The School of Business was a founding member of Beta Gamma Sigma (https://www.betagammasigma.org/home/), a national professional business honor society and the Association to Advance Collegiate Schools of Business (AACSB) (http://www.aacsb.edu/), the standard-setting organization for collegiate business education. The School’s undergraduate and graduate programs were reaccredited by the AACSB in 2017.

THE BUSINESS BADGER EXPERIENCE

The Wisconsin Business Badger Experience is about creating strong foundations and exploring student passions. Business Badges take part in core experiences and amazing opportunities on their path toward graduation. All our Business Badgers gain academic preparation that applies learning in and out of the classroom building both technical knowledge rooted in business school courses and a broad-based liberal arts education. Our career preparation builds skills that don’t just get students a first job, but build a life-long growth mindset. We staff our own Student Life office which supports over 40 student organizations that are integrated into our leadership framework and corporate partners. Our students develop a leadership style that is grounded in personal integrity, inclusive engagement, and community. Nearly all of our students participate in at least one internship and 40% of our students study abroad. These experiences help students develop intercultural competence that prepare them to be global business leaders. Our network of Wisconsin School of Business Alumni is 40,000 strong—and growing—and fiercely loyal to our students. As students build their Business Badger Experience they are challenged and supported by a team of outstanding faculty and staff. Those faculty and staff teach skills to our students to live the Wisconsin Experience, becoming empathetic, relentlessly curious, intellectual, confident, purposeful business leaders.

THE ACCENTURE LEADERSHIP CENTER

The Accenture Leadership Center (https://wsb.wisc.edu/programs-degrees/undergraduate-bba/leadership-personal-development/accenture-leadership-center/) was one of the first in-house leadership centers at a US business school. Today, it continues to be student-driven and alumni-supported. The center offers a variety of activities, classes, workshops, service opportunities and leadership training events. Wisconsin BBA students graduate with the confidence, self-awareness, and professional skills to lead and inspire others.

SCHOOL OF BUSINESS CLUBS

There are more than 40 student-run clubs associated with the School of Business. These clubs enable students to connect with peers interested in similar majors or career fields. Clubs also have access to funding to help them go to career and industry-related conferences.

PERSONAL AND PROFESSIONAL FOUNDATIONS IN BUSINESS (GENERAL BUSINESS 110)

Every student admitted to the School of Business takes GEN BUS 110 Personal and Professional Foundations in Business. This 1-credit course helps students explore their leadership style, who they are as individuals, and how they function in team-oriented tasks. The course also provides career foundations such as resume building and introduction of networking at career fairs.

BUSINESS BADGER BADGES: LEADERSHIP PATHWAYS TO SUCCESS

The Business Badger Badge program has been created to identify pathways that combine workshops, experiences, and reflection opportunities designed to provide a deeper level of understanding and practice with certain skills/competencies. By completing specific criteria for each track, students can earn digital badges, which serve as credentials that can be showcased via personal profile, social media, and shared with potential employers as a way to help articulate skills gained from completing specific badge criteria. Our initial badges available are Personal Leadership Style and Group Dynamics. Each Badge has specific learning outcomes criteria. Additionally, we’ve collaborated with the campus leadership office to make sure our program is integrated into the campus leadership certificate as well!
