

# ACCOUNTING FUNDAMENTALS, CERTIFICATE

The undergraduate certificate in accounting fundamentals provides non-business students the opportunity to gain accounting knowledge and skills that are fundamental for many careers, but especially for wealth management, financial planning, corporate finance, and other finance-related careers. This certificate allows for a lot of flexibility so that students can customize their coursework to best align with their career interests. Students who complete the certificate would be prime candidates to continue their study in an accounting graduate program, which will expand potential career opportunities.

## HOW TO GET IN

### HOW TO GET IN

The certificate is open to undergraduates declared in a major outside of the School of Business who are in good academic standing. Students declared in a major in the School of Business are not eligible for the certificate. To declare the certificate, go to the Academic Forms (<https://business.wisc.edu/undergraduate/academic-advising/#forms/>) page and complete the Business Major and Certificate Declaration form.

## REQUIREMENTS

### REQUIREMENTS

Code	Title	Credits
