The department offers more than 40 scholarships and awards more than $170,000 annually.

Students across the College of Agricultural & Life Sciences receive more than $1.25 million in scholarships annually. Learn more about college scholarships here (https://cals.wisc.edu/academics/undergraduate-students/financing-your-education/cals-scholarships/).

UW-Madison has specialized facilities offering students hands-on dairy science experiences, including:

- The Dairy Cattle Center (https://andysci.wisc.edu/about-us/facilities/) is home to more than 80 dairy cows on campus in a tie-stall barn.
- The Poultry Research Lab (https://andysci.wisc.edu/about-us/facilities/) is located right on campus, housing chickens and other poultry; offering students part-time jobs and involvement with poultry research being conducted by faculty.
- Bucky’s Varsity Meats (https://varsymeats.cals.wisc.edu/) is a student driven retail store selling a variety of meats and meat products. Students can find part-time work and experience in a wide range of meat marketing jobs.
- The Livestock Laboratory (https://andysci.wisc.edu/about-us/facilities/) houses a variety of livestock being used for classes or research in which students’ opportunities to gain hands-on handling skills for part-time jobs.
- A network of off-campus Agricultural Research Stations (https://ars.wisc.edu/) serve as living laboratories for livestock research to enhance research taking place on campus.
- The Babcock Dairy Plant (https://babcockhalldairyplant.wisc.edu/) is a fully operational dairy plant with a retail store selling dairy products. Students can find part-time work and experience in a wide range of dairy processing jobs.
