**Total Credits 121-126**

---

1. LSC 100 is not required for the major but is strongly encouraged for students who need to take a Comm A course.
2. LSC recommends MATH 112 or MATH 114 for students who need to complete the university Quantitative Reasoning A requirement.
3. Many LSC students choose to use elective spaces throughout their career to complete an additional major or certificate. Other students choose to take more LSC courses than the minimum required. Students should consult the advisor for more information and to create a personalized four-year plan based on their background, interests, and career goals.
4. LSC strongly recommends STAT 301, STAT 371, or C&E SOC/SOC 360 to fulfill the university Quantitative Reasoning B requirement.
