for the GAPP grievance process include allegations of excessive work hours, violations of sick days or vacation policies, or disputes regarding the assignment of duties.

In some cases the best approach is for the aggrieved student to discuss their concern directly with the person responsible for the objectionable action.

If the student is uncomfortable making direct contact with the other individual or desires a confidential consultation about their concern, they may contact the ECE Associate Chair for Graduate Studies, the ECE Grievance Advisor, or the College of Engineering Assistant Dean for Graduate Affairs. These individuals work to resolve the concern while being sensitive to student confidentiality.

Change of advisor

Students who believe they are in a research environment that fails to meet ECE and College of Engineering standards for climate and culture should contact the ECE Associate Chair for Graduate Studies, the ECE Grievance Advisor, or the College of Engineering Assistant Dean for Graduate Affairs for additional consultation. They will work with the student to explore alternate advising arrangements and ensure continuity of financial support should the student need to leave the research group. Note that immigration status is NOT tied to a specific research advisor.

Formal Written Complaint Process

Issues that are not resolved to the student’s satisfaction may be pursued at the student’s discretion by submitting a written complaint to the ECE Grievance Advisor. The steps described below are based on the Definition and Procedure section of the Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/>) (GAPP) Grievance Procedure.

Step One: The grievant must file a written statement with the ECE Grievance Advisor specifying the grievant’s name, a clear and concise statement of the grievance and the issue(s) involved, the date(s) the incident or violation took place and the specific departmental, college, or university policies involved, and the relief sought. The grievance shall be signed and dated by the grievant(s) and representative (if any).

Within twenty (20) days of receipt of the written grievance, the ECE Grievance Advisor will meet with the grievant and their representative (if chosen) to hear the grievance and will return a written answer to the grievant and their representative (if chosen) no later than ten (10) days after this meeting. This answer will include a copy of the grievance procedure appeal process timeline, a list of resources and relevant contact information for future steps.

Step Two: If the decision in Step One is not accepted by the grievant, the grievant shall have 10 days from receipt of the answer in Step One to file an appeal with the College of Engineering Assistant Dean for Graduate Affairs. The Assistant Dean for Graduate Affairs will meet with the grievant and their representative (if chosen) within twenty (20) days from receipt of the appeal of Step One and attempt to resolve the grievance. The Assistant Dean for Graduate Affairs will provide the grievant and their

representative (if chosen) with a written response to the grievance no later than ten (10) days after this meeting.

Step Three: If the decision in Step Two is not accepted by the grievant, the grievant shall have 10 days from the receipt of the answer in Step Two to file an appeal with the Graduate School as described in Grievances and Appeals (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

OTHER

Students are strongly discouraged to pursue positions as Project Assistants, Teaching Assistants or Research Assistants during their time in this program. Students in this program will not receive the tuition remission that is typically part of the compensation package for a graduate assistantship.

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

DEPARTMENT OF ELECTRICAL AND COMPUTER ENGINEERING RESOURCES

UW–Madison, the College of Engineering, and ECE have an abundance of professional development opportunities for students to take advantage of in order to better prepare themselves for internships and job positions during and following their education. First of all, the ECE Department strongly encourages students to utilize the Graduate School's professional development resources (<https://grad.wisc.edu/professional-development/>). Engineering Career Services (ECS) (<http://ecs.wisc.edu>) hosts multiple career fairs each semester where students can directly interact with prospective employers, schedule interviews, and find internships and full-time jobs. ECS also maintains job listings and hosts a variety of professional development workshops each semester. The ECE Department provides unique opportunities throughout the year for students to attend and participate in various lectures, workshops, and trainings. The ECE Graduate Student Association (GSA) organizes professional development opportunities for fellow students. Students are made aware of events and opportunities via email and other communications.

ELECTRICAL AND COMPUTER ENGINEERING: PROFESSIONAL, MS

This is a named option in the Electrical and Computer Engineering MS (p. 651).

The Electrical and Computer Engineering Department (ECE) offers the Electrical and Computer Engineering MS-Professional named option program for students looking for an advanced entry into industrial electrical engineering.

It is designed to deepen the student's technical knowledge and sharpen their professional skills for a well-prepared entry into industry. The program provides a practical focus through a course-only curriculum, an accelerated and predictable 16-month completion time, and a professional development component. Well-prepared students and UW-Madison undergraduates may find it feasible to complete the program in 12 months.

The student, in consultation with an academic advisor, will choose courses that align well academically and target their career interests. When applying for the ECE MS-Professional program, students are required to choose an area of emphasis: Computer Engineering, Electromagnetic Fields and Waves, Solid State and Photonics, Energy and Power Systems, or a specified curriculum path of their own design. The coursework is customized based on the student's technical interests and is taught by faculty conducting cutting-edge research in their respective fields. The goal of the student's studies is to expand their knowledge in new technologies, design methods, and analysis techniques. The combined focus on technical skills and professional development will prepare graduates to assume leadership positions in industry.

The focus of the Professional program differs from the traditional research-based MS program. MS-Professional students do not conduct independent research and prepare a thesis, but rather have an accelerated course plan in a specialty area with a professional development component, either via an internship/co-op, an independent project, or through courses from Engineering Professional Development. If you are interested in research and advanced concept development, you are better served pursuing a research-based MS program or a PhD program. If you want to complete your degree **within 16 months** and enter the workforce, then the MS-Professional program is right for you.

MS-Professional students cannot be simultaneously enrolled in another graduate program at UW-Madison while completing this program.

After completing the program, students will earn a diploma stating "Master of Science in Electrical and Computer Engineering," and the transcript will include the indication "Named Option: Professional."

For more information on this specific degree plan, please visit the [program website \(https://advanceyourcareer.wisc.edu/degrees/electrical-engineering/\)](https://advanceyourcareer.wisc.edu/degrees/electrical-engineering/).

ADMISSIONS

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed

admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet the minimum requirements (https://grad.wisc.edu/apply/requirements/) of the Graduate School as well as the program(s).** Once you have researched the graduate program(s) you are interested in, apply online (https://grad.wisc.edu/apply/).

Requirements	Detail
Fall Deadline	December 15
Spring Deadline	This program does not admit in the spring.
Summer Deadline	This program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required but may be considered if available.
English Proficiency Test	Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment. Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

DEADLINE

Please submit all your application materials before the fall deadline to ensure full review of your application. Applications submitted after the above deadline through March 15 will be considered if space is still available. To check if space is available, please email: ecegradadmission@engr.wisc.edu.

APPLICATION REQUIREMENTS

A submitted online application (<https://grad.wisc.edu/apply/>) is required, consisting of:

- Resume/CV.
- Statement of purpose detailing why the applicant wishes to pursue further education in Electrical and Computer Engineering. If the applicant's degree is in another discipline, it is recommended to discuss relevant coursework taken in your area of interest that will prepare you for graduate-level E C E (http://guide.wisc.edu/courses/e_c_e/) courses. See the suggested guidelines provided by the Graduate School (<https://grad.wisc.edu/apply/prepare/>).
- Most up to date unofficial transcript(s) from all previous higher education institutions, regardless of whether or not a degree was earned (official transcripts are requested of only recommended applicants); international academic records must be in the original language accompanied by an official English translation.
- Test scores as detailed above.
- Three letters of recommendation are required from people who can accurately judge the applicant's academic and/or work performance. Letters of recommendation are submitted electronically to graduate programs through the online application. See the Graduate

School for FAQs regarding letters of recommendation. Letters of recommendation are due by the deadline listed above.

Information about the application fee may be found in the Graduate School FAQs (<https://grad.wisc.edu/apply/>). Fee grants are available through the conditions outlined by the Graduate School (<https://grad.wisc.edu/apply/fee-grant/>).

Applications must be entirely complete by the deadline, including test scores and letters of recommendation. Please note that it is highly advised to take the GRE and English proficiency tests well in advance of the application deadline in order to ensure time for receiving and processing of the scores. Please do not mail any paper copies of application materials, except IELTS scores. They will not be reviewed.

Information for international applicants, including proof of funding and visa information, can be found on the International Student Services (<https://iss.wisc.edu/students/admissions/>) website.

The department welcomes applications from scientific, engineering, and mathematical disciplines other than Electrical and Computer Engineering.

ENGLISH COMPETENCY FOR NON-NATIVE ENGLISH SPEAKERS

Effective written and oral communication is vital for a successful academic career. International students whose native language is not English will be required to take the English as a Second Language Assessment Test (ESLAT), offered by the English as a Second Language (ESL) Program.

The English as a Second Language Assessment Test (ESLAT) must be taken as soon as the student arrives at the university. The test is offered in the fall and spring during the week before the beginning of instruction. The English as a Second Language (ESL) home page (<https://esl.wisc.edu/international-students/placement/>) has more information.

Based on English as a Second Language Assessment Test (ESLAT) performance, specific English as a Second Language (ESL) courses may be recommended. These courses must be taken and passed within 12 months of the English as a Second Language Assessment Test (ESLAT). Otherwise, the student will not be permitted to register during the third semester after entering the graduate program. Any English as a Second Language (ESL) courses numbered 300 or above can be counted towards graduate degree requirements but not toward Electrical and Computer Engineering course requirements. Completion of English as a Second Language Assessment Test (ESLAT) and recommended courses is also a requirement for graduation of an international student whose native language is not English.

Students are exempt from taking the English as a Second Language Assessment Test (ESLAT) if:

- English is the exclusive language of instruction at the undergraduate institution; or
- they have earned a degree from a regionally accredited US college or university not more than 5 years prior to the anticipated semester of enrollment; or
- they have completed at least two full-time semesters of graded course work, exclusive of English as a Second Language (ESL) courses, in a U.S. college or university, or at an institution outside the US where English is the exclusive language of instruction, not more than five years prior to the anticipated semester of enrollment.

REENTRY ADMISSIONS

If you were previously enrolled as a graduate student at UW–Madison, but have had a break in enrollment for at least one fall or spring semester, you will need to apply to resume your studies.

For applicants previously enrolled in a graduate program other than Electrical and Computer Engineering, you must complete a new online application, including all materials, for admission.

For applicants previously enrolled in Electrical and Computer Engineering as a graduate student, you must complete a reentry application. Reentry applicants may apply for the fall term with a deadline of June 1.

In order to apply as a reentry applicant, you must:

- complete the online application (<https://grad.wisc.edu/apply/>), including the personal information section, program and term selection, and supplementary application;
- Provide the following documents to the Electrical and Computer Engineering Graduate Admissions Team (email located in contact information box)
 - CV/Resume
 - Statement of Purpose
 - Any new unofficial transcripts from previous higher education institutions
 - Three letters of recommendation if the break in enrollment equals or is greater than four semesters (fall, spring). Letters of recommendation should be emailed directly from the recommender

Current Graduate Student Admissions

Applicants currently enrolled as a graduate student at UW–Madison, whether in or other than Electrical and Computer Engineering, wishing to apply to this degree program should contact the Electrical and Computer Engineering Graduate Admissions Team (email located in contact information box) to inquire about the process and respective deadlines several months in advance of the anticipated enrollment term. Applicants currently enrolled may apply to change or add programs for any term (fall, spring, or summer).

QUESTIONS

Please review the frequently asked questions answered by the Graduate School here (<https://grad.wisc.edu/apply/>).

If you have any admissions questions, please do not hesitate to contact the Electrical and Computer Engineering Graduate Admissions Team (email located in contact information box).

FUNDING

FUNDING GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Students enrolled in this program are not eligible to receive tuition remission from graduate assistantship appointments at this institution.

Tuition Scholarships for Accelerated MS Programs

The Department of Electrical and Computer Engineering offers a limited number of scholarships for highly qualified students who are accepted to the department's accelerated MS programs. The scholarships are merit-based and awarded during the admission period.

Eligibility Requirements

- Must enroll in one of the Department's two named options programs:
 - Electrical and Computer Engineering: Machine Learning and Signal Processing
 - Electrical and Computer Engineering: Professional

Scholarship Amounts

- The amount of the scholarship is indicated when the student is notified of the award.

Additional Information

- Students who meet the above criteria are automatically eligible for this scholarship. No formal application by the student is necessary.
- Students will be notified of scholarship award after acceptance to the program.

Federal Loans

Students who are U.S. citizens or permanent residents may be eligible to receive some level of funding through the federal direct loan program. These loans are available to qualified graduate students who are taking at least 4 credits during the fall and spring semesters, and 2 credits during summer. Private loans are also available. Learn more about financial aid at this website (<https://financialaid.wisc.edu/>).

International Student Services Funding and Scholarships

For information on International Student Funding and Scholarships, visit the ISS website (<https://iss.wisc.edu/students/new-students/funding-scholarships/>).

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

NAMED OPTION REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	Yes

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW-Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail

Minimum Credit Requirement 30 credits

Minimum Residence Credit Requirement 23 credits

Minimum Graduate Coursework Requirement 15 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: <https://policy.wisc.edu/library/UW-1244> (<https://policy.wisc.edu/library/UW-1244/>).

Overall Graduate GPA Requirement 3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: <https://policy.wisc.edu/library/UW-1203> (<https://policy.wisc.edu/library/UW-1203/>).

Other Grade Requirements 1. A grade of B or better in any course is acceptable.
2. A grade of BC in an E C E course is acceptable, provided the total cumulative GPA for E C E courses is greater than or equal to 3.00.
3. A grade of BC or C in a non-E C E course is acceptable only if approved by the Graduate Committee.

Assessments and Examinations n/a

Language Requirements Non-native speakers of English who enroll in the MS program must take the ESLAT test on arrival at the university and then take any recommended courses based on the exam results. In addition, if a student's advisor believes that his or her technical writing ability needs improvement, the student may be required to undertake remedial work.

REQUIRED COURSES

Code	Title	Credits
Mandatory Courses		
E C E 610	Seminar in Electrical and Computer Engineering	1

Elective Courses

12 of the 30 credit hours must be taken within one curriculum path. Please see sample curriculum paths below. Students may take courses from combinations of different paths to create custom degrees that are well-aligned with their professional goals with advisor approval.¹

Other Course Requirements

21 of the 30 credit hours must be taken in E C E. Approved graduate or undergraduate transfer credits in ECE courses may count toward the 21 E C E credits.

No more than 9 credits can be taken outside of E C E.

Special topics courses E C E 601 Special Topics in Electrical and Computer Engineering or E C E 901 Special Topics in Electrical and Computer Engineering may be used for up to 3 credits towards a curriculum path with advisor approval.

No more than 3 independent study credits count toward the degree. This includes E C E 699 and E C E 999.

No more than 3 credits of ESL courses count toward the degree.

Thesis credits are not allowed (E C E 790 or E C E 890 or E C E 990).

¹ Please keep written communications (emails are acceptable) of approvals from your faculty advisor.

Computer Engineering Sample Curriculum Path

E C E/PHYSICS 748	Linear Waves	3
E C E/N E/ PHYSICS 749	Coherent Generation and Particle Beams	3
E C E 841	Antennas	3
E C E/PHYSICS 848	Nonlinear Waves	3

Energy and Power Systems Sample Curriculum Path¹

Code	Title	Credits
Electric Machines and Drives		
Select 12 credits from the following:		
E C E 411	Introduction to Electric Drive Systems	3

E C E 412	Power Electronic Circuits	3
E C E 427	Electric Power Systems	3
E C E 504	Electric Machine & Drive System Laboratory	2-3
E C E 511	Theory and Control of Synchronous Machines	3
E C E 711	Dynamics and Control of AC Drives	3
E C E 713	Electromagnetic Design of AC Machines	3

Code Title Credits
Power Electronics

Select 12 credits from the following:

E C E 411	Introduction to Electric Drive Systems	3
E C E 412	Power Electronic Circuits	3
E C E 427	Electric Power Systems	3
E C E 512	Power Electronics Laboratory	3
E C E 711	Dynamics and Control of AC Drives	3
E C E 712	Solid State Power Conversion	3
E C E 714	Utility Application of Power Electronics	3

Code Title Credits
Power Systems

Select 12 credits from the following:

E C E 411	Introduction to Electric Drive Systems	3
E C E 412	Power Electronic Circuits	3
E C E 427	Electric Power Systems	3
E C E 511	Theory and Control of Synchronous Machines	3
E C E/COMP SCI/ I S Y E 524	Introduction to Optimization	3
E C E 714	Utility Application of Power Electronics	3
E C E 723	On-Line Control of Power Systems	3
E C E 731	Advanced Power System Analysis	3

¹ The on-campus program, not the online MSEE Power Engineering program.

Solid State/Photonics Sample Curriculum Path

Code Title Credits
Semiconductor Device and Fabrication Technology

Select 12 credits from the following:

E C E 445	Semiconductor Physics and Devices	3
E C E/N E 528	Plasma Processing and Technology	3
E C E 542	Introduction to Microelectromechanical Systems	3
E C E 548	Integrated Circuit Design	3
E C E 549	Integrated Circuit Fabrication Laboratory	4
E C E 745	Solid State Electronics	3
E C E 845	Transport in Semiconductor Devices	3

Code Title Credits

Photonics Technology

Select 12 credits from the following:

E C E 434	Photonics	3
E C E 466	Electronics of Solids	3
E C E 536	Integrated Optics and Optoelectronics	3
E C E 740	Electromagnetic Theory	3
E C E 741	Semiconductor Diode Lasers and other Optoelectronic Devices	3
E C E 742	Computational Methods in Electromagnetics	3
E C E 747	Nanophotonics	3

PROFESSIONAL DEVELOPMENT ACTIVITIES

Students are strongly encouraged to participate in one of the professional development activities below:

- With assistance from Engineering Career Services, obtain a summer internship and enroll in E C E 702 Graduate Cooperative Education Program.
- Enroll in the summer course INTEREGR 601 Topics in Interdisciplinary Engineering.
- Enroll in up to 3 credits of E C E 699 Advanced Independent Study and be co-supervised by an advisor working in industry (choice of industry advisor is subject to program approval).
- Complete at least two of the online "Foundations of Professional Development" courses. Each course is eight weeks and 1 credit:

Code Title Credits

E P D 605	Fundamentals of Technical Project Management	1
E P D 701	Writing for Professionals	1
E P D 702	Professional Presentations	1
E P D 704	Organizational Communication and Problem Solving	1
E P D 706	Change Management	1
E P D 708	Creating Breakthrough Innovations	1
E P D 712	Ethics for Professionals	1
E P D/GEN BUS/ MARKETNG 782	Marketing for Non-Marketing Professionals	1
E P D/GEN BUS/ M H R 783	Leading Teams	1
or E P D 606	Leading and Managing Technical Teams	
E P D/GEN BUS/ M H R 785	Effective Negotiation Strategies	1

OTHER POLICY

Students in this program may not take courses outside the prescribed curriculum without faculty advisor and program director approval. Students in this program cannot enroll concurrently in other undergraduate or graduate degree programs.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

NAMED OPTION-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Undergraduate Credits Earned at Other Institutions or UW-Madison

With program approval, UW-Madison courses numbered 400 or above may be transferred to fulfill the minimum credit requirement, or E C E (http://guide.wisc.edu/courses/e_c_e/) courses numbered 700 or above can be transferred to fulfill the minimum graduate coursework (50%) requirement. No credits can be applied to fulfill the minimum residence credit requirement. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

With program approval, credits from other institutions numbered 300 or above outside of E C E (http://guide.wisc.edu/courses/e_c_e/) or 400 level or above within E C E (http://guide.wisc.edu/courses/e_c_e/) can be transferred to fulfill the minimum credit requirement. Transfer credits from other institutions must be equivalent to the rigor of UW-Madison courses numbered 300 and above. Prior coursework transfers will be assessed on a case-by-case basis by the program. These credits cannot satisfy the 50% graduate coursework minimum nor the minimum residence credit requirement. To request evaluation of prior coursework, please contact the Graduate Student Services Coordinator. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a University Special Student at UW-Madison

With program approval, students may transfer coursework numbered 400 or above, taken as a UW-Madison University Special student, toward the minimum credit requirement. Courses numbered 700 or above or are taken to meet the requirements of a capstone certificate and has the "Grad 50%" attribute may be applied toward the minimum graduate coursework (50%) requirement. Coursework earned ten or more years prior to admission is not allowed to satisfy requirements.

(Up to 7 credits total of prior coursework can be used from the categories above.)

PROBATION

Refer to the Graduate School: Probation (<https://policy.wisc.edu/library/UW-1217/>) policy.

ADVISOR / COMMITTEE

A faculty advisor will be assigned in the student's curriculum area of interest. The faculty advisor assists with course selection and academic planning.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

Students are expected to complete the degree requirements and graduate within 3 academic semesters.

If students have been absent for five or more years, they must file a new Graduate School application for admission and submit it with a new application fee. Refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (<https://osas.wisc.edu/>) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

ECE Grievance Procedures Exceptions, Extensions, and Appeals

Petitions for exceptions to academic requirements are considered on an individual case-by-case basis and granted exceptions do not constitute a

precedent. Deviations from established policies are strongly discouraged, but certain extenuating academic and personal circumstances may warrant exceptions. Petitions for course exceptions/substitutions, exceptions to the Satisfactory Progress Expectations (academic or conduct), or other policy exceptions shall be directed to the ECE Graduate Committee, and in some circumstances to the appropriate program coordinator. The following procedures apply to all petitions:

1. Student must first consult with their advisor(s).
2. Student is advised to also consult with the ECE Graduate Student Services Coordinator for additional advice.
3. Student and advisor(s) must both submit written documentation requesting and explaining the petition to the ECE Graduate Student Services Coordinator:
4. Identify the specific requirement/rule/expectation pertinent to the petition;
5. Explain the rationale for petition and why it should be granted;
6. Advisor(s) must support the petition.

The ECE Graduate Student Services Coordinator will forward the petition to the ECE Graduate Committee and appropriate program coordinator for adjudication. Student and advisor(s) will be notified of the ECE Graduate Committee's decision and the note will be placed in the student's file.

Please note that petitions for exceptions to clearly-defined program rules are rarely approved by the ECE Graduate Committee.

Progress Requirements

The ECE Graduate Committee may grant extensions to normal progress requirements in circumstances such as childbirth, adoption, significant responsibilities with respect to elder or dependent care obligations, disability or chronic illness, or circumstances beyond one's personal control. Petitions for extensions should provide evidence of plans and ability to return to conformance with program expectations and to acceptably complete the program. Extensions beyond one semester will be granted only in the event of highly extraordinary circumstances. Extensions will be recorded with a note of explanation placed in the student's file.

Students desiring confidentiality of their circumstances should consult with the Associate Chair for Graduate Studies.

Appeal of Previous Decisions

Appeals of ECE Graduate Committee decisions may be pursued regarding any academic issue, including exceptions to program requirements, progress requirements, AGS and Qualifying Exam decisions. Appeals will only be considered if the student provides new information that was not available to the ECE Graduate Committee at the time the original decision was made. Appeals must be submitted within one month of the date the student was notified of the ECE Graduate Committee action being appealed.

If the student believes their appeal was not appropriately handled or resolved by the ECE Department, the student may further appeal to the College of Engineering by contacting the Assistant Dean for Graduate Affairs. Such appeals must be submitted within one month of the date the student was notified of the ECE Graduate Committee denial.

Grievances

The ECE Department, College of Engineering, and University of Wisconsin offer multiple avenues to resolve unfair or inappropriate treatment by faculty, staff, or another student. This includes hostile and intimidating research group climate, authorship disputes, unreasonable expectations, and disrespectful behavior. The manner in which the grievance is handled depends on the nature of the issue and specific concerns of the aggrieved student. Graduate Assistants in TA, PA and/or RA appointments may utilize the Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/>) (GAPP) grievance process to resolve employment-related issues. Examples of matters appropriate for the GAPP grievance process include allegations of excessive work hours, violations of sick days or vacation policies, or disputes regarding the assignment of duties.

In some cases the best approach is for the aggrieved student to discuss their concern directly with the person responsible for the objectionable action.

If the student is uncomfortable making direct contact with the other individual or desires a confidential consultation about their concern, they may contact the ECE Associate Chair for Graduate Studies, the ECE Grievance Advisor, or the College of Engineering Assistant Dean for Graduate Affairs. These individuals work to resolve the concern while being sensitive to student confidentiality.

Change of advisor

Students who believe they are in a research environment that fails to meet ECE and College of Engineering standards for climate and culture should contact the ECE Associate Chair for Graduate Studies, the ECE Grievance Advisor, or the College of Engineering Assistant Dean for Graduate Affairs for additional consultation. They will work with the student to explore alternate advising arrangements and ensure continuity of financial support should the student need to leave the research group. Note that immigration status is NOT tied to a specific research advisor.

Formal Written Complaint Process

Issues that are not resolved to the student's satisfaction may be pursued at the student's discretion by submitting a written complaint to the ECE Grievance Advisor. The steps described below are based on the Definition and Procedure section of the Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/>) (GAPP) Grievance Procedure.

Step One: The grievant must file a written statement with the ECE Grievance Advisor specifying the grievant's name, a clear and concise statement of the grievance and the issue(s) involved, the date(s) the incident or violation took place and the specific departmental, college, or university policies involved, and the relief sought. The grievance shall be signed and dated by the grievant(s) and representative (if any).

Within twenty (20) days of receipt of the written grievance, the ECE Grievance Advisor will meet with the grievant and their representative (if chosen) to hear the grievance and will return a written answer to the grievant and their representative (if chosen) no later than ten (10) days after this meeting. This answer will include a copy of the grievance procedure appeal process timeline, a list of resources and relevant contact information for future steps.

Step Two: If the decision in Step One is not accepted by the grievant, the grievant shall have 10 days from receipt of the answer in Step One to file an appeal with the College of Engineering Assistant Dean for Graduate Affairs. The Assistant Dean for Graduate Affairs will meet with the grievant and their representative (if chosen) within twenty (20) days from

receipt of the appeal of Step One and attempt to resolve the grievance. The Assistant Dean for Graduate Affairs will provide the grievant and their representative (if chosen) with a written response to the grievance no later than ten (10) days after this meeting.

Step Three: If the decision in Step Two is not accepted by the grievant, the grievant shall have 10 days from the receipt of the answer in Step Two to file an appeal with the Graduate School as described in Grievances and Appeals (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

OTHER

Students are strongly discouraged to pursue positions as Project Assistants, Teaching Assistants or Research Assistants during their time in this program, as the rigor and accelerated nature of this program may not accommodate those work time commitments. Students in this program will not receive the tuition remission that is typically part of the compensation package for a graduate assistantship.

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

DEPARTMENT OF ELECTRICAL AND COMPUTER ENGINEERING RESOURCES

UW–Madison, the College of Engineering, and ECE have an abundance of professional development opportunities for students to take advantage of in order to better prepare themselves for internships and job positions during and following their education. First of all, the ECE Department strongly encourages students to utilize the Graduate School's professional development resources (<https://grad.wisc.edu/professional-development/>). Engineering Career Services (ECS) (<http://ecs.wisc.edu>) hosts multiple career fairs each semester where students can directly interact with prospective employers, schedule interviews, and find internships and full-time jobs. ECS also maintains job listings and hosts a variety of professional development workshops each semester. The ECE Department provides unique opportunities throughout the year for students to attend and participate in various lectures, workshops, and trainings. The ECE Graduate Student Association (GSA) organizes professional development opportunities for fellow students. Students are made aware of events and opportunities via email and other communications.

ELECTRICAL AND COMPUTER ENGINEERING: RESEARCH, MS

This is a named option in the Electrical and Computer Engineering MS (p. 651).

The Electrical and Computer Engineering (ECE) Department offers the Electrical and Computer Engineering MS-Research named option program which emphasizes the enhancement of professional knowledge and research techniques.

The MS-Research program is intended for students who seek training in research and advanced concept development, and who want to pursue an in-depth research project with a faculty member. Students desiring the highest level of research training should apply to a PhD program; often a MS-Research degree is earned along the way to a PhD degree.

A distinguishing feature of the MS-Research program, in comparison to ECE's other master's degree programs, is the preparation of a thesis or a project report based on a research problem. The MS-Research program typically takes 24 months to complete.

After completing the program, students will earn a diploma stating "Master of Science in Electrical and Computer Engineering" and the transcript will include the indication "Named Option: Research."

For more information on this specific degree plan, please visit the ECE website (<https://engineering.wisc.edu/programs/degrees/electrical-and-computer-engineering-research-ms/>).

ADMISSIONS

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) of the Graduate School as well as the program(s).** Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 15
Spring Deadline	The program does not admit in the spring.
Summer Deadline	This program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required but may be considered if available.

English Proficiency Test	Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment. Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

APPLICATION REQUIREMENTS

A submitted application (<https://grad.wisc.edu/apply/>) is required, consisting of:

- Resume/CV;
- Statement of purpose; see the suggested guidelines provided by the Graduate School
- The supplemental application section that identifies their research interest area
- Most up to date unofficial transcript(s) from all previous higher education institutions, regardless of whether or not a degree was earned (official transcripts are requested of only recommended applicants); international academic records must be in the original language accompanied by an official English translation.
- Test scores and three letters of recommendation as detailed above.

Applications must be entirely complete by the deadline, including test scores and letters of recommendation. Please note that it is highly advised to take the GRE and English proficiency tests well in advance of the application deadline in order to ensure time for receiving and processing of the scores. Please do not mail any paper copies of application materials, except IELTS scores. They will not be reviewed.

When an applicant submits an application, they are automatically also put in the pool to be considered for funding from the department. Funding decisions come directly from faculty members. However, funding is limited and never guaranteed. All admitted applicants should anticipate to fund themselves. Those selected for funding will be contacted separately and directly by Electrical and Computer Engineering faculty.

Information for international applicants, including proof of funding and visa information, can be found on the International Student Services (<https://iss.wisc.edu/students/admissions/>) website.

By Wisconsin state law, the application fee can only be waived or deferred under the conditions outlined by the Graduate School (<https://grad.wisc.edu/apply/fee-grant/>).

The department welcomes applications from scientific, engineering, and mathematical disciplines other than Electrical and Computer Engineering.

ENGLISH COMPETENCY FOR NON-NATIVE ENGLISH SPEAKERS

Effective written and oral communication is vital for a successful academic career. International students whose native language is not English will

be required to take the English as a Second Language Assessment Test (ESLAT), offered by the English as a Second Language (ESL) Program.

The English as a Second Language Assessment Test (ESLAT) must be taken as soon as the student arrives at the university. The test is offered in the fall and spring during the week before the beginning of instruction. The English as a Second Language (ESL) home page (<https://esl.wisc.edu/international-students/placement/>) has more information.

Based on English as a Second Language Assessment Test (ESLAT) performance, specific English as a Second Language (ESL) courses may be recommended. These courses must be taken and passed within 12 months of the English as a Second Language Assessment Test (ESLAT). Otherwise, the student will not be permitted to register during the third semester after entering the graduate program. Any English as a Second Language (ESL) courses numbered 300 or above can be counted towards graduate degree requirements but not toward Electrical and Computer Engineering course requirements. Completion of English as a Second Language Assessment Test (ESLAT) and recommended courses is also a requirement for graduation of an international student whose native language is not English.

Students are exempt from taking the English as a Second Language Assessment Test (ESLAT) if:

- English is the exclusive language of instruction at the undergraduate institution; or
- they have earned a degree from a regionally accredited U.S. college or university not more than 5 years prior to the anticipated semester of enrollment; or
- they have completed at least two full-time semesters of graded course work, exclusive of English as a Second Language (ESL) courses, in a U.S. college or university, or at an institution outside the U.S. where English is the exclusive language of instruction, not more than 5 years prior to the anticipated semester of enrollment.

REENTRY ADMISSIONS

If you were previously enrolled as a graduate student at UW–Madison, but have had a break in enrollment for at least one fall or spring semester, you will need to apply to resume your studies.

For applicants previously enrolled in a graduate program other than Electrical and Computer Engineering, you must complete a new online application, including all materials, for admission.

For applicants previously enrolled in Electrical and Computer Engineering as a graduate student, you must complete a reentry application. Reentry applicants may apply for the fall term with a deadline of June 1.

In order to apply as a reentry applicant, you must:

- complete the online application (<https://grad.wisc.edu/apply/>), including the personal information section, program and term selection, and supplementary application;
- Provide the following documents to the Electrical and Computer Engineering Graduate Admissions Team (email located in contact information box)
 - CV/Resume
 - Statement of Purpose
 - Any new unofficial transcripts from previous higher education institutions
 - Three letters of recommendation if the break in enrollment equals or is greater than four semesters (fall, spring).

Letters of recommendation should be emailed directly from recommender.

Current Graduate Student Admissions

Applicants currently enrolled as a graduate student at UW–Madison, whether in or other than Electrical and Computer Engineering, wishing to apply to this degree program should contact the Electrical and Computer Engineering Graduate Admissions Team (ecegradadmission@engr.wisc.edu) to inquire about the process and respective deadlines several months in advance of the anticipated enrollment term. Applicants currently enrolled may apply to change or add programs for any term (fall, spring, or summer).

QUESTIONS

Please review the frequently asked questions answered by the Graduate School here (<https://grad.wisc.edu/apply/>).

If you have any admissions questions, please do not hesitate to contact the Electrical and Computer Engineering Graduate Admissions Team (email located in contact information box).

FUNDING

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Students in the ECE MS–Research program are eligible for assistantships from ECE and other departments.

Research Assistantships (RA)

Students should contact professors in their area of interest. Professors decide whom they will appoint on their research grants.

Teaching Assistantships (TA) and Grader Positions

Current graduate students may apply for teaching assistantships or hourly grader positions via the ECE TA/Grader Portal (<https://apps.aims.wisc.edu/tagrader/default.aspx>) (must have a NetID to access). If you are interested in applying for TA or grader position in a department other than ECE, please contact the respective department to ask about their own application process. Students currently holding a research assistant or fellowship position that are interested in teaching assistant positions should discuss options with their research advisor(s) before applying.

International students who are non-native English speakers are required to pass the SPEAK Test (<https://esl.wisc.edu/ita-training/speak/>) through the English as a Second Language Program on campus. Students wishing to take the SPEAK Test should contact the ECE TA Coordinator via e-mail to register for the exam.

Project Assistantships (PA)

There are project assistant opportunities on campus for various purposes and departments and offices. Often announcements of openings are posted on TA/PA bulletin boards in Engineering Hall and on the UW Job

Center webpage (<http://www.jobcenter.wisc.edu/>). You may also contact individual faculty members to inquire about possible opportunities.

Fellowships

Information concerning fellowships is sent to graduate students via email from the department, faculty, and/or the Graduate School.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

NAMED OPTION REQUIREMENTS MODE OF INSTRUCTION

Face to Face	Evening/Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

MODE OF INSTRUCTION DEFINITIONS

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW–Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail	
Minimum Credit Requirement	30 credits
Minimum Residence Credit Requirement	23 credits
Minimum Graduate Coursework Requirement	15 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/).
Overall Graduate GPA Requirement	3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).

Other Grade Requirements

1. A grade of B or better in any course is acceptable.
2. A grade of BC in an E C E course is acceptable, provided the total cumulative GPA for E C E courses is greater than or equal to 3.00.
3. A grade of BC or C in a non-E C E course is acceptable only if approved by the Graduate Committee.

Assessments and Examinations

Students must complete either a thesis or project. Details about these two paths can be found below.

Language Requirements

Non-native speakers of English who enroll in the MS program must take the ESLAT test on arrival at the university and then take any recommended courses based on the exam results. In addition, if a student's advisor believes that his or her technical writing ability needs improvement, the student may be required to undertake remedial work.

REQUIRED COURSES

The E C E (http://guide.wisc.edu/courses/e_c_e/) department requires 30 credits and does not apply E C E (http://guide.wisc.edu/courses/e_c_e/) courses numbered 300–399 toward degree requirements.

Students must choose one of the paths of study below to fulfill the requirements for the Research option degree:

Thesis Path

Student must earn 30 graduate credits, attained with acceptable grades as defined on the Policies tab. Of these 30 credits, at least 15 must be in E C E (http://guide.wisc.edu/courses/e_c_e/) courses numbered 400 or higher, and at least 15 must be in courses numbered 700 or higher. Courses numbered 300–399 in E C E (http://guide.wisc.edu/courses/e_c_e/) and E C E 702 Graduate Cooperative Education Program are not acceptable. E C E 890 Pre-Dissertator's Research and E C E 990 Dissertator's Research are not applicable to the MS degree.

Of the 30 credits, a minimum of three and a maximum of nine credits must be in E C E 790 Master's Research. These E C E 790 credits are applicable toward both the 15 E C E (http://guide.wisc.edu/courses/e_c_e/) credit requirement and the courses numbered 700 or above requirement. The combined number of credits in E C E 790, E C E 699 Advanced Independent Study, and E C E 999 Advanced Independent Study applied toward the degree may not exceed nine credits.

At the conclusion of the research program, a thesis must be prepared. If the thesis is formally defended, then a thesis committee must consist of at least three members, two of whom must be graduate faculty or former graduate faculty up to one year after resignation or retirement. If there is no formal defense, the thesis only needs to be approved by the student's graduate faculty advisor.

If depositing through Memorial Library, the thesis must:

1. conform to Graduate School and library formats (<https://grad.wisc.edu/current-students/masters-guide/#what-you-need-to-do>), and
2. be filed with the Memorial Library where it is cataloged and stacked for future reference (if required by the master's thesis committee).

If submitting to Minds@UW, an electronic copy must be sent to the program's Graduate Student Services Coordinator, who will deposit it into Minds@UW, Department of Electrical and Computer Engineering Thesis Collection. The Minds@UW system (<https://minds.wisc.edu/>) will

provide a permanent URL, safe long-term archiving and is indexed by Google, Google Scholar and other specialty academic search engines.

At the conclusion of the thesis, all grades of P (Progress) and I (Incomplete) in E C E 790 Master's Research are changed to either S (Satisfactory) or U (Unsatisfactory) by the advisor. In the final semester, the student is required to check in with the program's Graduate Student Services Coordinator to start the degree warrant process by the announced deadline.

Project Path

The Project Path consists of the same credit and course requirements as the Thesis Path. Students must complete a research project in consultation with a faculty advisor. At the conclusion of the project, a report is prepared. The research project is generally more limited in scope than a thesis and typically is not awarded as many credits. The report does not conform to Graduate School and library formats, but it must be typewritten. The student's advisor must approve the report. No library or Minds@UW copy is required, but a copy may be requested by the faculty. In the final semester, the student is required to check in with the program's Graduate Student Services Coordinator to start the degree warrant process by the announced deadline.

Seminar Requirement (E C E 610)

All on-campus program graduate students must register for E C E 610 Seminar in Electrical and Computer Engineering during their first fall semester of graduate studies. MS-degree seeking students must complete one credit of E C E 610 in the fall semester of which they are entering the program. Students with a course conflict with E C E 610 may defer taking the seminar by one year with faculty advisor approval.

E C E 610 prepares students for success in graduate school and exposes them to areas within electrical and computer engineering as well as related fields, such as biotechnology, physics, computer science, mathematics, or business. Electrical and computer engineering is interdisciplinary in nature, so it is important that students be aware of advanced research and development in areas other than their own.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

NAMED OPTION-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Undergraduate Credits Earned at Other Institutions or UW-Madison

With program approval, UW-Madison courses numbered 400 or above may be transferred to fulfill the minimum graduate degree credit requirement, or E C E (http://guide.wisc.edu/courses/e_c_e/) courses

numbered 700 or above can be transferred to fulfill the minimum graduate coursework (50%) requirement. No credits can be applied toward the minimum residence credit requirement. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

With program approval, credits from other institutions numbered 300 or above outside of E C E (http://guide.wisc.edu/courses/e_c_e/) or numbered 400 or above within E C E (http://guide.wisc.edu/courses/e_c_e/) can be transferred to fulfill the minimum credit requirement. Transfer credits from other institutions must be equivalent to the rigor of UW-Madison courses numbered 300 and above. Prior coursework transfers will be assessed on a case-by-case basis by the program. These credits cannot satisfy the 50% graduate coursework minimum nor the minimum residence credit requirement. To request evaluation of prior coursework, please contact the Graduate Student Services Coordinator. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a University Special Student at UW-Madison

With program approval, students may transfer coursework numbered 400 or above, taken as a UW-Madison University Special student, toward the minimum credit requirement. Courses numbered 700 or above or are taken to meet the requirements of a capstone certificate and has the "Grad 50%" attribute may be applied toward the minimum graduate coursework (50%) requirement. Coursework earned ten or more years prior to admission is not allowed to satisfy requirements.

(Up to 7 credits total of prior coursework can be used from the categories above.)

PROBATION

Refer to the Graduate School: Probation (<https://policy.wisc.edu/library/UW-1217/>) policy.

ADVISOR / COMMITTEE

A student's Electrical and Computer Engineering academic advisor assists the student in acquiring the highest level possible of knowledge and competence in their field. Academic advisors play a role in tracking the student's progress toward degree completion, assisting with course selection and academic planning, and helping students identify possible research mentors, committee members, and opportunities

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

Refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeeedisabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (<https://osas.wisc.edu/>) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

ECE Grievance Procedures Exceptions, Extensions, and Appeals

Petitions for exceptions to academic requirements are considered on an individual case-by-case basis and granted exceptions do not constitute a precedent. Deviations from established policies are strongly discouraged, but certain extenuating academic and personal circumstances may warrant exceptions. Petitions for course exceptions/substitutions, exceptions to the Satisfactory Progress Expectations (academic or conduct), or other policy exceptions shall be directed to the ECE Graduate Committee, and in some circumstances to the appropriate program coordinator. The following procedures apply to all petitions:

1. Student must first consult with their advisor(s).
2. Student is advised to also consult with the ECE Graduate Student Services Coordinator for additional advice.
3. Student and advisor(s) must both submit written documentation requesting and explaining the petition to the ECE Graduate Student Services Coordinator:
4. Identify the specific requirement/rule/expectation pertinent to the petition;
5. Explain the rationale for petition and why it should be granted;
6. Advisor(s) must support the petition.

The ECE Graduate Student Services Coordinator will forward the petition to the ECE Graduate Committee and appropriate program coordinator for

adjudication. Student and advisor(s) will be notified of the ECE Graduate Committee's decision and the note will be placed in the student's file.

Please note that petitions for exceptions to clearly-defined program rules are rarely approved by the ECE Graduate Committee.

Progress Requirements

The ECE Graduate Committee may grant extensions to normal progress requirements in circumstances such as childbirth, adoption, significant responsibilities with respect to elder or dependent care obligations, disability or chronic illness, or circumstances beyond one's personal control. Petitions for extensions should provide evidence of plans and ability to return to conformance with program expectations and to acceptably complete the program. Extensions beyond one semester will be granted only in the event of highly extraordinary circumstances. Extensions will be recorded with a note of explanation placed in the student's file.

Students desiring confidentiality of their circumstances should consult with the Associate Chair for Graduate Studies.

Appeal of Previous Decisions

Appeals of ECE Graduate Committee decisions may be pursued regarding any academic issue, including exceptions to program requirements, progress requirements, AGS and Qualifying Exam decisions. Appeals will only be considered if the student provides new information that was not available to the ECE Graduate Committee at the time the original decision was made. Appeals must be submitted within one month of the date the student was notified of the ECE Graduate Committee action being appealed.

If the student believes their appeal was not appropriately handled or resolved by the ECE Department, the student may further appeal to the College of Engineering by contacting the Assistant Dean for Graduate Affairs. Such appeals must be submitted within one month of the date the student was notified of the ECE Graduate Committee denial.

Grievances

The ECE Department, College of Engineering, and University of Wisconsin offer multiple avenues to resolve unfair or inappropriate treatment by faculty, staff, or another student. This includes hostile and intimidating research group climate, authorship disputes, unreasonable expectations, and disrespectful behavior. The manner in which the grievance is handled depends on the nature of the issue and specific concerns of the aggrieved student. Graduate Assistants in TA, PA and/or RA appointments may utilize the Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/>) (GAPP) grievance process to resolve employment-related issues. Examples of matters appropriate for the GAPP grievance process include allegations of excessive work hours, violations of sick days or vacation policies, or disputes regarding the assignment of duties.

In some cases the best approach is for the aggrieved student to discuss their concern directly with the person responsible for the objectionable action.

If the student is uncomfortable making direct contact with the other individual or desires a confidential consultation about their concern, they may contact the ECE Associate Chair for Graduate Studies, the ECE Grievance Advisor, or the College of Engineering Assistant Dean for Graduate Affairs. These individuals work to resolve the concern while being sensitive to student confidentiality.

Change of advisor

Students who believe they are in a research environment that fails to meet ECE and College of Engineering standards for climate and culture should contact the ECE Associate Chair for Graduate Studies, the ECE Grievance Advisor, or the College of Engineering Assistant Dean for Graduate Affairs for additional consultation. They will work with the student to explore alternate advising arrangements and ensure continuity of financial support should the student need to leave the research group. Note that immigration status is NOT tied to a specific research advisor.

Formal Written Complaint Process

Issues that are not resolved to the student's satisfaction may be pursued at the student's discretion by submitting a written complaint to the ECE Grievance Advisor. The steps described below are based on the Definition and Procedure section of the Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/>) (GAPP) Grievance Procedure.

Step One: The grievant must file a written statement with the ECE Grievance Advisor specifying the grievant's name, a clear and concise statement of the grievance and the issue(s) involved, the date(s) the incident or violation took place and the specific departmental, college, or university policies involved, and the relief sought. The grievance shall be signed and dated by the grievant(s) and representative (if any).

Within twenty (20) days of receipt of the written grievance, the ECE Grievance Advisor will meet with the grievant and their representative (if chosen) to hear the grievance and will return a written answer to the grievant and their representative (if chosen) no later than ten (10) days after this meeting. This answer will include a copy of the grievance procedure appeal process timeline, a list of resources and relevant contact information for future steps.

Step Two: If the decision in Step One is not accepted by the grievant, the grievant shall have 10 days from receipt of the answer in Step One to file an appeal with the College of Engineering Assistant Dean for Graduate Affairs. The Assistant Dean for Graduate Affairs will meet with the grievant and their representative (if chosen) within twenty (20) days from receipt of the appeal of Step One and attempt to resolve the grievance. The Assistant Dean for Graduate Affairs will provide the grievant and their representative (if chosen) with a written response to the grievance no later than ten (10) days after this meeting.

Step Three: If the decision in Step Two is not accepted by the grievant, the grievant shall have 10 days from the receipt of the answer in Step Two to file an appeal with the Graduate School as described in Grievances and Appeals (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

OTHER

Funding is not guaranteed and applicants should be prepared to fund their degree. The department awards a small number of research assistantships, teaching assistantships, project assistantships, and fellowships each year. All applications are automatically considered for department funding.

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

DEPARTMENT OF ELECTRICAL AND COMPUTER ENGINEERING RESOURCES

UW-Madison, the College of Engineering, and ECE have an abundance of professional development opportunities for students to take advantage of in order to better prepare themselves for internships and job positions during and following their education. First of all, the ECE Department strongly encourages students to utilize the Graduate School's professional development resources (<https://grad.wisc.edu/professional-development/>). Engineering Career Services (ECS) (<http://ecs.wisc.edu>) hosts multiple career fairs each semester where students can directly interact with prospective employers, schedule interviews, and find internships and full-time jobs. ECS also maintains job listings and hosts a variety of professional development workshops each semester. The ECE Department provides unique opportunities throughout the year for students to attend and participate in various lectures, workshops, and trainings. The ECE Graduate Student Association (GSA) organizes professional development opportunities for fellow students. Students are made aware of events and opportunities via email and other communications.

ELECTRICAL AND COMPUTER ENGINEERING, PHD

INTRODUCTION TO COE AND ECE

PhD students in the College of Engineering (COE) are among an elite group of people who have chosen to advance their education at one of the premier engineering colleges in the country. The academic programs in UW-Madison's College of Engineering are highly ranked, and our faculty are widely recognized as leaders in their fields. Here you will find a community in which you will excel. You will find faculty, staff, and peer students who are supportive and committed to your success. You will find rigorous coursework that will prepare you to achieve your goals. You will experience an environment highly conducive to collaboration—and you will meet faculty with a broad range of research interests and connections both on campus and around the world.

The Department of Electrical and Computer Engineering has a long tradition of excellence in educating, mentoring, and inspiring future leaders; conducting research that is of vital importance to society; and serving Wisconsin, our nation, and the world through professional pursuits.

Our Vision is to improve the world through bold research, educational excellence, effective technology transfer, and impactful service.

Our Mission is to foster a diverse and inclusive community that advances the frontiers of engineering, disseminates discoveries and inventions, and prepares students to make the world a better place for all.

PHD IN ELECTRICAL AND COMPUTER ENGINEERING

The ECE PhD degree program emphasizes creative and original approaches to solving problems through research activity. Research in the department spans several cross-cutting themes: data science, healthcare, mobile computing, security and infrastructure resilience, sensors and sensing, and sustainability. Specific areas of research expertise are: applied electromagnetics and acoustics; communications, networks, privacy and security; solid state electronics and quantum technologies; machine learning, signal processing and information theory; computer systems and architecture; plasma science and fusion energy; energy systems; optics and photonics, optimization and control. Students have the opportunity to pursue and perform PhD research within interdisciplinary cooperative projects.

The ECE doctoral program provides in-depth training in research and allows students multiple opportunities to publish, including the student's final dissertation. The ECE PhD program typically requires five years of study beyond the bachelor's degree, although the exact time to degree completion varies depending on research progress.

Students with a bachelor's degree may apply directly to the ECE PhD program. PhD students also have the opportunity to earn a MS-ECE: Research degree along the way to their PhD.

For more information on this specific degree plan, please visit the ECE website (<https://engineering.wisc.edu/programs/degrees/electrical-and-computer-engineering-phd/>).

ADMISSIONS

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) of the Graduate School as well as the program(s).** Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 15
Spring Deadline	This program does not admit in the spring.
Summer Deadline	This program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required but may be considered if available.

English Proficiency Test	Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment. Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

ADMISSIONS PROCESS

A submitted online application (<https://grad.wisc.edu/apply/>) is required, consisting of:

- Resume/CV;
- Statement of purpose; see the suggested guidelines (<https://grad.wisc.edu/apply/prepare/>) provided by the Graduate School
- The supplemental application section that identifies their research interest area
- Most up to date unofficial transcript(s) from all previous higher education institutions, regardless of whether or not a degree was earned (official transcripts are requested of only recommended applicants); international academic records must be in the original language accompanied by an official English translation.
- Payment of the one-time application fee of \$75.00, plus the \$6.00 international processing fee if applicable; this fee is non-refundable. It can be paid by credit card (MasterCard or Visa).
- Test scores and three letters of recommendation as detailed above.

Applications must be entirely complete by the deadline, including test scores and letters of recommendation. Note that it is highly advised to take the GRE and English proficiency tests well in advance of the application deadline in order to ensure time for receiving and processing of the scores. Do not mail any paper copies of application materials, except IELTS scores. They will not be reviewed.

Information for international students, including proof of funding and visa information, can be found on the International Student Services website (<https://iss.wisc.edu/students/admissions/>).

By Wisconsin state law, the application fee can only be waived or deferred under the conditions outlined by the Graduate School (<https://grad.wisc.edu/apply/fee-grant/>).

The department welcomes applications from scientific, engineering, and mathematical disciplines other than Electrical and Computer Engineering. Applicants with a bachelor's degree may apply directly to the PhD program.

English Competency for Non-Native English Speakers

Effective written and oral communication is vital for a successful academic career. International students whose native language is not English will be required to take the English as a Second Language Assessment Test (ESLAT), offered by the English as a Second Language (ESL) Program.

The ESLAT must be taken as soon as the student arrives at the university. The test is offered in the Fall and Spring during the week before the

beginning of instruction. The ESL home page (<https://esl.wisc.edu/international-students/placement/>) has more information.

Based on ESLAT performance, specific ESL courses may be recommended. These courses must be taken and passed within 12 months of the ESLAT. Otherwise, the student will not be permitted to register during the third semester after entering the graduate program. Any ESL courses numbered 300 or above can be counted towards graduate degree requirements but not toward E C E course requirements. Completion of ESLAT and recommended courses is also a requirement for graduation of an international student whose native language is not English.

Students are exempt from taking the ESLAT if:

- English is the exclusive language of instruction at the undergraduate institution; or
- they have earned a degree from a regionally accredited US college or university not more than 5 years prior to the anticipated semester of enrollment; or
- they have completed at least two full-time semesters of graded course work, exclusive of ESL courses, in a US college or university, or at an institution outside the US where English is the exclusive language of instruction, not more than 5 years prior to the anticipated semester of enrollment.

REENTRY ADMISSIONS

If you were previously enrolled as a graduate student at UW–Madison, but have had a break in enrollment for at least one fall or spring semester, you will need to apply to resume your studies.

For applicants previously enrolled in a graduate program other than Electrical and Computer Engineering, you must complete a **new** online application, including all materials, for admission.

For applicants previously enrolled in Electrical and Computer Engineering as a graduate student, you must complete a **reentry** application. [Reentry applicants may apply for the fall term with a deadline of June 1.](#)

In order to apply as a reentry applicant, you must:

- Complete the online application (<https://grad.wisc.edu/apply/>), including the personal information section, program and term selection, and supplementary application;
- Provide the following documents to the Electrical and Computer Engineering Graduate Admissions Team (ecegradadmission@engr.wisc.edu):
 - CV/Resume
 - Statement of Purpose
 - Any new unofficial transcripts from previous higher education institutions
 - Three letters of recommendation if the break in enrollment equals or is greater than four semesters (fall, spring). Letters of recommendation should be emailed directly from the recommender.

CURRENT GRADUATE STUDENT ADMISSIONS

Students currently enrolled as a graduate student at UW–Madison, whether in or other than Electrical and Computer Engineering, wishing to apply to this degree program should contact the Electrical and Computer Engineering Graduate Admissions Team (ecegradadmission@engr.wisc.edu) to inquire about the process and

respective deadlines several months in advance of the anticipated enrollment term. Current students may apply to change or add programs for any term (fall, spring, or summer).

QUESTIONS

Review the frequently asked questions answered by the Graduate School here (<https://grad.wisc.edu/apply/>).

If you have any admissions questions, please do not hesitate to contact the Electrical and Computer Engineering Graduate Admissions Team at ecegradadmission@engr.wisc.edu.

FUNDING

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

PhD students entering the program in Fall 2019 or later will receive a financial support package at the time of admission that may include some combination of research and teaching assistantships, internal and external fellowships, and/or other sources.

Research Assistantships (RA)

Students should contact professors in their area of interest. Professors decide whom they will appoint on their research grants.

Teaching Assistantships (TA) and Grader Positions

Current graduate students may apply for teaching assistantships or hourly grader positions via the ECE TA/Grader Portal (<https://apps.aims.wisc.edu/tagrader/default.aspx>) (must have a NetID to access). If you are interested in applying for TA or grader position in a department other than ECE, please contact the respective department to ask about their own application process. Students currently holding a research assistant or fellowship position that are interested in teaching assistant positions should discuss options with their research advisor(s) before applying.

International students who are non-native English speakers are required to pass the SPEAK Test (<https://esl.wisc.edu/ita-training/speak/>) through the English as a Second Language Program on campus. Students wishing to take the SPEAK Test should contact the ECE TA Coordinator via e-mail to register for the exam.

Project Assistantships (PA)

There are project assistant opportunities on campus for various purposes and departments and offices. Often announcements of openings are posted on TA/PA bulletin boards in Engineering Hall and on the UW Job Center webpage (<http://www.jobcenter.wisc.edu/>). You may also contact individual faculty members to inquire about possible opportunities.

Fellowships

Information concerning fellowships is sent to graduate students via email from the department, faculty, and/or the Graduate School.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW–Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail	
Minimum Credit Requirement	51 credits
Minimum Residence Credit Requirement	32 credits
Minimum Graduate Coursework Requirement	26 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/).
Overall Graduate GPA Requirement	3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).

Other Grade Requirements 1. A grade of B or better in any graduate course is acceptable. A grade of S in E C E 790 Master's Research or Thesis, E C E 890 Pre-Dissertator's Research and E C E 990 Research or Thesis is acceptable.

2. A grade of BC in an E C E course is acceptable, provided the total cumulative GPA for graduate E C E courses is greater than or equal to 3.00.

3. A grade of C or lower in an E C E course is not acceptable.

4. A grade of BC or lower in an independent study course (E C E 699 Advanced Independent Study or E C E 999 Advanced Independent Study) or a grade of U in Research or Thesis (E C E 790, E C E 890 or E C E 990) is not acceptable.

5. A grade of BC or C in a non-E C E course is acceptable only if approved by the Graduate Committee.

If students are unable to complete coursework by the end of the term, an instructor may enter a temporary grade of I for incomplete.

If students have not resolved all Incompletes by the end of the next fall or spring term in which they are enrolled, they are considered in bad standing by the Graduate School; however, the instructor may impose an earlier deadline. If not resolved within this time period, the grade is considered unsatisfactory and will remain an "I" unless changed to a final grade by the instructor. An unresolved I grade lapses to a grade of PI after five years. Students may be placed on probation or suspended from the Graduate School for failing to complete the work and receive a final grade in a timely fashion. Outstanding Incompletes must be resolved before a degree is granted.

Assessments and Examinations As soon as a student has passed all the requirements for the PhD degree (except completion of the dissertation), the student is classified as a Dissertator. Specifically, the student must:

1. Pass the Research Readiness Assessment;
2. Receive Advanced Graduate Standing;
3. Complete at least 32 graduate credits at UW-Madison;
4. Satisfy the ECE Course Requirements;
5. Satisfy the Breadth Requirement;
6. Satisfy the English Competency Requirement;
7. Satisfy the E C E Seminar Requirements;
8. Pass the Preliminary Examination.

Language Requirements Non-native speakers of English who enroll in the PhD program must take the ESLAT test on arrival at the university and then take any recommended courses based on the exam results. In addition, if a student's advisor believes that his or her technical writing ability needs improvement, the student may be required to undertake remedial work.

Graduate School Breadth Requirements All doctoral students are required to complete a doctoral minor or graduate/professional certificate. Refer to the Graduate School: Breadth Requirement in Doctoral Training policy: <https://policy.wisc.edu/library/UW-1200> (<https://policy.wisc.edu/library/UW-1200/>). Students are expected to consult with their advisors concerning appropriate breadth requirements.

REQUIRED COURSES

Code	Title	Credits
E C E 610	Seminar in Electrical and Computer Engineering	1
E C E 611	Introduction to Doctoral Research in Electrical & Computer Engineering	2
E C E Coursework with the "Grad 50%" attribute¹		12
including at least 9 credits of E C E courses numbered 700 or above		
Additional coursework with advisor approval		36
Electrical and Computer Engineering (E C E) courses must be numbered 400 or above. Non-Electrical and Computer Engineering (E C E) courses must be numbered 300 or above.		
Total Credits		51

¹ Research, independent study, coop, or seminar credits (e.g., E C E 610, E C E 611, E C E 699, E C E 702, E C E 790, E C E 890, E C E 990, E C E 999, E C E/N E/PHYSICS 922) may not be used to satisfy this requirement.

Electrical and Computer Engineering courses used to satisfy minor requirements may not be used to satisfy this requirement.

Seminar Requirement

All on-campus Electrical and Computer Engineering graduate students must register for E C E 610 Seminar in Electrical and Computer Engineering during their first semester of graduate studies. PhD degree seeking students must take 1 credit of E C E 610 in the fall semester of which they are entering the program and 2 credits of E C E 611 Introduction to Doctoral Research in Electrical & Computer Engineering in the following spring semester. This requirement must be done in the PhD student's first year.

The purpose of E C E 610 is to prepare students for success in graduate school and expose them to areas within Electrical and Computer Engineering as well as related fields outside of Electrical and Computer Engineering, such as biotechnology, physics, computer science, mathematics, or business. Electrical and Computer Engineering is very interdisciplinary in nature, and so it is important for students to be aware of advanced research and development in areas other than their own.

The purpose of E C E 611 is to emphasize research experiences and methodologies to prepare students to pursue PhD research work.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding

general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Undergraduate Credits Earned at Other Institutions or UW-Madison

With program approval, up to 7 credits from UW-Madison coursework numbered 400 or above can transfer toward the minimum graduate degree credit requirement, or E C E (http://guide.wisc.edu/courses/e_c_e/) courses numbered 700 or above can be counted toward the minimum graduate coursework (50%) requirement. No credits can be counted toward the minimum graduate residence credit requirement. Credits earned ten or more years prior to admission to a doctoral degree are not allowed to satisfy requirements.

With program approval, up to 7 credits from other institutions numbered 300 or above outside of E C E or numbered 400 above within E C E can transfer toward the minimum graduate degree credit requirement. Transfer credits from other institutions must be equivalent to the rigor of UW-Madison courses numbered 300 and above. Prior coursework transfers will be assessed on a case-by-case basis by the ECE MS or PhD Committee. These credits cannot count toward the 50% graduate coursework minimum nor the minimum graduate residence credit requirement. To request evaluation of prior coursework, please contact the Graduate Student Services Coordinator. Credits earned ten or more years prior to admission to a doctoral degree are not allowed to satisfy requirements.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a University Special Student at UW-Madison

With program approval, students are allowed to transfer up to 9 credits of coursework numbered 400 or above taken as a University Special student toward the minimum graduate degree credit requirement. These credits are not allowed to count toward the 50% graduate coursework minimum unless taken in coursework numbered 700 or above or are taken to meet the requirements of a capstone certificate and has the "Grad 50%" attribute. Credits earned ten or more years prior to admission to a doctoral degree are not allowed to satisfy requirements.

PROBATION

Refer to the Graduate School: Probation (<https://policy.wisc.edu/library/UW-1217/>) policy.

The status of a student can be one of three options:

1. Good standing (progressing according to standards; any funding guarantee remains in place).

2. Probation (not progressing according to standards but permitted to enroll; loss of funding guarantee; specific plan with dates and deadlines in place in regard to removal of probationary status).
3. Unsatisfactory progress (not progressing according to standards; not permitted to enroll, dismissal, leave of absence or change of advisor or program).

A semester GPA below 3.0 will result in the student being placed on academic probation. If a semester GPA of 3.0 is not attained during the subsequent semester of full time) the student may be dismissed from the program or allowed to continue for 1 additional semester based on advisor appeal to the Graduate School.

ADVISOR / COMMITTEE

A student's ECE academic advisor serves a dual role: first, to assist the student in acquiring the highest level possible of knowledge and competence in their field; and second, to chair the committee that will determine whether the student has performed acceptably at each of their degree milestones. Academic advisors play a role in tracking the student's progress toward degree completion, assisting with course selection and academic planning, and helping students identify possible research mentors, committee members, and opportunities.

An oral examination is required in defense of the completed PhD dissertation. The examination is administered by a committee appointed by the Dean of the Graduate School, upon recommendation by the student's research advisor. The committee must consist of four or more members of the graduate faculty and is chaired by the student's advisor. At least one committee member must be from outside the Electrical and Computer Engineering department and field, and at least two committee members must be from within the Electrical and Computer Engineering Department. Students must designate at least three members of their committee to be readers of their dissertation. A student must provide copies of their PhD thesis to defense committee members at least two weeks prior to the scheduled defense.

The final examination cannot be taken until all other requirements for the PhD have been satisfied, including being eligible to receive dissertator status. The student's record must be cleared of all Incomplete and Progress "P" grades (E C E 990 grades can be cleared after the student has successfully defended their dissertation).

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

The Research Readiness Assessment must be taken no later than the third semester of study. The Preliminary Examination must be taken no later than 3 semesters after the student has received Advanced Graduate Standing.

The final defense is expected to be held within five years of entering the Electrical and Computer Engineering PhD program. Students that are unable to hold their final defense within five years must submit a progress report to the Electrical and Computer Engineering Graduate Committee as described in the most current Electrical and Computer Engineering Graduate Student Handbook (<https://www.engr.wisc.edu/department/electrical-computer-engineering/academics/ece-graduate-student-handbooks/>).

A candidate for a doctoral degree who fails to take the final oral examination and deposit the dissertation within five years after passing

the preliminary examination may be required to take another preliminary examination and be admitted to candidacy a second time.

Refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeeabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (<https://osas.wisc.edu/>) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

ECE Grievance Procedures Exceptions, Extensions, and Appeals

Petitions for exceptions to academic requirements are considered on an individual case-by-case basis and granted exceptions do not constitute a precedent. Deviations from established policies are strongly discouraged, but certain extenuating academic and personal circumstances may warrant exceptions. Petitions for course exceptions/substitutions, exceptions to the Satisfactory Progress Expectations (academic or conduct), or other policy exceptions shall be directed to the ECE Graduate Committee, and in some circumstances to the appropriate program coordinator. The following procedures apply to all petitions:

1. Student must first consult with their advisor(s).
2. Student is advised to also consult with the ECE Graduate Student Services Coordinator for additional advice.
3. Student and advisor(s) must both submit written documentation requesting and explaining the petition to the ECE Graduate Student Services Coordinator:

4. Identify the specific requirement/rule/expectation pertinent to the petition;
5. Explain the rationale for petition and why it should be granted;
6. Advisor(s) must support the petition.

The ECE Graduate Student Services Coordinator will forward the petition to the ECE Graduate Committee and appropriate program coordinator for adjudication. Student and advisor(s) will be notified of the ECE Graduate Committee's decision and the note will be placed in the student's file.

Please note that petitions for exceptions to clearly-defined program rules are rarely approved by the ECE Graduate Committee.

Progress Requirements

The ECE Graduate Committee may grant extensions to normal progress requirements in circumstances such as childbirth, adoption, significant responsibilities with respect to elder or dependent care obligations, disability or chronic illness, or circumstances beyond one's personal control. Petitions for extensions should provide evidence of plans and ability to return to conformance with program expectations and to acceptably complete the program. Extensions beyond one semester will be granted only in the event of highly extraordinary circumstances. Extensions will be recorded with a note of explanation placed in the student's file.

Students desiring confidentiality of their circumstances should consult with the Associate Chair for Graduate Studies.

Appeal of Previous Decisions

Appeals of ECE Graduate Committee decisions may be pursued regarding any academic issue, including exceptions to program requirements, progress requirements, AGS and Qualifying Exam decisions. Appeals will only be considered if the student provides new information that was not available to the ECE Graduate Committee at the time the original decision was made. Appeals must be submitted within one month of the date the student was notified of the ECE Graduate Committee action being appealed.

If the student believes their appeal was not appropriately handled or resolved by the ECE Department, the student may further appeal to the College of Engineering by contacting the Assistant Dean for Graduate Affairs. Such appeals must be submitted within one month of the date the student was notified of the ECE Graduate Committee denial.

Grievances

The ECE Department, College of Engineering, and University of Wisconsin offer multiple avenues to resolve unfair or inappropriate treatment by faculty, staff, or another student. This includes hostile and intimidating research group climate, authorship disputes, unreasonable expectations, and disrespectful behavior. The manner in which the grievance is handled depends on the nature of the issue and specific concerns of the aggrieved student. Graduate Assistants in TA, PA and/or RA appointments may utilize the Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/>) (GAPP) grievance process to resolve employment-related issues. Examples of matters appropriate for the GAPP grievance process include allegations of excessive work hours, violations of sick days or vacation policies, or disputes regarding the assignment of duties.

In some cases the best approach is for the aggrieved student to discuss their concern directly with the person responsible for the objectionable action.

If the student is uncomfortable making direct contact with the other individual or desires a confidential consultation about their concern, they may contact the ECE Associate Chair for Graduate Studies, the ECE Grievance Advisor, or the College of Engineering Assistant Dean for Graduate Affairs. These individuals work to resolve the concern while being sensitive to student confidentiality.

Change of advisor

Students who believe they are in a research environment that fails to meet ECE and College of Engineering standards for climate and culture should contact the ECE Associate Chair for Graduate Studies, the ECE Grievance Advisor, or the College of Engineering Assistant Dean for Graduate Affairs for additional consultation. They will work with the student to explore alternate advising arrangements and ensure continuity of financial support should the student need to leave the research group. Note that immigration status is NOT tied to a specific research advisor.

Formal Written Complaint Process

Issues that are not resolved to the student's satisfaction may be pursued at the student's discretion by submitting a written complaint to the ECE Grievance Advisor. The steps described below are based on the Definition and Procedure section of the Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/>) (GAPP) Grievance Procedure.

Step One: The grievant must file a written statement with the ECE Grievance Advisor specifying the grievant's name, a clear and concise statement of the grievance and the issue(s) involved, the date(s) the incident or violation took place and the specific departmental, college, or university policies involved, and the relief sought. The grievance shall be signed and dated by the grievant(s) and representative (if any).

Within twenty (20) days of receipt of the written grievance, the ECE Grievance Advisor will meet with the grievant and their representative (if chosen) to hear the grievance and will return a written answer to the grievant and their representative (if chosen) no later than ten (10) days after this meeting. This answer will include a copy of the grievance procedure appeal process timeline, a list of resources and relevant contact information for future steps.

Step Two: If the decision in Step One is not accepted by the grievant, the grievant shall have 10 days from receipt of the answer in Step One to file an appeal with the College of Engineering Assistant Dean for Graduate Affairs. The Assistant Dean for Graduate Affairs will meet with the grievant and their representative (if chosen) within twenty (20) days from receipt of the appeal of Step One and attempt to resolve the grievance. The Assistant Dean for Graduate Affairs will provide the grievant and their representative (if chosen) with a written response to the grievance no later than ten (10) days after this meeting.

Step Three: If the decision in Step Two is not accepted by the grievant, the grievant shall have 10 days from the receipt of the answer in Step Two to file an appeal with the Graduate School as described in Grievances and Appeals (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

OTHER

The department endeavors to fund PhD students through research assistantships, teaching assistantships, project assistantships, and

fellowships. All applications are automatically considered for department funding.

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

DEPARTMENT OF ELECTRICAL AND COMPUTER ENGINEERING RESOURCES

UW-Madison, the College of Engineering, and ECE have an abundance of professional development opportunities for students to take advantage of in order to better prepare themselves for internships and job positions during and following their education. First of all, the ECE Department strongly encourages students to utilize the Graduate School's professional development resources (<https://grad.wisc.edu/professional-development/>). Engineering Career Services (ECS) (<http://ecs.wisc.edu>) hosts multiple career fairs each semester where students can directly interact with prospective employers, schedule interviews, and find internships and full time jobs. ECS also maintains job listings and hosts a variety of professional development workshops each semester. The ECE Department provides unique opportunities throughout the year for students to attend and participate in various lectures, workshops, and trainings. The ECE Graduate Student Association (GSA) organizes professional development opportunities for fellow students. Students are made aware of events and opportunities via email and other communications.

LEARNING OUTCOMES

LEARNING OUTCOMES

1. Demonstrate an extraordinary, deep understanding of mathematical, scientific, and engineering principles in the field.
2. Demonstrate an ability to formulate, analyze, and independently solve advanced engineering problems.
3. Apply the relevant scientific and technological advancements, techniques, and engineering tools to address these problems.
4. Recognize and apply principles of ethical and professional conduct.
5. Demonstrate an ability to synthesize knowledge from a subset of the biological, physical, and/or social sciences to help frame problems critical to the future of their discipline.
6. Demonstrate an ability to conduct original research and communicate it to their peers.

ELECTRICAL ENGINEERING, DOCTORAL MINOR

ADMISSIONS

ADMISSIONS

All Graduate School students must utilize the Graduate Student Portal (<https://my.grad.wisc.edu/>) in MyUW to add, change, or discontinue any doctoral minor they intend to pursue. To apply to this minor, log in to MyUW, click on Graduate Student Portal, and then click on Add/Change Programs. If you intend to declare a minor in Electrical Engineering, select the information for this doctoral minor. Note that this is a declaration and acceptance does not mean you have earned this minor until you have completed all of the requirements.

REQUIREMENTS

REQUIREMENTS

Students earn a doctoral minor in Electrical Engineering by meeting the following requirements:

- Complete nine credits of Electrical and Computer Engineering (E C E (http://guide.wisc.edu/courses/e_c_e/)) courses numbered 400 or above.
 - Three credits must be numbered 700 or above.
- Up to one course cross-listed with the student's major program may be counted toward the minor, provided such a course is taught by Electrical and Computer Engineering faculty.
- Courses used for the minor cannot be used to satisfy the student's major requirements.
- Earn a B or better in all courses
- Plan of study approved by the Electrical and Computer Engineering department.

No examinations are required other than those given in the courses.

ENGINEERING - COLLEGE-WIDE

DEGREES/MAJORS, DOCTORAL MINORS, GRADUATE/PROFESSIONAL CERTIFICATES

- Design + Innovation, MS (p. 687)
- Engineering Management, MS (p. 692)
- Engineering, MEng (p. 696)
- Environmental Chemistry and Technology, Doctoral Minor (p. 717)
- Environmental Chemistry and Technology, MS (p. 718)
- Environmental Chemistry and Technology, PhD (p. 722)
- Manufacturing Systems Engineering, MS (p. 727)

DESIGN + INNOVATION, MS

The Master of Science in Design + Innovation program is an interdisciplinary degree combining engineering, business, human ecology, user experience, and art. It is a collaboration between the College of Engineering, School of Human Ecology, School of Business, the Art Department within the School of Education, and the Information School in the College of Letters & Science. The degree will prepare students to solve complex problems by providing them with a robust set of design and innovation strategies from multiple perspectives. Graduates will be equipped to work across disciplines and innovate in their respective field. Coursework will include hands-on learning opportunities and is intended to be completed in 12 months.

The Master of Science in Design + Innovation program is not a STEM-OPT program, CIP code: 30.9999 Multi-/Interdisciplinary Studies, Other.

ADMISSIONS

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) of the Graduate School as well as the program(s).** Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	February 1
Spring Deadline	This program does not admit in the spring.
Summer Deadline	This program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.

English Proficiency Test Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment and meet the Graduate School minimum requirements. Refer to the Graduate School: Minimum Requirements for Admission policy: <https://policy.wisc.edu/library/UW-1241> (<https://policy.wisc.edu/library/UW-1241/>). This program does not allow exceptions.

Other Test(s) (e.g., GMAT, MCAT) n/a

Letters of Recommendation Required 2

ADMISSIONS PROCESS

All application materials must be submitted online through the Graduate School's [application portal](https://grad.wisc.edu/apply/) (<https://grad.wisc.edu/apply/>). Applications will open approximately one calendar year prior to the start of the program. Do NOT send any paper copies of documents by mail (email or paper mail) unless specifically requested to do so by the Graduate Admissions Team. Applications must be complete to be reviewed by the Graduate Admissions Team.

1. Online application (<https://grad.wisc.edu/apply/>)

2. Resume or Curriculum Vitae (CV)

3. **Creative Brief:** The creative brief is a multi-page document that conveys why you want to attend the Design + Innovation program, what you hope to achieve as a designer and examples of your work, so that we can understand the experience you bring with you and your potential as a student.

We recommend that you think of the creative brief as a design project. This document is like a short magazine, portfolio or booklet that gives us a chance to get to know you, why you want to join the program, how you have worked in the past and what you are dreaming of in the future. It consists of three parts, which you should compose as a single, multi-page PDF for upload.

The three parts are: a) Statement of Purpose, b) Design Prompt, and c) Work Samples.

- Statement of Purpose** (max 500 words, or about 1 page): Tell us your design origin story. When and how did you first understand that design + innovation was the path for you? What motivates you to choose Design + Innovation? What is your "why"?
- Design Prompt** (max 500 words, or about 1 page): If you could re-design **anything** (a process, place, brand, building, product, program, planet....) what would it be and why? What essential steps would you take to get this design project started?
- Work Samples** (maximum 10 pages): What projects, collaborations, works of art, experiments or ideas are you the most proud of? Using a consistent design approach to all pages and an emphasis on visual representation of your work, show us 2-3 recent projects. We are interested in seeing your best work – whether that be design, research, art, collaborative, professional or team projects, experiments, prototypes, class projects, independent passions, installations, community work and more. There is no standard approach and your work samples will be uniquely yours.

i. Here are a few file and format guidelines to help you achieve consistency and legibility in your creative brief. File **requirements**, denoted with an asterisk (*), and **recommendations** follow:

- Format: PDF*
- File size: 4MB max*
- Pages: 15 max (including all parts of the creative brief, cover and table of contents)
- Page layout: 12" x 18" or A3, two-page spreads should be combined into one page.
- Color format: RGB
- Resolution: 150 dpi
- Project info: Always note the date and context (professional, academic or personal). If you worked on a team, describe your role and contributions. If you include any images that are not your own original work, you must cite your sources.

d. **Note on links:** We do not accept links to portfolio websites in lieu of an uploaded document, designed to the specifications above. If you include links to time-based media (such as video, performance or podcast work) within your creative brief, review is at the discretion of admissions committee members and may not be taken into consideration. It is in your best interest, therefore, to include all of your work in a visual or written format in the creative brief document.

e. **Resources for creative brief design:** The UW-Madison DesignLab has many resources, including these design tips and tricks (<https://designlab.wisc.edu/resources/design-tips-and-tricks/>) that will help you put your best foot forward. Don't know how to start? Questions about how it's going? Our enrollment coach (see contact box) is here to answer your questions and give feedback while you are developing your creative brief.

- Unofficial transcripts:** All applicants must upload a copy of their transcript from their undergraduate institution and other previous higher education institutions, including other graduate studies. An official transcript is not part of the online application process unless specifically requested in writing by the Admissions Team.
- Two (2) letters of recommendation:** Enter the recommender email contact information into the online application. Recommenders will receive an email with instructions for the survey and recommendation letter upload process. We do not accept recommendation letters via email, paper format, or online portfolios.
- English Proficiency Scores:** See English Proficiency Test policy above.
- Application Fee**
- Personal Interview** (if necessary) - A personal interview with program staff (in the form of a telephone call or video chat) may be required.

FUNDING

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Students enrolled in this program are not eligible to receive tuition remission from graduate assistantship appointments at this institution.

ADDITIONAL RESOURCES

Student Loans

Students who are US citizens or permanent residents may be eligible to receive some level of funding through the federal direct loan program. Private loans may also be available. Learn more about financial aid at the Financial Aid website (<https://financialaid.wisc.edu/>).

International Student Services Funding and Scholarships

For information on International Student Funding and Scholarships visit the International Student Services website (<https://iss.wisc.edu/students/new-students/funding-scholarships/>).

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	Yes

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW–Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail	
Minimum Credit Requirement	30 credits
Minimum Residence Credit Requirement	16 credits
Minimum Graduate Coursework Requirement	15 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/).
Overall Graduate GPA Requirement	3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	Students must earn a C or above in all coursework.

Students may not have any more than two incompletes on their record at any one time.

Assessments and Examinations	None.
Language Requirements	No language requirements.

REQUIRED COURSES

Code	Title	Credits
Core Courses - required of all students		18
DS 641	Advanced Design Thinking for Transformation	
INTEREGR 477	Tools for Prototyping and Manufacturing	
INTER-HE 940	Collaborative Capstone I	
INTEREGR 941	Collaborative Capstone II	
One of the following:

Total Credits **30**

¹ These specializations are internal to the program and represent different curricular paths a student can follow to earn this degree. Specialization names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

² Course may be counted towards a specialization area only if it was not taken as a Core Requirement. Students may NOT double count this course for the Core Requirement and the Specialization.

Students in this program may not take courses outside the prescribed curriculum without faculty advisor and program director approval. Students in this program cannot enroll concurrently in other undergraduate or graduate degree programs.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

Students will not be permitted to transfer credits from previously earned graduate coursework.

Undergraduate Credits Earned at Other Institutions or UW-Madison

- Undergraduate credits from UW-Madison: With advisor approval, students may transfer up to 7 credits numbered 300 or above toward the degree specialization areas (not the core degree requirements). These credits may be counted toward the minimum graduate coursework (50%) requirement if numbered 700 or above. No credits may be counted toward the minimum graduate residence credit requirement. Coursework earned ten or more years prior to admission is not allowed to satisfy requirements.
- Undergraduate credits from other institutions: Undergraduate credits from other institutions are not permitted to transfer in this program.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a University Special Student at UW-Madison

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

PROBATION

Refer to the Graduate School: Probation (<https://policy.wisc.edu/library/UW-1217/>) policy.

ADVISOR / COMMITTEE

All students will be assigned an advisor who assists them in planning a course sequence that meets degrees requirements and who will discuss career objectives with the students.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

Refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeeabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (<https://osas.wisc.edu/>) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances.

OTHER

1. Additional Prior Coursework Policy (this policy is in addition to the prior coursework policies listed above):
 - a. **Graduate Program Credits earned in other UW-Madison Graduate Programs:** With advisor approval: a) Students with an earned UW-Madison master's degree may transfer up to 7 credits toward the MS in Design + Innovation program. b) Students without an earned master's degree, but who have completed master's credits, may transfer up to 12 credits in the MS in Design + Innovation program. c) Students with PhD credits or an earned PhD degree may transfer up to 12 credits in the MS in Design + Innovation program. (Refer to the Graduate School Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy)
2. Students are strongly discouraged to pursue positions as Project Assistants, Teaching Assistants or Research Assistants during their time in this program, as the rigor and accelerated nature of this program may not accommodate those work time commitments. Students in this program will not receive the tuition remission

that is typically part of the compensation package for a graduate assistantship.

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

PROGRAM RESOURCES

Please visit our program website (<https://mdi.wisc.edu/career-development/>) for more information.

LEARNING OUTCOMES

LEARNING OUTCOMES

1. Demonstrate creative, independent problem solving skills and entrepreneurial thinking.
2. Apply design tools and strategies on interdisciplinary teams and projects.
3. Communicate effectively both visually and orally.
4. Implement an iterative design thinking process.
5. Demonstrate a hands-on, iterative process that includes making, creating and designing.
6. Gain depth in a field of study that can be applied in a social, global and design context.
7. Apply principles of ethical and professional conduct in a field experience.

PEOPLE

PEOPLE

MS DESIGN + INNOVATION STAFF

Trudy Watt, School of Human Ecology, Academic Director

Sara Hladilek, College of Engineering, Senior Student Services Coordinator

John Surdyk, School of Business, Director of the Initiative for Studies in Transformational Entrepreneurship and Faculty Director of the Entrepreneurial Residential Learning Community

ACCREDITATION

ACCREDITATION

National Association of Schools of Art and Design (<https://nasad.arts-accredit.org/>)

Accreditation status: Not accredited. Planned 2025-2026

ENGINEERING MANAGEMENT, MS

MS Engineering Management is an interactive online engineering master's degree. It is designed to help engineering professionals become exceptional leaders and managers. Throughout the degree, students immediately apply what they learn to their workplace.

This program creates a supportive, interactive online environment that enhances learning from fellow students as well as instructors, while still providing the flexibility necessary to integrate with students' professional lives.

Curriculum focuses on project management, professional ethics, communication, data analysis, problem-solving and collaboration across an engineering enterprise. Students complete the program in 2.5 to four years and may enter in summer, fall or spring terms.

MS Engineering Management is an evolution of the successful MEng Engineering: Engineering Management program.

Students must have at least two years of professional engineering experience to qualify for admission. Early career engineers may begin their studies with the Capstone Certificate in Applied Engineering Management (<http://guide.wisc.edu/nondegree/capstone/applied-engineering-management-capstone-certificate/>).

ADMISSIONS

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet the minimum**

requirements (<https://grad.wisc.edu/apply/requirements/>) of the Graduate School as well as the program(s). Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	July 1
Spring Deadline	November 1
Summer Deadline	May 1
GRE (Graduate Record Examinations)	Not required but may be considered if available.
English Proficiency Test	Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment. Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

Admission requirements for engineers interested in applying are:

- A BS degree in engineering from an ABET-approved program
- A minimum undergraduate grade-point average (GPA) of 3.00 on the equivalent of the last 60 semester hours (approximately two years of work) or a master's degree with a minimum cumulative GPA of 3.00
- Two years of post-baccalaureate work experience in engineering (co-op or intern experience counts toward requirement)

Applicants are recommended to submit GRE scores if they have already taken the exam.

Interested applicants with BS degrees in related fields should contact the graduate programs coordinator for more specific admission information at gradadmissions@interpro.wisc.edu. For further details about the program, please see the program website (<https://interpro.wisc.edu/online-degrees/ms-engineering-management/>).

FUNDING

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
No	No	Yes	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW-Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirements	Detail
Minimum Credit Requirement	30 credits
Minimum Residence Credit Requirement	16 credits
Minimum Graduate Coursework Requirement	15 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/).
Overall Graduate GPA Requirement	3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	Must retake any courses for which a grade below C is recorded.
Assessments and Examinations	n/a
Language Requirements	No language requirements.

REQUIRED COURSES

Code	Title	Credits
Core		
E P D 518	Quality Engineering and Quality Management	3
E P D 610	Engineering Analysis for Decision Making	3
E P D 611	Engineering Economics and Management	3

E P D 712	Ethics for Professionals	1
Select 6 elective credits from these courses		6
E P D 613	International Engineering Strategies and Practices	
E P D 614	Marketing for Technical Professionals	
E P D 619	Fostering and Leading Innovation (Students may not take both E P D 619 and E P D 708 for credit.)	
I SY E 412	Fundamentals of Industrial Data Analytics	
Select 1 elective credit from these courses		1
E P D 706	Change Management	
E P D 708	Creating Breakthrough Innovations (Students may not take both E P D 619 and E P D 708 for credit.)	
E P D/GEN BUS/ M H R 785	Effective Negotiation Strategies	
Total Credits		30

Students in this program may not take courses outside the prescribed curriculum without faculty advisor and program director approval. Students in this program cannot enroll concurrently in other undergraduate or graduate degree programs.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Undergraduate Credits Earned at Other Institutions or UW-Madison

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a University Special student at UW-Madison

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

PROBATION

Refer to the Graduate School: Probation (<https://policy.wisc.edu/library/UW-1217/>) policy.

1. Good standing (progressing according to standards; any funding guarantee remains in place).
2. Probation (not progressing according to standards but permitted to enroll; loss of funding guarantee; specific plan with dates and deadlines in place in regard to removal of probationary status).
3. Unsatisfactory progress (not progressing according to standards; not permitted to enroll, dismissal, leave of absence or change of advisor or program).

ADVISOR / COMMITTEE

All students have an academic advisor (program director). Students should meet with their advisor to outline an approved plan of study by the end of the first academic term.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

Refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and

conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)

- Employee Disability Resource Office (<https://employeedisabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (<https://osas.wisc.edu/>) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Grievance Procedures

Students who feel that they have been treated unfairly have the right to a prompt hearing of their grievance. Such complaints may involve course grades, classroom treatment, advising, various forms of harassment, or other issues. Any student or potential student may use these procedures.

Procedures for proper accounting of student grievances:

1. The student should speak first with the person toward whom the grievance is directed. In most cases, grievances can be resolved at this level.
2. If that does not resolve the grievance, the student should contact the program's director.
3. Should a satisfactory resolution not be achieved, the student should contact one of the Interpro's Grievance Advisors to discuss the practice. The Interpro Grievance Advisors are:

Susan Ottman

Graduate Program Director
608-262-3516
sottmann@wisc.edu

Ed Borbely

Associate Dean
608-263-0982
borbely@wisc.edu

If the student prefers to talk with someone outside of Interpro, contact:

David Noyce

Executive Associate Dean
College of Engineering
danoyce@wisc.edu
608-265-1882

The Grievance Advisor is responsible for facilitating any complaints or issues of students. The Grievance Advisor first attempts to help students informally address the grievance prior to any formal

complaint. Students are also encouraged to talk with their advisors regarding concerns or difficulties if necessary.

University resources for sexual harassment concerns can be found on the UW Office of Equity and Diversity website and are included in the next section.

4. If the issue is not resolved to the student's satisfaction, the student can submit the grievance to the Grievance Advisor in writing, within 60 calendar days of the alleged unfair treatment.
5. On receipt of a written complaint, a committee will be convened by the Grievance Advisor to manage the grievance. The program committee will obtain a written response from the person toward whom the complaint is directed. This response will be shared with the person filing the grievance.
6. The committee will determine a decision regarding the grievance. The Grievance Advisor will report on the action taken by the committee in writing to both the student and the party toward whom the complaint was directed within 15 working days from the date the complaint was received.
7. At this point, if either party (the student or the person toward whom the grievance is directed) is unsatisfied with the decision of the committee, the party may file a written appeal. Either party has 10 working days to file a written appeal to the College of Engineering.
8. Documentation of the grievance will be stored for at least seven years. Significant grievances that set a precedent will be stored indefinitely. The Graduate School has established policies governing student conduct, academic dishonesty, and sexual and racial harassment. The Graduate School also has procedures for students wishing to appeal a grievance decision made at the College of Engineering level.

The Graduate School has procedures for students wishing to appeal a grievance decision made at the school/college level. These policies are described in the Graduate School's Academic Policies and Procedures: <https://grad.wisc.edu/documents/grievances-and-appeals/>

OTHER

Students are strongly discouraged to pursue positions as Project Assistants, Teaching Assistants or Research Assistants during their time in this program. Students in this program will not receive the tuition remission that is typically part of the compensation package for a graduate assistantship.

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

LEARNING OUTCOMES

1. Apply engineering management principles to work and lead effectively in the business environment.
2. Analyze and interpret quantitative and qualitative data to make sound engineering and business decisions.

3. Assess and intentionally apply tools, techniques, and organizational systems to solve complex engineering problems.
4. Communicate engineering concepts effectively to engineers and non-engineers alike.
5. Recognize and apply principles of professional ethics in engineering management.
6. Examine methods to enhance the success of the engineering function through collaboration with critical organizational functions such as operations, project management, marketing, legal, finance, and quality.

PEOPLE

MSEM faculty and staff (<https://interpro.wisc.edu/online-degrees/ms-engineering-management/#faculty-staff>)

ENGINEERING, MENG

OUR PROGRAMS

We improve the practice of engineering by providing world-class, objective continuing education and credit instruction for technical professionals.

Programs are structured to help you as a working professional continue your educational path without interrupting your career. You will be empowered, engaged, and more passionate about your career after completing a degree program from UW–Madison. You will have the confidence and skills to take your projects or your responsibilities to the next level. UW–Madison’s instructors are leading experts from industry, research, private practice, government, and education.

The named options are:

- Master of Engineering–Named Option: Engine Systems (p. 697)
- Master of Engineering–Named Option: Engineering Data Analytics (p. 700)
- Master of Engineering–Named Option: Engineering Management (p. 703)
- Master of Engineering–Named Option: Manufacturing Systems Engineering (p. 707)
- Master of Engineering– (p. 710)Named Option: Polymer Engineering (p. 710)
- Master of Engineering–Named Option: Sustainable Systems Engineering (p. 713)

ADMISSIONS

ADMISSIONS

Students apply to the Master of Engineering in Engineering through one of the named options:

- Master of Engineering–Named Option: Engine Systems (p. 697) (suspended, will be discontinued)
- Master of Engineering–Named Option: Engineering Data Analytics (p. 700)
- Master of Engineering–Named Option: Engineering Management (p. 703) (suspended, will be discontinued)

- Master of Engineering–Named Option: Manufacturing Systems Engineering (p. 707) (suspended, will be discontinued)
- Master of Engineering–Named Option: Polymer Engineering (p. 710)
- Master of Engineering–Named Option: Sustainable Systems Engineering (p. 713)

FUNDING

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Students in the Engineering MEng programs are not permitted to accept teaching assistantships, project assistantships, research assistantships, or other appointments that would result in a tuition waiver. Students in these programs cannot enroll in other graduate programs nor take courses outside the prescribed curriculum. If you intend to combine study in this program with other academic programs at UW–Madison, please contact Interdisciplinary Professional Program’s Student Services Department (studentservices@interpro.wisc.edu).

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS CURRICULAR REQUIREMENTS

Requirement Detail	
Minimum Credit Requirement	30 credits
Minimum Residence Credit Requirement	16 credits
Minimum Graduate Coursework Requirement	See one of the MEng named options (linked below) for specific requirement information.
Overall Graduate GPA Requirement	3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	See Named Options for policy information.

Assessments and Examinations No formal examination required.

Language Requirements No language requirements.

REQUIRED COURSES

Select a named option (p. 697) for courses required.

NAMED OPTIONS

A named option is a formally documented sub-major within an academic major program. Named options appear on the transcript with degree conferral. Students pursuing the Master of Engineering in Engineering must select one of the following named options:

View as list View as grid

- **ENGINEERING: ENGINE SYSTEMS, MENG (P. 697)**
- **ENGINEERING: ENGINEERING DATA ANALYTICS, MENG (P. 700)**
- **ENGINEERING: ENGINEERING MANAGEMENT, MENG (P. 703)**
- **ENGINEERING: MANUFACTURING SYSTEMS ENGINEERING, MENG (P. 707)**
- **ENGINEERING: POLYMER ENGINEERING, MENG (P. 710)**
- **ENGINEERING: SUSTAINABLE SYSTEMS ENGINEERING, MENG (P. 713)**

POLICIES

POLICIES

Students should refer to one of the named options for policy information:

- Master of Engineering–Named Option: Engine Systems (p. 697) (suspended, will be discontinued)
- Master of Engineering–Named Option: Engineering Data Analytics (p. 700)
- Master of Engineering–Named Option: Engineering Management (p. 703) (suspended, will be discontinued)
- Master of Engineering–Named Option: Manufacturing Systems Engineering (p. 707) (suspended, will be discontinued)
- Master of Engineering–Named Option: Polymer Engineering (p. 710)
- Master of Engineering–Named Option: Sustainable Systems Engineering (p. 713)

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

LEARNING OUTCOMES

1. Demonstrate a strong understanding of mathematical, scientific, and engineering principles in the field.
2. Demonstrate an ability to formulate, analyze and independently solve advanced engineering problems.
3. Apply the relevant scientific and technological advancements, techniques and engineering tools to address these problems.
4. Recognize and apply principles of ethical and professional conduct.

ENGINEERING: ENGINE SYSTEMS, MENG

Admissions to the Engineering: Engine Systems, MEng program **have been suspended as of spring 2024 and will be discontinued as of fall 2026**. If you have any questions, please contact the department.

This is a named option within the Engineering MEng (p. 696).

Since the Engine Systems, MEng has been suspended, you may want to consider looking at our other named options within our MEng program.

ADMISSIONS

ADMISSIONS

Admissions to the Engineering: Engine Systems, M.Eng **have been suspended as of spring 2024** and will be discontinued as of fall 2026. If you have any questions, please contact the department.

FUNDING

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Students enrolled in this program are not eligible to receive tuition remission from graduate assistantship appointments at this institution.

Federal Loans

Students who are U.S. citizens or permanent residents are eligible to receive some level of funding through the federal direct loan program. These loans are available to qualified graduate students who are taking at least four credits during the Fall and Spring semesters, and two credits during Summer. Private loans are also available. Learn more about financial aid at financialaid.wisc.edu (<https://financialaid.wisc.edu/>).

Employer Support

Many students receive some financial support from their employers. Often, students find it beneficial to sit down with their employer and discuss how this program applies to their current and future responsibilities. Other key points to discuss include how participation will not interrupt your work schedule.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

E P D 631	Electrified Vehicle-Level Modeling	
E P D 720	Engine Noise and Vibration	
E P D 701	Writing for Professionals	

E P D 702	Professional Presentations
E P D 704	Organizational Communication and Problem Solving
E P D 706	Change Management
E P D 708	Creating Breakthrough Innovations
E P D 712	Ethics for Professionals

Other courses with program director approval.

Students in this program may not take courses outside the prescribed curriculum without faculty advisor and program director approval. Students in this program cannot enroll concurrently in other undergraduate or graduate degree programs.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

NAMED OPTION-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Undergraduate Credits Earned at Other Institutions or UW-Madison

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a University Special student at UW-Madison

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

PROBATION

Refer to the Graduate School: Probation (<https://policy.wisc.edu/library/UW-1217/>) policy.

ADVISOR/COMMITTEE

Refer to the Graduate School: Advisor (<https://policy.wisc.edu/library/UW-1232/>) and Graduate School: Committees (Doctoral/Master's/MFA) (<https://policy.wisc.edu/library/UW-1201/>) policies.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

Refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeeabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (<https://osas.wisc.edu/>) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Grievance Procedures

Students who feel that they have been treated unfairly have the right to a prompt hearing of their grievance. Such complaints may involve course grades, classroom treatment, advising, various forms of harassment, or other issues. Any student or potential student may use these procedures.

Procedures for proper accounting of student grievances:

1. The student should speak first with the person toward whom the grievance is directed. In most cases, grievances can be resolved at this level.
2. If that does not resolve the grievance, the student should contact the program's director.
3. Should a satisfactory resolution not be achieved, the student should contact one of the Interpro's Grievance Advisors to discuss the practice. The Interpro Grievance Advisors are:

Susan Ottman

Graduate Program Director
608-262-3516
sottmann@wisc.edu

Ed Borbely

Associate Dean
608-263-0982
borbely@wisc.edu

If the student prefers to talk with someone outside of Interpro, contact:

David Noyce

Executive Associate Dean
College of Engineering
danoyce@wisc.edu
608-265-1882

The Grievance Advisor is responsible for facilitating any complaints or issues of students. The Grievance Advisor first attempts to help students informally address the grievance prior to any formal complaint. Students are also encouraged to talk with their advisors regarding concerns or difficulties if necessary.

University resources for sexual harassment concerns can be found on the UW Office of Equity and Diversity website and are included in the next section.

4. If the issue is not resolved to the student's satisfaction, the student can submit the grievance to the Grievance Advisor in writing, within 60 calendar days of the alleged unfair treatment.
5. On receipt of a written complaint, a committee will be convened by the Grievance Advisor to manage the grievance. The program committee will obtain a written response from the person toward whom the complaint is directed. This response will be shared with the person filing the grievance.
6. The committee will determine a decision regarding the grievance. The Grievance Advisor will report on the action taken by the committee in writing to both the student and the party toward whom the complaint was directed within 15 working days from the date the complaint was received.
7. At this point, if either party (the student or the person toward whom the grievance is directed) is unsatisfied with the decision of the committee, the party may file a written appeal. Either party has 10 working days to file a written appeal to the College of Engineering.
8. Documentation of the grievance will be stored for at least seven years. Significant grievances that set a precedent will be stored indefinitely. The Graduate School has established policies governing student conduct, academic dishonesty, and sexual and racial harassment. The Graduate School also has procedures for students wishing to appeal a grievance decision made at the College of Engineering level.

The Graduate School has procedures for students wishing to appeal a grievance decision made at the school/college level. These policies are described in the Graduate School's Academic Policies and Procedures: <https://grad.wisc.edu/documents/grievances-and-appeals/>

OTHER

Students are strongly discouraged to pursue positions as Project Assistants, Teaching Assistants or Research Assistants during their time in this program. Students in this program will not receive the tuition remission that is typically part of the compensation package for a graduate assistantship.

PROFESSIONAL DEVELOPMENT**PROFESSIONAL DEVELOPMENT
GRADUATE SCHOOL RESOURCES**

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

**ENGINEERING:
ENGINEERING DATA
ANALYTICS, MENG**

This is a named option within the Engineering MEng. (p. 696)

The named option Engineering Data Analytics (<https://interpro.wisc.edu/online-degrees/engineering-data-analytics/>) is an online master's degree that teaches students how to lead and contribute to projects that turn data into meaningful information. Become the engineer who confidently leads the transformation of big data into informed, high-impact actions.

The program offers students an opportunity to become leaders in:

- Using data analysis tools and methods to drive improvements to products, processes, research, design, testing, and operations.
- Applying best practices for the capture, storage, cleaning, querying, and data visualization.
- Evaluating and implementing effective modeling techniques and machine learning.

More information about this graduate degree can be found here (<https://interpro.wisc.edu/online-degrees/engineering-data-analytics/>).

ADMISSIONS**ADMISSIONS**

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) of the Graduate School as well as the program(s).** Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	July 1
Spring Deadline	November 1
Summer Deadline	May 1
GRE (Graduate Record Examinations)	Not required.

English Proficiency Test Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment. Refer to the Graduate School: Minimum Requirements for Admission policy: <https://policy.wisc.edu/library/UW-1241> (<https://policy.wisc.edu/library/UW-1241/>).

Other Test(s) (e.g., GMAT, MCAT) n/a

Letters of Recommendation Required 3

Applications are accepted and reviewed on a rolling basis for fall, spring and summer terms.

The degree may be earned by engineers who have:

- A BS in science, technology, engineering, computer science or a related field with sufficient coursework and professional experience to demonstrate proficiency in engineering practice OR at least 16 credits of math and science coursework from an ABET-approved program.
- A minimum undergraduate grade point average (GPA) of 3.00 on the equivalent of the last 60 semester hours (approximately two years of work) or a master's degree with a minimum cumulative GPA of 3.00

FUNDING

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM INFORMATION

Students enrolled in this program are not eligible to receive tuition remission from graduate assistantship appointments at this institution.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

NAMED OPTION REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/Weekend	Online	Hybrid	Accelerated
No	No	Yes	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW-Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail

Minimum Credit Requirement 30 credits

Minimum Residence Credit Requirement 16 credits

Minimum Graduate Coursework Requirement 15 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: <https://policy.wisc.edu/library/UW-1244> (<https://policy.wisc.edu/library/UW-1244/>).

Overall GPA Requirement 3.00 GPA required.

Graduate GPA Requirement Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: <https://policy.wisc.edu/library/UW-1203> (<https://policy.wisc.edu/library/UW-1203/>).

Other Grade Requirements Must retake any courses for which a grade below C is recorded.

Assessments and Examinations No formal examination required.

Language Requirements None.

REQUIRED COURSES

Code	Title	Credits
Core Courses 15		
Students must complete at least 15 credits from the following courses:		
E P D 416	Engineering Applications of Statistics	
I SY E 412	Fundamentals of Industrial Data Analytics	
I SY E/M E 512	Inspection, Quality Control and Reliability	
I SY E/COMP SCI/ E C E 524	Introduction to Optimization	

I SY E 603	Special Topics in Engineering Analytics and Operations Research (Topic: Applied Temporal Data Analytic)
I SY E 649	Interactive Data Analytics
M E 459	Computing Concepts for Applications in Engineering
M E/COMP SCI/ E C E 532	Matrix Methods in Machine Learning
M E 548	Introduction to Design Optimization
M E/COMP SCI/ E C E/E M A/ E P 759	High Performance Computing for Applications in Engineering
Electives	15
Students choose 15 elective credits from courses numbered 300 and above within Engineering Management, Manufacturing Systems, Polymer Engineering, and Sustainable Systems Engineering in consultation with their advisor.	
Total Credits	30

Students in this program may not take courses outside the prescribed curriculum without faculty advisor and program director approval. Students in this program cannot enroll concurrently in other undergraduate or graduate degree programs.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

NAMED OPTION-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Undergraduate Credits Earned at Other Institutions or UW-Madison

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a University Special Student at UW-Madison

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

PROBATION

Refer to the Graduate School: Probation (<https://policy.wisc.edu/library/UW-1217/>) policy.

ADVISOR / COMMITTEE

All students have an academic advisor (typically the program director or academic director for each program); programs without a fixed curriculum are required to meet with their advisor to outline an approved plan of study by the end of their first academic year.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

Refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeedisabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (<https://osas.wisc.edu/>) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Grievance Procedures

Students who feel that they have been treated unfairly have the right to a prompt hearing of their grievance. Such complaints may involve course grades, classroom treatment, advising, various forms of harassment, or other issues. Any student or potential student may use these procedures.

Procedures for proper accounting of student grievances:

1. The student should speak first with the person toward whom the grievance is directed. In most cases, grievances can be resolved at this level.
2. If that does not resolve the grievance, the student should contact the program's director.
3. Should a satisfactory resolution not be achieved, the student should contact one of the Interpro's Grievance Advisors to discuss the practice. The Interpro Grievance Advisors are:

Susan Ottman

Graduate Program Director
608-262-3516
sottmann@wisc.edu

Ed Borbely

Associate Dean
608-263-0982
borbely@wisc.edu

If the student prefers to talk with someone outside of Interpro, contact:

David Noyce

Executive Associate Dean
College of Engineering
danoyce@wisc.edu
608-265-1882

The Grievance Advisor is responsible for facilitating any complaints or issues of students. The Grievance Advisor first attempts to help students informally address the grievance prior to any formal complaint. Students are also encouraged to talk with their advisors regarding concerns or difficulties if necessary.

University resources for sexual harassment concerns can be found on the UW Office of Equity and Diversity website and are included in the next section.

4. If the issue is not resolved to the student's satisfaction, the student can submit the grievance to the Grievance Advisor in writing, within 60 calendar days of the alleged unfair treatment.
5. On receipt of a written complaint, a committee will be convened by the Grievance Advisor to manage the grievance. The program committee will obtain a written response from the person toward whom the complaint is directed. This response will be shared with the person filing the grievance.
6. The committee will determine a decision regarding the grievance. The Grievance Advisor will report on the action taken by the committee in writing to both the student and the party toward whom the complaint was directed within 15 working days from the date the complaint was received.
7. At this point, if either party (the student or the person toward whom the grievance is directed) is unsatisfied with the decision of the committee, the party may file a written appeal. Either party has 10 working days to file a written appeal to the College of Engineering.
8. Documentation of the grievance will be stored for at least seven years. Significant grievances that set a precedent will be stored indefinitely. The Graduate School has established policies governing student conduct, academic dishonesty, and sexual and racial harassment. The Graduate School also has procedures for students wishing to appeal a grievance decision made at the College of Engineering level.

The Graduate School has procedures for students wishing to appeal a grievance decision made at the school/college level. These policies are described in the Graduate School's Academic Policies and Procedures: <https://grad.wisc.edu/documents/grievances-and-appeals/>

OTHER

Students are strongly discouraged to pursue positions as Project Assistants, Teaching Assistants or Research Assistants during their time in this program. Students in this program will not receive the tuition remission that is typically part of the compensation package for a graduate assistantship.

PROFESSIONAL DEVELOPMENT**PROFESSIONAL DEVELOPMENT
GRADUATE SCHOOL RESOURCES**

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

**ENGINEERING:
ENGINEERING
MANAGEMENT, MENG**

This degree has evolved to a Master of Science: Engineering Management degree (p. 692).

Admissions to the MEng. Engineering: Engineering Management are **suspended as of spring 2024 and will be discontinued as of fall 2026**. If you have any questions, please contact the department. Prospective students should apply to the Master of Science: Engineering Management (p. 692) degree.

If you have any questions, please contact the program.

This is a named option within the Engineering MEng. (p. 696)

The named option Engineering Management (<https://interpro.wisc.edu/online-degrees/engineering-management/>) is an online engineering master's degree, designed in content and format to help engineering professionals become exceptional leaders and managers.

In this high-impact, cross-disciplinary degree, engineers learn to:

- Exercise appropriate leadership and management strategies and practices aligned to the needs of their teams, projects, and organizations.
- Confidently lead engineering teams and projects.
- Improve the impact of their engineering decisions and project proposals on the financial bottom line of their employer.
- Knowledgeably navigate engineering-related legal issues, marketing opportunities, and data-driven decisions.
- Successfully communicate, advocate, and negotiate for positive results with stakeholders, decision-makers, and partners.

More information about this graduate degree can be found here (<https://interpro.wisc.edu/online-degrees/ms-engineering-management/>).

ADMISSIONS

ADMISSIONS

This degree has evolved to a Master of Science: Engineering Management degree.

Admissions to the MEng Engineering: Engineering Management are **suspended as of spring 2024 and will be discontinued as of fall 2026.**

Prospective students should apply to the **Master of Science: Engineering Management degree.**

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) of the Graduate School as well as the program(s).** Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	July 1
Spring Deadline	November 1
Summer Deadline	May 1
GRE (Graduate Record Examinations)	Not required but may be considered if available.
English Proficiency Test	Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment. Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

Admission requirements for engineers interested in applying are:

- A BS degree in engineering from an ABET-approved program
- A minimum undergraduate grade-point average (GPA) of 3.00 on the equivalent of the last 60 semester hours (approximately two years of work) or a master's degree with a minimum cumulative GPA of 3.00
- Two years of post-baccalaureate work experience in engineering (co-op or intern experience counts toward requirement)

Applicants are recommended to submit GRE scores if they have already taken the exam.

Interested applicants with BS degrees in related fields should contact the graduate programs coordinator for more specific admission information

at gradadmissions@interpro.wisc.edu. For further details about the program, please see the program website (<https://interpro.wisc.edu/online-degrees/ms-engineering-management/>).

- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Grievance Procedures

Students who feel that they have been treated unfairly have the right to a prompt hearing of their grievance. Such complaints may involve course grades, classroom treatment, advising, various forms of harassment, or other issues. Any student or potential student may use these procedures.

Procedures for proper accounting of student grievances:

1. The student should speak first with the person toward whom the grievance is directed. In most cases, grievances can be resolved at this level.
2. If that does not resolve the grievance, the student should contact the program's director.
3. Should a satisfactory resolution not be achieved, the student should contact one of the Interpro's Grievance Advisors to discuss the practice. The Interpro Grievance Advisors are:

Susan Ottman

Graduate Program Director
608-262-3516
sottmann@wisc.edu

Ed Borbely

Associate Dean
608-263-0982
borbely@wisc.edu

If the student prefers to talk with someone outside of Interpro, contact:

David Noyce

Executive Associate Dean
College of Engineering
danoyce@wisc.edu

608-265-1882

The Grievance Advisor is responsible for facilitating any complaints or issues of students. The Grievance Advisor first attempts to help students informally address the grievance prior to any formal complaint. Students are also encouraged to talk with their advisors regarding concerns or difficulties if necessary.

University resources for sexual harassment concerns can be found on the UW Office of Equity and Diversity website and are included in the next section.

4. If the issue is not resolved to the student's satisfaction, the student can submit the grievance to the Grievance Advisor in writing, within 60 calendar days of the alleged unfair treatment.
5. On receipt of a written complaint, a committee will be convened by the Grievance Advisor to manage the grievance. The program committee will obtain a written response from the person toward whom the complaint is directed. This response will be shared with the person filing the grievance.
6. The committee will determine a decision regarding the grievance. The Grievance Advisor will report on the action taken by the committee in writing to both the student and the party toward whom the complaint was directed within 15 working days from the date the complaint was received.
7. At this point, if either party (the student or the person toward whom the grievance is directed) is unsatisfied with the decision of the committee, the party may file a written appeal. Either party has 10 working days to file a written appeal to the College of Engineering.
8. Documentation of the grievance will be stored for at least seven years. Significant grievances that set a precedent will be stored indefinitely. The Graduate School has established policies governing student conduct, academic dishonesty, and sexual and racial harassment. The Graduate School also has procedures for students wishing to appeal a grievance decision made at the College of Engineering level.

The Graduate School has procedures for students wishing to appeal a grievance decision made at the school/college level. These policies are described in the Graduate School's Academic Policies and Procedures: <https://grad.wisc.edu/documents/grievances-and-appeals/>

OTHER

Students are strongly discouraged to pursue positions as Project Assistants, Teaching Assistants or Research Assistants during their time in this program. Students in this program will not receive the tuition remission that is typically part of the compensation package for a graduate assistantship.

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

ENGINEERING: MANUFACTURING SYSTEMS ENGINEERING, MENG

This degree has evolved to a Master of Science: Manufacturing Systems Engineering (p. 727).

Admissions to the Engineering: Manufacturing Systems Engineering, MEng have been suspended as of spring 2024 and will be discontinued as of fall 2026. If you have any questions, please contact the department. Prospective students should apply to the Master of Science: Manufacturing Systems Engineering (p. 727) degree. If you have any questions, please contact the program.

This is a named option within the Engineering MEng (p. 696).

The named option Manufacturing Systems Engineering (<https://epd.wisc.edu/online-degrees/manufacturing-systems-engineering-master-of-engineering/>) is an online master's degree designed to prepare engineering professionals to lead their manufacturing operations now and in the future. Students will gain cross-functional expertise to drive creative product and process improvement leveraging advanced tools, technologies, and automation systems.

Students in this program will learn how to:

- Analyze, compare, and contrast technical and business systems to optimize operations
- Simulate production processes and evaluate large data sets to identify areas of improvement and develop long-term strategies
- Solve problems and drive innovation to remain competitive
- Understand advanced automation and smart manufacturing technologies that will change the manufacturing processes and positively affect the business

More information about this graduate degree can be found here (<https://epd.wisc.edu/online-degrees/manufacturing-systems-engineering/>).

ADMISSIONS

ADMISSIONS

Admissions to the Engineering: Manufacturing Systems Engineering, MEng have been suspended as of spring 2024 and will be discontinued as of fall 2026. If you have any questions, please contact the department.

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) of the Graduate School as well as the program(s).** Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	July 1
Spring Deadline	November 1
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required but may be considered if available.
English Proficiency Test	Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment. Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

The degree may be earned by engineers who have:

- A BS degree in engineering from an ABET-approved program
- A minimum undergraduate grade-point average (GPA) of 3.00 on the equivalent of the last 60 semester hours (approximately two years of work) or a master's degree with a minimum cumulative GPA of 3.00.

Applicants are recommended to submit GRE scores if they have already taken the exam.

Interested applicants with BS degrees in related fields should contact the graduate programs coordinator for more specific admission information at gradadmissions@interpro.wisc.edu. For more details, see the program website. (<https://interpro.wisc.edu/online-degrees/manufacturing-systems-engineering/>)

FUNDING

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM INFORMATION

Students enrolled in this program are not eligible to receive tuition remission from graduate assistantship appointments at this institution.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

NAMED OPTION REQUIREMENTS MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
No	No	Yes	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW–Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail	
Minimum Credit Requirement	30 credits
Minimum Residence Credit Requirement	16 credits
Minimum Graduate Coursework Requirement	15 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/).
Overall Graduate GPA Requirement	3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	Must retake any courses for which a grade below C is recorded.
Assessments and Examinations	No formal examination required.

Language Requirements No language requirements.

REQUIRED COURSES

Code	Title	Credits
Required courses:		
E P D 611	Engineering Economics and Management	3
E P D 612	Technical Project Management	3
E P D 678	Supply Chain Management for Engineers	3
ISY E 412	Fundamentals of Industrial Data Analytics	3
ISY E 615	Production Systems Control	3
ISY E 618	Quality Engineering and Quality Management	3
ISY E/M E 641	Design and Analysis of Manufacturing Systems	3
M E 529	Smart Manufacturing	3
Electives		6
Students choose elective courses in consultation with their advisor.		
Total Credits		30

Students in this program may not take courses outside the prescribed curriculum without faculty advisor and program director approval. Students in this program cannot enroll concurrently in other undergraduate or graduate degree programs.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

NAMED OPTION-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Undergraduate Credits Earned at Other Institutions or UW–Madison

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a Professional Student at UW–Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a University Special Student at UW-Madison

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

PROBATION

Refer to the Graduate School: Probation (<https://policy.wisc.edu/library/UW-1217/>) policy.

ADVISOR / COMMITTEE

All students have an academic advisor (typically the program director or academic director for each program); programs without a fixed curriculum are required to meet with their advisor to outline an approved plan of study by the end of their first academic year.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

Refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (<https://osas.wisc.edu/>) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Grievance Procedures

Students who feel that they have been treated unfairly have the right to a prompt hearing of their grievance. Such complaints may involve course

grades, classroom treatment, advising, various forms of harassment, or other issues. Any student or potential student may use these procedures.

Procedures for proper accounting of student grievances:

1. The student should speak first with the person toward whom the grievance is directed. In most cases, grievances can be resolved at this level.
2. If that does not resolve the grievance, the student should contact the program's director.
3. Should a satisfactory resolution not be achieved, the student should contact one of the Interpro's Grievance Advisors to discuss the practice. The Interpro Grievance Advisors are:

Susan Ottman

Graduate Program Director
608-262-3516
sottmann@wisc.edu

Ed Borbely

Associate Dean
608-263-0982
borbely@wisc.edu

If the student prefers to talk with someone outside of Interpro, contact:

David Noyce

Executive Associate Dean
College of Engineering
danoyce@wisc.edu
608-265-1882

The Grievance Advisor is responsible for facilitating any complaints or issues of students. The Grievance Advisor first attempts to help students informally address the grievance prior to any formal complaint. Students are also encouraged to talk with their advisors regarding concerns or difficulties if necessary.

University resources for sexual harassment concerns can be found on the UW Office of Equity and Diversity website and are included in the next section.

4. If the issue is not resolved to the student's satisfaction, the student can submit the grievance to the Grievance Advisor in writing, within 60 calendar days of the alleged unfair treatment.
5. On receipt of a written complaint, a committee will be convened by the Grievance Advisor to manage the grievance. The program committee will obtain a written response from the person toward whom the complaint is directed. This response will be shared with the person filing the grievance.
6. The committee will determine a decision regarding the grievance. The Grievance Advisor will report on the action taken by the committee in writing to both the student and the party toward whom the complaint was directed within 15 working days from the date the complaint was received.
7. At this point, if either party (the student or the person toward whom the grievance is directed) is unsatisfied with the decision of the committee, the party may file a written appeal. Either party has 10 working days to file a written appeal to the College of Engineering.
8. Documentation of the grievance will be stored for at least seven years. Significant grievances that set a precedent will be stored indefinitely. The Graduate School has established policies governing student conduct, academic dishonesty, and sexual and racial harassment. The Graduate

School also has procedures for students wishing to appeal a grievance decision made at the College of Engineering level.

The Graduate School has procedures for students wishing to appeal a grievance decision made at the school/college level. These policies are described in the Graduate School's Academic Policies and Procedures: <https://grad.wisc.edu/documents/grievances-and-appeals/>

OTHER

Students are strongly discouraged to pursue positions as Project Assistants, Teaching Assistants or Research Assistants during their time in this program. Students in this program will not receive the tuition remission that is typically part of the compensation package for a graduate assistantship.

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

ENGINEERING: POLYMER ENGINEERING, MENG

This is a named option in the Engineering MEng (p. 696).

The named option of Polymer Engineering is a fully online degree that includes an interdisciplinary curriculum of courses incorporating the latest research and practices in plastics and polymer manufacturing. It is designed to prepare engineers for professional practice in the polymer industry.

More information about this graduate degree can be found here (<https://interpro.wisc.edu/online-degrees/polymer-engineering/>).

ADMISSIONS

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) of the Graduate School as well as the program(s).** Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	July 1
Spring Deadline	November 1
Summer Deadline	May 1

GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment. Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241/ (https://policy.wisc.edu/library/UW-1241/).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	1

DEADLINES

Applications are accepted and reviewed after the above dates on a rolling admission basis for fall, spring and summer terms.

The degree may be earned by engineers who have:

- A minimum undergraduate grade point average (GPA) of 3.00 on the equivalent of the last 60 semester hours (approximately two years of work) or a master's degree with a minimum cumulative GPA of 3.00

FUNDING

FUNDING GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Students enrolled in this program are not eligible to receive tuition remission from graduate assistantship appointments at this institution.

Federal Loans

Students who are U.S. citizens or permanent residents are eligible to receive some level of funding through the federal direct loan program. These loans are available to qualified graduate students who are taking at least four credits during the Fall and Spring semesters, and two credits during Summer. Private loans are also available. Learn more about financial aid at financialaid.wisc.edu (<https://financialaid.wisc.edu/>).

Employer Support

Many students receive some financial support from their employers. Often, students find it beneficial to sit down with their employer and discuss how this program applies to their current and future responsibilities. Other key points to discuss include how participation will not interrupt your work schedule.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

NAMED OPTION REQUIREMENTS MODE OF INSTRUCTION

Grievance Procedures

Students who feel that they have been treated unfairly have the right to a prompt hearing of their grievance. Such complaints may involve course grades, classroom treatment, advising, various forms of harassment, or other issues. Any student or potential student may use these procedures.

Procedures for proper accounting of student grievances:

1. The student should speak first with the person toward whom the grievance is directed. In most cases, grievances can be resolved at this level.

2. If that does not resolve the grievance, the student should contact the program's director.
3. Should a satisfactory resolution not be achieved, the student should contact one of the Interpro's Grievance Advisors to discuss the practice. The Interpro Grievance Advisors are:

Susan Ottman

Graduate Program Director
608-262-3516
sottmann@wisc.edu

Ed Borbely

Associate Dean
608-263-0982
borbely@wisc.edu
If the student prefers to talk with someone outside of Interpro, contact:

David Noyce

Executive Associate Dean
College of Engineering
danoyce@wisc.edu
608-265-1882

The Grievance Advisor is responsible for facilitating any complaints or issues of students. The Grievance Advisor first attempts to help students informally address the grievance prior to any formal complaint. Students are also encouraged to talk with their advisors regarding concerns or difficulties if necessary.

University resources for sexual harassment concerns can be found on the UW Office of Equity and Diversity website and are included in the next section.

4. If the issue is not resolved to the student's satisfaction, the student can submit the grievance to the Grievance Advisor in writing, within 60 calendar days of the alleged unfair treatment.
5. On receipt of a written complaint, a committee will be convened by the Grievance Advisor to manage the grievance. The program committee will obtain a written response from the person toward whom the complaint is directed. This response will be shared with the person filing the grievance.
6. The committee will determine a decision regarding the grievance. The Grievance Advisor will report on the action taken by the committee in writing to both the student and the party toward whom the complaint was directed within 15 working days from the date the complaint was received.
7. At this point, if either party (the student or the person toward whom the grievance is directed) is unsatisfied with the decision of the committee, the party may file a written appeal. Either party has 10 working days to file a written appeal to the College of Engineering.
8. Documentation of the grievance will be stored for at least seven years. Significant grievances that set a precedent will be stored indefinitely. The Graduate School has established policies governing student conduct, academic dishonesty, and sexual and racial harassment. The Graduate School also has procedures for students wishing to appeal a grievance decision made at the College of Engineering level.

The Graduate School has procedures for students wishing to appeal a grievance decision made at the school/college level. These policies are described in the Graduate School's Academic Policies and Procedures: <https://grad.wisc.edu/documents/grievances-and-appeals/>

OTHER

Students are strongly discouraged to pursue positions as Project Assistants, Teaching Assistants or Research Assistants during their time in this program. PEOPLE**PEOPLE**

Prof. Tim Osswald
Prof. Lih-Shen "Tom" Turng
Dr. Nicole Zacharia

**ENGINEERING:
SUSTAINABLE SYSTEMS
ENGINEERING, MENG**

This is a named option within the Engineering MEng. (p. 696)

The named option Sustainable Systems Engineering (<https://interpro.wisc.edu/online-degrees/sustainable-systems-engineering/>) is an online master's degree designed to prepare students to understand and apply principles of engineering, science, policy, and economics to current and future environmental sustainability issues. Through objective, reliable, and cost-effective engineering methods, students will create sustainable solutions for society's energy and resource challenges.

In this program, you will:

- Apply sustainability principles to engineering practices and renewable/sustainable energy system design;
- Gain expertise and knowledge of the environmental, social and economic aspects, and design interplays of sustainability frameworks and renewable energy systems;
- Position yourself to create and lead sustainability and renewable/sustainable energy project initiatives through your organization and for your clients.

The program is tailored for working engineers, offering:

- Knowledge and skills that can immediately be applied to work situations;
- Project-based learning with experienced professionals;
- Award-winning distance-learning design.

More information about this graduate degree can be found here (<https://interpro.wisc.edu/online-degrees/sustainable-systems-engineering/>).

ADMISSIONS

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) of the Graduate School as well as the program(s).** Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	July 1
Spring Deadline	November 1
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required but may be considered if available.
English Proficiency Test	Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment. Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

The degree may be earned by engineers who have:

- A BS degree in engineering from an ABET-approved program
- A minimum undergraduate grade-point average (GPA) of 3.00 on the equivalent of the last 60 semester hours (approximately two years of work) or a master's degree with a minimum cumulative GPA of 3.00

Applications are accepted and reviewed after the deadline dates on a rolling admission basis for fall and spring terms.

Applicants are recommended to submit GRE scores if they have already taken the exam.

Interested applicants with BS degrees in related fields should contact the graduate programs coordinator for more specific admission information at gradadmissions@interpro.wisc.edu. Prior coursework should include significant science and math courses. For more details, see the program website. (<https://epd.wisc.edu/online-degree/sustainable-systems-engineering/>)

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM INFORMATION

Students enrolled in this program are not eligible to receive tuition remission from graduate assistantship appointments at this institution.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

NAMED OPTION REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
No	No	Yes	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW-Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail

Minimum Credit Requirement	30 credits
----------------------------	------------

Minimum Residence Credit Requirement	16 credits
--------------------------------------	------------

Minimum Graduate Coursework Requirement	15 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/).
Overall Graduate GPA Requirement	3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	Must retake any courses for which a grade below C is recorded.
Assessments and Examinations	No formal examination required.
Language Requirements	No language requirements.

REQUIRED COURSES

Code	Title	Credits
Capstone Course		3
E P D 669	Sustainable Systems Engineering Capstone	
Science and Sustainability Courses (Minimum 9 credits from these courses)		9
BSE/ ENVIR ST 367	Renewable Energy Systems	
CIV ENGR 723	Energy Principles of Environmental Engineering	
CIV ENGR 729	Environmental Sustainability Tools	
E P D 639	Plastics Recycling and Sustainability	
E P D 660	Core Competencies of Sustainability	
GEOSCI/ ENVIR ST 411	Energy Resources	
Engineering and Design Courses (Minimum 9 credits from these courses)		9
CIV ENGR/ G L E 535	Wind Energy Balance-of-Plant Design	
E C E 355	Electromechanical Energy Conversion	
E P D 690	Special Topics in Engineering Professional Development (Distributed Renewable Systems Design; Sustainable Microgrids)	
E P D 699	Independent Study	
E P D 730	Sustainable Facilities	
E P D 731	Energy Efficiency in Buildings	
Elective Courses (9 credits from the courses below or the two lists above)		9
CIV ENGR 629	Special Topics in Environmental Engineering	
E P 418	Sustainable Energy Challenges and Solutions	
E P D 611	Engineering Economics and Management	
E P D 605	Fundamentals of Technical Project Management	

or E P D/ GEN BUS/ OTM 784

E P D 606	Leading and Managing Technical Teams
or E P D/ GEN BUS/ M H R 783	Leading Teams
E P D 612	Technical Project Management
E P D 701	Writing for Professionals
E P D 702	Professional Presentations
E P D 704	Organizational Communication and Problem Solving
E P D 706	Change Management
E P D 708	Creating Breakthrough Innovations
E P D 712	Ethics for Professionals
E P D/ACCT I S/ GEN BUS 781	Financial and Business Acumen
E P D/GEN BUS/ MARKETNG 782	Marketing for Non-Marketing Professionals
E P D/GEN BUS/ M H R 785	Effective Negotiation Strategies
Total Credits	30

Students in this program may not take courses outside the prescribed curriculum without faculty advisor and program director approval. Students in this program cannot enroll concurrently in other undergraduate or graduate degree programs.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

NAMED OPTION-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Undergraduate Credits Earned at Other Institutions or UW-Madison

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a University Special Student at UW-Madison

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

PROBATION

Refer to the Graduate School: Probation (<https://policy.wisc.edu/library/UW-1217/>) policy.

1. Good standing (progressing according to standards; any funding guarantee remains in place).
2. Probation (not progressing according to standards but permitted to enroll; loss of funding guarantee; specific plan with dates and deadlines in place in regard to removal of probationary status).
3. Unsatisfactory progress (not progressing according to standards; not permitted to enroll, dismissal, leave of absence or change of advisor or program).

ADVISOR / COMMITTEE

Refer to the Graduate School: Advisor (<https://policy.wisc.edu/library/UW-1232/>) policy.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

Refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Dean of Students Office (<https://doso.students.wisc.edu/>) (for all students to seek grievance assistance and support)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeeabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)

- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Grievance Procedures

Students who feel that they have been treated unfairly have the right to a prompt hearing of their grievance. Such complaints may involve course grades, classroom treatment, advising, various forms of harassment, or other issues. Any student or potential student may use these procedures.

Procedures for proper accounting of student grievances:

1. The student should speak first with the person toward whom the grievance is directed. In most cases, grievances can be resolved at this level.
2. If that does not resolve the grievance, the student should contact the program's director.
3. Should a satisfactory resolution not be achieved, the student should contact one of the Interpro's Grievance Advisors to discuss the practice. The Interpro Grievance Advisors are:

Susan Ottman

Graduate Program Director
608-262-3516
sottmann@wisc.edu

Ed Borbely

Associate Dean
608-263-0982
borbely@wisc.edu

If the student prefers to talk with someone outside of Interpro, contact:

David Noyce

Executive Associate Dean
College of Engineering
danoyce@wisc.edu
608-265-1882

The Grievance Advisor is responsible for facilitating any complaints or issues of students. The Grievance Advisor first attempts to help students informally address the grievance prior to any formal complaint. Students are also encouraged to talk with their advisors regarding concerns or difficulties if necessary.

University resources for sexual harassment concerns can be found on the UW Office of Equity and Diversity website and are included in the next section.

4. If the issue is not resolved to the student's satisfaction, the student can submit the grievance to the Grievance Advisor in writing, within 60 calendar days of the alleged unfair treatment.
5. On receipt of a written complaint, a committee will be convened by the Grievance Advisor to manage the grievance. The program committee will obtain a written response from the person toward whom the complaint is directed. This response will be shared with the person filing the grievance.
6. The committee will determine a decision regarding the grievance. The Grievance Advisor will report on the action taken by the committee in writing to both the student and the party toward whom the complaint was directed within 15 working days from the date the complaint was received.
7. At this point, if either party (the student or the person toward whom the grievance is directed) is unsatisfied with the decision of the committee,

the party may file a written appeal. Either party has 10 working days to file a written appeal to the College of Engineering.

8. Documentation of the grievance will be stored for at least seven years. Significant grievances that set a precedent will be stored indefinitely. The Graduate School has established policies governing student conduct, academic dishonesty, and sexual and racial harassment. The Graduate School also has procedures for students wishing to appeal a grievance decision made at the College of Engineering level.

The Graduate School has procedures for students wishing to appeal a grievance decision made at the school/college level. These policies are described in the Graduate School's Academic Policies and Procedures: <https://grad.wisc.edu/documents/grievances-and-appeals/>

OTHER

Students are strongly discouraged to pursue positions as Project Assistants, Teaching Assistants or Research Assistants during their time in this program. Students in this program will not receive the tuition remission that is typically part of the compensation package for a graduate assistantship.

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

ENVIRONMENTAL CHEMISTRY AND TECHNOLOGY, DOCTORAL MINOR

Any student enrolled in a University of Wisconsin–Madison doctoral program can pursue a doctoral minor in Environmental Chemistry and Technology (EC&T). The strength of the EC&T program lies in its interdisciplinary approach bringing state-of-the-art scientific and engineering principles to the field of environmental chemistry. This enables EC&T to educate and train graduate students for varied careers as well as to advance knowledge and techniques for both scientific research and applied problem solving.

ADMISSIONS

ADMISSIONS

Students interested in the doctoral minor should first contact the department Graduate Coordinator to learn the requirements, process, and complete the required paperwork.

All Graduate School students must utilize the Graduate Student Portal in MyUW to add, change, or discontinue any doctoral minor. To apply to this minor, log in to MyUW (<https://my.wisc.edu/web/expanded/>), click on

Graduate Student Portal, and then click on Add/Change Programs. Select the information for the doctoral minor for which you are applying.

REQUIREMENTS

REQUIREMENTS

Students must complete a breadth of courses to complement their doctoral major and academic background. Students must earn a B or better in courses for the doctoral minor. Doctoral minor courses and required doctoral major courses cannot overlap or double-count.

The Graduate Program Handbook (<https://engineering.wisc.edu/cee-grad-ect-handbook/>) is the repository for all of the program's policies and requirements.

Code	Title	Credits
Core Courses		8
Students must complete three courses from at least two of the following groups.		
<i>Environmental Inorganic Chemistry</i>		
CIV ENGR 703 or GEOSCI 875	Environmental Geochemistry Advanced Topics in Geology	
<i>Environmental Organic Chemistry</i>		
CIV ENGR 704 or CIV ENGR/ M&ENVTOX/ SOIL SCI 631	Environmental Chemical Kinetics Toxicants in the Environment: Sources, Distribution, Fate, & Effects	
<i>Atmospheric Chemistry</i>		
CIV ENGR/ ATM OCN 701 or CHEM 629	The Chemistry of Air Pollution Atmospheric Chemical Mechanisms	
<i>Environmental Technology</i>		
CIV ENGR 609 or CIV ENGR 62	Special Topics in Water Chemistry Special Topics in Environmental Engineering	
<i>Advanced Electives (numbered 500 or higher) associated with the program</i>		
Seminar		1
Students must complete one semester of the following course.		
CIV ENGR 909	Graduate Seminar - Environmental Chemistry & Technology	
Total Credits		9

PEOPLE

PEOPLE

Faculty: Professors Hurley (Civil and Environmental Engineering), Bertram (Chemistry), Bleam (Soil Science), Harrington (Civil and Environmental Engineering), Karthikeyan (Biological Systems Engineering), McMahon (Civil and Environmental Engineering/Bacteriology), Roden (Geoscience), Root (Chemical and Biological Engineering), Schauer (Civil and Environmental Engineering), Thompson (Biological Systems Engineering); Associate Professors Ginder-Vogel (director; Civil and Environmental Engineering), Remucal (Civil and Environmental Engineering), Whitman (Soil Science); Assistant Professors Anantharaman (Bacteriology), Majumder (Bacteriology), Qin (Civil and

Environmental Engineering), Wei (Civil and Environmental Engineering). See also ECT faculty (<https://engineering.wisc.edu/departments/civil-environmental-engineering/research/environmental-chemistry-technology/>).

ENVIRONMENTAL CHEMISTRY AND TECHNOLOGY, MS

The program has been organized to offer advanced instruction and research training in environmental chemistry and environmental technology leading to the master of science (MS). The program trains candidates for careers in teaching, research, resource management, environmental consulting, and private sector/industrial positions. Areas of work include the development of advanced technologies and materials for air and water purification and for the saving and storage of energies; alternative energy technologies; water and air pollution control; soil and sediment remediation; environmental technology; chemical limnology; and groundwater chemistry.

The MS degree is designed for students who have a strong background in chemistry and who desire graduate training in applying chemistry to environmental systems. Individual programs are tailored to meet the candidate's interests through selection of a specialization and elective courses. Areas of specialization include aquatic chemistry, air pollution chemistry, terrestrial chemistry, and chemical- and bio-technology development.

The Environmental Chemistry and Technology (ECT) Program faculty is composed of an interdepartmental committee. Several committee members who have appointments in the Department of Civil and Environmental Engineering are located in the Water Science and Engineering Laboratory. Other members are located in their respective departments.

The environmental chemistry and technology area occupies over 10,000 square feet of office and laboratory space in the Water Science and Engineering Laboratory (WSEL). Facilities include offices, conference room, classrooms, computer facilities, and over 8,000 square feet devoted to research. The research areas, including trace element and mercury clean laboratories, are designed for research in aquatic chemistry, air pollution chemistry, and environmental technology. Shop facilities (electronics/mechanical) allow fabrication of specialized equipment tailored to the particular field and laboratory research needs. Other specialized facilities include areas for investigations of air pollution chemistry, ceramic membrane technologies, hazardous material remediation, and the development of energy storage devices.

In addition to the Water Science and Engineering Laboratory, students have access to numerous facilities on the UW–Madison campus, including laboratories in the Departments of Soil Science; Chemical and Biological Engineering; Materials Science and Engineering; Chemistry; Geoscience; Civil and Environmental Engineering; the Center for Limnology; and the State Laboratory of Hygiene.

ADMISSIONS

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) of the Graduate School as well as the program(s).** Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 15
Spring Deadline	This program does not admit in the spring.
Summer Deadline	This program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment. Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

APPLICATION PROCESS AND REQUIREMENTS

All applicants must meet the Graduate School's admission requirements (<http://grad.wisc.edu/admissions/requirements/>) to be considered for admission. Departmental admission is by committee review. Applications submitted after the fall deadline through March 15 will be reviewed if complete and will be considered for admission by the program if space is still available. To check if space is available, please email: ectgradadmission@engr.wisc.edu. (ectgradadmission@engr.wisc.edu)

In addition, applicants must also meet the department's requirements listed below to be considered for admission:

Grades

A minimum undergraduate grade-point average (GPA) of 3.00 (on a 4.00 scale) on the equivalent of the last 60 semester hours (approximately two years of work) or a master's degree with a minimum cumulative GPA of 3.00 is required. Applicants from an international institution must demonstrate strong academic achievement comparable to a 3.00 for an undergraduate or master's degree. The Graduate School will use your institution's grading scale. Do not convert your grades to a 4.00 scale.

Degree

Applicants seeking admission should have a background in the fundamental areas of general, organic, physical, and analytical chemistry. In addition, applicants should have some background in applied sciences which can be fulfilled with a minimum of 6 credits in natural sciences such as botany, zoology, bacteriology, earth science, material science, biochemistry, or engineering. Applicants who have not met these requirements must do so prior to the completion of the master's degree.

Funding

Funded offers for MS (research) and PhD students, in the form of research assistantships, project assistantships, and/or teaching assistantships come directly from individual faculty members (<https://engineering.wisc.edu/departments/civil-environmental-engineering/research/environmental-chemistry-technology/>). Please contact interested faculty before or after you have applied to inquire about assistantship opportunities. Funding is not guaranteed with admission. Admitted applicants will be contacted directly by faculty regarding funding opportunities.

COMPLETE APPLICATION

A complete graduate application is required before an application will be reviewed by the faculty. Late applications may not be reviewed for funding opportunities. A complete graduate application contains the following:

Graduate School Application

Applicants must submit an online application to the UW–Madison Graduate School. See Graduate School Admissions (<https://grad.wisc.edu/admissions/>) to apply.

Statement of Purpose

Submit a statement of purpose of 1,000 words or less in the online application. This statement should cover your technical areas of interest, coursework emphasis, research experience, professional goals, faculty members you are interested in working with, and any other items relevant to your qualifications for graduate school. See the Graduate School for additional guidelines for the Statement of Purpose (<https://grad.wisc.edu/apply/prepare/>) (scroll to bottom of page).

Three Letters of Recommendation

Three letters of recommendation must be submitted through the online application. These letters should be from people who can judge the applicant's academic, research, and/or work performance.

See the Graduate School for FAQs (<https://grad.wisc.edu/apply/#FAQ>) regarding these letters.

Academic Transcripts

Upload the most recent copies of your transcripts to the online application, from each institution attended. Study abroad transcripts are not required if coursework is reflected on the degree granting university's transcript. Unofficial copies of transcripts are used for departmental review. If the applicant is recommended for admission, then the Graduate School will follow-up with instructions for official transcript submission. Please do not send transcripts or any other application materials to the Graduate School or the Environmental Chemistry and Technology program unless requested.

Resume/Curriculum Vitae

Upload your most recent resume or curriculum vitae in the online application.

English Proficiency Score

Applicants whose native language is not English, or whose undergraduate instruction was not in English, must provide an English proficiency test score. Scores are accepted if they are within two years of the start of the

admission term. Self-reported exam information is acceptable during departmental review; however, if you are recommended for admission, official test scores must be sent directly to the Graduate School from the testing body. See Graduate School Admission Requirements (<http://grad.wisc.edu/admissions/requirements/>) for more information on the English proficiency requirement. (NOTE: TOEFL scores may be sent electronically via ETS using institution code 1846)

Application Fee

A one-time application fee is required. See the Graduate School frequently asked questions (<https://grad.wisc.edu/apply/#FAQ>) for fee information. Fee grants are offered by the Graduate School on a limited basis and under certain conditions, as outlined here (<https://grad.wisc.edu/apply/fee-grant/>). The department does not offer an application fee waiver due to the large volume of applications received. However, if you are working with a specific faculty member, then they may offer you a fee voucher.

FUNDING

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Students accepted into the program can expect to be fully funded through fellowships, teaching assistantships, or research assistantships on research projects. Admission decisions are based on the student's qualifications and research interests, the availability of funding, and the focus of funded research projects. Funding includes a waiver of tuition (excluding segregated fees), health benefits (including family coverage), and a yearly stipend.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business

schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail

Minimum Credit Requirement	30 credits
Minimum Residence Credit Requirement	16 credits
Minimum Graduate Coursework Requirement	15 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/).
Overall Graduate GPA Requirement	3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	Students must earn a B or above in all courses counting toward degree requirements.
Assessments and Examinations	The thesis pathway requires a formal thesis.
Language Requirements	No language requirements.

REQUIRED COURSES

Students are required to develop a plan of courses with their advisor. Additional courses beyond the core courses may be included with approval of the student's academic advisor and the approval of the Environmental Chemistry and Technology Academic Planning Committee.

Note that CIV ENGR 500 Water Chemistry or an equivalent advanced Environmental Chemistry course, is a prerequisite for many of the core Environmental Chemistry and Technology courses. If these requirements have not been met prior to entering the program, this should be considered when planning the coursework.

Code	Title	Credits
Core Courses		
<i>Environmental Inorganic Chemistry</i>		
CIV ENGR 703 or GEOSCI 875	Environmental Geochemistry Advanced Topics in Geology	1-3
<i>Environmental Organic Chemistry</i>		
CIV ENGR/ M&ENVTOX/ SOIL SCI 631 or CIV ENGR 704	Toxicants in the Environment: Sources, Distribution, Fate, & Effects Environmental Chemical Kinetics	3

<i>Air Chemistry</i>		
CIV ENGR/ ATM OCN 701 or CHEM 629	The Chemistry of Air Pollution Atmospheric Chemical Mechanisms	2-3
<i>Environmental Technology</i>		
CIV ENGR 609 or CIV ENGR 629	Special Topics in Water Chemistry (Advanced Water Analysis topic) Special Topics in Environmental Engineering	3
<i>Additional Coursework</i>		
CIV ENGR 909 or CIV ENGR/ ATM OCN/ BOTANY/ ENVIR ST/ GEOSCI/ ZOOLOGY 911	Graduate Seminar - Environmental Chemistry & Technology ¹ Limnology and Marine Science Seminar	1
CIV ENGR 790	Master's Research or Thesis ²	4
Total Credits		30

¹ Students must enroll in CIV ENGR 909 Graduate Seminar - Environmental Chemistry & Technology or CIV ENGR/ATM OCN/BOTANY/ENVIR ST/GEOSCI/ZOOLOGY 911 Limnology and Marine Science Seminar each semester. PhD students are required to present a seminar at least once during their master's program.

² Students must complete a minimum of 4 research credits of CIV ENGR 790 Master's Research or Thesis with their faculty advisor. If supported with a graduate assistantship (TA, RA, PA), students should enroll in the appropriate number of research credits each semester to achieve full-time status as required by credit-load rules.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Undergraduate Credits Earned at Other Institutions or UW-Madison

Upon approval from a student's graduate advisor and the graduate program chair, refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a University Special Student at UW-Madison

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

PROBATION

Refer to the Graduate School: Probation (<https://policy.wisc.edu/library/UW-1217/>) policy.

ADVISOR / COMMITTEE

All incoming students are assigned a faculty advisor. Students are expected to meet with their advisor on a regular basis. In addition to meeting with the assigned faculty advisor, students will also meet their Academic Planning Committee.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

Refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeedisabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (<https://osas.wisc.edu/>) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)

- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Environmental Chemistry and Technology Grievance Procedures

If a student feels unfairly treated or aggrieved by faculty, staff, or another student, the University offers several avenues to resolve the grievance. Students' concerns about unfair treatment are best handled directly with the person responsible for the objectionable action. If the student is uncomfortable making direct contact with the individual(s) involved, they should contact the advisor or the person in charge of the unit where the action occurred (program or department chair, section chair, lab manager, etc.). Many departments and schools/colleges have established specific procedures for handling such situations; check their web pages and published handbooks for information. If such procedures exist at the local level, these should be investigated first. For more information see the Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

1. The student is encouraged to speak first with the person toward whom the grievance is directed to see if a situation can be resolved at this level.
2. Should a satisfactory resolution not be achieved, the student should contact the program's Grievance Advisor or Director of Graduate Study (see contact box) to discuss the grievance.
 - If the student prefers to talk with someone outside of the Environmental Chemistry and Technology program, contact:
 - **Joanna Gurstelle**, College of Engineering Assistant Dean for Graduate Affairs
 - The Assistant Dean for Graduate Affairs (enr-dean-graduateaffairs@wisc.edu) provides overall leadership for graduate education in the College of Engineering, and is a point of contact for graduate students who have concerns about education, mentoring, research, or other difficulties.
 - The first attempt is to help students informally address the grievance prior to any formal complaint. Students are also encouraged to talk with their faculty advisors regarding concerns or difficulties if necessary. University resources for sexual harassment, discrimination, disability accommodations, and other related concerns can be found on the UW Office of Compliance website (<https://compliance.wisc.edu/>).
3. If the issue is not resolved to the student's satisfaction the student can submit the grievance to the Grievance Advisor in writing, within 60 calendar days of the alleged unfair treatment.
4. On receipt of a written complaint, a faculty committee will be convened by the Grievance Advisor to manage the grievance. The program faculty committee will obtain a written response from the person toward whom the complaint is directed. This response will be shared with the person filing the grievance.
5. The faculty committee will determine a decision regarding the grievance. The Grievance Advisor will report on the action taken by the committee in writing to both the student and the party toward whom the complaint was directed within 15 working days from the date the complaint was received.
6. At this point, if either party (the student or the person toward whom the grievance is directed) is unsatisfied with the decision of the faculty committee, the party may file a written appeal. Either party has 10 working days to file a written appeal to the College of Engineering.
7. Documentation of the grievance will be stored for at least 7 years. Significant grievances that set a precedent will be stored indefinitely.

The Graduate School has procedures for students wishing to appeal a grievance decision made at the school/college level. These policies are described in the Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

LEARNING OUTCOMES

1. Articulate research problems, potentials, and limits with respect to theory, knowledge, or practice within the field of environmental chemistry and technology.
2. Formulate ideas, concepts, and/or techniques beyond the current boundaries of knowledge in environmental chemistry and technology.
3. Create research or scholarship that makes a substantive contribution.
4. Demonstrate breadth within their learning experiences.
5. Advance contributions to the field of environmental chemistry.
6. Communicate complex ideas in a clear and understandable manner.
7. Recognize and apply principles of ethical and professional conduct.

PEOPLE

PEOPLE CIVIL AND ENVIRONMENTAL ENGINEERING

Professors Harrington (chair), Ahn, Hanna, Hurley, Li, Likos, Loheide, McMahon, Noguera, Noyce, Park, Parra-Montesinos, Ran, Remucal, Russell, Schauer, Wu; Associate Professors Block, Fratta, Ginder-Vogel, Hicks, Pincheira, Prabhakar, Sone, Tinjum, Wright; Assistant Professors Blum, Chen, Hampton, Pujara, Qin, Wang, Wei, Zhu; M.Eng Program Director Carlson. See also CEE faculty (<http://directory.engr.wisc.edu/cee/faculty/>).

GEOLOGICAL ENGINEERING

Professors Tinjum (Director) (Civil and Environmental Engineering), Feigl (Geoscience), Goodwin (Geoscience), Hard (Wisconsin Geological and Natural History Survey), Likos (Civil and Environmental Engineering), Loheide (Civil and Environmental Engineering), Tikoff (Geoscience), Wu (Civil and Environmental Engineering); Associate Professors Cardiff (Geoscience), Ferrier (Geoscience), Fratta (Civil and Environmental Engineering), Ginder-Vogel (Civil and Environmental Engineering), Hicks (Civil and Environmental Engineering), Sone (Civil and Environmental Engineering), Zoet (Geoscience); Assistant Professors Hampton (Civil and Environmental Engineering), Golos (Geoscience), Zahasky (Geoscience). See also GLE faculty (<https://engineering.wisc.edu/>

[departments/civil-environmental-engineering/research/geological-engineering/](https://engineering.wisc.edu/departments/civil-environmental-engineering/research/geological-engineering/)).

ENVIRONMENTAL CHEMISTRY AND TECHNOLOGY

Professors Hurley (Civil and Environmental Engineering), Bertram (Chemistry), Bleam (Soil Science), Harrington (Civil and Environmental Engineering), Karthikeyan (Biological Systems Engineering), McMahon (Civil and Environmental Engineering/Bacteriology), Roden (Geoscience), Root (Chemical and Biological Engineering), Schauer (Civil and Environmental Engineering), Thompson (Biological Systems Engineering); Associate Professors Ginder-Vogel (director; Civil and Environmental Engineering), Remucal (Civil and Environmental Engineering), Whitman (Soil Science); Assistant Professors Anantharaman (Bacteriology), Majumder (Bacteriology), Qin (Civil and Environmental Engineering), Wei (Civil and Environmental Engineering). See also ECT Faculty (<https://engineering.wisc.edu/departments/civil-environmental-engineering/research/environmental-chemistry-technology/>).

ENVIRONMENTAL CHEMISTRY AND TECHNOLOGY, PHD

The program has been organized to offer advanced instruction and research training in environmental chemistry and environmental technology leading to the doctor of philosophy (PhD). A doctoral minor in environmental chemistry and technology is also offered. The program trains candidates for careers in teaching, research, resource management, environmental consulting, and private sector/industrial positions. Areas of work include the development of advanced technologies and materials for air and water purification and for the saving and storage of energies; alternative energy technologies; water and air pollution control; soil and sediment remediation; environmental technology; chemical limnology; and groundwater chemistry.

The PhD degree is designed for students who have a strong background in chemistry and who desire graduate training in applying chemistry to environmental systems. Individual programs are tailored to meet the candidate's interests through selection of a specialization and elective courses. Areas of specialization include aquatic chemistry, air pollution chemistry, terrestrial chemistry, and chemical- and bio-technology development.

The Environmental Chemistry and Technology (ECT) Program faculty is composed of an interdepartmental committee. Several committee members who have appointments in the Department of Civil and Environmental Engineering are located in the Water Science and Engineering Laboratory (WSEL). Other members are located in their respective departments.

The environmental chemistry and technology area occupies over 10,000 square feet of office and laboratory space in the Water Science and Engineering Laboratory. Facilities include offices, conference room, classrooms, computer facilities, and over 8,000 square feet devoted to research. The research areas, including trace element and mercury clean laboratories, are designed for research in aquatic chemistry, air pollution chemistry, and environmental technology. Shop facilities (electronics/mechanical) allow fabrication of specialized equipment tailored to the particular field and laboratory research needs. Other specialized facilities include areas for investigations of air pollution chemistry,

ceramic membrane technologies, hazardous material remediation, and development of energy storage devices.

In addition to the Water Science and Engineering Laboratory, students have access to numerous facilities on the UW–Madison campus, including laboratories in the Departments of Soil Science; Chemical and Biological Engineering; Materials Science and Engineering; Chemistry, Geoscience; Civil and Environmental Engineering; the Center for Limnology; and the State Laboratory of Hygiene.

ADMISSIONS

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) of the Graduate School as well as the program(s).** Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 15
Spring Deadline	This program does not admit in the spring.
Summer Deadline	This program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment. Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

APPLICATION PROCESS AND REQUIREMENTS

All applicants must meet the Graduate School's admission requirements (<http://grad.wisc.edu/admissions/requirements/>) to be considered for admission. Departmental admission is by committee review. Applications submitted after the fall deadline through March 15 will be reviewed if complete and will be considered for admission by the program if space is still available. To check if space is available, please email: ectgradadmission@engr.wisc.edu. (ectgradadmission@engr.wisc.edu)

In addition, applicants must also meet the department's requirements listed below to be considered for admission:

Grades

A minimum undergraduate grade-point average (GPA) of 3.00 (on a 4.00 scale) on the equivalent of the last 60 semester hours (approximately two years of work) or a master's degree with a minimum cumulative GPA of 3.00 is required. Applicants from an international institution must demonstrate strong academic achievement comparable to a 3.00 for an undergraduate or master's degree. The Graduate School will use your institution's grading scale. Do not convert your grades to a 4.00 scale.

Degree

Applicants seeking admission should have a background in the fundamental areas of general, organic, physical, and analytical chemistry. In addition, applicants should have some background in applied sciences which can be fulfilled with a minimum of 6 credits in natural sciences such as botany, zoology, bacteriology, earth science, material science, biochemistry, or engineering. Applicants who have not met these requirements must do so prior to the completion of the master's degree.

Funding

Funded offers for MS (research) and PhD students, in the form of research assistantships, project assistantships, and/or teaching assistantships come directly from individual faculty members (<https://engineering.wisc.edu/departments/civil-environmental-engineering/research/environmental-chemistry-technology/>). Please contact interested faculty before or after you have applied to inquire about assistantship opportunities. Funding is not guaranteed with admission. Admitted applicants will be contacted directly by faculty regarding funding opportunities.

COMPLETE APPLICATION

A complete graduate application is required before an application will be reviewed by the faculty. Late applications may not be reviewed for funding opportunities. A complete graduate application contains the following:

Graduate School Application

Applicants must submit an online application to the UW–Madison Graduate School. See Graduate School Admissions (<https://grad.wisc.edu/admissions/>) to apply.

Statement of Purpose

Submit a statement of purpose of 1,000 words or less in the online application. This statement should cover your technical areas of interest, coursework emphasis, research experience, professional goals, faculty members you are interested in working with, and any other items relevant to your qualifications for graduate school. See the Graduate School for additional guidelines for the Statement of Purpose (<https://grad.wisc.edu/apply/prepare/>) (scroll to bottom of page).

Three Letters of Recommendation

Three letters of recommendation must be submitted through the online application. These letters should be from people who can judge the applicant's academic, research, and/or work performance. See the Graduate School for FAQs (<https://grad.wisc.edu/apply/#FAQ>) regarding these letters.

Academic Transcripts

Upload the most recent copies of your transcripts to the online application, from each institution attended. Study abroad transcripts are not required if coursework is reflected on the degree granting university's transcript. Unofficial copies of transcripts are used for departmental review. If the applicant is recommended for admission, then the Graduate School will follow-up with instructions for official transcript submission. Please do not send transcripts or any other application

materials to the Graduate School or the Environmental Chemistry and Technology program unless requested.

Resume/Curriculum Vitae

Upload your most recent resume or curriculum vitae in the online application.

English Proficiency Score

Applicants whose native language is not English, or whose undergraduate instruction was not in English, must provide an English proficiency test score. Scores are accepted if they are within two years of the start of the admission term. Self-reported exam information is acceptable during departmental review; however, if you are recommended for admission, official test scores must be sent directly to the Graduate School from the testing body. See Graduate School Admission Requirements (<http://grad.wisc.edu/admissions/requirements/>) for more information on the English proficiency requirement. (NOTE: TOEFL scores may be sent electronically via ETS using institution code 1846)

Application Fee

A one-time application fee is required. See the Graduate School frequently asked questions (<https://grad.wisc.edu/apply/#FAQ>) for fee information. Fee grants are offered by the Graduate School on a limited basis and under certain conditions, as outlined here (<https://grad.wisc.edu/apply/fee-grant/>). The department does not offer an application fee waiver due to the large volume of applications received. However, if you are working with a specific faculty member, then they may offer you a fee voucher.

FUNDING

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Students accepted into the program can expect to be fully funded through through fellowships, teaching assistantships, or research assistantships on research projects. Admission decisions are based on the student's qualifications and research interests, the availability of funding, and the focus of funded research projects. Funding includes a waiver of tuition (excluding segregated fees), health benefits (including family coverage), and a yearly stipend.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW–Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail

Minimum Credit Requirement	51 credits
Minimum Residence Credit Requirement	32 credits
Minimum Graduate Coursework Requirement	26 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/).
Overall Graduate GPA Requirement	3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	Students must earn a B or above in all courses counting toward degree requirements.
Assessments and Examinations	Doctoral students are required to take a comprehensive preliminary exam by the end of their fifth semester of study in the PhD program. A final oral exam of the doctoral dissertation is required. Deposit of the doctoral dissertation in the Graduate School is required.
Language Requirements	No language requirements.

Graduate School Breadth Requirement All doctoral students are required to complete a doctoral minor or graduate/professional certificate. Refer to the Graduate School: Breadth Requirement in Doctoral Training policy: <https://policy.wisc.edu/library/UW-1200> (<https://policy.wisc.edu/library/UW-1200/>).

Students will discuss minor and certificate options with the faculty advisor.

REQUIRED COURSES

Students are required to develop a plan of courses with their advisor. Additional courses beyond the core courses may be included with approval of the student's academic advisor and the approval of the Environmental Chemistry and Technology Academic Planning Committee.

Note that CIV ENGR 500 Water Chemistry, or an equivalent advanced Environmental Chemistry course, is a prerequisite for many of the core Environmental Chemistry and Technology courses. If these requirements have not been met prior to entering the program, this should be considered when planning the coursework.

Code	Title	Credits
Core Courses		
<i>Environmental Inorganic Chemistry</i>		
CIV ENGR 703 or GEOSCI 875	Environmental Geochemistry Advanced Topics in Geology	1-3
<i>Environmental Organic Chemistry</i>		
CIV ENGR/ M&ENVTOX/ SOIL SCI 631 or CIV ENGR 704	Toxicants in the Environment: Sources, Distribution, Fate, & Effects Environmental Chemical Kinetics	3
<i>Air Chemistry</i>		
CIV ENGR/ ATM OCN 701 or CHEM 629	The Chemistry of Air Pollution Atmospheric Chemical Mechanisms	2-3
<i>Environmental Technology</i>		
CIV ENGR 609 or CIV ENGR 629	Special Topics in Water Chemistry (Advanced Water Analysis topic) Special Topics in Environmental Engineering	3
<i>Additional Coursework</i>		
CIV ENGR 909 or CIV ENGR/ ATM OCN/ BOTANY/ ENVIR ST/ GEOSCI/ ZOOLOGY 911	Graduate Seminar - Environmental Chemistry & Technology ¹ Limnology and Marine Science Seminar	1

¹ Students must enroll in CIV ENGR 909 Graduate Seminar - Environmental Chemistry & Technology or CIV ENGR/ATM OCN/BOTANY/ENVIR ST/GEOSCI/ZOOLOGY 911 Limnology and Marine Science Seminar each semester. PhD students should present a seminar once per academic year, either fall or spring semester.

Graduate-Level Chemistry Requirement

Students must take two chemistry courses numbered 500 or above. A partial list of potential courses is included below. Other courses may be

substituted for this requirement with approval of the student's academic advisor and the approval of the Environmental Chemistry and Technology Academic Planning Committee.

Course Options

Code	Title	Credits
Select two of the following:		
BIOCHEM 501	Introduction to Biochemistry	3
BIOCHEM 507	General Biochemistry I	3
BIOCHEM 508	General Biochemistry II	3-4
BIOCHEM 800	Practical Nuclear Magnetic Resonance Theory	2
BIOCHEM/ BOTANY 621	Plant Biochemistry	3
CBE 547	Introduction to Colloid and Interface Science	3
CHEM 524	Chemical Instrumentation	3
CHEM 561	Physical Chemistry	3
CHEM 565	Biophysical Chemistry	4
CHEM 605	Spectrochemical Measurements	3
CHEM 613	Chemical Crystallography	3
CHEM 624	Electrochemistry	2-3
CHEM 636	Topics in Chemical Instrumentation: Introduction to NMR	2
CHEM 728	Electronics for Chemical Instrumentation	3
CHEM 637	Topics in Chemical Instrumentation: Advanced Methods in NMR	1-2
CHEM 652	Chemistry of Inorganic Materials	3
CHEM 653	Chemistry of Nanoscale Materials	3
CHEM 665	Biophysical Chemistry	3
CHEM 668	Biophysical Spectroscopy	2-3
CHEM 725	Separations in Chemical Analysis	2-3
CHEM 738	Introduction to Mass Spectrometry	1
CHEM 777	Physical Chemistry of Surfaces	2-3
CIV ENGR 501	Water Analysis-Intermediate	3
CIV ENGR 609	Special Topics in Water Chemistry	1-3
CIV ENGR 700	Chemistry of Natural Waters	3
M S & E 748	Structural Analysis of Materials	3
M S & E 758	Transmission Electron Microscopy Laboratory	1
SOIL SCI 621	Soil Chemistry	3
SOIL SCI 875	Special Topics	1-4

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Undergraduate Credits Earned at Other Institutions or UW-Madison

Upon approval from a student's graduate advisor and the graduate program chair, the Environmental Chemistry and Technology program refers to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a University Special Student at UW-Madison

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

PROBATION

Refer to the Graduate School: Probation (<https://policy.wisc.edu/library/UW-1217/>) policy.

ADVISOR / COMMITTEE

Refer to the Graduate School: Advisor (<https://policy.wisc.edu/library/UW-1232/>) and Graduate School: Committees (Doctoral/Master's/MFA) (<https://policy.wisc.edu/library/UW-1201/>) policies. In addition to meeting with the assigned faculty advisor, students will also meet their Academic Planning Committee.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

A candidate for a doctoral degree who fails to take the final oral examination and deposit the dissertation within five years after passing the preliminary examination may be required to take another preliminary examination and to be admitted to candidacy a second time.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeeabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (<https://osas.wisc.edu/>) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Environmental Chemistry and Technology Grievance Procedures

If a student feels unfairly treated or aggrieved by faculty, staff, or another student, the University offers several avenues to resolve the grievance. Students' concerns about unfair treatment are best handled directly with the person responsible for the objectionable action. If the student is uncomfortable making direct contact with the individual(s) involved, they should contact the advisor or the person in charge of the unit where the action occurred (program or department chair, section chair, lab manager, etc.). Many departments and schools/colleges have established specific procedures for handling such situations; check their web pages and published handbooks for information. If such procedures exist at the local level, these should be investigated first. For more information see the Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

1. The student is encouraged to speak first with the person toward whom the grievance is directed to see if a situation can be resolved at this level.
2. Should a satisfactory resolution not be achieved, the student should contact the program's Grievance Advisor or Director of Graduate Study (see contact box) to discuss the grievance.
 - If the student prefers to talk with someone outside of the Environmental Chemistry and Technology program, contact:
 - **Joanna Gurstelle**, College of Engineering Assistant Dean for Graduate Affairs
 - The Assistant Dean for Graduate Affairs (enr-dean-graduateaffairs@wisc.edu) provides overall leadership for graduate education in the College of Engineering, and is a point of contact for graduate students who have concerns about education, mentoring, research, or other difficulties.
 - The first attempt is to help students informally address the grievance prior to any formal complaint. Students are also encouraged to talk with their faculty advisors regarding concerns or difficulties if necessary. University resources for sexual harassment, discrimination, disability accommodations, and other related concerns can be found on the UW Office of Compliance website (<https://compliance.wisc.edu/>).

3. If the issue is not resolved to the student's satisfaction the student can submit the grievance to the Grievance Advisor in writing, within 60 calendar days of the alleged unfair treatment.
4. On receipt of a written complaint, a faculty committee will be convened by the Grievance Advisor to manage the grievance. The program faculty committee will obtain a written response from the person toward whom the complaint is directed. This response will be shared with the person filing the grievance.
5. The faculty committee will determine a decision regarding the grievance. The Grievance Advisor will report on the action taken by the committee in writing to both the student and the party toward whom the complaint was directed within 15 working days from the date the complaint was received.
6. At this point, if either party (the student or the person toward whom the grievance is directed) is unsatisfied with the decision of the faculty committee, the party may file a written appeal. Either party has 10 working days to file a written appeal to the College of Engineering.
7. Documentation of the grievance will be stored for at least 7 years. Significant grievances that set a precedent will be stored indefinitely.

The Graduate School has procedures for students wishing to appeal a grievance decision made at the school/college level. These policies are described in the Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/documents/grievances-and-appeals/>).

MANUFACTURING SYSTEMS ENGINEERING, MS

The Master of Science in Manufacturing Systems Engineering (MSE) is a multidisciplinary degree, drawing courses and faculty and instructors from engineering, business, and Interdisciplinary Professional Programs. As the first program of its kind in the United States, and among the first in the world, MSE has long been recognized as a leading provider of resourceful engineers for global and dynamic manufacturing firms. Hands-on projects, along with classes taught by internationally recognized experts and state-of-the-art technology, provide an ideal foundation for anyone entering today's advanced manufacturing environment.

MSE graduates leave the program skilled in both technical and leadership domains. Students are exposed to practical problems and cutting-edge concepts, resulting in engineers who combine management skills with advanced technical abilities. Courses cover a broad range of manufacturing issues, while reinforcing a systems approach. The coursework is a combination of required and elective courses.

The student body of the MSE program is predominantly composed of students working for their degrees while employed. Students have an engaged learning experience, applying what they learn in their work environment.

Specifically, the program addresses solutions to problems in the design, development, implementation, operation, evaluation, and management of modern manufacturing systems.

ADMISSIONS

- David Ding (Interdisciplinary Professional Programs)

MANUFACTURING SYSTEMS ENGINEERING: MANUFACTURING ENGINEERING, MS

The named option in Manufacturing Systems Engineering (<https://epd.wisc.edu/online-degrees/manufacturing-systems-engineering-master-of-engineering/>) is an online master's degree designed to prepare engineering professionals to lead their manufacturing operations now and in the future. Students will gain cross-functional expertise to drive creative product and process improvement leveraging advanced tools, technologies, and automation systems.

Students in this program will learn how to:

- Analyze, compare, and contrast technical and business systems to optimize operations

- Simulate production processes and evaluate large data sets to identify areas of improvement and develop long-term strategies
- Solve problems and drive innovation to remain competitive
- Understand advanced automation and smart manufacturing technologies that will change the manufacturing processes and positively affect the business

More information about this graduate degree can be found here (<https://engineering.interpro.wisc.edu/programs/masters-degree/manufacturing-systems-engineering/>).

ADMISSIONS

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) of the Graduate School as well as the program(s).** Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	July 1
Spring Deadline	November 1
Summer Deadline	May 1
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment. Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	2

The degree may be earned by engineers who have:

- A BS in science, technology, or a related field with sufficient coursework and professional experience to demonstrate proficiency in engineering practice OR at least 16 credits of math and science coursework from an ABET-approved program.
- A minimum undergraduate grade-point average (GPA) of 3.00 on the equivalent of the last 60 semester hours (approximately two years of work) or a master's degree with a minimum cumulative GPA of 3.00.

Interested applicants with BS degrees in related fields should contact the graduate advisor for more specific admission information at gradadmissions@interpro.wisc.edu. For more details, see the program

website. (<https://interpro.wisc.edu/online-degrees/manufacturing-systems-engineering/>)

FUNDING

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM INFORMATION

Students enrolled in this program are not eligible to receive tuition remission from graduate assistantship appointments at this institution.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

NAMED OPTION REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
No	No	Yes	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW-Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail

Minimum Credit Requirement	30 credits
----------------------------------	------------

Minimum Residence Credit Requirement	16 credits
Minimum Graduate Coursework Requirement	15 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/).
Overall Graduate GPA Requirement	3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	Must retake any courses for which a grade below C is recorded.
Assessments and Examinations	No language requirements.

The department recommends taking coursework in College of Engineering, the School of Business, the Department of Statistics, the Department of Biological Systems Engineering, and the Department of Computer Sciences.

REQUIRED COURSES

Code	Title	Credits
E P D 611	Engineering Economics and Management	3
E P D 612	Technical Project Management	3
E P D 678	Supply Chain Management for Engineers	3
ISY E 412	Fundamentals of Industrial Data Analytics	3
ISY E 615	Production Systems Control	3
ISY E 618	Quality Engineering and Quality Management	3
ISY E/M E 641	Design and Analysis of Manufacturing Systems	3
M E 529	Smart Manufacturing	3
Electives¹		6
Total Credits		30

¹ Students choose elective courses in consultation with their advisor.

Students in this program may not take courses outside the prescribed curriculum without faculty advisor and program director approval. Students in this program cannot enroll concurrently in other undergraduate or graduate degree programs.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree

program faculty. Policies set by the academic degree program can be found below.

NAMED OPTION-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Undergraduate Credits Earned at Other Institutions or UW-Madison

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a University Special Student at UW-Madison

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

PROBATION

Refer to the Graduate School: Probation (<https://policy.wisc.edu/library/UW-1217/>) policy.

ADVISOR / COMMITTEE

All students have an academic advisor (typically the program director or academic director for each program); programs without a fixed curriculum are required to meet with their advisor to outline an approved plan of study by the end of their first academic year.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

Refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (<https://osas.wisc.edu/>) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Grievance Procedures

Students who feel that they have been treated unfairly have the right to a prompt hearing of their grievance. Such complaints may involve course grades, classroom treatment, advising, various forms of harassment, or other issues. Any student or potential student may use these procedures.

Procedures for proper accounting of student grievances:

1. The student should speak first with the person toward whom the grievance is directed. In most cases, grievances can be resolved at this level.
2. If that does not resolve the grievance, the student should contact the program's director.
3. Should a satisfactory resolution not be achieved, the student should contact one of the Interpro's Grievance Advisors to discuss the practice. The Interpro Grievance Advisors are:

Susan Ottman

Graduate Program Director
608-262-3516
sottmann@wisc.edu

Ed Borbely

Associate Dean
608-263-0982
borbely@wisc.edu

If the student prefers to talk with someone outside of Interpro, contact:

David Noyce

Executive Associate Dean
College of Engineering
danoyce@wisc.edu
608-265-1882

The Grievance Advisor is responsible for facilitating any complaints or issues of students. The Grievance Advisor first attempts to help students informally address the grievance prior to any formal complaint. Students are also encouraged to talk with their advisors regarding concerns or difficulties if necessary.

University resources for sexual harassment concerns can be found on the UW Office of Equity and Diversity website and are included in the next section.

4. If the issue is not resolved to the student's satisfaction, the student can submit the grievance to the Grievance Advisor in writing, within 60 calendar days of the alleged unfair treatment.
5. On receipt of a written complaint, a committee will be convened by the Grievance Advisor to manage the grievance. The program committee will obtain a written response from the person toward whom the complaint is directed. This response will be shared with the person filing the grievance.
6. The committee will determine a decision regarding the grievance. The Grievance Advisor will report on the action taken by the committee in writing to both the student and the party toward whom the complaint was directed within 15 working days from the date the complaint was received.
7. At this point, if either party (the student or the person toward whom the grievance is directed) is unsatisfied with the decision of the committee, the party may file a written appeal. Either party has 10 working days to file a written appeal to the College of Engineering.
8. Documentation of the grievance will be stored for at least seven years. Significant grievances that set a precedent will be stored indefinitely. The Graduate School has established policies governing student conduct, academic dishonesty, and sexual and racial harassment. The Graduate School also has procedures for students wishing to appeal a grievance decision made at the College of Engineering level.

The Graduate School has procedures for students wishing to appeal a grievance decision made at the school/college level. These policies are described in the Graduate School's Academic Policies and Procedures: <https://grad.wisc.edu/documents/grievances-and-appeals/>

OTHER

Students are strongly discouraged to pursue positions as Project Assistants, Teaching Assistants or Research Assistants during their time in this program. Students in this program will not receive the tuition remission that is typically part of the compensation package for a graduate assistantship.

PROFESSIONAL DEVELOPMENT

PEOPLE

PEOPLE

Graduate Faculty by Area (<https://english.wisc.edu/programs/faculty/faculty-by-area/>)

Faculty: Professors Castronovo (chair), Auerbach, Barry, Bearden, Begam, Bernard-Donals, Bow, Britland, Dharwadker, Foys, Friedman, Guyer, Hill, Johnson, Keller, Kercheval, Olaniyan, Ortiz-Robles, Purnell, Raimy, Sherrard-Johnson, Wanner, M. Young, R. Young, Zimmerman; Associate Professors Allewaert, Cooper, Fawaz, Olson, Samuels, Trotter, Vareschi, Yu, Zwick; Assistant Professors Amine, Calhoun, Cho, Druschke, Edo, Fecu, Huang

CREATIVE WRITING, DOCTORAL MINOR

The program in creative writing also offers doctoral students at the University of Wisconsin–Madison the chance to incorporate creative

writing as part of their course of studies in the form of a minor in creative writing.

ADMISSIONS

ADMISSIONS

All Graduate School students must utilize the Graduate Student Portal in MyUW to add, change, or discontinue any doctoral minor. To apply to this minor, log in to MyUW, click on Graduate Student Portal, and then click on Add/Change Programs. Select the information for the doctoral minor for which you are applying.

Students are encouraged to consult a member of the Creative Writing Program faculty prior to applying to the minor and choosing a workshop. Students applying for the minor must have completed or be currently enrolled in an advanced-level undergraduate or graduate creative writing workshop (the "prerequisite workshop").

Students must submit a writing sample and personal statement (up to two pages, single-spaced) addressing the minor's relevance to their current or future research and career plans to the MFA director.

Admission is determined by a committee composed of Creative Writing Program faculty. Admission is based on the quality of the writing sample, performance in the prerequisite workshop, and personal statement.

PREREQUISITE WORKSHOP

Admission to individual workshops is not guaranteed for any student, but is based on evaluation of a writing sample that must be submitted to the instructor by November 1 for spring semester workshops and by April 1 for fall semester workshops.

The writing sample must consist of the following:

1. 10 pages of single-spaced poems, with each new poem beginning on a new page, or
2. Up to 30 double-spaced pages of fiction.

Admission to all graduate workshops is at the discretion of the instructor.

Creative writing classes often appear to be closed even when there is room for additional students. This is done when all or some of the students in a workshop are admitted on the basis of writing samples, and is especially true of graduate-level workshops. If you are interested in a class that appears to be closed, please contact the MFA director to determine the actual enrollment status.

REQUIREMENTS

REQUIREMENTS

Students must complete 12 credits, including 9 credits of graduate or advanced undergraduate workshops and 3 credits of an elective that is relevant to the student's work in creative writing.

Students in the Department of English whose major field of study is in the program of Literary Studies, Composition & Rhetoric, or English Language & Linguistics, must select their elective in consultation with the department's director of graduate studies (dgs@english.wisc.edu).

Students from other departments/programs, must select the elective in consultation with their advisor.

PEOPLE

PEOPLE

MFA Faculty & Staff (<https://creativewriting.wisc.edu/mfa-faculty-staff/>)

Faculty: Professors Amy Quan Barry, Amaud Jamaul Johnson, Beth Nguyen, and Porter Shreve

Staff: Faculty Associates Sean Bishop and Ron Kuka, Mendota Lecturers Leila Chatti and Dantiel W. Moniz

CREATIVE WRITING, MFA

The program in creative writing offers a two-year master of fine arts degree in creative writing in the areas of fiction and poetry. The MFA program is a small program within a large and vibrant writing community. The program typically admits six new students each year.

The MFA program is the only program of its kind to have an "alternating genre" admissions policy. The program admits fiction writers in even-numbered years and poets in odd-numbered years. This alternating admissions schedule allows the program to provide a 2-to-1 student/teacher ratio and lets fiction instructors focus entirely on one group of fiction writers, and poetry instructors on one group of poets for the two-year instructional period.

ADMISSIONS

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) of the Graduate School as well as the program(s).** Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 15
Spring Deadline	The program does not admit in the spring.
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.

English Proficiency Test Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment. Refer to the Graduate School: Minimum Requirements for Admission policy: <https://policy.wisc.edu/library/UW-1241> (<https://policy.wisc.edu/library/UW-1241/>).

Other Test(s) (e.g., GMAT, MCAT) n/a

FUNDING

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Prospective students should see the program website (<https://creativewriting.wisc.edu/teachingaid/>) for funding information.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW–Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail

Minimum Credit Requirement 42 credits

Minimum Residence Credit Requirement 30 credits

Minimum Graduate Coursework Requirement 27 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: <https://policy.wisc.edu/library/UW-1244> (<https://policy.wisc.edu/library/UW-1244/>).

Overall Graduate GPA Requirement 3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: <https://policy.wisc.edu/library/UW-1203> (<https://policy.wisc.edu/library/UW-1203/>).

Other Grade Requirements To be considered a student in good standing in the MFA program in creative writing, a student must maintain a cumulative GPA of at least 3.0 and receive no grade lower than an AB in any creative writing course. If a student does not meet this requirement, or if a student receives an F in any course, the student could no longer be considered to be in good standing. Consequently, a student who is not in good standing could have their teaching assistantship or other financial aid support revoked, and could be asked to leave the program.

Assessments and Examinations MFA candidates must submit a publishable written thesis in the genre in which they were admitted (fiction or poetry).

Language Requirements No language requirements.

REQUIRED COURSES

Code	Title	Credits
Writing Workshops		9
Students take workshops in their primary genre (fiction or poetry) which are held in the first, second, and third semesters. Workshops include:		
ENGL 781	Graduate Fiction Workshop (Fiction Genre)	
ENGL 782	Graduate Poetry Workshop (Poetry Genre)	
Pedagogy (typically during the first semester)		3
ENGL 783	Creative Writing Pedagogy Seminar (Both Fiction and Poetry Genres)	
Thesis		15
ENGL 785	MFA Thesis	
Electives		15
Total Credits		42

Thesis

Students take 3 credits in each of the first, second and third semesters, then 6 thesis credits in the fourth semester. These are not courses—rather, they're the means by which the University gives MFAs credit for their independent writing.

Electives

Students take **15 credits of electives** drawn from appropriate courses across the curriculum. While students are expected to focus on and produce book-length theses by the end of their two years here, they are also encouraged to pursue other intellectual interests via these electives. In the past, MFA students have fulfilled their elective requirements by enrolling in literature courses, studying foreign languages, pursuing other artistic interests such as dance, book-making, and classical guitar, augmenting research for historical novels by taking appropriate history classes. MFA students may also hone their writing skills in other genres by taking intermediate and advanced undergraduate workshops and graduate level workshops in genres outside the one for which they were admitted, as electives with the permission of the instructor. Students may also take up to 6 elective credits in the form of additional thesis hours in the second and third semesters.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

With program approval, students are allowed to transfer no more than 12 credits of graduate coursework from other institutions. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

Undergraduate Credits Earned at Other Institutions or UW-Madison

No credits from a UW-Madison or other institution's undergraduate degree are allowed to count toward the degree.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a University Special Student at UW-Madison

With program approval, students are allowed to transfer no more than 10 credits of coursework numbered 300 or above taken as a UW-Madison University Special student. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

PROBATION

The MFA advisor (sometimes referred to as the MFA program director) will review student academic performance and conduct in all coursework to determine that students are making satisfactory progress toward the degree. If at any time the MFA advisor determines that a student's academic performance and/or conduct has not been satisfactory, the MFA advisor, with the input and concurrence of the voting members of the Creative Writing Steering Committee, may place the student on probation or may dismiss the student from the program. The period of probation will be one semester in duration. Prior to the end of the probationary period the MFA advisor will review the student's performance and conduct and decide, with the input and concurrence of the voting members of the Creative Writing Steering Committee, to reinstate or dismiss the student.

ADVISOR / COMMITTEE

The current MFA advisor (sometimes referred to as the MFA program director) advises all MFA students.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

It is expected that the MFA thesis be completed in May of the second year in the program.

Refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeeabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (<https://osas.wisc.edu/>) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)

- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

OTHER

Each student receives financial aid in the form of teaching assistantships, scholarships, tuition remission, and health benefits. Students may also receive prizes or fellowships.

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

LEARNING OUTCOMES

1. Develop the creative and technical skills necessary to conceive, execute, and revise original literary work in a student's chosen genre (fiction or poetry).
2. Demonstrate sensitivity to language and style on both the artistic and technical levels.
3. Develop the critical, analytical, and editing skills necessary to evaluate literary works in progress, both in the student's own work-in-progress, and in that of the student's peers.
4. Develop the ability to read literary works not only for their social, historical, intellectual, formal, and interpretive value, but for their capacity to inspire and generate new work, and to see in a finished work the process of its being made.
5. Develop through study and practice the pedagogical skills necessary to teach creative writing courses to undergraduate students.
6. Demonstrate understanding of professional and pedagogical practices and opportunities within and related to the field of creative writing.
7. Recognize and apply principles of ethical conduct with respect to one's work.
8. Engage with local communities of creative writers.

PEOPLE

PEOPLE

MFA Faculty & Staff (<https://creativewriting.wisc.edu/mfa-faculty-staff/>)

Faculty: Professors Amy Quan Barry, Amaud Jamaul Johnson, Beth Nguyen, and Porter Shreve

ENGLISH LINGUISTICS, DOCTORAL MINOR

ADMISSIONS

ADMISSIONS

All Graduate School students must utilize the Graduate Student Portal in MyUW to add, change, or discontinue any doctoral minor. To apply to this minor, log in to MyUW, click on Graduate Student Portal, and then click on Add/Change Programs. Select the information for the doctoral minor for which you are applying.

The minor in English Linguistics is available to English PhD students focusing on Composition and Rhetoric or Literary Studies, but not English Language and Linguistics. PhD students in other departments may elect an external minor in English Linguistics.

REQUIREMENTS

REQUIREMENTS

The requirement for the English Linguistics minor is a plan of 12 credits in courses to be selected in consultation with an English Language and Linguistics (ELL) faculty member and the ELL Graduate Advisor.

Students pursuing the minor are encouraged to take ENGL 713 Topics in Contemporary English Linguistics (a graduate research and professionalism course). Any course in English Language and Linguistics may be included in the minor course plan with written approval by the ELL Graduate Advisor. To learn more about the courses, to obtain approval for a plan of courses, and seek permission to register in specific courses, contact the Graduate Advisor in English Language and Linguistics.

ENGLISH, DOCTORAL MINOR

ADMISSIONS

ADMISSIONS

All Graduate School students must utilize the Graduate Student Portal in MyUW to add, change, or discontinue any doctoral minor. To apply to this minor, log in to MyUW, click on Graduate Student Portal, and then click on Add/Change Programs. Select the information for the doctoral minor for which you are applying.

REQUIREMENTS

REQUIREMENTS

Doctoral candidates from other programs who wish to pursue a minor in English must secure advance approval of their proposed course of study from the director of graduate studies in English. A minor in English consists of 12 credits of graduate work with no grade lower than B. The department offers a minor in English (with concentrations in literature or composition

and rhetoric), a minor in English Linguistics (p. 736), and a minor in Creative Writing. (p. 732)

Graduate Faculty by Area (<https://english.wisc.edu/programs/faculty/faculty-by-area/>)

Faculty: Professors Castronovo (chair), Auerbach, Barry, Bearden, Begam, Bernard-Donals, Bow, Britland, Dharwadker, Foys, Friedman, Guyer, Hill, Johnson, Keller, Kercheval, Olaniyan, Ortiz-Robles, Purnell, Raimy, Sherrard-Johnson, Wanner, M. Young, R. Young, Zimmerman; Associate Professors Allewaert, Cooper, Fawaz, Olson, Samuels, Trotter, Vareschi, Yu, Zweck; Assistant Professors Amine, Calhoun, Cho, Druschke, Edo, Fecu, Huang

ENGLISH, MA

The Department of English offers a PhD in English (with specializations in Composition and Rhetoric, English Language and Linguistics, or Literary Studies). Additionally, the English Department offers an MFA in Creative Writing (<https://creativewriting.wisc.edu/masters/>).

This master's program is offered for work leading to the English PhD (for students in the Literary Studies pathway and English Language and Linguistics pathway¹)

Literary Studies Pathway (MA + PhD): Students enrolled in the literary studies PhD specialization become eligible for an MA English degree in the literary studies area when they successfully complete the first-stage doctoral requirements. The literary studies specialization does not offer an MA apart from the doctoral program. The literary studies track offers a rigorous course of study leading to the completion of a doctoral dissertation in any field of English, American, or Anglophone literature and culture, or in any field of literary theory and criticism. The program prepares students for active careers in higher education among other potential fields and combines a sharp focus on conceptual approaches to literary and cultural works with a commitment to broad coverage of the field of Anglophone literature. Graduate seminars taken during the first phases of the doctoral program serve to prepare students to develop research projects for the dissertation. As they progress toward the PhD, students are invited to consider interdisciplinary subspecialties: literary theory and criticism, visual studies, ecocriticism and environmentalism, transnational and global literature, material culture, print culture and book history, digital humanities, disability studies, gender studies, race and ethnic studies, feminist theory, LGBTQ literature and queer theory, postcolonial studies. The program provides opportunities for teaching writing and literature and for administrative experience.

English Language and Linguistics Pathway (MA+ PhD)¹: The English language and linguistics area is intended for students with a solid foundation in the English language, applied linguistics, and related fields. Students enrolled in the English language and linguistics PhD specialization become eligible for an MA English degree when they successfully complete the first-stage doctoral requirements. The English language and linguistics specialization does not offer an MA apart from the doctoral program. Through program of course work and seminars, English language and linguistics doctoral students attain advanced knowledge in the core areas of English syntax and phonology and in

the applied areas of second language acquisition, discourse analysis, and language variation and change. On reaching the dissertation stage, students pursue individual research in close cooperation with their faculty advisor. In recent years, students have written dissertations on code-switching, critical pedagogy, interactional competence, and conversation analysis, syntactic problems in second language acquisition, classroom discourse, and psycholinguistics. Graduates of the program have taken faculty positions at universities throughout the country.

¹ The MA pathway, English Language and Linguistics, is effective for students admitted Fall 2025 and after. Students admitted to the terminal MA pathway, Applied English Linguistics, prior to Fall 2025 will adhere to the same curricular requirements with the addition of the final comprehensive exam. The MA pathway in Applied English Linguistics will discontinue with the current cohort and those admitted to the pathway starting Fall 2024.

ADMISSIONS

ADMISSIONS

This master's program is offered for work leading to the PhD (for students in the Literary Studies pathway and English Language and Linguistics pathway).

Students may not apply directly for the master's, and should instead see the admissions information for English PhD (<https://guide.wisc.edu/graduate/english/english-phd/#admissionstext>).

FUNDING

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Prospective students should see the program website (<https://english.wisc.edu/graduate-program/prospective-students/funding/>) for funding information.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW–Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail	
Minimum Requirement	30 credits
Minimum Residence Requirement	24 credits
Minimum Graduate Coursework Requirement	15 credits must be graduate-level coursework. Details can be found the Graduate School's Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/).
Overall Graduate GPA Requirement	3.5 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	Grades of BC or lower cannot be used to meet an English Course Requirement. A student who fails to meet the GPA requirement requirement may be reviewed for Satisfactory progress or placed on Departmental Probation.
Assessments and Examinations	Students admitted to the terminal MA pathway Applied English Linguistics, prior to Fall 2025 will be required to complete a final comprehensive exam.
Language Requirements	Demonstrate proof of adequate competency in one non-English language by the time of MA degree completion. PhD students will complete an additional language requirement(s), see PhD requirements.

REQUIRED COURSES

Students completing the MA pathway should refer to the PhD (p. 741) for more information on requirements.

English Language and Linguistics Pathway (previously Applied English Linguistics)¹

Code	Title	Credits
Required Courses		
ENGL 314	Structure of English	3
ENGL 315	English Phonology	3
ENGL 514	English Syntax	3
ENGL 516	English Grammar in Use	3
Electives²		18
ENGL 316	English Language Variation in the U.S.	
ENGL 318	Second Language Acquisition	
ENGL 413	English Words: Grammar, Culture, Mind	
ENGL 414	Global Spread of English	
ENGL 415	Introduction to TESOL Methods	
ENGL 416	English in Society	
ENGL 417	History of the English Language	
ENGL 420	Topics in English Language and Linguistics	
ENGL/ MEDIEVAL 520	Old English	
ENGL 708	Advanced English Syntax	
ENGL 709	Advanced English Phonology	
ENGL/SOC 710	Interaction Analysis: Talk as Social Organization	
ENGL 711	Research Methods in Applied Linguistics	
ENGL 713	Topics in Contemporary English Linguistics	
ENGL 715	Advanced Second Language Acquisition	
ENGL 905	Seminar- Topics in Applied English Linguistics	
ENGL 906	Seminar-The English Language	
Total Credits		30

Language Requirement: Demonstrate proof of adequate competency in one non-English language by the time of MA degree completion.

¹ These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

² Of the 18 elective credits, at least six credits must be numbered 700-799 and at least three credits in coursework numbered 900-999.

³ The MA pathway, English Language and Linguistics, is effective for students admitted Fall 2025 and after. Students admitted to the terminal MA pathway, Applied English Linguistics, prior to Fall 2025 will adhere to the same curricular requirements with the addition of the final comprehensive exam. The MA pathway in Applied English Linguistics will discontinue with the current cohort and those admitted to the pathway starting Fall 2024.

Literary Studies Pathway¹

All courses for this pathway must be completed in English (ENGL (<http://guide.wisc.edu/courses/eng/>)) graduate level courses as specified below.

Students take a total of ten courses in the Department of English. To ensure breadth of knowledge, the course requirements call for intensive study in different chronological and geographical areas. These requirements must be completed before the beginning of the fifth semester. When the first stage requirements are completed, provided the student meets the program standards for satisfactory progress, he or she will be entitled to move into the second stage of the PhD program.

1. Two graduate-only courses in literatures in the English Department, one pre-1800 and one post-1800 in content.
2. ENGL 800 Critical Methods in Literary Studies taken during the first semester of residence because of its general applicability to all scholarly work in literature.
3. One of two courses: ENGL 700 Introduction to Composition Studies or ENGL/MEDIEVAL 520 Old English
4. An English graduate-level course that focuses on topics of race, ethnicity and/or indigeneity
5. Five additional graduate seminars.
6. Competency in non-English language in at least an adequate proficiency.

Note: Up to a total of 9 credits of this MA and/or PhD coursework may come from UW programs or departments outside of English.

¹ These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

Regarding catalog course listings: Graduate seminars in English reflect the faculty's current areas of research and therefore change importantly from year to year. Please consult the department website for more detailed information.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

With program approval, students may transfer up to 6 credits of graduate coursework from other institutions. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

Undergraduate Credits Earned at Other Institutions or UW-Madison

Relevant graduate level courses taken as an undergraduate student may transfer up to 6 transfer credits towards the MA coursework, with the program director's approval.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a University Special Student at UW-Madison

With program approval, students may transfer up to 6 credits of relevant graduate level coursework, numbered 700 or above or designated with the "Grad 50%" attribute, taken as a UW-Madison University Special student. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

*Note: Students may request to transfer up to 6 credits of prior-coursework in total.

PROBATION

Refer to the Graduate School: Probation (<https://policy.wisc.edu/library/UW-1217/>) policy.

ADVISOR / COMMITTEE

Refer to the Graduate School: Advisor (<https://policy.wisc.edu/library/UW-1232/>) and Graduate School: Committees (Doctoral/Master's/MFA) (<https://policy.wisc.edu/library/UW-1201/>) policies.

CREDITS PER TERM ALLOWED

Students in the English Department's PhD programs are expected to enroll full-time. Students with a fellowship, holding a university appointment percentage or holding dissertator status may have different credit-loads which equate to full-time student status. Please see the Graduate School's policy for full-time enrollment credit requirements.

TIME LIMITS

Refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeeabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)

- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (<https://osas.wisc.edu/>) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

LEARNING OUTCOMES

1. Demonstrates a broad understanding of key traditions, emerging trends, and important problems in the field of study.
2. Capacity to identify evidence pertinent to field of study, to analyze evidence using methodologies and practices appropriate to field of study, and to evaluate and synthesize information.
3. Communicates research findings in a clear manner that indicates the value of research to the field of study.

ENGLISH, PHD

The Department of English offers a PhD in English (with specializations in Composition and Rhetoric, English Language and Linguistics, or Literary Studies).

Literary Studies Pathway (MA + PhD): Students enrolled in the literary studies PhD specialization become eligible for an MA English degree in the literary studies area when they successfully complete the first-stage doctoral requirements. The literary studies specialization does not offer an MA apart from the doctoral program. The literary studies track offers a rigorous course of study leading to the completion of a doctoral dissertation in any field of English, American, or Anglophone literature and culture, or in any field of literary theory and criticism. The program prepares students for active careers in higher education among other potential fields and combines a sharp focus on conceptual approaches to literary and cultural works with a commitment to broad coverage of the field of Anglophone literature. Graduate seminars taken during the first phases of the doctoral program serve to prepare students to develop research projects for the dissertation. As they progress toward the PhD, students are invited to consider interdisciplinary subspecialties: literary theory and criticism, visual studies, ecocriticism and environmentalism, transnational and global literature, material culture, print culture and book history, digital humanities, disability studies, gender studies, race and ethnic studies, feminist theory, LGBTQ literature and queer theory, postcolonial studies. The program provides opportunities for teaching writing and literature and for administrative experience.

Composition and Rhetoric Pathway (PhD): Students enrolled in the composition and rhetoric PhD specialization must have earned a master's degree prior to matriculation in our doctoral program. The composition and rhetoric track offers a vibrant intellectual community of scholar-teachers and supports research in a wide array of subfields, including literacy studies, composition theory & pedagogy, rhetorical studies, and writing centers/writing program administration. Faculty expertise in literacy, composition, and rhetoric includes emphases in migration, race and ethnicity, critical theory, historical and ethnographic methods, space and place, environmental rhetoric, science writing, visual rhetoric, and transnationalism. This multidisciplinary program with a low faculty-to-student ratio offers doctoral students close contact with faculty mentors throughout coursework and dissertation research. It also maintains close collaborations with campus programs in Communication Arts, Language Sciences, and Curriculum and Instruction, among others. The program offers varied opportunities for professional development in teaching, research, and writing program administration, and is recognized for its commitment to training well-rounded professionals in the field of composition and rhetoric.

English Language and Linguistics Pathway (MA+ PhD): The English language and linguistics area is intended for students with a solid foundation in the English language, applied linguistics, and related fields. Students enrolled in the English language and linguistics PhD specialization become eligible for an MA English degree when they successfully complete the first-stage doctoral requirements. The English language and linguistics specialization does not offer an MA apart from the doctoral program. Through program of course work and seminars, English language and linguistics doctoral students attain advanced knowledge in the core areas of English syntax and phonology and in

the applied areas of second language acquisition, discourse analysis, and language variation and change. On reaching the dissertation stage, students pursue individual research in close cooperation with their faculty advisor. In recent years, students have written dissertations on code-switching, critical pedagogy, interactional competence, and conversation analysis, syntactic problems in second language acquisition, classroom discourse, and psycholinguistics. Graduates of the program have taken faculty positions at universities throughout the country.

If you are interested in applying to the Bridge Program in African American Studies to earn an MA and then move into the English PhD with an emphasis in Composition & Rhetoric or Literary Studies please see detailed information, Department of African American Studies (<https://africanamericanstudies.wisc.edu/graduate-degree/>)

ADMISSIONS

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) of the Graduate School as well as the program(s).** Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 8
Spring Deadline	The program does not admit in the spring.
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment. Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

The Department of English offers a PhD in English. Applicants choose one program pathway of study (Composition and Rhetoric, English Language and Linguistics, or Literary Studies). Applicants applying to the Composition and Rhetoric program must already hold an MA degree.

The department also welcomes applications from well prepared applicants who do not have the equivalent of an English major. Such applicants may

be asked to supplement the program of study by completing a small number of coverage courses.

LITERARY STUDIES PATHWAY (MA+PHD)

Applicants must demonstrate competence in one or more fields of literature in English and may have a bachelor's or master's degree from an accredited institution. Applicants who already hold an MA from another institution or program are expected to earn the MA degree in our Literary Studies program as well.

COMPOSITION & RHETORIC PATHWAY (PHD)

Applicants may have bachelor's and master's degree from a variety of fields beyond English but must complete a master's degree or equivalent before beginning our Composition & Rhetoric doctoral program.

ENGLISH LANGUAGE & LINGUISTICS PATHWAY (MA+PHD)

Applicants must demonstrate competence in applied linguistics, linguistics or a related field and must have a bachelor's or master's degree from an accredited institution. In addition, entrance into the program presumes courses in the history of English and English dialects and courses in English syntax and English phonology. Applicants who already hold an MA degree from another institution or program are expected to earn the MA degree in our program as well.

CURRICULAR REQUIREMENTS

Requirement Detail

Minimum Credit Requirement 51 Credits

Minimum Residence Credit Requirement 32 credits

Minimum Graduate Coursework Requirement 26 credits must be graduate-level coursework. Graduate School's Minimum Graduate Coursework (50%) Requirement Policy: <https://policy.wisc.edu/library/UW-1244> (<https://policy.wisc.edu/library/UW-1244/>)

Overall Graduate GPA Requirement 3.5 GPA

Other Grade Requirements Grades of BC or lower cannot be used to meet an English Course Requirement. A student who fails to meet the GPA requirement requirement may be reviewed for Satisfactory progress or placed on Departmental Probation.

Assessments and Examinations

- Preliminary exam
- Dissertation Prospectus Conference
- Final Defense and dissertation submission

Language Requirements Demonstrate proof of competency in one non-English language by the time of PhD degree completion. Proof of competencies may include, coursework equivalent to third and fourth semesters of study; reading knowledge exam; language of a non-native English speaker, an additional tools/methods course (with advisor approval). Other language competency options may apply with the program area director/advisor approval. Students who earn an MA as part of the PhD degree will be required to have proof of two language competencies prior to dissertator status.

Graduate School Breadth Requirements All doctoral students are required to complete a doctoral minor or graduate/professional certificate. Refer to the Graduate School: Breadth Requirement in Doctoral Training policy: <https://policy.wisc.edu/library/UW-1200> (<https://policy.wisc.edu/library/UW-1200/>).

Students are required to consult with their program faculty advisor.

REQUIRED COURSES

Each pathway has specific course requirements. Graduate seminar offerings in English reflect the faculty's current areas of research and therefore change importantly from year to year. Please consult the department website for more detailed information.

Composition and Rhetoric Pathway¹

Coursework is designed to offer you a balanced background in rhetoric, composition, and literacy studies. All courses are chosen in consultation with the program's faculty advisor. Courses from outside the below course lists may apply with faculty advisor approval.

Code	Title	Credits
Composition Rhetoric Requirement 18		
Students must complete 18 credits. Typically, one rhetoric-focused course and one composition/literacy focused course are available each semester.		
ENGL 700	Introduction to Composition Studies	
ENGL 701	Writing and Learning	
ENGL 702	Perspectives on Literacy	
ENGL 703	Research Methods in Composition Studies	
ENGL/COM ARTS 704	Intellectual Sources of Contemporary Composition Theory I-Classical	
ENGL 705	Intellectual Sources of Contemporary Composition Theory II-Modern	
ENGL 706	Special Topics in Composition Theory	
ENGL 722	Composition and Critical Theories	

Code	Title	Credits
Research Methods/Tools Requirement 6		
Students must complete 6 credits. This requirement is fulfilled by taking two courses that focus explicitly on the problems and practice of research. An array of qualitative and quantitative research methods courses offered in other programs and departments also can fulfill this requirement. ENGL 701 and ENGL 703 may satisfy the Research Methods / Tools requirement but may not double-count towards the Comprehension Rhetoric requirement.		
ENGL 701	Writing and Learning	
ENGL 703	Research Methods in Composition Studies	
ENGL 799	Independent Reading	

Code	Title	Credits
Breadth		
Courses are chosen by the student and the minor or graduate/professional certificate advisor in consultation with the student's program advisor. This requirement is completed prior to obtaining dissertator status.		
Independent Study and Electives		
To meet the minimum credit requirement, students complete additional coursework, including independent study and/or language or dissertator research credits.		
ENGL 999	Independent Reading for PhD Prelims (Optional) ²	3-15
Dissertator Research		
Students with dissertator status enroll in 3 credits of the following course every term to complete the degree.		
ENGL 990	Dissertation Research in English	3
Total Credits		51

¹ These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

² ENGL 999 Independent Reading for PhD Prelims may be taken for the first time in the semester in which students are completing the English Course Requirements or have completed the coursework requirements.

English Language and Linguistics Pathway¹

Students must complete the requirements for the English MA (<https://guide.wisc.edu/graduate/english/english-ma/#requirementstext>) for this pathway. All courses are chosen in consultation with the program's faculty advisor. Courses outside of the below course lists may apply with faculty advisor approval.

Code	Title	Credits
MA degree en route to the PhD degree		
Students must complete the requirements for the English MA, English Language and Linguistics pathway. Students complete 10 courses and one language competency. These requirements must be completed, meeting satisfactory academic progress, before the beginning of the fifth semester.		
Required Courses		
Students must complete the following courses.		
ENGL 314	Structure of English	3
ENGL 315	English Phonology	3
ENGL 514	English Syntax	3
ENGL 516	English Grammar in Use	3
Electives		
Students choose from the below course list		
Language Requirement		
Students must demonstrate proof of adequate competency in one non-English language by the time of MA degree completion.		
Total Credits (MA)		30

To earn the PhD, students complete the following courses.

Students work in an area or areas of specialization and begin to create an ongoing research agenda.

Code	Title	Credits
Seminar Requirement		
Students must complete 9 credits of seminars beyond courses completed for the master's and approved by your advisor.		
ENGL 316	English Language Variation in the U.S.	3
ENGL 318	Second Language Acquisition	3
ENGL 319	Language, Race, and Identity	3
ENGL 413	English Words: Grammar, Culture, Mind	3
ENGL 414	Global Spread of English	3
ENGL 415	Introduction to TESOL Methods	3
ENGL 416	English in Society	3
ENGL 417	History of the English Language	3
ENGL 420	Topics in English Language and Linguistics	3
ENGL 514	English Syntax	3
ENGL 516	English Grammar in Use	3
ENGL/MEDIEVAL 520	Old English	3
ENGL 708	Advanced English Syntax	3
ENGL 709	Advanced English Phonology	3
ENGL/SOC 710	Interaction Analysis: Talk as Social Organization	3
ENGL 711	Research Methods in Applied Linguistics	3
ENGL 713	Topics in Contemporary English Linguistics	3
ENGL 715	Advanced Second Language Acquisition	3
ENGL 905	Seminar-Topics in Applied English Linguistics	3
ENGL 906	Seminar-The English Language	3
Breadth		
Courses are chosen by the student and the minor or graduate/professional certificate advisor in consultation with the student's program advisor. This requirement is completed prior to obtaining dissertator status.		
Research		
Students with dissertator status enroll in 3 credits of the following course every term to complete the degree.		
ENGL 990	Dissertation Research in English	1-12
Total Credits		51

¹ These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

Literary Studies Pathway¹

Students must complete the requirements for the English MA (<https://guide.wisc.edu/graduate/english/english-ma/#requirementstext>) for this

pathway. All courses are chosen in consultation with the program's faculty advisor. Courses from outside the below course lists may apply with faculty advisor approval.

To ensure breadth of knowledge, students must complete courses in different chronological and geographical areas. All coursework must be completed in English (ENGL (<http://guide.wisc.edu/courses/eng/>)) courses numbered 700 or above. ENGL/MEDIEVAL 520 Old English may be applied towards this requirement. These requirements must be completed before the start of the fifth semester.

Code	Title	Credits
Literature		6
Students must complete two literature courses in the English Department.		
Pre-1800		
Post-1800		
Literary Studies		
Students must complete the following course.		
ENGL 800	Critical Methods in Literary Studies	3
Composition		
Students must complete one of the following courses.		
ENGL 700	Introduction to Composition Studies	3
or ENGL/ MEDIEVAL 520	Old English	
Race, Ethnicity and/or Indigeneity		
Students must complete at least 3 credits of a graduate-level course that focuses on topics of race, ethnicity and/or indigeneity.		
Seminars		15
Students must complete 15 credits of additional graduate seminars.		
Language Requirement		
Students must demonstrate proof of adequate competency in one non-English language by the time of MA degree completion.		
Total Credits (MA)		30

To earn the PhD, students complete the following courses.

Students work in an area or areas of specialization and begin to create an ongoing research agenda.

Code	Title	Credits
Graduate Courses or Seminars		9
Students must complete 9 credits of graduate courses or seminars after the master's and approved by the program advisor.		
Breadth		9-12
Courses are chosen by the student and the minor or graduate/professional certificate advisor in consultation with the student's program advisor. This requirement is completed prior to obtaining dissertator status.		
Research		
Students with dissertator status enroll in 3 credits of the following course every term to complete the degree.		
ENGL 990	Dissertation Research in English	1-12
Total credits		51

¹ These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

Additional Program Requirements

All students must complete the following requirements:

Preliminary Exam and Dissertator Status

Successful completion of all major and breadth coursework allows students to take the preliminary exam. In preparation for preliminary exams, students may enroll in ENGL 999 Independent Reading for PhD Prelims in the semester in which they complete the English course requirements. Students who pass the exam obtain dissertator status, effective the following term. All students with dissertator status will enroll in exactly three credits of **ENGL 990 Dissertation Research in English** every required term (spring/fall) to degree completion; three credits is considered full time enrollment.

Dissertation Proposal Conference

Within six months after passing the prelim exam, each student must hold a Dissertation Proposal Conference. This consists of a meeting with the English Department faculty member who has agreed to direct their dissertation and two other faculty members who have agreed to serve on the dissertation committee. An approved dissertation proposal should follow as soon as possible, normally no later than a month after the conference.

Final Defense

A doctoral candidate writes a dissertation, with faculty guidance, representing original scholarly work of a high order and defends the dissertation.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions*

With program director approval, students may transfer up to 6 credits of relevant graduate coursework from other institutions. Coursework earned ten years or more prior to admission to a doctoral degree is not allowed to satisfy requirements.

Undergraduate Credits Earned at Other Institutions or UW-Madison *

With program director's approval, up to 6 credits of relevant graduate level courses taken as an undergraduate student may transfer towards the MA requirements.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a University Special Student at UW-Madison*

With program approval, students are allowed to transfer up to 6 credits of relevant graduate level coursework, numbered 700 or above or designated with the "Grad 50%" attribute, taken as a University Special student. Coursework earned ten or more years prior to admission to a doctoral degree is not allowed to satisfy requirements.

*Note that students may request to transfer up to 6 credits of prior-coursework in total.

PROBATION

Refer to the Graduate School: Probation (<https://policy.wisc.edu/library/UW-1217/>) policy.

ADVISOR / COMMITTEE

Refer to the Graduate School: Advisor (<https://policy.wisc.edu/library/UW-1232/>) and Graduate School: Committees (Doctoral/Master's/MFA) (<https://policy.wisc.edu/library/UW-1201/>) policies.

CREDITS PER TERM ALLOWED

Students in the English Department's PhD program are expected to enroll full time.

Students with a fellowship, holding a university appointment % or holding dissertator status may have different credit-loads which equate to full time student status.

Please see the Graduate School's policy (<https://policy.wisc.edu/library/UW-1208/>) for full time enrollment credit requirements.

TIME LIMITS

Refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeeabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)

- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (<https://osas.wisc.edu/>) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

LEARNING OUTCOMES

1. Articulates research problems, potentials, and limits with respect to theory, knowledge, or practice within the field of study.
2. Formulates ideas, concepts, designs, and/or techniques beyond the current boundaries of knowledge within the field of study demonstrating breadth as well as depth.
3. Conducts research according to recognized standards in the field and crafts persuasive and original arguments that make a substantive contribution to the field.
4. Communicates complex ideas in a clear and understandable manner that advances and articulates the value of contributions of the field of study to society
5. Demonstrates knowledge and practice of pedagogy consistent with discipline and with field of study
6. Fosters ethical and professional conduct.

PEOPLE

PEOPLE

Graduate Faculty by Area (<https://english.wisc.edu/programs/faculty/faculty-by-area/>)

Faculty: Professors Castronovo (chair), Auerbach, Barry, Bearden, Begam, Bernard-Donals, Bow, Britland, Dharwadker, Foys, Friedman,

Guyer, Hill, Johnson, Keller, Kercheval, Olaniyan, Ortiz-Robles, Purnell, Raimy, Sherrard-Johnson, Wanner, M. Young, R. Young, Zimmerman; Associate Professors Allewaert, Cooper, Fawaz, Olson, Samuels, Trotter, Vareschi, Yu, Zweck; Assistant Professors Amine, Calhoun, Cho, Druschke, Eodoro, Fecu, Huang

INTERDISCIPLINARY THEATRE STUDIES, DOCTORAL MINOR

The Doctoral Minor in Interdisciplinary Theatre Studies (ITS) offers doctoral students in other UW–Madison departments and programs the opportunity to gain advanced knowledge of theatre and performance history, theory and criticism as a complement to their core field of study. It will be of particular interest to students studying dramatic literature in English or foreign language departments; fine arts and communication arts students engaged in performance research, history, pedagogy or practice; and students in folklore, gender and women's studies or other programs engaged in research about performativity, ritual or the performance of everyday life.

ADMISSIONS

ADMISSIONS

PhD students in other departments or programs may choose to complete a doctoral minor in Interdisciplinary Theatre Studies (ITS). Students interested in this minor must meet with the Program Director, who will advise them of and approve courses appropriate to their specific interests.

All Graduate School students must utilize the Graduate Student Portal in MyUW to add, change, or discontinue any doctoral minor. To apply to this minor, log in to MyUW, click on Graduate Student Portal, and then click on Add/Change Programs. Select the information for the doctoral minor for which you are applying.

REQUIREMENTS

REQUIREMENTS

Students must complete 9 credits numbered 300 or higher with the "Grad 50%" attribute. A maximum of 3 credits (1 course) of independent study are allowed. In courses with different assignments for graduate students than undergraduate students, students seeking the doctoral minor must complete the graduate student assignments in the course. Students must earn a grade point average of at least 3.0 in all minor courses.

Code	Title	Credits
Students choose from the following courses: ¹		
THEATRE/ GEN&WS 415	Introduction to Contemporary Feminist Theatre and Criticism	3
THEATRE/ CURRIC 525	Theatre in Education	3
THEATRE/ CURRIC 562	Drama in Education: Advanced Studies	3
ENGL/ THEATRE 575	British Drama, 1914 to Present	3

ENGL/ THEATRE 576	Survey: Theories of Drama	3
ENGL/ THEATRE 577	Postcolonial Theatre: Drama, Theory and Performance in the Global South	3
ENGL/ THEATRE 578	Modern American Drama and Theatre	3
THEATRE 619	Special Topics in Theatre and Drama	3
ENGL 651	Special Topics in Theatre and Performance Studies Research	3
ENGL/THEATRE 731	Advanced Theatre History 500 BC to 1700	3
ENGL/ THEATRE 732	Advanced Theatre History 1700 to Present	3
ENGL 850	Proseminar in Theatre Research	2
ENGL 851	Advanced Studies In Theatre and Performance Studies Research	3
ENGL 859	Seminar-Interdisciplinary Theatre Studies	3

¹ Interdisciplinary Theatre Studies is made up of a transdisciplinary faculty with tenure homes across the university. When a faculty member in Interdisciplinary Theatre Studies teaches a course relevant to the program, the Director (under advisement of the steering committee) will designate said course as eligible for inclusion in a student's doctoral minor, and advertise the fact to all students in the minor.

PRIOR COURSEWORK

Under unusual circumstances it may be possible for theatre or performance studies courses completed at another institution within the prior five years to satisfy minor requirements. Such transfer credits must be approved by the Program Director based on the syllabus, transcript, and final paper from the course.

INTERDISCIPLINARY THEATRE STUDIES, MA

Interdisciplinary Theatre Studies (ITS) is a cross-campus coalition of faculty who research and teach in drama, theatre, and performance studies. Together, we offer a truly interdisciplinary program of study for the MA, PhD, and doctoral minor. ITS consists of more than two dozen faculty from more than a dozen departments and programs. ITS students ground their studies in theatre history, dramatic literature, and performance theory, and go on to develop innovative research that demonstrates the intellectual capaciousness that is a hallmark of theatre and performance studies as a field.

The Interdisciplinary Theatre Studies program prepares MA students to pursue innovative, interdisciplinary research in theatre studies, and to conduct inquiry through scholarly research, practice as research, and meaningful teaching experiences. The MA can serve as a preparatory degree for the PhD, or as a terminal degree for students seeking greater exposure to theatre, drama, and performance studies beyond the undergraduate degree.

The program's core and affiliate faculty are leaders in theatre and performance studies, whose scholarship, practice, and leadership in the profession are recognized nationally and abroad. The core faculty's strengths include global dramatic literatures, theatre history and historiography, theatre and cultural theory, the theory and practice of theatre for youth, and relational performance. Our affiliate faculty expand the coursework and advising available to students, incorporating related fields of visual cultures, anthropology, art and art history, literary and theatre studies across English and non-English-speaking traditions, music, new media and digital design, gender and women's studies, and other disciplines.

The program attracts students from across the United States as well as internationally. It creates opportunities for students to engage in teaching and practice as part of their research. It also encourages students to participate in national and international professional meetings, working groups, and colloquia; and to share their art and research through practice and publication in their field.

ADMISSIONS

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) of the Graduate School as well as the program(s).** Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	January 5
Spring Deadline	The program does not admit in the spring.
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment. Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

Applicants must include in their application a one to two-page Reasons for Graduate Study statement explaining the candidate's reasons for pursuing graduate study. Statements of intent should include in specific detail the applicant's area of interest, possible research questions and methodological focus, and future goals. Additionally, applicants must submit a 15-20 page writing sample. Writing samples reflecting the applicant's skills in theatre and drama research are preferred. Applications are judged on the basis of the prospective student's previous academic record, references, personal statement, and writing sample.

Applications must be received by the fall application deadline to guarantee consideration for financial aid.

FUNDING

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

MA students receive two years of funding through a combination of fellowships, teaching assistantships, and project assistantships. Most ITS students are funded through teaching assistantships in various courses, including ENGL/Theatre 120: Introduction to Theatre and Dramatic Literature. These appointments provide opportunities for students to develop their own teaching styles and skills.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW-Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

ENGL 795	One-credit Seminar	1
ENGL 850	Proseminar in Theatre Research	2

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

With program approval, students may transfer no more than 14 credits of graduate coursework from other institutions.

Undergraduate Credits Earned at Other Institutions or UW-Madison

With program approval, students may transfer up to 7 graduate level credits from another institution or graduate level, numbered 300 and above, from the undergraduate career completed at UW-Madison.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a University Special Student at UW-Madison

With program approval, students may transfer up to 15 credits numbered 700 or above.

PROBATION

Students are reviewed annually by the research faculty and may be placed on probation if they are not making satisfactory progress on program requirements.

ADVISOR / COMMITTEE

The thesis must be prepared under the supervision of their program advisor.

The thesis committee consists of three faculty members—their advisor, at least one additional faculty member from Interdisciplinary Theatre Studies, and one other member.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

The MA program is designed to be completed in three to four semesters of full-time study. Students may request a variance in this time frame by approval of the program steering committee.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeeabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (<https://osas.wisc.edu/>) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

PROGRAM RESOURCES

ITS student life includes an active program of colloquia and speakers, annual short play festivals, and a yearly conference organized by ITS graduate students.

LEARNING OUTCOMES

LEARNING OUTCOMES

1. Articulates, critiques, or elaborates the theories, research methods, and approaches to inquiry or schools of practice in theatre, drama and performance.
2. Identifies sources and assembles evidence pertaining to questions or challenges in the study of theatre, drama and performance.
3. Demonstrates understanding of theatre, drama and performance in historical, social, and global contexts.
4. Selects and/or utilizes the most appropriate methodologies and practices. Evaluates or synthesizes information pertaining to questions or challenges in the fields of drama, theatre and performance.
5. Communicates clearly in projects that include collaborative theatre practice, writing seminar-level research papers, and a master's thesis.
6. Recognizes and applies principles of ethical and professional conduct.

INTERDISCIPLINARY THEATRE STUDIES, PHD

Interdisciplinary Theatre Studies (ITS) is a cross-campus coalition of faculty who research and teach in drama, theatre, and performance studies. Together, we offer a truly interdisciplinary program of study for the MA, PhD, and doctoral minor. ITS consists of more than two dozen faculty from more than a dozen departments and programs. ITS students ground their studies in theatre history, dramatic literature, and performance theory, and go on to develop innovative research that demonstrates the intellectual capaciousness that is a hallmark of theatre and performance studies as a field.

The Interdisciplinary Theatre Studies Program prepares PhD students to pursue innovative, interdisciplinary research in theatre studies and to conduct inquiry through scholarly research, practice as research, and meaningful teaching experiences. Through rigorous coursework enhanced by the study of, and participation in, various forms of theatre and performance practice, the PhD program prepares graduates for positions as college and university researchers and instructors, as well as public intellectuals and scholar/practitioners. Students with a background in theatre by, with, and for children and youth may apply to specialize in theatre for youth.

The program's core and affiliate faculty are leaders in theatre and performance studies, whose scholarship, practice, and leadership in the profession are recognized nationally and abroad. The core faculty's strengths include global dramatic literatures, theatre history and historiography, theatre and cultural theory, the theory and practice of theatre for youth, and relational performance. Our affiliate faculty expand the coursework and advising available to students, incorporating related fields of visual cultures, anthropology, art and art history, literary and theatre studies across English and non-English-speaking traditions, music, new media and digital design, gender and women's studies, and other disciplines.

The program attracts students from across the United States as well as internationally. It creates opportunities for students to engage in teaching and practice as part of their research. It also encourages students to participate in national and international professional meetings, working groups, and colloquia; and to share their art and research through practice and publication in their field.

ADMISSIONS

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) of the Graduate School as well as the program(s).** Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	January 5
Spring Deadline	The program does not admit in the spring.
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment. Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

Applicants must include in their application with a one to two page Reasons for Graduate Study statement explaining the candidate's reasons for pursuing graduate study. Statements should include in specific detail the applicant's area of interest, possible research questions and methodological focus, and future goals. Additionally, applicants will submit 15-20 page writing sample. Writing samples reflecting the applicant's skills in theatre and drama research are preferred. Applications are reviewed on the basis of the prospective student's previous academic record, references, personal statement, and writing sample.

FUNDING

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

PhD students receive 5 years of funding through a combination of fellowships, teaching assistantships, and project assistantships. Most ITS students are funded through teaching assistantships, including Engl/Theatre 120: Introduction to Theatre and Dramatic Literature. These courses provide opportunities for students to develop their own teaching styles and skills.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW-Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail	
Minimum Credit Requirement	69 credits
Minimum Residence Credit Requirement	32 credits
Minimum Graduate Coursework Requirement	35 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Overall Graduate GPA Requirement	3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).

Other Grade Requirements Candidate may not file more than one grade of Incomplete per semester.

Assessments and Examinations

1. Preliminary A exam: preliminary portfolio
2. Preliminary B exam: dissertation proposal
3. Final defense with dissertation submission

Language Requirements Not required, however students should expect to gain competency in languages if deemed necessary for their particular area of research.

Graduate School Breadth Requirements All doctoral students are required to complete a doctoral minor or graduate/professional certificate. Refer to the Graduate School: Breadth Requirement in Doctoral Training policy: <https://policy.wisc.edu/library/UW-1200> (<https://policy.wisc.edu/library/UW-1200/>).

Students must consult with their advisor, who will help them make the choice most appropriate for their research and career plans.

REQUIRED COURSES

Students must choose courses in consultation with advisor and meet the following requirements (see below for a list of courses):

- Students must complete ENGL 850 Proseminar in Theatre Research in the fall semester of the first year;
- Eight courses in **Dramatic Literature, History, and Theory and Criticism**;
- Three courses in **Theatre/Performance Practicum**;
- Eight courses in an **Area of Specialization**;
- Three courses in **Seminars (numbered 800 or above)** among the Dramatic Literature, History, and Theory and Criticism courses and Area of Specialization courses;
 - ENGL 850 Proseminar in Theatre Research and ENGL 795 One-credit Seminar do not satisfy this requirement.
- **Breadth**;
 - At least 9 credits outside the fields of theatre and performance studies, grouped to complement the area of specialization and the major. These courses are determined in consultation with the student's advisor, see breadth requirements in the chart above. The breadth requirement must be completed prior to the Preliminary A exam which leads to dissertator status.

Theatre Research Requirement

At least two courses must be numbered 500 or above in each of the following areas of theatre research:

- dramatic literature;
- theatre history; and
- theatre and performance theory.

Students must work with their advisors to ensure that both depth and breadth are achieved through the balance of courses and the final papers written for the courses. Upper-level courses taken at another university or independent study courses do not satisfy this requirement.

Dramatic Literature, History, and Theory and Criticism Courses

The following list are course options, additional courses may be approved by the faculty advisor.

Code	Title	Credits
ENGL/ THEATRE 576	Survey: Theories of Drama	3
ENGL 651	Special Topics in Theatre and Performance Studies Research	3
ENGL/THEATRE 731	Advanced Theatre History 500 BC to 1700	3
ENGL/ THEATRE 732	Advanced Theatre History 1700 to Present	3
ENGL 795	One-credit Seminar (highly recommended in the first fall semester)	1
ENGL 799	Independent Reading ¹	1-6
ENGL 850	Proseminar in Theatre Research (taken in the fall semester of the first year)	2
ENGL 851	Advanced Studies In Theatre and Performance Studies Research	3
ENGL 859	Seminar-Interdisciplinary Theatre Studies	2-3

Theatre/Performance Practicum Courses

Additional courses may be approved by the faculty advisor. Practicum courses vary from semester to semester, and may be hosted in any number of departments. In lieu of one of their required practicum courses, students can participate in three approved production activities as dramaturgs, assistant directors, performers, designers or technicians. Students may also choose independent study in relation to production dramaturgy.

Code	Title	Credits
ENGL 799	Independent Reading ¹	1-6
ENGL 851	Advanced Studies In Theatre and Performance Studies Research	3
ART 511	Art Performance	3-4
THEATRE/ART 372	Set Design I	3
THEATRE 619	Special Topics in Theatre and Drama	1-3

Area of Specialization Courses

Students must work closely with their faculty advisor to select eight courses to provide an area of specialization within the major field of study.

Seminar Courses

Among the Dramatic Literature, History, and Theory and Criticism courses and Specialization Courses, students must complete at least **three** seminar courses. ENGL 850 Proseminar in Theatre Research and ENGL 795 One-credit Seminar do not satisfy this requirement.

The following list are course options, additional courses may be approved by the faculty advisor.

Code	Title	Credits
ENGL 859	Seminar-Interdisciplinary Theatre Studies	2-3
ENGL 851	Advanced Studies In Theatre and Performance Studies Research	3
ART HIST/ AFROAMER 802	Visual Cultures: Topics in Visual Cultures	3

SPANISH 802	Seminar-Spanish American Literature	3
-------------	-------------------------------------	---

Footnotes

- ¹ Up to two courses may be taken with individual faculty members during the program. No more than one independent study may be taken with any one faculty member, either within or outside the department. Exceptions must be presented in writing with advisor approval to the Interdisciplinary Theatre Studies core faculty.

Preliminary Exam A

After the final semester of course-work and fulfillment of the language and practicum requirements, students must pass the comprehensive Prelim A Exam to be advanced to Dissertator status.

Dissertator Status

Once a student has obtained dissertator status, they will enroll in exactly 3 credits of ENGL 990 Dissertation Research in English each term up to degree completion

Preliminary B Exam

A one hour oral defense of the dissertation proposal conducted by the candidate's dissertation committee. This exam is typically taken one semester after passing the Prelim A exam, and must be taken before the end of the second semester following the Prelim A.

Dissertation Defense

The culminating project of the PhD degree, the dissertation is an original and substantial contribution to knowledge that establishes the student as a scholar and professional in the field of theatre studies. The PhD degree is awarded after a successful two hour defense of the thesis before the candidate's thesis committee.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

With program approval, students may transfer no more than 18 credits of graduate coursework from other institutions. Credits earned ten or more years prior to admission to a doctoral degree are not allowed to satisfy requirements.

Undergraduate Credits Earned at Other Institutions or UW-Madison

With program approval, students may transfer up to 7 credits numbered 300 or above with the "Grad 50%" attribute from UW-Madison towards the minimum credit requirement. These credits are not allowed to count toward the 50% graduate coursework minimum unless numbered 700 or above from UW-Madison. Credits earned ten or more years prior to

admission to a doctoral degree are not allowed to satisfy requirements. Credits earned at other institutions do not transfer.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Credits earned as a Professional student at UW-Madison do not transfer.

Credits Earned as a University Special Student at UW-Madison

With program approval, students may transfer up to 15 credits numbered 700 or above earned as a University Special student. Credits earned ten or more years prior to admission to a doctoral degree are not allowed to satisfy requirements.

PROBATION

Students are reviewed annually by the program faculty and may be placed on probation if they are not making satisfactory progress on program requirements.

ADVISOR / COMMITTEE

The dissertation must be prepared under supervision of their program advisor.

The dissertation committee consists of four faculty members—the student's advisor, at least two additional faculty members from Interdisciplinary Theatre Studies, and at least one member from another department. At least three committee members must serve as readers, responsible for reading the entire dissertation closely.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

The Prelim B exam (proposal defense) must be completed before the end of the second regular semester following the Prelim A exam.

Per Graduate School policy, doctoral students have five years from the date of passing preliminary examination to take the final oral examination and deposit the dissertation. Students may petition for an additional one-year extension. Refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeeabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)

- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (<https://osas.wisc.edu/>) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

PROGRAM RESOURCES

ITS student life includes an active program of colloquia and speakers, annual short play festivals, and a yearly conference organized by ITS graduate students.

LEARNING OUTCOMES

LEARNING OUTCOMES

1. Demonstrate understanding of the theory, history, and practice of drama and theatre as collaborative cultural forms across historical periods.
2. Master the methods and materials of theatre and performance research and writing in order to produce original scholarly projects that range in complexity from term papers to dissertations.
3. Develop methods for theatre and performance practice and theory in order to test the reciprocal relations between research and practice through reflective participation in the production process.
4. Identify and distinguish among the diverse global locations of theatre and the intercultural contact among theatre traditions, especially as these multiply in the modern and contemporary periods.
5. Prepare for future careers combining theatre and performance scholarship, teaching, and/or practice.

6. Demonstrate professionalization in the discipline of theatre through participation in conferences and submission of work to scholarly journals.

TEACHING ENGLISH TO SPEAKERS OF OTHER LANGUAGES, GRADUATE/PROFESSIONAL CERTIFICATE

English is now the international language of the world, indispensable for those working in business and the professions, science and technology, and virtually all fields of education. The demand for learning English continues to be high in almost every region of the world; in addition, there continues to be a large number of immigrants in the United States who require instruction in English as a second language. The need for qualified teachers of English to speakers of other languages, both for adults and for school-age children, remains urgent. Since 1968, the Department of English, through its Programs in English Linguistics, has offered a certificate in TESOL designed to provide academic and pedagogical preparation for prospective ESL/EFL teachers.

A Certificate in TESOL (Teaching English to Speakers of Other Languages) is offered as a graduate version and undergraduate version (including University Special students who have completed an undergraduate degree) for those who wish to teach English as a foreign or second language, normally in positions abroad.

ADMISSIONS

ADMISSIONS

Graduate students must utilize the **Graduate Student Portal** (<https://my.grad.wisc.edu/>) in **MyUW** to add, change, or discontinue any doctoral minor or graduate/professional certificate. To apply to this certificate, log in to **MyUW**, click on **Graduate Student Portal**, and then click on Add/Change Programs. Select the information for the graduate/professional certificate for which you are applying.

- Student Status. Enrollment in any one of the required certificate courses along with enrollment in a graduate degree program at UW-Madison.
- Foreign Language. Satisfactorily complete at least four college-level terms (or the equivalent, such as four years in high school) of a modern foreign language, including its spoken form. For nonnative English speakers, English is considered the foreign language.
- Demonstrate English proficiency of spoken and written English commensurate with the role of language model. Nonnative English speakers must have a score of at least:
 - 50 on the SPEAK test (<https://esl.wisc.edu/ita-training/speak/>) **or**
 - 26 on the iBt speaking section, with an overall score of 100 on the iBt **or**
 - 600 on the paper version of TOEFL **or**
 - 7 on IELTS (<https://esl.wisc.edu/testinginformation/#ielts>).

REQUIREMENTS

REQUIREMENTS

- 9 credits of required graduate-level courses listed below along with all prerequisites and language requirements.
- A grade point average of 3.0 in all required courses except ENGL 613-ENGL 618, which are graded as Credit/No Credit.
- Teaching practice. This requirement is normally fulfilled by completion of ENGL 515.
- All requirements for the certificate in TESOL must be satisfied within three successive academic years.
- Nonnative English speakers must take the SPEAK test (<https://esl.wisc.edu/ita-training/speak/>) and receive a score of 50 or higher (or take a comparable test as mentioned in "admissions requirements" above).

PREREQUISITE COURSES (CAN BE TAKEN AT ANY TIME)

Code	Title	Credits
<i>Foundational Courses</i>		
ENGL 314	Structure of English	3
ENGL 315	English Phonology	3
ENGL 318	Second Language Acquisition	3
<i>Courses on Social Perspectives on English</i>		
Select one of the following:		3
ENGL 316	English Language Variation in the U.S.	
ENGL 414	Global Spread of English	
ENGL 416	English in Society	
Total Credits		12

REQUIRED TESOL GRADUATE CERTIFICATE COURSES

Code	Title	Credits
Must be taken for graduate credit		
<i>TESOL Foundation Course</i>		
ENGL 415	Introduction to TESOL Methods	3
<i>Courses on Second Language Teaching</i>		
ENGL 515	Techniques and Materials for TESOL	3
Select three of the following:		3
ENGL 613	TESOL: Pedagogical Grammar I	
ENGL 614	TESOL: Pedagogical Grammar II	
ENGL 615	TESOL: Teaching Listening and Speaking	
ENGL 616	TESOL: Teaching of Reading	
ENGL 617	TESOL: Teaching of Writing	
ENGL 618	TESOL: Teaching Pronunciation	
Total Credits		9

LEARNING OUTCOMES

LEARNING OUTCOMES

1. Demonstrate knowledge of the historical trends in English language teaching, its theoretical underpinnings, and the role of English in society and as an international language.
2. Gain mastery of the sound and grammatical systems of English.
3. Understand and apply fundamental principles in the teaching of reading, writing, listening and speaking.
4. Understand and appreciate the importance of the principles of second language acquisition as related to the teaching of English to speakers of other languages.
5. Construct and execute well-crafted lesson plans including a week-long teaching unit

INSTRUCTIONAL STAFF

Brabant, Craig, Curator Wisconsin Insect Research Collection
 Liesch, Patrick (PJ), Assistant Faculty Associate Insect Diagnostic Lab

ENTOMOLOGY, MS

The department is a diverse unit of researchers whose work spans the areas of suborganismal, organismal, and applied entomology. Research programs of the faculty are broadly interdisciplinary employing cutting-edge technology in all areas. Individual faculty web pages provide in-depth descriptions of the diversity of research in entomology.

Suborganismal research in the department focuses on insect physiology and population genetics. Areas of specialization include the molecular action of insect hormones and the insect/microbiome interface. Studies of gene flow utilize various molecular methods. Genomic data are used to understand adaptation, gene flow on landscapes, the genetic basis of phenotypes, and the phylogenetic relationships of insect species.

Organismal: Entomology faculty members are leaders in the areas of basic ecology of insects in a variety of natural and managed systems, such as forests, lakes, and agroecosystems. Studies in taxonomy, chemical ecology, spatial analysis, vector biology, behavioral ecology, and landscape ecology have strong representation in the department. Research examines how they affect crops and forests, influence ecosystem processes such as nutrient and carbon cycling and the "services" they provide in natural and managed ecosystems such as pollination and pest suppression.

Applied/Extension: Faculty in the department extend a long tradition of research on insects as they impact humans. Excellence in agricultural research continues in vegetable crops, field and forage crops, and the turf and ornamental "green industry" where work has continued to advance the application of integrated pest management in agricultural systems. Basic research conducted by faculty in cropping systems also has implications for pest management, conservation, bioenergy, and resource management. This research extends to global health issues focusing on arthropod-borne diseases and insects as a novel food source.

Research in the department explores the interconnections across scales of biological organization, from molecular and cellular interactions to ecosystem-level studies, in both managed and natural systems, and from basic to applied research. Faculty members collaborate with colleagues in other departments in the College of Agricultural and Life Sciences, and beyond the college and university.

Graduate education in the Department of Entomology provides many opportunities for collaborative research. Faculty members participate in joint instructional programs with other departments on campus and with scientists at other universities, in federal and state agencies, and in industry. Because several entomology faculty members are also adjunct professors in zoology, forest and wildlife ecology, molecular and environmental toxicology, and other departments, they may serve as primary advisers to graduate students majoring in those fields. Opportunities exist to conduct research in a variety of distant tropical and temperate regions, to gain experience in classroom instruction and individual mentoring, and to participate in outreach activities such as addressing K-12 classes, naturalist groups, and commodity producers.

ADMISSIONS

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) of the Graduate School as well as the program(s).** Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 1
Spring Deadline	October 1
Summer Deadline	December 1
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment. Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

All Entomology applicants (MS and PhD) must contact faculty members in the department before and during the admissions process. All students are admitted directly into a faculty member's lab. Additionally, we do not accept new graduate students into the program unless financial support for the student is currently in the hands of a faculty member, or is assured by the time a student begins, or a student brings independent funding and has contacted a faculty member who agrees to advise.

Prior to admission, applicants are expected to have completed 15 credits in the natural sciences, covering subjects such as physics, chemistry, biochemistry, genetics, physiology, molecular biology, ecology, and/or evolution. This must include one course in statistics or advanced mathematics. Applicants who do not meet these requirements will be advised to complete the prerequisite coursework in residence.

The Graduate School sets minimum requirements for admissions (<https://grad.wisc.edu/admissions/requirements/>). Academic program admission requirements are often more rigorous than those set by the Graduate School. Please check the program's website (<https://entomology.wisc.edu/graduate-study/application-process/>) for details.

FUNDING

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Additional information regarding funding for Entomology graduate students is available on the departmental website (<https://entomology.wisc.edu/>).

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW-Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail	
Minimum Credit Requirement	30 credits

Minimum Residence Credit Requirement	16 credits
Minimum Graduate Coursework Requirement	15 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/).
Overall Graduate GPA Requirement	3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	n/a
Assessments and Examinations	Students are required to hold a coursework certification meeting, submit certification paperwork, and hold a final defense exam.
Language Requirements	None.

REQUIRED COURSES

Code	Title	Credits
------	-------	---------

Core Courses

ENTOM/ ZOOLOGY 302	Introduction to Entomology	4
-----------------------	----------------------------	---

Must take at least 2 courses from 2 of the categories below.

Organismal

ENTOM 331	Taxonomy of Mature Insects	
ENTOM 432	Taxonomy and Bionomics of Immature Insects	
ENTOM 450	Basic and Applied Insect Ecology ¹	
ENTOM 451	Basic and Applied Insect Ecology Laboratory	
ENTOM/ BOTANY/ ZOOLOGY 473	Plant-Insect Interactions	
ENTOM/ AGRONOMY/ F&W ECOL/ M&ENVTOX 632	Ecotoxicology: The Chemical Players	
ENTOM/ AGRONOMY/ F&W ECOL/ M&ENVTOX 633	Ecotoxicology: Impacts on Individuals	
ENTOM/ AGRONOMY/ F&W ECOL/ M&ENVTOX 634	Ecotoxicology: Impacts on Populations, Communities and Ecosystems	
ENTOM 701	Advanced Taxonomy	

Sub-organismal

ENTOM 321	Physiology of Insects	
ENTOM/ BOTANY/ PL PATH 505	Plant-Microbe Interactions: Molecular and Ecological Aspects	

ENTOM/ GENETICS/ ZOOLOGY 624	Molecular Ecology
------------------------------------	-------------------

Applied

ENTOM/M M & I/ PATH-BIO/ ZOOLOGY 350	Parasitology
--	--------------

ENTOM/ ZOOLOGY 371	Medical Entomology
-----------------------	--------------------

ENTOM 450	Basic and Applied Insect Ecology
-----------	----------------------------------

ENTOM 451	Basic and Applied Insect Ecology Laboratory
-----------	---

Seminars

2

Students should select seminars in consultation with their advisor, which may include seminars from outside departments.

ENTOM 601	Seminar in Methods of Scientific Oral Presentations
-----------	---

ENTOM 801	Colloquium
-----------	------------

ENTOM 901	Seminar in Organismal Entomology
-----------	----------------------------------

or ENTOM 875 Special Topics

Additional Credits

Students must take additional credits, in consultation with their advisor, to reach a total of 30 credits. This may include ENTOM 990.

Total Credits

30

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

With Advisory Committee and Academic Affairs Committee approval, students are allowed to transfer no more than 14 credits of graduate course work from other institutions. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

Undergraduate Credits Earned at Other Institutions or UW-Madison

With Advisory Committee and Academic Affairs Committee approval, the student may transfer up to 7 credits numbered 300 or above completed at UW-Madison toward fulfillment of minimum degree requirements. This work would not be applied toward the Minimum Graduate Coursework (50%) Requirement unless taken in coursework numbered 700 or above. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a University Special Student at UW-Madison

With Advisory Committee and Academic Affairs Committee approval, the student may transfer up to 15 University Special student credits in fulfillment of the graduate degree credit requirements on occasion as an exception (on a case-by-case basis). UW-Madison coursework taken as a University Special student would not be applied toward the Minimum Graduate Coursework (50%) Requirement unless taken in coursework numbered 700 or above or as part of a capstone certificate. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

PROBATION

Refer to the Graduate School: Probation (<https://policy.wisc.edu/library/UW-1217/>) policy.

ADVISOR / COMMITTEE

Refer to the Graduate School: Advisor (<https://policy.wisc.edu/library/UW-1232/>) and Graduate School: Committees (Doctoral/Master's/MFA) (<https://policy.wisc.edu/library/UW-1201/>) policies.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

Refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)

- Employee Disability Resource Office (<https://employeedisabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (<https://osas.wisc.edu/>) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

College of Agricultural and Life Sciences: Grievance Policy

In the College of Agricultural and Life Sciences (CALs), any student who feels unfairly treated by a member of the CALs faculty or staff has the right to complain about the treatment and to receive a prompt hearing. Some complaints may arise from misunderstandings or communication breakdowns and be easily resolved; others may require formal action. Complaints may concern any matter of perceived unfairness.

To ensure a prompt and fair hearing of any complaint, and to protect the rights of both the person complaining and the person at whom the complaint is directed, the following procedures are used in the College of Agricultural and Life Sciences. Any student, undergraduate or graduate, may use these procedures, except employees whose complaints are covered under other campus policies.

1. The student should first talk with the person at whom the complaint is directed. Most issues can be settled at this level. Others may be resolved by established departmental procedures.
2. If the student is unsatisfied, and the complaint involves any unit outside CALs, the student should seek the advice of the dean or director of that unit to determine how to proceed.
 - a. If the complaint involves an academic department in CALs the student should proceed in accordance with item 3 below.
 - b. If the grievance involves a unit in CALs that is not an academic department, the student should proceed in accordance with item 4 below.
3. The student should contact the department's grievance advisor within 120 calendar days of the alleged unfair treatment. The departmental administrator can provide this person's name. The grievance advisor will attempt to resolve the problem informally within 10 working days of receiving the complaint, in discussions with the student and the person at whom the complaint is directed.
 - a. If informal mediation fails, the student can submit the grievance in writing to the grievance advisor within 10 working days of the date the student is informed of the failure of the mediation attempt by the grievance advisor. The grievance advisor will provide a copy to the person at whom the grievance is directed.
 - b. The grievance advisor will refer the complaint to a department committee that will obtain a written response from the person at whom the complaint is directed, providing a copy to the student. Either party may request a hearing before the committee. The grievance advisor will provide both parties a written decision within 20 working days from the date of receipt of the written complaint.
 - c. If the grievance involves the department chairperson, the grievance advisor or a member of the grievance committee, these persons may not participate in the review.
 - d. If not satisfied with departmental action, either party has 10 working days from the date of notification of the departmental

committee action to file a written appeal to the CALS Equity and Diversity Committee. A subcommittee of this committee will make a preliminary judgement as to whether the case merits further investigation and review. If the subcommittee unanimously determines that the case does not merit further investigation and review, its decision is final. If one or more members of the subcommittee determine that the case does merit further investigation and review, the subcommittee will investigate and seek to resolve the dispute through mediation. If this mediation attempt fails, the subcommittee will bring the case to the full committee. The committee may seek additional information from the parties or hold a hearing. The committee will present a written recommendation to the dean who will provide a final decision within 20 working days of receipt of the committee recommendation.

- If the alleged unfair treatment occurs in a CALS unit that is not an academic department, the student should, within 120 calendar days of the alleged incident, take his/her grievance directly to the Associate Dean of Academic Affairs. The dean will attempt to resolve the problem informally within 10 working days of receiving the complaint. If this mediation attempt does not succeed the student may file a written complaint with the dean who will refer it to the CALS Equity and Diversity Committee. The committee will seek a written response from the person at whom the complaint is directed, subsequently following other steps delineated in item 3d above.

OTHER

n/a

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

PROGRAM RESOURCES

Students in the Department of Entomology are strongly encourage to participate in student organization activities (<http://labs.russell.wisc.edu/ento/graduate-study/student-organizations/>).

LEARNING OUTCOMES

LEARNING OUTCOMES

- Develop a broad knowledge base of entomology, inclusive of suborganismal, organismal, and applied entomology.
- Knowledge of laboratory and/or field methodology.
- Recognize relationships between structure and function at appropriate levels- molecular, cellular, organismal or ecological.
- Explain and apply scientific methods including designing and conducting experiments and testing hypotheses.

INSTRUCTIONAL STAFF

Brabant, Craig, Curator Wisconsin Insect Research Collection
 Liesch, Patrick (PJ), Assistant Faculty Associate Insect Diagnostic Lab

ENTOMOLOGY, PHD

The department is a diverse unit of researchers whose work spans the areas of suborganismal, organismal, and applied entomology. Research programs of the faculty are broadly interdisciplinary employing cutting edge technology in all areas. Individual faculty web pages provide in-depth descriptions of the diversity of research in entomology.

Suborganismal research in the department focuses on insect physiology and population genetics. Areas of specialization include the molecular action of insect hormones and the insect/microbiome interface. Studies of gene flow utilize various molecular methods. Genomic data are used to understand adaptation, gene flow on landscapes, the genetic basis of phenotypes, and the phylogenetic relationships of insect species.

Organismal: Entomology faculty members are leaders in the areas of basic ecology of insects in a variety of natural and managed systems, such as forests, lakes, and agroecosystems. Studies in taxonomy, chemical ecology, spatial analysis, vector biology, behavioral ecology, and landscape ecology have strong representation in the department. Research examines how they affect crops and forests, influence ecosystem processes such as nutrient and carbon cycling and the "services" they provide in natural and managed ecosystems such as pollination and pest suppression.

Applied/Extension: Faculty in the department extend a long tradition of research on insects as they impact humans. Excellence in agricultural research continues in vegetable crops, field and forage crops, and the turf and ornamental "green industry" where work has continued to advance the application of integrated pest management in agricultural systems. Basic research conducted by faculty in cropping systems also has implications for pest management, conservation, bioenergy, and resource

management. This research extends to global health issues focusing on arthropod-borne diseases and insects as a novel food source.

Research in the department explores the interconnections across scales of biological organization, from molecular and cellular interactions to ecosystem-level studies, in both managed and natural systems, and from basic to applied research. Faculty members collaborate with colleagues in other departments in the College of Agricultural and Life Sciences, and beyond the college and university.

Graduate education in the Department of Entomology provides many opportunities for collaborative research. Faculty members participate in joint instructional programs with other departments on campus and with scientists at other universities, in federal and state agencies, and in industry. Because several entomology faculty members are also adjunct professors in zoology, forest and wildlife ecology, molecular and environmental toxicology, and other departments, they may serve as primary advisers to graduate students majoring in those fields. Opportunities exist to conduct research in a variety of distant tropical and temperate regions, to gain experience in classroom instruction and individual mentoring, and to participate in outreach activities such as addressing K-12 classes, naturalist groups, and commodity producers.

All Entomology applicants (MS and PhD) must contact faculty members in the department before and during the admissions process. Applicants are admitted directly into a faculty member's lab. Additionally, we do not accept new graduate students into the program unless financial support for the student is currently in the hands of a faculty member, or is assured by the time a student begins, or a student brings independent funding and has contacted a faculty member who agrees to advise.

Prior to admission, applicants are expected to have completed 25 credits in the natural sciences, covering subjects such as physics, chemistry, biochemistry, genetics, physiology, molecular biology, ecology and/or evolution. This must include one course in statistics or advanced mathematics. Students who do not meet these requirements will be advised to complete the prerequisite coursework in residence.

The Graduate School sets minimum requirements for admissions (<https://grad.wisc.edu/admissions/requirements/>). Academic program admission requirements are often more rigorous than those set by the Graduate School. Check the program's website (<https://entomology.wisc.edu/graduate-study/application-process/>) for details.

FUNDING

FUNDING GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Additional information regarding funding for Entomology graduate students is available on the departmental website (<https://entomology.wisc.edu/>).

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW-Madison campus only in evenings and/or on weekends to accommodate typical business

ADMISSIONS

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) of the Graduate School as well as the program(s).** Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 1
Spring Deadline	October 1
Summer Deadline	December 1
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment. Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail

Minimum Credit Requirement	51 credits
Minimum Residence Credit Requirement	32 credits
Minimum Graduate Coursework Requirement	26 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/).
Overall Graduate GPA Requirement	3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	n/a
Assessments and Examinations	Doctoral students are required to take a comprehensive preliminary/oral examination after they have cleared their record of all Incomplete and Progress grades (other than research and thesis). Deposit of the doctoral dissertation in the Graduate School is required.
Language Requirements	None.
Graduate Breadth Requirement	All doctoral students are required to complete a doctoral minor or graduate/professional certificate. Refer to the Graduate School: Breadth Requirement in Doctoral Training policy: https://policy.wisc.edu/library/UW-1200 (https://policy.wisc.edu/library/UW-1200/).

REQUIRED COURSES

Code	Title	Credits
Core Courses		
ENTOM/ ZOOLOGY 302	Introduction to Entomology	4
<i>Must take at least 3 credits from each of the 3 categories below, plus one additional course for a total of 4 courses.</i>		10
<i>Organismal</i>		
ENTOM 331	Taxonomy of Mature Insects	
ENTOM 432	Taxonomy and Bionomics of Immature Insects

Seminars 2

Students should select seminars in consultation with their advisor, which may include seminars from outside departments..

ENTOM 601

Seminar in Methods of Scientific Oral Presentations

ENTOM 801

Colloquium

ENTOM 875

Special Topics

ENTOM 901

Seminar in Organismal Entomology¹

Additional Credits 35

Students must take additional credits, in consultation with their advisor, to reach a total of 51 credits. This may include ENTOM 990.

Total Credits 51

¹ Students must take 2 instances of ENTOM 901.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding

general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy. The use of prior coursework requires Advisory Committee and Academic Affairs Committee approval.

Undergraduate Credits Earned at Other Institutions or UW-Madison

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy. The use of prior coursework requires Advisory Committee and Academic Affairs Committee approval.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy. The use of prior coursework requires Advisory Committee and Academic Affairs Committee approval.

Credits Earned as a University Special student at UW-Madison

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy. The use of prior coursework requires Advisory Committee and Academic Affairs Committee approval.

PROBATION

Refer to the Graduate School: Probation (<https://policy.wisc.edu/library/UW-1217/>) policy.

ADVISOR / COMMITTEE

Refer to the Graduate School: Advisor (<https://policy.wisc.edu/library/UW-1232/>) and Graduate School: Committees (Doctoral/Master's/MFA) (<https://policy.wisc.edu/library/UW-1201/>) policies.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

Refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)

- Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (<https://osas.wisc.edu/>) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

College of Agricultural and Life Sciences: Grievance Policy

In the College of Agricultural and Life Sciences (CALs), any student who feels unfairly treated by a member of the CALs faculty or staff has the right to complain about the treatment and to receive a prompt hearing. Some complaints may arise from misunderstandings or communication breakdowns and be easily resolved; others may require formal action. Complaints may concern any matter of perceived unfairness.

To ensure a prompt and fair hearing of any complaint, and to protect the rights of both the person complaining and the person at whom the complaint is directed, the following procedures are used in the College of Agricultural and Life Sciences. Any student, undergraduate or graduate, may use these procedures, except employees whose complaints are covered under other campus policies.

1. The student should first talk with the person at whom the complaint is directed. Most issues can be settled at this level. Others may be resolved by established departmental procedures.
2. If the student is unsatisfied, and the complaint involves any unit outside CALs, the student should seek the advice of the dean or director of that unit to determine how to proceed.
 - a. If the complaint involves an academic department in CALs the student should proceed in accordance with item 3 below.
 - b. If the grievance involves a unit in CALs that is not an academic department, the student should proceed in accordance with item 4 below.
3. The student should contact the department's grievance advisor within 120 calendar days of the alleged unfair treatment. The departmental administrator can provide this person's name. The grievance advisor will attempt to resolve the problem informally within 10 working days of receiving the complaint, in discussions with the student and the person at whom the complaint is directed.

- a. If informal mediation fails, the student can submit the grievance in writing to the grievance advisor within 10 working days of the date the student is informed of the failure of the mediation attempt by the grievance advisor. The grievance advisor will provide a copy to the person at whom the grievance is directed.
 - b. The grievance advisor will refer the complaint to a department committee that will obtain a written response from the person at whom the complaint is directed, providing a copy to the student. Either party may request a hearing before the committee. The grievance advisor will provide both parties a written decision within 20 working days from the date of receipt of the written complaint.
 - c. If the grievance involves the department chairperson, the grievance advisor or a member of the grievance committee, these persons may not participate in the review.
 - d. If not satisfied with departmental action, either party has 10 working days from the date of notification of the departmental committee action to file a written appeal to the CALS Equity and Diversity Committee. A subcommittee of this committee will make a preliminary judgement as to whether the case merits further investigation and review. If the subcommittee unanimously determines that the case does not merit further investigation and review, its decision is final. If one or more members of the subcommittee determine that the case does merit further investigation and review, the subcommittee will investigate and seek to resolve the dispute through mediation. If this mediation attempt fails, the subcommittee will bring the case to the full committee. The committee may seek additional information from the parties or hold a hearing. The committee will present a written recommendation to the dean who will provide a final decision within 20 working days of receipt of the committee recommendation.
4. If the alleged unfair treatment occurs in a CALS unit that is not an academic department, the student should, within 120 calendar days of the alleged incident, take his/her grievance directly to the Associate Dean of Academic Affairs. The dean will attempt to resolve the problem informally within 10 working days of receiving the complaint. If this mediation attempt does not succeed the student may file a written complaint with the dean who will refer it to the CALS Equity and Diversity Committee. The committee will seek a written response from the person at whom the complaint is directed, subsequently following other steps delineated in item 3d above.

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

PROGRAM RESOURCES

Students in the Department of Entomology are strongly encourage to participate in student organization activities (<http://labs.russell.wisc.edu/ento/graduate-study/student-organizations/>).

LEARNING OUTCOMES

LEARNING OUTCOMES

1. Develop a broad knowledge base of entomology, inclusive of suborganismal, organismal, and applied entomology.
2. Develop state-of-the-art research skills and command of the scientific literature.
3. Integrate research discoveries with prior knowledge to demonstrate expertise in entomological science.
4. Advance our current knowledge of entomology and related fields.
5. Demonstrate critical thinking skills in defining problems, assembling facts, and applying logic to scientific arguments.
6. Demonstrate excellent written and oral communication skills.

BUSINESS: FINANCE, INVESTMENT, AND BANKING, MBA

Founded in 1900, the School of Business established one of the first five business programs in the nation. That entrepreneurial spirit remains strong.

As a student in the School of Business, you will find yourself inspired by peers, staff, alumni, business leaders, and world-renowned faculty who are focused, collaborative, and engaged in every aspect of the student experience. You will join a highly ranked program that equips you to meet both academic and career challenges. Employers value School of Business graduates because of the comprehensive preparation this learning environment provides. Graduates possess highly sought-after general management and specialized expertise in business.

Joining collaborative, inspiring, trustworthy, and progressive School of Business alumni, Business Badgers graduate prepared to lead their organizations to success and transform the world of business. Together Forward!

NAMED OPTION IN APPLIED SECURITY ANALYSIS

The Wisconsin MBA in Business: Finance, Investment and Banking named option Applied Security Analysis Program (ASAP) at the School of Business was founded in 1970 by Professor Stephen L. Hawk. Over 700 students have graduated from the program. Each graduate enters the investment community with the unique educational experience of learning the investment business through hands-on management of real portfolios. Beginning with \$100,000 in 1970, students now manage over \$25 million in equities and fixed-income assets. The program is proud to be a pioneer among student-managed investment programs and a CFA® Program Partner. See the program website (<https://business.wisc.edu/graduate/mba/full-time/specializations/applied-security-analysis/>) for more information.

NAMED OPTION IN CORPORATE FINANCE AND INVESTMENT BANKING

The Wisconsin MBA in Business: Finance, Investment and Banking named option in Corporate Finance and Investment Banking offers students a unique opportunity to gain practical experience working on meaningful corporate finance consulting engagements. Students work in teams on assigned finance projects for consulting firms, investment banks, public corporations, and private companies. The financial consulting engagements typically involve an analysis of a problem for the engagement sponsors in areas such as working capital management, evaluation of funding sources, valuation, cost of capital,

capital expenditure decisions, acquisition analysis, and joint venture and strategic alliances. Additionally, students experience the “real world” of corporate finance through experiential learning opportunities in the Condon Speaker Series, mentoring and career treks. See the program website (<https://business.wisc.edu/graduate/mba/full-time/specializations/finance-investment-banking/>) for more information.

ADMISSIONS

ADMISSIONS

Students apply to the Master of Business Administration in Business: Finance, Investment, and Banking through one of the named options:

- Business: Finance, Investment, and Banking: Applied Security Analysis, MBA (p. 766)
- (p. 766)Business: Finance, Investment, and Banking: Corporate Finance and Investment Banking, MBA (p. 770)

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS CURRICULAR REQUIREMENTS

Requirement Detail	
Minimum Requirement	53 credits
Minimum Requirement	47 credits
Minimum Graduate Coursework Requirement	27 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/).

Overall	3.00 GPA required.
Graduate GPA Requirement	Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	Students may be required to retake a course in which they receive a grade lower than a C.
Assessments and Examinations	No required assessments or examinations beyond course requirements.
Language Requirements	No language requirements.

REQUIRED COURSES

Select a Named Option (p. 766) for courses required.

NAMED OPTIONS

A named option is a formally documented sub-major within an academic major program. Named options appear on the transcript with degree conferral. Students pursuing the MBA in Business: Finance, Investment, and Banking must select one of the following named options:

View as listView as grid

- **BUSINESS: FINANCE, INVESTMENT, AND BANKING: APPLIED SECURITY ANALYSIS, MBA (P. 766)**
- **BUSINESS: FINANCE, INVESTMENT, AND BANKING: CORPORATE FINANCE AND INVESTMENT BANKING, MBA (P. 770)**

POLICIES

POLICIES

Students should refer to one of the named options for policy information:

- Business: Finance, Investment, and Banking: Applied Security Analysis, MBA (p. 766)
- (p. 766)Business: Finance, Investment, and Banking: Corporate Finance and Investment Banking, MBA (p. 770)

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

LEARNING OUTCOMES

1. Develop the ability to assess the value of publicly traded equity and fixed income securities. (Applied Securities Analysis Program)
2. Articulate the common causes of mispriced securities, develop techniques to find these securities, and acquire insight as to how

to evaluate the success of their process and decisions. (Applied Securities Analysis Program)

3. Develop the ability to build portfolios that are designed to produce consistent positive returns and/or outperform benchmarks without taking on significant absolute or incremental risk. (Applied Securities Analysis Program)
4. Design financial strategies for non-financial firms, including raising capital, the choice and mix of securities, refinancing, as well as various forms of returning capital to different investors. (Corporate Finance and Investment Banking)
5. Assess the value of publicly traded and privately held equity and fixed income securities. (Corporate Finance and Investment Banking)
6. Analyze business decisions utilizing multinational finance techniques. (Corporate Finance and Investment Banking)
7. Develop the ability to communicate and collaborate effectively within an organization. (Applied Securities Analysis Program)
8. Understand the importance of ethical behavior within the investment industry and have an understanding of how to work through ethical dilemmas as they arise. (Applied Securities Analysis Program)
9. Able to perform the role and functions of investment bankers, such as underwriting of securities, advising on mergers and acquisitions, divestitures, corporate restructuring. (Corporate Finance and Investment Banking)
10. Able to execute private equity and venture financing of high potential companies. (Corporate Finance and Investment Banking)
11. Apply their knowledge and skills by providing financial consulting services to national companies. (Corporate Finance and Investment Banking)

ACCREDITATION

ACCREDITATION

AACSB International—The Association to Advance Collegiate Schools of Business (<http://www.aacsb.edu/>)

Accreditation status: Accredited. Next accreditation review: 2026-2027.

BUSINESS: FINANCE, INVESTMENT, AND BANKING: APPLIED SECURITY ANALYSIS, MBA

This is a named option in the Business: Finance, Investment, and Banking MBA (p. 765).

ADMISSIONS

ADMISSIONS

Requirements	Detail
Fall Deadline	See program webpage: https://business.wisc.edu/graduate/mba/full-time/admissions (https://business.wisc.edu/graduate/mba/full-time/admissions/)
Spring Deadline	This program does not admit in the spring.
Summer Deadline	This program does not admit in the summer.
GRE (Graduate Record Examinations)	May be required in certain cases; consult program
English Proficiency Test	All applicants whose native language is not English must submit scores from the Test of English as a Foreign Language (TOEFL), the Pearson Test of English (PTE), or the Intensive English as a Second Language (IELTS). A minimum iBT TOEFL score of 100 or equivalent, computer-based PTE score of 73 or equivalent, or IELTS score of 7.5 or equivalent, obtained within two years of the intended start term, is required. International applicants who have completed a degree at an institution whose primary language of instruction was English may request a waiver of this requirement on the application.
Other Test(s) (e.g., GMAT, MCAT)	GMAT may be required in certain cases; consult program.
Letters of Recommendation Required	1*

* Submission of a second letter of recommendation is optional.

There are two pathways to an Business: Finance, Investment, and Banking: Applied Security Analysis Program degree.

1. If you have multiple years of work experience, you must apply to the School of Business MBA program and simultaneously to Business: Finance, Investment, and Banking: Applied Security Analysis Program; otherwise
2. You must apply to the Business: Finance, Investment, and Banking: Applied Security Analysis (p. 775) program directly and you will earn a Master of of Science in Finance, Investment, and Banking (MS) degree.

This page describes the admission process for the MBA degree.

Admission consideration for the MBA program requires a four-year undergraduate degree or the equivalent, in any discipline, from an accredited institution. The School of Business prefers a minimum of two years of professional work experience along with a strong undergraduate performance. In addition to academic credentials, a GMAT or GRE score, and work experience, personal achievements, motivation, communication skills (written and oral), and recommendation letters are all considered in the admission process at the master's and doctoral levels.

Note: The Graduate Management Admission Test (GMAT) or Graduate Record Examination (GRE) must have been taken within five years prior to receiving an offer of admission.

HOW TO APPLY

Students interested in Business degrees do not apply through the Graduate School application system and should instead refer to the School of Business Admissions page. (<https://business.wisc.edu/graduate/mba/full-time/admissions/>)

Approved Electives

- The electives must contain at least one International course. FINANCE/INTL BUS 745 satisfies this requirement.
- Two of the electives can be satisfied by any School of Business course without explicit approval (and one of these can be an international course that satisfies the international requirement).
- The remaining three electives must be selected from the following set:

Code	Title	Credits
FINANCE 330	Derivative Securities	3
FINANCE 410	Bank Management	3
FINANCE 610	Bank Simulation and Strategy	3
FINANCE 650	Mergers and Acquisitions	2-3
FINANCE 725	Corporation Finance Theory and Practice	2-3
FINANCE/INTL BUS 745	Multinational Business Finance ¹	2-3
FINANCE 755	Corporate Restructuring & Reorganization	3
FINANCE 757	Entrepreneurial Finance ²	2-3
ACCT I S 603	Financial Statement Analysis	3
Any other ACCT I S course numbered 600 or higher.		
Any other FINANCE course numbered 600 or higher.		

¹ FINANCE/INTL BUS 445 can be taken instead but the graduate version is recommended.

² FINANCE 457 can be taken instead but the graduate version is recommended.

Any changes to the elective requirements must be approved in advance by the Applied Security Analysis Program Academic Director.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

NAMED OPTION-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

With program and department approval, students may transfer up to 6 credits of graduate coursework completed two years prior to admission at an AACSB accredited institution, in which a grade of B or better was earned.

Undergraduate Credits Earned at Other Institutions or UW-Madison

No credits from a UW-Madison or other institution undergraduate degree are allowed to transfer toward the degree.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a University Special Student at UW-Madison

No credits earned as a University Special Student at UW-Madison are allowed to transfer toward the degree.

PROBATION

Refer to the Graduate School: Probation (<https://policy.wisc.edu/library/UW-1217/>) policy.

ADVISOR / COMMITTEE

Every graduate student is required to have an advisor. An advisor is a faculty member, or sometimes a committee, responsible for providing advice regarding graduate studies.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

Refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (<https://osas.wisc.edu/>) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)

- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Any student who feels that they have been mistreated by a faculty or staff member has the right to lodge a complaint. Complaints may concern course grades, classroom treatment, program admission, or other issues. To ensure a prompt and fair hearing of any complaint and to protect both the student's rights and the person at whom the complaint is addressed, the grievance procedures below are used in the School of Business.

The person against whom the complaint is directed must be an employee of the School of Business. Any student or potential student may use these procedures unless other campus rules or contracts cover the complaint:

1. If the student feels comfortable/safe doing so, the student should first talk with the person against whom the grievance is directed. Most issues can be settled at this level. If the complaint is directed against a teaching assistant (TA) and the student is not satisfied after discussion of the grievance with the TA, the next step would be to talk to the TA's supervisor, who is usually the course professor. If the complaint is still not resolved satisfactorily, the student may continue to step 2.
2. If the complaint involves an academic department, the student should contact the chair of the department. The chair will attempt to resolve the problem informally. If this cannot be done to the student's satisfaction, the student may submit the grievance to the chair in writing. This must be done within 60 calendar days of the alleged unfair treatment.
 - a. If the complaint does not involve an academic department, the procedure outlined in Step 4 below should be followed.
3. On receipt of a written complaint, the chair will refer the matter to a departmental committee, which will obtain a written response from the person at whom the complaint is directed. This response shall be shared with the person filing the grievance. The chair will provide a written decision within 30 days to the student on the action taken by the committee.
4. If either party is not satisfied with the decision, they have five working days from receipt of the decision to contact the dean's office (at the number below), indicating the intention to appeal. If the complaint does not involve an academic department in the school, the student must contact the dean's office within 60 calendar days of the alleged unfair treatment.
5. In either case, there will be an attempt to resolve the issue informally by the appropriate associate dean. If this cannot be done, the complaint can be filed in writing with the Office of the Dean. This must be done within 10 working days of the time the appealing party was notified that informal resolution was unsuccessful.
6. On receipt of such a written complaint, the Chief Diversity and Inclusion Officer will convene a subcommittee of relevant stakeholders pending the nature of the issue. This subcommittee may ask for additional information from the parties involved and may hold a hearing at which both parties will be asked to speak separately. The subcommittee will then make a written recommendation to the dean of the School of Business who will render a decision. Unless a longer time is negotiated, this written decision shall be made within 20 working days from when the grievance was filed with the Office of the Dean.

Questions about these procedures can be directed to the School of Business, Office of the Dean, 4339 Grainger, 975 University Avenue, 608-262-7867.

State law contains additional provisions regarding discrimination and harassment. Wisconsin Statutes 36.12 reads, in part: "No student may be denied admission to, participation in or the benefits of, or be discriminated against in any service, program, course or facility of the system or its institutions or center because of the student's race, color, creed, religion, sex, national origin, disability, ancestry, age, sexual orientation, pregnancy, marital status or parental status." In addition, the UW System prohibits discrimination based on gender identity or gender expression. Students have the right to file discrimination and harassment complaints with the Office of Compliance, 361 Bascom Hall, 608-265-6018, uwcomplianceoffice@wisc.edu.

The Graduate School has procedures for students wishing to appeal a grievance decision at the school/college level. These policies are described in the Graduate School's Academic Policies and Procedures: <https://grad.wisc.edu/documents/grievances-and-appeals/>

OTHER

Students are expected to be enrolled full-time for all semesters. Exceptions may be granted in the final semester.

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

PEOPLE

PEOPLE

BUSINESS: FINANCE, INVESTMENT, AND BANKING: CORPORATE FINANCE AND INVESTMENT BANKING, MBA

This is a named option in the Business: Finance, Investment, and Banking MBA (p. 765).

ADMISSIONS

ADMISSIONS

Requirements	Detail
Fall Deadline	See program webpage: https://business.wisc.edu/graduate/mba/full-time/admissions (https://business.wisc.edu/graduate/mba/full-time/admissions/)
Spring Deadline	This program does not admit in the spring.
Summer Deadline	This program does not admit in the summer.
GRE (Graduate Record Examinations)	May be required in certain cases; consult program.
English Proficiency Test	All applicants whose native language is not English must submit scores from the Test of English as a Foreign Language (TOEFL), the Pearson Test of English (PTE), or the Intensive English as a Second Language (IELTS). A minimum iBT TOEFL score of 100 or equivalent, computer-based PTE score of 73 or equivalent, or IELTS score of 7.5 or equivalent, obtained within two years of the intended start term, is required. International applicants who have completed a degree at an institution whose primary language of instruction was English may request a waiver of this requirement on the application.
Other Test(s) (e.g., GMAT, MCAT)	GMAT may be required in certain cases; consult program.
Letters of Recommendation Required	1*

* Submission of a second letter of recommendation is optional.

Admission consideration for the MBA program requires a four-year undergraduate degree or the equivalent, in any discipline, from an accredited institution. The School of Business prefers a minimum of two years of professional work experience along with a strong undergraduate performance. In addition to academic credentials, a GMAT or GRE score, and work experience, personal achievements, motivation, communication skills (written and oral), and recommendation letters are all considered in the admission process at the master's and doctoral levels.

Note: The Graduate Management Admission Test (GMAT) or Graduate Record Examination (GRE) must have been taken within five years prior to receiving an offer of admission.

HOW TO APPLY

Students interested in Business degrees do not apply through the Graduate School application system and should instead refer to the School of Business Admissions page. (<https://business.wisc.edu/graduate/mba/full-time/admissions/>)

FUNDING

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Learn about costs and financial assistance on the program website (<https://business.wisc.edu/graduate/mba/full-time/tuition/>).

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

NAMED OPTION REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW-Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail

Minimum Credit Requirement 53 credits

Minimum Residence Credit Requirement 47 credits

Minimum Graduate Coursework Requirement 27 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: <https://policy.wisc.edu/library/UW-1244> (<https://policy.wisc.edu/library/UW-1244/>).

Overall Graduate GPA Requirement 3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: <https://policy.wisc.edu/library/UW-1203> (<https://policy.wisc.edu/library/UW-1203/>).

Other Grade Requirements Students may be required to retake a course in which they receive a grade lower than a C.

Assessments and Examinations No required assessments or examinations beyond course requirements.

Language Requirements No language requirements.

REQUIRED COURSES

Code	Title	Credits
Required Core Courses		
GEN BUS 704	Data to Decisions	2
GEN BUS 710	Ethics, Integrity and Society	1
GEN BUS 725	Consulting Practicum	1
ACCT I S 700	Financial Accounting	2
FINANCE 700	Introduction to Financial Management	2

MARKETNG/ OTM 727	Information Technology in Supply Chains	3
MARKETNG 815	Marketing Analytics	3
OTM 714	Supply Chain Analytics	2-3
OTM 752	Project Management	1-3
R M I 655	Risk Financing Techniques	3
R M I 660	Risk Analytics and Behavioral Science	3

One second-year elective must be a Finance course with a number above 300 (excluding FINANCE 325, FINANCE/INTL BUS 445, and FINANCE 650). The remaining electives can be a Finance (<http://guide.wisc.edu/courses/finance/>) course with a number above 300 (excluding FINANCE 325, FINANCE/INTL BUS 445, and FINANCE 650) or any course numbered 600 and above business school classes. Other courses may be used as an elective with the approval of the Nicholas Center Academic Advisor.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies

beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

NAMED OPTION-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

With program and department approval, students may transfer up to 6 credits of graduate coursework completed two years prior to admission at an AACSB accredited institution, in which a grade of B or better was earned.

Undergraduate Credits Earned at Other Institutions or UW-Madison

No credits from a UW-Madison or other institution undergraduate degree are allowed to transfer toward the degree.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a University Special Student at UW-Madison

No credits earned as a University Special Student at UW-Madison are allowed to transfer toward the degree.

PROBATION

Refer to the Graduate School: Probation (<https://policy.wisc.edu/library/UW-1217/>) policy.

ADVISOR / COMMITTEE

Every graduate student is required to have an advisor. An advisor is a faculty member, or sometimes a committee, responsible for providing advice regarding graduate studies.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

Refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)

- Employee Disability Resource Office (<https://employeeabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (<https://osas.wisc.edu/>) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

5. In either case, there will be an attempt to resolve the issue informally by the appropriate associate dean. If this cannot be done, the complaint can be filed in writing with the Office of the Dean. This must be done within 10 working days of the time the appealing party was notified that informal resolution was unsuccessful.
6. On receipt of such a written complaint, the Chief Diversity and Inclusion Officer will convene a subcommittee of relevant stakeholders pending the nature of the issue. This subcommittee may ask for additional information from the parties involved and may hold a hearing at which both parties will be asked to speak separately. The subcommittee will then make a written recommendation to the dean of the School of Business who will render a decision. Unless a longer time is negotiated, this written decision shall be made within 20 working days from when the grievance was filed with the Office of the Dean.

Questions about these procedures can be directed to the School of Business, Office of the Dean, 4339 Grainger, 975 University Avenue, 608-262-7867.

State law contains additional provisions regarding discrimination and harassment. Wisconsin Statutes 36.12 reads, in part: "No student may be denied admission to, participation in or the benefits of, or be discriminated against in any service, program, course or facility of the system or its institutions or center because of the student's race, color, creed, religion, sex, national origin, disability, ancestry, age, sexual orientation, pregnancy, marital status or parental status." In addition, the UW System prohibits discrimination based on gender identity or gender expression. Students have the right to file discrimination and harassment complaints with the Office of Compliance, 361 Bascom Hall, 608-265-6018, uwcomplianceoffice@wisc.edu.

Any student who feels that they have been mistreated by a faculty or staff member has the right to lodge a complaint. Complaints may concern course grades, classroom treatment, program admission, or other issues. To ensure a prompt and fair hearing of any complaint and to protect both the student's rights and the person at whom the complaint is addressed, the grievance procedures below are used in the School of Business.

The person against whom the complaint is directed must be an employee of the School of Business. Any student or potential student may use these procedures unless other campus rules or contracts cover the complaint:

1. If the student feels comfortable/safe doing so, the student should first talk with the person against whom the grievance is directed. Most issues can be settled at this level. If the complaint is directed against a teaching assistant (TA) and the student is not satisfied after discussion of the grievance with the TA, the next step would be to talk to the TA's supervisor, who is usually the course professor. If the complaint is still not resolved satisfactorily, the student may continue to step 2.
2. If the complaint involves an academic department, the student should contact the chair of the department. The chair will attempt to resolve the problem informally. If this cannot be done to the student's satisfaction, the student may submit the grievance to the chair in writing. This must be done within 60 calendar days of the alleged unfair treatment.
 - a. If the complaint does not involve an academic department, the procedure outlined in Step 4 below should be followed.
3. On receipt of a written complaint, the chair will refer the matter to a departmental committee, which will obtain a written response from the person at whom the complaint is directed. This response shall be shared with the person filing the grievance. The chair will provide a written decision within 30 days to the student on the action taken by the committee.
4. If either party is not satisfied with the decision, they have five working days from receipt of the decision to contact the dean's office (at the number below), indicating the intention to appeal. If the complaint does not involve an academic department in the school, the student must contact the dean's office within 60 calendar days of the alleged unfair treatment.

The Graduate School has procedures for students wishing to appeal a grievance decision at the school/college level. These policies are described in the Graduate School's Academic Policies and Procedures: <https://grad.wisc.edu/documents/grievances-and-appeals/>

BUSINESS: FINANCE, INVESTMENT, AND BANKING, MS

Founded in 1900, the School of Business established one of the first five business programs in the nation. That entrepreneurial spirit remains strong.

As a student in the School of Business, you will find yourself inspired by peers, staff, alumni, business leaders, and world-renowned faculty who are focused, collaborative, and engaged in every aspect of the student experience. You will join a highly ranked program that equips you to meet both academic and career challenges. Employers value School of Business graduates because of the comprehensive preparation this learning environment provides. Graduates possess highly sought-after general management and specialized expertise in business.

Joining collaborative, inspiring, trustworthy, and progressive WSB alumni, Business Badgers graduate prepared to lead their organizations to success and transform the world of business. Together Forward!

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

LEARNING OUTCOMES

1. Develop the ability to assess the value of publicly traded equity and fixed income securities.
2. Articulate the common causes of mispriced securities, develop techniques to find these securities, and acquire insight as to how to evaluate the success of their process and decisions.
3. Develop the ability to build portfolios that are designed to produce consistent positive returns and/or outperform benchmarks without taking on significant absolute or incremental risk.
4. Develop the ability to communicate and collaborate effectively within an organization.
5. Understand the importance of ethical behavior within the industry and have an understanding of how to work through ethical dilemmas as they arise.

ACCREDITATION

ACCREDITATION

AACSB International—The Association to Advance Collegiate Schools of Business (<http://www.aacsb.edu/>)

Accreditation status: Accredited. Next accreditation review: 2026–2027.

BUSINESS: FINANCE, INVESTMENT, AND BANKING: APPLIED SECURITY ANALYSIS, MS

This is a named option in the Business: Finance, Investment, and Banking, MS (p. 774). The Applied Security Analysis Program (ASAP) at the School of Business was founded in 1970 by Professor Stephen L. Hawk.

Over 700 students have graduated from the program. Each graduate enters the investment community with the unique educational experience of learning the investment business through hands-on management of real portfolios. Beginning with \$100,000 in 1970, students now manage over \$17 million in equities and fixed-income assets. The program is proud to be a pioneer among student-managed investment programs and a CFA Program® Partner.

ADMISSIONS

ADMISSIONS

Requirements	Detail
Fall Deadline	See Program webpage: https://admissions.wsb.wisc.edu/MSinFinance (https://admissions.wsb.wisc.edu/MSinFinance/)
Spring Deadline	This program does not admit in the spring.
Summer Deadline	This program does not admit in the summer.
GRE (Graduate Record Examinations)	May be required in certain cases; consult program.
English Proficiency Test	All applicants whose native language is not English must submit scores from the Test of English as a Foreign Language (TOEFL), the Pearson Test of English (PTE), or the Intensive English as a Second Language (IELTS). A minimum iBT TOEFL score of 100 or equivalent, computer-based PTE score of 73 or equivalent, or IELTS score of 7.5 or equivalent, obtained within two years of the intended start term, is required. International applicants who have completed a degree at an institution whose primary language of instruction was English may request a waiver of this requirement on the application.
Other Test(s) (e.g., GMAT, MCAT)	GMAT may substitute for GRE in cases in which it is required; consult program.
Letters of Recommendation Required	0

Applications to the program are accepted at any time, with rolling windows of consideration. However, applications received during any academic year and prior to March 15 are given priority for entry into the program in the following fall semester. If you apply after March 15, you may be placed on a wait list.

The Business: Finance, Investment and Banking: Applied Security Analysis Program named option can be earned as an MS or MBA degree. This page describes the admission process for the MS degree. If you seek the MBA degree, please see the admissions information for the FT MBA (<https://>

guide.wisc.edu/graduate/finance/business-finance-investment-banking-mba/business-finance-investment-banking-applied-security-analysis-mba/#admissionstext).

APPLICATION REQUIREMENTS

If you are not applying as a current student at UW-Madison (p. 776), you must submit as a part of your application:

1. scores for either the GMAT or the GRE exam, or
2. evidence that you have passed the Level I Chartered Financial Analyst (CFA) exam.

Prerequisites

All prerequisite courses are waived for applicants who have passed the CFA Exam 1. Otherwise, applicants must have completed courses equivalent to the required prerequisites and must submit for evaluation their transcripts of grades and documentation (course syllabi) describing the equivalent courses. The ASAP Academic Director will establish equivalencies. Credits earned by completing the prerequisites do not satisfy MS degree requirements. Six credits of undergraduate coursework (FINANCE 645 and FINANCE 646) may be applied towards the MS degree.

FINANCE 635	Business Valuation	3

Evaluation

As an applicant to the Business: Finance, Investment, and Banking: Applied Security Analysis Program, you will be evaluated on your academic credentials, work experience, personal achievements, motivation, both written and oral communication skills, your international exposure, letters of recommendation, and if you are not undergraduate students at UW-Madison, your test scores. The application process will include an interview with program leadership.

Importantly, the Business: Finance, Investment, and Banking: Applied Security Analysis Program seeks individuals with a strong desire and commitment to learn the applied science of security analysis and portfolio management. You can demonstrate your commitment in your application in numerous ways. Some of these are to provide evidence of:

1. passage of the first-level Chartered Financial Analyst (CFA) exam,
2. a facility with applied financial modeling,
3. prior coursework in investments, security analysis, and financial accounting,
4. active participation in an investment club (such as the Capital Management Club at the UW-Madison),
5. experience as either an intern or full-time employee in an asset-management company, and/or
6. a desire and willingness to compete in activities such as competitive sports and games.

University of Wisconsin-Madison Undergraduate Students

If you apply to the Business: Finance, Investment, and Banking: Applied Security Analysis Program as an undergraduate (UG) student at the University of Wisconsin-Madison, and are accepted to the program, you will complete your senior year, earning your undergraduate degree, and then complete a fifth year of study, earning the MS degree. You are not required to submit scores for graduate exams such as the GMAT or the GRE.

HOW TO APPLY

Students interested in business degrees do not apply through the Graduate School application system and should instead refer to the School of Business Admissions page. (<https://admissions.wsb.wisc.edu/MSinFinance/>)

FUNDING

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

NAMED OPTION REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW–Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail

Minimum Credit Requirement	30 credits
Minimum Residence Credit Requirement	24 credits
Minimum Graduate Coursework Requirement	15 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/).
Overall GPA Requirement	3.00 GPA required.
Graduate GPA Requirement	Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	Students may be required to retake a course in which they receive a grade lower than a C.
Assessments and Examinations	No required assessments or examinations beyond course requirements.
Language Requirements	No language requirements.

REQUIRED COURSES

Code	Title	Credits
FINANCE 645	Introduction to Applied Security Analysis ¹	3
FINANCE 646	Introduction to Applied Portfolio Management ¹	3
FINANCE 835	Applied Security Analysis and Investment Management I	5
FINANCE 836	Applied Security Analysis and Investment Management II	4
Choose 3 of the following courses:		9
FINANCE 330	Derivative Securities	
FINANCE 410	Bank Management	
Any FINANCE course numbered 600 or higher		
Any ACCT I S course numbered 600 or higher		
Any School of Business course or approved elective ²		6
Total Credits		30

¹ This course would need to be completed before the start of the program if you wanted to complete the degree in one year. Otherwise, this 30 credit program will require two years to complete due to the required sequencing of the courses.

² Electives taken outside of the School of Business are allowed but must be approved in advance by the Applied Security Analysis Program Academic Director.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

NAMED OPTION- SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

No credits of graduate coursework from other institutions is allowed to satisfy requirements.

Undergraduate Credits Earned at Other Institutions or UW–Madison

Up to 6 credits from courses numbered 300 or above will be allowed to apply toward the minimum graduate degree credit requirement. Courses numbered 700 or above will be allowed to apply toward the minimum graduate coursework requirement. Coursework earned seven or more years prior to admission to a master's degree is not allowed to satisfy requirements.

Credits Earned as a Professional Student at UW–Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a University Special Student at UW–Madison

With program approval, students are allowed to transfer no more than 6 credits of coursework taken as a UW–Madison University Special student. Coursework earned seven or more years prior to admission to a master's degree is not allowed to satisfy requirements.

PROBATION

This program follows the Graduate School's Probation policy. (<https://policy.wisc.edu/library/UW-1217/>)

ADVISOR / COMMITTEE

Every graduate student is required to have an advisor. An advisor is a faculty member, or sometimes a committee, responsible for providing advice regarding graduate studies.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

Refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (<https://osas.wisc.edu/>) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Any student who feels that they have been mistreated by a faculty or staff member has the right to lodge a complaint. Complaints may concern course grades, classroom treatment, program admission, or other issues. To ensure a prompt and fair hearing of any complaint and to protect both the student's rights and the person at whom the complaint is addressed, the grievance procedures below are used in the School of Business.

The person against whom the complaint is directed must be an employee of the School of Business. Any student or potential student may use these procedures unless other campus rules or contracts cover the complaint:

1. If the student feels comfortable/safe doing so, the student should first talk with the person against whom the grievance is directed. Most issues can be settled at this level. If the complaint is directed against a teaching assistant (TA) and the student is not satisfied after discussion of the grievance with the TA, the next step would be to talk to the TA's supervisor, who is

usually the course professor. If the complaint is still not resolved satisfactorily, the student may continue to step 2.

2. If the complaint involves an academic department, the student should contact the chair of the department. The chair will attempt to resolve the problem informally. If this cannot be done to the student's satisfaction, the student may submit the grievance to the chair in writing. This must be done within 60 calendar days of the alleged unfair treatment.
 - a. If the complaint does not involve an academic department, the procedure outlined in Step 4 below should be followed.
3. On receipt of a written complaint, the chair will refer the matter to a departmental committee, which will obtain a written response from the person at whom the complaint is directed. This response shall be shared with the person filing the grievance. The chair will provide a written decision within 30 days to the student on the action taken by the committee.
4. If either party is not satisfied with the decision, they have five working days from receipt of the decision to contact the dean's office (at the number below), indicating the intention to appeal. If the complaint does not involve an academic department in the school, the student must contact the dean's office within 60 calendar days of the alleged unfair treatment.
5. In either case, there will be an attempt to resolve the issue informally by the appropriate associate dean. If this cannot be done, the complaint can be filed in writing with the Office of the Dean. This must be done within 10 working days of the time the appealing party was notified that informal resolution was unsuccessful.
6. On receipt of such a written complaint, the Chief Diversity and Inclusion Officer will convene a subcommittee of relevant stakeholders pending the nature of the issue. This subcommittee may ask for additional information from the parties involved and may hold a hearing at which both parties will be asked to speak separately. The subcommittee will then make a written recommendation to the dean of the School of Business who will render a decision. Unless a longer time is negotiated, this written decision shall be made within 20 working days from when the grievance was filed with the Office of the Dean.

Questions about these procedures can be directed to the School of Business, Office of the Dean, 4339 Grainger, 975 University Avenue, 608-262-7867.

State law contains additional provisions regarding discrimination and harassment. Wisconsin Statutes 36.12 reads, in part: "No student may be denied admission to, participation in or the benefits of, or be discriminated against in any service, program, course or facility of the system or its institutions or center because of the student's race, color, creed, religion, sex, national origin, disability, ancestry, age, sexual orientation, pregnancy, marital status or parental status." In addition, the UW System prohibits discrimination based on gender identity or gender expression. Students have the right to file discrimination and harassment complaints with the Office of Compliance, 361 Bascom Hall, 608-265-6018, uwcomplianceoffice@wisc.edu.

The Graduate School has procedures for students wishing to appeal a grievance decision at the school/college level. These policies are described in the Graduate School's Academic Policies and Procedures: <https://grad.wisc.edu/documents/grievances-and-appeals/>

OTHER

Students must be enrolled full-time. Department-sponsored funding/assistantships are available on a competitive basis.

FOOD SCIENCE, MS

The graduate program in the Department of Food Science ranks among the best of its kind in the United States. Strong faculty research groups exist in food chemistry, food engineering, food microbiology, and health. The master's track in these areas combines an array of in-depth courses with the use of advanced research methods for studying food properties: chemical, physical, physiological, and bioactive characteristics; material properties; microbial control and safety; sensory quality; procedures for the processing, storage, and preservation of foods.

Research areas in which the department has special expertise include chemical attributes of proteins, enzymes, lipids, flavors, bioactive components, and pigments; processes for crystallizing, separating, freezing, and drying; food safety (detection, control, and mechanistic action of pathogenic microorganisms, and undesirable chemicals in food); process optimization and validation of critical processing limits. Commodity foci include dairy products, confectionery products, fruits and vegetables, muscle foods, and fermented products.

The department occupies Babcock Hall, a building with excellent facilities for instruction and research. Availability of appropriate instruments, equipment, and pilot-plant facilities enables research on the above topics to be conducted in a manner that has impact worldwide.

About 40–50 students from many countries are currently pursuing both the MS and PhD degrees in the areas mentioned above. This includes some graduate students working in programs associated with the Food Research Institute and closely allied departments.

Individuals obtaining advanced degrees in food science will find employment opportunities in academic instruction and research, government research or regulatory programs, and industrial research, development, or quality assurance. Historically, the department's placement record for graduating students has been very good.

ADMISSIONS

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) of the Graduate School as well as the program(s).** Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	January 15
Spring Deadline	September 1
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment. Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241/ .
Other Test(s) (e.g., GMAT, MCAT)	n/a

Letters of Recommendation Required 3

Admitted applicants must meet the Graduate School minimum requirements (<https://grad.wisc.edu/apply/requirements/>), including completion of a bachelor's degree which typically consists of a satisfactory undergraduate education in fields such as food science, dairy science, chemistry, most biological sciences (e.g., biochemistry, microbiology, nutrition), and engineering (especially chemical and agricultural).

Recommendation for admission is determined solely by the supervising lab faculty member. Final admission is determined by the Graduate School.

Recommendation for admission is made by an individual food science or affiliated faculty member (<https://foodsci.wisc.edu/faculty.php>) usually based on the review of the following:

- applicant's online application
- academic record (scanned PDF academic transcripts)
- English proficiency for international degree-seeking applicants. See Graduate School requirements (<https://grad.wisc.edu/apply/requirements/>) for more information
- recommendation letters (three)
- personal statement (reasons for graduate study) up to two pages double-spaced
- CV or resume
- applicant's particular research interest(s) as indicated in supplemental application
- available funding/space in their research lab

After the application is submitted, applicants should contact faculty (<https://foodsci.wisc.edu/faculty.php>) members directly (via email) to discuss research opportunities in their labs.

Applicants interested in applying for the food science program should look closely at the website (http://www.foodsci.wisc.edu/grad_apply.php) for specific information about the admissions process.

FUNDING

FUNDING GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

We recommend that your application be complete by the application deadlines in order to be considered for funding. Financial assistance is sometimes available to qualified individuals in the form of research assistantships, teaching assistantships, or fellowships. Fellowships are granted to students meeting specific criteria and with outstanding academic records. Research assistantships are awarded by individual professors through funds available to their research programs. Funding is awarded on a competitive basis and renewed annually pending the student's satisfactory progress. (Teaching assistant positions in food

science are available only to students who have already been enrolled for at least two semesters.)

Please be advised that you do not need to make a separate application for financial support as your admission application will also serve as an application for assistantships and fellowships.

Prospective students are encouraged to search and apply for **external funding sources** (scholarships and fellowships) on their own. (If faculty do not have funding or lab space available, they often do not accept new students into their labs.) Additionally, prospective students are encouraged to apply for graduate assistantship (teaching, research, or project) positions in other UW-Madison departments to potentially defray the costs of their studies. See Graduate School Funding pages (<https://grad.wisc.edu/studentfunding/steps/>) for more information.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW-Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail	
Minimum Credit Requirement	30 credits
Minimum Residence Credit Requirement	16 credits

Minimum Graduate Coursework Requirement	15 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/).
Overall Graduate GPA Requirement	3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	n/a

Assessments and Examinations Students are required to have a graduate program advisory committee (GPAC) meeting once each year to monitor progress toward their degree.

The presentation for the FOOD SCI 900 Seminar Advanced must be given a semester before or in the semester of the defense.

Master's students are required to defend their thesis after they have cleared their record of all Incomplete and Progress grades (other than research and thesis) and submit the final thesis online.

Language Requirements Food science does not have a foreign language requirement.

REQUIRED COURSES

Code	Title	Credits
Graduate Seminar		4
MS students must enroll in seminar for 1 credit each semester they are enrolled in the program.		
FOOD SCI 900	Seminar Advanced	
Food Science Coursework		6
Students must complete two of the following courses:		
FOOD SCI 611	Chemistry and Technology of Dairy Products	
FOOD SCI/ AN SCI 711	Food Biochemistry	
FOOD SCI 725	Advanced Food Microbiology	
Research Ethics and Responsibility		2
SURG SCI 812	Research Ethics and Career Development	
or PATH 755	Responsible Conduct in Research: Research Ethics, Rigor, Reproducibility and Transparency	
Statistics		4
Students must complete one of the following options:		
F&W ECOL/ HORT/STAT 571	Statistical Methods for Bioscience I	
STAT/F&W ECOL/ HORT 572	Statistical Methods for Bioscience II	
Or an alternative graduate-level course in statistics numbered 300 and above with the Grad 50% attribute may be completed to fulfill this requirement with approval of the student's advisory committee.		
Electives		14

Students take additional credits to reach the 30-credit minimum in consultation with their graduate program committee. These credits may include Research.

Total Credits **30**

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

Prior graduate-level coursework from other institutions may not transfer toward minimum credit requirements for the major, but may satisfy specific food science course requirements.

Undergraduate Credits Earned at Other Institutions or UW-Madison

Prior coursework as a UW-Madison undergraduate student may not transfer toward minimum credit requirements for the major, but may satisfy specific food science course requirements.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a University Special Student at UW-Madison

Prior coursework taken as a University Special student may not transfer toward minimum credit requirements for the major, but may satisfy specific food science course requirements. In that case, students do not need to take the food science course requirement, but do need to choose, in consultation with their advisor, another course with at least the same number of credits.

PROBATION

Refer to the Graduate School: Probation (<https://policy.wisc.edu/library/UW-1217/>) policy.

ADVISOR / COMMITTEE

Refer to the Graduate School: Advisor (<https://policy.wisc.edu/library/UW-1232/>) and Graduate School: Committees (Doctoral/Master's/MFA) (<https://policy.wisc.edu/library/UW-1201/>) policies.

The student's graduate program advisory committee (GPAC) also is involved in advising of the student in various stages of their studies to monitor and ensure they are making satisfactory progress toward a degree. The GPAC for a MS student consists of a minimum of 3 members of which one member must have a tenure home in the Department of Food Science. Within six months of starting the program, the GPAC is expected to have approved the course-taking.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

Refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (<https://osas.wisc.edu/>) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

College of Agricultural and Life Sciences: Grievance Policy

In the College of Agricultural and Life Sciences (CALs), any student who feels unfairly treated by a member of the CALs faculty or staff has the right to complain about the treatment and to receive a prompt hearing. Some complaints may arise from misunderstandings or communication breakdowns and be easily resolved; others may require formal action. Complaints may concern any matter of perceived unfairness.

To ensure a prompt and fair hearing of any complaint, and to protect the rights of both the person complaining and the person at whom the complaint is directed, the following procedures are used in the College of Agricultural and Life Sciences. Any student, undergraduate or graduate, may use these procedures, except employees whose complaints are covered under other campus policies.

1. The student should first talk with the person at whom the complaint is directed. Most issues can be settled at this level. Others may be resolved by established departmental procedures.
2. If the student is unsatisfied, and the complaint involves any unit outside CALs, the student should seek the advice of the dean or director of that unit to determine how to proceed.
 - a. If the complaint involves an academic department in CALs the student should proceed in accordance with item 3 below.
 - b. If the grievance involves a unit in CALs that is not an academic department, the student should proceed in accordance with item 4 below.
3. The student should contact the department's grievance advisor within 120 calendar days of the alleged unfair treatment. The departmental administrator can provide this person's name. The grievance advisor will attempt to resolve the problem informally within 10 working days of receiving the complaint, in discussions with the student and the person at whom the complaint is directed.
 - a. If informal mediation fails, the student can submit the grievance in writing to the grievance advisor within 10 working days of the date the student is informed of the failure of the mediation attempt by the grievance advisor. The grievance advisor will provide a copy to the person at whom the grievance is directed.
 - b. The grievance advisor will refer the complaint to a department committee that will obtain a written response from the person at whom the complaint is directed, providing a copy to the student. Either party may request a hearing before the committee. The grievance advisor will provide both parties a written decision within 20 working days from the date of receipt of the written complaint.
 - c. If the grievance involves the department chairperson, the grievance advisor or a member of the grievance committee, these persons may not participate in the review.
 - d. If not satisfied with departmental action, either party has 10 working days from the date of notification of the departmental committee action to file a written appeal to the CALs Equity and Diversity Committee. A subcommittee of this committee will make a preliminary judgement as to whether the case merits further investigation and review. If the subcommittee unanimously determines that the case does not merit further investigation and review, its decision is final. If one or more members of the subcommittee determine that the case does merit further investigation and review, the subcommittee will investigate and seek to resolve the dispute through mediation. If this mediation attempt fails, the subcommittee will bring the case to the full committee. The committee may seek additional information from the parties or hold a hearing. The committee will present a written recommendation to the dean who will provide a final decision within 20 working days of receipt of the committee recommendation.
4. If the alleged unfair treatment occurs in a CALs unit that is not an academic department, the student should, within 120 calendar days of the alleged incident, take his/her grievance directly to the Associate Dean of Academic Affairs. The dean will attempt to resolve the problem informally within 10 working days of receiving the complaint. If this mediation attempt does not succeed the student may file a written complaint with the dean who will refer it to the CALs Equity and Diversity Committee. The committee will seek a written response from the person at whom the complaint is directed, subsequently following other steps delineated in item 3d above.

OTHER

Students are admitted by faculty in the department through direct admission.

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

LEARNING OUTCOMES

1. Understands, articulates, critiques and elaborates core paradigms in Food Science.
2. Recognizes that life-long learning is critical for continued personal and professional development.
3. Complies with principles of ethical and professional conduct.
4. Sources and assembles evidence to address questions or identify gaps in knowledge in the field of food science.
5. Evaluates and synthesizes information to address technical challenges.
6. Selects research methods and practices appropriate to discovery activities.
7. Creates knowledge that contributes to the field of food science.
8. Clearly and effectively communicates technical information in oral and written formats.
9. Works effectively within a team.

GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment. Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

Admitted applicants must meet the Graduate School minimum requirements (<https://grad.wisc.edu/admissions/requirements/>), including completion of a bachelor's degree which typically consists of a satisfactory undergraduate education in fields such as food science, dairy science,

chemistry, most biological sciences (e.g., biochemistry, microbiology, nutrition), and engineering (especially chemical and agricultural).

Recommendation for admission is determined almost solely by the faculty member food science or affiliated faculty member (<https://foodsci.wisc.edu/faculty.php>). Final admission is determined by the Graduate School.

The recommendation for admission is made usually based on the review of the following:

- applicant's online application (<https://grad.wisc.edu/admissions/process/>)
- academic record (scanned PDF academic transcripts)
- English proficiency for international degree-seeking applicants. See the Graduate School Requirements (<https://grad.wisc.edu/apply/requirements/>) for more information.
- recommendation letters (three)
- personal statement (reasons for graduate study) up to two pages double-spaced
- CV or resume
- applicant's particular research interest(s) as indicated in supplemental application
- available funding/space in their research lab

After the application is submitted, applicants should contact faculty (<https://foodsci.wisc.edu/faculty.php>) members directly (via email) to discuss research opportunities in their labs. Some dialogue can be exchanged in advance. Applicants must submit a formal application to UW-Madison before being considered for admission. The Department of Food Science cannot take any action regarding admission until the application is complete. We do not pre-screen applications, nor do we provide an informal assessment of qualifications based on volunteered documents from individuals prior to application.

Applicants interested in applying for the food science program should look closely at the website (http://www.foodsci.wisc.edu/grad_apply.php) for specific information about the admissions process.

FUNDING

FUNDING GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

We recommend that your application be complete by the application deadlines in order to be considered for funding. Financial assistance is sometimes available to qualified individuals in the form of research assistantships, teaching assistantships, or fellowships. Fellowships are granted to students meeting specific criteria and with outstanding academic records. Research assistantships are awarded by individual professors through funds available to their research programs. Funding is awarded on a competitive basis and renewed annually pending the student's satisfactory progress. (Teaching assistant positions in food

science are available primarily to students who have already been enrolled for at least two semesters.)

Please be advised that you do not need to make a separate application for financial support as your admission application will also serve as an application for assistantships and fellowships.

Prospective students are encouraged to search and apply for **external funding sources** (scholarships and fellowships) on their own. (If faculty do not have funding or lab space available, they often do not accept new students into their labs.) Additionally, prospective students are encouraged to apply for graduate assistantship (teaching, research, or project) positions in other UW-Madison departments to potentially defray the costs of their studies. See Graduate School Funding pages (<https://grad.wisc.edu/studentfunding/steps/>) for more information.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW-Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail

Minimum Credit Requirement 51 credits

Minimum Residence Credit Requirement 32 credits

Minimum Graduate Coursework Requirement	26 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/).
Overall Graduate GPA Requirement	3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	n/a
Assessments and Examinations	Students are required to have a graduate program advisory committee (GPAC). Within 6 months, the students meet with their GPAC to establish the coursework. Afterwards, students meeting every year to monitor progress toward their degree. Doctoral students are required to take a preliminary/oral examination after they have cleared their record of all Incomplete and Progress grades (other than research and thesis). Defense and deposit of the doctoral dissertation with the Graduate School is required. Additional requirements determined by the department: The preliminary exam cannot be taken until 39 credits are completed as well as all required coursework are completed. This does not include FOOD SCI 990 Research and 1 credit of graded FOOD SCI 900 Seminar Advanced (student gives a seminar presentation and class is taken for a grade).
Language Requirements	n/a
Graduate School Breadth Requirements	All doctoral students are required to complete a doctoral minor or graduate/professional certificate. Refer to the Graduate School: Breadth Requirement in Doctoral Training policy: https://policy.wisc.edu/library/UW-1200 (https://policy.wisc.edu/library/UW-1200/). Coursework must be completed before, or by end of, the semester in which the prelim is taken.

REQUIRED COURSES

Code	Title	Credits
Teaching Practicum		2
FOOD SCI 799	Practicum in Food Science Teaching	
Graduate Seminar		8
PhD students must enroll in seminar (1 credit) each semester they are enrolled in the program.		
FOOD SCI 900	Seminar Advanced	
Food Science Coursework		6
Students must complete two of the following courses:		
FOOD SCI 725	Advanced Food Microbiology	

FOOD SCI/ AN SCI 711	Food Biochemistry	
FOOD SCI 611	Chemistry and Technology of Dairy Products	
Statistics		4
Students must complete one of the following options:		
F&W ECOL/ HORT/STAT 571	Statistical Methods for Bioscience I	
STAT/F&W ECOL/ HORT 572	Statistical Methods for Bioscience II	
Or other graduate-level statistics courses numbered 300 and above with the Grad 50% attribute may be taken to fulfill this requirement with approval of the student's advisory committee.		
Research Ethics and Responsibility		2
Students must complete one of the following courses:		
PATH 755	Responsible Conduct in Research: Research Ethics, Rigor, Reproducibility and Transparency	
SURG SCI 812	Research Ethics and Career Development	
Scientific Writing		3
Students must complete one of the following courses:		
LSC 430	Communicating Science with Narrative	
LSC 560	Scientific Writing	
Breadth		9
Electives		17
Students complete courses with the Grad 50% attribute, numbered 600 and above in food science and related disciplines to meet the 51-credit minimum requirement, selected in consultation with the student's graduate committee.		
Total Credits		51

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Undergraduate Credits Earned at Other Institutions or UW-Madison

Prior coursework taken as an undergraduate student at other institutions or UW-Madison does not transfer in for credit, but may satisfy specific food science course requirements. In that case, students do not need

to take the food science course requirement, but do need to choose, in consultation with their advisor, another course with at least the same number of credits.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a University Special Student at UW-Madison

Prior coursework taken as a University Special student does not transfer in for credit, but may satisfy specific food science course requirements.

In that case, students do not need to take the food science course requirement, but do need to choose, in consultation with their advisor, another course with at least the same number of credits.

PROBATION

Refer to the Graduate School: Probation (<https://policy.wisc.edu/library/UW-1217/>) policy.

ADVISOR / COMMITTEE

Refer to the Graduate School: Advisor (<https://policy.wisc.edu/library/UW-1232/>) and Graduate School: Committees (Doctoral/Master's/MFA) (<https://policy.wisc.edu/library/UW-1201/>) policies.

The student's graduate program advisory committee (GPAC) also is involved in advising of the student in various stages of their studies to monitor and ensure they are making satisfactory progress toward a degree. For PhD candidates, the GPAC should consist of at least four members as detailed in the food science graduate student handbook. One member must have a tenure home in the Department of Food Science. The Graduate School requires that at least three committee members are designated as readers. Readers are committee members who commit themselves to closely reading, reviewing and approving the entire dissertation before it is deposited with the Graduate School.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

It is expected that students will complete all degree requirements in five years.

Dissertators cannot schedule their dissertation defense sooner than **six months** after the actual date of passing the preliminary examination.

Refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)

- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (<https://osas.wisc.edu/>) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

College of Agricultural and Life Sciences: Grievance Policy

In the College of Agricultural and Life Sciences (CALs), any student who feels unfairly treated by a member of the CALs faculty or staff has the right to complain about the treatment and to receive a prompt hearing. Some complaints may arise from misunderstandings or communication breakdowns and be easily resolved; others may require formal action. Complaints may concern any matter of perceived unfairness.

To ensure a prompt and fair hearing of any complaint, and to protect the rights of both the person complaining and the person at whom the complaint is directed, the following procedures are used in the College of Agricultural and Life Sciences. Any student, undergraduate or graduate, may use these procedures, except employees whose complaints are covered under other campus policies.

1. The student should first talk with the person at whom the complaint is directed. Most issues can be settled at this level. Others may be resolved by established departmental procedures.
2. If the student is unsatisfied, and the complaint involves any unit outside CALs, the student should seek the advice of the dean or director of that unit to determine how to proceed.
 - a. If the complaint involves an academic department in CALs the student should proceed in accordance with item 3 below.
 - b. If the grievance involves a unit in CALs that is not an academic department, the student should proceed in accordance with item 4 below.
3. The student should contact the department's grievance advisor within 120 calendar days of the alleged unfair treatment. The departmental administrator can provide this person's name. The grievance advisor will attempt to resolve the problem informally within 10 working days of receiving the complaint, in discussions with the student and the person at whom the complaint is directed.
 - a. If informal mediation fails, the student can submit the grievance in writing to the grievance advisor within 10 working days of the date the student is informed of the failure of the mediation attempt by

the grievance advisor. The grievance advisor will provide a copy to the person at whom the grievance is directed.

- b. The grievance advisor will refer the complaint to a department committee that will obtain a written response from the person at whom the complaint is directed, providing a copy to the student. Either party may request a hearing before the committee. The grievance advisor will provide both parties a written decision within 20 working days from the date of receipt of the written complaint.
 - c. If the grievance involves the department chairperson, the grievance advisor or a member of the grievance committee, these persons may not participate in the review.
 - d. If not satisfied with departmental action, either party has 10 working days from the date of notification of the departmental committee action to file a written appeal to the CALS Equity and Diversity Committee. A subcommittee of this committee will make a preliminary judgement as to whether the case merits further investigation and review. If the subcommittee unanimously determines that the case does not merit further investigation and review, its decision is final. If one or more members of the subcommittee determine that the case does merit further investigation and review, the subcommittee will investigate and seek to resolve the dispute through mediation. If this mediation attempt fails, the subcommittee will bring the case to the full committee. The committee may seek additional information from the parties or hold a hearing. The committee will present a written recommendation to the dean who will provide a final decision within 20 working days of receipt of the committee recommendation.
4. If the alleged unfair treatment occurs in a CALS unit that is not an academic department, the student should, within 120 calendar days of the alleged incident, take his/her grievance directly to the Associate Dean of Academic Affairs. The dean will attempt to resolve the problem informally within 10 working days of receiving the complaint. If this mediation attempt does not succeed the student may file a written complaint with the dean who will refer it to the CALS Equity and Diversity Committee. The committee will seek a written response from the person at whom the complaint is directed, subsequently following other steps delineated in item 3d above.

OTHER

Students are admitted by faculty in the department through direct admission.

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

LEARNING OUTCOMES

1. Articulates potentials and limits of core paradigms in food science; formulates ideas and extrapolations beyond current boundaries of knowledge.

2. Develops breadth through competencies in minor field(s) of study.
3. Fosters ethical and professional conduct.
4. Critically evaluates evidence to articulate research questions and develop appropriate research hypotheses.
5. Formulates an effective experimental design and develops appropriate methodology to address problems in a systematic manner.
6. Creates knowledge that makes a substantive contribution to the field and articulates how society may benefit.
7. Communicates complex ideas in a succinct and understandable manner to diverse audiences.
8. Develops mentoring and teaching skills.

FORESTRY, DOCTORAL MINOR

ADMISSIONS

ADMISSIONS

All Graduate School students must utilize the Graduate Student Portal in MyUW to add, change, or discontinue any doctoral minor. To apply to this minor, log in to MyUW, click on Graduate Student Portal, and then click on Add/Change Programs. Select the information for the doctoral minor.

REQUIREMENTS

REQUIREMENTS

The doctoral minor in Forestry is designed for students who wish to receive an Option A External Minor in Forestry to augment their PhD curriculum. This minor option is not available to students pursuing a PhD in Forestry.

Students who elect Forestry as a minor in their training for the doctorate will take at least 9 credits of courses. The courses will be determined by the student's interest after consultation with the Forestry Graduate Programs Chair.

FORESTRY, MS

The Department of Forest and Wildlife Ecology offers graduate education and training in a number of areas leading to the master of science and/or the doctor of philosophy in forestry or wildlife ecology. The program takes pride in its outstanding research reputation and the success of graduates working throughout the world. The wildlife ecology program was founded by Aldo Leopold in 1939 and has maintained his vision and legacy of excellence in current research and graduate training activities. Leopold's career spanned two professions, forestry and wildlife conservation, so the program strives to maintain excellence in both fields.

Master's and doctoral work in forestry is offered in the following areas: forest ecology, silviculture, forest ecosystem analysis and management, landscape ecology and planning, forest stand dynamics, forest restoration ecology, tree physiology, remote sensing of forests and natural resources, natural resource policy, social forestry, forest management, ecosystem services, and economics of forests and natural resources.

ADMISSIONS

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) of the Graduate School as well as the program(s).** Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	May 31 for international applicants; August 1 for domestic applicants
Spring Deadline	October 11 for international applicants; December 1 for domestic applicants
Summer Deadline	February 1
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment. Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

The Graduate School sets minimum requirements for admissions (<https://grad.wisc.edu/admissions/requirements/>). Academic program admission requirements are often more rigorous than those set by the Graduate School. Please check the program's website (https://forestandwildlifeecology.wisc.edu/academics/21417982244_4e0823cb05_k/application-process/) for details.

FUNDING

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Additional information regarding funding for Forest and Wildlife Ecology graduate students is available on the departmental website (https://forestandwildlifeecology.wisc.edu/academics/21417982244_4e0823cb05_k/current-employment-opportunities/).

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS

CURRICULAR REQUIREMENTS

Requirement	Detail
Minimum Credit Requirement	30 credits
Minimum Residence Credit Requirement	16 credits
Minimum Graduate Coursework Requirement	15 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/).
Overall Graduate GPA Requirement	3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	n/a
Assessments and Examinations	Students in the Forestry MS must complete certification paperwork to outline their coursework; and prepare, publicly present, and defend a thesis.

Language None.
Requirements

REQUIRED COURSES

The Forestry MS prescribes no specific graduate coursework due to the diversity of research areas available, and students select appropriate graduate-level coursework in consultation with their advisor and a graduate advisory committee.

However, there are still minimum requirements that need to be met by all Forestry MS students. Students must meet all UW Graduate School minimum credit and coursework requirements. All credits and coursework are selected in consultation with the student's major faculty advisor and committee. Student may use F&W ECOL 990 Research and Thesis credits toward these requirements.

Additional information and forms related to program-specific courses is available in the program handbook.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

With MS committee approval and academic affairs committee approval, students are allowed to transfer no more than 14 credits of graduate coursework from other institutions. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

Undergraduate Credits Earned at Other Institutions or UW-Madison

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a University Special Student at UW-Madison

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

PROBATION

Refer to the Graduate School: Probation (<https://policy.wisc.edu/library/UW-1217/>) policy.

ADVISOR / COMMITTEE

Refer to the Graduate School: Advisor (<https://policy.wisc.edu/library/UW-1232/>) and Graduate School: Committees (Doctoral/Master's/MFA) (<https://policy.wisc.edu/library/UW-1201/>) policies.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

Refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy.

College of Agricultural and Life Sciences: Grievance Policy

In the College of Agricultural and Life Sciences (CALs), any student who feels unfairly treated by a member of the CALs faculty or staff has the right to complain about the treatment and to receive a prompt hearing. Some complaints may arise from misunderstandings or communication breakdowns and be easily resolved; others may require formal action. Complaints may concern any matter of perceived unfairness.

To ensure a prompt and fair hearing of any complaint, and to protect the rights of both the person complaining and the person at whom the complaint is directed, the following procedures are used in the College of

Agricultural and Life Sciences. Any student, undergraduate or graduate, may use these procedures, except employees whose complaints are covered under other campus policies.

1. The student should first talk with the person at whom the complaint is directed. Most issues can be settled at this level. Others may be resolved by established departmental procedures.
2. If the student is unsatisfied, and the complaint involves any unit outside CALS, the student should seek the advice of the dean or director of that unit to determine how to proceed.
 - a. If the complaint involves an academic department in CALS the student should proceed in accordance with item 3 below.
 - b. If the grievance involves a unit in CALS that is not an academic department, the student should proceed in accordance with item 4 below.
3. The student should contact the department's grievance advisor within 120 calendar days of the alleged unfair treatment. The departmental administrator can provide this person's name. The grievance advisor will attempt to resolve the problem informally within 10 working days of receiving the complaint, in discussions with the student and the person at whom the complaint is directed.
 - a. If informal mediation fails, the student can submit the grievance in writing to the grievance advisor within 10 working days of the date the student is informed of the failure of the mediation attempt by the grievance advisor. The grievance advisor will provide a copy to the person at whom the grievance is directed.
 - b. The grievance advisor will refer the complaint to a department committee that will obtain a written response from the person at whom the complaint is directed, providing a copy to the student. Either party may request a hearing before the committee. The grievance advisor will provide both parties a written decision within 20 working days from the date of receipt of the written complaint.
 - c. If the grievance involves the department chairperson, the grievance advisor or a member of the grievance committee, these persons may not participate in the review.
 - d. If not satisfied with departmental action, either party has 10 working days from the date of notification of the departmental committee action to file a written appeal to the CALS Equity and Diversity Committee. A subcommittee of this committee will make a preliminary judgement as to whether the case merits further investigation and review. If the subcommittee unanimously determines that the case does not merit further investigation and review, its decision is final. If one or more members of the subcommittee determine that the case does merit further investigation and review, the subcommittee will investigate and seek to resolve the dispute through mediation. If this mediation attempt fails, the subcommittee will bring the case to the full committee. The committee may seek additional information from the parties or hold a hearing. The committee will present a written recommendation to the dean who will provide a final decision within 20 working days of receipt of the committee recommendation.
4. If the alleged unfair treatment occurs in a CALS unit that is not an academic department, the student should, within 120 calendar days of the alleged incident, take his/her grievance directly to the Associate Dean of Academic Affairs. The dean will attempt to resolve the problem informally within 10 working days of receiving the complaint. If this mediation attempt does not succeed the student may file a written complaint with the dean who will refer it to the CALS Equity and Diversity Committee. The committee will seek a written response

from the person at whom the complaint is directed, subsequently following other steps delineated in item 3d above.

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

LEARNING OUTCOMES

1. Articulates, critiques, and elaborates the theories, research methods, and approaches to inquiry in the field of forest science.
2. Identifies sources and assembles evidence pertaining to questions or challenges in the field of forest science.
3. Demonstrates understanding of the field of forest science in a historical, social, and global context.
4. Evaluates and synthesizes information pertaining to questions or challenges in the field of forest science.
5. Selects and utilizes the most appropriate methodologies and practices.
6. Communicates clearly in ways appropriate to the field of forest science.

FORESTRY, PHD

The Department of Forest and Wildlife Ecology offers graduate education and training in a number of areas leading to the master of science and/or the doctor of philosophy in forestry or wildlife ecology. The program takes pride in its outstanding research reputation and the success of graduates working throughout the world. The wildlife ecology program was founded by Aldo Leopold in 1939 and has maintained his vision and legacy of excellence in current research and graduate training activities. Leopold's career spanned two professions, forestry and wildlife conservation, so the program strives to maintain excellence in both fields.

Master's and doctoral work in forestry is offered in the following areas: forest ecology, silviculture, forest ecosystem analysis and management, landscape ecology and planning, forest stand dynamics, forest restoration ecology, tree physiology, remote sensing of forests and natural resources, natural resource policy, social forestry, forest management, ecosystem services, and economics of forests and natural resources.

ADMISSIONS

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) of the Graduate School as well as the program(s).** Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	May 31 for international applicants; August 1 for domestic applicants
Spring Deadline	October 11 for international applicants; December 1 for domestic applicants
Summer Deadline	February 1
GRE (Graduate Record Examinations)	Not required.

English Proficiency Test Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment. Refer to the Graduate School: Minimum Requirements for Admission policy: <https://policy.wisc.edu/library/UW-1241> (<https://policy.wisc.edu/library/UW-1241/>).

Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

The Graduate School sets minimum requirements for admissions (<https://grad.wisc.edu/admissions/requirements/>). Academic program admission requirements are often more rigorous than those set by the Graduate School. Please check the program's website (https://forestandwildlifeecology.wisc.edu/academics/21417982244_4e0823cb05_k/application-process/) for details.

FUNDING

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Additional information regarding funding for Forest and Wildlife Ecology graduate students is available on the departmental website (https://forestandwildlifeecology.wisc.edu/academics/21417982244_4e0823cb05_k/current-employment-opportunities/).

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW–Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail

Minimum Credit Requirement	51 credits
Minimum Residence Credit Requirement	32 credits
Minimum Graduate Coursework Requirement	26 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/).
Overall Graduate GPA Requirement	3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	n/a
Assessments and Examinations	Students in the Forestry PhD must complete certification paperwork to outline their coursework, pass an oral preliminary examination, and prepare, publicly present, and defend a dissertation.
Language Requirements	None.
Graduate School Breadth Requirements	All doctoral students are required to complete a doctoral minor or graduate/professional certificate. Refer to the Graduate School: Breadth Requirement in Doctoral Training policy: https://policy.wisc.edu/library/UW-1200 (https://policy.wisc.edu/library/UW-1200/).

REQUIRED COURSES

The Forestry PhD prescribes no specific graduate coursework due to the diversity of research areas available, and students select appropriate graduate-level coursework in consultation with their advisor and a graduate advisory committee.

However, there are still minimum requirements that need to be met by all Forestry PhD students. Students must meet all UW Graduate School minimum credit and coursework requirements. All credits and coursework are selected in consultation with the student's major faculty advisor and

committee. Student may use F&W ECOL 990 Research and Thesis credits towards these requirements.

Additional information and forms related to program-specific courses is available in the program handbook.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Undergraduate Credits Earned at Other Institutions or UW–Madison

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a Professional Student at UW–Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a University Special Student at UW–Madison

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

PROBATION

Refer to the Graduate School: Probation (<https://policy.wisc.edu/library/UW-1217/>) policy.

ADVISOR / COMMITTEE

Refer to the Graduate School: Advisor (<https://policy.wisc.edu/library/UW-1232/>) and Graduate School: Committees (Doctoral/Master's/MFA) (<https://policy.wisc.edu/library/UW-1201/>) policies.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

Refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy.

A candidate for a doctoral degree who fails to take the final oral examination and deposit the dissertation within five years after passing the preliminary examination may be required to take another preliminary examination and to be admitted to candidacy a second time.

GRIEVANCES AND APPEALS

- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employedisabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (<https://osas.wisc.edu/>) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

College of Agricultural and Life Sciences: Grievance Policy

In the College of Agricultural and Life Sciences (CALs), any student who feels unfairly treated by a member of the CALs faculty or staff has the right to complain about the treatment and to receive a prompt hearing. Some complaints may arise from misunderstandings or communication breakdowns and be easily resolved; others may require formal action. Complaints may concern any matter of perceived unfairness.

To ensure a prompt and fair hearing of any complaint, and to protect the rights of both the person complaining and the person at whom the complaint is directed, the following procedures are used in the College of Agricultural and Life Sciences. Any student, undergraduate or graduate, may use these procedures, except employees whose complaints are covered under other campus policies.

1. The student should first talk with the person at whom the complaint is directed. Most issues can be settled at this level. Others may be resolved by established departmental procedures.
2. If the student is unsatisfied, and the complaint involves any unit outside CALs, the student should seek the advice of the dean or director of that unit to determine how to proceed.
 - a. If the complaint involves an academic department in CALs the student should proceed in accordance with item 3 below.

- b. If the grievance involves a unit in CALs that is not an academic department, the student should proceed in accordance with item 4 below.
3. The student should contact the department's grievance advisor within 120 calendar days of the alleged unfair treatment. The departmental administrator can provide this person's name. The grievance advisor will attempt to resolve the problem informally within 10 working days of receiving the complaint, in discussions with the student and the person at whom the complaint is directed.
 - a. If informal mediation fails, the student can submit the grievance in writing to the grievance advisor within 10 working days of the date the student is informed of the failure of the mediation attempt by the grievance advisor. The grievance advisor will provide a copy to the person at whom the grievance is directed.
 - b. The grievance advisor will refer the complaint to a department committee that will obtain a written response from the person at whom the complaint is directed, providing a copy to the student. Either party may request a hearing before the committee. The grievance advisor will provide both parties a written decision within 20 working days from the date of receipt of the written complaint.
 - c. If the grievance involves the department chairperson, the grievance advisor or a member of the grievance committee, these persons may not participate in the review.
 - d. If not satisfied with departmental action, either party has 10 working days from the date of notification of the departmental committee action to file a written appeal to the CALs Equity and Diversity Committee. A subcommittee of this committee will make a preliminary judgement as to whether the case merits further investigation and review. If the subcommittee unanimously determines that the case does not merit further investigation and review, its decision is final. If one or more members of the subcommittee determine that the case does merit further investigation and review, the subcommittee will investigate and seek to resolve the dispute through mediation. If this mediation attempt fails, the subcommittee will bring the case to the full committee. The committee may seek additional information from the parties or hold a hearing. The committee will present a written recommendation to the dean who will provide a final decision within 20 working days of receipt of the committee recommendation.
4. If the alleged unfair treatment occurs in a CALs unit that is not an academic department, the student should, within 120 calendar days of the alleged incident, take his/her grievance directly to the Associate Dean of Academic Affairs. The dean will attempt to resolve the problem informally within 10 working days of receiving the complaint. If this mediation attempt does not succeed the student may file a written complaint with the dean who will refer it to the CALs Equity and Diversity Committee. The committee will seek a written response from the person at whom the complaint is directed, subsequently following other steps delineated in item 3d above.

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

LEARNING OUTCOMES

1. Articulates research problems, potentials, and limits with respect to theory, knowledge, or practice within the field of forest science.
2. Formulates ideas, concepts, designs, and/or techniques beyond the current boundaries of knowledge within the field of forest science.
3. Demonstrates breadth within their learning experiences.
4. Advances contributions of the field of forest science to society.
5. Creates research and scholarship that makes a substantive contribution.
6. Communicates complex ideas in a clear and understandable manner.

WILDLIFE ECOLOGY, DOCTORAL MINOR

Wildlife ecology involves the use of scientific methods to understand how the environment influences wildlife and their populations, as well as the application of ecological research to the management and conservation of wildlife. Wildlife science makes use of a broad range of disciplines including ecology, organismal biology, ecosystem science, genetics, physiology, evolution, and quantitative methods. Wildlife Ecology doctoral minors are expected to have a general understanding of wildlife natural history, the ecology of their populations, basic research methods for studying wildlife, and current problems in wildlife management and conservation.

ADMISSIONS

ADMISSIONS

All Graduate School students must utilize the Graduate Student Portal in MyUW to add, change, or discontinue any doctoral minor. To apply to this minor, log in to MyUW, click on Graduate Student Portal, and then click on Add/Change Programs. Select the information for the doctoral minor.

Minor requirements will be discussed and agreed upon in your initial committee meeting.

The doctoral minor in Wildlife Ecology is designed for students who wish to receive an Option A External Minor in Wildlife Ecology to augment their PhD curriculum. This minor option is not available to students pursuing a PhD in Wildlife Ecology.

REQUIREMENTS

REQUIREMENTS

Students who elect Wildlife Ecology as a minor in their training for the doctorate will take at least 9 credits of courses. The courses will be determined by the student's interest after consultation with the Wildlife Ecology Graduate Programs Chair.

WILDLIFE ECOLOGY, MS

The Department of Forest and Wildlife Ecology offers graduate education and training in a number of areas leading to the master of science and/or the doctor of philosophy degree in Wildlife Ecology. The department takes pride in its program's outstanding research reputation and the success of graduates working throughout the world. The Wildlife Ecology program was founded by Aldo Leopold in 1939, and the program has maintained his vision and legacy of excellence in our current research and graduate training activities.

Master's and doctoral work in wildlife ecology typically focus on areas of wildlife ecology that reflect the expertise of the faculty, including, but not limited to, behavioral ecology, physiological ecology, population dynamics, wildlife disease, community ecology, landscape ecology, wildlife management, wildlife-habitat linkages, molecular ecology, human dimensions, species distribution modeling, climate change, endangered species recovery, conservation biology, toxicology, and wildlife damage management.

The department is home to the U.S. Geological Survey, Wisconsin Cooperative Wildlife Research Unit. In this program, research in support of state and federal wildlife conservation programs is given priority.

In recent years, annual research support for the department's programs has averaged between \$3 million to \$4 million drawn from an array of federal, state, and conservation organizations and private donors. Competition for admission is very strong, and not every admissible student can or will be offered financial support. Graduate assistantships and/or fellowships may be available for a limited number of well-qualified students. Before submitting an application for admission, interested students should contact individual faculty to determine whether an assistantship or other financial aid might be available. Once admitted, students work closely with major professors and an advisory committee to develop a research program.

ADMISSIONS

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) of the Graduate School as well as the program(s).** Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	May 31 for international applicants; August 1 for domestic applicants
Spring Deadline	October 11 for international applicants; December 1 for domestic applicants
Summer Deadline	December 1 for domestic applicants; February 1 for international applicants
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment. Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

The Graduate School sets minimum requirements for admissions (<https://grad.wisc.edu/admissions/requirements/>). Academic program admission requirements are often more rigorous than those set by the Graduate School. Applicants are encouraged to apply earlier than the dates listed above. Check the program's website (https://forestandwildlifeecology.wisc.edu/academics/21417982244_4e0823cb05_k/application-process/) for details about the admission process.

PREREQUISITES

Individuals are expected to enter the program having taken a majority of the following coursework, but deficient courses may be taken while in the program in consultation with the student's Graduate Committee.

- One course in ecology, with population ecology/dynamics strongly recommended
- One course in conservation biology, wildlife management, natural resources policy, or human dimensions of natural resources

- One course in animal organismal biology (e.g., physiology, terrestrial vertebrates, ornithology)
- One course in genetics or evolution

Coursework used to fulfill the prerequisite courses listed above does not transfer in for fulfillment of degree requirements.

Assessments and Examinations	Students must complete an entrance seminar, coursework and certification meeting and paperwork, an exit seminar, and a defense of a thesis.
Language Requirements	None.

REQUIRED COURSES

Additional information and forms related to program-specific courses is available in the program handbook.

Students must complete a total of 30 credits to meet graduation requirements.

Code	Title	Credits
Graduate Seminars		
Students must enroll in at least two graduate seminars. These should be selected in consultation with the major professor and the graduate committee.		
Statistics		
Students must take at least one graduate-level course in statistics.		
Individual Course Plan		
Remaining coursework will be determined in consultation with the student's graduate committee.		
Total Credits		30

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

With MS committee approval and Academic Affairs Committee approval, students are allowed to transfer no more than 14 credits of graduate coursework from other institutions. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

Undergraduate Credits Earned at Other Institutions or UW-Madison

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a University Special Student at UW-Madison

With MS committee approval and Academic Affairs Committee approval, students are allowed to transfer no more than 15 credits of coursework numbered 300 or above taken as a UW-Madison University Special student. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

PROBATION

Refer to the Graduate School: Probation (<https://policy.wisc.edu/library/UW-1217/>) policy.

ADVISOR / COMMITTEE

Every graduate student is required to have an advisor. To ensure that students are making satisfactory progress toward a degree, the Graduate School expects them to meet with their advisor on a regular basis.

An advisor generally serves as the thesis advisor. In many cases, an advisor is assigned to incoming students. Students can be suspended from the Graduate School if they do not have an advisor. An advisor is a faculty member, or sometimes a committee, from the major department responsible for providing advice regarding graduate studies.

A committee often accomplishes advising for the students in the early stages of their studies.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

Refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy.

College of Agricultural and Life Sciences: Grievance Policy

In the College of Agricultural and Life Sciences (CALs), any student who feels unfairly treated by a member of the CALs faculty or staff has the right to complain about the treatment and to receive a prompt hearing. Some complaints may arise from misunderstandings or communication breakdowns and be easily resolved; others may require formal action. Complaints may concern any matter of perceived unfairness.

To ensure a prompt and fair hearing of any complaint, and to protect the rights of both the person complaining and the person at whom the complaint is directed, the following procedures are used in the College of Agricultural and Life Sciences. Any student, undergraduate or graduate, may use these procedures, except employees whose complaints are covered under other campus policies.

1. The student should first talk with the person at whom the complaint is directed. Most issues can be settled at this level. Others may be resolved by established departmental procedures.
2. If the student is unsatisfied, and the complaint involves any unit outside CALs, the student should seek the advice of the dean or director of that unit to determine how to proceed.
 - a. If the complaint involves an academic department in CALs the student should proceed in accordance with item 3 below.
 - b. If the grievance involves a unit in CALs that is not an academic department, the student should proceed in accordance with item 4 below.
3. The student should contact the department's grievance advisor within 120 calendar days of the alleged unfair treatment. The departmental administrator can provide this person's name. The grievance advisor will attempt to resolve the problem informally within 10 working days of

receiving the complaint, in discussions with the student and the person at whom the complaint is directed.

- a. If informal mediation fails, the student can submit the grievance in writing to the grievance advisor within 10 working days of the date the student is informed of the failure of the mediation attempt by the grievance advisor. The grievance advisor will provide a copy to the person at whom the grievance is directed.
 - b. The grievance advisor will refer the complaint to a department committee that will obtain a written response from the person at whom the complaint is directed, providing a copy to the student. Either party may request a hearing before the committee. The grievance advisor will provide both parties a written decision within 20 working days from the date of receipt of the written complaint.
 - c. If the grievance involves the department chairperson, the grievance advisor or a member of the grievance committee, these persons may not participate in the review.
 - d. If not satisfied with departmental action, either party has 10 working days from the date of notification of the departmental committee action to file a written appeal to the CALS Equity and Diversity Committee. A subcommittee of this committee will make a preliminary judgement as to whether the case merits further investigation and review. If the subcommittee unanimously determines that the case does not merit further investigation and review, its decision is final. If one or more members of the subcommittee determine that the case does merit further investigation and review, the subcommittee will investigate and seek to resolve the dispute through mediation. If this mediation attempt fails, the subcommittee will bring the case to the full committee. The committee may seek additional information from the parties or hold a hearing. The committee will present a written recommendation to the dean who will provide a final decision within 20 working days of receipt of the committee recommendation.
4. If the alleged unfair treatment occurs in a CALS unit that is not an academic department, the student should, within 120 calendar days of the alleged incident, take his/her grievance directly to the Associate Dean of Academic Affairs. The dean will attempt to resolve the problem informally within 10 working days of receiving the complaint. If this mediation attempt does not succeed the student may file a written complaint with the dean who will refer it to the CALS Equity and Diversity Committee. The committee will seek a written response from the person at whom the complaint is directed, subsequently following other steps delineated in item 3d above.

OTHER

Additional information for students in the Department of Forest and Wildlife Ecology can be found on the Graduate Programs page (https://forestandwildlifeecology.wisc.edu/academics/21417982244_4e0823cb05_k/application-process/) for the department.

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

LEARNING OUTCOMES

1. Articulates, critiques, and elaborates the theories, research methods, and approaches to inquiry and practice in the field of wildlife ecology and natural resource management.
2. Identifies sources and assembles evidence pertaining to questions or challenges in the field of wildlife ecology and natural resource management.
3. Demonstrates understanding of the field of wildlife ecology and natural resource management in a historical, social, and global context.
4. Evaluates and synthesizes information pertaining to questions or challenges in the field of wildlife ecology and natural resource management.
5. Communicates clearly in ways appropriate to the field of wildlife ecology and natural resource management.
6. Selects and utilizes the most appropriate methodologies and practices.

WILDLIFE ECOLOGY, PHD

The Department of Forest and Wildlife Ecology offers graduate education and training in a number of areas leading to the master of science and/or the doctor of philosophy degree in Wildlife Ecology. The department takes pride in its program's outstanding research reputation and the success of graduates working throughout the world. The Wildlife Ecology program was founded by Aldo Leopold in 1939, and the program has maintained his vision and legacy of excellence in our current research and graduate training activities.

Master's and doctoral work in wildlife ecology typically focus on areas of wildlife ecology that reflect the expertise of the faculty, including, but not limited to, behavioral ecology, physiological ecology, population dynamics, wildlife disease, community ecology, landscape ecology, wildlife management, wildlife-habitat linkages, molecular ecology, human dimensions, species distribution modeling, climate change, endangered species recovery, conservation biology, toxicology, and wildlife damage management.

The department is home to the U.S. Geological Survey, Wisconsin Cooperative Wildlife Research Unit. In this program, research in support of state and federal wildlife conservation programs is given priority.

In recent years, annual research support for the department's programs has averaged between \$3 million to \$4 million drawn from an array of federal, state, and conservation organizations and private donors. Competition for admission is very strong, and not every admissible student can or will be offered financial support. Graduate assistantships and/or fellowships may be available for a limited number of well-qualified students. Before submitting an application for admission, interested students should contact individual faculty to determine whether an assistantship or other financial aid might be available. Once admitted, students work closely with major professors and an advisory committee to develop a research program.

ADMISSIONS

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) of the Graduate School as well as the program(s).** Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	May 31 for international applicants; August 1 for domestic applicants
Spring Deadline	October 11 for international applicants; December 1 for domestic applicants
Summer Deadline	February 1

GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment. Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

The Graduate School sets minimum requirements for admissions (<https://grad.wisc.edu/admissions/requirements/>). Academic program admission requirements are often more rigorous than those set by the Graduate School. Applicants are encouraged to apply earlier than the dates listed above. Check the program's website (https://forestandwildlifeecology.wisc.edu/academics/21417982244_4e0823cb05_k/application-process/) for details about the admissions process.

PREREQUISITES

Individuals are expected to enter the program having taken a majority of the following coursework, but deficient courses may be taken while in the program in consultation with the student's Graduate Committee.

- One course in ecology, with population ecology/dynamics strongly recommended
- One course in conservation biology, wildlife management, natural resources policy, or human dimensions of natural resources
- One course in animal organismal biology (e.g., physiology, terrestrial vertebrates, ornithology)
- One course in genetics or evolution

Coursework used to fulfill the prerequisite courses listed below does not transfer in to meet degree requirements.

FUNDING

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

Additional information regarding funding for Forest and Wildlife Ecology graduate students is available on the departmental website (https://forestandwildlifeecology.wisc.edu/academics/21417982244_4e0823cb05_k/current-employment-opportunities/).

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW–Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement	Detail
Minimum Credit Requirement	51 credits
Minimum Residence Credit Requirement	32 credits
Minimum Graduate Coursework Requirement	26 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/).
Overall Graduate GPA Requirement	3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	n/a
Assessments and Examinations	Wildlife Ecology PhD students must complete a public entrance seminar, coursework certification meeting and paperwork, a qualifying exam, a preliminary exam, an exit seminar, and a defense of the dissertation.

Language Requirements None.

Graduate School Breadth Requirements All doctoral students are required to complete a doctoral minor or graduate/professional certificate. Refer to the Graduate School: Breadth Requirement in Doctoral Training policy: <https://policy.wisc.edu/library/UW-1200> (<https://policy.wisc.edu/library/UW-1200/>).

REQUIRED COURSES

Additional information and forms related to program-specific courses is available in the program handbook.

Students must complete a total of 51 credits to meet graduation requirements.

Code	Title	Credits
Graduate Seminars		
Students must enroll in at least two graduate seminars. These should be selected in consultation with the major professor and the graduate committee.		
Statistics		
Students must take at least one graduate-level course in statistics.		
Individual Course Plan		
Remaining coursework will be determined in consultation with the student's graduate committee.		
Total Credits		51

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Undergraduate Credits Earned at Other Institutions or UW–Madison

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a Professional Student at UW–Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a University Special Student at UW-Madison

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

PROBATION

Refer to the Graduate School: Probation (<https://policy.wisc.edu/library/UW-1217/>) policy.

ADVISOR / COMMITTEE

Refer to the Graduate School: Advisor (<https://policy.wisc.edu/library/UW-1232/>) and Graduate School: Committees (Doctoral/Master's/MFA) (<https://policy.wisc.edu/library/UW-1201/>) policies.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

Refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeeabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (<https://osas.wisc.edu/>) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

College of Agricultural and Life Sciences: Grievance Policy

In the College of Agricultural and Life Sciences (CALs), any student who feels unfairly treated by a member of the CALs faculty or staff has the right to complain about the treatment and to receive a prompt hearing. Some complaints may arise from misunderstandings or communication breakdowns and be easily resolved; others may require formal action. Complaints may concern any matter of perceived unfairness.

To ensure a prompt and fair hearing of any complaint, and to protect the rights of both the person complaining and the person at whom the complaint is directed, the following procedures are used in the College of Agricultural and Life Sciences. Any student, undergraduate or graduate, may use these procedures, except employees whose complaints are covered under other campus policies.

1. The student should first talk with the person at whom the complaint is directed. Most issues can be settled at this level. Others may be resolved by established departmental procedures.
2. If the student is unsatisfied, and the complaint involves any unit outside CALs, the student should seek the advice of the dean or director of that unit to determine how to proceed.
 - a. If the complaint involves an academic department in CALs the student should proceed in accordance with item 3 below.
 - b. If the grievance involves a unit in CALs that is not an academic department, the student should proceed in accordance with item 4 below.
3. The student should contact the department's grievance advisor within 120 calendar days of the alleged unfair treatment. The departmental administrator can provide this person's name. The grievance advisor will attempt to resolve the problem informally within 10 working days of receiving the complaint, in discussions with the student and the person at whom the complaint is directed.
 - a. If informal mediation fails, the student can submit the grievance in writing to the grievance advisor within 10 working days of the date the student is informed of the failure of the mediation attempt by the grievance advisor. The grievance advisor will provide a copy to the person at whom the grievance is directed.
 - b. The grievance advisor will refer the complaint to a department committee that will obtain a written response from the person at whom the complaint is directed, providing a copy to the student. Either party may request a hearing before the committee. The grievance advisor will provide both parties a written decision within 20 working days from the date of receipt of the written complaint.
 - c. If the grievance involves the department chairperson, the grievance advisor or a member of the grievance committee, these persons may not participate in the review.
 - d. If not satisfied with departmental action, either party has 10 working days from the date of notification of the departmental committee action to file a written appeal to the CALs Equity and Diversity Committee. A subcommittee of this committee will make a preliminary judgement as to whether the case merits further investigation and review. If the subcommittee unanimously determines that the case does not merit further investigation and review, its decision is final. If one or more members of the subcommittee determine that the case does merit further investigation and review, the subcommittee will investigate and seek to resolve the dispute through mediation. If this mediation attempt fails, the subcommittee will bring the case to the full committee. The committee may seek additional information

from the parties or hold a hearing. The committee will present a written recommendation to the dean who will provide a final decision within 20 working days of receipt of the committee recommendation.

- If the alleged unfair treatment occurs in a CALS unit that is not an academic department, the student should, within 120 calendar days of the alleged incident, take his/her grievance directly to the Associate Dean of Academic Affairs. The dean will attempt to resolve the problem informally within 10 working days of receiving the complaint. If this mediation attempt does not succeed the student may file a written complaint with the dean who will refer it to the CALS Equity and Diversity Committee. The committee will seek a written response from the person at whom the complaint is directed, subsequently following other steps delineated in item 3d above.

OTHER

Additional information for students in the Department of Forest and Wildlife Ecology can be found on the Graduate Programs page (https://forestandwildlifeecology.wisc.edu/academics/21417982244_4e0823cb05_k/application-process/) for the department.

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

LEARNING OUTCOMES

- Articulates research problems, potentials, and limits with respect to theory, knowledge, or practice within the field of wildlife ecology and natural resource management.
- Formulates ideas, concepts, designs, and/or techniques beyond the current boundaries of knowledge within the field of wildlife ecology and natural resource management.
- Demonstrates breadth within their learning experiences.
- Advances contributions of the field of wildlife ecology and natural resource management to society.
- Communicates complex ideas in a clear and understandable manner.
- Creates research and scholarship that makes a substantive contribution.

- Italian, PhD (p. 821)

PEOPLE

PEOPLE FRENCH FACULTY

Professors: Gilles Bousquet, Jan Miernowski, Florence Vatan and Anne Vila;

Associate Professors: Joshua Armstrong, Nevine El Nossery and Heather Allen;

Teaching Faculty II: Dr. Ritt Deitz and Dr. Anne Theobald;

Senior Lecturer: Dr. Ewa Miernowska

ITALIAN FACULTY

Professors: Stefania Buccini, Ernesto Livorni and Patrick Rumble;

Associate Professors: Grazia Menechella (chair), Kristin Phillips-Court and Jelena Todorovic;

Teaching Faculty II: Director of the Italian Language Program, Dr. Loren Eadie

FRENCH, DOCTORAL MINOR

Our graduate program offers training for teaching and research in all areas of French and Francophone literature and literary history, in critical theory, film, gender and queer studies, romance philology, and foreign language pedagogy.

Learning outcomes:

- Analyze and interpret several theories, research methods, and approaches to inquiry in this discipline
- Demonstrate adequate proficiency in French to lead a well-informed discussion of literature and culture
- Communicate clearly and appropriately in both written and spoken French

ADMISSIONS

ADMISSIONS

To be accepted for graduate work in French toward the doctoral minor, a student should have completed the equivalent of no less than four semesters of college French, and be capable of completing courses numbered 300 or above.

Interested students should consult with the graduate coordinator and have the minor plan approved by the director of graduate studies.

All Graduate School students must utilize the Graduate Student Portal in MyUW to add, change, or discontinue any doctoral minor. To apply to this minor, log in to MyUW, click on Graduate Student Portal, and then click on Add/Change Programs. Select the information for the doctoral minor for which you are applying.

REQUIREMENTS

REQUIREMENTS

A student must complete a minimum of 9 credits in advanced (numbered 300 or above) French literature, culture, language, and film, taught in French, including at least 3 credits numbered 500 or above. Neither FRENCH 391 French for Reading Knowledge nor any other course taught in English may satisfy requirements for the doctoral minor in French.

TRANSFER OF CREDITS

Students may be given credit for graduate or advanced undergraduate (numbered 300 or above) courses in French literature taken at other universities, to be determined by the French Instructional Committee. No more than 3 such credits may be transferred.

PEOPLE

PEOPLE

FRENCH FACULTY AND ACADEMIC STAFF

Professors: Gilles Bousquet, Jan Miernowski, Florence Vatan, Anne Vila
Associate Professors: Joshua Armstrong, Nevine El Nossery, Heather Allen

Teaching Faculty II: Ritt Deitz, Anne Theobald

Senior Lecturer: Ewa Miernowska

FRENCH, MA

The MA and PhD programs in French offer a first-rate faculty in all the areas of French and Francophone literature and culture. The program emphasizes broad coverage as well as specialization, and is organized so as to take advantage of the quality and range of the faculty. A Wisconsin PhD has the ability to teach not only a very focused topic of research, but also much of the French literary tradition.

Our graduate program offers training for teaching and research in all areas of French and Francophone literature and literary history, in critical theory, film, gender and queer studies, romance philology, and foreign language pedagogy. Our large and varied faculty teach graduate courses in all areas and at regular intervals. Consequently, students for the MA degree can fulfill course requirements in any given two-year period, and candidates for the PhD can complete course requirements for the PhD within two years of obtaining their MA. Our program is designed to allow well-qualified students to complete the MA in three semesters, and all other requirements for the PhD except the dissertation in four more semesters.

The French graduate program offers a wide array of courses and seminars each semester, providing a fairly even distribution across the various literary periods in most academic years. Courses typically meet two or three times a week and are quite broad in focus, generally exploring well-defined periods or genres, while seminars are held once a week for two hours and take up narrower topics in greater depth. Both the offerings and the requirements of the MA and PhD programs are designed to give students not only the tools necessary for specialization, but also an excellent knowledge of these extremely rich literary traditions.

Strong emphasis is placed on the practice of the language. French is the usual language of instruction in graduate courses and seminars. The department offers possibilities for international stay through exchange programs and further promotes the use of French through lectures, films, theater, and events at the French House.

The French PhD program has a fine job placement record. Its students' solid foundation in the French and Francophone literary tradition is increasingly rare among North American literature programs, as is the extensive training students receive in language pedagogy.

ADMISSIONS

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) of the Graduate School as well as the program(s).** Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 20
Spring Deadline	The program does not admit in the spring.
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment. Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

Applicants for the MA in French must submit all application materials by the fall application deadline.

The Graduate School sets minimum requirements for admissions (<https://grad.wisc.edu/apply/requirements/>).

GRADUATE SCHOOL APPLICATION

Refer to the following links:

- Consult the Graduate School website for complete information about graduate education opportunities at UW–Madison. This site is especially helpful in understanding admissions requirements and developing a timeline for applying.

Materials to Upload to the Online Application

- You will need to list three people who will write letters of recommendation (<https://grad.wisc.edu/admissions/faq/>) for you. They should be in faculty or permanent academic staff positions. Since the Graduate School will contact your recommenders directly via e-mail once you have completed your online application, you should be sure to contact each recommender at least a month prior to when the letter of recommendation is needed to let them know that they will be contacted directly by the Graduate School. If your referees are unable

to upload your letter of recommendation to the online application, contact the graduate coordinator.

- Statement of purpose, preferably written in English
- CV
- Unofficial transcripts
- Submit the online Graduate School Application for Admission (<https://grad.wisc.edu/apply/>) and pay the application fee.
- GRE (<http://www.gre.org/>) (optional) institution code 1846 for UW–Madison
- English proficiency requirement for international degree-seeking applicants. See the Graduate School requirements (<https://grad.wisc.edu/apply/requirements/>) for more information.

Supplemental Materials

TA/Fellowship Application: To be considered for teaching assistantship or fellowship support, you must submit to the department a document listing all relevant experience since you began studying French. There is no specific application form—it is a document, much like a CV, that you put together yourself. Include travel, study, or residence abroad. For teaching experience, be specific about subject, level, actual classroom hours/week, and age of students. Also indicate undergraduate and graduate honors, and how you would support yourself if UW was not able to offer support.

Writing Sample (essay or paper in French—usually between 7 and 12 pages in length)

List of French Literature and/or Civilization courses taken, and grades received.

Questions

Contact the graduate coordinator.

FUNDING

FUNDING GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

OTHER RESOURCES

The Department of French & Italian is committed to providing full funding (<https://grad.wisc.edu/funding/>) to all graduate students. Students who accept our offer of admission therefore receive fellowships or assistantships that cover tuition and provide eligibility to enroll in excellent comprehensive health insurance (<https://www.ohr.wisc.edu/benefits/health/#health-plans>) and other benefits (<https://www.ohr.wisc.edu/benefits/new-emp/grad.aspx#overview>). Funding is guaranteed for a minimum of five years of study for students entering with a BA, and a minimum of four years for those entering with an MA. Moreover, it has been our departmental practice to continue to offer funding beyond guarantee as possible for students in good academic standing.

Teaching assistantships, the most common form of support in our department, offer the pedagogical experience and training necessary to be competitive on the academic job market. The teaching assignment is usually one course per semester, but double sections (two sections of the same course) can also be requested for an increased stipend, when

available. While the guarantee of support means students in good standing will receive funding, the exact assignments are based on need, merit, and experience. Generally, a graduate student will, over the course of study, hold a variety of positions from French 101-204, which are available every semester. Teaching assistantships to provide technology and assessment support to the French MA/PhD program are also available every semester. Students may also have the opportunity to teach more advanced courses, such as FRENCH 228 and FRENCH 271, and LITTRANS 360 depending on departmental need. For more information about our teaching assistantships, please visit our website (<https://frit.wisc.edu/funding/>).

There are also fellowships (<https://grad.wisc.edu/funding/fellowships/>) available from several sources on campus each year, including the Chancellor's fellowship, which starts at around \$11,000 per semester. Advanced Opportunity Fellowships are also available to increase the racial and ethnic diversity of the graduate student population, as well as support economically disadvantaged and first-generation college students. The department also offers a number of monetary awards every year, for academic performance and for teaching. Graduate students can also take advantage of our excellent exchange programs (<https://frit.wisc.edu/content/exchange-programs/>) during the course of their study.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW-Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail	
Minimum Credit Requirement	30 credits
Minimum Residence Credit Requirement	16 credits
Minimum Graduate Coursework Requirement	18 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/).
Overall Graduate GPA Requirement	3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	No other grade requirements.

Assessments and Examinations 1) Oral Proficiency Exam: Non-native speakers of French must take an Oral Proficiency Interview administered by the Department and receive a rating of at least "advanced low" during their first two weeks. Depending on the results of this test, up to 6 credits of advanced French language courses and phonetics may be required (for instance: FRENCH 311, FRENCH/INTL BUS 313, etc.).

2) Comprehensive Exams: Students will have the choice between a written and oral examination, or an MA thesis and an oral defense.

Option 1: MA Examination:

Written Examination:

- The MA exam is usually taken by the end of the fourth semester of study, although taking it earlier is possible. It should be taken before the fifth semester of study. Given twice a year, it tests students' mastery of a broad range of texts fundamental to French and Francophone studies, along with their ability to analyze texts, answer questions, and present arguments. The reading list is posted on the program website : <https://frit.wisc.edu/>. In addition to this required list, students will add 30 titles of their choice. They may select these additional texts from the PhD General Reading List, or they may add texts of their own choosing. Each student's MA reading list needs to be approved by the MA committee. The list should be completed at least 3 months before the scheduled exam. To take the exam, students sign up with the Graduate Coordinator by April 30th for the August exam; for the January exam they must sign up with the Graduate Coordinator by the November break.
- Format: The written part of the MA exam lasts a total of 7 hours. In Part I (4 hours), students are given a choice of three questions within each of the three defined areas (Middle Ages - 16th - 17th; 18th - 19th; 20th - 21st - Francophone and Global French Studies). They must answer one question in each area. Students turn in their answers and take a one-hour break. In Part II (2 hours), students must choose one of three broad essay topics. Part I must be answered in French. Part II may be answered in English or in French.
- Use of Materials, Academic Misconduct: Students are not allowed any notes, documents, electronic files, or books (with the exception of a dictionary). MA exams can be handwritten, but if students prefer to use a computer provided by the Department, they should be aware that they are not allowed to consult any files or websites. As with all other methods of evaluating students' performance in the program, such as course assignments, the Department conforms to university regulations governing academic misconduct. Students should refer to the following university website to familiarize themselves with the definition of and the serious consequences of academic misconduct: <https://conduct.students.wisc.edu/academic-misconduct> (<https://conduct.students.wisc.edu/academic-misconduct/>).

Oral Examination:

- A student who fails the written part of the MA exam will not take the oral part. The oral usually takes place within a week after the written examination and is conducted entirely in French. It lasts about one hour. Three hours before the oral, the candidate will be given three short extracts from the MA Reading List, and they will inform the Graduate Coordinator which extract they will analyze. The candidate will prepare an analysis of this extract in a room reserved for this purpose. There they will not have access to a computer and access to any other electronic devices is not allowed. They will annotate the text or write notes by hand that may be brought to the exam, and may use a dictionary in the preparation of these notes. During the exam the candidate will give an analysis in French of the extract chosen, lasting approximately twenty minutes. This will be followed by 10-15 minutes of discussion of the student's analysis of the chosen extract, and then by a period of questions (lasting approximately 25 minutes). Some of these questions may pertain to the candidate's written exam, but others may involve other texts on the MA reading list, from other areas.
- Weak Passes, Failures: If a student fails the written part of the exam, they will not take the oral part. They will be able to retake the entire exam at the next exam session. A student who fails the oral part of the exam may be allowed to retake the oral exam one time, at the next exam session, if s/he wishes to be reconsidered for admission into the PhD program. In order to postpone the retake until a later session, the student must make a written request to the Graduate Studies Committee and have it approved.

Option 2: MA thesis and thesis defense

A master's thesis in French (40-60 pages, including notes and bibliography):

- A master's thesis is a piece of original scholarship written under the direction of a thesis advisor. Students who are interested in writing a master's thesis should begin thinking about possible topics early in their academic program. They should contact their prospective thesis advisor by the end of their first year so that they can work on their reading and thesis plan during their third semester and write/finalize their thesis during their fourth/last semester. A master's Thesis project may be submitted for final approval only during fall and spring semesters—not in the summer.
- Students should submit a prospectus five months before the anticipated defense. The prospectus should establish the main lines of argument and organization for the thesis, and it should spell out the methodology. It should also include a timetable and a working bibliography of major and secondary sources. The prospectus needs to be approved by the thesis advisor.
- Once the prospectus is approved, students will choose a second and a third reader from the Department in consultation with their thesis advisor. The final

thesis should be sent to the thesis advisor and the two readers at least three weeks before the scheduled defense.

- In addition to the mentorship provided by the thesis director, students will have the opportunity to work on their MA thesis within the framework of a research lab.

Thesis defense:

- Students selecting the MA thesis option will take a 60-minute oral exam that will consist of a 15-minute presentation of their findings, followed by a question and answer period. The questions raised by the members of the thesis committee will focus on the thesis but may also address broader points such as the conceptual framework, methodology, theoretical approach, and socio-historical context that contribute to the definition and elaboration of the thesis topic.
- At the conclusion of the defense, the thesis may be approved in its current form or approved contingent on further revisions. If extensive revisions are required, the student will need to resubmit the thesis for final approval, and the MA thesis committee may request that the student do an additional thesis defense.

Language Requirements No language requirements.

REQUIRED COURSES

Code	Title	Credits
Students must complete the following courses.		
FRENCH 569	Critical Approaches to Literature and Culture: French and Francophone Perspectives	3
FRENCH 750	Research Laboratory I: Introduction to Graduate Research	3
FRENCH 820	College Teaching of French	3

Seminar Distribution Requirement: For the MA, students must take at least one seminar in the department in each of the three defined areas:

- Middle Ages - 16th - 17th
- 18th - 19th
- 20th - 21st - Francophone and Global French Studies

Note: seminars spanning more than one of these areas may be counted for only one of the areas they cover.

BREADTH REQUIREMENTS**Middle Ages - 16th - 17th**

Code	Title	Credits
FRENCH 639	17th-Century Literature	3
FRENCH 645	16th-Century French Literature	3
FRENCH/ MIEVAL 701	Introduction to Old French	3
FRENCH/ MIEVAL 704	La Litterature Francaise du XIV et du XV Siecle	3
FRENCH/ MIEVAL 705	La Litterature Francaise des Debuts Jusqu a La Fin du XIII Siecle	3

18th – 19th

FRENCH 948	Seminar: Literature Questions	3

Exchange Program Course Work: Please note that courses taken while graduate students are participating in one of our exchange programs abroad do not usually count toward the completion of departmental degree requirements, although exceptions may be considered if students can provide adequate documentation of their written work, and if the Graduate Studies Committee finds the work completed abroad to be comparable to a graduate course or seminar offered in our department.

Academic and Teaching Portfolios

- **Academic Portfolio:** Starting in a student's second year of courses (third semester), the student will begin keeping a portfolio of work accomplished academically (actual contents will be explained in the research laboratory described below). Towards the end of each academic year the student will write a one-page self-evaluation that explains the portfolio accomplishments for the given year and sets goals for the year to come. The portfolio and self-evaluation will be evaluated by the student's advisor, who will provide the student with a written evaluation of progress. For students who are TAs, they begin a separate teaching portfolio in their first semester of study and maintain it as long as they have a TAship.
- **Teaching Portfolio:** A teaching portfolio will be first set up in FRENCH 820 College Teaching of French. Its purpose is to document French graduate students' growth as instructors of language, literature, and culture as they move through each stage of the program. Materials gathered from FRENCH 820 may include statements about students' teaching philosophy, other self-reflective materials, and may also draw upon other pertinent work from FRENCH 820 College Teaching of French. During the remaining semesters of the MA and post-MA for as long as students continue to teach as TAs, one short reflective statement per semester (during

those terms during which the graduate student is teaching or holding an assessment or technology TAship) will be added to the portfolio.

POLICIES**GRADUATE SCHOOL POLICIES**

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES**PRIOR COURSEWORK****Graduate Credits Earned at Other Institutions**

With program approval, students are allowed to transfer no more than 9 credits of graduate coursework from other institutions. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

Undergraduate Credits Earned at Other Institutions or UW-Madison

No credits from a UW-Madison undergraduate degree are allowed to count toward the degree.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a University Special Student at UW-Madison

With program approval, students are allowed to transfer no more than 9 credits of coursework numbered 300 or above taken as a UW-Madison University Special student. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

PROBATION

Refer to the Graduate School: Probation (<https://policy.wisc.edu/library/UW-1217/>) policy.

ADVISOR / COMMITTEE

Upon entering the department, students are each assigned a faculty advisor with whom they will work (in most cases) until they have completed all the requirements for the MA. Students who wish to change advisors should speak to the Director of Graduate Studies for French. Within two months of completing the requirements for the MA, students are requested to choose the Chair of their Prelims Committee, who may be but need not be the same as the originally assigned advisor; students' evolving research interests, among other factors, may warrant a change. The Chair of their Prelims Committee assists students with the process of preparing for the preliminary examination. Until the students complete the last preliminary examinations, they should work with their originally assigned advisor in regards to all matters other than the content and scope of the prelims (for instance: choice of classes, etc.). Upon completion of the preliminary exams, the chair of the student's dissertation proposal committee, to be set up by the student

in consultation with faculty, usually becomes the advisor, but a change of director is also possible at that time.

Students consult their advisor at least three times a year: once in September to become acquainted and address any issues related to the start of the academic year; a second time later in the fall, before course registration for the spring, in order to discuss course selection; and a third time in the spring, before course selection for the fall. Students are encouraged to contact their advisor concerning any academic problems or issues that may arise, and to engage with their advisor on an ongoing basis about their own short- and long-term concerns, plans, and interests. Advisors will mentor their advisees as well as attending to administrative functions like course selection and requirements. Advisors will actively participate in the end-of-the-year assessment of all graduate students. Additional information and clarification about requirements can be obtained from the Director of Graduate Studies for French or the Graduate Coordinator.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

Timely completion of MA requirements: The MA exam is usually taken by the end of the 4th semester of study, although earlier is possible. All requirements including the MA exam should be satisfied before the beginning of the 5th semester of graduate studies. Academic probation will be considered if all requirements including the MA exam are not completed by the beginning of the 6th semester.

Refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeeabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (<https://osas.wisc.edu/>) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)

- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

OTHER

Fellowships are available for high-ranking incoming students and dissertators. The department has a number of teaching assistantships which are granted on the basis of a candidate's previous academic record, knowledge of French, and seriousness of purpose in pursuing the PhD.

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

PROGRAM RESOURCES

The Department of French and Italian hosts several professional development workshops for our students each semester. Workshops focus on academic and non-academic professional development. Previous workshop materials are available to all students in the department.

LEARNING OUTCOMES

LEARNING OUTCOMES

1. Show broad knowledge of French and Francophone literature and culture.
2. Master a broad range of texts fundamental to French and Francophone studies.
3. Demonstrate critical understanding of the major works in literature and the history of ideas that have been written in French from the Middle Ages up to the present.
4. Show the ability to analyze literary texts of various genres, and to formulate well-informed, interpretive arguments about them.
5. Identify, select, and retrieve primary and secondary sources pertaining to questions in French and Francophone literature.
6. Analyze and interpret the theories, research methods, and approaches to inquiry in this discipline.
7. Demonstrate adequate proficiency in French to lead a well-informed discussion of literature and culture.
8. Communicate clearly and appropriately in both written and spoken French
9. Demonstrate skills as teachers of the French language and French/Francophone culture at the college level: the ability to create level- and course-appropriate instructional objectives, activities, and assessments for teaching language, literature, and culture; the ability to use instructional technologies appropriately to enhance

the teaching of language, literature, and culture; the capacity to incorporate insights from second language acquisition theory and current best practices in foreign language teaching into instruction.

10. Recognize and apply principles of ethical and professional conduct.

PEOPLE

PEOPLE

FRENCH FACULTY AND ACADEMIC STAFF

Professors: Gilles Bousquet, Jan Miernowski, Florence Vatan and Anne Vila

Associate Professors: Joshua Armstrong, Nevine El Nossery and Heather Allen

Teaching Faculty II: Dr. Ritt Deitz and Dr. Anne Theobald

Senior Lecturer: Dr. Ewa Miernowska

FRENCH, PHD

The MA and PhD programs in French offer a first-rate faculty in all the areas of French and Francophone literature and culture. The program emphasizes broad coverage as well as specialization, and is organized so as to take advantage of the quality and range of the faculty. A Wisconsin PhD has the ability to teach not only a very focused topic of research, but also much of the French literary tradition.

The French graduate program offers a wide array of courses and seminars each semester, providing a fairly even distribution across the various literary periods in most academic years. Courses typically meet two or three times a week and are quite broad in focus, generally exploring well-defined periods or genres, while seminars are held once a week for two hours and take up narrower topics in greater depth. Both the offerings and the requirements of the MA and PhD programs are designed to give students not only the tools necessary for specialization, but also an excellent knowledge of these extremely rich literary traditions.

Strong emphasis is placed on the practice of the language. French is the usual language of instruction in graduate courses and seminars. The department offers possibilities for international stay through exchange programs and further promotes the use of French through lectures, films, theater, and events at the French House.

The French PhD program has a fine job placement record. Its students' solid foundation in the French and Francophone literary tradition is increasingly rare among North American literature programs, as is the extensive training students receive in language pedagogy.

ADMISSIONS

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) of the**

Graduate School as well as the program(s). Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 20
Spring Deadline	The program does not admit in the spring.
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment. Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/)
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

Applicants for the PhD in French must submit all application materials by the fall application deadline.

The Graduate School sets minimum requirements for admission (<https://grad.wisc.edu/admissions/requirements/>).

GRADUATE SCHOOL APPLICATION

Refer to the following links:

- Consult the Graduate School (<http://www.wisc.edu/grad/>) website for complete information about graduate education opportunities at UW-Madison. This site is especially helpful in understanding Admissions Requirements (<http://grad.wisc.edu/admissions/requirements/>) developing a Timeline (<http://grad.wisc.edu/admissions/process/>) for application.

Materials to Upload to the Online Application

- You will need to list three people who will write letters of recommendation (<https://grad.wisc.edu/admissions/faq/>) for you. They should be in faculty or permanent academic staff positions. Since the Graduate School will contact your recommenders directly via email once you have completed your online application, you should be sure to contact each recommender at least a month prior to when the letter of recommendation is needed to let them know that they will be contacted directly by the Graduate School. If your referees are unable to upload your letter of recommendation to the online application, the letters should be sent to the graduate coordinator.
- Statement of purpose, preferably written in English
- CV
- Unofficial transcripts
- Submit the on-line Graduate School Application for Admission (<https://grad.wisc.edu/apply/>) and pay the application fee.
- GRE (<http://www.gre.org/>) (optional) institution code 1846 for UW-Madison

- English proficiency for international degree-seeking applicants. See the Graduate School Requirements (<https://grad.wisc.edu/apply/requirements/>) for more information.

Supplemental Materials

- TA/Fellowship Application: To be considered for teaching assistantship or fellowship support, you must submit to the department a document listing all relevant experience since you began studying French. **There is no specific application form—it is a document, much like a CV, that you put together yourself.** Include travel, study, or residence abroad. For teaching experience, be specific about subject, level, actual classroom hours/week, and age of students. Also indicate undergraduate and graduate honors, and how you would support yourself if UW was not able to offer support.
- Writing Sample (essay or paper in French—usually between 7 and 12 pages in length)
- List of French Literature and/or Civilization courses taken and grades received.

QUESTIONS

Contact the Graduate Coordinator.

FUNDING

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

The Department of French & Italian is committed to providing full funding (<https://grad.wisc.edu/funding/>) to all graduate students. Students who accept our offer of admission therefore receive fellowships or assistantships that cover tuition and provide eligibility to enroll in excellent comprehensive health insurance (<https://www.ohr.wisc.edu/benefits/health/#health-plans>) and other benefits (<https://www.ohr.wisc.edu/benefits/new-emp/grad.aspx#overview>). Funding is guaranteed for a minimum of 5 years of study for students entering with a BA, and a minimum of 4 years for those entering with an MA. Moreover, it has been our departmental practice to continue to offer funding beyond guarantee as possible for students in good academic standing.

Teaching assistantships, the most common form of support in our department, offer the pedagogical experience and training necessary to be competitive on the academic job market. The teaching assignment is usually one course per semester, but double sections (two sections of the same course) can also be requested for an increased stipend, when available. While the guarantee of support means students in good standing will receive funding, the exact assignments are based on need, merit, and experience. Generally, a graduate student will, over the course of study, hold a variety of positions from French 101-204, which are available every semester. Teaching assistantships to provide technology and assessment support to the French MA/PhD program are also available every semester. Students may also have the opportunity to teach more advanced courses, such as FRENCH 228 and FRENCH 271, and LITTRANS 360 depending on departmental need. For more information

about our teaching assistantships, please visit our website (<https://frit.wisc.edu/funding/>).

There are also fellowships (<https://grad.wisc.edu/funding/fellowships/>) available from several sources on campus each year, including the Chancellor's fellowship, which starts at around \$11,000 per semester. Advanced Opportunity Fellowships are also available to increase the racial and ethnic diversity of the graduate student population, as well as support economically disadvantaged and first generation college students. The department also offers a number of monetary awards every year, for academic performance and for teaching. Graduate students can also take advantage of our excellent exchange programs (<https://frit.wisc.edu/content/exchange-programs/>) during the course of their study.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW-Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail

Minimum
Credit
Requirement

Minimum
Residence
Credit
Requirement

Minimum Graduate Coursework Requirement	26 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/).
Overall Graduate GPA Requirement	3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/).
Other Grade Requirements	No other grade requirements.

Assessments and Examinations 1) Oral Proficiency Exam: Non-native speakers of French must take an Oral Proficiency Interview administered by the Department and receive a rating of at least “advanced low” during their first two weeks. Depending on the results of this test, up to 6 credits of advanced French language courses and phonetics may be required (for instance: FRENCH 311, FRENCH/INTL BUS 313, etc.).

2) Qualifying Examination: For students entering with an MA from outside of UW-Madison. Instead of the MA examination, students are required to take a qualifying examination identical to the oral part of the MA examination. The qualifying exam will be held at the start of the second semester and administered by the Qualifying exam committee. Candidates who fail will be asked to take the regular MA exam that is administered by the Department at the next exam session or during their fourth semester of study.

3) Preliminary Exams

- Field Exam: The goals of the Field Exam are twofold:

1) to guide students toward a deeper knowledge and understanding of a minimum of one area (two maximum; if two, the two areas must be clearly connected to the rationale of the chosen topic of research) of French and Francophone studies than is afforded by the MA exam; and 2) to enable them to define and narrow their interests in preparation for the greater specialization required for the dissertation.

The exam is a forty-eight-hour open-book take-home exam, consisting of three questions, one of which is necessarily not interpretative. For this question, students will be asked to summarize and critique a limited number of important critical/theory texts from their list(s). The other two essays are interpretative, either on the various rubrics within one field, or on the lists and rubrics from two areas. All the questions should be given in French, and at least one of the three responses should be written in French; the other two may be in French or English. There are no specific length requirements, but students typically write between 5 and 8 double-spaced pages per essay.

- Dissertation Proposal and Oral Exam: The goal of the exam is to evaluate students' ability to articulate the constituent elements of their dissertation topic coherently and convincingly; to test their awareness of various questions, problems, and limitations implied by their framing of their topic; and to assess their skill in defending original ideas in a well-informed and effective way. The exam may be in French or English, depending on the student's preference, but it is recommended that at least one question be asked and answered in French. Finally, the proposal should emphasize what the student brings to their chosen field that is new and exciting. Having already dealt with plenty of secondary/critical literature, the student should be able to identify what “gaps” there are in the respective field(s) and what their contribution might be. After passing their Field Exam, students choose a thesis advisor and form their dissertation committee; draft their dissertation proposal; and draw up a working bibliography. Students normally take the dissertation oral exam only

after completing all other requirements, including the PhD minor and language requirements. Students are reminded that dissertator status is not granted until the beginning of the semester following the one in which all requirements have been fulfilled. As with the Field Exam, it is up to the advisor, in consultation with the student and the other two committee members, to decide on the exact deadline for the submission of the dissertation proposal and bibliography, but that date should not be later than one month before the exam itself. The precise scheduling of the oral exam is arranged by the student and committee in consultation with the graduate coordinator.

4) Dissertation and Dissertation Defense: Our French program expects the minimum length of the dissertation to be approximately 200 pages, not including bibliography and annexes. Dissertations may be written in English or French.

In the oral examination, students will first present an overview of how they came to their dissertation topic, how it evolved during the research and writing process, what challenges the topic posed and how those challenges were met, and how the dissertation fits into their broader interests. They will then be questioned by the committee about topics relating to the dissertation, including its conceptualization, contextualization, and content.

Language Requirements PhD language requirements vary according to field chosen.

Graduate School Breadth Requirements All doctoral students are required to complete a doctoral minor or graduate/professional certificate. Refer to the Graduate School: Breadth Requirement in Doctoral Training policy: <https://policy.wisc.edu/library/UW-1200> (<https://policy.wisc.edu/library/UW-1200/>).

REQUIRED COURSES

Code	Title	Credits
Students must complete the following courses.		
FRENCH 569	Critical Approaches to Literature and Culture: French and Francophone Perspectives (must be taken in the first semester offered)	3
FRENCH 752	Research Laboratory II: Producing Professional Research (first fall semester following master's completion)	3
<i>French and Francophone Studies</i>		
Students in this category who receive teaching assistantship support must complete the following.		
FRENCH 820	College Teaching of French (before teaching in Department or concurrently in first semester of teaching)	3
FRENCH/ ITALIAN 821	Issues in Methods of Teaching French and Italian (taken any time before dissertator status)	1

Medieval Specialists

Students writing a dissertation on the medieval period must take additional courses in philology and paleography, indicated by advisor.

Seminar Distribution / Breadth Requirements

Students must complete at least 9 seminars in the department, including at least two in each of the following areas.

Middle Ages - 16th to 17th

18th to 19th

20th to 21st - Francophone and Global French Studies

Dissertators

Students in dissertator status must complete the following courses.

FRENCH 901	Seminar-Materials and Methods of Research	3
FRENCH 990	Individual Research	1-12

Dissertator Status

Students in dissertator status may register for 3 credits of FRENCH 901 in place of FRENCH 990 more than once.

Research Seminar

FRENCH 901 Seminar-Materials and Methods of Research facilitates dissertation writing. The modalities of this course is decided by the instructor. Generally, the seminar will start with students' sharing and commenting on previously completed work on the dissertation. In the second half of the semester, students present one new chapter written in the course of the semester, also to be commented on by all of the members of the seminar. The seminar members will offer critiques and suggestions to each other, and the seminar leader will introduce research techniques tailored to the participants' dissertation projects. In preparing guidance for the individual dissertator, the seminar leader will be in close touch with the dissertation advisor.

Seminar Distribution / Breadth Requirements

Proseminars and research labs do not satisfy this requirement. Seminars taken during the course of the MA are applied towards this requirement. Note: seminars whose topics span more than one of these areas may only be counted for one of the areas they cover. See the lists below for courses.

Middle Ages - 16th to 17th

Code	Title	Credits

ACADEMIC PORTFOLIO

Starting in a student's second year of courses (third semester), the student will begin keeping a portfolio of work accomplished academically. Towards the end of each academic year the student will write a one-page self-evaluation that explains the portfolio accomplishments for the given year and sets goals for the year to come. The portfolio and self-evaluation will be evaluated by the student's advisor, who will provide the student with a written evaluation of progress.

TEACHING PORTFOLIO

Students are required to collaborate once with a faculty member of their choice with regard to a non-TA taught undergraduate course the faculty member is teaching that semester. A list of undergraduate courses available for this collaboration will be communicated to students each semester by the Graduate Coordinator or the Director of graduate studies. The collaboration may be carried out as part of the work of FRENCH/ITALIAN 821 Issues in Methods of Teaching French and Italian with the agreement of the instructor, or it may be undertaken independently.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

With program approval, students are allowed to transfer no more than 9 credits of graduate coursework from other institutions. Coursework earned ten or more years prior to admission to a doctoral degree is not allowed to satisfy requirements.

Students may petition the Graduate Studies Committee for course equivalencies. A maximum of three graduate courses completed during an MA degree at other institutions may be requested. Proper documentation, including syllabi, transcripts, and written work, is necessary. Equivalencies

are granted only if the committee believes the work completed to be comparable to graduate courses or seminars offered in the Department.

Undergraduate Credits Earned at Other Institutions or UW-Madison

No credits from an undergraduate degree are allowed to count toward the degree.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a University Special Student at UW-Madison

With program approval, students are allowed to transfer no more than 9 credits of coursework numbered 300 or above taken as a UW-Madison University Special student. Coursework earned ten or more years prior to admission to a doctoral degree is not allowed to satisfy requirements.

PROBATION

Refer to the Graduate School: Probation (<https://policy.wisc.edu/library/UW-1217/>) policy.

ADVISOR / COMMITTEE

Upon entering the department, students are each assigned a faculty advisor with whom they will work (in most cases) until they have completed all the requirements for the MA. Students who wish to change advisors should speak to the Director of Graduate Studies for French. Within two months of completing the requirements for the MA, students are requested to choose the Chair of their Prelims Committee, who may be but need not be the same as the originally assigned advisor; students' evolving research interests, among other factors, may warrant a change. The Chair of their Prelims Committee assists students with the process of preparing for the preliminary examination. Until the students complete the last preliminary examinations, they should work with their originally assigned advisor in regards to all matters other than the content and scope of the prelims (for instance: choice of classes, etc.). Upon completion of the preliminary exams, the chair of the student's dissertation proposal committee, to be set up by the student in consultation with faculty, usually becomes the advisor, but a change of director is also possible at that time.

Students consult their advisor at least three times a year: once in September to become acquainted and address any issues related to the start of the academic year; a second time later in the fall, before course registration for the spring, in order to discuss course selection; and a third time in the spring, before course selection for the fall. Students are encouraged to contact their advisor concerning any academic problems or issues that may arise, and to engage with their advisor on an ongoing basis about their own short- and long-term concerns, plans, and interests. Advisors will mentor their advisees as well as attending to administrative functions like course selection and requirements. Advisors will actively participate in the end-of-the-year assessment of all graduate students. Additional information and clarification about requirements can be obtained from the Director of Graduate Studies for French or the Graduate Coordinator.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

Preliminary Examinations: The Field Exam is to be taken preferably two semesters, and definitely no later than five semesters, after completion of the MA. Academic probation will be considered if the Field Exam is not taken by the beginning of the sixth semester, after completion of the MA.

The Dissertation Proposal oral exam is to be taken within nine months of the successful completion of the Field Exam.

Foreign Language Requirement: Candidates must complete their foreign language reading requirement before being granted dissertator status.

PhD Breadth: Candidates must complete the PhD breadth requirement before being granted dissertator status.

Refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeeabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (<https://osas.wisc.edu/>) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

OTHER

Fellowships are available for high-ranking incoming students and dissertators. The department has a number of teaching assistantships

which are granted on the basis of a candidate's previous academic record, knowledge of French, and seriousness of purpose in pursuing the PhD.

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

PROGRAM RESOURCES

The Department of French and Italian hosts several professional development workshops for our students each semester. Workshops focus on academic and non-academic professional development. Previous workshop materials are available to all students in the department.

LEARNING OUTCOMES

LEARNING OUTCOMES

1. Demonstrate thorough knowledge and critical understanding of two areas of French and Francophone literature, and of the historical and social contexts that have influenced the works examined in their dissertation.
2. Show the ability to synthesize and define a field of inquiry in a persuasive, coherent, and original way.
3. Make effective use of research sources, tools, and strategies in the field of French and Francophone literature.
4. Demonstrate, in the writing of their Ph.D. dissertation, an originality of thinking and insight that reaches beyond the current boundaries of knowledge within the field of study.
5. Articulate awareness of various questions, problems, and limitations implied by their framing of their topic.
6. Contribute substantially to their area of specialization, and be able to engage in a dialogue with other experts in that area.
7. Communicate and defend complex ideas in a clear and understandable manner, in both French and English.
8. Be capable of applying their investigative skills to a variety of fields within French-speaking literature and cultures.
9. Show reading knowledge of a second foreign language pertinent to their research specialty (and, for specialists of Medieval and 16th-century French literature, a third foreign language).
10. Be prepared to be effective teachers of French/Francophone literature, culture, and language at the college and university levels.
11. Foster ethical and professional conduct.

ITALIAN, DOCTORAL MINOR

ADMISSIONS

ADMISSIONS

All Graduate School students must utilize the Graduate Student Portal in MyUW to add, change, or discontinue any doctoral minor. To apply to this minor, log in to MyUW, click on Graduate Student Portal, and then click on Add/Change Programs. Select the information for the doctoral minor for which you are applying.

REQUIREMENTS

REQUIREMENTS

Students must take a minimum of 12 credits in Italian literature, linguistics, or cinema numbered 400 or above (ITALIAN 340 Structures of Italian is allowed).

PRIOR COURSEWORK

Students may be given credit for graduate or advanced undergraduate courses in Italian taken at other universities prior to enrollment at UW-Madison. No more than 6 such credits may be transferred.

PEOPLE

PEOPLE

ITALIAN FACULTY

Professors: Stefania Buccini, Ernesto Livorni and Patrick Rumble
Associate Professors: Grazia Menechella (chair), Kristin Phillips-Court and Jelena Todorovic
Teaching Faculty II: Director of the Italian Language Program, Dr. Loren Eadie

ITALIAN, MA

The Italian program offers the master of arts and PhD degrees. In most academic years, a wide array of courses and seminars is offered each semester to provide an even distribution across various literary periods. Courses typically meet two or three times a week and are broad in focus, generally exploring well-defined periods or genres. Seminars are held once a week for two hours and take up narrower topics in greater depth. Typical course offerings over a two- to three-year period cover all centuries of Italian literature and a wide variety of topics, including Italian culture, cinema, civilization, and linguistics. Strong emphasis is placed on the practice of the language; Italian is the usual language of instruction in graduate courses and seminars.

Graduate students gain a solid foundation not only in scholarship and criticism, but also in teaching. All admitted students receive guarantees of support. The standard offer to an incoming teaching assistant provides

a guarantee of four or five years of support, depending on whether the student has already done graduate work elsewhere.

The department offers regular workshops designed to give students an overview of the job market and how to best prepare for it, making its placement record outstanding. As one of the largest Italian programs in North America, the department offers an unparalleled opportunity to study Italian literature, linguistics, and culture.

ADMISSIONS

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) of the Graduate School as well as the program(s).** Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 20
Spring Deadline	The program does not admit in the spring.
Summer Deadline	The program does not admit in the summer.
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment. Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

Note that if you have received only a bachelor's degree and intend to go on to our PhD program after completing your MA, please apply directly to the PhD program (p. 821).

Applicants must submit all application materials by the fall application deadline.

GRADUATE SCHOOL APPLICATION

Refer to the following links:

- Consult the Graduate School (<http://www.wisc.edu/grad/>) website for complete information about graduate education opportunities at UW-Madison. This site is especially helpful in understanding admissions requirements (<http://grad.wisc.edu/admissions/requirements/>) and developing a timeline (<https://grad.wisc.edu/apply/>) for application.

Materials

Upload the following to the online application:

- Three letters of recommendation (<https://grad.wisc.edu/apply/#FAQ>). Recommenders should be in faculty or permanent academic staff positions. Since the Graduate School will contact your recommenders directly via e-mail once you have completed your online application, you should be sure to contact each recommender at least a month prior to when the letter of recommendation is needed to let them know that they will be contacted directly by the Graduate School. If your referees are unable to upload your letter of recommendation to the online application, the letters should be sent to the Graduate School Coordinator (email listed in contact information box).
- Statement of purpose, preferably written in English
- CV
- Unofficial transcripts
- Submit the online Graduate School Application for Admission (<https://grad.wisc.edu/apply/>) and pay the application fee.
- GRE (<http://www.gre.org/>) (not required) institution code 1846 for UW-Madison
- International degree-seeking applicants will need to provide English proficiency. See the Graduate School requirements (<https://grad.wisc.edu/apply/requirements/>) for specific information.

Supplemental Materials

- TA/Fellowship Application: To be considered for teaching assistantship or fellowship support, you must submit to the department a document listing all relevant experience since you began studying Italian. **There is no specific application form—it is a document, much like a CV, that you put together yourself.** Include travel, study, or residence abroad. For teaching experience, be specific about subject, level, actual classroom hours/week, and age of students. Also indicate undergraduate and graduate honors, and how you would support yourself if UW was not able to offer support.
- Writing sample (essay or paper in Italian—usually between 7 and 12 pages in length)

QUESTIONS

Contact graduate coordinator (email listed in contact information box).

FUNDING

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

The Department of French & Italian is committed to providing full funding (<https://grad.wisc.edu/funding/>) to all graduate students. Students who accept our offer of admission therefore receive fellowships or assistantships that cover tuition and provide eligibility to enroll in excellent comprehensive health insurance (<https://www.ohr.wisc.edu/benefits/health/#health-plans>) and other benefits (<https://www.ohr.wisc.edu/benefits/new-emp/grad.aspx#overview>). Funding is guaranteed for a minimum of 5 years of study for students entering with a BA, and a

minimum of 4 years for those entering with an MA. Moreover, it has been our departmental practice to continue to offer funding beyond guarantee as possible for students in good academic standing.

Teaching assistantships, the most common form of support in our department, offer the pedagogical experience and training necessary to be competitive on the academic job market. The teaching assignment is usually one course per semester, but double sections (two sections of the same course) can also be requested for an increased stipend, when available. While the guarantee of support means students in good standing will receive funding, the exact assignments are based on need, merit, and experience. Generally, a graduate student will, over the course of study, hold a variety of positions from ITALIAN 101-204, which are available every semester. Students may also have the opportunity to teach more advanced courses, such as ITALIAN 312 and ITALIAN 322, and LITTRANS 360 depending on departmental need. For more information about our teaching assistantships, please visit our website (<https://frit.wisc.edu/funding/>).

There are also fellowships (<https://grad.wisc.edu/funding/fellowships/>) available from several sources on campus each year, including the Chancellor's fellowship, which starts at around \$11,000 per semester. Advanced Opportunity Fellowships are also available to increase the racial and ethnic diversity of the graduate student population, as well as support economically disadvantaged and first generation college students. The department also offers a number of monetary awards every year, for academic performance and for teaching.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

MODE OF INSTRUCTION DEFINITIONS

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW-Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail	
Minimum Credit Requirement	30 credits
Minimum Residence Credit Requirement	16 credits
Minimum Graduate Coursework Requirement	18 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/).
Overall Graduate GPA Requirement	3.25 GPA required.
Other Grade Requirements	No other grade requirements.
Assessments and Examinations	Formal examination required. No thesis requirement.
Language Requirements	No language requirements.

REQUIRED COURSES

Students must complete 24 credits of ITALIAN (<http://guide.wisc.edu/courses/italian/>) courses numbered 500 and above. The remaining 6 credits must be in graduate-level courses, including courses numbered 300 and above with the "Grad 50%" attribute. Courses are chosen in consultation with advisor.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

With program approval, students are allowed to transfer no more than 6 credits of graduate coursework from other institutions. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

Undergraduate Credits Earned at Other Institutions or UW-Madison

No credits from a UW-Madison undergraduate degree are allowed to transfer toward the degree.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a University Special Student at UW-Madison

With program approval, students are allowed to transfer no more than 6 credits of coursework numbered 300 or above taken as a UW-Madison University Special student. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

PROBATION

Refer to the Graduate School: Probation (<https://policy.wisc.edu/library/UW-1217/>) policy.

ADVISOR / COMMITTEE

All students are required to conduct a yearly progress report meeting with their advisor.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

Refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employeedisabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (<https://osas.wisc.edu/>) (for all students to seek grievance assistance and support)

- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

OTHER

In most cases, the department offers five-year guarantees of support (for students with no prior graduate work) and four-year guarantees of support (for students with prior graduate work) to incoming students. During this period of guaranteed support, students usually hold a fellowship or teaching assistantship. Decisions on support are made in February and offers are usually sent out in early March.

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

PROGRAM RESOURCES

The Department of French and Italian hosts several professional development workshops for our students each semester. Workshops focus on academic and non-academic professional development. Previous workshop materials are available to all students in the department.

LEARNING OUTCOMES

LEARNING OUTCOMES

1. Demonstrate critical understanding of the major works of Italian literature and culture from the Middle Ages up to the present.
2. Lead a well-informed discussion of literature and culture utilizing an adequate proficiency of Italian.
3. Master methods of literary and cultural analysis in their specific areas of interest.
4. Examine literary texts of various genres and write competent critical and analytical essays
5. Lead a well-informed discussion of literature and culture utilizing an adequate proficiency of Italian.
6. Identify, select, and retrieve primary and secondary sources pertaining to questions in Italian literature and culture.
7. Recognizes and applies principles of ethical and professional conduct.
8. Create level- and course-appropriate instructional objectives, activities, and assessments for teaching language, literature, and culture.
9. Use instructional technologies appropriately to enhance the teaching of language, literature, and culture.

10. Incorporate insights from second language acquisition theory and current best practices in foreign language teaching into instruction.

-------------------------------------	---

REQUIRED COURSES

Students choose courses in consultation with their advisor.

Students without an MA degree in Italian from UW–Madison are expected to have a background in the subject areas indicated by the MA reading list. Students in this category are required to pass the qualifying examination by the end of the second semester in the PhD program. It may be taken only once.

Students must take a seminar (ITALIAN 951 and/or ITALIAN 952) in an area of Italian studies each semester until they have passed the preliminary examinations. In any given semester, this request may be waived upon approval by the associate chair for Italian. It is expected that students will complete the bulk of the coursework for their breadth and foreign language reading requirements after taking their first set of preliminary examinations. Students are encouraged to plan ahead for a timeline to take these courses, and if a student wishes to take a course for their breadth or foreign language requirement as part of their full-time load of 9 credits prior to that time, they may do so with approval from their advisor.

It is very rare that requests to take breadth or foreign language classes during the first year of study would be granted. Advisors reserve the right to deny a student permission to take these classes (prior to the time of passing the first set of prelims) if doing so would directly conflict with a course offering in Italian which was important to the student's area of research.

At any time, students may take a course for their breadth or foreign language reading requirement as a fourth course, in addition to the 9-credit requirement in Italian, without needing approval from their advisor.

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

With program approval, students are allowed to transfer no more than 6 credits of graduate coursework from other institutions. Coursework earned ten years or more prior to admission to a doctoral degree is not allowed to satisfy requirements.

Undergraduate Credits Earned at Other Institutions or UW–Madison

No credits from an undergraduate degree are allowed to transfer toward the degree.

Credits Earned as a Professional Student at UW–Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a University Special Student at UW–Madison

With program approval, students are allowed to transfer no more than 6 credits of coursework numbered 300 or above taken as a UW–Madison University Special student. Coursework earned ten years or more prior to admission to a doctoral degree is not allowed to satisfy requirements.

PROBATION

Refer to the Graduate School: Probation (<https://policy.wisc.edu/library/UW-1217/>) policy.

ADVISOR / COMMITTEE

All students are required to conduct a yearly progress report meeting with their advisor.

CREDITS PER TERM ALLOWED

15 credits

TIME LIMITS

Refer to the Graduate School: Time Limits (<https://policy.wisc.edu/library/UW-1221/>) policy.

GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (<https://doso.students.wisc.edu/bias-or-hate-reporting/>)
- Graduate Assistantship Policies and Procedures (<https://hr.wisc.edu/policies/gapp/#grievance-procedure>)
- Hostile and Intimidating Behavior Policies and Procedures (<https://hr.wisc.edu/hib/>)
 - Office of the Provost for Faculty and Staff Affairs (<https://facstaff.provost.wisc.edu/>)
- Employee Assistance (<http://www.eao.wisc.edu/>) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (<https://employee disabilities.wisc.edu/>) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (<https://grad.wisc.edu/>) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (<https://compliance.wisc.edu/>) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (<https://osas.wisc.edu/>) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (<https://conduct.students.wisc.edu/>) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (<http://www.ombuds.wisc.edu/>) (for employed graduate students and post-docs, as well as faculty and staff)

- Title IX (<https://compliance.wisc.edu/titleix/>) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances. They may also contact the L&S Academic Divisional Associate Deans, the L&S Associate Dean for Teaching and Learning Administration, or the L&S Director of Human Resources.

OTHER

In most cases, the department offers five-year guarantees of support (for students with no prior graduate work) and four-year guarantees of support (for students with prior graduate work) to incoming students. During this period of guaranteed support, students usually hold a fellowship or teaching assistantship. Decisions on support are made in February and offers are usually sent out in early March.

PROFESSIONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (<https://grad.wisc.edu/pd/>) to build skills, thrive academically, and launch your career.

PROGRAM RESOURCES

The Department of French and Italian hosts several professional development workshops for our students each semester. Workshops focus on academic and non-academic professional development. Previous workshop materials are available to all students in the department.

LEARNING OUTCOMES

LEARNING OUTCOMES

1. Demonstrate thorough knowledge and critical understanding of their area of specialization.
2. Synthesize and define a field of inquiry in a persuasive, coherent, and original way.
3. Make effective use of research sources, tools, and strategies in the field of Italian literature and culture.
4. Demonstrate, in the writing of their Ph.D. dissertation, an originality of thinking and insight that reaches beyond the current boundaries of knowledge within the field of study.
5. Articulate awareness of various questions, problems, and limitations implied by their framing of their topic.
6. Contribute substantially to their area of specialization, and engage in a dialogue with other experts in that area.
7. Fosters ethical and professional conduct.
8. Communicate and defend complex ideas in a clear and understandable manner, in both Italian and English.
9. Show reading knowledge of a second foreign language pertinent to their research specialty.
10. Be prepared to be effective teachers of Italian culture, and language at the college and university levels.

PEOPLE

PEOPLE

ITALIAN FACULTY AND ACADEMIC STAFF

Professors: Stefania Buccini, Ernesto Livorni and Patrick Rumble

Associate Professors: Grazia Menechella (chair), Kristin Phillips-Court and Jelena Todorovic

Teaching Faculty II: Director of the Italian Language Program, Dr. Loren Eadie

GAYLORD NELSON INSTITUTE FOR ENVIRONMENTAL STUDIES

DEGREES/MAJORS, DOCTORAL MINORS, GRADUATE/PROFESSIONAL CERTIFICATES

- Culture, History and Environment, Doctoral Minor (p. 824)
- Culture, History and Environment, Graduate/Professional Certificate (p. 825)
- Energy Analysis and Policy, Doctoral Minor (p. 827)
- Energy Analysis and Policy, Graduate/Professional Certificate (p. 829)
- Environment and Resources, Doctoral Minor (p. 831)
- Environment and Resources, MS (p. 831)
- Environment and Resources, PhD (p. 839)
- Environmental Conservation, MS (p. 846)
- Sustainability, Graduate/Professional Certificate (p. 857)
- Water Resources Management, Doctoral Minor (p. 858)
- Water Resources Management, MS (p. 861)

CULTURE, HISTORY AND ENVIRONMENT, DOCTORAL MINOR

The Center for Culture, History, and Environment (CHE) provides a home for faculty and graduate students from across campus to explore changing human-environment interactions across the broad sweep of history in an interdisciplinary setting. Graduate student involvement is at the core of CHE's mission, and graduate students from all disciplines are invited to take part in the full range of CHE's activities, events, scholarly collaborations, and professional development opportunities. CHE offers two main avenues for graduate student involvement: a non-curricular affiliation in the form of Graduate Student Associate status, and a curricular track in the form of the CHE Certificate or PhD Minor.

Eligibility: Any currently enrolled graduate student at UW–Madison at the PhD level and not pursuing any other minor field.

Benefits:

- Completed PhD minor will appear on transcript
- Demonstrates rigorous academic engagement with interdisciplinary environmental studies
- Ability to construct a tailored minor course of study that counts as an “Option A” minor program

ADMISSIONS

ADMISSIONS

To apply:

- Find a CHE faculty associate who is willing to serve as your CHE advisor.
- Complete the form available here (https://uwmadison.co1.qualtrics.com/jfe/form/SV_7WmbG4EG7c4mAPX/) and submit with an unofficial transcript.
- Apply through the UW–Madison Graduate Student Portal.

All Graduate School students must utilize the Graduate Student Portal in MyUW to add, change, or discontinue any major/named option, doctoral minor, or graduate/professional certificate. To apply to this doctoral minor, please log in to MyUW, click on Graduate Student Portal, and then click on Add/Change Programs. The CHE curricular coordinator will review your application for admittance, and reach out to you if they have any further questions.

Admission process: CHE Curriculum Committee reviews applications on a rolling schedule.

REQUIREMENTS

REQUIREMENTS

Requirements:

- ENVIR ST 922 Historical and Cultural Methods in Environmental Research (also known as the “CHE methods seminar”)
- 6-credit plan of study.
Each CHE graduate student works with her/his/their CHE faculty advisor to design a tailored plan of study. The plan of study must be relevant to the student’s chosen area of focus. The area of focus should be related to human dimensions of an environmental issue. Examples of areas of focus include (but are certainly not limited to): posthumanism and the human-wildlife interface; critical engagements with conservation science; feminist political ecology and/or ecofeminisms; history of indigenous landscapes and cultures in Central America; environmental justice and Latinx, Black, and/or other minoritized communities in the US; food insecurity and sovereignty; the literature and/or art of polluted spaces.
- Average GPA for coursework must be 3.00 or higher.

PEOPLE

PEOPLE

CHE Leadership: <https://che.nelson.wisc.edu/leadership> (<https://che.nelson.wisc.edu/leadership/>)

CULTURE, HISTORY AND ENVIRONMENT, GRADUATE/PROFESSIONAL CERTIFICATE

The CHE certificate, administered by the Nelson Institute’s Center for Culture, History, and Environment, captures the spirit of interdisciplinarity at the heart of CHE and the collaborations that have been forged across the Nelson Institute, the College of Letters & Science, and the College of Agricultural and Life Sciences. Departments, programs, and schools represented by CHE faculty and graduate students include American Indian Studies, Anthropology, Art History, Botany, Community and Environmental Sociology, English, Forest and Wildlife Ecology, Gender and Women’s Studies, Geography, History, History of Science, Journalism and Mass Communication, Law, Landscape Architecture, Limnology, and Zoology.

The environmental challenges we face today arise as much from human actions as from natural processes. Only at our peril do we forget that nature, in all its myriad forms, is inextricably bound up with every aspect of human culture, economy, and politics. In attending to past environmental and cultural change, and in synthesizing diverse research methods and approaches drawn from across the full spectrum of humanities, natural sciences, and social sciences, the certificate in culture, history, and environment contributes in important ways to the understanding of past, present, and future environmental issues through interdisciplinary education and research.

Through the CHE Environmental History Colloquia, the annual Place-Based Workshops, and the Graduate Symposium, among other activities, CHE has created a lively, engaged community of faculty, graduate students, and others from a wide array of academic disciplines to investigate environmental and cultural change in the full sweep of human history. The CHE certificate considers applications from students in any graduate degree program at UW–Madison. By entering CHE early in their graduate studies and planning carefully, students often can select courses that satisfy both their degree program and CHE requirements.

CHE is not available as a stand-alone graduate degree. Master’s and doctoral students who complete the requirements receive a certificate in CHE to supplement their graduate degree, or doctoral students can instead complete the program as an external minor. Doctoral students cannot claim CHE as both a certificate and an external minor; they must choose one or the other.

ADMISSIONS

ADMISSIONS APPLICATIONS

To apply:

1. Find a Culture, History and Environment faculty associate who is willing to serve as your advisor.
2. Complete the form available here (https://uwmadison.co1.qualtrics.com/jfe/form/SV_7WmbG4EG7c4mAPX/) and submit with an unofficial transcript.
3. Apply through the UW-Madison Graduate Student Portal.

All Graduate School students must utilize the Graduate Student Portal in MyUW to add, change, or discontinue any graduate/professional certificate. To apply to this certificate, log in to MyUW, click on Graduate Student Portal, and then click on Add/Change Programs. Select the information for the certificate for which you are applying. Professional students in the careers of Law, Medicine, Pharmacy, and Veterinary cannot add the certificate in the Graduate Student Portal, and should contact the program for more information.

The certificate coordinator will review your application for admittance and reach out to you if they have any further questions.

ADMISSIONS PROCESS

Culture, History and Environment Curriculum Committee reviews applications on a rolling schedule.

REQUIREMENTS

REQUIREMENTS

Students must complete 12 credits, including ENVIR ST 922 Historical and Cultural Methods in Environmental Research. Courses should represent a thematically coherent selection related to past environmental and cultural change and expose students to research approaches outside of their home discipline. An advisor approved plan of study must be reviewed and approved by the Culture, History and Environmental curriculum subcommittee.

The plan of study must be relevant to the student's chosen area of focus. The area of focus should be related to human dimensions of an environmental issue, distinct from the focus of their major program. Examples of areas of focus include (but are certainly not limited to):

- posthumanism and the human-wildlife interface
- critical engagements with conservation science
- feminist political ecology and/or ecofeminisms
- history of indigenous landscapes and cultures in Central America
- environmental justice and Latinx, Black, and/or other minoritized communities in the US
- food insecurity and sovereignty
- the literature and/or art of polluted spaces

SAMPLE COURSES

Below is a sample of courses that have been used as area of focus courses, but students are not limited to these courses when developing their plan of study.

Code	Title	Credits
AGROECOL 701	The Farm as Socio-Environmental Endeavor	3
AMER IND/ ENVIR ST 306	Indigenous Peoples and the Environment	3
AMER IND/ ANTHRO/ BOTANY 474	Ethnobotany	3-4
AMER IND/ GEOG 410	Critical Indigenous Ecological Knowledges	3
C&E SOC/ENVIR ST/ SOC 540	Sociology of International Development, Environment, and Sustainability	3
ENGL/ ENVIR ST 533	Topic in Literature and the Environment (Topic: EcoPoetry)	3
ENGL 817	Seminar-American Literature (Topic: Plantationocene)	3
ENGL 825	Topics in Literature and the Environment (Topic: Queer Ecologies)	3
ENVIR ST 404	Special Topics in Environmental Humanities (Topic: Race and Environmental Studies)	1-3
ENVIR ST/ GEOG 537	Culture and Environment	4
ENVIR ST/ URB R PL 917	Public Participation for Planning and Policy Making	3
FOLKLORE/ MUSIC 915	Seminar in Ethnomusicology (Topic: Listening, Sound, Climate Change)	3
F&W ECOL 379	Principles of Wildlife Management	3
F&W ECOL 875	Special Topics (Politics Policy of Environmental Change)	1-4
FRENCH 948	Seminar: Literature Questions (Strange Ecologies)	3
GEN&WS 340	Topics in LGBTQ Sexuality (Queering Ecofeminism Environmental Racism)	3
GEN&WS 533	Special Topics in Gender and Biology (Gender, Race, and Botany)	3
GEOG 501	Space and Place: A Geography of Experience	3
GEOG 566	History of Geographic Thought	3
GEOG 930	Seminar in People-Environment Geography (Political Ecology of Environmental Change)	2-3
HISTORY/ENVIR ST/ GEOG 460	American Environmental History	4
HISTORY/ ENVIR ST 465	Global Environmental History	3-4
HISTORY 705	Topics in Global History (Historical Political Ecology)	3
HIST SCI 909	History of Biology and Medicine	3

HORT 380	Indigenous Foodways: Food and Seed Sovereignty	2
INTER-HE 792	Theories and Perspectives in Human Ecology	1-2
SOC/C&E SOC 948	Seminar: Environmental Sociology	3
SOIL SCI/ AN SCI/DY SCI/ FOOD SCI 472	Animal Agriculture and Global Sustainable Development	1

LEARNING OUTCOMES

LEARNING OUTCOMES

1. Gain knowledge of human dimensions of the environment, by learning about the diverse interests, experiences and meanings that different people have associated with the natural world.
2. Become familiar with different methodologies associated with the environmental humanities.
3. Deploy diverse methods - including and especially historical and cultural methods - to approach, interpret, and explain environmental change across space and/or time.

PEOPLE

PEOPLE

CHE Leadership: <https://che.nelson.wisc.edu/leadership/>

ENERGY ANALYSIS AND POLICY, DOCTORAL MINOR

Admissions to the Energy Analysis and Policy doctoral minor have been suspended as of fall 2022 and will be discontinued as of fall 2026. If you have any questions, please contact the department.

Those wishing to pursue Energy Analysis and Policy to fulfill their doctoral breadth requirement may do so through the Energy Analysis and Policy graduate certificate (p. 829).

The Energy Analysis and Policy (EAP) doctoral minor provides PhD students with the opportunity to customize their graduate experience and add energy training to their degree program at the University of Wisconsin–Madison. The EAP doctoral minor fulfills the “Option A” minor requirement for PhD students and adds an energy credential to one’s transcript. Graduate students can complete either the EAP doctoral minor or the EAP graduate certificate (p. 829), but not both.

Since its formation in 1980, EAP has provided students with the skills and knowledge needed by professionals in government, energy companies, consulting firms, and other organizations. EAP draws students from across campus. Particularly large student groups from public policy, environmental studies, engineering, and urban planning pursue the certificate because of the program’s interdisciplinary curriculum which considers a wide range of technical, economic, political, and social factors that shape energy policy formulation and decision-making.

ADMISSIONS

ADMISSIONS

Admissions to the Energy Analysis and Policy doctoral minor have been suspended as of fall 2022 and will be discontinued as of fall 2026. If you have any questions, please contact the department.

EAP welcomes applications from students in any doctoral degree program at UW-Madison. Students may apply to the EAP program concurrently with their graduate school application or once they have matriculated at UW-Madison.

While there are no prerequisites to the program, it is recommended that EAP applicants have completed at least one college-level course in each of the following five subject areas: physical science (physics or chemistry); natural science (biology, environmental, geology or atmospheric and oceanic); economics; social sciences or humanities (besides economics); and calculus or statistics.

HOW TO APPLY

To apply for the EAP doctoral minor, students must complete the online **Energy Analysis and Policy (EAP) application form (<https://go.wisc.edu/EAP-apply/>)**, which includes the following elements:

DEADLINES

1. Information on prior educational attainment
2. Information on degree program being pursued

Applications to EAP may be submitted at any time, but applicants are encouraged to apply early in their graduate career to ensure timely completion of doctoral minor requirements and to access additional benefits (e.g. funding, networking events) available exclusively to students in the EAP program. Students may take courses that meet the minor requirements prior to completing their application.

REQUIREMENTS

REQUIREMENTS

Each EAP student must complete four courses (12 credits), including an introductory course, a capstone course, and one course from each of two categories: *Energy Analysis* and *Energy Policy*. Courses in the *Energy Analysis* category involve quantitative analysis of the technical and economic factors that shape society’s use of energy resources. Courses in the *Energy Policy* category involve the social, political, and environmental factors that underly decision-making around energy choices.

Some courses listed in the *Energy Analysis* category may have some overlap with the *Energy Policy* category, and vice versa. Students who wish to use a course for the opposite category that it is listed in should submit a written request to the EAP Academic Coordinator or Faculty Chair. Students should provide a course syllabus and a written justification for why the course should qualify for the other category in the context of their overall course of study, with the EAP Chair making the final decision on whether to accept the request.

The following courses are offered regularly, though other courses (with approval by the EAP faculty program committee) may fulfill one of the requirements below (see note under Other Qualifying Courses (p. 828)).

Code	Title	Credits

Total Credits		12

OTHER QUALIFYING COURSES

Because the scheduling of the preceding courses is coordinated with the needs of their home departments, EAP cannot guarantee that specific courses will always be offered at specific times or rotations. Each semester, the EAP program faculty will consider other qualifying courses for the upcoming semester that fulfill one of the categories above. Once approved, the EAP Academic Coordinator will distribute a list of course offerings for the upcoming semester to students in the EAP program.

COURSE SUBSTITUTIONS

Students may propose course substitutions by contacting the Academic Coordinator or the Faculty Chair. The EAP Chair makes the final decision. Students should provide a course syllabus and a letter of endorsement from the faculty member teaching the course, preferably before the start of the course. The substitution proposal will be considered based upon the following criteria:

1. the extent to which the course content is devoted to energy
2. the rigor of methodology applied to the course material
3. the context of the class with respect to the student's study plan

ENERGY ANALYSIS AND POLICY, GRADUATE/PROFESSIONAL CERTIFICATE

The Energy Analysis and Policy certificate (EAP) provides students with the opportunity to customize their graduate experience, adding energy training to any graduate degree program offered at the University of Wisconsin–Madison. Graduate students can complete the EAP certificate by selecting courses that meet both their degree and EAP requirements. As such, most students can add EAP onto a degree without any additional time or cost. PhD students may use the EAP certificate to fulfill their doctoral breadth requirement (<https://policy.wisc.edu/library/UW-1200/>), though in this case courses may not be double-counted for major requirements. Many prospects choose UW–Madison specifically to participate in the EAP program, while others join EAP upon learning about it after matriculation.

Since its formation in 1980, EAP has provided students with the skills and knowledge needed by professionals in government, energy companies, consulting firms, and other organizations. EAP draws students from across campus. Particularly large student groups from public policy, environmental studies, engineering, and urban planning pursue the certificate because of the program's interdisciplinary curriculum which considers a wide range of technical, economic, political, and social factors that shape energy policy formulation and decision-making.

ADMISSIONS

ADMISSIONS

Applicants may apply to the Energy Analysis and Policy certificate concurrently with their graduate school application or once matriculated at UW–Madison. Acceptance into the certificate is contingent on enrollment in a graduate degree program.

While there are no prerequisites, it is recommended applicants have completed at least one college-level course in each of the following five subject areas:

- physical science (physics or chemistry);
- natural science (biology, environmental, geology or atmospheric and oceanic);
- economics;
- social sciences or humanities (besides economics); and
- calculus or statistics.

HOW TO APPLY

To declare the certificate, applicants must complete the online **Energy Analysis and Policy (EAP) application form** (<https://go.wisc.edu/EAP-apply/>), which includes the following elements:

1. Information on prior educational attainment
2. Information on degree program being pursued
3. A brief statement of interest in the program

4. For applicants to the Environment and Resources MS or PhD programs, the Energy Analysis and Policy certificate application provides a matching service with potential thesis advisors.

All Graduate School students must utilize the Graduate Student Portal in MyUW to add, change, or discontinue any graduate/professional certificate. To apply to this certificate, log in to MyUW, click on Graduate Student Portal, and then click on Add/Change Programs. Select the information for the certificate for which you are applying. Select the information for the Energy Analysis and Policy certificate. Professional students in the careers of Law, Medicine, Pharmacy, and Veterinary cannot add the certificate in the Graduate Student Portal, and should contact the program for more information.

DEADLINES

Applications may be submitted at any time, but applicants are encouraged to apply before the end of their first year in graduate school to ensure timely completion of certificate requirements. Students may take courses that meet certificate requirements prior to completing their application.

ENVIR ST/ POLI SCI/ PUB AFFR 866	Global Environmental Governance
LAW 848	Introduction to Environmental Law
M H R 710	Challenges & Solutions in Business Sustainability
URB R PL 551	Climate Action Planning: Sustainable Transportation
Total Credits	13

¹ Because this is a 2-credit course, students selecting this course option are required to take an additional 1-credit course in consultation with the certificate coordinator.

COURSE CATEGORIES

Courses in the Energy Analysis category involve quantitative analysis of the technical and economic factors that shape society's use of energy resources. Courses in the Energy Policy category involve the social, political, and environmental factors that underly decision-making around energy choices. Some courses listed in the Energy Analysis category may have some overlap with the Energy Policy category, and vice versa.

Students who wish to use a course for the opposite category that it is listed in should submit a written request to the Energy Analysis and Policy Academic Coordinator or Faculty Chair. Students should provide a course syllabus and a written justification for why the course should qualify for the other category in the context of their overall course of study, with the Energy Analysis and Policy Chair making the final decision on whether to accept the request.

The courses listed in the table are offered regularly. Other courses (with approval by the Energy Analysis and Policy faculty program committee) may fulfill one of minor requirements (see note under Other Qualifying Courses).

OTHER QUALIFYING COURSES

Because the scheduling of the preceding courses is coordinated with the needs of their home departments, the program cannot guarantee specific courses will always be offered at specific times or rotations. Each semester, program faculty will consider other qualifying courses for the upcoming semester that fulfill one of the categories above. Once approved, the Energy Analysis and Policy Academic Coordinator will distribute a list of course offerings for the upcoming semester to students in the certificate.

COURSE SUBSTITUTIONS

Students may propose course substitutions by contacting the Academic Coordinator or the Faculty Chair. The Energy Analysis and Policy Chair makes the final decision. Students should provide a course syllabus and a letter of endorsement from the faculty member teaching the course, preferably before the start of the course. The substitution proposal will be considered based upon the following criteria:

1. extent to which the course content is devoted to energy,
2. rigor of methodology applied to the course material and
3. context of the class with respect to the student's study plan.

LEARNING OUTCOMES

LEARNING OUTCOMES

1. Demonstrate an awareness of the variety of energy sources and energy conversion technologies and master the language and scientific basis required to engage in the analysis of energy topics.
2. Analyze and compare the sustainability of different energy sources/technologies from the perspective of engineering, economics, environmental impacts, and security of supply.
3. Demonstrate an awareness of the socio-political institutions that govern the energy industry and the societal and social justice impacts of energy policies.
4. Prepare for energy-related career pathways in industry, government, academia, NGOs, regulatory agencies and energy consulting. Gain experience by participating in "real-life" projects for actual clients in multidisciplinary student groups.

ENVIRONMENT AND RESOURCES, DOCTORAL MINOR

Environment and Resources is an interdisciplinary program intended to prepare its graduates to undertake scholarly or professional work that requires a breadth of vision sufficient to encompass the complexity of environmental issues. We seek to strengthen our students' ability to integrate across areas of knowledge so they can create, apply, and transfer world-class data, concepts, and skills about the environment and its sustainability in a flexible, interdisciplinary way to serve the people of the state, region, and world. As a program our learning objectives entail the following. Our students should gain: (1) familiarity with methods and concepts from a range of disciplines relevant to environmental issues and outcomes (interdisciplinarity); (2) a broad understanding of environmental issues and solutions (breadth requirement); (3) knowledge from a coherent and rigorous course of study related to the thesis topic (depth requirement); (4) familiarity with quantitative and qualitative methods and methods of data analysis and presentation appropriate to the study of the environment (measure and analysis requirement); (5) a capacity to integrate knowledge and to make original contributions that improve understanding of environmental problems; (6) the ability to communicate research findings and environmental information generally in writing and orally to a broad audience, including stakeholders and the general public (thesis and defense); and (7) an understanding of professional and ethical responsibility (literature review).

Those minoring in Environment and Resources are expected to present a rationale for how they will use their coursework and related activities to accomplish our objective of strengthening a student's ability to understand and be able to address environmental problems in an integrative, interdisciplinary way.

ADMISSIONS

ADMISSIONS

The Environment and Resources program chair administers the doctoral minor, with certain delegation oversight by the faculty executive program committee. The committee reviews and approves doctoral minor plans. Program staff in the Nelson Institute's Academic Programs Office maintains doctoral minor records.

ADMISSIONS

Students must submit a form detailing the doctoral minor plan of study. Students must include the following information on the form:

1. list the coursework for the doctoral minor,
2. provide a title and brief (few sentences) description of the doctoral minor (e.g., water resources, remote sensing, energy analysis, public policy, environmental history), and
3. include the signature of the student's academic advisor indicating an endorsement of the proposed minor.

Declaration

All Graduate School students must utilize the Graduate Student Portal in MyUW to add, change, or discontinue any doctoral minor. To apply to this minor, log in to MyUW, click on Graduate Student Portal, and then click on Add/Change Programs. Select the information for the doctoral minor for which you are applying.

REQUIREMENTS

REQUIREMENTS REQUIRED COURSES

Students must complete 9 credits. Because of the breadth of environmental studies, a fixed sequence is not prescribed, since the appropriate selection of courses will be dictated in large part by the coursework in the major degree. However, students are required to select courses that collectively give them insight into an area that can be understood only by combining insights from multiple disciplines. In most cases this will build off of a student's major field of study. For example, a student majoring in a laboratory or physical science may wish to emphasize coursework in social sciences or humanities to give perspective on how natural science interfaces with social or humanistic concerns. Doctoral minor and major credits/courses cannot overlap or double-count.

Prior Coursework

Up to three credits may transfer from prior coursework taken at other institutions. Transcripts must be submitted to verify transfer credit.

ENVIRONMENT AND RESOURCES, MS

Environment and Resources is a research program offering master's and PhD degrees based on the premise that solutions to environmental challenges require interdisciplinary approaches. Faculty and students are oriented to environmental problems rather than to disciplines. Students are encouraged to explore the specific area that interests them by drawing on the insights and methods of multiple disciplines. The focus is on gaining

the knowledge needed to understand the intellectual context of their work and the skills necessary to conduct original research. The program fosters experimentation and innovation, not the mastering of a narrowly defined set of prepackaged competencies. The objective is to produce graduates who are prepared to function comfortably in the complex professional and social communities within which solutions to environmental problems must be found.

The program mandates interdisciplinarity through curriculum requirements, the structure of the student's faculty advisory committee, and the research endeavor. Students are required to take some courses in diverse disciplinary topics and other courses that are intended to strengthen problem-solving skills. A thesis (MS) or a dissertation (PhD) is required of all students. Each student's faculty advisory committee must consist of persons who collectively ensure interdisciplinary support and evaluation. Students can pursue interests over the full range of environmental studies from more of a physical or biological science research project to those emphasizing more of the social sciences or humanities including policy, environmental history, community action, or social justice. Students who feel a need to follow a more structured course of study may also pursue certificates in Culture, History, and Environment or Energy Analysis and Policy. Any bachelor's degree from an accredited institution may be acceptable.

ADMISSIONS

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) of the Graduate School as well as the program(s).** Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 1
Spring Deadline	October 15
Summer Deadline	December 1
GRE (Graduate Record Examinations)	Not required but may be considered if available.
English Proficiency Test	Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment. Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

DEADLINES

Application materials for Environment and Resources must be received by the fall deadline listed above for admission to the following summer session or fall semester and by the spring deadline listed above for admission to the following spring semester.

The GRE is recommended for those seeking university fellowship consideration.

FUNDING

FUNDING

GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (<https://grad.wisc.edu/funding/>) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

PROGRAM RESOURCES

In most cases, Environment and Resources is unable to guarantee any funding to students. However, many of our students obtain funding through other departments on campus, and we recommend that students contact faculty or departments directly if they have teaching or research skills in specific areas. Individual faculty members occasionally have their own sources of support for research or project assistants, though we strongly urge students not to depend on these as guaranteed sources of funding.

REQUIREMENTS

MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (p. 13), in addition to the program requirements listed below.

MAJOR REQUIREMENTS

MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

Mode of Instruction Definitions

Accelerated: Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW-Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

Hybrid: These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

CURRICULAR REQUIREMENTS

Requirement Detail

Minimum 30 credits
Credit Requirement

Minimum 16 credits
Residence Credit Requirement

Minimum 15 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework Requirement policy: <https://policy.wisc.edu/library/UW-1244> (<https://policy.wisc.edu/library/UW-1244/>).

Overall 3.00 GPA required. Refer to the Graduate School: Graduate Grade Point Average (GPA) Requirement policy: <https://policy.wisc.edu/library/UW-1203> (<https://policy.wisc.edu/library/UW-1203/>).

Other Grade Requirements Grades of BC or C may be counted toward program requirements if they are offset by equivalent AB or A grades in other courses. A 3.00 average must be maintained in the student's breadth categories as well as their individual program focus category. With the exception of research credits, a maximum of 2 credits graded S may be counted toward program requirements if approved by the student's thesis committee and the program chair. Courses that are audited or graded pass/fail or credit/no credit will not count toward program requirements.

Assessments and Examinations All students must complete a program certification and a thesis. Students must pass a final thesis defense which constitutes the final examination.

Language Requirements No language requirements.

REQUIRED COURSES

Code	Title	Credits
Breadth Requirements		
Category 1: Natural Science (see course list below)		6
Category 2: Social Science Humanities (see course list below)		6
Category 3: Measurement Analysis (see course list below)		6
Individual Program Focus Research		12
Total Credits		30

Category 1: Natural Science

Students choose any biological sciences and/or physical sciences courses in the 300–999 range. This course list is not meant to be all-inclusive. Students are not restricted to the courses listed here. This is a sample of appropriate courses for this category that are offered through various departments/programs. At least three credits must be from UW-Madison.

Category 2: Social Science & Humanities

Students choose any social sciences and/or arts & humanities courses in the 300–999 range. This course list is not meant to be all-inclusive. Students are not restricted to the courses listed here. This is a sample of appropriate courses for this category that are offered through various departments/programs. At least three credits must be from UW-Madison.

Category 3: Measurement & Analysis

Students choose any measurement/analysis/tools/methods courses in the 300–999 range. This course list is not meant to be all-inclusive. Students are not restricted to the courses listed here. This is a sample of appropriate courses for this category that are offered through various departments/programs. At least three credits must be from UW-Madison.

Individual Program Focus & Research

Students choose any courses, in the 300–999 range, that pertain to their individual research and thesis endeavor. At least one graduate seminar (research or topical) is required, and up to six Research credits may be used toward this category. At least six credits must be from UW-Madison (not including Research credits).

Category 1: Natural Science courses

POLICIES

GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

MAJOR-SPECIFIC POLICIES

PRIOR COURSEWORK

Graduate Credits Earned at Other Institutions

With thesis committee and program chair approval, students are allowed to transfer up to 15 credits of graduate coursework from other institutions. Students must have at least three UW-Madison credits in each of the three breadth categories, and at least six UW-Madison credits in the individual program focus category (not including Research credits). Coursework completed ten or more years prior to admission to the master's degree is not allowed to satisfy graduate degree or graduate coursework requirements.

Undergraduate Credits Earned at Other Institutions or UW-Madison

No credits from an other institution or UW-Madison undergraduate degree are allowed to transfer.

Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

Credits Earned as a University Special Student at UW-Madison

Refer to the Graduate School: Transfer Credits for Prior Coursework (<https://policy.wisc.edu/library/UW-1216/>) policy.

PROBATION

Refer to the Graduate School: Probation (<https://policy.wisc.edu/library/UW-1217/>) policy.

1. Good standing (progressing according to standards; any funding guarantee remains in place).
2. Probation (not progressing according to standards but permitted to enroll; loss of funding guarantee; specific plan with dates and deadlines in place in regard to removal of probationary status).
3. Unsatisfactory progress (not progressing according to standards; not permitted to enroll, dismissal, leave of absence or change of advisor or program).

ADVISOR / COMMITTEE

All students must assemble a three-member thesis committee that represents a minimum of two departments, preferably no later than their third semester in the program. To meet the interdisciplinary requirement the committee must include members tenured in one of the natural sciences divisions (Biological Sciences, Physical Sciences) and one of the social sciences divisions (Social Studies, Arts & Humanities). Two of the three committee members must be members of the Graduate Faculty. The third, subject to approval of the program chair, may be any qualified person, on or off campus, who holds at least a master's degree.
