

BUSINESS: FINANCE, INVESTMENT, AND BANKING, BBA

FOUR-YEAR PLAN

Please use this recommended course sequencing guide as a reference point as you work with your academic advisor to plan your schedule throughout your BBA experience. This guide is intended for students whose primary major and career interests are in finance. Many business breadth and core finance courses are recommended early on so that students are prepared for the internship interview process which begins as early as sophomore year. There are several factors that may impact your optimal course sequencing plan, so please consult with your academic advisor.
