

ORGANIC AGRICULTURE, CERTIFICATE

WISCONSIN EXPERIENCE

Students who are engaged in the Certificate in Organic Agriculture can be involved in an array of opportunities across campus. In addition to the hands-on experiences in the Certificate program, students are highly encouraged to complement their coursework with out-of-classroom experiences such as research, volunteering, and study abroad.

The following opportunities can help students connect with other students interested in organic agriculture, build relationships with faculty and staff, and contribute to out-of-classroom learning:
