ART EDUCATION, B.S.

Art education is a perfect choice for students who thrive in creative, collaborative environments. People who choose this meaningful career path love viewing, discussing, and making works of art/design and are passionate about engaging others in the artistic process. Art educators help children and adults discover their own creative capacities and the countless contributions visual artists make to our communities each day.

UW–Madison’s art education program provides essential preparation for a variety of careers in art education. Students work directly with children and adolescents in both school and community-based field placements in every semester of the program. They study with outstanding art and education faculty in a range of rigorous and engaging studio, art history, curriculum and instruction, educational psychology, and educational policy studies courses, while also connecting with Madison’s vibrant arts community through field trips and service learning.

Graduates of our program earn a Bachelor of Science degree, a career-ready Wisconsin teaching license in PK–12 art education, and gain the skills, knowledge, and confidence to teach the visual arts in public and private schools, at the elementary and secondary levels, in the United States and internationally, and in community settings such as art museums, maker spaces, and senior centers.

Consult the departmental website (https://art.wisc.edu/undergraduate/undergraduate-degrees/) for additional information about art education.

HOW TO GET IN

PROGRAM ADMISSION OVERVIEW

The art education program at the University of Wisconsin–Madison follows admission procedures intended to result in an academically qualified student body as varied as possible in terms of academic strengths, life experiences, and professional experiences. As the population of our nation’s public schools becomes increasingly multicultural, there is a growing need for teachers from diverse backgrounds. The art education faculty encourages qualified applicants from underrepresented groups to apply for admission to the art education program. In addition, the faculty wishes to broaden the field of art education; individuals representing a wide range of visual arts and design are encouraged to apply. A diverse cohort of students enriches the art education teacher certification program as well as the profession. Undergraduate art education students generally apply to the professional part of the art education degree program in their sophomore year.

ENTERING THE SCHOOL OF EDUCATION

NEW AND CURRENT UW–MADISON STUDENTS

New freshmen and transfer students interested in art education are admitted directly to the School of Education with a “pre-professional” classification. This classification indicates that a student is interested in a program offered by the school, but has not applied and been admitted to the professional program. Students interested in art education receive a “pre-professional” classification of PAED.

On-campus students wishing to be admitted to the school while working on eligibility requirements and application can apply for admission to the School of Education by completing a Pre-Professional Application (http://www.education.wisc.edu/soe/academics/undergraduate-students/academic-program-admission/). A minimum GPA of 2.5, based on UW–Madison coursework, is required to transfer into the school. This GPA may be modified by the Last 60 Credits rule (detailed below (p. 2)). It is not necessary to be a “pre-professional” student before applying to a professional program. Admission as a “pre-professional” student does not guarantee admission to the professional program.

It is strongly recommended that students interested in a School of Education program meet with an academic advisor in the School of Education Student Services office, 139 Education Building, 1000 Bascom Mall. Students may call 608-262-1651 to schedule an appointment with an advisor. Prospective art education majors should meet with the art education program coordinator, Dr. Mary Hoeferle.

PROSPECTIVE TRANSFER STUDENTS

Prospective transfer students should meet as early as possible with the art education program coordinator and with an advisor at Education Academic Services. Studio and aesthetics coursework taken at another institution may need to be evaluated by the art department advisor or a faculty member in the art department. Because students interested in art education must meet minimum eligibility requirements and apply within strict deadlines, prospective transfer students should meet with an advisor in the School of Education Student Services office as soon as possible.

Applicants not already enrolled on the UW–Madison campus must be admissible to the university to enroll in a School of Education program. Admission to UW–Madison requires a separate application and admission process. See UW–Madison Office of Admissions and Recruitment (http://admissions.wisc.edu/) for application information.

STUDENTS WITH A PREVIOUS DEGREE

Prospective applicants who already hold an undergraduate degree are strongly encouraged to meet with an advisor in the School of Education Student Services office in advance of their application. Consultations with advisors are available in person or via telephone; to schedule, call 608-262-1651.

Applicants who already hold an undergraduate degree are admitted to the School of Education as either an Education Special student or a second degree student, depending on their interests and academic background. Admission as an Education Special student indicates that the student has an interest in pursuing certification in a subject area studied during the initial degree; another degree is not awarded for this “certification only” coursework. Second degree students are seeking a second, unrelated degree from the School of Education, which may, or may not, include teacher certification. Candidates for limited-enrollment programs must meet all admission eligibility requirements for the program and must compete with the eligible applicants for program admission. More information is available here (http://guide.wisc.edu/undergraduate/education/#policiesandregulationstext).

APPLICATION AND ADMISSION

Program admission occurs once a year, effective in the fall. Selection is made the previous spring. Students who already possess a B.S., BFA, or advanced degree in visual arts and seek certification in art education...
follow the same application procedures. Resources limit the number of students who can be served by the UW–Madison art education teacher education program. In recent years the art education program has been able to accommodate all qualified applicants; however, if the number of qualified applicants to art education exceeds program resources, admission will become limited and competitive. If this happens, meeting or surpassing the minimum eligibility criteria will not guarantee admission.

**PROGRAM ADMISSION ELIGIBILITY REQUIREMENTS**

Requirements and selection criteria may be modified from one application/admission period to the next. Potential applicants should consult the School of Education’s Undergraduate Admissions (http://www.education.wisc.edu/soe/academics/undergraduate-students/academic-program-admission/) page for application deadlines and detailed information regarding current eligibility requirements and selection criteria prior to submitting an application.

**To be considered for admission, students must:**

- complete at least 54 credits of transferable college-level coursework to include 20 credits of Studio Art, and 6 credits of the Aesthetics requirement. This coursework must be completed by the end of the spring semester of the application year.
- earn a cumulative grade point average of at least a 2.75 on a 4.0 scale, based on all transferable college coursework attempted at UW–Madison and other campuses. Transcripts for all college-level coursework (excluding courses taken at UW–Madison) must accompany the program application and supporting materials.
- prepare a portfolio. Applicants should include images of their artwork that best represents their skills, knowledge, and interests in art.
- submit all program application form(s), transcripts, portfolio, and other related application materials by the application deadline specified on the School of Education’s Undergraduate Admissions (http://www.education.wisc.edu/soe/academics/undergraduate-students/academic-program-admission/) page.
- Note: In previous years, applicants to teacher education programs were required to submit scores from one of the following exams: ACT, SAT, Praxis I/PPST, Praxis Core, or GRE. Under emergency rules announced by the Wisconsin Department of Public Instruction, no applicants need to submit scores for any exam as a component of their application to this program. The exam requirement was officially removed by the School of Education on November 15, 2017. A comprehensive cumulative GPA of all college-level, transferrable coursework attempted on both the UW–Madison campus coursework and coursework taken at any other colleges or universities may be calculated for the exclusive purpose of establishing an applicant's eligibility for consideration. Both the comprehensive cumulative GPA and the comprehensive cumulative GPA based on a student’s last 60 credits may be calculated. See Last 60 Credits Rule (detailed below). If admitted, students must earn the minimum cumulative GPA for UW–Madison coursework established by their program and the School of Education each semester after admission.

**Last 60 Credits Rule**

Two grade point averages will be calculated to determine candidates’ eligibility to programs. GPAs will be calculated using:

- all transferable college level coursework attempted, and
- the last 60 credits attempted.

The higher GPA of these two will be used for purposes of determining eligibility. If fewer than 60 credits have been attempted, all credits will be used to calculate the GPA. Graded graduate coursework will also be used in all GPA calculations. (“Attempted” coursework indicates coursework for which a grade has been earned.) More information regarding this rule is available here (http://guide.wisc.edu/undergraduate/education/policiesandregulationstext).

**PROGRAM SELECTION**

All qualified applicants will be reviewed individually by the art education program coordinator and selection committee. The committee will consider numerous factors when selecting a diverse student cohort, including the following:

- Grade point average (GPA)
- Course selection and performance
- Life experiences (written statement)
- Supporting materials
- Consideration of student's race, ethnicity, culture, geographic and economic background.

Candidates will be provisionally admitted and notified of their admission status. The offer of admission will specify a deadline for acceptance of this offer. Applicants must respond to the School of Education Student Services office by this date; those who do not will forfeit their position. Admission is not final until the office receives the acceptance and program eligibility is confirmed through spring semester grades.

**CRIMINAL BACKGROUND INVESTIGATION**

The Department of Public Instruction (DPI) is required by law to conduct a background check on each applicant for a Wisconsin educator license. This check is intended to determine if the applicant has engaged in any behavior that endangers the health, welfare, safety or education of PK–12 pupils. Local school districts also will conduct criminal background checks routinely on teacher education students prior to the start of in-classroom field work. Admitted applicants to any teacher education program who have a positive background check should confer with the Academic Dean's Office (Room 139 Education, 1000 Bascom Mall) about the potential impact of this on field placements and licensure.

An individual who is deemed ineligible to participate in field or clinical experiences based on the results of their background check may not be able to complete the requirements for their degree or certification. Students with questions about these processes should contact the academic dean in the School of Education Student Services office.

**REQUIREMENTS**

**UNIVERSITY GENERAL EDUCATION REQUIREMENTS**

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate
General Education Requirements (http://guide.wisc.edu/undergraduate/#requirementsforundergraduatesudytext) section of the Guide.

General Education

- Breadth—Humanities/Literature/Arts: 6 credits
- Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits
- Breadth—Social Studies: 3 credits
- Communication Part A & Part B *
- Ethnic Studies *
- Quantitative Reasoning Part A & Part B *

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

SCHOOL OF EDUCATION LIBERAL STUDIES REQUIREMENTS

All students are required to complete a minimum of 40 credits of Liberal Studies (http://guide.wisc.edu/undergraduate/education/#requirementstext) coursework. This requirement provides an opportunity to do some academic exploration beyond the scope of the major. Students take courses in areas of particular interest and also have an opportunity to sample the wide selection of courses offered across the university. Coursework is required in humanities, social studies, science, and cultural and historical studies. Some elective coursework is also needed to reach the required number of credits.

The School of Education’s Liberal Studies Requirements automatically satisfy most of the University General Education Requirements outlined above, including ethnic studies, humanities/literature, social studies, and science. Students pursuing most School of Education degree programs may also complete Communication Part B, Quantitative Reasoning Part A, and Quantitative Reasoning Part B through courses required by their degree program. If a student cannot complete a General Education Requirement within the curriculum of their chosen School of Education program, academic advisors can offer suggestions for courses that meet the requirement and augment the student’s primary area of study.

A basic outline of the liberal studies is included below. Students must consult the detailed version of the requirements (http://guide.wisc.edu/undergraduate/education/#requirementsttext) for information about course selection and approved course options.

Humanities, 9 credits

All students must complete a minimum of 9 credits to include:

- Literature
- Fine Arts
- Humanities Electives

Social Studies (Social Science)

All students must complete a minimum of 9 credits. Teacher certification programs and Kinesiology: Exercise and Movement Science have unique requirements in this category.

Science

All students must complete a minimum of 9 credits to include:

- Biological Science
- Physical Science
- Laboratory Science
- Science Electives

Cultural and Historical Studies

All students must complete three requirements (9 credits) met by separate courses. Any of these courses can also be used to meet the Humanities or Social Studies (Social Sciences) requirements if it has the relevant breadth designation.

- Ethnic Studies
- U.S./European History
- Global Perspectives

Complete Liberal Studies Electives (http://guide.wisc.edu/undergraduate/education/#requirementstext) to total 40 Credits.

PROGRAM STRUCTURE

The art education program is divided into five areas of study:

- Liberal studies courses expose students to a broad range of academic disciplines. The university-wide General Education requirements also encourage this breadth of study.
- The Foundations Program requires six interrelated studio and aesthetics courses designed to prepare first-year students for further study in studio art and design.
- Aesthetics coursework gives students an opportunity to study both the history of art and contemporary developments in the visual arts.
- Major requirements offer an in-depth study of studio art.
- Professional education coursework includes an examination of the schools’ relationship to our society and the processes by which students grow and learn. The professional sequence is a three-semester sequence of art education teaching methods course work and field experiences in schools.

ART FOUNDATIONS PROGRAM

The Art Foundations Program is a series of interrelated studio and lecture courses to be taken by art and art education majors in their first year as preparation for further study in studio art and design. The program addresses the fundamentals of art through investigation of formal, technical and conceptual issues. The drawing, 2D and 3D design, digital media, and art historical lecture classes are designed to expose, broaden, and challenge students’ understanding of contemporary art production.

Art foundations classes are meant to be taken concurrently and the information covered in them is interrelated. Students completing the foundations program should enroll in ART 102 Two-Dimensional Design, ART 212 Drawing Methods & Concepts, and ART 108 Foundations of Contemporary Art for the fall semester and complete ART 104 Three-Dimensional Design, ART 107 Introduction to Digital Forms, and ART 208 Current Directions in Art in the spring.

Most freshman art majors complete their foundations courses through participation in the very popular Contemporary Art and Artists First-Year Interest Group (FIG), (https://figs.wisc.edu/) which also creates a network of corresponding experiences and a peer community that will continue throughout the program and often beyond graduation. Students in FIGs enjoy studying with instructors dedicated to serving first year students, the opportunity to integrate related ideas from all three classes,
and the ready-made opportunities to form support networks and lasting friendships.

Additional information about the Foundations Program (https://art.wisc.edu/media-disciplines/foundations/) is available on the departmental website.

**AESTHETICS REQUIREMENT**

Complete four courses focusing on the history of art and contemporary developments in the visual arts.

Additional art history courses addressing arts from underrepresented cultures will be considered.

**MAJOR REQUIREMENTS**

Students must complete 48 credits of studio art, including the specific requirements below. At least 15 upper-level studio credits must be taken in residence on the UW–Madison campus. Upper-level classes include Art courses numbered 214 and above, excluding ART 236 and ART 338. Note: These requirements are effective beginning spring 2016 admission to art education.

ADDITIONAL CERTIFICATION REQUIREMENTS AND APPLYING FOR A LICENSE

In addition to completing UW–Madison's program requirements, students must also complete Wisconsin statutory requirements and certification requirements established by the Wisconsin Department of Public Instruction. Many of these requirements are embedded within the program's requirements and require no additional attention. The endorsement of the program coordinator/faculty is also required to receive certification through UW–Madison.

The State of Wisconsin requires that anyone wishing to teach in a public K–12 setting hold a valid teaching license issued through the Department of Public Instruction. In addition to completing a certification program, students must submit a separate application for this license.

Detailed information about certification requirements and applying for a license is available under Certification/Licensure (p. 7).

UNIVERSITY DEGREE REQUIREMENTS

To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements.

- **Residency**: Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. "In residence" credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs.

- **Quality of Work**: Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation.

LEARNING OUTCOMES

1. Identify and explore important eras, developments, movements, and theories in historical and contemporary art practice.
2. Identify and analyze the elements and principles of design in the work of other artists and consistently and effectively employ the elements and principles in their own studio work.
3. Develop technical skill, a personal creative practice, and knowledge of the historical and current practices of at least four separate visual art disciplines, including 2D, 3D, 4D, and graphics areas.
4. Examine best practices (historical and contemporary) in art curriculum planning, instruction and assessment, apply knowledge to k-12 curriculum development, and effectively teach art to diverse populations in community and school-based settings.
5. Meet all School of Education Teacher Education Standards and DPI k-12 art licensure requirements (including child development and

FOUR-YEAR PLAN

Bachelor of Science: Art Education - Sample Four-Year Plan

This four-year sample graduation plan is designed to guide your course selection throughout your academic career; it does not establish a contractual agreement. Use it along with your DARS report, the Guide, and the Course Search and Enroll app to create a four-year plan reflecting your placement scores, incoming credits, and individual interests. Consult with an academic advisor(s) to develop a personalized plan of study and refer to the Guide for a complete list of requirements. You will likely revise your plan several times during your academic career here, based on your activities and changing academic interests.

ADVISORY AND CAREERS

ADVISORY

ART EDUCATION ADVISING

Prospective off-campus and on-campus art education students will meet with the art education program coordinator Dr. Mary Hoefferle, 6241 Humanities Building, 455 North Park Street, hoefferle@wisc.edu; 608-772-7016. Students considering art education should contact Dr. Hoefferle as soon as possible. Pre-admission advising is conducted by the Department of Art and advisors in the School of Education Student Services office, see below.

The undergraduate art program advisors are Matthew Mauk, mmauk@wisc.edu, and Julie Ganser, julie.ganser@wisc.edu, located at 6241 Humanities Building, 455 North Park Street. Current students can schedule an appointment with either advisor online through the Starfish app (https://advising.wisc.edu/facstaff/starfish/starfish-student-resources/) in MyUW. Appointments can also be made by contacting either advisor via email or, once the office reopens, by calling 608-262-1660.

GENERAL SCHOOL OF EDUCATION ADVISING

Dedicated to supporting and promoting student success, the School of Education Student Services (http://guide.wisc.edu/undergraduate/education/#resourcetext) office coordinates a number of student-related services for prospective and current School of Education students in all programs. Student Services staff offer support in academic advising, career advising, mentoring and advocacy for underrepresented and international students, requirements monitoring, interpreting academic policy, and more. Students in the School of Education are encouraged to make Student Services a vital part of their academic and employment journey.

To schedule an appointment: Call 608-262-2651, email soeacademicservices@education.wisc.edu, or stop by 139 Education Building when the office reopens. Current students can schedule an appointment online through the Starfish app (https://advising.wisc.edu/facstaff/starfish/starfish-student-resources/) in MyUW.

PEOPLE

Information about faculty, staff, and other contributors to the Department of Art can be found on the department’s website (https://art.wisc.edu/).
Students must complete all requirements and also obtain the endorsement of the program faculty to receive certification through UW-Madison. These requirements include those required by UW-Madison, the Department of Public Instruction, and those mandated by state statutes. While most of these requirements are embedded in course content, some (e.g., the Wisconsin Foundations of Reading Test) are not related to course enrollment.

Students pursuing certification should be aware of the following requirements. See the Teacher Education Center website (https://tec.education.wisc.edu/) for additional information/requirements.

Certification requirements should be monitored carefully. The Wisconsin Department of Public Instruction (DPI) periodically implements regulations that affect all certification programs; teacher certification candidates are responsible for having up-to-date information about certification requirements.

**Disclosure Statement and Criminal Background Investigation**

**Disclosure Statement**
Applicants to School of Education programs that involve a practicum, internship, or other field placement must complete a disclosure statement indicating (1) whether they have been admitted to, then withdrawn from, asked to withdraw from, or been dropped from a student teaching, clinical experience, or other intern/practicum program, and (2) if they have ever been placed on probation or disciplined by any college or university for academic dishonesty.

**Criminal Background Investigation (CBI)**
The Department of Public Instruction (DPI) is required by law to conduct a background check on each applicant for a Wisconsin educator license. This check is intended to determine if the applicant has engaged in any behavior that endangers the health, welfare, safety, or education of PK–12 pupils. Local school districts also will conduct criminal background checks routinely on teacher education students prior to the start of in-classroom fieldwork.

Students should be aware that criminal background checks may be initiated by other agencies or organizations when they are seeking employment or a professional license. School administrators have the authority to determine the appropriateness of a student placement and may choose not to permit a placement based on a student’s background check results.

An individual who has been deemed ineligible to participate in field or clinical experiences based on the results of their background check may not be able to complete the requirements for their degree or certification. Students with questions about these processes should contact the Teacher Education Center, tec@education.wisc.edu.

**Environmental Education**

This licensing requirement is mandatory for all UW-Madison students in Elementary Education, Secondary Science and Secondary Social Studies certification programs. Students with previous degrees in their subjects must also monitor and complete this requirement for certification and licensure.

Depending on the program area, students meet this requirement through their methods courses or by taking an environmental studies course.

**Student Teaching and Assessment**

Students in teacher education programs are required to complete a significant performance assessment prior to certification and eventual licensure. This assessment demonstrates the candidate’s preparedness to teach. Until recently, the edTPA was the required assessment tool; it is no longer the only option. Additional tests may also be required, although this varies by certification area.

Detailed information related to these requirements, along with fee and registration information can be found on the Teacher Education Center website; see the Exams section of Become a Teacher (https://tec.education.wisc.edu/become-a-teacher/). A brief description of these tests and assessments is provided below.

**Content Proficiency**

Students completing professional education programs must demonstrate proficiency in their content area. This is accomplished a number of ways, varying by certification area. For example, Elementary Education students must have a major GPA of 3.0. World Language Education students must have a 3.0 in their major or minor area, meet an ACTFL Oral Proficiency Interview requirement, and also pass the ACTFL Writing Proficiency Test (WPT). A student may be required to take and pass an approved examination in their content area, usually the appropriate Praxis II: Subject Assessments/ Specialty Area Tests through the Educational Testing Service (ETS).

**Wisconsin Foundations of Reading Test**

As of January 31, 2014, individuals seeking an initial Wisconsin license to teach in kindergarten through grade 5 or in special education, an initial Wisconsin license as a reading teacher, or an initial Wisconsin license as a reading specialist, must take and pass the Wisconsin Foundations of Reading Test. Students in Special Education have an additional portfolio option that can be used as a substitute for the WFORT. Undergraduate programs impacted by this requirement are Elementary Education and Special Education.

This test is for Wisconsin licensing purposes only. Students who choose not to pursue Wisconsin educator licensing need not take and pass this test.

**Teacher Performance Assessment (edTPA)**

Until recently, students were required to pass the edTPA to be recommended for licensure. Students may still elect to use it as an assessment tool, but it is no longer required. The edTPA is a subject area-specific, performance-based assessment for pre-service teacher candidates, which is centered on student learning. Evidence of
candidate teaching proficiency in the areas of planning, engagement and instruction, and assessment is drawn from a subject-specific learning segment, 3–5 lessons from a unit of instruction. Assessment artifacts include video clips of instruction, lesson plans, student work samples, analysis of student learning, and reflective commentaries. These artifacts will be taken together and scored by trained evaluators using the standardized set of edTPA rubrics.

Field Experiences
School-based field experiences are a critical part of students' professional preparation for teaching. Under Wisconsin State regulations, students seeking teaching certification from UW–Madison are required to complete at least one pre-student teaching practicum and at least one full semester of student teaching. Most programs at UW–Madison require students to complete additional field experiences.

Pre–Student Teaching Practicum
The pre–student teaching practicum gives students firsthand knowledge of the classroom environment and the teacher's role. For many students, the practicum is the initial encounter with the real world of teaching. Practicum students do not assume the degree of classroom responsibility they do during student teaching. Under the supervision of an experienced teacher, practicum students observe classroom activities, assist the teacher with day-to-day classroom management tasks, interact one-to-one with students, and instruct small groups. The cooperating teacher and university supervisor use the practicum to assess the student's readiness for the student teaching experience.

Student Teaching Experience
Student teaching, the culminating field experience, is a full-time, school district semester assignment that places a university student under the guidance of an experienced, qualified cooperating teacher. After an orientation period, the student teacher gradually assumes more responsibility for planning, instruction, and overall classroom management. Student teachers follow the daily schedule of the cooperating teacher and the building policies of the school, and function as regular staff members in arrival and departure times and attendance at school events.

The student teaching experience follows the calendar of the local school district. A fall semester assignment will typically begin the latter part of August and end the latter part of January. A spring semester assignment will begin the latter part of January and end mid-June. Holiday breaks follow the school district calendar. Carrying other formal course work during the student teaching semester is strongly discouraged.

Detailed policies and regulations regarding field experiences can be found on the Teacher Education Center website (https://tec.education.wisc.edu/resources/). Students and staff are responsible for knowing and complying with the Field Experience policies. Many professional programs have their own separate handbooks and specific policies; students are also responsible for those policies and procedures.

Withdrawing From/Failing Field Experience Assignments
Withdrawing from a field experience has serious implications for the student's progress in the program. Students who withdraw or receive an unsatisfactory grade (including a “D”) from a field experience may not repeat such experiences without approval from the program coordinator. Students withdrawing from or receiving an unsatisfactory grade in field experiences in one major or program may not enroll in another major or program without written permission from the program coordinator. Because of the consequences that withdrawal from a confirmed assignment may have on a student's future progress in the teaching certification program, a student who contemplates such action is strongly urged to consult with the program coordinator to fully understand the implications of such action and the options available.

Minority Group Relations and Conflict Resolution

Minority Group Relations
Wisconsin State teacher education regulations require students to complete a section titled Minority Group Relations. The rules identify Minority Group Relations as

- The history, culture, and tribal sovereignty of American Indian tribes and bands located in Wisconsin.
- The history, culture and contributions of women and various racial, cultural, language and economic groups in the United States.
- The philosophical and psychological bases of attitude development and change.
- The psychological and social implications of discrimination, especially racism and sexism in the American society.
- Evaluating and assessing the forces of discrimination, especially racism and sexism on faculty, students, curriculum, instruction, and assessment in the school program.
- Minority group relations through direct involvement with various racial, cultural, language and economic groups in the United States.

UW–Madison teacher education programs address these areas through course work and experiences in each professional education program. Students who successfully complete their professional program will have satisfied each of the areas of Minority Group Relations.

Conflict Resolution Requirement
Wisconsin State teacher education regulations require all individuals pursuing teacher certification to have formal training in conflict resolution. This includes

- Resolving conflicts between pupils and between pupils and school staff.
- Assisting pupils in learning methods of resolving conflicts between pupils and between pupils and school staff, including training in the use of peer mediation to resolve conflicts between pupils.
- Dealing with crises, including violent, disruptive, potentially violent or potentially disruptive situations that may arise in school or activities supervised by school staff as a result of conflicts between pupils or between pupils and other persons.

All teacher certification programs include conflict resolution training in their required course work.
**Phonics**

As of July 1, 1998, the State of Wisconsin requires that all persons seeking initial and renewal licenses to teach reading or language arts in grades Pre-Kindergarten to Grade 6 (PK–6) must have successfully completed instruction in teaching reading and language arts using appropriate instructional methods, including phonics. “Phonics” means a method of teaching beginners to read and pronounce words by learning the phonetic value of letters, letter groups and syllables.

The Phonics requirement applies to students completing Elementary Education and Special Education certification programs. UW–Madison students fulfill this requirement through the successful completion of courses that are already required, so no additional course work is needed to meet this statutory requirement.

**Cooperatives**

This licensing requirement is mandatory for secondary Social Studies Education certification. Students with previous degrees in their subjects must also monitor and complete this requirement for certification and licensure.

Students typically complete the cooperatives requirement after being admitted to the Secondary Social Studies program and should consult with the program coordinator regarding its completion.

**Teacher Standards**

UW–Madison teacher education students must meet all state licensing requirements for initial teaching certification in Wisconsin. These requirements, sometimes referred to as administrative rules “PI 34,” mandate that individuals demonstrate proficiency on state-approved teaching standards. Each teacher education institution in Wisconsin has adopted a set of teacher education standards that meet state guidelines. These standards must be met by all students completing a licensing program.

**APPLYING FOR A TEACHING LICENSE**

The State of Wisconsin requires that anyone wishing to teach in a public K–12 setting hold a valid teaching license issued through the Department of Public Instruction. In addition to completing a certification program, students must submit a separate application for this license. Students intending to complete a teacher certification program should monitor program requirements carefully. The Wisconsin Department of Public Instruction (DPI) periodically implements regulations that affect all certification programs; teacher certification candidates are responsible for having up-to-date information about certification requirements.

**Licensing Levels**

The following licensing options are offered at UW–Madison.

- The Elementary Education program currently offers two licensing levels: Early Childhood and also Middle Childhood through Early Adolescence. The new licensing levels will be Early Childhood and also Kindergarten through Grade 9.
- The Special Education program currently certifies students at both the Middle Childhood through Early Adolescence level and also at the Early Adolescence through Adolescence level. The Special Education/Elementary Education dual major option certifies students only at the Middle Childhood through Early Adolescence level.
- Secondary Education programs currently certify students to teach their subject area at the Early Adolescence through Adolescence level. The new licensing level will be Grades 4 through 12.
- Students currently completing Language Education programs will be licensed at the Early Childhood through Adolescence level. The new licensing level will be Prekindergarten through Grade 12.
- Students in special fields such as Art, Communication Sciences and Disorders, Music, and Physical Education are currently licensed at the Early Childhood through Adolescence level. The new licensing level will be Prekindergarten through Grade 12.

**Wisconsin State Licensing**

The State of Wisconsin issues an initial teaching license to certified teachers. The current fee is $125. An online license application is available through the Department of Public Instruction (http://dpi.wi.gov/tepdl/elo/). A Criminal Background Investigation (CBI) will also be conducted by DPI. Information about fingerprint submission, when necessary, is available through the Department of Public Instruction (http://dpi.wi.gov/tepdl/licensing/fingerprint/electronic-submission/).

Before applying for a license, DPI requires the electronic submission of “Endorsed Candidate for Licensure” (ECL) data by the certifying officer of the institution where the teacher preparation was completed. For UW–Madison teacher certification students, the endorsement will come from the School of Education, 139 Education Building, 1000 Bascom Mall. Once this information has been submitted to DPI, students are notified by email that they may begin the application online.

Before endorsing a student, UW–Madison requires that (1) all certification requirements are met; (2) student teaching (following the school district calendar) is completed; (3) final grades are posted and reviewed; (4) the degree is “posted” by the registrar’s office (four to five weeks after graduation); and (5) a recommendation for certification is received from the program faculty. The Wisconsin Department of Public Instruction may require an additional 6 to 12 weeks for license processing.

**Licensing Outside of Wisconsin**

To apply for a license in a state other than Wisconsin, first check out the application requirements of that state. The University of Kentucky has a website (https://education.uky.edu/accreditation/certification/states/) that provides links to teacher licensing agencies in all 50 states, the District of Columbia, and Puerto Rico.

Many states have a verification form that needs to be signed by a UW–Madison certification officer. This form verifies that a state-approved program has been completed. These forms should be sent to the School of Education Student Services Office at 139 Education Building, 1000 Bascom Mall, or by email (mlpatton@wisc.edu) to be
completed. If the form requests information about practicum and student teaching assignments (names of schools, grade levels, dates, etc.), this information must be completed before sending the form to Student Services.

PROFESSIONAL CERTIFICATION/LICENSE DISCLOSURE (NC-SARA)

The United States Department of Education requires institutions that provide distance education to disclose information for programs leading to professional certification or licensure about whether each program meets state educational requirements for initial licensure or certification. Following is this disclosure information for this program:

The requirements of this program meet Certification/Licensure in the following states:
Colorado, Illinois, Minnesota, Wisconsin

The requirements of this program do not meet Certification/Licensure in the following states:
Not applicable

The requirements of this program have not been determined if they meet Certification/Licensure in the following states:

RESOURCES AND SCHOLARSHIPS

Information about scholarships, academic and career advising, study abroad opportunities, student diversity services, and other resources for students in the School of Education can be found on the school's Resources (http://guide.wisc.edu/undergraduate/education/#resourcestext) page.
