

SCIENCE COMMUNICATION, CERTIFICATE

ADVISING AND CAREERS

ADVISING

Current and prospective students should contact the advisor with questions or schedule an advising meeting using Starfish.

CAREERS

The interdisciplinary education provided through the Certificate in Science Communication will make graduates highly sought after by employers across both scientific and communication industries. Graduates can pursue careers in science writing, digital media and marketing, public health, environmental advocacy, and research in industry, non-profits and the government. Alternatively, others may go on to graduate and professional schools in the health, biological, social and physical sciences.

We encourage you to check out our website (<http://lsc.wisc.edu/>) to view recent alumni profiles.
