

# LIFE SCIENCES COMMUNICATION, B.S.

## ADVISING AND CAREERS

### ADVISING

Current and prospective students should contact the advisor, Tera Holtz Wagner (tholtz@wisc.edu), with questions. Declared majors are required to meet with the advisor at least once per semester prior to registration.

### CAREERS

The interdisciplinary education that LSC graduates receive make them highly sought after by employers across both scientific and communication industries. Many go on to careers in science writing, digital media and marketing, public health, environmental advocacy, and research in industry, non-profits and the government. Others go on to graduate and professional schools in the health, biological, social and physical sciences.

We encourage you to check out our website (<http://lsc.wisc.edu>) to view recent alumni features.
